## FIRST PRESBYTERIAN CHURCH

SERVICES FOR SUNDAY, FEB. 1

Rev. Calvin A. McRae, M. A., Ph. D., of Dresden, Ontario, will preach at both services.

Morning Service—10:00 o'clock

Evening Service—7:00 o'clock.

Sunday-school at the usual hour. W. R. Shaw, Superintendent.

Owing to the fact that Mr. McRae has been invited to address the Ministers' Association in Detroit, on Monday, February 2nd, we were able to get him for these services. Don't fail to hear him. Be on time.

## PLYMOUTH WINS OVER BIRMINGHAM

LOCAL HIGH SCHOOL TEAM WINS SECOND DEBATE LAST SATURDAY EVENING.

The debate between Birmingham High school and Plymouth High school in our High School Auditorium, last Saturday night, resulted in victory for Plymouth. The decision of 3 to 0 was rendered by Prof. H. C. Lott of Michigan State Normal College, by Superintendent of Schools Frosdick of Wyandotte, and by Superintendent of Schools Vande- Venter of Hamtramck.

The debate emphasized many new points that were not mentioned in the Northville debate, which Plymouth won by a score of 2 to 1. The Birmingham team, consisting of Thelma Morrow and Merle Parks were splendid in delivery, but failed to stick to their subject closely. They were coached by their superintendent, Clarence Vliet, and their English teacher, Miss Fisherwood.

The Plymouth team, Lyman Judson, Hanna Strasen and Lillian Lundy, did good work both in delivery and rebuttal. Our team's rebuttal showed a decided improvement over what they did in Northville.

The music furnished by the High School orchestra before the debate, and by the girls' chorus afterward was greatly enjoyed. The team also appreciated the support given by the people of the community. Approximately 125 attended the debate, but this number ought to have been augmented by more High school students. Rev. Frank M. Field presided and kept everyone anxious over the judges' decision for fully ten minutes.

The Plymouth Debating team did their work well enough to merit the support of all their townspeople and fellow students at the next debate. Prepare to hear Lyman Judson, Hanna Strasen and Lillian Lundy do even better debating at our High School auditorium, Friday night, Feb. 6th. Help the debating team beat Mt. Clemens here.

## FORMER PLYMOUTH BOY WEDS

Announcement has been made of the marriage of Monte H. Wood of Detroit, son of Mr. and Mrs. Ed. Wood of this place, and Mrs. Beatrice Stevens, also of Detroit. The marriage took place at the home of the bride, 244 East Grand Boulevard, Sunday, January 18th. The ceremony was performed by Rev. C. W. Lourie, Presbyterian pastor, in the presence of only a few friends and relatives. Mr. Wood is a former Plymouth boy, and at one time was well known here, having played with the Plymouth base ball team for several seasons. For the past few years he has been in the employ of the Burrows Adding Machine Co., Detroit, and they will reside at 244 East Grand Boulevard. Plymouth friends extend best wishes to the happy couple for happiness and prosperity.

## PLYMOUTH CHICKENS ARE PRIZE WINNERS

Maxwell Moon has received notice from the American Bantam Association that he with the American Bantam Association bronze medal for best display of Light Brahma bantams at the recent big poultry show in Chicago. He also received a diploma for best Light Brahma bantam hen, and one-dollar prize for best Light Brahma bantam cock and hen.

## WILL GIVE VALENTINE PARTY

A Valentine party will be given in the Penniman Allen auditorium, Friday evening, February 13th. This promises to be one of the largest and most delightful dancing parties given this season. Special efforts will be made in the way of decorations for the occasion. Guests may bring any one-dollar Valentine to St. Valentine's day. The party will be given at 8 o'clock. The following singers will furnish music.

## FREE LECTURE ON CHRISTIAN SCIENCE

LECTURE TO HAVE BEEN GIVEN BY JUDGE SAMUEL W. GREEN, C. S., POSTPONED FROM LAST SUNDAY AFTERNOON TO NEXT MONDAY EVENING.

The Christian Science lecture, which was to have been given in the Penniman Allen theatre, under the auspices of First Church of Christ, Scientist, Plymouth, last Sunday afternoon, by Judge Samuel W. Green, C. S., of Louisville, Kentucky, was postponed on account of inability of the speaker to reach Plymouth until 7:00 o'clock in the evening, due to the lateness of his train. Arrangements have been made by the local church to have Judge Green deliver his lecture here, Monday evening, February 2nd, at the Penniman Allen theatre, at 8:00 o'clock. Everyone is cordially invited to be present and hear this talented speaker.

## NEW POSTMASTER FOR PLYMOUTH

The name of M. G. Hill of this village has been sent to the senate for confirmation as postmaster at Plymouth. Mr. Hill has not yet received the commission, but expects to receive official notice of his appointment in a few days. Postmaster Howard Brown resigned some months ago.

## DR. BRADLEY GIVES SPLENDID LECTURE

One of the most inspiring and interesting lectures heard in Plymouth in sometime was given in the Penniman Allen theatre, last Friday evening, when Dr. Preston Bradley of Chicago, spoke on the subject, "The United States of Tomorrow. The Golden Age Versus the Age of Gold." Dr. Bradley is a man of wide experience, and his presentation, in a clear and forceful way of every day problems makes him not only an interesting speaker, but gives his hearers many ideas to think about for days after. It is to be regretted that so few people were able to get out to hear him, but owing to the severe storm many were kept away. Rich Wernö will be the next number on the course, Wednesday evening, February 18th.

## AGRICULTURAL ASSO. ELECT NEW OFFICERS

At a meeting of the directors of the Plymouth Agricultural Association, held at the association's office, Tuesday afternoon, the following officers were elected for the ensuing year: President—William Farley Vice President—Walter Postiff Sec. Treas.—Frank Toncray Directors—William Farley, Walter Postiff, Frank Toncray, James Gates, William Kolbman, Samuel Spicer, Clifford McClumpha and Charles Root.

## GAS COMPANY FACING COAL SHORTAGE

The Plymouth & Northville Gas Co. are anticipating another coal shortage, unless there is a radical change in the fuel situation. The company have a standing order for a certain amount of coal each month, but the coal is not coming through, and they are unable to locate shipments, which have been made to them from the mines, after the most strenuous efforts. At present the company have only a three weeks' supply on hand, and they urge consumers to curtail the use of gas in every way possible, especially for heating purposes, until the fuel situation is relieved. If every consumer of gas will help in conserving the gas supply, a great saving of coal will result, and the gas company will be able to meet this fuel shortage, and not seriously affect the situation. Last week the situation was so bad that the gas company was forced to shut off gas to other places, and that night consumers were facing the same situation.

## THEATRE MANAGEMENT CRITICIZED

REPLY BY MRS. KATE E. ALLEN

Plymouth, Michigan, Jan. 22, 1920 To the Management of the Penniman Allen Theatre:

We, the undersigned, representing one hundred and thirty members of the Woman's Christian Temperance Union, an organization pledged to work for the uplift and betterment of the homes of our land, do respectfully request the management of the Penniman Allen Theatre to exercise more rigid censorship of the pictures exhibited, that productions of the class of "Broken Blossoms" may hereafter be excluded.

Signed, by committee  
Mrs. L. Pelham, Pres. W. C. T. U.  
Mrs. Phebe Patterson, Cor. Sec'y.  
Mrs. Esther Hillman, Secretary.  
Mrs. Jessie L. Vealey, Treasurer.

