PHS Drama Coach Resigns After Ban of Plays

Disgruntled by the decision of Principal Carvel Bentley to cancel two all-school plays originally scheduled for Nov. 19 and 20, Plymouth High Drama

Director John Kontos Friday sent a letter of resignation to School Supt. Russell Isbister asking that he be relieved immediately of all duties as drama

director. Kontos, who joined the Plymouth faculty a year ago last September after spending three years in the Walled Lake sys-

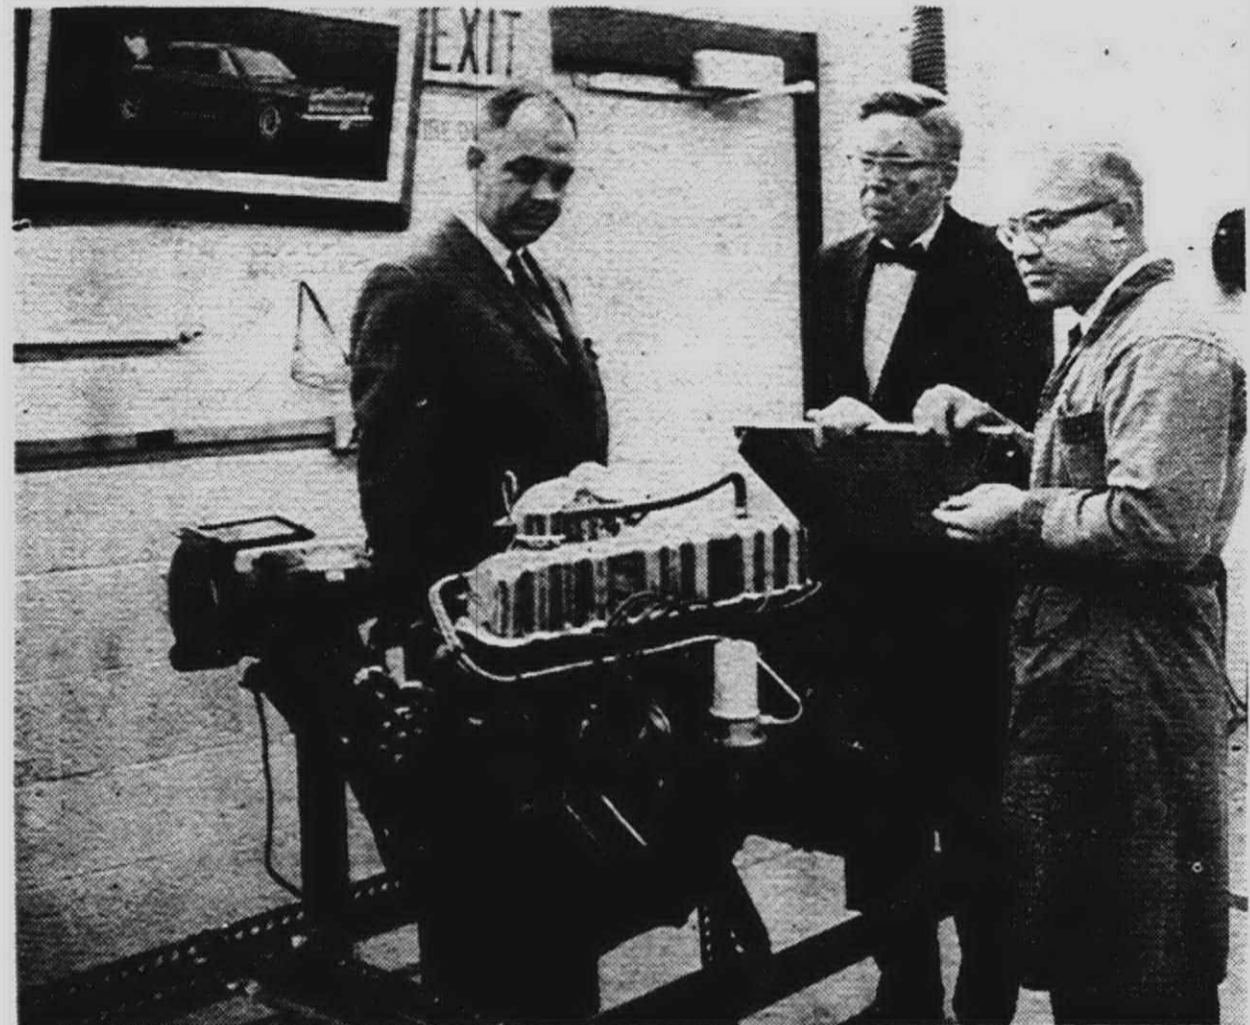

tem, indicated he didn't feel he could continue to direct plays after the incident of a week ago. The climax came when Prin-

cipal Bentley ordered cancellation of the two plays "The American Dream" and "The Sandbox" by Edward Albee on the grounds each contained words

and phrases that he considered objectionable. The ban came just a few days in advance of the final rehearsal.

However, Bentley indicated he had contacted Kontos on more than one occasion to remove the objectionable parts from the two one-act

plays but the play director refused. "Finally," Bentley said, "When it became apparent that (Cont. on p. 9A)

NEW FALCON MOTOR is presented to the dealership and the Ford Motor Co. The presentation was made to Supt. Russell Isbister (center) and Instructor John Kohut. The motor has an estimated value of more than \$1,000.

APPROVES \$643,533 FOR CONSTRUCTION

School Board Awards Contracts For Three Major Projects

After a lengthy meeting during which trustees studied every detail of bids, the Plymouth Community School Board Monday approved contracts for the new elementary school on Schoolcraft Road and four-room additions to Gallimore and Bird elementary schools.

Burger Construction Co. of Plymouth was awarded the contract for work on the two additions with a bid of \$192,083 that includes a mechanical bid of \$48,590 by Gillies Mechanical Contractors and an electrical bid of \$12,445 by Gillis Electric.

Armstead Construction Co. of Dearborn received the general contract for construction of the new elementary school on its bid of \$451,450 which includes a mechanical bid of \$105,970 from Gillies and \$41,900 from Gillis.

The total of \$643,533 fits well within the budgeted \$696,000 and is only four per cent over the estimates of the Architectural firm of O'Dell, Hewlett and Luckenbach Engineers. The Architects estimated the cost at \$616,564.

The 12 room elementary school which also includes a kindergarten, library and related areas and the two four-room additions are slated for completion in time for the start of the 1966-7 school term next September.

Township Planning Board Finally Approves Center

The old adage "If at first you don't succeed, try, try again," worked to success for Robert Wedler, builder and developer, who has been seeking rezoning for a plat at the intersection of Haggerty and Ann Arbor Roads for rezoning to C-2 was rejected by the Planning Commission.

However, the Commission on its own volition decided to give Wedler a second chance when he petitioned for a C-1 zoning for the same site.

The second chance proved successful and the Board approved the rezoning and made a recommendation that it be approved by the Township Board at its next meeting.

Wedler originally sought rezoning for a bowling alley, bank, a proposed cocktail lounge (for a license he probably never would have received from the Township Board) and the shopping center.

In his new petition, Wedler eliminated the bowling alley and told the Commission his plans included a supermarket, large drug store and other shops and services for a neighborhood shopping center.

He also mentioned a bank but the C-1 zoning doesn't make provisions for such a business. Thus Wedler won his rezoning but will have to start planning whatever strategy he thinks will work to get zoning for a bank.

The site already had been rejected for C-2 zoning which permits a bank and under the township zoning ordinance, a year must elapse before another petition for the same zoning is presented.

Theodore Brown, who petitioned the Board for rezoning on Ridge Road for a convalescent home and indicated then that it was the only site in that area available for such a project.

Plan Thanksgiving Day Services in Plymouth

Thanksgiving Day will be observed in a special service Thursday morning at 10 o'clock in St. Peter's Evangelical Lutheran Church, 1343 Penniman at Evergreen.

The sermon will be given by Rev. Norman Berg and will relate to the Fourth Petition of the Lord's Prayer to reaction of citizens to the affluence of our present economy.

Children of the Lutheran Day School will sing the traditional Dutch Hymn of Thanksgiving under the direction of Richard Scharf.

The service is open to all. Residents of the Plymouth community are invited to attend.

Joe Bida, superintendent of Public Works and also in charge of maintenance for the City's water department, learned the hard way that there are a number of water lines in the city showing the wear of years of use.

Joe had had suspicions for a long time that the older sections of the water system—some of the lines into homes go back as far as 60 years—might break under the strain of pressure.

The new 2 million dollar reservoir went into operation on Nov. 14 and calls for service on broken lines began to flood the department almost at once.

The DPW handled 24 service calls last week, one for a broken six-inch main on Williams between Pacific and Evergreen, seven for broken service on the city side and 17 for broken lines on the property side.

Make Plans For Biggest Symphony Ball on Dec. 4

Social minded Plymouthites are making plans for the biggest event of the early winter season—the annual Symphony Ball—which will be the first event of its kind to be held in the new Mayflower Meeting House.

The Ball will be held on Saturday, Dec. 4 with cocktails from 7 to 8 p.m. and dinner promptly at 8 o'clock.

Lee Shaw and his orchestra will play for dancing from 9:30 p.m. to 1 a.m.

Mrs. Richard Doherty and Mrs. Charles Childs. For reservations call Mrs. George Knecht at 453-2075 or Mrs. Richard Blodgett at 453-3542.

The Board did defer outside work on the new building at an estimated slash of \$15,000 in the immediate costs on the basis that it would have money long before the structure is

completed to go ahead with that work. "We only have a certain amount of money to spend on the projects," Fischer told the Board, "We must retain some to handle contingencies that most certainly will arrive."

"Since the outside work doesn't have to be completed until shortly before we move into the building, then it is my recommendation that we keep that \$15,000 on hand for emergencies. We certainly will have additional funds for construction work long ahead of that time and it is better to be prepared for con-

tingencies than to be without funds to meet them." The Board agreed with his recommendations and voted to defer the outside work until late next summer.

HOME FOUND . . .

More than 50 phone calls kept the Don Pollock phone in Livonia ringing off the hook following a recent ad in The Observer's Classified section.

"I wanted to find a home for our two rabbits," he told us, "so I placed an ad in The Observer. The only thing was that I didn't expect to answer the phone for three days. The results proved to me that The Observer's Classified section is the best bargain in the State." Pollock concluded.

Youth Center To Open Saturday

The Chip, Plymouth's youth center which is sponsored by the YMCA, will open its winter activities Saturday (Nov. 27) with a dance at which the "String Benders" will furnish the music.

The Plymouth Hi-Y Club under the leadership of Tom Leckie will host the affair.

The Chip will be open daily from 8:30 to 11 p.m. with ping-pong and pool tables available. Students of Plymouth High will be admitted upon presentation of ID cards.

DISCUSSING PLANS for the publishing of a quarterly newsletter for the Michigan division of the AAUW Bulletin are members of the Plymouth chapter who took on the job as a fund raising project. The group includes (from

left): Mrs. Richard Fritz, state news editor of the AAUW, Mrs. John Hopkins, Mrs. Howard Bloom, Mrs. William Fronk and Mrs. John Barnes. Money received from publishing the letter goes into the Chapter's Fellowship Fund.

Match Playing Children Start Plymouth Fire

Children playing with matches are blamed for starting a fire that caused considerable damage to a residence at 289 Pearl Street, according to Plymouth Fire Department reports.

The fire, which was reported shortly before noon Saturday, apparently started in a bedroom, which was being used as a storage room, in the first floor flat occupied by Mr. and Mrs. James Homan.

The flames went into the walls and spread to the upper flat occupied by Mr. and Mrs. Warren Burrell, resulting in considerable damage to both.

Chief George Schoenneman indicated firemen were told two youngsters, aged four and two, apparently were playing with matches in the bedroom but left the room before the fire started.

The home is owned by R. C. Petty of 8811 Elmhurst, Plymouth.

Pays 1.5 Pct. Dividend

Shareholders in the Plymouth Trust Co., which provides \$48,000 to help bring the RCA plant into the Industrial Park on Plymouth Road, Monday received a semi-annual dividend of 1.5 per cent.

Close City, Twp. Offices On Thursday

Plymouth's City Hall and the Township Hall will be closed Thanksgiving Day but each will be open for business as usual Friday.

That was the announcement Monday by City Manager Richard Blodgett and Township Supervisor John McEwen.

The Township Hall will conduct business as usual on Saturday until noon. The City Hall is closed on Saturdays.

"We would have preferred to give workers a long weekend," said Supervisor McEwen, "but state laws forbid the Township to close except on legal holidays."

Pupils to Get Two Days Off Thanksgiving

Thanksgiving vacation starts for pupils in the Plymouth community public schools Thursday with classes scheduled to resume on Monday.

50th Detroit Auto Show Opens Saturday With Total of 375 Cars

The Golden Anniversary Detroit Auto Show opening Saturday at Cobo Hall will feature a golden harvest of interesting and entertaining exhibits appealing to the entire family. There'll be dream cars, cut-

away and animated exhibits, beauty queens and pretty models, giveaways and entertainment. The stars of the show, though, will be the 375 vehicles from 15 domestic car manufacturers,

three truck manufacturers, including 85 models from 18 foreign-car makers. Centerpiece of the exposition will be an exhibit from Greenfield Village and Henry Ford Museum showing—fit-

tingly enough—cars and other vehicles from the era of 50 years ago. This display will contrast with and set off the exhibits of gleaming 1966 and futuristic cars surrounding it. An attendance of 250,000 or more is expected at the Cobo Hall exposition, which gets underway on Saturday and runs through Sunday, Dec. 5. Hours will be 11 a.m. to 11 p.m. daily.

Helping in ribbon-cutting ceremonies at 10:30 a.m. Saturday will be America's Junior Miss, Patricia Guander, 17, of Stevensville, Mich. She also will be on hand at the Chevrolet exhibit from 7 to 9 p.m. on Sunday, Nov. 28, and Tuesday, Nov. 30. Miss America, Deborah Bryant, of Overland Park, Kan., will greet visitors to the Oldsmobile exhibit on Monday and Tuesday, Nov. 29-30, and Saturday and Sunday, Dec. 4-5. Among special cars and exhibits:

The Lotus Ford which Jimmy Clark drove to victory in the 1965 Indianapolis 500-Mile Race. It will be at the Ford display.

Plymouth's XP-VIP idea car, which has a retractable glass top with light-sensitive glass darkens upon exposure to light and clears up when the light fades; a rear vision scope giving the driver a televised picture of the road behind; and a built-in refreshment center.

The Mako-Shark II, a Chevrolet experimental model with a flip-top roof for easy access; hideaway lights, rear bumper and windshield wipers; and electronically controlled stabilizing flaps in the rear.

An "exploding" Buick Wildcat. The outer "skin" of the car goes off and on automatically to let spectators see the inner workings of the car.

A pair of Rambler special show cars, the St. Moritz station wagon and the Tahiti version of the Marlin fastback.

Specially trimmed luxury cars from such makers as Cadillac, Imperial, Lincoln, Mercedes, Rolls Royce—and even a luxury version of the Jeep station wagon.

Oldsmobile's new front-wheel drive Toronado model.

NSU Prinz's Wankel Spider, powered by a rear-mounted rotary piston engine with one spark plug and only two moving parts. The two new Volkswagen models, the Fastback and Squareback, in addition to the traditional VW "beetles."

A Fiat Spider convertible designed by the noted Italian, Pininfarina.

A host of other foreign-car models from England, France, Japan, Italy, Germany, and Sweden.

Camping units designed to appeal to the growing army of families who like to combine the outdoor life with a tour.

Exhibits showing the various options available to the buyer, such as air-conditioning, stereo sound systems, combination manual-automatic transmissions, high-performance engines, rear-seat television sets; glareproof windshield wipers, and many other styling, comfort, and mechanical items.

Domestic passenger car makers represented at the show will be Buick, Cadillac, Checker, Chevrolet, Chrysler, Dodge, Ford, Imperial, Jeep, Lincoln, Mercury, Oldsmobile, Plymouth, Pontiac, and Rambler.

Truck makers will be Chevrolet, Dodge, and Ford.

ACKNOWLEDGING RECEIPT of a plaque for her work in starting a program for student teachers in Livonia last Friday by Webb A. Cooper, director of the city's Office of Civil Defense.

Sister Mary Lauriana, academic dean of Madonna College, as one of the high spots of the traditional Ring Day ceremonies Monday night in the college dining hall.

Cooper met with the Merriam-Six Improvement Association at the home of Mr. and Mrs. Robert Shaw, 18720 Merriam.

Madonna Students Host Critic Teachers

Ring Day ceremonies, a co-operating teachers dinner, and Thanksgiving dinner are the three events that marked November 22 as a red-letter day at Madonna College.

Seniors were presented with their class rings on this occasion.

Teachers from schools that have cooperated with Madonna College by providing centers and critic teachers for the eight-week directed teaching program of student teachers were honored at the dinner. Schools represented were Grant Elementary, McKinley, Cooper, Rosedale, Coolidge, Lincoln, Emerson Junior High, Bryant, Frost, Bentley High School, Thurston, St. Michael, St. Mel, St. Stanislaus, Our Lady of Refuge, Monroe, and Ashcroft.

Specially honored for their services to Madonna College were Mrs. Nancy Tanager of Plymouth, and Louis Schmidt, Superintendent of Public In-

struction in Clarenceville.

Chairman of the day was Gerry Coraci, Madonna junior.

Second chairman of the affair related to the cooperating teachers was Bernardine Oleksiak. Joan deVerteul spoke at the program and distributed the honors.

For the past five years the student teachers at Madonna College have held a special dinner to "thank" their critic teachers and representatives of the schools in which they are allowed to do their directed teaching of some 300 hours.

This year the Thanksgiving dinner had been planned as a tribute and a mark of gratitude to the many people responsible for the preparation of new teachers for our districts.

Interest High In Plymouth JC Bowling League

The Plymouth Jaycees, who took over sponsorship of the Junior Bowling League at the Plymouth Bowl, report interest is higher than ever at the end of six weeks.

The league, which includes 18 teams, bowls on Saturdays from 10 a.m. to noon. Trophies and awards will be presented at the banquet for league winners slated at the end of the season.

Awards will be made for the high team score, high single game and high individual series, highest average and to the league champions.

M. Gross has the high individual series (two games) with a total of 301 with S. Overmyer with the high individual game of 179. M. Gross and M. Viskochil lead in the over-average count with 115 pins.

Justice of the Peace James L. Ryan will be master of ceremonies at the dedication and a 12-page pamphlet outlining recent community improvements will be distributed.

Notre Dame and Michigan State are old football rivals, meeting for the first time in 1897.

CD Head Speaks to Merri-Six Ass'n.

Survival techniques in case of a natural disaster or nuclear attack were discussed with residents of the Merriam-Six Mile Road area in Livonia last Friday by Webb A. Cooper, director of the city's Office of Civil Defense.

Cooper met with the Merriam-Six Improvement Association at the home of Mr. and Mrs. Robert Shaw, 18720 Merriam.

Program Taking Shape for New Building Dedication

Dedication ceremonies for Redford Township's new water department building at 12200 Beech-Daly Rd. will be held Saturday, Dec. 4.

A flag raising ceremony under direction of American Legion Post Commander Gerald Dembrowski, will begin at 4 p.m. to start the ceremonies, which will be followed by an open house and tours of the new facilities.

Justice of the Peace James L. Ryan will be master of ceremonies at the dedication and a 12-page pamphlet outlining recent community improvements will be distributed.

Notre Dame and Michigan State are old football rivals, meeting for the first time in 1897.

CUSTOMERS ARE WELCOMED into the new Goodyear Store at Schoolcraft and Telegraph in Redford Township Friday following the traditional ribbon-cutting ceremony. Supervisor Jack McDonald (left) cut the ribbon at noon, as store officials Nan Stratton, assistant district manager for retail; Earl Dalenberg, store manager; C. C. Lambrecht, Goodyear district manager; and Norm Diggle, General Electric district manager, watched.

GO GO GO

IN GARDEN CITY:

Santa Claus in Helicopter Will Hover over Big Parade

Santa Land will open Saturday in Garden City following a two-mile parade from the Civic Center on Middlebelt Rd. south to the City Park.

Six area bands and over 400 tootlers will tootle their flutes to provide melodious strains of march music for an estimated 4,000 participants who will step off at 1:30 p.m.

Clowns will be up to their usual antics, Lisa Ann James who is Miss Christmas Carol of Garden City will be featured, many floats will add to the splendor along with drill teams, horsemen on their steeds, scouts and various clubs.

For safety, and to prevent confusion, the public is urged to line the parade route rather than congregate at the gathering point as Santa Claus will fly back and forth in a helicopter as the parade is in progress. The last parade float to leave the parade gathering area will be Santa Claus board his sleigh and reindeer.

The parade promises to be the largest parade ever seen in Garden City, stated Korry Hatlen, parade chairman.

Musical groups will be from Garden City's East and West High Schools, Livonia Franklin High School Band, Riverside High School Band, Crestwood High School Band from Dearborn Heights, 70th Division Military Training Band, Klan-Mac-Rae No. 335 Bag Pipe Band and Army Military Command "KLOWNS."

Other units to march in the parade include, Chief Sitting Bull, grandson of Sitting Bull of the General Custer era, a group of gaily-garbed cowboys with their show mounts, Pixie Girls, six baton groups with an average of 35 in each group, girl scouts and boy scouts in great numbers, Michigan State Champions, V.F.W. Romanowski Post Honor Guard in addition to Honor Guards from various Garden City Veterans Groups and at least twenty five parade floats.

