Sparks Moves Into Clerk Post

Name McEwen Twp. Supervisor

John McEwen, who served as Plymouth Township clerk for the past three years, is the new Township Supervisor, filling the vacancy created by the sudden death of Roy Lindsay six weeks ago.

surprise although the Board of Trustees delayed making the selection and the announcement for more than a month because of a 3-3 deadlock over filling the vacancy.

Lindsay to fill the unexpired term of Fred Miller, was considered the No. 1 choice for the moment the post became vacant.

of the chief candidates for State Superintendent of Michigan State Police.

his appointment was announced after a special Board meeting last Wednesday.

Some bearing on the vote. It was reported earlier that Sparks had been offered the job and turned it down but later re-entled when it was pointed out that he was the logical appointee if McEwen was named Supervisor.

Shortly after the special meeting, Township Treasurer Mrs. Elizabeth Holmes swore Sparks into office as Clerk and he immediately accepted the oath of office from McEwen who became the Township's second supervisor in 13 years.

His first official act was to attend the monthly meeting of the Wayne County Board of Supervisors Thursday morning where he was sworn in as a member of the Board and the Township's representative.

SWEARING IN CEREMONIES in which John McEwen (right) took over as Plymouth Township Supervisor and C. Veach Sparks as Clerk are handled by Treasurer Mrs. Elizabeth Holmes. First Mrs. Holmes swore in Sparks and he in turn listened to McEwen take the oath of

office. The ceremonies took place shortly after last week's executive meeting of the Trustees at which the new appointments were made to fill the vacancy created by the death of Supervisor Roy Lindsay last month.

Plymouth Will Pay Tribute to Four During Michigan Week

Sparked by outstanding programs by the heads of the Education and Livelihood Day events, Plymouth's Michigan Week activities promise to be the most outstanding in years and much better than any planned by other communities in Southeastern Michigan.

That was the indication from plans announced by General Chairman William Nelson after conferences with members of the two committees earlier in the week.

James Thomas, dynamic chairman of the Livelihood Day events, has outlined a program that will honor four individuals for outstanding contributions to the community over long years of service and also include new industries, new businesses and plants scheduling expansions during the year.

Highlight of the Livelihood Day, May 19, will be a dinner meeting at which the community's oldest, outstanding individuals in the business, professional, industrial and financial fields will be honored.

Sorrows Divides In Track

The Our Lady of Sorrows track team won over St. Andrew, 85-24, last week after losing to Orchard Lake St. Mary's, 86 1/2-22 1/2.

Mike Christopher led the romp over Sorrows by winning the low hurdles and the high jump. In the latter event, he set a new school record of 5 feet, 6 inches, erasing the mark which had stood for six years at 5-5.

Other victors against St. Andrew were Dennis Connolly in the 100-yard dash, Bill Hinbern (220), Terry Caloutte (440), Jerry Horner (880), Mike Van Driesche (mile), Jim Brennan (shot put) and Mark Hartwig (pole vault).

The mile relay of Rick Korte, Mike Bars, Connolly and Caloutte also won along with the 880-yard quartet of Hinbern, Jim McHugh, Hector LeBlanc and Connolly.

In the Orchard Lake St. Mary's meet, Brennan in the shot put and the mile relay gained the only victories for Sorrows.

Top hand in point of service on Central Michigan University's coaching staff is Lyle Bennett who has guided 18 track teams to a 47-33 meet record and four league title in the last decade.

Farmington Housewife Is Presented With Ford Award

Four Detroit area employees of Ford Motor Co. and the wives of four others, including one from Farmington, were given special recognition for excep-

tional service to their communities at Ford's sixth annual metropolitan Detroit Community Services Awards dinner Tuesday night.

Benson Ford, company vice president and chairman of the Dealer Policy Board, presented "Ford Citizen of the Year" awards at the Central Office Building in Dearborn. The award—a symbolic Town Crier's Bell—is the company's highest honor for community service.

The awards presentation also honored 140 other Ford nominees for outstanding community service, including 21 from the Livonia, Redford Township, Garden City, Nankin Township, Plymouth and Farmington sector.

bearing the engraved commendation of Henry Ford II, chairman of the board. All told, the 148 award winners represented 41 Michigan communities.

The four employees receiving the "Town Crier" awards were: Albert Camilleri, 9023 Evergreen, Detroit; Clifton Fellows, 7174 Winona, Allen Park; David Lee, 1160 Pembroke, Bloomfield Hills, and Max Schiebold, 783 Ford Blvd., Lincoln Park.

The four wives of employees were: Mrs. Gonzelle M. Bailey, 3027 Cadillac, Detroit; Mrs. Ann Sheldon, 3560 Wooddale Court, Birmingham; Mrs. Joanne Smith, 31858 Staman Circle, Farmington; and Mrs. Kathryn Sweets, 7924 Rosedale, Allen Park.

This was the first year wives and husbands of Ford employees were eligible for the Community

Service Awards program.

Congresswoman Mrs. Martha Griffiths was the principal speaker. Allen W. Merrell, Ford vice president in charge of civic and governmental affairs, was toastmaster.

A board of area civic leaders selected the eight "Ford Citizens of the Year" from among the men and women chosen by local plant judging committees for 1965 awards. More than 900

individuals were nominated for the awards.

Employees and their spouses were nominated for public service in elected or appointed positions and for participation in politics, citizens' groups, youth and recreation programs, community fund campaigns and special projects of clubs, societies or church groups.

Mrs. Smith, wife of an employee in the Styling Office, is

active in human rights work. She participates in the Archbishop's Committee for Human Relations and is an advisor to the women's public affairs committee of 1,000, an organization founded to promote better understanding between races on friendship basis.

Through the Farmington Human Relations Council, she publishes a newsletter and dis-

butes education material. Mrs. Smith also is an active member of the Catholic Family Movement, teaches in the pre-school age Sunday School, and, for the past nine years, has worked with the Ladies Altar Society of Our Lady of Sorrows Church in Farmington.

Area residents receiving "Good Citizen" awards included:

Richard Brown, 14169 Harrison, Livonia; James Cameron, 35278 Richland, Livonia; Raymond Chaiken, 20223 Weyher, Livonia; Thomas Czubiak, 33135 W. 14-Mile Road, Farmington; Joseph Jenkin, 35173 Pinetree, Livonia; John Keenan, 11370 Dixie, Redford Township.

Suburbs Record 819 New Homes

More than 800 new homes were constructed in the eight communities covered by the Observer Newspapers during the first three months of 1965.

According to the Detroit Metropolitan Area Regional Planning Commission, January, February and March — despite the unusually severe winter weather — saw 819 dwelling units authorized.

This, said the Commission, compared with 807 in the same 90-day period last year. The figure this year would have been even higher, Commission spokesman said, if the weather had been milder.

Livonia was far out in front of any other community in terms of new dwelling units, with 408 — almost double that of the nearest rival, Nankin Township, which recorded 227. Last year, Livonia's total for the same three months was 374 and Nankin's was 93. Thus, Nankin registers the sharpest percental gain.

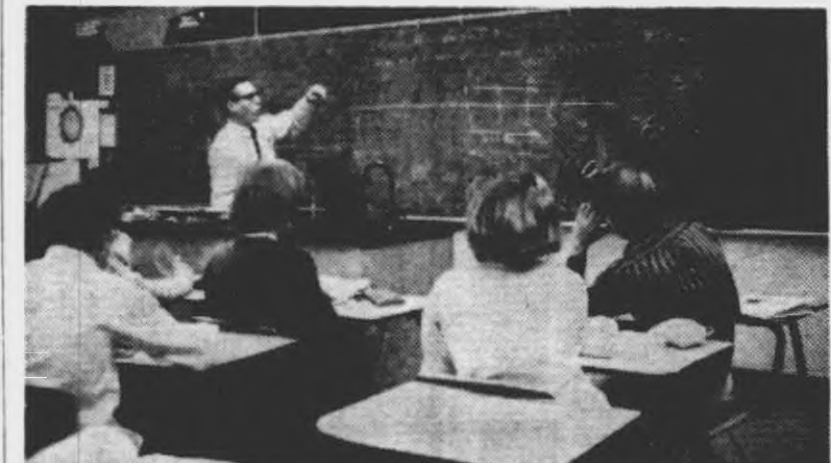

On the low end of the scale were Farmington City, with six new homes compared to 10 in the same 90 days last year; Redford Township, with 17 new homes, down from 42 in the same period last year; and Garden City, with 18 new units, down from 55 last year.

Other communities included: Plymouth City, 35 (79 last

year); Plymouth Township, 30 (116); and Farmington Township, 78 (38).

Total number of new homes constructed in the 1965 first quarter in the regional area,

which encompasses Macomb, Oakland, Wayne and Washtenaw Counties, was 3,930. A total of 4,284 homes was erected in 1964's similar period.

EIGHTH GRADE STUDENTS at Bryant Junior High School in Livonia tackle a problem using the New Math in teacher Ken Patterson's classroom.

The New Math Changes Come to Math in Suburbia

(Editor's Note: This is the third in a series of four articles on the new, or modern, mathematics which most suburban communities in the Observer's circulation area will utilize. The authors are mathematics consultants in the Livonia Public Schools.)

By CHARLES ZOET and WILLIAM KUMBIER

The selection of a new twelfth-grade text this year will mark an official completion of the change to new mathematics which began in Livonia Secondary Schools more than seven years ago. There will, of course, continue to be a need to retrain teachers. And not all new teachers are trained to teach the new mathematics, so care will be needed to employ those whose training fits the program (this implies a need for sufficient applicants for each position to permit a selection and that has other implications which cannot be covered in this article).

The Livonia mathematics staff will also need to consider minor adjustments in the program and continue to hunt for techniques which will make the program even more effective for all students. But these are problems which would exist even if the program were traditional and the changeover itself represents a lot of hard work and a very real accomplishment.

DEVELOPMENT OF THE LIVONIA PROGRAM

What did happen in those seven years which led to the new mathematics program? Certainly there are many details which cannot be reported but the major milestones included these:

Teachers Become Aware of the Change: In 1957 several Livonia teachers attended some of the first National Science Foundation training sessions in mathematics—since then Livonia teachers have attended more than 100 such sessions in the summer and others on Saturdays. University of Michigan, University of Detroit, and Wayne State University have all offered summer and Saturday training sessions. The NSF pays the expenses of teachers who attend these training periods and they have had a major influence on the adoption of new programs.

Old Courses Are Altered: The first teachers were impressed by the new approaches to mathematics and began to incorporate them into the courses which they were teaching. But it was soon obvious that continuing this practice would be very time consuming and somewhat confusing to a student who had learned a particular approach to a problem and then was being asked to take a fresh look and different approach to the same problems. Most secondary students are not sophisticated enough in their mathematics to

be interested in a second look at a problem which they can already solve—even though it has possibilities of being a better method.

New Courses Are Tried: It was then that the new courses being written by SMSG, UISSM, and others began to be available to schools in classroom lots. So, encouraged by Dr. Paul Johnson, Superintendent in Charge of Instruction, and other secondary administrators, 13 of those teachers who were already trained in the new mathematics arranged to try the new courses in the seventh and eighth grade. The next year more courses were available, more teachers had been trained, and the trials spread to include well.

Experimental Materials Used for All Students: Experiences by those early teachers that these new texts were better, Livonia mathematics teachers and administrators agreed that these materials should be used as extensively as possible. They were first used by 1st and 2nd grades in Algebra and Geometry, and finally by all students taking Advanced Algebra.

Livonia Conducts Its Own Training Program: Before "across the board" use of the experimental materials could be considered, Livonia had to consider whether its teachers were ready. During the first two years Livonia conducted two training sessions which were open to any junior or senior high teacher who would be using the new materials. The first of these was taught by Dr. Eugene Smith of Wayne State University, and the second by George Calder and James Carey, two Livonia mathematics teachers. About 20 teachers were paid by the Livonia Board of Education to attend each of these sessions—the money was well invested as the transition to new courses proceeded smoothly.

Commercial Texts Are Selected: The printing of similar commercial texts trailed the experimental program by two years. As they became available some were tried in a few classes until the Livonia staff became convinced that these did contain the ideas represented in the experimental courses. Then recommendations for the adoption of texts were made in sequence—beginning first with the seventh and eighth grades, then Algebra, next Geometry, and concluding with this year's recommendation for a new senior-level text. This phase of the change-over will be finished but there is still work to be done.

Elementary Program to Be Revised: Plans for revision of the elementary program are being directed by Mr. William Kumbier, Specialist in Mathematics in the Livonia Elementary (CONCLUDED NEXT WEEK)

Few File for College Board Jobs

With the deadline for filing petitions only 10 days away—Saturday, May 15 at 4 p.m.—interest in four vacancies on the Board of Trustees at Schoolcraft College is at the lowest point since the first Board was elected.

Slated for election on June 14 are representatives of Livonia, Garden City, Plymouth and one at large post.

As of Monday afternoon, none had filed nor had anyone indicated he intended to file for the Livonia vacancy. Erwin Brown, who was appointed to fill the unexpired term of the late Ward McCain and then was elected to a two-year term, has made it known that he will not seek reelection.

Brown told Observer reporters last week that he was finding it more and more difficult to attend the monthly and special meetings of the Board due to other interests and to his work at Ford Motor Co.

"I believe a Trustee should attend all meetings, especially for a college like Schoolcraft that is still in the formative stage," he said, "I find that I'm unable to do this and therefore I will not seek reelection."

"I have enjoyed every minute of my three years on the Board. I feel proud that I was able to be one of those in on ground floor of the development of a community college in this area. But I find it more and more difficult to attend meetings and feel that someone else who can be there should have the job."

But as of Monday afternoon none had sought nominating petitions and as of this moment, there isn't any candidate in sight to succeed Brown.

Clark Oldenberg, of Garden City, one of the staunchest backers of the College, had filed for the six-year term as representative of that district.

Harold Fischer, of Plymouth, who was appointed to fill the vacancy created by the resignation of Charles Kirkpatrick when he moved out of the college district, has petitions on file for the four-year term as an at-large representative.