To the officers of the W. C. T. U. and others, who have considered it their duty to censure the one picture, "Broken Blossoms," which was passed by the board of review as excellent, I wish to say that I do not feel it is a question for which the management of the Penniman Allen theatre should be censured, but a personal criticism to myself.

Two years ago on the 12th of April, 1918, the auditorium was dedicated, and on February 8, 1919, our theatre was opened. In erecting these buildings I was not considering it from a financial standpoint, but took so much pleasure in feeling I was able to do something for Plymouth, as well as prepare a social center for all. In selecting the entertainments I supposed I had rigidly censored all amusements, both as to pictures and dancing, and here I wish to thank our young people who have been so willing to help me eliminate all freak and cheap dancing. I felt assured I had now a place where parents or guardians would feel their children were securing only the best, hence was very much surprised and very much hurt that any of my friends would feel that I was trying to do anything that was not for the betterment and uplift of the homes of our land. I think my friends will agree with me that I have been generous in benefits for all churches and societies of the town, but if further criticism is made, I may, as there is no financial benefit to me, deem it advisable to close both auditorium and theatre, and permit the people of Plymouth to seek their amusements elsewhere. I would rather abandon the whole project than to be constantly annoyed by something I hoped would give you and me so much pleasure.

Mrs. Kate E. Allen.

A card from F. W. Hamill, who with his family, are sojourning in San Diego, California, says it is 63 in the shade there and about like Michigan weather in June.

### HOME NEWS

Car storage at Hadley's on Park. John Patterson is building a five-room bungalow on Roe street.  
Mr. and Mrs. Gordon Wager of Carleton, spent the week-end at S. W. Spicer's.  
Mrs. Ammon Warner and daughter, Bertha, have gone to Washington, D. C. for a two weeks' visit with the former's son, Russell and family.  
Sergeant Myron H. Beals Post, No. 206, Foreign War Veterans, will give a dancing party in the Penniman Allen auditorium, Wednesday evening, February 4th. Stone's orchestra and singer will furnish music.  
Mr. and Mrs. F. R. Mills and family were called to Dundee the latter part of last week on account of the illness and death of Mrs. Mill's mother, Mrs. Eliza Carney, who passed away at the home of her sister, Mrs. VanDeventer, at Dundee, Thursday, January 22. The funeral services were held Monday. Mrs. Carney is quite well known here, having made her home with her daughter, Mrs. Mills, since her husband's death six years ago. Plymouth friends extend sympathy to the bereaved family.

All winter hats 1/2 off. Mrs. Dickerson.  
F. H. Bird and Guy Fisher have opened a plumbing and tinning shop at the rear of the P. A. Nash hardware store in north village. We call attention to their ad in this issue of the Mail.  
The members of the Pirouette Dancing club held another one of their pleasant club meetings in the Penniman Allen auditorium, this week Wednesday evening. Supper was served at 6:30, after which dancing was indulged in.  
A sleighload of young folks gathered at the home of Miss Edna Gotts at Waterford, last Wednesday evening. Games and music was furnished throughout the evening, after which a dainty supper was served, and all report a joyous time.  
Plymouth friends will be interested to know that Mr. and Mrs. E. L. Riggs have purchased a beautiful new home at Venice, California. They will return to Plymouth in May, and remain here during the summer, but in the fall they expect to return to California and take up their residence there. Mr. Riggs is greatly improved in health since going west, and feels that the climate is much more beneficial for him there.  
Charles Aquino, a Pere Marquette section foreman, was arrested last Friday by Deputy Sheriff Springer on complaint of Pere Marquette officers, on the charge of forgery, in signing another man's name on the back of check, which was cashed by one of the local store's several months ago. He was arraigned before Justice Phebe Patterson, pleaded not guilty and his examination set for this (Friday) afternoon. He gave bail for his appearance.

Mrs. J. E. Olsaver left Sunday for a two weeks' stay with relatives in Chicago.  
Mr. and Mrs. P. Perkins were callers on F. J. Brown at Farmington, last Saturday.  
Mrs. Lloyd Fillmore and son, Wellman, spent the past week with relatives in Detroit.  
Mr. and Mrs. H. A. Spicer visited the latter's sister, Mrs. W. J. Barker, and son, William Barker, and family at Sheldon, Tuesday.  
Mr. and Mrs. Monte H. Wood of Detroit, were guests of the former's parents, Mr. and Mrs. Ed. Wood, on Penniman avenue, the latter part of last week.  
The tearing down of the wooden awning in front of the Gayde block at the corner of Main street and Penniman avenue, makes a great improvement in that building.  
Sidney Ware, a 13-year-old boy of Northville, died Tuesday morning at Harper hospital of injuries suffered when the sled on which he was coasting collided with another, Monday afternoon, in that village.  
Dr. Grainger has sold his residence on Harvey street to Frank Hake of Livonia. Dr. and Mrs. Grainger expect to soon move to their farm home at Commage. Mr. Hake will take possession some time next month.  
Charles Birdsall, a cook, was taken into Justice Phebe Patterson's court, Wednesday morning, by Chief of Police Springer on a drunk and disorderly charge. He pleaded guilty and was sent to the House of Correction for 65 days.  
About forty ladies were present at the Aid Society meeting of the Methodist church, held at the home of Mrs. Arthur White on West Ann Arbor street, last week Wednesday afternoon, January 22nd. A business meeting was followed by a program and a social hour, delicious homemade candy being served.  
Did you notice the article in last week's Mail relative to the \$300,000 water main? We believe the only perfectly right way to market or sell water is by the metre rate. Will have something to say along this line in the next issue of the Mail. If interested look for it.  
L. HILLMER.

### WOMAN'S LITERARY CLUB MEETING

The eighth regular meeting of the Woman's Literary Club was held in the Kindergarten room at the school building, last Friday afternoon, January 23rd. One guest, twenty active and two associate members were present, a goodly number indeed, considering the severe snow storm, which continued during the entire afternoon.  
In the absence of the president, Mrs. C. H. Bennett, the first vice president, Mrs. H. S. Shattuck, called the meeting to order and presided over the business session. The response given to roll call was: "Exports of South America." The following interesting program, prepared by the first division, with Mrs. Howard Brown, leader, was presented:  
Song, "January"—Sung by several little girls from the third grade under the direction of Miss Jewell.  
Paper, "Chile—Ancient and Modern" and "The Two Principal Cities, Valparaiso and Santiago"—Mrs. Frank Barrows.  
Paper, "Transportation in South America"—Mrs. George A. Smith.  
Vocal Solo with encore—Miss Evangeline Foster, with Mrs. William Wood accompanying on the piano.  
Reading, "Movie Signboards or How the Cinema Has Advertised American Goods in Foreign Lands"—Mrs. J. L. Olsaver.  
At the conclusion of the program a social hour was enjoyed, and Mrs. F. M. Field assisted by the members of the first division served the company with water and South American tea or mate, as it is called. The tea was brought to Mrs. Field by her husband's brother, who is a Y. C. A. worker in South America, but who is now spending a few months in Chicago. Mrs. Field related many interesting customs in regard to the serving of this beverage in South America.  
The next regular meeting of the club will be held Friday afternoon, February 6th.

### SOME BIG PICTURES COMING

Among the big pictures that have been booked by the management of the Penniman Allen theatre are: "The Miracle Man" for February 21-22; Charlie Chaplin in "A Day's Pleasure" for March 6th, and Mary Pickford in "Pollyanna," March 12-15. These are all big numbers and are not usually shown in towns the size of Plymouth, and the management of the Penniman Allen theatre are to be congratulated in getting the best pictures obtainable for their patrons. The best is none too good for Plymouth is the aim of the management of the local theatre, and if the large crowds that attend every show are any criterion, their efforts along this line are certainly appreciated.

