

Vandals Vent Their Anger Throughout House While Owners Vacation in Florida Sunshine - Five Teenagers Cited by Ann Arbor Sheriff

PLANNING A VACATION away from home? If so, you had better take all the precautions you know so that you'll not return to a scene similar to the one pictured above. Five Plymouth teen-age vandals, according to police officers, had a field day last Friday night at the home of Mr. and Mrs. George Schmeman on Territorial Rd. Photos and more details on another page inside, show other rooms of the house which had a thorough going over only a few days after the Schmemans left for a Florida holiday away from the cares of the Salem Real Estate office which they operate here in Plymouth. Five local youths, accused of the crime by Washtenaw Sheriff's officers, are now out on bail.

NEW OWNER of Tait's Cleaners here is John Addison (right) shown with Cliff Tait, who had owned the laundry and dry cleaning firm since 1944. (See story this page.)

ALL SET to perform in the Plymouth High combined Band and Choir Mid-Winter concert Saturday, Feb. 9, is this group of five band members. From left: Pete Ackerman, Dale Livingston, Cheryl Wright, Reta Lane and Terry Holt. (See story this page.)

THE CHURCH OF CHRIST of Plymouth will hold open house at its new location at 9301 Sheldon Rd. Sunday at 3 p.m. Guest speaker will be Willard Collins, vice president of David Lipscomb College. The new church, only recently completed, will seat approximately 800 members. The church previously was located on South Main St. (See story this page.)

Three Visit Washington to Speed City Hall

In hopes of speeding up action on City of Plymouth's four requests for federal grants-in-aid, a trio of City officials made a whirlwind junket to Washington, D.C., Tuesday.

Mayor Robert Sincok, Manager Albert Glassford and Attorney Edward Draugelis were to visit Michigan senators and congressmen in the nation's capitol, as well as an official from the Department of Commerce.

Since submitting three months ago the City's requests for federal funds to aid in building a new City Hall and a 3-million-gallon water reservoir, and in up-dating the internal water transmission system as well as improve downtown parking along Fralick St., City fathers have heard nothing concrete on their package of applications.

In an effort to gain an inside look at the status of their requests, City Commissioners Monday night swiftly approved the expenditure of funds necessary to send Sincok, Glassford and Draugelis on a fact-finding visit to Washington.

The three were to speak with Congresswoman Martha Griffiths, Congressman-at-large Neil Staebler, Senator Pat McNamara and Senator Philip Hart. The itinerary had been arranged earlier.

A fifth stop on their brief journey was to be at the office of an executive of the Department of Commerce, ultimate deciding agency on requests involving funds through the accelerated public works act.

"If we don't show an interest in these requests," Glassford told Commissioners Monday night, "they're liable to die on the vine."

Previously appropriated accelerated funds have been committed, and a new appropriation must be made by congress before any of the City's requests may be filled. Glassford said he had talked with one of Sen. McNamara's assistants and was told that if City of Plymouth officials would visit key persons in the nation's capitol, it conceivably would strengthen the City's position regarding accelerated funds.

Although City Clerk Joseph Near has periodically checked with Chicago authorities in the regional office of the Housing and Home Finance Agency, no definite word has been learned as to the City's applications.

There was considerable optimism shortly after the requests were submitted about 12 weeks ago, but this evidently has cooled. There has even been some unofficial conjecture that the City might not receive any funds at all.

Two of the four requests are described as major ones in City circles. The first is the application for funds to support the 3-million-gallon water reservoir on Beck Rd. and the second is for assistance in building a new City Hall on Main St.

Commissioners maintain City of Plymouth will build the reservoir, apparently even without federal assistance. The City Hall is not in that category, however, nor are the other two projects.

The three local officials were due back Tuesday night. They left by plane Monday night, almost immediately after unanimous approval for the trip was granted by fellow Commissioners.

In other matters of business during the Monday night regular Commission meeting, Glassford, Sincok and Supervisor A. E. Vallier were appointed as a special committee to seek another audience with Detroit Water Board general manager Gerald Remus.

Tait's Cleaners Sold To Greene's President

The sale of Tait's Cleaners was announced jointly this week by Cliff Tait, who has owned the local laundry and dry cleaning firm since 1944, and John N. Addison, the new owner.

Involved in the transaction was the firm's main cleaning plant at 14268 Northville Road and Tait's shirt laundry and branch office at 595 South Main.

Tait in 1962 sold his self-serve laundry and dry cleaning branch on Ann Arbor Road to Kenneth Reeves, it was revealed at the same time.

Addison, the new owner of the main plant and the shirt laundry branch, is president of Greene's Cleaners in Ann Arbor, although he has purchased the Tait's firm here independent of his Ann Arbor associates, he explained.

Addison, 54, lives in Grosse Ile and is also a representative with Scott, Foresman &

Co., textbook publishers. He has been an executive of Greene's for three years. He was a U.S. Navy communications officer in the South Pacific during World War II.

The local purchase was technically made by the Addison-Plymouth Corporation, of which Addison is president. Tait, a life-long Plymouth resident, has been appointed to the corporate board of directors and will be named to a position on the board of Greene's Cleaners as well. Addison said.

Tait, 59, is a 1921 graduate of Plymouth High and lives at 13970 Ridgewood Drive. He said he will remain in Plymouth, but has no immediate plans for the future aside from a California vacation shortly.

Associated with the laundry and dry cleaning business for more than 30 years here, Tait purchased his business in 1944 from Glenn Jewell. It was known at the time as Jewell's Cleaners. He had worked for Jewell.

Shortly after buying the firm, Tait remodeled and extensively up-dated the Northville Road plant and in 1956 opened the shirt laundry and branch office on Main St. He opened the self-serve laundry and cleaners on Ann Arbor Road in 1960 and sold it to Reeves two years later.

Married to the former Carl Pierce, of Plymouth, Tait is the father of two grown children. A daughter, Marjorie, is now Mrs. Theodore Thrasler. Both are Plymouth High graduates.

His son Clifford, Jr., is 23 and a U.S. Navy lieutenant (j.g.) stationed in California. Mr. and Mrs. Tait will visit him during their vacation there soon, Tait said.

Tait is well-known beyond the hemisphere of his laundry and dry cleaning business. He is a Rotarian and is a past master of the Plymouth Masonic Lodge.

Addison, the new owner, made this statement: "It is my plan to continue to operate Tait's Cleaners on the same high standards established by Mr. Tait over the years, and I hope that Tait's Cleaners will continue to deserve and enjoy the prestige that it presently does."

"We definitely will retain the same fine employee staff (Continued on page 8)

New Church of Christ Dedication Is Sunday

Members of the Church of Christ of Plymouth will hold open house and formal dedication services at their new building at 9301 Sheldon Rd. this Sunday.

Evangelist Willard Collins will speak at 10:30 a.m. and 3 p.m. Both services are open to the general public.

Reeder Oldham, minister, said that alumni, patrons and other supporters of the college "are especially invited to attend the dedication service."

The opening of the new church on Sheldon Rd. marks the culmination of more than a year and one-half of planning by the congregation.

The Church of Christ previously was located at 9451 South Main St. Plans for a new church were started soon after minister Oldham arrived here in 1962.

The four acres of property were purchased in November 1961 and last June \$150,000 in bonds were sold to raise funds with which to finance the church construction. Congregation families purchased 42 per cent of the issue.

Ground-breaking ceremonies were held July 4 and construction got underway two weeks later. Numerous local contractors handled sub-contracting construction work and the Padien Construction Co. was the prime contractor.

Modern architecture joins with functional design in the new church, according to Reeder Oldham, the minister. Total floor space is nearly 25,000 square feet and comprises an 800-capacity auditorium, classrooms, office space, nursery, kitchen, lounge, fellowship hall and other necessary rooms.

Total cost was \$148,000. There is parking available for 200 cars, and much of the four acre site will be paved, while another portion will be reserved for future church expansion.

First service of the Church of Christ in Plymouth was held by Mr. and Mrs. Paul Cole in 1938. Present membership in the church is 225.

The visiting speaker for the dedicatory service and open house Sunday is vice-president of David Lipscomb College and is much in demand as a guest at church meetings. He is the author of three books, each dealing with religion.

The band selections include the "Montmartre March," numbers from "Pathétique" and several from "Bye, Bye Birdie." The complete musical of "Bye, Bye Birdie" will be staged in the Plymouth High auditorium late in March, Griffith said.

The choir portion of the program will also feature numerous songs of wide and popular renown, it was explained.

Local Boy Scouts Plan Kellogg Park Camp-Out

Plymouth area Boy Scouts, celebrating the 53rd anniversary of scouting in America, will camp overnight in Kellogg Park this weekend and will set up displays of handicraft to be viewed by visitors.

A complement of 32 boys and their scout leaders will set up camp Friday evening for the three-day event in the park here. They plan to break camp Sunday afternoon.

The City Commission earlier had granted permission to the scouts to use Kellogg Park this weekend.

The camp site will be a typical scout camp with the traditional fire lighting ceremony slated to open the program officially. The public is invited to the fire lighting as well as to other events and displays over the three day period.

The City Commission earlier had granted permission to the scouts to use Kellogg Park this weekend.

The camp site will be a typical scout camp with the traditional fire lighting ceremony slated to open the program officially. The public is invited to the fire lighting as well as to other events and displays over the three day period.

Following the fire lighting, the scouts will repeat the

pledge of allegiance, will renew the Scout Oath and Law, and will participate in fire-side stories and songs.

Also featured during the week-end will be a continuous movie on scouting, plus a tent in which hot coffee and donuts will be served and a complete display of Boy Scout first aid equipment.

All of the Scouts remaining in camp for the three days will do their own cooking on open fires and will be demonstrating various methods of outdoor cooking.

The weekend camp-out is designed to further acquaint the public with the Boy Scout program and its various activities, explained Don Allen, a local community commissioner of the Boy Scouts.

Allen and fellow commissioner William Elliott will be on hand during most of the weekend in Kellogg Park.

The actual Friday night program includes the bugler's "assembly call" at 7:15 p.m., the Oath and Law 15 minutes later, invocation at 7:35, the opening ceremony about 7:40, introductions at 7:45 p.m., group singing at 8:05, and the closing ceremony and benediction at 8:15 p.m.

The public is invited to attend the Friday evening program and may return during the day Saturday to view the many displays and other Scout activities.

Special Study Analyzes Plymouth's Fund Needs

A consultant's report analyzing social, health and welfare needs of the Plymouth Community has been prepared and distributed to members of the Board of Directors of the Plymouth Community Fund.

It was prepared by Mrs. Ruth Eckstein at the request of the Fund's Board members last year. Mrs. Eckstein is a consultant from the University of Michigan.

"The report," said Fund President Russell Isbister, is designed to analyze the needs of the community in terms of overall services and to help us discover to what extent these needs are presently being met by participating agencies of the Plymouth Community Fund."

The un-met needs, he explained, would be studied to see if the Fund in any way could offer assistance.

"The Board wants to study the report considerably more deeply before taking positive action, however," Isbister said. "The only action we've taken so far is to appropriate funds to establish a family counselling service here."

The report was prepared and submitted prior to the Fund's annual meeting in January, Isbister said.

Among other things, the report states that the Plymouth community receives \$19,000 in services from Detroit's United Fund, and returns about \$2,700 in reciprocal measures.

"We participate in the UF to the extent that 15 per cent of total donations here are turned over to the United Fund," Isbister explained.

Among interesting statistics contained in the Eckstein report were projected figures on 1970 population of the community. The report stated that in seven years the population of the City would grow to 10,500 and to 16,500 in the Township.

Commissioner Robert Bayer raised the question of specific motel outlets and speculated on whether liquor might not be sold in any number of places which could qualify as a motel. Hotel manager Ralph Lorenz, in attendance at the meeting, answered the inquiry by citing the Michigan Statute which defined motels, which could qualify, as having to have so many rooms and so much dining facility area to meet the specifications of the act.

If the act should pass through the Legislature and get the approval of the Governor it would take precedent over local option in regard to hotels and motels and would make the sale of spirits possible in communities where it is now forbidden.

The Commission adopted the following resolution covering the proposed legislation:

"Whereas, the Mayflower Hotel employs in excess of 100 persons and is now and will continue to be an important part of the economic future of the City of Plymouth;

Commission Says "Yes" To Liquor Bill

Members of Plymouth's City Commission went on record Monday night as favoring a bill introduced into Michigan's Legislature which would permit the sale of alcoholic beverages at Hotels and Motels as defined under the Michigan Statutes in the Liquor Control Act.

