Clark Heads M Club

The U. of M. Club of Livonia opened its new season with the election of officers. Weldon Clark was elected President, John VanEizenga, Vice President; Dave Cooper, Treasurer; and Virginia Calligari, Secretary.

Clark announced that the first activity would be a group attendance at the Homecoming Day football game Oct. 24th when Minnesota meets Michigan for possession of the Little Brown Jug. After the game the group will gather at Hines Park Motel for a fellowship hour with a side-board dinner and refreshments.

A calendar of six events is planned for the season, featuring informal dances and dinners. Last year's program under President Pete Kinyon had a dinner with President Harlan Hatcher as a high point.

President Clark welcomes all of the Michigan Alumni living in Livonia and their spouses to join the U. of M. Club of Livonia. This year he would like to see the club grow to include all 700 potential members.

Michigan alumni who wish to join the group are requested to contact one of the new officers. They are: Weldon Clark, President, GA 2-3022; John VanEizenga, Vice President, GA 1-3751; Dave Cooper, Treasurer, GA 2-3056 and Virginia Calligari, Secretary, GA 2-1271.

Joel Mason, head basketball coach at Wayne State University, played professional football for the Chicago Cardinals in 1939 and 1940 and the Green Bay Packers from 1940 to 1945.

Mrs. Kollen, another gym teacher at Bentley, is in charge of the girls field hockey team which will play their first game against Rosary High School this Friday.

Every year Bentley's modern dance club puts on a dance recital entitled Drum & Sandal. This year the recital will be held in February. Mrs. Peard is the teacher instructor, and sponsor of the forty members. The student officers of this club are: president, Shirley Pender, vice-president, Cheryl Madaras, secretary, Judy Shoenberg, treasurer.

Bentley's new Senior Ensemble has had its tryouts and found its new members. Each student was required to sing a

Plymouth Hi News
 By CAROL OTWELL

Seniors at Plymouth High School will soon be "up to their ears" in Christmas cards, wrapping paper, and ribbon as they prepare to embark on the annual senior Christmas card sale.

The project will be under the direction of chairman Don Stamber and senior advisor Phillip Johnson. Each senior must sell a minimum of \$16 worth of cards or other materials to cover the cost of his cap and gown for graduation and other expenses.

Carol

The Plymouth High School marching band was honored recently. It was chosen, along with five other high school units to perform at the post-game show at the University of Michigan Band Day.

The annual event on Sept. 26, was the 16th Band Day at U. of M. and featured a combined performance of 177 Michigan High School bands at halftime of the football game. The other bands came from Belleville, Jackson, Ypsilanti, Linden and Rockford. Each performed alone during the post-game show.

James Griffith, conductor of the Plymouth band, said of the performance, "The Plymouth musicians did a superb job of playing and marching. Plymouth High School can be very proud of its outstanding band."

Sixty-six seniors have been invited to become members of the Plymouth Chapter of the National Honor Society. Chosen on the basis of scholarship, character, leadership and service, these seniors must have maintained a "B" average with no mark of "D" or "E" for a semester grade.

Since it is an honor to become a member of this organization, the following students should be recognized: Chris Aronson, Pat Barry, John Bates,

The Madrigal Singers, a Plymouth High vocal group that sings Thirteenth Century chamber music, held tryouts for this year's group recently with the following results: Mary Vallier, Anne Schonneman, Karen Upton, Carol Scheppelle, Ann Mills, Jeanne Daubresse, Dee Bowsman, Ed McKelby, Jack Dean, Geff Gustafson, Bill Nelson, Jim Nelson, and Dave Troutman. Mary Ann Sincok, a junior at Plymouth High, has been selected as accompanist for the Triple Trios.

How can you know you'll like an electric water heater?

We guarantee it!

SATISFACTION GUARANTEED
 BY **DETROIT EDISON**

We're so sure you'll like an electric water heater, we guarantee your satisfaction—for a whole year! If you don't get all the hot water you want, when you want it, you get all your money back, including any you may have spent on installation. And it doesn't matter where you bought your electric water heater. The Edison guarantee still applies. No strings attached. Fair enough?

EDISON

P.S. If you buy an electric water heater during October, we'll see that you get a free GE double-bed-size electric blanket. (As if you really needed the extra push.)

This offer is good at participating appliance dealers, department stores, or plumbing contractors. Just look for our free offer display.

Alpha Phis Celebrate Founding At Fairlane

The Dearborn Alumnae of Alpha Phi Sorority met last Monday at the home of Mrs. Dean Stoppel in Livonia to plan final arrangements for their annual State Day celebration. The luncheon and ceremony is the traditional celebration of the founding of the sorority at Syracuse University, Syracuse, New York, on Oct. 10, 1872.

This year the celebration will be held at Fairlane, Henry Ford's magnificent estate, U of M — Dearborn Campus, 4901 Evergreen, Dearborn. A tour of the home will begin at 10:30 and the luncheon at 12:30. Col-

legiate chapters to be honored at the luncheon are Theta of the University of Michigan and Delta Eta at Adrian. The guest speaker for the festive occasion will be Mary Macauley, of Toronto, newly elected International President of Alpha Phi.

Alpha Phi Alumnae in the Dearborn, Plymouth, and Livonia area wishing to make a reservation should send their check to: Mrs. Dean Stoppel, 36713 Angeline Circle, Livonia, by Oct. 10. Luncheon only will be \$3.50 and luncheon and the tour will be \$4.

See You There!

Redford Township Junior Athletic Association is having its Annual Millionaires' Party, on Saturday, Oct. 10th, at 8:30 p.m. in the UAW Hall, 35603 Plymouth Road, Livonia. For a donation of \$2.50 per person it will include a million dollars, set-ups, and a late luncheon. Tickets will be available at the door, or by calling KE 4-3237, 537-5902.