The Garden City Jaycees, with scores of other individuals from all walks of life

MADAM PRESIDENT, MRS. JAMES GILBERT, enthusiastically prepares for Dec. 16 when her lovely home at 10440 Warren Rd., will be open to the public for a Christmas Walk, sponsored by the Plymouth Branch of National Farm and Garden Association. Evelyn will feature a complete room of antiques and family keepsakes. The home is French Provincial in decor.

will be dressed as clowns various costumes to add color and gaiety to the event. Chief Sitting Bull will be dressed in the Indian Ritual Garb passed down to him from his grandfather. He will also be available after the parade to give autographs. He will be

FIRST WINNER in the "hit-the-target-win-a-turkey" shoot for boys and girls at the Livonia Mall, was David Stanley, 8, of Plymouth. He's shown with one of the attendants who handled the two-day program that attracted thousands of youngsters from the area and found more than 750 youngsters winning Thanksgiving turkeys. David is a student at Allen School in Plymouth.

SUSPENDED, EXONERATED: Thurston Teacher Explains 'Card-Burning' Incident

Thurston High Teacher Fred Ioanou recently burned the edge of an expired draft classification slip in his 11th grade common learnings class and was temporarily suspended by South Redford Superintendent Merlin D. Roe pending an investigation of the matter.

He was reinstated after an investigation proved that it was not a draft card that was burned and that Ioanou was seeking to demonstrate to the class that the current rash of draft card burnings was neither an effective nor responsible means of protesting the selective service policies of the federal government.

The action was taken by Ioanou during a discussion on an article in the national teaching aid "Senior Scholastic" entitled "The G.I. and the Draft."

In a formal letter to Roe, Ioanou said that the class discussion included such topics as:

- "What is selective service?"
- "How does it operate?"
- "What are the classifica-

tions and how are they assigned?"

• "What are the responsibilities of an individual in a free democratic society?"

(Ioanou's students are all agreed that during this portion of the discussion he stated that it was the responsibility of individuals in a democratic society to answer the draft and serve in the armed forces.)

• "Does the government have the right to expect you to serve your country in time of need?"

• "What reactions would the men in Vietnam have to the current demonstrations by a small number of students in the United States?"

Ioanou said in his letter that "I tried to get across to the students the idea that an individual has certain responsibilities in a democratic society. One of these responsibilities is to serve the country in time of need."

"It was pointed out that the demonstrations were inconsistent with our basic tenets of democracy. Our system has built-in means for a minority to try to influence and change the majority position. Civil disobedience was emphasized to be contrary to the concept of rule by law."

The article in question points out that two such diverse politicians as Adlai Stevenson and Barry Goldwater branded the draft as "outmoded and unfair" and promised "to end it as soon as possible" if elected during their presidential campaigns.

In conclusion the article states that "Military service is an obligation which relatively few young men would choose if they had a choice. Hence the existence of the draft. Yet history also shows that the vast majority of draftees—however reluctant—have fulfilled their obligations well."

Kids!! Grab Your Mittens, Santa's Coming Friday

It's that time of the year when the magic of Santa Claus strikes and the old gent with the flowing white beard and cheery smile—the busiest individual in the world during the weekend when he makes his pre-Christmas appearances at all of the shopping centers and malls in the area.

He'll make his first appearance in the traditional Thanksgiving Day parade of J. L. Hudson's Thursday morning in the downtown business section of Detroit.

Then he'll shift to the suburbs for what promises to be his busiest weekend of the year—not counting the magic night of Dec. 24 when he starts the task of making deliveries to all the good children throughout the world.

He is scheduled to enter the Wonderland Shopping Center, Middlebelt and Plymouth Roads, Friday morning at 11 a.m. when he parachutes out of an overhead plane and sky dives into the huge center.

Immediately thereafter, he'll set up quarters in the Santa House where every youngster making a visit to Old St. Nick will get some candy and a chance to tell the old gentleman what he or she would like him to deliver on Christmas morning.

Before he settles in Santa House at Wonderland, he has still another date to greet the children at the Livonia Mall where he'll land via helicopter and be greeted by the Livonia Mayor Harvey Moelke at 11:45 a.m.

After his welcome, he will set up headquarters at the Mall in the beautiful new Santa House that has been erected for him there. And again every youngster visiting with Santa will receive a cane and candy and a chance to relate their desires.

That's only part of the story, Santa is slated to check into the Westland Center shortly after 10 a.m. Friday in the brand-new quarters where he will listen to the words of his eager group of youthful followers.

For the merchants, the weekend will open their

biggest wave of shopping of the entire year and officially start the Christmas shopping season.

Merchants in the City of Plymouth have made arrangements for Santa to arrive there a week later than at any of the other centers.

The usual parade that has heralded arrival of Kris Kringle to Plymouth has been dropped

this year by the Junior Chamber of Commerce. In its place, merchants have made the arrangements with Santa to make his pre-Christmas appearance there via a fire truck which will roar through the downtown business section with siren blaring, the lights blazing and Santa smiling from a perch atop the ladders.

Then once again, he'll be quartered in the Santa House in Kellogg Park where he will greet his young friends and take their Christmas orders. The Plymouth Chamber of Commerce plans to have a complete schedule

of Santa's hours in Santa House by next week. His work will include greeting boys and girls in the House and also making daily tours through the business section to personally talk with youngsters in the stores.

Schoolcraft Bells Finally in Place

After a delay of more than a year and a total of more than 18,000 miles travel, the bells for the tower at Schoolcraft College finally arrived last week and have been installed.

The formal dedication will take place at a later date when Plymouth banker and Mrs. Floyd Kehrl, who donated the bells to the community college, will be on hand to hear them for the first time.

The story of the bells is a long and rather humorous one. Originally, they were shipped to the United States from England more than a year ago for delivery to and eventual shipping to the college. But there was a dock strike at the time and the ship returned to England with the bells after a considerable wait.

Later when the strike was settled, the bells were shipped back to the United States and taken from the port in New

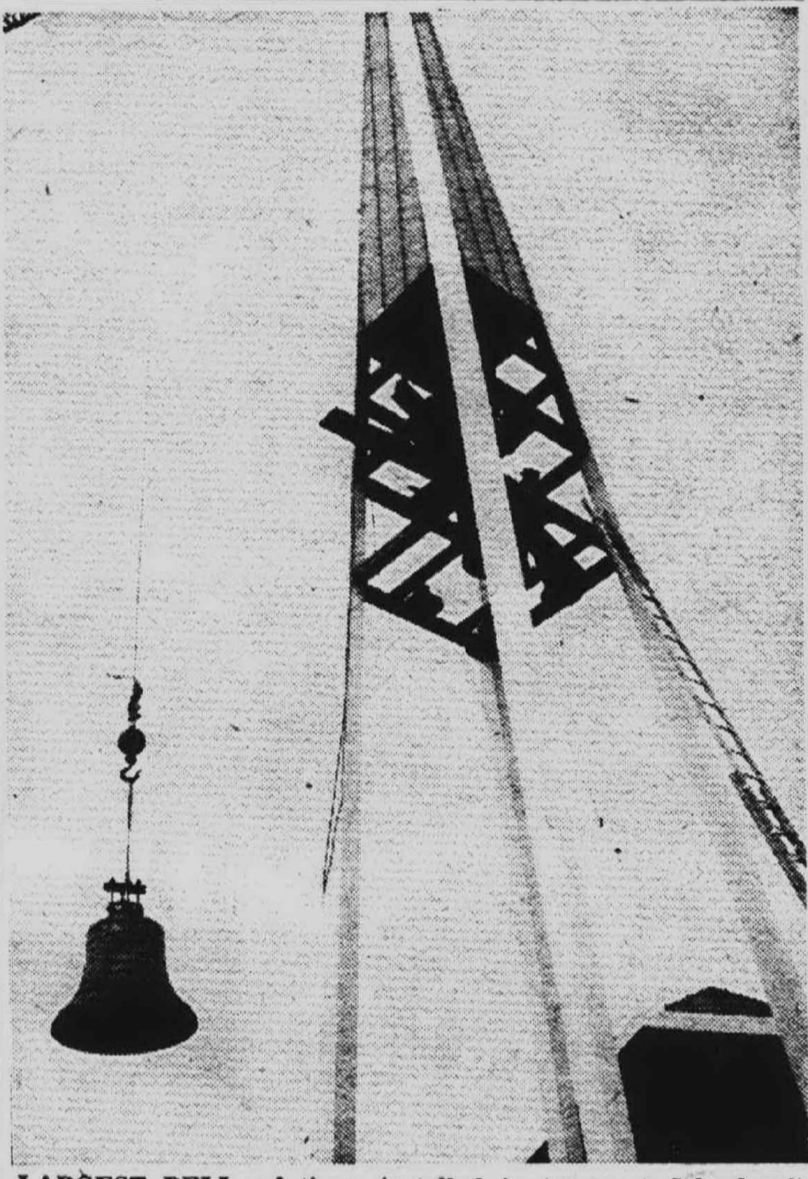

York City to Cincinnati where officials discovered the largest of the three had developed a crack in shipping.

The manufacturer ordered all shipped back to England while a new bell was cast.

College officials were notified some time ago that the bell had been cast and all would arrive in New York harbor in mid-October. The third trip across the Atlantic was a success. The bells were shipped to Cincinnati, checked and then transported to the college where they were installed last week.

The arrival caused a bit of consternation among college officials since they planned to have donor Kehrl and his wife on hand—but the bells had been partially installed before officials knew they had arrived.

Anyway, after 18,000 miles and almost two years, the bells are in place and the testing will take place in the near future.

LARGEST BELL, of three installed, in tower at Schoolcraft College, is hoisted high in the air prior to workmen setting it in place. The bell arrived Friday, after a delay of more than a year, and were in place within a matter of a few hours.

Taylor Man Dies; Pinned Under Car

Larry Adams, 48, of 6082 Michael, Taylor, became Livonia's 11th traffic victim of 1965 when he apparently lost control of his car at the intersection of Ann Arbor Road and Plymouth and was pinned beneath the rear end after roaring through the lawn of the Howard Johnson restaurant there. It was Livonia's 10th fatal accident of the year, contrasted to 16 at the same date a year ago.

Adams was pronounced dead on arrival at St. Mary Hospital after wreckers removed the car from his body.

Police reports show that Adams was driving east on Plymouth when the car roared across Ann Arbor Road, jumped the curb in front of the restaurant, ripped through the lawn, jumped the curb again when it started into a spin.

Witnesses told police Adams was thrown out of the car as it began to spin and wound up under the rear of the vehicle.

He was rushed to the hospital after the car was removed but was dead upon arrival.

Farmington Co-Ed Represents Madonna In Regional Workshop

Cecilia Lorenger, daughter of Mr. and Mrs. Albert A. Lorenger of 30190 Pipers Lane Court, Farmington, was the Madonna College delegate to the Student Michigan Education Association Regional Conference Workshop in Battle Creek.

Stamp Exhibit Set

The Ferndale Stamp Club will hold its 30th annual exhibition and bourse at the Lincoln Junior High School Dec. 5 between the hours of 12 noon and 7 p.m. The High School is located at Livernois and Nine Mile Rds.

News of Area PTA Groups

FARMINGTON HIGHMEADOW
 "Excursions into Music," the PTA sponsored program will be held Dec. 6. A brass quartet from the Detroit Symphony

Orchestra will present the program in an effort to familiarize the children with brass instruments and the part they play in an orchestra. Last year the PTA sponsored a string quartet program which was successful and it is hoped that this year's program will broaden the students' appreciation of music further.

The PTA Membership Drive was won by Mr. Slack's sixth grade room with 85 per cent membership.

JACKSON
 The Jackson School PTA program called "Jackson Adventure" is sponsoring a two part Art Show and lecture. This program is a joint Parent-Teacher effort to supplement the normal school curriculum and arouse cultural awareness to the students.

The first part of the series will take place on Thursday, Dec. 2 in the multi-purpose room. Mr. Conrad Gniewek, program chairman reports that two short lectures will be given. Mrs. Marjorie Becker, Elementary Art Coordinator for Livonia Schools, will give a talk entitled, "Kindle the Flame". Jackson's Art Teacher, Mrs. Barbara Campbell, will follow with a talk on "Children and Abstract Art". There will also be on display the eight framed prints from the

"History of Michigan in Paintings" by Robert Thom. The works of at least eight other artists from the school system will also be exhibited. These will include oil and water colors, ceramics and sculptures. School doors will open at 7:30 p.m. and the lectures will begin approximately at 8:00 p.m. Part two of the program will be held on Thursday, Dec. 9 from 6:30 to 8:00 p.m. This part of the program is a Student Art Show. The works of art created by Jackson Students will be on display. You will be able to see them at work. Mrs. Geraldine Stone is the co-ordinator. The families of Jackson students are invited along with interested friends, neighbors to make this a gala affair. Refreshments will be served.

WILCOX
 Wilcox PTA family night will be Dec. 1, time to be announced later. The Bentley choir will be on hand for entertainment. Santa Claus will make an appearance for the children. Some of the students are hard at work putting together a small performance—the nature of it is still a secret. Refreshments will be served.

ST. GENEVIEVE
 Emphasis on making reading a pleasurable experience and on inculcating love of good books is the goal in making the week of Nov. 21 Book Donor Week at St. Genevieve School library. More than 300 pre-purchased books will be displayed after every Mass in the school on Nov. 21.

Sister M. Leonore, principal of the school, says, "these books have been professionally reviewed and selected by Catholic librarians. They are completely processed in standard library fashion. This selection has been made with the curriculum needs of the child in mind. It has been geared toward providing books in all areas of knowledge suitable for children."

Book donors are asked to contribute a specified amount toward the financing the pre-purchased books. The parishoner's generosity is acknowledged by inscribing his name upon a book donor plate. This plate is affixed to the inside cover of the book of his choice—a living memorial to the understanding generosity of a friend. If unable to come to the school to purchase a book, you may call 425-4420. Last year, St. Genevieve opened its library with a total of 500 books donated by parishoners.

New Ideas for the Homemaker for a Bountiful Thanksgiving

Anyone (Says Queen Of Hearts) Can Make A Cheery' Cherry Pie

"Can he make a cherry pie, gets easier. Pie crusts have Billy Boy, Billy Boy?" is not come ready-to-roll for several the pertinent question it once years, and now you can even was. Americans still agree buy them all rolled and frozen with my friend who says, "I in a pie tin! love any kind of dessert, as long All kinds of pie fillings can as it's pie," but every day it be poured right out of cans and

into crusts. Anybody can make a pie (even a Cub Scout), and it will be a good pie.

Mass-produced things have a tendency to lack distinction, therefore, I am always on the lookout for little ways to make pre-mixed pie fillings more tasty. Add a few drops of almond extract to cherry pie, for a fresh taste.

Add a little brandy extract or rum extract to canned mince pie filling, or add brandy or rum, if you have some. Use a little extra lemon juice to increase the tartness of packaged lemon pie filling, and add some grated lemon rind too.

When it comes to pumpkin pie, you add your own spices anyhow. We like ours mildly spiced; if your family enjoys a more highly seasoned pie, you may wish to be more generous in your spice measurements. The following recipe makes one 9-inch pie. The blend of flavors from the honey and brown sugar is particularly wonderful. Mix the filling the night before, or several hours ahead of baking, and refrigerate, so the flavors will "marry."

HONEY-PUMPKIN PIE
Mix in this order:
2 eggs, slightly beaten
1 1/4 cups canned pumpkin (1 can)
firmly packed
3 tablespoons honey
1/2 teaspoon salt
1 teaspoon cinnamon
1/4 teaspoon each of ginger, cloves, and nutmeg
1 tablespoon grated orange rind (optional)
Stir in 1 1/2 cups evaporated milk (1 tall can). Mix thoroughly. Pour into unbaked

pie shell. Bake in preheated oven at 450 degrees for 15 minutes. Reduce heat to 350 and continue baking about 45 more minutes, until a table-knife stuck in the middle comes out clean. Serve with honey-sweetened whipped cream.

One of the world's best bakers of apple pies is surely Sylvia Schwartz, who lives in Farmington. This is her personal recipe; it is not for cooks who use only frozen crusts and canned fillings.

APPLE PIE a la SYLVIA
Crust: Measure 1/2 cup spry or crisco into mixing bowl. Add 1/4 cup boiling water and beat with fork until creamy. Add 1/4 teaspoon salt, 1 tablespoon milk or orange juice, continue beating. Add the yolk of an egg; beat until blended. Add two cups flour, mix, and work into ball with fingers. If it seems too sticky, add a little more flour. Work until sides of bowl are clean. Divide in half and roll between two pieces of wax paper to fit 9-inch pie plate.

Filling: Wash, dry, pare, and slice 5 or 6 large Northern Spy apples. Take a handful of rice krispies or corn flakes, crush and sprinkle over the bottom pie crust. Then put in a layer of apple slices. Sprinkle 2 tablespoons of sugar over them and a sprinkling of apple pie spice. Repeat the layers till the crust is filled. Dot with butter. Fit top crust over, fold edges under, and seal with fluted edge. Sprinkle a little sugar and pie spice over the top crust and prick it for steam escape. Bake at 400 degrees 50 to 60 minutes. "Enjoy, enjoy."

Billy Boy can do it himself... it's easy as pie!

Consumers Assists In Holiday Gaiety

By FAITH GILLESPIE
Thanksgiving Day marks the start of the magic time of year. Families and friends gather together. Holiday colors and sounds and smells and tastes heighten the gala days. It is the season for the most delicious of foods and the most beautiful of decorations in everyone's house for the festivals of the Harvest, of the Lights, and of the Nativity. Now begins the blessed time of gifts and love and music and joy.

There are always some people who don't understand about the joy and complain about the commerce that comes with the season. Others fall into that trap of being too tired and cross to enjoy the fun. But nothing, really, can spoil the tingle of the coming holidays, if you're careful.

Two special people have been working for several months to help us all plan happy holidays with a minimum of strain. They are Pat Yohey and Janet Olsen, Home Service Representatives for Consumers Power.

Several times a week from now until the end of the season, Pat and Jan are demonstrating their holiday recipes and decorations for various local organizations that gather at the Consumers Power Colonial Kitchen, at 11801 Farmington Road, in Livonia.

They have planned party foods that look and taste as if they were lots of trouble, only

they aren't. They have made clever decorations out of things everyone has lying around the house, like wire hangers, scraps of fabric, and tin cans. And all the while that they are demonstrating such goodies as Glazed Angel Slices and Ham Loaf Ring with Piquant Pineapple Sauce, they are explaining how to save time and energy. They have all sorts of wonderful clues, like the one about easy cleaning of broiler pans: sprinkle detergent on hot pan, cover with wet paper towels, and let stand till washing time.

If your women's club hasn't scheduled a demonstration for this season, you can drop in by yourself to see the decorations and equipment, but call ahead to make sure Pat or Jan is there. You may write for the free recipe booklet (Home Service Department, Consumers Power, address above). There is no charge for their services; however, they allow clubs to charge to make money for their group.

On Wednesday, Dec. 1, at 2 p.m., the Livonia Republican Women are sponsoring a demonstration which is open to anyone. There will be cookies and coffee and door prizes. (A dollar donation to the Republican Women is requested). For ticket information, call Shirley Donini, 422-5812.

Do let Pat Yohey and Janet Olsen help to make your holiday season a joyful one!

Cider On Your Pancakes?

There are many wonderful and luscious things to top your pancakes with these brisk wintery mornings. Syrup, powdered sugar, whipped butter, to name a few. But have you ever thought of trying apple cider? Strange as it seems, apple cider is the chief ingredient used in making syrup for pancakes which is out of this world. It is rich and somewhat the consistency of apple butter.
W. E. Lockwood, who owns Sunshine Farms in Livonia is an expert at ciders, has several varieties on hand all during the season.
One day one of his employees presented him with the following recipe for pancake syrup which dates back to 1767. This was the original recipe of Robert Duff, who owned the Robert Duff plantation in Duffield, Virginia and has the deed of ownership recorded in 1767.
W. E. Lockwood made the syrup, bottled it in jars, and assures us that a real taste thrill awaits anyone who tries it.

ROBERT DUFF'S PANCAKE SYRUP
1 gallon cider (must be raw)
10 lbs. light brown sugar (optional flavoring cinnamon, cloves) if used
1 teas. powdered cinnamon or 1/2 teas. ground cloves (if used stir in last 10 minutes of cooking time)
Vigorously boil cider 20 minutes, reduce heat.
Slowly stir in sugar then cook for 20 minutes longer.
Immediately pour into pint jars to 2" of top.
Place on hot boiled dome lids. Seal up tight.
Note: If unfiltered cider is used, a settling (sic) will appear after storage, in bottom of jar. This is only apple pulp or thin apple butter. Very delicious and not harmful.
It is advisable to prepare 12 pt. jars. The quantity varies due to humidity and temperature of air.
Signed: Direct descendant of Robert Duff
Best Wishes to user.

Set Thanksgiving Observance

The traditional Thanksgiving Day service of The Christian Science Churches in this area will take place on Thursday morning. Friends, neighbors, and the public are especially invited.
This annual service is distinctive for its concluding testimony period when any Christian Scientist in the congregation may rise and openly express his individual thanks to God for blessings received.
A hymn and reading of the President's national Thanksgiving Day Proclamation will open the service, followed by Scriptural selections, prayer, and a Lesson-Sermon on "Thanksgiving" taken from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Invitation Extended for Christmas Walk

The Plymouth Branch of National Farm and Garden Association will sponsor a Prevue of Christmas in eight different homes which will be open for you and your friends to visit from 11 a.m. to 5 p.m. on Dec. 16. The homes open to the public will be decorated to complement the architectural style of the home.

