POLICE CHIEFS VISIT PLYMOUTH

WAYNE COUNTY ASSOCIATION HELD MEETING HERE LAST WEEK THURSDAY, MAY 3.

VILLAGE AND CHAMBER OF COMMERCE ENTERTAINS VISITORS WITH DINNER AT HOTEL MAYFLOWER.

The Police Chiefs' Association of Wayne County were entertained here last week Thursday at the regular monthly meeting of the association...

During the serving of the dinner the High School orchestra rendered several selections, as did also Chief of Police Miller of Belleville, which were greatly appreciated.

Each one of the guests was presented with a beautiful bouquet from the Kiwanis club before they entered the dining room.

After the serving of a most excellent dinner Allen A. Horton, president of the Chamber of Commerce, introduced Captain Edward Doniston, superintendent of the Detroit House of Correction...

R. F. Valentine sang two selections which were greatly appreciated. He was accompanied on the piano by Miss Gladys Schrader.

Mr. Horton then introduced J. W. Henderson, president of the village commission, who welcomed the visitors to Plymouth and expressed the pleasure that our citizens felt in having the association meet here.

It was one of the most successful meetings that has ever been held by the association, and Chief of Police George Springer, local member of the association, and Perley Deal, of the Chamber of Commerce...

George Macomber Passes Away

George W. Macomber, a life long and respected resident of Plymouth and vicinity, died at his home on Amelia street, May 7, 1928, aged 72 years...

FERNMAN ALLEN THEATRE CHANGES SCHEDULE

The Fernman Allen theatre has adopted a new schedule of show dates for the summer months...

St. John's Episcopal Has Resident Rector

Rev. Oscar J. E. Seitz, the new rector of St. John's Episcopal church, preached his first sermon in the local church last Sunday...

This is the first time in the history of the local church that it has had a resident rector, the church being supplied by rectors from other nearby churches...

Rev. and Mrs. Seitz are nicely located in the residence at 853 Ross street.

Mother and Daughter Banquet

Three hundred mothers and daughters assembled in the High School auditorium Tuesday evening, May 8th, for the annual mother and daughter banquet...

As they marched into the banquet hall, long decorated tables met their gaze. This year the decorations were carried out in nature's spring-time beauties...

Partaking of dinner was first on the program. The banquet dinner was prepared by the Methodist ladies and efficiently served by members of the boys' clubs, Hi-Y and Torch club.

The Girl Reserves and Campfire Girls wish to extend their thanks to all who so co-operatively assisted in making the banquet a success.

At this point all of the toasts had been given and Dr. Bell, the speaker of the evening, was introduced. She is director of the women's physical education at Ann Arbor.

PERRY W. RICHWINE ADMITTED TO PRACTICE IN CIRCUIT COURT

Last Tuesday morning, the court room of Judge Theodore J. Richter, presiding judge of the Wayne County Circuit Court...

Secretary Richwine of the Plymouth Club conducted a "quiz" during which he asked a number of the members of the local club questions pertaining to the work and accomplishments of the organization...

Mr. Richwine has been a member of the firm of Richwine Bros. for the past three years, and will continue this affiliation in connection with the practice of law.

DETROIT NEWS CHORISTERS COMING TO PLYMOUTH

Back row, left to right: Carl G. May, baritone; Philip M. Moncur, baritone; Gordon Lockard, second tenor; Sebø Doornkaat, bass; Albert Riibling, second tenor and manager; Ervin C. Ruprecht, bass; Dawson Brubaker, baritone; Harry Cline, baritone; Hugh T. Galbreath, bass; C. D. Baxter, first tenor.

Everything is in readiness for the first appearance of the Detroit News Choristers in Plymouth on Monday evening, May 21st, and local music lovers can well know that a real treat is in store for them.

Among the audiences before which the choristers have recently appeared may be mentioned the Detroit Y. M. C. A. New Year program, where they put on a full concert.

The Detroit News Choristers were organized in January of last year, but it was not until four months later that they appeared in public...

LOCAL KIWANIS VISIT CHELSEA CLUB

SUPPLIED A PEPPY PROGRAM—COLLECTED MANY FINES AND ALL HAD A MERRY TIME.

About twenty members of the Plymouth Kiwanis Club paid a visit to the Chelsea Club on Monday evening, and provided the program for the meeting and the gathering was a peppy affair from start to finish.

At the conclusion of the dinner, President L. P. Vogel extended a cordial welcome to the visitors and turned the direction of the meeting over to President Jolliffe of the Plymouth club...

DEATH OF MRS. JAMES HORAN

Mrs. James Horan passed away at her home at 465 Starkweather avenue last Monday evening after a few days' illness of pneumonia.

Mrs. Horan was held from the Lutheran church today, Friday, afternoon at 2:00 o'clock.

MOTHER'S DAY

There has of late been a movement to change the designation of "Mother's Day," as applied to May 13 to "Parents' Day."

ANOTHER ONE GONE.

We always want to give credit where it is due, and right now a considerable share of it is due the automobile clubs of the country for having waged a fight, and a successful one, against the excise tax on automobiles. It will not affect Plymouth citizens who have already bought cars, but as soon as it goes into effect it will save many dollars for new purchasers. The government has been collecting, since the war, an excise tax on every car leaving the factories. The makers did not pay it; the dealers did not pay it. It came out of the pocket of the purchaser, and in addition to the cost price of the car. This excise tax, based on the selling price of the car, averaged about \$18 on a car. Since other war taxes were being reduced and abolished, the auto clubs of the country demanded that this tax also be dropped, and they have waged a hot fight in congress. It won't be long now until at least \$18 will stay in the pocket of every man buying a car, and any organization that saves a man \$18 these days is entitled to credit.

BIG CORN YEAR.

Nobody can tell what will happen between now and corn harvesting time next fall, but if nothing does happen to reduce the harvest it is going to be the biggest corn year since the war. That is the general opinion of crop experts who are in touch with the acreage already seeded to corn. They declare that in some sections where wheat and other crops have had the most attention, many farmers are turning to corn on an extensive scale. What effect a record crop will have on prices is too well known for comment; but maybe it will serve to boost the price of wheat to a point that will more than make up for a slump in corn prices caused by over-production. At any rate, they say it is going to be the biggest corn year since the war, if nothing happens to it, and no matter what comes, we'll find some way to take care of it.

RADIO AND STORMS.

Many Plymouth people who have felt that there was something wrong with the weather during the past few years, and who have differed in opinion as to cause of it, will be interested to know that a new theory for it is now being advanced. Captain Parker, master of one of the largest liners on the Atlantic ocean, is being quoted in daily papers as declaring that radio is back of it. He has been making a study of weather conditions for many years, and says he has proof to back his assertions. In recent years, he contends, as radio has been developed and perfected, storms have increased in violence, both on sea and land. In his opinion the electrical waves form a network of conflicting forces moving in every direction through the air, and these not only precipitate wind but strengthen the velocity of the wind, and create other disturbances.

The general opinion in this section has been that seasons have been changing on account of the rapid cutting of forests. No one, however, has thought to blame it on the radio, and yet it sounds reasonable. It may be, after all, that man is working to his own disadvantage by setting up artificial forces that are interrupting nature's plan, and that in interfering with her method of sorting out the weather he is bringing storms upon his head. Who knows but there may be such a thing as being too smart?

A GOOD ARGUMENT.

We recently heard a story that is worth passing on to our readers because it touches on good roads, a sub-

ject of vital interest to everyone in Plymouth. Men were seeking a right-of-way for a road in the Kentucky mountains. Some were giving it freely, others were charging for it. One old pioneer, when told the highway would run right through his garden, said: "Go ahead. Take the garden. Move the house if you want to, and I'll even pay the expense of moving it. I've hauled truck in the mud for 40 years and now I'm through. That's my answer."

Every year finds good roads supporters more numerous in this section. More and more our people are coming to realize that our salvation so far as prosperity and living conditions are concerned depends on the kind of highways we have, and the number of them. That being true, it is a bad idea for anyone to stand in the way of progress by contesting a right-of-way. If it is impossible to donate the land, then cut the cost to the lowest possible figure. No man can afford these days to block a highway improvement, because when he stands in the way of road-building he is standing in his own light.

The old Kentuckian set a good example for the people of every community as well as his own. Let us hope that the same spirit will prevail in this section at any time, and every time, there is a road-building proposition on foot.

NETHEM WINS FIRST GAME OF SEASON AGAINST MICHIGAN A. C.

Last Sunday at Keego Harbor, Tom Remus pitched a six hit game, and struck out ten, and with the support given him, won a great and interesting ball game from the Michigan A. C., colored baseball team.

This was the best game of the current season, and also the most interesting, according to our Plymouth fans' reports.

At the beginning of the third inning, Peter, our third baseman, was hit by a bad bounding ball off the bat of Boyd, and he was removed from the game.

Next Sunday, May 13, Nethem plays at Pinckney, against the Pinckney Baseball team. We wish to announce to our Plymouth fans that this is our last game away from home, for a couple of months. May 20th, the Victory A. C. of Pontiac will be our opponents.

Don't forget, next Sunday we play at Pinckney at 3:00 p. m.

