## Canton growth has slowed, Stein says

### Schools hear supervisor's report

Canton Supervisor Harold Stein summed up recent growth in his township before the Plymouth-Canton Board of Education Monday night and asked the board to work with his administration to plan and manage future development.

"If the board has any constructive ideas towards the problem (growth) we're open," Stein said. "We will cooperate with the school board for mutual aid for the community."

The major growth in Canton has come from subdivision agreements made in 1968-74, and houses are still being built from those previous agreements, said the supervisor.

Recently however, the growth is slowing, he said, due to the following factors: cheap land is gone; large parcels are no longer available; the cost of building subdivisions has soared since 1974; "unlimited market expansion is gone"; and the

number of vacant lots has dropped.

Also, the township has approved only one subdivision since 1976, Stein said.

To balance the houses coming into the district, Stein said he has worked to bring industrial tax base into Canton through an Economic Development Corporation.

Responding to a question from Trustee Joe Gray, Stein said Canton "is not in a sewer crunch," a problem which has slowed growth in many other communities.

The township's present sewer system will accommodate about 45,000 people, and Canton now has approximately 35,000, Stein said.

The western half of Canton is still largely undeveloped, but the township is studying ways to preserve the open land, said the supervisor.

A report from the township planner to buy the development rights of much of the western half of Canton will be released soon, he said.

## Board boosts principals' pay

BY CHAS CHILD

A contract giving the Plymouth-Canton School District's principals and administrators an eight per cent pay raise over two years was approved by the Board of Education Monday night.

The settlement was hammered out in a marathon session lasting from 4 p.m. Wednesday, March 1, to 4 a.m. the next morning by representatives of the Plymouth Congress of Administrators (PCA) and the schools.

Fringe benefits for the 32 PCA members will stay almost the same. The only change is a hike in the life insurance from \$30,000 to \$40,000 in the third year of the contract, according to Norm Kee, Assistant Superintendent for employee relations.

The contract is retroactive to July 1, 1977 and extends to July 1, 1980. The pay scale, however, is only in

effect for two years. Pay in the third year will be negotiable.

A special feature of the contract is that principals of Extended School Year (ESY) schools will receive \$500 per year stipends.

Other clauses of the agreement include no binding arbitration, an evaluation procedure and due process guidelines for dismissal.

## New chief explores abuses at center

EVELYN PROVITT

BY DONNA LOMAS

For 10 years Evelyn Provitt has been the state administrator responsible for coordinating and developing programs in state mental health institutions.

Two weeks ago, she stepped into the middle of the furor now going on at the Plymouth Center for Human Development to act as interim director for six weeks. Part of her responsibility now is to determine the extent of patient abuse reported at the Plymouth Center.

"I am still in the process of evaluating the program here," she said Monday. "I have been here two weeks and most of my time has been spent getting acquainted with the staff and the daily operations here. I am attempting to assess the benefits and problems of this program."

She said that so far she has found at Plymouth Center some of the "problems that contribute to abuse:"

- \* a lack of trained staff that knows how to handle, control and manage residents without mishandling or abusing them.

- \* a lack of staff in units where there should be small groups of residents supervised and "given as much individual attention as possible. Many residents' behavior is such that they need closer contact in order for them to learn to change their behavior," Ms. Provitt said.

She said not all the staff lacked the proper training. "An appropriately-trained staff is trained to know how to approach residents without harming residents or themselves," the acting director said. "If a resident loses control, the staff must have

## Plymouth Center investigators to meet press

Governor William Milliken's task force investigating charges of patient abuse at the Plymouth Center for Human Development will hold a press conference at the center at 2 p.m. today.

Sources said Wilbur Cohen, chief of the task force, and former U.S. Secretary of Health, Education and Welfare, will be present. Gov. Milliken is in Plymouth for a fundraiser, but it was not known if he would visit the center.

## Twp. asked to rezone large parcel for homes

A developer has asked the Plymouth Township Planning Commission to rezone some 69 acres between Ann Arbor Road and Ann Arbor Trail east of Beck Road to a zoning which will permit the subdivision of the property into 90-foot homesites.

The property, one of the largest undeveloped acreages immediately west of the township's more heavily-developed residential areas, is owned by former Township Engineer Herald Hamill.

Seeking the rezoning is the Practical Home Builders Corp. of Oak Park, builder of several other major subdivisions in the Plymouth-Canton area.

The site is currently zoned R-1-H, which permits lots of 120 feet in width.

The township Planning Commission will give preliminary

consideration to the request at its meeting tonight, at 7:30 p.m., in Township Hall.

Two state police troopers from the Northville Post raced the stork to the hospital Friday afternoon — an won.

Flagged down at the corner of Joy and Haggerty in Canton by a relative of a woman in labor, Troopers Michael Knuth and Robert Muladore drove Barbara Leamy to St. Mary's Emergency hospital through rush-hour traffic.

Moments later Mrs. Leamy gave birth to Kevin Patrick Leamy.

It was the second time in a week that Knuth had assisted a woman in labor travel to the hospital.

# Schools to provide buses?

BY CHAS CHILD

Attorney General Frank Kelley's office has been asked to decide whether the Plymouth-Canton School District must provide transportation for students who have opted out of the Extended School Year (ESY) program.

State Superintendent of Public Instruction, John W. Porter, requested the ruling on the controversy which has been

going on since the board expanded ESY from one to six schools last spring.

Under an option policy written by the Board of Education, students who do not want to attend ESY schools may attend a school on a traditional schedule but they must provide transportation even if it is more than one and one-half miles from their house.

"We are trying to accom-

modate the students who don't want to go to an ESY school, although they are in an ESY district," Plymouth-Canton Superintendent Mike Hoben said.

"The option policy is a privilege other students don't have," he said.

If the Attorney General rules that the district must provide transportation to the students opting out of ESY, Hoben said he would recommend that the school board drop the option policy altogether.

"We just don't have the money and the manpower to provide transportation for the option students," said Hoben. "We are not compelled to provide the option."

The board recently reaffirmed for next year the present option policy which requires the students opting out to provide their own transportation.

About 40 students are involved in the controversy, Hoben said.

## Twp. seeks rec money

Plymouth Township Trustees were expected last night to authorize Supervisor Tom Notebaert to apply for state Bureau of Recreation funds that would enable the township to buy expansion land adjacent to the Plymouth Township Park on Ann Arbor Trail.

Township officials hope to use the 34-acre parcel to expand the township's Hilltop Glen Golf Course from nine holes to 18. The property, which is not yet under option, is owned by the Amrhein family, whose farm once included the land on which the park was developed. It is located immediately north of the golf course, east of Beck Road.

The township's application for the state matching funds was due in Lansing today, and a township official was expected to hand-deliver the document. Under the grant being sought, the state would pay up to half of the cost of acquiring the property, provided it costs no more than \$7,500 per acre.

## Canton hours cut

Canton Supervisor Harold Stein has notified Canton officials and employees that the township offices on Geddes Road will be closed at 5 p.m. on Mondays instead of the regular 7 p.m. closing time.

"We have not had that much business on Monday nights and we should do our part to conserve energy," Stein said. "Due to the coal strike and apparent cutback on energy, we will close until further notice or until the coal crisis is over."

LOCAL DEVELOPERS Jim Jabara and John Thomas expect completion later this year of the third phase of their Forest Place shopping complex (above). ## CEP appeals given by neighborhoods

BY CHAS CHILD

Students who appealed their random assignments to Canton or Salem High School this year because they would be separated from their neighborhood friends will be granted changes, the Plymouth-Canton Board of Education decided last night.

The decision ended a long struggle over what should be the basis for granting appeals of the schools' controversial random selection policy.

The 68 students who submitted appeals to the board are due to know whether they have been granted by May 22.

Under the random selection policy, eighth grade students who had a sibling at either Canton or Salem high were given the choice to go to that school.

Only and eldest children, however, were assigned by the computer, which resulted in some students going to Salem, say, in a predominately Canton neighborhood, or vice versa.

The only basis for appeal before Monday's switch was for "sound educational" reasons.

The board voted 4-3 to broaden the basis for appeal. Casting "no" votes were Dick Arlen, Joe Gray, and Elaine Kirchgatter. Carol Davis, Steve Harper, Flossie Tonda and Tom Yack voted "yes."

At the board's previous meeting, it established a new random selection policy for this year's seventh graders who will get their assignments soon.

Modeled after the policy used at West Bend, Wis., the plan will throw everyone into the computer and then grant switches on whether the student will have an older sibling at one of the high schools when he gets there.

That is, if a seventh grader this year has an 11th or 12th grade sibling at CEP this year, he won't be granted the choice.

Monday night, the board reaffirmed this policy to grant changes in assignment only on sibling affiliation. It struck an original proposal from the school administration that would have granted choices for "sound educational" reasons, a clause that had many board members considered vague.

## State racing office grills Hicks here

Debbie Hicks, the exercise girl who has charged wrongdoing at Michigan thoroughbred race tracks, appeared for an interview Monday at the Office of the Racing Commission on Main Street in Plymouth.

She made no specific allegations regarding any particular person, but questioned practices of unnamed individuals who raced at Hazel Park and Detroit Race Courses in recent seasons, said Racing Commission spokesman Kenn Christopher. Reporters from most area media crowded into the commission's office in the Mayflower Meeting House building to cover the Hicks interview.

