## Union personnel may 'withhold services'

# Schools gear up for imminent strike

BY DAN BODENE

Plymouth-Canton schools administrators are now preparing for an almost certain strike by district support personnel, and the possibility of a teacher walkout.

A letter from Superintendent John Hoben is being sent to all district parents this week, explaining what steps parents should take if a strike occurs.

Bargainers for bus drivers, cafeteria workers, custodial and maintenance personnel, aides and secretaries have set a Friday deadline for ratifying a tentative agreement.

At Monday night's Board of Education meeting, UNISERV of western Wayne County director Trav Griffin said the five groups will immediately begin withholding services if an agreement is not reached by the deadline.

Teachers' union members have scheduled a meeting today at 4 p.m. They are expected to discuss the possibility of crossing picket lines manned by other union employees.

At Monday's meeting Griffin told the board the district has enough money for a settlement. "We'll do our share if the board makes some kind of offer, or agrees to binding fact finding."

Assistant superintendent for employe relations Norm Kee said prospects for either alternative were slim.

Meetings on Monday and Tuesday between administration and union bargainers didn't resolve anything, Kee said. He added that the board won't agree to binding fact finding, which would allow a Michigan Employment Relations Commission (MERC) mediator to settle the contracts.

"The board doesn't feel the interests of the district should be put in the hands of a third party whose only interest is in reaching a quick settlement," Kee said.

Griffin also appealed to the board to negotiate all five union contracts at one time, because all offers were the same.

Board president Glenn Schroeder told

**PICKETING** the Plymouth-Canton Board of Education office on Monday evening were members of five district support personnel unions. Units representing teacher's aides, secretaries, cafeteria workers, bus drivers and custodial/maintenance personnel have threatened to walk out on Friday if a

tentative contract agreement is not reached. Union members picketed before Monday's school board meeting in an effort to get negotiations out of a stalemate. However, administrators and union members alike agree that a strike appears likely. (Crier photo by Rick Smith)

Griffin and the roomful of union employes that the board will only negotiate separately with employe units.

Schroeder asked Griffin if negotiating teams had taken the board's latest offer back to their memberships.

Unless a tentative agreement is first reached, negotiating teams can't bring offers back to the memberships, Griffin said.

The board has offered a three per cent raise for the 1983-84 school year, and a

five per cent hike for 1984-85.

Griffin said Monday, "We are looking at a two-year contract with a change in (salary offer for) the second year, and-or resolving something other than three per

## Just in case of a walkout...

A strike by five unions of Plymouth-Canton Community Schools support personnel may occur this Friday. If those personnel decide to withhold services, parents should be prepared to take several measures:

- Arrange for transportation to and from school.
  - Provide your child with a bag lunch, including a drink.
  - If class is dismissed early, be sure your child has a place to go.
- School administrators will use the telephone "fan-out" system to notify parents of an early dismissal.
- For up-to-date information, call the schools' newline at 453-0271; or tune in to cable channel 11.

## City finds it doesn't own entire central parking lot

BY RACHAEL DOLSON

Plymouth City Manager Henry Graper said the "discovery" that the City does not own all of the central parking lot should not delay plans for the new St. Joseph's Hospital and parking deck.

In a related matter, the city municipal building authority voted Thursday to tentatively designate the Ann Arbor firm of Hobbs and Black to do the design

work on the parking deck.

Graper said he learned last week that National Bank of Detroit had retained rights to a 20 by 20 triangle on the edge of the central parking lot in downtown Plymouth.

"It wasn't a 'discovery,'" Graper said. "My department heads knew it. No one had told me."

## City trees sold for \$25

The City of Plymouth public works department will be planting trees throughout the City at a cost of twenty-five (\$25) dollars for each tree.

Homeowners and commercial establishments may request these trees by calling the public works department at 453-7737. The department will check each location to see if planting is feasible, is so, we will send a form to be filled out which will state what kind of tree is recommended for your area.

The deadline for all requests is Oct. 15.

## Gunmen rob McDonalds

Canton Police are searching for two suspects involved in an armed robbery which occurred at the Michigan Avenue McDonalds Restaurant Monday night (Sept. 26).

Lieutenant Larry Stewart of the Canton Police Department said a Pittsburg, PA. man was held up at gunpoint in the robbery.

According to the victim's report, he entered the restaurant parking lot around 11:30 p.m. There were no other vehicles or people present in the parking lot at the time.

Police said the victim told them two black males appeared at his car after he left the restaurant and demanded his wallet. They held homemade guns wrapped in cloth and wore bandannas on their faces. The victim said he was kicked by the suspects after telling them he did not have a wallet.

Police said the victim gave the two suspects his watch, two credit cards, a driver's license and about \$45 in cash. The suspects fled the scene in an old orange pick-up with a green bumper.

Police are searching for two black males describes as being 5'10" to 6' tall, of slim build, with short afro haircuts. The men did not wear glasses and wore jackets at the time of the hold-up.

## PCAAT group starts new year

The Plymouth-Canton Association for the Academically Talented (PCAAT) has started organizing its 1983-84 academic year. PCAAT operates independently of the Plymouth-Canton Community Schools but works with the district in establishing a more comprehensive gifted education program.

PCAAT is looking for parents and individuals interested in their efforts. Dues paying members will receive "Tag-Lines" the PCAAT newsletter.

The organization invites interested people to attend their next meeting Nov. 9. It also encourages individuals to participate in the group's activities.

More information can be obtained by calling Joan Koicher at 453-1586, Roda McAuliffe at 453-0286 or Mary Jane Weidenbach at 981-4638.

## Raid nets guns and drugs from home

BY CHERYL EBERWEIN

Michigan State Police troopers confiscated over \$20,000 in guns and other weapons, narcotics, appliances, stereo equipment, jewelry and tools Sept. 20 when they raided a Canton home believed to be involved in illegal drug trafficking.

The house, at 7418 Derby Street, was occupied at the time of the raid by a mother and four boys aged 17, 16, 14 and three. Police said the adult male of the family was not home at the time of the raid.

State police did not arrest anyone in the raid, but are seeking warrants for the arrest of three adults and one juvenile.

Officers of the Livonia branch of the Criminal Investigation Section (CIS) raided the home at approximately 5:30 p.m. Police said the raid came as a result of a two-month long investigation they had conducted on the residence.

Over 50 long guns and 20 handguns were seized in addition to a collection of knives, a microwave oven, various pieces of stereo equipment, camera equipment and tools. Police said some of the guns have been traced by serial number as being stolen; one handgun was traced to the Detroit Police Department where it had been stolen from an officer.

Most of the handguns were loaded, and none of them were registered to the occupants of the home, police added.

First Lieutenant Joseph Koenig of the CIS said the state police received anonymous information on the residence which launched the investigation.

"Our original information came in about two months ago," Koenig said. "We received a call that there was a great deal of traffic going in and out of the residence. Based on that information, we started an investigation and built a case which had enough probable cause to go in (and raid the residence)."

Koenig said the case was developed by Detective Debbie Hemenway. Six un-

dercover officers, a Northville State Police Trooper and the Canton police were involved in the raid.

Koenig said a search warrant for narcotics was originally obtained in the case. When police entered the home, however, they found records which indicated much of the merchandise inside had been bartered as tender for drugs.

"We went back to 35th District Court and had Judge Dunbar Davis issue another warrant to seize all property which may be involved in the drug trafficking," Koenig said.

Police found two pounds of marijuana and limited quantities of other narcotics such as LSD, and, qualudes in the residence. Koenig said the small quantity of narcotics found could indicate residents had already sold a large quantity of drugs.

"We may have caught them at a bad time when their inventory was low, or the small amounts could have arisen from the amount of drug trafficking they were doing," Koenig said.

Police said they will seek warrants for two counts of possession with intent to

deliver narcotics, a count for possession of stolen property, a count for possession of controlled substances, and a possible criminal conspiracy charge.

"We don't know if this is a drug-ring incident or just an isolated case at this point," Koenig said. "I'm sure there's more to this case than meets the eye." He added that records found in the home would help the police in determining who was involved in the case.

Koenig said much of the property seized in the raid would be subject to forfeiture over to the state. Under new state regulation any property connected to narcotics trafficking can be seized by police and turned over to the state for auctioning off. Funds from the auction are used for further police drug investigations.

Koenig added that some of the property which is identified as stolen through serial numbers may be returned to the owners.

"This was an uncommon seizure (because of its size)," Koenig said. "There were good efforts involved. It was really an excellent case."

## Was her car new?

A Garden City woman told the Plymouth Police that she bought a "new car" from Don Massey Cadillac in Plymouth only to find out that the car had been sold once before.

Plymouth Police Commander Ralph White said the police detective bureau is looking into the woman's complaint, but "I'm not sure if anything criminal is involved."

Ada Holden, of Marquette Street, told police that she bought a new Cadillac on June 27 of this year. After purchase she discovered two Michigan temporary

registration certificates in the glove compartment which indicated the vehicle had been sold earlier and was in fact a used car, Holden told police.

The odometer reading at the time of sale was 506, Holden told police.

The woman said she approached the employes of the business who stated dealership would buy the vehicle back for \$20,000 if the woman would pay \$4,116.35, which she did.

Holden told police because of her dissatisfaction with the car, she had not made even first payment.

# Line to alarm company was dead New alarm system fails to stop Cultural Center theft

A new \$5,000 alarm system at the Plymouth Cultural Center did not stop burglars from breaking in the center on Tuesday, Sept. 20 and stealing \$125 in cash.

The alarm system did not stop the burglars - center director Charles Skene said - because the phone line from the system to the alarm company was dead.

The City Commission voted last month to install the \$5,000 alarm system after the city-owned facility was broken into for the third time this year.

The earlier break-ins had typically resulted in the loss of cash from the concession area and minor vandalism. In recommending the alarm system, City Manager Henry Graper said his major worry was that felons might do serious damage to costly equipment and furnishings at the center.

Skene said the Tuesday break-in occurred some time between 2 and 10 a.m. The building had been secured at 2 a.m. following a wedding reception.

"When we went in the next day the alarm had been tripped, but the

In order to build the planned parking deck, Graper said the city will have to either secure "air rights" to build over it or buy it outright.

"Naturally, I would rather buy it, then we'd never have to worry about it in the future," Graper said.

The city manager said he had called NBD to get a meeting together and he anticipated he would be sitting down with them soon. "We have to have to appraised, then myself, the city assessor and their people will be getting together."

Graper said negotiations are progressing well for the other two parcels

needed for the hospital-parking deck project - the gas station and the veterinary properties.

Officials at St. Joe's, Graper said, had strongly recommended the Ann Arbor firm of Hobbs and Black for the parking deck work. Hobbs and Black has been retained by the hospital board to plan St. Joe's Plymouth facility.

"They strongly recommended we go with the same firm, and it really makes sense because the two will have to be so closely related. They're a good company, too," he said.

The city manager said Hobbs and Black will still have to be approved by the city commission.

alarm company had never been notified," Skene said. "We found that the line was dead. We don't know how long it had been dead, possibly for a couple of days."

Skene said the Cultural Center personnel have started a new policy of checking the line once a week.

"One of the problems with that building is that it is so large, difficult to secure, and has so many doors," he said. "A person could even hide inside the building until everyone is gone."

Skene said the Cultural Center's "income" is turned into city hall every afternoon, and the money stolen in the break-ins has generally been the change for the next day's business and personal change in desks.

## Hoben disputes union figures

cent this year. There has to be a change in the situation."

Earlier in the evening, Cotner presented two concerns on behalf of teachers. One dealt with previously unproductive talks for increasing coaches' salaries.

The other concern was on the possible strike by other employe units. "As a representative of the teachers I do not know if in good conscience I can recommend to my teachers that they risk crossing those picket lines. That does not seem to be an entirely safe proposition."

Cotner also said, "Given the possible turmoil and the likelihood that the district will be unable to run busses or provide lunches or clean buildings, I do not foresee schools being open that day."

