THE NEWSPAPER WITH ITS HEART IN THE PLYMOUTH-CANTON COMMUNITY

May 21, 1975

VETERAN GERALD OLSON, grand marshal of the 1975 Memorial Day Parade, joined with other members of the Mayflower Post of the Veterans of Foreign Wars Saturday in Riverside Cemetery to place American flags on the graves of Plymouth residents who served their country in wartime. (Staff photo by Brian Watkins.)

Williams to speak Memorial Day

Michigan Supreme Court Justice G. Mennen Williams will speak Monday morning in Kellogg Park as Plymouth-Canton residents honor their war dead in Memorial Day ceremonies.

Memorial Day activities begin with a memorial church service for veterans and their families Sunday at 11 a.m. in Plymouth Wesleyan Church, 42290 Five Mile Rd. Rev. David Cox will conduct the service.

Participants in the American Legion's annual Memorial Day parade will assemble at 10 a.m. Monday behind Central Middle School, with the parade scheduled to begin at 10:30 a.m.

Mayflower VFW and Passage Gayde American Legion drill teams will be on hand, as well as bands from Centennial Educational Park, Central Middle School and Middle School West. Area Cub Scouts, Boy Scouts and Girls Scouts have also been invited to participate.

Joining Williams in the parade down Main Street from Central Middle School to Kellogg Park will be Vito Simonetti, honorary parade

marshal and the oldest living member of the Passage Gayde Post and Gerald Olson, parade grand marshal. Plymouth Mayor Beverly McAninch will also be riding in the procession.

The parade will pause briefly at the monument in front of Central honoring nine Plymouth men who died in World War I.

The parade is expected to reach the bandstand in Kellogg Park at 11 a.m.

Lt. Dallas Raby of the Salvation Army will give an invocation and Mayor McAninch will lead those on hand in the Pledge of Allegiance.

Master of ceremonies Fred Delano will introduce Passage-Gayde president Bob Finley and auxiliary president Phyllis Hewer; VFW president Gary Kubik and auxiliary president Sandra Guldner; Benton Parkway Barracks president William Seifert, a World War I veteran, and auxiliary president Gladys Ryder; and Justice and former Gov. Williams.

PCDC: Is it worth schools' time, money to participate?

BY HANK MEIJER

Where the schools are concerned, there seems to be a catch - 22 to the work of the Plymouth-Canton Development Commission.

The aim of the PCDC is a simple one - attract new investments to the Plymouth-Canton community which will add to its tax base. But the benefits of such a goal aren't as clearcut as they might be for the PCDC's largest member unit the school district.

A big jump in the district's state equalized valuation (SEV) means only a relatively small net gain for the schools, since to more prosperous district has to sacrifice state school aid, according to PCDC President Harold Guenther.

"The formula boxes you in," Guenther said of the way the state allocates it school aid. He had calculated that for every million dollars the district gains in assessed valuation, its net gain is only \$1,447. The schools, like Canton Plymouth, Township and the City of Plymouth, pay \$5,000 annually to help underwrite the cost of the PCDC.

On the face of it, you'd think the schools stood to gain more than any of the other participating units of government; If the PCDC lures a factory to Canton, the City of Plymouth tax base doesn't improve. The opposite is also true. But no matter where in the area new money is invested, the school district's taxable valuation goes up. It sounds good, but when all is said and done the schools have less to gain than it seems.

"I wouldn't justify getting out of the PCDC because of the present state aid formula," said Asst. Supt Ray Hoedel. He speculated that state property and income tax relief could change the school aid picture. "If that comes, there's more room for local effort," he said.

Last year the district's SEV was estimated at \$435 million. State school aid supplemented local tax support to the tune of \$237.60 per pupil. This year's SEV is estimated at \$465 million - but that \$30 million boost would mean a decrease in state aid of some \$60 per pupil, or about \$176.58 for every student.

Affluent districts or those with a concentration of heavy industry sometimes receive no state aid at all. If the PCDC

"succeeded" in significantly raising the value of local assessments, that could happen in Plymouth.

"Let's suppose we get shopping centers and other major new developments, and we don't get any aid, that's not all bad either, I wouldn't back out of the PCDC because of that."

According to Buenther, it's difficult to know whether even this year's \$30 million jump in SEV is the result of efforts by the PCDC of just growth that would have come anyway.

Guenther, like Hoedel, sees a value to the PCDC that goes beyond small dollar and cent gains for the schools and occasional boosts for the

Cont. on Page 15

Sculpture planned

Members of the Plymouth Community Arts Council were expected to present the Plymouth City Commission last night with a request to locate a 7½ foot steel sculpture in the park in front of Central Middle School.

According to Arts Council spokesman Gaye McCord, the work, which would highlight the PCAC bicentennial efforts, would be created by sculpture John Chaffee of Northville, take from seven to eight months to complete and

be ready for dedication by Fall Festival, 1976.

Chaffee's proposed sculpture would be a grouping of steel figures in a contemporary style, lifted three feet off the ground and measuring 18 feet in an oval circumference. It would be mounted on a cement base.

The PCAC would seek financial assistance from business concerns an service clubs and would likely hold a fund raising sale, Mrs. McCord said.

Chase ends in crash, Bystanders injured

BY HANK MEIJER

What apparently started out as an attempt to rob a hitchhiker on Hines Drive Sunday night, turned into a high speed chase which ended in a fiery crash that left a bystander with second degree burns.

Frank Kotyuk, 23, of South Lyon was charged Monday night with assault with intent to commit armed robbery while being armed.

Northville Township Police Officer Philip Presnell said, 18 year old William Walker of Plymouth was hitchhiking on Hines Drive near Six Mile Road when he was picked up at about 9:45 p.m. Sunday night by Kotyuk.

Walker told police they had driven only a short distance when Kotyuk pulled a gun and demanded money.

Kotyuk struck him twice in the head with his pistol.

According to Presnell, Walker then managed to jump out of the convertible. At that moment Presnell was driving down Hines enroute to another call and Walker flagged him down as Kotyuk sped off.

Presnell said he gave chase, pursuing the suspect south on Hines at speeds of 70 and 80 miles per hour.

At Hines and Five Mile Road, Kotyuk lost control of his car and slammed into two parked cars on the shoulder.

A car occupied by Brenda Nunez, 22, of Dearborn exploded when Kotyuk's car struck it.

Presnell stopped, loosened Miss Nunez' seat belt and

Deadlines moved up for holiday

Because of the Memorial Day holiday, which falls next Monday, advertising and editorial deadlines for the Wednesday, May 28 edition of The Community Crier have been moved to 2 p.m. Saturday.

The Crier's office will be closed Monday, Memorial Day, but will be open from 10 a.m. to 2 p.m. Saturday, May 24 for advertising and news.

Offices will also be open from 10 a.m. to 2 p.m. the following Saturday, May 31 to accommodate carrier collections.

PLYMOUTH POLICE held their annual bike auction Saturday at the fire station. Ordinance Officer Bob Scoggins (above) helped the auc-

ioneer, Lt. Rod Cannon, auction off about two dozen bikes to young and old bidders. (Staff photo by W. Edward Wendover.)

Canton approves formation of CAC

BY KATHY KUENZER

The Canton Township Board at its last meetin accepted a plan that establishes a Citizens Advisory Council (CAC) to be organized within the next month.

By a vote of 5 - 2 the board ratified the CAC proposal submitted by Supervisor Bob Greenstein. Dissenting votes were cast by Trustees Jim Poole and Brian Schwall.

Citing input from Township Planner Mike Manore, who chaired the citizens committee to form a CAC. Clerk John Flodin and Treasurer Carl Parsell, the citizens committee to form the CAC itself, and "other suggestions". Greenstein said he felt the 17-point organizational plan incorporated "the best" of the suggestions submitted.

The point of greatest disagreement between plan and that submitted by the CAC formation committee was selection of its membership. The citizens committee suggested equal representation from all voting districts in the township.

Greensteins plan recommended that the membership come from "the organized homeowners associations.. on the basis of one suggested appointee from each organized homeowners' group (one per subdivision), one.. from the Farm Bureau and one from the Chamber of Commerce." Suggestions would be made for appointees from each with the township board approving or rejecting the appointees.

Windsor Park Homeowners Assn. president Betty Hamman said that her organization was concerned that the CAC have a mixture of representation to achieve a balance.

"You are leaving the CAC open to manipulation by the

township board," she said.

Greenstein said the statement was "stupid, completely idiotic and you can tell whoever said that that I said so."

Trustee Brian Schwall asked under what conditions the board might reject someone as an appointee. Greenstein said if two homeowners groups should come out of one subdivision with appointees, then it would be the board's duty to decide which to recognize, since only one representative per subdivision is allowed under the plan. Said Schwall, "I think that's manipulation."

According to Greenstein's plan, the first duty of the CAC "will be to study the original representation and report back immediately to the township board on those area not presented with suggestions as to such areas needing representation for the purpose of board appointments to fulfill the same."

Poole said, "I can see no top end to the size of this group. I also think we should have a way of removing members ... for good cause.

Right now this is nothing but a homeowners federation."

Poole suggested that homeowners civic groups, who have the right to become involved in such committees in the township, do not necessarily represent the majority viewpoints of the subdivisions from which they come.

He said homeowners groups such as the Carriage Hills Homeowners Assn. which represents some 900 homes, are not allowed by their by-laws to appoint an official representative to such a committee.

Greenstein said, "We would have to ask Carriage Hills to unofficially appoint someone to represent them."

Schwall lambasted the number of "shall have the authority to's," and "shall be empowered to's" used in nine points of the plan:

"I think there's too much control and the whole concept has been emasculated," he said. "Giving authority to request members of the board or of the planning commission to be on the council - I think the board and planning com-

Boards eye rezoning

The Canton Township Planning Commission and Township Board were expected to consider the proposed rezoning of a 40 - acre parcel of land along Canton Center Road at a public hearing last night.

The property known as the Dembs - Sakwa land, was to be considered for rezoning from multiple dwelling to R - 1BC, residential with 80 foot lots.

The Dembs - Sakwa land will be dissected by the Canton Road cut - off project, which will eventually connect Canton Center Road with Sheldon Road between Warren and Joy Roads.

Legion honors outstanding citizens of the year

HONORED Saturday by the Passage - Gayde American Legion Post with citizens awards for their work in the community were (front row from left) students Paul Sincock and Terese Szilageyi of Centennial Park and Daisy Proctor, Dale Yagiela and Warren Yoder. Legion Post Commander Bob Finley (left) and program chairman Ernest Koi presented awards to Ralph Lorenz, Businessman of the Year; Henry Berghoff, City Policeman of the Year; Charles Van Vleck, Township Fireman of the Year; and John T. McRae, Industrialist of the Year. (Staff photo by Bob Cameron)

Anti-Mettetal Airport petitioners near goal

BY KATHY KUENZER

The airport committee of the Pickwick Association has announced receipt of nearly enough signatures on the petitions circulated throughout Canton Township to reach its 3000-name goal.