Ms. Hicks professed a willingness to continue to co-operate with the Office of the Racing Commissioner in its investigation, but would not "name names" and was not specific as to dates, races and horses.

## Fidge's husband hired

The Plymouth Township Board of Trustees two weeks ago voted to retain Tom Fidge, husband of Trustee Lee Fidge, to study the township's organizational structure and write a "Procedures and Operating Manual" for its administrative offices. He will also suggest revisions in its personnel policy and civil service rules regarding township firefighters.

Fidge will receive a \$2,500 fee for his work. Mrs. Fidge and Trustee Maurice Breen, whose office is working with Fidge on the project, abstained from the vote.

## School lunches: Prices go up and students walk out

School lunch prices in the Plymouth-Canton School District will go up starting March 20.

The Board of Education approved Monday night a five-cent increase for students and a 10-cent rise for adults.

"We've always operated the cafeterias in the black and all costs are going up," said Superintendent Mike Hoben. "The only other way (besides raising prices) would be to divert funds from the operating budget, which would reduce money for education."

Several students at East Middle School boycotted the hot lunch program last Monday and Tuesday, The Crier has learned.

"The youngsters wanted a greater variety of items on the menu," said East Assistant Principal Gilbert Pearson. "A day or two after they voiced this, more items were added."

Gilbert said the number of students who demonstrated was "fairly sizable. I didn't see any pickets," he added.

"It is not uncommon for youngsters to do this," Gilbert said. "They often prefer eating fast food than the kind we prepare here."

# Canton panel spurs new business investment

The new Canton Economic Development Corporation (EDC) has brought almost \$6 million worth of new industry and business to the township, following acceptance of two proposals last Thursday. At a special meeting of the EDC, which included members

Harold Stein, Robert Schaeztl, Andy Smith, Michael Koon, Richard Palmer and Eugene Daley, a \$750 application fee was established and the EDC unanimously accepted the proposals of Grosse Pointe Food Corporation representative Fred Hite, said the proposed project would give jobs to about 185 people in Canton. He said they expected to begin work on the 245,000 square building in July this year.

The food representative said his company planned to build a foods distribution warehouse on a 23 acre parcel of land on the northwest corner of Haggerty and Van Born roads. Hite estimated total costs

for the project to be \$4.5 million.

Westside Auto Parts, Inc. while already located in Canton, proposed a "complete rehabilitation" of its facility at 41839 Michigan Avenue, said president of the auto parts company, Marvin Mazur.

Mazur said Westside Auto now employs 51 persons, and with the expansion hopes to put 20 per cent more to work there.

Westside's project will "consist of modernizing our material handling flow of products, a more efficient method of storing and new communication and computer systems for ordering and inventory."

Mazur told the EDC the project had a \$1 million price tag.

EDC members said they

## Canton keeps firefighters busy

Canton Fire Chief Mel Paulun said the Canton Fire Department responded to 112 emergency runs during the month of February. There were a total of 38 fires in the township last month, most from single family homes. There were 15 car accidents in Canton last month, the Fire Chief reported.

were "optimistic" about the economic futures of the two companies. Westside Auto is in its 52 year of business and financial reports of Grosse Pointe Foods show more than \$240 million worth of revenue for 1976 and a "rough estimate of \$310 million for 1977," Hite said.

The Canton Board of Trustees unanimously approved sewer extensions reaching Grosse Pointe Foods proposed site last Tuesday.

The board now has to give final approval to the two proposed industries and final bond approval must also be given before construction can begin.

# Announcing Trust Services in Western Wayne County

Wayne Bank is pleased to announce that the experienced services of Ann Arbor Bank & Trust Company are now available to Western Wayne County through our offices. A representative of Ann Arbor Bank & Trust will be here regularly and at your convenience to meet with you, review your financial and estate planning, and answer all your questions.

This is an important opportunity for the residents of our area to benefit from the financial protection that a trust can offer. If all your assets—including your life insurance—total \$60,000 or more, you should consider a trust.

Essentially, a trust is the professional management of assets by a person or institution for the benefit of someone else. A good definition, but just what does it mean for you?

**Trust services can provide you and your family with financial security, offer you substantial tax savings, and help to protect your assets from changing economic conditions.**

There are two basic types of trusts to consider: A "living trust" provides you with consistent, professional management of your assets during your life, and for your heirs after your death. A "living trust" can be especially beneficial to retirees.

Another form of trust, the "testimentary trust," is designed to manage your assets for the benefit of your beneficiaries beginning at the time of your death. We recommend the responsible and profitable management of your assets and your family's resources that a trust can provide; that's why we've made these new trust services available to you through our offices. You don't have to be a Wayne Bank customer to take advantage of these trust services. They're for anyone.

To find out more about how trust services can be important to you, telephone 721-4151 or send for a copy—it's free and without obligation—of "Our Family of Trust Services." It could be the most profitable reading you've done in years.

## Canton's surplus should be returned

The fate of the \$836,000 cash-surplus in Canton's budget is something township officials will soon have to decide.

It is also a chance for every Canton taxpayer to voice his opinion: two public hearings to do with the surplus will soon be scheduled.

A survey the township sent out to several communities more than a month ago to see what others did with surplus money is now being returned.

Finance Director Mike Gorman has said he will recommend that the Board of Trustees keep at least \$500,000 of the surplus in the bank until "the community stabilizes" or growth stops. That could call for an eternal time certificate.

Gorman figures Canton may need the money for an emergency (like last winter's snowstorm, extra police protection, DPW equipment, to purchase

land for future parks, etc, etc. In a growing community the list is endless.

We think the township owes its residents a tax break. Whether it raises taxes now or not, the recently increased value of all property in the township will bring in more taxes this year than last.

Canton is now sitting on nearly four mills of taxpayers' money. We've heard no convincing argument why the money should not be returned to township taxpayers as quickly as possible. The fairest, most direct way is to lower taxes.

It will be interesting to see what other communities do with their cash surplus.

It will be even more interesting to see what the Canton trustees and administration decide to do with the surplus here.

## Who wants to be like Livonia?

I've often wondered why the word "Livonia" is mentioned so often during Canton meetings when golf courses, land uses, federal funding and even police matters are discussed.

Could it be that Canton administrators hope the township will evolve like the 27 year-old city to the east with its population of 110,000?

Could it be Canton officials are secretly envious of all those federal funds Livonia

received during its growing years? How about all those community parks, paved roads and tennis courts sprinkled amidst the hundreds of thousands of homes there?

Economically speaking, not bad. Aesthetically speaking, just another place.

I hope that in 10 years Canton has nothing more in common with Livonia than its twin 36-square mile radius and a municipally-owned golf course.

But it seems what our northeast neighbor is suffering from most is that it has nothing to set itself apart from any other "Nametown, U.S.A." Many fear Canton is already well on its way down that road.

To many communities, there are worse things than not having an identity.

That is what could set Canton apart - a center, an identity distinct from all the other communities surrounding it.

Many places have what it takes to make a community prosper, but sure enough in the shuffle, the people that live there get lost, forgotten. As long as they pay their taxes, everything is fine.

What Canton administrators ought to be thinking about now are ways to keep residents and their families here, to provide an investment for the township's future. Without proper growth management, Canton could become, more than it is now, merely a place for people on their way to somewhere else.

Canton officials would do well to seek examples of planning a community elsewhere than in Livonia. I hope Canton plans to offer its residents something better in the future.

## Last Words

by Hank Meijer

There are some budget-minded members of the Plymouth Township Board who would have the fire chief take bids every time the station needs toilet paper.

It comes as a bit of a surprise, then, when those same trustees quickly and quietly agree to spend \$2,500 to hire one trustee's husband without even getting quotes from someone else who could do the same job.

I don't mean to suggest that the husband of Trustee Lee Fidge is not entirely qualified to come up with some reforms for the township administration's organizational structure, standardize its personnel policy and revise the civil service rules which cover its firefighters, but that's beside the point.

When he writes a proposed "Procedures and Operating Manual" for the township's administrative offices, he might begin with the township board's inconsistent, even laughable, approach to seeking competitive bids or quotes whenever possible before township money is spent. The township needs such a policy.

Township officials admit Fidge was retained after Trustee Maurice Breen suggested informally that the township could benefit from an overhaul of its policies and procedures. Nothing wrong there - such a review could make township government more efficient. Breen and Trustee Dick Gornick had found the job too big to do themselves.

Mrs. Fidge and Breen, out of whose office Fidge is working, abstained when the rest of the board agreed to the \$2,500 project. Nothing amiss there, either.

But township officials didn't take the time to find out if other experts or firms were also available to do the job cheaper or more quickly than a trustee's spouse.

If you're going to fight the fire chief over every nickel he spends, somebody should ask you why you spend \$2,500 in a casual flirtation with nepotism.

Everything's legal, but something's fishy.

# Canton tables mobile law

Canton trustees last Tuesday tabled a request from Trustee Bob Myers that the township enact an emergency mobile home ordinance.

Canton's attorney Burt Burgoyne said the language of Myer's proposed ordinance

couldn't be justified as "emergency."

Myers replied that he saw a need for the emergency ordinance, saying it would protect a mobile home owner and give the township control over the operation of mobile

home parks in the township. Myers added, that with the ordinance, the township wouldn't have to "run to the state every time we have a problem."

