ALLEN SCHOOL 'stars' pose before their performance of 'The Spirit of America.'

5th Graders Present "Spirit of America"

Several months of hard work and rehearsals were completed last Tuesday by the Allen School 5th grade class with the presentation of their play - "Spirit of America."

The play, written by Ms. Judy Blake (Our Lady of Good Counsel teacher) and Mrs. Carol Welch (Allen School teacher), was performed for the entire Allen student body.

The story centers on the problems of one student, Mike, asked to memorize a poem about the Statue of Liberty and to tell how the poem fits into the "Spirit of America." Several fellow students try to help Mike, but to no avail. Weary from all his research, Mike falls asleep at his desk. His dream is a "This Is Your Life" take-off on the Statue of Liberty. History is relived before Mike's eyes.

Mike's final statement typifies the spirit of the play and especially the spirit of the boys and girls of room 18, 5th grade: "I guess what I really learned was that as long as America has the kind of people in it that it had in the past, there will always be hope for the future. If each one of us try, each one of us can succeed."

The Statue of Liberty was built by Allen student Sandy Williams. Ballet dancers were

Citizens to Raise Funds for Band

by Robert Nicora

Representing a group of concerned citizens, Pat Guthrie of 10618 Joanne Lane, Plymouth, announced Friday the beginning of a fund raising drive to provide enough money to enable the Plymouth Community Band to present their summer concert series.

The group, called the Podium Club, hopes to raise \$2,500. The money is needed by the Plymouth Community Band in order to pay for operating expenses and staff salaries.

"We're trying to get the money so they can have their summer season," explained Mrs. Guthrie.

"They are going ahead with the rehearsals and planning to have a season," Mrs. Guthrie elaborated, "but they don't have the funds to have one."

Mrs. Guthrie and two other Podium Club members, Frankie LaMirand and Carol Stirton, originated the fund raising venture in order to preserve what they consider to be a unique cultural tradition in Plymouth.

"Frankie LaMirand and I got very emotional over the fact that they might not be able to have any more band concerts," stated

Mrs. Guthrie.

"I think the Thursday night concerts in the park are part of Plymouth's personality," Mrs. Guthrie continued, "and it wouldn't be Plymouth without the band concerts. It's so unique."

The concerts, given in Plymouth Park, have been a summer feature in Plymouth for the past eight years. The Podium Club group hopes to be able to raise enough money for this summer's series before the first concert, which is tentatively scheduled for sometime in May.

Mrs. Guthrie expressed hope that the fund raising group might evolve into a permanent supporting organization for the Plymouth Community Band.

"Contributions from the public are unreliable, because the times do change," said Mrs. Guthrie.

"What they eventually would like to have," Mrs. Guthrie added, "is some kind of organizational support, even if it's an organization - just for the Plymouth Community Band, which this may well grow into."

Mrs. Guthrie requests that all donations be sent to Mrs. Richard LaMirand, 44726 Charnwood, Plymouth.

Public Hearing Held On Mocerri Project

by Bruce Phillips

A public hearing was held by the Canton Township Planning Commission on April 2 to discuss the controversial Mocerri Housing Planned Unit Development (PUD). The plan of 122.9 acres is located east of Sheldon Road, south of Joy Road, and south of the proposed shopping center. The project consists of 216 single family units, 244 multi-family, 120 condominiums units, a high-rise building for the elderly, 7 acres for a school, 9 acres for a park, a wooded reserve and a pedestrian overpass.

The first concern of the project was the traffic on Sheldon and Arlington Roads. Mr. Manore, Township Planning Consultant, explained that Wayne County was planning to bypass Sheldon Road to Canton Center Road to alleviate traffic. Also, to decrease the additional traffic on Arlington, another entrance to the subdivision could be added off Sheldon.

Mr. Pursell, President of the Windsor Park Homeowners Assoc., made a statement about the concern with Morton Tyler Road being made into a main highway. The road goes right through the middle of several subdivisions where the homeowners have to worry about traffic, noise and visual pollution. Another concern is the 70 ft. high-rise that is supposed to be buffered by the surrounding 50 ft.-tall trees.

The Township Planning Commission members explained that the Morton Tyler Road development is by Wayne County and completely independent from their jurisdiction. The high-rise can be reduced in size to 50 ft. in order to be buffered by the trees. Mr. Franklin, attorney for Mocerri Development, expressed that they didn't want to build the high-rise, and would rather build homes in both areas, including the wooded reserve. The Commission suggested the high-rise in order to save the wooded reserve and keep the same density of development. Mr. Franklin added that if the shopping center is not approved,

there is no need to build a pedestrian overpass, and they would probably drop the high-rise plan.

A good portion of the development is dependent on whether the shopping center is accepted. Residents at the meeting suggested that the decision be tabled until the shopping center issue is settled. Further, that the two projects should not be separated, but considered together. The decision to separate the project was due to the fact that at public hearings, the people wanted it separated. Also, because Mocerri Development would like to start building something on their land - either the shopping center or PUD.

