

Building On Increase In Plymouth

Pictured above is the steel frame work of the new Burrough's Adding Machine Company addition which is fast taking form in the rear of the present plant on Plymouth road. The new plant will house the printing department and will also produce Burrough's bi-products such as ribbons and small paper rolls. The receiving and shipping department will also be in the new building. The present building on Plymouth road will be converted into a manufacturing plant which will produce the famous Burrough's Adding Machine. The building will be in use late this summer.

Workmen are busy on the walls of the new Earl Russell residence which is being constructed on the corner of West Maple and McKinley streets. The house will be of ranch type design and will contain 6 rooms. Burger and Dobbs are the mason contractors, Dan Mills has the carpentry contract, Corbett Electric Co. the electrical work and John Campbell the plumbing and heating. Tom Moss was the architect.

This is the new building designed by Tom Moss and being built by the Atlas Finance Company on its property next to the alley on Ann Arbor Trail just west of Main street. The building on the corner is leased to Carl Peterson of Detroit who will open a new drug store in an area 30 by 90 feet. The center building which is being constructed at the same time has no tenant as yet. The drug store part of the building will have recessed, modern show windows with glass doors into the store. The frame will be of structural steel and the exterior will be of porcelain enamel. They will be completed late in July.

These houses are being completed by local builder Dan Mills and the center one has already been sold to Robert Rowland of this city. The other two are now on the market. They are located on the southwest corner of Harvey and Sutherland streets and have 4 1/2 rooms. Mr. Mills expects to build 4 more this summer for sale if private contracting doesn't take too much of his time.

This is the first unit of a new project under construction by the Maple Lawn Dairy on the corner of south Main street and Ann Arbor road. The above building will be 20 by 50 feet and will contain a frozen custard and drive-in hamburger stand which will open the latter part of next month. According to owners Vincent and Edsel Forshoe, the building under construction will cost in the neighborhood of \$12,000 and is the first part of a large development they expect to operate on this busy corner. Plans for next spring call for the building of another addition 40 by 50 feet which will house a complete dairy bar in conjunction with the drive-in.

Winner of Essay Contest Revealed

Marion Amrhein is author of the essay which took winning honors in the local phase of the current 13th Annual National High School contest, sponsored by the women's auxiliary of the Veterans of Foreign Wars.

The subject selected for this nation-wide contest was "Human Rights—The Key to World Peace," with students in the 10th grade of Plymouth high school competing for local honors.

Second place was awarded Larry Mack, Carol Jean Lidgard received third place honors, Joyce Carson, fourth, and Wesley H. Potts, fifth.

Judges for the contest were Jack Taylor, and the Rev. Alexander Miller of the St. John's Episcopal church. Mrs. Bette Peck was chairman of the contest, assisted by Mrs. Alice Fisher.

The winning Plymouth essay will be entered in the state contest. National competition will follow the selecting of state winners.

Miss Amrhein's essay is reprinted in full on another page of this issue of The Mail.

Rotarians, Kiwanians to Attend Tiger Opener

When the Tiger's play their opening game in Detroit today, Friday, Plymouth will be well represented by the Kiwanis and Rotary clubs.

Approximately 60 Kiwanians will attend in a group, and around 30 Rotary members.

Hi-12 Club Wins Bowling Trophy

The Detroit area Hi-12 bowling trophy has been awarded to Plymouth's club for the third consecutive year, making it the permanent possession of the local group, Edwin Schrader, president, announces.

Winning bowlers are: Lon Brockelhurst, William Taylor, William Choffin, Fred Erb, and Paul Cromley.

The Wednesday evening Hi-12 meeting featured a program entitled "Out of the Horizon." It dealt with the discovery and drilling of oil and was presented by Charles Huebler.

Plymouth Pioneer Resident Dies at Age of 80 Years

One of Plymouth's pioneer residents, Miss Mary E. Conner, died at the Gertrude Hanlon Convalescent home early Monday morning, April 14, following a stroke. She was 80 years of age.

Funeral services were held yesterday, Thursday, April 22, at 2 p.m. from the Schrader Funeral Home.

Miss Conner's father came to this country from Greenwich, England. Before settling permanently in Plymouth, he is reported to have traveled to California in 1852 during the gold rush. Following Mr. Conner's return, he opened the Conner Hardware store at the corner of Penniman avenue and Main street in 1857. It was in the family home behind the hardware where Miss Conner was born.

She graduated from Plymouth High school, later becoming associated in the business with her father and brother. Following the death of her father, however, she relinquished the duties and her brother, William T. Conner carried on the business.

April 1898 Miss Conner joined the Order of the Eastern Star, becoming a life member in 1933.

She is survived by two nieces, Mrs. Maxwell J. Moon of Plymouth and Mrs. Gardner Tilton of Concord, New Hampshire; three great nieces, two great nephews and one great, great niece and a host of friends.

Dr. Henry J. Walch officiated at the funeral service, assisted by Rev. Joseph Dutton of Ann Arbor. Two hymns were rendered on the organ by Mrs. M. J. O'Conner. The active pallbearers were Messrs. John McLaren, John Blickenstaff, John Olsaver, Austin Whipple, Kenneth Harrison and Everett Jolliffe. Interment was made in Riverside cemetery.

Tool Shed Looted Sunday Evening

Someone wearing a new pair of B. F. Goodrich boots broke into a tool shed belonging to Paul J. Wiedman on #650 North Territorial road Sunday evening, April 18, taking \$300 worth of equipment.

Among the missing items were: portable spray gun, new wrenches, and saws. State Police reveal that the foot prints left by the bandit measured approximately 11 or 12 in size. It is not certain whether or not he was alone.

Police report that an inch and a half jimmie bar was used to pry the door open.

Mr. Wiedman had left the building around 9 p.m. that evening. The theft occurred sometime between then and his return the following morning.

Panel Discussion Planned by PTA

The general public has been invited to attend the Central Grade school PTA meeting Tuesday evening, April 27, at 8 p.m. in the school auditorium.

Growth of local schools in recent years, future needs arising from increasing enrollments, and the changing of proposed state school legislation on these problems will be discussed by a panel composed of Superintendent Helmar Nelson, Kenneth Hulsing, of the school board, and Warren Smith, representing the PTA.

Amendments proposed to change the 15 mill limitation law and to extend the school district bonding period for building purposes will be explained. The public is invited to send in specific questions to Mr. Nelson or Mr. Smith to serve as a partial basis for discussion.

During the business meeting an election of officers will take place, as well as the presentation of the annual reports of committee chairmen.

Special music will be furnished by the junior chorus under the direction of Mrs. Dorothy Theiler, and refreshments will be furnished by room mothers.

Jaycees Meet Wednesday and See Navy War Film

Plymouth Jaycees had their regular monthly meeting at the Mayflower hotel Wednesday evening. Program chairman was B. J. Erdelyi, who arranged through the Grosse Ile Naval base for the showing of an official documentary film of the War in the Pacific.

Last Official Meeting of Old City Commission on Monday Night

Left to right—City Attorney Claude Buzzard, Commissioner William Hartmann, Commissioner Ruth Whipple, Commissioner Durbar Davis, Commissioner Frank Henderson, Mayor Jack E. Taylor, City Manager Harold Cheek, Clerk Linnea Salow.

New Commissioners Seated as Frank Henderson Takes Over as Mayor

Left to right—New Commissioner James Latture, Commissioner Whipple, new Commissioner Lewis Goddard, Commissioner Hartmann, Mayor Frank Henderson and Manager Cheek.

City commissioners unanimously elected Frank Henderson as mayor of Plymouth at the regular meeting Monday evening, April 19, and appointments to numerous civic committees and offices were made.

William Hartmann was elected to the office of mayor pro-tem, succeeding Durbar Davis, defeated incumbent Mayor Henderson succeeds Jack Taylor.

Before relinquishing his office as mayor, Jack Taylor expressed his appreciation of city employees and residents for their cooperation and aid during the past

year. Working with the commission, he termed as a pleasure, and he voiced hope for a successful coming year.

Mayor Henderson began his new duties by reappointing C. H. Buzzard as city attorney. He also named Edward Dobbs, Warren Smith, and William Wernet to the board of assessment and review; Lewis Goddard, newly elected commissioner, and Ruth Whipple to the auditing committee; and James Latture, also newly elected commissioner, as representative to the Wayne County

Board of Supervisors. At a Tuesday meeting the latter board named Mr. Latture as chairman of the committee for Wayne County Training School.

City commissioners then reappointed Harry Mumby to the cemetery board for a three year term, and Lewis Goddard to the recreation commission, filling the vacancy created by the expiration of Mr. Davis' term.

Reappointments were also made to the Board of Zoning Appeals: Mrs. Ada Murray, Dr. John Olsaver, and Kenyon Olds.

Grass, Car Fires Are Reported Wednesday

Plymouth's Fire department was called Wednesday, April 21, to the scene of automobile and grass fires.

The car fire was reported around noon in front of the Telephone company. The automobile belonged to Reba Lillibridge of Wayne.

The grass blaze broke out on Karmada street in the afternoon. No damage was reported.

Cancer Society's Drive Continues

Solicitation for the American Cancer Society's fund raising campaign will continue in Plymouth during next week, and may perhaps extend into the following week, Mrs. Barbara Stecker, chairman, reveals.

She urges the cooperation of local residents in the drive, for, as she stated, it is only through the effort of communities across the nation that funds needed to carry on the work of the society can be raised.

Contributions received by the society go into three main channels, the chairman reported: education, research, and service.

Education is highly important she stated, as cancer is a disease that can be cured most successfully when it is detected early. To permit doctors to gain a time margin favorable to their patients, people have to be taught the danger signals of cancer and the need for regular physical examinations.

The biggest single expenditure goes into research, Mrs. Stecker announced. In the past two years more than 235 projects have been aided and 7 fellowships financed to train young scientists for cancer research.

Service includes direct aid to patients, she revealed. The 59 divisions of the society have spent more than half a million dollars in direct aid to sufferers. This did not include, however, the thousands that were spent on in-

(Continued on page 8)

Former Resident Critically Injured

Mrs. James Nairn flew to California Friday, April 16, to attend her daughter, Mrs. Isabelle Nairn Hovey, who was critically injured in a Los Angeles accident the previous Tuesday.

Mrs. Hovey, formerly of Plymouth, was pinned between a baker truck and a car driven by a drunk driver.

A report reveals that her lung was punctured, five ribs broken, and possibly additional internal injuries.

Although she has improved slightly, Mrs. Hovey is still not out of the danger period.

C. Clayton VanWagoner Killed in Car Collision Last Sunday Morning

Fatal injuries were received by C. Clayton VanWagoner early last Sunday morning, April 18, following a two-car collision at Ann Arbor trail and Wayne road.

Mr. VanWagoner resided at 42100 East Ann Arbor trail with his wife, Ruth Elizabeth, and three children, Jimmy, age 11, and twins, Judy and Joan, aged 8.

A report from the Wayne County Sheriff's department reveals that he was traveling east on Ann Arbor trail and collided with a car driven by Herbert B. Brant, 19, of Melvindale, when he failed to observe the stop. Mr. VanWagoner was dead on his arrival at the Wayne County General hospital. Brant received

nose injuries and head lacerations, while his passenger, William Powers, 19, of Garden City, was also slightly injured.

Funeral services were held on Wednesday at 3 p.m. from the Schrader Funeral Home, under the auspices of the Redford Masonic Lodge, officiated by the Rev. Henry J. Walch. Members of the Redford Masonic Lodge acted as pallbearers. Interment was made in Riverside cemetery.

The VanWagoner family has resided in Plymouth for the past year and a half. He was employed by the Evans Products company since 1946 as National Service Manager for the Heating and Appliance division. While there, he was instrumental in developing close coordination between service and sales policies of Evans distributors and dealers.

Mr. VanWagoner was a 32nd degree Mason in Redford Masonic Lodge 152 and a member of the Detroit Consistory. He recently joined the Plymouth Kiwanis club and was affiliated with the First Presbyterian church.

Besides his family, he is survived by his mother, Mrs. Elizabeth VanWagoner, brother Marvin, and sister, Mrs. Harley Butterfield, all of Jackson.

Rev. Walch Views Today's Education

The Rev. Henry Walch voiced his opinions on "Relations in Education" during the first in a series of spring discussions under the sponsorship of the University of Michigan club, Thursday evening, April 15.

"Today we tend to specialize too much in education," the speaker stated, "narrowing ourselves to not only one field, but to only a mere facet of that field." When this occurs, Rev. Walch believes, we tend to lose sight of relationships in the field, as well as in the remainder of the world. "Education and interests should be broadened," he stressed.

Mr. and Mrs. Harry Fischer's home on Clemmons road was the scene of the meeting. Mr. and Mrs. Helmar Nelson and Mr. and Mrs. Miller Ross acted as co-host and hostesses for the evening, and refreshments were planned by Mr. and Mrs. Roy Purcell.

The next discussion group meeting is slated for Tuesday, April 27, beginning at 8 p.m. in the home of Mr. and Mrs. Harry Deyo, 808 Church street. Charles Brake, deputy commissioner of Wayne county schools, will lead the evening's discussion, "What to Teach in Our High Schools." Mr. Brake was recently elected as president of the Michigan Education association.

Bertha Van Rensslear Dies Here Friday

Bertha VanRensslear, 61, passed away Friday, April 16, at the home of Mrs. Earl Myers on Harvey street.

Funeral services were conducted Monday at 2 p.m. in Detroit, and interment was in Mt. Clemmons cemetery.

Mrs. Van Rensslear, widow of the late Hiram VanRensslear, formerly operated the White Cottage Tea Room on Town Hall

Fire Toll Shows Need of Clean-up

Property and resources are now being destroyed by fire in the United States at the fastest rate in history, estimates of the National Board of Fire Underwriters reveal, according to Plymouth Fire Chief Robert McAllister.

In addition to this fact, Chief McAllister states that the number of fires and fire losses for the current year in Plymouth have already reached over half of last year's total. The majority of these, he added, have been due to carelessness.

During the past year \$692,635,000 went up in smoke across the nation, most of it in housing, buildings, food, raw materials, and manufactured goods that are in short supply.

This loss figure does not begin to include all the other indirect losses caused by the hundreds of thousands of preventable fires that broke out during the year. These other losses include forests and timber, watershed production losses, business failure, medical expenses, wages, tax values wiped out, and fire-fighting costs, which are the result of fire.

Much of the fire destruction is the result of the deterioration of heating systems and machinery, and the overloading of electrical circuits. In recent years shortages of repair parts and manpower have caused this deterioration.

