

## County Reform Plan Assailed By Supervisors

### Out-County Officials Declare It Is Scheme To Let Detroit Rule

### Over Half Hundred Attend Meeting Here—Sen. Claude Stevens Finds Strong Hostility

Former State Senator Claude Stevens of Highland Park, who is now chairman of a committee that proposes to re-organize the county governments of the state, came to Plymouth last Thursday night to sell the idea to some half hundred or more out-county supervisors and village officials meeting here.

Instead of "selling" the plan to the out-county officials, some wonder if the Senator didn't return home really "sold" on the idea that maybe after all the proposed constitutional amendment wasn't so good after all.

The barrage of questions that was hurled at him by R. N. Cameron of Redford township and Attorney Stanley Wilson of Highland Park, a city commissioner of that municipality, brought forth the admission to the crowd present that while the people are being asked to vote on an amendment to re-organize the county government, there had been no plan worked out or no idea advanced as to just what the proposed county government would be.

Freely charging that the selfishness of the county and the "rule or ruin" attitude of the Detroit members of the county board of supervisors was responsible for suspicion directed at the proposed amendment, many out-county supervisors at the meeting held last Thursday night at the Mayflower hotel, stated they would fight to the finish any plan which would in any way give to Detroit more power than it now has.

The question as to whether Detroit was putting forth the re-organization plan so that its bond issues which are now marketable might not spread over the entire county and taxpayers outside the city limits forced to bear some of Detroit's tax burdens, was not answered.

Senator Stevens however did admit that the proposed re-county government would have the power to spread and collect taxes from all the county.

He pointed out that the proposed amendment, if approved at the November election, simply gave the right to counties interested to re-organize their county governments if they desired to do so.

Senator Stevens stated that it was true probably that the chief trouble with the present board of supervisors had come from the fact that city members from Detroit feel that they are on the board to represent strictly the city of Detroit and because of this feeling, the out-county is penalized.

Mr. Cameron of Redford started the fireworks when he declared that one hears a lot of talk in Detroit about abuses, but he wanted to know what they were and why the blame for these abuses were not put where they belonged.

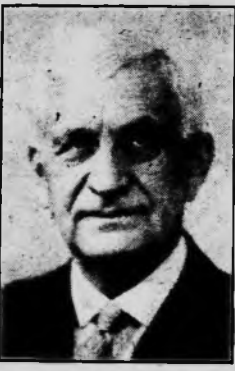

"These abuses can be remedied without voting away such protection as we have. If we should we give Detroit the right to tax and govern the city of Plymouth where we are meeting tonight, or any other community in the county," asked Mr. Cameron.

"We have not one single suggestion as to what this proposed reform is going to be. All we are asked to do is vote the authority to somebody, somewhere the right to run the affairs of the townships and the cities and villages of Wayne county."

Supervisor Edward Ely of Northville township and Supervisor William F. Von Moll of Monguagon township declared that they were utterly opposed to the plan and that if the voters knew just what it meant that no one would support it.

Attorney Wilson of Highland Park said it was a most unusual thing to think that no one knew or could tell anything about what the plan of government would be if the amendment should be approved.

## Mayor Robinson Welcomes Visitors

MAYOR GEORGE ROBINSON

When some 54 out-county supervisors and officials of villages and cities in Wayne county outside the city of Detroit met here last Thursday night, they were welcomed to Plymouth by Mayor George Robinson, who presided at the meeting. The Mayor stated that it was a real pleasure to the city of Plymouth to have as guests the city of Detroit men who have much to do with the operation of the various governmental units of Wayne county. He introduced Secretary William F. Von Moll of Monguagon township who conducted the business session. Mayor Robinson was highly complimented by the many guests for the excellent chicken dinner he served. Among the guests at the meeting was Representative Edward A. Fisher of Dearborn.

## Regains Health Is Back On Job

Manager Harry Lush who underwent an exceedingly serious operation last spring that kept him in a hospital for many weeks has now entirely recovered and has returned to Plymouth from his summer cottage up on Long lake near Alpena to resume charge of the Penniman-Allen theatre. During his absence Jake Stremich has been in charge of the affairs of the theatre.

Mr. Lush is in perfect health and looks it. He spent much of the time recuperating from his long illness fishing on Long lake. Needless to say that he enjoyed some excellent luck.

## Grove Picnic To Be Held, Aug. 26

The men of Our Lady of Good Counsel Church, will sponsor a grove picnic at Klinski's woods, Sunday afternoon, August 26. Canton Center and Joy Roads. Games, races, refreshments will occupy the program. A cordial invitation is extended to all friends. Make this a picnic day for yourself and family. Father Lefevre bids you welcome through this paper.

## Deadline Nears For Old Plates

With the deadline for the purchase of 1934 license plates, Saturday, September 1st rapidly approaching, Berg D. Moore, manager of the Plymouth Branch office of the Secretary of State, advises motorists to not delay until the last day if they wish to avoid waiting in line.

Car owners who purchased sticker permits are requested to bring their sticker certificate of registration cards as well as their titles with them when applying for plates, at which time a regular 1934 application blank must be completed.

Truck and trailer operators who purchased stickers will not have to have their vehicles weighed a second time if they turn in their permit registration cards. Otherwise a weight receipt will have to be obtained.

The Plymouth Branch still has a supply of '34 plates for war veterans who may have purchased stickers.

## Farmers Urged To Save Meadows For Coming Year

### Hay Crop Shortage Is So Serious It Will Affect 1935 Yield

### Local Farmers Pointed Out Danger For Some-time—Little Seed On Hand For Next Crop

Sam Spicer has spent his entire life in farming in this locality. He probably knows as much about farm problems as any other farmer in Michigan. Frequently during past weeks he has told of the serious plight that confronts the farmers during the forthcoming winter months due to the destruction of forage crops by the drought.

He has pointed out that there is barely enough feed to carry stock for only a short time. Recently Mr. Spicer cut over a nine acre field of alfalfa for the second cutting and he secured less than one load of hay from it.

Now comes a statement from Dr. A. J. Pieters of the United States department of agriculture in which he urges Michigan farmers not to plow up any meadow which might produce hay in 1935.

The federal man says that reports from all over the nation show that a large proportion of the 1934 seedings have been killed by adverse weather conditions. Old hay fields which would normally be plowed up as their production decreases must be depended upon to furnish a large part of next year's hay crop.

All available hay supplies will be cleaned out of barns and stacks before next spring so the hay supply for the 1935-36 winter feeding period must be produced in the 1935 season. Prices, however, are not known.

Dr. Pieters says that seeds for emergency hay crops will not be very plentiful next spring. This applies to Sudan grass, millet, and soybeans. This scarcity is another reason for saving any old meadows which will produce a partial crop.

Michigan farmers in the Upper Peninsula and in areas where there has been sufficient rainfall to maintain alfalfa or timothy fields should heed Dr. Pieters' warning, according to the crops department at Michigan State College. Michigan herds are being reduced now because there is not enough forage to carry them through the winter, and if they have to be reduced again next year for the same reason, the state's livestock industry will be seriously injured.

Michigan farmers will be asked to help in making a survey of the available livestock feed by filling out and returning a report form on the subject mailed from the office of Verne H. Church, State agricultural statistician.

This inventory of feed resources is being conducted over the entire United States and the information found will be used to make future plans for drought relief work. The feed records from each state will be sent to Washington and will be compiled there.

Michigan is concerned in this matter as many of the counties are listed in the secondary drought area and assistance from the federal government will be partially based on this survey of feed resources. The report blanks will be mailed and in the farmers' hands immediately. Unless the farmers cooperate in making them out and returning them, relief measures here will have to be conducted blindly.

Farmers who have a surplus of feed are as much concerned in filling out the blanks as those who do not have enough feed. The government wants to know where there is excess forage which can be bought and used in areas where there is too little.

## New Manager Of Line's Formerly With Kresge's

Announcement was made yesterday by Winfield Line owner of the Line's 5 cent to a dollar store in Plymouth that B. J. Murray of Howell had been appointed resident manager of the store. The former manager, Mr. Brown, has completed his opening program and is now moving back to Howell to continue in his work at that place.

Mr. Murray has long been connected with stores in this section. He has spent a number of years with the S. S. Kresge Co. He has rented a residence on Harvey street and he will move his family here immediately.

## EDITORIAL

The Plymouth Mail is this week devoting its editorial columns to the better housing program that the federal government is sponsoring under the National Housing Act. We are publishing in full information that has been provided by the government as to who can secure funds what can be done with the money after you get it and the terms under which it will have to be paid back to the government.

We are giving the better housing program this space so that readers of The Plymouth Mail will have immediate and complete information about the subject.

We cannot urge you too strongly to read every line of the information that is published on the editorial page. It is known that proper blanks have been provided local banks and that the Plymouth Chamber of Commerce is making a detailed study of the proposal. Meanwhile you should become thoroughly advised as to the entire program so that you will know whether you desire to take advantage of the government's house repair and improvement offer. It is for this reason that The Plymouth Mail is devoting so much space to the question this week.

## Eight Are Hurt As Three Cars Collide Sunday

### Two Are In Critical Condition In University Hospital in Ann Arbor

### Accident Caused When Rear Tire On Big Sedan Blows Out, Wrecking Two Other Cars

Eight persons were injured, two probably fatally, and three cars were badly damaged in a Sunday afternoon accident on the Plymouth road about three miles west of Plymouth and this side of the Ridge road. When a rear tire blew out on a big Lincoln car being driven east, it crashed broadside into a Plymouth sedan, turning it over three times, and then crashed head-on into a Ford sedan.

Mr. and Mrs. Bert Welfare, who reside on a farm near Walled lake, he critically injured in the University of Michigan hospital. Both Mr. and Mrs. Christensen who reside one mile north of Northville and were in the car with the Welfare's were injured, but not seriously. Mrs. Christensen is the daughter of Mrs. Lydia Hubbard of 523 Maple street.

Mr. Welfare has a fractured skull and has not regained consciousness since the accident. Mrs. Welfare besides having numerous broken bones, is suffering from internal injuries and attending physicians say her condition is exceedingly critical.

Sam Harding, driver of the Lincoln car, a resident of Omaha, Nebraska, suffered several fractured ribs and bruises and his niece, Mrs. Phillip Freidman of Glenwood, Iowa, was hurt internally. They were brought to the Plymouth hospital where their injuries are being cared for. Others injured in the crash were also brought here, but because of lack of room in the hospital, they were hurried to the University hospital in the Schrader ambulance.

Mrs. Ray Seybert of Detroit who was one of the occupants of the car driven by Alfred Lloyd of Detroit, was one of the more seriously injured. She too was removed to the hospital at Ann Arbor. Others were cut and bruised but not seriously hurt. They were Lloyd and Vivian Greenwood of Detroit.

Mrs. Christensen had but recently recovered from a serious operation and physicians feared that the accident might prove serious to her, but she is recovering nicely and will probably be home in a few days. The accident was one of the most serious that has happened in this vicinity in some time.

## St. Michael's Big Picnic On Aug. 26

Members of St. Michael's church have completed plans for their big annual August picnic on Sunday, August 26 at the church in Rosedale Gardens.

Father Contway and committee members have provided what they believe will be one of the best programs that has ever been arranged for the day.