Women of Faith Lutheran Church, Five Mile Road, Livonia, will sponsor a card party and fashion show on Wednesday, Oct. 14 at 8 p.m. in the Church basement. Harvi's of Farmington will supply the clothes and models. Mrs. William Reed reports there has been tremendous response to the committee's request for door prizes. Donation of \$1.25 includes refreshments. Call Mrs. Reed, GA 1-7148 for tickets.

Pictures photographed by Dr. Gordon H. Schroeder on a recent study tour of the Middle East and Near East will be shown on Sunday evening, Oct. 11 at the Redford Baptist Church, Grand River and Seven Mile Road. The pictures will be of Iraq, the land of Arabian Nights, and the ancient city of Baghdad with its world-famous oriental bazaar. There are also pictures of one of the seven wonders of the ancient world, the Hanging Gardens of Babylon.

"Falling Leaves" is the theme of the card party presented by Our Lady of Grace Rosary Altar Society Friday, Oct. 16 at 8 p.m. in the Parish Auditorium, 23715 Joy Road. Prizes and refreshments for \$1.25. Co-chairmen are Mrs. C. Matzke and Mrs. A. Yderstad.

Women's International League For Peace and Freedom has gathered children's art from all over the world for the purpose of world friendship. It is a terrific art display and is presently at Coolidge School in Livonia. All ages in the family find appreciation in this unusual art exhibit.

With proceeds going to the new Hospital wing now under construction, St. Mary Hospital Guild has finalized plans for the Harvest Moon Dinner-Dance this Saturday night at Roma Hall. Call Mrs. Peter Kuchan, KE 3-7005 for tickets.

The Daughters of St. Thomas Albanian Orthodox Church, 5449 Oakman Blvd., Detroit, are holding their annual (long looked forward to) Bazaar on Oct. 16, 17 from 10 a.m. to 10 p.m. Foods from different countries and hand-made Christmas items are featured for the sale. Come early!

Clarenceville Band Boosters Mothers' Club will hold a rummage sale on Friday, Oct. 9 beginning at 9 a.m. at the Merit Supply Store, 33316 Grand River, in Farmington. You name it, they'll have it — and at reasonable prices.

Att: Chubby Tweeners

The Junior Tops of Farmington meet every Tuesday evening from 6:00 p.m. to 7:00 p.m. at the First Methodist Church of Farmington. This group is composed of both boys and girls, ages eight through 14 who need help with their weight problems.

Overweight is a handicap which causes many sensitive teen-agers to shun the normal social activities which are so much a part of growing up. Group therapy is the magic phrase by which the Junior Tops hope to help these children to a happier way of life. For any further information call Mrs. Young at 474-1171.

O'Neil Gets Nod From MEA For State Bd. of Ed.

EAST LANSING—For the first time in its 112-year history, the Michigan Education Association has announced its endorsement of candidates running for state elective offices. In a precedent-breaking move, the MEA has recommended the election of candidates running for the State Board of Education.

"Education in Michigan is at a crossroads," said Dr. E. Dale Kennedy, MEA executive secretary. "In deciding to endorse candidates for the new State Board of Education, the MEA is recognizing the importance that this new eight-member board can and should play in providing adequate educational opportunities for Michigan youth at all levels, pre-kindergarten through post-graduate work."

To be elected on Nov. 3 are eight members of a new State Board of Education as created by the new state constitution: two will be elected for eight-year terms, two for six-year terms, two for four-year terms, and two for two-year terms. Eventually all terms will be eight-year terms, with two members to be elected every two years. The present State Board of Education has only four members, elected for six-year terms.

The MEA identified candidates from both parties it feels are most qualified to provide constructive leadership in meeting Michigan's educational needs in the years ahead.

Two candidates are endorsed for the two eight-year terms, two are endorsed for the two six-year terms, and two are endorsed for the two four-year terms. For the two two-year terms, the MEA felt all four candidates merited endorsement. MEA recommendations are as follows:

EIGHT-YEAR TERMS: Alvin M. Bentley (R), Owosso; and James F. O'Neil (R), Livonia.

SIX-YEAR TERMS: Dr. Peter Oppewall (D), Grand Rapids; and Robert P. Briggs (R), Jackson.

FOUR-YEAR TERMS: Bourke Lodewyk (R), Bay City; and Mrs. Joyce Hatton (R), Grand Haven.

TWO-YEAR TERMS: Donald M. D. Thurber (D), Grosse Pointe; Mrs. James Parker (R), Grand Rapids; Ellen Solomonson (R), Norway; and Dr. Leon Fill (D), Huntington Woods.

Bentley, a former Congressman, was chairman of the Education Committee at the recent Constitutional Convention and was appointed by Gov. Romney in 1963 to the Citizens' Committee on Higher Education.

O'Neil, the only incumbent running for re-election, is an executive for the Ford Motor Co. He also was a trustee for the Northwest Wayne Community College.

Dr. Oppewall is professor of English at Calvin College and a former Fulbright scholar. Briggs is executive vice president of the University of Michigan and was a member of the Citizens Advisory Committee of the Michigan Tax Study in 1958.

Lodewyk, who owns a Bay City insurance agency, was president of the Bay City board of education for four years and was chairman of the 1964 Bay City School Study Committee. Mrs. Hatton has operated a nursery school in Grand Haven for eight years and serves on Gov. Romney's Citizens' Committee on Higher Education.

Thurber, a public relations consultant, has served five years on the University of Michigan's Board of Regents and is a member of the Harvard Board of Overseers Committee. Mrs. Parker is a past president of the Michigan Congress of Parents and Teachers (1942-45) and the National Congress of Parents and Teachers (1958-61).