It is the situation in Livonia that is most alarming to school and college administrators.

All feel that there should be several candidates for the right to represent the largest area in the college district but are equally at a loss over the lack of interest.

It is believed that an effort will be made during the next 10 days to have several outstanding educational leaders from Livonia take out nominating petitions with the hopes that three or four will have their names on the ballot at election time.

Franklin Poets to Publish

The original work of four Franklin High School students will be printed in the 1965 regional anthology of the National High School Poetry Press.

Poems have been accepted for publication from Jim Zerin, senior; Bill Farlow, junior; Sheila Jones and Jan Welch, both sophomores.

The publication containing these selections will comprise entries from other senior and junior high school students from Michigan schools. Twenty-six regional anthologies are published semi-annually by the Los Angeles (California) press.

Franklin entries were submitted through the direction of Miss Doris Kangas and Mr. Gordon Sauls, members of the English department and co-advisers of AMOS, the school's creative arts magazine.

FARMINGTON'S newest Funeral Director, Walter Sandquist, who has purchased the Spencer Heeneey funeral home, is shown with his family. The group includes: (from left) Margo, 9; Mrs. Charlene Sundquist, Marcia, 3; Rickie, 11; Coleen, 7; and Sundquist.

Heeneey Funeral Home Has A New Owner

After a long career, Mrs. Spencer J. Heeneey is stepping down as director of the Heeneey Funeral Home, 23720 Farmington Road, Farmington. The new Director is 39-year-old Walter Sundquist, who lives at 32121 Braintree, in Farmington Township.

Sundquist is equipped both by experience and training to

Nankin Township Woman Takes Blue Ribbon

Mrs. Charles M. Casper of 30005 Malvern, Nankin Township, was awarded a blue ribbon for a formal table setting entitled "Opening Night at the Met," at the annual flower show, Flowerama, presented by the Women's National Farm and Garden Association.

This annual exhibition was sponsored by Wright Kay & Company and held in their downtown store on Wednesday and Thursday, April 28th and 29th.

A winner of a number of blue ribbons for her artistry in flower arranging, Mrs. Casper's entry was among those of over 50 other members of the Association from all parts of Michigan.

The top honor was taken by Mrs. Casper for a formal dinner table setting; the china, silver and stemware was furnished by Wright Kay & Company. In her flower arrangement, she combined yellow tulips and yellow roses with Queen Anne's lace, and in the center she used variegated yellow and orange tulips which

she opened to create a unique artistic touch. Mrs. Casper has just completed a three-year course at the Flower Show Judges' School sponsored by the University of Michigan.

Kiddies' Day Bazaar Break For Mothers

The most elaborate children's day ever staged at Wonderland Center, will take place Saturday, May 8, as most of the center's 57 merchants join in a novel Kiddies' Day Bazaar.

To aid youngsters to choose Mother's Day gifts, Wonderland has arranged with the Ford Motor Company to provide free transportation to and from the center, beginning at 9:30 a.m., Saturday. The free rides will be limited to those living within a 10 mile radius of Plymouth and Middlebelt. New Fords will be dispatched to any persons calling GA 5-2900 after 9:30 a.m. No child will be transported unless the request is made by a parent.

In addition, Wonderland will take instant Polaroid snapshots of the first 1,000 children present at the center on Saturday morning. The pictures will be taken in front of a giant Mother's Day card erected especially to provide an elaborate background for Mother's Day. The Polaroid pictures, in black-and-white, will be mounted and treated to retain permanency. To add to the youngsters' enjoyment, Wonderland will distribute candy bars to the first 2,000 youngsters who visit the center on Saturday.

Most of the center's stores have established counters featuring Mother's Day gifts at reduced prices. The specials, effective from 9:30 a.m. to 11 a.m., are restricted to children only.

Charm Courses Starting At Wards May 12

"Wendy Ward Professional Workshop" begins on May 12 and consists of six, 1½-hour lessons for six consecutive Wednesday evenings from 7:00 to 8:30 p.m. This course is also open to Wendy Ward graduates on the same day from 5:30 to 7:00 p.m.

Because of its tremendous popularity, Montgomery Ward's "Charm Time for Teens", which originated in Livonia in 1962, laid the foundation for the nationwide "Wendy Ward" charm courses that are available in all parts of the country and through the Montgomery Ward mail-order catalog. S. D. Ward, District General Manager said that this new professional charm workshop is made possible because of the great response to previous specialized workshops for women in this area.

A unique part of this entire charm workshop is a complete individual charm analysis of each student at the very beginning of the course by Barbara Loren and Loretta Weller, the originators of "Wendy Ward."

This charm clinic will consist of the six following courses which will be taught by these outstanding Detroit area personalities: Poise and Personality Development, Lee Shepherd of WJBK-TV; Voice and Diction, Mr. Jim Wood of Jim Wood Productions, formerly of WJR; Television Techniques and Fashion Narration, Jackie Crampton, local television personality; Cosmetic Consultation and Application, Kitty Wagner, "Make-Up Artist of the Stars"; Advanced Modeling, Betty Weekly, professional model; and Hair Styling, Mr. Bart Edmund, well-known hair stylist of many Detroit area television personalities.

The "Wendy Ward Professional Workshop" is especially designed for the professional woman and for the woman in contact with people each day of her working life. Mr. Ward also said that classes are limited and information about enrollment can be obtained at any of the neighborhood Montgomery Ward department stores.

Students Attend Teacher's Wedding

A wedding is a big thing to any 10-year-old fifth grader. If the bride is the teacher it's a real red letter event.

Imagine the excitement of 43 fifth graders at St. Michael's School in Livonia when they were all invited to the church for the marriage of the teacher Karen Redpath to Gregory Sobczak.

In fact the kids were so thrilled that they held their own party and reception for the bride the day before the ceremony. On April 23 the class surprised Miss Redpath with a party complete with a small wedding cake and a gift.

They all turned out at St. Michael's Church on April 24 for followed the ceremony.

the wedding and Nuptial Mass. The bride, daughter of Mr. and Mrs. Rodney Redpath of Livonia, was given in marriage by her father. The bridegroom is the son of Mr. and Mrs. Albert Sobczak of Detroit.

For her marriage the bride wore a gown of Italian lace and tulle. Matron of Honor, Frances Williams, wore a gown of pink satin. The bridesmaids, Sherry Resnick and Adrian Skowron, also wore pink satin gowns.

Steve Sobczak served as his brother's best man. Ken Choike and Bob Hopper seated the guests.

League of Women Voters of Michigan Convene May 11-13

The League of Women Voters of Michigan will hold its biennial convention May 11-13, 1965 at the Dearborn Inn, Dearborn, Michigan.

235 delegates from 35 local Leagues in Michigan will convene at 2 p.m. on Tuesday, with the president, Mrs. Thomas Snelham, presiding.

Delegates will consider program suggestions for the next two-year period. Based on suggestions from local League members, the State Board has recommended for adoption a continuation of the study of public welfare that was initiated two years ago. For the past two years, the League members

throughout Michigan have considered the relationships of Federal, state and local programs—the needs they are designed to meet and how effectively they operate. To date members have agreed that welfare agencies should be merged and that eligibility requirements should be eased. They would like to concentrate during the next phase of their study on rehabilitative and preventive programs. In addition, long-time League support of improvement of services to dependent, neglected, delinquent and afflicted children would be made a more active part of League program with possible updating of previous positions.

Other agenda items that may be proposed on the floor would consider different aspects of public welfare programs, education, and the function and structure of the state legislature.

Nominated for President of the League is Mrs. Robert Foerch. Other candidates are Mrs. Sigmond Nosow and Mrs. Bertram Weil as Vice-Presidents, Mrs. Edward Galligan, Secretary.

Mrs. Gordon Eadie of Livonia as Treasurer. Mrs. Eadie has served as chairman of the Livonia study of Home Rule for Wayne County and as acting chairman of the Wayne County study committee; which includes six Leagues.

Mr. Sidney Woolner, assistant director of the Office for Economic Opportunity, will be the speaker at the convention banquet on Wednesday evening, May 12 at 7:00 p.m. Formerly

Executive Assistant to Governor G. Mennen Williams and Commissioner of the Community Facilities Administration of the Housing and Home Finance Agency, Mr. Woolner is now directing activities under the Anti-Poverty program with emphasis on migrant workers.

Mr. Woolner will speak on "Progress Against Poverty — What's the Score?" — a report on how the attack on poverty is actually functioning — its successes and failures. The League is currently studying on the national level the development of human resources with emphasis on equality of opportunity in education and employment.

Throughout the convention, delegates and visitors will have an opportunity to view displays showing "Headlines in League History". Booklets and leaflets on their local governments and citizenship education that have been written by League members and published by local Leagues will also be available.

Convention arrangements are under the direction of Mrs. Edward Cushman, convention chairman, and a large committee of Dearborn League members.

POP CONCERT SIDELIGHTS

First family membership of the '65-'66 drive was sold to Mr. and Mrs. Henry Wisniewski of Northern Street, at the concert on Saturday night. Their son, Andrew, is a member of the orchestra.

Mrs. Marian Laird, a member of the violin section, had playing cards attached to the sash of her gypsy costume, "for all gypsies are fortune tellers". Mrs. Laird is from Dearborn. Her husband, a retired doctor, drives her to all the Monday night rehearsals. He brings along a book to read during the session.

Would have loved to have had a picture of that fiercely-mustachioed percussion and timpani section.

The scores for the Mary Poppins segment of the program were all "hand done" by arranger Deal Fischer of the bass section. The audience appreciated the cello-twirling bit that was one of his added touches.

True to his word, John White, Principal in the cello section, wore a large gold pocket watch as part of his gypsy attire.

CONGRATULATIONS

Mr. and Mrs. Dale E. Boye and children Michael, Julie and Scotty of Evergreen St. welcomed a brand new member of the family on April 22. Steven Jay weighed in at 7 pounds and 7 ounces.

Plymouth Is Eligible For Federal Programs

The Federal Housing and Home Finance Agency has recertified the workable program for community improvement of the City of Plymouth for another year.

That was the information relayed to Acting City Manager Kenneth Fisher last Thursday by Congressman Wes Vivian from his offices in Washington.

Recertification means Plymouth remains eligible for the several types of federal assistance which became available to it when it received its original workable program certification.

It was under the HHFA that Plymouth constructed its new City Hall, completed improvements on its water system and now has a new two-million-gal-

lon reservoir under construction on Beck Road near Six Mile Road.

Certification of a workable program is necessary before a community is eligible to receive federal aids in the forms of loans and grants for urban renewal programs and for federally-aided low-rent housing, and more liberal FHA mortgage insurance to assist in the private redevelopment of project areas and for rehousing displaced families.

Such certification does not constitute approval of any specific Federal aid. The workable program is a showing by the community of how it in-

Dr. Began's appearance on the program represents a high point in the activities of the band and has added significance since he is a resident of Livonia. "He has consistently shown a keen interest in the progress of the instrumental music program in the Livonia Public Schools," stated Robert Clark, Director of Bands at Bentley.

Dr. Began assumed the directorship of the Wayne State Bands in the fall of 1964. Prior to that he was director of the

Five Jobs Filled by School Board

At an open meeting which re-convened after an executive session at 12 midnight last week the Livonia Board of Education authorized the administration to offer the following positions:

- Director of Secondary Education to Dr. Donald E. Friedrichs, currently principal of Bentley High School, effective July 1, 1965;

- Director of Personnel to Norman L. Whisler, present assistant in the department, effective about August 1, 1965;

- Junior High Principal in the Section 9 building to John A. McDonald, assistant principal at Whitman, effective this summer;

- Principal of one of the junior highs slated to open in September, 1966, if the bond issue is approved in June, to Vernon Oxender, assistant principal at Bryant, effective next summer; and

- Director of Data Processing to Charles R. Ritter, assistant principal at Whittier, effective June 1, 1965.

The authorization was given following an executive session of the Board to hear the staff recommendations for filling the positions. The two junior high principalships are new positions, while the other three will fill vacancies created by staff resignation and retirement. The executive session was convened following the regular Board meeting. Everyone, including the secretary, had departed for home by this time.

The action, which was approved by a 4-2 vote has caused comment by some staff members who contend that all the positions were not posted within the system as is ordinarily the case.

Biggest source of the controversy is the Director of Personnel position. The current director, Zena Sperry, will retire this summer and the appointment of his assistant to the post was "logical" in the words of more than one Board member.

Whisler was hired last August in a new position with the understanding that Mrs. Sperry was to retire in the near future.

Superintendent of Schools Benton Yates said that the openings had been posted throughout the system.

Lynn Gilmore, executive secretary of the Livonia Educators Association, told this paper that he "had not seen a posting for the director of personnel spot and did not know if the junior high principalships were posted."

"Anytime jobs are filled without posting," Gilmore continued, "we holler about it. We made an agreement with the administration last year that all promotional jobs would first be posted within the staff and then open up outside. We feel anyone who considers themselves qualified should have the right to apply."

Steve Polgar, who cast one of the two dissenting votes, on the package of promotions, told The Observer that he simply couldn't see the urgency of the matter. Joseph Milko cast the other negative vote because of an objection to one individual among those appointed.

A. Edward Katz, who moved adoption of the staff recommendation in a package "because of the hour" stated that he felt action was necessary to keep "key people in the system." Katz said that he is seriously concerned about the staff resignations in recent months and felt that something had to be done.

Strela Schreiber echoed Katz's thoughts and said that she thought it was the time to take "definite steps" to ensure that the district retained "key" people.

Yates told the Observer that this was one reason Oxender's appointment was made at this time. Three equally well qualified people applied for two posts, he said.

Bill Craft said that he was "happy to see the staff make recommendations ahead of time" and that he assumed all the positions had been posted. Craft did state, however, that "as a teacher he could understand staff reaction if the positions were not posted."

