Chips from the ROCK

By Carl Caplin
Popular Retail Merchant and Civic Leader

Shoe man Jim Houk dropped by our door a while back and invited us to attend a Kiwanis meeting with him. We did so, and had the pleasure of watching then-President Neil Davidson conduct a very good meeting. As we sat there to enjoy an excellent speaker, chuckle at the humor of their Sergeant-at-Arms, and see serious business and professional men gather in fellowship we were keenly aware of the quiet and unpublicized accomplishments being attained by these men. All of which made us think that it would be good if more of our folks knew just what it is that makes Kiwanis and the other service clubs "tick".

There was a time when most of us thought that these groups were back-slapping, conforming, self-interested social clubs. That image, we are glad to state, has disappeared. In its stead we now find hard-working, charitable, civic-minded leaders gathered to pool their talents for the good of others. And most of the help is given without fanfare. In their meetings horseplay is taboo; fun and humor only an incidental to the function of these organizations. Cooperation between these groups, though tacit, is especially strong here in Plymouth.

Here, in capsule form, is a little run down on each of our major "Service Clubs":

Kiwanis was formed in 1915 in Detroit. The local unit was started in 1925, and two of its charter members are still active. They are Ernie Allison and Fred Thomas. Kiwanis is now starting groups in Europe to add to the large roster in the United States and Canada. The one-hundred-two members here are under the direction of President Walter Gemperline, and they are particularly interested in doing all they can for under-privileged children. They have also built a Girl Scout "Cabin" that is in constant use. We use the word "cabin" with tongue in cheek for it's really a very large building, and a major project for even a large service club. Membership in Kiwanis is by invitation to men who either work or live in this community.

Whenever we see a white cane most of us think of The Lions Club and the dedication that these men of Lions International have to the blind. The original club held its first meeting in Dallas, Texas, in October of 1917. As of last year there were 629,000 members in 15,700 clubs, most of which are in the United States. Rapid strides are being made to extend the organization into other nations. The Plymouth Club has been in existence since its charter was granted in 1948. Six of its charter members are still active, and President Bruce Richard presides over about fifty men here in Plymouth. The local group not only contributes its monies and efforts to help the blind, but also does much to aid those afflicted with other eye deficiencies. They help support the Leader Dog program over at Oxford, also.

The man who believes in young folks and wants to serve youth with something other than "lip-service" should accept an invitation to join The Optimist Club! Optimist International in general, and Plymouth Optimist Club in particular, have done

many things for our teen-agers. Their very motto is the key to their beliefs: "Friend of the Boy". This organization started in Buffalo in 1911, has headquarters in St. Louis, and chartered the Plymouth Club in 1949. We talked to charter members Herb Woolweaver and Bill Saxton about The Optimists. They willingly told us that they are organized now in all the countries of North America; they have 2,000 chapters of which Michigan has eighty-three with about 2,000 members; and they gave us other statistical data. However, they were reluctant to tell of their accomplishments. After conversing with these two we think it unlikely that we'd be able to inveigle President Bob Tripp or any of his twenty-five other members to parade Optimists' accomplishments for us. So, — we'll do the bragging for them: We've seen their teen dances; we're aware of their good leadership among boys; we marvel at their annual Bicycle Rodeo each April. They are all "present and accounted for" any time boys need them. (Quietly working their unsung way where delinquency appears, too.) As you can see, we're mighty proud of our Plymouth Optimists.

The oldest of the modern-day service clubs is Rotary International, which was formed in Chicago in 1905. It now is established in 129 countries and geographical divisions, and numbers over half a million members. Each club chooses its members by business or profession, having only one active member from each classification, thus assuring a diversity of interests and talents. The Plymouth Rotary Club was chartered in 1925, and five of its charter members are still active. They are Doctor B. E. Champe, Carl Shear, John Dayton, Sid Strong and Paul Wiedman. President Bob Beyer presides over a membership of 92 men whose interests include Crippled Children, Easter Seal Activities, Boy Scouts and other projects. One of the largest single activities is The Fall Festival which is becoming a community-wide event. Rotary has also established The Plymouth Rotary Foundation, a non-profit Michigan Corporation, which does work with college student loans, other educational work, civic and charitable projects.

