

HERE'S WHERE much of your drinking water will come from in future years, Mr. and Mrs. Plymouth. A new well, 18 inches in diameter, is being drilled along Six Mile road near Beck road by an Ohio drilling firm. Drillers estimated it will produce up to 3,000 gallons a minute from a depth of 110 feet. Harold A. Secord, water plant superintendent, is shown at left inspecting the drilling this week. George and Russell Hofacre are the drill operators.

Fires Ravage Salem Homes; No One Injured

Two Salem township homes were the victims of fire last week. The Louis Sweetman home on 7624 West Six Mile road was all but destroyed and the Chubb road residence of Kenneth Gates suffered \$100 in roof damages. No personal injuries were reported from either blaze.

The Salem township fire department was summoned Thursday evening by Sweetman who reported fire had broken out in the walls of his two-story home. Due to the extent of the blaze, the Salem department immediately enlisted the help of the Plymouth township, Superior and South Lyon township departments.

Last week's low temperatures hindered the firemen in their attempts to extinguish the blaze by freezing up fire-fighting equipment. By the time it was finally out, the blaze had completely destroyed the second floor of the Sweetman home. Only a water-soaked first floor remained.

Damage estimates ran high but a definite figure had not been established. Cause of the fire was attributed to faulty electric wiring.

Kenneth Gates of Chubb road noticed Saturday that the chimney area on the roof of his home had broken into flames. He promptly called the Salem fire department which was able to bring the blaze under control before extensive damage had been done to the Gates home. In the wake of the fire was a hole left along the side of the roof. Officials estimate the damages at \$100.

Lisle H. Alexander of North Mill street spent last week in Washington, D. C. attending American Legion meetings and conferences.

Family Concert Seen By Record Audience

By Gerald Fischer
On Sunday afternoon the largest audience ever to attend a performance by the Plymouth Symphony Orchestra was enthralled by the fantasies in music prepared for the annual family concert. With hundreds of children, as well as others young in heart, giving their rapt attention to the stories told by Nat Sibbold, the orchestra, under the baton of Emil Raab, brought to life the familiar tales of "Sleeping Beauty" and the "Sorcerer's Apprentice."

The theme of the concert was "Magic in Music," and the relation of each of the numbers to this theme was interestingly told in the special narration prepared by Louise and Nelson Hauenstein, flutists in the orchestra.

The concert opened appropriately with the magical horns of the Overture to Oberon by von Weber. In this and other numbers, the French horn section performed brilliantly. Next on the program was the Waltz from the "Sleeping Beauty" ballet of Tchaikowsky. During this delightful music, the youngsters were easily carried away to the land of make-believe, with fairies, princes and princesses, all whirling and spinning in the joyous Wedding Waltz. The next selection was the Ronde des Princesses - or dance of the princesses (all thirteen of them) - from the "Firebird Suite" by Igor Stravinsky. Concluding the first half of the program was the Scherzo and March from the "Love of Three Oranges" by Serge Prokofieff.

Following the intermission, the orchestra presented the dramatic Danse Macabre of Saint Saens, complete with ghosts dancing to the wild strains of Josef Lazaroff's violin. At this point the audience was given the opportunity of seeing the first fruits of the

Junior Symphony String Class recently organized by the Junior Symphony Committee of the Plymouth Symphony Society to foster an interest in the playing of string instruments by the youth of Plymouth. With Donald Morris as teacher, 10 students, mostly from the fifth and sixth grades, have just completed the first period of class instruction. These charter members of the Junior Symphony are: Michael Carney, Otto Dobof, Charles Ellis, Jody Edgar, Susan Hulsing, Soren Peterson, Lynda Terry, Susan Weberlein, Karen Stevens and Jack Gaeke.

Under the direction of Mr. Morris, the students played a "Melody" by themselves, followed by "Merrily," in which they were joined by the full orchestra. The orchestra's variations on the familiar theme of "Mary Had a Little Lamb" were prepared by Mr. Morris specially for this program. The evident progress of these young people in the string program was very gratifying, and it is hoped that many others will join in this program of class instruction on Saturday morning at the high school. Registrations in a new class to begin February 5 are now being accepted by Mr. Morris.

Perhaps the major work of the afternoon was the "Sorcerer's Apprentice" of Dukas. Under Conductor Raab's very capable direction, the orchestra gave this work a reading full of vim and vitality. The concert was brought to a close with the rousing Stars and Stripes March of John Philip Sousa - always a favorite at the family concerts.

