Lake Pointe News

By Margaret Murawski — GL 3-0106

Some of the Lake Pointers who enjoyed the Plymouth Newcomers Club card party Saturday night at the home of Mr. and Mrs. Thomas Powell on Beech St. were Roger Zerby, who paired off for bridge with the O'Neils; and the Richard Baileys who were seen welcoming the Lee Heilmans who have just moved from Toledo, O. Pinochle, bridge or tripoli were enjoyed by all who were there.

Mrs. Jack Kelly, Mrs. Carl Marcott, and Mrs. Raymond Anthony.

The Gourmet group sponsored by the Plymouth Newcomers Club met Tuesday at the home of the president, Mrs. Thomas Powell for a German luncheon. Lake Pointers Mrs. Larry Schendel, Mrs. Peter Varroni, and Mrs. Gene Weaver enjoyed the German cooking made from authentic recipes. Especially tasty was the apple torte (apple tart) brought by Mrs. Donald Bosker.

Mrs. Matzon's afternoon kindergarten class had an exciting experience on Valentine's Day. On Thursday, the thirteenth, they made their own valentines. Then two of the mothers, Mrs. Edward Bales and Mrs. Wendell Smith arranged for them to take their valentines to the Post Office on Friday so they could mail their own cards, and what's more the Post Office officials gave them a guided tour of the building.

Twenty-two proud seven and eight year old girls will be invested in the new Lake Pointe Brownie troop on Friday, Feb. 21 at Farrand School. The co-leaders Mrs. Lee Heilmann, and Mrs. Gary Grout have invited the mothers and brothers and sisters of the girls to come and watch the ceremony.

Several Lake Pointers are both working on a worthwhile project and having a lot of fun as they make final plans for the AAUW play, Hansel and Gretel. Busy with rehearsals are Hansel (Mrs. Wendell Smith); Mrs. C. H. Heiney, Jr., who is the director; and Mrs. Richard Doherty, the stage manager. Mrs. Floyd Peterson is in charge of tickets for the play which will be given Saturday, Feb. 22. Mrs. Robert Kehrl who is in charge of the music has arranged for a taping of Mrs. David Morhardt playing a violin.

Mrs. Sidney Cady, formerly from Lake Pointe, was in town briefly while on her way from her home in Ohio to Flint for a visit with relatives.

Seen enjoying the Plymouth Woman's Club Fashion Show on Tuesday were Mrs. Thomas Holland, Mrs. Conrad Krankel and her sister.

New Employee Credit Union Opened Here

A Plymouth couple became the first to open an account in the newly constructed Burroughs Corp. Employees' Credit Union Building when their application was processed at special ceremonies held Friday.

Mr. and Mrs. Clarence Holman of 204 Joy, Plymouth, filled out the necessary forms before Harold Shirey of Plymouth, Credit Union President, and Jack Gray of Northville, treasurer-manager.

The recently finished building, located on Plymouth Road just west of the Burroughs plant, opened Monday for business. It was built at a cost of slightly less than \$100,000.

Also present for the Friday ceremonies were John Davis, credit union vice president; Julius Miodowski, secretary; and board members Bernard O'Shea, George Benedict and Andrew Hatfield.

The Burroughs Employees' Credit Union was founded in 1954. Its current assets are two and a half million dollars.

In a year or two, Gray said, the credit union hopes to see that amount raised to three or four million.

Operated solely for Burroughs Plymouth Plant employees, the credit union offers both savings and loan services.

Less than 4% of a steer is sirloin steak, and only a little more than half is meat. This helps explain the difference between on-the-hoof and on-the-hook prices of beef.

THE FIRST couple to open an account in the new building of Burroughs Employees' Credit Union Friday were Mr. and Mrs. Clarence Holman of 204 Joy, Plymouth. The Holmans, left, had their applications processed by credit union president Harold Shirey, and treasurer-manager Jack Gray, right.

