FINAL official act of Mayor Richard Wernette, prior to bowing out as a member of the City Commission, was the acceptance of a citation from Robert Cain, manager of the Plymouth office of the Auto Club, for an outstanding job by the city in snow and ice removal during the big storm. Acting City Manager Ken Fisher and Retiring Commissioner Robert Beyer listen to the presentation. It was the final meeting for Wernette and Beyer.

Commissioners Willing to Discuss Proposal

Are Township, City Nearing Time For Consolidation Move?

The City of Plymouth is perfectly willing to sit down with the Plymouth Township Board for a discussion of the pros and cons of joining the City and the Township into one governing unit.

The two bodies formed a joint committee to study the possibility of a swimming pool and recreation center suitable for use of the entire community.

The Township recently made a study of the needs of police protection and the committee made a recommendation that the Trustees and the City Commission look into possible use of the Plymouth Police Department to protect the Township.

And residents of the Township and City are members of a Citizens for Plymouth Forum that has been making long range studies of various needs for the community.

So, judging from the numerous joint committees, it could be that consolidation may be closer than one believes.

This was made clear at last week's meeting of the City Commission at which a communication was received from Sam Hudson, 44951 N. Territorial Road, suggesting that such a meeting be held.

Hudson's letter, which he addressed as a citizen of Plymouth Township and not in any other capacity, was also sent to the Township Board and was expected to be brought up at Tuesday's (last night) monthly meeting.

Hudson wrote:

"The pros and cons of joining the City of Plymouth and Plymouth Township into one governing unit have been discussed for many years. I think the time is right to take another look at this question, with the aim of informing the citizens of both the City and the Township of the advantages and disadvantages of such an amalgamation.

"My suggestion is that the City and Township leaders appoint a joint committee of citizens from both areas, whose purpose would be to make as near an objective report as possible on this subject.

"I write as a citizen of the Township and not as a representative of any organization or group."

The City Commission voted unanimously for such a meeting and the Township Board was expected to take similar action.

Although Plymouth Township already is going through the process of drawing up a charter for the City of Plymouth Heights for protection against any annexation moves by adjoining communities, there is considerable talk about a consolidation of the two governmental units.

It has never gone beyond the talk stage but just the same there is an idea that may come to the fore in the distant future.

The late Roy Lindsay, who served the Township as supervisor for 12 years prior to his death three weeks ago, was a strong voice against consolidation. Lindsay fought annexation moves at least twice during his term in office and always had the belief that the Township could continue to exist as such and should never consolidate with the City in a City of Greater Plymouth.

But even with that belief, Lindsay did join the Township in several programs with the City on a joint basis.

The City and Township have a joint Human Relations Commission, which also lists residents of Canton Township as a part of the school system.

The City and Township have joined in the establishment of a Regional Planning Authority

PACKAGING MORE THAN 800 pounds of mixed candy for the traditional Easter Egg Hunt, on Sunday afternoon at 1:30 p.m. in the rear of Plymouth High School, are members of the Plymouth Jaycees. More than 1,000 youngsters from the community are expected to participate in the hunt for which special prizes will be awarded. The committee in charge includes: (from left) Gary Hall, Ron Bondie, John Murawski and Chairman Robert Kehrl.

See Week Delay In Selection Of Plymouth's Mayor

The City of Plymouth's new Mayor probably won't be named for another two weeks unless Commissioners are able to get a quorum on hand for the regularly scheduled meeting next Monday.

Bd. Hires 6 Teachers, 4 Resign

The Plymouth School Board Monday accepted resignations of four teachers and approved six appointments to the 1965-66 teaching staff upon recommendation of Supt. Russell Isbister.

Gladys Dahlberg, school librarian, indicated she has received acceptance to a graduate school where she will work towards a Doctorate in Clinical Psychology.

Germaine Ludwig, elementary music teacher, resigned to accept a position at Colorado State College in Greeley, Colo., where she will teach studio voice and courses in music education.

Larry Ordowski, Plymouth High English teacher, has accepted a position on the English staff at Schoolcraft College.

Mrs. Jane Watts, girls' physical education instructor at Plymouth High and Junior High West, resigned to devote more time with her family.

The six newcomers to the teaching staff are: Tim Bortles, Industrial Arts at Junior High East, with a year's experience in Tecumseh; Helena Hanson, a recent graduate of the University of Michigan, to an assignment in the early elementary school level; Mrs. Thelma McKinney, from Hartland and a graduate of Manchester College in Indiana, to teach German at the high school and junior high East; Patrick Montagano, from Ann Arbor where he has a degree from the University of Michigan, to physical education at junior high East; Bonnie Smith, a graduate of Allegheny College with a master's degree from the University of Michigan, to first grade at Allen School; and Janice Vitek, a graduate of Michigan State University with experience in Grand Rapids and Muskegon, to English at Junior High East.

City Planners' Fate Up to New Council

A decision on whether the City of Plymouth should retain the firm of Vilican and Leman as planning consultants will be up to the new City Commission.

In the final meeting of the old Commission, at which Mayor Richard Wernette and Commissioner Robert Beyer were making their final bows, a motion was passed urging the Council to schedule a meeting with the Planning Commission to discuss the matter.

Then the Council will hold a special meeting immediately afterward to decide whether to renew the contract or not.

The issue came to light earlier when Vilican and Leman sent a communication to the Commission asking for a monthly retainer fee of \$250 until such time that the 701 program is approved by the Federal Government.

Sid Strong, chairman of the Planning Commission, told the Council his group was ready to meet and discuss the situation at any time the Commissioners desired. A meeting is expected within the next two weeks, after the election of a Mayor and after the new Commissioners have been sworn in.

In other actions, the Commission:

Approved the week beginning with April 25 as White Cane Week in Michigan and gave the Lions Club permission to sell white canes on Friday, April 30 and Saturday, May 1.

Gave approval to the Plymouth Junior Chamber of Commerce for the annual July 4 parade, starting at 1 p.m. at the Kroger parking lot, moving south on Main Street to Hartsough and then to the Junior High East athletic field to disband.

Approved a request from Schoolcraft College for use of the portable bandstand for the official dedication ceremonies on Sunday, April 25.

Granted an extension to June 1 for backers of Gay Blade Inc., who propose to erect an indoor ice skating arena on Mill Street in the Urban Renewal project, to secure financing.

Church Given Permission for School Use

Acting on a recommendation of Supt. Russell Isbister, the Plymouth Community School Board Monday approved use of Allen School facilities by the congregation of the Lutheran Church of the Risen Christ.

The church is in the process of constructing a church building but it probably won't be ready for another year.

Isbister, Asst. Supt. Melvin Blunk, Dr. Roy Retting and Rev. David Romberg met earlier and reached an agreement for rental subject to approval of the Board.

The church will have use of the multi-purpose room from April 25 through June 20, 1965 and from September through June 20, 1966.

Observing the Scene...

By MYRA CHANDLER

We would call your attention this week to our editorial page (5-B). It is the treasure of a Livonia widow who would not part with it for money but loaned it to us to share with you.

We have reprinted this historical document not so much for parents, but for the young people of our community—with the hope that they will realize their heritage, believe in it, be proud of it, and desire to live up to the faith of those who have died for it.

One hundred years and a day ago, a man, who dreamed of making the world better for the young people of this day, was killed. Abraham Lincoln was shot on April 14, 1865. He died at 7:22 a.m. on April 15—100 years ago.

Isn't it strange we are still involved in the battle he gave his life for—freedom and the dignity of man.

A century ago they were called abolitionists—today they are called Civil Rights workers. One hundred years ago they were the Republican party—today the Democratic Party has led the way.

Oh, there are some Republicans involved in the movement, but for the most part they are called liberals and are not the delight of the party—not really. But somehow this breed of cat is the only one able to get elected—and it is most frustrating to conservative Republicans—who look on Civil Rights workers as slightly pink—as in Communist.

All groups will agree—it is the youth of our nation and world we are looking to for salvation. They are the ones that will have to keep us from being blown off the face of the earth—and incidentally will have to pay the rather large bills we are accumulating as a result of excursions to the moon; not to mention a couple of expensive wars—plus putting everybody on the dole as soon as they stand still for it.

Some adult groups aim to lead—as Moral Rearmament is doing with their Mackinac Demonstration "Modernizing America." They expect 10,000 youths from all over the world at Mackinac this summer dedicated to the ideals of ending dictatorship; giving birth to liberty for all men; to ending racial violence and moral pacifism. Good luck.

There is the Birch Society which feels the adult population is too involved in a "welfare state"—and must now convince the youth of the nation to become more militant, more disciplined—against communism.

The even more extreme right-wing Americans want to control what youth shall think and read—by force if necessary. Unfortunately they, more than any other, spread the deadliest poison known to man—hate.

Then there are the extreme left-wing groups—which are dedicated to mediocrity for this country because they want to move forward arm in arm—no one being an individual—no one rising above others by virtue of hard work and talent.

One great salvation lies within the hearts and homes of individual parents. I was in such a home last week—one that gives me real hope. Its inhabitants are true community leaders. They know there are things to abhor in the world—but they don't have to call meetings and set up cells to clasp hands and beat their breasts about it.

Instead they emphasize and associate themselves with what is good in their home: Good books—propped open to interesting pages; lovely paintings; good music—both played and talked about; a cheerful home atmosphere. No they are not wealthy, but they enjoy life. Ideas are important to them and so are people.

History as it was made 100 years ago may be something the youth in your home may want to keep and contemplate. In the hope that it is meaningful to them we have reprinted it.

Plymouth Man Dies in Crash

Apparently losing control of his light sports car while driving at what Sheriff's Department deputies theorize was a high rate of speed, Gary Carson, 23, 14655 Eckles Road, Plymouth, was instantly killed when the vehicle struck a tree with such force that it split in two.

A companion, Ronald Sellers, 23, of 38050 Schoolcraft Road, is in Wayne County General Hospital in serious condition.

The accident happened shortly after 2 a.m. Wednesday morning, the reports show, in front of 40250 Schoolcraft.

Wilfred Dodge, of that address, told deputies he was awakened by the sound of a crash but saw nothing when he looked out the bedroom window. However, Dodge heard a noise on the front porch and when he opened the door he saw an injured man, covered with blood, on the doorstep.

He immediately called the Sheriff's Department Road Patrol to report an accident and then walked outside where he found the car wrapped around a tree in front of 40250 Schoolcraft.

Before the deputies arrived he noticed a man pinned in the debris of the car which had been split by the impact.

Both Carson and Sellers were rushed to Wayne County General Hospital where doctors pronounced the former dead on arrival.

Questioned by deputies later, Sellers, the reports (Continued on Page 18A)

School Board Sets Election June 14 to Fill One Post

The Plymouth Board of Education Monday passed a resolution establishing an election for a vacancy on Monday, June 14. The term of Robert Utter expires this year and voters will be asked to fill that spot.

As of the moment Utter hasn't indicated whether he will seek re-election or not although there is a strong feeling that he will file petitions before the deadline.

The deadline for filing is 4 p.m. on Saturday, May 15 and for registrations, for the election, on Monday, May 17 at 5 p.m.

Plymouth High Band Gets Coveted Superior Rating

"If at first you don't succeed, try, try again," reads an old saying.

Working on that theory, the Plymouth High School band, under the direction of James Griffith, finally reached the heights it has been striving for during the past several years.

The band received a No. 1 or superior rating for the first time Saturday in competition in the annual State Band and Orchestra Festival at Ypsilanti Junior High East.

The Festival is sponsored by the Michigan School Band and Orchestra Association.

Plymouth has been on the pinnacle of a Superior rating in each of the last five or six years but met with disappointment in the final tabulations.

But this was the year and the best Plymouth High band ever received the highest rating ever before the largest gathering of parents ever to follow the musicians to a State Festival.

The four-judge panel, which included: Leonard Falcone, director of Bands at Michigan State University; Mark Hensley, Director of Bands at the University of Illinois; Cliff

ford Lillya, Professor of Music at the University of Michigan and Douglas Campbell, Associate Professor of Music at Michigan State University, was unanimous in the Superior rating.

Music by the PHS bandmen included: a march "Song of the Vagabonds," by Rudolph Friml; the required "Prelude and Fugue in F Minor," and the selected composition "Excerpts from the Manzoni Requiem" by Verdi.

The musicians will make their next appearance in the annual "Parade of Bands" on Thursday, April 29 at 7:30 p.m. in the high school gym.

It was announced Monday by Brigadier Ernest Hammer, local officer in charge of The Salvation Army, that special services are being planned at The Salvation Army for the Easter Week End, Friday, Saturday and Sunday, April 16, 17 and 18, each evening at 7 p.m. and Sunday morning Easter Sunday 7 a.m., and 11 a.m., with Sunday School at 10 a.m.

The Sunrise service at 7 will be followed by Easter Breakfast at 8:15 a.m. Those attending the early morning services Sunday morning are invited to be guests of The Salvation Army for breakfast.

A special Revival Team known as "The Lamplighters" from Helena, O., are coming to be the special workers in these meetings.

The Rev. Dr. Jean Mosier, is the Evangelist and her colleague, the Rev. Beverly Hall, is an accomplished pianist. There will be lots of good special music, as this team sings wonderfully together. They have been much in demand as gospel workers and their work is much appreciated wherever they have gone.

ATTENTION "IN" . . . YAWNS "OUT"

If you are like most people who enjoy taking pictures, you get a lot of pleasure out of showing your favorite slides to friends. And you enjoy seeing slides your friends have made.

But nothing spoils these impromptu slide showings more than projection troubles. So take a tip from those who make a profession of showing slides: use a projector that never gets in the way of the program, one that keeps attention at a high level . . . the KODAK CAROUSEL Projector.

Here's a projector that anyone in your family can operate. It's jam-proof . . . never gets in the way of the show. The pictures are sharp and bright. The remote control lets the operator sit with his audience if he wants to.

The round slide tray holds 80 slides and feeds them by gravity. If 80 slides aren't enough, it takes only a second or two to drop in another trayload. You can rearrange the slides instantly, during the showing, if you wish.

Kodak makes three models of this projector so you can choose the very simplest of controls (push-button advance) or such refinements as remote control of the slide changing; remote control of fine focus, a dissolve unit or a device that lets you coordinate your slides with a taped recording. But, why not come in and see for yourself.

Bradner received word Friday that Dr. Robert Ray, Dean of Extension Services at the University of Iowa, will visit the campus on that date to

confer with the faculty, administrators and the Trustees. Dr. Ray is being sent to guide and prepare college officials for NCA ac-

creditation. He will meet with the top administration and the faculty during the afternoon at which time he will relate the proper

steps to take and tell of the direction the staff should go. Dr. Ray will have dinner with six members of the Board in the evening when he will reiterate his earlier statements.

And then the Administration and the Trustees will sit back and await the final decision from the North Central Board.

Meanwhile, Dr. Bradner indicated the college will dismiss classes on Good Friday but students will resume studies Monday.

Plans for the new Campus Center are being drawn by the architectural firm of Eberly M. Smith and Associates and will be presented at the May meeting of the Board.

THREE NEW directors of the Alexander Hamilton Life Insurance Co., which headquarters in Plymouth, are shown with top officers shortly after their election last week. The group includes (from left) Board Chairman Keith Owens, Stanley S. Kresge, president of the Kresge Foundation; Charles Dean, senior partner in law firm of Dean, Coon and Westphal in Birmingham; Rockwell Gust, Jr., partner in the law firm of Butzel, Eaman, Long, Gust and Kennedy of Grosse Pointe; and President Charles Bruce. The first annual meeting of Alexander Hamilton took place in the Roma Hall in Livonia.

Alexander Hamilton Adds Three Directors to Board

Alexander Hamilton Life Insurance Company held its first annual stockholders meeting Thursday and elected three new members to the Board of Directors.

Named were: Stanley S. Kresge, President of The Kresge Foundation; Charles A. Dean, senior partner of the Detroit law firm of Dean, Coon, and Westphal; and Rockwell T. Gust, Jr., partner in the Detroit law firm of Butzel, Eaman, Long, Gust & Kennedy.

This creates a total number of 11 directors for the company, which began insurance operations in May of 1964.

Re-elected were: E. Keith Owens, Chairman of the Board, of Plymouth; Charles H. Bruce, President, of Plymouth; Robert O. Safford, Vice President of Marketing, of Orchard Lake; James H. Milby, Vice President and Treasurer, of Plymouth; and G. Eugene Davidson, Vice President, Administrative, of Plymouth.

Other re-elected members, not employed by the company, were: Fred Chalfant, executive with Wilding, Inc., of Farmington; Robert Hofheins, Financier, of Puerto Rico; and Harold Guenther, Vice-President of E-Z Enterprises, of Plymouth.

In other actions, stockholders voted to increase the Class A Capital Stock of the company from 2,750,000 shares to 4,000,000, the par value per share remaining at \$1.

According to E. Keith Owens, Chairman of the Board, this action was taken to provide funds

State Educator Tops Dedication Ceremonies At Schoolcraft College

Dr. Ferris Crawford, Assistant Superintendent of Public Instruction for General Education Services in Michigan, will be the principal speaker for the dedication ceremonies of Schoolcraft College on Sunday, April 25 at 3 p.m.

Dr. Crawford will discuss "The Birth and Growth of a Community College." He has been closely associated with the establishment of the College and has an intimate knowledge of its background.

Plans are being made to handle a large crowd for the services. If the weather permits, an open air service will be held in the College Mall. However, should the weather turn then the services will be held in the Library where attendance will be limited to no more than 500.

It will be a colorful and interesting program, opening with a processional march which every member of the faculty and the Board of Trustees will be dressed in the traditional caps and gowns.

Following the dedication, the audience will have an opportunity to tour the campus and the buildings of the College which is ending its first school year on April 25.

Dr. Crawford has a distinguished educational background, receiving his BA degree from Central Michigan, MA from the University of Michigan and a Doctor's Degree in Education from Michigan State University.

He is a co-author of a book, "The Community School," published in 1954. He has been a classroom teacher, principal and a district administrator.

Parents Seek White Dog for Rabies Check

Unless a medium-size, long haired white dog with very light brown scattered spots is found by this Thursday, seven-year-old Douglas Feigel will be forced to undergo a series of 14 painful rabies shots. He is the son of Mr. and Mrs. Albert Feigel of Livonia.

The dog entered the Feigel residence at 14784 Melrose last Wednesday morning and began to fight with the family pet, Mrs. Feigel stopped the fight and chased the dog out of the house.

It was only after the dog had disappeared that Douglas told his mother that he had been bitten. After repeated searches of the neighborhood, Mrs. Feigel has not been able to find the stray.