One of the big features of the afternoon will be a ball game between the staff members of the prosecuting attorney's office and the Wayne county auditor. When these two important political warfare men meet in a ball game, you can bet there is going to be a ball game, say committee members.

Then there is going to be other games, boxing exhibitions, dancing and as usual one of the big chicken dinners to be served at 1 o'clock. Every one is invited to come and enjoy a good time.

## Earl Fluelling Builds Modern Service Station

### Ten Years Of Progress In Business Results In Expanded Service

### New Structure At Main And Starkweather Is Ready For Business—Service All Models

Ten years of steady progress in the automobile service station business is being culminated at the present time by Earl Fluelling who is constructing a new and modern Hi-Speed super service station at the corner of Main street and Starkweather avenue.

From a small beginning in the gasoline and oil business before the days of gas tax and eight cylinder cars, Mr. Fluelling has had the pleasure of seeing his business grow to such an extent that a new and more modern gas station has become essential in order to take care of his trade.

In addition to the erection of the new automotive service station, where the latest of greasing and oiling equipment is being installed, the newest model cars, Mr. Fluelling is devoting some time to the expansion of his gas and oil distribution business for the Jacob Oil Corporation. He is now supplying 34 stations in this part of Wayne county and during the past year has enjoyed a constantly increasing business.

The Jacob Oil corporation is strictly a local organization, owned and managed in Michigan. Three out of every four gallons of gasoline it sells comes from Michigan crude oil, regarded as the best oil that is pumped in the world. The company is one of the few independent producers, refiners and marketers in the oil business in the country.

While work on the new Hi-Speed station on Main street is not quite completed, it is already in service and ready to care for every need of the automobile that a complete and high grade service station can provide. Mr. Fluelling is moving from his former location at 329 Main street and will welcome his old friends to his new location.

Mr. and Mrs. Paul Houehins, who returned on August 3 from their motor trip through Virginia, Tennessee, Kentucky and other southern states, have enjoyed another trip in the northern part of the state and a visit to his brother in Grand Rapids from which they returned Monday.

Mr. and Mrs. Paul Houehins, who returned on August 3 from their motor trip through Virginia, Tennessee, Kentucky and other southern states, have enjoyed another trip in the northern part of the state and a visit to his brother in Grand Rapids from which they returned Monday.

## Public Schools To Open Tuesday, September 4th

### School Board Hopes To Run Full Ten Months During Ensuing Year

### Supt. Smith Announces The Faculty—But Few Changes Noted In The Teaching Staff

Superintendent George Smith has announced that the Plymouth Public Schools will open Tuesday, September 4, this year. The question as to the time of opening of school has been the dominant one in the minds of the boys and girls for some time. The board of education is endeavoring to give the boys and girls a full year of school (10 months) in 1934-35.

Whether the board of education is successful in its attempt will depend upon two things—the success in collecting local taxes, and the cooperation received from the state. It was regrettable, from the standpoint of the board of education, to have found it necessary to run nine months instead of ten last year, because the same amount of work is impossible in a shortened year.

Teachers for the year have been secured, and their addresses are as follows: Faculty: Geo. A. Smith, Superintendent, Plymouth, Mich.; High School, Claude J. Dykhouse, Plymouth, Mich.; Edna M. Allen, Plymouth, Mich.; Gertrude Fiegel, Ann Arbor, Mich.; James Lature, Plymouth, Mich.; Alita Evans, Plymouth, Mich.; Lewis Earns, Battle Creek, Mich.; Caryl Bentley, Ypsilanti, Mich.; Helen Wells Buchanan, Mich.; Vivian Smith, Ypsilanti, Mich.; Alma Graf, Saline, Mich.; Ursula Cary, Crossville, Mich.; Irene Waldorf, Trenton, Mich.; Clara Tyler, Plymouth, Mich.; Marian Perkins, Saline, Mich.; Sarah Lickly, Hudson, Mich.; Winifred Ford, Highland Park, Mich.; Neva Lovewell, South Lyon, Mich.; Dorothy Wisely, Finley, Ohio; Hilda Hauf, Ida, Mich.; Chpstina Gray, Crossville, Mich.; Ingeborg Lundin, Baraga, Mich.; George Landburg, Deckerville, Mich.; Evelyn Fry Sargent, Mich.; Marguerite Henry, Chagrin Falls, Ohio; William L. Campbell, Ypsilanti, Mich.; Kenneth Matheson, Plymouth, Mich.; Luella Mae Kees, Rochester, Mich.

Grades Central Grade School: North E. Bird, Principal; Highland, Mich.; Marian Wurster, Ann Arbor, Mich.; Alice Cranwell, Olivet, Mich.; Elizabeth Dewale, Bay City, Mich.; Franzt Big Rapids, Mich.; Marion Weatherhead, Port Hope, Mich.; Dorothy Sly, Plymouth, Mich.; Erma Ulrich, Northville, Mich.; Fern Widmayer, Dexter, Mich.; Dorothy Erlebeen, Wyandotte, Mich.; Nancy Holliday, Plymouth, Mich.; Eunice Fenner, Bronson, Mich.

Starkweather Grade School: Jewell Sparling, Principal, Sixth Grade, Ann Arbor, Mich.; Dorothy Cavanaugh, Kindergarten, Chelsea, Mich.; Margaret Stukes, First Grade, Coldwater, Mich.; Florence Stader, Second Grade, Caro, Mich.; Hazel Parmalee, Third Grade, Northville, Mich.; Mildred Loper, Fourth Grade, Hanover, Mich.; Helen Farrand, Fifth Grade, Plymouth, Mich.

L. Lillian Bonesteel, School Nurse, Galeburg, Illinois.

While no definite information can be secured, it is understood that the new factory will provide employment during most of the year for between 20 and 30 people. The product of the plant is not sold, but it is understood to be some of the twist drills used in the great Ford industries.

The erection of another small factory in this locality is in keeping with Mr. Ford's progressive idea of providing employment during certain periods of the year for residents of rural localities.

Plymouth said this part of Wayne county has for years benefited by this policy of Mr. Ford. It has been of untold benefit during the present year in view of the fact that farms and gardens have provided so little for their owners.

Mr. Ford's proposed development is regarded as almost a God-send to this part of Michigan suffering farmers and gardeners are sending tremendous thanks from the drought and little industries and business concerns are being kept in constant turmoil and uncertainty by governmental bureaucracy.

(Continued on page six)

## Announcement Is Made By John B. Hubert Of Resignation As The President Of First National Bank

### Condition Of Edward Gayde Grows Serious

### Steps Out Of Service At Bank Sept. 1 After Ten Years Of Association

Plymouth friends will regret to learn that the condition of Edward Gayde who underwent a serious operation in Harper hospital some weeks ago, is not regarded as quite as satisfactory this week. He was forced to undergo the second operation and since that time his condition has not shown the favorable improvement that had previously been reported. Attending physicians are hopeful that there will be an improvement in the next few days.

### Ford Plans New Small Plant At Newburg Dam

### Plymouth To Benefit By Gigantic Expansion Program Of Ford Co.

### Building To Be Erected In Near Future—Will Provide Work For About Twenty Men

Plymouth is going to benefit directly as the result of the expenditure of some \$10,000,000 by Henry Ford for the expansion of his industry in this locality.

During the past few days stakes have been driven for a new factory building to be erected on the north side of the Newburg dam. The new building will be about 98 by 122 feet and that it will be equipped for both water and steam power.

Mr. Ford retained the water power rights at Newburg when he turned over to the county the land lying between Newburg and the Plymouth-Riverside park for park purposes. It was understood at that time that he had in mind the erection of another small factory at that place.

While no definite information can be secured, it is understood that the new factory will provide employment during most of the year for between 20 and 30 people. The product of the plant is not sold, but it is understood to be some of the twist drills used in the great Ford industries.

Now that all of the various perplexing questions have been met by officials of the First National bank are hoping that the plan will be signed up immediately by those who have not yet agreed to the plan.

Mr. Hubert states that he has no plans for the future, but that he will devote the remaining time of the year to a determined effort to put over the plan that has been so strongly advocating for the past five or six months.

"It is not an easy thing for a man at my point of life to get a job, especially in these times, but I am perfectly willing to do all that I can for the good of the depositors of the bank and it is for that reason only that I have taken this step," he stated when announcing his resignation.

## Apple Tree In Full Bloom Out On The Farm Of Russell Roe

There isn't much question but what these are the days of unusual things.

Frank Rambo came to town Wednesday morning with a big bouquet of apple blossoms he had picked from a tree on the farm of Russell Roe, next to the Rambo place on Plymouth road.

Mr. Rambo states that one side of the tree is in full bloom. He had the blossoms to confirm his story.

Unusual things in these unusual days.

Did You Know That Mobas window shades are hand painted in your home town, latest colors at a reasonable price. If you need a few new ones or old ones cleaned up just phone 630. Linoleum in all grades and patterns. National Window Shade Co. 193

Mr. Hubert has for the past four or five months been working diligently for a plan which will provide government funds for a partial payment of moratorium agreement signers and officials of the bank, there had been secured something like 85 or 86 percent of the required number of signers.

But at this point the plan did not seem to make additional progress, a certain working assigned to a committee of their moratorium rights and refusing to sign. Another seven or eight percent refused to sign any sort of agreement.

The treasury department of the government is requiring practically a one hundred percent sign-up before releasing sufficient funds for the pay-off, which in the case of the First National bank of Plymouth would be the release of something like \$175,000 to the depositors.

Mr. Hubert was advised by a few that it was believed that these other signers to the plan could be secured if he should resign the presidency of the bank in which he had been instrumental in helping to organize.

Declaring that his only interest was in the success of the plan because of the fact that it would provide depositors of the bank the power to pay off their moratorium, he readily agreed to any proposal that he said would be of assistance to the depositors.

It is known that government representatives have been at the First National bank recently and that they are anxious to have the plan that Mr. Hubert has been advocating put over.

Mr. Hubert states that he has no plans for the future, but that he will devote the remaining time of the year to a determined effort to put over the plan that has been so strongly advocating for the past five or six months.

"It is not an easy thing for a man at my point of life to get a job, especially in these times, but I am perfectly willing to do all that I can for the good of the depositors of the bank and it is for that reason only that I have taken this step," he stated when announcing his resignation.

Floyd Kehrl and Jack Taylor will remain in their respective positions at the bank.

Haggerty Wins Way To Success Sixty-six years ago, this week, just beyond the western limits of the city of Detroit, near Plymouth there was born in the humble home of his parents a boy who was destined to become one of the State's leading citizens.

His early life being spent on the farm and having received such common education as could be afforded by one in his circumstances, this boy grew to realize that the soil upon which he was raised could produce more than the ordinary products of a farm; and so conceived the idea of the manufacture of bricks, of which industry he soon became a leader.

Having so succeeded, he turned his time and money to public affairs, sharing his wealth with the less fortunate of his community in the form of good government. Aiding in the progress of the State by the organization of the Wayne County Road Commission, he has given honest and faithful service for a quarter of a century and has made Wayne County an example for the rest of the world in the matter of good roads.

And so, on this occasion, his friends congratulate John B. Haggerty and hope that he will be spared to us for many more years of faithful service.