The board voted 6-1 to table the ordinance and discuss it again after Myers furnishes the board with a set of mobile home regulations, Myers voted against tabling the item.

## Dinner theater debuts

BY PHYLLIS REDFERN

Opening night at Plymouth's first dinner theater proved to be a very enjoyable evening for the small but attentive audience.

Plymouth Theater Guild's presentation of "A Gentleman and a Scoundrel" was marked by polished and funny performances. The Mayflower Meeting House spared no calories in serving the delicious, steak and scrod dinners.

The play, is a comedy with a modern outlook: an executive woman with clout versus the assistant working for her -- he also happens to be in love with her.

Sunday dinner theater performances are scheduled for March 19, April 2, April 9, April 23 and April 30 at The Mayflower Meeting House. Reservations can be made by calling 453-1620. Tickets, dinner and show included, are \$12.95 each.

## Vocalists to present spring sing

The Canton High School Vocal Music Department, under the direction of Betty Weideman, will present a Spring Concert on Tuesday, March 21 at 7:30 p.m.

The Mixed Chorus will open the program with "Praise the Lord" by Handel followed by an Israeli folk song and the spiritual "King Jesus Is A Listener". "Ave Verum" by Poulenc and several 17th century songs will be performed by The Madrigals.

The Girls Glee Club will sing two sacred songs and "Three Songs for Treble Voices" by Berger, "Got To Get You Into My Life," "You Make Me Feel Brand New" and "Making' Whoopee" will provide a contrast by the Swing Ensemble.

The Ninth Grade Chorus will perform Bruckner's "Locus Iste," "Three Hungarian Folk Songs" by Seiber and "Gonna Spread a Little Light." The Choir will close the program with "Send Forth Thy Spirit" by Schuetky, "He Is Good and Handsome," Passereau, "Five Nursery Rhymes" in a contemporary setting by Hunter, and a Shaker tune "Follower of the Lamb."

The concert will be presented in the Canton High school auditorium and there is no admission charge.

## Learn to babysit in Jaycette clinic

The Plymouth Jaycettes are offering a Babysitter's Clinic to area babysitters 11 years and older. The four week course is scheduled to begin April 6.

The clinic is free and will be held April 6, 13, 20 and 22 at Pioneer Middle School from 7 p.m. to 8 p.m. Those attending the clinic are asked to bring a pen and a notebook.

Babysitters need a permission slip signed by a parent

or guardian to be in the class. At the end of the clinic, there will be a quiz and certificates of achievement will be awarded to those who pass, said Jaycette Tonie Jarmol.

To register by the April 3 deadline, fill out the coupon below and send it to: Tonie Jarmol, 400 Plymouth Road, No. E-3, Plymouth, 48170. For further information, call 453-8377.

## U-M musicians to offer madrigal comedy at CEP

Tomorrow will be a renaissance treat for the students at Centennial Educational Park, especially for those enrolled in the Humanities and History of Music courses.

The Collegium Musicum of the University of Michigan School of Music will be presenting a madrigal comedy, with costumes and renaissance instruments, in the Canton Little Theatre at 1:15 p.m.

## Jaycees set fair

The Canton Jaycees have scheduled their annual fair for July 7 through July 16.

The Canton Jaycee Fair will be held as it has in past years, at the northeast corner of Lilley and Ford roads.

"This year, the Jaycees have contracted with W. G. Wade Shows and have many activities planned every day," said Edwin Rasmussen, chairman of this year's fair. "We will also have senior citizen day, kiddies day, a dunk tank, entertainment and pony rides," he added.

Festino, written in 1608 by the Italian composer Banchieri, represents a musical form popular in the renaissance. The company will consist of some thirty singers and instrumentalists.

The general public and all students on unscheduled time are cordially invited to attend this special occasion, for which there is no charge. The appearance is made possible by a grant from the Plymouth Community Arts Council.

## Canton college student recovers missing money

Thanks to an honest Schoolcraft student, a Canton resident recovered \$200 he lost on the campus of Schoolcraft College last week.

James Larabell of Canton discovered his money missing when he went to make a bank deposit after school Monday.

He checked at the Public Safety office on the Schoolcraft Campus and discovered someone had turned the \$200 in.

The honest man was James Nelson of Northville, also a student at Schoolcraft College.

# Pomish tapped for task force

THE COMMUNITY CRIER: March 15, 1978

BY CHAS CHILD

Diane Pomish, a counselor at Salem High School, has been named to a state-wide task force to review regulation of high school sports in Michigan.

Since Attorney General Frank Kelley ruled last August that the Michigan High School Athletic Association (MHSAA) does not have the authority to regulate interscholastic

sports in the state, local school boards have been complying voluntarily with the MHSAA rules.

Not only will the 37-member task force investigate how well this voluntary compliance is working, but the State Board of Education also asked it to review the MHSAA's regulations to determine if they are in compliance with laws concerning nondiscriminating practices.

Eligibility, registering officials and contest rules are just some of the areas covered by the MHSAA's regulations.

"The status of the MHSAA is limbo," Pomish said. "The task force will be trying to

identify its role." Overall, she said the committee will also work on other questions, such as access of opportunity of all youth, pay scales for coaches and who should govern high school athletics.

The increasing participation of women in high school sports "brought up a lot of these questions," she added.

The task force is due to make its report to the state board before September 1.

## Daley wants fire rules

Canton Trustee Eugene Daley wants the Canton Fire Department to adopt rules and regulations that "would make sure fire engines are clean and employes are not on the phone too long," he told other trustees last Tuesday.

Canton Fire Chief Mel Paulun said the firefighter's union had "all the rules and we can't add any more unless both sides agree."

Daley insisted that state law said a township fire department had to have rules and regulations.

"All I'm saying is that I can't lay my hands on a book for rules and regulations for the fire department," he said.

Paulun showed him a book which he said contained all the union rules and which the fire department operated under.

"If it suffices, that's fine," said Daley, referring to compliance with the state law. "But where does it say firemen can't drink anytime?"

Bill Grady, president of the firefighters union in Canton, said all the union rules pertained to firefighters on duty.

"What we do on our off-time is our business," he said.

No action was taken by the board on the item.

## Geake reports no expense

Alone among members of the Michigan Senate, State Sen. Robert Geake (R-Northville), whose district includes the city of Plymouth Township, reported no expenses on his senatorial expense account for 1977.

Geake was elected to the Senate from the 14th District in a special election last spring. Senators are often reimbursed for travel expenses, meals and lodging while in the course of state legislative business.

The local area's other senator, Majority Leader William Faust (D-Westland), whose district includes Canton, reported \$1,184 in expenses.

Expenses of other senators ranged as high as \$8,000.

## WSDP on air

Thursdays at 4:45 p.m., WSDP 88.1 FM airs a program called "Prime Time." WSDP will broadcast a program about age stereotyping in television ads tomorrow.

K of C kicks off drive

FR. VICTOR J. Renaud - Knights of Columbus Plymouth Council is conducting their third annual drive to help the residents of the Plymouth Opportunity Center. Pictured here (from left, back row) Paul Toth, Roger Moorehan and Raymond Maycock from the Plymouth K of C Council. Shown, front row, (from left) are Plymouth Opportunity House residents Steven Secunda and Betty Brink. The drive will be March 17, 18 and 19.

## Suggs named acting Canton Rec chief

Robert Suggs has been named by Canton Supervisor Harold Stein as the temporary replacement for former Canton Rec Director Brenda Pollack, who resigned last week.

"Because it is a crucial part of the recreation season,"

Stein said was the reason for asking Suggs to fill in. Stein said Senior Citizens Coordinators Delores Edwards and Dale Hall were also named to assist in planning the township's spring recreation program.

## McAllister asks Twp. for liquor license

Plymouth Township resident Elton McAllister has asked the township Board of Trustees for support in a proposed application for a Class C liquor license.

McAllister, who operates McAllister's Service Station on Northville Road across from the Plymouth Hilton, said in a letter to the township board that he owns an acre of land on which the station is located which is currently zoned C-2 -

the zoning required for an establishment which could serve liquor by the glass under Class C permit.

McAllister declined to elaborate before last night's township board meeting on his plans for the parcel. Officials said Monday they would probably place McAllister's name on a list of applicants who have shown interest in obtaining a liquor license to do business in the township.

Said McAllister in his letter, "Although I realize you (the township board) cannot make any decision on the matter until formally requested by the State (Liquor Control Commission), I do wish to make known to you my plans in this matter and hope that you will be able to give tentative approval for the project."

## MacGregor to name four sergeants

Canton Police Chief Walter MacGregor was expected to recommend to the township board last night "hopefully" four persons for four sergeant's positions on the Canton force.

MacGregor said Friday he had "two recommendations in mind, and maybe by Tuesday I'll have four."

There are seven applicants who have completed the four phases of testing for the sergeant's positions. MacGregor said the four recommended applicants would be sent for physical exams after his recommendations are public, saying to send all seven when only four positions are open would "waste the township's money."

## CPOA, Canton still talking

Reports that the Canton Police Officer's Assoc. (CPOA) negotiations with Canton township were floundering and bordering on a lawsuit were discredited Monday when CPOA President John Longridge said the two sides were "still negotiating."

Longridge declined to say more on the issue, saying it "wouldn't be fair to either side to say more."

