Banks Report Loan Activity

Fifty per cent of the banks in Michigan made more than 503,000 loans totaling \$503,000,000 to business firms and individuals throughout the state during the second half of 1940, according to the semi-annual survey of bank lending activity made by the Research Council of the American Bankers association.

The A.B.A. loan survey was participated in by 210 Michigan banks, or 50 per cent of the banks in the state.

These 210 banks reported that they made between July 1 and December 31, 1940: 273,359 new loans totaling \$279,825,924; 218,363 renewals of loans totaling \$188,923,039; 11,286 new mortgage loans totaling \$34,842,792; a total of 503 loans amounting to \$503,391,755.

The survey showed that business firms in the state used only a fourth of the "confirmed open lines of credit" maintained for their use on the books of banks. A total of 103 banks in the larger centers of the state reported that they carried on their books \$138,722,279 in "open lines of credit" offered to and kept available for regular borrowers for use as needed by them. Of this amount \$38,875,134 or 28 per cent was used.

The average number of new loans made per bank during the six months period under review was 1,302 and the average size of the loan was \$1,024. The average number of loans renewed per bank was 1,040 and the average renewal was for \$865. The average number of new mortgage loans made per bank was 54 and the average new mortgage was for \$3,087.

Proclamation

Forty-nine persons died on Michigan highways over the Memorial Day week-end. That was 49 too many.

As governor of the state of Michigan, I call upon all citizens, all state, county and municipal officials, to join in a great effort to prevent a repetition of this tragedy over the Fourth of July week-end.

Celebration of our Independence Day will bring a peak of traffic volume such as we have never seen before on a state-wide basis. We can prevent a repetition of 49 too many deaths.

We can do this if all Michigan citizens will cooperate by driving safely over the Fourth of July week-end and every week-end thereafter during the summer.

I am asking the state departments to take the lead in this safe driving campaign. All local governments, city and county, are urged to cooperate to cooperate. Public and private organizations alike can do their part by bending every effort toward spreading the word for safe and sober driving over the Fourth.

Forty-nine fatalities due to motor car crashes over the Memorial Day week-end were too many. We need not have a repetition. Sensible driving and walking on streets and highways will prevent it.

I hereby proclaim the period from Thursday, July 3 to Monday, July 7, as Michigan safe driving days to call attention to the need for extreme caution on the part of motorists and pedestrians.

Murray D. Van Wagoner, Governor of Michigan.

Organize School Custodian Group

The first annual school for custodians, organized by Charles Brake, deputy superintendent of Wayne county schools under the auspices of the Wayne county board of education was held at the Edgewood school, Dearborn, June 23 and 24. In attendance from Plymouth were Edward Stewart, chief engineer at the Central grade school, and Ray Lowry, engineer at Starkweather school. Some of the outstanding subjects of the school were:

"Relationship of Custodian to School Board, Principal Teachers, Pupils, and Patrons," discussed by Fred W. Frostic, superintendent of Wyandotte public schools; "Housing Problems," discussed by Malcolm Billings of Fordson public school; discussion by O. I. Gregg of Michigan State college on "Landscaping and Care of School Grounds"; address and demonstration on "Selecting, Storing, and Using Janitors' Supplies" by Alfred C. "Building Safety," state fire marshal; address and discussion concerning "Employment of Non-Contract Employees," led by Herbert Mitchell, business manager of Fordson public schools.

Especially timely and important to all non-teaching employees is the new retirement system incorporated into law by the 1941 legislature. The deduction, operation and retirement privileges for non-teaching employees of each public school in Michigan are now identical with those for the teaching employees. This is a step forward in furnishing security to those who render service over a period of years. It will do much to stabilize the work of school engineers and custodians and will be a great aid to efficiency in school management.

New School Hinted by Committee

Dr. H. E. Moore of the United States office of education, N. E. Borgerson and W. F. Clapp of the Michigan State department of Public Instruction and W. L. Shaffer of the Wayne County Superintendent's office, were visitors in Plymouth last Tuesday.

The purpose of their trip to Plymouth was to study the possibilities of Federal aid with George A. Smith in the construction of new school buildings in Plymouth to take care of the increase in students expected here when Plymouth's defense industries get under way.

These men will determine whether or not the buildings are necessary and if they are, they will turn their recommendations over to the P.W.A. which will do the actual construction.

The men were reluctant to express any official comment on Plymouth's possibility of securing new buildings but stated that there would be about \$3,000,000 available for Michigan and that this area should receive the larger portion of it. All agreed that there is, without doubt, a definite need in the city for these buildings.

Mr. and Mrs. Harmon Gates are entertaining 30 guests for dinner this Sunday. The occasion is in honor of their son, David Winston Gates, who was graduated from Michigan State Normal college on Monday, with the degree of bachelor of science. David expects to leave soon for Texas where he will become a flying cadet in the army air corps.

The Salem Homecoming, July 4, will feature a parade at 10 a.m. and baby show at 11 a.m.

Mrs. Lee H. Haigh of Huntington Woods was the luncheon guest Tuesday of her sister, Mrs. Howard Poppenger.

Mrs. Edith Rowland Receives Diploma at June Commencement

Mrs. Edith Rowland, the mother of two daughters in the freshman and sophomore classes at Plymouth high school, was among the 162 graduates to receive diplomas at the school's commencement exercises last Thursday evening. Mrs. Rowland, who is a supervisor of the teachers' building at the Wayne County Training school, attended Plymouth high school until 1925 and needed only two and a half more credits to complete her four-year course. She was among the school's many adult students at night school this winter.

