## 61 in Community Help Produce Portable Piano Player

# New, Unique Industry Adds Jobs to Plymouth

Years ago, there was a childhood rhyme that mentioned the "butcher, the baker, the candlestick maker" and it could well apply to the development of a new, unique, modernistic automatic, player piano device that was unveiled Wednesday in

Plymouth and which its backers firmly believe will have a national impact. The press, radio and television saw the device for the first time in a preview. The Dynavoice, which transforms any ordinary, standard piano into a player piano in the

short time of 30 seconds, is not the result of one man's efforts, even though it was developed from the inventive mind of one man—it comes from a joint community-wide project that took in skilled and unskilled workers from every section of the Ply-

mouth community. The Dynavoice automatic piano player is a compact, electronic device, weighing 35 pounds, encased in a beautifully designed, durable lightweight, plastic cover that can be attached to the keyboard

of a piano in less than it takes to tell of it. Just plug it into any 110-volt electric outlet and sit back and enjoy your favorite piano tunes. It is equipped to play anything on piano rolls, old or new, and there are more than 10,000 tunes

available today in the nation's music stores. It is the invention of Paul Richards, a modern day "music man" who knew all about "78 trombones" before he began to dream of a device that would tickle the 99 keys of a piano.

Richards was long associated with one of the midwest's largest manufacturers of band instruments and has been members of orchestras since he was big enough to handle a bugle or trumpet.

From the ideas Richards carried in his mind and the hundreds of thoughts he wanted put on the drawing board came the player piano device with almost 1,800 separate parts, put together with the best engineering minds in the Plymouth community.

He picked Plymouth as the place he wanted to help develop his ideas since he had heard it was a community with the spirit and ingenuity needed to put across such a venture.

His idea of community effort caught the imagination of a good share of the community leaders and the result was that 61 bankers, businessmen, realtors, retired plant executives, engineers, electricians, plumbers, laborers, advertising executives, artists, lawyers, newspapermen, toolmakers, millwrights, housewives, stenographers and secretaries, photographers, physicians, mechanics and most any type of profession you can mention joined hands in the community effort.

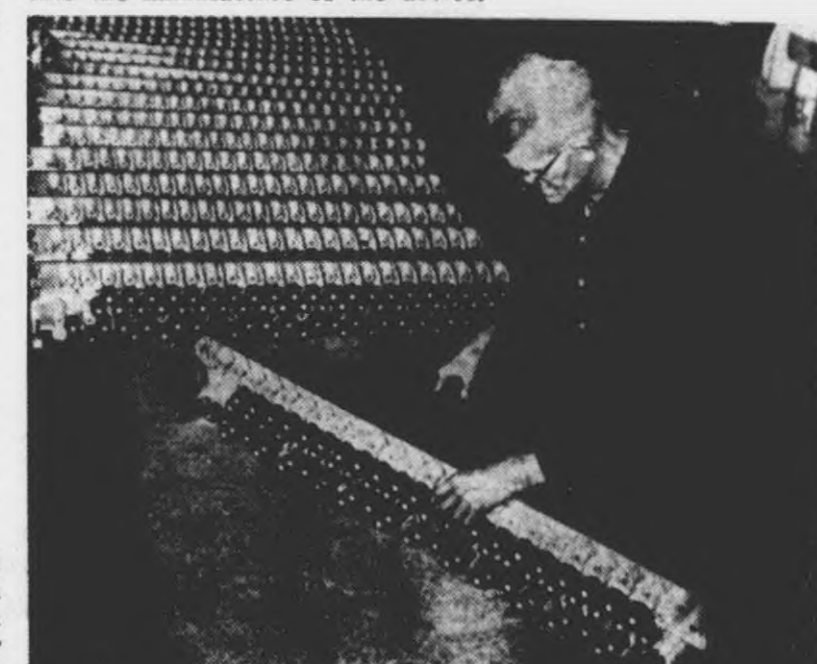

It wasn't any easy task for all had to start with the ideas on the planning boards and then work towards putting together hand-tooled models which were tested and retested for errors. Matters of fact it took almost two years of work, mostly in the hours after the day's chores had been completed before the group finally came up with a model suitable for public testing.

It was taken to several industry shows and immediately made a hit although the engineers still detected faults that had to be checked before they were ready for production.

That day has now arrived and the long, tedious hours of work has now been turned over to the

RETIREES help assemble some of the intricate parts that make up the portable piano player. More than 1,800 items go into the manufacture of the device.

SPECIAL "PLINKERS" are assembled by this retiree as he places each in position so that it "can plink its own key" on the piano as the music roll moves along.

WORKERS are treated to some lively music as the inspector makes a final check of the Dynavoice before approving it for shipment to an eager customer.

## Teachers' Pay Hikes Approved

Salary increases for the professional staff, averaging \$240 per teacher, were approved by the Plymouth Community school board Monday upon recommendation of Supt. Russell Isbister.

Isbister told the Board the proposed new salary schedule, which was approved, had met with the okay of the teachers' negotiating committee and had received a almost unanimous approval in a poll of the staff.

Isbister and Board member Robert Utter, who is chairman of the employes relations committee, reported the negotiations were at the highest level in years and opened on amiably from the carrying on meeting to the final settlement.

Emphasis, in the increases, was placed on the higher level and focused on the upper steps of the salary schedule for the benefit of career teachers.

The increments range from \$250 to \$350 according to Isbister.

The revised schedule: Bachelor's degree—from a starting salary of \$5,150 to \$5,300 an increase of \$150 at the lowest level and from \$8,000 to \$8,200 at the highest level.

Master's degree—from \$5,450 to \$5,575 at the lowest level and from \$8,600 to \$9,150 at the highest.

Master's degree plus 30 hours beyond—from \$5,750 to \$5,875 at the lowest level and from \$9,200 to \$9,950 at the highest.

Trustee John McLaren was the only member to vote against the boosts with Trustee Robert Soth absent.

In explaining his vote, McLaren told the Board that he wasn't voting against the increases but against the total amount which is 3.3 per cent against the 3 per cent promised to voters when the millage vote was taken in March.

Board President Gerald Fischer indicated he was aware of the difference in the percentage but said the Board would make the proper adjustments in another year to make sure the total over the two year period was not more than 3 per cent.

## Name Plymouth Coed To MSU Honorary

Marcia Randall, daughter of James H. Randall, 728 Burroughs, Plymouth, was among the 73 Michigan State University students initiated into Circle Honorary for 1965.

Circle Honorary was established at MSU in 1960 to honor coeds who have done outstanding work in the women's residence hall system. Membership is limited to not more than 1 1/2 per cent of the more than 7,000 women in the residence hall. Marcia is a senior majoring in English.

## Mayor Exchange Set Monday

# City's Michigan Week Events Open Saturday

Plymouth's most ambitious Michigan Week program in years opens a day in advance of the official celebration, slated from Sunday, May 16 through Saturday, May 22, and promises to keep the community on its toes for the entire seven days.

The week long program, announced by General Chairman William Nelson, opens with the start of the Plymouth Community Junior Baseball parade at 10:45 a.m. and initial games Saturday morning and afternoon.

Then it swings into an unusual Spiritual Day event Sunday evening at 5 p.m. in Kellogg Park when voices from six church choirs will join for the first time.

Monday is Government Day and Mayor James Houk will participate in the traditional Mayor Exchange Day with the Village President of Union City, a small community near Coldwater.

The City Commission will honor Village President Doyle Carpenter and his wife with a luncheon as part of the festivities.

Plymouth newcomers will be honored as the highlight of Hospitality Day on Tuesday when the Newcomers Club will hold an open house at Junior High East from 1 to 3 p.m. under the direction of President Mrs. John Murawski.

Wednesday, Livelihood Day, will be one of the liveliest of the entire week and will be featured by a dinner at 6:30 p.m. in the Mayflower Hotel when four of Plymouth's outstanding leaders will be honored for outstanding service to the community over many years.

Chairman James Thomas has arranged an unusual program at which John Kamego, of Michigan Bell will be toastmaster and Dr. Robert Lusk, director of Educational Services for the Automobile Manufacturers Association, will talk on "Earning, Learning and Yearning."

Slated to receive plaques for their leadership in the field of Industry, Business, Professional and Institutional are: Douglas Bathey of Bathey Manufacturing Co.; J. J. McLaren of the McLaren Lumber Co.; Dr. W. W. Hammond; and Floyd Kehrl, of the National Bank of Detroit.

## Books Production 40 Per Cent

# Packaging Corp. Plans Second Major Expansion

Plans for the second major expansion in three years of the Packaging Corporation of America corrugated container plant in Plymouth were announced Monday by J. J. McFalda, general manager.

Production capacity will be increased 40 per cent to more than 350 million square feet of container board yearly, with the installation of major new

production equipment. In 1962 the plant was expanded by 50 per cent.

A giant new Langston corrugating machine nearly 400 feet long, and capable of producing a continuous sheet of container board 87 inches wide at speeds approaching 500 feet per minute will be installed as part of the expansion. The machine will

replace the present smaller corrugating machine.

Sales Manager A. B. Killeen said the equipment additions will enable the operation to expand its services to industry in the Detroit and southeastern Michigan area.

"We will be able to create and manufacture a far greater variety of shipping containers and colorful corrugated displays to meet the diverse and growing needs of our customers," Killeen added.

McFalda pointed out that the expansion evidences Packaging Corporation's great confidence in the growth potential of the industry served in this area.

The Packaging Corporation plant in Plymouth serves the automotive and agricultural industries in an area bounded by Lansing, Saginaw and Toledo.

## Property Owners Rap Street Improvements

Plymouth's City Commission learned Monday night that few, if any, residents along the streets and roads slated for improvements, under the \$217,000 program announced two weeks ago, are interested in the projects if it hits their pocketbooks.

Inasmuch as it does hit where it hurts, more than 80 were on hand for Monday's special meeting and hearing to get the pros and cons on the many phases of the improvement program.

All 12 of the items were aired in the hearing and many a one received support from the taxpayers although most figures that the projects will be approved and they'll have to pay the assessments.

Most of the work involved a \$1 per running foot assessment for the property owners on the street side of their land.

Even though the Commissioners pointed out more than once that the City's share of the cost, in most instances, was 10 times that of the taxpayers, it didn't make any

difference — the audience as a whole was against any boost in tax bills.

A BOMB SCARE sent workers at the Plymouth Stamping plant, on Ann Arbor Road scurrying outside while demolition experts from the Michigan State Police made a thorough search of the building. This shot shows the workers milling around while the hunt went on. After two hours, the State Police declared it a hoax and gave a green light for the return to work. The alarm came when the Plymouth Township Fire Department received a call that a bomb had been planted in the building. Firemen alerted company officials, ordered the plant evacuated, called the State Police and then had equipment standing by in the plant parking lot in case it was needed. Fortunately it wasn't.

## Start Annual School Count In Plymouth

The annual census of the Plymouth Community School District started Monday for a "head count" of all children born on or after June 1, 1945.

That was the announcement of School Supt. Russell Isbister as he indicated nine Plymouth women will conduct the census during the last 20 days of May.

Supt. Isbister stated this is required by state law.

The enumerators are: Mrs. Dorothy Archer, Mrs. Elma Banta, Mrs. Pauline Jowsey, Mrs. Catherine Lamb, Mrs. Olive Olson, Joyce Rafe, Mrs. Elizabeth Schomberger, Mrs. Jennie Talmadge and Mrs. Dorothy Widmaier.

Each has been assigned a specific area in the school district and will call at each of the homes in that sector.

The purpose of the school census is to secure certain statistical data regarding preschool children and children of school age up to and including 19 years of age. Census data assists in planning the physical, instructional and financial needs of the School District.

## 3 Take Out Petitions For School Board

Incumbent Robert Utter will have competition in his campaign for a second consecutive term to the Plymouth Community school board. This was assured when it was

learned that petitions had been taken out for three candidates with the indication that at least two will be turned in to the school system's administration offices or to Board Secretary Mrs. Esther Hulsing before the 4 p.m. deadline Saturday.

Petitions have been taken out for Robert Jenkins, 525 Sheldon Road, Roger Smithling, 42478 Schoolcraft, and William Nelson, 1073 Penman Ave.

However, Nelson dropped out of the picture a week ago, leaving incumbent Utter and his two opponents.

There is a possibility that additional candidates will file before the deadline.

The election is scheduled for Monday, June 14.

## Post Office To Close On May 31

Regular holiday schedules will be observed by all post offices on May 31—a federal holiday by virtue of the fact that May 30, the usual Memorial Day holiday date, is a Sunday.

No delivery services, except special delivery, will be provided.

Street mail collections will be made on a normal holiday schedule, and outgoing mail will be dispatched. In Plymouth, the post office lobby will be open from 11:30 a.m. to 4:45 p.m., providing access to lock boxes, stamp dispensers and mail deposit slots.

## Receives Scholarship

Paul E. Roose, son of Mr. and Mrs. W. L. Roose, of 11630 Francis Street, Plymouth, has been awarded a freshman scholarship at Goshen College for 1965-66. The announcement was made by the Office of the President at this college, in Goshen, Ind.

**Seek Managers For 5 Teams In Colt Loop**

The Colt League of Redford Township is looking for five teams, all with players in the 15- and 16-year-old class. The league is scheduled to open June 2 but more than 100 boys will be without baseball this summer unless the managers are secured within the next two weeks.  
The fields have been reserved, equipment and umpires are ready for June 2 but teams need managers and without managers there won't be any teams.  
Anyone desiring to help the youth of Redford Township is requested to contact Ray Rothwell at KE 1-0863.

**SS Has Tips For Parents of Retarded**

Harry Baltuck, manager of the Detroit-Northwest district office said Monday the Social Security office now has available a leaflet on "Social Security and What It Means for the Parents of a Mentally Retarded Child." This leaflet is free and available at any of the offices.

The leaflet points out that an increasing number of social security beneficiaries who are mentally retarded now outlive the parents on whom they have always been dependent.  
By mid-1964, the leaflet states, at least half of the estimated 114,000 retarded adult beneficiaries receiving social security payments were over age 35. Some were over age 65.

The leaflet explains that a child may become eligible for social security benefits when one of his parents receives social security retirement or disability benefits, or when one of his parents dies. But if the child is disabled at the time he reaches 18, his benefits continue for as long as he is disabled—which may be for life.

In many cases, Baltuck stated, a person who has been disabled since childhood becomes eligible for social security benefits in middle age or later when one of his parents who has worked under social security retires, becomes disabled, or dies.

To get a free copy of the leaflet "Social Security: What It Means for the Parents of a Mentally Retarded Child," contact the social security office at 18500 Grand River by telephone, letter or personal visit.  
The telephone number is 272-0080, and the office hours, Monday through Friday, are 8:30 to 4:30 p.m.

# Unique Circular Gymnasium Will Be Unveiled Sunday

A unique, circular gymnasium-auditorium, containing an oval track will be put on display Sunday afternoon in Garden City prior to the night-time dedication of West High School. "Although there are other circular gymnasiums with

tracks in the country," said Dr. E. J. O'Leary, school superintendent, "I believe this is the first which has included an auditorium and I think it will serve as a prototype for many other schools." In order to solve the prob-

lems involved, the superintendent prepared some sketches which he turned over to the school's architects, Ralls-Hamill-Becker of Livonia. The result might be termed a "school principal's dream." An artistic dome ceiling rises

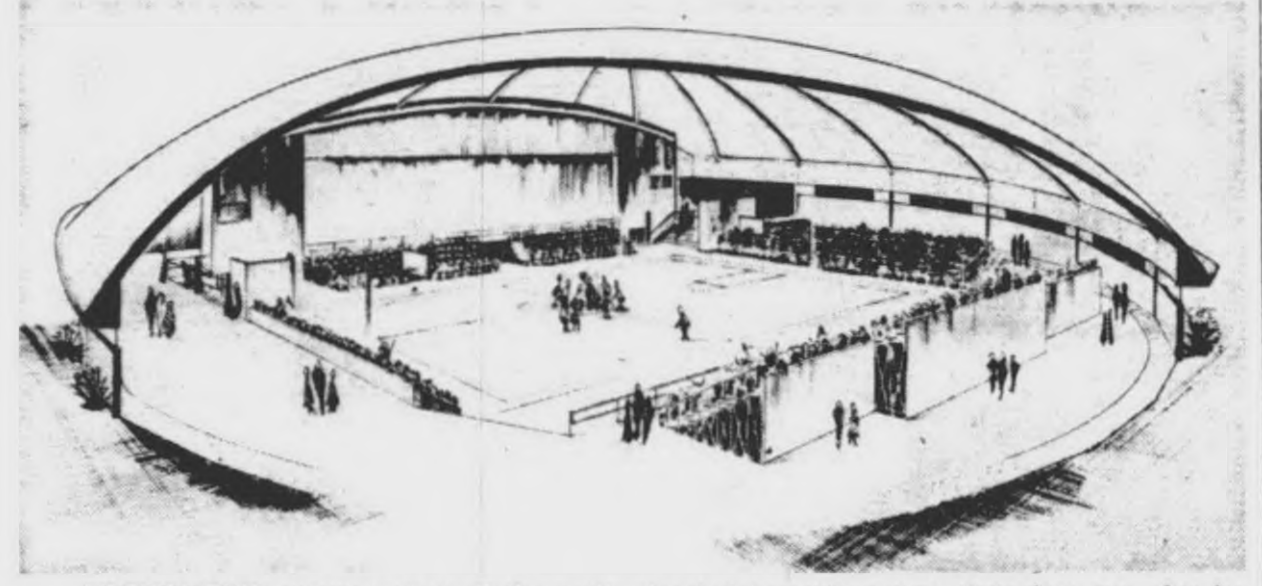

gracefully from ten-foot side walls to a center height of almost 40 feet. Every bit of space will be put to use. The major portion will be occupied by the gymnasium, with the 72-foot wide stage located

on one side of the basketball court and a wrestling area, on the other, behind the bleachers. The 156-yard track, at the same height as the stage runs completely around the outside wall and around the stage.

It has a 2 3/4-inch base made of a commercial product called "Grass-Tex." This material was developed to replace cinder tracks and Livonia's Franklin High School has an outdoor track built of the same substance.

Lighting and its control are out of this world. A complete battery of individual rheostats allows controlling the brightening and dimming of all lights in different combinations. Stage scenery will be stored

adjacent to the art department in a long room built especially for this purpose. To avoid conflicts between actors and athletes who want to use the gym at the same time, the speech-drama room was built on two levels to provide a simulated stage.

ARCHITECT'S cutaway view of the auditorium-gymnasium shows general design. Locker rooms are underneath gymnasium and are located in such a way that they can also be used by swimmers who are changing clothes. The pool is adjacent to the gym on the far side.

## Four Win Symphony Scholarships

Tuesday, May 4, winners of the Livonia Youth Symphony Society Recital Night competition for summer music scholarships were judged by Wayne Dunlap at Bentley High School from a field of 16 finalists. Dunlap, conductor of the Plymouth Symphony and the Director of Music at Schoolcraft College, donated his services to the Livonia Youth Symphony Society.

The scholarship winners: Livonia Youth Symphony Orchestra — \$100 scholarship — Judy Shirley, clarinet; \$50 scholarship — Linda Taylor, violin.

Junior Orchestra of Livonia — \$100 scholarship — Valerie Lelli, violin; \$50 scholarship — Phil Fouts, French Horn. Finalists were chosen from among 37 applicants in preliminary auditions held April 27. There were eight instruments represented: the violin, viola, cello, flute, clarinet, cornet, trumpet, and French horn. Judges for the preliminary auditions were, for the Youth Symphony, Gene Page, Jack Bowman, and Art Domalske; for the Junior Orchestra, Peggy Clifford, Richard Neal, and Jack Trudgeon. All are staff members from the Livonia Public Schools.

Finalists selected for the Youth Symphony scholarship competition were: Linda Taylor and Kathy Wright, violin; Paula Crafton and Debbie Fayroian, cello; Kerry Rifkin, trumpet; Arlene Schelling, flute; Judy Shirley, clarinet; Betty Smith, French horn.

The finalists for the Junior Orchestra were Bruce DeBald, Mary Frisch, and Valerie Lelli, violin; Bill Donahue, viola; Tom Fletcher and Phil Fouts, French horn; Beth Shirley, flute; David Westbay, cornet. The Youth Symphony scholarship winners will play their recital numbers at the Livonia Youth Symphony Concert on May 16 at 4 p.m. at the Franklin High School. The Junior Orchestra winners will play at the May 23 Appreciation Concert at Franklin High School at 4 p.m.

## Livonia Tops Area Easter Seal Gifts

With total receipts of \$3,325.66 from its mail campaign, Livonia made the largest contribution to the Easter Seal Society of Western Wayne Co. with a grand total of \$4,994.93.

Redford Township donated \$3,041.75; Plymouth, \$1,070.16; and Garden City, \$1,856.54. Livonia collected \$846 from special letters and \$823.27 from the Easter Lily Sale of the Rotary-Ann. Redford netted \$2,451.75 from its mail campaign, and \$590 from special letters. Garden City received \$1,080.88 from the mail drive, \$236 from special letters, \$126 from canisters and \$377.59 from the Easter Lily sale. Plymouth had \$961 from the main, \$1,289.60 from special letters, \$69.45 from canisters and \$780.29 from the Rotary-Ann in the Easter Lily campaign.

## Win Trips

A 14-year-old Livonia boy is home following a two-week trip to Europe, won in a subscription contest for a Detroit daily newspaper. James Wood, 31248 Olson, Livonia, also won a two-day air tour of Washington, D.C. Other area boys who won the Washington trip included John Rudlaffe, 41008 Greenbrier, Plymouth; and Ed DeMattels,

## The New Math Elementary Schools Are Next Target for Modern Math

(Editor's Note: This is the last of four articles on modern mathematics prepared for The Observer with the cooperation of Charles Zoet and William Kumbler, mathematics consultants with the Livonia Public Schools.)

By CHARLES ZOET and WILLIAM KUMBLER. As in many surrounding systems, Livonia teachers have been carefully studying modern mathematics for elementary grades for the past three years. It seems only a matter of months before we, too, will make a selection and complete the K-12 adoption of such a curriculum. Previous articles have explained the development in secondary schools.

As new materials are introduced, parents will find that the textbooks LOOK different — and they are. Parents, seeing these programs for the first time, are apt to think them rather challenging or difficult. A major part of the mathematics ideas in our present program, however, will be found in the new.

- Parents may expect:
1. Continued emphasis on number skills. Computation is still important. Practice in computation may take new, more interesting forms.
  2. Less teacher "telling" and more seeing of relationships by youngsters — especially with "story" problems.
  3. Some changes in vocabulary, but not nearly as drastic or as rapid as some parents have expected.
  4. More attention to why and how numbers behave as they do and less rote memorization of rules.
  5. Provisions for programs for youngsters who need special help in mathematics.
- Parents can be of most help to their youngsters if they will:
1. Become familiar with the new programs by following children's assignments.
  2. Direct their concerns and questions to the schools for clarification.
  3. Check their youngster's progress as evidenced by corrected work sheets and assignments.
  4. Realize that mathematics

## 17 Honored For Grades At College

Seventeen Schoolcraft College students have been named to the Dean's List for the second semester because of outstanding scholarship. John Brinn, Dean of Instruction, indicated those on the select list must carry at least 12 hours of work and have a minimum 3.5 grade point average of a possible 4.0.

The List included only seven students for the first semester and climbed to 17 for the second grading period. Four of the 17 had perfect all A records including: Mrs. Beverly Baldwin, 3244 Rosslyn, Garden City; Alan Tope, 1000 Dearing, Garden City; Mrs. Rosebud Zick, 35873 Orangelawn, Livonia; and Geraldine Shults, 19435 Angling Road, Livonia.

