# DSR Buses Will Roll Monday

"HEART" OF THE PROPOSED COMMUNITY COLLEGE for this area will be four basic buildings, pictured above in architect's models. The College District was legalized by voters last year; an election for a single tax mill for building and operation will be held on June 11.

At the left is a classroom and laboratory building with a seating capacity of 775 students at any given time. The library (top center) will open with 40,000 volumes and have seats for 350, plus seven classrooms seating 225.

The low flat building at the right will contain offices for student services such as admissions, registrar and deans as well as counselling areas and health rooms.

A fourth building (bottom center) will be constructed by self-liquidating loans and federal help. The revenues from a cafeteria and bookstore will help repay the loans. This building will also include the student government offices and a lounge. Eberle M. Smith and Associates are architects.

# Six Buses Due Daily

DSR buses will begin rolling out of Plymouth with a new six-times-daily service between the city and Detroit early Monday morning.

Final confirmation of the long-awaited substitute for the morning C and O commuter train, which will be discontinued, was given this week by officials of the Detroit transportation system.

The first coach will leave from Kellogg Park at 6:32 a.m. and will make the trip to downtown Detroit, using the Lodge Expressway, in one hour and 14 minutes. Two other coaches will follow later in the morning and three afternoon buses will give service from downtown Detroit to Plymouth.

DSR representative Phillip Jourdan met with City Manager Al Glassford Monday afternoon to give final details of the new service. "If there is a demand for even more service," said Jourdan, "they'll get it. And if it looks like we can make a success out of Sunday service, we will offer it."

# Budget Hearing Set For Public Here

FACTS and **OPINIONS** 

by Paul Chandler

It's been two weeks since the metropolitan newspapers appeared. Good old TV and radio have strived to "fill the gap" but our theory is that it's the little things which count, so:

BASEBALL: The Tigers are slugging along, but even though the Detroit sports writers aren't writing, the word has leaked out everywhere that the Tiger pitching staff is a frightening quantity as the new season opens. Just to find a starting pitcher has become a major perplexity. A trend is that unless the Tigers score eight runs (or so) per game themselves, they can count on losing. They are in trouble this year, no foolin'.

today is someone you aren't likely to have met. The \$602,470 expenditure during Minnesota Twins have at third base a 24-year-old fresh- the past fiscal year. The man named Rich Rollins. Last year he hit a snappy .270 at Charlotte in the minors. This season he has moved ahead of even Herman Kilebrew at the "No. 3 sack" for Minneapolis-St. Paul, currently shows a batting average in excess of .460, has hit four home runs, is tied for the lead in another department with 15 hits, and is near the budget adopted last year. The gets underway at 7:30 p.m., top of the league in runs batted in, too.

FLOAT DOWN STRIKE: Within the last couple of property assessment, surplus Near. days the navigators of the gondolas in Venice, Italy have pushed their craft into a blockade of the San Marco square landing and refused to run in a protest against motorboats on the famous canal. The powered craft have been going too fast, the gondoliers opine.

NATIONAL ECONOMY: From Washington during the past 10 days there has come a deluge of sober talk about the disappointing nature of the nation's "economic rally." Measured against the hopes of a year ago, the "recovery" has been a flop, the Eastern papers all say

"Experts" are imploring President Kennedy to adopt either (a) a tax cut, or (b) start important new government spending.

Gov. Rockefeller of New York, still a major candidate for something in the future, says the top criticism of the administration is that it hasn't provided sufficient

"investment incentive" for American business. One of Kennedy's financial experts who was much in evidence during his election campaign, Paul Samuelson of MIT, now contends that his mentor tried too soon to achieve a balanced budget. And the economist who guided Mr. Truman, a Mr. Keyserling, yesterday said, "This is the least satisfactory recovery since World War II. The pace of the recovery is slowing down."

FIDEL CASTRO: The Cuban spitfire told the world in a long speech this week that his faithful would have control of both Venezuela and Argentina before the end of 1963. The Russians meanwhile sent over representatives to the Cuban celebrations over the repulsing of the landings by Florida-based troops last year. The Soviet technicians are selling Cuba 20 factories for about \$300,000,000, including two thermoelectric plants.

HOCKEY: The Stanley Cup was won this week by the most haughty team in the sport, Toronto Maple Leafs. They did it with a lineup composed of players who mostly were unknown to any fan four years agoin other words, through a rebuilding job which worked. The Detroit Red Wings have been trying similarly to rebuild for five years in vain. ### What's **Burning?**

The Fire Department is hoping that April showers will soon be here and turn the grass bushes, and trees into their welcoming green again. This spring has been unusually dry and also quite windy, thereby turning a normal fire hazardous spring into one that is quite dangerous from a fire stand-

The Fire Department has answered 56 alarms in the past week and again the majority of alarms were for fires involving grass, brush and rubbish. Of the 56 alarms, 21 were for various emergencies such as car fires, smoke in buildings, defective furnaces, dryer fires and washdown of gasoline.

