and lanterns late Monday when lightening struck the main electric power cable during a violent thunderstorm.

Power to the school in Canton Township was disrupted at 4:26 p.m. when a lightening bolt hit the power line pole beside the building. Detroit Edison crews, working all night, found a hole burned in the underground cable where the bolt apparently was

CANTON TOWNSHIP firemen came to the rescue Monday night when lightening severed an underground power cable leading to Gallimore School, one of the voting precincts. Firemen Russell Travis, left, and Lt. Melvin Paulan are shown with one of the two generators brought to the school. Inside, voters can be seen in the floodlighted room. Repairs were not completed until **Tuesday** afternoon.

who led a field of six candidates in the race for two Board posts. Board Treasurer Robert Soth was successful in his bid for re-election.

There were 3,079 voters going to the polls during the rain-filled day. This was 784 less than the record-shatterng 3,863 who voted April 16. By a 183 vote margin, electors turned down a 51/2 mill proposal that would have tax mills over the present level. The Board of Education, which was in regular session Monday night, sat almost in silence as they studied tally heets showing final election results. Board President Harold Niemi announced that one thing is certain - "The School District cannot possibly operate on the level of millage now authorized." He was referring to the 31/2

their own income tax for retaliation, while Plymouth township would be unable to. Forgiveness Day at the

July 3 show.

WINNERS OF the Plymouth JayCee Junior Golf Tournament, held recently at Hilltop, were Carl Zornow, medalist with a 72, and Skip Otwell, who placed second with an 80. The two thus qualify for the state JayCee junior golf tourney to be held later this summer. Zornow (at right, above) and Otwell (at leit) are shown with Denny Hanks, local JayCee tournament director. There were nine entries in the Plymouth divisional meet, which was limited to golfers 17 and younger. The two winners each were awarded golf balls by Christ Burghardt, manager of Hilltop.

CD People Battle 'Tornado'

A tornado struck Plymouth last Wednesday night but very few people knew it. It was a Civil Defense test exercise to try-out the effectiveness of the communications system - and an evaluation showed the test to be fairly successful.

The mock tornado was scheduled to strike at 6 p.m. in the area from Penniman Ave., to Farmer St., and from Evergreen to Blunk Ave. By 6:18 p.m. the section was completely controlled, and three of the 13 intersections had traffic control personnel on duty within four minutes.

All D.P.W. employees had reported by 6:20 p.m. and Dr. Lee Feldkamp, City health officer, stated that by reports from the telephone fan-out system, 50 nurses would have been available and on duty by 6:36 p.m., and 13 physicians responded to their telephone by 6:27 p.m.

Taking part in the simuated disaster exercise were

If variety is the spice of your life, see the choice selection of buys now at your Chevrolet dealer's One-Stop Shopping Center. One of those new Chevrolets, Chevy II's or Corvairs should suit you perfectly and spare your budget any strain!

We wouldn't presume to tell you which one to buy, but your Chevrolet dealer has more ways of helping you make up your mind. Like the Jet-smooth Chevrolet Impala, luxurious, extremely comfortable, undoubtedly the best riding car in its field; the Chevy II Nova, lively, lovely, and inexpensive, too; the Corvair Monza, a family car that rather thinly disguises its desire to be a sports car; and the Corvette, America's out-and-out sports car. As you see, your Chevrolet dealer has just the tonic for that "let's go traveling" look in your eye. And, what's nice about buying one, you won't have to juggle

your life around to afford it. You know

DODODODO **EVERY ONE** WHO WOULD KNOW GOD

needs this book

In these troublesome days thinking men and women recognize that it is only through a knowledge of God that they can find peace and a sense of stability.

Through the study of Science and Health with Key to the Scriptures by Mary Baker Eddy many thousands have found that God is knowable; that He is unchanging divine Love-the protector and governor of His perfect creation.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

CHRISTIAN SCIENCE READING ROOM

Hours: 11:30 to 5:30 daily Except Sundays and Holidays Friday evening 7 to 9 p.m.

1100 W. Ann Arber Tr.

one of Shell's chief instructors, always stresses. If you notice any of them in your car, tell your Shell dealer. His advice might head off a big repair bill later on.

Billy Reyr

1. Mushy brakes. When your car is standing still, push the brake pedal down with a firm, steady pressure. If it feels soft and sinks to the floor, you've got trouble that should be fixed right away.

2. Wandering wheels. If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably at fault. Out-of-line wheels can increase tire wear up to 50 percent.

3. Jiggly front end. Shove down hard on either bumper with your foot. If the car bobs up and down for a long time before coming to a rest, ask your Shell dealer to check your shock absorbers.

