Atty. General Rules School Bd. May Join Planning Authority

The controversial question of whether the Plymouth Community Schools may legally participate in the formation of a regional planning commission was answered in the affirmative in an opinion handed down by Attorney General Frank Kelley.

The Attorney General was asked for an opinion on two questions by State Representative Paul Chandler, publisher of the Observer Newspapers including the Plymouth Observer, on behalf of a group of interested Plymouth residents. Chandler received the re-

quest following a negative opinion to the Board of Education by its legal counsel, Attorney William Sempliner of Plymouth.

The questions asked were:
1—May the Board of Edu-

cation of the Plymouth Community Schools participate in the organization of a regional planning commission in the Plymouth area in accordance with Act 281, PA 1945, as amended by Act 196, PA

1952?

2—May the Board of Education use operating funds to pay a pro rata share of the cost of operating such a regional planning commission? The same questions were

asked of Sempliner by the Board of Ed. and he answered in the negative on both.

Attorney General Kelley in his opinion, which was received Friday, by Rep. Chandler wrote:

"In answer to your first question, a school district by resolution of its Board of Education, is authorized to participate with one or more local governmental units in the formation of a regional planning commission under Act 281, PA 1945 as amended.

"It is the opinion of the Attorney General that the Board of Education of a School district may use operating funds to support a regional planning commission created by it in accordance with Section 12 of Act 281, PA 1945, supra."

Plans for the Plymouth Community Authority were first proposed late last summer by an organizational committee which included City Commissioner George Lawton, School Board Member Ernest Henry, Plymouth Township Treasurer, Mrs. Elizabeth Holmes and former Plymouth Mayor Harold Guenther, one of the area's most prominent boosters for industrial development in the community.

The Authority would have included representatives of the City of Plymouth, the Board of Education, Plymouth and Canton Townships.

As drawn up, it proposed that the City contribute \$5,000 towards financing the Authority and its promotions, the School Board, \$7,500; Plymouth Township, \$5,000; and Canton Township.

However, the plans collapsed following receipt of the Sempliner opinion which in effect told the School Board that it could not legally participate in financing such a planning commission.

There is considerable conjecture as to the effect of the Attorney General's opinion. The School Board isn't scheduled to meet until its regular monthly session on Monday, Jan. 13.

Earlier, the Plymouth City Commission passed a resolution backing the formation of the Authority and pledging \$5,000 as its share of the costs.

FACTS and OPINIONS by Paul Chandler

In the middle of the cold weather, when the days are at their briefest span of any time of the year, and when viruses thrive and sickness and strain draw from the human body . . .

This, probably, should be the point of lowest morale for the human being of any spot on the 12 month calendar of the year.

Yet, at that identical moment, we mortals celebrate Christmas, and in many instances find hope and encouragement which has eluded us all year. Through music and inexpensive gilt, tinsel and colored lights, and through frantic effort to do things to please others, the time of chill and gloom is transformed into the merriest of days . . . for many.

Every time a baby is born, there is hope for better times, for a better world. The infant arrives for a fresh start; his body and soul haven't been shaped by the experiences which have twisted the elders into patterns.

When the Babe of Bethlehem grew up, he left a sermon: Be absolutely honest, fair and giving, and there will be peace in the land and happiness in the human heart.

And if you do otherwise, there will be fear, suffering and despair.

The qualities are spiritual. They involve a state of mind, not a bank statement. The miracles wrought of tinsel, Christmas music, soft colored lights, and a charitable attitude are not expensive.

So many seem to realize it at Christmas time! The Editor and all the employees of The Observer would wish again that the wonders of Christmas be understood by all, and the magic extended for all our readers to January, February, August and November, through 1964 and 1970 and forever.

And we add a southern dorkie's prayer written by Irwin Russell, one of the first authors to sense the first literary quality of the Negro character in the 1800's—

You bless us, please sab, eben ef we's doing wrong tonight, Kase den we'll need de blessin' more 'en ef we's doin' right: An' let de blessin' stay wid us untel we comes to die An' goes to keep our Christmas wid dem sheriffs in de sky."

Here Is Explanation

In his opinion, Kelley writes: "Act 281, PA 1945 as amended, provides for the creation of a regional planning commission by action of two or more local governmental units. Section 1 of the act defines the term 'local governmental units' to include: 'cities, villages, other incorporated political subdivisions, counties, SCHOOL DISTRICTS or any other legally constituted governing body responsible for the exercise of governmental functions within a political subdivision of the state.'

"Plymouth Community Schools is a third class school district organized under the provisions of Chapter 4, Part 1 of the School Code of 1955, as last amended by Act 271, PA 1959.

"For the purposes of Act 281, PA 1945, supra, the legislature has expressly designated a school district to be a 'local governmental unit.' Thus, it has clearly empowered the school district to join with one or more local governmental units to form a regional planning commission.

"Since a school district speaks through the resolutions of its Board of Education, approval to form such a regional planning commission may be given by lawful resolution of the Board of Education of Plymouth Community Schools, the governing body of the school district.

"Therefore, in answer to your first question, a school district by resolution of its Board of Education, is authorized to participate with one or more local governmental units in the formation of a regional planning commission under Act 281, PA 1945 as amended.

"Section 12 of Act 281, PA 1945, as amended, authorizes the governing body of a school district to use operating funds of the district to finance its pro rata share of the expense of the regional planning commission.

"Operating funds of a school district are raised by the Board of Education through taxes levied upon all taxable prop-

erty within the school district in accordance with Sections 563 and 564 of the School Code of 1955.

"Therefore, it is the opinion of the Attorney General that the Board of Education of a school district may use operating funds to support a regional planning commission created by it in accordance with Section 12 of Act 281, PA 1945 supra."

DAINTY DOLLS, intended to make Christmas happier for underprivileged youngsters in the Plymouth Community, were presented to the Plymouth Kiwanis Club last week by members of Mobil Oil Company's Pegasus Club. The 50 dolls were turned over to the Salvation Army and Plymouth Goodfellows Club along with gifts from every Kiwanian. Shown inspecting the dolls under the tree at Lofy's Arbor Lil are: Mrs. Ann Valasek, member of the Pegasus Club's executive committee, and Mrs. Elizabeth Hutchinson.

School Board To Aid Community Workshop

The Livonia Board of Education, at its regular meeting Thursday, unanimously passed a resolution supporting a four week "Community Resources Workshop" to begin June 22, 1964. The idea was presented to the Board by Dr. Paul Johnson, asst. superintendent in charge of instruction, and Dr. Albert L. Goldberg, Coordinator of Instructional Materials.

The workshop will provide an opportunity, the Board was told, for teachers and the business community to learn more about the community of Livonia, and the human and material resources available for teaching and learning. One of the major goals of the workshop will be to develop unit outlines of business and industry activities, lists of demonstration materials, films, filmstrips, and other learning materials which relate to the study of Livonia.

cooperation of the Chamber in making the workshop successful and pointed out the need for the workshop for the entire community.

In response to questions from the Board it was pointed out

that the Workshop would be open to teachers, administrators, and others in the Livonia area, and that the course is self-supporting from student fees and contributions from industry.

Plymouth Kiwanians Aid Underprivileged

The Plymouth Kiwanis Club celebrated Christmas a bit more than a week in advance of the Big Day so that Santa Claus could make things a bit happier for many of the community's underprivileged children.

It was the annual give a gift for the kids program in which every member of the club donated a gift for a boy or girl to be turned over to the Salvation Army and the Plymouth Goodfellows Club for distribution in their family baskets.

Fifty beautifully dressed dolls were added to the list when representatives of the Mobil Oil Company's Pegasus Club presented half of the 100 dolls, dressed by their members, to the gifts under the tree.

Pegasus Club Chairman the affair was Mrs. Ann Valasek accompanied by Mrs. Betty Hutchinson. Other guests included Robert Smith, Brigadier Ernest Hamer of the Salvation Army and Paul Sanders of the Goodfellows.

Ray Clark, of Mettetal Airport, was the principal speaker, discussing Aviation. He pointed

cut that airlines receive practically all the publicity while flying only five per cent of the total miles.