Griffin also noted potential problems of a strike, listing hazards of uncertified bus drivers and maintenance workers, unhealthy conditions and the lack of full staffing.

But administrators said plans are to open school on schedule.

"Our intent is to operate school on Friday," Kee said. "How long depends on building principals. We just don't know a lot of things yet."

Will schools close if teachers honor picket lines?

"It depends if we can operate the buildings safely, with appropriate adult supervision," Kee said. "We can't operate long if (teachers) are out, but we'll call the substitutes. We just can't go too long with the buildings if they become health hazards."

In his letter, Hoben asked district parents to arrange for transportation to and from school. Kee estimates 75 per cent of district students are bused - about 12,000 kids. Hoben also suggested providing students with bag lunches, and perhaps somewhere to go if the day is cut short.

"If we don't have sufficient supervision in the schools on Friday, students will have to be released early," he wrote.

There are no contract talks scheduled for today, Kee said negotiations are scheduled by MERC mediators, who have not yet set up a new meeting.

Cotner blasted the board Monday night for failing so far to offer a proposal

acceptable to teachers' union members, or to agree to binding fact finding.

"These do not seem to be actions consistent with reaching a settlement with your employes, but instead appear to be delaying tactics to postpone as long as possible an agreement," Cotner said.

He cited higher average salaries in Livonia and Garden City, and that the district has a surplus in excess of \$2 million.

Later in the evening, Cotner's figures were disputed.

"There were a number of misnomers," said Hoben. "We do not have a \$2 million surplus. Our audited surplus is now \$1,592,000. We may produce as much as another \$800,000 if we stay on the current track."

Hoben said administrators predict the district may lose from \$5-8 million if the teachers' union proposal is granted.

Teachers are asking for a three per cent raise for each of the next two school years, and a cost-of-living allowance.

Trustee E.J. McClendon said Livonia and Garden City districts had been forced to lay off many teachers in order to grant higher salaries for others. "The younger teachers have been laid off," he said.

"The rest are at the top of the scale."

Plymouth-Canton school administrators are expected to be busy this week, gearing up for the strike.

"It's not how we like to operate, it's simply how we will operate," said assistant superintendent for community relations Dick Egli.

## Scanlon was comatose for 30 days

# Canton man dies following car-cycle accident

BY RACHAEL DOLSON

A 32-year-old Canton man died Wednesday after being in a coma for nearly a month due to head injuries sustained in a motorcycle accident in Romulus, police said.

Terry J. Scanlon of Berwick Road died on Sept. 14 at Wayne County General Hospital. Scanlon had been coming home from his job at Republic Airlines at 9:26 p.m. on Aug. 13 when he collided with a car which was attempting to turn left, Romulus police said.

Scanlon was westbound on Goddard Road, one-third of a mile west of Wayne Road, when a 1977 Mercury Cougar traveling eastbound attempted to make a left hand turn in the driveway of Federal Screw Works factory.

The driver of the car apparently did not see Scanlon, Romulus Police Sergeant John Vereb said, the Scanlon's motorcycle struck the left front fender of the auto.

Scanlon flew off the motorcycle 45 feet in the air and landed off the north side of Goddard Road, Vereb said.

Scanlon was conscious at the scene, according to police reports, and was taken to the intensive care unit of Wayne County General. He was listed in critical condition, and the next morning his condition was upgraded to fair, police said.

But later that day Scanlon fell into a coma and never regained consciousness, according to reports.

Vereb said there is no indication that alcohol or drugs were the accident's cause. "The driver of the Mercury was given a breathalyzer test and tested .00 and there was no indication of drug use," Vereb said.

Police said they had that Scanlon, who had just left his job at the airline, had not been drinking either. Witnesses at the scene could not recall if Scanlon had his headlight on, Vereb said, so the headlight has been sent to the state police crime lab for testing to determine if it was on at the time of the accident.

"It is undetermined if he had his lights on. No one has been ticketed in the accident. Once we get the lab report back from the state will be take the file to the county prosecutors' office to see if any charge will be brought," Vereb said.

Funeral services were held Saturday, Sept. 17 at 10 a.m. at St. Thomas A'Becket Church with Father Ernest M. Porcari officiating.

Scanlon was employed at Republic Airlines as a flight attendant. He came to the Canton community in 1978 from Wyandotte. He was a member of St.

Thomas A'Becket Church and of the K of C Council No. 1802 in Wyandotte.

He is survived by his wife, Barbara of Canton; his daughter, Carie of Canton; his parents, Mr. and Mrs. Robert Scanlon of Wyandotte; his sister, Joan Schrader of Taylor; his sister, Jane Clark of River-view; his sister, Jean Calhoun of Wyandotte; his sister, GERALYN Rukowski of Mississippi; and his brother, Tim Scanlon of Germany.

Burial was in Holy Sepulchre Cemetery. Local arrangements by Schader Funeral.

## Gallup to speak at Chamber dinner

GEORGE GALLUP JR.

George Gallup Jr., the president of Gallup Polls, will be the keynote speaker at the Plymouth Community Chamber of Commerce annual dinner on Nov 11.

The topic of his speech will be "The Mood of America in 1984."

"Gallup's speech should not be missed by anyone who needs to know what 1984 has in store, politically or economically," said Tom Bohlander, the president of the chamber.

This year's annual dinner is the 30th by the chamber and a special presentation regarding the anniversary will be made at the dinner.

The annual dinner will be held at the Plymouth Hilton. Seating is limited, said executive director Lynn Anderson, so call the chamber at 453-1540 for reservations now.

Gallup has been with Gallup Polls for 27 years, serving as its president since 1966. He has worked in all phases of the polling operation. he is a 1953 graduate of Princeton University with a degree in religion.

## Basement plague solved

This is one Canton problem growing smaller in size.

Open basements have been a residential concern in Canton for several years. When Canton's building boom waned in the mid-1970's, several subdivisions were left with incomplete housing starts.

Aaron Machnik, chief building inspector for the township said the incomplete basements have become "unsightly, dangerous and blighted" in the past three years. Machnik said Canton has requested that the builders cap or fill the basements to eliminate the problem.

"We've had residential complaints about open basements on and off for several years. They're extremely hazardous," Machnik said. "Builders put up fences as temporary measures (to block off the basements) but we're done with temporary measures. We need some permanent action."

Machnik said of the 60 incomplete basements left in the township three years

ago, only 15 remain open. The other 45 have been eliminated through the recent surge in construction.

Machnik said letters have been sent to the builders requesting they either cap or fill the basements in. They have 30 days as of Sept. 23 to respond to the request.

"I think we'll see complete cooperation from the builders," Machnik said. "If we don't, we will have to resort to legal counsel to get the problem taken care of."

Machnik said there are four open basements in Pickwick subdivision, four in Forest Trails subdivision, three in Sunflower subdivision, three in Hampton Court West subdivision and one in Salem Manners subdivision.

Machnik said he will seek appearance citations against the builders if they fail to respond to the township's request. The township cannot go in and demand the basements be filled or capped unless they are an excessive safety hazard, Machnik added.

**EDITOR:**

I was pleased to learn from the Sept. 14, Plymouth-Canton Community Crier that the Plymouth-Canton Community is planning a new crackdown on drunk drivers in a continuing effort to reduce the number of traffic related accidents.

As the former assistant prosecutor for two communities in the Detroit area, I personally handled hundreds of drunk driving cases on behalf of the people. Thus, no one is more aware than I of the seriousness of drunk driving and the human misery that this problem has caused our society.

Nationally, one thousand persons per week die in auto accidents and it is estimated that 50 per cent of these crashes involve the use of alcohol. Michigan has not escaped these grim statistics. In 1981, for example, of the 1,589 traffic fatalities, 56.5 per cent involved alcohol.

Seventy-five per cent of the fatal accidents that occurred between 9 p.m. and midnight involved alcohol, and 90 per

cent of the fatal crashes between midnight and 3 a.m. involved alcohol. Over the last 10 years, the United States has lost over a quarter of a million persons in alcohol related fatalities.

Even with the above statistics, convictions by juries as charged are not easy to come by in many communities. There are many reasons for this fact, most of which would be inappropriate for discussion in this letter. However, it would be fair to say that the "complexities of the legal system" particularly in drunk driving cases, gives certain advantages to the defendant, if he chooses to elect a jury trial.

I am personally aware of these advantages, now that I am a private practitioner working on the other side of the street.

There is one critically important step that our police department could and should take that would greatly strengthen the position of the prosecutor. All drunk driving defendants should receive exhaustive field sobriety tests. These are

the structure physical tests that allow the officer to evaluate coordination, equilibrium, judgment, comprehension and concentration of the subject.

These tests are unfortunately often ignored or glossed over by the arresting officers for reasons so numerous and creative, I could not begin to list them.

The effect of conducting these tests will provide graphic demonstrative evidence to the jury of the true impairment of the defendant. On the other hand, the failure to conduct these tests will leave the jury with a gigantic question mark in their minds. Why were the tests not performed? What would they have shown? Don't forget, to convict, the jury must be satisfied beyond a reasonable doubt of guilt.

So I applaud the increased enforcement effort, but urge all of the police departments involved to a thorough job on each case so that our community will receive the maximum benefit from the increased effort.

NEVIN A. ROSE

## No consideration has been given to this business

**EDITOR:**

We have never written a letter to the editor before, in fact it is against our natures to confront anything or anybody, but we have recently been made aware of a situation in our community that bears some honest-to-goodness soul searching before the proposed idea becomes a reality.

In the negotiating stage right now is a plan by our city manager, Henry Graper, and our city council to make available, for the building of a hospital, the property on the corner of Harvey Street and Ann Arbor Trail. Located on this property at the present time is a veterinary hospital and a Gas and Go Service Station. If this plan should come to fruition, the owner of the veterinary hospital and the Boron Oil Company (owners of Gas and Go), would be paid well for the sale of their property, but something vital and important has been ignored in this situation. Within the context of the Gas and Go station, there are some valuable human elements involved. The manager of the station, Mr. Butch Alberts, runs Alberts' Automotive, a contributing business and worthwhile service within our community. To our knowledge, Mr. Alberts has never been contacted by the city or by Boron Oil Company about this contemplated sale of property. No consideration has been given to the value of his business and his service to our city. There has been so little concern for him that he had to find out from a newspaper article that his place of business was about to be sold out from underneath him. What a thoughtless and uncaring way to tell a man that his source of family support is about to end. This decision affects other men who work for Mr. Alberts also. There would suddenly be at least two other heads of families who also would lose their sources of income.

It is wonderful to be continually upgrading our community, and the city council and Mr. Graper have succeeded

in most instances to maintain and support a quality of community life in the highest degree. But in this instance some low blows have been swung that have put much stress on the persons at Gas and Go.

There exists for them a terrible uncertainty pertaining to their lives at this time, and this has been caused by the total lack of concern for them as valued individuals and as valued contributors to our community.

We must question even, the wisdom of placing a hospital facility on this corner. With one facility already located on Canton Center Road, in Canton, and

another being constructed on Main Street, in Plymouth, is there even a need for this unit? What about parking? Will the proposed parking deck offer quick and free access to the hospital, and will the structure enhance the beauty of the businesses already located in the area?

It is our hope and prayer that much more thought will be given to this issue before all of the big business deals are finalized.

MR. AND MRS. HUSTON E.B. CHAPMAN  
PLYMOUTH

## Let the people decide

In a flurry of recent activity, the Canton Township Board has once again decided to approach the question of hiring a superintendent.

The subject should be old hat with the board. Supervisor James Poole brought up the same considerations in 1980. And long before Poole and the current trustees took office, past boards compared professional manager to professional politician.

Despite this, Canton has yet to take decisive action on the proposal.

In a township fond of funding excessive studies, another such expenditure seems likely. But the board has exhausted the subject matter; the only study which remains to be done is how the people of Canton feel about the move.

Canton taxpayers will pay for the administrative changes - only Canton taxpayers should initiate them.

