THE NEWSPAPER WITH ITS HEART IN THE PLYMOUTH-CANTON COMMUNITY

June 4, 1975

Costs out run revenues in projected school budget

PLYMOUTH COMMUNITY SCHOOL DISTRICT SUMMARY OF MILLS			
	1974	1975	Increase Decrease
OPERATION			
County Allocated	8.90	8.90	-
Extra Voted	19.65	19.65	-
June 9 Proposal		.46	.46
TOTAL MILLS FOR OPERATION	28.55	29.01	.46
SAFETY MILLAGE (one year)	.40		(.40)
DEBT RETIREMENT	7.06	6.59	(.47)
GRAND TOTAL MILLS LEVIED	36.01	35.60	(.41)

BY HANK MEIJER

If voters approve both June 9 millage requests, cuts will still have to be made in the projected 1975 - 76 school budget, according to Asst. Supt. Ray Hoedel.

Based on current estimates, renewal of 5.15 mills and addition of another .46 mill in general operating levies will still leave Plymouth Schools about \$260,000 short, Hoedel said.

If the two millage propositions are approved, district revenues will increase from about \$15 million this year to an estimated \$17.5 million in 1975 - 76, a jump of about \$2.5 million. Part of that jump is attributable to gains in the district's state equalized valuation, the tax value of its assessed property.

At the same time, however, expenditures are climbing faster than revenues.

While the district is spending \$15.1 million to operate this year, next year's expenditures are projected at nearly \$17.8 million, or about \$2.7 million more than last year.

"We will have to cut back on replacement of equipment, capital outlay needs will be put on the shelf and many maintenance needs will be delayed."

Inflation and new salary contracts will be adding to the district costs faster than the cur-

A 28 - YEAR OLD Canton Township woman was seriously injured late Monday night when the car she was driving ran into a ditch and struck a culvert on Lilley Road just north of Warren. Vicky Hanlon of 43056 Saxony was reported in critical condition yesterday in the intensive care unit of Wayne County General Hospital. She was alone in the car at the time of the accident. (Staff photo by W. Edward Wendover.)

Chamber exec quits

James McCartney, executive director of both the Plymouth Community Chamber of Commerce and the Plymouth Canton Development Commission, has announced his resignation from both posts effective immediately. McCartney said he will be available to help the groups until July 15. He said he is forming a private industrial development consulting firm.

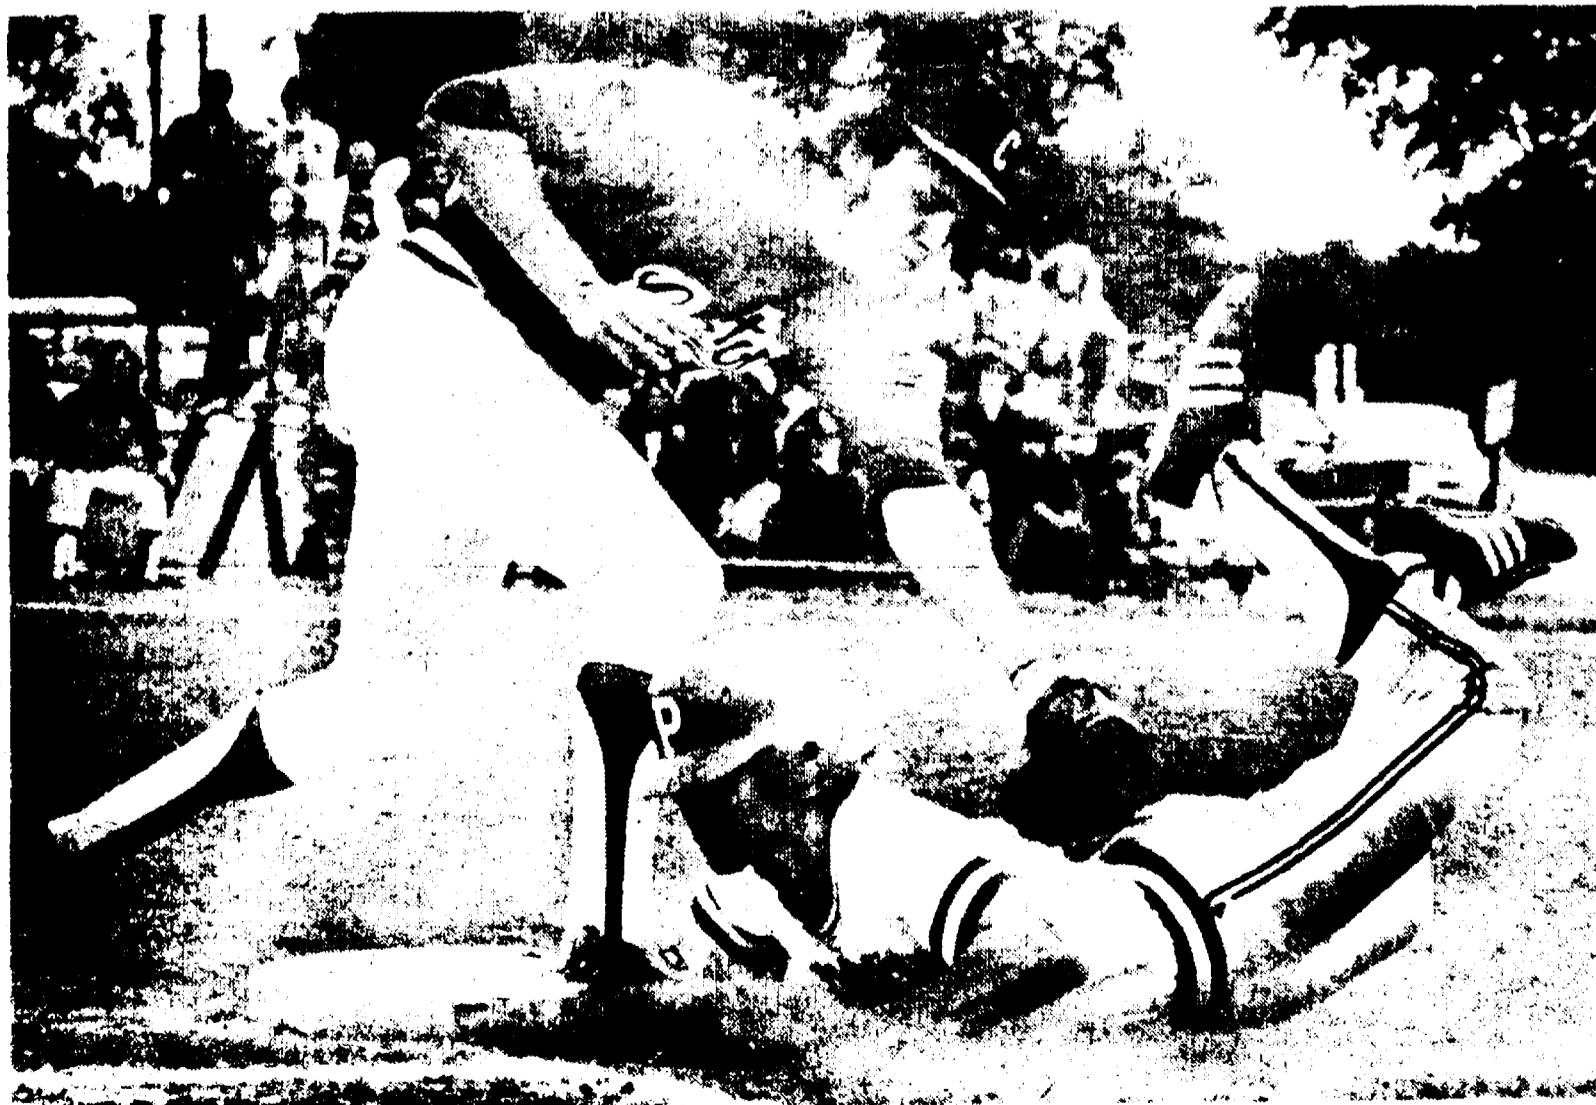

The 38 -year old industrial developer joined the chamber in September and was retained at that time by the PCDC, splitting his time between the two posts.

McCartney's assistant, Janet Curlee, will manage the chamber office.

"I have no idea if, in fact, they'll name a replacement," McCartney said. "Janet has a great deal of experience and background in chamber activities."

McCartney, a Westland resident, said he did not know if the PCDC planned to replace him either.

The PCDC has a one - year contract with the chamber which began last year when McCartney assumed both posts.

THE PLAY WAS CLOSE, but the game wasn't, last Saturday as the Rocks finally met the Chiefs in a district final showdown. Salem came out on top, 9 - 0, behind the flawless pitching of Tom Willette. Here Rock base-runner Dan Pierce slides into first under the glove of Chief Dave Pink. For more on the game, see pg. 13. (Staff photo by Robert Cameron.)

City readies meters for hike

The Plymouth City Commission Monday took a step toward raising parking rates in the Central Lot and on most downtown meters.

The commission voted unanimously to authorize City Manager Fred Yockey to order parts the city will need to convert its meters from five cents per hour to five cents per half hour.

Rates are expected to remain at the current five cents per hour in the East Central Lot behind the library. Commissioners asked the city manager to consider other areas, such as the Harvey Street side of the Central Lot, where rates might be held down to encourage all - day parking away from congested areas.

The commission is expected to act on the proposed rate hike at its June 16 meeting. Commissioners have cited a \$30,000 deficit in the city parking fund as reason for seeking the increase.

Greenstein named 'chief'

BY KATHY KUENZER
In a single motion at its last meeting, the Canton Township Board resolved to establish a police department and name Supervisor Robert Greenstein as chief of police.

Formation of a police department "in name only" was prompted by a communication from the Criminal Justice Institution (CJI), which Canton recently became a member. Accord-

ing to Greenstein, the institute recently learned of the possibility of the formation of a commission by Gov. William Milliken that would be, as he described it, "endowed with the power to promulgate rules for policemen and departments in the state of Michigan."

Greenstein said the commission is said to be considering requiring future police depart-

3 look like contenders in quiet school race

BY W. EDWARD WENDOVER

By just about everybody's standards, next week's school elections are about as dull as a Sunday morning in August.

With no controversial millages up for a vote and a rather quiet race for the school board seats, it will be no surprise if Garnett Strickney and her able helpers have the ballots counted by 8:15 p.m. It will certainly be a light vote.

Last year, which saw nearly a 25 per cent voter turnout, was

marked by a Kentucky Derby Day field of candidates for four seats and a previously defeated building bond proposition.

By contrast, the six candidates vying for two seats Monday, along with a renewal of and operating millage had a less than - half - mill replacement levy, promise to offer little reason for voters to get riled up.

Although there are six candidates with hats in the ring, the oddsmakers are calling it a win-place - show race, with the other

ANALYSIS

three candidates trailing behind.

Last year early election morning, Tom Yack vowed he'd run again for a four - year term whether or not he won then. Of course he won. was elected school board treasurer and now seeks reelection. As a freshman board member, Yack has made his mark. Many consider him a likely candidate for the board presidency should he win

election Monday - as most expect he will.

Joe Gray, a former school board member who lost narrowly last year, is certainly a strong contender. Although the anti modular scheduling wave which originally swept him into office has subsided, Gray still ranks high among conservatives and athletic supporters.

Flossie Tonda, as head of the school district's safety committee and the Plymouth Community School Council, is the third major candidate in the three - way race. Indeed, she calls herself the "grassroots" candidate in the race, and most would allow her that claim.

Elden "Bud" Thomas hopes to ride the anti - year - round school bandwagon into office. Leslie Cavell is the "special education" candidate.

Although both have discussed other school matters, they appear to be mainly one issue candidates.

Jack Wiegand is an unknown, though, he says, willing

to work candidate. But he didn't didn't attend candidates' night (or offer an excuse) and thus either couldn't stand up to questions or wasn't all that interested.