Mrs. James Gilbert, 10440 Warren Rd.; Mrs. George Rowland, 10550 Warren Rd.; Mrs. Bruce Richard, 9417 Ivanhoe Dr.; Mrs. E. G. Ott of 1440 Linden; Mrs. Howard Hill of 628 Evergreen; Mrs. A. D. Johanson of 11750 Turkey Run; Mrs. John Stuyvenberg, Jr., of 181 Shadbrook, Northville. There will be a pause for lunch

at the Mayflower Hotel and have an opportunity to observe the unique decorations which club member Mrs. Ralph Lorenz arranges every year.

While at the hotel, visitors will have an opportunity to buy gift ribbons and packaged baked goods. Mrs. Roy Lindsay is chairman of the ribbons and Mrs. Bernice Wiedman is chairman of the packaged baked goods.

Tickets for the tour sell for \$1.50 and are equipped with a map for directions. These may be purchased from Ticket Chairman, Mrs. Lawrence Becker at GL 3-5183, from Mrs. A. E. Van Ornum at GL 3-6228 or Co-chairman of the Walk, Mrs. Donald Ward at GL 3-3246.

MAKING PLANS for the "Holiday Bazaar" are (l to r) Mrs. Jack Black, Mrs. Lou Fellander, Mrs. Sam Siegal, Mrs. Seymour Goldberg, Mrs. Seymour Ungar.

LJC Plans Holiday Bazaar To Be Held Dec. 5

Fund-raising Chairman of Sisterhood of Livonia Jewish Congregation, Mrs. Seymour Ungar, has announced that her committee is in the planning stages of a "Holiday Bazaar" to be held on Sunday, Dec. 5 from 2 p.m. until 8 p.m., at the Livonia Jewish Congregation, 29475 West Six Mile Rd., Livonia.

Sisterhood's Needlework Guild, under the direction of Mrs. Louis Fellander has lovely aprons, Barbie clothes, hand

decorated soaps, artificial floral arrangements, and many other items.

The United Synagogue Youth Group will have your favorite candy assortment for sale at their special booth.

Booths for additional shopping are a Boutique, featuring jewelry and cosmetics. Silhouettes will be a specialty. Also home baked goods, and a snack bar which will feature hot dogs, hamburgers, potato chips, cold drinks, tea and coffee.

Gift shop chairman Mrs. Manny Patchakos will have many items for sale among them home decorations, books, religious articles, etc.

Get down the date on your calendar right now.

Clubwomen Plan Afternoon of Art

Detroit Women of Alpha Omega Dental Fraternity have arranged an exciting program entitled "An Afternoon of Art" for their first paid-up membership luncheon meeting of the season, to be held Tuesday, Dec. 7, at noon, in the Riviera Court of the Detroit Institute of Arts, announced Mrs. Leslie Moss, President.

Following lunch, and a short business meeting, a guided tour of the galleries will be highlighted with paintings by Brueghal, Leonardo da Vinci, Claude Monet as well as French Gothic Chapel and Whitney Hall, a fine American Colonial House.

"Project Servicemen" on Nov. 29 will include a visit to the USO.

See You There!

The Couples Club of Mt. Hope Congregational Church of Livonia, will hold a rummage sale, Saturday, Dec. 4 from 8 a.m. to noon in St. James Episcopal Church, 11491 W. Outer Drive (1 block south of Five Mile and Lahser). Proceeds from the sale go toward the Building Fund of the new church, to be located on Schoolcraft and Henry Ruff Roads. Clothing and household articles will be featured. For rummage pickups call Mrs. Edwin Godina, 422-6997.

Recovery, Inc., an international organization providing a systematic method of self-help for people with nervous problems, meets regularly each Monday at 8 p.m. at Village United Presbyterian Church, 25350 W. Six Mile Rd., 4 blocks east of Beech-Daly in Redford Township. Recovery Inc. is non-sectarian and meetings are open to all. If any further information is required write P.O. Box 6511, Detroit 48240.

Open House honoring Mr. and Mrs. Lyman Bush of 21544 Randall St., Farmington, on their 25th Wedding Anniversary will be held on Sunday, Nov. 28 at the West Bloomfield Township Hall, 4460 Orchard Lake Rd. Time: 2 to 6 p.m. Friends are welcome.

The Metropolitan Creative Art Guild is inviting the public to a tea at the beautiful David Stuart Library, Sunday, Nov. 28 from 2 p.m. to 5 p.m. The library is located at 26000 Evergreen, Southfield. An exhibit of original oil paintings by club members may be viewed daily from 1 to 9 p.m., thru Dec. 1.

MEMBERS of the Kendallwood Womens Farms traveled by chartered bus to the Fisher Theater, Nov. 17 to see Harve Presnell in "Carousel." Boarding the bus in the Kendallwood Shopping Center are Mrs. Theodore Erickson, treasurer; Mrs. William Depster, program chairman; and Mrs. Ralph Lewis, president.

SANDRA KAY BUCCON

Mr. and Mrs. William W. Buccon of Nathaline Avenue, Redford Township announce the engagement of their daughter Sandra Kay to Daniel Philip Tanner, son of the late Mr. and Mrs. Edward J. Tanner of Tecumseh Avenue, Redford Township. A Dec. 4 wedding is planned.

DARLENE ANNE ALLAIN

The engagement of Darlene Anne Allain was announced by her parents Mr. and Mrs. Irving Allain of Livonia to Thomas Joseph Caimotto, son of Mr. and Mrs. Fredrick Caimotto of Redford Township. Darlene is a graduate of Bentley High School, class of '64 and her fiance is a graduate of Redford Union High School, class of '61. He is presently a student at Henry Ford Community College. No wedding date has been announced.

JOY BOOTH HUDSON

Mr. and Mrs. Robert V. Hudson, Jr., of Dearborn, announce the engagement of their daughter, Joy Booth Hudson, to Robert James Sneddon, son of Mr. and Mrs. James M. Sneddon of 33004 Scone. Miss Hudson is a graduate of Western Michigan University, where she affiliated with Phi Mu Sorority. She is a teacher in the Waterford Township School District. Mr. Sneddon is a senior at Western Michigan University, where he is affiliated with Sigma Chi Fraternity. A June 25 wedding is planned at Martha-Mary Chapel, Greenfield Village.

Rowe-Beard Exchange Wedding Vows

Wedding vows were exchanged between Gaylann Denise Rowe of Farmington and John Wesley Beard, Jr. of Stockbridge.

Mr. and Mrs. Ernest G. Rowe are the parents of the bride and Mr. and Mrs. John W. Beard, formerly of Farmington, are the parents of the bridegroom.

The wedding took place Oct. 16 in a 1 p.m. service at St. Andrew's Episcopal Church Rev. Jay Coulton officiated at the ceremony.

A gown with a Chantilly lace bodice with elbow length sleeves and a Sabrina neckline was chosen by the bride. Her floor length sheath skirt was in two tiers of the same lace and formed a full silk organza chapel train. Her veil was a tiered elbow length boufant and held an orange blossom and seed pearl tiara. Her bridal bouquet was a cascade bouquet of white roses, stephanotis and ivy.

The attendants wore gold velvet with pleated panel down the length of the back gathered into a bow, all of a lighter gold satin.

A younger version of the attendants' gowns was worn by the flower girl. The bridesmaids' flowers were gold and bronze fugi mums accented with autumn leaves and bitter-

MRS. JOHN WESLEY BEARD, JR.

Wendy Droege and junior bridesmaid was Shellie Terry and flower-girl was Nancy Pohl, both cousins of the bride.

Dennis Rowe, the bride's brother, was best man with Clifford Murphy and Edward Gesto as ushers.

Vivian Tells of New Acts

By Congressman Weston Vivian
 Since Veterans Day occurred two weeks ago, I am taking this occasion to review legislation, passed by the 89th Congress this year, which is of particular interest to veterans of the U.S. Armed Services.

Public Law 89-311, signed by President Johnson on Oct. 31, increases by an average of 10 per cent the compensation for veterans with service-connected disabilities and for their dependents. Maximum increases go to veterans with service-connected more disability.

Since the last increase, the cost of living and standard of living have risen appreciably. All of us, I am sure, feel that disabled veterans relying on pensions should be protected against increases in costs of living and should share in the increase in material benefits of our society.

The same Act authorizes the Veterans Administration to operate up to 125,000 hospital beds for veterans and to provide for 4,000 additional nursing care

beds. We in the Second Congressional District are fortunate to have one of the finest veterans' hospital facilities located within our boundaries, in Ann Arbor.

However, some constituents and their relatives and friends must use outmoded facilities in Dearborn.

Along with other Michigan Congressmen, I am hopeful that some of the available funds will be used to upgrade or replace the Dearborn facilities. The leasing of additional custodial care beds in nursing homes in communities close to the veterans' families was, in my opinion, a very desirable step, for many a disabled veteran needs and wants the companionship of family members more than he needs total hospital care.

Public Law 89-138, also passed this year, extended for a period of 10 years the time during which seriously disabled World War II and Korean War veterans could apply for vocational rehabilitation training. Public Law 89-137 increased by approximately 30 per cent the subsistence for veterans who are taking this vocational rehabilitation training. These steps are important improvements in the law, for they encourage veterans to participate in programs which increase their employability and earning power.

I am hopeful that when the 89th Congress returns to Washington two months hence for the Second Session, we shall pass a "Cold War G.I. Bill" to extend educational and vocational benefits to those personnel who have served since expiration of the Korean G. I. Bill in January, 1955, including those now serving in the conflict in Vietnam.

Economists tell us that, in the past, the costs to the taxpayer of educating our young men under the G.I. Bill have more than been repaid in subsequent years through the increase in income taxes collected from the recipients because of their higher earning power. The educational benefits we offer veterans are not only a fair reward for the hazards of service, but also a sound investment for our nation.

All of us are grateful to the men who have served in the past and are serving today to defend this nation and the cause of freedom for all. They served us in their younger years; we must be attentive to their welfare today and in coming years.

Russ Koepke Heads Guild At OLGC

Russell Koepke is the new president of the recently organized Home School Guild, composed of parents and teachers of Our Lady of Good Counsel School. More than 250 attended the initial meeting in the Parish Hall to hear Theodore Karpowicz, assistant to the superintendent for special programs of the Detroit Archdiocese, discuss the state and federal education acts of 1965.

Sister Christine, principal of Our Lady of Good Counsel School, told the group of the excellent co-operation from the Plymouth Community School system in providing services as outlined in the acts.

Other officers of the new organization are: President elect, W. Penrice; secretary, Mrs. W. Wheeler, and treasurer, R. Lafey.

Evans Lists Appointments in Plymouth

J. P. Moorhead, General Manager, Transportation Equipment Research and Development and Patents at Evans Products Company's Plymouth, plant has announced the following appointments to Evans' Transportation Equipment Division's Research and Development staff:

W. K. MacGurdy, Chief Engineer-Research; H. W. Chapman, Chief Engineer-Development; P. A. Tracht, Laboratory Director; R. B. Keene, Director of Patents; M. Nichols, Administrative Assistant to General Manager; N. A. Passur, Engineering Consultant, and C. W. Hook, Market Analyst.

Moorhead said these appointments were part of the Division's program to intensify its transportation research and development activities.

In addition to its railroad damage-prevention and railcar-building facilities at the Plymouth plant, Evans' Transportation Equipment Division manufactures, upgrades, and leases freight cars through the

recently acquired Chicago-based United States Railway Equipment Company, whose plant is located at Blue Island, Ill.

It produces freight car brake beams and box car doors through its recently acquired

Chicago Railway Equipment material handling racks at Gagetown, Mich., and prefabricated frozen food warehouses at Annapolis, Md.

Cub Scouts Slate Newspaper Drive in Green Meadows

If you reside in the Green Meadows section and have some newspapers around the house—then save them for Saturday (Nov. 27) when Cubs from the Gallimore School Cub Pack 766 will hold a newspaper collection drive.

Cubs will be out in the morning to collect newspapers in a home-to-home campaign.

Residents outside the area, who would like newspapers picked up, are requested to call Gordon Vetal at 453-5133.

Senior Citizens in Plymouth Plan Election of Officers

The Plymouth Senior Citizens Club will hold its annual election of officers on Dec. 2 at the monthly business meeting.

The remainder of the program for December includes the birthday meeting on Dec. 9 and a pot luck on Dec. 16. No meetings will be held on Dec. 23 or Dec. 30.

Host and hostess for December are Mr. and Mrs. Harry Mumby with chairman Mrs. Forest McDonald and her committee of Mrs. Sadie Ciolkoski, Mrs. Emma Ladzik, Mrs. Clara Schroeder and Mrs. Esther Weigel.

More than 135 members enjoyed a Thanksgiving dinner on Nov. 18. Guest of honor was Mrs. Jeanne Hay of the Adult

Education and Recreation Department

Members also attended the Ice Follies on Nov. 20 and enjoyed the Plymouth Theatre Guild production "Everybody Loves Opal" on Nov. 4.

Resigns

(Continued from Page 1)
nothing would be done, as head administrator of the high school, I made the decision to cancel the plays."

Bentley had the backing of Supt. Russell Isbister and his two assistants, Gus Gorguze and John M. Hoben, in the decision.

The ban brought some caustic remarks from a few members of the student body but was approved by the Student Council after a special meeting called by Bentley to explain his actions.

There was some talk of a student sit-in on Thursday and Friday with the action scheduled to take place some time Friday.

However, after the action of the Student Council was announced over the school's public address system by Mayor Mary Theeke, all thoughts of a sit-in apparently vanished since classes progressed normally throughout the day.

Mary Arnold, a member of the senior class and also in the cast of one of the plays, circulated a handbill Monday in which she took issue with the school administration's stand on censorship.

She charged that the administration had censored both plays without an adequate reason.

"No adequate reason has been presented to the general public or to the students of this high school," the handbill reads. "Posters were quietly removed and the word was passed to a few but no adequate reason for this censorship was publicly given."

Her handbill indicates "the school board, school superintendent and the principals of PHS must give the general public and the students of this high school a reason—one that is not absurd or subjective. The futures of democracy and freedom in this school and this town are at stake."

Supt. Isbister told reporters he would accept the resignation of Kontos as drama director. "This is a matter at administrative level," he said. "It will be handled at that level even though the entire incident will be brought to the attention of the Board."

Zoning OK'd

(Continued from Page 1)
able for the proposed construction and the Planning Commission seemed to like every part of his new proposal.

His plans were accepted for information and study and a public hearing ordered for the Dec. 13 meeting.

In other actions, the Commission: Approved plans of the Detroit Bank and Trust Company for a proposed branch bank near the intersection of Ann Arbor and Lilley Roads.

Rejected a petition from Bernard and George Stadtmiller for rezoning of a site on Ann Arbor Road near Sheldon for apartments. A lengthy hearing was held on the petition during which numerous citizens in the area spoke against the apartments.

Rejected a petition from Gerald Louise for rezoning of 8.5 acres near the intersection of Five Mile and Bradner Roads for a proposed apartment.

Approved the preliminary plat plans for the Plymouth Estates subdivisions pending receipt of letters from the public utilities. A public hearing was set on Dec. 13.

Approved final plat and hardbacks for the Twin Arbors subdivision on Ann Arbor Road near Basset where plans are being made for 189 homes.

The Detroit Auto Show will offer a special admission rate for students through high school age. It will be 25 cents from 11 a.m. to 5 p.m. Monday through Friday. The show opens Saturday, November 27, in Cobo Hall and runs through Sunday, December 5.

Milliken Praises Fine Spirit of C&O Group

More than 200 C&O Railroad workers attended the Employees Better Service Conference in Roma Hall and heard Lt. Gov. William G. Milliken praise the group for the excellent spirit shown and for its fine cooperation.

"I have an idea that we have here a pretty good cross section of people that make Michigan click," said Milliken.

"This is a broad group and that's a good sign. It is evidence that the railroads, and their employees, are working together with the people of the communities they serve."

The Lt. Governor emphasized that he thought there was no better way to prove understanding and break down barriers that separate different groups of people than by sitting down together for discussion of common problems.

CELEBRATING THANKSGIVING early at the first annual banquet sponsored by the Plymouth Credit Union are officers of the Plymouth Community band. The members were told at the banquet in the Mayflower Meeting House that the Credit Union will sponsor the summer

concerts again in 1966. The group at the speakers' table included (from left): Treasurer and Mrs. John Wells, President and Mrs. Clayton Leroux and Publicity Chairman and Mrs. Keith Burton.

Socially Speaking Around Plymouth

GL 3-0038
Call to report social events in your family, neighborhood)

SEVEN LUTHERAN CHURCHES in the area participated in the Senior Youth group hayride. The young people met at All Saints Lutheran Church in Livonia on Saturday and boarded a bus to Oxford for the hayride which was followed by a spaghetti dinner.

MR. AND MRS. H. W. WHITE of Plymouth are parents of a son, Brett Allen, born Nov. 11 at Oakwood Hospital in Dearborn. The baby weighed in at 8 pounds, 3 ounces and has a proud sister, Linda, age four. The grandparents are Mr. and Mrs. Finbar O'Leary of Northville and Mr. and Mrs. Fred White of Nankin Township.

NEW TO ARTHUR STREET are the William Nolings, who have moved here from Albion. The Nolings have four boys: Douglas, 11; Patrick, 6; Michael, 4, and David, 3. All four boys are enthusiastic in sports. The family will attend the Presbyterian Church and Noling is employed at Plymouth Tank and Fabricating. What is unique? Mrs. Noling is a registered Real Estate agent and found time in Albion to assist friends with the sale of property in spite of having four young lads.

NEWCOMER for the Carl Pursells when little Kathleen Jean was born on Oct. 29 in Wyandotte General Hospital and weighed in at 7 pounds, 8 ounces. Kathleen has two brothers: Phillip, 5, and Mark, 2, and two proud grandmothers, Mrs. Omega Brown of Wyandotte and Mrs. Doris Broadway of Detroit. Carl is the new Chamber of Commerce president.

MRS. ERIC CHILDS, Mrs. Tom Notebaert and Mrs. Eldon Martin assisted Mrs. Ralph Lorenz at the November Ladies Day Bridge at the Round Table Club. A Thanksgiving theme was used.

THE DOUGLAS EGLOFFS and the Russell Egloffs are off to Arizona to attend a football game. Dick Egloff, who attends Arizona State will be playing in the game.

BERNICE WIEDMAN, chairman of the bake sale for the Christmas Walk will also assist Mabel Lorenz in decorating the Mayflower Hotel lobby.

NEWCOMERS CLUB will hold their Dec. 2 luncheon at the Thunderbird Inn with Mrs. Myrilla Schrader demonstrating "Ideas for Christmas Decorating." Reservations are limited, so be an early bird and make your reservation before Nov. 30. There will be no cancellations the day of the luncheon, which will be served promptly at 12:30 p.m. and will be preceded by a hospitality hour. Call Alice Smith at 453-9234 for names beginning with

A-M, and Mary Hough at 453-8261, from N-Z. All cancellations should be called to Dolly Miller at 453-9374.

THE 25TH ANNIVERSARY for the Louis J. Normans was held on Nov. 7 when their children David and Marilyn held an open house for their parents at the Grange Hall. About 100 relatives and friends attended and the Normans were delighted to have Rev. George T. Nevin, from Chelsea, attend.

VISITORS and residents to the Plymouth Community are urged to visit the Historical Museum on Main Street next to the City Hall, which is open on Saturday and Sunday, from 2 to 5 p.m.

DEC. 3, BETWEEN 9 and 11 a.m. all items recently ordered at St. John's Episcopal Mart will be ready for pickup. They ask for customers to come for Christmas orders on this day.

THE ALLEN SCHOOL GIRL SCOUT TROOP sponsored by the V.F.W. had an exciting Saturday when the girls boarded a bus and went to the Olympia Stadium to attend the Ice Follies. Mrs. Paul Miller and Mrs. Ian Galbraith, co-leaders of the troop, had assisting them as chaperon, Mrs. Jane Hancock. Twenty girls attended.

ALWAYS AN ASSET to the Community are the professional men, and so it is with the return of Dr. David Johnson and his family of four children, David, Matthew, Margaret and Anne. Their home is at 655 McKinley. Dr. David Johnson will locate his practice at 358 N. Main in Plymouth.

Mailmen Get Day of Rest On Thursday

The Plymouth Post Office will operate on a regular holiday schedule Thursday. That was the announcement of Acting Postmaster John A. Mulligan who indicated there will be no window service and no regular delivery of mail.

Special delivery service will be provided. The Post Office lobby will be open for use of stamp dispensers, mail depositors and for access to lock boxes.

Mulligan said that outgoing mail will be picked up on a holiday schedule and processed for dispatch.

50 Hear URA Director Tell of Plymouth Plans

Approximately 50 residents turned out to hear Plymouth Director Ken Fisher discuss past and future plans for Urban Renewal in Plymouth.

The meeting was another in a series on issues in the public interest sponsored by the Plymouth-Northville Township Republican Club.

Fisher gave background information on the development of Urban Renewal planning since 1958 and reviewed the Mill Street Project which entered its final phase with the recent purchase of land by Duratiner Corporation. Other industries now located in that area are Bathey Mfg. Co. and Ossie Himote's welding firm.

Development of the Mill Street project has created a better tax base and gained a probable commitment of additional employment, Fisher said.

In questions on the proposed Project No. 2, affecting the area on S. Main Street, from Food Fair to Ann Arbor Trail, plus E. Maple Street, Deer Street, and Kellogg Street, Fisher indicated that because the project was still in the very early stage, solutions to specific problems have not been found.

Questions put to the speaker included:
(1) Relocation plans for residents involved.
(2) How residents could afford to move.
(3) How determination of substandard or structurally unsound buildings was made. (Sixty percent of buildings in the area must be classified as structurally unsound before an area can qualify for Urban Renewal.)
(4) How does an individual take a positive attitude toward Urban Renewal when he is

faced with demolition of his home?
Fisher urged interested residents to attend the City Commission meeting when the issue is presented and give their views at that time.