After all views were expressed, the Commission closed the hearing and approved the plan. The project now goes to the Wayne County Planning Commission for their recommendation, then comes back in about 30 days for consideration by the Township Board.

by Ruth Foley

Did you know Plymouth has its own special Easter Bunny? We do! He visits us every year about this time to say "hi" to the boys and girls and pass out brightly colored balloons. This year he'll be in town Friday from 3 until 9 and Saturday from 10 until 5. He hops around town, in and out of stores, and over to Old Village, too. It's lots of fun. Hope you catch him!

KENT EVERETT of Plymouth was a lucky winner in the CKLW Rip Off Weekend contest. Kent received \$100 for being the first to call the station. Kent is 13 years old and is a student at East Middle School.

A.A.R.P. Experiences Growing Pains

by Fred Bradley

The Plymouth/Northville Chapter, A.A.R.P., is getting too big for its breeches. Or at least for its meeting place. From a modest beginning two years ago, its 50 members have risen to 300. And the Plymouth Presbyterian Church dining room area is too small for the 200 or so who attend the monthly meetings.

The first casualty is the Potluck. This has been held at noon ever since the Chapter was formally organized, and has been one of its favorite activities. The April meeting will be a smaller version — a brown-bag lunch, in which each person brings his own favorite lunch. This will require the same table seating space, but will eliminate the serving tables formerly used at Potlucks.

What will be the next move, the next "temporization"? The Chapter is giving this a lot of thought. Move to a larger place? There are not many suitable places. Split the Chapter in two? — Might be necessary.

Anyway — our salutes to the largest growing Senior Citizen group in the area. Anyone, age 55 or older, is welcome to visit or to join the Chapter. The next meeting is on April 24 — watch the "Crier" for details.

Local Girls to Receive Scholarships

The monthly dinner meeting of the Plymouth Business and Professional Women's Club will be held at Hillside Inn on Monday, April 15 at 6:30 p.m.

All members are urged to attend and participate in the selection of the scholarship recipients. Mrs. Lois McAllister, Chairman in charge of the scholarship program, is arranging for the five girls who are finalists to be at the meeting and participate in the program prior to the presentation of the awards. Election of officers for the coming year will also be held.

Reservations should be made with Mrs. M.V. Brillhart by noon on Saturday, April 13, telephone: 453-1214.

Crissey Operation Delayed

by Dennis O'Connor

Fred and Jan Crissey, father and mother of Joey, received word this week that Joey's operation has been delayed until May 1st due to the fact that Dr. I.S. Copper, the physician performing the operation, is on a teaching tour in Europe. Dr. Copper is instructing European doctors how to perform the same operation.

Over 50 people showed up to sign up for the Walk-a-Thon on "Joey Crissey Day" this Saturday, April 13th.

"We now have" about 120 people who have signed to walk," said Fred Hill, one of the organizers of the walk-a-thon. "These walkers are now busy

getting different sponsors to pledge money for their walking."

WSDS radio in Ypsilanti, which has been promoting the Crissey Fund, is sending a disc jockey to walk for \$200 which was compiled from many different sponsors of the station.

Anyone still wishing to walk may contact the Plymouth Chamber of Commerce office, 453-1540.

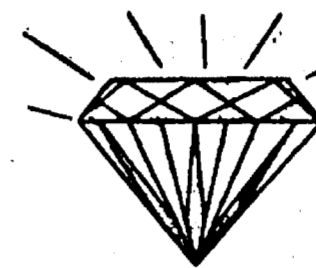

The Plymouth Theatre Guild's latest presentation of "Seven Nuns at Las Vegas" by Natalie and White will be shown April 25, 26, and 27 at 8 p.m. at the Central Middle School auditorium. Tickets are \$2.50, adults, and \$2.00, children, with all proceeds going to Joe. They

can be obtained at Del's Shoes, Joe Merritt Insurance Agency, or at Book World in Forest Place Mall.

Money or check contributions can be sent to Frances O'Connor at 15046 Robinwood, or Marianne Heaton at 15875 Marilyn.

Theater Guild to Benefit Joe Crissey

The Plymouth Theatre Guild's Spring production will be a three-night benefit for the Joe Crissey Fund. The parents of the afflicted youngster are hoping for a medical miracle to help Joey to walk again. The Theatre Guild's current offering also deals with a miracle.

It is the story of a group of nuns whose convent is transported to a site on the outskirts of Las Vegas, from a suburb in South Bend, Indiana. The series of events is brought about by the prayers of a nun who catches the ear of a patron saint. She convinces him that she should have a warm and sunny climate to help her case of crippling arthritis. The trials and

problems which are met and solved, make for an evening of fun and entertainment.

The cast, which includes 13 actors, singers, and a line of chorus girls, is hard at work bringing to life the characters and events. April 25, 26 and 27th are the dates set for the show. The curtain opens at 8:00 p.m. in the Central - Middle School auditorium, at Church and Main Streets. Tickets are now on sale at Merritt Insurance, Del's Shoes, Plymouth Book World, and members of the Plymouth Theatre Guild. For further information, call: Clemie Cyburt, 5825 Lotz Rd., 453-4140.

Elks Elect New Officers

by Elaine Edford

"I have met more wonderful people this past year than I have met in my entire life," stated past Exalted Ruler of the Plymouth Elks, Quintus Stulz, last Saturday as he installed the new Exalted Ruler, Raymond Lane.

