Summer Playgrounds
To Open Monday

The summer recreation playground program will begin here next Monday at six play areas, announced recreation director Herb Woolweaver.

He said the six playgrounds will be those at Allen, Bird, Farrand, Smith and Starkweather schools plus the one near the corner of Hamilton and Maple Sts. Woolweaver also mentioned that recreation swimming, golf, baseball, Kiddie Kampus and numerous other summer activities begin Monday. Further information may be obtained at the recreation office at the Senior High building.

PLYMOUTH KIWANIS club last week donated a photo copying machine and projector to the Dunning-Hough Wayne County library here simultaneously from the same book or pamphlet, in order to assist school children who do research. The cost of the device was approximately \$450. Jim Winterhalter, chairman of the Kiwanis Examining the machine (above, from left) are: Club's boys and girls committee; librarian Marjorie Stockwell, and Kiwanian Joe West, chairman of the newly-formed Key Club. The photo copying machine can copy a page out of a bound volume without disturbing the binding.

To Ask Service Clubs for Funds
To Buy Portable Band Platform

Plymouth service clubs will be approached this month with a proposal that they share the cost of purchasing a portable band platform for use by the Community Band and various other outdoor activities.

Wayne Dunlap, director of the Plymouth Symphony, appeared before City Commissioners last week asking if it was possible for the City to consider purchasing such a portable facility.

He said that the device, which could readily be hauled by an automobile, would meet the needs of a number of outdoor performances, concerts, dedications and reviews.

Dunlap showed a drawing of a portable platform that would cost between \$5,000 and \$8,600. Commissioners suggested instead that perhaps local service clubs would be interested in undertaking a project of this sort as a community service.

A two-man working committee, comprised of Commissioners Robert Smith and George Lawton, was appointed to assist Dunlap in contacting the local clubs on the matter. Dunlap said he hoped the project could be brought to completion in time for the 1963 schedule of summer concerts by the popular Community Band.

JayCees' July Fourth Parade Chairman is Busy, Busy Man

A busy young man within a dynamic group of busy young men here is Ron Coosaia, 1362 Carol St. He's the chairman of the JayCees' Fourth of July parade program.

As big a responsibility as it is, Ron has swiftly proved equal to the task. Already, he has announced that the 1963 July 4th parade is going to be bigger than ever before.

Extensive plans for the parade are fast falling into place, he says, and proceeded to reveal the following list of participants as positive testimony of the "bigger than ever" boast.

Among the leading attractions will be the Tars & Rifles, a crack drill team

Ron Coosaia

from the Grosse Ile Naval Air Station. They will be complemented by an appearance of a 25-man drill team from Selfridge Air Force Base, Coosaia said.

The VFW Color Guard will lead the parade down Main St., Hartsough and eventually to the Junior High East, where various awards will be presented.

The awards will include those for the best commercial participant, together with the best organizational and marching unit. City Attorney Edward Draugelis and Township Trustee Ralph Garber will act as judges.

Several antique cars will be displayed, courtesy of Margaret Dunning, a collector of antique autos. In addition, the Plymouth Community YMCA will have three floats in the parade to promote their Indian Guide program.

The Chamber of Commerce will sponsor T-Bone McAnagus and the Kiwanis Club and the Girl Scouts will also enter a float in the parade.

The VFW will enter both their mens and womens drill teams, and the Plymouth Community Band will be located in Kellogg Park to provide appropriate festive music during much of the program.

Plymouth State Home Seeking Student Helpers

More student volunteers are needed by Plymouth State Home & Training School for its volunteer summer program, which begins Monday.

Purpose of the volunteer program is to assist the 700 mentally retarded children who are patients at the nearby institution. The children range in age from one to 12 years.

Students from local schools are needed in three areas of service: physical therapy, patient care and non-patient care. William Boyd, who is in charge of the program, said students volunteering must be at least 14 years of age.

He said students may help one or more days a week as desired. The daily schedule provides a choice of morning, afternoon or evening hours. Further information is available at the Plymouth State Home.

