**Canton Township Residents Give  
Advice On How To Cook Deer Meat**

By ESTHER SPRENGEL  
GL 3-0194

Hadn't really planned on an article this week, because as of today, December 17, I still haven't purchased my Christmas cards, shopped for those things on Santa's list or cleaned our shelter, however, this will be my last chance to wish you all a very Merry Christmas and thank you for being so nice to us and sharing your news. As of today, almost a year and a half, I have never run into an unfriendly Canton resident in my search for news.

Last week we told about the Christmas program and festivities planned by Boy Scout Troop 298. We made one error, but it gives us a special reason for telling these boys and their leaders just what nice people we think they are. The boys usually exchanged Christmas presents at their annual Christmas party, but this year, with consent of every boy, they decided to wrap a gift and put their name and address on it, and take them to the town hall where as a group, they shall take the gifts to a near-by hospital in the area and present them to a boy who has not been as fortunate as they. I understand the boys are very enthusiastic about their gift exchange that will make some boy very happy. Once again fellows we think you're real tops.

The boys of Troop 298 had adopted a boy from Brazil and appointed him as an honorary member of their Boy Scout Troop. The boys learned about Jozina through Mr. Scofield, who showed them some films taken by his son who is a missionary and doctor in a remote region of Brazil.

Jozina had a bone disease and the fellows were eagerly looking forward to sending him boxes of things they wanted to share with him. The Women's Reserve group prepared a box and sent it to Jozina. The fellows were planning a n o t h e r box for

their young friend, when they received notice of his death. A family get-together is planned at the home of Mr. and Mrs. Contario of Ridge Rd. On hand to share in the Christmas festivities and dinner planned by Mrs. Contario, will be Mrs. Contario's parents, Mr. and Mrs. Joseph Olowich of Troy, Michigan the Contario's daughter and husband, Mr. and Mrs. Robert Rutley of Belleville and their four children, Mrs. Contario's brother and wife, Mr. and Mrs. Olowich of Dearborn, and Mr. and Mrs. Walter Pantle of Detroit.

Another family busily preparing for Christmas is the Willard Bowmans of Ford Rd. Mrs. Bowman is preparing dinner for her brother and wife, formerly of Plymouth, now residing in Arkansas, Mr. and Mrs. Sheldon Baker, Mr. and Mrs. George Burden and family of Wayne, Miss Christine Baker of Ann Arbor and her brother Dennis, a student at Michigan State. Also on hand for the family get-together will be Mrs. Lois Baker, Mrs. Bowman's mother.

Not to change the subject, Christmas, but I received a call from the Wayne County Chairman for the March of Dimes, who is very anxious to get ladies of Canton Township to work on the drive scheduled for January 28. If you can devote an hour or so to the Mothers' March on Polio, contact me and I will be glad to give you the necessary information.

It is Christmas festivities, birthday parties and 4-H meeting all combined and to be held at the home of Mr. and Mrs. Edward Bosman of Hanford Rd. On December 21, the Spoon and Spool group of the 4-H will hold their Christmas party, with an exchange of gifts and refreshments. This shall be a dual celebration as it is the birthday of Carol Bosman, who will be entering those very interesting years called teens. Carol will be 13 and we want to wish her many happy returns. The festivities will be carried on at the Bos-

man home. On Saturday Patty Jean Bosman will celebrate her ninth birthday with her classmates from the Galimore school on hand at her home to enjoy the planned festivities of games (prizes to the winners), and refreshments. Fifteen guests are expected to help Patty celebrate.

Perhaps not a new group, but we understand the "Snap and Snap" group of the 4-H, under the leadership of Mrs. Lillian Godwin, have appointed a news reporter, Miss Carol Sheppley of Lilley Rd., who we hope will keep us informed of their activities.

The girls meet at the Godwin home for their work meetings and at one of the members' homes for their business meetings. The girls are primarily a sewing group and are together for their second year.

Chief Fred Korte of Canton Township Fire Department reports two fires in Canton in the last two weeks. On Monday a coal furnace was the cause of a house fire on Ford Rd. and on Wednesday, a hot water heater caused \$500 damage to a home located on Hannan and Van Buren Roads.

The Rudolph Koppens of Gorman Rd., are planning Christmas Eve festivities starting with a dinner for their daughter-in-law and her husband and family, Mr. and Mrs. Howard Truitt of Ford Rd. The Koppens are eagerly looking forward to an evening where there will be gift exchanges and the couple will be surrounded by their six grandchildren.

We understand that Mr. Howard Truitt was one of those lucky hunters that returned with his prize, Mr. Truitt got his deer in the Alpena-Grand Lake region. However this did not end the hunting experience as the deer Mr. Truitt got had only three legs, a solution being that someone last year just missed getting his deer by a leg.

In talking about Howard's hunting experience with Mrs. Koppens, the subject of venison came up. The debate as to whether it was good eating or not. (As for me I have never tasted same so am not an authority), however Mrs. Koppens says if people would leave it alone, in its natural state and not drown it in vinegar maybe more hunters would enjoy the meat they were lucky enough to get. Mrs. Koppens says she removes all the outer tallow. When preparing a roast, she puts bacon strips on it, as the meat is very dry. As that someone makes parties of the neat, she mixes pork sausage with it and claims it is very much like young beef. Thought we would pass this on to you who have a freezer full of deer meat.

I spent most of Thursday on the phone trying to dig up some news, but I guess just about everyone was busy doing what I should have been doing, attending to Christmas business. So just as soon as you have everything wrapped up, give me a call and tell us about the guests, trips, or any other Christmas festivities you had.