There are several minor political factors which may affect the balloting finishes of the six. For example, Yack, Thomas and Tonda have a strong Canton identity factor which may split up the vote there three ways.

Gray, while being the "Lakepointe candidate," has never pulled votes any better there than anywhere else.

If a liberal - conservative label can be applied, Yack and Cavelle can be roughly grouped as the liberals' choice, while the others (where's Wiegand?) may split the conservative vote.

But for all that Thursday morning quarterback political guessing (it's less accurate than Monday morning morning quarterbacking), Monday's vote promises to be a yawn.

EDITOR'S NOTE: But vote anyhow.

Gotten your absentee ballot?

Plymouth - School District voters who can't make it to the polls Monday may still pick up absentee ballots at the schools' administrative offices, 454 S. Harvey.

The offices will be opened Saturday, June 7, from 9 a.m. to 2 p.m. to accommodate absentee voters. Regular office hours are 8:30 a.m. to 5 p.m. For more information call 453 - 2000, ext. 19, 20 or 21.

League backs millage

The League of Women Voters of Northville - Plymouth - Canton - Novi has announced its support of the two millage propositions facing Plymouth School District voters June 9.

Citing the need for renewal of 5.15 mills for operation, League President Annalee Mathes said, "We cannot afford to allow a sizable chunk of the operating revenues of our school district to be dropped without serious damage to the educational program."

The League also supports the second millage proposition, which asks .46 mills.

Approval will mean no increase in tax levy, Mrs. Mathes noted, but in effect a reduction, since the schools will be levying a lower rate for debt retirement.

Vandals wreck park

Leann Park, a new small park in Canton Township's Carriage Hills subdivision, was vandalized last Saturday night, only a few days after playground equipment had been erected.

John Essad, parks chairman for the Carriage Hills Homeowners Association, said the culprits used bolt cutters to cut through monkey bars and cut swing chains, and that tar was poured over the merry-go-round, slides, and teeter totters.

"Whoever did this doesn't want parks in the subdivisions," said Essad. "On the Saturday of Memorial Day weekend, workmen left a bike rack and slide to be installed the following day. When they returned Sunday, the rack and slide were missing. We finally found them in the creek."

Installation of the equipment was completed Wednesday, May 28 and the vandals struck May 31.

Twp. OKs indoor tennis

A major hurdle was cleared last week for a proposed indoor tennis facility next to Plaza Lanes Bowling Alley on Ann Arbor Road.

By a 5 - 1 vote, the Plymouth Township Board approved a lot split, conditioned upon six stipulations, that will allow the tennis facility's owners to acquire financing for the project.

The hurdle was an entrance - exit onto Ann Arbor Road at a point near the C & O Overpass where the grade separation is severe and the road will be at its narrowest point.

In approving the lot split, the board made it conditional upon:

Only right hand turns in and out from the entrance and exits for the tennis facility. State approval of the traf-

fic plan. Suitable lighting of the approach and exit ramps.

Grading on the acceleration lane.

An overall review of the site plans - including the bowling alley.

Attorney Ed Draugelis, representing the proposed tennis facility's owner, Findlay McQueen said that while the plan was "not the most desirable way to do but it would not be a dangerous condition."

The attorney said the owner had "painted himself into a corner" by needing a lot split to obtain financing and an entrance exit to serve the new lot.

Trustee Richard Gornick opposed the lot split. Trustee Gerald Burke had left the meeting to attend to his injured child.

Airport ideas aired

NEARLY 300 area residents and pilots turned out last Wednesday night for a public hearing on the fate of Mettetal Airport. Canton Township Supervisor Bob Greenstein conducted the hearing, which lasted more than four hours, and suggested to pilots and businessmen that tax breaks might make it feasible for them to purchase the airport themselves. (Staff photo by Bob Cameron.)

Supervisor proposes Mettetal alternative

BY KATHY KUENZER

In a lengthy public hearing last Wednesday night on the fate of Mettetal Airport in Canton Township, Canton Supervisor Bob Greenstein suggested to pilots and businessmen that they themselves consider buying the facility and in return receive a tax break from the township. Nearly 300 persons turned out for the session held in Plymouth - Canton High School.

Fifty - two speakers appeared before members of the township board. Greenstein said the board would vote on the airport at its next meeting, which, unless a special meeting were called, would be June 10. Martin Warskow, a planner for R. Dixon Speas Associates who did a major study of the airport for the township board, opened the hearing with a summary of the report. He restated the position that it is

“feasible for Canton Township to purchase, operate, and develop Mettetal Airport.”

Most of the speakers who followed were either Canton residents opposed to purchase and expansion of the airport because of detrimental effects on the environment or pilots and businessmen who fly out of Mettetal and want to see it stay in operation. Pat Malone, a co - chairman of the Community Goals Committee of the Pickwick Association, presented the board with a petition bearing 3,000 signatures of Canton residents opposed to the airport purchase.

Malone said, “We would like you to have this so you will remember the desires of the constituency which elected you when you vote.”

Malone reviewed the findings of a 1968 study of the airport which recommended more sizable expansion of the facility and suggested that residential development in the area be greatly restricted.

Malone told the board members, “If you vote in favor of purchase of Mettetal, then

each of you, along with Canton Township, the State of the Michigan Aeronautics Commission, the Federal Aviation Administration and R. Dixon Speas can expect to be named in a class action lawsuit on the basis of the 1968 report, the petition and other opinions given tonight.”

Lengthy presentation of slides, transparencies and financial forecasts was given by members of the Pickwick Association to support their contention that further development of Mettetal would be hazardous, noisy, and financially risky to the township.

Most pilots and businessmen who spoke in favor of Mettetal seemed concerned with the saving of the airport, but felt

that only a municipality such as Canton could afford to buy it and pay the \$20,000 annually in taxes. Several pilots said the noisy conditions would not exist in flight patterns except for a few “hoodlums” who did not follow the flight rules.

Ken Spencer, a Mettetal pilot, said, “I, too, am concerned with the idiots who don't fly properly.” H

He went on to say, however, that the alternatives might not be desirable either.

“What is the alternative to the airport, which is mostly green grass and space?”, he asked. “Do you want it filled up with buildings?” As the meeting drew to a close, Greenstein inquired of businessmen an

Center plans open house

The Plymouth Opportunity Center, a \$250,000 facility for retarded adults that is the first of its kind in the state, is now completed and will welcome the public to an open house Sunday, June 8 from 2 to 4 p.m.

Located at the corner of Wing and Deer streets, the house will provide a residence for 16 adults between the ages of 18 and 45. The residents, eight men and eight women, have easy access to downtown, and all will be able either to work in the community or take part in workshops at the house.

Construction and development costs have been financed through a loan from the Michigan State Housing Development Authority and aid from private individuals and the Department of Housing and Urban Development.

Volunteers have helped put the finishing touches on the facility. Students in human relations classes at Centennial Educational Park will serve as hosts and hostesses for the Sunday event. Refreshments will be provided by the Plymouth - Salem High School cafeteria staff.

Residents are expected to start moving into their new home within the next few weeks.

Assault suspect charged

Lawrence S. Franklin Jr., 32, of Canton Township is being held in Plymouth City Jail in lieu of \$100,000 cash bond on charges of criminal sexual assault in the first degree.

Franklin, vice - president of the Windsor Park Civic Association, was arrested at his home at 7631 Knightbridge Wednesday night by Michigan State Police.

His arrest followed a complaint by a 26 - year old Westland woman that she was forced to commit a sexual act at gunpoint early Sunday morning, May 25, near Tonquish Creek south of McKinley near Ann Arbor Road.

The woman told Plymouth police a man approached her as she tried to turn off the inside light in her parked car. She said he pointed a revolver at her and ordered her into a wooded area near the creek. She told police they crossed over a footbridge

and the alleged sexual act took place on the other side.

The suspect then returned her to her car, she said, fiddled with the fuse in an effort to fix the light. She said he broke his own car key off in the fuse holder and left on foot.

The woman called Plymouth police from a nearby house.

Det. Robert Commire and Lt. William Guldner of the Plymouth Police and Det. Sgt. James Collins and Trooper Charles Hoover of the Plymouth Post of the Michigan State Police combined efforts in the investigation. Plymouth Police Chief Tim Ford said evidence recovered by the investigators led them to seek a warrant against Franklin.

A pre-trial exam was set for Thursday, June 5 in 35th District Court.

Canton hall roof ripped

Canton Township Hall on Geddes road sustained extensive damage to its roof during a storm last Friday.

Supervisor Bob Greenstein's office had reported that heavy thunderstorms passed

through the area Friday night. Three truckloads of debris were carted off by DPW workers early this week.

No dollar estimate has been made of the loss, but insurance adjustors have been notified.

A BABY ROBIN opened its beak last week and peeked out of its nest, newly hatched from one of the eggs perched precariously in the windowsill of the Wayne

County Road Commission sign shop on Northville Road near Phoenix Lake. The roadmen have been keeping an eye on the infants. (Staff photo by Bob Cameron.)

Views differ on school issues

Views vary on the particulars, but the five school board candidates who attended last Thursday's League of Women Voters candidates night agreed on one thing - times are changing for Plymouth schools.

About 50 area residents turned out to question the candidates and listen to their views on education.

Joseph Gray and Flossie Tonda joined 45 - 15 opponent Elden Thomas in questioning whether Plymouty is ready to test that controversial year-round school plan this summer at Miller School. Gray said the program should be "strictly voluntary" in light of changing parent attitudes.

Candidate Leslie Cavell said he supported it as an alternative to new school construction. Tom Yack, an incumbent board member, reaffirmed his position that 45 - 15 was a sensible way to reduce overcrowding without the expense of new construction.

Thomas said portable classrooms might be used instead. Asked about their goals if elected to one of the two board seats, the candidates responses ranged from fighting drugs to helping the academically gifted.

Yack called for a community ombudsman program - hiring of someone to serve as "a source of information and a means of solving school - related problems."

Thomas called for an improved relationship between teachers and administrators and a program to curb drug use.

Mrs. Tonda said more attention should be given to elementary education, as did Yack.

Gray, citing experience in his previous term on the school board, said finance and curriculum topped his concerns.

Cavell called for more attention to special education needs and vocational education.

Candidate Jack Wiegand did

not attend the meeting.

Yack and Gray took contrasting stands on upgrading school athletics. Yack said he favored more girls sports, such as the golf and gymnastics approved by the board, but could not approve adding boys varsity hockey.

"It's a shame we coupled girls athletic program with the hockey program," he said. (Hockey and girls sports were combined in a \$36,000 package approved by the board last month with only Yack dissenting.)

Gray said he supported the addition of hockey, but questioned the need for new girls varsity sports right now. "Let's wait until there's enough girls who are interested," he said.

Asked how they felt about open classrooms, Yack and Mrs. Tonda said it was important to offer both open and educational elementary instruction.

Thomas said open classrooms held an advantage for advanced youngsters, but could hinder other students.

In a question and answer session following their presentation, all five candidates said they supported both millage propositions on Monday's ballot.

Rehearsal date changed

Canton seniors, members of the school's first graduating class ever, will be wearing red and white June 20 as the seniors their counterparts from Salem in join Centennial Educational Park commencement ceremonies.

Park officials have changed the date of the seniors' last day and graduation rehearsal to Thursday, June 19. Rehearsal will be held that day for seniors from both schools at 2:45 p.m.

Garden Club picks officers

The Plymouth Branch of the Michigan Farm and Garden Association elected its new officers at its annual meeting and plant auction. Mrs. Bruce Richard was selected president. Other officers chosen were:

Mrs. Jugh Bilyes, first vice president; Mrs. Cyril Grybas, second vice president; Mrs. Robert Bake Bake and Mrs. Marshall North; recording secretary and corresponding secretary; and Mrs. Henry Henley, treasurer.

