'No New Taxes For Two Years'

FACTS and OPINIONS by Paul Chandler

Plymouth To Make Road Signs

The City of Plymouth will have new, standardized street signs in the near future—all made by city employees with a new machine approved by unanimous action of the City Commission in Monday's meeting.

The Commission, acting on the recommendation of City Manager Albert F. Glassford, stamped its approval on an expenditure of not more than \$1,000 for the project.

Glassford pointed out that present street signs were not standardized due to the fact that many had been made by a variety of manufacturers, none of whom was available at the present.

He told of the value of the equipment in stamping and coloring signs of all types with a scotchlite background that makes them visible in the light and at night.

After learning that the cost of signs under this process wouldn't be any more than under the current methods, the Commission gave Glassford's suggestion a quick go-ahead.

The Commission passed a resolution approving the LPA (Local Public Agency) recommended price list for the 15 parcels of property involved in the Mill Street Urban Renewal project.

The Commission granted special permission to Glassford to pay the Ministrelli paving contract. It learned that the improvements to the central parking lot will cost an additional \$5,590 due to changes in the original plans.

The City Manager told the Commission of plans to test the Civil Defense system Wednesday in order to determine how quickly city officials, the nurses corps, fire and police departments could swing into action in case of a disaster.

The Commission took action to relieve Burroughs Corp. from the sewage disposal and sewer agreements with the City inasmuch as it now deals with Plymouth Township. Burroughs will pay \$30,000 or two-thirds of the costs of the changeover from the city to the township system.

In other actions, the Commission gave Betty Jane Childs permission to hold an ice cream social in Kellogg Park as a benefit for the community band to help defray the cost of the summer concert series and donated \$100 to the Chamber of Commerce for the Independence Day fireworks display.

It also okayed a resolution authorizing the issuance of certain project temporary loan notes in connection with the Urban Renewal project and providing for the security for the payment.

Police Probe Jewelry Theft

Plymouth Police continued their investigation this week into the theft of nearly \$1,000 worth of diamonds from a local jewelry store on May 26.

Chief of Police Ken Fisher told The Observer that clues are being studied from the burglary, in which unidentified bandits threw a brick through the front plate glass display window of Bluford's Jewelry Store, 467 Forest Ave., and made off with \$945 worth of rings and other diamond jewelry.

Safe Holds and Thieves Return Empty-Handed

Unidentified thieves made an unsuccessful attempt to open the safe at Plymouth Lumber and Coal Company on Memorial Day, but were forced to leave the business with empty hands.

Plymouth Police said the bandits entered the office of the company through a broken window and knocked the dial off the safe. The thieves, they said, were unsuccessful in their attempt to knock out the pins. Nothing else was disturbed in the building, they said.

FLANKED BY FLAGS in honor of Memorial Day, Allan Killen spoke to hundreds of Plymouth residents gathered in Kellogg Park Wednesday for traditional ceremonies. Seated behind the local businessmen were left

to right: Rev. Melbourne I. Johnson, pastor of First Methodist Church; and two veterans of the Spanish-American War from Plymouth, C. H. Goyer and Tom Gray.

Plea For Peace Marks Memorial Day Parade

Calling upon all Americans to expand every effort for a just and lasting peace," State Senator Raymond Dzendzel led hundreds of Plymouth residents in marking Memorial Day at ceremonies in Kellogg Park.

Dzendzel and representatives of all local veterans' organizations were platform speakers and guests at the local commemoration which followed a Main St. parade. "We ask only today that our fellow man be touched by the spirit of peace," Dzendzel said. "We pray that our Memorial Day services are remembrance of what has happened before and never will be perpetuated with future conflicts. We would be

remiss if we did not renew our dedication to the fight for peace."

Honored at the ceremonies, which drew an estimated 500 persons to the downtown park, were two veterans of the Spanish-American War, C. H. Goyer, and Tom Gray, both Plymouth residents. Representatives of other veterans' groups, including Lewis Dulle, VFW; Betty Neal, VFW Auxiliary; Vernon Miller, American Legion; Marion Cott, American Legion Auxiliary, were also present.

Invocation and benediction at the exercises was delivered by Rev. Melbourne I. Johnson of Plymouth's First Methodist Church, and John Augustine delivered a reading of "In Flanders Fields."

Following the ceremonies on the platform, members of the VFW Mayflower Post drill team and honor guard fired a salute while circling the "Plymouth Rock" memorial to the community's war dead. Taps were played, and a wreath-laying ceremony was held.

Other participants in Wednesday's program included members of the 9632nd Air Reserve Squadron and the Plymouth High School band.

STANDING AT ATTENTION in front of the Plymouth Rock memorial to the war dead of the community are members of the Veterans of Foreign Wars Mayflower Post drill team.

GIRL SCOUTS OF Plymouth Troop 501 took part in the annual parade that wound up Main St. from C and O Railway to Kellogg Park. Cub scouts, Navy mothers, the PHS band and the Junior High band also participated.

MARCHING BAND OF Plymouth Junior High School band led the way in Wednesday's Memorial Parade down Main St. in Plymouth.

Board's Promise If Millage Approved

No new millage requests are planned by the Plymouth Board of Education for the next two years if Monday's ballot proposal is approved by voters.

That promise came from Harold Niemi, one of the Board of Education spokesmen who talked before nearly 200 local residents at a Town Hall Meeting Monday to discuss the June 11 election.

Niemi and other School Board representatives repeated their former stand that Monday's two-mill request plus 3.5 mill renewal was necessary to operate and staff the community's new Junior High School.

"The Board does not believe in using threats as to what the consequences will be if this proposal does not pass," they said, "and the school administration and Board of Education have not even considered what further cuts would be made in the school program if this proposal is not approved."

The Board members appeared on a three-part program with Dr. Eric Bradner, who spoke on the Community College proposal which will be up for voter approval also next Monday and with the six candidates seeking two seats on the Board of Education.

"We are in the beginnings of a second industrial revolution," Bradner told the audience, "and we have in our college the opportunity to train our youngsters for the important first two years of their higher education."

Candidates appearing at the meeting included—

● Beatrice Foersterling, who said, "I'm interested in knowledge and wisdom for our youth, but I'm not convinced we have to spend millions and billions for this education."

● Ernest Henry, assistant postmaster, who said "good schools will help our community attract more industry. The idea that anybody can step in and lower taxes is folly. It'll be a waste of a job to keep them at their present level."

● Clara Scharman, who told the audience that "I'm a plain citizen who wants to represent you in a field that I deeply love. That's my only platform—to work with problems and come out with as sensible an answer as I can."

● Philip K. Settles, who called for "better communication among the Board of Education, the taxpayers, the parents and the teachers. When I see the hassling that's gone on here, I wonder what strangers to our community must think."

● Carl Schultheiss, who said "education is the best measure of a community" and called for a meritorious teacher salary scale and a "curriculum designed for the needs of the community."

● Robert Soth, incumbent, who said his work on the finance and facilities committees of the Board had been valuable experience and "we're getting a lot of building for our money. With your support, I'll continue to work trying to get a maximum amount of education for a minimum amount of money."

"Shall we continue to support quality education for Plymouth or shall we slide backwards?" asked Gerald Fisher, Board of Education member, in speaking on the two-mill proposal. "Costs have risen," he said, "and more funds are needed." He again outlined where the tax hike, which will amount to \$15 a year on the average Plymouth home, will go—to staff and operate the new school and to pay teacher salary increments and a cost-of-living increase to Board employees.

Here's Lowdown On Monday Vote

On Monday's ballot—

● Community College election — two issues. One would allocate one mill of new taxes to build and operate a Northwest Wayne County Community College. The second, bond issue, would allow the College Board of Trustees to borrow funds to erect college buildings.

● School Millage — one package. The Plymouth Board of Education is seeking renewal of 3.5 mills and two new mills.

● Board of Education — six candidates. Seeking two seats on the Board are incumbent Robert Soth and newcomers Beatrice Foersterling, Ernest Henry, Clara Scharman, Philip Settles and Carl Schultheiss.