WILL OPEN STORE IN SOUTH LYON

A new confectioner is soon to do business in South Lyon. August Miller of Plymouth has rented the Holloway building, formerly occupied by the Vincour Brothers and expects to open a store in confections and light lunches a week from Saturday, May 12.

Mr. Miller has been in store business in Brighton and Milford, and in February of this year sold out his grocery at Plymouth.

He expects to move here with his wife and daughter the first of next week, and will occupy rooms in the Darling house which the Babcock family have just vacated.—South Lyon Herald.

ROTARIANS HEAR PAUL KING

The Plymouth Rotary Club members heard a splendid talk at their luncheon hour last Friday, by Paul King, past district governor and a past director of Rotary International. The meeting was along the line of Rotary education, and Mr. King directed his remarks to things pertaining to matters dealing with Rotary, its aims and purposes. Paul is an interesting speaker, and is always a welcome guest of the local club.

AT THE THEATRE

"TWO ARABIAN KNIGHTS"

The United States army, as represented by Sergeant McGaffney and Private Phelps in "Two Arabian Knights," attains its objective, as always, in this great film from United Artists, which comes to the Penniman Allen theatre, Sunday and Monday, May 13 and 14. The objective in this instance is the attainment of an unbroken storm of laughter and the two doughboys, like the marines, have the situation well in hand.

Unlike the great war pictures now current, "Two Arabian Knights" does not attempt to mirror the conflict and its sadness, nor to point a moral. The war is stressed but little and that for its humorous incidents only, and then, at the close of conflict, these two natural enemies of an infantry company, the "top kick" and a "huck private," find themselves thrown together unwillingly in a series of situations that make them "buddies" in spite of themselves.

William Boyd, whose rise to the top of film popularity has been phenomenal, plays the stellar role, that of a rich young soldier who falls in love with an Arab maid of high rank, after peculiar circumstances at the close of the war have placed the doughboys in her hand. It is really Boyd's first attempt at comedy on a big scale, his previous experience having been in heavier drama. But those twinkling eyes and contagious smile have their place, too, in the lighter subjects, as he amply proves in this production.

Mary Astor, as always, makes a beautiful leading lady and the Arab costumes enhance her charm.

To Louis Wolheim, the stage star, who was the original Captain Flagg in "What Price Glory," must go a large part of the comedy credit.

The film is really funny—hilariously funny to those who served through the conflict and to whom each incident will bring back the memory of an actual occurrence in some form or another. It is filled with laughs and thrills for everyone and there isn't a suggestion of a tear anywhere in it.

"Two Arabian Knights" was made by Caddo Productions for United Artists. Lewis Milestone directed under supervision of John W. Conslidine, Jr.

"HANGMAN'S HOUSE"

John Ford, Fox Films director, has added another notable photoplay to his list in "Hangman's House," magnificent Fox production which comes to the Penniman Allen theatre, Wednesday, May 16th.

Victor McLaglen plays the stellar role of Citizen Hogan while June Collyer and Larry Kent have the featured romantic leads with Hobart Bosworth and Earle Foxe in strong supporting parts. The picture may be rated as one of the most spectacular Ford has made in his seven years' association with Fox. In addition to the principals, D'Arcy Corrigan and many other outstanding players are in important roles.

Based on Donn Byrne's best-seller, "Hangman's House" is typically Irish and, in common with virtually all pictures directed by John Ford, is packed with human interest and bristles with action.

Briefly, the story is that of an adamant old Irish Chief Justice who, as "Jimmy the Hangman," insists that his one daughter shall wed a man she dislikes rather than the man of her choice, in the person of Larry Kent, who is cast as Dermott McDermott.

When her father dies, shortly after a midnight ceremony in the chapel of "Hangman's House," June Collyer, as Connaught O'Brien, suffers untold agony as the unwilling bride of John Darcy, as depicted by Earle Foxe. Darcy, who is concealing a checkered career, is trailed to Ireland by Citizen Hogan, played by Victor McLaglen. Connaught wonders why Darcy fears the mysterious Hogan but is kept in doubt until the day of the annual steepchase in which Connaught has entered her favorite horse, The Bard of Armagh. Darcy, betting against The Bard, is infuriated when Dermott rides The Bard to victory. Darcy shoots The Bard and is exposed by Hogan as the man who has wronged Hogan's sister in Paris. Gripping sequences pile up in preparation for a smashing climax. This is the most, smashing climax.

"TELL IT TO SWEENEY"

A new comedy team has appeared! Chester Conklin and George Bancroft, will show audiences at the Penniman Allen theatre, Saturday, May 19th, just what they can do in the exacting art of creating laughs, and they proved themselves masters in that line. We have found Wallace Beery and Raymond Hatton an ideal pair of fansters, and now comes this second Paramount team who bid fair to rival the popularity and box-office success of the Beery-Hatton combination.

Conklin and Bancroft have an excellent vehicle in which to make their joint debut. Titled "Tell It to Sweeney," it is a story of railroad life and is filled to the brim with pep, action and real comedy. There are thrills, too, and there is romance. The picture has everything audiences want.

The story has a well-defined plot, centered about two principal characters, Luke Beamish, haughty engineer of another day, and Cannonball Casey, a modern throttle-pusher whose ego and Hercules strength stir the

wrath of the veteran. Conklin plays Luke, and the hefty Bancroft is cast as Cannonball, a character that brings to mind the original "Casey" of melody fame. Luke has a daughter, Doris, played by Doris Hill, and Cannonball becomes infatuated with her despite the fact that the son of the railroad's owner, Jack Luden, is her favored suitor. Luke, being the operator of an ancient locomotive, is naturally jealous of the blustering Cannonball, so he doesn't favor the latter's suit. And when the youthful suitor fails to appear to wrestle the mighty Cannonball it is up to Luke to throw him. You'll have to see the rest to appreciate its qualities and quantities of chuckles.

LITTLE FALLS, N. Y.	2.10
EVANSVILLE, IND.	1.95

The rates quoted above are Station-to-Station Day rates, effective from 4:30 a. m. to 7:00 p. m.

Evening Station-to-Station rates are effective from 7:00 p. m. to 9:30 p. m., and Night Station-to-Station rates, 9:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same as all lines.

NO. 157484
STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE
IN CHANCERY
CHARLES DECKER and EMMA V. DECKER, Plaintiffs, vs. JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER and their unknown heirs, devisees, legatees and assigns, LOUISE WALKER, MARY RY WALKER and unknown defendants, Defendants.

At a session of said Court held in the courtroom in the City of Detroit, in said County on the 20th day of April A. D. 1928. Present: The Honorable Joseph A. Moynihan, Circuit Judge.

It appearing from the sworn Bill of Complaint herein, and the affidavits filed in this cause that it cannot be ascertained in what state or county JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER and their unknown heirs, devisees, legatees, and assigns, LOUISE WALKER and unknown defendants, or any of them, reside; also that none of them are known to be living, and further that after diligent search and inquiry the names of the persons who are included as defendants in said Bill without being named, are unascertainable.

NOW, THEREFORE, On motion of Roger J. Vaughn, attorney for the Plaintiff, IT IS ORDERED that the defendants, JAMES T. TAFFT, DAVID TAFFT, STEPHEN S. TAFFT, LAURA A. TAFFT, JOHN YORK, MARYETTE JONES, MARIETTA CLARK, GEORGE BROADFOOT, LOUISA WALKER and their unknown heirs, devisees, legatees, and assigns, LOUISE WALKER and unknown defendants, and each of them, cause their appearance or appearances to be entered in this cause within three (3) months after the date hereof, and on default thereof the Bill of Complaint recited in this cause be taken as confessed by such defendants as shall not have caused their appearance to be entered, and

IT IS FURTHER ORDERED, that within twenty (20) days of the date hereof plaintiff cause a copy of this order to be published in The Plymouth Mail, a newspaper of general circulation in said County, and that such publication be continued once in each week for six (6) successive weeks.

JOSEPH A. MOYNIHAN,
Circuit Judge.
EDWARD R. HARRIS, Deputy Clerk.
This action is brought to quiet title to land in the County of Wayne, State of Michigan, more particularly described as follows, to wit: One certain piece of land containing about 6 acres, in the same more or less off of the Southwest corner of the East 1/2 of the West 1/2 of the Northeast 1/4 of Section 32, being the same piece of land which was deeded by Eber Patee to George Broadfoot the 29th day of December, A. D. 1851, and recorded in Liber 72 Folios 589 and 590, Wayne County Records. Also that other piece of land described as follows: Commencing at the Southeast corner of the above described lands, thence running North on the East line of said lands to the center of a public highway known as the Ann Arbor Road, thence along the center of said Road far enough that by running a line southerly to the South line of 1/2 section, thence West to the place of beginning, shall contain 6 acres of land.