Garden Club to Train Youths For Summer Lawn Care Jobs

Local residents may well be the recipients of a new yard and garden service this next summer if plans of the Plymouth Garden Club can be formulated with the Youth Employment Bureau of the YMCA.

Spearheaded by Garden Club president, Mrs. Edwin Schrader, and Garden Club civic chairman, Mrs. Loren Gould, the club hopes to enlist some dozen or more local youths for this project. Under the plan the Club would train the youthful gardeners and help them set a fair wage scale for their summer work.

With the cooperation of Mike Hoban, director of the Youth Employment Bureau of the YMCA, candidates would be furnished for the training and local residents could then call on this organization for the services of the trained gardeners.

Mrs. Gould pointed out that many local youngsters would like this type of employment and that there is a great demand for yard and garden service throughout the community. "If we can help these young people know just what their responsibilities should be and show them the proper ways to care for lawn and gardens, they would have healthful summer employment, be able to earn money and do much to beautify the appearance of our City," she said.

A preliminary meeting was held Monday to evaluate the program between Mr. Hoban, Mrs. Schrader and Mrs. Gould. More details of the training program and the YMCA participation will be announced at a later date, according to Mrs. Schrader.

TREASURES FROM

GUEST COOK, Mrs. M. T. Moore, 933 Palmer St., suggested this week's Plymouth Pantry recipe for tasty tomato aspic, a perfect complement to any meal.

A delicious recipe that you might want to try during Lent for a different lunch or as salad with your dinner is the one for tomato aspic, suggested by Mrs. M. T. Moore, 933 Palmer St.

Mrs. Palmer explained that the recipe is one she got from her aunt, who has been making this tomato aspic for more than 50 years. The aunt lives with Mrs. Moore's parents in West Point, Ga.

Mrs. Moore, who has a marked Southern accent, moved to Plymouth seven years ago from Georgia. Her husband moved to Plymouth before he married and then returned with his bride. The Moore's have a one month old baby boy, William.

Until recently Mrs. Moore worked at the F. W. Woolworth Co. in Wonderland.

Here is her recipe for tomato aspic:

- 2 1 lb. cans tomatoes
- 3 med. size onions cut up
- 3 tsp. salt
- 2 envelopes Knox unflavored gelatin
- 2 Tbl. lemon juice
- 1 cup cut up stuffed olives
- 1 cup cut up celery

Boil tomatoes, salt and onions for five minutes — strain — makes about 2½ cups juice.

Mix two envelopes Knox unflavored gelatin with one cup cold water and stir until thoroughly dissolved. Add 2 Tbl. lemon juice. Then add 2½ cups tomato juice (still hot) to the gelatin and stir. Add olives and celery and place in refrigerator to jell. Stir several times, after it is in refrigerator, to keep the tomato juice mixed evenly.

City to Receive Highway Funds

The City of Plymouth will share in nearly \$9 million of motor vehicle Highway Fund collections being distributed to Michigan cities and villages by the State Highway Department.

Plymouth's share will amount to \$13,471, according to figures released last week by State Highway Commissioner John C. Mackie.

The money is part of net receipts of the Highway Fund during Oct., Nov. and Dec. 1963 which totalled \$49,723,386, an increase of more than three and a half million dollars over the same period in 1962.

All state gasoline and diesel fuel taxes and license plates fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the Waterways Commission's share, the money is distributed under provisions of state law which provides that 47 per cent goes to the State Highway Department for use on highways; 35 per cent to the state's 83 counties for use on county roads and 18 per cent to incorporated cities and villages for their roads and streets.

800 Attend 'The Drunkard'

The Plymouth Theater Guild's vivid, forceful and most authentic production of P. T. Barnum's 1844 temperance drama "The Drunkard" attracted three capacity crowds at the Plymouth High School Auditorium last week. Over 800 people crowded into the gaily decorated auditorium, sipped drinks, sang the old songs, and "got into the act" by heckling, booing, cheering, and applauding the antics of the Guild actors.