# Bus schedule snafus are Houghton's forte

THE COMMUNITY CRIER: March 15, 1978

BY PHYLLIS REDFERN

Who is the man on the telephone who soothes—and sometimes ruffles—anxious parents whose children ride on Plymouth-Canton schools' bus routes?

While this community is growing by leaps and bounds and is nowhere more evident than in the school system, the man on the telephone is no stranger to the problems school transportation must deal with—he's been working with it here for 26 years.

Supervisor of Transportation Robert Houghton is that man. He says the biggest problem for the transportation department is "We're growing so blasted fast that we can't keep up."

"I've seen it grow from about 1,100 students here to nearly 12,000 we transport now," he said. "They ride the bus each day. I used to handle it myself, but I now have a secretary, someone who defines the routes and a bus dispatcher."

"We aren't giving the kind of service we would like to give," Houghton said. "It's not good enough and we know it, but it's the best we can do."

Houghton said he was proud of his crew—"my people have done a terrific job, but I can see from the parent's point of view why they think the service is lousy," he admitted.

When Houghton began working for what was then called the 'Plymouth School District' in 1952, growth consisted of only 500 new students each year, he said. Now he compares that to the approximately 1,000 new students expected to ride the bus next September.

He noted that although transportation figures seem high, it is partly due to people moving from a neighborhood in the district where students walk to school to a neighborhood where they must be bused.

The Plymouth-Canton School District also buses 700 students to local parochial schools.

Houghton said many problems have come up with the School's Extended School Year (ESY). He, however, doesn't blame the computer, saying "no one knew what we would run into—you can't always foresee all the problems ahead of time."

The transportation department is working on a program for the fall semester that will improve the bus service and eliminate time change schedules for students on ESY, Houghton said, but wouldn't give any details.

Plans are also underway to add 11 new buses to the schools' fleet plus drivers. Those new buses, along with the 70 buses and vans now in service, should ease some of the expected growth problems, Houghton said.

In winter, of course, bad weather causes the vehicles to run behind schedules. According to Houghton, if a driver notices a situation ahead that could mean danger for the bus and its passengers (like a car stuck in snow or a stalled car blocking the street), the

driver will not drive down that street.

"There is no way you can turn a big bus around on a narrow subdivision street," Houghton stated. "That often causes problems because you can't notify the kids that live down there that their bus can't get to them."

"This winter is the worst we've had since I've been here," Houghton added. Part of Houghton's job as transportation supervisor is deciding when and if buses will run during the winter months. Houghton often gets up as early as 4:30 a.m. to check the weather conditions and back roads of the school district. After that, he determines whether the roads are safe enough to drive on.

Another reason for buses arriving at a stop off-schedule says the supervisor is the amount of morning traffic.

"Most people learn the bus schedules and try to leave 10 minutes early or late to avoid driving behind a bus," the transportation supervisor said.

"With the bus schedules changing every three weeks, everyone is out on the roads at the same time."

Do the pressures of his job bother Robert Houghton?

"Sometimes you feel like you're fighting everyone all at once," he said, but added that communication was the key to many situations.

"If you have time to explain things to people so they understand the situation, you can usually work something out," Houghton observed.

When the pressures build up, the transportation supervisor likes to escape to his boat and relax out on the lake. He says he hasn't had much time to do that lately, but says he would like to see his dream come true someday: to retire and live on his boat.

"I can gripe and complain," Houghton said of his demanding job. "But I wouldn't stay if I didn't like it."

**TRANSPORTATION BUS MECHANIC** Gary Hausman repairs a broken axle and bent fender of a school bus involved in a series of fender benders at Lilley Road and Proctor Road early Monday morning. Wayne County Sheriff's deputies report that ice and fog obstructed vision on the road, causing the chain reaction collisions. (Crier photo by Bill Bresler)

## Fog, ice on Lilley cause 13-car collision Monday

"It was like the L. A. (Los Angeles) freeway out there," said Wayne County Sheriff's Deputy John Young of a 13-vehicle traffic pile-up that occurred within a six minute span early Monday morning on Lilley Road in Canton.

Included in the fender-bending collisions was a Plymouth-Canton school bus carrying 60 students. No one was hurt on the bus.

At 7:31 a.m. Monday, two cars collided on Lilley Road south of Proctor "because the road was one sheet of ice," Young said. The other vehicles couldn't see what was ahead until they were almost on top of the cars because of the fog.

As the two cars were stopped in the middle of the road, two more cars hit one of them. Susan Need, 22, of Canton was involved in the first accident, then was hit again by two cars. She was not seriously injured.

That made four cars, according to Young. Five cars then managed to stop because the drivers noticed a "pile of cars ahead," he said.

About a minute later, the school bus came down Lilley and rear-ended two cars, Young added and that started

a chain reaction of rear-end collisions. That makes 12 cars, the Deputy noted.

Then there was a car to the left of Lilley Road—just sitting there—and the bus struck it, Young said, to make 13.

One man and Ms. Need were treated for injuries.

# Rev. Heneveld to found Canton Reformed Church

THE COMMUNITY CRIER: March 15, 1978

The Rev. Harvey Heneveld has been assigned to Canton to establish a Reformed Church here. Rev. Heneveld has christened the new church "The People's Church," and he says he hopes it will grow as rapidly as Canton.

"There is tremendous growth potential here," Rev. Heneveld said, "and we hope to become a regional church, one that will have a program, staff and services to minister to a large geographical area."

The Reformed Church is in the midst of a \$5 million expansion program throughout the United States and Canton's "People's Church" is part of the plan. The "People's Church" will have strong financial and spiritual backing from the parent organization, but it is up to Rev. Heneveld to set definite

plans for the growth of the church.

This will include selecting a site - after careful planning and consideration - for the church itself. Site selection has a high priority, according to Rev. Heneveld, because of rising real estate costs.

The immediate plan calls for organizing a congregation which will begin meeting this spring. Arrangements have been made to lease the cafeteria of Canton High School, located at the corner of Joy and Canton Center roads.

Use of a large facility fits the plans the pastor has for "People's Church". Making sure there is adequate room for services which, on occasion, will include Dr. Norman Vincent Peale and Dr. Robert Schuller, both pastors of two of the

largest Reformed Churches in the United States; he said.

Reaching the regional church goal is a plan that requires day-to-day work and the reverend has already begun a door-to-door ministry, he reports.

The 32-year-old Rev. Heneveld and his wife, Elaine, are natives of Holland, Michigan, and both were raised in the Reformed Church. They moved to Canton in January this year with their son David, 7, and daughters Becky 3, and Beth, 20 months.

"It came as a complete surprise", Rev. Heneveld said of his Canton assignment. "I was happy and very much involved at Mason County. However, this is an exciting challenge and holds tremendous growth potential".

Rev. Heneveld's home and office is 153 Corinne Blvd at the corner of Cherry Hill in Canton. He may be reached at 981-0499.

REV. H. HENEVELD AND FAMILY OF CANTON

## Canton Faith Church open for members

The Faith Community Church in Canton will begin to receive charter members on Palm Sunday, March 19, at the family worship service at 10:30 a.m.

This is the first step toward official recognition as a congregation of the Moravian Church, the congregation's sponsoring denomination. The Faith Community Church began holding services on Dec. 4 last year and has grown to a worshipping community of about 40 persons. When sixty persons have signed the charter, the congregation will be formally organized and con-

stituted as a Moravian congregation. The motto of the church is: "In essentials unity, in non-essentials liberty, and in all things love."

The new congregation's worship services includes a special children's lesson in each service. A Sunday School for three year olds through sixth graders meet at 9:15 a.m. in the Pioneer School cafeteria. The congregation has property on Warren Road just west of Canton Center, bordering on the Sunflower subdivision, and hopes to begin building later this year.

The award was for work not to exceed \$75,000.

### Sands tapped

Gary Sands, a Canton Township resident and assistant professor at Wayne State University was given permission Monday night by the Plymouth-Canton School Board to use district data on "school population by grade level."

The data is needed for a research project aimed at estimating "the changes in school population which result from household mobility in different types of neighborhoods," Sands wrote.

### Choir to perform

The Chancel Choir of First Baptist Church of Plymouth will host an evening of music in a program called "Living Witnesses" on Sunday, March 19th at 6:30 p.m. The church is located at 45000 N. Territorial Rd. in Plymouth.

The Choir will be in costume and special appearances of Peter (David Veresh), Mary (Carol Cavender), Ananias (Leonard Radionoff), Thomas (Gary Temple), Joanna (Carol Nagy) and Saul (Bob Greene), attempt to make the Resurrection of Christ more of a reality. Sound Engineer is Mark McKenny and Stage Director is Carol Kelsall. Cheryl Kaye, Music Director for First Baptist Church, is the General Director of the dramatic cantata.

# Canton rejects motel, eatery

Site plans for a Bob Evans Restaurant and a Knights Inn Motel in Canton township, just west of the I-275 freeway north of Ford Road and east of Haggerty Road were tabled by the Canton Planning Commission on Monday night because of "substantial shortcomings" in the plans.

Township planner George Peek told developers of the proposed four and a half acre joint project that one of the shortcomings was the setback of their project which was not enough to comply with the zoning of the parcel.

The parcel, owned by Can Ford Investment Company in Oak Park, is currently zoned C-S0 (shopping center). Peek recommended the developers petition for a rezoning of the land to a C-2 which would permit the restaurant and motel and require less setback footage.