Miss Solomonson, an ex-teacher and former president of the MEA, serves on the Norway board of education. Dr. Fill is a physician and director of the Wayne National Life Insurance Company of Michigan.

Livonia Seaman Makes Tour With Navy Nuclear Force

Theodore M. Stevens, machinist's mate second class, USN, son of Mr. and Mrs. Richard H. Stevens, 20100 Hubbard Rd., Livonia, has returned to Norfolk, Va. He is serving aboard the USS Bainbridge following the completion of operation Sea Orbit.

"Operation Sea Orbit" is the first around the Globe cruise by the world's only nuclear task force. The force is composed of the nuclear powered attack aircraft carrier, the USS Enterprise, and the guided missile cruiser USS Long Beach and the frigate USS Bainbridge.

The cruise took Task Force One around the world on atomic power, a total distance of more than 30,000 miles, without refueling or replenishing.

The six thousand men in the force were at sea 58 days out of 65. The majority of the men have been a way from home since February 8, when the Enterprise started a routine six month deployment in the Mediterranean.

2 Livonians Attend Northwood Institute

MIDLAND, Mich. — Students at Northwood Institute from Livonia are Paul W. Engel, son of Mr. and Mrs. Wesley Engel, 33538 Michele; and Allan H. Rickert, son of Mr. and Mrs. Clyde F. Rickert, 16745 Inkster. Engel is on the advertising curriculum and Rickert is on the business management program.

The Reader "Speaks Up" On Various Topics of Public Interest

Fond Memories

Editor:
The 1964 season of the Meadow Brook Festival is closed, but the thrilling memories will always remain with those of us who saw a dream come true. We hope you feel as happy as we do that you were a part of this dramatic success! Never before have I seen a group of workers respond to the call and get the job done—no matter what it was—so quickly! We thank you—and certainly a grateful community thanks you.

No doubt you are full of constructive suggestions for next year—please send your ideas on to the University where they will be considered.

We have been wondering if we should not try to have yearly contributors of one hundred dollars (or more). You realize, I am sure, that these programs cannot pay for themselves at the price we charge. Many will say—charge more—because they can afford to pay more. This is true—on the other hand we feel it is important to keep our tickets priced moderately so everyone can enjoy the privilege without hurting. The Festival was designed as a community effort to bring fine music to those who have never had the opportunity of hearing a symphony along with the true music lovers. We could price many out of this pleasure.

You will be interested in knowing we averaged over 3,000 attendance at each concert! Next year our job will be easier!

Sincerely,
MRS. SEMON KNUDSEN

people are given adult responsibilities they have not been trained to handle—then we must expect the rebellion.

We treat them as children on one hand but allow them the privileges of adulthood on the other. When neither the family nor the community provides opportunity adequate to let the young people "let off steam," to utilize their energies constructively, nor do they offer strict and sensible rules of conduct and behavior, then we have not fulfilled our responsibility as adults and parental leaders.

In this instance, both parents and the young people must bear the brunt of responsibility and guilt: the parents for their permissiveness and not exercising their rightful duty of parental control; and the young people for their lack of respect for sage counsel and guidance.

Let it be said, also, that our community is possessed of many fine, conscientious young people who delight in their economic condition but at the same time recognize their responsibilities that accompany that status. I was happy to see that George Maskin in his Sports Comment of the September 23 issue shares somewhat with this thought. May God help us, however, if we as adults do not soon recognize our responsibilities in this status also.

Sincerely,
**Carl F. Kaltreider, Pastor
Antioch Lutheran Church
Farmington**

A Pastor Writes

Editor:
Enclosed is "one man's opinion" in response to your editorial "Facts and Opinions—September 23". It is being sent not with a solution in mind but with additional fuel to the burning problem it presents. I hope that you might find it useful.

Several years ago, you and I served on some committee work in the Synod of our Church and I was thus doubly delighted to see you enter the news scene here in the Farmington area. I appreciate your approach to editorial journalism even though I might not always agree with your conclusions. It is in this spirit that I wrote the accompanying piece. I have taken the liberty of sending a copy of my views to my friend and neighbor, Harold Humble, principal of North Farmington High School. As the school is next door to our church, I have had numerous occasions to work with its leaders and know that they share the same concern for the mounting problem of teen-age behaviour.

If at any time I might be of service to you or The Observer organization, feel free to call on me.

Most sincerely,
**Carl F. Kaltreider, Pastor
Antioch Lutheran Church
Farmington**

Milking, Indeed

Editor:
It comes as a great surprise to this voter that one of the Congressional candidates offers such qualifications as "milking" in his quest to represent us in the new 19th district. From information I have been able to gather, this same candidate only a few years ago was engaged in milking some of his fellow citizens of their hard-earned money for dues in an AFL-CIO organization effort.

Also, this man would have us believe that this country should give foreign aid to communist countries. Many times, I am told, he has advocated such. What form of insanity is this?

There are other questions I would like to ask this expert milker:

(1) Does he belong to ADA, the organization which supports the admittance of Red China to the U.N. and also advocates the distribution of our 12 billion dollars in gold which we now have left at Fort Knox to other countries of the world thus leaving us no support for our own monetary system?

(2) Is he still on the payroll of the AFL-CIO as an organizer?

(3) Is he now or has he ever been a member of any of the many leftist organizations which advocate ONE WORLD GOVERNMENT?

(4) Did he obtain his job as auditor-general through coercion? Did he have the heat put on the then Governor Swainson through his union?

(5) In what way does the office of state auditor-general fit one to be a member of the lower house of the U.S. Congress?

(6) Besides milking cows and milking humans (as a union organizer) just what are your qualifications to membership in the U.S. Congress?

