Commission Copes With Busy Agenda

City Commissioners Monday night approved the low bid of \$30,061 submitted by Gay Brothers Construction Co. of Pontiac for the installation of sewer and water utility mains in the City's industrial park along Plymouth Rd.

There were six bidders in all. Gay Brothers Construction Co. indicated that it would start work Oct. 23 on the project with plans to complete it within a 20-day period.

The Commissioners rejected all bids submitted for the concrete paving of the industrial park, in other action during their regular session Monday evening.

The paving portion will be deferred until spring, at which time a new call for bids will be issued. Paving would not have begun until spring-time anyway.

At the same time, City Commission denied a request by the Muscular Dystrophy Associations of America to conduct a fund-raising drive here later this year.

Commissioners referred the association to officials of the Plymouth Community Chest. The City acknowledged receipt of a letter from the Livonia Library Board, wherein it was explained once more that Livonia would cease its financial aid to the Plymouth library starting the end of this year.

The Livonia library board extended its thanks to the City of Plymouth for having made the library available for so many years to the residents of Livonia.

The move by the City of Livonia was prompted by the fact that the neighboring community now has two full-time libraries of its own.

In response to a letter submitted by the Wayne County Board of Supervisors, City Commissioners indicated their concurrence with the board regarding a matter pertaining to state legislation.

CONCERT PIANIST James Mathis will highlight the Plymouth Symphony orchestra's first performance of the 1962-63 season, this Saturday evening in the Senior High auditorium at 8:15 p.m. Mathis is shown here at the keyboard of the Steinway grand piano he will use. Behind him are Symphony Director Wayne Dunlap (at left) and Symphony Society executive board member Arthur F. Haeske, who also is a member of the Symphony orchestra.

Saturday Night Concert Opens Symphony Series

Carnegie Hall performing pianist James Mathis, together with the 100-piece Plymouth Symphony Orchestra directed by Wayne Dunlap, will open the 1962 Symphony concert series here Saturday evening.

The premier performance begins at 8:15 p.m. in the high school auditorium here.

More than 1,000 persons are expected to attend the event, which represents a unique yet brief break-away from the traditional Sunday afternoon performances of the past 16 years.

"We wanted to open our 17th season with a little something extra," explained Symphony publicist Mary Ander-

son. "So we decided to present our first concert of the 1962 series on a Saturday evening."

The remaining concerts will return to the traditional Sunday afternoon times.

Admission is free at all of the concerts.

Headlining the performance will be the piano accomplishments of the youthful Mathis, who has already appeared at Carnegie Hall and is slated to return there later again this year.

His playing has been term-

ed "sensitive, brilliant and magnificent" by critics, and he has been described as a "lustrous new star who can only be at the beginning of a brilliant concert pianist career."

He will play Piano Concerto No. 1 in D-flat, Opus 10, by Prokofiev, and Piano Concerto No. 23 in A-major, K. 468, by Mozart.

The concert itself, combined with other festive plans, should make the evening a "big gay affair and a really

2nd Application for Funds To Speed Reservoir Start

Eyeing a speedier start of construction on a proposed 3-million-gallon water reservoir here, City of Plymouth will make a second application for federal financial aid within the next two weeks, explained Mayor Robert Sincok Tuesday.

The second application will be aimed at federal funds appropriated under the recently-passed Public Works Acceleration Act, Sincok said.

The City anticipates a more rapid path of action via the Acceleration Act, an integral part of the federal government's Housing and Home Finance Agency.

Under terms of the acceleration program, federal funds may be granted where public projects tend to create immediate jobs, as opposed to another federal assistance plan whereby aid is based on permanent jobs in the future.

Previously, the City had applied for federal assistance to the Community Facilities administration, which is also a subordinate department within the Housing and Home Finance Agency.

It is there that federal grants-in-aid are determined by future permanent jobs.

That application was submitted by the City of Plymouth last June and was based on a total water-improvement project cost here of approximately \$512,000.

Already, the City has received word that an advance of \$6,950 has been approved by the Community Facilities Administration. It will be used to defray costs of preliminary planning for the project.

Decision to make a second application — this one aimed at Public Works Acceleration Act funds — was approved Monday night by Sincok and other City Commissioners in regular session.

During the evening's agenda, Commissioners waded through the confusing facets of gaining financial aid to support the water-improvement program here.

One of the decisions that

came out of the meeting was to discard earlier intentions of including an iron-removal system in the water-improvement plans.

It would substantially reduce the overall cost of the project — perhaps by as much as \$250,000.

Commissioner Dick Wernette was adamant in his remarks pertaining to this move. "I'm definitely op-

posed to including a water-softener system in the program," he said. He was verbally supported by Commissioner Carl Shear, and appeared to gain concurrence from all other Commissioners.

Also reporting on the latest developments pertaining to Plymouth's water-improvement plan was Phil Hampton, a member of the City's engineer consulting firm of

Johnson and Anderson, of Pontiac.

Hampton, Sincok and City Clerk Joe Near combined to outline briefly how action through the Public Works Acceleration program would presumably speed the City's plans for a new reservoir, to be located on Beck Rd. between Five and Six Mile Rds.

One of the requirements in the Acceleration Act is that any municipality undertaking a public works project with

As Housewives Begin March

Fund Drive Hits One-Third Mark

Plymouth's 1962 Community Fund drive moved encouragingly near the one-third mark on its way to an eventual goal of \$45,050, campaign officials reported Wednesday morning.

The estimated \$15,000 that has already been contributed was hailed as an "impressive start" toward still another successful Community Fund campaign here.

The drive, which is scheduled to conclude Oct. 26, will be one week old tomorrow.

Simultaneously with the announcement that the campaign had already reached the one-third mark, some 250 Plymouth housewives — a grassroots volunteer force — were embarking on a three-day door-to-door canvas, striving for 100 per cent residential participation.

Marshaled together under the direction of residential division chairman Mrs. Ray Barber and 25 area captains, the 250 housewives hope to reach every home in the Plymouth community between now and Friday evening.

Mrs. Barber, this year's torch-lighter in ceremonies last Thursday afternoon in Kellogg Park, said that the door-to-door effort is planned to raise more than \$4,000 of the overall goal. A year ago, Mrs. Barber was a residential area captain.

The 250 housewives are well-prepared for their phase of the campaign.

If residents are not at home when a campaign worker calls, a pledge card together with a descriptive brochure and a self-addressed return envelope will be left and the resident may mail in his pledge or contribution.

While the residential phase is just beginning, other division chairmen were reporting on the success of their respective areas of effort.

Industrial chairman Elmer Hedlund, Wednesday morning reported that approximately \$7,500 had already been raised through contributions from various local industries and their employees.

It is through the industrial effort that campaign officials hope to attain one-half of the \$45,050 goal.

Hedlund, who works at Western Electric, said that his phase was "progressing nicely and according to plan."

Elsewhere, Sterling Eaton, in charge of advanced gifts, said that an estimated \$4,100 had been received as of Wednesday and that he had received replies from only about 35 per cent of the 138 persons he earlier had sent letters of solicitation.

He was confident that advanced gifts contributions would swell considerably beyond the current total.

Tom Notebaert, who is chairman of the business phase of the campaign, reported an estimated \$3,000 in pledges have been received up to now.

Notebaert has organized an eight-member solicitation team. Each team member has a list of approximately 25 businesses to contact before the end of the drive.

The professional phase is just getting well underway, according to chairman Sidney Strong, who was a last-minute replacement as chairman of that division. He completed mailing a special letter request to Plymouth professional men late last week.

However, already he reports an estimated \$400 has been received with each day's mail delivery bringing further contributions. Replies to his letter are now beginning to flow in steadily.

He is being aided by members of the Senior Citizens and other groups.

Plymouth's 1962 Community Fund campaign officially got underway last Thursday afternoon when some 80 persons witnessed the traditional torch-lighting ceremony in Kellogg Park.

Mrs. Barber, torch-lighter, put flame to the symbolic torch at the corner of Main St. and West Ann Arbor Tr., with assistance from Bob Barbour, president of the Plymouth Community Chest.

Miss Stuart's lecture will be further interesting to her audience since America and New Zealand have become important partners in trade and politics in the recent years.

This current Travel and Adventure Series has been made possible through the tremendous response and enthusiasm from the Plymouth community at last year's programs.

Season tickets for the series are still available, and may be purchased from any member of the Lions Club and at the following stores in Plymouth: National Bank of Detroit, The Photographic Center, West Mercury-Comet Dealers.

Spring is Here? Don't look now, but the recent unseasonably warm weather even has the local flora confused! Mrs. Doris Wick, of 745 Karmada, reports that her pussy willows which originally bloomed last March, are blooming for the second time. Mrs. Wick said she first noticed them budding on Monday.

Tickets to the Plymouth Community Chamber of Commerce annual banquet Monday evening, Oct. 29, are available now at the Chamber offices on Main St. opposite Paul J. Wiedman, Inc.

The banquet is open to all members of the Plymouth Chamber, together with wives and guests. The affair will be held at Lofy's Arbor-Lili here. Principal speaker will be Edwin O. George, a vice president of Detroit Edison, whose topic is "Building the Image of a Town."

The banquet starts at 6:30 p.m. More than 300 are expected to attend the event.

Merchants Make Plans For Christmas Season

Members of Plymouth's Retail Merchants' Committee headed by Wendell Lent, met Tuesday afternoon to discuss and formulate plans for Plymouth's Christmas shopping and decorating programs.

A discussion with Plymouth Public Works director Joseph Bida revealed the fact that the City is already making plans for an expanded and enlarged decorative program in Kellogg Park, and pole wrappings and hangings will be re-placed as usual, where possible.

The Merchants' group is committed by previous arrangement with the City to provide \$800 of the total cost, which will be spread among local businesses.

Expansion and replacement of worn decorations present a problem this year, and a new source of funds is necessary in addition to City funds to continue the growing program.

A suggestion was made that Township Officials be contact-

ed and asked to participate in the decorating program, since Twp. residents and children enjoy the holiday efforts as much as City residents. A committee will be appointed to explore this possibility.

Also under discussion was the subject of local store decorations and hours of opening and closing.

It is the hope of the committee that all stores will display Christmas decorations both inside the stores and in window displays beginning the week after Thanksgiving. If local stores care to purchase large outside decorations, the City program provides for both the erection and taking down in the budget already set aside for the total project.

Members of The Plymouth Mail advertising staff will undertake a city-wide canvas of getting complete cooperation from all local stores on the staying open nights starting on Friday evening, November 30, and every night thereafter until Christmas eve.