Plymouth Elks officers for 1974-75 were installed at a combination ceremony-banquet April 6. Elks members came from as far as Florida to attend the installation. Elks members and their wives, the Vivians, as well as attending guests, all but filled the lodge on Ann Arbor Road to capacity.

Annual Meeting

At the end of the installation ceremony, past Exalted Ruler, Quintus Stulz and officers for 1973 received a standing ovation for their many accomplishments during the past year.

Plymouth Lodge No. 1780 B.P.O.E. was instituted in 1949. The Elks are known for following the motto: "I have helped a handicapped child." According to Secretary Ray Creith, Michigan Elks have donated about \$150,000 to handicapped children in the past year. The Plymouth Elks have donated substantial funds to the Joe Crissey Drive.

Plymouth Elks meet the second and fourth Wednesday of each month. Visiting Elks are always welcome. This Thursday night, 6:00 p.m., at the Lodge on Ann Arbor Road, the Vivians will be installing their new officers. All interested parties are invited to attend.

The new Elks officers-elect for 1974-75 are: Exalted Ruler, Raymond G. Lane; Esteemed Leading Knight, Stewart Israel; Esteemed Loyal Knight, Robert Miller; Esteemed Lecturing Knight, James Eggenberger; Secretary, Ray Creith, P.E.R.; Treasurer, Wayne L. Cline, P.E.R.; Esquire, Jack Fogt; Chaplain, John Clark; Inner Guard, Gerald Wright; Tiler, Franz Brenner; and Trustee, Five-Year, Robert Howell.

Hunting Committee Wants Restrictions

by Bruce Phillips

The Canton Township Hunting Control Committee, at its second public hearing April 3, recommended closing hunting east of Canton Center Road, in Section 4, and part of Section 6. The recommendation stated that there will be no hunting or discharge of firearms or bow and arrows in the above sections of Canton Township.

The Committee consists of Mr. Bruce Andrews, from the Dept. of Natural Resources, Mr. John Flodin, City Clerk, and representatives of the State Police and Sheriffs Dept. The Committee now, under Act 159, will forward their recommendations to the Township where they decide to accept or reject the proposal. If

accepted, signs must be posted indicating no hunting, and the new ruling published for three consecutive weeks in a local newspaper. After that has been accomplished, the ruling will go through the necessary State Depts. so that it can be enforced by the State and local police.

Representatives from the Wildlife and Conservation Depts., hunting clubs and some homeowners spoke in behalf of hunting in Canton explaining that poachers were causing the trespassing problems and not the true sportsman.

Other residents expressed that the trespassing laws were not enough to solve the hunting problem, and the Committee's recommendations would solve the problems for the community.

4-H Wins First Prize

by Dennis O'Connor

Plymouth town and country took first prize (for the second

straight year in a row) at the annual spring-a-rama held at the Westland Mall on the weekend of March 30th.

According to the president Bill Strautz, Plymouth's 4-H club was a winner over 17 different 4-H clubs around Wayne County.

Each of the 17 clubs set up different displays which were judged on content and quality. Plymouth's display consisted of a live small animal set up, animal slides, and an arts and crafts display.

Plymouth Town and Country received \$35 and a plaque for taking first place.

Bill Strautz displays 4-H plaque.

Safety Group Requests Student Assistance

The District-Wide Safety Committee of the Plymouth Community School District is a committee concerned with the safety of all students going to and from school. Its membership is made up of volunteer parents, one representative from each school in the district.

With the increase in student enrollment in the school district the Safety Committee is requesting your help in solving some of the safety problems in your area. One of the concerns of our committee are students walking to and from bus stops and while waiting for their bus. They are endangering their lives along with the lives of their classmates. We are also concerned for the safety of students while on the bus when they do not obey the rules set up by the school district. It is impossible for the school bus driver to observe all the activities of students when their attention must be on driving the bus.

Listed below are some of the safety problems that cannot be solved until parents and concerned citizens work with the schools and the Safety Committee.

1. Students walking in the middle of the street or the road not allowing motorist sufficient room to pass.
2. Pushing and shoving each other into the path of cars or crowding the motorist as a joke.
3. When streets and roads are snow covered, students shag onto the bus or cars for a free ride.
4. Throwing snow or mud balls at cars and school buses. This has resulted in window breakage.
5. Destroying private property while waiting for school bus.
6. Students running across Joy Road and not using the overpass. (This only involves students in the Fiegel School area - High School and Middle School).
7. Parents warn children to be alert when loading and unloading on school bus. Motorists do not stop when bus signals are in motion all the time.

It is impossible for the bus driver or the school principals to know who the trouble makers are as the students will not tell them. As parents and citizens, we are responsible for the safety of others.

Kiwanis Club

Donates Clothing

The Plymouth Kiwanis Club, through the International Relations Committee, recently sent 160 pounds of clothing to the Little Children's Mission in El Paso, Texas. Plymouth Kiwanis received a letter of thanks from the mission, indicating that the clothing will be used for needy children in Juarez.

The Kiwanis Club will be sending another shipment of clothing to the mission in the near future.