In conclusion let's tear apart that old Cliche that goes like this: "The Rotarians own a town, the Kiwanians run it, and The Optimists and Lions have all the fun". IT JUST AIN'T SO!! They ALL have fun. (Sergeant-at-Arms, internal jokes, wonderful fellowship.) They ALL help run a town. School boards, Commissions, Chambers of Commerce, other boards and committees, et cetera are served by these men. They ALL share ownership of the biggest assets we have: Pride, dignity, accomplishment and usefulness are their possessions.

For 2-Week Trip Around Lake Superior

A Plymouth couple, who recently returned from a two-week scenic tour around Lake Superior, have been named "Admirals of Lake Superior" by the Sault Ste. Marie, Ont., Chamber of Commerce.

Mr. and Mrs. Harlan Hickerson, of 9595 Gold Arbor, were both presented with humorous "certificates" acknowledging their around-the-lake tour.

The Plymouth pair, residents since 1952, left July 5 and returned home July 17. Their trip took them by way of Chicago, Milwaukee, Duluth, and Nipigon, Wawa and Sault Ste. Marie, Ontario.

Hickerson retired Dec. 31 from the Ford Motor Co. He and his wife traveled by auto and utilized a camping trailer.

Michigan was the first state to provide in its constitution for establishment of public libraries. It now has 310 public and more than 900 school libraries.

TAIT'S CLEANERS swept aside all opposition in the men's recreation softball league this summer enroute to a second straight league crown on the strength of a perfect 14-0 record. Players (shown above) received individual trophies for their achievements and a team trophy was presented to the sponsor in ceremonies last week. Kneeling, from left: Bob Miller, Dan Swaben, Bob Boss, Dick Pauline,

Darwin Snyder and Don Thomson. Back row, from left: Recreation Director Herb Woolweaver, Herb Norgrove of Tait's Cleaners, manager Gordon Robinson, Bill Basham, Jack Carter, Paul Cummings, Pat Robinson, Jerry Vettese and Max Summerville. Two other team members, missing from the photo, are Bob Anderson and Mac Pierce.

Unbeaten Tait's Wins Title

Men's Softball Season Ends

A tie for third and another for fifth place were the only significant changes in the standings of the men's recreation softball league last week as the season drew to a close.

McAllister Bros. scored a narrow 8-7 victory over Box Bar to move into a two-way tie with Men's Lutheran for possession

of third place. The Lutheran team had completed its schedule earlier.

Both McAllister's and Men's Lutheran finished with eight wins against six losses.

Plymouth Plating and Box Bar wound up tied for fifth place in the final standings. Both teams compiled identical 7-7 records. Plymouth Plating

last week absorbed a 14-7 loss at the hands of Paragon Steel, of Novi.

Paragon's victory came as somewhat of a surprise since the Novi team had won only two games during the first 13 contests of the 1963 season.

Local No. 102 lost its 14th straight game by an overwhelming 28-3 margin to second-place Vico Products. And last but not least, Tait's Cleaners fashioned an easy 26-1 win over seventh-place Evans Products.

For Tait's, the victory was No. 14 in a row this season, but really only added some icing to Tait's championship cake.

The cleaners team had wrapped up the 1963 softball title two weeks ago, after beating Vico Products, the only challenger in the nine-team conference.

Tait's players and coaches were presented with individual awards and a championship trophy in ceremonies early last week.

With the season finished here, one softball team from the Plymouth league still had a bit more action in store. Vico Products entered the class D state softball tourney conducted

Plumbers Win 'E' Title; Party Pantry Tops in 'F'

The Northville Plumbers clinched the Class E recreation baseball championship here last week by soundly defeating challenger Loper Firestone, 6-2, in a play-off of a previous game that had ended in a 2-2 tie.

The loss to Loper effectively erased its last remaining chances of so much as a tie in the Class E title race.

Northville Plumbers wound up the season with 13 wins, no losses and two ties, while Loper engineered 12 victories and three defeats.

As a result of its Class E championship, the Plumbers team has entered the Recreation Association of Michigan state baseball tournament and was to compete in first round action Aug. 12 at Wayne.