He mentioned the many services provided by airplanes such as ambulance service, freight and numerous services for industry and business.

Guest Ira Hauk expressed thanks for the Cherry Hill 4-H Club for the Kiwanis Club support to its program of sewing machines, refrigerators, automobile and a stove.

The club will hold its final meeting of the year on Dec. 30 when pins will be presented for attendance.

U-M Reports Decline In Fresh Dropouts

ANN ARBOR—The rate of freshman drop-outs for academic reasons in 1962-63 reached an all-time low in The University of Michigan's College of Literature, Science, and the Arts.

The percentage of academic drop-outs in the entire Literary College also dropped to the lowest level on record in the same period.

The 1962-63 rate of academic loss of freshman was 7 per cent—thus 93 out of every 100 freshmen were eligible to continue study in their sophomore year. This loss rate has been steadily declining; comparable percentages were 8.9 two years ago, 8.9 three years ago, 9.6 four years ago, and 10.4 five years ago.

Says Associate Dean James H. Robertson of the Literary College, "When you consider that our freshmen are held to an over-all 'C' average, which is a required minimum for graduation, their performance is that much more significant. Contrary to policies in many other schools, the College does not have a 'sliding scale' of academic good standing."

The pattern has been much the same for the entire College. In 1962-63 the percentage of academic drop-outs for all students was 5.1 compared with 6.7 in 1961-62, 5.9 in 1960-61, and 7.7 in 1958-59.

"In all likelihood, the major reason for this encouraging reduction in the number of our academic drop-outs," says Robertson, "is the improved preparation and better motivation of the students we admit. The freshman classes in particular have shown a steady rise in intellectual achievement and potential. For example, 88 per cent of freshmen this year ranked in the upper 20 per cent of their high school classes."

Burglars Get \$400 From Finance Co.

Thieves pried open the rear door to gain entrance, broke into a steel cabinet and stole more than \$400 in bills and change at the Lincoln Finance Co., 19046 Middlebelt, according to a report to Livonia Police.

Manager James Cole told police the robbery occurred between closing time on Saturday and opening time the following Monday.

“Reader Speaks Up”

Editor:
What is happening in our State of Michigan, and to the Officials, who run our State? Have they forgotten the little people, the taxpayer, the working people, who elected them to office?

If the State Tax Commission thinks the State is in the black so much that they can afford to cut 7 million dollars taxes from General Motors that is wonderful and I am all for it, but not at the expense of the homeowner.

Why should their working man, average homeowner have to pay the taxes for a prosperous company such as General Motors, when their profits are in the billions of dollars? The average working man earns from \$5,000 to \$10,000 per year, if he is lucky, and that is before taxes are deducted by the Federal Government and perhaps the City of Detroit.

What about the Senior Citizen

home owner, who is trying to keep the roof over their head, the wolf away from the door, their body clad, and occasionally need a doctor and medicine, all on a meager pension? Some receive less than \$80 per month. Why should they pay for General Motors taxes? Is this Justice!

On January 6th there will be a school election and the schools want the taxpayers, homeowners, again to pay more taxes, because the schools need more money to operate. Perhaps they do need more money, but just how much can the working man and Senior Citizen homeowners stand to pay?

Something must be done soon to relieve the tax burden on the homeowner and everyone else. Soon it will reach the point where the homeowner can no longer afford to live in or own his own home. It is almost to that point with my husband and I now.

Everyone needs more money, the State, the County, the City, the schools and most of all the Federal Government. However, the late President Kennedy and the New President Johnson wanted and see a need for a tax cut to relieve the people a little, but they are stopped cold by Congress because of a few die-hard politicians that can't see any farther ahead than their own stubbornness and the party.

Governor Romney presented a tax reform plan before the people and the Legislature. I'm not in favor of a State income tax, but if that is what it is going to take to put the State back on its feet than I am for it.

In the Governor's tax reform plan I thought there were many good things, such as doing away with the sales tax on food and drugs and cutting the real estate taxes for everyone. Maybe the tax reform plan wasn't perfect

but it was a good start. Was it given a chance—no—the Legislators started fighting each other like a pack of wolves to tear it apart. So once again it was how stubborn can I be for the good of my political career and the party? Again the people must suffer.

Why doesn't the Politicians think of the people that elected them instead of the party? They talk about the apathy of the voters, perhaps a lot of people are that way because the politicians have destroyed the people's faith in them. My husband and I vote in every election, sometimes we wonder why and for what, but since we have such a wonderful privilege I intend to keep it, and hope that sometime we will have politicians that will wake up and fight for the people instead of the party.

Wake up and try to find a solution to this tax load that everyone is carrying, instead of relieving the Big Company and piling their tax reduction on the little fellow. If the little people are smothered to death, who will be left to buy the products of the big company, are there that many rich people in this country who can keep the big companies big?

Mrs. Clara Raven,
9101 Middlebelt.

- \$300,000 on May 1 of each of the years 1988 and 1989.

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from February 1, 1964, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The bonds of this issue may be registrable as to principal only on books kept by the paying agent.

The bonds are to be issued pursuant to the provisions of Chapter 12, Part II, Act 269, Public Acts of Michigan, 1955, and the School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of \$100,000.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be printed on each bond and will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Kenower, MacArthur and Company, Ford Building, Detroit 26, Michigan, Financial Consultant for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Secretary, Board of Education

Notice is further given that the Michigan Superintendent of Public Instruction has issued his certificate, qualifying the above advertised bond issue to the extent of 100%, under the provisions of Act 108, Public Acts of 1961, as amended.

May I personally thank you for the fine coverage you have extended towards our candidate for Mayor, Jerry Scully. Although I would like to talk further on the many merits of Mr. Scully, I know that this will be covered at a later date by your newspaper.

The prime reason for my writing is to ask you to please correct a typographical error in last week's newspaper.

The number of businessmen and local supporters who attended the \$100 a plate dinner for Mr. Scully was 30 and not 304. Although we appreciate the addition to the total attendance, it may cause some minor embarrassment with the Internal Revenue and with the Scully for Mayor supporters who would want an accounting of the \$30,400.00.

I would also like to thank the gentlemen who attended and made this such a wonderful success.

Respectfully,
Ed Dymek

On page 11 of the December 11 edition of the Livonian, the name Dan Andrews appears in the picture caption of Jerry Scully filing his application to run for the office of Mayor.

Because I have been slightly "overwhelmed" by questions, I would like to clarify the situation by stating that this gentleman is Daniel L. Andrews, 30496 Minton Ave., Livonia.

Although Mr. Scully and myself are acquainted, I am not participating in his or anyone's campaign. Furthermore, I believe that it would be most unwise to become "involved" in politics at any level because of my contractual status with the City.

Any "relief" which you can grant to set the record straight will be appreciated.

Sincerely,
Daniel R. Andrew,

Would you please print the following article in your next publication.

I sincerely hope the person or persons that stole a nice little toy machine gun from the Hi-Hopes Lounge, 14200 Telegraph Rd. on the evening of Dec. 10, is very, very happy and has a lot of enjoyment playing with it.

I would also like this person to know he "robbed" a little ten-year-old boy of a Christmas present.

I feel very sorry for you. You most likely have forgotten what it's like to be a little boy and want a toy gun for Christmas.
Sincerely Yours,
Nan Thomson,

Your article in Facts and Opinions of Dec. 11: for your information, State Farm Insurance Co. discounts auto insurance 10 percent for driver training and has so done for a good many years.

State Farm is the largest auto insurer in the world. Driver training as a course is mostly indoctrination. There is no yardstick to measure the value of this training.

I am neither for or against driver training. The purpose of the letter is to inform you you are wrong about not giving discounts for driver training.

Truly yours,
Godfrey Etue, Agent
(Editor's Note: Our point in "Facts and Opinions" was that insurance rates for young drivers remain extremely high, despite training on an almost 100 percent basis for Michigan students.)

Plymouth Dept. Public Works

Plan Survey in Five Areas

Plymouth Township Group Studies Police Protection Costs

Disturbed by the recent communication from the Wayne County Board of Supervisors to the Plymouth Township Board warning of the probability of a sharp reduction in police protection, a group of Lakepointe property owners asked for and

received approval of the Board to undertake a study of the situation.

