In a Nutshell . . .

★ With petitions being circulated urging construction of a municipal swimming pool, City Commissioners Monday evening formed a committee to investigate conversion of the 47-acre Beck Rd. well field to a recreation area, "Camp Plymouth." Abandonment of the well field is inevitable and Commissioner A. E. Vallier said he felt the city should consider development of the site. Vallier and commissioners James Jabara and George Lawton were named to the committee.

★ Other developments this week for the Plymouth Community Fall Festival include a costume judging scheduled for Sunday, Sept. 13 from 4:30 - 5 p.m. at the Bandshell in Kellogg Park. Three prizes will be awarded in one category, based on combined authenticity and originality. Plymouth Historical Society members have been asked to be the judges.

★ Plymouth Service Clubs are bracing themselves for all-time records crowds at the Fall Festival. Lions expect 2,500 persons at their ice cream social Thursday, Sept. 10, JayCeers are planning on 5,500 for their Friday Fish Fry, Kiwanians will prepare for 3,000 at their Saturday Pancake Festival and Rotarians expect 12,500 at their Sunday Chicken Barbecue, with reserve supplies for 15,000.

★ Fall Festival Board President James Thornton will speak at the Plymouth Chamber of Commerce Businessmen's Forum Luncheon on Thursday, Sept. 3 at 12:10 p.m. at Hillside Inn. Thornton will discuss the Festival, its origins, purpose, program and events. For reservations, call GL 3-1540.

★ Plymouth Post Office will be closed for Labor Day, Sept. 7. Only perishables and special deliveries will be delivered, according to George Timpona, postmaster.

IN THE EARLY hours of the evening, when things appeared to be going well, City Commissioner James Jabara, flanked by State Senate Majority Leader Stanley G. Thayer and his wife, Marie, looked at results posted in the Thayer headquarters in Ann Arbor. Thayer lost the race to incumbent Second District Congressman George Meader of Ann Arbor. Jabara was active in the Plymouth area, promoting Thayer's campaign.

City Worries About Case Of Misplaced Reservoir

The case of the misplaced reservoir got the full attention of Plymouth City Commissioners Monday evening in a special meeting at the City Hall.

Commission attention was focused on the project after it was learned last week that construction of the two-million gallon water tank was begun some 500 feet away from the site where test drillings had been conducted.

Work on the project stopped and the Michigan Drilling Company was brought to the scene after ground under the tank appeared to be soft and unstable.

City fathers were told that the drilling firm was on the site Monday morning and had taken one bore at the corner of the tank. Engineer Philip M. Hampton of Johnson and Anderson, Inc., of Pontiac, the city's consulting engineers, said more drillings are to be taken.

Equipment trouble had delayed the drilling tests, he said, but bores should be completed by the end of the week. Borings are scheduled for the northeast corner of the tank, the southeast and southwest corners and the center.

WHILE THE contractor, on his own, decided to stop work until further borings are complete, Hampton said, he didn't know how long the builder will hold up construction with out a stop-work order.

Hampton admitted building began at the site without test borings. Original (Continued on Page 2)

North Side Residents Rap Fire Protection

In the wake of complaints from residents of the north side of Plymouth, Superintendent of Public Safety Kenneth Fisher was ordered Monday to submit a report to the City Commission next Tuesday evening on fire protection in the area.

The protest came from property owners after the City of Plymouth shut down its fire station on Spring St., near Holbrook and moved all full-time firemen to the new City Hall.

Residents claim a long freight train, blocking crossings at Main St., Farmer St. and Starkweather St. could cut them off from protection in case of fire.

"I understand only one man is available up there," Mayor Richard H. Wernette commented about the north side station when the matter came up at Monday's commission meeting.

"ONLY ONE man (volunteer fireman) is living on that side of the tracks," Superintendent Fisher said. However, he contended, it is unlikely that a train would block all crossings.

"Let's not kid ourselves," Commissioner A. E. Vallier objected. "It happens every night." Vallier said long trains, moving slowly through the city, block all crossings regularly.

Fisher was told to submit a report on the matter at next Tuesday's meeting.

AFTER ANNEXATION: Laphams Residents Will Bear Plymouth Taxes

With a vote set for Sept. 14, and approval virtually certain, Plymouth Community School District officials this week were assured that Laphams Corners School District residents will assume their full share of the school district tax load.

About 4 students will be added to the rolls of the Plymouth district following the election.

In a letter to Superintendent of Schools Russell Isbister the Washtenaw County Super-

intendent, Julius W. Haab, wrote that electors of the district will assume responsibility for school district tax levies.

According to Haab, George Schutt, consultant in school organization, Michigan Department of Public Instruction, said:

City Eyes Program For Training Youth

Hoping to take advantage of a co-operative training program, unveiled Monday evening by a representative of the Michigan Employment Security Commission, Plymouth City Commissioners assigned two men to work together and come up with recommendations on the plan.

City Commissioner Robert Smith and D.P.W. Superin-

endent Joseph Bida will report to city lawmakers at their meeting to be held next Tuesday evening.

A representative from M.E.S.C.'s state office in Lansing, Bert Whalen, told commissioners the State Legislature had appropriated \$150,000 for the work training program, designed to provide training and ex-

Proposition Wins Here, Meader Gets Nomination

EDITOR'S NOTE: These results were compiled by The Plymouth Mail with a helping hand from the news department of Radio Station WERE in Garden City. They are incomplete and unofficial.

With figures skimpy and un-official at Plymouth Mailno, assuring passage of the measure.

Wayne County figures on the millage proposal show 195,143 yes votes and 180,590 no, assuring passage of the measure.

With all but 34 precincts reporting in the Second U. S. Congressional District, Meader was leading State Senator Ann Arbor and State Senate Thayer by nearly a 5,000 margin.

Meader had 19,239, Thayer

In addition, County Proposition No. 1, for a one-mill tax increase in Wayne County, carried by a margin of 1643 to 576 in Plymouth and Plymouth Township.

Wayne County figures on the millage proposal show 195,143 yes votes and 180,590 no, assuring passage of the measure.

With all but 34 precincts reporting in the Second U. S. Congressional District, Meader was leading State Senator Ann Arbor and State Senate Thayer by nearly a 5,000 margin.