### PLYMOUTHITES ENJOY SOCIAL EVENING IN WEST

On Thursday evening, January 22 Mr. and Mrs. H. C. Hager entertained at dinner Mr. and Mrs. George Van DeCar of Plymouth, and later in the evening, their two sons, Earl and Lester, with their wives and the former's little daughter, Gusti; also Mr. and Mrs. J. W. Buck of New York City. Some splendid musical numbers were given on the piano arranged by Mr. and Mrs. Lester Van DeCar, which were greatly enjoyed by all present. The hostess added to the fun by doing some quick changes into various costumes, Indian, clown, Uncle Sam, poverty, etc. Mr. and Mrs. Buck, who have travelled extensively in the States, also told interesting stories of their travels.  
Mrs. Hager served dainty lunch, and the guests separated, all agreeing they had spent most enjoyable evening, and hoping to meet again in the near future.

### "A PETTICOAT PILOT"

A Paramount picture, featuring Vivian Martin, will be the attraction at the Methodist church "joy night," next Wednesday evening. "A Petticoat Pilot" is the name given to the picture, which is really Joseph C. Lincoln's humorous story, "Mary Gusti" put on the screen.  
Mary Gusti is the girl who mothers her two Cape Cod guardians in spite of their attempts to bring her up. She is an orphan, and a legacy from her step-father to his daughter, Captain Gusti and Mr. Hamilton, one a bachelor and the other a widower, living together with a male cook from Captain Gould's schooner. Mary Gusti, whose part is taken by Vivian Martin, shows marked capacity in managing her guardians, a romance develops which holds the interest of every resident on the Cape, and makes a fitting climax to this delightfully humorous and human story.

### DELPHIANS TO HOLD POSTPONED MEETING

The Plymouth Delphian chapter will hold its postponed annual meeting at the High School auditorium on Wednesday, February 4th, at 7:00 p. m. As there is business to be attended to, it is urged that all Delphian members be present.

Don't know who went away with the ballot box, but anyway, I can prove I was elected.  
Perhaps it was a gentlemen's agreement, nothing gentle about that jolt they handed me tho'.  
L. HILLMER.

I will not be responsible for any debts after this date contracted by my wife, Mrs. Flossie White.  
Signed, ALFRED R. WHITE.

### Gardener's Attention!

If you want any baskets for this season, order now. I am getting a carload some time next month. The prices are:  
Standard berry qts., \$7.00 per M.  
Standard 2-qt-grape baskets, \$17.00 per M.  
Standard bus., with wood handles, \$2.00 per doz.  
Standard bus., with wire handles, \$1.90 per doz.  
Standard 1/2 bus., with wood handles, 1.50 per doz.  
No orders taken after February 15. Cash at the car.  
Write to RAPHAELE METTETAL, R. F. D. 2, Plymouth. Phone 250-P6  
If you have anything to buy or sell it will pay to put an ad in the Mail. surprised at the results. It costs but little.

### SCHOOL NOTES

Shirley Risner and Leola Weaver have entered the third overflow.  
The third and fourth overflow have eleven Junior Red Cross members.  
Louis Sherman and Leola Sackett have attended school every half day during the semester just finished.  
Carol Birch and Elton Knapp have been present every half day but one during the semester.  
Devere Weaver, who has recently moved here from Toledo, Ohio, has entered the first grade of the school.  
The following people have not been absent or tardy during January: John Randall, Arvid Burden, Inez Kuhn.  
Mrs. Harry R. Thornberry and Mrs. S. B. Biddle visited the second grade, Tuesday.  
The second grade has three new Junior Red Cross members. They are: Marguerite Wood, Lois Caldwell and Dorothy Shipley.  
Velda Larkins has neither been tardy nor absent during the first semester.  
Victoria Carpenter and William Ketchum entered the kindergarten this semester.  
The French class have started taking the magazine Le Monde Francais.

### BASKET BALL

The basket ball game Thursday evening, January 22, between the Normal High school of Ypsilanti and the Plymouth High school boys was an interesting as well as an exciting game. The team from Ypsilanti, unlike the team of the week before, knew the rules of the game and how to play the game effectively. Consequently the most friendly feeling existed at all times, and the crowd without exception felt thoroughly repaid for their attendance. The first half was a see-saw affair, first one team and then the other claiming superiority. In the third quarter, however, Ypsilanti's team by excellent team work were ahead and held their lead to the finish, and the final score being 29 to 18.  
The Plymouth girls met the Birmingham girls on the basket ball court here, last Friday night. The Birmingham team was very good in passing the ball, and on the whole were heavier built than ours. Although luck was against us, our team played a good game and best courage to the end. Our team felt the loss of three of their players, but showed the spirit of the school as they were not slackers. Miss Roe surely did well playing forward, as she has always played center before. The guards, Mildred Wood and Mildred Gusti, made the Birmingham forwards fight hard and although they did win a score of 55 to 12.

## Buick Seven-Passenger Touring Car

THE BUICK Model-K-Six-49 is a big, roomy, open car for seven persons, with a range of service in keeping with its powerful Valve-in-Head motor. The long wheelbase, the extra size tonneau, the completeness of all details making for comfort and convenience give it an air of unlimited capacity that is amply borne out by its continued and consistent performance.

This body is divided by a double cowl, into which the folding seats disappear when not in service. These extra seats are so arranged as to give liberal space to all occupants in the tonneau, thereby avoiding any possible crowding.

The slanting windshield braces form the front support for the high-grade top, which is also equipped with well-made side curtains that swing open with the doors.

## HOME KEEPERS TO HAVE CONFERENCE

MICHIGAN WOMEN WILL TAKE UP HOUSEHOLD PROBLEMS DURING FARMERS' WEEK AT M. A. C.

Just as wide awake to the need of keeping posted on the latest developments in their work as are the men, and prepared to tackle weighty problems of the home, Michigan women will hold a Home Keepers' Conference at M. A. C. during Farmers' Week, February 2-6.

While the men folks of the family are deliberating over questions of agricultural trend, the women will gather at their own meetings and consider the problems connected with their end of the co-operative business of farming.

Demonstrations on the renovation of clothing and hats, and a discussion of cleaning and cleaning equipment will be among the important subjects taken up by the women, in view of the emphasis present high prices have placed on the matter of prolonging the life of existing garments.

Specialists from Cornell and John Hopkins Universities, housekeepers of practical experience (including Mrs. Dora Stockman, the newly-elected member of the State Board of Agriculture), and members of the Home Economics staff at the M. A. C., will be in charge of the various meetings and demonstrations.

Most of the Home Keepers' conference meetings will be held in the morning, the afternoons and evenings being reserved for the general meetings at which both men and women will be in attendance.

### COMMISSIONER'S NOTICE

In the matter of the estate of Ralph G. Terry, deceased. We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the store of Pettigall & Campbell in the village of Plymouth, in said County, on Monday, the 8th day of March, A. D. 1920, and on Saturday, the 8th day of May, A. D. 1920, at 2 o'clock p. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 8th day of January, A. D. 1920, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated January 8th, 1920.  
 WILLIAM PETTINGILL,  
 FRED CAMPBELL,  
 Commissioners.