Spearheading this drive will be Famous Men's Wear, Davis & Lent, Hugh Jarvis Gifts and the Photographic Center, representatives of which were the first to agree to the longer opening hours for the benefit of shoppers.

Get Your No Hunting Signs At The Plymouth Mail

It was felt if stores here would provide longer and more convenient hours for Christmas shoppers, there would be no reason for local buyers to seek holiday merchandise other than in Plymouth stores where Christmas merchandise is already being unpacked.

One of the most important items under discussion was the area where Plymouth stores could best serve local shoppers in filling their gift list earlier.

From this discussion came the idea of an earlier city-wide Christmas opening and earlier evening store hours. It might help local merchants make this decision if local residents could drop a hint while shopping in the next few days to clerks in local stores, stating that it would or would not be a help to members of their families if stores would be open early in the evening during the month of December.

LONG STRETCH was needed last Thursday when Mrs. Ray Barber lit the torch in Kellogg Park signifying the kick-off of Plymouth's 1962 Community Fund drive. Lending a helping hand is Bob Barbour, president of the Plymouth Community Chest.

Lawsuit Against Conservationists Is Still Pending

A lawsuit filed by the Oak Haven Trailer Court on Ridge Road against the Western Wayne County Conservation Association was still pending earlier this week in Wayne County Circuit court.

The Trailer Court and other neighbors contend in the suit that the Conservation Association's gun club along Napier Rd. is a nuisance and a menace to public safety.

The suit is being heard before County Circuit Court Judge James Montante.

He already has personally visited the gun club site and listened to a mock rifle match there. More recently, he heard a tape recording of the rifle shots which were intermixed with background conversation, whirring airplanes and cackling hens.

Judge Montante's decision is still pending while he takes further testimony.

City Receives \$74,000 For Urban Renewal

Urban Renewal director Joe Near reported to City Commissioners Monday night that a second temporary Urban Renewal loan — in the amount of \$100,000 — has been approved for the City of Plymouth by the federal government.

Near said that a check for \$74,000 had already been received by the City and the remaining \$26,000 had been transferred to pay off an existing debt on a previous urban renewal loan.

Meanwhile, Near is moving rapidly toward completion of land acquisition for the 17-acre urban renewal project on Mill St. here. Earlier, he had said that there is a definite possibility that the City of Plymouth may have new industrial tenants in the redevelopment area by the end of 1963.

The second loan, and the ensuing transfer of funds whereby a previous urban renewal loan was paid off, thus keeps the City's accounts with the federal Urban Renewal agency at a current status.

Newburg Cemetery Hit

Vandals Upset Peace, Dignity of 130 Years

By Sue Hasselberg

Newburg cemetery, recently vandalized when pranksters demolished upwards of 70 headstones, is an area landmark in the fullest sense of the word.

Dates on burial plot markers — including those that were tipped over, broken or destroyed — echo south-

eastern Michigan's earliest years as a pioneer settlement place and way-side point on the grand trek west along the Erie Canal from New York state.

Earliest settlers, after clearing sites for their rough-hewn homes, out buildings, churches and schools, turned soon to the need of a final resting place for their dead.

As long ago as 1827, the location of Newburg cemetery was determined.

And the years since have changed the cemetery little. Peace and quiet reign easily over the 300-odd burial sites that grace the cemetery with austere dignity today. The grass is neatly clipped and the run of the 1960's is virtually unscen and unheard.

C. Donald Ryder, an insurance agent who lives on Ann Arbor Trail, has been in charge of the cemetery for 42 years, since the end of World War I.

A descendant of an original pioneer family, he is keenly interested in keeping up the cemetery as both a burial ground and a historical landmark.

Land for the cemetery was donated by Joseph Kingsley in 1827 when his father, Salmon, a Revolutionary War veteran, died. It was the cemetery's first recorded burial.

Newburg cemetery is located on the north side of Ann Arbor Trail midway between Wayne and Newburg Roads and is comprised of approximately two and a third acres of land.

A Burial Society was formally organized on Nov. 23, 1832, with the first meeting held in a log cabin school house that has since become Newburg School.

The constitution provided for membership, officers, elections, levying of "taxes" for upkeep, and other matters pertaining to the operation of the organization. Price of a grave lot was 50 cents, entitling the owner to voting privileges.

Minutes of the Society's meetings give an insight into the life of the early settlers. The 1852 meeting minutes provide one interesting note: "Voted that Joseph Kingsley have the liberty of pasturing

Candidate Romney to Speak At W'land Center Saturday

Gubernatorial candidate George Romney will speak Saturday evening at a rally at Wonderland Shopping Center in Livonia, it was announced this week by a spokesman for Livonia's Romney Volunteers.

He will make a major campaign statement on issues affecting the suburbs, said Al Pepper, chairman of the program committee of the Livonia Romney Volunteers.

His appearance will begin with a hand-shaking tour of the shopping center starting at 6:45 p.m. His address is planned to take place at 7:30 p.m.

Romney Volunteer organizations from Plymouth, Northville, Redford Twp., Nankin Twp. and Novi — as well as from Livonia — are sponsoring the rally.

"Mr. Romney's talk will be of special interest to every suburban voter," Pepper said. "He will discuss such vital issues and problems as the Bowman Bill, population growth, community colleges and our rapidly-expanding schools."

"It is an opportunity to see and hear Mr. Romney in person and to decide for ourselves his qualifications for governor," Pepper added.

Besides the remarks by Romney, the rally also will feature special entertainment. Austin Grant, Detroit broadcasting personality, will act as master of ceremonies.

In case of rain, the rally will be held at the Bentley High School gymnasium at 7:30 p.m.

Township Sets Up Debt Fund Reserve

Plymouth Township's Board of Trustees last week approved a resolution setting aside one-third of the Township's Sewage Disposal Charges for a reserve fund.

The money will be used to retire the annual debt requirement on the Township's portion of the Rouge Valley Interceptor sewer system that extends down Hagerly Rd.

The resolution stated that the reserve funds built up in this fashion, shall not exceed \$25,000 in any one fiscal year. The reserve account is to be established from Township sewage disposal charges billed after June 1, 1962.

Minutes have not been kept since 1923, but the story of the cemetery doesn't end there. The cemetery continued under the direction of Ryder, whose father and grandfather both served on earlier boards.

Ryder has collected funds for the upkeep of the grounds and fences, as well as for the repairing of fallen tombstones. At one time, this fund amounted to a substantial amount, but most of it was lost during the depression. Today the fund totals about \$700 which is supplemented by \$150 given annually by the City of Livonia for maintenance.

During the early 1940's, additional land was purchased to be used as a road around the north and west portion of the cemetery.

An ornamental iron fence with large wrought-iron posts was erected at the cemetery gates, and the improvements were paid for by Charles Wilcety, son of Livonia and the late Edward C. Hough of Plymouth.

The recent vandalizing of the cemetery is the second time it has happened. In 1958, some 75 tombstones were pushed over, many broken beyond repair.

With the aid of funds from the City of Livonia most of them were restored.

Ryder estimates the current damage at greater than \$500.

"Many of the older tombstones can't be replaced or repaired at all," he said.

Ryder, a member of the Livonia Historical Society, told of many early pioneers and their descendants who are buried in Newburg Cemetery.

There are three Revolutionary War veterans and more than 50 men who fought in the Civil War. Among the latter are John and Alred Ryder, the present cemetery keeper's uncles, both of whom died at Gettysburg.

Also buried there are many other residents, including doctors, ministers and farmers, all of whom helped carve a struggling Newburg settlement out of the Michigan wilderness years ago.

People Who Believe in Serving People, Are Observing

International Credit Union Day

Thursday, October 18, 1962

The White House
WASHINGTON

Credit unions provide a means for people to lend their savings to each other for productive uses. Credit is necessary to the successful functions of our economy, and credit unions are playing an increasingly important role in providing it.

Credit unions can also make a contribution to the economies of developing countries. This is particularly true in Latin America, where the Alliance for Progress is based on the principle of self-help.

On this fifteenth annual celebration of International Credit Union Day, I take pleasure in congratulating credit union members everywhere on the wise use of savings for productive use.

John F. Kennedy
President

CITY OF PLYMOUTH
MICHIGAN

This week, Mayor Robert Sincock proclaimed Thursday, October 18, Credit Union Day. The proclamation reads as follows:

WHEREAS, credit union members throughout the world will celebrate Credit Union Day on Thursday, October 18, 1962, and

WHEREAS, credit unions have proved an effective and versatile tool for combating usury, unfair credit practices, and for encouraging thrift, and

WHEREAS, these credit unions not only promote the economic security of their members, but also strengthen democracy, encourage individual responsibility and the practice of true brotherhood, and thus benefit our entire community.

I DO HEREBY PROCLAIM Thursday, October 18, 1962, as CREDIT UNION DAY, to be observed in Plymouth, Michigan and urge our people to give fitting recognition at this time to the many benefits brought to them through credit unions.

AND ON THIS OCCASION, I extend to the leaders and members of the Plymouth Community Federal Credit Union, Burroughs Plymouth Employees Credit Union, B. G. R. Employees Credit Union, Evans Employees Federal Credit Union, and Plymouth Council Credit Union, my greetings, congratulations, and sincere wishes for continued success in serving their fellowmen.

Robert Sincock
Mayor

AS MAYOR ROBERT SINCOCK signs the proclamation designating Oct. 18 as Credit Union Day, representatives of local credit unions look on. From left: Jack Gray of the Burroughs Employees Credit Union; Julian Arden of B-G-R Employees Credit Union; Mrs. James P. Murphy, Plymouth Council Credit Union; George Lawton of the Plymouth Community Federal Credit Union; and Larry Wilhelmi of the Evans Employees Credit Union.

THESE FIVE CREDIT unions are presently serving 9,000 people and have assets exceeding \$5,000,000. With "Service to People" as their philosophy, they rank among the fastest growing businesses in the country today.

Executive Office Lansing

PROCLAMATION

CREDIT UNION WEEK AND CREDIT UNION DAY

More than one million citizens of Michigan are now members of credit unions. They provide living evidence that the pioneer spirit of mutual aid still survives in our industrial society. In credit unions, our people are showing that by methods as democratic as a town meeting it is possible to provide credit services and savings programs uniquely adapted to the needs of the average family.

Nor is their energy limited to Michigan. Our credit unions have leagued together in support of national and international projects bringing the principles of self-help to hard-pressed communities in many distant lands. Thus they are providing undeveloped and newly liberated countries with an essential pillar of democracy, the technique of voluntary cooperation. In years to come we may well find that the world owes much to these efforts.