Meader had 19,239, Thayer

14,316 and Morenci Attorney C. Ralph Kohn had 1,103.

IN AN extremely close Democratic primary for the Congressional nomination, results were unconvincing and subject to change. Gerald E. Faye of Ann Arbor showed a slight edge over his opponent Weston E. Vivian, also of Ann Arbor. Faye had 7,724 to Vivian's 7,623.

In other races, directly affecting Plymouth, extremely tentative reports seemed to indicate that former Garden City Mayor James Tierney was building up a lead over his closest opponent, Charles E. Lowe in the race for the Democratic nomination for the 36th State Representative District which includes Plymouth and Plymouth Township.

Tierney compiled a 1941 to 1989 lead over Lowe in combined unofficial results that included Plymouth, Plymouth Township and part of Garden City.

Unopposed for the G.O.P. nomination, Plymouth attorney W. Wallace Green had a total of 1,458 in the same tally.

Plymouth Township Republicans: Chandler, 394; Kern, 53; Prescott, 109; Wagenschutz, 111; and Westlund, 27. Democrats: McCarthy, 121; Mullaney, 82; and Vallier, 176.

Approve Loan for Addition at D.S.I.

Announcement of a \$276,000 development company loan was made public today in a telegram sent to The Plymouth Mail by U.S. Senators Philip A. Hart and Pat McNamara.

The money will be used to finance an addition to the Distribution Service, Inc. (D.S.I.) plant in Plymouth. The text of the telegram follows:

"Pleased to advise that the Small Business Administration has approved a \$276,000 development company loan for the Plymouth Community Industrial Development Corporation, Plymouth, Michigan which will be used to finance an addition to the Distribution Service, Inc. building in Plymouth."

D.S.I. recently occupied the nearly finished addition and began production from it last week.

Sorry To be Late

Yes, we're sorry we are late, but we thought you might appreciate election results.

The Plymouth Mail accordingly delayed production of this week's paper until Wednesday morning to bring you up-to-date coverage of the primary election.

The step is in keeping with the 76-year tradition of service of your community newspaper.

Also, because of Labor Day next week, The Mail will publish on Wednesday. All correspondents and advertising accounts are asked to submit their copy as early as possible. Thank you.

V.F.W. Just Misses in National Competition

Not content with being merely best in the State of Michigan, Plymouth's V.F.W. Mayflower Post Color Guard and the Ladies Drill Team brought home honors, won at a national level, from Cleveland, O. last week.

Both teams, competing against others from across the nation, missed first place by the narrowest of margins.

Plymouth's state championship color guard was edged out by a score of 90 to 89 in competition with a group from Elmhurst, Ill.

In a heartbreaker, the Plymouthites — led by Hal Young — found themselves just one point from the championship of the United States.

Missing by an even narrower margin was the Auxiliary Senior Ladies Team.

"These courageous and determined groups from . . . Plymouth are not to be sneezed at by the heavily financed units from larger cities," a post spokesman said.

About 50 members of friends of Plymouth Mayflower Post 6695, including drill team members, attended the convention and competition.

MEMBERS of the men's team are pictured below. Women's team personnel include Mrs. Bouterse, Delores Olsaver, Betty Neal, Norma McKindles, Gert Danol, Eileen Williams, Lucy Johnson, Loretta Young, Bernice Koponski, Marion Skoglund, Gerry Olson, Betty England and Norma Fletcher.

Tentative schedule for the men's unit for the remainder of the year includes the Pageant of Drums here in Plymouth on Sept. 12 during the Fall Festival, participation in dedication ceremonies at the City's new City Hall and presentation of colors at the Schoolcraft College dedication at a later date.

The women's team will assist the men in promotion of the Pageant of Drums.

A GIRLS' drill team from Milwaukee, Wis. slipped by the Plymouth women with a total of 87 points, compared to the local team's 86.55 — a margin of less than 1/2 point.

Although disappointed at losing first place, Young, officer of the day for the Color Guard, and Dolly Bouterse, Sgt. for the Auxiliary Drill Team, praised their units for excellent performance, both on and off the field of competition.

Up to date information from Plymouth V.F.W. Mayflower Post 6695's Pageant of Drums Committee this week spelled out the program for the event to be held Saturday, Sept. 12 during the Plymouth Community Fall Festival.

The Pageant of Drums scored a hit with local residents last year during Festival time.

