

Community Fund Workers Set for "Blitz"

A three-day concentrated "blitz" began today for Plymouth Community Fund workers with an early morning meeting for business and professional division captains and workers and a 12:30 luncheon session for residential workers.

Between 100 and 150 persons were expected

at the residential meeting where captains and workers met with their chairman Mrs. Louis J. Norman.

All groups were scheduled to be shown an 18-minute film detailing the Community Fund effort.

The industrial division, led by City Commissioner

James Jabara of Plymouth Tank and Fabricating Co., has been and will continue to contact industries in the Plymouth Community for contributions to the PCF campaign.

Business and professional workers will work with chairmen James Houk, city commissioner and

shoe store owner, and auto dealer Leo Calhoun. Under the direction of the two men, workers will tell the Community Fund story to businesses and professional men in the Plymouth area.

Following the luncheon meeting today, residential workers will

fan out into the community to conduct a door-to-door campaign during the next three days.

Carrying red and blue Community Fund brochures, workers will detail the program and ask residents to "help the little man up the steep hill."

Symbolizing the effort

is a little man, in colonial dress, faced with a steep grade which he must overcome. Throughout the entire "blitz," today, tomorrow and Thursday, Oct. 20, 21 and 22, a theme of receiving rather than giving will be emphasized.

Volunteers will ans-

wer questions about who was helped by the Plymouth Community Fund last year and just exactly how donation money is spent.

The Fund centralizes, in one yearly effort, what some estimate would be 12 or 13 separate campaigns. Since individuals

would be apt to give \$1 or \$2 to each campaign if they were held separately, they will be asked to donate roughly the same amount to the Community Fund — between \$20 and \$25.

The suggested contribution for businesses is \$35 to \$60.

O.K. Youth Officer for Police Dept.

A new Police Department position for an investigator and youth officer was approved by City Commissioners Monday evening at their regular meeting.

Among the duties of the new officer will be to investigate all offenses committed or complaints received concerning any person under 21 years of age, to organize and carry out a program of youth activities in co-operation with the schools and other city, county and state agencies directed toward channelling energies of youth toward acceptable patterns of behavior and to promote a rehabilitation program for youthful offenders.

The new officer will also investigate criminal and non-criminal complaints and report to his commanding officer any information concerning suspicious persons, places, occurrences or circumstances

which might have some bearing on crimes which have been or are likely to be attempted.

The commission also approved the transfer of \$4,056 from the city's unappropriated reserve account to the police salary account to cover the cost for the new officer.

According to recommendations made by Public Safety Director Kenneth Fischer police officers applying for the position should have a minimum of three years experience in general law enforcement work in a police department and at least a high school diploma.

OTHER qualifications, according to Fischer's report would be knowledge of criminal law, investigation and crime prevention methods, rules of evidence and laws governing custody, and the ability to analyze situations.

Expect Gala Symphony Opening Saturday Nite

A gala evening is expected in Plymouth this Saturday as local residents mark the opening of the Plymouth Symphony's 1964-65 season at 8:15 p.m. in the high school auditorium.

Sheila Stephenson of Detroit, brilliant 19-year-old pianist, will be the featured soloist of the evening when she appears with the symphony in a performance of the "Concerto for Piano and Orchestra in A Minor" by Schumann.

Saturday's opening performance, like all regularly scheduled concerts, will be open to the public free of charge.

A winner of the Grinnell Foundation award this year, Miss Stephenson has won scholarships to the National Music Camp at Interlochen from 1958 through 1962. There, she played with the Interlochen High School Orchestra.

In 1962, she also appeared in a Washington, D. C. performance for the late President John F. Kennedy. A piano student of the renowned Mischa Kottler's Miss Stephenson is now a scholarship student at Juillard School of Music in New York where she is studying under Sascha Gorodnitzki, well-known teacher.

Gorodnitzki and Kottler are contemporaries, having grown up together in Kiev, U.S.S.R.

OTHER NUMBERS on Saturday's program include "The Wise Virgins," Suite from the Ballet by Bach-Walton; "Iberia: Images pour Orchestra," No. Two by Debussy and the first sequence of waltzes from "Der Rosenkavalier" by R. Strauss.

The Saturday concert is the first of six in the orchestra's 19th season. Other performances are scheduled for Nov.

22, Dec. 13, Jan. 24, Feb. 28 and April 3.

In his 13th season as conductor of the Plymouth Symphony will be Wayne Dunlap, director of music at Schoolcraft College.

The concert will be followed by what is fast becoming a tradition in the Plymouth Community, a "champagne afterglow" in the Mayflower Room of the Mayflower Hotel. Reservations for the afterglow are being limited to 100 and may be made by calling the hotel.

Miss Stephenson's past performances with orchestras include appearances with the Dondoro High School Orchestra, the South Oakland Symphony, the Michigan Youth Symphony, the Dondoro and Gimball High School Orchestras and the Wayne Summer Symphony.

During these appearances she has performed concertos including Beethoven's No. Three in C Minor, Schumann's A Minor, Grieg's A Minor and Rachmaninoff's No. One in F Minor.

Can Matching Funds be Had for PHS Addition?

Could the Plymouth Community School District qualify for Federal matching funds on its proposed vocational education addition to Plymouth High School?

That's what members of the Board of Education were asked Monday evening as they opened bids on the project at a special meeting in the board offices.

The matter came up for discussion as a representative from O'Dell, Hewlett & Luckenbach Associates, Birmingham architects, examined bids submitted with school officials.

The first man to raise the question was Paul Malboeuf of Plymouth, a member of the school district's vocational education committee and Governor Romney's appointee to the State Committee on vocational education.

Board members agreed they should spend a week double checking the district's long-term financing program and investigating the possibility of Federal funds for the vocational education addition before taking action on the bids.

MALBOEUF, who is attending a meeting in Lansing later this week, told board members he hoped state education officials would have some word on availability of matching funds.

"I would hope," he said, "that by Thursday I could get back with an indication of where they (state officials) feel they are."

Meanwhile, examination of the bids revealed that Burger Construction Co., Inc., a local firm, was the low bidder by the close margin of \$1.

Assuming that the school board takes alternate No. 1

on the plan (construction of the electronics lab) and approves the substitution of insul-rock roofing, Burger appears likely to get the contract.

Burger Construction's total bid, combined with low mechanical and electrical bid-

ders, comes to \$254,110. Running a close second was Arm-lead Construction with \$254,111 for the project.

The low bid includes a base proposal of \$129,600 plus \$14,900 for the addition of the electronics lab area and a deduction of \$1,056 for the

substitution of insul-rock roofing. Other base proposals on the architectural contract ranged from \$139,850 to \$148,500. The low mechanical bid was submitted by the J. L. O'Loughlin Co. with a base proposal (Continued on Page 5)

AIR CLEARS:

See Further Break in Township Smoke Issue

Another break was provided this week in Plymouth Township's chronic smoke and air pollution problem as Burroughs Corp. briefed Township officials on their plans to eliminate the problem at their Plymouth Road plant.

A company spokesman said Township Supervisor Roy R. Lindsay was notified this week that the analysis program being conducted by consultants Cummins and Barnhart of Ann Arbor is now complete.

The consulting firm has been conducting tests to determine what would be the most effective plan of action for both Burroughs and the community to cope with the smoke and fly ash problem.

A Burroughs official said the Ann Arbor firm presented

ed six different possible solutions to the problem, one of which has been approved by the Township-based industry.

Supervisor Lindsay, he said, has been informed that the Township will be told — in the near future — exactly what the plans are and when necessary modifications at the Burroughs plant will take place.

A schedule will be set up for implementation of the program designed to end Burroughs' smoke problem. The Burroughs action comes on the heels of a recent decision announced by Evans Products

Company to modify its boiler house equipment.

Evans directors recently approved expenditures to cover the cost of making a fuel change at their Plymouth Township plant.

Action on the question came to a head this year after residents, led by Mrs. Fred Davids of Plymouth Road, protested the air pollution problem to Township officials.

In recent months, the board of trustees, led by Supervisor Lindsay, have promised action under the Township's air pollution ordinance if corrective measures were not taken.

Rap Railroads For Tie-ups

Tie-ups of traffic at railroad crossings in Plymouth were discussed by Commissioners at the City Commission meeting, Oct. 19, but no definite action was taken on the problem.

Mayor Richard Wernette reminded Commissioners that the Chesapeake and Ohio Railroad can be ticketed for tying-up crossings if citizens will sign complaints against the company at the Police Department. Police can also issue tickets to the company for violations.

To sign a complaint, Wernette explained, the citizens should make a notation of the time he was held up and the engine or caboose number.

Commissioner Robert Bever also suggested placing lights and gates at all railroad crossings within the city limits to warn motorists of approaching trains and complained about trains blowing their whistles as they go through town.

Maximum penalties for tying-up crossings are \$100 fine plus costs or 30 days in Detroit House of Correction.

Net \$700 In Theft At Lofy's

Investigation was underway Monday by Wayne County Sheriff's Department officers into the Sunday theft of an estimated \$700 in cash from Lofy's Arbor-Tall on Ann Arbor Road at Lilley.

Detective Edward Love of the sheriff's department said he was setting up lie detector tests with a polygraph operator Monday afternoon.

Noting that the theft "looks like an inside job," Love also advanced the possibility that someone could have hidden in the restaurant until after closing hours.

He said the door to a private office in the building had been forced and a combination safe and filing cabinet was pried open and the money taken from it.

BREATHAKINGLY lovely Judy Olds of 9211 Ball St. was named Homecoming Queen at last Friday's festivities at the Plymouth High School Athletic Field. The 17-year-old blond, senior miss, daughter of Mr. and Mrs. Kenyon G. Olds, was chosen from a field of four candidates. In August, Miss Olds was named Queen of Camp Illumination at the Mardi Gras Festival held at Camp Buckner, N.Y., by West Point cadets. She attended the celebration there as guest of Cadet Mark Fischer, 19, son of Mr. and Mrs. Harold Fischer of 40875 Plymouth Road. For further details, pictures on Friday's activities, see Pages 4 and 5, Section 3.

★ Officers for the 1965 year were elected at last Tuesday's Plymouth Kiwanis Club meeting. Marvin Terry was named president, William Lyons, first vice president; Robert Utter, second vice president; and Roland Lutz, treasurer. Elected to the board of directors for a two-year term were Thomas Alexsy, Eric Bradner, Dale Carmine and Joe West.

★ The Plymouth Hockey Association announced today that it has secured the University of Michigan arena from 7 to 8:30 a.m. on Saturday, Oct. 24 for hockey tryouts. Youngsters, aged 8-18, are invited to attend the Saturday tryouts. A 50-cent registration and ice fee will be charged. The arena is located at 721 Fifth Ave. in Ann Arbor.

★ Former Plymouth Mail publisher Sterling Eaton re-entered the University Hospital in Ann Arbor Sunday for major surgery later this week, according to members of his family. In recent years, in the pages of The Plymouth Mail, Eaton outlined for his readers the fight he has been waging against cancer.

★ Preliminary scholastic aptitude tests will be given to Plymouth High School students this Saturday, Oct. 24. Particularly recommended for students who hope to continue their education beyond high school, the tests give students an understanding of their capabilities and shortcomings. A test fee of one dollar is charged. Students may sign up at the guidance office.

★ At the opening lecture of Plymouth Listening Post series, Wednesday, Oct. 21, at 8:30 p.m. in Plymouth High School auditorium, the Chairman of the University of Michigan Department of Journalism, Wesley Maurer, will speak about "The Meaning of the Conflict of Our Time."

Township Denies Liquor Request

At its regular meeting held Tuesday evening, Plymouth Township's Board of Trustees denied Plymouth Bowl's request to serve liquor outside of its bar area and recommended to the Township Supervisor that a special meeting be called for Thursday, Nov. 5, at 7 p.m., to discuss details of the fire administrative board.

"If it is in the power of this board to limit the accessibility of alcoholic beverages to teenagers, we should," Trustee Dick Lauterbach said before trustees voted on the bowling alley's request.

A new ruling that took effect in August necessitated Plymouth Bowl's asking permission to serve beverages outside the bar room area.

Trustee and acting moderator Louis Norman told other trustees present at Oct. 13 meeting when the bowling alley's liquor license was issued originally it was with the understanding that liquor would be served only in the bar area and not in the concourse.

Trustee Elizabeth Holmes and Township Supervisor Roy Lindsay both were excused from the two-hour meeting.

In his opinion, the attorney told trustees the fire administration board may be, in some areas, in conflict with the township's civil service board. He also proposed changes in the wording of the resolution creating the board.

Trustees tabled Township Attorney Earl Demel's opinion on the fire administration board for discussion at the special meeting they recommended for Nov. 5.

Rules and regulations tentatively set up by the fire

study committee headed by Lauterbach, will also be discussed at the special meeting in addition to possible appointees to the board.

DEMEL reported to trustees that the attorney representing J.A.R. Corporation's pending suit against the township will appear before Judge Victor Baum, on Oct. 16, at 2 p.m., to advance the case on the call. The suit concerns rezoning of property on the northeast corner of Joy and Beck Rd.

Ordinarily, a docket is one and a half to two years behind and if a request to advance the call is approved the case would be brought up earlier, Demel explained.

The township board also approved a request from Fire Department Captain Barney Maas to purchase five home monitors, costing approximately \$134 each. Maas told the board that all volunteer firemen would be covered with purchase of the additional units.