FROM GARDEN CITY: Mrs. Baldwin, Marcus Trout, 31956 Elmwood; Mrs. Geraldine Kiesel, 27836 Sheridan; Robert Sallan, 7347 Kubis and Tope.

FROM LIVONIA: Leonard Nordstrom, 19919 Farmington Road; David Plester, 29580 Hathaway; Mrs. Zick, Nancy Rochette, 35247 Hathaway; Miss Shults; John Thompson, 36406 Joanne; and Ulla Wiberg, 14764 Country Club.

FROM PLYMOUTH: Mrs. Marilyn Wright, 41611 Greenbrier. FROM FARMINGTON: Mrs. Kathleen Stone, 21231 Ontago. FROM DETROIT: Robert Campbell, 8200 Evergreen; Virginia Cesare, 14380 Minoak, and Russell Vente, 18276 Rosemont.

## Livonia Mall To Sponsor 1st Boat Show

Member dealers of Greater Detroit Marine Dealers Association will exhibit boats — from Dinghy to Cruiser size — in the first annual boat show in the Livonia Mall Shopping Center next week, May 17 through 22.

The show, sponsored by the Livonia Mall Merchants Association, will be free to the public and on view during regular Livonia Mall hours, from 9:30 a.m. to 9 p.m. Monday, Thursday, Friday and Saturday, and from 9:30 a.m. to 5:30 p.m. on Tuesday and Wednesday.

## 3 Inducted by WMU Honorary

Three local men who are junior students at Western Michigan University will be initiated into Omicron Delta Kappa, men's honorary fraternity, at the organization's spring banquet on May 11 in the University Student Center.

Elected to membership are William R. Coole, Wayne; William C. King, Farmington; and Robert W. Suchner, Livonia. An honorary membership will be presented to Joseph R. Serra, assistant dean of men at WMU.

Membership in the national honorary is based upon distinctive performance in at least one of five major campus activities which include scholarship, athletics, student government, social and religious affairs, and publications, speech, music, drama and other arts.

Suchner, the son of Raymond Suchner, 17900 Floral, Livonia, is a 1962 graduate of Bentley high school. The twenty-one year old junior in majoring in economics at WMU. He is active in student government.

## Livonia Crowns Champs In Table Tennis Play

The annual Livonia Department of Parks and Recreation table tennis championships were held last week with over 60 contestants participating in the various events.

Janice Martin, McKinley Elementary School student, was a triple winner including the 15-year and under singles (against 20 male contestants); 18 and under girls and women singles titles. Winners in tournament events were: 15 and under — First, Janice Martin; second, Tom Lindahl and consolation John Rzepecki. Doubles—First, Frank Muhlbein and Ron Hockstra; second, Karen Jacobs and Janice Martin. Girls 18 years and under — First, Janice Martin; second, Karen Beggles. Boys 18 and under — First, Steve Muhlbein; second, Doug Hernandez. Men's singles — First, Doug Hernandez; second, Arne Anderson; consolation, Gordon Kelly. Doubles—Roy Clark and Arne Anderson; runners-up Jim McLean and Gordon Nichols. Senior Men's Singles — First, Roy Clark; second, Gordon Nichols. Womens singles—Janice Martin. Mixed doubles — Diane Lumley and Doug Hernandez over Carl Cantrell and Barbara Fayroian.

## Felician Sisters Get OK for Saginaw Home

"His Excellency, Bishop S. Woznicki and the Saginaw Diocese Consultors voted the Felician Sisters a grant of \$35,000 to meet the down payment on a parcel of property for the foundation of a new vice-province," announced Mother Mary Laudine, CSSF, provincial superior of the Felician Sisters of Livonia.

In making the grant, Bishop Woznicki said that both he and the consultors were overjoyed at hearing the news that the Felician Sisters were "... planning to establish a vice-province in the Saginaw Diocese."

He stated that "The Saginaw Diocese feels honored to be chosen for the foundation of this great work within its borders, anticipating great benefits from this venture in the future. These feelings," he continued, "were intensified by the fact that this is comparatively a new diocese and does not have many such institutions. Another educational institution added to our expanding school system will raise our standards and facilities all the more."

The reason for the creation of a new vice-province, according to Mother Laudine, is that the Livonia group of Felician Sisters has grown to a size that makes it unwieldy to provide the kind of administration the sisters need. Mother Laudine believes that "A woman who has dedicated her life and her talents to the service of humanity deserves individual guidance in promoting her spiritual, physical, and professional well-being. It would be presumptuous to attempt this when the membership numbers over 800.

"Canon law, therefore, has stipulated that provinces reaching a quota too large to be administered by one person, should seek to form additional provinces in areas that need the services of the sisters." The new vice-province will serve the Saginaw, Grand Rapids, and Marquette dioceses. The vice-provincial home will be located in Bay County, about eleven miles from Saginaw. It is on Delta Road in the vicinity of Delta College.

## 5 Livonians Interested in College Post

Livonians are interested in the Schoolcraft College Board of Trustees. At least five residents took heed of an editorial in the Observer a week ago to the effect that none had filed for the Livonia vacancy on the college board with a deadline for filing petitions on Friday, May 14, at 4 p.m.

No less than five petitions have been taken out in the last four days according to information from the Livonia Board of Education administrative offices.

None has been returned but those taking petitions, which must be returned by 4 p.m. Friday, are: Oliver Weipert, 30149 Mason; James Boswell, 9610 Deering; Ronald Pilenzo, 16353 Farmington Road; Solomon Bienenfeld, 29623 Transcrest; and Mrs. Rosina Raymond, 15906 Oak Drive.

Mrs. Raymond told she was undecided whether to file for the Livonia post of the at-large trusteeship. Incumbent Sam Hudson, of Plymouth, already has filed his petitions for the at-large position.

## Minor League Chief Heads Capuchin Fete

Tommy Richardson, veteran baseball executive who is one of the nation's wittiest after-dinner entertainers, will be the featured speaker at the 24th Annual Capuchin Charity Guild Baseball Dinner at Cobo Hall, Saturday, May 22.

## Mass for Membership

The Annual Mass for living members of the Seton Guild will be said in the Chapel of the St. Vincent and Sarah Fisher Home for Children in Farmington on May 17 at 10 a.m. A breakfast will follow the Mass and officers will be elected at that time.

### Falcons Blanked 5th Time

The Farmington High baseball team suffered two more defeats last week to extend its losing streak to six games.

The Falcons weren't able to push across a run in either contest. In six games Farmington has been held to only three runs, and has been shut out five times.

Walled Lake took advantage of five Falcon errors in chalking up a 7-0 victory. Dick Richard of Walled Lake retired 20 straight batters before Carl Misch smashed out a double in the last inning with two outs. Eleven Falcons went down swinging in the contest.

Farmington met Roger Hayward and Pontiac Northern for the second time in two weeks and the score came out exactly the same with Pontiac on top 2-0. Wayne Johnston of Farmington allowed only six hits and kept the Falcons in the game. Hayward permitted batters only two hits.

### Trojans Subdue Leaders

Clarenceville high's baseball team knocked Milford out of undisputed leadership in the Wayne-Oakland League last Thursday by scoring a 3-1 win. The loss left Milford with a 5-2 record and tied with Northville for the top.

Clarenceville now stands 4-4 for the season and still is in the thick of the race.

A four-hit pitching job by Danny Freels marked the Clarenceville win over Milford. He fanned eight batters.

All the Clarenceville runs came with two out in the sixth. Mike Nye had singled and Joe Niestroy reached base on an error when sophomore Mike Luka knocked in the tying run with a single. Tim Spencer followed with a double to account for the deciding Clarenceville runs.

Earlier in the week, the Trojans lost by a 6-5 score to Brighton.

Jim Sliwa singled in two Clarenceville runs in the fourth inning. In the seventh, Sliwa drove in another and the Trojans added their fifth marker on an error. They had two men on base when the game's final out was registered.

### Falcons 3rd In Golf Tests

Farmington high's golf team tied Pontiac Northern at 217 in a quadrangular meet won by Walled Lake with 201. Waterford followed with 211. Gregg Kelch shot 39 and Dick Bayer 41 to lead the Farmington team.

Redford Union triumphed over Farmington, 179-192, as Coates and Johnson led the way with a 43 and 42, respectively. Kelch shot 45 for Farmington.

Franklin nosed out Bentley, 161-162, in a thriller. Dave Bivins shot a 36 for the victory, Jim DeRubeis 40, Tom Mumm 41 and Mark Burke 44. Davey's 39 led the losers.

Redford Union then beat Franklin, 172-177, while Franklin tied North Farmington at 178 and Oak Park shot a 196 in a triangular meet. Bivins' 40 paced Franklin.

### Raiders Keep on Winning

The North Farmington high tennis team made it five straight without a loss by downing Birmingham Groves, 4-2, and Thurston, 4-3, in dual Northwest League meets last week.

Dick Streg, Rick Oglesby and Tom Czubiak triumphed in singles matches while Steve Cluff-Mike Ortwine combined to win in doubles for North Farmington against Grove.

The results follow for North Farmington vs. Thurston:

Skip Moore (NF) def. Tim Touhy, 6-4, 6-2.

Rick Oglesby (NF) def. Randy Sameson, 6-2, 3-6, 7-5.

Larry Pederson (NF) def. Dennis Raymond, 5-7, 6-1, 6-1.

Dave Cortese (T) def. Dick Streg, 7-5, 2-6, 8-6.

**DOUBLES**  
Dave Raymond-Rick Hannah (T) def. Ken Phair-Tom Czubiak, 6-4, 7-5.  
Dan McCort-Dave McCaig (NF), def. Keith Shell-Jim Aubrey, 6-1, 6-0.

Jim Wolnosky-Dave Pelchat (T) def. Steve Cluff-Mike Ortwine, 2-6, 6-4, 8-6.

Robert White, head trainer in Wayne State's health and physical education division, joined the WSU staff in 1961. He played football at Eastern Michigan where he lettered at center in 1947 and 1948.

# Plans Set for Memorial Parade

Livonia's 13th annual Memorial Day Parade on May 30 will be far from its unluckiest. In fact, Nick Iatrow, who is this year's Parade Marshal, predicted to The Observer this week that the 1965 parade will be the community's largest. The Plymouth Road route of the event will resound with music and be ablaze with color from more than half a dozen drum-and-bugle corps, high school bands, and colorful floats from community organizations. Billie S. Farnum, 19th District Congressman, will be the guest

speaker at the parade, and city officials will occupy places of honor. All veterans organizations will be represented, and floats will come from the following organizations: Livonia Citizens for Better Human Relations, Livonia Congress for Civic Affairs, Democratic Party, Elks, Historical Society, Junior Chamber of Commerce, Kiwanis, Lions, and several civic associations. Groups who wish to participate may still call Iatrow at 427-3164 or GA 2-3933. The Observer will print a complete parade lineup and carry pictures of some of the participants in the editions between now and Memorial Day.

A senior at the Academy, Lynch was cited for his conduct in the concert band. He also received a promotion to staff sergeant.

Central Michigan University baseball players Ezell Cole, Fletcher Miller and Dave Petrosky have all won varsity basketball letters at CMU.

# First Anniversary, Golden Age Club

Anyone who thinks the Golden Agers are stuffy or rooted in the past would have been in for a quick change of opinion if he had attended their first anniversary party Wednesday, May 5. It was a fun thing from the first moment the guests entered the beautiful Japanese motif home of the Wittwers on Peppermill. Mrs. Mabel Burgess was hostess of the day and had arranged for a buffet luncheon (pot luck) singing, and dancing, and games for which prettily wrapped packages were awarded as prizes.

Auxiliary members of the Junior Chamber of Commerce, who provide transportation to and from meetings for the members were the honored guests of the day. Corsages were presented to them, along with a vote of thanks from the members.

The Pioneer Golden Age Club of Farmington was organized May 10, 1964 with 10 charter members. Today they have a well-functioning club with both men and women members, and have been accepted into the National Council of Senior Citizens. Mrs. Eva Ross and Mrs. Mabel Burgess are the club delegates to the Convention of Senior Citizens in Washington and are eagerly looking forward to the event which will be given a kick-off with a breakfast at the Statler Hilton.

the Senior Citizens of Michigan during the month of May which has been set aside as Senior Citizens Month.

**Holds Rummage Sale**  
The Farmington Shrine Club will stage a rummage sale on June 12. Those having something to contribute may call the project's chairman Art LeLand at 474-8975.

## Scholar In Science

"Charlotte Yiu, Madonna College senior, has been awarded a teaching assistantship at Vassar College," announced Sister M. Joela, CSSF, chemistry professor at Madonna.

CHARLOTTE YIU

As a teaching assistant Charlotte will be granted a tuition-free opportunity to take courses toward her Master's degree in Science. In addition, she will be granted an annual stipend of \$2,000. Her work will consist of taking courses, assisting in lab supervision, checking papers, and preparing some of the lab experiments for classes.

When Professor Rehldt of Vassar notified Charlotte of the grant, she said that she was very happy in being given "this opportunity to become better prepared for the field of research."

Charlotte had arrived at Madonna four years ago from Hong Kong to take a full scholarship. She had previously completed her high school and college preparatory courses in the Maryknoll High School in Hong Kong. During her residence at Madonna she has maintained a high scholastic average. She has also

been active in school extra and co-curricular activities, holding offices of vice-president of the Student Association, Sodality treasurer, and secretary of the Student Association.

# Suburban Mother of the Year Is From Nankin Township

Sallie Hargreaves could have been a contestant for Mrs. America contest, or for that matter Miss America contest. But she wasn't. She was one of the finalists in the Suburban Mother of the Year Contest—in fact she was the number one winner—out of 180 contestants. Among her many gifts was a beautiful mink stole which was presented to her by Mrs. Michigan, Elvira Egeland. It was a thrilling moment for Mrs. Hargreaves.

Even more delightful to the young 29-year old mother was the fact that her 15-year old brother Thomas Palin, who she is raising, wrote the letter nominating her.

In addition to Thomas, Mrs. Hargreaves and her husband Robert have four other sons, Robert, 9; Jeffrey, 5; Eric, 3; Gregory, 9 months—and at the present time a dear little foster baby daughter, Michele, 2 months.

The foster babies the Hargreaves have in their home are a delight to the entire family. All share in the extra chores and pleasures the "new" baby brings. In fact in the 10 years the Hargreaves have been married they have had 16 foster babies in their home.

It follows Mrs. Hargreaves, to be a good mother, would just have to be in cubscouting—and she is as a den mother. But what is amazing is she makes her own clothes, bowls on a league and

is active in little league baseball activities—she also is interested in writing and teaches pre-school catechism on Sunday and is recording secretary for her church circle and corresponding secretary for a Civic Association.

There is a little doubt Mrs. Hargreaves is a busy person, but what kind of "busy" is interesting. It is not on the phone gossiping about her neighbors, it is not in a doctor's office complaining about aches and pains, it is not complaining about her neighbor's children, it is not spending hours at a neighborhood bar. She is busy contributing toward the welfare of her husband, her children, and her community. She is number one Suburban Mother!

**FINALISTS** for the Suburban Mother of the Year. The winner was difficult to select because of the 180 applicants in the field of 15 (above) were well qualified. Judges were Mrs. Harvey Moelke, wife of Livonia's Mayor; Mrs. Duane Egeland, Mrs. Michigan; Rosie O'Grady from WERB; and Myra Chandler of Observer Newspapers. Hosting the event was the

Wonderland Merchants Council under the direction of Ernie Epps, Executive Secretary. Finalists (l. to r.): Mrs. Charles Mellas, Livonia; Mrs. John Monge, Garden City; Mrs. Don Griffiths, Plymouth; Mrs. George Packer, Redford Township; Mrs. Carl Jacobs, Farmington; Mrs. Charles Gamber, Livonia; Mrs. Donald Stewart, Wayne; Mrs. Dennis Jeffrey, Livonia; Mrs.

Robert Hargreaves, Nankin Township; Mrs. Jerry Raymond, Livonia; Mrs. William Keith, Garden City; Mrs. E. H. Johnson, Inkster; Mrs. David Hargan, Livonia; Mrs. Harry Greenfield, Wayne; Mrs. Robert House, Dearborn Heights with Mrs. Michigan.

## Judith Westfall, Carl Mau, Jr. Say Vows

Miss Judith Angela Westfall, daughter of Mr. and Mrs. Harold Westfall of Farmington and Carl William Mau, Jr., son of Mr. and Mrs. Carl William Mau, Sr. of Livonia, exchanged vows in a candlelight ceremony at the First Methodist Church of Farmington on Saturday, April 24 at 7:30 p.m. The Rev. Richard T. Markham officiated at the double-ring ceremony.

The bride, given in marriage by her father, was attired in a floor length gown with a full skirt of silk organza. The lace scallops ran down each side and

along the bottom of the gown. The tightly fitted lace bodice was applied in chantilly lace with a sabrina neckline. The detachable double train was applied around the bottom and sides with chantilly lace. Two french bows attached the train from the waist forming a wa-tou train. Her headdress was a double bouffant waist length veil of silk illusion secured by a cluster of silk organza petals applied with the chantilly lace and pearls. Her bouquet was fashioned of Phalaenopsis Orchids with Dracena Sandra

white Cymbidium Orchids. A buffet dinner was served following the wedding at the American Legion Hall in Farmington. Guests enjoyed the music of Nicky Dan's Orchestra for dancing.

The newly weds left for a honeymoon at the Wagon Wheel in Rockton, Illinois. The bride chose a suit of red and white tweed, with red accessories and wore white cymbidium orchids. The couple will live in San Angelo, Texas.

Out of town guests came from Gulfport, Florida; Lexington, Kentucky; San Angelo, Texas; Cleveland, Ohio; Toronto, Canada; Terre Haute, Indiana, and Chicago, Illinois.

### Farmington Invited To Mercy Art Show

An invitation has been extended to the residents of Farmington by Our Lady of Mercy High School for their Tenth Anniversary Student Art Show.

This is an opportunity to become acquainted with the school, which is moving into the Farmington area next year. Mercy is known for its art department and the students have captured many prizes, nationally and locally. Sculpture, graphics, pen sketches, collage, oils, water color, are present in this exhibit.

The public is welcome, without charge, every day through May 16, until 9:00 each evening, in the school gym, Southfield Road, near Outer Drive, in Detroit.

**FINISHING TOUCHES** on the entry in the Wright Flower Show arrangement is made by Mrs. John McKenna and Mrs. Daniel Reddington. Mrs. Omar VanGorp also worked with the entry which may be seen on the John R side of the building. It will be complimented by a circle of velvet displaying three pieces of amethyst jewelry.

### THE BUSINESS OF BEAUTY

#### Mr. Kenneth Comes To Town

(Ed Note: The Observer steps into the wonderful and oft-perplexing world of beauty this week with a new feature "The Business of Beauty". If you have any questions that have been plaguing you and you want them answered by a professional in the field send them to "The Business of Beauty", 33050 Five Mile Road, Livonia, Mich.)

was shorter and the crown became the dominant part of the hairdo. Curls-curls-curls and more curls. Hair pieces were added for more interest but they were all soft and feminine.

According to Mr. Kenneth, the main thing is to avoid mass fashion as the bouffant hairdo had become. "Be different and wear what is best for you," and I like the idea. I hope you do too.

After the showing lots and lots of champagne was served with trays of luscious hors d'oeuvres. It was all very elegant and I would like to go on record as saying "I'm for world premieres and think we should have more of them."

#### BY HANA STRANG

A select group of hairdressers, who are charter members of a new styling body called Americoiff, invited the famous Mr. Kenneth to Detroit for his world premiere showing of 1965 hair-fashions. To Mr. Kenneth this was a new experience. To the hairdressers, the press, and members of the various worlds of fashion attending this showing at the Sheraton Cadillac, it afforded an opportunity to meet this nationally sought-after hair stylist. (He coiffures the hair of Jackie Kennedy.)

The presentation was short and in good taste. Our guest, to my surprise was a real delightful guy. In his warm unassuming manner he related to us his ideas and I was impressed. Perhaps because I saw that we are pretty timely here in the suburbs. Or perhaps it was because I realized that women from all walks of life enjoyed similar things in the beauty salon.

As a hairdresser, I viewed him with a critical eye but I could find no fault. Here is a successful owner of a 97-operator salon in New York and can do hair besides. He believes that women should look pretty and not as if they were in costume. In other words no more large set looking hairdos. Although much backcombing was used, the over all look was small.

Mr. Kenneth presented four models and all were beautiful. His first model was a cloud of chiffon as she walked the runway. Her hair was a simple style that was longer at the sides to drape her face with waves and curl and graduating to a shorter length at the nape, cupping the neckline in somewhat of a page boy fashion. When she turned her head, the hair moved too. Each succeeding model's hair

## County Day School Plans Expansion

#### BY JERRY WENDT

"A Sound Mind In a Sound Body," the motto of Detroit Country School for the last 50 years will still be the guiding slogan for the present generation.

At their press conference and luncheon Wednesday, April 28, at the D.A.C., Dr. W. Rodman Snelling, headmaster of Country Day, revealed plans for a campaign to raise \$640,000 for a unique new educational facility.

The new building, which will adjoin the present school building at W. Thirteen Mile, Birmingham, will be known as the learning center. This octagonal building is designed as a multi-purpose unit primarily for the upper school use. The building will house a library, a large central room to be used for study, dining hall and auditorium. Around the perimeter are located individual study carrels, stacks, classrooms, science laboratories, lecture rooms and conference rooms. Also planned is an addition to the present school building, including a new canopied front entrance.

James O. Wright, President of Federal-Mogul-Bower Bearings, Inc. has been appointed as general chairman for the develop-

ment program. Serving with Mr. Wright are: William H. Bagley, Jr., president of Magnus Products Corp., and a member of the school's board of trustees, and Isadore Winkelman, president of Winkelman Bros. Mr. Irving Goldberg and Mr. Thomas A. Mayberry will also serve.

It must have been a proud moment for F. Alden Shaw, founder of D.C.D.S. as he saw his life work reactivated from the moment he started with three pupils to the present school of today. It was traced through the movie "And Gave Me Back a Man."

The faculty is as modern as the buildings itself. Most of them look like handsome, husky athletes, which indeed most of them were. Sports are now compulsory instead of optional. Although the ideals and culture of our New England schools have been preserved, there is no rarified, or exclusive atmosphere. The school is preparing the leaders of tomorrow. Inasmuch as many of the problems of the business, civic, and political world are solved at councils or conferences, much of a man's success will depend on his ability to convincingly voice his opinions. Debating is of top importance and again, this year, as in the past, they have won state and national awards for debating.

The school takes boys and girls through the sixth grade but in grades seven through twelve, the Upper School, only boys are enrolled.

Although they are under considerable pressure from parents of students on a waiting list, they are determined to maintain

**NEW TOURIST FASHION**

Used to be you could tell a tourist by the camera hanging around his neck, but not any more. Now the streamlined look is rapidly becoming popular. Kodak introduced this look to traveling with one of their new cameras, the KODAK INSTAMATIC 500 Camera. Small wonder it's popular, because this is one of the most compact traveling companions I've ever seen. Small enough to slip into your pocket, (about the size of a tobacco pouch) light enough (less than 1 lb.) for you to carry it anywhere. It fits suitcase, glove compartment, pocket or purse, when you're moving around. It's just as convenient to use, because it loads instantly with a film cartridge. So it'll never interrupt or slow down the pace of your fun. You don't need to haul a bagful of film cartridges with you either, because you can get these KODAPAK Cartridges almost anywhere on earth.