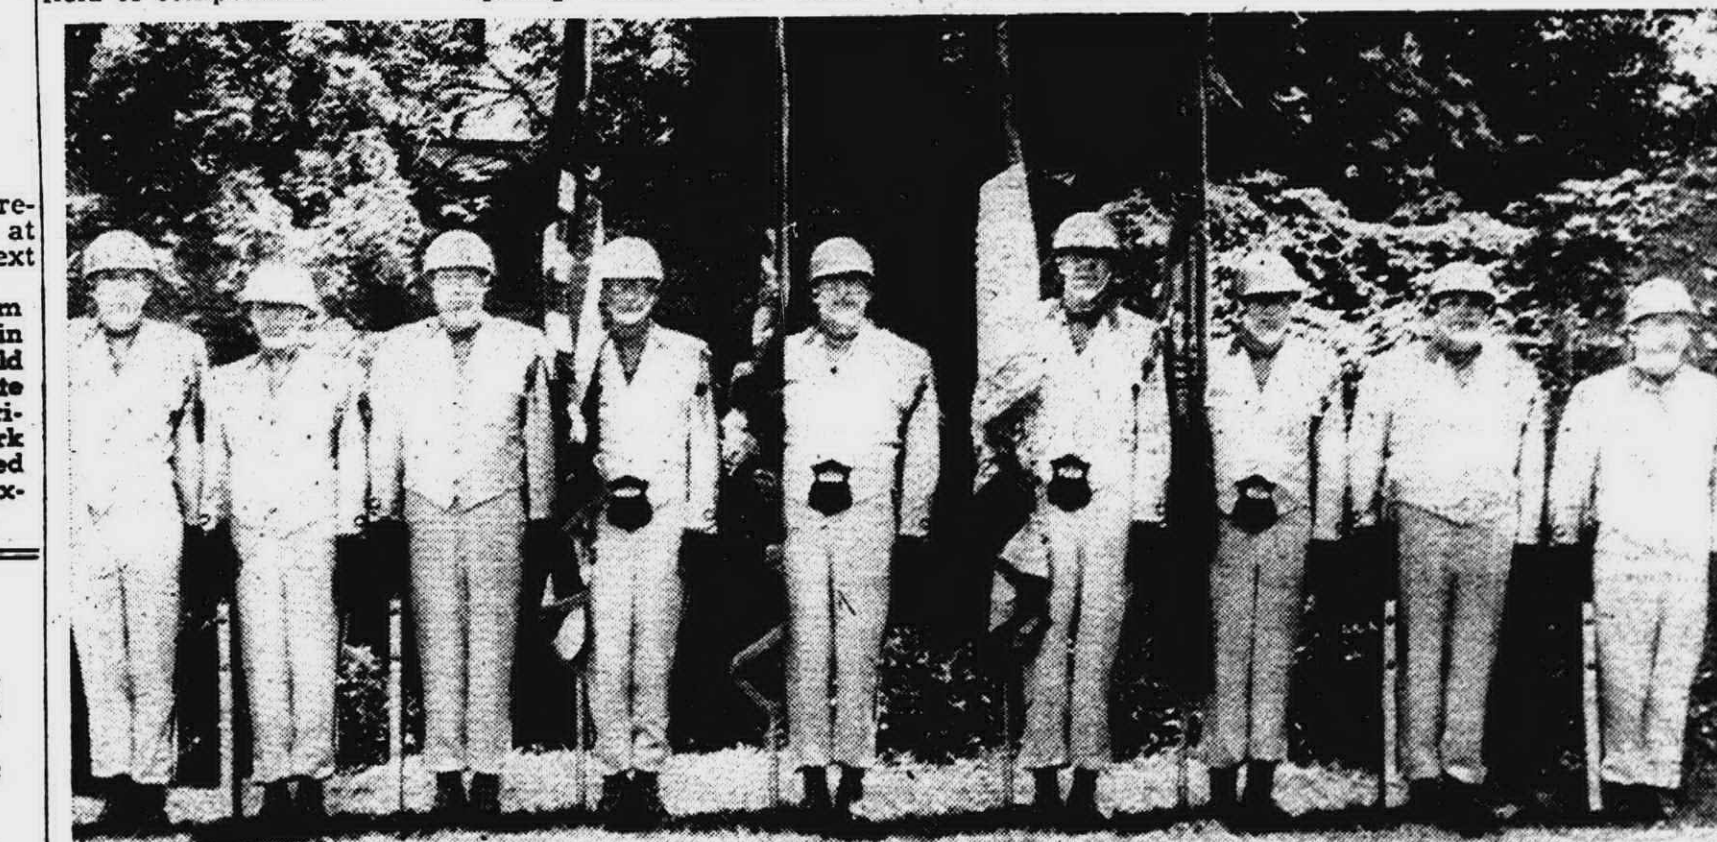

This year, on Saturday from 5 to 6 p.m., all participating drum and bugle corps teams will enter a brass quartet in competition at the Kellogg Park Band Shell.

A stirring exhibition of drums, featuring the 1964 champion "Royal Lancer Percussion Quartet" will also be heard at that time, according to Post publicity chairman James McKindles.

Judges for the event will be Col. Edward Jacobson and John Schaff, both members of the National All-American Judges Association.

BEGINNING at 6:30 p.m. all units will parade through downtown Plymouth to the athletic field at Plymouth High School. Both drill teams and drum and bugle corps will start their exhibition of marching and musical pageantry at the field at 7:30 p.m.

Hal Young's V.F.W. Color Guard saw the participating units last week at the National V.F.W. convention in Cleveland, O. where local (Continued on Page 5)

City Worries About Case Of Misplaced Reservoir

(Continued from Page 1)

borings, he said, had been taken at a point about 450 feet north of the construction site.

"Then," asked commissioner A. E. Vallier, "there was a mistake by your engineering field crew?"

"That is correct," Hampton replied.

The engineer said drilling at the building site revealed a seven-foot thickness of unstable material. He was asked to report back to the city commission with recommendations at the regular meeting scheduled for next Tuesday.

According to city officials, what happened at the reservoir construction site, on Beck Road between Five and Six Mile Roads, was this.

WHEN THE City first considered purchasing property at the location, a field crew from Johnson and Anderson was sent out to conduct test drillings. However, it was decided to switch the location and the crew was sent out again.

The second set of drillings was taken from exactly the same point as the first set, even though the reservoir was scheduled to be built some 500 feet away. Estimates of work done to date, ranged as high as \$20,000.

At the request of Mayor Richard Wernette, in an attempt to determine liability, City Attorney Edward F. Drangelis re-examined the contract.

Drangelis said the contract specifically states that the contractor shall make his own determination on soil conditions.

MORE NEW industry is apparently on the horizon for Plymouth as commissioners authorized Mayor Wernette and City Clerk Richard Shafer to execute an agreement with Standards, Inc. The agreement will clear the way for Penncraft Tool Co., Inc. a division of Howell-Penncraft Corporation to purchase two and one half acres

of land in the city's Industrial Park.

Also, preliminary steps were taken which indicate yet another firm for the city's Industrial Park on Plymouth Road. Commissioners authorized advertisement for bids on a three and a half acre site, located next to the R.C.A. plant.

Unanimous approval was given to an agreement with Bathey Manufacturing Company for the sale of urban renewal property, adjoining the firm's location on Mill St. Sale price will be in excess of \$13,000.

The City of Plymouth will clear the land of trees for the purchaser. Before two years are up, City Manager

Albert Glassford reported, Bathey expects to construct a plant addition at the site.

OTHER action at the meeting saw the city's governing body approve a recommendation for a separate telephone line for outgoing calls only at the City Hall. The line was recommended to provide an extra chance to maintain communications during storms which either knock out or tie up existing telephone equipment.

City management was authorized to investigate the possibility of a city industrial display to be shown at the Michigan Municipal League Convention at Lansing, Commissioner George Lawton said

he would encourage the Chamber of Commerce to bear a portion of the cost.

Approval was granted for the sale of candy by the Junior Tennis Club, providing clearance is granted by the Department of Public Safety and no conflict with the Fall Festival exists.

Also approved was the Fall Festival program and request for services from the City of Plymouth.