(Continued on page 8)

Wind and Hail Cause \$40,000.00 Damage

Greenhouse and New Plants Account for Biggest Loss in Storm

Hail, rain, and wind slashed through Plymouth's million dollar truck garden and flower industry Tuesday, April 20, causing a minimum of \$40,000 damage in one of the most destructive storms in years.

Not only was this singular business ravaged by the torrentious storm, but many homes in the city have broken windows as a result of this blast which also played havoc with numerous flat roofed buildings. The rain came down so fast the sewers could not dispose of the water fast enough, and several streets in the city were temporarily flooded.

City Raises Fire Rate to Township

After Saturday, May 1, the township will pay Plymouth a flat \$2,000 yearly rate for use of the city's fire department, it was revealed at the commission meeting Monday evening, April 19.

Over and above this flat rate, an additional charge will be made for each run the department makes out of the city. The rate per fire is \$100 for the first hour, and \$35 for each additional.

City Manager Harold Cheek stated that based on other figures paid throughout the state for such a service, this amount is believed to be the minimum the city can afford to charge. The amount is also low, he revealed, in view of the assessed valuation of the township.

This will bring the cost of yearly fire protection for the township to between \$3,500 and \$4,000, Manager Cheek reports, while the city taxpayers will pay an annual \$13,000, including \$4,300 for fire hydrant rental.

The commissioners were unanimous in their approval of the increased rate.

Final Concert of Season is Sunday

Marking the fourth and final concert of the season, members of Plymouth's Symphony orchestra will present a program Sunday, April 25, featuring their concert master, Josef L. Lazaroff, violinist. It will begin at 4 p.m. in the high school auditorium.

The first portion of the program will consist of the playing of Beethoven's Eighth Symphony. Following intermission Mr. Lazaroff will be featured in the presentation of Felix Mendelssohn's Violin Concerto in E Minor, Dvorak's Slavonic Dance No. 10 and Frescobaldi's "Toccatina" are also planned for the latter portion of the program.

The gifted violinist who will appear on the afternoon program is a resident of Detroit, possessing an impressive list of study and performance in both this country and abroad. Mr. Lazaroff has studied under Henri Mathey, Belgian violinist and composer, (Continued on page 8)

Young Musicians Play For Kiwanis Members

Lewis Ribar presented his music class of youngsters to Kiwanis members at the Tuesday, April 20, meeting held in the Hotel Mayflower.

The musicians, ranging from eight to 14 years of age, played several selections on the piano and clarinet.

William Thomas was chairman in charge of planning the evening's program.

One of the hardest hit in this vicinity was William Bartel, florist on Plymouth road, who believes the damage to his crop to be between \$5,000 and \$8,000, with half of his tomato crop ruined. Glass windows on the west side of his greenhouse were completely shattered and he believes replacement will be around \$1,500.

Also hard hit was Harold Fischer, owner of a greenhouse on Plymouth road. Mr. Fischer, who has an acre of his gardens under glass, estimates his crop damage at \$3,000 and greenhouse at \$4,000.

Approximately 3,000 panes of glass were broken in the greenhouses owned by William Sutherland, and about half of his plants damaged. He believes his damages to be around \$500. The same loss is placed on the business owned by William Elzerman on Plymouth road. He reports approximately 1,700 damaged plants, valued at \$2,500, and shattered glass valued at the same amount.

Between \$2,000 and \$3,000 losses were incurred to the property of C. W. Good by the storm. Miller Ross estimates damage to his greenhouse and plants to be between \$2,500 and \$3,000, with a \$600 loss on the glass.

Walter Klinske states the hail ravaged his crop and greenhouses about \$3,000 worth. Seven to eight hundred windows were broken in the buildings owned by Mr. Lockwood of Sunshine Greenhouses. He places total damages at the \$1,500 mark.

Alex Wnuk stated that, comparatively, his loss was not so great. He reported that the hail shattered windows are figured at a \$150 loss, and plant damage between \$300 and \$400. The Plymouth Nursery suffered between \$1,000 and \$2,000 losses from the storm, according to Mr. Christensen. Merryhill Nursery reports that it cannot be known as yet the extent of damages.

Little or no damage from the storm was reported by the Met-tetal greenhouses, Heide, where 35 panes of glass were broken. Gus Marhley and Lester Shove, Reports from the Detroit House of Correction and Wayne County Training school reveal that no damage was incurred in either place as a result of the storm.

Mr. Fischer, who has half an acre under glass, is the only one of the group reported to have insurance. Others state that since insurance covers only the glass of the greenhouse and not the damage done to the crops, it doesn't pay to take it out. The storms are infrequent, and loss to the crop usually far exceeds that to the glass panes.

Wildlfers Plan Annual Dinner

Heaping platters of golden browned fish will be the feature of the annual dinner planned by the Western Wayne County Conservation association for Wednesday, April 28.

The fish dinner will take place in the club house on Joy road, at 7 p.m. Conservation Officer Davenport from the Lansing office will be the evening's guest speaker.

Members of the committee in charge of the dinner program are: Ezra Rotnour, Joe Elliot, Ernest Henry, and Kenneth Gust.

They urge members and their friends to attend, requesting that they obtain tickets in advance so they will know what number to plan on.

Mrs. Roy Lindsay and son, David, of Sunny Acres, spent last weekend in Lansing visiting friends.

25 YEARS AGO

FROM THE PLYMOUTH MAIL FILES

Mr. and Mrs. Merle Rorabacher entertained the following guests, last Sunday: Mr. and Mrs. Ben Blunk and daughter, Madeline, of West Plymouth; Mr. and Mrs. Ford Becker, Miss Mabel Becker, Manfred Becker, Otto Reamer and Dale Rorabacher.

Miss Phoebe Jamison was a weekend guest of Mrs. Lucia Stroh.

Louis Minehart and son, Albert, were callers of Fred Widmaier's Tuesday evening.

Many of our citizens are again

inquiring as to what has become of the convenience station that has long been talked of and much needed in Plymouth. Village Manager Strong informs the Mail that the deal has been closed-up for the locating of the convenience station in the alleyway, which will be closed up between the stores of Blunk Bros. and the Woodworth Bazaar.

The coming summer will see several new business blocks erected in the village. Henry J. Fisher has two new stores in course of construction on Starkweather avenue and J. H. Patterson has one underway on Penniman avenue.

A petition was recently presented to the village commission, asking that some improvements be made in Kellogg Park, in the way of some walks, grading and

the general beautifying of one of the most slightly spots in the whole village. Manager Strong has had a nursery firm prepare a survey of the park, showing the proper places for the laying out of walks and the planting of shrubbery.

Charles Thumme has moved back from Farmington, to his home on Maple avenue.

Miss Alta Fisher of Dixboro, was a Sunday visitor at Mr. and Mrs. Clyde Fisher's.

The new subdivision on Fair-ground avenue has been opened up, and lots are selling rapidly.

Mrs. Adelaide Hudd and son, Leslie, of Detroit, were guests Sunday of Mr. and Mrs. E. V. Jolliffe and attended the pipe organ dedication services at the M. E. church.

Mr. and Mrs. George Hillmer moved into their new home on Maple avenue, Wednesday.

Charles Olds of Mill street, is spending a few days with his daughter, Mrs. Earl Stevens in Detroit.

Mrs. A. L. Miller and daughter, Ruth, of Milford, visited Tuesday with her sister, Mrs. Myron Willett.

Dr. and Mrs. T. J. Foster and son of Highland Park, spent Sunday at the home of Dr. and Mrs. Luther Peck.

Work is progressing very rapidly on the new business block that it being erected by Henry Fisher on Starkweather avenue.

The Third French Republic, in its 70 years, changed its government 100 times mainly because of the absence of the two-party system. Pre-War France had more than 20 active political parties.

The fire bill for every man, woman and child in the United States during 1947 was \$4.84. This is nearly 209 percent greater than the \$2.32 per capita loss in 1940.

Peace . . .

We take the burden of funeral and burial arrangements off your hands in your time of grief.

Announcing
A
NEW
CARTOON
FEATURE!

Keep an eye peeled for the entertaining new
comedy series which we are sponsoring in the
Plymouth Mail beginning next week. It's a real
eye-opener, full of rich humor and snappy dia-
logue which you'll read, enjoy and profit by,
from the comical experiences of the characters
depicted. Don't miss it!

It Takes Ore to Make the Steel You Use

and PROFITS to keep mines running

It takes vast amounts of expensive equipment and machinery to keep iron ore moving smoothly to the blast furnaces. It also takes a lot of money. It is a man-sized job for the profit dollar. But the profit dollar doesn't have the strength it used to have. For the cost of new mining machinery, replacement and maintenance has gone up. And as those costs have gone up, the purchasing power of the profit dollar has dropped. For example, today's profit dollar buys only 58 cents' worth of electric ore shovel compared with 1938. Steel profits averaged 6.3 cents on the sales dollar last year. Steel profits last year averaged 9.4 cents per dollar of investment. Steel profits are too low when measured against the cost of continuing efficiency.

AMERICAN IRON AND STEEL INSTITUTE
 350 Fifth Avenue, New York 1, N. Y.

There are 96 member companies of the Institute with plants in 166 American communities. They produce 94.6 percent of the country's steel.

Injuries Slight in Accident
The corner of Ann Arbor road and Ann Arbor trail was the scene of an accident Saturday evening, April 17, involving four persons, two of which were slightly injured.
The car driven by Alfred Rennie of Detroit was reported to have slowed down at Ann Arbor road when it was struck by a car driven by Louis Schuh* of Benton Harbor. Adelaiah Schuh, riding with the latter, and Claire Rennie with Mr. Rennie, both received minor injuries.
They were discharged from Wayne County General hospital later that night.

GARDENIA TIME . . . Down South in Cypress Gardens, Fla., Alice Mooty gathers fragrant white gardenias. Here America's Gardenia Festival is held every year when acres of the flowers bloom.

VICTIM . . . Tiny victim of ammunition dump explosion at Tsingtao, China, is carried from blasted building by U.S. navy hospital corpsman. Two hundred Chinese died in the explosion and approximately 800 more were injured, many seriously.

MUSIC . . . James Caesar Petrillo, president of American Federation of Musicians, was first participating musician under agreement between AFM and radio networks which provides that television will feature "live" music.

Rent Control is Altered Slightly

Changes made over last year's rent control measures have not been great, according to Municipal Judge J. Rusling Cutler.
He states that the Office of the Housing Expediter has made the major change in the length of notice needed for eviction. As it now stands tenants must be given a 60 day written notice in all eviction cases, with the exception of non payment of rent, violation of rental agreement or nuisance. Previously, only 30 days notice had to be given in the usual month tenancy, or seven days in weekly tenancy.
Judge Cutler also enumerates the various phases of the law which are still effective. He states that eviction can be made in the event of non-payment of rent, violation of rental agreement or the maintaining of a nuisance. Tenants can also be evicted, he reminded, where the landlord requires housing for himself or immediate family, or where a church organization or political body requires the premises for their own use.
Eviction can also be made, the judge continued, when the landlord simply desires to remove the premises from the rental market, or where the landlord has sold his premises and the new owner wants the building for his own use and occupancy.
If the premises are to be demolished or substantially altered, the tenant may be removed, Judge Cutler has also stated. He reminds both tenants and landlord that these matters still rest in the hands of the local courts, and it is the judge's duty to enforce the national housing regulations.
When feeding turkey poults, have plenty of feeders filled with a mash that will supply all the essential nutrients to give the poults a proper start. MSC poultry specialists advise that feeders must be low and distributed around the hover where there is ample light. For the first few days the ends of the feeders should extend under the edge of the hover if an electric brooder is used.

School Approved by Association

Plymouth High school has been placed on the list of secondary schools approved by the North Central association of colleges and secondary schools for another year, according to Louis Schmidt, principal.

The action was taken at the annual business meeting of the association in Chicago, March 8 to 12. The approval of The North Central association is the highest and one of the most sought after ratings a school may achieve in this area of the United States. As a result of this approval the graduates of Plymouth High school, with adequate scholastic records, may register in any North Central college or university without writing an entrance examination, unless such examination is required of all entries.

The approval of Plymouth High school is based on an annual report submitted by the high school principal. This report is all inclusive and covers various phases of school administration, pupil enrollment, teaching staff, teaching load, activities program, library, class schedule and others.

Approval by The North Central association was first granted to Plymouth in 1916 and has been continuous since then.

Check on your child to make sure he has brushed his teeth, scrubbed his hands, and washed his face. But show tender emotions in your check-up or your child will learn to dislike wash-up time.

A loose hammer handle is a dangerous thing. Keep it good and tight by inserting metal wedges which can be obtained in any hardware or variety store.

DETAINED . . . Mme. Irene Jot-Curie, Nobel prize-winning physicist and daughter of the discoverer of radium, was detained by U.S. immigration officials upon her arrival in New York but released a few hours later. She is connected with the Joint Anti-Fascist Refugee Committee, labeled as subversive by Justice department.

Miss Neva Lovewell to Present Book Review

The third and final book review program, sponsored by the St. John's Episcopal league, will be presented by Miss Neva Lovewell Monday evening, April 26.

Miss Lovewell will report on a psychology book, the program beginning at 8 p.m. in the Parish house.

Tickets are available from league members, or at the door the evening of the review.
The first review program was presented by Mrs. J. G. Clemmons who told of the "Hope of Earth" and the second by Miss Edna Allen, who reviewed "Proper Bostonian."

Cancer Center Dedication Held

Dedication of the new Detroit Cancer Center which took place on Wednesday, April 21, was witnessed by Mrs. Barbara Stecker, chairman of the Plymouth society, and Mrs. Ann Sumner.

The service took place in the new building, which is located at 4811 John R. street.

A step forward in the Cancer Society's program has been made by the organization with the completion of this structure, the only one of its kind in the country. It includes facilities for the American Cancer society, Detroit Institute of Cancer Research and the Michigan Cancer Foundation.

The Center will serve Wayne, Macomb, and Oakland counties. Contributions from these residents through the years have made building of the structure possible in part. A great portion of the cost has been covered by the Variety club of Detroit.
The keynote address of the afternoon was presented by Clarence C. Little, director of the Roscoe Jackson Memorial laboratories, located at Bar Harbor, Maine, which were recently destroyed by fire. At the present time Mr. Little is carrying on his work at the Detroit Center, and will continue to until repair of the Maine laboratory is completed.

A new liquid bait rat-trap uses water as a lure because scientists have discovered that rats are less wary of water than they are of solid foods.