"Your best approach in developing this parcel is to try for a rezoning of the land," said Peek. "The C-2 request would not be an incompatible use for that land."

## Cluster request

Plymouth Township planning commissioners have received their first request for a development under the township's recently-enacted cluster housing ordinance.

Scheduled for consideration at the commission's meeting tonight is a proposal by the local group of Hulce, Hulce and Sibbold to create a cluster of homes in an early American style that would share a common open area. Site of the development is to be a wooded 11-acre parcel at the southeast corner of Ann Arbor Road and McClumpha.

The commission tabled site plans for both projects and unanimously agreed to set April 10 as a public hearing date on rezoning the parcel from C-S0 to C-2, provided the petition for the rezoning was made by the developers yesterday.

The restaurant, a sit-down family type, the developers said; would take up one and a half acres.

The one-story motel with 152 rooms would take up three acres. Developers said the motel would employ 30 people.

## Canton sign law due

The Canton Planning Commission is expected to either approve or not approve a proposed sign ordinance at its planning commission meeting next Monday.

The meeting will begin at 8 p.m. and will be at the Canton Meeting Hall, 128 Canton Center Road.

## Crash claims local merchant

Plymouth merchant William Kennedy, 29, was killed last Wednesday afternoon when a truck slid into the eastbound lane of Ann Arbor Road and struck Kennedy's car, Wayne County Sheriff deputies report.

According to Det. Charles Opdyke, a semi-tractor driven by a 26-year-old man from Hespera was westbound on Ann Arbor Road when he braked and went into a 360 degree turn, sliding into the eastbound lane of Ann Arbor Road.

Kennedy was going east and was struck by the semi-tractor, said Det. Opdyke. Kennedy was dead on arrival, at St. Mary's Hospital.

"The driver of the tractor said traffic ahead of him caused him to brake," said Det. Opdyke, adding that the truck was carrying no cargo and was travelling about 30 to 45 miles per hour. Det. Opdyke said the case is being investigated as a matter of standard policy.

Kennedy was the owner of Plymouth Metal Detectors and Plymouth Graphics on Starkweather Street in Plymouth. He lived in Ypsilanti. He also ran a Western Union telegraph office in Old Village.

"He was a gracious, soft-spoken man," said Pat Hahn of the Old Village Merchants Association. 'Big Bill' was always there for us. He did for everybody. Everyone here is feeling deeply hurt."

Kennedy is survived by his wife, Elizabeth; son, Ryan; parents, Mr. and Mrs. John Kennedy; brother, Phillip Thomas; in-laws, Mr. and Mrs. Al Temple.

Funeral services were held Monday at United Methodist Church in Livonia with the Rev. William D. Rickard officiating. Burial was in Glen Eden Cemetery.

the skills to not injure him, the staff or anyone else.

"A staff must learn how to anticipate and prevent residents from becoming upset," Ms. Provitt said. "We want to work for more staff involvement here, and move to involve people who are employed — and will be employed here — to help prevent abuse.

"A resident is here because of his inability to act in a 'socially acceptable' way," the administrator noted. "Our job is to try to develop more socially acceptable behavior. My responsibility is to make sure the resources are available to the staff for them to learn those skills (to manage residents, to prevent abuse)."

According to Pete Schweitzer, community relations director for the center, it takes an "incredible amount of care" to get the 621 school-attending residents up and dressed for school each morning. While each attendant is currently responsible for eight residents, a federal court order to in-

crease the staff at Plymouth Center calls for a one-to-four ratio of staff to patients.

"It is very beneficial for the residents to leave the grounds to attend school," Ms. Provitt said. "It would be inappro-

priate to build schools on the grounds for those who can leave. We see the leaving as an integral part of learning.

"The institution is not closed, it is part of the community. The one-to-four ratio

### Measles up in county

The Wayne County Health Department warned that the number of measles cases are rising in the county, but so far only two cases have been reported in the Plymouth-Canton School District.

The Van Buren (Belleville), Southgate and Melvindale school districts have been hardest hit, a spokesman for the health department said.

If the present pattern in the county continues, there could be a sharp increase in the number of measles cases within the next several weeks because the highest number of cases usually occurs during the spring months, according to the health department.

Plymouth-Canton schools probably have not been hard hit because there are high immunization levels in the district, the spokesman said. If a parent is unsure whether his children are immunized, he should contact his family physician or the health department at 274-2800, ext. 310.

prescribed by the court (order) is acceptable based on the minimum standard for residents" she said. "The ideal, of course, is one attendant for each resident."

Ms. Provitt said it was hard to predict when her evaluation of Plymouth Center would be finished "when you don't know the extent to which the problem exists."

She does have tentative plans for the center, however.

Working with small groups of attendants and soon-to-be-hired staffers on physical management techniques is one goal.

"The attendants will be supervised until they are proficient in the techniques," Ms. Provitt said. "We also intend to strengthen screening procedures in hiring. A team approach to interview and determine new applicants will be used.

"It is a difficult task at best to select employes. No one can select without some mistakes.

"But I will not hesitate

to take immediate action and actively investigate any charge of abuse," she declared. "That will include special disciplining, and dismissal will be used when necessary."

Along with the training calculated to prevent abuse at the center, Ms. Provitt also hopes to foster an atmosphere where abuse can be reported openly.

"I want to zero in on a positive relationship and attitude towards the dignity of residents. The staff is helping to develop the kind of understanding that residents are individuals and treat them as individuals with respect — we will lay that groundwork here.

"The problem comes in when residents are thought of as children. They are not children, they are people with mental retardation."

A meeting with center residents' parents will be scheduled soon and a tentative hiring date of next Monday has been set for more attendants.

## Woodgate to get nod?

Plymouth Township Planning Commissioners are expected tonight to consider site plan approval for the second phase of the Woodgate condominium complex on Ann Arbor Trail west of Sheldon.

The developer, S&S Homes Inc., has proposed the addition of 60 two and three-bedroom units - an earlier plan had called for 70 additional units. The existing portion of the complex has 42 units.

Also planned are 120 additional parking spaces, new tennis courts and the extension into the complex of Canton Center Road, which currently ends south of Ann Arbor Trail in the Trailwood subdivision.

The Planning Commission will meet tonight at 7:30 p.m. in Plymouth Township Hall.

## Korte pushes beans

Donald M. Korte of Canton, a member of the American Soybean Association (ASA) Market Development Foundation, is among a 35-man delegation currently traveling to Belgium, Iran and Egypt to foster increased awareness of American soybeans.

First stop on the mission was Brussels. There the delegation will meet with officials of the European Economic Community. The EEC is the U. S. soybean farmer's biggest customer, importing nearly 20 per cent of the U.S. crop. The Brussels meetings are designed to increase understanding of U.S. soybeans and those who produce them, said Korte.

The mission also travelled to Iran to meet with officials there. New-found wealth from oil has afforded Iran the opportunity to start programs to improve their people's diets. ASA is working to show Iranians how to raise more poultry and beef, using soybean meal, Korte noted.

Korte and the rest of the delegation stopped next in Egypt.

# Cultural Center hosts crafts

the skills to not injure him, the staff or anyone else.

"A staff must learn how to anticipate and prevent residents from becoming upset," Ms. Provitt said. "We want to work for more staff involvement here, and move to involve people who are employed — and will be employed here — to help prevent abuse."

"A resident is here because of his inability to act in a 'socially acceptable' way," the administrator noted. "Our job is to try to develop more socially acceptable behavior. My responsibility is to make sure the resources are available to the staff for them to learn those skills (to manage residents, to prevent abuse)."

According to Pete Schweitzer, community relations director for the center, it takes an "incredible amount of care" to get the 621 school-attending residents up and dressed for school each morning. While each attendant is currently responsible for eight residents, a federal court order to in-

crease the staff at Plymouth Center calls for a one-to-four ratio of staff to patients.

"It is very beneficial for the residents to leave the grounds to attend school," Ms. Provitt said. "It would be inappro-

appropriate to build schools on the grounds for those who can leave. We see the leaving as an integral part of learning.

"The institution is not closed, it is part of the community. The one-to-four ratio

### Measles up in county

The Wayne County Health Department warned that the number of measles cases are rising in the county, but so far only two cases have been reported in the Plymouth-Canton School District.

The Van Buren (Belleville), Southgate and Melvindale school districts have been hardest hit, a spokesman for the health department said.

If the present pattern in the county continues, there could be a sharp increase in the number of measles cases within the next several weeks because the highest number of cases usually occurs during the spring months, according to the health department.

Plymouth-Canton schools probably have not been hard hit because there are high immunization levels in the district, the spokesman said. If a parent is unsure whether his children are immunized, he should contact his family physician or the health department at 274-2800, ext. 310.

prescribed by the court (order) is acceptable based on the minimum standard for residents" she said. "The ideal, of course, is one attendant for each resident."

Ms. Provitt said it was hard to predict when her evaluation of Plymouth Center would be finished "when you don't know the extent to which the problem exists."

She does have tentative plans for the center, however.

Working with small groups of attendants and soon-to-be-hired staffers on physical management techniques is one goal.

"The attendants will be supervised until they are proficient in the techniques," Ms. Provitt said. "We also intend to strengthen screening procedures in hiring. A team approach to interview and determine new applicants will be used."

