Still more antiques will be on display and for sale in a three-day show in the Grange and Community Building halls on Union Street.

The youngsters will have their moment in a pet show Saturday morning from 9 to noon in the Central Parking Lot under the supervision of Recreation Director Herb Woolweaver.

There'll be buggy rides, a balloon man, a steam calliope, cider and donut stand, square dancing, a German band, barber shop quartet, band concert, singa-long and numerous other attractions for the young and old alike.

The four-day Festival opens Thursday with an old-fashioned ice cream and melon social, sponsored by the Lions Club, which will feature the 40-voice Motor City Choir under the direction of Robert Craig.

The choir will perform from 6:30 to 9 p.m. in Kellogg Park. One of the specialties of the group is a number of barbershop quartet numbers.

The Lions, who will be open for business from 4:30 p.m. to 9:30, will be dressed in red and white striped vests and straw hats in keeping with the motif of the Festival.

The Plymouth Jaycees will have the spotlight Friday with an outdoor fish fry in Kellogg Park, from noon to 8 p.m. The day's activities will include day long concerts by the Detroit Edison steam calliope. The German Band will move into the portable bandshell at 6:30 p.m. for a three-hour presentation.

Downtown Plymouth never looked neater, cleaner, nor brighter than it did over the past week-end, as it spruced up for the influx of outsiders who'll be guests this week of the Fall Festival.

Glowing in autumn colors, the leaves and banners adorning the light poles which line Main St. are distinctive, original, and in superb good taste. The flags in front of the stores are light-hearted in mood.

Park was closely manicured. Some of the store windows school officials. (featuring antiques and memorabilia) were interesting enough for a pedestrian to spend 10 minutes in front of in business training and speech each, examining the displays.

Against such a background, the handsome new facelifting on the Cassady-Fisher Shoes corner of Penniman looked even more impressive. So did First Federal's magnificent new edifice across the street.

We are of the school of thought which believes that pride in appearance is an indication of general health and soundness, whether it be displayed by a community, a business institution, or an individual.

Plymouth has the pride. Solutions to particular problems inevitably will follow.

Looking at the future, and speaking of problems, Facts and Opinions would make a priority list today topped something like this: (1) Extending the soft water supply from Livonia and Canton Township into the City of Plymouth, to open up the outlying areas, assist industry and the retailers, and rid the city of annoying hard water; (2) Finding a new source of tax revenue to finance the expansion of the Plymouth Community school system-something which we hope can be assisted by new thinking in Lansing; (3) Separation of the railroad grades on the main ingress and egress arteries serving Plymouth; (4) Clearing of idle downtown buildings and land and construction of covered parking areas.

## **Income Tax Petitions MakeWayto Lansing**

Petitions containing more than 240,000 signatures of Michigan residents opposed to the Detroit income tax were delivered in Lansing last week, and approximately 10,000 of the signatures came from Livonia.

The petitions ask the State Legislature to put upon the ballot two proposals: one which would require a vote

## **Board** Vetoes Extra Pay Hike For Extra Work

A motion previously tabled from the July 22 meeting of the Redford Union School Board was defeated Monday night by a vote three to two with two members absent.

The motion would have given extra pay to teachers for their extra-curricular work in dramatics, vocal, football, cross country, basketball, swimming, wrestling, baseball, track, golf, cheerleader coaches, G.A.A., synchronized swimming, journalism, forensics, debate, etc.

The teachers, according to Howard Kraft, spokesman, put in extra hours in many activities of the school. Presently their extra pay amounts to \$12,000, however, the raise would bring the figure to approximately \$17,000, according to Superintendent Russell Hilbert.

It was the "approximate" that board member Jack Raeside objected to. Kraft and his committee of school principals making the recommendations said the revised pay schedule would be raised by 30%. Raeside said he would have to know the specific amount before he could vote favorably on the motion. Robert Keene and Chairman of the Board, Gordon Brocklehurst, voted in favor of the motion. Brocklehurst's vote was unnecessary because any motion takes four ayes to be approved.

Anna Mary Vollick and William Truesdell were not present at the meeting.

To Women It May Concern By MYRA COX

There were some interesting letters in the mail bag this week. One, a note from Congresswoman Martha Griffiths — and I quote "Your soap-box subject 'Dis-crimination against women' was particularly interesting to me. In my judgment if we don't stick together, women are going to be the most discriminated against group."

Martha should know. Although she has always received good press she has never received proper recognition from her party. People like her though and because she has been able to hang in there powers that be in Washington have finally given her responsibility to match her ability. On the powerful Ways and Means Committee we will hear more from this astute lady.

I also had a note from Dorothy Finney, well-known Plymouthite, visiting in California. She related news of her littlest grand-daughter who weighed one pound, 12 ounces at birth and now, at two months, she is up to was solemnized in St. James' her wedding gown. Her head- a blue and white pinafore as four pounds. Thanks to an invention known as an Episcopal Church, Outer Drive piece was fashioned in a tier flower girl accompanied by Rex isolette, this little girl has an excellent chance at life.

> Dorothy said she almost flipped when she picked up the Los Angeles Times and noted the subject of Russell Kirk's column was Plymouth and Northville. He was commenting on the "pleasures of yesteryear" of dining in a railway-station restaurant. He was talking about a restaurant his grandfather owned next door to the depot in Plymouth. He said his grandmother served a big steak, potatoes, bread and butter and coffee for a quarter-with a fourth of a pie pie for five cents.

He waxed so sentimentally in the same vein it was enough to make me wipe a tear from my eye for the good ole days-Plymouth Listening Post. particularly when about the same meal today, with maybe a little refreshment thrown in while you're waiting for the chef to defrost everything, is about 12 dollars - at least it was true in New York, New York.

Mr. Bishoff, at the request of Mr. Roe, brought to the Board's attention the need to transfer \$3,0000 from the General Fund to the Hot Lunch Fund in order to pay the last of our Hot Lunch bills for the 1962-63 school year. This amount being determined after assuming we will receive &c per student lunch on our June claim as we received for the April and May claims. This being antici-pated in our General Fund Budget under Student Services, a budget had been provided in the amount of \$10,000.00 for the deficit for food services. ### **Plates Rusty?** New Ones Are Available Now

Are your auto license plates fading or rusting out?

If they are, any of the 270 branch outlets of the Michigan Department of State will supply you with a new set for a handling fee of \$1.

The special service was initiated after Secretary of State James M. Hare became concerned over the fact that a substantial number of plates are deteriorating badly.

Hare said, "We want to help motorists whose passenger auto license plates have faded or rusted to a point where readability and letternumber recognition is difficult. Our branch offices in all 83 counties have been instructed to issue a complete new set of passenger plates for a fee of \$1."

To get this service, the car owner must surrender both faded or rusted license plates at the time of the transaction so that the new plate number can be recorded thereon.

Hare pointed out that this \$1 rate is available only to owners of 1962 green on white passenger plates which are faded or t does not

rusted. It does not apply to 1963 tabs, commercial, farm commercial, trailer, or motor- cycle plates. In cases where passenger plates have been mutilated, lost, or stolen and both old plates cannot be turned in, a fee of \$2 will be charged.	HAIR S Limit: Two 13-Oz.