In Tokyo, Ichiro Akimoto, 60, advertised for a bride to share the tidy income he makes rolling new cigarettes from butts, heard from 2,100 eager applicants.

MATCHED CHURCH . . . Robert Buchignani of Corona, N. Y., paralyzed from the waist down, spent five months building completely furnished miniature church of matchsticks. He didn't count matches.

Many home handymen have found out through sad experience that to use a drill on metal that will bend will almost certainly break the point.

The wise workman will always fit his file with a handle to avoid puncturing the hand with the tang.

Parent-Teachers Choose Officers

O. C. Wood, president of the Starkweather school PTA, has announced officers and committee chairman chosen at the organization's last meeting to serve for the coming year.

Named as vice-president and membership chairman was Harold Paulgar, while Lucille Finkbeiner was elected second vice president and chairman of publicity. Mrs. Velma Jewell will serve as secretary and Mrs. Edith Ebersole as treasurer. Co-chairmen for the program committee are Mrs. Jane Thrasher and Clifford Sockow; Mrs. Thelma Dayton and Wilbur Ebersole, hospitality; Mrs. Leo Kowalcik, refreshments; and Mrs. Steve Veresh, historian. Mrs. Jewell Bell, principal of the school, acts as the advisor for the group.

Installation will take place at the next meeting, planned for Thursday, April 20. Mrs. Norma Munster has been named as installing officer.

Black iron pipe rusts very easily, so it is not the right kind to use to convey water. Galvanized iron is a economical choice for water lines.

Flowers Highlight of Final Meeting

A lesson in basic flower arrangements was presented by Miss Phyllis Allen when she appeared before members of the Junior Chamber of Commerce auxiliary Thursday evening, April 8.

The meeting, which marked the final social gathering of the group for this fiscal year, was held in the Hotel Mayflower.

Miss Allen, who is affiliated with the Allen Flower shop in Detroit, instructed that flowers should always be cut at a slant with a knife. Scissors should never be used, she stressed, as they close the ends of the stems.

The guest speaker arranged two floral displays to illustrate her discussion of arrangements; one a standing display and a second designed as a centerpiece for a long table. Chicken wire, Miss Allen suggested, is a good base to put in the flower dish for holding the bouquet in place.

Discussing the various uses of flowers, she reported that flowers in the hair seem to be the most popular by far. She and her guest, Mrs. Virginia Nagel, were modeling the latter, one wearing roses and the second a tulip with the petals spread open.

Meeting plans were arranged by Mrs. Winifred Wolfe, chairman of the committee in charge, Mrs. Virginia McCloy and Mrs. Jane Todd.

The next meeting will be May 13 for the purpose of choosing officers for next year.

Final Concert of Season is Sunday

(Continued from page 1) Ilya Scholnick, Cesar Thomson, teacher of Adolph Betti and Alfred Pochow, violinist of the late Flozoly string quartet.

Mr. Lazaroff was reportedly one of four students accepted by the famed Thomson at Lugano, Switzerland. Two days a week he took lessons which lasted from morning until night. In addition to this, he occasionally took the lessons of another student who was unable to withstand this exacting schedule.

He has appeared in Detroit, Toledo, New York, Cleveland and Tampa Florida, playing in symphonies, chamber music groups, theaters, as well as radio station violinist and soloist and music commentator with orchestras and ensembles.

A reception will be held in the Veterans' Community Center following the concert for members of the orchestra, their families, friends and members of the society.

Fire Toll Shows Need of Clean-up

(Continued from page 1) ation; hence it is of extreme importance that every householder and every property owner keep close check on his heating equipment, and inspect fuses regularly to be sure that fuses are of proper size.

An increasing number of fires are due to accumulations of rubbish and debris. This may be one result of manpower shortages, due to lack of janitorial help, but owners and tenants alike should keep their buildings clear of waste materials, and not neglect regular inspections.

A major factor in most large fires is delay in notifying the fire department. Every citizen should learn the fastest way of calling the fire department from his home, office, school or factory. Where feasible, automatic detection and alarm systems should be installed, particularly in large value establishments.

Rural residents should organize some method of summoning fire equipment quickly, such as a "fire block" system, as has been done in many counties.

In Fort Myers, Fla., Watler N. Ash explained why he had stolen a \$2 steak; he was going into the restaurant business.

MSC wiring specialists advise posting a diagram of your wiring circuits by your fuse box to help spot the trouble when a fuse blows.

NOSEGAY . . . Tom Harmon, former Michigan football great, unveiled his new nose after completion of plastic surgery that transformed his scrimmage-weary schnoz into a thing of beauty.

Iodized Salt Important as Goiter Preventative

"The need for iodized salt to prevent simple goiter in Michigan children as great today as it was a quarter - century ago," Dr. G. D. Cummings, acting state health commissioner, said today marking the 24th anniversary of the state's fight against the thyroid ailment, May 1.

He urged all Plymouth parents to demand and use only iodized salt for all table and cooking purposes.

While Michigan has done more than any other state to popularize iodized salt as a goiter preventive, and has had the most notable benefits from its use, not all of the salt sold in the state for table use is iodized.

Until there is legislation requiring that all table salt contain iodine, the responsibility for assuring that children get a sufficient quantity of iodine to prevent simple goiter rests with the parents.

Iodized salt was first introduced in Michigan grocery stores, May 1, 1924, after a survey made in four counties of the state had shown that 47 per cent of children suffered from simple goiter. A survey conducted after 11 years of voluntary use of iodized salt showed only one-fifth as many children afflicted with simple goiter.

Iodized salt was introduced in Michigan through the cooperation of the Michigan Department of Health, the Michigan State Medical Society and the salt manufacturers of the state.

Simple goiter is an enlargement of the thyroid gland which lies at the base of the throat. The enlargement is chiefly due to the lack of natural iodine in food and drinking water. It does not commonly occur in areas where there is sufficient iodine in the soil and water, or in areas where unrefined salt is eaten. Michigan is a "goiter" area because there is not sufficient iodine in the soil to provide a protective amount of the chemical in foods grown in the state.

Regular Dentist Visits Deemed as Necessary

So you don't like to go to the dentist.

Well, that puts you in about the same frame of mind as several million other Americans who have carried an unwarranted childhood fear of the dentist's chair into adulthood. This fear, responsible for some serious illnesses; it not only disfigures what might be a pleasant smile on many faces but causes the torment of toothaches that could be avoided.

Too many people never go near the dentist until they are driven to it by the torment of a toothache. Nine times out of ten, these agonizing experiences would never happen if the person were in the habit of regular visits to the dentist's office. Neglected teeth are often the source of such serious illnesses as rheumatism, arthritis and sinus trouble.

Good care of the teeth should begin when a child is about 2½ years old with a trip to the dentist. The early habit of regular visits to the dentist should be retained. The dentist is the only one who can detect cavities and treat them before the tooth becomes decayed or infected. The result will be fewer toothaches, fewer painful treatments and a long life for the teeth.

Proper food, including milk, citrus fruits and vegetables will supply your body with the minerals for building good teeth. Chewing coarse foods and raw vegetables and fruits helps keep teeth and gums healthy but that does not mean abusing the teeth by cracking nuts or biting hard metallic objects. Your dentist will show you the proper way to brush your teeth, a hygienic habit that you should follow at least twice a day.

If you want to avoid trouble from your teeth, the prescription to follow is a regular visit to the dentist's office.

Remember how you believed when you were a child you'd come out in China if you dug straight down from the United States? Actually you'd arrive in the Indian Ocean, west of Australia, if you had the patience to dig that far.

It is not economical to withhold grain from a good producing cow because it is high priced. She cannot eat enough roughage to keep up her maximum milk flow.

Lov-Lee Beauty Shop Ownership is Changed

Mrs. Helen Brougham and Pat Cochran, of Pat's Beauty Salon, have purchased the Lov - Lee Beauty Salon from Hazel Johnson.

The shop will open under its new ownership Monday, April 26, managed by Miss Cochran. The present staff of operators will continue, it is announced.

Postmaster Back From Vacation

Postmaster and Mrs. Harry Irwin returned late last week from Florida where they have spent a most delightful winter. Both are much improved in health.

While in St. Petersburg, the Irwins purchased a small winter home in Pinellas Park, where they hope to be able to spend the severe winter months of the years to come. Pinellas Park is about six miles north of St. Petersburg on one of the main thoroughfares leading to Tampa.

"We have a few orange and grapefruit trees and a fairly good little cottage where we are sure to enjoy the warm winter weather of the southland" said Postmaster Irwin yesterday. He confided that he had attended some Democratic party meetings in the southlands — "but they are nothing like the ones we have up here", he said.

FORCED . . . At a press conference in London, ex-King Michael of Romania declared that his abdication was null and void since it had been forced on him "by a foreign country."

All-Star Magician Show is Planned

Members of the Detroit area Wandwaver's club will present an all-star magician show Saturday, May 8, under the sponsorship of the Plymouth Junior Chamber of Commerce.

The 10 act program will take place in the high school auditorium, beginning at 8 p.m., for the benefit of the high school band. Tickets are now on sale and can be obtained from any member of the Jaycee organization. A limited number will be available, it is announced, as there will be only one performance.

Ten performers will be included on the program, each displaying his specialty or outstanding act. Roy Row of Plymouth, who is president of the club, will be included on the evening's program.

Local Vanities Star Weds Here Saturday

The wedding of Jean O'Meara, daughter of Mr. and Mrs. Leo O'Meara of Boston Post road and Nat Sibold, son of Mr. and Mrs. Steve Sibolsky of Brantford, Ontario, will take place tomorrow noon at the First Presbyterian church. The Reverend Henry Walch will officiate.

The bride will wear a gown of white satin with a train and fingertip veil. Her flowers will be white carnations.

Nancy Kough, maid of honor, and bridesmaids, Blanch Kennedy, Joan Stern, Jean Heard and Virginia Carson will be gowned in yellow and orchid taffeta designed with puffed sleeves and scalloped hemlines. Their flowers will carry out the color scheme of yellow and orchid.

Bo Sibold will be his brother's best man and seating the guests will be Murray McDonald, Bill Martin and Bill Nemerson.

A reception in the church parlors for about 200 guests will follow the ceremony. The couple are members of the cast of the "Skating Vanities" currently playing in Detroit. They plan a wedding trip to Cuba with the Vanities where they will stay for about a month. Miss O'Meara was formerly employed at the Plymouth Mail.

Remember how you believed when you were a child you'd come out in China if you dug straight down from the United States? Actually you'd arrive in the Indian Ocean, west of Australia, if you had the patience to dig that far.

It is not economical to withhold grain from a good producing cow because it is high priced. She cannot eat enough roughage to keep up her maximum milk flow.

ATOM OF ADVICE . . . David E. Lilienthal, chairman of the atomic energy commission, told congress he favors outlawing strikes in atomic plants if that step should be necessary to insure continuous production.

Cancer Society's Drive Continues

(Continued from page 1)

direct aid, such as loan closets, dressing, thermometers and wheel chairs that were made available for home care.

These are a few of the many things which require money in the fight against cancer, Mrs. Stecker stated, as she emphasized that more is needed each year as the job becomes even greater.

Mrs. Stecker also announced the complete list of volunteers working in Precinct No. 2. Mrs. Ivah Bentley is chairman, assisted by Mrs. Ralph West, Mrs. Lisle Alexander, Mrs. Harold Jolliffe, Mrs. Denzel Kisabeth, Mrs. George Holstein, Mrs. Clifford Wood, Mrs. Roland Allenbaugh, Mrs. Paul Ware, Mrs. Albert McCloy, Mrs. Jane Melow, Mrs. Carl Starkweather, and Mrs. Marvin Partridge.

Junior Firemen See Comedy Film

Entertainment was planned for the Junior Fire department members during their regular Wednesday evening meeting, April 14. At that time a comedy motion picture was shown by John Nelson, Fire Chief Robert McAllister reports.

Other recent meetings have been concerned with teaching the 23 members of the junior force about pump operations, truck equipment, and ladder and hose evolutions. They have also viewed films instructing them on fire fighting and chemistry of fire.

In all examinations the boys, ranging from 12 years of age on up, have displayed real interest in the project, Chief McAllister stated, as he highly praised the job they are doing.

It's Time for Winter Wheat's Top Dressing

Application of a spring top-dressing for winter wheat is advisable at this time of year, according to A. G. Weidemann, soils research specialist at Michigan State college.

Top dressing usually refers to the application of some form of commercial nitrogen or barnyard manure. To be effective, the nitrogen should be in the form of nitrates of ammonia (preferably nitrates) and be applied in late March or early April before soil nitrogen becomes available.

Ammonium nitrate is the commercial form available at present and is relatively inexpensive in comparison to other forms. Experiments have indicated that from 12 to 22 pounds of nitrogen is about the proper amount to use per acre on wheat that needs nitrogen. On sandy loam soil on the college farm, the ten-year average yield was 35.6 bushels where 12 pounds of nitrogen were top-dressed on wheat that was fertilized in the fall with 300 pounds per acre of 2-12-6. This was an increase of 3.96 bushels due to the nitrogen. Under the same conditions, a five-ton application of manure in early spring resulted in 39.7 bushels as a ten-year average or an increase of 7.1 bushels due to the manure. Not more than five tons of manure should be used per acre.

Not all wheat should be top-dressed with nitrogen or manure. If wheat is top-dressed on heavy soil it should be done with caution. If manure or legumes are used in the rotation, top-dressing may cause lodging of the crop. It should also be done with caution if seedlings are to be made in the wheat as the heavy growth of wheat will rob the seedlings of moisture and may smother them. Wheat following clover sod should not need top-dressing.

Best results from top-dressing are obtained on sandy loams or lighter soils where wheat comes further from clover in the rotation.

Cancer is not an old person's disease. Cancer killed more Michigan children under 20 last year than all the acute communicable diseases of early childhood combined.—Michigan Department of Health.

Truth is stranger than fiction—and lots cleaner.

LOCAL News

Mr. and Mrs. Eldon Martin left Friday to spend a two week's vacation with Mrs. Martin's parents, Mr. and Mrs. Elmer De-Planche of Phoenix, Arizona.

Mrs. Miller Ross will attend the honor convocation at the University of Michigan this morning. Her daughter Betsy, an honor student, will take part in the program.

Pauline Wiedman, daughter of Mr. and Mrs. Paul Wiedman of Blunk avenue, will entertain her roommate, Jean Hoerner from Central college in Mt. Pleasant, this weekend.

Mr. and Mrs. Bert Coverdale of Ball street entertained their birthday 500 club, Saturday evening. The 19 guests played cards and refreshments were served.