"It is a difficult task at best to select employees. No one can select without some mistakes."

"But I will not hesitate

to take immediate action and actively investigate any charge of abuse," she declared. "That will include special disciplining, and dismissal will be used when necessary."

Along with the training calculated to prevent abuse at the center, Ms. Provitt also hopes to foster an atmosphere where abuse can be reported openly.

"I want to zero in on a positive relationship and attitude towards the dignity of residents. The staff is helping to develop the kind of understanding that residents are individuals and treat them as individuals with respect — we will lay that groundwork here."

"The problem comes in when residents are thought of as children. They are not children, they are people with mental retardation."

A meeting with center residents' parents will be scheduled soon and a tentative hiring date of next Monday has been set for more attendants.

Dinner - theater performances are classic entertainment ideas and they have come to the Plymouth-Canton area.

The Plymouth Theater Guild presented "A Gentleman and a Scoundrel" last Sunday at the Mayflower Meeting House. The comedy, starring Tom Hinks, Carole McNulty, Michael Nelson and directed by Patricia M. Bray will also be presented March 19 and April 2, 9, 23 and 30. Reservations can be made by calling 453-1620.

Schoolcraft College students will hold a dinner - theater performance April 1 and 2 in the Waterman Campus Center. Karen Armstrong of Canton and Michael Corliss of Plymouth will perform in Ned Albert's production of "East Lynne". Stage performances are scheduled for April 7 and 8 in the Liberal Arts Theater.

Dinner - theater tickets are \$8 and must be purchased in advance at the college bookstore. Dinner will begin at 6:30 followed by the play at 8 p.m.

Tickets for stage performances are \$2 for general admission and \$1 for students. They may be purchased at the bookstore or at the door if any are still available. Curtain time is 8 p.m. both evenings and at 2 p.m. for the matinee on April 8.

The Kiwanis Club of Colonial Plymouth is sponsoring 15 students visiting from the Prefecture of Kagoshima, Japan. The students whose ages range from 16 to 18 will be staying with families in the Plymouth community for a week in August.

The club is compiling a list of potential host families who would be willing to house one of the students during their visit. They are trying to match up Japanese students with student hosts who have similar interests.

For more information call John Belser at 455-4683 or write him at 42251 Nottingwood Court, Northville, 48167.

Piegel Elementary School PTO is sponsoring a Parent-Daughter Night March 16 at 7 p.m. at the school. Featured will be a children's fashion show with the clothes being furnished by the Clothes Tree in Plymouth. Refreshments will be served and there will also be door prizes. Tickets are 50 cents and are on sale at the school.

Carolyn Tyo will teach a class in apple head dolls sponsored by the Plymouth Community Arts Council. The class will be taught on three consecutive evenings beginning Tuesday, March 21, and will cost \$7.50. Ms. Tyo will provide a ready made head and an apple to be carved for the first lesson at a cost of \$3.50. Anyone interested in the class may register at the PCAC office, 455-5260 between 9 a.m. and noon Monday through Thursday.

## Woodgate to get nod?

Plymouth Township Planning Commissioners are expected tonight to consider site plan approval for the second phase of the Woodgate condominium complex on Ann Arbor Trail west of Sheldon.

The developer, S&S Homes Inc., has proposed the addition of 60 two and three-bedroom units - an earlier plan had called for 70 additional units. The existing portion of the complex has 42 units.

Also planned are 120 additional parking spaces, new tennis courts and the extension into the complex of Canton Center Road, which currently ends south of Ann Arbor Trail in the Trailwood subdivision.

The Planning Commission will meet tonight at 7:30 p.m. in Plymouth Township Hall.

## Korte pushes beans

Donald M. Korte of Canton, a member of the American Soybean Association (ASA) Market Development Foundation, is among a 35-man delegation currently traveling to Belgium, Iran and Egypt to foster increased awareness of American soybeans.

First stop on the mission was Brussels. There the delegation will meet with officials of the European Economic Community. The EEC is the U. S. soybean farmer's biggest customer, importing nearly 20 per cent of the U.S. crop. The Brussels meetings are designed to increase understanding of U.S. soybeans and those who produce them, said Korte.

The mission also travelled to Iran to meet with officials there. New-found wealth from oil has afforded Iran the opportunity to start programs to improve their people's diets. ASA is working to show Iranians how to raise more poultry and beef, using soybean meal, Korte noted.

Korte and the rest of the delegation stopped next in Egypt.

## BPW offers aid

Applications for the \$1,000 college scholarship offered by the Plymouth Business and Professional Women's Club are due April 3.

All senior girls at Canton and Salem high schools who have been accepted by a college or university are eligible, and applications are available through the deadline date from any counselor at CEP.

The awards dinner for the scholarship will be Monday, April 17 at the Hillside Inn.

A sure sign of spring is snow that melts, bearable, almost balmy, temperatures and showers that bring May flowers. With the arrival of spring a well-known figure also appears - the Easter Bunny.

The cooks at Hulsing have prepared a "Special Surprise Lunch" on Thursday for the occasion. Could it possibly be that lunch will be an Easter hunt? Maybe the students will find all those treasures hidden under their tables and chairs.

An early Easter dinner is also scheduled for the Track C Parents at Gallimore on Wednesday. Turkey with all the trimmings for the main course; but unlike Easter dinners at home, no jelly beans for dessert.

# Canton eyes merit system

Canton trustees were expected to consider for approval last night a civil service ordinance that would establish a system whereby township employees hiring and firing and promotions would "be based on merit and fitness."

If approved, the ordinance will have to be voted on by Canton residents to take effect. Any changes in the ordinance would also be subject to a vote by Cantonites.

The general purpose of the ordinance is to establish a merit system for the employees of the township "that will provide the means to recruit, select, develop and maintain an effective and responsive work force"; a work force that will meet the "social, economic and program needs" of the township residents, the ordinance says.

Lynne Goldsmith told other board members last week she "couldn't support the idea of hiring a township planner under the civil service ordinance. What if we want to change planners?" she said. The trustee added that all contracted services for the township needed to be dis-

tinguished from 'regular' employees.

The question was referred to township attorney George Ward, who said adding the contracted services people to the same section where township elected officials were listed would solve the problem.

## Shooting ruling awaited

A ruling is due this week from the Wayne County prosecutor's office on the investigation of the shooting death of a Plymouth Township man by two Wayne County Sheriff's deputies, Wayne County detectives report.

Vester Holland of Elmhurst Street was fatally shot Feb. 19 at his home after deputies responded to a 'family trouble' call there, according to Det.

Alex Robertson.

"The officers acted in good faith and did the only thing they could do," Det. Robertson said Monday. He said the investigation was routine procedure.

Following the prosecutor's office ruling, the case will be turned over to a Wayne County judge who will make the final determination, Det. Robertson said.

## Bob rides to Paducah

PREPARING TO EMBARK on a weekend ride to Paducah, Ky. last Saturday night is local photographer Bob Cameron, a director of The Crier. Cameron boarded the Brooks Bus Line's fabled Paducah Express at Kellogg Park and rode through the night to the Kentucky hill country from which dozens of local residents have migrated. Cameron's photo essay on his excursion to the hills will be featured in next week's edition of The Crier. (Crier photo by Bill Bresler.)

## Twp. sewer financing gives referendum option

The Plymouth Township Board of Trustees was expected last night to seek financing for the planned \$2.8 million Byron-Sly-Tonquish Sanitary Sewer project under a state law which permits township residents to call for a referendum on the proposal.

Township officials had agreed two years ago to proceed with a bond issue under the law, State Act 342, but had second thoughts late last year when it appeared that under that act the sewer would be built under the jurisdiction of the Wayne County Road Commission.

Former County Commissioner Royce Smith, now head of the county Department of Public Works, had suggested

that the township could save \$200,000 or more by giving the DPW authority over the project. But state law would have forced the township in that to issue bonds under a different act, which would not have allowed a referendum.

Earlier this year, however, a legal opinion determined that the township could issue bonds under Act 342 and still work with the county DPW.

Should residents dispute the decision to issue bonds to finance the project, they would have 45 days from the publication - expected next week - of the township's intent to sell the bonds to gather the signatures of 10 per cent, of about 1,200, of all township residents eligible to vote.

## Downtown shop closes

Harvi's clothing store on Main and Penniman streets closed its business in Plymouth last Monday.

Owner of the building, Jim Houk said the store didn't say why they were closing. Houk said he has talked to "three or four people, but no one solid yet" to fill the vacant store.

"There has been alot of different types," Houk said. "One wanted to put a pinball place in. But I'm interested in having a retail establishment there, I don't want to break up the building."

## Kindergarten sign-up set

# Bulldogs nip Chief spikers

The Canton volleyball team ended its best season ever on a low note Saturday, falling to Livonia Bentley in the regional tournament, 15-12, 15-12, at Dearborn High School.

The Chiefs had a 12-11 lead in the first game, but lost the serve and the Bulldogs stormed back to win. Building a 9-3 lead in the second game, it looked like Canton would even things up,

but Bentley went on a run to take the game and advance in the tourney.

"We made a lot of mental errors," Coach Cindy Burnstein said. "We didn't have the unity we should have had. It was uncharacteristic of us."

Bentley, who won the Suburban Eight League title this year, was eliminated from the tourney while sister school Livonia Churchill won the regional title.