Very truly yours,
**Maxwell E. Taylor,
Livonia**

Decries Vandalism

EDITOR:
The amount of vandalism and destruction to school buildings is in direct ratio to the amount of wealth and "culture" in the community—the better the community, the more the destruction, that is the more

vicious the youngsters." You describe the building as being yellow and black, with white hard enameled panels. Could you mean East Junior High?? There are no hard enamel panels on North Farmington High School.

You say, "most of the windows are broken. Count them again, Sir. Not most but many. And you mention you would vote for this type of window in a new school. Would it not be wise to make it smaller panes of glass as many of us wanted?"

This would make it cheaper to replace the windows when they are broken as they surely will be. Show me the isolated, empty building with a person, adult or youngster in front of it that will keep its windows intact. Show me the water tower in our, or any other town, that has not had the name of the local, and rival team put on it in spray paint.

"Successful, cultured parents?" Culture, Mr. Chandler comes only when a people finally get time to sit down and think and ponder. In our community we do not get this time until perhaps the twilight of life. In most cases the time we have gotten comes from pure hard work and application of the additional education we happen to gain by same.

Copious amounts of effort, work and perseverance must, and has been expended. The homes owned here are the result of a life time of work and Old Friend, they are not paid for yet. It takes real effort to keep the yard, home and obligations up in an area like this. And there is little to pass on for the heirs to fight over on leaving this mortal coil.

This is not a six pack community, but one in which the father frequently leaves early in the morning and returns late at night. Mother frequently works when the kids are in school, and many attend school parttime and most are active in community affairs as evidenced by the large turnouts at their and our meetings. Sure there are new cars. How many are company cars????

Mr. Chandler, who are the school officials who "insist that the amount of vandalism to school buildings is in direct ratio to the amount of wealth and culture in the community"??

Are they our officials? Are they saying our kids are vicious?? Do they intelligently say this? Are they giving the 900 students at North Farmington High a dirty knock for the six boys who threw things through the windows last Sum-

mer and who have been brought to justice?
And since their remarks are directed against the "cultured, high income group of parents", are they parents?? And don't some of the school officials also live in this North Farmington Area?? And aren't they also in that High Income group??

The City of Detroit has a high incidence of youth crime. This does not always happen in the high income, cultured areas. In fact most of it is in the slum areas. How do these school officials feel about this? What is the answer in Detroit? Direct ratio???

Other schools in the Farmington area have windows broken too. Take the schools in Livonia, Redford, Southfield and perhaps the area where our editor, Mr. Chandler lives. No broken windows???

The point is, Paul, that the people in the North Farmington area are no different than you, me, and the school officials. They are no different from those in Fort Lauderdale, Bel Air, California, Harlem or St. Ignace. They are all doing the best they can.

The real problem is the loss of child-parent relationship. The communication is lost. And it is our fault. It is happening here and all over, not just at North Farmington High.

It is no respecter of boundaries, religions, castes or incomes. We all have it. Finally Mr. Chandler, don't you think you owe the 984 pupils at North Farmington who did NOT throw things through windows an apology?? for calling them vicious and destructive?

Earl Teeple

Sight to Behold
Editor:
In recent years "teen-ager" has been a word synonymous with "hood", "rowdy", "hot-rod", "vandal", etc. This was certainly NOT the case Friday night the 25th of September, when approximately 500 teens attended a benefit dance for the Wisner family given by the Livonia firemen.

The parents of these boys and girls can be justifiably proud of them; the used paper cups were thrown in the waste baskets; cigarettes were ground out in the ash trays. Many inquired of the well-being of Wes Wisner; they didn't know him personally but they cared enough to ask. Others, not only thanked the firemen for giving the dance, but also told them how much they enjoyed it.

Not enough praise can be given the teen musical group,

"The Continentals", who donated their time and talent to make this dance a success. These boys really worked hard. While I'm handing out plaudits to the teen-agers, it is worthy to mention that at the scene of the Livonia Hardware store fire, to which the firemen were responding when the fire truck-car accident occurred, my husband and his crew of firemen were helped by some teenage boys in stringing out the

fire hoses.
It is so wrong to malign a whole group of people because of the antics of just a few. If given half a chance, these young adults can show the metal that they're truly made of—solid gold.

A PRODUCT OF Ford MOTOR COMPANY • LINCOLN-MERCURY DIVISION

The Ford Motor Company introduces an entirely new kind of Mercury for 1965... now in the Lincoln Continental tradition

We predict that the reaction of many people when they first see a 1965 Mercury drive by will be: "What car is that?" Mercury is that new. The look is new. Completely. Low, sleek, beautifully proportioned. (Notice the long, low proportions of the hood, the full-width grille, the unique pillar lights on the front fenders.) The ride is new. It's solid, quieter. Inside, there's an extensive selection of options for personal customizing—luxury features once reserved only for the most expensive cars. The idea behind all this newness is to bring

you the most luxurious, best-riding car in its field... a Mercury that accurately reflects the Lincoln Continental tradition. See how well the idea works—at your Mercury dealer's. No medium-price car has ever come so close in luxury to the high-price class.

Who's Responsible?

Editor:
I read with interest your editorial views concerning youth problems in the North Farmington area (Facts and Opinions—Sept. 23). I interpret your presentation to be less an attack on the conditions mentioned than it was to gain views of those of us in the community who are concerned. I gladly join forces with those who are truly concerned.

I, too, look with alarm at our society of youth who wantonly defy adult supervision and guidance; who write obscenities on their neighbor's houses; and who throw rocks through school room windows; who otherwise busy themselves with all sorts of mayhem. I am sure the community is united in this column.

I do take exception, however, to the approach you take in your editorial. You say that "vandalism and destruction... is in direct ratio to the amount of wealth and 'culture' in the community—the 'better' the community, the more destruction, that is... the more vicious the youngsters." As I suspect that this all-inclusive approach is intended to stir up comment, here is mine.