Loper Firestone, on the strength of its second-place conference finish here, became eligible for the Inter-City baseball tourney and was to play Trenton in the first round Aug. 12. The game was to be played at Ecorse.

Both tournaments are three-day events, with one defeat being sufficient to eliminate team entries.

In Class F baseball here last week, there was little more than the shouting last week, since Party Pantry had long since wrapped up the league crown.

Party Pantry wound up its schedule by posting victory

No. 12 in the form of a 14-0 win over Casterline Braves. In other games in Class F last week, Finlan Realty forfeited to the Northville Orioles, 7-0, and Plymouth Recreation defeated the Ely Oilers, 11-7.

The Oilers scored seven times in the first inning, but Plymouth Recreation clipped away to pull out the victory on the strength of several scoring bursts.

Party Pantry, the Class F champ, entered the Recreation Association of Michigan baseball tourney and was scheduled to compete in the first round of action at the district level Aug. 12. The opponent was to be Dearborn Heights.

Meanwhile, Plymouth Recreation, the runner-up in the Class F conference, entered the Inter-City play-offs and was to compete in first round play Aug. 12 in Livonia.

Again, both Class F tournaments are three-day contests and one defeat will eliminate a team entered in the competition.

To Offer Women's Swim Class

An adult women's swim instructional class will be offered this fall by the recreation department, with Janet Luce as instructor.

The course, an eight-week affair, will begin Thursday, Sept. 12, and will conclude Nov. 7. It will meet each Thursday night at the swimming pool in the Senior High from 8 to 9 p.m.

Recreation Director Herb Woolweaver said it is the first time in many years that such a class has been offered here. He said that at least 15 women must sign up in order for the class to be conducted. Woolweaver

said the only age requirement is that the women "must be out of school."

Fee for the eight-week course is \$8, he explained. Mrs. Luce, the instructor, has served as an assistant to John McFall during the summer recreation swimming program.

Women interested in taking the instructional swimming class may register anytime after Sept. 3 at the recreation office in the Senior High building. Woolweaver pointed out that the class begins before registration for other fall recreation courses takes place. Further information on the class may be obtained at the recreation office, GL 3-3101.

Rocks Football Season 'Just Around Corner'

It hardly seems believable, but Plymouth High's football season is just around the corner.

The Rocks open their 1963 grid campaign Sept. 13 with a traditional battle with Northville High.

Coach Mike Hoben has announced that he will issue football gear to seniors on Saturday, Aug. 24, from 8 to 10 a.m. Juniors and sophomores will be issued their equipment from 1 to 2:30 p.m. that same day, Hoben said.

First practice will be at 8 a.m. Aug. 26 and Hoben is planning a twice-a-day practice schedule until classes begin Sept. 5.

Already, Hoben has mailed out letters to those candidates who had signed up earlier for the team. He said some are working out individually, impatient for the start of the season.

A number of hopefuls will attend a "conditioning" camp at Three Rivers this month in preparation for the rigors of Hoben's practice routine.

The veteran grid coach can look forward to 16 returning lettermen this fall, among them Dick Egloff who will captain the 1963 contingent. The Rocks will take part in a scrimmage Saturday, Sept. 7.

Hoben, entering his eighth year as football coach here, is seeking an equipment manager and a field manager for this season. Interested students may contact him at his home, GA 1-0176.

Rotarians Sample Barbecued Chicken in Preparation for Fall Festival

THE CHICKEN has to be perfect and head chef, Frank Allison, above left, personally supervises the charcoal cooking in the practice session Rotarians held last weekend at the residence of Clifford Tait, right, on Ridgewood Drive. Some 50 members of the local club were in attendance to practice the cooking and serving procedures as well as to sample the excellent food they hope to serve to nearly 10,000 guests on Sunday, September 8th in Kellogg Park.

Below, first Rotarian to be served was barbecue general chairman, Edward Sawusch, center, who with culinary critic extraordinary, Carl Caplin, right, accept, hot from the grill, golden brown, crisp, moist chicken done a turn by the Rotary cooking team and served by head chef Allison. According to Mr. Allison, the operation "barbecue" on September 8th, will be a sight to behold when 10,000 chicken halves are simmering over charcoal coals throughout the afternoon and 10,000 ears of locally grown sweet corn are cooked with the antique steam engine which adds much color to the affair. Tickets for the sumptuous dinner are now on sale throughout the community.