The bill would permit the sale of liquor by the glass in hotels such as the Mayflower with approval of the Liquor Control Commission and the local City Commission.

Dimes Mothers' March Raises \$2,000 Locally

It was a cold night, but donors to the Mothers' March phase of the local March of Dimes campaign had truly warm hearts.

Contributions of nearly \$2,000 were made Jan. 26 when 130 Plymouth housewives canvassed Plymouth City and Township, it was announced.

The local drive ended last Saturday with the annual Teen-Age Peanut Sale. Mrs. Earnest Berridge announced that the 60 teen-age volunteers received donations totaling slightly more than \$300.

The Wayne County Mothers' March this year totaled \$250,000, compared to \$275,000 a year ago.

Mr. and Mrs. Joseph Wimer, local March of Dimes co-chairmen, extended special thanks to all the volunteers who worked so people could "give for the life of a child."

They extended their appreciation, too, to the donors themselves for their cooperation and generosity.

Donations to the March of Dimes go to the National Foundation's enlarged research program to fight the crippling of birth defects rheumatoid arthritis and polio.

One of the newest centers receiving March of Dime financial support is the Birth Defects Clinical Study Center which opened recently at the University of Michigan. The National Foundation also sponsors the Polio Treatment Center at the University Hospital in Ann Arbor.

The public is invited to attend the Friday evening program and may return during the day Saturday to view the many displays and other Scout activities.

Industrial Developers Now Need Only \$2,000

Seeking a total of \$8,000 locally with which to finance the re-location of Chem-Tek Corp., a manufacturing chemical firm, in the City of Plymouth, the Industrial Development Corp. has already raised approximately \$6,000.

"But we still have to broaden the base of participation, and we've got to raise \$2,000 more before this one particular project can be considered a definite certainty," said Frank Arlen, president.

Arlen explained that recent cash participation coupled with pledges has raised about \$6,000. Anyone can buy a share in the Industrial Development Corp., he explained. A share of stock is \$25.

While the stock returns neither interest nor dividends to the holder, it represents an investment in the future of the entire community, Arlen said.

He indicated he would like to see the additional \$2,000 come from average Plymouth citizens, not necessarily from prominent residents or businessmen. "It would help widen the participation and increase local interest in the Industrial Development program," he added.

Arlen indicated that approximately \$3,000 has been raised in actual cash. The balance between that amount and the \$6,000 has come in pledges. The pledges are expected to be turned into cash within 30 to 60 days.

Shares in the Industrial Development Corp. may be purchased at the Chamber of Commerce office, 455 South Main, or by contacting Arlen at GL 3-1540.

Accuse Five Local Teenagers of Vandalism and Theft in Home Here

SOMETIME LAST FRIDAY NIGHT between visits by Mrs. Edwin Schrader, malicious vandals visited the home of her sister and brother-in-law, Mr. and Mrs. George Schmeman, on Territorial road and completely turned the contents upside down. Police say maliciousness was the main purpose of the vandals visit in lieu of the fact that little of real value, except a couple of pistols, were removed from the home. Left intact were such items as sterling silver, a mink stole and other items of value usually the object of thievery.

DRAWERS WERE UPTURNED, closets were ransacked, pictures smashed and lamp shades torn to shreds by the marauders. Detergents and liquid items were thrown loosely throughout the house and a kerosene lamp's contents had been emptied over much of the clutter indicating a fire might also have been in the minds of the visitors. According to Washtenaw County detectives, who investigated the breaking and entering, it was one of the most complete examples of malicious destruction they had ever witnessed.

THIS IS A SCENE in a bedroom closet, typical of those throughout the entire house. According to police, entry was made, probably, through a window which had no lock. At this writing five area teenagers, accused of this crime, some with local police records, are out on bail from the Ann Arbor jail.

Close cooperation between local police, Wayne County Sheriffs and the Washtenaw Sheriff's office brought the probable solution to the breaking and entering. Wayne County Sheriff's officers made the arrest of three of the local youths who were caught with two of the Schmeman pistols in their possession along with dynamite and other questionable items.

Local authorities, who have no jurisdiction over this area, however, pointed out once again, the importance of proper planning by localities who expect to be away from their homes for any period of time. Public Safety director Kenneth Fisher said his department would gladly discuss precautionary measures with local residents planning a trip if they cared to contact his department.

Found Guilty Of Violating 5 Ordinances

A court injunction was issued against a Plymouth Township property owner last week, ordering him to refrain from using his property for multiple-family dwelling purposes.

The property is zoned single family residential. Named in the injunction was James Thomson, of Dearborn. He is the owner of property and buildings at 9801 McClumpha Rd. in the Township. The injunction was issued by Wayne County Circuit Court Judge Carl M. Weideman.

The Township had brought suit against Thomson for violation of several local ordinances, including those covering heating, electrical and plumbing work, plus zoning and swimming pools.

Township legal counsel Earl Demel, a Plymouth attorney, brought charges against Thomson in Wayne County Circuit Court. Visiting Judge Harold Van Domelen heard the case and ruled in favor of the Township Friday.

Judge Van Domelen found Thomson to be in violation of the ordinances and directed him to comply with the requirement that he obtain permits for work done recently on the McClumpha Rd. property.

Township Grant Request Is "In Order and On File"

Plymouth Township's application for federal funds to assist in the construction of a sewer line extension along Joy Rd. from Sheldon to Beck is "in order and on file" with the Chicago regional office of the Housing and Home Finance Agency.

Supervisor Roy Lindsay personally telephoned the Chicago regional headquarters of HHFA recently and was told that all was "in order" as far as the application itself is concerned. All the Township can do is wait, was the way Clerk John McEwen put it Tuesday.

The request is for 50 percent of the \$165,000 project under the terms of the six-month-old accelerated public works act. Previous appropriations, it is believed, have been committed and new appropriations will be necessary before the Township request may be acted upon.

In other Township affairs, new officers have been elected for the planning commission for 1963. They were named from among the nine-member group during its regular January meeting.

New chairman is Russell Ash, 11816 Brownell, vice chairman is Irving Rozian, 13925 Beck; and Tivadar Balogh is the secretary for the new year. Balogh lives at 49800 Joy Rd.

Other planning commission members are C. Veach Sparks, who is also a member of the Board of Trustees, W. C. Koch, Carl Hartwick, Bruce Kolak, Austin Stecker and Arthur Haeske.

The Township's planning commission makes recommendations to the Township Board on such matters as zoning regulations and changes and overall area planning.

The food industry will spend more than \$100,000,000 this year inventing and developing new products, 2 times what it spent 5 years ago, according to "Life" magazine.

Damages Total \$2,500 In Canton Township Fire

An estimated \$2,500 in damages resulted to a home in Canton Township Sunday when fire broke out near a first floor electrical wall socket and the flames spread to the second floor and rooftop.

Canton Township fire chief Fred Korte said he believed that defective wiring caused the blaze.

The home, located at 975 Ridge Road between Ford and Cherry Hill Roads, is occupied by Mr. and Mrs. Albert Patrierno and other tenants, not immediately known.

Patrierno was at home alone Sunday at noon-time when he spotted the flames. He reported it after a delay in learning the Canton Township fire department's telephone number.

After arriving on the scene, firemen brought the flames under control in about 20 minutes, Korte said.

The majority of damage was confined to a second floor wall and the roof, although there was minor damage to the first floor wall near the electrical socket where Patrierno first noticed the flames.

Patrierno and his wife moved in with their son, Albert, Jr., at 46541 Saultz Road, Korte reported. He had not learned the whereabouts of the other tenants of the house.

A two-story wooden frame structure, the house is believed to be about 100 years old.

Korte said that the delay Patrierno encountered in trying to learn the phone number of the Canton Township fire department resulted in somewhat greater damage.

He cautioned that it is wise for all residents to know important telephone numbers by heart, or to have them posted prominently near the telephone itself.

He said this is particularly important where fire and police department numbers are concerned.

Plymouth City Minutes

Monday, January 21, 1963. A regular meeting of the City Commission was held in the Commission Chamber, 11:30 a.m. on Monday, January 21, 1963. 7:30 p.m.

PRESENT: Comm. Hartmann, Hook, Shear, Wernette and Mayor Sincock. ABSENT: Comms. Beyer and Terry.

Since Comms. Beyer and Terry were out of town, their absence was excused by the Commission. The Clerk presented bills in the amount of \$104,031.99.

Moved by Comm. Hartmann and supported by Comm. Hook that the bills, in the amount of \$104,031.99, as audited by the auditing committee, be allowed and warrants drawn. Carried unanimously.

The Clerk presented the following reports for the month of December, 1962: Building Safety, D.P.W., Fire, Health, Municipal Court, Police, Survey and Treasurer.

Moved by Comm. Wernette and supported by Comm. Hartmann that the above reports be accepted and filed. Carried unanimously.

The City Manager presented a communication from the City of Steel requesting that the agreement between the City and the City of Steel for fire protection be terminated.

The following resolution was offered by Comm. Hartmann and supported by Comm. Shear:

WHEREAS, the Pilgrim Drawn Steel Division of the Automotive Materials Corporation of Plymouth, Michigan, in its communication dated January 2, 1963, requests that stand-by fire protection provided for the plant in Plymouth Township be discontinued;

NOW THEREFORE, BE IT RESOLVED, that the City of Plymouth do hereby discontinue providing stand-by fire protection for the Pilgrim Drawn Steel Division of the Automotive Materials Corporation of Plymouth, Michigan, effective March 31, 1963; and

BE IT FURTHER RESOLVED, that the Clerk supply a copy of this resolution to the Plymouth Fire Department, Plymouth Township Board and to the Michigan Inspection Bureau.

Moved by Comm. Hartmann and supported by Comm. Shear that the City Manager be authorized to communicate with the City of Steel regarding the termination of the agreement.

The City Manager presented a communication from the City of Plymouth regarding the proposed disposal of permits over the 500 allowed without charge.

The City Manager advised that the City share charge for 32 permits would amount to a very small amount of money and that very few of the permits are in use.

Moved by Comm. Shear and supported by Comm. Wernette that no charge be made for the 32 permits.

Moved by Comm. Hook and supported by Comm. Hartmann that the meeting be adjourned.

Time of adjournment was 8:18 p.m. Robert Sincock - Mayor Charles Thompson - Acting Clerk

Model Car Contest

The D & C store here has announced it will sponsor a custom model car contest March 18, according to store manager Richard Wweley.

There are two age groups involved in the contest, the junior group from ages 8 to 12 and the senior bracket from age 13 and older.

First prize in both divisions will be a trophy, symbolizing the participant's victory. There are second and third place prizes, too, Wweley said.

Rules of the contest are simple, he explained. Youngsters may make a model car of any scale from ready-to-assemble kits or a "built-from-scratch" variety. Then enter it at the store, said Wweley.

School Election Set for June 10

Local voters will get little respite as far as elections are concerned this spring, even after the April 1 biennial balloting has taken place.

On June 10 - only 70 days after the spring election - the Plymouth Community School District election will be held.

Two School Board members' terms will expire and be decided upon by voters. Both Harold Niemi and Peter Zylstra, Jr. are completing four-year terms on the Board. The Board numbers seven members all told.

Deadline for candidates to file their nominating petitions is Saturday, May 11, at 4 p.m. Final day to register for the school election is May 13, at 5 p.m.

Frozen Water Lines Plague City's DPW

Frozen water lines plagued the City's DPW crews last week during the sub-zero cold snap, according to Director Joseph Bida.

With the help of local contractors, the DPW successfully thawed out 33 water service lines and repaired two service line leaks, Bida reported.

Contributing to the rash of frozen lines, Bida explained, was the fact that winter frost in the ground has reached as deep as three feet in some places of the City.

Bida made this statement: "After a water line has been thawed, it is advisable to permit the water tap to run until the severe cold spell is over. The tap could be turned to permit as little as one gallon per hour to run and this would assure that the line would not freeze again."

"Where the City thaws out lines, DPW workers must remove the head of the meter. Thus, after the City once has thawed out a residential service line, any further work required relative to a frozen line there must be billed to the customer."

