## Commission Opposes Shift of High School

### To Avoid Ticket Feed the Meter

Some sort of record has been established by the Plymouth police department for the number of tickets issued during a month, and city commissioners aren't quite sure if it is good or bad.

During the monthly report session at Monday night's city commission meeting, a report from Assistant Police Chief Loren Johnson indicated that there were 729 tickets issued during April, of which 633 were for overtime parking.

Last year during April there were only 215 tickets issued, of which 150 were for overtime parking.

"Why so many tickets?" Commissioner Carl Shear and Marvin Terry asked.

City Manager Albert Glassford explained that during the past six or eight months the police department has been short of manpower so that ticketing was on the decline. Two new replacements have been made, bringing the force up to full strength.

"All you can tell these people who ask about getting tickets is that it's the law," Glassford added.

Chief Kenneth Fisher said, "Either we ticket or we don't."

Terry, a bakery owner, asserted that he had a woman come in the store to get change to put in the meter and before she got back out she had a ticket.

Mayor Harold Guenther questioned if all the meters are in working order. He said that the police department should be sure of this before ticketing.

Chief Fisher replied that the meters are in good condition now but that meters are checked when a ticket is issued.

"The police are hired to do a job," Commissioner Shear

### Poppies To Bloom Here Tomorrow

Poppies will be on sale this Friday in Plymouth with all donations again going into the relief and welfare funds of local posts.

Members of the Mayflower Post of the Veterans of Foreign Wars and Passage - Gayde Post of the American Legion and their Auxiliaries will be in the business district all day tomorrow offering poppies for donations of any size.

Money collected through the sale is used for the relief and welfare projects of the local posts. Throughout the year there are veterans found in desperate need of aid within the Plymouth area. Both the Legion and V.F.W. maintain relief funds to assist these men.

Today (Thursday) the veterans' organizations will be selling poppies at local factories.

Mayor Harold Guenther has proclaimed Friday, May 22, as Poppy Day. His proclamation reads:

"Remembrance of those who gave their lives in de-

MICHIGAN'S top-ranking disabled veteran, Lt. Governor John Swainson, center, was given the honor of purchasing the first poppies from the local American Legion and Veterans of Foreign Wars posts and Auxiliaries. The event took place last Sunday at the Swainson home on Gov. Bradford Rd. From left are Hal Young and Betty Neale of the V.F.W., Lt. Governor Swainson, Dorothy Koi and Harry Taylor of the Legion. Swainson lost both legs in World War II. Poppies will be sold this Friday with all proceeds going to local needy veterans.

### Wants It Part Of Civic Center

A stand against the board of education's proposal to build a new high school outside the city limits has been taken by the Plymouth city commission in the form of a resolution.

Commissioners approved the resolution at their meeting Monday night and a copy will be forwarded to the board of education which is now in the process of gathering information to weigh the question of whether to build the school at a new site or enlarge the old one.

Preliminary plans for a new high school that would be built outside the city are already being drafted by an architectural firm, Bennett and Straight. At Monday night's school board meeting, the architects were given a list of "educational specifications" for the building.

These educational specifications have been drafted by the faculty who determined what they believe each department would need space-wise. The board of education is also to look over the specifications and pare them down if they may feel they are too ambitious.

From these specifications, the architects are expected to make a preliminary estimate of the cost of a new site, which would be at least 35 acres in area.

At the same time, the building and site committee of the board is soon expected to arrive at an estimate of how much additional to the present building would cost.

The city commission decided to take a stand in the matter because the city has a plan for a "civic center" in the high school area.

The board of education has been aware of the city commission's feeling about leaving the high school at its present location near downtown. But the resolution is the first formal notice the city body has given school authorities.

Board President Austin Stecker, when confronted by the civic center question in previous meetings, declared that the school district covers a much wider area than the city of Plymouth, so the school board must consider "what is best for the school district as a whole."

This is the text of the city resolution:

"Whereas, the City of Plymouth has clearly established a policy of rebuilding the central city in a careful manner wherever possible and has taken many steps to accomplish the objective, and

"Whereas, the location and

### Set Memorial Services For This Sunday

The public is being invited to attend Memorial Services being held this Sunday at 11 o'clock at the Salvation Army Citadel at which patriotic organizations will be attending. Lt. John Cunard will be officiating.

All organizations and their flags and standards are being requested to be on hand at 10:30 a.m. The Citadel is located at Fairground and Maple Streets.

Memorial Day, being observed a week from this Saturday, will begin with the Navy Mothers Bridge ceremony at 9:30 a.m. The main parade will assemble at Main and Amelia Streets at 10 a.m. and will terminate at Kellogg Park.

### Officially Opens Monday

Plymouth's first Food Fair Market will hold its opening festivities this coming Sunday, May 24, from 11 a.m. to 3 p.m., and the management has invited all residents of the area to join in the celebration.

### Holiday Causes Shift In Hours; Mail Out Early

Memorial Day, falling on Saturday next week, will cause a shift in opening hours for Plymouth stores and will bring an earlier deadline for the Mail.

### Food Fair Is Host Sunday

Plymouth's first Food Fair Market will hold its opening festivities this coming Sunday, May 24, from 11 a.m. to 3 p.m., and the management has invited all residents of the area to join in the celebration.

Gaily decorated with banners and flags, the new market at 705 S. Main St. will offer free balloons to the children and free refreshments—cookies, pop, candy and potato chips to all the many guests expected.

Among the participants in the celebration will be "Susie Food Fair," a performing chimpanzee who will entertain with her version of adults going about their shopping errands.

On the parking lot adjoining the brand new store will be races for point scores and trophies between 40 members of the Wolverine Quarter Midget Racing Assn. from the Miracle Mile. The drivers, 5 to 12 years of age race their own midget cars.

The store will be officially open for business at 9 a.m. Monday, May 25, when Mayor Harold E. Guenther will cut the ribbon, formally opening the door to shoppers.

Newly erected Food Fair specifications, the new market contains all the newest types of store equipment, including a self-serve Awrey bakery department, automatic change dispensing cash registers, and conveyor-type check-out counters.

A special feature of the interior decorations are murals as background for each food department. These were especially commissioned to be painted by a local Michigan artist.

The fifth Food Fair market in this area, this opening marks the 36th store in the Michigan chain. Sixty-three persons will be employed in this store alone, which covers 13,600 sq. ft. of selling space. The hard-surfaced parking lot will accommodate 175 cars at one time.

Store hours will be 9 a.m. to 9 p.m., Monday through Friday and from 8 a.m. to 9 p.m. on Saturdays.

### Western Electric Open Doors To Public Tonight

Plymouth's sprawling Western Electric Distribution Center on Sheldon Rd. will open its doors to the public tonight (Thursday) from 7 to 9 o'clock.

The modern plant, opened last December, will have employees demonstrating many of the operations that are needed to service 2,800,000 telephones in Michigan.

Along with the guided tours will be refreshments.

There are 420,000 square feet in the building. In the front two-story portion are the offices and repair areas, while the rear one-story section contains storage. There are 10,000 items stocked there for distribution to Michigan Bell throughout Michigan.

Chief host for the evening will be A. D. Johanson, 11750 Turkey Run. He became manager of the Michigan Distribution center almost two years ago when the center was still located on Oakman Boulevard in Detroit. The former Western Electric building has now been taken over by Michigan Bell.

There are now 670 Western Electric personnel at the plant and 70 Michigan Bell workers.

(For more stories and pictures turn to page 8, section 4.)

### Scholars Recognized Tonight

### Convocation Honors 140 Pupils

- At the third program of its kind at Plymouth High School, 82 juniors and 58 seniors will be honored for their scholastic achievements at an Honors Convocation tonight (Thursday).
- Pupils who have maintained a "B" average or better and no "E's" since entering the ninth grade are being invited with their parents to the exercises to be held in the auditorium starting at 8 p.m.
- Juniors who have achieved a like rating from at least five teachers in character, leadership and service will receive special recognition. They will be eligible to join the National Honor Society. There were 33 seniors who received this distinction last year.
- The 10 seniors at the top of their class of 227 in academic rank will receive special mention. They are:
1. Mary Jane West, 2. Hale Huber, 3. Carin Stofko, 4. Carole North, 5. Edith Dibble, 6. Cara Munshaw, 7. Rober Westover, 8. Richard Small, 9. Clara Calahan, 10. Claudia Kessler.
- The convocation is being sponsored by the Faculty Committee and senior members of the National Honor Society who believe that pupils should be recognized for distinguished academic records as well as for extra-curricular achievement.
- Delivering the convocation address will be Rev. Paul M. Heldreth, Stanley Ray

WE KNEW HE was coming so we baked a cake, and a Michigan Week cake at that. Mayor Robert Vischer of Holland, left, was the honored guest in town Monday for Exchange of Mayors Day and one of his duties was slicing the cake at a noon luncheon. Plymouth's Mayor Pro Tem Robert Sincock, toastmaster at the luncheon, is shown with the visiting mayor. Both Holland and Plymouth were shown on the icing.

### Visiting Holland Mayor Given Royal Treatment

Plymouth rolled out its make-believe red carpet Monday for Mayor Robert Vischer of Holland who came here for the annual Exchange of Mayors Day.

The day was one of the Michigan Week highlights in Plymouth although today may be another. Sometime today the Michigan Week committee in Lansing is to announce the state winner of its Frontiersman Award for which Plymouth is a nominee.

Plymouth was one of five winning the Wayne County Frontiersmen awards. It was named for fostering better understanding between the community and industry through promotion of Burroughs Week. A plaque was presented to Mayor Harold Guenther who accepted it in

### Davis & Lent Has Birthday

Observing their 15th year in Plymouth this week is Davis & Lent, now the city's oldest men's store.

It was in 1944 that Harry Davis and Wendell Lent purchased the former Wild Co. Two years later Lent bought out Davis' share and operated it eight more years until Charles Beegle was taken in as a junior partner. During the first 10 years the store was on Penniman Ave.

The anniversary sale which started yesterday and ends May 29, will have 44 big door prizes including an outboard motor, a suit and a miniature car. Other prizes will come from the men's, boys' and sports departments. Bargains in all departments are being featured during the sale and free gifts offered to all signing up for the prizes.

Members of the American Legion and Veterans of Foreign Wars will decorate graves of deceased veterans this Saturday. They will meet at the Riverside Mausoleum at 10 a.m.

# PHS Choral Groups Present 'Festival of Song'

An evening of choral music called "May Festival of Song" will be presented by the Plymouth High School vocal music groups on Tuesday, May 26.

Fred C. Nelson will direct the choral groups. The program starts at 8 p.m. in the gymnasium. Admission is 50 cents for adults, 25 cents for students.

The Girls Chorus will open the program with "This Is My Father's World", "Hawaiian Wedding Song" and "Good News". Senior Sharon Matts, soprano, will then sing "Summertime".

Members of the Mixed Chorus will offer "Let Us With Gladness Voices", "Summer Reverie" and "The Barrendaro". Next will be the Girls Glee Club singing "Over the Meadows", "Kentucky Babe" and "Down by the Riverside".

Senior Glyn Norton, baritone, will appear in a solo number, "Thine Alone", followed by the Triple Trios with "Drifting and Dreaming", "Scarlet Ribbons" and "Belle of the Ball".

Closing the program will be the Choir singing "O God Thou Faithful God", "Cherubim (Song No. 7)", "Gloria in Excelsis", "I Hear a Voice Praying", "Flower Drum Song" and "The Lord Bless You and Keep You".

An organ will be furnished by Maddy Music Co. of Plymouth.

## Grange Begins 85th Year

Mr. C. R. Stevens

The 85th anniversary of the Plymouth Grange was celebrated May 7 with 125 present. Among the guests were several state officers and visitors from eight subordinate Granges.

The Grange was organized soon after the close of the Civil War by Oliver Hudson Kelly and six of his friends. A pageant was presented to portray the founding of the Grange. Costumes worn by "actors" were of Civil War times.

Oliver Hudson Kelley was played by Jess Tritten; a planter by Art Blunk. The scene represented the Southern people's feeling about the North, motivating Mr. Kelly to form a fraternal organization which would benefit the farmers of the South. He was assisted by his niece, Miss Caroline Hall, played by Lila Lunn, and his faithful wife, Temperance Lann Kelly, played by Louise Tritten.

Today the Grange not only helps the farmer, but the entire nation.

For 85 years Plymouth Grange has been following the pattern set by this great man.

The first worthy Master of Plymouth was Hial Sly. His great-great-niece, Miss Laverne Sly was present and gave a brief history of the Sly family.

The first Secretary was Mr. A.D. Stevens. His son who is 94 years young, gave a talk of his remembrance when his father was Secretary and the early years of Plymouth Grange. Mr. Stevens is a member of the Plymouth Historical Society and is actively involved answering questions at the Dunning-Hough Library this week where there are many early Plymouth displays in keeping with Michigan Week.

Plymouth Grange not only celebrated their 85 year, but the 50 year membership of two of their beloved members, Mr. and Mrs. Sam Spicer who have done so much for Plymouth Grange.

Mr. Spicer was Worthy Master for 14 years, and

they are still active members. The best wishes of the entire group went to the steadfast couple for many more years of active service.

A bouquet of carnations was presented to them by Mrs. Louise Hutton.

**All Honorable Mentions At School Pet Show**

A wild bunny, a shaggy dog, frogs, fish, tadpoles, birds, were all a part of the school Pet Show sponsored by the first grade teacher Helen Kelly at Starkweather School.

There were over 100 entries and all the children in the school came to see the pets and marvel at the varieties. The white mice were particularly interesting.

Mrs. Kelly feels the advantage of allowing all pupils to come to school and "shine" with their pets, particularly the smaller grades, affords them an opportunity to be "important" for the day.

Charles Jarrott and Danny Johnson won first place for their frogs; Johnny Johnson was first for his wonderful tadpoles; Kathy, Mike and Nancy Kelly took first place for their fish; Eddie Cooper, Tim and Sharon Sanders and Diane Baumgartner all won prizes for their birds; and Donna Meek's pekinese won first place with Linda Ekolemon second for her pekinese and Linda Dyer third for her cocker. Gale Swan brought in a wild bunny she is caring for, deserted by its mother; and Frances Zoet won a ribbon for a guinea pig; Linda Basset for a chameleon; and Mary Daniels and Frances Zoet for white mice. Steven Cooper won first place for his turtle.

### Happy Birthday Luncheon Despite Storm

**By ESTHER SPRENGEL**  
GL 3-0194

Just about got used to that nice warm weather when bang, the weatherman decided to make a switch; instead of digging around the snow-bell bush, it feels like we might be throwing real snow balls.

I have run out of history information. There is information to be gathered by interviews with some of our long-time residents, but I am a little handicapped with my family to be away from home for long. So, if you can come up with some info, I would appreciate it, as I have had so many people expressing their interest in our column.

Four boys connected with scouting from our area had a great honor bestowed upon them the past week. Mr. John Thorpe, who accompanied the boys on a mission to Brighton, Michigan Charles Hall Reservation, called to give us the news. Two boy scouts of Troop 298 and two explorer scouts from Troop 298 were chosen by the boys of their group to become candidates for members in the Order of the Arrow. This organization is an honorary organization and not many boys are chosen. The boys went to Brighton to work and pass the required initiation to the Order of the Arrow. Mr. Thorpe wouldn't give us all the initiation requirements for that is a secret, but did tell us that one thing the boys must do is sleep out on the ground (no tents), but could have sleeping bags. I did gather, however, that the initiation was a stiff one. When the boys achieve the requirements, they are awarded a sash that is worn over the right shoulder and left hip; across the sash front is a red arrow 15" long. (This is an Indian organization). The proud bearers of this honor are Robert Williams, Dan Thorpe, Lyle Avery and Terry Wright. Williams and Thorpe are boy scouts of Troop 298 and Avery and Wright are Explorers. Mr. Thorpe stated they tried to convince him he should try the initiation, but he declined. You weren't scared were you?

We want to convey a sincere wish to Mr. Doss Peck for a speedy recovery and a quick return home to his family. Mr. Peck is in the University Hospital in Ann Arbor. The family resides on Brookline, in the Township.

It was a happy birthday luncheon given in honor of Mrs. Elvina Jackson of Gyde Rd., by Mrs. P. Leithe of Leithe of Joy Rd. The lunch was held at the Leithe home, and the guests included Mrs. Grant Camphausen, Mrs. A. Hersh, Mrs. Ruth Bradsell and Mrs. Louise Foss (recently returned from a Florida trip). The luncheon was a success, however, Mrs. Leithe stated that about the time Ann Arbor had their storm, she was in the kitchen preparing for the guests and she heard a roar and called her mother, Mrs. Foss, to come to the basement. Before they got to the basement door everything quieted down. She said the winds broke their maple trees and pushed over their tool shed. But all went well and the ladies arrived to honor Mrs. Jackson, and the group enjoyed two birthday cakes.

On May 3 there wasn't a more surprised lady in the Township than Mrs. Rose Smith of Canton Center Rd. Mrs. Smith was aware that her children and their families, Mr. and Mrs. Robert Smith, Jr. and family, Mr. and Mrs. Norris White and family, Mr. and Mrs. Roger Smith and family, Mr. and Mrs. Marvin Smith and family and Mr. and Mrs. Warrily Schaffer and family of Ohio, had planned to celebrate birthday, at the Norris White home on Sheldon Rd. What she didn't know was the "This is Your Life" part of the celebration. Guests came from Wyandotte, Livonia, Clarkston, Dearborn and Detroit to receive Mrs. Smith's life with her. There were ladies she hadn't seen for 30 years, and each one kept a secret until their time to appear on the program. The whole party was tape-recorded. Mrs. Smith's daughter, Marge, said Mrs. Smith got a big thrill from hearing it over again. Mrs. Smith was presented with a white orchid in honor of the occasion.

The guests (approximately 40) enjoyed the luncheon and the birthday cake baked for the party by Mrs. Marvin Smith. Also present to help Grandma celebrate were 16 of her grandchildren. Mrs. White said the noise supplied by the youngsters helped keep the secret of the guests on "This is Your Life" hidden from her mother until their appearance. We are a little late, Mrs. Smith, but may your life be filled with happy birthdays.

The past week I received a very nice letter from Mrs. Grace Breazeale and a news item, which she worded so well. I shall write it as she had it: "On Sunday, May 3, there was a weiner roast and birthday party held for Sharon Breazeale of 6510 Ridge Rd., to celebrate her eighth birthday. The young lady received many pretty gifts from her friends. Among those present were Gary Denski, Gail Bell and Patty Bosman, all of Hanford Rd.; also Pete Rocco of Napier Rd. and Pat Dunham of Ford

Rd. Sharon's grandfather, Mr. William Bonds, came over from Taylor, Michigan with her Uncle Fred and his family. Sharon's grandmother, Mrs. Dolly Rippey, came from Gibraltar, Michigan with her husband, Bill and their four children, Darlene, Dolly, Jim and John. Also present were her Uncle Jack and his wife and another uncle, Lloyd. Later in the evening, Mr. and Mrs. Krajewski of Ridge Rd., dropped in for a hot dog and a piece of Sharon's birthday cake. Sharon's father, Lloyd, was kept busy at the fire roasting the hot dogs. Everybody had a good time and Sharon only wished that birthdays came more often.

To all the other wishes, we want to add our many more happy birthday wishes.

Mr. and Mrs. Louis Stein have a young visitor for a while. Their six-month-old granddaughter, Patricia Louise Vincent, is staying with her grandparents while her parents and brother are in Florida, where Mr. Vincent is reporting for Naval Reserve duty.

Mr. and Mrs. Charles Combs and their two sons spent Mother's day week-end with Mrs. Combs' mother, Mrs. Robert Orr, in Hudson, Michigan.

Just one of those passing thoughts, or "have you seen," the field of beautiful pansies for sale on Michigan Ave. at the end of Beck Rd. You have no idea the different colors and designs in the face of the pansy. Mrs. Homer Benoit and I visited the pansy field the other day and found it hard to decide upon which ones to buy.

We want to wish Bob Bowman, son of Mr. and Mrs. Willard Bowman of Ford Rd., a speedy recovery. Bob is recuperating from a recent freak automobile accident, which caused him considerable injury. He will be in Wayne County General Hospital for a while, but we all hope to see him home real soon.

Visiting with the Willard Bowmans after her trip to Florida, is Mrs. Bowman's mother, Mrs. Lois Baker.

We haven't as much news to offer lately and I could use some help, so let's hear from you. Maybe someone could come up with an idea to add a new twist to the column. See you next week.

### Three Cities Artists Cited

An all women painters exhibition presented by Wayne County Cultural Activities Committee of Michigan Week is on display at Kessler Bullock Showroom, 9069 Grand River.

The Three Cities Art Club from this area, plus Acanthus Art Society, Art Institute of Dearborn, Birmingham Society of Women Painters, Detroit Society of Women Painters and Sculpturers, Down River Arts and Craft Guild, Grosse Pointe Artists, and Palmetto Brush Club were among the groups submitting hangings for the contest in conjunction with this exhibit.

The first winner of oil was Mable Bacon of Three Cities and the second place winner in water colors was Marjorie Becker, also of Three Cities Art Club. Out of 10 entries, eight were accepted for the exhibition.

The Three Cities Art Group will have their annual art exhibit in the Kellogg Park in Plymouth June 6.

Preparing for the Park show June 6, the committee will meet in the barn at the residence of Shirley Dennison, 48230 Gyde Road, Saturday, May 23.