OFFERING THE MAIL'S photographer a tempting dinner is Frank Arlen, left, grandfather of the Rotary undertaking and, too busy to notice their picture being taken are, left to right, Rotarians Cecil Sharrard, Arnold Johanson, Verne Steele, Kenneth Eddington, Robert Maurer, Carl Caplin and Dr. Elmore Carney.

SOME OF THE ROTARIANS in attendance took breather between courses to make more room for seconds. Here, left to right, Earl Merriman, Robert Sincock, Charles Engstrom, Carl Shear, Joe Wickens, Russell Isbister and Earl West seemingly relax between servings and watch the chefs at work. All but one of the above, Carl Shear, took time out for air but as the bottom picture will attest, this well known civic leader had no time for breathers. "The food was just too good to waste time while it was hot", he said.

NOT TO BE OUTDONE in the corn eating department is Dr. L. J. Salan, left, and running close seconds, are left to right, Harold Pine, David Mather and Joe Wickens. All gave their stamp of approval to the food and will testify to the fact that this year's event will even be better than last.

VIEING FOR TOP HONORS with Shear in the eating department were left to right, Robert Sincock, Shear, Vaughan Smith and Harry Draper. "The chicken was good last year," stated Smith and Draper, "but they're even better this year," they agreed.

School Request For \$1 Million Loan Gets Okay

Michigan Municipal Finance Commission has given the Plymouth School District permission to borrow \$1,025,000 against anticipated tax revenues. The borrowing will be accomplished in two parts. A \$550,000 loan will be achieved through the sale of tax anticipation notes using Dec. 1, 1963, operating tax receipts as collateral. The proceeds will be used to meet operating expenses prior to Dec. 1. Another \$475,000 loan will be negotiated by the school system through the sale of tax anticipation notes using Dec. 1, 1964, building and site sinking fund tax receipts as collateral. It will be to provide building and site sinking fund monies prior to collection of those taxes. Maximum interest rate on both sets of notes is four per cent.

Decision Near on Condemnation For City Hall

The City's suit for condemnation of private property for a site for new City Hall entered its second week in Circuit Court Monday.

A decision by members of the jury was expected sometime later this week.

Last Monday was the start of the third attempt to hear the case. The City's legal counsel, Edward Draugelis, is pleading the case for Plymouth.

Involved in the matter are two pieces of property fronting along Main St. and located immediately south of Dodge St. The property is occupied by the Stadnik & Shekell auto lot and the building that houses Kenneth Harrison Real Estate.

Defendants in the case include the owners of the Stadnik & Shekell firm, along with Margaret Dunning, Thomas Warner, and Mr. and Mrs. Harrison.

Once it has been acquired, the site will provide a about two-thirds of the property for the new City Hall, on which work is expected to begin late in September.

Purpose of the court case is to determine the purchase price to be paid by the City for the land. The City had tentatively budgeted a about \$70,000 for the land acquisition.

However, the jury now hearing the case will make the final determination as to the amount to be paid.

The new City Hall will also occupy the westerly half of Dodge St. which City Commissioners last week officially vacated for this purpose. In addition, the property where the former Christian Science church stands will also be a part of the new City Hall site.

The condemnation case is being tried before Wayne County Circuit Judge Joseph Moynahan. Two previous hearings on the same matter ended in mistrials.

CLERK APPLICANTS TO TAKE ORAL TESTS

Remaining candidates for the position of city clerk will take oral examinations Thursday night. The tests will be administered by City Manager Albert Glassford who hopes to name a new clerk by Sept. 1. There were more than 80 applicants for the post originally.

Brief Delay in Opening Family Service Agency

Still seeking a qualified caseworker, the Plymouth Family Service Agency may not be in full operation until mid-October. Up to recently, it had been geared toward a Sept. 1 opening date.

Plymouth Community Fund officials have already made financial provisions for the agency, but are doubtful that the agency will be underway much before the start of the 1963 Community Fund drive on Oct. 10.

Mrs. Marshall North and Rev. David T. Davies, two of the directors of the Community Fund, have been in charge of putting the Family Service project in operation.