Also that certain tract or parcel of land known and described as follows: The East 1/2 of the West 1/2 of the Southeast 1/4 of Section 32, excepting therefrom 10 acres on the South end thereof and supposed to contain 30 acres, more or less, excepting from the entire tract above mentioned 2.8 acres north of the center of the present Ann Arbor Road, recently conveyed to Board of County Road Commissioners for Wayne County, Michigan, by deed recorded in Liber 1821 on Page 324 of records, April 10th, 1924, and

Land situated in the Township of Plymouth, County of Wayne, State of Michigan, described as South 10 acres of East 1/2 of West 1/2 of Southeast 1/4 of Section 32, Town 1 South, Range 8 East. Dated, April 20th, 1928.

UNION CHAPTER HELD ANNIVERSARY BANQUET

NEARLY 200 PRESENT AT AFFAIR GIVEN IN NORTHVILLE HIGH SCHOOL.

Nearly 200 members of Union Chapter and their wives and friends attended the banquet last Friday evening, given on the sixteenth anniversary of the organization of that lodge in the high school gym. One of the oldest in Michigan, as well as one of the strongest in a community of this size in the state, Union lodge has for over half a century been one of the chief centers of fraternal activity in Northville.

Its membership comprises residents of not only Northville, but Plymouth and Farmington as well. It was shortly before 7:00 o'clock when Ray VanValkenburgh, who presided as toastmaster, opened the program of the evening. The dinner, served by the ladies of the Methodist church, was a most delicious one. During the serving, members of the Plymouth high school orchestra provided a very pleasing program. The young players were introduced to the guests of the evening by Karl W. Hillmer of Plymouth, a past high priest of the chapter and one of its most active members over a long period of years.

Mr. Hillmer stated that he was indeed proud to be able to bring the young players to Northville. He declared that he was especially pleased with the progress that had been made by the young people in a musical way, and that he was sure the visitors of the evening would be delighted with the music provided. The selections they played were excellent.

In fact, the entire musical program of the evening was above par. The vocal numbers were provided by the Hudson Ladies' quartet from Detroit. So insistent were the guests in the applause that many extra numbers were given.

Proceeding the illustrated talk on a trip to the Holy Land by George W. Leedle, grand lecturer of the grand chapter in Michigan. Mr. Hillmer gave a brief history of Union chapter, which was of more than ordinary interest to the members present. Following are life members of the organization: Spencer Clark, Alex. B. McCullough, Herman E. Lake, Bartley A. Wheeler, Charles A. Sessions, Dean F. Griswold, Charles Booth, Frank N. Perrin, Wm. W. Thayer, Lewis C. Sherwood, Louie A. Bahitt, Stephen W. Carrington, Marlon A. Porter, John M. Shank, Delos Leavenworth, Edward C. Leach, Herbert D. Dean.

The Union chapter has a large number of living past High Priests, several of them being present. Following are the names of living past High Priests: 1890 Alex. B. McCullough 1902 Lewis P. VanValkenburgh 1903-1904 Spencer Clark 1905 Charles Booth 1906 Dean F. Griswold 1907-1908-1910-1911 Harry A. Boyce 1909 Mark R. Ladd 1912-1913-1914 Wallace Grace 1916-1917 Thomas R. Carrington 1918-1919-1920 Karl W. Hillmer 1921 James N. VanDyne 1922 William D. McCullough 1923 Joseph Grace 1924 Charles R. VanValkenburgh 1925 Daniel F. Murray 1926 Osmond D. Yerkes

The talk given by Mr. Leedle was interesting. He displayed some excellent colored pictures of historic places in the Holy Lands and told of their connection with early Masonic history. Northville Record.

Village Commission Held Busy Session

The village commission met in regular session Monday evening, and transacted the usual routine of business. One of the most important matters taken up was the report of the special committee appointed by the president to make a study of the water rates and to recommend adjustments to the existing schedule of rates with a view of making same more equitable to all classes of water consumers. The following is the proposed rate adjustment of the committee:

Proposed Rate Adjustment
Initial 25,000 gallons @ 25c per 1,000 gallons.
Next 75,000 gallons @ 20c per 1,000 gallons.
All above 100,000 gallons @ 10c per 1,000 gallons.
Hydrant rental, \$25.00 per hydrant. (100 hydrants).

The following brief analysis of the income to be available under the proposed readjustment of rates indicates what the costs will be to the various classes of consumers, and how the total income to be available will compare with our known financial requirements:

Domestic Users (1251)—Average consumption, 10,000; average bill, \$3.10; total quarterly income, \$3,878.10; total income per year, \$15,512.40.

Intermediate Users (60)—Average consumption, 41,480; average bill, \$10.45; total quarterly income, \$609.00; total income per year, \$2,436.00.

Industrial Users (19)—Average consumption, 687,787; average bill, \$86.53; total quarterly income, \$1,644.07; total income per year, \$6,576.28.

Total quarterly income, \$6,131.17.
Total income per year \$24,524.08
Hydrant Rental (100 hydrants) 4,000.00

Total Income \$28,524.08
Actual Requirements, as per study 28,201.12
Income per 1,000 gallons under this schedule, 17.05 cents. Costs per 1,000 gallons as per study, 16.85 cents.

The average rate to each class of consumer under this adjusted schedule will be as follows:

Domestic 31. c per 1,000 gallons
Intermediate 24.47c per 1,000 gallons
Industrial 12.40c per 1,000 gallons

It is further suggested that domestic consumers outside the corporate limits of the village be required to pay, as they formerly did, twice the rate in effect within the village.

It was recommended to the commission that the above adjustment of the water rate schedule be adopted for the following reasons:

1. It promises to adequately meet our financial requirements as estimated upon the basis of past experience.
2. As a compromise between the extremely low rates prevailing in the past, and the schedule of rates now in effect, it provides rates which we consider to be just and equitable to all classes of water consumers.
3. The adjustment proposed is based upon carefully determined facts worked out in a previous study, and a thorough consideration of all phases of the water rate question by our present committee.
4. That the rate is eminently fair and reasonable is indicated by the following comparison with rates prevailing in other cities:

	Steps of Schedule	1	2	3
Plymouth		.25	.20	.10
Flint		.30	.22	.16
Toledo		.24	.13	.12
Pontiac		.25	.167	.125
Highland Park		.167	.083	.093
Dearborn		.20	.10	.10
Wyandotte		.16	.10	.10
Hamtramck		.208	.133	.093

The report of the committee was accepted by the commission, and ordered placed on file, Commissioners Henderson, Nutting and Shear voting yea, and Commissioners Fisher and Pierce nay.

An ordinance to amend an ordinance now in effect, relative to adopting the proposed new water rates, was given its first and second readings.

Five petitions bearing the names of 190 taxpayers, was presented to the commission protesting against a change in the rates effective April 1, 1928, and requesting that they be given a fair try-out and results submitted to the public before these rates are changed.

A motion was made and supported that the petitions be laid upon the table indefinitely, Commissioners Henderson, Shear and Nutting voting yea; Commissioners Fisher and Pierce voting nay.

A petition was received and signed by abutting property owners asking that Ann Arbor street be paved from the east end of Kellogg Park to Hamilton street. The petition was granted. Another petition was presented asking that Williams street be paved from Harvey street to Arthur street. This petition was also granted.

Petitions were received asking that the Blunk avenue and Ann street pavings be 30 feet in width. Both petitions were granted.

Jim Hickson was a family man,
With wife and children four;
Each morn he shoveled ashes, and
And each night he shoveled more.

At last he tired of the job,
And told himself with joy:
"I've got a son that's big and strong;
I'll wish it on the boy."

This boy was wise—he used his head—
And soon he reached his goal;
He cut the ashes down one-half—
He burned old "Blue Bird" coal.

PARENT-TEACHER ASSOCIATION MEET

A splendid meeting of the Parent-Teacher association of the Central school was held in the kindergarten room Monday afternoon, May 7th.

A large crowd was present and after singing the opening number, "America the Beautiful," with Mrs. E. V. Joffe at the piano, the kindergarten band played a selection that was greatly enjoyed. It was surprising to many to note the sense of rhythm these little folks displayed. Itchard Strong, as band leader, marked the time with his baton and the drums, triangles and other instruments in turn kept time with the piano, played by Miss Wilmore.

Four little girls from the morning kindergarten class sang a lullaby and several from the afternoon class sang a number of nursery rhymes very sweetly.

A violin solo by Joe Merritt, accompanied by Elizabeth Strong at the piano, was the next number on the program.

Mr. Smith then talked in a very entertaining way of his recent trip to Boston. He said that at the convention which he attended two subjects were specially stressed: 1st, "The Function of the Secondary School," and, second, "Financing Education."

He quoted President Lowell of Harvard as saying that the function of the secondary high school is the preparation of students for college; but Mr. Smith pointed out that as only about five per cent of high school pupils enter college, it seemed to him necessary that the high school serve more than these.

Financing education by income tax rather than by property tax seems a more logical method of supporting our schools and in time it is believed this plan will prevail.

Mr. Smith then described some of the historic places he visited. He told of a vesper service he attended in the Old North church and of the reverent attitude of the people. He said he was particularly impressed by this reverence of the people of Boston and by their patriotic feeling. Another characteristic of the town different from Chicago, Cleveland and various other cities is the leisurely way in which the people go about. He told of visiting Plymouth and there seeing the monument to the forefathers which is very impressive, then of a visit to Cambridge and Harvard university.