The request came from Wendell Smith, president of the Plymouth Junior Chamber of Commerce and a member of Lakepointe, who asked that a

study be started relative to the need and cost of adequate police protection for the Township.

Smith's request was concurred in by Maurice Breen and Robert Shuman, from the

Lakepointe Property Owners Association.

After a lengthy discussion, the Board consented to the study and Trustee Dick Lauterbach volunteered to serve with the three from Lakepointe.

The group plans a five-point

study and will report back to the Board at the January meeting.

It will study (1) The need to the Township of police protection, (2) Cost of service on a 24-hour basis, (3) Cost on a contractual basis with the

Sheriff's Department, (4) Cost on a co-operative basis with the City of Plymouth, and (5) Cost of a private service.

The Board of Supervisors notified the Township Board some time ago that it could no longer finance the Road Patrol on the

same basis as in the past and requested the Township to start thinking in terms of furnishing its own police protection.

There hasn't been any indication as to when the Supervisors would order the cutback in service.

Church of Christ Scene of Davis-Place Rites

Martha Davis and Leroy Place were married Saturday, Nov. 30 at 6:30 p.m. in the Church of Christ, Plymouth. Performing the double ring ceremony was the Rev. Reeder Oldam.

The bride is the daughter of Mr. and Mrs. Charles Davis of Ball St. The bridegroom's parents are Mr. and Mrs. Grover Place of Canton Center Rd.

Given in marriage by her father, the bride wore a street length gown of off-white velvet

with an elbow length silk illusion veil. The bridal bouquet was of white orchids and stephanotis. The maid of honor, Karen Trostin, wore a turquoise sheath of organza with matching overskirt and headpiece. She carried a nosegay bouquet of yellow roses.

Edward Britchloff was best man and Stanford Place, brother of the bridegroom, was an usher.

For her daughter's wedding, Mrs. Davis wore a light blue wool sheath with black accessories. The mother of the bridegroom was attired in an aqua crepe dress with black accessories. Both mothers wore white orchid corsages.

A reception was held in the Miles Standish room of the Hotel Mayflower for some 45 close friends and relatives.

The young couple are very busy now with the planning and construction of their new home, but are planning a Florida trip in early 1964.

Prior to her marriage, the bride was honored with several showers. Mrs. Russell Cunningham of Ball St. was hostess at a miscellaneous shower with 20 guests attending. Karen Trostin also entertained a group of friends at her home on Ball St. The bridegroom's sisters, Mrs. Raymond Cather, Mrs. George Gardiner and Mrs. Gerald Klinke, all of Plymouth, were hostesses at a family miscellaneous shower.

Couple To Live In St. Louis

Rev. E. Westcott, Jr. joined Coreen Eve Pellicci and Daniel Patrick Henry in matrimony in the Redford Lutheran Church Nov. 16.

The double-ring candle light service was performed in front of an altar decorated with two large white bouquets of mums. Another tall arrangement of white gladioli and turquoise frosted mums was on the organ. Organist was Mr. G. Zurstadt.

The new Mrs. Henry chose a wedding gown of peau-de-soie. Her floor length gown with chapel train was fashioned with a scoop neckline, appliqued with re-embroidered French lace, and a long torso basque waist. Her headress was crown of lace with attached bouffant silk illusion veil.

Miss Doreen Carrier was maid of honor gowned in a radiant blue floor length peau de soie with a cummerbund of self-pleated material. The gown was styled with a floating panel in back. Matching pill box hat with nose veil and bouquet of frosted turquoise complete her costume.

Larry Henry, brother of the groom was best man, with Thomas Henry seating guests.

A dinner reception was held in Mossner Hall of Redford Lutheran Church. The newlyweds plan a trip to St. Louis on their honeymoon where they will be making their home.

The bride graduated from Redford High and was a former bookkeeper in the Detroit Bank. The groom is presently studying electronics in St. Louis. He has served four years in the U. S. Navy.

The bride is the daughter of Mr. and Mrs. Gino V. Pellicci of Detroit and the groom is the son of Mr. and Mrs. Herman C. Henry of Sleepy Hollow Lane in Livonia.

All of the employees cooperated to supply the children with new shiny shoes for Christmas. All of the shoes will be gaily wrapped by the ladies and delivered to the children in time for Christmas.

To Women It May Concern

By MYRA COX

There is one reason above all others snow has so much appeal to me—it is such a great equalizer—after a beautiful snowfall my weedy backyard looks just as perfect as the weedless ones of our neighbors on either side of me!

Unfortunately the Yule season does not always carry with it the inspiration the birth of Christ should in the hearts of all—somehow there are those who will act inhuman despite the air of "good will toward men in the air."

My heart went out to a good friend from Redford Township. She was in the ladies room at a large department store two weeks ago and hung her purse on the convenient hook on the back of the door. An unidentified hand reached over the top and took her purse. She saw it happen, but before she could assemble herself—the thief had disappeared in the crowd. A few days later she received a call from the same store to come and identify her purse at an appointed time. She kept the appointment but no one in the store knew anything about it—when she arrived back home the entire house had been ransacked. As a warning should you lose or have your purse stolen—change the locks on your door immediately—because as I said all are not imbued with the true meaning of the season.

Plenty of spirit at the Knollwood house in Livonia—mama and papa both wanted to surprise the other with pictures of their baby adorable—and so each took Baby-Adorable to a photographer for a surprise Christmas present—Christmas morning it was a riot—with Baby-Adorable in the middle having the best laugh of all—in her six months fashion maybe all those agoos she was trying to warn them—but folks pay little attention to what babes say—

Another gift in the true spirit of the season was Jean Sansone's gift to good friend Joan Morrison of Redford Township. The Morrison's were celebrating their 25th anniversary with a large open house last Sunday. Mrs. Sansone hired her cleaning lady—put a pretty card on her shoulder and sent her over to assist Mrs. Morrison for the afternoon—and just about any hostess would treasure this gesture.

Then there was the couple in Plymouth Township that had such a tight social schedule plus last minute shopping they assigned their college son with the task of decorating the front of their brand new home. They weren't well acquainted with their new neighbors—and wanted to make a good impression. Father said to son, "make it nice—don't spare the expenses"—as he and the Mrs. left early morning for downtown—he for his law office and she for a list a mile long of things to do. The couple pressed through their day schedule, two open houses, etc., etc.—returned home about midnight. As they turned the corner were impressed with the glow coming from their own front lawn—and were speechless arriving on the scene—to discover two life-size girl-type Santas holding across the front lawn a sign (in lights yet) "A Cool Yule 'n' Frantic First"—it's a real nice house if you are in the market for a new one cause I think they are thinking of moving—

Also, I couldn't resist the chuckle over that smart sophisticated Tony Sansone who was about to give up the joy of his life—smoking because it caused pain in his chest over his heart. Everytime he stopped smoking, immediately the pain would stop—and then one day he left his favorite lighter home that he always carried in his shirt pocket—and strangely enough no pain—giving it the real "think"—he discovered the lighter, heavy as it was, pressed against his chest caused the discomfort. He is now using matches and puffing contentedly away—

I'd like to think many of our problems for the New Year might be solved so simply—at least this is my wish for all of us.

Two PHS Seniors Justify Holding J-Hop As Scheduled

Editor:
Two weeks ago a letter to the editor appeared in *The Observer*, in which the Plymouth Board of Education and the Administration of Plymouth High School were condemned for allowing the J-Hop "to go on."

Although "One Who Feels A Great Loss" has some valid arguments, nevertheless, it is evident that the author is unaware of the circumstances surrounding the J-Hop as a school function.

As seniors, we find ourselves in a position to well realize what the J-Hop means to the Junior Class. Certainly, it was the most thrilling event of our Junior year — the first time that we could take our "best girl" on that "big date."

The J-Hop is THE social event of the fall semester, and the foremost class project of the Junior year in high school. Into the J-Hop go hours of planning, labor and expectation. To deprive the Junior Class of this social function would have been as big a loss to them, as the previous day's tragedy.