Bob Jackson of the community goals committee said

that as of May 18, signatures on petitions against purchase and development of Mettetal Airport by Canton Township had reached 2,850 and the committee intended to "scout up the other 150."

The petitions will be presented to the township board along with a formal presentation

by the Pickwick Association at the public hearing on the airport scheduled for 7:30 p.m., May 28, in Plymouth Canton High Schools.

Jackson said the airport committee, along with some 20 Pickwick homeowners, County Commissioner Royce Smith last week to hear his views on the airport acquisition.

"He was very helpful in our campaign," said Jackson, "and we found out some very interesting and helpful things with

regard to state-funds and other uses for the airport land."

Pickwick Associations members hope to convince the township that purchase and development of the airport would not be to the township's ad-

vantage.

Canton Supervisor Bob Greenstein said at the last township board meeting that the board "could" vote on the airport issue the night of the public hearing.

9-year-old boy dies in accidental shooting

A nine-year-old Canton Township boy was shot to death last Thursday evening when another boy's .22 rifle accidentally discharged in the basement of a home at 7500 Thornwood, according to the Wayne County Sheriff's Road Patrol.

A Sheriff's spokesman said Keith Allen Slovak, 9, and his brother, Joseph, 14, of 7230 Birken were playing with Frank E. Angel, 16, in the basement of the older boy's home on Thornwood.

He said Angel had been thumbing the exposed hammer before setting the gun down on a table. It had been cocked accidentally and Angel didn't know there was a shell in the chamber, the deputy said. As he laid it down it discharged, striking Keith Slovak in the chest.

Angel's mother heard the shot and ran downstairs. The Canton Rescue Squad responded to the call, but Keith was pronounced dead on arrival at Wayne County General Hospital.

DNR hearing set

The Michigan Department of Natural Resources will hold a public hearing on limited hunting in western sections of Plymouth Township Wednesday, May 28 at 1 p.m. in Plymouth Township Hall.

Township Treasurer Joe West will represent the township at the hearing.

Schools delay access road action

The Plymouth School Board Monday awarded a contract for nearly \$4.6 million to Felker Construction Co. for the construction of three elementary schools in Canton Township subdivisions.

The board delayed for 60 days, however, approval of Felker's bid of \$23,500 to add an access road to carry construction traffic to the controversial Windsor Park site.

Felker submitted the lowest of 10 bids. The work will be done for \$180,000 less

than the architects estimates and \$50,000 under what the board had budgeted.

Negotiations are continuing on whether fences should be erected to keep access road traffic off the adjacent fields between Lilley Road and the Windsor Park Site.

Hoedel expects an agreement soon. "I hope it's done by next Tuesday when we meet with the board," he said.

The circus comes to town

JUGGLERS' CLOWNS and acrobats were only a few of the acts that delighted Plymouth youngsters and their parents Saturday and Sunday in the first Plymouth Community Chamber of Commerce Circus at the Cultural Center. Although some chamber members said the turnout was not as great as they had hoped for, circus officials were pleased at the attendance. (Staff photos by Bob Cameron.)

Twp. woman killed in crash

A 36-year old Plymouth Township woman was killed early Saturday morning, May 10, when the car she was driving apparently crossed the center line on Hines Drive just east of Northville Road and struck another vehicle, according to Wayne County Sheriff's

deputies.

Sandra Faye Krumbach of 42599 Clemons Dr. died in the emergency room at St. Mary Hospital.

A passenger in her car, David Burd, 21, of 11653 Francis in Plymouth was taken to St. Mary, along with the oc-

cupants of the other car, Ralph A. Klecha, 28, of Westland, and Gerald Ponce, 31, of Detroit. All three were treated and released last week.

Plymouth Township and city rescue squads responded to the call, which came in at 2:51 a.m.

Flodin testifies on census bill

Canton Township Clerk John Flodin testified last Thursday before a Michigan Senate committee on an issue which could eventually mean more revenues for the township.

Speaking before the Committee on Municipalities and Elections, Flodin argued on behalf of Senate Bill 126, which, if passed, would provide for the taking of a special "mid-decade" census by municipalities authorized to receive or share in those state revenues which are based on population.

Flodin told the committee of the "plight of Canton Township", especially with regard to demands on the township for

fire and perhaps even police protection, should the Wayne County Sheriff end patrols on township roads. "I

am not pleading poverty," said Flodin, "but as a charter township we can and are levying all five mills we are permitted, and we are operating on 1970 census figures."

The clerk said if the formula for revenue sharing were changed, the township would benefit. "The formula is based on population, and although the entire 'pie' would not change, the division of it would," he said.

Flodin later said large cities which have lost

population are understandably against the bill. "They are currently receiving the same money, but have lost population since the 1970 census."

"I think there's hope for the bill," Flodin commented. "There's no set timetable for but hopefully it might pass this legislative year."

Canton Township is currently conducting its own census under the auspices of the secretary of state's office.

Flodin said the probability exists that the current census would qualify retroactively as a mid-decade count, such as that prescribed in the proposed bill.

Mail service increased

The Postal Service is now making 5 p.m. pick-ups runs to mail boxes in five key Canton Township locations in order to improve mail service there, according to Plymouth Postmaster Art Mulligan.

Traditionally Canton mail had been picked up only when carriers made their regular deliveries.

The five boxes - starred to indicate their new status - are located at Hanford and Lilley, Ford and Lilley, Meijer Thrifty Acres, K-Mart and Handford and Sheldon.

"We're trying to improve service down in Canton," Mulligan said, "It's a step toward

helping Canton establish an identity of its own. It shows that Canton does have the problems of a large Metro area."

He said the service, designed to make it easier for residents to mail letters on their way home from work, is in response to a request from Supervisor Bob Greenstein that the Postal Service consider measures to speed township mail.

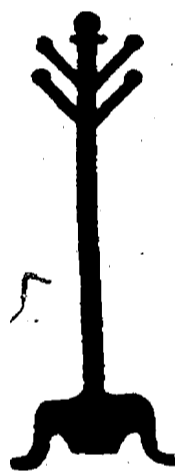

Mulligan said his next goal is to set up a contract station in a township business establishment that could provide many of the services of a regular post office.

Dog tag deadlines

Plymouth Township residents take note - after the May 31 license expiration date a dog license will cost you \$5.

According to the township treasurer's office, there are more than 2,000 dogs in the township, but fewer than half that number are licensed.

The township has received complaints of dogs running loose - sometimes in packs of three and four - and scaring small children and raiding trash. The township ordinance holds that all dogs must be tied up or kept in a fenced area. Excessive barking is also a violation of the ordinance.

Dogs picked up by the township dog warden will be

impounded. If they're not claimed within 72 hours, they'll be sold or destroyed.

To get your dog license, bring in a valid rabies certificate.

City Clerk Paul Brumfield has notified city dog owners that May 31 is the deadline for obtaining dog licenses there. Brumfield said owners of all dogs older than four months and not vaccinated and licensed will be subject to ordinance violation tickets.

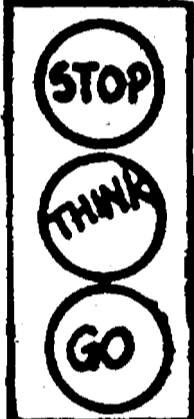

Licenses may be obtained in the treasurer's office in City Hall, 201 S. Main, Monday through Friday from 8 a.m. to 5 p.m. The fee is \$2.

Candidates night set

The public is invited to attend a CANDIDATES NIGHT to meet the candidates Voters of Northville - Plymouth - Canton - Novi will be Thursday May 29 at 7:30 p.m. in the Plymouth - Canton High School auditorium.

Candidates Joseph Gray, Flossie Tonda, Elden Thomas,

running for the Plymouth School Board in the June 9 election. The meeting, sponsored by the League of Women Jack Wiegand, Leslie Cavell and Thomas Yack have been asked to speak for four minutes on a topic related to their candidacies. Written questions will be accepted from the audience.

'You know, you're got
to make up your mind'

Among the difficult responsibilities of elected office is that of making a decision.

It would seem the Plymouth School Board is once again on the verge of crumbling from a previously-made decision. The adage for our current school board, should it change its mind on the 45 - 15 year round school program is: bring something up often enough and the decision will be reversed. (Like varsity hockey.)

On important program changes, such as those entailed in 45 - 15, it is important that the people's opinions be considered in the decision making process. But that does not mean that the program must come up for discussion at every school board meeting simply because some people are still opposed to the board's position.

There is a rather crass expression which applies to this situation - something to the effect of getting off the toilet when you really don't need to be tying it up.

Last year, 45 - 15 was proposed as a trial program for getting more kids per desk and a more continuous educational program (remember how every summer vacation you used to forget everything you learned in school the year before?).

The unsettled teacher negotiation scuttled the program even though the two - year contract which the teacher finally agreed to was less costly to the district than the one they rejected to let the pilot year round school program go down the tube for 1974.

But 45 - 15 was negotiated as part of the two - year contract, so the way was greased to have the pilot program start this summer at Miller Elementary School - as planned for last year, just one year late.

Sometime between last year and now, though, there's been a change in heart among some who supported the program a year ago. That shift in feelings is now raising second thoughts among some school board members.

Now it's possible the matter will come up before the board again - and it's possible the board could change its mind.

If it changes its mind on 45 - 15 this time, will the school board have put the matter to final rest, or will it change its mind again when the pro - 45 - 15 parents raise a stink?

Maybe this sort of fence straddling is a disease of the political process that becomes even more contagious before an election in which some board seats are up for grabs and a large millage must stand the vote.

But how can the Plymouth School Board forget so quickly that the bond issue passed last year by district voters was supported by many parents who thought the with the planned 45 - 15, the district was getting maximum, year round use of its limited school space?

How quickly the politicians forget.

Sometimes it even seems they forget how they voted at the previous meeting.

Existing facility overcrowded

New school bus garage is one of higher priorities

There's more to the physical plant of the Plymouth Community School District than meets the eye at the corner of Jay and Canton Center.

Our high schools may be model facilities, but schools should be. But anyone who is lulled by the sight of Centennial Educational Park into thinking everything is as up - to - date, should drop by the bus garage and transportation office on Mill Street north of Ann Arbor Road.

Check out the office, a 10 x 15 cubicle in an old house where five grown people are supposed to coordinate the transportation needs of a district which moves 7,000 of its students by bus.

Check out the lounge that was once a living room (It's right next to the office.) When 60 drivers have to squeeze in there for a meeting it's a standing room only.

Check out the toilet facilities. Fifty - six women drivers share one toilet between them - a particularly critical shortcoming in that line of work.

Finally, check out the garage - the place where our skilled mechanics are supposed to render the buses but where

only two busses can fit inside at a time. Watch all the mechanics work out of one toolbox on a winter day when there's mud and snow on the concrete floor and no hoists to keep them dry when they have to work underneath a bus.

Long before your checklist is complete you'll probably conclude that a new bus garage is not only desirable, but one of the higher priorities we have in the school district somewhere ahead of hockey.

