# Librarian says career was important choice

BY CHAS CHILD

"If you're talented and trained, you should share it with others. If you don't, you're doing both yourself and others an injustice."

This philosophy has guided Bee Green, director of libraries for the Plymouth-Canton School District, for the 36 years of her career.

And ever since she can remember, there's been no doubt that a career would be a very important part of her life. "My parents encouraged me every step of the way," she said. "I was a product of the depression and we learned the value of being trained for a career."

At Penn State University where she graduated in 1937. Bee was

fortunate to find something that she really wanted to do: "In school I fell in love with books and that has guided me ever since. I've tried other work, but I came back to libraries."

Back in the 1930's and 1940's, when not as many women had careers as they do today, you might think Bee would have met more resistance in her decision. But, the field of library science, unlike medicine or law, was dominated by women, which made things easier.

"In fact, most librarians are still women, although men hold many of the top administrative posts. But even that is changing. A woman is now the head of the Detroit Public Library, which 10 or 15 years ago would have been unheard of."

A field dominated by women doesn't make the field any easier, however. "You still have to be drawn to it," Bee said. "You have to like books and people and nowadays you have to be almost an electronics engineer."

"The image of the little old lady in sneakers just doesn't describe librarians anymore. For example, a survey was taken recently which showed that librarians must know how to perform more than 400 tasks."

Although, Bee has been strongly career-oriented, she married and raised a son, Roland, who is now 32 years old. She took 18 months off from work when he was born and provided a sitter when she resumed her career.

"I believe that it's not the quantity of time that you spent with your children and family, but the quality," she said. "We shared many things with him -- we read to him, took him to the zoo, plays and concerts and many other things. He participated in virtually everything we did."

Bee also thought it was important to share in the financial burden of a household by working. "It's better for the kids. They don't grow up with fixed role images -- that this is man's work and this is women's work."

Her marriage was "terminated," in her words, six years ago, and she is glad that she had a means to support herself afterwards. She encourages young women to have a career for that very reason.

And what does she like the best about her job? "The stimulation of the challenge and the contact with people is what I like. You can't possibly let yourself get in a rut. It's marvelous to be paid for what you love to do."

## WOMEN: HERE & NOW

### Mother returning to work finds support from family

Cont. from pg. 18

can be no easy task. "Our main objective is the kids," Lorraine said. "They should maintain their extra-curricular activities. I don't want them sitting at home because I'm working."

Fortunately, her three children -- Craig, 14; Kelly, 13; and Stacey, 11 -- attend Our Lady of Good Council, which is only two long blocks from the administrative offices on Harvey Street where she works. "It's very convenient for driving to baseball practice and those sort of things," said she.

It also helps to have a supportive husband when the strain of the double role gets difficult to manage. "Don understands and we try to split the family responsibilities equally. It gets hard sometimes, but we always work things out."

Lorraine and Don were married in 1962 when she was 21. "I waited a little bit before getting married which I think was good. I traveled and had a little experience. I knew what the big, bad world was about," joked Lorraine.

After moving to Canton 11 years ago, she helped organize the Canton Jaycees Women's Auxiliary and became its first president. With small children, though, it was hard to manage a full-time job, so she worked part-time from 5 through 9 p.m. in an office. "Part-time jobs like that are ideal for some mothers, but they are very hard to find," Lorraine said.

Later, she took courses in real estate at Schoolcraft College and worked for three years in that field, which still made large demands on her time. "You can't always work your hours around your clients' time if you want to sell a house, that is. I had to work a lot in the evenings and on the weekends."

Lorraine is now in a field which she really enjoys: personnel and employe relations. And the fact that she enjoys it makes all the difference. "It can be a strain, so if I didn't like it I would quit. But I've been fortunate in that I've never had to work."

Lorraine is even looking to the future and hopes to take some courses in employe relations in the fall. "Although I'm satisfied where I am, I realized I'm going to be working for 30 more years," she said.

As an executive secretary to Norm Kee, assistant superintendent for employe relations, Lorraine types, transcribes from the dictaphone, helps fill out federal educational reports, and performs other secretarial duties. She also has two assistant secretaries under her for whom she is responsible.

Although she enjoys her work, Lorraine understands how many women prefer to stay at home. "Each person has their own niche in the world and they have to find it. I may not have the neatest house in the world, but we're all happy."

## Clubs exist to improve life

BY ROBERT KIAN

The women's organizations of Plymouth share community betterment as a common reason for existence. The names may vary, as do the membership qualifications, but they all stress human service.

Janet Richwine, past president of the Business and Professional Women of Plymouth, says that the organization of 76 area professional women aids displaced homemakers, widows, and recent divorcees, in coping with their altered lives and helps them to find work.

The chapter, now 50 years old, is part of the National Federation of Business and Professional Woman, numbering 175,000.

The BPW yearly awards two scholarships to graduating seniors and also supports the Plymouth Symphony.

Philanthropic work is the mainstay of the Soroptimists' Club, says Roberta Orr, its president for the past two years.

"Ours is one of the biggest; we're all over the world," she said. The local Soroptimists number 23 and Mrs. Orr points out that, "They have to be in some sort of administration or own their own place."

"We are quite small and it's difficult getting a lot of women in if they're not in business," she added.

Despite their size, the club is active in helping needy families and working with senior citizens. "I think we do a lot of good," Mrs. Orr continued, mentioning that they provided aid to the victims of last year's floods in Pennsylvania.

Scholarships to high school students are given as well. Last year, a total of \$300 was awarded to four area students.

When a new business opens, Mrs. Orr says that she does not ask the owner to join right away. "I wait to see if they're going to go out of business. I let them go two years before I even ask them to join."

Soroptimists International traces its history back to 1921 in California. The prefix "soro" comes from the Latin meaning "sister." The "optimist" has obvious meaning.

"Still, a lot of people don't know what it means," Mrs. Orr admitted.

The oldest women's organization in the city is the Women's Club of Plymouth. According to Mary Ellen Kenyon, the club is in its 85th year. The group's original purpose was to study proposed legislation, a sort of early-day citizens' lobby.

"We no longer get into politics, but if we believe something is wrong, we'll get into it," Kenyon said.

Still, the club is active in citizen participation in government. "We acquaint the younger generation with the workings of government," she said by working with the American Legion to send selected students to a state university, a different one each year, to participate in model government. The students run a city council, deal with legislation and the like.

The Women's Club also donated \$1,200 to outfit the kitchen of Opportunity House, a home for mentally retarded adults.

It was the Women's Club that was originally instrumental in obtaining the money for the Dunning-Hough library.

Each year, two senior high girls are given scholarships to the universities of their choice.

"Money has to go out," Kenyon said, emphasizing that no funds are kept for the club itself.

The motto of the Women's Club of Plymouth, dating back to the late 19th-century is "We study to serve." Originally it referred to the studying of state legislation done by the group, its sole purpose then.

This slogan is still valid, for the Women's Club, Soroptimists, and Business and Professional Women all study to find ways to serve the community.

# Bologna at Fiegel, parents to eat Gallimore pasta

MAY 15 TO MAY 19  
ALL LUNCHES WITH MILK  
All Elementary School Lunches  
are \$3.60 per each lunch.  
Menus subject to change

BY ROBERT KIAN

Ah, parental pride! Loving is the parent who listens to their kid's day, frames his water color drawings, dutifully attends each Parent/Teacher's meeting. It must be rare interest that would bring the Gallimore parent to a luncheon scheduled for May 17. And it won't be love providing the lump in the throat.

The across-the-board pizza option at both high schools is further evidence of the growing desire of educators to clamp down on the number of electives and to stick to the basics.

Remain undefeated, 13-0

## Chiefs corral Colts

BY ERIC OLSON

Although the Canton baseball team did not play Stevenson as originally scheduled the result was the same as the Chiefs routed "substitute" team Ann Arbor Pioneer, 7-1, in the nightcap of a doubleheader Saturday. In the first game Canton edged Detroit Northwestern in extra innings, 3-2. Stevenson could not play because they were participating in a tournament in Livonia.

Canton, now 13-0 for the year, struck for three runs in the first inning against Ann Arbor. Scott Dawson

singled to start the rally, Scott Collins was safe on an error, and Doug Smith's safety produced one run and when the ball was misplayed Collins scored. Smith scored on a sacrifice fly by Craig Lee.

In the second inning the Chiefs got a scratch run on a walk and stolen base by David Weise which was followed by an RBI single by Russ Mandle. Pioneer scored its lone run in second on a homerun off Canton pitcher Brian James.

James, who is now 4-0

on the season, gave up only four more hits in tossing a complete game. He struckout six and walked only one.

Leading off the fourth Lee singled and was moved to third base on sacrifice hits by James and Weise. He scored on a single by Mandle.

In the fifth inning against the Pioneers, Canton tallied two more runs. Dave Meador and Mike Tahfe walked and singles by Tom Norton and James drove home the runs. For the game the Chiefs collected 11 hits.

"We got the key hits when we needed them," said Canton Coach Fred Crissey, "like the hits by Tom Norton (fifth inning) and Doug Smith (first inning)."

Detroit Northwestern which has turned out major league stars Alex Johnson, Willie Horton, and John Mayberry, took Canton into extra innings before losing in the eighth, 3-2.

In the bottom for the eighth Ray Smock walked and went to second on a sacrifice hit by Weise. A linedrive single to leftfield by Jeff Campbell scored the winning run.

Dawson pitched the first four innings before giving way to the Smith (6-0) who got picked up the victory. Smith fired four innings of no-hit relief and fanned eight.

Canton scored a run in the first without the aid of hit and Northwestern scored its two runs in the third both were unearned. Northwestern totaled three hits for the game and Canton had six.

A single and a stolen base by Norton and an RBI hit Meador tied the game in the fourth inning.

"Northwestern is a super good team with good athletes but Smith was the key to the game as he really did the job for us in relief," said Crissey. "Also, I thought our defense was good considering the wet weather. We had only one error in the two games."

In action earlier in the week the Chiefs downed Northville 3-1, and shut-out Churchill 1-0. Dawson fired a four-hitter and struckout eight as he ran his season mark to 3-0 against Northville. Smith and James combined for the two-hit whitewashing of Churchill.

"So far this year we have three pitchers with an ERA (earned run average) under 1.00," commented Crissey on his staff.

AFTER pitching out of the seventh inning against Detroit Northwestern, Doug Smith is congratulated by his Chief teammates. (Crier photo by Bill Bresler.)

# Rock nine vies for triple crown

BY CHAS CHILD

Can the Salem baseball team give the Rocks a grand slam in the three major sports -- football, basketball and baseball?

With Suburban Eight championships already won in the first two, Salem needs only the baseball trophy to reign supreme in the major sports.

This could be the week we'll know. Tied with Redford Union for first with identical 5-1 marks after the weekend, the Rocks face three sub-8 opponents: Bentley last night, Dearborn today and Allen Park on Friday. Salem could be either well on its way to a league title or lost in the pack.

The way the Rocks have been playing lately, though, the chances are very bright for the team to regain the league championship they lost last year with a second place finish.

## Salem netters win two out of three

BY ERIC OLSON

Last week was one of ups and downs for the Salem tennis team. They thrashed Thurston 7-0, lost to Edsel Ford 3-4, and edged Dearborn 4-3. Their season record now stands at 8-1.

Against Dearborn Salem won two of the three doubles matches and split the four singles matches. Winning in doubles were the number one duo of Ed Thomas and Jeff Bearup 6-3, 7-5 and the number two tandem of Dick Cook and Craig Stevens 6-3, 6-1.

Victorious in singles were Bob Braun (no. 2) 7-6, 6-2 and Scott Crespo (no. 4) 6-4, 6-2. At number one Curt Schaltz lost 6-2, 7-6 as did Mark Thomas at number three 7-5, 6-4.

"We are progressing very well and if we can go through

By sweeping games from Detroit Northwestern and Ann Arbor Pioneer on Saturday Salem boasts a nine-game winning streak. And to go with an excellent team batting average (.362) the Rocks have found a solid third starter -- Matt Etienne.

In the 10-3 victory over Northwestern, Etienne went the distance and had a no-hitter going until the sixth inning when the visitors from Detroit tallied two singles. Overall, he chalked up 14 strikeouts.

"Matt looked great," said Salem Coach Brian Gilles. "He can throw smoke."