The Township already has 18 monitors in use.

With three trustees abstaining from voting on the underground system for Cambridge Village, a motion made to approve the sanitary system and water system plans failed for lack of a majority vote.

In abstaining from the vote Trustee Ralph Garber raised the question of whether these plans could be approved by the board before they had seen any plans for the subdivision. He added he thought the subdivider was taking a risk in starting these plans before his subdivision was approved.

Others abstaining from the vote were Lauterbach and

Norman. In other action the board:

(1.) Tabled discussion of the McAllister property split until their next regular meeting.

(2.) Authorized township Clerk John McEwen to sign the canvassbacks for the Forshew subdivision consisting of eight lots at the corner of Ann Arbor and Joy Roads, and.

(3.) Approved rezoning of 8.91 acres at the southwest corner of Sheldon and Ann Arbor roads from R-1, one-family residential, to C-2 Commercial.

Local Doctor Enters College Of Surgeons

At the clinical congress of the American College of Surgeons, held in Chicago recently, a Plymouth doctor was initiated into the college at ceremonies held in the Illinois city.

David R. McCubbery, M.D., of 1490 Maple St. qualified for membership in the college. The oldest surgical organization in the country, the American College of Surgeons is dedicated to promoting better care for patients by means of assuring good training for surgeons and annual inspections of accredited hospitals.

To qualify, a doctor must be certified by the American Board of Surgery. He is required to practice for at least two years before making formal application for membership in the college.

The application is processed by a local committee of surgeons who are fellows of the college. In addition, three letters of recommendation are required from college fellows. An interview with the local committee follows.

Dr. McCubbery lives here with his wife, Clare, and two sons, David, 11 and Douglas, 9. He is affiliated with the Plymouth Community Chamber of Commerce.

HONORED at a surprise testimonial dinner at Lofy's Oct. 15 was William Harding (second from right), assistant superintendent for secondary education in Plymouth Community Schools. Shown with Harding, left to right, are Superintendent of Schools Russell Isbister, Mrs. Isbister, and Mrs. Harding. Teachers at both junior high schools where Harding was principal until this past Spring planned the party, attended by more than 100 persons. The group presented him with a brief case.

Guests included her son, two daughters, five grandchildren, a sister and brother and friends from Plymouth and Livonia. Mrs. Luttermoser will be leaving Plymouth soon to spend the winter

Classes Where Kids Are Seen, Not Heard

Can you imagine grade-school children learning college-level music theory, then going on to compose their own music?

This is just one of the wonders that take place in electronic piano classes where children are seen and not heard!

Each student wears earphones that direct the music from his piano to his ears. Using an electronic communication center, the teacher can tune in each pupil without disturbing the others. Through a microphone, she gives personal attention to each youngster, providing praise where it is due and commenting on improved technique. She may also demonstrate on her piano for the student's benefit.

For group playing, the student's headsets are unplugged. The electronic pianos then direct music from a speaker for all to hear. These piano orchestra sessions open a new world of music to the youngsters; they provide a spirit of fun while the mysteries of harmony, melody and rhythm are explored.

Gone are the days of solitary instruction from classrooms. The days of scales and fingering exercises that had the piano teacher bending anxiously over her students have been all but abolished from these sessions, too.

Piano parties replace the old formal recital, with its stiffness and attendant reluctance of youngsters. Pupils no longer practice the same piece for three months to prepare a ten-minute recital for critical grown-ups.

Instead they learn music theory — a subject usually reserved for university level — in the first year. They transpose from one key to another, recognize the harmonic relationships of chords at home on the black or white keys.

But does this system get youngsters to play the piano? In just eight weeks, the average pupil is playing and sight-reading 18 selections on his electronic piano, researchers report. Some pupils have mastered 22 at the end of the first eight-week period.

The Multi-Piano Teaching System has not only motivated learning among youngsters — but now even the parents are getting into the act. The fascination of the older folks has evolved into a special adult class session, which parallels the development of the youngsters' course using advanced material.

First of all a man must see, before he can say.

DOLLAR VALUE—PLUS

In an emergency, the value of medicine can hardly be reckoned in dollars. Medicine is priceless when needed.

Yet it is an interesting fact that nationally the average cost of a pharmaceutical prescription is about \$2.50 — and more than half of all prescriptions cost less than \$2.00. Although higher than 20 years ago, the increase in the cost of medicine lags far behind that of other, and less essential, commodities.

When you purchase a prescription, you are sharing in the fruits of scientific research. You are getting today's best buy.

Peace Corps Sends Plymouthite To Malaysia For Two Year Stint

Plymouthite Donald Williams, 22-years-old, of 1308 Sheridan Ave. left Monday, (Oct. 19) to begin a two-year assignment in Malaysia where he will participate in a health and education program.

Donald Williams

The majority of the volunteers in his group will serve on the Malayan Peninsula as secondary, primary and vocational teachers, and as nurses. Seven volunteers will be assigned to Sabah, in the north-eastern portion of the island of Borneo, to assist in the establishment of a radio network, and 13 Volunteers will go to Sarawak, Borneo, to work in the primary education program.

At present there are nearly 300 Peace Corps Volunteers serving in Malaysia. Volunteers are teaching physics, math, chemistry, electronics, motor mechanics and architecture, among other subjects. Medical personnel are establishing rural clinics in outlying areas, and conduct-

ing inoculation campaigns, health and sanitation instruction, and X-ray therapy. Others are helping with the Malaysian government's communications satellite project and new television system. The group was trained for two months at Northern Illinois University, DeKalb, Ill., where they studied Malaysian history and culture, United States history and world affairs. They also acquired a working knowledge of Bahasa-Malay, the local language. They then received four weeks of field training in Hawaii, with physical conditioning and further instruction in hygiene, tropical medicine, technical skills and language.

The departing volunteers will join almost 10,000 other Americans now working for the Peace Corps in 46 African, Asian and Latin American nations. Requests for additional Volunteers are received daily from these countries. More than 5,000 Volunteers were trained this summer and fall. Applicants interested in late fall or subsequent training programs should submit their Questionnaires now (available at your local Post Office) and take the Peace Corps Placement Test, given the second Saturday of each month wherever Federal service exams are given.

Right Wing Extremism Discussed for Democrats

A discussion of right-wing extremism by political and economic consultant Aaron J. Blumberg last week was greeted enthusiastically by members of the Second District Democratic Party Organization (Wayne II) at its regular meeting held in Plymouth.

Dr. Blumberg discussed psychological and emotional reasoning behind the right wing and its basic political objectives as expounded by its literature. Later, he compared the programs of Governor George Romney with proposed plans of Democratic candidate Neil Staebler. Candidates present at the meeting included Section E. Vivian claim that wide-spread Republican defections were taking place throughout the district.

On Sunday, members of the Wayne II organization traveled to Milan Township for a district meeting. There, they heard Congressional candidate Weston E. Vivian claim that wide-spread Republican defections were taking place throughout the district. Vivian said reports from the five-county district give support to the belief that a large number of defeated Republican primary candidate Stanley Thayer's supporters have thrown their support behind his campaign.

Wayne II county chairman Thomas Healy announced the appointment of Robert Dwyer as general chairman of the political action committee. The committee, Healy explained, has been organized to coordinate activities of workers throughout the district. Other members of the committee and their duties are:

Orville Tungate, rally chairman; Richard McGlinn, precinct canvass chairman; George Bennett, election workers chairman; Marilyn Dwyer, Johnson Girls chairman; Robert Heimiller, Harvey Kahalas, Jean McCombs, Art Mulligan, John McCombs and Sylvia Rozian, all of Plymouth; and Eugene Rice of Northville.

On Sunday, members of the Wayne II organization traveled to Milan Township for a district meeting.

There, they heard Congressional candidate Weston E. Vivian claim that wide-spread Republican defections were taking place throughout the district.

Vivian said reports from the five-county district give support to the belief that a large number of defeated Republican primary candidate Stanley Thayer's supporters have thrown their support behind his campaign.

City DPW Activities

By Supt. Joseph Bida

During the past week Public Works personnel installed a 3/4" water tap at 655 Forest. The catch basin was moved at Ann Arbor Trail and Pennington Avenue and gravel was put in and stabilized so a better radius is now possible.

Two funerals were held at Riverside Cemetery and water was turned off for the winter. The water main at Wing and Main Streets was located. Several traffic control signs were installed and two meter posts were installed.

A 6" Sanitary Sewer Tap and a 3/4" water tap were installed at 1415 Goldsmith for a new Credit Union Office. Water was shut off at city parks and playgrounds for the winter.

Work was continued around Kelllogg Park putting black dirt around new pavement, flower beds were spaded up and tulip bulbs will be planted.

Picking up tree leaves has started and the past week \$775.00 has been spent. While on the leaf subject, many people are putting out tomato vines and shrubs and flowers. THIS WILL NOT BE PICKED UP because the leaf vacuum will not pick up this type of refuse. So the citizens are urged not to put anything with the leaves. Also, no stones or other debris should be in leaves. The leaves should be put between the curb and walk.

I would like to insert some of our Refuse Ordinance again because we have had so many violations:

Ordinance No. 194
Section 3.06 BULK RUBBISH. All bulk rubbish, such as cardboard containers, wooden crates and similar rubbish, shall be flattened and tied in bundles or packed in suitable containers of size that may be readily handled by one collector, and in no case shall such bundle or container be larger than three (3) feet by three (3) ft. by five (5) feet. Brush shall be cut into lengths not exceeding three (3) feet and tied into bundles which can be readily handled by an individual collector. Tree limbs exceeding eight (8") inches in diameter will not be collected by the City and should not be included in any bundle for rubbish collection.

Chapter IV. RECEPTACLES
Section 4.01 SINGLE OR TWO FAMILY. The occupant or occupants of every single or two-family building where refuse, accumulates shall provide, keep clean and in proper receptacles as herein defined. These receptacles must be of a portable type and not over thirty (30) gallon capacity.

Section 4.02 MULTIPLE DWELLINGS. In the case of a building housing more than two (2) families, such receptacles shall be provided by the owner, lessee or agent of the premises. These receptacles must be portable.

Section 4.03 BROKEN RECEPTACLES. Receptacles that are badly broken or otherwise fail to meet the requirements of this ordinance, may be classified as rubbish and, after due notice to the owner may be collected as rubbish by the Department.

Section 4.04 PORTABLE RECEPTACLES FOR GARBAGE. Portable receptacles for garbage shall be adequate in size and number to hold two weeks' accumulation, and shall have a capacity of not less than sixteen (16) gallons; except where special permit by the Superintendent is issued for a small receptacle. The receptacle shall be of substantial metal construction provided with handles or balls and a tight-fitting cover, and no single receptacle shall weigh more than seventy-five (75) pounds when filled. The same type receptacle shall be used for garbage mixed with rubbish. No garbage or food wastes of any description shall be placed in an uncovered receptacle.

Section 4.05 PORTABLE RECEPTACLES FOR RUBBISH. Portable receptacles for municipal waste other than garbage shall be adequate in size and number to hold one week's accumulation of the materials. However, they shall not weigh more than seventy-five (75) pounds when full. Containers shall be of reasonable substantial construction to permit handling.

Coin Show Opens In Plymouth Bank

Interesting coins of Biblical days, including the famous "Widow's Mite", is now on display at the Ann Arbor-Road-Harvey office of National Bank of Detroit. These coins are one of the highlights of a touring exhibition of rare items from the bank's famed Money Museum.

The display also includes a representative collection of contemporary coins and paper money of countries throughout the world.

The exhibit, which is a miniature edition of the Money Museum on the mezzanine of National Bank's main office at Woodward and Fort, will remain at the Ann Arbor-Harvey office until November 2.

It can be viewed Monday through Thursday, 9 a.m. to 3 p.m., and Friday 9 a.m. to 7:30 p.m.

Save Barn, Caution Residents

A burning barn was saved last week as Plymouth Township fire fighters rushed to 48734 Ann Arbor Road where the roof of a barn had ignited. Fire Chief Barney Maas attributed the cause to careless burning of trash.

He noted increasingly dry conditions and, with the onset of hunting season, cautioned persons to be extremely careful with fire.

Each year, grass fires are thoughtlessly started, he said, by persons who are not careful with lighted tobacco, matches and trash fires.

REPRESENTING THE city at a meeting held at Hillside Inn last week by B & F Auto Supply, local Autolite distributor, were Mayor Pro-Tem James Houk, second from left, and City Clerk Richard Shafer. More than 35 dealers attended the third annual Auto-Lite Dinner which featured well-known personalities from the Detroit Lions

Football Team. Above, left to right, are Lou Borregard of Plymouth, owner of B & F Auto Supply; Houk; Auto-Lite territory manager David Wisby; District Manager Don Janowiecki; and B & F Manager Jerry Borregard. The program included films on Auto-Lite merchandising programs for the coming year.

Green Intensifies His Garden City Campaign

Continuing his intensified campaign in the Garden City area, 36th State Congressional GOP candidate W. Wallace Green of Plymouth attended a coffee hour last Wednesday, Oct. 14 at the home of Mr. and Mrs. Donald Sefton.

Pointing out that the legislature, in its last session, appropriated \$21 million more than any other previous session to higher education and an increase of \$9 million to mental health, the candidate cited these as examples that Michigan has begun to care for the needs of Michigan people.