Harvard differs in appearance from our western colleges and universities in that it is surrounded by a wall, while our college grounds are always open.

A visit was made to Lexington and Concord also. At Concord Mr. Smith saw the monument of the Minute Men, which, he says, is to him the greatest monument in the world, because of what it signifies, that the true patriot is one who while doing his own work in the world, is at the same time ready to serve his country when needed.

Miss Forsythe sang two songs in her usual charming manner, the first one being "To a Hill Top" and the second "Garden Romance," by Grant Schaeffer. Miss Schraeder accompanied her.

Altogether it was a very delightful program and much credit is due the chairman of the program committee, Mrs. Paul Nash.

The president of the association, Mrs. Buzzard, then spoke of the roundup work, which is the getting together of the children who will enter school next fall.

Thursday, May 17, at the Episcopal church house at 1:00 p. m., there will be a clinic at which these children will be given a physical examination. Any one having a child in this class or who knows of one kindly telephone Mrs. Bruce Woodbury, who is chairman for the Central school, or Mrs. A. O. Huston.

The next meeting of the association will be held June 4th and the program will be made up of suggestions for next year's work, so come prepared to express your opinion as to what would be most interesting and beneficial.

Mrs. Buzzard made known that the baby clinic will be discontinued unless funds are raised in some way to provide for it. Another problem is that of playground supervision.

Then come June 4th ready to discuss these topics and any others that you may wish to bring to the notice of the Parent-Teacher association. Light refreshments will be served.

"This is the time of year," asserts Dad Plymouth, "when a man begins thinking where he would like to go on his vacation and wondering where his wife is going to take him."
Major James Fitzmaurice, trans-Atlantic flyer, has been made an honorary member of a Chicago club which has by-laws admitting only Germans to its ranks. It's only proper that in a case like this by-laws should become pat by-laws!

Famous Swimmers Coming to Island Lake

With the advent of the summer season, sports will again prove to be the popular recreation of lakeside resorts, especially the water contests which call for endurance and skill on the part of the contestants.

Island Lake will come in for its share of water sports this season and a splendid program is already under way. Among the notables listed for Memorial day, May 30, are the following: William Erickson, New York, who won an endurance record by continuous swimming for 30 hours in the rough waters of Lake George; Mrs. Lottie Schoenmell who made the Miami pool record of 32 hours about in a world's endurance swimming contest; Miss Edith Johnson who holds a 31 hours record at Blackpool, England; Mrs. Myrtle Huddleson, another swimmer, who has an enviable record, also last but not by any means least, Mable Jackson who has won a name all his own for his prowess in the waters of the south, being a long distance swimmer with a championship record.

With such a cast as the above, those who enjoy a fine exhibition of water sports, are assured of something worth while their attention. All contestants have a past record and an enjoyable time is promised all in attendance.

SURVEY OF RETAIL CREDIT CONDITIONS TO BE MADE.

The National Retail Credit Association has recently been granted their request by the Department of Commerce of the United States Government to make a survey of retail credit conditions throughout this country, in order that a more definite understanding of actual credit conditions may be had by the merchants of the United States. The survey is to be made in conjunction with the National Retail Credit Association. As a result of the government's survey it should be possible to determine whether or not the extent to which retail credit is now being extended and indulged in, is dangerous or economically sound; and, accordingly, after analyzing the results of the survey, merchants should then be in position to continue or alter their present credit department procedures, as they may see fit. This service by the government and by the National Retail Credit Association will be an especial boon to merchants who are not in position to maintain research departments such as are being maintained by the greater stores in the country.

The National Retail Credit Association, of which the local organization, the Merchants Service Bureau, is a member, is ever endeavoring to better credit conditions and give valuable information to their members. The above mentioned is one of their most recent accomplishments. That the government should have seen fit to undertake the proposition above referred to is a very high compliment to the association and is evidence of the fact that the extent of the National's importance is officially recognized.

ANNUAL 4-H CLUB ACHIEVEMENT DAY

Come to Dearborn on Saturday, May 12th, to the boys' and girls' club achievement day, to be held in the high school auditorium.

The boys and girls will have their exhibits of clothing, handicraft and hat lunch posters. There will be a contest among judging and demonstration teams in clothing, hat lunch and handicraft in addition to the regular championships awarded in each of the projects.

Some of the Dearborn teachers are in charge of the games in the morning. The afternoon will be given over to a program arranged for the pleasure of the boys and girls followed by the announcement of county champions by Miss Sylvia Wilson and Mr. Nevels Pearson, assistant state club leaders from Lansing.

Parents and friends, come early, bring your lunch, and enjoy the day with us.

Dr. Frank Crane Says

CAPILLARY ART

Art is coming under the influence of democracy. In former times the great artists painted pictures only for churches and rich men's palaces. Statuary was intended to adorn royal courts and the mansions of the opulent and the private parks of the nobles.

Nowadays statues are being erected in public places where even the most humble and obscure person may admire them. Pictures are hung in museums which have their free days when the public is generously invited.

It is said that Michelangelo and Raphael and the other artists of that time generally painted only saints or archbishops. Gradually artists discovered that the common life of the people contained subjects quite as interesting and picturesque as the lives of the more favored.

The literature Dickens made quite an innovation when he turned his pen toward the obscure and lowly.

We all want to be rich, of course, and famous, but rich men are not interesting as they used to be. The most noted monuments to the heroes of the late war were those to the unknown soldier. It was a war won, by the way, by the heroism of the common recruit and not by the startling genius of some Napoleon.

It is a question whether a rich man should build himself a fine house, from the windows of which he can only look out upon the abodes of the poor, or build better houses for the poor that he may regard them from his windows.

Men of wealth are gradually turning their attention toward republishing the slums by better habitations.

Altogether it looks as if art, if it is to have a firm foundation, must rest upon the basis of the despised demes.

It is the fashion of the intellectuals to deride the public and to think that only a few chosen ones can appreciate or be benefited by the works of art.

The newest invasion into the ranks of art, if it can be called an art, is the motion picture. This is the most capillary of all arts. It gives to the least and lowest and provides him entertainment which heretofore was for those only who could pay from a dollar up for a seat at the theatres.

For this reason it appears that the moving picture industry, resting as it does upon the appreciation of the whole public, is firmly settled and is in line with democracy.

Dehoco Wins Second Game

A bitterly contested ball game was provided for the hardy fans who braved the chilly winds at Dehoco Park last Sunday, West Coach, Detroit Street, Railway's crack outfit, was the unwilling victims of Capt. Dennis's ball players, the game being annexed in the ninth with a savage onslaught of hits against Casazza's last inning offerings.

Dehoco opened the game with three runs, while German was holding the railroaders scoreless, but in the second and third, West Coach got to his delivery and drove in five circuits. In the fourth and fifth they put one into their tally, but were checked when Gouinman relieved German.

From the second to the seventh, Casazza held the farmers scoreless, but weakened a trifle, and the Dehoco bunch grabbed three to tie the game. West Coach came back for one in the eighth, but in the ninth failed to connect, while Dehoco staged a last minute rally to cap the contest.

Following is the box score:

Plymouth, Mich., April 24, 1928.
A special meeting of the Village Commission held in the Village Commission Room Tuesday evening, April 24, 1928, at 7:30 p. m.

Present: President Henderson, Commissioners: Fisher, Nutting, Pierce and Stewart.
Absent: None.

The purpose of this meeting was to confer informally with Mr. E. C. Shoecraft, representing the consulting engineering firm of Hoop, Decker, Shoecraft & Drury, of Ann Arbor, who was present at this meeting, relative to the appointment of the engineering work involved in the 1928 street construction program in the village. The Commission decided after such discussion to have the firm of Hoop, Decker, Shoecraft & Drury do all of the work leading up to the awarding of bids upon the entire street construction program, this work to include preliminary survey, preparation of plans and specifications and assistance in letting of contracts. Local engineers, Mr. Strong and Mr. Hamill, are to have charge of all engineering work involved in the construction of Arthur Avenue, Blunk Avenue, Ann Avenue and Adams street following the awarding of contracts for the work. They likewise are to prepare plans for all assessment districts to be made up covering the entire 1928 street improvement program.

Motion by Commissioner Fisher, seconded by Commissioner Pierce, that the Commission adjourn. Carried.
J. W. Henderson, President
A. J. Koenig, Clerk.

PROBATE NOTICE

STATE OF MICHIGAN, County of Wayne ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-fourth day of April in the year one thousand nine hundred and twenty-eight.

Present, George M. Read, Judge of Probate.

In the matter of the estate of Fred C. Long, deceased.

Jessie Long, executrix of the last will and testament of said deceased having rendered to this court her final account, and filed therewith her petition praying that the residue of said estate be assigned in accordance with the provisions of the said last will.

It is ordered, that the twenty-ninth day of May, next at ten o'clock in the forenoon at said court room be appointed for examining and allowing said account and hearing said petition.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

**PROUD OF HER BOY.
ASK P. M. WOOLEY.
SUPERSTITION AND FEAR.
THE BLOOMING SOUTH.**

The mother of Captain Wilkins who flew over the North Pole recently, is "glad my boy George has done what he set out to do. We mothers don't say much, but we feel a lot."