The "500" has the capabilities an expert demands — and the simplicity a beginner needs. You don't have to know anything about cameras to get good pictures with it. It has an electric eye to determine exposure. Simply set the distance, center a needle in the viewfinder and shoot. It has rapid scale focusing if you prefer it. You can stop the action of a bull fight at 1/500 of a second, or make a time exposure of the Coliseum by moonlight.

However far you plan to travel, I hope you'll come as far as my store first and see this little camera before you leave.

### Pounds (off) Mean Money

The Buxom Belle Club of Farmington held a "Hall of Fame" party at the home of Janet Goodwin, Garden City on April 22. The honored members were Mrs. Margaret Fryer, who lost 30½ pounds, and Mrs. Reatha Nokes, who lost 77½ pounds, to reach their goals.

After dinner and entertainment, the girls, in regal robes, were awarded their Buxom Belle Club Tiaras, a monetary award for one dollar per pound for the first 25 pounds and 50 cents for each pound thereafter, and several lovely gifts.

### Meet President of AAUW

"Because I believe that education is a continuing process, not something that ends when you receive your diploma," is Jane Moehle's answer to what attracted her to the American Association of University Women.

Tall, slender, with blue eyes and brown hair, Jane is president of Plymouth's AAUW this year. She joined an AAUW branch in Kent, Ohio, shortly after her graduation from the University of Cincinnati. At that time, it was primarily to make new friends in a strange city. Jane must have enjoyed the experience for several moves and a marriage later she reacquainted herself with the AAUW in Plymouth.

The Moehle (rhyme it with daily) household includes husband Jack, who also believes in continuing education. He'll receive a master's degree in International Trade from U. of D. this June. A son, 10 year old Bill, and a daughter Mary Elizabeth, who is 8, attend the Bird Elementary School in Plymouth. Last, but certainly not least, is a liver and white pointer the Moehles brought into the house as a cold starving stray and named Clementine, for she was "lost and gone forever." Not much of a hunter, but a remarkable pet, according to Jane.

Their home on Ann Arbor Trail is tastefully furnished in the Early American tradition. On the floor are handsome braided rugs made by Jack's mother. The paneled walls act as a perfect background for carefully selected prints. The family's varied interests are reflected in the many books, the piano, the tape recorder-record player, and of all things, a Persian water-pipe on the mantle.

Jane's involvement with the AAUW stems from her desire to stay active in her professional field—that of counseling and education. She was an assistant dean of women at the University of Illinois before she married.

She says in many ways volunteer work is more satisfying than a career. "Being employed carries with it certain limitations created by your job or your employer, while a volunteer is not bound by these. You can be as creative as you want. A housewife-volunteer can find a greater variety of jobs, and has more freedom to view problems in an objective manner,"

Mrs. John W. Moehle — Pres., Plymouth AAUW

she points out. "The important thing is sharing yourself with other people."

Jane's own creativity has found her a variety of jobs. In addition to her AAUW hat, she also wears the derby of vice-president of the Board of Trustees at Schoolcraft College, and she is equally concerned with the Plymouth Symphony.

Discussing whether children are neglected by the volunteering mother, Jane observed that children learn through their parents' interests and share in the growth or development experienced by the adult. She says, for instance, because of her work with the college, her son Bill is well-versed on Henry Rowe Schoolcraft, who he was, and what he did, and when; Mary Elizabeth, now in the second grade, is hoping to enroll at Schoolcraft when she grows up. Very few children their age are college-conscious at all.

Jane's first job with AAUW was to chair its Listening Post Lecture Series in Plymouth. These lectures were to bring in speakers to talk about new advances in art, science and political thought. Funds raised were contributed to the association's Fellowships Fund. The AAUW sponsors

many scholarships for advanced or continuing study both here and abroad.

One of the current projects in the association is the development of a class for non-reading adults. There are 12 former teachers who have volunteered to help and at last count, 12 students signed up for the course.

Another popular activity is the children's play, written and produced by the members. This year's effort, "Cinderella," was so well received it has gone on the road.

Treat your family with this delectable sauce for broccoli. Heat one half cup of butter until bubbly. Stir in four teaspoons of chopped green herbs (parsley and chives).

### Northville Town Hall Seeks Applications

Applications for the Awards to be given by the Northville Town Hall Series are being accepted, and shall be received through May 22, 1965.

Charitable Organizations are eligible and applications may be made to: Mrs. Wm. Milne, 537 Dunlap, Northville, Michigan.

Serving on the Board of Awards in Livonia is Mrs. W. E. Parks, in Plymouth Mrs. Robert Willoughby. The awards will be made the first week in June.

John M. Jackson, professional funeral director, serves at the Livonia and McNichols Chapels of Harris Funeral Homes. After 3 years military duty in Europe, he completed his education at Wayne State U., College of Mortuary Science. He has been a member of the Harris organization most of his 22 year career. Active in church and school affairs, he and his family attend St. Robt. Bellarmine Catholic Church. One daughter is a member of the Dominican Order at Adrian, the other, Linda, attends Rosary High School.

### Charter Dinner Honors Nankin Women's Club

Mrs. Virgil Gagnon, president, and other officers of the new Nankin Business & Professional Women's Club assumed the reins of their organization Saturday night when the charter was presented. Mrs. Mary Ellen Hosier, Nankin resident and president of the sponsoring Plymouth Club, presided as mistress of ceremonies. Guests included national and state officers, members of clubs in the adjacent areas, and various government officials. Nankin Township Supervisor Thomas H. Brown accepted the club into the township. Other officers of the 41-member society are Mrs. Wilbur Tucker, vice president; Mrs. Ray Bauley, recording secretary; Mrs. William Dobbs, corresponding secretary; and Mrs. Anne DuBach, treasurer. Norman Cassidy, a charter member of the Plymouth Club, attended, as did other members, Ada Watson, Mary Wagenschutz, and Dorothy Sincock.

### 'Tomorrow' Breakfast Scheduled

The Livonia Chamber of Commerce's "Keep Pace With Tomorrow" program will shift into high gear Friday morning when the 80 members of the Classified Business Groups Division will meet at a 7:30 breakfast in the Executive Dining Room of the Chevrolet Spring and Bumper plant on Eckles road. Co-chairmen of the division, Seymour Goldberg and Charles Allen, said that plans for the classified business group conferences to be held next week would be discussed and details of the Chamber's expansion campaign would be announced. Program general chairman Harry Tennyson will conduct the breakfast session which he said would be brief but is of vital importance to the success of the expansion effort.

### 3-Point Victory To West

Paced by Mike Raft who won the broad jump and the high jump, Garden City West's track team nipped Cherry Hill, 56-53, in a thriller. Bill Murphy won the low hurdles, took second in the high jump and third in the broad jump to add valuable points to the West total. How West entries placed: Shot Put: 2-Worthy, 3-Adler. Broad Jump: 1-Taft, 3-Murphy. Distance: 19 feet, 5 1/4 inches. High Jump: 1-Taft, tied for second-Murphy and Thorp. 40-yard relay: 1-Wolf, Time 57 seconds. 80-yard relay: 1-West, Time: 1:41.4. Mile: 1-Chunk, Time: 4:42. High Hurdles: 3-Bazerrell. 880-yard: 2-Smith, 3-Christ. 110-yard: 2-Shannon, 3-Fodor. Low Hurdles: 1-Murphy. 220-yard: 2-Shannon. Pole Vault: 1-Sullivan, Time: 11:6 seconds. Mile relay: 2-West.

### PC Hospital Authority Sets Levies for 1965

Levies on townships and cities which are members of the Peoples Community Hospital Authority were approved last week by the authority's board of directors. Garden City will be asked to pay \$27,665 and Nankin Township, \$49,042. Member communities pay four-tenths of one mill annually. The amounts assessed on all members are as follows: Allen Park \$40,826 Dearborn Heights 61,998 Ecorse 64,092 GARDEN CITY 27,665 INKSTER 24,361 Melvindale 14,438 River Rouge 82,253 Rockwood 3,559 Southgate 26,446 Trenton 89,767 WAYNE 28,496 Ypsilanti 24,184 Flat Rock 4,605 Woodhaven 6,963 Huron 5,800 NANKIN 49,042 Romulus 22,858 Sumpter 4,591 Superior 4,591 Taylor 43,055

Van Buren 11,988 Ypsilanti 62,320 The tax levies approved by the board for 1965 are above those of last year, it was reported. Men never get so rich that they can afford to lose a friend.

## Fair Housing Conference Is Slated for Suburbs May 22

An areawide conference on equal opportunity in housing will draw participants from throughout the suburban area to Dearborn Saturday, May 22. The day-long meeting, titled "The Search for Housing", will include five workshops, addresses by Attorney-General Frank Kelley and former Pennsylvania Governor David Lawrence, and Arthur Johnson, deputy director of the Michigan Civil Rights Commission.

Human relations groups in Livonia, Redford Township, Wayne-Nankin and Western Wayne County are helping to sponsor the conference, called originally by the Dearborn-Inkster and Western Wayne County Human Relations Council. Workshops at the event will center around the problems of segregated housing patterns, government and law on open housing, remedies for discrimi-

nation, 'Are Negroes Welcome in the Suburbs?' and 'Who Can Help Find a House?' Registration for the conference, including luncheon, is \$3, and names of persons who wish to participate may be sent on a postcard to 'The Search for Housing', 1106 Water Board Bldg., 735 Randolph, Detroit 48226.

## 'Indians' Take Stage Thursday and Friday

By Bonnie Powers and Pat St. Antoine  
Anyone who enjoys suspense won't want to miss the Garden City Junior Class play "Ten Little Indians." The play will be presented on May 13 and 14 at 8 p.m. in the Cambridge Junior High School gym. Note: Karen Smith's name was not mentioned with the others of those on the Senior Prom Court last week. A Spanish Assembly will be presented to the student body on May 17. The assembly is prepared annually under the direction of Mr. Tanzi, head of the Spanish Department. Spanish students take part in the event through presenting the flags of various nations. The Panther's Den sponsored its final fling of the year, Farewell-A-Go-Go on May 8. There was a swinging band and lots of records. Refreshments were available and fresh pizza was served. The dress was casual, Bermuda shorts and slacks. Something new has been added, the seniors will have an all night party following graduation on June 17 from 12:30 p.m. to 8 a.m. There will be refreshments.

swimming, dancing and games. Breakfast will be served at 5:30 a.m. Any senior wishing to invite a guest may do so. Class officers for the 1965-66 school year are: President for the Class of '66, Dennis Devlin; vice-president, Paul Knightlinger; secretary, Sandy Nyman; and treasurer, Barbara Hale. Officers for the Class of '67 are president, Annette Adams; vice-president, Ruth Holton; secretary, Janice Jones; and treasurer, Sandy Hale. Teen Club officers for the 1965-66 school year are president, Richard Cuppy, and vice-president, Ruth Workman. Student Council Representatives for the 1965-66 school year are Dave Balge, Terry Moore, Scott Gardiner, Jum Abaid, Sue Wisneski, Barbara Morris, Linda Price and Karen Gould for the Class of '66. Gary Asher, Dennis James, Charles Lindrum, Larry Williams, Linda Walker, La Vonne Johnson, Mary English, and Terry Dechert will represent the Class of '67.

## Methodist Village Sets Open House

Visitors to the Methodist Children's Village during its "Open House" May 16, 2 to 5 p.m., will have the unusual opportunity to see the inside of a "home for children."

Located at the corner of West Six Mile and Delaware in Redford Township, the picturesque English style buildings and cottages have attracted the attention of passers-by since 1929.

Open to the public will be the nine cottages in which children live, the Administration Building, the Children's Chapel, and Kresge Hall which contains two classrooms and recreational facilities.

Children's Village serves children and adolescents who, for various reasons, need special help with problems that have developed out of their home situations. The agency serves persons from any racial or religious group who can benefit from its program. The program includes social services, special education classes, religious education, arts and crafts, recreational activities, and camping.

## Plymouth Church Completes First Year of Growth

This Sunday the congregation of the Lutheran Church of the Risen Christ in Plymouth will celebrate the first anniversary of its founding. It was on Pentecost Sunday, May 17, 1964, that a group of "charter members" organized the congregation.

Two regular Sunday morning worship services will begin May 16 also. The new hours for services are 8:30 and 11 a.m.

The congregation will gather May 16 at 5:30 p.m. for a First Anniversary Banquet at the Thunderbird Inn. Rev. David F. Romberg, pastor of the Church, explained that the purpose of the dinner "is to celebrate the past and to plan for the future."

Don Lawrence of the Mission Board of the Missouri Synod of the Lutheran Church will speak on "Procedures for Construction." Master of Ceremonies will be Wallace Loucks.

The congregation plans to build a Chapel-Education building on a five and a half acre site at McClumpha and Ann Arbor Rds.

Sunday School is currently held in the Allen School at 9:45 a.m. under the direction of Dr. Roy C. Retting.

## Seminar Slated

The Southfield Community Church is conducting a four week College Prep Seminar during the month of May. The sessions will be held at 9:45 a.m. Sundays and will include high school juniors and seniors and college students. Speakers are: Dr. Gordon VanWynen; Jack Cutting; Norman Geisler; and Dr. William BeVey.

Based on the book by the same title, the film tells the true story of Gert Berhanna, a person who was transformed from a well-to-do drunk to a dedicated woman of God.

The scene is a dinner party in the family's home. The guests and the host are uncomfortable because of the histess' intoxication.

Portraying the intoxicated housewife and mother is Lynn Bari. In disgrace she finally goes to her room where shame, humiliation and self-pity sweep over her.

Following a stay in the hospital and the break-up of her marriage, Gert Berhanna snaps out of her misery, becomes friends with a minister and is seen giving a helping hand to another unfortunate as the film ends.

This is a pilot film of a 13 program series slated for production by The Parish of the Air. Parish is an arm of the Episcopal Radio-TV Foundation, Inc.

## Pathfinders Attend Fair

Approximately forty Livonia Pathfinders and adult leaders, along with some 2,000 other Seventh-day Adventist young people and parents, converged on Lansing's Civic Center Auditorium, recently for the church's annual Youth Fair.

From registration at 8 a.m. until the big closing parade at 4 p.m., the youngsters were kept busy enjoying themselves and learning worthwhile things at the same time. Competition was keen in the judging of the display booths set up by the various units represented, but it reached a peak during the morning "Olympics." During the afternoon a nature study program was followed by the presentation of awards for the morning competition.

## Faith Lutheran Elects Officers

At a recent congregational meeting at Faith Lutheran Church the following were elected to office: Dr. Walter Gross, chairman; James Otto, vice chairman; Ralph Paschke, recording secretary; Emrye Davies, vice secretary; Joseph Sablaan, financial secretary.

Named to the board of Elders were: Frank Eisenhauer, John Holmstrom, Robert Pfeiffer, Robert Rosenthal, and Wilbur Witthoff. New members of the Board of Stewards are: Harold Groh, Albert Pawlisch, Edward Friebe, David Schneider, Victor Behrmann, William Breaugh and Alvin Zabel.

Carl Hannewald and Elias Ahola are new members of the Board of Trustees. Elected to the Finance Board were: Clyde Dean, Herbert Kirchoff and Charles Klei. The Parish Youth Board is now composed of Curtis Druckrey and Roland Litke.

## New Members

New members of the Rice Memorial Methodist Church in Redford Township are: Danny Hubbard, Candy Bowers, Virginia Goniwich, Colleen Martin, Debbie Kettunen, and Don Nolte. The class was received into the membership of the church on Palm Sunday.

## CONSECRATES NEW BUILDING

# Five Days of Services at St. Matthew's Church

St. Matthew's Church of Livonia will consecrate its new church building May 16 at 4 p.m.

Bishop Marshall Reed of the Methodist Church will lead the consecration service. Bishop Reuben Mueller, president of the National Council of Churches and Bishop of the Evangelical United Brethren Church, will speak.

The new building, constructed at a total cost of \$450,000, provides facilities for worship, fellowship, Sunday School and administration. The sanctuary seats 350 in the nave and up to 70 church members in the chancel. The Fellowship Room seats 360 for banquets and 440 for programs. Twenty areas are provided for Sunday School classes and the offices and

church library are centrally located in the one floor structure.

The public is invited to tour the building from 1 to 5 p.m. on May 15.

Sunday's activities will climax a series of services beginning today. A 12 hour prayer vigil is currently in session until 7 p.m. at the church.

The Sacrament of Holy Communion will be observed tonight at 7:30 p.m. Pastor John Grenfell, Jr. will speak at the service, while Pastor James Lange will be the worship leader.

Rev. Everett Seymour, former Detroit District Superintendent of the Methodist Church, will speak tomorrow evening, May 13, at 7:30 p.m. Dr. Seymour was Superintendent when St. Matthew's Church was formed as a union of Hope Chapel Evangelical United Brethren Church and the Livonia Meth-

odist Church in December, 1962. Laymen's night is the special feature of Friday's program beginning at 7:30 p.m. Members of the congregation will participate in the program and church workers and leaders are invited to sit in groups during the service.

Bishop Mueller Bishop Reed pastor and currently Director of Christian Education and Program for the Michigan Conference of the EUB Church, will speak Friday. John Newberg, a

member of the congregation currently studying at Union Theological Seminary in Dayton, Ohio, will be present to greet the group.

Following the community open house Saturday afternoon, members and friends of the church will attend a potluck dinner at 6:30 p.m. After the dinner slides will be shown of the building during the various construction stages.

A cornerstone laying ceremony will take place at 7:30 p.m. Terre Schott, a member of the congregation now studying for the ministry at North Central College in Naperville, Illinois, will lead the responsive reading and read the passages from Scripture. Revs. Newell Liesemer and Benjamin Holme and Pastors John Grenfell and John Lange will participate. The stone will be placed by Leo J. Vandervennet, Jr.

Bishop Reed will preach at the 9:30 and 11 a.m. services May 16.

Other dignitaries who will participate in the consecration service are: Rev. Herbert Hauser, Detroit District Superintendent of the Methodist EUB conference superintendent; Rev. Benjamin Holme, executive secretary of the Methodist Union of Greater Detroit; Rev. Arthur Beumler, president of the Livonia Ministerial Association; William Lindhout, architect of the building; Maurice Rogers, the building contractor; Rudolph Kleintert, president of the Livonia City Council; Joseph Crafton and Donald Thompson, co-chairmen of the building committee; and Allen Newman, chairman of the Board of Trustees of St. Matthews.

The Commission on Worship has arranged the consecration services and activities. Arthur

Muir is chairman of the commission. Arthur Pipok, director of music, has planned the music for the services.

### Report From Sen. Roberts

By FARRELL ROBERTS  
Senator—14th District

LANSING — There is an old French proverb that roughly translates, "The more things change, the more they stay the same." This is generally true of the 1965 Michigan Legislature, although more than 50 percent of the legislators are new.

My arrival in April gave me a unique opportunity to observe what changes in our Legislature were real and which were illusory. I was first of all impressed with the caliber of the freshmen in both political parties. By and large they are a hard working group. I believe the recent pay raise contributed to this higher average caliber and must admit that I did not foresee so rapid a change. In the past we did get a fair proportion of bright and alert legislators with each new election, but after a term or two many of this group decided that they could not afford to remain in the Legislature because of the low pay.

Of course, inexperience has led to some mistakes and delays. The session this year will last almost two months longer than usual. Nevertheless a logjam is developing that may become the worst in our history unless committee and floor action is speeded up. The problem is an especially difficult one in the House, as they generally act upon more bills and—because of their much larger membership—must act more slowly. When a logjam develops, up to more than a hundred bills may be before the chamber at the same time. Long sessions into the night develop, tempers shorten and nerves become frayed.

One answer would be to require that bills be reported out of the committee earlier in the session. There might be several deadline dates for three or four sets of committees. Floor debate and voting could then deal with three or four smaller waves of bills instead of the deluge that is about to descend on the Senate and House in Michigan.

### NEA Officer Speaks to Livonia Teachers

Livonia educators and educators of surrounding schools were guests of the Livonia Education Association at a special meeting at Franklin High School on May 11, at 4 p.m.

Guest speaker for the meeting was Miss Taimi Lahti, Assistant Executive Secretary of the National Education Association Department of Classroom Teachers. Miss Lahti spoke on "The Problems Facing Professional Educators."

The program, sponsored by the local education association, was open to interested school patrons.

**GETTING OUT THE VOTE**  
The ninth-grade graphic arts class at Dana Junior High school in San Diego, California, designed, printed, and distributed colorful voting reminder cards to parents on the day before the general election.

Religion and business that cannot mix have no business to meddle with anything.

### What's Happening?

Editor: What is happening to what once used to be the wonderful city of Livonia?

To my way of thinking a wonderful city is made up primarily of well qualified employees who take pride in doing their work, under an administration that takes pride in, and recognizes the fact, that a good relationship with city employees makes for a harmonious well-adjusted community of citizens and services.

From what I have seen, heard, read and observed, there is too much undercurrent of dissatisfaction. Too many Livonia city employees are leaving their jobs. Seems to me that too many police officers are turning in their uniforms. Firemen are ready to turn in their hoses. Inspectors turning in their badges. Department of public works employees ready to turn in their shovels; city civil service employees have had to organize a municipal employees union to protect their rights. Practically all city civil service employees who were eligible to join, are now members by their own choice.

It appears to me that "Father Goose" had better look around for a different nest or Livonia's "Goodnik Goslings" are all going to fly the coop and "Father Goose" will find the golden egg he's so confidently sitting on will turn out to be a rubber ball that has lost its bounce.

If everyone lit one little candle Livonia's "Goodnik Goslings" might get burned, but we could see a lot better.

LITTLE GOODNIK GOSLING.

### Thanks to Neighbors

Editor: This is the way I would like to express my appreciation for all the wonderful things my neighbors have done for me.

One never knows how thoughtful neighbors are until tragedy strikes. My family and I have been here in Livonia only a short time, but we have loved living in this friendly neighborhood. It is with regret that we are leaving at this time, but I will long remember my friends and neighbors in Belle Mar Sub-division.

Sincerely,  
MRS. ESTHER VESPIGNANI

**Seeks Main Street**  
Editor: I am a newcomer to Livonia. There is one thing that has perplexed me since moving to this area. You are a most interesting, most progressive and well-rounded, active city but where is the Main Street? Where do you start from, so you can go to?

Every city has a Main Street or at least I thought they did. Somewhere, where you can take your friends or relatives and say, "This is the heart of Livonia". "The street is so quaint, or so pretty or so dirty." At

least it is there for some comment. It seems each person has established their own "heart of town". Maybe, that is just what the Livonian officials want, but what about the residents. Why not take a poll?

Even a little park and/or a statue would do or maybe a Big Ben Clock that toots the hour. A landmark where you can meet a friend for lunch or an enemy for a business brunch. Some structural piece of cement that would say "This is the place" where the first Livonian landed, intends to land or is saving his money to journey to, someday.

Maybe, a fountain with all sorts of water spouting from seven different mouths (number

of letters in city name) of cupids, lions, Greek Gods, or Livonians. Or each mouth being a separate letter, spelling out Livonia (or something symbolic of the Livonian name or Livonian history). That sounds a little farfetched, know, but a symbol or mark is needed in this big city.

A Main Street, with a few stores decorating their names, I am sure the officials and residents of this growing city cannot afford to overlook this precious little item—"the main drag". Although, the tree of Livonia has taken hold, you have to have one root to keep it erect, whether it be a park, a main Street, a statue or a clock. People like something to look

to, a beginning of what someone was yesterday, what they are today or hope to be tomorrow. Not that a park, a statue, a street or a clock symbolizes us completely, it may only unfold a silent "hello" to the non-residents. But the silent "ellos" are the remembered "ellos" when there is no one around to greet them.