Register for Recreation Courses September 8-11

Registration for adult education and recreation courses and high school and college evening credit courses will start Tuesday, Sept. 8 and continue through Sept. 11, at the high school from 9 a.m. until 5 p.m.
 Additional hours have been set for Sept. 8 and 9 from 7-9 p.m. Phone and mail registrations also are being accepted by the Recreation Department, according to Herbert Woolweaver, director.
 Although you may register for classes at their first meeting, Woolweaver urged persons to register during the

registration period to insure that the class will be offered. If an insufficient number of persons register for any class, it will be dropped, Woolweaver explained.

The welding course originally offered in the program has been combined with Schoolcraft Community College's course and classes began Aug. 31. There is still time to enroll, however, Woolweaver said.

Recreation courses to be offered this fall include commercial art, wood shop, basketball, ballet, sewing and shorthand.

American history, beginning shorthand, beginning and advanced typing, occupational English and retailing are being offered for high school credit. College credit courses offered through Eastern Michigan University, will include teaching modern mathematics, classroom problems in reading in elementary school, guidance, and parent education.

To register for any course or for further information, call the recreation department, GL 3-3100, ext. 4.

Plymouth State Home Auxiliary Sets Coffee Hour

The Auxiliary of Plymouth State Home and Training School, Sheldon Road at Five Mile, is planning a "Get Acquainted Coffee Hour" to be held in the hospital-administration building Thursday, September 17, from 9:30 to 11:30 a.m.

This informal but informative get-together is being provided as an opportunity for all interested persons to become better acquainted with the varied programs and volunteer services offered to the training school's 900 retarded children.

The first hour will include a welcoming address by the Administrative Assistant, George Ebling, Jr., a colored slide presentation by William Boyd, Community Relations Director, and a brief ceremony recognizing the outstanding service of 24 volunteers. The last hour will be devoted to sociability.

Mrs. John McIlhargie, moderator of the Auxiliary's advisory council, expressed the hope that many of those who will attend the function may subsequently feel encouraged to share in the significant activities of the Auxiliary as volunteers.

"With three new buildings scheduled for completion by next July," Mrs. McIlhargie said, "expanding facilities invariably necessitate a growing volunteer force to meet the many needs of an expanding patient population."

Although this event is part of their annual recruitment drive for new members, the Auxiliary stressed the fact that the general public is invited and encouraged to "get acquainted" at the coffee hour.

Set "Y" Membership, Fund Drive

"Partnership with Youth — A Sound Community Investment" is the theme for the annual Y.M.C.A. membership and fund raising drive set for Sept. 14-16 in Plymouth.

The Y.M.C.A. is an association of people who work together for the benefit of youth. Its program is directed primarily to young people and the organization includes men and women of all ages and walks of life.

The Board of Directors has approved a \$14,000 budget for the coming year. Members give their time, talents and money to help provide a program for high school youth through the Hi-Y Club which helps youth deal with personal problems and concerns, trains them to become good leaders and gives them experience in responsible citizenship and community services.

THE PURPOSE of the Y-Indian Guides program is to develop the beginnings of comradeship between boys and their fathers at an early age. It is the only nationally organized father-son program with this objective.

The youth employment program, under the direction of John M. Hoben, is another service of the Y.M.C.A. More than 1,100 applicants have been registered by the program this year and more than 700 of these have been employed.

With the help of interested citizens and Service Clubs a newly-installed Y.M.C.A. program this summer provided camping, canoeing and living out-of-doors experiences for 46 junior high school youth. This program was directed by Hoben and Tom Workman.

Another program sponsored by the local Y.M.C.A. and conducted by interested local residents was the Sex Education Program for junior high school youngsters and their parents.

The Y.M.C.A.'s purpose is to help young people achieve physical, mental and spiritual fitness and develop high qualities of character and Christian citizenship.

Laphams Residents

(Continued from Page 1)

"... If the electors of the Laphams Corner School District decide by an affirmative vote on Sept. 14, 1964 to divide their district they will automatically assume their pro rata share of all the tax levies of the respective annexing districts, including the levies for the 1964 tax year."

THIS MEANS that Laphams Corner residents will be taxed at the Plymouth District rate of 23.71 mills. Schutt cited Michigan Law as his basis for decision.

However, Haab continued in his letter, the board of supervisors shall not levy, in the year voted, any tax levy voted on or after Sept. 15.

Therefore, Haab pointed out, if the electors of the Laphams Corner District vote in the affirmative on Sept. 14, it is imperative that the boards of the annexing districts (Plymouth and Geer) file a resolution certifying the taxes to be levied with the Salem Township clerk prior to Sept. 15.

Actually, what is taking place is that Laphams voters will vote on splitting their district in such a way that all students living within it will be attached to the Plymouth District.

Only a small portion of the Laphams District, without student population will be attached to the Geer District in Washtenaw County. The Plymouth Community School District has no voice in deciding whether it can or cannot accept Laphams students. State law requires that the Plymouth District accept the annexation.

The water meter department is operating from the department's new building at 975 Arthur St. The downtown business area was swept three times. Post Office Carriers Receive Safety Citation

Plymouth mail delivery carriers received high praise from Postmaster George Timpona for earning a safety citation from Chicago Regional Director Donald L. Swanson.

The Postmaster advised his drivers that they had made a significant improvement in the safety record of the post office and also contributed to the local community safety effort. In making the award, the Post Office Department reviews the accident experience of each postal installation having a fleet of five or more vehicles, and determines the winners on the basis of fewer accidents, lowered cost and a reduction in casualties.

Swanson said it was especially gratifying to honor Plymouth Post Office drivers in view of the difficult traffic and adverse weather conditions.

In addition to the fleet award each driver receives a National Safety Council Safety Award for each year that he drives without having a preventable accident.

IT SURE TAKES MONEY TO "MAKE THE SCENE" AT COLLEGE!

That's the truth! Tuition bills were never higher. All those little "extras" that add so much to college life... They cost more too! Which is why so many smart parents call on us for a college loan. (They cost less at the Credit Union.)

Appoint New Manager at First Federal Savings

Announcement of the appointment of Paul W. Reifel as manager of the Plymouth (Mich.) Branch of First Federal Savings of Detroit was made by Hans Gehrke, Jr., president of First Federal, Michigan's largest savings and loan association.