In keeping with their aim and purpose to promote and create an appreciation for

original art in the community the Three Cities Art Club maintain exhibitions in the Dunning-Hough Library. During Michigan Week their hangings will be in the Library for viewing.

### Gaffield Attends Seminar at Lansing

A two-day Color and Business Seminar for professional photographers was attended last weekend at Michigan State by John Gaffield, owner of Gaffield Studio. The photographer is entering a new phase of picture taking, direct color portraiture. The seminar was sponsored by the State Association of Professional Photographers, Michigan State University and National Association of Professional Photographers. There were 100 attending from the Midwest.

# Long Time Resident Of Area Dies at 65

Ray J. Casterline, 65, owner of the Casterline Funeral Home in Northville, passed away Wednesday, May 13 at St. Joseph Mercy Hospital. He was taken suddenly with a heart attack.

Mr. Casterline was born July 28, 1893 in Dexter, Michigan. He lived in Northville for 44 years, and had semi-retired to his farm at 4611 Joy Road, Plymouth, nine years ago.

He is survived by his wife, Anna; one son, Fred A. Casterline of Northville; one grandson, Ray J. Casterline, II; brothers, Clifford of Northville, Clyde of New Hudson; sisters, Mrs. Esther Nixon of Plymouth, and Mrs. Ruth Briggs of Northville.

Rev. Paul Cargo of the First Methodist Church and Rev. John Taxis of United Presbyterian Church of Northville officiated at the

services May 16 at 2 p.m. from Casterline Funeral Home. Interment is the Rural Hill Cemetery, Northville.

Ray J. Casterline

# Evans Products Gives \$15,000 To Hospital

Evans Products Co. of Plymouth has donated \$15,000 toward the St. Mary Hospital Building Fund, it was announced yesterday by Sister Mary Columbine, administrator of St. Mary Hospital.

She expressed hope that other industries in the area will also take up their share of community responsibility in promoting the hospital which will serve not only the people of Livonia, Plymouth, Northville, Farmington and Redford Township, but also all employees of industries located in these communities.

Construction of the hospital is progressing satisfactorily. The five story structure is under roof and has all windows installed. Crude partitioning of room areas has reached the fifth floor and plastering has begun on the first and second floors.

# Sale of City Land OKayed

A formal recommendation has come from the Riverside Cemetery Board of Trustees to sell the vacant field north of the cemetery for light industrial use.

Their motion also recommended that of the taxes derived from new industries, \$1,000 a year should be put aside in a trust fund. The fund would be used in the future for acquisition of cemetery land in some other area should commissioners decide there is a need for a city-owned cemetery after Riverside Cemetery is filled.

The traditional bridal flower is the myrtle, which was sacred to Venus, goddess of love.

# Plymouth Township Minutes

May 6, 1959. A regular meeting of the Township Board was held at the Township Hall, Wednesday, May 6, 1959 at 8:04 p.m.

Mr. Sparks moved that the request by Fire Chief Holmes for the purchase of an explosion meter be granted. Supported by Mr. Miller and carried unanimously.

Mr. Miller proposed a resolution that National Bank of Detroit and Cass City State Bank be designated as depositories for Township funds and that such banks be authorized to honor all withdrawals when signed by Elizabeth Holmes as Treasurer according to her duly certified signature.

An amendment to Building Ordinance VI and designated as VI-A, which provides for a change in specifications to certain building materials as provided in Sections 111.51 and 111.55 of Ordinance VI was read by Mr. Lindsay. Unanimously adopted on a motion by Mr. Sparks.

On a motion by Mr. Norman and supported by Mr. Sparks, Board of County Road Commissioners of Wayne County was authorized to make progress payment No. 1, amounting to \$27,742.50 for construction of Plymouth Township sewer, also that Mr. Roy R. Lindsay as Supervisor be designated as the authorized signator for the present arrangement of retaining such equipment with fire trucks.

When Melinda Gae Garchow posed for her first official portrait in the arms of her mother, Mrs. Richard Garchow (nee Peggy Wingard), there was understandable pride shining in the eyes of her many grandmothers.

## And Baby Makes Five

By Kathleen B. Dodds

It isn't often that the Plymouth Mail has the pleasure, and honor, of reporting five living generations in a family. It becomes quite an event when we can report on two sets of five generations in a family.

When Melinda Gae Garchow posed for her first official portrait in the arms of her mother, Mrs. Richard Garchow (nee Peggy Wingard), there was understandable pride shining in the eyes of her many grandmothers.

The youthfulness of this family is impressive. Particularly pretty and vivacious is Melinda's young grandmother, Mrs. Edwin Wingard. Even the eldest of the grandmothers are very perky ladies.

Posing with Melinda, who is two months old, and her mother, Peggy Garchow, 21, are the baby's maternal grandparents, Ruth, 39, and Edwin Wingard, 43; Mrs. second set of five generations are Mr. Wingard's mother, Mrs. Erwin Hobbins, 61, the baby's great-grandmother; and Mrs. Vivian Wingard, 66, the baby's great-grandmother, and Mr. Wingard's grandmother, Mrs. Mary Wingard, 89, the baby's great-great-grandmother.

LOCKPORT, N.Y. (UPI)—After hearing an expert testify that a scale-model skeleton was an "excellent replica" of the human frame, Supreme Court Justice Hamilton Ward promptly named it "Joe Bones" and made him an honorary member of the bar with instructions to be present at all civil injury claims cases.

STEREO HEARING AIDS

NEW YORK (UPI)—Stereo has gone to work for the hard-of-hearing. Hearing aids have been developed which come in pairs, one for each ear, separately adjusted.

The Hearing Aid Industry Conference said this method of binaural hearing enables persons with certain types of defects to achieve a better sense of sound direction and distance than a single aid would give them.

# Farm Bureaus Meet In Salem Area

Mrs. Herbert Famuliner of Faldbrook 3-0924, The Holstein-Friesian Association of America has announced the completion of outstanding official production records by registered Holstein cows owned by two local farmers. Larrol Echo Olive Sylvia owned by R. M. Brelge of Eight Mile Road, produced 15,101 pounds of milk and 497 pounds of butterfat in 306 days on twice daily milkings as a five year old. Brauns Raven Maid, owned by Frank Geiger and son of Five Mile Rd., produced 12,613 pounds of milk and 409 pounds of butterfat in 310 days on twice daily milkings as a four year old. Michigan State University, working in close cooperation with National Holstein Organization, supervised the weighing and testing of production as a part of the Herd Improvement Registry program.

The annual school census of Lyon Township School District is underway. Mrs. Earl Robert, Mrs. Lester Smith and Mrs. Walter LaCour are busy in the Salem Area. Salem Hobby Club met at the Famuliner home last Monday evening with 16 attending. Copper pictures was the lesson and will be continued next month at the June meeting at the home of Mrs. Earl Roberts of Chubb Road. Strawberry shortcake, coffee and tea was served after the lesson.

The Northwest Washtenaw Farm Bureau group met at the home of Mr. and Mrs. Jerry Gardner of Ruston Rd., last Thursday evening, May 14. Fourteen members and two guests were present. Leo VanBonn called the meeting to order. Reports of the secretary and the minute-man were given. There will be no June meeting because of the busy farm season. The July meeting will be a picnic to be held at the Ray Gregerson home on Six Mile Rd. Refreshments were served by host and hostess.

Thursday afternoon 15 girls of Brownie Troop 287 from Detroit enjoyed a hayride and camp fire in the Famuliner orchard. Nancy Cort spent the weekend with her parents, the Drayton Cort's. Nancy is in her Junior year at Michigan State.

Worden Extension Club will meet May 26 at the home of Mrs. John McIntyre of W. Seven Mile Road. Kenneth Hardesty will be celebrating his 12 birthday this week. Laura Famuliner is celebrating her 11 birthday on Tuesday.

Mr. and Mrs. Chester Anderson of Ionia, (formerly Eve Nagy) announce the birth of a son Victor Dale. The baby weighed 8 pounds 4 ozs. Bruce Grainger and Richard Brook of Thamesville, Ontario were Sunday dinner guests at the Famuliner home.

The May meeting of the Suburban Farm Bureau met at the home of Mr. and Mrs. Howard Last, with 15 members present. The meeting was called to order at 9 p.m. by the chairman, Mr. Herbert Conant. Songs were sung led by Charles Steele. The pledge to the flag was said and the Farm Bureau Creed. The minutes of the April meeting were read and accepted. The minute-man was absent so Mr. James Brumel read a bulletin on Milk Control Bill, on Education, Inflation and Labor Legislation. The package reporter, Harlow Ingall, gave a short talk on the difference in gas.

Mr. Roy LeMaster suggested we make a contribution of \$50 by our group to the Farm Bureau Building fund, by each couple giving at least \$2. Motion carried. The meeting was turned over to chairman, Mr. Roy LeMaster, and a discussion followed on "What Farm Bureau Program are Future Developments in the Now Possible." Slides were

shown by Mr. Conant of the "Wild Flowers of Michigan," which were beautiful. The host and hostess served jello, cake and coffee. Mr. and Mrs. Ferman Rohraff and children spent the weekend with the Esch family of Webberville. Sunday evening the Tony Rohraff family and the Henry Falloff family spent the evening at the Rohraff home. Knowles Buers celebrated his birthday Sunday with a dinner at his home. Mrs. Fred Runstrum of Five Mile Rd., had a Stanley party on May 11. Mrs. Martin Schomberger and daughter Linda and Mrs. Glen Stacey were callers at the Charles Stacey home. Mrs. M. P. Early of Lansing is spending a few days with Mrs. Wheeler. Mrs. C. L. Wheeler spent the weekend with her son and family in Ypsilanti. Mrs. Arlene Alter of Flat Rock is spending the week with the Gilbert Alters. Mr. and Mrs. John Nagy and daughter Jean were Sunday night callers at the Famuliner home.

On May 17, six youngsters, Keith Evans, John Olendorf, Jean Murdock, Rita Thomas, Barry Corwin and Bill Inman shot in the State Outdoor Junior Championship Matches at Waterford, Michigan.

Although the results are not completely tabulated, it is known at this time that the group has taken high individual in Sharpshooter Class and John Olendorf won a trophy for High Sub-Junior (13 years and under).

Keith Evans won the Colonel Vincent Foster Trophy for high boy in the four position match, a score just two points below the winner of the State Individual Championship.

The four-man team consisting of Keith, John, Jean and Rita was second in team scores, just 14 points below the state championship.

**New Section of Lake Pointe Village Open**

Another section of Lake Pointe Village north of Schoolcraft Rd. in Plymouth Township has opened and is expected to be selling fast this summer.

A formal opening of the new area was held two weeks ago. The section south of Schoolcraft is now being completed and now the larger portion surrounding Helen Farrand School is being offered.

**Beaver, Otter Trapping Falls Short**

LANSING, May — Despite deep snow and poor trapping conditions in several areas, Michigan trappers harvested 15,607 beavers and 830 otters during the past season.

Liberal season lengths and bag limits partially offset these conditions. However, this year's trapping take fell short of the record set in 1958 when 19,611 beavers and 885 otters were harvested.

Trappers took 13,189 beavers and 539 otters in the upper peninsula. The beaver figure was largely due to trapper success in Baraga, Crystal Falls and Escanaba districts; particularly the Baraga district where 6,418 were taken.

THIS IS MICHIGAN WEEK — Michigan people own more boats per capita than the people of any other state.

There are four models being sold, each with a variety of exterior designs to provide about 20 different styles. Their prices range from \$14,750 to \$18,500. The largest model has a family room, one and a half baths, three bedrooms, full basement and an attached two-car garage.

The Seville, least expensive of the models, boasts a family room at the rear of the house with a sliding glass door. Also at the rear is the living room while the kitchen is at the front.

The Regent has an attached carport and a covered front porch. Built-in vanities in the baths, garbage disposals, 40-gallon water heaters, natural finished woodwork and brick exteriors are found in all models.

The announcement by the Fred E. Greenspan Building Co. that a 30-store shopping center will be built at the Wilcox and Schoolcraft intersection. It will be called Lake Pointe Plaza.

LOU CREEKMUR, the Detroit Lions tackle, was an honored guest when Lake Pointe Village held Open House to disclose big expansion plans. Joseph Staub (left) and Fred E. Greenspan (right) represented the subdivision builders and revealed that another 200 homes will be constructed in the next few months, just about doubling the size of the Village which lies in Plymouth Township at the western foot of Schoolcraft Rd., almost on the Plymouth-Livonia boundary. Future plans also call for building of a shopping center.

The Frank L. Braun Realty Co. continues to handle sales. Of particular interest was the announcement by the Fred E. Greenspan Building Co. that a 30-store shopping center will be built at the Wilcox and Schoolcraft intersection. It will be called Lake Pointe Plaza.

BOSTON (UPI) — The discovery of a new family of chemical agents that make laboratory animals more cheerful was reported at the annual meeting of the American Chemical Society here. One of the agents, nielamide, overcame mental depression. The drug now is being tried on humans, but it's not available for general use yet.

**Report Lake Levels Good**

LANSING, May 14—Swimmers, boaters and other water sports enthusiasts may very likely benefit from last winter's deep snow and low temperatures.

Together with spring's above-normal rainfall these conditions have produced promising water levels in most of the state's inland lakes.

At the end of April, lake levels in the southern lower peninsula were generally 0.1 to 0.3 feet above the 15-year median for this month. Provided near-normal precipitation occurs during the months ahead, lake levels in this region can be expected to remain close to the median.

In the northern lower peninsula, lake levels rose sharply during April. By the end of the month, some lakes had approached their record high levels.

Above the Straits where spring's arrival lags two-three weeks behind the lower peninsula, water level figures will not be available until late May. Snowfall was about normal there last winter.

Much still depends upon the amount of rainfall during the coming months. In recent years, many lakes have experienced water level deficits due to light precipitation during the summer months.

# Vincent Voted Most Valuable Swimmer

Nineteen swimmers and two managers received their awards for the season's work at the annual swimmer-parent get-together.

The annual evening dinner was held at the Jr. high with swimmer Dave Glanders as the guest speaker. One hundred and sixty-two parents, swimmers and friends were on hand to hear the talk and to watch the athletes receive their awards.

Co-captains for the coming year, Jim Carney and Allen Davies, were elected. At the same time it was announced that Jack Vincent had been chosen the most valuable player of the season.

Besides the swimmers that won recognition were the managers, Earl Wright and Herb Kehrl.

Those receiving swimming awards were:

Doug Balfour, Jim Carney, Don Cash, B. Curtis, Robert and Ronald Daley, Allen Davies, Dick Gretzinger, Art Helm, Nick Herrick, Ron Hubbs, Val Losse, Carl Melow, W. Smith, Beau Toll, Jack Vincent, B. Williams, D. Williams, Bruce Woods and Scott Soth.

# Plymouth and Bentley Jockey For First Place

This afternoon's game with Bentley will be the deciding game for both teams as far as possession of the league title is concerned.

After last Thursday's action, when Plymouth defeated Bentley 2-1, the two teams have been tied at 7-2. Trenton is the third place team with a 5-3 mark.

In other action last week the Rocks made short work of the boys from Redford Union, 17-0, then played a closer matched contest with Belleville downing them 3-1. The Rocks rolled over Redford scoring five runs from four hits in the first inning and then collecting six from five in the seventh. Plymouth then scored one each in the second and sixth with two each in the fourth and fifth.

Coach Hoben used three pitchers in that game, giving Egloff a rest. Randy pitched 3 1-3 innings, D. Wells 1 2-3 and Thompson 2.

Redford scored two in the fourth, one in the fifth and three in the seventh as they tried to make a comeback, much too late to be of any importance.

Against Bentley and Belleville the matter of winning was left more to playing ability rather than brute force. Salan and Sparkman managed to break loose in the seventh inning to score the winning runs against the Bulldogs. Bentley had scored earlier, Bright in the fourth, and held the advantage of being ahead until that seventh

# Detroit Race Course Opens Season Early

The racing hopes that bloom in the spring was noticeable earlier than usual this spring.

The familiar cry, "They're off!" was heard for the first time Wednesday (May 20), when the Detroit Race Course inaugurated Michigan's thoroughbred season.

Only once before in the history of the Michigan Racing Association has the season opened as early as it did this year. In 1955 the thoroughbreds also went to the post for the first time on May 20.

The DRC season, set for 85 racing days, will close on July 25.

Highlight of the meeting, with a stake of more than \$200,000, will be the running of the \$50,000-added Michigan Mile on July 11.

While the season has been cut from 1958's 60 days to 58 days this year, the Michigan Mile has been lengthened to a mile and 1-16th.

Once before the Michigan Mile was contested over the distance of a mile and 1-16th. That was in 1957 when My

Night Out was the winner. In producing a sparkling list of stakes and features, racing Secretary Robert P. McAuliffe has continued such traditional events as the Frontier, Bull Dog and Boots and Saddle handicaps. In addition, he has scheduled two new \$15,000 races — The Water Wonderland and The Devil Diver.

Frontier is the state's ideal thoroughbred race, dating back to 1903.

# Jr. Golf Program to Start Third Year at Hilltop

Plymouth's popular Junior Golf Association will begin its third season of play on Monday, June 22 at Hilltop Golf Course. The Plymouth Jaycees will again co-sponsor the association with the Recreation Department.

There will be two divisions of the association this year. The regular group will have members who have some golfing experience. Newly formed is a separate group for beginners.

Bill Stockton, Jr. has been named to handle the Jaycee assignment. The local Jaycees have "sponsored" the national organization which this year urges formation of junior golf groups. Local Jaycees co-sponsored the Plymouth Junior Golf program last year.

Stockton will work on the trophy committee with Mrs. Bill Augustine, co-chairman of the association; Chris Burkhardt, professional at Hilltop, and Herb Woolweaver, Recreation department director.

Registration forms for the association may be secured at the high school recreation office or at Hilltop. They must be filled out and fees paid to Burkhardt who will again be treasurer. Fees are the same as last year, 50 cent membership and 75 cents green fees (Monday morning only). All registrations should be made before the first day of play, June 22 at 8:30 a.m.

Dates for league play are June 22, 29, July 6, 13, 20, 27 and August 3. The tournament will be August 10 and 11.

Mrs. John Izett will continue as chairman with Mrs. Larry Becker and Mrs. Bill Ottwell. Mrs. Bruce Richard will be helped with registration by Mrs. Jack Penland.

New members can be included in this division if they can prove their ability to Mr. Burkhardt before the day of registration. All other new members will play in the newly-formed Beginners Division on Friday mornings.

Three years ago when the association started, 25 youngsters were anticipated and 63 showed up. Last year 114 participated, about 50 per cent of whom were beginners. There are 142 eligible for the Monday League. Starting times for the first day of play will be announced later.

# LaRoche and 880 Team Place For State Meet

Plymouth placed Ed LaRoche and the 880 relay team in position for the State meets to be held this Saturday.

LaRoche, along with the relay team, scored in the regional competition at Ann Arbor to win themselves the trip to state level activity.

The local cindermen scored a total of 14 1-3 points to capture a fourth place position. Flint Central took the first place honors with second going to Ann Arbor and third to Flint Northern.

In the field event D. Williams captured a fourth place in the broad jump and Brown tied for fifth in the pole vault.

LaRoche had an outstanding day as he took third in 10 and fourth in the 220 besides running in the 880 relay.

The medley relay team composed of Carney, Hall, Turkett and Alsbro placed third but the 880 relay squad. Flint Central had taken the second spot, but was later disqualified, leaving the field open to Plymouth.

That team was D. Williams, Carney, Turkett and LaRoche. They took the second spot behind Flint Northern and Ann Arbor in the third position of the state meet berth.

Guess the advertising department isn't mad at me any more. They allowed me to write a column this week.

According to the information that reaches me, the Board of Education has changed their mind on the charge for instructional swimming this summer.

The charge was not eliminated but was reduced to the point that makes it possible for everyone to take part. The first figure released was three dollars; at one time they actually considered five dollars. Now the fee is one dollar.

You will no doubt receive a letter in the next few days that will give complete details as to the summer's activities.

What prompted the change in the charge? It seems that an organization uncovered some information that the board took to heart, and after due consideration made the change at the Monday night meeting.

Director Woolweaver informs me that more help is to be added to the work force to keep the ball diamonds and other parts of the recreation plant in better shape.

Also Bill Keefer spent some time with Woolweaver, as equipment was checked for the summer.

# Rock Golfers Win Berth In State Meet

The Plymouth linkmen regional meet that was held last Friday afternoon at Burroughs Farms.

Ann Arbor took the match with 319, Dearborn second with 322, followed by PLYMOUTH and Walled Lake with 342. Then came Owosso, Trenton, Ypsilanti, Monroe, Wayne, Taylor Center and Garden City.

Before going into the regional competition the Rocks scored a close victory over Trenton 171-178, then dumped Allen Park 176-213 before the regionals the next afternoon. The matches against Trenton and Allen Park were at Brae Burn.

The sudden death play-off between Walled Lake and Plymouth was necessary because only the top three teams are picked to go on to state level action.

Last year the Rocks finished sixth in the state competition.