If Canton changes its administration, it must either do so in enough time to give potential candidates an idea of what offices they seek, or postpone such changes for another four years.

The proposal should no longer be a bone for the board to chew. There are no state, county, school or township elections before the August primary elections.

We support a people's vote on the issue as the only logical action to take.

While a special election would cost the township \$10,000 to conduct, it's time board members quit wagging their tongues and fingers at one another and obtain the only opinion which really matters in the debate.

From the Inside Looking Out

By Cheryl Eberwein

Several months ago I did a feature story on a new organization in The Plymouth-Canton Community known as "Toughlove." Sponsored by Growthworks, the organization specializes in helping parents deal with troubled teenagers.

I normally don't follow the progress of such organizations but I asked Joe Galura, "Toughlove" advisor, to keep me posted on how the group was working. I was, frankly, intrigued with the idea there would be parents willing to put their pride on the line to join such an organization.

Galura called me several weeks ago and arranged interviews with some of the "Toughlove" parents. I was surprised at how candid the parents were.

Bonnie's son Mike was heavily dependent on drugs and marijuana by the time he was 15. Although Bonnie said she was able to confront Mike with his problems and help him seek rehabilitation, she had no one to speak with about her own questions, fears and sense of failure.

"People in 'Toughlove' are not sitting here listening and judging you," she said. "They show empathy, not sympathy and they express genuine understanding to what you're going through. They've offered me the support I needed."

Barb's 12-year-old began expressing himself by setting fires. Barb said "Toughlove" meetings have provided her with suggestions and ideas on how to handle this behavior. Telephone support groups and weekly meetings gave her new resources to draw upon in handling her son's actions.

Judy said until she found "Toughlove" she was desperate. Her 19-year-old was drinking, on drugs and disrupting her entire family. Members of the group helped Judy to see that the teen's disruptive behavior was his choice and she, in turn, had to make a choice on how to handle the situation.

All three of these women seemed personable, responsible, intelligent individuals. The "bad mother" stigma was the last thing on my mind as I listened to them speak.

But I wonder how many parents mercilessly brand themselves failures because of their children's mistakes. I wondered how much suffering parents unnecessarily withstand because they have not always been given the proper tools to deal with parenthood in today's crazy society.

Juvenile crime is on the upsurge and as more parents go through the rigors of trying to make sense of situations beyond their immediate control, I hope they'll seek the understanding and resources groups such as "Toughlove" can provide.

In the complicated, mix-uped world we've been tossed into, it's good to know there are groups who admit to being very perplexed, very resourceful and very human.

## Hooray for Eberwein's viewpoint

EDITOR:

In response to Cheryl Eberwein's article, "Are Their Interests Selfish?" of Sept. 14.

Hooray for Cheryl!

I have to agree with her 100 percent. I made the dreadful mistake of tuning into that Canton board meeting on cable and watched in great disbelief as some of our "fine citizens of Canton" expressed their views as to why they did not want the YMCA to build in their neighborhood.

All you ever hear is, "There is nothing for kids to do in Canton," or "We have to take our kids to Plymouth, Westland, Livonia and other cities so they have something to do."

Well, people, did you ever stop to think that if the YMCA was built in your neighborhood you might not have to drive your kids all over to find things for them to do?

I really have to laugh at the fine folks who say, "Yes, we need the YMCA, but put it somewhere else." Another good

one was, "Why not put it in Plymouth Township?" That's fine, but you still have to drive your kids there.

Another site location was Warren and Haggerty. Great, now we have a YMCA for the kids right in the middle of nowhere. What happens when the area is developed industrial as it soon will be? Now you have your kids riding their bikes in an area of factories with heavy truck traffic.

One resident made the remark that they like the woods outside their back door. We all would like the woods outside our back doors, but that is impossible. Did you ever stop to think about the people who lived here for years and watched the woods destroyed so your houses could be built? Everyone has to make some sacrifices in life.

You want to preserve the woods and maintain a spot where your kids can enjoy nature. That's great, but when (township supervisor) Mr. Poole made the suggestion that we turn the area into a nature area for all Canton residents (since

it is township land) you did not want that either. I have lived out here for 31 years and I must say, you're not the first people with selfish interests and I am sure you will not be the last. If you're so concerned about the woods then why don't you buy the land and pay the taxes on it, then you could call it yours. If you wanted woods then you should have bought land in the country, not in a growing community like Canton, which is still expanding. It is too bad that a big, noisy factory could not be built there instead of something simple like a YMCA for the kids and other residents to enjoy.

I really have to laugh when I hear, "We want our woods (that is on township land) preserved, but we don't want everyone using it."

Remember, people, there were probably woods right where your house is standing. People here long before you have had to watch woods and fields turn to homes and concrete streets. They have lived with it -- can't you? That's progress.

## Help the Community Fund

Michigan's general economy is in a lot better shape these days. Unfortunately, there are still many individuals and organizations -- some right in our community -- that need help.

They include Growthworks, Plymouth Family Service, Girl Scouts and Boy Scouts, Plymouth Community YMCA, Plymouth Community Council on Aging, Big Brothers and Big Sisters, Salvation Army-Plymouth Corps, Michigan Cancer Foundation, American Red Cross and others.

Those organizations serve human needs in The Community. They need your help to keep up the good work.

The Plymouth Community Fund was established in 1944 to provide a way to help those agencies. It directly aids many groups which provide services to people inside and outside The

Plymouth-Canton Community. The Fund is administered by a board of directors composed of people from all walks of The Community, and its success is built on the hard work of countless dedicated citizens.

This year "United Fund" was added to The Community Fund name to symbolize a united way of giving and to help support the United Way of Michigan.

The Plymouth Community Fund United Way is now asking for your support. Please give generously, with a direct contribution or a payroll deduction at work.

Things are looking up in Michigan, and in The Community. There's no excuse to hold back. Help The Community Fund United Way -- it's there to help you.

## We're trying to preserve programs

EDITOR:

The following is an open letter to parents of students in the Plymouth-Canton schools:

Within the last few days unions representing custodians, cafeteria employees, bus drivers and secretaries have joined together and notified the district that unless contract settlement is reached, they intend to strike on this Friday, Sept. 30. Additionally, it is possible that this action may generate a strike by the unions representing teachers and teacher aides. Teachers and teacher aides are negotiating only for wages this year, but otherwise have a contract through 1983-84 which specifically prohibits a strike.

To keep the record straight, strikes by public employees are illegal under Michigan law, and as indicated above, the district has a contract with unions representing teachers and teacher aides. More importantly, the Board of Education sincerely believes that it has bargained in good faith with all of its employe groups and the board's economic offer of a three (3) per cent increase in wages for 1983-84 and a five

(5) per cent increase in wages for 1984-85 is fair to the employes and to this community.

This economic offer will allow the district to live within its revenue, assuming current educational financing from the state, and to maintain current levels of educational programs. The unions' demands, however, would cause a four to seven million dollar deficit in the 1985-86 school year. To accept these demands would cause drastic reductions in programs and require the board to immediately seek increased millage. We believe this Board of Education, its employes and the community have a sacred responsibility to improve educational programs - not dismantle them. Without going into detail, the National Commission on Excellence in Education, the Michigan Commission on High Schools and the Carnegie Foundation Report have all confirmed the necessity of school districts to immediately and dramatically improve educational programming.

We regret any inconvenience you will be caused if there are illegal strikes. We

are working to avoid them, but right now the situation looks very bleak. We must not minimize the unions' current threat of striking on this Friday, Sept. 30.

We are planning to hold school on Friday, Sept. 30. Accordingly, we are asking you to arrange for your child to be transported to and from school. Also, provide your youngster with a bag lunch, including something to drink. However, because the supervision of students and their safety are paramount, if we don't have sufficient supervision in the schools on Friday, students will have to be

released early. This could be before lunchtime. Please be sure your youngster has a place to go if an early dismissal becomes necessary.

Again, we are sorry for any inconvenience. If teachers and teacher aides honor their contract not to strike, schools should continue to operate. We ask for your support in these trying times.

In return, we pledge our continued commitment to provide quality educational programs for your children.

JOHN M. HOBEN  
SUPERINTENDENT OF SCHOOLS

## And we want fair wages

EDITOR:

This is to help inform the community about contract negotiations with the support personnel of the Plymouth-Canton Community Schools.

We are not just a class of working people who are looking for large wage increases. We would like only comparable wages to the surrounding districts. Three quarters or more of the support personnel are community members. One third of the members are women who support families and the men are the main breadwinners. At one time or another all the support personnel have had or now have children in this school district.

We don't want the taxes increased

more than anyone else does, on our wages we couldn't afford them. But we know the process in which the school district operates and we know how they (mis)spend monies.

We are trying very hard to be fair and bargain in good faith. We are not asking for outrageous wages, the community couldn't afford that. What we want for the good of the community is a good education; clean, safe schools; reliable, safe transportation; organization and a good hot lunch from willing and competent people who care because they are part of The Plymouth-Canton Community, too.

## Cheryl's column was true!

EDITOR:

Every journalism award available should be given to Cheryl Eberwein for her EXCELLENT article, "Are Their Interests Selfish?" I have never read anything so interesting and true.

In today's great world, the minute someone purchases a home in an area, the area is to immediately change to benefit ONLY THEM. Regardless of what it has been for years or whoever else resides in the area, it is immediately to be transformed to benefit those newcomers to the

area. This is our GREAT SELFISH, SNOBBISH society - and the reason we are planning on selling our home to a MUCH LOWER CLASS to help bring the area down from its righteous pedestal.

Whatever happened to friendly, caring, loving humanity? It's certainly not in newer subdivisions.

CONGRATULATIONS Cheryl! Keep up the good work.

## Where are Beautification winners?

EDITOR:

Hats off to all who made our Fall Festival the best ever!

The Crier's coverage was very good. All events and honors were covered from the smallest pet to the best decorated booth. However, The Crier did not make any mention of the Plymouth Pride Beautification Committee honors.

As one of the recipients of this community honor I was very disappointed to see no coverage of this event. Mary Childs and the committee spent many hours of looking and judging the hundreds of nominations.

We are all proud to promote the beauty of Plymouth and those who made that special effort deserve some recognition for their hard work.

Please don't overlook that extra work of pride done by all of us in your complete coverage.

HONORED RECIPIENT

EDITOR'S NOTE: Mary Childs was asked by The Crier to provide the list of winners of the contest and agreed to do so. The material was not submitted as of the deadline for last week's paper, but a list of the winners appears on pg. 27.

EDITOR:

"The strange, beautiful, unexpected and unique honors at Fall Fest" - you forgot or intentionally eliminated a few.

Besides dogs with long tails, friendliest dispositions, et cetera, the Plymouth Beautification Committee had a contest for home improvements and beautification of individual homes.

There were many winners who spent months and many dollars improving the appearance of the city. Mary Childs and the committee also expended untold hours of their time judging. However, your paper overlooked this facet of the Fall Festival completely.

To the residents, this contest was just as important as "who had the largest zucchini" or "tallest sunflower."

Your reporting is a disappointment. Look for yourself and see if some of the homes are not just as interesting as a dog with the longest tail.

## It's a hot seat, Tom

Welcome Tom Cotner back to the hot seat.

Probably for the good of both sides of the "Plymouth-Canton School District vs. the teachers" bargaining table, Tom has relented on his resignation as the teachers' chief negotiator.

But what a spot.

He rejoins the first Plymouth-Canton Education Association bargaining team which does not contain a teacher who was here in 1969 when the teachers first unionized. Add to that the first-ever situation where union leaders asked for a strike vote and were turned down by the membership, and Tom certainly walks back into a tough spot.

Then mix in the probability that the other school employe unions (custodians, cooks, bus drivers, secretaries and teacher aides) are being put up to a picket line by Trav Griffin, who also represents the teachers, to take the settlement heat off the teachers.