Green pledged his support to appropriations of this type in the future. He said he was in favor of the new minimum wage law, the new construction worker safety law and emphasized that he opposed right to work legislation.

Green's engagements during the next week include a coffee hour (Tuesday) at the home of Mr. and Mrs. Ray Solano, 6516 Merriman Road, Garden City at 8 p.m., an appearance tomorrow (Wednesday) at a "meet your candidate" program at McKee School in Nankin Township at 8 p.m.; and an engagement Thursday evening before the Garden City Business and Professional Women's Club.

ON FRIDAY, Green will be present at the married couples meeting at 8 p.m. at Plymouth's First Presbyterian Church. Next Tuesday, Oct. 27 he will appear at a coffee at the apartment of Mr. and Mrs. Leigh Miller, Sheldon Apartments, 1199 S. Sheldon Road, Apartment 29.

College Night for High School Students Oct. 22

High school students trying to decide where they want to go to college will have an opportunity Oct. 22 to visit with representatives from more than 30 schools located in Michigan and surrounding states.

Other schools include Madonna College, Marygrove College, Michigan College of Mining and Technology, Michigan State University, Northern Michigan University, Northwood Institute, Oakland University, Olivet College, Rensselaer Polytechnic Institute, Schoolcraft College and Society of Arts and Crafts.

The college night program is slated for 7:30 p.m. Oct. 22 in Garden City High School or high school students and their parents. Everyone will have an opportunity to visit with three college representatives.

Among the schools invited to the program are Adrian, Alma, Albion, Amherst and Concordia Lutheran colleges Cranbrook Academy of Art, Central Michigan University, Cleary College, Detroit Business Institute, Detroit College of Applied Science, Detroit Institute of Technology and Eastern Michigan University.

Ferris State College, General Motors Institute, Henry Ford Community College, Highland Park Community College, Hillsdale College, Hope College, Kalamazoo College and Lawrence Institute of Technology have been invited.

Spring Arbor College, Tri-county League of Nursing, University of Michigan, University of Detroit, Wayne State University, Western Michigan University, University of Illinois and Indiana University have also been asked to send representatives.

Applications Available for Schoolcraft

Applications are now available from the Director of Admissions at Schoolcraft College for Plymouth Community residents who plan to enroll at the college in January, 1965, college officials announced this week.

Both day and evening students who wish to attend the college for the first time were urged to call the Office of Student Affairs for application blanks and information about fees.

College campus on Haggerty Road between Six and Seven Mile Roads.
Applicants who do not wish to accumulate college credit need not matriculate. However, they must apply on blanks from the Director of Admissions office, a college spokesman said.
NON-CREDIT students are limited in choice of subjects. No student will be permitted to matriculate who has not taken the counseling tests and completed all other application forms by Dec. 1.
Evening students were urged to apply immediately if they wish to reserve places. Reservations will be held only for those who have completed applications and paid either the full-time student fee of \$25 or the part-time fee of \$10.
Non-matriculated students will be admitted to some evening classes as late as the first meeting of the class if openings remain. They should contact the Director of the Evening College about courses available to non-credit students.

ORDINANCE NO. 14X

AN ORDINANCE TO AMEND THE ZONING ORDINANCE OF THE TOWNSHIP OF PLYMOUTH BY AMENDING THE ZONING MAP.

THE TOWNSHIP OF PLYMOUTH ORDAINS:

PART I. That the Township Zoning Ordinance is hereby amended by amending the Zoning Map, by changing those areas indicated on the Amending Zoning Map No. 204.17, attached hereto and made a part of this Ordinance.

PART II. Section 2.04 is hereby amended by the addition of the following paragraph to read as follows:

The areas comprising the zoning districts, the boundaries of said districts, as heretofore established and adopted, are hereby amended as shown and provided on the Map attached hereto and marked Amendment No. 204.17 to the Zoning Map of the Township of Plymouth, which Map is hereto attached and made a part of this Ordinance, and any part of the Zoning Map of the Township of Plymouth as now established, which conflicts with said Amendment No. 204.17, of the Zoning Map, is hereby expressly void and of no force and effect.

PART III. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of Ordinance in conflict, herewith, are hereby repealed.

PART IV. EFFECTIVE DATE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take immediate effect and be in force from and after the earliest date allowed by law.

PART V. ADOPTION. This Ordinance was adopted by the Township Board of the Township of Plymouth by Authority of Act 184, of the Public Acts of Michigan, 1943, at a meeting duly called and held on the 13th day of October A.D., 1964, and ordered to be given publication in the manner prescribed by law.

ally states the city does not admit or deny liability for the necessity for the change order and reserves this question until work is completed.

ESTIMATED cost for the change order is \$11,970 according to a Johnson and Anderson engineering firm representative. The additional work was necessitated after it was discovered that test borings had not been done in the location where work had started on the city's new reservoir.

Commissioners also decided to ask for bids on snow removal costs for the entire city after City Manager Albert Glassford reported that Fulkerson Snow Removal Service had notified him they would not be available for work in the Plymouth area this year.

In other action Commissioners granted permission to the Lions Club for a cider sale Oct. 23 and 24, to the Plymouth Ministerial Association for a UNICEF Drive Oct. 30, to Boy Scout Troop 865 from Farrand School for a candy sale Oct. 24 and to the Plymouth Chapter of Michigan Christian Youth Camp Boosters for a candy sale on Nov. 7 and 14.

President of the Michigan Christian Youth Camp Boosters in Plymouth Lexie Everett told Commissioners that the camp is located in Lapeer, Mich., and is open to all persons ages nine to 18. The booster club organized through the Church of Christ tries to earn money to supplement the \$18 a week charged to youngsters attending the camp.

Commissioners also:

- (1) Extended Denski Brothers garbage disposal contract to Jan. 1, 1965, at the company's rates;
- (2) Issued a change order for \$1,070 for removal of a valve and other repairs at the Mill St. water well;
- (3) Accepted Warren Chemical company's bid for supplying an iron inhibitor for Plymouth's water with the guarantee that their product will work;
- (4) Approved purchase of two resuscitators for police cars for a total of \$620 (The city already has one resuscitator kept in the Fire Department);
- (5) Approved lighting improvements in the Community Center for the two precincts with voting booths there.

POURING A MUG OF sparkling cider last week for Dr. Ray Barber, right, Plymouth Lions first vice president, was Bill Grubb, co-chairman of the Lions Club third annual cider sale which will get underway in Plymouth this Friday and Saturday. Club members will take the gallon jugs from door-to-door from 6 to 10 p.m. on Friday and from 9 a.m. to 6 p.m. on Saturday. A \$1 donation is required for each gallon. Funds raised will be used in the Plymouth Lions' local eye conservation program and by the Leader Dog School at Rochester, Mich.

Reschedule Meader-Vivian Meeting

The meeting between incumbent Congressman George Meader, (R), of Ann Arbor and Democratic hopeful Weston E. Vivian, cancelled several weeks ago, has been re-scheduled for Friday, Oct. 30 at 8 p.m. at the Plymouth High School auditorium.

Sponsored by the Plymouth Assembly for Equal Opportunity, the program civil rights was delayed when Congressman Meader was unable to attend because of illness.

Kenneth Husing, prominent Plymouth resident, will moderate.

In other assembly news, a tentative schedule for a three program series was unveiled this week. The series will be the first of three to be held during the 1964-65 year.

Plans for the first series included a discussion of voter registration in the south on Nov. 5, an analysis of prejudice on Nov. 19 and a look at Negro Culture on Dec. 3. The programs are subject to change, a PAEO spokesman noted.

People You Know

On Wednesday the hospital service group of the Plymouth Woman's club held a luncheon at the Thunderbird Inn honoring Mrs. Vaughan Smith who has served 11 years. Those joining her on that day were her co-workers Mrs. Lon Brocklehurst, Mrs. Pearl Lundquist, Mrs. Ralph West, Mrs. Ralph J. Lorenz, Mrs. James Latture, Mrs. Harold Daggett, Mrs. Earl Russell, Mrs. Richard Jones, Mrs. Leander Rea and Mrs. Wesley Daniels. They presented Mrs. Smith with a going-away gift.

Mrs. M. B. Brillhart is entertaining members of her contract bridge group at a luncheon on Tuesday, Oct. 27, in her home on Ann St. Guests will include Mrs. E. J. Allison, Mrs. William Kaiser, Mrs. Arthur Johnson, Mrs. C. H. Goyer, Mrs. Nellie Bird, Mrs. F. R. Hoheisel, of this city, and Mrs. T. Fraser Carmichael of Drayton Plains.

Mr. and Mrs. Gene Overholt and three daughters, Carol, Barbara and Judy, visited the former's parents in Huntington, Ind. over the weekend.

UNUSUAL INTEREST

Absentee voters seem to be taking a more than usual interest in the Nov. 3 general election, according to figures released this week by Plymouth Township Clerk John D. McEwen and City Clerk Richard Shafer. McEwen's staff reported that 75 absentee ballots had been issued by Monday afternoon, all of the present supply. By Tuesday morning, Shafer's office had sent out 135 absentee ballots.

GENERAL ELECTION NOTICE TO THE QUALIFIED ELECTORS OF THE TOWNSHIP OF PLYMOUTH

You are hereby notified that a General Election will be held in this township on **Tuesday, November 3, 1964** at which time the following officers are to be voted for in Wayne County and Plymouth Township:

President and Vice-President of the United States, Governor, Lieutenant Governor, Secretary of State, Attorney General, United States Senator, Representative in Congress, Representative and Senator in the State Legislature, Eight Members of the State Board of Education, Two Trustees of Michigan State University, Two Governors of Wayne State University, Three Judges of the Court of Appeals (First District), Three Judges of the Circuit Court (For the Third Judicial Circuit to fill Vacancies), Three Judges of Probate (Full Term), Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, County Auditor, Drain Commissioner.

Township Supervisor, Clerk, Treasurer, Two Trustees, Justice of the Peace, Four Constables.

The following Referendum of Legislation will also be submitted to the voters:

REFERENDUM ON ACT 240 OF THE PUBLIC ACTS OF 1964 (MASSACHUSETTS BALLOT).

Shall Act 240 of the Public Acts of 1964 be approved? This act eliminates a straight-party ticket and requires a separate vote for each candidate voted for and which provides that in General Elections, candidates' names shall be grouped under office titles (Massachusetts-Type Ballot) rather than under party headings (Present System).

On Tuesday nights Mrs. William Bevier, of 40718 Pine-tree Rd., gathers up her homework and heads for an adult education class at Bentley High School, Livonia. Her school supplies consist of scraps of ribbon, pieces of material, ball fringe, old nylon, broken costume jewelry, and an odd assortment of empty boxes. Mrs. Bevier is taking a course in gift wrapping and party preparation. The students are taught to use odds and ends of things normally found around the house to make unusual wrappings and decorations for gift packages.

William Bevier also of Pine-tree Rd., is an employee of the Ford Motor Co. and participates in one of the firm's golf leagues. This past summer he won the individual trophy for the first flight during the last half of the season and at the final golf match in September he won another trophy for first flight for that day.

Recently Mr. and Mrs. Edsel Laitenev acknowledged Mrs. Laitenev's birthday at an informal party in their home at 40585 Pinetree Rd. Helping to celebrate the occasion were Mrs. Laitenev's sister and brother-in-law, Mr. and Mrs. Gerald Thompson, of Commerce Twp., and Mr. and Mrs. Ben TenHave of Detroit.

Topinka's Country House was the place selected by Mr. and Mrs. William Kangas, of 40541 Pinetree Rd., to celebrate their second anniversary. Neighbors, Mr. and Mrs. Clarence Lusk, went along to help the couple celebrate. Following dinner, the two couples went night-clubbing in Detroit.

of \$74,447 and the addition of \$4,600 for Alternate No. 1.

Low electrical bidder was Hubbs & Gilles Electric with a base proposal of \$27,979 plus \$3,640 for the alternate.

CONSTRUCTION on the vocational education addition, to be built on the Adams St. side of Plymouth High School, is planned for completion by August of next year.

Board members said they felt a reassessment of financing was needed because the bids, when coupled with architect's and other fees, will come to about \$290,000, nearly \$110,000 higher than the original estimate.

A special meeting was set for next Monday, Oct. 26 at 8 p.m. in the School Board Offices to make a final decision on awarding the contracts.

In other activity at the meeting, board members discussed the installation of a new boiler unit at Plymouth High School.

The technical aspects of the proposed installation and whether to choose a fire-tube or water-tube boiler. The weaknesses and strengths of both types of apparatus, including costs, were covered. No action was taken on the matter.

Secondary School Task Force Meets, Sets Future Program

Work got underway last week by the secondary school task force, recently approved by the Plymouth Community School District Board of Education, accord-

service program for the present school year. (3) To plan, co-operatively, curriculum changes for the coming school year. (4) To plan how to meet next year's needs, including books materials and personnel. (5) To share a pool information and ideas about promising educational practices. The in-service program

mentioned in item two, Harding said, would be for the benefit of teachers and would provide courses, speakers and consultant programs designed to improve teaching. The group has set the second Wednesday of each month for meetings after school hours. On Wednesday, Nov. 18, Junior and Senior High Students will be released from school at noon so the entire departments of the schools can join together for a conference at the high school.

