...DOUBT...

People when asked if they are Christians, give some of the strangest answers you ever heard. Some will say, if you ask them: "Well—well—well, I—I hope I am." Suppose a man should ask me if I am an American. Would I say: "Well, I—well I—I hope I am?" Christ died for the ungodly; and if you turn to Him at this moment with an honest heart, and receive Him simply as your Saviour and your God, I have the authority of His word for telling you that He will in no wise cast out.

—D. L. Moody.

Rev. Karl P. Miller will take up the pastoral work of this church, Sunday, July 1st. He will preach at the morning service on "The Brighter Side of War." Phil. 1:12.

Another Chautauqua Next Year

Plymouth will have another Lincoln Chautauqua next year. This is assured by the fact that the fifty-one of Plymouth's unselfish, public-spirited citizens have signed a contract with the Lincoln people, guaranteeing \$850 in ticket sales, for which they become personally responsible. They did this feeling that while the Chautauqua failed several hundred dollars of paying out, it is something a progressive, cultured community like Plymouth cannot afford to do without. With this number of backers, it is certain that Plymouth's Chautauqua will go through with a bang in 1918. When it was announced Tuesday evening from the platform, that the required number of backers had been found, and that one hundred seventy-five season tickets for next year had been pledged, the audience cheered to the echo.

The twelve big numbers offered this season made good. There was great variety, the highest class of artistic music from some of the greatest artists, with a little of the novelty variety mixed in, thought provoking lectures, human interest stories and entertainers. Taken together, it is doubtful if Plymouth has ever before had as many musicians, speakers and entertainers in any two years as we have had the past week. A group of business and professional men, talking about the program the last day, were overheard saying, "It is the finest thing that ever came to Plymouth." "We ought to have it if it cost ten times as much."

Among the musical numbers, perhaps, Ellis Brooks' famous Chicago Concert Band, directed by James Miller, the world's best trombonist, was as popular as any, although the Allen-Lindquist-VanVliet company here the last day, was very enthusiastically received by all music lovers. At the May festival in Ann Arbor, people paid two dollars to hear one member of this company sing, the price asked for the whole week of Chautauqua here. The Craven family orchestra charmed all and the Chicago Concert artists on Sunday gave a splendid Sabbath program. The Apollo Quartet, the Beverly Quintet were different, but excellent in their line and gave variety to the music of the week. It is safe to say that the musical concerts given would in the city have cost at least calculation five dollars to hear.

Then scores of Plymouth people listened to a number of lectures, and they had said they thought lectures were uninteresting, but they did not find Robert Perry Shepherd, the community builder uninteresting, nor Judge Alden, the last evening. Bollo McBride, the public defender of Pittsburg, told a story that gripped his audience, and Rufus King in his "Royal Road to Fortune" was a dynamo of genial inspiration and uplift. Every young man and woman ought to have heard him. Helen B. Paulsen, child welfare expert, set a fund of inspiring, practical ideas for mothers, fathers and all interested in Plymouth's children.

On Tuesday evening, Reno B. Welborn held his audience spellbound with his demonstration of scientific methods, building a fire with shining nails, using a cake of ice for a match, till he had a heat of 6,000 degrees fahrenheit and burned a hole through an iron plate in five seconds, knocking down blocks with first a ray of light and then with a shadow, lighting fires and exploding bombs with harmonic sound waves and demonstrating the memorial car by the use of the gyroskop.

Women's Day at St. John's Episcopal Church

"The Conservation and Economization of Food" will be the subject of the address at St. John's Episcopal Mission, next Sunday morning. This service will be especially for the women of the parish, in whose hands rests the responsibility of eliminating the waste of food. During this great national and international crisis every ounce of food wasted means a set-back for our boys at the front. The effort to bring this important subject before the women is at the request of Mr. Hoover, the food commissioner, and is strongly endorsed by Bishop Williams of this diocese. All women (especially housewives) are earnestly invited to attend.