However, what of the expense? A band had been hired, reservations had been placed with eating establishments, corsages had been ordered, and clothing had been purchased. Of course, from the moral point of view, this can all be shunted aside. Yet, we are basically concerned with the practical point of view, and in this light, the impetus of the moralist's stand is considerably lessened.

In the letter, the attention of the reader was directed toward the many activities of public interest which were called off. It was pointed out that the show and entertainment world was stopped and sports activities at all levels were postponed.

We find these examples to be fallacious comparisons to a high school Junior Prom. Indeed, there is a serious difference between a popcorn chewing, hot dog munching crowd at a football game, and a formal gathering of high school students.

We would point out to the author that the mood of the dance was very subdued, and anything but the scene of joy, hilarity and laughter which was depicted in his letter.

Finally, there is the question of school scheduling. During the spring months of each year, a master schedule of school activities and functions is drawn up for the following school year. On no weekend is there less than one activity scheduled. This may be in the form of an athletic contest, an all school play, a music concert and/or a high school dance put on by a school organization.

These school functions, especially, the dances, serve as a source of revenue for the various clubs and societies of Plymouth High School. If one were postponed, it could not easily be rescheduled, because of the tightness of the schedule. Certainly then, if the J-Hop were postponed, and if it were rescheduled, some other school function would suffer.

In lieu of these considerations, we feel that there was no other alternative but to hold the J-Hop during that unfortunate weekend. It must be pointed out that the Juniors could, in no way, foresee the future, and therefore, stand justified in their actions.

This is the only practical conclusion which can be reached after all factors are weighed. As for the community and the School Board, we believe that no blame can be levied at them, either, and for

He Discovers Snowball Can Strike Twice

Lightning—or in this case, a snowball—can strike twice in the same place.

A worker for the Plymouth Department of Public Works can attest to the above in a rather humorous but still nasty event that happened during the season's first major snowstorm a week ago.

He was busy spreading salt on one of the main thoroughfares when a car loaded with four teenagers went by. It stopped and the occupants started firing snowballs at the truck. One struck the driver square in the mouth.

Angered, he stepped down, grabbed a hammer and threatened to throw it at the car if the snowballs didn't stop.

No sooner had he uttered the threat than another snowball came zipping through the night air—you can guess where it struck, right in the mouth again and then the car whirled away before the startled DPW worker could recover.

the same reasons mentioned in but also completely without merit. We can't accept them as scapegoats in any way.

To close, we feel that the circumstances surrounding the J-Hop were unfortunate — they could not be anticipated, they could not be altered. As a result, we cannot see blame falling on anyone; we also cannot see that this action was "nothing but disrespect."

Nor can we see that any shame for our community should arise from such unfortunate circumstances.

David N. Hoffmann, president of the North Livonia congregation of Jehovah's witnesses, is announcing a semi-annual seminar arranged for by the Watchtower Bible & Tract Society of Brooklyn, N. Y. and which will be held on Dec. 27, 28, and 29.

The theme of this assembly will be, "Feed My Little Sheep". Bible discourses, demonstrations and practical suggestions for the ministry will carry out this theme.

Christmas Around The World Display In Livonia Library

"Christmas Around the World" is the title of a display of books and other materials at the Livonia Public Library at this week. Many of the available volumes tell the story behind Christmas and how the holiday came to be, said Librarian Skip Rosenthal.

Some of the books which describe the customs, legends and traditions associated with Christmas around the world in-

cluded "The Christmas Book," edited by Marion Todd; "Celebrating Christmas Around the World," by Herbert Wernecke; "In the Spirit of Wonder," edited by M. L. Shradly; "Let's Celebrate Christmas by Horace Gardner; "Make Your Own Merry Christmas," by Anne Wertsner and "Christmas From Many Lands," by Herbert Wernecke.

The significance, history, folklore and symbolism of the Christmas tree is treated in "The Christmas Tree," by Daniel Foley.

Holiday decorations—a perennial problem—are covered in a number of books, and material can be found on Christmas cooking and baking, party planning, gift wrapping and other related subjects.

The Livonia Libraries are open as follows: Monday through Thursday, 12-9; Friday and Saturday, 9-5. South Branch Library, 33720 Plymouth Road, GA 7-1990; Carl Sandburg Library, 30100 W. Seven Mile Road, 476-0700.

Christian Science Explained Sunday

The scientific nature of Christianity will be explored in next Sunday's Bible Lesson at all Christian Science churches.

Scriptural readings will include this verse from Isaiah (51:4): "Hearken unto me, my people; and give ear unto me, O my nation; for a law shall proceed from me, and I will make my judgment to rest for a light of the people."

Selections from the denominational textbook will include these lines: "Our Master taught no mere theory, doctrine, or belief. It was the divine Principle of all real being which he taught and practised" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 28).

The Lesson is entitled, "Christian Science."

Back-Home Service In Community Church

The Southfield Community Church (21122 Indian, between Beech & Inkster Roads, north of 8 Mile) held its traditional Candlelight Carol service from 11 p.m. to midnight on Christmas Eve, Dec. 24, according to Pastor Raymond Sayne. Always a delightful service with its beautiful decorations, candlelight and lovely music, this service afforded an opportunity for Christmas worship at an hour when all other activities were at a standstill. It was a family service.

Using song and Scripture to tell the Christmas story, there was carol singing by the audience and special music by the choir, the Girls Quartet consisting of Jean, Linda and Mary Clarke and Stephanie Miles, and instrumental music. On Sunday evening, Dec. 22, at 7 o'clock, the annual Bible School family Christmas program was presented by the various departments of the Bible School, under the direction of Mrs. Donald Yadosky, with a play entitled "This Shall Be a Sign." Boxes of candy were given to all children attending. Carol singing was from beautifully illustrated slides on a large screen.

On Sunday evening, Dec. 29, the annual Student Night will be in charge of the college students of the church who will present music, testimonies and a message. This service has become a "Back-home" night as old timers return for the evening.

Youth activities during the Christmas season will include carolling by three of the Youth Choirs at rest homes and for shut-ins and an ice skating outing for the High Schoolers. Many will be attending winter camp at Camp Michawana.

Special Carol Singing At Unitarian Church

Christmas music highlighted two services this week at the Universalist - Unitarian Church of Farmington—the regular 10 a.m. service Dec. 22 and a special time of carol singing at 7 p.m. Christmas Eve.

A children's choir, and adult quartet and a recorder quartet supplied the Sunday music. The youngsters, directed by Mrs. Neil McCallum and Mrs. Martin Gluckstein of Farmington, sang four numbers. They are "Dona Nobis Pacem," the Hebrew song "Shalom Havay Reem," "We Believe in Christmas," and "The Friendly Beasts."

Mrs. Gluckstein joined John Millhorne and the Rev. Robert M. Eddy in "Pat-a-pan," a Burgundian carol, assisted by Mrs. Robert Eddy on the recorder.

Meets to Start For 6 Teams

There'll be plenty of holiday basketball action for high school fans in the Livonia area. The annual Northwest Suburban Christmas Invitational tourney with a select eight-team field starts Friday at Bentley and Redford Union and then continues Saturday and Monday with all action in the Bentley gym.

Meantime, a reserve-team tourney involving eight schools, also will be held at Redford Union and Bentley on Friday

with the rest of the action switching Bentley for the remaining action.

In the varsity tourney, the games at Bentley Friday pit Grosse Pointe against Farmington in the opener at 7 p.m. with Highland Park battling Bentley at 8:30.

At Redford Union the first-round play pits Ypsilanti against Southfield at 7 p.m. and Wayne vs. Redford Union at 8:30.

The first-round losers will be in action at 2 and 3:30 p.m. Saturday, while the winners play at 7 and 8:30. On Monday, consolation games are listed for 2, 3:30 and 7 p.m. and the championship final for 8:30.

Friday's pairings in the reserve meet send Ecorse against Farmington (1 p.m.) and Highland Park against Bentley (2:30) in the Bentley gym and Ypsilanti against Southfield (1 p.m.) and Wayne against Redford Union (2:30) at Redford Union.