The fundamental philosophy of federally assisted Urban Renewal, according to a report by Vilican-Leman and Associates, Plymouth's planning consultants, is to help urban communities help themselves in the prevention and elimination of slums and blight.

The report further states that Urban Renewal action consists of two basic operations:
(1) Redevelopment and (2) Conservation. Redevelopment is used when areas become so badly deteriorated that only clearance of all, or nearly all, of the area will remedy the situation.

The audience for Thursday's meeting was comprised of businessmen, residents from the proposed Project No. 2 area and interested citizens.

The Plymouth-Northville Township Republican Club will sponsor another public meeting the first part of 1966 as a follow-up on last week's meeting, at which time alternate programs for community development through the use of private capital will be discussed.

Wayne State University opens its 1965-66 wrestling schedule on December 4 against Western Reserve in Cleveland.

Is Wed by Candlelight

Sharon L. Larson became the bride of William W. Mott of Dearborn at a candlelight service at the First Methodist Church of Farmington on Friday, Oct. 29.

The bride is the daughter of Mrs. G. Larson of 28104 Farmington Rd. in Farmington, and the granddaughter of Mr. and Mrs. Mark Bachelor, residents of Farmington for over 50 years.

Preceding the bride down the aisle were bridesmaids Miss Marlene Coe, Miss Caroline Dunkle, and Mrs. Sandy Cayetano. The maid of honor was her sister, Marilyn Larson. The flower girl was Leslie Rupp. Charles (Skip) Campbell was ringbearer.

Attending the bridegroom was best man Jim Hruby. Ushers were Tom Aspenlerter, Jim Johnson, and Donald Killing.

The bride's gown was white silk organza over taffeta, accented with appliques and a flowing train.

Her bouquet was of white ranunculus with variegated daffodils.

MRS. WILLIAM MOTT

The bridesmaids wore floor length gowns of moss green crepe, in Empire style. The matron of honor and the flower girl wore similar gowns of gold crepe.

Their bouquets were rust and gold mums with bittersweet. Soloist at the wedding was Eddy Ellegood.

The couple left on a honeymoon to California and Mexico.

Pathfinders Club Help the Needy

Thanksgiving will be more pleasant for several families this year as the result of Livonia residents supporting the annual "trick-or-treat" activities of the local Pathfinder Club.

The efforts that about 20 young people worked soliciting

canned foods on the Halloween week-end resulted in over 1300 items being donated, as well as nearly \$20 cash which will be used to supplement the food. Certain markets in the area also help by contributing fresh produce for the hampers.

On the evening prior to Thanksgiving, the Club officers and leaders will distribute them to families whose needs are determined by working through school counselors, and this year it is expected that approximately twenty-five hampers will be delivered.

This is the fourth successive year that these young people have been willing to "trick or treat" for those not so fortunate.

St. Agatha Holiday Fair in Redford

St. Agatha Parish is holding its annual Christmas Fair on Sunday, Dec. 5 from 8 a.m. to 8 p.m. in the new high school addition. Thirteen (13) games will be featured at 10 cents per game. Two outstanding booths will be the Country Store — prizes to be 36 Food Baskets, hard salamis, and smoked sausages. Then there is the Gift Shop, featuring all hand-made Christmas items.

In conjunction with the Fair, a Teen Dance will be held in the school gym from 2 p.m. to 4 p.m. The admission will be 50 cents per person, with a free 45 RPM record to the first 100. Live entertainment will be provided by "The Astorias."

For the children, Santa Claus will pay a visit, and will be bringing Mrs. Santa, too. (Mr. Claus will be handled alternately by Don Ross and Bill Schrock. (Mrs. Claus — Mabel Zuteck). There will also be a Balloon Man, Bill Mudie.

Decorations for the Fair are being handled by Sylvia Irwin and Laura Lee Susalla.

REDFORD SUBURBAN LEAGUE'S "Share-the-wealth" winners for the Nov. 10 meeting at the Kenwood are pictured for (l-r) Dorothea Tata, Betty Kurtz, and Fern Gutzeit. Over 140 members and guests heard Charlie Park of Radio Station WJR tell of his experiences over the years in radio work and also his favorite poems.

"THE PRAYING HANDS" in keeping with the Thanksgiving season was the theme used for arrangement created by Mrs. Robert Spaythe at the meeting of the Faculty Wives from Schoolcraft College. Left to right are: Mrs. Delbert Piller, Mrs. Spaythe, Secretary Mrs. Wilson Munn, and Treasurer Mrs. Ronald Monfette.

MRS. IRENE LAWSON and Mrs. Dolores Yackley, are co-ordinators for the annual Christmas Fair at St. Agatha Parish of Redford Township to be held in the new high school addition on Sunday, Dec. 5, from 8 a.m. to 8 p.m.

52 Join in Training at Chrysler

Fifty-two youths from the Detroit area will begin the second phase of Chrysler Motors Corporation's Automotive Technicians Training Program.

The trainees will receive related technical instruction in automotive mechanics two nights a week at one of the following schools in their area: Pershing High School, Garden City Vocational School and Berkley High School. Related instruction in body repair will be conducted at the Chrysler Training Center in Center Line.

According to Robert C. Loman, Manager, Chrysler Motors Technicians Training Program, the apprentices will attend class throughout the three-year training period. During this time, they will also work a regular 40-hour week at Chrysler Motors Dealerships for the on-the-job training portion of the program.

The total program requirements developed by Chrysler and the U. S. Department of Labor, Bureau of Apprenticeship and Training stress a thorough understanding of the principles and operations involved in automotive repair.

At the completion of the three year apprenticeship, a trainee will have received a total of 6,000 hours of on-the-job training and 432 hours of supplemental related instruction in evening classes.

"Although classes are underway," Loman added "there are still job openings in the program and young men are encouraged to make application at their local employment office. The classroom curriculum is designed to allow a new trainee to enter a class at any time during the year, without disrupting a current class in session."

Trainees must be at least 18 years of age and pass a series of tests conducted by the Michigan Employment Security Commission Office to determine whether they have an aptitude for auto mechanics.

A total of 42 Chrysler Dealerships in Greater Detroit have requested 81 apprentices to work in their service departments. To begin, the trainees will be paid at 50 per cent of the journeyman mechanic rate with regular wage increases every six months. At the completion of the three year apprentice program, the trainees will be classified as fully-trained journeyman mechanics.

GM Workers To Share \$14 Million

Approximately 350,000 General Motors hourly employees represented by the United Auto Workers union will share a special fund totaling some \$14 million next month, Louis G. Seaton vice president in charge of personnel staff, announced.

The payments, totaling approximately \$40 per eligible employee, will come from a special account GM set up last year under a provision of the labor agreement negotiated then between the company and the UAW.

"The complex job of building automobiles requires employee cooperation at every level of plant activity," Seaton said. "Despite the very large number of different models which General Motors produces, we were able to so schedule our output during the past year to provide maximum stability and continuity of employment."

"In addition, consumer confidence in the value and quality of our products is reflected in the high level of General Motors car sales this year. All these factors result in these special payments to our employees. Without employee cooperation these achievements would not be possible."

Seaton said payments from the special account will be distributed in addition to regular paychecks on Dec. 17. Employees who will receive the payments are those represented by the UAW who will have had one year's seniority during the week ending Dec. 5 and are then actively at work or on layoff or leave of absence that has not exceeded 90 days.

The special account from which the payments will be made is financed in the following manner: GM contributes five cents an hour for each covered employee to a Supplemental Unemployment Benefit fund; when that fund reaches "maximum funding," or the point where no further contributions are required, the five cents then is accrued in a special account for distribution at the end of the year if the amount is at least \$25 per eligible employee.

Seaton said the SUB fund was at maximum funding for 17 weeks in 1965. The present SUB trust fund is at a level of approximately \$192 million.

THANKSGIVING — AMERICAN STYLE, as illustrated in a display at Livonia's Tyler School, gets a once-over from Herbert Chiuot, director of the Kessel branch of the Hessian In-Service Teacher Education Agency in West Germany. Kessel visited Livonia last week and met with Kenneth Bateman, principal at Tyler, who helped to establish postwar schools in West Germany.

Valpe Guild to Give Musical

The Detroit West Chapter of the Valparaiso University Guild will hold its annual pre-advent Musical and Tea on Sunday, Nov. 28, at 4 P.M. at Grace Lutheran Church, 25630 Grand River Avenue. The public is cordially invited.

The musical feature this year is the General Motors Chorus which is one of the oldest employee activities within the General Motors Corporation, having been organized in 1933 through the efforts of the late William S. Knudsen.

Director of the chorus is

Frank Murch, who is a graduate of the Royal Conservatory of Music in Toronto.

Selections for this particular performance will include many familiar and well loved Christmas carols.

Masons Install New Officers

A local businessman was installed Thursday as the New High Priest of the Colonial Chapter 187, Royal Arch Masons.

H. W. Curtner, 30935 Plymouth Rd., Livonia, was handed over authority at the Plymouth

H. W. CURTNER

Rock Temple by outgoing High Priest, Vito Sambrone.

Others installed included George F. Davis, King; Donald C. Frigon, Scribe; Richard J. Straub, Treasurer; James L. Bullington, Secretary; Vito A. Sambrone, PHP, Chaplain; Michael P. Christ, Captain of the Host; Erwin J. Bricker, Principal Sojourner; Douglas A. Cochran, Royal Arch Captain; John C. Raeside, Sr., Master of the Third Veil; Brent Groom, Master of the Second Veil; George W. Caldwell, Master of the First Veil; and Henry F. Dust, PHP, Sentinel.

Nursery Sets Open House

The Loveland Children's Nursery at 33015 Seven Mile at Loveland will hold an open house Dec. 2 from 1 to 9 p.m. Mrs. Carolyn Duran is director of the nursery.

Loveland is a state certified day care center for children two and a half to five years of age. Full day sessions will begin Dec. 6.

Mrs. Duran brings to her post 10 years experience in children's work as a camp counselor and children's church director and two years as a nursery service staff worker.

For information about the nursery call 356-2731 or 474-5405.

EIGHT LIVONIA CUB SCOUTS visited The Observer on a field trip last Wednesday "to learn more about newspapers." With Mrs. Quido Krumpoch (back) as their leader, the boys were, from left, in front: Jim Smith and Eric Rivkin; in back Barry McKay, Robbie Noll, Mark Piotrowski, Bob Abednaur, John Klus, and Jeff Krumpoch.

Two at Seminar

Ross D. Watkins, 30108 W. Chicago, and Norman E. Saunders, 14647 Hubbard Rd., both of Li-

vonnia, attended a five-day seminar in Motor Fleet Vehicle Maintenance at Tri-State College in Angola, Ind. on Nov. 8-12.

When Faiths Vary . . .

Arranging services for a relative of a different faith can cause added bewilderment and indecision. At such times, our advice can be relied upon, for sixty-one years of experience have taught us the exact funeral requirements of all religious faiths.

400 Local Elks Take Third Place in State Drives for Charity Funds

Nearly \$5,000 was donated to Michigan crippled children and other charitable phases of the Elks by Livonia Lodge No. 2246 during the past year. In state competition among the 72 Elks Lodges in Michigan, Livonia Lodge was awarded third place honors for 1964-1965 in two specific categories: Michigan Major Project and Elks National Foundation.

Elks currently total some 63,000 members in Michigan, with an average membership per Lodge running about 875 men. Livonia Lodge, instituted on Dec. 10, 1961, is one of the newest lodges in our state, with a current membership of 400. Livonia's charitable work ranks them above such giants as Pontiac, Detroit, Saginaw and Flint, and certainly speaks well for the attitude and generosity of the community we live in.

Harry A. Hoxie, District Deputy, Southeast District, representing Grand Exalted Ruler R. Leonard Bush, presented plaques commemorating Livonia's achievements, to Past Exalted Ruler H. Dow Tunis, 29843 Lori, Livonia; Major Project Chairman Howard White, 29129 Joy Rd., Garden City; and National Foundation Chairman Al DenBraven, 26634 Kenneth, Redford Township.

Each State Elks Association has specified a major project in which they will concentrate their efforts. In Michigan, the Major Project Commission is designed to assist individual crippled children within our state that are not eligible for aid or assistance from any other organization. In addition, the Commission is building a fund to construct a free clinic for children. Livonia's parti-

icipation in this worthwhile project raised \$1,650, which placed it third in donations per member in Michigan, behind Dearborn and Ann Arbor Lodges.

The Order of Elks also maintains a permanent benevolent fund with which to support such national projects as scholarships, veterans hospitals, leukemia research, scouting and other charitable activities. The fund currently has a book value that exceeds \$14 million. Only the interest is used.

The National Foundation Fund is built up by pledges and donations of the subordinate lodges throughout the nation. Each state competes for honors within their state and districts. Livonia Lodge obtained 27 new pledges of \$100 each which again ranked it third in Michigan behind Dearborn and Ann Arbor.

Thanksgiving Sans Turkey?

By JERRY WENDT

Thanksgiving without turkey? And not only minus the traditional bird but also minus all the pies, pastries, rolls, jellies, etc. Sound like a severe retrenchment program? or bring shipwrecked at sea?

Not at all! The Sunday following Thanksgiving, Nov. 28 the Vegetarian Society of Michigan will sit down to a Thanksgiving dinner which doesn't include any of these time-honored foods.

Instead the meal will start with salads, tossed salads, cottage cheese salad, etc.

Next there will be a make-believe turkey (so real looking it could fool the experts), but made from ground nuts, soy sauce and other meat substitutes. Than a nut meat leaf with health gravy, and assorted vegetables.

The dessert will be a fruit salad.

Members of the Vegetarian Society of Michigan follow this diet because they are convinced that it is the way to maintain physical fitness.

Following this nourishing banquet, Mrs. Betty Gammon will be the speaker of the day. Mrs. Gammon of Redford Township will present "Doctoring in the History of the American People."

The annual election of officers will follow the meeting.

1,500 Local Kids Slated for Help in War on Poverty

Nearly 1,500 students from low-income families in western Wayne County will be assisted through a new federal program designed to strengthen educational programs for deprived children.

The Wayne County Intermediate School District announced that more than \$341,779 would be available to the Livonia, Redford Union, South Redford, Plymouth, Garden City and Nankin Mills School Districts for assistance under Title I of the Elementary and Secondary Education Act of 1965.

The funds are part of \$14 million allocated to the 43 school districts in Wayne County under the new law.

Biggest chunk of the money will go to Livonia, where census takers report 487 students from families with an income under \$2,000 a year. Livonia is eligible for \$116,071.58 in aid.

In Garden City, there are 223 students from low-income (less than \$2,000 a year) families,

and \$53,149.82 is earmarked for assistance to them.

Redford Union School District, with 12,755 pupils, has 221 students from low-income families, with an allocation of \$52,673. Fourteen for Title I programs.

Next in line is Plymouth, which has 217 such students, and an allocation of \$51,719.78.

South Redford has 199 economically deprived students and an allocation of \$47,429.66.

And Nankin Mills, with 87 students from low-income families, has \$20,735.58 available.

Each district which wants to participate in the available funds must prepare a proposal "to strengthen a district's elementary or secondary program for the education of deprived children" which "must be approved by the State Department of Education before funds may be received," the County School District said.

Among local consultants who have been working with school districts in preparing proposals is Dr. E. J. McClendon of 36784 Angeline Circle, Livonia.

Schoolcraft Hurdles Accreditation Obstacle

Dr. Eric J. Bradner, president of Schoolcraft College, said Monday the college had successfully completed a major step toward accreditation by the North Central Association of Colleges and Secondary Schools.

He explained that a diagnostic team sent by the association to examine Schoolcraft early last week had seemed quite pleased with developments.

Dr. John T. Turano, Chairman of the Division of Education and Psychology, Adams State College in Alamosa, Colo.; President Leon G. Billingsley of Missouri Southern College at Joplin, Mo., and Dean Charles E. Hill of Rochester Junior College at Rochester, Minn., made up the examining group.

After two full days of examining both day and evening programs, the visiting team met with Dr. Bradner to summarize their impressions. Dr. Bradner stated the visiting officials expressed surprise at the degree of sophistication and refinement reached by the young institution.

He said they liked the design and construction of the buildings, felt the curricula was well designed and should serve the people adequately, and they remarked upon the competency of the faculty as indicated by their visits in classes and their reviews of faculty credentials.

President Bradner said that this is only one of many steps necessary before Schoolcraft

may be granted accreditation by the regional association. He said the college had prepared a preliminary status study and had completed the necessary accreditation survey schedules prior to the visit of the diagnostic team and that these studies had been accepted.

If the report of the diagnostic team is favorable, the college will be formally "admitted to candidacy" and will then begin an exhaustive self-study in preparation for an even more intensive "final examination." Bradner explained that the results of the visit will not be definitely announced until early next year.

Free Medical Course Set In Livonia

The Office of Civil Defense has announced that a course in Medical Self-Help, designed to help people survive in the event of a nuclear war or natural disaster, will be held soon in the Emergency Operating Center, Police Administration Building, 15050 Farmington Road, Livonia.

This course is designed to teach the proper methods of "survival" as well as how to handle emergency medical problems which could happen in any family. Subjects to be taught include radioactive fallout and shelter, healthful living in emergencies, artificial respiration, bleeding and bandaging, fractures and splinting, burns, shock, transportation of injured, nursing care, infant and child care and emergency childbirth.

There is no charge for these classes and anyone interested is asked to call Civil Defense Headquarters, 421-2000, Ext. 257, between 8:30 and 5 p.m.

Library to Show Six Films

The following is a listing of the films to be shown during the month of December at the Carl Sandburg library, 30100 Seven Mile, Livonia.

CHILDREN'S FILMS: Saturdays, 10:30 a.m. and 2:30 p.m.

December 4 Adelle Penguins of the Antarctic. December 11 Goldlocks and the three Bears. December 18 Santa and the fairy snow queen.

SCIENCE FILMS: Thursdays, 4:00 p.m.

December 2 Waters of the Whiteshell. December 9 Away from it all. They came to Huronia. December 16 Fraser's Canyon.

The Livonia Libraries are open as follows: Monday through Thursday, 12-9.

Derby Bar Charged with Sale to Minor

The Michigan Liquor Control Commission has set a hearing next Wednesday, Dec. 1, to hear charges against the Derby Bar, 13401 Middlebelt Rd., Livonia, of selling to a minor and permitting a minor to consume alcohol in the bar.

John Hartman and Edward F. Kalko, licensees of the bar, are scheduled to appear at 9:30 a.m. on a complaint of the Livonia Police Department at the Commission's offices in Lincoln Park.

LIT Receives \$15,000 Grant From Ford

The Lawrence Institute of Technology School of Engineering has received a Ford Motor Company Fund grant of \$15,000 to be paid in \$5,000 annual installments.

The gift was announced by Emmet J. Horton, chief engineer of the Ford Engine and Foundry Division.

The Ford Motor Company Fund is a non-profit, charitable organization supported entirely by contributions from the Ford Motor Company. It is not related to the Ford Foundation.

Community Service in Plymouth

The Rev. David M. Strange of the Plymouth Evangelical Lutheran Church of the Epiphany, will preach on "The Foolishness of Our Thanksgiving," tonight at 8 p.m. at the First Methodist Church.

Sponsored by the Plymouth Ministerial Association, the event is the Plymouth Community Thanksgiving Service.

NBD Yule Accounts Show 8.8 Pct. Hike

Customers of National Bank of Detroit saved 8.8 per cent more in Christmas Club accounts in 1965 than in the previous year, the Bank reported.

Total dollar amount of Christmas accounts this year was \$4,184,815 compared with a 1964 figure of \$3,846,192.

Grant to Madonna

Madonna College has received part of a \$113,000 grant to 687 privately supported liberal arts colleges and universities given by the Household Finance Corporation.

Livonia Teenagers Gather Stamps to Help Family Furnish Home

(Continued from Page 1)
group of neighborhood residents started a campaign to help obtain enough furnishings so that the Matychichs will be able to get a new start. All of their furniture and personal belongings, which carried no insurance, were destroyed in the blaze.

Pam Burrows, 13, her sister, Cindy, 15, of 37941 Amrhein, and Cindy and Butch Carpenter, of 39741 Grantland, had collected 17 books when they stopped at The Observer office Saturday

to tell of their efforts. "We want to collect stamp books of all kinds," they said, "and we hope the people of Livonia will open their hearts to this drive. With 800 books, the Matychichs will be able to furnish their home."

Working with the four in an informal committee are Linda Sakovich, Dennis Sakovich, Belinda Coley, Denise McCarty, Herschel Coley, Betty Szelepsi, Terry Szelepsi, Gary Stark, John Houghton, Robert Carpenter, Bill Phillips, Mike Phillips, Gary Hirschliet, Kenny Horn,

Terry Horn, Sharon Horn, Kathy Hubbard Dorothy Green, Patricia Green and Debby McCarty.

Residents with stamp books to contribute may mail them to Mrs. Hoffman at 37943 Amrhein, or telephone her at 464-9817.

They may also be left at any Observer office for forwarding to the drive.

If Observer readers have furniture or other household goods that they would like to contribute, they may contact Mrs. Hoffman.

TEENAGERS LAUNCHED A DRIVE to collect 800 books of trading stamps to aid the burned-out Matychich family this week. The fire, in which a four-year old son was killed, left the Matychichs with no furniture or personal belongings. From left are Penny Carpenter, 14, Pam Burrows, 13, Cindy Burrows, 15, and Butch Carpenter, 16.