Junior Chamber Will Sponsor Another Derby

Plans Underway for Event—All Plymouth Boys Invited to Enter

Clayton Koch has been appointed chairman of a committee by the Plymouth Junior Chamber of Commerce to plan and stage a Plymouth derby for all of the boys of this community. Plans are now under way and many boys are already building their racing cars for the big event which will be held the last part of August on Hines Drive in Cass Benton Park, the same place it was held last year.

Co-chairman Charles Wolfe stated yesterday that some 15 boys were already at work on their cars. All boys from 11 through 15 years old who reside in Plymouth or on a Plymouth rural route are eligible. Construction of cars is left entirely up to the boy and the only restriction placed on the building of the car is that it is of safe design.

The committee felt that by giving the boys a free hand in the construction of their cars more ingenious entries would be forthcoming. Prizes for the boys will be numerous. A list that includes a streamlined bicycle, radio, tool kit and camera is already being prepared and many other features will be planned to make the event worthwhile for the contestants. A banquet will be held for all contestants immediately after the race.

A downtown office for the race committee will be opened sometime next week in the meantime until the announcement of the opening date, boys may secure complete information concerning the event from Frank Walsh at Blunk and Thatcher's furniture store, Charles Wolfe, Detroit Times agent in the William Wood insurance office at 276 South Main street.

All boys interested are invited to attend a meeting to be held tonight (Friday) in the Hotel Mayflower at 7:30 p.m.

Congress Favors Bill Hearing

In answer to a query by Dr. Townsend last week 181 congressmen in written replies said they were in favor of immediate hearings on the Townsend bill H.R. 1038, states Clarence Pankow, chairman of publicity for the local club.

Local Townsendites have been advised, states Mr. Pankow, that because of this sentiment Townsend leaders with the approval of Dr. Townsend decided that a petition to discharge the House Ways and Means committee from further consideration of their bill should be placed in the well of the House of Representatives on Tuesday, June 10, for the 218 signatures required to bring the bill out on the floor of the House for discussion, debate and a vote.

This has been done and the latest report is that 110 congressmen have signed the petition in the next week.

The next meeting of Plymouth Townsend club No. 1 will be Monday night, June 30 at 8 p.m. in the Grange hall. A social evening will follow the regular business session and the public is invited.

U. of M. Club Members to Offer Program Ideas

The University of Michigan club of Plymouth has sent out questionnaires to all its members for ideas on program and entertainment for next fall's meetings. Warren Worth, program chairman of the club, urges members to cooperate in this scheme of drafting a program and to return all questionnaires to him as soon as possible. The club plans no meetings this summer but will resume activities in the fall.

Mr. and Mrs. Harmon Gates are entertaining 30 guests for dinner this Sunday. The occasion is in honor of their son, David Winston Gates, who was graduated from Michigan State Normal college on Monday, with the degree of bachelor of science. David expects to leave soon for Texas where he will become a flying cadet in the army air corps.

Ernest Henry to Direct Plans for Community Picnic

Chairman Calls a Committee Meeting for Next Tuesday

At a meeting of the Civic committee held last Wednesday night, Ernest Henry was made general chairman on arrangements for the fourth annual community picnic which will be held in Riverside park within the next few weeks.

Chairman Henry has called a meeting of his assisting committee for next Tuesday evening, July 1 at 7:30 o'clock at the city hall. At that time, plans will be discussed for the program of this year's all-community holiday.

The committee in charge of arrangements for the picnic includes Sterling Eaton, A. S. Matulis, Miss Jewel Starkweather, David Mather, Mrs. Henry Baker, Mrs. Howard Hunt, B. E. Giles, Earl Russell, Charles Wolfe, Clayton and Fred Koeg, J. Rusling Cutler, Richard Straub, Harry Irwin, John Blyton, James Gallimore, C. J. Dykhouse, Sidney Strong and Frank Terry.

Dr. Carney Heads Alumni Group

Dr. Elmore Carney was elected president of the alumni association of Plymouth high school at its annual meeting and reunion held last Friday evening at the high school. Dr. Carney is a graduate of the class of '29 from Plymouth high school, and of the Northern Illinois college of Optometry at Chicago. Mrs. Carney is also an alumnus of Plymouth high school, graduating in the class of 1927.

The other new officers are Mrs. Frank Pierce, vice-president and Miss Ardith Rowland, secretary-treasurer. Approximately 100 persons attended the reunion at which W. N. Isbell, former superintendent of Plymouth high school from 1905 to 1918, was the guest speaker. He was introduced by Arthur Whipple of the class of '06. Alumni members enjoyed an evening of dancing to the music of Don Mielbeck and his orchestra.

Namesake Dance to be Held Tonight

Friday (tonight) the "500" party and dance sponsored by the Ex-Service Men's club for the adoption of one child in Plymouth, England, under the plan operated by the Save the Children Federation through the Plymouth Namesake Town committee will take place at the Jewell and Blach hall.

Cards from 8 to 9:30 p.m. and old time and modern dancing to Herman Scheel's old time orchestra will be the order of the evening.

To help save a child in our namesake town of Plymouth, England, is the object of this endeavor and the Ex-Service Men's club, which has always contributed and helped every worthy cause for its home town and has never failed yet to make its objective, is asking all its comrades and friends to support the Namesake Town committee's effort to save a child in our namesake town of Plymouth, England.

Even if you don't plan to play cards or dance tonight, drop in and buy a ticket, watch the fun and you'll go home knowing your "two-bits" has done its "bit" for a bombed and hungry child.