Plymouth High Notes

By Jeri Gulbransen

Seniors took their concluding final exams last Tuesday and since then have been busy with graduation preparations. On Sunday Baccalaureate services were held in the high school gym. The invocation was given by Rev. Charles P. Bayless from the First Methodist Church, and the sermon was delivered by Rev. Allen Heron, Jr., from the Calvary Baptist Church.

Rev. Donald E. Wilson gave the benediction and closed the service. Under the direction of Fred Nelson, the Plymouth High School Choir sang an anthem, and the hymn 'God of Our Fathers' was sung by the congregation.

Three hundred seniors enjoyed a banquet at Pandora's Restaurant Tuesday, June 4. The class will and history was read by Art Gulick, and musical entertainment was provided by the Ken Madison Quartet.

Underclassmen will complete their final exams June 12.

The Plymouth City Panhellenic Association presented a tea for all senior girls and their mothers Tuesday, June 11, at St. John's Episcopal Church. After a fashion show, a discussion was held concerning college sororities.

John Campbell, Sue Cooper, John Bowsman, and Maryjane Gretzinger, all juniors, will travel to Europe this summer. The Future Nurses Club elected officers for the coming school year. They are: Pat Downing ('64) president; Marilyn Taylor ('64) vice-president; Mary Yost ('64) secretary; and Gail Vincent ('65) treasurer.

As the seniors leave they will not forget themselves as 'lost' freshmen, as sophomores receiving their class 'Manhattan By Moonlight,' and as seniors having mixers, creating 'Gay Gala,' attending the senior farewell assembly, and finally walking down the aisle to 'Pomp and Circumstance' on Thursday night. It was a good four years.

Fourteen Plymouth High Seniors received honor keys at the Senior Farewell Assembly recently. Scholarships and other individual awards were also presented along with several skits.

Charles Hampton, Bruce Hudson, and Cheryl Planck received a Key from the Math Department; Sue McIntyre from the French Department; Ted Gerth from the Cooperative Occupational Training Program; Cheryl Planck from the English Department, and Irene Markham from the Office Occupations Program.

Junior Golf Starts Monday

The Plymouth Junior golf league, a phase of the summer recreation program, will begin Monday, June 17, for advanced class members and Monday, June 24, for beginners.

A spokesman said that the advanced division starts at 8:30 a.m. this coming Monday morning at Hilltop Golf Club. Play will continue each Monday through Aug. 12 and a tournament will be held Aug. 19.

Meanwhile, the beginner's division will start its season at 10 a.m. Monday, June 24, and play will continue through Aug. 12.

Registration forms may be obtained at either the recreation office at the Senior High or at Hilltop Golf Club on Powell Rd.

NEWLY-ELECTED secretary of the American Supply and Machinery Manufacturers' Association, Inc. is Edward R. Burkardt, vice president and general manager of Whitman & Barnes, of Plymouth. He was elected during the association's annual meeting in San Francisco recently.

Notice of Public Hearing Appeal Board on Zoning

At a meeting of the Appeal Board on Zoning to be held in the City Hall on Friday, June 21, 1963 at 1:45 P.M., a public hearing will be held to consider: Appeal Case No. 63-137 of Perry Richwine requesting permission to install a window to be used for fire escape purposes in his second-story office suite at 863 Penniman Avenue, as recommended by the State Fire Marshall's Office.

Ordinance No. 182, Zoning Ordinance of the City of Plymouth, prohibits the installation of windows on the side of a building when such structure is located on the property line, as is the case of Mr. Richwine's building.

All interested parties will be given an ample opportunity to participate in the hearing, and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the Appeal Board on Zoning before making its decision.

Toll House Inn, next to Allison Chevrolet on Main St., is being demolished to make way for a parking lot for the auto dealership, according to owner Frank Allison.

He said that apartments on the second floor of the building were vacant and that the structure was in need of repair. The decision was made to demolish the building, rather than attempt to remodel it.