What's happening

The KIWANIS CLUB OF COLONIAL PLYMOUTH will hold a SPAGHETTI DINNER Saturday, June 7 from 5 to 8 p.m. in the Plymouth Masonic Temple on Penniman. Tickets are \$1.75. Children four and under are free.

The WESTERN SUBURBAN JUNIOR WOMEN'S CLUB will hold its last meeting of the season June 9 at 8 p.m. at Sword of the Spirit Lutheran Church, 345 63 Seven Mile Rd. Livonia. The program for the evening will be to make masonite figures for the Northwest Training Center. New officers of the club are Mrs. Carolyn Kleinsmith, president; Mrs. Carole Dunn, first vice - president; Mrs. Diane Ramsey, second vice president; Mrs. Sis Kordt, treasurer; Mrs. Joan Shore, recording secretary; Mrs. Judy Trexler, corresponding secretary; Mrs. Joanne Gorman, ways and means; Mrs. Rainy Kirchoff, philanthropy; Mrs. Barb Stanley, program; Mrs. Pat Nixon; publicity; Mrs. Pattee Rupert, parliamentarian; and Mrs. Mary Ann Heaton, social.

The Plymouth - Canton High School wrestling team, parents and the Plymouth Booster Club are helping a SPAGHETTI DINNER, Friday, June 6 in the Canton High School cafeteria, Joy Rd, and Canton Center, from 5 to 7:30 p.m. Tickets are \$2 for adults, \$1 for children, and are available at the door or from any Canton wrestler.

The Timothy Lutheran Church will hold a RUMMAGE SALE at the church Wayne and Joy Rds. Livonia, Friday June 6, 1 to 9 p.m. and Saturday, June 7 from 9 a.m. to 6 p.m.

The Plymouth SENIOR CITIZENS CLUB is offering a trip to the Wisconsin Dells June 23 - 26 Monday through Thursday. The trip is open to all senior citizens and their friends. The price of \$120 includes round trip transportation, lodging, two meals, Wisconsin Dells boat cruises, Indiana ceremonial and a water show. For more information call Janet Luce, activities director at 453 - 2904 or 453 - 0799.

Local residents and 4 - H members are invited to attend the Wayne County 4 - H HORSE AND PONY COMMITTEE'S ALL ENGLISH RIDING CLINIC Saturday, June 14 at the 4 - H Fairgrounds Quirk Rs., off I - 94 in Belleville. The clinic will start at 8:30 a.m. and is open only to 4 - H members. Call 455 0 - 0594 or 285 - 2633 for pre - registration before June 7. Instructors will also give lectures to the public.

DISCOUNTED AMUSEMENT TICKETS are available at the recreation office in the Plymouth Cultural Center, 525 Farmer. Included are tickets to Bob - Lo, Cedar Point and Seaworld and combination admissions to Greenfield Village and Henry Ford Museum. For further information call 455 - 6620.

THE PLYMOUTH COMMUNITY CHORUS will perform Friday, June 13, at 8 p.m. in the United Assembly of God 42021 Ann Arbor Trail. The program will feature a variety of music to appeal to everyone. Admission of free.

THE SENIOR CITIZENS CLUB OF PLYMOUTH will hold its monthly business meeting Thursday June 5 in the Community Room of Tonquish Creek Manor, 1160 Sheridan. Bring a sack lunch coffee and tea will be provided for lunch at noon, prior to the business meeting at 1:30 p.m. Cards and other games will follow the meeting until 4 p.m. There are still openings for the Chigago Wisconsin Dells trip leaving June 23 Contact Janet Luce now at 453 - 2904 or 453 - 0799.

A CONDITION OF SHADOW a characterization of Edgar Allan Poe's life and writings. will be presented by Jerry Rockwood in the Upper Waterman Center at Schoolcraft College, 18600 Haggerty Road, Thursday, June 12, at 8 p.m. Admission of free. Phone 591 - 6400, ext. 252 for information.

The Plymouth - Canton High School VOCAL MUSIC DEPARTMENT will present a POP CONCERT June 9 Monday, at 8 p.m. at the Salem High School Auditorium. Admission is free. Popular music from across the years will be performed, including hits from the twenties and barbershop quarter favorites through the Beatle, John Denver, Brubeck and Rodgers and Hammerstein. All of the vocal groups will participate.

THE PILGRIM GARDEN CLUB will meet Thursday, June 12 at 7:30 p.m. in Gallimore Elementary School, 8375 Sheldon Road. members will have a plant exchange.

AN ICE CREAM SOCIAL will be held at FIEGEL SCHOOL Monday June 9 from 5:30 to 8:00 p.m. Ice Cream sundae, ice cream cones, popcorn and balloons will be for sale. A cake walk will also be held.

What's happening

STORYBOOK GARDENS NURSERY is taking enrollments for the 1975 - 76 school year. Completing its seventh year as a service of Plymouth Wesleyan Church, the school is located at Five Mile and Bradner and uses church facilities. Story book Gardens is licensed by the state and offers a developmental program for children 3 to 5. The curriculum is designed to provide a structure in which children can develop in a wholesome, accepting environment. Enrollment information may be obtained by calling the church office at 453 - 1572 between 9 a.m. and 3 p.m.

THE PLYMOUTH ASSOCIATION FOR THE ACADEMICALLY TALENTED will meet Thursday June 5 at 8 p.m. at Plymouth Middle School East. All persons interested in programs and activities for gifted children are invited to attend.

The **TOWIKA BONSAI CLUB** will meet Wednesday June 11 at 7:30 p.m. in Central Middle School room 106 at Main and church streets. Discussion and workshop will center on groves and Saikei plantings. Bring all materials: tray, seedlings, soil, rocks, mosses, workbox and tools. See Naka's book pages 215 through 226 for reference. Special open house at Rick Smith's house 656 Harvey, Sunday, June 15 from 2 to 5 p.m. Member of all Bonsai Clubs are invited.

The First Presbyteriana Church of Plymouth, 701 Church, announces its **SUMMER BIBLE SCHOOL**, scheduled August 4 - 8 and August 11 - 15 from 9:30 to noon. The program, for children from three years old (by January 31, 1975) through sixth grade, will include crafts, songs, stories, games and lots of fellowship. Pre-register Sunday, June 8 between church services or register the first day of Bible school.

The Plymouth Branch of the **WOMEN'S NATIONAL FARM AND GARDEN ASSOCIATION** will hold its June Picnic meeting Monday June 9 at noon, at the home of Mrs. Kaywin Martin, 13401 Beacon Hill Dr. Tea chairman for the day, Mrs. George Schmeman, advises members to bring their own place setting and silver.

Pioneer Middle School's **PTSA** will sponsor a **COMMUNITY FUN FAIR** Thursday, June 5 from 6 to 9 p.m. Fifth graders and their families from feeder school - Central, Miller, East, Gallimore. Geer, Isbister and Smith are especially invited to this get-acquainted event, since they will begin sixth grade at Pioneer in September. A spook house, cookie monster and 15 games, a miniature movie house, hot dogs, pop and other refreshments will be offered. A bazaar will feature arts, crafts, and plants. Regular 15 cents tickets can be purchased in advance - eight for a \$1 beginning Monday, June 2, from any of the feeder school offices or at the Pioneer Office, 46081 An Arbor Trail.

School board moves ahead with bus garage plans

Plymouth schools may get a new bus garage this year after all.

The board of education last week authorized Wakely Kushner Associates, the architects who drew up preliminary designs for proposed garage to replace and supplement existing facilities at the Mill Street yard to ask builders of structural steel buildings to present the board with drawings for proposed buildings.

Cost of the new facility, which would connect four additional stalls to the existing garage space and provide more

room for maintenance, is estimated at \$192,000.

If the board chooses a plan and awards bids within the next 60 days, the garage could be in operation by late October or early November, according to Robert Houghton, school transportation director.

The board voted 5 - 1 to authorize the call for a final design. Only Board Vice-President Marda Benson dissented. She has called for construction of a bus garage on property at the Centennial Educational Park complex.

Canton outlaws self-serv gas

In 'emergency' move

BY KATHY KUENZER

The fate of self-service gasoline stations in Canton Township was apparently sealed at the township board's last meeting.

In an emergency ordinance which Supervisor Bob Greenstein proposed under the "health, safety, and welfare" jurisdiction of the township, self-service gasoline stations were, in effect, outlawed in Canton.

The vote was 6 - 1 in favor with Trustee Jim Poole the lone dissenter.

The ordinance, entitled the "Handling of Flammable Fuels Licensing Ordinance," says, "No person shall dispense, pump or handle gasoline or other motor fuels or operate equipment for the dispensing within a location having a capacity to store said substance in quantities exceeding 1,000 gallons without first having been licensed to do so by the Township after being examined for proficiency and knowledge of appropriate safety procedures by the Township Fire Department."

Greenstein said the question of building further self-service stations came up after talks with Meijer Thrifty Acres, which had planned to build a self-service station adjacent to the store at Ford and Canton Center roads.

"I have talked with the Meijer people about it and they have not seen fit to change their plans," said Greenstein. "However, they have inadvertently gone past the time allotted them by the Zoning Board of Appeals to build a gasoline station on that site. They will now have to resubmit their building plan."

The new ordinance apparently prohibits Meijer from going ahead with plans for the proposed self-service station. Under a building permit issued to the firm in April, some building materials had already been shipped to the site.

Trustee Jim Poole said he doubted the wisdom of having to license all persons who are employed by service stations in the township. Poole said he was

against self-service stations but he didn't want to "knock everyone else in the township in the head", by forcing anybody who

pumped gas to be licensed. Greenstein said that to require licensing for one type of

School millages mean no increases deserve support

Whatever happens at the polls Monday, the total rate at which you pay school taxes next year will drop.

With renewal of 5.15 mills and an addition of .46 mill for general operating, the overall rate will still drop from 36.01 to 35.60 mills. We have the growing value of taxable property in the district to thank for that, since the schools will need to levy fewer mills next year to retire debts.

All in all, then, we have a small price to pay to maintain our schools at their current standards and add some important new programs.

School board members decided not to raise millage rates, and their willingness to work within existing millage levels is laudable.

While we might have preferred that the board earmark for specific needs the replacement .46 mill it's requesting, the size of that levy is altogether sensible.

Our schools are at a crossroads, where enrollment is still climbing, but where limits of growth may soon be reached. With three new schools scheduled to open in 1976 and the space-saving alternative of 45-15 scheduled to be tried this summer, Plymouth schools are anticipating change with prudent action.

There's not much room for frills in a 5.61 mill request, but then there shouldn't be. Passage of the two propositions on the ballot Monday will allow our schools to continue to respond to the needs of district children as best they're able.

That's not asking too much. Vote Yes.

THE COMMUNITY CRIER

High graduation cost is unnecessary and should be reduced

In these seemingly hard times, when numerous and varied opinions are offered regarding the high cost of nearly everything, the cost of graduation should not go unmentioned.

It seems as though the activities associated with graduation have been directed toward if not limited to, the elite. Granted, Plymouth is an area basically consisting of the socio-economic group known to all as the upper middle class. But, perhaps unfortunately, all residents do not fall into line.

Tickets for the senior prom, for example, cost \$9 per couple. This goes without computing the cost of tuxedo rentals, dresses, flowers, dinners, etc. The prom, scheduled to take place at The Hilton Inn in Romulus, could cost a guy upwards of \$50 to \$100.

The senior banquet has been priced at \$7 per person. The setting will be the Mayflower Meeting House; elegant, but

costly. The senior party will take place at Plymouth - Salem High School. It will cost each student \$5 to \$6 to go.

The graduation ceremony, too, is an expensive affair. Rental prices of gowns range from \$6 to \$6.50, depending upon color. It is mandatory that they be worn.

Costs of all of these functions are far out of proportion to the average student's budget.

My expectation is not that the school administration or any other group will share the burden of these expenses but that the expenses will be reduced. A senior prom at The Hilton Inn is not necessary. Nor is a banquet at The Mayflower Meeting House.