THEREFORE, I, John B. Swainson, Governor of the State of Michigan, do hereby proclaim Thursday, October 18, 1962, as

CREDIT UNION DAY

and the period from October 14 through October 20, 1962, as

CREDIT UNION WEEK

in Michigan, and urge our people to recognize this observance and to give appropriate acknowledgement to the many benefits provided during the past year by credit unions.

BY THE GOVERNOR:

James M. Hare
SECRETARY OF STATE

Given under my hand and the Great Seal of the State of Michigan this Twenty-second day of August in the year of our Lord one thousand nine hundred sixty-two and of the Commonwealth one hundred twenty-six.

Chips from the ROCK

If all the plans now under way in Plymouth get off the ground, and we have every reason to believe they will, this community will be so completely revitalized and revamped that it should be a model for the entire country.

In addition to all other projects now under way such as an enlarged water system, a new city hall, the Urban Development Area, increased parking and shopping areas and the Industrial Park there is being launched this week the project of remaking Kellogg Park.

Sparked by the local Rotary club, Mayor Robert Sincovek and City Attorney Edward Draugelis are off to Chicago to lay ground work for establishment of an authority to handle the rebuilding of the park as announced earlier this year by the Rotary Club.

Total cost of the project will be in the neighborhood of \$160,000, half of this amount can be secured from a Federal grant leaving two \$40,000 quarters to be assumed by the city and the club.

At a meeting of the Rotary board of directors last weekend it was decided that the club would, with the help of the Mayor, launch this program. Official announcement and complete plans of the project will be announced as soon as it is ready for presentation to City and Federal authorities. It is off the ground today, however, due to the Rotary Club committing itself to its \$40,000 share.

For their confidence and interest in community development we commend both the mayor and the club, and we know there will be many other people and groups within this fine community who will also want to share in this important improvement.

Here is a peculiar thought. It was about a year ago that I was sitting in the offices of Certified Public Accountant, Donald Sutherland, here in Plymouth, with a group of men when one asked me the following question, "What is your opinion of the future of Plymouth?"

After some thought and serious deliberation I merely stated that I had always had confidence in Plymouth and its future and with the right people in the right places, spark-plugging and working their hearts out in sincere love of the community, there would be no doubt as to the brilliance and growth of the total Plymouth area.

I make no claim to being a soothsayer, but in all sincerity, I believe then, and I believe now, that this area will prosper, its business and industrial community will prosper and its citizens will benefit morally, culturally and financially, and its children will be better citizens because of the toil and efforts of these leaders and those who will sacrifice their time and sweat for this community in bringing about those things I have always believed possible and are now being born.

The city of Cadillac, Michigan is also submitting the liquor by the glass question to the residents of that community in the November election. The Rev. Harold J. Hamilton, Ph.D., D.D., of St. Mary's Episcopal Church, a well known and respected member of the clergy of that city, last week issued the following statement in regard to the issue which was so pointed and pertinent that we reprint it here.

"The need of the hour is 'temperance and tolerance'. Bigotry, intolerance and name calling will not solve anything. Advocates of Prohibition and believers in Temperance must get together in a spirit of justice and fair play, and, by mutual understanding and goodwill, try to arrive at a solution of the alcohol problem, based on reason and common sense.

Only in such a spirit can this problem be solved. Only by practicing the Golden Rule toward each other can these two divergent groups find a common ground on which to stand in building a better world, where the rights and liberties of all men are honored and respected."

It is our opinion every voter is entitled to his own thoughts (as are we, who in this case favor passage of the issue) on any subject submitted for approval or disapproval. We sincerely hope all of the voters of the city will make every effort to see that their vote is recorded the way they want it at the November election.

Perhaps we should point out that this question will be at the bottom of the ballot and most difficult for voters to find on the voting machines. We suggest, if you have any question in your mind as to any difficulty you might encounter in finding where to vote on this subject, on the ballot, that you visit the city hall and have the city clerk show you a sample ballot and point out exactly where you will look on election day to find this item on the machine.

Whatever you do, however you feel, don't lose your opportunity to cast your vote because you were confused when you were in the voting booth. There is another way to make sure you vote on all the questions on the ballot. That is, upon entering the booth, have one of the election attendants show you where all of the various questions are on the machine before you close the curtain. In this way, no one will know how you are going to vote, but you can be certain that you know exactly where everything is located that you are entitled to express your vote upon. And, last but not least, BE SURE YOU VOTE NOV. 6. An absentee ballot is available in case you will be away.

Struck by Cars, 2 Youths Escape Serious Injuries

Two Plymouth youngsters, struck by cars, escaped serious injury in separate accidents recently, according to police department reports.

The incident occurred in front of the Mayflower Hotel late Monday afternoon.

Elsewhere, Robert Daniel Kloote, 5, of 1450 Maple, sustained a broken leg when he was struck by a car driven by Beth Spring, of 575 Simpson, on Oct. 9, in the Presbyterian Church drive-way.

The Kloote child was treated at Wayne County General Hospital. He was riding his bicycle at the time of the mishap.

2 CARD OF THANKS
 The family of Mr. and Mrs. Lewis Dale wishes to express their heartfelt thanks to the many wonderful friends and neighbors who were so generous with their kindness and remembrances during the loss of our loved one. Busy Agenda

(Continued from Page 1) reach \$10 million, the Board of Supervisors said in its letter.

The Plymouth Kiwanis club was given permission to use Kellogg Park the night of Halloween for a children's party. Spokesman Jim Winterhalter, of the Kiwanis club, said that elaborate plans for Plymouth youngsters are being prepared, to include a "witches' cauldron" that would serve kool-ade.

The Kiwanis club proposed the Halloween party to provide local youngsters with planned activities that night.

Berry Pontiac, Inc. was awarded a contract to sell the City two police cars at a total net cost of \$2,364.92. The firm will take two older police cars valued at \$2,225 in trade-in.

Such legislation would result in additional federal funds being made available to this area. The amount might

wonderful opening night," said Mrs. Anderson.

The "other plans" include an invitation to concert-goers to attend an "Afterglow" affair at the Hotel Mayflower, following the performance Saturday evening. The entire first floor of the hotel, to include the Pilgrim room, lobby and dining room, has been reserved for the special after-concert get-together.

A light supper will be served and musical entertainment is being planned, too.

Special guest at "Afterglow" will be Mathis himself, who — interestingly — has been in town rehearsing for the concert since last Monday evening.

Reservations for "Afterglow" must be made in advance. They may be obtained by calling GL 3-1620. Tickets for the after-concert affair are \$2 per person and everyone is welcome to attend.

During the concert itself, the Plymouth Symphony will dedicate an ebony Steinway grand piano, valued at between \$4,000 and \$5,000, which was willed to the Symphony by the late Miss Loretta Petrosky of Northville.

She was the Symphony's regular pianist for many years until her death in 1961. It is also expected that Mathis will perform on the same Steinway, since he normally plays on that make of piano.

Members of the Symphony Society's executive board will serve as hosts and hostesses for the evening at both the concert and at "Afterglow" later.

Robert Webber is president of the Symphony Society, while Mrs. John Moehle is vice president. Mrs. Frederick Foust is secretary and Robert Mauer is treasurer.

Directors include: Tom Kelly, Mrs. Fred Beitner, James Taylor, Mrs. Dean Manley, Mrs. James Warren, Mrs. Robert (Mary) Anderson, Arthur Haefke and Mrs. Robert Jenkins.

Some 30 special invitations have been sent by the Symphony Society to friends and relatives of the late Miss Petrosky, inviting them to be on hand for the concert and, of course, the dedication of the Steinway grand piano.

All told, attendance for the premier is expected to swell beyond 1,000. Last year's average attendance for six concerts was approximately 850, including about 1,200 at the Family Concert.

The Family Concert this season is Jan. 27. However, the next immediate performance following the Saturday night one is Nov. 18 when the Symphony will observe the 100th anniversary of the birth of Debussy. Vocal soloists will appear at that time.

The Plymouth Symphony Orchestra is sponsored by the Plymouth Symphony Society in which yearly memberships are the largest contributing factor to the support of the orchestra and the Society's youth programs.

1st Listening Post Slated October 25

A new Listening Post series — including three programs in all — will begin here Thursday, Oct. 25, when Dr. Fred T. Haddock, a University of Michigan professor, will discuss "Radio Exploration of Space."

The first program of the AAUW-sponsored series will be held at the High School auditorium, starting at 8:30 p.m. that evening.

Attendance at any of the Listening Post programs is available only to holders of season tickets, which are still being sold by all AAUW members here.

Mrs. Ned Stilton is ticket chairman. One exception has been made this year in the "season ticket" admission rule.

This year, 15 single admission tickets at 50 cents each will be available in the office of Senior High principal Carvel Bentley. Those tickets are offered expressly for Plymouth High students who have a sincere desire to attend the Oct. 25 program.

In conjunction with this, six Plymouth High science students have volunteered to assist the AAUW's Listening Post committee during the Oct. 25 program.

The six are: Eileen Ash, Evelyn Heit, Barbara Utter, Jane Vallie, Bruce Hudson and Mark Fischer, all seniors.

After helping with the tickets and programs, the six students will remain for the program itself and later will meet Dr. Haddock personally.

The second program on the 1962-63 Listening Post schedule is Jan. 9 when Pulitzer prize-winning poet W. D. Snodgrass will be the AAUW's guest. That program had previously been announced.

Meanwhile, plans for the third — and final — program of the series were being completed. It is scheduled for March 5.

Two nationally known authorities, Dr. Alfred H. Kelly and Dr. Rupert Cortright, will debate the topic "Where is America Going?" This program, too, will be held in the high school auditorium and will start at 8:30 p.m.

Dr. Kelly is a highly respected authority on American History and has been a staff member at Wayne State University since 1935. He is chairman of the university's history department and has authored several books on American History.

Born in Illinois, he earned Ph.B., M.A., and Ph.D. degrees from the University of Chicago.

Debatng with him will be Dr. Cortright, well-known across the nation for his wide background of knowledge and experience in effective speaking. He, too, is a staff member at WSU, having joined the faculty there in 1930.

He is chairman of the school's graduate committee within the speech department, and is past president of The Speech Association of America. Born near Jackson, Mich., he earned his A.M. and Ph.D. degrees at the University of Michigan. He is the author of several books, one pertaining to American Foreign Policy and others on the origins and development of the American Constitution and the foundations of American Freedom.

Following the torch-lighting, campaign officials and other participants gathered for a "kick-off" luncheon at the Mayflower Hotel.

General chairman Albert Glassford served as toastmaster during the luncheon and introduced campaign divisional chairmen and other dignitaries.

Barbour, in brief remarks, cited the value of Plymouth's independent Community Fund effort and the high return the community receives for its contributions.