Mr. and Mrs. John Chaney and family of Pacific avenue and Mr. and Mrs. Lewis Chaney and family of Battle Creek spent Sunday at the home of their parents, Mr. and Mrs. Joseph Baker in Leslie.

Mrs. George A. Smith, Mrs. Carl Shear, Mrs. Harold Curtis and Mrs. Paul Wiedman attended a Rotary-Ann auxiliary luncheon on Monday at the home of Mrs. George Thomas in Birmingham.

Mrs. Edwin Scott, who resides on West Maple street, underwent an operation in Ford hospital last Tuesday morning. According to word received yesterday, she is making satisfactory progress.

There was a social gathering of the members of the Anna Smith circle of the Child Study club, last Tuesday evening. They had dinner at the Home of Good Food in Ann Arbor and witnessed a performance of the "Voice of the Turtle" at the Michigan theater.

Mrs. Roy Rogers, Mrs. Harold Finlan, Mrs. Madge Baker and Mrs. L. P. McGuire were the luncheon guests, Wednesday, of Mrs. James Robinson of Monroe. Mrs. Robinson is a former Plymouth resident.

Mrs. Harlow Williams of Pacific avenue served a dessert luncheon on Wednesday afternoon to the following members of the Friendship Circle: Mrs. Joseph Pace, Mrs. Manford Becker, Mrs. Martin Jones and Mrs. John Chaney.

Cub master, Gerald Tobey held a leader's meeting Tuesday evening for the five dens in his pack at the home of Mr. and Mrs. Paul Vincent on Gold Arbor road. Plans were completed for the next pack meeting which will be centered around Indian lore.

Mr. and Mrs. Thomas Moss of West Ann Arbor trail entertained their bridge club of three tables at pot luck dinner last Saturday evening. In addition to the regular members, their guests were Hazel McInerney of Detroit and Conrad Langfield of Northville.

Mrs. Russell Roe, Mrs. William Kaiser, Mrs. James Gallimore and Mrs. Gerald Hondorp were co-hostesses at a luncheon honoring Margaret Jean Nichol, May bride-elect, last Tuesday at the home of Mrs. Gallimore on West Ann Arbor trail.

Mr. and Mrs. Kahrl Drews of Maple avenue honored Mr. and Mrs. Harry Wiley at a housewarming in their new home on Miller road in Ann Arbor, Saturday. After an evening of cards, a buffet supper was served and the 11 couples presented the Wileys with a gift for their home. Mrs. Wiley is the former Phyllis Thompson of Plymouth.

Members of the Friendship Circle gathered at the home of Mr. and Mrs. Manford Becker on Pacific avenue last Saturday evening for a pot luck supper. The following couples attended: Mr. and Mrs. Harlow Williams, Mr. and Mrs. Joseph Pace, Mr. and Mrs. Lee Turbett, Mr. and Mrs. Martin Jones and Mr. and Mrs. John Chaney.

On Tuesday evening, friends honored, Mrs. Ruth Lacey, who is moving to Providence, Rhode Island at a farewell theater party. They witnessed the play "The Glass Menagerie" at the Schubert Lafayette theater in Detroit. The following attended: Rosemary Ray, Marleeta Martin, Olive Hoosier, Irene Egloff and Brenda Granger. After the play, refreshments were served by Miss Martin at her home on Newburg road.

Mr. and Mrs. Karl Grant Miller and son, Tommy, were driven to Plymouth last Sunday by Mr. and Mrs. H. Harvey of Saginaw, where they were the guests of Mr. Miller's parents, Mr. and Mrs. Peter A. Miller of Russell street. During the afternoon about 35 relatives and friends from Willow Run, Ypsilanti, Wayne, Detroit and Plymouth visited with the former Plymouth resident. Mr. Miller returned to St. Mary's hospital in Saginaw that evening, where he has been since last September.

Mr. and Mrs. Miller Ross and daughter, Beverly, of Ann Arbor trail and Angeline Rousseau attended the "Skating Vanities" in Detroit, Thursday evening.

Mr. and Mrs. Otto Ernst spent Saturday evening at the home of Mr. and Mrs. William Martin of Newburg.

The members of Unit No. 3 of the Methodist Episcopal church were entertained at a luncheon furnished by Miss Martha Jensen and her committee from Detroit. Following the luncheon, Miss Jensen gave a short talk on the food served and its preparation and Mr. Perrin of the Detroit Automobile club showed technical movies of the South.

Michigan State college animal husbandry specialists advise rotation of pastures each year to keep pigs on clean ground.

Human Rights - Key to World Peace

By Marion Amrhein

Following below in full is the essay which took top local honors in the 13th Annual National High School contest being sponsored by the women's auxiliary of the Veterans of Foreign Wars.

"All over the world people are hoping for peace. To obtain this peace is the people's foremost problem. Our main objective in the war was to win human rights for all men. Franklin D. Roosevelt and Winston Churchill said in the Atlantic charter that freedom of speech, freedom of religion, freedom from want, and freedom from fear are the fundamental human rights. Our Declaration of Independence states that all men have 'inalienable rights of life, liberty, and the pursuit of happiness.' A state in which the people are represented will secure these rights for its citizens.

"When the early Americans wrote the Constitution they provided for freedom of religion. All people should be allowed to worship as they please, but each one should respect the beliefs of those who worship differently. If you believe one thing, that does not mean other people should be forced to believe the same. If all nations would accept this a fundamental right, all religious wars would be eliminated. In America we find people of many different creeds working together for the common good. When this can be done all over the world, it will be a big step forward on the road to peace.

"Freedom of speech is an important human right. This right includes freedom of the press and freedom of information. In America both sides of the story are printed and editorials can be written attacking President Truman, Secretary of State Marshall, or any other government officials, but in some countries only part of the information is printed and it is usually misleading. The editorial writers are not allowed to say anything against their leaders. Long before Hitler and Mussolini tried to conquer the world they enslaved the press. In that way the citizens knew only what the party in powers wanted them to know; thus leaders were able to get their people to want to go to war against other nations.

"People who are hungry and cold and who see their children suffering are easily led to do anything for relief. Freedom from want is important in keeping peace. If people are in need of food and clothing they will put forth everything they have trying to get it. They will come to hate more prosperous nations and feel that they have a right to take anything they can get. Helping the needy nations to help themselves, helping support a stable democratic government, teaching them better methods of farming, and showing them more healthful way of living are ways we can drive out fear and want and thus help to secure peace.

"The General Assembly of the United Nations says freedom of information 'implies the right to gather, transmit, and publish news anywhere and everywhere without fetters.' If this can be accomplished, nations will understand one another better. Another way to secure friendly relations and to help the people of the world learn about each other is by exchanging students, teachers,

"Winston Churchill, war prime minister of England, says that the most important of these four freedoms is the freedom from fear. The fear of invasion, the fear of loss of food, and the fear of economic disadvantage help breed wars. Nations are always seeking support and military alliances to give their people a feeling of security. The humiliation of defeat and punishment create the demand for revenge. Today with the powerful weapons we have and the destruction war can bring, the emotions of fear and hate are aroused in people. These emotions lead to new wars rather than the peace everyone is seeking. The great nations of the world can bring freedom from fear to the smaller nations by proving, as America has, that they are willing to make economic agreements which are advantageous to both large and small countries. By such action the larger nation can give the smaller nations a feeling of security which will wipe out hate and fear.

Newburg Church Holds Conference

During the Quarterly conference held at the Newburg Methodist church Monday, April 12, terms of trustees were extended and additions to committees were made.

Trustees with terms extended to the year of 1952 were Verner Nymman, Clyde Smith and Joseph Sitarz. Committee additions are as follows: nominating, Mrs. C. Donald Ryder, Mrs. Henry Grimm, Jr., John Schroder; finance, Carl Lampton, Harold Mackinder; board of Christian education: Mrs. John Schroder and Mrs. Paul Nixon; parsonage, Harold Mackinder, Mr. and Mrs. Ray Peterson; maintenance, Harold Case, Ray Peterson; public relations, Paul Nixon, K. B. Lockhart, Glenford Green; good literature, Mrs. Harold Mackinder; recreation, Mr. and Mrs. Harold Case.

Mrs. John Schroder will be the lay member and Mrs. Clyde Smith reserve lay member. Harold Mackinder will succeed Mrs. Melvin Gutherie as treasurer. The latter will relinquish her duties July 1, it has been revealed. The board has also elected Ray Bowser and Jesse Bennett to counsel youth as to further recreation facilities.

If you have a concrete job coming up this spring, remember that the material must be protected against quick drying to avoid cracks and structural weakness. Keep the forms in place for several days after the concrete has been poured.

Plymouth Sporting Events

Plans Underway for Men's Softball

Eight softball teams have shown interest in joining the Plymouth Men's Open Softball league this summer.

Tentative teams are: Detroit House of Correction, South Side Merchants, Tait's Cleaners, Evan's Products, Daisy - I.D.E.A., Beglinger Oldsmobile, and Redford.

The last date of team entry is 12 p.m. Saturday, May 1.

Weather and condition of the fields permitting, league games will begin on Monday, May 17. Teams will play twice a week on Mondays and Thursdays.

The first game each evening will be a twilight game, followed by two games under the lights on the football field.

"Understand Rivalry and you understand America"

by Ed Thorgersen

Next time you miss a short putt or slice a drive, and are tempted to break your clubs and spend Sunday afternoons listening to the radio, count to ten and then count to ten again. Just remember, golf is a grand sport, and wonderful exercise, and there's always hope of a better score tomorrow. Be thankful, though, that you didn't team the greens back in the 1890's.

In those days, Scotch ribbick lovers were content to use any fibbed stick as a club. And the original golf ball was really something to behold. For the forerunner of our elusive white pellet was little more than a sack of feathers. Can you picture yourself trying for that hole-in-one with nothing to swat but a ball made of bird covering?

Golfing has come a long way since the early days. Today, well-balanced clubs and golf balls make it possible for fans everywhere to get more enjoyment from this great sport.

Hidden behind this great improvement in golfing is a little word that works magic in America. The word — competition. The magic — more for your money. For competition makes a business work harder to bring you newer and better products. In golf, it means many manufacturers turning out top-notch equipment. And in the oil business, competition means over 34,000 individual oil companies competing with their rivals to bring you and every one a better product from petroleum at fair prices.

Over 1,250,000 people are employed in the oil industry and there's great contesting between companies to bring you the latest developments of fuel and lubrication research. That's why we Americans enjoy the finest in fuels at the world's lowest prices.

Better lubricants... finer fuels... newer products... good value for your money. That's how you benefit from the competition and intense rivalry in the oil industry.

That's the plus for you in Petroleum's Progress.

Burroughs Bowlers Conclude Season

The final game for the Burroughs Adding Machine Company league has been bowled, placing the Check Writers team in first place with 74 wins and 54 losses. Subtractors placed second with the Multipliers, Duplex, Calculators, Portables, Ledgers, and Billing Machines teams following in that order.

The high average of the league competition is owned by E. Schultz who has a 183.73. B. Archer follows with 132.14. H. Laichalk with 176.01, M. Baughman with 171.89, and J. Hitt with 170.73.

C. Ryder, who acted as a substitute, had a 174.10 average and E. Bolin a 169.01. The winning doubles were J. Kaiser and K. Butterfield at 1025, B. Archer and C. Glass a 987 and B. Salo and D. Parker at 984.

New Tournament to Begin Shortly

The third annual Men's and Mixed Doubles Bowling tournaments to be staged at Parkview Recreation will be underway shortly.

Men's doubles will begin May 1 and continue until June 13, while the mixed doubles will be held from April 24 to June 6.

Bowlers interested in taking part in the competition are told that they can enter as often as they wish with a different partner. They are asked to bring their average and sheet or letter from the league secretary. It has been announced that a mean average will be taken.

Meekness excludes revenge, irritability, morbid sensitiveness, but not self-defense, or a quiet and steady maintenance of right. —Theophylact

Johnson Named Softball Chairman

At last weekend's 24th District Recreation conference held in Toledo, Ohio, Ralph Johnson was appointed as chairman of the Michigan Recreation association state softball tournament.

The appointment was made by James Ried, president of the association.

In this capacity Mr. Johnson will conduct the state softball tournament, receive eligibility lists, and schedule games.

Tuesday evening, April 20, he spoke in the Farmington high school, telling how that city can organize a recreation department. In this capacity he pinch hit for Lynn Rodney, district representative of the national association.

Patrick Makes Hole-in-One Shot

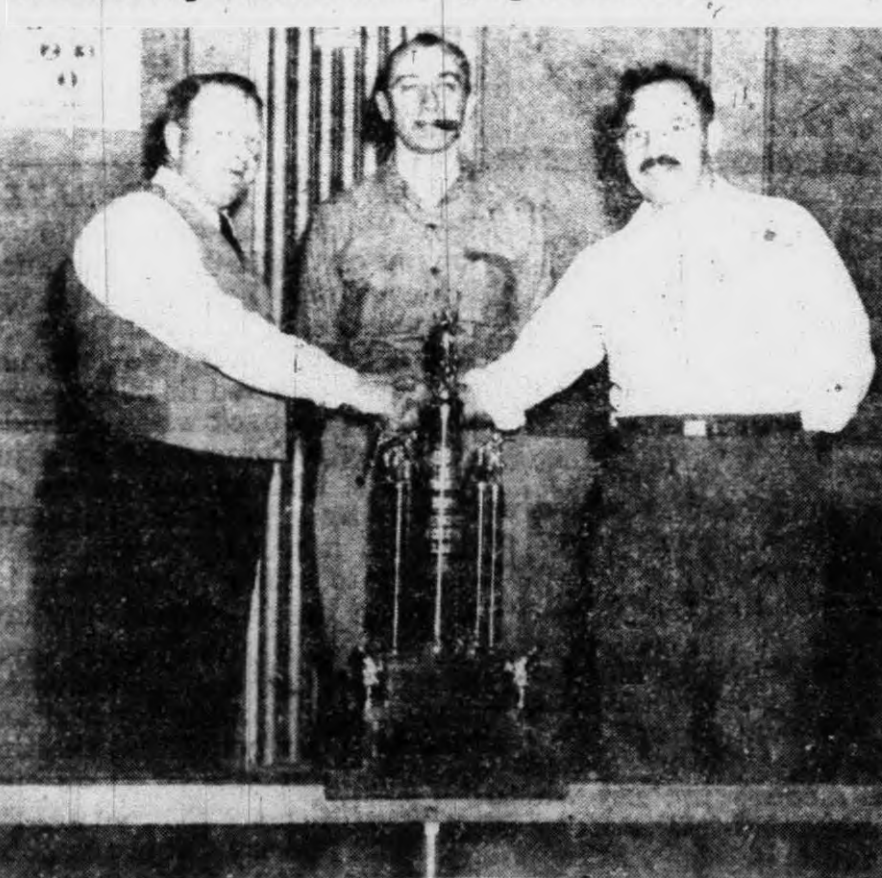

marked with the pin.