First, no individual or groups of individuals have the right to make such sweeping allegations of other groups or classes of people. This problem already has caused serious damage in the area of human rights. It cannot truthfully be said that all teen-agers fit your description. Here at Antioch, we minister to nearly 80 young people from junior high through college age in our parish youth program.

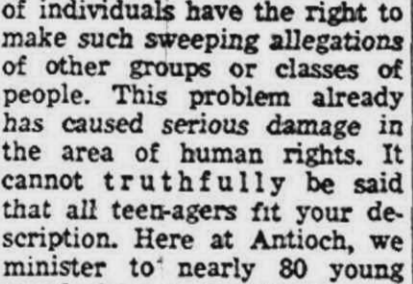

Indeed, I would like to say that all of our "kids" are the best around and not a part of the rowdiness of which you speak. I would like to say that, but I cannot for they are not all the best. But, at the same time, they are not all vandals and rowdies, either. We try as best we can to understand their problems; we try to lead them to solutions for them. But the major portion of the dilemma is in understanding what causes the unrest; not in reprimanding it.

In this light, I raise a second exception to your all-inclusive statement... "vandalism... is in direct ratio to the amount of wealth and 'culture'...". It would appear that you place the responsibility for youth's lack of discipline upon the economic condition of the family.

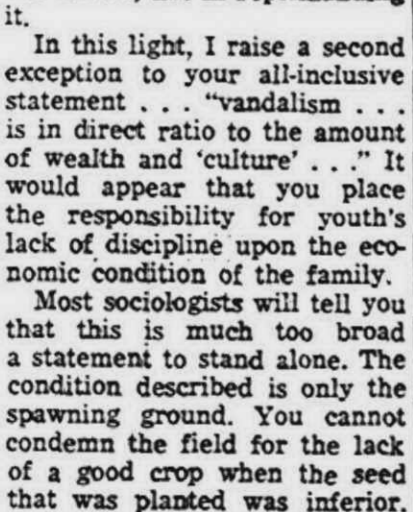

Most sociologists will tell you that this is much too broad a statement to stand alone. The condition described is only the spawning ground. You cannot condemn the field for the lack of a good crop when the seed that was planted was inferior. True, the field may be infertile and may have to be condemned also. I would like to suppose that the problem confronting us is the result of bad seed.

While we do live in a community of healthy economies, families with good educational backgrounds, and persons seemingly interested in cultural endeavor, we also recognize that our neighborhood is filled with prejudice, indifference toward the feelings of others, and those desiring to attain a social standard of one kind or another for the sake of sheer attainment alone.

When children are brought into such a shallowly motivated situation, they cannot help but respond in kind. When the permissiveness of parents allows sophomores and juniors in high school to drive their own cars; when they allow them to drink and smoke; when the young

Cards, Yanks Square Off In World Series Wednesday

BASEBALL
 It'll be the St. Louis Cards vs. New York Yankees in the World Series starting this Wednesday. The Cards nipped the Cincinnati Reds and Philadelphia Phillies by a single game, winning the flag on the final day of the season when they beat New York, 11-5. Philadelphia's 10-0 shut-out of the Reds kept Cincinnati from forcing a playoff for the ground.

The Yanks had clinched their fifth straight pennant and 29th in history on Saturday when they turned back Cleveland.

The Tigers dropped their final two games at Baltimore, but still wound up in fourth place, seven games over .500.

Managers made a considerable amount of news. The San Francisco Giants fired Al Dark and Boston canned Johnny Pesky. Herman Franks replaces Dark and Billy Herman gets the call at Boston. Casey Stengel (New York Mets) was rehired. So were Hank Bauer (Baltimore), Walter Alston (Los Angeles)

Dodgers) and Billy Rigney (Los Angeles Angels). Danny Murtaugh quit as Pittsburgh's manager, giving poor health as the reason. Leo Durocher resigned as coach of the Dodgers and said he would become a major league manager. Could it be Pittsburgh?

The reports also circulated that the Cleveland Indians will move to Seattle and Milwaukee to Atlanta within the next few weeks.

PRO FOOTBALL
 The Detroit Lions finally saw

their offensive and defense jell at the same time. As a result, the Lions drubbed the New York Giants, 26-3. Fancy and trick plays marked the victory like the Lions scoring on a fake field goal and then having Tom Watkins, who never passes, throw one to Terry Barr for a six-pointer.

Baltimore trimmed Los Angeles to take the Western Division lead. Green Bay lost for the second time because Paul Hornung missed a field goal. This time it was to Minnesota,

24-23. Cleveland and St. Louis rolled on as leaders in the East.

COLLEGE FOOTBALL
 It was a great weekend for Michigan and Michigan State. The Wolverines rocked Roger Stanbaugh and the Navy, 21-0. Michigan State pulled the upset of the week by beating second-ranked Southern California 17-7.

This Saturday it's Michigan vs. Michigan State at East Lansing. A full house of 75,000 is assured. You can't buy any more tickets.

Illinois, Ohio State and Notre Dame all won on Saturday. So did Texas (No. 1 ranked) over Army.

University of Detroit suffered a 19-0 loss at the hands of Cincinnati.

PRO HOCKEY
 The National Hockey League season fast is approaching. The annual all-star game is scheduled at Toronto this Saturday night. Opening league play is booked for next week.

The Red Wings appear set to go. They have done very well in exhibitions.

PRO BASKETBALL
 The Pistons, getting ready for their season's opener on Oct. 16, have experienced only troubles. They have lost all eight exhibition stars. In addition, injuries to Terry Dischinger, Ray Scott and Dennis Butcher have hurt badly. The team plays Baltimore at Lafayette, Ind., in its final exhibition Wednesday night. Then it's back to training camp

at St. Clair, where it is hoped Dave DeBusschere will be waiting to join his cage teammates.

