# City Mails Out 3500 Tax Bills

Over 3.500 tax bills were dropped into the mail last Friday by City Treasurer Kenneth Way as the City began its annual tax collection.

The bills total up to \$410,254.32, which is only \$666 higher than last year's collection.

Taxpayers found their City tax bills were slightly under last years. Last year the tax rate was

14.81 mills. This year it is 14.65 mills. This is 16 cents per \$1,000 worth of assessed

Way said that for the first time he has counted the number of mortgage companies that receive the bills. Many householders pay their taxes through an escrow fund held by the mortgage firms. He found names of 52 different

mortgage companies. The deadline for paying City taxes is Aug. 10 without penalty.

Only the City tax is paid in July. City taxpayers pay their school and county taxes in December. Township property owners pay all Township, school and county taxes in December.

. A WARM SUMMER'S night is perfect for a concert in the park and one of the few places in the state where such a thing is possible in this age is right here in Plymouth. The Plymouth Community Band began its summer series of Friday night concerts last Friday and attracted

several hundred people who sat on park benches, folding chairs and blankets in Kellogg Park. The canvass canopy at right helps the band in its acoustics. Cake and ice cream were served by wives of the band members.

NINETY YEARS of safe driving without an accident was reached by 14 Plymouth post office employees last week and for their effort they received citations from the National Safety Coun-cil. Feeling that someday the old building would be razed anyway, City commissioners gave their okay to take off the weakened steeple.

A large crane drove up Saturday morning and held up the spire with a cable while workmen chopped away

When the spire trembled and was ready for its journey to the ground, workmen saw a spectacle of some 50 pigeons fleeing through an opening. While the steeple is hollow inside, it is enclosed with a bottom that has no entrance. But the pigeons had entered through a broken shingle.

The spire, however, isn't gone forever. Those visiting the carnival grounds this week on Mill St.

saw it in use as the information booth of the Plymouth Jaycees, sponsors of the July 4th festivities.

"We still heard baby pige-ons chirping inside," Lanny West, chairman of the celebration, declared. Jaycees had painted up the steeple. It cost them \$20 to have the crane come to the grounds to set it up.

Several persons have ready asked the Jaycees for the steeple after the week's

The debate has not been on the size of the millage, but whether it should be in one proposal or two. On June 11, a 51/2 mill pro-

posal was turned down by a 183 vote margin. The July 30 proposal will be a half mill smaller - but will still buy the same amount of services and benefits and education that the last proposal. The half mill difference is being made up by the increase of assessed valuation that was reported to local governments two weeks ago and an increase in state aid of \$7 per student.

If the 5 mill levy fails July 30, there will be no time left to vote again this year. The school district will have to operate on \$500,000 less than it considers a "minimum program." Defeat would mean \$350,000 less than last

What would be sliced from the program if the district lost this amount of money? The Board requested Superintendent Russell Isbister Monday night to come up with a list of costs of various programs to determine what might be cut if the necessity arose. According to citizens attending the meeting, this is what people in the district want to know.

Among the results predicted by President Gerald Fischer would be some half day sessions. A decision on this question, however, will be made at next Monday night's regular meeting.

A special meeting on June 27 and last Monday night's whether 5 mills should be divided into two proposals one asking for the 31/2 mill renewal and the other a 11/2 mill increase.

Fischer, Peter Zylstra and Robert Soth were of the opinion that the district should attempt to gain a "for sure" approval of the 31/2 mill renewal and take a chance on the 11/2 mill additional.

Pursell Office Supply, 637 South Main, was placed in the hands of a new manager last week and Mrs. Roy Pursell, whose late h u s b a n d estabished the business here in 1920 met the event with mixed emotions.

She was glad and she was

Glad, because the new manager is her son, Carl. Sad, because the previous manager, her daughter, Joanne, is moving to Hillsdale,

Since shortly after the death of her husband a year ago, Mrs. Pursell and her daughter, Joanne (the wife of Dr. Clark B. Smith), have shared the duties of managing the business. But, last week, Joanne's husband accepted an invitation to go into private practice in Hillsdale where he will also do surgery work in the local hospital.

A 1951 graduate of Plymouth High, Carl earned a BS degree from Eastern Michigan University in 1957 and earlier this year was awarded

his masters degree there. He resigned his post as a teacher at the James Monroe Elementary School in Livonia where he had also been acting assistant principal this past year. Carl, 29, is married and lives with his wife and their young son at 21017 Westfarm Lane in Northville. He served in the U.S. Army from 1957 to 1959 and rose to first lieutenant as the regimental supply office at Ft. Leonardwood, Mo

Joanne is a 1953 Plymouth graduate and attended Dennison University in Grandville, O., before graduating from Wayne State University in 1957. She taught history and government at High School of Commerce in Detroit prior to assuming the position of manager of Pursell Office Supply here last summer.