## Hospital Tag Day Saturday

Saturday has been designated as TAG DAY for the Plymouth Hospital in an effort to raise money for emergency supplies which so often are used at the hospital and for which the injured have no money to pay for their services.

Tags will be sold by Plymouth girls on the main streets of the town who will wear blue and white head bands labeled Plymouth Hospital. Contributions no matter how large or small will be appreciated and the person giving will know that the funds will go for a worthy cause. Hundreds of dollars have been spent during the last year by the Hospital for bandages, antiseptic solutions and other incidental items which are necessary for treatment in accident cases and seldom is the patient ever able to pay either the doctor or the hospital for the use of the same. Treatment of these cases always means new linens, sterilized towels and instruments for the hospital and several dollars is involved in each instance.

Your contribution will help Plymouth give a friendly hand to those in need. Give freely, your contribution may help save a life.

## Apple Tree In Full Bloom Out On The Farm Of Russell Roe

There isn't much question but what these are the days of unusual things.

Frank Rambo came to town Wednesday morning with a big bouquet of apple blossoms he had picked from a tree on the farm of Russell Roe, next to the Rambo place on Plymouth road.

Mr. Rambo states that one side of the tree is in full bloom. He had the blossoms to confirm his story.

## HOW TO IMPROVE AND REPAIR YOUR HOME OR BUSINESS PROPERTY

Believing that a full understanding of the exceedingly liberal terms offered by the government owners of homes and business property for loans to repair and improve property, will inspire greater interest and use of the plan. The Plymouth Mail has decided to use in full the information mailed out a few days ago by the government on this subject. The National Housing Act is a most flexible piece of legislation. You can secure government money to repair or improve your home or if you own business property you can secure funds for needed repairs or improvement of it.

We know that if Plymouth residents and those in the country surrounding this community will take advantage of the liberal offer of the government, that Plymouth material dealers and Plymouth working men will benefit by it as well as yourself.

The Plymouth Mail cannot urge you too strongly to read every line of the following bulletin which has been issued by the Federal Housing Administration. It will answer every question you may care to ask about the plan. Not only read the central carefully, but preserve it for future reference if you should not be ready just at this time to take advantage of the governmental proposal.

**The Better Housing Program**  
 For several years past, homes all over America have been steadily going down hill. Many property owners have been unable to pay for normal upkeep and repairs. A far greater number have delayed the larger improvements which mean better housing and better living.

You, yourself, are the best judge of whether your home would be more desirable with a new coat of paint, a new roof, additional plumbing, lighting fixtures or heating equipment. You know what would improve the appearance, rentability and efficiency of your own business property.

Now is the time to make those improvements. The National Housing Act was designed to help you improve your property and increase its value and usefulness. Through one of the simplest and most reasonable systems of financing ever devised, the Act makes it possible for you to make delayed repairs and provide better surroundings for your family.

If you have cash for property improvements, cash payment is, of course, the best method. The favorable time is now. If it seems more convenient to pay for such work out of your regular income, now is the prudent time to borrow—either directly from your bank, building and loan association or other institution cooperating with the Federal Housing Administration, or through your contractor or building supply dealer.

This editorial contains answers to important questions as to Title I of the National Housing Act, dealing with insurance of loans for repairs and renovating of existing buildings. Information relative to Title II, dealing with the insurance of mortgages on both existing and new buildings will be released subsequently.

Here you will find suggestions as to what property improvements will be profitable—and how you may make them with minimum cost, now.

### Here's How You Benefit

Your family—Repairs, alterations or replacements which make your home more beautiful, more convenient and more livable, contribute naturally to "a more abundant life" for your entire family.

Your business—A well-maintained store, apartment house, garage or factory, contributes to a well-run, paying business. Convenient and sanitary surroundings attract new clients and customers—and help retain old ones.

Your pocketbook—Wise building improvement increases the selling value of your property. Timely repairs forestall more costly repairs later on. Now—while manufacturers, contractors, supply dealers, banks and other financial institutions are cooperating in the Better Housing Program—protection and improvement of your buildings means money in your pocket.

Your employees—New plumbing, paint, lighting and similar improvements increase the health, morale and efficiency of your workers. Necessary alterations or additions speed production—regardless of your business or profession—and increase your every day efficiency.

Your community—Improvement of your property indirectly benefits the whole community by employing men and creating a demand for materials. When you improve your home or business property, others are inspired to do likewise. When neighborhood standards are raised—your own property naturally becomes more valuable.

### Here's How You Go About It

1. You may have certain property improvements already in mind—the small investments that pay large dividends in better living. Perhaps it's light switches, paint, plumbing, plaster, or a complete remodeling job. In addition to the items you may have planned already, check your property against the list of repairs, alterations and improvements suggested in this editorial.

2. Decide what improvements you can afford to make now—or at least the improvements you cannot afford to neglect any longer.

3. Call a contractor, or—if it's an important job—an architect. Any of these individuals or agencies cooperating with the Federal Housing Administration will gladly estimate the cost.

4. Then comes the question: How shall I pay for these improvements? If you have the cash—cash is the ideal way to pay.

But if you should find it more convenient to pay out of your regular income, the investment is a sound one, and now is the prudent time to go ahead. The Better Housing Program has oiled the machinery of credit so that you may pay easily and conveniently for property improvements made at once.

Your contractor or supply dealer is in a position to cooperate.

Or you may arrange directly for a low-cost, long payment loan with your own local bank, building and loan association or other financial institution cooperating with the Government.

The way has been smoothed—the future of your property is up to you. You May Be Asking

**Here's What You May Be Asking**  
 1. Who may apply? Any property owner, individual, partnership or corporation, with a regular income from salary, commissions, business or other assured source. It is not necessary to be a depositor in the financial institution consulted.

2. To whom do I apply? To any National Bank, State Bank or Trust Company, Savings Bank, Insurance Bank, Building and Loan Association or Finance Company approved by the Federal Housing Administration; or to a contractor or building supply dealer.

3. Do I borrow money from the government? No.  
 4. How much may I apply for? From \$100 to \$5,000, depending on your income, for improvements on any one property. A like amount in connection with not more than five properties (\$2,000 maximum on each.) Approval by the Federal

al Housing Administration, Washington, D. C., must be secured by the lender in advance for loans on more than five properties.

5. How long may notes run? For any number of months from one to three years. (Notes extending from six months to three years may be permitted to the Federal Housing Administration by financial institutions for special consideration.)

6. What security is required? Only that you have an adequate regular income and a good credit record in your community.

7. What assurance need I give?  
 (a) That you own the property. (Lesser under "repairing leases" may qualify under special circumstances which the local lending institutions can explain.)

(b) That the annual income of the signers of the note is at least five times the annual payments on the note.

(c) That your mortgage if any, is in good standing and that there are no past due taxes, interest or liens against your property.

(d) That you will use the proceeds solely for property improvement.

8. What signatures are required? Signature of the property owner and, in special cases, if the owner is an individual and is married, also signature of wife or husband. No other co-signers or endorsers are required.

9. What is the cost of this credit? The financial institution may not collect an interest and/or discount and/or fee of any kind, a total charge in excess of an amount equivalent to \$5 per \$100 of the original amount of a one year note, deductible in advance.

For example: If you need \$285 for housing improvements, you might sign a note for \$300 payable in 12 equal monthly installments. In this case the note would not bear interest, because the maximum charge permitted (\$15) would be included in the face of the note.

If you borrow a larger amount, or if you repay in equal monthly installments extending beyond one year—from 13 months to 3 years—the total charge permitted would be at a proportionate rate.

10. Do I pay any other charge? No.  
 How does this cost compare? Compared with ordinary 60 or 90 day bank loans, it is higher. Compared with the same type of loans payable in monthly installments, it is much lower than heretofore available. The reduced cost is made possible because of the Government credit insurance to the financial institution.

This type of loan makes it possible for you to spread the payments over a long period. You do not have to keep money on deposit with the institution making the loan. You do not have to give a mortgage. You need not have friends or others sign your note, and you reap the benefits of the improvements now.

12. How do I pay the note? By making regular, equal monthly payments (seasonal payments for farmers and others with seasonal income) until the note is paid in full.

13. May the owner of any kind of property apply? Applications will be considered for credit to improve one-family, two-family, or other residences; apartment buildings, stores, office buildings, factories, warehouses, farm buildings.

14. Must I use specified building material? No, you are investing your own money (even though borrowed) in Better Housing. There will be no restrictions on your rights as an owner to use such materials and employ such methods of construction as you may desire—provided they meet the approval of the lending agency.

15. May I borrow to buy housing equipment? Yes, if the equipment is an integral part of the improved buildings. Furniture, refrigerators, stoves, etc., are movables (unless built in) and are not permitted under terms of your loan.

16. Where do I make payments? The regular installment payments will be made in person at the place of business of the financial institution, by mail, or as otherwise arranged. No payment shall be made to any governmental office or organization.

17. May I pay the note in full before maturity date? Yes, at any time. A reasonable rebate will be allowed for prepayment, if charges have been collected in advance.

18. May I pay more than one installment at a time? Yes, as many as you wish, but such payments should be in exact multiples of the agreed payments—that is, if monthly payment is \$10, advance payments should total \$20, \$30, etc.—not, for example, odd sums such as \$18 or \$25.

19. What if I am late in making payments? The maker must not permit his payments to fall in arrears. Should a payment be more than 15 days late, the financial institution's expense, caused thereby, may be reimbursed in part at the rate of not more than five cents per dollar for each payment in arrears. Persistent delinquency will make it necessary for the financial institution to take proper steps to effect collection in full.

(NOTE: If you are not eligible for a loan under the terms of the National Housing Act, you may be eligible for a conditioning loan from the Home Owners' Loan Corporation, which has recently established a Reconditioning Division. Any one of the banks in your community will advise you where to make your application.)

**How To Plan**  
 First Signs of Decay may already be apparent on your building—a leaking roof, paint-thirsty surfaces, sagging doors, rusted sheet metal. All these things, unless remedied at once, mean a rapid accumulation of expenses.

The Danger Point for your home, your garage or your factory may already be in sight. Neglect of essential and fundamental repairs naturally results in a building no longer suitable for comfortable use.

Changes May Alter the entire use of your building, or greatly increase its comfort or earning power. A house may be made more efficient in arrangement, an apartment may be converted to include first floor store space; an office building might have elevators added; a store might be given improved or larger show-windows, or a factory new material-handling facilities.

Inadequate To Present Needs—perhaps your building needs complete modernization—or alterations and additions which you long have had in mind. These improvements may mean all the difference in the building's usefulness, comfort and convenience.

**Check Your Home—Begin In Your Basement**  
 1. Are Floors Sound? The building may not be as solid and sound as it should be. Perhaps floors need reinforcing—new posts and piers. Plaster on the underside will make them fire-resisting.

2. Leaky Foundation Walls make cellars damp and increase your fuel bill. Water-proofing properly applied will help.

3. Are Your Basement Stairs Safe? Firm railings and treads plus well-placed lights and switches may prevent accidents.

4. How About Floor Foundations? Rot and termites work quietly without your knowledge. A check-up by an expert might disclose vital wood portions of your home that need to be treated, repaired or replaced.

5. Is Your Basement Just Wasted Space? Plaster, wall board, paint or new windows can convert those unused areas into a recreation and play room, laundry, garage or workshop. A concrete floor might increase the basement's usefulness.