ODDS AND ENDS
 Tom Green, driving a jet-powered racer, set a new land speed mark of 413.2 mph at the Boneville Salt Flats in Utah... The Olympics start this weekend in Tokyo... You'll be able to see much of the excitement via live television... George Chuvalo of Toronto upset Doug Jones by scoring an 11th round technical knockout in their heavyweight elimination fight in New York... Tony Oliva won the American League batting title. He's a rookie. The National League crown went to Robert Clemente of Pittsburgh... Dick Radatz of the Boston

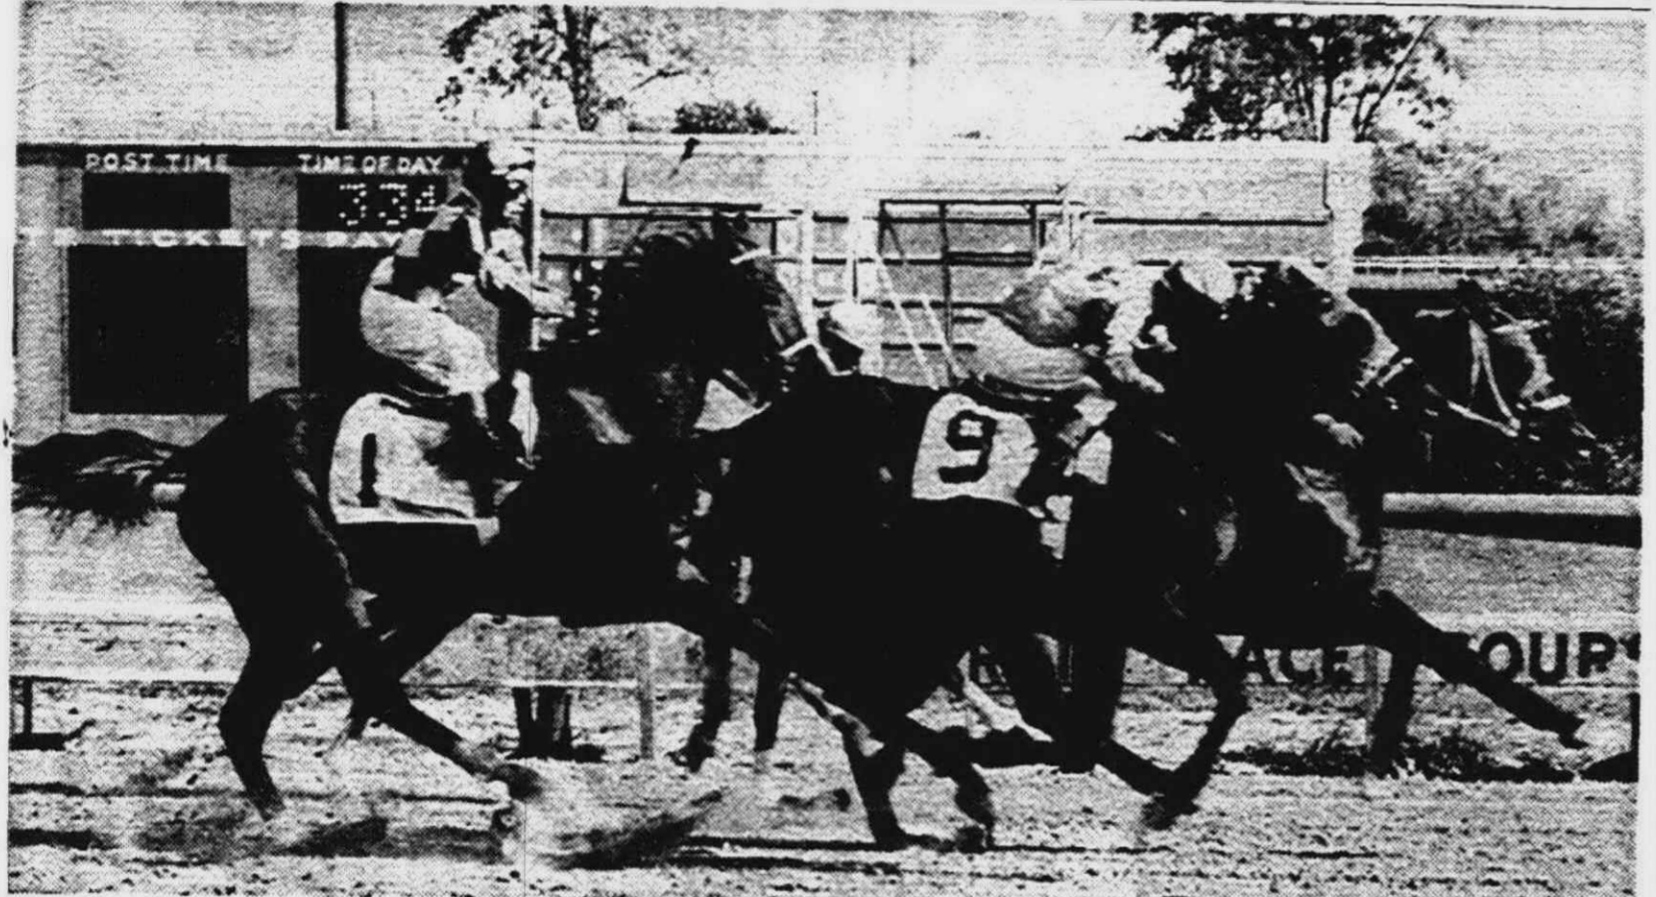

Red Sox set a record by appearing in 79 games. He won 16, saved 25 and thus had a hand in 41 of the Red Sox's 71 victories.

Wayne Hosts Reserve In Grid Battle
 Wayne State University will meet Western Reserve in the second of three home games Saturday, October 10, at Tartar Field. The kickoff will be at 2 p.m.