Well, Tom. Now you get to hint

whether the PCEA members ought to cross the picket lines on Friday - the deadline for the other unions to strike. The excuse that crossing the picket line of aligned co-workers is hazardous to one's health (as Tom suggested at Monday night's school board meeting) is ludicrous.

Despite pounding against the notion that binding fact-finding isn't acceptable to the school board, there's little being accomplished by the very public exchange of bargaining positions. This puts the teachers' union - which because of its calm-headed membership is not threatening strike - in the unusual position of reacting to the other school employe unions.

Can the other school employes force the teachers' hand?

Is that what's in the battle plan?

Whatever, it's not a pleasant place for a high school mathematics teacher to be. Welcome back, Tom... and good luck Friday.

# It's the movies!

Final plans to open a six screen movie theater in Canton were given approval by the township board at their Sept. 13 board meeting.

Bert Gordon, an agent for the theater project, said the new theater complex is being developed by General Cinema Corporation. It will be located on Ford Road next to the Frank's Nursery Store.

The likes of John Travolta, Carrie Fisher, Clint Eastwood, and Meryl Streep will soon be descending upon Canton with other Hollywood stars in bigger-than-life style.

The theater proposal was developed nearly three and a half years ago. Dave Nicholson, director of economic growth for the township has requested numerous ordinance changes in order to accommodate both the theater's developers and the township board since then.

Nicholson said the \$2 million complex will be one of the largest free standing theater complexes in the state of Michigan. The complex will have between 1,600 and 1,800 seats.

Construction on the new facility is scheduled to start in the spring, Gordon said. He added that General Cinema hopes to have the complex open by Thanksgiving of 1984.

## Suspects sought in rape case

Canton Police are searching for suspects in the rape of an Ypsilanti woman which occurred on Denton Road in Canton Sept. 17.

Police said the 28-year-old victim was walking westbound on Michigan Avenue at approximately 10:45 p.m. when she was picked up by man in a pick-up truck. Police said the man turned around on Michigan Avenue and drove to a field along Denton Road where he sexually assaulted the woman in the first degree.

Police said the suspect drove off, leaving the victim in the field. They are currently investigating vehicle and suspect descriptions.

## Award winning team

FIRST PLACE among all Michigan newspapers under 25,000 circulation has been awarded to The Community Crier by the Michigan Press Association. The award, accepted at an MPA meeting by Crier Ad Director Sallie Roby, was given for the full-color Plymouth Nursery ad appearing in the 1982 Fall Festival Edition. The Crier also won a second place for use of color in a Wiltse's Community Pharmacy ad. Celebrating the awards are (from left): Jeff Jones, of Plymouth Nursery; John Andersen, ad sales consultant; Roby; Kathy Pasek, assistant production manager who designed the first place award; Dale Knabb, Wiltse's owner; and Michelle Wilson, Crier sales consultant.

## 250 feet 'Walked' for Canton Recreation!

DESPITE POTENTIAL BLISTERS and bunyons, Canton residents turned out in force last week to help launch the Canton Recreation Department's first Walk for Recreation. Over 125 walkers circled through the township on a ten mile circuit and raised approximately \$3,000 in funds. The top two walkers Debbie O'Connor and John Schwartz each walked off with a new bicycle for their efforts. The bikes were donated by Easy Rider Bike Shop and Willow Creek Dental Clinic and the Canton Chamber of Commerce. Other winners of savings bonds in the walk were: Mark Wesner in the six and under class; Karyn Tatterton in the seven to nine class; Bobby Podlaski in the 10 through 12 class; Gail Carter 13 through 17 class; Debbie O'Connor in the 18 through 54 class and John Schwartz in the 55 and over category.

In the photos, clockwise from the upper left, Colleen West flashes a smile and number one sign to her fellow walkers; Karen Mazure holds onto balloons; Awana Nash smiles shyly back over her shoulder; and walkers of all ages parade through Canton along the walk route.

# tell it to Phyllis

Now that fall is officially here, it's time to start fall house cleaning. Since I have yet to start spring house cleaning, these seasonal cleaning ideas are a real joke at my house.

I clean house whenever I have time and just happen to be in the mood. Unfortunately the mood doesn't strike very often.

However, when the mood does strike, look out. The kids have learned to either get busy and help, or stay out of the house until the dust settles. They have also learned if they decide to stay away, some of their valued treasures might disappear (I'm not totally stupid).

Last weekend when I mentioned cleaning, they looked at me trying to figure out just how serious I was. Somehow they managed to sidetrack my thoughts with, "when are we going to do something with this kitchen? You've been talking about wallpaper for years."

I have to admit I've looked at wallpaper for the last 10 years, and everytime it came close to doing something in the kitchen I ended up painting it. Saturday I was determined to find some kitchen wallpaper I liked.

When you've spent as long as I have looking for the right wallpaper, you know it doesn't exist. To make matters worse I didn't know exactly what I wanted, but I knew what I didn't want (if that makes any sense).

After looking at many designs, I was more confused than ever. When I finally found something with the right color combination, I bought it.

Now for the next crisis - I've never wallpapered anything before. For some reason I have visions of this idiot standing in the middle of the kitchen, glued to the floor with wallpaper falling on my head.

I think this is another project that will wait until I have lots of time to do it. I'm sure I'll never be in the right mood for it.

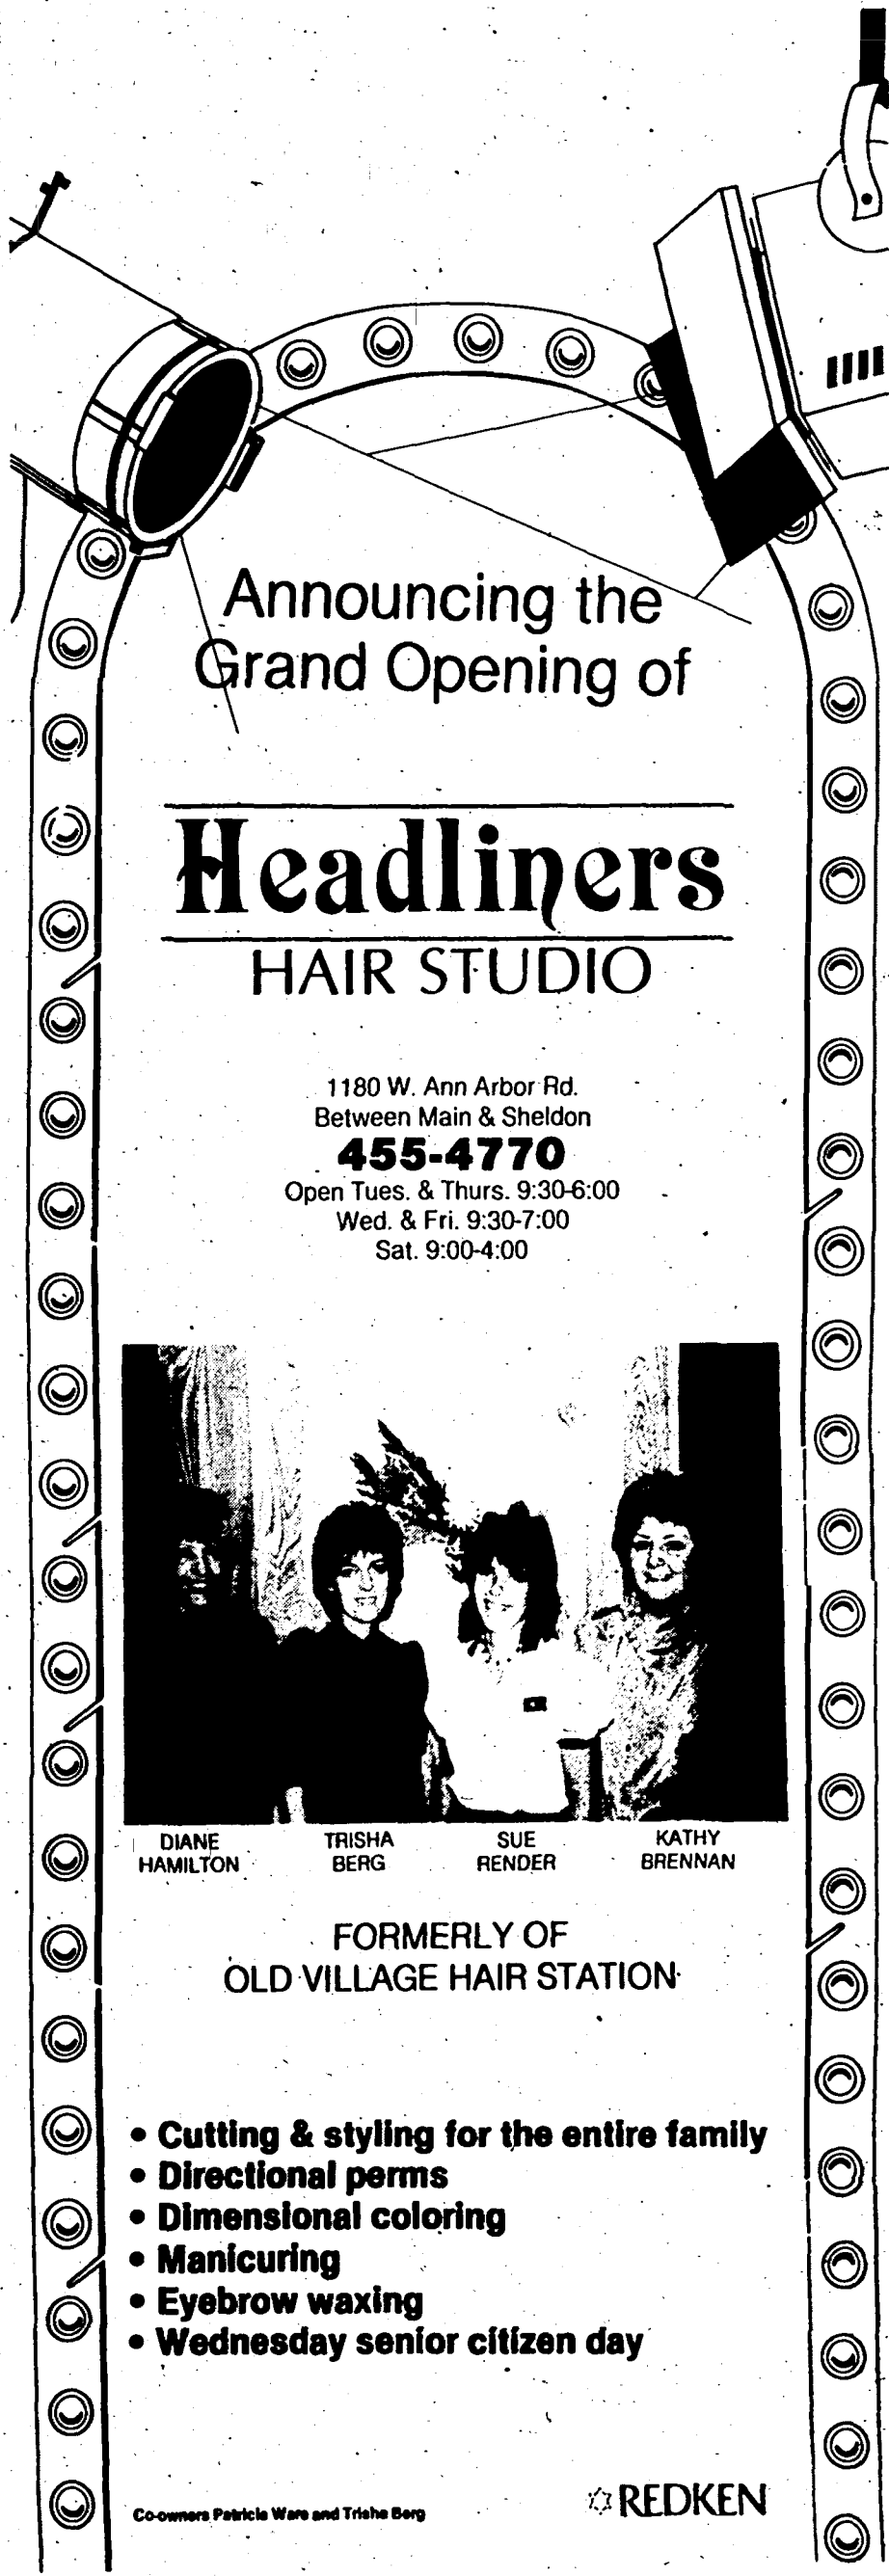

Okay kids, you talked me out of cleaning house last week, but look out next weekend. We either clean or wallpaper (depending on what mood I'm in).