6. And Incidentally—Do boiler and heating pipes need covering? A light socket will improve these dark corners. Have furnace pipes and registers been checked recently?

**Look At The Outside**  
 1. Does the Sloop Need Patching? Do timbers need bracing? Look with a critical eye at chimneys, masonry, old siding and worn shingles. If surface

(Continued on page five)

# When Daddy was a Boy

Lawrence Hawthorne

"When I was just a little boy,  
 I've heard my Daddy say,  
 'I had a lot more things to do  
 Than youngsters have today!'  
 An' then he goes right on 'n' tells  
 About the chores he did—  
 An' you can bet he makes it sound  
 Like he was quite a kid!

He had 't feed a dozen cows,  
 An' milk 'em twice a day;  
 He always had some horses, too,  
 That needed corn an' hay;  
 He watered 'em, an' curried 'em,  
 An' kep' their stables clean;  
 An' there was other little jobs  
 T' scatter in between!

He had 't saw up logs, an' then  
 He had 't split 'em, too  
 So they'd go in the kitchen stove:  
 An' then he wasn't through  
 Until he'd carried in the coal,  
 An' carried out the ashes,  
 An' filled the water pails an' pans—  
 An' wiped up all the splashes!

If Daddy had 't do so much,  
 An' go 't school all day,  
 I don't see how he ever had  
 A bit o' time t' play;  
 But prob'ly he thought his work  
 Was such a lot o' fun  
 That he jus' worried every night  
 For fear he might get done!

## Rambling Around With Michigan Editors

### WHO'S AFRAID OF BIG BAD WOLF?

Up in North Dakota the governor was recently convicted of a felony, and sentenced to Leavenworth. The voters of North Dakota then renominated him for his office by a tremendous majority. He was convicted of spending Federal dollar funds for relief purposes not OK'd at Washington.

North Dakota farmers are mad—and if one state gets mad, the rest of the agricultural states will get mad too, sooner or later. Agriculture is still largely in the dumps. Many farmers have little use for law and order; they dislike and mistrust courts. Thousands have lost their homes and their crops; those who still own their own farms are liable to find that cost of operation, plus taxes and mortgage payments, exceed results. The result is that they are in a harsh frame of mind, and their renomination of the convicted governor was a direct slap at the federal power which sentenced him to prison.—Floyd McGriff in The Redford Record.

**FALSE PROMISES**  
 Buying the votes of the poor and distressed by means of false promises appears to be a growing tendency among the 1934 crop of candidates.—Vernon J. Brown in The Ingham County News.

**GOOD ADVICE**  
 Our banker gave us some advice which we are passing on to you. He said the smartest thing to do at this very minute is to buy 20 acres of land. The deal can be handled by easy payment government financing and then no matter what comes the land will furnish you a sustenance. Land today is the cheapest thing on earth and yet ownership of it is the highest type of protection—your food supply. No matter what you're worth or how steady and satisfactory your payroll has been or looks to be, the most sensible thing to do is to own a piece of land. If this suggestion is worth anything to you, a small commission may be sent to the editorial office.—Muri Defoe in the Charlotte Republican Tribune.

**BLIND TAXATION**  
 Some people favor the sales tax idea because it extracts money peacefully from the pockets. Editor Schuyler Marshall of St. Johns criticizes this easy-going attitude. He says: "Isn't the blind-taxation method another step toward ignorance of government and ignorance of tax sources? We pay the taxes, we family heads, farmers, grocers, printers, publishers and all the rest of us. Personally we believe it is a good thing for us to know exactly how much we are paying and exactly how much is being spent. If we don't know you can bet your shirt that the tax spenders will take us to the cleaners so fast you won't have a shirt to bet." There is little doubt that before we enjoy good government citizens will have to become tax conscious in all forms of taxation—not merely satisfied with getting a considerable share of the tax load lifted off from real estate and personal property onto another "shoulder".—Richard Cook in The Hastings Banner.

**TIS YOU WHO PAY?**  
 When you enter some public supported office, gaze upon the furnishings and the amount of personnel required to operate it. If the furnishings are luxurious; if there seem to be many conspicuous desks in the interior; if there are numerous retaries, stenographers and if the people in charge seem to be waited upon by many subordinates, just remember this one thing: all this luxury and operation is being paid for by your local Every dime required to operate

### Society News

It was a very happy day for Mr. and Mrs. Arthur Stevens on Wednesday, August 15th when they celebrated their 73rd wedding anniversary at their home on North Harvey street. Early in the morning over the National Broadcasting Company stations gave them greetings and during the day many friends called to offer their congratulations. A happy climax to a perfect day was when friends and relatives came in the evening bringing with them ice cream and cake and gathered around the festive board for a social time. Mr. and Mrs. Stevens received many beautiful cards with the good wishes of their many friends.

The Get Together club was pleasantly entertained with novel and interesting games and dainty refreshments at the home of Mrs. Archie Herrick on Thursday of last week. The following club officers were elected for the coming year: A unanimous vote was cast for Mrs. Carrie Dickinson for president and Mrs. Ida Hughes for vice president. Mrs. Oliver Herrick will succeed Mrs. Lydia Ebersole as treasurer and Mrs. Gladys Ebersole will succeed Mrs. Archie Herrick as Secretary. Mrs. Howard Bowring will be flower girl. The next meeting will be with Mrs. Gladys Ebersole at her home on Church Street Thursday afternoon, August 30.

The eighth annual Miller-Geer school reunion will be held Saturday, August 25th on the school grounds with dinner at one o'clock. All former pupils, teachers and friends are cordially invited to be present.

Miss Norma Savery entertained a party of twenty young people at a treasure hunt Saturday evening at the home of her parents. Mr. and Mrs. Cody Savery near South Lyon. Following the hunt in which Mr. and Mrs. Ronald Lyke, Miss Jewel Rengert and Beryl Smith received the treasure Miss Savery served her guests with a delicious luncheon. Guests were present from Detroit, Jackson, Salem and Plymouth.

E. O. Huston was host at a family dinner at the Hotel Mayflower Sunday honoring the birthday anniversary of Mrs. Huston. The guests were Mr. and Mrs. Elmer C. Huston and Mrs. O. M. Ballard of Birmingham, Arthur Huston Mr. and Mrs. Orson Acheson, Oscar Huston, Mr. and Mrs. Austin Whipple and son, Edson Austin.

On Wednesday the George Chute, Jr. and George Chute, Sr. visited Greenfield Village and later were dinner guests of Mr. and Mrs. A. M. Clendennen in Detroit. Mr. and Mrs. Chute, Sr. are leaving today for Toledo, Ohio, where they will visit relatives and then go to Chicago to the World's Fair.

Mrs. David Taylor and Vaughn spent last week visiting friends in Kalamazoo and Oxford, Mich. Mrs. Harry Durant and children are the guests of relatives at Georgian Bay, Ontario, Canada.

Mrs. Harry Wiseman, Harold and Clyde, Mr. and Mrs. Otto Waskely and small son, Junior, and Mr. and Mrs. Orley Wood attended a picnic Sunday, given by John Ivory of Detroit.

Mr. and Mrs. Jack Miller and children are visiting at Georgian Bay, Ontario, Canada.

Guests over the week-end at the home of Mr. and Mrs. Ernest Ruttan were Mr. and Mrs. Chris Ruttan and daughters, Dorthea and Edith. At the home of Otto Wagenschutz week-end guests were Mr. and Mrs. Ward Ruttan, Mrs. John Timmins of Five Lake, Mr. and Mrs. George Ruttan of Howell. On Saturday evening they all enjoyed a cooperative supper at the Wagenschutz home on North Territorial Road previous to attending the Warner-Ruttan wedding which took place in Northville that evening. Dr. and Mrs. V. G. Grove and son, Wendell, of Lansing were also present at supper and the wedding.

On Wednesday August 15, Mrs. Henry Hamburger (Ruth Meyers) and her sisters, Mrs. John Hendricks of Bowling Green, Ohio, and Miss Luella Meyers of Plymouth motored to Ypsilanti to attend the "miscellaneous" shower and bridge tea given Mrs. Hamburger by Mrs. George Boutell at the home of her brother, Leon Burrell on Congress street. There were about twenty-five guests present and the guest of honor received many beautiful gifts from these friends which she will always prize. Mr. and Mrs. Hamburger are residing in the Library apartment building.

The Brown family reunion was held Sunday in Riverside Park with about eighty relatives from Port Huron, Deckerville, Greenville, Ionia, Williamston, Detroit, Lapeer and Plymouth in attendance. Following a bountiful picnic dinner a short business meeting and election of officers for the ensuing year was held with Howard Brown being chosen as president, Lester Brown as secretary and Warren Brown as treasurer.

Miss Alice Weaver of Dayton, Ohio, has been the house-guest of Miss Marion Beyer this week. For her pleasure Miss Beyer and Miss Weaver were in Ann Arbor Tuesday to visit friends, on Wednesday to Westwood Gardens, on Thursday a bridge party of three tables and on Friday they left for Chicago, Illinois, where they boarded a boat Saturday for a cruise to Mackinac Island, Isle of Royale and Duluth. On their return trip they will be joined by a friend and will remain in Chicago over Labor Day.

On Tuesday evening, Mr. and Mrs. Chas. Miller and his mother, Mrs. Rosamund Miller and sister, Bertha, were supper guests of Mr. and Mrs. Orr Passage. On Wednesday Mrs. Miller and daughter left for their home in Poughkeepsie, New York.

Mrs. F. E. Terry entertained a party of fifteen relatives and friends at supper Monday evening in Riverside Park in honor of her husband's birthday. It was also the birthday of their nephew, Ernest Archer, who was present, and all had a jolly time.

On Sunday, Mr. and Mrs. Charles W. Horr, Jr. entertained Mr. and Mrs. Edmund A. Blowers and daughters, Peggy Ann and Martha of Rosedale Park and Emmy Lou Hough in honor of their daughter, Zedonna's sixth birthday.

Mrs. LeRoy Grandstaff of Ortonville and Mr. and Mrs. Arthur Marsh of Ann Arbor were supper guests of Mr. and Mrs. M. G. Partidge Friday evening.

Mr. and Mrs. Maxwell Moon were hosts at a dinner bride Friday evening at their cottage at Walled Lake having for their guests Mr. and Mrs. Austin Whipple, Mr. and Mrs. Henry E. Baker, Mr. and Mrs. Orson Foley and niece, Miss June Jewaway of Flint and Dr. and Mrs. J. L. Olsaver.

Mrs. James Honey and Mrs. H. H. Behler were hostesses to the members of their bridge club, Mrs. Ralph West, Mrs. Edward Drew, Mrs. Ivan Cash and Mrs. Max Trucks and children on Wednesday at their cottage at Lower Straits Lake. The men joined them for supper.

Saturday evening, T. D. MacLafferty and children of Detroit and his mother, Mrs. T. D. MacLafferty of Washington, D. C. were guests of George M. Chute and family at a picnic supper at Riverside Park.

Mr. and Mrs. Rex Rhelner and Miss Rosemary West of Ypsilanti were Sunday evening luncheon guests of the latter's parents, Mr. and Mrs. Ralph West on Adams street.

