Northville Fears Detroit Water Periled By Proposed Reservoir

(From the NORTHVILLE RECORD) Water—from Plymouth and Detroit—made news in Northville last week.

It became a matter of serious discussion by both city and township officials as the result of developments on two different, but related issues:

1. Almost certain approval by the Plymouth city council to supply water to two proposed subdivisions just south of West Seven Mile road in Northville township;
2. A threat by the Detroit

water board to withdraw its plans to continue a water line down Eight Mile road to Center (Sheldon road) through Northville to Plymouth if the city of Plymouth carries out its proposal to build a huge water reservoir on a high, two-acre parcel in Northville township.

City of Plymouth water service in Northville township came about as a result of a request from Walter Couse and John Northrup, owners of two separate but adjoining developments being planned in North-

ville township.

The proposed developments—Northrup's 66-home Shad Brook and Couse's 33-home Edenderry—are located south of West Seven Mile road and east of Valencia avenue.

A water line leading from Plymouth-owned wells near Beck between Six and Seven Mile roads runs through the proposed developments.

And in recognition of easement rights through the property it had generally been considered that Plymouth would

permit tap-ins to the main by abutting property owners.

The Plymouth city council moved cautiously, however. Not wanting to intrude upon Northville city-township relations the Plymouth officials held separate meetings with both the Northville city council and township board.

Local city councilmen agreed that they would not oppose the request, pointing out that the city of Northville was not presently in position to supply the area—and that it would be eco-

nomically foolish to build new mains when one already exists in the area.

Plymouth City Manager Al Glassford said that the Plymouth council generally felt a moral obligation to supply the water to property owners along the easement. The council has not yet voted on the measure, however.

Northville township and Plymouth officials met last Monday night. Supervisor George Clark called the Plymouth officials "most cooperative". He said

that the township would consider two proposals—one to permit Plymouth to install meters and sell direct to the Northville homeowners; at double rates (same as charged all out-city residents) and thereby maintain the system; or to sell wholesale to the township and have the latter bill the residents and take over the responsibility of maintenance of the system.

It seemed unlikely that the township would desire the second proposal. Both Northville and Plymouth officials agreed

that the set-up would be temporary. Eventually, Supervisor Clark noted, the township will develop a system of its own with either a single supplier (like the city of Detroit) or a number of adjoining systems.

Long range plans for Detroit water in the area took a new turn this week.

Officials from both the cities and townships of Northville and Plymouth huddled in meetings with Detroit water board officials.

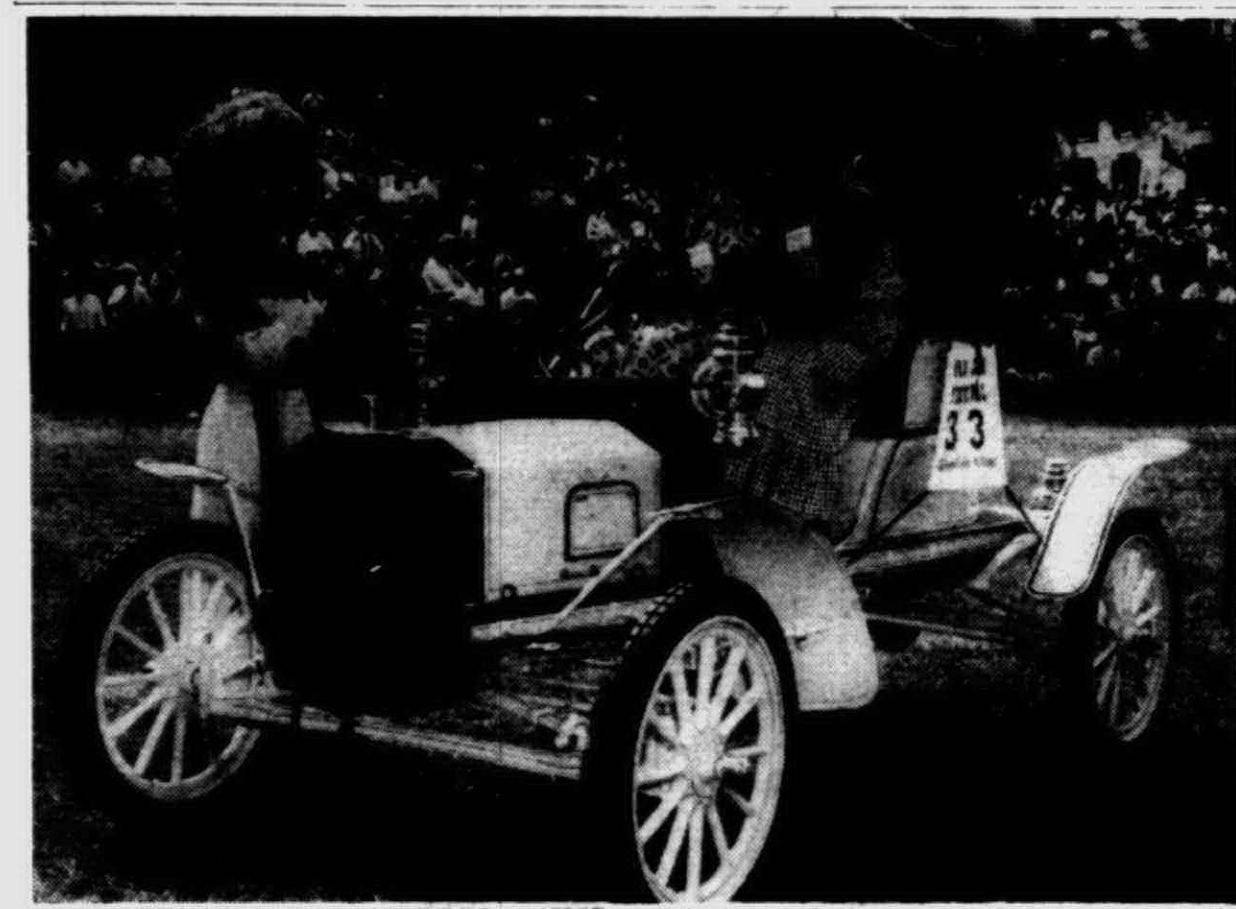

The latter have called for an

indication from the area concerning its attitude towards Detroit water.

Under present plans the city of Detroit has a definite commitment to provide a water line to the Northville-Nowi-Plymouth area by 1965. A line now exists as far west as Gill on Eight Mile road, just west of Farmington.

New Plymouth Store Loaded But Locked

Local Druggists Battle Big Chain

(By TOMMY THOMPSON)

A drive that started as an individual effort by a Plymouth drug store owner to restrain a chain store discount pharmacy movement has mushroomed into a statewide movement by some 2,600 independent druggists in Michigan to check a prescription drug chain from starting operations, and was scheduled to reach a climax Wednesday in a hearing before the State Board of Pharmacy in Lansing.

The session was scheduled for the Civic Auditorium there to take care of the more than 300 independent druggists expected to be on hand in a protest move.

Actually the fight has evolved into a battle between the independent druggists, who

have handled the prescription business in the state for years, and the powerful chain stores, in the particular instance the Kroger Company.

The scrap started back in May when Robert Beyer, who

owns three drug stores in Plymouth and who is a member of the Plymouth City Commission, was informed of a "discount drug store" being constructed adjacent to the Kroger store on Main Street.

A few discreet inquiries revealed to Beyer that Kroger was planning on opening a Super-X Drug Store, which is part of the Super-X Drug Inc. with offices in Cincinnati, O.

a subsidiary of the huge supermarket grocery chain.

Beyer hired Edward Draugelis, Plymouth attorney and counsel for the City Commission, to fight the pharmacy license request and immediately began stumping the state for support from the other 3,000 independent pharmacists.

Draugelis indicated Monday that he now represents 2,600 independent druggists who plan on carrying the fight to the State Board of Pharmacy and even farther if necessary.

Draugelis said Kroger "was attempting to circumvent the State Pharmaceutical Act" in order to open its first four drug stores.

He said Kroger, which has

EVERYTHING IS READY for the opening of this drug store on Main Street in Plymouth. The shelves are loaded, the counters are filled, the help is waiting but the doors are still closed pending the decision of the State Pharmaceutical Board.

Board Plans Double Insurance Payment

Professional and non-professional employees of the Plymouth Community District School Board will receive the benefit of a double payment on hospital-surgical insurance premiums on Oct. 1 in order to make the Board's participation retroactive to Sept. 1, under a plan suggested by School Supt. Russell Isbister.

said Isbister, "Some are enrolling in health-surgical plans already that may be more beneficial to them than the Blue Cross program. Naturally, they wouldn't be interested in making a change."

The Board voted to pay half of the premium with a ceiling of \$12 after the passage of the five mill levy in July. It was decided then to start the program on Oct. 1 since all eligible employees had to enroll and no action could be taken until after the start of the school term.

Participating in the opening meeting of the school year of the Wayne County Association of School Boards will be Esther L. Hulsing, of 1010 Church, Plymouth, secretary of the Plymouth Community School district board.

However, the Plymouth Education Association, through its President Arthur Mulligan, complained that the Oct. 1 date would deprive all eligible of a month's benefits of the Board's share of the cost.

Mrs. Hulsing is secretary of the association for the 1962-63 school year.

Mulligan was assured by Board President Gerald Fischer that it was the intention of the Board to make the program effective for the entire school year and that arrangements would be made to assure all eligible of full participation.

The meeting will be held at 6:30 p.m. Thursday, Sept. 27, in the Oscar A. Carlson Junior High School.

Isbister's plan is the answer to the problem.

"Under this plan," said Isbister, "The Board will pay up to \$24 of the premium for October and then drop back to the \$12 ceiling. All eligible employees — those who average six hour per day — have the option of enrolling in the Blue Cross program or not participating."

The Board and employees have agreed to use the Blue Cross this year due to the fact that we didn't have time to ask for bids and study all available plans in the short time between the passage of the levy and the start of the school term.

"However, we will meet with the representatives of the employees for a further study of plans and will throw the program open for bids after the first year."

Eligible workers enrolled in the Blue Cross program last week and all desiring to participate will benefit by the double payment in October.

Isbister pointed out that the fact the Board has agreed to pay half of the monthly premium up to \$12 doesn't necessarily mean that all will receive that amount.

The amounts will vary from \$4.10 to \$11.60 according to the number in the family covered by the insurance.

"Neither does it mean that all employees will be covered,"

In the first place, the committee selected the Redford Union game for the homecom-

Sid Strong Named Fund Drive Aide

Sidney Strong, a former City Manager of Plymouth, has been named head of the Community Fund's solicitations among professional people replacing Frank Henderson, according to an announcement by General Chairman Albert Glassford.

Henderson resigned a week ago due to the press of business, indicating he wouldn't be able to devote as much time to the solicitations as he felt was necessary to make the drive a success.

Plymouth's Community Fund drive opens on Oct. 11 and continues through Nov. 2 with a goal of \$45,050. It is being held at the same time as the Detroit United Foundation campaign.

Glassford indicated the Community Fund will seek permission to place banners across the main streets during the campaign which opens with a kickoff luncheon and a torch light parade on Oct. 11.