Tickets Here For Aquarama Cruise

Tickets for the Livonia-Plymouth-Redford Township "Good Neighbor Cruise" on the S. S. Aquarama have been distributed to sales points throughout the three communities and are now available in several convenient locations.

Friday, July 20, is the target for the big event which will feature a day-long cruise up the Detroit River to Lake St. Claire, Port Huron, Sarnia, Lake Huron and return. A number of organizations in all three communities plan to make a regular club program of the affair.

The cruise has the backing of officials in all three communities as an effort to unite the western Wayne County suburban areas, all in the same geographical area.

Tickets (at a reduced fare of \$8.50 for adults and \$4.45 for children, 5-11) are now at Travel Centre, Plymouth; Bank of Livonia (main office, Wonderland branch, Yale-Plymouth Branch); Ward's Wonderland Store service desk at foot of escalator; Manufacturer's National Bank (Redford Township, Five Mile-Kinloch branch); and at The Livonian Observer offices, 33050 Five Mile.

WHAT'S YOUR VIEWPOINT ON THE REQUEST FOR HIGHER TAXES?

Here are the answers from four local residents—

"I don't think that Plymouth needs additional school taxes," was the reply of Gordon Smith, 2008 Hix Road. "I think right now, things are pretty good the way they are. Perhaps in the future we'll need more, but not right now."

Replied Harry Brown, 686 Maple, "As far as I'm concerned, I don't think it is necessary to raise the taxes. I'm retired

and it's going to make quite a hardship on retirees."

For Mrs. Walter Hochlowski, 151 Abelia, the school tax hike "is a necessity. I'm sorry they've just cut out music, art and physical education in my daughter's school. Most people who are against it are on social security. But we need additional taxes to operate the schools better."

"Well," replied Maxine Collins, 523 Roe, "the schools do need more money. I wish, however, there was another way besides property taxes for them to get it."

(Editor's note: Each week, The Plymouth Observer questions local residents on topics of interest. This week's questions were asked Saturday, June 2, at the Food Fair Market on S. Main. If you have a question you'd like to see used in this column, address your suggestion to: Plymouth Observer, 33050 Five Mile Rd., Livonia, Mich.)

Speak Your Piece!

Plymouth area voters troop to the polls June 11 to vote on a request for two new tax mills to the Board of Education budget and The Observer's man-in-the-street reporter again this week asked—

and it's going to make quite a hardship on retirees."

Woman's face reflects her suffering and a resigned patience.

South Vietnamese anti-guerrillas move along.

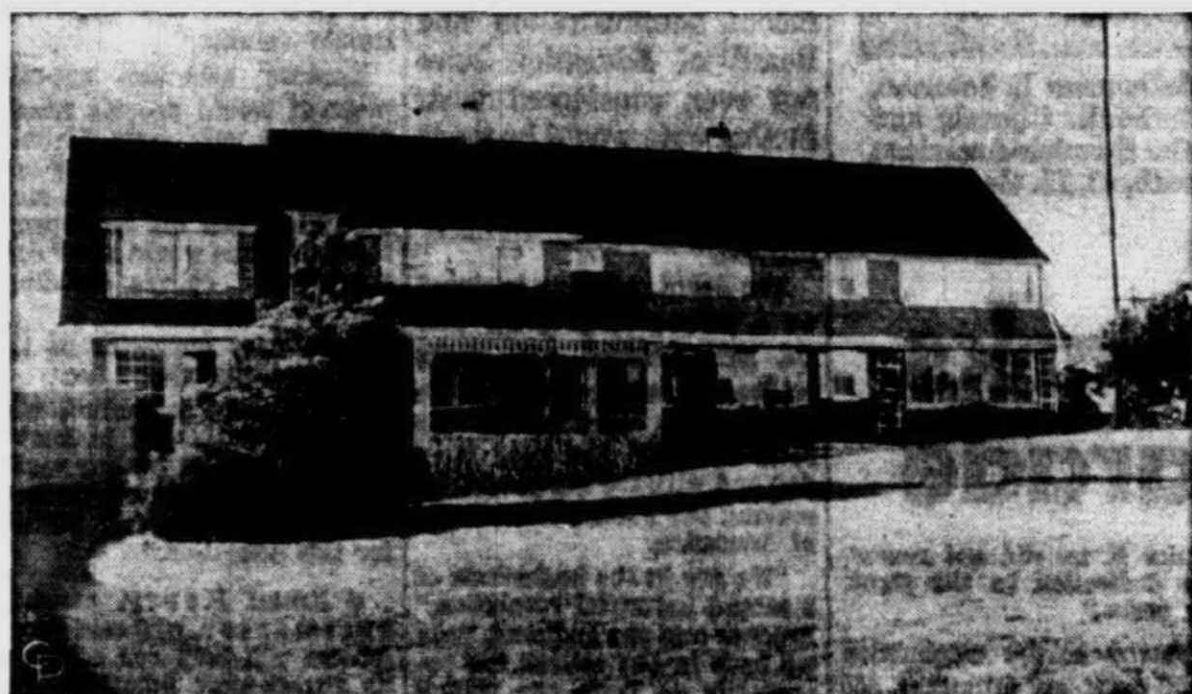

Guerrilla is led to interrogation.

Ngo Dinh Diem, president of South Viet Nam, reviews women troops on field maneuvers.

IF AN ACCOUNTING FIRM were to list the investments that the United States has in South Viet Nam, it would read something like this: more than 5,000 Americans, more than \$2.5 billion and—the nation's prestige. The mission of American

troops, technicians and advisers stationed in that beleaguered country is to lend all possible support—short of actual combat—to the South Vietnamese in their battle against Communist guerrillas. South Viet Nam has become a bloody chessboard.

CHANGE OF ADDRESS—Seeking more privacy for his summer vacation, President Kennedy will use this summer home of singer Morton Downey on Squaw Island, Hyannis Port, Mass., according to White House sources in Washington. It also was said the President will turn over his summer house in the Kennedy compound at Hyannis Port to his sister and brother-in-law, Mr. and Mrs. Sargent Shriver.

SIGN IN, PLEASE—Arriving in his hometown of Boulder, Colo., for a hero's celebration, astronaut Scott Carpenter signs hotel register.

WHAT HAPPENED?—Surprised Wall Streeters still are trying to figure out what caused the stock market to take its sharpest decline Monday since Oct. 28, 1929. The paper values of stocks shrank about \$28.5 billion on the "big board," and the volume of 9,350,000 shares was the heaviest since July 21, 1933. The photo shows activity on the floor of the New York Stock Exchange when the ticker was running 69 minutes behind schedule.

ONE TIRED FELLA—En route to the aircraft carrier Intrepid, astronaut Scott Carpenter grabbed a catnap with his cramped leg propped against the roof of the helicopter that plucked him from his liferaft in the lonely Atlantic.

'BACK TO LIFE'—Mrs. Edward E. Voight of Watsonville, Calif., stands vigil at the hospital bedside of her daughter, 17-month-old Donna Jean, who was "brought back to life" by doctors after her heart stopped beating. The youngster had crawled up to the front door of her home and collapsed after eating a poison used to spray vegetable fields. Doctors massaged her heart and blew air into her lungs through a tracheal tube.

WEEPS AT TRIAL—Singer Rosemary Clooney broke into tears during her divorce trial in Santa Monica, Calif., as she testified that her husband, Jose Ferrer, admitted he had love affairs with other women, but told her he couldn't change.

THESE GUYS ARE TOUGH—Encamped some 40 miles west of Korat, Thailand, and 130 miles north of Bangkok, tough First Battle Group 27th U.S. Infantry Wolfhounds are shown on a training march in typical country near the military encampment. They're from Schofield Barracks, Hawaii.

THEY START 'EM YOUNG—Waldo M. Christensen (right) of the Committee for Non-Violent Action hands a sign to his son, Waldo Jr., 3½, during picketing of the Federal Office Building in San Francisco. A hearing for three men arrested while trying to sail into the Christmas Island nuclear test area was being held inside. Jefferson R. Poland (rear, to right of sign), 19, tried to carry his sign into court, was ejected twice, then carried limp to jail.