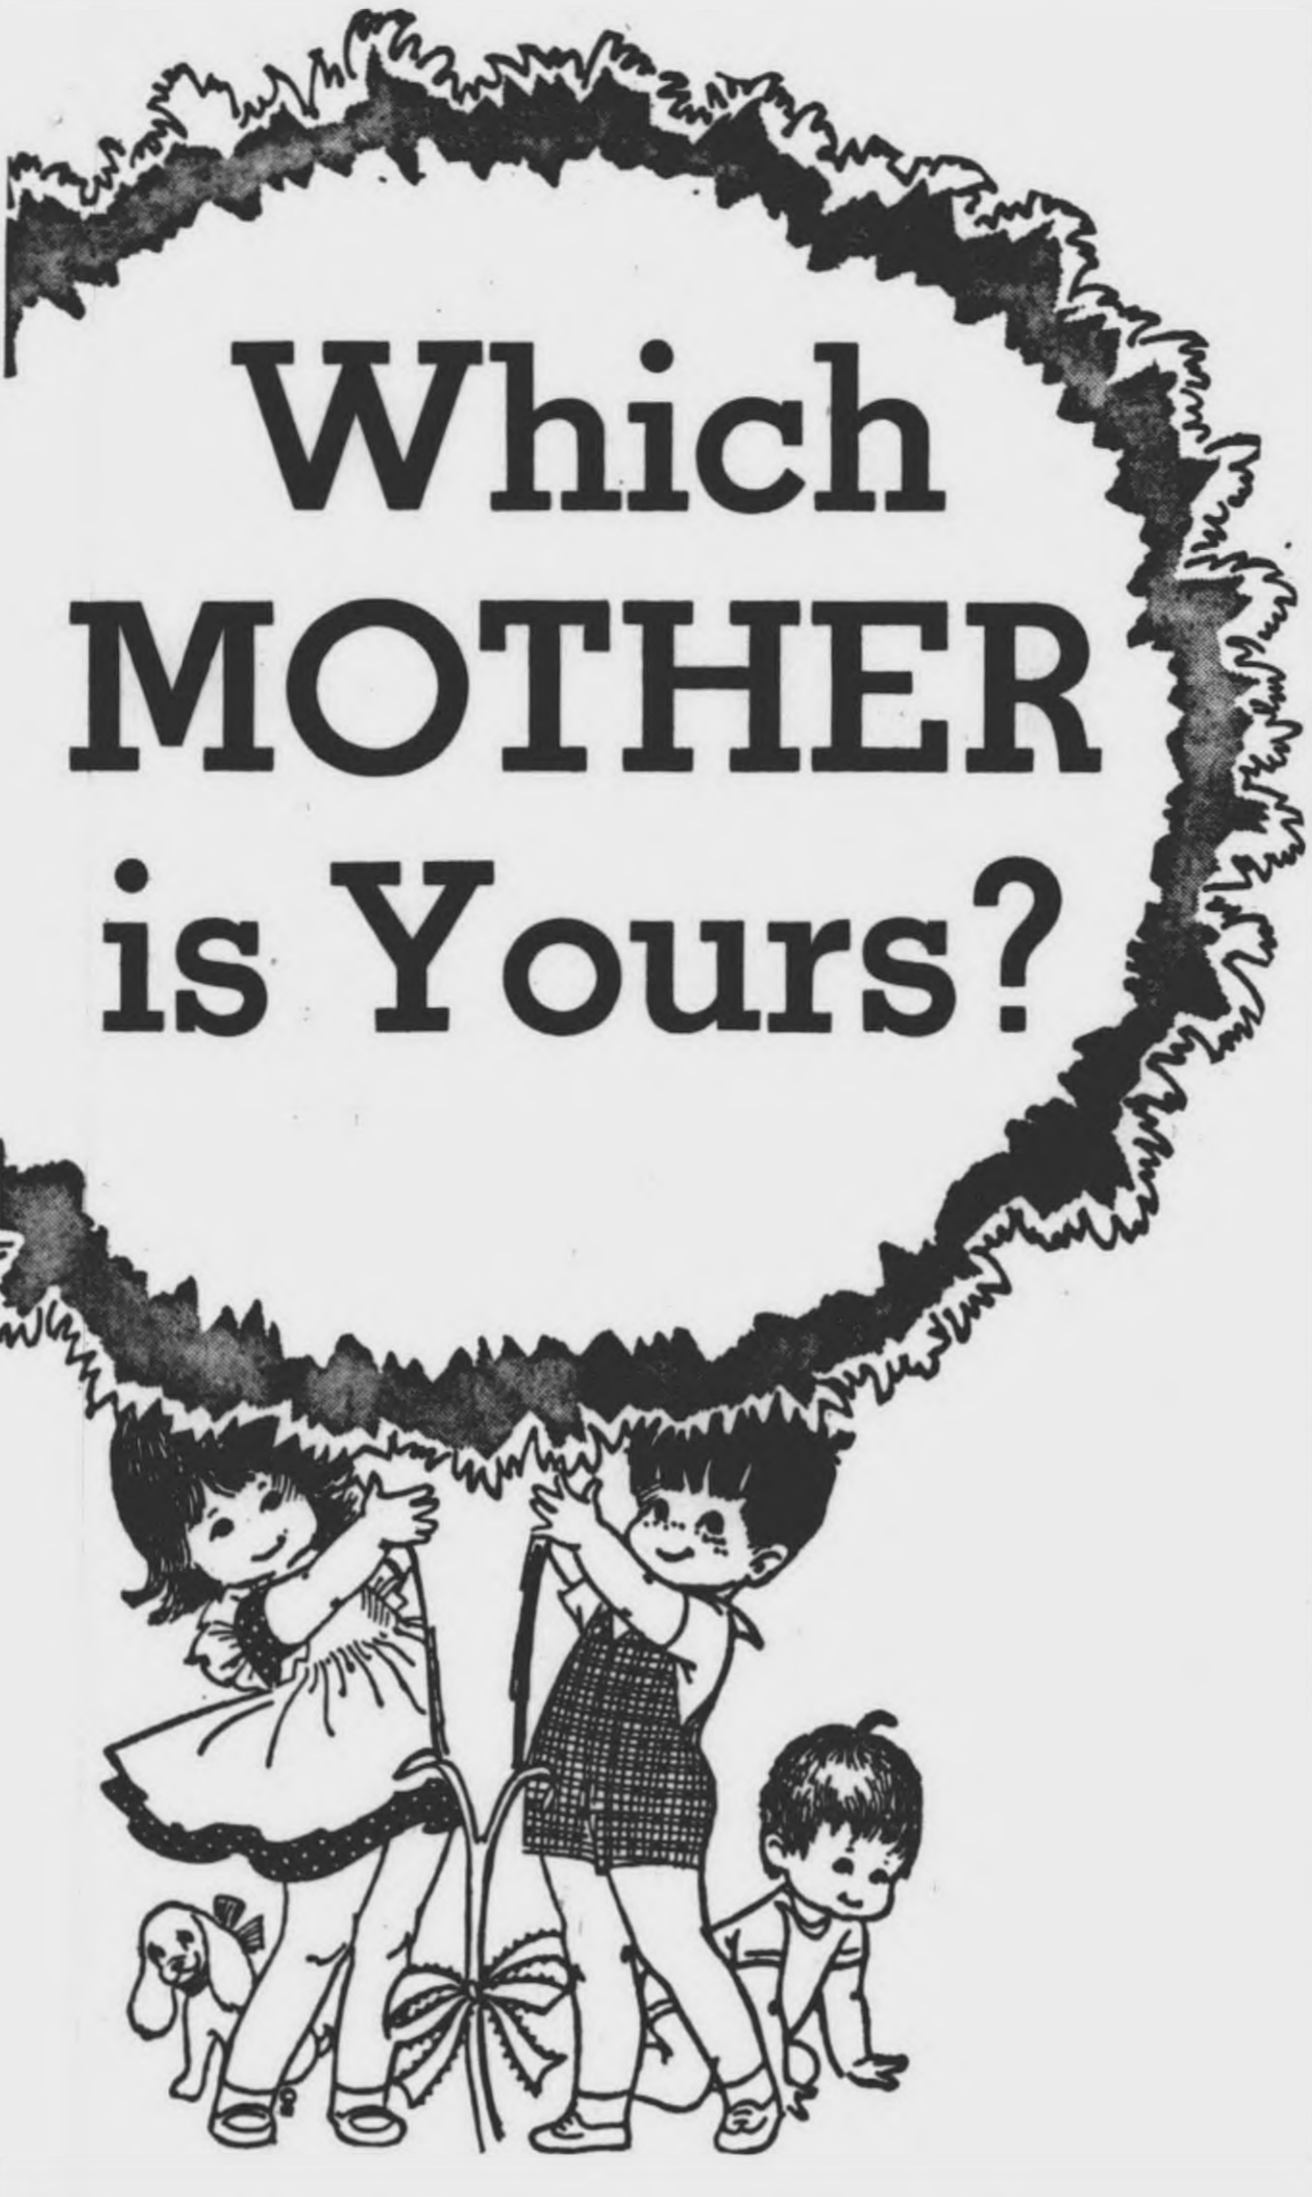

Lonnie Brashear gave his reason as the loss of so many top flight personnel behind his vote in support of the staff recommendation.

Plymouth Council Wants Figures on ARA Project

How long will it be before the City begins to realize something on its investment in the Urban Renewal project on Mill Street? That was the question posed by Commissioner Arch Vallier in Monday's meeting of the

Council at which Acting City Manager Kenneth Fisher was asked to present an estimate of the costs and increased tax base at the next regular meeting.

The Commissioners will hold a special meeting Monday at 7:30 p.m. for public hearings on the proposed \$217,000 street and road improvement program which was approved a week ago pending the outcome of the hearing.

The future of Vilcan and Leman as planning consultants for the city will be determined in a meeting of the Commission with the Planning Board Wednesday (tonight) in the City Hall.

The Commission learned Monday that the 701 federal program which provides for matching funds for planning consultant services had been approved to the amount of \$13,285. Thus the Council could continue as in the past since the City adds 25 percent to the total cost.

In other actions, the Commission:

Requested a full report on a complaint of a swamp condition in the rear of Parkview Drive after residents of the area appeared to tell of the conditions.

Approved a contract for custodial service for the city Hall with Robert Strautz for an annual cost of \$8,000 with the understanding that the contract be reviewed in August to place all maintenance and custodial services under one pact.

Approved a request from Passage Gayde post of the American Legion and Mayflower Post of the VFW for a Memorial Day parade.

Tabled authorization for Johnson and Anderson, consulting engineers, to prepare plans and specs for the street

projects pending the outcome of Monday's hearings.

Passed a Drive-In Restaurant ordinance to second and third readings.

Approved payment on a 50 per cent basis to Joseph Boshnyak, who has supervision of the city dump in Salem Township, on recommendation of Fisher and DPW Supt. Joseph Bida.

Ordered a check of heating and air conditioning contractors in the city to see if any is interested in making bids for the contract to take care of maintenance at the Library and City Hall. Howard Dunlap Heating Co. will handle the work until a contract is awarded.

Honor Four

(Continued from Page 1) pations and would appreciate word from persons in the professions as to whether they care to participate.

The information should be made available to William Harding in the Plymouth School administrative offices or to Assistant Principal John Hoben at Plymouth High School.

The eight occupations are: Diesel mechanic, entertainer, foreign service, geologist, heavy equipment and trucking, language, psychologist and social worker.

The career day visits will be held throughout Michigan Week at the convenience of those joining in the program.

The Guidance Department of the high school is making arrangements for visitations on student time during the week, which will provide information on specific vocations.

Plans for the other days of the week will be completed in a meeting of all chairmen Monday in the Mayflower Hotel.

Received reports from Johnson and Anderson on programs of work at the new reservoir and on the water main project.

Approved a communication for Donald Lightfoot, 1208 S. Main, that his temporary building, which was used for the sale of produce and fruit, is in violation of the city ordinance. Lightfoot was told the temporary structure must be removed within 10 days or the city would take legal action.

2 Injured

(Continued from Page 1) Mrs. Roy Cardinal, 585 McKinley, and Jim is the son of Mr. and Mrs. Harold Walker, 46789 Ann Arbor Road.

State Police officers reported that Jeff was pedaling the bike with Jim on the handlebars. The report shows there wasn't any reflector nor a light on the bicycle.

As a result of the accident, which is in the area directly west of the newly activated traffic light at Ann Arbor and Sheldon Roads, representatives of the State Police, State Highway Department and the Wayne County Sheriff's Road Patrol met Monday to start a study to determine if an adjustment in the speed limit is necessary.

McEwen

(Continued from Page 1) of Amvets and treasurer of the Plymouth Community Improvement Association.

Sparks, who resides at 44934 Joy Road with his wife, has resided in the Township for the past 17 years. He moved to the Township then when he took a position with Burroughs Corporation.

Sparky, as he is known to his friends, retired from his job as a toolmaker at Burroughs last fall after serving 17 years. He is a native of Kentucky but moved to Royal Oak 25 years ago.

He is a life member of the Theatre Guild, and is a member of Plymouth Rock Lodge of the Masons.

He and his wife, Grace, are the parents of two daughters, Mrs. Barbara Walker of Madison Heights, who is the mother of two daughters and a son, and Mrs. Mary Ellen Furr, of Livonia, who has a boy and a girl.

Munshaw

(Continued from Page 1) tion the Commissioners decided to table the matter until they have time to talk with Munshaw. He said he was resigning as chairman of the commission but didn't make it clear whether he would continue as a member. The City Commission would like to keep him on the Rights Board if possible.

In his letter, Munshaw gave reasons for submitting his resignation as:

"The officers of two of the three governmental units, which sponsor the Commission, have changed. It seems to me that the reconstituted governing bodies should have the privilege of appointing persons most suitable to them.

"It has been my experience that people 'run out' of ideas and enthusiasm after about two years in a leadership role in a committee. I believe the Commission has an important assignment and deserves creative and aggressive leadership. I do not believe I am providing such leadership at present."

Munshaw indicated he wanted the three government bodies—Plymouth Commission, and the Canton and Plymouth Township Boards—to know that he had enjoyed excellent cooperation from them and from his fellow members of the Commission.