Mrs. Wilkins thinks her son "made more of what he learned in a little country school than many men have been able to make of a college education." He built character in that little school.

The public school is the American school of opportunity.

Have you horses or cows? Ask P. M. Wooley, builder and head of the American Kalditor Company, about his development of a vacuum cleaner for horses and cattle.

The vacuum process cleans horses and cows to perfection, better, more quickly and economically than could be done by hand.

All dust, including the hair, is carried into a receptacle by air current. Horse barns and cow stables can be kept in perfect order, production of clean milk made easier, by the new method. And grooms no longer are obliged to breathe in dust as they clean the animals. Those who can afford the machine should use it, and in dairies of any size its use should be compulsory—it takes disease-breeding flies with it.

Following the violent earthquake shocks in southeastern Bulgaria, many peasants went insane. Such insanity is caused by a combination of ignorance and superstition. An earthquake in this country, or a big fire, like that in Chicago, brings on a frenzy of rebuilding, and a boom in real estate.

We do not know much, and are not free from superstition. But we know enough not to go crazy when the earth slips and shakes a little.

With a few exceptions, like the Lisbon earthquake, superstitions fear has always been the worst part of a quake. Superstition has believed that the Lord was shaking the earth in anger. We know that old earth is only settling into her final shape, meaning harm to nobody.

The South is energetic and growing. Governor Smith of New York chose well selecting North Carolina for his golf holiday. He is studying one of the most amazingly progressive States of the Union.

These five men, northbound from Miami, got off the train at Asheville, N. C., the other day to pay their respects to the Governor: Judge Olvaney, surrogate James F. Foley, Bernard F. Gimbel, George Le Boutilier, vice-president of the Pennsylvania Railroad, in charge of its subsidiary, the Long Island Railroad, and Arthur Foran, all of New York.

They all agree that North Carolina typifies the South and American progress generally.

"The whole State," said B. F. Gimbel, "seems as closely built up as the area between New York and Philadelphia."

The Cannon Towel Mill, biggest on earth, employs 5,000 men and women. The well known H.V.D. gentlemen and the great Chicago firm of Marshall Field have enormous manufacturing plants in North Carolina. Other manufacturing institutions spring up up daily.

The State has water power practically unlimited, at low cost, an energetic working population and extremely good living conditions.

Don't overlook North Carolina in your plans.

Flood waters of the White River have overswept levees, sweeping through five counties in Arkansas. In Mississippi the Tombigbee and Luxapallia rivers are nearing the danger stage. More rain before Wednesday would mean serious danger.

Perhaps the Government will decide that \$750,000,000 invested in flood control would be cheaper than another flood.

Mr. W. S. Gilford, president of the American Telegraph & Telephone Company, will spend two thousand million dollars on new construction in the next five years. Uncle Sam is rich enough to spend one-third that amount to save crops and lives of his nephews in the Mississippi Valley.

Reggie—"Why do you envy Gladys so?"

Peggy—"She is happily married, and has two of the dearest little toy dogs you ever saw."

"Strike while the iron is hot," said Bridget, as she left, with the laundry only half done.

He—"You are the breath of life to me."

She—"Well, suppose you hold your breath for a while."

**Hints
for the
Home**
by Nancy Hart

To ring the doorbell, to open the door, to enter the house— isn't this always an adventure, when you call at another's home?

The personality of the house is first felt in the hall, which should extend a cheery welcome to the family returning from the outside, and offer to strangers as a cordial hospitality.

This may be expressed by an arrangement of bright pictures, hung at either side of a central mirror or by a larger picture, with a mirror on the opposite wall. Another plan is to hang the mirror between two lamp brackets over the hall table, with a group of color prints on another wall. Or a colorful hanging may be used above the table to provide a background for candle sticks and a pottery bowl vase.

So much depends on first impressions—and in the hall good ones can be achieved so easily!

A Nutritious Dish

Simmer together 1 cup of boiled rice, 1 cup of tomatoes. While cooking, mix together 1 pound of chopped round steak and 2 or 3 onions. Add 1 tablespoon chili powder and heat thoroughly in a skillet containing a large amount of butter or margarine. Add to the rice and tomatoes and cook for 10 or 15 minutes, stirring constantly.

Did You Know—

That a survey of public schools proved the physical development and grades of children who used stimulating drinks at mealtime were far below those of children who did not?

We should remember that weak cocoa, a cereal beverage or a fruit drink takes but an instant to prepare. Each is safe and wholesome for little folks, and, in justice to them, should take the place of other beverages that retard mental activity and growth.

Packing Picnic Salad

Next time you plan a long drive, with a picnic basket tucked away in the car—remember that salad can be kept fresh and cool if you put in an enameled ware bucket with a small bottle filled with cracked ice set in the center.

Fry Cakes the Smokeless Way

Make a little salt bag and rub the gridiron with it instead of grease; then cakes won't stick and there will be no smoke odor.

Removes Paint Spots

No matter how hard paint splatterings have dried on windows, they can be removed by rubbing the glass with boiled vinegar.

Keeping Butter Without Ice

Butter may be kept hard without ice by setting the dish in which it is contained in cold salt water. Do not allow the water to come over the top of the dish.

To Prevent Curdling

Vinegar often curdles when mixed with salad dressing. A generous pinch of salt added to the dressing will smooth it out at once.

Makes Brighter Lights

Lamp wicks soaked in vinegar and thoroughly dried will give much better light and eliminate smoke.

Saving Steps

If a holder is fastened to a tape pinned to your apron you will always have a hot dish holder handy when cooking.

Many persons work so hard at playing they have no energy left even to play at work.

HOUGH PARK—SUBDIVISION

There's a difference about Hough Park Subdivision when you compare it with other districts and communities. Not only because of its accessible location, its remarkable combination of improvements and conveniences, but in its restrictions. Nowadays the careful buyer of home sites insists upon definite assurance of the character of the community in which he is buying. And no greater assurance can be had than the uniform building restrictions fixed upon the properties of every buyer in Hough Park Subdivision. When you buy a lot in this subdivision you secure the protection of reasonable building restrictions and the assurance that the folks in the entire Hough Park Subdivision will be the kind of people you will be proud to call neighbors and friends.

**3 of
big features
found in no other low-priced six**

Offering bodies by Fisher, the Pontiac Six brings to the low-priced field not only the style and smartness, but the luxury, roominess and staunch construction in Fisher design.

Embodying the G-M-R (General Motors Research) cylinder head, Pontiac combines amazing smoothness and silence with economy of operation, using ordinary gasoline.

And providing the thermostatically-

controlled cross-flow radiator, it practically eliminates losses of water and alcohol and assures the proper temperatures for highest efficiency.

Bodies by Fisher—G-M-R Cylinder Head—Cross-flow Radiator... here are three big features found in no other low-priced six. If the New Series Pontiac Six offered no other exclusive advantages, it would still hold its rightful position as the world's finest low-priced Six.

NORTHVILLE IS BADLY DEFEATED.

Northville was in a hurry to win and Mr. Page got in Pankow to pitch the first few. Pankow didn't warm up well and Northville got two hits in the first inning and roaring laughter for Plymouth.

Plymouth stepped up and could not get anything—more laughs; then Pankow hit Murdock—and still more laughs. Plymouth laughed this time as they went up to bat in the second, and they got three hits and three runs.

This game was full of laughter, with our smiling friend, Ted Watts, pitching the last for Northville and their third baseman going to sleep and jumping at the whiz of the ball as it went out for the left fielder.

Plymouth had two extra long innings, one with ten men, in which Herick made the first and last outs, and one inning with eight men. The former contained five runs and the latter three runs, while each had two hits.

L. Simmons was hit in practice before the game, but with baseball spirit he played all the game. B. Smith did not hit his knee; then the pitcher hit him twice, putting him on base twice, the second time for which Nelson started to run for him and was cunningly put out by a "hidden man with the ball."

Lavanworth struck out two. Watts struck out nine—three in the seventh.

Pankow, our substitute pitcher, had on his winning ball—eight strikeouts, one walk and one wild ball that hit the batter.

Atkinson struck out in the third; then Lyke struck out in his place in the fifth; then Nelson struck out in Lyke's place in the sixth; then Cool struck out in Nelson's place in the seventh—all while Northville laughed at the "plach hitters."

MOTHER'S DAY GIFTS

Mother's day is nearly here. Do not fail to remember your mother on this sacred day. The domestic art classes have not forgotten and are busily preparing little gifts with which to make their mothers happy next Sunday.

The SA cooking class is going to make some delicious candy. Every mother would be proud to receive some candy which her daughter had made. The girls are very enthusiastic and each is trying to make her candy better than her friends.

Cooking classes are not the only ones able to make gifts. The 7th sewing class has also remembered Mother's day and is working diligently on all sorts of pretty things. Some of the gifts will be lace, fancy pillows, button sets, embroidered pillows and many other dainty pieces.