Mr. and Mrs. Sam Stephens of West Ann Arbor road were the Saturday evening guests of Mr. and Mrs. James R. Cannon in Farmington.

Safety Committee Asks Longer Use of Traffic Light in Front of City Hall

Plymouth's Traffic Safety Committee, created by the city commission after the completion of a traffic report by the AAA in 1953, met last week and discussed traffic lights, school patrolmen, stop signs and line painting.

The committee, composed of city officials and citizens, voted to seek a change in the traffic light operation at Main and Church streets in front of the city hall. The light operates now only while school is taking up and leaving out.

Committee members pointed out that it is very difficult for cars to enter Main street from Church street when the light is not working. The committee will recommend that the light be put in operation from 6 a.m. to 6 p.m.

Donald Dennison, a member of the School Community Planning Group safety committee and driver training instructor, appeared before the committee to ask that attention be given the adult school patrolmen. He urged that the men be given police instruction on how to control traffic when helping children across streets.

The committee is also studying a method to better identify school patrolmen. It was recommended that they be given a cap, badge and a white belt.

The committee agreed on a recommendation to the police department that stop signs be erected on Hartsough avenue at the Harvey street intersection. Tabled was a request to limit parking on the south side of Liberty street, west of Starkweather avenue.

A discussion took place about

line painting of the city's streets. A line painting program will be undertaken after weather clears in the spring.

PRINCIPLES of the Plymouth high school Alumni Athletic association's varsity football banquet Monday evening were: (l. to r.) Coach Charles Ketterer, Tiger Scout Don Lund, Bob Nieman, Association President Dave Gates and Bill Lyons, who took charge of arrangements. Lund acted as master of ceremonies for the program, while Outfielder Nieman, recently traded by the Tigers to the Chicago White Sox, spoke briefly to the group.

Ex-Tigers Spark Alumni Banquet for Football Team

With Don Lund and Bob Nieman, both formerly with the Detroit Tigers, as guests, the Plymouth Athletic Alumni Association sponsored the annual banquet for the varsity football squad Monday night in the Plymouth high school auditorium.

The program was designed as a salute to the championship squad Coach Charlie Ketterer led to its third 6-B League title in three years, with Lund acting as toastmaster and Nieman filling in with a few stories.

Lund, who is now serving in the capacity of an advisor to John McHale in scouting new Tiger prospects, started off the program by introducing the first of the 13 seniors who played last year. Each senior then introduced another senior, with the whole thing coming to an end when Captain Lee Juve turned the program over to Captain-Elect Lindy Mills, who will lead the squad in 1955.

As a fitting climax to an evening for football players, the association had obtained films of Michigan State's 28-20 victory

Scouts Announce Plans For Inter-Patrol Meet

Edward Miller, leader of Boy Scout Troop P-6, has announced that plans are being made with Troop P-4 for the Inter-Patrol First Aid meet on February 28. Members of ten competing teams will be given first-aid problems to be solved and administered within a given length of time.

The event is open to the public and will be held in the Smith school gym starting at 7 p.m.

DAISY MANUFACTURING company employees held their annual Credit Union meeting at the VFW hall last Wednesday night and learned that savings of \$108,000 have been listed since the credit union was formed three years ago. Members voted themselves a 3 1/2 per cent dividend on shares. Some 160 members and guests heard Richard Brosey, representative of the Michigan Credit Union League, outline history of the credit union movement. New officials elected for 1955 are shown above: back row, from left, Mrs. Doris Marshall, Francis Clinton, William Battie, Richard Brosey, Wallace Osgood, Robert Smith and Harold Williams. Front row: Harley Burk, Alexander Susky, Frank Heike and Edgar Peck. Absent are Lewis Wells and Fred Hadley.

Retailers to Discuss Year's Promotions

Members of the Retail Merchants Committee of the Plymouth Chamber of Commerce will discuss a "calendar of events" for 1955 at a dinner-meeting next Monday night. The affair will take place at 6:30 p.m. at the Mayflower hotel.

Head of the committee this year is Richard Papes of the Papes House of Gifts. The committee will discuss sale and promotion events for the year.

Also on the agenda will be a discussion of a "package" assessment to finance all of the various promotions. The assessment would be based on the size of the retailer's business. Christmas lighting costs will also be considered.