The shots are very painful and the doctor has told Mrs. Feigel that Douglas will probably have a reaction to them and would be ill. Since Douglas has been in the hospital four times and will probably have to go again in June his mother would like to avoid the necessity of the shots.

Any person having information about the dog may contact Mrs. Feigel at GA. 7-9246.

Roberts Sworn In

Farrell Roberts, the 14th District's new State Senator, was sworn into office Monday night by Lt. Governor William Milliken in Lansing.

Majority Senate Leader Drendzel and Minority Leader Lockwood both paid tribute to the veteran lawmaker, returning after a six-month absence. Roberts defeated Democrat Edward McNamara last week to win the vacancy created by the death of State Senator-elect Paul M. Chandler last December. He had formerly served in both the State Senate and the House of Representatives.

"The first thing I've got to do is get busy with my homework," was Roberts' first comment.

McDonald Sworn In to County Post

Redford Township Supervisor Jack McDonald was sworn in as the youngest Chairman of the Wayne County Board of Supervisors in that body's history yesterday.

In ceremonies at the City-County Building in Detroit, McDonald, 32-year-old Republican, took his oath of office at a 12 noon meeting. His nomination by the out-county Supervisors was thus confirmed by the full Board, which includes a majority of Detroiters.

Every third year, out-county representatives on the big County board determine who will be chairman of the powerful body. Two months ago, at a meeting in Dearborn, McDonald edged out Taylor Township Supervisor Alexander Papp to win the out-County designation.

Next year, and the year after, out-County representatives will yield to a Detroit choice.

McDonald is now serving his third term as Redford Township Supervisor. Married, he has three children and lives at 15662 Denby. He is the first Republican to hold the office in several years, and is the first person from northwestern Wayne County to get the post since Livonia's former mayor, Jess Ziegler, held it in the early 1950's.

Bells Won't Ring Soon At College

Schoolcraft College's tale of the "traveling bells" took another tangent last week when Business Manager Kenneth Lindner was informed the bells had arrived in New York City after twice crossing the Atlantic due to the longshoremen's strike.

But a closer inspection of the bells, which are to be installed in the tower on the campus, showed that the largest of the three has a deep crack and there is a strong suspicion that a second bell also is cracked.

Lindner immediately informed the shippers in England of the inspection and asked for additional information. A letter was received last week that the bells are being inspected and if broken, as reported, will have to be remade.

This means a wait of from five to six months. So, Schoolcraft will be without the bells, which were donated by Mr. and Mrs. Floyd Kehrl, of Plymouth and Northville, until sometime late in the fall.

Dem's Big Event Saturday At Wonderland

The Michigan Democratic Party's big event of the year, the annual Jefferson-Jackson Dinner will be held on Saturday evening, May 1, at Cobo Hall. It will include a speaker of national prominence. The dinner will be preceded by a day time program of discussions.

Single tickets are \$30, and doubles are \$40. For further information, call WO 5-3041.

Petitions Seek Leniency for Bogus Livonia 'Doctor'

A goal of 1,300 signatures on petitions seeking leniency for Thomas Michael Novak, the Livonia man who posed as a physician for four years, has been set by a group of friends and former patients.

The petitions on behalf of the 29-year-old father of three will be filed with Recorder's Judge Paul E. Krause who sentenced Novak last fall to concurrent jail terms of one year for dispensing drugs without authority and six months for practicing medicine without a license.

Said Mrs. Daniel F. Carbery, a Detroit woman who is a former patient of Novak's: "Something ought to be done" about trying to get the sentence reduced.

"There is no question that what he did was wrong, but he didn't hurt anybody and we don't believe his actions warranted the maximum prison terms," she said.

"Another thing that should be considered is that he is suffering from multiple sclerosis and is not a well man. We think he should be home with his family."

SPRING IS IN THE AIR and the fever struck the campus of Schoolcraft College and students at Our Lady of Good Counsel School in Plymouth. Collegians couldn't resist the warm weather, soft mud and the urge to do something—so they decided to hold a tug-of-war on the muddiest spot on the campus. They're shown (below) in the gooey going. Shriners Get New President

Harry Pостоian is the new president of the Redford Shrine Club. Installed with him were Michael A. Gentile, Sr., high priest and prophet, William Dougherty and Reginald Scheurer, vice-presidents; Walter Landback, secretary, and Joe Hutton, treasurer.

Board members are Fred W. Wrenbeck, chairman, and Frank Ellis, Harold Ewing, Paul Crooks, Gerald Austin, Roy Stuart and Jack Wright.

College Lists Session At Bentley High

Bentley High seniors who plan to enter Schoolcraft College this fall are urged to attend a meeting on April 19 at 8 p.m. at the school when information will be given by college administrators concerning the program.

Following the general meetings at 8 p.m., applicants will have an opportunity to meet in groups to discuss various curricula such as technical, teaching, medical, nursing, business administration, liberal arts and secretarial.

It is important that high school seniors be present since the meeting will give the background for individual counseling meetings to follow. Schoolcraft counselors will be at Bentley High on May 10 through May 14 to enroll students in their respective courses.

Publicity Deadlines

By the time this copy of The Observer Newspaper is delivered to your front door, the editorial staff was already hard at work on next week's edition.

If you are in charge of publicity for your organization please be advised the first "copy" in across the desk always has the better chance of appearing in print as you would like to see it. Late copy is often condensed to one paragraph.

As publicity chairman meet our common enemy, "DEADLINES," which are as follows:

SATURDAY 1 p.m. stories for the church, entertainment and women's pages as well as club news, scout and youth activities, parent-teacher association news.

MONDAY 6 p.m. for general news (events that took place on Saturday and Sunday, if social, may be condensed.)

PICTURE DEADLINE is 1 p.m. on Monday.

REMEMBER "DEADLINE" MEANS LAST POSSIBLE MINUTE, not the time when we hope you'll bring your copy in. THE EARLIER THE BETTER.

Copy may be turned into any one of the three Observer offices, Livonia, Plymouth or Farmington.

It's hard to say which came first, the desire or the market — for original paintings.

In any case "they" say Sears Roebuck was the trail blazer to whet the appetite of the average-income family for real and beautiful art for their home.

It has been written recently the real reason goes deeper than just a great appreciation of fine things. Psychologists say it is a desire on the part of modern man to reject the phony, with a deep desire to return to things not synthetic.

Although there are many local artists turning out beautiful and meaningful pictures, an outlet is important.

This is where artist Betty Baldwin makes an appearance. She is an organizer. She has created and balanced the supply and demand in the local artists market, as if by magic.

Actually there is no magic involved — but a love of art, a

desire to see artists produce, and an enthusiasm for seeing art in everyone's home.

The artists market presently at Wonderland in the Mall has framed, unframed oils, water colors, abstracts, "the most wonderful art show we have had" commented the artist's artist, Mrs. Baldwin.

Residents are invited to

Moms Face Quandary Tie Vote for President

When two well-qualified, well-liked candidates oppose each other in a mother's club election a close race is the usual result. The outcome of the election for president of Keeler Mothers

Club last week was very close but not unusual.

There was a tie vote between the two candidates, Mrs. Jo Eland and Mrs. Gloria Kellman.

The club's bylaws provide for a paper ballot at the meeting and 14 members had voted absentee ballots.

What to do? Another election for president will be held at the May meeting, according to Mrs. Jean Heneger, president of the club. Almost 200 members will be eligible to vote, and absentee ballots will again be available.

Other officers elected in the April election were Vice-President, Mrs. Millie Montgomery; Treasurer, Mrs. Eleanor Simula; Recording Secretary, Mrs. Marge Benedetti; and Corresponding Secretary Mrs. Barbara Keppen.

Red Cross Honors 14 Area Volunteers

Frederick K. Cody, chairman of the Detroit Chapter of the American Red Cross has described the Red Cross Volunteer as one who serves to relieve

human suffering, one who can spark the interest of many in its cause, one who is more interested in active service than in hours of service, and one who dedicates herself to the many causes of Red Cross by placing its goals and aspirations

ever in the forefront.

At the Detroit Chapter's Annual Awards ceremony held recently, Mr. Cody paid tribute to nearly 200 dedicated volunteers.

Receiving a pin for 25 years of service was Mrs. Homer Coolman, formerly of Livonia who recently moved to Farmington. Mrs. Laura Rolan, R.N., of Livonia also was honored for 25 years of service.

Mrs. Olson Hensley of Livonia and Mrs. William Murphy of Redford Township received 15 year pins.

Ten years of service by Mrs. Arthur Gribben of Inkster, Mrs. Janet Blanchard, R.N. of Livonia and Mrs. John A. Yeoman of Plymouth were cited.

Five year service pins were awarded to: Mrs. Ralph Worpell, Livonia; Mrs. John Hyde, Northville; Mrs. Kathryn Koveleski, Garden City; Mrs. Howard Atwood, Northville; Mrs. Reva Barber, R.N., Plymouth; Mrs. M. B. Brillhart, Plymouth; and Mrs. Charles Gorden, Livonia.

THE MOST unique bargain in town is the small but exquisite miniature art treasures on their own easels displayed at the Artists Show in the Wonderland Mall (near Encore Restaurant). Done in minute detail, the conversation pieces sell for \$1.50 and are perfect in their detail with stills, flowers, seascapes and modern abstract.

Royal Flush, After Lenten Party, Set By St. Hilary's

The Board Members of St. Hilary's Rosary Altar Society, headed by their president, Tillie Bolcer, are planning a Royal After Lenten Season Card Party to be held at the Church Hall on Elmira, Friday, April 23, at 8:30 p.m. The theme was carried out in its name, Kings and Queens Card Party, and all attending will be royally welcomed.

To further insure a royal good time Mrs. Bolcer has informed us there will be door prizes and raffle prizes galore, and Pat Hallman, head of refreshments, has promised a favorite among desserts. The very able Kay Ryan, head of the ticket committee, will be at the door, where you will be able to purchase your ticket to fun for \$1.25 per person or \$2.50 per couple. Farmington Visitors From Japan Charming, Friendly

By JERRY WENDT

"Japan's is a man's country, America is a woman's paradise." This is the opinion of recent Japanese visitors, Cleveland Weil, his wife, Sachiko, and Mr. Kenzo Taknata.

We were sitting in the charming living room of the Segar room (a whole story could be done on this fascinating home and its glamorous mistress, Beverly Segar), and interviewing her house guests, her brother, Cleveland Weil, his wife, Sachiko, and their friend Mr. Taknata, businessman in Tokyo.

It seemed impossible that Cleveland Weil had spent the last three years in Japan, representing his company, Sugima, dealers in semi-precious stones. He appeared typically American, keen witted and well versed on current topics of the day. Sachiko, his Japanese wife was very doll-like in appearance with her black hair flowing to her shoulders and her slight figure clad in a lemon colored sheath.

Of course we questioned the visitors on the difference between Japan and America.

"Surprisingly enough," said Cleveland Weil, "there is very little difference. Ever since the war, the Japanese have rapidly been becoming more modern. There is a definite revolt among the young people.

"They no longer desire to imitate their elders. Formerly a boy was a student until 26 years of age. After that he slowly made his way upward in the caste system. Now, the young men are becoming independent. They have made successful ventures into fields unknown to their parents."

Cleveland also disclosed how extremely modern the Japanese have become in their manufacturing and transportation areas. Their airplanes and trains are the latest models and their TV is actually superior to ours.

We then turned to Sachiko who had been listening attentively, her great dark eyes fixed on her husband's face. "Are the Japanese girls trained in wifely arts and still protected before and after marriage, or has the new world taken over in that area also?"

For answer, Sachiko brought in a beautifully dressed doll made like a geisha girl dressed in her shamisen. "Although the Japanese girls are now demanding education, a career of their own, and some some independence before marriage, they are still trained in womanly and housewifely arts. Doll making is one craft. The

care and preparation of meals another." Her sister-in-law, Beverly Segar, acknowledged this. "Yes, it is really amazing to watch Sachiko prepare dinner. She makes an art of cooking and serving a meal."

Sachiko is an excellent representative of the new Japanese girl. That she is a good wife is evident in the adoring attention she receives from her husband, but she is also literate on many subjects, and does not hesitate to express her opinions. She seems to be able to take her place in the world without sacrificing her femininity, a neat trick if you can manage it.

Mr. Kenzo Taknata is an attractive bachelor of sophisticated tastes. He is also vice-president of several business firms in Tokyo. When we inquired how he had managed to escape matrimony he smiled, "I have everything I want. My present life satisfies me completely. Why should I get married? Why, indeed? However he would like to date European girls. He is planning an European trip this summer.

His strongest impression of America was of the great areas of space. Japan, especially Tokyo, fairly teems with swarms of people. Every available inch of land is taken. He marveled at the stretches of land with no sign of occupancy on them.

The Cleveland Weils have two more years in Tokyo, then will return to the States. They plan to live in Whittier, California. No matter where they settle, they seem destined for happiness.

SPRING INSIDE, but winter outside was the order of April 1 for "My Fair Lady" fashion show and luncheon sponsored by the Franklin Knolls Women's Club at Glen Oaks. Looking Springlike and enjoying the afternoon were (l-r) Mrs. Edward Hess, Mrs. Kenneth Gurto, Chairman of the day, Mrs. Peter Morello, Mrs. James Laffer, Mrs. Betty Blair.

Later he was general music director for NBC in San Francisco and headed the Armed Forces Radio Service during World War II. ANNA CHENNAULT
A voice heard weekly in Free China, Red China and Southeast Asia over the Voice of America will be heard here Nov. 18. Anna Chennault widow of General Claire L. Chennault of the famous Flying Tigers, will relate her first-hand knowledge of the Far East. Her latest book-Chennault and the Flying Tigers—is the first complete story of her famous husband's life and the daring American volunteer pilots he organized. In

another book — A Thousand Springs — Mrs. Chennault tells of the closing days of World War II, before she and the general could be married. She was 24, and he was 54. Anna Chan's family was Chinese; and has always married among their own family. He was a Baptist while she was a Catholic. And he was a divorced man. Mrs. Chennault comes from a wealthy and distinguished Chinese family. She was graduated from Ling Nan University in 1944 at 19. She became the first of her sex to serve as a war correspondent for China's largest news agency. During this period she met and interviewed the famed war hero and her future husband.

FULTON LEWIS, III
An advocate of conservatism in America, Fulton Lewis III will come to Northville next Feb. 17. Lewis, son of Fulton Lewis Jr., a Washington news commentator, is national field director and a member of the board of

directors of Young Americans for Freedom, the largest conservative youth organization in the U.S. While working in upstate New York as news director of a radio station — his first job out of college — Lewis compiled in 1957 a study showing the number and nature of books authored by Communist Party members which were present in public school libraries. Two years later he was hired by the house committee on Un-American activities as a research director. He was the youngest person to hold the title. Lewis accompanied the committee on all its hearings including the now famous ones in San Francisco in 1960 when student riots and demonstrations occurred.

STATUS SEEKER AUTHOR
Vance Packard, a social critic whose books have provoked discussion in millions of homes across the U.S., will appear next March 17. He is the only author in recent years to have three books in a row to reach the top in the non-fiction field. He has penned "The Pyramid Climbers, The Status Seekers, The Hidden Persuaders, and the Waste Makers", assailing the nation's social and economic underground. Before he turned to

novel writing, Packard was a newspaperman in Boston and New York for five years and many of his articles appeared in the American Magazine, Collier's Atlantic Monthly, Look and the New York Times Magazine. In the "Pyramid Climbers", Packard bared that in a corporate structure there is a lot of room at the bottom but little at the top. He maintained that those who succeed do so on a trend towards a more rigid class system in a supposedly classless America while in "The Waste Makers", Packard pointed up that productivity is being maintained by "planned obsolescence."

To Women It May Concern

By LOUISE KUDER

Out of New York, N. Y., comes a report of another round in the battle of blondes vs. brunettes. "The dark-haired American woman today is less passionate and far more calculating and cold-blooded than her fair-haired counterpart" so says the article.

Sounds like another score for the blondes, who supposedly have more fun, are preferred by gentlemen, BUT, the article quotes, statistics that say the dark-haired girls are healthier, smarter, better drivers, more successful in business, have better figures and more children, less suicidal, more reliable, live longer, and 100% of the men in America marry them.

All of these virtues, says the article, there's still one warning word for those who marry brunettes—and from a criminologist—look out for a dark-haired gal if you cross her. A blonde may blow her stack if she catches you cheating her—but the brunettes will probably slit your throat. As a foot-note they say the dark-haired ladies are truly the more serious, deeper thinkers, more profound . . .

Now there were two ladies in the vicinity this past week that belle the above. Both were blondes, both well-known, both serious—and most profound.

One was Martha Rountree, political writer in Washington, commentator and TV star. She was a guest of the Northville Town Hall.

The other was Virginia Smith, chairman, American Farm Bureau Women's Committee, also no stranger in Washington. She was the key-note speaker at the County Farm Bureau Luncheon and meeting in Plymouth.

Miss Rountree talked most critically of the "great society" depicting it as developers of mediocrity. She said there was not one department or development in Washington under the present administration she was happy about. The only exception to this was the department of J. Edgar Hoover. She was most emphatic about the only route to change the present give-away system was to elect new Congressmen of stature and vision.

Her comments were interesting, though discouraging. She was not all negative, however. She has a plan. It is called Leadership, U. S. A. It is described as an organized plan to spread the news about the real facts in government.

The plan is to set up discussion and information groups across the nation with information being fed to them by Miss Rountree and her staff of trained news people.

Members of the organization will receive complete information about legislative and governmental action, both pending and in effect with complete details of preliminary action, voting records of members of Congress and other data.

She said the need was great to stir people into action in areas that are alarming. She felt if people were informed with facts they would act accordingly. "We will absolutely not bow to any school of thought, code or political persuasion. We will not tell people what to think, we'll only give them all, not part of the facts," explained Miss Rountree. Legal details are presently being worked out. The cost of the program per year will be \$20 per member.

The other blonde, Virginia D. Smith, was perhaps the most personally gracious lady I have ever heard speak. Gentle, though she was, she also spoke with great purpose and somewhat critically of the direction our nation is presently taking—more relative to the farm program. She spoke of the tremendous waste of food, of the smothering controls on agriculture and what it means to this country. She stressed the importance of encouraging youth to use ability—how the women of the Michigan Farm Bureau have come up with a six-county pilot program and are going to tell the story of agriculture with accuracy to people all over the nation. There is so much misunderstanding about the American farmer. Once these facts are exposed, there again, it is hoped the message will get through to the people and thus to the Congress of the United States.

Two blondes with a purpose—and both working toward changing the destiny of the United States of America.