Perhaps the student organizers of these events will realize graduation is too costly. It is too late to make any changes this year, but for the Class of 1976, there's still time.

DANIEL HERRIMAN

We back Yack, Tonda

Among candidates for the two seats on the Plymouth Community School District Board of Education, one alone stands out - Incumbent Tom Yack.

Since his election last year, Yack had proven himself one of the ablest board members we have.

More than other new board members, he has shown a readiness to grasp the financial demands of education and the board's responsibilities to district taxpayers.

He has shown the backbone to dissent in the face of board and public opposition on such issues as hockey, where his was the lone "no" vote.

As the lone incumbent on the board who is up for re-election, he may have been tempted to waver on the controversial 45-15 year-round school proposal - he didn't.

Yack not only merits re-election to the board, but should also be considered as perhaps the

strongest candidate we have for school board president.

His work as an educator give him a professional competence seldom seen on school boards, and yet he has managed to steer clear in management of the schools. He understands the role of the board as a policy-making, not administrative, body.

Of the five other candidates, we think Flossie Tonda should be elected. Joe Gray has experience on the board and Elden Thomas has shown an interest in the affairs of the district, yet neither has shown a positive direction in the campaign nor a record of contributions to the welfare of school children here to match Mrs. Tonda's.

She will have to face the fact that nearly every meeting presents board members with difficult decisions. If she shows as much perceptiveness and decisiveness as a board member as she has shown tireless commitment on the safety committee, then Mrs. Tonda proves a good

choice for the board.

Thomas has shown a sincere interest in the affairs of the district, but may lack the well-rounded familiarity with school operations needed in a board member.

The same could be said of Leslie Cavell, who sincere in his interest in needed special education programs. But he can hardly be considered for a board post when he has never attended one entire meeting of the school board and sports a poor voting record.

His answers at the candidates' night revealed a lack of familiarity with the schools that would limit his effectiveness.

Jack Wiegand may be a qualified candidate, but the Crier cannot consider endorsing a candidate who inexplicably did not appear to answer candidates' night questions.

We endorse Tom Yack and Flossie Tonda for the Plymouth School Board.

THE COMMUNITY CRIER

'Pilots, businesses buy airport'

Greenstein's Mettetal idea is most acceptable one yet

Canton Supervisor Bob Greenstein's suggestion to businessmen and pilots who use Mettetal Airport that they consider buying the field themselves seems to be one of the most acceptable solutions to the fare of the airport offered yet.

Greenstein said he thought the township would "give serious thought" to reducing taxes on the airport until the operation was on stable ground, should a private group decide to purchase it and "clean it up."

This solution seems to be one that might appease most, if not all, of the parties in the Mettetal squabble.

The township would not have to go into the business of running an airport, which some have said would be a "speculative venture."

People in nearby subdivisions particularly Pickwick residents could expect continuation of the "status quo", rather

than further expansion of the airport.

As it stands, the township is in control of the lands south of the present runway where zoning is concerned, which means a lengthening of the runway would not be certainty. The Pickwick Association has also gone on record as not being opposed to the airport as it now stands.

Pilots and businessmen would still have a place to fly and do business. They would have control of the airport themselves, their taxes would be lowered for the time being, the future of the facility would be on firmer ground than at the present.

Two hurdles will have to be overcome for this proposal to work. First, taxes must indeed be reduced. The tax board of review could reassess the property, or a slim chance exists

that the township could directly reduce taxes under P.A. 198 of 1974, which give it the power to lower taxes of "new" industry coming into the township by up to 50 per cent for an undetermined period of time for the purpose of attracting business to the area.

The major problem, of course, if gathering up the capital to purchase the airport, interest rates on \$1 million amount are nothing to sneeze at. And let's face it, the economy right now does not lend itself to acquiring the money that would be necessary to start such an undertaking.

The problem now is one of timing. Greenstein has said the board will vote on whether or not to purchase the airport at its next meeting - less than a week from now.

Can the Mettetal businessmen make their decision by that meeting time? If not, will they be given another opportunity to purchase the airport from the township should it vote to buy or from the Mettetal, if they retain possession?

It would be a shame to see this solution go down the drain because of a few days time were lacking for the prospective buyers.

KATHY KUENZER

Twp. ducks

"Pilot to bombardier..."

As the Plymouth Township Board was considering Ralph Atchley's request that it oppose expansion of Mettetal Airport last week, a light plane flew noisily over township hall.

Maybe the pilot knew what was on the meeting's agenda and was offering his opinion. The township board tabled the item until July 8 - will the pilot please attend the meeting and speak his piece in person this time?

Split CEP band

Editor
I enjoy reading your newspaper and I think you are doing a fine job in the community. However, I don't feel that way about the Plymouth School District.

The Plymouth School district is made up of several communities and we have two high schools that serve the children of these communities. I understand we have two football teams and two basketball teams and two baseball teams, etc. But we only have on high school band because one man does not want to give a good thing up. I think it is about time that the people of the communities speak up and demand that the Plymouth School Board make two bands, as it should be.

I understand several students cannot make the marching band because of only one band. We pay a lot of taxes for schools in the Plymouth area and I think our children are not getting a fair shake on the marching band.

I don't even care if they have uniforms, at least they are in the marching band and trying their best. I think every high school should have its own band.

Vote 'yes' on millages

Editor:
I strongly support the two millage proposals to be voted upon in the Plymouth Community School District June 9.

The two proposals represent no increase in levy for district taxpayers. The first proposal is for renewal of 5.15 mills for operation and the second, asking .46 mills for operation, replaces two expiring issues: 4 mills for safety and .06 mills for debt retirement. Thus, a yes vote on both proposals will mean no increase in tax levy. On the contrary, due to the increase in total assessed property valuation, which results in a further lowering of tax levy needed for debt retirement, taxpayers can vote yes June 9 and still enjoy a reduction on the total tax levy.

Editor:
As members of the Committee to form a Canton Citizen's Advisory Council, we oppose the Greenstein proposal. Our Committee's suggestion provided for total representation of the community based on po-

I believe this is the only school district around that has two high school, then takes the cream off the top and forms one band. This is not fair to anyone. We pay high taxes and our children are getting punished by not having two bands.

MRS.K. HATLEN

Editor:
We have the best high school band in the State of Michigan. Yes, that is true. However, we are the only community in the state that draws students from two high schools and makes one band.

It is nice to be number one, but how may children sit back and just wish to play in a marching band? If we had two bands all of our children would get a chance to play.

I feel it's about time the members of the Plymouth Board of Education stop trying to impress everyone and have two bands.

Sure, the leader won't like this but our kids will. We pay taxes for our kids, not for people to make a name for themselves.

WILLIE HOWELL
PAT HOWELL

Let's not miss this opportunity to continue our support of fine schools in the Plymouth Community School District.

NANCY WHITE

Editor:
We would like to thank publicly the members of the Plymouth Branch of the Women's National Farm and Garden Association for their donation of marigolds to our neighborhood beautification project.

The flowers were planted on the 'island' where Burroughs and Fairground streets meet and add a colorful touch to the area.

We invite members of the garden club to drive through the neighborhood to see how a weed-filled area has been turned into one of beauty.

SHERRY BURNSIDE
MAUREEN ROBINSON

pulation. We believe the Greenstein proposal does not provide that representation and would produce only a disguised Federation of Homeowners.

With initial membership being composed of only one member from each homeowners or civic association, we believe that the needs of a large segment of the township population is being ignored. Our Committee

never believed membership in a homeowners organization to be a prerequisite for serving the township.

We firmly believe it is of the utmost importance that the Citizen's Advisory Council exist as a "citizens" group to represent the total population of the township, and that the needs of the entire township be the motivating force behind each

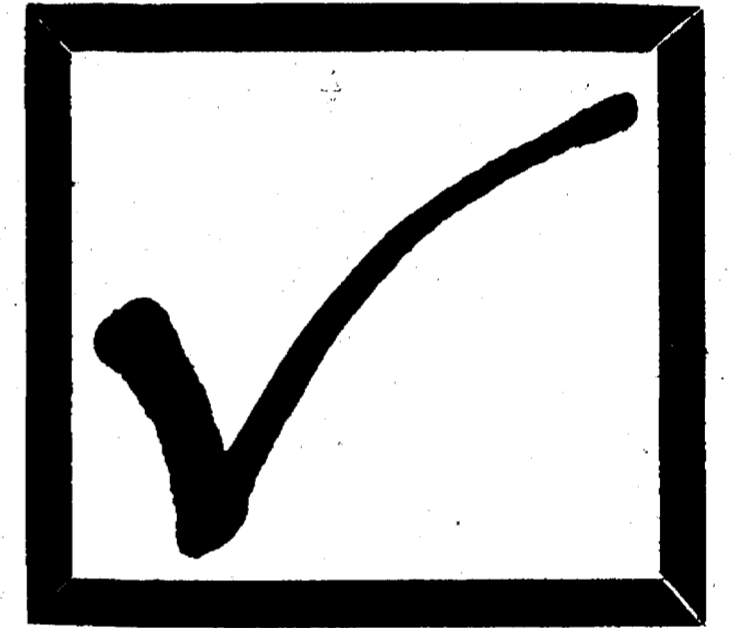

member of the council. We cannot compromise this belief.

AAUW honors landmarks

The Plymouth Branch of the American Association of University Women marked Heritage Day of Michigan Week last week by presenting the owners of two landmark Plymouth homes with bronze plaques.

Eight such markers have been presented by the AAUW since it began marking heritage day here in 1972.

The Tyler - Sharman house, 9101 McClumpha, was built in the 1850's by the grandparents of Mrs. Leon Scharman, who with her husband lives there now.

Also honored was the Root Kulick house, 49770 Ann Arbor Road, built in 1875, Four generations of the Root family lived in the home which now belongs to Alden and Ellis Kulick.

Plaques were donated this year by Robert Bake and Charles

Heidt. Marilyn Carl served as chairman of the AAUW Landmarks Committee. Other committee members included Kathy Gornick, Florence Hasenau, Elaine Kirchgatter, Coralyn Riley, Iren Truesdell and Dee Winter.

**Connie Brown
engaged**

CONNIE LYNNE BROWN

Mr. and Mrs. Lessie Peck of Plymouth have announce the engagement of their daughter, Connie Lynne Brown, to Linwood L. Buchler, son of Mr. and Mrs. Loran Walker of Wayne.

The bride - elect is a 1972 graduate of Plymouth - Salem High School and is now a third class petty officer in the Waves. Her fiancé is an 1968 graduate of Garden City West and is now a career Marine sergeant. They are both stationed at North Island, Calif. They plan an August wedding.

**Jaycees name
Rentz, Reaves**

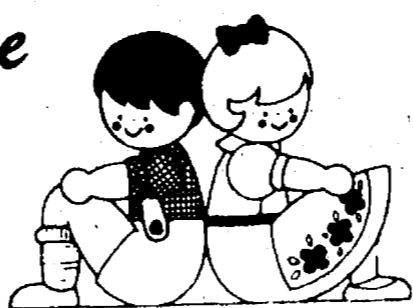

Andrew Rentz has been elected president of the Canton Jaycees for 1975 and Gene "Santa" Reaves has been named an honorary Jaycee by the Canton chapter.

Other officers chosen in a recent election were past president Dan Golec, chairman of the board; Tim Kulick, internal vice - president; Bruce Roth, external vice - president; Allen Prince, secretary; Phil Meloche, treasurer; and Mike Neal and Frank Hlavin, directors.

The Jaycees will again be sponsoring their annual fair July 27 - Aug. 2 at the southwest corner of Ford and Lilley roads.

WORDS OF ENCOURAGEMENT from instructor Pat O'Donnell can sometimes make all the difference as learning disabilities students put

their hearts into exercise. Here Kelley Lott (foreground), Erim Erdem and Dawn Darlington master push-ups.