The loss dropped the Chiefs' record to 14-4, the best ever for Canton.

In the Western Six, the Plymouthites lost their last meet of the season last Tuesday to drop into second place.

Livonia Churchill beat the Chiefs, 15-7, 15-13, to take the league crown. Canton fought back in the second game from a 9-1 deficit but couldn't pull it out of the fire.

Churchill won with a 9-1 record, while Canton finished 8-2.

On Thursday, the Chiefs advanced into the regional tournament by downing Livonia Stevenson, 15-10, 15-10.

## Rock cheer tryouts set

Salem High School will be holding cheerleader tryouts for freshmen, junior varsity and varsity in April.

Clinics will be held April 10 through April 14 in the wrestling room from 3:45 p.m. to 5 p.m. Participants must attend four out of five in the five day clinic. Shorts and tennis shoes are required.

Tryouts will begin at 4:15 p.m. in the gym April 17 for the varsity, April 18 for junior varsity and April 19 for freshmen. The tryouts are for Salem students only.

## Chief gymnasts take 4th in region

With a 7-2 dual meet record and a fourth place finish in the regionals last week, it was a very good year for the Canton gymnastics team.

Especially considering it was its first year of competition.

Unfortunately, however, the Chiefs were placed in a very tough regional at Ludington, and did not have much of a chance to finish in the top two spots to qualify for the state meet.

Ludington was first, followed by East Lansing and Muskegon Mona Shores. Canton placed fourth in the 12-team field.

Wendy Gray turned in the best scores for the Plymouthites with a 7.4 on the uneven bars and a 7.0 in vaulting.

"The team did not score as well as I had hoped," said Coach Barb Winn, "but it wasn't as disappointing as it

could have been, considering we had little chance to finish in the top two."

Next year, Winn faces the pleasant possibility of everyone

coming back, since the whole team was composed of underclassmen.

"We did really well for our first year," she said.

## Rocks also fall

BY JEFF REY

The Salem volleyball season ended last Saturday when the Rocks were blanked two games in a row by the eventual regional champs, Livonia Churchill, Salem was defeated in their first round 15-6, 15-8.

"We really didn't play well at all," said coach Cathy Himes. "Our bumps were bad and so was our serve reception."

Churchill went on to beat Canton the next round and then clinched their state berth by defeating Dearborn in the final round of competition.

On Monday Salem routed Belleville in their final Subur-

ban Eight League match 15-4, 15-11, and the Rocks returned Thursday to whip Farmington Harrison in two games, 15-6, 15-8.

For Himes, who took over the coaching spot from Brian Gillis this year, the Rocks finished the season with a 13-5 overall record and 11-3 in the league. Salem finished in a tie for second place in the league.

"I was very pleased with our finish," said the Salem mentor, "I'm looking forward to next year."

Senior Karen Prikosivits was the lone Rock to make first team all league, and Clarisse Hartnett was voted into the second team.

# Don't miss Junior Ice Olympics

We who are about to skate salute you. Salute you, that is, if you plan to skate in the Junior Ice Olympics. A full day of relays, and contests, the Ice Olympics are open to all middle school students - boys and girls - who live in the Plymouth-Canton School District.

The fun and friendly event is being sponsored by The Community Crier and the Plymouth Parks and Recreation Department.

All applicants will be placed on one of four teams who will compete in a single-file relay, a squat relay, a tag team relay and a puck-shooting contest.

Also, if enough applications are received, two team events will be scheduled, broom ball and hockey played with a tennis ball.

Scheduled for April 1 from 9 a.m. through 3 p.m. at the Plymouth Cultural Center, the Olympics will stress participation, sportsmanship and just plain fun. All Olympians will compete in all events.

The entry fee is \$1.25 which will cover the ice time at the Cultural Center, ribbons for first, second and third place, a hot dog and coke, and skate rental, if needed.

The deadline for applications is March 27, so don't delay.

The Canton swim team placed 28th out of a total of 57 schools in the high school state meet last weekend. Ann Arbor Pioneer grabbed first place honors. Birmingham Groves finished second, Ann Arbor Huron placed third, and Grand Haven was fourth.

Sophomore Paul Pederson swam to a 10th in the 100-yard fly recording a time of 54.5. Pederson then placed sixth in his specialty the 100

breaststroke turning in a 1:02.7.

Pederson was seeded first in the breaststroke going into the meet, but he had been fighting the flu earlier in the week.

"Paul might not have done as good as he could have, but at the state meet it gets awful tough," said coach Bill Faunce.

Canton's 200 medley relay team of Bob Cline, Pederson, Steve Wood, and Dave Tanner was seated 23rd going into the

meet and finished a superb 14th. The relay set a new school record with a time of 1:33.4.

"It gets to be sort of frustrating for these guys who dropped so many seconds off their prelim time and still not make the consolation finals," said Faunce.

Canton's late qualifier, the 400 freestyle relay of Cline, Mike Gaab, Wood and Tanner, finished a surprising 15th with a seeding of 27th. Their time was 3:23.0.

Each swimmer in the event dropped at least a second off of their 100-yard sprint and the relay set a new school record, cutting five seconds of the old one.

One of the five swimmers that represented the Chiefs only butter flyer Steve Wood will be graduating in June.

"Losing Wood may pose a problem next year," said Faunce, "but we have Gaab and Tanner to fill the gap and they both can swim comparable times in the fly."

### Rec softball fees accepted

The Plymouth Recreation Department is now accepting entry fees from returning softball teams. On Wednesday, March 15, registration will be open to new teams who meet residency requirements. The final date for paying entrance fee monies is Friday, April 7 at 5 p.m.

The fees are as follows: Men's Slowpitch Softball, \$245 per team; Women's Slowpitch Softball, \$165 per team; and Men's Modified Softball, \$200 per team. Entrance fees may be paid at the Recreation Department located in the Plymouth Cultural Center.

## Finley cops 10th

Salem swimmer Craig Finley recorded his personal best in the 500-yard freestyle Saturday to cop a 10th place.

The Rocks' other representatives at the meet all swam well, but failed to finish in the top 12 to score points.

The medley relay team of Finley, Bob Simone, Rob Kuebler and Mike Etienne finished 18th out of 27 teams in a time of 1:44.8. "It was an excellent time for them," said Coach Chuck Olson.

In the 400-yard freestyle

relay, Etienne, Rubadue Kuebler, and Finley touched at 3:24.5, putting them in the bottom third of the 30-team pack of qualifying teams.

Rubadue also swam in the preliminary heats of the 50 and 100 yard freestyles and finished 15th in both. His time in the 50 was 22.6 and he swam a 49.9 in the 100.

The state meet competition capped a 5-5-1 dual meet season for the tank Rocks and a fourth place finish in the Suburban Eight League.

## Register for baseball

The final day of registration for the community baseball program will be, Saturday, March 18, at the Canton High School Cafeteria, between 9 a.m. and 3 p.m. A "late registration" fee of \$5 will be charged anyone registering after March 18, in addition to the regular fee.

This year "T-Ball" will be played in the early evening so that those students enrolled in the 45-15 programs may participate.

Managers and Umpires are still needed, Please sign-up at registration.

Remember to bring proof of age on Saturday.

# Glenn ends Rocks' season

BY CHAS CHILD

It's hard to put your finger on exactly why the Salem basketball team lost last Wednesday.

The Rocks outrebounded Westland John Glenn almost two to one, got clutch baskets when they needed them and forced numerous turnovers, even in the last minutes.

The seesaw struggle could have gone either way as the largest lead either team had

all night was Glenn's 57-52 edge with about two and one-half minutes to go in the final quarter.

Glenn, however, got the breaks when they count - in the final minute - including a heartbreaking three-second violation called against the Rocks with 13 seconds to go and Salem down by two points.

The 67-63 loss in the semifinal round of the regional tournament at Livonia Franklin High School ended the Rocks' season, and sent the Rockets from Westland onto the regional finals on Friday where they fell to Detroit Mackenzie.

The season didn't end for Salem, though, before the team had wrapped up at least a share of the Suburban Eight League championship for the fifth straight year and a district crown. It was an outstanding season by any measuring stick.

Balanced scoring and penetration by their guards proved the difference for Westland Wednesday. The Rockets had five players in double figures,

while Salem had only two - Rich Hewlett with 22 points and Tom Ellinghausen with 13.

Hewlett's outside shooting was the only reliable weapon Salem had. The team simply needed more from other players to offset Glenn's determined attack.

Salem's failure to stop the Rockets' guards from penetrating, though, - not the Rocks' attack - was the team's biggest shortcoming.

Since the teams had met earlier in the season (Salem won, 68-60) both knew what to expect and started fast in the first quarter. The Westlanders had a one-point edge - 20-19 - at the end of the first period as both teams suffered frequent defensive lapses.

The Rocks, led by Hewlett's eight points, turned things around in the second quarter, however, to inch to a three point lead; 35-32.

In the second half, Glenn was sparked by their third guard, Doug Martin, who came off the bench to score 10 points after starter Ed Bates got in four trouble.

Martin scored six of the Rockets' first eight points and Salem failed to score on its first seven possessions as the momentum started to turn in the Glenn's favor.

A three-point play by Glenn's center, Tom Jurewicz, and two free throws by Daran Armstrong put the Rockets in the lead to stay at the beginning of the fourth quarter.