Bida said that the DPW has been so busy with frozen water lines elsewhere, workers have not yet had time to thaw a frozen line in the DPW garage.

A CENTURY-OLD landmark on Main St. disappeared this week as workmen leveled the remains of the "Heddon building" opposite the City Hall. Heavily damaged by a stubborn fire in December, the building was judged unfit for further use and was razed. There are no immediate plans for the use of the property there, indicated the owner, Mrs. Ethel Jolliffe.

January was a busy month for the Spoon & Spool 4-H Club. During the month they baked and decorated more than 300 cookies, which they gave to the Plymouth State Home for the Children's Ward birthday party.

At their Jan. 16 meeting they learned many valuable demonstration aids from Mrs. Marion Miller, County Chairman for the Demonstration Project. Then on Wednesday, Jan. 23 several members attended the Members' Awards Banquet at which time Marilyn Meyer received an award pin for her work in Foods Projects; and Carol and Deeanne Bosman received Dress Review Pins. Other members of Club are: Barbara Authier, Judy Breitmeyer, Carol and Caryn Eisenstein, Debby and Patty Bosman, Kay Voss, Denise Greenwood, Beth Bauman, and Terri Schwartz.

News from Jr. High East

Pictures and yearbooks have been passed out containing classes in session, group activities, the Student Council and its Executive Board, our principals, Mr. Harding and Mr. Taylor, and pictures of all students of which many proved to be quite photogenic. This little book will be tucked away amongst the students high school treasurers.

The Honor Roll will be published next week.

A herd of 2,390,000 Guernsey cows would be required to supply the cream Americans pour into their coffee in 1 day. Pasture land for these cows would cover an area 1/2 the size of Ohio, according to "Life" magazine.

The PLYMOUTH MAIL

(Continued from page 1)

Purpose of the meeting will be to discuss further the previously-quoted Detroit delivery price of water. The price Remus has quoted is 19.6 cents per 1,000 gallons. The City Commission has hopes of negotiating for a more favorable rate, partly based on the City's intentions to build its own storage facilities, the reservoir on Beck Rd.

Vallier, in a related matter, proposed that the Commission consider sending a letter of inquiry to all residential water users here in an effort to determine public thinking on the Detroit water proposal.

"I'm interested in learning what the people have to say about this," he said. He suggested including a questionnaire with the next water bills. The questionnaire could then be filled in by residents and returned to the Clerk's office where the results of opinion would be tallied for reference.

Commissioner William Hartmann said that the suggestion "had merit" but that no action should be taken until further facts are available on total water costs. A study is underway on this matter. Vallier's suggestion was tabled, pending completion of the committee study.

In other business, Commissioners directed Glassford to discuss with the DSR a proposal by the Northville Coach Lines to set up a twice-daily express service to Detroit from here.

Commissioners were hesitant to approve the Northville Coach Lines request, until determining how it will affect the present DSR service. The Northville Coach Lines desire to run two non-stop bus trips each week-day morning from Plymouth to Detroit. One would leave at 7 a.m., the other half an hour later.

In brief items, Commissioners: 1. Agreed to pay election board workers \$25 per day and chairman \$28 per day in forthcoming elections. 2. Learned that Robert Fryer has been named director of the Michigan Municipal League.

3. Were informed that Detroit Edison has plans to improve the timing device that activates downtown street lights here; the move will alleviate a problem that Commissioners had discussed earlier in which street lights were not coming on here until well past the current hour of dusk. 4. Passed a resolution urging that the office of county drain commissioner be abolished.

5. Resolved its support of House Bill No. 62 which, in effect, would permit qualifying hotels in "dry" communities to receive liquor licenses, the Hotel Mayflower is one of these. 6. Received a letter of thanks from the Michigan Cancer Foundation for having approved a house-to-house fact-finding survey here in late March and early April.

7. Agreed to meet Monday night with Michigan Bell Telephone Co. officials to explore further the telephone rates and resulting differential in rates between this community, portions of Livonia and Farmington and the City of Detroit.

Chips from the ROCK

So, you have an operation...you talk about your operation. I didn't have one, however, though there may be one in the offing, and it might be interesting to relate an experience I encountered last Thursday afternoon. This will also explain my part-time participation during the last three months in my office and local civic gatherings.

I sat reading an old copy of Nation's Business in one of the "cells" provided for waiting patients in all hospitals. My subject matter was the two monkeys used as guinea pigs in our first space flights. The story related the death of one and the luxurious kind of life the other was enjoying while being studied for effects of the orbital flight.

A half hour later these two monkeys had nothing on me because I learned, I, too, had been more or less of a guinea pig by being administered a new drug which had seemingly proven a successful cancer preventative.

This was the last week of October, since which time I have had difficulty in persuing a normal daily routine. My major present ailment, I then learned, had been caused by the most violent reaction to the drug that the great University Medical Center had ever encountered.

Most people can take penicillin and apparently most people can take this new drug, but unhappily I guess I couldn't. At this writing no one seemingly knows an answer or a solution and about the only constructive suggestions have been calorie counting and perhaps a visit to a warmer climate, after first making a date in Ann Arbor for further probing late in March.

At this writing no particular plans have jelled but there may be wisdom in this suggestion as I remember Ernest Hemmingway living on the theory that when he lost inspiration or found it difficult to write he found a change of scenery, coupled with a little travel, provided him new ideas and subject matter for his writings.

Perhaps that may be the immediate answer to my problem. At any rate I am enjoying that questionable distinction of being a first along with those two monkeys that helped pave the way for Sheppard, Grissom and Glenn. Who knows, I may be paving the way for you, though I hope not.

Our old friend Mel Partridge, now of Tecumseh, came into our office last Friday to add his knowledgeable facts on our interesting subject of Territorial road. Mel, who grew up here, said that as a boy he attended Cooper's Corner school which in those days was located on Sutton road, and that in 1896 he entered Plymouth High School and travelled Sutton road every day to get there.

However, he remembers that back in 1925 a group of residents who lived on Sutton road went to Detroit to see John Haggerty, who was then with the Wayne County Road Commission, in regard to improving the condition of the road.

The following year, or in 1926, the Road Commission graded the road, built a couple of bridges, one here where I live, and then gave the road its first coat of gravel from the city limits out as far as the county line. Then, after the improvement, one day the county came along and erected new signs on the corners designating this as Territorial road much to the disgust of all the residents at that time.

In case you don't remember where the Cooper's Corner school was located, it was the corner of Beck and Territorial roads, so called, because at one time a cooerage (barrel making business) flourished on one of those four corners.

National Bank's Bob Barbour ducked Kiwanis last week, no doubt hoping to miss that fine we mentioned, but we'll bet he was there this week after a phone call from Kiwanis sergeant-at-arms, Stewart Oldford, who told him he would add a dollar a week for each meeting missed until the fine was paid.

Saturday, and in the course of my phone conversations, I found the following interesting problems confronting four of our charming housewives. First, Mrs. Loren Gould was looking for her biffer husband Bud, too, because they had no heat in their home.

Mrs. Kal Jabara wished she could collar her hubby so he could be home tending the children, who, confined by the dismal weather to the house, were making it impossible for her to even get her Free Press read.

Mrs. Robert Willoughby, who, after midnight Friday, had finally got the beds erected in their new house so they could sleep, was having to leave for Lansing for a C.A.R. meeting she couldn't miss, even though there were two more truckloads of their furniture arriving that same morning... and one of my special subjects of constant confusion, the wife of my good friend and local mortician, Mrs. Edwin Albert Schrader, who had planned a quiet Saturday at home with her son, Win, and friend from Ann Arbor, and instead, spent most of the day with police and neighbors trying to clean-up the mess in her sister's (Mrs. George Schmeman) house after prowlers had looted and wrecked practically everything in it.

Whitman-Barnes advertising manager Donald Miesel, was slightly perturbed at us last week when, in our nice tribute to the Jaycees, we associated his fine company with Associated Spring and not United Greenfield.

It probably was all my fault because I no doubt got mixed up after checking how my stocks were doing in both companies. For my sake, I hope Mr. Miesel doesn't take the matter up with my old friend Ed Zipsie, United Greenfield president, or I am sure he and his nice wife Lois would probably fly right over from Chicago to spend a weekend with us "theatering" and "bridging" (at our expense) to get even.

And... by the same token I hope Carlyle Barnes, down east, Barnes-Gibson-Raymond's president, doesn't take this matter too seriously or I would probably get stuck for his next lunch at the Round Table Club when he flies in for one of his hurried conferences.

I'm sorry about the mix-up, but really I couldn't get two nicer people involved in such a human error as Mr. Zipsie and Mr. Barnes. Perhaps one of those two companies ought to make a name change because this isn't the first time I've mixed up these two Plymouth road assets.

Incidentally, in speaking of United Greenfield, I wonder if you have noticed how their stock has climbed since our old friends, the Zipsie's, moved from Plymouth to Chicago where he took over management of the parent company.

MFC Approves Sale Of City U.R. Bonds

Michigan's Municipal Finance Commission has approved the sale of \$69,000 in general obligation rehabilitation bonds by the City of Plymouth in conjunction with the City's federal Urban Renewal project on Mill St. here.

The announcement of the approval was made by Attorney General Frank J. Kelley, chairman of the MFC. The bonds are a general obligation of the City and are payable from taxes without limitation as to rate or amount.

Total cost of the project is \$37,887, of which 75 per cent will be met by the federal government.

PACKY'S BACK
J. A. "Packy" McAllister, who has fully recovered from recent illness, is now employed as a salesman at Beglinger Oldsmobile-Cadillac on Ann Arbor Rd.

Two centuries ago, coffee was of such importance that at least one famous king insisted on brewing his own. He was King Louis the Fifteenth of France who prepared his coffee over a spirit lamp and served it from a golden coffee-pot. When Louis' golden coffee-pot filled a dainty cup, the cup was often in the hand of Madame de Pompadour. Later, he poured his coffee for Madame du Barry and a famous painting of Louis the Fifteenth captures this scene.

Tait's presently comprises Tait's Cleaners.

There are about 25 employees at the Northville Rd. main plant and the shirt laundry branch office, Tait said.

"The average length of service of the employees," the former owner said, "is between eight and 10 years."

Tait added: "I have deeply enjoyed and appreciated the many fine friends and associates that I have made over the years in the cleaning business in Plymouth and I expect to see many of them regularly during the years ahead."

By comparison to average laundry and dry cleaning operations in the state of Michigan, Tait's Cleaners is classified as "large," the two men said.

A program established by the Michigan Crippled Children Commission for the training of child amputees in the use of artificial arms and legs was the first of its kind in the country.

The list includes 153 students from 44 Michigan counties, 71 students representing 29 other states, and one student from Iraq.

TREASURES FROM Plymouth Pantries

MRS. PAUL KELLER

A family favorite, a Southern Dish, is the recipe Mrs. Paul (Rosemary) Keller, who lives at 651 Sunset, offers Plymouth gourmet's this week.

Her mother-in-law introduced her to the dish and everybody liked it so well she began using it often. It's a one-dish dinner, easy to prepare, and can be made ahead of time and then just put into the oven. "It's a winter favorite in our house," she says.

A meal that pleases five children is quite a compliment to the recipe and Kathleen, 18, Jeanne, 17, Ronald, 14, Dennis, 13, and Paulette, 10, complain that they don't have it often enough.

Needlework is Mrs. Keller's favorite hobby. She is a member of the Rosary Society at Our Lady of Good Counsel parish and for two years served as secretary. At Ladywood High School she belongs to the Mom and Dad's Club and is active in Teen Club work.

SOUTHERN TREAT
4 large sweet potatoes
5 large cooking apples
1 1/2 lb. pork sausage or pork sausage meat (make into patties)
Little salt
1/2 cup brown sugar

Cook sweet potatoes. Peel and line baking dish on bottom, next core apples and slice across leaving on peeling. Put in layer on top of potatoes, next, half of brown sugar on apples. Fry the pork sausage nice and brown.

Plymouth Pioneers Welcome 3 Members at Recent Meeting

At their last meeting at the home of Mrs. Emma Schaeffle, 784 S. Main St., the Plymouth Pioneers welcomed three new members: Mrs. Clyde Fisher, Mrs. Stanley Gould and Mrs. Allen Maltby.

Assistant hostesses were Mrs. Jack Miller and Mrs. Arthur Karnatz. Mrs. Forest Olson gave a thought-provoking interpretation of the lesson topic, "Finding Time for Living."