The school board would likely agree with you. But board members can't seem to

get together on where a new bus garage should be built. Long range plans call for locating it on the Centennial Educational Park site. Short range plans call for adding five bays at the Mill Street

Board Vice President Marda Benson insists a closer look be taken at the Park site, Treasurer Tom Yack, who was a member of a committee which researched the question, supports the Mill Street addition.

Let's do one or the other soon. Many of the bus drivers don't seem too particular one way or the other, they'd just like an adequate place to work. Right now that's lacking.

Opinions

THE COMMUNITY CRIER

Super' calling CAC shots

Canton Township's new Citizens Advisory Council (CAC) may seem at first glance to be a complete and well - devised plan to give citizens in the township an advisory role in community affairs.

The ingredients are all there: method of selection of a scattered group of representatives, power to study community concerns and needs, power to recommend ordinance changes, power to recommend priorities to the township budget, means of financial support, etc.

Unfortunately, reading "between the lines" of such an organizational outline is only possible for those who have tried to follow the steps through which the CAC evolved.

From the beginning, it's been apparent that Canton Supervisor Bob Greenstein wanted the CAC organized to be "his way".

While he charges the AD HOC committee that was loosely composed of citizens interested in the formation of a CAC to set up a council to consider "broader aspects beyond a zoning and planning study," he responded to its efforts with criticism and rebuffs.

The overriding problem has been with selection of membership. The committee wanted equal representation by voting precinct. Planner Mike Manore, who served as chairman of the committee, proposed his own scheme of member selection, and at that time (in early February), Greenstein supported Manore.

Manore's plan called for three nominations each from homeowners, civic associations, and other major interest groups (farmers, business), with township board selection and approval of one of the three.

Somewhere along the way, Greenstein became unhappy with that scheme and devised his own. He wanted membership to come solely from organized homeowners' associations, with one representative also from the chamber of commerce and one from the Farm Bureau, again to be approved by the board.

The question is, what was wrong with the Ad Hoc Committee, suggestion? If it is indeed to be a Citizen's Committee, then shouldn't citizens have some say in how they are to be organized?

Greenstein says the board must approve the committee membership because the CAC is to be funded by the township. - must its members also be approved by the board? Or is the board not worried that the senior citizens might put them on the spot from time to time, like a CAC might?

The first duty of the new CAC will be to report to the board "those areas not represented" on the council so that the board may appoint representatives from such

If those appointments run along the same lines of other appointments made in the township under the new administration, then the CAC could very well be "rounded out" with Greenstein friends and political cronies.

No, Mr. Greenstein, maybe you can't understand why this CAC problem has had an "undercurrent of politics." But some observers in the township wonder why the Ad Hoc committee even wasted its time on the membership section of the CAC, when all along you had a plan in mind.

It is a sad thing to report, but the notion is spreading that Canton citizens feel they have a voice so weak as to be nearly unheard.

The method by which the new CAC was pushed onto the township only reinforces this attitude.

KATHY KUENZER

.46 mills not a 'renewal'

The May issue of the "Central Middle School Bulletin" outlined the Plymouth schools June 9 millage request as follows:

Renewal - 5.15 mills operating costs (no increase)
Renewal - .40 mills safety millage (no increase)
Renewal - .06 reduce debt retirement (no increase)