MAJ. EBERSOLE was a lieutenant during World War II when he flew "The Plymouth Mail" on bombing missions over Germany. The B-24 Liberator (above) was destroyed when it collided with another plane. It was being flown by an alternate crew at the time.

children, Mrs. Jack (Dorothy) Kahal, Romulus; Clare, 38, Livonia, and Keith, 31, Dearborn. All are PHS graduates.
Maj. Ebersole's wife is the daughter of Mrs. Robert Bechtel, of Northville. They were married in the early years of World War II and after the war, while the Plymouth man was attending the University of Michigan, they lived in Willow Run Village.
Kurt, the 13-year-old son, was born during the period

that his father was attending U.M.
The older son, Howard Roy, Ebersole, was a sophomore at the college in New Mexico.
He was returning for the summer to Anchorage to work there for the conservation department during his vacation. He earlier had attended a college in Alaska, but had been unhappy at that school and had more recently transferred to the college in the southwest.
One of Maj. Ebersole's recent assignments was to the White Sands testing grounds near Alamogordo, New Mexico.
He had been in the Army Signal Corps early in the war, but had asked for the transfer to the Army Air Corps and was accepted. After the war, when the Army Air Corps became the U.S. Air Force, a separate branch from the Army, Ebersole became an Air Force officer.

Name New Methodist Minister

Reverend Hugh Clifford White, minister of the Franklin Community Church in Franklin, Mich., will become pastor of the First Methodist Church here June 16.

He succeeds Rev. Dr. Melbourne I Johnson, who retires June 15. Rev. Johnson and his wife plan to travel extensively this summer and will make their home in Ann Arbor upon their return.

Rev. White was born in Evanston, Ill., and was educated in the public schools of Chicago and Downers Grove, Ill. He received his bachelor of arts degree from North Central College in Naperville, Ill.

He was awarded his graduate Theological degree from Garrett Seminary on the campus at Northwestern University in Evanston.

Rev. White has served congregations in Oak Park, Ill.; Fairdale, Ill.; Detroit, Grosse

Pointe and now in Franklin, Mich.

His wife, Billie, whom he married in 1943, is a graduate of Southwestern University, Georgetown, Texas, and prior to their marriage she was The Wesley Foundation director at Sam Houston State Teacher's College, Huntsville, Texas.

Rev. White and his wife have two children, Stuart, 14, and Jeffrey, 11.

One of Rev. White's recent major achievements was to serve on a missionary journey to Japan. The mission was sponsored by the Grosse Pointe Methodist Church, where Rev. White was pastor for 15 years.

On the occasion of the couple's 10th anniversary, the Grosse Pointe church sent them to Japan with a missionary group from the Board of World Missions of the Methodist Church.

During the summer of 1955, Rev. White and his wife were stationed in Miki, Japan, "on loan" from their home church. During his stay there, Rev. White helped subscribe and build a new Christian Church in Miki with an initial congregation of 30 baptized Christians.

The couple plans to return to Japan for a visit in the summer of 1965, when they will stay again at the church Rev. White helped establish there in Miki. It has since become the largest in the area.
Rev. White and his family will move to Plymouth shortly.

Chips from the ROCK
 PLYMOUTH ROCK

The resignation of Joe Near as City Clerk is a sad blow to this community. A team of efficient department heads consisting of Ken Fisher, Kenneth Way, Joe Bida and Near gave Plymouth as efficient a group of public servants as could be found anywhere.

Though Mr. Near gave no specific reasons for his resignation, we know it has been a clash of personalities and we must admire a man of his courage in taking such a step though in every other way he has been most happy in this community.

His loss is a grave one and one for concern for the City Commission because dedicated public servants such as Near are difficult to replace. We ourselves recently encountered a situation at City Hall where the Commission's confidence was openly violated and of course we didn't like it either.

One debates the various alternatives under such circumstances.

As sorry as we are to see Mr. Near make this move we cannot but admire him for having the spunk to find more pleasant working conditions and we know he debated many weeks before leaving so fine a community. Whatever he may do in the future, we wish him all kinds of happiness and success.