A check was sent to the Plymouth State Home and Training School on Sheldon Rd. to be used at the discretion of the director for needed equipment. The money was donated at the club's December meeting.

Marketing chairman, Mrs. Kenneth Lunn and Consum-

er's chairman, Mrs. Sadie Ferguson each gave reports relative to food - its purchase, preparation and standards.

Important events coming up in the near future for the membership include a series of three programs on "Planning for Retirement."

Those who are interested are invited to attend one of the three lectures, entitled "The Challenge of Retirement" to be given on Feb. 19 at the Smith Junior High School in Dearborn from 7:30 to 9:30 p.m.

On Feb. 12 and 13 there is to be a "Heart of the Home" series at the Plymouth Public Library. Time set from 1 to 3 p.m. each day.

The March meeting will be held at the home of Mrs. Sadie Ferguson, 641 Wing St., with Mrs. Alice Alsbro and Mrs. Robert Van Meter as co-hostesses.

A program on "Safety," open to the public, is set for June 24, and is put on by the local fire department at Station No. 2. More information on this will come later.

Policeman Talks To Nursery School

Patrolman Henry Berghoff of the Plymouth Police Department paid a special visit to the Plymouth Children's Nursery on January 30. He described the problem of stray dogs and what to do when the children were confronted with one. He also talked about policemen and their work and he let the children examine his equipment. It was a most enjoyable visit for the members of the nursery.

Brian Chamberlain was also a visitor on that morning. A 9 year old student at Bird School, he played his accordion for the children and let them try to play it. He is the brother of one of the children in the nursery school and the son of Mr. and Mrs. Louis Chamberlain of 26000 Five Mile Road, Livonia.

Garden Club Will Meet at Library

The Plymouth Branch of Women's National Farm and Garden Association, will meet at 1 p.m. on Monday, Feb. 11, in Dunning-Hough Library.

Speaker for the day will be Dr. C. Howard Ross who will discuss "Symphony of Landscape." Tea chairman for the day will be Mrs. George Rowland, of 10550 Warren Rd.

Historical Society To Hold Bake Sale

The Plymouth Historical Society will hold a Bake Sale at Kroger's store on Friday, February 15th. This is an annual event and will be under the direction of Mrs. Sarah Renwick. It is being billed as an "Old Fashioned Sale," the things to be sold being done by the do it yourself method. The money raised by this sale will be used for the maintenance of the Historical Museum, which has become widely known and well patronized since its opening last May during Michigan week.

Grace Kuhns Has Role in Wilder Play

GRACE KUHN

Grace Kuhns, the daughter of Mr. and Mrs. Vernon C. Kuhns, 47530 Ann Arbor Rd., will be among the members of the cast of Albion College's presentation of "The Skin of Our Teeth" Feb. 8 and 9.

She is a sophomore at Albion. The play is a well-known three-act comedy by Thornton Wilder and will be presented by the Albion College Players group at the South Hall Auditorium on the Albion campus.

Mr. and Mrs. Eugene M. Pensari

ELIZABETH HAZEL BECK, daughter of Mr. and Mrs. S. Howard Beck, of 12138 Amherst Ct., and Eugene Michael Pensari, son of Mr. and Mrs. Eugene Pensari, of Bergenfield, N.J., exchanged vows in a double ring ceremony last Saturday in Our Lady of Good Counsel Church.

Elizabeth Beck, Eugene Pensari Repeat Vows

In a double ring morning ceremony last Saturday in Our Lady of Good Counsel Catholic Church Elizabeth Hazel Beck, daughter of Mr. and Mrs. S. Howard Beck, of 12138 Amherst Ct., became the bride of Eugene Michael Pensari, son of Mr. and Mrs. Eugene Pensari, of Bergenfield, N.J.

Given in marriage by her father, the bride wore a ballerina length gown of white lace over taffeta, fashioned with a scoop neckline, capped sleeves and bell shaped skirt. A white taffeta bow on the skirt was caught by a side drape. Her white nylon tulle short veil was held in place by a flower headpiece. She carried a cascade bouquet of stephanotis and detachable white orchid.

Attending the bride as maid of honor was Ann Pensari, sister of the bridegroom, who wore a green brocade frock with matching feather hat and veil. She carried an old fashioned nosegay of white tulle with small white carnations and tiny pink rosebuds. Serving the bridegroom as bestman was Michael Osborne, of Union City, N.J.

For her daughter's wedding, Mrs. Beck wore a taupe and brown silk suit with matching accessories. Mrs. Pensari chose a beige dress with matching accessories. Immediately following the ceremony, a wedding brunch was held in the Round Table Club for 14 guests from New Jersey, New York, Detroit, Otter Lake, and Trenton.

Meeting Set by Alpha Xi Deltas

Local Alpha Xi Deltas will meet on Tuesday, Feb. 12, at the home of Mrs. Donald Gruschow, 18798 Norwich, Livonia. Officers for the coming year will be elected at this meeting of the Dearborn Alumnae Chapter. The meeting will begin at 8 p.m.

Under the direction of Mrs. Robert Perkins, delegate to College Women's Volunteer Service, hound dog puppets will be made by the members for later distribution to children at Plymouth State Home. All members in the areas are invited to attend. Mrs. Barbara Nelson, GA 1-2686, or Mrs. Wallace Nelson, GL 3-3684, will be handling reservations for this meeting. Phi Province Convention will be held March 22, 23, and 24, in Ann Arbor. All Alpha Xi Deltas are urged to mark the dates and plan to attend.

Travel Centre's Jamaican Party Brings Caribbean Gaiety to Plymouthites

Fun and frolic were the by-words at the Travel Centre's "Evening in Jamaica" Friday night at Lofy's. More than 250 guests, many of them Plymouthites, were cast into an authentic Caribbean setting, complete with "limbo" dancing, bongos and calypso music. Providing the authentic music and dances was the Noble Wilson Caribbean Calypso group. Especially intriguing was the "limbo" dance, where native-dressed girls somehow got under the limbo bar at the 24-inch level. Opening with a hospitality hour, the evening culminated in a musical interpretation of the Caribbean Islands by the calypso group. Dinner consisted of a sirloin steak with trimmings. Kurt Thrun, director of the Travel Centre, described the evening as a "tremendous success." It was the second such authentic "evening" that he has staged recently. The other, last fall, was an Hawaiian Luau. He said he plans to hold five more such "evenings" during the 1963-64 travel season. First one will be in October, he said. Mrs. Hazel Boos, of Munroe, won a one-week trip for two to Jamaica as the grand prize. It is valued at \$500. There were favors for everyone and numerous other door prizes.

Taking up the shuttle where we left off on the tapestry woven during the major periods in the History of Art we stitch into Early Christian Art the next important development — Byzantine Art. We have covered this a bit in separate discussions on mosaics, the principal contribution of this period, but there were other important developments worthy of note — illuminated manuscripts and tapestries. This period — about 1200 A.D. — was a troubled one in the history of western civilization. Roman power had dwindled and the Roman Empire was broken up into small, war-like groups of people. The Church was the only stable institution in Europe. The task of spreading both faith and education was left to the monks. This was, of course, before the printing press had been invented and much of the time of the monks was spent in making copies of the Bible and other important books. This was done by hand, not on paper, but on vellum, a fine leather made from the skin of calves. The "illuminations" were hand painted in to brighten up the pages of laborious script. At first, they were simply decorative — not used to illustrate the words written on the page but were separated from the text by intricate woven bands like picture frames. Some of the interlaced bands derived from earlier, pre-Christian barbaric traditions and tended towards wierd serpent-like animals. Inside this barbaric border, meticulously printed in glowing reds, purples, silver and gold, were real Christian symbols: the circle and cross. This is one way in which the artist used symbolism — the frame, with its fighting monsters depicting the cruel, dark world of pagans, the circle, the enlightened world under Christ. Later manuscripts dispensed with the border all together and used the page itself, purple vellum, for instance, as the background of the illustration. Tapestries were used to add color to the interior of cathedrals on festive occasions. They also served a practical purpose in the huge, drafty chateaux by helping to retain and reflect heat from the open fireplaces. These tapestries were often woven in sets — one famous one being The Lady and The Unicorn series. Figures of animals, trees, flowering plants were favorite subjects. Historical events were also used. One embroidered strip, the Bayeux Tapestry, of linen, is 230 feet long and depicts the Norman Conquest of England in 1066. This was woven especially for the Bayeux Cathedral and is now on view in the Town Hall of Bayeux, France.

Thailand Missionary Visits Here Feb. 8-10

Rev. Norman Roadarmel

gram, a church, spokesman explained.

Reverend Roadarmel will show slides and discuss various aspects of his work during a family night gathering Friday evening, Feb. 8, at 6:30 p.m.

A special feature of the evening will be a display and sale of various Thai objects, proceeds from which will be used to aid further the mission work in Thailand.

Handwoven goods and Thai jewelry will be among the articles available. A baby sitting service will be provided.

On Saturday afternoon, Feb. 9, at 2 p.m., Reverend Roadarmel will present a program for the church school children, including the showing of his slides. Sunday, he will preach at both services and will speak to the Senior High Fellowship in the evening, it was announced.

Reverend Roadarmel is currently assigned to Prae, Thailand, where his work involves building church congregations in the entire presbytery.

He is responsible for reaching the non-Christians and encouraging them to become members of the church.

He is a graduate of the San Francisco Theological Seminary in San Anselmo, California, and in 1956 was assigned — along with his wife — to do missionary work in India.

This was changed to Thailand shortly afterwards due to the difficulty in securing visas for India.

The couple arrived in Thailand in 1957, immediately studied the Thai language at the language school in Bangkok, and in 1959 were assigned to Prae where they began their present work.

New Episcopal Vestry Expanded to 12 Here

Parishoners of St. John's Episcopal Church here last month voted to increase the membership of the church Vestry from nine to 12 members.

The move was approved at the church's annual meeting Jan. 16. The Vestry is the administrative body of the church.

Members of the Vestry are elected by ballot by the parishoners for a term of three years, but a Vestryman may be re-elected after a lapse of one year.

The new Vestry members are Gustav Phillips, John F. Eley, Fred Sincoc, Donald M. Whitesell, William B. Scott and Michael Bedford. Retiring Vestrymen include Harold S. Schoen, who has served as junior warden and chairman of the building committee, Roland R. Bonamici, secretary and treasurer Donald L. Vanderveen.

Grange Cleanings

Jesse Tritten
GL 3-6387

Tonight (Feb. 7) is Grange night again. We hope all members who are able to be out will attend the Pot Luck Supper at 6:30 p.m. and the meeting to follow at 8:00 p.m.

We have recently learned from our State Grange Secretary that Plymouth Grange now has the largest membership of any Grange in Michigan. We are very proud of this record and it is hoped that we can stay on top.

St. Joseph Hospital in Ann Arbor has been the temporary address of three of our usually very active members during the past few weeks. Sam Spicer is now spending his fourth week there and has improved to the point that he is hoping to return home sometime this week. Erma Brown who underwent surgery January 25 is doing nicely and is hoping to be home again soon. Mildred Collins, who had the misfortune to break her hip when she fell in her home, is doing remarkably well and the doctors tell her she will be coming home in the near future. Many cards and calls have helped pass the time for these Grangers at St. Joseph and they wish to thank those who have remembered them so often.

Friday, Feb. 1, was Grange Day at Capital Grange, East Lansing. Our master, Jesse Tritten, his wife Louise, and his mother Ellen Tritten from Brethren, Michigan and a member of Booster Grange in Manistee County, attended this meeting. An entertaining and informative program proved an inspiration to all attending this meeting.

A goodly number of our members are lucky enough to be vacationing in Florida or other places warmer than Michigan. We hope all enjoy their escape from the cold and that they will be back and active again when Spring arrives.

Tuesday night, February 12, will be Washnet-Wayne Pomona meeting. The place of meeting will be announced at the meeting of Plymouth Grange tonight. Let's all try to go and let the other Granges know we're as active as ever. It might inspire some of the smaller less active Granges to bigger things.

Plan Annual Salvation Army Dinner Meeting on March 4

Plans are well underway for the annual dinner meeting of The Salvation Army advisory board, it was announced this week by Major Ernest Hammer, local commander.

The event will be held Monday, March 4, at 6:30 p.m. at Lofy's.