Over 175 alarms of fire involving grass, woods and brush, have been answered in a months time. Fortunately no serious damage has occurred to any buildings or other property so far. But the Fire Department again urges all citizens to use extreme caution for all burning and to secure a burning permit for any open fire.

Instructor Billy Reynolds (turning front wheel) and Shell dealers check out a car at one of Shell's 123 training centers.

# Shell instructor Billy Reynolds offers 10 clues that may help you spot trouble before it starts

ers go to Shell training centers every year. There, they learn how to spot

Here are 10 trouble signals that Billy Reynolds,

one of Shell's chief instructors, always stresses. If you notice any of them in your car, tell your Shell dealer. His advice might head off a big repair bill later on.

1. Mushy brakes. When your car is standing still, push the brake pedal down with a firm, steady pressure. If it feels soft and sinks to the floor, you've got trouble that should be fixed right away.

2. Wandering wheels. If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably at fault. Out-of-line wheels can increase tire wear up to 50 percent.

3. Jiggly front end. Shove down hard on either bumper with your foot. If the car bobs up and down for a long time before coming to a rest, ask your Shell dealer to check your shock absorbers.

4. Decrepit tail pipe. If your muffler or tail pipe is rusted through in spots, it's a good idea to replace it.

of the rubber hoses that interconnect your cooling system. If they're cracked or swollen, they can fail at any time and cause your engine to overheat.

6. Marred windshield. If your windshield is scarred or streaked, it's probably due to faulty windshield wipers. Have your Shell dealer check and replace them if necessary.

7. Strange noises. Listen for any odd noises from your car. They can be warnings of trouble on the way.

8. Under-the-hood clues. You can learn a lot by looking at your engine. Watch for oil, fuel and water leaks. Also, loose wires and worn insulation. 9. Sluggish battery. If your engine turns

over more slowly than usual when you start up, a weak battery is probably the trouble. But it could be something else. Better check it. 10. Oil-streaked sidewalls. Check the

sides of your tires you seldom see-the sides facing in. Look for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious.

Any trained Shell dealer knows many trouble signals besides these. Take advantage of his training. And one last tip:

keep it filled with today's Super Shellfor top performance all year long.

### To Women It May Concern By MYRA CCX

There is a storm brewing in Livonia which, if it blows to full force, could cause destruction of some good will all around this area.

For quite some time there has been unrest among active "Y" women in Livonia in regard to being "associated" with the Dearborn YWCA. Six of the more determined ladies decided to DO something about it and began an investigation with the YWCA Metropolitan Board about moving to the Northwest Branch in Redford Township.

They met with no support "downtown." In their home community, all "Y" people were in accordance with the idea. In fact most of them have been using the Northwest "YWCA" on Grand River as their "home" branch-they were members there, took their courses,

and used the facilities. A Committee was formed. Because the original six were termed "rabble rousers" they thought it best for their cause to go somewhere "underground."

Still the Committee had no difficulty in securing support. Many hundreds have signed agreeing with the five main points behind their request.

1. They are closer to the Northwest YWCA, the traffic problem is easier driving there. 2. There are presently over 200 members at North-

3. Because of the distance there has not been satis-

factory service to the community. 4. There is presently a duplicate of "Y" services.

5. The potential membership has doubled since 1955 when Livonia was assigned to Dearborn. 'Y' offers a tremendous service to women, young

ones, older women, potential leaders, followers, women who want to learn, who want to play, who just enjoy being with other women-and to all of their children. Their young program is growing yearly.

If there isn't a feeling of belonging and good will isn't it all wasted? In 10 years geography has changed boundaries. Livonia women feel it, even if they are not aware of it in Dearborn or "downtown." Redford feels akin to Livonia and welcomes them-they already have them in spirit - but alas and this is where the rub comes-they do not get one penny of financial assistance from U. F. (where the money comes from). Dearborn gets the cash and Northwest gives the service, is the way it stacks up. U. F. or Dearborn cannot force these women out of their natural pattern-and who but the entire "YWCA" program will suffer?

And then there is the interesting question on just who gives the money to U. F. in the first place. The whole subject is presently being investigated by a committee at the United Foundation level -and Livonia as well as Redford ladies are "hoping

RICHES TO RAGS: In San Pedro, Calif. yesterday a millionaire admitted he had tried something, and he was broke now. The idea was to grow miniature palm trees, 30 inches high, and sell them across the United Club, the Homeroom Mothers States. He hoped to net a million dollars a year. One and their assistants, the Special hundred people were employed to package the palms in Services Teachers and Adminairtight wrappers, and last year more than 100,000 were istrative Personnel. sold in a tail spin, at \$1.50 each.