AT PRESENT the secondary school council task force is made up of principals from Junior High Schools East and West and Plymouth High School, counselors and departmental representatives. Departments participating in the program include English, Languages, Social Studies, Industrial Arts, Science, Mathematics, Physical Education, Music, Related Arts, Homemaking, and Business Education.

Last week's meeting, held on Friday, was designed to establish communications and discuss basic problems dealing with secondary schools, Harding said.

WES VIVIAN
Businessman, Scientist, Active Citizen - Democrat for Congress, supported by people in both parties.

I think it's time to begin saying "Yes". Yes to facing the problems in this district and in the country. Yes to working out solutions to those problems. And Yes to responsible, responsive representation for the Second Congressional District.

I didn't come to this conclusion overnight. For one thing, I have been an active and permanent resident of this district since 1952 — shortly after the present incumbent, George Meader, arrived in Congress. Since 1952 I have watched the way in which we are being represented: as a businessman, as a vice-president of the Conductor Corporation, as a scientist, as a research engineer and as a family man, the father of four children — and what I have seen disturbs me! NO DOUBT you are disturbed too — by the foot-dragging ultra-conservatism of our present representative. By the Goldwater "Vote-No" philosophy that the incumbent has brought and continues to advocate for the solution to each new problem of our changing times.

There is no reason why you, who have recently been added to the Second Congressional District, should be shut with a man who votes NO on every important piece of legislation presented to the Congress. I KNOW the choice is clear: "This district can have responsible, progressive representation in Congress, or we can continue to have the doing nothing, vote-NO representation provided by the incumbent for the past fourteen years. I call for an end to Meader-Goldwaterism in the Second District. Vivian for Congress Committee - S. Tuttle, Chairman and Treasurer. (Pd. Pol. Adv.)

TAKING DELIVERY of four brand new edges last week, donated to the Plymouth Community School System for its driver education course, was William Green, left, driver education coordinator for the schools. Presenting him the keys to the vehicles was R. R. Hall, president and general manager of Forest Dodge, Inc., Livonia. The four cars, valued at about \$3,000

each, will be provided for Plymouth Schools' 450 driver education students for the coming year. Green accepted the vehicles with thanks, noted that they would relieve the load in the driver education program. The department's two cars have been on the road about 15 hours each day, he said. Six teachers supervise the program during, before and after school hours.

First Methodist Church Sets Political Program

The platform and beliefs of the Republican party will be discussed by Weldon O. Yeager, chairman of the 17th Congressional district Republican organization at a program Sunday, Oct. 25, at 7:30 p.m. to be presented by the commission on social concern of the First Methodist church.

This discussion follows a similar program on the Democratic platform and beliefs given Oct. 18 by W. Allen Nelson, of Farmington. The program is open to the public and will be followed by a question and answer period.

The U.S. Indian School in Phoenix, Ariz., has students from almost 20 tribes.

Senior Citizens

By Agnes Rollins
A trip to Jack Miners Bird Sanctuary is being planned by Senior Citizens for Thursday, Oct. 22. The group will leave at 2 p.m., and there will not be a regular meeting that day.

There were approximately 100 members at the birthday meeting. A film of Michigan was shown by Consumers Power Co. Anyone interested in going to the Ice Follies, call Dorothy Wilhelm, GL 3-2164. There are enough tickets for one bus load.

The potluck dinner meeting will be Oct. 29. Members must register at each meeting or they will be marked absent.

Lutheran Church Of Risen Christ Slates Coffees

Rev. Joseph Peaslee

Evening coffee hours for families without church homes have been slated by the Lutheran Church of the Risen Christ Oct. 25-29, at 7:30 p.m., as part of the statewide open house festivities of the Missouri Synod Lutheran churches.

Everyone is welcome at these coffee hours and each guest will receive a copy of the Bible, "Letter to the Romans" in modern English.

The guest pastor, greeting guests at these coffees will be a one-time employee of the FBI and minister of a Sylvania, Ohio church, the Rev. Joseph Peaslee.

Peaslee also has studied law and clinical psychology and has served as minister in churches in Oklahoma, Maryland, Kansas and Ohio.

Open houses have been scheduled for next week in almost 300 Missouri Synod Lutheran churches.

ELECT SEMPLINER

Elected first vice-president of the Easter Seal Society of Western Wayne County was William Sempliner. The annual business meeting at which Sempliner was elected to the Board of Directors for a two-year-term and to the vice-presidency was held following an open house at the Easter Seal Center, Oct. 12.

Ski Club Slates Warren Miller Ski Movie Nov. 6

Filed on the ski slopes of Innsbruck, Vail, Aspen, Flagstaff, Sun Valley, Stowe and Yugoslavia the full-color 90 minute movie, "The Sound of Skiing," will be presented Nov. 6 at 8 p.m. in Junior High School East.

Sponsored by the Plymouth Ski Club the movie, produced by Warren Miller, includes part of the Olympics at Innsbruck, a ski flying tournament and slow motion technique studies of world champions.

Tickets, which are one dollar, are available from ski club members. Sportsman Northwest or any Beyer Rexall Drug Store.

At intermission ski club members will model the latest in ski clothing and equipment. Cameron Cooper, skier and lecturer will narrate the film and the style show.

The Plymouth Ski Club is looking for new members. The club is planning numerous ski excursions through the winter months.

The next meeting of the ski club will be Oct. 22 at which time free films will be shown. Jim Stevens is the new president.

Elect Two Women Circuit Officers

Two local women were elected as officers of the newly formed Alpha Circuit of the Lutheran Women's Missionary Society of the Wisconsin Synod.

Mrs. Jervis Wendland was elected to the spiritual growth committee and Mrs. Ernest Manzel was elected vice president.

Both are members of St. Peter's Lutheran Church.

The Alpha Circuit was organized at a meeting of 150 women from Lutheran churches of southeastern Michigan and northern Ohio, held at St. Peter's Church Oct. 9. Mrs. Gloria Peters of Maumee, Ohio, was elected president.

The group decided to concentrate their interest and support on three areas of Wisconsin Synod work for the coming year, home missions, world missions, and work-training.

Another Circuit meeting will be held in the Spring of 1965.

St. Peter's Lutheran Church Slates Guest Night Oct. 21

St. Peter's Lutheran Church, 1343 Penniman, will observe a Lutheran Guest Night, this Wednesday, Oct. 21 at 7:30 p.m.

Its purpose is to acquaint anyone interested with the beliefs and worship customs of the Lutheran Church. Specially invited guests include those who indicated such interest during the community religious census conducted the week of Sept. 20.

"Sharing the Savior" has been the theme of the organized evangelism program reaching its climax in the Lutheran Guest Night.

The Rev. Kurt Koepf, of Tecumseh, will be the guest speaker at the service which will open the Guest Night program. With the local pastor, Norman Berg, he will also engage in a question and answer period following the service. A Fellowship Coffee will conclude the Guest Night program. Anyone interested in the beliefs and customs of the Lutheran Church is welcome to attend.

The evangelism committee of St. Peter's Church tabulated the following percentages relative to church affili-

PLYMOUTH HIGH NOTES

The Plymouth Rotary Club has accepted 16 senior boys to represent Junior Rotary this year. Frank Baumgartner, Mike Bentley, Paul Campbell, Terry Cosgrove, Doug Fey, John Hannula and Jeff Hoffman are now members of the club. Others include Dick Irvine, James Lake, Clark Raven, Tim Steiner, Dave Tidwell, Bob Waters, Dennis Watson, Tim Wornette, and Bill Wilson.

Each month two of the boys will attend Rotary meetings on Friday afternoons.

The purposes of the club are to interest boys in Rotary and to let them present their views on business to adult members. Also, it gives the boys a chance to hear the businessman's point of view.

The Spanish Club, with advisor Carmelo Crespo, has held the first meeting. Club officers were elected. Louie Wright '65 will preside over the meeting as president. Working under him are Nancy Miller '65, vice president; Ginny Smith '66, secretary; and Jay Reynolds '65, treasurer.

Members viewed the slides which Jerry Harrison '65 took on his trip to Honduras.

Officers of the French Club this year are Joe Wendell '65, president; Sue Rybka '65, vice president; Linda Norgrove '65, secretary; and Mary Jo Arnold '66, treasurer. Advisors to the club are John Hopkins and Mrs. Susan Simmonds.

The Club will travel to Ann Arbor to see a French movie. They also are considering a trip to Quebec, Canada.

The Art Club recently held a barbecue at the home of Mrs. Jesse Hudson, the club's advisor. Members invited guests to interest other students in joining the club.

Because it is important that college-prep students and students interested in a particular trade take tests offered by the school, here are the dates and information about some of them.

The Preliminary Scholastic Aptitude Test will be given to 250 juniors and seniors at the cost of 75 cents each. It will be given Saturday, Oct. 24.

The Mathematics Prize Competition will be offered to only 25 students and will cost 50 cents. It is voluntary and will be given in December.

The Metropolitan Achievement Test will be given to 425 juniors Monday through

according to information received from about 70% of the homes in the Plymouth Community: unchurched 25%, Roman Catholic 21%, Presbyterian 13.1%, Methodist 13.1%, Lutheran 7.7%, Baptist 7.1%, Episcopal 6%, Church of Christ 1.8%, Nazarene 1%, and others (less than 1%), 24 denominations 5.8%.

The census cards of the "unchurched" who indicated a specific church preference are being turned over to the respective denominations in the community.

The National Educational Development Test will be offered to 80 sophomores at a fee of one dollar. It will be given on Saturday, November 14-18 also.

The National Merit Scholarship Qualifying Test available to 100 juniors will be given Saturday, Mar. 13. There is a one dollar fee.

The Scholastic Aptitude Test of College Boards is for seniors only. It is required by some colleges and has a fee of \$4.50.

For further information involving testing or scholarships see Mr. Mike Hoben or other counselors in the guidance office.

The Detroit News again is sponsoring the Southeastern Michigan Scholastic Writing Awards program. The program is designed to encourage creative writing among students. Short stories, formal or informal essays, poetry, critical reviews, articles, dramatic scripts or a school journalism clippings are the classifications for entering. Most English teachers have further information.

Dream should become reality

Getting its share of kicking around in Plymouth City Commission meetings lately has been the question of what to do with the 40-acre, city-owned Six Mile Road well field.

Eventually, commissioners have pointed out, the field will be depleted and, before too long, of little value as a source of water. To Commissioner Arch Vallier should go the credit for making a suggestion on eventual disposition of the area.

Why not, Vallier has asked, make it into a "Camp Plymouth" for the recreational use of city residents?

Why not, indeed? Last week, a Plymouth Mail staffer accompanied two city officials out to the site — then in full and colorful autumnal bloom. In a clearing in the woods, stand frame and block buildings housing the city's pumping, water regulation and treatment equipment.

Surrounding the open area are some of the oldest trees in Wayne County. Stately oaks, large elms,

gigantic examples of forest growth at its finest and most magnificent. The well field is, in fact, a wooded oasis in the face of encroaching civilization. And its beauties should be preserved for the benefit of present and future Plymouth residents.

During the course of a quick inspection tour of the well field area, Superintendent of Public Works Joseph Bida and Commissioner George Lawton agreed that, initially, the City could convert the area to a park at very little cost.

At first, all that's required is clearing of brush and undergrowth and perhaps installation of simple picnicking equipment.

After that, expenses would depend on just how thoroughly city residents want to develop the area.

At any rate, Vallier's dream has obvious merit. We think the Commission should look favorably upon it and take steps to make Camp Plymouth a reality.

Solidly in favor of program

With the release last week of reports drawn up by a special committee appointed by the Plymouth Community School District Board of Education, a giant step was taken in the direction of proper schooling for local youngsters on the subject of human growth and development.

Composed of nearly 15 leading Plymouth Community residents, including a clergyman, educators and medical men, the group spent two and a half months producing a comprehensive and worthy report.

Originally the appointees were called the sex education committee, a title which — in the light of their recommendations — must necessarily be considered a misnomer.

Significant in their report were these words:

"It is the recommendation of this committee that not only the physiological changes of sex should be taught, but that emphasis be placed, from kindergarten through the 12th grade, on developing appropriate moral and social attitudes and values . . ."

"It was the feeling of this committee that sex education was too narrow a term for a program of this nature; therefore . . . the title of 'Human Growth and Development' seemed more suitable."

We heartily agree; and The Plymouth Mail feels the dedicated and unselfish efforts of the members of this committee should not go unnoticed.

One of the prime reasons this group and its report is worthy of plaudits, is detailed firmly in a publication issued last week by the Pharmaceutical Manufacturers Association.

Entitled "The Whisper Diseases Explode," the booklet spells out a totally unnecessary increase in venereal diseases in the United States in the past seven years. In editorial comment on the question, the publication noted:

"People wince at the prospect of an influenza epidemic, shudder at news of a hepatitis outbreak, and blanch at the sight of a polio victim. To combat these and other similar communicable diseases Americans contributed millions, demand governmental programs, take elaborate precautions.

"Why? Because these are 'respectable' illnesses. Nice people from good, wholesome families are among the unfortunate victims. No reason for concern about those shameful venereal infections which, after all, strike only prostitutes, skid row bums and other ne'er-do-wells. They can stew in their own sin.

"Well, it just is not so. In one well-to-do Midwest community, dozens of syphilis cases are uncovered by blood tests given routinely to students from tenth to twelfth grades . . ."