Some 25 to 30 years ago a group of downtown businessmen used to gather along about 10:30 every weekday morning out at Otto Beyer's soda fountain to enjoy one of his delicious chocolate malted milks.

Back in those days Mr. Beyer was one of the village's most progressive merchants and his Liberty street store, along with Gayde Brother's Grocery a couple of doors away, was a mecca for all of the residents living on the north side of Plymouth.

During that time his son Robert was a student in our grade schools. After his father's death in 1941 "Bob" took over the management of the store and the opening of his new store on Ann Arbor road last week prompted the following thoughts.

Usually it takes a rank outsider to move into any community and carve for himself the same brilliant opportunities and success that Robert Beyer has done today. The beautiful new store, as modern in every detail as is possible today, is only a tribute to his vision and his faith in his own hometown.

To us it proves that by using sound merchandising methods, having attractive surroundings and being dedicated to the community in which you live, work and play, there are ample rewards for any young man willing to put forth the effort to keep abreast of the times.

From one little, old fashioned drug store down on Liberty street have sprung three huge, modern retail outlets now serving the various parts of this community. It took vision, faith, courage and confidence on the part of Bob Beyer and it proves to us that there is unlimited opportunity within the

reach of everyone in the business community if they are determined to get their share.

We need more Bob Beyers and I hope our present graduates will alert themselves to this record of accomplishment. The well trodden "cross roads" at which they now have worked just as easily, if they select the one with vigor and determination, lead them to the same high pinnacle of success.

Most small town business communities are plagued with a multitude of problems. Plymouth is no exception. From one of our national trade-journals comes the following wisdom. It is timely here as well as across the nation and we are frank to admit it is one of the major problems that our own business encounters each month.

"People who don't pay bills promptly are among the greatest frustration of merchants and small business firms. Whereas credit may be helpful in stimulating business, it often boomerangs and becomes the major stumbling block to expansion and, in lots of cases, is the cause of bankruptcy.

"It is our opinion that if people are prodded — if they are taught to understand how local economy can be seriously impaired by debt — there are many who would alter their habits and the whole community would benefit.

"In most towns, analysis would show that the greatest volume of outstanding debt is owed by people who can well afford to pay but have just got the habit of taking their time about it."

The case is well stated by the magazine. There isn't any use of our talking about anyone else but let us give you an insight into our own problem.

We, like most other business in the area today, have enjoyed a steady profitable growth. We owe the bank a few thousand and we have a few notes still owing on one of our new automatic presses. We have never missed a discount on a bill payable in the thirty some years we have been in business, hence our credit rating with our suppliers is excellent.

We have never missed a payroll, and we attempt to filter our dollars back through the community by participation in any civic project that calls for help. Withstanding this creditable record and we must say this to emphasize our point... we have standing on our books, due for the last two, three, four and five months, ample cash to more than pay off our total obligations and perhaps have a small surplus left.

Ninety percent of these obligations are owed by sound local business firms who could well afford to pay up their total bill. But here, habit has withheld a remittance so we must continue to pay interest on our obligations and most certainly have to think twice before considering any further capital investment for expansion purposes.

This is not a problem of ours alone. Any accountant or almost any local business man will tell you he has the same problem. In my opinion this is an unnecessary headache which the small businessman shouldn't have. It restrains him from expansion of his merchandise, it costs him extra time and money to make the effort of collection, and it frightens him from putting forth the extra energy to provide more service in better surroundings because of the fear he just might not be able to garner in his already earned dollars when he would need them most to pay off his extra obligations.

This is a serious business. It is a problem that hurts in more ways than most people ever thought of and it is one which could be solved so simply... Just pay your bills when they are due and maybe the guy next door can pay his to you, too.

The American Press magazine didn't suggest it but since we have a day, or a week or a month for everything else it might seem appropriate to have a "pay-your-bills" month and get everybody back on an even keel... at least Floyd Kehrl over at the corner bank would approve of the idea most heartily, I am sure.