Death Notices

Mr. Gerrit Van Tubbergen, 82, of 551 Arthur, passed away April 2nd at his home. He is survived by two daughters Mrs. Harvey Pankow of Plymouth, Mrs. James Cannady of Plymouth, five grandchildren and nine great-grandchildren.

The services were held Saturday, April 6th from Schrader Funeral Home with Pastor Leonard Koeninger. Interment was at Parkview Memorial Gardens in Livonia.

Services were held Monday, April 1st for Mr. Louis Borregard, of 442 Arthur. He is survived by his wife Audrey, and three sons, Donald of Livonia, Ross of Farmington, Gerald of Livonia, and nine grandchildren. Mr. Borregard was 72 years old and was affiliated with B and F Auto Supply. He was a member of the Plymouth Rotary Club.

The funeral was held at Schrader Funeral Home at 11:00 a.m. Rev. Philip Rodgers Magee officiated. Interment at Riverside Cemetery.

Mrs. Bessie V. Kates, 57, of 18212 Jamestown Circle, Northville, passed away April 1st in Providence Hospital after suffering a long illness. Mrs. Kates is survived by four sons and two daughters, Jefferson of Monroe, David of Livonia, John of Colorado, Joseph of Ohio, Mrs. Suzanne Van Stavern of Kalamazoo, Sally Ann Kates of Northville, and five grandchildren.

The funeral proceeded from Schrader Funeral Home at 11:00 a.m. The Reverend Robert Williamson officiated. Interment was at Grand Lawn Cemetery.

Mrs. Belton Smith Evans, 90, of 656 Evergreen, passed away Friday, April 5, in Hendry Convalescent Center.

She is survived by one son Dr. Robert B. Evans, of Plymouth, one daughter, Mrs. Eugene Bushong of Pleasant Hill, Tennessee, and five grandchildren. Mrs. Evan's sister Mrs. Muriel Barnes, resided in Windsor and her brother Alford Evans in Vancouver British Columbia.

The services were held at Schrader Funeral Home at 1:00 p.m. Pastor Leonard Koeninger officiated. Interment at Parkview Memorial Gardens in Livonia.

CRIER'S LITE

This Saturday the walk-for-Joey will start at 9:30 at Kellogg Park. Last Saturday about 150 people turned up to sign the walk-a-thon registration sheet. Most of the turnout consisted of kids from the middle schools, and some kids from the high schools. This was a fantastic turnout as far as local walk-a-thons go, but it could have been much better. In a community such as this, more people should become involved in community fund raising events.

Up until last Saturday, a small group of people carried the ball, and organized the Crissey walk-a-thon. Last Saturday they handed that ball to the community and gave everyone the chance to help. The turnout could have been better.

The walk-a-thon will consist of a five mile walk, people will sponsor the walkers for each one-half mile they walk. If for some reason you cannot walk, then sponsor a walker. If anyone cannot walk, but would like to sponsor someone in the walk-a-thon, and hasn't been asked by any walkers, they can call John Foley, at 453-6900. Five miles isn't that far, and \$5.00 isn't that much.

This is how the walk-a-thon will work:

1. Be sure you fill out two copies of the sponsor sign-up sheet. Obtain as many sponsors as you can friends, neighbors, organizations, businesses - use your imagination.
2. Bring both copies of the sponsor sign-up sheet with you when you come to Kellogg Park to begin the Walk-a-Thon on Saturday, April 13, at 9:30 a.m. You will keep one; one will be turned in at the park.
3. The walk of five miles

will conclude at the park and your mileage will be certified on your copy of the sponsor sheet.

4. You will then be asked to return to your sponsors who have not paid and collect their pledge.

5. All money collected should be turned in to the Chamber of Commerce office, Wing Street (green building on corner of Forest) by Wednesday, April 17.

Again, thank you for your participation.

The Air Force. For young men on the way up.

Letter to the editor

To The Editor:

For a long time now I have been hearing praise for the Plymouth Recreation Department and yet, as I observed last Thursday's snow and sleet ruin plans for our first practice, I could not help but wonder what will become of the Plymouth Women's Slow Pitch Softball League this season - if the bad weather was perhaps an omen of things to come.

Since its inception in 1971, the League has been plagued by third rate management on the part of the Rec. Dept. in the forms of scheduling, field preparation, umpire assignment (or lack thereof), etc., all of which seems to have been explained away by buck passing or "I'm sorry buts..."

If the Rec. Dept. can do such an admirable job of coordinating boys' and girls' leagues and adult males' leagues, let's hope that it can and will do the same for the adult females' league this season.

Sincerely,
Sally Fedus

RECIPES - NUTRITION

The health-conscious cook, seeking to increase the protein value of meals without increasing cost, will find soybean dishes delicious and economical additions to lunches and dinners.

The soybean is a complete protein food. That is, it contains enough of the essential amino acids (protein "building-blocks") to support life as well as repair body cells and tissues. Though not containing as much complete protein per pound as meat, cooked soybeans do yield as much as 20 complete protein grams per one-half cup. In addition to protein, soybeans are an excellent source of iron, calcium, phosphorus, and potassium. They also contain Vitamins A, B₁, B₂ and Niacin. Soybeans are naturally low in sodium.

Soybeans can still be bought for about 25 cents per pound. Even at twice the price, they are still a bargain.