Mrs. Reva Barber, chairman in charge of the house-to-house solicitation conducted by women volunteers, has made arrangements for her corps to hit the streets on Oct. 15, 16 and 17.

Glassford is seeking cooperation of all plants in the area to make certain that Plymouth contributions are assigned to Plymouth. He stressed that all donors should make sure that they designate the money to go to Plymouth on the back of the UF cards if the plant doesn't supply cards from the Plymouth Community Fund.

Detroit Water Poses Problem To Commission

Plymouth's City Commission, anxious to take advantage of the provisions of the public works capital improvement act which has allocated \$90,000,000 to Michigan, is still in the dark as to whether a new reservoir is needed or not.

The matter was scheduled to come up for discussion in a special meeting Monday night but had to be tabled due to inability of Supervisor Arch Vallier to attend with much needed information.

Vallier was grounded in Chicago on a business trip and wasn't able to get back to Plymouth until long after midnight — the meeting was adjourned several hours ahead of that time.

The Commission also tabled the selection of an architect for the proposed new City Hall after interviewing representatives of Joseph and Orbach, Johnson & Anderson, Harold Pine and T. Balough.

The selection of an architect will be reviewed prior to next Monday's regular meeting and an announcement is expected during that session.

The Commission heard City Attorney Edward Draugelis read the proposed articles for a Municipal Building Authority and then tabled the resolution until such time that Draugelis is able to present the revised version. The Commissioners suggested several changes in his proposal and are expected to start passage of the resolution next week.

The ordinance provides that the license applicant must file a cash or surety company bond of \$1,000 with the Township clerk. The bond would assure prompt payment by the licensee for any judgments made against him for any violations or for misrepresentations.

But the matter of a reservoir and a meeting with officials of the Detroit Water Board and Gerald Remus, Director of Water Supply for the City of Detroit, had the attention of the Commission for the greater share of the session.

The applicant must also file a document appointing the Township clerk as his agent with power to accept a service of process in any matters connected with business transactions.

City Manager Albert Glassford and Commissioner James Houk attended the meeting which was supposedly called for the purpose of determining whether Plymouth could have the use of land at the Training School for construction of the proposed reservoir.

Other provisions of the ordinance:

The applicant must have his finger prints on file with police; he is not allowed more than one helper on foot with each vehicle used in business.

Sale of fresh meat is prohibited.

No licensee can create a disturbance by using an instrument, horn, bell or similar device.

None is permitted to remain in any one place for a period of

more than 20 minutes to make a sale.

Each must pay a fee of \$25 for the first month, \$50 for three months and \$100 for six months and violation of the Ordinance will be punishable by a fine of up to \$100 or 60 days in jail or both.

For reservations call Mrs. Edward Mizer, GL 3-7944, or Mrs. Raymond Maly, GL 3-6315.

Reservations are still being accepted for the Chuck Wagon dinner that will headline Sunday's Country Fair at Our Lady of Good Counsel Church, starting at noon and extending until 6 p.m.

The roast beef dinner has been planned by Mrs. Shurmay Rollins and Mrs. James Kearns to appeal to every member of the family—as a meal and from the standpoint of cost. It's free for children under 5. 75 cents for those up to 13 years old, and \$1.50 for all others.

For reservations call Mrs. Edward Mizer, GL 3-7944, or Mrs. Raymond Maly, GL 3-6315.

FACTS and OPINIONS by Paul Chandler

Despite all the advances in many specialized fields of education, it has become alarmingly clear in recent years that they are not solving one problem.

More youths—not less—are dropping out of high school every year, around the 10th and 11 grade level.

We happen to believe that this is more the fault of our society at large than it is education in particular, but that's no solution to a troubling statistic.

One change which Facts and Opinions would advocate is raising the legal age in which school attendance is compulsory. Today the law says boys and girls must remain until 16. A better law would be 18—or until high school graduation.

Drop-outs occur, of course, because in the minds of students there is no particular point in continuing. They have no "purpose"; which links with the vagueness today of our national "purpose"; with the growing scarcity of higher education except for the most talented; with the confusion among our adults as to what the game of life is all about.

Whatever, it remains that there are few jobs or worthwhile activities for youngsters of 15 or 16. The law should be revised to age 18. We'd like to see the educators of Plymouth, Redford and Livonia put their voices behind such a proposal in Lansing this year.

The plight of the small retailer in this area will not ease in subsequent months.

For the past several recent years, of course, he has had to stand up to the shock of the bright shopping centers, all new, backed by lots of money. More of these are coming (particularly there is interest in J. L. Hudson's plan for Westland at Wayne and Warren roads) but the more immediate discouraging development will be the opening of huge new "discount department stores."

These are a development coming in from the East. They are similar to, but more elaborate and powerful than the smaller "discount stores" of the recent past.

Busy Teens At Y.W.C.A.

Teenagers in the area will have special Saturday activities at Northwest YWCA, 25940 Grand River, starting Sept. 29th. Girls of Junior and Senior high age will have a choice of a charm class, sewing or bridge during the afternoon. Mrs. Doris Royal, a well known model, will instruct the girls in a 10-week course. Mrs. Connie Bageris will teach the sewing class and Mrs. Margaret Wickwire the bridge. After the classes, a Teen Town Jamboree will be held with dancing, ping pong, badminton and a social hour until 4:30 p.m. All teenagers in the Northwest area are invited to come to this informal drop in time.

One of the new activities in the Saturday Recreation program which the branch sponsors at Cody High School during the morning hours is water ballet. Participants need to be able to swim in deep water, surface dive and know most strokes before they are eligible to enroll. This program also begins on Sept. 29th and will continue for 10 weeks.

Evening activities at the branch building for men and women include contract and duplicate bridge, social dancing and oil painting. Women may enroll in sewing, physical fitness and Yoga. Further information may be secured by calling KE 7-8500.

Married At St. Paul's

Mr. and Mrs. John R. Hunter

St. Paul's Presbyterian Church in Livonia was where Sharon Lee LaVigne and John Robert Hunter exchanged wedding vows. The young couple were united by Rev. Harry Wright at a 7:30 service on Aug. 11.

Immediately following the ceremony a reception was held at Danny's Chop House in Livonia. The young couple left for Niagara Falls on a motor trip and are presently at home in Southfield Road in Detroit.

Mr. and Mrs. Dewey Evans and Mr. and Mrs. Milton LaVigne are the parents of the bride and the groom is the son of Mr. and Mrs. Robert M. Hunter of Livonia.

The bride chose a full length gown of silk linen, bell-shaped skirt with a detachable train, seed pearl crown and bouffant veil. She carried a bouquet of white daisy mums.

Her attendants Sandra Glass of Livonia as maid of honor and Judy Phillips and the bride's sister Valerie LaVigne wore aqua silk linen street length gowns with bell-shaped skirts. They carried gold daisy mums.

Richard Merrion of Livonia was best man and Donald Ball of Farmington and Gene Boughner of Detroit seated the guests.

Mr. and Mrs. Ralph B. Beasley

United In Plymouth

Rev. Patrick J. Clifford officiated at the marriage rites of Mary Kathleen Boutwell and Ralph Barry Beasley Sept. 8.

The bride is the daughter of Mr. and Mrs. Ralph G. Boutwell of 9618 Melrose, Livonia, and the groom the son of Mr. and Mrs. Ralph M. Beasley of Patton Avenue in Detroit.

Vows were exchanged at a 7 p.m. service in the Calvary Baptist Church in Plymouth. A reception was held following the ceremony in the Church parlors.

Escorted down the aisle on the arm of her father, the bride chose a floor length Chantilly lace gown with a fingertip veil falling gracefully from a pearl crown.

White miniature orchids with white miniature carnations formed her bridal bouquet.

Sisters of the groom, Shirley Delbridge and Diane Beasley were attendants. James Delbridge, brother-in-law of the groom was best man with Gerald Jones and Ed. Fisher seating the guests.

Mrs. Joyce Buchanan, cousin of the bride played the organ and accompanied Mrs. Betty Mills of Ann Arbor who was the soloist.

The newlyweds will be at home on Melrose Avenue in Livonia following their wedding trip to Washington, D.C.

The new Mrs. Beasley is a graduate of Bentley High School.

Hope Thief Is Kindly

While being feted at a bridal shower Sept. 19 newlyweds Mr. and Mrs. Andrew Alband (she is the former Judith McIver) were robbed of their ADOX movie camera.

They had traveled to this area from Massachusetts where they were married Sept. 8. They are traveling through Northern Michigan. Mrs. John Sackett, Mrs. Don Nickerson and Mrs. Floyd Laycock were co-hostesses at the UAW Hall on Plymouth Road. Guests from Plymouth, Flat Rock, Romulus, Livonia, Dearborn, Detroit, Farmington, Rochester, Grass Lake, Decatur, Ill., Peoria, Ill., and Marion, Mich.

The robbery took place sometime between 10:30 and midnight and was reported to the police.

The Albands would, of course, like to recover the camera, but they are most anxious to get their honeymoon pictures in the camera returned. If the thief would be considerate enough to mail them to N. Alband, 40335 Gilbert, Plymouth, parent's of the groom, they would appreciate it.

Co-op Nursery Members To Meet

The members of Livonia Co-operative Nursery will have at their Oct. 1 meeting, Mrs. Roy Hawkins. Mrs. Hawkins is National Council President for parent cooperative nurseries and will speak on the national aspect of nurseries and their growth.

Cooperative Nursery School began in Chicago in 1916 as an experiment of the University of Chicago and has grown until there are now more than 1,200 schools in the United States and Canada.

The children benefit from nursery school and so do the parents. A nursery school may seem like a strange place to develop adult leadership but this is what has been happening. Women can join many groups and never contribute anything but lip service, but a co-op needs everyone to share the load. It is difficult for some women to be outgoing but after a while the effort will bring out abilities she never knew she had and often she goes on to look for other things that need doing.

One mother was tapped for P.T.A. responsibilities even before her children were enrolled in public school. Many other mothers whose children are long past nursery school age still are active in the cooperative nursery plan.

Although quite naturally most of the work of a nursery is done by the mothers, fathers do assist in many important areas such as planning, equipment, and many other areas. Nursery school desires that fathers have an active and interested part.

New Terrace Theatre Opening Draws Glittering Crowds

CROWDS JAMMED the lobby during opening day festivities of the new 1,200-seat Terrace Theatre on Plymouth Road. With all the Clarenceville High

With all the glamour and fanfare of Hollywood, the first new motion picture theatre to be constructed in the Detroit Metropolitan area in the past 16 years was opened officially last week.

Dignitaries from surrounding communities and Livonia attended the glittering premier of the Terrace Theatre on Plymouth Road in Livonia to view "The Music Man."

For the press-celebrity preview last Wednesday evening the hosts constructed two special champagne waterfall fountains to serve their guests.

Beautiful Mrs. America, Lila Masson and her husband Cleveland Redford Township were guests of the Sloan brothers and Goldberg brothers, who are the owners.