GIRL SCOUT NEWS

Members of Troop 14 enjoyed an ice-skating party at Newburg lake at their last regular meeting. Mrs. Donald Potter arranged the party and accompanied the troop. Several members attended the Plymouth Symphony on Sunday, January 30. The troop enjoyed seeing and hearing one of its members, Susan Hulsing, in the Junior Symphony violin class and also their leader, Mrs. Carl Wall, who is a member of the orchestra.

Members of Senior Troop 5 served as ushers at the Symphony concert on Sunday. Their leader is Mrs. H. D. Jensen.

Troop 3, under the leadership of Mrs. William Edgar and Mrs. E. P. Light completed work on the music requirements toward the Second Class badge by attending the Symphony Family concert. Mrs. Carl Wall spoke to the troop on the history and make-up of the symphony orchestra at a recent meeting. Various instruments were demonstrated by Scouts Joady Edgar and Carolyn Czerba of Troop 3 and junior and senior high Scouts Nancy Eaton, Mary Jane West, Betsy Edgar, Carol North and Marie Bolen.

Mother (that's what I am in the habit of calling my present partner in double harness, although her given name is Ella which for some reason she abominates almost as much as to be called Gramma, being as how she is considerable younger than me) has just this minute beat an inglorious retreat out of this here lion's den of mine, leaving me alone with my added thoughts and spraddled old Underwood.

Wimmen are wonderful but the best of 'em gets on a person's nerves sometimes and consequently you have to put them in their place. She heard me clicking the typewriter and forthwith stuck her pretty head in my door to find out what was going on. Nothing arouses a wife's curiosity like her husband enjoying a private little session with his typewriter. I refer to the machine.

What are you up to now, JP, she probed. (She calls me JP). And when are you going to let me get in here and tidy up this bat roost? Never in all my born days did I lay eyes on such a disgrace. Papers and books and pipes and fishing tackle and litter and ashes hip-high. Don't you ever put your other shoes in the closet where they belong? Hand me that empty rootbeer bottle, if ye can't pull it loose from the cobwebs. Who are you writing to?

Now Mother, said I, gently but firmly, if you don't leave quietly and allow me to continue the pursuit of my vocation I shall be forced to part your Toni with said bottle, which I keep here for a good purpose, to wit, as a handy weapon of self-defense. Scram, darling bride. Shoo!

"Vocation," she retorted, you have vowel trouble. Don't you mean VACATION? You haven't done a lick of work since last summer. What's come over you all of a sudden, JP? You let me smell that oottle!

Hands off, I barked, for this was getting serious. Curiosity, I continued, killed a cat. Don't press me beyond my endurance. I, John Pilgrim, Esquire, if you must know, am writing a piece for the paper, and if you desire favorable mention in same, kindly run, not walk, to the nearest exit. Bye bye.

He's gone literary again, she softened. (She likes to see our name in the paper the same as anybody else). Well, she went on, watch your spelling and grammar and for Pete's sake don't be so long-winded as you was when they printed your stuff before. They had to run off an extra whole section of the paper to get it all in.

Must of been pretty good reading, I jibed, or they wouldn't a printed it. . . Hmmm? Rubbish, she sneered, as she tripped over something or other on her way out, closing the door and the argument with her usual "last word." But I couldn't resist shouting after her, Hope ye enjoyed yer trip. . . but kind of under my breath, as it were.

That's what I get for marrying a school teacher, I reflected, as I tried to collect my thoughts. To a school-ma'am a husband is just another dull pupil. But she's a darn good looker. . . and cooker. . . so . . .

Heck, I guess I'm too upset to write anything much this week, except to repeat what I said once before, that I & Mother like it here in Plymouth ever so much better than we did back there in Detroit, where we moved here to from a couple of years ago. Wild horses couldn't drag us back there, now that we are commencing to feel at home here at long last. Plymouth is a hard town to break into. Strangers are welcome, I guess, but no novelty like they would be in a littler place. They say birds of a feather flock together. I & Mother have nobody much to flock with but each other yet. A preacher promised to call on us but he never showed up. No doubt too busy. Everybody is busy here. . . that's one of the things we like about Plymouth. Lots of business, and everybody minds his own. You can't beat a town like that as a place to live. But still & all there's a few things that could be bettered a mite, seems to me, one or two of which I may refer to next week. Till then, neighbors, let's all please rise and receive the benediction, which I believe is good straight thinking, and darned if she don't rhyme pretty good, to boot.

Who knows what thing he rather do
And takes the time to do it
Drinks deepest of the wine of life.
Ah, would that more men knew it!