The Westlanders widened the gap to five points with 3:30 to go but the Rocks fought back and Hewlett's 15-foot jumper narrowed the gap to just two, 63-61, with a minute on the clocks.

On their next possession, the Rockets broke Salem's press to score the winning

SALEM'S Mike Christie makes a lot of contact as he goes up for a shot in the Rocks' loss to Southfield last Wednesday. (Crier photo by Bill Bresler.)

points - a lay-up by Jurewicz.

Hewlett came back with another outside jumper and Glenn was called with an offensive foul to give the Rocks the ball and a chance to tie only two points down and the clock reading 0:20.

The Rocks' first shot

missed, however, and the Rocks were charged with a three second violation just as Salem's John Broderick had pulled down a rebound and was about to go up for a shot.

The loss gave Salem a 19-3 final record.

**TOWNSHIP OF PLYMOUTH BOARD OF TRUSTEES - REGULAR MEETING FEBRUARY 28, 1978**

All members were present.

Mrs. Fidge commented that on page 4, in Mrs. Richardson's explanation of her "no" vote, the part that quotes "and further the Board had not received any letter of understanding covering this point" should be deleted as she spoke of this but it was after the explanation and not this point in time.

Mrs. Fidge moved approval of the minutes as amended and corrected for the February 14, 1978 meeting. Supported by Mr. Gornick and carried unanimously.

Mr. Gornick moved approval of payment of the bills in the grand total of \$230,007.31. Supported by Mr. West and carried unanimously on a roll call vote.

Huron Valley Wastewater Control System - Mrs. Fidge moved that the Township empower the Supervisor to write a letter to the County covering the concerns of the Board of Trustees regarding this contract prior to approval, said concerns to be spelled out in detail and requesting a written reply to each concern. Supported by Mr. Breen. The motion carried unanimously.

Aila Miller-Release of Sanitary Sewer Easement - Mr. Gornick moved approval of the following Resolution: The Township of Plymouth hereby relinquishes and releases an easement between Shirley J. Thayer, Athalie L. Kreger, Aila E. Miller, Individually and as guardian for Jerome P. Miller, a mentally retarded bachelor and the Township of Plymouth dated the 26th day of April, 1976, Liber 19727, pages 374 and 375, Register No. G190675, said easement and right-of-way for the purpose of constructing, installing, servicing and maintaining a sanitary sewer, storm sewer and water main and connections thereto, in, upon and across the property described as follows: The north 40 feet of the west 1/2 of the southwest 1/4 section 29, T.1.S., R.8.E., Plymouth Township, Wayne County, Michigan. Supported by Mr. West and carried 6-1 with Mrs. Fidge voting "no".

Recapitulation on Ambulance Bids and recommendation on purchase. Mr. Gornick moved that we accept the Fire Chief's recommendation and approve the bid from the Grumman Corporation on the purchase of the Ambulance, at a cost of \$28,852.00 and the purchase of a Motorola Radio for the Ambulance at a cost of \$1,370.00, the total of \$30,222.00. Supported by Mrs. Richardson and carried unanimously.

Arthur Kobierzynski - Application No. 385 - rezoning of the east side of Northville Road, Clemons to Hamill from R-2-4 and R-1 to C-1.

Mr. Gornick moved that the Township Board of Trustees concur with the Planning Commission's recommendation of denial of Application No. 385 for the reasons stipulated by our Planning Consultant, as follows: a) the proposed zoning amendment would result in a surplus of commercially zoned properties within Planning Unit No. 39. b) The proposed zoning amendment could encourage strip commercial development along the east side of Northville Road. c) The proposed zoning amendment would be contrary to the spirit and intent of A) the Comprehensive Plan 1966, B) Projected Land Use Plan 1974 and C) Preliminary Results of the Comprehensive Plan Study (in progress).

d) The proposed zoning amendment could have an adverse impact on existing and future single family residential properties. Supported by Mrs. Fidge and carried unanimously.

Adam Stoja - Application No. 395 - rezoning from R-1-H to C-2 of property at 47666 Ann Arbor Road, known as the Ann Arbor Road House.

Mrs. Fidge moved approval of the Planning Commission's denial on Application No. 395 rezoning from R-1-H to C-2 of the property at 47666 Ann Arbor Road, known as the Ann Arbor Road House for the reasons stipulated by the Planning Commission, as follows: a) No new information was submitted to the Commission. b) the wedge theory is a viable problem, however, it has been considered in various areas of the Township. c) The Commission has to deal with the property and not with the owner of the property. d) The reasons contained in Mr. Anulewicz's Planning Review dated January 30, 1978, as follows: 1. The proposed zoning amendment could be considered spot zoning. 2. The proposed zoning amendment would allow uses which could be considered incompatible with permitted uses in adjacent zoning district. 3. The proposed zoning amendment would be contrary to the spirit and intent of the a) Comprehensive Plan of 1966; b) Projected Land Use Plan of 1974; and c) Preliminary results of the 1977-1978 Comprehensive Plan Study (in progress). Supported by Mr. Gornick.

Mr. Millington moved to table the rezoning request for thirty (30)

days to give Adam Stoja time to obtain capital to improve the Ann Arbor Road House. Supported by Mr. West. The following roll call vote was taken: Yes: Frank Millington, Joseph West. No: Richard Gornick, Lee Fidge, Maurice Breen, Helen Richardson, Thomas Notebaert. The motion to table failed on a 5-2 vote.

The question was called on the original motion to deny Application no. 395 and the following roll call vote was taken: Yes: L. Fidge, R. Gornick, M. Breen, H. Richardson, T. Notebaert. No: J. West, F. Millington. The motion carried on a 5-2 vote.

Kopy-Densmore Application No. 398 Tentative Preliminary Plat, Plymouth Crossing Subdivision, located on the north side of Schoolcraft between Robinwood and Finch Streets.

Mr. Gornick moved approval of the Tentative Preliminary Plat, Application No. 398, Plymouth Crossing Subdivision located on the north side of Schoolcraft between Robinwood and Finch and subject to the eight (8) stipulations being corrected as follows:

- a) A legal description for the property be included on the plat.
- b) The following note be added at the western edge of Oak Lane Street "Future Road Extension".
- c) A variance be granted for the two radii located along the southern portion of Plymouth Crossing, which are 100 ft. rather than the minimum allowable 150. ft.

d) Lot No. 2 be approved, as shown, with the understanding that it would appear that a variance in rear yard set back would be required in order to be in compliance with the Township Ordinance. If the variance is not obtained, the applicant could then split the lot or do with it as he wishes.

e) A variance be granted for those lots which exceed the 2.5 ratio, which is the width of the lot vs. the depth of the lot.

f) A note be added indicating that the front yard for Lot No. 1 will be along Schoolcraft Road and no direct egress-ingress to Schoolcraft will be permitted from Lot. No. 1, with this particular access being by way of Plymouth Crossing Subdivision.

- g) Applicant receive the approval of the Township Engineer.
- h) Applicant receive the approval of the Fire Chief.

Supported by Mr. West and carried unanimously. Township Operating Procedures: Mrs. Richardson moved approval of \$2,500 expenditure as proposed by Mr. Fidge. Supported by Mr. Millington and carried with Mrs. Fidge and Mr. Breen abstaining.

Emergency Preparedness Ordinance - Mr. Breen moved approval of the Emergency Preparedness Ordinance No. LIV as prepared by Attorney Morgan. Supported by Mr. Gornick and carried unanimously.

Transfer of Funds. Mr. Breen moved approval of the recommendation of the Clerk for the Transfer of Funds. Supported by Mr. Gornick and carried unanimously.

Submission of quotes on carpeting for the Meeting Room, Fire Chief's Office and Hallway to the meeting room and approval to purchase the carpeting from Blunks, Inc., the Wall Street carpeting in the total amount of \$1,370.00, said monies to come from Account 101-265-931. Supported by Mr. West and carried unanimously.

Support for the concept of Plymouth Community Council on Aging. Mr. Gornick moved reaffirmation of our previous support and endorsement of the concept of the "Council of Aging" and that this be communicated to Mr. Fletcher. Supported by Mrs. Fidge and carried unanimously.

Requesting resolution authorizing the closing of Edward N. Hines Drive for Special Activities on Saturday, May 13, June 10, September 9 and October 14, 1978 between the hours 8:00 a.m. and 4:00 p.m.

Mr. West moved approval of the Resolution as submitted and further that the Supervisor and Clerk be authorized to sign the official permit with the Board of County Road Commissioners of the County of Wayne. Supported by Mrs. Fidge and carried unanimously.

Central Alarm Panel. Mrs. Richardson moved to rescind the action taken at the February 14, 1978 meeting, relative to the bid being awarded to Wolfson Electronics. Supported by Mrs. Fidge and carried unanimously.

Mr. Gornick moved approval of the Fire Chief's recommendation and authorize American Protective Alarm System to place the Central Alarm Panel in the Fire Station as covered in the February 24, 1978 letter from the Fire Chief. Supported by Mr. West and carried unanimously.

Mr. West moved to adjourn the meeting. Supported by Mr. Gornick. Supervisor Notebaert adjourned the meeting at 10:57 p.m. Approved, Thomas G. Notebaert, Respectfully submitted, Helen Richardson, Clerk

These minutes are a synopsis. Cassette Tapes of the meeting are on file in the Clerk's Office.