Supervisor of Redford Township and his wife, Mr. and Mrs. Jack McDonald were present as well as Mayor of Livonia and his wife, Mayor and Mrs. Harvey Moelke.

Mr. and Mrs. Al Glassford, City Manager of Plymouth and his wife were present with a large number of Plymouthites.

The giant search-lights, mink-clad ladies, orchid corsages were all a part of grand-opening. There were mink-clad ladies with elegant hairstyles and beautiful gowns. The only thing missing was the microphone interviewing local V.I.P.s in the lobby.

Styling of the new Terrace Theatre is keyed to the suburban atmosphere of the surrounding neighborhood and is

accented by a 52-foot wide curved canopy which carries into and includes the theatre lobby.

The front portion of the theatre is faced with split-faced field stone, set off with a Chinese garden. It is from this that the name Terrace was derived. One gets the feeling of being on a beautiful terrace area and this mood is carried along as one moves into the theatre lobby. The exterior front of the auditorium has nine large precast concrete panels extending to a height of 37 feet.

The foyer and lobby of the Terrace Theatre have been covered with a specially designed carpet. In the lobby is a large graceful chandelier designed by Sterling Reflector of Chicago.

The surrounding walls of the lobby are faced with walnut paneling, split-face field stone and a design wall paper over the concession stand. Directly off the lobby is the foyer which has a large mural 20 feet wide. Leading off the foyer is an auditorium proper which has two side walls covered with a black-light sur-realistic mural painted by Hans Teichert of Chicago. The front of the auditorium is provided with richly draped curtains extending from side wall to side wall. Seating in the new Terrace Theatre consists of 1,200 Griggs Pushback lounge seats richly upholstered in mohair. The projection screen is 58 feet wide and 27 feet high. The theatre is equipped with Hi-Fi Stereophonic sound and can project film in any media, including Cinemascope, Vista-Vision, standard or 70mm on which some of the biggest movies of today are made.

DOUBLE PIN CEREMONY — Mrs. Richard Sloan (left) pins an orchid on Mrs. Harvey Moelke while Richard Sloan, an owner of the Terrace Theatre and President of Suburban Detroit Theatres, Inc., pins a carnation on Livonia Mayor Harvey Moelke during opening day festivities at the new, 1,200-seat Terrace Theatre in Livonia.

School Band, complete with trombones, struck up exciting band music.

Livonia Jaycettes Gets State Office

Mary Jane Crimp, President of the Livonia Junior Chamber of Commerce Auxiliary gave the GO signal for her group for a busy fall and winter. The Jaycettes met in her home Sept. 11 and discussed their first event, a Toy Party to be held Oct. 9 at 8 p.m. in the home of Sarah Webster, 8959 Virginia. Members are asked to call chairman Barbara Lawrence, GL 3-7999, by Oct. 5 whether you plan to attend or not. Each member is asked to bring three guests. Profits from this party will be taken in toys to be used as gifts to needy families at the Jaycettes needy family at Christmas.

For their community projects the group will be selling gift wrappings and ribbon.

Before they began their Fall activities the Jaycettes assisted the Jaycees in their Seat Belt Clinic. The women members sold, and the Jaycees installed the life-saving safety belts.

In addition to donating a gift of \$100 to the Sandburg Library the Jaycettes donated food to the Neal Rogers family and plan to help them further.

Recognized statewide for their efforts Jean Turmala, Jaycette was appointed to be State Chairman serving as Newsletter Chairman for the year.

MISS RUTH DRUMMOND ENROLLS AS FRESHMAN

Ruth Drummond, daughter of Mr. and Mrs. John L. Drummond, 25858 Student, Redford Township, has enrolled in her freshman year at John Brown University, Siloam Springs, Arkansas. Ruth's major field of study will be vocal music.

Among the many workshops opening for fall training and study, is the AAUW Workshop in Ypsilanti on Saturday, Sept. 29. AAUW members are to meet at Strong Hall on Eastern Michigan University's campus.

The schedule is:
8:45-9:15 — Registration and coffee hour.
9:30-10:00 — General session.
10:00-12:00 — Special interest session.

12:30 — Luncheon at McKenny Hall. Remarks from Legislature Program Committee concerning

"The Proposed AAUW Structure—From Where I Sit."

The participants for this discussion will be from the Detroit area. Mrs. John Moehle of

the Plymouth branch of AAUW will be one of the panelists for the special session group.

Mrs. Elizabeth Foster of MacKenzie Drive announces the engagement of her daughter Marijane Scheniel to Richard Larson of Livonia. A spring wedding is planned by the young couple.

The members attending from the Plymouth branch are Mrs. Walter Holgy, Mrs. A. D. Potma, Mrs. W. K. Lewis, Mrs. Wm. H. Baumgartner, Mrs. Richard Fritz, Mrs. John Moehle, Mrs. Wm. Stout, Mrs. Marvin Terry and Mrs. John Haas.

Eligible women for AAUW membership from the Livonia area may contact Mrs. D. L. Borgia, GA 1-6970.

Dear Husband

Gee, I love to dance. It's so much fun. I'm tired of sitting when they play a cha cha, tango or a rumba. No hurt feeling love but your old two step could stand updating. Let's call a professional and join our friends for some inexpensive group lessons.

A LUSCIOUS 100 POUND CAKE was delivered to the Wayne County Training School in Plymouth Thursday afternoon by the owners of the newly opened Terrace Theatre in Livonia. The cake was an exact replica of the beautiful, new theatre, Livonia's first. It had been on display for the opening night of "The Music

Man." Presenting the cake for the eating enjoyment of the boys and girls of the School is Manager of the Theatre, William Tanner jr. of Livonia. Accepting the gift are (l-r) head chef Walter Van Fossen of Northville and head baker Mrs. Alma Freeland of Plymouth.

'Small' Pharmacists Battle Large Chain

(Continued from Page 1) applied for pharmacy licenses for Super-X stores located in Plymouth, Battle Creek, Ypsilanti and Mt. Clemens, has each stocked and ready to start operations as soon as the licenses are granted.

Draugelis said Kroger is using a "Subterfuge" to establish the chain. He said the company bought out an established drug store in Battle Creek, doing this to get around a state law requiring all drug stores to have at least 25 percent of the ownership by registered pharmacists.

This would enable Kroger to take advantage of a "grandfather clause" in the 1927 act which exempts drug stores in existence prior to 1927 from the ownership requirement.

Owl Drug Co., was established in 1909 and has operated continuously since. Kroger has applied for renewal of the Owl Drug pharmacy and for three new licenses under the Owl name.

Draugelis indicated he will argue at the meeting against the issuance of the licenses.

"Kroger is trying to bulldoze its way into the state," he said. "If they succeed in getting licensed, they will open from 280 to 100 drug stores in the state. This will spell ruin for the independent drug store owner just as surely as the supermarket ruined the corner grocery store."

Draugelis pointed out that Kroger has hired pharmacists already and that the chain has a lobbyist in Lansing.

The Super-X Drug Inc. hired Walter Drummond as manager-pharmacist of the Plymouth store. Drummond

has served 12 years with one of the Beyer stores and is well-known to Plymouthites as the president of the Lion's Club and through other activities.

Drummond makes no comment other than to confirm that he was on the Super-X payroll and has been in the employ of the firm since July 1. He has been busy since getting the store on Main Street ready for the opening when and if the license is issued.

In Cincinnati, Super-X spokesmen said the firm will resist any action of the state's independent pharmacists.

Draugelis, in commenting on Wednesday's hearing, said the group will be represented by delegations from Plymouth, Livonia, Redford Township, Detroit, Saginaw, Flint, Pontiac, Battle Creek, Port Huron, Grand Rapids, and Port Huron.

The prize was awarded by Ernie Epps left, the center's promotional director. The winning entry was made by Mr. Sanborn who said the tiny vehicle will be shared by all of his 19 grandchildren.

Township Group to Meet in Redford

In a joint statement made today, Mrs. Hazel Cunliffe, Clerk of Brownstown Township, Wayne County along with Jack McDonald, Supervisor of Redford Township, and Duane Hursfall, Supervisor of Independence Township, Oakland County and all Directors of Michigan Township Association for the 14th, 16th, 17th and 18th Congressional Districts, announced that final plans are completed for the annual meeting for all Township Officials from the two counties comprising these districts (Wayne and Oakland), to be held at

the Kenwood Chop House, 24065 Five Mile Road, Thursday, Oct. 11, starting at 6:30 p.m.

The meeting designed to bring together those who make the laws and those who must enforce them, will feature a "Face-To-Face" discussion with the Congressman, State Senators, State Representatives, Officers, County Officers and Township Officials.

Among those invited to attend, along with several hundred Township Officials, are Congressmen Martha Griffiths, Harold M. Ryan, William S.

Broomfield and John Lesinski; State Senators Patrick J. Doyle, Farrell Roberts, and Raymond Dzendzel; State Representatives for the two counties are also invited as well as the County Officers for Wayne County which is the host county this year.

In making the announcement the Directors said although the meeting is called primarily for the Township Officials of Member Townships of the Association, all Township Officials and anyone interested in local Township Government are invited to attend.

Libraries For Everyone

By SKIP ROSENTHAL
The Livonia Public Library is part of a network of over 8,000 public libraries that blanket our nation. These libraries range from extremely small rented structures to multi-million dollar institutions.

But all of these libraries have one thing in common. They are committed to the principle that books are important. And the importance of books lies in their ability to transmit and evoke ideas. America has accepted the public library as an essential element in the educational and cultural life of the nation. In only a few other nations does the public library play such an important role.

The public library has particular significance today. There never was a time when it was

more important for citizens to have access to the means of improving their education and knowledge. Almost every field of knowledge is making rapid strides forward. Even a person with college degrees finds he must continually read in order to keep up with the developments in his chosen field. For most subjects the library is the logical place to find the necessary current material.

It would be difficult, if not impossible, for a library the size of Livonia's to be able to supply all the books in every field of activity. But the Livonia Library does the next best thing. By affiliating with other libraries and by an extensive interloaning system, most books can be obtained within a reasonable length of time.

AMONG THE EARLY DONORS OF CANNED FOOD to the "Can-O-Rama" Drive were all employees of the Livonian Observer, shown lined up in front of the newspaper office, beside the truck being circulated through the city by the Livonia Non-Partisan Club. Canned goods received during the drive will be donated to Livonia's needy through the

Goodfellow organization. Wally Potok (far right) is heading Can-O-Rama. The truck will tour Livonia's neighborhoods again this week-end. At Plymouth Meeting

Democrats Accused By Danhoff

Robert J. Danhof, Republican candidate for attorney general, at a noon meeting in Plymouth Wednesday, accused the Democrats of "conducting a prolonged and vicious attack on business, thereby causing a persistent depression in the State of Michigan."

The former U. S. district attorney for Western Michigan and former Constitutional Convention delegate, was guest speaker at the luncheon meeting of the Suburban Employers Assn. at the Mayflower Hotel.

The 37-year-old candidate, youngest member of the Republican administrative board team, said "this deplorable Democratic tactic was magnified by Attorney General Frank Kelly's unwarranted attack on business in his recent report on lobbying practices in the State Legislature."