Let each day be mother's day. Following is a letter addressed to George A. Smith, superintendent of schools, Plymouth, Michigan:

"At a recent meeting of the city school organization called the City Reserves, the Y. M. C. A. has the honor, and if we go a step further, another branch called the Torch club. Plymouth has recently organized a Torch club for freshmen and sophomores.

Already new members have been taken into the group. Six boys signed a wish last Wednesday evening to share in the club's interests. They are K. Gust, S. Horvath, E. DePorter, T. Baughn, C. Recker and C. Root. Before the induction service all of the old members with their guests of honor decided that a ball game would prove very fitting for the occasion.

After the boys had spoken, Mr. Hadcomb, sponsor of the H.Y. club, gave a short synopsis of the H.Y.'s work in the school. There was only one person left to speak at this point, so Mr. Cobb told of Torch club's work in Plymouth. As a conclusion the induction service which is used by the Y. M. C. A. branches was used. If the new members prove as enthusiastic as promised to this club.

GRADE SCHOOL OPRETTA.

"Grandmother's Flower Garden" can make one's mind think of several different things. It may mean a beautiful old garden back of a tiny cottage, where roses are there in masses, larkspur shows from every corner and minuet music wafts into the air; or it may mean as we wish it to—a garden filled with singing children of all sizes and ages.

Miss Stader's pupils have been busy studying for the opretta, and with the help of the 5th and 6th grade girls have been making costumes for the same.

Thirteen of Miss Lapo's pupils have perfect teeth. That number is considered rather unucky most times, but it changed this time.

Miss Rundberg's kindergarten pupils have been studying projects this month, including flowers, birds and sewing on sewing cards.

CENTRAL SCHOOL.

The boys and girls of Miss Fenner's room have made a border of baskets of flowers for the blackboard.

Ernestine Harring is back in Miss Ballman's room after being absent. R. M. Hills visited the sixth grade last week.

Mrs. Halliday's pupils are making maps of Africa and are enjoying them. Thome Koenig entered the SA last Monday morning. Duane comes from Pontiac.

It Was a Fair Exchange

By DORIS KANE

(Copyright.)

JACK had loved her since she was a leggy girl of thirteen with a wealth of lovely red-gold hair banging down her back.

There were times during her progress into the realm of womanhood when if John had been her father he most certainly would have tried to reform her. Her scimmages, true climbing and other hoydenish escapades turned John's affection momentarily to the more staid of Daphne's companions.

John, being in the same category as are most truly well-balanced boys, preferred the feminine to the masculine in the girl upon whom he had set his affections.

So when John returned from his final year in college to take up his business career and found his lovely Daphne with her head cropped, sprinting about the streets in training for a cross-country run, it nearly finished the love affair.

When he remonstrated with her Daphne merely threw her cropped head up a bit.

"Of course, if you loved me for my hair alone," she told him, "your love isn't worth worrying about. And as for athletics—well, they're good for anyone."

"I didn't love you for your hair—but for the characteristics that go naturally along with a feminine and not a masculine head. In the first place, you look like the dickens with that cropped hair effect, and if I can't have a girl who is a girl and not a half of each sex, I won't have any."

"Don't be so stuffy," was Daphne's retort. "Half the girls today have cropped hair."

"And that half looks just like the half-breeds they are," was what John said. "Oh, Daphne, you were so lovely, so dainty and womanly when your lovely curls played about in the wind. There's just nothing there now for a fellow to twine his fingers in."

Then John smiled unexpectedly.

"Never mind my opinions, Daphne—you've a right to look and act as you think best."

And because Daphne really loved her big John with all the love she was capable of she slipped into his arms and smiled softly against his lapel. She triumphed nearly always with John.

Her hair remained cropped and she continued in her athletics.

John took a month away from her before starting his position in the bank.

He telephoned her on the day of his return and reminded her that the great dance at the Town hall to which she was going with him would commence sharp at nine. "I'll manage to get there about quarter to," he told her, and Daphne thought she detected a queer little laugh in John's tone.

At a quarter to nine John arrived at the big house on the hill where Daphne and her parents lived.

This maid who let him in gasped and tried not to show the astonishment she felt at sight of him.

Instead of the sleek straight hair of olden days, John's was long and had a wonderful wave in it. His shirt was of softest silk and his tie the most girlish thing in mauve silk, that anyone could want. His socks were of the same soft tint and—yes, the most delicious of sweet perfumes wafted from his person.

"Is Miss Daphne quite ready?" he asked in a simpering voice and with the coyness of sniles.

"Oh, yes, sir," said the maid. "She's been waiting—all ready."

And with that John was shown into the drawing room where Daphne was waiting with her parents.

There was no moment in John's life that he had enjoyed more hugely than the one following his entrance into that room.

Daphne's face when she saw her perfectly good John got up in his feminine dainties was a picture no artist could paint. Daphne's mother gasped, then frowned. Her father cast one look at him, then burst into a regular guffaw.

John, however, managed to give both parents a large wink and because they had always felt the same way about Daphne's masculine tastes as he did they understood at once what was in the wind.

"Oh, John," said Mrs. Thorpe, "what an improvement. Your hair is simply sweet and I do love those flowing tics. I never could see why women should have all the dainties."

"That's the stunt, old man," said Mr. Thorpe. "You look the real stuff now. I like to see a fellow keep up with the times, and half the young men of today look more like women than men. I'll bet you've got pink silk undies, too, by Jove."

"No," simpered John, and brushed the soft waves of hair from his brow. "my color scheme for tonight is mauve—all mauve. I think these sets sweet, don't you—the socks and hanky all alike. And I even have violet perfume." He turned to Daphne. "Come, precious—we'll be late for the dance."

But Daphne's face had flushed and her eyes were black with rage. "I wouldn't go to a dog fight, let alone a dance with you—like that."

"My pet, why not? Then I shall be forced to go by myself."

It took about three months for Daphne's beautiful curls to sprout again and she does no more cross-country running.

SHE HAS NO FEAR OF NITROGLYCERIN

Woman Hauls It to Fire-Fighting Husband.

Amarillo, Texas.—Her husband's dangerous vocation is shared by Mrs. Tex Thornton, wife of the man who puts out fires in the oil fields by tossing nitroglycerin into the flames. But she finds no thrill in it.

It is Mrs. Thornton's job to haul nitroglycerin to her husband. Recently she drove an automobile 800 miles over rough roads, carrying 1,500 quarts of the explosive. Scores of motorists who saw Mrs. Thornton approaching abandoned their automobiles and scurried across the prairie. But she insisted there was "nothing to make a fuss about."

Mrs. Thornton had to change tires five times before she delivered the nitroglycerin to her husband, who was fighting a costly gas fire at Corpus Christi.

"My work is just colorless routine," she remarked after the perilous trip. "Tex has all the fun, and I envy him."

"His work is really dangerous, and he accomplishes something. My lot is accidental and anybody could do it."

Thornton's "fun" consists of donning an asbestos suit, crawling to the edge of a fire crater and hurling 50 to 100 quarts of nitroglycerin into the flames. If several blasts fail to extinguish the fire, he digs deeper into his bag of tricks and gets water and steam to help him.

Mrs. Thornton also takes care of the storage of the family stock of nitroglycerin. While she does not dread the explosive, she does fear the mice and snakes which she finds in the storehouse.

Since their marriage five years ago Mrs. Thornton has been helping Tex fight the fires. Her hobby is airplanes, and she longs for the day when her husband can buy her one.

Man-Made Earthquakes

Aid Railroad Builders

Leningrad, U. S. S. R.—Man-made earthquakes, recorded some distance away upon a simple form of seismograph weighing only a few pounds, are helping Russian engineers to survey the site of the proposed Turkestan-Siberia railroad.

The method is to detonate charges of explosives underground and to record the travel of vibrations through the ground in different directions. By a minute study of the records so obtained it is possible to secure data on the geological formation of the locality.

The new seismograph invented by Prof. Paul M. Nikiforov, director of the Physico-Mathematical Institute of the Russian Academy of Science at Leningrad, is similar to one recently invented in the United States by Dr. John A. Anderson of the Mount Wilson observatory in California. Its main part, the pendulum, is a small vertical cylinder of pure gold suspended a little off center on a pair of fine wires.

Whenever there is any vibration the cylinder turns slightly. In proportion to strength of the shock. A tiny mirror attached to the pendulum reflects a beam of light on a constantly advancing sheet of photographic paper. Every turn of the cylinder, no matter how small, shifts the light spot considerably and it traces a wavy black line. Several of the new instruments are now installed at earthquake stations in Turkestan and Crimea and give complete satisfaction.

Rock Deflects Drills,

Oil Engineer Finds

Tulsa, Okla.—Because of deflection of oil-boring tools in underground strata, it is a wise oil man who actually knows where and at what level his well hits production, H. P. Bowen, Tulsa oil engineer, believes.

Bowen says flatly that no drill hole is vertical, and points to the recent instance of two offset wells coming together at a depth of 2,100 feet as proof.

He has worked out a deflection table which shows that a 6,000-foot hole that strays 25 degrees from perpendicular ends up almost half a mile from its surface location, and actually is only 5,433 feet deep.