Mr. and Mrs. Richard Parker of Detroit and Mr. and Mrs. Harry Beach and son of Ferndale joined the Sidney Strong family and their house-guests Wednesday evening at a picnic at Riverside Park.

Mr. and Mrs. George M. Chute and sons and his parents, Mr. and Mrs. George M. Chute, Sr., of Babson Park, Florida, were dinner guests of friends at Silver Lake, Sunday.

Mr. and Mrs. Harry Durant and children and Mrs. Gertrude Brooks spent last week Tuesday in Detroit, visiting at the Zoo, and also called on Mr. and Mrs. Lewis Wyant.

Mr. and Mrs. C. V. Chambers and little granddaughter Barbara Jean Holmes, were Sunday guests of Mr. and Mrs. H. P. Vosburgh, in Penton.

Mr. and Mrs. Clifford Cline are entertaining Pierre Kenyon's guest, Miss Thelma Burns, of Hollywood, California, for an extended visit.

The Misses Kathryn Waterman, Ruth Bayes, Emily Inghall and Eldora Ballen enjoyed a pleasant day at Tashmoo last Friday.

Mr. and Mrs. John Korb of Napier Road have as their week-end guest, Mrs. Ernst Coates and son Kenneth of Toronto, Canada.

Mr. and Mrs. Grant Harriman of Detroit were luncheon guests Tuesday of Mr. and Mrs. Ralph Lorenz on Sheridan avenue.

George J. McGill of Detroit has been spending a two week's vacation with his sister, Anna at their home on Harvey street.

Mr. and Mrs. Ray L. Lamb of Cleveland, Ohio, were dinner guests of Mr. and Mrs. Chas. W. Horr, Jr. Saturday evening.

The Ready Service class of the Presbyterian Sunday school had a grand time Tuesday when they spent the day with Mrs. Maxwell

Moon at her summer home at Walled Lake. Mr. and Mrs. Herbert Mere-

dith and Miss Gladys Schrader of Detroit and Raymond Latta of Ann Arbor were dinner guests Sunday of Mr. and Mrs. A. B. ust 26 in Riverside Park

Tough thick Center Traction Tread. Built with Supertwist Cord. Full Oversize. Lifetime guarantee.

"43% MORE NON-SKID MILEAGE"

"You're too modest!"

Motorists who got the first G-3's put out—months before the public announcement—say, "You're too modest!" Many of them report 50% to 100% more non-skid mileage. Why, then, do we insist on only 43%? Well, 43% is a definite test-car-proved figure. Very likely it is low for normal use—because the tests which established the 43% average were gruelling: cars speeding up to 50, jamming on brakes, mile after mile, day and night. Very likely most motorists will get more than 43% more non-skid mileage. But we'll string along with 43%—because it's plenty to deliver at no extra cost. Come see the tire that's the talk of the nation.

**YES! A DOUBLE GUARANTEE**  
1. Against road hazards.  
2. Against defects for life.

When You "G-3" Your Wheels—LOOK WHAT YOU GET

No Extra Cost! Flatter, wider All-Weather tread. More Center Traction (16% more non-skid blocks). Heavier Tougher Tread. Supertwist Cord Body and 43% More Miles of Real Non-Skid.

### Rotarians Hear Of Health Work

Col. Edward Rich, speaker at last Friday's meeting of the Plymouth Rotary club, declared that the state had done little of nothing during the past two years to protect the health of people who spend their summer vacations at the various northern resorts in this state.

"We have had no money and because of this we have been unable to carry on the work that was started some years ago. However we can say that a very large percent of the resorts in the northern part of the state maintain a high average sanitary condition. There are many things that the state must do to help and we find on the part of the hotel and resort owners of the north a splendid spirit of cooperation in making Michigan a safe place for people to come and spend their summers," he said.

Mr. Rich, regarded as one of the leading sanitary engineers of the country, expects had more to do with stamping out typhoid in Michigan than any one other person.

"Michigan is now practically free of all typhoid. Of course now and then there is an outbreak, but we have entirely checked the disease in this state," he said. While no mention was made of the typhoid cases among a number of circus employes, investigation showed that they contracted the disease in Pennsylvania and came down with typhoid after they had reached this state.

He told how in several down river communities south of Detroit, "diluted" sewage had been turned into good drinking water. He mentioned Trenton and Wyandotte who through the installation of proper water treating equipment had ended all typhoid danger in those communities.

### WEST PLYMOUTH

Little Betsy Ross has a new playmate, a baby sister, Beverly Joyce, born the morning of August 18, in St. Joseph Hospital. Mrs. Arthur, mother and daughter are doing fine.

Mr. and Mrs. William Spangler with their four children, and Mr. and Mrs. James Lower and little daughter attended a reunion of the Brown Family at Morenci, Michigan. Seventy-two were present.

Mrs. Nelson Cole and her granddaughter, Miss Ruth Root, have had an enjoyable trip into the northern part of Michigan, seeing Mackinac Island, the Straits, and other points of interest. They visited friends in Leaning, Mich., also.

Mr. and Mrs. John Brown with their four children from Denton visited the Spangler family, Saturday evening.

Mr. and Mrs. Orin Rigley went to Rockwood Sunday to welcome a new little niece in his brother's family.

### NEWBURG

There will be a church service as usual at 10 o'clock Sunday morning, the topic for the sermon being "God's Summer World." Sunday school at 11 o'clock.

Rev. Townsend and family after spending the past two weeks visiting Mrs. Townsend's mother and relatives at Ithaca, N. Y., returned Monday evening. They left Tuesday for Lake Orion where they will spend the balance of their vacation.

While the pastor and family have been away, the parsonage has been undergoing some much needed decorating. Fred Geney doing the work.

The young married peoples Sunday school class which is having a garden party on the church lawn the evening of August 31st have added another attractive feature. The Plymouth Band will be on hand to furnish music.

Mr. and Mrs. Usher and daughter Thelma of Jackson called on Mrs. Emma Ryder Saturday afternoon.

Raymond Ryder of LaGrange, Ill., is visiting at the Ryder homestead for a couple of weeks. The Misses Mildred Gilbert, Lydia Joy, Grace Toncray, Joy McNabb and Viola Lutermoser spent the week-end at the Ratenbury cottage at Island Lake, with Mrs. James McNabb as chaperon.

Mr. and Mrs. John Layton of Howell, called on Mr. and Mrs. Mark Joy Sunday afternoon.

There was rather a small attendance at the Patchen school re-union last Saturday and a vote carried to discontinue the reunions. However, the same date will be held in mind and any who care to come to the grounds for a picnic dinner each year are welcome to do so.

The latest addition to the United States Fleet, the new type destroyer U. S. S. DEWEY, was recently launched at Bath, Me. Miss Anna M. Dewey, a grandniece of Admiral Dewey, for whom the ship was named, christened the ship.

Italy has officially announced that she will lay down the keels of two battleships this year of 35,000 tons. This announcement preceded the conversations in London on naval limitations to which Italy has been invited.

### Rally In Ninth Defeats Moose

Twenty hits, including a home run by Norman Atchinson, rang off the bats of the Schrader-Hagerly's last Sunday as they came from behind to defeat the Ann Arbor Moose, 10 to 9. The game was played at the Plymouth-Riverside Park diamond before one of the largest attendances of the season.

Eddie Wittenberg, started on the mound for Plymouth, but was lifted in the second inning for a pinch-hitter, Harold Pankow went to the box starting the third, and held the visitors at bay except for two runs scored in the eighth.

Herbert Wilson, University of Michigan varsity hurler, took the mound for Ann Arbor and was relieved by Art Buxter in the sixth inning. It is claimed that Wilson has the fastest ball in the Big Ten.

In the second inning with two out and the bases loaded, Bill Judson drove the ball into right centerfield for a home run, accounting for four of Ann Arbor's runs.

The Korte Club of Dearborn, runners-up in the Dearborn class A league playoffs to determine who will represent Dearborn at the national amateur tournament in Youngstown, Ohio, will meet Plymouth in a twin-bill Sunday, August 26th at Plymouth-Riverside Park. First game starting at 1:30 o'clock.

One of the reasons for the mass flight of twelve U. S. Naval plans from California to Dutch Harbor, Alaska, was to map the coast and decide upon the best spots for harbors and landing fields. When all the data is compiled it will be used in selecting the location for a new air base which the Navy contemplates establishing there. Such a base coupled with the strengthening of existing ones and the establishment of other new bases, would give the United States complete command of the Pacific.

The first new type destroyer completed since the World War building program, the U. S. S. FARRAGUT, was officially put into active service June 18th, at the Charleston Navy Yard.

Mr. and Mrs. Elmer Roe of Saline were Sunday visitors at the home of Mrs. Jennie Meyers on Penniman avenue.

### Local News

Mrs. James Dunn is home from Lansing for several days.

Miss Ruth Biehy is spending the week with Miss Betty Sinclair at Clarston.

Theodore Schoof left Saturday for a month's visit with his brothers at Council Grove and Dodge City, Kansas.

Mr. and Mrs. Henry Losemort and sons, Jack and George, of Grand Rapids were recent guests of Mr. and Mrs. Henry Hondorp.

Miss Marion Dreywour of Detroit was the guest of Mrs. Winfield S. Baughan from Friday until Monday.

A son, Francis James, was born to Mr. and Mrs. Joseph Kearney on Thursday, August 16, weighing nine and one-half pounds.

Mrs. W. C. Watts and son, Ralph, of Detroit have been the guests of her sister-in-law, Mrs. Ralph Lorenz for a few days.

Mrs. Ruth Huston Whipple spoke at the Sunday services at the Wayne County Training school.

Mr. and Mrs. Arthur White were guests Sunday of Mr. and Mrs. Arthur Johnson at their summer home at Horseshoe Lake.

Mrs. W. D. Lockwood and daughter, Ellen Lucille, returned Friday night from a two week's visit with her son at Providence, Rhode Island.

Mr. and Mrs. William P. Wernett and son, William Frederick, are spending several days in Chicago, Illinois, and attending a Century of Progress.

George Nowry of Plymouth and daughter, Mrs. Rex Dye of Northville have been spending the past week in Chicago, Illinois, visiting his brother, who he had not seen in nine years, and attending a Century of Progress.

### Council Proceedings

August 6, 1934.  
A regular meeting of the City Commission held in the City Hall on Monday evening, August 6th, 1934, at 7:00 p. m.

Present: Mayor Robinson, Commissioners Blunk, Goldsmith, Henderson and Whipple.

Absent: None.

The minutes of the regular meeting held July 15th were approved as read.

Report of the Municipal Court for the period from April 25th, 1934 to July 1st, 1934, was, on a motion by Comm. Henderson seconded by Comm. Whipple, accepted and ordered placed on file. Carried.

Report of the Municipal Court for the period of July 1st to August 6th was, on motion of Comm. Henderson seconded by Comm. Whipple, accepted and ordered placed on file. Carried.

A request was received from Plymouth Hospital for permission to hold a tag sale on the streets of Plymouth. It was moved by Comm. Goldsmith and seconded by Comm. Henderson that the above request be granted. Carried.

It was moved by Comm. Henderson and seconded by Comm.

Whipple that the agreement of the City Manager regarding the John Shaw lot in Riverside Cemetery be confirmed. Carried.