The Guild reports they could have easily extended the run another day since they had orders for 30 extra tables on Friday at the Melody House. Tickets for the show were all sold out by Thursday.

Plymouthites seen at the show included Mr. and Mrs. Carl Cederberg and family (Jon, Mike, and Patty); Dr. Gulick and his wife; Jack Wilcox; Mr. and Mrs. John Anderson; Archy Vallier and wife; Alta Moore; "Bud" Weber; Coy Sandrock; the Hal Youngs (Janet and Loretta); Carl Schulteis, and Carvel Bentley.

Chips from the ROCK

A group of local businessmen were chatting at the Round table in the Mayflower Coffee Shop on Lincoln's birthday and their conversation drifted to Plymouth's famous buffalo hunt. Most had never heard of this fantastic undertaking and some didn't believe it ever had happened. But, according to the January and February issues of The Plymouth Mail of 1940, we can recite almost blow by blow astonishing facts of this true story which gained national fame for our fair city.

It all started when my father, Elton R. Eaton and his close friend, Fred D. Schrader were planning their annual Lincoln Day banquet for early in February. They were famous for the ingenuity they had used over the years in making these events outstanding for Plymouth. In fact the year previous, the first for Democratic \$100 a plate dinners, they came up with their famous salt pork, Michigan beans, corn bread, Michigan potatoes and Michigan maple syrup feast, all you could eat for 50 cents.

Mr. Schrader, not adverse to telling tall tales, had mentioned the fact that this year the pair of promoters had decided to serve Buffalo as the main piece-de-resistance for their Lincoln Day repast.

As it turned out this tale wasn't stretched too far because buffalo was finally served and it came from

the Schrader Buffalo Farm seven miles west on Territorial road. Buffalo raising had become a favorite hobby of Mr. Schrader and he spent many hours at his ranch watching with careful eye the grooming his Colorado imports had at the hand of his diminutive herdsman, Eddie Pelfirman.

"Big John", a 1,000 pound beauty, was offered as the basis for the Lincoln Day banquet's buffalo stew. "Big John" was named in honor of John S. Haggerty, then Secretary of State and a Plymouthite who joined this pair in much of their political skullduggery.

Much was made of the assassination of "Big John" and members of the Wayne County Conservation Club, who were to organize the Buffalo hunt in the woods of the Schrader farm and actually supervise the shooting of the prize, sold raffle tickets to award the distinction of firing the shot to drop "Big John" to some lucky member.

William Rengert won the honor but as the time for the hunt approached he felt inclined to do the job after seeing the size of the monster he had to face. Demurring at the last minute he gave his privilege to Russell Powell, who in his own right had purchased some \$100.00 worth of tickets to win the honors.

A goodly crowd of sportsmen had gathered at the Schrader farm to witness this event and though many were armed with rifles to help Mr. Powell, should the need arise, none were to shoot unless it was absolutely necessary.

Herdsman Pelfirman had been able to get the animal out near the edge of the woods and almost in the clear for Mr. Powell to fire his first shot from the fence at the road. It was at this moment that Mr.

Powell, in his own words, thought the buffalo some four times bigger than he actually was as he started in the direction of the hunters. His first shot was high and was found to have merely creased the top of his skull.

As Mr. Powell was cocking his gun and readying for a second shot a terrific boom from down the road dropped "Big John" in his tracks and an uninvited spectator from Ann Arbor who had read of the event, took full honors for the kill with his 348 English Weatherby. In fact, those in attendance were so stunned by the unscheduled turn of events that the stranger was allowed to get in his car and drive off and, to this day, no one here knows who claimed the honors.

The buffalo was taken to Saddle Ridge by Ford Motor's Harry Mack to be dressed and supplied to the Hotel Mayflower where manager Ralph Lorenz was to prepare the stew and serve the assembled guests the night of the banquet.