WITH THE FINAL guest for the Northville Town Hall Series (above) are members from Plymouth and Livonia, following the lecture at the Celebrity Luncheon at Meadowbrook. (l-r) Mrs. George Rovin, and Mrs. Gene Parks from Livonia. Mrs. William Slattery, President of Northville Town Hall; celebrity Martha Rountree who was introduced by Myra Chandler of The Observer Newspapers; Mrs. Mowry Arnold from Plymouth.

120 Women Watch Plymouth Vivian Installation

One hundred and twenty ladies were present for the occasion including past presidents, Mildred Musselman, Marion Crieth, Marie Atchison, Jean Latture, Margaret Walsh, Margaret French, Shirley Swadling, Venith Dauderman and Pat Roginski.

Guests included Mary Bullock president and Agnes Yates, president of Livonia Fawns, Alpha Boddie president and Marie Kurcio, past president of Farmington Vivians.

Merle Atchison and Marion Crieth officiated over the installation of the following officers of the Vivians for 1965-66, president, Mary Rickard; vice president, Criss Foster; recording secretary, Betty Cutler; corresponding secretary, Ann Cline; treasurer, Donna Jean O'Conner, chaplain, Lois Lane; sergeant-at-arms, Ruth Marsh; member a large Corrine Clarke, Florine Carr, Virginia Fann (all past presidents).

Rubies To Waldmans For 40th Anniversary

Mr. and Mrs. Bernard Waldman of Oak Park had a surprise party on their 40th wedding anniversary. When they arrived at the home of their son and daughter-in-law, Mr. and Mrs. Lester Waldman on Maplewood, Livonia, the other evening they thought they were dining out. Instead the Lester Waldmans had joined with the Daniel Waldmans of Doreen, Farmington, for a gala celebration.

Forty guests had been invited for cocktails and buffet. The 40th anniversary is a ruby anniversary, so as one of her many gifts, Mrs. Waldman received a ruby pin, and Mr. Waldman was gifted in turn with a ruby stickpin.

Their happiest gift, however, was the news that their two daughters, Libby and Lois Waldman, had flown in from Washington D.C., for the occasion.

"Spring Tonic" Card Party Set

The calendar says "Its Spring Again", and it's just three weeks until the annual card party "Spring Tonic." It will be April 27 at 8 p.m. in the social hall of Our Lady of Sorrows Church.

The Women of Kendallwood Farms will, as in previous years, donate the entire proceeds from this affair, to the Plymouth State Home and Training School.

This year the goal is \$567 as this is the amount that is

needed to purchase braces for two little girls 10 and 12 years of age. Braces to these innocents will mean the difference of sitting and just watching or mobility and participation.

Refreshments, door prizes, table prizes and an evening of card playing are all in store.

For information or tickets call Mrs. Lillian Arelson, 474-2432; Mrs. Ruth Thomas, 476-1559; or Mrs. Elaine Dempeter, 476-3327.

PLANNING the Thursday, April 22 meeting of the Republican League of Livonia is the Chairman Larry Newman and Vice Chairman Betsy Tagami. Dr. Joseph Talbot, of the local party will discuss pro and con the Medicare Bill just passed by Congress as well as the Eldercare Bill proposed by the American Medical Association. The local meeting will be called to order at 8 p.m. at Pandoras on Plymouth Road. All Republicans are invited to attend the meeting and join in membership in the organization.

Let 18 Year Olds Help

Editor:
The State Legislature is considering whether or not they should give 18 year olds the right to vote. This is a good idea, but if the people of Livonia want to see some real action on the part of high school and Schoolcraft college students, they should ask them to climb on the Parks issue.
If political science classes were asked by the Parks committee to do a door to door campaign on the parks proposal they'd be surprised how much political action teenagers can offer. And, if they asked them to go on a telephone-selling campaign, you know how teenagers know how to use that device.
Why doesn't the committee contact political science classes in Livonia's high schools for help in bringing a balanced park plan to Livonia?

Reader:
I see the new Livonia high school on Six Mile is going up real well. Why can't we get a name for it? Why can't the Observer run a contest—name the high school?

Headlights On

Editor:
On these foggy winter mornings and evenings, wouldn't it be a good idea for the police to set a good example by keeping their headlights on as a traffic safety device? Maybe all city employees, teachers, and others interested in road safety should do likewise.

Thoughtful Thanks

I would like to take this opportunity to personally thank all who helped work in the valiant attempt to get the needed votes for the Park issue in the 14th Precinct.
Special "Thanks" is extended to Mrs. Margaret O'Brien, Mrs. J. W. Brzicinski, Mrs. Joe Jenkins and their helpers.

Oakland County TB Patients Protest Move To Wayne

Editor:
Recently the Oakland County Tuberculosis Sanatorium was sold from under the patients by the Oakland County Board of Supervisors who apparently had no idea where these patients could be placed in the future. Now a proposal has been set before the Ways and Means Committee recommending the transfer of these tubercular patients to Wayne County facilities.

How can a county the size of Oakland refuse to take care of its own? If this county cannot afford to care for tubercular patients, who have already suffered the pains of being torn away from families and loved ones, no county can.

The National Tuberculosis Association recently released figures showing that deaths from TB and other respiratory diseases have risen 25 per cent since the mid 1950s. This compares with a rise of only 9.4 per cent in deaths from all other causes during the same period. Regardless of improved methods of treatment a minimal case of TB still requires six months to be brought under control and facilities for these patients will always be needed. Why should tax money spent for their care be given to Wayne County employees creating unemployment in Oakland.

The public, staff, and patients had been led to believe the patients would be housed in the present Medical Care Facility in Pontiac. On March 24, we were all shocked to learn that plans were suddenly dropped despite the fact that remodeling work within that building was already under way.
We feel there have been many blunders made by the county officials due to insufficient planning and investigation in regard to this whole matter and that these mistakes cannot be covered up by sending the presently known cases off to another county.
Tuberculosis can strike anyone! You, your wife, your children, your relatives, or anyone of your friends may at any time fall victim to this dread

disease. This issue is scheduled March 31. Therefore, we urge you to contact your local Supervisor immediately asking him to take action to establish or locate immediate facilities in Oakland County to fulfill their promise and obligation to care for the citizens within this county. Contact your local Supervisor today!

**How Date
 Is Set
 for Easter**

Every spring for the last 1640 years people have checked the calendar for the date of Easter.

The reason is that this Holiday, which falls this year on Sunday, April 18, fluctuates between March 22 and April 25, depending on the phases of the moon, University of Michigan astronomer Hazel M. Losh says.

To understand this fluctuation, one must recall that the church fathers, gathered in the Council of Nicaea in 325 A.D., decreed that Easter was to be kept on the Sunday following the first full moon that comes after the vernal equinox.

This year the vernal equinox came on March 20. Thus the full moon of April 15 places Easter Sunday on April 18.

Says Professor Losh, "Perhaps one good reason for choosing the full moon for reckoning Easter was to enable the pilgrims to the Holy City to have the advantage of moonlight for safe travel."

In 1943 Easter came on the last possible day, April 25, and it will happen again in 2038 A.D. The last time Easter fell on March 22, the earliest possible date, was in 1818 and will not come again until 2285.

Next year Easter will be on April 10.

50 Great Days

April 18 through June 6 is the annual interdenominational observance of the "Fifty Great Days" from Easter to Pentecost. The observance helps to conserve the pre-Easter "evangelistic results," to stress the need of a program for assimilating new members, to provide the churches with another ingathering of new members on Pentecost and to observe the ten days from Ascension Day to Pentecost. The sponsoring unit of the interdenominational observance is the Department of Evangelism of the National Council of Churches.

WHAT EASTER PROVES

The Christian Church celebrates Easter for more than sentimental reasons. It knows that far more important than the corsages and bunnies and baskets is the great historical fact which the day commemorates.

The resurrection of Christ from the dead on Easter morning is a historical fact. By His resurrection Christ gave irrefutable answers to several crucial questions.

In the first place, by His resurrection He proved Himself to be the Son of God. As the Bible puts it, He was "declared to be the Son of God . . . by the resurrection from the dead."

Furthermore, by the miracle of Easter Christ proved that all His doctrines were the truth. What He had taught about sin, about salvation, about heaven and hell—all must be true.

Thirdly, the happenings of that first Easter morning gave proof positive that the Father in heaven had accepted the sacrifice of His Son for the sins of the world.

And finally Christ's resurrection is the guarantee that all believers will arise some day "unto life, eternal." As Christ puts it, "Because I live, ye shall live also."

These are the tremendous facts of Easter. It is because these things are true that Christ could say: "I am the Resurrection and the Life . . . Whosoever liveth and believeth in Me shall never die."—Do you believe?

Easter Sunday

Easter Celebration Is Central to Christianity

By Sue Shaughnessy

"Now late in the night of the Sabbath, as the first day of the week began to dawn, Mary Magdalene and the other Mary came to see the sepulchre.

"And behold, there was a great earthquake; for an angel of the Lord came down from heaven, and drawing near rolled back the stone, and sat upon it.

"His countenance was like lightning and his raiment like snow.

"And for fear of him the guards were terrified, and became like dead men.

"But the angel spoke and said to the women, 'Do not be afraid; for I know that you seek Jesus, who was crucified.'

"He is not here, for he has risen even as he said. Come, see the place where the Lord was laid.

"And go quickly, tell his disciples that he has risen; and behold, he goes before you into Galilee; there you shall see him. Behold I have foretold it to you."

"And they departed quickly from the tomb in fear and great joy, and

ran to tell his disciples.

"And behold, Jesus met them, saying 'Hail!' And they came and embraced his feet and worshipped him.

"Then Jesus said to them, 'Do not be afraid; go, take word to my brethren that they are to set out for Galilee; there they shall see me.'"

(MATTHEW: 28, 1-10)

The above passage from the New Testament recounts the central message of Easter.

Theologians state that Easter is the main and central feast of Christianity. For it is by Christ's resurrection three days after His death that His divine identity was proven for all time.

Thus Easter is a holiday of joy, hope and love.

Throughout the week—beginning with last Sunday's observance of Christ's entry into Jerusalem along the palm spread roadway—to Maundy Thursday services, the Good Friday meditation or Tenebrae Services and the Easter vigil and Easter services the theme

is God's love for man and man's hope for eternal salvation.

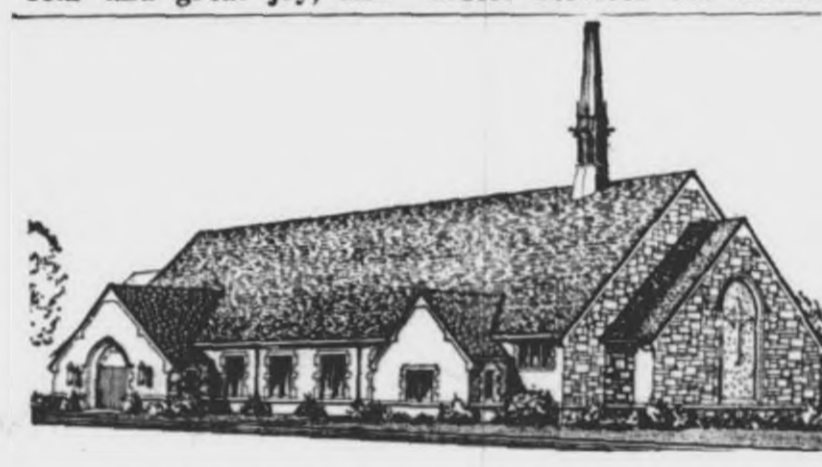

Listed in today's Observer are schedules of many of the Easter services in the area.

One thing about the observance is unique—as is the feast of Christmas—it is world-wide and all Protestant denominations as well as the Catholic Church—both western and eastern—agree upon the importance of the feast and on its meaning to mankind.

Easter signifies—very much as does the season of Spring—a rebirth or renewal of life.

In nature it is a rebirth of trees, plants and the world around us.

In the Christian tradition Easter signifies a time of rebirth and rededication to God and the purpose of fulfilling God's life on earth.

THIS IS an architect's rendering of the new Sanctuary at St. Paul's United Presbyterian Church. Ground ceremonies will be held for this fourth and final unit of the church complex at 12:30 p.m. Sunday.

10 Are Confirmed

The Rite of Confirmation was held Palm Sunday at the Salem United Church of Christ during the regular service. After having completed a course of study in preparation, 10 young people were received into membership and full communion with the church. Those confirmed were: Carolyn Bridges, Dawn Clayton, Dianne Clayton, Barbara Currie, Stephen Davis, Jayne Dozer, Luann Frey, John King, Joanne Sisson and Jane Simpson.

'Progress' Is The Word For Farmington

By DON NICHOLS
The Farmington District Library as it is today was just a dream a decade and a half ago. Many residents remember the crowded room in the Town Hall that served for years as the

library. It was in use from 1919 until February of 1959. Prior to that a room in the First Baptist Church was used.

In those days the librarian served the people out of the goodness of her heart because there were no funds for a salary. Records show that Miss Mary Kennedy took on the temporary job as librarian in 1913. She served until her death in 1939, twenty five years later. At his death in 1950, Clinton Wilbur, a life long resident of Farmington, left his estate of \$75,700 to be used for either a hospital or a library for the community. In 1954 Miss Ruth Carlisle bequeathed an additional \$12,133 to the Farmington Library. These funds plus donations from groups and individuals ultimately were used to give us our present library.

The Farmington Friends of the Library was organized in October, 1952 through the efforts of the American Association of University Women at the suggestion of Mrs. Frances Noonan of the State Library. Like its counterparts throughout the nation, the Farmington Friends are devoted to aiding the library.

They publicize the library's activities; they help raise the money all libraries desperately need; they sponsor programs connected with the library's work; they do in brief, everything possible to enable the library to perform its vital role in the community.

Citizens of Farmington who are concerned about the continuing development of library services, and who are interested in contributing both time and donations to this cause are asked to contact the Friends through the District Library.

Will-O-Way To Do Sound of Music

Rodgers and Hammerstein's "The Sound of Music" will be presented by Will-O-Way Apprentice Theatre at 8:30 p.m. April 22 through April 25.

Located at 775 West Long Lake Road in Bloomfield Hills, Will-O-Way is a dramatic trade school. Starring as Maria in the musical is Yolanda Foley of Walnut Lake. Alice Engram, instructor in vocal music in Oakland University, plays the role of the Mother Abbess, alternating with Birmingham soloist Harriet Murdock.

Parts of the lead nuns are held by vocalists Mary Phipps, Ann Blecker, Dorothy Mitchell and Dreama Royal. Captain Georg Von Trapp is played by Donald McKenzie who was seen in Will-O-Way's production of "Pajama Game" last year.

Peg Kropschot and Dorothy Mitchell are altering in the role of Elsa Schraeder. Larry McCracken, who had the male lead in "Pajama Game," will appear as Max Detwiler.

Local participant Tom Madigan of 28644 Westerleigh Road is appearing in the role of Rolf Gruber. Reservations may be made by calling MI 4-4418.

Livonia High School Bands Lauded in State Festival

Saturday, April 10, marked the climax of an outstanding year of achievement for the bands representing Livonia's Bentley and Franklin High Schools. Both bands were judged outstanding and awarded first division ratings at the State Band and Orchestra Festival held in Ypsilanti last Saturday. The Livonia bands participated with over 50 bands and orchestras that assembled for the festival, which was sponsored by the Michigan School Band and Orchestra Association.

Conductors Robert Clark of Bentley and Roy Ernst of Franklin expressed pride in the achievements of their students in reaching the highest level of proficiency possible in the state competitive festivals.

The bands' performances were evaluated by four outstanding men in the field of music education. Both organizations will receive medals and plaques in recognition of their achievements.

News of Plymouth's Senior Citizens

Members of the Plymouth Senior Citizens Club didn't exactly appreciate the unseasonable snow and blizzard on April 1—it wasn't a joke to them at all since it interfered with some of their weekly social and business activities.

However, they saw movies of a Great Lakes cruise from Detroit to Duluth via the S. S. South American on April 8 and it made all believe that Old Man Winter was finally on his way out for this year at least.

A majority of the 102 members attending, devoted time to sewing cancer pads prior to the showing of the films.

Members are making plans for the trip to the Vermontville Maple Syrup Festival on April 24. Two buses are scheduled to leave the Masonic Temple at 9 a.m. that morning. There are still spaces available and those interested are requested to contact Dorothy Wilhelm.

The next meeting is scheduled for Thursday, April 15 with the birthday celebration on April 22 and the Pot Luck dinner at 12:30 p.m. on April 29.

WHEREAS, the efforts of these skilled office workers are usually taken for granted in their many contributions to the nation's progress are unrecognized; and

WHEREAS, to honor the secretaries now doing their jobs diligently and to encourage others to enter this worthy career, it is essential that rightful recognition be given them.

NOW, THEREFORE, I, Harvey W. Moelke, Mayor of the City of Livonia, County of Wayne, State of Michigan, do hereby declare the week of April 18 to 24 SECRETARIES WEEK

Heads Department

EAST LANSING—Dr. Archibald B. Shaw, current associate secretary of the American Association of School Administrators, has been named chairman of the Department of Administration and Higher Education at Michigan State University. He is a former editor of two major school administration journals and has served as school superintendent in Scarsdale, N. Y.

Jointly sponsored by the Michigan Industrial Education Society and the Detroit News, the industrial education fairs offer opportunities for high school students to display their efforts and abilities in such areas as mechanical and architectural drawing, graphic arts, and plastic and wood modeling.

Of the 11 divisions and 26 classifications possible to enter for competition, Franklin High School won top awards in 7 separate areas.

Eight schools participated in this particular regional show. After judging, the displays were opened to the public for viewing.

From Franklin's 25 entries, winners were Bill Piggins, first prize for a wooden checkerboard; Mick Hughes, first prize for a table; Don Buckley, first prize for mechanical drawing; James Burtner, second prize for mechanical drawing; Terry Clark, third prize for a table; Mike Bartel, third prize for a model boat; John Elsey, Honorable Mention for a table; John Lademan, third prize for foundry casting.

Winning entries were sent to Grand Rapids for the State Industrial Education Fair April 8, 9 and 10.

Keep the Mail Coming, Kids!

Mail, mail, mail... has Mary Poppins been receiving mail. Since her picture appeared in last week's Observer asking for anyone between the ages of four and 12 to color it, the mailman has been kept busy delivering her mail to the Observer office.

Mary couldn't be more delighted—at least that's what she told us between shows at The Terrace Theatre.

However, she would be absolutely ecstatic if every youngster in the neighborhood told her how they thought she looked. For this reason the coloring contest will last two more weeks.