#### Packaging Firm **Moves into New Area Location**

An old industry in a new location opened doors three weeks ago in a plant on Schoolcraft Rd. near Eckles. It is Feblo, Inc., a packaging firm that started 14 years ago in Detroit and for the past five years has been in Redford. Feblo assembles and packages automotive parts and ships them through-

out the country. Wayne Lindow is president of the firm which employs 40 persons. Located on 31/2 acres, the modern structure has 20,200 square feet of floor

'We ship out about anything except the very heavy parts," Lindow pointed out. Ford Motor Co. is the firm's largest customer today with parts going out to 26 stocking depots across the nation.

Where did Feblo get its name? According to Lindow, the "Feb" part was the initials of Forest E. Brown, one of the founders. The "lo' portion then came from the name of the other founder,

#### How to help keep freedom ringing from every mountainside

High up on a mountainside in South Dakota, there's a famous. tribute to four American patriots who did much to mold the shape of freedom.

But even if there were no i Mt. Rushmore, we'd remember men like Washington, Jefferson, Roosevelt, and Lincoln: For the landscape of freedom is shaped by what they did, not by the mountainside that pays tribute.

Even today, freedom is shaped by the work of individuals-men and women, like you. Of course, only a few Americans will ever have their faces up on a mountain. But millions of Americans are playing a real part in the defense of freedom today simply by buying U.S. Savings Bonds.

When, you invest in U.S. Savings Bonds, you put some money to work for your country right now. At the same time you're putting it to work for your own future. Aren't those good reasons to buy one soon?

### Uh... Pardon My Parking Lot!

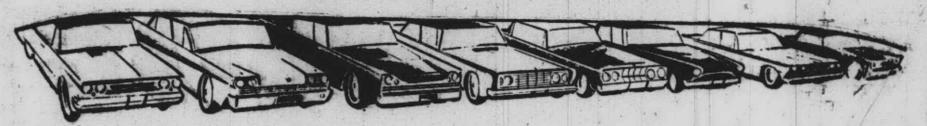

WIDE-ANGLE VIEW OF PLYMOUTH'S CENTRAL DOWNTOWN PARKING LOT WITH WORK IN PROGRESS

### THE CENTRAL LOT, THAT IS!

# IT'S JUST A BIT UPSET!

BUT NOT FOR LONG...

### . Moving Ahead . .

- Plymouth's modern march of progress is in further evidence this week, to the delight of shoppers, businessmen and city officials.
- A total reconstruction project of Downtown Plymouth's Central Parking Lot got underway a few days ago and the improvement work is expected to be finished by the middle of this month.
- When the reconstruction (see photo above) is complete, the lot will have been entirely re-surfaced, attractively landscaped at several points, and equipped with up-to-the-minute mercury-vapor, high-illumination street lights.
- Then, the lot will provide parking for nearly 230 cars, increasing parking by more than 50 spaces. Naturally, free parking will continue.
- During most of the time that reconstruction work is in progress, at least a portion of the Central Lot will remain accessible for parking.
   Only during brief periods will the entire lot — of necessity — be closed to parking during this period.
- And, of course, free off-street parking is readily available at the other Downtown Plymouth lots, on Fralick Street, on Union Street and at Harvey and West Ann Arbor Trail.
- The reconstruction of the Central Parking Lot is a jointly financed effort on the part of the City of Plymouth and certain Downtown Plymouth property owners.

MORE THAN A half-century of memories were recalled last week by 10 members of Plymouth High School's graduating class of 1913. The 10, two men and eight women, gathered in the park for their 49th reunion since graduating here. They are shown above with Mrs. Fred Bogert, 89, believed to be the last remaining parent of any of the class members. Front row, left: Mrs. Julia (Gottschalk) Thorne; Mrs. Bogert; her daughter, Miss Velda Bogert. Second row. from left; Mrs. Hazel (Shock) Broegman; Mrs. Ralph (Sarah Pulger) Brown; Mrs. Marilla (Farrand) Coverdill; Mrs. Earl (Marie Palmer) Lutz; and Mrs. Rose (Hilmer) Holstein. Back row, from left; Henry Baker; Miss Leila Chilson; and Clarence W. Wright. The original graduating class numbered 32 members. Six of the 10 who attended last week's reunion, started kindergarten together here. The Class of 1913 has held a reunion each year since graduation.

#### ONE OF THE THINGS MOTHERS ARE FOR!

Keeping the family happy takes a lot of time, but that's part of Mother's job. That's also why she needs a well-planned, well-equipped home that saves her time, energy and steps.

Fortunately, the Blue Star Gas Home with its efficient, dependable, fully-automatic gas appliances, makes building a happy family life a much easier job for Mother.

She can turn out a meal quickly and with little supervision. She can save time by coordinating clothes washing and drying with her daily chores. Hot water is always available. She can dispose of trash and garbage, indoors. Ample refrigerator and freezer space saves her many marketing trips, and fingertip climate control keeps her house comfortably warm all winter.