Once again Merry Christmas and let us hear from you.

**"White Sale" Good  
Investment For  
Christmas Gift Money**

By Barbara Slade

The combination of Christmas gift money and the annual "White Sale" is a certain to mean some replenishing of the linen closet. Before spending the money too readily, inventory the household linens and study the advertisements for a couple of weeks.

The standard twin bed size is 39 by 74 inches, but there is a long twin, 39 by 82 inches for the tall person. The standard double bed is 54 by 74 inches, but some doubles are as much as 80 inches long. Other sizes are 60 by 75 inches, 60 by 80 inches, 63 by 80 or by 84 inches and 74 by 82 inches. In deciding the size for flat sheets, allow for hems and also to tuck in sheets securely.

To determine the size of pillow case, measure the pillow and add 2 inches to the width and 6 inches to the length. And, when reading the labels on sheets and pillow cases, remember that the size stated is the size before hemming.

Sheets will be found at white sales fitted or flat, in heavy duty muslin or fine percale, all white, all color or with colored hems. Percale sheets have a smooth, almost silky finish because they are woven of combed yarn. They make a sheet of high quality which wears well but will not, of course, take the punishment a muslin sheet will.

Muslin sheets generally are corded yarn, medium weight cloth with a plain finish. Standard are either 120 or 140 threads per square inch. A high thread count muslin

sheet is the most practical for hard wear and should be chosen for youngsters' beds, if not for others in the house.

Sheets can be purchased in a bewildering number of sizes and styles. Many kinds of sheets now are made in extra large sizes, so it's wise to measure and note any off-sizes that will make house-keeping easier.

White sales frequently include stock that is displayed under the sign "Irregulars." The word irregular refers to a miss made by the weaving machine or a slight variation in color, rather than a defect that would reduce the ruggedness of sheet, pillow case or towel. The brand name usually is stated for irregular stock and it is well to rely on a brand name that is synonymous with quality.

Local Sailor Visits Karachi, Pakistan

John C. Rezeppa, seaman apprentice, USN, son of Mrs. Dorothy Brock of 313 Adams, Plymouth, is visiting Karachi, Pakistan, for two weeks, while serving aboard the amphibious force flagship US Taconic.

The Taconic, a unit of the U.S. Sixth Fleet, arrived at Karachi, Dec. 2, following a trip from Valencia, Spain, via the Suez Canal and the Red Sea.

The Taconic is in Karachi to act as a communications ship in connection with President Eisenhower's visit to Pakistan.

Fitted with extensive radio communications equipment, the Taconic acted as a vital link with the White House in Washington.

With the year coming almost full circle, we once again have the pleasure of extending the greetings of the season to our many good friends and wonderful patrons. May you all enjoy this last, but best, part of the year in health and happiness.

# Ways To Use Eggnog A Tradition Of The Season

## How To Hatch an Eggnog

**HOLIDAY SEASON EGGNOG:** Rum eggnog can be made instantly using prepared mix or by

the traditional, though more time-consuming method.

Should an eggnog be thick enough to eat, or thin enough to drink? Should it be made with whole eggs, or yolks alone? Experts disagree, and you may have difficulty deciding on your favorite recipe, but that's the only difficulty involved in making a delicious eggnog.

Rum eggnog has been synonymous with Christmas hospitality in America for nearly three-hundred years; for many families, preparing the eggnog is as much a ritual as trimming the Christmas tree. For our forefathers, whipping up an eggnog was really a trying, time-consuming task. Today, however,

American ingenuity makes it possible to do the job in less time than it took a colonist to crack the eggs.

Dairies now market a non-alcoholic eggnog mix that needs only the addition of flavor in the form of light, dry Puerto Rican rum or may be served plain. Connoisseurs agree that eight ounces of golden rum is the ideal amount for each quart of mix; for an especially rich and wholesome Christmas cup, fold in a cup of whipped cream, chill one hour and serve topped with grated nutmeg.

"Do-it-yourself" eggnogs are slightly more time-con-

suming, but they are well worth it; an electric mixer may be used to advantage for the beating and stirring. So, simply select a tested recipe and use the proper ingredients.

A point worth remembering to insure maximum success when making either the "instant" or custom-made variety of eggnog, is that it's the rum that imparts authentic flavor. Being slightly heavy-handed with this old favorite never spoiled a well-hatched eggnog!

Here is a time-tested recipe that is sure to please the most discriminating taste.

### Early American Eggnog (serves 15-20)

- 12 egg yolks
  - ½ lb. sugar
  - 1 pt. milk
  - 1 bottle light rum (optional)
  - 1 qt. heavy cream
- Beat yolks until light. Add sugar until thick. Stir in milk and rum. Chill 3 hours, fold in whipped cream. Chill one hour. Serve sprinkle with nutmeg.

### Warning Issued By Dr. Bartlett On Winter Sports

"We're right in the middle of the hayride and bobsled season. Schools, church organizations, service groups, social clubs and others planning such activities should be very aware of the dangers involved and precautions should be taken to help prevent tragedies," cautioned Dr. Lynn M. Bartlett, state superintendent of public instruction.

Dr. Bartlett said, "If your group is planning a hayride for youngsters, be sure that the person or persons responsible observe traffic precautions, and that the routes taken are not the heavily main thoroughfares. It would help to have a responsible adult, in addition to the driver of the wagon, along with any teen-age group."