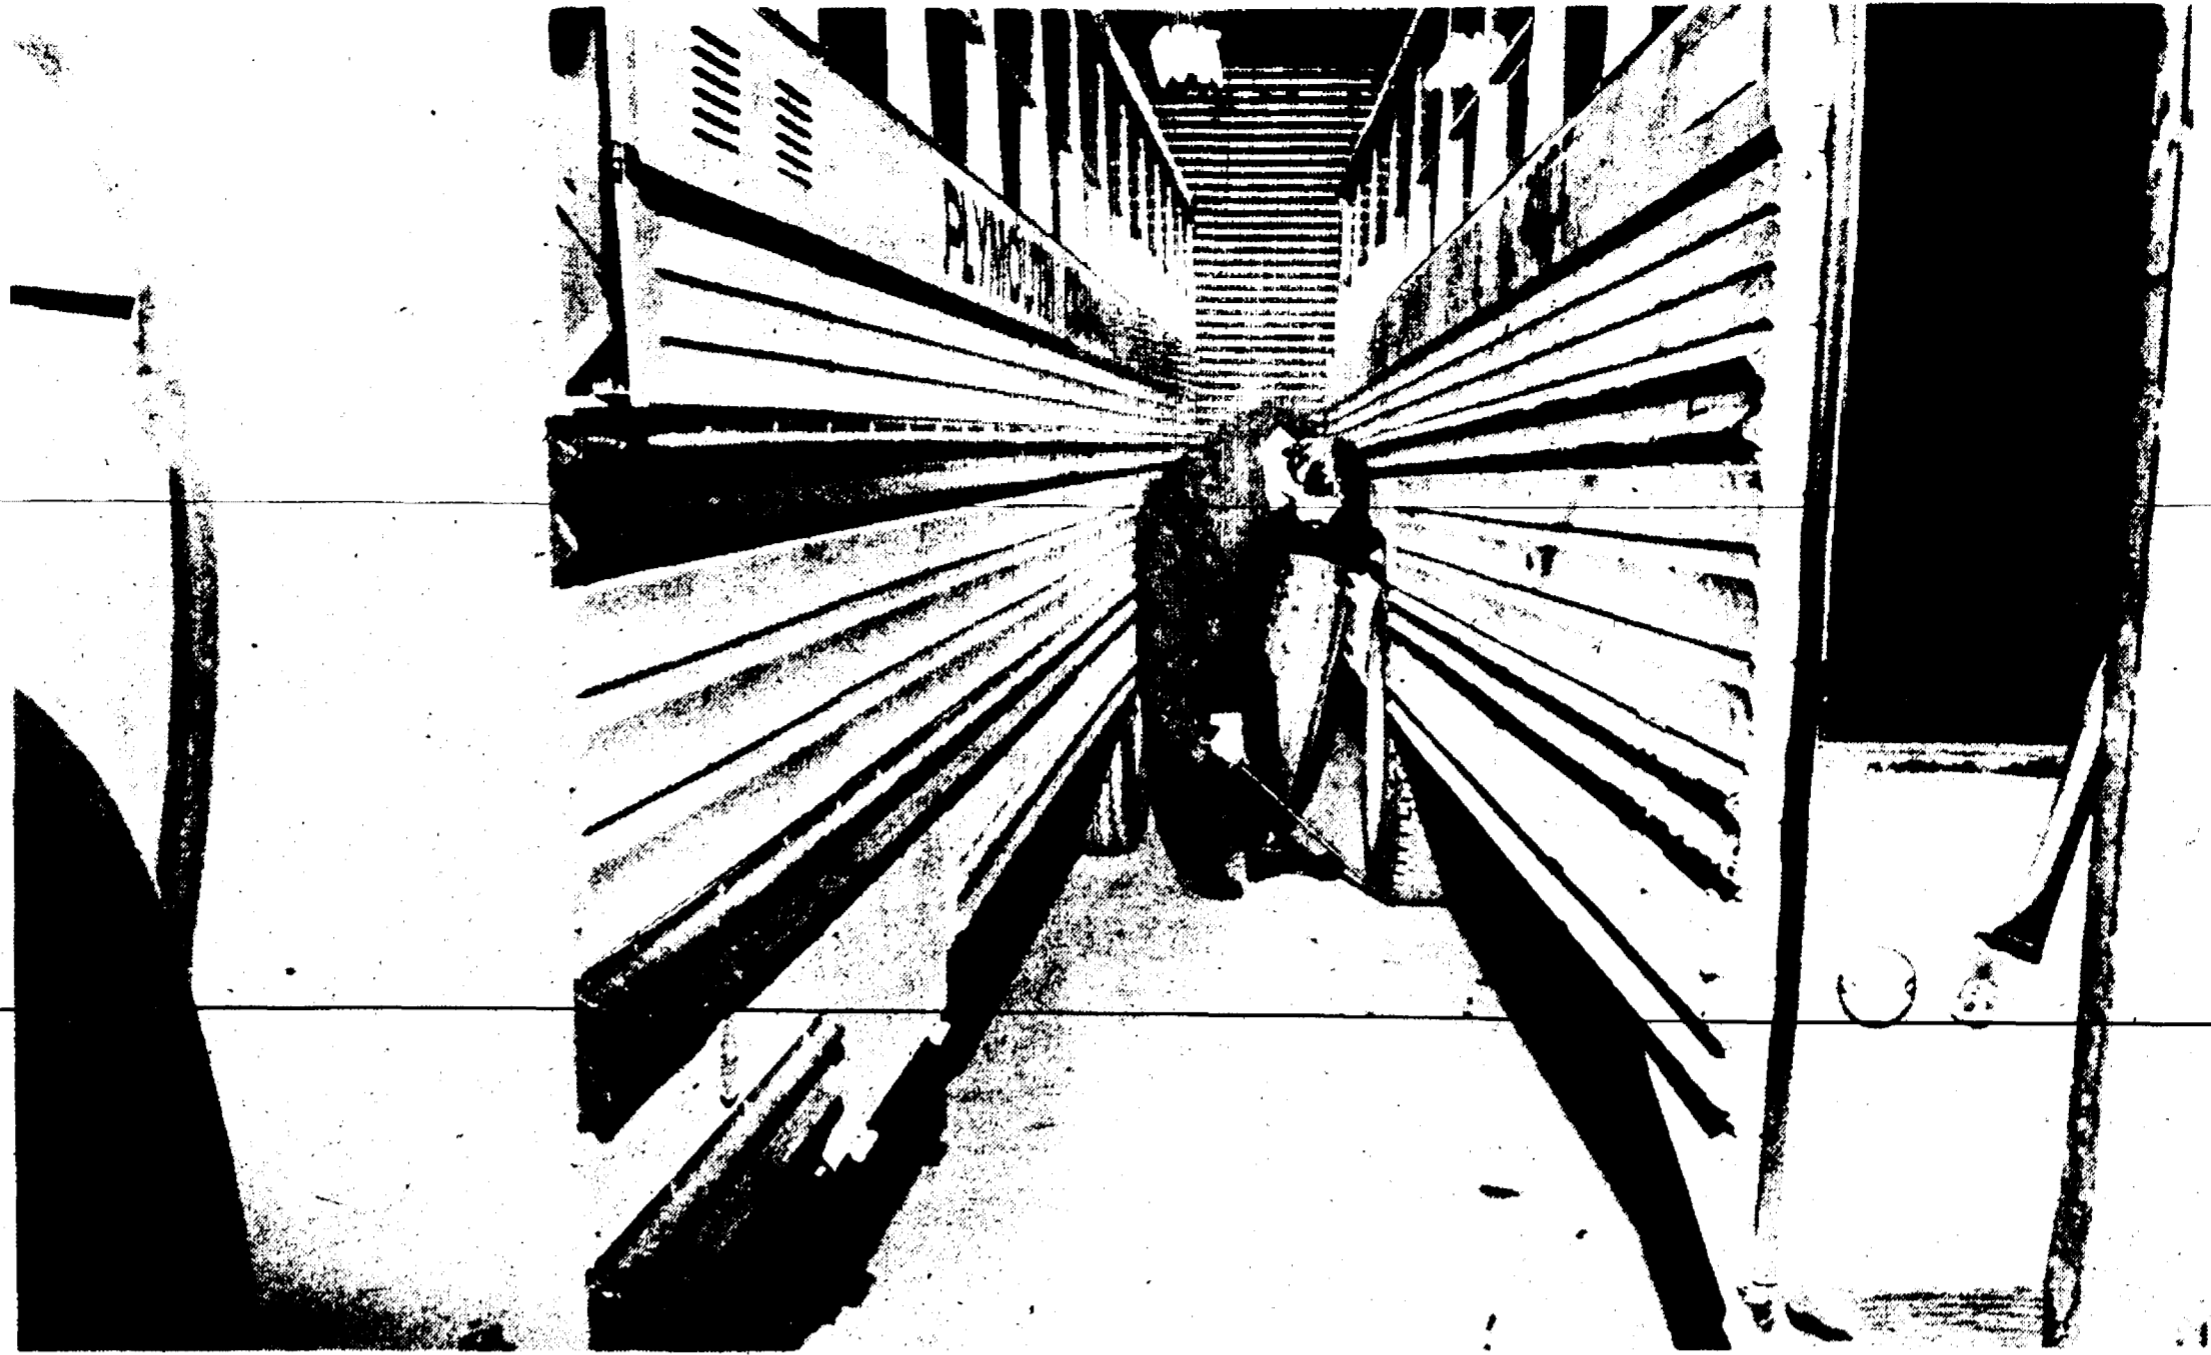

In one important way the newsletter is correct: approval of this year's millage request would mean no increase in the school district tax rate.

But the .46 mill which was earmarked last year for safety need and debts retirement is a replacement this time around for those expiring levies.

Tight squeeze

BUS MECHANIC GARY HOUSEMAN and his colleagues are sometimes a little short on elbow room in the narrow work spaces of the Plymouth School District's "two-stall" Mill Street garage.

Photos by Bob Cameron

A "temporary" situation?

Buses, drivers feel pinch in school garage

BY HANK MEIJER

School bus mechanic Gary Houseman changes bus tires while wedged between two vehicles and endures mud and slush in winter to work under buses in a garage without hoists.

Such inconveniences are facts of life at the Plymouth School Mill Street bus garage. Asst. Supt. Ray Hoedel and transportation director Bob Houghton make no bones about it: they say the need for a new garage is critical.

Plymouth's 42 buses and seven vans transport 7,000 youngsters - more than half the district's student population - to and from school every day.

Right now that fleet operates out of the Mill Street busyard, which consists chiefly of a two-stall garage and a cramped office in an old house.

The school board last week defeated a proposal to build a new \$192,000 garage adjacent to the existing facility.

Houghton said his staff is approaching the point where it can no longer make do. They work out of a tiny room that's almost always noisy, because it adjoins the drivers' lounge area - once a living room - which is the only place dozens of drivers can gather for coffee or meetings.

When they're all in at once, nobody sits down. Then too, the district's five dozen women drivers share a single toilet.

"When 60 women come in it gets drastic," one said.

Long range proposals call for construction of a new garage on the grounds of Centennial Educational Park. A committee of board members and administrators more recently suggested the addition of a temporary garage on the Mill Street property that could be converted to another use when and if a new facility were built.

Houghton says he would like to see a new complex built at the Park, but right now he's not particular where it goes, so long as it goes somewhere.

"Eighteen months ago we started working on plans for a new bus garage," he said. "Some of the board members want a complete complex, I commend them on that. But we've played around and played around and I can't wait any longer."

The district's two-stall garage next to Middle School East was converted from a furniture warehouse. There's room inside for two buses - barely - but according to Houghton that's a generous estimate.

Chief Mechanic Cal Heard has what he calls the community toolbox - it's the only one for four mechanics.

"That's like everybody in an office using one typewriter," he says.

Major maintenance needs must be referred to commercial garages or body shops, according to Supt. John Hoben. The district simply lacks the facilities and equipment to look after its fleet properly.

There's no hoist to raise up a bus for work underneath. That means that in winter, when the floor is wet and muddy, Heard and his crew have to crawl under the buses. "We're soaking wet all winter," he said.

There's no toilet either. "If you've got to take a leak you head for East Junior High or make a run for the transportation office or make for the woods," adds Heard.

There's no sink and toilet, but amenities aren't all that's lacking, Houghton said. As government school bus regulations get more stringent, district facilities for keeping buses shipshape will be forced to keep pace.

Heard cites the likelihood of required emission testing and closer attention to dents and rust spots.

Several buses will soon be radio-equipped, a result of a safety millage funds approved last year. Houghton is happy about that, but his office is a little short of space for a receiver.

Tires are at a premium, he notes. When the district get its 11 new buses later this year, their rear tires will be exchanged for older ones already in stock and placed on the front axles of older vehicles.

Houghton contends that despite appearances, he doesn't have a spare bus.

"How do you sell the fact that you may have a \$10,000 piece of equipment sitting there, but when some kids are waiting, its expected to roll?"

Sixty per cent of the district's 54 square miles of roads are gravel. In two days last week, Houghton said, there were four breakdowns. He had no spare buses, so drivers had to double up some of the routes.

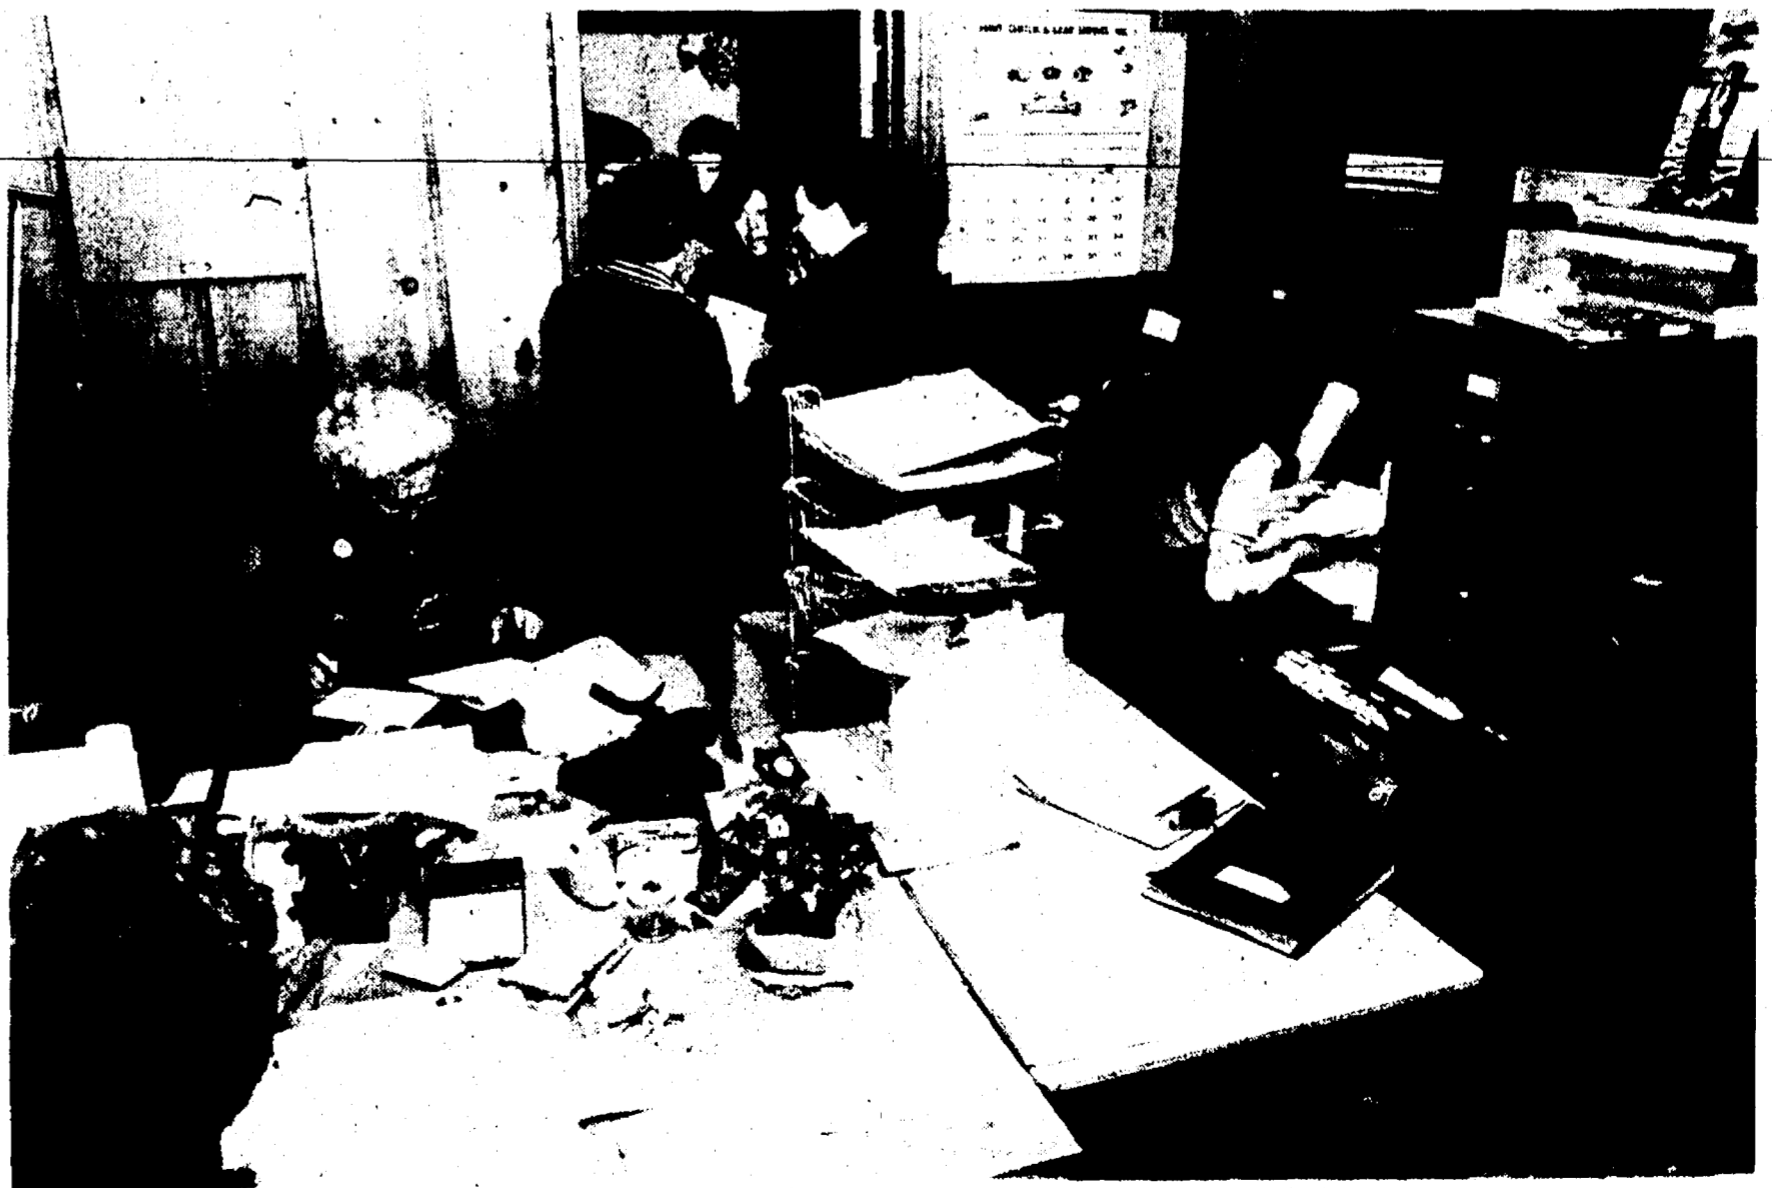

If the board approves the temporary addition for the Mill Street garage, four new stalls would be added. The current facility would be converted to a bump shop. Cramped office space would also be relieved.