For his big merchandising push, the man was waiting until this year when the tiny palms would be four years old.

Something happened. The rains were heavy this year. Weeds infested the rows. The 30 acres were sprayed for weed control.

Suddenly every palm tree began to wither. By Tuesday all were dead. A rich man's poor and you and I don't have to decide whether a 30-inch palm tree would do something for the recreation room.

Some days it just doesn't pay. . . .

### **SPORTS OBSERVER**

- By George Maskin-

There must be moments when coaches who handle high school athletic teams during the spring months must ask

'Why am I involved in this business?"

At best, coaching preps is not easy. It requires long hours, often well into the night after one has spent many hours in the class room teaching history or math or English or watching over hundreds of teenagers in gym classes. What complicates the spring sports schedule is the weatherman. And the calendar.

It's happened in more years than one cares to note that a high school baseball team has jumped into its opening game with no more than a day or two of outdoor practice under its belts.

Track teams frequently spring from the warmth of their gyms or school hallways to the chilly, damp air in order to get their season started on schedule.

Baseball teams consider themselves extremely lucky if they can get through a campaign without four or five postponements. Non-league games, which are washed out, generally are never made up.

When a league encounter gives way to the weather, it has to be jammed into an already tight schedule with the result most prep squads have to play four and five times a week in late May with pitching staffs geared for only twicea-week production.

And, then, there's the calendar!

Easter vacation, for example, can play serious havoc with

spring sports. Take this year.

With the holiday so late, many teams in the area started their schedules, then had to stop this week. They'll resume Monday. Coaches will tell you this is a very bad situation. In other instances, such as with baseball at Bentley and track at Plymouth, the varsities are yet to compete for the first time. Their openers won't take place until

schools resume activity on Monday. Senior trips and the like also tend to interfere with spring schoolboy sports.

No coach wants to prevent a star twelfth-grader from touring with his fellow graduates. The result: Many a team has performed minus all of its seniors. And, sometimes, it's meant the difference of a championship or second-place

Spring sports are also a jammed up proposition. In track and golf the state regionals are held in mid-May with the state championships no later than the third Saturday of the

Coaches argue that this is too soon. In the cases of Bentley and Plymouth, among others, neither will get a chance to vie in more than four meets before swinging into the

Why is the state meet held so early? State Director Charles Forsythe notes that (1) there

are numerous schools which close in Michigan by the end of May; hence the meet can't be delayed; (2) because of senior-class activities, commencing late in May, administrators at most schools prefer to have sports out of the way by Memorial Day.

The sports advocates tend to disagree. Class A schools, be they in Detroit, Livonia, Plymouth or Grand Rapids, operate through the second week of June at the earliest. Therefore it's not necessary to hold the state track

meet in the middle of May," coaches insist. "Why do we have to break our necks and not be ready and yet the State Association doesn't hold its tennis championships until the weekend following Memorial Day?"

The coaches naturally have a point. But they can't win with their bosses.

One other point: Spring sports are the weak-sisters of schoolboy sports. They get kicked around in some instances for the simple reason they produce no revenue, such as is the case with football, basketball and swimming. Facilities often aren't the best; in fact, sometimes there

We didn't know until the other day that Thurston High sponsors a tennis team, which does right well under Coach

John White: yet the South Redford school district provides no courts for the team or any of the other students who'd like to swish a racquet.

Redford Union likewise has no tennis team. RU hasn't any net courts either.

Why the revenge motive? It was Garden City which handed Thurston its only dual meet loss of the season in 1961. The margin of victory-or defeat-was onethird of a point.

Judging by the results of Thurston meets before the holiday pause, the Townshippers should get even against Garden City. Thurston has had three meets this season, plus one triangular affair. Thurston has won 'em all and also placed third in the Huron Relays.

The youth movement is bringing cheers to Baseball Coach Dave Brazil at St. Agatha High

With ninth and tenth graders in predominance on the St. Agatha varsity, the parochial nine split even in its first two contests in Catholic League action last week.

After dropping a 6-5 heartbreaker to defending divisional champion Farmington Our Lady of Sorrows, St. Agatha captured a 6-3 verdict from Wayne St.fl Mary's.

Bob Krupansky, who never had pitched for St. Agatha before, turned in a sevenhitter and fanned seven to beat Wayne St. Mary's. However, he needed some lastinning help from Rick Collins, another ninth-grader.

Matt Wrobolewski drove in St. Agatha's first two runs with a single. Then Collins ripped a two-run hit and came around on a single by Mike Roamer. Two walks, a double steal and an error netted the final St Agatha counter.

Krupansky hurled effectively until he tired in the seventh when Collins came along to retire the final two baters.