"Bobsledding should be done in areas that are specifically set aside for that purpose, and certainly, bobsledding should not take place on city streets or on highways," he said.

Dr. Bartlett cautioned, "Don't make the holidays tragic-days because you forgot to be alert and careful."

### It's High Time For Eggnog Dessert

**DURING THE HOLIDAY SEASON** when eggnog is featured by local dairies, use the milk and egg-rich beverage as the custard base of a decorative fruit dessert.

This party mold so delicate of texture and lofty of height only requires the blending of four ingredients: bottled eggnog, unflavored gelatine, canned fruit cocktail, and heavy cream. Unflavored gelatine gives the mold its beauty of design and protects the light airy texture.

The dessert can be chilled in a spring form pan lined with lady finger cookies, or it can be chilled in individual serving dishes.

#### Eggnog Fruit Chiffon

- 12 lady fingers
- 2 envelopes unflavored gelatine
- 1 can (29 ounces) fruit cocktail
- 2½ cups commercially prepared eggnog
- ½ teaspoon salt
- 2 teaspoons vanilla
- 1 cup heavy cream, whipped

Split lady fingers; cut off one end to stand upright and place around sides of an 8-inch spring-form pan. Drain fruit cocktail; measure 1 cup of the syrup. Sprinkle gelatine on syrup in saucepan to soften. Place over low heat, stirring constantly, until gelatine is dissolved. Remove from heat; add eggnog, salt and vanilla. Chill until mixture mounds slightly when dropped from a spoon. Fold in 2 cups of the drained fruit cocktail; fold in whipped cream. Turn into prepared pan; chill until firm. To unmold, release spring and remove sides of mold carefully. Garnish with additional whipped cream and remaining fruit cocktail. Yield: 12 servings.

**Better to Give Than Receive: Agents' Christmas Gifts Become Scholarship**

A deserving high school senior — perhaps from this area — will be helped through college by nearly 300 insurance counselors of Old Equity Life Insurance Company of Evanston, Illinois. The men are giving up their Christmas gifts from their Company this year in order to sponsor a scholarship.

The scholarship will be given to a student who will be among the 10,000 finalists to be announced by the National Merit Scholarship Corporation in January, 1960. Selection, however, is being limited to a student attending a high school in one of the 14 states in which Old Equity is licensed. The states are Michigan, Illinois, Indiana, Ohio, Iowa, Minnesota, Tennessee, Missouri, Kentucky, Louisiana, Florida, Arkansas, Mississippi and West Virginia.

The money that would normally be spent for gifts to the agents — each received a cig-

arette lighter for Christmas 1958, — will be used to sponsor the scholarship with the National Merit Scholarship Corporation, also of Evanston. The scholarship will cost about \$6,000 over the next four years.

"I've liked the idea from the beginning — from the time one of our men first mentioned it to me," says Orrin M. Neiburger, president of Old Equity. "Last year, for example, we sent every man a lighter. It was attractive; embossed in full color on one side with the Company's trade mark (the Company name against a background of a world map), and on the other side with a drawing of our Executive Offices in Evanston. I wonder though how many men — especially the ones who don't smoke — have that lighter in use today?"

"This scholarship gift, however, will last a lifetime. It is made in the name of our fieldmen, and is called the Old Equity Merit Scholarship. We'd prefer to give to a young man who is going to make insurance work his career, but we're not limiting the scholarship to that qualification. And there definitely won't be any restriction in regard to race, color, or creed," says Neiburger.

The student who will get the Old Equity Scholarship will be announced in late April, 1960, from the NMSC finalists.

The National Merit Scholarship program is a nationwide search for students who demonstrate extraordinary ability to benefit from a college education. Nearly 1,000,000

**Grange Cleanings**

By Mary Fillmore

It was very gratifying to see so many attending the Christmas party on Dec. 17th. Those who were unable to attend for various reasons certainly missed a wonderful program and a good time. After a few words of welcome from our Worthy Master the young people presented their part of the program, readings, accordion and violin music, recitations and songs which were enjoyed by all and especially the parents and grandparents who were beaming with pride and joy to see the little folks take a part in the activities. Some of the members presented a "Christmas Pageant" with 12 very colorful and impressive Nativity scenes accompanied by the piano and singing of appropriate Christmas songs followed with a prayer by the narrator and everyone singing "Joy to the World."

The children all gathered around the Christmas tree and sang "Here comes Santa Claus," watching very closely for his arrival. He appeared with his pack, greeted them and distributed their gifts.

With several assisting Santa, the older people were given their packages. Amidst the rustle of paper and chatter the refreshment committee was busy passing apples, popcorn balls, candy and pop corn which helped to quiet the noise but everyone was having such a good time.

Much credit is due our Worthy Lecturer and her committee for such an enjoyable evening and her sincere appreciation is extended to everyone who helped or donated in any way to make it a success.

The committee for the "New Year's Eve Party" are busy with plans for the occasion. If you have any special games you enjoy playing bring them—regular playing cards and tables will be furnished.

The party will start at 8:30 p.m. and end? Bring either sandwiches—Jello—cookies—cake etc. and table service for a pot luck lunch. Coffee will be furnished.

Come and we will promise you will be able to drive home safely providing there is not the ice we had last year or by chance meet some one who had been served something other than coffee. Looking forward to having a wonderful Grange year in 1960 and do not forget the newly organized recreation committee is planning parties each month with different groups in charge. Watch the paper for dates.