"We've been here temporarily for seven years," said transportation staff member Loretta Olson. "The area is just too small for what we need." She noted also, that many of the drivers have to park their cars in the adjacent VFW parking lot - there's room for buses, but not many cars in the busyard.

Houghton feels the district can let the need for bus garage improvements slide no further.

Be it a reserve vehicle or a stall in which to do emergency work or an extra toilet, he said his department can't wait much longer.

"I like to operate with an ace in the hole," he says, "but I've used up all the aces I've got."

TRANSPORTATION DIRECTOR Robert Houghton (kneeling at right) and members of his staff moved into this "temporary" office in an old house at the busyard seven years ago.

Bumpy road

BY KATHY KUENZER

They say no man is an island, but what about Truesdell School?

If you try to drive to Truesdell on Haggerty Road in Canton, you'll soon find out why pizza drivers and milkmen alike are vowing that every run will be their last.

Travelers probably feel like they're "going down for the last time" when they try to drive that treacherous stretch south from Ford Road to Michigan Avenue.

According to residents and people who work on Haggerty south of Cherry Hill, the road is hazardous, destructive to their cars and predictably bonejarring after rainy weather or thaws.

Teachers Rosetta Maddick and Pat Trout and secretary Barbara Blacklock at Truesdell School on Haggerty say the road's condition is a real surprise — and not a pleasant one — to substitute teachers and other visitors. Mrs. Maddick rumbles in in her husband's truck because she's tired of ruining the shock absorbers and springs on her own car.

The janitress at the school tore off her car's muffler and damaged the gas tank, which left her stranded one day without fuel.

The school milk truck driver threatened to stop deliveries at Truesdell after breaking an axle on his truck. Even local pizzerias have refused to deliver out Haggerty since hearing reports from their drivers about its deplorable conditions.

Flossie Tonda, chairman of the Plymouth schools safety committee, says about 12 buses use the road every day and few come through unscathed. "It has done much harm to our buses," she said.

Last year drivers complained and complained about the hazardous conditions, but this year they've been quiet. Truesdell teachers feel that may be because the drivers are convinced their gripes will have little effect.

Mr. and Mrs. Ernest Pitchford, managers of the Canton Commons apartments on

A NEW PREFABRICATED Clubhouse will soon be open to golfers at Plymouth Township's Hilltop Glen Golf Course on Ann Arbor Trail at Powell Road. The two halves of the

structure were set in place and attached Monday. The facility will replace the clubhouse ramshackle old clubhouse in the background. (Staff photo by Bob Cameron.)

Haggerty, report similar complaints from tenants there. Some have moved out because they were sick of traveling the rutted road.

"Sometimes people will drive another road south to Michigan Avenue, then come north on Haggerty, rather than drive the stretch south of Cherry Hill," Mrs Pitchford said.

While the Wayne County Road Commission has been "good about graveling and grading," the condition of the road is generally poor. Water runs off fields on either side, leaving a narrow path of chuck-holes down the middle.

The Truesdell teachers recall that last winter a large, deep hole submerged under the water just south of the Cherry Hill intersection required some cars to be towed out.

To compound the Haggerty Road situation, it has been announced that I-275 will be opening "sometime in June" between Schoolcraft and Ford Roads. Some area residents drivers may take the new highway from Schoolcraft to Ford, then "attempt" to drive down to Michigan Avenue by way of Haggerty.

'Local control for WR'

The Canton Township Board has gone on record against any development of Willow Run Airport that would be outside of local control.

In a resolution passed unanimously by the board, it was stated that the trustees were in support of Michigan House Resolution 134 and Senate Resolution 114, which, if passed, would express legislative intent that "any development at Willow Run Airport shall be left to local control."

Central band

The 68-member Central Middle School Band, under the direction of Michael DiCuirici, will perform in concert tomorrow (Thursday) from 11:30 a.m. to 12:30 p.m. on the mall of the state capitol building in Lansing.

Central is one of only three Michigan middle schools invited to play as part of Michigan Week festivities.

The board further amplified its resolution by designating that "local control" meant communities surrounding the airport (Canton Township, VanBuren Township, Ypsilanti), and not Wayne County.

Canton picks tree chairman

Canton Township's plan to plant 1776 trees as part of a local bi-centennial celebration is now in the hands of a chairman.

Supervisor Bob Greenstein announced at the last township board meeting that John Cojei has been named to head a committee in charge of planting the trees throughout the township.

The Northwest Canton Homeowners Assn. has already donated the first check for purchase of the trees. Other community groups, homeowners and individuals are being urged to participate in the tree-planting program.

Community Obituaries

Stephen
Jemima Stephen, 83, of 379 Joy St. Plymouth, died May 5 in Grace Hospital, Detroit. Services were held in Schrader Funeral Home with Rev. Otto F. Hood officiating. Burial was in Riverside Cemetery.
Mrs. Stephen is survived by her daughters, Mrs. Christine Martine of New Jersey and Mrs. Mabel Kapp of Plymouth; sons, George of Garden City and William of Livonia; and two sisters, one brother in Scotland and 10 grandchildren.
She was a housewife.

Burrell
James D. Burrell, 57, of 50160 Cherry Hill Rd., Canton Township, died April 18 in St. Joseph Mercy Hospital. Services were held in Schrader Funeral Home with Rev. Leonard Ritsler officiating. Burial was in Cherry Hill Cemetery.
Mr. Burrell is survived by a brother, Everett of Livonia; and sisters, Mrs. Helen Lobbestael of Deerfield Beach, Fla. and Mrs. Betty Freedle of Cherry Hill. He was a native of Cherry Hill and a millwright.

Speers
Raymond S. Speers, 80, of 47145 Ford Rd., Canton Township, died May 3 in Wayne County General Hospital after a long illness. Services were held in Schrader Funeral Home with Rev. B. Edwin McDonald officiating. Burial was in Thayer Cemetery.
Mr. Speers is survived by his wife, Eva; a daughter, Ann Cude of Livonia; sons, Neil, George and Ivan, all of Plymouth, and Dee of Ann Arbor; two sister in Canada and eight grandchildren.
He came to the Plymouth - Canton area 50 years ago and was formerly an auto mechanic. He was a member of the Church of the Nazarene.

Fleischer
Arthur G. Fleischer Sr., 50, of 8899 Rucker, Plymouth Township died April 28 in his home.
Services were held in Schrader Funeral Home with Rev. Dennis Metzger officiating. Burial was in Cadillac Memorial Gardens West.
Mr. Fleischer is survived by his wife, Dorothy; sons, Arthur Jr. of Pontiac and Craig; a daughter, Mrs. Judy Henry of Plymouth; a sister, Mrs. Esther Freer of Farmington; a nephew, Terry; of and two grandchildren.

He worked at Burroughs Corp. and was a former leader of the Merri - Men Combo. He belonged to the Moslem Shrine, Dearborn, the Plymouth Elks 1780 and Highland Park Elks 468.

Fraze
Karen M. Frazee, 24, of 35512 Elmira, Livonia, died May 4 in St. Joseph Mercy Hospital, Ann Arbor. Services were held in St. Peter's Evangelical Lutheran Church with arrangements by Schrader Funeral Home. Rev. Leonard Koeninger officiated. Burial was in Parkview Memorial Cemetery, Livonia.

Mrs. Frazee is survived by her husband, Jerry; her parents, Mr. and Mrs. Harold R. Frederick of Plymouth; sisters; Mrs. Jean Appleton of Novi and Miss Gayle Frederick of Plymouth, a brother, Stephen Frederick of Plymouth; and grandparents, Mrs. and Mrs. Herbert Ulp of Plymouth and Ernest Frederick of Pennsylvania.

She was a housewife and a lifetime area resident. She was a member of St. Peter's Evangelical Lutheran Church.

Hay
Jan Marie Hay, 23, of 449 Sunset, Plymouth died April 19 in Univeristy Hospital, Ann Arbor. Services were held in Schrader Funeral Home with Rev. Henry D. Welch officiating. Burial was in Riverside Cemetery.
Miss Hay is survived by her parents, Mr. and Mrs. Jack Hay Plymouth; a brother, Danny of Plymouth; and grandparents, Mr. Mrs. Clyde Goodrich and Mrs. Lillian Hay.
She was a creative arts teacher at Bird and Central elementary schools.

Top-ranked Chiefs cop Anders title

BY DENNIS O'CONNOR

It was a long wait, but under the lights Monday the Anders crown belonged to Canton.

All in all, not a bad week. The Plymouth Canton baseball Chiefs came up with five wins in as many tries to raise their overall record to 15 - 2 (18 - 2 including Cincinnati.)

But the rewards behind these victories are the thing to behold: the Chiefs not only clinched a tie for the Western Six League title with two wins over Walled Lake Western, but took home a title as winners of the 11th annual Les Anders Tournament by beating Garden City East in the finals Monday night at Ford Field.

To top things off, the Chiefs reign as No. 1 team in Michigan by virtue of their winning record.

Canton won the Anders trophy with a 4 - 2 thriller against East in which they collected only two hits, but to advantage of every break along the way to come up winners.

A single, two sacrifices and a triple put Garden City up 2 - 2 - 0 in the fourth, but the Chiefs came back in their half of the inning to tally one as Tom Close lead off with a double and his pinch runner, Steve Dugan, eventually scored on a bases loaded walk to John Young.

Canton put the game away for good with an exciting three 0 run rally in the sixth. Mike Verduce lead off with a single, Dave Pink walked and Bill Parson was safe on an error that loaded the bases. Keith Randazzo followed with a scoring Verduce. Scott Dunagan knocked in the winning run as pinch runner Ed Pariseau scored on a safety squeeze bunt. Chris Martucci's sacrifices fly to deep center-field scored aParson rson with an insurance run.

Parson, in relief of starter Martucci, went the last two and two - third innings and got the win. He allowed no runs and gave up just one hit

Sports

route to his ninth victory of the season.