Board Chairman Frank Henderson has several committees at work with hopes of making this "the most outstanding annual meeting to date," Major Hammer said.

Guest speaker will be Commissioner Robert Hoggard, a distinguished Salvation Army leader who has spent almost 50 years in the Salvation Army. Commissioner Hoggard entered the International Training College in London from Tokyo in 1911 and previously was in business in Tokyo. He is the son of pioneer Salvation Army leaders in Korea.

He has built a distinguished career in the Salvation Army and has served in Great Britain, Canada, New Zealand and Sweden, among other places.

For two years he was a member of the Advisory Council to the Salvation Army.

Storage Fee "Extra" In Sterling Township

(Second in a Series)

Sterling Township, near Warren, is a community on the brink of a fantastic population boom which will see an influx of more than 30,000 new residents during the next eight years. It comprises a full township — 36 square miles — and presently boasts a population of approximately 20,000, according to a township official. By 1975, Sterling will explode to 105,000 residents, and in 1980 the population will have reached an estimated 170,000.

Described as being "light" on industry, Sterling Township nevertheless is destined to drink, use, waste or otherwise consume an awesome amount of water over the years.

Last week, The Plymouth Mail explored circumstances surrounding the use of Detroit water in the neighboring communities of Garden City, Livonia and the City of Farmington. This week, The Mail turns its attention to Sterling Township, which has been under contract for Detroit water for the past two years.

It is a 35-year agreement, explained a Township spokesman, which means the contract will not expire until about 1995, more than a generation from now.

Although Sterling has been under contract only two years, it has been a Detroit water customer for six. Geographically, Sterling Township is bordered by Utica, Troy, Clinton and Frazer.

While spokesmen last week for Garden City, Livonia and Farmington indicated there were no apparent major problems in their respective relationships with Detroit over water service and related matters, a Sterling Township official spoke otherwise.

He asked not to be identified. "At first, Detroit cooperated with us," he said, after requesting to remain anonymous. "But today there's room for a lot of improvement."

He said that Detroit is "a bit arrogant" in its dealings with Sterling Township these days. The fact that a 35-year contract is in force was suggested as one of the reasons for this.

Bert H. Tolley is the superintendent of the Sterling Township Utility Board, which — according to his business card — comprises the township's water and sewer departments.

Tolley was named to head the two departments in 1956 when there were 18 water customers within the 36-square-mile area. "Today there are 3,300 customers and we're growing," he said.

Sterling Township pays Detroit 15 cents per 1,000 gallons for the first 10,000 cubic feet (75,000 gallons). The rate drops to 12.4 cents per 1,000 gallons for the next 675,000.

Beyond that, the rate goes to about 10 cents per 1,000 gallons.

(Detroit's quoted delivery price to City of Plymouth is 19.6 cents per 1,000 gallons, under what appears to be a flat scale with volume of consumption not yet having entered the picture. The City Commission hopes to negotiate the proposed "flat rate" in search of a possibly better price.)

In addition to the above prices, there are also a few extra charges that Sterling Township pays to Detroit. (The matter of "hidden charges" came up last week when Farmington City Manager John Dinan mentioned that City of Plymouth might bump into them for "extra capacity service at peak hours of the day.")

Tolley listed the extra charges that Sterling Township pays.

He said the township pays about 3.3 cents per 1,000 gallons for a "storage" service which assures Sterling of "maximum hour demand."

"This is fine," he said, "but the only actual storage is in Detroit's Eight Mile water lines — there's no storage of water out here at present."

Another "sur-charge" paid by Sterling Township involves a fee to Detroit for pumping water to a higher elevation there.

It amounts to approximately 4.5 cents per 1,000 gallons, Tolley said. The fee is described as covering Detroit's extra costs to pump water "up hill," essentially.

"I'm not questioning the fact that they have to pump (up hill) to us," he said, "but the areas between (Sterling Township) and Detroit don't pay this same pumping factor."

Tolley believes that the Cities of Utica and Pontiac and also Shelby Township will have to pay an extra fee based on this "pumping - to - a - higher - elevation" factor.

He did not offer any comments as to City of Plymouth's situation. However, engineer Herald Hamill here said that City of Plymouth is approximately 150 feet higher in elevation than Detroit.

In fact, in specific terms, the elevation at the front door of The Plymouth Mail is 724.92 feet, while it is only 576 feet on the Rouge River at a ship turning point in front of the Ford Motor Co. plant there, Hamill said.

When all of Sterling Township's Detroit water fees have been totaled, and operational costs of the department itself have been added, residential and industrial users pay rates based on the following scale:

Minimum water bill there is \$4.50 for 7,500 gallons. The next 15,000 gallons cost \$4.50 as well. The rate is \$4.40 for the following 15,000 gallons. Users pay \$19.75 for the ensuing 37,500 gallons and the rate scales downward as water consumption increases still further, Tolley explained.

There have been only minimum direct costs to Sterling Township residents over the years for any of the town-

ship's internal transmission lines, Tolley explained.

He said, instead, that "almost all of the water mains put in throughout the township have been paid for by residential and industrial developers."

There have been a few area assessments, however, he said.

Sterling Township had no internal transmission lines before Detroit water became available a bout six years ago, Tolley continued. Interestingly, there are still about 500 residential users on the Township with inadequate private wells, and Tolley's department delivers water by truck to these homes at a price of \$4 per 1,000 gallons.

It was understood that the township has encountered no serious interruptions or breaks throughout its internal transmission lines.

Tolley said, however, that there is a "pressure variance" of between 40 and 90 pounds per square inch. He added that a water pressure there is "normally steady at around 60 pounds."

Although Sterling Township has not had to install any pressure control valves, there is still "considerable" surging. "We have not been able to pin-point the exact cause of it," Tolley said.

The Township has made several surveys to determine the reasons for the surging and Tolley suspects that it could be a result of industrial use of Detroit water between Sterling and the Detroit supply source.

He said, however, that the surging problem has "stabilized" with the recent arrival of a 48-inch supply line.

Striving to become a city, Sterling Township held an election Jan. 15 asking permission of the electorate to incorporate. The proposal was defeated by 96 votes.

There are two school districts within the boundaries of the township and residents of each pay school taxes amounting to roughly 80 mills on local assessed valuation.

The township's own operational tax is 2.90 mills, Tolley said.

(Next week: City of Plymouth, its water supply system, the state of its internal transmission lines, what the future might hold.)

KIWANIS NOTES

By Ken Way

Guest speaker at last week's Kiwanis Club regular meeting was Detroit Common Councilman William Patrick, who spoke on the subject of "Citizen Participation in Government."

The meeting marked the kick-off of Kiwanis International's "Citizenship Quotient" week, which concluded last weekend. Local C. Q. Week chairman was local attorney Edward Draugelis, a member of the Plymouth Kiwanis Club.

Among other activities during the meeting, Carl Pursell introduced guests James Garber, Dave Bowman, William Davis and a group of eight regular Kiwanians from Ann Arbor and Wayne.

George Lawton, who last week was named Plymouth's Man of the Year for 1962, introduced the meeting's guest speaker, Patrick.

Patrick received his law degree from the University of Michigan and is Chairman of the Ways and Means Committee of the Wayne County Board of Supervisors in addition to his duties as a member of the Common Council of the City of Detroit. Citizens should participate in Federal, State, County and local government as much as time will permit, he said and added that he would like communities to consider a type of government that does not exist in Michigan, namely, Metropolitan Government.

This is not just another system imposed upon our present structure, but a new innovation for areas of the same economic, social and cultural interests.

His proposal would combine many functions such as zoning, planning, water, police, transportation, sewers, air pollution and fiscal problems for a more economical system of operation. There are 12 such areas in Michigan and these areas have approximately 73% of the total state population.

One such area would include Wayne, Oakland and Macomb Counties. Wayne County now has 25 cities, 14 townships, 5 incorporated villages, 45 school districts and miscellaneous authorities.

Presently there are continuing meetings of municipal officials, which is a start in the discussion and attempt to solve some of the mutual problems. Toronto, Canada and Dade County, Florida are two areas where a form of metropolitan government or authority is being successfully put into operation for the benefit of the community as a whole. Mr. Patrick concluded his presentation with a quotation attributed to Victor Hugo, "Nothing is more powerful than an idea whose time has arrived."

The program for the February 12 meeting will be presented by Jim Winterhalter. His theme will be Boy Scouts and Lincoln's birthday.

Redford Union Is Soft Touch For Plymouth Swim Squad

Plymouth's varsity swimmers marched past Redford Union, 66-39, last Thursday afternoon, as the Rocks found some breathing room in an arena that had reached rather hectic proportions of late.

With tough Trenton and strong Bentley High as their opponents in back-to-back dual meets immediately prior to Redford Union, the Rocks were looking for a soft touch. The Panthers proved to be just that.

Plymouth now will oppose Fordson, Allen Park and Belleville before getting back to the threats of Bentley (Feb. 21) and Trenton once more (Feb. 28). The Fordson meet is this Thursday.

The Feb. 28 battle with Trenton will be the wind-up for the Rocks as far as dual-

meet action is concerned. Beyond that date, however, Plymouth has the Suburban Six league championship meet to worry about and the state Class A matches.

The victory over Redford Union last Thursday was Plymouth's eighth in 10 meets thus far this season.

It left the Rocks with a lingering possibility of hitting Plymouth's 100th dual-meet victory in the Trenton match Feb. 28.

As of now, the Rocks have won 94 meets since the school initiated competitive swimming 10 years ago. There are six dual meets remaining on Plymouth's 1962-63 schedule. John McFall has been the Plymouth swimming coach ever since the inception of the swimming program here.

TWO FORMER Plymouth High swimmers are making names for themselves these days as members of the Michigan State University swimming team. The two are shown here with the Spartan's swim coach Charles McCaffree. Dick Gretzinger is at left with Bill Rossow in the center.

Cloverdale, Auto-Crat Winners in Men's Loop

An explosive burst of scoring carried Cloverdale to its fourth straight victory in the men's recreation basketball league last week in the form of an 81-37 decision over D.S.I.

It maintained Cloverdale's front-running position in the recreation conference. Second-place Auto-Crat engineered a 60-52 victory over Tai's Cleaners in the other men's recreation game last week.

Pacing the Cloverdale rampage was Ken Kisabeth, who scored 20 points. Ken Knipschild, another former Plymouth High cager, contributed 15 more points to the Cloverdale cause. Tom Ferguson had 13 and Dave Gothard 12 for D.S.I. They, too, are former Plymouth varsity eagers.

Tom Garchow paced Auto-Crat's win with a 24-point scoring spree and Dan Stremick added 15. For Tai's, Bob Miller had 12 and Wayne Wood eight.

The standings:

	WON	LOST
Cloverdale	4	0
Auto-Crat	3	1
Tai's	1	3
D. S. I.	0	4

Ex-Plymouth Swimmers Busy on Spartan Squad

Two outstanding sophomores who are seeing a lot of action with the Michigan State University swimming team this winter are Bill Rossow and Dick Gretzinger, former teammates at Plymouth High.

Gretzinger is described as "the outstanding first-year man" on the Spartan squad. Thus far this season he has gained first place finishes in the individual medley and the 200-yard freestyle, and has been a member of the Spartan's unbeaten freestyle relay team.

He was an All-America selection in his high school days at Plymouth and served as co-captain of the Rock's team that won the class A state championship two years ago.

Rossow is a second generation Michigan State swimmer. His father, William A. Rossow, 675 Pacific St., was a three-year letterman on the Spartan varsity during the 1925, 1926, and 1927 seasons.

The stocky freestyler specializes in distance and middle distance events. He has placed on both the 200 and 500-yard freestyle events in dual meet action this season. He is majoring in electrical engineering. Gretzinger is a physical education major and is the son of Mr. and Mrs. James Gretzinger, 679 N. Harvey.

Blackhawks Gain No. 9 Cage Race Tightens

Plymouth's Optimist-sponsored Blackhawks, local entry in the juvenile division of the Garden City recreation hockey league, scored their ninth straight league triumph last week in the form of a 4-1 decision over Wayne.

Tom Lockwood and Don Gavigan each fired in two goals for the winners.

The Blackhawks were scheduled to face Garden City Monday and league play-offs begin Feb. 11. The Blackhawks are leading their division.