Gregory Costrini of Haverhill in Plymouth received a Masters of Science degree from the University of Illinois in Champaign, Ill.

Jeffrey Nelson of Ryegate in Canton received a University of Detroit Presidential Scholarship, a distinction that includes a four-year half-tuition scholarship for undergraduate study at the University. He is a graduate of Catholic Central High School.

Margaret Marie Simons, daughter of Jay and Georgiene Simons of Leighwood in Plymouth graduated with honors from Ferris State College. She majored in Environmental Health.

St. Mary's Preparatory, in Orchard Lake, recently held their Honors Convocation for the 1982-83 school year. Andy Hennika of Canton was awarded an honors plaque in academics, a choral letter and athletic awards in football, basketball and baseball. He also has been selected to serve as a resident assistant for the 1983-84 academic year.

## Celebrate in German tradition!

Roll out the barrels!  
It's time for Plymouth's version of the German Oktober Fest.

Once again the German American Club of Plymouth will present their annual Oktober Fest on Saturday, Oct. 8 from 8 p.m. to 1 a.m. at the Plymouth Cultural Center, 525 Farmer Street.

Beer and wine, imported from Ger-

many, will be available as well as Bavarian food made by the club members such as hot pretzels, tartars (open face sandwiches of ground steak on rounds of German rye bread, and other munchies.

Folks of all nationalities are invited, and tickets are available for \$4 by calling 453-5839 or 420-2259.

The club members wear dirndyl dresses

or lederhosen, native Bavaria costumes, and guests are invited to dress up or just wear their regular clothes.

The Melodies, a German band, will play authentic polkas and folk dances for singing and dancing. Entertainment will also be provided by Toledo Schuhplatter, winner of many trophies in dance contests. Joe Gates will lead the dancers.

## Apples, cider, fun and much more!!

Space is still available at the annual Old Village Apple Festival for groups wishing to sell arts and crafts, flea market items, or antiques.

Sunday, Oct. 9 will be the sixth annual autumn Apple Fest for the Old Village

residents and merchants.

Apples by the bushel and cider by the gallon or cup from the Plymouth Orchard will be sold. Other features include: candy apples, doughnuts, entertainment, hay rides and much more.

"Come out and enjoy our autumn atmosphere and goodies," Jan Sadell, of the Old Village Association, said.

The events will run from 1 to 6 p.m. For more information about available space at the Apple Festival, call Jan at 459-8930.

## New Canton master plan taking direction, shape

BY CHERYL EBERWEIN

The final pieces to Canton's new master plan are being carefully dropped into place by the township planning commission.

At the Sept. 26 planning commission meeting, Planning Director James Kosteva said new maps indicating how farmland in the western portion of the township will be developed are nearly complete. Kosteva also said wording for the text of the new master plan is now being written.

The Canton planning commission began the task of revamping the master plan for the township earlier in the spring of this year. The commission has concentrated its efforts on the western portion of the township where much of the township's land is still actively farmed. Voter rejection of the Farmland Preservation Act in 1980 precipitated the move.

At the Sept. 26 meeting, planning commission concerns centered on the potential noise levels expansion of Willow Run Airport could bring to future western development along Geddes Road. The commission has zoned the area for residential use, but was undecided on what population density to allow in the area.

Willow Run has proposed expanding two of its runway facilities by 2,400 feet.

Kosteva said residences in the area could receive excessively high noise levels as a result.

Planning Commissioner Loren Bennett said the area north of Geddes is unsuitable for residential building due to this potential problem. He added, however, that Canton cannot zone the area for any other use.

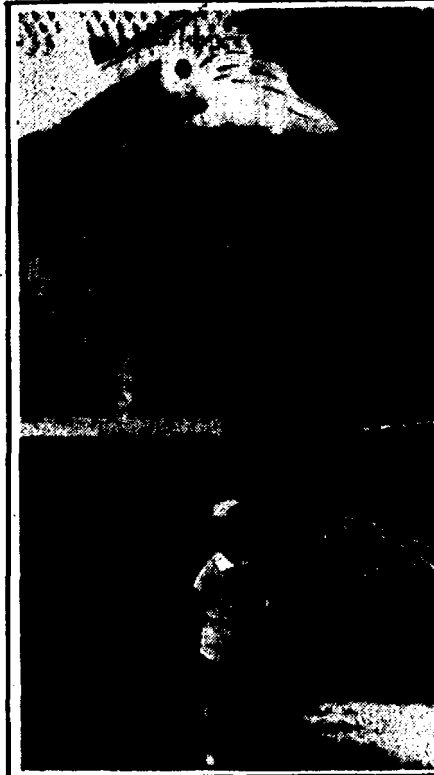

"In my opinion, if the area is not used for agriculture, it cannot be used for anything else but residential development," Bennett said. "But I have a problem with the density proposed for the area and suggest that estate type development be considered for the area."

Other commissioners did not agree with Bennett. Commissioner Catherine Prince said she felt high density population development should be allowed on the site. Commissioner Richard Palmer said a solution between the proposals Bennett and Prince were recommending was needed.

The planning commission voted unanimously to table the consideration until further noise level studies are done.

The commission also began identifying what future expectations for development in western Canton at the meeting.

*A report on the commission's expectations and proposals for the township's future development will follow in next week's Crier.*

## Porcupines add interest

IT'S A CONVERSATION PIECE," says Vergil Pyle of his porcupine and Indian head totem pole. The Canton resident who lives on Canton Center Road said he put up the pole to let his friends know where his house was located. Pyle inherited the 27-year-old wooden figures from his father. At left, Pyle's daughters, Jennifer, three and a half, and Joanne, one and a half, peer out from under its three unique figures.

## College has top artist

Schoolcraft College has a new master artist.

Professor Eugene Bossart will be the artist-in-residence at the college and will offer students four days of master classes in chamber music and vocal coaching.

The classes and recitals will be offered in room F301 in the Forum Building on Sept. 26 and 27 and Oct. 24 and 25. They will be open for public observation and performance.

Master classes will run from 9:30 a.m. to 12:30 p.m. and recitals will run from 1 to 2:15 p.m. On Sept. 29 and Oct. 27 there will be no charge for the program.

Performers for Sept. 26 and 27 have already been selected. An audition for Oct. 24 and 25 is scheduled for Sept. 27. Tapes will also be accepted.

For more information, call Donald Morelock, director of the piano department at 591-6400, ext. 517.

## League seeking musicians

Are you a young artist interested in solo performances? The Plymouth Symphony Society is sponsoring a young artist competition for musicians interested in orchestral and piano music.

Contestants must be high school graduates under 26 years of age as of Dec. 31, 1983. All applicants should be residents of or have parents who are reside in Livingston, Macomb, Oakland, Washtenaw or Wayne counties.

There will be three prizes awarded to musicians. First prize will be given by the Michigan Foundation for the Arts and will amount to \$1,000. Two additional awards of \$750 and \$500 will also be given in memory of Oliver H. Wagner, a former Plymouth Symphony Society board member.

All winners will perform with the Plymouth Symphony Orchestra March 4, 1984.

Preliminary auditions will be done by tapes. Live auditions for finalists will be held Jan. 7. An application and \$25 fee are required to enter the competition. Contact Mrs. Ralph Bozell, 45897 Denise Drive, Plymouth. Interested individuals may also call 455-6512 for additional information.

### Hot conference!

THE INTERNATIONAL ASSOCIATION of Arson Investigators had a conference last week at the Plymouth Hilton. Above Capt. Al Matthews, Plymouth fire inspector, confers with Lt. Henry Berghoff, of the Plymouth Police. (Crier photo by Rick Smith.)

## Safe robberies related?

Plymouth and Canton police are investigating the possibility that two safe robberies which occurred Sept. 5 in Plymouth and Canton are related.

According to Lieutenant Henry Berghoff of the Plymouth Police Department, the Kroger store on Main Street in Plymouth was robbed between 6:15 p.m. Sept. 5 and 5:30 a.m. Sept. 6. Footprints and the method of entry into the building were similar to another safe robbery which occurred the same evening at Richardson's Pharmacy in Canton.

Berghoff said thieves cut a hole through the roof of Krogers to gain entry. The phone lines, which supply power to alarm systems, were cut on the outside of the building. Berghoff said once inside the store, the thieves robbed the lower compartment of a two-compartment safe. A crowbar was used to bend the door of the safe open enough to spring the lock bars inside, reports said.

"About \$2,100 in cash was taken from the safe," Berghoff said. "At least \$400 of that was in quarters."

Berghoff said shoe prints found at the scene and the way in which the roof of the store was cut were similar to evidence taken in the Canton theft.

Lieutenant Larry Stewart of the Canton Police Department said Richardson's, located on Ford Road, was robbed between 6 p.m. Sept. 5 and 6 a.m. Sept. 6. Over \$800 in drugs and \$4,000 in currency were taken from the store, according to police reports.

Stewart said the phone lines at Richardson's had been cut, and the roof had been cut to gain entry to the building. The safe was removed from the office and pried open with a crowbar. All methods of robbery were similar to the Plymouth theft.

"I could be wrong, but it looks like we're dealing with a similar group of people," Berghoff said. "We are investigating this possibility right now."

Berghoff also mentioned that the two robberies were similar to a theft which took place in Plymouth Sept. 22, 1982. In that theft, Berghoff said thieves made off with approximately \$900 in drugs after entering Heritage Pharmacy on Sheldon Road by cutting a hole in the roof.

### Crafty ladies!

Four local women are some of 140 exhibitors at the Northville Tivoli Fair Arts and Crafts Show on Sept. 30 and Oct. 1, sponsored by the Northville Historical Society.

The fair will be held at Northville Downs (inside) at Seven Mile and Sheldon roads. Hours on Friday are 10 a.m. to 8 p.m. and Saturday are 10 a.m. to 4 p.m. Admission is \$1.50 for adults and 50 cents for senior citizens and children.

From Plymouth, Mrs. Ohne will display basketry and Mrs. Pulford will sell wreaths and plaques. From Canton, Mrs. Boltek will sell punched tin and Mrs. S. Smith will display pine cone wreaths.

## Man charged with school B and E

A 19-year-old Canton man was charged with breaking and entering of a building with intent to commit larceny Sept. 25 when he was caught by Canton Police officers inside Eriksson Elementary School.

Police said Charles Preston Hill of Haggerty Road was arraigned in 3rd Circuit Court before Judge Joseph Layo

for the burglary. Preliminary exam has been scheduled for Oct. 3 in 35th District Court.

According to police, Hill broke into Eriksson at approximately 2 a.m. He kicked in the lower window of the west door to gain access to the school.

Hill was released on a \$2,500 personal bond Sunday.

## CEP marching band goes to regional competition in Ohio

The 173-member Plymouth Centennial Education Park (CEP) high school marching band will be one of 30 high school bands competing at Tropicana Music Bowl VI-Ohio on October 29.

The event at the University of Cincinnati's Nippert Stadium is one of 10 regional competitions sponsored by Tropicana Products, a world's largest producer of ready to serve orange juice.

The winners of each even will be in-

ited to participate in a national championship in 1984.

Bands will be judged by a panel of the finest high school and college music educators from across the country.

The contest is a benefit for the Syrian Shrine-Burns Hospital Van Fund and the participating marching bands.

Tickets can be purchased by calling the CEP marching band at 453-3100, ext 328 or the Syrian Shrine Temple at (513) 751-3800.