"VD is striking the coming generation particularly hard, victimizing an average of two teenagers or young married couples every minute."

Noting that the number of reported cases of infectious syphilis has been shooting upward, the publication pointed out nearly a four-fold increase since 1957, a record low year.

Now, how does all this tie in with Plymouth and the report submitted by the school board's committee? The pharmaceutical association's journal answers the question:

"Public health workers have found that the ultimate fault lies in a pocket of ignorance among the youthful . . . Many of these supposedly intelligent young men and women do not know (or are only dimly aware) they are being exposed, do not recognize the signs of infection, do not realize they are spreading the germ, and do not understand there is a cure.

"It is quite natural for many in this age group to ask: 'A cure for what?'"

We would suggest that a distinct service to the Plymouth Community can be performed by implementation of the sort of program recommended by the committee appointed by the board of education.

Particularly important in preventing, here in Plymouth the kind of problems outlined in the pharmaceutical association publication, would be the development of "appropriate moral and social attitudes and values toward oneself and others" emphasized in the report.

Beyond that, the threat of venereal diseases could be truly outlined for local youth.

This newspaper goes solidly on record in favor of the voluntary program of education outlined in the report submitted to the Plymouth Community Board of Education last week.

Under the terms of the recommended plan, no student would be forced to participate in the courses included. However, in terms of improved insight into human growth and development, both emotional and physical, we can see no reason for non-participation.

Knock it off

Some sort of medal for long suffering should be given to Plymouth Republicans before the general election becomes history.

For, at the site of their headquarters on the city's Main Street, GOP workers have had to take more guff than anyone should be subject to.

It began with adolescents pestering workers as they passed the trailer office on the way to and from school, banging on the sides of the vehicle, taking literature and throwing it away and making objectionable, often profane, remarks.

Later, a movement got underway to force the party to move from the site because of "zoning violations."

The trailer has had signs torn from its sides and, recently, was defaced as kids, presumably from the Class of '65, sprayed class numerals in blue on its front end. Last week, things took a sinister turn as one party worker received anonymous calls threatening to overturn the vehicle.

While, as in love and war, all may be fair in politics, we decry and deplore actions of this nature. Plymouth youngsters (and we realize only a minority are involved) know better and should show it.

Actions like these are unbecoming to the community as a whole and the younger generation in particular. We challenge local kids to keep their less mature cohorts in line. Naturally, in America, they have the right to agree or disagree.

But, while criticism is one thing, hooliganism is another.

Let's knock it off.

NORTHERN MICHIGAN? Nope, this attractive, woodsy area is just a stone's throw from Plymouth — and it's owned by the City. Some Commissioners feel it could, at little cost, be turned into a "Camp Plymouth" for local residents. See editorial at left.

Well Aware of Views Of Columnists, Editors

Harry N. Deyo
Attorney Counsellor
808 Church Street
Plymouth, Michigan
October 15, 1964

Dear Editor:

Only at the urging of concerned and dedicated citizens, do I write the following. Being well aware of the views of columnists, editors and publishers and having read the commentary re Russell Kirk in your last edition, I suspect my contribution will come to rest in that famous "File 13." So be it.

But perhaps we may help our friends to clarify their thinking by looking at the record. The issues, according to Washington, are Peace, Prosperity and Poverty. Can we have Peace and Prosperity and can we have Prosperity and Poverty?

Our younger people will not remember that Wilson was elected on the slogan that he kept us out of war. A few months later we were in WWI. So was I. But I left thousands of my comrades in France. However, we had prosperity for those who stayed home. As I recall President Wilson was a Democrat.

Then we came to FDR. He promised that not one of our boys would go to war. Very soon we were in WWII. So was I. Again thousands of our men were buried in foreign soil. But we had prosperity.

Next was Korea. This was only a "police action". Probably the thousands killed and wounded meant little, but it gave us prosperity. Now we have Viet Nam. We have lost two hundred "advisers", maybe more by this time, and are spending millions for nothing. But we have prosperity.

In every case cited above our President has been a Democrat. So in the present campaign, when LBJ talks peace I have a chill.

We do appear to be prosperous, but we go into debt billions. The interest on our national debt is close to 11 billions per year. The greater the debt is the more staggering the interest. Belonging to the AFL-CIO . . .

Pleased to Read The Grim Pilgrim

Dear Editor:

I was pleased to read "The Grim Pilgrim" in this week's Plymouth Mail and would like to express my sincere appreciation for the kind of editorials and reporting that you are doing.

You are very courageous to be so honest in a Republican stronghold like Plymouth. From one independent with liberal leanings, to another, it is a pleasure to read your opinions and I sincerely hope you are reaching the minds of this community with your enlightening words.

This letter is meant to be an expression of appreciation and encouragement. Many of my friends feel as I do.

Very sincerely,
(Name Withheld)

Without proper equipment, a white man might die in six hours in the Australian deserts where the dry heat reaches 140 degrees Fahrenheit. Yet aborigine savages can travel in the same area for several days without water.

The coconut tree in the tropics produces four or five crops a year for 70 or 80 years.

NAACP, the Dems or the GOP, or some church or other group is no help. We are doomed to have our pockets picked by our political double-talkers. The Poverty program is the most shocking political attempted purchase of votes ever imposed upon our taxpayers. This money is being used to buy the votes of the lazy, the improvident and the ignorant in our big cities. Every working man or woman must pay for the same. It appears to me that we voters must think clearly, consider the past, keep in mind the corruption of the present, look to the future, and cast our ballots in the cause of decency, honesty, frugality and law. Yes, we do have a choice.

Oct. 15, 1964

Dear Editor,

At the dinner preceding the speech by Dr. Kirk I was one of the people seated at the table with Dave Wiley (alias the Grim Pilgrim).

I found him a rather pleasant young man, a recent graduate of Michigan State, with a charming wife.

I would like to correct him on one statement. In the group at this dinner there were exactly four people who were personal friends of Dr. Kirk. The young men referred to as classmates were, at most, infants when he lived in Plymouth.

Mr. Wiley has publicly given his personal views on this speech and the speaker. May I present the personal view of another young man?

This man also a graduate of Michigan State is a registered engineer and an attorney. He is presently employed on the legal staff of the Consumer's Power Co. He has never lived in Plymouth and never known Russell Kirk.

His only contact has been through reading Dr. Kirk's column in his local paper. On Wednesday night he drove over from Jackson to hear him in person. This young man was so impressed by what he heard that he called the next day to see if it would be possible to acquire two tape recordings of this speech. He made another trip to Plymouth to pick them up. One of these recordings is being used in Jackson and the other was sent to Detroit where it is also being used extensively.

As I said in the beginning, Dave Wiley is a pleasant young man. Thirty years from now he may be qualified to understand and evaluate a person such as Dr. Kirk. In the meantime I suggest his opinions be given about as much credence as "Junior" Kirk's would have been given thirty years ago.

Respectfully,
Mrs. James (Jean) Latture

The Grim Pilgrim

By DAVE WILEY

Ever since Sinclair Lewis sat down, dipped his pen in a mixture of vitriol and caustic and — in a frenzy of frustration — wrote Babbitt, service clubs have been the butt of some of the hoariest jokes in the land.

Collectively they have been relegated to a position of scorn and ridicule, and criticized vehemently by intellect and (more often) pseudo-intellect.

They have been held up as object lessons in conformity, clannishness and clubby con. The critics have, in the past with some justification, pointed to the service club as a vehicle used by narrow men to rationalize their provincialism, a place to gather and escape the matriarchy of American society.

Yeah, O.K.

I myself, as a somewhat younger and more consciously skeptical soul, got ramrodded into a service club in a central Michigan town and — believe me — it was all of these. Or, rather, at the time, I thought it was.

But, now, one of two things happened. Either I have aged and been sucked into the humdrum everyday-ness of small town life or service clubs have come a heck of a long way.

Frankly, I enjoy the one to which I belong.

And most of the men I have met in Plymouth seem to be happily dedicated to their organizations. Rotarians, Kiwanians, Lions, JayCees, Optimists — they are apparently increasingly aware of the obligation they have to their community.

Not that the sessions are terribly dignified. When Pop leaves for the club meeting, you can be reasonably certain, Mom, that — given the opportunity — he'll let his hair down and, no matter how proper he is, get in on the horseplay with the rest of the guys.

But he won't forget, for long, the true purpose and meaning of his group.

For instance? Well (and I'll probably catch heck at the next Kiwanis meeting for this), take Plymouth Rotary. Here is a group that, among other things, has probably done more for education than any other group in the area.

Through the little-known and largely unheralded Rotary Foundation, this group has been primarily responsible for the higher education of more than 40 young men and women from the Plymouth Community.

Among recipients of help from the Foundation are a medical doctor, a funeral director, teachers and pharmacists. Incorporated as a non-profit corporation in 1957, Rotary Foundation grew out of a student loan fund organized by George Smith, former superintendent of schools and Rotary District Governor in the mid-1940's.

Funds come from projects within the club, contributions from members and donations from interested persons.

And, if you want to look at it this way, each year, thousands of chickens contribute to the cause as they find their way via Rotary's barbecue pits into the stomachs of eager Fall Festival customers.

All profits from the barbecue go to finance the Foundation.

The story is much the same in other clubs.

Last week, Kiwanians sold peanuts on local corners and JayCees went from house to house selling Halloween candy. Next week, Lions will be selling cider; and I sincerely hope it won't be as hard as the jug of last year's batch that Bill Grubb and Dr. Ray Barber posed with on Saturday.

In effect, what I'm saying is this. Next time someone pokes fun at service clubs, hear him out. Then tell him about Rotary. Find out if he's a Rotarian or a kid's event sponsored by JayCees or Optimists or tell him about the foster child supported by Kiwanis. Then ask him if he'd like to sweat it out over a barbecue pit for six hours, or flip pancakes, or fry fish or try to solicit help from a largely unconcerned public.

So what if service club meetings are corny? They help to DO something for someone and that's what this tired, warped world of ours needs.

In a lighter view, Rotary publicity man Sam Hudson called to fill me in on the District Governor's visit the other week.

"By the way," Sam concluded, "Tim Wernette and Fred Baumgartner were introduced as Junior Rotarians for the month."

"That's nice," I said nastily. "Can I say that Tim was just installed as president of the Kiwanis Key Club?"

"Unless you want a whole bunch of Rotarians on your neck," Sam commented, "you'd better not."

After thinking it over, I agreed with him.

So I didn't.

Sports IN AND AROUND PLYMOUTH

Frosh Lose First

Plymouth's freshman football team lost its first game of the season last week 19-6 at Belleville. The score is a little deceiving, because Belleville didn't get its last touchdown until the final few minutes of play.

At halftime the Rocks trailed only 7-6. Belleville scored first after a long drive of short runs to lead 7-0 in the first quarter.

Plymouth closed the gap in the second quarter when right halfback Russ Carlson scooted five yards to score on an end around play in the second quarter.

Another Belleville score came in the third quarter after a 40 yard end around play set up a short drive from the one yard line.

The final score came in the last minutes of the game, when Belleville intercepted a Rock pass on the Plymouth 45. A 35 yard pass play then set up Belleville for a short running play to score.

The next game for Plymouth is at home this week against Adams school of Wayne.

8th Graders Lose Opener

Plymouth's eighth grade football team kicked off its season last week by entertaining a Bentley team that had already played two games this season.

The 8th grade Rocks scored a touchdown in the third quarter after the first team quarterback had left the game with a broken nose, but were unable to match Bentley as the Bulldogs won 20-7.

Bentley scored first in the second quarter on a steady 30 yard drive to lead at half time 7-0. Plymouth moved well in the second quarter and had one touchdown called back on a penalty.

In the third quarter, Bentley went out in front 14-0 on a pass play. Plymouth came charging back to score early in the final period, when quarterback Dennis Becker rolled out to run 35 yards to score.

Becker had replaced Bruce Bauman at quarterback when the latter left early in the third quarter with an injured nose. Jerry Latham dove in from halfback to score the extra point and Plymouth trailed only 14-7.

LATE IN the game, Bentley added another touchdown to make the final score 20-7.

Coach Casey Cavell had special praise for Becker who had never played quarterback before, but who had learned the plays for the position. He also said, "The line played real well for the first game."

Plymouth plans to meet Cherry Hill high school's eighth grade team at 4 p.m. behind the Junior High East this Friday.

Plymouth's Homecoming celebration 1964 was a many splendored thing.

Between 3,500 and 4,000 people jammed the local field to cheer their Rocks to an exciting 7-6 victory over Redford Union.

Many were taking part in the festivities. Twenty-Six dads of the football players sat on special chairs along the sidelines with cardboard numbers (same numeral as their sons) on their backs.

Before the game hundreds of fans joined in the bonfire and cheerleading to whip up support for the evening festivities.

A parade of imaginative floats and cars trundled through town and around the running track surrounding the football field to the applause of fans.

SEVERAL student groups interspersed among the floats led improvised cheers as they circled the track. Earlier, and throughout the evening, many students contributed to the noise with an early sounding of Halloween noisemakers.

The smoke from the pre-game bonfire, added an unusual touch to the start of the game. When the fire was extinguished a huge layer of smoke crept in like a San Francisco fog.