Last week we stumbled by chance into a real local problem. I mentioned some observations I had made of the Safety Patrolmen on school crossings and the way some of them were teaching children to cross streets against red lights.

It seems this problem has been, and is, a real concern of public safety director Kenneth Fisher and school business manager Melvin Blunk.

Local police-aids are hired by the school system and for the most part supervised by the police department. The City and the School each pay half of the salary allotted to these people and that is presently amounting to \$60.00 per month, per person.

Granted the hours which these people are required to work are few but they do break up a day as their services are required for some 45 minutes, three different times when schools convene and close.

We find that both the police and the schools are well aware of the deficiencies of some of their crossing attendants but we also find that they are having real difficulty in securing people for these jobs and this responsibility.

After talking at some length with both parties it is our opinion that what is needed most to help correct this situation is for more of our residents, either men or women, to offer their services for these jobs.

The school year is over this week but applications can be made right now for a position next fall. It seems to us that here is an excellent opportunity for retirees, or others, of either sex to amplify their social security and provide almost enough extra money easily to almost pay their weekly grocery bill.

If you have the spare time why not get an application made out at the Board of Education offices today, and if you can't help our youngsters learn the proper way to behave at these busy crossings perhaps you can suggest someone that would have the time. Interestingly enough, here again, the responsibility of getting this important job done falls on the shoulders of our citizenry. Why not get your name on the list today?

While we are on the subject of children a bulletin from the Michigan State Police brought to our attention another timely matter concerning our youngsters. Schools are out and once again our streets are flooded with vacationing kiddies on their bikes or on foot.

In 1962 Michigan motorists injured 15,741 children. Over 12 per cent of all persons killed in traffic last year were children and the most important statistic released by the State Police was the fact that 95 per cent of the children killed met their accidents while at play, not while in the process of going or coming from their schools.

Another interesting fact in the statistics was that eight out of ten of the accidents involving children occurred on residential streets and happened between the hours of three in the afternoon and seven o'clock in the evening.

With these startling facts in front of us it seems all of us should exercise more precaution during the three months ahead to avoid becoming involved in some tragic accident that might seriously maim or involve the life of one of our children.

This is a good time to adopt the suggested slogan put forth by the State Police for the summer period... **WHEN YOU DRIVE... WATCH OUT FOR KIDS!**

Stenger Selected For U-M Institute
 An English teacher at Plymouth High has been awarded an all-expense paid fellowship to attend a special institute for English teachers this summer at the University of Michigan.
 Robert Stenger, 33, 448 Pacific, will attend the institute, which begins June 24 and concludes Aug. 7. The fellowship includes payment of all tuition fees. However, no stipend accompanies the grant, he said.
 Stenger, a faculty member at the Senior High since 1960, is a 1958 graduate of Eastern Michigan University and taught in Rogers City, Mich., before coming here.
 He and his wife have four children ranging in age from one to six years. His selection made him one of fewer than three dozen English teachers in Michigan to receive the award.

HOW MUCH DOES A NEW CADILLAC COST?

Before you give your answer, here are a few pertinent and helpful Cadillac facts to guide you.

Did you know that there are twelve beautiful Cadillac models—each very different in character and cost? They range in price from the Series Sixty-Two Coupe to the Series Seventy-Five Limousine.

Did you know that many features included in the basic price of a Cadillac cost several hundred dollars extra on some cars? Among these are Hydra-Matic transmission, power steering, power brakes, heater and, on some Cadillacs, power seats and windows, individual sports-type seats and leather interiors.

And did you know you can pay almost as much for a great deal less? Cadillac craftsmanship and quality control... brilliant performance and precise handling help the car to retain its high value over a far longer period of time.

Pick your favorite model... put your estimated price tag on it... and check your guess with your authorized Cadillac dealer.

We'll wager you guessed too high and we'll also bet that when you hear the actual price, you'll be ready to join the fast-growing Cadillac family right now.