He explained that 11 local agencies share in the Community Chest, and that 22 other agencies on a state level are entrusted with 15 per cent of the total donations.

He extended thanks on behalf of the Community Chest to the numerous volunteer workers who help make the Chest program successful.

Glassford, the campaign's general chairman, paid similar tribute to the volunteer people who are taking part in conducting the current drive.

The kick-off luncheon was paid for by National Bank of Detroit as a "plus" contribution from that firm.

Explorer Scout Troop Is On-The-March

By Mike Clinansmith

Who says age and ambition go out together? Yes, who says that? Take a look at Explorer Post 1533, formerly P-3. Then ask your questions of age and ambition again.

Post 1533, after 14 years of service to Plymouth, still survives as a glowing example of the Explorer program.

Meeting at Starkweather School every Thursday night, this organization of boys out to have fun in life elected its new officers for the year of 1962-63 with promises of great things to happen.

Leader "Slim" Mathias, and Assistant Leaders Earl Fulton and Ross Willett can back up these hopes with past experience.

Fulton and Willett are both accustomed to the Post enthusiasm by now, having been both members and leaders for the past 10 years. But we must look beyond these two men and see someone more important, Ferris Mathias, of Blunk St. This great person and leader has been the guiding light of both the Post and Troop for the past, shall we say, twenty

Acceleration Act funds must be prepared to start construction within 120 days of submitting the application.

"The fact that we must be able to break ground within 120 days of turning in the application doesn't create a problem to the City."

Sincock Tuesday said he hoped that he and City Attorney Edward Draugelis would be able to file to Chicago Oct. 25 to officially file the second application forms.

(The recipient there will be Paul Harris, regional director of the Housing and Home Finance Agency, which administers both the Acceleration Act funds as well as the Community Facilities administration grants.)

Sincock said there would be no conflict between the two applications — meaning the one submitted last June and the other that will be filed before the end of this month.

It is assumed that construction of the new reservoir will begin before the end of January, providing the federal government acts favorably on the City's application for funds under the accelerated program.

(Interestingly, Mayor Sincock Tuesday was informed by Congresswoman Martha Griffiths that final appropriations for the Public Works Acceleration Act were trimmed from an original \$900 million to only \$400 million.)

(Since no state can receive more than 10 per cent of the total amount appropriated, Michigan's maximum share thus was reduced to \$40 million. Originally, this amount had been placed at \$90 million.)

Meanwhile, no further progress has been made in acquiring land for the site of the water reservoir, only Plymouth's second such structure since 1900.

The City is continuing negotiations with one private party on Beck Rd. At the same time, Sincock intends to make a second request to the Wayne County Board of Supervisors asking that land encompassing a portion of the Training School be made available. He planned to send the County Board of Supervisors a letter of request later this week.

AN IMPORTANT ANNOUNCEMENT

Here, at Wiltse's Community Pharmacy, we have recently installed a modern "Safeguard Record System" in order to make available to you — at any time — a complete record of your various prescriptions, and prescription refills, for each year or any given period.

Under this system, your family's individual record for prescriptions will be maintained so as to qualify you for Income Tax deduction purposes, insurance requirements, or for any purpose you may desire.

For instance —

If you were to lose, or misplace, your prescription and had no record of its original number through which you would customarily obtain a refill, it would be instantly available to you under your individual record at Wiltse's Community Pharmacy.

As another illustration of the benefits of Wiltse's "Safeguard Record System," your doctor may wish to review the medication that you have taken over a particular period of time. This information, too, is readily available to him from your personal file here at Wiltse's Community Pharmacy.

A copy of your complete prescription record will be available to you at any time during the year, and at the end of the year as well. And, of course, your record for each previous year will become a permanent part of your personal file.

There is no charge for this additional service... in fact, we automatically begin such a file for each of our prescription patrons.

Visit Wiltse's in Plymouth at your next opportunity. We're confident that you will enjoy the visit and will return again over the years.

Record Crowd Turns Out For Fire Display

A record crowd — to the delight of firemen representing nine departments — turned out last Thursday night to witness an elaborate program observing Fire Prevention Week here.

Perhaps even more delighted than the firemen were the hundreds of starry-eyed youngsters who gazed in awe upon a row of brightly polished fire engines, pumper trucks and other fire department equipment.

"There were more people than we've ever seen at any previous fire department display," remarked City of Plymouth deputy fire chief Charles Groth, later.

The crowd ringed a demonstration arena as firemen battled purposely-set fires of several types, including an oil pit that — when burning — illuminated the entire field along Mill St. opposite the VFW Hall.

Salem Township won the coveted "basketball fight" crown by eliminating City of Plymouth's team in the finals. The Plymouth Township squad, while not a winner, battled with authority during early rounds of competition.

Opposing fire department teams faced each other with a loose basketball between them. Using water hoses, one team would attempt to force the basketball into the opposing team's territory.

None of the 75 firemen on hand who took part in the basketball battle escaped being soaked.

Library Sets Halloween Kiddie Party

Eddie Jaye, a veteran magician, with a most unusual magic act will be regaling Plymouth youngsters at the annual Halloween party Saturday, Oct. 27 at 11 a.m. in the Dunning-Hough Library.

Tickets are available at the library desk and can be picked up this week. There is no admission charge, but Agnes Pauline, head librarian, thought that by issuing tickets, the program committee could get a better idea of how many children to prepare for.

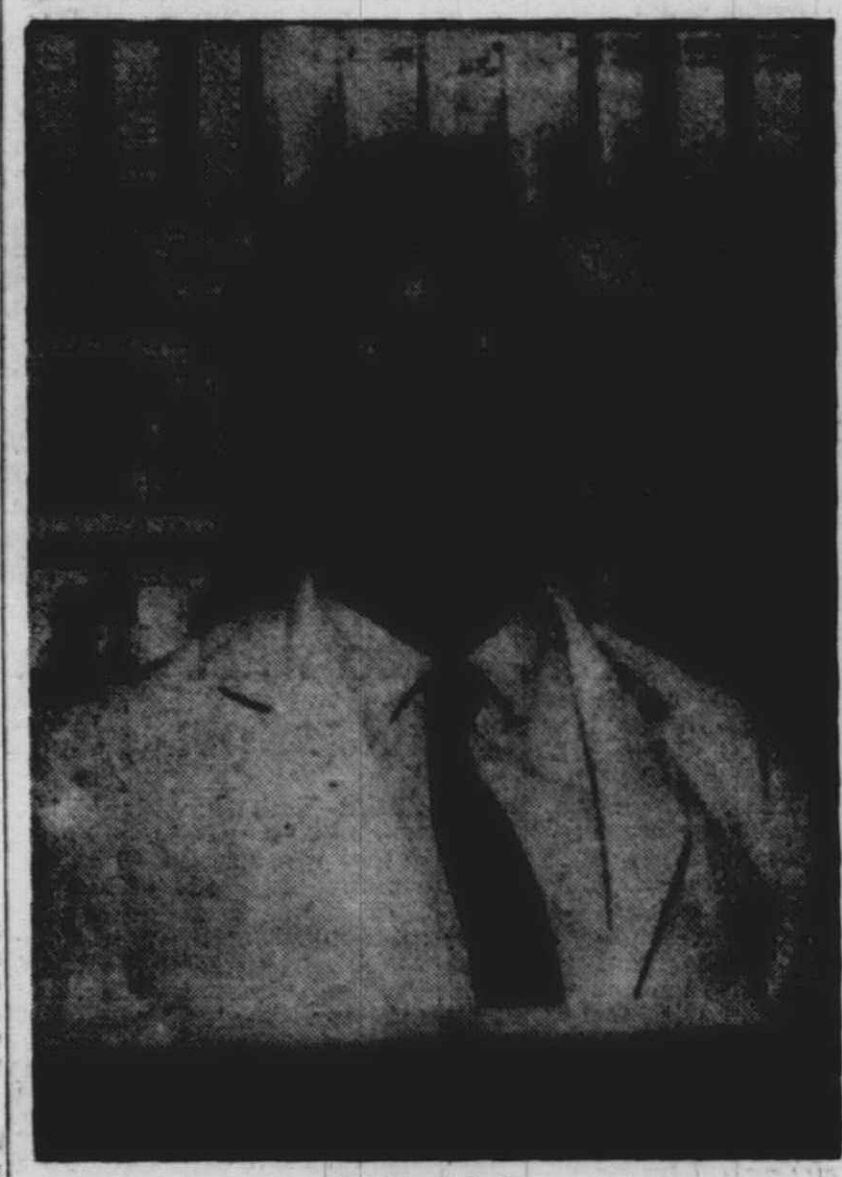

The annual Halloween party has been growing in appeal each year to such an extent that facilities of the Dunning-Hough library are being utilized to the capacity limit. Last year's attendance exceeded 125 costumed youngsters.

The cider and doughnuts disappeared as if by magic. To be sure of your youngster's presence at the party pay a visit to the Dunning-Hough library this week and pick up a ticket.

How I Earned My First Dollar

Walter Schultz

Walt Schultz, owner of Dodge Drug Store here, earned his first dollar — as he recalls it now — by trapping muskrats on his father's farm near Hadley, Mich., in Lapeer County.

Then he would sell the skins to a dealer in Lapeer for about 75 cents apiece. He spent the money on typical small-boy pleasures.

Walt was "seven or eight" at the time, and the people of the United States were about to elect William Howard Taft as president.

Today — at 62 — Walt reflects on 38 years of business in the same location, at Dodge's near the Main St. and Pennington Ave. corner here.

During those early years, when he was attending high school in Hadley, Walt often would ride a horse some five miles to classes. Other times, he drove a horse-drawn cart.

In the summers he worked at his father's farm or for a neighbor as a hay-loader. "I think the neighbor paid me about \$1.25 a day," he recalled. "I was about 12, I guess."

After his high school days, he moved to Pontiac and went to work in Cloonan's Drug Store there. A pharmacist in the store was Stewart Dodge. Schultz started at \$15 a week.

In February, 1924, Walt quit his job and enrolled in

PHS Notes

By Jeri Gulbransen
"We're going to the UN!" This is the big plan the International Relations class of PHS hopes to fulfill in early February.

To raise the minimum of \$56 per person, the class is planning numerous large-scale projects which include car washes, a bake sale, a play, New Year's Eve dance and odd jobs including baby sitting, mowing lawns, raking leaves and collecting old papers and magazines.

The class with its advisor, Miss Gertrude Fiegel, includes 15 ambitious students. Judi Adams, Inga Dietrich, Joyce Everett, Mary Lisa Frank, Jeri Gulbransen, Chuck Hampton, Evelyn Heidt, Antje Hoefler, Greg Holland, Bruce Hudson, Jo Mecklenburg, Barb Niemi, Linc Smith, Jim Stout, and Bob Webber, are all seniors.