If you choose the right recipe, soybeans are quite delicious. They taste just a little different than other beans, having a nut-like quality. It is simply not true that soys taste "like dog food." If you cook them correctly and use a good recipe, you're in for a taste treat.

The following is a recipe which uses soybeans to their greatest advantage:

BAKED SOYS

- 1 lb. dried soybeans
- 1 1/2 tps. salt
- 1 med. onion, chopped
- 1 small green pepper, chopped
- 2 stalks celery, finely diced
- 1/4 cup catsup
- 1 tsp. dry mustard
- 3 Tb. unsulfured molasses
- 1/4 cup vegetable oil
- 1/4 cup packed brown sugar.

Put beans with 6 cups water in kettle. Bring to boil and boil, uncovered, 2 minutes. Cover and let stand 1 hour. Then add 1 teaspoon salt, bring again to boil and simmer covered, adding more water if necessary, about 2 hours. Then add next 3 ingredients and cook until beans are tender. Drain, reserving 1 1/2 cups liquid. Put bean mixture in shallow 2-quart baking dish. Mix liquid, remaining salt and other ingredients, except brown sugar and pour over beans. Sprinkle brown sugar and bake, uncovered, in preheated 400° F. oven about 1 hour.

This dish is very good reheated.

Larry Janes, Weight Watchers chef talks to Plymouth Women's Club.

Chef Speaks at Women's Club

Larry Janes, Executive Chef for Weight Watchers of Eastern and Central Michigan, gave a five course meal demonstration for the Woman's Club of Plymouth last Friday, April 5.

Mr. Janes performs cooking demonstrations which illustrate both the ease of preparation and use of familiar everyday foods which are characteristic of cooking according to the Weight Watcher program. Chef Janes regularly appears at the Weight Watcher classes and public

exhibitions where he serves a full course dinner while explaining the program.

Culinary Arts classes were taken by Chef Janes in Paris, France, and in Livonia, Michigan. While working in an elegant restaurant downriver, Larry became a Weight Watchers member in Wyandotte and lost 72½ pounds in 16 weeks. Larry later became a Weight Watchers lecturer and in December, 1971, Larry became Chef for Weight Watchers members.

Meet 'Hank' of Plymouth-Salem

by Linda Gottwald

If you think it's a job cleaning up after one youngster, how would you like to take care of a whole schoolful? Well, Hank Rupert, Head of Maintenance at Plymouth-Salem High School, has been doing the job for 19 years and still enjoys it.

Mr. Rupert, better known as Hank to his many student friends, has been an employee of the Plymouth school system since 1955. Born in the steel town of Aliquippa, Pennsylvania, Hank attended Farrel High School where he was active in basketball and football. After graduation, he worked at a nearby steel mill until it closed and then came to Michigan. He began his maintenance career working at the old Plymouth High School (now Central Middle School) and in 1956 cared for five one-three room country schoolhouses. Next, he graduated to what was then known as the new elementary school, Gallimore, which followed with a promotion to Junior High West. From Junior High West, Hank moved to the Centennial Educational Park where he is now Head Coordinator, supervising 23 employees.

What kind of work is involved in the job? For one thing, it's a responsibility of seven days a week, 24 hours a day, including holiday and summer vacations. The daily routine Monday through Friday begins at 6:30 each morning, before the caravans of buses begin rolling in. First, there's a check throughout the building. Next, all phones are opened. Then, Hank consults with the day shift crew on their maintenance

schedules. Before homeroom, Hank patrols the vending machine area, and the gym areas must be prepared for gym classes.

Sometime during the day, he must consult with the afternoon supervisor so they may arrange for night activities such as plays, concerts and basketball games. Hank attends all home games, not only because of his love for sports, but to assist in crowd control and possible emergencies.

During the day Hank can be reached anytime, anywhere, through the intercom system, in case of urgent business dealing with the safety, security or fire prevention programs he is involved with. The beauty and color of the Centennial Park area can also be credited to Hank, who personally organized a beautifying program of the school grounds. Yet, even with such a busy schedule, Hank manages to always have a smile ready for students and faculty along with friendly bits of conversation. He stated, "I enjoyed all the schools I've worked at, buy my favorite is Salem High. The kids are more mature and easier to communicate with. Each year

for the past four years, I have been honored to speak at the annual Senior Banquet. I really enjoy my association with the students."

Maybe Hank's popularity with the students can be accounted for by the fact that he raised two daughters of his own, one a Lieutenant in the U.S. Army, and the other a graduate of Indiana University. He and his wife are Plymouth residents and Hank stated, "I feel that we have a great community in Plymouth along with the school system and we do have great leadership. I am proud to be a small part of it." The Plymouth community is equally proud to have such a fine employee in our school system!

MR. RUPERT - Head of Maintenance at Plymouth High School.

Miller Science Fair Great Success

Miller School's first Science Fair, held last Tuesday, was a success. Four to five hundred people came to view the various science projects and demonstrations prepared by Miller School students.

The Science Fair was sponsored by the Miller School P.T.O. The Fair Committee consisted of Mike Tarrow, Miller fourth and fifth grade teacher; Ginny Snider, first and second grade teacher and; Joan Campbell, Miller kindergarten teacher.