Outdoor Bazaar Plans Progress

Plans for the ice cream social, band concert and outdoor bazaar to be held in Kellogg park by the Namesake committee on Thursday, July 10, are proceeding rapidly into shape, according to Mayor Ruth Huston Whipple, general chairman in charge of this activity.

Mrs. Thomas W. Moss, chairman of the booths and concessions, reports that booths for the sale of aprons, homemade candy, cakes, soft drinks, playing cards and other articles are being prepared.

Mrs. Otto Beyer who was appointed to take charge of the ice cream and cake sales also has been very busy, arranging her committee and it is expected an announcement of the full committee personnel will be released next week.

Val Berutti, Owner of Pen-Mar, Weds

Val Berutti, owner of Pen-Mar cafe on Plymouth road, took as his bride Miss Emily Bernetti of Benald, Illinois Wednesday at St. Michael's church in Rosedale Gardens. Father John T. Contway read the service. The couple will spend a week in northern Michigan after which they will reside in Plymouth.

JayCeEs Cooperate in State Safety Drive

The Plymouth Junior Chamber of Commerce is cooperating with the state campaign for a safe Fourth of July by distributing windshield stickers to all motorists. The sticker carries the warning, "49 Too Many." It is explained that 49 traffic deaths occurred over the Memorial day week-end on Michigan streets and highways.

In view of an anticipated increase in traffic over the Fourth of July week-end, the sticker urges all motorists to do their share to make driving on Michigan highways safe. The JayCeEs have distributed these stickers throughout the city and to motorists at all traffic intersections.

C. of C. Clinics Proving of Much Interest Here

President Russell Says Interest Higher Than Ever Anticipated

The community clinics being conducted by the Plymouth Chamber of Commerce under the direction of President Earl Russell are proving to be even a greater success than was anticipated. Almost 200 business men were in attendance at the first meetings and from the interest displayed Chamber officials predict a banner year for the organization.

The clinics are being held in an effort to obtain constructive ideas from which a definite program may be adopted for the Chamber of Commerce to operate on this year. Paul Ungrodt, secretary of the Ypsilanti Chamber of Commerce, which is one of the most active in Michigan attended one of the clinics and told of the multitude of things that the Chamber in Ypsilanti is doing for that city.

In the first step to consolidate the various branches of the local Chamber it was felt necessary to find some person qualified to undertake so extensive a program. With this thought in mind the board engaged Mrs. F. J. Bange and she was introduced to the people in attendance at the clinics by President Russell who stated that it was the hope of the board that she might be retained in Plymouth permanently. She comes to Plymouth after many years of service throughout the nation in organization and community service work.

At the end of the clinics, the last of which will be held Monday evening, a complete digest of the suggestions made by local business men will be presented to the city as a whole and a constructive plan of procedure will be adopted by the Chamber in an effort to carry out as many of the suggestions as possible.

The evidence thus secured will be considered in determining the ratings to be assigned to the applicants. The commission is not interested in the political, religious, or fraternal affiliations of any applicant.

Full information and application forms may be obtained from the secretary of the local board of civil service examiners at the postoffice in this city, or from the United States Civil Service commission, Washington, D. C.

Sheldon Land Co. Builds Bloc of Ten New Houses

Medium-Cost Homes to Help Relieve Shortage in This City

Construction was started last week on a bloc of 10 new medium-cost houses in the northwest section of the city by the Sheldon Land company to help relieve the problem of a housing shortage as the city's defense industries swing into full production. The new houses, which are all frame construction are being built at an estimated cost of \$4,000 each. One of the larger houses, 25x33 feet with five rooms and bath, is located in Plymouth Heights subdivision, at 520 Blunk avenue between Farmer and Junction streets.

The other nine houses in the new home-building project are all in Sunset addition on Arthur street between Farmer and Junction streets. Three of the houses on this street are five-room, bungalow type, 24x30 feet; one has a turret roof top with bay windows, four-room house, 24x28 feet. The others are designed for five rooms and bath in bungalow styles with gable fronts and attractive lattice-work around the front entrances.

Tax Statements Are in the Mail

On Monday, June 30, the city treasurer, Charles H. Garlett, will mail to 1500 property taxpayers a statement of taxes for the year ending in 1941-2. In the city of Plymouth there are approximately 3800 parcels of land. The tax rate for the year is the same as it was for the previous year—\$12.80 per thousand.

Along with the bills the taxpayer will receive a personal letter from the city manager pointing out many things of interest to him. The manager states that there is a tremendous task lying ahead in performing the normal functions of the city of Plymouth during the National Emergency. With the cost of materials and labor increasing and the value of the dollar decreasing, one readily can appreciate the burden to be carried by local government. It is gratifying to note the improvement made in rating the city debt. On July 1, 1941, there will be outstanding a total of \$53,000.00 of general obligation bonds which must be paid out of the general property tax. This is less than \$10.00 per capita and is one of the lowest municipal debts in the state of Michigan today. Many cities which have boasted no debt carry a burden of special assessment bonds backed by the full faith and credit of the city. If the special assessment district cannot pay the bonds, then the general property tax must make up the deficit. Plymouth has no special assessment bonds outstanding.

The city manager points out in his letter, also, that to carry on the functions of the city which includes fire and police protection, street lighting, payment of bonds and interest, maintenance of streets, general administration, street lighting, hospitalization and burials to the underprivileged, provisions for parking lot and the maintenance of equipment and the collection of garbage and rubbish, the average home owner would pay the price of one quart of milk per day throughout the year. Undoubtedly, the taxpayer of this city is receiving his money's worth out of his tax dollar.