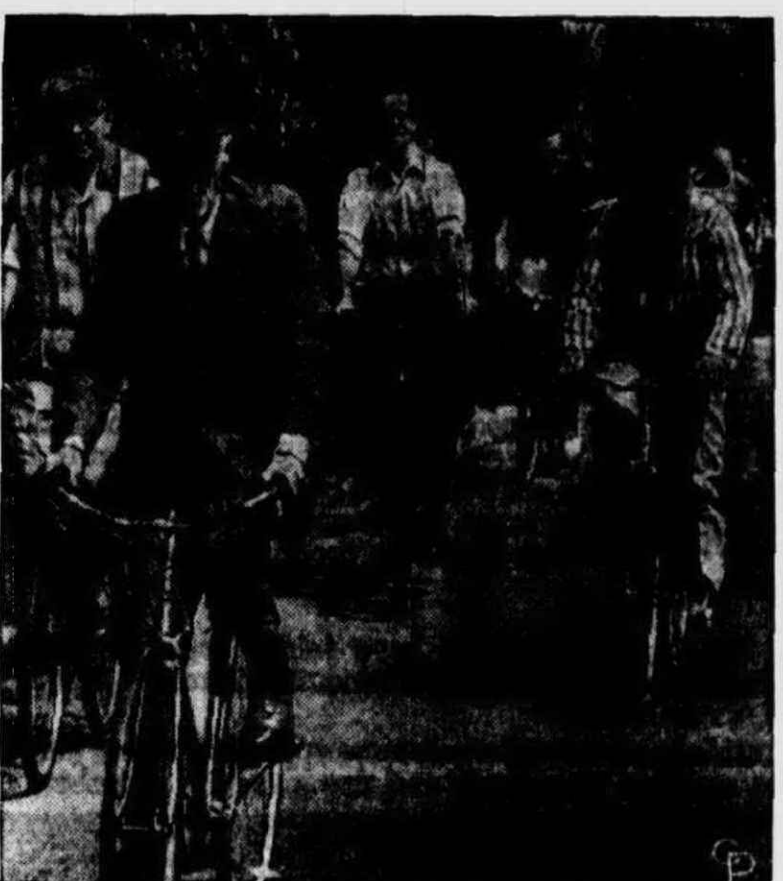

TORTURED 90 MINUTES—Nurse Noreen Beckert treats Charles Bothof, one of five persons tortured by three gunmen for 90 minutes while they sought the combination to a vault in the basement of the Bothof home in Chicago. The robbers took between \$7,000 and \$9,000 in jewelry. Bothof was clubbed over the left eye, slugged in the right eye and kicked by the gunmen.

HERE'S A NEW WRINKLE in the clothes drying field: a gas dryer with two drying speeds. Each speed is designed to custom-dry different fabrics with the exact degree of heat and air volume required. The dryer, manufactured by Whirlpool Corp., is available in single or combination washer-dryer units, as pictured here.

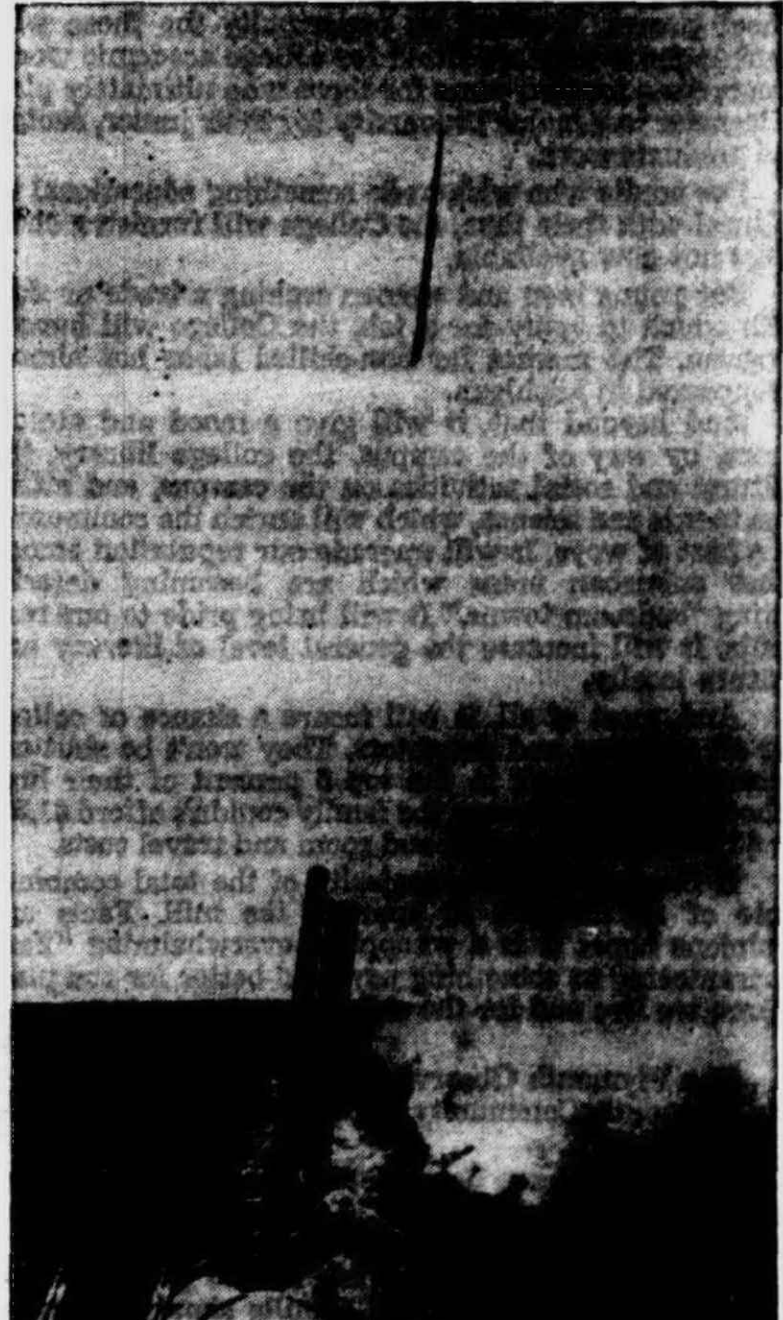

BIRTHDAY PRESENT—Mrs. Jacqueline Kennedy had this photo and other poses made for an album for President Kennedy's 45th birthday present. The President is watching his 18-month-old son, John Jr., prancing about in the Chief Executive's office at the White House in Washington.

'PEDAL FOR HEALTH' RIDE—Dr. Paul Dudley White, Boston heart specialist and former President Eisenhower's physician, leads 113 cyclists on a "pedal for health" ride from Barrington, R. I., to Bristol, R. I.

GIVES UP—Druggist Joseph Endler, 55, puts up his final display as he closes his drugstore in Chicago. He was robbed six times in past year and "I just can't take it any more."

HOW'S THE WEATHER UP THERE?—Launched from the USS John S. McCain (DL-3), a High Altitude Sounding Projectile (HASP) roars toward the sky. The weather rocket reaches an altitude of 40 miles and releases a stream of copper chaff that is tracked by ship's radar to determine speed and direction of the wind. HASP can be used on land or sea, and now is in operational use with the fleet.

UNDER THE GUIDANCE of Rev. Raymond Schulz, pastor of All Saints Lutheran Church, an all-out international day will be held at the church. Assisting are (l-r) Mr. and Mrs. Richard Huegli of Livonia and Mr. and Mrs. Elden Zang of Plymouth.

Foreign Students Hosted By Lutheran Church

All Saints Lutheran Church, Newburgh and Joy Roads, Livonia, will carry out an international theme on Pentecost Sunday, June 10. Church families of All Saints and neighboring Lutheran Churches will be hosts in entertaining foreign students from Wayne State University and the University of Michigan for Sunday dinner.

semble with the students and church members at the church beginning at 3:00 p.m. for an informal international discussion led by Matthew Holden from the political science department of Wayne State University. His topic will be "American Race Problem and International Affairs."

sponsored by the Lutheran Human Relations Association of pastors and laymen from the Detroit west side area. The service will feature a dialogue sermon by the Rev. Bruce Cassler of St. Mark's Lutheran Church, E. Grand Blvd., former missionary to the Philippine Islands and layman Arnold Buehler of Indianapolis, a member of the board of directors for the National Human Relations Association.