As it drifted into the playing area, it blocked out lights of the northwest pole and punters, practicing at that end of the field, booted balls that disappeared for a few moments.

It never dropped down to the playing field, although it did provide eerie cover for most of the quarter.

At halftime with the atmosphere well cleared up, the Plymouth band and pretty girls combined for the big moment of the evening — the crowning of Plymouth's 1964 Homecoming Queen.

The 80-plus member Plymouth Band, in its attractive blue and white uniforms, got things warmed up with marching music, including "Doing What Comes Naturally." This tune was used as the central part of a formation, saluting late evening TV horror movies.

The band formed a monster complete with lighted pink eyes and smoking ears, and moved about smartly, like a monster might.

EARLIER they did a salute to the TV Ben Casey with sound effects for a patient being sawed in half. In the press box authentic sound was provided by someone sawing a board in front of the microphone.

The Plymouth band changed formation to the tune "Old Fashioned Walk" and divided in half at the 50 yard line for the Queen ceremonies.

As the band played "A Pretty Girl is Like a Melody", the lights were dimmed and 12 girls holding pink sparklers formed an honor guard, through which passed the court and their escorts.

They were presented individually as a spotlight focused on them. First came the sophomore class representative Carol Engstrom, escorted by Pat Williams. Next was Pam McAllister, representing the Junior Class. She was escorted by Randy Williams.

Then came the four senior representatives from whom, still unknown, the queen was

selected. First was Judy Olds, escorted by Grant Fischer. Then came Carol Otwell, escorted by Jim Haarbauer; Linda Walker, escorted by Jeff Burle and Sue Ward, escorted by Fred Higgs.

ALL THE girls mounted small pedestals that had been placed in a semicircle facing the home crowd. The representatives from the sopho-

more and junior classes wore knee length dresses, while the senior class representatives wore street length formals. All the boys were dressed in dark suits.

One big pedestal remained empty until the queen was announced.

The announcement of Judy Olds as the queen sent off a roar of excitement

and she was crowned by last year's Queen (who looked pretty regal still) Nancy Walasky.

Then the 1964 queen danced with drum major Mike Bentley to the tune of "Dancing in the Dark," while a spotlight shone on the couple two-stepping over the green turf of the football field.

The Queen was also pre-

sented with a dozen roses that seemed to go well with her pink and wine colored formal. She is an attractive blond, who (forbid the ancient reference) wore her hair a little like Veronica Lake.

The Homecoming Dance was scheduled for the next evening and when the band concluded half time ceremonies, it was time to get back

to the football game, which Plymouth won dramatically in the last 30 seconds of the second half.

Even the weather man co-operated. The preceding week at Trenton he gave us 30 degree weather. It was a sport coat crowd at Plymouth's homecoming as the temperature remained at 60 degrees.

PRETTY Carol Engstrom, representing the sophomore class, rode in this posh, white luxury convertible in the homecoming parade. Sophomores worked long and hard to decorate the eye-catching vehicle.

Rocks Pile into Tie for 1st Again

Plymouth's 1964 team of spirit piled into a tie for first place last Friday by holding Redford Union 7-6 in a thrilling Homecoming game.

While the Rocks were winning, Trenton got dumped by Bentley 7-0. Now Plymouth, Allen Park, Bentley and Trenton share first place in the powerful Suburban Six League race with identical 2-1 league win-loss records. Plymouth travels to Allen Park at 8 p.m. Friday.

The Rocks ran into a determined Redford Union squad that battled Plymouth to a 0-0 first half tie. In the second half things happened quickly.

PLYMOUTH kicked off to Redford Union and the Panthers returned the ball to their own 28. Halfback Tom Shirkey then electrified the crowd with a 62 yard run around end to the 12 yard line, but it was nullified by a penalty flag thrown at the beginning of the play for illegal procedure.

Then with a first and 15 on his own 23, quarterback

Howard Kendrick was hit by Plymouth tackle Dave Tidwell while trying to pass. The ball sputtered from his arm and Tidwell covered the ball on the Redford Union 14.

The Rocks immediately took advantage to score. Captain Gary Grady gained two yards and then fullback Curt Irish got six yards to the six yard line. John Daniels, playing halfback, took it to five yard line, where it was fourth down and one.

Gary Grady then made the first down to the RU three yard line. On the next play he slugged up the middle to score and Plymouth led 6-0.

The next play of the game didn't seem important at the time, but it turned out to be decisive when Terry Cosgrove covered the ball into the end zone on a quarterback rollout to tally the extra point. With 8:46 left in the third quarter Plymouth now led 7-0.

After the ensuing kickoff, Redford Union got rolling with four first downs in a row before some aggressive

defensive play sent the Panthers reeling. Two outstanding plays in a row were turned in by defensive end Jim Lake.

WHEN RU had a third down and 17 to go from the Rock 35 late in the third period, Lake splashed through to nail Kendrick for an eight yard loss. That made it fourth and 23 on the Rock 43 yard line.

On the next play Lake swamped the RU punter, blocked the kick and picked it up at midfield. He carried it to the RU 27 for a Plymouth first down.

Neither team was able to get moving again until late in the fourth quarter, when Redford Union set the stage for a dramatic finish.

The Panthers started from their own 28 and put together three first downs in a drive to the Plymouth two yard line. The big play was a 31 yard pass from quarterback Ron Berryman to halfback Eric Bourassa who was tackled on the Plymouth 11.

The Panthers tried one line play that netted only two yards to the four yard line before going to the air for a

GRADY GETS — what Plymouth wants. Here he takes in a toss from quarterback Terry Cosgrove to get the Rocks some yardage against Redford Union.

short touchdown play from Berryman to end Mike Fritz in the end zone.

Now only 25 seconds showed on the field clock and Plymouth led 7-6. Here a terrific leading plunge by end Jim Lake saved the day.

Berryman hardly got the ball from center and got his arm up in the air, when Lake rushed through the line untouched to pour himself all over Kendrick with a leaping high tackle. Berryman never got the ball away for the intended pass for extra point and Plymouth still led 7-6.

The Panthers had only time to try an outside kickoff, which Plymouth recovered, and wait while Rock quarterback Terry Cosgrove ran out the clock.

It turned out to be a mighty important point and victory for Plymouth, because first place Trenton was beaten by Bentley 7-0 to create a four team jam in first place.

The Rocks were again

back on top of the heap after a tremendous team performance.

Bates is First As Runners Win

Plymouth's cross-country team swept three of the first four positions last week to beat Allen Park 20-41 at Riverside park.

Plymouth's John Bates was first, turning in a nifty 10:50 on the Rocks' home course. Mike Bentley was second, only five seconds back at 10:55. The two have been running one-two for Plymouth all year.

An Allen Park lad was third, but Bob Kreitsch was fourth with an 11:29. Dave Dirium was sixth at 11:35 and Dave Allen completed the low Plymouth scoring (low team wins in cross-country) by crossing the line seventh in 11:41.

Dave Dunlap, a sophomore running in his first varsity meet, didn't figure in the scoring, but he was eleventh with a strong 12:02 effort. It bettered his previous best time by a full 20 seconds.

Jeff Scott and Joe Smith also ran for Plymouth in the Allen Park meet.

Friday the Rocks will entertain Belleville here at 3:45 p.m. at Plymouth Riverside course. The following Tuesday, the Suburban Six League meet will be held at 3:45 p.m. in Cass Benton Park.

JVs Upset Trenton

Plymouth's Junior Varsity football team won its first game last week with a 6-2 upset of Trenton here in Plymouth.

The young Rocks trailed Trenton 2-0 going into the second half. Trenton had blocked a punt in the end zone late in the second quarter and the ball rolled out. If Trenton had been able to cover the ball it would have been a touchdown.

Spurred on in the third quarter the Rocks came rolling back to score on a 20 yard pass from quarterback Dave Prochazka to halfback Ron Lowe, who was in the end zone straight down the middle.

Lowe and Prochazka played outstanding defensive games as well, according to JV coach Dick Bearup, as they grabbed several enemy passes at crucial times during the game.

DEFENSE and line play for Plymouth was real good, according to Bearup. The Trenton coached remarked, "you outthit us in the line."

Bearup had special praise for several members of his defensive unit. Tom Matthews and John Eagen, both defensive tackle, and Sam Callen and Damon Cruce, defensive guards, play exceptionally well. Bearup noted. In addition, Pat Brady and Gary Gidcombe, defensive ends, turned in outstanding performances.

Plymouth also got good performances from linebackers Dave McGuire and John Coloia. "In fact," Bearup said, "everyone did a good job."

The next contest for the JVs is at Redford Union at 4 p.m. Thursday. Plymouth will be looking for its second win against two losses and a tie for the season.

The Sporting Thing

By Bill Nelson

It was an amazing gift that the Plymouth football team presented last Friday to its homecoming fans — a 7-6 victory that went down to the final 20 seconds before it was wrapped and packaged properly.

Redford Union was surprisingly strong, although anyone who knows the Suburban Six League knows that any team can beat another on a given night.

The breaks had gone against RU in its early games against Suburban Six opponents and when they came to Plymouth, they were pointing, like nearly everyone else, at the defending league champions.

While the Rocks were taking a close one, Bentley shutout unbeaten Trenton 7-0 to throw the race into a four way tie for first.

Plymouth has two league games left and both are away. Next week the Rocks travel to Allen Park and the following week to Belleville. This game at Allen Park should help decide something, because Allen Park is also tied for first with a 2-1 record.

Every Plymouth fan who can make it to this game should do so as a return gift for the splendid team victory provided Rock fans this last week.

Coach John M. Hoben noted the strong team effort. "Larry Warnemuende did an outstanding job at defensive halfback and his brother Jerry was good as an offensive end. Gary Watson was with us for the first time this season at end and he made a real contribution," Hoben said. He had been out with a broken hand.

"Cruce did a good job as a middle guard," Hoben noted "and Dave Tidwell was good at offensive center and defensive tackle. Paul Densmore played his usual fine game at guard."

"Roger Smith was also good at guard," Hoben said, "and Kozlowski gave us help at offensive tackle."

Hoben had shaken up his backfield a little for this game and it helped considerably. Terry Cosgrove played quarterback and Captain Gary Grady played one halfback spot. Hoben used John Daniels, usually a quarterback, at the other halfback spot and moved Roger Tobey to fullback.

The whole unit moved better and this was a tribute to the blocking of Roger Tobey. "Tobey gave us the blocking we have been looking for," Hoben said.

Blocking is one of football's toughest skills and one of the most unnoticed. Tobey at fullback could play a big part in Plymouth's future.

Co-Captain Gary Grady played a rugged, steady game on offense and led the tough defensive unit in tackles again. "This had to be Jim Lake's best game," Hoben said of the man who seemed to stand out during this game.

Lake looked like the sixth Great One as he came pouring through a gap in the RU line with 20 seconds left to stop the pass for extra point before it could get started. Earlier he had blocked a kick and picked it up and run for 25 yards.

On several occasions he dropped RU runners or passers for losses and generally conducted himself in a most respectable manner.

In addition, fullback Curt Irish played a good defensive game with several jarring tackles and consistent and steady punting when the Rocks needed it.

All in all, it was the best team game of the season and Plymouth needed all of it to subdue a Redford Union team that is going to cause some trouble in this league race yet.

The Rocks struggled through some harrowing times early in the season and did it with serious injuries. For example, last week, they played without Dave Eisenlord and Steve Stribley, two regular teackles who are nursing knees.

It is reported, incidentally, that Trenton played against Bentley without a first string halfback, who had suffered a shoulder separation in the Plymouth game.

"If all our boys could get healthy together..." Hoben thought aloud.

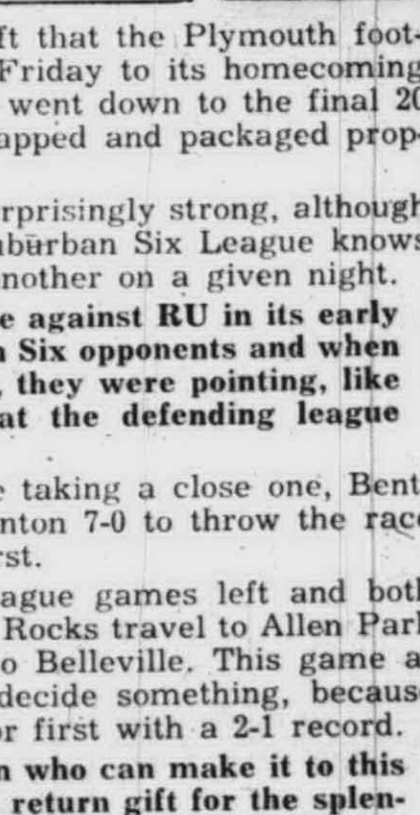

This Plymouth team has tasted defeat twice against three wins and they have bounded back both times. They took a demoralizing loss at Trenton and came back to beat Redford Union.

They are back in first with only a one-week derailment. They warrant your support en masse for these next two league games away from home.

This may not be the greatest team Plymouth ever had, but it has got to rank at the top in team spirit. They gave their fans a present last week at homecoming and they are giving their coach, in his last season, everything they have.