In other recreation hockey action last week, the VFW PeeWees were awarded a 1-0 forfeit victory over the Nankin Rams. The Plymouth VFW team competes in the Nankin Township PeeWee division.

Elsewhere, the Plymouth T-Birds, in the Garden City bantam division, dropped a 2-0 loss to the Garden City Red Wings. Goal-getters for the T-Birds were Denny Shelly and John Gilles.

In the midjet division of the same recreation hockey program, the Plymouth Royals beat Wayne, 6-2, as Terry Cosgrove scored a three-goal hat trick and Dale Tonkovich added a pair of goals. Clark Raven fired home the winners' other goal.

9 1st-Place Ribbons Spur JayVee Victory

Thriving from Mike Drennan's double-win performance and bolstered still further by nine first place ribbons in the 11 events, Plymouth's JayVee swimmers rolled mercifully past Redford Union last week, 74-31.

Drennan turned in victories in the 50-yard and 100-yard freestyle events and scored an individual maximum of 10 points.

Jim Heazbauer, John Bowsman, Tim Wernette, Rich Irvine and Bob Williams were the other individual winners for the Rocks. Heazbauer turned the trick in the 200-yard free and Bowsman won the 200-yard individual medley.

Wernette was first in the 100-yard butterfly. Irvine won the 100-yard backstroke and Williams was first in the 100-yard breast-stroke.

Plymouth's two relay teams accounted for the Rocks' other two first-place ribbons. In the 200-yard medley relay, Irvine, Don Norman, Wernette and Chuck Olson combined talents to do the job, and Russ Crosby, Gary Bohl, Jim Norman and Mike Bassett won the 200-yard freestyle relay, the concluding event of the meet.

Stun League Leaders, 55-47 Cagers Upset Redford Union

Down but never out... That's been the story of Plymouth's varsity cagers through much of the 1962-63 basketball season.

But the "never out" factor was Plymouth's resounding battle cry Friday night as the Rocks pulled what must have been one of the biggest upsets in the history of the Suburban Six basketball conference.

While Plymouth remained scoreless for two minutes, Redford Union leaped ahead, 41-38, and Plymouth partisans sensed disaster.

Redford Union's resurgence was short-lived, however. Energized by the "blues," Plymouth chipped away at the five-point deficit.

The Rocks built a nine-point spread late in the game as they got solid scoring from Schryer, Gaffield, Kisabeth and Grady. The Rocks settled gleefully for their eight-point final margin.

Schryer, Plymouth team captain, cashed seven of nine free throws in the last quarter, and Gaffield and Kisabeth scored four points apiece the same span. Grady contributed a crucial two points as the Rocks regained the lead and marched to their third win in 11 games.

Plymouth coach Charlie Ketterer repeated over and over, after the game, that it was a "team effort" that did the job for the Rocks.

Schryer led Plymouth in scoring with 16 points, nine of them in the second half. Libbrand, Gaffield and Kisabeth had eight apiece. McGill contributed five and Sutherland added four. Grady, Lake and Egloff each had two points.

LePla, Redford Union's gangling pivot man, gained scoring honors with 18. He had 12 in the second half as RU nearly pulled the game out of the fire. Gaffield and Lake alternated in guarding LePla.

Tom DeWitt, a 6-foot-4 forward, had 10 points for the losers.

An indication of Plymouth's rock-ribbed defensive strength was found in the fact that RU's Ben Maiback, who got 18 points in the earlier game between the same two schools, was held scoreless by Sutherland and Kisabeth in Friday's battle.

Bill Driscoll, another key man in the Panthers' scoring attack, was held to a lone free throw in the first period. Driscoll was shadowed incessantly by Grady and Kuisel, depending on which of the Rocks' platoons were in action.

Football quarterback Chuck Shelton and John Cross both had six points for Redford Union. Cross and Driscoll fouled out late in the game. Both teams made 18 of 49 field goal attempts, a 40 per cent shooting accuracy from the floor. Plymouth's margin, surprisingly, came at the free throw line where the Rocks are unaccustomed to much success.

The Rocks netted 19 of 35 foul shots for 57 per cent. Redford Union cashed only 11 of 22 free throw tosses, or 50 per cent.

Ketterer gave his players Saturday off. They normally would hold a brief work-out Saturday mornings. Monday, the Rocks will resume practice sessions with an eye to Allen Park who will host Plymouth this Friday evening.

Unbelievable, he said, because the Rocks — who had led the mighty Panthers through three-quarters of play — promptly spotted RU a five-point margin as the battle moved into the fourth quarter, and then steamed back from the brink of defeat to nail down an impressive and almost-surprisingly easy decision.

The performance overshadowed by far the stunning victory Plymouth registered a year ago over arch-rival Bentley High in the Rocks' first win against that school in half a decade.

And almost ironically, Plymouth's defeat of RU Friday did Bentley High an immense favor. With the Livonia school a winner elsewhere in the conference, Bentley and Redford Union fell into a 5-1 deadlock for the league leadership.

The two team meet head-on two nights from now.

But Plymouth had no cares Friday evening for what the future holds. The Rocks had a victim within their grasp and were going to wring all the redemption — and take all the revenge — they possibly could.

That their opponent happened to be lowering Redford Union made the spoils all the sweeter.

Plymouth opened a 14-7 gap in the first quarter as the Rocks' "white" team of Cal Luibrand, Tom McGill, Jim Lake, Doug Sutherland and Hal Kuisel initiated the assault.

At intermission, with the "white" squad having alternated with the "blue" team comprised of Dick Schryer, Dick Egloff, Chris Gaffield, Jerry Kisabeth and Gary Grady, Plymouth was ahead 23-19.

Redford Union struck hard in the third period with 6-foot-7 center Len LaPla carrying the load. LePla rallied his

JayVee Cagers Bow to Second Half Explosion

Redford Union's 38-point second half scoring burst sent Plymouth's junior varsity cagers down to their eighth loss of the season last Friday evening, 70-34.

"They simply outshouted us completely in the second half," was the way Plymouth coach Dick Bearup summed up the Rocks' defeat.

During one 40-second span in the third period, RU counted eight points, thus emphasizing the second half run-away. Contributing to Plymouth's distress, Redford Union utilized a full-court defensive press throughout the game and forced the junior Rocks into a number of critical mistakes.

The first quarter margin was only 14-9 in favor of the Panthers and at half-time, the difference was 22-15.

Bill Nelson paced the Plymouth scores with eight points. High point man for the game, however, was RU's Ralph Maibach. The Junior Rocks are 3-8 for the season thus far.

Michigan's higher education Authority, created by the Legislature, but not given any funds to accomplish its purpose, is making great strides.

The Authority now has more than 50 banks participating in a loan guarantee program, whereby the banks back up loans in the amount of 10 times that which the Authority actually has available.

Superintendent of Public Instruction Lynn M. Bartlett said the guaranty plan was growing far more rapidly than was anticipated when it was first attempted.

The Authority was created by the Legislature in 1960 for the purpose of helping make possible for every qualified girl and boy in Michigan to obtain assistance in financing his college education.

Because the Legislature failed to appropriate funds for its operation in both 1960 and the succeeding years, the Authority last fall planned the arrangement with Michigan banks.

Contributions for loans held at the various Michigan colleges and universities are matched by the banks on a 10-to-1 basis by the participating financial institutions.

To date, Bartlett said nearly 60 loans have been granted to students at eight of the Michigan colleges and universities, both public and private, and Michigan students going to four out-of-state institutions have been granted them.

Still glowing over the high praise received for his department's part in the very successful "All Michigan Dinner" during the annual Michigan Press Association convention, State Agriculture Director George S. McIntyre is making plans for another unusual venture.

McIntyre gives much of the credit for the success of the All Michigan Dinner to his administrative assistant, J. E. Wells, who worked for weeks ahead planning the meal of Michigan products and giving contributions from farm groups and food producers for the "gift bag" given to each guest.

This is the second consecutive year for another promotion. McIntyre, who serves as executive committee chairman of the National Association of State Departments of Agriculture, will soon visit Europe and Asia laying plans for farmers' tours.

Letters To The Editor

Plymouth Mail
 Plymouth, Michigan
 Dear Sterling:

I am writing this to you, with the hope that you will think it merits your publishing as an "Open Letter" to the Board of Directors of the Plymouth Community Fund. I would entitle it, "One Small Voice — In Protest".

The points expressed herein are intended to be objectively impersonal and should not be construed as personal criticism of the Board, collectively or individually. On the contrary, I have the highest regard for each and have worked with most of them on several previous campaigns, thereby gaining tremendous appreciation of their dedication to doing good and great respect for their hard work and sacrifices for community service.

I am sure we all agree the purposes of the Community Fund are sound, and the reasons for supporting it many. Each year this community has met or exceeded the ever increasing goal or "need". I now raise one small voice to challenge the philosophy behind the "need" which each year is determined to be greater than the previous year. Is the need actual, or is it imaginary? Is our thinking factual, or is it rationalized?

I read with interest the Mail article that raised the question of permanent headquarters for the Fund. I am certain this would be nice — but is it actually necessary?

Bricks and mortar cost money and inherently increase administrative expense. Every dollar thus invested would be diverted from the real purpose for which it was given, i.e., to help the needy. Why can't the required space be made available in one of the community school buildings — which are represented as being for the "use" of the people, and which are paid for by the very people whom we ask to support the Community Fund — or the new City building, which in the final analysis is for the people?

Foreign Sources Mail Smut Literature to U.S.

Quantities of obscene, lewd, lascivious, or indecent materials and literature are being received from abroad, addressed to residents of the United States, Plymouth postmaster George Timpona reports.

"Much of this," he said, "is mailed in innocent-looking envelopes that deliberately fail to identify the sender, or they carry a fictitious return name and address in an effort to avoid detection by government authorities."

Much of the mail is entirely unsolicited, Timpona said. "It is being disseminated by foreign operators in the hope of expanding their market in this country."

There were no immediate known instances of this happening in Plymouth, he indicated, but the possibility exists. "If a Plymouth resident receives mail considered obscene," Timpona warned, "he should file a written request with the post office here so that future mailings from the same source may be detained and disposed of under postal regulations."

Timpona asked that any obscene mail received by residents here be turned back to the post office for purposes of investigation.

He urged full local cooperation by the public.

OF INTEREST TO FARMERS-AT-HEART

BY MELVIN L. WOELL, MGR.
 INFORMATION DIVISION
 MICHIGAN FARM BUREAU

If farmers represent only 8.7 per cent of the national population, how is it that they do so well in the Legislative Chambers and in the courts of public opinion?

Farmers do well because of the enlightened interest of the vast majority of non-farm people who believe in the future of a free agriculture and who support that belief where it counts. These people feel strongly that a free, prosperous agriculture is the foundation of a free, prosperous America, and that a day's highly productive American farmer is the envy of the world.

While government planners labor to prove that hundreds of farm areas, — many in Michigan, are "depressed economically" local residents reject the artificial yardsticks supplied by Washington. They apply real ones that are much more meaningful, such as the Outstanding Young Farmer program of the Junior Chamber of Commerce.

"F.O.Y.F." — Four Outstanding Young Farmers, is a program that annually attracts attention to those farmers under 35 years of age in each county who have done unusual jobs. Management ability, community service, family achievement, all are considered in the awards program. The young men are honored along with their wives in county programs that culminate in a statewide contest.

This year the state contest will be held the night of Feb. 16 at Central Michigan University, Mt. Pleasant. There, in University Center, the evening awards program and banquet is expected to attract upwards of 600 persons. Prior to the state event, records of hundreds of young farmers will have been reviewed by committees selected by local Jaycee Chapters. Judges will have spent long hours mulling over their lists of accomplishments.

The very difficulty of their task in selecting the four most outstanding young farmers from this impressive field is one more indication of the robust industry that is Michigan agriculture, and further proof that it will pay that way for generations to come.

PROJECT FOR A WINTER EVENING

During the noon hour last week, a customer came into the shop with two cigar boxes under his arm. Inside the cigar boxes were dozens of color processing return boxes filled with color slides.

It seems the customer had remembered just before leaving for work that morning, that he wanted to have a color slide enlarged into a print as a Valentine gift for his wife. Since he didn't have time to look for the slide in that pile of boxes, he grabbed up his whole collection.

You're permitted to laugh only if your own slide collection is in better order.