Two new members have been added to our hospital list. Sister Margaret Groth who has been transferred from Atchison to Mt. Sinai in Detroit and sister Mabel Dicks was taken to St. Joseph Ann Arbor last Thursday.

Brother Fenton is convalescing at home. Our prayers and best wishes are extended to all of our hospital and shut in members.

Sister Mrs. John Stroll who is living with her son near Grand Rapids is spending the holidays with her nephew and family and is nursing a broken arm she received in October.

A Merry Christmas to everyone.

# Dear Santa: Please bring me...

**Dear Santa Claus:**  
We are three little girls: Patsy, age 6; Laurie, age 3; and Stephanie, age 4 months. We have been very good most of the time and we will try to do better. Laurie will stay in bed and Patsy will try not to sass back. Stephanie hasn't been bad yet. Laurie would like a cowboy hat, a gun and holster, a stick horse, some pajamas (without holes) and some tootsie rolls in her stocking. Patsy would like some new slippers, a stick horse, a nurse kit, a doll, a dress, a cowboy hat and gun and a new bike. Stephanie needs some new toys and some pretty clothes, maybe some soft-sole shoes. We would appreciate any of these things but we don't expect to get all of them. Thank you, Santa and we hope you have a very Merry Christmas.  
With love,  
Patsy, Laurie and Stephanie Smith

**Dear Santa:**  
We heard from a certain Beepnick on our spread that you are thinking of coming by our way on Xmas. We decided that you could dump a few goodies off on your way. We have been awful good. There are quite a few of us so were writing together to save paper. Here goes:  
Lisa would like a baby-sit-

ter starting Jan. 27. Heide will take anything you have (even food). Badger wants anything but work. Beauty and Trixy want a book on how to loose weight and keep eating. Flicka-Marie wants food-food-food. Rudy is undecided. He really needs a raincoat, so he can stay out of the rain. And last of all, Pedro. He isn't fussy at all, he'll take a little of everything you've got. We'll leave you some oats and water in case you get hungry. Here's wishing you a Merry Xmas from the Willow-way Beepnicks.

**The CITY MANAGER'S CORNER**

By Al Glassford

We have mentioned time and again that service, public service, is the one important product municipal government has to offer. One of the best ways to insure continued service of the highest calibre is to develop and retain well qualified people who make a career of the public service. In an effort to do this we have enrolled a number of our employees in correspondence courses in public administration that are offered by the International City Managers' Association. The most recent course we have taken part in was Municipal Recreation Administration. The course was begun in February of this year, and was completed on Thursday, Dec. 10, when we took the final examination. Our class was made up of 12 people from five different governmental organizations, which included Ann Arbor, Plymouth, the Village of Wayne, Wayne County Training School and Ypsilanti. Those from Plymouth who attended the discussion sessions held twice a month were Herbert Woolweaver, John Deppen, my administrative assistant, and myself. The other class members included a city manager, several recreation directors, other recreation staff personnel and three recreation people from the Wayne County Training School. Our discussions were led by "Bud" Abbott, the Recreation Director from Ypsilanti. The course in Municipal Recreation Administration, like all others offered by I. C. M. A., was a correspondence course. We covered one chapter each class meeting, answering the questions that were related to the chapter under study and discussing among ourselves the problems raised by the text as they related to the situation in each of our communities. The answers to the questions were written by members of the class and were sent to an instructor selected by the I. C. M. A. The instructor would read the answers and return them to us with his comments and a grade. The textbook contained 14 chapters covering such topics as personnel management, financing, reporting, facilities, programming and many others all relating specifically to the field of municipal recreation. When we were able to do so, we invited outside speakers to attend and participate in our class sessions. To better understand the problems of each community, we rotated the location of our class sessions among all the communities taking part in the course. Consequently, our classes were held in city halls, libraries, schools, recreation buildings and the Training School cottages. Whenever time permitted, we toured the facility we were visiting. For example, we were taken around the grounds of the Wayne County Training School, in Ypsilanti we examined the facilities of the Gilbert House and in Wayne we visited the JayCee Shelter. The course work is completed, and those of us who successfully pass the final examination will receive a certificate. However, we all have received other more important benefits from the association afforded by this course. We know one another better, we can better appreciate the problems faced in other communities and we have a better understanding of the problems we face in the area of municipal recreation. We feel that the experience gained in our bi-weekly meetings has broadened our outlook and we know it will enable us to better serve the people of Plymouth.

Speaking of Christmas ...  
Feggy Davidson and her assembly committee — Jerry Fischer, Tim Graves, Frank Bowles, Barb Browne, Jill Clarke, Susan Hulsing, and Linc Smith — were those responsible for the Christmas assembly this morning. They arranged for the choir selections and a Christmas reading with Dick Hubert doing the narrating.

Also featured in the Christmas presentation were the three exchange students — Ursula Kell of Germany, Holland-born Anneke Thasing and Frenchman Herve Moritz, who all spoke about Christmas in their native lands in their lively tongues. A group of teachers sang, and Father Time, Bob Wall, welcomed (though rather prematurely) the New Year.

Speaking of Christmas ...  
We took a random poll last Thursday, only eight days before Christmas and found that only one out of five PHS students had done their Christmas shopping. Students were excused at 3:30 today, thus beginning the holiday vacation which runs until January 4.

Speaking of Christmas ...  
The Student Council put up a tree in the front hall last week, decorated it, too. Very nice.

Speaking of Christmas ...  
The Christmas Chorale Concert, presented by the school's vocal groups last week was very good ... one of those groups, the Triple Trios, have had plenty of invites to sing recently ... last week they appeared at a meeting of Presbyterian church women and at a meeting of Optimists ...