Witnesses of the act were: his sons, Bill and Walt, Jack Marsh, Charles Phillips, and Lee Card. The golfer was awarded a dozen golf balls by pro-manager Max Todd in recognition of the shot, and is also deemed eligible to take part in the hole-in-one contest sponsored by a Detroit newspaper.

Mr. and Mrs. Patrick reside at 11225 Eastside drive.

Body heat should be removed from eggs as soon as possible, advise Michigan State college poultry specialists. Best storing temperature is 50 to 60 degrees F. Eggs should be cooled 12 hours before packing.

Presenting Memorial Trophy to Champions

Lee Butler Herman Bakhaus William Choffin

The Ward Butler Memorial trophy has been created by Lee Butler, owner of the Plymouth Recreation and Bowling, in honor of his father.

The trophy will be presented each year to the winning team in the Plymouth Recreation Classic league, the only no-handicap team in town. Mr. Butler states that a team must win the award three

successive years to permanently retain it.

His father died last August. The Plymouth Recreation and Bowling was under his ownership for seven years.

This year the trophy was presented to the Cloverdale Creamery bowling team. The team is captained by William Choffin and sponsored by Herman Bakhaus.

Among the secret documents of the OVRA, Mussolini's former Gestapo, which were discovered in Bari, Italy, was one dossier containing a complete record, in code, of the renances of Il Duce. It discloses that, during the 21 years of his dictatorship, Signor Mussolini had affairs with no less than 74 ladies on whom he spent more than \$5,300,000.

Adopted children should always be told they are adopted, even though they may be only two or three at the time of adoption.

Girls Show Interest in Softball League

Four girl softball teams indicated at the last meeting that they are interested in joining the Plymouth Girls' Softball league.

Teams interested are: Daisy-I.D.E.A., Rosedale Gardens Beauty Shop, and teams yet to be named represented by Joan Dipboye and Mary Waters.

Games will be played once a week on Tuesday evenings.

The last date of team entry is 12 p.m. Saturday, May 1, with the schedule beginning May 18.

Old Timers Will Have Ball Teams

Men participating in the Old Timers league last year are going to play again this year in another such league.

Agreement of team managers has brought about new rules for the league this year. Regulation rules will govern the games and a 12 inch ball will be used instead of the 14 inch one used last year. Ten men will be allowed to play, instead of nine, and the pitcher cannot deliver the ball with a "windmill" pitch.

Men must have reached the age of 30 to participate, with the exception of two men. The latter, however, cannot be the pitcher or catcher.

Anyone playing in any other softball league is ineligible for this league.

Games will be played once a week on Wednesday evenings behind the high school.

Teams entered to date are: Plymouth Grill, Liberty Street Hardware, Bud Wilson Service, and a team co-captained by Bill and Bud Curtis. There is still room for two more teams and the last date of team entry is Saturday, May 1.

The schedule will begin on Wednesday, May 19.

Social items can be phoned to 1755.

High team single game: Campbell's Electric 1021, Treadwell's 1007, D. Galin & Son 994.

High team three games: Bondie's Recreation 2783, Campbell Electric 2775, Treadwell's 2734.

A NEW STYLE IDEA... THE LUGGER BY WALK-OVER

Shoes with "get up and go" — built on an entirely new Walk-Over last — short, high-rounded toe with plenty of spring. Smartest bet of the season — the town is theirs!

WILLOUGHBY BROS!

Walk-Over Shoe Store
322 S. Main

Each year 175,000 forest fires, or 575 per day, burn over 25,000,000 acres of an area the size of the state of Virginia. Fighting these fires requires a million man days of labor, or the equivalent of 100 crews of 100 men each working for 100 days.

Love for mankind is the elevator of the human race; it demonstrates Truth and reflects divine Love. — Mary Baker Eddy

Man confers, infers, defers, but he has yet to improve on the Ten Commandments.

CONGRESS SHALL MAKE NO LAWS ABRIDGING THE FREEDOM OF THE PRESS

What I Think and have a Right to Say

ELTON R. EATON

IT'S ABOUT TIME.

Washington reports say there is under preparation a new series of laws which will tighten up very much on the freedom of the aliens who come to this country to stir up trouble. We're for it — but we think it would be a far more effective system if we refused this scum from Europe any right to land here at any time.

A TRUE DEMOCRAT SPEAKS UP.

James Farley of New York has long been regarded as one of the great leaders of the real Democratic party of these United States. Sometime ago he revealed to the country what a notorious political fake was the Roosevelt administration.

Now he steps forth to impress upon his countrymen how serious is the Communistic fraud a lot of thieves, cut-throats and murderers would impose upon this land of the free.

An eastern Republican paper the other day in commenting about an address Mr. Farley had made in the city where it is published, had the following comment to make a day or so after Mr. Farley had made his talk:

A Word to the Wise

Those who heard James A. Farley speak last night can understand why he isn't interested in politics, as such, any longer. His rights are set much higher.

His concern is for the future of the United States in the present crisis, and he doesn't believe that politics should be allowed to sidetrack the issues.

They must be met now, with no thought of political consequences.

Mr. Farley is confident that we can weather the present storm, provided we agree to, and support our present nonpartisan foreign policy.

And we must be tough about it. We cannot back down. We cannot appease.

In short, we must show our teeth. Mr. Farley admits that there is danger of war, but he would not put off facing the fact, just to gain a brief respite.

Mr. Farley professes to know nothing of what is going on in Washington except what he reads in the newspapers. Nevertheless, he summed up the challenge the world situation presents to us, adequately and forcefully.

It must be remembered that Mr. Farley, like Mr. Byrnes, who just Saturday said approximately what Mr. Farley said last night, were both in Washington (officially) when Mr. Hitler presented a world problem, comparable with the world problem Mr. Stalin presents today.

So it would behoove good Americans to listen to their wise counsel.

They are no longer in the Government. But they know whereof they speak, because of their past experience in the Government.

THE RIGHT KIND OF INSTITUTIONAL ADVERTISING.

There are various types of newspaper advertising. One of these types is known in the trade as "institutional" advertising. That is the kind which has for its purpose the keeping of a name of a company, person or product before the public in a favorable light.

Recently a large manufacturer of machine tools located in Cleveland, published a so-called "institutional" advertisement in a number of papers throughout the country.

There is so much good Americanism, so much common sense in it that we are reprinting the text of the advertisement in *The Plymouth Mail*.

The advertisement appearing under the following heading, follows: "Even the Pilgrims Learned—if you want to eat, you must produce."

Early Pilgrims were communistic—land was tilled by everyone; everyone shared the harvest equally.

It failed. It always does; you can't change human nature. The starving Pilgrims begged help from capitalistic Britain. That always happens too. But help was too far away.

So, in 1623, the Pilgrims got wise. They allotted land on which every man was to set corn for his own periculus. The opportunity for work was there; if they didn't take it, they were told they wouldn't eat.

The profit system worked wonders as it always does if it isn't

tampered with—more land was planted, it was cultivated better, the people "went willingly into ye field to set corn", they had their biggest harvest—and the colony, perhaps America itself, was saved from starvation and death.

It is exactly the same today: the more you produce efficiently, the more you have. You can not get something for nothing. Since time began, efficient production is the only security any man can ever have.

HOW THE REDS OPERATE.

Vicious and uncalled for strikes have paved the way for many of the Red gains in Europe. The killers, arsonists and thieves who help to make up the Communists ranks have found that through striking there is an easy way to hit industry and a country's government at one and the same time.

America had its experience with this sort of business just a few years back when Harold Christoffel, recently convicted of being a Communist by a jury made up of free American citizens, tied up one of the nation's great farm implement plants by a series of strikes that continued for over a year. He did it to help Stalin. He is out on bail at present and trying to beat a prison term by appealing to a higher court.

But here's the amazing part of the whole affair—a portion of the wages paid by good, loyal American workers into their organizations, has been diverted by the big "pork choppers" into a legal fund to try and keep this fellow out of prison.

It is our belief that the time is not far distant when this sort of thing will be at an end. Yes, the time is near when we must declare that we are FOR free America or we are for Russian slavery. There is going to be no middle-of-the-road business about this question.

Library Plans for Boys, Girls Week

"Youth—Key to the Future" is the 1948 theme for Boys and Girls Week, April 24 to May 1, when the Plymouth Library will have on display books of particular importance to young people.

In a statement issued this week, Walter H. Kaiser, Wayne County librarian, said, "Just as youth is the key to the future, so books are a key for youth to open the door to realms of enchantment and self-discovery. Reading through the years of growth makes for an adult life, richer in wisdom and knowledge. We urge parents to encourage their children in the use of books."

Suggesting a family visit to the library during Boys and Girls Week, Mrs. Ada Murray, branch librarian, said, "Children enjoy sharing books with their parents. Even the youngest children like to choose for themselves those books which will be read aloud, and there is pleasant companionship in a family trip to the library."

Father-Son Banquet Held Last Evening

Approximately 100 fathers and sons attended the annual banquet held last evening, Thursday, by the Men's club of St. John's Episcopal church.

The Rev. Alexander Miller led the group in singing following the banquet, accompanied in true "Gay Nineties" style by Wallace Behnke, organist.

Following a brief program of stunts and skits, the feature of the evening, a motion picture depicting an air trip to Cuba, was shown. A humorous reel, entitled, "How Not to Conduct a Meeting" was also shown, featuring the famous Colonel Stoop-nagle.

The fastest way to get action is to use Plymouth Mail classifieds.

Winning Home Room Honored at Dinner

Forty five members of Miss Susan Ball's 9-B junior high home room were entertained at dinner at Hillside Tuesday evening, April 22, in honor of winning the magazine sales contest.

The dinner was given by the Curtis Publishing company, sponsor of the contest.

Nuptials Take Place at Candlelight Service

Marie J. Kehrl, daughter of the Reverend and Mrs. Arnold Kehrl of Dearborn, became the bride of Roland R. Bonamici, son of Mr. and Mrs. Fred Bonamici last Saturday evening at the First Baptist church in Dearborn. The Reverend H. MacDonald officiated at the candlelight ceremony. Palms and tall candelabra were used to decorate the altar.

The bride wore a gown of white satin with a deep yoke of marquisette. Her fingertip veil of illusion net was held in place by a circlet of Chantilly lace. She carried a corsage of white roses centered with an orchid.

Norma Bonamici, maid of honor, was gowned in aqua taffeta. A bouquet of yellow roses completed her costume.

The flower girl, Gay Meyrl, wore a yellow taffeta gown and carried a basket of yellow daffodils.

David Bonamici was the best man and seating the guests were, John Kehrl, brother of the bride, and William Adcock.

A reception for 300 guests was held following the ceremony in the church parlors.

Mr. and Mrs. Bonamici left for a week in Chicago, after which, they will make their home in Plymouth, where Mr. Bonamici is employed at the First National bank.

Head to tail, forming a continuous line, caterpillars known as army worms march to a feeding place.

Carrying his three-week-old son down a road near Evansville, Ind., Taylor Patrick, Jr., saw a car about to hit him. Patrick threw the baby into a nearby field before the car knocked him down, causing head and shoulder cuts. Slight scratches were the baby's injuries.

In the early 1900's, the first automobiles struck so many pedestrians and frightened so many horses that Tennessee passed a law requiring every motorist who planned to drive to warn the public one week in advance by inserting a notice in the newspapers.

STATE OF MICHIGAN, COUNTY OF WAYNE, ss.

No. 313,485

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Sixteenth day of March, in the year one thousand nine hundred and forty-eight.

Present William F. Cotter, Judge of Probate.

In the Matter of the Estate of VIRGINIA ALICE DORIS CAROL and AVIS ANN WALDECKER, Minors.

Avis E. Waldecker, Guardian of said minors, having rendered to said Court her fourth annual account in said matter:

It is ordered, That the sixth day of May next, at ten o'clock in the forenoon before Judge Thomas C. Murphy at said Court Room be appointed for examining and allowing said account.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

WILLIAM F. COTTER,
Judge of Probate

STATE OF MICHIGAN, IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE

IN CHANCERY

No. 430,568
HARRY C. BURLISON, Plaintiff,
vs.
ANN R. BURLISON, Defendant.

ORDER OF PUBLICATION

At a session of said Court held at the Courthouse in the City of Detroit, County and State aforesaid, this 12th day of April, A.D. 1948.

Present: Honorable ADOLPH F. MARSCHNER, Circuit Judge.

Satisfactory proof appearing by affidavit of HARRY C. BURLISON, plaintiff herein, on file in this cause, that the said ANN R. BURLISON, defendant herein, resides outside of the State of Michigan.

Upon motion of EARL J. DEMEL, attorney for plaintiff:

IT IS HEREBY ORDERED that ANN R. BURLISON, the defendant herein, appear and answer this Bill of Complaint filed in this cause, within three months from the date of this Order, or said Bill will be taken as confessed by said defendant.

IT IS FURTHER ORDERED that this Order be published in The Plymouth Mail, as required by law, and also that a copy of this Order be sent by registered mail to said defendant at 906 North Market Street, Marton, Illinois.

ADOLPH F. MARSCHNER,
Circuit Judge.

STATE OF MICHIGAN, THE PROBATE COURT FOR THE COUNTY OF WAYNE

No. 358,476

In the Matter of the Estate of JAMES C. NAIRN, also known as JAMES NAIRN, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon ADELINE B. NAIRN, Administratrix of said estate, at 1309 Sheridan Avenue, Plymouth, Michigan, on or before the 30th day of June, A.D. 1948, and that such claims will be heard by said court, before Judge JAMES H. SEXTON in Court Room No. 527, Wayne County Building in the City of Detroit, in said County, on the 30th day of June, A.D. 1948, at 2:30 o'clock in the afternoon, and in the case of a surviving spouse, the court will also at that time determine whether and to what extent claims and administration expenses are payable out of community property or out of separate property of the deceased.

Dated April 19th, 1948.

Published in The Plymouth Mail once each week for three weeks successively, within thirty days from the date hereof.

JAMES H. SEXTON,
Judge of Probate

Plymouth Legion Joins Air Show

Two members of Plymouth's American Legion Passage-Gayde Post No. 391 will participate in the first annual Aerial Cavalcade planned by the state Legion organization for Tuesday, April 27.