Two games are carded for the reserves Saturday morning at Bentley, two more Monday morning and another pair for Tuesday with the finals at 10:30 a.m.

Franklin and Thurston high varsities also are tournament bound. Franklin has entered the River Rouge Invitational, while Thurston goes to Riverside High.

The Franklin team starts off against Ann Arbor Thursday night. On the same evening, Thurston squares off with Ecorse.

Trojans Lose In Struggle

Despite a 1-4 record entering the Christmas holiday break, brighter things appeared in the offing for Clarenceville High School's basketball team — comes 1964.

The Trojans lost a heart-breaker last Friday night to Northville. The final tally read, 53-50, with Northville netting a basket and free throw in the final minute to gain the nod.

"This is the best our boys have played all season," said Jim Leary, the Clarenceville coach. "If we continue to improve the way we have in the first month of play, we'll be real tough the rest of the way."

The Clarenceville players were a sad lot at the end. They thought that had Northville on the gun, especially when the Trojans commanded a 15-point lead early in the third period.

But Northville struck for eight points in just 60 seconds and the entire complexion of the game changed.

It was a spine tingler to the end. With two minutes to go Northville led, 46-44. Clarenceville then zoomed in front, 49-48. The count later was tied at 50-50 before Northville cashed its winning basket and free throw.

Dave Graves had 21 points to star for the losers. Gary Gearhart and Ray Rood finished with nine apiece.

The Clarenceville reserves also were beaten, bowing by a 61-46 count. Chris Hawkins tossed in 13 for the Clarenceville second stringers.

The Trojans will rest from game action until Jan. 7, when they entertain Brighton.

Wiebeck Cracks Another Mark

The 1963 phase of the current swimming season ended on a happy note for Ken Wiebeck and his Thurston High School mates.

Led by Wiebeck, Thurston crushed Pontiac Northern by the score of 58-39. Thus Thurston's natators reached the holiday break from school classes—but not practice—with a record of five wins against one loss.

Wiebeck started Thurston off in high gear as he helped the Townshippers set a new pool school record in the 200-yard medley relay of 1:47.2.

Flashy Wiebeck, who in each of the last two state meets has won two events and set for many state records, led off for the relay squad. He was followed into the water by Jim Vedder, Pat Duthie and Ossie Amberg. The old Thurston record was 1:47.3. The quartet also lowered the Pontiac Northern pool mark which had stood at 1:51.2.

Wiebeck later returned to action in the back stroke and was time in 54.4 seconds for another pool record. His effort was two-tenths under the existing state record. Thurston's Jim Girard placed third in the back stroke.

Here's what other Thurston swimmers did:

200-yard free style: 2 — Bill Zeeb, 3 — Jeff Lach.

50-yard free: 2 — Bob Lloyd, 3 — Jim Girard.

200-yard individual medley: 1 — Pat Duthie, 2 — Bill Barlinger. Time: 2:15.

Diving: 2 — Jim Schuur, 3 — Rick Massoll.

100-yard butterfly: 1 — Barlinger, 2 — Ron Smith. Time: 1:03.5.

100-yard free style: 1 — Amberg, 2 — Lach. Time: 54.1 seconds.

400-yard free style: 1 — Zeeb. Time: 4:25.3.

Thurston's free style relay was disqualified.

The Thurston team's next

meet is slated for January 9 against Ecorse.

FRANKLIN SUBMERGED

The Franklin high swimming team proved no match for strong Fitzgerald high last Wednesday. Fitzgerald won easily, 80-25.

Jeff Bowers accounted for Franklin's only victory. He took the back stroke in the time of 1:10.

Jim Symonds (individual medley) and Karl Pregitzer (diving) picked up seconds for

Franklin along with both relay teams. Bowers, Jim Corcoran, Ed Faucher and Pete Otto swam on the medley relay while John Rheinscheld, Pregitzer, Darryl Knox and Ed Pritchard formed the free style entry.

Thirds for Franklin were scored by Al Roth (200-yard free style), Rheinscheld (50 yard free), Faucher (butterfly), Symonds (100 free), Richard Pretrait (400 free) and Otto (breast stroke).

The Franklin swimmers will

work out regularly during the holidays. Their next meet is slated for Jan. 7 against Ypsilanti Roosevelt in the Franklin pool.

Rocks Clip RU; Bentley on Top

There'll be no reason to complain around Bentley High School if the varsity chargers there don't budget from their present spot in the Suburban Six League standings. After only two weeks of ac-

tion in conference play, Bentley holds down the undisputed leadership in its bid to repeat as champion.

The Bentley team took the measure of previously unbeaten (in the league) Trenton, 60-40, and moved to sole occupancy of the top slot when Plymouth helped out by knocking off Redford Union 71-66.

Defense made the difference for Bentley, according to Coach George Fefles.

"Our guys really worked when Trenton had the ball," Fefles declared. "We held them only to one basket in the first quarter and just 15 points at halftime. Not until we had built up a good lead, did our defense relax just a little."

Anybody familiar with modern-day high school basketball and the change in the rules knows that any team which gives up just 40 points has turned in a brilliant effort.

Fefles felt that his Bentley charges "were hungry." He added:

"They just wanted to win this one."

Bentley scooted ahead, 15-5, in the first quarter. The score read 28-15 at halftime and 49-31 after three quarters.

Bill Bollin continued his brilliant play for the Livonians. He topped the Bentley scorers with nine baskets and four free throws for 22 points. He also paced Bentley in rebounding with 14.

Mike O'Hara flipped in 13 points while Jim Storm caged seven and added 10 rebounds.

The Bentley reserves didn't fare as well against Trenton, succumbing by a 41-34 score. The game was close until the final few minutes of action.

Rick Fawcett meshed 11 points for the losing.

Both the Bentley varsity and the reserve teams will be engaging in tournaments which start this week at Bentley.

Balanced Attack

Nothing beats balance in sports.

Plymouth High's basketball team boasted this fine quality last Friday night and the result was a 71-66 victory over Redford Union on the Rocks' gym.

Some called it an upset because R. U. had won its first Suburban Six League encounter after two non-league triumphs while Plymouth carried a 2-1 mark on the floor.

But the Rocks went ahead, 17-13, after one quarter, held a 30-25 lead at half time, saw the advantage clipped to two points after three quarters and then came on strong to gain the verdict.

Four of the five Plymouth starters hit in double figures. Cal Luibrand again was the star, this time with 10 baskets and five free throws for 25 points.

Dick Egloff hit seven from the field and one charity for 15 points. Doug Sutherland pumped in three baskets and eight charities for 16 points and Jerry Kisabeth six hoops for 12 points.

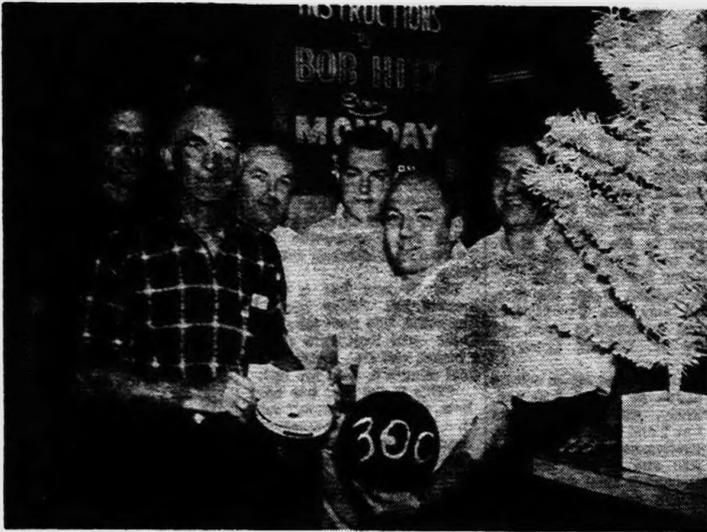

Roy Chappell with three points and Jim Lake with two rounded out the Plymouth scoring.

For Redford Union, Tom DeWitt paced the way with 22 points on nine baskets and four free throws. Next came Al Maebach with 6-1 — 13. Clyde Ziegler tossed in 11. Ben Maebach 10, Gary DeRoche 6 and Robby Masson four.