### COMMISSIONER'S NOTICE

In the matter of the estate of Henry W. Baker, deceased. We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the store of Fred A. Dibble, in the village of Plymouth, in said County, on Tuesday, the ninth day of March, A. D. 1920, and on Saturday, the eighth day of May, A. D. 1920, at 2 o'clock p. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 8th day of January, A. D. 1920, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated January 9th, 1920.  
 FRED A. DIBBLE,  
 WILLIAM T. CONNER,  
 Commissioners.

## STATE NEWS

Caro—Soj Bursa, foreman of the boiler room at the Caro plant of the Michigan Sugar company, fell dead.

Ann Arbor—In a raid 14 Greeks, who claimed to be celebrating the Greek new year, were arrested on the charge of gambling. When arraigned in justice court each was fined \$8.45.

Ann Arbor—Funeral services for James O'Kane one of the four original letter carriers appointed here 33 years ago, were held. In all these years he had never lost a day because of sickness.

St. Johns—Clinton county board of supervisors passed a resolution condemning the state constabulary as a needless expense and ordered a copy of the same forwarded to Representative Hunter and State Senator De Rue.

Lansing—The first candidate for the presidential elector in this state to file petitions asking that his name be placed on the ballots at the presidential preferential primary to be held on April 5, is William G. Simpson, of Farmdale, giving his postoffice as Highland Park.

Grand Rapids—David Dunlap, 55, Plainfield township farmer, was burned to death in his farm home when the structure was destroyed by fire. He was fighting the flames on the second floor of the house when the brick chimney toppled over, burying him beneath it.

Port Huron—Mrs. Julia Odette, St. Clair county pioneer and believed to be the oldest woman in the state, died at her home in Avoca, aged 103. Mrs. Odette was in possession of her faculties up to within a few days of her passing. She is survived by one son, Louis Odette, himself an aged man.

Saginaw—The Consumers' Power Co. plans to expend approximately \$6,000,000 for the erection of a steam electric generating plant at Zilwaukee, a mile from the Saginaw limits. The \$60,000,000 bond issue and its consolidation plans with the Michigan Light Co. are approved by the state utilities commission.

Charlotte—Eaton county has a war chest fund of \$60,000 and does not know how to dispose of it. According to petitions being circulated, Charlotte proposes to turn its share over to the Irvin Greenwalt American Legion post, while Benton township wants to use the township funds for a community house at Potterville.

Kalamazoo—Basing his action on Judge Root's decision holding the city commission was elected by an unconstitutional method, Charles Struble, former chief of police, has notified the commission he will make a fight to reclaim the office from which he was dismissed a month ago by Harry Freeman, city manager.

Flint—Plans for the erection of new factory buildings and extensions to the Buick plant in Flint to cost approximately \$7,500,000 were announced following the annual meeting of the board of directors of the Buick Motor Co. at which H. H. Bassett was elected president and general manager to succeed Walter P. Chrysler, resigned.

Kalamazoo—A full congregation saw the inauguration of a motion picture feature as a regular part of the weekly service at the First Presbyterian church, one of the biggest in the city. If the experiment continues successful, full motion picture shows will be given in the church several nights every week. Films will not be confined to religious production.

Albion—Floyd A. Bruce, of Elmira, N. Y., former Albion fireman and at present representing a big fire apparatus concern in Tokio, Japan, was the hero of a fire which recently occurred in the Imperial hotel in that city. According to a dispatch received here, Bruce rescued three women from a window and was injured when debris hit him on the shoulder.

Ann Arbor—Adoption of a standard plan whereby pupils of public schools of Michigan can be gauged in physical fitness, was made by state physical directors. The "pulse recovery" test, in which the subject runs "in place" 15 seconds, then rests for a two-minute period, after which the pulse is supposed to be normal, was devised for girls. A more strenuous test was planned for boys.

Big Rapids—Investigation into the death of 17-year-old Grace Emyart, at the private hospital of Dr. Albert Patterson, of Chippewa Lake, has been begun by the authorities. The girl had been at the hospital since the middle of December, at which time the doctor says she presented herself for treatment. The authorities believe that an illegal operation had been performed some time before the girl went to Dr. Patterson's hospital for treatment.

Lansing Action was deferred until February 3, by representatives of the Michigan League of Municipalities gathered here by the circulation of history petitions to submit to Michigan voters at the election next November, of a proposed constitutional amendment giving municipalities control, even to fixing rates, over public utilities operating in respective municipalities. The reason given for the delay was the small number of cities represented, only Detroit, Lansing, Battle Creek, Port Huron, Kalamazoo, Jackson and Jackson.

If you have anything to buy or sell, advertise it in the Mail.

Albion—An American Legion women's auxiliary will be formed here to aid Patrick Leo Hanson post.

Ionia—Bernard Shay, of Ionia, had a tooth pulled last week and bled to such an extent that he died. He was a son of Mr. and Mrs. John Shay, of Orange, and had been working in Portland.

Grand Rapids—Lyman A. Lilly, for five years secretary and treasurer of the West Michigan State Fair association, defeated Dr. S. D. Dodson, a candidate to succeed himself as president of the association.

Rochester—Ella Wintershine, bookkeeper for the Edison Co. at Rochester, was killed when the auto in which she was riding with George Thompson was struck by a D. U. R. limited. Thompson escaped.

Grand Rapids—Miss Gertrude Felling, 44, school teacher in this city, died at her home in this city, of sleeping sickness. She had been ill two weeks. This is the first fatal case reported in Grand Rapids.

Lansing—Construction of a new city electric light and power plant to cost from \$500,000 and \$600,000, on a plan which eventually will mean the development of a \$2,000,000 city concern, will be recommended by the electric light and water board.

Owosso—While the state Best-Growers association is preparing for a series of meetings to enlist farmers in the fight to obtain what they term a fair price for their beets for 1920, the Owosso Sugar company has announced it has contracted for 22,500 acres of beets for next year, virtually all it can handle.

Grand Rapids—A constitutional amendment which would permit the federal government to return to the respective states a portion of the income tax which it collects was recommended by William S. Linton of Saginaw, a member of the state tax commission, in an address to the Kent county board of supervisors.

Bay City—Claude Holdbrook is in jail awaiting trial on the charge of having liquor in his possession, the police alleging he had a three-gallon jug of "home-run." Officers went to the Small farm, Holdbrook's home, and found the two-story building had burned since Holdbrook's arrest. They claim they found parts of a still in the ruins.

Owosso—As a result of the alleged refusal of the sugar manufacturers of the state to grant conferences with the growers over contracts for 1920, the directors of the Michigan Sugar Beet Growers' association voted at a meeting here to go to the war with the manufacturers. The growers say they will insist on an increase in price per ton or will raise no beets.

Ann Arbor—Immediate compromise ratification of the Peace treaty was favored by 1,116 students and faculty of the University of Michigan. The Lodge reservations were favored by 774; unconditional ratification received 714 votes, and 345, including nine members of the faculty, registered absolute opposition. Seventy-eight of the faculty favored a Senate compromise.

Port Huron—Pleading guilty to murder in the first degree, Leo Paquette told in circuit court here how he killed John La France, Fair Haven, hermit, for his money. He said he and Harry Bonnie planned to get La France's money, and told how he fired the fatal shots on the night of Dec. 28. Bonnie's plea of guilty, made previously, was changed to not guilty by the court, and he will stand trial.