With a double and a triple, Bob Waite scored two runs in the game and Dave "Bubba" Wilcox went three for three, including a 360-foot homerun in the fifth inning, and knocked in four RBIs. Billy Kral also batting in three runs

the second half of our schedule, in which we play every team for the second time, undefeated then we can win the league title (Sub-8) outright," said Jim Stevens coach of the Rock netters.

At three doubles Craig Baker and Larry Kummer lost 6-4, 6-1.

In the meet versus Thurston the Rocks lost only six games total. Stevens and the team of Baker Kummer highlighted the meet by shutting out their opponents.

The junior varsity squad trounced the Thurston JV's surrendering just four games in winning 5-0. No player lost more than game.

Blake Lundberg at number one singles won 8-1 as did Bob Jarvis (no. 2), Ed Koza (no. 4), and Eric Heigt (no. 5). Playing at three singles Phil Coosiai blitzed his opponent 8-0.

## Chiefs netted, 4-3

BY ERIC OLSON

The ball hits the tape at the top of the net -- hangs there -- but then drops back on your side of the court. This has been the season so far for the Canton Tennis team.

"With a break here and there we could easily have our record reversed," said Chief net Coach Jim Hayes, "with a little luck we could be 4-2 instead of 2-4."

The loss against Churchill typified the season. Canton lost a three set match, one tie-breaker, and another match by a 7-5, 7-5 score. They also lost the meet, 4-3.

"It was a good match -- a close match, but we were one player away from winning. We are one player away from having a winning season," stated Hayes.

"Thad Louveric hasn't

against Northwestern.

In the first game of the doubleheader, Bruce Piper upped his record to a sparkling 7-0 as he led the Rocks to a 6-4 victory over Ann Arbor Pioneer.

A five-run second inning gave Salem enough breathing room over the Pioneers to hold onto the win. Wilcox got things going with a double and Etienne moved to first when he was hit by a pitch.

Joe Goodsir then loaded the bases with a walk and Doug

Holloway brought Wilcox in with a single. John Lewelling singled in another run, and Paul Dillon walked to bring in Goodsir for the fourth Rock tally.

Same Merrill forced in the fifth run with a base on balls, to make the score 5-3.

The Pioneers inched closer with a solo homerun in the third inning but three consecutive singles by Lewelling, Dillon and Waite in the fourth gave Salem an insurance run and to end the scoring at 6-4.

## Chief softballers fall

BY JEFF REY

Livonia Churchill's fourth inning six run rally cost the Canton softball team another game as the Chiefs dropped their fourth contest of the season last Wednesday, 9-4.

Lucy Howe who pitched the entire game for Canton and picked up her fourth loss of the season against two wins.

The Chargers held onto a 3-1 lead after three innings, with the Chiefs first run coming on a single by Howe scoring Jean Krashevets from third.

Churchill's fourth inning proved to be Cantons downfall as the Chargers racked up six runs to jump out in front 9-1.

Schipani scored one run for the Chiefs in the fifth inning when a passed ball allowed her to cross the plate from third.

Sue Lindsay scored on a fielders choice the following inning and Judy Freiman scored Cantons final run on an error.

Freiman and Lindsay led the Chiefs at the plate going two for three and scoring one run apiece.

On Monday Canton lost its first league contest of the week to Northville, 11-4. Freiman and Cindy Stevens both picked up three hits and Howe batted two for three.

Canton managed to separate the two losses with a league victory against Farmington Harrison on their home turf

With a hefty .511 average, Waite leads the team at the plate. "He must be leading all of America," Gilles joked. Behind him are Wilcox, .388; Kral, .389; Etienne, .382; Goodsir, .371; Dillon, .364; Lewelling, .324; Piper, .286; and Holloway, .286.

The Rocks still made a number of fielding errors, in the doubleheader, which has Gilles worried. "But we rise above them and don't let them bother us," he said. "As long as we're winning, that's what counts."

on Tuesday 13-4.

Vickie Cavallaro led the Chief bats, scoring three runs and knocking in four RBIs. Kathie Peck crossed the plate three times and Krashevets went three for four at the plate.

Howe notched her second win of the season striking out six Harrison batters. The Chiefs are at home today against Walled Lake Western. Gametime is 4 p.m.

## Edsel outslugs Rock girls

BY ERIC OLSON

"It was not a good situation, not at all, it was a terrible field," said Livi Way Salem softball skipper after being outslugged 14-8 by Edsel Ford, for their first loss of the year.

"The field was like the desert after it rains and the ground is baked dry by sun and all the cracks appear and there was no backstop either," said the somewhat angry coach.

"But you can't blame it (the loss) on the field conditions alone -- we made seven errors and didn't get much hitting," explained Way. "You can't expect to win in this league when you make seven errors, seven errors are outrageous."

The Rocks got back on the winning track by beating Allen Park, 8-2. Debbie Pitera went the distance in recording her

## Salem linksters take two

BY ERIC OLSON

Winning two matches last week the Salem girls golf team pushed its season record to 4-1. They defeated Willow Run 198-232 and trounced Brighton for the second time

this year, 210-260.

In the meet against Brighton Meg McGee fired a 44 setting a new school record which bettered Betty Delano's 46 of two weeks ago.

"It was an exceptionally

good effort against Willow Run because our four top scores averaged less than 50," said Rock link Coach Bob Waters, "but it was some of the worst weather - 40 mile per-hour winds and 45 degrees - that we've ever had to golf in."

He added, "We are really starting to mature now and we have improved tremendously in just the last week. Now all we need is some cooperation from the weather."

## Register for jr. football

The Plymouth-Canton Junior Football League will register boys aged 9-13 at Canton High School cafeteria from 9 a.m. through noon on Saturday, May 13. Birth certificates and parent's signature are required.

## Chief golfers win

BY JEFF REY

The Canton Girls Golf team saw minimal action last week, but nonetheless took advantage of it defeating Brighton on Tuesday, 217-264.

"It was the best score we had throughout all last year," said a pleased Ann Buie.

"We had to play the back nine, which is a little more difficult, but the girls came through anyway," said Buie. "They seem to play better on more difficult courses."

Freshman Janis McGlone shot the lowest score for the Chiefs turning in a 51. Linda Nurni carded a 54, Cathy Anderson shot a 55 and Peggy Visser turned in a 57.

The Chiefs were scheduled to play in the Saline Invitational on Friday, but it was cancelled because of rain.

Canton's record now stands at 2-2 with Willow Run coming up tomorrow. Tee-off time is 3 p.m.

## Canton golf stats

The first week of Canton Township Men's Golf League saw five teams sweep their matches. Scores were unusually high for the majority of the golfers as high winds and cold temperatures hindered scores. Tony Valenti and Mike Roemer turned in the best scores as they both shot 39. Paul Oberhelman posted the next best as he came in with a

## Rocks fall

Cont. from pg. 35  
sixth win against one loss. She fanned 14 tying her own school record.

The Rocks got rolling early as they scored three runs in the second inning. Donna Goodrich was safe on an error, Kathy Gardner singled, and a base-hit by Cindy Cindrich drove in the first run. Then Sue McDowell singled and Jan Boyd followed with a two run double.

In the third they pushed across two more runs. Becky Crespo lined to leftfield for a hit, Goodrich followed with a single, and Gardner's bunt brought home a run. A hit by Cindrich drove in the second run of the inning.

Three more runs came home in the sixth on a triple by Crespo and a one-bagger by Goodrich. Gardner's double put two runners in scoring position, and a two base error on Cindrich's ball scored two.

Pitera went five innings in beating Thurston, 8-4. She whiffed 11 and had three hits in four trips to the plate. Thurston's four runs came off Rock reliever Boyd. Salem is now 5-1 in the Sub-8 and 6-1 overall.

# Pole vaulters boost Salem men tracksters

BY JEFF REY

The Salem Track team went neck and neck throughout the entire meet until the Rocks captured second, third, and fourth in the pole vault to edge Dearborn on Thursday 80-78.

It came down to the final event where Scott Kappler jumped 12 feet 8 inches which was good enough for a second. Dennis Ogdon finished third and Mark Choma assured the victory placing fourth.

"Dearborn really was tough in their long distances," said coach Gary Balconi, "that's where they hurt us the most."

The Rocks won a total of 10 events with three of the wins coming in the field events.

Bob Dasher won the discus at 143'11" but was forced to settle for a second in the shotput with a distance of 46'.

In the long jump Curt Lewis grabbed first place honors with a 19'8½" leap.

Rich Hanschu finished second and Mike Christie was third.

In the high jump Hanschu placed first with a leap of 5'10" and Mike Skone was second.

Christie was the only double winner against Dearborn, winning both the 330 low hurdles and 120 high hurdles with times of 40.1 and 15.9 respectively.

Tom Rubadue won the 880 yard run turning in a 2:05 effort, and Chris Ritchey finished with a 10.4 in the 100 yard dash for a first. Greg Davis was second in the dash and Greg Stevens was third.

Davis also won the 220 yard dash with a time of 23.1 and Tom Carl finished second.

On Saturday the Rocks finished second out of 14 teams in the area relays held at Redford Union.

The major event for the Rocks was the Pole Vault when Kappler vaulted an amazing 14'6". Salem's total

in the vault was 40' after Choma cleared 12' and Ogdon vaulted 13'6".

"Their 40 foot total was the best I've ever seen in these relays," said Balconi.

In the shotput the team of Dasher, John Frooman, and Carl finished third, and the long jump team of Lewis, Christie, and Hanschu took a second.

After the field events the Rocks held onto a six point advantage with 15 points and Churchill was in second with nine.

Salem's 880 relay team of Booker, Davis, Lewis and Ritchey grabbed first place honors turning in a 1:32.0 effort.

The sprint medley of Davis, Carl, Ritchey and Rubadue placed third and also the 440

relay team of Stevens, Hanschu, Christie, and Ritchey finished in third place.

Churchill ended up winners of the relays with 30 points and Salem and Bishop Borgess tied for second with 28.

"I thought it was a very good meet for us and I was extremely pleased with some of our finishes," said Balconi.

## Western nips Canton runners

Although Canton won nine firsts to Walled Lake Western's eight the Chiefs' boys track team still lost, 88-70. Canton has yet to win a meet this season and is now 0-4.

Canton Coach Mike Tiano pointed to the lack of team depth which cost Canton the meet. "Like I said, we took nine firsts and they took eight, but they took a whole lot more seconds and thirds than we did. We just didn't have enough people."

We only lost by a few points and I think we'll be tough when the league championships roll around," continued Tiano. "Rick Fleischer hasn't been touched in the 440 and Brent Eckles has been winning the 100 and the longjump. In fact, I think that Eckles has the longest jump in the area so far this year."

The 440 and 880 relay teams both took firsts. John Tarr, Dan Cronin, Darryll Ramsur, and Eckles ran the 440. Competing the 880 relay were Dan McGlenn, Mike Kiefer, Tarr, and Fleischer.

Eckles won the 100 yard dash and the longjump. He was third in the pole vault. Fleischer was victorious in

the 220 and the 440 yard dashes. He was also second in the longjump.

vault. Frank Kellogg copped a third in the discus.

Other Chief firsts were recorded by Martin Hinkle in the 120 low hurdles and by McGlenn in the high jump (5 feet 8 inches). McGlenn was also fourth in the 220 and third in the 440.

## Rock girl striders fall

"Sometimes we get a team with guts and sometimes we have a team without guts - this is a team without guts," said Salem girls track Coach Scott Kurtz about the players who have quit the team.

"We are now under 25 people on the team and it is just impossible to fill all the events with that few people," explained Kurtz. "Some quit because they had leg problems, but others because they didn't want to run events other than the sprints."

Losing 86-50 to Dearborn the Rocks managed just three firsts. Highjumpers Diane Perpich and Erin Lucas tied for first at four feet eight inches. Jenny DeVenny took the two mile (13:21) and Lucas captured the hurdles in 16.5 seconds.

Carin Ford was fourth in the shot put (32 feet) and third in the discus (83'7½"). Sharon Nagy placed fourth in the

discus. In the longjump the Rocks got a fourth from Ann Meixner and a third by Lisa Morris (12'7").

Finishing second in the 100 yard dash was Drlyn Sims in 12.7 seconds, while Meixner copped a third in 12.9. Sims was also second in the 220. Kathy Sample took a second in the mile (6:06) and a fourth in the half-mile clocking in at 2:49.