The retirement of Perry Richwine, who has headed the branch for 11 years, was announced last week.

Reifel, a native of Pioneer, O., came to Detroit in 1942 and joined First Federal at its downtown headquarters eight years ago. Later, he was promoted to assistant manager of the Highland Park Branch, where he remained three years until his appointment, five years ago, to the managership of the Warren-Woodmont Branch in Detroit.

Reifel's educational background includes three years at the University of Michigan School of Business Administration. He has also completed real-estate courses in U. of M.'s extension program.

Mr. and Mrs. Reifel presently are residents of Northwest Detroit. In announcing Richwine's retirement, Gehrke said:

"Perry Richwine has been a stalwart in the First Federal Savings organization, as he has been in the community life of the Plymouth area. We can only wish that he will find new measures of contentment and happiness as he retires from our group."

"Paul Reifel has made a fine record for himself in Highland Park and at our Warren-Woodmont office," Gehrke added, "and we feel he will become a worthy successor to Perry Richwine in serving the people of Plymouth and vicinity."

CONGRATULATING newly appointed office manager Paul W. Reifel, of Plymouth's First Federal Savings and Loan Association office, right, is Hans Gehrke, Jr., left president of First Federal. Looking on is retiring office manager and vice president Perry W. Richwine of Plymouth. Richwine has been with the financial

institution since 1953 when Plymouth Federal Savings merged with First Federal. He was feted at a Monday noon luncheon, attended by friends and employees of the local First Federal office. Richwine will devote his time to his own law practice here in Plymouth.

Plymouth High School students resume classes at 8 a.m. Sept. 10, also. School closing time is 2:38 p.m.

New residents with school-age children should register their children at the nearest school or call the Central Administration Office, GL 3-0200. School offices are open daily from 8 a.m. until 4 p.m., and the administration offices are open from 8 a.m. until 5 p.m.

Plymouth Community School District teachers will report to Plymouth High School, Tuesday, Sept. 8 at 8 p.m. for pre-school conferences. Included in the morning's activities will be a lecture, "The Challenge to Teaching Children in Today's World," by Prof. Stanley Diamond, professor of education, University of Michigan.

Staff meetings have been slated for Tuesday afternoon, and pre-school conferences for teachers will continue Wednesday, Sept. 9 and will include a tour of the community and a reception for new teachers.

City Clerk Gets Challenge from Y's Men Clubs

A challenge and a hard job lie ahead, beginning Sept. 1, for Plymouth City Clerk Richard Shafer.

That's the day he assumes duties in charge of a nationwide effort to promote contributions for the Paul William Alexander Scholarship Fund, supported by Y's Men Clubs throughout the world.

The clubs are the international service organization of the Y.M.C.A. with chapters in 42 countries.

Scholarships provided by the fund are used to finance education for both men and women preparing for Y.M.C.A. secretaryship.

DURING HIS time in office, Shafer will be working with regional directors in the U.S., Canada and overseas. He will try to get each club to participate with contributions.

Shafer, a former resident of Ann Arbor, belongs to the club in that city. The scholarship fund became a major service project of the organization in 1958.

Over 300 scholarships have been given out to date, Shafer said. A minimum of \$20,000 is needed this year to handle present applicants.

A past regional director for the fund, Shafer was the first man to secure 100 per cent participation from Michigan clubs.

perience for youth, primarily school dropouts.

The new law, he said, provides \$260 for each trainee on a six-month basis and requires matching funds from the local government unit. It also stipulates that the trainee attend some school classes.

REQUIRED, he said, are at least 30 hours of training, but M.E.S.C. would like to see hours approach 40. The philosophy underlying the program, Whalen pointed out, is the same as that behind Federal job training plans.

He said the work training can be operated through cities, townships and school districts — any local governmental unit. It provides for both dropouts and high school graduates who are unemployed.

Under the program, he said, the City of Detroit would probably get between 75 and 100 trainees and Wayne County about twice that many. The local M.E.S.C. office, Whalen pointed out, has applications from 300 youngsters on file — 81 of them school dropouts.

Democrats running for the nomination for State Senate were being led by James McCarthy of Livonia with 3,637, followed by Livonia attorney Joseph Mulvaney with 1,983 and Plymouth City Commissioner and Wayne County Supervisor A. The joke is no longer funny

Some weeks ago, with tongue somewhat in cheek, the editor of this newspaper, in his weekly column, poked fun at the Plymouth Fire Department's decrepit ladder truck.

In light of a recent tragedy that befell a City of Livonia fireman, the joke is no longer funny.

The firefighter, riding on the rear of a too-old fire truck, suffered the loss of both legs after the vehicle was struck in the back by a car.

At present, the Livonia public — incensed by the useless loss — is raging for an answer. Why, they are asking, was not more up-to-date equipment provided for the men whose lives are apt to be threatened in the line of duty?

A good question. Why? You don't have to be in newspaper work for long before it becomes apparent that the firemen of our country are ill-appreciated and little rewarded.

The public seems to suffer from the misconception that these men have nothing to do between blazes. Dog-tired from a training exercise

and hours maintaining equipment, a firefighter has only to relax for a moment before some uninformed joker wanders through and inquires, "Is that all you guys have to do is sit around? What a soft life! What a racket!"

Firemen work hard, even when there are no fires.

For that reason, Deputy Fire Chief Charles Groth of the City of Plymouth and his men and Plymouth Township Fire Chief Barney Maas and his crew deserve more tribute than we could possibly pay.

They are ready to risk their lives for you at any given moment.

The Plymouth Mail thinks they should be honored. We issue them a vote of thanks just for being on hand.

And we think, in the City of Plymouth, efforts should be stepped up to locate and secure a more suitable ladder truck than the relic we currently have.

Our firemen are too valuable to sacrifice because of out-dated apparatus.

AGAIN, THIS year, the Vacation Land Sweethearts of Port Clinton, Ohio will be featured in Plymouth VFW Mayflower Post 6695's Pageant of Drums, to be held Saturday, Sept. 12 in conjunction with the annual Plymouth Community Fall Festival. They will be among more than 400 youngsters from Michigan and Ohio participating in the event. For further details see front page story, this issue.