Ten members of Coach Eddie Finnigan's offensive unit are experienced while only two of the Red Cats' starting defensive 11 have been tested in previous years.

Finnigan, rating his team, said, "We have a small squad but our starting line-up should match any other team in the Presidents' Athletic Conference."

WSU Coach Stan Marshall was encouraged by the return of 1962 all-PAC guard Jim Moore last week. Moore, who broke his leg in the first game of the 1963 season, was not expected to be eligible. His play two years ago earned him Little All-America honorable mention.

WATCH IT MAN!—Here is one of the year's most unusual racing action photographs. The camera at the Detroit Race Course caught the precise moment of a foul when General Doge (No. 9) lugged in during the stretch run. The infraction caused Jockey Alfonso Coy on Mint King (No. 1) to check his mount sharply.

Note Coy standing up in the stirrups and pulling tightly on the reins. General Doge finished second, but was disqualified. Mint King was moved from fourth place into third. The race was won by Town Dog, hidden on the inside.

1,531 IN NINE MONTHS State Traffic Death Toll Up 16%

Michigan's traffic death toll at the year's three-quarter mark stands at 1,531, an increase of 215 or 16 per cent compared with 1,316 in the first nine months of 1963, according to State Police provisional figures.

The accumulated count is second only to the that of 1937 when 1,601 were killed.

The toll includes 162 deaths in September which were one less than 163 in the same month a year ago. Delayed deaths, however, will increase this total and make the month another with an increase over the same month of the preceding year. September deaths averaged 151 for the last 10 years, 1954-63.

More complete figures for August show 190 killed and 13,235 injured in 23,483 accidents, compared with the same month last year.

Final figures for the first eight months included 1,369 killed and 88,816 injured in 175,210 accidents. These were respective increases of 19, 15 and nine per cent over the same period in 1963.

Estimated mileage for the first seven months, the latest information available, was 21.7 billion, a rise of seven per cent over this period last year, while the death rate of 5.2 per 100 million vehicle miles was an increase of eight per cent on the same comparison basis.

Nine Livonia and Plymouth Students Win Scholarships

Nine students from Livonia and Plymouth were awarded State of Michigan Scholarships to enter the University of Michigan this month.

The local freshmen were among 1,292 Michigan high school graduates so honored under the competitive scholarship program created by the State Legislature last year. At U. of

M., 243 entering freshmen received the awards.

Based on need, the scholarships are of varying amounts but cannot exceed tuition at any of the college or universities in the state.

Local winners were: William Clyde, 9908 Mayfield, Livonia; Frank Henderson,

MAYTAG HALO OF HEAT DRYER

No other dryer on the market at any price can offer all these 9 features:

1. Lets you dry even delicate lingerie. Because clothes dry at lower temperatures surrounded by a gentle circle of warm air—no hot spots.
2. Wash 'n Wear button dries all your wash 'n wear perfectly—eliminates wrinkling problems. Also has push button for "Air Fluff" and "Regular" drying cycles.
3. Cool cabinet—air is not heated until it is ready to enter the drum. This keeps cabinet cool; and results in more fuel economy. The heat you pay for is the heat you get.
4. Unsurpassed "High Speed Drying"—all air in the drum is changed every two seconds. Dries a load of 32 diapers in 32 minutes.
5. Big-family Load Capacity.
6. Efficient lint filter—positioned directly in front of the exhaust fan. All exhaust air passes through the filter.
7. Zinc-coated steel cabinet—defies rust, assures long life and lasting beauty.
8. Safety door—cuts off all power and turns off the source of heat when—over the door is opened during the cycle. New Safety Switch restarts dryer in cycle.
9. Quiet operation—the result of Maytag quality construction.

For the best dryer at any price, see a Maytag Halo of Heat Dryer.

Fantastic Future City Growth Foreseen By U-M Architect

ANN ARBOR—There is good reason for thinking that a universal city—a merging of big metropolitan areas to cover the earth's surface—is not too far off in the future, according to C. Theodore Larson, University of Michigan professor of architecture.

"World population, now approximately three billion, is expected to reach 5,280 millions by the year 2000. If present growth rates continue, it will take less than 35 years for the population to double once again," Larson notes in an article published in the October issue of Traffic Quarterly.

"On this basis we can expect the earth to have some 18 to 20 billion inhabitants, possibly even more, 100 years hence. If traffic conditions in the urban centers are considered bad today, just think what they would be like when there are six or seven times more people in the world—to say nothing of the probability that the vast majority will have their own personalized vehicles to run around in."

Says Larson, "The important point is that a century is a very short span in the life of a city or any other urban unit. Today is not a bit too early to start planning for what will be needed a hundred years from now."

"A clue to the future form of the expanding city is contained in the fact that, with the industrialization of agriculture and the emergence of big metropolitan areas, the old distinction between town and country has become lost: It is no longer possible to tell where one settled community ends and another begins."

As towns merge into one another, a process known as conurbation, farm lands shrink and surplus areas are turned into golf courses or industrial research parks or open spaces for regional recreation. The notion that a city must have any kind of boundary, physical or otherwise, is an outmoded vestige of medievalism," says Larson.

"Imaginative town planners are asking, should conurbation stop with megalopolis? Isn't there a still larger unit of urban growth just ahead, one which takes in the whole of each continent? And if this comes to pass, won't the entire earth eventually then become a single integrated urban entity?"

"The goal of a single integrated urban community eventually embracing the entire earth's surface implies a wide range of coordination in urban planning," Larson notes.

"Working contacts must be established with counterparts in other countries, and even other continents, if the urban developments in any single locality are to be planned within a sufficiently broad frame of socio-economic understanding."