Many Worship at Sunrise Service

"Springs Along the Highway of Life" was the topic of an inspirational and imaginative address by the Rev. Marshall Reed at Plymouth's fourth annual community Sunrise service last Sunday morning. It was a beautiful, bright sunny morning for the annual service and approximately 300 persons came to worship in Riverside park. The bleachers were well filled and many persons sat in their automobiles lining the park drives.

The service opened with a call and response by three buglers from the nearby hills. Rev. Walter Nichol read the scripture, Rev. Robert A. North offered prayer and Rev. G. H. Enss delivered the benediction. The music was furnished by the combined church choral group, the Namesake chorus and the glee club of the Plymouth Women's club. Rev. S. S. Closson introduced Dr. Reed, the guest speaker.

The Civic committee members in charge of the service included Evered Joffile, general chairman; Mrs. Maxwell Moon, Mrs. Howard Bowden, Mrs. C. G. Parmelee, Warren Worth, Sidney Strong, Robert Joffile and Rev. Closson.

Mrs. Frank Dicks was the guest of Mrs. Nellie Barker in Detroit last week.

Assumes Office

—Photo by Ball J. RUSLING CUTLER

J. Rusling Cutler will assume his duties as municipal judge of Plymouth next Tuesday, July 1 when he establishes regular court sessions in the chambers at the city hall. Following approval of charter amendments at the city election last April regarding the office of municipal judge, all records will be kept on file at the court in the city hall and all fees, costs and fines collected by the court will be retained in the city treasury under the new administration.

Judge Cutler has been a resident of Plymouth and vicinity for about 17 years. He was born in London, Ontario, August 6, 1910 and entered this country in 1914 becoming a citizen of the United States when 12 years old through his father's naturalization. He lived in Nankin township for some time and moved to Plymouth in 1933.

The young justice was graduated in 1933 and continued in practice here as well as with the Cochran and Crandell law firm in Northville.

Judge Cutler married Elizabeth Strong, daughter of Mr. and Mrs. Sidney D. Strong of Plymouth, in 1935 and they have two young children, Ailsand and Emily. Although a native of Canada, Mr. Cutler is a member of the Sons of American Revolution, his family history tracking back many generations in this country; he is treasurer of the Junior Chamber of Commerce, a member of the Suburban Bar association and for the past five years has been Scoutmaster of Troop 1 of Plymouth Boy Scouts.

Historian Speaks to Rotarians

Dr. Howard Erman, associate professor in the University of Michigan history department, was the speaker at last Friday's meeting of the Plymouth Rotary club.

Dr. Erman spoke of the present war and of the many historical events leading up to the present conflict. He pointed out that Germany is fighting today for the same thing she fought for during the last World War. Her defeat was caused by initial States in the last war and he believes that it will be necessary for this country to fight again if Germany is to be defeated.

Dr. Erman stated that this war is being fought by Germany on the governmental policy that she adopted in 1916. He said that the continent of Europe is dominated by Germany but that never before in that country's history has the separate German states been unified enough to present a formidable and effective front.

The speaker further declared that the English helped Germany get back on her feet after the World War, fearing that France might gain the balance of power on the continent. He predicted a victory for Germany unless this country intervenes.

Second Draft Registration Tuesday, July 1

Local Board No. 61 Expects 250 Men to Register Here

Tuesday, July 1 has been designated as the date when all eligible men who have become 21 years old since last October 16, 1940 must register for the second registration of men available for military training in the interest of national defense.

All young men who have attained the twenty-first anniversary of the day of birth on or before July 1, 1941 and subsequent to October 16, 1940, must register Tuesday. Local boards will remain open from 7 a.m. to 9 p.m.

This registration of an estimated 750,000 eligibles will be conducted solely by local boards in their headquarters. Insofar as possible the men will be registered in their local board headquarters but if they must be out-of-town, they may register at the nearest board and their registration cards will be forwarded to their home boards.

Walter Harms, chairman of local board No. 61 of Plymouth, announces that it is expected between 200 and 250 additional men will register here Tuesday. There were 3900 men registered at the local board last October, including Plymouth, Northville, Livonia and Redford. The last questionnaires sent out by the local board were for order number 3500, and a total of 119 selectees have been inducted from this district.

Employers and governmental agencies are urged to cooperate with the local boards of the selective service system in securing complete registration by giving employees sufficient time in which to fulfill their obligations.

Cyclist Injured; Crashes Into Car

Eight-year-old John Elliott, son of Mr. and Mrs. Joseph Elliott of Church street, was injured Monday afternoon when his bicycle crashed into a car which was stopped at the intersection of Harvey and Church streets. The driver of the car was Gary V. Tubergan of 10269 Stark road.

The Elliott boy was among a group of three bicyclists going west on Church street. As he turned into Harvey street, his bicycle swung wide and struck the side of the standing car. The boy received an abdominal gash and was treated at the Plymouth hospital. He is reported recovering satisfactorily at his home.

Chief Attends FBI Conference

Chief Vaughan R. Smith of the Plymouth police department attended the quarterly F.B.I. police conference in connection with national defense and internal security matters in Detroit Monday. The regional meeting was one of a group arranged by John H. Bugas, special agent in charge of the Detroit F.B.I. office, under instructions from Director J. Edgar Hoover to mobilize law enforcement officers for national defense.