For good public relations

Like any newspaper, The Plymouth Mail gets more than its share of cross each morning when we find our mail box loaded with offerings from the intellectual desert of public relations.

Virtually all of it is useless, most of it is uninspired and some of it is, to be honest, just plain irritating.

A case in point is the nothingness with which railroad P.R. men seem compelled to afflict us.

One week it's a voluminous press release from J. Hiram Woodie, president of the line, who is saying that he thinks the railroad will keep its museum in Podunk, Idaho open as long as public demand remains at its current high level.

This may be followed by a quarterly report from another railroad, prefaced by a glowing introductory note telling us how the line has increased service, lowered maintenance costs, and generally created a virtual freight-car utopia.

All of which leaves us rather cold. Public relations, one enlightened soul has said, is the art of treating the public as though they weren't your relations.

We would suggest that not only have the train companies failed to do this with Plymouth, they have relegated us to the status of poor cousins.

For proof, all you need do is trundle down Main Street to the

crossing and watch for a few minutes. It won't be long before an endless freight flashes across the street at about five miles per hour.

Having just about made it across with all 200 cars, the engineer, or his co-pilot, or the feather-bedder the railroads are always complaining about, decides the whole shebang should back up.

Sometimes, it seems like the whole crew has ducked into Bode's Coffee House while one guy slowly inches the train back and forth in front of the stacked up traffic.

Late afternoon is the best time to watch. Cars, trucks, school buses, bicycles and other assorted vehicles stretch as far as the eye can see on either side of the tracks. The Kroger parking lot is packed with irate people who can't get out because of the traffic jam.

And, while tempers fray and people tire, the iron serpent glides inexorably this way and that. While we realize there are problems involved in routing a large freight through town, we think the railroads could come up with some method of doing it less painfully.

If it takes money and the engineering departments are at the end of their fiscal rope, we offer this solution:

Chop a few dollars off the P.R. budget.

It would be good public relations.

LETTERS:

Call for Disbandment of Hot Rod Society

Although this touches just one of the many problems faced daily by Plymouth police we'd like to see a prompt disbandment of the Main St. Hot Rod Society, by use of whatever methods are necessary.

Does this sound intolerant or un-understanding of the age group involved? Could be, but we're getting pretty impatient with these half-baked, tresquealing imbeciles who are seen and heard nightly, taking off down Main St. like they're being chased. In our book, they should be!

Every week someone's pet is scraped off the pavement (true, these unfortunates usually belong to the ones who don't care enough to keep their friends at home), but sooner or later it will be some hapless individual walking across the street. Could be me! — or you.

Anyone who lives within two blocks of the area knows what this is all about.

Certainly Plymouth is fortunate in having the caliber of

police group that it has. But, in this particular connection, we feel that the fellows in uniform should be "tough guys," not crowd-pleasers.

We'd like to see Plymouth police officers given a full "go-ahead" by their superiors to do the utmost, within the scope of their powers and authority, to get across the

idea that clowns are for circuses, not city streets.

There's a terrific drag-strip out on Dix Rd. Prizes, too. Why can't we work up a few trophies for the Main St. course? Inscribed, maybe: "This entitles bearer to one 30-day license suspension."

"MALARKEY"

The Plymouth Mail Plymouth, Michigan Dear Editor:

I read with much interest the editorial page of the August 25 issue of the Mail, especially the paragraphs concerning Mr. Paul Chandler.

That was a gem of inaccuracy and inconsistency, especially the "malarkey" about the fourth estate, which was followed by your endorsement of Mrs. Webster, who also owns an interest in a newspaper.

As to Mr. Chandler's qualifications, he has been given the highest rating by the Civic Searchlight of any of the candidates seeking the Republican nomination for the State Senate in the 14th district.

Your chosen candidate, Mr. Prescott, was given no rating by the "Searchlight."

Perhaps as a rather new resident of Wayne County you are unaware of the reliability of the research work done by this organization into the backgrounds of candidates in Wayne County over the past forty years.

As to Mr. Chandler's health interfering with his Senate duties, I seem to remember a remarkable man who was a paralytic but who made quite a record in the White House. Also "Ike" with his coronary and John Kennedy with a back ailment. And didn't President Johnson have a heart attack some years ago?

Professor Samuel Eldersveld, whose name appears on this letter-head, is the chairman of the Political Science and is a former Democratic Mayor of Ann Arbor. On the enclosed flyer I have circled those in the Political Science Department so that you may inquire about Mr. Faye's qualifications.

The central issue in this primary is not the issues, but the qualifications, maturity, integrity, and ability of the candidates. Wes Vivian has been a success in his chosen profession, is respected by his colleagues, and has a record of leadership in the party and in community affairs. Mr. Faye does not qualify on any of these.

I hope that in the future you will look further into the candidates records before passing judgement.

Sincerely yours,

DISMAY-SHOCK

Editor Plymouth Mail Dear Editor:

I read your editorial page with a sense of dismay and shock. While I am willing to take a large share of the blame, I feel that an editor owes it to the candidates and his readers to investigate in some detail the alleged background and experience.

Let me begin by informing you that Mr. Faye is not an instructor, teacher, or member of any department of the University of Michigan. Furthermore, several years ago when he was a teaching fellow and graduate student, he so impressed the staff of the Political Science Department that none are supporting him in this campaign.

The Grim Pilgrim

By DAVE WILEY

With Plymouth moppets, lunch buckets, in hand, about to regrettably wend, their ways back to halls of higher learning, we are about to witness a resurgence of the mass mania that revolves about inter-schoolastic sports.

And, as local athletes prepare to return to gridiron and cross country course, I am increasingly bothered by remarks — heard here and there — about the Plymouth Community School System.

Profound comments, these, that issue from a guy who sidles up with a disturbed frown clouding his features and queries:

"Hey, you know what?" "No, what?" and having said that much, you know you've made a mistake as old worry-wart settles in his chair with an expansive, if troubled smile and prepares to fill you in.

"I have never," he allows, "seen a buncha people like the ones who run the schools here. They don't give no credit to the athletes. Hey, did you know that we won the championship here last year and the schools didn't do nothing for the team?"