MEXICO—COLLEGE BOUND!

MEXICO CITY, May 15, 1962 (Special to the Livonian)—Deanna Dolhopol, daughter of Mr. and Mrs. George Dolhopol, 14146 Crescent Drive, Livonia, Michigan is one of the increasing number of today's American youth who are combining their college education with travel and cultural insights. She is attending Mexico City College, the unique-American-style liberal arts college located in Mexico City—hub of a nation in which modernism and traditionalism thrive together forming a stimulating environment for learning. Mexico City College with its small, friendly campus situated on the wooded foothills at the outskirts of Mexico's capital, attracts more U.S. students than any foreign college except Paris' Sorbonne.

OUTSTANDING GRADUATE

Donald Whitteaker of 21715 Pine Tree, Livonia, was named the outstanding male graduate for 1962 at the annual Honors Convention held at Cleary College, Ypsilanti, this week. Mr. Whitteaker will receive his Bachelor of Business Administration degree with a major in Accounting at the Commencement exercises on June 23.

TOP STUDENTS AT FERRIS

BIG RAPIDS—Thomas Pirrie, 17149 Stanwich, and Richard Rogers, 26266 Dow, Livonia, are among the 456 Ferris Institute students who were named to the Dean's Honor List for academic excellence during the past quarter. Dr. Ardwin J. Dolio, Vice President for Academic Affairs, has announced.

Assisting in the service will be the Reverends Thomas Van der Bloemen and James Heinemeier. Choral renditions will be given by the combined choirs of various Detroit area Lutheran churches. All guests are invited to a buffet supper following the service.

Church Youth In Fire Drill

Something out of the ordinary took place at the Rosedale Gardens United Presbyterian Church School on Sunday, May 27. This is not to say it wasn't well prepared for several months in advance of the event. Under the watchful eye of the Livonia Fire Department and the supervision of the Christian Education Committee of the local church, the children and youth of the church school took part in a fire drill. Both the 9:30 and 11:00 sessions co-operated to clear the building in three minutes time from the moment the signal was given. This, by the way, included babies and other small children who have trouble negotiating stairs.

Captain Perry of the Livonia Fire Department seemed well pleased with the church's concern for the fire drill and hoped that other churches would institute such plans for evacuation of children in emergencies. Church officials expressed hope that such emergencies would never arise but at the same time agreed "that an ounce of prevention is worth a pound of cure."

Melvin Tressler New NELCA President

The Northeast Livonia Civic Association held their election of officers at the May 22 meeting. Elected were, President Melvin Tressler, 28024 Long Street; Vice President, Richard Wood, 20279 Gillman; Secretary, Jerry Brunk, 27538 Long; Treasurer, Francis Shoop, 27530 Long; Corresponding Secretary, Hazel Tressler; Board of Directors, Robert Billinghurst, Ty Grounds, Dave Casson, Carl Stoliker, Sam Snitz.

Other items on the agenda included: A report of impending improvement of portions of Long Street and Deering Avenue by seal-coating and drainage corrections; discussion on abandoned buildings; school elections; community college and traffic safety.

A film "The Mackinac Bridge Diary," the story of the building of the Mackinac Bridge was shown.

The next meeting will be held June 26 at 28024 Long Street, and the movie will be the Academy Award winner "A Force in Readiness," the story of the Armed Forces, their weapons and responsibility.

Community Church Features Sports

An active inner-Church sports program has been a part of the activities of the Southfield Community Church, 21122 Indian (between Beech and Inkster, north of 8 Mile) during this year, according to Pastor Raymond Bayne. The basketball team, managed by Glenn Evans, was Class A champ in the Brightmoor Church League and were recently presented a championship trophy. Members of the team included Don Douglas, Bob and Virgil Evans, Larry Miles, Clifford Solberg, Douglas Staples, George Welch, Jim McDonald and Frank Camper.

The Church bowling league has just completed its season with Rid's Kids as the champs at the home of Mr. and Mrs. of the season. Members of the team include Baden Riddell, Wilburn Williams, Evelyn Windsor and Hazel Mickelson.

Telephone Now Available For Hard-of-Hearing

The Michigan Bell Telephone Company announced that a new telephone handset is available for persons with impaired hearing.

The new handset, developed by the Bell Telephone Laboratories and the Western Electric Company, research and manufacturing arms of the Bell System, can be used with most types of telephones found in homes and offices.

The handset contains a volume control wheel in the underside of the handset midway between the mouthpiece and receiver. The control wheel, operated by a flick of the thumb, raises or lowers the volume of sound reaching the listener's ear.

The new amplifier handset is the latest improvement in telephony for persons with impaired hearing. Previously, a

special telephone for those with impaired hearing was available. This feature was only offered in desk sets.

Now the amplifying unit, through the magic of miniaturization, is in the handset itself. The new device will work with most telephones, including the Princess set, a Call Director phone for busy secretaries and executives, and wall-type phones as well as desk sets.

Almost the exact duplication of a regular telephone handset, the new device is the same size as the ordinary one. The only visible difference in the two is the small, inconspicuous volume control.

The charge for the new amplifier handset, available in an array of colors to match phones, is \$1.25 a month.

It is estimated that eight percent of the population has a demonstrable hearing loss. The new amplifier handset will be joined later this year

by a companion product which will amplify conversation to aid those with impaired speech. Like the amplifier handset, it will be offered in matching colors.

SUMMER STUDENT

Alan Drake, 35864 Parkdale, Livonia, is one of 50 students from 18 states who will be enrolled this summer in an eight week Summer Institute in Earth Sciences at Wayne State University from June 25 to August 17.

The Institute, made possible by a grant of \$64,900 from the National Science Foundation, is geared to junior and senior high school teachers of general science or earth science who have at least a bachelor's degree.

Program Activities Start For Women and Girls at the "Y"

Northwest YWCA is announcing its summer program of activities for adults, teenagers and children which will be starting during the month of June and will continue thru July and August. Most of the activities will be at the branch building, 25940 Grand River, but the swimming classes will be held at Edison Pool in Greenfield Village, and tennis classes will be at Claude Allison Park, Beech Road and Curtis.

To Women It May Concern

By MYRA CCX

Schools and money are very much on my mind these days, shared by many of you. I know, in view of this I have a pitch to make—not to the positive thinkers, who have seen the light and are willing, yea, anxious, to bend their backs a little—despite all the other mysteries of life they will keep going in the direction of good schools, based on the simple faith in good principles.

I know it's a mystery why there are cheap crooks in high places in government; where our economy is going with unions demanding more and more for less and less; management keeping out of reach by going further from modern civilization or going overseas; and government handing more money out the back door to the poor of the world than come in the front door from the citizens of the U. S. via taxes. Sounds like a mess, doesn't it? And right now I think it is. One thing where we can all agree. Ignorance will not cure the above problems.

Many of our generation are giving of their time and brilliant leadership—I know they are not all shifty blackguards. Don't you agree, however, we will need more of the same because are not the problems becoming more complex from "the good ole days"?

Along this line I am making my pitch to what are considered the groups against public school improvement. Not the senior citizens. They have their own problems and have to let their conscience be their guide.

Mainly I am thinking of the parochial school vote, to point the huge block of Catholic votes.

Michigan Catholic schools are saving the taxpayers of Michigan more than \$158,000,000 a year; 15.14 percent of the total school enrollment.

This coupled with the Michigan constitution which expressly forbids direct aid to any kind from the treasuries of the State for the benefit of any religious school, is bound to make the average Catholic parent very shy about voting 'Yes' for more money out of their pockets which would do their chick no direct good.