Odd jobs will be handled if you contact any of the above students. They need YOUR support.

Tentative plans are to leave on a Wednesday night early in February and arrive in New York City on Thursday morning. The class will then spend the following five days visiting the United Nations, attending a play or movie and having a fancy dinner at a well-known restaurant. Monday night the students will board the train for the return home.

This project was successfully attempted by the International Relations class in 1960. Because this year's class is smaller, only three or four parent chaperones will be needed.

Posters and handbills will be made to notify Plymouth's citizens of the coming projects, and the class wishes to express its thanks to everyone who supports any of the projects.

Already, a benefit car wash last week end has helped considerably toward reaching the goal.

Cooperative Nursery Group Tours Farm

Children from the Plymouth Children's Nursery were treated to a farm tour Wednesday, Oct. 10, when they spent the morning at the home of David D. Wood, 9000 Warren. Each child was allowed to pick apples from the orchard and many children fed apples to the horses. They also fed corn to the other animals and climbed the apple trees.

Accompanying the 23 children were Mrs. Wallace Guregian, the teacher, and Mrs. William Birge, Mrs. John Jacobs, Mrs. Harry Luce, Mrs. Richard Scruggs, Mrs. Philip Settles, Mrs. Lyle Shaw, and Mrs. Victor Wenzel.

"Along the 2,000 miles of the Sao Francisco River," Scofield says, "there are more than five and a half million people. They are out of reach of regular medical care and lack of training in healthful living. As a result they suffer numerous illnesses, many of which would be avoided with better diet."

About 50 per cent of the babies die at birth or soon afterward through lack of proper nourishment. We try to carry dried milk on the launch with us for particularly urgent cases," he said.

In the five years that the Scofields have been working in the "valley," they have treated 14,566 undernourished infants, 16,334 cases of parasite infestation (another widespread ailment), and 8,387 cases of malaria plus numerous other ills.

Scofield reports some 26,000 dental extractions in addition to his other work. He manages these with the help of six assistants whom he has trained.

After spending five years aboard the small "Luminar," with its somewhat cramped quarters, Scofield designed a larger vessel. He also helped with its building. Launched early this year, the double-deck "Luminar II" weighs 30

Jean Mining

Miss Jean Mining, of 40250 Schoolcraft Rd., and co-partner of Johnnie's Penniman Market begins her working day at 4:50 each morning, arriving at the store at the early hour of 6 a.m., 30 minutes prior to opening.

With that kind of a schedule, I confine my breakfast to coffee only, Miss Mining said. Who could think of food at that hour, she added.

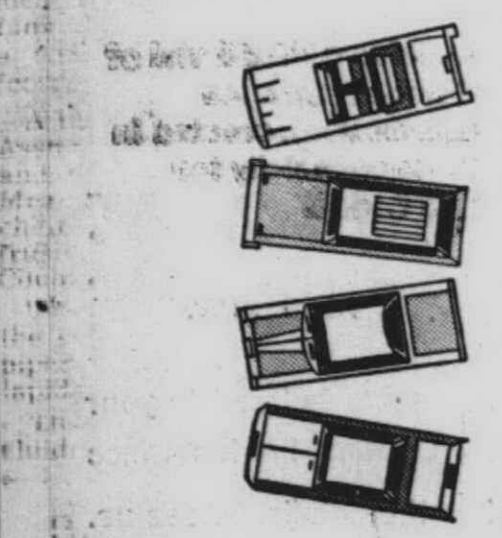

Far from a job hopper, Miss Mining joined Johnnie's Penniman Market about four years ago, after working with Dave Galin for 29 years.

A resident of Plymouth all of her life, Miss Mining lists the darker blues and black as her favorite colors. As far as music is concerned, she prefers popular, jazz and country western.

With a busy schedule, Miss Mining says she has to confine her reading to the novels in Reader's Digest.

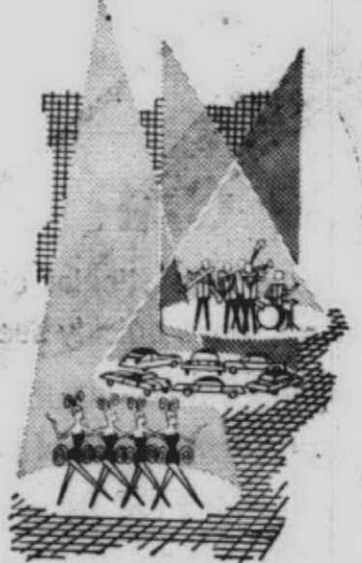

A bowling enthusiast, Miss Mining was a member of a bowling league for many years.

Ousted in Golf Meet

Tyler Caplin, son of Mr. and Mrs. Carl Caplin, of Joy Rd. and a 1954 graduate of Plymouth High, competed earlier this month in an Army golf tourney in Reno, Nev. Ty, a stand-out member of Plymouth's golf squad during his high school career, was defeated in the first round of action by the tournament's eventual winner. For the past two years, Caplin has served in the U.S. Army with a special services section at Ft. Ord, Calif. He is scheduled to be discharged from the Army Nov. 29.

Plymouthite Bags Antelope, Deer on Wyoming Excursion

Robert Beathe, 54, of 779 South Harvey, whetted his hunting appetite earlier this month in anticipation of the forth-coming Michigan deer season. On a recent trip to Wyoming, the Plymouthite bagged a 100-pound antelope and a 165-pound, seven-point deer. Using a 30.06 Remington with a telescope attachment, Beathe downed the antelope with one shot from a distance of approximately 150 yards, he said.

The deer, too, required only one shot, this time from a distance of about 175 yards. A deer-hunter in Michigan since 1940, Beathe has killed a total of 19 deer in this state and two previous antelope in Wyoming, but he had never bagged a deer there. Accompanying him on the trip was his wife, although she stayed with relatives while he went hunting. During their stay in Wyoming, the local couple attended a celebration in honor of the 50th wedding anniversary of his sister.

Seeking Hockey Player Head Count Here

The Plymouth Hockey Assn. is asking for a head count of boys interested in playing recreation hockey here this winter, according to Association president Jim McKindles. "If we can get a fairly accurate estimate now of the number of boys who intend to play recreation hockey," McKindles said, "it will aid us in planning the hockey program for this winter."

He said that interested boys between the ages of 7 and 12 may contact him at GL 3-7036. Those 13 and 14 years of age should call Vern Schilawski at GL 3-9297; those boys 15 and 16 may contact Joe Gates at GL 3-7395; and boys 17 years and older should call Hal Schelley at GL 3-8227.

Already the 17-and-older group has begun hockey practice at the Riverside Arena in Riverside, Ont., near Windsor, McKindles said.

Rocks Crest-Fallen in 20-19 Defeat

The Rocks were "oppor-tunists" Friday evening against Belleville High, as three recovered fumbles led Plymouth to a 19-7 third-quarter lead and hopes of Win No. 1 in the Suburban Six football race. But near-breaker fumbled in the second half and Belleville pulled out a 20-19 victory on the strength of a 91-yard scoring march that concluded with 42 seconds left in the game.

Plymouth outplayed Belleville in every statistical department except the final score. The Rocks made nine first downs to Belleville's five, completed 12 of 19 pass attempts opposed to five-of-eight completions for their opponents, gained 202 yards in total offense to 186 to Belleville. Plymouth also controlled the game so effectively that Belleville managed only 37 plays from scrimmage while the Rocks had 51. But it all went for nothing at the final gun.

It was Plymouth's third league loss of the year and plummeted the Rocks to the bottom of the heap in the Suburban Six conference with an 0-3 mark thus far in 1962. Three conference games remain on the schedule with Bentley visiting here Friday night.

The defeat eliminated Plymouth's last possibility of a successfully defending its league crown from a year ago. But, if Plymouth could be faulted off its efforts against Belleville, it would only be by the loss itself. The Rocks played "a whale of a game" in the words of Plymouth coach Mike Hoben later. "Our kids really put out," he said. "We beat Belleville in every department except the score," he lamented. "I've got nothing but praise for my players," he added.

Schultheiss and (Wayne) Cummins doing a real good job there. "I couldn't single out any one player as a 'stand-out' because they all did a whale of a job. (Dick) Schryer had a real good night passing. (Hugh) Sarah ran well at fullback, (Dick) Egloff did well as a line-backer and pass-receiver. "Defensively, our end play was superb with (Mark) Sparkmann Sharp.

Sparkmann Sharp Despite U-M Defeat

Wayne Sparkmann, 1960 graduate of Plymouth and a stellar member on the varsity grid team here, performed with poise for the University of Michigan last Saturday afternoon despite the U-M's humiliating 28-0 loss to Michigan State. Sparkmann is a fullback. He played on the outstanding football teams fielded here during the time Randy Egloff played at quarterback.

score again. Schryer's nine-yard toss to Egloff was the clincher, but Schryer missed the extra point attempt. The Rocks final TD came in the third period and again stemmed from a recovered Belleville fumble at the Belleville 40. Sarah capped the scoring drive with a four-yard dive. Once more, the extra point try failed, but then Plymouth led 19-7 and held little significance to Plymouth fans. But Belleville proved them wrong. A n interference penalty

Allen Park Takes Lead In Grid Race

Allen Park surged ahead of the pack in the Suburban Six League football race last Friday on the strength of a 14-0 administering of Bentley High. Bentley has not won a game this year and visits here this Friday evening.

Trenton helped Allen Park's move to the top spot by defeating Redford Union, 13-7. Plymouth earlier had narrowly missed beating RU as the Panthers rallied to take an 18-14 victory three weeks ago. With Plymouth's Friday night loss to Belleville, 20-19, the current league standings look like this:

W	L
Allen Park	3 0
Redford Union	2 1
Trenton	2 1
Belleville	0 3
PLYMOUTH	0 3
Bentley	0 3

Harriers Find Bentley Buzz Saw Sharp, 15-48

Plymouth's cross country squad ran into a buzz saw Friday afternoon in the form of Bentley High, whose intentions of gaining a league harrier championship this year are very much in evidence. Bentley, host to the Rocks, raced to the top five finishing positions and pummeled the Plymouth runners, 15-48. It left Plymouth with a 1-5 mark this season. Pacing the Rocks' efforts was team captain Denny Knapp who turned in a good time of 11:03 on the Bulldogs' course behind Bentley High School. Skip Otwell was ninth in 11:24, Jim McKindles finished 10th in 11:37, John Bowsman (11th) in 11:47, Bob Steele (12th) is 11:58, Larry Oldford (13th) in 11:59, and Hal Kuisel was 14th in 12:19. Bentley rushed to the first five spots, led by speedy Kim Rieker whose overall winning time was 10:29. The Rocks were scheduled to participate in the Clarenceville Invationals Tuesday afternoon at Clarenceville High in Livonia. Friday, Plymouth confronts Trenton here. Next Tuesday the Suburban Six League Meet will be held at Cass Benton Park, Starting at about 4 p.m. Observers indicate that the outcome of the League Championship clash is mainly between Bentley and Redford Union.