The meeting, highly confidential, included a review of investigations into espionage, sabotage and defense methods and practices for combating the efforts of saboteurs and individuals acting against the best interests of this country in violation of federal law were also discussed. Every community, village, town and city is being represented in an "all out" effort to protect our country.

Russian Exile Will Speak Here

Alexander Varonaeff will be the speaker at the Pentecostal Assemblies of God, Berea Gospel Assembly on Sunday evening, July 6. Varonaeff is the son of an exiled Russian missionary and has some unusually interesting facts about Russia. His parents, both missionaries in Russia, were thrown into a concentration camp for committing "a great sin," that of preaching the gospel. Their children were spared this treatment because they were all American born. He is traveling and bringing forth the message that his mother gave him when he last saw her so cruelly beaten that he failed to recognize her.

The speaker features another "Out Of The Night" in pictures that were smuggled out of Russia under postage stamps!

The public is invited to attend the meeting at the chapel on the corner of Ann Arbor Trail and Mill street at 8 p.m.

The Plymouth Mail will publish on Wednesday, July 2. Because the Fourth of July falls on Friday next week it will be necessary for all advertising and news material to be in the Plymouth Mail office on Tuesday to insure publication in that edition. We will appreciate your cooperation.

State Protects Tourists' Health

Inspection of Michigan's 2,700 resorts is in full swing as county, district and state health departments join forces to protect the health of summer vacationists. "Water and milk supplies, sewage, garbage and refuse disposal, food handling methods and bathing beaches are thoroughly inspected and where standards are met, large sanitation approved signs are posted," said Dr. H. Allen Moyer, state health commissioner. "This sign tells the tourist that the resort has health department approval. Look for the white metal signs with 'Sanitation Approved, Michigan Department of Health' in big black letters. It will be a good place to stop."

Resorts are divided into seven types by the Michigan department of health. These are: summer trailer camps, cabin camps, summer recreation camps, state, county and township parks, amusement resorts, resort hotels and community resorts.

Swimming Will Start July 2nd

The annual summer recreation program sponsored by the Rotary club and the board of education started last Monday, June 23, and is now running smoothly, under the direction of Mr. Matulis. A program of varied activities is again being offered this year. Included in the many departments are leathercraft, soap carving, fancy work, Bible classes, swimming and bicycle trips, besides the regular baseball games that are offered both during the day for the children and in the evening for the adults.

Another interesting item in the schedule of events is an outing on bicycles under the leadership of Miss Jewel Starkweather. Fifteen girls have already registered their intentions of taking the bicycle trip. The Bible classes are being offered by the vacation Bible schools now in session.

Miss Arlene Doris Blake and Keith Van Amburg Wed Friday, June 20th

Palms and baskets of white peonies, gladioli and larkspur decorated the improvised altar in the Crystal room of the Hotel Mayflower, Friday evening, June 20, for the wedding of Arlene Doris Blake, daughter of Mrs. Lillian F. Blake, of Northville and the late Harry Blake, and Keith Van Amburg, son of Mr. and Mrs. Arthur Van Amburg of this city. The candlelight ceremony was performed by Rev. William Richard, of Northville, in the presence of 70 relatives and friends. Mrs. Gerald V. Harrison of Northville was the pianist.

The bride, who was given in marriage by her mother, wore a wedding gown of white marquisette made with V neckline, button trim and long full skirt. Her shoulder length veil of net was fastened to a coronet of orange blossoms and she carried a shower bouquet of white roses with detachable corsage of gardenias in center.

The bridesmaid, Jean Lyke, of Northville, wore blue marquisette with shirt waist top and full skirt. She carried a sheaf of pink rosebuds and larkspur.

The bridegroom was attended by Harold Groth of Plymouth, as best man, and the ushers were Lawrence Smith and Keith Lawson of this city.

The bride's mother wore a white silk jersey dress with blue scroll design, a turban in blue and a corsage of pink roses. Mrs. Van Amburg wore a blue and white chiffon redingote with white hat and a corsage of pink roses.

A reception followed. The young couple motored to Chicago for the week-end, the bride wearing a powder blue redingote with accessories in matching color and a corsage of gardenias. They will make their home in Northville. Their many friends extend best wishes.

Mr. and Mrs. Ralph Dueschlen and son, Kenneth, of Detroit, Mr. and Mrs. Wesley Staebler and Mrs. John Faist of Birmingham, Mr. and Mrs. Jack McAllister and Norma Coffin, of Plymouth, are to be dinner guests Sunday of Mr. and Mrs. William McAllister on the Northville road.

Mr. and Mrs. Walter Ebert returned Tuesday evening from an eight-days' vacation motor trip through the Smoky mountains, also visiting Chattanooga, Tennessee, and on the return trip, the Mammoth caves in Kentucky, and Nashville and Springfield, Ohio, visiting relatives in the latter place.

Carl Ehrenseld Wed to Birmingham Girl at Double Ring Ceremony

Eleanor Porter, daughter of Mr. and Mrs. Norman Porter, of Birmingham and Carl Ehrenseld, of Plymouth were united in marriage at a double ring ceremony performed Friday evening, June 20, in the Methodist church in Birmingham by Rev. Charles Becker. The bridal party stood before an altar decorated with white candles and peonies.

The bride wore a wedding gown of white net with fingertip veil which was attached to a halo of orange blossoms. She carried rosebuds, lilies of the valley and carnations.

Phyllis Porter attended her sister wearing a rose gown and carrying pink rosebuds and carnations.

The best man was Lynn Gordon of Detroit.

A reception followed afterward in the home.

Mr. and Mrs. Ehrenseld are motoring to Washington, D. C., Atlantic City and other points East.