However, if this group of parents in our communities would organize and go to the school boards and say we will go all-out for your requests because we believe in our community and want it to be a good place for our children to live, and the public school in turn, would do their part within the limits of the law, THEN, we could worry less about the knockers, the crooks, the narrow-minded, and the bigoted, that breed everywhere.

By law the school board can accomplish certain things for the parochial school. Number one and biggest problem to the Catholic school is transportation. The Catholic kids are in just as big a danger walking to school where there are no sidewalks; get just as wet and just as freezing in bad weather. Buses SHOULD be provided out of district funds for all; Scholarships should be made available to Catholic schools without distinction; health and medical benefits, such as free nursing care, medical examination, hearing and visual examination, psychological counseling and use of pool facilities should be available.

If someone would make the first overture—a study made, of each others problems, including all parochial schools, there is no doubt understanding would bring support.

We are, after all, taking advantage of the economic miracle of the Catholic school operation—they are turning out good citizens and smart too, with a top-notch teaching staff.

Their teachers must be credited just as our are. Teaching sisters receive a stipend of \$1,000 a year regardless of length of service, as compared to the average beginning of a public school teacher of \$4,500. At the end of 10 years service the public school teacher, with still a B.A. degree, earns an average of \$7,500 while the Catholic teacher still gets \$1,000.

Good schools make good communities—let's help each other maintain them. And be you Catholic, Jew or Protestant, young, old, childless, or like the old lady who lived in a shoe—approval of the Community College for instance can only up-grade you, your community, and certainly the value of your home.

CAMPUS GUESTS

Mr. and Mrs. Philip J. Nicholas, Livonia, just returned from a visit to Valparaiso University in Indiana attending a Spring Festival week of fun and entertainment on the campus.

Their daughter, Carol Ann, a sophomore in elementary education was thrilled to have her sorority, Kappa Tau Zeta, place first among 18 various sororities and fraternities in a song contest.

While at Valparaiso the Nicholas took one evening to visit Chicago with their daughter seeing the sights. The week on campus was filled with many activities including a Parents Dinner, and a Mothers' Tea given by Carol's sorority.

On Tuesday, June 12 a Ladies' Morning Out will begin and will continue for a five week term through July 10. Women will have a choice of sewing, drawing and sketching, knitting, flower arranging or intermediate bridge. Coffee time is at 9:30 a.m., with the classes scheduled from 10 until 12 noon. No nursery care nor luncheon times are provided in this summer program.

Advisory Group Would Combine Schools, Business

Plans are underway to create a new Livonia Commission which would strive to teach youngsters about the business world and use outside consultants from universities and other high schools of recognized quality for appraising and improving local instruction in major fields.

The advisory committee was described as one which would include representatives from the Chamber of Commerce, the Livonia Youth Commission, two or three major businesses and industries, apprentice training programs and the schools, and some citizens at large.

One of its first major responsibilities would be to help develop plans for a high school vocational guidance and placement office. Such an office would coordinate school-business-industry cooperation for the following programs:

- (1) Cooperative Training Programs, in which students combine work and study in business education, distributive education (retailing), or trade and industrial education.
- (2) Work Experience Programs, which are not specifically related to school instruction but recognize selected work experiences as part of general education.
- (3) Apprentice Training Programs in business and industry and terminal community college programs.
- (4) Employment which requires a temporary postponement of further education.
- (5) Re-training opportunities for re-employment related to changes in area manpower requirements.

BONITA LEE DAWSON

Adult men and women may enroll in a summer dance program on Tuesday evenings for a six week term, starting June 12. It will feature instruction in the Mambo, and will be taught by Mr. Don May, in the patio of the Branch building.

Swimming classes for girls 6 years up and boys 6 through 11 years will feature beginner and swimmers instruction. Instruction will also be given for Mothers and tots and for adult women. Classes will begin Tuesday, June 26, at 9:30 a.m. and will run for a four week term during the morning hours. Participants will swim twice a week, Tuesdays and Thursdays, according to the hour scheduled. A second term will begin on August 24 and will continue thru August 17. Medical exams

will be given at the Branch building by appointment.

Sub-Teen girls (7 thru 12) and Teenagers in junior and senior High School may enroll in a Pony-Tailers Program or a Teen Program on Monday, Wednesdays and Fridays, starting June 25 at the Branch. Both of these programs are also scheduled for two four week terms, so that the second term will start July 23 and continue through August 17. The Pony-Tailers will meet during the morning hours, 9:30-12:30, and will have a choice of Puppet Theater, Crafts, Games and Sports, with special trips being planned for Fridays.

Teenagers will meet on Monday and Wednesday afternoons, starting at 1:15 p.m. and continuing until 4 p.m. They will have a choice of Charming, Knitting, Drawing and Sketching, and Sports. Cook-outs or special trips will be planned for certain Wednesday afternoons.

A professional model, Doris Royal, will instruct the charm class, and Mr. Leith Wetzel, well-known art teacher, will teach the art.

Tennis classes will be on Monday and Wednesday morning at 9:30 to 10:30 a.m., and will be taught by Mr. James Kerwin, tennis coach at University of Detroit High School. The participants will have eight lessons in the four week term. This also starts on June 25.

Further information may be secured by calling the Branch, KE 7-8500.

YWCA Camp To Hold Open-House

The beauty of the Detroit YWCA's Camp Cavell, its cabins, lodges and activity areas where some 700 girls between eight and 18 years old spend many happy hours each summer may be enjoyed by the public Sunday, June 10.

Cavell campers, their families, friends, and all interested persons are invited to attend the open house at Camp Cavell from 11 a.m. until 5 p.m. that day according to Miss Elizabeth Mitchell, camp director.

Approximately 90 miles from Detroit, Camp Cavell is located on the shores of Lake Huron, three miles from Lexington.

Visitors may take tours of the camp, enjoy some of the activities available during the camping season, and swim in Lake Huron, weather permitting, Miss Mitchell said.

Guests may bring their lunches for picnics on the grounds.

The open house June 10 will be the only visitors' day of the summer, she pointed out.

First of Cavell's four 1962 2-weeks camping sessions begins Friday, June 29.

Just say "Charge It"

Bentley In Bid To Share Flag

For the first time in six years the Suburban Six High School League was to crown a new baseball champion this week.

The laurels will belong either to Allen Park in an outright position or to both the Parkers and Bentley.

A makeup battle between Bentley and Allen Park was to decide the golden chips. The Parkers went into the game with an 8-1 conference record, while Bentley stood in second with seven victories against two losses.

There were indications that the Bentley-Parker encounter would spell an undisputed flag for the winner, be it Bentley or Allen Park. But Plymouth's champs for the last five years blasted Bentley's hopes for an outright crown by turning back the Livonians, 6-3, last Friday.

The victory gave Plymouth a 7-3 record in league play and a chance to finish in a second place tie, should Bentley bow to Allen Park.

A three-run uprising in the third inning shot Plymouth into a commanding lead and the Rocks went on to win behind the effective hurling of Dick Schryer who scattered five hits while walking five and fanning three.

Plymouth had scored twice in the first inning when Bryan Gillies was safe on an error. Then Schryer singled and Jared Stevens doubled.

In the third, Schryer and Stevens walked. Ely Menchaca and Dick Egloff singled and Gillies walked to add to the Rocks' advantage.

Another error, followed by singles off the bats of Menchaca and Egloff netted Plymouth its final run.

Bentley scored single encounters in the first, third and seventh innings. Steve Powers' single and three walks cashed the first run. A triple by Lannie Carrier and Dan Just's single was good for the second Bentley run. The third counter resulted from two singles and a walk.

Barry Marion started for the losers and last two innings, Bill Coleman worked the next three. Then Bill Booth finished up.

Two four-run innings paved the way for Bentley to scalp Redford Union, 8-4, earlier in the week. Marion went the route, allowing four hits. He fanned eight and walked four.

Bentley tallied four times in the first when Steve

Trojans Finish In Rush

It's a shame that the baseball season had to end last week for Clarenceville High School.

After struggling for the better part of five weeks, Clarenceville finally got going and wrapped up the campaign by winning its last three encounters.