LD gym puts coordination, confidence within reach

BY KATHY KUENZER

"There are TWO ways to get things - with what you SEE and with what you HEAR!" exclaims the instructor to the group of four to eight - year old boys and girls before him. At first blush, that might seem like standard stuff coming from a teacher. But these are not typical children, they are "learning disabled" and this is not a regular gym class, it is a special class taught by Canton High School special education teacher Patrick O'Donnell on Tuesday evenings at Miller School.

Sponsored by the Plymouth Northville chapter of the Michigan Association for Children with Learning Disabilities (MACLD), the class is completing its first year and O'Donnell is enthusiastic and optimistic about its accomplishments.

"These children come to us

from referrals of teachers in the district, for the most part," He said. "Some 70% of the parents answer on our questionnaires that their children have been tested by school psychologists or other professionals, so we generally have formal confirmation of the learning disability."

Learning disabled children may have any more than two dozen perceptual disabilities, according to an MACLD parent handbook, involve "one or more of the processes involved in understanding or in using spoken or written language, which disorder may manifest itself in imperfect ability to listen, think, speak, read, write, spell or do mathematical calculations."

The child is of normal, potentially normal, or above normal intelligence, but does

not perform well in school because of these disorders.

O'Donnell says the use of gym programs to assist learning disabled children began in the early 1950's. "Such programs are not the findings of one person, but the culmination of several efforts that have shown helpful tendencies," O'Donnell said.

His classes developed as an off-shoot of similar classes set up in Dearborn Heights, Farmington and Livonia by Jim Glasgow, who O'Donnell still considers a "counselor". After being contacted by the Plymouth - Northville MACLD chapter about starting a gym program here, O'Donnell observed Glasgow's ideas and developed his own from them.

The two groups in the Miller gym program are divided between four to eight - year olds

LARRY ROSE steps cautiously across a balance beam under the guidance of MACLD gym assistant Lee Barrie.

and nine to 14 years olds.

Each class period is sectioned into three 20 - minute modules. The first, perceptual activity, includes identifying numbers, shapes, symbols, sounds, and colors as cues to various exercises.

The second gross motor and fine motor activities, features such activities as having a child walk a balance beam, left eye closed, holding onto the end of a long stick, then explain what he is doing.

Finally the obstacle course, uses a child's skills to help him depend on his own abilities to walk a balance beam, jump from a small trampoline over a pole, or climb a ladder, among other challenges.

To the uneducated observer, these exercises may not seem to be a very realistic way of helping these youngsters. But to O'Donnell and his able assistants

Sue and Lee Barrie, the sound of a child pleading "Don't help!" is music to the ears.

"In this program we need to teach to the child's integrities and not to his disabilities," says O'Donnell. "We try to give the kids awareness of how far they can extend themselves, an awareness of their environment, and how to react to the two together."

The success of the class might be measured in its 40 percent growth rate from the first session last September to the second, which started in February.

"We think our parents are very supportive, and the school administration is, too," O'Donnell adds.

A summer session of the gym program is being organized to start soon. Parents interested in learning more about the MACLD activities may contact Lee Barrie at 455 - 3527.

Games that make a difference

MOTOR SKILLS and the confidence that comes with coordination are goals within reach for youngsters in the MACLD perceptual motor gym at Miller School. With a flurry of arms Kevin Stolis (left), Kelley Lott, Jeff Rowe and Dawn Darlington follow the lead of instructors Barrie and O'Donnell.

Cheske seeks funds for lights

The problem of getting funds to install lights on the I - 275 overpass on Joy Road may be soluble, according to one Canton Township trustee.

Trustee Gerald Cheske said his recent trip to Washington D.C. with other township officials to the Annual Municipal Officers Conference gave him some new insight into ways of obtaining Federal money for such projects.

Cheske said he met with officials from the Federal Highway Administration in the capitol and learned how to go about applying to the state for certain available grants.

"Now I can go to the state with a knowledge of what

the guidelines are and tell them we know how to get the funds," he said. "The problem is Federal funds are given on a 70 - 30 matching basis, 70 percent from

the Federal government and 30 per cent from the state. I don't think the state will be too red hot about it, but the township will still try."

POINT PARK, where Starkweather and Mill meet in Plymouth, was the scene of a one - car accident last week Tuesday when a car driven by 58 - year - old John Kalbarczyk of Dearborn struck a power pole and came to rest against a tree. Kalbarczyk was treated for minor injuries at St. Mary Hospital. (Staff photo by Hank Meijer.)

Voting records vary

The six candidates seeking election to the Plymouth School Board show a wide range of voting records - from 13 per cent to 100 per cent.

When a registered voter goes to the polls, it is a matter of public record on the schools' voter registration lists. These lists showed:

Leslie C. Cavell registered to vote here on Nov. 13, 1959 and has voted three times in the succeeding 24 Plymouth School elections - a record of 13 per cent.

Joseph L. Gray registered to vote in August, 1968 and has voted in the five school election since June 12, 1972, when he was first elected to the Plymouth School Board. He has voted in 50 per cent of the school elections since registering.

Elden J. Thomas registered to vote in the Plymouth School District on May 13, 1972 and since then has voted once - last year - for a voting record of 20 per cent.

Flossie B. Tonda voted in seven of 10 election since she registered to vote here in October, 1968 - a voting record of 70 per cent.

Jack D. Wigan registered to vote in the Plymouth School District in August, 1973 and voted last June - a record of 100 per cent.

Tom Yack who also sports a 100 per cent voting record, registered to vote here in 1972 and has voted in every school election since.

Trade fair 'encouraging'

The recent Canton - Belleville Spring Trade Fair was "one of the finest displays of its kind ever to come out this way," according to one of its chairmen, Bart Berg.

The Canton Chamber of Commerce president said the trade fair did not attract as many people as he had hoped, but that exhibitors said they were pleased with the exposure and encouraged both chambers of commerce to "keep it up."

Co - Chairman Kurt Atchison, vice - president of the Belleville chamber, agreed that the biggest drawback of the trade fair weekend was the small attendance.

"We were limited in advertising money because we wanted a low cost for rental space to exhibitors," he said. "Next year we will have a bigger promotion."

Some 122 exhibitors, showing everything from arts and crafts to bedding plants and building insulation, took part in the first annual trade fair.

Millage

Cont. from Page 1
rent millage can bring revenue in, Hoedel said. He cited incremental and cost-of-living salary increases in new labor contracts as factors building in a higher cost of operation in the coming year.

Contractual agreements with teachers, administrators, clerical staff and other district employees will cost \$1.1 million more next year.

Inflation has had a devastating effect on many day-to-day maintenance and operating expenses.

Replacement of maintenance equipment, purchase of supplies and salary increases for the custodial staff will cost an

estimated \$300,000 more next year.

Teaching supplies - textbooks, workbooks, paper, pencils and other classroom needs will run the schools an additional \$157,000 in 1975-76.

Population growth will also place new burdens on the district budget. Hiring of new teachers to serve an anticipated jump in enrollment from the current 12,662 to 13,300 students will cost about \$150,000.

An additional \$117,000 will be needed this year to keep the bus fleet running at full strength. Cost of gas, oil, parts and driver contracts are all up. Other factors pushing up district spending include:

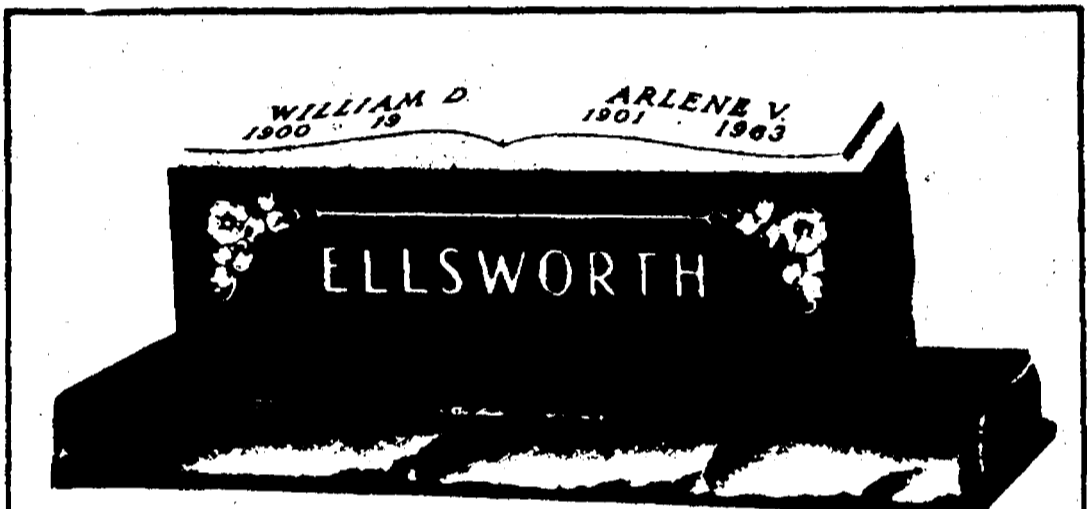

Utility bills, up \$40,000.
A teacher center for in-service training jointly funded by the district and Novi and Northville schools and the Wayne County Intermediate School District, an additional \$45,000.
Replacement of old buses and purchase of additional vehi-

"SOMEONE HAD TO DO IT", said four Plymouth girls who took it upon themselves to clean debris from Tonquish Creek following heavy rains last week. Tree limbs and litter had clogged the grating where the Ton-

quish goes underground just west of Harvey Street. Setting about their dirty work are (from left) Mary Lukens, Barb Brisbois, Tracy Farrell and Liz Brisbois. (Staff photo by Bob Cameron.)

Granite, Marble and Bronze - Michigan's Largest Selection

cles to meet increase enrollment, up \$76,000.

Start up costs of the 45-15 year-round school program at Miller School, and additional \$62,500.

Addition of interscholastic hockey, girls golf and gymnastics teams and intramurals in all grades, \$36,000.

Contracted Services - repair contracts, legal fees, etc. up \$20,000.

Insurance costs, up \$80,000.

One of the biggest new expenditures the district will absorb next year is \$45,000 in state maintained improvements in special education services. Most of that sum, however, is expected to be reimbursed through state aid and the county intermediate district special ed millage approved last year.

To meet these new costs, Hoedel said, the school board will likely have to pare down its proposed expenditures even with both levies approved.

Mettetal

Cont. from Page 3
pilots from Mettetal why they had never gotten together to purchase the airport themselves. Most agreed the taxes would be prohibitive.

Greenstein then said, "People there seem to want someone to do a good job with it (the airport). If the Mettetal continued to run it, I'm not sure what Canton Township would do. But if you (the businessmen)

said you'd clean it up, my personal opinion is we'd give you a tax reduction for as long as it took to get it operating.

"I'm surprised you haven't been able to see me or the previous administration or the township tax board of appeals about this long before now."

The pilots and businessmen said they would give Greenstein's proposition some thought.

Chief Greenstein

Cont. from Page 1
ments to employ "no fewer than 20 certified officers."

"I am asking that we establish a police department 'in name only' so that we can be 'grandfathered in' under the old rules if it should come to the point where we needed our own department," Greenstein said. "This department is not intended for protection purposes, but only as a guarantee that we wouldn't have to establish a 20-man force should the Wayne County Sheriff's Patrol be pulled off our roads."

Treasurer Carl Parsell said it should be made clear that no funds would be available for putting a force in effect and that the township "won't be hiring."

The new "department", however, will consider Greenstein its chief of Police.

Greenstein said that the law says the supervisor is the "chief law enforcement officer" in the township, but the advantage to being named police chief was that the department "wouldn't be forced to hire a \$20,000 per year chief if we need to establish our own department in the future."

Gas

Cont. from Page 5

station and not another would be unconstitutional.

Present service station attendants will have 90 days to acquire licenses.