Go on in and see for yourself!

Youth Employment Program Formed

The YMCA Young Adult committee met Monday with Mike Hoben, Plymouth High School coach, to finalize plans for a youth employment program here. Goal of the program is to help find meaningful employment for young people in the area.

Hoben will spend much of the summer researching and planning the program, which should be in operation by August. Hoben will act as full time research and program director during the summer months and will continue on a part time basis in the fall when he resumes his teaching duties at the Senior High. It was pointed out this is not a summer student program. Members of the committee are Russell Isbister, Don Sutherland, Ed Draugelis, Urey Arnold and George Lawton.

HUSBAND-AND-WIFE combination recently assumed top executive positions in the local VFW Mayflower Post No. 6695 and its women's auxiliary. Duane Johnson (at left) was elected the new post commander, succeeding Lou Dely, and Johnson's wife, Lucille, was named president of the auxiliary succeeding Betty Neale. The installation of new VFW officers took place late last month at the VFW Hall on Mill St.

Singing Postman Changes Name, Branches Out

Once known as the "Singing Postman," Plymouthite Danny Hargrove has given up his postal duties to devote himself full time to singing professionally.

In fact, he's even changed his name. His latest recording, "You're Wrong," is sung under his new name, Danny Wayne. The record, by the way, is ranked tenth in the Detroit area, according to a disc jockey poll, and is on sale at Melody House here. While much of his work up to now has been confined to personal appearances in southeastern Michigan, Danny is starting to branch out as his popularity climbs. This week he was scheduled to open a 14-day stay at the Flamingo night-club in Newport, Ky. Last weekend he did two television guest appearances in Detroit.

Although he specializes in rock-n-roll, Danny does ballads and popular songs. He is presently being managed by Charles Allie, the owner of C & R Productions, Detroit. Danny's two-week stand in Kentucky was handled through the General Artists Corp., largest entertainment booking agency in the nation. Danny is married and he and his wife, Marion, have one child, a girl, Terri.

New Summer Hours In Effect at Library

Summer hours are in effect now at the Dunning-Hough Wayne County library here. The library, which will be open Monday through Thursdays from 9:30 a.m. to 8 p.m., and on Fridays from 9:30 a.m. to 5 p.m. The library will be closed Saturdays.

KIWANIS NOTES
By Ken Way

Al Renfrew, U-M hockey coach since 1957, was the Plymouth Kiwanis Club's guest speaker last week at Lofy's. He told about the first U.S. hockey team, which was formed at Houghton, Mich., at the turn of the century.

It was an era, according to Renfrew, when hockey games consisted of 30-minute halves, instead of today's three 20-minute periods. Renfrew also showed a film entitled "A Football Weekend in Ann Arbor," which depicted the weekend activities in the home city of the University of Michigan's Wolverines.

He also discussed some of the aspects of the Olympic hockey competition. At the June 18 meeting club members will review committee reports on a number of club projects.

Vickers Promotes Plymouth Man

A 1937 graduate of Plymouth High, Robert Egge, has been named manager of engineering and quality analysis for the Joplin, Mo., plant of Vickers, Inc. He is the son of Mrs. Martha Egge, 272 Arthur St., and will move to Joplin with his wife, Nell, and two children, Karn, 9, and Russell, 7, in the near future.

He and his family have been living in Livonia's Schoolcraft Manor for the past 10 years. Egge has been in the engineering division of Vickers of Detroit since he graduated from the University of Michigan in 1951.

Egge was active in sports at Plymouth High and played on the championship basketball team of 1937. He served four years in the U.S. Army after high school including duty in Newfoundland.

Canton To Consider Subdivision

The Canton Township Planning Commission approved preliminary plans last week for a new subdivision in the northeast section of the Township. Holiday Park subdivision, platted for 884 homes, now goes to the Canton Township Board for approval, contingent on certain revisions requested by members of the Planning Commission. Approximately 400 acres are included in Holiday Park and subject to water being brought into the area, work is expected to start next year on the first 100 homes. L. D. Land Co., Detroit, is the developer. If final approval is given, work is expected to start next year on the first 100 homes.