4. Decrepit tail pipe. If your muffler or tail pipe is rusted through in spots, it's a good idea to replace it.

5. "Bloated" radiator hoses. Inspect all

cooling system. If they're cracked or swollen, they can fail at any time and cause your engine to overheat.

6. Marred windshield. If your windshield is scarred or streaked, it's probably due to faulty windshield wipers. Have your Shell dealercheck and replace them if necessary. 7. Strange noises. Listen for any odd noises from your car. They can be warnings of trouble on the way.

8. Under-the-hood clues. You can learn a lot by looking at your engine. Watch for oil, fuel and water leaks. Also, loose wires and worn insulation.

9. Sluggish battery. If your engine turns over more slowly than usual when you start up, a weak battery is probably the trouble. But it could be something else. Better check it.

10. Oil-streaked sidewalls. Check the sides of your tires you seldom see-the sides facing in. Look for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious.

Any trained Shell dealer knows many trouble signals besides these. Take advantage of his training. And one last tip: when you've got your car in top condition,

Charlie Ketterer, Plymouth's head basketball coach during the winter months and a junior high physical educa-tion instructor during the entire school year, was in a talka-

tive mood the other day. His words dealt with a subject close at hand. One, in fact, that President Kennedy has stressed relatively often in past months.

The subject: Youth Physical Fitness. Ketterer. who himself appears as physically fit as might be required for a basketball coach and physical ed instructor. was not only sincere in his remarks about the matter, but he was also rather adamant as he made his

"Physical fitness," he said, "to a youngster is as important to his future health and mental attitude as are good meals

"The youngster who is fit physically is equally fit men tally and emotionally. He's better able to cope with his school work, he does a better job studying and he's a better-adapted individual."

Charlie had no axe to grind.

Instead, he felt that Plymouth parents might like to know how their youth stand today with regard to physical

Ketterer recently completed a standard physical fitness test on youngsters in grades seven, eight and nine here. It has been administered before. The results, evaluated in comparison to a national standard, were enlightening.

Generally speaking, Ketterer felt that "the general muscle tone and overall physical fitness of the youth of Plymouth is not particularly good."

He based his observation on the results of the recent physical fitness testing here.

Ketterer's test results were evaluated on a basis of percentile accomplishment, using figures that had been established as a standard by the President's Council on Youth Fitness and the American Association of Health, Physical Education and Recreation.

Of 175 Plymouth seventh graders who were tested, 97 could not reach the "50th percentile" in the pull-up category, meaning that 97 were unable to do just two pull-ups. (A percentile measurement is slightly different from straight percentages. A 50th percentile accomplishment would mean that as many other boys performed better than one single lad than there were boys who performed less well.)

There were seven categories in the recent testing that **Lards**, **Angels** Ketterer administered: pull-ups, sit-ups, shuttle run, stand-ing broad jump, 50-yard dash, softball throw, and 600-yard run/walk.

In the entire seventh grade class, only 26 of 175 boys grade division and the Angels managed to achieve the 50th percentile performance in all in the eighth grade division were crowned respective seven categories.

Only three achieved the 80th percentile of performance. champions as the Junior High The overall results of the testing measured, in relative Intramural baseball program terms, the stamina, general physical ability, and the willended last week.

ingness of the youngster to work physically. "Plymouth's boys are lacking in physical fitness," Ketterer emphasized.

# Rocks Upset Northville Twice, Conclude with 9-4 Record Majorette Wins Dressed in blue and white Olsaver of Plymouth and

Plymouth's baseball season ended on a high note last week as the Rocks twice up-set neighboring Northville High, first by a 2-0 margin and later by a 4-3 difference.

But the Rocks success! against the Mustangs was overshadowed by another disconcerting fact:

For the first time in six seasons, Plymouth's varsity baseball team failed to finish in first place in the Subruban Six conference.

Instead, the Rocks this spring had to settle for a half-share of second place, tied with arch-rival Bentley High. Each team completed the league schedule with identical 6-3 marks.

Allen Park nosed its way ahead of Plymouth and Bentley in the race for the league crown. The Parkers, who only narrowly escaped a threat from the Bentley Bulldogs, emerged as titlewinners on the strength of a -7-2 won- and-lost record.

Although Plymouth gained a respectable tie for second place, the Rocks were out of the race well before the season ended. A pair of conference defeats three weeks ago ended all of Plymouth's hopes for a sixth conference crown.

The Rocks - in order to gain a shot at second place were forced to beat Bentley High in the last league encounter of the season. And then, after Allen Park too de--feated the Bulldogs, Plymouth abruptly found itself deadlocked with Bentley for second.

The two Northville games fast week were moralebuilding victories for Plym-