Montgomery Wards is co-operating with English nanny in encouraging entries by offering a bike to the person doing the best coloring job. Two other prizes will be awarded in addition to the bike.

Competing is simple. Just color the picture—clip it out and mail to Mary Poppins, c/o The Observer, 33050 Five Mile Rd., Livonia 48150.

TICKETS for the Nankin Mills Players production of "Send Me No Flowers" are bought by Nankin Township Supervisor Tom Brown from Producer Peggy Knowles. The play will be staged at Franklin High School in Livonia May 7 and 8.

Artist to Demonstrate Oil Glazing at Lecture

Suburbanites who find deep satisfaction in painting are looking forward to a demonstration and lecture to be given at Bentley High School on Saturday, April 24 by Helen Van Wyk, portrait and still life painter. Admission is free.

In announcing the demonstration Livonia evening school director John Anderson said, "This is an event which many suburban beginning and advanced art students have been waiting for. We know Helen Van Wyk's suggestions on the use of polymer and oil colors will be of special help to suburban amateurs and professionals who use these medias."

Miss Van Wyk, who directs an art workshop in New Jersey, will paint an oil portrait of a person selected from the audience, will demonstrate the technique of oil glazing over a polymer underpainting, will show how a still life can be painted directly with polymer, and close with a color symposium and question and answer period.

Herb Nelson, of the Livonia Custom Picture Framing Com-

pany which is co-sponsoring the event, pointed out that the guest artist has held 60 demonstrations from coast to coast to combined audiences of more than 8,000 people. She is also co-author of the Casselwyk Book on Oil Painting, extensively used by free lance amateurs and art students.

"In previous demonstrations of this kind," Nelson said, "we have had visitors from Farmington, Plymouth, Redford, Garden City, and other suburban communities. I believe that this demonstration of the new polymer colors will amaze amateur painters and will open new doors for many 'Sunday daubers' who have never had a chance to explore the scientific improvements which have been made in recent years."

Makes Honor Roll

Roland Kent, 28562 Wentworth, Livonia, is listed among the honor students for the first semester at Spring Arbor College. Roland, a sophomore, compiled a 3.13 average.

Wally Roberts GOING UP 'CURTAIN'

The last vestiges of winter's windy, chilly grip have all but disappeared and as a result it's a good time to "unclutter" the cluttered drama desk. Odds and ends will occupy our attention this week.

A laudatory note from the Eastern Michigan University PR den reminded me that their recent children's theater production, "Tom Sawyer" played to over two thousand appreciative "kids" of all ages. Box office reports that all financial records were smashed.

Artistically, the show was a real triumph for playwright-director Virginia Michalak. The incidental music blended beautifully and the impressionistic settings by Designer George Bird added to the brilliance of the entire production.

For weeks I have had an invitation to attend Charles Shafer's newly decorated theater in Garden City. One delay after another kept me from the La Parisien. Finally, "Goldfinger" and the promise of a dish or two of sub gum Chicken Chow Mein at Kitty's in Garden City provided the happy combination for a night out.

The La Parisien is an intimate theater. You feel at home the minute you step into the lobby. I'll admit it's a bit more pretentious than many homes, but then who doesn't like to dream that such lavish furnishings are possible in all homes. The cozy touch of a fireplace creates a warm feeling in the lobby. The auditorium itself speaks of a togetherness seldom found in our mammoth show palaces of today.

The La Parisien has only a little over five hundred seats. And those seats! Old Wally fell in love with those "rocking chair" seats. For once you can lean back and truly enjoy a picture much as you would be in your own living room.

What of "Goldfinger"? If you don't take your movies too seriously, it was a good sexy, spicy spy melodrama. All the cliches were in their proper place. The sound track musically speaking, was catchy and the fast action gave credence to what might have been quite impossible in broad daylight.

Since this film was made in England, most of the film was done on location. Hollywood sources indicate that this film

will be a gold mine for United Artists—a world-wide take of 24 million is anticipated.

If you would like to follow the viewing of "Goldfinger" with a bit of exciting reading, try John Le Carre's "The Spy Who Came in From the Cold". Espionage and counter-espionage abound in this swiftly moving tale of American spies in Berlin. "Funeral in Berlin" by Len Deighton is the latest best seller about our intelligence agents at work.

The Academy Awards have been handed out and as usual

some truly deserving people were counted out. Kim Stanley for her marvelous acting in "Seance On A Wet Afternoon" and Anthony Quinn for his thespic work in "Zorba the Greek" have real reason to look a bit wryly at this yearly popularity poll. Rex Harrison and Julie truly deserve their Oscars, but some recognition for good acting should be rewarded in an industry that sees so little true emoting.

"Pleasures and Palaces" went down for the final "count" at the Fisher. The creative artists connected with this pre-Broadway venture felt it was better to "fold" the show now at the half million loss mark. Abe Burrows did fly in as I suggested in an earlier column. He took one look at the show and left quickly without saying a word. His tact approach told the producers volumes.

For a detailed account of how a musical comedy gets into his failure column you might want to read this week's Saturday Evening Post.

Masque Announces New Play

The Masque Theater presents its next production, *The Deadly Game*, by James Yaffe, beginning Thursday, April 15, and playing through Saturday, May 20.

An Alfred Hitchcock type theme prevails in this mystery which was adapted by Yaffe from the novel *Trapp*, by Frederick DuRrenmatt.

Rollo Parker portrays the benevolent judge, Ben Berman as Defense Attorney, Douglas P. Turek as Prosecuting Attorney, James D. Cornette is seen in the role of the unsuspecting defendant.

Others in the cast, under the direction of Joseph French and Conrad Roberts, include: Warren Colston as the executioner, Tony Cangelose as Pierre and Fat Wilkes as the visitor.

'White America' Detroit Date Set

In *White America*, last year's recipient of the Vernon Rice award for the most outstanding theatrical achievement off-Broadway, will come to Detroit for a special performance Sunday evening, May 2, at Ford Auditorium.

This widely hailed "documentary play" ran 498 performances—from Oct. 31, 1963, to Jan. 3, 1965, making it the longest-running dramatic presentation of the 1963-64 off-Broadway season. A British production opened in London last November to rave reviews, and The Free Southern Theater presented the play for a special series of 17 performances in the South last summer.

In *White America* will be shown here under the auspices of the American Civil Liberties Union of Michigan. It is produced by Judith Rutherford Marechal.

The play is a dramatization of actual letters, speeches, official papers, excerpts from books, and records of conversations, assembled by Martin B. Duberman, an assistant professor of history at Princeton University, and connected by a narration that binds the parts into a human document.

Tickets are available at Grinnell's Downtown Store and at the ACLU offices, 1600 Washington Boulevard Building.

DR. CHUMLEY, played by Bob Wolverton, looks with amazement and doubt at Elwood P. Dowd, played by Ed Kochanek, while Dr. Sanderson (Ed Flynn) scratches his head in bewilderment during last weekend's Franklin High School's annual junior class play "Harvey."

Franklin Pupil Nominated for Music Festival Audition

Mary Begian, a Franklin High School sophomore, is among the small number of students selected to perform in the semifinal auditions of the Michigan Youth Arts Festival.

Mary was nominated at the state solo and ensemble festival as an outstanding performer among the high school students

participating at the state festival. The semifinal and final auditions in Flint on April 24 will select the 10 outstanding soloists in the state. The winners will be honored by the State of Michigan at the Michigan Week Youth Achievement Festival at Flint on Saturday, May 22.

Mary will perform the first movement of Mozart's G. major flute concerto.

Cancel Play

"Mary, Mary," Jean Kerr's comedy which was scheduled for an area performance by the Theatre Guild of Livonia-Redford has been cancelled.

According to the Guild the production was called off because the play "has not been released for non professional groups at this time."

The Guild statement added that "the Guild regrets that we cannot offer a comparable substitute this April."

The area JA groups are advised by 36 Plymouth industrial and business executives in management, manufacturing and sales.

Plymouth School Board To Visit Northville For Study of Lights

A new lighting system for the Plymouth High school field will have the attention of members of the facilities committee of the Board of Education on Monday, April 19.

The Board already has indicated that it will have new lights at Candlestick Park in time for the 1965 football season.

The committee will visit Northville High's plant next Monday evening to see the area's newest and most modern system. Then it will meet in the Administration offices in an executive session to start working on plans for new lights at PHS.

The Retail division of the Plymouth Chamber of Commerce will sponsor a sales motivation workshop on Wednesday, May 12 from 9 a.m. to 2 p.m. for the express purpose of teaching, motivating and inspiring sales people by providing informational and skills training programs.

That was the decision of the committee after listening to a presentation from Arthur Brooks, of the sales training firm of Adams, Lafferty, Madden & Moody.

He stressed that selling is like show business because it involves a "performance" and a "presentation" from the

sales people. Brooks recommended periodic seminars as

stimulation for clerks and sales personnel.

He particularly recommended the "Sales Motivation Workshop" which was accepted by the committee. It deals with information and skills training in the areas of: creating customer-centered attitudes, sales techniques to upgrade the sales, add-on selling methods that persuade without pressure; handling customer complaints, turning lookers into buyers and projecting the image of a professional sales person.

The sales motivation program will be held in the Chamber conference room as a "store time" project.

James McKindles Heads VFW Poppy Drive

James McKindles, 261 N. Evergreen, has been named chairman of the Veterans of Foreign Wars annual Buddy Poppy Drive to be held in Plymouth on May 20. The appointment was announced by Commander Harvey Jones, of VFW Mayflower Post 6695. McKindles hopes to make the 1965 sale the biggest ever for the Plymouth Community, pointing out that there is a solemn obligation to help those who gave so much during the times of the two great World Wars. "The high cost of living has placed an increased burden on our disabled veterans," said McKindles. "It is our responsibility to see that they are properly cared for and relieved in every way possible from greater hardships. In addition, we must not forget those widows and orphans of veterans at the VFW national home in Eaton Rapids."

Carol

The junior Varsity squad will consist of Peggy Clyde, Kathy McKinley, Nancy Shutes, Judi Utter, Sue Van Antwerp, and Eva Walasky.

The four girls chosen for the swimming squad, a new group which has been formed to provide cheerleaders for the swimming meets, were: Nancy Peck, Kathy Butler, Susie Camp, and Brenda Hayes.

Judges for the try-out were: Lois Mattson, cheerleading adviser; faculty members Gerry Ramsey, and Sandra Karner; counselor, Virginia Olmstead; senior Varsity cheerleaders, Kathy Smith, Kathy McIntyre, and Carol Otwell; Varsity Club president, Jim Lake; Pep Club vice president, Sue Hudson; and president of the student council, John Hannula.

Each candidate had to perform three cheers, two, which incorporated stunts, with a partner, and one by herself. The girls then came back in groups of six and did sideline chants for a final judging.

Judging was based on the following things: cheerleading ability, school spirit, rhythm, coordination, appearance, poise,

personality, dependability, tumbling and stunt ability, and cooperation. . . .

Three U-M Alumni On Hall of Fame Body

ANN ARBOR — Three prominent University of Michigan alumni—Fred C. Matthaei and John Sharem of Ann Arbor and Jamison Handy of Detroit—have been appointed to the committee for the new Swimming Hall of Fame by Dr. James Counsilman, president of the Hall of Fame Corporation and 1964 Olympic swimming coach.

Matthaei, a Regent of the University and identified with Michigan sports activities for many years, is known internationally for his efforts to bring the Olympic Games to Detroit. Sharem is a former Wolverine swimmer under the late Matt Mann, winning the national breaststroke title in 1940 and also finishing as runner-up to Olympic champion John Higgins in the NCAA championships.

Handy is a one-time Olympic swimmer, whose firm designed displays at both the Seattle and New York World's Fairs. The Swimming Hall of Fame is located in Fort Lauderdale, Fla., as part of a \$1,500,000 Hall of Fame and Olympic-sized swimming pool being built to accommodate national and international swimming meets and conventions. The Hall of Fame also will honor immortals of swimming, diving, water polo and synchronized swimming.

Fort Lauderdale has donated the land and the building, but a non-profit corporation representing all segments of swimming will administer the internal affairs of the Hall, with Buck Dawson, former Ann Arbor man, as executive director.

Evans Shows Gain in Earnings

PORTLAND Ore. — Record first quarter sales and earnings were announced Monday for Evans Products Company, a diversified building materials, railroad and automotive equipment and mobile home supplier.

Net earnings rose to \$1,570,000, up 38 per cent from the previous record first quarter of 1964. Earnings per common share increased to 92 cents from 71 cents for the first quarter of 1964, adjusted for the 4 per cent stock dividend paid in March, 1965.

Sales for the first quarter 1965 were \$47,322,000, a 17 per cent increase over the \$40,378,000 for the same period in 1964.

Monford A. Orloff, Chairman, noted that the first quarter of 1965 marks the beginning of the fourth consecutive year in which sales and earnings increased in each quarter from the corresponding quarter of the previous year.

He further noted that "the Company's sharp upturn in earnings continues to surpass sales growth, and the outlook for the balance of the year appears very favorable."

Earlier this week, the Board of Directors of Evans declared a cash dividend of 15 cents per share on its common stock to holders of record at the close of business on April 10, payable April 30.

ANN ARBOR, Mich. — Cazzie Russell, Michigan's All-American basketball player, was one of three players selected unanimously on the all-opponents team by UCLA's two-time national cage champions for 1964-65. The others were Ollie Johnson, USC senior and John Austin, Boston College, a junior. The only other two players to receive votes were Chris Pervall of Iowa and Allen Young, USC.

DPW News and Notes

By Supt. Joseph Bida
Plymouth Dept. Public Works

The Department of Public Works handled four funerals in Riverside Cemetery last week, set up machines for the April 5 election and then removed them the following day.

A water tap was replaced at 865 Penniman Ave. A service line broke at the dwelling and, when an attempt was made to replace it, it was found the old service line had broken under the adjoining building. The old line was cut off and a new one run in from the alley instead of ripping up the pavement and sidewalk in the front.

The reason was that the sidewalk was wired for radiant heat and it would have been very costly to replace it.

Taps were installed at 18420 Donegal Court in Northville Township and at 870 N. Holbrook in the city. Stop boxes were repaired and replaced as a result of breakage from a snow plow during the big storm.

The Torch Drive platform was sanded, cleaned and repainted. Streets were cold patched throughout the city and 39 catch basins were cleaned in the northwest section.

A sanitary sewer was dug at 194 Rose Street and workers found a bad joint in the line. A

6-inch sanitary sewer tap was installed at 870 N. Holbrook.

Grading of streets was done during the week on Goldsmith-Holbrook - Virginia - Hamilton, Maple to Ann Arbor Trail, Simpson, S. Harvey to McKinley; Sutherland, Main to S. Harvey; Linden, Main to McKinley and streets in the northend.

It has been brought to the attention of Denski Brothers, who have the contract for collecting rubbish and garbage, that some of their workers are throwing rubbish cans and covers as well. They will remedy this in the near future. Violation tickets were issued to those residents who are using the wrong kind of containers. This procedure will be continued.

Don't forget that the week of May 10-17 is "Clean Up, Paint Up, Fix Up Week." Anything that residents want to get rid of will be picked up that week.

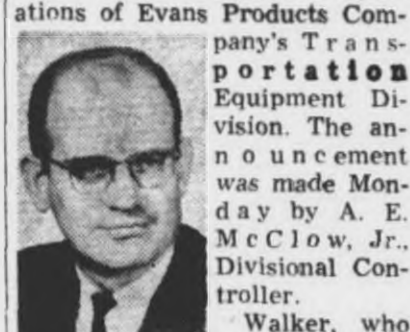

Any items not picked up at the regular collection will be removed by the DPW if put out in the alley or at the curb. Alley pickups are still being made at the curb and this practice will continue until further notice.

The DPW wishes to thank all for the fine co-operation in placing rubbish and garbage at the curb.

Propose \$200,000 C'ville Budget Hike

A \$200,000 increase in this year's budget over last year is being proposed in the Clarenceville School District, according to Superintendent L. E. Schmidt.

Although budget figures are not yet finalized, Schmidt said the amount that's needed "to do all that the Board of Education considers desirable in 1965-66 is presently \$1,886,000."

In a statement to The Observer, Schmidt added: "After the passage of the millage issue at the recent Special Election in the Clarenceville School District the Board of Education is continuing to study the proposed budget for the 1965-66 school year. While some parts of the tentative budget have been under study by the Board members during the last several months, many

decisions had to wait until the election.

"It is still not possible to establish a final budget figure due to the fact that certain information concerning the state equalized valuation (SEV) for the school district, or the monies to be available in the form of state-aid, or the amount of allocated millage to be granted by the County Tax Allocation Board is not available.

"Other factors of course affecting the budget include expansion of the school program in many areas. The actual number of pupils enrolled in school next year will also play a part in the budget. The number of

students will also have a direct effect upon the number of new teachers needed for next year.

"While these many questions face the Board of Education, they must however develop a tentative budget for presentation to the County Allocation Board within the next few days. When final action is taken by the Allocation Board, and the Board of Education can make final budget determinations, it will become necessary for the Board of Education to hold a hearing on the budget.

"The proposed budget figure needed to do all that the Board considers desirable in 1965-66 is presently \$1,886,000. This is an increase over the present year of approximately \$200,000."

The Clarenceville Board met April 1 and 8, discussing salaries for personnel next year. A \$200 across-the-board pay hike for the district's 160 teachers was granted, boosting starting salaries with a bachelor's degree to \$5,200.

Plans 8,000 Foot Addition

The Miller Equipment Company, located on Plymouth Road east of Farmington Road, will erect an 8000 sq. ft. addition to its present building, it was disclosed today by Daniel Andrew, the city's Industrial Coordinator.

The firm, which sells, services, and rents heavy construction, road building and maintenance equipment, has been in business in Livonia since 1951.

Don Clark, vice-president and general manager, stated that the building addition will provide increased facilities for service to their customers.

In the lower peninsula of the State of Michigan, Miller Equipment represents the Clark Equipment Company, manufacturers of loaders, bulldozers and earth moving equipment; Link Belt Speeder Corporation, producers of cranes and shovels; Sicaud Industries, manufacturers of snow blowers and ice control equipment; Asplundh Chipper Company; Huber Manufacturing Company, manufacturers of motor graders and rollers; and Diamond Manufacturing Company, producers of gravel crushing and screening plants. Miller Equipment is one of the top five dealerships in the country for the Clark Equipment Company and Sicaud Industries.

Trotters Return to Wolverine Raceway for 55 Nights

FINISHES LIKE THIS make harness racing America's fastest growing sport. Such scenes are expected to be repeated time after time when the pacers and trotters return to Wolverine Harness Raceway Saturday for the opener of the 55-night meeting over the facilities of the Detroit Race Course at the intersection of Middlebelt and Schoolcraft Roads in Livonia.