Third and fourth in the two mile were Sara Marks and Nancy Hout. Meixner placed in two other events - fourth in the 220 (29.2) and third in the hurdles (17.4). Other Rocks to place were Kathy Zilke in the 880 and DeVenny in the mile. Both took thirds.

"We might not win a meet this year so we're going to try to qualify some people in the regionals for state," commented Kurtz on his plans for the remainder of the season.

## Walled Lakes edge Canton

Seeing Walled to Walled runners last week the Canton girl striders lost to Central 78-58 and to Western 87-47 managing to win just six firsts in the two meets combined. Against Walled Lake Western they captured only one event.

"Although we are 0-5 in dual meet competition there is no one that we can't run with," said Chief, thincad Coach Ken Zornes. "We have had people hurt all season and we've had some illnesses lately. We lost all three relays against Western because we have people hurt," explained Zornes.

Diane Bigelow took the lone first in the highjump (4 feet 6 inches) in the meet against Walled Lake Western. Winning in the Walled Lake Central meet were: Jeri Shafelt in the two mile (13:26), Veronica

Gray in the 440, Lynn Rudolph in the mile (6:09), Sue Coll in the 220 (29.7), and shot putter Kelly Heaton with a toss of 32 feet.

Second place finishers against Western included Gray (highjump), and milers Rudolph (mile) and Shuafelt (two mile).

"Western in one of the strongest teams in the league and they have some very strong runners," commented Zornes after the meet.

Finishing third were: Kathy Sochacki in the longjump (14'1½"), Judy Purpura running the 220 in 29.4, Jan Pederson in the 110 low hurdles (13.8), Laura Butler competing in the half-mile, and Rudolph.

Even after the two setbacks Zornes was still optimistic; "we'll be in there fighting when the regionals come around."

# No dart board, but Pub's got the feeling

## THE CROW'S NEST

Inside the Mayflower Hotel,  
827 W. Ann Arbor Trail,  
Plymouth, 453-1620.

The Mayflower, grand old lady of Plymouth hotels, has been with us for a long time. How long? Well, since just before Herbert Hoover invented the Depression and Mayor Tom Turner was in short pants. As a drinking emporium, however, the Mayflower dates back just seven years and the Crow's Nest has been with us just half that long. The Nest bills

*"We suggest going to the Crow's nest on a quiet night in midweek."*

itself as the "Closest thing to a London Pub this side of Big Ben." Actually, it is the closest thing to an English Pub this side of the electric clock in the Standard gas

station across the street. That matters little. What the Crow's Nest does have is atmosphere.

On a good night at the Nest it can get more crowded in the small lounge than on Kunta Kinte's maiden voyage and the crowds spill over to the Steak House across the hall. The bar itself serves 40 people, four at a time.

Quality entertainment is one reason for the habitual crowds. Liz Braus, currently performing Tuesday through Saturday, is a representative example of the low-key, top-

## The Bars of Our Town

BY TOM SCHRAM

notch, individuals usually on hand. For import aficionados, Labatt's, Heineken's and Bass Ale are on tap with cold Falstaff always on hand to fight off domestic delirium tremors.

We suggest going to the Crow's Nest on a quiet night in midweek. Grab a small table anywhere, pick the wax

out of your ears and listen to the vibes. Order a pair of beers and munch on the free-bee spanish peanuts and popcorn and get a good erotic fantasy going with the ceramic mermaid in the crow's nest in the Crow's Nest. A London pub? Heck, no. A Plymouth pub, and not a bad one.

# Brace yourself, election season is here

The Kentucky Derby is over, but the real races are just getting started.

It's election year folks. In less than one month's time, we'll be right in the thick of Local Campaign '78. The filing deadline for candidates seeking election this fall (the primary election is Aug.

8 and the general election will be held Nov. 7) will soon be upon us - June 6.

Between now and then, there will be no end to the politicking, deal cutting, soul searching, campaign planning, contributions hunting and the other necessities of running for public office.

Why is this all so important?

The answer to that question lies simply in reviewing just what jobs are up for grabs this year:

In both Plymouth and Canton townships, the supervisor, the clerk, the treasurer and two four-year terms for trustees are up. And while the officials aren't broadcasting it much, this election will mark the last time the supervisor, clerk and treasurer terms will be for two years. A change in the state law makes these four-year posts starting in 1980. So this year's winners have a decided edge on a four-year reign.

The biggest scramble will undoubtedly be seen in Canton, where Supervisor Harold Stein and Treasurer Anne Bradley (who both survived a recall), and Clerk John Flodin are all running again. Trustee Brian Schwall has said he won't run, but since he was a cross country coach, he's ALWAYS running. Trustee Bob Myers (he was elected four years ago by running with former supervisor Bob Greenstein and then later turned on him) may run for something else - like Wayne County Commissioner - or his present seat.

In Plymouth Township, all eyes will be on the clerk's race now that Helen Richard-

W. EDWARD WENDOVER  
WITH A LICE  
TOWARD NONE

By W. EDWARD WENDOVER

son has announced her retirement. With the Queen of township hall stepping down, the clerk's job will probably never again be what it has been, but it should draw some candidates. One rumored possibility is Trustee Lee Fidge who is only half-way through her four-year term and thus could run without sacrificing her seat on the board. Trustee Frank Millington is up for re-election and is no doubt mulling over whether to retire gracefully now or to try and get through another four years. Then there are the supervisor and treasurer posts, and although incumbents Tom Notebaert and Joe West will probably run again, those races may well attract some competition.

On to bigger and better things:

Also up for election this year is the 35th District Court judgeship. Hizzonor Dunbar Davis, who ran unopposed for the seat last time, has announced he'll seek another term. But with the new no-fault insurance laws, there're probably lots of hungry attorneys out there and Dunbar can expect competition. This term will be important because it will probably mark the addition of another judge to the 35th District bench to help an already overburdened but still growing court. The judge elected this time will be largely responsible for administering many changes.

Plymouth-Canton area's newest official, Wayne County Commissioner Bill Joyner was appointed to a vacant seat and now this new resident of the district must see whether the

type of politicking that landed him the appointment equates to voter recognition. The county race, because of the diverse geography of our commission district, always attracts a hefty field.

Roy Smith and Tom Brown, our area's two state representatives, are likely to run again. No doubt there will be some contenders, but if so, look to the primary election to be the real battle in each case.

You can certainly tell State Senator William Faust is running again. His activities here are more frequent and vocal. Since he last ran, Canton has become a real powerhouse in his district - and who knows? He will have to prove to voters that although he's the majority leader in the state senate, (and therefore both powerful and busy) he hasn't neglected his home turf.

State Sen. Robert Geake will almost certainly draw competition. He's just completing a short term he won in a special election and his anti-women campaign stands are still fresh in the hearts (which are directly connected to the arms that pull the levers on the voting machines) of many local voters. It's a Democratic district, which should offer both primary and general election excitement, but in that special election, Republican Geake ran away with it all.

And on to Congress. Our home-town-boy-makes-good, Carl Pursell, (whose district includes Plymouth and Plymouth Township) carried the election two years ago by fewer than 300 votes. But as an incumbent Republican who often votes like a Democrat (except on consumer issues), he has an edge in a disgustingly gerrymandered district that is an insult to geographic and demographic logic. Since both the GOP and the Dems claim as rightfully theirs, look for the primary and the general elections to find challenges to Pursell.

Then there's U. S. Rep. William Ford (his district includes Canton), who was at

one time rumored to be eyeing Robert "I'm not running" Griffin's U. S. Senate seat. Despite a field of candidates (representing every off-the-wall political party) challenging him two years ago, Ford hardly campaigned but won easily. And has anyone even seen him in the district these past two years? Assume he's running, but look for a large candidate turnout.

While the Michigan state-wide races and the U. S. Senate race don't as yet have any local residents in the ring, one Senate candidate is tied to our area. Phil Power, of Ann Arbor, and the owner of the Observer & Eccentric Newspapers (which were formerly headquartered in Plymouth) is seeking the Democratic nomination to face Griffin. There are plenty of hopefuls clamouring for this race, but just how many of them will actually get into the fight remains to be seen. Since he's never held public office before (why not start at the top?) Power will have to rely on his public image and his wallet to make a dent against the political heavies in the race.

But before we're into Local Campaign '78, there's one small matter local voters must clean up - the election of two school board members from three candidates.

Although two of the hopefuls are incumbents, Carol Davis and Elaine Kirchgatter, they have not run for the board before, both having been appointed to fill vacancies. Certainly the challenger, William Johnson, breathes easier for that.

It's hard to generate much enthusiasm for the board races with only three candidates for two seats.

Those races will be overshadowed by the millages on the ballot and by the general elections uproar - but they're still there too.

So grab your hip boots and renew your subscription to The Community Crier (not necessarily in that order) and settle back for Local Campaign '78 - with almost everything up for grabs.

And it's not too late to take out nominating petitions.

# Petitions force vote on sewer bonding

Cont. from pg. 1

large portion of the western part of the township to high-density development," said Greg Dean of the association. "The citizens of the township should have the chance to make a decision."

Ten per cent of the township's registered voters are required on the petitions to get the issue to a vote. Needed then are 1,140 signatures. Dean said if his group gathers enough, the referendum will probably be held in the fall.

"We are not opposed to development, but it should have an orderly and reasonable pace," Dean said. "We do not want to happen here what happened in Canton."

The association said in a flyer that it had no objections to two of the extensions -- the Plymouth Hills and Sly Drain -- which will serve existing residents. "Of the (three) remaining projects, however, the Byron Creek project will primarily serve to facilitate new development, and the Powell Road and Tonquish Creek project were designed solely for this purpose."

## Schools plan budget cuts if millages fail

Cont. from pg. 1

will be in school from 9:45 a.m. until 3:45 p.m. "The 9:45 starting time could disrupt many families' schedules, but it was the only way to arrange the buses," said Ray Hoedel, assistant superintendent for business.

Only if both proposals are defeated will the school day be shortened.

Middle school athletics will bear the brunt of the possible cuts. All seventh and ninth grade athletics will be pared if the 3.0 mills are approved and the 1.5 mills go down.

If both are defeated, eighth grade athletics will be cut. Athletic Director John Sandmann also proposed saving money by dropping the diving coaches on the varsity swimming teams, not offering any free athletic or season passes, and not replacing a lot of athletic equipment.

Drama, debate, forensics, language clubs as well as the student newspapers will all be lost at the high schools if both millage requests suffer defeat on June 12. If the 3.0 mills pass but the 1.5 additional fails, the clubs budget will still be cut in half, from \$60,000 to \$30,000.

The popular sixth grade camp will also be dropped if both millages fail, and its budget will still be cut about 25 per cent if only the 3.0 mills pass.

"If we lose the camp for just one year, its gone forever, because there are 18 school districts waiting in line to join," said Florence Beier, administrative assistant for

If most of the signatures are valid, the opponents of the sewer extension will have more than enough signatures to force a referendum in the next regularly scheduled election, the Aug. 8 primary.

The petitions, which were turned in by Jean Bommarito of the Glenview Subdivision, ask for a referendum on the question: "Should the Township enter into this contract?" Preceding the question is a paragraph describing the \$2.8 million bond issue.

Efforts to build the sewers has a long and complicated history:

In a 1973 referendum, voters defeated by a two-to-one margin a similar proposal to extend the sewer system. After the defeat, Greg Donovan, who owns large parcels of land in the western part of the township, filed suit against the township board to force it to build the sewer extensions despite the referendum vote.

On Jan. 10, 1975, Circuit Court Judge John R. Kirwan ruled that the extensions to existing residents could not be built unless all the exten-

community affairs.

"In fact, the voters have to remember that once you drop any program, it takes two or three years to get it going like it was before if you restart it. There is a lot of continuity in education."

No Saturday basketball games for the Plymouth-Canton Junior Basketball Association in the district's school gyms if either millage goes down. The \$8,000 necessary to keep the buildings open on Saturday's is scheduled to be cut in both possible budgets.