Big Fireworks Display July 4

A Patriotic Red Cross parade will be given on the streets of Orion at 9:30 a. m., starting the day's amusements.

Pastor Bell was at his best, delivering a forceful and helpful discourse, talking for his subject the cardinal principles of the order, typified by the three links, Friendship, Love, Truth, closing with a touching apostrophe to the departed of the order. A delegation from Wayne lodge was in attendance, and the congregation, well filling the church, all spoke of the impressiveness of the occasion.

"MAXOTIRES"

Make More Miles and More Smiles

Maxotires are more than Inner Liners. They are rubber treaded inner tires, and cement to the outer casing, which prevents pinching of inner tube.

Maxotires prevent most punctures. They take the strain off worn casings and prevent blowouts. Casings properly equipped will give every mile of service in them and wear through to the Maxotire. When casing is entirely worn through, Maxotire can be removed and used over again. Maxotires will cut your tire cost in half, besides giving you more tire satisfaction per mile than you ever before experienced.

Come in and see these tires before you buy. Money saved.

They are located at the corner of Penniman avenue and Main street, corner of Main and Ann Arbor streets and at the corner of Stark-weather avenue and Liberty street.

We advise our customers and friends to cover their wants and needs as far ahead as possible at their earliest convenience, as merchandise is advancing every day, and the end is nowhere near in sight.

Come to our store to trade, as we still have lots of merchandise at the old prices for a short time. E. L. Riggs.

Mrs. John Lutz, Sr., pleasantly entertained about thirty ladies at her home on Holbrook avenue, Wednesday afternoon, the occasion being her birthday. Dainty refreshments were served, the favors being beautiful pink roses. The hostess was the recipient of several gifts, and the afternoon was enjoyed by all present.

We regret very much that through an oversight in last week's issue of the Mail mention was not made of the Baccalaureate sermon held in the village hall, Sunday evening, June 17th. The stage was prettily decorated for the occasion by the sophomore class, in maize and blue the colors of the 1917 class. The hall was filled, every seat being occupied. At the appointed hour, the members of the graduating class entered the hall at the rear and marched in a body to the two front rows of seats, which had been reserved for them. Prayer and scripture lesson was read by Rev. F. M. Field, and the address of the evening was given by Rev. A. L. Bell, pastor of the Baptist church. Mr. Bell gave a very impressive talk, his charge to the class being that whatever success comes to them in life it was due to the efforts and sacrifices of their parents in giving them an education. Special music was rendered by a quartet, composed of the following: Miss Winnie Jolliffe, Miss Nellie Harold Brown, and Calvin Whipple. A solo, "Consider and Hear Me," by Wozler, was sweetly sung by Miss Nellie Huger.

It may come to you as it does to one out of every thirty men who carry fire insurance.

Fire insurance can't prevent fires, and it can't save your family from the possibility of injury or death by fire.

If you want to know how to prevent fires, you should read the Hartford Fire Insurance Company's booklet.

Fire Insurance and Fire Prevention

MAXFER

Turn your Ford into a truck. When your Ford is coupled to the Maxfer it makes one of the most reliable one-ton trucks on the market, and at a price within reach of every business, large or small.

The MAXFER BELL SPROCKET is an invention of the Maxfer engineers, which allows the retention and use of the Ford rear axle and all its essential parts without change or disarrangement. With most other truck-making devices, the Ford axle shaft must be cut off, which, in the first place, is a more or less difficult and delicate task, and in the second place, eliminates the possibility of again using the Ford chassis for pleasure-car service without the purchase and replacement of certain parts.

The special Bell Sprocket, that is used, simply replaces the ordinary rear wheel; and the driving chains which run back to the sprockets on the axle of the Maxfer attachment drive from the Bell Sprocket itself, which is keyed upon and turns with the live shaft of the Ford rear axle.

Let us demonstrate one to you.