Thus the Livonians turned in a final record of five wins against nine losses in Wayne-Oakland League competition.

Gary Gearhart turned in a two-hit pitching gem to beat West Bloomfield in the Clarenceville swansong in the 1962 schedule. The lone run for West Bloomfield resulted from two walks and a single in the fifth inning.

In the meantime, Gearhart himself had scored once when he singled and moved around to third on a sacrifice and stolen base and scored on a sacrifice fly. Then Bill Messina singled, a sacrifice and Dan Freels' single made it 2-0 for Clarenceville.

The last Clarenceville tally came without the batters having to swing a bat. Four straight walks produced the run.

RU, Eagles Capture Loop Golf Titles

They turn out some cracker-jack high school golfers in Redford Township.

When the Suburban Six and Mid-Wayne League links titles came up for decision last week, Township entries hauled in all the honors.

Redford Union High took the Suburban Six crown with 323 strokes as Plymouth's defending champs came in second a stroke back at the Brae Burn course. Bentley was third, just

Junior High Athletes Vie In Field Day

With approximately 330 boys and girls participating, the track and field event will mark the close of the intramural sports programs in the five junior high schools this year.

Field events for all include: high jump, running broad jump, 75 and 50-yard dashes, 200 and 400-yard relays. Girls will run the 75 and 50-yard dashes and standing broad jump, hop-step-jump, shot put, and softball throw. Boys will run the 100, 200 and 300-yard relays.

Livonia Public Schools junior high students will hold their first all-city intramural field day Tuesday, June 12, at Bentley High School at 6:30 p.m. The event will be open to the public.

three shots behind Plymouth while Trenton was fourth and last in the four-team field with 339.

In the Mid-Wayne League championships, held at Birch Hills, Thurston turned in a tie-equaling total of 329 to romp away with the honors. Garden City followed with 342. Well back stood River-view at 382 and Taylor Center at 395 in the final accounting.

Judd Wellard posted a 76 to pace Redford Union to the championship. Mike Loukinen came in with 77, with Bill Meyers scoring 84 and Cal Pratt 86 for the team coached by Jim McDonald.

Skip Otwell of Plymouth shared medalist honors with Wellard. Carl Zornow notched a 78 to place second for the Rocks. Jerry Scott shot 83 and Phil Bender 86 as Plymouth staged a stirring battle to miss by just one shot tying Redford Union for the title.

The Bentley quartet was led by Les Motson at 79. Dave Bengel and Ted Hart both turned in 81's. Gary Schel rounded out the Bentley

The Thurston total of 329 put of 157 to set a new school record, clipping the former mark for nine holes by five strokes.

WONDERLAND LANES

28455 Plymouth Road Between Inkster & Middlebelt GA 4-3180

Powers tripled. Then Dick Gray, Jerry Allen, Roland Kent and Paul Portney singled while Carrier and Marion drew passes.

Redford Union crawled with in one run of a tie before Bentley broke out with its second four-run uprising in the seventh. Gray, Carrier, Marion and Allen singled while Kent tripled in the payoff explosion.

Curt Johnson delivered a homer for the losers.

Redford Union then rebounded to down Belleville, 4-3, as Rick Clark turned in some fine relief pitching. Chuck Shelton rifled a homer for Redford Union while Johnson clouted two hits to knock in two runs. Don Kemp also had two hits for RU.

The season ended on a losing note for RU Saturday when the Townshippers dropped a heartbreaker to Cranbrook, 2-1. Clark hurled the route and allowed five hits. RU collected four and had the tying run wiped out at the plate in the final inning on an eye-lash decision.

In a wild baseball affair with no league significance, Plymouth rallied to nip Ypsilanti, 10-9. Ypsilanti had scored four times in the top of the seventh to take a 9-7 lead.

Then Mickey Herter homered for Plymouth. After Menchaca and Stevens reached base on an error and walk, respectively, Gillies delivered a two-out triple to break up the game.

Tryouts will be held at Bentley High field daily from 6 to 8 p.m. and Saturday at 9 a.m.

It's a uniformed team, head for league competition, but the pitching staff is barren at this moment. Several fielding positions also are open.

Neighbor Colleges Have No Room To Offer Education for Our Youth

Bursting college enrollments are a fact. The babies already have been born who will increase by 70 percent the number of young people of college-

Communities Benefit From Town Hall Series

The Board of Awards of the Northville Town-Hall Series met May 28 for the purpose of selecting recipients of the distribution of the profits of their first (and successful) year. The Altar Society of Our Lady of Victory Church, Northville, sponsors of the Town Hall series, retained \$800 of the profits for 1961-62 to be used for their church and school.

Livingston Well-Baby Clinic received \$100.

Science and Arts Camps, Farmington, received \$100.

Girls' Town, Belleville, sponsored by the Plymouth Womens' Club received \$100.

Kings Daughters, Northville, received \$100.

Serving on the committee to disburse the funds was Mrs. H.

F. Wagenschutz, Mrs. Herman Mochlman, Mrs. William E. Parks, Livonia representative; Mrs. Leonard Stidwell, Farmington; Mrs. Margaret Hough, Plymouth; Mrs. William Milne, Northville.

Honored for Sales

Carl J. Hosier, Livonia general manager of the American Plan insurance companies, attended a company meeting at the Greenbrier Hotel in White Sulphur Springs, W. Va., last week.

Hosier, who headquarters at 30499 Plymouth Rd., was among the top 10 producers in 1961 for the companies. He was accompanied by his wife.

age in 1970. Twice as many babies are born yearly now as were born in 1940. To add to the growing college enrollments, twice the percentage of youth are enrolling in college as compared with 1940.

It is no myth or scare-cry that college doors are closing upon intelligent young people. In 1961 fifty percent of the freshmen admitted to the

University of Michigan were in the upper fifth of their high school classes.

An equally changing picture is presented at nearby Henry Ford Community College, which in the past could admit many of our students with a C-plus or better average. This year Henry Ford closed its registration of non-resident students in March. At six o'clock in the morning of the day on which non-resi-

dent students could apply, there was a long waiting line. By noon the next day, registration applications for September, 1962 closed to non-residents.

Throughout the State, each community college district

takes care of its own residents first and admits non-residents only when there is room. The residents of Northwest Wayne County cannot depend upon their neighbors for community college education.

GETTING OFFICIAL approval for Community College week May 27 through June 2 are the two vice-chairmen of the Action Committee to bring the Community College question to a vote of the community June 11. Accepting the approval of Mayor Harvey Moelke are (l-r) William Horie and Rosina Raymond, Livonia citizens of the Livonia Citizens Action Committee Northwest Wayne County Community College. The proclamation urged all citizens to "consider the merits of the proposal."

College Recognizes Labor Force Change

Northwest Wayne County Community College recognizes the fact that high school graduates of today are not graduating into the same world as did their mothers and fathers. The education which made a success of father may not be enough for his son in our changed society.

The labor force in 1960 has a new look, as the following table shows:

LABOR FORCE IN VARIOUS CLASSIFICATIONS		
	1930	1960
Professional Workers	6%	10%
Semi-Professional Workers	25%	35%
Technical and Skilled Workers	28%	45%
Unskilled Workers	41%	10%

The conclusion is obvious. During the last 30 years the unskilled laborers have decreased from nearly one-half to one-tenth of the labor force. All evidence points to the fact that there will be even fewer unskilled jobs available in the years ahead.

Fortunately for us, our Community College will provide both technical and academic programs of high quality. Studies are going forward to assure us of a college which will make employment possible for the majority of our youth. Industry, business, high schools, and the College will work together toward the aim of full employment.

Enjoy a lovelier lawn

FEED LAWNS NOW

Get a thick, green lawn all spring and summer with one feeding. Turf Food gives balanced diet of nitrogen, phosphorus, potash. Feeds grass slowly, gradually. Best you can buy.

Protest Using School Funds For C. College 'Propaganda'

A group of approximately eight Livonia families sent a telegram to Dr. Lynn Bartlett, state superintendent of public instruction, Monday night protesting the use of school monies to "propagandize for a favorable vote" on the Community College one mill proposal which will be on the ballot Monday.