High School To Give Aptitude Test

The Guidance Department of Plymouth High School will be administering the Preliminary Aptitude Test (PSAT) to juniors Saturday, October 20 at 8:30.

The cost of the test is \$1 which can be paid up to test time in the guidance office. Since the number who can be tested is limited, the fee should be paid at the earliest date to insure the opportunity of taking the test.

The PSAT is designed to measure the verbal and mathematical abilities as they compare with those of other students in the same grade across the country.

This information, along with school achievement, can help a

youngster decide as to whether to go to college or not, and possibly which college to attend and which curriculum to follow.

An especially useful feature of the PSAT is its planned similarity to the College Board's Scholastic Aptitude Test (SAT) which is required for admission to many colleges, including Albion, University of Michigan, and most out-of-state schools.

Seniors who are members of the National Honor Society are particularly urged to take the test, as they are put into competition for scholarships which are offered by the Society.

There are other scholarships which are also available through taking the test.

If students have questions about the test they may contact their counselor, or parents may call the counselors or Mr. Robert L. Smith at GL 3-3100.

CLOSE TO 800 persons attended the official dedication ceremony for the new Junior High West last Thursday evening and heard School Board president Gerald Fischer stress the importance of a good environment for student learning. Fischer utilized an audience-participation technique in his official dedication remarks.

Shown here, in front of the capacity crowd at the dedication, are (from left): School Board members Robert Utter and Mrs. Kenneth Hulsing, Board President Fischer, Board member Ernest Henry and Schools Superintendent Russell Isbister. Members Robert Soth, Harold Niemi and Peter Zylstra were out of town.

Mrs. Griffiths Tells Kiwanians Of National, World Problems

Kiwanis members and their wives last week enjoyed a fine dinner meeting with several guests, including Mayor and Mrs. Robert Sincoc, Township Supervisor and Mrs. Roy Lindsay and City Commissioner Richard H. Wernette.

Kiwanis members City Supervisor and Mrs. A. E. Valier, City Commissioner and Mrs. James Houk and City Attorney Ed Draugelis were also in attendance.

The Kiwanis Rummage Sale of Oct. 5 and 6 was very successful and there was a net profit of \$1,404.13 available for the clubs community youth projects.

Gus Worth, program chairman for the evening, presented our Representative in the United States Congress from the 17th District, the Honorable Martha Griffiths.

Mrs. Griffiths in Congress was appointed to the Ways and Means Committee as the first woman to serve on this committee and the first representative from the 17th District. The committee is composed of 25 members, 15 from the majority party and 10 from the minority party in the House. Mrs. Griffiths explained that the administration must have the support of 13 members to obtain favorable action on important

matters of taxation and tariffs. The counterpart of this committee in the Senate has 17 members. All taxation and tariff bills must originate in the House committee.

The Medicare Bill, combining medical care and Social Security also originated in the committee. The President's advisors estimated the Gross National Product for this year to be \$71 billion dollars. The Gross National Product is the total dollar value of all goods produced and services rendered in the U.S. Early this spring, it was apparent that this estimate was too high.

Representative Griffiths polled a number of citizens in the 17th District as to what they would do if they received \$100 from the Federal Government. 62 per cent said that they did not want the \$100 — please apply it to our national debt. American goods are preferred in the world markets.

The United States Business Community needs a more aggressive sales campaign to determine what goods are needed in the other countries and prices and sell these goods to waiting customers.

Tariff agreements with other countries are important to world trade. Some countries have placed restrictive tariffs on American products. For example, in Argentina a Ford Falcon sells for \$8,000, a Thunderbird for \$25,000 and a Cadillac for \$50,000.

Interestingly, as Mrs. Griffiths pointed out, the United States can produce and deliver coal to the Ruhr Valley in Germany cheaper than the Germans can mine it there.

Mendell Rivers, Representative of North Carolina, stated that we should not blame the other for the Cuban situation, said Mrs. Griffiths. One bomb would destroy Cuba completely and leave the soil sterile for 2 years, but this is not a practical solution to the problem, she said.

Representative Griffiths stated that she believes South America is our land of opportunity. The communists have been active there for 40 years and we have neglected this area almost completely, she said. Representative Griffiths and several other members of Congress visited countries in South America last year.

Our Congress has pledged 20 million dollars in the next 20 years to assist South America in its development.

The Mississippi situation was a pathetic day for the United States, Mrs. Griffiths said, but the people of Mississippi must know that we have a government of laws too, not just people.

She was a very sincere speaker who made an extremely interesting presentation of everyday problems in our country for the benefit of Plymouth Kiwanians.

Junior High School Notes

THE BETWEENS

by Mary Ann Sincoc

Student Council Meeting was held on Oct. 10, and further plans for the Torch Drive were made. Representatives from each home room agreed to take care of the Red Feather Cannisters. Tom Chandler's committee for American Education week presented its ideas.

Rhea Fluckey's report on Parliamentary Procedure encouraged members to practice it.

Mrs. Green, the librarian, came and discussed the Book Fair. She passed out the bulletins to be given out in the Home Rooms, seeking

parents help for Nov. 7 to 9. A very successful Pep Assembly was held at Junior High East, on Oct. 10, in the gymnasium. Mr. Livingston had his Dance Band on hand to play a few selections. Sally VanAntwerp's talk on School Spirit aroused enthusiasm, followed by the cheerleaders who made their debut under the guidance of Mrs. Witwer.

The Betweens responded with eagerness. School Spirit was intensified by Steve Stribley and Mary Hepler with their short skit. A special note of thanks to Jon Adams who conducted the Assembly.

Letter To The Editor

(Editor's Note: Following letter is a copy of one from the Plymouth Ministerial Association to Plymouth's capable director of public safety, Kenneth Fisher, in which Fisher and Plymouth's public safety forces are cited for their community service.)

October 12, 1962
 Mr. Kenneth Fisher
 Director of Public Safety
 Plymouth, Michigan
 Dear Mr. Fisher:

At the October meeting of the Plymouth Ministerial Assn. the members voted to send a letter to you expressing our commendation and appreciation for the splendid service which your public safety officers have been rendering the people of this community in recent years.

Mention was made of numerous cases in which your men have responded with extreme promptness and efficiency to emergency situations. Also noted was the care which your men take in patrolling the streets of our community and in watching out for the things that are happening in our midst.

It is to the credit of your men and your department that when trouble does occur in our city, your men are very quick to appear on the scene with help.

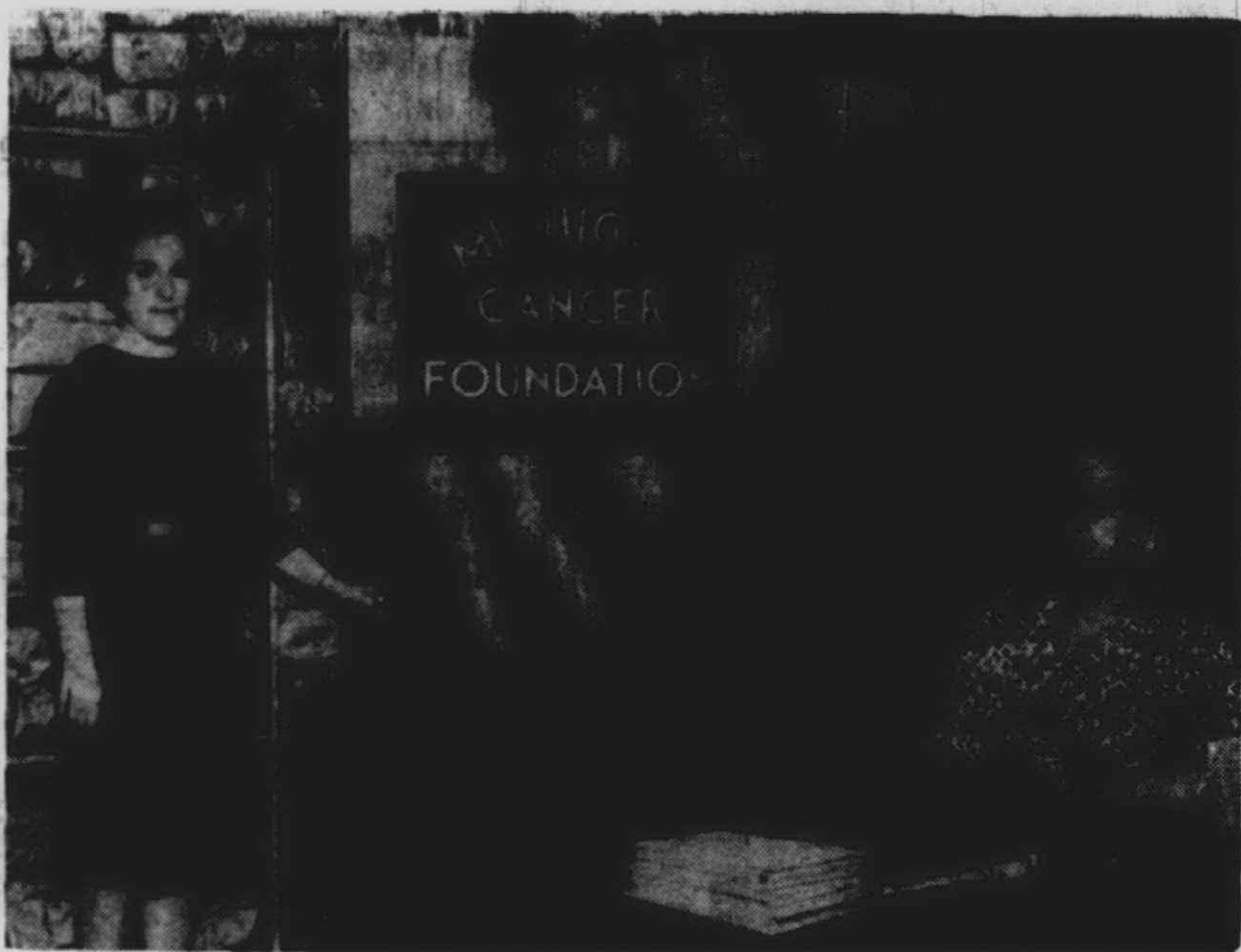

In a day when people are often likely to remember their complaints and to forget the things for which they should express thanks, we feel that we speak for a great many in our congregations in saying this word of appreciation to you.