The pacers and trotters shift from Northville Downs to Wolverine Raceway Saturday for a 55-night meeting that President Frederick Van Lennep and Vice President and General Manager Orlow Owen hope will exceed the 1964 campaign when the track set 25 attendance, wagering and driving records.

Matter of fact, Van Lennep and Owen are looking forward to an opening night gathering that will exceed the all-time record gathering of 13,186 that wagered a state high \$572,709 a year ago.

They base their hopes on the fact that Wolverine will open on a Saturday night, first time ever for a parimutual track in Michigan.

The 55-nights are the most ever allotted to Wolverine which operates at the facilities of the Detroit Race Course at the intersection of Middlebelt and Schoolcraft Roads in Livonia.

During that span, the track will present most of the nation's finest pacers and trotters. The 1965 program includes seven rich stakes, five of which are slated during Grand Circuit week, May 31 through June 4.

The stakes include: Merchants and Manufacturers trot on May 27, the Motor City Pace on June 10, the Detroit leg of the Harness Tracks of America trotting series on June 4 and the four Roaring Grand stakes.

The letter lists: Tompkins Memorial for two-year-old trotters on May 31, Matron for three-year-old trotters on June 1, Geers for two-year-old pacers on June 2 and the Matron for three-year-old pacers on June 3.

And to add a bit more interest to a meeting that already is

the most interesting in the area, Wolverine will inaugurate the fabulous Twin Double.

The Twin worked wonders in building enthusiasm at the Detroit Race Course throughout the meeting last fall, being responsible for numerous attendance and wagering records. Wolverine officials hope it has the same impact on their meeting.

Barn Superintendent and Paddock Judge Clayton Smith opened the plant to horses last weekend and by Wednesday afternoon there were more than 700 on the grounds with more checking in daily from Phoenix, Park and tracks in the east and Northville Downs, Pompano south.

Racing Secretary Bill Connors was on hand last Saturday to begin the task of screening all horses and to start making condition books for the first two weeks. Connors and Smith made the trip from Pompano Park where the 90-night meeting closed on April 7.

A year ago, Wolverine opened with an all-time crowd which wagered an all-time high of \$572,709.

From that moment on, it was a meeting of records that saw the plant set marks for betting, for each night of the week, for a six-night open, most ever in a daily double pool, most for a weekend, largest season handle, highest average ever for a Michigan harness track and two weekend with handles of more than a million dollars.

In addition, the records included most wagered on a single race and most to win, place and show on a single race.

Just to add a bit of frosting on a cake already rich with goodies, Driver Joe Marsh, Jr., of Findley, Ohio, set a Wolverine standard for wins in a single season with 49. And Joe checked in early in the week from Pompano with a powerful stable that was rated as just about the best in Florida.

OBSERVING SPORTS

By George Maskin

It's not easy to rattle this typewriter today . . . not when the morrow will send us winging westward with our better half for a week's vacation in Las Vegas.

All of which means we will be missing some of the exciting action in the Stanley Cup playoffs, our first opener at Tiger Stadium in several years and also the season's debut in harness racing at the Detroit Race Course on Middlebelt Road.

Interest in the trotters — another way of referring to the harness horses — has boomed like wild in the last 15 years.

We vividly recall when the trot races were restricted for the most part of county fairs. Today the trotters not only operate in Michigan some eight months of the year, but the breeding of such horses has become a multi-million dollar operation the year around.

A night at the DRC track can prove very enjoyable . . . and profitable.

There's nothing like dining out and at the same time watching your favorites rush for the finish line out in front — you hope.

It's equally fascinating to stare about and observe and listen to others as they prepare to make their bets on the next race.

There are those scientific students . . . the men and women who check past performances, who scan the "tote" board for sudden shifts . . . who insist that they have a hot tip from somebody in the stable or from the owner's fifth uncle in China.

And, then there are the women mostly who "fall" for certain names.

If Suzzie Lover is running in the fifth . . . and mom's name happens to be Suzzie or Sue or close, you can be assured that the old lady will cast her two bucks with Suzzie Lover.

A blind pick, of course, but frequently the horse busts the barrier in front and pays off a neat price while dad, the self-professed expert, looks on with his tears in his eyes and with disgust as he rips apart the losing tickets.

You don't have to worry about the weather when you attend the trotters at the DRC. If it's cold, there are special heaters to keep you warm (if your money doesn't).

There's protection against rain or snow or what have you. The show MUST go on at the DRC . . . and it does.

With the instigation of the "Daily Double," there's always a chance that you really can collect a barrel. A year ago, payoffs in the five-figure category were very frequent for the trotting fans. In New York, there were a couple of \$100,000 cash-ins.

So plan on a night at the trotters. You'll have a gala (if you're fortunate) time.

Before we zoom westward to test out the Las Vegas (five-cent) slot machines, a recent visit with Plymouth's Doc Fenkell reminds us to pass along the information on the new group deals the Detroit Tigers are offering for clubs, lodges, ladies-aid societies, etc.

Just call Doc at Tiger Stadium and he'll set your group with the best seats in the house. But, if you want to catch one of those night games with the Yankees, we suggest that you act in a hurry.

DOTS AND DASHES: Livonia's Bob Bruce again is one of the aces of the Houston Astros' pitching staff. We understand that Bob's eyes popped from their sockets the first time he took a look inside of the new domed Stadium in Houston.

Granted there are some assets to a closed-stadium, but such a structure is bound to have its affects on the staging of sports attractions.

On many occasions at Tiger Stadium — as an example — the tension created by an impending rain storm has stirred the players and the fans to wonder whether the splash-down would hold off just long enough to get in another out and thus make the game official.

There have been those moments, too, when the Tiger brass has held breath. If five innings could be completed, the Tigers would not have to dish out any rain checks and could haul all the money to the bank. So what if the Tigers lost!

No longer in Houston will the press and sportscasters time the ground crew's performance in getting out the tarpaulin to keep the field from getting wet. The crew at Tiger Stadium long has boasted the American League record . . . something under 90 seconds.

The domed stadium could have its affects for football teams. Suppose the Dallas Cowboys preferred a muddy field for a certain game in order to slow down the opposition's fine running attack.

In an open-area structure, the home club could overlook getting down the field cover during a rain or snow outburst 24-36 hours ahead of game time. In Houston now . . . they won't have a field cover.

The umpires should like dome stadiums. They no longer will have to work with one eye on the clouds or in wet uniforms.

As you know, once the first pitch has been delivered, the umps have the last and only say on whether a game will continue when the weather acts up.

The men in blue are cognizant of the fact that baseball is a business and that when there is a big audience present, it behooves the umpires to strain just a little to get in an official game (4½ or five innings, depending on who's ahead) than when there is just a scanty gathering on the premises.

Very often the umps have been rapped for letting a game

East Victors in Baseball and Track

Nip RU In Extra Innings

The expected happened last Friday when the Garden City East High baseball team went against Redford Union in the opener for both teams.

It was a dogfight until the finish with East rallying to gain a 3-2 verdict and stretch its regular-season winning streak to 16 straight.

East had won 15 in a row in 1964 before losing in the Wyandotte Invitational tournament.

Fine two-hit pitching by Joe Pomykacz, plus a key hit by the same Pomykacz in the seventh inning, made possible the triumph for Garden City, which will be defending its Mid-Wayne League title this spring.

Redford Union was co-champ in the Suburban Six loop in '64. Redford Union, backed by excellent pitching from Dick Barryman, clung to a 2-0 lead and had two East players out in the sixth inning when a pair of errors and two singles enabled East to knot the score at 2-2.

Cass Simpson got the first life for East. Then Don Smith reached first on another miff. Ron Goulet followed with a single to knock in one run and Don Chute's hit drove in the equalizer.

In the seventh inning, Bill Mood started matters for East with a walk. After Dave Ventura sacrificed Mood to second, Pomykacz shot a single to left to chase in Mood with the winning marker.

Redford Union tallied in the first inning on walks to Curt DeLoye and Jim Johnson and a single by Ernie Bourassa.

In the fifth inning, Redford Union made it 2-0 when Johnson singled, went to third on an error and came across when George Little delivered a perfect squeeze bunt.

Pomykacz fanned five batters, one more than Barryman. Each team was guilty of two errors.

A PERFECT BUNT helps Redford Union pull a surprise play against Garden City. Garden City wasn't fooled completely as they went on to win, 3-2.

Sophomores Spark Bentley to First Track Victory

Youth must be served . . . that's the way it was for Bentley High School's track team in its 1965 opener against Belleville last Thursday.

Although competition in the rain and with just a couple of chances to work outdoors in advance, Bentley roared over Belleville, 78-31, in a Suburban Six League duel.

Most satisfying to Coach Ron Fedraw of Bentley was the way his sophomores performed. They outscored the combined output of the seniors and juniors on the Bentley team.

Not only did Bentley get off on the right foot in dual action, but the victory will help the Livonians in their bid for their overall league crown.

Under the new league rule, each victory scored in a dual meet will reward a school with one point toward the ultimate Suburban Six crown. In the league meet proper at the end of the campaign, the team with the most points will be awarded five points, the runner-up four, etc.

These points will be added to those scored in the dual meets to determine the grand champion.

Rick London was the individual hero for Bentley. The junior sprinter won both the 100 and 220-yard dashes and anchored Bentley's winning half-mile relay.

The sophomore brigade was led by contingent of hurdlers. Doug Thomas, Ken Jackson and Jim Matevia, all tenth graders, placed one-two-three in the order listed in the high hurdles.

In the low hurdles it was Jackson, Thomas and Dan Lare. The latter is a junior.

Here's how Bentley entries placed: Long Jump: 1—Rick Koch, 2—Dan Lare. Distance: 19 feet, one-half inch.

Shot Put: 1—Jim Sova, 3—Larry Haggert. Distance: 46 feet, 6½ inches.

Pole Vault: 1—Larry Grimm, 2—Dan Lare. Height: 10 feet, 6 inches.

High Jump: 1—Jim Gregg, 2—Phil Balla. Height: 5 feet, 8 inches.

800-yard relay: 1—Bentley (Doug Thomas, Ken Jackson, Lare, Rick London). Time: 1:37.

Mile: 1—Jim Honderick. Time: 4:57.1.

High Hurdles: 1—Thomas, 2—Jackson, 3—Jim Matevia. Time: 16.6 seconds.

800-Yard Relay: 2—Jim Gregg, 3—Balla. Time: 2:02.

440-Yard Run: 2—Mark Forname, 3—Grimm. Time: 54.9 seconds.

100-Yard Dash: 1—London. Time: 10.7 seconds.

220-Yard Dash: 1—London, 3—Bill Douglas. Time: 22.3 seconds.

Low Hurdles: 1—Jackson, 2—Thomas, 3—Lare. Time: 21.7 seconds.

Mile Relay: 1—Bentley (Rick Dudzanski, Forname, Grimm, Gregg). Time: 3:41.7.

Thinclads Paced by Sprinter

With Yarle Elde leading the point parade, Garden City East overwhelmed Riverview, 76 33, in its opening dual-meet of the season.

Elde roared to victories in the 100 and 220-yard dashes, the broad jump and also anchored the winning East 800-yard relay team.

Paul Martin was another standout for East. He won the high jump and the high hurdles and took a second in the low hurdles.

The Garden City thinclads exhibited particular power in the field events.

They slammed the pole vault, high jump and broad jump. In the shot put, East placed one-two.

The only events East didn't win were the 440-yard run, the low hurdles and the mile relay.

Missed Chances Beat Franklin

The opportunities were there, but Franklin High's baseball team couldn't capitalize.

The net result was a 3-2 loss to Dearborn Edsel Ford last Friday in the season's opener for Franklin's defending Northwest Suburban League champs.

Despite the setback, Coach John Hartsig of Franklin was encouraged.

"We outbit them, 12-3, and felled very well despite the fact we hadn't had more than a couple of chances to work outdoors," declared Hartsig.

Bernie Carbo was the big man with the bat for Franklin. He slugged out a triple, two doubles and a single in four trips to the plate.

Roger Frayer and Paul Hartege each picked up two hits in five appearances.

The wildness of starter Ken Bratherton of Franklin helped Edsel Ford to score once in the second inning and another tally in the fourth.

In the sixth frame, Franklin got even when Hartege slugged a triple and scored on Carbo's double. Gary Birkhart's single chased in Carbo with the equalizer.

That's the way the score stood until the ninth when Edsel Ford won on an error, balk, walk and hit with Tom Cannon on the mound for Franklin.

Franklin had some great chances to win the game.

In the first inning it took a perfect throw to cut down Sam Antonazzo trying to stretch a double into a triple. Hartege and Carbo followed with singles.

In the fourth inning, Carbo tripled to lead off, but the next three Franklin batters fanned.

In the eighth, Carbo opened with a double and went to third on a wild pitch. He never left there.

Jim's To Carry Golfers' Chances

Three lettermen will carry the load on North Farmington high school's golf team this season.

By co-incidence all three are named Jim—Jim Schlesinger, Jim Wooly and Jim Palmer.

Bob Cross and Craig Carpenter are two other fine performers on Coach Dick Wilson's squad.

Thurston Whips 2 Rivals

There's power again in the Thurston High School track team.

Despite (1) lack of outdoor training and (2) cold and damp weather, Thurston inaugurated the 1965 outdoor season by winning in a triangular meet from Birmingham Seaholm and Detroit Redford, two perennial track powers.

The Redford Township team, coached by Bob Lake,

posted 54 points to 43 for Seaholm and 39 for Redford. The combination of Don Bristol and Al Phillips led the way for Thurston.

Bristol and Phillips paced a one-two-three finish for Thurston in the broad jump in which teammate Chuck Nole was third. Bristol leaped 19 feet, 10

inches for the victory. Phillips was an inch back and Nole two inches behind Phillips.

Phillips won the high jump with a jump of six feet while Bristol was second at 5-8.

In the 440-yard run, it was Bristol again who broke the tape in front in the very excellent time of 53 seconds flat.

Then to climax his great afternoon, Bristol anchored Thurston's victorious one-mile relay combination.

Thurston negotiated two other victories as Leonard Cyr copped the high hurdles and Rick Stefani the low sticks.

Here's our Thurston entries placed:

Shot Put: 4—Jerry Szostack.
Broad Jump: 1—Don Bristol, 2—

Al Phillips, 3—Chuck Nole. Distance: 19 feet, 10 inches.
High Jump: 1—Phillips, 2—Bristol. Height: 5 feet, 8 inches.
Pole Vault: 2—Jim McDermott.
100-Yard Dash: 4—Nole.
220-Yard Dash: 4—Nole.
440-Yard Run: 1—Bristol. Time: 53 seconds.
Mile: 2—Bob Grimm.
High Hurdles: 1—Leonard Cyr, 2—Rick Stefani. Time: 16.4 seconds.
Low Hurdles: 1—Stefani. Time: 22.4 seconds.
Mile Relay: 1—Thurston (Stefani, Grimm, Stan Jerlecki, Bristol). Time: 3:38.6.

CHAMPIONSHIP TROPHY, for winning six straight interclub meets, is presented to Debbie Burke (left), 15785 Whitty, Livonia, and Don Reid, 31933 Pembroke, Livonia, by tiny Dana Smith, a cerebral palsy victim, and David Clark, president of the Michigan Amateur Roller Skating Association. The Livonia youngsters were crowned champions of the novice dance team competition. They will compete in the state meet in Plainville, Mich. in early May.

Wyandotte Couple Misses Doubles Lead by a Mark

Roy and Dorothy Stewart, of Wyandotte, are moaning these days, moaning about one more mark that would have given them the lead in the third annual Observer Newspapers-Merri-Bowl Lanes mixed doubles tournament.

Even though they turned in their best bowling performance of the late winter and early spring, the Stewarts fell just

one mark short of moving past the Detroit duo of J. Thomas and M. Sherman, who have been on top of the standings since the second week with their 1319 count.

The Stewarts led the firing in the sixth week of action with a 1300 series and had to be content with third place in the rankings behind the P. Smythe and J. Smythe team with a

1317 in second place.

Both Stewarts were at their best in the doubles, but it was the super efforts of Dorothy that carried the team so close to the top.

Entering with a 133 average, Dorothy opened her three games with a 160, came back with 177 and then finished with 169. She picked up 29 pins per game handicap and wound up with a total of 589.

Roy couldn't be tagged as a slacker since he had a 711 total after picking up 29 pins per game.

Roy opened with a 208, including a three-bagger, which was above his 184 average. He wound up the second game with four strikes in a row for an even 200 and then hit the groove for seven strikes in the finale for a 216.

This gave him an actual score of 624 and the handicap boosted him to the lofty 1300.

Michael and Dolores Hanton, of Mt. Clemens, accounted for the only other change among the top 15, landing 10th place with a fine 1270 total.

Dolores, who has a 101 average, had one of her better series, counting 151 in the opener, 145 in the second and 164 in the third for a 460 total—far above her 303 average.

Michael, with a 142 average, started with 156, came back with a 166 and finished with 161 for 483. They received a 327 handicap to give them the 1270.

Franklin Ace Sets Record

Bill Stanchina of Franklin high school wasted no time in setting a new varsity record in the 120-yard high hurdles.

Racing against Clarenceville in Franklin's opening meet of the season last Friday, Stanchina was clocked 16.5 seconds to erase the school's former standard.

Stanchina's time was one of the highlights of Franklin's easy 72-37 win over Clarenceville.

The win was Stanchina's second of the meet. He also won the 180-yard low hurdles.

Franklin's Dan Ryan turned in a fine time of 4:39.1 in the mile, while Tom Lee recorded an excellent clocking of 2:04 in the 880-yard run.

John Saven's 53-second victory in the quartermile also impressed Coach Walt Couzens of Franklin. So did Larry Nafteh's victory toss of 46 feet in the shot.

"Remember we had been outside only one day before we ran

the meet," declared Couzens.

The results:
Shot Put: 1—Larry Nafteh (F), 2—Harbourne (C), 3—John Saven (F). Distance: 46 feet.
Broad Jump: 1—Jack Pelen (F), 2—Harbourne (C), 3—John Saven (F). Distance: 19 feet, one-half inch.
High Jump: 1—Jeff Yoshikawa (F), 2—Bill Mayo (F), 3—Arnold (F). Height: 5 feet, 4 inches.
Pole Vault: 1—Fred Walton (C), 2—Doug Week (C), 3—Fesley (C). Height: 10 feet, 6 inches.
880-Yard Relay: 1—Clarenceville, 2—Franklin. Time: 1:36.4.