Those attending from Plymouth were Mr. and Mrs. James Cranmer, Chase Willett and Marvin Partridge.

The couple will be at home after July 1 at 16127 Littlefield avenue, Detroit.

Local Girl Is Antioch Graduate

Miss Elizabeth Wright Whipple, daughter of Mr. and Mrs. Harvey Whipple of Plymouth, will be one of 97 young men and women being graduated from Antioch college, Yellow Springs, Ohio, in its eighty-fifth commencement exercises, on Saturday, June 28. She will receive an A.B. degree in English.

Following Antioch's cooperative plan of alternate study on campus and work in any of 21 states, Miss Whipple, who is also interested in sales and personnel work, has done selling and training for Carson Pirie Scott and company of Chicago; selling, training and modeling for B. Altman and company, and has been secretary in the Personnel Department at Antioch.

During her years on campus, Miss Whipple has been a member of the Players, of the freshman-sophomore council, of the community participation committee, has been hall adviser and has participated in intramural athletics.

With the rest of the senior class, Miss Whipple will have an opportunity to attend the Antioch Conference on Progressive Action and Post-War Reconstruction being held this year in conjunction with Commencement exercises. In place of the commencement address, seniors will hear a talk by Max Lerner, one of the notables participating in the conference. Seniors will meet at informal breakfast sessions with such well-known men as Mordecai Ezekiel, economic adviser to the secretary of agriculture, Freda Kirchwey, editor of "The Nation," and many others.

Miss Whipple plans to work in New York next year, doing personnel and training work for a department store.

Mrs. Ida Spencer of Ferndale is the guest of Mrs. George Hake for a few days.

Local Girl Enters Driving Contest

Dorothy Jean Woodbury, Plymouth high school student, is one of the 12 girls and 12 boys selected to compete for the state championship of Michigan in the safe driving contest which will be held at Dearborn July 1 under the sponsorship of the Ford Good Drivers League. Miss Woodbury is the daughter of Mr. and Mrs. Bruce Woodbury of 1462 Sheridan avenue.

Miss Woodbury and the 23 other contestants were rated by a board of nationally known judges above all the young drivers of the state on the basis of actual road tests, their letters on the subject of safe driving, and their answers to a questionnaire on driving.

In the state final competition, safety experts will grade the boys and girls on their driving ability in actual "on the spot" tests. The winning boy and the winning girl will compete in the national finals at Dearborn, August 21-25. Each of the 48 states and the District of Columbia will be represented in the finals.

University scholarships will be awarded each of the 98 contestants in the finals. The scholarships, identical for boy and girl divisions, are: First prize, \$5,000 scholarship; second prize, \$2,000 scholarship; third, fourth and fifth prizes, \$500 scholarships; the remaining 44 in each division, \$100 each.

More than 170,000 young drivers entered this year in the Ford Good Drivers League, which was organized by Edsel Ford to promote better driving by the nation's youth. The contestants were judged by a board composed of J. Stannard Baker and Miss Marian Telford of the National Safety Council, Inc.; Elmer P. Grierson, co-publisher, The American Boy; Mrs. Mildred Y. McKay, director of adult education, The Cleveland Automobile Club; Louis R. Morony, manager, Field Relations Department, Automobile Manufacturers association; Dr. F. R. "Government Calls For Trained Marksmen"

Many of you noticed that item in the papers not long ago. We'll admit that it is only one of many such items that are being printed each day, but to us it had a certain significance.

Many years ago the ROTC was introduced into many colleges and many high schools throughout the country. Through this fine training program this country has today many capable officers who have already answered the call to arms.

Since the program offered to the boys who accepted the training was of so high a calibre that it drew national attention, the Hearst newspapers soon evolved a plan to create a spirit of competition among the various groups about the country. True to Hearst tradition, the plan was so developed that in the time of national emergency its farsighted program has become an important factor in furnishing skilled men to a field that is sadly lacking in manpower.

Not long ago a marksmanship program was instituted in the ROTC. Through its long range program schools competed against each other and scores were telegraphed back and forth across the country. The Hearst organization introduced the program and today is spending thousands of dollars to develop sharpshooters in

every corner of the country. Thousands of dollars worth of beautiful awards are given in these contests each year and in metropolitan centers the contestants are feted at banquets; all of which is at the expense of the Hearst organization.

Skilled marksmanship demands perfect vision and steady nerves. It develops accuracy and perfection. Naturally, we are interested in the furtherance of such an able program. Our life work has been, and will be in the future, devoted to the betterment of vision. We believe a ROTC unit in Plymouth would be a great thing for the youth of this community. Certainly its possibilities bear serious investigation on the part of present school officials.

Hearst's long range programs, started many years ago, are only today bearing the fruits that were predicted for them. Mr. Hearst himself, long an advocate of national preparedness, has only recently been given the credit that is his due because of his farsightedness on this particular item on his long list of projects.

We congratulate him on his never-ending efforts to make this country a better place to live. His conviction to stand behind his convictions has put him in the forefront of American statesmen today.

"Christian Science" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, June 29. The Golden Text (Isaiah 52: 10) is: "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God." Among the Bible citations is this passage (John 14: 6, 26): "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me. But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 32): "Jesus demonstrated Christ he proved that Christ is the divine idea of God—the Holy Ghost, or Comforter, revealing the divine Principle, Love, and leading into all truth."

Recipe for getting Extra Action out of thin air

IT'S a cinch to build an automobile engine that's either one thing or another.