The two local fliers, Commander "Bill Langmaid and Robert Hewer, will at that time pilot one of the 300 planes which will carry the 400 war veterans taking part in the event. The program is designed to stimulate flying and demonstrate the Legion's support of aviation as vital to national security, covering every section of the country.

Among the American Legionnaires directing the flight is Cass S. Hough of Plymouth, who serves on the Aeronautics committee.

By meeting certain membership requirements, 200 of the Legion's 550 posts in Michigan qualified to join the cavalcade and each of the 200 posts, located in 150 separate cities and towns, will put two members abroad. They will be picked up at fields near their homes and flown to and from a central airport. There are five of these cavalcade concentration points, as follows:

Wayne County airport, Wayne; Municipal airport, Flint; Kent County airport, Grand Rapids; City airport, Traverse City; and Mackinac County airport, St. Ignace.

All planes are scheduled to reach the central airports at noon on Tuesday. Pilots and passengers will have lunch and take part in civic programs before taking off for the return flight.

Church Official to Speak on Denmark Meeting

The executive secretary of the Michigan Baptist Convention will be the speaker at the First Baptist church, North Mill at Spring street, at 7:30 p.m. Sunday evening.

Dr. Arden will present a Kodachrome slide lecture, entitled, "World Fellowship is Possible", by which he will present first hand observations of the Baptist World Alliance meeting held at Copenhagen, Denmark, and in several other European countries en route. The public is cordially invited to attend this lecture.

Masons Travel to Buffalo for Work

Plymouth Masons traveled to Buffalo, New York last weekend and conferred both sections of the third degree in Emulation Lodge No. 1022 F & AM, before one of the largest crowds in their history.

The local group left Detroit Saturday morning, arriving in Buffalo at noon. Following a sight-seeing tour, the masons attended a supper at the Buffalo temple. The group returned Sunday night.

The district deputy grand master for the state of New York witnessed the work and later sent word to the Grand Master of the state, highly commending the local group.

Plymouth Masonic members making the trip were: Leo Arnold, Oscar Alsbro, Henry Agosta, Earnest Batten, Jesse Bennett, Cyril Burton, Oren Blackmore, Hugo Beck, Henry Bush, Edwin Brown, Charles Beagle, John Blyton, Clarence Clemons, Chester Closser, Alfred Conery, Edward Dent, Walter Essick, James Bartlebaugh, R. Paul Grooms, Loren Goodale, Walter Gregory, Harmon Gale, Harry Gerst, Arthur Huston, Fred Hadley, Ralph Irish, Howard Johnson, Duane Johnson, Lawrence Judd, Wang Livingston, William Michaels, Melvin Michaels, LeRoy Hartman, Archie Dolson, Leslie Evans, John Mullins, Harry Mumbly, Harold Mackinder, Harry Micol, Stewart H. Dodge, Edwin Norris, Verner Nyman, Erwin Ottensman, Dale Parker, Wilburn Parsons, George Rathbun, Norman Salomonson, Wm. Schuman, Harold Sincock, Paul Simons, Harold Shirey, Archie Shufelt, Manley Smith, Albert Taylor, Floyd Tibbits, Marvin Terry, Wm. Wilson, Edwin Wingard, Edwin Campbell.

Allen Extension Group Will Meet Wednesday

"Color in the Home" has been chosen as the project lesson for the Wednesday, April 28, meeting of the Allen Home Economics Extension group.

The meeting is planned for 1:30 p.m. at the home of Mrs. Robert Holloway, 11401 McClumpha road. The project lesson will be given by Mrs. John Amrhein.

Something you want to sell? — use a classified!

MOMS Attend Meeting Held in Dearborn

Four Plymouth members of the MOMS attended a meeting held in Dearborn Tuesday, April 13, featuring Mr. Galloway of Royal Oak who spoke on "How MOMS Can Be Of More Help in the Community."

Plymouth members attending were: Mrs. Ellen Tritten, Mrs. Louise Granger, Mrs. Evelyn Gardner, and Mrs. Hazel Norgrove.

The speaker told those attending that in many cases a veteran's family needs as much help as the veteran himself. It is his aim, Mr. Galloway stated, to get all organizations working with that one idea in mind.

There were 11 units represented. The state president was also in attendance.

Avoid all advertised cancer cures. — Michigan Department of Health.

Fashion Show to be Held on May 5

Announcement of additional chairmen and committee members working with the fashion show being planned by the Plymouth Woman's club for May 5 were made this week.

The show, which has been planned as a benefit for crippled children, will take place in the Presbyterian church.

Mrs. Gerald Hondorp and Mrs. Clifton Raum have been named in charge of stage decorations. Mrs. Winifred Wolfe will act as commentator during the fashion show, and the musical accompaniment will be provided by Mrs. Helmar Nelson.

Mrs. Edwin Schrader is chairman of the ticket committee, assisted by Mrs. C. J. Kershaw, and Mrs. R. S. Harding.

A number of Plymouth merchants have volunteered to take part in the show, including Taylor and Blyton, Dunning's, Norma Cassidy, Graham's, and the Jack and Jill Shop. Each will present several different models.

Lodge Plans Card Party for Thursday

The I.O.O.F. hall will be the scene of a card party Thursday, April 29, sponsored by the Plymouth Lodge No. 238, Knights of Pythias.

It is scheduled to begin at 8 p.m.

Proceeds from the party will go into the group's building fund. All members and friends have been invited by James Willis, chairman, to attend.

Art Lecture to be Given Wednesday

Dr. A. G. Weimer, art professor at the University of Detroit, and lecturer at Madonna college, will give an illustration talk on art appreciation in the school auditorium Wednesday, April 28, at 7:30 p.m.

Doctor Weimer, whose professional art includes mural painting, landscape, with probably most emphasis on portraiture, gives occasional talks on the radio, before various groups, and has published some of his writings on art. He has been teaching at U. of D. since 1936 and practicing professionally since 1920.

After his earliest education in the Chicago schools, he received his professional art training at the Art Institute of Chicago, and then at Notre Dame University, where he obtained his B.F.A. degree, in 1934. After the study of history and philosophy of art at Harvard and New York university, he took his M. A. degree in the latter school.

After further study he received the Doctor of Philosophy in Fine Arts degree from the University of Michigan.

The lecture will be of general interest, and anyone living in Plymouth or vicinity and interested in art is invited to attend. There will be no fee. For those visiting Madonna college for the first time, it is suggested they take the main drive from Schoolcraft road, and come up to the main entrance at the left. The right is the chapel entrance.

son of Dayton, Ohio, at a tea last Tuesday afternoon. Mrs. Hudson was a former member of the Canteen group of the American Red Cross in Plymouth and the guests included co-workers in this group. Mrs. Hudson is visiting her son and daughter-in-law, Mr. and Mrs. R. W. Hudson of Blunk avenue.

We're Having BUDGET Trouble Too

WITH THE COST of everything going up, you probably are having trouble keeping within your budget these days. We can understand your problem, for we are having budget trouble too.

To operate your household properly you must buy certain things—food, clothing, fuel and so on. All these items have risen in price. The average price for all cost-of-living items according to the Bureau of Labor Statistics, is up 67 per cent over the 1935-39 base period.

In fact, about the only things that haven't gone up in price are gas and electricity.

Now, after resisting the upward trend of prices for a long time, we have had to ask the Michigan Public Service Commission for an adjustment of our natural gas rate schedules. The reason, of course, is that our costs of supplying you with natural gas service are way up.

Payrolls are up.

The average cost to us of natural gas delivered to customers in 244 Michigan communities is up. (One reason is that Michigan natural gas is no longer available in large quantities. Another is that natural gas from Texas, Oklahoma and Kansas must be imported and put in storage fields during warm weather to help meet winter demands—which involves considerable expense.)

Building costs, material costs, equipment costs—are all up.

You naturally want good, reliable service. And you want your future supply protected. So we must plan ahead to bring gas from far states and make arrangements to store vast quantities underground, so it will be ready when you need it most.

To keep your gas service good requires more money than our present gas rate schedules provide. Present revenues are insufficient to attract the tremendous amount of new capital needed to provide adequate facilities for your future gas needs. And that is why we have had to ask the Michigan Public Service Commission for relief. This relief, if granted, may mean somewhat higher gas prices for all classes of customers in the former "All-Michigan gas" area—Alma, Bay City, Charlotte, Hastings, Howell, Ionia, Ithaca, Lansing, Mason, Midland, Saginaw and areas nearby. In the "Texas gas" area—Plymouth, Birmingham, Ferndale, Flint, Jackson, Kalamazoo, Marshall, Mt. Clemens, Owosso, Pontiac, Royal Oak, St. Johns and areas nearby—there wouldn't be much change except that customers who use gas for house heating might be asked to pay a slightly higher rate—though they still would be able to heat cheaper with natural gas than with any other fuel.

Looked at and looked up to

This is the one, of course, that you spot at a glance.

This is the one that sends a string of facts racing through your mind — if you know automobiles — the instant you see the name ROADMASTER spelled out on its fender.

Up to one hundred and fifty Fireball horsepower. Eighteen feet big — and spring-coil lively.

Gorgeously finished. Coil-spring cradled on all four wheels. Shod with oversize tires that take extra low pressures for added comfort.

Convenient too — with push-button controls not only for the top, but for door windows and the front-seat adjustment as well.

This, too, is the only passenger car in this country where the power plant does what gears used to do.

Here's the one place you'll find Dynaflo Drive,* in which liquid replaces not only the clutch and manually operated low, second and high, but mechanical gear-changers as well.

In short — here's liquid ease and smoothness in delightful new degree, through a sort of "magic muscle" that lets you forget about gear-changing practically entirely.

No wonder, then, this car is looked up to.

Looked up to for impressive appearance — looked up to for superlative ability.

Looked up to for what's newest in engineering advances.

If your standards call for a real performer — and for quality a cut above the ordinarily good — specify ROADMASTER when you see your dealer (with or without a car to trade) about getting an order in.

BUICK alone has all these features

- * DYNAFLOW DRIVE (Optional, Roadmaster Series)
- * TAPER-THRU STYLING (Super and Roadmaster)
- * VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS
- * HI-POISED FIREBALL POWER
- * ROAD-RITE BALANCE * RIGID TORQUE-TUBE
- * QUADRIFLEX COIL SPRINGING
- * SOUND-SORBER TOP LINING (Super and Roadmaster)
- * DUOMATIC SPARK ADVANCE * FLEX-FIT OIL RINGS
- * TEN SMART MODELS * BODY BY FISHER

When better automobiles are built **BUICK** will build them

Students From Here Honored

Five Plymouth students are among the 1,015 studying at the University of Michigan who have been recognized for their outstanding scholastic achievement. They will be honored at the 25th Annual Honors convocation planned for today, Friday, in Hill auditorium.

Local students included on the list are: Russell Alger Ash, 184 Caster, who received freshman honors in the engineering college; Richard Irvine Daniel, 11401 Melrose, for senior honors in the college of engineering; Malcolm Herbert MacGregor, 11329 Melrose, senior honors in literary college; Elizabeth Maxine Ross, 5000 Ann Arbor road, freshman honors in literary college; and Richard Strong, 1274 Williams, Rackham departmental honors in geology.

Freshman, sophomore, junior, and senior honors are awarded to those students who have attained an average equivalent to at least half A and half B.

Erich A. Walter, dean of students, has announced that Dr. Laurence McKinley Gould will speak at today's program planned in honor of these outstanding students. Dr. Gould is president of Carleton college, Northfield, Minn., and will speak on "Education and World Crisis." Known as a noted geologist-geographer, Dr. Gould is an alumnus of the University of Michigan.

Dutch Benefit is Next Thursday

Proceeds from the benefit luncheon, planned by the Presbyterian Women's auxiliary for Thursday, April 29, from 11 until 1:30 p.m. in the dining room of the church will purchase food for members of the Wilhelmina Kerk, the Hague, the Netherlands.

"The public is not only invited to attend, but is showing its cooperation by the purchase of tickets in advance," stated Mrs. O. H. Williams, general chairman of the affair. "Almost any Presbyterian woman will have tickets or can secure them for anyone wishing them, but tickets may also be purchased at the door."

Featuring dishes made famous in Holland, kitchens, the luncheon will be prepared by Mrs. Williams, Mrs. William Kaiser, Mrs. George Brink, Mrs. Vaughan Smith, Mrs. Lester Daly, Mrs. Harvey Springer, Mrs. Carl Hartwick, Mrs. Erwin Rice, Mrs. Carvel Bentley, Mrs. John Monteith, Mrs. Claude Gebhardt, and Mrs. George Gebhardt.

The Wilhelmina Kerk, adopted some years ago by the local Presbyterian church, is finding it difficult to obtain food and clothing for its families, not because of lack of funds but because of strict rationing which still exists in the Netherlands.

In Little Rock, Ark., Collector of Internal Revenue Horace E. Thompson straightened out the case of a bachelor who had been claiming his neighbor's wife & children as tax exemptions.

May Day Will Mark Child Health Day

Dedicated to the right of every little child to safety, security, health and happiness, Child Health Day will be observed in Michigan this year, for the 24th consecutive time on May Day, the Michigan Department of Health announced today.

The modern adaptation of May Day or Garland Day, has no formal program but lends itself to the needs and resources of every community. It is a day for summing up and evaluating what the community has done and is doing for its children, an opportunity to challenge the weak spots in protective, educational, recreational, social and health machinery for children, a time for making plans for what is really needed.

The community and the individual should check up on what has been done, and what remains to be done, to provide safe hospital care for the mother and infant, to provide well-child supervision, immunization against preventable diseases, and correction of physical defects. Are adequate public health services available to all children? Do all children have proper homes, food and clothing? Are there safe, supervised playgrounds and parks, good school conditions, school lunches, wholesome reading material, adequate safety and child labor regulations, special services for children who are handicapped, and social activities, such as clubs, for all children? Does every child have access to sunshine and the open spaces?

In every community in Michigan there are many things which organizations such as Parent Teacher groups, veterans groups, service clubs, Girl and Boy Scouts, Camp Fire Girls, the YWCA and YMCA, women's clubs, church groups, 4-H clubs, legal, medical and dental societies, nurses groups, the local health departments and others can do to improve the life of children, and the future of the community. Child Health Day is the day to get these projects underway.

In Oconomowoc, Wis., the Rev. William Clyde Donald sat comfortably with his congregation and listened to the sermon that he had providently recorded before laryngitis reduced him to whispers.