Teen Panel

Vietnam . . . censorship . . . the 'legal' age. These and other topics were discussed by The Observer's first Teen Panel session which met this week to express its viewpoints on current issues.

Comments of the young people who participated are being prepared for publication, and the first of a regular series of Teen Panel features will appear next Wednesday in The Observer.

Among the first participants: Jack Gallagher, Bob Wolverton and Carolyn Baker of Franklin High; Diane Gustin of Ladywood; Marge McCullough and Bill Parsons of Bentley; Cheryl Stewart of Stevenson; and Gerald Gazda, Franklin alumnus.

Watch next week's Observer for the first in this new series.

Oppose 8 Mile Industry

(Continued from Page 1)

"The only eyesore in this area is along Eight Mile Road itself—the homes south of this are of various values, but are neat and clean with well kept grounds. Expanding the Eight Mile blight is not going to improve the values of the homes."

"The installation of sanitary sewers will be an impetus to residential building in the area already installed."

"The neighborhood has many fine advantages for residential development, such as the Clarenceville Schools with their additions and Olympic sized swimming pool which we, as taxpayers, have long waited for and now expect to enjoy; the Livonia schools likewise; our many churches; and lastly, the Livonia Mall and other community shopping centers."

"Neatness along the present industrial corridor has been impossible to maintain in the past. How can the City guarantee enforcement of ordinances in a larger area? City has not helped us by enforcing the Code."

"We invested in residential zoned land and we should not be deprived of such use of the land for the support of private industry."

"Industrial area such as you propose would bring a nuisance of smoke, noise, odor, lacration."

"The increase in traffic and trucking would bring a new danger to the students of the Westbrook, Tyler, and Grandview Elementary Schools within

walking distance in Clarenceville.

"The trend toward substitution of income tax for property tax makes it desirable to retain in the city residents who could contribute the most in taxes."

"Commercial and industrial properties make heavy demands on a city for services and improvements. Livonia is lacking now in police protection, flood control and enforcement of ordinances such as green belts and walls to separate industry from residential. (Page 9 of "Proposed Development Plan for 1965-1970.")"

Pick Detroit As Editor of Madonna Paper

The Lanterne staff for 1966 has been announced at a meeting of the Literary Honor Society of Madonna College.

Noreen Haggerty, daughter of Mr. and Mrs. Frank Haggerty, of 14058 Mettetal, Detroit is the editor-in-chief of the Madonna literary magazine. Assisting her as co-editors and managers of various phases of the student enterprise, are Mary Ann Gorney, daughter of Mr. and Mrs. Floyd Gorney of Manistee; Sister Mary Thomasine, CSSF of Enfield, Conn., and Barbara Lemanski, daughter of Mr. and Mrs. Clarence Lamanski, 9358 Marion Crescent Drive, Redford Township.

Faculty advisor of the Lanterne is Sister Mary Damascene, CSSF.

Millage, Bond Issues Face Livonia Voters in January

(Continued from Page 1)

and five mills for operating costs in the district.

Noting a 100 per cent growth in secondary school enrollment over the past five years, a Citizens' Committee is currently studying the community's needs for the fourth high school, its projected curriculum emphasis and its proposed location.

Best guess as to where the new school will go is on a 33-acre site, which may grow to 41 acres with a proposed land purchase, in section 32 of Livonia—the extreme southwest area of the city—adjacent to Johnson Elementary School.

Meanwhile, Board of Education committees and Superintendent Benton Yates have scheduled meetings with representatives of employee groups to help determine operating budget needs for the next few years. Proposed salary increases are on their agendas.

Board of Education spokesmen, pointing out that Livonia's school tax rate was cut last year, said that new state bonding regulations will permit the bonds to be issued without reflection in the current tax rate. Their cost will be spread out over a longer period.

Although most of the proposed bond issue will be used for the new high school, part of it, about \$1.5 million, will help replenish depleted construction funds from the last bond issue, hard hit by spiraling construction costs.

In other business last Thursday, the School Board:

• Approved the sale of its 1965 bond issue at an interest rate of 3.75, slightly higher than the last bond issue, to Chase Manhattan Bank, the low bidder.

• Authorized the school attorney to negotiate for an access road to Five Mile from the Board of Education property on the west side of Farmington south of Five Mile. The proposed roadway will provide ingress and egress for school buses and board vehicles.

• Authorized payment of bills, including a \$2,325 legal

fee, part of which will be paid by the architect, for settling out-of-court a suit brought by dirt contractor John Wyke in a dispute over payment for sand used at a secondary school construction site; and

• Hired seven new teachers (Barbara Berk, Mrs. Diane Blau, Miss Brenda Boyd, Mrs. Diane Curclone, Miss Elnor Schutt, Mrs. Dorothy Sluss and Miss Mary Ann Scott) and accepted leaves of absence from four (Sheldon Blackman, Jefferson; Mrs. Carol Diza, Grant; Mrs. Mary Ann Kolmetz, Webster; and Mrs. Phyllis Cowden, Bentley.)

Training Class for Auxiliary Policemen Forms

Are you interested in serving the City of Livonia in the capacity of an Auxiliary Policeman? If you are over 21 years of age and a resident of Livonia, you are eligible to join a basic training class, which will begin soon, under the direction of the Auxiliary Police and the Livonia Police Department. Also, a mounted division will be formed and any male, who is an experienced equestrian, is urged to apply.

For further information call the Office of Civil Defense, 421-2000, Ext. 257. After 5 p.m. calls will be taken at GA 2-0180. Interested applicants are urged to apply as soon as possible.

GUY HOLLWIG has been named a new member of the Livonia Park and Recreation Commission. Hollwig is president of the Livonia Junior Football League.

IN PP&K GRID CONTEST

Plymouth Area Youth Wins West Coast Trip

For the first time since the start of national competition in the Punt, Pass and Kick competition, sponsored by the Ford Motor Company dealers and the National Football League, a Plymouth youngster has won a spot in the national semi-finals and will compete in Los Angeles on Saturday, Dec. 18.

He is 13-year-old David Brandon, of 6195 E. North Territorial Rd., Plymouth. David has a Plymouth mailing address but actually resides in South Lyon and entered the contest through the Williams and Lloyd dealership there.

He is an eighth grader in South Lyon elementary school and the son of Mr. and Mrs. Philip Brandon. Dave has a brother, Billy, 10, who also won the competition in his age group in South Lyon, and a sister, Phyllis, 15.

Before winning area championships at halftime of the Detroit Lions-49ers game a week ago, Dave was one of six Michigan youngsters who won zone and district titles in their age brackets.

At halftime of the game between the Baltimore Colts and the Los Angeles Rams in the Coliseum in Los Angeles, Dave will square off against champions representing six other Western Division NFL teams — Baltimore, Green Bay, Chicago, San Francisco, Los Angeles and Minnesota.

Winners in each of the age brackets (eight through 13) will represent the Western Division in national championship competition at halftime of the play-off bowl game in Miami on Jan. 9. Eastern Division champions will be determined in that division's showdown in Dallas on Dec. 11.

The winners at Dallas and Los Angeles, and their parents, will participate in an all-expense "Tour of Champions." It will begin with a visit to Washington, D.C., and a special tour of the White House on Jan. 7. It will be climaxed by the showdown contest in Miami's Orange Bowl on Jan. 9.

PP&K pits the punting, passing and place kicking skills of youths eight through 13 against those of participants of the same age. Since its inception in 1961, the program has attracted more than 2.4 million entries including a record 715,000 this year.

Dave will be accompanied to Los Angeles by his parents and a representative of the Williams-Lloyd dealership.

Legion Unit Told District First in Race

Passage-Gayde Unit No. 391 was honored when 17th District President Laura McDougall stated that the District was in first place in the state of Michigan in the membership race.

Mrs. McDougall and her husband, David McDougall, currently the Department Membership Chairman of the American Legion, had attended the 9th Zone meeting in Cadillac. At this meeting it was announced that a special discussion of the "Homestead Act" would take place in Lansing on Dec. 9 at 1:30 p.m.

Rehabilitation Chairman Fern Burleson announced the "Gift Shop" day at the VA hospital in Ann Arbor is Tuesday, Dec. 7.

Any member wishing to donate this day by helping a veteran choose and wrap gifts for his family, are to contact Mrs. Burleson.

35 Participate In Schoolcraft Co-op Program

Thirty-five students have been selected to participate in the Cooperative Training Program at Schoolcraft College in January, 1966. They will receive training at the college in the area of office and distributive education.

Their schedules will be arranged to permit them to work for a minimum of 15 hours per week for businessmen in the community.

Local businessmen and women are invited to participate in this program by offering on-the-job training to these young people. The student-trainee is provided with a flexible college curriculum which includes both general and specialized education.

The coordinator works with the employer to evaluate the progress of the trainee and to serve as liaison between the school and the community. The training is, therefore, a joint project between the business and the college with both working toward a common end.

All benefit by this program. The employer because he obtains interested and capable employees. The student benefits because he is able to gain practical experience in his area of specialization. The college because it can broaden its curriculum and serve more students through practical occupational training.

Further information may be obtained by contacting the college coordinator, Mrs. Sanborn, at 591-6400, extension 341.

Checker Motors cars at the Detroit Auto Show will feature passenger comfort, operating economy, and extreme durability. The show will open Saturday, November 27 in Cobo Hall and run through Sunday, December 5.

NEW DUTIES as president of the Western Wayne County chapter of the Michigan Cancer Foundation are explained to Dr. Ray Barber (right), of Plymouth, by retiring president Burl Woodward, of Livonia. Dr. Barber was elected at the annual meeting in Plymouth. Other officers are: James Mies, of Livonia, vice president; Mrs. Lloyd Ludwig, of Redford Township, secretary; Mrs. Frank Foote, of Dearborn, treasurer; Mrs. Robert Rottmann, of Dearborn, vice president; and Ernest Stratyck, of Dearborn, unit representative.

Beer License Turned Down

A license to sell beer and wine at Arnold Drug Store, 36642 Five Mile, was turned down by a 5-2 vote of the Livonia City Council Wednesday despite a strong plea by Councilman Peter Ventura.

Council President Rudy Kleinert joined Ventura in voting for the license, but most Councilmen seemed to be swayed by Councilman Ed McNamara's observation that there were already two such licenses in the area. "I don't see how another would hurt," Ventura commented.

Voting against, with McNamara, were John Dooley, James McCann, Charles Pinto and Ed Milligan.

The Council amended the ballot issue creating a Charter Commission which will go before voters in January to provide compensation of \$10 a meeting for 90 meetings of the Commission.

A world free from TB? Wishing won't make it true. Christmas Seals work for a healthier future in fighting TB and other respiratory diseases.

Evans Sells Major Part Of Timberland

PORTLAND, Ore — Evans Products Company announced agreements for the sale of the Oregon timberlands and its plywood mill at Roseburg, Ore., for an aggregate price of approximately \$13 million. The sales involve approximately 40,000 acres of land and timber.

Monford A. Orloff, Chairman of the Board, stated the transaction is the result of the company's continuing program of reappraisal and realignment of its assets to enhance the return of its stockholders' investment.

Orloff said that the Evans timber holdings in Oregon were not sufficient to permit a sustained yield operation to supply its plywood plant, and that the proceeds of sale will be used for the acquisition and development of other operations with greater potentials for long-term growth.

Evans recently announced agreements to acquire or complete acquisition of United States Railway Equipment Company, a Chicago-based railcar lessor, Chicago Railway Equipment Company, a Chicago freight car door and brake beam manufacturer; Moore's Super Stores, Inc., an East Coast chain of building supply supermarkets; and Williamson Veneer Company, a Pennsylvania hardwood veneer producer.

Winchester Plywood Company will purchase the Roseburg plywood mill and a portion of the timberlands — Georgia Pacific Corporation will purchase the remainder of the timberlands.

Evans Products Company, with its executive offices in Portland, is a major railway car and equipment manufacturer, plywood importer, and producer and merchandiser of varied building materials.

Michigan State halfback Clinton Jones scored four touchdowns against Iowa in 1965, a Spartan record in a Big Ten game.

Continual Thanks Giving

"Expressed appreciation is the most powerful force known to man!" states a little memento letterhead called an 'Appreci-O-Gram'.

This message can probably be put to good use by most of us and there is no time like the present to start and—of course—the preacher must practice what he preaches . . . therefore, I appreciate:

- Living, and I thank my wife and family for all their considerations.
• My friends and (hopefully few) enemies for the latter are at least thinking about me, and
• The universe with its tremendous excitement, never-ending change, and its stimulating challenge to mankind for all of which I thank God.

BILL GAIL

Who's Kidding Whom?

A few weeks ago the Livonia Board of Education voted to raise the Superintendent's salary "to the figure discussed previously in executive session."

This language was used twice and when the reporter asked the Board member what the salary was the answer was that "We thought we would let Ben (Yates) announce that. It is a matter of public record, but just as a courtesy gesture."

Livonia's Superintendent of Schools Benton Yates subsequently told the reporter that his salary was raised from \$21,000 to \$22,500 annually.

When queried about the two parts of the motion Yates said that all the Board did was make the raise effective Jan. 1, 1966 rather than July 1, 1966 when his contract expired.

Last week the printed minutes from that Board meeting were released. A casual examination of the minutes brought something interesting to light.

Yates' salary was raised to \$22,500 effective the first of the year. However, on July 1, his annual income will go up to \$25,000.

Why the secrecy? Half truths are worse than outright lies and the Board's and Yates' treatment of the public in this matter is, to say the least, shoddy.

In accepting the contract Yates read a prepared statement—which is also printed in the minutes. The opening statement reads:

"In accepting this contract offered to me, I wish to express my deep and sincere appreciation to the Board of Education, and through it to the community, for the confidence it has placed in me and the members of our administrative staff in the past and now for the next three years ahead."

Fine sounding sentiments. However, it seems apparent that all people don't realize that confidence is a two way street.

Are the Board and the staff worried that if the Superintendent's salary raise is made public it will alienate the people and jeopardize the upcoming election which contains a bonding proposition for the fourth high school and a request for additional operating millage?

If this happens it is no one's fault but theirs. Personally this reporter feels that Superintendent Yates earns every penny of his salary and more. He is hard working, conscientious. Up to this point he has been above board.

Or has the community been led down the garden path before?

The old cliché says that "actions speak louder than words." So be it.

SUE SHAUGHNESSY

Censorship...or Senseless Slip?

A Plymouth High School imbroglio between administrative forces and the lower ranks of the teachers broke out into the open with the cancellation of the all-school play last week.

Albee's "The American Dream" was the pestiferous play. High School principal Bentley, shocked by his middle class core over a play that dared question the comfort and security of conformity, wanted the play emasculated.

Drama Instructor John Kontos questioned the validity of any deletions since Edward Albee prefers his plays played intact. Thus, the battle lines were drawn.

Result: Controversial drama about insipid middle-class society cancelled. Drama director forgoes his first love and enters the monastic classroom to expiate for his sins.

Who was right? The howls of students, cut off cold during dress rehearsal when the "STOP" order became a reality, will reverberate in Principal Carvel Bentley's ears for months to come.

Such an administrative slip should haunt Inquisitor Bentley. Is it possible that his staff makes decisions and does not discuss them with the Grand Vizier? Such rapport is to be deplored and it is hoped that the moans and groans of throttled thespians will guarantee more staff cohesion and fewer silly slips in the future.

Principal Bentley did, indeed, need to wield his paddle in this verbal ping-pong battle. Nineteen passages of a page or more definitely sets "The American Dream" in the avant-garde classification. Many of the references (sexual picadillos, bathroom vulgarities, anatomical voyeurisms) would disgust the most liberal adult theater goers. In fact, at its premiere in 1961

many critics called the play disgusting, immoral, and nihilistic.

High school thespians surely are far from being ready to tackle avant-garde drama. Principal Bentley was absolutely right in closing the play before an outraged public pulled him out of his ivory tower and punitively pruned his ivy-covered office walls.

Director Kontos made a serious slip by not conferring with Principal Bentley early in the school year about the plans for such a play. Kontos as a newcomer to Plymouth misjudged the level of his audience's understanding. Plymouth, like most parents, loves to sleep soundly in their middle-class cocoon. To wake them abruptly gains nothing but immediate emotional wrath.

"The American Dream" still needs to be done by high school thespians, but not before a public audience. Director Kontos could establish Albee's dramatic worth by giving a closed presentation.

Morality is often a question of geography. Likewise, censorship can have various shades of meaning. In dealing with adolescents you caution them and urge them to tread carefully. Brashness and uncontrolled license has seldom been popular parentally speaking.

Parents begrudgingly admit the "go-go" teen-agers of today are ready for more mature action. However, there's no need to use shock tactics to try and gain ground method over the years has been the evolutionary route. I'm sure Director Kontos would agree.

WALLY ROBERTS Observer Drama Critic

Vote: A Pendulum Swing?

Citizens in a democracy, according to one theory, swing on a pendulum—between willingness and unwillingness to pay the bills and do the work necessary to a good society. After a period of sacrificing for the common good, people want to rest and indulge themselves for awhile.

It would seem that our suburban area has been on a binge of self-indulgence in recent months. We have rejected, at the ballot box, vital proposals for improved education and law-enforcement.

It may be that the vote last Monday approving increased school millage in the Farmington area portends a swing back to positiveness. Now perhaps Farmington is prepared to vote the library it needs so badly; and even

more important perhaps all of our municipalities are now ready to vote for larger and better-paid police departments.

There is nothing more debilitating, however, than a losing vote. And the people may not yet be ready for more sacrifice.

Perhaps this would seem to be the time for public spirited citizens to tap the feelings of their fellows. Some informal polling might be wise right now.

The wisest thing right now might be for public-spirited citizens to do some private polling; to see if their neighbors are ready to pay for good education and good law enforcement and other vital needs.

Lets get the necessary things on the ballots as soon as we think we've got the votes.

A. S. R.

WEIGHT CONTROL?

Like most well built athletic men, Bill Duby of Livonia, Mich., began to put on weight after thirty-five, and tried many ways to lose weight. He would lose weight, but in the wrong places, and also begin to lose days from work because he was too tired!!! Then Bill Duby tried Zerbo's simple nutritional program to help rebuild and maintain a better balanced body chemistry. ZERMICOL, a pre-digested protein, taken with each meal, ZER-BET, a special combination of proteins, used once or twice daily in place of meals. Bill's regular meals consist of good beef, chicken, fish, greens, vegetables, fruits and raw nuts—with most carbohydrates eliminated from the diet.

BILL DUBY of Livonia tried it — result in three months: from 236 1/2 to 189 lbs. 42" waist to 36"! All the weight lost in the right places . . . Full of energy. Friends say "looks like a million"—no more absenteeism from work.

The Reader Speaks Up:

Wrong Film for Kids?

Editor:

One of the most vulgar movies I've seen produced in quite a while was shown Saturday at Farmington's Civic Theatre at the matinee. There were hundreds of children viewing "Deep Adventure," a Warner Brothers production. It was shown with "Snow White and the Seven Dwarfs." Obviously the time and titles suggest that the movies were for children.

"Deep Adventure" was not for children. The worst part of the movie was the undressing, bathing and swimming of a well built actress. Scenes showed her completely nude in the water. There were probably only a dozen or so parents in the audience, so probably not too many people know what their children saw at the movies on Saturday afternoon.

I propose two questions: "Can we send our children to the Civic in the future and be sure they are seeing suitable films? Does the management preview the films they show in advance and are they aware of the kind of movie that should be shown at matinees?"

Fortunately, most of the children were too young to be affected by the hidden meanings of some statements; the movie pretended to be educational about the sea, however, it was unsuccessful. I would give it a very bad classification. It is strictly an "adult only" film and even then was not worth the time to view. The acting was poor, the color poor, plot poor, educational attributes poor, entertainment value — I would say poor and hope others would agree.

NANCY PIATT, Farmington.

No Downtown

Editor:

Councilman Milligan's idea of a "downtown" area in the Five Mile Road and Farmington Road area is just another case of spending the taxpayer's money and in turn raising the taxes again.

We have turned down park and recreation proposals several times recently. (These elections cost taxpayers money). Don't they understand what "no" means or will they keep cramming these elections down our throats until it does pass.

The Livonia public school system is another group that squanders the taxpayers money year after year.

And you, Mr. Milligan, come up with this "downtown center" and "community identity." We don't need the identity. We are already known as the highest spending city in the state. If I were you Mr. Milligan, I would be concerned with the many people moving out of Livonia because of this carefree spending of our money. It's spending our money foolishly—so forget it.

We have lovely Livonia Mall, who needs a downtown? DISGRUNTLED TAXPAYER, Livonia.

Sign Your Letters!

"Some of my friends have written letters to you but they never seem to reach print," writes an Observer reader in a letter-to-the-editor received this week.

His letter is controversial — and startling. But it too, will never reach print. It does not bear the name and address of the writer; in fact, it's only signed, "Someone Who Knows the Truth." A person who thus describes himself, we think, should be willing to identify himself.

The Observer will, of course, withhold names and/or addresses from publication if requested. They'll be kept confidential. But for our own protection, we must know the source of each letter to help us guard against untrue statements. Please sign your letter to "The Reader Speaks Up." Otherwise, it cannot be used.

Mall Says Thanks

Editor:

On behalf of the Livonia Mall management and Merchants Association we would like publicly to extend our thanks to the wonderful group of people who conducted the Glaucoma Clinic in our community room at the Mall on Nov. 6.

The work done by these fine people of the Livonia Health Guide proved to be very effective. I read with pleasure a story in the Observer of Nov. 17 that 11 people were diagnosed as positive or borderline cases of glaucoma. We hope that through using our facilities these 11 people will continue to enjoy many years of good health.

ROBERT PORIS, General Manager, Livonia Mall.