**THE MAIL ATTITUDE**  
BY PAUL CHANDLER

**PLYMOUTH** civic leaders accept Wayne County Frontiersman Award for community efforts in promoting Burroughs Week celebration. From left to right are Albert Glassford, Plymouth city manager; Ralph Lorenz, manager of the Mayflower Hotel; Plymouth Mayor Harold Guenther, and Edwin O. George, Vice President of Detroit Edison Company and New Frontiers Day Chairman of the Wayne County Michigan Week Committee, who made the presentation. Plymouth was selected for one of five Wayne

County Frontiersmen awards for fostering better understanding between community and industry through promotion of the Burroughs Week, which honored Plymouth's biggest employer and taxpayer, the Burroughs Corporation. The Week was sparked by Paul Chandler, Publisher of the Plymouth Mail, and Lorenz, County "Frontiersmen," who are eligible for consideration for state awards as a part of the Michigan Week observance, were honored at a luncheon last week at the J. L. Hudson Company.

**PART OF THE PROGRAM** during the Exchange of Mayors Day last Monday included a visit to Burroughs Plymouth Division. Examining a new Burroughs Proof and Distribution System while on a tour of the Plymouth

plant are (left to right): Holland's Mayor Robert Visscher; Al Glassford, city manager of Plymouth; Sy Cooper, president of Plymouth's Chamber of Commerce; and Ernest Phillips, alderman from Holland.

John Q. Public has a rare chance tonight (Thursday) to see for himself what it's really like inside a modern new plant.

For a model train enthusiast, the treat should be positively ecstatic.

We're talking about Western Electric's blanket invitation to everyone in this area to come on out from 7 to 9 this evening and stroll over the ultra-modern warehouse operation which occupies some attractive acres on Sheldon Rd., just north of Territorial, in Plymouth.

A.D. Johanson and his aides began moving into the Western Electric warehouse late last year, but they deferred their community hospitality party until everything was in place and shined up for inspection.

From this one building flows practically all the materials which Michigan Bell Telephone uses in the whole state of Michigan. The phone set in your home once sat on W.E. shelves, not far from the miles of heavy cable which carry the impulses and the box of typewriter ribbons which are used to type your monthly phone bill.

The big trick, from a management standpoint, is to know where each of 10,000 items is located within the cavernous building, how to get any one of those items quickly enroute to its own particular truck or train, with an absolute minimum of searching or confusion.

Searching and confusion are much deplored by plant managers, you may be sure, because they increase overhead expense.

A device which helps is also one which has the appeal for model train engineers. A great deal of merchandise travels on tracks around the building, up and down grades, turning at corners, and dropping off into wayward "stations". This traffic is in basket-type "cars" but it's automatic once the buttons are pushed and there's quite a thrill in seeing the little boxes hustle about their way, homing straight to their destination, without a human around to watch or worry. It's the biggest electric train set in the world, maybe, if you want to look at it that way.

The warehouse itself is almost as spick and span as a hospital. It's one of the half-dozen largest facilities of its kind in the metropolitan area.

Anyhow, the visit is thoroughly recommended as a pleasant night out for the family tonight. Refreshments, too. And much better for the soul than television.

Western Electric's decision to locate here was one sign of outside faith in the Plymouth area's future, of course.

There are others of recent origin which go a long way to bolster up an optimist. Lake Pointe Village, which last year turned into one of the really "model" subdivisions in the County, is plowing ahead with a program to double its size this year and ultimately become a community of 1200 homes. And Lake Pointe is serious about putting a small shopping center into the forks of Wilcox and Schoolcraft Roads.

In the background are two big plants which might add \$150,000 or more a year to local tax receipts and hire hundreds of workers. Both are negotiating for sites at the moment.

Next week, too, sees the opening of another major supermarket, Food Fair. This particular chain has been thriving in recent years in the fierce war which goes on among supermarkets. Its decision to open in Plymouth, where three other big supermarkets already are in business, can mean nothing but a bet on continued growth and prosperity here.

Food Fair's store hours, incidentally, are conjured to shake up things hereabouts. It will be open 12 hours a day, 9 a.m. to 9 p.m. every weekday and 8 a.m. to 9 p.m. on Saturdays.

As of now, Plymouth has no stores (except those in the neighborhoods) which are open more than three nights a week.

Our newspaper has been called to task for a recent news story in which we referred to a real estate operator as a "Realtor."

It develops that the latter term is guarded jealously, and is registered and protected by law. It is the property of the National Association of Real Estate Boards.

Robert Harrison was the man involved. He was indicted for larceny by conversion.

Jack Jominy of the Western Wayne County Board of Realtors writes: "Mr. Harrison is not a 'Realtor'. Application of the term to Robert Harrison makes us feel as General Foods might feel if you reported that someone was poisoned by 'Jello' when actually it was caused by an unrelated gelatin dessert."

We are glad to clarify and instruct all copy readers and reporters to take heed. Be careful in the use of "Realtor". Also "Jello", and we happen to know that not all cellophane tape is "Scotch tape", either.

# Commission Finds Control of Looks of Home Too Risky

## Visiting Mayor

(Continued from Page 1)

Unless some new information turns up later to change their minds, city commissioners will not try to draw up an ordinance that will control what a new house must look like on the outside.

Commissioners learned Monday night that no community in Michigan, except Dearborn, have been able to get away with regulating the outward appearances of homes. And Dearborn, it was reported, always risks court action.

It was over a month ago that the city commission asked the city manager to find out if it is possible to regulate the appearances of homes, so that no two houses side-by-side or within a cer-

tain distance can look alike. This question was a sore point with many citizens who disliked the prospect of such a situation in a proposed subdivision here.

According to the Michigan Municipal League, such regulations are not possible in Michigan. Ralph Spear, director of the League, said that the Michigan Supreme Court appears not yet willing to go very far in upholding

ordinances based on aesthetic considerations. It was pointed out that the only effective regulation of the type of housing permitted is through protective covenants included in deeds to the property involved. But enforcement of these is an individual property right which can be enforced by private citizens and is not a municipal control. But even this form of regulation is of questionable value in light of some recent U.S. Supreme Court decisions, it was reported.

City Manager Albert Glassford's report added that Fox Point, Wis. and several ex-

isting U.S. communities have been developed. Enforcement of this has come mainly through harassment of the builder rather than legality of the ordinance, the report indicated.

City Attorney Harry Deyo expressed his belief that if the city doesn't mind getting involved in court actions, it must submit at least five different elevations for the area used. Commissioner Richard Wernette pointed out that Dearborn has a large legal department, at its disposal and that "Hubbard is glad to see them in court keeping busy."

The commission decided to accept the report. They unofficially decided to not pursue the matter further unless new information turns up a legal method of such control.

## Commission Opposes

(Continued from Page 1) design of school construction is a fundamental and basic element of good city planning and must, of necessity, be integrated with all other parts of a sound program, and "Whereas, it has been established that the Plymouth community requires additional high school facilities

and new secondary school facilities must be built, and here is pending a decision before the Board of Education as to where to locate the new facilities. "Now Therefore Be It Resolved, that the City of Plymouth record its opposition to any plan which would call for the construction of a new high school at this time at any location other than at or adjacent to the present high school site.

"And Be It Further Resolved, that the City of Plymouth endorse the general plan which would place the new high school facilities at or adjacent to the present high school site. "And Be It Further Resolved, that the City of Plymouth urge that the Board of Education give maximum weight to the social and economic benefits to be derived from planning toward a central 'campus' or civic center which could be ultimately integrated with other public buildings in the area."

## Hike In Rubbish Pick-up For Commercial Places Studied

The city's commercial establishments may be paying higher rubbish collection fees this year, according to discussions at Monday night's city commission meeting.

A report to the commission from City Manager Albert Glassford has revealed that the city is going into the red in its commercial rubbish collection. While commercial establishments are not ex-

pected to pay the entire cost of collecting rubbish, the report showed that of the \$15,500 it costs to make the pickups among these commercial places, they paid only \$1,400 this year.

Stores and factories now wanting special pick-up are issued cards which are purchased in advance and then punched out by the rubbish collectors who charge by the minute. The report states that it sometimes takes the driver more time to locate the cards and collect the money than to make the collection.

It is proposed to have a minimum monthly charge for a commercial pick-up of five minutes or less per week costing \$3.40. It is also proposed to bill commercial establishments monthly.

Time studies have been made on all establishments and would continue to be made periodically to determine how long it takes at each stop.

To explain the plan more fully, the city is mailing out a copy of the report to the 80 establishments now receiving the service. It is estimated that the new method would produce \$6,750 annually. The manager said that while homeowners pay nothing extra for their rubbish pick-up, commercial establishments should pay about half the actual cost of special pickups. Most places have two to four pickups a week.

## NEWS BEAT

Thieves worked a long time Sunday night to make a profit of \$3. Using a sledge, they knocked a hole 16 by 24 inches through the west wall of the A & P, ended up in a wash room. They pried off the plywood wall of the office and worked over a safe. Finally giving up, they took \$3 from a drawer. Working at a legitimate job, they could have earned much more for their time and effort... Other thieves broke out a window in the Junior High home economics room Monday night, took \$2.80 from a vending machine.

**JUSTICE:** The rash of overtime parking tickets issued has caused quite a bit of gnashing of teeth lately... Some merchants feel that they are losing customers when a ticket is issued... In rebuttal, others say there's no use having meters unless they are enforced... If it's any comfort to violators, such people as Police Chief Kenneth Fisher, mayor Harold Guenther and City Manager Albert Glassford have had overtime tickets lately... The easy way out is to pay the ticket within an hour and it costs but a quarter.

**FIRE RUNS:** A 1948 car was lost to fire on Shear Drive late Monday night, Plymouth Township firemen reported. An overheated oil furnace and several grass fires were causes of other runs during the past week... City firemen had to break a window to get into a parked car across from Continental Can last week. The interior was burning and the driver couldn't be located.

**INSIDE JOB:** Elmer Passage, who devotes many hours to Junior Police Archery and Rifle Club work, was doing some carpenter work at city hall last week. His ladder turned up missing one morning and couldn't be found. He threatened to call in Livonia police to investigate his friends in the Plymouth Police department. But the ladder reappeared the next day just as mysteriously as it disappeared.

**BETTER ROAD:** A contract was let this week for the widening and paving of Ann Arbor (M-14) from Sheldon Rd. to the Washtenaw County line. The 20-foot wide road will be widened two feet and the entire strip covered with bituminous concrete. The job is to be completed by Sept. 30... So far the State Highway Department has no starting date plans for M-14 in Washtenaw County, although surveyors have been at work.

**NEW HOURS:** Saturday hours at the local license bureau will be from 9 a.m. to noon instead of 1 p.m., it was announced this week... Boat owners are reminded that boat plates are now available at the Plymouth office... Power boats 16 feet or over which navigate on the Great Lakes or its tributaries must be licensed.

**DISPLAYERS NEEDED:** All types of business establishments, whether in Plymouth or not, are being invited to set up a display at the July 4th celebration bureau will be from 9 a.m. to noon instead of 1 p.m., it was announced this week... Boat owners are reminded that boat plates are now available at the Plymouth office... Power boats 16 feet or over which navigate on the Great Lakes or its tributaries must be licensed.

# Who's New in Plymouth

PLYMOUTITES MAY FEEL honored to have their town chosen by Mr. and Mrs. Joseph Joachim as their permanent homesite, for they have really shopped around. In six years of married life they have lived in six places, and Plymouth is the home-site of their choice. They have a four-bedroom ranch home at 434 Provincetown Lane that is more than adequate for themselves and their two children Craig 3, and Kathy 5,

(above). Joseph is a construction engineer with Giffels and Rossetti, and at the present time is working on the new post office in Detroit. Barbara has joined the Newcomers Club and finds Plymouth atmosphere extremely friendly. The young couple met here when Joseph graduated from Plymouth High. At that time he and his parents were Livonia residents and Barbara lived in Wayne.

### Bicycle Found

Mrs. Vora Burgett, 40364 Ferguson, reported that her children had found an Evan's boy's bike, color red, in the field across the street from their home Saturday, May 16. The saddle and one handle grip were missing, but other than that the bike was in very good condition. Investigation is being made to find the rightful owner of the bike.

### Home Entered 3 Times

A vacant home at 1456 Lilley Rd., Canton Township, has been broken into three times in the last two weeks, says John Senivech, owner of the home. The basement window and back screen door were broken to gain entry, but nothing else had been disturbed. Sheriff's authorities think it may be the work of teen agers. The home is under surveillance.

### Honored

John Riber, 398 Pacific St., Plymouth, Mich., was among 75 students of the University of Wisconsin who were honored for their outstanding achievements in both their studies and their extra-curricular activities during their University careers at the annual Awards luncheon held on the UW campus May 16. John received the Joseph L. Baron Award in Hebrew studies.

## Beta Sigma Installation

Mrs. Gerald Fuelling, 620 Byron St., Plymouth, was hostess to a special meeting of Beta Sigma Phi called by Mrs. Robert Brown, President on May 12 at 8 p.m. Future plans and projects were discussed at length with final arrangements made for the second rummage sale, held May 14, 15 and 16 at Smith Music Co.,

504 S. Main St., Plymouth. The first anniversary dinner is being planned for June 2 by Mrs. William Bailey, Social Chairman of 1958-59 and Mrs. Lee Rehbein, Social Chairman of 1959-60. Installation of new officers was held May 19 at the home of Mrs. Melvin Fuelling, 11767 Erisilla Lane, with an impressive ceremony.

## Witnesses To Attend Bible Training Course

Jehovah's Witnesses will hold a three-day circuit assembly in Ypsilanti, May 22-24, it was announced by C. Carson Coonce, presiding minister of the Plymouth congregation.

The Ypsilanti High School is to be used for the occasion and upwards of 1,300 delegates from 21 southern Michigan cities are expected to attend the sessions.

Mr. Coonce said, "The assembly is not a revival, but is held primarily to advance Christian Bible education and will concentrate principally on the art of teaching." The three-day program includes a variety of talks on Bible subjects. Groups of ministers will discuss ministerial problems and demonstrations will teach how Christians should conduct Bible studies. Sessions will be conducted morning, afternoon and evening, with baptism of new ministers on Saturday afternoon.

A new film, "Divine Will International: Assembly of Jehovah's Witnesses," released for the first showing May 2, will be shown on Saturday evening. The featured speaker appearing daily on the program will be Peter D'Mura from Jehovah's Witnesses' world headquarters in Brooklyn, New York, who currently is district supervisor of congregations in Michigan, Indiana, and Illinois. Mr. D'Mura will deliver the principal address of the assembly on Sunday, May 24, on the subject, "A Paradise Earth Through God's Kingdom."

About 95 from the Plymouth, Northville and South Lyon area are expected to attend the meet. Richard Krebs of Dundee is convention manager and K.H. Knight, of Jackson, is program director.

## THE GOOD OLD DAYS... FROM THE PAGES OF THE MAIL

### 10 Years Ago

May 19, 1949

Hees wins place on list of state's best debaters. Plymouth commissioners approve \$244,770 budget for the coming year. 103 citizens protest dust in Allen Industries area. The assessment roll of over 11 million dollars is approved. Honey is seeping from masonry around the stained glass windows on the front of Salem Federated church. Melvin Hunt, 104 Holbrook, caught a 27 pound muskie that tipped the tape at four feet, two inches while fishing in the St. Clair River. Charles Finlan returned Sunday from a ten day trip to Albuquerque, New Mexico. Pvt. Barbara Green of Camp Lee, Virginia, spent the weekend with her parents, Mr. and Mrs. Richard Gray of Elizabeth St. As the result of one of Plymouth's closest elections, Don Sutherland became the mayor of Plymouth High School. Other student council officers are: David Reitzel, vice mayor; Nancy Morrow, Secretary; and Ronald Witt, treasurer; Pat Zink also became one of the few girls to be elected president of the senior class. Mrs. James Birchall is spending some time at the home of her parents on Ann St. while her husband is on a cruise in the Mediterranean. Mr. and Mrs. Arthur Hancock and son, David, of Welch, Oklahoma, spent last week with the latter's sister and family, Mr. and Mrs. George Adams of Corrine St.

Miss Helen Roe, daughter of Mr. and Mrs. W. B. Roe will leave on May 27 for San Francisco from which place she will sail on May 25 for a three month trip around the world visiting in China, Japan, Honolulu, the Philippines and many other countries before returning home. On Tuesday evening, about 16 relatives and friends helped Thurman Rodman celebrate his birthday coming at the invitation of Mrs. Rodman. Red Enemy will be speaker here on Memorial Day. O. L. Smith has consented to come to Plymouth for address. Smith, in addition to convicting Reds, also brought about the conviction of Arthur Rich, who because of his wealth, had been given leniency many times for a brutal murder he committed. Miss Hazel Beyer becomes the bride of Ernest Wendland. The ceremony was performed on Saturday evening, May 12 in the Livonia Center Lutheran church, Reverend O. J. Peters officiating. Bridesmaid was Miss Evelyn Ash and assisting the bridegroom was Raymond Wendland. On Friday, May 18, at 8:45 p.m. by special arrangements, Lowell Thomas will

broadcast from inside an operating mine in the New River district of West Virginia. The mine produces the coal now sold by Eckles Coal and Supply Company. Plymouth high school is given full approval for another three years of accredited listing by the University of Michigan. When Fire Chief Wagenschutz answered the phone last Friday noon he was informed there was a fire-grease where - his own home. Blunk Brothers were informed yesterday that they have been appointed district distributors for Kelvinator appliances. The Sarah Ann Cochran chapter of the D.A.R. announces that Miss Marion Kleinschmidt of Plymouth was won second place in their 4th annual American History contest award. First place went to John Angell of Northville. Harold Wagenschutz, son of Mr. and Mrs. Fred Wagenschutz, brought laurels to Plymouth high school last Saturday when she is member of the Twin Valley school met held at Ypsilanti. Not only did he win the event but he broke the standing track record by jumping 21 feet. First National Bank will ask moratorium depositors for a right to release about \$175,000. Government consent to the plan has already been given and blanks mailed out to depositors. Senior Biographies: Rosemary West, our c'm up and see me some time gal was born with blue eyes and straight brown hair in Pennville, Indiana, she came to live in Plymouth about 10 years ago. She is a member of the Girl Reserves, Leaders club and the Drama Club. About a month after school is out Rosie is going to pack her things and head for Cleary Business college. On Thursday evening Miss Gladys Schrader entertained her basketball team "The Debs" at dinner last Thursday evening at the Hotel Mayflower. Luckily her team won every single game during the season. Guests included: Elsie Arcott, captain; Luella Kees, Alice Crannell, Sarah Lickly, Ida Mae Harmon, Maurice Baughn, Margaret Dunning, Wilhelmina Rocker and Luella Meyers. Farmers lost thousands of tomato plants last Friday due to frost following the terrific dust storm.

Ernest Henry was re-elected President of the Plymouth organization's annual mouth Historical Society at meeting held May 14 at the Grange Hall.

### Grange Gleanings

The meeting this evening will be interesting and the homemakers will learn some new ideas for cooking. The meeting is in charge of the Home Economics Group and their subject is "Herbs Used in Cooking". Jesse and Louise Tritten and the boys spent last weekend in Brethren with relatives. They returned home Monday. Are you planning to come out for fish supper Saturday night? Servings will be from five to seven. Fresh perch filets are on the menu for the meat course and they are good. The Committee has a nice menu planned so get your tickets tonight (Thursday) at Grange and also tickets may be obtained from Mrs. Squires. We hope for a fine crowd at this is the first public supper until next fall. Tickets may be procured from Bessie Salow at Dunning's. Mrs. Jennie Cramer is ill at her home with a severe attack of arthritis and suffers a great deal of pain. We hope she will soon be better.

The Society was organized on June 8, 1948 and has functioned regularly ever since. Its purpose is to encourage local historical study and research. Anyone interested in the history of Plymouth and vicinity is eligible for membership in the society.