## Travel agents tour Plymouth

More than 30 travel agents from Belgium and Luxembourg will have a personal tour of some of Michigan's attractions and resorts — including Plymouth — later this month.

The tour is sponsored by the Michigan Travel Bureau and the Metropolitan Detroit Convention and Visitors Bureau as part of an organized effort to increase

Michigan's share of the international tourism market. The visit follows a similar tour of Michigan in early July by travel writers from Belgium's major newspapers.

The group will arrive at Detroit's Metro Airport and tour Detroit, Mackinac Island, the Grand Traverse Bay area, Northville, Plymouth and Dearborn.

## Skin and nail care at Nora Dale's

Something new and exciting is happening in Plymouth - something fun for your skin and nails.

The spa opened Sept. 1 and features for nails will include porcelain nails, nail wrap, manicures, and pedicures, according to manager Tracey Cobb.

The spa's European facials, done in a relaxed and private atmosphere, consist of a deep pore cleansing.

Other services we will be offering will

be arching, eye lash and brow tinting, makeup design and instruction.

Nora Dale's, Cobb said, will carry a brand new line of make up designed especially for the spa, Elizabeth Corey makeup, in any color desirable.

Elizabeth Corey makeup is concerned with skin care first, she said. An easy-to-understand program of skin care involving cleanser, toner and cream. The makeup is high quality and unique and at affordable prices, she said.

# PMC Center West opens . . .

A small shopping mall on Ann Arbor Road near General Drive, named the PMC Center West, opened Sept. 1. Three of the four businesses in the center are featured on this page. The fourth, a computer store, will be featured next week. Eugene and Jude LeBlanc, developers of the center, plan office space for the upstairs and a second similar building nearby.

## Bargain Linens at Carolina Linens

Carolina Linen owners Tim and Debbie Vetter say they have had overwhelming response to the opening of the outlet linen store.

Carolina Linen, which opened Sept. 1 in PMC West on the south side of Ann Arbor Road near General Drive, carries toweling, bedding, sheets and bedroom and bathroom linens. All merchandise is discounted 25 to 40 per cent - from the top of the line all the way to bargain priced irregulars, Debbie Vetter said.

"It has been hectic," she said. "We've had people from Northville, Novi, Taylor and Lincoln Park, because we're the only outlet in this area. It's really been busy."

On the day of their grand opening, the store could not technically begin selling merchandise because the fire alarm was not hooked up to the fire station, she said. They bagged merchandise and took phone numbers so that people could come back and pay for their purchases and pick them up.

"I had ladies who were so mad that they wanted to march down to the township hall," she said.

New merchandise is coming in every day, she said. "Eventually, we will be carrying just about anything you'd need ... but it takes time."

"We are gathering and talking with the people around here to see what they want ... I think there's no such thing as 'I can't get it.' I'll go out of my way to try to get it, or find it if I can. It takes time though, because the mills are so backed up right now."

Many new things are arriving at the store for Christmas, plus popular items such as flannel sheets and comfortors, country-look bedspreads, Fieldcrest comfortors (close out patterns 40 per cent off) and embroidered goods from China.

"Customers are telling me everyday that our prices are great. That's one thing that I think sets us apart from department stores and even discount stores," she said.

PLYMOUTH RESIDENT John Broderick searches through the low-priced comfortors for just the right one to complement his MSU dorm room.

MICHAEL KRAMER and John Hergstebeck managers of A.R. Kramer.

## Floor coverings at A. R. Kramer

Although the A.R. Kramer Company is new to Plymouth, they've been in the Detroit area since 1925, when the original A.R. Kramer started in the carpeting business.

"We offer the advantages of a large company without losing the personal touch," says Kramer.

Kramer started working at the Livonia store while in high school. His first duties included cleaning the showroom and picking up samples from the warehouse.

Both he and John Hergstebeck, who opened the new showroom with Kramer, are well trained in interior design and can give advice.

The company has built a good reputation for quality floor coverings, says Michael Kramer, a grandson of the company's founder. Three generations of Kramers still work there.

Hergstebeck started with A.R. Kramer three years ago, as a sales representative.

"We install everything we sell," says Kramer. "A lot of places don't offer a full installation service."

They specialize in both residential and commercial flooring, with a wide range of prices styles and colors.

A.R. Kramer sells wood flooring, ceramic tiles and linoleum, as well as carpeting. The store is located in the new PMC Center West, on Ann Arbor Road, just east of Lilley Road.

## Senior grant saves program

The telephone reassurance program in Plymouth, sponsored by Wayne County, will survive despite the phase-out of the CETA program, County Executive William Lucas announced.

"This program has saved many lives," said Lucas. "It was important to find some way to keep it operating."

It was originally feared that the October 1 elimination of CETA, which provided nine employees to call 550 homebound senior citizens daily, would terminate the service. However, a grant from the area agency on aging will cover administrative costs and community development block grant money will provide telecare operators in eight communities.

Frank Rembisz, acting director of Wayne County's Office on Aging said the telephone reassurance program daily contacts homebound senior citizens who are without nearby relatives. "If the telecare operator receives no answer, a pre-arranged emergency action is initiated."

The new funding assures continued operation of the program in: Belleville, Garden City, Northville, Romulus, Wayne, Westland and Plymouth.

## Hallop, Breakley triumph in Fall Run

**Y FUN RUNNERS** cross the one-mile mark on their way to completing one of the two scheduled races. Runners competed in either 5 or 10 kilometer runs at the fourth staging of the annual event, held Sunday in Plymouth. (Crier photo by Ken Holmes)

The Fourth Annual YMCA Fall Run took place last Sunday and it turned out to be a big success.

Runners competed in the 10 kilometer (6.2 miles), five kilometer (3.1 miles) and the one mile run.

The overall top finisher for the 10 kilometer was Peter Hallop who finished the race in 30:18. Loren Brandt was the second place finisher crossing the line at 32:36 and Bill Boyd ran the 10 kilometers in 32:39 to finish third.

The first woman to cross the finish line was Robin Breakley who ran the course in 39:30. Kristine Anderson was the second woman finisher, she had a time of 42:26. The third place woman runner was Mary Lund who completed the race at 43:25.

In the five kilometer event, Dick Schimmel crossed the line at 15:36 to win the first place ribbon. Bill Wilson was the second place finisher, he ran the race in 16:12. The third place ribbon was won by Kirk Armstrong who competed the race in 16:22.

Amy Miyazaki took first place in the women's five kilometer competition. She completed the course in 20:13. Shelly Simmons finished second, crossing the line at 20:36 and Trish Donnelly came in

third at 21:10.

There were some fast times in the one-mile event. Tim Cook ran his mile in 4:47 to win the first place ribbon. John Geddes finished just over the five minute mark at 5:02 to win the second place award and Belly Merriman finished third the one mile race third at 5:08.

Hope Buchan was the first woman runner to finish the one mile race, she came in at 5:32. Karen Boluch was the second place finisher, she ran a 5:42 mile. The third place finisher, Rachel Brown crossed the line at 5:47.

Medals were awarded to the top finishers in each age division. In the 10 kilometer event, the medal winners in the 14 and under age group were Tom Foley, Scott Wiley, Mark Boluch, Ani Hatta, Jenny Kincer and Jennifer Jordan.

In the 15 to 18 age group, Brian Boston, Bill Morley, and Bill Keros were awarded trophies. In the 19 to 23 age division, Tim Trinka, Pat Comben and Lori Proulx were the medal winners.

For the 24 to 30 age division, Mike Spitz, David Pine, Tom Gross, Terry Zielasko, Robbi Woolard and Yvonne Young were the top finishers. In the 31 to

## Square off tomorrow CEP tanksters ready

BY BOB BUDLONG

There's nothing like a clash between your big rival to get the adrenalin flowing.

That means that there's going to be plenty of energy around the Salem pool tomorrow, when Canton and Salem square off for bragging rights at CEP.

Both squads are coming off of tough meets last week against some of the best competition in the state.

Canton took on North Farmington at Canton, and were soundly beaten, 97-75.

Although the score doesn't indicate a blow-out, Canton managed just two firsts in the meet.

One of them belonged to Ginnie Johnson, who won in the 100 yard butterfly, and the other to Cindy Sherwood. In the diving competition, Sherwood placed first with a score of 188.75.

However, just because Canton lost doesn't mean that Coach Hooker Wellman wasn't pleased with the way his team performed.

"North Farmington had an excellent team. They've got great depth. We did a good job keeping the score close," he said.

Wellman is particularly pleased with the way Sherwood has been diving.

"Cindy is working very hard. She's very coachable. Along with Shawn Neville, they make up the most consistent diving duo in the area," Wellman said.

Salem had an even rougher time against Dearborn.

"Dearborn was real tough. They're rated number one in the state, and they made a believer out of me," Coach Chuck Olson said.

Olson feels that Salem came out of the meet a better team.

"The competition that we had will help

us later in the year," he said.

Salem took only one first all night. Chrystal Taylor placed first in the 50 yard freestyle with a time of 27.5 seconds.

Both coaches are looking forward to tomorrow's meet.

Wellman feels that Canton has their work cut out for them.

"We're going to have to swim a little out of our minds to beat them," he said.

Olson is equally wary of the other school.

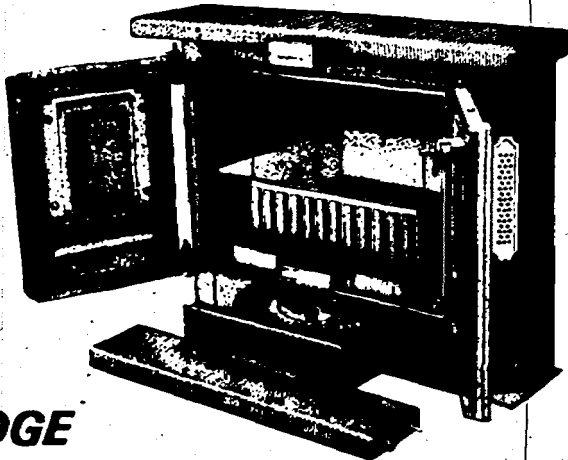

"I think it's going to be a good meet. They've got a lot of good individual swimmers over there. We're going to have to beat them collectively, as a team," he said.

# Rocks nip Chiefs, 4-3

BY TIM MCKERCHER

It was one of those classic Canton-Salem duels.

The Canton girl's tennis team met the Salem girl's tennis team at the Centennial Educational Park tennis courts on Monday. Salem won the close battle 4-3.