If the shopping center merchants dislike the idea of a main thoroughfare, dispatch passersby to their centers with arrows or directions to important areas. Branch the street into the shopping centers, by making it a cross-street, N., S., E., W. Call one street Direction Street and the cross-street, either Root or Tree Street. This way you will not be hampering the business of the new shopping centers, if this be their thought, you may even be aiding them. "Meet me on Direction Street, so we can go to Shopping Center or Area." They too, might like a Direction Street to go to.

If people are interested in a structure, but without funds, construct a Wishing Well where pennies can be deposited by passersby for this purpose. Build it so the money can be seen but not touched. There will be many donors as many of the residents were big or small city folks, who know the meaning of two little words "Main Street".

Thank you very much, for listening to my thoughts.

Mrs. Janet Atkinson  
P.S. I am a resident of 2½ months.

### In Favor Of Progress

Editor: About 6½ years ago we purchased a home here in Hearshstone. Yes, we could see there were no sidewalks outside the subdivision and that the creek from Pembroke to Eight Mile was a mess, but what we could not see and were not told was

that some of the people in the surrounding area would be against improvements.

My children do not attend Botsford School but trudge through mud to the high school but I will not begrudge a sidewalk for the children going to Botsford. I hope someday we will have sidewalks and paved streets throughout Livonia.

I have seen many improvements in 6½ years that would not have happened if the subdivisions in this area had not been built: new churches, a library, a shopping center and a Junior College. It's true the subdivisions added many children to the school system but we make up for it by the high tax rate we pay per home in the subdivisions and that is why your children and mine now enjoy many advantages they did not have here 6½ years ago: a beautiful gym, a swimming pool, new library at Botsford School, new subjects being offered and now an auditorium.

Many residents of Hearshstone along with many of our neighbors outside of Hearshstone have worked hard for the above mentioned improvements. Let us all have pride in our city and work together to make it a better, nicer place to live.

Let us progress, not stand still!

A Hearshstone Resident  
(Mrs. John Head)

## A Congressman's Workbook

By CONGRESSMAN BILLIE S. FARNUM Representative, 19th Michigan District

A Congressman gets lots of mail. Some of it is polite. Some of it is blunt. Like the message scrawled in red crayon across an account of the "first 100 days" of the 89th Congress: "Congressman Farnum: Is this rubber-stamp Congress going the way of the Reichstag under Hitler?"—G.M.Z."

Personally, I don't feel like a rubber-stamp. I feel that having received a message from voters in the election I'd better get busy trying to carry it out. Not only Democrats got this message. Republicans too.

If President Johnson is the "Hitler" Mr. Z fears, he isn't doing much of a job of being a dictator.

Take "Medicare," as an example. President Johnson asked merely for hospitalization insurance. And for merely asking that, he got a lot of

abuse—until the votes were counted. Then representative government got down to work in a way it does in only one place in the world, here in America.

A group of Republicans thought things over and came up with their own plan to keep illness from becoming a tragedy of retirement. And thoughtful doctors originated a plan called "Eldercare."

Democrats took the best of both those plans and combined the features with "Medicare" to produce a law which has now passed the House of Representatives.

This amendment to the Social Security Act provides, in brief, for hospitalization for persons 65 and over, effective next July 1. The cost is to be financed through a separate payroll tax and trust fund. This achieved President Johnson's main goal: a way to meet hospital bills.

In addition, the bill provides medical insurance that is optional. This insurance costs \$3 a month and is matched by the Government.

Voters indicated that is about what they wanted from Congress, and they have it from the House of Representatives. Now the bill is being considered by the United States Senate, which will give it just as much attention as did the House.

Anyone still wishing to be heard on "Medicare" can still make a presentation, since the Senate's Finance Committee is now holding hearings on the bill.

Incidentally there are other Social Security amendments passed by the House which await Senate action. They would increase by 7 per cent all Social Security payments, liberalize eligibility rules, and expand and increase payments under Federal-State assistance programs for children, the blind and the disabled.

If it is being a "rubber-stamp" to carry out the will of the voters freely expressed in the election, then Mr. Z has something. If it isn't, as I believe, he has something to learn how a democracy works.

Personally I am proud to be part of a do-a-lot Congress—one that lost no time doing what the voters told it to do. If the editor will permit it as a public service, I will report for the next two issues on other legislation passed by Congress, and my part as your representative in the process.

### Burton Hollow Woods Forms Civic Group

Residents of Burton Hollow Woods Subdivision met at the Marshall School, Livonia, on Thursday evening, May 6, to form a new civic association. The meeting was conducted by Weldon O. Yeager of Bell Creek Lane.

Donald Rigo of Bell Creek Lane was elected President of the association. Other officers chosen were Victor Dumas for Vice-president, Mrs. Donald Devlieger for secretary, and Clifford Keirce as treasurer. Five directors were elected—Alber Mathieson, Reino Tuomari, Mrs. Robert Gasaway, Mrs. Weldon Yeager, and James Russell. The immediate attention of the association will be turned to resisting the rezoning of property on the northwest corner of Farmington and Six Mile Roads to commercial for purposes of building a K-Mart.

# Growing Madonna College Expands Enrollment at Livonia Campus

When school opens for the summer and fall semester at Madonna College in Livonia, students will be making history. They will be entering the fully completed buildings of the 320-acre campus of Madonna College, situated on Schoolcraft and Levan roads.

The academic building will be housing some 1000 students. Thus far the enrollment has not reached its quota, so there are openings for those who are looking for a college education leading to a Bachelor of Arts or Bachelor of Science degrees.

Madonna College boasts a beautiful campus, well landscaped, and "conducive to earnest study and to a refinement of aesthetic tastes," school officials say. "Situating midway between Detroit and Ann Arbor in a rapidly growing city, it can become the hub of community and inter-collegiate cultural activities."

"The aim of the college is to provide the best possible liberal arts education by developing women of strong moral character and discriminating intelligence, women who will know how to live as well as make a living, women who will understand the reality of God, of man, and of society," officials continued.

Madonna College offers these possibilities to the young woman:

- "A program that offers five-fold training — religious, intellectual, physical, social, and aesthetic — based on sound Christian principles;

- "Individual counseling through every phase of a student's activities — administrative, departmental, moderator of group interests, residence hall directors — all of whom devote sympathetic attention, skill and effort toward the development of each student; and

- "Professional opportunities: in teaching, experience in the Psycho-Educational Center and 300 hours of directed teaching on elementary and secondary levels; in nursing, an educational program in which theory is supplemented with unlimited opportunities for training at St. Mary Hospital on campus; in medical technology, one year of internship at St. Mary Hospital or at another hospital of one's choice.

"Most students find life on campus a pleasant one, filled with opportunities to make life-long friends, to deepen their understanding of people, and to utilize their cultural and non-academic work outside the classroom as an informal laboratory that in effect extends their classroom activity."

The multi-purpose 180-room academic building is separated from the residence halls by a small lake. It faces Schoolcraft road. The two-story structure accommodates the academic, administrative, and science areas, each relatively independent units. Three wings of the ground floor running south to northern linked by a second floor super-structure which unites and integrates the various departments into a unified whole. Salutory features of this sand-stone and white cut stone building are:

- 100,000 volume library housed in a two-story north-

west wing;  
• 210-seat amphitheatre lecture room in the central wing;

• Education department which includes a curriculum library, audio-visual

rooms, demonstration room, and classrooms;  
• An art department featur-

ing specially designed studios for ceramics and sculpture, painting and drawing, design

and lettering, crafts, and a faculty studio;  
• Language department

with record rooms and language laboratory;  
• Music department with

audio-booths, practice rooms, and two studios;  
• Flexible classrooms.

## West Falls on Diamond

Riverside high pushed across all its runs in the first four innings to beat Garden City West, 8-2.

Charles Ardell, Dan Stiger and Bob Gamashi hurled for West with the latter enjoying the most success.

A triple by Ford Simpson, a single by Ardell and a belt by Gary Gauronski paved the way for the two West runs.

West now has a 1-4 record for the season.

# Commission Holds Up Payment on Deal in Industrial Park

Members of the Plymouth City Commission are wondering if they were too liberal in agreeing to a policy with members of the Plymouth Real Estate Brokers Association in deals involving the city's industrial park on Plymouth Road.

After a long period of negotiation a year ago, the Commission agreed to pay the realtors a commission for any prospects they secured and sold on the idea of buying land in the park.

The agreement ended a bitter disagreement during which the realtors accused the Commission of going into the real estate business by selling property in the park without going through a real estate firm—thus beating the brokers out of a commission for such a deal.

The deal ended when the City agreed to pay any realtor the going rate of commission if her or his firm made the initial steps towards securing a buyer who actually completed a deal with the City.

It seems that J. L. Hudson Realty Co. did show a parcel

to a John Hendrie who had been referred to them by Vice President Robert Barbour of the National Bank of Detroit.

Hendrie was shown the site

in the industrial park by members of the J. L. Hudson staff. Later, he personally contacted Commissioner George Lawton, long a leader

in the Industrial Development Corp., about the land and the deal taken over by the City from that point.

Eventually Hendrie decided

to purchase the land for construction of a large convalescent home.

That's when the matter of who did what and who gets paid

for what came up. J. L. Hudson and Thomas Notebart, general manager of the realty firm, felt they were entitled to a commission.

They discussed the matter with Lawton and he requested they write a letter to the Commission, putting themselves on record of presenting the site

to a prospect who eventually bought.

Thus far the Commission has refused to pay the commission and another rhubarb is in the making. Lawton offered a motion in Monday's special meeting that the commission be paid minus the normal costs of completing such a deal.

But before a vote could be taken, Commissioner Arch Valier, who isn't sold on the idea, made a motion to table the matter pending a complete review of the deal with Hendrie.

Matter of fact, the Commission is thinking seriously of taking another look at that agreement with the brokers—they wonder if there isn't room for a complete clarification of various points. They expect to review the entire matter in the very near future.

production lines where senior citizens from the Plymouth community are being given a chance to aid in the development of the new industry.

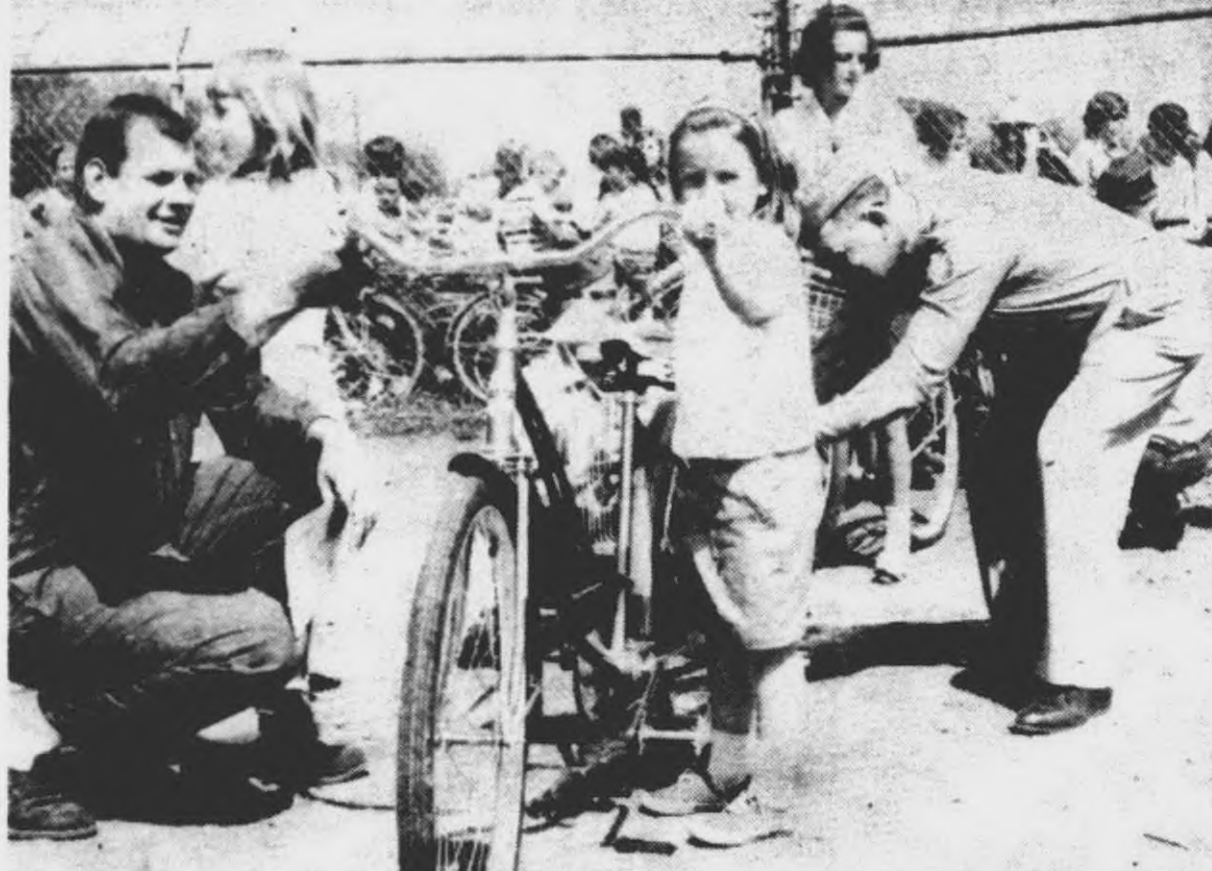

Outstanding students in the senior high school co-op program also take a turn on the lines after school—making it a community project from the time it was first conceived until it is placed in the shipping cartons for delivery to sales offices in most major cities.

"As with all new products, we are far from our ultimate goal of 100 devices daily," says Richards who is president of the Dynavoice Corp. "We believe it will catch the public imagination now that we have unveiled it for the first time and announced its production.

"We hope to build our production staff to more than 100 workers within a few weeks and then we expect to keep growing as the demand increases."

And that's the story of how this community got behind an idea of a "music man" that they will create as much public attention as a musical production did a few years ago that was built around a music man and "76 Trombones."

This production is built around a music man and "88 keys" and with the interest in player pianos, it could become one of the major industries in this community which has an overall population of more than 25,000.

BIKE INSPECTION has the attention of six-year-old Janice MacQueen, of 781 S. Evergreen, as she passes through the line at the bike rodeo conducted by the Optimist Club. That's Ron Nyhus inspecting the bicycle while

James McKindles (left) and Commander Harvey Jones, of Mayflower Post 6695 of the Veterans of Foreign Wars, place reflectorized tape on the back.

## 180 Bicycle Riders Participate in Rodeo

Members of the Plymouth Optimist Club and Mayflower Post of the VFW learned the hard way that there are a lot of youngsters in Plymouth who ride bicycles.

With the thermometer well above the 80 degree mark and the sun beating down, the two groups inspected and placed reflectorized stickers on more than 180 bicycles in the annual Bike Rodeo, sponsored by the Optimists, in the lot at the rear of the senior high school.

Our Lady of Good Counsel

won the school award for the most participants and the new bicycle was presented to Tom Veasy, 38701 Richland, Livonia, of Good Counsel, as the winner of a day long contest.

A total of 19 prizes were awarded to participants including: Good Counsel School—Nary Hastings, Barbara Sharrard, Tom Harzel, Mark Fleckenstein and Paula Chermisid; Junior High West—Steve Holloway, Kathy Trimp, Joyce McGuffie, Gerry Coyle, Jennifer Todd and Manfred Majer; St. Peter's Lutheran School—Allison Cook and Jeff Good; Smith School—Dan Colf and Tom Gottshall; Junior High East—Greg Leaverton; Starkweather School—Terry Lynhatten; Allen School—Rebecca Layman; and Bird School—Debra Wood.

All participants were presented with a ticket to the Mills Brothers circus.

## Burroughs Promotes Joyner

Burroughs Corporation has announced the appointment of R. A. Joyner to a newly created marketing staff position, manager-electronic data processing contract and policy administration and services.

Joyner began his Burroughs career in 1939 as an accounts receivable clerk in a branch office. He later held several supervisory positions at district and regional levels before being assigned to the home office in Detroit.

An active participant in scouting, Joyner is presently chairman of the Sunset District Scout Camping Committee. He also serves as a deacon of the Rosedale Gardens Presbyterian Church.

The Joyners reside with their two teenage sons at 32814 Indian, Livonia.

## Most Famous Postal Error On Display at N.Y. Fair

The nation's most famous postal mistake goes on exhibit at the World's Fair Post Office and will stay on view for three months.

A copy of the 24-cent air mail stamp issued in 1918 with a picture of an airplane printed upside-down will be displayed along with the original die proof of the stamp, proof sheets of the red border, blue plane, and die proofs of the 6-cent and 16-cent stamps that were also issued as part of the series.

Because materials on display are irreplaceable, special security precautions, including a 24-hour guard, have been arranged. Information concerning the delivery of the display to New York are not being divulged.

Visitors to the World's Fair Post Office will be furnished with free cachets being issued specially for this year's exhibition. The cachet is an envelope with a picture of the World's Fair Post Office and the Unisphere in the background. The stylized drawing covers the left side of the envelope face.

The Post Office will feature a philatelic sales window. All commemorative stamps available through the Post Office Department's philatelic sales

## Plymouth Training School Entrant in 'Pulse' Program

Plymouth State Home and Training School for the mentally retarded has received national recognition as an entrant in the 1965 "PULSE on Patient Relations" National Awards Program.

The program is held each year to single out those hospitals in the United States that have made the most significant contributions to improve patient comfort and morale. Only those hospitals that have made acceptable patient relations contributions will be considered for the national awards.

Twelve award-winning hospitals will be selected in June, to receive \$5,000 in Patient Relations Grants for their superior efforts. The grants have been made possible by the Colgate-Palmolive Company through its S. M. Edison Chemical Company subsidiary — sponsors of the entire "PULSE" hospital program.

Acting as judges will be a panel of recognized hospital experts.

The judging will be in three categories: (1) the best over-all patient relations program; (2) the best single patient relations project; and, (3) the best hospital newsletter. Four winners, based on type and size of institution, will be chosen in each category.

# Hit Street Improvements

(Continued from Page 1)  
Harvey to McKinley Avenue, brought more than lip service from the objectors, they presented a petition bearing the names of 16 property owners all opposed to the improvement.

After the hearing closed, the Commission decided to withhold judgment until they have an opportunity to evaluate the pros and cons and determine whether all parts of the program should be completed or

whether some should be dropped.

It is expected that another two weeks will go by before a final decision is made.

Builder Tom Cape's request for a 435 foot strip in front of his apartment, as credit for the 80 by 90 foot strip he dedicated to the city, was denied by a 7-0 vote.

Commissioner George Hudson made the motion, which received support, that the request for additional land as credit for the area he dedicated to the city be denied.

Cape told the Commission last week that he needed the land to enable him to build two eight-unit apartments instead of the eight and six-unit buildings as at the present.

Cape has building permits for two one-family dwellings but could change the licenses to the apartments if he desired—but only on the 8-6 basis.

The Commission urged that any building permits issued to

Cape must have the approval of the City Attorney.

## Board OKs Tenure for 35 Teachers

Approving a recommendation of School Supt. Russell Isbister, the Plymouth Community School Board gave tenure status to 35 teachers in its meeting Monday.

The group included:

**FARRAND SCHOOL**—Eleanor Burton, Irene Finkbeiner, Patricia Geister, Beverly Graham, Janet Lodge, Ella Ramsey, Mary Snitgem, and Betty Lou Walker.

**JUNIOR HIGH WEST**—Erik Collins, Lauren Dennison, Sally DeRoo, Margaret Hanson, Phyllis Irish, Edgar Kleinsmith, Alfred Neelands, Carroll Nichols and Raymond Sypniewski.

**PLYMOUTH HIGH SCHOOL**—Richard Egner, John Kontos, William Raisch, Gerald Ramsey, Brigitt Rauer, Carolyn Sam, John Thomas and Warren Vandenberg.

**BIRD SCHOOL**—Paul Cummings, Derald McKinley.

**SMITH SCHOOL**—Joan Engel, Alice Schmittgen, Judy Taggart, Mary Vander Woude and Sonja Windish.

**GALLIMORE SCHOOL**—Lois Parker.

**JUNIOR HIGH EAST**—Janice Bridges and A. Woodsey Farmer.

FIFTH GRADERS from Gallimore School, under the supervision of Donald Murray and Mrs. Mabel Blossom, are shown prior to staging a carnival at the school—the final fund raising project to pay for a trip to Washington, D.C., on June 9. The youngsters, some 55 of them, have been working on the drive since last summer and have netted the \$1,500 expenses for the jet plane trip. Included in their campaign was a bake sale, rummage sale, spaghetti dinner, flower sale

and the carnival. It was the biggest fund raising drive ever attempted in Plymouth by an elementary school group. The fifth graders will be accompanied by School Nurse Mrs. Virginia Gibson, Mrs. Mary Childs, Visiting Teacher Mrs. Grace Jarvis, Mrs. Blossom and Murray on the one-day trip. They'll leave at 7 a.m. and be back at Metropolitan airport at 9 p.m. that night.

## Set Michigan Week Plans

(Continued from Page 1)  
get an idea of the desires of the youngsters and what careers they planned to follow.

Then Hoben and Harding contacted business, industry and professional leaders and

made appointments for the students to visit with them on the job so that they can explain the work and the course of study needed for that particular occupation. The appointments start on

Monday and continue through Friday.

In addition, Michigan Week programs have been planned in all of the elementary and secondary schools.

Chairman Herald Hamill has made arrangements for tours of Historical Society and an afternoon tea in the Library as the highpoints of the Heritage Day program on Friday.

The Rotary Club will join in the festivities at its noon meeting when special recognition will be given officers of the Alexander Hamilton Life Insurance Co. for its outstanding achievements of the past year when it grew from a new company to one of the fastest growing insurance firms in the United States.

The Mayor Exchange program traditionally is one of the most important of the entire week and this year's will follow the usual pattern.

Chairman Kenneth Way and Mayor Pro Tem James Jabara will meet the Union City party at 10 a.m. in the City Hall for a get acquainted and hospitality gathering at which all heads of city departments will meet the visitors.

The group will tour the City Hall and Library during the morning, attend the luncheon at noon and then will make a tour of the city's industrial plants, including Western Electric, Burroughs, Evans Products and the new Dynavoice.

Rev. Ned Castner and Rev. Peter Schweitzer will have charge of the Kellogg Park events Sunday evening with Rev. Fr. Alfred Renaud, of Our Lady of Good Counsel Church, also participating.

## Arthur, Hook Promoted At Evans Plant

Gordon F. Arthur has been promoted to Chief Packaging Engineer, and Charles W. Hook to Chief Draftsman at Evans Products Company's Transportation Equipment Division in Plymouth.

J. P. Moorhead, Director of Engineering and Patents of the Division's Plymouth and Gage-town operations, said the Division's rapidly expanding railroad equipment business had resulted in a considerable increase in the size of drafting and packaging functions, making it necessary to place an individual in charge of each.

Arthur, who was formerly in charge of drafting, has been with Evans since 1941. He will be in charge of all incoming as well as outgoing packaging functions. He resides at 14011 Montrose in Detroit.

Hook, formerly Field Engineer with the Division, has been with Evans since 1936. He lives on Woodhill Road in Northville.

## "Hams" to Hear Talk By Ford Engineer

Von Chruschoff is a radio amateur with the call letters K4YK and has also held calls in Europe. His main interest is DX (long distance operation) and is the author of a book entitled "How To Work DX."

## DPW News and Notes

By Supt. Joseph Bida  
Plymouth Dept. Public Works

The past week found Department of Public Works crews busy digging holes and planting shrubs at the City Hall with approximately 148 man-hours spent. The downtown area was swept as well as all main streets.