School Supt. Lists Dates for Kindergarten Children

Registration dates for Plymouth kindergarten children, who will enter classes in September, were announced Monday by School Supt. Russell Isbister who released information about registrations at the same time. Supt. Isbister indicated all kindergarten children will be registered for the fall term of Sept. 1965 at the various elementary schools on the dates announced below, from 9 to 11:15 a.m. and from 12:15 p.m. to 3 p.m.

Registrations start at Farrand School on May 6 and the dates are: Allen School, May 13; Starkweather and Trussell schools, May 14; Gallimore School, May 20; Bird School, May 27; and Smith School, June 3.

"It is imperative that we know how many youngsters will enroll in kindergarten for the start of classes in September," said Isbister. "We urge all parents to take their kindergarten children to the respective schools in accordance with the schedule announced."

The requirements for registration are: the child must be five years old, on or before December 1, 1965, and the birth date must be substantiated at the time of registration by presentation of a birth certificate.

Students enrolling in the Plymouth Community School District for the first time, and all students as they attain the fourth, seventh and tenth grade levels must comply with the

following, according to Isbister. Students in the above category must submit signed statements, on forms provided by the school district, from physicians verifying that they have received physical examinations.

They must submit statements from physicians verifying that they have been, or are being,

immunized against smallpox, diphtheria, tetanus, pertussis and poliomyelitis or that they have, received or are receiving booster shots.

Isbister emphasized that those students whose religious convictions prohibit them from complying with the above requirements, must submit statements signed by parents or guardians so indicating.

PHS Seniors Win College Scholarships

On to college appears to be the slogan for a majority of the members of the 1965 graduating class of Plymouth High and many have received scholarships during the past 10 days according to information received by Assistant Principal John Hoben.

Hoben indicated 12 have been awarded scholarships by the Michigan Higher Education Assistance Authority on the basis of need and ability. The 12 ranked highest among 38 members of the class who qualified for the finals of the competitive examinations.

The stipends range from \$170 to \$800 and are renewable if the student maintains his or her high scholastic average.

The 12 are: Andrew Attalai, James Bruff, Kathleen Burke, Thomas Donnelly, Janice Firestone, John Hamula, Lydia Innes, Lois McGough, Judith Olds, Carol Otwell, Clark Raven and Susan Rybka.

Winners of awards to Michigan State University on the same basis as the Higher Education Assistance Authority are: Janice Mattison, Eileen Shippele, Georgeann Kippola, Toni Osborne and Lydia Innes.

Board of Trustee scholarships of Western Michigan University went to: Mary Elizabeth Miller,

Toni Osborne, Kathleen Burke, Karen Myers, Nancy Miller and Carol Otwell.

John Burgener has received University of Michigan Regents, Michigan State University-Oakland and Albion College scholarships.

Sharon Mitchell and Janice Nagy were notified that they had won Regents scholarships for Eastern Michigan University.

Those winning University of Michigan Board of Regents awards are: David Tidwell, John Burgener, Kathleen Burke, Ellen Marie Heid, Lydia Innes and Susan Rybka. Miss Rybka was announced earlier as a winner of a four-year Scholarship from the Ford Motor Co.

Credit Union Members Show Savings Margin

Federal credit unions in Michigan showed a 13.9 percent gain in assets last year, reaching a new high of \$346,619,000, according to figures released by Melville H. Hosh, Regional Director, Department of Health, Education, and Welfare, Chicago. Members' savings (shares) reached a new high of \$302,559,000, which is an average of \$571 each for the 529,832 members of the Federal credit unions in the State. Loans outstanding at the end of the year to FCU members in the state totaled \$289,211,000.

The national figures released by the Bureau of Federal Credit Unions revealed that the year 1964 was an exceptionally good year nationwide, with an increase of over \$560 million in savings, representing an increase of 16.4 percent, passing \$4 billion for the first time. Membership in the 50 states, the District of Columbia, the territories and possessions reached 8,092,000 and total assets \$4,559 million. Loans outstanding to members totaled \$3,351 million. During their 30-year history, currently operating Federal credit unions have made loans to their members totaling more than \$34 billion.

Federal credit unions are the fastest growing percentage-wise, in terms of assets, savings, and loans of all Federally chartered financial institutions. FCUs are also the largest in number of any class of such financial institutions, totaling 11,278 at the end of 1964.

Credit unions encourage their members to use their share accounts to accumulate savings out of income as a means of building economic security for themselves and their families. In addition, credit unions provide short-term loans for emergency and any other purposes which are useful for their members, such as consolidation of debts, payment of medical bills, and financing higher education. A significant characteristic of credit unions is that their members furnish practically all the funds needed for loans.

The Bureau of Federal Credit Unions, a part of the Department of Health, Education, and Welfare, is responsible for issuance of Federal credit union charters and supervision and periodic examination of individual credit unions. Mr. Richard A. Walsh serves as the Region V Representative for the Bureau of Federal Credit Unions for the States of Illinois, Indiana, Ohio, Michigan, and Wisconsin.

Observing the Scene...

By MYRA CHANDLER

With news and problems of war on two fronts, civil rights issues unsettled, a running fight against emotional instability among our youth, and the constant battle between the "haves" and "have nots" — the annual project for all communities to clean up - paint up - fix up seems ludicrous.

By personal experience, however, there is a God-given quality in all of us that must carry on even in the face of tragedy. We tend to need traditional events perhaps for our sanity.

When Alrne Saarinen, widow of architect Eliel Saarinen was here recently she spoke authoritatively on the "uglification of America." She struck some telling blows against Detroit, pointing a finger at the "ugly, honky-tonk messes . . . red and green neon cacophonies, dump heaps, auto junkyards."

The knowledgeable lady should remember it before it had its face lifted. Detroit has made great strides.

One point especially well put was her stressing the importance of each individual community doing its part in "cleaning up America." "Now is the time to dirty our hands in local legislatures and councils for meaningful zoning regulations, for conservation and restoration, and for decent city planning." She stressed the importance of starting "at home."

So important is the integrity of a member of the Zoning Commission to a community — it would not seem far-fetched to me to have him elected by the people, instead of being a political appointment.

If some communities never get off the ground in their annual "clean-up" campaigns perhaps the fault lies in government officials always appointing the same old tired faces to take on routine jobs.

There seems to be a little sparkle in Livonia this May Clean Up Month. In fact they are going after national recognition, and are entering the President's beautification contest.

Livonia has several beauty-conscience civic associations that will be helpful — and a few industries which may serve as examples of how industry can beautify a community — Velvet Peanut Butter Co. on Schoolcraft; Angelo DiNovo on Merriman; Consumers Power Co., on Middlebelt. But there are many areas to clean up — the Seven Mile and Farmington area, to name one.

Nankin Township is serious about its campaign — the government body has given warning it intends to implement the letter of the law (fairly stiff). Tickets of \$100 or 90 days in jail will be issued to those failing to comply with clean-up ordinances.

Redford Township's best asset is Town Hall Square on Beech Road — the Library, Town Hall, and Police Station are landscaped and may be pointed to with pride by any citizen — but after you have said that — well all of those key-corner gas stations, somehow just don't lend themselves to beautification.

Maybe coupled with some of the sharp professional buildings on Five Mile, the new apartment buildings can salvage that street — but have you really ever looked at Plymouth Road?

Farmington Township and Plymouth Township are growing and their opportunities are many. Farmington has a beautiful setting for the Township Hall, set back among the trees — let us hope this is the pace setter.

The newly built apartments in Farmington too, are an asset and add a great deal of beauty — as long as they continue to be well placed.

The City of Plymouth, when it long ago established the Pilgrim theme for the community set the pace for generations to come. It has meaning, pride and interest. Businesses along Main Street show this and it gives the community opportunity grow — for that matter it is inviting all of its surrounding neighbors to shop and attend special events. Catch one of its summer band concerts in the park — if you please — in the center of the City. Most delightful.

THE READER SPEAKS UP

Idea Of A Worried Citizen

A short time ago on a Thursday afternoon there was a live telecast on our local stations from Montgomery, Alabama on the march from Selma. A reporter was questioning people as to "Why did you march?" One answer particularly interested and infuriated me. The woman's answer was, Freedom — to go where you want, and to be a good citizen. It was the last five words that brought anger.

Citizenship is a gift — but BEING a good citizen is a job to be worked at all the time, just as to be a good parent, to build a good marriage, to be a success in one's profession, to be a good anything — yes, even a good bum — takes a lifetime of application.

The young people who started the recent basketball riot, the ones who are so quick to stab and rob these days are not good citizens, to even carry such weapons as are used is not being a good citizen, their parents are not good citizens, nor are they good parents. They have failed miserably in their God given privilege to raise children.

There is no magical formula to make a good citizen. To do this is the job of every parent. They must teach their children what citizenship means, and its responsibilities; and they must show their children by example what good citizenship is. This takes time and patience—but isn't that what every parent needs? People of all races must learn to stand on their own feet—to do for themselves, and to make their own way. Our country was built by people who took pride in being strong and capable. Too bad, today we have a scant few out of our large population who have the motivation, the pride, or the ambition to do for themselves, to better themselves, or to do an honest day's work with pride in accomplishment. It is becoming easier all the time to sit back and let someone else do for them. The worst of this is that someday there won't be enough people left to do for the masses

who won't do for themselves. Then what!!!!?

The right to vote does not magically enable one "to be a good citizen." A good citizen has many more responsibilities than the one of voting. A good citizen knows right from wrong, and practices the right. A good citizen is honest in their dealings with life and other people. A good citizen respects the rights, the property and the lives of his fellow men. A good citizen takes pride in himself and lives a good clean moral life. The good citizen does all this, and more! They also take time and the patience to teach their children by word and by example all these things, so that the children can know what being a good citizen is too, and so will be able to grow up and do likewise, in life's never ending circle.

So, just having the right to vote is not the answer. Work, Honesty, Pride, Decency, and Morality. These things are the answers. And everyone must learn to do for himself. So many must stop letting others do for them, by letting Uncle Sam do it. To continually GIVE, GIVE, GIVE is the most weakening force there is. To always be the receiver robs a person of all pride, incentive, motivation, and ambition. And, in reality, it isn't Uncle Sam alone that is the giver. Uncle Sam gets his money from the citizens who work and do for themselves. And, believe me, a lot of these citizens who chip into Uncle Sam's kitty are awfully tired of being a good citizen, of working hard, being honest, and doing for themselves when their hard earned tax dollar is being used for the support and upkeep of the many who will not take their citizenship seriously, who are so content to sit back and do nothing, who would rather raise illegitimate children who will also be poor citizens because of example, who would rather let someone else support them.

It is a privilege to be a citizen in this country, to pay our taxes to keep our country what it is. But it is becoming more difficult to see the justice, and harder to believe in honest work when one's incentive to do for himself is being shadowed by the ease with which some people can claim citizenship, and the lack of responsibility they use to exercise it.

A WORRIED CITIZEN LIVONIA

Speeders A Worry

Recent comments in The Observer concerning speeding on residential streets prompts this letter about what is a major concern of residents of Spring Valley subdivision, especially those of us living on Osmus Ave., which is the only street here that runs through from Seven Mile Rd. to Eight Mile Rd. Our complaints are not limited to one group of drivers—all kinds are guilty of recklessly speeding through this area, at any time (the worst times are before 10 a.m., and after 3:30 p.m.).

Fathers speed by on their way to work. Teenagers speed through on their way to school. Mothers speed around corners to get the kids to school. Young mothers, who of all of us should be the most aware of small children on any street, seem the most blithely unconcerned as they tear through; after all, this isn't their street, and their children are safe in school, or in the very cars their mothers are driving so carelessly.

The worst offenders, in terms of speed alone, are boys of high school age, and drivers who use Osmus as a short-cut from Seven Mile to Eight. One section of the street, up near Eight Mile, used to deter some of the real speed-demons, for it was unpaved and bumpy, but it has been covered with asphalt, and they drive even faster through there than through the subdivision, for here Osmus does not run straight.

You'd think the curves, the children, and parking on both sides of the street would slow them down, but it doesn't. The speed limit is posted, once, at 25 mph., but most of the cars travel at upwards of 40 mph.—sometimes so fast that all we see is whoosh! a blur screeching around the curve.

What to do? We don't know. Close the street to through traffic, perhaps. Close it to commercial traffic, maybe. Patrol it, if this is possible. As a last resort, put in those awful lumps of asphalt that I know only as "traffic, or speed, bumps." We have had two fatalities on Osmus that we know of: a dog, and a cat both hit during daylight hours. In neither instance did the driver of the car responsible stop. No children have been killed here yet. Must we wait for such a tragedy to occur? Is there something we residents can do? Does anything justify the appalling disregard for the law and life that is so apparent here, as on almost any other well-travelled street in the city? We are asking for help.

HARRIET A. PERAMPLE, Livonia.

Approve Decision

As a resident of Madama Estates Subdivision, I would like to comment on the Court Decision set forth by Judge Neuenfeldt, March 31, 1965. I was pleased that the zoning of the Outlots B and C was so denied. I feel that this is not a desirable place for apartments, but should be legally zoned for residential homes in keeping with the surrounding area.

Youth Use Judgment

After all the uproar the past few weeks about "Catcher in the Rye," I would like to call your attention to the enclosed article from "This Week" Magazine of the Detroit News, April 25. In this nation-wide survey of the books which had the greatest influence on high-school students across the country, along with the Bible (No. 1) and Exodus and Black Like Me, we find that the leadership students listed "Catcher in the Rye No. 12 and average students listed it as 'number nine.' Mrs. Helen Wilmont of the Freeport, N. Y. Memorial Library notes "the mature level of choices was outstanding."

Ed Murrow and The Observer

The life of Edward R. Murrow, which ended last week, should be a time of reflection for those of us who make our livings in the field of communications.

Murrow had the whole world for his beat. Most of us are not that lucky—or unlucky. But his approach to journalism has application at any level.

Eric Sevareid said "Murrow was objective, not impartial — there's a difference."

He had a country doctor's concern for his patient. Whether his patient was a worried prime minister, or an exhausted volunteer stacking bags against a rising flood, he was concerned and not merely curious.

His was a deep concern. He was not satisfied with surface understanding. And he tried to communicate understanding to his audience.