Miller teachers suggested possible projects to the students, who then worked on their projects independently. Many of the students thought up their own projects and worked on them alone. Most of the projects

shown were done by groups of students.

Merit awards were presented to all of the participants in the Fair.

New Morning School Presents Children's Play

The children of New Morning School recently presented a play for their parents entitled "Wiggle Worm's Surprise." The play was part of a current interest of the children - learning about trees and plants. All of the children had parts in the play (trees, rocks, leaves, woodcutters and wiggle worm) and made their own costumes. Following the presentation they served parents refreshments derived from trees - fresh coconut, orange juice and chocolate brownies. The children were assisted in their production by teacher Elaine Yagiela.

In the presentation of this play as in all endeavors New Morning School strives to follow the interests of the children incorporating them into the development of basic skills, reading, writing, spelling, math, etc. New Morning School is a non-profit alternative school, a cooperative elementary school for children ages five through 10. The school was readily certified in its first year of operation and meets all state standards. The founding of the school was initiated by Elaine and Dale Yagiela who were joined by parents who felt they should have the opportunity to be vitally involved in their children's education. Equally important is the philosophy that, "Education is not preparation for life, education is life." The school believes in a warm, caring environment where children and adults cooperate to develop responsibility, realize individual potential and deal with the real world.

The children are given an opportunity to choose what they wish to pursue and to set their own goals. The teacher assists them in making out weekly and daily plans for what they wish to accomplish and helps them evaluate their choices. They are learning responsibility for their own education and activities. Solving problems and working with one another and adults are an inherent part of the program.

The children receive a great amount of individualized attention. The class is small and Elaine Yagiela is always assisted by one or more parents or a student from Schoolcraft College. With an individualized approach students are able to intensely study their areas of interest, strengthen their weaknesses and build new skills.

Believing that doing is the best way of learning children are involved in many real life (continued on page 12)

Robert Tolzdorf explains mechanics of a new Ford truck to Allen student, David Elliott. Photo by Bruce Phillips

Allen School Completes Career Course

Allen Elementary School recently completed its "Career Opportunities" program. Each week, Allen students participated in career interest groups to study the careers which they found interesting. Classes were designed to allow

children to become aware of the working world - its many choices, duties and responsibilities.

The program was deemed a success by Allen students as well as their teachers.

What's Up in the Garden?

by Bill Saxton

The best way to stop crab grass is to keep the seeds from starting. This means using a pre-emergent control. There are two main types on the market. You can seed your lawn when using one type. The other type kills your grass seeds just as efficiently as the weed seeds. Get them switched and you're defenseless. Little grass seeds are zapped along with the crab grass. The alternative to chemical control is to have a lawn so thick the crab grass can't get started. Crab grass, like many weed seeds, has to have a sun bath to germinate. No sun bath in a thick lawn - no crab grass.

A good rule with common Kentucky Bluegrass lawns is to feed them once a month until they are as thick as they can get. Common Kentucky Blue will never get as thick as the new, high-density improved varieties that have been introduced in the last few years. Anticipate higher fertilizer usage with these dense blues. If you like a really good turf it's worth it.

Nugget Bluegrass is one of the best new varieties to be introduced in years. It stands close mowing. It is highly resistant to leaf spot disease. It

● Morning School

(continued from page 11)

activities such as cooking, woodworking, building and making. A few of their projects have been pizzas, French fries, doughnuts, cakes, building a chair used in the reading corner making weather instruments and making paper. Special trips are also deemed important and visits have been made to the Detroit Zoo, Natural History Museum, Botanical Gardens, Circus, Detroit Children's Concert and swimming lessons at the Livonia Family Y.

A special emphasis is placed on creativity and every effort is made to retain and enhance children's creativity and spontaneous enjoyment of life. Art is presented formally each week and also a large selection of materials is always available. Creativity is seen as taking many forms.

New Morning School operates in Epiphany Lutheran Church, 41390 Five Mile Road, Plymouth. In order to help meet operating expenses the school is planning a rummage sale and anyone who has items to donate can contact Sheila DeJohn, 41991 Banbury Ct., Plymouth, 349-1742. Anyone who wishes to learn more about New Morning School should contact Sheila DeJohn or Elaine Yagiela at Epiphany Church, 453-8807, between 9:00 a.m. and 3:00 p.m.

BOARD ENDORSES BILL

The Wayne County Board of Commissioners endorsed State House of Representatives Bill 5593. The bill would require the state to bear the full cost of salaries for Common Pleas judges, saving the county taxpayers approximately \$553,000 annually.

blends in well with Merion or Windsor. Overseed with it in existing lawns to introduce a new variety. A turf with several varieties in it is denser, more disease resistant, and therefore easier to maintain.

If you lean more to the casual approach in turf care stick to plain old Kentucky blue mixed with fescue. Hit it with lawn food with crab grass control in early spring. Lawn food with weed control in late May and a lawn food for overwintering in fall. Between seasons you can fill in the time with golfing, boating, tennis or fishing. Your lawn won't be the envy of the neighborhood but your lifestyle may be.

The point is to pick the turf grasses or blends with the corresponding maintenance programs that suit your requirements. You can't maintain a Merion lawn on a program suitable to fescues or vice versa.