'Boy of the Year' Named in Township Boys' Club

There was plenty of activity in the Redford Township Boys' Club Building last week, which was "National Boys' Club

Week." It started on Monday evening with a banquet to honor the 32 boys who received "keystone awards" and the adult volunteers workers.

Stuart Skog was named the "Boy of the Year." Mr. Beckett was named as the outstanding volunteer leader for his work with the Rifle Club, and the Community Service Award was earned by the Redford Optimist Club.

Another highlight of the week was the "Little Sister and Brother" night on Wednesday, when judges JoAnn Shaw (N.W. Branch, Y.W.C.A.), Mrs. Isabel Billings of 15585 Pomona, and Patricia L. Comrie, 12823 Norborne chose the Boys' Club king, queen and court.

They selected Rosemary Dexter as 1965 queen, Tim Curzan as king, and members of the royal court were Beth Ann Beach, Cheryl Thomas, Randy Gorski and Kevin Kelly.

The "open house" on Friday saw a jam-packed building as parents worked and played with their sons and toured the building. The boys enjoyed the pony rides, postponed from Thursday because of the rain.

On Saturday, "Pal Day," a sizeable group of pals came with their member friends and took part in the day's activities, including the passing out of "Please" signs to homeowners in the community.

Trojans Eye '13' as Lucky

Coach Gorie Larsen of Clarenceville high school's baseball team is hopeful that "13" proves a lucky number this spring.

That's the number of letter-men he has returning to form the nucleus of the 1965 Trojans diamond contingent which hope to lift the lid on the season's action this week after being stopped twice last week.

The returnees include five seniors, six juniors and two sophomores.

Heading the twelfth-graders are Danny Freels and Joe Niestroy. Freels divides his time between pitching and playing centerfield. He's the team's No. 1 hurler. Niestroy does the catching and has hit over .300 in his three years on the Clarenceville varsity.

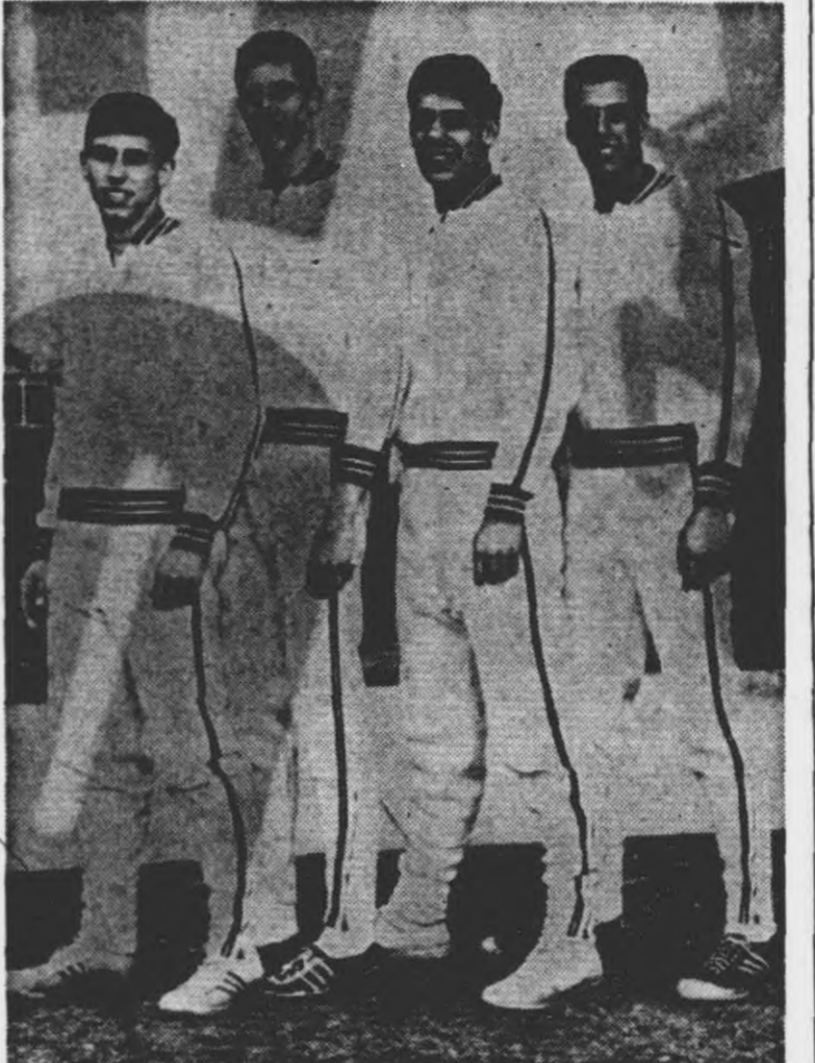

Freels and Niestroy are the Clarenceville co-captains.

Jack Forsyth, Ron Latimer and Tim Spencer are three other seniors on deck along with Juniors Tracy Black and Fred Neil. The latter will operate again at second base where in 1964 he made only four errors all spring while hitting at a .316 clip.

Jim Shlows, Randy Smith, Gary Yoackey and Richard Udman are other junior returnees who should see considerable service this spring.

Among the sophomores there are two standouts—Mike Nye, who as a freshman hit .302 and landed on the Livonia Area All-Star prep team, and first-sacker Tom Schleck.

Leading the new faces are Dale Armstrong, pitcher-outfielder; Roger Armstrong, an outfielder; and Chuck Watkins, an infielder-pitcher.

ALL SMILES is Thurston High's Mile Relay Team after scoring a first place victory over Redford Union and Birmingham Seaholm. In the order in which they compete in the run from left to right, Ralph Stanifer, Bob Grimm, Stan Jerlecki, and Bob Bristol.

Raiders Lose to Cranbrook

When there is a will, there's a way.

The track teams of North Farmington High School and Cranbrook were ready to compete last Friday afternoon.

But the track at Cranbrook wasn't ready. It was soaked and muddy.

So the coaches set up a makeshift track, using a parking lot from a nearby church for the running events.

Events like the 220 and 440-yard dashes were eliminated. So was the mile relay.

The 180-yard low hurdles became the 120-yard lows. A shuttle relay, never a part of dual meets, was tossed in and contested over the Cranbrook football field.

"We needed the competition," said Coach Ron Holland of North Farmington whose team meets Farmington this Thursday afternoon.

North Farmington won the battle of the first places against Cranbrook, taking six of the ten events. However, the meet proper was won by Cranbrook with 46 points to North Farmington's 40.

Bob Linderman paced the North Farmington victors as he triumphed in both hurdles. Jeff Morelle took the pole vault. Doug Wood the half-mile and Larry August the 100-yard dash.

North Farmington's other win came in the shuttle hurdle relay in which Linderman and August joined Ron Gullbault and Mark Palmer to gain the golden chips.

Here's how North Farmington performers placed in the meet:
POLE VAULT: 1—Jeff Morelle, 2—Mike Beinsinger. Height: 10 feet, 6 inches.
BROAD JUMP: 2—Mike Palmer.
SHOT PUT: 3—Jerry Pound.
HIGH JUMP: 3—Bob Linderman.
HIGH HURDLES: 1—Linderman. Time: 16:1 seconds.
Shuttle Hurdle Relay: 1—North Farmington (Ron Gullbault, Mark Palmer, Linderman, Larry August).
MILE: 2—Andy Lawing, 3—Rick North.
LOW HURDLES: 1—Linderman. Time: 14.3 seconds.
880-YARD: 1—Doug Wood. Time: 2:10.
100-YARD DASH: 1—August. Time: 10.8 seconds.

YMCA Forms Indian Tribes

About 250 fathers and sons are involved in the YMCA Indian Guide program sponsored by the Farmington Area YMCA. This program, according to a spokesman for the Y, has "met with such success" that a new program for mothers and daughters called Y Indian Princess is being organized by the Farmington Y. Y Indian Princess is for girls between the ages of six and 10 years old and their moms.

Each tribe consists of five or six moms and gals and they meet twice a month in the member's homes. Using the theme of Indian Lore, this provides mothers and daughters an opportunity to be in a group together and enjoy a diversified program.

A get acquainted meeting for all those mothers and daughters who are interested in this program will be held at the YMCA located on Grand River just east of Drake Road on Tuesday, April 31. The meeting begins at 8 p.m. and will give moms a chance to learn more about the program. Then moms and gals from the Dearborn Y Indian Princess Federation will be on hand to share their experience in this program.

There is no charge and no obligation for attending this meeting. For more information on Y Indian Princess call the YMCA at 474-3222.

Talking of domes sports arenas, they have a new one in Pittsburgh. It's a dandy, too. We saw it last January when the Pistons beat Los Angeles there.

Officials of the Pittsburgh structure told us that with a flip of switch the Arena dome springs open to permit opera under their stars . . . or even basketball or hockey under the stars.

Once in a while the big dome doesn't shut as it should . . . which could produce some wet areas should rain suddenly fall.

There's no telling where man's ingenuity will end in erecting sports structures. They say the new Madison Square Garden, now going up at top the old Penna Railway Station in New York, will top anything yet.

While millions are being spent elsewhere for sports, we'd like to see just a few thousands spent around here for such things as more lighted diamonds for baseball and softball and an artificial ice skating rink for each of the communities served by the Observer Newspapers.

No Pole Vault, But West Takes Meet with Ease

There was no pole vault because the opposition promised to come back the next day, but didn't.

The 100-yard dash actually measured out to 120 yards. It rained throughout the afternoon.

But Garden City West's high school track team nonetheless came through with a fine 55-45 victory over John Glenn in the season's opening dual meet last Thursday.

Because of the rain, the coaches agreed to hold the pole vault the next day. However, Glenn never came back for the vaulting action.

Dan Shannon's double in the 100 and 220-yard dashes led the way for West. Shannon also anchored the school's winning 880-yard relay.

West High wound up the day with victories in the 880 (Chris Brimer), Mile (Bill Shunk) and the mile relay.

Here's how the Garden City West entries placed:

Shot Put: 3—Bob Worthing.
Broad Jump: 2—Mike Taft.
High Jump: 2—Bill Tharp, 3—Taft.
100-Yard Dash: 1—Dan Shannon, 2—Bill Foder.
220-Yard Dash: 1—Shannon, 3—Foder.
440-Yard: 2—Ron Wolf.
880-Yard Run: 1—Chris Brimer, 2—Chuck Sullivan, 3—Mike Sins.
Mile: 1—Bill Shunk.
High Hurdles: 3—Bob Worthing.
Low Hurdles: 2—Bill Murphy.
880-Yard Relay: 1—West (Chuck Dobbs, Wolf, Murphy, Shannon).
Mile Relay: 1—West (Gene Grist, Brimer, Jim Hopkins, Shunk).
GO WEST—MAN!
Go West, Young Man, Go West.

How true when it comes to some of the players in this year's Garden City West High School baseball team. A year ago, they were over

at East High in Garden City.

Among the young men who have moved from East to West is Ed Ardell, who pitched for East a year ago. He shapes up as West's top pitcher for '65 and also has been named as the team's first captain.

Benny Shoemaker, up from the reserves, looks like another fine hurler, as do Dan Steiger and Bob Gamache.

George Domanski is a versatile performer, who can play first base or the outfield. Ford Simpson tops the catching candidates while Terry Thompson and Gary Gauronski have had previous experience and should be ready for regular work this spring.

Bill Mellenger and Gary Slade are top choices to work at third base and shortstop, respectively.

Sophomores and juniors will make up Garden City West's tennis team spring.

Coach George Hanosh is working with a group led by John Cinka, John Kosmoski, Ron DeShanis, Tim Lewis, John Sumnand and Steve Metcalf.

Tigers to Fly 25,500 Miles During 1965

The Tigers will fly approximately 25,500 air miles during 1965 to meet their American League engagements.

In the air continuously since 1957, the club has booked 40 flights for the coming season, according to Charles C. Crendon, traveling secretary.

Thirty-six flights will be with United Air Lines and the other four with Delta Air Lines, including the trip from spring training at Lakeland, Fla. to Atlanta for a weekend pre-season series with the Milwaukee Braves and on to Kansas City for the American League opener.

Most of the trips will be chartered, using DC6B planes, but jet planes will be used for three flights to or from the Pacific Coast.

The contracts with the two air lines will cost the Tigers about \$88,000, Crendon said.

The Tigers' only other travel during 1965 will be two bus trips, from Baltimore to Washington and Detroit to Cleveland.

Completes Training

Airman Oliver E. Barthel III, son of Mr. and Mrs. Oliver E. Barthel Jr. of 24532 Graham, Redford Township, has completed Air Force basic military training at Lackland AFB, Tex. The airman is a 1963 graduate of Redford Union High School.

DAVE WALL, who'll lead the Plymouth high golfers this season. He ranks as one of the top prep linksmen in the area.

Golf Post To Bentley

Bob Bentley, who coached Franklin high to a perfect season in football, has taken over as head man this spring in golf.

Three seniors and a junior lead the returnees on the Franklin team. They are Dave Bivins, Steve Karmish, Drew McKay and Joe Wright.

Dick Burly and Tom Mumm are a pair of sophomores who figure to help during the 1965 season.

ESCAPE OF THE ASSASSINS.

Intense Excitement in Washington.

SCENE AT THE DEATHBED OF MR. LINCOLN.

J. Wilkes Booth, the Actor, the Alleged Assassin of the President,

&c., &c., &c.

THE OFFICIAL DISPATCH.

WAR DEPARTMENT, WASHINGTON, APRIL 15—1:30 A. M.

Major General Dix, New York: This evening at about 9:30 P. M., at Ford's Theatre, the President, while sitting in his private box with Mrs. Lincoln, Mrs. Harris and Major Rathbun, was shot by an assassin, who suddenly entered the box and approached behind the President.

The assassin then leaped upon the stage, brandishing a large dagger or knife, and made his escape in the rear of the theatre. The pistol ball entered the back of the President's head and penetrated nearly through the head. The wound is mortal.

The President has been insensible ever since it was inflicted, and is now dying. About the same hour an assassin, whether the same or not, entered Mr. Seward's apartments, and under pretence of having a prescription was shown to the Secretary's sick chamber.

The assassin immediately rushed to the bed and inflicted two or three stabs on the throat and two on the face.

It is hoped the wounds may not be mortal. My apprehension is that they will prove fatal. The nurse alarmed Mr. Frederick Seward, who was in an adjoining room, and he hastened to the door of his father's room, when he met the assassin, who inflicted upon him one or more dangerous wounds. The recovery of Frederick Seward is doubtful.

It is not probable that the President will live through the night. General Grant and his wife were advertised to be at the theatre this evening, but he started to Burlington at six o'clock this evening.

At a cabinet meeting, at which General Grant was present, the subject of the state of the country and the prospect of a speedy peace was discussed. The President was very cheerful and hopeful, and spoke very kindly of General Lee and others of the confederacy, and of the establishment of government in Virginia.

All the members of the Cabinet except Mr. Seward are now in attendance upon the President. I have seen Mr. Seward, but he and Frederick were both unconscious.

Details of the Assassination.

WASHINGTON, April 14, 1865. Washington was thrown into an intense excitement a few minutes before eleven o'clock this evening by the announcement that the President and Secretary Seward had been assassinated and were dead.

The wildest excitement prevailed in all parts of the city. Men, women and children, old and young, rushed to and fro, and the members of the Cabinet killed. Some time elapsed before authentic data could be ascertained in regard to the affair.

The President and Mrs. Lincoln were at Ford's Theatre, listening to the performance of the American Czar, occupying the box in the second tier. At the close of the third act a person entered the box occupied by the President and shot Mr. Lincoln in the head. The shot entered the back of his head and came out above the temple.

The assassin then jumped from the box upon the stage and ran across to the other side, exhibiting a dagger in his hand, shouting in a theatrical manner, shouting the same words repeated by the desperado at Mr. Seward's house, adding, "The South is avenged," and then escaped from the back entrance to the stage, but in his passage dropped his pistol and his hat.

Mr. Lincoln fell forward in his seat and Mrs. Lincoln fainted. The moment the astonished audience could realize what had happened the President was taken and carried to Mr. Peterson's house in Fifth Street, opposite the theatre. Medical aid was immediately sent for, and the wound, which at first supposed to be fatal, and it was announced that he could not live; but at half-past twelve he was still alive though in a precarious condition.

As the assassin ran across the stage Col. J. B. Stewart, of this city, who was occupying one of the front seats in the orchestra, on the same side of the house as the box occupied by Mr. Lincoln, sprang to the stage and followed him; but he was obstructed in his passage across the stage by the fright of the actors, and reached the back entrance to the theatre, where he was immediately passed out. Col. Stewart got to the street just in time to see him mount his horse and ride away.

The opinion shows that the whole thing was a preconcerted plan. The assassin, who was a pistol man, a man about thirty years of age, about five feet nine, spare built, fair skin, dark hair, apparently bushy, with a large mustache. He was dressed in a blue frock coat, and he recognized him as J. Wilkes Booth the actor, and a rabid secessionist. Whoever he was, it is plainly evident that he thoroughly understood the theatre, and all the approaches and modes of escape to the stage. A person not familiar with the theatre could not have possibly made his escape so well and quickly.

The alarm was sounded in every quarter. Mr. Stanton was notified and immediately left his house. All the other members of the cabinet escaped. The chairmen were sent out in all directions, and the chairs were sent to all the fortifications and it is thought they will be captured.

About half past twelve the evening, a tall, well-dressed man made his appearance at the Secretary Seward's residence, and applied for admission. He was refused admission by the servant, who then reported to the Secretary. He was immediately notified and immediately left his house.

Major William H. Seward, Jr., paymaster, was in the room and rushed to the defense of his father and was badly cut in the side by the assassin, but not fatally.

He was immediately managed to escape from the house, and was prepared for escape by having a horse at the door. He immediately mounted his horse and sang out the motto of the State of Virginia, "EUREKA," and rode off towards the rear of the house, and was immediately sent for, and he examined Mr. Seward and pronounced him safe. His wounds were not fatal, but the regular vein was not cut, nor the wound in the breast deep enough to be fatal.

WASHINGTON, April 15—1 A. M. The streets in the vicinity of Ford's Theatre are densely crowded by an anxious and excited throng. The excitement is also in the streets and F and E streets, and only official persons and particular friends of the President are allowed to pass.

The latest news is very exciting. The President's heart is deeply stirred, and the deepest indignation against leading rebels is freely expressed. The scene at the house where the President lies is a scene of intense grief. When the news spread through the city that the President had been shot, the people, with pale faces and compressed lips, crowded every place where there was the slightest chance of obtaining information in regard to the affair.