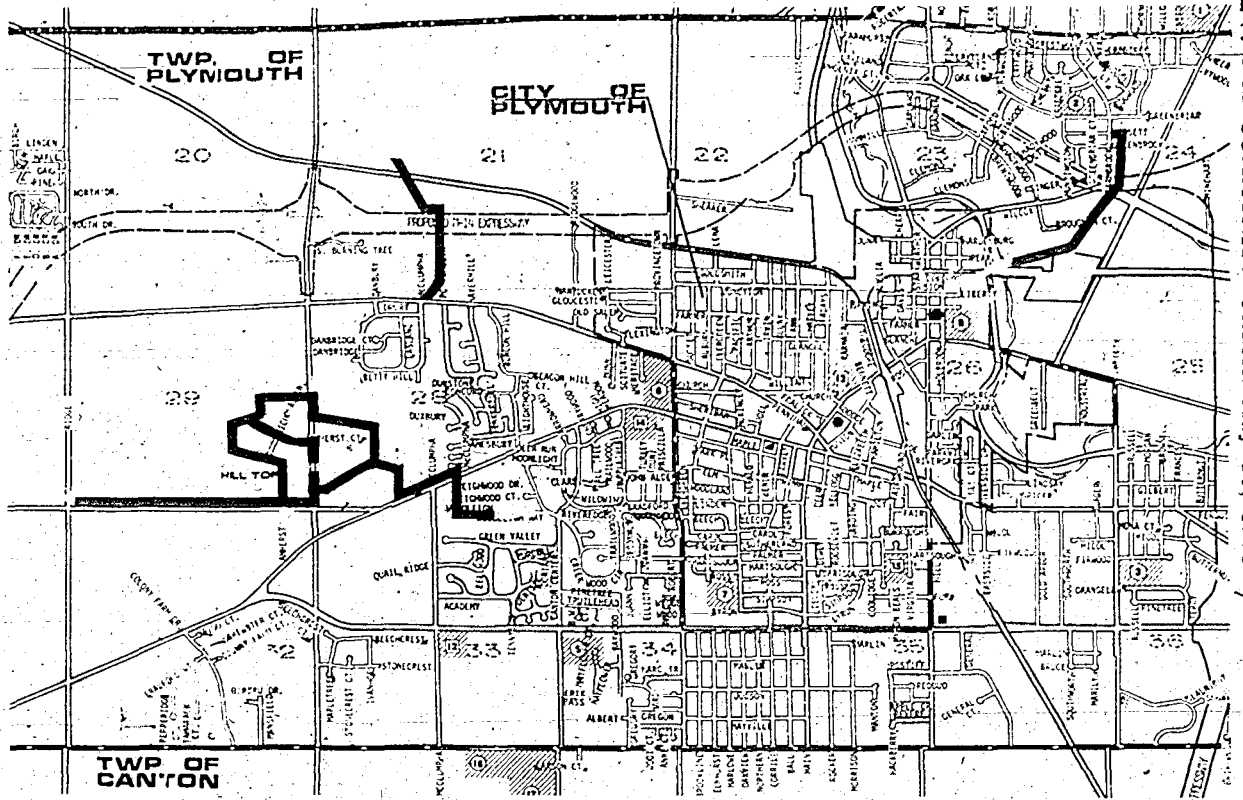

The driver education program faces a large disruption, also. If both millages go down, there will be no driver ed classes during the regular school year. All classes and driving will be offered only in the summer.

"The choice is this: If you want to keep what you have, it will take both millage requests," said Beier. "But in making the cuts we've tried to keep programs that directly benefit the kids' education. For example, the asphalt repair budget will be greatly cut."

Superintendent Mike Hoben said, "We tried to keep the things that separate Plymouth-Canton schools from other districts, like extra help programs in the elementary schools."

Besides the two millage proposals for operating expenses on the June 12 ballot, voters will also decide the fate of an 0.5-mill request for building maintenance and repair.

Two school board seats are up for grabs, too, in the election.

THE FIVE sewer extensions in Plymouth Township (dark lines) are planned to serve

both existing residents and as yet undeveloped property.

sions were constructed, including the one out Powell Road to Ridge Road.

Acting to help the sewer needs of residents in Plymouth Hills subdivision and Lake Pointe, and responding to the court order, the township board resolved last September to proceed with all five projects.

Township Supervisor Tom Notebaert objected to the claim that a large portion of the western part of the township will be opened to developers. "The drainage patterns are such that the sewers will not be exposing that much land to development," he said.

The flier said that three square miles will be opened up which will have "a very sub-

stantial impact upon the character of the township, and the ability of local municipal government and school dis-

trict administration to maintain an adequate level of service at reasonable levels of taxation."

## Canton runs up surplus

Cont. from pg. 1

installed during the early 60's. Gorman said the average life of a sewer is 40 years.

Another reason for the excess funds, Gorman said, was it takes 400 tap-ins per year to pay off the township's current sewer debt. Gorman said the township gets about 1,200 tap-ins per year.

"We are 800 tap-ins to the good," he said. "Would you pay off more of your debt in a year or invest the money?"

"It is good business to set aside the money," the finance

director noted.

"I wouldn't want any less (excess funds) for the township. We have the new DPW building coming up, we just approved the renovation of meter pits and an extension of sewer lines into an industrial area."

"If the supersewer goes through, Canton will have to come up with an estimated \$200,000 or 20 per cent of the cost," he added.

"We'll just keep investing it until we need it."

## SYNOPSIS

**Plymouth-Canton Community Schools Board of Education Minutes**  
This synopsis is a report of minutes of regular meetings of April 10 and 24, and special meeting of May 1 of the Plymouth-Canton Board of Education. Note that this is a synopsis; complete minutes and tapes of regular meetings may be obtained from the Board of Education offices, 454 S. Harvey Street.

April 10, 1978: Member Gray was absent from this meeting. All members voted "aye" on motions, unless otherwise indicated.

**New Business:** A contract was approved to award bid for purchase of eight 65-passenger school buses to Great Lakes Coach, Inc., for a total amount of \$143,947.20; and also to award contract for purchase of four intermediate capacity buses and two intermediate type wheelchair buses to the McFadden Corporation in the total bid amount of \$72,956.00. In addition, a contract was awarded to Carrier Distributing Company for three rooftop air conditioning units for Pioneer, Isbister and Gallimore Schools, in the total amount of \$3,890; as well as a contract for 178 window units to Sears-Roebuck in the total amount of \$46,825 (not including installation). Add alternates for a total of \$13,960 were also granted to the Carrier Company.

Bills for payment in the total amount of \$851,226.82 were approved by the Board for March 27, 1978, and of \$9,198,062.02 for April 10, 1978. Contract for four replacement boilers in a total amount of \$35,880 was awarded to the J. H. Comins Company. Administration explained that the use of Bryan boilers in this case is being done in an effort to standardize boilers eventually throughout the system.

The Wayne County Tax Allocation Budget was approved, and the Superintendent and Asst. Supt. for Business were authorized to present the budget to the Tax Allocation Board. A public budget hearing was set for April 13.

Resignations were accepted from the following teachers: Carole Brooks, Thomas Brownlee, Cheryl Campbell, Mary Economou, Joan Fischer, Barbara Hill, Norma Kenzie, Eileen Knesper and Karen Schmidt; and leaves of absence granted to Janet McCassey and Barbara Winn.

The Negotiating Teams for various contracts for the coming year were approved by the Board, with the added stipulation that someone from the Finance Department be a consultant on Negotiating Teams. Member Arlen voted "nay" on that stipulation.

Probationary contracts were not renewed for teachers No. 781 and No. 782, as recommended by administration. Ms. Ginnie Bagon was appointed to the position of Coordinator of Child Accounting for the School District.

**Policies:** A policy in accordance with new Federal law was approved on Copyright Law, Public Law No. 94-553, Title 17 of the United States Code, School Board Procedure No. 3703.6.

**Safety Committee:** Administration was asked to investigate installation of a fence between Forest Trail Subdivision and Gallimore Elementary School before the subdivision is completed. The matter of a chairperson for the Safety Committee was also discussed.

**Concerns:** The Board members who attended the National School Boards Association conference in San Francisco were to give a report at workshop on April 17. Citizen Steven Chismar then addressed the Board on his concerns regarding several issues within the District. This Board meeting was then adjourned at 8:40 p.m.

April 24, 1978: All Board members were present at this meeting. Several announcements were made, including notice of Wayne County Tax Allocation Board meeting on May 8 to review the School District Budget. Those persons participating in the Business-Education Forum were commended for the fine job they had done to organize the activity. Isbister Teacher Mrs. Beverly Winkelmann, commended the Board for the fine job done on Goals for the 1978-79 school year. She hoped they would be circulated throughout the community. Administration presented a budget overview as of March 31, with the Superintendent indicating that the budget was sound at this point and would no doubt be balanced. He added that the promised Special Education Funds had not all been forthcoming from Wayne County allocation.

**Old Business:** Mr. George Lovich asked the Board to reconsider his appeal for change in his daughter's assignment to Plymouth-Canton High School under the random selection process. He gave the Board background information as to his reasons. A motion to approve the appeal was defeated; only Members Arlen and Gray voting to grant the appeal. Mrs. Sylvia Rozien also noted that she had reappealed to the Board for change in school location for her middle school child.

The purchase of four Educational Developmental Laboratories in the total amount of \$41,039.20 was approved, from Learning Consultants, Incorporated, Division of McGraw-Hill; funding to be 100% from outside sources, at not cost to the District.

**New Business:** Bills for payment in the total amount of \$887,069.16 were approved. A Maternity Leave of Absence was granted to teacher Diane Layng, Field School; and Board action to accept a resignation at the meeting on April 10 was rescinded so that Karen Schmidt (Miller School) could return from leave. Mrs. Ruth Tonner, Salem High School, was granted a sabbatical leave for the 1978-79 school year.

A motion was made not to renew the probationary contract of teacher No. 783 at the end of the school year. The teacher in question was represented by PCEA Executive Director Charles Griffin who spoke in his behalf. He noted several violations to the union contract by administration in the case of this employee's evaluations. Parents were also in attendance to support the appeal. A decision on non-renewal of teacher contract was postponed until a special meeting could be called on May 1.

A proposal for selection of a new auditing firm for the school district was received and approved by the Board. Under present policy, such firm must be changed at least every five years.

**Policies:** A revision of Procedure No. 6230 on Purchasing was presented, which would define major and minor changes in specifications and method for bidding same. The Board returned the revision to administration so that further refinement on definitions could be made. The Safety Committee minutes of a meeting held on April 10 were received and noted.

**Concerns:** Member Davis noted several items - the number of teachers and parents from Plymouth who had attended a Gifted and Talented conference in Dearborn on April 15; the fine performance of the "Wizard of Oz" by students at Central Middle School and Ms. Laura Wiener; the appointment of Librarian Marion West and citizen Barbara Church as delegates to the Michigan conference of the Library Association from the Wayne Out-county Library Assn; and also commended the Business-Education Forum participants, and those who had worked so hard on behalf of the millage.

Member Gray congratulated Craig Bell on his appointment as Canton High School basketball coach. Member Arlen suggested that letters which praise fine work of school personnel should be publicized throughout the community. This meeting was then adjourned at 9:30 p.m.

May 1, 1978: A special meeting of the Board was held on May 1, 1978. All members were present, as well as representatives from Special Education Program and administration. The Board considered non-renewal of probationary teacher contract, postponed from last regular meeting. Several persons spoke to both sides of this issue, with PCEA Executive Griffin representing teacher James Durkin, and Messrs. Page and Kee speaking for administration. Several documents were rebutted and refuted, and inconsistencies were noted in reports. PCEA suggested an alternative to the decision on non-renewal of contract, in that a contract might be signed between the parties concerned, and if no improvement were forthcoming during the next year, tenure could be withdrawn. The Board could not accept this alternative. A motion was passed unanimously to terminate the contract for Mr. James Durkin at the end of this school year, and 3 reasons for this termination were listed. An amendment was also passed which would offer a hearing within 30 days to discuss both sides of this issue, and Board members hoped that the teacher would avail himself of this opportunity for a formal hearing.

The matter of the June 12 election procedures was also brought to the Board at this special meeting. The Absent Voters Counting Board members, Diane Williams, Bernice Nichols and Barbara Crowley were appointed, with meeting of that Board set for June 12 at 6:30 p.m. in the Board offices. The resolution for setting the regular election was also passed unanimously, to include election of two Board members, and three millage issues for consideration: Renewal of 3 mills for a period of 5 years; an increase of tax rate limitation by 1.5 mills for a period of 5 years for additional operating purposes, and also an increase in tax rate limitation by 1/2 mill for a period of 10 years for building improvement and maintenance fund tax. Voting places and election inspectors were also designated.