Plymouth Troops To Participate In Boy Scout Week Observance

Plymouth Boy Scouts will join the nation's 3,660,000 Cub Scouts, Boy Scouts, Explorers and adult leaders in observing the 45th anniversary of the Boy Scouts of America during Boy Scout week, February 6 to 12.

Local troops and activities planned for the event are as follows:

Under the leadership of William Baker, members of Troop P-1 will set up a display in the Davis & Lent window. Theme of the project will be "Trail of the Huskies," demonstrating work done in Scouting. Scouts of P-1 will also be in full uniform at the Sunday services of the First Methodist church on February 12. The church sponsors the local troop.

Relaxed Rocks Lose Cage Tilt At Walled Lake

Plymouth beat Walled Lake earlier this season on a last-second basket and was extremely lucky to win Tuesday night, the Rock hoopers couldn't rely on luck again and, playing their poorest game of the season, fell to the Lakers by a 46-41 score.

"The team as a whole and individually played the poorest brand of ball they have shown all season," was the way Coach John Sandmann summed up the feeble show that the Rocks put on.

The game started out slowly with the Rocks holding an 8-3 lead at the end of the initial quarter. From then on Walled Lake woke up to score consistently in the remaining three periods, while Plymouth staggered through the second and third quarters miserably, and then tried vainly to pull the game out with a 14-point spurge in the final eight minutes. In the third stanza, the local varsity racked up a sum total of six points to give Walled Lake some needed support. The Lakers were behind 21-18 at halftime, but benefited from the impotent Plymouth scoring in the third quarter to grab a 34-27 advantage at the three-quarter mark and roll home to the final five point margin despite the Plymouth surge.

Bob Middleton hit for 16 counters to pace the Rocks, but the next highest point total was Larry Wilhelm's six. Taubee took high scoring honors for the game with 17 to pace the winners.

Plymouth is currently tied for first place with Trenton in the 6-B League, but the Rocks didn't leave a championship impression on the Walled Lake fans. Tomorrow the two league leaders battle it out on Trenton's court and if Plymouth even slightly resembles the crew that lost to the Lake team, Trenton is going to be in sole possession of the top spot come Saturday morning.

In the junior varsity game Walled Lake made a clean sweep of the pair of games by whipping the Jay Vees 75-69 in overtime. This was the second overtime loss in two games for Coach Bill Harding's bucketeers, as they lost to Bentley just last Friday. Bob Jenkins and Kenny Calhoun put on a brilliant scoring exhibition for the young Rocks, netting 29 and 26 points respectively, but they were overshadowed by Walled Lake's Bill Hughes. Young Hughes dropped in 32 counters in the regulation four quarters plus an additional eight in the overtime to total 40 for the night's work.

Better is it to be of an humble spirit with the lowly than to divide the spoil with the proud. —Proverbs 16:19.

Scouts to Conduct Elm Tree Search

Members of Explorer Post 3 of the Boy Scouts of America are making plans to conduct a city-wide search for American elm trees — the victims of contagious Dutch elm disease.

Leader Ross Willett will conduct the elm tree search. With maps of the city, the Explorers will mark the location of every American elm tree in Plymouth.

Sometime in March, City Manager Albert Glassford said, the city will use the maps to find each tree and spray them.

Several infected trees were found in the city last year by an inspector of the Department of Agriculture. One was located behind the high school and another along the Riverside Park entrance. The trees were cut down and burned.

Family Dinner Marks Resident's 91st Birthday

A family dinner Sunday marked the 91st birthday of August W. Pankow, 424 North Main street. Held at the home of his son, Clarence Pankow, 299 Irving, the event was attended by another son and family, the Levi Pankows of Six Mile road. Also attending were Mr. and Mrs. Arlo Hauger of Northville, daughter and son-in-law of the Main street resident.

Born on January 31, 1864 in Germany, Pankow came to this country at the age of two. He had been engaged in farming at Seven Mile and Newburg roads up until the time of his retirement 34 years ago. Since then Pankow has lived at the North Main street address.

Livonia Man Named Scout Commissioner

The Detroit Area council, Boy Scouts of America, has announced the appointment of a new district commissioner, G. Harold Wiegand of Livonia.

Wiegand has served in Rosedale Gardens as a Cub Scout Pack committee member, Troop committee member, member of the Sunset District Camping committee and more recently as Livonia's Community commissioner. He is employed as assistant treasurer of Redisco, a subsidiary of American Motors Corporation.

As district commissioner, he is the head of the group serving the Units of this district. There are now 27 men on this staff.