There is no question in our minds that your department deserves a great deal of credit for the sense of peace and security and safety which our community does seem to exhibit.

Gratefully yours,
 The Rev. Edward W. Casner,
 Secretary, Plymouth Ministerial Association

The move was completed several weeks ago from a previous location in the basement of Plymouth Office Supply. The new local headquarters were completely remodeled before the move was undertaken. Offices are open from 1 to 4 p.m. Monday through Friday.

Mr. & Mrs. Voter of the City of Plymouth—

WHO REALLY WANTS LIQUOR BY THE GLASS?

- NOT THE ADULTS WHO DRINK . . . surprisingly, even those who drink do not prefer liquor by the glass in some bar or tavern. Figures for 1961 per capita consumption of alcoholic beverages in Michigan show beer at 20.65 gallons to ONLY 1.09 gallons for spirits. Also, 76.38% of all hard liquor sales in 1961 in Michigan were made in package stores, not in bars! This includes areas which have liquor by the glass. THE BEST INTERESTS OF THOSE WHO DRINK IS ALREADY BEING SERVED!
- NOT THE HALF OF THE ADULT POPULATION WHO DON'T DRINK . . . about half of the adults of our community don't drink at all.
- ONLY THE LICENSEES REALLY want liquor by the glass . . . obviously, it means money to them, but it MEANS EXPENSE AND TROUBLE TO YOU, the taxpayer.

VOTE NO ON LIQUOR BY THE GLASS . . . NOV. 6th

FRONT ROW CENTER

BY GEORGE SPELVIN

The day was misty, gloomy, and quite soggy last week when bouncing Bob Wall dropped in and visited old George in his drama corner. Something was bothering Bob. His shoulders seemed a bit bent under the weight of a real or imaginary problem pressing him at the moment.

Bob poured out his tale of woe. "George, what's wrong with community theater? It's getting so that if you want to put on a play you have to practically pull out all the stops."

It took me awhile to ferret out all the problems inherent in so garbled an outcry. Bob's belated bellow merely was a plea for folks to participate in community dramatics. As I pieced the tale together, it was evident he was having his share of lumps in the preparation of a three-act comedy in the neighboring community of South Lyon.

Old George remembered the controversial script. A year in the writing, two years of revisions, and finally "Money — Who Needs It" was ready for the public. Bob put many an hour of hard work in on his script. And now — production problems. But did this stop our local director-writer? Nossir, he forged ahead where other playwrights would have feared to tread.

When the leading man had to leave the bustling part of Richard Ridell, Bob stepped in and assumed the lead. A business trip to Kansas found him mumbling lines on the plane so vociferously that the stewardess wondered over his sanity. But the 285 lines were conquered and the play continued its unerring way toward opening night.

Incidentally, a group of us will be going to South Lyon Thursday to lend our hearty support to "Money — Who Needs It?" Several other Plymouth actors can be found in the cast. Russ Wallace, long a staunch member of the Plymouth Guild, is loaning his services to the Lyon Civic Theater. Russ portrays a belligerent Board of Education member in this comic classic. And you won't want to miss Russ as he huffs and puffs his way in and out of the hapless High School principal's home. Linda Wall, often seen in Plymouth High School productions, has a leading role as Sandy, the vivacious daughter of the principal. Linda was able to help out the Lyon Civic Players when she found she was "at liberty" after the tryouts for "Night of January 16." The upcoming PHS production.

Marion Kuzma, versatile Ann St. actress from the Port Huron Players of a few seasons ago, was contacted and agreed, too, to be in the comedy. Marion has been active with the Plymouth Band Boosters over the years. Her enthusiasm and natural vigor will provide an excellent background to the demanding role of Agatha.

"Money — Who Needs It?" will play three nights in South Lyon at the Elementary School. The show opens on Thursday, Oct. 18. There will be no performance Friday night as a concession to South Lyon's Homecoming and celebration. The play, however, will re-open Saturday night for a final two performance.

Masonic Chap. 187

To Host Canadians

As its first Fall activity, Colonial Chapter No. 187 of the Royal Arch Masons will welcome Palestine Chapter No. 54 from St. Thomas, Ont., Oct. 27.

Dinner will be served to the Masons and their wives and entertainment is planned. Afterwards, Past High Priest, Roswell Tangor and his wife will show pictures of their recent world tour.

The ladies of the Colonial Chapter will form a motorcade to Northland taking their Canadian guests for a bit of browsing while the men view the performance of the Mark Degree as portrayed by the Canadian Ritual and the Palestine Chapter Companions.

A farewell get-together will conclude the evening's program.

Activity Chairman, Stewart Dodge, Past High Priest, and Paul Miller, High Priest, extended an invitation to all Masons to the dinner and entertainment, promising this to be a gala evening.

Hi-12 Hears About First Federal Rise

The growth and success of the Plymouth Branch of First Federal Savings, which opened in 1919, was related by Perry Richwine, manager, at the Oct. 5, meeting of Hi-12, held at Lofy's Arbor-Lill. Mr. Richwine stated that Plymouth has the highest number of savings accounts for a city of its size in the U.S., and added that 13 per cent of mortgages are paid in full every year.

EXCITING! GO '63 CHEVY II

Spunky New Wagons That Lead Longer, Happier Lives

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

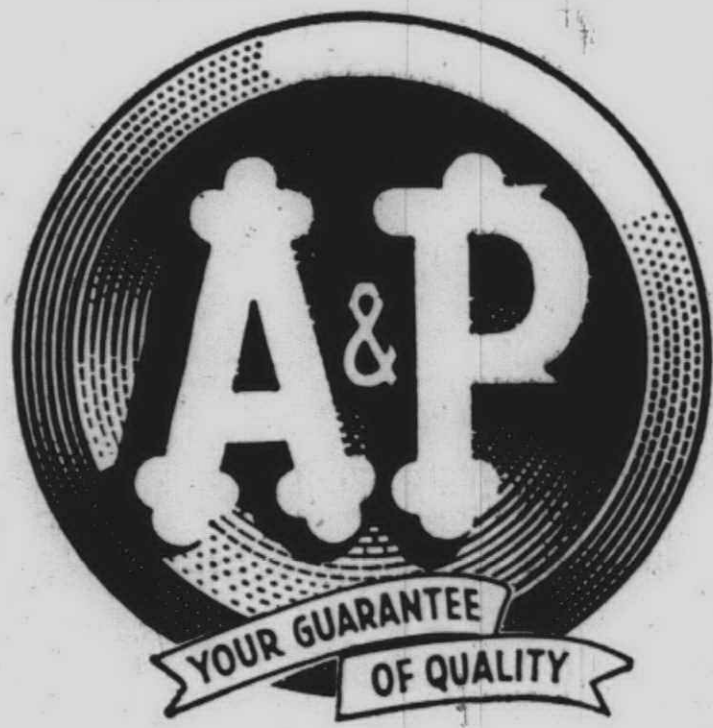

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's. So many more people depend on

Dr. Blanche Dow To Speak At AAUW Meet Here

Dr. Blanche Dow

Dr. Blanche H. Dow, president of Cottey College in Nevada, Missouri, will speak at the Oct. 24 meeting of the Plymouth AAUW at the Junior High East. The program begins at 7:30 p.m.

She is chairman of the committee on AAUW Structure and will speak on "Proposed AAUW Structure Change."

The Plymouth branch will be host to 14 neighboring branches of the AAUW for this meeting.

Dr. Dow, at present chairman of the AAUW Fellowship Program Committee and a member of the AAUW Board of Directors, has had several books published as well as articles.

She received her A.B. from Smith College, A.M. and Ph.D. from Columbia University, and did further study at The Sorbonne, University of Paris.

She has honorary degrees from Culver Stockton College, Litt. D., 1953; Iowa Wesleyan College, D. Sc. in Ed., 1959; Missouri Valley College, L.H.D., 1959. She was named the Outstanding Citizen of Nevada by the American Legion in 1956.

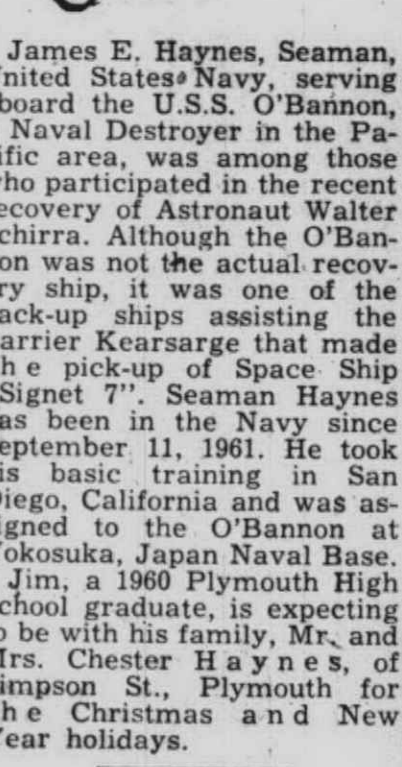

Dr. Dow was President of the Missouri State Division of AAUW from 1937-1939. The AAUW has profited nationally by Dr. Dow's services. She is a member of AAUW Educational Foundation Board of Directors and chairman of Committee on AAUW Structure. She was a member of Committee on Membership and Maintaining Standards 1940-46; Vice-president from the Southwest Central Region, 1949-53; and First Vice-president 1953-57.

Her work in this organization became international beginning in 1950 when she became Assistant Treasurer in the U.S. International Federation of University Women for six years; Treasurer IFUW, 1956-59; and a voting delegate at the IFUW Conference at Mexico City in 1962.

The members of the AAUW are urged to take advantage of Dr. Dow's visit in Plymouth. The social hour begins at 7:30 so that members and guests will have an opportunity to meet and talk to Dr. Dow.

There is to be a question and answer period following the discussion on the Proposed AAUW Structure Change.

Men In Service

James E. Haynes

James E. Haynes, Seaman, United States Navy, serving aboard the U.S.S. O'Bannon, a Naval Destroyer in the Pacific area, was among those who participated in the recent recovery of Astronaut Walter Schirra. Although the O'Bannon was not the actual recovery ship, it was one of the back-up ships assisting the Carrier Kearsarge that made the pick-up of Space Ship "Signet 7".

Seaman Haynes has been in the Navy since September 11, 1961. He took his basic training in San Diego, California and was assigned to the O'Bannon at Yokosuka, Japan Naval Base.