A list of possible cuts will be prepared for distribution in the community in the event that millage might not pass. Designation of election responsibility from Board Secretary to Superintendent of Schools was also approved by the Board. This special meeting was then adjourned at 10 p.m. for a workshop session to discuss the Superintendent's Quarterly Evaluation.

OFFICIAL NOTICE TO THE  
CITIZENS OF CHARTER  
TOWNSHIP OF CANTON  
OF PUBLIC HEARING TO  
CONSIDER APPROVAL OF  
A PROJECT PLAN AS  
SUBMITTED TO THE  
TOWNSHIP BOARD OF  
THE CHARTER TOWNSHIP  
OF CANTON BY THE  
ECONOMIC DEVELOPMENT  
CORPORATION OF THE  
CHARTER TOWNSHIP  
OF CANTON FOR  
FARM HOUSE FOODS  
CORPORATION

PLEASE TAKE NOTICE that  
pursuant to Act 338 of the Public  
Acts of Michigan of 1974, as  
amended, the Economic Develop-  
ment Corporation of the Charter  
Township of Canton has sub-  
mitted a project plan to the Town-  
ship Board for its approval.

Said project plan deals with  
the acquisition, construction, fur-  
nishing and equipping of a com-  
mercial building and the site  
therefor to be leased by Farm  
House Foods Corporation of Mil-  
waukee, Wisconsin and to be  
used by its division, the Grosse  
Pointe Quality Food Company,  
for use as a food distribution  
warehouse, and details all infor-  
mation required by law relative  
to said project and its impact  
on the community.

The Township Board will meet  
at 7:00 o'clock p.m. Tuesday,  
the 23rd day of May, 1978, at the  
Township Hall located at 128  
Canton Center Road Canton, Michi-  
gan, and will conduct a public  
hearing on the advisability of  
approving by resolution the pro-  
ject plan.

The Township Board may ap-  
prove, modify or reject said pro-  
ject plan.

THIS NOTICE is given pur-  
suant to the requirements of  
Sections 10 and 17 of Act 338,  
Public Acts of Michigan, 1974,  
as amended. Further information  
concerning the matters set out  
in this notice may be secured from  
the Township Clerk's office.

All interested citizens are en-  
couraged and will be offered an  
opportunity at said hearing to  
address the Township concern-  
ing said project plan.

CHARTER TOWNSHIP OF CANTON  
REGULAR BOARD MEETING

A regular meeting of the Township Board of the Charter Township of Canton was held  
on Tuesday, May 2, 1978 at 7:00 P.M. at 128-Canton Center Road.

Present: Bradley, Daley, Flodin, Goldsmith, Myers, Schwall, Stein.  
Absent: None.

The following items were added to the agenda:

1. Adjourn to closed session to consider a personnel matter.
2. Remove #9.
3. Consider Weed Control Ordinance.
4. Approve new hires for DPW and Recreation Department.
5. Install gas tanks at Fire Station #2.
6. Purchase golf carts.
7. Proposed amendment to Disorderly Persons Ordinance.
8. Consider proposal to elect four constables.

A motion was made by Bradley and supported by Schwall and unanimously carried to  
accept the agenda.

A motion was made by Bradley and supported by Daley and unanimously carried to  
approve the minutes of April 25, 1978 as corrected.

A motion was made by Stein and supported by Daley and unanimously carried to allow  
Mrs. Bradley to abstain on the request for site plan approval for the Childrens  
World Day Care Center.

A motion was made by Flodin and supported by Daley to approve the request for site plan  
approval for the Childrens World Day Care Center.

Yes: Daley, Flodin, Stein.  
No: Goldsmith, Myers, Schwall  
The motion failed.

A motion was made by Goldsmith and supported by Myers to table the request for site  
plan approval for the Childrens World Day Care Center.

Yes: Goldsmith, Myers, Schwall.  
No: Daley, Flodin, Stein.  
The motion failed.

A motion was made by Flodin and supported by Schwall and carried that the request for  
site plan approval for Childrens World be tabled, and a copy of Mr. Shefferly's letter  
be forwarded to the Road Commission for a recommendation relative to the traffic

problem.  
Yes: Flodin, Goldsmith, Myers, Schwall, Stein.  
No: Daley.

State Representative Thomas Brown spoke to the Board on the proposed improvement to  
Ford Road.

The following preamble and resolution were offered by Schwall and supported by Flodin:  
WHEREAS, there exists in the Township the need for certain programs to alleviate  
and prevent conditions of unemployment, to assist and retain local industries and  
commercial enterprises in order to strengthen and revitalize the Township's economy  
and to encourage the location and expansion of commercial enterprises to provide needed  
services and facilities to the Township and its residents; and

WHEREAS, a program to alleviate the aforesaid conditions and accomplish said  
purposes has been initiated by the Economic Development Corporation of the Charter  
Township of Canton (the "Corporation"); and

WHEREAS, the Corporation in conformity with Act 338 of the Public Acts of 1974, as  
amended ("Act 338"), has prepared and submitted a project plan for Farm House Foods  
Corporation; and

WHEREAS, the Township Planning Commission has or will shortly consider said  
Project Plan; and

WHEREAS, pursuant to Act 338 it is necessary to hold a public hearing concerning  
said project plan prior to taking legislative action relating to it;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Pursuant to the aforesaid Act 338 this Board shall meet on May 23rd, 1978  
at 7:00 P.M. at which time it shall conduct a public hearing on the Corporation's  
submission of the project plan.

2. The Clerk be and is hereby directed to give notice of such public hearing  
by (1) publishing a notice thereof in the Community Crier, a newspaper of general  
circulation in the Township; (2) posting in at least ten (10) conspicuous and public  
places in the project district area; and (3) mailing to the last known owner of each  
parcel of real property in the project district area at the last known address of the  
owner as shown by the tax assessment records, which notices shall be published and  
given at least ten (10) full days prior to the date set for said hearing.

3. Said notice shall be in substantially the following form:

OFFICIAL NOTICE TO THE CITIZENS OF CHARTER TOWNSHIP OF CANTON OF PUBLIC HEAR-  
ING TO CONSIDER APPROVAL OF A PROJECT PLAN AS SUBMITTED TO THE TOWNSHIP BOARD  
OF THE CHARTER TOWNSHIP OF CANTON BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE  
CHARTER TOWNSHIP OF CANTON FOR FARM HOUSE FOODS CORPORATION.

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974,  
as amended, the Economic Development Corporation of the Charter Township of Canton has  
submitted a project plan to the Township Board for its approval.

Said project plan deals with the acquisition, construction, furnishing and equipping

of a commercial building and the site therefor to be leased by Farm House Foods Corporation of Milwaukee, Wisconsin and to be used by its division, the Grosse Pointe Quality Food Company, for use as a food distribution warehouse, and details all information required by law relative to said project and its impact on the community.

The Township Board will meet at 7:00 o'clock p.m., Tuesday, the 23rd day of May, 1978, at the Township Hall, located at 128 Canton Center Road, Canton, Michigan, and will conduct a public hearing on the advisability of approving by resolution the project plan.

The Township Board may approve, modify or reject said project plan.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act 338, Public Acts of Michigan, 1974, as amended. Further information concerning the matters set out in this notice may be secured from the Township Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the Township concerning said project plan.

JOHN W. FLODIN, TOWNSHIP CLERK.

4. The Township Board does hereby determine that the foregoing form of notice and the manner of publication directed is adequate notice to the citizens and of the Township and is well calculated to inform them of the intention of the Township to hold a public hearing and the purpose of the public hearing.

5. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Bradley, Daley, Flodin, Goldsmith, Myers, Schwall, Stein.

RESOLUTION DECLARED ADOPTED.

JOHN W. FLODIN, TOWNSHIP CLERK

The following preamble and resolution were offered by Schwall and supported by Flodin:

WHEREAS, there exists in the Township the need for certain programs to alleviate and prevent conditions of unemployment, to assist and retain local industries and commercial enterprises in order to strengthen and revitalize the Township's economy and to encourage the location and expansion of commercial enterprises to provide needed services and facilities to the Township and its residents; and

WHEREAS, a program to alleviate the aforesaid conditions and accomplish said purposes has been initiated by the Economic Development Corporation of the Charter Township of Canton (the "Corporation"); and

WHEREAS, the Corporation in conformity with Act 338 of the Public Acts of 1974, as amended ("Act 338"), has prepared and submitted a project plan for West Side Auto Parts, Inc.; and

WHEREAS, the Township Planning Commission has or will shortly consider said Project Plan; and

WHEREAS, pursuant to Act 338 it is necessary to hold a public hearing concerning said project plan prior to taking legislative action relating to it;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Pursuant to the aforesaid Act 338 this Board shall meet on May 23rd, 1978, at 7:00 o'clock p.m., at which time it shall conduct a public hearing on the Corporation's submission of the project plan.

2. The Clerk be and is hereby directed to give notice of such public hearing by (1) publishing a notice thereof in the Community Crier, a newspaper of general circulation in the Township; (2) posting in at least ten (10) conspicuous and public places in the project district area; and (3) mailing to the last known owner of each parcel of real property in the project district area at the last known address of the owner as shown by the tax assessment records, which notices shall be published and given at least ten (10) full days prior to the date set for said hearing.

3. Said notice shall be in substantially the following form:

OFFICIAL NOTICE TO THE CITIZENS OF CHARTER TOWNSHIP OF CANTON OF PUBLIC HEARING TO CONSIDER APPROVAL OF A PROJECT PLAN AS SUBMITTED TO THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF CANTON BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE CHARTER TOWNSHIP OF CANTON FOR WEST SIDE AUTO PARTS, INC.

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974, as amended, the Economic Development Corporation of the Charter Township of Canton has submitted a project plan to the Township Board for its approval.

Said project plan deals with the acquisition, construction, improving, furnishing and equipping of a commercial building on the site therefor to be leased by West Side Auto Parts, Inc. to be used as a warehouse and office facility, and details all information required by law relative to said project and its impact on the community.

The Township Board will meet at 7:00 o'clock p.m., Tuesday, the 23rd day of May, 1978, at the Township Hall located at 128 Canton Center Road, Canton, Michigan, and will conduct a public hearing on the advisability of approving by resolution the project plan.

The Township Board may approve, modify or reject said project plan.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act 338, Public Acts of Michigan, 1974, as amended. Further information concerning the matters set out in this notice may be secured from the Township Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the Township concerning said project plan.

JOHN W. FLODIN, TOWNSHIP CLERK.

4. 5. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Bradley, Daley, Flodin, Goldsmith, Myers, Schwall, Stein.

NAYS: None.

RESOLUTION DECLARED ADOPTED.

JOHN W. FLODIN, TOWNSHIP CLERK.

A motion was made by Stein and supported by Bradley and unanimously carried to grant final approval of the preliminary plat to Hampton Court West Subdivision.

A motion was made by Daley and supported by Schwall to adopt the Mechanical Amusement Device Ordinance introduced and tabled on April 11, 1978 and published in the Community Crier on April 19, 1978.

John Schwartz from the Canton Chamber of Commerce enumerated a number of concerns about the ordinance.

A motion was made by Flodin and supported by Myers and unanimously carried to table action on the ordinance and request an attorney's opinion on the several changes, and return to the agenda on May 9, 1978.

A motion was made by Flodin and supported by Stein and unanimously carried that the Chief Building Inspector be authorized to issue temporary certificates of occupancy, based on conditions outlined in existing ordinances.

A motion was made by Stein and supported by Flodin and unanimously carried to authorize the Chief Building Inspector to issue a temporary certificate of occupancy for storage buildings at 41877 Joy Road, subject to the township receiving a certain easement.

A motion was made by Flodin and supported by Myers and unanimously carried that the following ordinance be introduced, tabled and published:

ORDINANCE NO. \_\_\_\_\_

BOCA FIRE PREVENTION CODE ADOPTION

12.500 An ordinance to amend Ordinance No. 52 and to adopt by reference the Building Officials and Code Administrators Code (BOCA), 1978 Edition, as amended, as promulgated and published by Building Officials and Code Administrators International, Inc., for the purpose of safeguarding life and property by regulating and providing control and inspection against fire and uses constituting special hazards; to establish criteria for safety and to provide for periodic inspections, assign responsibility for inspection and control; to provide for the permits regulation, enforcement, zoning and authority to enter; to provide a penalty for violation thereof; and ordinances and sections of ordinances in conflict herewith of the Charter Township of Canton, Wayne County, Michigan.