Arlan Ottensman
 Private First Class Arlan Ottensman, son of Mr. and Mrs. Erwin Ottensman of 754 Maple street, Plymouth, a paratrooper serving with Co. "D" of the 503rd Airborne Regimental Combat Team, recently left Fort Campbell, Kentucky with his unit for Alaska to participate in the major "Army" maneuver, Exercise Snowbird.

The maneuver will test the endurance of U. S. troops and weapons in Arctic areas. During the exercise the 503rd will participate in the largest mass parachute drop of men and material ever attempted in an arctic region.

At the completion of the four-week exercises, the 503rd ARCT will return to Fort Campbell.

Private First Class Ottensman's unit, the "Rock" regiment of the 11th Airborne Division, is the same unit that dropped on Corregidor during World War II.

William D. Skaggs

Airman/1C William D. Skaggs of Great Falls Air Force base, Montana, has just recently been transferred to manership of the base theater there.

Airman Skaggs has served as chief clerk in the Special Services office since March 1952. Prior to his transfer he had served as chief projectionist at the theater for two and a half years on his off-duty time. At the base he has been engaged in the recent installation of cinemascopes.

Receiving his basic training at Sampson Air Force base, N. Y., Skaggs entered service in October 1951.

He is the son of Mr. and Mrs. Joe Skaggs, 47815 Powell road.

★
James Darling

Machinist Mate 3/C James Darling, son of Mr. and Mrs. C. J. Darling of Northville road, Plymouth, has returned to Plymouth following his discharge from the United States Navy.

Darling had served three and a half years with the Navy. Prior to his discharge he had just recently returned from Europe where he was stationed on board the destroyer, USS Pierce.

★
Lawrence Finney

Observing his first year in Korea this month as a fighter pilot with the First Marine Air Wing, Lawrence Finney has recently received a promotion to the rank of First Lieutenant.

He is the son of Mr. and Mrs. Carl Finney of 325 Arthur street

Favorite Recipes From Plymouth's Kitchens

Shrimp Jambalaya Is Mighty Good!

A tasty supper dish for busy homemakers is "Shrimp Jambalaya," favorite recipe of the Eber Readman family, 298 Blunk.

This delicious shrimp dish, Mrs. Readman points out, can be made in the morning and then reheated just before the family or guests are ready to sit down for the evening meal. Often on Sunday nights she'll serve it with a green salad and hot rolls, completing the menu with a dessert of gingerbread with orange sauce.

Cooking the shrimp before combining it with other ingredients for "Shrimp Jambalaya" is Mrs. Eber Readman of 298 Blunk.

SHRIMP JAMBALAYA
Melt in skillet:
2 tablespoons of fat
Stir in and blend thoroughly:
1 tablespoon of flour
Add and cook until tender:
½ cup chopped onions
Add:
1 clove of garlic, minced fine
1 cup of canned tomatoes (tomato paste may be used)
1 green pepper chopped fine
½ teaspoon of salt
¼ teaspoon of red pepper
¼ teaspoon of thyme
1 teaspoon of Worcestershire sauce
Cook until pepper is tender, stirring occasionally.
Add:
3 cups of cooked rice

2 cups of cooked shrimp, cut into pieces
Pour into greased baking dish. Sprinkle top with:
½ cup of grated cheese
2 tablespoons of parsley (dried will do)
Place in moderate oven (350 degrees) for 15 minutes. Makes 6 servings.

Correction:
In Mrs. Karl Starkweather's recipe for raisin-filled cookies, published in the January 13 issue of The Mail, 1 teaspoon of soda was omitted.
(Helpful hint: Whenever a recipe calls for a cup of sour milk or buttermilk, a teaspoon of soda should be added, regardless of whether or not baking powder is used.)

SOCIAL NOTES

Grange Cleanings

Yes, this is Grange night again and pot-luck supper night as usual. The committee requests that all the baskets be brought directly to the kitchen as the supper is not going to be cafeteria style this time. The program will be presented at the table so be sure to get there for supper.

Mrs. Rose Graf is visiting for a time at the home of her brother, Jesse Tritten. She has recently been in Ann Arbor hospital, so is convalescing here.

Mr. Hodge was able to be brought home Monday from Atchison hospital and is doing very well now. Callers are welcome. Louise Tritten was in Lansing

for a few days attending a Health conference.

Pomona Grange meets next Tuesday night, February 8, at Stoney Creek hall. The county agent will be present. Lunch after the meeting. Bring sandwiches or cookies, etc. and your own dishes.