"Is that so?" you say. "Yep, they didn't do nothing — nothing at all." My pal stuffs an odiferous tube of dark brown tobacco in his face and, filling the room with dense clouds of choking vapor, warms to his subject. An hour later he concludes with the observation:

"And you know something else? All they're interested in around here is turning out little eggheads. Waddaya think about that?"

Frankly, Ace, I think it's refreshing.

I think it's bully to stumble across an isolated educational system that doesn't spend quite all of its time paying homage to the great god of mental mediocrity.

Too long, here in the remains of Henry Menck's Bible Belt, our school systems have been dominated, structured and controlled by persons that the Baltimore iconoclast dubbed "booboisie."

In many communities, these unfortunate mutants in reverse are still predicting educational philosophy on the theory that junior can still make a success of himself with brawn, energy and a double-bit axe. They are throwbacks to a bygone age.

They are the ones who make colossal collective asses of themselves in the stands at a football or baseball game. Screaming profanities, they are at once more expert than the coach, more perceptive than officials, more knowledgeable than those who set league rules.

 "GET THE BIG PICTURE" is a traffic safety rule we stress with our drivers at all times—but especially now that school is starting again. Every telephone company worker who drives one of our cars or trucks is taught to be especially alert whenever a youngster appears anywhere in the "big picture"—behind or to either side of his vehicle, as well as ahead. That way, a child's impulsive decision to stop or change direction can be seen in time to avoid injury. "Get the big picture" ... just one of the good habits Michigan Bell instills in its driver employees through a company-wide, year-round safety education program.

 POINT TO REMEMBER—telephones are everywhere. And that's exactly what makes your phone so valuable to you. Because your doctor, your TV repairman, your son's school all have phones of their own, you can reach them instantly and easily. And that goes for countless other people and companies you may need to talk with in a month's time. In fact, Michigan Bell now serves over 3,300,000 telephones throughout the state, each adding to the potential usefulness of your phone.

Football Practice Begins In Earnest

Plymouth High School football practice got underway in earnest Monday when two twice-a-day, two-hour sessions began officially. Over 100 candidates drew uniforms Saturday in preparation for the heavy drills.

The squad will practice for two hours starting at 8 a.m. and another two hours starting at 7:30 p.m. each day. Many potential players have been conditioning on their own for the past few weeks.

The coaching staff has only until Sept. 18 to get ready for the season's opener against Northville, which is also the home opener for Plymouth.

Sixteen letter winners

are returning to bolster Plymouth's pursuit of another Suburban Six Championship. They will be joined by 20 reserve letter winners and dozens of others hoping to make the team.

Coach John M. Hoben's big search this year will be for a couple of capable tackles. Aside from this glaring weakness the squad on paper, at least, looks strong enough to provide an interesting season.

They'll have quite a row to hoe to match or better last season's performance, which saw Plymouth win the Suburban Six Championship with a 7-0-1 overall record.

FOOTBALL TIME — in Plymouth is marked by issuance of equipment to potential players. Among those being checked by Plymouth coach Tom Workman are Jon Adams, a halfback, and Joe Whitman, a guard. Both are juniors and were members of last season's junior varsity squad.

"Punt, Pass, Kick" Registering Now

Plymouth area punters, passers and kickers from ages 8-13 may sign up with Plymouth Ford Dealer Leo Calhoun for the nationwide Punt, Pass and Kick competition this fall.

Registrations are being taken from today to September 9th.

Prizes include a trip to the runner-up Bowl game on January 3rd for the 12 finalists and an all expense tour of Washington, D. C. for the youths and their parents on December 30th.

Local winners will receive an NFL warm-up jacket, while those who are second will get a place

kicker outfit and third place performers will receive an autographed football.

District winners will get plaque awards and the Division winners will get the trip to Washington and Miami. The final champion in each age group will get a PPK trophy.

Local winners will be picked in local, Ford dealer-sponsored competitions. The winners will go to district competition and the district winners will be invited to area competition, which in Detroit is scheduled for November 22nd.

The contest is sponsored by the Ford Dealers of America and the National Football League.

FINAL CHECK IN — for Plymouth Football Coach Mike Hoben took place last Saturday when he greeted candidates for his 1964 Plymouth football squad. In line here are Randy Blackford and Dan Tripp.

Michaels In Finals

Ex-Plymouth high school swimming star Richard Michaels is in New York this week to try out in the 100 meter and 200 meter backstroke events for the United States Olympic team.

Ohio State, previously qualified for the Olympic finals in meets at Marion Ohio and Cuyahoga Falls. He is the son of Mr. and Mrs. Melvin Michaels of Arthur street.

The Sporting Thing

By Bill Nelson

The thumping and thudding in back of the high school these days is the hard work that goes into the making of a high school football team.

Plymouth fans will get their first look this year against Northville, the traditional opening game foe. Last year Northville was beaten 26-6 (it was 6-6 at the half), but the Mustangs have always provided rough opposition although they are a Class "B" school and Plymouth is Class "A". The closeness and similarities of the neighboring towns apparently does something to level any differences in player size or talent.

The following week the Rocks travel to Farmington and this has always been a thriller. Last season the result was 26-13 in favor of Farmington.

The Bentley game in Plymouth on Oct. 2 is the Suburban Six opener and again ought to be a good battle. Last season the score was 13-7, Plymouth on top.

"Trenton and Belleville" says head coach Mike Hoben in answer to the question of who is figured to be fought. The first of these comes Oct. 9, when Plymouth travels to Trenton. Last year the Rocks barely won 6-0 in the years roughest sock-em, rock-em game.

Plymouth's Homecoming Game the following week features Redford Union and this school has traditionally been the patsy of the Suburban Six League. The Allen Park game at Allen Park the following week could be another breather. The Rocks won last year 38-0.

If things are perking along smoothly after the first six games, the Oct. 30 game at Belleville could be the game of the year.

Last season the two teams played a ding-dong 33-33 tie in which the game was tied at the beginning 0-0; at the half 20-20 and at the end 33-33.

In the first half Belleville was down two touchdowns and in the second half Plymouth trailed by two touchdowns at one point.

Plymouth concludes the season with another stiff battle against Walled Lake. Last season the Rocks won 12-7, but the Lakers have always been a powerful football team and should be again.

Plymouth plays two of what appear to be its three toughest games away from home. Both the Trenton and Belleville games are away, while the Walled Lake game is here in town.