... Triples are cute Barb Booth, another Barb, this one who's last name is Browne, Ann West, Leslee Huxley, Grace Wigley, Hollis Haynes, Sally Sawyer, Karen McGeehan, Donna Sutton, and accompanist Jean Jacobs.

The Mitchell Greeting Card company works with scores of high school groups in this area, who, like the Plymouth High School senior class, need a good money-making project.

Of all the schools selling cards for Mr. Mitchell, guess which one sold more cards than any other?

Plymouth.  
And guess which school had the top boy salesman?

Plymouth ... in the person of Gary Honorp.

And guess which school sat at the honored-guest table at a luncheon at the Sattler recently, given for all the participating schools?

Not gonna tell you.

Hey, teens, wanna go to Europe?

Wanna join an inexpensive teen tour to see all the marvelous "hot spots" in Europe ... Paris, Lucerne, Munich, London, Madrid, others ...

If so, contact Kurt Thrun at the Travel Centre, who is organizing the Teen Tour.

Take it from me, Europe is fabulous. (On second thought, don't take it from me ... see it for yourself!)  
The 1959 version of the J-Hop, given by the junior class Saturday evening, December 12, saw a turnout of beautiful belles and their broke (but not unhappily so) beaux.

A round of parties preceded the dance. Ann West, who with Sue Utter co-chaired the dance, gave one so did seniors, including blond, bubbly Judy Bradley and suave John Robison.

Arriving at the dance, Hoppers were greeted by the marvelous music of the Jerry Fenby Five, who could not only play, but sing, too. Their middle of the dance repertoire featuring sounds of America, was a show-stopper; beginning with a Negro spiritual and following a progression of musical forms which included the "beat" which ended with "Old Noah," signifying the ultimate combination of American musical forms.

Decorations (vari-colored lights played upon a huge Christmas tree at one corner of the gym) looked nice ... so did Dec chairman Celeste Arjay. Others looked stunning, too ... several turned up with identical dresses ... They had fun, too ... the grand march, the Mexican Hat dance and the (what do you call it when two of the Jerry Fenby Five, coronets in hand, lead a lively procession of dancers in a kind of march to the tune of "The Saints Come Marching In") were a "blast" ... and you should have seen Doug Le Grand and Barb Browne doing the cha-cha ...

It was good to see four University of Michigan students, '59 Plymouth graduates, drop in during the final minutes of the J-Hop. They were Carin Stofko and Dick Small and Jonie Izett and Hale Huber.

After the Hop ... a restaurant for dinner ... parties and more parties ... about four hours of sleep ... morning breakfasts ... and "E's" on Monday morning tests ...

Paul Rawley is circulating a petition protesting the proposed plan for cutting the time between classes from five minutes to four.

A senior English class was launched in a heated discussion of the new assembly seating arrangement, which went into effect today at the Christmas assembly. Students go with their first hour

teachers and classmates to second hour assemblies and are seated in designated rows and sections.

PHS'ers are rebelling — unnecessarily, I think — they claim this is regimentation. It is only that students are accustomed to complete freedom in assembly seating, and are disturbed by something new.

The comment of the English teacher:

"It sure is going to make it tough for the boys who want to hold their girlfriend's hands in assemblies."

Slight pause.

"Yah, it sure is," declared Randy Egloff.

The classes of Mr. Roger Smithing turned carpenters recently as they assembled their own new desks and chairs. Located in one of the

new rooms in the annex, the classes waited for the usual maintenance action, finally decided to put the furniture together themselves. When finally finished, they gave Principal Bentley a private showing of their handiwork.

Murray Denny put the lunchroom in an uproar last week. Apparently in a hurry as he left for school the same morning, Murray grabbed the wrong bag, and when he sat down to lunch, was greeted by a big loaf of bread!

Mr. Denny blushed a bright, beet red.

**Good Counsel Observes Mass Christmas Eve**

Our Lady of Good Counsel Catholic Church will celebrate its traditional midnight Mass on Christmas Eve this year. This is one of the few times in the course of the liturgical year in which a Solemn High Mass is offered, that is, three priests joining in the sacrifice.

Commencing at 11:30 p.m., the choir will sing Latin and English Christmas hymns, previous to the Mass, and throughout the Mass they will sing the Latin responses, particularly the Gloria in Excelsis Deo, "Glory to God in the highest." Mr. William Grimmer directs the choir. David Conrad is his organist.

Antecedent to this Christmas celebration is the Wednesday vigil fast, requiring all Catholics to abstain from meat, and allowing all over 21 years to eat but one full meal that day. Likewise in spiritual preparation there is the need of receiving the sacrament of confession; and to assist in this the priests of the parish have a schedule of confessions Wednesday and Thursday afternoons, and Wednesday evening.

On Christmas day itself the usual Mass schedule will be retained, 6:00, 8:00, 9:30, 11:00, and 12:15. This schedule will be followed on New Year's Day also.

Mail Minutes Alice

A special meeting of the Board of Education of the Plymouth Community School District was held Monday evening, December 7, 1959, in the Plymouth Community Junior High School library at 8:00 o'clock.

Present: Mr. Fischer, Mrs. Hulsing, Mr. Kaiser, Mr. Niemi, Mr. Soth, Mr. Zoet and Mr. Zylstra; Also present: Mr. Bentley, Mr. Gorzuce and Mr. Smith from the high school; Mr. Delmo Della-Dora of the Wayne County Board of Education; Mr. Wall and Mr. Livingston from the Plymouth Community School Planning Group.