Lake Pointe News

By Marilyn O'Neil — GL 3-0057

Not only do new residents to Lake Pointe arrive frequently via moving van and loaded-down automobiles, but the residents already here help the subdivision grow numerically, too, as we all know — perhaps too well. One of the most recent additions by way of the stork is Edith Ann Shuman, whose parents are Bob and Judy Shuman, Greenbrook. Edie was born Sunday, June 2, and weighed eight pounds, one ounce. Grandparents Mr. and Mrs. Stuart Gunning, Detroit, are watching Edie's brother and sister, Russel, 2, and Stacy, 1.

Frank and Pat Lannox, Bruce and Doris Gould, and George and Jean Bowman, all of Greenbriar, stayed briefly from Lake Pointe's own social whirl last Saturday night to play bridge at the Lwonia home of Mr. and Mrs. Glenn Barteldt. Bruce Gould and Glenn Barteldt work together at Burroughs Corp.

A new twist on a long-time breakfast cereal resulted in an unusual recipe for cookies recently when Celia Krieg, Greenbrook, took part in a Gourmet Club luncheon in Plymouth. Lebonese food was featured. Celia's contribution was an authentic Lebonese cookie made with Cream-of-Wheat, butter, milk nuts and flour. The cookie is called "mamoul." The affair was held at Tina Powell's on Beech in the City of Plymouth.

Things got pretty quiet at a number of Lake Pointe homes last week when many

local sixth graders went off to camp at the Waterloo Recreation Area. Among the mothers who got at least a partial vacation were Betty Chapin and Alice Mack. Lakewood, June H. Johnson, Shadywood, and Eunice Crumie and Barb Spagnola, Russett Lane. The youngsters — more than 60 all told — supplemented their science classes with a study of nature. Gee, how come they never had anything like this when we were in the sixth grade.

Derm Rowland, Shadywood, had a surprise opportunity to say hello to his brother, John, Minneapolis, one weekend recently in Detroit while John, a commercial builder, was in Michigan on business. Derm and his wife, Helen, moved here about a year ago and he is a representative for Speed Queen.

Condolences are extended to Ruby Marshman, Lakewood, whose mother, Mrs. Louise Flitney, Toronto, Canada, died on Memorial Day. She had been ill a brief while.

Ed and Mary Parme, Greenbriar, and their three children, Karen, 5, Reilly, 3, and Charlie, 4 months, spent the long Memorial Day weekend in Shaker Heights, Ohio. They visited Ed's parents, Mr. and Mrs. L. J. Parme, and Mary's sister and brother-in-law, Mr. and Mrs. Edward Kilroy.

Also traveling recently were Norman and Jane Hinkle, Greenbriar, who combined business with pleasure in their

trip to Little Rock, Ark. Norman is a sales engineer for Peterson Spring Corp., Three Rivers, and had to go to Little Rock on business. While there, the Lake Pointe couple visited many of Norman's relatives. The three Hinkle children enjoyed the trip, too. They are Karla, 3, Keely, 2, and Kurt, 3 months.

And then two Lake Pointe families had visitors here from out of town. Hugh and Shirley Gibson, Hammill Lane, enjoyed the company of his parents, Mr. and Mrs. William Gibson, his brother and sister-in-law and Mr. and Mrs. Terry Gibson, all from Oregon. Howard and June Lukey, Greenbriar, entertained June's sister and brother-in-law, Mr. and Mrs. Henry Wiegrefe, Sarasota, Fla. June said that they all went out together for dinner several times, and the girls "did all the dime stores and discount houses."

Undoubtedly there are a large number of Lake Pointe teen-agers graduating from high school this week. A few of them are Pat Wyman, whose parents are Jim and Joyce Wyman, Robinwood; Barbara Diekmann, daughter of Bob and Jane Diekmann, also to Robinwood, and Mary Blashill, who lives with her sister and brother-in-law, Conrad and Ann Krankel, Huntington Dr. Interestingly, Barbie Diekmann's mother, Jane, is also a PHS graduate.