Five hundred tickets were sold but 762 dinners were served. Seating was available in all of the hotel's dining rooms and tables were packed in the halls, entrance and throughout the basement. Hundreds could not be served but were allowed to stand throughout and in front of the building where loud speakers carried stirring messages delivered by Congressman Paul Shafer of Battle Creek, John S. Page, president of the Michigan Education Association and Republican State Central Committee Chairman James Thompson. Plymouth school superintendent, George A. Smith, acted as master of ceremonies.

Below is reproduced a ticket from the famous affair which was afforded the guests, as you will

notice, at "four bits per person." The ticket carries a silhouette of "Big John" and owner Fred D. Schrader. According to The Mail's report the tickets were so highly prized as souvenirs that an announcement had to be made over loud speakers asking people to please give the waitresses their tickets and that they could have them to take home after the affair was over. Of the 762 turned in some 500 were carted off later for souvenirs.

Some interesting sidelights of the affair were also recorded, such as; Song leaders for the event were William Wood upstairs in the hotel and Orlow Owen, downstairs. John Haggerty supplied from his farm 300 pounds of corn meal for the corn bread on the menu. Perry Richwine provided the coffee for the menu and Herman Bakhaus the cream for the same.

Hotel manager Ralph Lorenz, then in his youth, experienced his first public wave of confusion when he totaled the amount of food which went into the

stew. Such things as 460 pounds of buffalo meat, 180 pounds of carrots, 100 pounds of turnips, 10 dozen bunches of celery, six bushels of potatoes, 10 bunches of parsley, five pounds of garlic, 12 pounds of dried mushrooms and two gallons of Wesson oil for greasing the pans.

All in all it was quite an affair and was given coverage widely in the metropolitan press as well as in national news magazines. In case you are a newcomer to the Plymouth community and doubt the authenticity of any of this we can bring you much closer to the scene by suggesting you visit the Schrader Funeral Home where today, in frightful reality, is mounted the beautiful head of "Big John," immortalizing one of Plymouth's greatest Lincoln Day banquets and testifying in his majesty to the ingenuity and resourcefulness of our Dad's, (Bud's and mine) . . . some guys those two.

City commissioners passed a resolution last Monday night paying tribute to Stanley T. Corbett who resigned last month from his posts on the Board of Electrical Examiners to move his residence from Plymouth to Florida.

\$100,000 downtown fire is one of costliest in Plymouth's history. Clean-up continued today in the ruins of a fire which destroyed one downtown store and heavily damaged two others - making it one of the most costly fires in Plymouth's history. Fashion Shoe store, scene of Plymouth's largest fire in 1933, was the center of last week's blaze. Insurance inspectors and Fire Chief Robert J. McAllister have tentatively estimated the loss at \$100,000.

An enlarged and modern restaurant will be another asset to Plymouth's downtown area this year when the Ellis Restaurant, 270 South Main street, completes its remodeling plans, according to an announcement made this week.

Thirteen-year-old Sandra Lee Davis recently was the dinner guest of television star Janie Palmer, as the result of writing a letter. Sandra, daughter of Mrs. Catherine Davis Cichocki of Ann street, was winner in a letter contest sponsored by "TV Guide" magazine and was treated to the dinner.

First issues of Automotive service, a picture paper for automobile service men, have been circulated throughout the country and have made a decided hit with that vast army of courteous men who look after the needs of automobile drivers. Plymouth's interest in the new publication is due not only to the nature of it, but because Jack C. Weed, its editor, is a resident of this city.

Officials of the Daisy Manufacturing company announced early this week the purchase of the American Ball company of Minneapolis, Minnesota.

Ruth McConnell, who is attending school at the Northwest Institute of Technology in Minneapolis, has been appointed freshman editor of the school paper. She also has been chosen to help prepare the specimens for laboratory use.

The Bennett Mfg. Co., one of Plymouth's most prosperous manufacturing institutions, will erect a new factory building on the land which the company owns adjoining the ball park and along the Pere Marquette railroad.