Against 'Againsters'

Editor:

"Christians" are the main reason why there are so many atheists and agnostics around. Especially the type who are writing letters to this column.

The lawyer who is busy plucking chickens and heating up buckets of tar for the good old conservative method of dealing with dissenters.

The "lady in white" who would use more lethal methods, D-Con, or rat poison to do the same. What hospital do you work in honey? I would like to know as a safety measure.

Finally, our budding poetess, hell-fire and damnation to anyone daring to criticize her work. All in the name of Christ, Amen.

REGISTERED ATHEIST P.S. I didn't even mention the good old Ku Klux Klan, and the Birchers and their ilk.

First Things First

Editor:

According to the newspaper, the parks bonding proposal will come up for voting again on Feb. 15.

It seems to me that at this time we have more important things to be concerned with than spending money for parks. Our police force, for instance, from all the recent publicity.

There is also the problem of vandalism in our present parks. If we can't handle it now, what will happen if they add more? It is unfortunate that a few have to spoil it for the many, but until appreciation is shown for what we have, I don't think more parks should be added.

Mr. Dufour wants swimming pools, hockey rinks, and an indoor activities building. That's fine and dandy, but who is going to see to it that proper "policing" is done, so that this same vandalism is cut to the bone, and the smaller kids will be able to use them without fear of being harassed by the "meanies".

Quoting from Councilman Peter Ventura "We don't have the money to properly maintain and equip the present parks." If we don't have enough funds now for what we already have, where will we get more? More taxes?

L. C. Livonia

Newsboy Needs Bike

Editor:

A reward is being offered to anyone who may help us locate a boys blue Schwinn bicycle taken from outside the Whitman School gym during basketball practice on Monday, Nov. 15.

The bicycle has a black seat, high handle bars with black grips, two-speed gears and one whitewall and one black tire.

This bicycle belongs to a boy with a paper route and it will take a long time for him to save enough money to replace it. Please call GA 1-9191.

For Farmington Twp.

Editor:

We were very happily surprised to read of the proposed incorporation of Farmington Township as a city under home rule. Many of us have discussed this in small groups recently, and couldn't understand why something like this wasn't being looked into for our own protection.

In the past few years, and especially this last year, this area has become a jewel among the suburbs of Detroit, but only because of the people who have been drawn here by the charm of the Farmington area. We have been here only a little over two years, but I feel this is our home, and that we are all people who want to preserve what we have. It would be a shame to see our community cut up and torn apart by those who would like a piece, if not all, of what has been built here.

The city of Detroit should not be overlooked as an aggressor with this in mind, since most of the taxpayers of Detroit are moving to the suburbs. While it may in some ways be pictured as a great city, and many of us, including myself, have lived there, it has shown itself to be ruthless in the last few years, and is now making even more plans, with no regard for preserving charm, tradition or property rights of the people who made it great. It seems to have changed from a city ruled by the rights and will of the people to one ruled by a political machine, only using the people, even to the point of now misleading them into voting for putting poison in the Detroit water. Not for me, thank you.

The borders of Detroit are

Observing the Scene...

By MYRA CHANDLER

Do you know that not a day or night goes by that our police aren't called to some homes in our community because of family trouble.

In fact, on the average there are two or three a day and on the weekends or over a holiday there are more.

So many of us live really sheltered lives. . . . Oh, we get around—but for the most part we talk to counterparts of ourselves in our social life, in business, church or lodge.

One eye-opener is to attend a court session in one of our wholesome suburban communities. There is a constant stream of drunken fathers, mothers, child beaters, and parents beating each other up with children as witnesses.

No wonder our caseloads are on the increase at the Northwest Child Guidance Clinic.

Not all of the disturbed children are products of family trouble, but the Clinic has its share of these. It takes longer to help these kids, however, because there isn't as much cooperation in the home as with an emotionally disturbed child from a home that is normal.

Attending a four-hour board meeting last Wednesday night of the NW Child Guidance Clinic, as a representative of Livonia, I had to try to explain away why, just why Livonia sent most cases (all youth) to the clinic and refused to donate any money to the Clinic's budget.

Ironically enough the district that sent the next largest batch was Garden City—and it was, outside of Livonia, the only one to have said "No" to pleas for funds from the Clinic.

Livonia sent 240 disturbed kids during the month of October alone—They have 60 open cases and 67 on the waiting list.

Garden City is next with 146 referrals—42 open cases and 23 on the waiting list. The next in line is Wayne with 130 and Dearborn with 70. But then Dearborn just sent in what it feels is its fair share of money: \$4,488.

The representative from Dearborn leaned across the Board table and asked me how Livonia could give its Superintendent of Schools a raise of \$4,000 — and still refuse to recognize its responsibility in paying for a service it uses month after month.

There was no answer I could give them because it seems like cheating to me, too.

The Clinic may have to close its doors if it doesn't get financial help from all of the school districts. The Clinic has applied for UF funds. Each time the UF says it is the responsibility of each school board to maintain this clinic.

All I know is—without professional people to guide these disturbed young minds out of their confused state we shall spawn more sadistic killers, more assassins and more sex maniacs.

Clarenceville is not considered a rich district by any means. And they don't have a lot of referrals—16 to be exact, but during October they gave \$300. Even this much from Livonia would help.

Nankin Mills has its back to the wall but it pledged financial support as did Redford Union. S. Redford School District has the question now before its Board. If the Clinic does have to close its doors for financial reasons many people will not be concerned — after all are they not normal people, with normal children, living in a normal home? Who needs it?

I'll tell you—1,063 children living within our suburban area needed it for the month of October—and that's a hard, true fact, ma'am and sir.

alarmingly close, and separated by only a small strip of Redford Township as you approach Farmington Township by Grand River. Only a few weeks ago there was an article in the Detroit papers about how they were taking a good look at Grand River, and the way things are being done in that city at the present time, it won't be long before they find a way to take this entire area, and then at least a part of Farmington Township with it.

There are other surrounding cities with a little less ominous prospect, but which would nevertheless like part of the desirable area we are fast becoming. While we, or at least I have a great deal of affection for the City of Farmington, and like to feel as though I am part of it by living in the Township, the way they recently tried to secretly annex part of the Township was just a little sneaky, and is evidence of what could be done by other surrounding cities.

It seems there were those at the recent meeting who opposed this proposal, and stated they want things to stay just as they are. May I remind them that this is what we all would like, but that nothing ever remains the same. Change is inevitable, and since our change seems to be getting better and better, we must do something to protect this trend and not let apathy turn the tide. I believe this plan is absolutely necessary, and that a city under home rule is an excellent answer.

I do not, however, care for the name that has been proposed: Quakertown. If the one

area already carrying this name wants to keep it just for that area, I don't see any reason why they shouldn't. I like to refer to our area, in the extreme northwest corner of the Township, as Sleepy Hollow, but just because it reminds me of it. The name Quakertown does not seem appropriate for a city such as ours can become. I believe we should retain part of the name of the community that we joined, and suggest the name Farmington Hills for our city. There are a few other names I could list as suggestions which would seem more appropriate than Quakertown. The name, however, is not as important as the action in this direction, and the unity of all the people of Farmington Township.

Sincerely, MRS. BETTY YATES MAGEE 2900 Drake Road Farmington

City Assessor Protests
Editor:
During the past three and one-half years your paper has printed news articles on my office, City Assessor, which were not only distorted of facts but malicious lies.

The issue of Nov 10, 1965 calls my actions on the private swim clubs as "off-beat" proposals even though they were mandatory assessments under a law which the late Paul Chandler voted for while a State Representative. The only thing off-beat is your reporter.

The facts in the swim club assessments are:
1. Assessments have been made every year by the Wayne County Bureau of Taxation on a mandatory formula. The Bureau is hired by the City Council to do the actual field work on assessing under the supervision of the City Assessor (and every Tom, Dick and Harry in City Hall.)

2. This Administration as well as most of the Council Members used in their election campaigns the slogan "no favoritism on taxes". As a result I recommended that we institute court proceedings against the Michigan State Tax Commission on their 1963 reduction to General Motors. (another example of irresponsible reporting as the City of Livonia went to court originally and not General Motors.) In the words of Commissioner Gerald Barr of the Tax Commission to our City Attorney and the Swim Club legal manual and give favoritism on the assessments to any taxpayer and also show me where the Tax Commission has this right.

3. The Swim Clubs had very poor attorneys as well as the City. Even a school boy knows enough to read up on the material he is talking about if he is to make a presentation. The appeal to the Tax Commission is from the actions of the BOARD OF REVIEW and not the assessor. Their figures were erroneous, their plea that the assessor was not required to follow the law and when the C-B Club says that they perform the same services as a church with this statement backed up by City Attorney Polgar.

THAT IS ENOUGH FOR ME! SO WE WILL SEE THEM IN FEBRUARY AND APRIL!

4. Your reporter, Dave Elstla, has been shown and given copies of letters to the Governor, Taxation Committee of the Legislature, Court Rulings and our request and concurrence over one year ago by the City Council asking the State Tax Commission for a lower assessing schedule on all recreation facilities. This includes homeowners with backyard pools, recreation rooms and tot lots. The State Tax Commission also mandated that I place the tot lot at Sheldon Center on the Tax Rolls and the City owes \$2500.00 in back taxes under the terms of the lease.

5. The complete lack of cooperation on the part of your newspaper, the City Council and the Mayor has seriously impaired the study now being conducted by the Tax Commission to try to legally solve this problem on recreation facilities for all taxpayers in the state. This study is a result of our efforts for three years (in which I have been joined by other assessors as none of us can see using the same formula on recreation facilities as we are required to use on buildings). This involves depreciation. "Off-beat"? Yes, as I own property up north which is strictly recreational and I pay my taxes even though the properties are not posted and hunters and fishermen are free to use it at no cost. Kids from Livonia have been in my cottage at no cost to them and more will be there this winter for the ski season. Under the claim of the swim clubs I would be exempt as I, too, furnish facilities that the City of Livonia can not furnish including some nice 12" rainbows, 15" small-mouth bass and access to ski runs.

MILTON HOLLEY, Livonia.
Ed. Note: In an effort to be PERFECTLY fair to Milton HOLLEY, dismissed City of Livonia assessor, we are printing his long letter. Because other people in our communities also have something to say and would not be able to if we printed Mr. Holley's letter in one printing, we are breaking it up in several parts. The above is part one which states the lack of cooperation of the newspaper, the City Council and the Mayor (next week more lies... and truth as told by Milton Holley.)

Effort in Vain — Not Bitter
Editor:
Open Letter To South Redford School Board of Education
We are in receipt of your resolution, which was passed at a regular meeting of your Board on Oct. 27. Re: In recognition for the many hours and great effort spent in studying books and financial records of the South Redford School District.

We, the undersigned members of the Committee, take this opportunity in thanking you for this resolution, and state that we also regret the Board's inability to accept a solution to our existing problems regarding transportation, health service, library books, textbooks, etc., in spite of the fact that money for above was available up and to a deadline which we as a committee had unanimously recommended.

We also feel, based on statements made by some members of your Board to the effect that if the Board accepted our recommendation, some of the people who in the past had worked for the passage of the school millage would not work in behalf of it in the future, and also that some of the people would feel that the Board was catering to parochial school parents, notwithstanding the fact that we called to your attention that all but one member of our committee's children attended public schools. We also pointed out to your Board that we felt only a small minority of our residents would take this narrow-minded attitude.

In your resolution you also state: "The Board expresses its hope that we who worked so hard to not feel that our efforts were in vain."
In due respect to your feelings, and in all sincerity on the part of the undersigned members of the committee, we acted in good faith, we still feel that our recommendation was a fair one and that the Board did not have full faith in our recommendation, so therefore our efforts were in vain.
In conclusion, we wish to express a sincere hope that all people of good will join hands in a spirit of friendship towards each other and work together in the interest of all our children, instead of dividing our

community, which can only result in bitterness and ill will amongst residents in Redford Township and certainly cast us in bad light in the eyes of our neighboring communities.
Based on your resolution, "That a copy of this resolution passed at the regular meeting of the South Redford Board of Education, Oct. 27, be forwarded to both local newspapers," we are also forwarding a copy of this letter to the local newspaper.

ANGELO BOMMARITO
JOHN GIORDANO

50,000 Candies
Editor:
During the week from Oct. 25 to Oct. 31, students from Schoolcraft College participated in an all-school "Candy Walk" for the children in special institutions here in Livonia. Candy was collected both during that week and from the stores and homes in the Livonia area that Halloween weekend.

In behalf of those of us who collected candy, the children at the Plymouth State Home and Training School, and the Hawthorn Center For Emotionally Disturbed Children, we would like to thank the stores in the Livonia area for donating their candy, the Livonia Observer for giving us advance coverage, and most of all, the children in Livonia that gave us their Halloween candy. Without them, the collection goal of 50,000 pieces of candy could never have been reached.
MICHAEL L. ARTHUR, President, Circle K of Schoolcraft College

Pack In Popcorn
Editor:
I heard an announcement on the news two days ago which is prompting me to write this letter. Many families are in the process of making up Christmas packages to send to relatives and servicemen here in the States as well as overseas. I had an experience last year which taught me a lesson and trick of sending parcels which I would like to pass on for it might help someone else who has never heard of it, either.
Last year I thought I'd outsmart the Post Office so I sent my Christmas package to my eldest brother who lives in California prior to Thanksgiving. I

thought I'd get it to them prior to the annual crush of mail and packages which deluge the poor Post Office each year. I'm sorry to say instead of doing the outsmarting—I was the one who got outsmarted. My package was full of glass jars which I thought were well packed. My brother called me up immediately upon receiving it to tell me all they received was a completely soggy box full of broken bits of jars, pickles and sticky packing. The poor mailman who delivered the mess could only say I'm sorry, but it certainly wasn't his fault.

"To prove that "big brother" knows best and to rub a little salt into the wound, good-naturedly of course, my brother during the height of the rush period just a few days prior to Christmas sent me a glass hurricane lamp. He packed it in popcorn and there wasn't a chip or scratch anywhere on it. Popcorn is light weight and absorbs shocks real well and is cheap also... the kids have a ball later eating it, by the way.

The tremendous volume of mail and packages that the Post Office has to handle during the year and especially just prior to Christmas prevents the Post Office from necessity with handling every package with kid gloves. The trucks, planes, trains, conveyor belts all provide their share of the bumps. The box on the bottom of the pile might just be the one which contains glass or something else breakable, so with all these hazards in shipping it really behoves the sender to make sure his package is well packed and tied securely.

The ability of popcorn to absorb shocks, bumps and bangs I think makes it the best material for stuffing packages. My mother used it for the twenty years my brother was in the Air Force and I understand that they even sent a fragile model airplane across the U.S. packed in popcorn without any damage done to it. After seeing how well the lamp came through the mail I vowed I'd never forget popcorn for packaging. It's truly an ideal way of sending fragile items. MARY C. CHECKETTS Farmington

Use Full School's Title
(Open Letter to Livonia Board of Education:—)
Our community has received an important and uplifting message from the Vice President of the United States on the occasion of the dedication of the Adlai E. Stevenson High School. We thank you for making it possible for this event to occur especially because of the impact on our young people.

You will note that the Vice President referred in his talk to Benjamin Franklin and to Adlai E. Stevenson, by name, when discussing the projects for which they devoted their lives. He did so in order primarily to impress upon the young people in our community the role that these patriots played in the making of this country. It is increasingly important that our youth be reminded of the contributions made by our national leaders. As the number of years increases since the enactment of our Declaration of Independence, the memories of all of us become blurred about some of those who have gone before. However, their contributions are the bedrock on which future generations are building their lives.

In recognition of this you have wisely adopted a policy for naming our schools after national leaders. The elementary schools, of course, are named for Presidents, Secretaries of State, and Chief Justices. Our secondary schools are named for poets, philosophers, politicians, and authors of American history.
The purpose of this communication, however, is to urge that we not obliterate the memories for which these schools were originally dedicated by failing to use the full names of these people when referring to the schools. Unfortunately the names on the outside of the building and on the dedicatory plaque in most cases in our community fail to use any but the last name of these honored forebears. We urge that communications within the school system, press releases, individual school letterheads, plaque identification lettering and

legal documents such as bank statements, carry the full names of these honored ones. In this way, the young minds attending the schools within our community will have a better indication of those for whom the schools are named.

If we do not do this, can we expect our youngsters to realize that the Riley School, for example, was named for the great poet?
I am sending a copy of this letter to the newspaper so that when they print notices and reports the full name of these schools will be used whenever space permits to help all of us

recall better our heritage.

Students Have Varied Activities at PHS

By MARGARET RUDLAFF
Before all you busy people take your break for Thanksgiving vacation — just a word about what's going on at Plymouth High School.

Chairman of the steering committee for the 1965-66 school literary magazine, Pegasus, is senior, Sue Davis.

Working with committee members: Bill Wolfe '67, Toki Dobos '68, Ann Wood '67, Sally VanAntwerp '67 and Ginny Benoit, plans for the magazine will be discussed.

Pegasus will contain art, literature, photography and news submitted by P.H.S. students.

Interested students should submit material for Pegasus to room 202.

Raafaub.
Juniors: Pete Bender, Kathy Berridge, Jeff Cardinal, Jane Emerson, Lisa Hanson, Nancy Kincade, Kathy Senivech and Sue Sloan.

Sophomores: Sheila May, Pat Ping and Deane Pruett.

AMONG OTHER things the Future Nurses Club, headed by Rhea Fluckey '66, President, Ruth Ann Morrel '66, vice-president, and Faye Langert '66, secretary-treasurer, has planned visits to Grace, St. Joseph's and University Hospital.

At Christmas the Club will go to Eloise to sing Christmas carols and give cookies to parents.

THE SCHOOL CHOIR and selected members from the band participated in the annual Suburban Six Music Festival, last Friday.

The concert Friday included a band consisting of selected members from each Suburban Six band, an orchestra formed in the same manner and over 400 choir members.

A dinner was served to participating students.

ON DEC. 4 — The College Entrance Examination Board (CEEB) will be given for all interested seniors. Pick up applications in the guidance office.

Invitations are being sent to alumni for the Post Graduate Christmas Tea on Dec. 21, from 2:45 to 4 p.m. in the high school auditorium.

DEC. 22 is the day to talk to the Schoolcraft Junior College representative. Also coming soon are representatives from Eastern Michigan University, Michigan State University, University of Michigan, Western Michigan University, Oakland College, and others. Check in the guidance office to find the date and make appointments.

THE HOME Economic classes will have a tea on Dec. 16 for the parents and teachers of home economic students.

During this time the students will display projects they have done.

Sadie Hawkins Visits Bentley

By SUE DOWELL
Marriages were plentiful at Bentley last Saturday as many couples celebrated Sadie Hawkins at the annual dance. Students came dressed from everything like jugs to dress-up outfits made of newspaper.

Two couples were honored for having the best costumes of the evening.

They were Geri Roberts and Al Spiro, along with Allison Weaver and Tom Sherron who were dressed as jugs. Every Sadie Hawkins must be completed with a Daisy Mae and Lil' Abner. The two who played these parts were Glenda Knight and Kevin Hooker.

Vegetables are not only good for eating. They can also be used to make some corsages for a date. All girls who planned on going to Sadie Hawkins not only had to pay for the evening out but also make their dates a corsage.

These, of course, were to be made of vegetables. The best corsage was designed and made by Beverly Bettaso. It was designed to fit the wrist of Jim Joy. Using a cucumber for a base, Bev fitted all sorts of vegetables in and around it. To add a final touch, raisins bordered the corsage.

Those couples who took the vows of marriage and became master and slave finished off the ordeal by getting their pictures taken. No Sadie Hawkins is complete without two Marrying Sams so the Junior Class lined them up. The two gentlemen performing services were Dave Johnson and Bob Woolly.

The folk singing club has chosen a president and vice-president. They are Dave Monteith (president), Jack Nickels (vice-president).

After a lot of hard practice, the Suburban Six held its annual concert at Bentley. Performances were given by the Concert Choir, Concert Band and Orchestra, Friday, Nov. 19.

On Nov. 24, during school, the Concert Choir will bring in the Thanksgiving spirit with songs. All Bentley students and teachers will be given a chance to hear the choir singers at some time during the day.

Canister Drive Nets \$907

By LYNN BARNETT
Thurston's American Field Service held a canister drive on Saturday, Nov. 13, from 9 a.m.

Ray Parker Elected V. President

By GEORGIA MASSEY

At a recent Wayne-Oakland County League workshop, Clarenceville Student Council President Ray Parker was selected Vice-President of the Wayne-Oakland County League Student Council.

Navy blue and white were selected as the permanent colors for graduation gowns by the entire student body. Another student project soon to be undertaken is the selection of names for the gymnasium and athletic field.

The fall play, Dino, was given for the student body on Friday, November 19 and for the community on November 20.

The cast included: Jim Thompson, Larry Gilbert, Trudy Whillock, Debbie Hubbard, Gerrie Johns, Michael Nevela, Russ Urey, Janie Morgan, Linda Collins, Eve Kansik, Lynn McNear, Bill Harris, Fred Alpert, Bev Paris, and Tom Bonner.

Honor Society plans an initiation on December 30. Members are busy planning for this memorable occasion. December 10 is their all-school dance, one of the money-raising projects they plan this year.

The high school chorus planned and presented the Thanksgiving program, given Wednesday afternoon for the student body.

Clarenceville students and area residents continue to enjoy recreational swimming in the new swimming pool. Recreational swimming can be enjoyed on Wednesday, Friday, and Saturday, and family swimming on Sunday.

to 2 p.m. The amount collected was \$907. It was not quite enough to reach the goal of \$1,200, so a collection was taken during school Monday, Nov. 15.