After the President was shot, Lieutenant Rathbun sought the assassin, who had fled, and immediately struck him with a knife, and jumped from the box, as before stated. The popular affection for Mr. Lincoln has been shown by the fact that the assassin, who was a man of low stature, and of a desperate and desperate nature, but upon the hellish cause which they desire to avenge.

One o'clock A. M. The President is perfectly sensible. Physicians believe the slightest hope of his surviving. Physicians believe he will die before morning. All of his Cabinet except Mr. Seward are now in attendance upon the President. I have seen Mr. Seward, but he and Frederick were both unconscious.

WASHINGTON, April 15—1:30 A. M. President Lincoln and wife, for other friends, this evening visited Ford's Theatre, with the purpose of witnessing the performance of the American Czar. It was announced in the papers that General Grant would be present, but that gentleman took the late train for New Orleans.

The theatre was densely crowded, and all seemed delighted with the scene before them. During the third act, and while there was a temporary pause for one of the actors to enter, a sharp report of a pistol was heard, which merely attracted attention, but suggested nothing more, until a man rushed to the front of the President's box, waving a long dagger in his right hand, and exclaiming "Sie Semper Tyrannus," and immediately leaped from the box, and ran across to the opposite side, making his escape, amid the bewilderment of the audience, from the rear of the theatre, and mounting a horse, he rode away.

The excitement was of the wildest possible description, and of course there was an abrupt termination of the theatrical performance. There was a rush toward the President's box, when cries were heard: "Stand back and give him air." Has any one changed his mind? On a hasty examination it was found that the President had been shot through the head, above the back of the temporal bone, and that some of the brain was oozing out.

He was removed to a private house, and the Army was sent for to attend to his condition. On an examination of the private box blood was discovered on the back of the cushioned seat, and on the partition and on the floor. A common single barreled pocket pistol was found on the carpet.

A military guard was placed in front of the private residence to which the President had been conveyed. An immense crowd was in front of it, and deeply anxious to learn the condition of the President. It had been previously announced that the wound was mortal, but all hoped otherwise. The shock to the community was terrible.

At midnight, the Cabinet, with Messrs. Sumner, Colfax and Farnsworth, Judge Curtis, Governor Olesby, General Meigs, Colonel Hay, and a few personal friends, with Surgeon General Barnes and his immediate assistants, were around his bedside. The President was in a state of syncope, totally insensible, and breathing slowly. The blood oozed from the wound in the back of his head.

The surgeons exhausted every possible effort, but because the papers had announced that General Grant had gone North, he did not wish the audience to be disappointed. He went with apparent reluctance, and urged Mr. Colfax to go with him, but that gentleman had made other engagements, and with Mr. Ashman, of Massachusetts, hid him good by.

When the excitement of the theatre was at its wildest height reports were circulated that Secretary Seward had also been assassinated. On entering the gentleman's residence a crowd and a military guard were formed around him. On reaching it was ascertained that the reports were based on facts.

Every body was so excited that scarcely an intelligent word could be gathered. But the facts are substantially as follows: About ten o'clock a man rang the bell, and the call having been answered by a colored servant, he said he had come from Dr. Verell Secretary Seward's family physician, with a prescription, at the same time holding in his hand a small piece of paper folded, and saying in answer to a refusal, that he must see the Secretary, as he was entrusted with particular instructions regarding the medicine.

He still insisted on going up, although repeatedly informed that no one could enter the chamber. The man pushed the servant aside, and walked hastily towards the Secretary's room, and was then met by Mr. Frederick Seward, of whom he demanded to see the Secretary, making the same representation which he did to the servant.

What further passed in the way of colloquy is not known; but the man struck him on the head with a bill, severely injuring the skull and felling him almost senseless. The assassin then rushed into the chamber and attacked Major Seward, paymaster United States Army, and demanded to see the Secretary, making the same representation which he did to the servant.

They then proceeded to the house where he was lying, exhibiting of course intense anxiety and solicitude. An immense crowd was gathered in front of the President's house, and a strong guard was also stationed there. Many persons evidently supposing he would be brought to his home, and a crowd of wild excitement, accompanied by violent expressions of indignation and the profound sorrow; many, it should be stated, were heard of the assassination of the President.

JEFF. DAVIS' LAST PROCLAMATION.

DANVILLE, VA., April 5, 1865. The General-in-Chief found it necessary to make such movements of his troops as to uncover the Capital. It would be unwise to conceal the moral and material injury to our cause resulting from the occupation of our capital by the enemy. It is equally unwise and unworthy of us to allow our own energies to falter and our efforts to become relaxed under reverses, however calamitous they may be. For many months the largest and finest army of the confederacy, under command of a leader whose presence inspires equal confidence in the troops and the people, has been greatly trammelled by the necessity of keeping constantly watch over the approach of the capital, and has thus been forced to forego more than one opportunity for promising to emerge into the open, and to show to the world the self-deception of those who have believed us bearing to endure misfortune than to encounter dangers with courage.

We have now entered upon a new phase of the struggle. Believed from the necessity of guarding particular points, our army will be free to move from point to point, and strike the enemy in the rear from his base. Let us but will it and we are free.

Animated by that confidence in spirit and fortitude which never failed me, I announce to you, fellow-countrymen, that it is my purpose to maintain your cause with my whole heart and soul; that I will never consent to abandon to the enemy the honor of the Confederate States of America, and that Virginia—whose ancient renown has been eclipsed by the still more glorious recent history of her arms—shall not be the first to yield the shock of this war; whose sons and daughters have exhibited heroism so sublime as to render her illustrious in all time to come—that Virginia, this but surmounting the difficulties of Providence, shall be held and defended, and no peace ever made with the infamous invaders of her territory.

By the stress of numbers we shall ever be compelled to a temporary withdrawal from her limits or those of any other border State, again and again we will return, until the defeat and exhaustion of the enemy shall dispair his people and impossible task of making slaves of the people resolved to be free.

Let us then, my countrymen; but let us meet the foe with fresh defiance, and with unconquered and unconquerable hearts. JEFFERSON DAVIS.

THE PRESIDENT DEAD.

WASHINGTON, April 15—7:30 A. M. Major General Dix, New York:—The President continues insensible and unchanging. Frederick Seward's skull is fractured in two places, besides a severe cut upon the head. The attendant is still alive but hopeless. Major Seward's wounds are not dangerous.

It was ascertained with reasonable certainty, that two assassins were engaged in the horrible crime, Wilkes Booth being the one that shot the President, and the other an accomplice, whose name is not known, but whose description is so clear that he can hardly escape.

It appears from papers found in Booth's trunk that the murder was planned before the 4th of March, but fell through, because the accomplice backed out until "Richmond could be held in safety and his accomplices were at the livery stable at 6 o'clock last evening, and left here with their horses at 10 o'clock, or shortly before that hour.

It would appear that they had, for several days been seeking their chance, but for some unknown reason it was not carried into effect until last night.

Both of the assassins have evidently made his way to Baltimore; the other has not yet been traced. EDWIN M. STANTON, Secretary of War.

WASHINGTON, April 15—7:30 A. M. Major General Dix, New York:—The President continues insensible and unchanging. Frederick Seward's skull is fractured in two places, besides a severe cut upon the head. The attendant is still alive but hopeless. Major Seward's wounds are not dangerous.

A considerable amount of goods purchased by the State for distribution to the people, we regret to learn, had to be left behind. Also the articles retained in the city, but we perceive no motive the enemy can have in destroying them, as they will no doubt endeavor to occupy the city permanently and establish a State Government at Richmond under the Federal Union.

Lee's Army Supposed to be in a Safe Position.

(From the Raleigh Confederate, April 7.) This is the time for rebel manufacturers who are engaged in a wholesale business. Sometimes they have it that whole brigades deserted in the last great battle, among others, Cook's Brigade is selected as the bearer of this stigma. We are assured that such a statement has no foundation whatever; that no treachery induced the desertion at Petersburg; that our forces fought splendidly, and the enemy only succeeded in overwhelming numbers. We cannot deny that facts we cannot mention, but Lee's army is in a safe position, and that his future movements will be directed with the skill and energy which distinguished our great general in the past.

Having anticipated the probable loss of Richmond, and fully recognizing the importance of the disaster, we are, nevertheless, not at all dismayed. The number of those who give up the cause in the Southern confederacy, this day, there is military strength of men, material and supplies to make independence certain. It is the people themselves whether they secure for their liberties.

Rebel Particulars of the Battle of Petersburg. (From the Raleigh Confederate, April 7.) An officer who left Richmond at nine o'clock on Monday morning, last, informed us that at the time he left, the city was in flames from Clay to Canal streets. The stock warehouse and other central ports of supplies were burned. The bridges had also been destroyed.

No mob or violence of any kind had occurred up to the period when he left, so that the reports of a destructive mob on Sunday night are untrue. The general central depot of the city as the train moved off that he came in. The story of the mob, therefore, we hope is entirely erroneous.

This officer describes the fighting on Saturday as terrible beyond description. The enemy forced column after column of our works, tapping our lines on the extreme right. They came nine columns deep. Eighty thousand men were broken by the obstinacy of our defence; but the ninth broke over our forces like a whirlwind. He says the destruction of the enemy was immense. Our loss, we are informed, consisted in prisoners taken by the enemy. All the prisoners whom we captured were drunk, having been prepared, according to the Yankee tactics for a terrible ordeal. Lieutenant General A. P. Hill was certainly killed. General Fitz Lee was not killed as reported, or General W. H. F. Lee. No general officer from North Carolina was killed as far as he is known.

General Lee and his army were not attacked. Fitz Lee was and was handsomely repulsed. The Organ of Gov. Vance, of North Carolina, Advising General Lee to Submit to Mr. Lincoln's Terms. (From the Raleigh Confederate, April 7.)

The Conservative occasionally seems to fall into very mysterious and inexplicable influences. On the day before yesterday the paper availed itself of a period of extreme reverses and discomfiture to renew the old proposition to submit to the terms of the Government. It is a policy which has been a favorite policy with its political leaders ever since the reverses began, and after it was no longer possible to claim that they were not to be had. It is a policy to submit to a public leader of still more extraordinary import. From what we comprehend of it, it seems to be a distinct proposition to submit to the laws and constitution of the United States. This has never yet, as we can recollect of, been more distinctly proposed even by journals whose policy has been to call a question to treat with the North with any expectation of concession that the confederacy is a government of the people. It is a proposition which our authorities are determined to force this condition upon the North as a basis of negotiation, then the North will never negotiate. What this but surrenders to the Government the right of assertion to the world that the defense of the past four years has been of a position which is one of sheer nonsense—one which the North never could admit. We have not seen in any controversy as bold and unconditional a justification of the northern invasion, for, if we sought to force a claim inconsistent with reason, we should be forced to admit that the North is the only just and reasonable government, and the North only resisted such claim and refused such admission, then we are in the wrong and the South is in the right. It is nonsense to propose of the article to which we are replying does well when he advises General Lee not to "block up his way at the threshold, by presenting a barrier to the laws and constitution of the United States, but to meet him on his own ground," as "the only way to open the negotiation." When we remember what "his own ground" is upon which the Government is standing, we are not surprised, we may readily understand how much is prepared to concede. "His own ground" measured the length of three propositions; submitted to the laws and constitution of the United States, the laying down of our arms and acquiescence to Lincoln's proclamations. This is the ground on which the author of the editorial in the "Commonwealth" stands, and he would talk about peace. We have no idea that Gov. Vance will support this idea; but it is very unfortunate that the Government should have taken up this idea, when everything should be said to uphold the hope and confidence of the army and people, such sentiment should obtain publication in the organ of the government.

High Prices in an Overstocked Market. (From the Raleigh Confederate, April 7.) Our market on the arrival of the Weldon train yesterday, opened overstocked with wheat. It went off slowly at 80 per cent.

Exchange of Rebel General Vance. (From the Asheville, N. C. News.) The exchange of prisoners seems to go steadily on. We have seen a large number of our mounted boys, who have reached home after a protracted imprisonment. Among others we were gratified to meet Brigadier General L. B. Vance, who reached home some days since. He looks rather worn by his long confinement, but is as usual with him, full of life, cheerful and buoyant. The General is a great favorite of the people in this section, and everybody was glad to see him.

City Intelligence. SATURDAY AT ST. AN'S CHURCH. The admirer of sacred music truly effective by Mr. Trainey, choir, have an opportunity of indulging their taste by preparing to St. Ann's Church on Easter Sunday evening. The choir opening at seven, the concert beginning at eight. Those of the pieces are from Gordian, three from Rossini and from each of the composers, Verdi, Liszt, Schubert and Duetto and Gounod. We need only mention the names of Signor Remme and Messrs. Schmitt, Schubert and Duetto to inspire confidence in the results. The ladies are quite distinguished for soprano and contralto execution, and no exertion will be spared to make the musical feast worthy of the day.

A New Church.—An advertisement among our religious notices, announces the opening of the new church in the Holy Trinity, Madison Avenue, corner of Forty-second street, on Sunday, Sermons will be preached at the three sessions by the Rev. Dr. Tyng, of St. George's; Rev. Dr. Ives, and the Rev. Stephen H. Tyng, Jr., the pastor of the church. It promises to be an occasion of great interest to the community.

CHRYCOTE AUCTIONEER'S CONTRACTS.—The following contracts have been issued by the department. Laying out of the new road from South Street to Fifty-ninth street, and Broadway, to the junction of Broadway and Eighth Avenue, to Matthew Murray, \$600. Cobble stone pavement in Hammond street, west of present avenue, to James Dwyer, \$1,000. Sewer in Forty-third street, from Lexington Avenue to Fourth Avenue, John Duffy, \$1,000. Sewer in Forty-third street, from Sixth Avenue to Seventh Avenue, Joseph Moore, \$1,000. Sewer in Twenty-fifth street to Fifth Avenue, Jas. Cunningham, \$2,000.

Mrs. Emma Harding delivers her able lecture on "Politics in the Republic" this evening, at Delwalle Hall. To test the lady's ability any questions the audience desire to ask will be answered.

Mrs. Drowell.—On the morning of the 13th inst. a journeyman housekeeper whose name is believed to be Bernard Burns, was accidentally drowned at Gunther's Bay, Long Island. His body had not yet been claimed by his friends. Mr. J. R. Ackers of No. 7 McDermid street, will give facilities to anyone who can identify the corpse.

Building Guarantee Promises Long Life

Many home-building materials are covered by guarantees, bonds, or warranties issued by their manufacturers. They are important guides to the performance that can be expected of a product.

When a family buys a new house, they should ask the builder to turn the guarantee certificates over to them. When a guaranteed product is used in home improvement, the certificate is available through the specialty contractor who does the work—a roofing contractor, for example.

Some materials available with guarantees, bonds, or warranties are:
Insulating glass. Sealed double-pane glass for windows is guaranteed for five years against the formation of a cloudy film or dust penetration between the two sheets of glass. Asphalt roof shingles. All heavyweight shingles—those in the weight class of 300 pounds of material for each 100 square feet of roof—carry a written guarantee, bond, or warranty covering the home owner against defects in material up to 25 years.

Fiberglass screening. This material is guaranteed for ten years against denting, shrinking, corroding, and rusting that results in sidewall stains. Water heaters. Heaters are

guaranteed for five to ten years against defect in workmanship or material under normal use.

Garage doors. A one-year guarantee is issued against defects in materials or workmanship. Doors also are available with a lifetime warranty against splitting, checking, or delamination of the inset panels.

Windows Help Make Your Home

How important are the windows in your home?

They're mighty important, not only as a means of bringing light into the house, capturing a view, and controlling ventilation, but also as a decorative element.

The exterior appearance of a house depends on window style, and a room interior can easily be spoiled by a poorly placed or badly designed window.

Luckily for today's home owners, there's an almost unlimited choice of window types available in top quality ponderosa pine units—picture, hopper, double-hung, awning, vent, bow, bay, casement, and sliding.

If you don't find what you want among the stock units, it's easy to have windows designed to personal specifications using easily worked ponderosa pine or Douglas fir lumber for the framing.

Air Conditioning Cuts Summer Cleaning Work

One of the hidden advantages of whole-house air conditioning is its double barreled attack on summer dust and dirt.

First, the filter built into each forced air cooling system removes large quantities of dust, dirt, pollen, and other impurities from the air.

Second, windows and doors are kept shut, holding out most of the dust blown around by summer breezes.

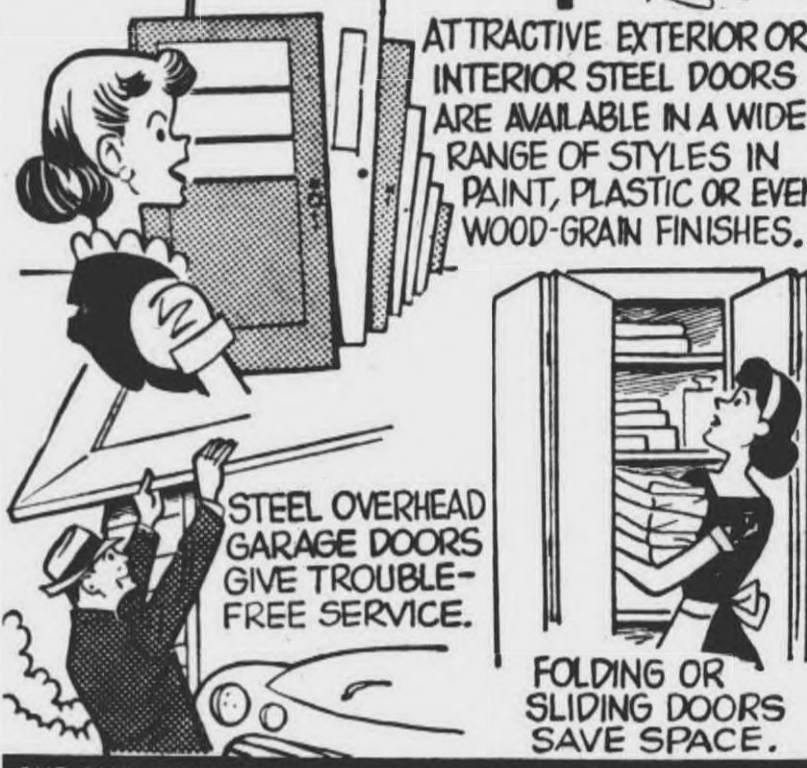

As a result, the busy housewife's cleaning chores are eased and she has more time for non-housekeeping activities.

It's a mistake to think that pollen is something that causes sneezes, tears, irritation, and discomfort only during a few weeks in the fall. Actually, there are overlapping pollen and mold spore seasons almost throughout the year.