Bay City—R. A. Bostwick, of Traverse City, and R. E. Ellsworth, of Alpena, deputy fish and game wardens, have concluded their investigation of conditions surrounding the killing of fish in Saginaw river, but give no conclusions. City Chemist Harrison is analyzing water with the idea of discovering the nature of the pollution, which it is alleged came from sugar factory refuse. Hundreds of tons of fish have been killed by the poison.

Battle Creek—Brigadier General Arthur Johnson, who has commanded Camp Custer for the last several months, received telegraphic notification that he had been relieved from duty at Camp Custer and assigned to Camp Upton, Yaphank, Long Island, where he will assume command. By virtue of seniority, Joseph P. O'Neill, commanding officer of the Tenth Infantry, will assume command of Custer until the arrival of Major General John Bidde.

Hillsdale—Ed. Friesland, of Hudson, who was here to attend the annual meeting of the First State bank, may not be able to beat the high cost of living, but he boasts that he has a cluck when it comes time for his funeral. Mr. Friesland says he has in his possession a contract made a dozen years ago, providing for a \$15 funeral. He has long been against expensive funerals, and wanted to be consistent, he said. He expects the contract to be carried out, he said.

Port Huron—James McCready is looking for some banner crop on his farm near Crosswell next season following the burning of the settling reservoir of the Crosswell sugar factory Saturday. The reservoir contained lime water, the lime from which was intended for distribution among the farmers in the spring. The season's accumulation escaped from the reservoir and covered 40 acres of the McCready farm, with the result that the soil will be benefited by a considerable quantity of soil-enriching elements.

To the Dyspeptic:  
 Would you like to feel that your stomach troubles are over; that you can eat any kind of food that you crave? Consider this: the fact that Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.—Add.

### Earning Power

The return of the telephone properties to their owners means that they must be financed, in the future as in the past, by private capital.

To make this possible the Telephone Company must be able to show an earning power that will produce revenue sufficient:

- To provide modern equipment;
- To maintain the property in perfect condition;
- To pay fair wages to experienced and skillful employes;
- To provide reserves to replace worn-out property;
- To pay the heavily increased taxes;
- To pay bond interest and a fair dividend to stockholders.

The earning power rests on the rate schedule. If costs increase, rates must correspondingly increase. If, later on, costs are lowered, the rates will be lowered also.

### SOLDIERS LIKED THE PRINCE

Visit to British Throne Fond of Mingling with the Fighters, When He Was Permitted.

In the front lines a Canadian soldier was building a fire one cold night of late autumn. Out of the night behind him came a footstep. He turned, and became doubly alert when he saw that the man was not an officer of his regiment. The visitor approached the blaze, held his hands out over it and said:

"This fire certainly looks good to me."

The tone was pleasant enough, and suspicion was almost unaroused when the voice went on:

"Have you wood enough? If you haven't I'll get you some more."

The fire builder felt some regret that any suspicion whatever remained, but there had been a special warning against strangers not, of one's own regiment. In response to it he was about to question the newcomer closely, when an officer whom he did know came within the firelight circle and addressed the stranger:

"Your royal highness, it is best that you return to the automobile at once."

And the prince of Wales reluctantly left the fire and returned to the place where he officially belonged. It was not the first time he had left that place of his own accord and gone forward among the men. The Canadian who tells the story learned afterward that the prince's staff had his hands full to keep him from breaking away from the official circle prescribed for him and mingling with the men on their own ground.

### MUST HAVE ENVIED COMRADES

Pathetic Happening in English Court That Marked the Observance of Armistice Day.

The great clocks of London boomed out eleven strokes. The city became as silent as though it were a second Pompeii miraculously swept clean of its ashes. Motor cars and tram cars creaked to sudden stops. Policemen stood like graven blue images at their posts. Pedestrians doffed their hats and stood as though they had not known motion for centuries. It was Armistice day and the city was doing honor to those youths who had experienced the Great Adventure.

In a dingy courtroom a murder trial came to a sudden halt. Judge, counsel witnesses and the prisoner stood, and for two minutes, with bowed head, did silent reverence to those poppy-wreathed graves of France. Before the prisoner flickered visions of that same France only one year before. He again saw the faces of comrades he had loved and whom he had watched in the throes of death. Incidents of that last desperate sprint across No Man's Land, with death on every side, came back to him. Again he heard the shout with which the trenches had greeted the armistice. He had come safely through, and now—

The two minutes ended. The city came out of its trance. The somber voice of the judge resumed—"and shall hang by the neck until dead."

### Poison Gas to Fight Squirrels

Experiments in the use of poison gas in exterminating grain-eating ground squirrels are under way, according to a report of the county horticultural commission to the Los Angeles board of supervisors.

At the same time it was announced that Los Angeles county has sold its surplus stock of saccharine and strychnine to Orange county in order that the neighboring county can join in the campaign being waged against the destructive ground squirrels.

According to Horticultural Commissioner Ryan, the use of poison gas is necessary at this time because the squirrels, which have been practically eliminated from the worst affected regions in the county by the use of poisons during the past few months, fail to eat the poison at this time, preferring the new vegetable growth.

### Bird Preserve Planned

The proposal to establish an extensive wild-bird preserve on the northern shore of Lake Erie is gaining wide favor in Canada. Something must be done at once, it is urged by bird lovers, to preserve the wild fowl and insectivorous birds, or they will become as extinct as the wild pigeon. There are strict game regulations in the province, but the establishment of a large preserve would assist the legislation. There is already a nucleus of the proposed area in Rondeau park, and it is planned to extend this along the lake shore west for 30 miles.

### London Cats Victims of Plague

The outbreak of a disease, which has many symptoms of influenza, is causing the death of cats by the hundred in London.

The disease is not thought to be communicable to human beings, but distinguished surgeons are unable to confirm the exact nature. It spreads with amazing rapidity, and the symptoms are said to resemble closely that of poisoning, except that death usually takes place within two days.

### Plan Memorial for Poe

Taking as its inspiration a suggestion of Elmer Benson, the Spanish novelist, the Bronx Society of Art and Science has decided to erect a memorial in honor of Edgar Allan Poe whose cottage in Free park, the Bronx, was visited the other day. The Spanish writer started the fund with a contribution of \$100.—New York Times.

No Great Act of Heroism Required  
If some great act of heroism was necessary to protect a child from wrong, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a little of the good things of life, it is not so easy to give it as much as the first child of a busy mother. There are many who would like to do this, but they do not know how. The Mail is the best thing you can do for your child. It is a good thing to have at hand a little of the good things of life, and the Mail is the best thing you can do for your child. It is a good thing to have at hand a little of the good things of life, and the Mail is the best thing you can do for your child.

### DOES WELL WITH ONE ARM

Englishman Apparently Little Inconvenienced by the Loss of His Right "Wing."

Appropos our recent photograph on a feast performed by armless men, a contributor, who lost his right arm when he was a youth, sends an interesting account of the ingenious manner in which he carries on in spite of his handicap.

"I get up at seven o'clock," he says, "wash, shave, scrub my finger-nails by holding a small nail-brush between my teeth, and dress myself without any help. To fill a pipe and strike a match is an easy matter, while years ago I learned to write with my left hand."

"I often play whist, and can place my cards together as quickly as any one. But I find my chief delight and enjoyment in playing the piano or organ. I love both. I do not play with my left hand only, but play the lower notes with a stick in my mouth."

"I can open a boiled egg and eat it as quickly as anyone with their two hands while in regard to wrapping up a parcel and securing the same with string, I challenge any grocer to do the job more neatly."

"Feeling an apple is quite simple. I can open a penknife in an instant."