THE CHARTER TOWNSHIP OF CANTON ORDAINS:

12.510

Section 1. ADOPTION OF CODE BY REFERENCE:

Pursuant to the provisions of Section 17 and 23 of Act 359, Public Acts of 1947, (M.S.A. 5.46) (23) as amended, the BOCA Basic Fire Prevention Code (1978) as amended, promulgated and published by the Building Officials and Code Administrators International, Inc., is hereby adopted as an Ordinance by the Charter Township of Canton as herein may be amended and modified for the purpose of safeguarding life and property and users constituting special hazards; to provide for periodic inspections and establish criteria for safety, provide for responsibility for inspection and control; to provide for fees, permits and licenses as may be required; provide penalties for violations hereof and to make provisions for Ordinances and sections of Ordinances in conflict hereof, (Ordinance No. 52, eff. October 30, 1974).

Section 2. PENALTY.

Any person, firm or corporation who shall violate or fail to comply with any of the provisions of this Ordinance or any of the regulations adopted in pursuance hereof, or who shall hamper, impede or interfere with the performance of the duties of the Fire Official, or other officer under the provisions of this Ordinance, shall be guilty of a misdemeanor and upon conviction hereof shall be punished by a fine not exceeding ONE HUNDRED (\$100.00) DOLLARS or by imprisonment not exceeding NINETY (90) days, or by both such fine and imprisonment in the discretion of the Court.

Every act of violation and everyday which such violation shall incur constitute a separate offense.

Section 3. REPEAL OF CONFLICTING ORDINANCE.

All Ordinances, or parts of Ordinances, conflicting with the provisions of this Ordinance are hereby repealed.

Section 4. LIABILITY.

This Ordinance shall not be construed to relieve from, or lessen, the responsibilities or liability of any person, firm or corporation who shall be subject to same, nor shall the Charter Township of Canton be held as assuming any liability by reason of any inspections held or permits issued as herein provided.

Section 5.

If any section of this Ordinance be declared void by legal actions for any reason, all other sections shall continue to be in force until specifically declared void through action of the Court.

Section 6.

This Ordinance shall become operative and effective upon its publication.

A motion was made by Daley and supported by Bradley and unanimously carried that the Board authorize the Supervisor and Clerk to sign an agreement with the Wayne County Road Commission that the Township will maintain all those collector sewers which serve rear yard drainage and/or footing drains in Greenbrook Village Subdivision #1.

A motion was made by Schwall and supported by Myers and carried to approve \$6,000.00 for contractual services with Growth Works.  
Yes: Flodin, Goldsmith, Myers, Schwall, Stein.  
No: Bradley, Daley.

A motion was made by Flodin and supported by Myers and unanimously carried to authorize the Supervisor and Clerk to sign an agreement with the Wayne County Road Commission providing for maintenance of certain storm drains in Wayne County right-of-way in Aberdeen and Keystone Roads.

A motion was made by Goldsmith and supported by Schwall and unanimously carried to not approve the request for a change in the street name from Woonsocket to Windsor Street in Windemere Subdivision.

A proposed Mobile Home Park Ordinance was presented to the Board.

The Board was presented with an invitation to participate in City of Westland's July 1st parade.

A motion was made by Schwall and supported by Bradley and unanimously carried to approve the request of the VFW to conduct 1978 Poppy Sale, subject to approval of the Chamber of Commerce.

Mike Gorman reported to the Board on proposed uses for surplus funds.

A motion was made by Myers and supported by Goldsmith and unanimously carried to award the bid for meter pit renovation to Sunny Seasons Inc. in the amount of \$89,269.00.

A proposed revised Weed Ordinance was presented to the Board and will be on the agenda of 5-9-78 with corrections.

A motion was made by Daley and supported by Schwall and unanimously carried that the Board hire the first five people on the eligibility list for the DPW Dept. as presented by Mr. Gorman and that George Sharp must resign from his position on the Police Dept. to accept the D.P.W. position, but that this resolution does not jeopardize his right to test for a full time position with the Police Department.

A motion was made by Bradley and supported by Myers and unanimously carried to hire Tom Lieberman to the position of Recreation Dept. Maintenance person.

A motion was made by Myers and supported by Daley and unanimously carried to purchase two 1,000 gallon gas tanks for Fire Station #2.

A motion was made by Stein and supported by Flodin and unanimously carried to approve 50% of the cost for the purchase of 10 golf carts.

A motion was made by Schwall and supported by Daley and unanimously carried to approve the Township's share of the cost of the golf carts to be deducted from the July and Dec. payments to the Township.

A motion was made by Bradley and supported by Flodin and unanimously carried to elect four Constables in the November 1978 election.

A motion was made by Flodin and supported by Stein and unanimously carried to adjourn to a closed session to discuss a personnel problem.

A motion was made by Flodin and supported by Schwall and unanimously carried to adjourn at 12:15 A.M.

## CANTON TOWNSHIP PLANNING COMMISSION CHARTER TOWNSHIP OF CANTON NOTICE OF PUBLIC HEARING

Proposed amendment to the zoning ordinance of the Charter Township of Canton, Wayne County, Michigan.

NOTICE IS HEREBY GIVEN pursuant to Act 184 of the Public Acts of Michigan as amended, and pursuant to the Zoning Ordinance of the Charter Township of Canton that the Planning Commission of the Charter Township of Canton will hold a Public Hearing on Monday, May 22nd, 1978, at the Canton Township Hall, 128 Canton Center Road at 8:00 o'clock p.m. on the following proposed amendment to the Zoning Ordinance:

(See Attachment) ARTICLE IV, GENERAL PROVISIONS, SECTION 4.24 SIGNS. Comments on the proposed changes may be made in writing prior to the scheduled hearing date, and submitted to the Township's Administrative offices at 44508 Geddes Road and/or comments may be given at the time of the hearing.

CHARTER TOWNSHIP OF CANTON  
PLANNING COMMISSION  
ROBERT PADGET - CHAIRMAN

### PROPOSED AMENDMENT TO THE CANTON TOWNSHIP ZONING ORDINANCE

#### ARTICLE IV GENERAL PROVISIONS SECTION 4.24 SIGNS

##### a. STATEMENT OF INTENT

The section creates the legal framework for sign regulations and is intended to facilitate an easy and agreeable communication between people. It recognizes the need to protect the safety and welfare of the public, the need for well maintained and attractive appearance in a community, and the need for adequate business identification, advertising and communication. This section recognizes that aesthetics and design quality cannot be satisfactorily legislated, as individual opinions vary and general public opinions vary from one era to another. It is recognized, however, that a great percentage of that which is unattractive can be eliminated by sensible quality control, through adequate maintenance and inspection, and by reasonable guidelines formulated to minimize clutter.

##### b. PERMIT REQUIRED

(1) Except as otherwise provided in this section, it shall be unlawful for any person to erect, alter, relocate, or maintain within the Township of Canton any sign or advertising structure without first obtaining a permit from the Township Building Department. A sign not expressly permitted is prohibited.

(2) The Township Building Department shall provide application forms and may require of the applicant, such information and descriptive material, plans or drawings, so as to determine compliance with this and other applicable ordinances of Canton Township.

(3) A permit fee shall be paid to the Township of Canton at the time the permit is applied for, according to a fee schedule adopted by the Township Board. The fee schedule may vary within types of signs and shall take into consideration whether permit is for the erection of a new sign, minor modification of an existing sign or substantial reconstruction of an existing sign. The fee schedule shall reflect the time and cost to the Township for inspection to verify compliance by the applicant with this section.

(4) Every sign permit issued shall become null and void if work is not commenced within one hundred and twenty (120) days from the date of such permit issuance. If work authorized by such permit is suspended or abandoned for one hundred and twenty (120) days time after the work is commenced, a new permit is required.

(5) Any sign that is moved to another location either on the same or to another premises, shall be considered a new sign and a permit shall be required for any work performed in connection therewith.

(6) Whenever a face of a sign is changed a new permit is required, unless the sign is designed for periodic change.

(7) As a condition for obtaining a permit, the applicant, at his expense, shall provide a certificate of insurance that shall be kept in force during the entire year, for comprehensive general liability insurance for bodily injury and property damage of one hundred thousand dollars for each occurrence; and in respect to liability, be conditioned to hold the Township of Canton harmless of every damage of whatsoever nature, whether to persons or property, for which the Township may be held liable by reason of, or which is occasioned by, the doing of an act or the exercise of the privilege for which the permit was granted.

(8) The applicant for a permit to erect a temporary sign shall deposit with the Township Board, the amount of which shall be sufficient to cover the cost of removing the temporary sign. The deposit will be retained by the Township throughout the life of the temporary sign and will be returned to the owner as soon as possible, after and if the sign has been completely removed from the premises at the owner's expense.

(9) No person shall erect, construct, or maintain any sign upon any property or building without the consent of the owner or person entitled to possession of the property or building, if any, or their authorized representatives.

(10) The Township may in writing, suspend or revoke a permit issued under provisions of this Section whenever the permit is issued on the basis of a mis-statement of fact or fraud. The applicant may appeal any suspended or revoked permit to the Township Board within 15 days and the Township shall hear such appeal within 30 days upon receipt of such appeal.

##### c. MEASUREMENT OF AREA OF SIGN.

The entire area within a circle, triangle, or parallelogram, enclosing the extreme limits of writing, representation, emblem, or any figure of similar character, together with any frame of other material or color forming an integral part of the display or used to differentiate such sign from the background against which it is placed, excluding necessary supports or uprights on which sign is placed, defines the area of the sign.

Where a sign has two or more faces, the area of all faces shall be included in determining the total area of the sign, except that when two such faces are placed back to back and are at no point more than two (2) feet from one another. The area of the sign shall be taken as the area of one face if the two faces are of equal area, or as the area of the larger faces, if the two faces are of unequal area.

##### d. GENERAL REQUIREMENTS

(1) Underground wiring shall be required for all illuminated signs not attached to a building.

(2) Illumination of signs shall be directed or shaded so as not to interfere with the vision of persons on the adjacent highways or adjacent residential properties. Such determination shall be made by the Building Department, who shall bring to the attention of the Township Board, recommendations to limit the hours of illumination. The Township Board may then prohibit the hours of illumination between 11:00 p.m. and 7:00 a.m. of a specific sign to allow the private enjoyment of affected residential properties.

(3) There shall be no visible angle irons, or unsightly supports. All such sign supports shall be an integral part of the sign design.

(4) Every sign shall be maintained in good structural condition at all times. All signs shall be kept neatly painted including all metal parts and supports.

(5) No person shall maintain or permit to be maintained on any premises owned or controlled by him, any sign which is in a dangerous or defective condition.

(6) The area around off-premises sign structures shall be kept clean and neat and free of all brush, tall grass, debris and litter. The area around the sign shall be maintained in this manner, to a distance of at least five feet to the rear and sides of the structure as well as to the front property line, and, if on a corner site, to both property lines.

##### e. REMOVAL AND DISPOSITION OF SIGNS.

(1) The Township shall inspect an cause to be removed, repaired, painted, or altered any sign that is not in conformity with the provisions of this ordinance, or a sign that has been abandoned, or a sign that endangers the public safety or is a physical hazard to the public pursuant to the provisions of this ordinance.

DEADLINE 5 p.m. MONDAY

PG. 45 THE COMMUNITY CRIER: May 10, 1978

Cont. from pg. 44

(2) Any sign removed by the Township pursuant to the provisions of this ordinance, shall become the property of the Township and may be disposed of in any manner deemed appropriate by the Township if not claimed by the owners within 30 days. The cost of removal or repairing a sign by the Township shall be considered a debt owed to the Township by the owner of the sign and/or the owner of the property, and may be recovered in an appropriate court action by the Township or by assessment against the property as hereinafter provided. The cost of removal or repairing shall include any and all incidental expenses incurred by the Township.

(3) Removal or repair of any sign shall take place only after proper notice by certified mail has been sent to the site owner and/or property owner on which the sign is located. Any person having an interest in the sign or the property, may appeal the determination of the Township ordering removal or compliance by filing a written notice of appeal with the Zoning Board of Appeals within 30 days after the date of receipt of the notice. The notice given by the Township shall state not only the remedial action required to be taken, but shall also state that if such action is not taken within 30 days, the Township may correct the sign deficiencies and the cost of correcting the unlawful feature of the sign may be assessed against the property on which the sign is located together with additional administrative charges.