Etta Caid, Robinwood, played bridge with a number of her former girl friends in the Southfield-Warren area of Detroit last Friday evening. While Etta was busy "bridging it up" husband Russ took their three children, Stephanie, Rita, and Roger, to a drive-in movie.

An ambitious Lake Pointe couple, Betty and Jack Moon, Lakewood, have been hard at work lately making their own colored patio blocks. The patio measures 12-feet by 25-feet, and they started with six railroad ties that shaped the dimensions. Then they filled the patio with sand, and just like a big cake, they had to grease the cement forms before pouring the cement and mixing the color. They persevered however and finally came up with 100 blocks in reds, yellows and greens to complete a colorful and unique back-yard patio. They're delighted with their handiwork, but Betty admits they wouldn't care to undertake that sort of project again.

GA 1-1297 — We Deliver

BUSINESSMEN Bob Willoughby and Wendell Lent are co-chairmen of the Chamber of Commerce's forth-coming Black Angus give-away, part of the July 4 festivities. In order to promote the event, they took The Mail out to the Willoughby's farm on Pontiac Tr. to see a Black Angus on the hoof. Turned out the animal was a bull, and didn't take the warmest liking in the world to Wendell, a city boy. Farmer and shoeman Willoughby tried to encourage Lent to move in close, above, for a photo, but as near as Wendell ever got was still far out of hoof-range, below. At any rate, tickets to the Black Angus give-away may be obtained from any Chamber member these days, and will also be on sale at the July 4 carnival grounds. And the actual give-away will be a steer, live or dressed out, not a bull. The knowledge pleased Wendell immensely.

12 from Plymouth Among Candidates For Degrees at EMU

Twelve Plymouthites were among the 619 students scheduled to receive degrees during Eastern Michigan University's 110th commencement ceremonies last Saturday in Ypsilanti.

John P. Baltes was to receive a bachelor of science degree and a secondary provisional teaching certificate.

Patricia J. Clixby was to receive a secondary provisional teaching certificate at the same time she was awarded her bachelor of arts degree.

Patricia L. Hagerman was to be awarded a business technician's certificate, and Judith E. Henry, a bachelor of arts degree and a secondary provisional certificate.

John W. Howe has qualified to receive an elementary provisional teaching certificate, and Rosemary J. Tallman for a secondary certificate and a bachelor of arts degree.

David A. Thilston was in line for his master's degree in education, the same as Chloe C. West and Charles E. Williamson. Jack R. Wingard was to be awarded a secondary certificate.

Winnifred I. Wolfe became eligible for a bachelor of musical education degree and an elementary provisional certificate to teach. Thomas R. Workman was to receive a master's degree in education.

If you trade in this car right now

on a '63 Chevrolet ... here's what you'll get

Top: 1965 Impala Sport Coupe, below: 1963 Impala Sport Coupe.

You get a whole lot more than that '59 Chevrolet (great as it was!) could offer. Some big improvements, some small, some for savings, some for performance, some for comfort.

For example, you get a car that's easier to care for. Flush-and-dry ventilating system uses rain and wash water to help remove corrosion-causing elements from rocker panels. Its more fully aluminized exhaust system, self-adjusting brakes and new Delcotron generator (battery-saver!) cut costs, too.

You get styling and interior comfort you'd look for in far more expensive '63 cars. Plus such optional equipment* as a Super Sport package and adjustable Comfortilt steering wheel to make an Impala Sport Coupe or Convertible as personalized as you like.

You get a wider choice of horsepower, from the economical 140-hp Turbo-Thrift 6 up to a 425-hp V8.* You get long-term savings from Chevrolet's traditionally higher resale value. And immediate savings because it's Trade 'N' Travel Time at your Chevrolet dealer's. So he's more anxious than ever to make you a deal on a Jet-smooth '63 Chevrolet.