Tornado season in and around Michigan has provided more than its share of dramatic events. Who can compete with the fury of a woodpecker? Any act that follows the destructive force of such divine devilment has a mundane flavor. Last week, the tail-end of an Illinois twister ended up over Ann Arbor way. That same evening the drama Season opened with Charlton Heston playing "Macbeth". As I stated earlier, it must have been quite a challenge to open in Shakespeare's "Macbeth" right on the heels of a genuine earth-shaking event. Even without the untimely assist from nature, it was probably a booking error to bring "Macbeth" into Ann Arbor to open the Drama Season. Unless this tragic work is staffed with many competent players and given ample time to rehearse, the audience is likely to find fault with its production. Charlton Heston needs more work as a stage personality to do justice to the magnitude of a part such as "Macbeth". His work has been mainly on the plain and not-so-silvery screen. His technicolor movies have brought gasps of admiration from the denizens of the cinema cloisters, but students of dramatic art have only snorted at his shallow attempts to trot the boards. True, old George may be smarting from a purely personal acquaintance with Mr. Heston. Let's take a minute to review the facts. Some 15 years ago old George had the occasion to meet Charlton Heston when he was enrolled at Northwestern University. Charlton was a freshman; your theatrical pundit was a graduate student. All of us agreed that Mr. Heston had a great deal to learn and his brand of ham - strictly No Sale. Who was "us"? Professors, graduate directors, and other theater people that had to pass judgement on the students. Of course, eventually somebody managed to convince Charlton that by paring off a bit of the excessive nature of his acting, he might be acceptable to the movie crowd. The lucky agent that did this noble job of "ham boning" as it is called in the trade is now living comfortably off the resulting movie jobs that Charlton snagged. Let's face it—the movies never exceptional, was acceptable. Now Mr. Heston has the last laugh on many of "us" that wrote him off as an over-bearing actor with little chance for the big time. I'm sure that Mr. Heston is angry with any of the "us" crowd that thought so poorly of him in the early days at Northwestern University. After five or six years in pictures, he laughs every morning as he rifles through the 20 or 30 bank books that contain his savings. "Howie" is playing this week in Ann Arbor. Can't understand why the Drama Season producers chose this play. It died a quick death on Broadway last season. Last and a week or two. Of course, sometimes plays improve as they move away from the great White Way. Why don't you drop over and see "Howie"? Could be that the New York critics were wrong on this play. Warning to all TV tube watchers: the American Broadcasting Company or Channel 7 in our area has signed Elvis Presley for three programs upon his return to the states next spring. At least, they are warning us soon enough. And there again, there still may be many Elvis fans that are cheering loudly that their boy is going to strum and twirl for them over TV. Takes all kinds to make up a TV audience. Out in New York state a few days ago a family experienced a strange experience that comes close to duplicating the TV gyrations of Elvis on the tube. Seems that every morning about 5 a.m. the Spah family was awakened by a metallic knocking and banging that had the husband baffled. He had the plumbing checked, the heating equipment, and even the gas company was called in. Finally, in desperation, he put his dressing robe on and went outside to investigate

Ernest Henry was re-elected President of the Plymouth organization's annual mouth Historical Society at meeting held May 14 at the Grange Hall. Also re-elected were Miss Loverne Sly, second Vice-President and Patricia Tiffin, Recording Secretary and Mrs. Flora Rathburn, Corresponding Secretary. Newly elected officers are Mrs. Arthur Mills, first Vice-President in charge of publicity, Mrs. Ada Watson, third Vice-President and Membership chairman, Mrs. Kenneth Wilke, Treasurer and Mrs. Norma Cassidy, Curator. Dinner was served to 60 members and guests by the ladies of the Plymouth Grange. Under the leadership of Miss Sly, several members discussed "ghost towns" in Michigan, Grindstone City and Port Hope being two of the towns mentioned. The annual picnic will be held in June, plans for which are being made by Mrs. E. Fletcher Campbell, Sr. and her committee. The Society was organized on June 8, 1948 and has functioned regularly ever since. Its purpose is to encourage local historical study and research. Anyone interested in the history of Plymouth and vicinity is eligible for membership in the society.

# To Women It May Concern

By Myra Cox, Women's Editor

Another Plymouth couple with "stars in their crown" are Mr. and Mrs. William V. Clarke, 693 Burroughs Ave. who are foster parents to Wieslaw Stepien, a 12 year old Polish boy in West Germany. As with the Hambazumia boy mentioned last week, this lad has been "financially adopted."

The sad look on Wieslaw's face (above) may be understood when one realizes he is the oldest son of ill parents, lives in one room and kitchen with his parents and one sister and brother in one of West Germany's cheerless refugee settlements. His teacher recommended that he should be allowed to go on to high school, but due to the impoverished condition in which the boy finds himself, without PLAN help, this will hardly be possible. The youngster really deserves the opportunity to go ahead with his education for he shows great talent and is appreciative of every kindness extended to him.

This whole thing is new to me, and I believe the Foster Parents Plan, (the address is 352 Fourth Ave., N.Y. City 10, if you're interested) and the Foreign Exchange Students' Plan will do more to enhance world peace than all the "big money from Uncle Sam" that the little people never can actually see. In fact, to me, it's just about as Christian a gesture as giving money to church. Don't you think so?

You really have to be good to get special recognition in a man's work and in a man's world (let's not kid ourselves - it still is). We offer congratulations to this feat to Dr. Jo Ann N. Levitt, daughter of Mrs. Frances E. Gorton, 679 Forest, Plymouth.

Dr. Levitt has been cited for sustained superior performance and given an outstanding rating for her work as a physician at Ireland Army Hospital in Fort Knox, Ky. Dr. Levitt is the wife of Captain Robert J. Levitt, assigned to the U.S. Army Armor Center.

A graduate of Plymouth High School in 1943, she received degrees from Michigan State College, Lansing, in 1952 and the University of Michigan, Ann Arbor in 1956. She is not army personnel but serves as a civil service physician.

The Home Extension Groups of the area enjoyed a busy National Home Economics Week celebration. At the Achievement Day Program held May 6 in Dearborn Mrs. Doris Atwood, Hough Club, Plymouth, was presented with a 25-year jeweled membership pin.

The Sheldon Home Economics Club was awarded the Silver Tea Service for the most earned points in their favor. Mrs. Charles Osborne, Canton Center Road accepted the service. Placing second and close contender for the tea service was the Plymouth Club with Mrs. Olive Olsen as president.

A card from Kurt Thrun of the Travel Center brought a bit of glamour to the desk this week. He is enroute home after escorting a small Plymouth Group by air to Portugal, Spain, Germany, and England - ah me - T.V. is missing a bet not having this man on T.V. in a trench coat with a dispatch case chained to his wrist - some day I'm going to stop day-dreaming, throw caution to the winds and go on one of the trips he plans - in the meantime there is always the tulip festival this weekend up Holland, Michigan way. - See you there.

## Mom's To Convene

Mom's of America, Inc. are having a Spring Card party and Dessert Luncheon Monday, May 25 at 12:30. The donation for this event will be one dollar, and will be held at the Veterans Memorial. The public is invited to attend and enjoy this event.

The Mom's National Convention will be in Washington, D.C. May 19-21 with Mrs. Leone Anderson of Royal Oak presiding. Mrs. Frances McCalgan of Baltimore, Md. will be Convention Chairman. An interesting program has been planned for the convention.

THIS IS MICHIGAN WEEK - Michigan's tourist industry is a \$650,000,000 annual business.

COLONEL K. A. BREWER, left, commanding officer of the Ireland Army Hospital in Fort Knox, Ky. presenting a citation for superior performance to Dr. Jo Ann N. Levitt, civil service staff physician.

## Appointment

Miss Carol A. Stadtmiller has been appointed to represent Spindler Residence Hall for women on the Associated Women Students Standards Board at Western Michigan University, Kalamazoo. Miss Stadtmiller is the daughter of Mr. and Mrs. Bernard Stadtmiller, 333 Sunset St., Plymouth. She graduated from Plymouth high school.

MRS. DON KOCH, Chairman of the Geranium Sale conducted by the Women's Association of Plymouth Symphony Orchestra, assists Committee member Mrs. Ralph Lorenz in planting some of the blooms she purchased from the association to beautify her yard. The sale is on now (four colors, red, white, pink, and salmon at the good price of 70 cents for one plant and \$9.00 for a case of 14. Plants may be picked up May 22 and 23 at the home of

Mrs. Arthur Haeske, 41980 Brentwood Drive, Mrs. Percy Mackenzie, 780 South Evergreen. Incidentally Mrs. Koch would appreciate hearing from those who misunderstood at the Pop Concert and thought the geraniums on the tables were door prizes - they were not - and she is happy you have the flowers and would appreciate the 70 cents. Order your geraniums from any member of the Music Society.

## Madam President

Frances Bauer

Mrs. George Bauer is beginning her second term of office as President of the Women's Club of Plymouth, one of the oldest clubs in Plymouth history.

Organized in March of 1893, and incorporated in 1920, the club is a member of the Michigan State Federation of Women's Clubs, and the General Federation which is international. It is a service organization, turning all monies from fund raising projects over to charities both local and state. The

Northville State Hospital Group that is a continuing service donating time and material to the hospital, is sponsored by the Women's Club.

Annually the new members of the club assume full responsibility for fund raising events. This year they were in complete charge of the successful Bonnet Buffet. The Club meets the first Friday of each month from October to May inclusive, and wound up their year's activities this May with a Garden party (inside). In October they will begin their year with a luncheon at Meadowbrook.

The 200 members (this is their maximum) are proud of their club, the activities, and their heritage.

It is probably best summed up in Mrs. Bauer's statement that "it has been a pleasure to be president of an organization where there are so many capable women willing to give of their talents for the good of the group." This being true, Mrs. Bauer is an excellent selection to be their leader and preside.

## Newlyweds to Settle in Plymouth

Rev. John Walasky officiated at the wedding ceremony of Laverne Grady and Conrad Miles Henry, Jr. May 9, at the Assembly of God Church, Plymouth.

The bride, daughter of Mr. and Mrs. S.E. Grady, 44845 Cherry Hill, Plymouth, was gowned in a rose point lace and tulle, floor length wedding dress with a Sabrina neckline, long tapered sleeves. She wore a round lace cap studded with pearls and fingertip veil. Her cascade bouquet consisted of a white orchid surrounded by white carnations.

Conrad Miles Henry, Jr., the groom, is the son of Mr. and Mrs. Conrad M. Henry, Sr., 38443 Florence, Wayne.

Sue Grady served her sister as maid of honor, gowned in a pink princess-style dress with lace over taffeta. She wore a pink tiara and veil and carried a colonial bouquet. Arlene Henry, sister of the groom, was a bridesmaid in a pale green gown fashioned after the maid of honor's gown.

Arthur Drasher, cousin of the groom, was best man and ushers were Tom McMullen, cousin of the bride and Jim Roundeau.

Mr. and Mrs. Conrad Miles Henry, Jr.

Approximately 100 guests blue suit with white accessories for her traveling outfit. They will be at home after their trip at 8904 Oakview, Plymouth.

The young couple were both graduates of Plymouth High. The groom is employed at Burroughs and the bride at Consumers Power Company.

# Plymouth Tomorrow

By Plymouth Chamber of Commerce

Excerpts from the Detroit News—  
There is a lesson for a 113,000,000 city in the Detroit area in a major handicapped campaign countered by the Detroit Olympic Committee in its campaign to bring the 1964 games here.

"That handicap is a feeling on the part of many of the representatives of the other nations of the world that Detroit is a great industrial center and nothing more. It is the feeling that somehow we lack eminence in intellectual and cultural pursuits; that we are insensitive to the cultural nuances and opportunities of an event which brings together people from every corner of the globe."  
"It is the feeling of the people of other lands should have this impression is largely our own fault. We are, indeed, an industrial city and are proud of

# GARDEN GAB—

BY BILL SAXTON

We get quite a few inquiries about the use of lime. On lawns frequently the presence of green slimy material on the lawn or a mossy growth indicates the need for liming. These mosses are not absolutely sure so to be positive the best bet is to check the acidity or alkalinity with a kit. The kits are \$1.98 and are a worthwhile investment to use in checking soil in various parts of the garden. Sometimes green moss indicates lack of air circulation or excessive dampness so the test kit is the safest way to be sure.

# Western Electric Started Before Phone Was Invented

Western Electric, which this week is officially proclaiming itself a part of the community by inviting business to an Open House has been in the business a long time—three quarters of a century to be more exact. In fact, the telephone had not yet been invented.

The company began in 1869 as the firm of Gray and Barton. Its founders were Elisha Gray, a college professor and inventor, and his partner, Enos Barton, a former Western Union telegrapher, and General Anson Stagger, vice-president of the Western Union Telegraph Co.

Starting on a shoestring, the partners set up a small shop originally in Cleveland, later in Chicago. Their immediate goal was to make and repair telegraph instruments and other electrical devices. The quality of their work and the integrity of their services brought a growing number of orders.

By 1872 the firm had grown into the \$300,000 Western Electric Manufacturing Co. It was in 1876 that the telephone was invented and Western Electric became one of a half-dozen firms competing in producing the new instrument.

There were plants in Belgium, France, England, Germany, Italy and Japan. In the first years of the new century Western Electric took on the job of purchasing all supplies for Bell. Under this arrangement the Bell companies achieved the benefits of quantity purchasing as well as uniformity of design.

The firm had clearly demonstrated that its products were outstanding in design and workmanship. In this way Western Electric became the manufacturing unit of the Bell System.

In 1892 there were 90,000 telephones in the United States. Just one year later the number had grown to more than 123,000. The telephone industry was the fastest growing in the U.S. and eventually sharply focus on four phases:

## Allen Extension Group "Goes Abroad"

The Allen Home Economics Extension Group will meet May 27 at 8 p. m. at Mrs. Walter Sousa's home, 585 W. Ann Arbor Trail, Plymouth.

Slides will be shown on "Okinawa, Land of Smiles" and "International Peace Gardens". Mrs. John Amrhein will be the project leader.

With the Bell System growing so rapidly, Western Electric apparatus and home appliance business, its foreign telephone business and its electrical jobbing business.

During these years research was being undertaken by specialists from Western Electric and American Telephone and Telegraph. With both groups working toward the same goal, the staffs were merged in 1925 as the Bell Telephone Laboratories, owned jointly by Western Electric and A.T.T.

The differential increment will apply only to those teachers who are new to the Plymouth Community School District in 1959-60.

**MINUTES**  
The regular monthly meeting of the Board of Education of the Plymouth Community School District was held Monday evening, April 13, 1959, in the faculty room of the Plymouth Community Junior High School at eight o'clock.

Present: Mr. Fischer, Mrs. Hulsing, Mr. Kaiser, Mr. Mitchell, Mr. Soth, Mr. Stecker, Mr. Zeot, Administrative Assistant Blunk and Superintendent Isbister.  
Also present: Mr. Millington, Mr. Schmidt and Mrs. Johnson, Mrs. Krump and Mrs. Dudley, cafeteria managers.

A special meeting was called for Monday, April 20, 1959, at 6:00 p. m.  
Meeting adjourned at 10:45 p. m.  
Respectfully submitted,  
Esther L. Hulsing, Secretary

**MINUTES**  
A special meeting of the Board of Education of the Plymouth Community School District was held Monday evening, April 20, 1959, in the faculty room of the Plymouth Community Junior High School at eight o'clock.

Mr. Stecker reported that the enlarged area was not designed as a permanent machine shop. In planning the connection between the high school and the annex required by the fire marshal he noted that the space not occupied by the machine shop could be increased by 50 per cent and, thereby, improve substantially the teaching situation during this interim period.

Mr. Stecker reported that the Board was not prepared to discuss the matter at this time, but a Committee of three board members would be appointed to meet with their three member Committee and study the situation. He appointed Mr. Mitchell, Chairman, and Mr. Kaiser and Mr. Soth to serve with him on the Committee.

A communication from Mr. Roy Walker, State Fire Marshal, forwarded by Mr. Becker of Wheeler and Becker, Architects, stating that the proposed alterations to the high school had been approved, was read and placed on file.

### Mrs. Estelle Bunting, Mrs. E. B. Ayers Honored As Oldest Mothers at Newburg Church Banquet

By MRS. EMIL LAPOINTE  
GA. 1-2029

Recently, a group of ladies representing the Women's Society of Christian Service of the Newburg Methodist church attended a spring luncheon at the Nardin Park Methodist church in Detroit to hear Dr. Charles Shaw's orientation of the beautiful 23 Psalm. He also showed colored slides in conjunction with this theme. Ladies who attended were Mrs. Bert Halloran, Mrs. Frank Ayres, Mrs. Harold Mackinder and Mrs. Pearl Barker. Bert Halloran went along and chauffeured for the ladies.

Well, they're off and running again. I'm not talking about the horse racing season but rather about the boys and leaders of boy scout troop 271 of St. Michael's Catholic church. On Friday, May 8, one stalwart soldier, James McHugh, Sr., and eight wild Indians, James McHugh, Jr., Robert McHugh, Dick Powell, David LaPointe, Bob White, Richard Ott, George Bache-

lor and Tom Potter left St. Michael's for a weekend camping expedition at the Kensington Metropolitan Park. These boys represented two patrols, the Pawnee and the Sioux and this hike was part of their planned patrol activity. Two fathers, Mr. White and Mr. LaPointe helped with making camp, breaking camp, and transportation of equipment. The boys and Mr. McHugh returned to the home base at 3 p.m.

Mrs. Alfred Tallman, resident of Morley street in Wayne is confined to the Ridgewood hospital after having broken her hip last week. Hope Mrs. Tallman is doing fine and cards of cheer and encouragement would be most welcome at this time.

On Friday, May 8, at the Newburg Methodist church, 214 mothers and daughters gathered together for their annual mother and daughter banquet. After the dinner, served by the men of the Men's Club, the ladies retired to the upstairs hall for a beautifully planned program. Mrs. Earl Waack and Mrs. Robert Shier, accompanied at the piano by Mrs. Paul Nixon led the group in a community song fest. Mrs. Doris Page, Chairman of the program, then introduced the toastmistress of the evening, Mrs. Dorothy Pringle. A cordial welcome was extended to the assembled group by the president of the Women's Society of Christian Service, Mrs. Harold Mackinder and Miss Sharon Hoffman and her mother Mrs. Donald Hoffman toasted mothers and daughters with brief but potent words. Special music was provided by some of the girls of the Junior Choir of the church. Carolyn Boren, Wendy Brey, Nancy Ritzler, Barbara Fittery and Lois Kenner. Tributes were paid to the oldest mother present, Mrs. Estelle Bunting, guest of Mrs. C. Donald Ryder, who was 95 years old. Next oldest mother was similarly honored and she was Mrs. E.B. Ayers of Ann Arbor Trail, Plymouth, 85 years old. The grandmother with the most granddaughters present was Mrs. Earl Waack with 7 lovely granddaughters. Also honored was the youngest mother, Mrs. Edwin Grosjean, 21 years old. Mrs. Robert Shier and her daughter, Janice then sang two old favorites, "Always" and "Mother Mac-Cree". Special guest for the evening was Sergeant Fernelius with his famous puppet Jerry McSafely. The Sergeant, formerly with the Detroit police department, is a familiar personality to the kids of the schools and has toured the country for more than 25 years, teaching his philosophy of safety to the many boys and girls throughout the various school systems. The entire evening was enjoyed by one and all.

Janet Ellis, daughter of Mr. and Mrs. Wendell Ellis of Minton avenue, Livonia, placed second in the Metropolitan Girl Scout's art contest for the Livonia area and her picture, a charcoal and chalk of the Ambassador Bridge, is now on display in downtown Detroit. Congratulations Janet!

The Community club ladies will meet tonight, Thursday, May 21 at Lofy's restaurant, Ann Arbor road and Lilley road for their annual supper out, acknowledgement of their new officers and gifts to the retiring officers. Dinner will be served at 7 p.m. and all ladies of the club are advised to be present at that time.

In celebration of her birthday, Mrs. Henry Mende, Sr. of Newburg road along with her husband entertained the following guests at their home on Saturday, May 9: Mr. and Mrs. Lawrence Gallinat of Detroit and Mr. and Mrs. Raymond Deja and daughter Diane of Plymouth.

At the senior prom for the class of '59 of Bentley High School, Miss Jean Kay of Joy road was honored by being chosen queen of the prom. Miss Kay's escort for the evening was Richard Petrucelli and the prom was held at Lovett Hall in Greenfield Village. Besides the lovely crown fashioned of sweetheart roses, Miss Kay received an arm bouquet of long stemmed roses and compact with the inscription, "Queen, senior prom, class of '59". In the queen's court were Miss Donna Howden, Miss Sue Clark, Miss Deanna Rowles and Miss Judy Wockenfuss.

Remember a few weeks ago when I reported that Ralph Gray of Newburg road had left this area to take up his work in Hawaii? Well, Mrs. Gray and daughter Linda have since then, taken a plane out of Willow Run and have joined Mr. Gray in this beautiful land of sunshine. Best of luck to the Grays as they take up their new home.

If you like "pasties" you will be happy to know that the Adult Choir of the Newburg Methodist church is sponsoring such a dinner on Saturday, May 23. Tickets are being sold for \$1.50 for the supper and there will also be a carry-out service. If you are acquainted with Newburg cuisine, you may be sure that this meal will be of the very finest and worthy of your support. See you at Newburg?

James McNabb of Ann Arbor Trail informed me this past week that a neighbor of his was busy with leveling soil where a trench had been dug to put city water in his house and while busily engaged in this task, raked up a U.S. half dollar which bore the date 1842 very clearly. For all of its 117 years, Mr. McNabb stated that said coin was very well preserved and date mark was very clearly shown. This item will be of particular interest to all coin collectors as they will be interested in knowing the mint mark in order to establish its value. Thanks Jim for this bit of information for the Newburg news.

Sympathies of the friends and neighbors of the Newburg area are extended to Mrs. Janet Hodge of Francis street, Plymouth, at the passing of her husband Bert, this past week.

The Rhoda circle of the Women's Society of Christian Service of the Newburg Methodist church will meet at the home of Mrs. Thomas Loverton on Hathaway on Tuesday, May 26 at 8 p.m. The Dorcas circle of this same society will also meet on Tuesday, May 26 at 8 p.m. at the home of Mrs. Henry Pry on Ann Arbor Trail in Plymouth.

Baseball season for the church league began last week Tuesday, May 12 and our Newburg team met with St. Paul's Lutheran team at the Botsford school field for their first game. Victorious was St. Paul's, score 13-3. Both teams played a fine game of ball and it was lots of fun for both sides. Mrs. Paul English and I were bleacher spectators and enjoyed ourselves despite our home team's loss. Better luck next time.

"Suffering is the lot of all mankind; but the acceptance of it in a Christian spirit is the test of a mature mind." Father Edward Ritter told high school students this past Sunday. The Detroit area priest made the purpose of life and resignation to God's will the theme of three conferences which he delivered to some 75 young people gathered for a day of recollection. This was the third semi-annual "day" set aside for Catholic high school students from Our Lady of Good Counsel Church. They are held at the beginning and conclusion of the school year for the spiritual benefit of youngsters presently faced with the difficulties of growing up, attempting to strengthen themselves with religious convictions.