One funeral was held at Riverside Cemetery and cleaning was continued at the cemetery. Low graves were filled. There were only two mornings that the tree spraying crew could do any spraying.

The city will only be spraying trees on city property because of bad weather conditions plus the fact that it is getting pretty late.

The past week found the Public Works patching all streets in the city. About 40 tons of patch was used.

Black dirt was hauled into the yard for future use at the cemetery and parks for planting and topping.

Several signs were repaired and put up. One 1" water tap was installed at 14815 Farmington Court in Northville Township. All park benches were repaired and painted.

City owned Elm trees are being sprayed in the northwest section. Work was continued on the planting of shrubs and trees at the City Hall.

Playgrounds and parks are being cleaned and a fence installed on one side of Hamilton Street playground.

The big grate on S. Harvey was cleaned. It is located midway between Ann Arbor Trail and Penniman Avenue.

Miscellaneous work was done on the storm sewer at Roe and Hamilton Streets with the straightening of the sewer and an addition to the catch basin. Four catch basins were installed on Byron between McKinley and S. Harvey.

A stop box was moved to 599 Ann Street. This was necessary because the original service line, which was brought through many years ago from Blunk Street, had become rusted and was unusable.

## State Flags Available

LANSING—For years, flags which have flown over the nation's capitol in Washington, D.C. have been a big hit with groups and organization. Now, it is possible to also obtain a Michigan flag which has flown over the state capitol in Lansing.

Under a plan worked out by Secretary of State James M. Hare, chairman for the promotion of the state flag during Michigan Week, and the George P. Johnson Company of Warren, which manufactures flags, such state flags may now be purchased by the general public.

"We're hopeful that organizations and school groups are interested enough in Michigan history and lore to buy state flags and fly them along with Old Glory," Hare said.

He said that a wholesale, pre-paid price of \$4 for a 3 by 5 foot cotton bunting flag from the Johnson Company had been worked out. "This low cost handles the purchase of flags as well as shipping charges," Hare stated.

Other Michigan flags are also available and the price list may be obtained by writing direct to the George P. Johnson Company, 23171 Groesbeck Road, Warren.

Orders for Michigan flags should be placed as early as possible so that delivery may be in time for commemorating Michigan Week, May 16-22, Hare said.

"I especially commend the presentation of Michigan flags as wonderful gifts to schools, youth groups, and other organizations as a pre-Michigan Week activity," Hare said. "However, we're hopeful that more and more organizations obtain and fly Michigan flags not just during Michigan Week but throughout the entire year."

Hare said he was appealing to all organizations . . . civic, fraternal, veteran, women's groups . . . but that he was making a special appeal to our organizations which work with schools.

He said he had discussed state flag promotion with school educators at all levels in various sections of Michigan.

"To a person, they were interested in the state flag, its history, and how to acquire several of them for their schools," Hare said.

## Rights Group Hears of New State Board

"The Michigan Civil Rights Commission, established by the new Michigan Constitution, is not an attempt to legislate morality, but a manifestation of government's continuing duty to legislate against immorality," stated Bert Levy, Director of Community Services for the Commission in an address before the Plymouth Assembly for Equal Opportunity.

Levy expressed his faith in the Commission as an effective means of eliminating some of the inequities created by what he terms an essentially racist society.

The Commission, appointed by Gov. George Romney, has the duty to investigate complaints of discrimination because of religion, race, color or national origin, and is empowered to issue appropriate orders necessary to guarantee to all citizens the enjoyment of civil rights without such discrimination.

Levy stated that people frequently hesitate to make a complaint, fearful that it will cause trouble, and be time-consuming. He pointed out that people must take advantage of the law to render it effective. The large majority of cases are settled without the necessity of a hearing, since most citizens are anxious to comply with the law.

The final lecture in this

series on Tuesday, May 18, will bring before the Assembly a group of people from Wayne and Southfield who have been involved in the beginning of integration of previous all-white neighborhoods.

Moderator for the panel will be recently-elected Municipal Judge Edward Draugelis.

Panelists will be Mr. and Mrs. Henry Phipps, a Negro couple who recently moved into Wayne, and Jack Anderson, chairman of Wayne's human relations group.

Mr. and Mrs. Carson Smith will relate their experience in moving to Southfield, and accompanying them will be Howard Coleman, chairman of a similar organization in Southfield.

The lecture will be held in the Plymouth High School Annex Auditorium.

## Name McGlenn to Post

Richard McGlenn, 42325 Brentwood, was appointed to the Board of Canvassers as a Democratic member to fill the vacancy created by the resignation of Orville Tugate.

McGlenn's term expires Dec. 31, 1965. He was recommended for the post by Robert Dwyer, chairman of the Plymouth Democratic Club.

## Senior Citizens Plan Open House in Ply.

The Senior Citizens Open House for merchants, businessmen, friends and relatives will be held on Thursday, May 13, from 1 p.m. to 3 p.m. at the Masonic Temple, 730 Penniman, in Plymouth.

# Shake Hands With The Law

Woodrow Wilson once said, "The first duty of law is to keep sound the society it serves." In our day, this becomes an increasingly harder task because of society's indifference to its first duty—upholding the law.

In an effort to make our great heritage under law more meaningful to Americans, May 1 each year has been proclaimed Law Day, U.S.A. The theme this year, "Uphold the Law—A Citizen's First Duty," is most timely and germane to much of our Nation's internal strife.

In the recent past, we have seen the rule of law flouted from college campuses to riot-torn metropolitan streets. It is mocked by those who use the cause of legitimate petition and assembly as a facade behind which to plunder, loot, and destroy property. Likewise, and even more regrettable, the rule of law is debased by reckless and callous enforcement powers which stoop to brutal and unnecessary force in handling crowds and demonstrations.

When officers violate their oath of office and the ethical standards of law enforcement, they disgrace their profession. Their acts jeopardize the public respect and confidence which diligent and dedicated men have given their lives to perpetuate. They place an extremely heavy burden on their associates and invite shame, ridicule, and disrespect for their department, community, and State.

This is not to say, of course, that all charges of excessive force by officers of the law are true. Many times, persons strike and assault policemen and resist lawful arrest to such an extent that great force is necessary to bring the violators under control. In such instances, some individuals are quick to charge "brutality" when

the facts show the officers acted within their rights.

Americans should view with alarm the growing lack of respect for law and order. We have seen what occurs when extremists are encouraged by irresponsibility on the part of those charged with maintaining law and order. On the other hand, who is to say what damage is done to the impressionable minds of our young people who witness, or are urged to join in, activities in which participants defy constituted authority with no apparent misgivings and go unpunished. Abuse of the law is a dangerous practice for freedom-loving people, and there can be no exceptions to compliance, for we know "Where law ends, there tyranny begins."

Freedom, justice, and the individual dignity of man are concomitants to the rule of law. Disrespect for this concept is a tragic weakness which undermines the American traditions of honesty, integrity, and fairplay. It is a weakness which must be eliminated from our society and, above all, from the ranks of law enforcement.

Law enforcement may take exceptional pride in knowing that its significant role in perpetuating law and order has not been overlooked. The week of May 9-15 has been set aside as Police Week and May 15, as Peace Officers Memorial Day. As we pause to observe these memorable dates, let us remember that we shall fail our responsible trust unless love and respect for the rule of law abide in the heart of every man behind the badge.

As parents it might be meaningful to pay a family visit to your local police station, meet the officers on duty, and see the facilities your tax dollar supports.

### Thanks for Help

**Editor:**  
April 12th, was the 20th Anniversary of the death of President Franklin D. Roosevelt, the founder of the March of Dimes. It was also the 10th Anniversary of the Salk Polio Vaccine discovered by Dr. Jonas E. Salk.

In 1954, in the United States there were 35,476 cases of Infantile Paralysis, last year there were but 121 cases.

This was made possible by contributions of dimes and dollars to the March of Dimes for research, and the first major disease to be conquered by voluntary contributions.

On behalf of the Wayne County Chapter of the March of Dimes I would like to thank everyone in Livonia who contributed to the 1965 Drive against "Crippling Birth Defects" which amounted to the sum of \$14,870.05.

To the volunteers who made this possible, "a big thank you," to Mrs. Robert Fox, chairman of the "Mothers' March" and the "Card Party" and her committee, and over 1,000 mothers and fathers who marched from door to door, that cold night in January, to bring in the biggest portion of the money collected in Livonia. I was very proud of our wonderful teenagers, and teacher sponsors from the Livonia, and Clarenceville School Districts, and Ladywood High job of collecting over Undue license \$1,700 and also all major shopping centers in Livonia who gave permission for the teenagers to put on their Peanut Drive in the centers.

The high schools participated in the peanut drive, and the junior high schools in the dance, basketball, and movies, and the elementary schools, the cannister drive.

A thank you to Eddy Edgar of Livonia, National Bowling Coordinator for the March of Dimes, and his bowling program, and all the bowling alleys who participated in Livonia.

A "thank you" to the clubs and organizations of Livonia for their contributions to the drive.

A "thank you" to Mayor Harvey Moelke for his help and cooperation given to the 1965 March of Dimes.

And last but not least a "big thank you" to The Observer Newspapers, who made it possible to put on a good program, with outstanding publicity which helped to put the Livonia March of Dimes over the top this year.

### "Phony" Aid

**Editor:**  
"The Mayor's Corner" in the April 14th Observer attempted to justify Federal grants to local governments on the basis that this money is needed by the communities for the development of their local facilities.

I agree completely with his statement of principle: "No federal grant will be forthcoming to any city that cannot or will not supply their financial share of the project." The point on which agreement is more difficult is the determination of the rightful local share of the funds. I believe "share" should be determined according to the relative benefit to the people living in the local area compared to the benefit to the people living in all other parts of the country who are contributing through their Federal taxes. How can we justify taking money from the low income states to help pay for our sewer and water lines when the people in those states are still using "outside plumbing"? The truth is that we should accept the full cost of such projects within the area to be served.

Willard F. Rockwell said: "The most dangerous new pit

against our national welfare is the scheme of local and state elected officials to obtain Federal aid for education, urban improvements, highways, etc. They know they have reached the point in local and state taxing where any increase will result in their losing the next election. They know that many citizens believe their story that the Federal Government has a source of income which can be increasingly doled out without raising individual and corporation taxes.

But, obviously, Federal taxes raise all retail prices, and the local and state politicians hope the public will blame the cost rise on the greed of the manufacturers."—from "The Rebellion Colonel Speaks," McGraw-Hill Book Co., page 273.

Let's have a return to honest local government where the costs of services are not hidden behind phony Federal grants to be paid for out of inflation.

### Critical of Critic

After reading "O! Whathisname's" theatre column last week (Observer Drama Critic Wally Roberts) I have come to the conclusion that he must have been reviewing a show other than the "Hillzappin", which I saw last Saturday night at Redford Union High.

I'm referring of course, to the Redford Suburban League's annual musical comedy, The League, a group of wonderful girls, dedicated to a very worthy cause, can justifiably be proud of their many accomplishments over the years. Included in these accomplishments is the show, an original, written, staged and acted in by as many of the members as possible, and usually providing a tongue-in-cheek evening of fun for actors as well as audience. An OKLAHOMA! it ain't—but than nobody in the League claims it is.

However, when your so-called drama critic foists the glowing opinions evidenced in his last column on an unsuspecting readership, it certainly makes those who saw the show, including many League members themselves wonder if he really even saw the show.

This letter is intended by no means as a criticism of your fine newspaper or the RSL—long may you both prosper, but please give us Theatre enthusiasts some integrity on the entertainment page instead of the current object of ridicule.

### Cemetery Vandals

**Editor:**  
Something during the first week-end in May vandals invaded the West Farmington cemetery and overturned, broke and destroyed several hundred dollars worth of monuments. The depredation seems to have been accomplished without anyone observing it, including the heavy week-end traffic.

It is, of course, an idle waste of time to deplore the senseless act or try to speculate on the cause of the twisted minds of the perpetrators. Suffice it to say that it is a bitter irony that the wanton destruction was accomplished—probably—on a Sunday and the beginning of a month known as "pick-up, clean-up and keep-it-up time."

More to the point is the problem of future care and security of the old township burial places of our pioneers. There is, of course, no insurance to cover such a loss and, inasmuch as the township board has ruled that public money may no longer be expended for the maintenance and beautification of these semi-forgotten acres, the upkeep rests with the few and dwindling old families and neighbors to dig into their own pockets and give of their own time and money. This method becomes increasingly difficult, because the older lot-owners are passing away and

the descendants are scattered and/or cannot be located. In this particular cemetery the sale of lots has averaged about one every five to ten years.

The Farmington Historical Society and a few other individuals have diligently searched for ways to help, but thus far no resources have been found other than as above indicated.

My years of experience working with public high school students impels me to say, in all fairness, that some ninety odd percent of our young people are splendid examples of good citizenship. It is only a small minority who appear determined to prove that the whole human race is worthless, but the negative impact of that minority is indeed costly and embarrassing to human decency.

While the purpose of this letter is neither to solicit funds nor to complain, it is we feel, to the public interest to invite attention, not only to the growing problem of delinquency, but to the problem of non-profit cemeteries. We cannot, in good conscience, contribute heavily to tax-supported programs for community improvement and beautification and neglect the dignity of Christian burial places.

**DONALD E. MCCrackEN, Pres. West Farmington Burial Ground Assoc.**

### 'Undue License'?

**Editor:**  
It is regrettable, considering the laudable public service usually rendered by the Livonia Observer, that you would take the audacious editorial liberty of making a horse-opera mockery of the sincere efforts of a responsible civic association to rectify traffic and other problems in its area.

The inexcusable "Vigilante" reference to the Meri-Lynn Civic Association's letter to Chief James Jordan, announcing its intention to take the initiative in assisting the Livonia Police Department in combating local problems, is taking undue license with editorial prerogatives.

The attempted humor of your lead-in to the article "Speeders, Vandals: Beware! The Vigilantes Are A-Comin'" tends to impugn the dignity and purposefulness of our Traffic and Safety Committee; and implies that it intends to replace our fine police department in law enforcement. The one sentence your newspaper deleted from our letter would have indicated the excellent relationship we have enjoyed with the Livonia Police Department. It read, "Chief Jordan, we welcome your advice and are confident that you will implement the statement made in a recent letter, "be assured of our cooperation in all matters of mutual interest."

Again, we assert that it behooves all citizens to help themselves in preserving the peace, property, and safety of their neighborhood through active cooperation with the police in an effort to maintain law and order. More important is the need to alleviate the manpower shortage in the police department! In keeping with the tongue-in-cheek spirits of your writer's "old Western style" literary dramatics, "He should be on the stage... the first one out of town!"

# Observing the Scene...

By MYRA CHANDLER

Every age, it appears, has its own windmills to wrestle with—a new disease, a new status symbol, a new social reform, and a different cliché-type booby trap.

In another day pneumonia was the dread disease; a stock broker to call your own, the status symbol; organizing the working people, the social reform and, don't be a scab" the cliché.

Currently cancer is the disease; your own analyst, the status symbol; and "we shall overcome," the social reform. The booby-trap of our age, to avoid at all costs is "conflict of interest."

On this subject there are books, plays, jokes, and laws. The latest is a directive of some seven pages right from the President of the United States to his five million civil service employees on how the boss wants them to behave in this area. It has become a serious problem.

State Representative John Bennett of Redford Township has a Bill on the subject. It is a 15-page Bill and provides that no Legislator can solicit, accept or receive gifts, loans, gratuities, favors or services having an aggregate value of \$50 or more in any calendar year (lunch is O.K.) from any person with legislative interest. The Bill also stipulates that every Legislator and employee shall file a report requiring the listing of every individual interest exceeding a market value of \$5,000 or five percent of the distributable income or ownership interest of himself and members of his immediate family.

Will the Legislators legislate themselves? Certainly there are those men among our lawmakers who would be willing—but are there enough? Forgive me if I am cynical.

All down through the ages there never has been any social reform that did not come as a result of a problem out-of-hand. Rarely, if ever, has the law come first—just in case of trouble.

This area of "conflict of interest" has always bothered me a bit.

Particularly the economic area. To me there are two issues involved.

I do not believe a man who has worked hard for a company, has achieved success—and then has been beckoned to serve his government should be penalized by having his investments stripped. A man of ethics would bend over backwards not to exert undue influence.

Congressman Wes Vivian felt the need to sever his interest in a company in Ann Arbor he had developed for years—Governor Romney took the same steps at American Motors. Realtor Mayor Harvey Moelke gave up an option on some land in Livonia because he knew the Government was considering it for an Army training center. He didn't get any thanks for it then, or now—but he knew not doing so would be used against him as "conflict of interest." He wanted the training center to be built in Livonia, realizing the advantages to his city. He might as well have collected the commission for he got the tag during the last election anyway—but he felt he could stare anyone down on the subject because he did release the deal.

Tom Duke in Farmington is always getting this "conflict of interest" thrown in his teeth. He has been in the Farmington area all of his working life—taken a calculated risk when Farmington was all country, because THIS was a place he wanted to see grow—and he helped it to do so. However, he also serves on the Township Board. It is resented.

In my opinion when we elect a man—we must allow him to make an honest mistake—but we had better be sure his promise and principles are sound, honest and ethical. I don't think he has to come to us stripped and in swaddling clothes—I would hope he is financially independent. If his ethics are other than pure (and it will show)—then elect someone else. Don't dream up a hundred new laws to try to change the spots of a crook—there aren't that many laws that can be passed.

So much for economics. The areas of conflict of interest I would like to see enforced are those of power and influence.

Prime example are attorneys. In some of our communities—certain attorneys are selected because his way is "greased." It is obvious to me and certainly must be to the regular meeting-goers.

Another such area is where the judges in local areas appear before each other as attorneys. There ought to be a law—how in the world can a judge be harsh when he might be appearing with a client before the judge himself that is today wearing an attorney's hat. Impossible.

The same applies to members of commissions who also hold jobs within the area they are concerned with. For instance in Redford Township a man was employed by the Parks and Recreation Department—and at the same time served on the commission running the Parks and Recreation Dept. Pure conflict of interest and some day there will be a law.

## Yesterday's Headlines

**25 Years Ago**  
The Livonian for the week of May 14, 1940, reported that the Livonia School Board had plans to build a new \$10,000 school near Cooper. It would be a five to eight room building near the present one. Another front page article stated that the Livonia base telephone calling area had been increased 7 1/2 square miles and that four-party 'party lines' had been discontinued.

**15 Years Ago**  
As the special city election drew closer The Livonian tried to bring its readers the facts on this important election. The May 12, 1950, Livonian listed the names of the 19 men and women running for office.

**10 Years Ago**  
The Livonian for May 12, 1955, printed the news that the MRA, the Michigan Racing Association, had postponed its plans to sell the Detroit Race Course to a Texas charity group. If the track had been sold the city would have lost between \$60,000 and \$70,000 in tax revenues.

"GM Buys Nine Acres on Telegraph" was the banner headline for the May 12, 1960, Redford Observer. In the Facts and Opinions column the Observer reported that GM had bought nine acres of land, but that the specific purpose for this land was not known, but a rumor had it that it might be an administration building.

# White Wash Not Wanted

"A soldier's life is terrible hard" said Alice.

She would have said the same about police officers had she known one. A police officer's life is "terrible hard" indeed.

It takes skill, leadership ability, and courage. But the pay is low and the hours long.

What rewards there are are largely intangible. Most officers are motivated by a high idealism, a desire to serve the public.

Our Democratic society is fortunate in the high caliber of its law enforcement. Most officers do a lot more than merely enforce the law, from lecturing on fire safety, to actually putting out the fires, from breaking up fights to teaching women how to defend themselves, from getting pet cats off of roofs to serving as big brothers to lonesome and troubled boys, the good officer's commitment to society is total.

That is why the case of the state versus Wayne County Deputy Sheriff Joseph Bommarito for extortion against a Redford storekeeper is such a significant one.

One crooked cop is one too many. He distorts the image of a thousand honest officers. And, even more important, he undermines the public's respect for the law itself.

We have no desire to prejudge the case against Bommarito. We do not know him to be guilty. We hope he is innocent. If he is, we hope he is cleared.

But a disturbing notion has been hurled into the air. WXYZ commentator Lou Gordon reported a rumor last week—that a move was underway in high places to white wash the Bommarito affair. Gordon is sometimes misinformed—but not always.

The Bommarito case lies in the shadow area of politics. It alleges the not unusual occurrence of forcing fund raising tickets on a person unwilling to kick in. Such salesmen are always hard to say "no" to. When they wear badges they can be irresistible.

Whatever the final verdict in the case, it points out the great need to take law-enforcement completely out of the domain of politics.

But the main point is that there must be a verdict. The case must be tried on its merits. There had better be no white wash. It would leave a stigma on Deputy Sheriff Bommarito's career. And it would leave a stigma on the law enforcement profession as a whole.

The Observer for one will be watching closely. **ALLEN ROSENFELD**

# Look At Republicans

A favorite gambit for speakers is to explain that they belong to no organized political party because they are "Republicans." The statement almost always evokes a laugh because it has just enough truth.

However, two other very serious problems facing the "minority" political party in this country were pointed up last week.

The occasion was an executive board meeting of the Wayne County Federation of Young Republicans. The topic of the evening was how to formulate a publicity program for the various clubs.

All of the speakers stressed "don't be angry" if your story is not printed or broadcast. In other words the Republicans should stop feeding on their "persecution complex" where the communication media are concerned.

Another more serious problem within the party structure, however, is especially acute among Young Republican circles.

YR's are more concerned discussing who caused Goldwater to lose the election and Romney's terrible conduct toward the national ticket than in how to win the next election" expressed one senior party official following the meeting.

What provoked the comment was the action by one YR, who has for the past six years or so, been splitting the College Federation of YR's wide open and has now transformed his activities not only to the State YR's, but to the senior party as well.

This individual met three of us following the

meeting, sat down at the table, and never said "How are you doing these days," "What are the Tiger's chances this year," or "What do you think of the weather."

Instead the opening comment was "George Romney is running for President and maybe when he starts to act on his principles he will be qualified for the office."

The individual then went on to tell how he and his family had canvassed their neighborhood in Oakland County prior to last election telling how Romney had failed to live up to Republican principles.

Individuals certainly have this right, but after admitting that Neil Staebler was even more unacceptable one can't help but wonder what the purpose was if it was accomplished.

Compromise is necessary in many facets of life—especially in politics. This is the real dividing issue within Republican circles. If a politician doesn't accept the definition of politics as "the art of the possible" he just isn't effective or very practical.

The question then is if not accepting the necessity of compromise why bother putting up with the late hours, the ridicule of many people who consider "politics is a dirty word," the confusion, noise and frustration of conventions, etc. if one is not willing to be pragmatic.

Maybe it is immaturity, maybe it is dedication and principle, but until the Republicans can arrive at some solution to this dilemma there just isn't much hope for winning elections. **SUE SHAUGHNESSY**

On Sunday afternoon, Garden City will display its second high school to the public.

West School has many features which everyone interested in schools and education would find worthwhile seeing.

One achievement to which Garden City is pointing with pride is its circular auditorium-gymnasium complete with a "conditioner" track.

Take a look at this beautiful structure with its handsome dome which provides grace as well as utility. Supt. E. J. O'Leary, claiming a

first in this particular design, feels it will be copied all over the United States.

Money was saved by building two pools in a rectangular building rather than an "L" or "T" shape, thus avoiding costly beams.

One pool is of regulation size for swimming events, while the other—about half size—keeps the diving boards away from the swimming area.