During the year of 1913 there were in the neighborhood of twenty-five new houses built in Plymouth, together with a large amount of repairing and remodeling of various homes about the modeling of various homes about the village, which is a sure indication that our village is steadily growing.

Another new industry is about to open up in Plymouth for the manufacture of canvas gloves. This new enterprise will be conducted by C. A. Hearn and George W. Springer, and will be known as the Hearn-Springer Company. The factory will be located in the rear of Mr. Hearn's residence on West Ann Arbor St.

PHOTORIAL A PICTURE IS WORTH A THOUSAND WORDS

LETTERS TO THE EDITOR

Dear Editor, My sadness on hearing of the death of Neva Lovewell prompts me, as a former student of hers, to write a few words of admiration.

Miss Lovewell gave to her classes several things that made her one of my most memorable teachers - an inquiring mind, a flexible nature, and a wonderful sense of humor. I never knew her to sidestep a question she couldn't answer, nor curtain an original line of thought. Moreover, she was always the first to laugh at a class joke - even at her own expense!

Education textbooks may not list these as prime attributes for a teacher, but they surely served to endear her to a generation of students.

Sincerely yours,
Emily Hough Hadsell
Class of 1946

Dear Editor, "Are we becoming a nation of sheep?" This question was raised in the Mail's Feb. 11 issue in relation to what I think is a typical incident. As one who likes to say what I believe, right or wrong, I have a difficult time understanding the silence of others. If you think and feel what you say is true, than I agree, say it. I should think that it would be an advantage to have a civic opinion printed. Then you have the opportunity of finding out just how many people agree and disagree with you, which is what a civic leader is supposed to be concerned with. If your opinion is based on facts then the chances of swinging the disagreeers to your side is strong. If by chance your opinion is based more on emotion than anything else, best you find out the facts now and be given the chance to change your thinking. This isn't easy and in some cases is impossible, but at least you'll have heard both sides and, if you can think for your self, should be able to come to a true and honest conclusion. (One that you shouldn't be afraid to have printed.) I hope that in the future we find Plymouth has more leaders and fewer sheep for this is what makes or breaks a city. - Sheep really don't care too much how the pasture looks to the passer-by.

Now that I've agreed with the Mail let me insert my barb. You say you're interested in Plymouth - you want the people to be heard. Then why, if this is true, does our paper make so small of the civil rights issue? At times ignoring it to the extent of failing to report when lectures are being held and not reporting on the outcome of such. There are Plymouthites, as you know, who care,

have opinions and facts and who, unlike our friend of last week, would like to be heard. Why not give them a chance. Now is the time for the Mail to "fulfill its traditional obligation to the community" ALL THE COMMUNITY.

Gail E. Cavell

Dear Editor: Thank you very much for your invitation to "Say What You Think". You are so right when you say that we are becoming a nation of sheep. However, are all the sheep on this side of the fence? I don't think so. Freedom of speech seems to have been abolished from this wonderful land of ours also. At least for the "Common Man". I have expressed my opinions in several letters to you. Two were printed but the rest were not even acknowledged because "YOU" lacked the courage and the guts to say print the truth. When our leaders begin to put God and people first then truth and justice will prevail. This nation has become a nation of false Prophets. No wonder God's wrath has come down upon us. We most surely deserve it.

We the people have put our trust, our dreams, our hopes in the leaders of this nation. Leaders in religion, in government, in business, social and economic and by that process have let ourselves become so brain-washed that we don't know what to believe anymore. God help us to turn our minds away from man and to Him for the solution of our problems. It isn't God that is incredible, it is the blindness of man.

Yes, I do have a lot on my mind and I also have the courage and the guts to say it but do you have the courage and the guts print it?

Sincerely Yours,
Robert E. Rowland

EDITOR'S NOTE: The fact that The Plymouth Mail has published two of Mr. Rowland's past epistles, and is publishing this one, should indicate that we don't lack the "guts" to print his letters. The Mail will reprint any letter we feel is of general community interest. However, neither this newspaper nor any other will permit one individual to monopolize its letters to the editor column.

Why Wait on Planning Authority?

When the board of the Plymouth Community Chamber of Commerce passed a resolution placing its stamp of approval on the establishment of a community planning authority Tuesday morning, it became the third group to do so in the past month.

At its Jan. 13 meeting, the Plymouth School District Board of Education made it quite clear that it supported the concept of a planning authority.

And on Jan. 28, Citizens for Plymouth reactivated a five-member subcommittee to seek ways and means of making the planning authority a reality.

Obviously, there is a crying need. The Chamber board urged that financial support be provided for the creation of a planning authority because it "appears to provide the best method of broadening the tax base for the school system as well as units of government."

But there is another equally important factor that dictates a need for the authority.

It would help to create, not only a broadened tax base, but it would act as a vital, sorely needed catalyst that would unite the entire Plymouth Community into a powerful, cohesive organism.

And if there's one thing any community needs, it's a sense of oneness.

Since the planning authority issue first came up, there has been one ma-

JOR obstacle in its path: Financial participation on the part of the school board.

Board of Education attorney William Sempliner has ruled that the school district cannot participate financially. Michigan Attorney General Frank Kelley said the district could, in fact, take part.

At last month's meeting, a school board member suggested that the matter could be put before the voters in the form of a referendum requesting funds for the establishment of the planning authority.

President Gerald Fischer told board members they would eventually have to decide pro or con on the issue.

The Plymouth Mail thinks the school board should make that decision soon; and we urge that it be an affirmative one.

The next regular school election is scheduled for the second Monday in June. The board could, at that time, ask the voters for funds to support a planning authority.

We think they should.

This newspaper wants to make it clear that it actively favors and supports both the planning authority and the necessary steps to make it a reality.

Past discussion of the issue indicates that few persons, if any, are opposed to the concept of the planning group.

What are we waiting for?

217 Apartments Near Completion

POPULAR Crestwood Apartments are now readying 56 new units for rental on Sheldon Road. Many of the new units are already leased and

will be ready for occupancy in the near future. The development already has 44 apartments, which were opened last year, occupied.

LAKE POINTE Village Apartments, one and two-bedroom, will accommodate some 44 tenants on Schoolcraft Road. The Greenspan develop-

ment is leasing at this time and promises to be a fine addition to the Township's multiple family dwellings.

More Homes, Apartments Under Construction

Directly south of the Crestwood development on Sheldon road, bordering on Ann Arbor road, there is also underway the building of a 117 unit apartment by the Plymouth Community Apartment, Inc.

Designed by Wong Lee, a former associate of Yama-saki, the luxurious apart-ments are a product of the vision of Henry Keewell, former owner of the Henrose Hotel in Detroit. They will

cover the area from the Crest-wood apartments to Ann Ar-bor road on the property formerly owned by developer and builder Loren Gould of Gould Homes.

The corner frontage on Ann Arbor road is owned by Shell Gasoline, who, at this writing, have no immediate plans for their area.

Salem Park, a new \$17 to \$20,000 home development opened its doors last week on the northeast corner of Haggerty and Ann Arbor Rds., next to Allen School with four model homes. At the opening, with four models on hand for inspection, 37 homes were sold by the Kaufman & Broad Homes, Co. and 28 building permits were taken out last week by the company for prospective residents.

This, too, was a Gould develop-ment which was sold to the present builder, one of America's largest.

Now in the closing stage is another Gould development on N. Territorial road, near Sheldon which will probably provide some 50 new high quality homes in the Town-ship.

They are: Pres. Tim Wernette, Vice-Pres. Geoff Burke, Sec. Jon Adams, Treas. Richard Irvine, Senior Representative Don Norman and Junior Representative Chuck Catlett. In September a Sophomore representative will be elected to the Executive Board.

PLYMOUTH Lions Club President Bruce Richards dropped a braille watch in the mail last week and started it on its long journey to Mysore, India. Local Lions sent the watch in response to a letter from a blind person in India.

DECLARE DIVIDEND
Directors of Associated Springs Corporation, with general offices in Bristol, Conn., today declared a first-quarter dividend of 25 cents per share. The dividend is payable March 10 to shareholders of record as of the close of business February 28.

Plymouth Lions Send Braille Watch to India

A braille watch was on its way to Mysore, India this week after The Plymouth Lions Club responded to a plea from a blind person there.

It all started about three months ago when a letter was delivered to Plymouth Lions from A. Ramachandra Rao of Mysore.

In the letter, Rao asked for help in obtaining a braille watch.

Local Lions contacted the Mysore, India Lions Club, verified that Rao was blind and that he had not contacted any other clubs for help.

The Mysore Club recommended that Plymouth Lions purchase the watch for Rao.

The watch was obtained at a cost of \$16.50 from the American Association for the Blind and last week, club president Bruce Richards of 1257 S. Main dropped the timepiece in the mail.

IF IT'S TOO QUIET—TURN ON THE RADIO

Some of the finest comments that come to us from owners of 1964 Cadillacs concern the car's extraordinary quietness of operation.

A Cadillac owner remains comfortably insulated from the distraction and din of the heaviest midtown traffic. And we think that this remarkable characteristic tells a great deal about the quality and goodness of this extraordinary new Cadillac creation.

First of all, it indicates the car's high level of craftsmanship. Every 1964 Cadillac, in fact, now undergoes more than 1400 separate inspections.

It indicates, too, how Cadillac's combination of functional styling, scientific soundproofing and advanced

new suspension have reduced to an almost unbelievable degree the sounds normally associated with travel.

And, even more importantly, it speaks of the car's great engineering. Cadillac's dynamic new engine operates with flawless precision, despite its record power. Its new transmissions, both the Hydra-Matic and the Turbo Hydra-Matic, translate that power into smooth, hushed response . . . and combined with exclusive True-Center drive line, virtually eliminate vibration.

If you have not yet driven a 1964 Cadillac, you will find it a most revealing experience. Your dealer will have one ready any time that's convenient. Just let the car's amazing quiet do the talking.

Rock Cagers Win One, Lose One

Plymouth tried but couldn't last week Belleville tried and did. Such is the story of the fight for the Suburban Six Basketball crown. The Rock cagers wanted to upset the Jaguars but just too many things went wrong and couldn't be corrected so Allen Park returned home, still tied for the league lead, with its narrow 60-57 victory.

By half time the Rocks had tied the score at 32-32 and were only four points behind at the end of the third quarter but those four points became eight by the middle of the last period. Plymouth then closed the gap to three which turned out to be the winning margin.

The Rocks received good scoring efforts from Senior captain Cal Luibrand - and Junior guard Gary Grady who both dumped in 17 points. Jerry Kisabeth also contributed 11 points to Plymouth's scoring total.

Allen Park used a full court press throughout most of the game which gave Plymouth a little trouble at first as they lost the ball on several occasions. But the press was also used to good advantage by the Rocks when they kept the ball under control. Because the Jaguars were using a double team press, one Plymouth player was always in the open and able to score if they could get the ball to him.

Plymouth as the Rocks traveled to Livonia-Franklin and gained a 52-41 victory. Plymouth controlled the game most of the way through, but had to keep on their toes as Franklin threatened several times during the game.

The Rocks only had a four point lead at the end of the first quarter but doubled their lead to eight points by the end of the half. During the second half Plymouth managed to stay 10 points up most of the time with Franklin closing the gap to four points a couple of times.

One advantage that helped the Rocks to the victory was the fact that they out-rebounded the Franklin Cagers 51-34. Without the rebounding the score would have been much closer because neither team was particularly accurate from the floor.

Tankers Dunk Allen Park, 61-44

The Rock Varsity swimmers continued to roll along as they splashed past Allen Park at the Jaguars home pool. Plymouth built up an early lead then held on for an easy victory, 61-44.

PLYMOUTH was in command all the way after the medley relay team opened the meet by winning the 200 yard relay race. From that point on, the Rocks just kept adding to their score and were never really threatened.

Allen Park, Bentley Eye Showdown

Plymouth's Recreation Basketball Class D and E teams have been busy the past three weeks as each squad plays at least one game a week.

Allen Park and Bentley still share first place in the race for the Suburban Six Basketball League championship after they both came out on top in their games last Friday evening.

The two leagues, 18 and under and 15 and under, play on Monday and Thursday evenings at the Junior High-West gym.

Allen Park nosed out Plymouth in a "down to the wire" battle which saw both teams with eight point leads at one time or another. After Allen Park went ahead in the last part of the third quarter, the Rocks were never able to overcome the lead the Jaguars had built up and lost 60-57.

Last weeks action saw the Wolverines from the Wayne County Training School defeated by the Beetles 20-17. It was their first loss in two seasons of play in the 15 and under class.

Meanwhile Bentley romped over Redford Union, 76-46, to keep them tied with Allen Park for the top spot.

Further action in the league saw the T-Birds down the Good Guys 45-22 with Ken Wilkins high man for the winners with 14 points and Duncan Graham high for the losers with 7.

In another exciting contest, Trenton nipped Belleville by two points, 68-66, on a last-second basket.

Jay Vees Win Two Games, Drop Allen Park, Franklin

The JayVee cagers had a good weekend by winning both their ball games although they had a few anxious moments in doing so.

The first game, Friday night, saw Allen Park stay within five to eight points throughout the game but then drop 15 points with only a few minutes remaining. At this point it appeared that Plymouth had the game in the bag but the Jaguars were not to be counted out as they began to chip away until they were within a few points of the Rocks. The JayVees then had to hustle to keep ahead, which they did, and ended up on top, 64-55.

Hawks Gain Tie, End Up In First

The Plymouth Juvenile Blackhawks finished their regular season play by tying the Garden City team, 3-3.

Free shooting helped the Rocks to their victory as they connected on 20 for 30. John Hannula, who was high scorer with 14 points, contributing 12 of the free throws while not missing a one.

Junior High Cage Teams Drop Two

The Plymouth Junior High-East eighth and ninth graders both went down to defeat before two determined teams from Belleville which had been previously beaten during their visit to Plymouth.

The eighth graders had much more trouble as the Belleville team put on an effective full court press which caused the Plymouth team to lose the ball many times. This coupled with Plymouth's inaccuracy led to their defeat.

John Davis had a good afternoon as he led Plymouth with 14 points and was helped out by Ron Lowe and Dalton Williams who had 7 and 6 points, respectively.

'64 Corvair Monza by Chevrolet

It's got a frisky new engine (that puts superior traction under you)

Ever see a Corvair wearing tire chains? Not likely.

And it's not often you'll find a Corvair owner bothering to switch over to snow tires either.

Why? Rear-engine traction. The engine weight over Corvair's rear wheels gives them remarkable gripping power without any assist from special winter driving paraphernalia.

Reassuring to know this time of year—and also in the months to come when all that tidy white countryside turns into a melting pot that's likely to add to the misery.

Another thing about Corvair's engine: It's bigger this year.

Nearly 19 per cent more power in the standard version. Which is something you'll appreciate most any time of year, fair weather or foul.

You'll also appreciate not having to fool around with antifreeze. And not having to flush the radiator or fuss with hose connections. The engine's air cooled.

Matter of fact, we have a feeling that if more people knew what a cinch Corvair makes winter driving, there wouldn't be quite so many looking for excuses to duck South this time every year.

But then you never know. Corvair's kick to drive in warm weather, too. Why not try one at your dealer's and decide for yourself?