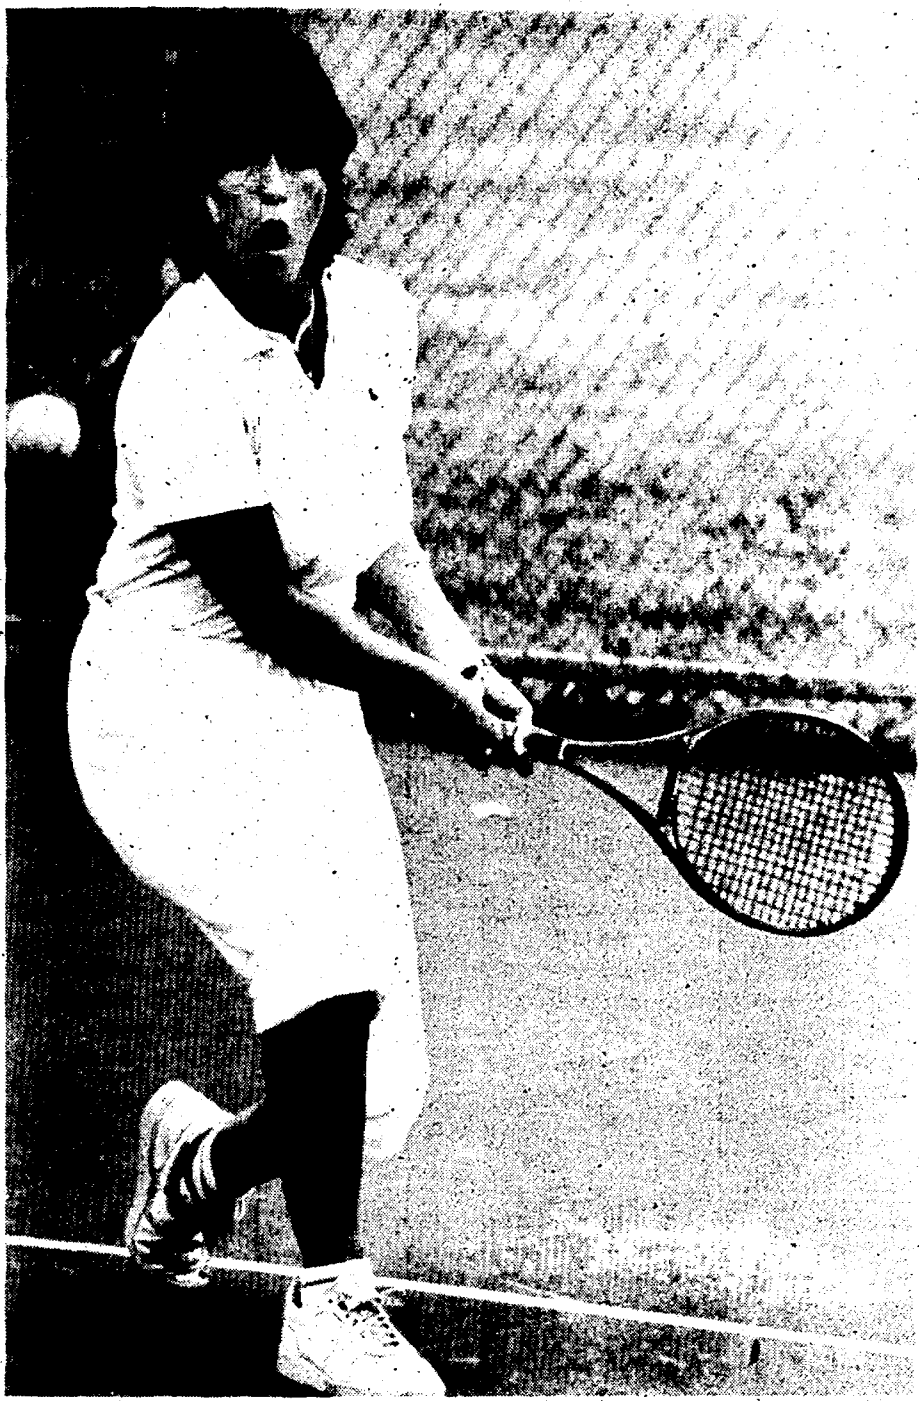

First singles pitted Anita Toth of Salem against Linda Sarafian of Canton. Toth won 6-2, 6-0. At second singles, Rock netter Lisa Maggio beat Lisa Hays 6-1, 6-4 to give Salem a 2-0 lead.

Missy Lloyd of Canton was beaten by Kathy Gramm of Salem at third singles 1-6, 7-5, 6-2. Barb Hanish beat Canton senior Julie Sparks 6-4, 6-3 at fourth

singles to give Salem a sweep of the singles play.

The Chiefs dominated the doubles matches. Kristen Smith and Nancy Rhinehart of Canton played Soo Kwon and Lisa Swang of Salem and won 6-1, 6-1. At second doubles, Canton's Kelly Craig and Ping Chou beat Kelli Theard and Marcie Walker 6-1, 6-0. And at third doubles Canton's Renee Zens and Angels Kocik remained undefeated this year by beating Lisa Belski and Laurie Kroll of Salem 6-3, 6-1.

The Chiefs play at Northville this afternoon and play Churchill tomorrow at home. Salem plays Ann Arbor Huron tomorrow.

## Chief cagers drop two, Knickerbocker hurts knee

BY TIM MCKERCHER

The Canton girl's basketball team is still struggling to put the pieces together.

The Chiefs lost two close games last week to give them a 2-4 season record.

Redford Union invaded the Phase III gymnasium last Tuesday and beat the Chiefs 41-32. Lisa Russell paced the home team with 10 points and seven rebounds.

Canton was hit with a very costly lost in the first four minutes of the game. Diana Knickerbocker, who had been leading the Chiefs in scoring, twisted her knee and may be out for three weeks.

The first quarter was very close and very physical with Redford Union taking a 14-13 lead. In the second quarter there was not quite as much scoring but things were still very close. Redford Union went into the locker room leading 25-21.

The second half turned out to be a defensive battle. Both teams played a strong third quarter but Redford Union kept their edge 33-29.

In the fourth quarter Canton had trouble offensively scoring only three points to Redford Union's eight.

"We did not attack offensively," said Coach Phyliss Cunningham Mulroy, "R.U. played a good ball game. We had way too many turnovers. We're just not

executing fundamentally," she said.

Against Churchill things didn't get much better. The Chiefs lost 55-49.

The first quarter knocked Canton over. Churchill scored 22 points while the Chiefs managed only six. Amy Brown lead Churchill's attack with 16 points.

"It was like we weren't even there in the first quarter," said Mulroy.

Things evened up a little in the second quarter when Canton scored ten points while holding their opponents to six.

Churchill found success by using long passes to start their fast breaks. The Chiefs found success with their defense by pressing their opponents. The score at half was Churchill 30, Canton 16.

It was a little different story in the second half for the Chiefs and they almost pulled it out in the fourth quarter when they scored 23 points.

But that was not enough to overcome the Churchill lead and Canton lost their fourth game of the year.

Cathy Ross lead the Chiefs with 16 points and eight rebounds. Senior Tami Budlong also had eight rebounds, she added 11 points.

Canton plays at home tomorrow night against Farmington Harrison.

# Record now 5-1 Rock cagers rolling along

BY BOB BUDLONG

The Salem girls basketball team is right on target for a big year.

The Rocks are 5-1 after beating Western Lakes Activities Association (WLAA) rivals Livonia Stevenson and Farmington last week.

Salem went on the road Tuesday to face Stevenson, still smarting from a 14 point loss they suffered against Walled Lake Western three nights earlier.

In a close game, Salem got the best of a tough Spartan ball club, by the score of 40-36.

Rock Coach Fred Thomann knew that it wasn't going to be an easy game for his

squad.

"Stevenson has good size. They're all good athletes," he said.

Salem was lead by Pam McBride, who pumped in 17 points. Fran Whittaker scored 12, and Dawn Johnson added eight to lead the Rocks.

However, it was defense that made the difference for Salem. Thomann had Stevenson scouted, and figured out what it would take for his team to win.

"The one thing we felt they didn't do well was handle the basketball. We knew we had to put a lot of pressure on their ball-handlers."

Another thing Salem had to do was keep the much bigger Spartans off of the offensive boards.

Salem did both, and came out victorious.

Thursday's game against Farmington was quite a bit easier for the Rocks.

Thomann used everybody on the squad in the game, and nearly every one of them scored in the Rock 59-28 victory.

As she has done all season long, McBride paced the Rocks with 14 points. Johnson with 13, Whittaker with nine, and Kendra Hostynski with eight points also contributed heavily for the Rocks.

SALEM will be relying on veterans like Pam McBride in the upcoming Rock-Chief contest. (Crier photo by Rick Smith)

## Swain wins tourney in sudden death

The sixth annual Trailwood Invitational Golf Tournament was held Sunday, September 18, at Brae Burn Country Club. Thirty-four neighbors, husbands and wives competed in a best ball scramble of mixed foursomes. Rules prohibited a husband from playing in the same foursome as his wife, and required the use of at least one tee shot of each member of each foursome.

Two of the foursomes finished nine holes in a tie at even par. The rules committee decreed a sudden death playoff. On the third sudden death hole, Jerry Swain rolled in a curvy, 14 foot putt to win the match for his team of Sandy Baer, Ruth Nasland, Tom Moyer and himself.

Golf was followed by a buffet dinner hosted by Ted and Virginia Poremba and Dan and Sharon Flower, winner of last year's tournament. Prizes were awarded for longest drive for a man (Jerry Musch) and a woman (Ginny Braidwood), closest to the pin (Jerry Swain and Nancy Moyer), and most putts by a foursome (sixteen by a team that wishes anonymity).

This year's winners have the honor, somewhat dubious, of arranging and hosting next year's tournament and dinner.

Participants were: Sandy and Tony Baer, Ginny and Rick Braidwood, Jan and Jim Crook, JoEllen and Jim Conway, Shirley and Joe Ezzo, Sharon and Dan Flower, Mary and Chris Gaffield, Sue and Dave Hartunian, Nancy and Tom Moyer, Joan and Jerry Musch, Ruth and Ray Nasland, Virginia and Ted Poremba, Vicki and Tom Poremba, Joan and Keith Postell, Kay and Jerry Swain, Ginny and Jack Tornga, and Ann and Glenn Arendsen.

# Salem now 3-0 Rocks top Stevenson

BY BOB BUDLONG

It should have been a close, tough football game between two suburban heavyweights.

It wasn't.

Instead, Salem High dominated all phases of the game Friday as they pounded out a 21-13 victory over Livonia Stevenson.

The game started off looking like it would be a long night for the Rocks.

After Stevenson marched down to the Salem 33 yard line, Ken Harmon made a great defensive play, pinning the Spartan quarterback for a 15 yard loss on a big 4th-and-11 play.

However, it took Stevenson just two plays to get the ball back, when Salem's Scott Jurek fumbled.

Three plays later, Rock defensive back Jeff Arnold picked off an errant Spartan pass and returned it to his own 45.

From there, it took just 12 plays for the Rocks to punch the ball over the goal line, with Jurek going the final 11 yards.

Stevenson bounced back with a touchdown just before the half ended. Running back Brian Trainor carried the ball the last 13 yards to knot the score at 7-7.

Early in the third quarter, Jurek made an outstanding defensive play, coming out of nowhere to pick off a pass and return it to the Stevenson 43 yard line.

On the first play from scrimmage, quarterback Marc Tindall carried the ball on the quarterback option down to the 25.

Three plays later it was Tindall again,

15. On fourth and inches, Jurek rammed it up the middle of the Spartan defense for five yards and a first down.

From there, it was just a matter of how many tries it would take Jurek to get into the end zone.

It took him two, and Salem led 14-7 after Dixon's second extra-point.

Stevenson was unable to move the ball in three plays, and was forced to punt it away.

Rock speedster Ken Harmon caught the ball, and didn't stop running until he was tackled at the Spartan 17 yard line. The return was good for 51 yards.

Four plays later, Tindall carried it in for the final 5 yards, and Salem led 21-7.

The game's final touchdown came with just 53 seconds left, on Stevenson's Steve Bixby's carry of five yards and a touchdown.

The extra-point attempt was blocked by a leaping Chris Raymond, and the game ended with the Rocks on top, 21-13.

Coach Tom Moshimer was pleased with his team's performance.

"We feel very happy with the way we played. This was a pivotal game for us," he said.

Moshimer was particularly pleased with the play of Jurek who gained over 100 yards on the night, and with the play of his offensive line.

Although the Rock linemen were out-sized, they dominated the line of scrimmage all night long, paving the way for Rock runners to gain 237 yards.

Salem plays again on Friday at Livonia Churchill. Gametime is 7:30 p.m.

The Farmington soccer team took the field against Salem last Thursday with one goal in mind. They were not going to be embarrassed as they were against Canton when they were beaten 8-1.

Farmington reached their goal.

With the score tied at 2-2 and less than a minute remaining on the clock, Salem's

# Chiefs fall, 2-1

BY TIM McKERCHER

It was the kind of game that the Canton soccer team was not supposed to lose.

The Chiefs controlled most of the contest out-shooting Livonia Churchill 23-7. Although Churchill only had 7 shots on goal they scored on two of them and beat Canton 2-1.