"Motor road networks cannot be developed on an international scale without also considering all the other means of transportation—ships, trains, helicopters, jets, hovercraft, and the like," Larson states. "Boat traffic too cannot be ignored, for the streams and oceans continue to be important channels of commercial activity."

"It is also clear that as the various systems of transportation are coordinated and the motor roads are extended over ever wider areas, agreement will have to be reached between various countries as to how their resources and productive capacities may be used to best mutual advantage," says Larson.

"In an integrated world society, there will no longer be any need for each nation to try to be completely self-sufficient. Some areas are better suited to the production of certain commodities than others, and should specialize accordingly."

"As we look toward the future, it is clear that the universal city—the single integrated global community—will be as different in its architectural

makeup from what exists today as the isolated medieval towns were from what preceded them. With new sources of energy and power at our command we are on the verge of being able

to modify the weather and to control local climates." Larson states, "A new architecture based on modern industrial production techniques rather than handicraft

methods that are centuries old, is in the making. With the further development of mechanized controls, we should soon be able to create environments that will be

automatically responsive to a great variety of human needs. "But we must accept the fact that buildings have predetermined life spans of their own. When they become obsolete, they

should be as easy to dispose of as a piece of Kleenex. "In a truly organic architecture, one which conforms to the evolution of human life, the issue is planning for change,

continuous change, rather than planning for permanence. This is the lesson of history; it has been heavily underscored by the acceleration of events in recent years."

LIT Board To Honor Ex-President

Dr. E. George Lawrence, president-emeritus of Lawrence Institute of Technology, and Mrs. Lawrence will be guests of honor Sunday (Oct. 11) from 2 p.m. to 4 p.m. at an open house in the library promenade of the college.

The affair, sponsored by the L.I.T. Board of Trustees, the president and faculty, alumni and students, is a salute to the man who in 30 years brought a struggling L.I.T. from rented quarters in Highland Park to its present beautiful campus—from about 350 students to 3,836, the enrollment this Fall. He became president-emeritus August 1 of this year when Dr. Wayne H. Buell succeeded him as president. The committee in charge has been attempting to reach many old friends and former associates of the Lawrences as well as graduates of L.I.T. who are now scattered throughout the country in leading industrial positions.

The campus is located in Southfield at Northwestern Highway and Ten Mile Road.

Livonia Boy Elected National Junior Achievement President

Michael Arthur, 18, of 14322 Garden Rd. in Livonia was recently elected National President of Junior Achievement at the annual J. A. Conference at Indiana University.

Arthur, a June graduate of Bentley High School, will be called upon to address business, civic and educational assemblies all across the United States. His expenses will be paid for by a sponsoring firm out of the Junior Achievement New York headquarters.

Mike won the award after a week of intensive campaigning and a battery of examinations that called on the experience and knowledge he gained through his two years of activities in Junior Achievement.

The written examinations questioned his understanding of economics, the free enterprise system, parliamentary procedure, and the Junior Achievement program.

After he had concluded the written tests in an exemplary manner, Mike was subjected to a series of interviews by groups of business and professional men. They tested his poise, manners, general attitude, and his ability to express himself under pressure.

Passing that stage, Arthur then addressed the National Association of Junior Achievers

Conference of 1,400 teenagers and was elected National President from a field of five finalists.

Prior to winning the national award, Mike Arthur compiled quite an impressive record in Southeastern Michigan. In addition to winning the Mr. Junior Achievement of Southeastern Michigan contest last Fall, he has received the Detroit Business Leadership Award, been named the J. A. Vice President-Manufacturing of the Year (1963) in S.E. Michigan, served as president of the Redford J. A. Business Center Achievers Association, and was that center's assistant director.

Mike's Junior Achievement company, of which he was president, was sponsored by Chevrolet Spring and Bumper and paid a 10% dividend last Spring.

The son of Mr. and Mrs. Richard Arthur, Mike is currently attending Schoolcraft Community College and is majoring in General Business.

Three other area teenagers also won awards. Dianne Meyer, 17, of St. Clair Shores is the National Secretary of Junior Achievement while Terrance Matejewski, 17, of Warren was selected the J. A. Safety Director of the Year. Chosen by the Young Presidents Organization (Y.P.O.) as the most outstanding president of a J. A. company

in national competition was Thomas Krauss, 18, of St. Clair Shores.

Junior Achievement is an educational program for teenagers between the ages of 15 and 19 that is designed to teach an understanding of the American free enterprise system "by doing." The achievers are recruited through the high schools in the fall and enroll at one of the 16 J. A. business centers in the six-county Southeastern Michigan area.

After being divided into groups of 15 or 20, they are assigned a team of three volunteer advisers from business and industry. They then incorporate their group, elect officers, sell stock, and go into production of a product of their own choosing.

These miniature companies then continue to function and prosper until the end of the school year much the way their cousins do in big business. In May the companies are voluntarily liquidated and the stockholders sent a report of company standing. In September, the cycle is started all over again.

Tickets Being Sold for Police Ball

Tickets are still available for the 12th Annual Policemen's Ball sponsored by the Livonia Police Department Friday, Oct. 16, at 9 p.m. at Roma Hall.

The Glenn Miller Orchestra, under the direction of Ray McKinley, will provide music for dancing.

Tickets, at \$6 per couple, include admission, ice, set-ups and chips. Ticket information is available from the Livonia Police Officers Association, 476-2700.

of life itself. You might try to say your life is a bit more sedate. Such language does not emanate from your household.

it. The APA company danced, sang and generally bounced their way through a happy script Clayton Corzatte and Jennifer Harmon provided some tender moments, but it was the raucous, "no-holds-barred" times that gave the audience the greatest glee.

The audience that Old Wally was a part of on opening night had little difficulty identifying the real-life situation presented so bizzarely.