After the meeting, Danhof left for Detroit to participate on a panel at the opening meeting of the Michigan Municipal League in Detroit. He was scheduled to speak on the judiciary during the Constitutional Convention discussion.

Fear Loss Of Detroit Water Lines

(Continued from Page 1)
Six Mile roads (in Northville township) for the purpose of constructing a one-to-three million gallon reservoir brought prompt reaction from the Detroit water board.
Detroit officials apparently believe this would delay use of Detroit water. But Plymouth Manager Glassford maintains that the reservoir is needed to provide Plymouth with badly needed water pressure. He said purchase of Detroit water depended on cost. The area for the proposed reservoir is on high land.
In discussions concerning Detroit water Northville councilmen have weighed the pros and

cons.
How long the present ground supply will last is a major consideration, along with cost of obtaining Detroit water.
City Manager Bruce Potthoff told councilmen that a rate schedule submitted by Detroit indicates that the cost of local users would increase 54 per cent. Other capital investment costs to prepare for receiving the water would probably total \$20,000, he said.
Favoring Detroit water is the fact that it is far softer than the local supply. It is also unlimited in quantity.
Mayor A. M. Allen pointed out that it would be wise for

the city to look closely at the Detroit plan to avoid the possibility that the Detroit mains would by-pass the area and that Northville would then find itself short of a good water supply sometime in the future.
Detroit's threat to do just that if Plymouth builds a reservoir poses a problem for prospective Detroit water users throughout the entire Novi-Northville-Plymouth area.
Plymouth Township Supervisor Roy Lindsay indicated to the Detroit water board earlier that he would strongly object to any proposal to deviate from Detroit's plan to bring water to the area.
Detroit officials indicated in

a letter to City Manager Potthoff last week that Detroit city water could be available for Northville by next summer.

City Ponders New Reservoir

(Continued from Page 1)
reservoir on the grounds that it would be unnecessary if the Detroit water lines were extended along Sheldon Road to join the existing line at West Chicago.
Remus indicated the mains would be large enough to furnish any pressure desired for the area and suggested that Plymouth should join the other nearby communities in using Detroit water.
The communities are Northville, Northville Township and Plymouth Township.
Plymouth Township Supervisor Roy Lindsay also voiced an opinion against the reservoir and indicated the township is anxious to get more water and more water pressure to secure additional industry.

"We have learned that industry wants Detroit's soft water," said Lindsay. "If that is what is needed to get industry then we in the township will do everything possible to see that it is available. We don't feel we should be forced to use hard water when we need soft."
Detroit wants to extend its water mains from the Eight Mile line, down Sheldon Road to W. Chicago to complete the loop and give the entire area Detroit water with ample pressure.

However, it was pointed out that if the City of Plymouth didn't join in the water system, it would not jeopardize the supply to Northville. This was contrary to statements made at an earlier meeting.
Thus the Plymouth Commission was ready to act on the matter of a reservoir Monday but withheld action until it receives more information from Engineer Harry Besse and from the City of Detroit.
Besse was ill Monday and unable to attend and Glassford indicated that the promised information had not been received from the Detroit Water Board.

There'll be a special "gay way" for the kiddies, featuring an old time stage coach pulled by stallions from Plymouth's DiPonio stables. And a fishing pond for the youngsters who failed to land a "big one" this summer—in Ralph Heid's "Ol Fishing Hole."

Pat Brady, Chris Ellinger and Jim Kearns will have the roles of balloonmen in the traditional clown costumes.

Mrs. Joseph Voytas will entertain the youngsters with Disney movies and when they get tired, Mrs. Robert Stengar and her committee will furnish free baby sitting service so that Mom and Pop can enjoy the festivities.

Attractive merchandising booths will be under the "Big Top" with Mrs. Kenneth Davis in charge of the Christmas in corner; Mrs. Edward Kopenski will have the Sewing Box; and Mrs. Eugene Eicher will handle the Pantry Place.

Mrs. William Covington's Religious section will include Christmas Cards and wrapping papers which will also be available in the Sister's of St. Joseph booth.
Mrs. Richard Doherty's "Sweet Tooth Suite" will include home baked goods and Mrs. J. M. Murawski and her committee will offer unusual bargains in the "Nearly New Nook."

'Family A Fair' Theme Of Good Counsel's Fair

"It's a Family a Fair" is the slogan of Our Lady of Good Counsel Church's Country Fair on Sunday, from noon to 8 p.m. in the church basement, the school and on the school grounds.

That theme will be followed in every event from the family style Chuck Wagon dinner to the games, rides, booths—everything for every member of the family.

The annual fair is in charge of Mrs. Edward Bales assisted by Mrs. Edward Mizer and Harvey Plas who are aiming to make it one of the most successful in history.

Twp. Board Stands Firm On Tax Rate

The Plymouth Township Board has voted to hold the line on the millage rate for the December collection at 3.5 mills.

The rate will be levied on the state equalized valuation of \$56,179,669 and is expected to yield \$196,630.

One mill will be used for Township operation for a total of \$56,180. Another mill will be used to retire a \$100,000 water bond issue for a total of \$56,180, and the final mill and a half will go towards retiring a \$790,000 sewer construction bond issue, using \$84,270.

College Site Gets Big 'A' In All Tests

The Northwest Wayne County Community College Board of Trustees learned earlier in the week that the site selected for the campus, at the intersection of Haggerty and Seven Mile Roads, passed every test with flying colors in the geographic and typographic survey.

Jonathan Taylor, architect for the firm of Eberly M. Smith and Associates, reported the land has a 10" top soil over the entire site; has brown clay, no sand or gravel; and that the footings will support 6,000 pounds per square foot.

"That's the best test reported in the metropolitan area in some time," he reported.

Church of Christ Adds New Pastor

The Plymouth Church of Christ, 9451 S. Main St., is increasing its working forces by the addition of another minister. J. W. (Billy) Nicks has been with the church since the first of the month when he moved from Cross Plains, Texas.

Mr. Nicks will share the pulpit with Reeder Oldham, who has been with the church for more than two years. They will alternate in preaching morning and evening. Both will teach classes Sunday morning, Sunday evening and Wednesday night.

The church will continue to conduct two morning services until the new building on Sheldon Road is ready. One is at 8:45 and the other 11:00 o'clock.

Mr. Nicks is also on the faculty of Michigan Christian College in Rochester. He, his wife and three daughters live at 361 Reitman Court, near the campus.

In addition to serving as minister in Memphis, Woodbury and Oak Ridge, Tennessee, and Cross Plains, Texas, Mr. Nicks spent about four or five years in Nigeria, West Africa as a missionary.

Obituary

MRS. RUTH CURTIS
Funeral Services for Mrs. Ruth Curtis, 65, 580 Simpson St., Plymouth, were conducted in the Schrader funeral home in charge of Rev. Henry J. Welch. Graveside services were conducted Monday afternoon at Poe Cemetery in Jones, Mich. and memorial services Tuesday in the First United Presbyterian Church in Plymouth.

Mrs. Curtis, wife of Harold Curtis, prominent Plymouth insurance agent, died Friday in St. Joseph Mercy Hospital in Ann Arbor after a lingering illness.

'Sweet Sixteen' Contest

Who Has Sweetest Smile In Your Subdivision?

Who has the prettiest smile in your neighborhood? If she also is 16 years old, tell her to put on "a happy face," for there's lots of fun and excitement in store for her.

This newspaper is looking for her because she's eligible to participate in an exclusive contest — the third annual "Sweet Sixteen Sweetest Smile" contest. This competition is a special part of traditional Sweetest Day observance, scheduled this year for Saturday, Oct. 20.

The contest is co-sponsored by The Observer and the Southeastern Michigan Sweetest Day Committee. The winner from the Livonia area will receive local prizes and in addition will compete in a final judging at the Detroit Press Club on Oct. 18 to select the Metropolitan Detroit Sweetest Sixteen Smile Queen.

Rules for the contest are simple. Contestants must be female, 16 years of age, and the owner of a sweet smile. To enter, send a recent photograph or good snapshot, accompanied by name, age address and names of parents to Sweet Sixteen Sweetest Smile Contest Editor, Observer Newspapers, 33050 Five Mile Road, Livonia.

All entries must be post-marked by 6 p.m., Thursday, Oct. 11. Pictures will be returned only if accompanied by a self-addressed, stamped envelope.

Vandals Pour Sugar Into Gasoline Tank

Two car owners, who reside only a block apart in the Crown-Lionel area, reported sugar had been dumped into their gas tanks causing considerable damage to the motors of both automobiles.

Rodger Polwehak, 8945 Crown, parked his car in front of his home when he left to go

bowling. When he returned three hours later, he noticed the door to the gas tank was open and investigation revealed the cap and two cups, one partially filled with sugar, on the ground.

He reported the entire fuel system will have to be cleaned out and there is a possibility of permanent damage to the internal parts of the engine.

John Fiddes, 9021 Lionel, had a similar experience when he left his car parked in front of the house overnight. The car wouldn't start the next morning and examination showed that sugar had been dumped into the gas tank.

FOOD FAIR SUPER MARKETS OF THE METROPOLITAN area announced today that their "Back-To-School" safety campaign will be a permanent part of their planning. For quite a few years past, every spring and fall, large safety posters, as that shown on the truck above, are placed on 100 Food Fair vehicles.

In addition to this annual "Back-To-School" campaign, every Food Fair store has a Safety Captain whose duty it is not only to prevent accidents in and near the store, but to institute whatever safety measures he can to promote safety.

Once a month, a Safety Plaque is awarded to the Food Fair store that has done the most toward promoting safety.

Whenever necessary, entrances and exits to Food Fair parking lots have "Watch Out for Children" signs posted. And, in areas where Food Fair stores are located in primarily residential areas, Food Fair management consults with the Safety Division of the Police Precinct wherein located in order to anticipate and solve any safety problems that might arise, as well as to do everything possible to protect the safety of their Food Fair "Family."

"We consider ourselves a part of the community in which our store is located," said Dan Carpenter, of Food Fair Super Markets, "and as a part of the community we take a sincere interest in the well-being and safety of its families."

THIEVES TAKE MOTOR

Thieves broke into the Livonia midget track, 33190 Plymouth Road, and took an air-cooled Kohler engine valued at \$50, according to a complaint to Livonia Police by Manager Lewis Moser, 12660 Lauder, Detroit.

A beautiful hand but was not made because of improper planning. If diamonds break three three the contract is easily made because a losing club can be pitched on the long diamond; however, this did not materialize; therefore, the hand went down. Careful analysis will show that if the trumps break three two which is normal the hand can be made by a dummy reversal.

Queen of spades is the opening lead, covered by declarer king. West's ace and ruffed by dummy's two. Dummy's eight of hearts led to the kind. Spade

Police Chase Plymouth Man All Way Home

Charles Conn, 236 E. Ann Arbor Trail, Plymouth, was arrested by Livonia Police on a charge of reckless driving after a chase that finally ended at 345 Parkview Drive-in, Plymouth.

Police noticed Conn driving at a high rate of speed on Plymouth Road near Levan, chased him to Newburgh Road and finally halted him just short of the Plymouth city limits.