Township Trustees to Fill Board Vacancy Quickly

With the supervisor and clerk posts filled by the appointments of John McEwen and C. Veach Sparks two weeks ago, the Plymouth Township Board of Trust-

ees plans to fill the vacancy on the Board in the regular May meeting. After a lengthy executive session last Friday, during which

the Board ironed out several problems, the names of nine candidates were tossed into the hopper as possibilities to fill the vacancy created by the

appointment of Trustee Sparks to Township Clerk when McEwen was elevated from clerk to supervisor.

The doings of the Board were shrouded with a secrecy but members definitely decided on a first choice and an alternate. Supervisor McEwen and Clerk Sparks were to contact the pair over the weekend as to availability and report back to the Board before the meeting.

Supervisor McEwen refused to mention any of these seeking the post but stated the Board learned there were at least nine who had indicated an interest in filling the vacancy.

"We have discovered there are a number of very competent residents of the Township who are interested in serving as a Trustee," commented McEwen. "We will name one of the nine and I'm quite sure the others will be available for appointments to some of the commissions and boards that have vacancies."

McEwen was referring to the Planning Commission, to which he must name a successor from the Township Board as a replacement for Sparks, and as Township director Civilian Defense, which McEwen relinquished when named Supervisor.

School Board Hires 18; 2 Resign

Taking steps to fill the teaching positions opened up by the expansion programs at the elementary and senior high levels, the Plymouth Community School Board Monday accepted two resignations and approved contracts for 18 instructors on recommendation of Supt. Russell Isbister.

Donald Alexander, principal of Gallimore School, turned in his resignation to accept a fellowship at Indiana State University where he will continue work on a doctorate degree and Marie Clair Hopkins is leaving the Junior High East staff.

The 18 newcomers include: Frederick Andres, who has a degree from Michigan State and five years experience in the Garden City

system, as a mathematics and science teacher at Junior High East. Dudley Barlow, recent graduate of Eastern Michigan University, to teach English at the high school. Mrs. Margaret Baude, degree from University of Michigan, five years experience in South Redford, sixth grade at Junior High West.

H. Michael Endres, Master's degree from the University of Michigan, one year at Farmington, to teach elementary and junior high music.

Franklin Fisher, bachelor's degree from Western Michigan, two years in Flint and three in Lake Fenton, to teach English.

Gary Hees, recent graduate of University of Michigan, to teach mathematics at the senior high and junior high East.

Diane Johnroe, bachelor's degree from Madonna College, English at the high school and Junior High East.

Mrs. Barbara McDonald, bachelor's degree from Michigan State, with experience in Lansing, Holt and Wayne in Michigan and Columbus, Ga., to physical education at the high school.

Mrs. Betty Morrison, bachelor's degree from Wayne State, to teach fourth grade at Farrand School.

Mrs. Betty Newcomb, bachelor's degree from University of Michigan, to teach fifth grade at Farrand School.

Mrs. Esther Shannon, bachelor's and master's degrees from University of Michigan, with experience at Whitmore Lake, to Librarian.

IOOF Plans Celebration In Plymouth

Members of Plymouth Tonquish Lodge No. 32 and Plymouth Rebekah Lodge No. 182 of the Independent Order of Odd Fellows will celebrate the 146th anniversary of American Odd Fellowship on Friday, May 14 in a program at the Odd Fellows Hall at 8 p.m.

Gov. George Romney signed a proclamation for Odd Fellows Day and Odd Fellows Week in which he urged all citizens to join in the observance of the 146th anniversary.

The proclamation reads: "The purpose of the Independent Order of Odd Fellowship is to endeavor to enlighten the mind without taking from the individual any of his rights or privileges.

"The IOOF endeavors to elevate the character of man through systematic teaching of the basic principles of Friendship, Brotherly Love and Truth wherein the members practice the 'Great Command' to visit the sick, relieve the distressed, bury the dead and educate the orphan.

"The IOOF conforms to law, religion and sound morality without disrupting the rights of the church, or of the courts; and it is the desire of the members in Michigan to endeavor to enlighten the citizenry of this great state in its efforts to elevate man through the principles of morality, social decorum and upright living.

"Therefore, I Gov. George Romney, urge all citizens to join in the observance of this 146th anniversary of American Odd Fellowship."

# N. Farmington Student Council Busy

By Donna Hug  
Student Council Work Day was held Saturday, May 5. Sophomores, Juniors, and Seniors rose early to begin their long lists of duties set up for them.

The Work Day began at 9 a.m. and ended at 5 p.m. A car wash was held at the School. Such jobs as cutting lawns, rak-

ing leaves, clearing streams, cleaning garages, and making beds were done.

Students worked hard and did a fine job but they also had a good time. We would like to thank all parents who helped make this work day the large success it was.

ON FRIDAY, MAY 7, there

was a dance in the gymnasium. On Saturday, May 8, the French Club Dinner was held in the cafeteria. After dinner a Monte Carlo Night was held.

G.A.A. is sponsoring a bowling tournament on Wednesday afternoon for the next few weeks. \$1.05 is the charge for three games of bowling and your shoes. Anyone can join, you don't have to belong to G.A.A. to come.

Varsity Cheerleaders events were held last Thursday evening. We would like to congratulate all who were chosen.

**CLASS OFFICERS** were chosen. Officers elected for the Senior Class of 1966 are: Tim Lentz, President; Bob Carly, Vice President; Debby Mann, Secretary; and Barbara May, Treasurer.

The Junior Class officers are: Rick Jones, President; Dale Adcock, Vice President; Debby Bramlage, Secretary; and Doug Tyler, Treasurer.

This year the Farmington District will send five girls to Wolverine Girls' State from June 15-June 22, 1965. The five attending will live on Campus of the University of Michigan in Ann Arbor.

All will play the role of junior politicians and will also elect representatives.

The two girls attending from North Farmington High School are Carolyn Kikka and Barbara May. The alternate delegates from our school are Diane Butler and Bonnie Britton.

Each of the five is sponsored by a local service club or organization.

## Sprinter Stars, but Falcons Lose

Although Gary Lockwood won the two dashes in each meet, Farmington high's track meet wound up a double loser in dual meets last week.

Walled Lake topped Farmington, 60-49, while Detroit Redford team clipped Farmington, 65-44.

Mike Ellis of Farmington ran second to Lockwood in each of the four races.

# Bentley Plans A Show

By SUE DOWELL  
Most everybody loves to travel. When you use your imagination and think of something unique you can take a trip for not more than 75 cents. That is, if you come to Bentley's fifth annual "Silver Swans Presents."

The theme for this year's performances is "Travels... Unique." The program is like a big surprise package waiting for the audience to expect some high and beautiful adventure.

SUE

The Silver Swans will take you to places like the North Pole, Sultan's Harem, Land of Dreams, Desert Oasis and the Everglades as they perform their many colorful numbers in Bentley's shimmering pool of clear water. Eight of these swimmers will take you on a Sentimental Journey to the Tunnel of Love. It will also be nice to visit Never Never Land with Sue Sladek, Ruth Waterson, and Bob Craver in the water to entertain. As you "Follow The Yellow Brick Road" it will not be surprising if you meet Sandy Fairbanks as Dorothy, Kathy Benz as Toto, Joyce Hickerson as Scarecrow, Candy Loren as Tin Man, and Anne Friedrichs as Cowardly Lion. You will be carried away into the magic world of witches with Karen Cox and Eileen Carey.

Being a member of Silver Swans is not an easy task. This girls' synchronized swim club is rewarding but takes a lot of hard, steady work. The 41 girls and five boys have been practicing for a long time to present their three shows which will take place on May 13, 14, and 15, at 7:30 p.m. in the Bentley pool. All adult tickets will cost 75 cents. Student tickets are also 75 cents except for the fact that they can be purchased for 50 cents to see Thursday night's performance.

The aquatic director of the water show is Mrs. Pat Kollen and the technical director is Miss Mary Lou Meyer. Silver

Swans officers are as follows: Ruth Waterson (president), Eileen Carey (vice-president), and Sue Sladek (Secretary-Treasurer). The managers are Laura Shanks, Karen Cox, and Joyce Hickerson.

On May 19, the renowned Detroit Symphony will perform a concert conducted by Valter Poole. Bentley has been given the honor of having this concert in its gymnasium. The show will be presented for the public at 8:15. Free tickets may be obtained at Bentley High School just about any time before the concert. Tickets should be picked up soon for the number of them is limited. The fact that the Detroit Symphony selected to play at Bentley gives our school a great honor.

New sophomores coming to Bentley don't always realize how enormous Bentley is. They will get a chance to get acquainted with Bentley just a bit, before they start here next semester. On May 18 and 19 future tenth graders at Bentley will be formally introduced to their high school and the new and old officers of the Student Council. After a meeting with teachers and an explanation of Bentley's rules, regulations, and social activities they will be given a tour of the school. Questions will be answered if any are asked. This Sophomore Orientation is sponsored by the Student Council. Members of Student Council will be on hand to help ninth graders who will be very welcome at Bentley. The students from the following Junior High schools will attend the orientation; Nankin, Riley, and certain lucky students from Bryant and Frost. The assembly will take place during the morning on both days.

Dirty cars are not very nice to look at. So why should people have muddy cars when they can have their autos washed and contribute their money to a worthy cause all in one? On the 15th of May any interested people who want to get their cars washed can do so at the southwest corner of Middlebelt and Five Mile Road.

# Thurston Star Sets School Mark

A new school record by Al Phillips in the broad jump highlighted Thurston high's third-place finish in the Monroe track relays last Saturday night.

Phillips leaped 21 feet, 11 inches, to eclipse the old school standard of 21 feet, 7 1/2 inches, as he finished in second place.

However, Phillips came back with a victory in the high jump when he soared 6 feet, 1 1/2 inches.

Jerry Szostack turned in a second in the shot put while the two-mile relay of Ralph Stanifer, Curt Russell, Bob Grim and Don Russell also placed second.

In the mile relay, Stanifer, Rick Stefani, Grim and Bristol combined to give Thurston a tie for second place.

Thurston totaled 28 points to finish third behind Roseville and Birmingham Seaholm.

Redford Union's Jack Shepherd and Bob Lagana placed third in the mile and pole vault, respectively. Bentley failed to gain a point by the showings of its mile and shuttles hurdle relay teams and the individual efforts of Larry Grimm and Doug Thomas stood out.

Thurston swamped Oak Park, 84-25, in a dual meet last week as the Townshippers won all but the half-mile relay. Sprinter Noel turned in the only double victory as he copped both dashes.

How Thurston placed in the dual meet:

Shot Put: 1—Szostack, 3—Kirby. Distance: 49 feet, 7 inches.

Broad Jump: 1—Phillips, 3—Bristol. Distance: 20 feet, 4 inches.

High Jump: 1—Phillips, 2—Bristol. Height: 6 feet.

Pole Vault: 1—Holden, 2—McEwen. Height: 11 feet, 6 inches.

880-yard relay: 1—Thurston.

High Hurdles: 1—Stefani, 2—Roe. Time: 15.9 seconds.

Mile: 1—Grim, 2—Touchette. Time: 4:45.9.

880-yard: 1—Stanifer, 2—Russell, 3—Dusek. Time: 2:03.6.

440-yard: 1—Bristol, 3—Adamsen. Time: 51.3 seconds.

100-yard: 1—Noel, 2—Cyr. Time: 10.3.

Low Hurdles: 1—Cyr, 3—Casey. Time: 21.4 seconds.

220-yard: 1—Noel. Time: 23.2 seconds.

Mile relay: 1—Thurston. Time: 3:38.2.

# Senior Prom Time

By JAN BONNER  
That long awaited event, the Senior Prom, is finally drawing near. The class of '65 have waited and planned expectantly for the glamorous night of May 22 for over a year. "Till Then" has been chosen as the theme for the dance.

JAN

The dance is formal. Some girls are planning to wear full length formal gowns and others will choose to wear street length semi-formal dresses to the Prom. Their male escorts may choose to wear dark suits and ties, dinner jackets or tuxedos.

After the Prom is over, couples usually dine at a nice, quiet restaurant.

The Prom is to be held at the Michigan Union Ballroom. The dance will begin at 8 p.m. and end at 11 p.m.

FHS students, who have a tendency to become bored during the summer and wish for something to do, may enroll now in special summer Musical Comedy Workshops. The musical comedy which is to be presented is "The Music Man." Dancers, singers and actors are needed, along with plenty of

committee members. Publicity and ticket committees, stage crew, property crew, make-up crew and costume committees are to be formed. The fee for the workshop will be \$5.

Classes will be held at Bentley High School starting June 21 through August 6, beginning at 9 through 12 a.m. every Monday-Friday. The production itself will be held at Franklin, Thursday through Saturday, July 29-31, and August 5-7.

All interested students should contact Mr. Hirvela.

# Franklin Hi Annual Near

The 1965 edition of Franklin's annual yearbook, the Almanac, is about to make its third appearance. The yearbook is expected to arrive the last week of May.

Questions ranging from dating to political Charles DeGaulle's President views were asked by interested French students of Francoise Mubosc, a foreign exchange student from France. Le Club Lafayette, Franklin's French Club, had invited Francoise to carry on an informal interview on Wednesday, May 5. Students asked questions in French about her native land, her family, her impressions of America and what she thought of Frats and Greases. Francoise promptly answered in her native tongue. When questioned about her school she said that French students attended eight hours of classes every day.

After the discussion, refreshments were served and students were given a chance to meet Francoise personally.

The Aquatics, Franklins synchronized swimming team, presented its annual show entitled "Hits From Broadway" on May 6, 7, and 8. Well-known tunes were taken from the Broadway classics "The Stripper," "The Pink Panther," "Goldfinger," and the "Music Man." The program was held in Franklins' swimming pool at 8 p.m.

## 2 out of 3 professional turfmen use Agrico. Do they know something about grass feeding you should know?

Most of the Agrico we sell goes to professional turfmen—landscape gardeners, golf course superintendents, nurserymen. Even sod growers. These professionals rely on Agrico for one reason: it consistently gives them superior results.

Do you have to be a "pro" to get professional results on your lawn? Definitely not. Agrico Grass Food is as easy to use as any fertilizer.

1. Agrico Grass Food contains a special combination of nutrients that actually enriches your soil. These nutrients build strong roots and produce hardy grass.

2. Ordinary fertilizers help make grass green for a while. But Agrico, with 60% organic nitrogen content, helps keep grass green all season.

3. Agrico's formula gives you more total plant foods per bag to build soil fertility over a longer period of time. \$4.95 bag nourishes 5300 sq. ft. Now you know what the professionals know. For a thick, green lawn, use Agrico Grass Food—the fertilizer that enriches your soil as it greens your grass. There's an Agrico Garden Dealer near you.

# Prep Baseball Tourney Starts Sat.

The big moments are at hand for high school athletes this spring.

On Saturday, the lid goes up on the first annual Livonia Invitational baseball tournament for 10 are prep varsity teams.

All games are to be played under the lights at Livonia's Ford Field on Farmington Road, between Schoolcraft and Five Mile Roads, to determine the winner of a grand trophy to be awarded by the meet's co-hosts — The Livonia Optimist Club, the Livonia Recreation Department and the Observer Newspapers.

The meet opens Saturday evening with Clarenceville facing Bentley at 7:30 o'clock.

After Saturday's tilt, a two-week break in action is slated under a revision in the program announced by Les Anderson of Bentley High, the tourney's director. Action will resume on Friday, May 28 with the Clarenceville-Bentley winner going against Our Lady

of Sorrows at 7 p.m. and Thurston engaging Redford Union at 9 p.m.

On Saturday, May 29, it will be North Farmington vs. Franklin at 7 p.m. and Farmington against Plymouth at 9.

Semifinal contests now are slated for June 4 at 7

and 9 p.m. with the championship contest for Saturday, June 5, at 9 p.m.

Redford Union, Franklin and Thurston shape up as the top teams to carry off the first annual Livonia Invitational. Redford Union has been surging in high gear in the Suburban Six League while Franklin and Thurston are the strong power in the Northwest Suburban League.

Official state high school rules will prevail in the tournament. One special regulation has been inserted. If a team is leading by seven or more runs after five innings, the game will be stopped, except should this occur in the championship game.

It also has been announced that if a game is called after the fifth inning because of rain and with the score tied, a new game will be re-scheduled.

Tourney officials, along with coaches, are excited about the meet.

"We plan to include the Garden City schools in

next year's meet, because they are now part of the Greater-Observer coverage," an official said.

While the baseball Invitational gets under way, area trackmen this Saturday will be vying in state regionals. So will the various golfers.

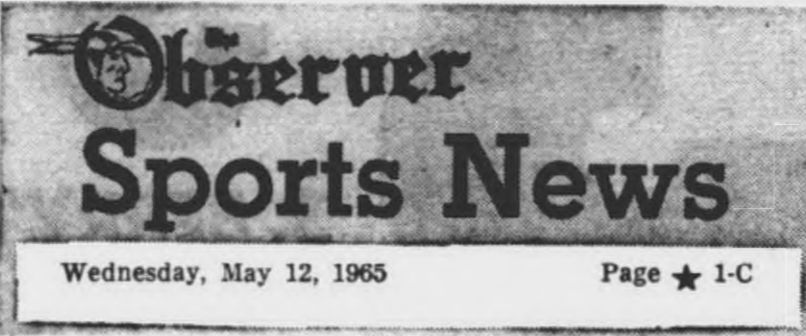

Both Bentley and Clarenceville have been assigned Class A and B regional track meets.

The "A" field at Clarenceville will include Redford Union and Thurston, along with powerful Birmingham Seaholm, one of the teams to beat for the title.

Host Clarenceville vies in Class B along with such strong teams as Lutheran West and Cranbrook.

Plymouth, Garden City West and East, Bentley, Franklin, Farmington and North Farmington all are headed for the Livonia-Bentley "A" regional. It shapes up as one of the best in the state.

The golf regionals are scheduled at Glen Oaks in Farmington and at Brighton for area teams.

## Franklin, Thurston in Battle for Top

First-place was at stake this week in the battle of the unbeaten in the Northwest Suburban high baseball league.

Franklin, the defending champion, clashed head on with 1964 runnerup Thurston.

Each put a 4-0 league record on the line.

Franklin rolled along last week by scoring a pair of shut-out wins — 6-0 over John Glenn and 2-0 over Birmingham Groves.

Thurston took the measure of Oak Park, 6-2 and then downed North Farmington 7-5. North Farmington bowed to Groves, 4-3, in nine innings in the other Northwest area team.

Ken Bratherton and Tom Cannon fired the latest shutouts for Franklin to bring the team's total for whitewashing jobs this season to four.

Bratherton stopped Glenn on one hit. He fanned 14 and worked to only 24 men (three over the minimum) in the entire game. The lone safety off Bratherton was a blooper to the wrong field in the fourth inning.

Franklin wrapped up the game with four runs in the third inning. With the bases loaded, Gary Birkett delivered a key hit. The blow, coupled with an error and passed ball, gave the Livonians their four tallies.

Cannon scattered five hits and fanned three in blanking Groves.

Franklin itself had problems hitting the ball, collecting only two safe blows. The big one came off the bat of Sam Antonazzo who socked a single in the second inning to knock in Neal Thomas and Mike Stachurski (Continued Next Page)

TWO STARS of Thurston high's strong baseball team. Jim Sproul (left) is leading pitcher while Terry Rothwell is stand-out at bat.

## Redford Union Stretches Lead; Rocks, Bentley Split Games

Redford Union remains the team to catch in the chase for baseball honors in the Suburban High School League.

While R. U. blitzed Plymouth, 15-2, and Allen Park, 9-3, last week, Plymouth took the measure of Bentley, 8-5, and Bentley topped Trenton, 4-2, to give R. U. a full two-game lead over its nearest rival.

Dick Barryman pitched the rout against Plymouth. He allowed three hits, fanned 12 and walked four.

Homers by Jim Lake in the second and Bob Gotro in the third gave Plymouth an early 2-1 lead.

Then the tide of the battle shifted.

RU blazed over four runs in the third inning. Curt DeLoye reached base on a fielder's choice. Jim Johnston walked and Harry Kendrick singled for one run. After Russ Pulju tripled to load the sacks, a walk steal and single by Ernie Bourassa gave the RU three more runs.

In the fourth inning, RU sealed away matters with a seven-run explosion. Singles by Barryman, Curt DeLoye, Johnston, a walk to Pulju and DeLoye, a walk to Pulju and Jim Bierberick's three-run homer did the damage.

Bourassa finished the game with three hits and three RBI's. Barryman helped his own cause with two hits.

Rick Fisher hurled for RU against Allen Park. He allowed four hits and fanned five. None of the runs off him was earned.

A triple by Kendrick and single by Pulju started RU off in front, 1-0, in the first inning.

In the fourth inning, RU belted over six runs. Bierberick singled and George Little walked. Fisher singled and Curt DeLoye dropped a squeeze bunt. Johnston, Kendrick and Pulju then followed with base knocks for RU which now has won seven straight since losing its opening game.

A seven-run uprising in the second inning paved the way for Plymouth to oust Bentley.

The Rocks had scored a run in the first inning without the benefit of a hit. In the second, John Daniel was safe on an error. Then John Underwood singled before Jim Arnold was safe on another error.

A single by Ron White, walks by Marlin Sutton and Lake, a single by Kurt Irish and a double by Daniel wrapped up the fireworks.

Plymouth ended its scoring in the next inning when White homered. Thereafter the Rocks were stopped by Bentley.

A homer by Bill Woods, following Roger Jones' single gave Bentley two runs in the fifth. In the sixth, Mills tripled and John Plumley singled for another run.

In the seventh, Bentley scored two more on singles by Jones and Mike Danchar, a double by Woods and a sacrifice by Mills.

Daniel was the winning pitcher for the Rocks.

Bentley's lone win of the week

came by a 4-2 score over Trenton.

Hank Schoebeck allowed Trenton six hits and fanned four. Neither run was earned.

Bentley tallied three runs in the third inning. John Harrison singled, Plumley was

hit by a pitch, Ray Watson singled and Mike DeGoutis doubled.

A walk to Woods, single by Mills, a walk to Harrison and a hit by Plumley netted Bentley its final run in the fourth inning.

## OBSERVING SPORTS

By George Maskin

"How's everybody back home?"

The greeting came from Livonia's Ray Herbert as we met in the visiting team's clubhouse at New York's beautiful Shea Stadium.

Herbert was there as a member of the Philadelphia Phillies to whom he was traded before the present season began after many great years (12 to be exact) in the American League.

The National Basketball Association draft meeting took this reporter to the big city and with nothing to do in the evening . . . what was nicer than making our initial visit to the famed Shea Stadium.

"I was just home for a day," Herbert told us. "Well, it was last week. We had a break in the schedule, in between our games in San Francisco and Chicago. So I went home to visit the wife and kids."

Herbert, who during the off season works at Ward's (Continued Next Page)

## East Rips Rival, 21-2; Meet Next

Sixteen players performed . . . and Garden City East's baseball team enjoyed a picnic.

The final score read: East 21, Inkster Robichaud 2, in one of the most lopsided games ever played by East.

Norm Vasquez went the route for East. He struck out 11 and gave up four hits.

East bounced across six runs in the first inning and never was in trouble. Don Chutes first of two triples with two on was the big blow of the inning.

Al Kamienicki and Dave Ventura each contributed doubles to the East onslaught.

East starts play this week in the Wyandotte Invitational, meeting Riverview Friday evening at 7:30.

## Thurston Wins

Thurston high's golf team beat out Birmingham Groves and John Glenn by scores of 176 to 182 to 208 in a triangular meet in Fellows Creek. Dave Liblang had 41 and John Jakubiak 42 for the winners.