It was moved by Comm. Henderson and seconded by Comm. Blunk that the Chief of Police be authorized to attend the Conference of Chiefs of Police in Kalamazoo on August 27, 28 and 29. Carried.

It was moved by Comm. Blunk and seconded by Comm. Whipple that a 20' x 20' temporary platform be erected in Kellogg Park for the use of the Civic Band during the next three Saturday nights. Carried.

It was moved by Comm. Whipple and seconded by Comm. Henderson that the motion, made and passed at the regular Commission meeting held on July 15th, instructing the City Manager to draw an agreement relative to the use of public alley in the rear of 615 Brush Street, be and the same is hereby rescinded. Carried.

It was moved by Comm. Whipple and seconded by Comm. Henderson that "Jehovah's Witnesses" be granted permission to use the space on Penniman Avenue adjoining Kellogg Park opposite the end of Union Street on Saturday evenings for the purpose of giving religious lectures by means of electric transcription, such permission shall be subject to revocation by the City Manager. Carried.

The following Resolution was offered by Comm. Whipple and seconded by Comm. Blunk:

WHEREAS, this Commission is of the opinion that at some future date, in order to provide for the increasing flow of traffic through the City of Plymouth and for the safety and convenience of the residents of this City and more particularly for the benefit of the business on the Main Street, it will be necessary to widen this thoroughfare; AND WHEREAS, it is deemed advisable to establish a building line along Main Street at such distance on each side of the center line thereof as to secure adequate street width can be provided and so that all future buildings will be constructed back of such proposed new street line:

THEREFORE BE IT RESOLVED, that the owners of property along the entire length of Main Street be requested to cooperate with the City of Plymouth in establishing a building line which will be located 48 feet distant from the center line of Main Street as now established;

RESOLVED FURTHER, that the City Manager be instructed to refuse to issue any building permit for the construction of a building adjoining Main Street not conforming with this resolution without first submitting the application to the City Commission.

Ayes: Mayor Robinson, Commissioners Blunk, Goldsmith, Henderson and Whipple.

Nays: None.

Upon motion by Comm. Blunk and seconded by Comm. Henderson the City Manager be instructed to issue the amount of \$2604.85 were approved as passed by the Auditing Committee. Carried.

It was moved by Comm. Henderson and seconded by Comm. Blunk that the proposed Dog Ordinance be held over to be considered at an adjourned meeting to be held on Thursday, August 9, 1934 at 7:30 p. m. Carried.

It was moved by Comm. Henderson and seconded by Comm. Blunk that the meeting adjourn until 7:30 p. m., August 9th, 1934. Carried.

GEO. H. ROBINSON, Mayor.

### L. P. COOKINGHAM, Clerk.

Plymouth, Michigan August 9 1934

An adjourned meeting of the City Commission held in the City Hall on Thursday, August 9th, 1934, at 7:30 p. m.

Present: Mayor Robinson, Commissioners Blunk, Goldsmith, Henderson and Whipple.

Absent: None.

It was moved by Comm. Goldsmith and seconded by Comm. Whipple that the City Manager have 3000 registration cards printed and furnished to all registered electors. Carried.

It was moved by Comm. Whipple and seconded by Comm. Henderson that candidates for political offices be allowed to hold meetings in Kellogg Park, with the provision that no trucks or other vehicles be allowed in said Park. Carried.

Mrs. Caroline Dayton appeared before the Commission and suggested that a street dance and other forms of entertainment be held in the downtown area for the purpose of raising funds to purchase furniture for the City Hall.

It was moved by Comm. Goldsmith and seconded by Comm. Whipple that the Commission accept the above plan and authorized Mrs. Dayton to proceed with a committee, whose membership will not include members of the City Commission, and that permission be granted to use that portion of Penniman Avenue between Stevers Market and Union Street for the above purpose. Carried.

It was moved by Comm. Whipple and seconded by Comm. Henderson that the City Manager prepare a Sewer Survey Project and submit the same to the C.E.R.A. for consideration. Carried.

It was moved by Comm. Whipple and seconded by Comm. Henderson that the City Manager be authorized to purchase one 10,000 gallon tank of road oil to be applied on the heaviest travelled streets in the City.

Ayes: Mayor Robinson, Commissioners Blunk, Henderson and Whipple.

Nays: Commissioner Goldsmith. It was moved by Comm. Henderson and seconded by Comm. Goldsmith that the meeting adjourn. Carried.

GEO. H. ROBINSON, Mayor.  
L. P. COOKINGHAM, Clerk.

## Terrific Windstorm Hits Michigan August 2nd!

Many property owners without Windstorm Insurance **SUFFERED HEAVY LOSS!**  
Had they carried Windstorm Insurance with this old Company they would have been protected. The cost has been less than 7 cents per \$100 per year since the Company was organized 50 years ago.

This was one of the worst windstorms that has ever visited Michigan. No property owner is secure without ample Windstorm Insurance, because just such a cyclone as this may strike any time without warning.

### Michigan Mutual Windstorm Insurance Co.

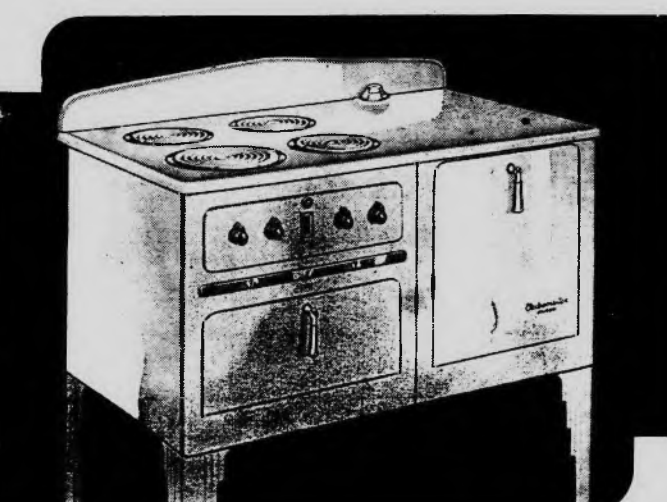

HOME OFFICE—HASTINGS, MICHIGAN - The Largest of Its Kind in the State of Michigan

Over \$4,000,000 Paid in Losses to MICHIGAN Property Owners!

Operated on a Business Basis by Men Experienced in Windstorm Insurance and Property Values.

June 30, 1934, a cyclone destroyed this fine barn, 36 x 30 feet, on the farm of Henry Schaefer, Nadeau township, Menominee county. We promptly paid the loss, \$1,398. The silo was damaged to the amount of \$3414, which was also promptly paid.

## Let this TRIAL PLAN prove to you in your own kitchen what ELECTRIC COOKING really costs

WOULD you like to find out the facts about the cost of electric cooking? Would you like to see for yourself how much YOUR bill would be if you cooked on an electric range in your own kitchen? You can do it without making a penny's investment. You need not buy a range, and you are under no obligation whatever.

The plan briefly is this: We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During this trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

We want you to judge for yourself whether electric cooking is not superior to any other cooking method you have ever used. We want you to use the range in your own kitchen... cook all your favorite recipes on it... test it thoroughly under all conditions. We want you to become acquainted at first hand with its COOLNESS, its CLEANLINESS, the DELICIOUS FLAVOR it retains in foods. And we want you to do this without obligation, until you have become convinced of its many advantages.

You will discover that you can enjoy electric cooking at a cost well within your household budget. Send in your application for a trial range today!

A study of our Cooked Food using an electric range showed a cooking cost of

LESS THAN 1¢ PER POUND

## THE DETROIT EDISON CO.

# Editor Who Sets Type For Paper By Hand, Celebrates 78th Birthday

As far as known, not a person in Plymouth outside newspaper circles knows J. E. McMullen, aged editor of the Linden Leader. Linden is a fine little country town over in Genesee county. Recently Mr. McMullen celebrated his 78th birthday. He works each day in his shop and he has one of the few hand-set papers that remains in the country.

EDITOR J. E. McMULLEN

But so unusual and so interesting was the article he published in his paper about his 78th birthday, that readers of The Plymouth Mail will thoroughly enjoy it, whether they know him or not.

It follows:  
Last Friday, the boy who writes the stuff known as "Wise and Otherwise" reached his 78th birthday, and to make it a memorable occasion Mrs. Fred Long presented him with a large cake and a quart of whipping cream to help it slide down. Then Mrs. Fay Pomeroy remembered the illness for custard pie, all I suppose to give him a boost toward 79. Then too the many congratulations made him feel glad he didn't die when he was little. It takes a lot of growing and waiting to reach 78, but as I look back at all the ups and downs I don't know anybody that has got more joy than I have had all along the way. I have run in and out of several depressions, happened to be born into a family where the brave mother had to keep an invalid husband and seven children, when Johnny cake and corn meal mush was the principal diet, and don't remember ever having more than 15c on any holiday until I was big enough to help earn the family larder. Over fifty years ago doctors told me I was going to join the angel choir inside a year, they're both underground and I'm on top, which shows there's many a slip between the cup and the lip. I have either owned or operated fifteen different country papers, and can't say that I ever failed but once and that was the first, when I got my eyes open, and as for my job there's none on earth that suits me better. Out of five brothers, three of us took to printing. My eldest brother, James, Dan, P. McMullen, of Cheboygan, Mich., mixed the art with politics and won fame and fortune, while my

## How To Repair and Improve Your Home or Business Property

(Continued from page two)

is badly deteriorated, brick veneer or stucco is suggested.

2. Do the Windows Stick? Perhaps they need re-fitting or new hardware. Do they leak air? Weather-stripping may make a saving in your fuel bill.
3. Is the Porch Going to Waste? Screen or glass will convert it into an additional living room. Shutters, awnings, screens, storm sash and doors may need repair or replacing.
4. Is the Attic Too Hot for Habitation? It can be vented by louvers or insulated against heat and cold. Ventilating fans may be installed.
5. How About Wood Trim, window and door frames, cornices? These are the spots constantly exposed to hard wear from weather.

### Danger Spots

1. Does Rain Reach Your Wall Paper? Perhaps there are loose shingles. Perhaps there is broken or missing slate, tile or other roofing material.
2. It May Be the Rafters that Need Inspection. Perhaps the frame of your house is resting on rotted beams.
3. Does Your Porch Roof Leak? Canvas or metal decks over porches and bay windows may need repairing or painting.
4. The Trouble May Be Flashings — at some point on the roof.
5. Faulty Gutters Cause Costly Damage—and so do downspouts which need to be repaired or replaced.

### Check Up Chimneys

1. What's Your Fire Hazard? Does your chimney get too hot? Your flues may need attention. Fire resistant material, properly placed, means added protection.
2. Does the Chimney Look Unsteady? Perhaps it needs a tie-rod.
3. Spots on the Ceiling may be due to faulty caulking or flashing.
4. Does the Fireplace Smoke and refuse to draw properly? Perhaps your dampers are at fault. Flues may need extending, or the fireplace may need enlarging.
5. Is the Hearth a Fire Hazard? Repair or replace it, and back the fireplace with fire-resisting material.
6. An Ash Dump may make a vast difference in the usefulness of the fireplace.