The agency has been allotted a \$17,500 first year budget, funds for which will be derived from the Community Fund drive this fall.

Meanwhile, the agency will receive Community Fund contingency monies until the first of the year.

The Ann Arbor Family Service will hire the Plymouth agency's case-worker and will administer the local program, according to Mrs. North.

She said the Plymouth Family Service will be located in the Veteran's Memorial Building, which even now is being remodeled to make room for both the Family Service and the local branch of the Michigan Cancer Foundation.

Tentative budget plans for the Family Service call for a \$6,500-\$8,000 salary for the caseworker and another \$3,525 for a clerical assistant.

The balance of the \$17,500 budget will go toward meeting operation expenses and various indirect costs such as psychiatric counselling fees.

Persons who utilize the Family Service program here will be charged a nominal fee, based largely on their ability to pay.

The Family Service will offer confidential, professional counselling and treatment of problems in marriage, parent-child relationships, behaviour of children and teenagers, personal problems, money management and budgeting.

The use of other community resources, as appropriate, are suggested by the Ann Arbor Family Service, in consultation around loss of work, health and physical handicaps and recreational or vocational needs.

Discuss Possible Human Relations Committee Here

City Commissioners met Monday evening, at the request of Mayor Richard Wernette, to discuss the possible formation of a human relations committee.

No official action was taken, since it was not a regular meeting of the Commissioners.

Wernette called the meeting for the purpose of discussing the advisability of establishing a permanent human relations committee to deal with various city matters.

The idea for the committee was urged by Gov. Romney at a recent mayor's conference which Wernette attended. It was held in Lansing.

Final Plans For College Library Expected Shortly

Final plans for the library building for Schoolcraft College are expected to be ready later this month, according to a release from the college.

The library had been deferred earlier this year in order that available finances for construction could be devoted solely toward the construction of administrative, classroom and related buildings.

It is expected that bids on the library building will be called for in the near future by the college's board of trustees.

The college has also made plans to enter into an agreement with the federal General Services Administration in order to obtain the loan of more than two dozen metal working machines.

Eric Bradner, college president, has been named the agent for the college in matters pertaining to the agreement.

Trustees received an annual report from Bradner in which he explained that the annual 1-mill college tax levy had derived \$477,000 as of June 1.

College authorities had expected a revenue of about \$500,000, based on the 1-mill factor applied to the district's \$500 million equalized base. As of June 1, however, only 95 per cent of the taxes had been paid.

During the Aug. 7 meeting, the trustees approved a building and site budget for fiscal 1963-64 and discussed plans for financing future college buildings at the Haggerty and Seven Mile campus.

Jane Moehle, a trustee-at-large from Plymouth, was named chairman of a special project committee by board chairman Harold Fischer, another Plymouthite.

Suffers Stroke Battling Flames

An elderly Plymouth man, had apparently suffered a stroke while battling the flames.

Virdee Lee Brown, who is about 75 and lives at 609 Karmada, escaped serious injury last Saturday morning when a fire broke out in his bedroom.

However, doctors at St. Mary's hospital told Plymouth firemen later that the man

woke up and attempted to extinguish the flames.

Brown said his feet had gotten cold and he had taken an electric iron to bed to help him get warm. He apparently fell asleep. The iron set fire

to the bedding, and Brown was taken to St. Mary's hospital for treatment.

During the early days in New England, when American clipper ships roamed the Seven Seas, a spicy molasses cookie traditionally was packed in the sailors' sea chests. This cookie, the Hermit, was seaworthy for several reasons. Since it was so delicious, it enlivened the dreary maritime diet; since it kept so well, it was practical for long journeys. The same Hermits are still enjoyed today, not only in New England but the country over. The cookie is flavorful and aromatic with unsulphured molasses and spices, crunchy with raisins and nuts. Molasses goes into a wide variety of favorite foods, some Early American in origin, some as modern as tomorrow. A new booklet, "Molasses Classics for Modern Cooks," provides over 70 delectable recipes based on unsulphured molasses. To get your free copy, write to Grandma's Recipes, Dept. MC, Box 33, Wall Street Station, New York 5, N.Y.