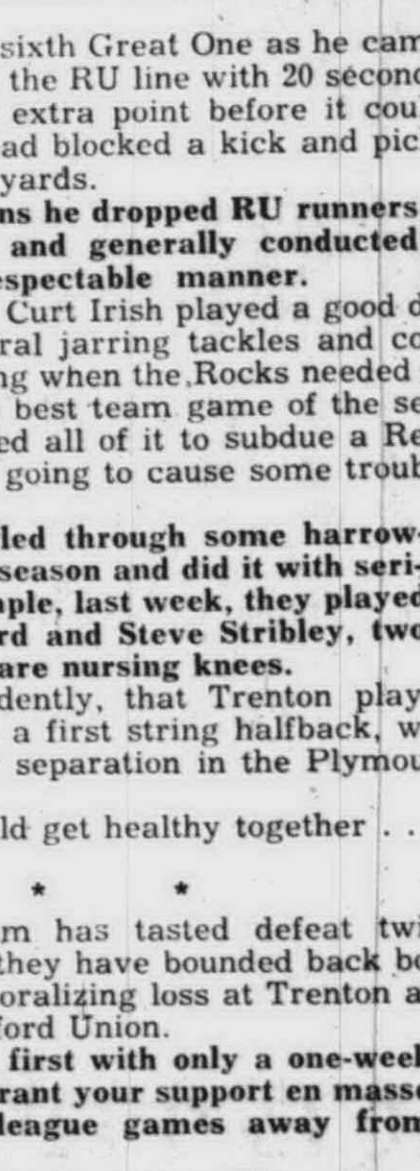

GRADY GETS — what Plymouth wants. Here he takes in a toss from quarterback Terry Cosgrove to get the Rocks some yardage against Redford Union.

IRISH FIGHTING — for yardage down near the RU goal line. He gained six yards on the play, which moved Plymouth to the RU six yard line in its lone successful drive to score. A trio of Panthers try to stop him. Number 11 is Tom Coates, an RU halfback. Thirty-three of course is Curt Irish, Plymouth's fullback.

New Sounds, Sights and Tastes Prove Exciting

By Lon Dickerson

Later in the afternoon we cashed our first paychecks and exchanged our money for Leones. Last month the country adopted a new currency. Previously the British form of pound, shilling and pence was used. The new currency is based on the decimal system with 100 cents equalling one Leone.

The Leone is worth \$1.40 in American money. The old currency will continue to be accepted as legal tender until February, 1966, so much of the trading is still done in that system.

I bought a banana from one of the mummies, and the experience of bargaining in two currencies and converting them in your mind to American equivalents is at first a challenge. But gradually the system grown on you.

That night, as another storm drenched the city, we were taken to the house of a P.C.V. for a welcoming party given by the old volunteers. On the way there, I saw a happy devil leading a group of people in the street in dancing and chanting.

At the party a three-piece Sierra Leonean band provided High Life music with two wooden boxes serv-

ing as drums and a corrugated piece of tin and the musicians' clanging supplying the melody.

An unusual combination of musical instruments to an American, but we would have a hard time duplicating the enchanting music which emanated from that group.

Our food consisted of a roasted pig along with potato salad and a combination salad of tomatoes, cucumbers, green peppers, and onions. It was a mixture of African and American tastes.

When I wearily got into bed that night, I could hear the croaking of frogs and the cries of parrots above the muted sounds of the city.

And through the maze of mosquito netting which draped about my bed, I could see the four inch gecko lizard walking across the ceiling and skillfully catching mosquitoes and an occasional moth.

As I lay there, the new sounds, sights and tastes I had experienced this first day in Sierra Leone paraded across my mind.

Yes, life here was exciting. And as my mind turned to the tomorrow, I drifted off into a sound sleep.

Nays: None. The motion was carried.

It was moved by Member Henry and seconded by Member Utter that the Board of Education indicate a willingness to cooperate with Schoolcraft College and the other School Districts within the College District in an investigation of the possibility of organizing a non-profit corporation to operate an Educational Television Station in Western Wayne County and that an appropriation of not to exceed \$100 be authorized to cover the District's pro-rated expenses in the study.

Ayes: Members Fischer, Henry, Hulsing, McLaren, Soth and Utter.

Nays: None. The motion was carried.

The meeting adjourned at 10:13 p.m.

Respectfully submitted, Esther L. Hulsing, Secretary Board of Education

Do we really need a Medicare Tax?

Health care is now available for "over 65's" who cannot afford to pay

If you are over 65, facing medical expense and can't pay for it... it's yours for the asking, already provided for by law. The Kerr-Mills Act offers a Health Opportunity Program for the Elderly with the federal and state governments sharing the cost.

In most states this care is far, far greater than that offered by Medicare proposals... and no additional tax is necessary!

If you are elderly, and without funds for needed medical care, ask your doctor about the Health Opportunity Program for the Elderly, or call your local medical society.

Cornelia Otis Skinner Opens Northville Town Hall Series

The delightful Cornelia Otis Skinner opened Northville Town Hall series fourth year, Oct. 15 with three of her character sketches.

Dressed in a floor-length jacketed gold dress, Miss Skinner changed her accessories quickly to fit her parts. A parody on modern selling techniques was Miss Skinner's first monologue. A "Box of Powder," which she introduced by telling her audience it was slightly autobiographical, told of how a woman entered a small shop for a box of her regular powder and although she left without the powder was unwillingly given a complexion analysis and figure analysis complete with appointment for treatment.

She also was insulted by employees telling her she was too fat and her skin too yellow. Then they suggested remedies she could purchase to improve her bad points.

In another of her presentations she appeared as a dom-

THE MORTGAGE LOAN YOU'RE ABOUT TO GET:

Perhaps the most important financial decision you'll make for years to come is the mortgage you select now for your new home. It involves a number of important questions: What kind of mortgage loan? What's the most sensible amount? For what length of time? Where to get it?

Years of experience have shown us the importance of planning properly, and how the *wrong* kind of mortgage can take away much of the joy and pleasure that comes with ownership of a new home. We'd like to help you buy that house, just as we've helped thousands of others buy or build.

That's why we take extra care to make sure your mortgage fits your future as well as your new home will—to be sure you get the right loan for the right length of time . . . at competitive interest rates . . . with lower closing costs, prepayment privileges, and even an automatic payment plan.

If you're about to buy or build, talk first to us about a National Bank of Detroit mortgage. Stop in at any of our 78 offices and pick up a copy of our helpful free booklet "Buying and Financing a Home." Along with the personal counsel that's yours for the asking, it can help you arrive at the best answer to your biggest question about a mortgage. . . .

WILL IT BE EXACTLY WHAT YOU NEED?

Mr. and Mrs. Ronald Voss

Elaine Kanka, Ronald Voss Speak Vows in Nuptial Mass

In a nuptial mass in Our Lady of Good Counsel Catholic Church, Sept. 19, Elaine Kanka and Edgar Voss spoke their marriage vows.

Parents of the couple are Mr. and Mrs. Louis Kanka, of Ann Arbor Rd., Edgar Voss, also of Plymouth, and Vida Kittle, of Owosso.

The bride, given in marriage by her father, wore a floor-length gown of Italian silk and lace with a shoulder-length illusion veil and cathedral-length train. Her bouquet was a white orchid surrounded by white roses.

Matron of honor for her sister was Mrs. Barbara Denki. She wore an olive green floor-length crepe sheath and matching pillbox headpiece, and carried a cascade of rust roses and fugi mums.

The bridegroom's sister, Mrs. Pete McLeod, and Mary Jane and Josephine Calleja were bridesmaids. The ring gowns and flowers were identical to the matron of honor's but in gold.

Also attending the bride was her niece, Suzanne Denki. Best man was Paul Denki, the bride's brother-in-law. Peter McLeod, the bridegroom's brother-in-law, Michael Budnick and Frank Dietrick also attended the bridegroom.

Ushers were Thomas Sullivan and Dave Shaunamon.

The bride's mother wore a traffic green dress with matching accessories and an orchid corsage, and the bridegroom's mother chose a black suit with matching accessories.

Mrs. Richard A. Schultz

Kathleen Judkins, Richard Schultz Repeat Vows in Oct. 17 Ceremony

In a double ring ceremony in St. Alphonsus Catholic Church, Deerfield, on Oct. 17, Kathleen Kay Judkins became the bride of Richard A. Schultz.

Parents of the couple are Mr. and Mrs. James Judkins, of Deerfield, and Mr. and Mrs. Elmer Schultz, of Belleville.

Given in marriage by her father, the bride wore a floor-length silk organza gown with

a scalloped sabrina neckline trimmed with Alencon lace. The long sweeping chapel-length train caught at the waistline with a silk organza bow was embellished with a wreath of Alencon lace. Her fingertip veil of imported French silk illusion was caught to a heart style crown of pearlized orange blossoms.

Connie Connon, of Deerfield, was maid of honor. Mrs. John Judkins, the bride's sister-in-law, of Adrian, Mrs. Richard Wright, of Tecumseh, Judy Schmidt and Sharon Schwalm, of Deerfield, were bridesmaids.

Cindy Connon, of Deerfield, was flower girl and David Schultz, the bridegroom's nephew, of Ypsilanti, was the ring-bearer.

Following a reception in the Deerfield American Legion the couple left for a wedding trip to northern Michigan and Canada.

The couple will live in Milan, where Mr. Schultz is employed by Dicken's Farm Supply. He is a 1962 graduate of Plymouth High School.

Mrs. Schultz is a 1963 graduate of Deerfield High School.

60 PLUS CLUB

At the 60 Plus Club meeting Oct. 12 at the First Methodist Church, Steve Kinn, a Junior High School East student, played several piano selections. For the potluck dinner and business meeting 57 members were present.

Mr. and Mrs. Donald Kovala

Mavis Williams Weds Donald Kovala in Marengo, Wis.

Mavis Sylvia Williams, daughter of former Plymouthites Mr. and Mrs. James Williams, of Buck Lake, and Donald Allen Kovala, son of Mr. and Mrs. Waino Kovala, of Highbridge, Wis., repeated their wedding vows, Aug. 15, in Marengo, Wis.

The bride, given in marriage by her father, wore a floor-length slim sheath of crystal peau de soie. The dress featured a detachable Chapel train and cut-away skirt. Her shoulder length bouffant veil of French illusion was attached to a pillbox headpiece. She carried a single pink tea rose tied with pink tulle. The gown was designed and made by the bride's mother who also made the attendant's dresses.

Attending the bride as matron of honor was her sister Mrs. Jerry Pangrazzi, of Marquette. The bridesmaid was Joyce Kovala, the bridegroom's sister, of Minneapolis. Diane Williams, the bride's niece, of Brookline, was the junior bridesmaid and James Williams, the bride's nephew, of Russett, Wis., was the ring bearer.

Best man was the bridegroom's brother, Raymond Kovala, of Ontonagon, and groomsman was Curtis Nuttinen, of Kenosha, Wis. Seating the guests were Ralph and Merwyn Williams, brothers of the bride, of Plymouth.

For her daughter's wedding Mrs. Williams chose a teal blue gown with matching accessories. Mrs. Kovala wore a beige skin sheath with matching accessories.

Following a reception in the church parlors the couple left on a wedding trip through Canada and lower Michigan. The couple are living in Butternut, Wis.

Mrs. Kovala is a 1960 Plymouth High School graduate. She also graduated from the University of Minnesota as a medical laboratory technician. Her husband, a graduate of Northland College, Ashland, Wis., is teaching in the Glidden Public Schools, Glidden, Wis.

Cliff Robertson Movie Opens at Plymouth Art (continued): Robertson's hobby is planes. The hobby goes back to childhood, when he used to hang around the airport in his native La Jolla, Cal., doing odd jobs so that he could get free flying lessons. He ran away from home at an early age during the war and tried to join the air force. But when he got into the fighting, it was as a lieutenant (j.g.) in the Navy, experience which stood him in good stead when he started in the recent "PT-109".

Cliff Robertson Movie Opens at Plymouth Art (continued): After the war, he took on some odd jobs and finally became an actor with a road company of "Mister Roberts." He entered pictures with "Picnic," and has since been seen in such hits as "Autumn Leaves," "The Naked and the Dead," "PT-109" and "Sunday in New York." He is co-starred in "689 Squadron" with George Chakiris. The cast also includes Maria Perschy, Harry Andrews, Donald Houston and 10 genuine, old "Mosquitos," actual veterans of the Battle of Britain! The film was directed by Walter E. Grauman and produced by Cecil F. Ford, with Lewis J. Rachmil acting as executive producer.

Cliff Robertson Movie Opens at Plymouth Art (continued): The picture deals with a raid by the "Mosquitos" on a secret German rocket launching site in the fjords of Norway.

Questions and Answers On Frozen Food Uses. Question: Is it true that frozen foods are frozen in small containers because only a small volume can be frozen at one time? Answer: Frozen foods, such as frozen vegetables, have until recently been supplied in packages containing 9, 10, and 12 ounces because of the preponderance of small families. Frozen vegetables are now supplied in 1-lb., 1 1/4-lb., and 2-lb. containers from which they can be poured and in which the remaining vegetables may be again sealed.

Questions and Answers On Frozen Food Uses (continued): Question: How important is the statement on the label "Do not refreeze"? Answer: "Do not refreeze" is important. This direction is given so that the consumer may get the most benefit from the food - its flavor, color and natural texture. If the food becomes defrosted and is refrozen, it is not nearly as attractive but is not apt to be harmful unless you detect an odor. It is foolhardy for the consumer to pay a price for good-quality frozen food and then let it defrost as he carries it home from the store, then refreeze it in his freezer and serve it later at less than its best. When an accident causes foods to become defrosted, they may be cooked immediately, then refrigerated and used as leftovers. This is preferable to refreezing.