What will be best remembered about him was his courage. When there were bullies on his beat, he fought them. When things had to be said, he said them without weighing the consequences to himself.

He knew that the stories he told were human ones. He rejoiced in victories, and reveled in humor.

For he himself was so very human. If he sometimes seemed infallible, it was not because he desired to create that impression. Rather it was because he strove to be honest.

Though he reached the heights of his profession, he was happily free of egotism. He freely admitted errors, shortcomings, and fears. He was not ashamed to cry in the face of tragedy.

Tragedy in the Greek sense, begins with a great triumph — one that puts the victor far above his fellows. Then comes the great fall. Those of us whose job it is to chronicle life in the pretty, tree-lined bedroom communities of the nation, will never have to deal with Greek tragedy as Ed Murrow often did.

But the tragedy we witness is just as real, and hurts just as much. And in microcosm, the problems we face are similar to those that he faced.

Having reflected on Murrow's life, a next step might be to dedicate ourselves to following his example: to recognize our inadequacies, and thus avoid the sin of vanity; to do the hard job of scratching below the surface of events; and, most of all, to speak out — even when we're scared.

Calling Schoolcraft Candidates

Schoolcraft College is a hustling, bustling, going organization these days with an enrollment of around 2,000. It has made remarkable strides in its one year of operation, including securing state accreditation in far less time than a college ordinarily takes.

It has won statewide acclaim with its progress since it first opened its doors to students last August.

But apparently somewhere along the line, there has developed a lackadaisical attitude on the part of residents of the college district — Livonia, Garden City, Plymouth, Clarenceville and Northville — in the operation and administration.

At least one gets that idea from the lack of interest in the coming election on June 14 at which one representative at large and three for the Livonia, Garden City and Plymouth districts will be elected.

As of Monday, no one has stepped forward to take out a nominating petition for the six-year term in Livonia. This was left vacant when Erwin Brown, who has served for the past three years, flatly stated that he would not seek reelection.

Brown, who served on the Livonia Board of Education prior to being appointed to the College Board to fill the vacancy created by the death of Ward McCain, feels he doesn't have enough time to adequately handle the chores of a Trustee.

Therefore, he decided to let it be known that he would not run so that someone else would step into the breach. No one has at this time and the deadline for filing nominating petitions is Saturday, May 15 at 4 p.m.

Tribute To An Idealist

PETER HOWARD was what Latin Americans would call "muy hombre," very much of a man, physically, mentally and as the spark-plug of a worldwide movement which seeks to revive a shattered faith in the perfectibility of civilization.

"Moral Rearmament" was and is an ambitious project, in the coldwar climate of cynicism and amid "the slow burning of decay" that has corroded the character within affluent nations.

To accept command of an idealistic movement in an iconoclastic age, required not only faith in the feasibility of Christian ethics, but moral courage, tremendous nervous energy, physical stamina, and most of all, faith in the readiness of youth, everywhere, to accept a cause of universal appeal, unattained by isms of any kind.

SINCE DR. BUCHMAN'S DEATH in 1961, Peter Howard directed MRA with unprecedented success, if we judge by the hundreds of telegrams of condolence that poured into Lima, Peru, where Howard died of a heart attack two weeks ago.

There were messages from heads of states great and small, colleges and schools, from clergymen, industrialists and union leaders—a fitting tribute to a life unstintingly devoted to a selfless service.

Howard was uniquely qualified to lead that crusade. He was a graduate of Oxford, where he starred at rugby; he captained the "England XV" team in 1931, was a member of the British bobsleigh team which broke three world records.

He started life as a political columnist for Lord Beaverbrook's newspaper empire—a seven-year experience which must have cured him of the naivete that afflicts so many idealists.

He was the author of 14 books, which sold four million copies in a dozen languages; he was gifted with a personality and straight-from-the-shoulder idiom able to inspire young and old alike.

As the author of 16 plays, performed in many lands on the sunny side of the Iron and Bamboo Curtains, he dramatized the need of getting back to the absolutes of Christian morality and ethics subscribed to by our forefathers.

He loved his country. He was dismayed by the alarming erosion of the British character he had witnessed from a ringside seat as a newspaperman, and which he had summed up in "Britain and the Beast," published by Heinemann, London, in 1963.

He denounced the "debunking of patriotism," the condemnation of homosexuality by leading British educators and churchmen, the infiltration of Communist cynicism, and all the other ills which, together, were responsible for the moral decline reflected in the rising rate of divorce, illegitimacy, "juvenile delinquency," and "filth-for-profit" on the stage and between covers of popular paperbacks.

He was as the Scotch say, "a good fechter," and did not spare himself; he drove himself to the point of exhaustion (as when he traveled 19,500 miles to speak at 17 American universities in one month of 1964).

Yet it is a compensation of human nature that such martyrs to a cause live on in the minds of men.

Some 15 years ago, Howard paid me a visit at the office of this newspaper. Like many newspapersmen of long experience, I have acquired a skeptical attitude toward "reformers," forever on the lookout for the selfish ulterior motive. But after talking to Howard (cross-examining, would seem the more accurate word) I decided that here was a man without guile, possessed of a rock-ribbed faith in his mission.

Because the field of that mission takes in a lot of territory, its effectiveness was diffused; nor measurable, too, engrossed with purpose to strive for literary excellence. He remained a journalist, a pamphleteer, perhaps the best of his time. History may compare him with Tom Paine.

HE WAS DEEPLY CONCERNED with what he felt had to be said and, again in my opinion, lived up to the admonition of Marcus Aurelius: "Let all thy word have the accent of heroic truth."

But as Conrad pointed out, in quoting the Roman emperor, this calls for "that complete sincerity which, while it delivers one into the hands of one's enemies, is as likely as not, to disappoint one's friends."

In Hitler's Germany and Stalin's Russia such "counter-revolutionary criticism invited fatal consequence. Even in the free world telling the truth and shaming the devil is not popular. Howard's books and plays earned him the respect and affection of millions who have become fed up with hearing only "one side of the story."

Yesterday's Headlines

25 YEARS AGO An announcement was made in the May 8, 1940 Livonian that the residents of the Joy Rd. area are starting a movement to secure a bus route on that street. The people wanted a line running from Joy Rd. and Middlebelt to some connecting point in the Detroit area.

15 YEARS AGO The Livonian for May 5, 1950 announced the list of candidates for the city's first election. Running for mayor was Jesse Ziegler unopposed, for Treasurer C. Wagenschutz, unopposed, and for Justice were Leo. Nye and Charles S. Wolfrom. Another front page story reported that in the month of April \$648,500 were spent on new homes in the Livonia area alone.

20 YEARS AGO The May 9, 1945 Livonian reported that the decision zoning the Livonia Township zoning board was upheld in circuit court. The matter in question was whether or not to let a company build a factory near a residential area.

Few Hits Costly To Falcons

"We can't win unless we score some runs," was the only comment coach Steve Branz could come up with after his Farmington baseballers suffered their third shutout of the season in four starts.

Roger Hayward and Pontiac Northern downed the Falcons, 2-0, as Dick Johnston's masterful five-hit pitching went down the drain for Farmington. Mike Searly, Terry Nielson, and Mike Perry collected the lone Falcon hits.

Last Friday Waterford walked over Farmington by a score of 7-0. Johnston pitched the first five innings giving up only three hits but all seven runs. His brother, Wayne, relieved in the sixth and allowed one hit.

The lack of an offensive attack again told the story for Farmington as they could only muster three hits in the contest and left nine runners on base. Mike Searly, Terry Nielson and Dick Johnston connected for base hits.

Farmington has lost all four starts this season. Farmington has been outscored 28-3 and outhit 28-14.

West High Wins, Loses In Baseball

Garden City West's high school baseball team split even last week. After nipping Southgate, 5-4, in nine innings, West lost to Haston, 9-3.

George Baker singled in two runs in the sixth inning to shove West into overtime against Southgate. Then in the ninth, Gary Slade started matters with his third hit of the game. He stole second and scored the winning run on Ford Simpson's single.

Charles Ardell's fine relief pitching from the sixth inning on checked Southgate. Ardell didn't allow a hit.

Haston broke loose with three runs in the third inning and six more in the fourth to beat West. George Domanski led the losers with two hits.

Franklin Pace Set By Bivins

Dave Bivins set the pace in three straight meets for Franklin high's golf team last week.

He shot a 39 as Franklin scored 174 in losing to North Farmington with 172 and beating Glenn with 206 in a triangular meet.

Then Bivins came back with a 40 as did Ron Higgins in Franklin's 163-168 win over Thurston. John Schulz and John Jakubiak fired 39s for Thurston.

Bivins posted a 40 in Franklin's 172-194 decision over Garden West.

Thurston snapped Catholic Central's unbeaten way, 170-175, as Al Bass fired a 39 at Rouge Park. Thurston finished second to Groves by a 165-172 count with Oak Park's 198 third in a triangular meet. Dave Liblantz, Schultz and Jakubiak all had 43s for Thurston.

A 42 by Schultz highlighted Thurston's win over North Farmington and Glenn in a triangular meet. Thurston scored 178, North Farmington 186 and Glenn 220.

East Ace Victor In 3 Events

A victory for East and a defeat for West.

Such was the high school track story in Garden City last week.

East High won a thriller over Inkster Robichaud, 55-54, while Lowrey had too much strength for West High, 68-40.

Yearle Eide again was the hero for East. The brilliant sprinter won both the dashes and the broad jump.

His time of 10.2 seconds in the "100" placed him among the state's leaders. His leap of 21 feet, 2 1/2 inches, in the broad jump also rates among Michigan's best to date this season.

Paul Martini (high jump), Richard Dechert (pole vault), Terry Fletcher (mile) and Tom Murto (880) also won for East.

Dan Shannon turned in a pair of wins for West High as he hit the tape first in both the 100 and 220-yard dashes. Mike Taft (high jump), Bill Shunk (mile) and Charles Sullivan (pole vault) also registered victories for West.

Bentley Coach's Error Wins for R. Union

Redford Union has taken over first place in the Suburban Six League.

But the Townshippers will get an argument from neighboring Bentley, which insists that "Bentley, not RU should be on top."

Here's the story of why the argument:

When the teams met head-on last Thursday in a battle of unbeaten, Redford Union was adjudged the victor, 52-46, to make its record 3-0. Bentley now stands 2-1.

But Coach Ron Fedraw of Bentley noted that his team had to give up 11 points scored

by Doug Thomas, when it was discovered he had participated in three individual running events. The state rules allow a prep to vie in only two individual races, plus the relays or infield events to total four.

"It was all my fault," said Fedraw after the meet.

Thomas was first in the low hurdles and second in both the high hurdles and 100-yard dash.

"Had I kept him out of the dash and used him in the sprint relay, the meet would have been ours," added Fedraw.

John McKenzie, the RU coach, naturally was belated by his team's showing. Eric

Bargo and Jack Shepherd continued to lead RU. Bargo remained unbeaten as he won the two dashes. Shepherd, who ranks as one of the state's best milers, was clocked in a fine 4:33.3.

The victory was the second of the week for RU. Earlier, the Townshippers had routed Allen Park, 78-31.

Bargo won the two dashes with his time of 10 seconds flat in the 100, one of the outstanding efforts of the season to date in Michigan. Al Maibach copped the two hurdles—the highs in 16.2 seconds and the lows in 21.6.

RU swept two events — the shot put and the high jump.

Before falling to Redford Union, Bentley was clipped by Ypsilanti Central, 74½-34½. Don Lar (broad jump), Thomas (low hurdles) and Jim Gregg (mile) accounted for the only Bentley individual victories.

Thomas also picked up a pair of seconds in the meet, as did Phil Balla in the 880-yard run and the high jump. Frank Miller of Bentley took a second in the shot put.

Summary of Redford Union-Bentley meet:

Here's how Plymouth varsity placed against Trenton:

1-2 Race for Franklin and Thurston

Franklin and Thurston one-two again!

It could be again in the Northwest Suburban League on the basis of what happened last week in the circuit's opening baseball action for 1965.

A year ago Franklin swept unbeaten through its league action with Thurston right behind in second.

Franklin roared past North Farmington, 13-0, and Oak Park, 11-2, last week while Thurston won over John Glenn, 2-0, and Birmingham Groves, 8-2.

Ken Bratherton fired a two-hitter and fanned 14 while walking only three in winning for Franklin over North Farmington. He faced a total of only 25 men in the game.

A seven-run second inning sewed up matters for Franklin. In the rampage, Franklin made only three hits—a two-run single by Gary Birkett, a one-run triple by Bernie Carbo and a leadoff single by Ron Ross.

North Farmington errors figured in the other Franklin tallies. In all, the losers were guilty of 14 miscues.

Franklin bats boomed out 15 hits against Oak Park with Paul Hartge slugging a homer and doubles, knocking in two runs and scoring three to lead the way. Birkett, Carbo, Ross and Mike Stachurski also picked up a pair of safeties for Franklin.

Ten different members of the winners managed to hit safely in the contest.

Wolverine Lists 2 Major Races

With boosts in the purses, ranging from \$100 at the lowest classification to \$2,000 in the open class, Wolverine Raceway will present two of the finest events of the season over the coming weekend (May 7-8).

The purse hikes were announced late last week and reflect the tremendous surge in wagering thus far at the record-making meeting. For the first time in history, Wolverine has a \$1,000 purse minimum and the new schedule raises the open class races to \$6,000.

And that's what Racing Secretary Bill Connors has in store for the weekend — a \$6,000 trot on Friday and a \$6,000 open pace on Saturday.

Heading the cast in the trot is Hasti Jim, one of the stars

of the powerful Bob Farrington Stable in Chicago, who has earnings of \$21,200 this year. He was shipped in especially for the rich overnights.

Going against the windy city speedster are such good ones as Charlie Horse, Jan Kaye, Diller H, Salt Creek and Blaze Rodney.