Sunday Concert Attracts Crowd

"When a performance is of such superior quality as that presented by the Baldwin-Wallace A Cappella college choir, one tends to overlook the preparation involved," said the Rev. Alexander Miller of St. John's Episcopal church, when he spoke during the intermission period of the Sunday, April 18, concert.

The afternoon concert, which was sponsored by the Plymouth Symphony society, was received by a near capacity audience in the high school auditorium. The program included many familiar numbers to which the audience responded with enthusiastic applause and requested numerous encores.

In connection with his opening statement, the intermission speaker told that "First of all, the composers, including Bach and de la Plaestrina, have invested the results of their study, time, and talent in the compositions. Dr. Munk, the conductor, adds his years of preparation which enables him to train and direct a group in harmony and perfection, and the choir members have spent long hours of study and practice together."

"Another element involved is the agent responsible for bringing this choir before this audience, which in this case happens to be the Plymouth Symphony society."

"Very few communities in this country the size of Plymouth have an orchestra as well as a full-

fledged active Symphony Society which works to bring fine musical programs to the city, the Rev. Miller concluded.

Immediately following the concert, members of the concert choir were honored at a dinner staged in the Methodist church. Dinner plans were made and performed by the women of the church, while the Young Peoples group was responsible for the entertainment.

Get Our Summer BEAUTY BATH FOR CARS AND TRUCKS

(Saves You Real Money)

OURS is the greatest bathhouse a car or truck ever saw. First we give the "Old Faithful" treatment with hot steam under pressure, for salt crust, rust spots, and the barnacles of winter. Then to the exterior we apply the soap, water and polish technique that we call our Fountain of Youth. If a little rouge is needed, or some special massage, we have everything it takes.

AND SOME OTHER THINGS TO THINK OF

While you're with us let us overhaul you for good Spring and Summer going.

- We'll change your oils and greases,
 - We'll adjust your brakes,
 - We'll tune your engine,
 - We'll scrub and clean you,
 - We'll align your wheels.
- We'll do everything that's needed.

DON'T DRIVE WITH YOUR FINGERS CROSSED

Of course we have a pre-bath routine that people like. With summer coming on it's almost a necessity. This is what we do.

Michigan Parents are Answering Children's Nursery School Problem

"How can we afford to put our pre school children in nursery school?" This question has been answered by parents in seven Michigan cities where cooperative schools represent a very promising new movement.

Parent - cooperative nursery schools in these towns are solving the problem states Bernice Borgman, instructor in the Michigan State college nursery school. Three of these schools are in Ann Arbor, two in Lansing, and one each in Ypsilanti, Willow Run, Mt. Pleasant, Allegan, and Bloomfield Hills.

These parents realized that a good nursery school serves as a laboratory for children. There they can learn about things and people from other children in a way that adults cannot duplicate. There they have equipment and materials to work with that homes may not have.

tried to find some way of furnishing these advantages for their children. They reduced the cost of equipment by helping to make it, and the cost of instructors by working as teachers' assistants in the school. Very soon the parents discovered that they were profiting, too. They learned much about children from the teacher and from the children themselves.

Parent - cooperative nursery schools have demonstrated that their success depends largely upon a well-qualified teacher and the continuous interest and activity of the parents. It is not enough for parents just to give money, they must help with the planning and work of the school. Real cooperation between the parents and the school are essential to its success. Fathers must do their share as well as mothers.

Good Refreshers

LYNN CHAMBERS' MENU

Cold Salmon Salad
 Potato Chips
 Toasted, Buttered Rolls
 Carrot Slicks
 Radishes
 Pickle Fans
 Ice Box Lemon Pie Beverage

Versatile homemakers keep supplies on hand to prepare tasty refreshments for unexpected friends who may drop in for a visit or after a game of bowling or golf.

It's well to keep the cookie jar stocked for just such occasions. Another idea is to keep packaged ice cream in the freezer compartment of the refrigerator or the home freezer and your problem of what to serve is solved. There are any number of ways to serve ice cream with frozen, fresh or canned fruit, and, of course, it's wonderful to use in milk shakes, sodas, sundaes and coolers that can be prepared with little effort.

A large bowl of milk punch with ice cream floating on top will be a taste-tempting and satisfying drink to serve for a large crowd. Pass this with cookies or sandwiches made from items on the emergency shelf. Any large bowl may be used for the punch.

Mocha Punch
 (Serves 12)

1 quart chocolate ice cream
 1 quart freshly-made coffee, chilled
 1/2 teaspoon almond flavoring
 Few grains of salt
 1/2 pint whipping cream
 1/4 teaspoon grated nutmeg

Chill coffee in refrigerator. To prepare punch, pour coffee into punch bowl, add half of the ice cream, salt, and stir until partially melted. Whip cream until stiff, add flavoring and blend. Fold in whipped cream and rest of ice cream. Sprinkle lightly with nutmeg and serve immediately.

What about those easy to bake cookies at the last minute? Yes, refrigerator cookies are wonderful made just before serving because they take less than a quarter of an hour to bake. Have the dough ready for just such emergencies as this.

Butterscotch Refrigerator Cookies
 (Makes 50)

1/2 cup butter or shortening
 1 cup brown sugar
 1 egg, well beaten
 1 teaspoon vanilla extract
 1 1/2 cups sifted flour
 1/2 teaspoon baking soda
 1/2 teaspoon salt

Work shortening or butter until light and fluffy. Add sugar gradually and cream until light. Add well-beaten egg and vanilla and mix thoroughly. Sift together dry ingredients. Add gradually blending thoroughly. Shape into a roll and wrap in waxed paper. Chill thoroughly. Cut in slices 1/8-inch thick and bake on sheets in a hot (375 degree) oven for 10 minutes.

Here are other cookies which keep well and are nice to have already in the cookie jar:

Hermits
 (Makes 4 dozen)

3/4 cup lard
 1 1/2 cups brown sugar, firmly packed
 3 eggs, well beaten
 2 1/2 cups sifted flour
 1/4 teaspoon baking soda
 1/2 teaspoon cinnamon
 1/2 teaspoon nutmeg
 1/2 teaspoon salt
 1 cup seedless raisins
 1 cup chopped walnuts

Cream together the lard and sugar. Add eggs, and then fold in flour which has been sifted with the spices. Just before all the flour

Carbon tetrachloride and tepid water sponged on woollens, silk, or rayon garments will remove gum or adhesive marks. When these stains are on cotton and linen, soften the spot with egg white and then wash in tepid water. The stains must be treated before washing.

If you have an old apron which you like particularly well, rip it apart and use it as a pattern for making another apron.

An essential in producing good quality of milk and cream is to wash and sterilize all dairy utensils properly.

Celia Lewis Becomes Bride of L. H. Egland During Saturday Rites

Celia E. Lewis, daughter of Mr. and Mrs. Carlton R. Lewis, and Lawrence H. Egland, son of Mr. and Mrs. Samuel E. Egland, of Wyandotte, were united in marriage Saturday evening, April 17, during a candlelight service in the First Methodist church.

The double ring ceremony was performed by the Rev. Henry Webb, cousin of the bride. Keith Jolliffe, accompanied on the organ by Charles Houser, sang "One Alone" and "Because."

Palms, tall candelabra, calla lilies and snapdragons flanked the altar before which the bride was given in marriage by her father. She wore a gown fashioned with a fitted bodice of white satin, appliqued to a deep round yoke of marquisette. Matching satin applique was used on the full marquisette overskirt which formed a long, round train over the satin. Her fingertip veil was held in place by a circlet of illusion and orange blossoms. The bridal bouquet was of white gardenias.

Miss Lewis chose Geraldine Lewis, a cousin, as her maid of honor. The bridesmaids were Ruth Howe, Lillias Lewis and Mary Behm. The main of honor wore a spring green bouffant taffeta gown and the bridesmaids were attired in matching gowns of pale yellow. They wore caps of net flower petals and carried bouquets of yellow and white gardenias.

Floor length gowns of yellow taffeta were worn by the flower girls, Diana Joseph and Julie Jeffrey, who carried miniature bouquets.

Earl Egland acted as best man, and the ushers were: William Egland, Louis Behm, and Orlyn Lewis.

Mrs. Lewis chose a floor length gown of powder blue crepe with silver accessories for her daughter's wedding. Her corsage was of yellow carnations. Mrs. Egland wore a grey crepe with rose and silver accessories and a rose sweet peas corsage.

A reception for 250 guests was held in the church dining room. Mrs. Max Bronson and Mrs. William Egland poured, and Josephine Lewis, Dorma Truesdell, Ivah LaLee, Jean Cook, Joey Gross, and Dorothy Doffer served the guests.

Mr. and Mrs. Egland left for a week honeymoon trip to the east, after which they will reside in Wyandotte. For traveling, the bride wore a three-piece suit of blue gabardine with white accessories and corsage of gardenias.

Twenty five attended the rehearsal dinner held Friday evening at Mac Wood's.

Annie Marie Schroeder Reveals Wedding Plans

Annie Marie Schroeder, daughter of Mr. and Mrs. Roy Schroeder of New York, has chosen June 26 for the date of her marriage to George W. Eads, son of Mr. and Mrs. Emmett Eads of Livonia.

The wedding will take place in Farmington, the former home of the bride-elect, in the Salem Evangelical and Reformed church. The couple are graduates of the Plymouth high school.

Carleton-Bentley Wed at Church Ceremony

The marriage of Mrs. Velma Carleton of Hollywood and Henry Bentley, formerly of Plymouth, took place at the First Presbyterian church of Ft. Lauderdale, Florida, on Sunday, April 11.

Edith Carman of New York City was maid of honor and Howard Anderson of Providence, R. I., served as best man.

Following the ceremony a reception was held at the Radio club with 30 guests attending.

Mr. and Mrs. Bentley will make their home in Hollywood.

SPRING SALE-15% OFF
 on Coleman Automatic Oil Water Heaters

We hereby GUARANTEE to give you
 1. Faster hot water
 2. Lower-cost hot water

than any other oil or electric water heater or your money back.
 Try a Coleman for 15 days. Compare with other oil or electric storage-type heaters of equal size. Coleman must give you hot water faster and at lower cost, or we will take it out and refund your money.

Amazing low fuel cost: A Coleman provides ample hot water for average family of four by burning only about ten gallons of oil a month. Store a whole winter's oil supply in a 50-gallon drum.

Works anywhere... town or farm—the Coleman burns fuel oil; no gas or electric connections needed. It's automatic, too—gives you plenty of hot water anytime at the turn of a tap. No off-cycle periods.

You must act now! Our amazing offer expires June 12. Don't miss this opportunity to have all the hot water you want at the turn of a tap. With a Coleman there's no work... no dirt—automatic controls do all the fire-tending for you. See us today!

Nutrition Aids
 from the American Red Cross Nutrition Service

Whether you get your greens in the store or in the field they're at their best when young and tender. Those which are wilted have lost not only crispness but Vitamin C as well.

Greens which have woody stems are tough and usually have too strong a flavor to be palatable. Bruised leaves spoil too quickly to make them worth carrying home.

Thorough washing is the first step in the preparation of any of the leafy greens. To get every bit of sand and dirt put the greens through several changes of water, lifting them from the water, rather than pouring it off of the vegetables. Using slightly warm water for the first batches of water speeds the job, but make the last ones cold to crisp the leaves.

Never soak the greens. That's throwing away flavor and food value.

Leafy greens are cooked in water that sticks to the leaves. Keeping the pan covered and the fire low will prevent scorching.

Short cooking—only until the leaves are tender—will keep the color fresh and green. Five to ten minutes is usually ample time, especially if the stems have been cut to speed their cooking.

Salt, pepper and butter as seasoning, or bits of bacon or salt pork fried to a crisp are the preferred seasonings for greens. Still more flavor can be added with sliced hard-cooked egg or finely minced green onion.

Most any of the greens are delicious in a tossed salad. Combine small amount of the more pungent ones with milder greens such as lettuce and toss lightly with seasoned French dressing or serve as wilted greens.

Here is a recipe for this favorite salad suggested by the Nutrition Service of the American Red Cross.

Wilted Greens
 Four cups shredded greens, 4 strips bacon, diced, 2 tablespoons bacon fat, 2 teaspoons sugar, ½ teaspoon salt, 1/8 teaspoon pepper, ¼ teaspoon dry mustard, 4 tablespoons vinegar.

Wash greens thoroughly and dry. Shred or tear coarsely and place in large bowl. Cook diced bacon until crisp. Drain off all but 2 tablespoons of fat. Add seasonings and vinegar. Heat until sugar is dissolved stirring constantly. Pour over greens and toss until well mixed. Makes 4 servings.

Recalls Big Snow Storm of 1886
 So you think this has been a long, cold, backward spring, do you—with more snow and ice than we've ever had before? It appears that the members of the present generation have another guess coming.

Ernest Roe, who is one of the old-time pioneers of this city and who counts the years up around the three score and ten mark, declares that 62 years ago Tuesday, April 6, Plymouth had a snow storm that covered the ground with more than two feet of snow.

"We spent two days digging the paths out from around our home, and then there was still more snow to be shoveled. We've had some big snow storms since, but nothing like that one that took place on April 9 in 1886," said Mr. Roe Monday when he heard some one kicking about the weather.

"But it warmed up a few days after that heavy snowfall and it than melted off pretty fast. But it was a snow storm we have never forgotten. We had no automobiles in those days and farmers found it difficult to even use their horses."

Maccabee News
 There will be a bake sale April 24 at Goodale's Grocery store at 10 a.m. All Maccabees are asked to have their donations at the store near 10 a.m. or call Doris Curtis at 249-M.

The Past Commander's club will have an evening meeting at the Farmington Town Hall April 26. Anyone wishing transportation, call 1890-W1.

Don't forget the Nicholson Unit meeting April 30. Anyone who can attend the 6:30 supper should have their reservations in by April 25, call 1890-W1.

Group No. 2 which plans the program for May and June met at their leader's home, Arbutus Killingworth, Monday, April 18.

Glad to learn that Ethel Micol wasn't seriously injured when she fell down the basement steps.

Grace Howard is now staying at her daughter's in Höwell.

BY • ELTON R. EATON

There is no question but what the duck conservation efforts being put forth by the Fish and Wildlife Service of the Department of Interior are bringing forth good results.

Spent last Saturday and Sunday up in God's country along the shores of Lake Huron where the Chippewas and the Hurons once lived and roamed along the pine shaded lakes and rivers.

In that 48 hour period we saw more ducks flying to their northern nesting grounds than we have seen in years. There were not hundreds, but thousands of them.