Questions and Answers On Frozen Food Uses (continued): Question: How long will frozen foods stay frozen in a freezer after the power goes off? Answer: Assuming that the freezer's temperature was zero when the power unit went off; if the freezer was full, 48 hours; if half full, 24 hours. If the power will be off longer, transfer the food to another freezer or rented frozen-food locker space or add dry ice. Do not open freezer while the power is off.

Questions and Answers On Frozen Food Uses (continued): Question: Does the frozen food section of a combination refrigerator-freezer keep frozen foods at the proper temperature for long-time storage? Answer: A combination refrigerator-freezer with a separate door for each section or a single extra door for the freezer area may have two separate units. You may check the temperature of the frozen-food compartment with a refrigerator thermometer available in housewares of zero degrees, it offers the same protection for frozen food that a freezer does.

Questions and Answers On Frozen Food Uses (continued): Question: Why do most vegetable packages hold only three servings - why not two or four? Answer: A trend in frozen-vegetable packaging is toward greater variety of sizes. Look for the one-serving and two-serving heat-in-bag vegetables in saucers and in butter in your frozen-food department. Also, look for the larger bags of uncooked vegetables which you pour from the bag in the amount you choose, returning the bag to the freezer. Many frozen-vegetable packages are now 12-ounce size for four - others are 16 ounce size.

Questions and Answers On Frozen Food Uses (continued): Question: How do frozen foods compare in nutritional value with those purchased in the produce department or from the canned foods shelves? Answer: Frozen fruits, vegetables and juices were shown by a recent study to retain vitamins and minerals remarkably well. When you consider that produce is sometimes shipped across the country in an unripe state and that heat-processed foods are subject to very high temperatures and then must be heated again before serving, you realize that frozen foods are as nutritious as any foods.

Questions and Answers On Frozen Food Uses (continued): Question: What progress has been made to insure better handling of frozen foods in grocery stores before purchase by retail shoppers? Answer: Many stores control their own storage and movement of frozen foods at zero degrees and below. Should the home-maker find that the thermometer on display cases registers temperatures above this level, she should call this deficiency to the attention of the manager. (All display cases should be equipped with thermometers which the consumer may check if she wishes.)

"May I Go Out to Swim?
Yes My Darling Daughter"

By Anna Jung

Most of you will recognize the title of this article as the first line of a brief verse in which mother permits daughter to go swimming but admonishes her to stay out of the water.

country by storm; we are constantly exposed to, or bombarded by, love theme — in books, magazines, movies, on television.

To paraphrase this verse, in non-poetic cadence: Mother may I go to the dance?

You're not "in" if you haven't fallen in love by the time you are 16.

Yes, my darling daughter. Dress your prettiest and be as gay as you can, But don't get involved with the boys.

Mothers of teen-aged girls are afraid their daughters will be "left out" if they aren't going steady.

A problem that frequently comes to the attention of the caseworker in the family agency is the tragic situation of the teen-aged pregnant girl.

Mary, 16, spent four months in a maternity home and gave up her baby as soon as it was born.

Sometimes the putative father in the case is an "older" man of 21 or so; at other times he is a teen-aged boy, a frightened, unhappy child.

She went through this experience as if she were in a daze. She could not allow herself to feel anything because to feel meant suffering pain.

The parents of these young people are appalled at the turn of events.

Barbara married the father of her child, but she wasn't ready for marriage or for motherhood.

They wonder, "How could this have happened?"

After a few months she hated her husband and couldn't bear to live with him; she hated the child whose birth had caused her so much physical and emotional pain.

There are many causes for social problems, and one cannot generalize by asserting that certain conditions will bring about certain problems.

After a few months she hated her husband and couldn't bear to live with him; she hated the child whose birth had caused her so much physical and emotional pain.

However, attitudes and feelings are learned in the social climate in which we live, and attitudes and feelings influence behavior.

After a few months she hated her husband and couldn't bear to live with him; she hated the child whose birth had caused her so much physical and emotional pain.

A community in which adults encourage "pairing-off" of boys and girls in the sixth and seventh grades, at age 11 or 12 — such a community can expect young people to want to "go steady" at 15 and to indulge in other adult activities before they are out of high school.

After a few months she hated her husband and couldn't bear to live with him; she hated the child whose birth had caused her so much physical and emotional pain.

For many high school students sex relations are an accepted pastime on an evening date; "nice" girls feel they should know the boy and date him for two or three months at least before engaging in sex relations.

After a few months she hated her husband and couldn't bear to live with him; she hated the child whose birth had caused her so much physical and emotional pain.

Romantic "love" has taken the

Real Estate Sales Show Increase in Plymouth Area

Sales of residential real estate in Plymouth and adjoining communities continue to break all records, according to Leon L. Merriman, Plymouth realtor and member of the United Northwestern Realty Association (UNRA).

Merriman cites as his authority the latest multi-list sales figures, released by UNRA. The report, which covers Detroit's west side and the western portions of Wayne and Oakland counties, shows that during September UNRA firms sold a record breaking \$7,940,000 of residential property — up 54 per cent from September 1963.

"Total sales by all members of UNRA for the first nine months of 1964 amounted to \$73,209,706, as compared with \$51,569,916 for 1963 — an increase of 41 per cent for the year to date," Merriman said.

UNRA is the cooperative sales and statistical affiliate of the Western Wayne and the Western Oakland County Board of Realtors.

Salvation Army Sets Special Revival Services

It was announced Monday by Brigadier Ernest Hammer, local Salvation Army representative, that revival services will begin at The Salvation Army hall, 290 Fairground St. this Friday, Oct. 23, and will run through next Tuesday, Oct. 27, each evening at 7.

Captain and Mrs. Roy Wombold, of Goderich, Ontario, Canada, are coming to conduct the meetings. Captain and Mrs. Wombold are widely experienced Salvation Army Officers, having served as missionaries to the Indians in isolated sections of British Columbia, Canada, and opened the work for The Salvation Army at Kitimat, British Columbia.

In recent years they have served in appointments in Ontario. The general public is invited to attend evening services and at 11 a.m. Sunday. They will also be heard during the Sunday School hour at 10 a.m.

Kiwanians Hear About Lunar Exploration Trips

Norb Batterman was the guest speaker at the Plymouth Kiwanis Club meeting last Tuesday evening. Batterman served with the Corps of Engineers during World War II and is presently Senior Systems Engineer at the Bendix Corporation plant in Ann Arbor. He explained to Club members and guests about the "Lunar Exploration Program."

An entirely new launching facility had to be built for the Apollo program at Merritt Island, Florida, near Cape Kennedy, he said. The moon rocket is being built in the largest unsupported building in the world, 674 x 513 x 524. The 360 sq. ft. high Saturn V rocket will deliver six tons of material to the moon.

According to Batterman, the trip to the moon will take about two days. This trip is somewhat difficult to schedule because the rocket can leave earth during only six days out of the month and return only four hours of each of those days. The Apollo program plans to send three men in the moon rocket.

Two men in a capsule will land and stay about four hours, taking samples of the surface material and gathering other scientific data, then rendezvous with the third man in orbit around the moon and return to earth in a single capsule. About six months before the men land on the moon for an extended stay, a rocket will land a truck type vehicle on the moon.

It will be unloaded and moved about by a control system on earth. The men can then set up a communications center and travel within a 40 mile radius. Also to be perfected is a motorcycle or jet belt to be used

for moon transportation if the truck should fail to work properly.

This emergency system will enable space men to return to their home base on the moon. Many of these things are coming true today appeared several years ago in the Buck Rogers comic strip.

Guests for the evening were Leonard Wendell, Stephen Alexsy, Karen Alexsy, Randy Allen and Bruce Becker. Batterman read a letter from Edgardo Lim, who is sponsored by the Plymouth Club under the Foster Parents Program.

According to a letter from the Program Headquarters, this young man has made good progress in health and education during the Kiwanis Club's sponsorship.

As part of the Interclub program, 24 members of the Plymouth Kiwanis Club presented a program while visiting the South Lyon Club on Oct. 12.

Carl Lewis is the program chairman for Oct. 27. The Huron Valley Girl Scout Council will present the program on Nov. 3, and Ray Casato of Xerox Corp. will be the speaker on Nov. 10.

VOTE McCARTHY
STATE SENATE - DEMOCRAT
Paid Pol. Adv.

WHY A "WRITE-IN" CANDIDATE TO THE ELECTORS AND RESIDENTS OF THE NEW 14th SENATE DISTRICT:

THAT YOU MAY KNOW why I have announced as a "write-in" candidate for the STATE SENATE, 14TH DISTRICT, here is the record —:

THE PLYMOUTH MAIL reported that during 1963 Northern Wayne County State Rep. Paul M. Chandler "was absent 16 days out of a possible 85 . . . and failed to answer roll call on 96 occasions . . .", they further stated: "Another factor which detracts from his palatability is his inextricable tie with the Detroit Race Course". Of Democrat McCarthy, they said: "We think he is not sufficiently independent to merit consideration".

THE FARMINGTON ENTERPRISE said of Chandler "He missed the last 38 days of that special session". In checking the record it appeared to me that Chandler wasn't even carried on the 1964 roll because of his continued absence.

THE LIVONIA NEWS refers to Paul Chandler as, "a politician who gets business from the school and city boards without even the benefit of being low bidder . . .". They also refer to, "Chandler extremely poor attendance record."

Paul M. Chandler advertises, "he is Liberal". James McCarthy is liberal. Their campaign sounds like a contest in "me-too-ism". It would seem these two liberal politicians might join together in 1968 to endorse Hubert Humphrey and the ADA, "the most influential socialist group in our nation". (to quote Senator Strom Thurmond)

Unless we have a winning "write-in" vote in the new 14th we shall end up with either "the politician who wasn't there" or a liberal young Democrat who blindly follows the "party line"; neither of whom are apparently sufficiently independent to merit consideration for this new important State Senate post. Between them these two party machine candidates received less than 50% of the total-primary vote. One received only 35% of his party vote, his four opponents receiving the other 65%.

Check the record and examine the facts for yourself. If you are not 100% satisfied just "write-in" Paul A Kern, Jr. TO "WRITE-IN" IS YOUR RIGHT; it is a good old American custom, not only your right but sometimes a voters duty.

Don't stay home November 3, 1964 go to the polls and vote and "write-in" Paul A. Kern, Jr. for the STATE SENATE, 14TH DISTRICT. Remember, good government starts at home.

Sincerely yours,
PAUL A. KERN, JR.

Give the little man a lift the Red Feather Way...

Let's Put It...
Over The Top!

WHERE DOES THE MONEY GO (specifically) ... ?

- **PLYMOUTH FAMILY SERVICE . . . \$17,840**
Among its activities the Family Service Bureau offers counseling and treatment concerning problems of marriage, parent-child relationship, behavior of children and teenagers, personal problems and money management.
- **PLYMOUTH DENTAL FUND . . . \$ 2,000**
Administered by school officials, the dental fund provides treatment for those pupils whose families are unable to pay for needed dental work.
- **VISITING NURSE ASSOCIATION \$ 5,000**
This agency provides nursing service to help rehabilitate and maintain the health of the individual and family in cooperation with the medical profession. Almost half of the patients are served primarily to prevent disease and promote health.
- **AMERICAN RED CROSS \$ 4,500**
The Red Cross, according to its congressional charter, provides relief for disaster victims and to servicemen and their families. Among its other functions are the annual visit of the bloodmobile and first aid classes free to local people.
- **VETERANS MEMORIAL CENTER \$ 2,000**
Scene of meetings nearly every day, the Veterans Memorial Center on N. Main St. was originally the gift of the Hough family, and is used by several organizations for their meetings.
- **PLYMOUTH SYMPHONY \$ 2,000**
In addition to six free concerts by the 95-piece Plymouth Symphony, the Symphony Society sends children to Detroit Symphony Youth Concerts, students to Interlochen, sponsors a Youth Symphony and maintains a scholarship program.
- **GIRL SCOUTS \$ 5,000**
Girl Scouting is a movement to inspire girls with the highest ideals of character, conduct and service with the intent of helping them become happy, resourceful citizens. At present there are 35 units in Plymouth.
- **PLYMOUTH YOUTH CLUB \$ 2,000**
Guided by the Police Department and civilian experts, young people learn how to safely use a rifle and bow and arrows.
- **SENIOR CITIZENS \$ 780**
Brings together our retirees, each week, at the Masonic Temple.
- **MICHIGAN CANCER SOCIETY . \$ 4,020**
Much of the fund will be used in the search for a cure.
- **THE UNITED FOUNDATION . . \$ 9,020**
Administers to 22 United Health and Welfare Agencies.
- **BOY SCOUTS \$ 6,000**
21 scouting units now serve the Plymouth area. 10 Cub Packs, eight Boy Scout and three Explorer Troops. Boys need scouting experiences to help develop such essentials as character, health, manual skills and the desire and ability to help others.
- **SALVATION ARMY \$ 9,000**
Known the world over for its wide range of services to the homeless and needy, this social and religious agency provides clothing for low-income or indigent families, homes for the aged and unwed expectant mothers, and visits near-by prisons and institutions.