### PLYMOUTH

From BILL DUNN, Manager

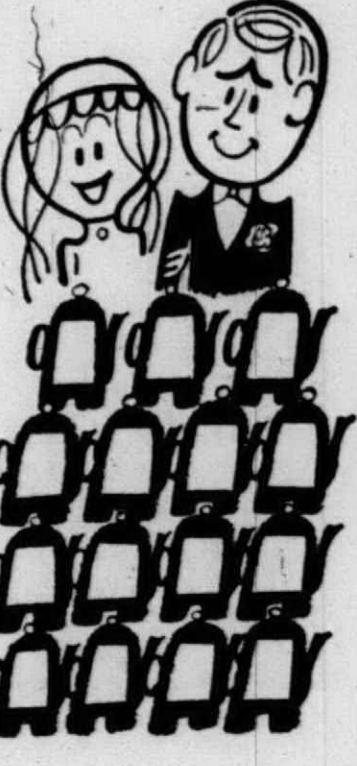

Each day we receive hundreds of calls into our Business Office from customers requesting new services, changes in equipment, assistance in bill explanations and many other items too numerous to mention. For the next three months we will be taking the opportunity to introduce you to the Service Representative in our Business Office that has done the most outstanding job in planning and completing orders for you.

This month Miss Glenn Merrill has been recognized as our Service Representative of the month. Glenn has been with us for four years and lives at 1292 South Main, Plymouth. She attended Plymouth High School and her favorite pastime is Commercial Art. I am sure many of you know her from her pleasant voice and sincere efforts in assisting you when ever the occasion has arisen.

HAVE YOU NOTICED that the vacation trips that seem the most carefree are actually the ones that have been most carefully planned? Take the coming Memorial Day week end. The people who will get the warmest welcomes at motels and restaurants, the people who will never have to stand in line, are those who have arranged things well ahead of time--by telephone. It's the inexpensive way of doing things well.

MOST OF US know the bride who sets up house with fifteen coffee pots--and half a dozen bathroom scales--all wedding gifts. But there are some things brides never have enough of. Extension phones in color are one of them. Give one of these and you'll be a friend of the family for life. For every time they use the handsome extension phone you gave them, they'll think of you gratefully for saving them time and steps. Call The Business Office, Michigan Bell Telephone Company, about this novel, useful gift that speaks for itself.

# New Reporter and Column Covering Green Meadows Area

(Covering the Green Meadows neighborhood, Ann Arbor Rd., Joy, Sheldon, Main St.)

**BY KATHLEEN B. DODDS**  
GL. 3-3085

Mother's Day was celebrated widely in the Green Meadows area with many of the mothers being dinner guests in their children's homes. We noticed that a number of the small fry came in for their share of attention from the mothers as evidenced by the happy groups at the Maxwell farm. Mr. Maxwell had his miniature steam engine puffing away merrily, and the parents seemed to be enjoying their ride fully as much as the children.

Mr. and Mrs. A. L. Allison of Elmhurst spent Mother's Day with their daughter and her family, Mr. and Mrs. Arvid Burden of Northern. Also enjoying dinner at the Burden home was his father, Mr. Ernest Burden of Adams.

Miss Phyllis Ackman daughter of Mr. and Mrs. Roy Ackman of Oakview, celebrated her 11th birthday May 4. Helping Phyllis observe the date were her aunts and uncles, her grandfather, her brothers and sisters, and Elizabeth and Charles Macer.

Mr. and Mrs. Gerald Bakewell of Marlowe spent Sunday afternoon on a picnic in the park, along with Mr. and Mrs. Nelson Bakewell, Mr. and Mrs. Gerald Walsh, Mr. and Mrs. David Pottinger, Mr. and Mrs. Frank Walsh and all their children.

Visitors at the home of Mr. and Mrs. A. L. Allison of Elmhurst over the weekend were Mr. Emer Mathias, his nephew from Detroit, and on Monday, Mr. and Mrs. Norton and daughter Mrs. Hysell of Livonia who stopped in on their way back from Florida to their home in Bellaire, Mich.

Mr. and Mrs. William Bauman of Elmhurst entertained her mother, Mrs. Edna Wilson of Ann Arbor, for dinner on Mother's Day.

Mr. and Mrs. Ed Simetz of Livonia made their Mother's Day call on Saturday evening at the home of her parents,

Mr. and Mrs. James Bench on S. Main.

Mr. and Mrs. Adolph Bohl and son Gary of S. Main drove up north over the Mother's Day weekend to Hale, Michigan, to visit her mother, Mrs. William Shelberger. At the family cottage at Long Lake, they spent some time fishing and (although Mrs. Bohl said the fish weren't biting too well) brought in quite a mess of good-sized panfish. (Sounds like good eating to us!)

Mr. Robert Brown of Main Street left Saturday for his annual two-week cruise at Virginia Beach, Va., with the Naval Reserve in which he holds a commission of Lt. Commander.

Mr. James Bench and son Jim, Jr., of S. Main attended a convocation of Boy Scouts over the weekend to see their son Kenneth play with the University of Illinois baseball team against Central. Kenneth is in his second year at the University, which won their game on Friday, and a lost on Saturday, thereby pretty much satisfying everyone.

Miss Carolyn Carpenter came home from Alma College where she is a sophomore to spend the weekend with her parents, Mr. and Mrs. Carmen Carpenter of Corrine. Her parents took her back to school on Sunday.

Mr. and Mrs. Gerald Klinske of Marlowe, Mr. and Mrs. George Gardner, Mr. and Mrs. Ray Cather of Marlowe, Mr. and Mrs. Grover Place, Jr., and Leroy and Stanford Place entertained their parents, Mr. and Mrs. Grover Place and Mr. and Mrs. Gerald Cather at dinner on Mother's Day at the home of the Klinskes.

Dr. and Mrs. F. C. Rieckhoff, Sr., and their daughter of Howell, Mich., enjoyed a pleasant Sunday dinner in the home of Mr. and Mrs. Willard Depew of S. Main.

Mr. and Mrs. John Eskra of Marlowe had as guests for Mother's Day dinner at their home their parents, Mr. and Mrs. Arthur Lemieux of Detroit, and Mr. and Mrs. Frank Eskra of Northern.

Gerald Foreman, son of Mr. and Mrs. C. D. Foreman of Marlowe, left this weekend for Pittsburg, Kansas, to spend two weeks vacation there with his sister, Jeanette, who is in her first year at Kansas State Teacher's College. They will return the first of June.

Mr. Frank Eskra of Northern and grandson Timmy Eskra celebrated their birthdays May 2 at the home of Mr. and Mrs. Dale Kaiser of

Corinne. It was a second birthday for Timmy, son of Mr. and Mrs. John Eskra of Marlowe.

Visiting with Mr. and Mrs. Cargus Fortner of Northern this week and next are his parents, Mr. and Mrs. T. L. Fortner of Springville, Alabama, whom the younger Fortners have not seen in seven years.

Mr. and Mrs. David Francis of Brookline had as their guests for dinner on Mother's Day their son and family, Mr. and Mrs. David Francis, Jr., Michael, David and Patrick, of Lake Pointe Village.

Timmy Eskra, son of Mr. and Mrs. John Eskra of Marlowe, had help from his cousins Denny, Donnie and Debbie, children of Mr. and Mrs. Dennis Dutkiewicz, and his grandparents, Mr. and Mrs. Arthur Lemieux, celebrating his second birthday with a family party at home.

Kelsey Lynn Dodds, daughter of Mr. and Mrs. Kenneth Dodds of Elmhurst, celebrated her first birthday Saturday with a family party that included her sister, Karen Lee, her cousins, Cheryl Lynn Blossom, daughter of Mr. and Mrs. Thomas Blossom, and Bobby and David Lewicki, sons of Mr. and Mrs. Harry Lewicki of Detroit, and her grandmothers, Mrs. Sara Dodds of Windsor, Ontario, and Mrs. John Blossom.

Ricky, son of Mr. and Mrs. Nile Gladstone of Brookline, celebrated his first birthday May 7, and daughter Peggy celebrated her sixth birthday on the 9th with a gathering of family and friends for cake and ice cream.

Several of his teenage friends helped Fredrick Hennig, son of Mr. and Mrs. Orville Hennig of S. Main, observe his 16 birthday May 2. Following an evening of dancing, a lunch of Sloppy Joes was served (our favorite!).

We're sorry to learn that Ann and John Hoffman will be leaving their home on Elmhurst. On July 15 the Hoffmans and their sons will take up residence at 4525 W. Ann Arbor Trail. Ann tells us their new brick home will give them a added living space, and the boys are looking forward to having three acres to romp around in. We'll miss them, but wish them much good luck in their new home.

Mr. and Mrs. Ira Walton of Highland Park were hosts May 4 for a surprise birthday party for her sister, Mrs. Richard Holladay of Brookline. Mrs. Holladay, her husband, daughter Janice, son David, friends and relatives all enjoyed the birthday dinner.

Mr. Robert Honey of S. Main returned home early this week from St. Joseph's Mercy Hospital in Ann Arbor and is recovering nicely following surgery performed April 30.

Mr. and Mrs. Ernest Honke and children of Brookline, Mr. and Mrs. Fred Honke and daughter, Mr. and Mrs. John Kovach and children of Plymouth, Mr. and Mrs. Richard Honke and children of Garden City and Miss Cynthia Honke celebrated Mother's Day with their mother, Mrs. Bessie Honke of Salem. The sons and daughters and eight grandchildren enjoyed dinner and the day.

Mrs. Sara Dodds of Windsor, Ontario, spent the Mother's Day weekend with her son and family, Mr. and Mrs. Kenneth Dodds of Elmhurst. Also at the Dodds home for Sunday dinner were her parents, Mr. and Mrs. John Blossom of N. Territorial.

Sunday evening, crossing the Ambassador Bridge into Windsor, it was possible to see the many Seaway ships jammed up in the Detroit River awaiting docking space, an impressive sight.

Since there hasn't been a column for our Green Meadows area in THE MAIL for the past few weeks, we've been catching up on some of the past news this week. And, since this is our first time on this "beat," we found it easiest to locate our "sources" through the telephone directory. We find we cannot call the entire neighborhood in one week, but we at least made a dent in the first few pages. So that no news will be overlooked, we'd like to ask that you clip our name and number from the beginning of this column and post it where you'll be sure to see it the next time you entertain friends, have a birthday or anniversary, or visit relatives, and call us. Only you can help us make this column truly representative of the entire Green Meadows area.

**THE READER Speaks Up**

An open letter to Mr. and Mrs. Joseph C. Renauer:

This is not the first letter I have formulated to you, and it is not a representative of the Plymouth Theatre Guild, but only as a loyal member. First of all, if you are financially able to purchase 8 tickets at \$1.25 to a Plymouth Theatre Guild play, you are able to use a part of the \$7.50 the children's tickets would cost you to hire a baby-sitter to stay home with them while you see an adult play. Admittedly, this may not have been the best adult play available, but in the eyes of a script committee as unbiased as possible, it was a fairly good adult comedy.

We do not pretend to present children's plays or even family plays, although some times our choice is a play that most of the family would enjoy. "Teahouse" was one of these, in spite of the spicy Army language; "My Sister, Eileen" was enjoyed by most "families" in spite of unsavory characters and situations. I wish you could find me a play without one off-beat character or slang word. If you had ever attended our plays, you could have noticed that there was no actual swearing. Subjects are treated lightly, (what else is comedy?), off-beat characters are emphasized, but if this means your children will become off-beat characters or go around cursing a blue streak, then you haven't raised them the way I'm sure you have.

I would like to touch lightly on publicity. If everyone believed every word and every picture in advance publicity, this would be a gullible world, indeed. Publicity is meant to draw attention to something. Many things and means are used. Sometimes these means offend; as did the publicity on this show. I was offended as well as some members of the cast. I hope the group as a whole has benefited from the well-deserved criticism received. But, a play should not be judged on its publicity alone. What is that old adage... believe nothing that you hear, half of what you read, and only a quarter of what you see.

To go into the last phase of your criticism, yes, we are honored to be a member of the Adult Education Department of the Plymouth Community School System. But as such, we are to educate adults in the theatre arts and sciences. We can not count in attendance any person enrolled in ANY state accredited school. We, therefore, do not cater to the high school level or below; the High School Drama Department does this. We are adults trying to present entertainment that will appeal to adults. These same adults go to Ann Arbor; Detroit; Chicago, or even New York and see plays but the same things "cannot be done in Plymouth."

Do you know that the script committee has read over 62 plays so far for next year's selections? Out of this number, about 10 will be seriously considered. The others will be discarded because they

subject matter "cannot be done in Plymouth." These same plays that we turn down go to the Penn Theatre or the Penniman-Allen and you see them in movie form.

We deserve criticism many times and accept it when due and when it is of a constructive nature. But we do not deserve it for declining to put on a family play, only for choosing a poor adult play. Give us a chance next year to come up with all good adult plays.

An Overly Enthusiastic Theatre Guild Member.

Editor:

For many years Decoration Day has been dedicated to the memory of soldiers killed in combat. For many years devoted wives, mothers, women and children have decorated the thousands of graves and accept it with pride in honor of the ultimate sacrifice made by our soldiers in past wars.

This year, as the world is engaged in building "stockpiles" of weapons far more deadly than at any previous time in history, the Women's International League for Peace and Freedom suggests that an even greater honor be paid to the memory of those men. We suggest that all women unite in a sincere and serious effort to end warfare. These countless thousands will not have died in vain if because of their sacrifice women everywhere would pay their debt of gratitude by working together in a supreme effort to prevent war.

In the past wars have been cruelly destructive. But at least there was some measure of safety for the civilian population. Today, with our nuclear weapons and inter-continental ballistics, there can be only one outcome; utter destruction. And scientists tell us that either those who do survive may be unable to bear children or that future generations will suffer the full brunt of our inability to resolve our differences by negotiation.

The issue is survival for us and for the generations yet unborn. Let us dedicate this day in tribute to our honored dead, but let us dedicate our lives to working for a world where there are no wars and where our children can live in peace.

Sincerely,  
Mrs. Yvonne Grover

Public Relations Chairman for Women's International League for Peace & Freedom, Northville-Plymouth branch

Poppies to honor Nation's War Dead — Millions of bright red poppies, made of crepe paper by disabled war veterans, are ready to be offered throughout the nation on Friday, May 22nd, to be worn in honor of America's war dead. Mrs. Fern Burleson, President and Donald Kinghorn, Commander of Passage-Gayde Post - Unit 391, has announced. "Flowers to be offered here have been received from Michigan hospitals where they were fashioned by veterans working under the direction of the Michigan Department of the Auxiliary. They are accurate replicas of the wild poppies of France and Belgium which bloomed on the World War battlefield and cemeteries, providing nature's floral tribute to the battle dead. Made by hand, each flower is slightly different. The world first heard about the poppies in that famous poem, "In Flanders Fields," which described how they grew and bloomed "between the crosses, row on row" in the battle cemeteries. They have been the American Legion and Auxiliary memorial flower ever since World War I. Wearing a poppy is the individual's tribute to those who died to keep America free. A poppy over the heart shows that we remember and are grateful for the supreme sacrifice made by so many of America's finest men. We hope that everyone in Plymouth will join us in this tribute, this remembrance, by wearing a memorial poppy on Poppy Day, this Friday.

**Good Counsel Sponsors New Scout Troop.**

The first meeting of Boy Scout Troop 781 was held Thursday night at the Our Lady of Good Counsel Hall. The meeting of the newly-organized troop was attended by 14 boys and their fathers. Troop 781 will be sponsored by Our Lady of Good Counsel Catholic Church and will hold its meeting every Thursday at 7:30 p.m. in the Parish Hall.

Under the leadership of Scoutmaster, Andy Hruska and his two assistants, Paul Keller and William Ivey, the troops made plans for their first hike and cook-out scheduled for Saturday, May 23. The fathers present have just completed a course in Boy Scout leadership and are now serving as troop committeemen. Wladyslaw Dewicki was appointed committee chairman and John Park, Jr., membership chairman.

# Pupil Pulls for His State During Michigan Week

**(EDITOR'S NOTE: Despite some monetary hardships in the state at the moment, Michigan residents still have plenty to boast about. During Michigan Week citizens are especially urged to be salesmen for their state. One young citizen who is doing this is Frederick Libbing, 9301 Southworth, Plymouth, who wrote the following essay at Eastern Michigan where he is a sophomore).**

## THE FLAT COUNTRY

By Frederick Libbing

"Don't talk to me about Michigan! That place has gone so far downhill that it will never be able to start back up again!" This was the comment from a native of Danville, Illinois.

I have recently returned from a trip to this "neighbor" of Michigan and have brought back many unfavorable comments such as the one above for souvenirs. An old time-worn cliché goes something like this: "You don't really appreciate home until you leave it." If the above comments have any validity at all, I have no right appreciating Michigan whether I am in the state itself or any other place on the globe.

Having lived in many parts of the United States from one coast to the other, I feel that I am in a position to judge whether or not I can accept such a vitating appraisal of Michigan, especially since it comes from a state (Illinois) that I feel is far from being an immigrant's paradise.

One of the particular areas that I visited in Illinois was the seat of the University of Illinois. This institution is located in a town called "Champaign." The word "champaign" has nothing to do with the drink and means literally, "flat country." It certainly is this. A traveler going to Champaign will emerge from open farm country almost devoid of trees into an area reserved for a year-round crop of brick and stone which rises from the ground and appears to be just so many monoliths which can only be harvested by time and the whims of their inhabitants.

You might say, "Well, sure, but Michigan also has its share of block after block

of unimpressive and drab buildings." I didn't recognize anything unusual about the buildings as such in Illinois. What led me to see the contrast between Champaign and Plymouth was what one of the residents of Champaign told me when I inquired about the University of Illinois. He said that I would certainly be pleased with this school since it has a "fine" reputation and a "beautiful" campus.

I know the University of Illinois has a fine reputation. I also know that the University of Michigan has a like status. As far as the beautiful campus is concerned, the only praiseworthy adjective that I could possibly use in describing this school is "functional." Its buildings were quite close together, being separated by only concrete drives.

I wanted to find out something else about the city and the state as far as natural beauty and man-made attempts to reinforce this beauty were concerned. I was told that there was a number of beautiful parks in the city of Champaign. There were parks in the city limits, and they were, for the most part, well-kept. They were, however, only situated within the space of one or two blocks which were located at various places in the city. This is when I saw Riverside Park (between Plymouth and Detroit) in a new light.

To be able to start at one end of a twenty or thirty mile stretch of smooth road and travel through this area that is devoid of advertisement and houses is one of the most "reassuring" and enlightening things that I find about Michigan. This is a place where pheasants come in the fall by the thousands to escape the hunters' blasts and where people come in the summer by the thousands to escape life's killing forces. There are over 3,500 of these public retreats in Michigan—ample evidence that should give pride to all its residents.

What, then, was this man talking about when he gave his negative opinion of Michigan? I don't think that he was saying that, in his estimation, Illinois is a more beautiful state than Michigan. This is only one matter that I have used as an illus-

tration of relativism. To these people their schools are modern and beautiful. Their parks are well-kept and adequate to meet their needs. They regard their state as one of the best. I wouldn't believe that they were Americans if they didn't take this position.

I noticed, however, that none of them said that what they had was better than what somebody else (Michigan) had. They were merely pointing up what they did have and thus attached their values to this. Before I had gone down there, I would have hesitated if someone had asked me to compare the beauty of Michigan and Illinois. After seeing some representative evidence, however, I would certainly lean heavily toward Michigan on this issue.

An experienced person in the field of state government might, prior to a visit to Illinois (or any other state, for that matter), tend to regard the problems of Michigan as greater than those of the visited state. A closer analysis, however, would show that not only does Illinois have problems, its problems are of the same relative intensity to them, in most cases (e.g. school bonding, taxes, etc.), that ours are to us.

The point I am trying to make is, whether you live in the "flat country" or the "water wonderland," you should appreciate that which you possess—the good for what it is and the bad for showing you the necessity for working towards the good.

## FOR SAFER DRIVING

**MINNEAPOLIS (UPI)**—Your auto should be given a thorough check-up before you start a long vacation drive on one of America's new super-highways, warns the American Automobile Association.

Hugh Craig, executive secretary of the Minnesota AAA, said: "The speeds maintained in expressway driving and the distance between service stations require motorists to have their cars in top condition."

Michigan has a major tourist lure in its 3,500,000 acres of state forests, 2,400,000 acres of national forests, and 92,000 acres in state game areas.

**LATTER DAY SAINT** — HOLLYWOOD (UPI) — Curvaceous starlet Joi Lansing who appears in Paramount's Clark Gable starrer, "But Not For Me," belongs to the Mormon Church and announces this summer in the uses no tobacco, alcohol, tea or coffee.

**SHAKESPEAREANS** — HOLLYWOOD (UPI) — Sir Laurence Olivier and Charles Laughton, who star opposite each other in "Spartacus," have signed for performance this summer in the Shakespeare Festival at Stratford-on-Avon.

**Build a Better Dog House** — NEW YORK (UPI) — For your dog's "air-conditioned" comfort, the Committee on search suggests a dog house with both ends open and galvanized steel roof to reflect the sunlight.

Andromeda is one of the few broad-leaf evergreens that is really hardy in Michigan. Does very well on acid to neutral soils with practically no protection. Lustrous bronze leaves in early Spring turning to a deep green. The White flowers hang in clusters reminding one of a lily of valley flower. A very valuable plant in a partial to fully shaded location.