Frank McBride, Wayne State's track coach, finished fifth in the National AAU meet in 1952 and seventh in the final Olympic trials for the 500-meter run that same year.

# RU, Bentley Show Way in League Track Wars

Redford Union and Bentley roll along as the two powers in the Suburban Six League track wars this spring.

The Townshippers are unbeaten in the loop with Bentley showing just one setback — to Redford Union.

In league action last week, Redford Union coasted over Belleville, 68-41, while Bentley had little problem with Plymouth, 67-42, and with Trenton, 67-42.

Plymouth bounced back from losing to Bentley and knocked off Allen Park, 81-28.

Redford Union also participated in a triangular meet, losing to Edsel Ford, 54-52, while Franklin had 28.

Ace Miler Jack Shepherd turned in a new school record when he was timed in 4:25.9

against Belleville. The old mark was 4:26.4, set by Tom Wabeke in 1962.

Al Maebach's two victories in the hurdles and Eric Bargo's triumphs in the dashes paced Bentley.

A slam in the low hurdles helped Bentley to beat Plymouth, despite the fact Dan Johnson won the broad jump and high hurdles and Bill Kane the two dashes for Plymouth.

Rick London copped the two dashes to spark Bentley's rout over Trenton.

Here are the results for the area trackmen:

**BENTLEY 67, PLYMOUTH 42**  
Shot Put: 1—Miller (B), 2—Brady (P), 3—Haggart (B). Distance: 47 feet, 8 inches.  
Pole Vault: 1—Grimm (B), 2—Fisher (P), 3—Lare (B). Height: 11 feet.

## Sorrows Drops Two

# 1st Place Held by St. Agatha

Although its winning ways have ended, St. Agatha's baseball team continues to lead the Northwest Division of the Catholic League.

However, Our Lady of Sorrows has run into batting problems and dropped three straight in conference action.

St. Agatha's three-game victory streak was snapped by Royal Oak St. Mary's 8-1, as the Oakers jumped on Rick Collins for five runs in four innings.

The lone St. Agatha run came in the fourth inning when Mike Wlezniak singled, stole second and came around on a pair of miscues.

Collins again was the pitching choice when St. Agatha met St. Michael and he turned in a three-hitter to win, 4-1, and give his team a 4-1 league record.

St. Agatha set some kind of a school record against St. Michael by clubbing out seven straight hits in the sixth inning. But, the Townshippers managed only three runs because one

man was cut down at the plate and another at third.

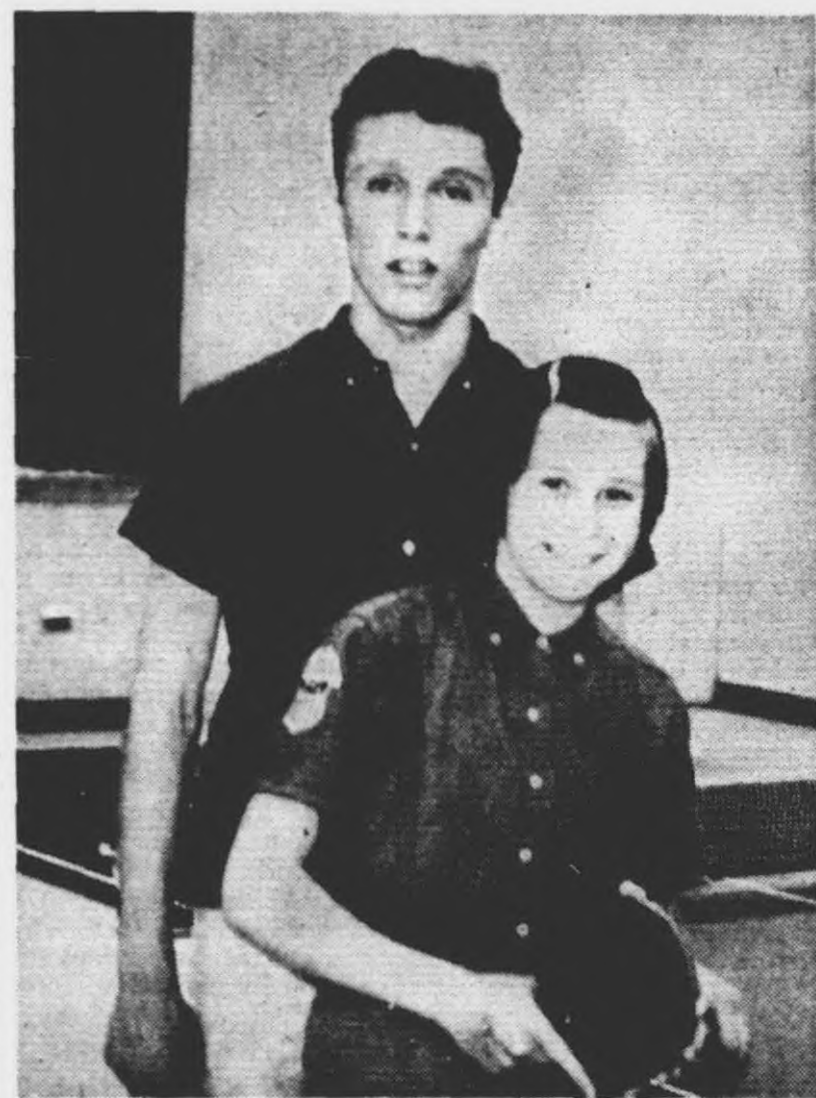

The hitting surge began with one out. Dennis McKenna, Pat Anway, Wlezniak, Jerry Kaminski, Collins, Mike Roemer and Jim Roose all connected in succession with one-base blows.

This blast surpassed what Royal Oak St. Mary's had managed against St. Agatha in the previous game. St. Mary's put together a single, homer and two singles in a row. Yet nobody scored. And no other batter came to bat in the inning.

Here's why: Two men were retired trying to score; another at third.

Sorrows won over Wayne St. Mary's, 3-2, in a non-league game as Jerry Turner turned in a fine, pitching job.

But against Orchard Lake St. Mary's and Royal Oak St. Mary's, Sorrows was blanked by respective scores of 9-0 and 7-0, Sorrows managed only three hits against Orchard Lake and just one in the game with Royal Oak.

LIVONIA TABLE TENNIS CHAMPS, Janice Martin, petite 11-year-old McKinley Elementary School student, and 17-year-old Bentley High lad, Doug Hernandez show winning smiles after competing in the Department of Parks and Recreation tournament last week. Janice swept a field including 20 boys in the 15-year-old and under age division, won the girls 18 and under and womens singles titles. Doug copped the men's singles event.

# Only 2 Weekends Left in Pin Meet

And now there are only two weeks remaining for competition in the third annual Observer Newspapers-Merri-Bowl Lanes mixed double tournament and the 1319 fired by the Detroit duo of James Stewart and Mildred Sherman still rules the roost.

Action was fast and furious over the weekend but brought few changes in the standings which found the Stewart-Sherman score and that of Patrick and Joanne Smythe, 1317, and Ray and Dorothy Stewart, 1300, holding tight against the challengers.

There are only four more dates remaining in the meet — Saturday and Sunday, May 15 and 16 and Saturday and Sunday, May 22 and 23 — before the auditors begin the task of rechecking the score-sheets for possible errors before making the final, official announcement of the winners.

Full squads are predicted by Tournament Director Mac Goldman in the remaining sessions since bowlers from all parts of Michigan and Northwestern Ohio take their final cracks at the 1319 score in an effort to win the guaranteed \$1,000 first prize.

If the entry list totals 1,000 or more — and there is a possibility it will — Goldman will boost the top award to \$2,500. There'll be more about that later when he has a definite idea of the total entry.

"There are choice times on the final four dates," he emphasized, "But all planning on entering should make the fact known so that we will

# Raiders Split in 2 Meets

With Steve Dhue winning the two dashes and running on the winning 880-yard relay team, North Farmington High scored 70 1/2 points to beat Clarenceville with 38 1/2 in a non-league dual meet.

Andy Dawing's fine run in the mile enabled him to beat Clarenceville's brother combination of Larry and Gary Buchheit.

In a meet against Groves, North Farmington suffered a 76-33 loss.

who had walked and then moved up a base on a double steal.

Thurston's 6-2 win over Oak Park saw Jim Sproul scatter three hits and fan 12.

Terry Rothwell drilled in a pair of runs with a single in the second inning and Bobby Holmes, a sophomore shortstop, came through with a two run homer in the fourth.

Jim Claus with three hits and Holmes with two paced Thurston to its win over North Farmington as Vic Pilar went the route. Kim Decourcy with a triple and double led North Farmington which fought back late in the game, but wasn't able to catch up.

North Farmington's Chuck Viane deserved a better fate against Groves. He allowed only five hits and fanned 11.

Viane was working on a 3-2 lead in the fifth inning when an error and two singles enabled Groves to knot the score. That's the way matters stood until a double and single gave Groves its winning marker in the ninth.

Viane's single, another single by Bill Bowles and two errors paved the way for all three North Farmington runs in the third inning.

in Wonderland, said his wife and four children would join him for the summer in Philadelphia after school finishes in June.

"Two of the kids are in school and we can't drag them out," added Herbert who has come a long way since we first met him while he pitched for Catholic Central and on the Detroit sandlots at Northwestern field.

Herbert had plenty of time to talk. He had just lost the night before on a 2-1 decision.

While the other players rushed in to wipe their faces and change uniforms before taking the field to meet the fabulous New York Mets, Herbert was in no particular hurry.

"Many people say there is a difference between the two major leagues," Herbert declared. "I disagree. The American League has great players. So has the National. The American has fine umpires. So does the National."

"I think I have a couple more years or so left in this arm to pitch in the majors. When I'm through, I'm sure I'll go back and work full time for Ward's in Livonia. I like it back there. It's a nice place."

Meantime, a few strides away, Jim Bunning was getting set to walk out and start warming up. It was his night to pitch.

Jim wanted to know about the Tigers . . . and his old friends (like Joe Falls) in Detroit.

"I see the Tigers got off to a great start and then started to slip," said Bunning. He wondered what the matter was.

Bunning asked about Charley Dressen and when he'd be back as manager of the Tigers.

Bunning then excused himself. He pulled his glove from a shelf and headed out the door.

"Good luck," we said to Jim.

"Thanks."

The game was strictly a battle between Bunning and the ageless Warren Spahn. Bunning won it, 1-0, by socking his first National League homer.

ODDS AND ENDS ABOUT NEW YORK: The Pistons were delighted with their draft choices—Bill Buntin, Tom Van Arsdale, Ron Read and Jim King. Dave DeBusschere, black eye and all, flew in from Indianapolis, to make the picks. DeBusschere is due to be back pitching in the majors pretty soon. If the Chicago White Sox don't want him, he certainly could help the Tigers or a dozen other clubs.

On an elevator with Ben Kerner, owner of the St. Louis Hawks, the door opened to admit a striking blonde. Lots of eyes flashed . . . naturally.

When we left the young lady, the question arose: "Wonder who she is?" Kerner, a bachelor nearing 55, smiled: "Why, she's Stella Stevens, the actress, who also poses in a certain way for certain magazines."

A few minutes later we were on the phone at the swank Plaza Hotel. A stylish lady in her 40's rushed up to use the adjacent phone. She obviously was asked at the other end of the line: "Who's calling?" Her answer: "I'm Mrs. Victor Borge." We wanted to tell her how much we enjoyed her husband, but it might have been rude.

Then we were riding a subway . . . sitting quietly. The door sprung up. A gent in his 40's in a tan raincoat jumped aboard. He was our roommate 20 years ago, when we worked on the Stars and Stripes in London. By coincidence, we met again . . . 20 years to the day the war ended in Europe.

New York used to be so far away. We were on the Newark Airport runway at 11:45 a.m. as our big jet began to move. The pilot announced we'd be in Detroit at Metro Airport in 63 minutes. And we were!

James Dougherty, of Livonia, and his partner, Agnes Valleskey, also of Livonia, gave spectators some thrills Sunday afternoon when they put on a spectacular finish that netted them a big 1265 count, far below the leaders but at least they made the top ones sweat a bit.

Dougherty, who has a 178 average, was just above that with 188 and 180 in his first two games. Then he hit the groove in the third and poured in six straight strikes before running into a spare and nine pins in the 10th frame for a 241 finish.

That gave him a 609 total, and enabled him and his partner to wind up with 1265.

Biggest count of the weekend was turned in by the husband-wife team of Mr. and Mrs. William Purcell of Detroit who had 1274.

Purcell, with a 160 average, had scores of 192, 173 and 206 and his wife, Corinne, totaled 511 with 179, 173 and 159. They picked up a 192 pin handicap for the big total.

Dates and times available for the remaining two weekends are:

# Time Is Ripe to Begin Clean Up, Check Up Chores

It's a sure sign of spring when homeowners begin sprucing up their property. For spring has been the traditional season for cleaning since early Biblical days when it was cus-

omary to bring livestock into the house or tent during winter. Naturally, when spring finally "sprung," there was a good deal of cleaning and repairing to be done, both inside and out. Today, spring cleaning is not only a colorful custom, but also an essential operation in maintaining a high and healthy standard of "liveability" through repairs, replacements and remodeling. Start your spring spruce-up right now by running down this checklist of potential trouble spots.

Inspect roof for shingles which have been torn loose or curled upward by wind. These should be renailed, or cemented down with a liberal dab of roofing cement.

On the roof, check condition of mortar around chimney, and look for holes, cracks or corrosion in metal flashings.

If severely damaged, the flashing should be replaced. (Call in a professional roofer for this job). Minor cracks or small rusted areas can be repaired temporarily by coating with a heavy layer of roofing cement.

Check gutters and downspouts for damaged connections and cloggings. Refasten hangers which have worked loose, and remove debris collected during winter.

Examine clapboard or shingle siding for cracks or rotted places. Prompt application of caulking compound or white lead putty will prevent moisture from entering. In severe cases, replace shingles or length of clapboard as soon as possible.

Fill minor cracks in brick, stucco and other masonry walls with caulking compound or patching cement. Do same

with cracks or openings in walks, patios and other concrete surfaces.

Check exterior of house for worn, blistered or peeling paint. Examine window heads and lintels (framing above windows and doors) for deteriorating caulking and replace wherever required. Check window panes for cracked putty.

Clean, patch and paint screens. Use metal corner-brackets to reinforce screen frames which have begun to work loose at corners.

Check ground around foundations for holes left by wash-outs and fill them with layers of sand or gravel, topped with sod at grade level.

Repair foundation cracks with a pitch base waterproofing cement that can be applied with a pointing tool, trowel or putty knife.

Look for signs of termites around all foundation walls, crawl spaces and basement areas. Eliminate all possible connections between the ground and wooden parts of the house.

Indoors, check for cracked plaster or wallboard; split, worn or loose floor tile; cracked basement masonry; overloaded electrical circuits; cracked or stained plumbing fixtures; and worn, split or loose stair treads, and risers.

Give the home heating and hot water system an annual tune-up and adjustment. Call in a service man for this job.

Outside, look for fenceposts which have worked loose; bushes or trees which have split or are leaning against the house; weakened TV antennas; damaged pipes and warped or split boards in porch floors or exterior walls.

## Match Your Cooling Unit With Needs

What size is the right size room air conditioner for a specific cooling area? Don't guess. One that's too large will cost more than necessary to buy and operate, and may not provide all the dehumidification needed. One that's too low in capacity just won't give enough cool comfort.

The best way to match cooling capacity to needs is to drop the problem in the hands of a reputable appliance dealer. But before you drop it there, be ready to answer a few questions he's sure to ask.

According to a room air conditioner buying guide published by National Better Business Bureau, Inc., the dealer will want to know the size and use of the area to be cooled, its orientation number and direction of windows and if insulation is used.

In addition, he'll need to know if electrical circuits are 115 or 230 volts. The NBBB suggests that a rough sketch of the area might be an added aid.

With this information, the dealer can determine the cooling capacity needed in terms of British thermal units per hour (BTU/hr.) This is the most accurate way to rate it.

Selecting a room air conditioner that will provide this needed cooling capacity has been made virtually fool-proof by a program of room air conditioner certification and initiated in 1962 by the National Electrical Manufacturers Association.

Under the program, room air conditioners are tested by an independent laboratory to verify manufacturers' cooling capacity, amps and watts ratings. Each approved unit carries a NEMA seal, three million of which have been awarded since the program started.

About 94 per cent of the room air conditioners sold in this country are now under the NEMA certification program.

## Sears Livonia Shows Newest Electric Knife

Over 100 years ago, inventors began to suggest useful ways to use electricity in the home. Today, electricity is truly a servant in the home . . . it washes, wrings, dries, bakes and, now, it even slices!

The electric knife is today considered the most important new item on the appliance market.

Recently, an electric knife with a new design was introduced that can handle all of the family slicing chores. It slices all kinds of food . . . tomatoes, ham, rolled roasts, bread, soft cheese . . . uniformly, thick or thin.

Two scalloped Lifedge blades, made of stainless steel, actually slice, not saw. When the trigger is pressed, both blades move back and forth lengthwise for faster cutting action.

Some 1800 strokes a minute are smooth enough to cut Angel food cake, yet fast and powerful enough to tackle a family-

size ham. Release the trigger, and the cutting action automatically stops.

Perfect balance and a slim contour-shape make the electric knife comfortable to hold, and easy to maneuver, and a built-in release button glides both blades out for easy cleaning and safety. The molded plastic

beige case can be mounted on the wall . . . keeps knife, blades and cord handy for a minute's notice.

The Sears Electric Knife, with eight-foot removable cord and covered case, is available exclusively at Sears, Roebuck and Co. and the Livonia Mail Store.

## 9-Year-Old Takes Spotlight at Wolverine

Prince Gamaun, an undefeated nine-year-old since he checked into Michigan at the start of the Wolverine Raceway meeting, will seek his fourth in a row in Saturday's \$6,000 Open Pace—highspot of the weekend program (May 14-15).

Since he won his first over a muddy track on opening night, the Prince has dared anyone to catch him in the stretch.

Driver Chris Boring, the track's leading reinsman, generally sends the fast-starting Prince to the front from the start and then holds off any challengers in the stretch.

The Prince faces strong competition in Craig Creed, Lewis Hanover, Philip Brian, Jeffrey Western and Lookout Chief.

Friday's program is headed by a \$4,000 preferred trot that brings El Darno, the nation's winningest three-year-old in 1964, to the attention of fans for the second time. The Michiganbred and owned won 21 dashes a year ago, and \$17,435 for Mr. and Mrs. Gayton Seifert of Battle Creek.

Matched against him are Solon Pick, a standout at the recent Pompano Park meeting in Florida; Princess Perry, winner of her last three; Charlie Horse, Salt Creek and Sobriety Sal.

Prince Gamaun, a game nine-year-old who doesn't know the meaning of the word "quit," conclusively proved to a crowd of 10,084 Saturday night that he is the king of the heap.

It was the fourth largest attendance of the three-week-old meeting and the gathering poured \$540,976 through the machines. For the third straight weekend, the mutual play soared over the million dollar mark with a total of \$1,073,775 for Friday and Saturday, an all-time high.

After 19 nights, Wolverine boasts a nightly average handle of \$427,062 and Saturday's turnstile count boosted the attendance average to 6,372, up 14 per cent over 1964.

Prince Gamaun rolled to his third straight victory in the Open class competition in the meet's fastest time of 2:03.2.

## Cooking's Sweet If Kitchen's Neat

Cooking can be more fun — and produce better results — if your kitchen is tidy.

Helen Johnson, New York home economist, says a neat, well-organized working area is one of the keys to successful meal preparation, whether it be in the home or in the kitchens of large restaurants and hotels.

Preparing meals is more difficult, for example, if you have to work in and around a sinkful of dirty dishes.

"Housewives can work with more ease and efficiency by keeping the sink, range and countertops cleared of soiled dishes, bowls, pots and pans," Miss Johnson stated.

"An effective way to do this is with an automatic dishwasher. Dishes and other utensils can be placed in the dishwasher rack, out of sight and out of the way. There is no need to rinse them by hand or to wash them immediately."

She noted that dishwashers equipped with pre-rinse and rinse-and-hold cycles enable the housewife to put the dishes right in the machine, push the rinse-and-hold button or turn the dial, and forget them until after dinner. When the meal is done, the entire day's dishes can be washed at one time.

The professionals' choice, Premium Thrive is exactly what it says, a premium product—it contains more soil nutrients than any other plant food made. Thirteen different ingredients guaranteed, right on the bag. Unlike other fertilizers, Premium Thrive contains no filler whatever; everything in the bag is there to make grass grow. (Actually, when you measure results, Premium Thrive is the most economical lawn food you can buy.)

Another plus: Premium Thrive releases lawn-building nitrogen in two stages—first, an immediate boost—then, a slow release supply that nourishes your lawn well through the season. Your lawn becomes literally "like a carpet"; walk across it and your footprints spring right back! That's Premium Thrive: costs a little more but worth it. Bag covers 5000 square feet.

Not quite so fussy about your lawn? Then ask for Thrive Regular. Low cost, lightweight, easy spreading—for those who "want a good, serviceable lawn."

**Fence Can Be Important To Privacy of Your Home**

The time has long gone when a picket fence was about the only choice a homeowner had for the yard. Today's interest in outdoor living has outmoded stereotyped ideas about fencing and developed new concepts for their utility.

Fences make for privacy but need not be monotonous and forbidding. A protection fence is one solid and tall enough to keep small children from toddling into the street and tight enough to keep the neighbor's dogs out of the yard.

Privacy can also be attained by placing louvered panels near the area you wish to screen.

Boundary fences can be low and simple, or patterned in a design that complements house and yard, since their main purposes are definition and interest.

By careful placement and design, a slotted, louvered or solid wood fence controls and directs the wind and sun, creating privacy areas for you and your garden. Fence-louvers cast shadows where desired and filter the sun's rays.

A solid lumber fence in Western pine region wood, placed along the windward side, gives protection from eddies and streams of air currents.

Free-standing wood panels or screens perform outdoors the same function as space dividers do indoors.

**Cooling Costs Are Determined By Variables**

Installed cost of a central air conditioning system ranges from \$300 to \$400 per ton of cooling in most cases but the wide variations in houses, locations and other factors can change these figures either way. Thus, you usually can expect to pay from \$900 to \$1,200 for the 3-ton system required for a typical three-bedroom home.

If your contractor is reliable and competent, he'll save you money wherever he can, points out American Furnace Company, St. Louis manufacturer of residential air conditioning equipment. By the same token, however, you should be prepared to pay for any extra work your installation requires.

Operating costs also are subject to a number of variables, such as length of the cooling season in your area, the direction your house faces, how much shade you have, how well your house is insulated, and even the color of your roof. (It should be light for best air conditioning results.)

On the average, operating costs per cooling season will range from about \$15 to \$35 per ton of capacity across the middle of the country from east to west. This means a 3-ton system might cost \$45 to \$105 to operate for the entire season in this region, notes AFCA.

This cost can be substantially lower in the north because of the shorter cooling season and considerably higher in the south, where the season usually is much longer.

Use fence panels of lattice-work or basket-weave design to block off a service area, in a narrow side yard to screen your windows, to direct the view from house into garden instead of street, or to define boundary lines. Local building ordinances on fence heights usually do not apply to screens.

Build free-standing woven screens to define activity areas. Paint the wood in gay colors and use the screens to delineate the children's play area, or around the pool or the game courts.

If the garden theme is Oriental, build a filigree fretwork or Shoji screen to highlight a pebbled walkway or a reflection pool. Flank the pool with a raised platform or engawa.