The report shows Conn became boisterous and unruly when questioned and finally jumped in his car and drove away to the Fairview address where he pulled into the drive and stopped. It was there that Livonia Police aided by Plymouth Police made the arrest.

From Square Dancing to Bowling

Rec. Department Plans Big Program

From square dancing and bridge classes to junior bowling leagues, the Department of Parks and Recreation offers a varied fall program of activities for all Livonians.

Interested residents may join in duplicate bridge games weekly, 7:45 p.m. Thursdays at Whitman Junior High School.

Mrs. Margaret Armstrong will again conduct a beginning advanced bridge course for Livonia. The ten-week course meets at 7:30 p.m. on Thursdays, beginning Sept. 27 at Bentley High School. Fee is \$6. Mrs. Peg Fowler will assist the instructor.

Nine week courses for accordion students have begun. A beginning course will start Oct. 1. Fee is \$8 for eight lessons. Beginning and advanced dancing classes for children will start the first week in October. Fee is \$8 for 10 lessons. A modern jazz interpretative dance class will begin in October.

Adult ballroom classes for beginning and intermediate students started a 10-week course Tuesday and Wednesday, Sept. 25 and 26, 7:30 p.m. at Bentley High School. Instructors are Mr. and Mrs. Don Thompson and Mrs. Harma.

Square dancing classes and clubs are available to dancers at all ability levels. A be-

ginning course meets on Mondays, 8 p.m., at Jefferson School. The advancing workshop holds classes Wednesdays, 8 p.m. at McKinley School, and a continuing intermediate class is held on Thursdays, 8 p.m., at Hull School. Bev Tallman is caller-instructor for the above three classes. Fee is \$10 a couple for 10 weeks.

Pat Costa will call for another beginners' class scheduled to begin October 3, 8 p.m., at Adams School.

An intermediate square dance club, the "Reel Heels," meets on the first and third Friday of each month, beginning 8:30 p.m., Oct. 5 at Jefferson School. Caller for this club is Burt Hall. Fee is \$1.50 a couple per dance.

Bev Tallman is caller for a monthly intermediate club which meets on the first Saturday, beginning Oct. 6, 8:30 p.m. at Stark School. Fee is \$2 a couple.

The advanced "Tuca Batchee" club will hold dances on the second and fourth Saturday of each month, 8:30 p.m. at Harrison School. Fee is \$9 a couple for nine dances.

A new intermediate club, the "Rhythm Squares," will meet on the third Saturday

of each month, 8:30 p.m., at Hull School. Tallman, square dance supervisor for the Department of Parks and Recreation is caller for the above clubs.

Special interest groups and hobby clubs sponsored by the Department of Parks and Recreation resumed regular meetings and activities this month. The model airplane club meets

on the first and third Mondays, 7:30 p.m. at Whitman Jr. High School. The Family Camping Club meets on the third Wednesday of each month, 8 p.m., in room 111, Bentley High School.

The Livonia Ski Club will hold its first meeting Thursday, Oct. 4, room 111 Bentley High School.

60 Share Prizes In Festival Contest

More than 60 boys and girls, who exhibited pets in the show which was one of the features of the Plymouth Fall Festival, won prizes in the competition in the Central Downtown Business district parking lot.

The event attracted some 300 parents but most of the attention was turned on the pets. They included dogs, cats, turtles, birds and just about anything one could think of—even fishes and a pet lizard.

The show was under the supervision of Recreation Director Herbert Woolweaver.

Tomato Smashes Car Windshield

A tomato thrown out of a car headed in the opposite direction shattered the windshield of a vehicle operated by Richard Bachorek, 26471 Marshall, Inkster, according to a complaint to Livonia Police.

Bachorek reported he was driving south on Inkster Road when the tomato was thrown from a car heading north with such force that it shattered the glass and forced him to pull over to the side of the road. He estimated the damage at \$125.

HER DOG didn't win one of the prizes but to Tamara Talmadge, 8, 358 W. Liberty, Vistie, a trim, well-groomed poodle, was the best in the show. She's shown making him hold in a standing position.

Shell dealers list some causes and cures of 10 sounds, smells and other symptoms that often puzzle drivers

Even if your car's in good condition, it may act up occasionally. When puzzled, consult this chart. It doesn't cover every problem, but it will help with some of the more common ones.

DESCRIPTION	LIKELY CAUSE	WHAT TO DO
High-pitched squeal when you first start the engine.	1. Worn or glazed fan belt. 2. Loose fan belt. 3. Water pump seal needs lubrication.	1. <u>Replace the belt if it looks worn.</u> It could break. 2. <u>Have the fan belt tension checked.</u> A loose belt may not turn the generator fast enough to charge the battery. 3. <u>Add Shell Cooling System Protector to radiator water.</u>
Throbbing roar.	Damaged or worn muffler.	<u>Replace muffler.</u> Your Shell dealer can do this for you.
High-pitched erratic ping noise—usually lasts just a few seconds. (Often called wild ping.)	Erratic combustion caused by glowing carbon deposits that flake off and ignite the fuel too soon.	<u>Try Super Shell gasoline.</u> It contains three anti-knock ingredients. One is TCP.* This famous Shell additive works to "fireproof" combustion deposits that could otherwise cause wild ping.
Screeching brakes.	1. Badly worn brake linings. 2. Glazed brake lining.	<u>Any brake trouble should be checked immediately</u> by your Shell dealer. It could be dangerous. If linings are badly worn or glazed, brakes should be relined soon.
Strong gasoline odor when you can't start the car.	Flooded carburetor.	<u>Let the car sit a minute. Push the accelerator to the floor (don't pump it). Then try the starter.</u>
Exhaust fumes. Most noticeable when driving in town or when your engine is idling.	Leaking tail pipe or muffler.	<u>First, open a window</u> —those fumes can make you groggy fast. Replace damaged part promptly. Note: Always have exhaust system inspected when your car is lubricated.
When cruising, dashboard generator light goes on—or ammeter needle continuously shows "discharge."	1. Broken fan belt. 2. Faulty generator or voltage regulator. Or loose connection in electrical system.	<u>Stop at the first station</u> to avoid running battery down. 1. Replace fan belt. Suggestion: Carry a spare belt—it could save you time and trouble. 2. Have electrical system inspected to locate the trouble.
Brake pedal action feels peculiar: 1. Pedal feels spongy. 2. Pedal slowly sinks to floor under pressure.	1. Air in brake lines. 2. Hydraulic fluid leaking past master cylinder piston.	<u>Brakes with these troubles should be fixed immediately.</u> Have your Shell dealer inspect your brake system.
Car pulls to either side: 1. When braking. 2. When cruising.	1. Water, oil or hydraulic fluid on brake lining; brakes out of adjustment. 2. Uneven or low pressure in tires.	1. <u>Think back.</u> If you've just driven through water, drive with caution until linings dry. Otherwise, have brakes checked soon—it could be dangerous. 2. <u>Check tires for correct pressure.</u> Do this soon. Under-inflation can also cause excessive tire wear.
Engine temperature suddenly passes the danger point on your dashboard gauge.	1. Broken fan belt. (You may hear the clatter when this breaks.) 2. Loss of cooling water.	<u>Turn off engine.</u> 1. Check fan belt. 2. To check coolant—follow these rules. Let engine cool down. Remove radiator cap slowly using extreme care to avoid scalding. Add water slowly with engine idling. Check for leaks.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2882118.

Keep this guide in your glove compartment. **SHELL** It may come in handy if your car acts up.

Livonia Board Honors Work of Ward McCain

Livonia's Board of Education recalled some of the contributions of A. Ward McCain to the school system, in a special resolution of tribute last week.

"Whereas, this Board of Education was saddened this week by the passing of Ward McCain, a member of this Board of Education for some fourteen years until 1961, and

"Whereas, this Board of Education wishes to express its deepest sympathy to the family and many friends of Mr. McCain and also again to honor his tremendous service to the cause of public education in the Livonia area, and

"Whereas, Mr. McCain for

many years demonstrated the very highest enthusiasm, vision and knowledge of the kind of educational program needed for the children and youth of our area, and was most instrumental in support of such educational planning as: acquisition of school sites to prepare for the growth of Livonia Schools;

The development of neighborhood elementary schools; the building of separate junior high schools of which Livonia now has five with a sixth in the planning stage; the development of modern curriculum programs in all schools; planning for Bentley

High School and obtaining accreditation for said high school in 1954;

The planning for acquisition of additional senior high school sites and funds which led to the construction of the new Franklin High School which opened this fall plus the purchase of sites for three or four high schools in Livonia; expansion of art, music, physical education, foreign language and many other programs in the Livonia curriculum; improvement of salary schedules for teachers, custodians and other school employees; modernization of school business practices; and many other educational programs in our community, and

"Whereas, Mr. McCain for several years preceding the formal steps leading to the establishment of a community college in the Livonia area had vision and understanding of the educational needs, legal changes necessary, and informational campaign required to acquaint the people of this area with the need for post-high school education, and worked diligently to achieve the community college program, and

"Whereas, this Board of Education is proud of the leadership shown by Ward McCain in his many endeavors and appreciates the opportunity of having been able to work with him and other leaders to achieve the present educational program of Livonia Public Schools.

"Now, therefore, be it resolved: That the Board of Education does hereby publicly honor the work of this great educational leader."

education had been evidenced repeatedly: while he served as a member of the Livonia Board of Education, while a member of the Executive Committee which brought the question of the formation of this college to the vote of the people, and while he served as a member of the first Board of Trustees of this College, and

WHEREAS, Ward McCain's long history of interest in Education was climaxed by his election to this Board

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees of Northwest Wayne County Community College extends its sympathy to the family of Ward McCain in this hour of their, and our, bereavement.

College Board Mourns McCain

Members of the Board of Trustees of the Northwest Wayne Community College hailed the memory of A. Ward McCain in a special resolution this week.

McCain, dean of Livonia school board members and a pioneer in the community college effort, was a member of the college board when he died last week. His place there will be filled by a vote of the college trustees.

Said their resolution:

WHEREAS, each member of this Board of Trustees and each member of the Administration of Northwest Wayne County Community College feels a personal loss in the passing of our friend, Ward McCain, and

WHEREAS, Ward McCain's interest in community college

College Board Fills Tech Ed, Library Posts

Two new additions have been announced to the Community College Staff by the Board of Trustees. The posts filled are those of Director of Technical Education and Assistant Librarian in charge of cataloging.

James Dotseth, of Lansing, who has been serving as Consultant for Trade and Industrial Education for the State Department of Public Instruction, has been named Director of Technical Education.

Edmund Snyder, of Oak Park, who resigned earlier in the year after serving as librarian for the Cranbrook Library, is the new assistant librarian.

Dotseth will study the technical needs of the community, assist in formulating advisory committees, recommend courses of study, assist technical teachers in the organization of technical programs of instruction and co-operate with placement of technical students.

He received his bachelor's degree from Stout State College in Menominee, Wis. and his master's from Wayne State University. He has had additional

courses at Michigan State University and at the Pentagon.