In most cases, tree pollens come first, starting as early as January and running as late as June. Then the grass and weed pollens take over. Worst of all, probably, is the ragweed pollen season in August and September.

That's why the filtering action of a central air conditioning system ranks high on the list of benefits provided by whole-house cooling, says American Furnace Company, a leader in the home comfort field. The system's built-

in filters remove much of the air-borne pollen from the house.

In homes where allergies are a problem, it is well worthwhile to consider an electronic air

filter. Added to a central cooling and/or heating system, this device will take up to 90 per cent of the pollen, dust, bacteria, and other impurities from the air.

Cooling System Filter Helps Fight Off Pollen

One of the newest developments in home comfort is a central air conditioner which is only a foot high.

This compact unit will cool an entire apartment of a smaller home from a furred-down closet or hallway ceiling, according to the manufacturer, American Furnace Company, St. Louis.

What's more, it can be combined with electric duct heaters to warm the home or apartment in winter. Thus, from a space 13 inches high by about two feet square, you can have year-around comfort.

The small cabinet, housing a blower and evaporator coil, is connected with a network of ducts which carries the conditioned air to the living areas. These ducts usually are located

in an overhead crawl space or in the ceilings.

Completing the system is an AFCO compressor-condenser unit, which can be mounted either horizontally or vertically through a convenient exterior wall or can be placed on a concrete slab outdoors.

The system is designed for apartments and homes with 600 to 1,100 square feet of living space. There are two models available.

Aimed primarily at the apartment and multi-family market, the foot-high units also are expected to bring central air conditioning to many lower-priced single-family homes, the manufacturer said.

Use of the compact system is anticipated in both new construction and modernization of older buildings.

Decks Practical
People like wood patio decks because they're practical. A deck doesn't hold puddles or heat. Upkeep consists of hosing it down occasionally, and there is no sun glare from weathered Douglas fir deck boards.

Highway plantings to screen headlight glare of oncoming cars and to serve as traffic guides and noise abatement buffers, generally have proved effective, according to reports from twelve state highway departments.

In Maryland, in addition to reduction or elimination of headlight glare, monotony of driving has been relieved by dense straight row plantings.

Minor deciduous and evergreen trees have reduced driver tensions. In New Jersey some headlight glare plantings were found to be effective as snow fences.

Proper plant selections are the key to successful median plantings. Use of large amounts of salt for snow and ice removal damage plants too near traffic lanes, in narrow medians.

In Maine, on wide medians colorful combinations of plants, such as dogwood and weeping willow have been used effectively.

Damage to plants too close to median results from cars swerving into the median.

In narrow medians, plantings should be carefully considered by the designer to determine if the benefits justify the cost.

Costs for median plantings depend on the species and number of plants used, ranging from small amounts in open country to \$9,000 per mile, and up to \$35,000 per mile in urban areas. The \$35,000 figure came from use of large-sized plants to obtain a mature planting effect on a depressed freeway in Detroit.

The compilation was made by the late Oliver A. Deakin, Parkway and Landscape Engineer, New Jersey State Highway Department.

Screen planting for headlight glare and traffic guidance is not as effective as acquisition of sufficient right of way for roadways separated by a wide median, Deakin reported.

Plenty of Pine
More than 255 billion board feet of ponderosa pine sawtimber is standing in western forests. Average annual cut is about 4 billion.

STATE LANDSCAPE award is received by Harold Thomas (right), of the Harold Thomas Nursery in Livonia, for the most outstanding landscape design and construction of a residential planting. It was the work of Thomas in landscaping the home of Mr. and Mrs. David Meinzingers, 34615 W. Six Mile Road, that won the award. The Meinzingers also received a plaque.

Fence's Life, Looks Depend on Construction, Materials

Why do some fences look handsome, while others seem shabby?

Construction and materials are 90 per cent of the story. If built properly and of long-lasting western lumber, a fence, regardless of style, will look well, and will continue to look trim and attractive over the years.

Post alignment is one of the most important steps in construction. Posts must be plumb, precisely aligned and firmly set for a good looking, straight fence. To set posts, a tamping bar, hammer, 16d nails, carpenter's level and twine are needed.

Start at a corner and fix the corner post as follows: shovel three inches of gravel into the post hole and tamp firmly. Place post on top of gravel.

Then shovel in six inches of gravel so that the post rests on a gravel base and has a gravel collar extending six inches from the bottom. Tamp gravel firmly in place so that the post stands upright.

Be sure the post is plumb by checking with a carpenter's level against two sides. Brace the post with boards nailed from stakes to the post to keep it plumb. Then fill the hole with concrete for greatest rigidity. Gravel and soil may also

be used for fill, depending on soil structure and drainage.

In an area where freezing is severe, cracking of concrete can be avoided with an expansion joint made by wrapping the post in corrugated cardboard, smooth side out, then pouring concrete. When the concrete is cured, remove the cardboard and fill the space with melted roofing tar.

Now set the next corner post securely, but not permanently. Then stretch twine tightly between the permanently set corner post and the opposite, temporarily set corner post and use the twine as a guide in setting intermediate line posts.

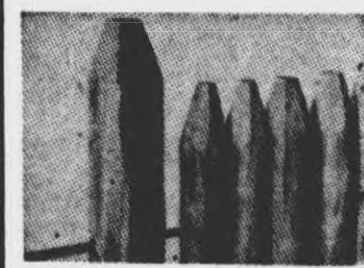

Line posts should be set permanently. The far corner post can then be adjusted, if necessary, to obtain perfect alignment. Set it permanently, then work to the next corner in the same manner.

Only woods with a good record of outdoor performance should be used for fencing, and

the western species such as western red cedar and Douglas fir are always recommended. It's also wise to use treated lumber for posts, but other parts of the fence do not require treated wood.

Fir and cedar can be stained, allowed to weather, or they can be painted if desired, and will hold paint well.

Shriners Plan Niagara Cruise

In addition to a Niagara Falls jaunt, the Redford Shrine Club plans a cruise either to Cleveland or Buffalo, aboard the luxury ship, "South American."

It leaves Detroit on Friday evening, Sept. 17, and returns Sunday evening, Sept. 19. It will cost about \$60 per person, which includes meals, a private stateroom, and music for dancing.

For additional information, call BR 3-1040, or Martin Barahl, JO 6-0700.

Other plans of the Redford Shriners are a special ladies night, at the Kenwood, on Monday, April 12, at 7:30 p.m.; a President's dinner-dance, at Plum Hollow Golf Club, at 8 p.m., Friday, May 21; a regular business meeting, at the Kenwood, at 7 p.m., Monday, June 7, and a mystery bus trip, at 6 p.m., Saturday, June 19.

Passover Commemorates Jews Flight from Egypt

With its colorful ceremonies that mark the flight of the Israelites from ancient Egypt, as related in the biblical Book of Exodus, Passover, the Jewish festival of freedom begins this year at sundown, Friday, April 16.

The Seder is the most salient feature of the Passover holiday, which is observed for seven days by Reform Jews and eight days by Conservative and Orthodox Jews. It is a meal combined with a home worship service. The story of the exodus from Egypt is told at the dinner table.

The table is set with foods and objects that symbolize the deliverance of the Jews from Egypt. They are:

- The bitter herbs symbolizing the bitterness of slavery.
- A sprig of parsley on the special Seder plate reminds those assembled that Passover is also a festival of spring. A roasted shank-bone is used as an emblem of the paschal lamb; and the charoset, a mixture of apples, nuts, raisins, cinnamon and wine, symbolizes the mortar from which the Israelites made bricks for the Egyptian pyramids.
- The youngest child asks four

traditional questions about the holiday, and the remainder of the service is devoted to a response by the family out of the Haggadah, or Passover narrative. There are also traditional songs.

Moses is the great figure in the saga of Passover, yet it is not his life's story that preoccupies the worshipper in the holiday.

Passover is the time Jews celebrate the joys of liberty and draw parallels between the hardships they underwent in Egypt and in later persecutions during the thousands of

years of their history. The emphasis, however, is always on ultimate deliverance and hope for the future.

With minor variations in the forms of the service and foods served, Passover is celebrated by Jews throughout the world, who in the spirit of the event welcome strangers to the table, and temper the joy of the festival with reflections on the theme of freedom.

At Temple Beth Am a Passover service will be held April 17 at 10:30 a.m. in the United Hebrew Schools' building. Rabbi David Jessel will conduct a

Congregational Seder at the YWCA in Redford Township that evening.

The Livonia Jewish Congregation will hold services April 16 at 7 p.m.; April 17 at 9 a.m.; April 18 at 9 a.m.; April 23 at 8:30 p.m. and April 24 at 9 a.m. A memorial service or Yizkor will be held at 10:30 a.m. April 24. The Livonia Jewish Congregation recently purchased a building at Six Mile and Middlebelt.

The Birmingham Temple Seder will be held at the Raileigh House at 8:30 p.m. April 17.

Good Friday Services Are Set in Area Churches

Christians throughout the world will fill churches on Friday to observe the crucifixion and death of Christ. Services and meditations will be conducted on Christ's suffering and because of this God's love for man.

The Jesuit periodical "America" has the following observations about the happening on

Calvary so many years ago: "It is a meaning and not the manner of the evangelical passion history that we wish to recall with reverence and gratitude and docility... The passion of Christ is a school. To this school Christians ever come, in order to learn a lesson. The lesson? Courage. In each new Holy Week, this

hard lesson must be restudied and relearned. Since last Good Friday, there have been in so many lives new wounds, new heartache, new dismal disappointment, new tears. Last year's courage is worn thin by now. We need to read again how our Christ, our Lord, our Saviour, was sold out and hunted down and framed and flogged and spat upon; and how men like us then crucified Him; and how at the end of all He murmured through His pain: FATHER FORGIVE THEM.

"There are evident stages in the moral courage that is endurance. The first step is to accept suffering at all... The second step is to accept without voicing a complaint... The final step in the courage of endurance is not so much a step as a leap: a leap, in blind faith, into the loving arms (the loving will, that is) of God."

With these thoughts in mind we present here a partial listing of the Good Friday services in the area. Roman Catholic churches will hold the traditional Mass of the Pre-Sanctified during this time also. First Presbyterian Church.

A community Good Friday service, sponsored by the Plymouth Ministerial Association, will be held from 12 to 3 p.m. at the First Presbyterian Church of Plymouth. Participating ministers, who will consider the seven last words, are: Rev. John Walasky, Rev. John W. Miller, Rev. Donald

Williams, Rev. Hugh White, Rev. Henry J. Walch, Rev. Ronald Phelps, and Brigadier Ernest V. Hammer. Rev. Adrian Warford, pastor of the Neuburg Baptist Church will preach on Pilate's declaration "This is Jesus the King of the Jews" at that congregation's service. This is the community Good Friday service in Plymouth Township.

A three-hour Good Friday service, sponsored by the Redford Council of Churches, will be held in two locations. The Redford Presbyterian Church, 17226 Redford Avenue and in the Redford Baptist Church at Grand River and Seven Mile Road from 12 to 3 p.m. The speakers and guest music will be furnished by each of the cooperating churches.

The speakers at the three-hour Good Friday service in the Redford Presbyterian Church are: Rev. Donald Wilmoth, Redford Presbyterian Church; Dr. C. H. Schroeder, Redford Baptist Church; Dr. John Barkley, Calvary Methodist Church; Rev. C. Philip Nofsinger, Coronado Baptist Church; Rev. Donald G. Capp, Redford Presbyterian Church; Rev. Vincent Myers, Free Methodist Church, and Rev. Lawrence Taylor, Trinity Evangelical United Brethren Church.

Speakers at the three-hour Good Friday service at the Redford Baptist Church are: Rev. H. Wayne Fink, Redford Baptist Church; Rev. Donald G. Capp, Redford Presby-

terian Church; Rev. Elwood Berkompas, Trinity Evangelical United Brethren Church; Rev. James Crawford, Village United Presbyterian Church; Dr. G. H. Schroeder, Redford Baptist Church; Rev. H. H. Patterson, St. Matthews Methodist Church; and Dr. John Barkley, Calvary Methodist Church.

Four churches will combine for traditional Good Friday services from 12:30 to 2:30 p.m. at the Rice Memorial Methodist Church on Beech Road just south of Eight Mile Road.

Churches included are the Rice Memorial Methodist Church, The Clarenceville Methodist Church, the Evangelical Covenant Church, and the Southfield Community Church, which have held joint services for the last 17 years.

Pastors speaking at the service will include Rev. Gordon Ackerman, of the Rice Memorial Methodist Church, Rev. Edwin T. Clemens, of the Evangelical Covenant Church, Rev. Elsie A. Johns, of the Clarenceville Methodist Church, and Rev. Raymond Bayne, of the Southfield Community Church. Good Friday will be observed at the Hosanna Tabor Lutheran Church in Redford Township at 1, 6:45 and 8:15 p.m. Officiating pastors of the church are R. G. Pranschke and E. M. Hadwiger.

In Farmington community services will also be held. The Farmington Township community service will begin at 1 p.m. at the Antioch Lutheran Church. Participating ministers are: Rev. William Holmes, North Farmington Baptist Church; Rev. Carl Kaitreider, Antioch Lutheran Church; and Rev. George Ramsey, First Presbyterian Church. Pastor Ramsey will preach the sermon.

In the city of Farmington the service will begin at 12 noon at the Salem United Church of Christ. Ministers participating are: Rev. William J. Holmes—1st word, North Farmington Baptist Church; Rev. Richard T. Markham—2nd word, First Methodist Church; Rev. Robert

N. Sawyer—3rd word, First Presbyterian Church; Rev. Carl H. Schultz—4th word, Salem United Church of Christ; Rev. Robert E. Zoeller—5th word, Lutheran Church of the Incarnation; Rev. David R. Stone—6th word, First Methodist Church; and Rev. Frank A. Cozadd—7th word, Orchard Methodist Church.

A union Good Friday Service is also sponsored by the First Baptist and Bethel Baptist Churches of Farmington. Both the Rev. Frank Smith of Bethel Church and the Rev. Walter Ballagh of First Church will be speaking.

The group met at the Eadie residence, 16083 Southampton, Livonia.

Addresses Institute

High school principals and superintendents from three states attended a unique workshop of the School Management Institute this week to learn more about new techniques in scheduling high school programs. Under the direction of William Wolfarth, Canton, the administrators heard leading authorities in this field during

the two-and-one-half day seminar, April 4-6, at Stouffer's University Inn.

Livonia schoolmen attending the convention were Jay Formsa, principal of the new Section 9 High School, and David D. Amerman, Franklin High School principal. Formsa is slated to address the ceremony.

LIVONIA'S Carl Sandburg Library has a new book on its shelves—"No Language But a Cry," a study of emotionally disturbed children. Myles Armour, president of Redford Assn. for Emotionally Disturbed Children, here presents the book to library clerk Mrs. Claudine Trenner.

AT ST. PAUL'S

Ground Breaking Set for Sunday

St. Paul's United Presbyterian Church in Livonia will break ground for its new main Sanctuary at 12:30 p.m. this Sunday.

The ground breaking will follow the conclusion of the fourth worship service of the day. Members of the congregation, the Building Committee and the ministerial staff will take part in the ceremony.

Contracts for the Sanctuary—the last unit in a four stage building program at the church—have been awarded to the Freeman-Darling Construction Company of Detroit. Constructed in matching architectural style to the present buildings, the Sanctuary will seat 525 in the nave, 125 in the balcony and 50 in the choir loft.

A 55 foot steeple will be a distinguishing mark of the edifice.

In addition to the Sanctuary worship space the new building will house a choir rehearsal room, a parlor and 10 additional class rooms for the Church School.

The organ contract has been awarded to the Rogers Organ Company of Hillsboro, Oregon and the Willet Studios of Phil-

adelphia are designing the memorial stained glass windows.

St. Paul's was organized as a mission church in 1951 and started with 100 charter members. It is now the eleventh largest Presbyterian Church in metropolitan Detroit with 1900 members and has the fourth largest Church School enrollment totaling 1900.

Yesterday's Headlines

25 YEARS AGO
Livonia's rapid growth was evident even in the 1940's. Harry S. Wolfe township clerk, announced in the April 17, 1940 *Livonian* that two new precincts had been added to the other three. Precincts one and two were divided and number three left alone. Another front page article told of the appointment of Jesse Ziegler to the Wayne County Board of Supervisor's Ways and Means committee.

20 YEARS AGO
The *Livonian* of April 18, 1945 reported the results of the spring election. Elected were: Supervisor, Jesse Ziegler; Treasurer, Carl Wagenschutz; Clerk, Harry S. Wolfe; and Highway Commissioner, Charles Wolfom.

Folk Guitar Classes Start On Wednesday

Department of Parks and Recreation folk guitar classes will be held on Wednesday at 7:30 p.m. for Intermediate and 8:30 p.m. for beginners. The classes begin on April 14 in Police Building, 15050 Farmington Rd. Fee for the ten-week course, which will be taught by Dorothy Decker, is \$10 per person. Registration, which is open only to adults, will be taken at the first meeting.

The course will include a number of basic chords to be taught along with a variety of strums. Folk songs will be used to learn the chords and strums in various rhythms.

The instructor will not include the classical guitar method, the reading of music, instrumental accompaniment or rock and roll.

Teens Warned; Avoid Obesity

EAST LANSING — Teen-agers unable to void obesity risk the rigors of self-imposed semistarvation, a prominent nutritionist has warned.

"A reducing diet, faithfully followed, produces a mild state of semistarvation," Dr. Olaf Michelsen of Michigan State University reported to the National Youthpower Congress in Chicago.

He said that the typical symptoms of semistarvation—hunger pains, fatigue, an antisocial attitude, depression—probably explain why most diets are designed for seven days—"Most people couldn't stand them for any longer period."

There are 35 churches of all denominations located within the City of Livonia.

Dear Mr. Will:

Your packages containing over six thousand pairs of eyeglasses donated by warm hearted and generous people in Detroit and the surrounding areas arrived at our office this morning, and the task of sorting and testing has already begun.

It is difficult to put into words the thanks and gratitude of a little boy or girl or an elderly man or woman who, upon being fitted with a much-needed pair of glasses that he or she could not afford, sees clearly the little everyday things that we with good vision take for granted. At such a time, it is understandable that the recipient is usually speechless.

On behalf of all those needy persons who will now be able to enjoy better vision, we take this means to thank you and your kindhearted fellow citizens for your generosity and compassion, and to ask for each of you all of God's blessings.

So far, nearly half a million people have been helped to better vision by people like you and your friends in Detroit, and the need for discarded glasses continues. We will be grateful for anything you may be able to do for us in the future.

Yours very sincerely,
s/MRS. FRED R. EMERSON