### GARDEN NOTES

The scale that was so prevalent last year is now active in areas where no spraying was preformed. Watch your Elms and Yews closely. Spray with Malathion every 5 to 7 days if you find live scales.

Also spray for Red Spider and Aphids this week, particularly on Junipers, Viburnums, Roses and Euonymus.

# Financing Available for Modernizing-Remodeling of Home

Many families contemplating remodeling projects to make their homes more comfortable and up-to-date needlessly delay their improvements because of limited funds. Actually, it has become increasingly easy in recent months for the homeowner to obtain financing for home improvement purposes.

Keep in mind that remodeling is an investment. If your home is structurally sound, and if the alterations or additions you plan are well-conceived and properly executed, the remodeling will add substantially more to the value of the home than the dollars you spend.

Financial institutions have come more and more to recognize this fundamental truth, and as a result offer several major methods for obtaining repair-remodel financing. The amount of money you require is the first item to consider in determining the financing method which best suits your needs.

Here, as summarized by Home Improvement Council, are the most important methods of obtaining large sums of home improvement money:

**New mortgage financing**—means exactly what the term indicates, a new mortgage on a "paid-up" home. The owner of such a property can often borrow up to 50 per cent or more of its appraised value.

**Refinancing**—if the owner has a substantial equity in his home, he can refinance, a procedure whereby he acquires a new mortgage loan of an amount large enough to pay off the existing mortgage and to finance a modernizing project as well.

**Open-End Mortgage**—a fairly recent development in the mortgage lending business which makes refinancing procedures unnecessary for many thousands of families, even where major remodeling projects are involved. Stated simply, the open-end mortgage contains a clause under which the lender can make additional advances of money for modernizing up to the amount of the original loan. If you are not sure whether your mortgage contains this clause, consult your lender, who may write in such a clause if his institution has adopted open-end mortgages as standard procedure since the original mortgage was written.

Smaller home modernizing projects, requiring expenditures of less than \$3,500, can usually be financed without a mortgage involved in the transaction. Here are some of those methods:

**FHA-Insured Loans**—Title I loan—in which a local lender advanced the money required and the Federal Housing Administration insured the loan. It is possible for the contractor or dealer with whom the homeowner is dealing to secure the loan after the homeowner fills out a simple credit application form.

In many cases, building supply dealers and contractors will allow the homeowner to repay his charges for small modernization-improvement jobs on the installment basis. This practice is authorized by the Federal Housing Administration.

If Robin Hood were alive today, he could recruit a band of close to 5,000,000 archers. Even Junior who spurns the Robin Hood stories for science fiction, finds nothing old-fashioned about a sport that calls for arrows of

## Five Ways To Finance Home Improvements

1. **New Mortgage loan** on paid-up home to cover cost of improvement.
2. **Refinancing:** securing new mortgage loan large enough to pay off existing mortgage and cover modernizing project as well.
3. **Open-end Mortgage** under which lender will make additional advances of money for modernizing.
4. **FHA Title I Loan** for a maximum of five years and \$3,500.
5. **Individual Loan Plans** of banks and other financial institutions, comparable to Title I loans.

Try reserving several small-size terrycloth towels for general cleaning use—scrubbing, polishing, dusting. They're serviceable, handy in size, easy to launder and inexpensive.

Smooth a piece of transparent plastic film under each child's dinner plate. It gives a nearly invisible protection to the tablecloth, and can be washed afterward with a whisk of a well-sudsed cloth or sponge.

**GOOD SPORT** for the whole family is the ancient game of archery. Practice rather than talent leads to skill.

## Archery the Sport of Families

Archery in this country has become a family sport. In field clubs which have been organized in so many states it is not uncommon for sons or daughters to teach their parents the techniques. A person is never too young or too old to learn to shoot an arrow from a bow if only because bows can be purchased in different weights to suit the person who will use it. Membership in an archery club may be the first step in learning the sport or an outlet for a family of skilled archers. Even club members will likely want to set up a target and range on their own property, since club grounds usually cover several acres and hence must be on the outskirts of a town or city.

Archery is a comparatively inexpensive sport. To practice it on the home grounds, the equipment consists of a straw target (or butt) that can be purchased as little as \$10 and backdrops 8 to 12 feet high to be hung from a clothesline or poles, if a dense hedge or garage wall isn't available as a safety area. Paper targets to fasten to the straw one come in sets of personal equipment.

A range of fifty feet is sufficient for novices of all

## New Ideas For Buffet Salad

Scouting for a new buffet salad idea? Marinated navy beans is the answer. Colorful and appetizing, they have the quality of a salad or a relish. They're hearty, tangy and of course, inexpensive.

There will be no last minute rush to get this dish ready for the crowd because it's best made several hours in advance or even the night before. It's hardly likely, but if there are any left over, this zesty salad is just as good the next day... or the next!

### Marinated Bean Salad

- 3 C. cooked navy beans
- 1 C. tart French dressing
- 1 T. grated onion
- 1/4 t. garlic salt
- 1 green pepper, sliced
- 1 sweet red pepper, sliced
- 1 large onion, sliced

Combine cooked beans with French dressing, grated onion, garlic salt and toss together lightly. Cover and chill in refrigerator for several hours. At serving time toss peppers and onion rings lightly through the mixture and place in lettuce lined salad bowl. Serves six to eight.

Another salad in which the nutritious navy bean plays a starring role is the hot salad, good as a supper dish all by itself with crusty bread or as a side dish with baked ham or sausages.

### Hot Bean Salad

- 2 strips bacon
- 1-3 cup chopped onion
- 1 No. 2 can baked beans
- 1/2 t. mustard
- Dash pepper
- 1/4 C. vinegar
- 1/4 C. water

Cut the bacon in half-inch pieces and fry to a very light brown; add the onion and brown lightly. Add remaining ingredients and simmer until beans absorb the vinegar and water. Serve hot. Five servings (approx. 1/2 cup each).

**VARIATION:** Kidney beans, pork and beans, or beans in tomato sauce may be used instead of baked beans. In this case omit the water.

## Get Ready Get Set To Eat On Porch

Barbecue season coming up! Once again families will be dining "out". However, porch and patio tile floors frequently present a tough cleaning-up problem — especially for those living in sections of the country where the long winter months have let street and yard dust hold unrestricted domain.

To restore the lost lustre and original beauty of tile floors in outdoor locations try using an asphalt tile cleaner or soap-and-water scrubber—the same one manufacturer for use on kitchen floors.

Afterwards, frequent hosing will help keep normal dust and dirt in check.

A little extra elbow-grease during this year's spring house cleaning can save housewives a lot of time and trouble during the sticky summer months ahead. A coat of paste wax on hardwood floors after the application of a good floor cleaner will do the trick. The paste wax will require occasional buffing to renew gloss, but it's tough finish will hold up under all the punishment it gets from youngsters travels

**RARE RAW MATERIALS** ROCHESTER, N. Y. (UPI) — In a single year, the Eastman Kodak Co. purchased more than one million dollars' worth of each of the following: silver, wood, cellulose, coal, alcohol, cotton linters and animal hides and bones.

It also bought such items as plastic skeletons, fresh frozen pig skins, beef-cattle gallstones, prime steam lard and food for flies, all of which were used to develop the company's photographic and chemical products.

**VIGOROUS PROTEST** BUFFALO, N. Y. (UPI) — Restaurant owner Sam Saletta, 42, protested that the city was failing to collect his garbage by lining up a three-week accumulation of refuse right smack in the middle of the street.

### TB Jumps 23 Percent In Out-County

Tuberculosis took a 23 per cent jump last year in Wayne County areas outside of Detroit, according to Richard L. Lea of Plymouth, executive director of the TB and Health Society.

Lea said provisional figures compiled by the Michigan Department of Health showed there were 918 cases of tuberculosis in out-county areas, including Dearborn, during 1958. The year before, 707 persons fell victim to this life-sapping disease.

Reasons for the increase were explained by Lea:

1. An increased X-ray and tuberculin testing program—financed through taxes and the sale of Christmas Seals—has concentrated on Wayne County, turning up a higher yield of cases than in previous years.

2. The major population increase in Wayne County is focused outside the Detroit city limits.

Deaths from TB rose from 37 to 40 in out-county areas, but the death rate per population actually is lower. It reflects the steady success of new drugs and surgical techniques, discovered little more than a decade ago, which have cut the TB toll. There now is one TB death every 45 minutes across the nation and one new case reported every seven minutes.

"TB can be controlled only if the public is aware of its dangers," Lea emphasized, and the Detroit Tuberculosis Sanatorium, supported by Christmas Seal funds, medical research, and health education among children

**WROUGHT IRON BEAUTIFIES** a home at relatively modest cost, as exemplified here, where graceful columns and railings have been judiciously employed to enhance the appearance and value.

### Wrought Iron Adds Beauty To The Home

Many homeowners appreciate the grace and richness of wrought iron railings and columns and recognize how much they can do to enhance the appearance and value of the home but hesitate to include them in improvement or new construction plans because of the feeling that they are too expensive.

Modern methods, however, have greatly reduced the costs involved in the fabrication of wrought iron. In fact, cost of wrought railings and columns is often less than that of masonry and wood where good design and construction practice is followed.

Wrought iron columns, like railings, are gaining increasing popularity in interior decorative and structural applications such as balcony supports, room dividers, etc.

NEW YORK (UPI) — The diaper service industry has boomed into a \$50-million-a-year industry making nick-of-time deliveries for more than one million babies, according to a joint report by the Diaper Service Institute of America and the National Institute of Diaper Services.

### The CITY MANAGER'S CORNER

By Al Glassford

This is the time of year recommended for spraying elm trees with DDT to help control the spread of Dutch Elm disease. Controlling this disease is costly, but it should be done because the American Elm is our most popular shade tree on streets and in the parks.

In many places in Michigan, 90 percent of the shade trees are American Elms. When a tree is found to be diseased, it must be removed and burned within ten days from the time the disease was discovered and reported. Thus, the cost of controlling Dutch Elm disease includes prevention measures such as tree spraying and also removing, destroying and replacing the diseased tree.

This disease was first identified in the Netherlands, and that is how it got its name. The disease came to Eastern United States in 1930, and from this disease were reported in Detroit in 1950. Since that time, Dutch Elm disease has spread from Wayne County to most of the counties in southern Michigan. The disease is spread by adult bark beetles who leave diseased trees and go to feed on healthy trees.

In 1954, samples were taken from 21 weakened elm trees in the Plymouth area, processed at a laboratory to determine if the disease was present, and 17 were confirmed because Dutch Elm disease was discovered. Five years later, in 1958, only 8 samples had to be taken, and of this, 7 elm were found to

be diseased. Thus, it appears that we are beginning to control the disease in Plymouth.

The Department of Public Works is charged with the responsibility of keeping our parks and trees, so they do the tree spraying for our city. The Department of Public Works sprays all trees which are growing on city property. The men will also spray trees growing on private property, but only when the trees can be reached with the sprayer from the street. Thus, the men will not enter your private property to spray the trees.

Those persons who own trees which were sprayed from the street will be sent a bill for this service.

The reasons why the Department of Public Works will not go onto private property are many, but the most important are that it is too costly, and to do so often results in complaints about injured or destroyed trees and shrubs, or birds and fish that have inadvertently been killed by the spray.

The spray used for controlling Dutch Elm disease is a mixture of oil and DDT, which is not harmful to most trees and shrubs, but some types are not strong enough to withstand the materials used. Also, much of the tree spraying is done in the early morning hours when many folks are asleep, and they don't realize their trees have been sprayed or they are awakened by the noise of the operations. Therefore, it is the policy of the city not to enter onto any private property for this program, thus avoiding many complaints.

If a home owner has elm trees on his property and would like them sprayed, he should contact the Superintendent of Public Works. If the tree can be reached from the street, the city will spray it and send a bill to the person requesting the service. If the tree cannot be reached from the street, it is best to contact a private contractor to perform this work.

The inaugural assembly, which winds up 1959 PHS elections, is scheduled for 10:30 today. Four Student Council officers, 16 class representatives to the Student Council plus class officers will take the oath of office.

The 58-59's All-School officers will welcome newcomers. Originator of the Deal and the one often called the best Mayor in the history of Plymouth High School, Mary Jane West, will turn the gavel over to the newly-elected president of the student body, crew-cut Dick Hubert, a junior, Acting Vice-Mayor Mike Porter, class of '60, was elected Council veep like other outgoing and incoming Council officers, he will engage in some speech-making.

Mayor Dick Hubert was Council secretary this year. His books will be turned over to capable Karen Rank, the only sophomore elected to an All-School office. The voters reaffirmed their faith in this year's treasurer when they re-elected pretty blond Mary Williams to that post.

Hard-working Jay Selge, whose campaign posters urged voters, "We mustn't change horses in the middle of the stream," was elected to his THIRD term as president of the class of '60. (There are rumors this is some kind of a school record.) Elected to serve on the class executive board were: vice-president, John Salan, who is treasurer this year; secretary, Nancy Alford, she was re-elected; and treasurer, Janet Frieswyk (you know... "snow foolin' it's Frieswyk for Treasurer!")

Those who will represent the class on the Student Council and also serve on the executive board are Brenda Richardson, Lee Feldkamp, Sam Hartloff and Gloria Bowles.

Sophomores re-elected their president, Art Nelson, and he will take office for the second term. Enough ballots were cast for Gary Van Valkenburg to make him class vice-president. Michelle Hepler was elected class secretary and the sophs decided that, if dues had to be paid, Barb Gooch was the gal they'd like most to collect them.

Murray Denny and John Spigarelli were re-elected to the Student Council; new faces are Jerry Fischer and Dick Alsbro.

The freshmen voted for the first time in elections at the high school, though they campaigned at the junior high last year. They elected Jim Kropp president, re-elected Tony Hunt and Mary Lou Argo, vice-president and secretary, respectively. Chuck Ellis, the only petitioner in PHS elections, was chosen by classmates to keep the treasurer's books.

Elected to represent the class of '62 on the Council and also serve on the executive board were Carolyn Scott and Janet Graham; the voters were so pleased with the work of Mary Hulsing and Ken Fischer that they re-elected them to the SC. (These kids certainly deserve it... they took a really active interest in Council affairs, unusual for freshmen.) Take note: Ken's win plus Jerry Fischer's successful bid for election make a brother team on the Student Council!

The future freshmen weren't slighted... they took part in the Inaugural Assembly, too. Principal Carvel Bentley administered the oath of office to President Linda W. A. H., vice-president Mark Fischer (no relation to Ken and Jerry!), Secretary Nancy Austin and Treasurer Tommy Nunez. Student Council members during their first year at PHS will be Elaine Evans, Link Smith, Buz Smith, (no relation,) and Frank Bowles.

One last word on elections: a pat on the back to Election Chairman Claudia Kessler, a senior and Board members Jim Goddard, Alice Olendorf, Linda Leet, Dave Graves, Jeanette Ridley, Sue Campbell, Bette Argo and Joy Kalmbach.

Scholastic achievement: that thing for which we are in school, but which is often disregarded, placed in the "un-important" category and overshadowed by the extra-curricular... will be in the limelight this evening, as a group of "B" or better students gather in the Plymouth High School auditorium for the annual Honors Convocation. The National Honor Society plans the program, this year limited to juniors and seniors.

To be given special recognition will be the student — the only one — who has maintained a straight "A" or four point scholastic average through five semesters of study.

The four pointer is Randy Egloff.

His ability doesn't end in the academic field... you're sure to find his name on the sports page.

The thespians held elections recently. Results were too late for press time, but here's the list of candidates: (will clue you in on officers next week.)

President, Bob Wall and April Corey; vice-president,

Mary Jane Readman, Carol Kubick and Alice Olendorf; secretary, Judy Bullington, Geralee Rehbein and Brenda Richardson; treasurer, Linda Cracker and Jim McCabe; scribe, Earl Wright and Grace Wigley.

Tryouts for Varsity and Junior Varsity cheerleaders are next Wednesday and Thursday, May 27 and 28. Several are hoping to qualify as majorettes for '59-'60... they'll twirl batons on March 26.

The Dolphin Club members are "top secret."

Just recently selected "Detroit Bandstand" regulars were Plymouth's own Barb Schantz, a sophomore and John Taylor, a senior. On April 21, the show's MC, Dale Young officially asked the two to join other Detroit area youngsters on the telecast.

The PHS'ers had visited the show six or seven times and apparently impressed the young disc jockey with their knack for executing a dance step. (Barb says regulars are also chosen on the basis of personality, manners and appearance.) Most regulars are expected to appear three times a week, but Barb and John, because of the distance, aren't able to make it that often. At any rate, both regard the prospect of even occasional attendance as regulars with excitement and are "just plain thrilled" about the whole thing.

Eleven "Pilgrim Prints" staff members attended a conference of the Michigan Interscholastic Press Association at the University of Michigan.

Attending the confab were juniors Sharon Neal, Dick Hubert, Sandra Bailey, Alice Olendorf and Gloria Bowles, sophomores Kathy White, Lester Bartson and Ted Roberts and freshmen Harold Fischer, Janet Graham and Karen Kaunisto.

They heard a keynote address with Professor Carl E. Lindstrom speaking. Student journalists will then have an opportunity to attend meetings conducted by big-time reporters and journalism professors, who also lead discussions on journalism as a career, layout, feature, editorial - writing, and the like.

The other PHS publication, the "Plythean," sent eleven to the Suburban-Six League Yearbook conference at Redford Union last week. Attending were Mavis Williams, Frances Smith, Barb Westfall, Elaine Barry, Peggy Jenkins, Linda Strope, Beverly Stoops, Carolyn Murray, Barb Schantz, Judy Forshee and Peggy McFarlane.

The annual staffers took part in group discussions on photography, a yearbook theme, promotion and sales and other categories, heard a speaker expound on the do's and don'ts of editing a yearbook. The usual Friday

night dance was sponsored last week by the annual staff. They called it "Campaign Capers"—all election candidates were introduced.

In sports, the golfers will be competing in regionals beginning tomorrow and the Rock baseball team will host league-leading Bentley tonight at 4 on home fields. See you at the game!

About 30 girls are taking part in cheerleading practices once every week. They're working on flips, cartwheels, splits and cheers... all are looking to May 26 and 27, the dates scheduled for Varsity leading tryouts, when hopefuls vie for the right to wear one of the squad uniforms during football and basketball season next year.

Homeroom meetings recently saw students receive blank report cards to be filled out by teachers during the day. They were also handed scheduling sheets with lists of classes for next year, as decided by students and counselors in previous conferences. Assistant Principal Robert Smith, in charge of Guidance, asked PHS'ers to indicate whether classes were those they wanted to take or if there were to be some changes made.

Mayor MJ West also asked students to indicate if they would like to be a Big Brother (or Sister) to some freshman in the fall.

## The Reader Speaks Up

Editor:

An article in your May 7 edition indicates that the real reason for Wayne County's 10 percent equalization of the City of Plymouth's tax assessment is that the City's personal property assessments on business equipment and inventories were too low.

If this be true, then all the appeals in the world will be to no avail. Accordingly, residents must face the fact that their taxes were increased to offset relative reductions in taxes on business and industry. Many residents know they cannot sell their houses at a price several thousand dollars less than the City assessed valuation after equalization.

As your article points out, the City's tax story is complicated for the average citizen to understand. However, it is not impossible. It is time that the story was told clearly, and the Plymouth Mail is the proper vehicle for presenting it to the public.

**Chevy pickup pulls through "bottomless" pastures to keep stock fed!**

At the Hall Bros. Dairy Farm, Montgomery, Ala., they say this 4-wheel drive Chevy will go anywhere to keep stock fed—even through hub-deep muck that makes it a fight all the way. And yet after a full year of it—no mechanical trouble of any kind!

That Chevy pickup may not win any beauty awards (till it's cleaned up). But it's sure walking off with the top prize for dependability. And that's standard Chevrolet procedure. Put a Chevy truck to work and it keeps on working until you say quit. Not before.

We aren't claiming that every Chevrolet truck is turning out to be a miracle-worker and averaging 100,000 miles before a valve job. (Even though some are going 150,000!) You're sure to find, however, that you can't buy more truck dependability at any price. And that's borne out by the fact that more truck owners put their faith, and their payloads, in Chevrolets than in any other make.

Take your load and schedule figures to your Chevrolet dealer. He'll specify the best way to handle both and save in the bargain.

The Post Officers and Chairman for 1959, not previously announced are as follows: Public Relations Officer, Oscar Luttermoser; Patriotic Instructor, Robert VanMeter; Post Historian, Dave Ingall; Employment Officer, Robert Burley; Service Officer, Gerald Olson; Community Service Officer, Harry Bartel; National

Home Representative, George Mecklenberg; Buddy Poppy Chairman, Hal Young. (The list will be included in next week's column).

Activities scheduled for the next few weeks are increasing. It should make for interesting participation on everyone's part. The last dance of the season is scheduled for Saturday, May 23, at the Post Home, under the chairmanship of Jack Olsaver. This is the Annual Spring Dance, Poppy Day, according to Hal Young, is May 23 this year. It is hoped we can exceed the record sales of 1955 in this most worthy effort. There will be a Poppy Rally, potluck style on the preceding Wednesday, May 20, beginning at 6:30 p.m. at the Post Home. Because of the Rally the next regular meeting will be moved forward to May 27.