Said Greenstein, "The true purpose of this ordinance is to discourage absolutely the installing of further self-service operations in Canton Township.

Win loop, district crowns

Rocks blast Chiefs

BY DENNIS O'CONNOR

Plymouth fans finally got their showdown.

The finals of the Southfield district in the Michigan high school baseball tournament came down to a Plymouth vs. Plymouth championship as the Rocks and the Chiefs battled for the title last Saturday, and Salem, winner of the Suburban Eight League, totally demolished top-ranked Plymouth - Canton 9-0.

Salem reached the finals with a 12-6 victory over Livonia Franklin that morning. Canton made it to the title game with a 7-1 win over Livonia Stevenson.

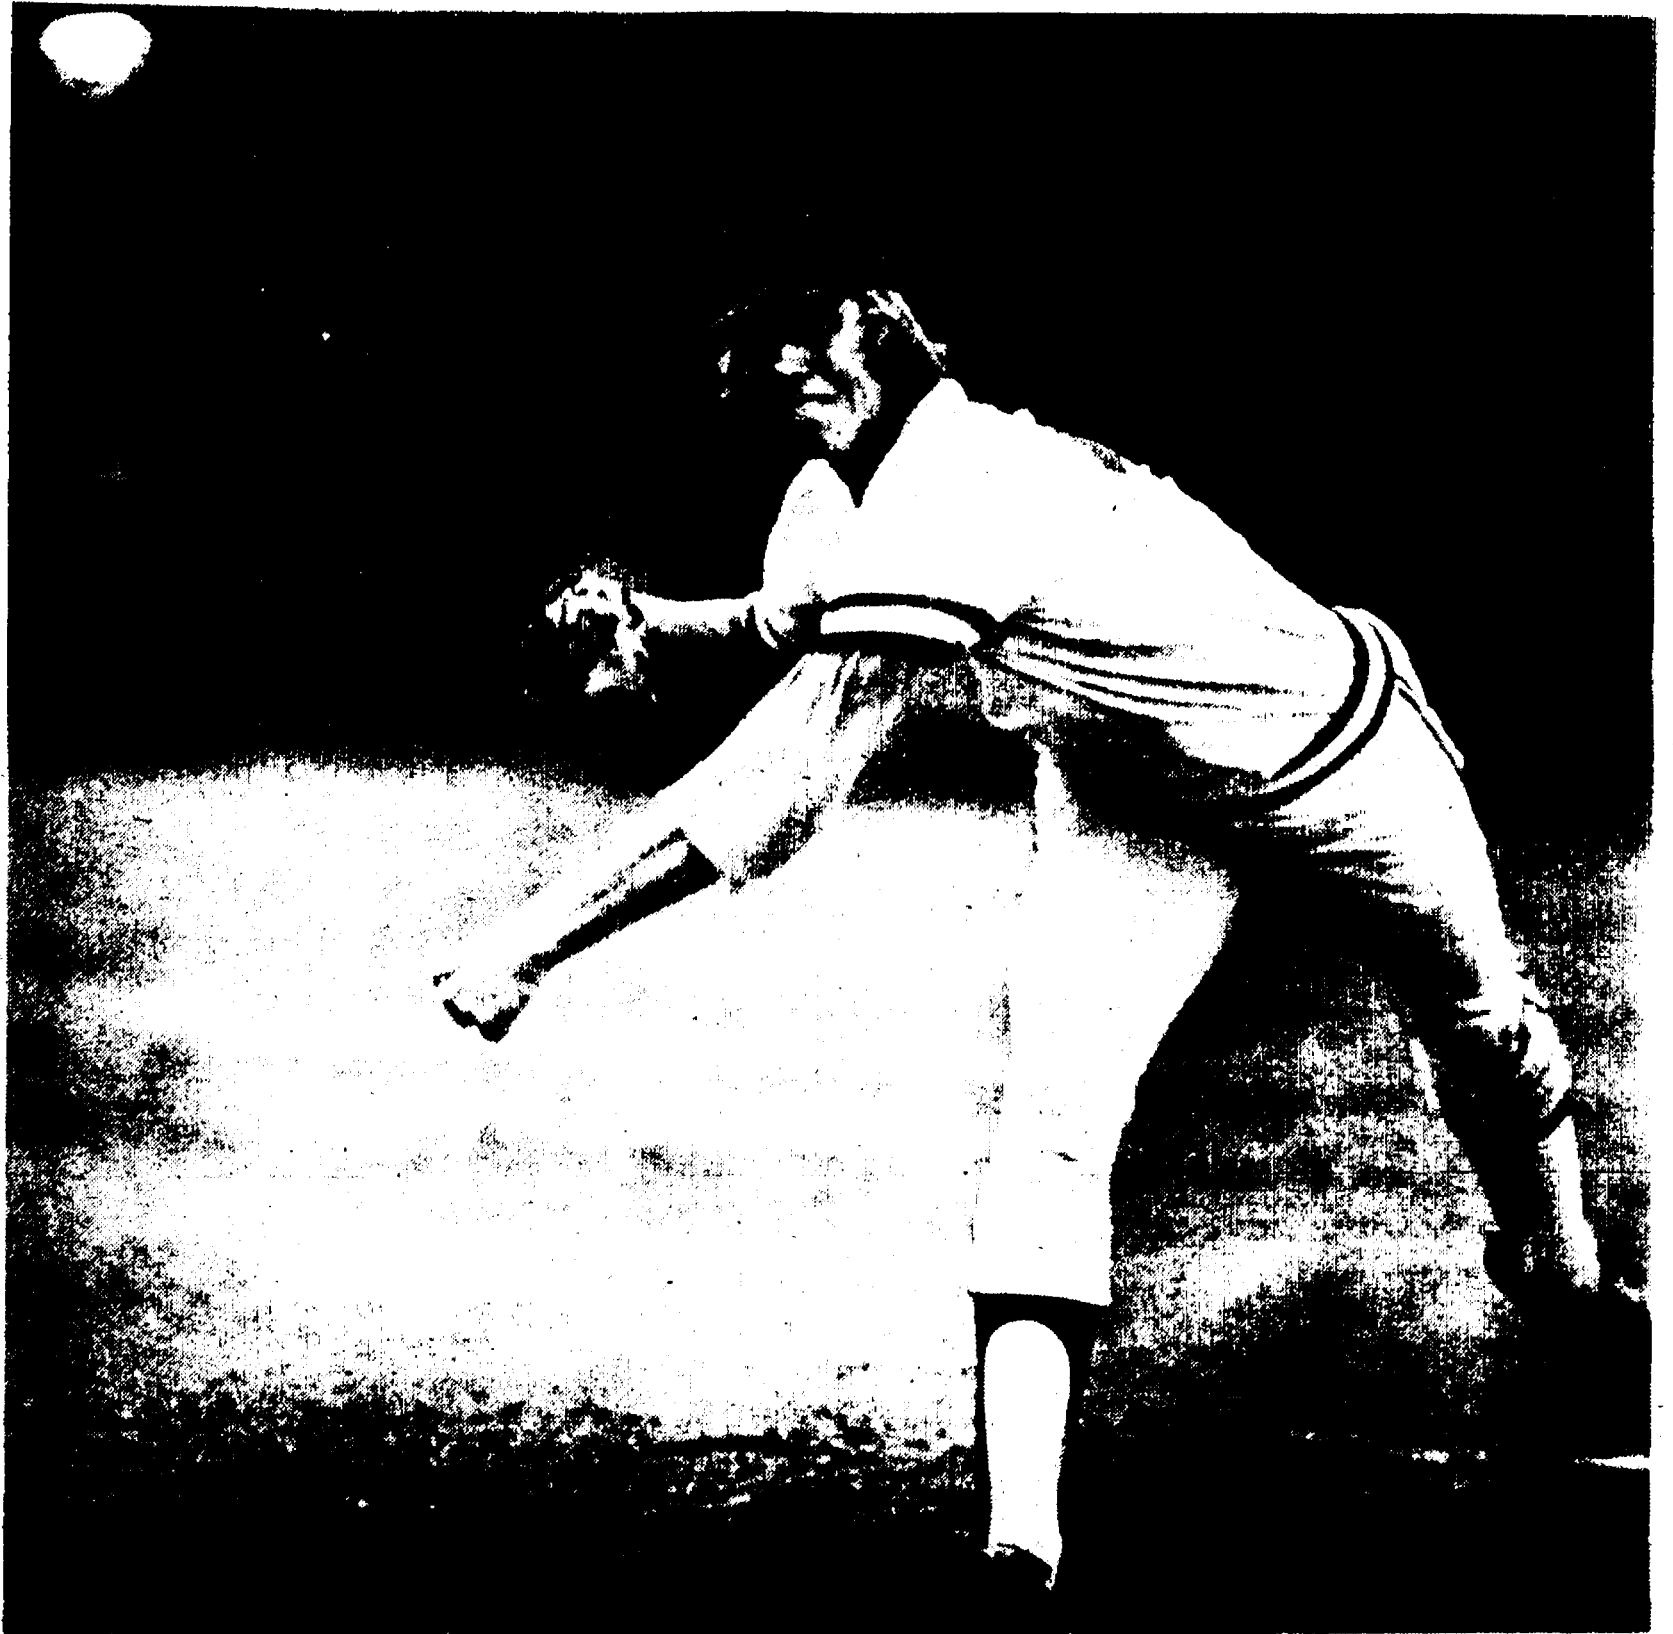

The big surprise was the Rocks's total domination of their rivals from Canton. Winning the first game with pitchers Brian Wolcott and Chuck Thomas, the Rocks saved pitching ace Tom Willette to face Canton. The Chiefs, on the other hand, used their number one man, Bill Parson, in the Stevenson win, leaving the mound duties to Chris Martucci and John Young.

Sophomore Young started on the bottom of the first. Dave Pierce led off with a single, went to second on a passed ball and scored on Doug Tripp's single up the middle. Tripp's hit was the first of his four in the game, as the all-league outfielder scored four times, knocking in two runs. He came home in the first when Willette followed with a two-run homer over the left-field fence.

Salem cashed in for two more in the second when back-to-back singles by Wolcott and Tripp put runners on first and third. Tripp stole second, and in doing so forced catcher Tom Close to throw the ball into centerfield, allowing Wolcott to score. Tripp came home with the fifth run on an RBI single by John DenHouter.

The fourth inning saw Salem add to the attack when Tripp's third hit resulted in him scoring on an error, as Chief centerfielder Steve Dugan dropped Willette's fly ball. Willette later scored on Howard Inch's sacrifice fly.

Cont. on Page 16

PITCHING ACE Tom Willette fanned 15 Chief batters and held Canton scoreless Saturday as the Rocks pounded their Centennial

Park classmates 9-0 to take the Southfield district title in Michigan high school baseball tournament action. (Staff photo by Robert Cameron.)

Sports

DeMerritt takes 3rd

Salem middle distance ace Mark DeMerritt ran his best 440 ever last Saturday at the state class A track meet at Flint Northwestern. Mark's 49 flat was good enough for third in the state.

As a team, the vastly improved Plymouth - Salem Rocks finished sixth in the Suburban Eight League meet held last Wednesday at Redford Union. The Rocks missed fourth by only six points.

Kim Woody placed first in the pole vault with a 12-foot nine inches vault and took fourth in the 220 dash at 23.4. DeMerritt was second in the 220 dashed and 440 dashes running respective times of 22.9 and 49.4. Ted Burton was runner-up in the shot put, finishing second with a throw of 50-foot-seven inches.

The 880 relay placed third in a photo finish at 1:31.7. Runners in that relay were Woody, DeMerritt, Greg Davis and Tom Kindree. the mile and 440 relays

both placed sixth.

Plymouth - Salem thoroughly dominated the nine-team freshmen meet. The Rocks finished with 62 points, 17 better than their closest opponent. Plymouth placed in the top four in all but one event. Individual firsts came from Greg Davis (100 dash), Chris Ritchey (440 dash) and Scott Kleam (mile). The mile relay of Mike Skone, Kleam, Jim Ross, and Andy Fishwick also won.