Plymouth's Athletic Director John Sandmann reports that he will make no recommendation on any successor to head coach Mike Hoben until after the end of the football season.

"It would be unfair to the present team and to Hoben," Sandmann says. "We have 11 or 12 weeks of football ahead of us and we ought to be concentrating on that."

So much for that.

Sandmann is also Plymouth's cross-country coach and while the runners don't get underway for a couple of weeks, Sandmann forecasts "a definite improvement" over last year's team. Plymouth was fifth in Suburban Six cross-country competition last year.

"We have a fair nucleus returning," Sandmann says, "but it is too early to make a precise prediction — there will be improvement."

AAUW Slates Campaign for Listening Post

In order to inform a greater number of Plymouth Community residents of the unique Listening Post series sponsored by the Plymouth branch of the American Association of University Women (AAUW), the group plans a neighborhood campaign to distribute literature and sell tickets.

Members of AAUW will distribute literature on the three lectures for the coming season to 2500 homes in the area Sept. 9-11.

The lecture series opens Wednesday, Oct. 21 with the chairman of the University of Michigan Journalism Department Wesley Mauer speaking on "The Meaning of the Conflicts of Our Time." The director of the Detroit City Planning Commission Charles A. Blessing will speak on

Thursday, Jan. 23 on "Comprehensive City Planning and Development."

Closing the season Tuesday, March 2 will be an art historian and his concert pianist wife Prof. and Mrs. Ernst Schever. They will correlate the music, art and literature of these periods. Schever will lecture and his wife will illustrate with music.

Proceeds from the program will be given to the AAUW Fellowship Fund, part of which provides a scholarship to Schoolcraft College for one girl each year.

Chairman of the campaign is Mrs. J. M. Hopkins. Assisting her are Mrs. R. V. Messerly, Mrs. T. Deveraux, Mrs. J. Anderson, Mrs. W. Riley and Mrs. R. Probeck.

Rotary - Anns Plan Fall Festival Booth

Items made by handicapped persons will be featured in Plymouth Rotary-Anns booth at Fall Festival, Sunday, Sept. 13.

In order to reach more people the sale was moved into the Fall Festival activities on the same day as the Rotary Club's Chicken Barbecue. In the past it has been held during the week of Thanksgiving in a local grocery store.

Handicapped persons making the goods place the prices on their items and receive all proceeds from sales. Rotary Anns handle the sales in the booth as a service project.

Christmas cards made by a man who is completely paralyzed and holds a paintbrush in his teeth to do pen and ink sketches will be among the handicrafts for sale.

Fall Festival souvenir ashtrays with either the Town Crier or Rotary Seal painted on them have been made by the handicapped and will be sold in the booth.

Samples of hand-crocheted bedspreads and tablecloths also will be shown and orders taken for them.

The handicapped workers are sponsored by the Easter Seal Society of Western Wayne County and are a project of the Plymouth Rotary-Anns.

A candlelight, evening ceremony in St. Thomas the Apostle Catholic Church, Ann Arbor, Aug. 21, was the scene of the marriage of Linda Louise Heric and Jerry Alan Carlson.

Parents of the couple are Mr. and Mrs. M. J. Heric, of 9317 Southworth St., and Mr. and Mrs. Clark S. Carlson, of Rockford, Mich.

The bride, given in marriage by her father, wore a regal-designed floor-length gown of pearl-lusted rose satin. The gown, also worn by her sister, Mrs. Robert M. James, had a contoured bodice, styled with crescent-curved décolletage, tapered elbow-length sleeves and a frosted with embroidered Alençon lace etching a rose motif over the shoulder line and defining the midriff. The Alençon lace continued in a vertical garland to the hem of the Watteau pleated skirt, which belled from a back waistline bowknot to an Empress train. A pillow covered with blending satin and Alençon lace caught her tiered bouffant veil of filmy silk illusion. She carried a cascade bouquet of orchids.

Attending her sister as matron of honor was Mrs. James of New York City. Other attendants were Mrs. William Weber, of Detroit, and Mrs. Greg Dods, of St. Clair Shores. Marta Stephens, of Plymouth, was flower girl. The bridesmaids wore forsythia-colored modified empire sheaths with v-necklines and short sleeves. The matron of honor and flower girls

dresses were the same as the bridesmaids but made of forsythia-colored sari fabric. They carried natural straw baskets filled with white daisy-mums.

Best man was Gordon R. Tucker, of Rockford. Seating the guests were Jerry Finch, of Rockford, John Tobin, of Grand Rapids, and Robert M. James, of New York City.

Mrs. Heric wore a slim silver beige sheath with an overblouse fashioned from the gold design of the sari and made from sari material. The bridegroom's mother, Mrs. Carlson, chose a summer brocade sheath of powder blue with matching jacket. Their corsages were orchids.

Following the ceremony a buffet supper was held at Fox Hills Country Club. For their wedding trip to Quebec the bride chose a handknit lemon-yellow linen dress and matching shoes with avocado green straw hat and crewwork hand bag.

The couple will live in Ann Arbor where Mr. Carlson will finish work towards his Masters degree in business administration at the University of Michigan. Both are U-M graduates.

TREASURES FROM Plymouth Pantries

A delicious devils food cake recipe with fluffy white frosting that can be kept four or five days was suggested by Mrs. Harry Hobson, of 9011 S. Main St.

Mrs. Hobson, a native of Bay City, has lived in Plymouth for five years. Her husband owns H and H Supplies in Detroit. She is a member of Our Lady of Good Counsel Church and has been taking organ lessons for a year.

The cake recipe she suggested is one that her mother had a reputation for making. She is carrying on the tradition now, she said. She explained that persons who knew her mother expected her to make the cake for all occasions.

The cake batter which contains sour milk is supposed to be more runny than most batters she said, adding people sometimes become concerned thinking it is too liquidified.

Mrs. Hobson said you can add red food coloring to the batter is you like a red appearing cake.

of double boiler, mix with spoon. Place over heat, beat seven minutes or until frosting makes stiff peaks—either hand beater or electric mixer may be used.

PUTTING one of her favorite cake recipes in the oven is Mrs. Harry Hobson, of 9011 S. Main St. The recipe is an old family one that she got from her mother. She said friends expected her mother to make this cake for all special occasions.