### Interiors Must Be Lived In

1. Is Plaster Spotted and Cracked on walls and ceilings? Defective lath should be repaired—and worn plaster patched.
2. Are Floors Uneven? Perhaps there are loose or broken boards in the flooring which need attention. New floors may be laid over worn ones—or floors may be refinished.
3. Do Stairs, Railings and Spindles Need Repairing? How about a disappearing or permanent stair to the attic?
4. Are Moldings and Woodwork Old-Fashioned—too elaborate? They can be replaced by simple, well-designed trim.
5. Is Your Kitchen Modern? Its everyday usefulness might be greatly increased by a new sink, enough cupboard space, built-in equipment, and wiring outlets.
6. How About the Bathroom? Does it need new wall covering, plumbing, new paint, new fixtures? Would an additional bathroom mean greater convenience?
7. New Cabinets and Cupboards mean additional convenience. Consider the possibilities of a broom closet, bookcases, wardrobes, a linen closet, corner-cupboards for the dining room.
8. Crowded for Room? Partitions and wall may be changed to make larger, better-shaped, or additional rooms. Boards, wall board, lath and plaster are useful in making rooms from wasted space in basement and attic.

### For Protection and Appearance

1. Does the Outside of the house need paint, stucco, or veneering? All of these materials are for protection as well as for appearance.
2. Are Painted Surfaces Peeling—or Blistered? If so, the old paint should be removed before new coats are applied.
3. Are Gutters Rusty? All exposed sheet metal (except metals which do not rust or discolor) needs paint protection—roofs, railings, flashing, gutters, downspouts.
4. Paint on Brickwork, cement and stucco protects these materials from weather and often improves their appearance.
5. Incidentally—Do floors need refinishing? Would painted woodwork improve the appearance of certain rooms? Perhaps plaster or wall board walls need new paper or paint.

### For Convenience, Sanitation and Comfort

1. Kitchen and Bathroom—at least—in every home should be equipped with plumbing. For sanitation, every system should connect with sewer or modern septic tank. Cesspools should be eliminated and shallow wells replaced with deep ones.
2. Do Drains Leak—and pipes clog? Perhaps you need additional cut-offs, cocks or drains.
3. Modern Plumbing will completely revise that obsolete bathroom, kitchen, or laundry.
4. A First Floor Toilet—or a basement toilet might be installed at little cost.
5. The Drainage around house foundations helps prevent seepage and damp cellars.
6. Irregular Hot Water? Perhaps the pipes need new coverings—a new water heater may be required.
7. Is Your Home Well Heated? Perhaps it needs more radiators, registers, or repairs to the boiler. Corroded pipes should be replaced and valves checked. Gas or oil might be installed, if your home is not already equipped with automatic heat.

8. A thermostat—or other heat control devices will save fuel and prove a great convenience.
9. Incidentally—Insulation, weather-stripping, storm windows and pipe covering save wasted fuel and needless expense.
10. Are Light Fixtures Poorly Placed? Additional outlets in the proper spots are a great convenience.
11. Can you Find Things in Closets? Light outlets would help. Dark basements, attics and stairs can also be made more useful and safe with light outlets.
12. Kitchen and Bathroom may need insulated fixtures for safety or entire replanning for greater convenience.
13. Is the Garage in Good Condition? Does it need repairs, paint, additional space for another car, or a tool shed? Does it need water piped to it, or a concrete floor with drains, or an electric light?

### On The Farm

1. Farm Home—as well as urban residences—may be checked against all the foregoing suggestions. But in addition, a newly installed water and lighting system will make the farm home much more livable.
2. The Farmstead as a whole may require repairs, alterations and improvements which will save time and labor and add to the value of the property. Well-lighted poultry houses have an effect on the volume of eggs produced. Perhaps you need a new silo. Fences may be repaired, or new ones may be built. A new roof, paint, modern stables, new doors or structural additions may greatly increase the utility and earning power of barns.

### Check Your Business Property—Does Your Building Pay Dividends?

1. Is it useful, safe, efficient?
1. Rentable Basement Areas can be increased by rearranging service space, building new partitions, providing ventilation, finishing walls and floors, and installing new stairs.
2. Are Maintenance Shop and storage space convenient, well-lighted and properly equipped?
3. A Direct Entrance to the boiler room, a side-walk lift, might improve the efficiency of your property. Damp walls and floors may be waterproofed—or hardening treatment applied to dusty cement surfaces.
4. Are Walls Clean—and is masonry carefully kept? If masonry is stained, try a new coat of paint for both appearance and protection.
5. Roofs Require Watching—check the superstructure. Are sills and cornices weather-damaged? Are parapets and copings watertight? Are roof drains clogged? Are there leaks around skylight or pent-house is all sheet metal work sound, secure and well painted? Neglect results in costly repair bills later on.
6. Is Your Building Safe for tenants, customers or employees? Check up on exterior steps, damaged sidewalks, walls, fences and jagged curbs. Protect area ways with guard rails. Provide storage for oil or gasoline. Are there emergency aid rooms and safety devices on machinery?
7. Do Windows Rattle or Leak? Perhaps they need new putty. Replace broken glass. Weatherstripping helps prevent loss of heat—and eases window operation. Larger windows add to efficiency and appearance.
8. Is the Fire Hazard Great? Check on rusty fire escapes. Do exits comply with the law? Fire pumps should be tested, and fire alarm and sprinkler systems installed.
9. Comfort of Employees has a direct effect on your efficiency and speed of operation. Perhaps fatigue and inconvenience can be eliminated.
10. New Paint—Properly applied, paint can improve sanitation, eliminate eye-strain, stimulate worker morale and pride in surroundings.
11. New Plumbing—Adequate rest rooms, well-lighted and ventilated, pay for themselves many times over in worker contentment. Have your entire plumbing system checked. Faulty plumbing leads to building decay.
12. New Electric Equipment—Replace obsolete lighting fixtures and see that there are ample outlets for your employees' needs. Unnecessary glare or inadequate lighting often results in impaired eyesight and poor workmanship.
13. New Heating equipment may prevent wasted fuel—as well as stimulate worker morale. Have boilers, flues, water tubes and smoke flues checked. Steam valves, pumps and ejectors may need repacking. Install draft, steam and temperature control devices. Improve radiation system.

### Does Your Building Attract Business?

- Is it comfortable, handsome, convenient?
1. Are Entrances Inviting? A modernized storefront, a revolving door, revised display space, might greatly increase the attractiveness of your building. If appearance is improved, value and greater rentability are likely to follow.
2. Lobbies Give First Impressions. If your foyer is dark and unattractive, brighten it with new wainscoting, paint, resurfaced or tiled floors and up-to-date light fixtures.
3. Office Space is Made Modern with repaired plaster, paint, refinished floors, new wardrobes and washstands, new and simple woodwork.
4. Customers, Clients and Tenants are inclined to pay more for your product—tangible—if your property is attractive, comfortable and convenient. Check the plumbing and paint—the heating and ventilation—the stairs and elevators. The proper improvements, inside and out, will convert your building into an efficient salesman for you. These suggestions are not designed as a complete check list. You, yourself, can determine, or your architect, contractor or other technically

trained person will be able to recommend necessary repairs and improvements to answer your individual needs.

**Here's How To Safeguard Your Investment**  
Your own judgment will tell you that you must invest wisely and thoughtfully—if you would reap the maximum in benefits from property improvements. Here are a few points to remember:  
1. Select Good Workmen. You should personally know the contractor or workman who will handle your job or, if not, check his reputation for responsibility and skill. Probably the only effective safeguard as to price is the securing of competitive bids.  
You should not pay for the work or sign a note covering the cost of the work without receiving a written guarantee.  
2. Recondition—in its best sense. No item of repair, alteration or improvement should be an attempt to conceal building defects which are more fundamental. If the work involves a large expenditure or major changes in a building—that is, if it involves alterations and new construction rather than mere repairs, it is wise to consult an architect or engineer. Your saving will be much greater than his fee, which may be included in the loan.  
3. Consider the Neighborhood and the character of the property to be improved. Costs and benefits should be weighed against the building's future

and its surroundings. If your application is rejected because of unfavorable neighborhood conditions, you may still become eligible for a loan by enlisting a substantial group of neighbors in a general neighborhood improvement plan.  
4. Increase the Value of your property by as much—or more than—the cost of the work.  
**Your Building Is An Investment In Living**  
Neglected, it pays no dividends.  
Protected an improved, your home pays many times over in convenience, happiness and comfort for your family. A well-maintained business property pays for itself in efficiency and stimulated trade.  
List—today—the property improvements that will bring your building up to the standard of the times.  
The money is ready, the workmen are ready—the time is ripe to act.

### THEY HAVE FORGOTTEN

Something that most public officials have forgotten—that public officials are public servants and not public sovereigns.

What, exactly,  
does Knee-Action do

*the answer is*

# CHEVROLET'S KNEE-ACTION RIDE

*Doubles*

the pleasure of motoring

**CHEVROLET** The best way to prove that Chevrolet's Knee-Action actually makes motoring twice as pleasant as before is to drive the new Chevrolet over all kinds of roads. You will find that the continuous jars you used to get even on smooth pavements are ended. The steering wheel is free of vibration. Back seat passengers are comfortable and relaxed. You can maintain higher speeds over rough roads that used to slow you down. You will find, in fact, that probably for the first time in your experience, every foot of every mile is equally enjoyable.

This fine feature is combined in the new Chevrolet with beautiful, luxurious Fisher Bodies, safe, weatherproof, cable-controlled brakes, the flashing performance of an 80-horsepower engine, and the great economy of six-cylinder, valve-in-head construction. This combination is exclusive with Chevrolet. Perhaps that explains why so many people are buying and recommending this extremely low-priced car.

On Monday evening, Mr. and Mrs. W. B. Lombard entertained at dinner Mr. and Mrs. Leonard Nelson and daughter, Gloria Mae, and Mrs. Emma Travis, mother of Mrs. Lombard, of Detroit.

Mrs. Nelson Cole and granddaughter, Miss Ruth Root, returned Monday from an enjoyable week with friends at Loveling in the northern part of the state. While there they visited many points of interest in that vicinity.

On Thursday, August 30, Plymouth Rebekah's will hold a picnic at the summer home of Mrs. George Collins at Base Lake. All Rebekah's are to meet at Kellogg Park at 8:30 o'clock.

Mrs. Paul Wiedman and Mrs. Fred Wiedman and daughter, Dorothy, of Ann Arbor left Wednesday for a few days stay at Lexington and Broken Rock.

Lynford Fritz, who has been with his mother, Mrs. Vera Fritz, since May, returned to California last Thursday going to Los Angeles and from there to San Francisco.

Mrs. Floy Fauver returned to her home in Cleveland, Ohio, Monday following a visit with Mrs. Charles W. Carr, Jr. and her son and daughter, Maribelle, accompanied her to Detroit, where she left by boat, after which they visited Detroit friends for the day.

Mr. and Mrs. John Henderson and granddaughter spent Saturday and Sunday at the summer home of Mr. Henderson's brother near Traverse City. They left Traverse City Monday morning at 8 o'clock and reached Plymouth at 4:30 in the afternoon.

Mr. and Mrs. John Henderson and granddaughter spent Saturday and Sunday at the summer home of Mr. Henderson's brother near Traverse City. They left Traverse City Monday morning at 8 o'clock and reached Plymouth at 4:30 in the afternoon.