If they're not, why not spend one of these winter evenings or weekend afternoons arranging your slides for maximum enjoyment of the exact transparencies you want to see in the order in which you want to see them? We have a full selection of Kodak slide trays and slide mounts, Kodaslide files and even materials for slide mounting.

There is also an ideal time for doing some editing on your reels of movie film. A PRESTAPE Editing Outfit is only \$19.95, and provides an easy way to combine your 35-foot reels into longer, more enjoyable shows. And we have reels and film cans for safe storage and ready identification.

So if bringing sanity to your collection of slides or movies were among your New Year's resolutions, there's no time like the present to get started — before this year's crop of pictures really starts coming in!

Here Are Local Candidates

City of Plymouth

Voters may nominate "no more than eight" of the 11 candidates involved in the City Commission primary election

on Feb. 18. The race is non-partisan. There will be no City, County or State proposals on the ballot.

NEIL M. DAVIDSON

Davidson has been a resident since 1952, is 33-year employee of Detroit Edison, attended Michigan State University, Detroit College of Pharmacy and Highland Park Junior College. He is 58, a member of the Masons and Kiwanis. President of Kiwanis during 1962. He is a member of the Presbyterian Church. Originally from Richmond, Mich., and lived in Pleasant Ridge prior to moving here.

His statement:
"It is a privilege and duty for a citizen to take an active part in his government. Not all may choose to run for an elective office, but everyone should keep fully informed about what is going on at both the local and national levels. Elected officials are aware of public sentiment. Our local ordinance which limits the service of Commissioners to two consecutive terms has the advantage of enabling more citizens to serve their community. This brings fresh viewpoints to the City government and promotes a more active interest in public affairs. I hope this interest will be evidenced by a large turn-out at the polls Feb. 18. If elected, I will work toward the efficient economical operation of our local government."

LEON L. MERRIMAN

Merriman is a realtor here, veteran of World War I, was born in Chicago, is 62. He is past commander of American Legion, was president of western Wayne board of realtors, member and former director United Northwestern Realty Association. Has been in real estate 30 years. Resident of Plymouth since 1942. Graduate of Lansing High School and has completed U-M real estate courses. Attends Methodist Church.

His statement:
"It is the duty of every citizen at one time or another to work for the betterment of his City and Community. Having been a realtor for about 30 years, I have had an opportunity to reap a harvest of knowledge that can be put to use as a Commissioner. My goals are: 1. I will seek taxation based on present market values. 2. I will strive for civil service protection for City employees who risk life and limb for our safety. 3. I will seek better understanding between communities that compose the Plymouth School District so that we may have equal assessing of like value, so each bears its just share of school tax."

ROBERT L. SMITH, JR.

A graduate of Plymouth High, Smith is assistant principal at the Senior High today, is active in a number of education and counseling organizations. A commissioner officer during World War II, he is a former member of the Optimists here, is president-elect of Suburban Wayne County Counselors Association. Has Masters in education from Wayne State and is doing advanced study beyond that. Deacon, Presbyterian Church.

His statement:
"The main reason for seeking public office is a need felt on my part to become a more active participant in my community government. I am convinced that most of the major problems which need to be solved must be done cooperatively with our hands across our City boundaries, especially those in Civil Defense, water, and industrial and business expansion. The area must also direct more of its energies toward the social welfare of some of its minority groups — our anxious youth, our unemployed and untrained adults, and our Senior Citizens with fixed incomes."

J. RUSLING CUTLER

Cutler is an attorney, has lived in City of Plymouth since 1932, is graduate of Detroit College of Law, is 52. Was City Commissioner 1955-57 and 1959-61. Was municipal judge here 1941-49 and city prosecutor, 1949-52. Active in Lions Club, Goodfellow's, Boy Scout movement. Member of Wayne County suburban bar association, Elks club, Round Table club, Fox Hills. Is member of State Bar of Michigan. Member of Presbyterian Church.

His statement:
"One ancient Greek said, 'We do not say that a man who takes no interest in politics minds his own business. We say he has no business at all.' Perhaps I don't agree 100 per cent; however, I lean in that direction. Our fair City has progressed a long way in the past few years and as a former City Commissioner I have taken part in actions making for such progress. And, yes, we have made mistakes and I as a City Commissioner have helped to make them."

For good or for bad, and we hope for good, the City is presently committed to several programs for progress: Urban Renewal, Water Plant Modernization, Industrial Expansion, Street Improvement, etc. These, I believe, are all good programs and must go forward.

If I am again elected to the City Commission, I shall serve with one purpose: To act at all times for the best for all of the citizens of our City without bias or prejudice for or toward any person or group.

A. E. VALLIER

A mechanical engineer, Vallier is on general manager's staff at Ford Motor Co. Metal Stamping Division. Resident of City since 1951, is graduate of Iowa State College, native of Nebraska, is 43. Member of Presbyterian Church, Kiwanis, societies of Automobile Engineers and Mechanical Engineers. Is on board of directors of Community Fund, is City's representative to Wayne County Board of Supervisors and is on several committees of that body. U.S. Army Ordnance Officer from 1941 to 1946.

His statement:
"I am a candidate for the office of City Commission because I feel that in order to have strong and effective local government, it is necessary for persons with business and technical experience to take an active part in it. My business and technical training and experience, along with the experience I have received during the last two years as County Supervisor representing the people of Plymouth, will help me if I am elected City Commissioner. My work as County Supervisor has necessitated my working very closely with the present City Commission so that I am thoroughly familiar with its activities and problems."

GEORGE A. HUDSON

Hudson, a member of City planning commission since 1961, is a service representative for General Motors, is a graduate of General Motors Institute, was born in Worcester, Mass., is 44. Has lived here since 1954, prior to that in Royal Oak. A member of Masonic Lodge and Presbyterian Church.

His statement:
"I feel each individual has a definite responsibility to the community which must be met if the community is to have a proper growth. Since we moved to Plymouth in 1954, I have found the functions of the city to be of particular interest. The past few years I have attended most of the regular commission meetings so that I would have an understanding of how and why the city operates. In December of 1961 I was appointed to the Planning Commission which gave me a further opportunity to become familiar with city operations. I have tried to do everything possible to prepare myself for a position on the city commission. I have no reason to run for public office, except that someone must do the job."

WILLIAM B. SILVIS

Silvis is purchasing agent for B-G-R division of Associated Spring Corp., moved to Plymouth from Chicago in 1959, is graduate of Walton School of Commerce, is 45. Employee since 1935 of Associated Spring Corp., is member of Detroit purchasing agents' association, the Stu Rockefeller amateur radio society here and is 1963 chairman of Board of Deacons of Presbyterian Church. Is trustee of Plymouth CD amateur radio station, and is originally from Minneapolis.

His statement:
"During the four years I have lived in Plymouth I have found it to be an ideal place to live and raise my children. I would like to do what I can to keep Plymouth a fine community and am willing to put forth time and effort to help solve any problems which might exist now or in the future. I feel there should be a balance of representation of local industrial leaders and local merchants on the City Commission to assure proper perspective. I am in favor of creating a strong central business district to plan and promote additional shopping facilities in Plymouth."

JAMIEL M. JABARA

Jabara is co-owner of Plymouth Tank & Fabricating here, is graduate of Michigan College of Mining and Technology (1950), born in Mancelona, is 34. Member of Kiwanis, Michigan Society of Professional Engineers, Detroit Oilman's Club, active in Boy Scout movement. Lived in Plymouth since 1959, prior to that in Grand Rapids and Jackson. Attends Methodist Church. Registered civil engineer for six years.

His statement:
"I seek public office because I sincerely believe it is every citizen's responsibility to be active in community affairs. Having had experience in civil engineering and in business, I feel I can contribute to city government in this way. My platform is as follows: A. Maintain a balance in taxes between business and industry by completing expansion of Plymouth's industrial park and promoting the land made available by the Mill Street Urban Renewal Project. B. Provide additional recreational facilities for our growing number of children. C. Due to complex nature and seriousness of the water situation, it is necessary that all factors be studied carefully before an intelligent solution can be reached."

HARRY L. HUNTER

Hunter has lived in Plymouth area since 1926, is retired, is 68. Members of American Legion, VFW, Ex-Servicemen's Club, I.O.O.F. Former commander of American Legion; was chairman of Citizens Water Advisory Committee under Mayor Jack Taylor. Has served on local selective service board since 1954. Was chief of water and fire departments at Detroit House of Correction. Is member of Methodist Church and is native of Detroit.

His statement:
"As a citizen and property owner since 1942, I am keenly interested in the progress of the City and the surrounding community, providing good schools, more industry and adequate facilities for the residents of the area, at a minimum cost to the taxpayers."

ELDON W. MARTIN

Martin is a section supervisor, forward planning department, at Ford Motor Co. transmission and chassis division, has lived in Plymouth since 1928, is graduate of Plymouth High and Detroit Institute of Technology, is 39. Active in local scouting activities and P.T.A., and is treasurer of PTSA at Junior High West. Member of Elks Lodge, Presbyterian Church.

His statement:
"I will be a peoples' representative. My intent and purpose in filing for election to the position of City Commissioner is to promote and to insure true representation for the 'majority' and not the 'minority.' It will be representation of the voters-at-large and not for any special interest, business or group. If elected, my efforts will be directed towards the development and implementation of the following community projects: additional industrial development; equalization of assessed valuation and tax rate base; year-around recreation facilities for young and old; business development of all forms to obtain new and added tax revenue; harmony in the Community."

OPERATION... "COMMUNICATIONS"

One of the Nation's Largest Mobile Radio Networks... At Your Service!

Natural gas plays a vital role in the home, business and industry. That's why an immediate, accurate communications system for natural gas service interruptions is a must!

Consumers Power Company, in order to serve its customers with greater efficiency, has one of the largest mobile radio networks in the country... operating over 1,200 mobile radio units covering 29,000 square miles of Michigan's Lower Peninsula.

Should you, by chance, have a natural gas service interruption requiring a call to Consumers Power Company for help, your message would be relayed to a skilled serviceman nearest your home. Often he arrives within minutes after he gets the call. Service trucks, equipped with two-way radios, make this speedy handling of calls possible.

Night and day your natural gas service is under the watchful eyes and controls of this round-the-clock organization.

This is only one of the many ways Consumers Power Company assures dependable, efficient gas service for home, business and industry.

For February 18 Spring Primary Election

Eligible voters in the City of Plymouth and Plymouth Township will journey to the polls Monday, Feb. 18, to cast their ballots in the biennial spring primary election.

The results will determine the final candidates for elective offices in both municipalities, thus paving the way for the April 1 balloting when, among others, four City Commissioners and three Township Trustees will be designated to serve.

On these pages, in order to aid Plymouth voters in making their decision, The Plymouth Mail presents brief biographies and statements by most of the local candidates.

The Mail made two requests of each of the 29 men who have declared their interest in serving as elective officials in either the City or the Township. Not all candidates replied.

The first request was for brief biographical information as to education, work experience, previous community activities and family status.

The second request was:

"Outline in no more than 100 words why you seek public office and, further, what your goals would be should you be elected." The replies by most of the candidates, along with photos, appear elsewhere on these pages.

CITY OF PLYMOUTH

There are 11 candidates in the City Commission primary race, and four vacancies will ultimately be filled at the April 1 election. The four present office-holders are ineligible to run for re-election.

The City election is non-partisan.

On Feb. 18, voters may select "no more than eight" of the 11 names. At the April 1 spring election, the four ultimate winners will be determined from among the eight who survive the primary cut-off.

Absentee ballots are available now at the City Clerk's office and, upon request, will be mailed directly to voters who will be unable to get to the polls on election day. The absentee ballots may also be picked up in person.

PLYMOUTH TOWNSHIP

The Township election is a partisan one, although only one declared candidate is running on the Democratic ticket.

Township voters will decide on primary candidates for supervisor, clerk, treasurer, three Trustee seats, a justice of the peace, four constables and one seat on the board of review.

No one filed a petition of candidacy for the post of highway commissioner, although it too is to be voted upon in both the Feb. 18 and April 1 elections.

There is no declared opposition to Supervisor Roy Lindsay, Clerk John McEwen or Treasurer Mrs. Elizabeth Holmes, all of whom are Republicans.

There are seven men in the race for three Trustee vacancies. Since all are running as Republicans, voters on Feb. 18 may cast ballots for "no more than three" of them.