Collins had worked against Our Lady of Sorrows and deserved a better fate. He allowed only four hits, but didn't receive the best of sup-

## 'Curtain Going Up'

By WALLY ROBERTS

Hard to believe but the grass is getting greener and before we can say "John Glenn", May will be orbiting all about us with its sprouting flowers, shrubs and other garden delights. First week of May ushers in the Redford Suburban Women's League show, "Naughtical, But Nice". For the past four years the citizens of Redford Township have proved that their dormant talents need only the gentle push of a warm breeze or two in the form of thundrous applause from an audience to precipitate a flow of professional acting, singing, and dancing. In fact, it's a regular Mr. Vesuvius of histronic ability. Purchase your tickets now for the musical comedy of the year, "Naughtical, But Nice". May 4, 5 and 6 are the dates. Location: the Redford Union High School auditorium. Bring the whole family for an evening of

"Bells Are Ringing" arrives a week later at the Thurston High School in the south end of Redford Township. The Livonia-Redford Theatre Guild are now in rehearsal polishing up dance routines, production numbers, and some of those memorable songs. "Just in Time", the and some of those memorable songs. "Just in Time", the love ballad, plays an important part in this musical comedy. On Broadway, Sidney Chaplin sang the song—

"Bells" For Guild in the Hollywood version, Dean Martin laid a drink aside momentarily to coo the song in his own inimitable style. In the Livonia-Redford version, suave Tony Mattar has the pleasant task of essaying this song. "Bells Are Ringing"-opens on May 17 and will play for seven scintillating evenings. For fun and frivolity plan to reserve some tickets for the Livonia-Redford Guild's first musical comedy venture. Track record on the Livonia-Redford Players

Guild has been excellent so far. Each of their dramatic productions has scored handily without using the whip in the stretch . . . in order to shoo the show home as a winner. The racetrack jargon slipped into the column since it isn't too long before the bangtails pound the turf at the Detroit Race Course out Middlebelt and Schoolcraft way (May 12). A bolt from the feedbox just hit my twitching nostrils. Why not have the Detroit Race Course stage a special "Bells Are Ringing" Handicap a couple of days prior to the opening of the show on the May 17 date? I'll bet Budd Lynch, their newly-installed PR man would cotton to such a community project. He might even invite the cast over to be special guests in recognition of the "horseracing" theme that provides the basic plot of "Bells Are Ringing." It's worth a try and who knows, the Livonia-Redford Players Guild may get lucky and hit a five horse parley. With such luck they could take their winnings and construct that Playhouse of their dreams.

Opera fans will be interested in the Vanguard production. "The Medium". Dr. Gregory has been fortunate she found time along the way in obtaining the services of Marie Powers to recreate the role as she did on Broadway. "The Medium" opens on April 25 for a month's run at the Vanguard.

"Call Me By My Rightful Name" continues to thrill audiences in the basement of the Earle Hotel at 22 Charlotte. Friends of Ed Goodwin that have been down are astonished at the impact of this drama. The show tile Ina Rae, but if director only goes on Thursday, Friday, and Saturday nights at Leonard Bradley has his way, 8:40 p.m. Gather a party of four or six and head for the not the last. Earle Hotel. The price of admission is moderate, the coffee great, and the show outstanding. What more can you want in the way of good evening's entertainment?

"Kings of Kings" opened today for a two week at the Penn Theater. For those of you that enjoy your Biblical fare a bit on the saccharine side this colossal celluloid version of Christ's life is your cup of tepid tea. I can guarantee you that the picture will not convert many "middle-of-the- roaders" into the happy fold of Christians. Your local minister or priest can and does a much better job. See the motion picture for a rosy-hued view of the Bible. You might be as startled as I was.

April 25 - May 2

To the Supervisor and Highway Commissioner of the Fownship of Redford, Wayne County, Michigan.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on April 5, 1962, decide and determine that the certain county roads (alleys) described n the minutes of said meeting of said Board should be absolutely abandoned and discontinued as public highways, reserving therein easements set forth in said determination. The portion of the minutes of said meeting fully describing said county roads (alleys) is attached hereto and made a part of this notice, which is given under and by virtue of

Act 283 of the Public Acts of 1909, as amended. In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 12th day of April, A.D. 1962. BOARD OF COUNTY ROAD COMMISSIONERS

OF THE COUNTY OF WAYNE, MICHIGAN. Michael J. O'Brien, Chairman William E. Kreger, Vice-Chairman Al Barbour, Commissioner

> Sylvester A. Noetzel Secretary and Clerk of the Board

#### RESOLUTION

Commissioner Kreger moved the adoption of the following

WHEREAS, pursuant to petition and in accordance with the provisions of Section 18, Chapter 4, Act No. 283, P.A. 1909, as amended, this Board has conducted a hearing to determine the advisability of absolutely abandoning and

The alleys, 20 feet wide-as dedicated for use of the public in "DUNNING PARK" being a subdivision of part of the N. E. 14 and part of the S. E. 14 of Section 32. T. 1 S.