**Evergreens Give Color To Home Year Round**

Since no planting or landscaping of home grounds is complete without evergreens, it should be worthwhile to outline for home owners the wide range of these plants. Both summer and winter, evergreen plants add color on the home grounds.

There is nothing quite like the blue-greens of Atlantic Cedar, Colorado or Koster spruce, or of Black Hills and other spruces, or the yews which are the deepest green of all, a striking winter color against the snow. Hedges of taxus are some of the most efficient known.

Most of the pines have a magnificent appearance all year long from the soft white pines of the north to the Monterey and Italian stone and Aleppo pines of the warmer climates. Many pines make beautiful, tall hedges or attractive specimen plants.

For hedges, too, one must consider the hemlock, which can be sheared low, or allowed to grow in lovely semi-weeping form. Hemlocks and pines are very desirable for high, all-year screening purposes. Arbor-vitae, too, have traditionally been used both for hedges and single specimen plants.

Broad-leaved evergreens are fewer in the north than in the warmer climates. Included in the temperate zone are the Rhododendrons, Hollies, Eucalyptus species, Pieris, certain Barberry and Ligustrum species, and a few others, including Laurels and similar plants.

The big advantage of broad-leaved evergreens are the magnificent flowers they often bear, such as Rhododendron Azalea, and numerous other blooms.

Home owners should investigate the wealth of needed and broad-leaved evergreens available from nurserymen to enhance the beauty of the home grounds all year long. Members

**Landscaping Can Add To Value of A Home**

What do people think when they see your home, either in passing, or in visiting it? Often the home may be judged by neighbors and friends on the basis of its landscaping and the pleasing effect landscaping imparts to the property.

The value and saleability of a home depends to considerable extent on the first impression of the property as a whole, with good landscaping enhancing the value.

Primary points for good landscaping include excellence of design, according to the American Association of Nurserymen. A well-designed planting takes advantage of the topography of the site to create a beautiful picture from any vantage point — on the street side, in the rear yard, on the terrace, or looking at the side borders of the property.

It capitalizes on good views and screens off unsightly vistas. It ties the house to the ground

in such a way that it delights the eye, as living plants, sun, earth and sky and house become part of one composition.

Adequate shade should be provided at the time of day you want it and exactly where you want it. Flowers and foliage, roses and perennials are placed for enjoyment in just looking, or so the blooms can be cut

to brighten up the indoors. Proper landscaping today takes into consideration garden or outdoor living that has become increasingly popular in the past few years. The garden living area is planned with both outdoor entertainment and recreational features.

Privacy of course is neces-

sary, and this can be provided either by hedges or informal groupings of plants. Sometimes just one or two evergreen or flowering shrubs, or trees, will create the desired effect.

For those who enjoy fresh fruits, and who doesn't, there can be fruit-bearing trees, and small fruits like strawberries, rhubarb.

**Concert to Open 'Symphony Week'**

The Livonia Youth Symphony Society, Inc., will open "Symphony Week" in Livonia and surrounding communities at a concert by the Livonia Youth Symphony Orchestra, Lester Farkas conducting, Sunday, May 16, at 4 p.m. in the Franklin High School auditorium. Featured guest with the Symphony Orchestra will be the Bentley High School Concert Band under the direction of Robert A. Clark. Judy Shirley and Linda Taylor, two scholarship winners from the Youth Symphony Orchestra, will appear on the program as soloists. Following opening remarks by Benton Yates, Livonia's Superintendent of Schools, conductor Robert A. Clark and the 80-piece Concert Band will open the program with "Emblem of Unity" by Richards. The band will also do "Overture to Beatrice and Benedict" by Berlioz, "Waltzes from Der Rosenkavalier" by R. Strauss, and "Selections from Mary Poppins" by Sherman.

**It's Official! Symphony Week Is Proclaimed**

With workers canvassing the Plymouth community for memberships to the Plymouth Symphony Society, Mayor James Houk and newly named Township supervisor John McEwen officially stamped this week as Plymouth Symphony Week in an official proclamation signed by both. The proclamation reads: WHEREAS the Plymouth Symphony Society is preparing to embark upon its 20th season of fine music that can be enjoyed free of charge by all; and WHEREAS such concerts provide the cultural climate which attracts desirable people to reside in our community, to contribute to our community, and to its economic health; and WHEREAS the Plymouth Symphony Society also provides educational opportunities to the young people of the community through its Interlochen Scholarship Program and its co-sponsorship with the Plymouth Community School District of Detroit Adventure's Excursions in Music Concerts for elementary students; and WHEREAS the continuation of the Plymouth Symphony's activities depend upon the support of the citizenry; NOW, THEREFORE, We, James C. Houk, Mayor of the City of Plymouth and John D. McEwen, Supervisor of the Township of Plymouth, do proclaim the week of May 3 as PLYMOUTH SYMPHONY WEEK, and call upon all citizens interested in the wholesome growth of our community to give support to Symphony endeavors.

**THS Chorus, Orchestra to Perform May 19**

William Roth, Thurston instructor in vocal music, promises the customary billing of good classical and popular numbers at 8 p.m. May 19, when the school orchestra and chorus perform in the gym. The annual affair provides a climax in performance for months of hard work on the part of students who take great pride in their musical achievement according to Roth.

TRIP WINNER IN a recent salesmen's contest was Bill O'Connor (right) of Livonia. Presenting him with round trip tickets for two to the Virgin Islands is Robert M. Howe (left).

PLANNING L.E.A.'s SPRING banquet May 8 at Roma Hall in Livonia were officials of the local teacher organization: Dave McKay (Franklin), Treasurer, and Mary Authier (Hoover), Social Chairman. The Livonia Educators' Association holds the event yearly.

**Concert Utilizes TV Closeups**

Three young conductors will be introduced by the Livonia High Schools Symphony Orchestra at a concert May 15. The concert will begin at 8 p.m. in the Franklin High School Auditorium. Tickets may be purchased at the door. Included on the program are: Frescobaldi's "Tocatta," Bach's "Double Concerto," Rabel "Bolero," and the concert favorites, the prelude to "Meister-singer" by Wagner and "Pines of Rome" by Respighi. William Savola is conductor of the Livonia High School Orchestra. Approximately 70 high school students are members. The audience will see as the orchestra and the conductor see one another. The Livonia School System has been using video tapes to help train conductors and musicians for the past two years. Remember always that a free press in a free world is a beacon light for freedom.

**Freshmen Tour Madonna**

On May 2, Madonna College students, especially those belonging to the Public Relations Club, introduced the 1965 Freshmen to Madonna College. At 2 p.m. incoming freshmen were greeted by a hospitality committee who took them through a tour of the new residence halls and academic buildings. A program introducing the students to the ideals and purposes of Madonna College followed. It was supplemented with a series of slides in color, "Madonna in Pictures." An ice-cream social at 4 p.m. completed the introduction of the incoming freshmen to Madonna College. Pre-registration for fall courses was also a part of the orientation schedule.

**School Calendar**  
 Baseball, honor banquets, and PTA meetings crowd the calendar of South Redford Schools for next week. May 13 finds four retiring teachers being honored at a special dinner at Stouffers with co-op students receiving their awards at a traditional breakfast. PTA dates follow: May 10, Mason; May 11, Shear, Rogers; May 12, Ashcroft, Fisher; May 13, Vandenberg, Jefferson. The Thurston Varsity meets Franklin on May 10 and John Glenn on May 12 on the Eagle Diamond at 4:15 p.m. The Reserves encounter Catholic Central May 14. The Pinewood Derby is scheduled for Shear from 9 to 12 on May 11. **Announces Play Dates** The Ford Chorus announces their annual production, "Hip, Hips Away," an original musical comedy with cowboys and Indians will be presented at Edsel Ford High School auditorium, Rotunda Drive in Dearborn on May 20, 21 and 22 at 8 p.m.

# 'Finian's Rainbow' Misses Point at Clarenceville

BY DAVE ELSILA

Black and white are never missed from nature's rainbows, but when these two colors are omitted from "Finian's Rainbow", the results can be disastrous.

So they were — almost — Friday and Saturday at Clarenceville High School.

Much of this delightful musical, penned in 1947 by E. Y. Harburg and Burton Lane, spoofs the bigotry of Senator Billboards Rawkins, Southern diarch from Mississippi.

The conflict between Rawkins and the cast of integrated sharecroppers, coupled with the sudden, mysterious change of the bigoted Senator to a Negro as "punishment" makes the 20-year old book as fresh as today's headlines.

But audiences at Clarenceville had to miss this point. Either because the directors didn't want to use makeup to portray Negroes or because they didn't wish to offend white suburbia with a controversial message, most of the references to the race question were omitted.

And the Senator — instead of turning black — is transformed to a "stubborn mule." The few references to the racial theme which were left in the script, made little sense in the midst of these changes.

While the racial bowdlerizing took much of the life from this high school production, individual performances by Bev Slyziuk as Sharon McLoneran and Larry Gilbert as her Irish immigrant father, Finian, put back some spark into the play.

The play's second story line is the fantasy tale of Finian's attempt to double his fortune by burying a leprechaun's crock

of gold near Fort Knox so that it'll multiply. Wayne Strong, who played Og, the leprechaun slowly turning human, did an outstanding job, and Lewis Jimines, as Woody Mahoney, the New York union organizer returned home, performed well. Miss Slyziuk succeeded in the difficult task of maintaining an Irish brogue throughout the play, and did credit to "Glocca Mora", "If This Isn't Love" and other songs.

All of this failed, however, to put much color into "Finian's Rainbow", a play that several high schools in this area have performed with the original script in the past.

## Northland Inaugurates Kid's Tales

In conjunction with the celebration of its 10th Anniversary of Adult Theatre, this season, Northland Playhouse will inaugurate a regular schedule of Children's Theatre presentations, to begin on Saturday, June 26, with a new adaptation of "Cinderella."

Five productions, all musicals, will be presented, each on two consecutive Saturdays, beginning with "Cinderella" on June 26 and July 3.

"Cinderella," as well as other children's plays to be presented, will be newly adapted, both words and music, by Thomas Bennett and Thomas Marsh. Bennett, Radio Program Director of the University of Detroit, besides having served as staff radio producer for the Fred Waring Show, created and produced "Chamber of Music Society for Lower Basin Street," for the National Broadcasting Company. He also composed the incidental music for "Othello" and other Broadway productions.

Thomas Marsh, also from U of D, is a student actor, director and playwright, associated with the university's "The Word for the Day" show, a syndicated daily presentation currently being aired over many U.S. radio stations, and has had extensive experience as a counselor to children.

Following "Cinderella," the next musical for children will be "The Prince and the Pauper," to be presented July 10 and 17. The third will be "Heidi," on July 24 and 31. "Aladdin and His Wonderful Lamp" will follow on Aug. 7 and 14, and the Children's Theatre season will conclude with "Snow White and the Seven Dwarfs," on Aug. 21 and 28.

Dr. Leon Lande, Wayne State's baseball coach, is a former professional baseball player with the Spokane Indians of the Western International League and Indianapolis of the American Association.

# Wally Roberts GOING UP 'CURTAIN'

The Flying Clipper sails majestically and beautifully into view as "Mediterranean Holiday" gets under way at the new downtown Detroit Cinerama theater, the Summit. Burl Ives narrates the colorful comments for this exciting wide-screen journey.

"Mediterranean Holiday" brings the Cinerama cinematic experience back home once again. A story line or plot is only incidental in this magnificent color journey. The screen and its visual beauty remain the main attraction.

The sweep and feeling of grandeur engendered by the all-seeing lens of the Cinerama cameras gives new dimensions and depths to scenes observed many times. You never tire of examining a country through the stimulating lens of the Cinerama camera.

Each visit in "Mediterranean Holiday" was by far too short. The joyful, exuberant jouncing of the dancers in Yugoslavia only whetted the appetite for a full course repast of all the visual delights in this Balkan country.

The first stop in Portugal with only a glimpse at the sardine fishing industry could have occupied a full reel rather than the twinkling instant of footage allotted. And so it went throughout the film. No sooner did we settle back than the camera-men were shutting us some-where else. Let's hope they have plans to re-visit each of the short stops seen in this film.

Thankfully enough, time was taken when the ship did get to Monaco for the action-packed running of the Grand Prix. You could almost smell the fumes of gasoline and exhaust as the cars buzzed and whizzed past your very nose. Cinerama took you around the course for a thrill a minute. Racing car fans will bend and twist as you pilot the course. And even if you are not a racing fan as indeed old Wally isn't, you will still enjoy the speed and zip of the race. It's a real child-diller.

The aerial photography used quite extensively in this Cinerama presentation was imaginative and first-rate. You skimmed along the water or zoomed over ruins obtaining a bird's-eye view that few eagles ever see. "Mediterranean Holiday" is chock-full of such engaging, satisfying sights for your jaded orbs.

The humor found in "Holiday" comes from the natural situations examined during the course of the journey. Nothing is forced. Gags are out. You smile and chuckle goodheartedly at the life-like twists and turns uncovered by the marvelous camera work. Incidentally, the editing of this film was superb.

Burl Ives sings at appropriate moments throughout the film. The musical score is never raucous. It is pleasant and beguiling. In short, "Mediterranean Holiday" offers you a cinematic experience not to be viewed in any other theater.

You must go to the Summit,

(formerly the Cass Theater), Cass and Lafayette, to see how beautiful the decor is. The seats are the latest in style, roomy and comfortable. The stereophonic sound is perfectly balanced. The screen as huge as it is still gives you a feeling of intimacy as the film unrolls.

Take the entire family to the Summit. You'll enjoy "Mediterranean Holiday" as it lets you visit a part of the world seldom seen. You don't need to spend thousands of dollars for a personal tour. Cinerama whisks you there in an instant through their magic process.

The Theater Guild of Livonia-Redford will hold its May 13 general meeting at 8 p.m. at Thurston High School. Elections of officers plus some original JAZZ arrangements by Jack Pierson and his instrumental trio are features for the evening. It's never too late to join this active group. Drop over for the May meeting and find out what their plans are for next season.

On May 23 the Livonia-Redford Theater Guild members have scheduled a social get-together at the Rosedale Gardens Clubhouse. Guests of honor will be Ace and Baba Azar. As you recall, the Azars are leaving at the end of this month for the film capitol, Hollywood, where Ace will be busy doing some TV films. Call Emma Saley at GA 2-3664 before May 20 if you'd like to be at the party.

### THE BILLBOARD

Quirk Theater—"SOUTH PACIFIC." Opens May 18 for seven performances. Redford Union Theater—"LITTLE ABNER." Bob Gregory's high school thespians to be featured in a rousing high school production of a famous Broadway musical comedy. Don't miss this one.

## New Manager at Terrace

William Marcus has been appointed manager of Livonia's Terrace Theater by the Suburban-Detroit Theater Corporation. Mr. Marcus is a nine year veteran of local and international theatrical activities.

He helped organize the San Juan Drama Festival in San Juan, Puerto Rico and subsequently stayed on for three years as business manager. He has been assistant producer at the Northland Playhouse in Detroit for the past nine summers.

During Marcus' show world experiences in San Juan and at the Northland Playhouse he always participated in a dual capacity—either on stage stealing the show in a small role or master-minding the show from the stage manager's desk.

Five years with the United States Marines, including three years in Pacific during World War II, was an important part of Marcus' service record. He was recalled for the Korean conflict.

## Livonia DPR Slates Fishing Contest for Youngsters on May 15

Boys and girls, here's a chance to outshine your dad or mom in the skill of Izaak Walton.

The Livonia Department of Parks and Recreation will hold the Annual Fishing Derby from 1 p.m. to 3 p.m. on Saturday, May 15 at Newburgh Lake (one mile West of Newburgh Road near the bridge.)

Age groups for boys and girls will be 12 years of age and under and 13 years of age and over.

### Promotion

Alvey R. Smith, son of Mr. and Mrs. James Pifer of Livonia has been promoted to Third Class Petty Officer in the U.S. Navy. He has served in the Navy for three years. Friends may write him as follows: Alvey R. Smith Jr. (T.M.S.N.), U.S.S. Yosemite (AD-19), c/o Fleet Post Office, New York City, N.Y.

THE SWINGERS are currently appearing at the Livonia Penthouse. Members of the combo are: Tom Hyatt on the vibraphone; and from left, Dan Young, Carl Alexius, and Don Barr.

## "The Red Mill" Opens Friday at Ladywood

Intrigue and romance, Dutch style, is the theme of the operetta "The Red Mill" which will be presented in the Ladywood High School gym on May 8 and 9. Both performances will begin at 7:30 p.m.

Choral club moderator Sr. M. Huberta said that "The Red Mill" was chosen as this year's major production because of its "classic score with a vocal-dancing setting to Victor Herbert's music. It is an operetta which seems always to give much pleasure to listeners and performers."

The story, originally a Broadway play, is comically intricate. It involves two free-loading Americans, a wheezy old Burgomaster, a sweet young thing and her aunt, an innocent sheriff, a rather unusual governor, and a decrepit innkeeper and his daughter.

The scene is the Dutch town of Katwyk-amee where the two Americans, Con Kidder and Kid Conner, attempt to bring together two young sweethearts, Gretchen and Captain Hendrik. Indirect circum-

stances also unite Juliana and the Governor of Zealand.

Sharing the lead roles in the operetta are Sue Rahmel and Pat Rieger as "the sweet young thing"; Gretchen; Lynn Sitek and Janet Stankowski as Juliana, the aunt; Ellen Wojciechowski and Karen Hindman as Tina, the innkeeper's daughter; and Christine Kachinski and Veronica Moran as coquettish Madame de La Fleur.

Male leads are taken by boys from Catholic Central, U of D High School, and brothers of Ladywoodians, Ron Doonan and George Mager play the role of the two Americans; Julius Drotos, the Burgomaster; Lloyd Pelletier, the sheriff; Richard Harp, the innkeeper; Lee Picker, Gretchen's lover; Richard Brodowski, the governor; Mike Niznik, a French dancing teacher; and Sten Sahlberg, an English solicitor.

Accompanists for the program are Mrs. Warren King, Cathy Wachowiac, senior; Helen Wojtowicz and Mary Anna Smith, juniors; and Sandra Bradford, sophomore.

## Double Bill Is Offered at WSU

G. B. Shaw's "Androcles and the Lion," which opens at the Bonstelle Theatre Friday, May 14 at 8:30, will be preceded by another short play, "The Dock Brief" by John Mortimer. Both plays continue Saturday, May 15, and Thursday through Saturday, May 20, 21 and 22 at 8:30, with a Sunday matinee May 23 at 2:30.

"The Dock Brief" is a relatively new British play, originally written for radio, but subsequently performed both on television and on stage. A comedy, the cast consists of only two characters, a murder trial defendant and the barrister assigned to him. They are played here by Phillip Piro and Russell Paquette. Direction is by Richard P. Brown.

"Androcles and the Lion," the Shaw variation on the fantasy about the Christian martyr who plucked a thorn from a lion's paw, is directed by Gary M. Witt. Androcles is played by

graduate student Paul Stolarzky, with Joyce Kinonen, Joe Trepiak and Bryan Hull in other leading roles.

## Dinner, Dance for Sunnyside

By CAROL OTWELL

By CAROL OTWELL. The biggest weekend of the year is here as all seniors know—the Senior Prom, 1965.

Industrious 65'ers are in full force finishing construction of decorations to carry through the theme of "I'll Be Seeing You."

The main points of interest are to be a life size gazebo and a picturesque waterfall loaned to the senior class for this special event. Decorations chairman Kathy Hodge and Sandy Dodge find that progress in the preparation of decorations is being made rapidly.

Other committee chairmen for the prom include: Sue Niemi and Judy Olds, co-chairmen for the entire dance; Kathy McIntyre, invitations; Janis Larkin, tickets; Janet Blunk, refreshments; and Geoff Burke, publicity.

SENIOR LOIS MCGOUGH was the recipient of a first place award for extemporaneous speaking in the 1965 Regional Forensics Competition held May 5, at Eastern Michigan University.

She was accompanied by Mrs. Mary Watrous, English teacher and debate coach. Lois will now enter the state-wide contest to be held in Ann Arbor.

EDITOR-IN-CHIEF of the Pilgrim Prints, senior Sharon Olin, was honored recently as the result of her coverage of Fred Hechinger's speech delivered to the high school journalists at the Annual Michigan Interscholastic Press Association Conference.

For her third place award, she was presented with a copy of Hechinger's book, Teen-age Tyranny.

Sharon is the seventh from Plymouth High to receive an honor in this contest. PHS should be proud in that no other school has won this many times.

MRS. EUGENE CROSBY has announced a party sponsored by the YMCA for all seniors after Commencement exercises.

The party, which will begin at about 10:30 and end around sunrise, will be held at the Ann Arbor YMCA. Swimming, volleyball, dancing, snacks, and a buffet supper should keep everyone busy. More details will be given at a near future date.

Two of the major events of the year are now completed, the annual water show and elections. The Water Waves and Ripples interpretation of school subjects in "Our Aqua Mater" was a big success.

Elections were held Tuesday, May 11, following campaign speeches given on Monday. Results were not available at this writing.

It was an exciting week for the Sophomores last week as they finally received their class rings. The rings, which consist of the traditional class emblem and a dark blue stone, were ordered early last fall.

### SYMPHONY BALL CHAIRMAN CHOSEN

Members of the Allegro group of the Plymouth Symphony League met for dessert last Wednesday to conclude the season's activities. Chairman Mrs. Byron Becker received reports from the committee chairmen of the recent Pop Concert.

New Allegro chairman will be Mrs. Thomas Powell and Mrs. James Jabara will be in charge of the Symphony Ball, the group's project for the '65-'66 season. Others attending the meeting were Mrs. Howard Hill, Mrs. Frederick Faust, Mrs. Eugene Firestone, Mrs. Harger Green, Mrs. Lawrence Becker and Mrs. Donald Graham. A new member, Mrs. James Knowles, was welcomed to the group.

### PLEDGES SORORITY

Pam Perkins, daughter of Mr. and Mrs. William H. Perkins of Ann Arbor Trail, has pledged Sigma Kappa Sorority at Western Michigan University.

We'll be looking forward to an exhibit of the art work of Mrs. Eugene Crosby's class in landscape painting. Twelve to fourteen boys of Junior High age have been meeting on Tuesday afternoons for their lessons in oil painting. This week their studio was the park building at Wilcox Lake. Sponsored by the Y.M.C.A., the project is called "Operation Exposure." The classes began five weeks ago and will continue until school closes.

## Livonia DPR Lists Annual Fish Derby

The annual Fishing Derby, sponsored by the Livonia Department of Parks and Recreation, will be held from 1 p.m. to 3 p.m. on Saturday, May 15 at Newburgh Lake (on Hines Drive, one mile west of Newburgh Road near the bridge.)

The boys and girls contest will be divided for those 12 years of age and under and for those 13 years of age and over.

Contestants are to bring their own fishing equipment and their favorite bait. Prizes will be awarded for the 12 largest fish that are caught.

Battlefield casualties never fail to shock the reader. But 2½ times as many Americans died of cancer during World War II than were killed in action.

## We can keep you in hot water.

In fact, we guarantee it!

**SATISFACTION GUARANTEED**  
DETROIT EDISON

An electric water heater is for the people who don't like to run out of hot water. We're so sure you'll like one, we guarantee your satisfaction—for a whole year! What do we mean by satisfaction? Simply this: If you don't get all the hot water you want, when you want it, you get all your money back, including any you may have spent on installation. And it doesn't matter where you bought your electric water heater. The Edison guarantee still applies. No strings attached. Fair enough?

### EDISON

Average-size families with electric water heaters pay only \$3.88 a month—a standard rate—for their hot water. How much are you paying?