From these two days of observation, we believe that the Department of Interior is entirely justified in its optimistic report just issued which tells of its success in decreasing the kill of the duck population.

We do not mean by this somewhat enthusiastic report that the department should give consideration to a relaxation of its limited regulations—we simply wish to point out that it is bringing forth results.

In this connection we might suggest to the department that in its regulations for the hunting season this fall, it stagger its duck hunting periods, setting aside two or three days of each week for the hunting season, rather than

one continuous stretch of hunting days.

In this way if the season should be the same as it was last fall, duck hunters might get the benefit of the fall flights which they did not last season.

"Ye Editor" had a letter the other day from the Trout Lake Chamber of Commerce pertaining to the forthcoming Hiawathaland Wildflower Festival which has become quite an event in the Upper Peninsula in recent years.

A letter, however, from the Trout Lake Chamber of Commerce means just one thing. Phil DeGraff who operates the famed Phil DeGraff's Lodges at Trout Lake, has taken pen in hand and decided to say something to Michigan people about the beauties of that part of Michigan during the spring days.

The date for this interesting event always falls over the Memorial day period when the residents of Southern Michigan find an opportunity to visit that beautiful section of Michigan.

Phil DeGraff, who is the Trout Lake Chamber of Commerce and who is the Wildlife Festival originator and successful promoter, says in part in his letter of invitation to Michigan people:

"Spring, in the Land of Hiawatha to the north of the Straits, is an unforgettable experience. Back in 1941, the Wildflower Festival was started so that we might share our delights with those unaware of them. Since then, many have journeyed to the North Country over the Memorial Day weekend, to participate in carefully planned programs that touch many of the high points of the spring season.

"Some of these travelers have become 'addicts' and are here year after year. They decided that it was high time to set in motion a 'Conservation Workshop' which might interest teachers in particular, who in turn would go back to their pupils with some adequate idea of what the broad term 'Conservation' might mean. Of course, all are invited, as the program is still essentially 'popular' in character.

"This is a community affair here. If you want to tent, we have an outstanding Camp Ground. There are housekeeping cottages available and good resorts—something to fit every pocketbook. Reservations should be made early, and if there is anything which I personally can do, I will be only too happy to comply. DO COME."

In case you didn't know, Trout Lake is only 30 miles north of St. Ignace—and St. Ignace is the Upper Peninsula landing point of the Michigan Highway department's outstanding ferry system. Boats up until June 1 leave every hour and half.

Not until we read Al Weber's column in The Cheboygan Observer the other day did we know that the attractive little city of Nashville over in Barry county has made the production of maple syrup a public school project.

Here's one of the most sensible things we have read about in

many a month.

Some half a century ago Al—one of Michigan's finest—attended school in Nashville. Naturally he would be interested in anything that happens in Nashville. And fortunately for Michigan people he has given wide publicity to a worthwhile school project.

If some of these other school "leaders" would display similar originality and worthwhile thinking, we might not have some of the juvenile problems that face the state and nation today.

Editor Weber writes:

"Readers of this column are acquainted with the fact that the public school in Nashville, this state, has for several years, identified themselves with maple syrup making. They have been permitted and privileged to tap a lot of the maple trees lining the village streets and all the trees around private homes, add up to a total of about 2,000 trees most of them big enough to support two taps. The first year's adventure with borrowed equipment, was so rich and so valuable in every way, they had money enough to buy equipment—tin pails, spiles, boiling pans and everything necessary to carry on. For a few years that adventure was profitable, but last year the sap run was short, and it was short again this year, and a demand for syrup prompted the Nashville school kids and authorities to go to every possible length to produce the sweet stuff that trickles out of maple trees, but again the sap run was pinched off too quick and the result was they were able to produce 240 gallons of syrup, for which they received \$5.50 a gallon, or a total revenue of \$1,236.

They had orders for twice that many gallons. The writer got his order in early and the product was set aside waiting for his call. We were tardy in getting our order in last year and therefore missed our sweets from the old home school."

Library Breaks Former Record

The largest single month's business in the history of the Plymouth library was reported by Mrs. Ada Murray, branch librarian, for March.

During the 23 business days of the month, the library circulated 8,231 books. The largest day's circulation was 565 on Tuesday, March 30, this, too, being a record breaker.

During the past year an increasing interest in reading is reflected in the statistics kept at the library. Mrs. Murray said. The people of Plymouth borrowed 72,000 books in the past fiscal year as compared with 58,000 the previous year. The 14,000 increase was brought about by the adult count jumping 8,000 and the use by children showed an increase of 6,000.

BATH-TUB BARITONE

It's no trick to hit high C when your bath is warm... when you know there's an automatic electric water heater in the house to bring you all the hot water you need whenever you turn the tap!

It's safe, for there are no flames, no fumes, and no soot. It's clean and quiet and trouble-free. It's economical, too, because the current comes to you at a special low water heating rate. And it's reliable—once installed, you can forget all about it. For laundry, baths and dishes, and a dozen other uses, try water heated electrically—the modern, carefree way.

For good health and good spirits, physicians say, try a daily hot bath. For dependable, low-cost hot water—thousands of your neighbors say—electricity rings the bell.

"See them at your plumber's, appliance dealer's, or neighborhood Edison office."

MAX KLUG OF NAVY TO TALK BEFORE SENIORS
Chief Motor Machinists Mate Max Klug of the Navy Recruiting Station, Detroit, will give a short visual presentation to the high school seniors at 12:35 p.m. on May 3, 1948.
Chief Klug is originally from Highland Park, and has spent over 16 years in the U. S. Navy aboard submarines. After the presentation he will be available to answer any questions concerning the U. S. Navy that you may care to know.

ANNUAL MOTHER-DAUGHTER BANQUET COMING EVENT
The annual Y-Teen Mother-Daughter banquet will be held in the First Presbyterian church on Thursday, May 6, at 6:30.
Circle Three of that church is preparing the menu of meat loaf, scalloped potatoes, Harvard beets, cabbage salad, celery, and carrot sticks, rolls, jello, cake and coffee or milk.
The main speaker will be Mrs. Philip Gentile, president of Women's International Educational Council.
"Mother Goose" is the theme with Barbara Goodbold as general chairman. April 30 is the last day tickets can be purchased; call 610 for tickets.

COMMERCIAL CLUB HEARS D.B.I. REPRESENTATIVE
At the last Commercial club meeting, held Friday, April 17, R. E. Mitchell, representative of the Detroit Business Institute, spoke to the members about the different opportunities open in the business world. Mr. Mitchell mentioned two former Plymouth students, Doris Smith and Shirley Wheel who are now attending the Institute.

ALL-SCHOOL PLAY CAST SOLVES BAFFLING MURDER
An all school cast will present "Home Sweet Homicide" next Wednesday and Thursday, April 23 and 29, in the high school auditorium at 8 p.m. The cast is composed of students from grades 9-12 with Pat Meadows and Pat Ruscinski as April and Dinah, Don Gronowick as Archie, and Janet Millross as their mother, Marion Carstairs.
The plot is composed of a murder which is committed next door to the Carstairs home. Dinah, April and Archie are hot on the trail of the murderer, but receive more than a little trouble from police lieutenant Bill Smith played by David Mossman. How you youngsters aid the police in the final capture of the murderer makes a very humorous and entertaining story.
Tickets may be purchased from Leader's club or play cast members.

Store Hours: 9 to 6, Fridays 9 to 3

Nothing in this world can tell him of your love more elegantly than one of our sparkling blue-white diamonds. No better time to speak your heart than now. Choose from our selection of diamonds especially purchased for April, birthstone for this month.

NOMINATING BOARDS SET UP SLATE FOR NEW YEAR
Something new has been added. The constitution of the Student Council has been changed so that the slates are set up in the spring instead of in the fall.
This change will help to avoid confusion as there is so much going on at the first of the year that nominating board duties become just another difficulty to contend with. The nominating boards were set up last week and a joint meeting of all the boards was held Monday in the Study Hall at 11:45 with Jack Scheel presiding. This board met to nominate people to run for Student Council officers next year.
The class presidents who are acting as chairman of each class nominating board are: Bruce MacGregor, eleventh grade; Roger Kidston, tenth grade; Harry Benjamin, ninth grade; Robert Bowen, eighth grade; and Casey Cavall, seventh grade.

Discarded and broken flagstones often can be made into a decorative walk. Lay them in irregular fashion with enough ground showing to grow a little grass.

JUNIOR HIGH DANCE IS SPONSORED BY 7TH GRADE
"Junior High Jamboree," the dance being sponsored by the seventh grade, will be held from 7:30 till 11:30 this evening in the high school auditorium. The dance will be for seventh and eighth graders only. Music will be furnished by records.
Various committees for the dance are: entertainment, Barbara Nelson, Sally Truesdell, Margaret Konazeski, Kay Darling, Yvonne Harrison; decorations, Patrick Robinson, James Slabough, Beverly Goodale, Gordon Champion, Glenna Fraleigh; tickets and chaperones, Marilyn Rood, Ralph Wagenschutz, Shirley Phillips, Betty Arnold, Richard Jackson; refreshments, Mary Olin, Julie Simmons, James Wells, Geraldine Card, Fred Ferguson; clean-up, Shirley Sexton, Larry Tillotson, Jerry Wilson, John Higgins, and Roger Kiser.

If your pressure cooker is stained or dull looking, brighten it with a solution of vinegar and water. Pour enough hot water into the cooker to cover the stains and add two tablespoons of vinegar for each quart of water used. Seal the cooker, bring the pressure up to five pounds, and keep it there for five minutes. Then release the pressure and rinse and dry the cooker. Never use baking soda on an aluminum cooker. It darkens the metal and causes it to pit.

The experts go overboard

"This time it's Hudson"

the only car you step down into!

SEE THIS AUTOMOTIVE TRIUMPH AT THE HUDSON DEALER NEAREST YOU!

SMITH MOTOR SALES, INC.

285 N. Main Street Phone 1510 Plymouth, Michigan

An auto-wise Detroit editor writes, "Hudson... will still be in a seller's market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too! Because you step down, Hudson's new, all steel Monobilt body-and-frame* completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a hug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14.

Babson

Babson Discusses
Eureka, Kans., Apr. 23. American farmers last year grossed some thirty billion dollars—the peak in a series of phenomenally prosperous years. Will their good luck hold out in 1948?

Planting Intentions Good
This year's toboggan in farm prices, which later managed a good recovery, failed to uproot the confidence of farmers in the soundness of current economic conditions in this country. They

are getting set to reap another golden harvest, if their March planting intentions may be taken as a criterion. According to the official government report, farmers expect to plant a larger total acreage of principal crops this year than in any of the past three seasons.

What will be the final results of these good intentions, I do not profess to know. Much depends upon climatic conditions in the weeks ahead. They have been generally favorable thus far, although the South has had a little too much rain. Since about as many persons were at work on farms on March 1, this year as last, the labor problem should not prove too difficult. Supplies of farm machinery and fertilizer are more plentiful, and any other factors should not seriously interfere with farm operations.

Bumper Crops Possible
Planting intentions are one thing; final yields another. The promised far-flung fields of waving wheat and ripening corn are not yet garnered into elevators and cribs. Nevertheless, on the basis of average yields, some interesting results are possible. Production of all wheat, for instance, could reach 1,110,000,000 bushels, compared with last year's record

of 1,364,919,000 bushels and the ten-year average of 890,306,000 bushels. That would be a lot of wheat by any standard. Corn could chalk up a total of around 3,000,000,000 bushels—well above the ten-year average and last year's short crop of 2,400,952,000 bushels. The oats outturn could ring the bell at 1,376,000,000 bushels, which would be 13 per cent above the 1947 crop and 11 per cent above the 10-year average.

The major uncertain factor in the over-all crop production outlook this year, as always, is weather. Since I am no prophet, I cannot speak authoritatively on that subject. I do know, however, that the wrong kind of weather, during the critical growing periods can quickly change a bright crop picture into an extremely dismal affair. I believe it is more important this year than usual for all buyers and sellers of farm commodities to keep a watchful eye on weather conditions from now on. They may well be the clue to profitable timing of purchases or sales of farm products in the months ahead.

What About Prices
Can farmers this year reasonably expect to get good prices for their wheat, corn and other crops? Here, again, uncertainty enters the picture. It does seem to me, however, if present crop indications are borne out, especially as regards wheat, that agricultural prices in general are likely to move still lower, despite any intermediate upturns that may result from crop scares or other temporary factors.

Do not forget that European crops are reported to be making generally favorable progress. Good crops in Europe this year would materially lessen dependence upon imports of American grain and other foodstuffs. Should some untoward event precipitate war with Russia next year, exports of grains and food products to Europe could largely cease. Lessened foreign demand would put some downward pressure on U.S. farm prices.

Another Good Farm Year
Nevertheless, I do not expect the bottom to fall out, whatever happens. Domestic demand will continue unusually large, since employment and wages should hold at high levels. In any event, the government is committed to support agricultural prices at 90 per cent of parity—a level that would assure farmers a fair return for their work and products. All in all, the odds, in my opinion, favor another good year for American farmers in 1948. Although they are tightening their purse strings a bit at present, they should prove good but wise spenders when 1948 crops are in. Merchants should prepare now to make the most of profitable farm markets.

**Arbor Day is April 30
in Flower Peninsula**

Arbor day means a day outdoors for thousands of Michigan school pupils, particularly in the north where the day is something of a holiday as well as an observance of the importance of planting trees.

Arbor day this year falls on April 30 in the lower peninsula, May 7 above the straits. The conservation department reports the more ambitious programs, of schools near Michigan's 600 school and community forests, call for planting as many as 50 seedling plants per pupil, in small reforestation projects that are expanding year by year. At some schools, the occasion of the day will be planting a single tree on the schoolhouse lawn.

LEGALS

(Continued from page 5)
that the residue of said estates be assigned to the State Board of Escheats as escheated estates, and also having filed therein his petition as Administrator aforesaid praying that he be allowed compensation for extra-ordinary services rendered and expenses incurred in each of said estates.

IT IS ORDERED that the 29th day of April, A.D., 1948, before the Honorable James H. Sexton, Judge of Probate, in his Courtroom, in the Wayne County Building, at 10:00 o'clock in the forenoon be appointed for examining and allowing said accounts and hearing said petitions.

IT IS FURTHER ORDERED that a copy of this order be published once each week for three successive weeks previous to said time of final hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

This notice is given in accordance with the provisions of the Michigan Code of Escheats, to the said disappeared or missing persons, their unknown heirs, assigns or grantees, and to all persons claiming by, through or under them.

JUDGE JAMES H. SEXTON,
Judge of Probate