Then it will be the fastest and best pacers at Wolverine in the limelight Saturday with \$6,000 at stake. The field includes nine-year-old Prince Gamaun, who has earnings of more than \$150,000 in his lifetime; Craig Creed, star of the Elmer Conrad Stable in Corydon, Indiana; Phillip Brian, who was purchased during the winter by Jerry Mijal of Plymouth for \$15,000; Lewis Hanover, Buckeye Bay and Jeff put together a string of strikes

Dearborn Duo Falls Short 1319 Rules Mixed Doubles With Three Weeks To Go

That 1319 score rolled by the duo of James Stewart and Mildred Sherman is still high in the third annual Observer-Merri-Bowl mixed doubles tournament, but the leaders, who have been in front since the second week of firing, had a few anxious moments over the weekend which brought a wave of big 1200 tallies and two changes among the top 15 in standings.

Neither member of the Stewart-Sherman team was on hand Saturday and perhaps it's just as well — they would have been sweating out the final game of a Dearborn team of Jean Mikiewicz and Louis Lavagnino.

The Dearbornites did their best but it wasn't good enough and they had to be content with 1289, which netted a tie for seventh place, and was high over a busy weekend that found more than 200 teams in competition.

As it was the four leading scores of Stewart-Sherman, 1319; Patrick and Joanne Smythe, of Warren, 1317; Ray and Dorothy Stewart, of Flint, 1300; and Richard McBride and Mazel Thurman, of Detroit, 1297, withstood the challenge.

Miss Mikiewicz, who boasts a 168 average, had one of her best days in recent weeks when she fired scores of 210, 200 and 187 for a big 597. That added to her 66 pin handicap gave her an overall total of 663.

Louis, who has a 172 average, opened with a big 211, hit his average of 172 in the middle and then came up with 183 in the finale for 566 and picked up an additional 19 pins per game handicap for a gross of 623. This gave the team the 1289 and left it 30 pins away from the lead.

Evelyn Hubble, of Wayne, and Virgil Norgrove, of Plymouth, joined as a team and challenged the leaders with a tremendous 443 in their third game which boosted them to 1281 and a tie for ninth place.

Miss Hubble, who has a 162 average, had a 172 opener, fired 187 in the middle and then put together a string of strikes

in the finale for a 219, getting a split on her second ball in the 10th after getting a double.

Norgrove was above his 190 average in all three games, with 206 in the first, then 193 and a 224 in the third where he had seven strikes but couldn't put them together. Miss Hubble wound up with a gross 559 and Norgrove 623 for the 1281 total.

With three weekends remaining in the tournament, which has a guaranteed first prize of \$1,000 and an estimated top prize of \$2,500, based on 1,000 entries, Tournament Director Mac Goldman is looking forward to full squads for the remaining six sessions.

"The tournament has taken such a hold this year that we feel certain we will pay off the estimated \$2,500 first prize," he said. "However, there are choice times and dates still available in the remaining three weekends."

"We urge all bowlers to file entries now if they have a desired time and date. This is our greatest tournament in the three-year history and we are looking forward to at least 1,000 entries and perhaps more."

The mixed doubles is a 70 per cent handicap affair with an entry fee of \$10 per team. Bowlers must present sanction cards from either the ABC or the WIBC at the time of bowling and all averages will be rechecked before the tournament committee announces the complete list of prize winners.

Dates available for the remainder of the meet, which

St. Agatha Tops Loop; Victory Over Sorrows

Sitting all alone atop the heap in the Northwest Division of the Catholic League stands St. Agatha's baseball team.

The Township's have a 3-0 record with a lot of the credit belonging to Rick Collins who started the season by hurling a no-hitter.

Last week, Collins beat St. Frederick's, 5-1, and then helped with Mike Wlezniak as St. Agatha downed Our Lady

of Sorrows, 4-1, in a battle of unbeaten for the divisional lead. Collins worked 3 2/3 innings against Sorrows and didn't allow a hit. But when he hit a batter, walked two more and delivered a wild pitch in the fourth inning to permit Sorrows its only run, Collins gave way to Wlezniak, who finished brilliantly. Wlezniak was touched for or

hit in the fifth — a single by Mark Benner.

Meantime, Sorrows bounced back with two runs off Miles Kearney, another no-hit ace, in the fifth when after Mike Roemer and Tom Aubuchon walked, Greg Brower delivered a two-run hit.

That was enough to win for St. Agatha, but the team added two tallies in the sixth when Collins was hit by a pitch, Aubuchon walked again and Jim Roose blasted them across with a safety.

Collins held St. Frederick to seven hits and fanned 12 in a six-inning performance. Wlezniak worked the last inning, allowed one hit and fanned two.

Wlezniak also struck the big bat. He homered in the fourth after which Roemer slugged a two-run triple to give St. Agatha a 4-0 lead. Collins' triple in the sixth finished the St. Agatha scoring.

Before losing to St. Agatha, Sorrows posted a pair of victories.

In a divisional contest, Sorrows mastered St. Michaels, 8-1, with Tom Webster scattering six hitting and fanning five. The freshman moundsman didn't issue a single walk.

Bill Morgan paced the Sorrows' attack with three hits in four appearances. He knocked in three runs.

Sorrows then downed Wayne St. Mary's, 8-4 in a non-leaguer, as Jerry Turner hurled the route and yielded only three hits.

Webster smacked a three-run triple in the second inning when Sorrows broke loose with five runs to sew up matters in a big hurry.

Thurston, Falcons Win In-Relays

Thurston and Farmington each came up with one championship effort last Saturday in the annual Central Michigan relays at Mt. Pleasant.

The Thurston two-mile relay team composed of Ralph Stanifer, Stan Jerlecki, Bob Grim and Don Bristol triumph in the fine time of 8:13.2, just a tenth off the record.

Meantime, Farmington High's Ron Short soared 12 feet, 6 inches, to cop the pole vault.

Jack Shepherd of Redford Union placed second in the individual mile, while Thurston's Jerry Szostack took a third in the shot put despite an excellent throw of 51 feet, 2 inches.

The Thurston mile relay of Stanifer, Tom Adamson, Grim and Bristol came in third. Eric Bargo of R.U. was nipped for fifth place in the "100".

Thurston totalled 19 points to finish sixth overall as Flint Central won the Class A championship.

In a dual meet last week, Thurston lost to Birmingham Groves, 65-44. Here's how Thurston entries placed against Groves:

Shot Put: 1—Jerry Szostack. Distance: 50 feet, 8 1/2 inches. Broad Jump: 2—Al Phillips, 3—Don Bristol.

High Jump: 1—Phillips, 2—Bristol. Height: 5 feet, 6 inches. Pole Vault: 2—Mark Holden.

880-yard relay: 2—Thurston. Mile: 1—Bob Grim. Time: 4:46. High Hurdles: 3—Rich Stefani. Half Mile: 1—Bristol, 3—Ralph Stanifer. Time: 2:02.7.

440-yard: 1—Stan Jerlecki. Time: 53.4 seconds. Low Hurdles: 3—Stefani. 220-yard: 3—Charles Noel. Mile Relay: 1—Thurston (Bristol, Jerlecki, Stanifer, Grim). Time: 3:40.9.

NO-HIT RIVALS: Rick Collins (left) of St. Agatha and Miles Kearney of Our Lady of Sorrows talk strategy before opposing each other in Catholic League game won by St. Agatha. In their previous starts, both Collins and Kearney had turned in no-hit victories.

RU Cops Two as Rocks Split, Bentley Bows

Redford Union's baseball team is off and running again in the Suburban Six League.

Co-champs a year ago, Redford Union has shown the red in the new campaign following a 7-1 win over Belleville and an 8-3 verdict over Trenton last week.

Meantime, Plymouth split its initial action in conference play, while Bentley dropped both of its league tilts in the first week of the season.

Plymouth dropped a slugfest to Trenton, 10-9, before rebounding to beat Allen Park, 4-3. Bentley dropped a tough one to Allen Park, 3-1, and was blasted by Belleville, 9-2.

Dick Barryman notched a two-hitter and fanned five to give Redford Union its win over Belleville.

Harry Kendrick and Rick Pulju socked out singles in the first inning to send RU in front in a roush. Then Barryman singled another run across and the pitcher delivered another RBI single in the fifth.

A homer and double by George Little sparked Redford Union's march past Trenton, which shared the crown a year ago with the Township.

Little's two-bagger came in the fourth inning and knocked in Cary DeLoye, who had forced Ernie Bourassa. In the sixth with Bourassa and DeLoye aboard after singles, Little clubbed a homer.

Singles by Bourassa and DeLoye in the seventh inning helped RU fatten its lead.

Rick Fisher worked on the mound for RU. He gave up four hits and struck out seven. He didn't walk a man. An error and two hits netted Trenton two quick runs in the first inning.

Plymouth staged an eight-run outburst after two were out in the fifth inning against Trenton, but it did the Rocks no good.

In the seventh inning with the score tied at 9-9, Jack E'dridge socked a homer for Trenton to break up the game.

In the eighth-run blast by Plymouth, Jim Lake cleared the bases with a triple and Marlin Sutter chased in two runs with a single.

Dave Troutman and John Daniel shared the pitching for Plymouth. Each was tagged for five runs.

Troutman then came back against Allen Park and went the distance. He was touched for eight hits, twice the output collected by his mates.

But the Rocks produced in key situations. In the first inning Lake doubled and Daniel singled for one run. In the fourth, Bob Gotro singled after two walks.

Three walks, a single by Ron White and an infield bouncer by Daniel netted Plymouth its final two—and deciding—runs in the fifth inning.

Bentley again had its problems. Hank Schoenbeck pitched well enough against Allen Park to win, but Bentley couldn't come through with any clutch safeties.

The only Bentley run was scored when Schoenbeck himself walked, stole second and scored on a single by John Plumley. Allen Park notched two runs in the second inning and one in the sixth.

Harvey Jacksch was on the mound for Bentley against Belleville. The game was tight until the fifth when, with Belleville leading, 3-2, a four-run bombardment on five straight hits put the game out of reach for Bentley.

Bentley scored once in the second on a double by Jacksch, a fly out and a passed ball. In the fifth, John Harrison walked, moved to second on a roller and scored on Bill Woods' single.

The Bentley record for the season now stands at 0-4, but the team would appear much better than that.

ALL SMILES is Rick Gunderlock after leading his team to the post-season rolloff championship in the Detroit News Teen Masters League. He carried a 204 average for 12 games. None could ever imagine him as a 95-pound wrestler at North Farmington High School.

East Slips In Battle To Repeat

Disappointing best fits the baseball season thus far at Garden City East.

After a championship campaign in 1964 in the Mid-Wayne League, East appeared as the team to beat again in '65 — especially with a roster studded with veterans.

But with the season still short of the halfway mark, East stands 4-4 and its chances are growing slimmer by the week in its bid to repeat as conference kingpins.

East had to settle for a split last week.

First there was a 9-3 loss to Inkster, despite the fact East matched Inkster's no-hit attack. Then East came back to blank Lovrey, 7-0.

Norm Vasquez was the loser against Inkster. He gave way to Don Chute, who finished up.

Dennis Simpson, Don Smith and Dave Ventura each collected a pair of hits for East.

Joe Pomykacz turned in a neat five-hit shutout in blanking Lowrey. He fanned 15 and walked three and was in no serious trouble.

Four runs in the sixth inning wrapped up the verdict. Don Mood singled, Chute, Pomykacz and Joe Heuber all were safe on errors, Smith singled and Simpson doubled to bring in the four markers.

Plymouth Bows In Golf Match

Plymouth high's golf team lost a 168-172 verdict to Trenton at Braeburn. Dave Wall had a 41 for the Rocks, Bob McCall and Jeff Griswold each 43 and Chuck Amos 45.

OBSERVING SPORTS

By George Maskin

NEW YORK — Putting one little word after another as we jet into the big city for Thursday's National Basketball Association draft meeting:

The Detroit Pistons' first choice will surprise nobody. They already have indicated that they'll pick Michigan's Bill Buntin as a territorial selection.

After that, the Pistons will have to play matters by the ear. They'd like one of the VanArsdale twins from Indiana . . . but it's a good possibility both will go in a hurry.

Thanks to the fellow umpire who called in about that improper ruling we listed in this column a couple of weeks ago.

We said that if a batted ball hits an infield, the runner advancing between a base is out. This, of course, is wrong. When a batted-ball strikes a runner, either between or on a base, that runner is ruled automatically out, while the batter is credited with a single.

No runs can score on such a play.

One can't blame a lot of the coaches of spring high school athletic teams for singing the blues. Some even raise the question:

"Maybe we shouldn't have such sports!"

Between the weather, school functions, senior trips and what have you, the coaches struggle to get a team on the field.

All is ready for the start of the first annual Livonia Invitational High School baseball tournament. The tourney gets going on May 15 when Clarenceville plays Bentley at Henry Ford Field at 7:30 p.m.

The following Friday will see the Clarenceville-Bentley winner meet Our Lady of Sorrows while Thurston takes on Redford Union. On Saturday, May 22, North Farmington engages Franklin and Farmington plays Plymouth.

Semifinal games are listed for May 28 and the finals for May 29 . . . all under the lights at Livonia's Ford Field on Farmington Road.

The meet is being jointly sponsored by the Livonia Optimist Club, Livonia's Recreation Department and the Observer Newspapers. A great deal of credit must go to Livonia's Les Anders for setting up all the necessary details.

It should be quite a tournament.

The harness racing season is booming at the Wolverine Raceway at the DRC. More people are flocking to the beautiful oval to watch the evening programs.

If you haven't been to the trotters, make it a must. You'll enjoy yourself.

It's a treat just to watch the customers in action . . . how they scribble notes and try to find out the "inside" on who'll win the fifth or the "twin double."

The popularity of the "twin double" continues to spread. Here's your golden chance to collect a bundle. All you must do is correctly select the winners of four races—the fifth, sixth, eighth and ninth.

It's very simple! Sure thing. But somebody did win over \$33,000 at the Hazel Park track last week.

The Our Lady of Sorrows golf team suffered two defeats last week.

Redford St. Mary's beat the Farmington team, 186-194, as Harry Lapham shot 42 for the losers, while Dave Sutton had 44, Bill Laver had 51 and Don Neipoth 57.