The students donated \$112.58. The class which donated the greatest amount was given a case and a half of pop.

Next summer one of the two finalists, Jan Claus or Larry Urey, of the American Field Service Overseas Program, will represent Thurston in a foreign country. In the past Thurston has only been able to receive one exchange student but next year the school will have two exchange students.

A Sock Hop sponsored by the sophomore class was held Friday, Nov. 19. The dance took place from 8-11 p.m. Tickets cost 50 cents stag and 75 cents drag. Music was provided by the "Untamed," a group from Thurston.

Mystery, suspense, noise, and news describe the Gas-O-Rama assembly presented to Thurston students Friday, Nov. 19. Students were dismissed from second hour classes to attend the assembly.

The scenery crew consists of: Edward Kamm, Paul Perko, Daniel Behrend, Frank Chuh-ran, Mary Winklejohn, Christine Olinzock, and Juliana Carolan.

Props are handled by: Denise Wittstock, Paula Davis, Carolyn Gaucher, Colleen Brazzil, and Michael Daniels. Make-up is

'Anastasia' Is in Competition

By MARY LOU MANGOLD

The Forensic Club of St. Agatha presented the one-act play, Anastasia, at the Genesis Drama Festival at St. Martin's High School in Detroit.

The students competed with four other high schools—Brother Rice, Star of the Sea, St. Joseph's of Adrian, and St. Brendan's. The winning play will compete again next Sunday against winners from other eliminations at the Showcast Festival in Rosary High School.

The cast of Anastasia is: Anna, Ruth Brown; Empress, Susan Behrend; Livenbaum, Pamela Kovarik; Charwoman, Jessie Garden; Varya, Mary Lou Mangold; Bounine, Thomas Semik; Petrov, Paul Perko; Chernov, Michael McMahon; Paul, Gerald Kaminski; Sergei, Arthur Francis and Sleigh Driver, Steven Funke.

The scenery crew consists of: Edward Kamm, Paul Perko, Daniel Behrend, Frank Chuh-ran, Mary Winklejohn, Christine Olinzock, and Juliana Carolan.

Props are handled by: Denise Wittstock, Paula Davis, Carolyn Gaucher, Colleen Brazzil, and Michael Daniels. Make-up is

handled by Janet Parent with the help of Christine Olinzock and Sandra Wilkerson.

Directors are Sisters Helen Charles and Sister Paul Christine.

Report cards were distributed on Wednesday, Nov. 17. They were returned on Friday, when the students and parents had an opportunity to confer with teachers at an open house.

Approximately 50 sophomores, juniors and seniors took the Ninth Annual Michigan Mathematics Prize Competition

Test last Thursday. The exam consisted of 40 problems.

Many seniors took the Michigan Competitive Scholarship Qualifying Test on Saturday, Nov. 20 at Redford High School. Scholarship applicants who do well in the exam can receive up to \$800.

The Sophomore Sodality held a successful bake sale on Nov. 11. Vana Paparelli won the homemade cake raffle. The Student Council sold candy and potato chips after school on Tuesday, Nov. 16.

ACHIEVEMENT, a deed accomplished or carried out by boldness or unusual ability is the theme of the 1965-66 Ply-thean and will be enhanced by a unique layout. Senior Mary Ann Sincock, editor of the annual, states: "This year the yearbook will be quite unique compared to those of previous years."

Rhea Fluckey, business manager, discussed the progress of sales. "The sales are going well; however, there are still many to be made. Students may purchase year-books in Room 204."

Other staff members include, seniors: Dee Bosman, Carol Clark, Chris Ellinger, Sherada Erdelyi, Julie Gardner, Sue Hulce, Diana Olds and Laura

PICTURE TALK

by **Les Wilson**

HOW LONG TO EAT A DRUMSTICK?

It's a dilemma, on Thanksgiving Day, whether to dig in and enjoy the turkey, or to take pictures of other people doing it—so the whole family can enjoy the fun all over again. Many a family has a young drumstick-specialist who puts on an especially picturesque show.

We have a way to have your turkey and picture it too—better than ever. That boy and his drumstick, for instance. With the new camera we have in mind, you can take four "story-telling" shots of him demolishing it, and have time left over to eat your own share. The secret is a new idea called flashcube photography. You get four flash pictures without changing bulbs. The flashcube rotates automatically or as film is advanced, so it's all set, ready for the next flash shot, as soon as you are. Of course, even if you're not planning to take rapid-fire sequence pictures, flashcube photography keeps you always ready for the next shot. There are eight new Kodak cameras that will do the deed. KODAK INSTAMATIC Cameras, six of them, give you the advantage of drop-in film loading, plus your choice of handy features from automatic electric eye to automatic winding.

If you prefer a 35mm model, there's a KODAK Automatic 35R4 Camera and a KODAK MOTORMATIC 35R4 Camera. Without going into all the details, we can best sum it up by saying that there's a model or two in just about every price range. Every one is a grand investment in year-round fun, and right now is the perfect time to get started!

Brainwashing Is Topic at FHS

By MADGE HILDEBRANDT
What is brainwashing? How can it be used as a weapon? What effect has it had on American prisoners of war? These questions, among many others, are answered in a lecture by Major William Mayer.

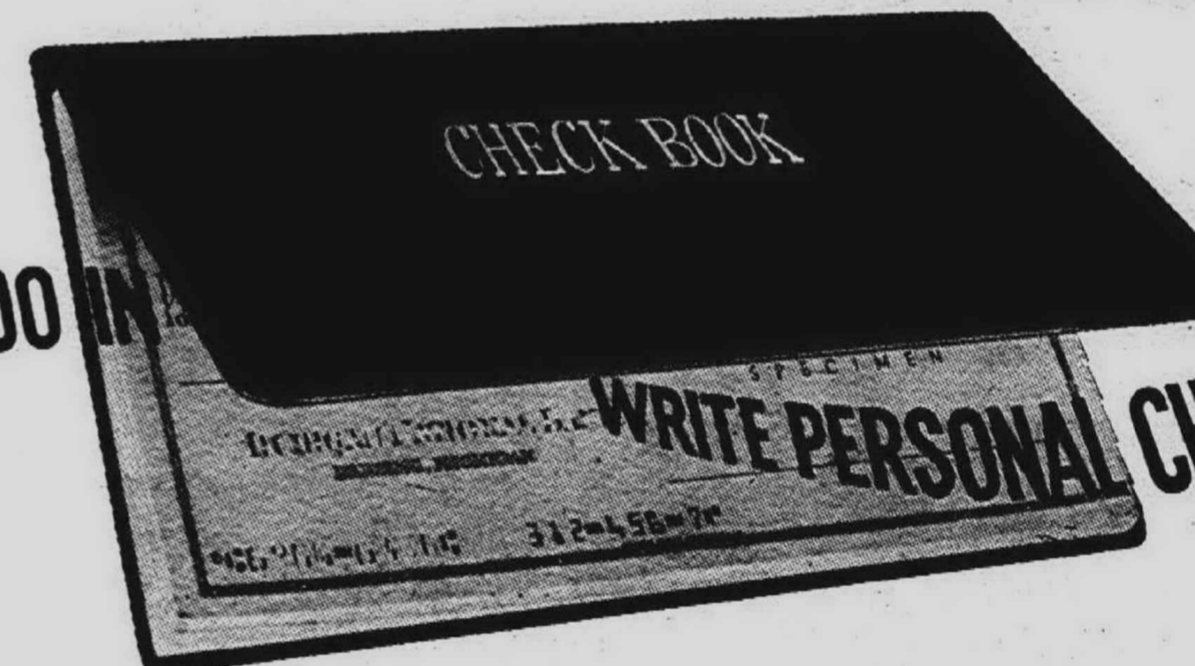

The lecture, which has been recorded on tape, is one of the audio aids employed every year by the Farmington Senior High social studies classes. Presently, Thomas Peace's three foreign relations classes are listening to the brainwashing tape in connection with their current study of Soviet Russia and communism.

Thea Schwartz, who has heard the lecture a number of times during her high school career, said that it never fails to create interest. "It is quite eye-opening and rather frightening," she said.

Another student, Sue Bliss, who is hearing the tape for the first time, said, "It is hard to believe that psychology could be used as a weapon. I was quite shocked by the facts Major Mayer presented."

The tape can be loaned to any community group which is interested in using it.

FOUR OF THE almost 60 young people who distributed 5,000 Thanksgiving invitations for Lola Park Evangelical Lutheran Church were (l-r) Miriam Parr, Shannon Connell, Carol Grimm, Lorrie Praznik. The young people went door to door with the invitations surrounding the church area. The church is located at 14750 Kinloch, Redford Township.

60 Lola Park Teens Distribute Invitations

On Sunday, Nov. 21, over 60 young people from the Lola Park Evangelical Lutheran Church went through the community surrounding the church in Redford Township with a special invitation to the residents to observe Thanksgiving Day in Church. In a program sponsored by the Stewardship Committee of the Lola Park Church, the young people placed cornucopia-shaped pieces of literature on the door handles of 5,000 homes. Each piece also contained an invitation card bearing the President's Call to Worship and stating the 10:00 a.m. time of worship for Thanksgiving Day Services at the Lola Park Evangelical Lutheran Church, located at 14750 Kinloch in Redford Township. Speaking of the door-to-door invitation program, the Rev. Edward Zell said, "we feel that, in view of the unprecedented shifting of families in the Township in the past few years, a program such as this is the least a stable church can undertake to encourage new residents and old to make their spiritual home in their community. "We also feel that this undertaking is a dignified and tasteful manner of reminding our fellow-residents of the existence of our Church. We hope that many will heed the reminder to Give Thanks Nov. 25, and assure them that our invitation to join us that morning is sincerely intended."

Farmington Slates Special Observance

Again this year the Farmington Ministers Association is planning two community Thanksgiving services on the eve of Thanksgiving. The service for those in the city will be held at the Salem United Church of Christ with the Rev. Robert Zoeller, Lutheran Church of the Incarnation, to deliver the Thanksgiving Sermon. Rev. Carl Schultz is the host pastor at Salem United Church. The service for those in the Township will be held at the Trinity Episcopal Church, Rev. Joseph Pelham host pastor. The Rev. Frank Cozadd, of the Orchard Methodist Church will deliver the Thanksgiving Sermon. People of all denominations are invited to attend one of the two community services on Nov. 24, 8 p.m. This is a real opportunity to express our unity in the giving of thanks for all the benefits that have come our way.

Remember JFK
Parishioners at St. Aidan's Roman Catholic Church in Livonia commemorated the assassination of President John F. Kennedy at a High Mass celebrated by the Rev. Fr. Edward Felsen, pastor, last Sunday. Following the Mass a bronze plaque was dedicated in JFK's memory. The plaque was placed in front of a tree, which was planted last year at the church, on the anniversary of the President's death.

Thanksgiving Is Time for Giving

The Thanksgiving Week has been designated as "Share Our Substance Week" by the National Council of Churches. Combined with this observance are the annual appeals by the Share Our Substance Program, the Catholic Bishop's Relief Services, and the United Jewish Appeal for assistance in the work of helping the impoverished peoples of the world. The motto of the British royal arms, "Dieu et mon droit," is a reminder of the time when Englishmen spoke French. French became the language of the royal court and the courts of justice after the Normans conquered England in 1066. The motto, by the way, means "God and my right."

Two Services Set For Holiday

Thanksgiving Eve Service will be held on Wednesday Nov. 24, at 7:30 p.m. and Thanksgiving Day Service on Thursday Nov. 25, at 9:30 a.m. at the Hosanna-Tabor Lutheran Church, 9600 Leverage between Plymouth Rd. and West Chicago, east of Beech Rd., in Redford Township. The Special Choir anthem for the evening service "A Song of Thanksgiving" by Joseph Roff will be sung by the 30 voice Senior Choir. The offertory anthem will be "Now Thank We All Our God" by Cruger, Bach, and Means. Thanksgiving morning anthem sung by the Mid-Week Childrens Choir "All Praise to God Who Reigns Above" by Lenel, and the offertory anthem by the Day School Choir "Sing to the Lord of Harvest" by Strube.

The symbol of dependability in funeral service

Funeral directors who display the knight and shield emblem of the Order of the Golden Rule are dependable in every sense of the word. They have proven beyond all question that they do, indeed, serve according to the finest of all principles, the Golden Rule. Members of the Order are justifiably proud of their profession. They want you, too, to know the facts about modern funeral services... what funeral directors do, what the family must do, what is included in the prices openly displayed in their selection rooms. All this information, and more, is published in "KNOWLEDGE Relating to Funerals." Get your free copy of this booklet by contacting any member of the Order... or use the handy coupon below. There's no obligation.

Observer Hails Area's Prep Football Stars

Bill Woods Chris Hawkins Cliff LaFond Chuck Viane Pete Dolan Bill Oldershaw

Five Backs Are Selected

Introducing the 1965 Observer Newspapers' All-Area High School Football Team.

Picked by the coaches of the 14 prep schools which The Observer serves, the all-star unit is truly a crack unit.

Actually, it's an illegal one. There are 12 players honored instead of the 11 permitted to form a grid team on the field of battle.

The extra player is a fifth back — Canadian style. It was felt that to leave any of the five backs off would have been a deep injustice.

The selections are dominated by Bentley and North Farmington players. Each team placed three men — which should be no surprise.

Both Bentley and North Farmington swept through unbeaten-untied seasons and wound up being ranked among the top ten in the State's Class A prep ranks by Hal Schram, the great schoolboy sports authority of the Detroit Free Press.

Picked from Bentley were backs Bill Woods and Bob Elsner and tackle Fritz Miller. From North Farmington, the honored trio is composed of tackle Pete Dolan, end Charles (Chuck) Viane and quarterback Bill Oldershaw.

Franklin earned two places — guard Bill Bauer and center Mike Stachurski. Farmington had one pick in end Jerry Tinkle.

Other schools placing one player were Redford Union (guard Ken Griffith), Our Lady of Sorrows (back Clifford LaFond) and Clarenceville (back Chris Hawkins).

The team boasts "everything." In Oldershaw the Observer Stars are led by the No. 1 quarterback in the entire suburban area. Woods, Elsner, LaFond and Hawkins form a brilliant array of runners. They also are adept blockers and stalwarts on defense.

Tinkle and Viane were two-way ends. The same held true for tackles Dolan and Miller, guards Bauer and Griffiths and center Stachurski. They were on the field when their respective teams had the ball or were battling to check the opposition from making a drive.

Tinkle, LaFond and Miller are juniors. They'll be back next fall.

The others all will be graduating. Each has plans to go on to college and continue his football career on a bigger scale.

Here's a rundown on the 1965 Observer All-Star team:

ENDS

CHUCK VIANE, North Farmington — One of Oldershaw's favorite passing targets. His receptions totaled 283 yards and brought North Farmington four touchdowns. Played a defensive halfback when North Farmington didn't have the ball. Was a pitching great at North Farmington last spring, winning seven without a defeat. Also starred on the Farmington American Legion summer team. Great hitter, too; batted over .400.

JERRY TINKLE, Farmington — A three-sport star at Farmington, who is destined to become an even greater standout as time marches on. Grabbed off some 30 passes for Farmington during the recent season. Tallied one touchdown. Usually worked at left end on offense and on the right side on defense. Made more than his share of the tackles. Opponents found it tough to turn his flank. Plays basketball and baseball for the Falcons.

TACKLES

PETE DOLAN, North Farmington — A tower of strength in the Raiders' mighty front wall. Great at opening the holes so that his backs could go busting through for gains. A standout on defense in forcing the rivals to try other areas of the North Farmington line for gains. Was on the field most of the time for the Raiders. Hopes to attend either Albion or Oberlin colleges.

FRANK MILLER, Bentley — Has all the equipment in the opinion of coach Larry Joiner to become one of the best linemen ever turned out at Bentley. Excellent blocker and excellent when it came to giving the second effort. Films show Miller frequently blocking his man at the line of scrimmage, then rushing downfield to fell another foe. One of the best hereabouts in rushing an opposing passer. Broke an ankle just before final game of the season, which will delay (Continued on Page 5-B)

The Observer Picks

PLAYER	POS.	SCHOOL	HT.	WT.	YR.	AGE
Jerry Tinkle	End	Farmington	6-4	200	Jr.	16

OUR LADY OF SORROWS—Jim Kreason (tackle), Bob Urbain (end).
ST. AGATHA—Joe Walsniak (tackle).

Jerry Tinkle Bob Elsner Mike Stachurski Bill Bauer Ken Griffiths Frank Miller

Holland, Joiner Earn Top Coaching Honors

Ron Holland

Meet the 1965 Observer Newspapers Football Coaches-of-the-year.

The honors go to:

1 — Ron Holland of North Farmington.

2 — Larry Joiner of Bentley.

To have picked only one would have been unfair. Both turned out unbeaten-untied teams. Both produced a

league and a city champion.

Both have distinguished themselves as prep coaches over the years. Here are their individual accomplishments:

RON HOLLAND

A success at age 29. He first coached at Nashville high where in two years his football teams won ten and lost eight.

He then came to North Farmington and there has been identified with only winners.

In his first season at North Farmington, the school fielded only a junior varsity. Holland was the backfield coach as the Raiders won seven and lost one.

Holland became head grid coach in 1962. His records have read as follows: 6-6, 6-3, 7-1, 9-0.

This adds up to 28 wins, seven losses and one tie.

It's doubtful if any coach in the area, or the state, can match Holland's record.

Nobody would be surprised if he were to be asked to move up the coaching ranks — to handle a college assignment.

Holland is married and makes his home in Farmington.

LARRY JOINER

After spending two years as line coach at Belleville high, Joiner came to Bentley nine seasons ago.

He spent the first five helping Jack Hudnut turn out powers. When Hudnut moved to Franklin in 1962, Joiner was promoted to head coach at Bentley.

His first team went through eight games and lost 'em all. Things improved the following season.

Last year, Bentley shared the league title with Trenton. This year, Bentley took everything and finished with its first per-

fect record in the school's history.

Joiner once was a high school star at Dearborn Fordson. Later he played tackle at Western Michigan.

He's married and the father of three.

Larry Joiner

All-Star Teams List Area Preps

Suburban league all-star teams selected by the coaches for the Detroit News and Detroit Free Press hailed several of the area's fine prep grid-ders.

The area players picked on each team follow:

SUBURBAN SIX LEAGUE—Bentley: Mike Bauman (end), Bill Woods (back).

NORTHWEST LEAGUE—North Farmington: Chuck Viane (end), Pete Dolan (tackle) Bill Oldershaw (back), Craig Wycinski (back); Franklin: Mathison (tackle), Ron Kuban (back).

INTERLAKES LEAGUE—Farmington: Jerry Tinkle (end), Ron Shortt (back), Wayne Johnston (back).

MID-WAYNE LEAGUE—Garden City East: Marvin Martin (back).

CATHOLIC—Northwest—Our Lady of Sorrows: Bob Urbain (end), Jim Kreason (tackle), Cliff LaFond (back).

CATHOLIC—SOUTHWEST—St. Agatha: Joe Walsniak (tackle).

Bowler Has 11 Strikes For 298 at Bel-Aire

Bob Johns, bowling for the John's Builders Team in the Bel-Aire Sr. House League, had 11 strikes in a row to shoot a 298 game and 688 series.

This was one of the biggest scoring nights this season with a total of 42 200 games, a 1004 by John Ivory team with a 3011 actual series.

Other games were Graham LaRue 279 and 633, Russ Boyle 268-625, Bill Rose 253, Dale Etherington 242-214-202 for 658, and Ed Hasley 237-205 for 656.

Wayne to Face Kent State in Cage Opener

Wayne State University opens its 1965-66 basketball season Wednesday, Dec. 1, against Kent State at 8 p.m. on the University of Detroit High School gym.

Coach Joel Mason begins his 18th season as coach of the Tartars with a rugged first week that includes games at Western Reserve and Cass Tech on Friday and Saturday respectively.

The veteran coach, needing just four victories to become the winningest WSU cage coach of all time, had six lettermen back from 1964-65 including three starters. Hardest man to replace appears to be 5-11 guard Fred Woicott, leading scorer the last three years and fourth-leading all-time WSU scorer.

Starters back are 6-4 junior forward Marty Letzmann (Detroit-Cass Tech), 6-3 senior guard Paul Widdoes (Detroit-Coolley) and 6-2 forward-guard Tom Carlson (Detroit-Denby).

New MSU Cage Coach Has Rebuilding Task

EAST LANSING—Basketball drills for 17 Michigan State varsity players with an entirely new coaching staff headed up by John Benington are in full swing in Jenison Gymnasium.

Greeting Coach Benington and assistants Sonny Means and Bob Nordmann were lettermen Ted Cray, Capt. Bill Curtis, Dick Holmes, Jim Kupper, Bob Miller and Stan Washington; reserve Dave Keeler; newcomers John Bailey, Art Baylor, Heywood Edwards, Gerald Geistler,

Jim O'Brien, Steve Rymal, Gary Spade and Jack Wynn, all sophomores, and junior college transfers Matthew Aitch and Shannon Reading.

It'll be their task to try to improve on tenth-place finish in the Big Ten and a 5-18 over-all mark in the 1964-65 season.

Opening test is set for Dec. 4 when Western Michigan comes to town. On the slate are the usual 14 conference games plus a tough non-league lineup of ten games highlighted by the appearance in the Rainbow Classic in Honolulu between Christmas and New Year's Day.

Ex-Bentley High Star Named to All-MIAA

Ken Cox, a freshman at Adrian College, was elected to the All-MIAA honorable mention squad at defensive tackle. His 6-4" stature with 245 pounds played a key role in his winning an all-conference bid.

Cox was Adrian's only 60 minute man. He came to Adrian from Livonia Bentley.