"We not only had a real fine team effort," said Plymouth Coach Charles Ketterer, "but our boys moved the ball very well and also had Redford Union working hard to stop our running game."

Whereas poor free-throw shooting had ruined Plymouth the week before at Trenton, this time the Rocks clicked on 15 out of 24 from the charity line to 12 out of 25 for Redford Union.

Redford Union's varsity and reserves both will vie in meets this week, starting on their home floor and then switching over to Bentley.

CHRISTMAS ARRIVED a week early for Paul Kotas, veteran bowler with the Farmington Lanes team in the Suburban Traveling League, when he registered the first sanctioned 300 of the year at Livonia Lanes. Matter of fact, the 31-year-old Kotas had a string of 16 strikes before running into a spare. He totaled 526 for his first two games. It was the first 300 at Livonia Lanes since 1961, Kotas' second in sanctioned play and seventh in his career. He's shown receiving a check for \$25 from Livonia Lanes' Clarence Hoffman while his happy teammates look on. The group includes: (from left) Bob Harris, Frank Livsey, Bob Mack and Jim Davis with Kotas and Hoffman in the foreground. He's also eligible for additional prizes and recognition from the American Bowling Congress and the Bowling Proprietors Association.

SPORTS OBSERVER

By George Maskin

PUTTING ONE LITTLE WORD AFTER ANOTHER . . .
And we trust that Santa Claus fills your stockings with everything you wish, especially a big package jammed with good health and good cheer . . .

Let's hope there are no fights around the house next Sunday when pop demands the television set in order to see the championship game between the Chicago Bears and the New York Giants. It shapes up as a thriller in every sense of the word.

One trusts that none of the readers who might be shivering as they read these words this day will become envious when we say that this week finds yours truly sunning himself in a spot called Miami Beach, Fla. But by Saturday night we'll be back drudging in the snow and getting set to hop off to Fort Wayne and Toledo with the Detroit Pistons.

Speaking of the Pistons, they'll be very happy — and so will the Tigers, Lions and Red Wings — if Santa Claus delivers some kind of a gift which will keep Mr. Injuryman away from their dents for a long time to come. Certainly this year of '63 wasn't very kind to our professional athletes hereabouts.

It's nice to see that Athletic Director Les Anders at Bentley hasn't forgotten the reserve team basketball players and set up a Christmas holiday tournament for them to match the competition their varsity brothers will enter this week.

Speaking of the varsity meets — the one which starts Friday at both Bentley and Redford Union and then switches exclusively to Bentley ranks as one of the best to be held any where in Michigan this holiday season.

With such perennial powers as Grosse Pointe, Highland Park, Bentley and Redford Union in the tourney, fans are assured a series of thrilling games.

If it's collegiate basketball tournament which whets your appetite, hop over to the University of Detroit. Coach Bob Calihan has arranged a great affair for Friday and Saturday evenings. Our money is on the U. of D. and Western Michigan to meet for the title. Western has a young man whom we're told is deserving of All America recognition.

Wonder who'll get the job as football coach at Thurston High School?

Understand that the Northwest Suburban League, whose membership includes Thurston and Franklin, is about to add a sixth team. This would provide for balanced competition with six teams. There now are only five clubs in the circuit. This means one must sit out of league play each week, thereby complicating scheduling problems.

Don't be too surprised if schools in the Detroit area join in the newest sports craze — skiing. With facilities now available less than an hour away from the Livonia-Plymouth-Redford Township area, more and more youngsters are taking to skiing each winter.

In northern parts of Michigan, skiing is a highly popular sport for the schoolboys and school girls. In fact, the state prep association even goes so far as to schedule an annual tournament in which the gals, as well as the fellows, are permitted to participate.

Mentioning the girls, wouldn't it be something if regular varsity teams in such sports as basketball, softball, golf, tennis and swimming were established for the fairer sex? All the arguments we have heard that the gals can't stand the competition gaff don't hold much water.

That's about it for now . . . the ocean water looks very tempting . . . so again: MERRY CHRISTMAS AND HAPPY NEW YEAR TO ALL.

Ex-Bentley Grigger Wins Wayne Letter

A Livonia resident, James Carmichael, has been given a 1963 Wayne State University varsity football letter.

"Carmichael's playing improved with every game he played," said Head Coach Hal Willard. He averaged five primary tackles for a seven game span while holding down a defensive end slot.

Before graduating from Bentley High School in 1960, Carmichael played for Coach Jack Hudnut and was named to the All-League and All-Suburban teams as an end and helped the team win the 1960 championship.

Carmichael and his wife Judy live at 29128 Manchester in Livonia.

St. Agatha Beaten In Two Tilts

St. Agatha High School's varsity and reserve basketball teams both went down to a pair of defeats last week.

St. Fredericks of Pontiac took the measure of the St. Agatha varsity, 79-55, while the Pontiac reserves won, 41-21. Then against Royal Oak St. Mary's, the St. Agatha varsity bowed, 69-36, and the reserves fell, 57-38.

Four difficulties hurt the St. Agatha varsity in both games. Against St. Fredericks, Matt Wroblewski and Ron Immermen exited early in the second half. Claude Inch emerged as the top scorer for St. Agatha with 21 points.

Mike Daniels scored 12 for the losing reserves.

In the St. Mary's contest, Mike Steen went out in the third period. Along with the losses of Zimmerman and Wroblewski with injuries, St. Agatha was left very short-handed.

Inch again was the top scorer for St. Agatha, this time with 18 points. Mike Roemer had 10.

The halftime score in the game stood at 32-13 for Royal Oak.

Daniels had 18 points for the St. Agatha reserves.

Plymouthite Fires 297 At Merri-Bowl

Strikes came in bunches like grapes for Warren Todd, 1143 Simpson, Plymouth, while firing in the Plymouth Classic League at the Merri-Bowl Lanes.

Todd, a 190 average bowler, recorded the season's highest single game when he rolled 11 straight strikes and then got seven pins on the 12th ball for a fat 297 count.

It was the best score of the year at the Lanes and came within three pins of being the first 300 at Merri-Bowl in sanctioned competition.

Revised Lineup Impresses in Loss

Notwithstanding a 45-38 defeat at the hands of North Farmington last Friday night in their Northwest League debut, the Franklin High basketball forces drew considerable praise from Coach Bob Bentley.

Just a week before the action, Bentley had made some personnel changes. In his shakeup, he kept seven juniors and two sophomores.

"Despite our inexperience and the lack of size, our kids really scrapped against North Farmington," declared Bentley.

"I'd have to say that we definitely must be tabbed as a coming team."

Bentley didn't alibi the loss, but he thought the result might have been different had not Tom Cannon, a forward suffered an accidental cut over the eye in the third quarter.

"The game was tied when Tom had to leave for the night," added Bentley. "His departure cost us some much needed rebounding and scoring strength."

Actually it wasn't until the halfway mark of the final period that North Farmington built up a six-point cushion and was able to relax a little.

Ken Bratherton tossed in 13 points and Sam Antonazzo 10 for Franklin, which trailed only 17-13 at halftime.

The North Farmington reserves also emerged as winners, beating Franklin's second squad by a 51-46 score. J. D. Savin had 13 and Carl Luttinne 12 for Franklin.

Franklin will keep busy this week, playing in the Christmas tournament at River Rouge. The South Livonians have

drawn Ann Arbor as their first opponent Thursday night. Other action for Franklin is slated for Friday and Saturday.

'Curtain Going Up'

By Wally Roberts

Pushing aside the lower boughs of the Christmas tree on a frosty Yuletide morning affords many a surprise. Last week we found presents for the Fisher Theater, Vanguard, community theaters, and even the Stables. What remains?

Several nondescript packages remain. Old Wally found a reconditioned somewhat battered typewriter hidden near the trunk of the tree. Whether or not this will improve the quality of succeeding columns is quite dubious. A dented trumpet with a tag on it subtly announced the coming of Livonia-Redford's Players Guild production of "Come Blow Your Horn." Somehow a few PR items had found their way among the dropping pine needles. Also, a dark, brown bottle with a curious label lay half-hidden. The large label read: "The Plymouth Theater Guild presents a stirring production of that famous temperance drama "The Drunkard" early in February."