MARK DEMERRITT

Croci 3rd in 440 Rock track girls 9th in state

Jackie Croci, representing the Plymouth - Salem girls track team, flashed to a third place finish in the 440-yard run at the state meet, held at Livonia Franklin last Saturday. Jackie ran the quarter mile in 58.1 seconds.

As a team, the Rocks tied for ninth with a respectable total of 16 points.

Two other events in which Plymouth placed were the 880 mile and mile relays. Jackie and

Barb Croci, Dana Worsnop and Polly Richards took fifth in the 880 relay with a 1:46.2 time. The Croci twins, Richards and JoAnn Langkable placed seventh in the mile relay at 4:09.6.

Chief gals lose finals

The Plymouth - Canton girls softball team made it as far as the district finals before a loss brought the season to a close.

Both games were played last Saturday as the Chiefs beat Dearborn Heights Annapolis 13-13 - 1 in the semifinal game. Going into the contest Annapolis had a 12-1 record. The finale saw the Chiefs lose to Bishop Borgess, 17-1. Borgess is rated a favorite in the state title race.

Eleven second inning runs were all the Chiefs needed for the Annapolis win. Their nine-hit attack was led by Jan Haarer and Anne Dozbush with two. Dozbush pitched a two-hitter on the mound.

In the loss to Borgess, Canton ran up against some tough pitching, collecting only four hits by four different people.

The Chiefs end their season with a respectable 10-6 record and a 5-5 third place mark in the Western Six League.

Doc's Corner

BY DENNIS O'CONNOR

As I anticipated in last week's column, competition on the Southfield baseball district came down to two great teams from Plymouth meeting head on for the championship. What I hadn't expected was such a one-sided victory, which saw the Plymouth - Salem Rocks completely dominate the Plymouth - Canton Chiefs, 9-0.

Both squads won their respective league titles, both were considered two of the best teams in the area. Canton had just been voted number one in the state in the final ratings last Thursday. The Chiefs record included just three losses in 25 games. Salem wasn't recognized in the state ratings, but supported a 16-6 overall mark. I was looking forward to one of those one-run ballgames, with the outcome going either way.

But the Rocks played the game like a good ballclub should. They jumped into a quick lead, added to that lead inning by inning and never let their opponents mount an attack.

Going into the ballgame, it was a question of whether the Rocks ace pitcher, Tom Willette, could handle the Chiefs' potent bats. But handle them he did. Tom was practically untouchable, striking out all but one of the Chiefs he faced more than once. And the only Canton batsman who didn't strike out hit a weak grounder back to Willette for an out and later hit into a double play.

But it took more than just a fireball pitcher to dominate against a top-flight foe like Canton. The Rocks' offensive, which scored 21 runs on the day (in the two games), collected 11 hits, led by Doug Tripp with four.

Two superior plays in the field by first basemen Howard Inch didn't hurt the cause, either. It was a complete team victory for all the players as well as their fans, as enthusiastic support from the bench helped a

burst Canton's bid for state tournament leadership.

While the season came to an abrupt end for the Chiefs, they have nothing to be ashamed of. They are an excellent group of ball players who showed much talent and constant dedication to the game. Their fans were equally as enthusiastic and supportive. This group of men brought Canton its first outright league championship in the school's young history. Students at Canton as well as the people in the community should be proud of the season this fine group of athletes turned in.

Chiefs top all-league

The Plymouth - Canton baseball team which finished first in the Western Six League, dominated the All-League selections this season, placing four players on the first team, and four more on the second.

Pitcher Bill Parson, outfielder Mike Verduce, catcher Tom Close and shortstop Brian Stemberger made the first team.

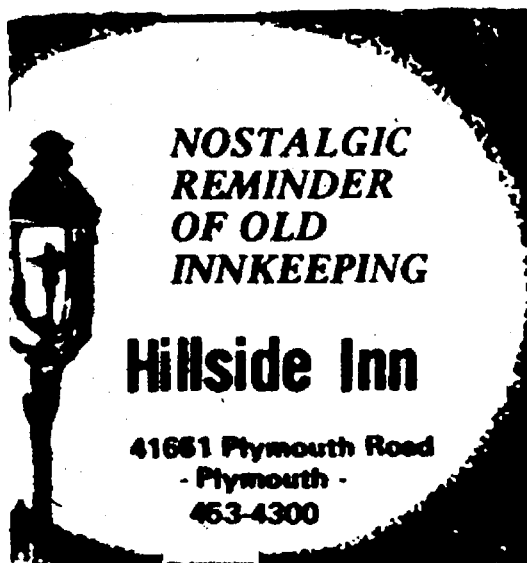

Close led the league in homers. Stembergers held the best average and Parson won the most games on the mound. Verduce and Close batted in the .300's and Stemberger in the .400's.

The four second teamers were Scott Dunagan (third base), Ed Pariseau (first base), Keith Randazzo (second base) and Paul Major (outfield).

Gals too

The Plymouth - Canton girls softball team placed more members on first and second All-Western Six League teams than any other squad.

Lone first team Chief shortstop Cindy Kreig placed four people on second team, among them Anne Dozbush (pitcher), Jan Haarer (catcher), Kim Zoladz (first base) and Barb Palmer (second base). Of these five, only Palmer is a senior.

Chief netters edged in loop tourney

Two points separated the Plymouth - Canton tennis team from first place in the Western Six League meet last Thursday. Livonia Churchill won the meet with nine points, Northville followed with eight and Canton was third with seven.

Singles player Steve Prueter lost in the semifinal round, finishing up as fourth best league player. Doubles combinations of Greg Sweet and Bill Schulz and Steve Moorehead and Curt Hopfner also both lost in the semifinal round. Battling each other for third spot and an all-league berth, Moorehead and Hopfner wound up victors over their Canton teammates.

The only state tennis representative from the Plymouth area, Canton's Steve Prueter, came up with an unlucky draw

in the first round of competition. He met a powerful player from Ypsilanti and fell in straight sets. As a team, Ypsilanti became state champs in Class A competition.

WITH A SLOW PITCH, Plymouth City Commissioner Joe Bida tossed out the first softball last week to mark the beginning of play at the city's new Massey Field, on Plymouth Road adjacent to Riverside Cemetery. Scores of players in adult leagues will keep things hopping at the facility nearly every night. (Staff photo.)

Canton, Salem win league baseball titles

The Plymouth - Canton baseball team split a pair of non-league decisions last week before competing in district competition. Canton beat John Glenn 12 - 4 last Tuesday (May 29), but lost a heartbreaker to Birmingham Brother Rice 3 - 2 in nine innings last Thursday.

Bob Ayotte and Keith Randazzo led the nine hit attack with two each. John Young went all the way for the victory over the Westland team. Canton scored three in the third, five in the sixth and four in the seventh.

Both Canton and the tough Brother Rice squad scored twice in the second inning. The game remained scoreless until the ninth, when Rice scored the decider-off. Bill Parson, who was pitching in relief. The Canton loss broke a 12 - game winning streak for the Chiefs.

Matt Wiley accounted for both Canton runs. He hit a bases loaded single in the second. Wiley had two hits on the day. All five runs in the game were unearned.

The impressive district victory over Plymouth Canton last Saturday overshadowed the final Suburban Eight League win for the Plymouth - Salem Rocks baseball team.

Nonetheless, the win was an important one, as Plymouth beat Belleville 16 - 5 last Tuesday (May 27). This victory, combined with an Allen Park win over Edsel Ford, gained Plymouth the outright league title. The Rocks ended with a 10 - 4 record; Edsel Ford and Allen Park were second with 9 - 5 marks.

A ten - run first inning, in which 14 men come to the plate, was all the Rocks needed for victory. Chuck Thomas went the first four innings and picked up the win.

The 14 - hit attack saw Brian Wolcott collect four and Doug Tripp, Howard Inch and Thomas smack each.

Central gals win

A 17 - 15 eight inning win for the Central Middle School girls softball team over Pioneer last Tuesday (May 27) knotted up the final standings of the season. Both Central and Pioneer ended with 4 - 2 records; with East and West finishing at 2 - 4.

Rocks drub Chiefs 9-0, move to regionals

Cont. from Page 13

The Rocks final two runs came in the fifth, when Vern Nagel scored on Tripp's fourth hit. Tripp came home with the final run on a Charlie John son single.

Meanwhile, the hard hitting Canton bats were stymied to perfection by the fireballing Willette, as the Plymouth southpaw rolled to his 11th victory of the year.

The Canton lineup, which bats better than .290 as a team, couldn't muster anything off Willette. He held the Chiefs hitless through the first five in-

Willette, Tripp named All-league

The first place Plymouth - Salem Rocks baseball team placed two players on the first team and two more on second team of the Suburban Eight All-League squad.

To no one's surprise, Salem lefthander Tom Willette was unanimous pick at pitcher. The southpaw won seven games in league play, striking our 100 batters in about 50 innings pitched.

The other first teamer was outfielder Doug Tripp, who averaged .344 at the place during league play, highest of all Sub - 8 outfielders.

Second team members were juniors Dave Pierce and John DenHouter. Pierce is the Rocks' second basemen. He missed first team by one point, garnering more first place votes than any other candidate. DenHouter is rightfielder for Plymouth.

Seven other Rocks made honorable mention, including: Chuck Thomas (pitcher), Brian Wolcott (short stop), Charlie Johnson (third base), Howard Inch (first base), Tim Dillon, and Dan Moore (outfield) and Vern Nagel (catcher).

West trackmen nip Pioneer

As expected the middle school league track meet turned out to be a tight showdown between West and Pioneer, as the Bulldogs from West edged the Pioneer Panthers by a single point, 74 - 73. Central finished third with 26 points and East was last at 21.

John Morrison won two events, the 60 - yard dash and long jump. Jack Wellman was tops in the pole vault at nine - feet - six inches and Bill Bourmias ran the half mile in an outstanding 2:07.2

nings. A single by Chris Martucci in the sixth and a double by Bob Ayotte in the seventh were the only Chief hits of the day.

Willette faced only four batters over the minimum, as he struck out 15 Canton hitters and walked only one.

Young went the first one and two - thirds innings for Canton, giving up five runs. Martucci pitched four stanzas and gave up up the other four tallies. Mark Perkins finished up the last one-third inning.

The Salem 11 - hit attack saw Willette and Dave Pierce each got two safeties, in addition to Tripp's four.

After the game, Salem coach Wayne Sparkman said, "As a ballclub, we met this challenge with determination and desire that resulted in an overwhelming victory, Maybe now Plymouth - Salem will get the recognition deserved all season

long. I take off my hat to the players, and to the fans for their support."

Canton coach Fred Crissey noted, "The score was not indicative of the two ballclubs. I take nothing away from my boy boys they never quit." Crissey added that you can't give up so many runs early in the game with a pitcher like Willette on the mound. "Tom's the best in the area," Crissey said.

The Rocks move on to regional play Saturday, also at Southfield. Salem is scheduled to play at noon. A victory in that one moves them to the regional finals at 3 p.m.

The Rocks' semifinal victory over Franklin featured 20 walks in a game that lasted more than three hours. Wolcott, relieved by Chuck Thomas in the fifth, got the win. Plymouth scored 12 runs on 11 hits. Inch

collected three, and Ddan Moore and DenHouter had two each.

Canton semifinal victory saw Bill Parson go all the way, pitching a one - hitter. Five runs in the sixth broke the game open

for the Chiefs. Paul Major had two of the six Canton hits.

Not including yesterday's game, Canton holds a 21 - 4 record (24 - 4 including Cincinnati). Salem's overall mark is 17 - 6.