Junior catcher Tom Close was voted the most valuable player of the tournament. Close not only played a great defensive game behind the plate, but collected one of the two Canton hits Monday and smacked a grand slam in the semifinal win against Farmington Harrison.

The semifinal game of the Anders tournament Saturday saw the Chiefs drop Western Six opponent Farmington Harrison at Ford Field. It was no contest. Canton scored four in the third two in the fourth and five more in the sixth inning to win by the mercy rule, 11 - 2 in six innings.

With bases loaded in the third, catcher Tom Close teed off on a 2 - 0 pitch and sent it sailing over the left field fence some 350 feet away. Field umpire Ed Mies said that in his seven years of umpiring, he has never seen a high school player hit the ball over any Ford field fence. Keith Randazzo, Scott Dunagan and Brian Stemberger all scored on the grand slam in from of Close. Canton made it 6 - 0 in the fourth when Stemberger scored Bill Parson with a single.

Parson went the first five innings on the mound and Chris Martucci finished up the sixth. Parson got the victory, giving up only six hits.

Earlier that same day, Canton beat Farmington High 12 - 12 - 4 in a non - league game at Central Middle School. Sophomore John Young went all the win or the win, smacked a homerun and knocked in threeruns to help his cause.

Martucci hit a solo shot over the fence.

Canton pounded 17 hits in the contest, three coming from Stemberger and two each from Dunagan, Randazzo, Close and Young. Stemberger and Randazzo had two RBIs each.

The two league games against Walled Lake Western saw Canton win twice, 18 - 8 and 13 - 2. The Chiefs recorded 12 hits in each game.

The clash Thursday was deadlocked at 8 - 8 after seven innings before Canton broke loose, sending 14 men to the plate in the eighth to score 10 runs. Young, in relief of Martucci, was the wimmer, potching the final three and one - third innings. Martucci pitching the final three and one - third innings. Martucci and Close both hit homers. Stemberger picked up three more hits.

It was more of the same in the Wednesday romp as Close continued his awesome homerun hitting, sending another grand slam over the left center field on a line drive. Young and Mike Verduce complemented Close's eddorts as they each hit three - run homers.

Pariseau, Parson and Bob Steyaert knocked in the other

Parson worked the first four innings and picked up the win. Young finished the game with three innings of relief.

CHIEF CATCHER Tom Close gets a greeting from Coach Fred Crissey as he rounds third after sending a grand slam over the fence at Ford Field in Saturday's 11 - 2 Anders semifinal romp over Farmington Harrison.(Staff photo by Bob Cameron.)

A PICK OFF PLAY worked at first base Saturday in the Harrison game as Chief pitcher Bill Parson caught a Hawk runner leading off.

Thomas, Willette combine in triumph

Rocks drop Trenton 3-1, grab Sub-8 lead

After winning two Suburban Eight League contests this week, the Plymouth - Salem baseball Rocks find themselves alone in first place with an 8 - 3 record (not including yesterday's game with Allen Park.)

Plymouth beat Trenton last Friday 3 - 1, and Dearborn Tuesday in an extra inning game, 4 - 3. These victories raise the Rock's record to 12 - 12 - 5 overall for the season.

The Trenton Trojans scored an unearned run in the first inning off starter Chuck Thomas, but that was their last tally as Thomas, with relief help from Tom Willette in the sixth, shut out the Trojans the rest of the day. Thomas didn't walk a batter in his five and two-thirds innings of work as he scattered five singles and struck out three. Willette was untouchable. He struck out

four of the six batters he faced, picking up the save.

John DenHouter scored in the fourth inning on an RBI single by Dan Moore. Moore quickly came home with the go ahead run on a single by Thomas. The Rocks added an insurance run in the seventh when Dave Pierce singles, stole second and scored on a double by Plymouth's leading hitter, Charlie

Johnson.

The Rocks notched nine hits, including three by Johnson and two by Pierce. It took them nine innings before they came up with a victory over the Dearborn-Pioneers. The Rocks left 14 men on base during the game, as seven scoring chances in the late stanzas failed.

The winning run came with no outs in the ninth when Johnson was safe on an error, went to second on a Tim Dillon single and came home on a double by Howard Inch. Plymouth's earlier runs saw them score twice in the third,

as both Pierce and Doug Tripp picked up RBI's. A third run came in the fourth as Willette scored Dillon with a single.

Willette, the left handed ace of the Rocks staff, went the distance, recording his eighth win of the season. The fireballing southpaw struck out 18 batters as he threw a three hitter. Tom's strongest innings were the seventh, eighth and ninth, as he finished the game retiring the final 10 Pioneer batters in order, eight on strike outs. Dearborn tied the game at 3 - 3 in the sixth, as Willette gave up two earned runs, his first in over 35 innings pitched.

DeMerritt qualifies in 220, 440

Mark DeMeritt of the Plymouth - Salem track team was the team's only state qualifier in regional competition Saturday at Livonia DeMerritt took a first in the 220 dash with a 22.4 closing and finished second in the quarter mile run with a 49.1. These were the best times Mark has run all season.

Ted Burton and Kim Woody placed in the shot put and pole vault respectively, but failed to finish high enough for state competition. Woody was fourth and Burton fifth.

As a team Plymouth ended up with 12½ points. Redford Union was the team winner of the 18 - squad Regional.

mile and Kleam on top in the two mile. Burton Woody and Bob Spisich were first in the shot put, pole vault and high

jump respectively. DeMeritt won the 220 and the 440, with the 880 relay team also placing first.

The Plymouth - Salem girls track team finished fifth in the 12 - team regional held last Saturday at Farmington High School.

Jackie Croci was the only individual winner for the Rocks as she finished in second place in the 440 run with a personal best and school record time of 57 - 9. The 880 and mile relays qualified for state competition with second place finishes. The 880 of JoAnn Langkable, Polly Richards, Barb and Jackie Croci twins came in with a 4:11.7 clocking.

Chief nettors finish seventh

The Plymouth - Canton tennis team picked up seven points on its way to a fourth-place finish in the regionals last Saturday. First singles Steve Prueter qualified for state competition as he won his way to the finals before losing the final match. The doubles combination of Bill Schulz and Greg Sweet went all the way to the quarterfinals before bowing.

The Chiefs evened their match competition record at 5-5 overall with a 4 1/2-3 victory over Walled Lake Western last Wednesday (May 14). All

three doubles matches were won by the Chiefs along with Prueter's singles victory.

The Plymouth - Salem tennis team finished third in the regionals held last Saturday at the Plymouth courts. Only Livonia Churchill and Northville finished ahead of the Rocks in the 10-team tournament. Plymouth scored eight points, lead by the semifinal finish of first doubles Curt Schultz and Greg Andrews.

In match competition during the week, Plymouth kbeat non-league opponent Livonia Stevenson 6-1 for the Rocks' fifth win of the season.

NEW DUGOUTS have been added to a varsity baseball diamond at Centennial Educational Park, thanks to a little help from Bidwell Masonry Co. and the Plymouth Elks Club. Bidwell built the facilities, with aid from the Elks. Don Bidwell (left), Mert Williams of the Elks Club and Plymouth - Salem Principal Bill

Brown joined members of the Salem Rocks recently for a look at one of the new shelters. Flooring material to protect players cletes is still being sought. Anyone with a donation is invited to call Centennial Park at 453-3100 and ask for Wayne Sparkman in the counseling office. (Staff photo)

Canton thinelads stumble

The Plymouth - Canton boys track team didn't fare too well in the Class A at Livonia Stevenson Saturday. Mike Potter was the only Chief to place, as he took a fifth in the 880 run. No Capton thin-

elad qualified for the state meet.

Potter, who ran a 2:00.1 in regional competition also won the 880 race in a dual loss to Waterford Mott last Thursday, 77-46.

Rick Thom went six feet even in the high jump to take a first and establish a new school record. Phil Schulte won both hurdle events and Jim Mack won the pole vault competition. The other first for Canton was its mile relay team.

Plymouth School Board Minutes

PLYMOUTH COMMUNITY SCHOOL DISTRICT BOARD OF EDUCATION MINUTES

Following is a synopsis of approved minutes of regular meeting of the Plymouth Board of Education held on April 28, 1975; all members being present, as well as administrators and about 150 guests. Corrected minutes of the meeting of April 14, 1975 were approved.

Suggestions from Citizens: Elden Thomas representing Miller School parents spoke on the 45-15 program and presented a list of names and addresses to the Board of parents opposed to the program. He announced his candidacy for the School Board. (Other parents asked to speak when the program was discussed on the agenda.) A list of questions for consideration by the Board was presented by Mrs. E. Love concerning the 45-15 program, and L. Zimmerman asked to go on record as requesting his children be bussed out of the area if 45-15 were started. E. Marville commented that parents are forming committees in the Miller School area, and asked for more information on how 45-15 relates to the whole school district.

Administrative Action Items: Michigan Educational Assessment Test Program results for this District were presented by Dr. Page, comparing Plymouth with State-wide results indicating an upward trend in achievement in this area. Test results are available to parents at each building through parent conferences if so requested. Bids for sale of School Site No. 4 (Haggerty Road property) were opened and read. They were referred to legal counsel for a recommendation. The date of the May 26 meeting of the Board was changed to May 27 at the same location and time. Final bid date for elementary school construction was also changed to May 8 in the Board offices, as a result of requests for changes in plans by the Canton Township Engineering office. **Business Administration Action Items:** Bills for payment in the amount of \$582,470.30 were approved. A one-year lease of Hough School was approved, at the cost of \$1.00 to the Plymouth Children's Nursery, with the Nursery also responsible for necessary fire insurance, but School District responsible for any water hookups found to be necessary. The contract to resurface 4

tennis courts at Central Middle School was awarded to Souter Construction Company for a total price of \$7,696, and charged to Building and Site Fund No. 4 (under the 1974 Bond program).

Instructional Administration Action Items: Progress on implementation of 45-15 program at Miller School was reported by Dr. Leary, including forming of Steering Committees, setting up calendars for tracks, recreational opportunities, staff requirements, equipment and supplies and patterns for room assignments. It was projected that about 830 students will be enrolled at Miller School. The School staff were commended for their fine work to date in establishment of the program. Mrs. Nancy Moore read a letter with 119 signatures from parents in the Miller Area requesting the Board to put at rest the rumors which have been circulating regarding the 45-15 program, and to stand firm in their decision to implement the program. Mrs. J. Utermark indicated a survey of citizen opinion would be presented to the Board as soon as available. Gary Pace was opposed the Track "A" in 45-15 assigned to "Olde Plymouth" Subdivision since those residents had been in the area for the longest period of time, and suggested a switch with the group now assigned to Track "C". Mrs. P. Hintz requested specific information on children being bussed to other schools, and expressed concern about the postcard survey conducted by Miller School personnel. Dr. Leary again explained Track assignments, and he answered several questions posed by members of the Board. Member Mirto requested that information be forwarded to him of studies on 45-15, etc. He also asked whether portable classrooms had been found to be educationally unsound. (A short recess was called.) On another subject, Dr. Leary was asked to report to the Board periodically regarding instructional projects within the District.