Jim, a 1960 Plymouth High School graduate, is expecting to be with his family, Mr. and Mrs. Chester Haynes, of Simpson St., Plymouth for the Christmas and New Year holidays.

Plymouth Scene Of Lutheran Teachers' Convo

The 50th annual Teachers' Conference of the Michigan District, Wisconsin Synod was held at St. Peter's Lutheran Church of Plymouth, Oct. 10-12, 1962.

The agenda of the conference consisted in thematic papers presented by various members of the conference and by Mr. A. Fehlauer, assistant Executive Secretary of the Board of Education - Wisconsin Synod, from Milwaukee, Wisconsin.

Mr. Fehlauer's paper was entitled "Guidelines for our Teachers." Panel discussions, reports, and a group discussion completed the program.

A high point of the conference was the 50th Anniversary service held on Wednesday evening with Pastor W. Koelpin of Livonia serving as guest preacher.

Mr. J. Birkholtz of Toledo, Ohio, Mr. O. Dorn of Bay City, and Mr. V. Raasch of Benton Harbor were re-elected as president, vice-president, and secretary-treasurer respectively.

An evening of enjoyment and recreation, called "Gemuetlicher Abend," was held by the conference on Thursday at Lofy's. Mr. Albert "Doc" Wandersee, a charter member of the conference, was guest of honor.

The conference was closed with an inspirational address by Rev. R. Mueller of Livonia, Michigan. The conference will meet in Saginaw in 1963.

Plymouth Band Tryout Scheduled for Tonight

Opening try-outs for the Plymouth community band will be conducted tonight (Wednesday) in the Senior High band room, beginning at 8 p.m., according to director Jim Griffith.

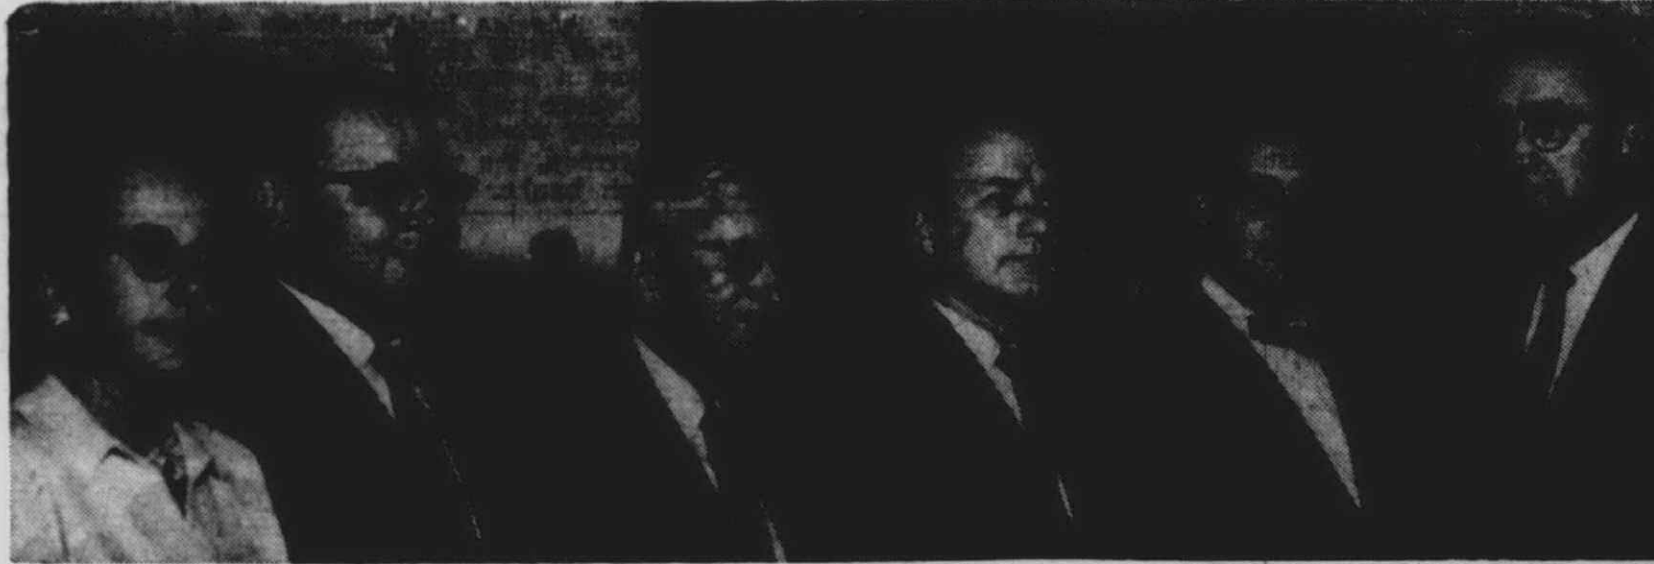

He said that all persons interested in playing in the band are invited to take part in the try-outs. Plymouth residence is not a requirement, Griffith said.

The try-outs mark the start of the Plymouth community band's third season. Size of the band the past two seasons has been about 25 members. Griffith said that this was not a maximum limit, however.

Some large instruments are furnished, including tubas and French horns, but the smaller instruments must be provided by the band members themselves.

There are no fees for participation, since the band is supported by various fund-raising projects conducted over the course of the band year.

First actual performance by the community band is tentatively set as a Christmas concert at a Catholic boys' orphanage. Further information may be obtained from Griffith at the Senior High School.

Sterling Eaton, advanced gifts division chairman, was unable to attend the luncheon. The luncheon was attended by nearly 80 persons in all.

OF INTEREST TO FARMERS-AT-HEART

BY MELVIN L. WOELL, MGR.
INFORMATION DIVISION
MICHIGAN FARM BUREAU

Michigan farmers need help in meeting a major crop menace head-on. City people are involved too, — as is anyone who likes green turf, lovely gardens, flowers, or vegetables. And who would welcome bare golf courses?

A horde of voracious Japanese Beetles is sweeping across the Ohio border, spilling into southern Michigan counties, — solidly infecting some 80,000 acres of prime farming land in Monroe and Lenawee counties with a sprinkling of spot infestations to the north. If unchecked, all of lower Michigan will succumb to the pest which feeds on over 275 host plants including major tree fruits.

In some areas, the beetles are so thick that housewives complain of them getting in their hair. Upwards of 100 of the half-inch beetles have been reported feasting on a single ripe peach.

Bad as losses are from direct mutilation by beetles (in some golf courses, the turf is loose, efficiently detached from below by the burrowing beetle grubs in larval state) — the greater economic damage is tied to possible quarantines to prevent further spread. "During the flight of the beetle, covering about a three-month period, no agricultural produce can be moved out of the quarantined area without 'certification' report officials of the Michigan Department of Agriculture. Certification procedures will vary with commodities, but in the case of grain, fumigation is indicated.

What's to be done? Mobilization of money and manpower can halt the march of Japanese Beetles into all of Michigan. Effective eradication is possible at a cost of around \$480,000 — or six dol-

lars per treated acre. In view of the many millions of potential direct damage, plus other millions lost in fumigation and other quarantine measures, \$480,000 is a minor sum.

It may require appropriations by a special session of the legislature, — and in Michigan's currently highly-charged political atmosphere, anything can happen, including attempts to use the occasion to gain political advantage.

If statesmanship is applied by the Governor, his staff, and members of the legislature, this won't happen. The Japanese Beetle problem is too important for party politics. At stake is the future of Michigan agriculture, — our second largest industry.

The Professor Says...

BY ED BROWN

Isn't Fall a beautiful season? The trees changing colors are a spectacular sight. Mother Nature's Fall treat of leaves suddenly turning red, brown, yellow or orange with the first nip by Jack Frost is really a marvelous thing.

Some trees change real early, while others hold on to their leaves until forced to give them up — just as though they hate the feeling of being bare once more.

One can take a drive anywhere in Michigan, and witness this breath-taking chemical action of leaf change by Nature.

The Ann Arbor area is particularly well-suited for such a drive, for it is rich in color, and is plentiful with trees.

If a family really wants an enjoyable afternoon, on a nice day, there are numerous opportunities right in our own vicinity. Have you ever been to a cider mill and watched a pple cider being made? Well, it is an experience that you should avail yourself.

There are two mills not far from Plymouth. One is the Parmenter mill in Northville, and the other is beyond Farmington at Franklin Village. Both have hundreds of visitors during the week and still more on Sundays.

Each cider mill has fresh fried cakes and cider to sell to the waiting public. More important, the sightseers get a chance to see the cider presses in operation.

The power to run the presses comes from a big 15-foot water wheel, but the fascinating operation is the presses separating the liquid from the apples. Many gallons of cider are turned out of a mill in a day.

Why don't you take your family and visit one of these mills soon?
WHAT EVER HAPPENED TO???

I was real busy this past week so did not get a chance to contact my personality of the week.

However, I did attend the Michigan-Army football game at Ann Arbor last Saturday, and thoroughly enjoyed the game on a truly wonderful and sunny day.

The Good Old Days . . .

TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

10 YEARS AGO

First National Bank in Plymouth and Plymouth United Savings Bank opened as offices of National Bank of Detroit Wednesday morning, when the merger of the banks became effective—the resources, facilities, and experience of all combined to serve a greater Plymouth, Livonia, and adjoining areas.

Andy Dunn Day was celebrated by members of Plymouth's Rotary club last Friday to pay tribute to Mr. Dunn who is to soon leave Plymouth to make his home in North Carolina.

The Plymouth Symphony Society's \$4,300 fund-raising drive has entered its second week with a large gap remaining to be filled to meet its 1952-1953 operating budget.

A movement is underway here to influence builders of new business blocks to consider using colonial design on exteriors of their buildings to conform to a style truly in keeping with the name of the city.

Plymouth's major eating establishments experienced a new rush at their tables after the State-Michigan football game last Saturday night. Waiting lists were in operation at the Hotel, Arbor Hill, and Hillside and between the three institutions over 1,500 persons were served dinners on Saturday night.

Mrs. Edwin P. Allen of 42450 Parkhurst reports blue violets blooming in her garden.

William Widmaier, son of Mr. and Mrs. Richard Widmaier and a friend here returned to Kenosha, Wisconsin after visiting with his parents in Plymouth.

Mrs. Graham Noble was guest of honor at a stork shower last week when 20 guests gathered at the Miller Ross home on Ann Arbor Rd. Co-hostesses with Mrs. Ross were her daughter, Betsey, Mrs. Edward Hauk and her daughter, Mrs. Beverly Sharpe.

Dedication ceremonies of Michigan's new Northville State Hospital will be conducted tomorrow with Governor F. Mennen Williams delivering the dedication address at the institution at 1:30 p.m.