Sunday, May 24, the Annual Memorial Day Church Service will be held at the Salvation Army. This is always an impressive ceremony. Chairman Jim Willis advises that Memorial Day plans are completed. Judge Sexton will be the speaker. The Post Drill Team is preparing for a busy season.

Dates for the VFW Camps are: Camp Trotter, July 26 to Aug. 22; and Camp Woodbury, June 28 to July 25. The Post voted to send two boys to camp this year. At the May 27 meeting, these boys names will be drawn. Ages must be between nine and 14 years. Sons of all members are eligible but the fathers must be present at the drawing.

At the last meeting delegates to the Traverse City Convention, June 25 to 27 were elected. Dick Neale, Hal Young, Harry Bartel, Ray Danol and John Schwartz were chosen. These positions were willingly filled, as many are attending and planning an enjoyable time. Another anticipated event is the first Chicken Barbeque of the summer, scheduled for Sunday, June 21. Chairman Ray Danol,

and crew, promise the same delicious fare.

At the May 6 meeting William Challis, a Navy veteran, living in Ypsilanti, was accepted as a Post member. Bill is already well-known and is heartily welcomed to our Post. Bud Krumm, the new Commander, presided at this first meeting on May 6, and conducted affairs most ably. He, and the other officers, would certainly be encouraged by good turn-outs at future meetings. A reminder again that the next meeting is May 27.

**AUXILIARY NEWS**

At the May 5 meeting all new officers of the Auxiliary received their charges from Virginia Bartel, who was recently re-elected as Treasurer of the Fourth District. Loretta Young was elected conductress. Congratulations! Buddy Poppy Chairman, Bettie Neale, reminded us that Poppy Day will be Friday, May 22. Auxiliary members are urged to notify her at GL 3-1067 as to the time they are available to sell poppies. It might help to remember the statement made in the May issue of the VFW Magazine, "The Post or Auxiliary member who buys and wears a Buddy Poppy makes a real contribution—but the member who goes on the streets and sells Buddy Poppies increases his contribution one thousand fold".

Jesse R. Daniel

Jesse R. Daniel, aviation electronics technician second class, USN, son of Mr. and Mrs. Jesse D. Daniel of 378 S. Mill St., is serving with Patrol Squadron 26 which returned to the Naval Air Station, Brunswick, Me., May 4, after being stationed at International Airport, Iceland. While in Iceland, the squadron participated in anti-submarine operations, shipping patrols, ice reconnaissance and special missions as a unit of the Iceland Defense Force component of NATO. The squadron was frequently called upon to render assistance to ships and aircraft in distress in the icy North Atlantic waters between Iceland and Greenland as a part of its air search and rescue operations.

Michigan's economy is already receiving a boost from the St. Lawrence Seaway. Enlargement of ports will boost it still further with more employment for dock workers, ship builders, repairers and servicers, and banking and insurance facilities.

Michigan ranks first in quarrying and mining of gypsum, with an annual production of more than a million and a half tons. Industry is tapping this resource on an increasing scale.

**Are You a Good Driver?**

I am a good driver, if you don't believe me, look at my record!

The above is the philosophy of most of the drivers on the road today. They probably never have been involved in a major accident, but may have picked up a ticket, or two, for speeding or running a stop sign, or may have banged up a fender or two; but, even then they were not at fault—it was the other fellow or they were just plain unlucky.

This seems to be the biggest problem in driving today according to Mr. Richard Griffiths of the Driver Training department at Plymouth High School, and many drivers actually believe they can take care of any situation that may arise, no matter what it is. Mr. Griffiths and the other driver training instructors, Mr. James Doyle and Mr. James Green, are faced with the problem of trying to counteract these thoughts toward driving. Our main objectives in the program are to instill in the students the proper outlook in driving, say the three instructors.

They feel that the proper outlook for driving consists of several things, some of these are:

1. Courtesy and respect for the other fellow.
2. Never assume anything about the other driver (drive as though he were drunk or crazy.)
3. A healthy respect for the car and the possible damage it can do to an object or person.
4. An understanding of our traffic laws and the problems of the enforcing agencies.
5. Our own physical limitations while in control of a vehicle.
6. The actual driving of the vehicle.

To carry out the above teachings we approach it from several angles, says Mr. Griffiths. Taking each item above in numerical order he went on to explain:

1. We try to show that if the student is courteous and respectful the other driver will return this courteous and respectful treatment and in turn pass it on to other motorists.
2. We try to have our students practice defensive driving—to always be on the alert for whatever the other driver may do.
3. We try to show them what can happen when a car is involved in an accident or has hit someone or something.
4. We try to teach the student as many motor vehicle laws as possible and why these laws are on the books. We also must try to tear down the disrespect that a lot of students have for our laws and law enforcement agencies. We feel that a lot of this disrespect comes from watching a and listening to adults, who are outspoken against certain laws, and others who deliberately violate some laws and brag about getting away with it.
5. We try to show with psychophysical tests that the student has a lot of physical limitations. We use vision tests and suggest that the student see an eye specialist, if necessary. We test for night vision, depth perception, visual acuity and reaction time. If we see a serious deviation in any of

**17th District GOP to Cruise For Party Fund**

Seventeenth District Republicans are going cruising on a Friday night in June.

They hope to raise a little money and keep party morale high between elections, according to publicity chairman Ann Richardson.

The cruise is to Bob Lo on Friday evening, June 5, departing the dock at 8:15. The charge is \$1.75 per person, with ticket information available at BR. 3-7276 or GA. 1-1327.

"The Republican Committee in the district is determined to maintain a continuing and active program. Party politics is so often painted as gloriously active at election time and ingloriously inactive between elections."

"This gathering is designed to bring together the volunteers who work so industriously during the recent election, their friends, and all others interested."

Michigan owes part of its reputation as a sportsman's paradise to the fact that it has 11,037 inland lakes, 36,350 miles of streams and 3,121 miles of Great Lakes shoreline.

**"Michigan Means Business"**

Alan Walt, 17508 Pershing, Livonia, has been appointed ticket chairman in the 17th Congressional District for the Democratic Party's 1959 Jefferson-Jackson Dinner.

Senator John F. Kennedy, of Massachusetts, one of the nation's leading Democrats will be featured speaker at the dinner to be held on Saturday, May 23 at the Light Guard Armory in Detroit.

Assisting Alan Walt on the Ticket Committee from the township areas of the 17th District will be Dr. Albert Kalin, 22375 Haggerty, Northville, Robert Cooper, 9333 Idaho, Livonia, and Robert

Dwyer, 1274 Penniman, Plymouth.

An outstanding afternoon program built around the theme "Michigan Means Business" will be held at the Armory and will be open to the public without charge, according to Mrs. Helen Salamon, chairman of the dinner.

The afternoon event, which starts at 2:30 p.m. will include films, exhibits and panel discussion featuring Governor Williams, Senators Patrick V. McNamara and Philip A. Hart and other high-ranking elected Democratic officials.

New Spiritual Era

There are more than four times as many Christian missionaries from the US in Asia and Africa today—24,284 from Protestant churches and 6,124 from Catholic—than ever before, despite the fact that the wave of anti-Westernism that followed World War II practically wiped out foreign missions.

meditation or by "the progressive idealism of Christianity". This, he says, is the challenge and the opportunity that faces the missionary today. Mr. High cites as his authority, Dr. E. Stanley Jones who began his career as a Methodist missionary in Lucknow, India, 45 years ago, and who "has probably spoken face-to-face with more non-Christians in more countries than any other person in the world".

If Your Name Is 'Terrance'

Who has not heard it said, "I am a man, and nothing human is strange to me." It is from a play of Publius Terentius Afer, the playwright of ancient Rome of the second century B.C. He was born a slave in Carthage, Africa, and had the good fortune to have as his master the Roman senator Terentius Lucanus; the senator gave him the best education available, and freed him. On obtaining

his freedom the former slave took on his master's name, Terentius; this was a Roman gens name, the meaning of which has remained unknown. The comedies of Terentius were widely praised for their beautiful Latin diction. Based on Greek originals, they were often imitated by English writers, and quite a number of lines from them survive, for instance, "Fortune helps the brave," and "As many men, so many minds; everyone in his own way."

"Terry" as his last name was Edward O'Connor Terry. There is a story about him that shows that he was not averse to carrying his acting ability over into his private life. With his friend, the writer Theodore Hook, he once passed by a house from which the fragrance of a fine roast emanated. So they decided to join the party that seemed to be going on inside. And, they found the house filled with guests, and so on they made themselves the center of a crowd, entertaining them.

"Our concrete street has given everyone new pride in keeping up his home!"

A concrete street dresses up the whole block! Keeps your neighborhood neat, clean and good-looking. Doesn't break up in the spring or soften in the summer. With a life expectancy of 50 years and more, a modern concrete street adds value to homes, makes them more sale-

able. Modest initial cost and continued low upkeep make it a really sound investment. Add to this, dependable skid resistance, high night visibility and a smooth, comfortable ride. You can see why modern concrete is the preferred pavement in cities, villages and towns everywhere.

Our Prisons Cost Too Much Money

(Editor's Note: This is the third of a series of articles dealing with a threatened 20 per cent increase in Michigan's prison population in the next 10 years — and the resulting high costs involved. Today: What is the solution?) LANSING — The National Probation and Parole Association, a recognized national authority, says that if Michigan wants to reduce its prison population or keep it from swelling beyond reasonable bounds there are two simple solutions: 1. Don't send so many men to prison. 2. Don't keep them in prison so long.

The upsurge in business since the turn of the year has been largely due to the stimulus of inventory accumulation as a hedge against possible strikes in certain key industries. Forward buying of this nature, however, borrows from demand which would normally come later in the year.

## Hot Shot Junior Rifle Team Brings Home Hearst Trophy

Taking part in the Twentieth Annual Detroit Times William Randolph Hearst Rifle Shoot at Wayne University Armory on Saturday, May 9, the first team of the Plymouth Junior Police Rifle Club, Keith Evans, John Olendorf, Jean Murdoch and Sue Weberlein, outshot the other mixed teams to win the Class A Junior Mixed Team Trophy.

Keith came through with a perfect 200 score, John and Sue shot 199, and Jean a 197 for a total of 795 dropping only 5 points out of a possible 800.

Four individual trophies accompanied the Match Trophy which will be kept at the team's home range for the coming year.

Four members of the newly formed second team, participated in from December 16 to March 28. The members of this team were: Keith Evans, John Olendorf, Jean Murdoch, Sue Weberlein, Rita Thomas, Linda Cutright, Bob Failing, Bill Iman, Karen Kehoe, and Valerie Dunn.

Also in the Southeastern Michigan League, Sue Weberlein won the Individual High Handicap Trophy.

In April the team shot in the Junior-Smallbore Registered Match at Roseville. Keith Evans took first place in Match I with a perfect score of 200 and also first place Class A in Match III. John Olendorf and Keith Evans won the two-man Actual Trophy and First Place Handicap Trophy from the Southeastern Michigan League which they have par-

## THE FAMILY MAILBOX

**GRACE AT MEALS**  
Dear "Miss Louisa:" Since we have been married we have never had grace at our meals. Now our children have asked for it, because they have visited other families who follow this custom. Have you any suggestion?—Mr. H.D.L., Galveston, Texas.

Dear Mr. H.D.L.: Grace before meals is a custom that is returning to the American home. As head of the family, it is your task to select and learn a blessing. In our family when we say grace, we hold hands around the table and like being found that our visitors like having a part of the family circle. Sometimes the whole family says the grace in unison; sometimes one member is asked to lead this simple prayer of thanksgiving and then the family may all say "Amen" together. If children are taught a simple grace and

allowed (as a privilege) to say it, it makes an impression on them.

"God is great, God is good, and we thank him for our food" is an easy prayer for even the youngest child to remember.

**NORTH WINDOW BOX**  
Dear "Miss Louisa:" I have a north window in the back hall that is one of the coolest places in my house. Have you any ideas for planting a window box that is built in the window sill?—Mrs. J.W.L., Falmouth, Kentucky.

Dear Mrs. J.W.L.: As summer is not too far away, I would suggest ferns for this window of your home. Maybe you can find them in the woods near your home. If not, a greenhouse should have ferns for you. Plant them in the black earth that you find in the woods where ferns grow. Don't forget to water ferns, for they like moist soil. Begonias are another choice and they would flower.

**JUNIOR READER**  
Dear "Miss Louisa:" I asked my mother "Why does the butcher shop have sawdust on the floor?" She didn't know. Do you?—James, 7 years old, Waterbury, Conn.

Dear James: I used to wonder about that sawdust, too. It is put there first to keep the floor clean. When a butcher is cutting meat, there is blood as well as scraps of fat. These would leave stains on the floor and also, if it weren't for the sawdust, the man might slip on a piece of meat just like on a banana peel, and fall down and hurt himself. Circus rings have sawdust to keep people from slipping and horses and elephants too. The sawdust on the butcher shop floor also helps to keep it warmer for the butcher, because meat is kept on ice or in the icebox.

mailbag full of patients

You've made Joseph G. Molner, M.D., a most popular fellow with the Detroit Times' mailroom.

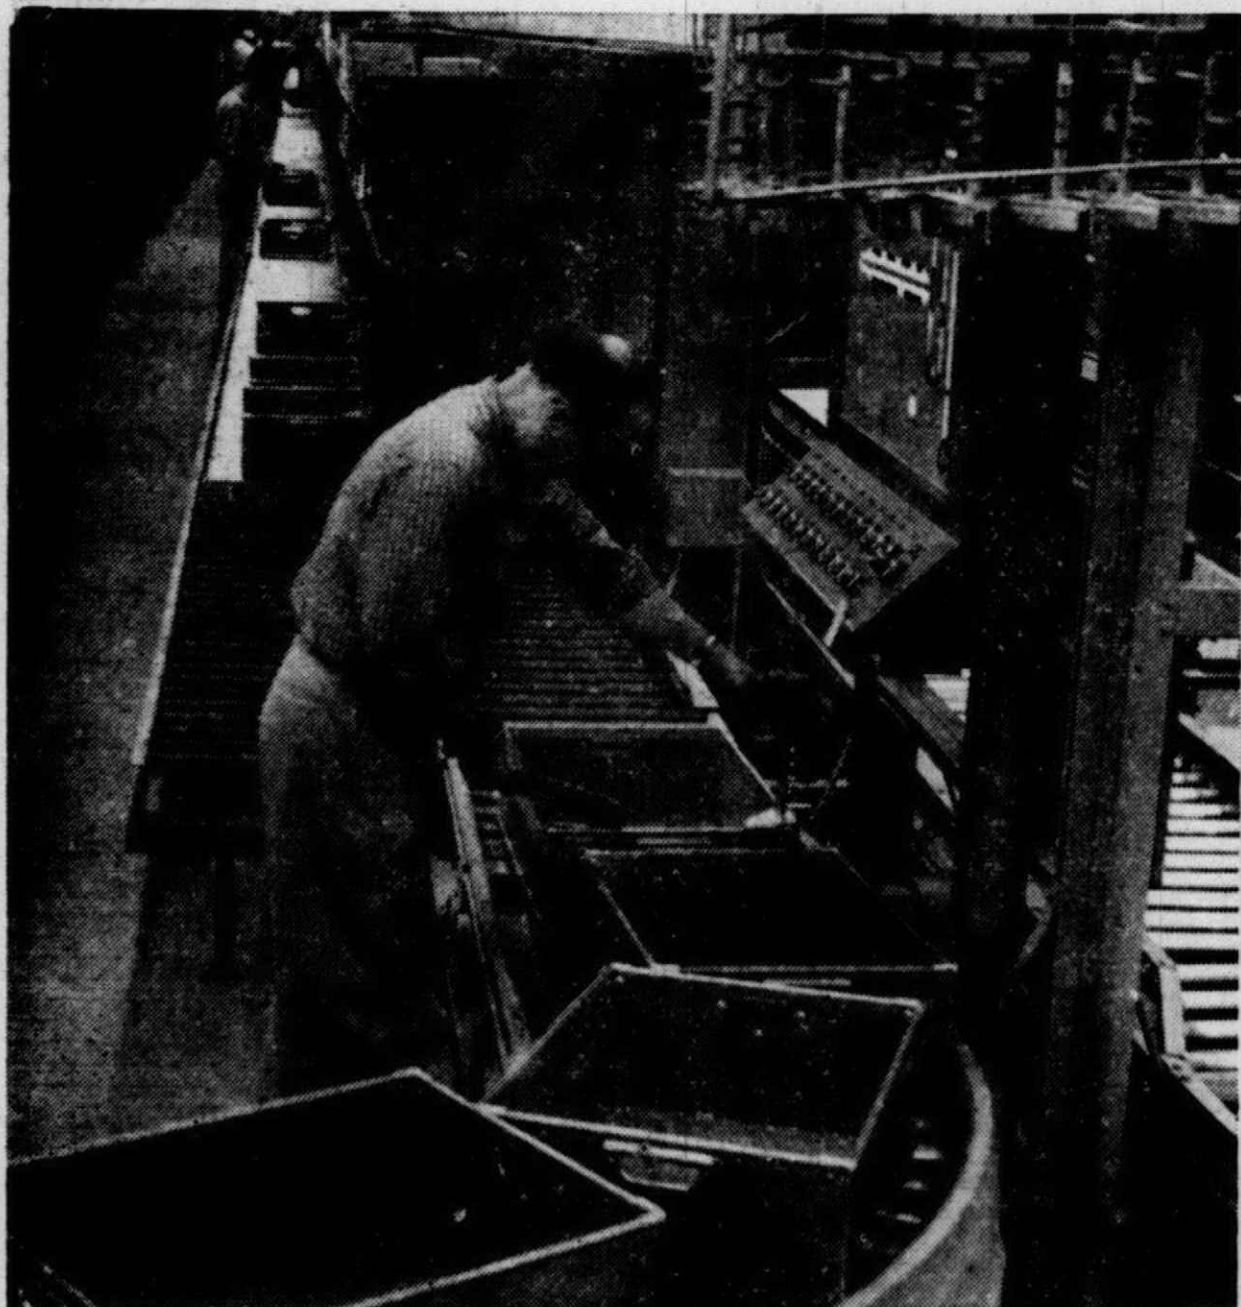

Last year, 19,396 of you filled Dr. Molner's mailbox to overflowing with medical inquiries. And you found the fact-filled answers to many of these questions in his daily Detroit Times column, "To Your Good Health".

It pleased us to bring you the knowledgeable advice of this man who has served as Detroit's health commissioner for many years.

For some of you, he has dispelled old, medically-unfounded fears. Others of you have been spurred to visiting your family physician. You've acquired a layman's appreciation of today's medical miracles by reading "To Your Good Health"—just one of the many fascinating columns and features you follow daily and Sunday in the Detroit Times.

# Plymouth Gets Look Inside Western Electric

**ELECTRONICALLY** controlled conveyor system brings stock hampers automatically to position where they can be filled. Some 10,000 items regularly need-

ed by Michigan Bell to provide service are maintained in stock by Western Electric's new distribution center on North Sheldon Road.

**DIFFERENT LENGTHS** of cable can be easily measured, reeled and cut by cable measuring machine. This is one of many facilities at Western Electric's

new distribution center in Plymouth which makes possible "same day" service to the telephone company.

**A RECENT** product of research, telephone answering set plays recorded message for caller when you are out. This one getting checked is one item of tele-

phone equipment among hundreds that is reconditioned at Western Electric's distribution center.