You can go in for power—if you don't mind the gas consumption—or you can shoot for economy if stirring action doesn't matter.

What's tough is building a car with two good ideas under its bonnet—like this Buick FIREBALL eight with Compound Carburetion.

One idea is that it doesn't make sense to use a big, gas-gulping carburetor for easy going when you need only a little one.

The other is that you might as well have plenty-power on call when you can get it out of thin air!

So this Buick has two smaller carburetors instead of a single mid-dling-size to big one.

One of them frugally handles all your low-power, easy-going travel.

The other swings in any time you press down the gas treadle—and

gives more lift and wallop—by increasing the supply of air!

Results include: More horsepower—and gas economy running as high as 10% to 15% above previous Buicks, according to owners.

Interesting? Then better get prices and see how little it costs to get this extra action—plus extra room, extra size, extra comfort and extra style.

PAYS YOUR GAS TAX FOR YOU

At present Federal tax rates, the savings on gasoline effected by Compound Carburetion are usually more than enough to pay Federal taxes on the gas you buy.

\$930

Supt. G. A. Smith Stresses Scope of Opportunity

Discusses Services of School to Community at Commencement

The comprehensive and complete educational opportunities offered by the Plymouth public schools, under the direction of the board of education, not only to the boys and girls but for the adults of the whole community was stressed by Superintendent George A. Smith as he presented diplomas to the June graduates last Thursday evening.

"Plymouth high school sends approximately three times as many of each class to college as does the average community in the state," declared Superintendent Smith. "In addition, it has a complete vocational program consisting of apprentice training, home economics and industrial arts, including machine shop offering night school classes for boys who attend Ford Trade school, five of the 162 graduates this year being also graduates of Ford Trade school. The apprentice training division has two girls and five boys in the 1941 graduating class. It is interesting to realize that in the last four years the apprentice training group, averaging about 20, has earned in addition to doing high school work, \$53,000.

"The completeness of educational opportunity in Plymouth high school is an expression of the belief of the community in the direct relation between educational preparedness, economic independence and good citizenship," concluded the superintendent.

Miss Ruth Drews played the professional march on the piano as the senior class marched to its place on the platform. After the invocation by the Rev. Walter Nichol, Miss Ardith Rowland presented the salutatory and Miss Virginia Rock the valedictory address, both of which appeared in The Plymouth Mail last week.

The senior triple trio sang "Calm as the Night" and it is one of the regrets of the commencement season that this fine organization has come to its termination.

Dr. Preston W. Slosson of the history department of the University of Michigan presented an outstanding commencement address on "Your Generation and Mine," in which he discussed the differences between conditions into which he was born and the conditions which face students of the present day.

Principal Claude J. Dykhouse presented the class of 1941 to Superintendent Smith who awarded diplomas to each of the graduates in behalf of the board of education.

Mr. and Mrs. Merle Rorabacher entertained at a family picnic dinner Sunday in their lovely garden, having Mr. and Mrs. Voyle Becker and family of Fenton, Mr. and Mrs. Ford Becker and family of Pittsford, Mr. and Mrs. Paul Becker and family of Northville, Mr. and Mrs. George Turner and their house guest, Jean Stroud, of Grass Lake, Mr. and Mrs. Jack Reamer, Mr. and Mrs. LeRoy Jewell, Mr. and Mrs. Manford Becker and Mr. and Mrs. Deward Jewell and families of Plymouth.

Garden Club Will Visit at Birmingham

Monday afternoon several members of the Plymouth unit of the Garden association attended the flower show held by the Northville branch in the spacious home of Mrs. William Walker, Jr., on East Eight Mile road.

On Wednesday, July 2, the Plymouth branch has been invited on a pilgrimage of four gardens in Birmingham and all members who wish to attend must call Mrs. Winston Cooper who will make the reservations, this is necessary as there is to be a box luncheon and the hostesses will have to know how many to plan for. All are asked to be sure and wear garden shoes.

The ladies will meet at 11 o'clock at Christ church on Lone Pine road.

Local Youths in Boys' State Band

Four Plymouth boys, delegates to the fourth annual Boys' State at East Lansing, were among the 75 successful candidates qualifying for positions in the Boys' State band this week. More than 200 boys tried out for the band.

The local musicians are Paul Harsha, Mike Kleinschmidt, George Chute and Bob Bachelder. Plymouth is represented at the youth convocation by seven delegates, sponsored by the American Legion and Legion auxiliary of Plymouth and the Rotary club. The election of officers and a detailed report of the meeting will be given next week following the closing session Friday (today).

Mrs. F. R. Hoheisel entertained at a dessert bridge Tuesday of last week for her Pan Hellenic group of Detroit ladies.

Three-million-acre Hay-field

Alfalfa for seed. Michigan is a leading state in producing alfalfa seed—now a million-dollar crop. Alfalfa is doubly valuable to farmers because it adds nitrogen to the soil.

FORAGE crops are the backbone of balanced agriculture. They help to increase the fertility of the soil. And they feed the livestock that makes up a big share of the state's farm wealth. With nearly 3,000,000 acres in hay crops, Michigan ranks third among the states in its acreage of alfalfa hay and eighth in acreage of all varieties of tame hay.

Michigan farmers depend on the telephone to buy and sell hay, order seed, hire haying crews and baling machinery. And that's only the start. The telephone saves time and money in the business of raising cattle, sheep and horses. It helps in delivering milk to the breakfast table, bringing you tender, juicy steaks, and supplying the wool for fine clothing—all products based on forage crops.