Of the three candidates for a single justice-of-the-peace post, voters may select "no more than one."

There is also a single vacancy on the Board of Review and only one candidate for the job. Again, voters may nominate "no more than one" in this instance.

Four candidates have declared themselves for an equal number of constable seats. Voters may nominate "no more than four." There is no declared candidate for the office of Township highway commissioner.

Write-in candidates at the Township primary must have at least 10 votes to gain consideration in the April 1 election.

It is conceivable — in fact, almost expected — that the three Republican Trustee candidates with the most votes in the primary will be unopposed at the April 1 election.

This is particularly so, if no Democratic candidates win the minimum number of write-in votes on Feb. 18. Without the 10-vote minimum in the primary, the names of Democratic write-in candidates will not gain a place on the April 1 ballot.

In the Township, too, absentee ballots are now available. Clerks in both governmental offices — City and Township — are urging all eligible voters to cast their ballots Feb. 18.

"It is a vital prerogative and one that should be exercised fully by all eligible voters," said City Clerk Joseph Neer and Township Clerk John McEwen.

SUPERVISOR

ROY LINDSAY

Lindsay has served as supervisor of Plymouth Township since 1953, is a real estate and insurance broker here, is a veteran of World War I, is member of numerous Township associations, is 70. Has served on several committees of the Wayne County Board of Supervisors, is a Protestant, has lived in Plymouth area since 1938. Lived earlier in Ann Arbor.

His statement: "If re-elected again to the position of Supervisor, I will strive to serve the best interests of the Township and all of its residents just as I have attempted to do over the past 10 years. These same best interests of the Township have guided me in my many affiliations with committees and governmental associations over the past decade, and if re-elected, I shall continue to serve with these goals uppermost in my mind."

CLERK

JOHN D. McEWEN

McEwen was named Township Clerk late in 1962 upon the death of Fred Miller. A veteran of World War II, McEwen has lived in the Township since 1956, is a native of Detroit, attended U-D college of commerce and finance, was a supervisor of records for Wayne County Board of Auditors until appointment as Clerk here. He is past president of St. Andrew's Society of Detroit, is a member of American Veterans of World War II, the Old Newsboys Association, the Presbyterian church and is 55 years of age.

His statement: "If elected, I would strive to continue the fine work of my predecessor, the late Mr. Fred Miller, and maintain a well-rounded form of local government so far as the duties of Township Clerk are concerned. I would continue to devote my efforts to the betterment of the Township as a whole."

TREASURER

ELIZABETH HOLMES

Mrs. Holmes has been Township Treasurer since 1953, was appointed to the office following the death of her husband, who held the same post. A member of the Wayne County Treasurer's Association, Mrs. Holmes is also a member of Eastern Star and the First Methodist Church here. She is on the board of directors of the Plymouth Community Fund, a native of Pennsylvania, she has lived in the Township since 1943, previously lived in Detroit. She is 48.

Her statement: "My efforts, if re-elected to the post of Township Treasurer which I have held for the past 10 years, will continue to be devoted to the further improvement of Plymouth Township. Experienced, conscientious leadership, in which I feel I qualify, will assist the Township immeasurably during its years of major growth which lie immediately ahead."

Plymouth Township

Township election is a partisan one. Offices of supervisor, clerk, treasurer, three Trustees, one justice of the peace,

four constables, one seat on Board of Review are involved. There will be no Twp., County or State proposals on ballot.

TRUSTEE

Vote for no more than 3

DAVID J. KATKE

Katke is a quality control process analyst at Ford Motor Co. Rawsonville plant, has lived in Township since 1959, is 33. Born in Lansing, attended Eastern Michigan Univ., but graduated (1959) from MSU (business administration), is member of Presbyterian Church, couples club here, Newcomers, Elks Lodge.

His statement: "It is vitally important that residents of any community take an active part in the affairs of their community. For this reason, I seek office as Township Trustee. I feel that we are living in an area which shortly will undergo a rapid population growth. I believe that I can make a knowledgeable contribution toward assuring a proper and orderly growth of the Plymouth community and will strive to serve the best interests of all of the people, if elected."

MARTIN F. FLEMING, JR.

Fleming is employment manager for Detroit Div. of Burroughs Corp., Township resident since 1960, native of Detroit, is 38. Mechanical Engineer (U-D, 1950), Masters in industrial engineering (WSU, 1955). Part-time faculty member of WSU's college of engineering, is veteran of WW II, is a member of Michigan Society of Professional Engineers, a former member of JayCees, and is member of Newburg Methodist Church.

His statement: "The reason for my interest in running for office is that I wish to take a more active part in the community, not only as a voter but as a representative of the voter. I can offer enthusiasm, intelligence and eagerness to help improve our community. My goals, if elected, are two-fold: 1. To act directly as a representative of the voters. This I will do by always listening to anyone who wishes to tell me their feelings on township government. People may see me at home or drop a note in my mailbox. 2. To work hard and enthusiastically to maintain the good points of our present Township government and to work just as hard and enthusiastically to improve it."

C. V. SPARKS

Sparks is incumbent Trustee, a 1956-57 member of Township planning commission, a 1961 member of "City of Plymouth Heights" charter commission and is 63 years old. He has lived in Township since 1948, is employed by Burroughs Corp. in Tool Division. Is member of Theatre Guild and Presbyterian Church. He is native of Louisville, Ky., and is active in Plymouth Rock Lodge No. 47, the Moslem Temple and the local Historical Society.

His statement: "My experience on the Township Board qualifies me, I believe, to continue in the office of Trustee. The details of the progress we have made in securing water and sewers, expanding our fire protection, establishing a department of public works, adding new facilities to the Township Hall, and initiating a street-lighting program have added greatly to my knowledge of Township government. My goal, as it has always been, and will always be, is the interest of our whole community and all of its citizens, and to work with our neighbors, and to be ready to meet the challenge of progress, which we are facing daily."

CONSTABLE

Vote for No More than 4

ROBERT BURNS

Burns has served as Township constable since 1956, is designer for Burroughs Corp., resident here since 1946, is graduate of Ford Motor Co. tool and die apprentice school and the Burroughs electronics school. Born in Hudson, Mich., is 45, is a Baptist, and is member of Ann Arbor Moose Lodge, Burroughs Engineering Society and Round Table Club here. Lived previously in Ann Arbor and Albion.

(No statement.)

Additional candidates for the office of Township Constable are: Donald King, Louis Schomburger and Philip Truesdell. They did not reply to The Plymouth Mail "candidate" questionnaire.

LAWRENCE SCHENDEL

Schendel, an attorney, is 36, a Plymouth resident since 1959, a graduate of Wayne State University law school. He is member of Michigan State Bar Association, the Plymouth JayCees, Downtown Detroit Optimist Club, Lake Pointe Home Owners Association, Delta Theta Phi. Born in Ontario, Canada, he lived in Garden City and Nankin Township before moving here. Attends Our Lady of Good Counsel Church.

His statement: "The office of Justice of the Peace, within its jurisdictional limits, can serve as an important a function for citizens of Plymouth Township as any other court in the county. Being easily accessible, this is the logical court in which to start civil cases involving \$300 or less. I feel that the citizens of the Township have a right to have cases heard before a Justice who is a licensed attorney and competent to rule on questions of law which would arise. In addition, of course, a Justice of the Peace has criminal jurisdiction to hear and determine offenses punishable by a fine not exceeding \$100, or imprisonment in the County jail not exceeding three months, or both. I know that I am qualified to serve the people of the Township as Justice of the Peace if so elected."

JUSTICE-OF-THE-PEACE

Vote for no more than 1

W. LEE BUTLER

Butler, an attorney, has lived in Township since 1940, is former resident of Detroit, graduate of Detroit College of Law, was born in Standish, Mich., is 53. Owned and operated Plymouth Recreation Bowling 1940-42, served in Army Intelligence 1942-45, was partner in Lofy's Arbor-Lill 1950-54. Member of Elks, State Bar of Michigan and Presbyterian Church.

His statement: "I know the people's problems and hope to be able to help solve them."

BOARD OF REVIEW

Vote for No More than 1

WALTER K. SUMNER
Sumner has been member of the Township Board of Review for past six years, has lived in Plymouth since 1940, is a descendant of one of the community's pioneer families. He is 76 and retired. An infantry officer in France during World War I, he attended the Detroit College of Law, studied municipal management in Europe while working with American City Bureau. He is former executive secretary of Michigan Manufacturers' Association, is member of St. John's Episcopal Church here, was born in Rome, New York.

(No statement.)

MAURICE M. BREEN

An attorney, Breen is a graduate of Wayne State University law school, is member of Plymouth JayCees, the Lake Pointe Home-Owners Association, Detroit and Michigan State Bar Association, is 29. Born in Detroit, moved to Township in 1962, is U.S. Air Force veteran. Opened law practice one year ago.

His statement: "I seek office because it provides an opportunity to become directly involved in community affairs. The justice-of-the-peace office would allow me to serve the community in a capacity suitable to my educational background. Since the Township has not had regularly scheduled court sessions, my goal — if elected — is to provide such sessions at a public place capable of accommodating interested spectators. That this has not been practiced in the past detracts from the prestige of the community. This should also encourage the local small claims plaintiff to utilize his own court."

DICK LAUTERBACH

Lauterbach is industrial arts teacher in Dearborn school system, is graduate of Ball State Teacher's College, has done graduate work at U-M and EMU, is 36. Was on board of directors Lake Pointe Village Home-owners association 1960-62, secretary 1961-62. Is member of local JayCees, and Michigan Education Association. Formerly lived in Garden City, moved to Township in 1959. Member First Methodist Church.

His statement: "Plymouth Township, in the next 10 years, will probably double in population. We must not let our community be entirely dependent upon homes to financially support the services of our Township government. We must attract more industrial and commercial development. I believe that Plymouth Township can grow with the future and still maintain its conservative posture under well organized planning and leadership. My goals would be: Industrial and commercial development; Water and sewer development; Keep Township form of government. Adhere to needs of residents. I will listen to all groups, large or small, and will base my decisions upon the best interests of the Township."

RALPH GARBER

Garber is an attorney and for nine years was Wayne County Chief Assistant Prosecutor, earlier was a land developer in western Wayne County and Oakland County. Is graduate of Detroit College of Law, is 64. Member of Presbyterian Church, Plymouth Community Improvement Association (director), Historical Society, Kiwanis, Pilgrim Shrine, Moslem Shrine, U-M Law Club, Michigan State Bar Association. Township resident since 1953.

His statement: "As a person long interested in local government and as a former developer of subdivisions and other real property, I am vitally concerned in seeing the orderly development and growth of the entire Plymouth Community. Inherent in such orderly development is the maintenance of a tax base balanced equitably between fine residential, commercial and light manufacturing property. In order to accomplish this equitable balance, it is imperative that the sewer and water program, already in existence, be enhanced as rapidly as possible so that the community would have available those facilities necessary to meet the anticipated growth within the near future."

FREDERICK R. BERRY

Berry is a project engineer for Michigan Bell, a Township resident since 1959, lived in City prior to that, is native of Pontiac, is 44. He is member of Masonic Lodge, Elks, Lake Pointe Village Home-owners association, was vice-president of latter during 1960-62. Has been with Michigan Bell since 1937, is a graduate of Central High in Detroit. Member of Presbyterian Church.

His statement: "In our system of government, each citizen should contribute in some way to his community. I believe I can best serve the Township as a member of the Board of Trustees. If elected, I would work toward: an expansion of the present street-lighting system; improved police protection; increasing activity in obtaining additional industry and commerce in the Township; and the expansion of the existing water and sewer systems. Also, I would try to initiate a comprehensive study as to the best advantages of becoming a city, remaining as a township, or establishing some form of metropolitan government with the City of Plymouth."

FRANK MILLINGTON

Millington, currently township commissioner of the Township, moved here 1950, is a purchasing agent for Cadillac Division, GM employee since 1917, is 62. He organized Community Improvement Association of Plymouth Township in 1945, served as president, now is vice-president. Was chairman of committee which recommended the current sewer and water installations.

His statement: "If elected, I will bring with me a business background second to none. I will strive to keep our area a nice place to live, to hold down taxes, to carefully watch expenditures, to check for savings, to improve public relations, improve services to taxpayers, encourage industry within presently prescribed boundaries, work in harmony with current Township officials for the good of the Community."