"We feel a violation of the school code has been committed by the Livonia school

Board," said the telegram. "Twenty-one thousand dollars of public monies have been loaned or granted to the Community College District which they have used to propagandize for a favorable vote on a tax limitation increase and a bond indebtedness issue.

"Please investigate fully and inform us of your action in this matter."

It was signed by Leonard and Betty Pokryfki, 8938 Hillcrest. Ten other names appeared but The Livonian Observer was asked by the sender to withhold them.

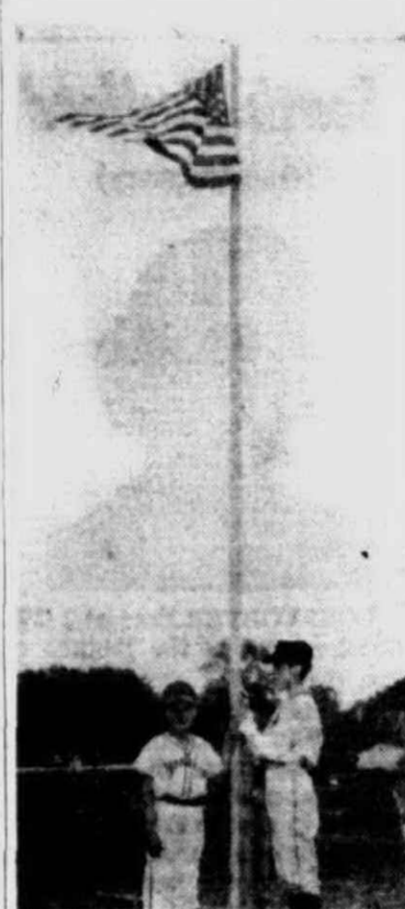

Pvt. Daniel McDonald, USMC, son of Mr. and Mrs. Donald McDonald, 27421 Buckingham, Livonia, has completed recruit training at the Marine Corps Depot in San Diego, Calif.

KIEHL, Germany (FHTNC)—Dennis R. Sawka, aviation electrician's mate third class, USN, son of Mr. and Mrs. Daniel Sawka of 17251 Fairfield, Livonia, is serving with Air Anti-Submarine Squadron 28, aboard the anti-submarine warfare support aircraft carrier USS Wasp, which visited Kiel, Germany, May 6, while deployed to the Northern Europe and Eastern Atlantic areas.

GREAT LAKES, Ill. (FHTNC)—Carl M. Laurie, son of Mr. and Mrs. Carl J. Laurie of 14857 Merriman rd., Livonia, Mich., completed recruit training, April 13, at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes classroom instruction in such naval subjects as seamanship, ordnance and gunnery, damage control and military customs and courtesies.

A full-dress parade and review before military officials and civilian dignitaries marked the end of the training period.

FLAG RAISING AT Claude Allison Field was the ceremony that opened the 1962 Little League season in Redford Township.

AT WONDERLAND CENTER

Display Sticker, Win a Prize

Motorists who display a Wonderland Shopping Center banner on their auto bumpers are automatically eligible to win one of 10 prizes to be awarded daily, beginning this week. Distribution of some 10,000 bumper stickers began Monday

at a special contest booth located on the main mall of the 51-store shopping center at Plymouth and Middlebelt roads, in Livonia.

their relatives. The bumper stickers are being distributed free of charge.

HONORMAN

Albert J. Barnard, Seaman Apprentice, son of Mr. and Mrs. Albert Barnard of 16936 Brady, was presented an engraved plaque and Honorman Certificate by Lt. General Cummings. The presentation was recently made at the graduation review held at the Great Lakes Naval Training Center, Great Lakes, Ill.

Seaman Apprentice Barnard was selected Honorman of his company by his instructors, Company Commander and "shipmates."

THANK YOU, for 35 years of service. John Boata (right receives a 35-year service award, a watch from C. E. Bosworth, Vice President and General Purchasing Agent for Ford Division of Ford Motor Company. Boata serves on the South Redford School Board and lives on 11361 Kinloch.

Dodgers	0

HIGHLIGHTS
Clyde Mays (Falcons-Major) pitched against the Senators and won his own ball game with a grand slam home run; Doug Saunders (Yankees-Major) pitched in relief against the Chiefs and drove in the winning run with a double.

HIGHLIGHTS
Glenn Buckingham (Redlegs-Major) home run; Keith Berryman (Pirates-Major) home run; John Osborn (Cubs-Minor A) hit a 3-run homer in the last inning in the Cubs' game against the Giants; Allan Shunn (Pirates-Minor A) relieved in first inning of the game against the Dodgers and struck out 12 men; Larry Miles (Pirates-Minor A), Richard Sheffner (Pirates-Minor A) and James Bednark (Pirates-Minor A) all hit homers in the game against the Dodgers.

Millionaires' Sponsored By Temple Beth Am

Anticipating an evening that will surpass by far the successful staging of a similar affair last year, the Men's Club of

Temple Beth Am will sponsor a Millionaires' Night.

The gala night of gaming will begin at 8:30 p.m., Sunday, June 10 in the V.F.W. Hall, 25245 West Seven Mile Road in Redford. Tickets are now available to members of the Temple, their friends, and the public for a donation of \$1.50 per person. The donation entitles each ticket-holder to \$10,000 in facsimile money.

Lady Luck will favor, in addition, holders of numbered tickets to be drawn at random throughout the evening. Among the prizes which will be given away is a suite at downtown Detroit's Statler Hilton over the week-end of one's choice.

Winnings at the tables, both big and small, may be redeemed from among a fabulous array of other prizes consisting of merchandise, services.

For further information call Louis Miller, GR 4-5308, Program and Fund Raising Chairman.

George Romney Says
"help yourself to better state government"

BE A CHAPTER MEMBER IN YOUR LOCAL CHAPTER OF ROMNEY VOLUNTEERS!

George Romney says: "We will govern to the best of our ability in the interest of all the people—big and little, rich and poor, old and young of every race and creed.

"In reaching solutions to the individual problems of some, we will take into careful consideration the effects those solutions may have on others. And we ask for guidance from all."

This kind of better state government will eliminate special privilege . . . promote more jobs . . . eliminate governmental deadlocks . . . help make Michigan once again a vital, prosperous place in which to live.

George Romney can bring you this kind of better state government. But it will not come easily. All of the people must be alerted. All of the people must be encouraged to vote. All of the people must be informed.

You can help now by becoming a charter member in your local Chapter of Romney Volunteers. Clip and mail this coupon. Or call Romney Volunteer Headquarters. Or drop in and sign up!

count me in! ENROLL ME AS A CHARTER MEMBER OF THE ROMNEY VOLUNTEERS,

Yes! You can help yourself to better state government, regardless of party affiliation. How? By calling on your friends, making speeches, or distributing literature. Or getting petitions signed. You can help by baby-sitting on election day. Or assisting at headquarters. Or by donations or fund raising. There are many other ways—and you can select the ones that best fit your abilities. Start today! This is basic, vital activity—it is essential to your community and to good state government. Fill out the coupon, right now!

Other Police Got Him First

Jack Paden, 43, 29778 Richland, Livonia, knows now where the hit-run driver is who crashed into the rear of his truck last Friday and then vanished into the night. Paden managed to get the license number and reported it to Livonia Police who immediately started a check. The answer came Monday afternoon. Dale Boone, 34330 Winslow, Wayne, owner of the car, was in the Detroit House of Correction serving a 60-day sentence. It seems that Dale was involved in a hit-run accident an hour earlier in Wayne where an alert policeman noted the number. He was arrested Saturday, sentenced to 60 days Monday morning and faces a second charge of hit-run when that term is up.

G. Ridge Sewers On Table Again

Sent back to the table by the Livonia City Council was a proposal to install sanitary sewers in Golden Ridge Subdivision in the southeastern part of the city. County health authorities have advised the Council of a serious need for drainage there. A sub-divider has indicated he will build homes on 40 foot lots after the sewers are installed. The 40-foot lots are on an old plat, recorded years before Livonia installed a 60-foot minimum. Residents in the area are on large lots and many have opposed the 40-foot project.