Personnel Administration Action Items: The resignation of Denise Browne, Canton Home Economics teacher, was accepted, and a leave of absence was granted for the 1975-76 school year to Janet Dale, Smith School 2nd grade.

Old Business: A motion was passed which would allow the graduation this June of Miss Natalie Carroll, since

she had attended night school course; and that this policy be effective for this specific case only. The President suggested that graduation requirements be reviewed and again circulated to counselors and others to avoid confusion. A resolution was discussed and passed which would provide the following: (1) An interscholastic girls' gymnastic and golf team at both high schools; (2) an interscholastic boys' hockey team at both high school; (3) an intramural (lunchtime and/or after school) program for grades K-12; and (4) initiation of an elementary developmental physical education program for maximum involvement of all children (including special education); total cost not to exceed \$36,000 for the entire program, with report back to the Board on implementation by the second meeting in May. During discussion, Member Mirto offered a public apology to those members in opposition to the hockey program up to this point, and offered cooperation to implement the resolution. Senator Pursell congratulated the Board for its constructive discussion and resolution of the physical education program.

New Business: Action to grant permission to the Michigan Travel Trailer Club to use the grounds of the East Middle School during the Fall Festival in Plymouth to park travel trailers and to use East Middle School facilities was granted contingent upon the receipt of additional information. The request from the director of the Centennial Park Symphony Band for approval of a trip to Troy, Alabama, was deferred until Director and the high school principals could be in attendance. Administration was also directed to establish a committee to recommend a plan, or alternates for the starting of the Special Education Program for 1975-76, and it was amended to suggest that the Superintendent, and Mr. Kee, Dr. Leary, and Dr. Page meet with Members Benson and Borowski to firm up such plans and return to the Board at the next regular meeting.

Safety: The minutes of the Safety Committee meeting held on April 14 were received by the Board. The meeting was adjourned at 11:10 p.m.

Note: This is a synopsis of the minutes, and the entire minutes as well as tape of the meeting, are available in the Board of Education Administrative offices.

The wreck

AFTER A HIGH SPEED CHASE down Hines Drive Sunday night, a 23 year old South Lyon man smashed his convertible into two other cars parked near Hines and Five Mile Road. Northville Township Police said one of the cars burst into flames, injuring a 22-year old Dearborn woman. The driver of the convertible was charged Monday with assault with intent to commit armed robbery after he allegedly tried to rob a hitchhiker at gunpoint. Police said the hitchhiker, William Walker, 18, of Plymouth, jumped from the car and flagged down a passing Northville Township policeman, who pursued the suspect, then apprehended him following the crash. (Staff photo by Bob Cameron.)

Does PCDC benefit schools?

Cont. from Page 1
three member municipalities. "I've got to begin by believing something I can't prove," he said of the job PCDC does. "I've got to believe that it does work. I get calls all the time, from people wanting property in town.

Chase ends in crash

Cont. from Page 1
pulled her from the burning car. He saw Kotyuk escaping on foot. He said Kotyuk scrambled up a hill toward a railroad grade near the intersection of Hines and Five Mile. He gave chase, tackled the suspect on the hill and handcuffed him. Miss Nunez was taken to Botsford General Hospital, where she was reported in satisfactory condition with second degree burns over 40 per cent of her body.

Walker and the occupants of a second car struck by Kotyuk, Denise Farkas, 16, and her sister, Deborah, 21, of Northville were treated and released. Presnell said Kotyuk was injured slightly, but refused treatment.

CAC approved

Cont. from Page 2
mission have no business on the CAC. I think it's ridiculous like giving someone the authority to breathe."

Greenstein said the CAC has always had "political overtones which I can't this will be a straight, investigatory body to assist in tasks in the township."

He said letters will be sent to groups for appointees suggestions and he hoped group appointments would be made next month.

Take away from some individuals a tool (the PCDC) with which to work and what would happen? I don't want to know it bad enough to find out."

Since October, the PCDC has retained the half-time services of Jim McCartney, executive secretary of the Plymouth Community Chamber of Commerce. As Guenther sees it, the PCDC fills a need that might be handled some other way but isn't.

"A chamber (of commerce) properly supported would be doing PCDC work," he said.

The PCDC is composed of representatives of the schools, Canton, Plymouth Township and the City of Plymouth. Guenther hopes eventually the local governments can taper their subsidy of the commission, and that the chambers of commerce will take up the slack.

He envisions the municipalities share of the PCDC de-

clinings in each year over a three-year period, with the chamber of commerce making up the difference, so that within a few years the governments could end their financial support of the commission.

"We have to consider the whole matter of whether we continue to exist," he said. "Is it government business or not?"

Decreasing state aid should not make the Plymouth schools shy away from strengthening their own base, Guenther and Hoedel contend. If the district can pay its own way at the same time as other units of government are benefitting more directly from added valuation, then it's the district's credit, and a modest gain is still reaped.

Guenther likens the PCDC to the UN, you can't measure its value, but you don't want to risk being without it.

Memorial Day ceremonies set

Cont. from Page 1
will sing several musical selections.

Following William's address, Michael DiCuirci's Middle School West Band will perform.

Ceremonies will conclude with the laying of a wreath - the first in several years to be made from fresh flowers - at the Rock in Kellogg Park. The America Legion Drill Team will fire a salute, followed by taps by Bugler Harry Krum.

Passage - Gayde Post 391 of the American Legion will serve a chicken dinner starting at 1 p.m. at the post on Sheldon Road. Donations are \$2.50 per person and everyone is invited.

BARBECUING FISH OUTDOORS

- 1) Cut fish into serving-sized steaks or fillets; they should be at least 1/2 inch thick. Clean small, whole fish and remove heads, if you wish. Wipe with a damp cloth.
- 2) Place the fish on a greased grill or hinged broiler over moderately hot coals. Baste with melted butter; with equal parts melted butter and lemon juice; or with equal parts melted butter, lemon juice, and dry sherry or vermouth. Grill, turning once, and basting often until the fish is browned and flakes when tested with a fork; time will be about 8 to 16 minutes, depending on thickness. Sprinkle with salt and pepper to taste.
- 3) Remove to a warm plate and serve at once.

Gals advance

The much-improved Plymouth - Canton girls softball team raised its overall record to 6 - 4 for the season with a 14 - 12 victory over Livonia Bentley last Friday. The win was a state tournament triumph in the first round of district play.

Taking a 10 - 5 lead into the sixth inning, the Chiefs allowed the Bulldogs seven unanswered runs falling behind 12 - 10. But the hard hitting Canton team never gave up. The Chiefs came back with four runs in the seventh to regain the lead for good.

The Chiefs had a 13 - hit attack led by Jan Haarer, Anne Dozbush, Kim Zoladz, Barb Palmer, and Cindy Freech with two each. Zoladz collected four RBIs.

Jr. Hi track

After the first two meets of middle school track competition, West and Pioneer find themselves on top with 2 - 0 records. Both teams beat East and Central, the two squads with less marks of 0 - 2. Pioneers Dave Casler won the high jump, 100 hurdles and 330 run in the victory against East.

CINDERELLA Jennifer Breed (left) and "Prince" Jimmy B Bailey were among the performers in a recent kindergarten operetta at Bird School. (Staff photo by Bob Cameron.)

Plymouth Township Board Minutes

TOWNSHIP OF PLYMOUTH BOARD OF TRUSTEES - REGULAR MEETING MAY 13, 1975

The meeting was called to order by Supervisor McLaren at 8:02 p.m., All members were present with the exception of Gerald Burke.

Reading, Correcting and Approval of Minutes - Regular meeting, April 22, 1975 - Some clarification was needed on item No. II - Old Business, Item No. 5, therefore Mr. Ash moved that the minutes of the Regular Meeting, April 22, 1975 be held in abeyance until the next regular meeting, May 27, 1975. Supported by Mr. Gornick and carried unanimously.

Special Meeting - April 29, 1975 - Mr. Ash moved to approve the minutes of the Special Meeting of April 29, 1975. Supported by Mr. West and carried unanimously.

Reading, Correcting and Approval of Bills - Mr. West moved that the Bills be paid in the amount of \$26,158.49. Supported by Mr. Ash and carried unanimously.

Opening of Bids - Well at Plymouth Hilltop Glen Golf Course.

Closing of Bids - Mrs. Richardson moved that the Bids for a Well at Plymouth Hilltop Glen Golf Course be closed. Supported by Mr. Gornick and carried unanimously. The bids were closed at 8:09 p.m.

Awarding of Bids - Mr. Hamill read the following bids: Claypool Well Drilling Co. Bid Amount: \$1,106.00. O.O. Corsout, Inc. - Bid Amount: \$1,742.50. Mr. Hamill recommended that the bid of Claypool Well Drilling Company, the low bidder, be approved. Mrs. Richardson asked if the drilling must proceed further than what is anticipated, what happens then? Mr. Hamill replied that the Township pays on a unit price basis, therefore, this job could conceivably cost more. Mrs. Richardson moved that the recommendation of the Township Engineer be approved and the contract be awarded to Claypool Well Drilling Company, Grand River, New Hudson, Michigan in the amount of \$1,106.00 Supported by Mr. Ash and carried unanimously.

Old Business - Cummins and Barnard. Re: Progress Report and Schematic Approval of Station No. 2 Mr. Bob Carrigan stated that in order to reduce the cost of the fire station, the area of the site development, the amount of equipment and the living area have been reduced. The revised fire station is approximately 1000 square feet smaller than originally planned. The character of the building has not changed and will still contain three bays for apparatus. Mrs. Richardson moved that the progress report from Mr. Carrigan to proceed with the next step to future development. Supported by Mr. Gornick and carried unanimously.

New Business - Mayflower Post No. 6695 - Mrs. Richardson moved to grant permission to Mayflower Post No. 6695 to conduct the Annual Poppy Sale on Thursday, May 15, 1975 or Friday, May 16, 1975 in case of rain on Thursday. Supported by Mr. West and carried unanimously.

Deane Baker Company and McAllister's. Re: Purchase of approximately 1.3 acre site (less that portion be acquired by the Michigan State Highway Department) from the Township of Plymouth. Mr. McLaren commented that the Township has received permission through a special vote to sell this property. Mr. Gornick moved to check the records from the State to determine the site of the parcel that the Board wishes to have appraised, ask for a regular appraisal and advertise for bids. Supported by Mr. West and carried unanimously.

Dale Siefker. Re: Resignation from Township of

Plymouth Planning Commission, effective immediately. Mrs. Richardson moved to accept Mr. Siefker's resignation from the Township of Plymouth Planning Commission, with regret. Supported by Mr. Ash and carried.

James E. Gignac, Fire Chief. Re: Requesting amendments to the Fire Prevention Code covering inspections in Apartment Houses and existing Apartment Buildings to comply with Heat and Smoke Detectors. Mr. Gornick moved that the Board authorize the Fire Chief to draft these amendments to the Fire Prevention Code Ordinances for future presentation to the Board and thanked the Fire Chief for bringing this matter to the attention of the Board and for a job well done. Supported by Mr. West and carried unanimously.