This load of hay will be fed to the cows and turned into milk. From farm to pasteurizing plant to city ice-box, the telephone helps move milk quickly and smoothly.

PUBLIC RESPONSIBILITY.

"Government by strike *** is not government at all, but anarchy." That is the concluding statement of a Detroit News editorial in which it discussed the threat of Detroit city and school workers to strike for higher pay. Any thinking person will agree that the assertion of The News is absolutely correct. And the fearful part of it all seems to be that anarchy does prevail this very day to a most alarming extent throughout our United States.

For this condition we have no one to blame but spineless public officials and our failure to check the infiltration of Communistic leadership in both labor and civic organizations.

Raymond Clapper, conservative and non-partisan Washington newspaper writer, in discussing Communistic control of some labor organizations, the other day asserted that

"the labor influences in this Administration are convinced that if they can't lick the Communists in the labor movement here, it is useless to think of bucking Hitler."

In this statement Mr. Clapper has expressed a fear entertained by the vast majority of people. And we, too, agree that unless Communism can be driven from our country every man, woman and child in America will be in slavery—and the slavery that we permitted in the old South at one time, will be a paradise compared to the slavery that will be inflicted upon each and every one of us if we permit Nazism to fasten its shackles upon this country. It is time for Americans to wake up—WAKE UP and do something about the drift towards anarchy, and the door it would like to open wide for Nazism.

THE GOOD WORK CONTINUES.

Information just released by the Michigan conservation department for publication reveals the fact that a considerable amount of additional river and lake frontage has been purchased by the state for public fishing purposes.

It was a provision written into a new conservation department law by the writer of this editorial which made possible these purchases by the conservation department.

The department in its latest announcement pertaining

to these purchases says that more than a mile and a half of trout water in the Sturgeon river north of Wolverine is on the way to becoming a public fishing ground and place of access after conservation commission approval of June frontage purchases with fishing license funds. Lands being bought in Cheboygan county will give the state 6,800 feet along both sides of the stream and 1,700 feet along one side.

Frontage purchases have been approved on four southern Michigan lakes also. On Nero lake in Ogemaw county which the conservation department's institute for fisheries research says may be made a trout lake by cleaning out and restocking, the state is getting a parcel measuring 400 feet wide at the water's edge. On Cub lake, seven miles south of Hillsdale, the state is acquiring 530 feet of shore.

Three hundred feet of frontage on Coldwater lake, eight miles north of Coldwater, will give access to a chain of lakes that provide good fishing. Frontage of 250 feet will assure fishermen of entrance to Barton lake, near Vicksburg, one of the better fishing lakes of Kalamazoo county. The commission also acquired a small parcel of land near Lydell state fish hatchery that will give control over springs which furnish part of the hatchery water supply.

Public fishing sites being acquired are not open to public use until details of the sale transaction are completed.

THE RIGHT LABOR SPIRIT.

We applaud heartily the statement sent to President Roosevelt a few days ago by leaders in the ranks of both the A. F. L. and C. I. O. in which they pledge to the government their one hundred per cent cooperation in building defense for America.

The patriotic pledge follows:

"We say to you, Mr. President, 'Go forward. Go forward boldly, uncompromisingly. We know you love liberty as we do. We will support you completely till tyranny is crushed and liberty wholly victorious.'" the labor leaders declared.

They recalled their long-standing opposition to war, but added that "there are things that are worse than death, worse than the hardship and suffering entailed by war."

"There is slavery, Mr. President, slavery and oppression that never ends, that grinds one to the earth, smashes one's will, dooms one's children to ignorance and blind idolatry and hunger," the statement declared.

"Slavery, Mr. President, and fear are worse than death. For if the dictators should succeed in defeating the allied democracies we would live under perpetual fear of the blow they will later strike on us.

"Mr. President, we are fully aware of the meaning of our words. We know the consequences of our decision. We have confidence in you as the spokesman of American democracy in this its most critical hour.

"Mr. President, we are prepared to accept the inevitable conclusions of the militantly democratic and anti-fascist policy which you proclaimed as yours since the start of your Administration and which has been ours all our lives.

"We did not choose the conflict that threatens, Mr. President, nor have we gone out of our way to look for trouble and shed blood. But we are free men, living in a democratic order, and we treasure that more than mere survival."

AMEN!

The Detroit Free Press recently published an editorial under the heading, "No Bigotry Here," which pretty much expresses our views upon a vicious situation that existed during the last World War and which is bound to develop in the days that lie ahead for America.

Said The Free Press:

"Military experts and the politicians talk a lot about 'not making the mistakes we made in the last war'—taking it for granted that we are either already in this one or that the plunge is inevitable, a mere matter of days.

"It is well to remember the mistakes of the past so that they will not be made again. But it goes for more than the military leaders and those in governmental power.

"There was one terribly tragic mistake made in the World War that we, the private citizens of this Nation, should not permit to be repeated. That goes for our newspapers, our civic, professional and religious leaders, and for each and every one of us in every walk of life.

"We must not let emotionalism run riot into blind hatred and intolerance for our fellow citizens of German origin.

"Let us not again stoop to the asininity of 'liberty cabbage' for sauerkraut, or 'liberty steaks' for hamburgers, or 'tots' tables for that singularly beautiful word, kindergarten. Let us keep forever in mind that the valiant English themselves are descendants of two Teutonic peoples, the Angles and the Saxons, from whom we get the descriptive noun Anglo-Saxon. Half of our American language would be lost to us if we began weeding out German words, for it was the tongue of early England. We would have to eliminate our word for God."