Tommy Thompson Joins News Staff

Appointment of R. T. (Tommy) Thompson, veteran Detroit Free Press newsman, as managing editor of The Plymouth Observer and general news editor of all Observer newspapers, was announced this week by Paul Chandler, Editor and Publisher. "Tommy has a wealth of background in every kind of journalism, and we're most fortunate in being able to add him to our news staff," said Chandler. "His presence is part of a new program to increase the depth and quality of our news coverage in Plymouth, Livonia and Redford. The newspapers have been growing rapidly and they have needed more help in preparing the news product." Thompson has served on the sports and city desks of the Detroit Free Press since 1945. Prior to that he was on the editorial staff of the Chicago Tribune for three years and was sports editor of the Warren (O) Tribune-Chronicle for 14 years. He attended Ohio State University and was graduated from Warren G. Harding High School in Warren, O. Thompson resides at 14398 Sarasota, Redford Township. His office phone for all editorial matters is GA 2-3160.

R. T. THOMPSON

Men In Service

JACKSONVILLE, Fla.—Vernon B. Whitbeck, Jr., aviation electrician's mate second class, USN, son of Mr. and Mrs. Vernon B. Whitbeck of 31207 Kendall, Livonia, participated in "open house" activities at the Naval Air Technical Training Unit, Jacksonville, Fla. Conducted by personnel of the advanced Aviation Electrician's Mate School, the purpose of the special day was to acquaint dependents and relatives with the work of the school staff and its students.

PROUD WINNERS of ten pound hams in The Plymouth Observer's Penniman Ave. merchant's celebration last week: Mrs. Eldon McGee, 45145 Ann Arbor Trail; John Rogin, owner of Johnny's Penniman Market; and Mrs. A. F. Read, 312 Arthur.

Looking Around Plymouth

State Representative Harvey Beadle, who lives in Redford Township, was sued for divorce by his wife, Alice, last week. A former Trustee of Redford, Beadle is serving his second term as a Democrat in Lansing. Mrs. Beadle is employed in the Redford Township police department.

The new Western Wayne County Conservation Assn. is running into trouble with its new clubhouse and grounds, recently dedicated in Plymouth Township. Nearby residents in a trailer court are seeking an injunction to stop trap shooting by club members because, they charge, the trapping takes place too near to their homes.

Class Of 1952 Slates Reunion

Members of the Bentley High School graduating class of 1952 will celebrate their 10th anniversary in a reunion in the Kenwood Lounge, Five Mile at Telegraph, on Saturday, June 16.

Guest speaker will be Cecil Alford, assistant superintendent of Livonia Schools and former Bentley High principal. The program opens with a social hour at 6:30 p.m. followed by dinner at 7:30 o'clock.

Reservations must be in the hands of Marlene Danol at LO 5-7576 by Sunday, June 10.

Anyone knowing the whereabouts of the following members of the class are urged to notify Miss Danol at once: Shirley Brophy, Howard Clark, Jane Cook, Charles Dernberger, Maryann Good, Jean Klein, Joan Lorenzen, Marcel Salive, Katy O'Harra and the follow-

Roosevelt Renders 'Sound of Music'

Roosevelt fourth, fifth and sixth grades entertained the school and their parents Tuesday, with a musical play, "The Sound of Music." Using the melodies of the Rodgers and Hammerstein musical of that name, the pupils performed a play with script and new lyrics by Bert Brooks, fifth and sixth grade teacher.

About 60 pupils were involved in the production, including separate casts for the 7 p.m. and 8:30 p.m. performances. The choir was directed by Jim Lauer, fourth grade teacher, and the instrumental music students, directed by Jeff Green, played an overture.

Goose eggs for the defense. For the second consecutive week the defense soured. The normal three no trump contract was reached at all tables and made at all tables. The opening lead was the spade ten taken by the king and the queen of hearts invariably returned. Declarer wins with the ace, knocks out the diamond ace and raps up three no trump.

The offender in all cases was east. The opening no trump bid was the give away, a bid of one no trump is made holding 16-18 points. After a two no trump response by partner south bid three no trump showing 17-18 points. Now add them up. With eight in dummy and east having thirteen west at the most can have but two points. Declarer must then have the ace and king of clubs, queen of diamonds and ace king of hearts for his bid. If this is the losing play. The proper defense is to return the spade queen to knock out dummy's only entry to the diamond suit. If declarer ducks, small spade is returned to ace, now defense must duck two rounds of diamonds and declarer cannot now make three no trump. The winners at last week's duplicate game were: First, Herb and Connie Schroter. Second Tom Whitley and Frank Karos. Third Don and Ida Mae Enderby. Fourth Ed Draugeles and Bob Black. Fifth Karagen Wilkinson and Clifton Hall, for north and south. East and west winners were first second and third three way tie Joan Antos with Thelma Ruckhaber, Emil and Francis Mabusson, Barbee Elbe with L.B. Barbee, fourth Pete Parney with

Bob Nelson and fifth Jay Pettitt with Pat McHugh.

At the weekly duplicate bridge held at the Plymouth Bridge Club on June 1, 1962, the following were winners:

- NORTH-SOUTH**
1. Frank Beach and Ike Sarason.
 2. Bill Tullis and Don Peterson.
 3. Mr. and Mrs. D. G. Ducey.

- EAST-WEST**
1. Jim Simpson and Bill Markwardt.
 2. Dwight Eckler and C. A. McClumpha.
 2. Jack Dunlevy and John Kunkle (tie).

Weekly duplicate bridge is held each Friday evening at 8:00 p.m. at the Plymouth Bridge Club located in the Colonial Professional Building, Plymouth, Michigan, in air-conditioned quarters. For further information, call Bill Tullis, Director at GARfield 2-7848.

HAPPY TO CONGRATULATE the winner of the Michigan Holiday, Jay Cochrate, the manager of the Goodyear Store of Livonia on Plymouth Road, turns over the flight schedule and other data on the Holiday Tour. Mr. and Mrs. Aaron J. Ehgutz, 29737 Orangelawn are shown with their two children accepting the trip sponsored as part of Michigan Week activities.

Mayfair Bridge Group To Start

The Mayfair Bridge Club will welcome duplicate bridge players with a masterpoint game on its opening day, Tuesday, June 12 at 1:00 p.m. at the Rosedale Community Club House, 9611 Hubbard Ave., Livonia.

Weekly duplicate games will be held each Tuesday afternoon with masterpoint games on the second Tuesday of each month, under the direction of Mrs. John Gordon.

All interested in duplicate bridge are welcome and partnerships will gladly be arranged. For further information phone GL 3-3334.

What Skiers Do In Warm Weather

Livonia Ski Club members do not hibernate during the summer months. The active group, under the sponsorship of the Department of Parks and Recreation, is planning three outdoor activities in the coming months.

The first outing is a hot dog roast, 7 p.m. Saturday, June 16, at Edward Hines Park. Members and guests are invited to attend. Everyone should bring their own food. The club will furnish charcoal.

For further information on this activity contact publicity chairman, Joseph Ditzhazy, GA 2-2655.

Other activities throughout the summer include a family day-long picnic at a cottage on Harsen's Island, Middle Channel, in August. The week-end of July 28-29 has been set for a canoe trip.

Further details will be announced later regarding the July and August outings.

Meeting Will Start For Presidents

Madame Presidents from our area will gather with 1000 other leaders of women's groups at Detroit's Veterans Memorial Building to hear Benson Ford and other community experts discuss the work of United Community Services. This will mark the Ninth Annual, Presidents' Day sponsored by the UCS Women's Committee.

Current and past officers of women's organizations from the entire metropolitan area will be attending PTA groups, mothers' clubs, college and sorority groups, garden clubs, church groups, veterans' organizations, and business and professional women's clubs.

President's Day is the only event during the year when all representatives of women's groups come together to explore ways in which they can be mutually helpful to the community.