Against Orchard St. Mary's, the Farmington golfers dropped a 190-192 heartbreaker. Sutton and Lapham each carded a 44 for the losers.

Livonia Mall Plans Tribute To Mothers

Sixty working mothers—key women employees in Livonia city government and sales personnel in stores and services at Livonia Mall Shopping Center — will be honored guests at a Mother's Day Recognition luncheon at the shopping center on Friday (May 7).

The luncheon is being given by the Livonia Mall Merchants Association to honor mothers who work in the Mall's Community Auditorium from noon to 1 p.m.

Marion Young, president of the Merchants Association, said, "These women have been singled out because they play such a demanding role in our society today: Guiding families, raising children and at the same time, fulfilling key roles in government and commerce."

Twenty of the guests will represent different departments of City of Livonia government and the remaining ladies will each represent a different store or service located at Livonia Mall Shopping Center, Middlebelt and West Seven Mile Road.

Open New Auditorium at Livonia Mall Center

Livonia Mall Shopping Center formally announced the availability of its 200 seat Community Auditorium for rental for civic, fraternal and social affairs.

The auditorium, located near the G lot entrance to the enclosed Mall, at Middlebelt and Seven Mile Road, will be available for daytime and evening rentals every day, according to Center General Manager Robert Poris.

"The auditorium is fully heated and air-conditioned," said Poris, "and offers controlled lighting and a built-in public address system."

"In the near future," Poris said, "we propose to add a portable stage and a screen for showing motion pictures."

"Livonia," said Poris, "with its continuing, rapid development and the increasing pace of its cultural, civic and social activities is well able to take advantage of a facility such as this auditorium. We are already

committed to a series of meetings ranging over the next two months, involving hundreds of persons."

The auditorium will be made available to groups on an open availability, first-come, first-served basis.

Rental requests and all inquiries regarding the auditorium, its usage and facilities, should be directed to the Livonia Mall publicity director, Gary Goldberg, in person, or by phone: 478-1166.

List Five Rules to Follow in Buying Shrubs

There are several different sources from which consumers can purchase top quality nursery stock. These sources include local nurserymen, mail order nurserymen and reliable nursery agents.

What should you look for in purchasing plants? Five guides have been designed by the American Association of Nurserymen to help assure consumer satisfaction.

In general, members of this association offer nursery stock which is better grown, more closely inspected, of great variety, with adherence to grade standards established by the association and accepted by the American Standards Association.

HERE ARE the five rules for consumers to follow:

1. Select a reliable source, or sources, of supply and stick with it.

If this first rule is observed, there often is no other need to adhere to the remaining rules. The reputations of local or mail order, or agent nurserymen are generally known by one's neighbors and can be checked easily.

The American Association of Nurserymen's seal is helpful, since the group's members generally are the industry's leaders.

2. Beware of extraordinary claims, both advertising as well as oral claims. A tree will not, unless the structure happens to be a doghouse, grow "roof high in one season." The range of growth for trees in one year is from a few inches to perhaps a maximum of four or five feet.

Question anything except vines that is advertised as growing more than four feet in a single year. It will be easy to check growth claims with nurserymen you know, arboretum or park authorities, etc.

3. There is a wide range in the number of flowers produced by plants. Some flowering trees or shrubs will produce thousands of blooms. Watch for such exaggerated claims. "Many bushels of fruit, the very first year," is patently false.

It is general practice to show trees or shrubs in bloom or in fruit at nursery. This is so you can visualize what the tree will look like when fully grown. Obviously such a tree cannot be transported or shipped to you, except at considerable cost.

You will therefore receive a shrub or tree that is from

two to 10 years old. If planted according to instructions it will in time grow to look like the specimen, which may take another two, or even 20 or 30 years or more, depending on the species.

Trees and shrubs vary tremendously in many ways, growth rate, number and size of flowers, fruits, etc., but usually one can detect outlandish claims if he looks for them.

4. There are "bargains" in nursery stock, as with everything else. Obviously, however, a very small seedling size rooted cutting can sell at a lower price than the usual landscape size tree or shrub that has been given years of care before placing it on the market.

If you have any doubts about the age, size, or quality, inquire before purchasing. Ask about their size and if

the plants adhere to AAN standards. If not, do some checking.

5. There are new discoveries in plants each year, such as new varieties of roses, camellias, dogwoods and similar plants. There are almost no discoveries of "entirely new plants,"

however. So if you see an "amazing" or "fabulous new plant" advertised, check before you buy.

Established nurserymen are very concerned about occasional false advertising claims for plants. Every year one or two or more "amazing new

plant discoveries" appear in advertising from coast-to-coast.

Any such extravagant claims should be checked with nurserymen, Better Business Bureaus, Arboretums, Extension Services and other sources of information.

Good Lawn Is Goal Of All Homeowners

A good lawn is the ultimate goal of most home owners and has become a suburban symbol.

Either seeding or sodding can result in a lawn which the neighbors view with envy. Seeding is a long-term project requiring much patience and skill.

Sodding is much like laying an outdoor wall-to-wall carpet and it can transform a barren lot to a grassy mat in a matter of hours. Sod can be laid at any time during the growing season up to a month before growth stops in the fall. Lawns should be seeded in late summer or early fall.

Although generally more expensive than seeding, sod has become increasingly popular in recent years. It is especially useful for replacing small spots damaged by heavy traffic.

Professionally-grown turf is usually one type of grass, thickly matted, free from weeds and a good healthy condition. When replacing poor turf, the old grass should be plowed or roto-tilled to add organic material to the soil.

The surface should then be

contoured to get the desired slope, cultivated to a depth of six to eight inches, fertilized and raked. Only then should sod be put into place, fitted, matched and packed by rolling and watering.

Bluegrass is the most widely used grass for sod. Recommended varieties include Kentucky, Merion and Newport. Both Merion and Newport are considered high-quality turfs, but are slightly more expensive and require heavier applications of fertilizer.

Lawn, Rose Booklet Solves Most Problems

A new 24-page full color booklet will be of interest to readers seeking answers to common lawn and garden problems. The booklet gives information on lawn and garden care. It's filled with facts on feeding, seeding, watering, mowing, and protection against insects and weeds. In addition, one entire section is devoted to roses, other flowers, and evergreen care.

Included in the booklet are color photographs of the most troublesome lawn weeds, as well as illustrations of common lawn and garden insect pests.

Free copies of the booklet, All About Lawns and Roses, are available from leading lawn and garden, hardware and department stores that carry Greenfield lawn and garden products. Garden clubs and other groups desiring 10 or more copies may write Greenfield Merchandising Department, Elanco Products Company, Indianapolis, Ind.

On the lawn WITH LARRY LAWRENCE

On Madison Avenue they will tell you that anything that can be said about a 50c cigar has already been said about a 5c cigar. And I was reminded of this when checking over the new garden products that will make their bow this spring.

Some of them actually perform the miracles that have been nothing but claims until now. For instance, Scotts have a new combination product that does just about everything but cut the grass for you.

It is called Turf Builder Plus 4 to signify that it feeds the lawn and does four extra jobs. First, in addition to providing a full size meal it stops crabgrass and the other grass-like weeds such as foxtail, goosegrass and so on. Secondly, it controls dandelions, plantain and other rosette-type weeds, including heal-all, lambsquarters etc.

Third, it controls those pesky vining weeds like chickweed, ground ivy and the like. Fourth, it clears out grubs, ants, beetle larvae and thus discourages the moles.

If this interests you, better plan to use it early because of the crabgrass ingredient. The idea is to get this down before the crabgrass seeds have sprouted. Just one precaution. If you use Turf Builder Plus 4 this spring, postpone any seeding until late summer.

Ease Paint Plans With These Tips

When a can of paint is being stirred by an electric drill with paint mixing attachment, prevent spatter by making a temporary lid of heavy cardboard. Push mixing rod through hole punched in cardboard.

Spinning the handle of a paint brush between the hands after cleaning will remove excess solvent of thinner effectively.

OUTDOOR PROJECTS

For outdoor projects use special forms of hardboard and plywood that are put together with waterproof adhesive. To preserve these panels properly, coat with paint, varnish or other protective finish.

YARD TOOLS

Push yard tools up and down in a pail of sand mixed with lubricating oil before putting them away. The sand will scour off dirt, while the oil provides a protective preventing rust.

Now Is the Time To Beware of Termites

This is the mating season for termites—and they may be planning a honeymoon in your house.
You'll know if you see a swarm of "flying ants" buzzing about the place this spring. It's probably termites out for their nuptial flight.
Every spring young reproductive termites get the universal urge to start housekeeping on their own.
The romance usually begins after a warm spring rain. When the sun pops out, thousands of winter-weary termites pour out of underground nests into open daylight.
After short, wobbly flights of only a few yards, the tiny black insects pry off their wings and begin a frantic search for a mate. They must burrow into the ground within a few hours or be eaten by birds or other predators.
To the startled housewife, this yearly phenomenon looks like a mass invasion of flying ants. But, there's a big difference. Ants are relatively harmless while termites cause \$250,000,000 worth of property damage each year. Ants are, in fact, the termite's fiercest enemy.

New Type Faucets Efficient

Single control faucets are probably best-known for the easy way they work—a flick of the wrist and you've got the right flow at the right temperature. Requiring the use of just one hand instead of two, they mean you don't have to set things down to make adjustments.
A mother with a baby in one arm and a bottle in the hand of the other can even operate the lever-type faucet with her elbow or forearm. So it's pretty well agreed that for convenience, single control faucets can't be beat.
But there's another important advantage that you don't hear so much about. This advantage is that the new single-control faucets are virtually trouble-free. Several models for example, have only one moving part, and have no metal-on-metal contact.
These products are tested under thousands of hours of the most abusive treatment possible before being mass-produced for release to the public. They're proven leakproof and foolproof long before they're installed on your sink or lavatory.
And they're safe too. Chances of accidental scalding are almost eliminated because the position of the handle indicates at which temperature the water will flow before it is even turned on. Any member of the family, including small children, can operate them both safely and easily.
The ultra-modern appearance of single-control faucets gives any fixture the ultimate look of high-styled design. Not just a product of new-home installations, they are being used increasingly for remodeling projects.
In fact, 40 per cent of those sold are installed as replacements in older homes. For further details, including price, contact a qualified plumbing contractor.

Do's and Don'ts Decorating With Color

Color can work a wonderful transformation in any room—especially when you follow some of the basic rules that have been discovered about its use. Here are "Color Do's and Don'ts" to guide you:
DO USE LIGHT COLORS in a small room to create an impression of greater size.
DON'T USE TOO MUCH pattern, in any room. This can be distracting and tiring.
DO PUT EMPHASIS on warm reds and yellows in rooms that are windowless or face toward the northeast.
DON'T USE BRIGHT COLOR in large areas, as this will detract from the furnishings.
DO HAVE CONTINUING COLOR flow through the house, and use harmonious colors in rooms that adjoin.
DON'T USE TOO MANY cool blue hues in a northeast room or it will seem to be cooler.
DO MIX LIGHT AND DEEP colors in each room.
DON'T USE TOO MUCH red or yellow in a southwest room with large windows, or it will seem warmer.
DO PAINT THE CEILING of a room a deeper color than the walls, if it very high. This makes it appear lower.
DON'T PAINT GLARING architectural features, such as radiators, to contrast with their background. This will emphasize them.
DO REMEMBER COLORS are relative and must be seen together.
DON'T USE GLOSSY PAINTS on walls or ceilings of living areas, since such surface creates glare.
DO STUDY COLOR SWATCHES in both day and night light; colors often change under artificial light.
DON'T HAVE ALL SHINY or all rough-textured fabrics in one room—vary them for visual interest.

Low-Cost Wall
Got the spring bug to redecorate the house? Start by face-lifting one room with western wood paneling. The Western Wood Products Association estimates cost of paneling an 8x12 foot wall at about \$50, and this is for solid lumber boards.
Even Spaces
To get even spacing between deck boards, use pieces of shingle or lath with a nail stuck crosswise through each. Butt deck boards against spacers, nail them, and remove spacers for next course.

Now's Time To Battle Crab Grass

Thousands of dormant crab grass seeds will sprout this spring . . . and scarcely see the light of day!

These infant crab grass seedlings will be the victims of forward-looking homeowners who apply pre-emergence crab grass killers.

In either the city or the suburbs, killing crab grass the pre-emergence way makes sense. One crab grass plant can grow to a three-foot diameter and spread as many as 25,000 seeds in a season.

Even in well-kept neighborhoods, thousands of crab grass seeds may lie dormant in the soil and emerge years later when the right combination of temperature and moisture occurs.

As any homeowner knows, the larger and older a crab grass plant becomes, the tougher it gets and the harder it is to eradicate. Grown-up crab grass can be killed, of course . . . laboriously, by pulling and chopping, or with repeated applications of powerful herbicides . . . but by far the easiest way is to finish off this weed before it even appears.

While pre-emergence killers may be applied anytime and re-

Mayfair Realty Totals \$82,700 Two-Day Sales

Working on the theory that "action starts" when you call Mayfair Realty Co., Herman Gebers, head of the company, Monday announced Redford sales for his firm totaled \$82,700 in a two day period.

The firm sold the one and a half story, modern brick home owned by Mr. Gebers and Mrs. Stanley Harlow, of 11980 Inkster Road.

Then a day later it sold the ranch type home of Mr. and Mrs. Alfred Wool, 12850 Inkster, and the Cape Cod frame dwelling owned by Mr. and Mrs. Forest Lavender, 12930 Inkster.

"We have made many friends in this area," said Gebers, "We intend to make special efforts to deserve such patronage in this promising market. We will soon occupy our new office at Six Mile and Beech-Daly Roads."

"WE CURE SICK FURNACES"

People like bargains. But a heating system should be bought on total comfort and service and not the lowest price. During our slow spring season, you can save many dollars on that new furnace or boiler replacement. It's natural to "put it off," but a new unit can't be properly checked out during the heat of summer. If you are going to change this year, obtain our bid now. Prompt estimates at no obligation. No heat lost during replacement. FHA terms and no money down.