If shade is a problem lean heavier toward the fescues. The MSU introduction wintergreen is a good one and is now available at reasonable cost. C-26 hard

fescue has performed extremely well at the test plots we've observed. This variety is available in a couple of blends on the market but not separately as yet. One of the blends is put out for shade and combines C-26 with Victa Bluegrass which is reputed to be as promising as Nugget.

Watering practices on lawns are as important as seeding or turf selection. A good share of the water used on lawns is wasted by underwatering or worse - by overwatering. Grass roots can drown too!

Roots need a continuous supply of oxygen which is cut off by too much water. The best rule to follow is provide a total of one inch per week when combined with natural rainfall. The best way to check on the amount needed when sprinkling is to dig a shovelful of earth out of an adjacent flower bed or border and check 6 inches deep for moisture. The ground should be moist but not saturated. You can save water and save your lawn by checking. Good watering practices will make all your other lawn care pay off with the best results.

This little fellow is up for adoption along with three other brothers and sisters. Call Elaine days at the Plymouth Crier (453-6900) or evenings at 769-6762.

Rocks Lose Non-Leaguer

by Dennis O'Connor

After a change in date and then a change in the place, the Plymouth Rocks finally got their baseball season underway only to fall 7-1 to Thurston High in a non-league affair.

The game, which was originally scheduled for last Thursday at Thurston, was switched to Saturday at the Plymouth - Central Middle School field due to the April rains.

But this switch didn't seem to bother Ivey of the Thurston Eagles as he threw a four hitter at the Rocks going the distance for his first victory of the year.

The Eagles' bats didn't waste anytime either as they jumped into a quick 3-0 lead in the first inning off Plymouth's starter and loser John Chaitalis. Thurston scored these runs without the benefit of a hit, but relied on three walks, a hit batter and an error.

Junior Bill DenHouter took over for Chaitalis in the second and was abruptly greeted by Thurston's Gary D'Ascenzo who blasted a 3-1 pitch over the left field fence to make it 4-0.

Thurston continued its scoring rampage in the third by scoring two more runs off DenHouter.

This 6-0 lead after three innings of play was plenty for Ivey as he mowed down 12 Rocks on strikes.

Plymouth's only run was scored in the fifth inning as Senior Darry Hamlin knocked a triple in right-center field to score John Major who had walked. Hamlin also collected a double in accounting for two of the four Rocks' hits.

Plymouth, who had left eight men stranded on the bases, had scoring chances in the fourth, sixth, and seventh innings only to be stifled by Ivey.

Don Bidwell and Jeff Waller started the fourth with back-to-back singles only to have a double play ruin that threat.

In the sixth, with one out Tom Willette reached first on an error and advanced to second on a walk by Danny Moore. But Ivey struck out the next two Rocks.

A walk by Major and Hamlin's double in the seventh started another rally, but once again Ivey's strike out pitch went to work by getting the last three Rocks of the game.

Junior Tom Willette did a great job on the mound for three innings for the Rocks, giving up only one run on three hits and striking out five.

Plymouth's next game is tomorrow in a home affair against Dearborn. They also play Monday at home in a doubleheader against John Glenn. Special starting time for that one is 12:00 noon.

Plymouth's Dan Moore awaits a pitch during the Rock's 7-1 non-league loss to Thurston.

Plymouth Salem JV Baseball Begins

by Dennis O'Connor

"Good pitching and solid defense will be the keys to a successful season for us," commented Plymouth JV Baseball coach Brian Gilles.

Gilles, who is coming off a 10-5 JV record last year, enters the season tomorrow afternoon (4:00 p.m.) at Dearborn with a good combination of Juniors, Sophomores, and Freshman filling out this year's JV roster.

Gilles, a 1962 graduate of Plymouth High School, attended Central Michigan for his college education. He returned to Plymouth in January of 1967 and taught gym at East Middle School.

Gilles, who now teaches gym at Plymouth High, is in his second year of JV coaching. Before this, he coached freshmen baseball squads for four seasons from 1969-1972.

Redford Union and Allen Park appear to be Plymouth JV stiffest competition this year.

The Plymouth JV squad includes:

NAME	POSITION

Plymouth-Canton Track Team Lose Season Debut

by Anne Sullivan

Plymouth-Canton High School began its varsity track season on a sour note, as the Chief cindermen dropped a 112½ to 10½ decision to Catholic League champion, Bishop Borgess during a non-league meet held last Tuesday, April 2nd.

"The times/heights/distance records by the Canton team are worthy of note. They will be improved on dramatically week by week as the season progresses and as this young and inexperienced team begins to make its mark in the West-6 and area wide competition," said coach Brian Schwall.

Coach Schwall went on to say, "We are scheduled against Detroit Catholic Central, league cross country champs, Livonia Churchill and Ann Arbor Huron. We have chosen to open with four of the toughest Class A teams because in order to be great you have to compete with the great ones."

The results of the meet are:

SHOT PUT

Nick Lovy going through his routine of poses that won the Junior Mr. Michigan title.