"We dominated most of the time," said Coach Tony Lonigro, "We kept shooting and shooting but it was just one of those games," he said.

Senior Tom Wright added to his string of goals this season by getting the only goal of the game for the Chiefs. Wright's goal gave Canton a 1-0 lead but Churchill came back in the second half with their two goals.

The game was marked by some outstanding goal keeping by the Churchill goalie and some questionable calls by the referees.

"The have some good players," Lonigro said, "We dominated but we lost," he added.

The Chiefs play Harrison tomorrow at home.

Randy Johnson took the ball on the right wing, dribbled past three defenders and set up Ebon Nash for the winning goal.

"They came out fired up," said Coach Ken Johnson about the upset minded Farmington team.

The first half was tightly played and neither team scored for the first 30 minutes. The Rocks finally started the scoring at the 37 minute mark when senior Matt Crook scored with an assist by Kevin Sultana.

Neither team scored in the remaining eight minutes and Salem had a half time lead of 1-0.

The second half started out with both teams playing very tough. Salem applied the pressure and Farmington's goal keeper responded with some fine saves.

Finally, at the 60 minute mark, Sultana scored on a corner kick by Johnson. Things were looking good for Salem but the game had just begun.

Farmington came back and scored a goal of their own to make the game exciting at 2-1. Then with three minutes left they tied the game at 2-2. Johnson said part of the come back was due to bad calls by the referee and loose defensive play by his team.

Johnson's goal then sent Salem home happy and still undefeated.

"They were a different team than the one I watched against Canton," said Johnson.

This week is a tough week for the Rocks, they play Livonia Bentley tomorrow and then must play defending state champion Livonia Stevenson on Saturday.

# Rocks going strong

BY TIM McKERCHER

Things are looking good for Tom Williams' Salem cross country teams:

The Rocks are putting together one of their best seasons ever. The boy's team finished fifth last week at the Schoolcraft Invitational and added another win to their record last Thursday against Stevenson, 26-34.

Junior Scott Steiner finished the three mile course in 16:54 giving him a second-place finish. Eric Pedersen glided across the line at 17:36 making him the third finisher.

Senior Phil Maddis was the third Salem finisher, he came in sixth overall at 17:41. Tony Atwell was the next runner to cross the line at 17:48, John Keros followed him for eighth place at 18:08. Sophomore Chip Whitaker was the ninth runner to finish,

he had a time of 18:12, and Bill Morely was tenth overall at 18:19.

The girl's team had a very close meet with Stevenson. They won by three points, 26-29.

Amy Miyazaki was the top Rock finisher, crossing the line at 20:48 for second place. Trish Donnelly came in right behind her at 20:57 to finish third.

Senior Shelly Simons, who is recovering from an ankle injury, finished fourth for the Rocks with a time of 21:07. Stevenson finished in the fifth, sixth and seventh spots but Michelle Donnelly recorded her best personal time of 21:54 to finish eighth. Heidi Dupret was the ninth place runner coming in at 22:12.

"It was a good meet," said Williams. "I think the big meet will be with Farmington," he added.

# Salem tennis struggling

BY TIM McKERCHER

Tentative.

That was the one word Coach Judy Braun used to describe the way her Salem tennis team is playing.

"They're playing tentative tennis and when you play tentative tennis you can get yourself in a lot of trouble," she said.

The Rocks did get in a lot of trouble last Wednesday when they were beaten by Livonia Bentley 6-1.

Lisa Maggio was the only winner for Salem, she beat Catia Monforton 6-2, 6-3, at second singles. Anita Toth lost to

Jennifer Reault 6-3, 6-3 at first singles.

Kathy Grahm lost at third singles and Barb Hanish was beaten at fourth singles for Salem.

At first doubles, Soo Kwon and Lisa Swang were beaten by Maria Gesana and Jennifer Fedor 6-1, 6-1. Kelli Theard and Marcie Walker lost to Joan McDonald and Natalie Melnyczak 6-1, 7-6 at second doubles. Lisa Beleski and Laurie Kroll played a tough match at third doubles but lost in three sets to Julie Luckow and Jennifer Scruttons 7-6, 6-7 and 6-4.

Salem plays at Ann Arbor Huron tomorrow at 4:00.

# Registration Oct. 1, 8 B-ball sign-up

It's time for the Plymouth Canton Junior Basketball Association (P.C.J.B.A.) league registration.

On Oct. 1 and 8, registration will take place in the Phase III gymnasium at Canton high school. Sign-up will be from 8:30 a.m. to 1 p.m.

The league is divided into five divisions depending on the players age. Registration fees range from \$18 for C league (girls third, fourth and fifth grade, boys third and fourth), to \$23 for the AAA league (boys 11th and 12th grade. There is a \$60 maximum fee per family.

Practices are scheduled for one and a half hour time periods during the week. Games will be played on Saturdays except for certain boys AA and AAA games.

The referees for the league are high

school students from Canton and Salem. There is also a need for recent college graduates to referee the AAA games. Referees are asked to register during the player registration times.

All players that register are placed on a team. Try outs are held to equalize the teams. Each player must play at least one quarter of the game and not more than three quarters. There is an exception for the C league where each player must play one half of each game.

The PCJBA is also in need of adults for coaches and board members. Interested members are asked to inquire at registration.

The league consists of players from the Plymouth Canton school district and the complete Canton community.

# Chiefs remain winless

BY TIM McKERCHER

For the third week in a row the Canton Chiefs lost another close football game.

This time their opponent was Livonia Churchill and the final score was 14-6.

The first quarter went scoreless and Canton's offense was barely on the field -- they ran only six plays in two possessions.

In the second quarter Churchill struck

for the first touchdown of the game. Canton's defense was strong just as it was in the two previous games.

Senior Dave Szary had another impressive game for the Chiefs. Brian Callahan, Eric Wines and Doug Chilcoff provided strong support for the defense.

"The defense played well, it was the lack of offense that hurt us," said Coach Rich Barr.

Churchill scored again in the third quarter to give them a two touchdown lead.

Then quarterback Jody Spitz started the drive for the Canton score. He connected with tight end Jim Kaske on a 25 yard pass play to set up the first touchdown pass of the season for the Chiefs.

Spitz rolled out and hit split end Dave Knapp for an eight yard touchdown. The extra point was missed, leaving the score 14-6 with still another quarter to go.

The last quarter was played very tough and neither team was able to score, giving the Chiefs a winless 0-3 record.

Canton finished with a total of 142 yards on offense, leaving the defense on the field much of the time.

"If you give a team enough chances, they're going to score," said Barr.

Spitz was six for sixteen in the air for a total of 91 yards. Knapp caught two passes for 45 yards, Rodney Williams caught one for nine and Kaske received his one pass for 25 yards.

The two rushers for Canton were Rod Boyd with 30 yards and Williams who gained 10.

The Chiefs play Northville this Friday at home in Canton's homecoming game and Barr says they have one new play planned as well as a few new formations.

"We're not executing the basic plays on offense," Barr said. "We thought we'd be there by this time," he added.

The Chiefs have lost three close games. Are they beginning to get frustrated?

"I don't know if you could call it frustration, it's more disappointment," said Barr. "We play well defensively but we fumbled and a couple of penalties hurt us," he added.

The homecoming contest starts at 7:30.

# Big win for Canton harriers

BY TIM McKERCHER

Coach Jim Hayes wasn't willing to call it and upset, but it certainly was a big win for the Canton men's cross country team.

Two weeks ago Livonia Churchill won the Schoolcraft Invitational, but last Thursday the Chiefs beat Churchill in a dual meet 27-28.

Doug Plachta and Don Miller of Churchill captured the top two spots but Canton strung together the third, fourth, fifth and sixth spots to pull out the victory.

Tim Collins was the first Canton finisher, coming in third place overall with a time of 17:43. Mark Cratty came in fourth at 17:45, Todd Gattoni crossed the line fifth at 18:03 and Bob Tellier finished at 18:05 for sixth place. Kieth Rosol was the final varsity runner to finish, he came in eleventh at 18:34.

# Rec. nights planned

The Canton Parks and Recreation Department is starting their winter

recreation nights. For a 10 week time period men and women can get fun and exercise in both the Fiegel Elementary and Eriksson Elementary gymnasiums.

A new program has been started for women who enjoy volleyball or basketball in a non-league recreational setting. The men's night activity is basketball.

From 7:00 p.m. to 9:30 p.m. at Fiegel

Elementary school The women will gather for fun and exercise.

All the fun starts on Oct. 8th and the fee is \$10 for the 10 week period.

The men's night takes place at Eriksson Elementary school from 7:00 p.m. to 9:45 p.m. It last for ten weeks and the registration fee is also \$10. The men's night starts on Oct. 12.

The registration fees may be brought in person or mailed to the Canton Parks and Recreation Department.

N. - I'll miss being your assistant!

Nancy Hayes,

We appreciate everything you've done for us. Including:

- exposing our creativity;
  - sharing ideas;
  - keeping us up on the fashion trends;
  - the great coffee;
  - making us feel a little more important than basement level;
  - always following through;
  - being not just a boss but also a friend;
  - all your positive energy.
- We'll miss you.

AT A PRESS CONFERENCE yesterday, representatives of six schools' employe unions announced today's walkout, following the lack of a tentative contract agreement with negotiators for the Plymouth-Canton Board of Education. At the conference were, from left, Mike Gannon, representing custodial/maintenance workers; Mickey Edell and

Tom Cotner from the teacher's union; Trav Griffin, who acted as spokesperson for support units; Ruth Strebbling, representing cafeteria workers; Ellen Curtis of the aides' union; Rita Ringer, chief negotiator for the clerical union; and Maureen Vitoratos, representing transportation personnel. ## Schools' union personnel begin strike

BY DAN BODENE

Union personnel in Plymouth-Canton Community Schools began a strike today (Friday, Sept. 30), following through on warnings to "withhold services" if tentative agreements couldn't be reached.

All but three elementary schools had released students by 9:30 this morning. District administrators say it's unlikely classes will resume on Monday.

However, events such as sports and tonight's Canton High School Homecoming are expected to continue as scheduled.

Unions representing district support personnel voted on Sept. 17 to walk out if a tentative agreement with the Board of Education wasn't reached by today. Teachers represented by the Plymouth-Canton Education Association (PCEA) adopted a similar resolution on Wednesday.

Teachers voted 389-225 to strike. PCEA chief negotiator Tom Cotner said there was more discussion on the possibility of a strike than at a Aug. 29 meeting, when teachers voted 384-291 against a walkout.

Teachers are working in the second year of a contract negotiated last year. Four of five support personnel groups have been without a contract for more than a year. They include custodial-maintenance workers, secretaries, transportation personnel and cafeteria workers. Aides currently have a contract.

Although a state law prohibits public employes from striking, district Superintendent John Hoben said that of this morning there are no plans to take legal action against employes on

strike.

Hoben described negotiations as "at an impasse." The Board of Education has offered teachers a three per cent raise for 1983-84 and a five per cent raise for 1984-85. Teachers have asked for a three per cent raise for each of the two years, plus a cost-of-living allowance.

Recent efforts at mediation through the Michigan Employment Relations Commission (MERC) were unsuccessful. Teachers then petitioned for fact finding, which would allow both sides to present their cases to a fact finder appointed by MERC.

MERC appointed fact finder Richard Strichartz, who scheduled a meeting for Wednesday to discuss scheduling and procedural matters. School board chief negotiator Tom Schwarze, a Southfield attorney, was unable to attend but sent a representative.

At a press conference yesterday to announce the strike, district employe union members characterized Schwarze's absence as "arrogant" and "insensitive."

Schwarze maintains he was notified of the meeting only hours before it was to begin, and that board negotiators did not have enough time to prepare for it.

Schwarze says he will contact Strichartz this weekend to discuss how to work out a fact finding meeting schedule.

School administrators urge parents seeking up-to-date information to call the schools' newsline at 453-0271 or tune in to cable channel 11.

For more details, see next Wednesday's Community Crier.