Plymouth School Board Minutes

This is a synopsis of approved minutes of a regular meeting of the Plymouth Board of Education held on May 12, 1975. Members Lawton, McClendon, and Mirto were absent from the meeting. About 150 administrators and guests were in attendance. Minutes published for the Board were approved. Vice - President Berison presided at the meeting. Several persons rose to speak to the issue of the proposed 45 - 15 program at Miller School. Mrs. Kathy Lupton, Mrs. Judy Utermark, Mr. Gerald Arnold, Mr. Richard Martin, Mr. William Ryan, Mr. Charles Venarian and Mr. Elden J. Thomas were recognized. A new survey of parents in Miller School was presented to the Board, and several issues concerned with implementation of 45 - 15 were questioned. Proposals for alternatives were made such as use of portable classrooms, or setting up a program on a voluntary basis. The audience was assured that the Board would study the results of the new survey and the matter placed on the next regular meeting agenda.

Administration Action Items: The Superintendent reported that accreditation for the Centennial Park Schools had been received from the North Central Association of Colleges and Schools with no specific citations or limitations listed. The matter of Summer School activities for 1975 was tabled by the Board until a list of specific subjects could be compiled, including creative activities at the middle and elementary levels.

The administration of the June 9 school election was transferred from the Board Secretary to the School Superintendent, and legal resolutions prepared by the school attorneys relative to physical preparation for the election were adopted. Planning for the election by administration was discussed by Deputy Supt. Hogan.

The Superintendent requested permission to employ a group of special education personnel to implement a cluster plan at the Centennial Park and four middle schools, with elementary schools acting as feeders to the program. MACLD President B. Loeffler rose to discuss the proposals with the Board, and the design for the Cluster Program was diagrammed for the Board. Several questions regarding the program proposal were raised by Board members. A notion was then passed which would give administration permission to proceed to hire 20 additional personnel for the special education program, and an amendment was adopted which would allow for flexibility in hiring certain types of personnel as needed, and that, in addition, as funds become available, the Pupil Personnel Service Director be authorized to recommend that other personnel be hired, if approved by the Board. The intent of the motions was questioned as to implementation before or after the June millage election, and personnel division was directed to hire as soon as possible. The Curriculum Coordinating Committee in the Gifted was requested to reconvene to take a look at their original recommendations with Dr. Page, and return to the Board with a new recommendation to begin in September 1975. Dr. Hogan announced a Pilot Program for Central Middle School to allow senior citizens to purchase school lunches for 80 cents, under the federal S.P. I. C. E. program beginning May 19, and the program was approved by the Board.

The CCC Committee report on Early Childhood Education, Phase V, was presented to the Board and questions and suggestions were made. One of their recommendations was to change the birthdate limitation to September 1 rather than December 1 for a child to enter school at age 5. The report was accepted and the committee authorized to proceed to Phase VI, "Funding", with the cost of preschool assessment to be presented as soon as possible. The report and its fine layout were commended by the Board.

Business Administration Action Items: Bills for payment in the amount of \$692,729.76 were approved. All bids received for purchase of School Site No. 4, (Haggerty Road) were rejected, and administration directed to explore other methods to sell the property. A report on evaluation of the bids received to purchase school bus communication equipment system was made by Mr. Jack Seward of Western Michigan University, and the contract was awarded to RCA Mobile Communications Division in the amount of \$25,609, with money to be taken from the 1974 Safety Millage. In addition, the preliminary drawings submitted by Graham

Culotta architects for 2nd floor renovation at Board administration offices were approved, and the firm directed to proceed with working drawings for approval. The bus service garage proposed drawings as made by Wakely - Kushner Associates, were also presented and discussed. The proposal was defeated, but requested to be returned to the next regular meeting agenda. Michigan National Bank of Detroit was approved as paying agent on obligations and interest coupons paid by the School District on the \$9,975,000 bond issue, and a cremation agreement was approved with that Bank to cremate all obligations and interest coupons paid by the School Districts. The matter of rejecting offer to purchase 10.2985 acres of land for a school site in Cavalier Village Park, Canton Township, was tabled.

Old Business: After further information received from Mr. J. Griffith, Centennial Park Symphony Band Director, the band trip to Troy, Alabama won February 6 - 9, 1976 was approved.

Policies: Policies on Curriculum and Instructional Practices - Subject Fields and on Travel Expense and Mileage Allowance Regulations, were presented for first reading.

Safety: The Committee was asked again about acquiring new members from the areas surrounding the new elementary schools under construction.

The meeting was adjourned at 11:30 p.m. A special meeting of the Board held on May 16, 1975 was recessed to executive session in its entirety. No formal actions were taken when the Board reconvened for adjournment. On Monday, May 19, a special meeting was held at which time bids for new elementary schools No. 11, 12, 13 were analyzed by Mr. Larry Morris, Architect for Tarapata, MacMahon, Paulsen. The Felker Construction Company was selected to be awarded the contract for TMP Project 7417, 7418, 7419, including alternates No. 1, 1A, 3, 4, 5, 7 and 10 and to extend alternate No. 2 for up to 30 days and alternate No. 11 up to 60 days.

These minutes are a synopsis and complete transcripts can be obtained in the Board of Education administrative offices.

Plymouth Township Board Minutes

TOWNSHIP OF PLYMOUTH
BOARD OF TRUSTEES - REGULAR MEETING
MAY 27, 1975

Supervisor McLaren called the meeting to order at 8:00 p.m. All members were present.

Reading, Correcting and Approval of Minutes: Mrs. Richardson suggested an amendment to the minutes under Item 5 of the April 22, 1975 minutes. Delete "...a cost of \$500, expenditure of \$200 for a sign at the entrance of the Recreation Site and the expenditure of \$300 for the supervision of the planting of the seedlings by Norman L. Dietrich and Associates for a total expenditure of \$1,200." and amend to read "...at the following estimate of cost: a. Design and planting for the Park entrance and front area to include the proposed locations, size and type of plant material, \$500 - b. Design location and details of a proposed entrance sign - \$200 - c. Supervision of the above mentioned planting plan \$300 - Total cost estimate, \$1,000.00. Mr. Ash moved to approve the minutes of the Regular meeting of April 22, 1975 as amended. Supported by Mr. West and carried with Mr. Burke abstaining.

Mr. Gornick moved to approve the minutes of the Regular Meeting of May 13, 1975 as submitted. Supported by Mr. West and carried unanimously.

New Business - Dr. Ralph Atchley Re: Purchase and expansion of Mettetal Airport by the Canton Township Board. Dr. Atchley stated that the Canton Township Board of Trustees is considering the purchase of Mettetal Airport and he understands that with the purchase, expansion would be in order and forthcoming in order to get federal funds. Dr. Atchley presented a petition opposing the expansion of the airport signed by approximately 129 Plymouth Township residents. Mr. West moved to review the feasibility study and table this item until the July 8, 1975 regular meeting. Supported by Mr. Burke and carried unanimously.

Plymouth Township Planning Commission, Re: Action taken at their meeting of February 19, 1975, Finlay McQueen, Appl. No. 274, lot split, lot No. 20, Gould Industrial Park. Mr. Draugelis, attorney for the applicant, informed the Board that the lending institutions have insisted that a lot split be obtained with ingress and egress onto Ann Arbor Road. Mr. Buke left at 9:06 p.m. for an emergency at this home.

Mrs. Richardson moved that the recommendation of the Planning Commission approving the lot split as requested by Finlay McQueen, Appl. No. 274, lot No. 20 Gould Industrial Park, be approved conditioned upon: 1. State approval is obtained for a so - called tennis court exit - entrance; 2. Proper lighting be established. 3. Traffic be guided to right hand turns in and out only; 4. Establish suitable grades at exit; 5. Demonstrate that the grade on the acceleration lane would be such that the acceleration would be feasible at that point; 6. Re - evaluate the entire site, including the bowling alley (southeast corner of General Drive and Ann Arbor Road) so that all improvements could be correlated and subject to site plan review again; and that the lot split not be sent to the County until these conditions have been met and submitted to the Supervisor. Supported by Mr. Ash and carried with Mr. Gornick voting "No".

Helen Richardson, Clerk, Re: Formalization of the Revisions of the Federal Revenue Sharing Budget. There being no comments or questions from the public, Mr. West moved that the formalizations of the revisions of the Federal Revenue Sharing Budget Account be approved as submitted. Supported by Mr. Gornick and carried unanimously.

Helen Richardson, Clerk, Re: Transfer of Funds and opening of new accounts. Mr. Ash moved approval of the Clerk's recommendations of Transfer of Funds and the opening of new accounts. Supported by Mr. West and carried unanimously.

Richard Lewiston, Appl. No. 281 Re: Tentative Preliminary Plat of Mayflower Village Subdivision, located between Ann Arbor Road and Joy Road, just East of Canton Center Road. Mr. Gornick moved approval of the Tentative Preliminary Plat of Mayflower Village Subdivision, Application No. 281 as requested by Mr. Richard M. Lewiston. Supported by Mrs. Richardson and carried unanimously.

James E. Gignac, Fire Chief. Mr. Milligan moved to approve Mr. Gignac's request for continuation of the Fire Cadet Volunteer Program to be reviewed annually at budget time. Supported by Mr. Ash and carried unanimously.

Wayne County Road Commission Re: Drainage Agreement covering Township Property on Wilcox Road. The following Resolution was offered by Russell Ash, supported by Richard Gornick: Resolved, that the Township of Plymouth, Wayne County, Michigan, approves the drainage agreement between the Board of County Road Commissioners of the County of Wayne, Michigan and the Township of Plymouth, pertaining to a proposed storm sewer, which the Township wishes to construct in Wilcox and Schoolcraft to accommodate its property at this location, and authorizes the Township Supervisor and Township Clerk to sign the Drainage Agreement on behalf of the Township of Plymouth. Yes: 6. No: 0. Absent: 1. Resolution carried. Mr. Gornick moved to adjourn the meeting, supported by Mr. West. Supervisor McLaren adjourned the meeting at 9:40 p.m. Approved.

Respectfully Submitted,
J. D. McLaren, Supervisor
Helen J. Richardson, Clerk
(This is a synopsis of the minutes on file in the Clerk's office.)

Chief gals last in Western 6 track

The 1975 Plymouth Canton girls track season came to an end last Wednesday (May 28) with the Western Six League meet. The Chiefs placed last in the competition with 11 points. Powerful Walled Lake Western was the easy victor. Top finishes for Canton were thirds form the 880 relay and Veronica Gray's 220 dash. The 880 relay team of Ann Matthews, Jill Moorehead, Gray and Meagan Ford finished in 1:51.4. Canton also took five fourth place slots in the meet. Improved times came from Pam Leith (110 hurdles and long jump) and captain Matthews (440 run).

Board reaffirms 45-15

By a 5 - 1 vote last week, the Plymouth School Board reaffirmed its intention to begin the controversial 45 - 15 year - round program this summer at Miller School.

The decision came in the form of a refusal to reconsider a stand which the board had taken earlier in the year and followed lengthy presentations against the plan by members of an opposition group of Miller parents.

Board Vice - President Marda Benson read a letter from absent President Dr. E.J. McClendon citing his support of 45 - 15. Only Member Gary Mirto voted to reconsider the proposal.

Windsor Park cleans up

The Windsor Park Civic Association will continue its clean-up efforts Saturday morning along Morton Taylor Road.

The group collected trash along a portion of the road last week and will pick up where it left off Saturday at 9:30 a.m.

**The Crier's
Newsstand
Locations**

Our newspaper carrier system, employing more
than 100 young independent business men and wo-
men, is currently circulating The Community Crier
in Plymouth, Plymouth Township, Canton Town-
ship, and parts of Northville and Salem townships.
Because our circulation area includes several rural
areas where carrier delivery is impractical, the Crier
offers delivery through the U.S. mail at \$8.50 per
year.
Readers who are affected by our circulation-in-
conveniences may also purchase the Crier at the fol-
lowing newsstands location for 15 cents a copy:
