

Admits Operating Fund Problem

School Board Raps Rumors It Will Scrap B & S Plan

Emphatically denying rumors that its building and site plan (better known as pay as you go) is failing to meet the needs of the school system, the Plymouth School Board, with President Gerald Fischer in the role of spokesman, Monday night

stated positively that it was not at the point where growth is greater than the ability to build, and is not considering scrapping the plan for bond issues. Matter of fact, Fischer said it was the feeling of the entire board that the building and

site plan of building has proven very adequate, is meeting and will meet all needs for facilities. "We are not considering scrapping the Building and Site Plan," he emphasized. "The rumors circulating throughout the community

about financing and facilities are entirely untrue. "We feel this program, started in 1959 after voters had rejected a bond issue which included a new high school, has saved electors more than \$650,000 since it has been in effect."

A movement for a building and site plan was started by a citizens committee which took it to the School Board, sold it and then received approval from the voters in 1960 by a good majority. It provided the Board with

\$2,500,000 over a five-year period. The citizens committee considered it the most feasible way of financing school expansion since it enabled the Board to build step by step on short term notes with small interest.

"We told the voters then that this was the most practical manner to provide facilities but that it would only work successfully if the school district maintained a reasonable rate of growth. It most certainly didn't take into consideration a population ex-

plosion," explained Fischer. Fischer noted that the B&S millage received a favorable vote in 1960 and again last fall, an indication that the electors of the school district approve that type of financing. (Continuing on Page 10)

STUDYING PLANS for a proposed senior citizens' housing project in Plymouth are members of the members of the Plymouth Housing Commission recently appointed by Mayor Richard Wernette with approval of the City Commission. The group includes: (standing from left) Stewart Oldford, Jr., William Silvis, William Nelson and Robert Weber; (seated) Acting Secretary Margot Robson, President Kenneth Fisher and Director and City Clerk Richard Shafer.

Housing Board Studies Needs of Sr. Citizens

Plymouth's new Housing Commission, appointed to make a study of the needs for a senior citizen low rent apartment residence and to proceed with plans for such a project, is seeking information from the city's elderly as to interest in the program.

The Housing Commission, composed of President Kenneth Fisher, Housing Director Richard Shafer, and Commissioners Stewart Oldford, Jr., William Nelson, Robert Weber and William Silvis with Margot Robson as acting secretary, received approval from the City Council to retain the firm of Harley, Ellington, Cowin and Sturton Inc., of Detroit, as the architectural engineering firm to assist in development of the plans for the project.

The proposed structure would be financed under the provisions of the Public Housing Act with the entire cost being paid by the federal government.

However, the provisions of the grant provide that it be a low-rent residence for the low-income elderly of Plymouth with an age range of 62 years and older.

The rental would be based on the income of the senior citizens and the financial structure would be such that the rentals would pay the entire cost of operation and maintenance.

The Housing Commission is empowered to set up the rules and regulations as to eligibility for the apartments—these are expected to require that the applicant be a resident of the city for a period of time to be determined by the Commissioners.

Although plans are still in the study stage, the Housing Com-

mission expects to file an application for federal funds within 30 days.

These funds would cover the full costs of the building. Upon approval of the application, the Commission will select a site, determine the specifications of the building and establish rules governing the eligibility of occupants.

Director Shafer indicated the federal regulations require the applicants to be 62 years or older.

The Housing Commission is anxious to receive an indication of interest by persons 60 years and older since occupancy is expected two years hence.

Those interested are urged to fill out the blank or go to the City Hall to receive a similar form. Data taken from the forms will be used in completing the rules and regulations and also give the Commission some idea of the interest.

Although the planning is in the preliminary stages, the Commission plans to keep the community advised of each step as it comes up and is approved.

Plymouthite Pledged To Alma Fraternity

ALMA — Lawrence Dickie, son of Mr. and Mrs. Howard Dickie, 8170 Ravine Drive, Plymouth, is a new pledge of the Alma College chapter of Tau Kappa Epsilon Fraternity.

Township Learns Police Protection Comes High

Plymouth Township should be prepared to pay more than \$100,000 annually for the same police protection it now receives from the Wayne County Sheriff's Road Patrol if it decides to organize and operate its own police department.

That was the news in a report from the Sheriff's Department in answer to a request from Supervisor Roy Lindsay. The information was for the police protection study committee Lindsay named two months ago to make recommendations and reports on the probable costs of such service.

The Township Board, in a letter to Lindsay from the Wayne County Board of Supervisors, was notified last fall to study the possibilities of furnishing its own police protection.

The Board of Supervisors indicated that it could no longer maintain the services of the Road Patrol because of the costs. It recommended that Plymouth Township, along with all other townships in the county, begin to think seriously of providing its own police services.

The Sheriff's Department reported in its letter to Lindsay, that the Road Patrol service now consists of one man in a car patrolling district and a second car with one man patrolling Hines Parkway during the day shift from 7 a.m. to 3 p.m.

The patrol includes two men in each car on each run for the afternoon (3-11 p.m.) and night (7 p.m.-3 a.m.) shifts.

The service has at least one man in a car patrolling the area throughout the 24 hours of each day, seven days per week.

The district covered is bounded on the north by Eight Mile Road; east to Eckles Road; west to Napier Road; and south at Ford Road.

Lindsay's query to the department asked:

1. How is police service handled in the Township at this time?
2. How many cars are in the area at all times?
3. How would a call from a Township resident reporting a "Peeping Tom" or a "Breaking and Entering" be handled by the department?
4. What kind of an agreement could be worked out for extra police protection with the Wayne County Sheriff's Department?
5. What would the cost be for this extra protection?

Lindsay sent the same questions to the Michigan State Police and to the City of Plymouth. Answers from all units are expected shortly.

The Sheriff's Department report will be turned over to the Township Board at its March meeting with com-

ments from the study committee.

The committee includes: Trustees Louis Norman, Ralph Garber and Dick Lauterbach.

with the last mentioned serving as secretary.

The Road Patrol report, which bore the signatures of Sheriff (Continued on Page 10)

FACTS and OPINIONS

by Paul Chandler

In both Plymouth Township and Redford Township there is considerable curiosity today as to whether the next local election will be held in the Spring of 1965 or the fall of 1964.

Township officials in the State of Michigan generally have no love whatever for this idea of running in November at the same time as the President, the Governor, the state legislators, and heaven knows who else. The ballot could be so big that there'd be no voting machine on earth ample enough to handle it, and furthermore... what voter will be giving any real thought to an office deep down the ballot and buried under discussion about all the other bigger offices?

It would defeat the whole philosophy of an autonomous, independent "grass rooty" type of government, close to the people—namely: Michigan Township government.

Because the idea a freak ballot can be combined with that of the rural legislators who want to think that Township government should be kept sacro-sanct and apart... it is most likely that the new Constitution will be adjusted to permit elections next Spring, rather than this November.

It's no cinch yet, because there are so many vital court decisions pending about all the other elections. But Facts and Opinions believes that our local Township officers ultimately will be told that they'll run next Spring in just exactly the same way as they did in 1963, interim developments notwithstanding.

There was a time when Facts and Opinions was genuinely much interested in boxing matches. The war was only a short distance behind. Combat seemed to be an understandable thing... desirable, in fact. The armistice was upon us and the American public was looking for activities which had some of the feel and sound of war, but which stopped just short of death. Boxing, in other words, was exhilarating without being immoral.

In time, simple combat became not so stylish as a folksy show. The "enemy" was not necessarily "those guys." It almost became stylish that perhaps the better course of behavior wasn't to "kill Japs," or kill at all, or bash a boxing opponent into senselessness, but rather to return to the "softness" of our forefathers which, in today's memory can best be translated as "be gruff but carry a big stick."

Tonight we are reminded of the slogan-sounds of youth. Gen. MacArthur, with a macabre look in today's news photos, is recalled as being the author of the thought that, "on these fields of friendly strife are sown the seeds which result in the ability to really thrust the bayonet..."

And there is Grantland Rice, working toward the same emotion with a different set of reasons... "it isn't whether you win or lose; it's how you play the game..."

We remember the impact of these general sounds upon our youth. It is, hopefully, no confession to say that we trusted in them then... and wish there never had been a Clay or a Liston to disturb our conscience.

Building Aim Moves From Hazel Park of Forum

A recommendation to study the possibilities of constructing a building to house many of the community services, now quartered in offices throughout the city, was made by the steering committee of the Citizens for the Plymouth Community in a meeting last Wednesday morning.

The group is looking into the possibility of using the old K of C building, now used as a community center, for the proposed project.

Plans under study call for a three-story building, erected at an estimated cost of \$150,000 to house the Chamber of Commerce, Family Service Bureau, YMCA, Michigan Cancer Society, Red Cross and the Plymouth Community Fund.

Anchor Reinforced Plastic

Inc., newest member of the Plymouth Community industrial fraternity, opened doors for business Monday after moving from its quarters for the past four years in Hazel Park.

"Better labor market and economic outlook," were the reasons given by President Frank Doorweerd as he told why he had moved the boat construction plant from 1831 East Nine Mile Road to 13925 Haggerty Road in Plymouth Township.

Arrangements for the move were completed when Doorweerd purchased the 8,000 square foot plant from the

FIREFIGHTING TIPS were given to members of the newly organized Northville Fire Department Saturday morning when the Plymouth firemen used the Reiman residence on Ann Arbor Trail for training. The home, last of the dwellings still standing in the Urban Renewal Area, was set afire and then the

Plymouth and Northville departments joined in the instructional session. Shown here are members of the Northville group watching the Plymouth firemen start the blaze. Northville was without fire protection for a few days two weeks ago when the entire department resigned.

RESIGNATION of Wayne Dunlap, longtime Director of Music for the Plymouth Community Schools, has been turned over to school officials. Dunlap has signed a contract to head the music department of Schoolcraft College, the five-community college which is scheduled to open its doors on the campus at W. Seven Mile Road and Haggerty in Livonia next September. For details of the story turn to Page 9.

Puck Teams Win Crowns

Two Plymouth teams were honored as champions of the area juvenile hockey leagues in ceremonies Tuesday night at the Garden City Rink, corner of Merriman and Cherry Hill Roads.

The Blackhawks won the Juvenile League crown with an undefeated record, winning 10 regular season and two playoff contests. The Hawks upended Wyandotte and Garden City in the championship round.

The T-Birds captured the Bantam League honors with victories over Garden City and Dearborn Heights in the playoffs. The T-Birds won seven of 10 games during the regular schedule.

Commission Passes Rezoning Ordinance

Plymouth's City Commission passed the controversial rezoning ordinance, that will permit construction of an apartment on Plymouth Road east of Holbrook.

The Council officially approved the rezoning two weeks ago following a torrid session that brought charges and counter charges and then completed the act Monday by passing the ordinance to the second and third readings.

It also indicated that a new industrial plant may be eyeing a location in the Industrial Park on Plymouth Road when it approved action advertising for bids for the land.

It is believed the matter will be consummated at the regular meeting two weeks hence—provided the bid for the site is acceptable.

Supt. Joseph Bida, of the Department of Public Works, reported last week's 72-hour test of the Six Mile Road wellfield and pumping system was highly successful.

"I feel that I can report that there is ample water in that field to take care of our needs for years to come," he told the Commission.

Bida told the Commission the pressure was steady at more than 50 pounds in the south end of the city, the pumps operated at a consistent rate of 2,200 gallons per minute and the observation and pump wells made remarkable recoveries within a short time after completion of the test.

The City's consulting engineering firm of Johnson and Anderson reported it was 85 per cent complete with plans for the improvements to the water system and 70 per cent

complete with plans for the new reservoir.

Commissioner James Jabara introduced 10 members of the Plymouth High Key Club, sponsored by the Kiwanis Club, who visited the meeting to see city government at work.

In other actions, the Commission:

Authorized advertising for bids for the property at 896 Penniman Ave. with a minimum bid of \$20,000.

Heard three members of the Planning Board explain why they voted as they did on the proposed PR zoning for the Pfeiffer property on Plymouth Road. George Hudson and George Bauer indicated they opposed the zoning change and explained why and James Warren told why he favored the change.

Gave permission for the Plymouth Junior Baseball League to use land opposite the Burroughs plant for presentation of the Mills Brothers circus on May 9.

Approved presentation of letters from Commissioner Arch Vallier to the Lansing and De-

(Continued on Page 10)

Packaging Corp. Names Mull

K. R. Mull has been named vice president in charge of plants in Detroit, Grand Rapids, Kalamazoo and Plymouth under Packaging Corporation of America's container division organization of area managers.

At the same time, Corporation officials announced the appointment of Jones Felvey, II, as assistant to Herman Brunner, vice president in charge of the Kansas City, Marshalltown, Ia., Quincy, Ill., St. Louis, Dallas and San Antonio plants.

In announcing the appointment, Brunner said that Felvey's managerial duties would primarily be in the area of expanding the company's container marketing services.

Friday, Saturday In School Gym

Junior High East Musicians To Present 'Rocket Rhapsody'

The instrumental music department of Plymouth Junior High East will present its fifth annual band show "A Rocket Rhapsody," in the school gym Friday and Saturday nights starting at 8 p.m.

The show, under the direction of William Grimmer, vocal instructor, and Laurence Livingston, instrumental music supervisor, will center around the Rocket band of 106 pieces, the 100-voice choir, the Rockers dance band and the Singing Strings from the Eastern Airs orchestra.

The production is based on a variety of musical numbers with dancing and novelties and special lighting and scenery effects. Ted Mallires, Clarenceville Junior High band director,

will participate in a novelty number "Guess Conductor."

The theme is around the New York World's Fair. It includes a number of Broadway songs specially arranged for the program.

More than 1,000 attended the two-night affair a year ago and junior high officials believe the attendance will exceed that total this year.

Tickets are available from members of the band, orchestra or choir and may be purchased at the door prior to the start of the program.

All profits are used to equip and to further the music program in the school system.

Want Ads Come Into Their Own Next Week

Next is a big week nationally, saluting the power of the little Want Ads which do so much for everyone.

It all began, so the story goes, when an appeal was printed on papyrus for the return of a runaway slave.

History records that a Londoner, whose cow had strayed, had the original idea of placing a Want Ad in a newspaper. This was about 1640.

May 8, 1704 saw the first advertisements on this continent published in the third issue of the Boston News Letter.

Benjamin Franklin used advertisements for everything and anything.

Many other prominent persons of the Revolutionary War era were enthusiastic Want Ad users, including George Washington and Paul Revere.

When California was a

frontier, 200 lonely ranchers used Want Ads in Chicago to find women willing

to share their perilous pioneer life. President Jefferson even

saw fit to run a Want Ad in the Baltimore paper to find a man to fill the posi-

tion of Secretary of War for the United States of America. The position was soon

filled. Today Classified Ads have become an advertising

giant. In 1961 the total United States investment in all daily newspapers was

just over 803 million. This compares with \$507 million for weekly magazines.

DPW News And Notes In Plymouth

By SUPT. JOSEPH BIDA
Plymouth Dept. Public Works Department workers were busy early in the week preparing for the two-day test of water and pumping facilities at the Six Mile Road water field.

The test started Wednesday and crews worked around the clock. All wells were shut down at the start of the test and all water came through the pumps at the Six Mile field.

Workers spread 24 tons of salt following the snow during the week. All city owned sidewalk was cleaned.

The DPW has had a crew measuring in-water shutoffs and locating stop boxes for future use in the planning for the anticipated improvements of the water system. The complete plans are expected to be ready within another week or so.

A sanitary sewer was dug up and 5,100 feet of main cleaned and flushed. Streets were cold patched throughout the city. Workers handled three funerals at Riverside Cemetery.

Mistress Asks 'Have You Seen Missing Rory?'

Rory, a four-year-old male Keeshond—the national dog of Holland—has been missing from his Livonia home since Feb. 17 when he vanished in the Five Mile and Telegraph district.

Rory, winner of numerous

blue ribbons in area dog shows, is 18-inches tall, weighs between 40 and 45 pounds, is black and gray with a thick undercoating of cream. He has cream legs and feet and black markings around the eyes that resemble spectacles.

Rory, an AKC registered dog, is in need of a shot from a veterinarian and it is urgent that he be found quickly.

Persons with any information about the missing dog are requested to call Mrs. Don Pfeiffer 464-0245 or any of the area police departments.

Herb Smith To Receive Wayne Award

Herbert Smith, 16662 Ryland, Livonia, is one of six Wayne State University faculty members to be honored with 15-year service awards at the College of Education third annual Alumni-Faculty clinic on Saturday, March 14.

Smith, an associated professor in Health Education and Athletics, received a Bachelor's degree from Michigan State Normal College and a Master's degree in Education from Wayne State.

He has served as football coach and his teaching has included assignments in hygiene and professional preparation courses in athletic administration.

The man who fails to shoulder his share of responsibility places an unnecessary load on another.

Don't Gamble On Your Vision; Doctors Urge Regular Tests

How good are your eyes? If you're a gambler, you would win money betting that the other guy has defective vision. On the basis of statistics, the chances are slightly more than one in two that something is wrong with your eyes.

Close to 80 million Americans wear glasses. There are at least two million who have inadequate vision even with glasses, and about one million are blind. Every year another 30,000 Americans become blind.

There are many popular misconceptions and myths about vision. Ophthalmologists (physicians who specialize in eye care) usually agree that there is no such thing as eye strain. Those pains and discomforts that sometimes follow long hours of watching a jumpy television screen actually are due to eye fatigue. Your eyes need to rest, too. Children do not outgrow crossed eyes, and this condition should be treated as early as

possible. Otherwise some loss of sight could result.

Good vision is important to safe driving of an auto, but perfect vision is by no means required. The driver who has a few drinks under his belt is much more dangerous than the nearsighted driver whose defect is reasonably well corrected with glasses.

Carrots do not improve the vision. Carrots contain vitamin A, but only a very small amount of it is needed and it is found in many of the foods we eat, as well as carrots.

The most common of the serious eye diseases, glaucoma, cannot be cured, but it usually can be arrested by treatment, and further loss of vision can be prevented. Regular checkups for glaucoma are most important, particularly to those past 40.

Cataracts, a lens disorder occurring most often in older people, can usually be corrected by surgical treatment.

Loss of vision from a forming cataract can be slow and sometimes isn't noticed by the patient at first.

Children should have their first medical eye examination at the age of three or four, and should be re-examined each year. The small child may have grossly defective vision and not know it. This can wreak havoc with his schooling, in that he may not be able to read his text-books, or to see the blackboard. Many a child labeled stupid by teachers and parents was later found to be nearsighted.

What can you do to protect your vision?

The most important thing is to have regular eye examinations, preferably once a year. And make certain that everyone in your family gets a regular checkup, particularly the children. Any noticeable change in vision also is a clear tip-off that something is happening to your sight and that an examination is needed.

Moelke Leads Panel Study Of Home Rule

Mayor Harvey Moelke served as moderator of a panel discussion for the Michigan Municipal League in Allen Park Thursday.

Approximately 100 were in attendance for the discussion, which was a highlight of the league's Annual Region III Regional Meeting.

Discussing the topic, "County Home Rule," were Dr. Arthur Bromage, professor of political science and chairman of the department of political science at the University of Michigan; Mayor Hubbard of Dearborn; and John E. McCauley, former mayor of Wyandotte and past chairman of the Wayne County Board of Supervisors and chair-

man of its Ways and Means Committee.

George Kelley Takes Training Course In Air Conditioning

George Kelley, 14718 Fairway, Livonia, is one of 30 engineers enrolled in the six-weeks training course at Carrier Air Conditioning Co., in Syracuse, N.Y.

The course covers air conditioning principles, equipment selection and job analysis. It also includes studies of controls, noise, vibration and multi-zone systems.

Kelley is employed by the Indoor Comfort Co. in Ypsilanti.

Nick Danculovich
 Services for Nick Danculovich, 83, 28041 W. Six Mile Road, Livonia, were conducted Feb. 22 in St. Genevieve Church in charge of Rev. Wolber with burial in Mt. Olivet Cemetery.

Mr. Danculovich died Feb. 20 in Plymouth General Hospital of pneumonia. He was born Jan. 31, 1881 in Yugoslavia. He was a retired worker for General Motors Corp.

Surviving are: his wife, Mrs. Ursula Danculovich; two sons, Joseph and Nicholas Dann; two daughters, Mrs. John Rathsburg and Mrs. Harry Young; 13 grandchildren and 13 great grandchildren.

Mrs. Mary Crackel
 Services for Mrs. Mary Crackel, 41, 15582 Norborne, Redford Township, were conducted Saturday. After which the body was motored to Alton, Ill. for additional services and burial.

Mrs. Crackel died Feb. 20 in Plymouth General Hospital after an illness of more than four years. She was born March 25, 1922 in Toledo, a daughter of Archie and Alice Toppins Waterfield.

Surviving is her husband, Nile Crackel; two sons, Nick and Robert; two daughters, Yvonne and Linda; two brothers, Myron and Charles Waterfield; and one sister, Mrs. James Owens.

Joseph Allen
 Services for Joseph Allen, 14959 Delaware, Redford Township were conducted Feb. 28 in St. Valentine's Church with burial in Arlington National Cemetery in Washington, D.C.

Mr. Allen was a captain in the Korean War and also served in World War II. He was a member of St. Valentine Church and was an engineer for Michigan Bell Telephone Co.

Surviving are: his wife, Mrs. Virginia Allen; a daughter, Mrs. James Conder; and two brothers, R. Vernon and Kelly Allen.

Model Airplane Exposition Set For Roma Hall

The Livonia Rib Crackers Model Airplane Club, sponsored by the Department of Parks and Recreation, will sponsor the annual midwinter model exposition Tuesday, March 10, in the Roma Hall, Schoolcraft west of Inkster Road, from 7 to 10 p.m.

Enthusiasts will have an opportunity to view more than \$5,000 of scale models, radio-control planes, boats and cars.

The exposition, which is free of charge, will include all types of models displayed by area model airplane clubs and hobby shops.

MAKE A MEMO—March 8-14 is National Want Ad Week and the perfect time to gather up articles around home you no longer need and sell 'em for cash with a result-getting Observer Classified Ad.

17th Democratic Women Meet For Rally at YWCA March 13

Adjuvare Club of Plymouth

By DOROTHY FINNEY
(One of a series highlighting a club or organization in the Plymouth Community)

This new club, now in the planning stage, has been named "Adjuvare," which is the Latin word for "Help." Its purpose is to raise funds for equipment at Our Lady of Providence School at 16115 Beck Rd. Its originator is Mrs. Philip Vitale (Angie) of Marlin St. in Arbor Village, who hopes to organize several groups who will play cards once a month at 50 cents per member.

Helping Angie in her organizational efforts are Mrs. James Sexton, who is the wife of the

well-known judge, and Mrs. Agnes Rollins, Agnes, who is active in the Plymouth Senior Citizens, will explain the work of the new club to the senior citizens, many of whom are avid card players.

The first Adjuvare Club will meet next Wednesday, March 11. It has 12 members who will play pinochle once a month. Another established pinochle club has indicated that it would like to join the Adjuvare movement.

Angie would like to start at least six clubs in the Plymouth, Northville and Livonia areas. She is particularly anxious to have clubs going in the suburban developments, such as Lake Pointe Village. Anyone interested in joining a group please call Angie Vitale at GL 3-4157.

minimize her handicap; to care for herself; to get along with and help others; and to advance as far as possible in studies and skills.

The girls are taught to play by taking part in games and activities; to learn to sing and dance; to take part in school theatricals; and perhaps to learn to play an instrument in the school orchestra.

The school recently expanded its facilities to care for 120 girls, and plans to have six residential cottages, each housing 40 girls. I was amused at the beautifully framed sampler, which reads: "God Bless Our Loan." It hangs on the wall in Sister Joanne's office.

(More about the school next week).

MRS. JAMES SEXTON (left), and Mrs. Philip Vitale discuss plans for the Adjuvare Club with Sister Margaret, Mother Superior at Our Lady of Providence School.

Rosary Court Takes In 17 New Members

Seventeen new members were received recently into Rosary Court No. 1902 of the Catholic Daughters of America. Mrs. F. Timothy O'Connor, State Regent was present. Mrs. Anne West, District Deputy, presided over the reception. After the reception held at the Cardinal Hall, the new members were introduced to the guests and the present members.

Among the new members were: Mrs. Ray Carson, Miss Mary E. Coffey, Mrs. Charles Distelrath, Mrs. George Gatecliff, Mrs. George Giza, Miss Ruth C. Jones, Mrs. John Kibler, Mrs. Joseph Kramar, Mrs. Robert Menninger, Mrs. Edward Michaels, Mrs. Terence Mohan, Mrs. Francis Nakagawa, Mrs. John Racey, Mrs. Perry Roache, Mrs. John Sheldon, Mrs. Bonduant Williams, Mrs. Gilbert Zeits.

Guests from Court Detroit No. 1102 were: Mrs. Anne West (District Deputy), Mrs. Edwin Lewis, Mrs. Stanley Carr, Mrs. J. Harris Erkfitz, Mrs. Catherine Groves.

Guests from Our Lady of Victory Court No. 1365, Royal Oak, were: Grand Regent Mary O'Halloran, Charlotte Ball, Frances Dennis, Kay Steyerwall.

Those interested in becoming members of Rosary Court No. 1902 should contact Mrs. Edwin Mueller, KE 5-4577 after 5:00 p.m.

JANET KING

The engagement of Janet King to Anthony Betrilli has been announced by her parents, the J. Dexter Kings, of Montague. Mr. Betrilli is the son of Mrs. Edward Kreski of Livonia, and Mr. Frank Betrilli of Detroit.

Miss King is a graduate of the University of Michigan where she was affiliated with Zeta Tau Alpha. Mr. Betrilli is also a graduate of Michigan where he was affiliated with Phi Delta Theta. He is now attending Wayne State University Medical School.

25th Anniversary For Garden Club

Celebrating their Silver Anniversary March 10 at Hillside Inn members of the Rosedale Garden Branch of the Women's National Farm and Garden Association, Inc. is planning on lunch and reminiscences celebrating their Silver Anniversary, on March 10 at Hillside Inn. Seated (l.-r.): Publicity, Mrs. Paul Grismer; Charter Member, Mrs. Carl Groth. Standing (l.-r.): Mrs. W. Harold Rolan, Chairman of 25th Anniversary Program; Charter Member Mrs. Paul Wiedman, from Plymouth.

Board of Education sent a teacher along with the one the club sponsored. Several of the members have attended the workshop also at Higgins Lake.

One of the club projects is the Civic Improvement Program. On Oct. 26, 1953, the club was responsible for the Flowering Almey Crab Tree as the official tree of Livonia, adopted then by the Council. The trees are presently planted as an attraction along the entrance of Livonia City Hall.

The litter-bag campaign was another club project.

The Christmas Greens Market is the club's biggest fund raising at Michigan State University for 4-H students. They also support the Michigan Division, Iffy, Foreign Student Exchange Program.

Rosedale Garden Branch has provided funds for many years to send Livonia teachers to Higgins Lake to study conservation. Last year Livonia The present president is Mrs. Margaret Longely.

For the last 11 years the club has provided a scholarship fund at Michigan State University for 4-H students. They also support the Michigan Division, Iffy, Foreign Student Exchange Program.

Miss Roberts and Miss Dee, formerly of Kay Dee Hats, are shown with owner Ed Grace.

It is with special pride that we announce our opening. We want to serve you... do visit us soon. We carry a complete line of millinery in a festival of colors and moderate prices. Correlate the entire wedding party here.

Early Preparation For Coming Election Keynote of Meeting

The 17th Congressional District Democratic Women's Committee invites all area women to their "Deep in the Heart of Politics" program of skits and discussions on Friday, March 13th at the Northwest YWCA. It is located at 25920 Grand River near Beech-Daly Road and approximately 1/2 miles west of Grand River-Seven Mile intersection.

Complimentary coffee and dessert will be served at 12:45 p.m. Miss Adelaide Hart, chairman of the Michigan Federation of Democratic Women, will keynote this lively session with "What in the World's Going On?" In an effort to acquaint local women with the various ways they may help during the coming campaign, several brief discussions will center on the Voter Identification Program, the National Legislative Issues Program, Coffee Hours, and Pledge for '64 Project.

Guests will have an opportunity to divide into discussion groups to discover how they may help promote better government by active participation in the party of their choice. Skits will conclude the session at 3 p.m.

Reservations are necessary, but there is NO CHARGE. Your friends and relatives are welcome. Baby sitters will be provided. Please call Mrs. Neubacher at KE 3-2858 or Mrs. Reichel at KE 7-6685, Redford.

area residents may phone Mrs. Comrie 543-8499 or in the evening call Mrs. William Del Campo KE 4-4720. Livonia and Plymouth reservations are being taken by Mrs. C. W. Hales, GA 1-5981 or Lois Jensen GL 3-6458.

Among the may local women serving on committees are Mrs. Joseph Crafton, Mrs. Barry Showler, Mrs. William Carter, of Livonia and Mrs. J. Hughes, Mrs. Agnes Rollins, Mrs. Anthony Frank, and Miss Lois Jensen, of Plymouth. Also Mrs. James Finn, Mrs. James Canham, Mrs. R. Comrie, Mrs. Wm. Del Campo, Mrs. John Reineck, Arnold St of Redford.

CHRISTINE GRACE PAYNE

Mr. and Mrs. Elmer Payne of Redford Township announce the engagement of their daughter, Christine Grace to Robert Frank Koenig, son of Mr. and Mrs. Joseph Koenig of Farmington. A September wedding is being planned.

Man-God, Sermon

The Bible Lesson at Christian Science churches this Sunday will explore the question from Psalms (8:3), "What is man, that thou art mindful of him?"

Golden Text: "God created man in his own image, in the image of God created he him" (Genesis 1:27).

One of the major themes will be these lines from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The understanding of his spiritual individuality makes man more real, more formidable in truth, and enables him to conquer sin, disease, and death" (p. 317).

New Minister Installed At Nativity United Church

The Rev. Theodor F. Stoerker will be installed as the minister of Nativity United Church of Christ on Sunday, March 8, at 7:30 p.m. at the church, Henry Ruff at West Chicago, in Livonia.

Participants in the installation service will include the Rev. Douglas S. Albert, Assistant Pastor of Nativity Church; Dr. Duane N. Vore, Conference Minister, Michigan Conference of the United Church of Christ; Dr. Henry G. Kroehler, Associate Conference Minister, Michigan Conference of the United Church of Christ; Dr. Edward Wilcox, Congregational Association of Detroit; and Earl Ross, President of the Nativity Congregation. The installation sermon will be presented by Dr. Joseph F. King, Librarian, Chicago Theological Seminary. Following the installation service, a reception honoring Rev. Stoerker will be held in the church.

Rev. Stoerker was born in Atchison, Kansas, the son of a minister of the Evangelical Church. His educational background includes attendance at Elmhurst Junior College, University of Chicago with Ph. B. degree, Land Theological Seminary with B.R.E. degree, Chicago Theological Seminary with B.D. degree, and additional graduate work at Cincinnati University and Colgate Rochester Theological Seminary.

Rev. Stoerker was ordained to the Christian ministry in 1937, after which he served in various Congregational Churches in Wyoming, Kansas, Pennsylvania, and Minnesota. He came to Nativity Church from the Plymouth Congregational Church in Whiting, Indiana where he had served as minister since 1953.

Rounding out the Stoerker family are his wife, Joyce, a registered nurse and formerly an instructor of Nursing Arts at Abbott Hospital, Minneapolis, Minnesota, and two daughters, Holly and Joy. The Stoerkers reside in the Nativity parsonage at 30389 West Chicago Road.

REV. THEODOR STOERKER

Six Redford Township residents are among 50 laymen and laywomen to receive CYO (Catholic Youth Organization) plaques in recognition of their outstanding work in various phases of the CYO program in Catholic parishes.

All the members of the honors class were selected by their pastors for their dedicated efforts as unpaid CYO volunteers in scouting, teen and young adult programs, athletics, or special activities.

The six are: Kathryn M. Hayes, William C. Kase, Central Ave., Edward Lolline, Norborne Ave., and John S. Sprys, Glenmore Ave., of Our Lady of Loretto Church, Six Mile; and Alex Danko and Mrs. Christine Danko, Beech Daly Rd., St. Valentine's Church, Beech Daly Rd.

The plaques were presented at the CYO's fifth annual volunteer awards dinner Feb. 23, at the University of Detroit Student Union.

Four Great Groups of Radio & Recording GOSPEL SINGERS Coming to Ford Trans. Local 182 Hall 35603 Plymouth Road March 21 at 7:30 p.m. For Ticket Information Call 453-4294

QUESTION 7, a timely and tension-packed motion picture of conscience under test in East Germany will be seen in a special showing on Sunday, March 8 at 7 p.m. in Lola Park Ev. Lutheran Church, 14750 Kinloch, Redford Township. The incidents depicted in Question 7 are true. They are based on interviews with thousands of refugees who have fled to West Germany and hundreds more still remaining behind in East Germany.

Lola Valley Methodist Circles Plan Month

The Burgess Circle met at the church on Feb. 18. Mrs. Barbara Fraser and Mrs. Barbara Lowrey were the co-hostesses. Mrs. Mary Michael presented the program and Mrs. Nancy Morgan gave the devotions. This Circle meets at 9 a.m. and provides a nursery for the pre-school children.

Mrs. Thelma Thompson was hostess for the Pierce Circle on Feb. 19. Co-hostess for the evening was Mrs. Shirley Thom. Mrs. Thom also presented the program and Mrs. Aldona Petru gave the devotions. Mrs. Margaret Sabon was visiting from the Reseigh Circle. The ladies sewed on cancer pads during their meeting.

Thirteen members were present when the Barget Circle met at the home of Mrs. Lillian Pomeroy. Co-hostess for the meeting was Mrs. Opal Cottrell. Mrs. Katie Payne had charge of the program and the devotions were given by Mrs. Ona Johnson.

The Reseigh Circle met at the home of Mrs. Margaret Sabon with Mrs. Barbara Orchard as co-hostess. Their guest was Mrs. Thelma Thompson who presented a program on India. Mrs. Shirley Howe gave the devotions. This Circle is selling a large variety of Easter candy as their fund-raising project.

'Women' Is Sermon Topic for Unitarians

The Rev. Elizabeth Etz, chaplain at the Wayne County home and training school at Northville, will speak on "The Woman's Touch" at 11 a.m. Sunday, March 8, at the Universalist-Unitarian Church of Farmington.

Her talk will cover women's rolls in the liberal religious movement. She is a lifelong Universalist and a long-standing member of the local church. Miss Etz also has served on several state and national Universalist boards and committees.

The church's service time is being changed from its usual 10 a.m. hour for one Sunday only. The regular two discussion groups, one dealing with ethical considerations and the other with education, will be held at 10 a.m. instead of 11.

Regular church school classes will be in session from 10 a.m. to noon.

Burns in the eye, whether caused by flame or chemicals, should be flooded with water immediately for approximately 15 minutes. Eye burns should be examined by a physician as soon as possible.

Pastor To Preach First Sermon At Redford Baptist

Rev. H. Wayne Fink begins his service with the Redford Baptist Church as assistant pastor Sunday, March 8. His message is entitled "The Sifting of Men."

"Holidays In Israel" Film By Sisterhood

Members and friends of the Sisterhood of Temple Beth Am are invited to attend the Sisterhood meeting on Monday, March 9, at 8:40 a.m., at the Cohen Building, 31840 W. Seven Mile Rd. at Osmus.

The program will feature a timely film titled "Holidays in Israel." Following the film Mrs. Lincoln Sack will give a talk on the selection and preparation of special foods for the Passover Holiday.

The Gift Shop, which is open at all meetings, will have a complete line of all Passover needs. For shopping convenience, these articles will be available at the Coolidge School after Sunday School on March 8, 15, and 22.

Refreshments will be served following the meeting.

According to an announcement by the pastor, Dr. Gordon H. Schroeder, the new assistant was formerly pastor of the First Baptist Church, Sterling, Kansas. He is a graduate of Ottawa University, Ottawa, Kansas, and Eastern Baptist Seminary of Philadelphia.

Mr. Fink became acquainted with the Schroeders while he served with the U.S. Air Force stationed at Lincoln, Nebraska.

It was while he served in this capacity that he felt the call into the ministry.

Mr. Fink is an ardent sports fan, both as a participant and a spectator. He will be giving leadership in the area of sports and other youth activities.

Mrs. Fink was formerly a public high school English teacher. They have one daughter, Janetta Kay. They will be residing at 18946 Oakfield.

"What constitutes the bulwark of our own liberty and independence? It is not our frowning battlements, our bristling sea coasts, our army and our navy . . . Our defence is in the spirit which prized liberty as the heritage of all men, in all lands everywhere."

"Every man, woman, and child lives under a nuclear sword of Damocles, hanging by the slenderest of threads, capable of being cut at any moment by accident or by miscalculation or by madness. The weapons of war must be abolished before they abolish us."

The next time madness strikes, couldn't it be The Bomb instead of the bullet?

Is there any doubt in your mind that Hitler would have destroyed the world as he went down—if he'd had a chance to do so?

What about future Hitlers?

The minor-league madman must content himself with bullets and presidents. But the blind hate that could kill a Lincoln or a Kennedy would find it no problem at all to push the button that could explode the earth.

The trick is to have no buttons around ready to be pushed.

How, then, to eliminate both the buttons and the bomb?

The United States, the United Nations, and the Soviet Union all agree that the world cannot tolerate a continuing nuclear arms race. They agree with John F. Kennedy's words: *"The weapons of war must be abolished before they abolish us."*

But your understanding and your support are necessary. Speaking to the nation on January 21, President Johnson said: *"Disarmament is not merely the Government's business. It is your business. It is everyone's business. It is the concern, or should be, of every parent and teacher, every public servant, and every private citizen."*

You will not get a secure world by wishing for it. You must work for it.

We urge you to work with us toward inspected, worldwide disarmament and a strengthened United Nations.

You can write to us to learn about SANE and how you can play a part in our program. You can join SANE. And you can send a contribution to help place this advertisement in other newspapers. SANE, National Committee for a Sane Nuclear Policy, 17 East 45th Street, New York, New York, 10017

Sane

SANE was founded in 1957 and advocates safeguarded disarmament of all nations, a strengthened U.N. capable of keeping peace, steps to reduce the danger of war and lessen tensions; and preparations by industry, labor, and government to ease the economic consequences of arms cutbacks. Honorary Spponsors: Max Born, Germany; Lord Boyd-Orr, U. K.; Martin Buber, Israel; Pablo Casals, Puerto Rico; Brock Chisholm, Canada; Canon L. John Collins, U. Wayne Dunlap Heads Five Additions to Schoolcraft Staff

Five area teachers and instructors, who either reside in the college district or are employed by one of the school boards within the five-community district, have accepted contracts to join the faculty of Schoolcraft College.

The community college, which includes Plymouth, Livonia, Clarenceville, Garden City and Northville, is scheduled to open doors on its brand new campus at the intersection of Haggerty and W. Seven Mile Roads in Livonia next September.

Dr. Eric Bradner, College president and chairman of the faculty selection committee, announced the addition of Wayne Dunlap, longtime head of the Music Department of the Plymouth Community Schools, and Gerald Welch, of Northville; Robert Schwartz, of Livonia; and Anthony Rizzo, of Garden City, to the faculty.

Dr. Bradner indicated the College now has 33 of its proposed staff of 42 under contract or studying contracts and hopes to be able to announce the complete faculty within another three weeks to a month.

Biggest surprise to Plymouth residents was the decision of Dunlap, who lives at 760 Burroughs with his wife Lenora and three children, David, 14; Mary Beth, 12; and Bruce, 5, to join the college faculty.

Dunlap plans on retaining his position as conductor of the Plymouth Symphony, a post he has held since 1951, and will continue to live in the community.

A perfectionist in all of his work, Dunlap, when contacted by the Observer, said he felt the college job gave him an opportunity to work with musicians in five communities rather than one and that the challenge was too much for him to pass.

He is expected to head the music department at the College and in the meantime will continue his Plymouth Symphony and other programs in the community.

Dunlap has been Director of Music for the school system since 1961. Prior to that he was conductor of the University Orchestra and Director of the Opera Workshop at the University of Michigan.

He has a lengthy and illustrious background in music, dating back to 1942 when he was graduated from the Eastman School of Music.

Over the years, Dunlap has served as permanent conductor of the Grosse Pointe, West Shore, Saginaw and South Oakland Symphonic orchestras.

He has been conductor of the Severo Ballet, German-American Cultural Society, Detroit Women's Symphony, Grand Rapids Symphony, Musikalische Jugend Symphony in Vienna, Austria and was a Fulbright Award winner for study in Vienna in 1954-55.

Jones, 760 Spring Drive, Northville, joins the college

as a Professor of Chemistry. He is currently associated with the Chemistry Department at Highland Park Community College. A graduate of Ohio State University, Jones

has had additional work at Wayne State, Michigan State, Montana State and Oregon State Universities. Schwartz, 15569 Park Lane, Livonia, currently is a drafting

teacher at Bentley High. Professor Schwartz is a graduate of Wayne State, received a Master's degree from the University of Michigan and has had considerable experience in the

field of machine trades and related subjects. Welch, 197 Amelia, Plymouth, is a member of the Plymouth High faculty. He holds an Associate of Arts degree from

Henry Ford Community College, a Bachelor's degree from Eastern Michigan University and a Masters degree in History from the University of Denver. He is considered one of the most

promising young teachers to join the Plymouth school systems in several years. Rizzo, 2809 James, Garden City, joins the college faculty as professor of Geography. He

currently is with the Wayne Community School district. Rizzo holds Bachelor and Master's degrees from Wayne State and has done additional study at the University of Michigan.

New Math Course Set in Livonia

A new modern mathematics class for parents, given under the auspices of the Adult Education department of Livonia Public Schools, "is gaining in popularity," John W. Anderson, Adult Education Director, reported this week.

"This course offers parents an opportunity to return to school for updating themselves in mathematics," he said. "This class is being offered in Livonia, in the belief that a sufficient number of parents are concerned when 'Johnny' and 'Mary' come home with a new mathematical vocabulary. The terms such as 'sets,' 'other bases,' 'intersection and/or union,' with many others of equally disquieting newness, are causing mother and dad to reach for the panic button," he said.

"Parents can rest assured that things are really not that bad. Most things new, when finally faced, and terminology understood, tend to lose their fear-producing qualities. A small investment in time brings one back to a comprehension of those things which have been taken for granted for so many years," he said.

Parents interested in taking this Modern Math course, sponsored by the Livonia Public Schools, may register March 17 through March 20, 7:30 to 9 p.m. at Bentley High School. The first class will meet at Emerson Junior High School on Thursday, March 26.

Socially Speaking

In and Around Plymouth Town

By DOROTHY FINNEY GL 3-6160

Mr. and Mrs. Richard Root of Berkeley, California are the parents of an 8-lb., 2-oz. son born February 21. The baby has been named Bryan Thomas. The Roots also have a 4-year-old daughter, Jennifer. Grandparents are Mr. Edward Eichstedt of Detroit and Mr. and Mrs. Charles Root of Plymouth.

Congratulations also to Mr. and Mrs. Olin Rikard of Powell Rd. on the birth of a daughter last Tuesday, in St. Joseph Mercy Hospital in Ann Arbor. The young lady's picture already adorns the desk in the front of the D. D. Hair Fashion salon on Main St. which her mother Dimple and her aunt, Dottie Conn, operate. The baby has been named Stacy Lynn. She has a sister, Tam.

SYMPHONY LEAGUE THEATRE PARTY

Judging from the laughter and the applause at the Fisher Theatre last Friday evening, the Symphony League Theatre Party was a huge success and a sell-out. By the middle of the week, the Fisher boxoffice reported having only a few single seats available for the Friday night performance of "Never Too Late," which stars William Bendix and Nancy Carroll.

Mrs. Gordon Eadie, of Livonia, who called the Observer office for ticket information, was delighted to learn that I was still holding several tickets for the Jim VanGiesons who were vacationing in Nassau.

She picked up four tickets within an hour. She and Dr. Eadie have a 16-year-old son who plays in the Plymouth Symphony Orchestra and they were happy to help the Symphony through the theatre party.

I went to the Fisher planning to take pictures of any Plymouthites I spotted. Just as we were leaving the parking lot for the theatre, I caught sight of Bob and Sally Pugh with a party of friends.

I called to Sally to turn around, snapped my new Polaroid and entered the theatre where in 10 seconds I saw my masterpiece. The focusing was perfect, the hair-dos of the five girls were beautiful—but there were no faces! Seems they were standing directly under a powerful overhead light which completely washed out their features (I guess).

Numerous get-togethers were held before and after the theatre party. Guests of Dr. and Mrs. John Pulker, of Evergreen St., were three resident doctors from the Garden City-Ridgewood Hospitals and their wives. They enjoyed dinner at Topinka's after the show. Inez is chairman of the Symphony League group which sponsored this year's theatre party.

With the James Jabaras, of Irvin St., were Mr. and Mrs. Thomas Powell and Mr. and Mrs. Roger Stanley. They came back to Lofy's following the play.

Our group had dinner before the show at the Round Table Club in the Mayflower.

THE BOARD of the Plymouth Nursery School held their

regular business meeting on Monday, Feb. 24 at the home of Mrs. Hilding Olson of Bruce St. Mrs. Olson, who is president of the nursery school, also was hostess at a luncheon in her home last Friday for the board members and teachers of the school.

Miss Carole Nitz and Barry Weaver, both students at Bowling Green State University in Bowling Green, O., spent the weekend with Carole's mother, Mrs. John Nitz of Marlin St. Carole is a junior and is affiliated with Delta Gamma Sorority. Barry, who hails from Dayton, will graduate this June.

The Plymouth Birthday Ladies entertained approximately 60 patients in the N Bldg. at the Northville State Hospital on Tuesday, Feb. 25. The February Birthday Party featured a Valentine theme. The program included a musical romance, with the patients guessing the titles of the songs played by Mrs. Audrey Borregard.

Prizes were awarded to the first person guessing the correct title of each of the 25 songs in the romance. Six door prizes were given and each patient with a birthday in February received a gift.

Circus Coming To Plymouth On May 9

The 25th edition of the Mills Bros. three ring circus is coming to Plymouth on May 9, it was announced today by Joe Bida, president of the Plymouth Community Junior Baseball League.

"Our organization is bringing the world's largest motorized circus here to enable the children of our community to enjoy a traditionally wholesome form of unique American entertainment," Bida said. "Profits derived from sponsoring the circus will go towards our baseball fund."

"Our fund will benefit the greatest from the sale of advance tickets by our members. We receive up to 50 per cent of the proceeds from these tickets. In addition, patrons purchasing tickets in advance of circus day will save up to 40 cents on each ticket. We are certain that the people of Plymouth will back us 100 per cent in our organization's project," he added.

Hailed as bigger and better than ever, the 1964 edition will again feature scores of imported and domestic circus acts, the traditional pageant spectacles, liberty horses, trapeze chimpanzees, llamas, camels and animaland fantasies climaxed by the world renowned Mills Bros. elephant ballet.

One out of every eight blind Americans is a victim of glaucoma, a disease involving increased pressure within the eye.

School Board Defends B & S Financing

(Continued from Page 1) "It is a more flexible plan than bonding," he said. "Bond issues earmark the funds for a particular project whereas the Board can use the B&S for any type of expansion that is needed during the five years."

"During the current B&S millage, which expires with the collection of taxes next December, the Board was able to expand facilities in elementary schools beyond the original plans because of the savings in interest."

Fischer pointed out that contrary to rumors the school district isn't short of space in the overall picture at this time. "The truth of the matter is that we have space for approximately 250 more students than are enrolled," he

added, "Most of this is in the Junior High East (64) and the Senior High (194) but the fact remains that we do have unused space as of this moment."

grade classes attending Junior High West to ease conditions in the elementary buildings. "From the very moment we started planning for the Junior High West, it was the stated intention of the Board to use many of the rooms there and in

Junior High East for sixth graders," he said.

"The only change in the original plans came when we decided to make West a sixth and seventh grade setup with the eighth and ninth graders at East. There was never any secret of this planning, it was never kept from the public, we said then and say now, we always planned on using the junior high facilities for sixth graders."

"We felt it was better to use the space at the two buildings than have as many as 16 or 18 rooms vacant waiting for growth to catch up with the facilities."

Fischer told of the Board's plans for the immediate future in adding facilities. "We are nearing completion of Phase 2 at Junior High West which will provide 450 additional spaces. The Board is going ahead with expansion at two elementary schools and the senior high school as rapidly as possible," he emphasized.

"These additions to Farrand and Allen Schools and the Senior High will provide 480 spaces—300 in the elementary schools and 180 at the high school. All of these added together, along with the space now available, will add 1,100 to our facilities. We feel that will take care of the situation for quite a while into the future."

Supt. Russell Isbister reported the Board and administration had studied the Gallimore situation carefully and felt the overcrowded condition could be relieved by transfer of students to other schools.

"All can be absorbed without difficulty," Isbister explained. "This will enable the Board to go forward with the other expansions as rapidly as possible. Some of the improvements will be ready for use next February and the remainder by the fall of 1965. But all will be completed within the next year and a half."

Fischer was quick to admit that the Board recognizes it has a problem in operating finances that can be solved only by a boost in the state aid or by additional millage.

"It is true that the voters added a half-mill to our operating millage in November," he continued. "But as we indicated then, this additional only allows the Board to operate on the present basis, taking care of annual increments and the such."

"We will study the needs for the next two months in face of some kind of state aid from the actions of the legislature. At that time, if we find the resources aren't enough for adequate financing, then we may consider going to the electors in June."

"However, I reiterate, this Board isn't taking any steps for another two months. We'll wait and see what the legislature does with the hopes that it boosts aid considerably."

"At this moment, we are satisfied with the Building and Site fund. We know that it has been successful, that it is meeting our needs and that it has saved money for the tax payers."

"Furthermore, we know that if the time comes when we have to go to bonding, this school system will have the highest of financial ratings due to this type of financing. We have tried to eliminate bonding and its dangerous overlapping of issues with a greater cost to the voters. Up to now we have succeeded and hope to be able to continue in the future."

Plymouth OES Plans Fish Fry

Plymouth Chapter, O.E.S. No. 115, will hold a "Fish Fry" on March 14 at the Masonic Temple from 5 p.m. to 8 p.m. Tickets are available from Chairman Margaret Bunea, GL 3-4069, or O.E.S. officers.

A special meeting on March 17 will be a dinner and reception in honor of Mrs. Gladys Colgan, Grand Representative of California in Michigan. Dinner will be at 6:30 p.m. and reservations may be made by calling GA 1-3682.

James Garber Fills Civil Service Post

James Garber, 42269 Hammill Lane, has been appointed to fill the vacancy on the Plymouth Township Civil Service Commission following the unexpected resignation of John Ort a week ago.

Garber, long active in the Plymouth Junior Chamber of Commerce of which he is a past president and "Man of the Year" in 1961, is the son of Township Trustee Ralph Garber.

Ort's letter of resignation was received by Secretary Gene Overholt last Wednesday and was accepted with regrets. He had been a member since the Commission was first organized in 1959 after voters approved Civil Service for members of the Fire Department.

Under the Commission rules, the two remaining members are empowered to fill a vacancy, provided it is the at-large choice. The Commission is set up with one appointment by the Supervisor, one by the Fire Department and the third by the two appointed members.

Garber accepted the two-year appointment via telephone and will be sworn in prior to the next regular meeting of the Commission.

EMU Plans Meeting

A survey meeting to determine off-campus course needs for the Plymouth area will be held in Plymouth on Thurs., March 10 by the Field Service division of Eastern Michigan University.

Persons interested in requesting courses to be offered at the Plymouth center during the fall semester of 1964 are requested to attend the meeting. Counselors will be on hand from 4:30 to 7:15 p.m. to handle requests.

Plymouth Kiwanians Get Oil Well Story

"Oil and Gas Business" was the topic of Ralph Dodds as guest speaker at the Plymouth Kiwanis Club meeting last Tuesday.

Dodds has been working in the Plymouth area for the past six months acquiring gas and oil leases for Peake Petroleum, a subsidiary of the Chesapeake & Ohio Railroad, having its home office in Charleston, W. Va.

Peake Petroleum has drilled 10 wells in the Plymouth area since 1958, seven of which were producing wells, two were dry holes and one shut-in gas well. The first well drilled in the area 10 years ago was the Le-Master Well, at Napier and Seven Mile Rd., now producing 5,000 barrels of oil a day.

The field in the Northville-Plymouth area extends from Curry and Eight Mile Roads in an East-Southeast trend to the north side of Plymouth at a width of 1/4 to 3/4 of a mile.

Only one well of an average depth of 4,000 to 5,000 ft. can

Township Told Cost of Police

(Continued from Page 1)

Peter Bruback and Inspector Dan Martin, estimated the cost of a single car, operating on the same basis as the present patrol, would cost the Township \$50,261 for extra police protection.

However, should the Township decide to take over the police services, then it would need two such cars with central headquarters, a radio transmission center and garage facilities. None of this is available at the present time and all would have to start from scratch.

The report shows the extra services would require one car, seven patrolmen and numerous other pieces of equipment to operate on a seven-day, 24-hour per day basis. This is in addition to the present Road Patrol services.

Salaries for the seven officers were estimated at \$43,456 and the other expenses of maintenance, uniforms, guns and incidentals would hike the cost to an estimated annual total of \$50,261.

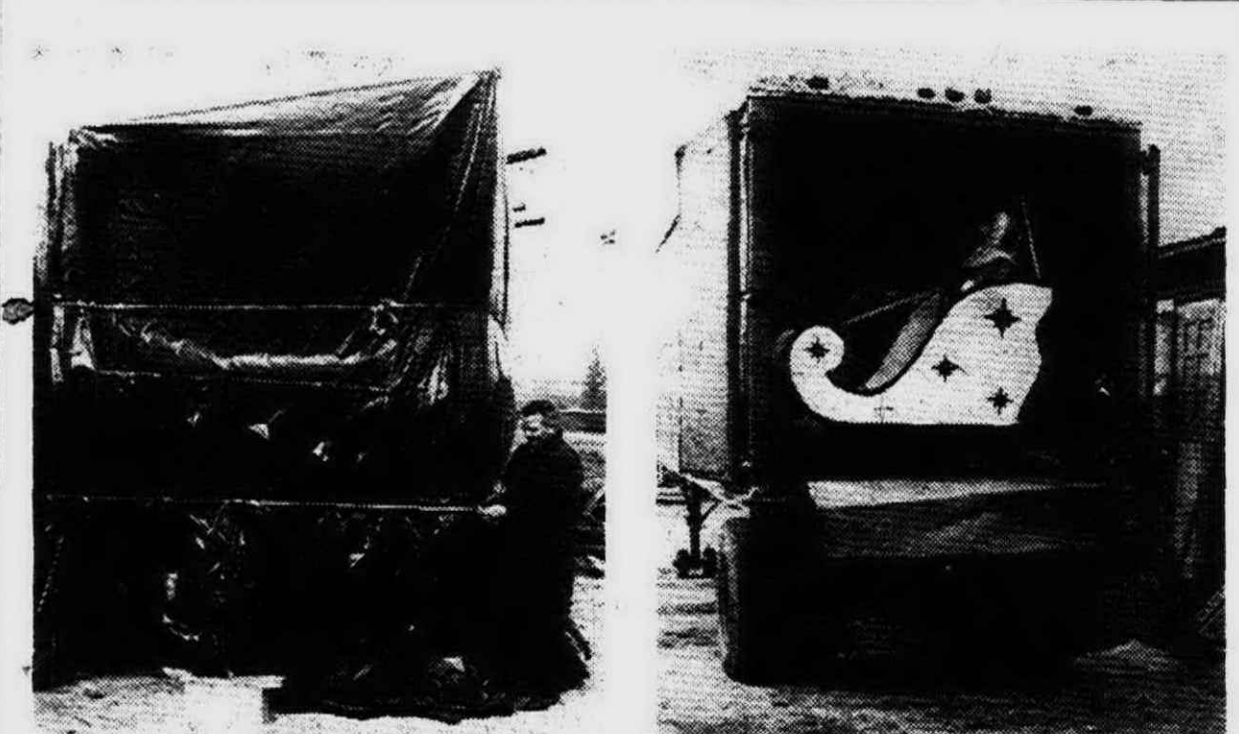

The report indicates the Sheriff's Department handled 1,763 cases in Plymouth Township in 1963. The list included 232 accidents, four fatalities, 146 injuries, 140 property damage accidents and 88 crashes involving injuries.

Other services offered by the Road Patrol includes: identification bureau, detective bureau, racket squad, radio service, record room, traffic division and full police coverage when needed.

With the tremendous building boom and an expected population increase, the Township is thinking of police and fire protection.

But as Supervisor Lindsay told the trustees after receipt of the communication from the Board of Supervisors "this kind of service is expensive as our study will show. This is something that will have to go to the voters for approval because it definitely will result in a need for additional millage."

Meanwhile, the study committee continues its work and hopes to have recommendations for the trustees in the not too distant future.

MOVING DAY isn't far away for Plymouth's Department of Public Works and other city departments with the new City Hall slated for occupancy by early August. Already arrangements have been made to take care of the Christmas decorations and the portable bandstand. DPW Supt. Joseph Bida (left)

tightens the ropes holding down the plastic cover over the bandstand now parked in the DPW yards. The Christmas decorations (right) are stored in a van at the same site. It was purchased especially for storage when workmen razed the garage in the rear of the old City Hall two weeks ago.

Rezoning Ordinance Legion Hosts City, Township

(Continued from Page 1) Approved a 31-day extension of sick leave for Police Officer Calvin Brown who has been hospitalized with a chronic back ailment. Brown has been a member of the department for 11 years and Director of Public Safety Kenneth Fisher recommended the additional 31 days sick leave.

Referred a suggested street lighting plan for the new City Hall from Detroit Edison to the Municipal Building Authority, architect and the City Manager.

Heard a recommendation from DPW Supt. Bida to spray all trees on city property this spring and then await findings of a survey to determine future programs.

Plymouth Senior Citizens

BY AGNES ROLLINS GL 3-1761

Ten local businessmen were guests of the Plymouth Senior Citizens when 102 members turned out for a pot-luck dinner Thursday at the Masonic Temple.

The group spent the afternoon playing buncos and cards. Mr. and Mrs. Sam Wilhelm were named host and hostess for March. Mrs. Louise Gillis was appointed chairman of the refreshment committee for March, assisted by Mrs. Eva Farquhar, Mrs. Mary Hughes, Mrs. Emma Ldzick, Mrs. Anna Dely and Mrs. Marie Gustafson.

The next regular business meeting will be Thursday, March 5 at 1 p.m.

Guenther Head Of Credit Union

Harold Guenther, former Plymouth mayor, past president of the Rotary Club, chairman of the Municipal Building Authority and leader of many Plymouth civic activities, is the new president of the Plymouth Community Credit Union.

Guenther was elected by the Board of Directors following last week's annual meeting at which President Dr. A. E. VanOrnum and Treasurer-Manager George Lawton reported tremendous gains in membership, savings and dividends for 1963.

Four Directors were re-elected at the meeting of the membership including: Margaret Dunning, Kenneth Way, Philip Johnson and Donald Sutherland.

Then the Directors named Guenther president; Miss Dunning, vice president; Johnson, secretary; and reappointed Lawton as Manager-Treasurer.

The annual report showed the Credit Union gained more than 700 members in 1963 for a total of 2,998, an increase of 16 percent. Assets climbed \$106,340 to a total of \$1,616,653 with savings up more than \$250,000 to \$1,336,776 and loans jumped more than \$120,000.

Lawton reported the Credit Union has saved the community \$36,000 in interest over types of loans; has a payroll of \$36,000; paid \$4,000 in taxes to state and federal governments; has purchased \$30,000 in goods and services locally; paid \$45,000 in dividends; and has insured members for more than \$2 million at no direct cost.

It has supported economic development through time and loans; completely supported the Plymouth Community Band; provided facilities for the highly successful Youth Employment Service; and provided meeting space for more than 5,000 local residents in 1963.

Plans Open House

The Burroughs Credit Union will hold an open house in its new headquarters, Haggerty at Plymouth Road, on Sunday, March 15 from 2 to 6 p.m.

4 REASONS WHY THESE RIB ROASTS GIVE YOU REAL **eat** IN THE **meat**

1. All Short Ribs Removed
2. Easier Carving—No Feather Bones
3. Wasteful Chine Bone Cut Away
4. "Super-Right" Quality Beef

The EAT in the MEAT that your family will enjoy starts way back with the selection of this quality beef to exacting "Super-Right" specifications. The nation's top packers know how fussy our buyers are—and our buyers select fully matured beef. This same care is taken through every step of processing right up to the moment you buy. Result? A beef roast we're proud to sell—and you'll be proud to serve. The EAT in the MEAT is guaranteed by A&P—either you're completely satisfied or your money back. And this applies to all "Super-Right" meats—pork, veal, lamb and poultry, as well as beef. Try A&P for meat—let your family enjoy real EAT in the MEAT—you'll enjoy the value, too.

LEADS CHAIN IN PROFIT FIGURES

Ward's Livonia Store Draws National Notice

(Editor's Note: One of the most talked-about retail department stores in the whole United States is the Ward's store at Wonderland Center in Livonia. It regularly leads the whole Ward chain in net profit on sales, among other things. Since the outset the manager has been James McCoy, who lives on Southampton in Livonia. The following story comes from Ward's nationally-circulated "Forward" magazine.)

A department merchandise manager returns from a visit to the Livonia, Mich., retail store and exclaims, "The highest morale I've ever encountered in a store visit."

A buyer comments following a tour of his Livonia department, "I wish every store would handle my line with as much enthusiasm."

A member of the training department staff reports, "They're doing everything we ask with a special flair."

You visit the west coast and you're asked, "What's going on at Livonia?"

In Texas, you hear, "How does Livonia do it?"

Doubting Thomases declare, "It can't be that good, there's something wrong."

At Livonia, employees say it can be and is that good.

Statistics also prove that what they say is true.

TOP PROFIT-MAKER

In 1963, Livonia became the Company's top profit-maker. No division reported less than a 13 percent sales increase. Since the first full year of operation in 1960, annual sales have increased 32 per cent. . . . In 1963, the soft lines division became a Company pacesetter. . . . The store's fashion sales are unsurpassed.

But it takes more than sales and profit statistics to tell the Livonia story:

—There is a distinct Livonia spirit which is immediately apparent when talking with management, selling and non-selling personnel. A department increase is a personal achievement. Sales goals are individual challenges.

—There is a definite team attitude and two-way communications are routine with suggestions readily offered, earnestly listened to and frequently adopted.

One feels these things at Livonia.

A SPECIAL SPIRIT

The old timers — and most employes remember grand opening day—realize they have something special and worth perpetuating.

Operating Manager Bill Wupper says it stems from a philosophy set by Manager Jim McCoy at an all-store meeting just prior to the opening.

"We must remember," said McCoy, "that Livonia won't become the greatest store in the Company by standing still."

That set the pace. By the time the store was six months old most departments were guaranteeing over-budget performance and a group of 650 spirited employes had launched such activities as—

- A Credit Union which now has 900 members from all Detroit district stores.
• The "WOW" (Wards of Wonderland) newspapers.
• "WOW" Club, comprised of department and assistant department managers who plan annual family picnics, special parties and coordinate a year-around recreational program.
• The "WOW Health & Welfare Fund," which gives financial assistance to employes in cases of emergency.
• The Grantee Club (grandmothers) which has a continuing program for helping elderly women at the state hospital and nursing home.
• The "Under 25 Club" for young men interested in attending special retailing and management seminars.
• A daily News Bulletin placed in the snack bar and employe's lunch room.
• A Sales Leadership recognition program which includes a monthly breakfast to honor top sales producers.
• Daily recognition of birthdays with celebrants invited to have cake and coffee with the staff.

Last fall, a new management development program was started. Under store sponsorship, six department managers are attending night school at Wayne State University.

There is also a strong emphasis on community service. Scores of employes are participating in civic affairs. Each year, employes choose the "citizen of the year" for a special award.

SPONTANEOUS EFFORT

With so many things going on one might expect to find an exhausted staff.

"Not at all," says McCoy. "The great majority of these activities were originated by and are being carried out by employes. When a person comes to my office with an idea, I ask one key question—will it help

the store? It's as simple as that."

Personnel Manager Edwina King, who joined the Company in 1953 at the Grand River store, bears this out. She says, "Most of the activities have been spontaneous."

She also affirms that the whole human relations package has been a boon to her activity.

"I don't think that the impression the personnel department was synonymous with discipline. Today, I don't think this is the attitude in any of the Detroit district stores. We're a service department and are here to help. Why, we even assist employes in preparing income tax forms."

A-lines merchandiser Stan Hart says there is a positive relationship between the Livonia spirit and sales and profit performance.

"We are convinced," he says, "that the spirit supports the effort to boost sales and profits. It certainly promotes courtesy."

"Hart adds, "It also encourages people to do their best. For instance, every staff member and every department manager has been given the authority to make decisions and carry out ideas. But what is just as important, we aren't held back by the fear of making a mistake. You might say that Mr. McCoy has given us the ultimate in responsibility—that is to use our imagination and to think. This is an important ingredient in the Livonia spirit—people are thinking and they are doing."

By the very nature of their jobs, controllers are usually on the conservative side. We asked Controller Alex Ball if he thinks Livonia is really very different from any other store operation?

He didn't hesitate to answer. "Indeed, yes," he said. "There is an unusual pride and a sense of prestige involved in working here; there is a congenial and friendly atmosphere."

"I think the reason for this is that we all know one another and this has been brought about by the many activities which have been developed. Everyone participates. Our contests include non-selling people — everyone is a part of this operation and everyone receives credit for our successes."

We asked for one practical key. Again, his answer came immediately.

"Jim McCoy enjoys people—he is a master at the art of leadership."

Operating Manager Bill Wupper said, "We're doing the same things other stores do, but our people give it something extra. Perhaps the difference is that we are more determined to do a good job because of the feeling we would be letting so many people down if we didn't. But one thing is certain, there is no one in this store who doesn't know exactly what he is supposed to do and everyone has the authority to carry out his assigned tasks. This leaves the staff to concentrate on the big problems."

MANAGERS SPEAK OUT

We talked with a group of department managers. Here is a sampling of their comments.

D. M. Wallis, boys' wear—"Of course, you can't ignore the promotions and the merchandise. Since opening day they have been principal factors. But I think most of us will agree that the atmosphere here is conducive to success. We're a big happy family and we're having fun. You can't help but look forward to coming to work in the morning when you're greeted by a hearty good morning from Jim McCoy. This is the right way to start a day. And, you know, he's usually at the door when you leave and often he'll tell you exactly how you did."

Irene Ganski, fashion accessories—"We're all informed—we know what's going on and what's expected and we're all convinced the sky is the limit."

Howard Coley, men's furnishings—"One of the big things is the pride of being with a winner. You work to get on top and then you work to stay there. And, of course, there is no doubt that the varied activities—including the intra-store contests—are important. I guess we all have the feeling that the staff knows we're here."

Harry Cripps, housewares—"You've got to do well in a store where you like to work. I suppose people don't give this much thought, but it's true. Here, it's like running your own business."

Max Johnson, shoe department—"For 21 years I've been selling shoes for Wards and I can tell you this store beats everything. This doesn't mean the other district stores aren't great, too, but I don't think they can match our spirit. At first I decided I had never worked with such friendly people. Now, I've got to add I have never had more friendly customers. I'm convinced there is a definite relationship."

Sil Salvador, building materials—"I feel as though I'm

running a store within a store. In fact, just this morning Mr. McCoy dropped by and asked how my business was doing. He gives us the responsibility and he holds us to it."

District Protection Manager Neville Netherton is a frequent visitor at all nine Detroit district stores. We asked him what he thinks of Livonia?

"I don't have a favorite store and Livonia doesn't have a corner on super people, but they do have something that is rare — comradeship."

Shopping Center Barber Shop Now Run By Guidara

William Guidara, a well-known barber in the Dearborn area for years, now controls the scissors and the shop at Livonia Shopping Center, across from Dinner Bell restaurant, at Five Mile and Farmington.

Guidara has acquired ownership of the brand new shop which sits in a separate building in the Center, just off the Farmington road entrance.

Cotenant is Hair Fashions by Beverly, a ladies' salon operated by Beverly and Marie Zurowski.

Hours are 8 a.m. to 6 p.m., six days a week.

MANAGEMENT STAFF OF THE MONTGOMERY WARD'S STORE IN Livonia which is the subject of a flattering special article in "Forward," national magazine which goes to Ward's stores. Manager James McCoy is at the head of the table. Reading clockwise from left foreground are Larry A. Burr, B-D lines

merchandise manager; Bill Wupper, operating manager; McCoy; Alex Ball, controller; Tony Gerrish, C-lines merchandise manager; Harold Wilhelm, customer services manager; Stan Hart, A-lines merchandise manager, and Mrs. Edwina King, personnel manager.

Plymouth Agency Fills 432 Jobs

Plymouth's Youth Employment Service has added more than a half-million dollars to the community economy in the eight months it has been in operation.

That was the report of Director John "Mike" Hoben to the Y.M.C.A. executive board. The 'Y', which is sponsoring the Bureau, opened the office in the Credit Union building last July 5.

Income to workers, filling

jobs through the service, have averaged more than \$14,000 per week.

During the eight months, Hoben has enrolled 693 young adults from the Plymouth Community. Of these, the Job Bureau has had a total of 553 jobs, 473 job stations and has provided employment for 432.

Hoben reports 1,100 interviews and is proud of the fact that the agency has found 263 permanent positions.

At the moment he is preparing his lists for summer employment for positions of all classifications. High school and college students have been sending in availability forms and Hoben has sent letters to all plants in the suburban area, informing personnel directors that he will have and does have a long list of persons available for full-time and part-time employment.

Heavy School Thinking In Natural Setting

Nearly 30 Livonia teachers met two days for a staff seminar at Haven Hall Conference Center near Milford.

Organized on a voluntary basis by teachers at Bryant Junior High School (18000 Meridian Rd.) the conference was addressed by Dr. Rollie Faunce, Professor of Education at Wayne State University; Benton Yates, Livonia Public Schools Superintendent; and Dr. Harold Wells, Principal of McKinley Elementary School.

Small group discussions and a film showing were added features of the conference, which began at 4:30 p.m. on a Friday and continued to Saturday afternoon.

The discussion groups tackled such topics as: "The Potential Dropout;" "Self-Image;" "The Rejected Student;" "Guidance in the Classroom;" and "Involving Students in Student Activities." The conference idea was conceived last fall after several of us became increasingly concerned about uninvolved youngsters. Bryant staff members said, "Our concerns included chronic behavior problems and potential dropouts as well." A

voluntary committee was organized by teachers Jackie Callanan, James Cooper, Katie Deutch, Robert Launddoche, Donald Kohn, Robert McGee, William Maleske, Bill Pate, and Bryant Assistant Principal Vern Oxender. A total of 27 teachers, joined by Principal Kenneth Cogswell and Assistant Principal Oxender, attended the sessions.

Other guests included Dr. Paul Johnson, Assistant Superintendent in Charge of Instruction for Livonia Schools; Dr. Leslee Bishop, Coordinator of Secondary Education; and James L. Casebere, Principal of Riley Junior High School.

Livonian Is Pledged To Alma Fraternity

ALMA — Donald Tobias, son of Mr. and Mrs. Donald Tobias, 9317 Montana, Livonia, is a new pledge of the Alma College chapter of Tau Kappa Epsilon Fraternity.

Abraham Lincoln paid 37½ cents for his first pair of eyeglasses which he bought in 1856.

Rocks Pull Upset-But Bentley Reigns

The press notices didn't mean much to Plymouth High School's basketball team.

All the comments about how good Bentley High's cagers were . . . and also the fact that Bentley had already clinched at least a share of the Suburban Six League title . . . didn't phase the Rocks, coached by Charles Ketterer.

The Rocks had to show their fans and Bentley a thing or two, basketball speaking. And Plymouth did.

By the score of 59-50 the Rocks knocked off Bentley in the Plymouth gym last Friday evening.

But Bentley also emerged a winner—the outright league

champs for the second straight year and the seventh time in recent years.

Bentley had to be thankful that Trenton upset Allen Park, 63-59. Thus the Bentley record of seven wins in 10 conference contests topped the pack while Redford Union shared second with Allen Park at 6-4. Plymouth closed with a 5-5 loop mark and a warning that the Rocks could surprise in this week's state district tourney at Franklin.

There were no alibis from Coach George Fefles who now has turned out league titlists in both his years as Bentley's head commander.

"We were getting the shots against their zone defense, but we couldn't get them in," declared Fefles. "When you don't score, you can't expect to win."

Coach Ketterer of Plymouth naturally was very pleased.

"Our kids wanted this one badly," he declared. "We played very well and we didn't cave in when they got so close to us in the final quarter."

Plymouth held a 25-19 margin at halftime, but Bentley came back in the final period to close the differential to 43-42. Then the Rocks began

to move again and opened up their sizable margin at the finish.

Gary Grady was the big man for Plymouth in the stretch drive. He scored 10 of the 20 points Plymouth made in the closing chapter. Bentley tallied 16 points in the final eight minutes.

Free-throw shooting had a great deal to do with the game. Bentley outshot Plymouth, 17-16, from the floor. At the charity line, Plymouth meshed 27 tries to Bentley's 16.

In the final period, Plymouth clicked 16 times from the charity marker as the

Rocks managed only a pair of baskets during the period.

Grady with five baskets and 11 free throws paced the victor. Cal Loubrand and Jerry Kisabeth made only six points, but each played extremely well. The same held for Dick Egloff, whose point output was just two. John Hannula chipped in with five, Bill Nelson and Kuisel one.

Bob Morgan topped the losers with 13. Fred Matevia tallied 11, Larry Reamer seven, Mike O'Hara six, Jim Storm, Scott McIntyre and Tim Doll four each and Bill Bollin one. Bollin

played briefly, re-injuring the foot which previously had kept him out of action more than a month.

The Bentley reserves downed the Plymouth second-stringers, 55-44. Bob Swift hit eight baskets and six free throws for 22 points to head Bentley. Next came Richard Faucett with 10. Bob McCall's 11 headed Plymouth.

Trojans Close on a 50-50

A 50-50 regular season has ended for Clarenceville High School in basketball.

Overall, the North Livonians broke even in 16 games. Their record in the Wayne Oakland League also stood at .500—seven wins and seven setbacks.

The curtain dropped last Friday with Clarenceville losing to Bloomfield Hills, 65-44. The Hills wound up sharing the conference crown with Clarkston.

Clarenceville stayed close to pull away in the second quarter and reached the half with a 33-23 edge. By three-quarter mark, the Hills had a 19-point bulge.

Dave Daniels turned in another fine effort for Clarenceville. This time he produced 21 points, plus 18 rebounds.

Gary Gearhart followed with nine points. Ray Rood scored four, Gary Alder and Chris Hawkins three each and Danny Freels two.

The Clarenceville reserves succumbed by a 53-34 score.

A year ago, Clarenceville won only two games in basketball. All of which means that Jim Leary's first year as coach of the Trojans turned out to be a successful one.

THREE REASONS for the success of the Champion Sporting Goods team in the Midget division of the Detroit Olympia Hockey League are these youngsters from the Livonia-Redford Township area. They are: (from left) Mike Turner, 26695 Ross Drive, Redford Twp., a student in Marshall Junior High; Glen Freed, 18530 Freemont, Livonia, and Robert Whiton, 29866 Lori, both students in Bentley High.

Tourney Time Starts On Prep Scene

It's state tournament time in Michigan again.

That annual time known as "The March Madness" has taken over the sports scene. Between now and the twenty-first of March, more than 600,000 will jam their ways into gyms across Michigan to see the preps battle for state basketball laurels.

In many instances, there won't be enough seats or standing room to accommodate all who wish to attend games. Turnaway crowds are certain throughout the districts and regionals. The finals at Michigan State already are sold out—all three sessions, morning, afternoon and evening.

The pattern of play for this year's state meet remains unchanged. All teams start in the districts. The winners move on to the regionals.

Then will follow the quarter-finals, semifinals and the finals!

The seven prep teams, covered by the Observer newspapers, are spotted in four districts.

Three teams—Bentley, Franklin and Plymouth—are to contest at Franklin. Redford Union and Thurston find themselves at North Farmington, Clarenceville at Pontiac and St. Agatha at Hamtramck.

Bentley, beating to repeat as district kingpins; Thurston and Redford Union all have drawn first-round byes.

The Class A action at Franklin begins Wednesday at 6:30 p.m. when Franklin faces Inkster Robichaud. Then Plymouth will oppose Inkster High at 8.

The Franklin-Robichaud winner will have to tackle Bentley Friday while the Plymouth-Inkster victor goes against Garden City.

The district final will be played Saturday evening.

There's a good chance for an all Redford Township final in the Class A district at North Farmington.

Redford Union and Thurston are in opposite halves of the draw. Southfield and Walled Lake, which opened the meet Tuesday night, were to decide which will meet Redford Union at 7:30 p.m. Thursday.

Thurston will stand by until Friday to go against the Wednesday winner between North Farmington and Farmington. The final also is listed for Saturday night.

Clarenceville ushered in its Class B tourney bid Tuesday night, going against South Lyon.

St. Agatha was to meet St. Cyril Tuesday night.

This also is the week of league championship meets in

swimming and the state wrestling finals. The Suburban Six League swimmers square off at Belleville Friday and Saturday, while the Northwest League

teams are at Groves the same day.

The state Class A wrestling meet is slated Friday and Saturday at Ann Arbor.

OUTSTANDING MEMBER of the Michigan Tech varsity swimming team at Houghton, Mich., is Jim Winebrenner, a freshman majoring in Electrical Engineering. Jim, a 1963 graduate of Livonia Bentley High School, is a member of the freestyle relay team and recently set a Tech pool and varsity record in the 100-yard freestyle. He is the son of Mr. and Mrs. Joseph Winebrenner, 27912 Six Mile Road, and is shown with Swimming Coach Omer LaJeunesse.

Thurston Cagers Lose; Must Share Laurels

There's something about meeting a team for the third time in a season after you already have beaten the same foe twice.

Invariably the team that has lost twice manages to atone for some of its previous miseries.

This is what happened last Friday night when North Farmington tripped up Thurston, 68-59, to gain a share of the Northwest League suburban title with Thurston. Each team posted a final record of seven wins and one defeat.

"What can you say, but that the odds were with us, but they played the better game and deserved to win," declared Mike Pasternack, the Thurston coach.

Thurston had bested North Farmington in a Christmas tournament game at Riverside and also in a league game at North Farmington.

"Since we had accomplished that much and already had locked up a share of the league title going into last Friday night's game, maybe our kids took things for granted," added Pasternack. "You know how kids can be."

Pasternack then paused for a second.

"Maybe we'll get back at North Farmington in the state meet this week. We could meet them again Friday night (at North Farmington) in the districts."

A poor start hurt Thurston. North Farmington jumped in front, 37-24, by half time. Thurston came back to tie the score four times in the third period and then in the fourth period, the count was deadlocked at 54-54 with about half the frame gone.

Then North Farmington put on the pressure and pulled away to win with no trouble.

The setback left Thurston final regular-season record at 12 wins and four defeats—compared to a 2-13 mark a year ago.

Paul Lawson of Thurston carried off individual honors with 21 points on eight baskets and five free throws. John Page was next with 17. Bob Venegoni scored 11, Jerry Samuelian nine and John Freeman two.

North Farmington had five players in double figures. Mike Fleming led with 16.

The victors had a 28-24 edge in field-goal shooting. In free throws, it was 12-11 for North Farmington.

The Thurston reserves came out on top, 64-60.

Thurston Tops Rock Tankers

The expected swimming thriller between Thurston and Plymouth High schools lived up to all expectations.

It was a bitter battle in the Thurston pool Saturday night with the hosts finally gaining the nod, 56-49, in a battle of the respective powers from the Northwest and Suburban Six Leagues.

The result might have been a little closer had Plymouth's Dave Agnew been on hand. Dave's sister was being married the same evening and Coach John McCall granted his fine performer permission to participate as a member of the wedding party.

The win was Thurston's 14th against only one defeat this season. Plymouth wound up, 12-3. Ken Wiebeck of Thurston and Jim Beglinger of Plymouth each came through with two victories. Wiebeck took the 100-yard free style and then without any rest came back in the next event, the 100-yard back stroke, to take top honors.

Beglinger triumphed in the individual medley and the 400-yard free style races.

Here are the complete results: Medley relay: 1—Thurston (Jim Girard, Jim Vedder, Ron Smith, Bob Lloyd), 2—Plymouth (Dan Olsen, Don Norman, Rick Malbouef, Mike Drennan), Time: 1:59. 200-yard free: 1—Jim Norman (P), 2—Tom Blunk (P), 3—Bill Zeeb (T), Time 2:01.3. 50-yard free: 1—Dick Barry (P), 2—Ossie Amberg (T), 3—Jeff Burke (P), Time 23.9 seconds.

Individual medley: 1—Jim Beglinger (P), 2—Pat Duthie (T), 3—Bill Barringer (T), Time 2:12.4. Diving: 1—Ed Suriano (T), 2—John Herter (P), 3—Rick Massoli (T). Butterfly: 1—Duthie (T), 2—Barringer (T), 3—Malbouef (P), Time 57.5 seconds.

100-yard free: 1—Ken Wiebeck (T), 2—Barry (P), 3—Jim Norman (P), Time: 51.6 seconds. 100-yard back: 1—Wiebeck, 2—George Collins (P), 3—Girard (T), Time: 58.5 seconds.

400-yard free: 1—Beglinger (P), 2—Zeeb (T), 3—Blunk (P), Time: 4:21.7. 100 yard breast stroke: 1—Vedder (T), 2—Dennis Lynn (T), 3—Doug Jaskierney (P), Time: 1:09.

Free style relay: 1—Plymouth (Burke, Jim Mattison, Al Saxton, Drennan), 2—Thurston (Rex Korde, Lloyd Don Mueller, Amberg), Time: 3:36.

ROCKS CLIP BENTLEY

The Plymouth High swimming team finished its dual-meet season tied with Trenton by beating Bentley, 61-44. Here

are the various winners: Individual medley: Pete Rogissart (B). Diving: Bert Quinn (P). Butterfly: Beglinger (P). 100-yard free: Teehan (B). Backstroke: Olsen (P). Breast stroke: Ken Payton (B). Free style relay: Plymouth (Drennan, Burke, J. Norman, Barry).

RU BEATS BELLEVILLE Redford Union high's swimming team got off on the wrong foot against Belleville last Thursday. The Townshippers' medley relay team was disqualified in the opening event.

However, RU then bounced back to win 57-44, and close its dual-meet season on a happy note.

RU winners were: Individual medley: Dan Harrison. Diving: Mike Caplia. Butterfly: Tom Rice, who set new varsity record of 59 seconds. Back stroke: Steve Glazier. 400-yard free: Steve Farris. Breast stroke: Bill Truesdell.

Bentley Wins Over Franklin

The first wrestling match between Bentley and Franklin high schools ended in a 26-16 victory for Bentley.

The North Livonians captured eight of the matches. In the feature, pitting the rival captains, Jim Daugherty of Bentley turned back Hugh Vaughn of Franklin in a hard-fought decision.

The results: 96 pounds—Horace Blankenship (B) drew with Fred Shepherd (B); Rich Wheeler (B) def. Bob Lent. 112—Larry Ruzas (F) pinned Brian Stephens. 120—Doug Dawson (F) def. Mike Priest. 127—Bill James (B) def. Frank Leeb. 138—Marv LaVasseur (B) def. Dennis Frazer. 145—Jim Daugherty (B) def. Hugh Vaughn.

150—Charles Moore (F) def. Don Oakley. 165—Joe Tremonti (F) def. Don Wells. 180—Rich Larsen (B) pinned Larry Yonish. Heavyweight—Tom Shepherd (B) pinned Arnold Burmaster.

OBSERVER SPORTS

By George Maskin

NOTES SCRIBBLED ON OUR SHIRT CUFFS: For our money, they can throw the boxing out of the window and nobody would shed a tear.

How can people have any respect for an activity after what happened last week in Miami Beach, Fla.? This is no sport in our book.

Those who sing the cheers of Bill Bollin and the job he has done—and is doing—at Bentley high on the basketball court shouldn't overlook the accomplishments turned in by the other members of Coach George Fefles' team.

Just remember that Bollin was sitting in street clothes and unable to play when Bentley started the comeback which paid off with a title again in the Suburban Six League.

These words aren't aimed at slapping down Bollin in any sense of the word. What we're trying to say is that basketball happens to be a TEAM game, not an one-man game.

Toughest job in these parts at the moment is the one facing Joe Mraena, the swimming coach at Thurston High School. Mraena must decide just which two events to enter his ace, Ken Wiebeck, in next week's state Class A meet. The state rules, as you know, prescribe that no prep may swim in more than two races, including the relays.

Mraena could enter Wiebeck in no less than five different individual events, plus the two relays . . . so versatile is this young man. And so outstanding, too.

Wiebeck has won two state titles in each of the last two Michigan championships. On each occasion, he also cracked a pair of state records.

If he repeats next week at Ann Arbor, he unquestionably will have made Michigan swimming history. We can't recall when a young swimmer has done so well in our state—or any state.

The men behind Little League baseball in our communities are busy at work. It's no simple problem setting up preparations to take care of more 10,000 points.

If you (as an adult) are asked to chip in—either with your time or a few dollars—don't dilly and say: "I'll see later."

A few minutes or your time, or a contribution of that green stuff, will make a lot of young boys happy when the summer rolls around and the kids have a lot of free time on their hands.

Just in case you're wondering, the winner of the Class A district tournament at Livonia Franklin will move on to the regional at Ypsilanti (Eastern Michigan University). The victor at North Farmington will go on to Clarkston.

Also, in case you missed the item, all four final sessions at Michigan State on March 21 are sold out!

7 Wrestlers Qualify for State Meet

In a surprise showing, Thurston high school's wrestling team placed second to Ypsilanti in Saturday's Class A regional meet at Farmington.

Ypsilanti posted 109 points to Thurston's 70. Trenton had 59 and Wayne 56. Franklin and Bentley both trailed far back.

As a result of the competition, Thurston qualified five performers for this Friday and Saturday's state Class A meet at Ann Arbor.

Going to the state championships will be Heavyweight Jerry Szostak, Jim Todd (95 pounds), Paul Christie (127), Pete Marsalese (145) and David Belknap (103).

Franklin will have two performers in the state—Charley Moore at 154 and Hugh Vaughn at 135. Bill James will be Bentley's lone representative at Ann Arbor, vying at 127 pounds.

Szostak pinned four straight opponents to carry off the individual regional title for heavyweights.

Todd, Christie and Marsalese all lost in the finals, while Belknap placed third and Woloch fourth.

Moore carried off the 154 individual title, beating Reding of Wayne high in the final. Vaughn placed third in his class, as did James.

WARDS WONDERLAND STORE ONLY!

BE WISE... MODERNIZE
IMPROVE YOUR HOME THIS YEAR

Remodel to Hike Space, Valuation

In both older and newer homes, the sounds of hammer and saw, sander and spray gun, and a myriad busy tools will soon be responding to the call to "Home Improvement Time." Not only thriving but growing stronger than ever, interest in improving existing homes, is literally sweeping the country, as home owners go forward with plans designed to increase living space, enhance comfort and add importantly to property values.

"Home improvement" can mean many things, but signs indicate that, first of all, it means adding a room. Among 1500 home owners surveyed 76 percent were planning a specific remodeling job, and of those, 56 percent wished to add space to existing homes—especially, bathrooms, bedrooms and family rooms.

Remodelers Look Inside Home First
Using the results of this survey as a yardstick, it appears that people look inside first when they plan to remodel. Among the homeowners queried, 76 percent of those with projected remodeling jobs were concentrating on home interiors—particularly, kitchen and bathroom remodeling and basement refinishing.

However, that doesn't mean that there isn't plenty going on outside the house, what with roofing, siding, guttering, painting, installing patios and swimming pools, landscaping. Indoors, too, the bath and bedrooms, kitchens, family rooms and basement are by no means the only areas to get attention. So great is the present interest that it covers every improvement imaginable, with an estimated ten million home owners spending a predicted 13 billion dollars to complete major home improvement projects this year.

One especially significant fact emerges from the Council's survey. The home owners queried had a clear and definite idea of what they hoped to achieve through remodeling projects.

If you are planning to increase your home's livability and value by any home improvement project, the smartest move to make first is to decide, just as clearly and definitely, the exact result you want.

Learn all you can, by shopping and asking questions about new projects and ideas. Familiarize yourself with local building codes and how they might affect your plans.

When you have determined just how much you want to spend for just what improvements, consult local dealers and contractors for estimates. Since increasing the re-sale value of your home should be an important consideration in any improvement project, make sure the money you spend will get results that enhance property value at least an equal amount. This means careful planning of changes and additions.

Although room additions stand high in popularity, it's worthwhile to check first to see that all existing space in your home is being used to best advantage.

Adjusting a house to a family's needs can often be accomplished through simple remodeling. A well-placed closet, and additional door or archway, a foyer or a patio entrance all have a bearing on the space design of a home.

These additions, and many others that suggest themselves when the space plan for a house is studied, can mean the difference between an inconvenient, awkward area and a comfortable home.

There are more ways than one to add a room. Finishing attic, basement or porch does it the least costly way. You can even convert an attached garage into a room, and add a carport to the home.

If, after considering problems and solutions, you decide that building on a room or rooms is

the best answer, your costs will be higher than for remodeling, but you gain space two ways—not only extra space added but, with cramped conditions removed, better use of existing space, too.

Room additions often make it possible to rearrange the traffic plan of a house.

Franklin Escapes Last Spot

In the battle to avoid the basement in the Northwest Suburban League, Franklin high's basketball team came out the winner against Oak Park last Friday night.

By a score of 45-37, the South Livonians took the decision—only their second in eight conference engagements—Oak Park didn't win once in eight loop starts.

IT TOOK A RALLY for Franklin to win. They trailed by a 16-11 count at the end of the first half.

But then Coach Bob Bentley's team came alive and pulled in front, 30-24, by scoring 19 points in the third period.

Larry Duffield had 14 points for the winners while Roger Frayer was next with 10.

FACTS FOR FLOORS
Dark spots on wood floors, caused by such things as spilled ink, liquor, fruit juices, can be washed (stained areas only) with household vinegar. Wipe dry and repeat several times if necessary.

Black heel marks on a floor can be removed by rubbing with a cloth moistened with wax. If stains persist, try a fine steel wool pad with wax.

PAINT ESTIMATE
Figuring that the average gallon of flat paint covers about 350 to 400 square feet, you can determine amount needed for any given room by adding total area of walls to the area of ceiling. Ordinary size doors and windows need not be deducted.

EXPERT MARKSMANSHIP awards are presented to three Livonia Scouts (from left), Paul Cervenak, First Class; Ralph Leggatt, Eagle Scout; and Chris Hansen, Life Scout, by Ronald Nisun, vice president of the Western Wayne County Conservation Association. The Scouts are members of Livonia Troop 737 which participated in a six-week small arms training course. The instruction, by National Rifle Instructors Reese Farrell and Archer Kodama, was conducted in the Western Wayne County Conservation Association clubhouse on Napier Road in Plymouth Township.

MODERN MATH is explained to parents by Earl Seaman, Jr., High School teacher who is conducting a class in the new technique for adults.

Livonia DPR Plans Women's Golf League

John Dufour, Superintendent of Livonia Parks and Recreation Department, announced that the Livonia Women's Golf League would get underway May 8 with three qualifying rounds to set up handicaps.

The officers of the League, Jessie Entlerline, president; Mae Okerstrom, secretary; June Temple, treasurer; Marge Sands, rules interpreter; and Janet O'Connor, publicity; met recently with Joseph Kazlusky, golf supervisor for the Dearborn Recreation Department, to set up the rules and regulations for the league.

The league will play on Fridays with tee-off time, 8:30 a.m. at Idyl Wyld Golf Course. Any Livonia resident wishing to join is urged to contact the Parks and Recreation offices, GA 1-2000, for further information.

Want ads get quick results!

"Operation Facelift" Is A Must In Planning

When it's time to plan remodeling projects, "Operation Facelift" should be one of the first on the list, say building experts. Applying a new "face" to a home's exterior, with the use of siding, does more than add lasting beauty.

By making a house safe against the elements, siding outside provides protection inside, thus guarding the appearance and value of any interior renovations and improvements. Then, too, an exterior remodeling job is an investment for the future and a real enhancement of property values.

"Operation Facelift" might begin with the choice of siding materials, and there are many, each with its own advantages. Anything from personal preference to local climate could be the deciding factor.

There's the familiar standby, wood—practical, economical, easy to shape to fit any wall. Wood siding is available in many types, to create many architectural effects, and can be painted to carry out any color scheme preferred or stained for a rustic look. It does, however, require maintenance, through painting or varnishing, so the question of upkeep should be considered.

Modern low-maintenance materials include aluminum siding. Among its advantages are: no warping, rotting, rusting or cracking and no danger from termites. In addition, it is available today in a variety of finishes and colors.

Easy to maintain, too, and long-wearing, is asbestos-cement siding. A fireproof, weatherproof substance made from a mixture of asbestos fibers and portland cement, it is resistant to rot, rust, decay, chemical fumes or corrosive salt air, and hardens through exposure.

It's made in a selection of shapes and textures, and in a range of colors from traditional whites to deep hues and soft

Men In Service

Pvt. Seymour B. Miller, son of Mr. and Mrs. Jack A. Miller, 19474 Renssler, Livonia, has completed eight weeks of military police training under the Reserve Enlistment Program at the U.S. Army Training Center, Fort Gordon, Ga. The 22-year-old Reservist is scheduled to complete his military obligation with the 603d Military Police Corps, an Army Reserve unit in Dearborn. Miller is a 1959 graduate of Clarenceville High School.

Dennis F. Bales, 17, son of Mr. and Mrs. Floyd H. Bales, 11141 Oxbow, Livonia, has completed basic training at the Naval Training Center, Great Lakes, Ill. The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

Marine Lance Corp. Larry B. Johnson, son of Mr. and Mrs. Bertram A. Johnson, 28701 West Chicago, Livonia, serving with Marine Battalion Landing Team 3/2 in the Mediterranean, returned to Camp Lejeune, N. C., during the latter part of February. He has been serving in the Mediterranean as part of the sea-assault striking force of the Sixth Fleet for the past five months.

Second Place Finish for R. Union

Close doesn't count in sports. That's the way it was this season for Redford Union High School's basketball team.

The North Townshipers made quite a run of things in the Suburban Six League, but they still had to settle for a tie for second with Allen Park in the final standings. The crown went to Bentley.

"Just a couple of off games hurt us," declared Milo Karhu, the RU coach. "Just as easily as not, we could have wound up with the top honors in the league."

All of which explains why there is considerable optimism as Redford Union prepares for the state district tournament at North Farmington this week.

"We could surprise a few folks," says Karhu. The RU team wound up its regular schedule by dumping Belleville, 68-58. The Townshipers stormed in front, 14-9, in the first quarter and led 35-22, at halftime. After three periods, it was 48-34.

In winning for the sixth time in 10 league encounters, the Townshipers were paced by the scoring of Clyde Ziegler and the rebounding of Tom DeWitt. Ziegler hit for 18 points while DeWitt had 15 along with Ben Malbach. DeWitt also grabbed off 20 rebounds. Gary DeRoche clicked for nine points for the victors. The RU reserves were beaten. The score was 60-46.

Gals 4th In Skiing

Thurston high school's girl skiing team placed fourth in the Suburban League meet held last week at Mt. Holly. The Thurston boys were unable to finish the prescribed course, a lot which befell six of the other boys teams among the 13 participating.

Bloomfield Hills carried off the boys and girls team prizes.

In the girls class, West Bloomfield was second, Waterford Kettering third and then Thurston. The latter team's time was less than four seconds behind West Bloomfield's.

Tania Weiss with a clocking of 38.6 seconds placed fourth overall and was awarded a medal. Dianne Carnes, Suzanne Houk, Barbara Witte, Nancy Nida and Ursula Bengesser rounded out the Thurston girls' team.

Chris Hornyak, Gary Nida, Jim Reinert, Dave Valade and Dave Mortimer made up Thurston's boys entries. Only Valade and Mortimer finished the course.

The meet ended the skiing season for Thurston.

Mad Woman of Chaillot THS Senior Class Play

By JUDY KOSTRICK
After weeks of rehearsal and hard work, the versatility and talent of this year's senior class will find a perfect showcase in the play "Mad Woman of Chaillot," to be presented by the Class of '64 on March 5, 6 and 7. Written by Girardoux, this poetic fantasy is set in the romantic section of Paris, nestled between the Champs-Elysees and the Seine.

This typically French comedy is about an eccentric woman and her even more ec-

centric friends who refuse to accept the reality of unhappiness and evil in the world, and so they do away with it in one magical afternoon.

The Madwoman, who catches up the train of her dress with a clothes pin, feeds all the dogs and cats of Paris (for who else will). Her friends, Constance, Josephine, and Gabrielle, have their own eccentricities also. Constance brings the "Memory" of her dog with her when she comes to tea, and Josephine waits before the government

buildings for statesmen who are dead.

Gabrielle, who hears voices, keeps plenty of canaries. Other memorable characters are The Sewerman, who is king of the sewer, although he swears there is no king; The Ragpicker, to whom the smell of garbage represents the multiplicity of God's Plenty; and The Deaf Mute, who knows all there is to know.

The play is under the direction of Miss Ina Rae Stanton. The curtain will open at 7:30 Thursday and Friday with students 50 cents and adults \$1.00. The Saturday performance starts at 8 p.m. and admission is \$1.00.

New Square Dance Classes To Start In Rec. Program

A Hi-Intermediate Square Dance Class is scheduled to start on Monday, March 16 and continue for 10 weeks at Jefferson School. The caller is Bev Tallman. In order to join, one must have had at least 20 square dance lessons. The charge is \$10 per couple.

A Hi-Intermediate Square Dance Class will start on March 12 at Coolidge School with Cleo Carlton as caller. The charge is \$10 per couple for 10 weeks.

Hi-Intermediate level square dancers are invited to come to Stark School on the first and third Saturdays of March at 8:30 p.m.

"Mad Woman of Chaillot"

JENNIE MacLEAN, Maureen McCabe and Jerry Rock, actors from "The Madwoman of Chaillot," pose on the starway to the stars. The Thurston High School senior class is presenting the typically French comedy on March 5, 6, 7. The play, which is being directed by Miss Ina Rae Stanton, will be at 7:30 Thursday and Friday, and at 8:00 Saturday.

"CHICKEN FAT," physical fitness record is delivered by Patrick J. Duggan, Livonia Jaycee President (right) to George Calkins, Coordinator Elementary Health and Physical Education for the Livonia Public School System. The Jaycees donated the record for use in all of the elementary schools as part of the Jaycee program to encourage physical fitness.

Jaycees Promote Physical Fitness With Recording

As part of their program to encourage physical fitness among the youth of the community, the Livonia Jaycees have donated to the Livonia School System "Chicken Fat" records for use in all of the elementary schools. The "Chicken Fat" record is a 33-1/3 rpm platter written by "Mr. Music Man" himself, Meredith Willson, and produced by Capitol records. The vocal is handled by Robert Preston.

The main purpose of this record, (which is exclusively distributed by the Jaycees) is to stimulate daily exercise among youngsters, both at school and at home. One side of the record is a sing-along and the other a cadence "to exercise by" and is approximately 6 1/2 minutes long. These records are available through any Livonia Jaycee for 50 cents each, or 35 cents each in orders of 10 or more. "This is not intended as a profit-making project but rather to encourage physical fitness among the children of the community, and we are happy to say that in the last month we have received orders for approximately 1,000 records," says Pat Duggan, Jaycee President.

For further information about this record, please contact Pat Duggan at 474-2856.

Sunglasses will provide relief from the sun's glare, but will not protect against harmful infrared rays that can damage the retina of the eye. Never look directly at the sun when wearing sunglasses.

BOBBE JOHNSON (sitting,) who plays the part of a flower girl in "The Madwoman of Chaillot" chats with Denise Bostic who plays the part of Irma. The play will be performed on March 5, 6, and 7.

Expert Tells Of Religious Art

Dedicated to the stimulation and appreciation of fine art in the community for the past six years, The Three Cities Art Club has opened its membership to include patron as well as artist members.

A new policy calling for educational meetings open to the public for a small fee will begin March 19 at eight o'clock in the evening, with a slide-lecture on Modern Religious Art by Lloyd Radell, Chairman of the Art Department of Mercy College. Mr. Radell is a graduate of The Art School of The Society of Arts and Crafts in Detroit. He has a Masters Degree in Fine Art from Wayne State University, and has taught at

the college level for 12 years.

The meeting will be held in the Plymouth Credit Union Building at 500 South Harvey Street — corner of Maple in Plymouth on March 19 at eight p.m. General admission is one dollar, student admission is 50 cents. There is no charge for Artist or Patron Members.

The club membership, once confined to Northville, Plymouth, and Livonia now includes painters and craftsmen from the cities of Detroit, Dearborn, Garden City, Romulus, Redford, Taylor, and Wayne. Further information may be obtained by calling Mr. William Mandt, President, at 453-3112.

Art Around Us

by Jessie Hudson

Scholastic Magazine Art Awards are the big news in art this week, especially to the thousand high and junior-high school students whose works were accepted to hang in the annual juried contest at Crowley's in Detroit. Many teenagers in this area were honored by having their art work accepted for display and some won special awards. From Livonia Bentley High Schools the following students were included: Daniel Brichta, Kathleen Zareck, Dick Walker, Donald Armstrong, Redford's Thomas Churchill and Plymouth's Carol H-note and these Bentley students all received blue ribbons which puts them in competition with high school students all over the country at the national judging in New York. Also competing at the national judging will be a piece of sculpture by Anne Marie Burkland of Livonia's Bryant Jr. High.

The next category of awards, the gold key which symbolizes best media of its kind in the whole area, went to Plymouth's Christopher Rowland for an imaginative linoleum block print, to Bentley's Elizabeth Baumkralz, to Plymouth Junior High West's Penny Wise for an opaque color, and to Donald Nordstrom, Bryant Jr. and Bob Handyside of Riley Jr. High in Livonia.

Certificates will be sent to these students for work accepted for hanging. Bentley, Marilyn Meyers, Mary Williams, Nancy Pletcher, Dick Walker, Daniel Brichta, Gwen Harding, Wayne Young, Beth Koszegi, Mary Lou Napolitana, Eric Deer.

IN THE GALLERIES:

Hartley-Powers Gallery, 116 E. Main Street, Northville. Milton Kennitz and J. T. Abernathy both of Ann Arbor Artists and both very well known in Michigan art circles began a painter and potter exhibit on March 22. This should be a very illustrious one as both are very fine artists. Mr. Abernathy has his magnificent pots in many museums and galleries throughout the country. Examples of his work and techniques have been illustrated in many ceramic instructions books. He is also a most inventive man and artisan having developed his own pug-mill, throwing wheel (patented) and having built his own tremendous gas-fired kiln at his studio in Ann Arbor. He is one of the few artists in Michigan working at his art. The rest of us have to teach, paint signs, or do some menial jobs. Hours are 12-6 weekdays, 12-9 Friday and 9-6 on Saturday.

NEW OFFICERS and students behind them meet in their efforts to obtain "Dollars for Scholars"—This year they hope to double the three thousand dollars collected by Livonia students last year and given to the college of their choice. In addition to the citizens' "dollars"—it is hoped this year more service organizations will not only send their representatives, but also their "dollars"—as well as more business

contributions. The next meeting will be in the Franklin High Cafeteria at 10 a.m. Saturday, March 7. (L. to r. seated): Joel LaBo, newly elected president; Jerry Brisse, treasurer; Trace Poppinger, secretary; Janet Campbell, vice president; Bill Nicol, vice president; Fred McGlone, past president. Students Hank Plante, Bentley; Mary Jo Sanford, Bentley; Lynne Dickey, Franklin; Paul Drucker and Marge Cook from Bentley.

'Curtain Going Up'

By Wally Roberts

"The actors had all the ability of stars, but they did not yet assume their prerogatives." So says George Abbott in his exciting autobiography, "Mister Abbott" recently published by Random House.

Such a statement might well characterize the thousands of University players and hard-working actors at the Vanguard Theater in the Detroit area. In fact, old Wally would even include many of the fine folks working in the local community theaters.

First, let's consider a recent University of Michigan production of Max Frisch's "The Firebugs." As directed by Jack Bender you couldn't have had a more enjoyable evening in the theater. Jack had his actors honed to a fine edge of perfection. David-Rhys Anderson, Jeanne Lucas, Robert McKee, and Stephen Wyman zipped through a most difficult play in magnificent fashion.

"The Firebugs" is a vivid, zany picture of our civilization poised as it is on the brink of World War III. His message

clear and simple is that most of us never clearly understand a dangerous situation. We as a nation of sheep are complacent, apathetic, and finally when we realize that we are really "in the soup" then we try desperately to appease our aggressor. By then it is too late and the world is ready to go up in flames.

Frisch uses melodrama, suspense, burlesque and laughter to entertain the audience. While we are laughing at ourselves, a truly sad situation, most of us never realize how serious and far gone we are. It's succinctly put by Mr. Biedermann in the play in this manner, "At what point did you suspect that our boarders were arsonists?" Max Frisch is asking each of us at what point do we get so troubled by a situation that we stop talking and really take some active move to prevent the trouble. How often do we foolishly see the countless barrels of gasoline being hauled into our "homes" before we realize that an insidious arsonist is at work?

As is the case with most European avant-garde dramas, you discover great sense in Max Frisch's "The Firebugs" in what apparently is just so much nonsense. The musical interludes sung by the Three Bugs and a Flame provided hilarious moments of relief. Let's hope that the "Firebugs" provoked a small portion of the audience into being a bit more rational as we approach our frantic future.

Social satire seems to be high on the agenda for theatergoers in the Ann Arbor area. "The Child Buyer," the best-selling, controversial novel adopted for the stage by Paul Shyre, opens on March for a week's run prior to its moving to New York. John Hersey, author of "The Wall," "Bell for Adano," and "Hiroshima," lashes out at the ills of education in his bitter satiric novel, "The Child Buyer." Paul Shyre's adaptation retains all the sting of the original work. Director Marcella Cisney is staging the work simply to accent the provocative content of the script. She has indicated that "The Child Buyer" presents some challenging views on the role education must play in our society. It is hoped that "Child Buyer" will stir audiences to discuss such a prophetic new work of art.

The University of Michigan's Professional Theater program is responsible for bringing this new important play to the Ann Arbor area. The New Play project is only one of the more important phases of the Program's multi-faceted activities. Program Director Robert Schnitzer is to be highly commended for obtaining the rights to "The Child Buyer." Tickets may be secured by calling the Trueblood Box Office (663-1511).

Our last dramatic port-of-call the Vanguard has proven many more times that they have actors of star quality but none of their temperament. Currently the Vanguard is in the process of presenting a hilarious comedy of manners, "The Contrast."

The Vanguard production will feature the direction of Broadway producer, Michael Ellis. Mr. Ellis was responsible for the Broadway smash "Come Blow Your Horn." Hundreds of Livonians saw the excellent Livonia-Redford production of "Horn" last month.

"The Contrast," originally produced in 1787 and presented in 1790 to President George Washington, has the distinction of being the first comedy ever written by a citizen of the United States, Mr. Royall Tyler. Is "The Contrast" still funny after all these years?

Last year when Mr. Ellis produced the play in Dallas the citizens of the space age thought so. The Dallas papers reported audiences left the theater in high spirits after happily relishing a delightful show. The pace was breezy, the post-Revolutionary theatrical atmosphere quite effective, and the entire show was gaily educational. I'm certain the good people of Detroit will find that the Vanguard company will top the Dallas production. Call WO 3-3863 for tickets. Incidentally, the Vanguard is having financial difficulties. If you haven't been to the Vanguard in a long while, make up your mind to visit them during the next month. You'll have a good time and be instrumental in retaining Detroit's only resident professional theater. Let's not lose this cultural jewel so soon.

THE BILLBOARD

Hiberty Classical Theater: "ANTONY AND CLEOPATRA" (Opens March 4 and will alternate with "Julius Caesar," "As You Like It," and "Romeo." Repertory plays weekly every night except Monday and Tuesday. Saturday matinees are at 2 p.m.)

Fisher Theater: "NEVER TOO LATE" (Three more weeks left for the Bill Bendix version of the Broadway success. A sporadically funny show about a late-in-life pregnancy.)
Hotel Wolverine Stables: "LAST DAYS OF BERT FENSTERWALD." Avant-garde comedy directed by Pierre Lamarre. Will play for a month at the new Stables location, the remodeled Hawaiian room of the Hotel Wolverine.

SECOND PLACE winners in the State Doubles with a score of 1388 are Charles Skupen and Chuck Gross. They received a beautiful trophy. The bowlers have been part of the regular Saturday morning youth league at Wonderland Lanes in Livonia.

LAST CALL!!! Last call for the tremendous Barbershop Pitch-Pipe Parade to be sponsored by the Wayne Chapter S.P.E.B.S.Q.S.A. Inc. on March 7 at the Henry Ford High School in Detroit (20000) Evergreen. The show will start promptly at 8:30 and will feature "The Nitehawks" from London, Ontario, Canada. This quartet placed second at international competition in Toronto in 1963 (above). They will be backed up by "The Varieties" from Chicago (current Illinois District Champs). "The Four Tune Tellers" from Jackson will be on hand, along with "The Aire-Males" and the "Wayne Drops" to make this year's show the best ever. All this talent plus the "Wayne Wonderland Chorus" will assure you of a wonderful show. Tickets may be obtained by calling Tom Pollard (GA 1-8499). Tickets will also be available at the door the night of the show.

Clarenceville School News

By EVA FIRESTONE

For the first time in Clarenceville history an orientation program for the eighth graders (incoming Freshmen to be) was held . . . because of the large number of students in the eighth grade.

The purpose of the program was to orientate the eighth graders and their parents so that they may know what to expect once they reach high school.

The program opened with Mr. McDowell, principal, who welcomed the students and their parents. He then introduced the Master of Ceremonies, John Hogan, who is also C. H. S. Student Council President.

John explained what the purpose of the program was and then he went on to introduce the three skits performed by Seniors.

The first skit was, "What About Studying," and it showed the proper and improper ways of studying. The skit was directed by Mrs. B. Sharp and the students in that skit were from her advanced speech class. They were Jack Forsyth, Randy Pryor, Mike Steffes, and Michelle Wolow.

The next skit was entitled "What Shall I Wear," and it was narrated by Jeanne Knowlton. This skit pointed out the proper and improper dress codes. The students in that skit were: Miriam Ashley, Pam Beers, Linda Stevenson, Mary-Ellen Malaski, Michelle Wolow, Linda Zearing, Roger Anger, Monroe Ashley, Rick Bailey, Gary Gearhart, Jolin Jourdan, and Bill Prisk.

The last skit was "What Do I Do After School Hours," and it introduced some of the many extra curricular activities available to Clarenceville High School students. Students in that skit were: Pat Sullivan, Brenda Oaks, Randy Pryor, Mike Steffes, Eva Firestone, and actor plus narrator Keith Nye.

After the skits John Hogan introduced: Mr. A. Marra, Assistant Principal, who spoke about the individual counseling for personal problems available to C.H.S. students; Miss L. McCullough, Counselor, who explained the test given for vocational, academic, and personal needs; Mr. W. Waters, Counselor, who explained the special services available at C.H.S.; Mr. D. McDowell, Principal, who spoke about what parents can do to make a child's school life a success.

The final portion of the program was for questions that the parents and eighth graders may have.

After the program was over the Seniors escorted many of the parents and eighth graders through the school showing them the different rooms of the high school building.

On Thursday evening Feb. 27, a special program for the Clarenceville Community was put on in the high school cafeteria. The program was so that the exchange students sponsored by the World Council of Churches and The American Field Service could meet the Clarenceville Community. These exchange students were from various schools in the Wayne-Oakland County League and from schools in and around Livonia. The foreign students also participated in a panel type of discussion and they answered various questions about their country. That night each exchange student slept at the home of a Clarenceville High School Student.

After lunch, Mr. L. Nutter took the exchange students and their hosts through the new gym which is still in the process of being completed. Mr. Nutter explained all the many facets the gym will entail.

Then the C. H. S. hosts escorted their exchange students to many of the different classroom situations. During this time many questions were asked of the exchange students.

That night many of the exchange students went to Clarenceville High School's last basketball game for the 1963-64 season. The game was held at Bloomfield Hills and the game and bus tickets were paid by the C. H. S. Student Council.

After the game a party for the foreign students and their hosts was held at the home of Mary-Ellen Malaski, Student Council Secretary.

Clarenceville High School is fortunate to be the recipient of a project in tutoring by Seniors from Madonna College. There are 120 Senior students from Madonna College who have signed up to donate one hour a week for tutoring in reading on an individual basis.

The tutoring will last through the month of May and the students will do the tutoring in the Clarenceville High School building from 3 to 4 and 4 to 5 p.m. If you are interested in this program contact your counselor no later than May 1st.

LIVONIA EDUCATORS ASSOCIATION

The Teachers Speak

This week's guest columnist is Miss Elaine Kumbler, Coordinator of the Elementary Vocal Music Department in the Livonia Public Schools.)

ELEMENTARY VOCAL MUSIC EDUCATION IN LIVONIA PUBLIC SCHOOLS.

Music education in the Livonia Public Schools is an integral part of the general education program because, as one of the arts, it enriches the individual's emotional life, satisfies his need for beauty and self-expression and, through its communicative power, promotes understanding and good will. The function of the elementary vocal music program is to provide opportunities for every child to participate actively in music regardless of the degree of his capabilities. Music in the public schools no longer is taught just to satisfy the needs of a talented few or just for the sake of performance.

The main objective in music education is to help each child develop an appreciation and love of music and some degree of skill in understanding and interpreting the written symbols of music—not to develop professional musicians. Every child is a special kind of musician and has the capacity to respond in music in a manner which will satisfy him as a unique individual and which will help him, through understanding, to enjoy and appreciate music.

Many types of music activities are presented in the elementary grades so each child will achieve some degree of success through active participation. These activities in the areas of singing, listening, creating, playing social instruments, and rhythmic interpretation, are geared to each child's ability of performance. Through participation in this variety of experiences, each child is able to discover his particular musical interests, talents, and potentialities.

Children are encouraged to express themselves creatively, either individually or in a

group, through opportunities to compose songs, song accompaniments on percussion, melodic and harmonic instruments, and operettas, and to respond to music with creative dramatization and bodily rhythmic movement.

There are occasions in which music is correlated with other subject areas in the elementary curriculum such as art, literature, social studies, science, and physical education. Through such relationship the child gains a deeper understanding of each subject.

Music is one of the few subjects in the school curriculum capable of bringing children in contact with beauty and a broader emotional and spiritual aspect of life. The music education program offers opportunities for each child to develop his capacity for response to art forms so that his life may grow in richness and in depth.

Through exposure to music of great composers and other peoples, children gain an understanding of these peoples and their cultures, ideals, and aspirations. They develop a deeper appreciation and greater enjoyment of America's musical heritage and can make some contribution toward it not only in their school years but also in their adult lives.

Heads Program of Oakland Secretaries

Dr. Roger Callahan, of Southfield, a specialist in psychotherapy and marriage and family counseling, will address the spring meeting of the Oakland Association of Educational Secretaries at Clarenceville High School on Tuesday, March 17 at 6:45 p.m.

Dr. Callahan, who has published a number of articles on anxiety in children, psychotherapy with children and the use of tranquilizers with disturbed and retarded children, will discuss "How to keep birds from building nests in your hair."

'The Reader Speaks Up'

Editor:

Burton Hollows Civic Association should not be used for political purposes—nor should any civic association be used for such purposes if it is to endure.

This matter is brought to your attention for the reason that there is now being circulated to the residents of Burton Hollow Subdivision a mimeographed statement by Mr. Edward G. Milligan in which he complains about the unanimous decision of the Burton Hollow Civic Association Board not to invite the incumbent mayor or any other political candidates to our "Millionaires' Party" held on Saturday, Feb. 29, 1964.

The question was clearly presented to our Board of Directors; and after careful consideration, our Board members unanimously decided not to involve our Association in politics by extending a special invitation and complimentary tickets to any political candidate. However, it was felt that anyone who desired to purchase tickets and attend the party would be very much welcome; and our doors were open to any candidates or friends who wanted to be with us on this occasion.

When Mr. Milligan heard of our decision, he immediately got in touch with me as President of the Civic Association; and he said that the Board let the members of the Civic Association down with our decision by not wanting to present complimentary tickets to the mayor's office. Later his wife called and wanted a refund on their tickets, saying that they could not attend. This was surprising because Mr. Milligan was a past president and a very active member of our Association. Mrs. Milligan also stated that she would not be available for duties at the party nor would she participate on any other occasion because of our decision.

Now it appears that Mr. Milligan actually worked on the night of the party until 2:00 the next morning preparing a mimeographed notice to our members that he would appear at our General Meeting on Wednesday, March 4, 1964, and propose a Resolution that our Civic Association, as a matter of policy, hereafter extend to the incumbent mayor an invitation to all social functions. These mimeographed notices have been distributed personally by Mr. Milligan and Mr. Whitehead (two past presidents of the Civic Association) who are now actively working on Mayor Moelke's appointment to the City Planning Commission. Our Board feels that it was elected to make a decision on these matters; that a decision was sincerely and properly made; and that this decision was made with the idea of protecting our Civic Association and of making it a strong organization, free from political involvements.

We feel sure that our members, knowing all these facts, will concur with us.

Very truly yours,
Edward P. Leduc
(Editor's Note: The communication from Mr. Milligan, referred to in the foregoing, is reprinted here following—)

"AN OPEN LETTER TO MY FELLOW MEMBERS OF THE BURTON HOLLOW CIVIC ASSOCIATION.
"Last week our Civic Association Board of Trustees voted NOT to invite our Mayor to our Millionaires' Party. THIS IS THE FIRST TIME SINCE OUR ASSOCIATION WAS FORMED FOUR YEARS AGO, THAT OUR BOARD HAS DECIDED NOT TO PRESENT COMPLIMENTARY TICKETS TO OUR MAYOR FOR A BURTON HOLLOW CIVIC ASSOCIATION EVENT.
"Our Association is one of the most respected civic associations in the city of Livonia. This reputation has been built up over the years, because we have acted as a part of this community, instead of presenting ourselves as just another group of malcontents. As the first president of your Civic Association, I believe that the inclusion of the Mayor of Livonia in our social events has been evidence of our respect for the Chief Executive of our city.
"Because I feel so strongly about this matter, it is my intention to offer the following resolution at our general meeting this Wednesday, March 4, 1964, at 8:00 P.M. at Marshall School.
"RESOLVED: THAT THE BURTON HOLLOW CIVIC ASSOCIATION ESTABLISH AS A MATTER OF POLICY THAT THE INCUMBENT MAYOR BE EXTENDED AN INVITATION TO ALL SOCIAL FUNCTIONS OF THE BURTON HOLLOW CIVIC ASSOCIATION."
I feel that this resolution is necessary to insure that the reputation of our Civic Association is not jeopardized by ill-advised action of future boards. I sincerely solicit your support of this resolution at our meeting this Wednesday night.
Edward G. Milligan

Editor:

Recently a letter appeared in your Reader's Column by Mr. Robert E. Schiefer, Assistant Principal of Thurston High School, regarding the smoking problem. Mr. Schiefer seems to feel that it is rather futile for the schools to try to enforce any anti-smoking regulations. He speaks of the schools as being "out of tune with society in general." However I would like to point out that whereas this might have been true a year ago, the social climate regarding smoking has been considerably modified in recent months. Many of my friends, for instance, have already quit smoking or are reducing their smoking drastically and a number of tobacco stores have reported reduced sales. Also all cigarette machines are being removed from Michigan State properties.

Furthermore, the community expects the schools to give moral leadership. The school is "the conscience of the community."
Mr. Schiefer further says, "until society in general supports the laws in regard to smoking, the efforts of the school people will have little effect and perhaps more harm than good." I disagree with this. It seems to me that the schools have more impact on society than Mr. Schiefer seems to feel. Healthy attitudes can be just as contagious as unhealthy ones. Last summer I had a small part in designing an excellent course on smoking at Wayne State University, to be used in schools. This is now in the pilot stage in over 50 schools in Michigan. In my opinion it will result in reducing the number of children who smoke and certainly delaying the age at which those who do smoke start.

Speaking as a public health officer I can say with conviction that the control of the use of tobacco is one of our major public health objectives of this century.

Sincerely yours,
WAYNE COUNTY HEALTH DEPT.
Gordon A. Eadie, M.D.
Dir. of Disease Control

Editor:
Read your column about the Seven Mile wooded nature project. It is a smart idea, but wiser to curve those streets some more to make everybody take them slower.

But who's to maintain this wooded nature? Will it have poison ivy, the usual dampness and mud that go with shaded woods. How will they name the fingers?—By two, three or one name circles? Like Finger Point Drive, Footpath Road and Tippy Turn Grove, etc?

Reader 'Speaks Up' About Livonia Politics, Candidates

Editor:
Reference is made to comments, as well as the letter which appeared in your last edition calling the Brashbear supporters, "the old Brashbear gang," and "the old Brashbear machine." There are several points that I would like to clarify at this time.

First of all, you would be very much surprised if you attended one of our meetings, and found that the majority of the key people in Mr. Brashbear's campaign are of the younger generation of Livonians, and furthermore, a good portion of these people, and in fact the majority of them have never been involved in local politics prior to this particular election. The people involved in Mr. Brashbear's campaign are a group of people interested in seeing good government restored in Livonia. These people have deposited in Livonia their most treasured assets, their family, and they are simply interested in seeing that their

city provides all of the opportunities needed for youth, as well as all other citizens, and that the city be given the leadership needed to progress. If you want to refer to these citizens as a machine, then I guess it is certainly yours or anyone's prerogative. As a matter of fact, I invite you to attend one of our meetings, and I believe that you will be surprised as you would know very few of these people that you refer to as the old gang, or the old machine.

You see, many of the citizens that have moved here within the last four years are now involved, such as myself, simply because we have witnessed and experienced local government under both Mr. Brashbear, and the present Mayor. Fortunately, we have a candidate who is qualified in many ways to give us what we feel this city of ours deserves. When one is supporting a candidate like Mr. Brashbear, you can spend your time selling his qualifications,

his background, his abilities, and his ideas, which happens to be our entire strategy.

When one is supporting a candidate who has absolutely no qualifications for the job, and has failed in the meantime, then you are forced to spend your time digging up half-truths, publishing non-existent newspapers, developing slanderous, untrue and treacherous, and whisper campaigns in an attempt to fool the people in putting this type of candidate in office.

In other words, all we ask the people to do is to simply compare the qualifications, and the records that they have before them, and I am sure that they will be able to make intelligent decisions.

Now I imagine a question will be posed as to why all of this new interest in Mr. Brashbear was brought about. Is it because of political gains? Wrong! It is because the people, especially referring to the newer element, were fooled completely the last time, and they are going to assure themselves this time that they will not be fooled again. How, by getting out and working towards putting Livonia back on its path. It might also be interesting to know that it was a committee of young and new people that went to Mr. Brashbear sometime ago, and convinced him that he should certainly give very serious consideration to again run for the office of Mayor, as Livonia needed and deserved his ability, and his experience.

These are the facts and again I extend an invitation to anyone to meet some of the people referred to as the old Brashbear gang, and you will be very much surprised.

Also, in closing I would like to say that we have the support of many of the older citizens, and residents of Livonia, who have shown some small resentment of being referred to as an old machine, but I always remind them of a quotation as stated by a great man, John Fitzgerald Kennedy. "When you are strong, your strength shows, when you are weak, words don't help."

Very truly yours,
Ray Barber
General Precinct Chairman
Residence: Livonia, 4 years

and pensions, are being slowly strangled to death by our City Fathers, who have no concern for us whatsoever, or they would have by now given us some consideration for our tax dollars. This includes past and present administrations — there are no exceptions.

Our area is in the so-called Slum area, therefore, we are not considered at any time by the City Fathers, even though the raw sewage is a serious HEALTH problem — there are open ditches that give off such a stench that they are almost unbearable during the hot summer months.

I would like to add this area is bounded by Six Mile Road to Eight Mile Road — Middlebelt Road to Haggerty Road with a few exceptions, such as Spring Valley Subdivision, Community College and Slavic properties.

I cannot comprehend why people who have better than average intelligence, namely, the Common Council, could be so remiss in their duty to think people will continually pay taxes without services that other people in other areas of the City now enjoy. This, too, is another area of Taxation Without Representation.

Edward C. Wheeler
32630 W. 7 Mile Road
P.S. This property has been in our family for over 60 years, so I know whereof I speak.

lapped arrangement escapes me—especially when all we hear about is the tremendous amount of our National Debt.

It all boils down to one thing: "Them that has . . . Gets!"

With all due respect to our late President, the people who reap the golden harvest in this gleaming are the financial equals of a G. Mennen Williams, Kennedy, Vanderbilt, DuPont, Mellon, Rockefeller, e.g. They can afford a lawyer to find every possible loophole so not one deduction is overlooked. And us? After struggling many hours to complete an honest return we get called in to the Revenue Office during June, July, or August because the contributions listed on our tax form exceed ten per cent of income — and that's most suspicious!!!

It's the same with our local politics, too. He who has a

well-organized machine and money behind him can afford advertising unlimited, cookie-and-tea parties for the absentee voters who reside in convalescent and Old Folk's Homes (with the politician's smile and jovial reminder he is running for Mayor), and many more similar nauseating tactics. Other than his buddies, who will vote for him? The many who have been promised something—like the scraps which fall from the master's table. They're exuberant and blindly satisfied with the prospective grant of their personal desire. The fact that only Brashbear's rich, influential, or closest friends ever benefited from his previous six years as our Horrible Mayor are conveniently camouflaged.

Those of us who have lived

here more than eight years can see through the disguise, however, and recognize that our present Mayor is an Honorable person who has done more for the benefit of the whole city in less than two years than his immediate predecessor ever did or could hope to accomplish in his lifetime.

When Mayor Moelke is re-elected to office—with a Council sharing his concern for Livonia instead of creating an image for a higher political position—and a City Clerk who believes in thinking of his responsibility to the citizens, Council, and Mayor instead of substituting "Scheme," as is the credo of Marie Clark—all of us will be the beneficiaries of his progressive and intelligent programs.

One who hates deceit,
S.O.S.

Editor:
I'm a student in the seventh grade at Whitman Junior High and while in English class I heard my teacher talking about a school system over on the east side of Detroit that was talking about having a four-quarter year instead of two semesters. I think this would be a very good way to set up a school system in Livonia.

Some reasons are that we would be using the school all year around; since they would have to go to school for only three quarters they could take the fourth quarter and get out of school faster; you could take any one of the four quarters and still pass that grade; and when you take a quarter off you have 13 weeks of vacation for a long trip.

Sincerely,
Robert Vaughn

Editor:
In your last issue a news release was printed regarding a meeting of the so-called "N P-Partisans." It was my understanding that this meeting was to be a social meeting of Scully supporters which at the last minute was broadened to include some Bagnall workers. Very few of these were in attendance. I personally was briefly in attendance since I had known Mr. Bagnall, whom I supported as an individual citizen, would be there.

In my absence I was elected, without my knowledge or consent, to a nominating committee of the so-called "Non-Partisans."

Subsequently, on hearing of this, the temporary chairman of this group was informed by me that I could not and would not participate.

I am writing this letter to clarify the reporting of the proceedings.

To the best of my knowledge, if any Republicans are involved in this so-called Non-Partisan group, they do so on their own initiative.

Further, I do not believe that any non-partisan group can be formed on a bi-partisan basis.

Yours truly,
Leonard J. Hippler
Chairman, Republican Party of Livonia

Editor:
Would some kind person please take the time to write and attempt to explain what is so wonderful about the tax-cut bill which was just passed? No matter how I look at it I fail to see anything to get all excited about. So in two years we may have a \$200 to \$300 saving over our present taxes!! Good deal. But where is the equality in the present set-up?

For example: if my husband's taxable income were \$8,000 in 1965, the amount saved would be \$300. Compare that with Mr. Moneybags who has a taxable income of \$400,000, which is 50 times as much as my spouse's. Does he save 50 times \$300 or \$15,000? Guess again, my friend! This outstanding piece of legislation grants Mr. Moneybags a saving of \$62,660 or 208 plus times as much. Somehow the wording was twisted around and what was related to us heretofore as a benefit to the majority of income-taxpayers actually is a benefit to the taxpayers who have the majority of income.

Does it really help those of us in the lower income bracket? Certainly—but it's a soup bone in comparison to T-bone steak. The intelligence of such a

Editor:
The people of the Northwest area of the City of Livonia have received nothing in the way of sewers for the past 14 years.

When we object to the City Fathers putting in sewers for the developers in the South and West end of the City, we are told the faith and credit of the City will not justify the expense for us because of the City Charter (namely the selling of the bonds).

It seems the NW area of the City must be on another planet instead of a part of the City of Livonia when it comes to getting the improvements that are so sorely needed, but we seem to always get our full share of the tax bills at all times.

I am told the City will be completely built up by 1980, so that is only 16 more years to go before we get some relief, also to pay our portion of the city taxes before we get the improvements that other areas now have.

We, who own acreage in this area, living on limited incomes

Editor:
In regards to the 'clearing out of Livonia slums, I happen to live in what the paper calls the slum area. That's right, I think the only ones who use that word slums are the papers.

I've talked with the Planning Commissioner and have attended many Council meetings and have never heard that word mentioned. I live on Camden, one of the three streets that is mentioned in the urban renewal program. The city would like to get federal aid to buy up this land. Well, I wish them luck. I'm sure if a questionnaire were sent to the people in the Haller, Camden and Hartell area north of Plymouth and east of Middlebelt you would find that most of us are in favor of the urban renewal program. I have talked with many of my neighbors and they hope the city does buy up this property for a fair price. The odds are about 15 to one for it.

The taxes that the city would get from industry in this area would be many times what they are getting now.

Good luck to whoever is in charge of the urban renewal program.

Mrs. Ernest Kaminsky
12458 Camden