President Hulsing called the meeting to order at 8:00 p.m.

She pointed out that this was the first of a series of meetings which the Board will schedule during the remainder of the year in order to evaluate the schools. Mrs. Hulsing also indicated that a study of curriculum - the total of planned educational experiences for boys and girls carried on in the schools - was high on the list of the Board's goals for the year.

Questions were raised by members of the Board regarding the administration and supervision of the high school and for the next one and one-half hours an interesting but pointed discussion centered around the following topics:

1. Counseling and guidance services
2. Curricula offerings
3. Courses of study
4. Grouping of students
5. Selection, orientation and evaluation of teachers
6. Public relations
7. Student handbooks
8. In-service education of teachers

Mr. Della-Dora, who had been invited to observe the meeting, was asked by President Hulsing to comment on his observations and suggest possible next steps.

Meeting adjourned at 9:45 p.m.

Respectfully submitted,

Harold E. Fischer, Secretary

Plymouth Mail Minutes

The regular monthly meeting of the Board of Education of the Plymouth Community School District was held Monday evening, November 9, 1959, in the Administration Building's Board Room at eight o'clock.

Present: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra, Jr.; Superintendent Isbister and Administrative Assistant Blunk.

Absent: None.

Also present: Mr. Haug, Mr. Rowland, Mr. Cole, Mrs. Peck, Mr. Richardson and Mr. Sponeller.

President Hulsing called the meeting to order at 8:00 p.m.

Superintendent Isbister read a letter addressed to the Board and signed by the school officers of the Geer School District, Superior Township, Washtenaw County, in which a formal request was made for annexation to the Plymouth Community School District. Mr. Haug and Mr. Rowland, representing the Geer School District, were present at the meeting and provided additional information to substantiate this request.

The Superintendent was directed by the Board to communicate with Mr. Haug, Washtenaw County Superintendent of Schools, and indicate their willingness to meet with Boards of Education from other high school districts contiguous to the remaining primary school districts in Superior and Salem Townships to see if some equitable plan can be worked out for annexation of the whole area to existing high school districts.

It was moved by Mr. Fischer and seconded by Mr. Niemi to approve the minutes of the last regular and intervening minutes as corrected (regular minutes of 10-12-59 corrected with the following change: Vouchers No. 820 to 1067, incl. totaling \$36,523.48 changed to \$36,543.08).

Ayes: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra.

Nays: None.

It was moved by Mr. Fischer and seconded by Mr. Kaiser that Mr. Arvid Andresen's request to attend a mathematics and science convention in Chicago on November 26-28, 1959, be approved.

Ayes: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra.

Nays: None.

Mr. Cole, a parent of a ninth grade band student, appeared before the Board to express his dissatisfaction with Mr. Griffith's performance as the high school band director. Mr. Wilson, President of the Band Parents Association, asked for time to refute the charges made by Mr. Cole. He noted significant improvement both in the band's performance and in Mr. Griffith's skills as a director.

Superintendent Isbister was directed to investigate the situation and prepare a report for the Board.

Mr. Richardson expressed concern over the differences in the activity program afforded to the ninth grade students in the junior and senior high schools. He felt the ninth graders in the junior high school should have full rights and privileges to participate in swimming, the school annual and social affairs in the same manner as the ninth graders in the senior high school.

It was pointed out that an effort is being made to comply with this request.

Mr. Richardson raised questions about procedures and policies followed in taking orders by Powell Studios for the senior pictures.

Superintendent Isbister was directed to investigate the policies in regard to the senior pictures.

Finding Committee, relative to enrollment projections and methods of financing new school facilities were reviewed, discussed and considered by the Board.

It was generally agreed that while these proposals represent different perceptions on how the need for additional facilities might be handled they would, if implemented, curtail and reduce substantially the cumulative effect of the Board's plan to have the necessary facilities in time. The Board felt that under these proposals either the total physical facilities would have to be reduced or the millage be increased beyond the ceiling proposed by the Board.

It was moved by Mr. Soth and seconded by Mr. Kaiser to approve the following bills for payment:

General Fund:

Voucher 1068, Payroll October 23, '59	\$ 79,225.10
Voucher 1069, Payroll November 6, '59	80,256.73
Vouchers 1070 to 1240, inclusive	39,971.41
Edg. & Site Sinking Fund:	
Vouchers 38 to 42, inclusive	24,137.04

Ayes: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra.

The polls of election were declared open at 7:00 o'clock, a.m., on said 23rd day of November, 1959, and were kept open continuously until 8:00 o'clock, p.m., of said day.

Present: Mr. Fischer, Mrs. Hulsing, Mr. Kaiser, Mr. Niemi, Mr. Soth, Mr. Zoet and Mr. Zylstra; Also present: Mr. Bentley, Mr. Gorzuce and Mr. Smith from the high school; Mr. Delmo Della-Dora of the Wayne County Board of Education; Mr. Wall and Mr. Livingston from the Plymouth Community School Planning Group.

President Hulsing called the meeting to order at 8:00 p.m.

She pointed out that this was the first of a series of meetings which the Board will schedule during the remainder of the year in order to evaluate the schools. Mrs. Hulsing also indicated that a study of curriculum - the total of planned educational experiences for boys and girls carried on in the schools - was high on the list of the Board's goals for the year.