"No one need despair who has lost one of their arms. It is awkward at first, but after a few weeks it is surprising what one can do for themselves. So to all who have lost an arm I say: 'Cheer! It might have been worse!'—London Tit-Bits.

### WENT TO HEAVEN IN AUTO

Novelty in Burning of Effigy of Machine at the Grave of Wealthy Chinaman.

It is the custom of the Chinese to burn various kinds of effigies at the funeral ceremonies of the rich, and the more wealthy the figures burned over his grave. These effigies represent every manner of thing, such as human figures, horses, sedan chairs, tables loaded with money, etc.

At the funeral of a Mr. Li, who died a short time ago in Tientsin, and who was a very wealthy man, the bereaved family outdid themselves and made an imitation of the deceased gentleman's automobile, to be burned at his grave. The effigy was made entirely of strong Chinese paper stretched on bamboo frames. The car was complete in every detail, the pedals accurately placed, and all made of paper and bamboo.

The interior of the car was also accurate in detail, being carefully upholstered in paper. The car was carried about three miles through crowded streets to the graveyard, where a match was applied, and it was consumed in a few minutes.

### Ancient Mesopotamia

Survey research work in Mesopotamia has revealed the fact that in former times the country was covered with a network of canals, showing that a very celebrated system of irrigation must then have been in vogue. Some of these canals were 20 feet deep with steep embankments. This interesting information was stated by Lieut. Col. G. A. Benzeley, royal engineers, in a lecture given by him at the British Royal Geographical society recently. He also brought to light the fact, that the city of Samarra, which is now a comparatively unimportant town, at a period before the Christian era must have been one of the most populous trading centers of the East. The ancient city was 20 miles in length and 2 1/2 in width, and it is estimated that it contained about 4,000,000 inhabitants. There were miles of walls and warehouses, and it formed a converging point for caravans from a vast area. Another city in Mesopotamia, the lecturer said, showed traces of having been laid out on the lines of a modern American city.

### Government Newspaper

It is not generally known that in case the recent railwaymen's dispute in Great Britain had developed into a general strike, and the public had been unable to obtain its customary newspapers, arrangements had been made for the production of a government daily.

It was to contain no editorial views whatever, but simply a record of what was happening at home and abroad.

Five million copies would have been circulated by a squadron of 150 army planes. The government's idea was that the danger of a general strike would be enormously enhanced if the general public did not know what was going on.

### Community Singing

"I see community singing is becoming a fad in many towns."

"What is it?"

"The merry villagers' idea boosted a notch. I take it."

"Instead of dancing on the green, we assemble in community centers and mingle our voices by jazz madrigals and syncopated glees."—Louisville Courier-Journal.

### Air Travel de Luxe

"The alrship 'R 33' has been making a tour of the French battlefields, says the London Sphere, and it carried a rifle and gave its passengers French cooking, and real beds, with sheets. 'On September 15' says the same paper, 'during a flight from Amsterdam to England, this lunch was served on a passenger airplane: Salmon, sorrel, cold chicken, fruit salad and wine.'—From the Outlook.

### The Best Cough Medicine

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it, and when in need of such a medicine is almost certain to use it himself and in his family. This is the reason why the best cough remedy is the one that has been used by the most people. The best cough remedy is the one that has been used by the most people. The best cough remedy is the one that has been used by the most people.

### WHITE ANTS DAMAGE MICHIGAN BUILDINGS

INSECTS RIDDLE TIMBERS AND LEAVE STRUCTURE WEAK, SAYS M. A. C.

Termites or "white ants" as they are commonly called, have been doing considerable damage to timber structures in Michigan, according to the entomology department of the Michigan Agricultural College. The ants attack any wooden building, including dwellings, and frequently cause great loss.

The timbers of buildings are often badly riddled before the presence of termites is even suspected," says Miss Eugenia McDaniel, entomologist at the college. "The insects work in hidden passages, and following the grain of the wood hollow out the timber, leaving little more than a shell."

Termites are hard to eradicate when they once get into a building, for the parent nests may be cut in the soil several rods from the place under consideration. Miss McDaniel has the following to say about methods of control for the insect pests:

"Badly infested timbers should be removed and burned. Where it is impossible to remove the timbers, drill holes in them and inject kerosene into the cavities. Fumes of ammonia are also detrimental to them. See that the structure is light, and made dry and well ventilated. Remove all rotten timber from the vicinity of the building and destroy all termite nests in nearby stumps, since these are the source of infestations. Timbers treated with coal-tar creosote or with zinc chloride by the pressure process are as a rule very resistant to termite attacks. It is not safe to sink untreated timbers into concrete foundations, since in case the concrete cracks it leaves an ideal entrance for 'white ants.'"

**PLANS COMPLETED FOR  
BIG FARM CONVENTION**

**AGRICULTURAL MEN OF STATE  
TO MIX BUSINESS AND PLEASURE  
AT M. A. C., FEB. 2-6.**

With programs finished and exhibits ready to be placed, plans for the big agricultural convention, which is to be held at the Michigan Agricultural College during Farmers' Week, Feb. 2-6, are nearing completion on the eve of the meeting.

various associations and technical work along agricultural lines will occupy a good share of the time, general meetings whose object is primarily entertainment and recreation will feature each day's program. Music, moving pictures and lectures by the most interesting and entertaining speakers in the country are scheduled for each afternoon and evening.

The program of prominent speakers for the general meeting is as follows:

Monday, Feb. 2 (evening)—Dean Alfred Vivian, Ohio State University; Cecil Roberts, well known English poet.

Tuesday, Feb. 3 (afternoon)—Dr. H. C. Taylor, Chief of the Bureau of Farm Management, Washington; G. C. Creelman, president of Ontario

Agricultural College. Evening—Dean Vivian; Kenyon L. Butterfield, President Massachusetts Agricultural College.

Wednesday, Feb. 4 (afternoon)—Henrietta Calvin, Bureau of Education, Washington, D. C.; Dr. P. W. Gamsahl, President of Armour Institute, Evening—Dean Vivian; Rural Play Demonstration, "Just Plain Jones."

Thursday, Feb. 5 (afternoon)—Dr. C. V. McCollum, John Hopkins University; A. J. Kiernan, Bureau of Animal Industry, Washington, D. C. Evening—Dean Vivian; Governor Frank O. Lowden of Illinois.

Friday, Feb. 6 (afternoon)—H. J. Howard, President National Farm Bureau; A. F. Lever, Member Federal Farm Loan Board.

Eleven state agricultural associations

will hold meetings during the mornings, to which the general public is invited. These meetings will take up various problems of importance and interest to rural men and women of the state.

**IN THE NEIGHBORHOOD**

**ITEMS GATHERED HERE AND  
THERE THAT WILL BE OF  
INTEREST TO OUR READERS**

The Towar Wayne County Creamery Company is building a new plant at Fowlerville, equipped to handle 100,000 pounds of milk daily, also for making cheese and other products.

H. S. Doerr has taken the agency for the John Deere and International Harvester Co. lines of farm tools and implements for this territory and is receiving his stock.—Northville Record.

John W. Phillips asks of the city of Pontiac, \$20,000 damages for the death of his seven-year-old daughter, Edith, who fell into an open manhole of the city's main sewer Nov. 20, 1919, and was drowned.

Livingston's Board of Supervisors voted to spend \$300 for a bronze tablet to be placed on the southwest corner of the courthouse. This tablet is to honor the Livingston county boys who lost their lives in the late war.