Remember that we have another big card party coming up on February 12 at the Grange hall. Bring your neighbors and friends and play any game you desire. Prizes for high score at each table and other awards. Refreshments downstairs after play. The committee is Mr. and Mrs. Kenneth Lunn, Mr. and Mrs. Spicer and Mr. and Mrs. Tritten with Kenneth Lunn, chairman.

And don't forget the Lily club on February 14. We had a fine attendance at the last meeting and everyone had a good time, so you see it can be done. Here's hoping we have a good crowd at the next one. The committee is Mr. and Mrs. Rienas, Louise Hutton and Loretta Wilson. Bring sandwiches or cake and your own dishes.

Wash Orlon, Nylon With Care

Are you wondering how to care for that Orlon sweater you received as a Christmas gift or those multiple-size stretch Nylon socks you bought for hubby? Those Orlon sweaters are definitely washable but should be treated as wool, say technicians at the research and educational center of the laundry industry. It is important that Orlon, like wool, not be washed in high temperatures or tumbled in an automatic dryer. Water 90-degrees in temperature is best for the fabric.

The new multiple-size Nylon socks also are an item for the laundry bag, and are handled the same as light socks. Nylon will shrink if the temperature is too high (150-160 degrees), so they should be kept away from the home dryer.

Mashed potatoes will look like whipped cream if hot milk is added to them before you start mashing.

Here's New Chocolate Cake Recipe

A chocolate sponge cake is an unusual dessert and one you'll want to add to your list of favorites.

The recipe below comes from Miss Florence Inlay, specialist in foods at the University of Kentucky.

- CHOCOLATE SPONGE CAKE**
 3/4 cup flour
 3/4 cup cocoa
 1/4 teaspoon salt
 1 cup sugar
 6 eggs
 1 teaspoon grated lemon rind
 1 teaspoon lemon juice

Sift together four times the sifted flour, cocoa and salt. Sift sugar and measure. Beat egg yolks until thick and lemon colored. Add sugar, beating constantly. Add lemon rind and juice and fold in the stiffly beaten egg whites.

Cut and fold in the dry ingredients. Pour into an ungreased, floured tube pan and bake in slow oven, 300 to 325 degrees, about 1 hour. Remove from oven and invert pan until cake is cool.

Menu: Hamburger, buttered lima beans, spinach, fruit salad, rolls, butter and chocolate sponge cake.

Butterscotch Frosting

Quick butterscotch frosting; empty a 15-ounce can of sweetened condensed milk into the top of a double boiler and add a third of a cup of firmly-packed brown sugar and a couple of tablespoons of butter and margarine. Cook and stir constantly over hot water until thick enough to spread. Cool and beat well. This will make enough frosting for the top and sides of two 8-inch layer cakes.

Make Scotch Pancakes For Breakfast, Lunch

Scotch pancakes are a tasty answer for using those last portions of leftover roast. Serve this hearty variety of pancakes for breakfast or let them be a lunch-time main dish.

For six servings you need 2 cups of ground cooked meat. Combine the meat with 2 cups of cooked oatmeal, 2 eggs, salt and pepper to season. Mix the batter thoroughly. Fry cakes, using one tablespoon of mixture for each, in a small amount of lard or drippings.

If pancakes are for breakfast, serve with tomato juice, with butter or margarine and maple syrup. When Scotch pancakes are for lunch, serve with tomato sauce and a big tossed salad.

Any maple sugar in the house? Then you can make a delectable topping with it. Beat some of the crushed sugar into heavy cream as you finish whipping it. Serve with apple cobbler.

Top Vegetables With Cheese

Here are two hints to make vegetables look their best, taste their best: plan unusual platter arrangements and serve with cheese sauce for color, flavor and good nutrition. As the highlight of a luncheon plate, a whole cooked cauliflower looks inviting with a golden cheese topping. Provide contrast with whole green beans and broiled tomatoes. You can make a quick cheese sauce by melting pasteurized process cheese food with a little milk. Or use a new pasteurized process cheese spread which needs only to be heated and it becomes a sauce.

- Vegetable Luncheon Plate**
 1/2 pound pasteurized process cheese food
 1/2 cup milk
 Broiled tomato halves
 Hot buttered whole green beans
 Pimento strips
 1 cauliflower

Melt the cheese food in the top of a double boiler. Add the milk gradually, stirring constantly until the sauce is smooth. Cook the whole cauliflower, drain well and place it in the center of a round chop plate. Pour the hot cheese sauce over it and surround it with broiled tomato halves, and green beans garnished with pimento strips.