Questions were raised by members of the Board regarding the administration and supervision of the high school and for the next one and one-half hours an interesting but pointed discussion centered around the following topics:

1. Counseling and guidance services
2. Curricula offerings
3. Courses of study
4. Grouping of students
5. Selection, orientation and evaluation of teachers
6. Public relations
7. Student handbooks
8. In-service education of teachers

Mr. Della-Dora, who had been invited to observe the meeting, was asked by President Hulsing to comment on his observations and suggest possible next steps.

Plymouth Mail Minutes

The regular monthly meeting of the Board of Education of the Plymouth Community School District was held Monday evening, November 9, 1959, in the Administration Building's Board Room at eight o'clock.

Present: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra, Jr.; Superintendent Isbister and Administrative Assistant Blunk.

Absent: None.

Also present: Mr. Haug, Mr. Rowland, Mr. Cole, Mrs. Peck, Mr. Richardson and Mr. Sponeller.

President Hulsing called the meeting to order at 8:00 p.m.

Superintendent Isbister read a letter addressed to the Board and signed by the school officers of the Geer School District, Superior Township, Washtenaw County, in which a formal request was made for annexation to the Plymouth Community School District. Mr. Haug and Mr. Rowland, representing the Geer School District, were present at the meeting and provided additional information to substantiate this request.

The Superintendent was directed by the Board to communicate with Mr. Haug, Washtenaw County Superintendent of Schools, and indicate their willingness to meet with Boards of Education from other high school districts contiguous to the remaining primary school districts in Superior and Salem Townships to see if some equitable plan can be worked out for annexation of the whole area to existing high school districts.

It was moved by Mr. Fischer and seconded by Mr. Niemi to approve the minutes of the last regular and intervening minutes as corrected (regular minutes of 10-12-59 corrected with the following change: Vouchers No. 820 to 1067, incl. totaling \$36,523.48 changed to \$36,543.08).

Ayes: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra.

Nays: None.

It was moved by Mr. Fischer and seconded by Mr. Kaiser that Mr. Arvid Andresen's request to attend a mathematics and science convention in Chicago on November 26-28, 1959, be approved.

Ayes: Members Fischer, Hulsing, Kaiser, Niemi, Soth, Zoet and Zylstra.

Nays: None.

Mr. Cole, a parent of a ninth grade band student, appeared before the Board to express his dissatisfaction with Mr. Griffith's performance as the high school band director. Mr. Wilson, President of the Band Parents Association, asked for time to refute the charges made by Mr. Cole. He noted significant improvement both in the band's performance and in Mr. Griffith's skills as a director.

Superintendent Isbister was directed to investigate the situation and prepare a report for the Board.

Mr. Richardson expressed concern over the differences in the activity program afforded to the ninth grade students in the junior and senior high schools. He felt the ninth graders in the junior high school should have full rights and privileges to participate in swimming, the school annual and social affairs in the same manner as the ninth graders in the senior high school.

It was pointed out that an effort is being made to comply with this request.

Mr. Richardson raised questions about procedures and policies followed in taking orders by Powell Studios for the senior pictures.

## Where Stand You With TV Mess?

Congressmen are grinding their hatchets, we are told, for a renewed assault on the fallen angels of television and radio.

The stinking taint of sub rosa payments for popularizing vulgarity, the manipulation of quiz contestants who relinquish principle for interest, has aroused the great mass of people as few other major scandals have done.

But the chances are that our self-righteous criticism is prompted more by the embarrassment of being cheated than by an honest appreciation of what has happened.

If we can get over the feeling of being cheated and know that these men under investigation are reflections of a great weakness of our society—then we will have proceeded somewhere.

The words to the Romans are recalled:

"Do you who judge them while doing the same things, think that you shall escape the judgment of God?"

Thus, perhaps we should turn our eyes inward before we sit in judgment

on those who have taken their shoddy fees.

If we can divert our self-righteousness to self-examinations, then the scandal will serve a rewarding purpose.

If the main issue is man's willingness to cheat if the price is right—then have we cheated others when the fee made it seem worth-while?

Have we made a business promise we know we could not keep? Have we, by taking a job, in effect promised to give a day's work for a wage we are willing to take—and cheated the clock in little ways during the day? Have we hired a man to do a piece of work for a certain sum—only to make increasing demands on him because we think he will not risk walking away because he has a family to feed? Or have we kept the extra change from the miscount at the store?

There are a thousand ways to cheat and never be caught.

Before we smugly read the headlines, perhaps we should recall as best we can, everything we did yesterday.

## If Your Name Is 'Vera'

BY ANN REYNOLDS

This is one of the few names we got from the Russian language; it means "faith" in Russian. Most scholars deduct it from that tongue, but it has been explained in several ways besides. In the Western World it appeared only about one hundred years ago in two works of fiction. Ouida, whose real name was Louise de la Ramée, made one Vera the heroine of her most successful novel, "Moths" published in 1860. Ouida's Vera is "a lovely girl with a complexion like the leaf of a white rose, and looking as if she were studying the Bible every minute."

The second work of fiction in which Vera bobs up is Marion Crawford's "A Cigarette-Maker's Romance," published in 1890. There is no doubt that Crawford had the Russian name in mind; his heroine is a Russian girl, and the author spells the name phonetically as "Vjera". The complicated story is laid in Munich, Bavaria. A Russian Count named Skariatine, disinherited by his wealthy father, makes a miserable living rolling cigarettes for a small Munich tobacconist.

His obsession is that a message is bound to come restoring him to his former status in life. Vjera, the Russian girl, working in the same shop, loves him sincerely. When a mechanical figure, used for advertising, disappears from the shop, the owner's wife claims its price from Skariatine.