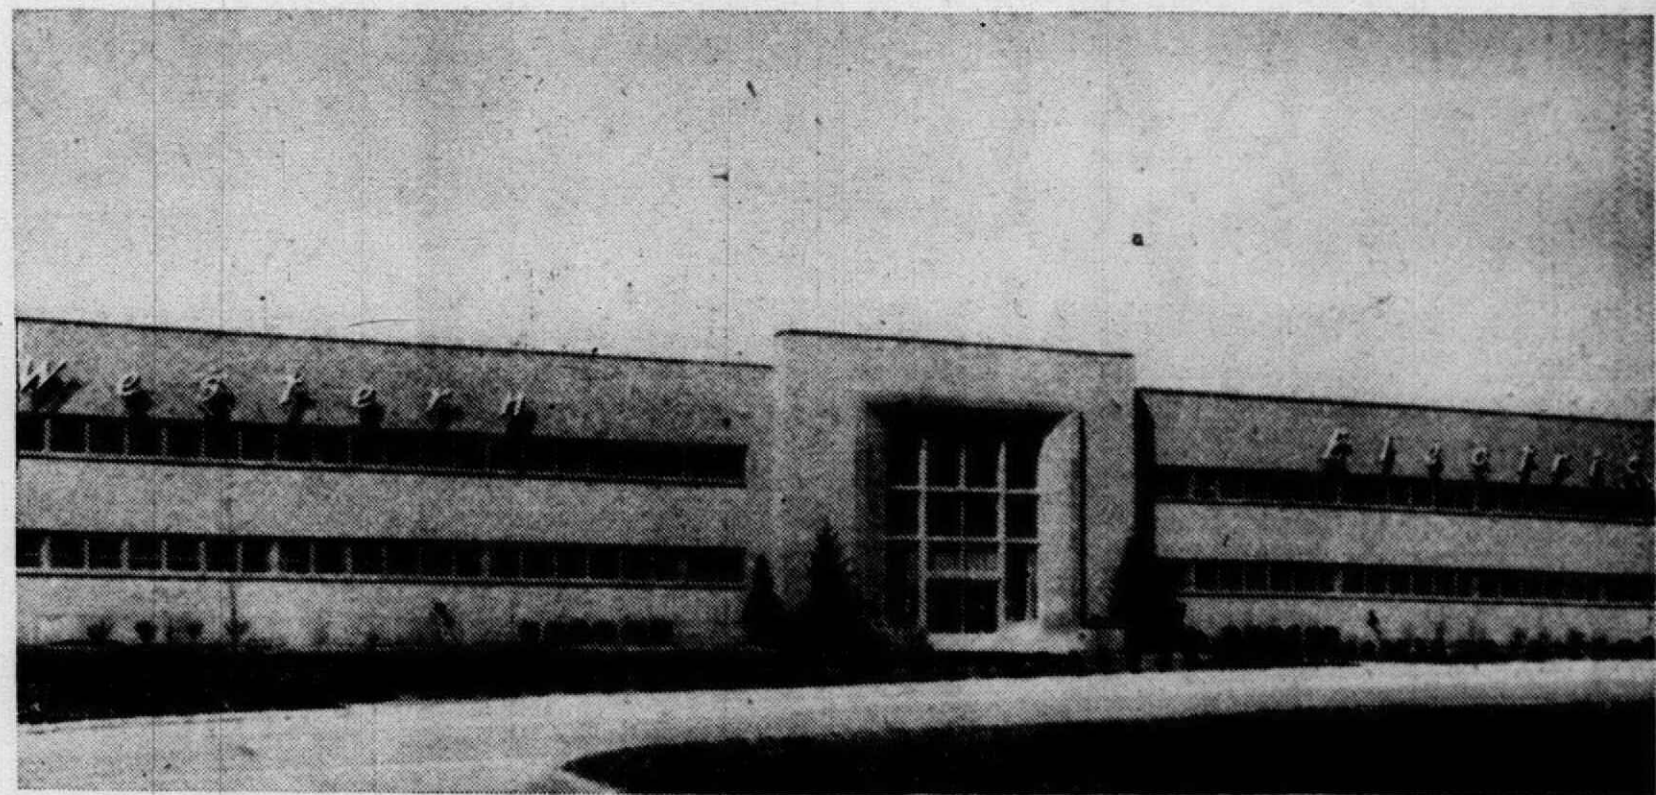

This week, the Western Electric Company will show off its new distribution center on North Sheldon Road in Plymouth to Bell System employees and their families and to residents of the Plymouth community.

Monday, Tuesday and Wednesday nights, May 18, 19 and 20, the Company held Family Night for Bell System employees and Thursday evening, May 21, will be Open House for friends and residents in the Plymouth area.

A guided tour will show visitors how Western Electric stocks and repairs the wide variety of supplies and equipment needed by the Michigan Bell Telephone Company to maintain its 2.8 million telephones.

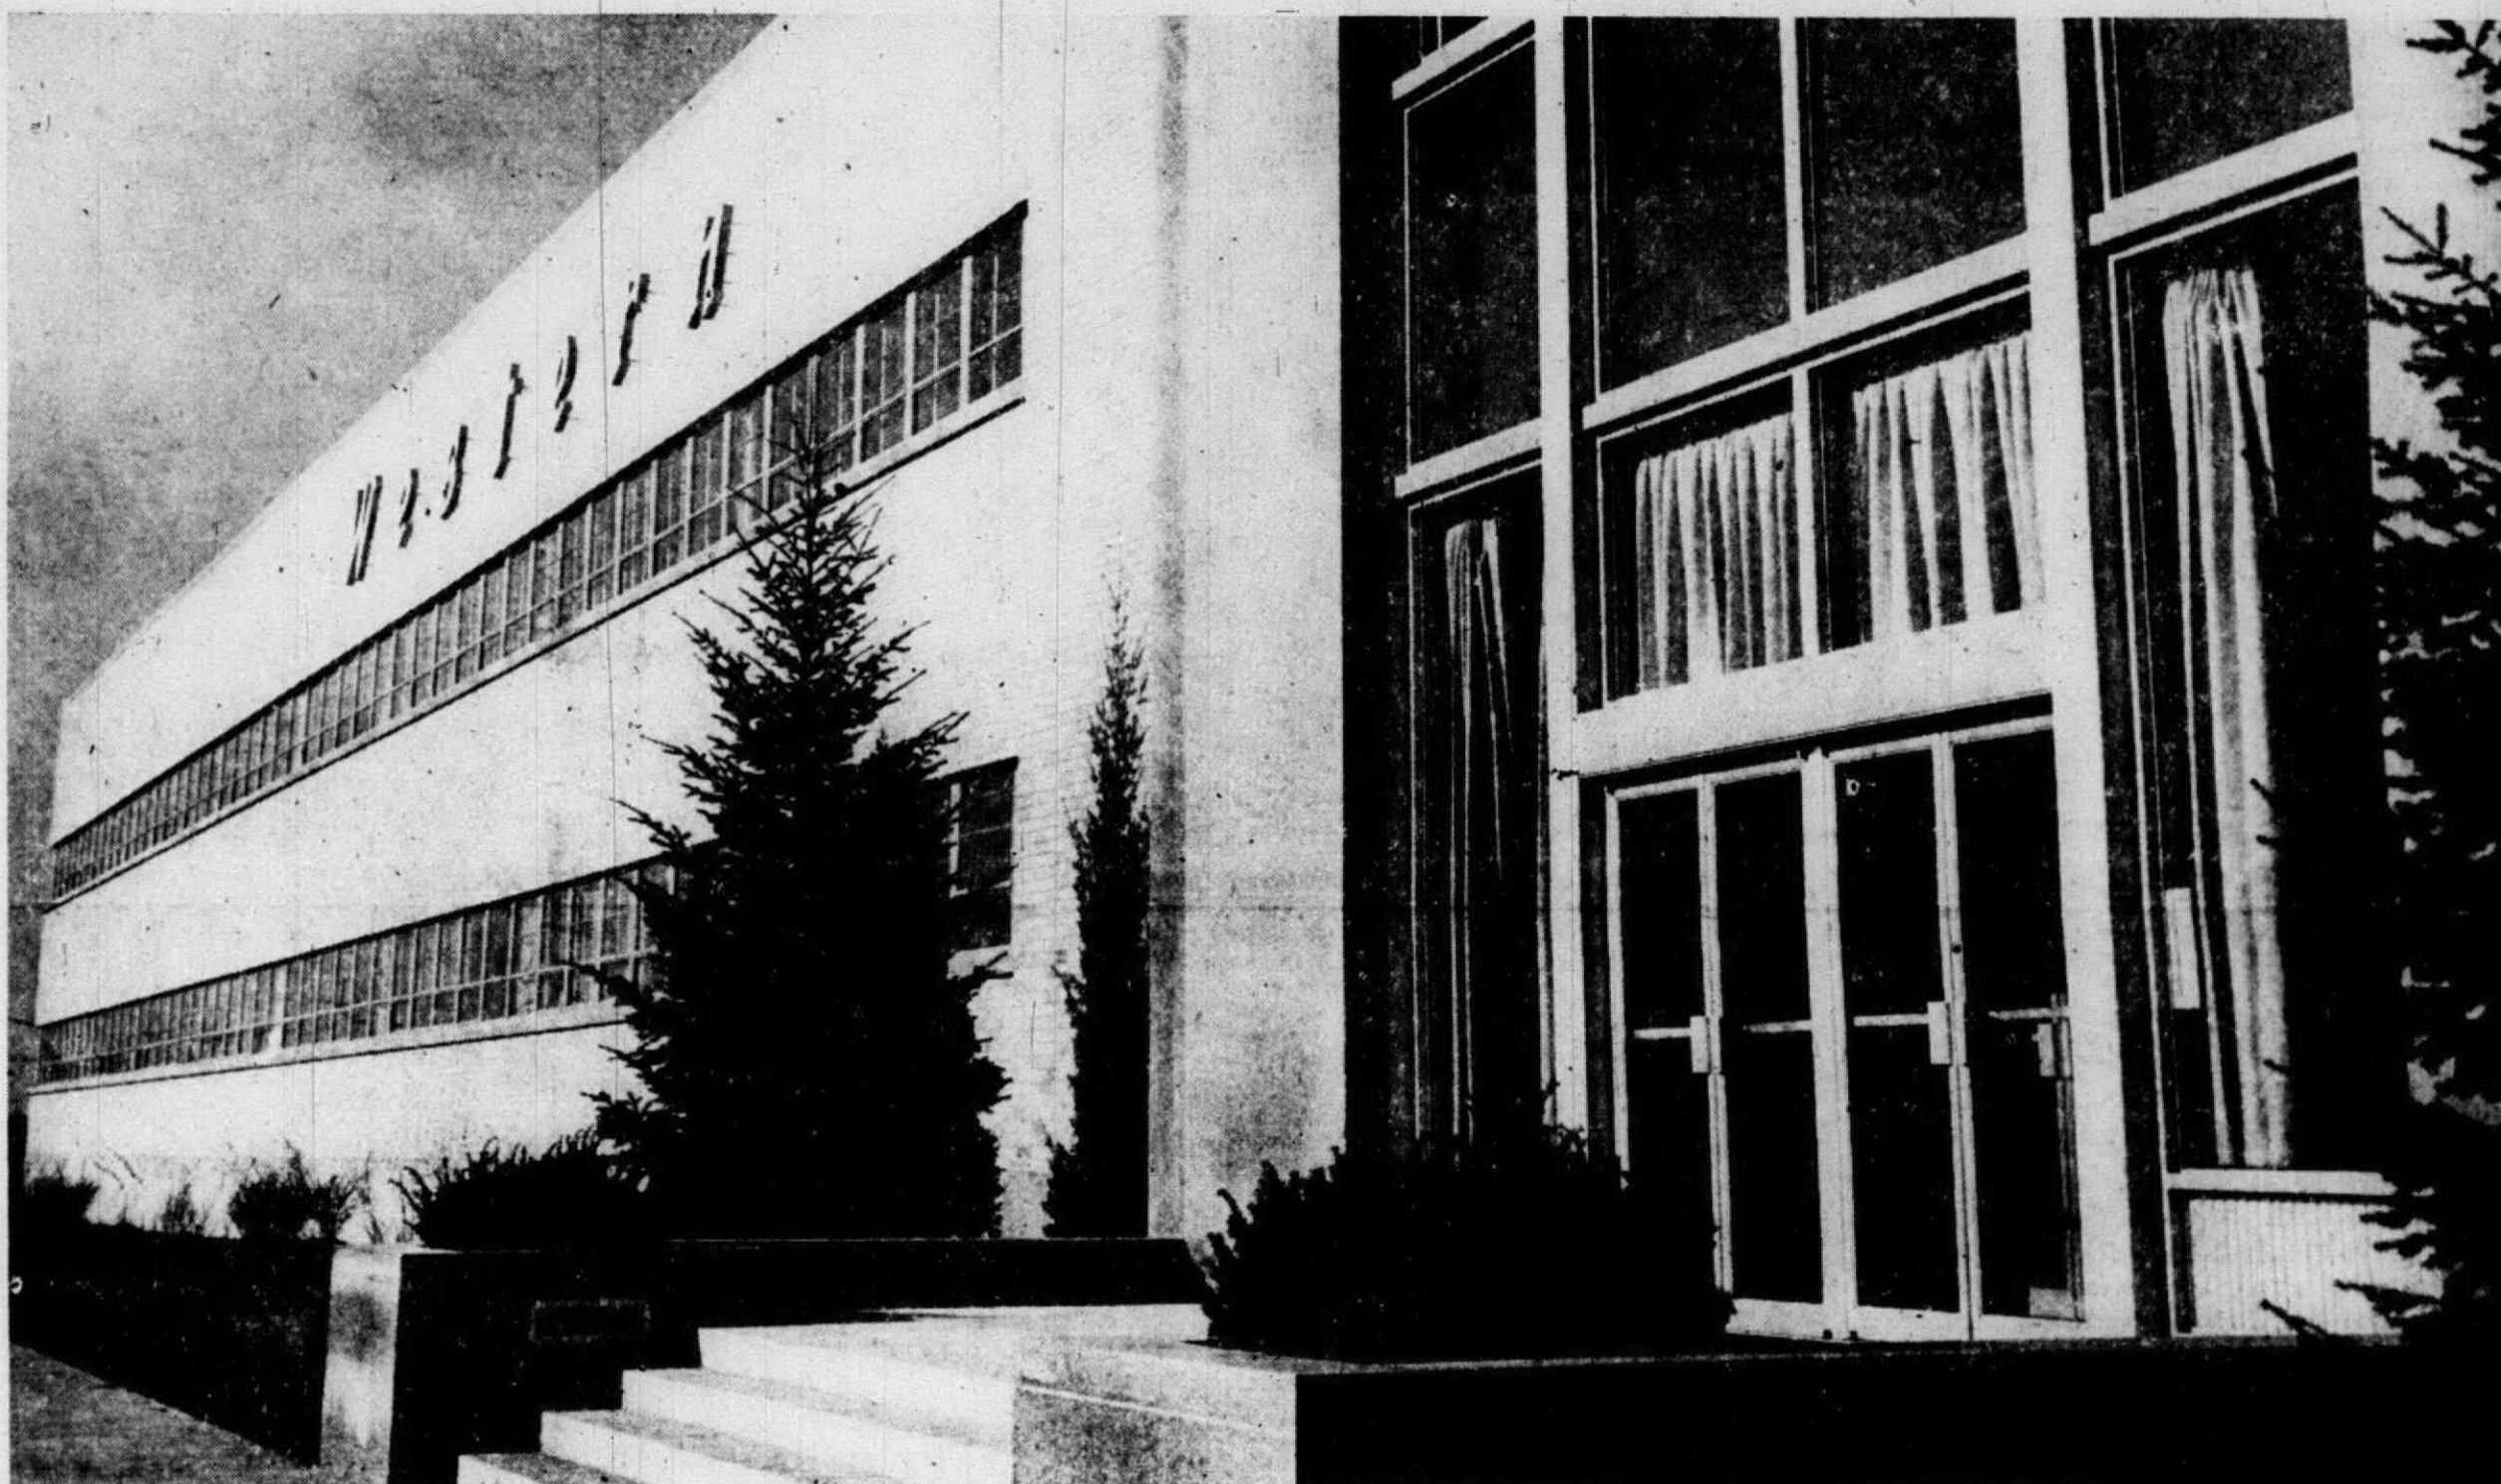

Highlights among the unique warehousing, materials handling, and repair techniques guests will see in operation are the cable winding and cutting machine, highlift trucks stacking and selecting supplies, testing of pay telephones, and refinishing of telephone sets. An added display shows the installing of crossbar central office switching equipment by members of Western's Installation Organization. On view will be many of the 10,000 separate items stocked, ranging from paper clips and light bulbs to switchboards and teletype machines. All are required to meet the daily and emergency needs of the telephone company.

Opened last December, the Plymouth Center is one of 32 Western Electric Distribution Centers located strategically across the country, each serving the exclusive needs of Bell telephone companies. The new center replaces the cramped quarters formerly occupied in Detroit and is designed to keep pace with the telephone needs occasioned by the tremendous growth in the number of telephones in the Michigan Bell area.

**SERVING 2,800,000** telephones in Michigan is the Western Electric Company's Distribution Center in Plymouth where Open House will be held tonight. There are 10,000 items stocked in the building located on Sheldon Rd. The plant, placed on 36 acres, has 420,000 square feet, is 500 feet wide and 675 feet deep. The annual payroll for the 670 Western Electric personnel and 670 Michigan Bell workers is over \$3,000,000. The

center supplies daily and emergency telephone supplies and equipment required by Michigan Bell. Telephones and other equipment is also reconditioned there. Western Electric moved from their Oakman Blvd. building to the new location last December. Employees and their families attended an Open House during the past three nights.

## YOU'RE INVITED TO A HOUSE-WARMING!

Ever since we at Western Electric moved into our new Michigan Distribution Center out on North Sheldon Road, we've been looking forward to meeting our neighbors and showing you around. Well, we're holding Open House with guided tours, refreshments and all the trimmings tonight — from 7 to 9 p.m. — and you're invited!

Here you'll see some of the thousands of products we keep on tap to meet the day-to-day and emergency needs of Michigan Bell Telephone Company — part of Western Electric's job as manufacturing and supply unit of the Bell System. There'll be all kinds of telephones and telephone products, made in our factories around the country; plus things we buy, like tools, medical supplies and stationery — some from companies right in this area.

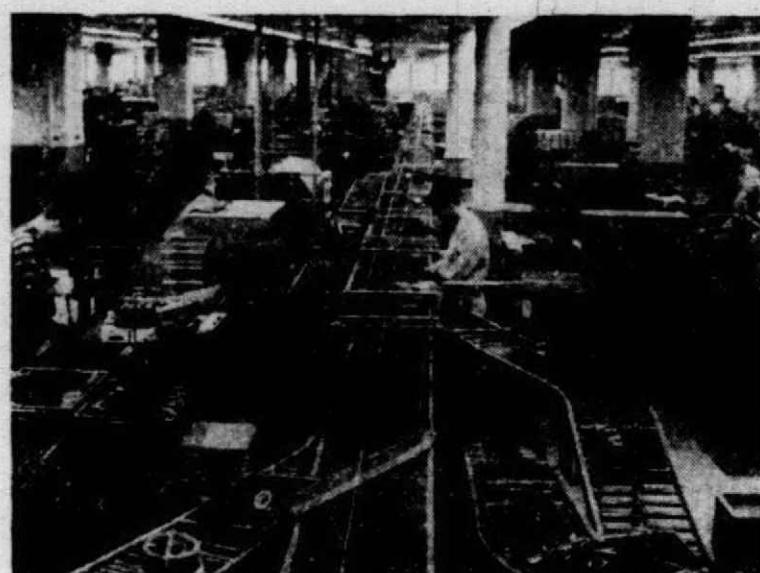

You'll see the latest in material handling equipment and techniques — like our block-long conveyor system — that help speed these products

to your telephone company. It's done so efficiently that a majority of the orders we receive are filled the same day.

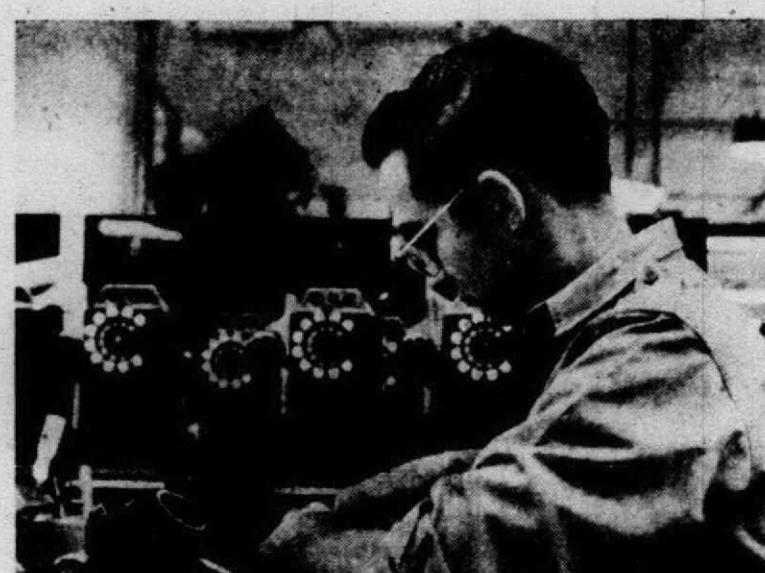

You'll also see our Shop . . . a big important section of the Center where we repair and recondition telephone equipment good as new for Michigan Bell.

Like any new neighbor in the community, we're looking forward to this chance to meet you in person . . . the people we'll be living and working with in the years to come. Hope you can make it.

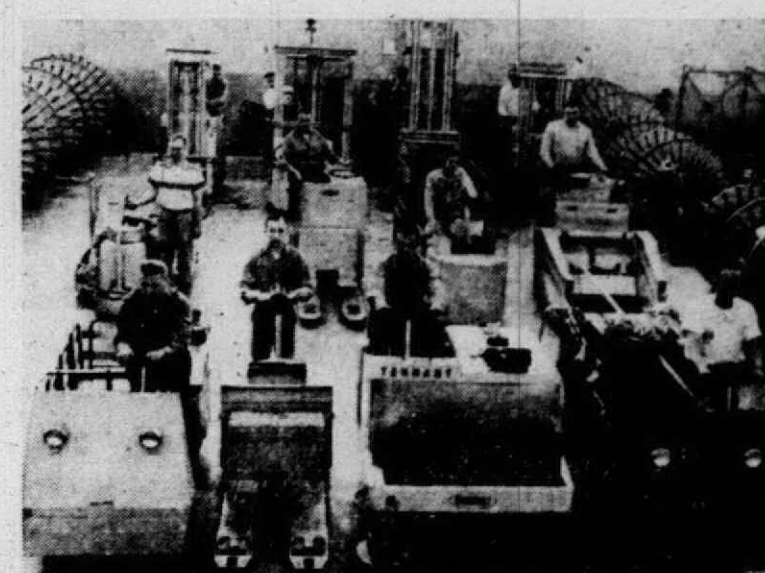

**MICHIGAN DISTRIBUTION CENTER**

Tonight, at the Western Electric Open House you'll see this and many other unique conveyor systems.

Our employees will demonstrate some of the many repair operations that are performed in the shop.

This modern material handling equipment will be displayed and operated at the Open House.