Dress Up Pork Chops For Those Family Events

Whenever there's a birthday or anniversary in the family, there's an excuse to have a special dinner just for them.

Here's a recipe in which pork chops are given a little extra touch for such an occasion. According to meat experts they are baked to the well-done stage, as all pork should be for best flavors.

BAKED LEMON PORK CHOPS

- 6 pork rib, loin or shoulder chops, cut 3/4 to 1 inch thick
 Salt
 Pepper
 6 lemon slices
 1/2 cup catchup
 1/2 cup water
 2 tablespoons brown sugar

Brown chops in heavy frying-pan. Season with salt and pepper. Place a lemon slice on each chop. Combine catchup, water and brown sugar and pour over chops. Cover closely and cook slowly on top of the range or in a moderate oven (350° F.) about 45 minutes or until meat is done. 6 servings.

To clean velours and other soft upholstery finishes, apply a dry cleaning fluid with a piece of cheesecloth. Afterwards, brush up the nap with a soft brush.

Taste--Not Cash Counts in Being Well Dressed

It is not the money you spend on clothes that counts but the way they are worn that makes a well-dressed woman.

A person should dress for her particular job in life. It may be a business job, or keeping house, or both. The costume you choose should be chosen for the time and place, be becoming to the wearer and well fitted.

Accessories should be used sparingly to improve the over-all effect of your outfit. They should be used effectively without making you seem over-dressed. Strive for that fresh, immaculate look that comes with good grooming.

Know your type and stick to it through all kinds of fads and seasonal style changes. Age is a big consideration. Dress your age.

A color plan will help hold a wardrobe to a minimum and yet keep it versatile when necessary. Neutrals such as blacks, browns, grays and navy make fine basic colors for any wardrobe. The same accessories can be worn with only the accent color changed. This is done easily by adding a bright colored scarf or pair of gloves to various outfits. One splash of pattern is maximum for a wearing.

A good foundation is essential. It should be comfortable and at the same time do something for your figure. The bust must be uplifted, stomach and derriere flattened and the waist defined.

Give special attention to shoulder seams. They should be flush with the shoulder edge. Through the bust the fit should be easy. The waist must indent at the normal waist line. A skirt should never cup under derriere or ride up. The hemline should be the most becoming length for your figure.

Eggs will stay fresh longer if you will keep them in a cold place. A fresh egg has a thick white and an upstanding yolk that is well centered. When eggs become stale the yolk flattens and the white is thin and watery.

Follow These Tips For Success in Baking

Baking success depends on several things, so check this list for know-how on improving the quality of foods that come out of your oven.

Cookies, cakes and pastries should have a preheated oven. Start the oven before you start the mixing and it will be at the correct temperature when you're ready to pop in these foods.

In baking cakes, the size of the pan is important, so cake will rise and bake properly. If you do not have a pan size recommended in the recipe, fill cake pans half full with batter and bake the remaining batter in cupcake or muffin pans.

Butter, shortening and other fats, as well as eggs and liquid used in cakes and cookies will blend together more readily if they are allowed to stand at room temperature for thirty minutes to an hour before you start mixing.

Egg whites for cakes with or without shortening should be beaten stiff but not dry.

OUR THANKS to the COLLEGE OF AGRICULTURE MICHIGAN STATE COLLEGE

for 100 years of outstanding service to the farmers of this state.

Again We Look Forward To FARMERS' WEEK February 7-11, 1955

During that week thousands of Michigan's farmers will meet with the faculty and staff of the Extension Department of the College of Agriculture to learn about and discuss new developments, and improved methods in the production and marketing of agricultural products. In the field of dairying untold good has come to the milk producing farmers of the State as a result of the research, experimental and educational work of the College of Agriculture. This organization of 17,000 dairy farmers is happy to commend Michigan State College for its splendid contributions to the dairy industry throughout its entire 100 years of operation.

Why should I buy an automatic clothes dryer?

An automatic dryer saves tons of lifting, miles of walking, cuts springing time to zero and ironing time in half.

Which electric clothes dryer is the BEST?

See your dealer or stop in at Detroit Edison for comparative data and descriptive literature that will help you make a choice.

Why do so many folks that own an electric range also buy an electric dryer?

Personal experience with an electric range has proved to them that the electric way is the cleanest way!

Does it cost much to operate a clothes dryer?

An all-electric clothes dryer operates for just pennies a day... saves hours of work.