Mr. and Mrs. Dewey Smith and children, Donna Joyce, and Jack, of this place, Mrs. John Garner, daughter Phyllis and son Ronald, of Dryden, Mrs. Warren Peterson and twin daughters of Detroit attended the T.C.T. convention at Grand Rapids, celebrating the trip in the comfortable well equipped home trailer, built and owned by Mr. Smith.

**Tournament Off To Flying Start**

Eighteen men and six women were teamed to play in the doubles tournament last Sunday. Four matches were played between eight teams to make play much easier on August 26. Many more players are expected to show up this coming Sunday for the final entry and finishing rounds.  
 Players who are not paired up are asked to come to the park courts and pair up there at ten o'clock.

Virginia Woodworth won a two set victory over Helen Ribar, the score being 6-1, 6-0. The exhibition match between Claude Gebhardt and Elton Knapp is expected to take place this coming Sunday at 10:00 o'clock if no delay occurs.

The results of last Sunday's play is as follows: Robert Champe and J. D. McLaren defeated Almond Gates and Morris Woodworth 6-2, 6-4. Louis Norman and Steve Harsh defeated Daryl D. Clin and Elwood Elliott 6-2, 6-1. William Bake and Elton Knapp defeated Chase Willett and Elmer Zuckerman 6-3, 8-10, 6-4. Olin Whittaker and Sanford Knapp defeated Joseph Ribar and Edward Murphy 4-6, 8-4, 8-3.

No matches were even attempted during these four matches on account of the severe wind.

**Kreger Seeking Treasury Place**

The announcement of Ira J. Kreger's candidacy for the office of Treasurer of Wayne County on the Republican ticket does not come as a surprise to those who are acquainted with his record, for he has been importuned for the last six months from all sections of Wayne county to make the run, say his supporters.

For several years from 1922 until 1927, Mr. Kreger was city commissioner of the Wyandotte Water and Light plant, having complete charge of this municipally owned public utility. At the time Mr. Kreger was elected to this office the plant had failed to be a paying venture, however, under his administration much needed equipment was added, and the institution showed a net earning.

Upon this record Mr. Kreger was elected Mayor of Wyandotte in 1928, serving for two terms, and while Mr. Kreger's administration was one of sensible economy many civic enterprises were completed among which were two modern schools at a cost of \$500,000.00 and a boulevard lighting system costing \$55,000.00. As Mayor of the city Mr. Kreger gave the people a sound business administration and enjoyed one of the lowest tax rates in its history.

In the early part of 1931 Mr. Kreger accepted the appointment of Deputy Treasurer of Wayne County and conducted the business of that office until late 1933. In seeking the office of Treasurer, Mr. Kreger states that, "I will give to the people of Wayne County a sound business administration based on common sense economy, placing at the disposal of the tax payer a personnel that that will at all times render courteous, prompt and efficient service to which the overburdened tax payer is justly entitled in this important county office."

"To institute a plan whereby the taxpayer may pay all delinquent taxes on a partial payment plan, that is best suited to his means, and which will in no way encumber this office with additional expense nor be contrary to the prescribed method of tax collection as required by our State tax laws."

Mr. Kreger, at this time, is in the wholesale produce business in the city of Detroit with offices in the Produce Terminal building.

**Ford Again Plans New Small Plant**

This will be the fifth little factory that Mr. Ford has in the vicinity of Plymouth.

These plants scattered along the beautiful Rouge river, provide employment during various times of the year for many hundreds of workers and farmers, and a number of women.

The Phoenix plant employs almost exclusively women workers. These factories are the Waterford plant, The Phoenix plant, the Plymouth-Wilcox plant, and the Nankin Mills plant.

The statement issued by the Ford Motor Car company pertaining to its expansion program tells in brief part of what the company has in mind.

An order which will expend \$5,500,000 in capital improvements during the next 10 months and double the power capacity of the Dearborn plant of the Ford Motor Co. has been signed by Henry Ford, according to an announcement issued Monday by the Ford company.

Increased mine operations and greater consumption of coal are included in the plans, and it is estimated that when all collateral requirements are fulfilled the additional improvement of the Ford company will have expended \$10,000,000 with other contracts for machinery and services.

**Headquarters For Fitzgerald**

Plymouth's votes in the forthcoming primary election have become important — announcement having been made during the past few days of the opening here of a Fitzgerald-for-Governor headquarters. It will be located in the Fisher building on Main street almost right across from Conner's hardware, for over half a century the main Democratic headquarters of Plymouth.

Leonard J. Murphy, who was at one time an employe in the state highway department offices here, has been sent out from the Fitzgerald headquarters in Detroit to run the Plymouth office.

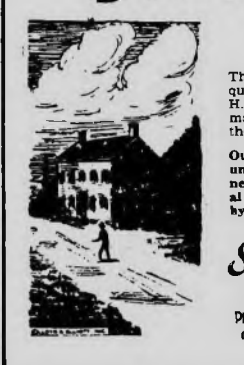

Mr. Murphy has been in the Upper Peninsula during the past two years. He was greatly interested in the Dondero campaign two years ago.

 COURTEOUS AMBULANCE ON CALL

**To The Moratorium Depositors**  
**First National Bank**  
 Plymouth, Michigan

Through your splendid co-operation, we have received signed approvals for the new plan representing over 86% of the moratorium deposits. The plan has been delayed on account of the opposition of a few — people, who, for personal reasons have refused to co-operate. They represent about eight percent of the moratorium deposits and about forty-five shares of the stock.

It is necessary to have the co-operation of these depositors and stockholders in order to obtain the approval of the Comptroller of the Currency and to secure the Government Aid in the release which would make available 50% of your original deposit less the 5% release already made.

In interesting myself in the reorganization plan I have had the best interests of the depositors and the community at heart. I think it would be a calamity to Plymouth if the plan does not succeed. I, therefore, am laying aside my personal considerations in the matter, believing the plan should have every opportunity to succeed.

Consequently, I have tendered my resignation as President and Director of the First National Bank of Plymouth to take effect on the first day of September, 1934.

I urge all depositors who haven't already signed the new agreement, to do so at once and take advantage of the Government aid in the release of your deposits.

I sincerely appreciate your efforts and co-operation and trust that you will call upon me at any time, if I may be of service.

Yours,  
**J. B. HUBERT.**

## Water Project Is In Progress

Employees of the Department of Public Welfare assisted by CERA employees started the recently approved CERA Project for the construction of a temporary water line on Northville Road, just North of the Phoenix Road. This temporary water line is necessary during the construction work of the grade separation at Northville Road and P.M.R. The pavement grade at this point on Northville Road will be lowered approximately 24 feet, which will necessitate the lowering of the present 10 inch water main supplying the City of Plymouth.

In order to maintain water service during construction operations on this road, it is necessary to construct about 1200 feet of temporary water main running around the area where the grading work is being done. Because of the fact that it was not possible to obtain 10 inch water main for this purpose it has been necessary to use 1200 feet of 8 inch main, which has been loaned to the City by the Detroit Water Board. It will not be possible to secure quite as much water through this main at the same pressure, but it is believed that sufficient water can be handled to supply the demands during the balance of the season.

At the time of making the connections with the existing main the water supply may be temporarily shut off for a few hours as the storage facilities of the City are sufficient only to last about four hours under the present rate of daytime use. It is planned to make these connections during the night hours. The work will start about 10 o'clock at night and should be completed by 6:00 or 7:00 o'clock in the morning. Under the present program this connection will be made on Saturday night, September 1st. The work should be entirely completed on the morning of Sunday, September 2nd. Further announcement of the plan will be made in next week's paper in order that consumers will have an opportunity to draw off enough water to supply the demands during the few hours that the water service might be out of use.

**HOSPITAL NOTES**

Mr. and Mrs. James Gadsen of Rosedale Gardens are the parents of an eight pound son born last Thursday at the Plymouth hospital. Both mother and babe are doing nicely.

Mrs. A. L. Slack has sufficiently recovered to be able to return to her home.

Mrs. Herman Schell of Rushton has been returned to her home, well on the road to recovery.

Kenneth Truesdell is making an excellent recovery from a recent operation for appendicitis.

**FREESOL REUNION**

The former residents of Freesol, Mich., who are now living in the south part of the state held their 9th annual reunion at Cass Benton Park, Sunday, August 19. Over 300 people from Muskegon, Saginaw, Battle Creek, Northville, Plymouth, Detroit, Toledo and Rockford, Ill., and Freesol attended. A basket picnic dinner was enjoyed at noon followed by election of officers and plans for next year. Sports for young and old and a baseball game completed the entertainment.

Mrs. Mattick.

FOR SALE—5 room Stucco house modern. Inquire 139 Amelia St. 411tpd

## City To Accept Head Tax Here

A representative from the State Old Age Pension Bureau delivered to the City Treasurer this week forms for the collection of the Old Age Pension Tax, and authorized the City Treasurer to make these collections and remit the same to the State Bureau at Lansing.

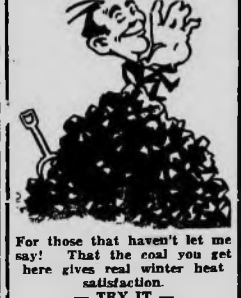

This action on the part of the State Department has settled a problem for this community which has been under discussion for the past several weeks. It was deemed an unjust requirement that persons from Plymouth should have to make the head-tax payments at the County Treasurer's Office, which would involve travelling somewhat over fifty miles in order to make a \$2.00 tax payment. The City Treasurer will accept these payments any time during office hours from not only residents of Plymouth but also of the surrounding area.

**SANDEL-FALLOT**  
Dorothy Falloit and Lyle Sandell of Ann Arbor were united in marriage on the evening of August eighteenth. The service was read by the bride's pastor, Rev. Cora M. Pennell of the Salem Federated church at her home. The bride was attended by her sister, Myrtle Falloit of Detroit. She was accompanied by her parents, Mr. and Mrs. Peter Falloit of the North Territorial Road and her grandparents, Mr. and Mrs. H. E. Houghton of Detroit. William Slack, Jr. was Mr. Sandell's attendant. The bride was beautifully attired in white, and her sister, Myrtle, wore a dress of shell pink crepe. Immediately after the ceremony, Mr. and Mrs. Sandell left for a short boat trip. They will make their home in Ann Arbor. Our good wishes go with them as they take up their journey of life together.

Mrs. Sam Skarrett and daughter, Shirley, of Mt. Clemens have been visiting Mrs. William Blunk this week.

Mrs. Jack Taylor and sister Mrs. Roy Strong visited their friends, Miss Bonita Bloxson and Miss Eleanor Winget, and also relatives at Pennville, Indiana, from Monday until Thursday. Two big nights remain for the Northville-Wayne county fair—as well as two outstanding programs of horse racing, ball games, and other attractions for the afternoon today and tomorrow.

## Important Notice

We are here for service. We feel that unless we are able to supply the best merchandise at prices equal to those of the city we are not doing our part to make Plymouth an economical, convenient, and friendly Shopping Center.

Therefore we now inaugurate a new price policy (often exercised at the expense of our profit) whereby you can always feel confident that you will be able to make purchases in our store as cheaply as you could anywhere else. To this end, we invite your friendly suggestions and cooperation. Check our prices, give us your criticisms, and watch our ads.