(4) If it will be necessary for the Township to remove or repair a sign pursuant to the provisions hereof, bids shall be taken when the estimated costs exceed \$500.00. When the remedial action is completed, the Building Department shall certify to the Treasurer the legal description of the property upon which the work was done, together with the name of the owner thereof as shown by the tax rolls, together with a statement of work performed the date of performance, and the cost thereof. Upon receipt of such statement, the Treasurer shall mail a notice to the owner of said premises as shown by the tax rolls, at the address shown upon the tax rolls, by Certified Mail postage prepaid, notifying such owner that the work has been performed pursuant to this ordinance, stating the date of performance of the work, the nature of the work, and demanding payment of the costs. Such notice shall state that if said amount is not paid within thirty (30) days of receipt of the notice, it shall become an assessment or a lien against the property of said owner.

If the Treasurer has not received payment within a period of 30 days following the receipt of such notice, the Treasurer shall inform the Township Board of such fact and the Township Board shall thereupon enact a resolution assessing the whole cost of such work, upon the lots or tract of land from which the sign has been removed.

(5) In case of an emergency when a sign would cause an imminent danger to the public safety, the Township may cause the immediate removal of such signs without advance notice, all costs being assessed pursuant to the provisions of this Ordinance. The owner of the sign or the property owner shall claim and remove any sign from the Township's possession within 30 days of the date of being notified or the Township shall dispose of.

(6) For all purposes in determining the proper sign ownership, the owner of the premises shall be presumed to be the owner of all signs thereon, unless the contrary shall appear from facts brought to the attention of the Township.

## f. SIGNS PERMITTED IN ALL ZONING DISTRICTS WITHOUT REQUIRING SIGN PERMITS.

The following signs are permitted, without a sign permit, in all zoning districts where the principal permitted use to which they are related is a permitted use in that district.

(1) House numbers, name plates (including apartment units and office suites) identifying the occupant or address of a parcel of land and not exceeding two (2) square feet in area.

(2) Memorial signs or tablets, when not exceeding eight (8) square feet in area and containing the name of the building and date of erection, and when cut into any masonry surface or constructed of bronze or other incombustible material and affixed to the exterior face of the building.

(3) Signs painted on or permanently attached to legally licensed vehicles which are used upon the highways for the transporting of persons, goods, or equipment.

(4) Flags bearing the official design of a nation, state, municipality, educational institution, or noncommercial organization.

(5) Traffic or other municipal signs such as the following: legal notices, railroad crossing, danger and other emergency signs as may be approved by the Township Board or other Federal, State or County agency holding jurisdiction.

(6) Community special event signs approved by the Township Board.

(7) Gasoline service stations may display the following special signs which are deemed customary and necessary to their respective businesses:

(i) Customary lettering or other insignia on a gasoline pump consisting of brand of gasoline sold, lead warning sign, and any other sign required by law and not exceeding a total of three (3) square feet on each pump.

(ii) One non-illuminated double faced sign for the purpose of displaying gasoline prices per gasoline pump island, each of which shall not exceed five (5) square feet in any area, may be placed on a gasoline pump island.

(8) Signs not exceeding three (3) square feet which contain only noncommercial messages including designation of rest rooms, drive entrances and exits, telephone locations and directions of door openings.

(9) Non-illuminated signs, advertising platted lots or buildings for rent, lease, and/or sale, when located on the land or building intended to be rented, leased, and/or sold and not exceeding five (5) square feet in area. One sign per parcel of land shall be permitted along each street exposure side.

(10) Institutional use bulletin board, non-illuminated, not exceeding eighteen (18) square feet in area or an over-all height of six (6) feet, for uses such as churches, schools or public buildings or other public uses.

(11) Signs of primarily decorative nature, clearly incidental customary and commonly associated with any national, local or religious holiday; provided that such signs shall be displayed for a period of not more than 60 consecutive days nor more than 60 days in any one year, and are not used for a commercial nature.

(12) Political signs, not to exceed one sign per candidate or issue, and not exceeding five (5) square feet per sign shall be permitted, within the front yard setback of occupied lots, but not more than thirty (30) days prior to a political election and provided that such sign is located with permission of the owner, and is removed by the owner within two days following the election.

(13) Model homes within a subdivision may be permitted one (1) sign per model which shall not exceed two (2) square feet in area and four (4) feet in height when located within the front yard setback for the purpose of identifying model style.

(14) Garage sale signs not exceeding five (5) square feet in area and erected for not more than three days.

(15) Signs identifying on-site construction activity, not exceeding 32 square feet in area except single family residential construction which shall not exceed sixteen (16) square feet in area.

## g. SIGNS PROHIBITED IN ALL ZONING DISTRICTS

The following signs shall not be permitted, erected, or maintained in any zoning district:

(1) Signs which incorporate in any manner any flashing or moving lights.  
(2) Banners, pennants, spinners, streamers, and flags.  
(3) String lights used in connection with commercial premises for commercial purposes, excepting holiday uses not exceeding five (5) weeks in any calendar year.

(4) Any sign which has any visible moving part, visible description or other apparent visible movement achieved by electrical, electronic or mechanical means, including intermittent electrical pulsations or by action of normal wind currents. Such a prohibition shall not pertain to public message signs, including time, temperature or stock market quotation signs.

(5) Any sign or sign structures which (a) is structurally unsafe, or (b) constitutes a

hazard to safety or health by reason of inadequate design or fabrication, mounting, maintenance, dilapidation or abandonment or (c) is not kept in good repair, or (d) is capable of causing electrical shocks to persons likely to come in contact with it.

(6) Any sign which by reason of its size, location, content, coloring or manner of illumination, constitutes a traffic hazard of a detriment to traffic safety by obstruction of vision of drivers, or by obstructing or detracting from the visibility of any traffic sign or control device on public streets and roads.

(7) Any sign which obstructs free ingress to or egress from a required door, window, fire escape or other required access way.

(8) Signs which make use of words such as "stop", "look", "danger", or any other words, phrases, symbols, or characters, in such a manner as to interfere with, mislead or confuse traffic.

(9) Any sign or other advertising structure containing any obscene, indecent, or immoral matter.

(10) Any sign now or hereafter existing which no longer advertises a bona fide business or a product sold on the premises of the sign's location.

(11) Portable signs.

(12) Any sign, except traffic or other municipal signs, that is located in or project into, or overhangs a public right-of-way or dedicated easement.

(13) Any sign that exceeds the height limitation of the zoning district in which it is located or a wall sign that extends beyond or above any architectural feature.

(14) Roof Signs.

(15) Placards, posters, circulars, showbills, handbills, cards, leaflets or other advertising matter except as herein defined, shall not be posted, pasted, nailed, placed, printed, stamped or in any way attached to any fence, wall post, tree, sidewalk, pavement, platform, pole, tower, curbstone, surface or in or upon any easement, right-of-way or on any public property whatsoever. Provided, however, nothing herein set forth shall prevent official notices of the Township, school districts, County, State or Federal Government from being posted on any public property deemed necessary.

(16) The parking of a vehicle or trailer on a public right-of-way, public or private property, so as to be visible from a public right-of-way, which said vehicle has attached thereto, or located thereon any sign or advertising device for the basic purpose of providing advertisement of products or directing people to a business or activity located on the same or nearby property or any other premises.

(17) "A" frame or sandwich board sidewalk or curb signs.

(18) No sign shall be suspended by chains or other devices that will allow the sign to swing due to wind action. Signs shall be anchored to prevent any lateral movement that would cause wear on supporting members or connections.

## h. SIGNS PERMITTED BY ZONING DISTRICT AND REQUIRING SIGN PERMITS.

(1) All single Family Residential Districts:

(i) A subdivision development with models designed to promote the sale of homes, within a subdivision, shall be allowed one or more free standing ground signs on a temporary basis for a two year period. Such signs in a subdivision development shall be limited to one along each bounding primary or secondary road. The signs, when permitted shall not exceed one hundred (100) square feet in area nor a height of twelve (12) feet. In addition to the above, one sign shall be permitted to be erected by each home builder within the subdivision, not to exceed sixteen (16) square feet in area and a height of six (6) feet. Such sign shall be located within the subdivision and no closer than fifteen (15) feet from any property line. Sign permits may be renewed if vacant lots are available and new homes remain under construction. Such signs shall be removed upon cessation of new home marketing within the subdivision or when all lots have been sold by the builder.

(ii) A subdivision development, with models, is allowed two (2) off premise temporary signs for a two (2) year period which may be renewed if vacant lots are available and new homes are under construction. Such signs shall be for the purpose of directing traffic to the development's location. Such signs shall be no larger than sixteen (16) square feet in area, and shall not exceed six (6) feet in height. A maximum of two signs in combination with all other residential developments shall be allowed at any one street or road intersection and placed no closer than one hundred (100) feet to any other such sign and in no case shall they be located closer than fifty (50) feet from any property line. Such signs shall be removed upon cessation of marketing within the subdivision or when all lots have been sold by the builder.

(iii) Subdivision entranceway structures shall be located on private subdivision property. The entranceway structure shall not exceed four (4) feet in height and thirty-two (32) square feet in area and shall be located no closer than twenty (20) feet from any property line. It shall be constructed of materials which require a minimal amount of maintenance and all entranceway structures with a subdivision shall be of the same design and materials. When the subdivision is completed the legal name of the subdivision will be placed on this structure by the subdivisions's proprietor.

(2) Multiple Family and Mobile Home Districts (RM and RT)

(i) A multiple family or mobile home development with units or lots for sale or rent is allowed a free standing ground sign on a temporary basis for a two year period. Such signs shall be limited to one along each bounding primary or secondary road. The signs, when permitted, shall not exceed one hundred (100) square feet in area nor a height of twelve (12) feet. Such sign shall be located no closer than fifteen (15) feet from any property line. The sign permit may be renewed for an additional one (1) year period if the project is less than 85% occupied.

(ii) A multiple family or mobile home development with units or lots for sale or rent is allowed two (2) off premises signs, for a two (2) year period which may be renewed if the project is less than 85% occupied. Such signs shall be for the purpose of directing traffic to the development's location, provided that such signs are no larger than sixteen (16) square feet in area and shall not exceed six (6) feet in height. A maximum of two (2) signs in combination with all other residential developments shall be allowed at any one street or road intersection and placed no closer than one hundred (100) feet to any other such sign and in no case shall they be located closer than fifty (50) feet from any property line. Such signs shall be removed with 85% occupancy of the development.

(iii) Permanent multiple family or mobile home development entranceway structures shall be located entirely on the development's property and shall not exceed four (4) feet in height, thirty-two (32) square feet in area and shall be located no closer than twenty (20) feet from any property line or entrance drive. The entranceway structure shall be constructed of materials which require a minimal amount of maintenance. Each entranceway structure will be of harmonious design with the development and when the project is completed the legal name of the project will be placed on this structure by developer.

(iv) One wall sign for identification purposes for each development shall be permitted. Such sign shall not exceed thirty-two (32) square feet in area. The sign shall not extend above the roof line nor project from the face of the building more than twelve (12) inches.

(3) Restricted Office District (RO-1)

(i) One free standing ground sign shall be permitted for each office development, when not exceeding eighteen (18) square feet in area or six (6) feet in height. Such sign shall be located not closer than fifteen (15) feet from any property line.

(ii) In a development with two (2) or more buildings, each building shall be permitted one wall sign each, when not exceeding six (6) square feet in area per sign.

(iii) An office development complex comprised on one or more buildings totaling 16,000 square feet of gross floor area or greater and occupying a developed land parcel of two (2) acres or more shall be permitted to erect one (1) free standing ground sign, after building permits have been approved. The total sign area may be increased beyond eighteen (18) square feet to a maximum of thirty-two (32) square feet at the rate of 3 and one-half (3 1/2) square feet of sign area for each 2,000 square feet of floor area or portion thereof above 16,000 square feet.

(4) All Commercial Districts

Cont. from pg. 45

(i) Wall Signs. Each commercial development or building shall be permitted a wall sign except that when more than one business or separately identifiable usage occupies a single parcel of land each such business or usage may have separate wall signs.

The total square footage allowed for a wall sign is determined by multiplying two (2) square feet by the total linear footage of the street frontage of the building or portion of the building being rented, but not to exceed two-hundred (200) square feet. Each street facing side, in the case of a corner lot, may be computed and signed separately. The sign shall not extend above the roofline nor project from the face of the building more than twelve (12) inches.