Dotseth served in the Navy for more than three years in World War II and 20 months during the Korean conflict. He held the rank of Lt. Commander at the time of his termination from active duty and currently holds the rank of Commander in the Naval Reserves.

With his wife and two children, Dotseth hopes to move into a new home in Livonia and assume his college duties by Oct. 8.

Snyder holds a bachelor's degree from Dickinson College, a bachelor of library science from Drexel Institute and a M.A. degree from the University of Detroit.

He is qualified for both college English teaching and professional library work. He was employed in the Swarthmore College Library for several years before taking the job at Cranbrook.

During the past summer he was employed at Maryland State Teachers College to catalog a special collection of books.

Clarenceville Band Plays For Community

Chilly fall rain failed to dampen the spirits of youthful musicians who participated in a High School Band Day program held Saturday at Wonderland Shopping Center, Plymouth Road at Middlebelt. Units from Clarenceville, Northville, Gar-

den City and Riverside High schools joined in an hour long program which was witnessed by a large throng of Saturday morning spectators. The group was also joined by a precision drum and bugle corps from Madison Heights.

At the conclusion of the program, each of the bands received a trophy. Presentation of the awards were made by Livonia Mayor Harvey W. Moelke, Garden City Mayor Bud Lowe and Fred Stefanski, Northville High School principal.

LOOKING SHARP and full of pep the Clarenceville Band performed for members of the community in general on two occasions this week. They marched and played for Band Day in the Wonderland Center area and for

the grand opening of the Terrace Theatre in Livonia. The Terrace asked the band because of the feature "The Music Man". Each member of the band will receive a free pass to see the colorful musical.

School Study Group Plans '63 Projects

The School, Community Planning Committee, a citywide group of parents, teachers, and lay citizens interested in the betterment of the Plymouth Community School system, discussed plans for the new school year with members of the Plymouth Board of Education.

Mrs. Helen Ridler, committee chairman, served as spokesman for the group which has served

in the past in an advisory capacity to the Board.

The committee sought guidance from the Board on the kinds of activities it should engage in during the 1962-3 school year.

In the past, the group has made recommendations to the Board in regard to the handling of exceptional chil-

dren, those gifted and those retarded, and made a study of health and safety measures for the schools.

The latter study was intended to set up a program aimed at getting youngsters to and from school in the safest possible manner, safety on the playgrounds and proper precautions in and around the school buildings.

Driver Crashes Light; Then Trouble Starts

Robert Trantham, 11850 Hagerly Road, Plymouth, faces a charge of driving while his license was suspended after being picked up by Livonia Police for failure to stop at a flashing red light at the intersection of Newburgh Road and Edward Hines Parkway.

The report shows that Trantham couldn't produce a driver's license when questioned and a check with Lansing revealed the permit had been suspended until Oct. 25.

Bentley Hopes High Despite Second Loss

Despite two straight setbacks in non-league action, it's not a pessimistic Bentley High School football team which prepares to host Trenton Friday evening in the season's Suburban Six League opener.

After dropping their initial start to Dearborn, 12-0, Bentley was bested by Berkley, 13-7, but the developments encouraged Larry Joiner, the Livonians' coach.

"Our offense, which was almost nothing against Dearborn, began to show signs of coming around at Berkley," said Joiner after the loss. "With a break or two, we easily might have scored a couple of more touchdowns and won the game."

"You have to remember we have a lot of youngsters . . . that this is pretty much a new team since graduation hurt us badly after the 1962 seasons."

Fumbles hurt Bentley against Berkley. In the second period Bud Farquhar streaked 38 yards to the Bentley four and it looked like Bentley was about to pop into the scoring column. But a bobble cost Bentley the pigskin.

In the third period, another fumble led to the first Berkley touchdown. A 30-yard aerial from Dick Kakkuri to John Misko produced the score and Bentley never was able to catch up despite a fine series of efforts.

Berkley applied the clincher in the fourth quarter when Steve Hollingsworth dashed 32 yards for a touchdown to make it 13-7.

Bentley didn't play "dead" the rest of the way. With less than a minute to go, Paul Portney stepped back and hit Earl Bowser on his own 45 when he made the catch. He faked clear of two would-be tacklers, then outran the pack to notch Bentley's first TD of the season.

Bentley's statistical total

showed 100 yards rushing and 92 via the air.

Portney did the bulk of the tossing while Farquhar and Dave Jacobson stood out in the running department.

A year ago Bentley dropped its first four games before righting itself to finish with a respectable record. It's Joiner's opinion that his team is

Lack Of Experience Rough On Franklin

There's nothing more valuable to any athletic team than experience.

The lack of same showed up last Saturday afternoon when Franklin high's football team dropped a 10-7 decision at North Farmington.

Franklin had some golden opportunities. There was the time when Franklin had a first down on the North Farmington 7. But between a penalty and some mixed signals, Franklin wound up on the 12.

And so it went during the entire contest.

"We missed plays on offense and on defense," declared Coach Jack Hudnut.

"But I guess I have to expect it of this team. You can't overlook the fact this was only the second varsity game for Franklin. Then, too, we have no seniors. This has to hurt us."

"The older boys can help to stabilize a tough situation . . . because they have been through them before and know how to react."

In the end it was a rarity—a field goal—as far as high school football is concerned which beat Franklin.

The boot came early to give North Farmington a 3-0 lead. The advantage held up briefly. A 70-yard march by Franklin paid off when Bill Black clicked

ready to beat somebody pretty quick and it very well could be Trenton on the Bentley field Friday night.

"I'm sure our kids will be heard from before the season is very much over," the coach added.

Physically the team will be ready for the Trenton game Friday night.

Bentley's Harriers In Sweep

Livonia Bentley's cross country team swept past Trenton, 19-40, in its first Suburban Six League meet last Friday.

Co-Captains Paul Riker and Ron Grant placed one-two, respectively, for Bentley while Dave Temple was fourth, Bud Cicciarelli fifth and Wayne Rohde seventh.

Earlier in the week Bentley placed second to winning Edsel Ford in a quadrangular meet. Ford totalled 25 points to Bentley's 36. Franklin was third with 80 and Taylor Center fourth with 100.

Riker topped the Bentley entries, placing third. Dick Burkett paced the Franklin finishers as he crossed in fifth spot.

LL Elevens List 4 Games In Livonia

Livonia followers of the Little League football activities will have four chances to see their teams play on home fields Sunday. The programs for each of the gridirons finds the junior varsity games at 1 o'clock, the varsity at 2:30 p.m. and the freshmen at 4 p.m.

Sunday's schedule: Blue Jays vs. Dearborn Cubs, Sheldon Center field; Cardinals vs. N. E. Detroit Shamrocks, Bentley High; Falcons vs. Allen Park Bulldogs, Hydromatic field; and Eagles vs. Hawks, Bell Creek field.

The teams had varied success in last week's contests which found the Eagles losing three games at Allen Park. The Freshmen lost 28-7, the varsity, 14-13; and the junior varsity, 14-6.

The Hawks varsity nipped the Cardinals, 7-0, and the junior varsity won, 14-0, but the Cardinals won the freshman encounter, 7-0.

PLYMOUTH FINDS OUT IN TIE:

Statistics Mean Little

Statistics don't mean much in sports.

Take, for example, the following facts garnered from the Plymouth-Farmington high school football game last Friday afternoon at Farmington.

Plymouth rushed for 212 yards and gained 74 yards more

passing. Farmington notched 78 yards on the ground and 93 through the air.

First downs gave Plymouth an 11-10 edge.

But the final score read: Plymouth 6, Farmington 6. The outcome was a jolt to Plymouth, following the Rocks'

opening victory over Northville, which hadn't lost on the grid in almost two seasons.

"We were just too generous against Farmington," declared Mike Hoben, the Plymouth coach.

"We had several fine chances. We were on their four when the first half ended. Twice in the second half, we looked like ciphers to score, but didn't."

Farmington made the most of its only threat. The score came on a plunge by the quarterback but not until after Farmington passes had riddled the Rocks' defense for gains of 15, 19 and six yards in short order.

"That looks like our defensive weakness," added Coach Hoben. "We'll have to work on protecting against passes this week."

Right after the Farmington TD, Plymouth took the kickoff and wasted no time getting even.

Joe Walasky cut loose on a 46-yard gallop. Hugh Sarah ran for 10 and then four to put the ball on the Farmington one. On the next play, Quarterback Dick Schryer slipped through to tie the score at 6-6.

Plymouth had a fine chance to go ahead with the extra point. But the ball was fumbled and the game ended in a standstill.

Guard Jim Ayers again was the mainstay of the Plymouth line. He stopped Farmington time and time again. Dick Egloff also was a standout on defense.

With its record of one win and one tie, Plymouth now embarks on its five-game campaign to defend its Suburban Six League championship.

The conference opener Friday night will find the Rocks hosting Redford Union with the kickoff slated for 8 p.m.

League experts again rate Plymouth among the top threats for the flag along with Trenton and Belleville.

RU Runs To 3 Wins With Ease

Redford Union High School's cross country team got off to an impressive start last week by scoring three straight victories.

RU won over Farmington, 40-19, in its initial meet as Tom Wabeke placed second to pace the winners. Then followed a 42-21 victory over Northville as Bill Driscoll hit the finish line first for RU.

The RU runners scored a sweep against Plymouth last Friday in their Suburban Six League opener, winning by a score of 49-15.

RU men took the first five places as Wabeke took individual honors. He was followed by Driscoll, Duane Johnson, Dennis Tierney and Doug Caudill. Bill Knapp of Plymouth, was fifth.

Ski Club Plans Movies For First Meeting

A film, "It's Easy to Ski," will be featured at the first meeting of the Livonia Ski Club at 8 p.m. Thursday, Oct. 4, in room 111 at Bentley High School. All Livonia area ski enthusiasts and interested non-skiers are invited to attend this first meeting of the season and to join in the group's year-round activities.

Membership in the ski club, an activity of the Department of Parks and Recreation, entitles skiers to reduced group rates at most ski areas throughout the state.

The club has already planned three week-end ski trips to outstanding ski areas—Jan. 12 and 13, to the Cadillac area; Feb. 9 and 10, to the Petoskey area; March 2 and 3, to Collingwood, Ont.

Meet Miss Sandy Wirwille, just 16, and one of the stars of the Holiday on Ice for 1963 spectacular which opens at Detroit's Convention Arena next Tuesday evening. Miss Wirwille hails from Dearborn and is well known to many in the Livonia-Plymouth-Redford Township area. The Holiday Review will offer nightly performances at the Arena through Oct. 7. There also will be matinees on Saturday and Sunday.

Last-Minute Safety Saves St. Agatha

Not all the exciting football finishes are reserved for the professionals.

The windup of the St. Agatha Our Lady of Lakes battle at Waterford last Sunday afternoon rates a spot in the list of cliffhangers.

With only a minute to go, it appeared a tie windup was assured. St. Agatha had seven points. So did Our Lady of Lakes.

What's more, the Lakes team had the ball on its own 30 and in particular no danger.