Northville's new street lights were "tried out" Tuesday afternoon, and proved very satisfactory. The new system of lighting makes a decided improvement in the appearance of the business section.—Northville Record.

The date of the next dancing party to be given by Nankin Chapter, O. E. S., has been set for Tuesday, February 17, at the Masonic temple. This party will be featured as a colonial ball, guests to appear in costumes of the Colonial period if they so desire.—Wayne Weekly.

Mayor Couzens of Detroit, has again shown his love for children in furnishing a dental room at the Michigan Hospital school. The room is finished in white enamel and the dental tools, etc., are all new, and Mr. Couzens is paying a dentist from Detroit to do the work.—Farmington Enterprise.

Aratus D. Ford and wife of Plymouth, are spending the winter in George W. Moore's tenant house, while Mrs. Ford is teaching the school in that district, which is known as the "Mt. Pleasant." Mrs. Ford was one of the editor's teachers when he was a small boy.—Romulus Correspondence in Belleville Enterprise.

F. J. VanAtta sold to L. W. Lovewell, Tuesday, 16 hogs he had been fattening at the slaughter house, that weighed 5220 pounds, and for which he was paid \$730.80. This was about as nice a bunch of pork as has been shipped from here in some time, as they averaged 326 pounds each and all were about of a size.—South Lyon Herald.

The American Bell & Foundry Co. of Northville, has declared a 15 per cent dividend on the capital stock of \$50,000. The stockholders voted to sell the power dam rights to the Henry Ford Company for \$6,000, and the bell part of the company's business to the J. R. Foote Foundry Co. of Fredericktown, Ohio, for \$10,000. The American company is all locally owned, and it will go more extensively into the manufacture of furnaces.—Michigan Investor.

**Baptist B's**

The annual meeting of the Ladies' Aid was well attended, and the report of the year showed excellent work. About \$360 was raised during the year, and a good interest was maintained in all activities of the society. Mrs. Murray was re-elected president; Mrs. Beals, secretary, and Mrs. Daily, treasurer.

New members are coming into the church. One was received for baptism at communion service, and others are planning to come soon.

We are approaching the time when everybody thinks of Abraham Lincoln. An evening service will be devoted to his memory some time in February. Watch for the date and be sure and attend. Read all you can on his life and about his spirit. We need it these days.

Baptists are planning a memorial to Roger Williams in the form of a church in Washington. This nation owes much to this man, who was the first to establish a refuge for liberty of conscience in America, and whose contemporaries wrote freedom into the constitution of the United States so largely. We will give a history of that movement soon. Don't miss it.

**WATER TAXES DUE**

The water taxes for the six months ending July 1, 1920, are now due and payable at my residence, 1022 Penniman avenue, Fridays and Saturdays from 1 to 5 p. m.

WILLIAM T. RATTENBURY,  
Treasurer.

**NOTICE**

The timber lands owned by Sewell Bennett, E. C. Hough, E. J. Corbett and C. H. Bennett has been declared a State Game Preserve, and any trespassers found on this property will be prosecuted to the fullest extent of the law.

(Signed) THE OWNERS.

**Feet Drag?**

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

**Foley Kidney Pills**

Health affects of kidney and bladder troubles by removing the cause. They are healing and curative. They clean up and preserve the system. They relieve backache, rheumatism, neuralgia, sciatica, etc. They are sold in all drug stores.

**AN ASTONISHING RECORD**

A new world's record for the sale of farms in a single year became known yesterday, when E. A. Strout, local agent for the E. A. Strout Farm Agency, received official notice from the home office, 150 Nassau street, New York City, that the sales agency for the year 1919 numbered 3668 with an aggregate value of just \$17,996,400.

This is the greatest volume of business, by a large margin, ever done in a single year by any farm agency anywhere. The nearest approach ever made to it, probably, was by the Canadian Pacific Railway Company, which in one year it sold \$12,000,000 worth of land to settlers. But much of the land sold by the Canadian railroad was wild and unsettled, while the whole volume of the Strout Farm Agency business was in improved, going farms.

A recent issue of "Printers' Ink," the leading advertising magazine of the country, in an article describing the peculiar genius as an advertiser of E. A. Strout, the founder and still the head of the agency, referred to the work as an "epoch-making advertising campaign, which has built up a nationwide business of more than \$17,000,000 a year."

"During the twelve months of the past year," says the article, "its advertising, running in practically all the leading newspapers and magazines of the country, have brought 151,356 written replies from prospective farm buyers, and 18,983 men and women who have read the advertisements have called in person at the general offices." Many thousand customers went directly to agents in the field without first calling at any of these offices.

The general offices are located in Atlanta, Boston, Chicago, Detroit, Jacksonville, Kansas City, Mo.; Meridian, Miss.; Minneapolis, Philadelphia, Pittsburg and San Francisco. The home office occupies the twentieth floor of the big skyscraper at 150 Nassau street, New York City.

In a statement to "Printers' Ink," in partial explanation of his success in building up the biggest and most effective farm-selling organization in the world, Mr. Strout said:

"If we were running a retail store we would get the best corner of the busiest street, if we could. We would crowd our windows with the most alluring offerings we could get. We would troll the people down there by the most attractive advertising we could write. We would have the entrance direct from the sidewalk without a step up or down, and we would have the best sales people we could find behind our counters."

"Well, we have to come just as near that as we can in selling farms. We have to have the goods—everywhere. We have to give service everywhere. And we have to let the people know it—everywhere."

At the same time, in furtherance of his policy to "let the people know," Mr. Strout announced that he had doubled his advertising appropriation for 1920 as compared with 1919 and was looking forward to another record-breaking year in sales.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

**MOLINE UNIVERSAL TRACTOR**  
It Solves The Farm Help Problem

Harvesting is quickly over with a Moline-Universal Tractor, Model D, one man with an 8-foot grain binder, harvesting 25 acres a day, or with a corn binder, 10 acres a day.

The Moline-Universal attaches direct to the binder, and forms a single, compact unit with it that is controlled by the operator from the seat of the binder, where he must sit in order to do good work. The outfit is as easily handled as with horses, stopping, backing, going into corners and turning with ease. With the Moline-Universal one man does cleaner, faster, and better work than other tractors do with two men.

For threshing, the Moline-Universal develops 18-horsepower, enough to pull a 24-inch grain separator or a 16-inch ensilage cutter. This belt power is also available for any other work, such as running a corn sheller, feed grinder, wood saw, clover huller, water pump or electric lighting plant.

Harvesting and belt work, however, are not the only things the Moline-Universal Tractor can do. With it one man plows 9 acres a day, discs 27 to 33 acres, harrows 76 acres, plants 20 to 40 acres, cultivates 14 to 20 acres, mows 25 acres, rakes 25 to 40 acres, and loads 12 acres of hay.

The high clearance of the Moline-Universal, 89 1/2 inches, makes it perfectly adapted for cultivating, one man cultivating two rows at a time at all stages of the crop. The tractor is light, yet it has power to pull two 14-inch plows at considerably more than average speed, all its weight being traction weight.

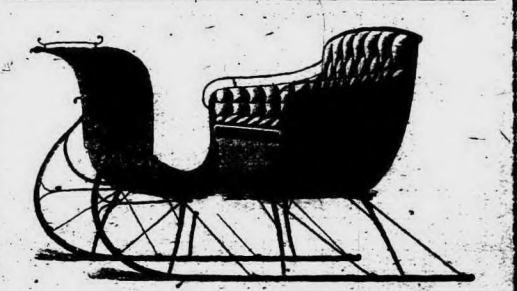

The Moline-Universal Tractor will work every day in the year. It does not plow and prepare your seed bed, and then rest while your horses do the planting, cultivating and harvesting. That is why the Moline-Universal really replaces horses, and by enabling one man to do four and five times as much work as before, and solves the farm help problem.