(ii) Window signs. Temporary window copy, painted or otherwise attached to the window surface shall be limited in area to twenty-five percent (25%) of the total surface of the window to which the sign is attached. (This type of sign does not require a permit.)

(iii) Canopy signs. Canopy signs shall not exceed eight (8) square feet in size and shall not project further than the structural projection. The minimum clearance shall be ten (10) feet from grade to the bottom of the sign. (This type of sign does not require a permit.)

(iv) One temporary sign. One temporary sign, non-illuminated, advertising newly constructed buildings for rent, lease and/or sale when located on the site of the building intended to be rented, leased, and/or sold and not exceeding thirty-two (32) square feet in area, a height of ten (10) feet, nor closer to any property line than ten (10) feet shall be permitted. Such signs may be permitted after issuance of building permits.

(v) A business complex or shopping center development in any commercial zoning district comprised of two or more separately identifiable businesses or uses occupying the same building or land parcel will be allowed one (1) free standing ground sign, according to the standards of the zoning district in which it is located. An additional fourteen (14) square feet of sign area shall be allowed for each additional and separately identifiable business establishment containing a minimum of nine hundred (900) square feet of gross floor area after building permits have been issued. In the C-2 District, business complex or shopping center development signs may be increased in height, six hundred twenty-five thousandths of a foot (0.625) for each separately identifiable business establishment in the manner determined above. Maximum sign area, setbacks and height shall be according to the following schedule in the instances of a business complex or shopping center development:

Zoning District	Maximum Area	Maximum Height
C-1	75 sq. ft.	15 ft.
C-2	160 sq. ft.	20 ft.
	Minimum Setback	
	From Any Property Line	From Residential Boundary
	10 ft.	75 ft.
	10 ft.	100 ft.

(5) Local Business District (C-1)

One ground sign per commercial development shall be permitted, (for business complexes and shopping centers see h, (4), v), after building permits have been approved as follows: The sign shall not exceed twenty-five (25) square feet in area, a height of fifteen feet nor be closer than ten (10) feet from any property line.

(6) Other Business District (C-2, C-3 CS)

One ground sign per commercial development shall be permitted, (for business complexes and shopping centers, see h, (4), v), after building permits have been approved as follows: The sign shall not exceed fifty (50) square feet in area, a height of fifteen (15) feet nor be closer than ten (10) feet from any property line.

(7) In all commercial zoning districts (C-1, C-2, C-3, and CS) free standing ground signs for single business commercial developments may be increased in total sign area by forty percent (40%) of the permitted sign area if in the opinion of the Planning Commission the sign materials of construction are composed entirely of natural materials (wood, stone, soft textured brick) or all exterior surfaces are natural materials. The Planning Commission shall give consideration to a request for a larger sign area beyond the permitted maximum at the time of site plan review proceedings for the entire site as set forth by section 4.24 of this ordinance and rules of procedure of the Township. In making its determination the Planning Commission shall consider the architectural compatibility and harmonious relationship between the building being proposed and its identifying sign.

(8) Industrial Districts (M-1 and M-2)

(i) Each building in an industrial district shall be permitted one wall sign. The total square footage allowed for a wall sign is determined by multiplying two (2) square feet by the total linear front footage of the building or portion of the building being rented, but in no case shall the total sign area exceed two hundred (200) square feet. The sign shall not extend above the roofline nor project from the face of the building more than twelve (12) inches.

(ii) One ground sign shall be allowed per industrial development building after building permits have been approved. The sign shall not exceed fifty (50) square feet in size nor a height of fifteen (15) feet. An additional twenty-five (25) square feet of sign area will be allowed if the parcel of land fronts a major thoroughfare, state trunkline or freeway with a right-of-way of 204 feet or greater. Ground signs shall be setback a minimum of one-half the required building setback from any property line.

(iii) An industrial complex comprised of two or more industrial buildings or an industrial building with more than one tenant located on one parcel of land will be allowed one ground sign fifty (50) square feet in area. An additional twelve (12) square feet of sign area shall be allowed for each additional and separately identifiable industrial establishment containing a minimum of nine-hundred (900) square feet of floor space. In no case however, shall the total sign area exceed ninety-six (96) square feet or a height of sixteen (16) feet. Ground signs shall be setback a minimum of one-half the required building setback from any property line.

(iv) In an industrial park, a subdivision entranceway structure shall be located entirely on private property. It shall not exceed the height of four (4) feet and thirty-two (32) square feet in area and shall be located not closer than setback twenty-five (25) feet from any property line. It shall be constructed of materials that require a minimal amount of maintenance.

(v) Billboards and off-premise signs shall be permitted in the M-2 zoning district and shall not exceed one hundred-sixty (160) square feet in area nor a height of twenty (20) feet. The billboard shall be setback at least the minimum building setback required in the zoning district from any adjacent road right-of-way or road future right-of-way.

However, no billboard shall be erected closer than two thousand (2,000) feet from any other billboard. Sign structure shall be of steel and no wood or other combustible material shall be permitted. The sign shall not be illuminated during the hours of 11:00 p.m. and 7:00 a.m. Billboards located adjacent to limited access interstate freeways or major thoroughfares with a right-of-way of two-hundred-four (204) feet or greater must be setback a minimum of six hundred-sixty (660) feet from any right-of-way line.

(vi) Temporary signs. One temporary non-illuminated sign, shall be permitted, advertising land or buildings for rent, lease and/or sale when located on the site of the building intended to be rented, leased, and/or sold and not exceeding thirty-two (32) square feet in area, and a height of ten (10) feet, nor closer to any property line than twenty-five (25) feet. An additional eighteen (18) square feet of sign area and five (5) feet of height will be allowed if the parcel of land fronts a major thoroughfare, state trunklines or freeway with a right-of-way of 204 feet or greater.

(8) Agricultural and Open Space Recreation Districts (AG and OR):

(i) Where an approved commercial use is legally operating, each parcel of land shall be permitted one wall sign.

The total allowable square footage for wall signs is determined by multiplying two (2) square feet by the total linear front footage of the building but in no case shall the total

sign area exceed two hundred (200) square feet. The sign cannot extend above the roofline nor project from the face of the building more than twelve (12) inches.

(ii) One ground sign per approved commercial use shall be permitted after building permits have been approved. The sign shall not exceed twenty-five (25) square feet in area, height of fifteen (15) feet and be setback a minimum of twenty-five (25) feet from any property line.

(9) Legal Non-conforming Signs

(i) Notification of Non-Conformity. After the enactment of this amendment, the Chief Building Official shall, as soon as practicable, survey the Township for signs which do not conform to the requirements of this ordinance. Upon determination that a sign is non-conforming, the Chief Building official shall use reasonable efforts to so notify either personally or in writing the user or owner of the property on which the sign is located of the following: (i) the sign's non-conformity; and (ii) whether the sign is eligible for characterization either as legal non-conforming or unlawful. Failing determination of the sign owner, user, or owner of the property on which the sign is located, the notice may be affixed in a conspicuous place to the sign or to the business premises with which the sign is associated.

(ii) Signs Eligible for Characterization as "Legal Non-Conforming" Any sign located within the Township on the date of adoption of this amendment, which does not conform with the provisions of this ordinance, is eligible for characterization as a "legal non-conforming" sign and is permitted, provided it also meets the following requirements:

(a) The sign was covered by a sign permit or variance on the date of adoption of this amendment if one was required under applicable law; or

(b) If no sign permit was required under applicable law for the sign in question, the sign was in all respects in compliance with applicable law on the date of adoption of this amendment.

(iii) Loss of Legal Non-Conforming Status. A legal non-conforming sign shall immediately lose its legal non-conforming designation if:

(a) The sign is structurally altered in any way (except for normal maintenance), which tends to prolong the life of the sign or so as to change the shape, size, type or design of the sign; or

(b) The sign is relocated (except where a sign relocation is forced by eminent domain exercised by a governmental agency); or

(c) The sign is replaced; or

(d) On the happening of any one of (a), (b), or (c) the sign shall be immediately brought into compliance with this amendment with a new permit secured therefore, or shall be removed.

10. Legal Non-Conforming Sign Maintenance and Repair.

Nothing in this Section shall relieve the owner or user of a legal non-conforming sign or owner of the property on which the legal non-conforming sign is located from the provisions of this ordinance regarding safety, maintenance and repair of signs, contained in this ordinance, provided, however, that any repainting, cleaning and other normal maintenance or repair of the sign or sign structure shall not modify the sign structure or copy in any way which makes it more non-conforming or the sign may lose its legal non-conforming status.

1. Signs Adjacent to Freeway

An individual business establishment located in a C-2 or C-3 zoning district, and not a part of a business complex or shopping center, may erect a ground sign with a greater height and larger area than otherwise permitted, upon review and proper finding by the Board of Zoning Appeals and concurrence by Township Board of Trustees. The granting of such an exception to the maximum permitted height and area, by the Board of Zoning Appeals shall be based upon a finding that all of the following conditions exist:

(1) The applicant business establishment can be classified from one or more of the following use groups:

(i) Eating establishments,

(ii) Automobile Filling Stations, Automobile Service Stations, the latter only if operating on a 24 hour basis.

(iii) Hotels and Motels.

It is the intent of this subsection to permit an exception to business establishments that have a major portion of their marketing orientation to the traveling public who it is presumed are unfamiliar with the services that may be offered within Canton Township adjacent to the I-275 freeway. Therefore the use group list has been limited to those goods and services enumerated above. The applicant shall be required to show that the business is directed primarily to one or more of the above use groups.

(2) The applicant business establishment shall be located within 1320 feet of Ford Road (M-153) or Michigan Avenue (US 12) and shall also be located not further than 1200 feet from the edge of the pavement of the main travel lanes of the I-275 freeway.

Therefore the use group list has been limited to those goods and services enumerated above. The applicant shall be required to show that the business is directed primarily to one or more of the above use groups.

(2) The applicant business establishment shall be located within 1320 feet of Ford Road (M-153) or Michigan Avenue (US 12) and shall also be located not further than 1200 feet from the edge of the pavement of the main travel lanes of the I-275 freeway.

(3) The exceptions to the height and area maximums being applied for will not result in a sign higher than 32 feet nor larger in area than 230 square feet. The Board of Zoning Appeals may, at its discretion, grant smaller exceptions to the height and area limitations or none at all if in its review of the application, said Board finds that sight lines and grade differentials do not justify the granting of an exception.

DEFINITIONS:

(1) NON-CONFORMING SIGN (LEGAL). Any advertising structure or sign which was lawfully erected and maintained prior to such time as it came within the purview of this ordinance, and any amendments thereto, and which fails to conform to all applicable regulations and restrictions of this ordinance, or a non-conforming sign for which a special permit has been issued.

(2) PROPERTY LINE FRONT. Shall mean the line separating a piece of property from the street right-of-way or future street right-of-way, usually located one (1) foot away from the sidewalk on the interior side of the property.

(3) SIGN. A name, identification, description, display or illustration which is affixed to, painted, or represented, directly or indirectly upon a building, structure, parcel, or lot and which directs attention to an object, product, place, activity, person, institution, organization, or business. A sign shall include the following types:

(i) Ground Sign. A sign which is supported by one or more poles, uprights, or braces in or upon the ground, which are not part of a building.

(ii) Institutional Bulletin Board. A sign which displays the name of a religious institution, school, library community center or similar public or quasi-public institution, and the announcement of its services or activities.

(iii) Canopy Sign. A sign attached to a marquee, canopy, or awning projecting from and supported by the building.

(iv) Portable Sign. A sign that is freestanding, not permanently anchored or secured to either a building or the ground, such as hinged "sandwich" signs, "A" frame signs, inverted "T" signs, and signs mounted on wheels so as to be capable of being pulled by a motor vehicle.

(v) Roof Sign. A sign attached and any portion of which is erected, constructed and maintained above the roof of a building.

(vi) Wall Sign. A sign which is attached directly to or painted on the wall of a building and which extends not more than twelve (12) inches from the wall.

(vii) Abandoned Sign. A sign which no longer correctly directs or exhorts any person, advertises a bonafide business, lessor, owner, product or activity conducted or product available on the premises where such sign is displayed.

(viii) Billboard. Refers to a non-accessory ground sign erected for the purpose of advertising a product, event, person, or subject not related to the premises on which said sign is located.