Brubeck Has Trouble Filling Hall With Sound

By BILL GAIL
 Musicians performing on stage in a hall are confronted with problems of providing visual entertainment as well as musical, and of coping with acoustical problems differing substantially from those in a recording studio or radio station. Laboring under the handicap of trying to produce sound to fill the University of Detroit's mammoth Memorial building with only four musicians, the Dave Brubeck Quartet got its greatest response Friday night from a drum solo by Joe Morello. The visual aspect of filling the arena was as satisfactory as the technical display to those in attendance. In contrast to Brubeck, Duke Ellington with his 16-piece band, carrying five trumpets and three trombones, was able by sheer size to provide visual as well as aural entertainment. The Duke evoked fond memories from all with a medley of some of his hit songs, including "Satin Doll" and "Caravan." Brubeck was good and the saxophone work of Paul Desmond with its excellent "line" and velvet tonal quality extremely rewarding. However, the quartet and the sound suffered from poor acoustical conditions. Ellington and his power were better able to overcome the difficulty.

 Private William G. Huston, son of Mr. and Mrs. Raymond S. Huston of 30440 Florence Street, Garden City, has completed a course of leadership instruction at the Army's Leaders School, Fort Leonardwood, Mo., and was appointed as Acting Sergeant and assigned the duties as assistant Platoon Sergeant.

Madonna Slates Spring Festival

"Beyond the Beyond" is the theme of this year's big spring festival of Madonna College. The day of fun, entertainment, chance, is May 16, on the college campus, off Levan and Schoolcraft Roads, from 12 to 9 p.m. Months of preparation have preceded the day which will see a gathering of friends, relatives, and benefactors of Madonna College. The purpose? To make a profit of \$25,000 which will help finance the activities of the next scholastic year and replenish the very slim building funds of the college. The attractions are many. First of all, prizes will be awarded. They are: \$1,000, an automatic dishwasher, a portable television, a pool table, and a set of cookware. Booths are being set up on the academic patio. Both the booths and costumes of those manning them, will feature the theme of outer space. Class members will operate various booths. Seniors will be in charge of the parcel post, blue ribbon and nickel pitch; juniors, dart game, infants and stuffed animals; sophomores, bake sale, pluck-a-flower, coke toss and fish pond; and freshmen, handiwork, aprons, grab bag, and rummage sale.

Sister Mary Bridget, CSSF, is co-ordinator of the entire activity. Co-chairmen, who have spent months preparing for the day, distributing responsibilities, soliciting aid of all kinds, are Barbara Odine and Marcella Mutslavish. Workers who have volunteered their services for the day are the Parents' Club, College students, and the Alumnae. All friends of Madonna College are invited to attend the festival.

Bentley Swim Show Opens Friday Night

Theme of this year's show is "Travels... Unique." The North Pole, Sultan's Harem, the Land of Dreams, Desert Oasis and the Everglades are some of the spots the show will visit. Officers of the Silver Swans are: Ruth Waterston, president; Eileen Carey, vice president; Sue Sladek, secretary-treasurer; and Managers, Karen Cox, Joyce Hickerson and Laura Shanks. Mrs. Kollen is the aquatic director of the show while Miss Mary Lou Meyer is the technical director. A cast of 36 will appear in the production.

Two Approaches to Philosophy To Be Explained

Robert G. Leisey will lecture on "Collingwood and Santayana: Two Approaches to Art," in the University of Detroit Student Union Ballroom, Thursday, May 6, at 8:15 p.m. Sponsored by Phi Sigma Tau, national philosophy honor society, the talk is part of the "Questiones Disputatae" semi-weekly lecture series at U. of D. Leisey will discuss the two philosophers, who are rather unique in their assertion that in the process of "humanization" of man, such development is impossible without art. Currently almost all English speaking philosophers have been studying natural science, logic, and linguistic analysis while dismissing art as non-meaningful and merely subjective.

Wally Roberts GOING UP 'CURTAIN

Original music by Jeanette Zinth, clever lyrics by Al Doherty, show-stopping choreography by Miss Harriet, and a four-piece orchestra, had all the zing and zest of a twenty-piece band, gave "Hillzapoppin'" a permanent place in Old Wally's theatrical Hall of Fame. Hundreds of hard-working Redford Suburban League members from Producer Elaine Mango to scene painter Doris Weber logged long hours to produce a lively, tune-filled show.

"Hillzapoppin'" though thin in the script department more than compensates for its literary anemia by giving the patrons many peppy, melodic musical numbers. Friends and neighbors in the Redford area that normally go sedately about their household or business tasks suddenly were transformed into musical comedy stars via "Hillzapoppin'."

A host of directors, creative urgers, and motivators assist in the metamorphosis that takes place in Redford Township every spring. Musical Director George Bashara spends long hours orchestrating and exhorting performers to get with the beat.

Rehearsal Jeanette Zinth plays and re-plays the songs until her fingers are ready to separate at the joints. Dance director Harriet Fernandez shouts "one-two-three" until she feels her ogle-like horns are getting far too long.

Dramatic director kingsley Page snarls and verbally tongue lashes his dearest friends until they hate the ground he walks on. Yet it's all worthwhile since the end result is a Redford Suburban League Theater Guild production that yearly delights capacity audiences.

Old Wally missed last year's show due to the press of business and an out-of-town commitment. In fact, to catch last week's extravaganza I literally flew in from Lansing to catch the opening performance. It was well worth the effort.

Johnny Titus singing "a la Tony Bennett" turned in a magnificent performance as he exercised great lung power in his "Who Can I Turn To" number. John's acting ability was

perly. Ed Martin rolled his eyes roughly in this number and didn't miss a beat. His dancing has a restrained puckish quality that definitely charms and creates a happy atmosphere.

Speaking of a happy situation, Ace Azar pushed the show off to a running start with his comedy monologue. He belted "Put On A Happy Face" and the whole audience did just that.

Doug Sharick clowning his way through his speaking role and provided many of the guffaws of the evening. A dance number with Lee Gillard whipped up a veritable tornado of frenzied movement. The Farm Daughters went through their routine in excellent fashion. It was good to see Jean Sansone doing those intricate routines. Jean doubles as the costume chief for the dancers. As always her designs were colorful and quite professional.

Costume chairman Clara Monarch provided some sharp outfits for those with speaking parts. Sound effects were in the capable hands of Richard Brown and Bob Martin. Ray Kolep's lighting gave the show a true professional appearance.

Old Wally wishes he had more room to give credit to more actors and back-stage folks who cooperated so efficiently to make "Hillzapoppin'" the smash hit that it was last week. Let's end this happy review by saying that old Wally left Redford High as the program requested "with a happy face" as did the hundreds of lucky people that year after year visit and enjoy the Redford Suburban League's musical comedy.

land's third attraction, opening Tuesday, July 6. It is a witty and delicately risqué comedy by Preston Sturges.

For its fourth show the Playhouse again goes in for music and song as it offers "Student Prince," the ever-popular Sigmund Romberg musical. "Student Prince" was the "My Fair Lady" of its day up to that time boasting the longest Broadway run in history, 608 performances over a period of 76 weeks. Leads for the show have not yet been contracted. It opens Tuesday, July 13.

Television personalities Durward Kirby and Mary Fickett in "Love and Kisses" will be next on the schedule, running for one week starting Tuesday, July 20.

The weeks of July 27 and August 3 have not yet been filled at Northland. Negotiations are in progress for those weeks as well as the week of Aug. 17. Among vehicles being considered for these periods are: "Man For All Seasons" starring Charlton Heston; "Teahouse of the August Moon," with Bert Parks in the lead role; Agatha Christie's murder mystery "The Mousetrap," starring Gardner McKay of television's "Adventures in Paradise," and "Who's Afraid of Virginia Woolf," with Shelly Winters.

The week starting Aug. 10 will bring "Never Too Late," with Dennis O'Keefe and Phyllis Baxter to Northland, while the season-opener will be a two-week run of Lerner and Lowe's smash Broadway hit "Camelot," starring Patricia Morison.

Livonia Mall Plans Shopping Aid for Kids

Mother's Day Shoppers, from the Small Fry set, have a special invitation to Livonia Mall Shopping Center, located at Middlebelt and West Seven Mile Road, on this coming Friday and Saturday, May 7 and 8. The youngsters will have their own "Shoppers" to help them decide on their Mother's Day gifts. The selection will be made from lists of merchandise items that the stores at the Mall have compiled, ranging from \$1 to \$10 in price. Small Fry, who've been planning to crack their piggy banks for Mother, will be helped in locating gifts they can afford by two teenage "Shoppers" located in a booth in the center corridor of the enclosed Mall between the hours of 1 and 5 p.m. on Friday and on Saturday.

MOTHER'S DAY, MAY 9

You'll find that Special Gift at Hugh Jarvis. Unusual Glassware, Ceramics, Early American Wood, Wrought Iron.

Activities of Senior Citizens In Plymouth

Our gracious and devoted Ruth Gardner passed away on April 26. Senior Citizens and a member of the Grange were pallbearers.

On approaching the Vermontville Maple Festival on April 24, we enjoyed seeing the many baby lambs, calves and abundant livestock one does not see on the Freeways.

The hospitality of the townspeople, barbecued chicken almost as good as Plymouths at Fall Festival Time, rolls dunked in maple syrup will long be remembered.

The April 28 Fun Night given by the Soroptimists Club was enjoyed by a large group of members.

Highlighting the evening was the address by Mrs. Carl Caplin and the talks by the two exchange students, Sue Niemi of Plymouth and Gilla Rynning of Sweden, relating their views and experiences in each other's homeland.

Light refreshments were served and a fast moving card game with an abundance of prizes climaxed the evening.

Mrs. Harry Mumby and her committee had Lauren Dennison, Industrial Education Instructor at Junior High West and Mrs. Jeanne Hay of the Recreation Department as guests at our Pot Luck on April 29.

Host and Hostess for the month of May are Mr. and Mrs. John Gillis with Chairman Mrs. Harry Brown and her committee: Ethel Millard, Olga Nilson, Bertha Pook, Esther Weigel and Elizabeth Weisman.

Our next business meeting will be on Thursday, May 6, with our Open House for merchants, businessmen, neighbors and friends on Thursday, May 13, from 1 p.m. to 3 p.m.

The Birthday Celebration will be on Wednesday, May 19, with the Pot Luck on Thursday, May 27.

The bus fare for the Frankenth Bavarian Festival on June 15 will be \$2. The bus will leave at 9 a.m. Contact Dorothy Wilhelmi for reservations at the May 6 meeting. May 27 is the deadline.

The five-day Great Lake Cruise to Duluth from June 27 to July 2 has been postponed until the days from August 29 through September 3. Reservations must be in by July 1.

Three Flags DAR Hear Convention Report May 10

The annual meeting of the Three Flags Chapter of DAR will be held May 10 at the home of Mrs. J. Ernest Gross, 3806 W. Lincoln, Birmingham. The co-hostesses for the noon luncheon will be Mrs. C. A. Robitaille and Mrs. Carl Bush. The annual reports of the officers will be given at this time. Mrs. William Arveson, delegate to Continental Congress of DAR, will give her report of the convention which was held in Washington, DC, April 18-23.

new sign of new approaches to banking

This new symbol represents Bank of the Commonwealth's progressive attitude toward banking and finance. We're not afraid to break traditions to serve you better. For example, "The Commonwealth" was the first commercial bank in Detroit to make auto and installment loans—the first to make boat loans—first to offer a Pay-By-Check plan—first to promote a Christmas Club and to use a numerical checking account system. We don't keep "bankers' hours" either. All of our 33 offices are open until 5 P.M. Monday through Thursday, and until 6 P.M. on Friday. In addition, we are the only Detroit bank to offer 14 different patterns of High-Fashion Check sets. Our progressive thinking can help you when you want to borrow, save, or open a checking account. Stop in soon and see how.

St. Johns Will Build Addition

The Congregation of the St. John Lutheran Church, Farmington, celebrated its seventh Anniversary, Sunday, April 25, and approved plans for expansion as presented by the Planning Committee. Ground will be broken for the addition May 9.

The Congregation was informed of the activities and progress of the Committee by Mr. Don Otto, chairman. The congregational President, Bob Williams, presented the Resolution, and it received the unanimous approval of the Congregation.

The Planning Committee awarded the contract to a Farmington builder, Gordon Hall and Sons.

The St. John Lutheran Church was organized and chartered in April, 1958, with forty members. Services were held in the auditorium of the Farmington Junior high school until November, 1958, when the present sanctuary was completed. Today, St. John's has 250 confirmed members, 460 baptized members, and an average Sunday Church School attendance of 140 members.

REV. REX E. HUMBARD, founder and pastor of the Cathedral of Tomorrow in Cuyahoga Falls, Ohio, will speak at the Garden City High School Friday at 8 p.m. Rev. Humbard is also heard on the program "God is the Answer" in the area. The public is invited to the program.

Parsonage Dedicated
All Saints Lutheran Church recently dedicated a new parsonage. Pastor and Mrs. Dale B. Krueger and their two children, John and Joanna, are expected to move into the parsonage soon. Located on Joy Rd. near Newburgh, the home was built by Kenneth Brandt of Garden City. The redwood siding complements the redwood and stone of the church building.

Minister Visiting Holy Land

Diane Seaman, minister of Unity of West Suburbia Church in Livonia, is currently making a Holy Land Retreat through May 24.

Mrs. Seaman left New York City for Rome last Monday. From that city she will travel through Cairo and Lebanon to Jordan.

In Jordan the Pool of Bethesda will be visited and the group will walk to the Tomb of Christ.

Upon arriving in the old city of Jerusalem, Mrs. Seaman will visit the Mount of Olives and the Garden of Gethsemane. Also on the itinerary are visits to the Tomb of the Virgin Mary and to the Church of St. Peter in Gallicantu.

A complete day will be spent in Jericho and at the Dead Sea site where the Dead Sea Scrolls were discovered. Bethany and Bethlehem will also be visited before returning to the new city of Jerusalem.

Visits to Mt. Zion, the Chamber of the Last Supper are scheduled at that time. Before returning to New York, the group will visit historical sites of Christianity in Israel and Greece.