Before leaving our bedecked Christmas tree, old Wally might comment on the Fisher theater package once again. In wishing for a true hit to play several musicals were mentioned. "Jennie," the recent Mary Martin disaster, seemed to be forgotten. To be truthful this horrible mish-mash did escape me

too many years ago she was stealing scenes from adults in her movies. Now in "Clowns" she is a victim — the worm turneth.

Margaret's crying scene with Dane Clark is a masterpiece. Her frustrated social work characterization radiates charm and sympathy. In fact, every member of the cast earned a satisfying round of applause as they performed some well-executed exits. For a road company, "Clowns" makes Garner's comedy seem better than it really is. Mr. Clark might get a few more laughs if he would try to be a bit more sardonic. He has a tendency to rush matters. Margaret might take off at least 15 pounds. Some of those curves are turning into bulges. For the seduction scene that concludes the hilarious first act every little erotic point counts.

Next week we will look back on the year and see how we fared on predicting the shows that would make it in New York. Without being too specific my over-all score shapes up quite well. One of these days old Wally is going to back a real clinker. You just wait.

"A Thousand Clowns" opened last week at the Fisher and scored a direct hit on my funny-bone. Don't know when I've laughed so much at a first act. "Money, Who Needs It?" has loads of laughs, but "A Thousand Clowns" has thousands and most of them come in Act I. Act II slows down a bit as the comedy waxes a bit philosophical. By Act III Herb Gardner (the author) is in high gear and leaves you limp once again with laughter. Dane Clark and Margaret O'Brien turn in top performances in a gay, witty comedy. "Thousand Clowns" is perfect holiday fare. You can't go wrong with "Clowns."

Barry Gordon from the original Broadway production plays the middle-aged kid for every ounce of humor in the role of a precocious 12 year old. His plastic toy named Bubbles that lights up so suggestively keeps the audience in a constant state of panic. Barry steals every scene he's in. Margaret O'Brien, former film child star, must feel that fate has taken a hand in the proceedings. Not

NEWLY-ELECTED directors of the Western Wayne-Oakland County Board of Realtors include, left to right, Edward I. Dub, Charles W. Allen, of Livonia, and Jack L. Mooney.

Jake Rumpf Appointed

At the December meeting of the Plymouth Theater Guild President Effie Kuisel announced the appointment of veteran actor and director Jake Rumpf to the Board of Directors. Rumpf will be filling the

vacancy created when Dennis Merchant resigned due to excessive business commitments. Close to 50 guests and members braved the perils of a raging snowstorm to attend the December meeting at which time three actors from the Wayne State Classical Theater were featured. "King Lear" was discussed in relation to present-day events. Lype O'Dell who had been assigned this area of discussion drew some pithy parallels between Kennedy's recent assassination and the ancient setting of "King Lear." The new design of the Wayne State Classical Theater was shown to the Guild members. Many folks questioned the efficiency of the open staging style. Dave Meneghels and Philip McDonnell stoutly defended the use of such stage technique for classical drama.

Two other items of importance for the coming year were stressed at the December meeting: the next art film will be on Friday, Jan. 17 and tryouts will be held for "The Drunkard" on Jan. 9 and 10. Everyone is welcome to attend the tryouts at the Plymouth High School Auditorium on Jan. 9 and 10. Backstage positions, acting roles, and publicity plans will be discussed on these dates.

Puppets Play for Youngsters Saturday

Livonia Public Library will present a puppet show on Saturday, Dec. 28, at 11 a.m. and 2 p.m. at the Carl Sandburg Branch on Seven Mile Rd.

The puppeteer is Gordon Westphal. Westphal first started working with puppets 12 years ago. Before forming his own company, called the Pinwheel Puppets, he toured with two other professional companies. He also performed at schools, churches, department stores, libraries, museums and clubs. The Pinwheel Puppets have made several television appearances.

Mr. Westphal is a member of the Detroit Puppeteers Guild, an organization from which he learned a great deal about puppetry. He is also a member of the Puppeteers of America.

He writes his plays, designs and builds the puppets and scenery, in addition to performing the puppet shows.

GORDON WESTPHAL outstanding puppet producer and one of the stars of the show which will be given in Livonia's Carl Sandburg library Saturday.

Training in both fine arts and theatre has helped develop Gordon's puppetry skills. However, his showmanship is greatly due to his having performed before a variety of audiences. The presence of a great deal of humor in his shows is one reason they please adults as well as children.

Westphal has selected "The Merry-go Rocket" as his production for this Saturday's performance which is especially suited for children of elementary school age. There is no charge for these programs. However, admission is by tickets (while they last) which are available at the two Livonia Libraries.

National Bank Board Proposes Stock Dividend

The board of directors of National Bank of Detroit has proposed an increase in the bank's capital stock of 400,000 shares, or \$5 million par value, to be distributed as a stock dividend at the rate of 11 1/9 percent, or one share for each nine shares held, subject to approval by shareholders at their annual meeting on January 21, 1964, and by the Comptroller of the Currency.

The additional shares, it is expected, will be distributed on February 24, 1964, to shareholders of record at the close of business January 28, 1964.

It is the intention of the directors, according to Donald F. Valley, chairman, and Henry T. Bodman, president, to continue the present cash dividend of 50 cents per share quarterly or \$2 per share per annum on the increased number of shares to be outstanding, if conditions permit.

Marine Pfc. Donnie L. Carner, son of Mr. and Mrs. Leamon E. Carner, 28666 Broadmoor, Livonia, is participating with the Third Battalion, Third Regiment, Third Marine Division from Okinawa in a coordinated U.S. and Government of the Republic of China amphibious warfare exercise titled "Big Dipper" along the southern coast of Taiwan.

Where Did You Get My Shirt?

It was one of those bitter cold mornings of last week and a well-bundled retired Wayne County Probate Judge James H. Saxon, who resides in the Township, walked into the Plymouth Township Hall on some business.

He loosened his coat while talking to Clerk John McEwen and unveiled a vivid green plaid wool shirt.

"Where did you get my shirt?" asked another visitor as he pulled off his scarf and showed exactly the same loud woolen shirt.

Seems that the Judge was in Calgary last summer and bought it while shopping. The bystander recollected that his shirt also came from Calgary as a gift.

But it took the coldest day of the winter to get either to dare wear the shirt and then under overcoats and mufflers. And strange enough both wore the shirts on the same day to the same place and only happened to meet because each was talking to Clerk McEwen.

LIVONIA JAYCEES HELD A Christmas Party for emotionally disturbed children at the Elm School last Saturday and donated gifts for the school, pictured above with Jaycees and school officials. The sewing machine, ironing board and other items came from the Jaycees, employees of Ford Motor Co., Montgomery Ward Co. and other local merchants. Assisting the Jaycees were the Livonia Jayettes, the Livonia Association for Retarded Children, Eddie, the Clown, and Santa Claus.

Autorama to Feature World's Fastest Car

The Wingfoot Express, a jet-powered racer that owner-builder Walt Arfons (of Akron, O.) believes will break the world land speed record next summer, will be on display in Detroit's huge Cobo Hall during the 12th annual Autorama January 3-4-5.

The car, 25 feet long and 38 inches high (less fin), already has been over the Bonneville Salt Flats in Utah. Last year it hit 362 miles per hour with a faulty engine.

Bob Larivee, (of Harper Woods,) producer of Autorama, said a new engine has been installed and some minor modifications made by Arfons and driver-body designer Tom Green driver-body designer Tom Green.

Green. Green is confident he can break the existing record of 407.45 miles per hour. The Wingfoot Express is capable of 515 miles per hour through the measured mile. Its turbo jet engine, encased in the aerodynamically-designed body, develops a thrust of 7,000 pounds without the after-burners and 3,000 additional pounds with them.

The creation weighs 4,000 pounds. It turned 250 miles per hour in a standing quarter-mile. It has independent braking system, plus two 16 foot parachutes mounted on the tail section as a stopping device. It is started by two 400 amp generators.