"As a rule a rotary hole shows the greater amount of deflection," Bowen says. "It has been reported that a 6,200-foot rotary hole of the Roxana Petroleum corporation, on being surveyed, showed a deflection of 25 degrees from perpendicular. Actually, then, it was only about 5,900 feet deep."

Photo taken on farm of J. C. Seabrook, Rockville, S. C. DIPDUST treated seed yielded 26 bushels more per acre than same seed not treated.

Increase Your Potato Yield 15 to 25 Bushels per Acre with This Instantaneous Dip

Treat your seed potatoes as fast as you can scoop them up. Just dip them in DIPDUST solution and out again—all ready to plant.

DIPDUST protects the seed and insures a heavy, profitable yield. It is more effective than the old-fashioned "two-hour soak" treatment—besides there is not the slightest danger of injuring the sprouts or even cut seed.

After one trial of DIPDUST you will never again waste two hours treating seed potatoes or spend two weeks worrying about your stand. Compare this New Treatment with the older ones:

THE NEW WAY

Dipdust Organic Mercury Disinfectant

- Requires less than 1 minute. One man can easily treat from 200 to 400 bushels of potatoes per day.
- Can be used on cut or sprouted seed without the slightest injury.
- After cutting, protects the cut surfaces from soft-rotting organisms in the soil. This insures a better stand of stronger plants.
- Controls surface-borne diseases, such as Rhizoctonia, scab and black-leg.
- Improves the stand and growth of the plants, and thus increases the yield 10 to 20%.

THE OLD WAY

Formaldehyde or Corrosive Sublimite

- Require from 1 1/2 to 2 hours. One man can treat only from 50 to 75 bushels per day.
- Can not be used on cut or sprouted seed without injury.
- Before cutting, give no protection to the cut surfaces. The seed frequently decays in the ground before the young plants get started.
- Although effective against Rhizoctonia and scab, do not control black-leg.
- Frequently decrease the stand, and therefore the yield, to a serious extent.

GUARANTEE

Plant a few acres of DIPDUST treated seed in alternate rows with untreated seed. If, at digging time, you are not satisfied, return the empty DIPDUST can to us and we will refund price paid.

One pound treats 15 to 20 bushels of seed potatoes

Treat your Corn and Vegetable Seeds, too

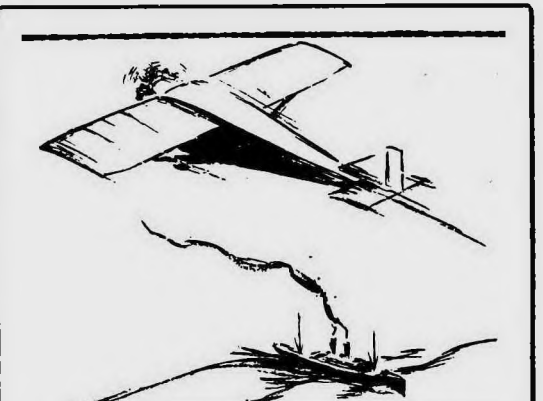

You can now also disinfect your seed corn and vegetable seeds with DIPDUST and increase your yield by preventing many of the diseases which cause poor germination, weak, spindly plants and poor quality crop. Simply use as a dust treatment. It is easily and quickly applied and costs but a few cents per acre. One pound of DIPDUST will treat six bushels of seed corn, or from six to eight bushels of vegetable seed.

Dies As Land Yields Oil

Muskegon, Mich.—Struggling hard to make a living, Ludwig Binz farmed in Muskegon township for thirty-five years. He is dead just as a newly drilled oil well on his farm promises untold wealth. The farmer's life ebbed away within the hour that oil was struck.

Village Barbers 200 Years!

Blackheath, England. Job Taylor, barber, died here. He ended a sequence of eight men in a single family who have trimmed the whiskers of Blackheath during the reigns of eight British sovereigns. Taylor's great-grandfather was the village barber in the reign of George I, 200 years ago, and since then his descendants have continued the business.

Half Are Farmers in Ireland

Dublin.—Fifty-three per cent of the population of the Irish Free State is engaged in agricultural pursuits. However less than 13% of the land is cultivated and the industry is mainly pastoral. The average annual import of wheat and flour is 522,783 tons. The country itself produces only 30,000 tons of wheat on an average in a year.

Free State Extends Credit To Farmers

Dublin.—A public company has been formed in the Irish Free State under act of Parliament and with the support of the State to extend long credits to farmers. The capital is \$2,500,000 and the various Irish banks have subscribed two-fifths. The company has authority to borrow up to \$37,000,000, the money to be advanced to farmers for permanent improvements in buildings, stock and machinery.

Scramble 11,000 Eggs

Berlin.—A big poultry farm at Karlshorst, near Berlin, was broken into by burglars, who, disappointed in not making a big haul, took revenge by smashing up 11,000 valuable brood eggs. When the police came to the scene of the burglary, they had to wade through the mass of scrambled eggs.

Children Grow Slowly, Compared to Farm Animals

Kansas City, Mo.—Charts comparing the growth of children with that of farmyard animals have been worked out by Dr. Samuel Brody of the Missouri Agricultural Experimental Station.

Dr. Brody shows that a child between four and fourteen years grows at the rate of only 10 per cent a year, whereas young farm animals grow at the rate of 1,000 per cent in a year. This means that in less than four days the young animal gains as much as the child gains in a year.

Horse Summons Aid For Injured Master

Klamath Falls, Ore.—Fred Sevits owes his life to the sagacity of his horse.

Injured by a fall, Sevits managed to crawl to his cabin, where he had food but no water. He wrote a note which he attached to a string around the neck of his horse, then released the animal. Two days later, the horse led lumberjacks to the lonely homestead, where Sevits was given aid.

Urge Farm Day

Washington.—Farm interests have asked Congress to designate a national "Agricultural Day" to encourage consideration of the basic relationship of farming and agriculture to the well-being of the Nation. It is sought to establish "Agricultural Day" as a legal holiday and the Senate has already passed a resolution requesting the President to designate the first Thursday in October of each year.

50,000 Trees Dead

Paris.—There are some 50,000 dead trees of all species standing in the Bois du Boulogne. To save the passers-by from danger, the authorities have just given the boulevard over to the woodcutters.

Today's Reflections

A writer compares the human body to a violin. That explains why some Plymouth men are always fiddling around.

The open car is less comfortable, but you don't absorb so much grass when you decide to pass the other fellow on a curve.

It's as hard for the modern boy to hold a girl without an auto as it is for him to find money for gasoline if he has one.

There are only two kinds of women in Plymouth who want pretty clothes—blondes and brunettes.

Man is rightfully called an animal. He growls like a bear when dinner isn't ready and purrs like a cat after he has had it.

It often happens that mother and daughter can't go down town together because daughter is wearing mother's hair.

Love is what makes some Plymouth boys think they're stealing a kiss when the fact is it is being forced on them.

Noah wasn't one of those people who go off on a trip and leave the cat for a neighbor to take care of.

Nothing pleases a hen-pecked husband as much as to have a daughter grow up and drive her mother out of the house.

Isn't it queer that some Plymouth wives can't realize the worth of their husbands as quickly as they can their worthlessness?

That which is called "what the people want" is often something they take because they can't get anything better.

It isn't the fear of death that makes some Plymouth motorists careful as much as it is a fear of getting the car scratched.

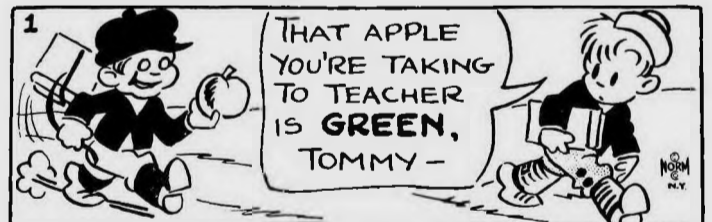

If that four-year-old Seattle boy who smokes cigars will save coupons until he is 17 or 18, he will have enough to buy a saxophone.

Another sad thought is that there is another generation now growing up around Plymouth that never saw and never will see a buggy whip decorated with a big bow of red ribbon.

The First Baptist church of Ann Arbor celebrated its centennial anniversary Sunday, May 6th.

According to the home planning committee, a least three hundred homes will be built in Wayne this summer.

A portable school will be erected at Bell Branch, as a temporary school building to take the place of the one burned recently.

Supr. William H. Gordon, who has had charge of the Northville schools for the past two years, has been given a contract for another two years.

A Howell grocer recently captured one of the largest tarantulas ever seen in that city. The spider, found in a bunch of bananas, measured four inches across.

Funeral services for Starr Root, aged 86 years, who died at his home on the Five Mile road last week Tuesday, were held last Friday afternoon. He was a veteran of the Civil War.

Penniman Allen theatre for many weeks past has been having record attendance at its various shows. It has noticed that Salem, South Lyon, Wixom and Novi residents are coming here regularly in recent months, as well as people from Walled Lake and to the south of the town.—Northville Record.