HOTTEST BUICK IN HISTORY
 No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

You can take it over for only \$2244.88 *delivered locally!

Most people still don't believe it. But it is true. And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price we show here proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a lot more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-

coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra silencing—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—and a thriller from the instant you press its gas pedal. Come in this week and check things for yourself, won't you?

*2-door, 6-passenger Buick SPECIAL Sedan, Model 46, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster...\$81.70; Radio & Antenna...\$92.50.

ICE SKATING is the most popular winter sport among Plymouth's young folks, and for some grown-ups too. But keeping warm on a cold winter's day on the ice is a hard job. Here, some of the skaters gather around the wood stove at Wilcox Lake. From left, are Ronald Soleau, Melvin Sawyer, Elaine Canning, Joan Burnette, Janet Denhoff, David Thrasher and Noraleen Renauer.

Riverside Club Announces Inter-City Classic

Riverside club announces an Inter-City Speed classic at Riverside arena, 36635 Plymouth road, Livonia, on Friday, February 4, at 9:30 p.m.

Contestants have been qualifying for this classic since November 27, 1954. It has been narrowed down to eight contestants in each of four divisions: Girls 14 and under, 15 and over, boys 14 and under, 15 and over.

Personal trophies will be awarded to the winners of each age group and also trophies to the fastest boy and girl.

Fastest qualifier to date is Ross Gagneau who skated the quarter mile in 1 minute, ½ second in the over 15 age group for boys.

This is to be a sanctioned meet and run according to the U. S. Amateur Roller Skating association rules with Mike Zeleji and Thomas Sheppard as the main judges. Both are national judges, who reside in Michigan.

Coach of the Riverside Speed club, Paul Swindlehurst, who started this meet on his own, has only been coaching these youngsters for three months. He also has donated the trophies for this meet besides donating two large trophies for the Michigan State meets held once a year.

Did you know that accidents in the U. S. claim the lives of approximately 100,000 people a year — which is five times the number of deaths U. S. troops suffered in Korea in three years of fighting?

Reserve Tankers Nip Dearborn

Winning the final two relays, the Plymouth Junior Varsity swimming team nudged out Dearborn's J. V. team by a close 43-41 score last Wednesday, January 26, in Plymouth's pool.

The Rock reserves were trailing 34-29 going into the relays and needed firsts in both to gain the victory. The 150-yd. medley relay trio, Jim Cash, Bob Isbister and Dennis Baker, barely edged out Dearborn's threesome to keep Plymouth in the running and the 200-yd. freestyle quartet sewed up the meet with another first. John Vos, Norman Terry, Gary Strasen and John Williams were the members of the deciding relay team.

The Junior Varsity tankers had been able to garner only three firsts before the relays, but they scored when it was needed to win a close one. Jack Taylor topped the 50-yd. freestylers in the initial event, Jim Cash won the 100-yd. backstroke and Dennis Baker led the pack in the 100-yd. freestyle.

Jim Abate, Jim Archer, Paul Ensley, Dick Anderson and Ed Stretanski were the other Plymouth swimmers who took points along with the first place winners and the relay team members.

NEW 1955 MERCURY PUTS HIGH HORSEPOWER TO WORK AT NORMAL DRIVING SPEEDS WITH NEW SUPER-TORQUE V-8 ENGINE, DUAL EXHAUST, 4-BARREL CARBURETOR

Mercury gives you high horsepower you can use in all performance ranges—not just brag about.

More important than high horsepower alone is pickup, passing, hill-climbing power—more power for your everyday driving.

Everything about Mercury's new and advanced SUPER-TORQUE V-8 engine is designed to give you more usable power with super pickup in every speed range.

It's a short-stroke, low-friction design, with high-turbulence combustion chambers, full-vacuum automatic spark control—all specially engineered to squeeze more power out of every drop of gas.

And there are Mercury exclusives like:

1. A 4-barrel vacuum-operated carburetor for instant response. Only Mercury in its field offers it as standard equipment on every model.
2. A dual-exhaust system on all Montclairs and Montereys to cut power loss, and add

more efficiency and economy. Only Mercury in its price class has it as standard equipment.

3. High-compression spark plugs—a revolutionary new design—for peak performance at all speeds without overheating or fouling. Only Mercury has them in its field.

They all add up to a new kind of high-horsepower performance by Mercury—the car that's always used V-8 engines—built over 2,000,000 of them. We invite you to try the new 198-hp Montclairs, the 188-hp Montereys and Customs. Just stop in at our showrooms.