Thieves Take Yule Gifts From Car

A thief with an eye for Christmas broke into a car owned by Harold Woodcock, 19351 Milburn, Livonia, and took six bottles of whiskey, six gift certificates and eight flashlights.

Woodcock told Livonia Police the car was parked in his unlocked garage and the thief stole the items from the back seat. The articles were intended as Christmas gifts for customers. He placed the loss at \$192.

A FAMILIAR scene, brought to life from the first Christmas, was portrayed at Ashcroft Elementary School. Mary is played by Ann Harris, daughter of Mr. and Mrs. David Harris, of 26171 Fordson Highway, and Joseph is represented by Ronald Strauss, son of Mr. and Mrs. John Strauss, of 9984 Kinloch.

CHRISTMAS IN DENMARK

I called my good friend Olga Hubert, cashier at Hillside Inn, to hear firsthand how Christmas is celebrated in Denmark and to find out if she still continues the old traditions of her Danish family.

Olga was quick to remind me that she had left Denmark when she was 17, had been an American citizen for years, and had been celebrating Christmas much the same as any other American.

But she did recall the holidays in Denmark, where the Christmas tree was always decorated on the afternoon of Christmas Eve and kept secret from the children until that evening. In those days the homes always had a parlor which could be closed and was used only on special occasions, thus the first glimpse of the decorated tree was a thrilling experience for the children.

The Christmas dinner was always eaten on Christmas Eve and the dessert was always rice porridge in which was hidden an almond. The lucky finder of the almond received a special prize.

After dinner, and the gifts opened, the whole family joined hands around the Christmas tree and sang carols. Olga told me that she and her brothers and sisters in the United States still follow this custom, although Christmas dinner is now eaten on Christmas day.

Olga was born in a small village in northern Denmark about two miles from the ocean, and her father was the town policeman. There were six boys and six girls in the family, and three brothers, two sisters and Olga came to the United States to make their homes. In 1961 the whole group returned to Denmark, where with the other six brothers and sisters they celebrated their mother's 80th birthday.

Olga and husband George, a retired Detroit policeman, make their home on Canton Center Rd. She has worked at Hillside Inn 15 years, the last few years as cashier. Olga knits beautifully, sews, decorates and has a fine collection of antique brass and copper pieces.

Mr. and Mrs. Irving Ray of Fairground recently returned from a four-week vacation trip to California. They visited friends and relatives in Inglewood, Los Angeles, Canoga Park and San Diego. They spent some time in Alhambra with the Ivan Gray's, former Plymouth residents, who accompanied them to San Francisco where they toured for three days.

The Rays boarded the train for the return trip to San Francisco as the first reports of the president's assassination were being made. Ray tried to buy a newspaper at every station stop, but at each the extras had all been sold. It was not until they arrived in Chicago on Sunday that they were able to buy a paper.

Minnie and Irving were so pleased with their first trip to California that they are planning to go again next year. In fact, the cash which they would ordinarily spend for Christmas presents to each other has already gone into their vacation fund.

REBEKAH CHRISTMAS PARTY

Approximately 50 members and friends attended the annual Rebekah dinner and party in the I.O.O.F. Hall on Sunday, Dec. 8. The dinner was potluck, with the lodge furnishing the baked ham. There was a Christmas tree with gifts for the children and Santa presented each child

TALKING ABOUT THURSTON

By Joann Van Wye

Preparations for Thurston's holiday festivals were planned for weeks. The formal festivities began on Dec. 18, when the music departments presented the annual Christmas concert. A memorandum to President Kennedy opened the concert.

The orchestra and varsity choir combined their talents as they played and sang "The Song of Christmas" and "Twas the Night Before Christmas."

This is the first time that the two groups have been featured together. Mrs. Secor directed the tableau for the concert. The Thespians helped with the costumes and scenery for the pageant.

The traditional Christmas party for the language students was held on Thursday, Dec. 19. Each year one of the five different sections of the language department plans the party for the rest of the sections. This year preparations were handled by the Spanish Club and classes.

To get the Christmas vacation off to a perfect start, the sophomore class sponsored a dance on Dec. 20, in the gymnasium. The theme was an "Old Fashioned Christmas Dance." The Class of '66 acquired the services of Ken Nelson's quartet to provide the music. The class also provided refreshments.

To help liven up the crowds at the sports events and bring more school spirit to Thurston, a pep club has been organized. The group hopes that with their support the athletic teams will be even more successful. Pep club meets every other Monday and welcomes all students who want to show their support for T.H.S.

High hopes? Maybe, but 20 T.H.S. Spanish students think they can do it. Do what? Raise enough money to go to Mexico over Easter vacation. These Spanish Club members are hard at work raising money for their trip.

Presently, they are selling coffee and doughnuts to the night school students and teachers. They will also be showing movies in the little auditorium in the near future. The first picture is scheduled to be "Honeymoon Machine." Mrs. Nebel and Mrs. Fox are the sponsors.

Strangers to Thurston last week would have found some of the boys' activities rather peculiar. This was the day for the annual Varsity Club initiations. Anyone who had earned a varsity letter and desired to join the club was assigned a "big brother." The "big brother" designed the theme for the costume of his "little brother."

The costumes ranged from

pregnant rabbits to boys dressed in pajamas with big stuffed animals. The boys who were joining the group had to get the signature of all the present Varsity Club members on a wooden paddle. Before the Varsity Club members signed the paddles, they made them do some embarrassing task. Was it worth it? The new members seem to think so. They are just glad they don't have to go through that again.

Thurston's Class of '65 would like to thank all the people who bought candy and helped to make the candy sale a big success. The juniors have put up a bulletin board in the lobby which shows the top 10 junior salesmen. Frank Thomas is presently leading the group with sales of over \$375. The top salesman will receive a transistor radio and other radios will also be passed out.

Reader Speaks

Editor:

The first two winters we lived in the Hearstone Subdivision, all the streets were salted almost immediately after the ice developed. Since then, only Brentwood receives a thorough salting immediately and many days later sometimes the remaining streets of the subdivision.

One exception to this is an election year when the voters wish to be influenced do we get cooperating during the winter.

Must a serious accident occur or must it be an election year before all streets in the Hearstone Subdivision receive the proper amount of salt?

As a duly elected official, what can you do to solve this dilemma?

Yours very truly,
Helen Bayles

(Editor's Note: We're not sure about election years, but it's our understanding that the general City policy is to salt main arteries only, and not purely residential streets. Robert Shaw, the DPW director, GA 1-2000, has the information).

Rhythm Squares Meet in January

'Rhythm Squares' Square Dance Club did not meet Saturday, Dec. 21. They will resume meetings on the third Saturday of each month beginning in January.

PEACE AT CHRISTMAS

This Christmas season, the luster may be a little tarnished and perhaps the sounds of joy more muted than we remember in past years. If this Christmas can perhaps not be as joyful as we have experienced, it can be more meaningful. It could be possible that our attention will have a more forceful focus on the purpose of this season. With the tragic events surrounding our late President in mind, let us dedicate ourselves to the greatest effort toward conducting this important election year with careful preparation. Let us conduct ourselves so that we can have intelligent thoughts, political battles and a minimum of rancor and party fanaticism.

I wish you all a most meaningful Christmas experience and a Joyful New Year.

MARIE W. CLARK
City Clerk, Livonia

ing back to the 17th century. Finally, probably the best loved carol of all is "Silent Night, Holy Night" which came into being in 1818 when the broken-down church organ in a small Bavarian village necessitated the writing of special music for the Christmas service. It was hurriedly written by a young assistant pastor and the church organist, but it gained immortality for Joseph Mohr and Franz Gruber.

I received this letter last week from Mrs. Matthew Krump of Gold Arbor Rd. and I thought it might be of interest to our readers:

"Just finished reading your column on "Christmas Traditions." I thought you would like to know that Catholics do celebrate a advent with "Advent Wreaths" in this country. We have had one for more than 10 years. You can make them with greens or purchase them at a religious store. The lighting of the candles, three purple and one pink, is the same as you described. Thank you."