Mr. and Mrs. A. L. Larned have sold their place out on Fishery road to the House of Good Shepherd, and will move in about six weeks to Ann Arbor, where they have purchased a piece of property five miles out on the Northville-Pontiac road. Mr. and Mrs. Larned have lived here for the past seven years, and during that time they have made friends, who will regret to see them leave this locality. The House of Good Shepherd, through the purchase of this piece of property, have now secured a very large section, the three and a half acres possessed by this couple being surrounded on three sides by previous holdings of the religious group.—Northville Record.

Building activity is brisk in Ann Arbor in spite of the wild rumors to the contrary. The records of the city engineer, George Sandenburgh, reveal that nearly \$2,000,000 has been estimated in projects for which permits were granted during the months of March and April. This is a splendid record for a city the size of Ann Arbor, and it is being echoed over the state.—The Washtenaw Tribune.

Your Flower Garden

Plan Now for Winter Bouquets

Now is the time to plan for the winter bouquets of Straw Flowers. They are so easy to grow and you will enjoy them all winter in the house. They may be planted simply by sowing the seed right where you want them to bloom, and in a few weeks you will not only have a good display of color in the garden, but you will be picking the bloom and putting it away for the winter.

There are several varieties of Straw Flowers, probably the best known is Helichrysum. There are several others listed in some of the English catalogues. In cutting blooms for winter use in the morning while they are still covered with dew, and hang them heads down in a cool, shady airy place till thoroughly dry.

Also to be grown for winter decoration are the Ornamental Grasses. They are also very decorative in the garden. These, like the Straw Flowers, should be cut in the early morning while still wet with dew, but they should not be hung down, but supported in their natural position. Then, when they are dried, they will make up into bouquets and look natural.

The perennial Gypsophylla is good when dried, as is also Statice latifolia (Sea Lavender). These two plants are slow in establishing themselves, but are very permanent.

There is a large market for these winter bouquets, as many people do not go to the trouble of growing them, and they will be glad to purchase if they had the opportunity. I know of many that have built up a nice little side line with them. Flowers as a means of making money have made a very prominent place for themselves, as there is not only money in them but health as well. Many folk who cannot do work inside can putter around a garden and turn their time into cash. The roadside flower stands have made a real place for themselves in the country. Thousands of dollars worth of flowers are sold by them every week-end.

CATHOLIC NOTES

Sunday is Mothers' day. A special tribute shall be paid to this noble virtue of motherhood and special services will be held. All parishioners are kindly asked to receive holy communion next Sunday as a special tribute to mother. Each mass will be a high mass offered up for all mothers. The altars, if possible, will be decorated with red and white roses.

The men are especially urged to receive holy communion next Sunday. The first communion class in progress each Saturday at 9 o'clock.

The dedication of the church will take place July 4th at 10 o'clock, by the Rt. Rev. M. J. Gallagher. At the same time he will administer the sacrament of confirmation. This should be a gala day for the parish.

A "luncheon" party will be held in the auditorium tonight by the Ladies' Aid. All are invited.

Next Thursday night, May 17th, the young people will give a box social and card party in the auditorium.

May 17th, Thursday, is the Feast of the Ascension of Our Lord in Heaven, a holy day of obligation. Mass at 6:00 and 7:30 a. m.

May 18th, Friday, a dance will be given in the Rosedale Garden school by the P. T. A.

May 24th, the Nethem baseball team will sponsor a card party in the auditorium for the benefit of the team. Work is being started on a "dedication booklet," to be ready for the dedication services.

A dandy new organ has been installed in our church and is ready for use, a much-needed, improved and a handsome addition to our new church. The Nethem club has volunteered to pay for this addition—a grateful offer. The children have revived an old ambition, the establishment of a library in the church, and are selling offerings on a pair of pillow slips for this purpose—a noble work.

Nethem baseball team defeated the colored Michigan Athletics of Pontiac at Keego Harbor last Sunday. Next Sunday they cross bats with the strong Ploekney team at Ploekney at 3:30 o'clock.

We are very sorry to learn of the death of Mrs. James Horan, and our sympathy is extended to the family.

METHODIST NOTES

"Keep thy heart with all diligence: for out of it are the issues of life."

The laymen are conducting the prayer and praise service Wednesday evening, 7:15 to 8:00 o'clock. Come and have your share in it.

The L. A. S. circles meet as follows: Mrs. Miller's circle with Mrs. Fred Thomas, Blunk avenue, on Wednesday afternoon; Mrs. White's circle at the church Wednesday afternoon, with co-operative dinner at noon, and Mrs. Hillman's circle meets at the church on Thursday afternoon. There will be a splendid program, with a short play by members of the Women's club, and a ten-cent tea will be served. All the women of the church and anyone else interested are cordially invited to meet with us. Members take notice, it is pledge paying day and the coin cards are to be brought in.

Preceding the L. A. S. meeting last Wednesday Mrs. Fred Thomas entertained six ladies at a luncheon in her home, honoring Mrs. D. D. Nagle and her little daughter, Phyllis, of Strathmoor. Mrs. Nagle will be remembered as the wife of a former pastor, Rev. D. D. Nagle.

At the L. A. S. meeting last week the following officers were elected for next year: President, Mrs. George Richwine; vice-president, Mrs. E. Allison; secretary, Mrs. Fred Thomas; treasurer, Mrs. A. Soth. Mrs. Fred Thomas had charge of the program and had several treats for us. Miriam Jolliffe played two fine piano solos, the Girls' Glee club sang for us and Mrs. D. D. Nagle, of Strathmoor, entertained us with several readings. At the conclusion of her readings the committee presented her with a beautiful corsage bouquet of sweet peas and pink rose buds. During the social hour which followed the committee served tea and wafers and the sixty women present had an enjoyable time.

Remember next Sunday is Mothers' day and either write to or visit your mother on that day. Better still, go to church with her.

PRESBYTERIAN NOTES

The service Sunday morning will be in recognition of Mothers' day. There is no celebration of the year which has more of human interest than this in honor of mother. All should endeavor to share in it.

The Ready Service class will meet on Tuesday of next week at the home of Mrs. L. D. Tallman, 299 Ann street. There will be pot-luck dinner at noon, followed by business, social and work.

Children's day is set for June 10th this year.

The Busy Women's Bible class is supplying flowers for the church during May. The men's class has volunteered to take care of the month of June. The men are helping Mother Nature will provide liberally for Children's day, when so many flowers are in demand.

EPISCOPAL NOTES

Those who were not at church Sunday, missed a very nice service, the first which our new rector, Mr. Seltz, has conducted here. Next Sunday there will be a celebration of the Holy Communion, and there should be a full attendance of all members of the parish.

Mr. Seltz met the church at its service, and gave the young folks a greeting and some good suggestions.

Next Wednesday, the pot-luck supper will be a sort of combined meeting of the Guild and Men's Club, to give all the parish members a chance to meet and become acquainted with Mr. and Mrs. Seltz.

This week the rector is spending at a diocesan clergy conference, with Bishop Page, at Pine Lake.

For the benefit of St. John's members who want to find Mr. and Mrs. Seltz at home, their address is 853 Ross street, and their phone number is 359.

BAPTIST NOTES

The Young Peoples class held their monthly meeting and pot-luck supper in the church basement on Monday, May 7th. Many were present and all enjoyed the good things to eat. Business was taken care of and games were played. Then everyone agreed to return Wednesday, May 16th, for Church Fellowship Night.

Tuesday evening May 15th the Board of Deacons will meet at the parsonage to take up the business matters for the coming year. All members are urged to attend.

Wednesday evening, May 16th, is Church Fellowship Night. An unusually fine program has been arranged as follows:

Congregational singing—Irvin Falck (Chorister Highland Park Baptist church)

Scripture Reading—Palmer Hartsough

Piano Solo—Miss Melissa Roe

Vocal Solo—Irvin Falck

Reading—Myrtle Ballard

Quartet—From the Highland Park Baptist Church

Speaker of the evening—Roy Brown of Detroit

A get acquainted social will follow the program, and light refreshments will be served in the church basement.

PERRINSVILLE

Mrs. Pearl Wilson of Detroit, had the misfortune to fall down stairs, breaking her left arm at the wrist, crushing her nose and breaking one leg, besides other painful bruises. She is in a critical condition, at her home on 31st street near Warren avenue.

Mr. and Mrs. Howard Baehr, Mrs. Choll and Mr. and Mrs. Carl Hjerpe and family of Detroit, and Mr. and Mrs. Frank Baird of Utica, spent Sunday at George Baehr's.

Mr. and Mrs. George Baehr called to see little Francis Bridge, in Plymouth, who has been very sick with pleural pneumonia, Monday evening.

Mrs. Charles Wall spent Friday in Detroit.

The man who used to drink a little wine for his stomach's sake now drinks a little bootleg for the undertaker's sake.

According to Dad Plymouth, Miss Spring made a good start, but he expects to see her pause occasionally to powder her nose.

Always... a square USED CAR deal from the Buick Dealer

The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly.

He wants to please used car purchasers because he knows that satisfied used car customers are prospective new Buick buyers.

The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation.

In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend.

The Buick dealer has many such friends because he represents the true condition of the used cars he offers for sale.

And that is good business—for the Buick dealer, as well as the used car buyer.