James P. Curran, Jr., Director, Office of Program Development and Co-ordination. Re: Block Grant Program. Mr. Francis Bennett, Mr. James Curran and Mr. Roger Rossman were present to answer questions regarding the Block Grant Program. Mr. McLaren commented that the deadline for participation on the program is May 15, 1975. Mr. Ash asked how the new cooperative agreement differs from the previous one? Mr. Rossman answered that they are the same except the previous one allowed the Township Board veto power over activities that came into the community which HUD would not allow. Mr. Ash moved to rescind the Resolution of the Board of Trustees of January 28, 1975 and adopt the present resolution with regard to the Community Development Block Grant Program Cooperative Agreement, and said Program to be evaluated at the end of one year. Supported by Mr. Gornick and carried unanimously.

J.D. McLaren, Supervisor. Re: Requesting Township Board approval for the Supervisor to join the Wayne County Supervisor's Association and approve yearly dues of \$100.00. Mrs. Richardson moved to approve the request of Supervisor McLaren to join the Wayne County Supervisor's Association and approve yearly dues of \$100.00. Supported by Mr. West and carried unanimously.

Helen Richardson, Clerk. Re: Requesting Board's permission to have Township Engineer make necessary arrangements to change several City Water Customers on Northville Road as well as Burroughs to the Township Water System. Mr. Gornick moved that the Board authorize the Township Engineer to make any arrangements necessary to change several City Water Customers on Northville Road as well as Burroughs to the Township Water System. Supported by Mr. West. Mrs. Richardson felt an estimate of cost should be received for the engineering work for the project before approval is given. Mr. Kincaid commented that Burroughs can legally be concerted over to Plymouth Township on January 1, 1976. Mr. Gornick amended that motion to say that in light of the budgetary situation that the Board endorse the concept but hold in abeyance the arrangements pending the submission of the engineering cost and a determination be made at that time. Supported by Mr. West and carried unanimously.

James Briggs, Chief Building Inspector. Re: Requesting refund of Building Permit and Sewer Agreement for Sycamore Valley, Building No. 3. Mrs. Richardson moved approval that the \$150.75 be returned to Mr. Jack D. Andrews of the Sycamore Valley Development Company covering 75% of the Building Permit and \$606.00 be returned covering the Sewer Agreement, four Water Meters and for Construction Water. Supported by Mr. Millington and carried unanimously.

Resolutions and Proclamations - City of Westland

Re: Opposition to the attempt by a public utility to force local governments and taxpayers to provide interest free capital improvement funds to build facilities and plants which belong exclusively to the public utility. Mrs. Richardson moved that a similar resolution to that of the City of Westland be sent to the other municipalities in Wayne County, Governor Milliken, the Township Representatives and Senators and any other agencies involved. Supported and carried unanimously.

Plymouth Community School District - Re: Requesting Plymouth Township to Proclaim Sunday, June 15, 1975 as a day of recognition for the 1975 Graduating Classes of Plymouth Salem and Plymouth Canton High Schools. Mr. Ash moved that the Supervisor be requested to make the proclamation as requested. Supported by Mr. West and carried unanimously.

Helen Richardson, Clerk. Re: Resolution Honoring Dale Siefker's Work on the Township of Plymouth Planning Commission. Mr. Ash moved adoption of the following resolution honoring Dale Siefker.

WHEREAS, the Plymouth Township Board of Trustees, Wayne County, Michigan, wishes to express warm appreciation and gratitude for the outstanding service of Dale Siefker to the citizens of Plymouth Township for the past three years, and WHEREAS, Dale received his first appointment to the Plymouth Township Planning Commission on January 11, 1972 to fill the unexpired term of Harper Stephens whose term expired on July, 1972 and was re-appointed to a three year term on July 11, 1972. During his term he was elected Vice - Chairman in January 1974 and re-elected January, 1975. Dale was appointed to do the annual budget report in January, 1973 and January, 1974, appointed chairman of the Highway Impact Committee on May 15, 1974 and on February, 19, 1975 he was appointed as Chairman to work with John Goulet on the recommended objectives for 1975 covering the monitoring of the Ann Arbor Road construction project to ensure implementation wherever possible for Committee recommendations. WHEREAS, Dale has dedicated himself to the development of the Township of Plymouth and its fast growing area. His interest and constant demand to develop the area in an orderly manner has been evident by his past endeavors. As a Planning Commission member, he has combined perspicacity with selfless dedication and integrity. As a fellow citizen unusually concerned with the problems of his community and the welfare of people, he has displayed a forthright sense of true responsibility.

While words are inadequate to convey the full sense for the great good accomplished by Dale Siefker, we wish this resolution to stand as a permanent testimony of our admiration for him and to forever perpetuate the sincere appreciation owed him, and NOW THEREFORE IT BE RESOLVED, by the Board of Trustees of the Township of Plymouth this 13th day of May, 1975 that this resolution stand as a permanent record of respect and appreciation for the exceptional contributions of a leader, devoted public servant, and friend of many, and BE IT FURTHER RESOLVED, that this resolution be spread at length upon the proceedings of this day's minutes and that a suitable engrossed copy be presented to Dale in recognition of his efforts and accomplishments.

Supported by Mr. West and carried unanimously. Mr. Ash moved to adjourn the meeting. Supported by Mrs. Richardson.

Supervisor McLaren adjourned the meeting at 10:15 p.m.

Doc's Corner

BY DENNIS O'CONNOR

The last two seasons of Plymouth - Salem baseball have ended in losing records.

But things are different this year, as the Rocks follow the winning ways of the other Plymouth sports teams, racing out to the league lead in Suburban Eight competition.

With this new season of winning ways, the Rocks bring back their varsity awards system that was last used in the 1972 season. The awards, for outstanding individual and team efforts, are white star decals that are placed on the individual players' royal blue helmets.

There are 15 different ways to receive a star. Pitchers, for example, are awarded a decal for a won ballgame, another for a shutout or no hitter, picking off a runner or holding walks to two or fewer in a seven-inning game, only one run down.

Plymouth eventually came back to win the game 8-4. For spotting this runner Bogenschutz was awarded a star.

This kind of alertness from players on the bench, along with the outstanding play and efforts of the team as a whole, has put the Rock baseball team in winning form during this first month of the season.

Batters can earn an award for every two stolen bases, every two runs batted in, two hits in a game, every three runs scored and many other ways.

One of the ways the whole team receives a star at once is by playing an errorless ballgame.

BUT THERE ARE OTHER WAYS TO GET STARS THAT THE BOX SCORES NEVER SHOW.

An example came in a contest earlier this season with Trenton. The Trojans had just overcome an early 3 - 0 Rock lead to tie the score in the second stanza.

With the bases loaded and two outs, a Trenton batsman lined a single to right which would have scored two runs and kept the rally going. But the alert Plymouth bench saw that the runner on second who came home with the fifth run had missed third on his way to the plate.

Brian Bogenschutz was the first to mention it to Coach Sparkman. The play was appealed and the runner declared out, ending the Trojan threat and keeping the Rocks

Gray, Ford place in regionals

The Plymouth - Canton girls track team placed two girls in the regionals Saturday at Farmington. Veronica Gray ran a 26.7 220 dash to place fourth and Meagan Ford took fifth in the 100 dash with a 12.1. Both clockings were the best for both girls this season.

BICENTENNIAL PLANNERS in the Plymouth Canton Community now have a place to call their own. The Community Bicentennial Commission has borrowed an office at 859 S. Main from attorney Tom Healy (Center) which will be staffed by volunteers and open from 9

a.m. to noon, Monday through Friday. Manning the office in its first week of operation are Elizabeth Folger, community bicentennial chairman, and secretary Laurn Buehrle. (Staff photo by Hank Meijer)

ONE OF FOUR explosives removal trucks used by the Michigan State Police was in Plymouth this week in connection with the work going on at the State Police Crime Laboratory on Mill Street. Lt. Eugene Weiler of the crime lab said the truck is used on calls to local police departments about dangerous explosives. "Generally we use it for assistance to local (police) departments to eliminate a dangerous situation such as dynamite caps in a farmer's barn or maybe a dangerous industrial liquid," he said. (Staff photo)

BPW gives awards

Robin Cox and Deborah Miller, seniors at Plymouth Canton High School, have been awarded scholarships by the Plymouth Business and Professional Women's Club.

Robin was presented with a \$500 scholarship check and Deborah a \$250 check by a scholarship committee chairman Lois McAllister at the club's April 21 scholarship dinner.

Robin, the daughter of Rev. and Mrs. David L. Cox, has been accepted at Marion College Marion, Ohio. Deborah will attend either Michigan State or Eastern Michigan. She is the daughter of Mr. and Mrs. Frank Miller.

Thirty girls from Canton and Plymouth - Salem High schools applied for the scholarships. Seven were asked to speak at the

scholarship dinner and were judged by members of the club. The five runners-up received gifts of 20 silver dollars each.

Members of the BPW raise money for the scholarships through out the year through fashion shows, a fall festival project, bazaar and calendar sales.

Pat's a mom

Mr. and Mrs. William Hann of Plymouth have announced the birth of a daughter. The infant was born May 14 in University Hospital, Ann Arbor weighing eight - pounds - seven ounces. Grandparents are Mrs. June Wilmet and Mr. and Mrs. Daniel LaPore, all of Plymouth.

Police see hit, run

State Police at the Plymouth Post have responded to accidents of all kinds, but until Sunday night no one ever staged one in their own parking lot.

Trooper Robert Krafft said he was leaving the post shortly before 8 p.m. Sunday when a 22 - year old Plymouth man swerved his car into the post's driveway on Mill Street and yelled to the officer that the guy in the car right behind him was drunk and trying to hit him.

As he said this, the second car pulled in the drive, followed the first vehicle into the lot and struck it. The second driver then turned around and took off down Mill Street.

State Police got his license number, but he got away, so they staked out his house. After camping on his doorstep for about an hour and a half the suspect, Wilfred Trosin of 9116 Ball in Plymouth Township, drove up.

He was charged with leaving the scene of a property damage accident and driving under the influence of liquor, Krafft said.

Martin elected

Pat Martin of Plymouth has been elected president of the Western Wayne County Chapter of Sweet Adelines Inc., an international non-profit corporation which instructs women in the singing of barbershop harmony.

Betty Hayes was named vice president and Maureen Anderson and Shari Brooks boardswere elected to the board of directors. All are Plymouth residents.

The Crier's Newsstand Locations

Our newspaper carrier system, employing more than 100 young independent business men and women, is currently circulating The Community Crier in Plymouth, Plymouth Township, Canton Township, and parts of Northville and Salem townships.

Because our circulation area includes several rural areas where carrier delivery is impractical, the Crier offers delivery through the U.S. mail at \$8.50 per year.

Readers who are affected by our circulation in-
conveniences may also purchase the Crier at the following newsstands location for 15 cents a copy:

PLYMOUTH

White's Community Pharmacy, 330 S. Main.
Mayflower Hotel, 827 W. Ann Arbor Trail
Beyer Rexall, 480 N. Main.
Bill's Market, 584 Starkweather.