But in the next 40 seconds, this is what happened and as a result, St. Agatha wound up with a 9-7 victory—its first conquest of the season in Catholic League action. (The Townshippers had lost their opener.)

1—The Lakes drew a five-yard penalty.

2—Then followed two successive losses of eight yards each as the Lakes tried unsuccessfully to get off a pass.

3—On the next play, Tackle Dennis Gusk of St. Agatha slipped through and dumped the Lakes' ball carrier in the end zone for a safety.

St. Agatha now was in front, 9-7. But the game wasn't over yet. The Lakes had to kick off and St. Agatha promptly fumbled and gave the Lakes another chance. But after one wild pass, the gun sounded to end the struggle.

After fumbling away a great chance by losing the ball on the Lakes 1-yard line following a long march with the opening kickoff, St. Agatha finally

gained the lead just before the half.

A screen pass from Rick Collins to Bob Dorchy worked for 23 yards and a St. Agatha touchdown. Mike Steen plunged for the extra point.

St. Agatha returns home next Sunday afternoon to host Royal Oak St. Mary's at Lola Valley Junior high at 2:30.

RU Victor In Thriller

The years have produced some thrilling football victories at Redford Union High School. But it's doubtful if any of the stirring windups could have topped the one the Townshipers staged last Friday evening to beat East Detroit, 14-7, on the RU grid.

The scoreboard showed East Detroit in front, 7-0, going into the final period. What's more, on the sidelines stood Chuck Shelton, the great passer and quarterback of the RU team.

Shelton had suffered a groin injury early in the game when returning a kickoff 38 yards. The pain forced him to the sidelines and with Shelton out, the RU attack faltered.

However, by the time the fourth quarter rolled around, Shelton was ready to go again. Off the bench he popped and suddenly the fortunes of Redford Union swung in the winning direction.

East Detroit was forced to punt and Shelton took the pigskin at midfield and returned to the opposition's 38. Vic Pegg then took over and did most of the ball handling as RU swept to the East Detroit 9.

At this point, Shelton unlimbered his trusty right arm. He hit Bob Green with a neat pass and the score was now East Detroit 7, Redford Union 6.

On the extra point try, Shelton again found Green in the clear. And that tied the score at 7-7.

Midway in the quarter, East Detroit had to punt again. This time to the RU 37.

Running plays which featured Pegg, Jim Buck and Jack Mitchell, along with a Shelton-to-Chuck Field pass for 15 yards, brought RU to the East Detroit 6. Herr Pegg smacked at center and wasn't stopped until after he had crossed into pay dirt.

Shelton slipped another pass to Mike Capla for the extra point and RU then stopped East Detroit's final passing barrage.

A fumble had cost RU dearly in the second period. East Detroit recovered on the RU 28, moved to 13 and then took the lead on a gallop by Wayne Strio.

The victory, following a 6-6 opening tie with Riverside, gives RU one of its best starts in recent years and sends Coach John Rogers' charges hopefully into the Suburban Six League title chase which starts Friday night when the Townshipers invade Plymouth.

RU outgained East Detroit, 144-117, and held an 8-4 edge in first downs. Shelton clicked on six of 13 passes for 83 yards, while East Detroit managed only three successful tosses in 12 tries for 22 yards.

Defensively, the work of Tackles Rick Coleman and Don Bracken stood out for the winners.

CO-CAPTAINS of the 1962 Clarenceville High School football team are Defensive Halfback Jim Woodhouse (above) and Tackle Lee Kelly. They were key performers in last Friday's loss to Northville where Clarenceville extended the defending league champions to the limit before losing.

Clarenceville Extends Northville In Battle

The champions — meaning Northville High School — knew they had been through something after they bested Clarenceville, 20-6, in their Wayne-Oakland League football opener last Friday evening.

The score hardly did the Clarenceville team justice. Clarenceville was in the thick of matters virtually until the end.

Had it not been for a couple of fumbles, the result might have been different. Once, in the second period, Clarenceville bobbled and lost the ball after gaining a first down on the Northville four.

Another time Clarenceville was on the Northville 18 with a first down only to fumble away the pigskin.

Northville had tallied first in the game when Jim Hay ran over on a six-yard run.

But back came Clarenceville, after missing two great chances, finally to pull even at 6-6 when Monroe Ashley, who turned in a dazzling individual effort all evening, streaked 45 yards in the third quarter.

Not long after, Back Tom Swiss of Northville engineered a 55-yard, scoring run which shot his team in front for keeps and took some of the steam out of Clarenceville.

Still the Livonians fought desperately until Swiss cut loose on another scoring romp, this one for 10 yards, to put the game out of reach.

Ashley ran freely through the Northville team. He gathered up 145 yards in 19 carries. Mate Gary Gearhart picked up 35 yards in five tries.

From a yardage standpoint, the game was fairly even. Northville tallied 245 to Clarenceville's 232.

There'll be no chance for Clarenceville to take it easy this week. Friday night's action finds Clarenceville hosting West Bloomfield, touted by many experts as the team which will dethrone Northville this season.

West Bloomfield rolled over Holly, 32-6, last Friday while Bloomfield Hills socked Clarkston, 35-0, and Brighton nudged Milford, 12-6, in other W-O League games.

The Clarenceville-West Bloomfield kickoff is slated for 8 p.m.

Two long runs by Bruce Vernon carried the Plymouth high reserve football team to an 78-6 win over Northville last Thursday.

Vernon went 72 and 45 yards for his scores.

Two Fumbles Defeat Thurston

Because of two fumbles, Thurston High School's football team started its season and its bid for the Mid Wayne League championship on the wrong foot last Friday evening.

The Thurston gridders paid dearly for their miscues . . . because Taylor Center turned the two bobbles into touchdowns and a 13-7 victory on the Taylor Center gridiron.

"It was a shame we had to lose this one," said Thurston Coach Gordie Young. "Our kids really played very well. If they keep that kind of performance going, we'll be heard from in this year's race."

The first bobble came after Chuck Spicer had slipped in from the one to cap a 60-yard march to give Thurston a 7-0 lead in the third period.

Taylor Center, forced to punt, skied one to the Thurston 20. There the ball was bobbled and a Taylor player covered the pigskin.

Thurston goes on the road again this Friday to play at Shaffer, which shared the 1961 league title with Taylor Center. Game time will be 8 p.m.

In other conference action Garden City downed Inkster, 28-20, and Lutheran West ran over Riverview, 37-12.

Putting one word after another . . . And how do you explain the dwindling of candidates for varsity high school football in the area?

Interest among the student body, when it comes to cheering their respective teams on, remains on a high note. In fact, early attendance figures are up over a season ago.

But fewer boys are showing up for schoolboy football each fall. At Plymouth, for example, they have a total varsity and reserve squad of less than 50.

It's about the same over at Bentley and Redford Union. At the latter school, it was necessary to encourage new students of football build to try out for the team. The boys didn't seem to want to come on their own initiative.

"There's no question," said one coach who asked not to be identified, "that the kids today as a general group are softer. They seem to fear the rougher, contact sports like football."

All of which brings us around to the Physical Fitness Program the President has supported for some time now. Maybe it should be intensified.

Speaking of the fitness program, our students attending Catholic schools will now find themselves enjoying 15 minutes or more of daily exercising.

The Parish schools have adopted a very fine program for all of their institutions in the Greater Detroit area. Great emphasis has been directed at making certain that every pupil gets in some physical work during his school visit.

Wolverine Puts Up Coat On Final Night
Swinging into the final four nights of its 1962 meeting, which ends on Tuesday, (October 2), Wolverine Raceway expects to end the year on the plus side in wagering and attendance.
The track sights a 7.5 hike in betting and slightly more than five per cent boost in crowds.
Chester, the great four-year-old from the Len-Art Stable of South Bend, Indiana, who rolled to 12 straight victories at the meeting will have the spotlight Saturday in a \$2,500 handicap.
The speedy gelding is slated to face a field that includes: Cliff Abbe, Abbeville Win, Trotwood Bob, Livonia Boy, Cold Sunday and Peachadon.
Wolverine's management awarded a mink stole on each of the previous eight Tuesdays but the big windup of the year will come in the presentation of the mink coat.
Then harness racing swings outstate to Jackson Raceway for 38 nights before ringing down the curtain in Michigan.

power as to the County of Wayne is subject to the limits of taxation provided by the Constitution, and laws of the State of Michigan. The statute under which the bonds are to be issued provides that if any public corporation shall fail or neglect to pay to the County Treasurer the amount of any assessment in installment and interest when due, then the County Treasurer shall advance the amount thereof from County funds and deduct the same from any moneys (other than those pledged for the payment of debts) then or thereafter payable by him to such public corporation.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining at the rate or rates specified therein, the total dollar value of all interest on the bonds from November 1, 1962 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Drainage District. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of \$1,500.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Drainage Board for Livonia Drain No. 10 as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys of Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of printing of the bonds will be paid by the Drainage District. Bonds will be delivered at Detroit, Michigan, and will be accompanied by the usual closing papers, including a certificate that no litigation is pending affecting the issuance of said bonds.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Livonia Drain No. 10 Drainage District Bonds."

Henry V. Herrick
Chairman, Drainage Board for the Livonia Drain No. 10

Approved: September 18, 1962
State of Michigan
Municipal Finance Commission
Further information concerning this bond issue may be obtained from Kenower, MacArthur & Co., 1599 Ford Building, Detroit 26, Michigan. Telephone: Woodward 2-3522.

Sealed bids for the purchase of Livonia Drain No. 10 Drainage District Bonds to be issued by Livonia Drain No. 10 Drainage District of the County of Wayne, Michigan, in the par value of \$75,000.00, will be received by the undersigned at his office, 323 Cadillac Tower, in the City of Detroit, Michigan, until 10:30 o'clock a.m., Eastern Standard Time, on

WEDNESDAY, OCTOBER 10, 1962 and from 10:30 o'clock a.m. to 11:00 o'clock a.m., Eastern Standard Time, on said day at the Board Room of the Wayne County Board of Auditors, 1222 City-County Building in the City of Detroit, Michigan, at which latter time and place said bids will be publicly opened and read.

Said bonds will be dated as of July 1, 1962, will be 75 coupon bonds in the denomination of \$1,000.00 each, will be numbered consecutively in the direct order of their maturities from 1 to 75, inclusive, and will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, payable on November 1, 1962, and semi-annually thereafter on May 1st and November 1st of each year. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/8 of 1%. The interest rate for each coupon on any one bond shall be at one rate only and represented by one coupon.

Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery. Both principal and interest will be payable at such bank or trust company as shall be designated by the manager of the account purchasing the bonds, which paying agent qualifies as such under the statutes of the State of Michigan or of the Federal Government.

Said bonds will be numbered and mature serially, without option of prior redemption, as follows:

Bond No.	Principal Amount	Maturity Date
1/70	\$10,000.00	May 1, 1963
11/20	10,000.00	May 1, 1964
21/30	10,000.00	May 1, 1965
31/40	10,000.00	May 1, 1966
41/50	10,000.00	May 1, 1967
51/60	10,000.00	May 1, 1968
61/75	15,000.00	May 1, 1969

The said bonds are to be issued under the provisions of Chapter 20 of Act No. 40 of the Public Acts of Michigan, 1956, as amended, in anticipation of the collection of special assessments against public corporations for Livonia Drain No. 10, made to pay the cost of constructing said Livonia Drain No. 10.