Plymouth Man to Compete in Mr. Michigan Contest

by Robert Nicora

"I train hard and I don't eat any garbage," stated Nick Lovy as he explained the type of exercise and diet regime that enabled him to capture the Junior Mr. Michigan title during a statewide competition held March 16th at the Highland Park Y.M.C.A.

For the 30-year-old Plymouth resident, who has now set his sights on the Mr. Michigan contest to be held at Ferndale High School on April 27th, this most recent success is the result of a lot of hard work and long hours devoted to weight training.

"I've lifted weights for ten years altogether," said Lovy who is the men's manager of Vic Tanny's Dearborn health club, "but I didn't begin serious bodybuilding for competition until about a year and a half ago."

"Before that I laid off for about three years and went up to about 235 pounds bodyweight."

Since then, Lovy has transformed himself into a muscular 195 pounds on a five foot ten inch frame, with a 50-inch chest, a 30-inch waistline, and 18½-inch upper arm measurement.

During last month's contest Lovy competed against 15 other contestants who were evaluated

by the eight A.A.U. judges for size, proportion, and fluidity of motion in going from one bodybuilding pose into another.

"For the past year or so I've been on a work-out routine where I train four days a week for about an hour and a half a day," explained Lovy.

"I work every muscle group each day I train and I try to do as many repetitions of each exercise as I can do, as fast as I can do them, using as much weight as I can handle," stated Lovy, "and I don't rest very long between exercises."

Lovy's position as manager of a health club has proved to be a valuable aid to his bodybuilding career.

"Ever since I've been here at Vic Tanny," Lovy elaborated, "I've been using this new Nautilus equipment. I cut my exercise time in half and have gotten better results."

"Since I manage the club, I've got a place to train whenever I want," added the bodybuilder.

As for his future in competitive bodybuilding, Lovy stated, "I'd just like to win the Mr. Michigan contest, April 27th. Since a bodybuilder doesn't really reach his prime until he's in his late thirties, I'll have plenty of time to compete for other titles."

SUMMER JOB WANT AD SPECIAL

For the next four weeks APRIL 10, 17, 24 and MAY 1, The Crier will be offering a summer job directory. This is how it works.

1. Both students looking for jobs, and merchants looking for summer help can advertise at this special rate.
2. Place one (1) Ad for four (4) consecutive weeks.
3. Each ad (10 words each) only costs \$2.25.
4. The section will be featured in our Classified.
5. Remember local students want local jobs and the P.C.C. is strictly a local paper.
6. The students advertising in this section will be local, and will have access to these local jobs.

Rocks Hold Annual Basketball Banquet

by Dennis O'Connor

The Plymouth-Salem High School basketball season officially came to an end last week with their annual basketball banquet held on April 1st.

The banquet was a pot-luck affair prepared by the mothers of all the players.

Some honored guests attending the banquet were Bill Brown (Plymouth High principal), John Sandmann (athletic director), Paul Cummings (athletic liaison), and Bob Willette (president of the Booster Club).

Four different varsity players were honored with awards. Eric Agardy and Danny Moore were voted Most Improved Players. Jeff Ziel recieved the coach's award for contributions above and beyond the call of duty. Bruce Johnson, who served as captain of the Rocks this year, was voted Most Valuable Player by his teammates.

Plymouth's JV and freshman teams were also congratulated for fine seasons. Coach Craig Bell's JV squad finished with a 16-3 record while Pat O'Donnell's freshman team was 9-5.

Also receiving recognition for their important contributions were the Plymouth cheerleaders and Rockettes under the direction of Mrs. Ann Buie and Mrs. Matson.

Coach Fred Thomann's varsity finished with a 21-3 record, best ever in Plymouth Basketball History.

Wayne Commission Urges Strict Pollution Penalties

The Wayne County Board of Commissioners is urging state legislation to provide more stringent penalties for air pollution in the county.

A resolution adopted by the commissioners calls for fines up to \$10,000 per day and a maximum 90 day jail sentence, or both, for infractions of air pollution control regulations.

Current legislation allows a maximum fine of only \$100 per day for air pollution violations in Wayne County, the only county in Michigan where higher fines are not already permitted.

The commissioners point out in the proposal for higher fines that penalties for infractions of air pollution requirements should be similar throughout the State of Michigan.

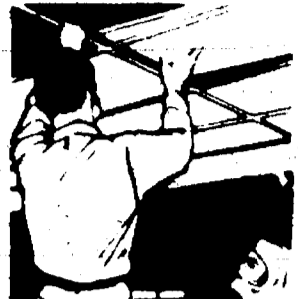

In a separate statement, County Commissioner Brian G. Arrowsmith, Chairman of the County Board of Health, said:

"It is ironic that only in Wayne County, which has the heaviest concentration of industry and therefore the biggest problem, the maximum fine is only \$100."

"Wayne County should especially be allowed to impose the \$10,000 fine, as all other Michigan counties, do," he added.

The director of the health board's Air Pollution Control Division, Morton Sterling, said, "We need more clout to crack down on polluters."

EASIEST WAY EVER TO PUT UP A CEILING

No strapping, no shimming ... just level the wall angles and everything else goes right into place. Covers unsightly pipes and ductwork and still leaves them easy to reach for repairs. All grid and tile included.

- Heavy Duty Commercial Grid