Although he is not responsible for the figure's loss, he considers this debt one of honor, and is about to do away with himself because he cannot raise the needed money. Vjera, cutting off her beautiful hair and selling it, saves the count. In the nick of time the long awaited message arrives informing the count that he is sole heir to his father's fortune. Count

Skariatine makes Vjera his countess but wants everyone to know that he marries her because they are deeply in love, and not because she saved him from death and dishonor.

Another view about the name "Vera" is that it evolved from "Verena." This is of supposedly Germanic origin, not entirely clarified. "Veronika" also has been put forth as having resulted in "Vera." Veronika, in turn, has been explained in a two-fold way, as meaning in Greek "true image," referring to the cloth supposed of having retained the image of the face of Christ, or as a variant of Berenice, meaning "bringer of victory."

One Vera, recently in the news because of the devastation she brought about, was the tropical storm so named. As we know, in spite of some ladies' protest, hurricanes are tagged with the names of women.

### Town In Virginia Postmarks Mail In Holiday Spirit

NOEL, Va. (UPI) — This tiny community with the Yuletide name has a post office located in the front hall of Mrs. Percie Anderson's home.

Each year, as early as August, Mrs. Anderson begins receiving bundles of Christmas cards on which she is asked to affix her post office's postmark of two tiny angels singing "Noel" and to mail them.

Mrs. Anderson estimated the 1959 total would surpass 25,000 pieces, going to every state and to many foreign countries as well.

"Russia is one of the few countries I haven't mailed letters," she said in the midst of stamping the postmarks by hand. She calls on her husband, W. T. Anderson, and on her neighbors to help during the Christmas rush each year.

"We had to sit up all night a few times last year," she recalled, "and we might have to do it again this year" to get all the cards out.

Noel, named for one of the early families in the area, is located about 25 miles west of Richmond. The population of the village is about 200.

Biggest blowhards are usually people who have quit inhaling cigarette smoke.

Spring is in the air as soon as you get the withholding tax statements from the boss.

Death knell of family kitchen life will be the clank of the television dishing out TV meals through a slot.

## Your Handwriting Is Clue About You

By LUCILLE WILLIAMS

Dear Lucille:

I just finished reading your handwriting analysis of C.E.D. in the paper. We are new in this community and I have never seen a column of this kind. Am anxious to have you do an analysis of my handwriting.

Thank you,  
Grace Ione McDaniel

Dear Mrs. McDaniel: You are emotional and of a highly expressive nature, quick to show your feelings. You are not sensitive but you are often self-conscious.

Your thinking is careful and cautious and your decisions are emphatic — once made. You have little or no imagination but a good memory for details. There is some persistence and a certain amount of efficiency.

Many things are kept to yourself and there is a desire for something which you keep suppressed, even though your general nature is very expressive.

Dear Miss Williams:

I am enclosing a sample of my daughter's handwriting. She is a hard to understand teenager with a complex personality. Perhaps you can enlighten me by analyzing her handwriting. Anything you can tell me will be appreciated.

Thank you,  
Puzzled Mother

Dear Puzzled Mother: This girl is not emotional and will not show intense feeling. She thinks slowly, tries to be logical and open-minded.

She is very constructive-minded. She can be creative in building, shaping, forming and just making something out of an idea.

Her purpose is quite good, she has the capacity for accomplishment that comes from within the individual.

She likes little responsibilities and can take them with her stride but if it becomes too large there will be resentment and a feeling of imposition.

She likes variety and could be enthusiastic when something of interest comes up.

Perhaps some of the "hard to understand" qualities or personal difficulties lie in the fact you two are almost opposites. You yourself, Puzzled Mother, are quick thinking, diplomatic, capable of high concentration and have no sensitiveness. A little temper and irritation but future-minded. Hope this has helped in some small way.

(I would personally like to wish all the readers of this column a very Merry Christmas and a safe holiday season. Lucille. Send your letters for free analysis to Lucille Williams in care of this newspaper.)

## How's Business?

# Optimism Is Returning

By Roger W. Babson's Staff

Since the end of World War I, dividend payments by corporations have shown a slow but persistent upward trend. There were two periods of noteworthy exception, — namely, 1949-50 and 1954-55, when disbursements were increased sharply. In 1956 and 1957, a definite cresting pattern took shape.

This was followed by a decline in 1958. In 1959, however, dividend payments have been in a marked upward trend, reaching a new all-time high in the third quarter, at an annual rate of \$13.4 billion.

Prior to the prolonged steel strike, investor sentiment was buoyed by prospects of a veritable flood of year-end dividend extras and rate increases, but curtailed activity in the summer and early fall weeks moderated such hopes. Now that the impediment of strikes has been lifted from the economy, optimism regarding larger dividend returns may again be justified.

Expectations of a high level of economic activity at least through the first half of 1960 could influence management to make more liberal dividend payments to stockholders. Barring another labor crisis in early 1960, therefore, the upward trend of dividend payments should continue in the months ahead.

In a prolonged period of rising stock prices, such as the bull market of the past eighteen years, it is natural for investors to become careless and disregard fundamental investment principles. But the wise investor will remember that dividend trends are a vital factor motivating stock prices.

Glamorous news regarding mergers, stock splits, diversification, etc., should not be the prime reason for making stock purchases, since these factors are bullish only if they contribute to the profits of a corporation, which ultimately should benefit stockholders in the form of dividends.