The assessments are against the County of Wayne on account of drainage of County highways, and the City of Livonia, Wayne County, Michigan, for the benefit of public health, apportioned as follows:

County of Wayne	8.07%
City of Livonia	91.93%

The assessments against the public corporations are to be paid from ad valorem taxation, which taxing

TRAINING SCHEDULE for Michigan reservists attending camp at Fort Leonard Wood, Mo., has the attention of Capt. John D. Vaughan, (standing), 12896 Fenton, Redford Township, and M/Sgt. Claude Phillips, 12075 St. Marys, Detroit. The reservists from the area completed their annual training two weeks ago and now are back to weekly sessions at Fort Wayne base in Detroit.

Clarenceville Teacher Participates In Oakland Social Study Project

Mrs. Norma Kitzman, kindergarten teacher in the Clarenceville Schools, is one of an eight-member research team which is blazing new trails in education for Oakland County children this fall.

Mrs. Kitzman has been nominated by the Clarenceville Schools to devote full time to helping to research and revise social studies curriculum for the fall semester. She and other committee members are working with Dr. Myles Platt, County Director of Social Studies, to develop content and sequence in teaching social subjects.

Mrs. Kitzman and her colleagues will agree on 50 to 100 "concepts" within the area of the social studies that children should learn at every grade level. They will create instruction materials and, by mid-October, will have the first of these in the hands of the Clarenceville teachers to test in their classes. Any findings other Clarenceville teachers make for improving the materials will be incorporated into the final curriculum plan.

The research team will call on scholars in the fields of history,

Bentley Student Council Away To Fast Start

Anxiously anticipating a busy schedule of school activities is the 1962-63 Bentley Student Council. Presiding over the first meeting was incoming Student Council President, Gary Schaeffer.

This year more emphasis is being placed on student identification. To permit entrance into sports activities, dances, etc., students must show their schedules for identification. To help in avoiding the usual loss, tearing, or smearing of student cards and schedules, the Student Council plans to laminate a plastic coating to each student's schedule. This will be done by means of a special machine and will be handled only by the Council during the first week of school.

Council members will assume responsibility for Bentley spirit and student enthusiasm. A special committee formed from within the Council will act as the school pep club, organizing assemblies and selling booster

pins and hats to build school spirit in loyal Bentleyites.

It looks as though the Council will be headed for a busy year, but with its early start, things are already rolling smoothly. Randolph Webster, Director of Student Activities for Bentley High School, is the Student Council Sponsor, and incoming officers are Gary Schaeffer, president; Marilyn Nagano, vice president; Donna Leach, secretary; and Jo Ann Pop-penger, treasurer.

Lutheran Children Friend Auxiliary Now in Action

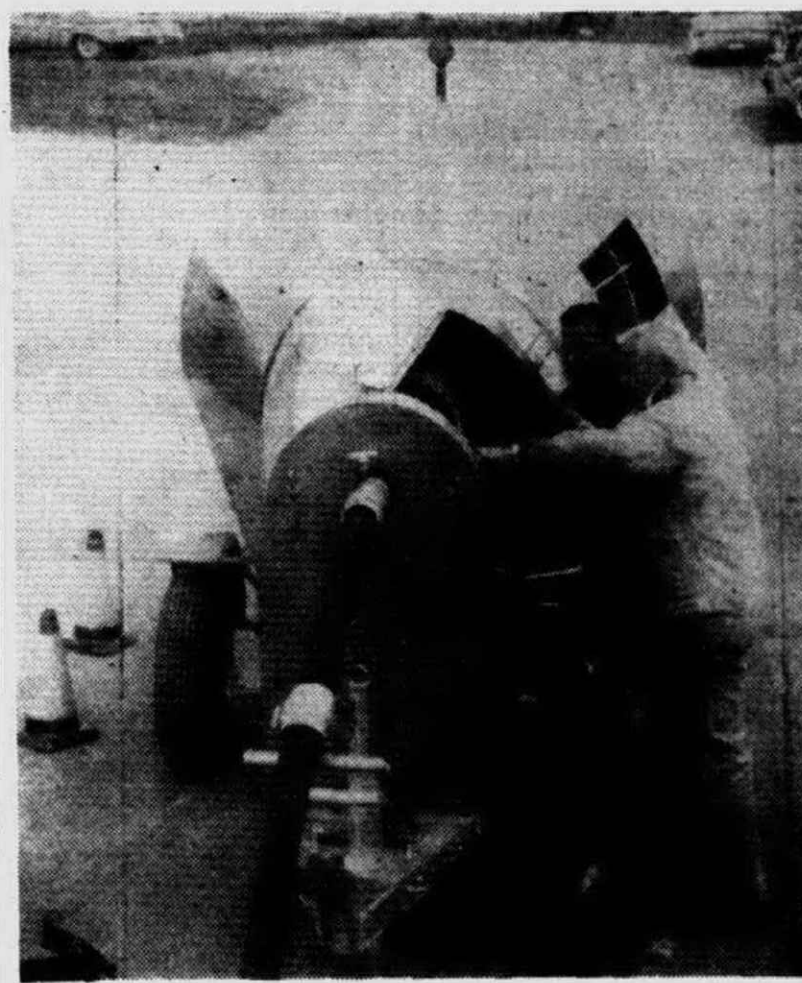

Lutheran Children's Friend Auxiliary, Chapter 9, was organized by Mrs. Mahlon Ponitz, president of Michigan Lutheran Children's Friend Auxiliary, and by Clarence D. Fischer, Director of Social Service, Detroit Office of the Lutheran Children's Friend Society, at the Lutheran Church of Our Master, 821 South Inkster Road, Inkster.

Approximately 17 of the Lutheran Synodical Conference Churches in the Dearborn Area were represented. The Dearborn Area consists of Garden City, Inkster, Livonia, Farmington, Wayne, Dearborn and Townships adjacent thereto.

The constitution has been adopted and officers elected are: President, Mrs. Bertha P. Frank, Garden City; vice president, Mrs. Mabel Meerkatz, Dearborn; secretary, Mrs. Renee Keppen, Garden City; treasurer, Mrs. Norma Williams, Dearborn.

The Lutheran Children's Friend Society gives direct help to over 300 Lutheran children and their parents each year. Every effort is made to keep the children with their own parents. If they must leave home, they are placed temporarily in licensed boarding homes or the Children's Home in Bay City. If a child cannot be returned to his family, adoptive planning is provided.

The Lutheran Children's Home and main office is located in Bay City, Mich., with the Detroit office located at 2629 West Grand Boulevard.

SHOWING OFF the new flexible continuous sewer rodder, that does in a few minutes what a crew of three men formerly took as much as a half-hour, is Joe Bida, Department of Public Works superintendent for the City of Plymouth. The new machine, which arrived a few days ago and was put into operation Monday for the first time, was purchased for more than \$4,500. It has a reel of 1,000-feet of the flexible rodding and can clear a sewer of tree roots and other debris in a matter of minutes. That's George Graham, one of the DPW workers trained in the use of the machine, starting the reel down the Junction Street sewer.

RU Science Seminar Serves Many Schools, Begins Fifth Year

The Redford Union High School Science Seminar opened its fifth year last Monday evening with a program presented by four Seminar members. The young men, all graduates of Redford Union High School, are now either engaged in Seminar activities or are following science careers in various colleges.

The program was chair-manned by Roger Runkis (class of '59), of 19324 Seminole. Roger, the only Seminar graduate to become a member of the Board of Directors so far, is employed at the National Bank of Detroit. He attends Wayne State University evenings. Roger is the son of Mr. and Mrs. R. A. Runkis.

Lawrence Crane ('59), son of Mr. and Mrs. Lawrence H.

Crane of 17419 Norborne, presented a talk on the heredity factor in cells. Lawrence has completed three years of pre-medical work at Wayne State University, and is now enrolled as a freshman in WSU medical school.

Neal Tornberg ('59), a senior at the Massachusetts Institute of Technology with a major in physics, spoke to the groups on basic concepts of physics. Neal's parents, Mr. and Mrs. E. E. Tornberg, live at 28716 Student.

John Koza ('60), whose parents, Mr. and Mrs. Harry L. Koza, reside at 26442 Five Mile Road, spoke on the social implications of modern industrial

use of computers. John is a junior in the field of communication science at the University of Michigan.

The RUHS Science Seminar begins its fall program with about 60 outstanding young people from schools within a short radius of Redford Union. Besides RU students, the Seminar includes students from Southfield High, Thurston High, Our Lady of Sorrows High (Farmington), Farmington High, St. Agatha High, and Clarenceville High. The students become members on invitation after being recommended by their respective school's principal, science teachers, and counselors.

Plymouth Plans 65 Courses In Adult Education Program

Hundreds of adult Plymouthites will trek back to classrooms to participate in the 65-course program offered by the Plymouth Community School district recreation and adult education departments.

Registration started Monday at the high school and will continue through the end of the week.

Director Herbert Woolweaver indicated that seven new courses will be offered this year. Included will be a course in handling the Brain Damaged Child for parents who have children with this affliction.

Other new classes include: Beef Production and Horse-manship, Metallurgy, Intermediate Organ, Animal Husbandry, Nuclear Energy and South American Dancing.

Five credit courses offered by Eastern Michigan University are scheduled for Thursday. The two-hour credit courses are offered principally for those in education but may be taken by anyone interested.

A public meeting to review the goals and philosophy of the Plymouth Community School district has been delayed until Monday, Oct. 22. Supt. Russell Isbister indicated the session originally was slated for last Monday. It will be held in the Junior High East library starting at 8 o'clock and the public is invited.

Plymouth City Clerk Joseph Near and Plymouth Township Clerk Fred Miller report brisk business in voters registering for the Nov. 6 election. The registration deadline is Monday night until 9:30 p.m. and from 9 a.m. to noon on Saturday, Oct. 6. Miller will keep the township office open until 8 p.m. on the closing day.

Edward Ostroski has been appointed assistant sales manager of the railroad equipment division of the Evans Products Co. He has been with the company since 1949, serving as a sales engineer in the railroad equipment division and as manager of the stamping division. Ostroski resides with his wife and two children in Detroit.

The City of Plymouth was awarded a second place certificate by the Michigan Municipal League in the annual report contest for Class III cities, those with a population under 10,000. The presentation was made last week during the League's annual convention in Detroit.

The footing for the Willys-Overland warehouse and office building on Plymouth Road will be completed in 10 days and then work will start on construction of the new plant which is expected to be finished by late spring.

AT THE WHEEL of a brand-new Model T miniature automobile is 12-year-old Susan Griffen, daughter of Mr. and Mrs. Carl Griffen, 14915 Lyons, Livonia. Susie, shown here with her sister and William Wupper, president of the Wonderland Merchants' Council, won the auto for guessing the correct number of pencils in a rectangular case during a recent Wonderland back-to-school contest.