The construction of the Moline-Universal is the most advanced on the market. Perfected four-cylinder overhead-valve motor, electric starting and lighting system, and complete enclosure of all working parts are only a few of the leading features. Examine this machine for yourself at our place of business.

**BIRD'S SONG IDENTIFIES IT**

Once Heard, One is Not Apt to Forget the Trill of the Beautiful Dickcissel.

As far as we are informed, there is but one American bird whose song can be heard above the roar and rattle of a swiftly moving train, when the receiving end is on the said train.

You may be "jazzing" along at sixty or seventy miles an hour in your comfortable Pullman seat, and over the tremendous hum and racket of the steel caravan will come to you from the little feathered fellow on the telegraph wire outside the incessant song of hot-weather joy.

"Dick! Dick! Dickcissel!"

Or, if you prefer another analysis: "Chip! Chip! Chee-chee-chee!"

So the Dickcissel has a distinct stunt of his own—something that no other bird can imitate or rival. Sometimes we think Dick is a bit proud of it, too, for he lines the railway right of way clear across the middle western and plains states in such numbers his song is ever in our ears while you are traveling.

The Dickcissel was formerly called the black-throated bunting and is a very beautiful creature as well as very useful. He is mostly of a rich yellow hue, with a black throat—but nobody need identify him by its dress, for his song is inimitable. In our experience we never heard any of the mocking birds attempt to imitate the "Chip! Chip! Chee-chee-chee!" of the hot-weather friend.

He is really a salamander of the air, too, for he is late in arriving and early in departing, and does his best vocal stunts when you and I are gasping beneath an electric fan. He eats lots of bugs and weed seeds and is a mighty good citizen.—Omaha World-Herald.

**POETS BRAVE FIGHTING MEN**

Writers of Deathless Lines Also Won Immortality on the Bloody Fields of Battle.

What power have the sacred Nine over their loved ones to make poets take to war?

Sidney, writer of deathless lines, died a gallant soldier.

Dante defended his tenets in arms. Byron contracted a mortal fever helping to free Greece from her tyranny, and Burns was a member of Scotch dragons, with no opportunity arising for heroics that marked him a soldier. He was, however, valiant, and left what is probably the greatest war poem in all poetry. "Scots Wha Hae!" Wallace Bled!"

And now out of the great defenders of humanity in the war just being, straightened out comes D'Annunzio. Italy's bard, fighting the fight of a captain who will hold out "if it lasts all summer!"

Joyce Kilmer sleeps in France. Allan Seeger is proud "a few brave drops were ours."

And Robert Service was at the front bringing in the mangled, and has given us a poem in his "Rhymes of a Red Cross Man," entitled "Grand Pere," that will make the bravest shudder.

O, ye, who called the land to arms, ye hypocrites that gave an outburst of fine fire with your pens, reddened with shame and bow a humble head to these who, as Edwin Markham says, "fought the poetry they sang."—Milwaukee Sentinel.

**Land Question in Chile.**  
The land question, particularly as it relates to the Indians, has of late been receiving attention from those interested in the future of Chile. The tendency has been to take every advantage of these natives, who, despite the many handicaps that official and unofficial greed have placed in their way, are admitted to be making substantial progress. They have, as might have been expected, shown themselves particularly proficient in agriculture and cattle breeding. Crying evils in the administration of the lands have been pointed out in the public press, but as yet the authorities do not seem to be sufficiently interested in remedying a state of affairs that does much to alienate the sympathies of an important, if subordinate, part of the population.

**Preserving American Scenery.**  
While the members of the Associated Mountaineering Clubs of North America are not all devoted to mountaineering, they have a common bond of interest in the preservation of American scenery and in the protection of plant and bird life in their natural environment. The association is co-operating with the national park service for the creation and development of national parks and "monuments." A fine collection of literature on mountaineering has been formed by the association at the New York public library and bibliographies are being compiled and published. When this organization was founded in 1916, it embraced nine clubs and societies. Now there were 29 and the aggregate membership is over 45,000.

**Bombarding Sky With Names.**  
By means of new wireless invention it will be possible to project sounds into the air which will enable an aviator to know exactly where he is. For example, suppose he were passing over Calgary, from the moment he approached the region he would receive the message "This is Calgary" until he had left it behind him. And so on with all places over which he may pass. In this way his chances of losing his way will be considerably diminished.

Have you noticed the label on your paper? It tells how your subscription stands.

**Don't You Forget It**  
Bear in mind that Chamberlain's Tablets not only move the bowels, but improve the appetite and strengthen the digestion. They contain no harmful or irritating ingredients, and are the most reliable and safe remedy for constipation and indigestion.

**OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION**

January 19, 1920.  
Regular meeting of the commission of the Village of Plymouth, called to order by the president on the above date. Commissioners present—Barrows, Daggett, Henderson, Pierce, Robinson. Absent—None.  
Moved by Henderson, supported by Pierce, that the president and manager be instructed to communicate with hydraulic engineers as to the best plans to pursue relative to improvements in the water system. Carried.  
Moved by Henderson, supported by Pierce, that all bills in connection with the break in the water main be paid, and that a bill covering same be presented to the Wayne county road commissioners for payment. Carried.  
The following bills were presented for payment:  
W. Rider ..... \$ 41.50  
Fred Bird ..... 27.50  
Oscar Matta ..... 12.54  
Fire Department ..... 15.75  
Charles Smith ..... 15.00  
William Reddeman ..... 38.40  
Plymouth Lbr. & Coal Co. .... 27.71  
Detroit Edison Co. .... 275.40

Total ..... \$453.80  
Moved by Henderson, supported by Daggett, that the bills be allowed and warrants drawn on the proper funds for the payment of the same. Carried.

Moved by Robinson, supported by Pierce, that we adjourn. Carried.  
D. G. BROWN, Village Clerk.

ONLY 32 MILES FROM DETROIT

You can buy 80 acres, equipped with stock and tools, part rich, black muck celery and onion land, for \$5500 and only a small down payment. This bargain is located on a good gravel road that will be made a state road next summer, only 2 1/2 miles to a good railroad town having a grain elevator, milk station, store, churches and other conveniences. Hour and a half drive to Detroit; 45 acres in tillage, 3 acres rich black muck tiled drained and under cultivation; 20 acres timber containing a maple grove and hundreds of corn of wood; 15 acres (besides the woods) heavy pasture capable of caring for 10-15 head of stock and watered by a spring fed brook; milk route by the door. A five-room house with a cellar that never freezes; telephone, daily mail route, fine water and in a good neighborhood. Two good barns, each with a stone basement; stanchions for six cows; two horse stalls, two box stalls, granary, large hay mows, hay fork, living spring in barnyard. A fine new concrete milk house, with cooling tank and cream separator. Chicken house, tool shed and corn crib. On account of the owner's health this farm is too large for him to work, and he offers to sacrifice it for \$5500 and include his stock and tools, consisting in part of 4 fine milk cows, 1 heifer, a team of horses, a good wagon, hay rack, mower, rake, 3 drags, land roller, drill, 4 cultivators, 2 incubators, 2 brooders, etc., and all the hay, straw, and feed for winter use, and only requires a cash payment of \$2500. Ask about 55 when you write or call.