Pistons Fear One-Two Punch of Los Angeles

Throughout the last summer one question ran paramount around the National Basketball Association.

It was still a \$64 question when the nine teams started training in mid-September, and by the hour the regular-season schedule commenced, the question had mounted to much greater proportions.

Around the NBA, everybody was asking and wondering: "How are Elgin Baylor's knees?"

The great forward of Los Angeles had undergone surgery shortly after the close of the 1964-65 season. The knees had handicapped his play in the closing stages of the last campaign, plus in the playoffs.

"He's not the old Baylor," the writers reported.

"He's much slower . . . he doesn't go the boards . . . he has lost his shooting touch." So went some of the comments of players.

But Baylor only was teasing the opposition. By the time the Lakers had played 10 games, it was evident that he wasn't ready to throw in the sponge . . . that he still had the moves, the shots, the battling instinct to get the ball.

Baylor began to prance like the old Baylor. The Detroit Pistons found out as much on the coast. So did the other NBA teams.

Game time will be 7 p.m., an hour earlier than the regular-weekday tipoff for Pistons encounters at the Arena.

The season's first NBA doubleheader is carded for next Wednesday (December 1), when the Pistons engage St. Louis, while the revamped Baltimore Bullets and New York Knicks go against each other in the opener at 6:45 p.m.

OBSERVING SPORTS

By George Maskin

Every once in a while — believe it or not — a guy can get stuck for something to say in a rendition such as this weekly offering.

You stare at the typewriter, the newly painted walls of your house, and then out across the vacant spots where new houses are rising.

What about saying something about those words rendered by one of the many speakers the other evening at a recreation banquet in Dearborn when he said: "We get all the money we need for recreation." Is it that way, too, in Livonia, or Redford Township, or Farmington, or Plymouth, or Garden City?

Or maybe we should spout off again about the lack of artificial ice facilities in Livonia and Plymouth and Redford Township?

Or the pleasant evening you spend in the company of Sid Abel, the general manager, and Ron Canterra, the publicity boss of the Detroit Red Wings? It was like two old maids crying over the lack of dates. The Wings and our Pistons both have been having their problems so far.

We no doubt could expand on any of the aforementioned, but then we bumped head-on to Tommy Thompson, who bosses the editorial department of the Observer Newspapers and who, after all, has a great deal to say about what goes on in these sports pages.

Tommy had a suggestion: "Why not say something about the football played by the high schools around here . . . a final review, as it were?"

We nodded and hiked across the street to the banquet honoring the unbeaten-untied Bentley High gridders.

Sitting with these young heroes, their coaches and some wonderful mothers and dads sent us rushing home, bubbling with the idea tossed our way by Editor Thompson.

Whether your particular school won or lost, it was a good season.

Take, for example, Plymouth and Glenn and Garden City East and West. None had much in the way of a won-lost record. For that matter, neither did Clarenceville.

But all of these schools had basically young teams . . . teams which will be heard from in much more sensational style comes another season.

As John McFall, the coach of winless Plymouth declared:

"Discouraged about 1965? Hardly. I can't wait for 1966 to start."

Then there was young John Glenn. Just a second year school, but already a winner on the gridiron.

Another year should find Glenn right up among the powers.

Thurston and Redford Union improved, and St. Agatha had its bright moments with another young team after losing just about everybody, including the coach, from its 1964 championship team.

Farmington may have missed out on a league title, but wasn't it Farmington which rocked the prep scene by knocking off unbeaten-untied East Detroit in one of the major upsets of the '65 campaign?

And that brings us to the "Big Five" — North Farmington, Bentley, Franklin, Our Lady of Sorrows and Stevenson.

Yep, that's right . . . we did say Stevenson.

A first year school, with only tenth graders . . . but Stevenson came back after losing its first game to win six in a row, one of the triumphs against a varsity team.

Such a start would have to spell a grand football future for Livonia's football baby.

Our Lady of Sorrows and Franklin skipped along in fine fashion. Both were up there at the finish, just missing out on the title honors.

And that leaves us with North Farmington and Bentley. Both unbeaten and untied. Both champs of their leagues and of their cities.

Both brought the area big headlines in the two Detroit dailies. And, we might add, that fellows like Hal Schram, John Walter and Kenny Williams, who writes for the Free Press and News, never for a day could forget about North Farmington and Bentley.

We constantly kept mentioning them as we legged it along Lafayette Ave., to deposit some choice words about the Pistons.

Even Bernie Kennedy, the sports editor of the Associated Press, became familiar with North Farmington and Bentley as he saw to it that both were well rated . . . as did Friend Schram in the Free Press.

One other thought struck us as we sat at the Bentley football feast.

We hear so much BAD said about our young teenagers . . . how they're goofing up, etc.

Such talk should cease. When you observe such fine young men and realize that they are giving something extra . . . you can have only the greatest pride and draw the greatest satisfaction from the fact that you personally know some of them and that, perhaps, you are contributing just a little to keeping them rolling along on the happy side of the road.

At the Bentley party, we met the various members of the Observer's 1965 All-Area team. One by one, these boys impressed you the way they talked, the way they handled themselves.

Each said the same thing: He hoped to go on to college.

Worried about our kids? Don't. It's not necessary.

258-POUND BEAR was shot on opening day in deer weighing 149 pounds. This is Schema's fifth bear in 18 years of hunting. Dawson, Garden City, along with a four-point

8 Tigers Stay in City, Others Spread Across Land

The Tigers' off-season colony in Detroit is growing. No fewer than eight of their players plan on spending the winter in the Motor City, engaged in a variety of jobs.

Al Kaline will care for his interests and engineering promotion after an operation on his foot. Bill Freehan will enter the University of Michigan at Dearborn to complete work on his bachelor's degree.

Gates Brown and Joe Sparma will become auto salesmen. Hank Aguirre will resume his usual off-season employment with a sales promotion company handling one of the leading automobile accounts.

Mickey Lolich and Denny McLain, both of whom are purchasing homes here, will do promotion work and McLain also will be available as a teacher of organ music. Willie Horton has accepted a position with the Department of Parks and Recreation.

Phil Regan will remain in Michigan, too, returning to a job as a sporting goods salesman in Grand Rapids.

Nine other Tigers will step immediately from one baseball season into another. John Sullivan, Vern Holtgrave, Leo Marquette and Wayne Redmond are joining the Dunedin club of the Florida Winter League which Bob Swift and Stub Overmire are managing.

Mickey Stanley, Jim Northrup, Ray Oyler and John Hiller are going to Mayaguez of the Puerto Rico winter league where Wayne Blackburn is the manager, while Julio Nav-

U-M Grads to Honor '65 Grid Team at Annual Football Bust

Michigan's 1965 football team will be in Detroit on Monday night, Nov. 29, to be honored by the University of Michigan Club of Detroit at the 45th Annual Football Bust.

Festivities get under way at 6:30 p.m. in the main ballroom at Cobo Hall. Sports celebrities and former Michigan athletic greats as well as alumni clubs from around the state will be in attendance.

Toastmaster is Davey Nelson, former U-M star, currently Athletic Director at the University of Delaware.

Leading high school football players and their coaches from around the state will be introduced at the Bust. The University of Michigan Band under the direction of William Ravelli will add to the festivities.

There are still some single tickets available and reservations are also being taken for tables of eight and ten. Tickets may be reserved by contacting the U. of M. Club of Detroit in the Rackham Building. Phone TEmpire 1-4636.

BECOMES JOURNEYMAN

Worker Learns New Trade After Reaching Age of 52

A 56-year old Ford Motor employe and Garden City resident, has proved that a man is never too old to learn a new trade—if given a chance.

After 20 years with Ford, Bernard P. Miley applied for admission to the Ford Apprentice Training Program as an apprentice pipefitter. He was accepted by the Ford-UAW joint apprenticeship committee in 1961.

This fall, with 8,000 hours of practical experience and 576 hours of classwork behind him, Miley was graduated. He now is a journeyman pipefitter at the Dearborn Glass Plant in the company's Rouge manufacturing area.

"The schoolwork was the toughest part," Miley said, "but it certainly was worthwhile. The program offers fine opportunities."

Miley started with Ford on a Rouge assembly line in 1941. He moved to the coke ovens and worked there as a sulphate operator until he began his apprenticeship four years ago.

Why did he switch careers at 52?

"Well, I just decided it was time to learn a trade," Miley said. "I knew that on the apprentice program I'd be paid a good wage and at the same time learn something that would be of benefit to me."

The Ford program offers training in 27 trades at 23 lo-

cations in the United States. Programs also operate in England, Germany, Australia, Mexico and South America.

At Henry Ford Community College in Dearborn, where many Ford apprentices do their classwork, Miley averaged 87 per cent for 30 courses.

He didn't feel strange going to classes with apprentices young enough to be his sons.

"The young fellows called me 'The Kid,'" he said.

One of Miley's sons, John, 28, has been with Ford 10 years. He is a Ford photographic and printing account representative.

Miley and his wife live at 29415 Roslyn, Garden City.

U-M Grapplers Seek Fourth Title in Row

ANN ARBOR — Michigan's defending Big Ten wrestling champs will be shooting for the phenomenal string of four straight titles when Coach Cliff Keen sends his matmen into the 1965-66 campaign.

Last year the Wolverines scored a record breaking 88 points and won five of nine individual championships to win the crown. As Keen begins his 41st season at Michigan, his team will be seeking to extend a dual meet victory string that already has reached 31 straight without defeat.

Although eight lettermen have been lost, including two champions, the outlook is bright again this winter. Lost through graduation are such letter winners as Bob Spaly, third best heavyweight in the nation; Chris Stowell, 177-pound champion; Rick Bay, 167-pound king; Doug Hornung, 130-pound runner-up, and Lee Dietrick, former 147-pound winner.

Returning at 123 pounds is Bob Fehrs, Conference champion who'll probably move up to 130 pounds to leave Tino Lambros, his alternate last year as first stringer at that weight.

At 130, Dave Dozeman also is returning after a car accident injury two years ago and is looking strong. If Dozeman or Fehrs are used for this assignment, Capt. Billy Johansen, defending Big Ten titlist, will move up to 137.

Orlando Pena will represent a brewery in Miami and Terry Fox plans to return to Louisiana, where he was an oil field worker last winter.

Rest and relaxation are the plans of three others — Fred Gladding at Knoxville, Tenn., Larry Sherry at Los Angeles, and Dick McAuliffe at Avon, Conn.

Suburban Engineers Discuss Quality of Local Education

More than 50 Professional Engineers and Educators met Nov. 9 at the Hillside Inn for the program "Engineering Educators Question Engineering Education." The Rouge Valley Chapter, Michigan Society of Professional Engineers hosted this most interesting meeting conducted as a panel discussion. Panel members participating were:

Donald C. Templin, P.E., of Livonia, President of the Rouge Valley Chapter and Construction Coordinator for the J.L. Hudson Company; James Jabara, P.E., Plymouth City Councilman and Co-owner of Plymouth Tank and Fabricating Co.; Bryce Lockwood, Schoolcraft College Engineering Faculty; and John Cansfield, Schoolcraft College Counseling Staff.

Moderator was Frederick W. Bradley, P.E., of Plymouth, Education Chairman, Rouge Valley Chapter and General Staff Supervisor, Engineering Department, Michigan Bell Telephone Co.

Two basic questions were explored by the panel: (1) As engineers, how do we now look at our undergraduate engineering education—was it satisfactory in preparing us for our field of work or should something have been added?, deleted?, emphasized?

(2) As educators, how can we improve our curricula to make it more meaningful to our students? How can we learn from practicing Professional Engineers?

Also offering comment on the questions were Doctor Eric J. Bradner, President of Schoolcraft College and Doctor J. J. Carey, P.E., Vice-president of the Michigan Society of Professional Engineers and Professor of Electrical Engineering, University of Michigan. Students and other faculty members of Schoolcraft College and counselors of local high schools also participated in the meeting.

The honor society draws from all of Purdue's engineering schools and departments—aeronautical, agricultural, astronomical, chemical, civil, electrical, engineering sciences, industrial, mechanical, metallurgical and nuclear.

Observer Stars

(Continued from First Sports Page)

him in joining Bentley's football team.

GUARDS
KEN GRIFFITHS, Redford Union — Made many fantastic plays according to his coach, John Rogers. Frequently took two rivals out with one block. Like Miller, he could make the original block at line of scrimmage, then zip ahead and take care of another man. Used as a defensive end by RU. "Nobody turned his corner," said Rogers. "They'd go the other way." Rogers feels that Griffiths will make an excellent college prospect.

BILL BAUER, Franklin — One of the big reasons in the opinion of coach Bob Bentley that Franklin's offense has done so well the past two years. He originally was a back as a sophomore. Played guard the last two seasons and with his speed he could pull out to make the big blocks, both at the line and downfield. Used at halfback on defense, again because of his great speed. A hard-hitter and tackler. They stayed down when jarred by Bauer. Also fine basketball player and runs on track team.

CENTER
MIKE STACHURSKI, Franklin — Played on the varsity for three straight years. Never made a bad pass from center and with his mighty-200-pound frame could keep the onrushing defenders away from the Franklin backs. Used at end on defense and rivals thought twice about trying to make any moves in his direction. Most times they elected to stay clear of Stachurski. A catcher in baseball, he's considered an excellent prospect by the professional diamond scouts.

QUARTERBACK
BILL OLDERSHAW, North Farmington — Picked as All Suburban by The Detroit News after being named on the Northwest Suburban League's "dream" team. Brilliant all-around performer. Ran for 468 yards and picked up more than 800 yards via passes. He personally scored eight touchdowns and passed for eight more. Played defense only in rare situations, but showed that he could, if necessary. Excellent blocker. Sure bet to wind up playing on a college team two years hence.

HALFBACKS
BILL WOODS, Bentley — Most valuable member of Bentley's perfect team. Hailed by coach Larry Joiner for his ability to stop and change directions. "If there was any hole in the opposition's line, Bill could find it," said Joiner. Picked up a total of 492 yards and scored seven touchdowns. Caught some key passes in third-down situations and time again also came through with a gain when called upon to keep a drive going. Halfback on defense. Also plays baseball.

CLIFFORD LAFOND, Our Lady of Sorrows — One of the leading scorers in the state's prep ranks during the 1965 season. He scored 13 touchdowns and made 14 conversions for a total of 92 points. Personally ran for 1,492 yards in 140 carries, well over ten yards per try. On varsity at Sorrows for three seasons. Also member of school's wrestling and track teams. Looking forward to entering college.

CHRIS HAWKINS, Clarenceville — Another member of prep football's "1,000-yard club." He totaled 1,235 in 154 tries as he carried most of the load for Clarenceville during the season. Scored 12 touchdowns to top team in the point department. Performed as a linebacker on defense. Also a baseball and track great at the Middlebelt Road school.

FULLBACK
ROBERT ELSNER, Bentley — Perhaps the best all-around player Livonia Bentley has boasted in several seasons. Very effective in the way has was able to fake out the opposition. With Woods, he helped to give Bentley an awesome one-two running punch. "Always gave us 100 per cent," said coach Joiner. Linebacker on defense and a tough tackler. Distinguished himself as a blocker. "He really could knock 'em down," added his coach. Elsner also member of the Bentley basketball team.

U-M Hockey Hopes Ride On Goalies

ANN ARBOR — Michigan's hockey hopes this winter will depend largely upon how much its goal tending department has improved over a year ago when inconsistency in the nets was a major problem.

The Wolverines are hard at work preparing for the 1965-66 schedule which opens here with a two-game series against Western Ontario, November 26-27.

The 1964-65 outfit wound up with a 13-12-1 record and a 7-11 fifth place finish in the Western Collegiate Hockey Association after winning the NCAA and WCHA titles two years ago.

Graduation losses include such standouts as Capt. Wilfred Martin, Alex Hood, Pierre DeChaine and Marty Read, all forwards.

Coach Al Renfrew may shift Barry MacDonald, veteran defense letterman, to wing along with Bob Ferguson, who lettered as a forward. This pair probably will flank brilliant little Mel Wakabayashi, Wolverine captain and center.

Among other lettermen forwards are Tom Schiller, Dean Lucier, Bob Boyesen, Mike Martilla, Bob Baird and Dan Walter. Sophomores who can help include Len Martilla, brother of Mike, and Mike Koviak, both of Detroit. Ron Ulyott of Fort Wayne, Ind., is another soph who should see action.

Defensively, if MacDonald is on the front line, Coach Renfrew still has two capable defensemen returning in Tom Polonic and Ted Henderson, both seniors. Other experienced defensemen include Hank Brand, and Mark Thompson while sophomore Bill Lord of Minneapolis, is a newcomer who could help.

Name Dr. Dukay Medical Chief At Ypsi State

Dr. Alexander P. Dukay was appointed Monday as the new medical superintendent at Ypsilanti State Hospital by Dr. Robert A. Kimmich, director Michigan Department of Mental Health.

Dr. Dukay, currently director, division of psychiatry, Wyandotte General Hospital, was assistant superintendent at Ypsilanti State Hospital for four years, resigning recently to direct the establishment of Wyandotte General's psychiatric unit.

The appointment is effective December 12, said Dr. Kimmich. Dr. Victor Kershul, who has served as acting superintendent since the resignation of Dr. Edward N. Hinko, in September, will become assistant superintendent.

A. J. Vaughn, Wayne State University sophomore tailback, established a President's Athletic Conference punting record this fall, averaging 44.9 yards per kick on 15 kicks, eclipsing the former mark of 41.4 by WSU's Jim McMillan in 1958.

Safari Trip Scheduled

Larry Linnard will discuss "African Wildlife in Action" in the second of the travel series sponsored by the Central Kiwanis Club in Livonia.

The talk will begin at 7:30 p.m. Nov. 28 at the Franklin High School Lecture Auditorium.

The evening will include a safari to the remote interior areas of East Africa. Uganda, Tanganyika and Kenya will be visited to see elephants, hippos, rhinos, lions, leopards, hyena, wildebeests and zebras.

Tickets may be purchased at the door on the evening of the series.

MARTY SAYS . . .

Happy Thanksgiving to all our friends!

We welcome you to spend your coming holidays with us at Livonia Knights. We are taking reservations for Christmas Parties. . . And now is not too early to make your New Year's Eve plans. We will have dancing, entertainment and favors. Let's see the New Year in together!

Dewline

By JOHN DEW

The publicity attendant to Frank Sinatra in the past few days has served to re-awaken a conviction of ours. The talent and entertainment capacities of this man are obvious. Yet, when you check a list of the top 50 or 100 best-selling records across the United States, where is the Sinatra name?

This then is a lament at the lack of talent equated with popularity in the radio and record business. Why do hit surveys list names such as Lenn Barry, the Toys, the Shangrilas, Sam the Sham, and the Gentrys? What has happened to names like Sinatra, Streisand, Como, Steve Lawrence and Andy Williams? True, an occasional hit by a top-caliber artist manages to sneak through, but it is the exception rather than the rule.

This is not to imply that some of the new popular artists are not equipped with genuine talent credentials. Obviously, the Beatles, Supremes, Bobby Vinton and others have more to offer than "gimmicked" records, long hair, and echo chambers. The performers who can withstand the supreme test of personal appearances move on to bigger and better bookings, TV, and even motion pictures.

Children's Play Set Nov. 26-27

"Beauty and the Beast," a new play based on the traditional children's story, will be presented "live" on stage at The Detroit Institute of Arts Auditorium as the Thanksgiving Vacation Special for the Institute's new Children's Holiday Theater Series.

The four scheduled performances will be seen at 10 a.m. and 2 p.m. on Friday, Nov. 26 and Saturday, Nov. 27.

Tickets may be purchased at the Institute Ticket Office Tuesday through Sunday from 10 a.m. to 6 p.m. or at all J. L. Hudson Ticket Services. For further information call the Theater Arts Department, 832-2730.

Craftsmen Exhibit Set by Institute

The Detroit Institute of Arts invites Michigan artist-craftsmen to submit entries for the 19th Exhibition of Michigan Artist-Craftsmen no later than Saturday, Dec. 18.

Up to four entries may be submitted in the decorative arts: ceramics, jewelry, weaving, silver, woodworking, etc., by Michigan artist-craftsmen, including those who live out of state.

The exhibition will open Feb. 2 and run through March 20, 1966.

Selecting the best examples on Dec. 20 and 21 for exhibition will be the following three-man jury: Norman B. Boothby, Dean of the Art School, Dayton Art Institute, Dayton, Ohio; Boris Kroll, Boris Kroll Fabrics, Inc., New York City, and William Wyman, Herring Run Pottery, East Weymouth, Massachusetts.

Cash and purchase prizes totaling over \$1,000 will be offered.

Prospectus and entry blanks for the exhibition may be obtained at The Detroit Institute of Arts.

Duplicate Winners Announced

Mr. and Mrs. Bruce Coryell were the first-place North-South winners at both the Friday and Sunday night LaPaloma Duplicate Bridge games. First place East-West winners were Mr. and Mrs. David Buskirk and Mr. and Mrs. Leonard Miller.

Placing winners were Mrs. Theodore Thomsin and Mrs. Gay Uhes; Ernest Guy and Dr. Charles Patrick; and Mr. and Mrs. Ken Smith.

Games are held at the LaPaloma Club, 5330 Middlebelt Rd. Fridays at 8 p.m.; Sundays at 6 p.m. and Monday at 10 a.m.

Madonna Club Plans Three One-Act Plays

Madonna College Fine Arts Club will present three one-act dramas in the current new mood, An Evening of Black Humor, on Saturday and Sunday, Dec. 4 and 5, at 8 p.m. in the amphitheater.

"The Boor" by Chekhov is a cleverly constructed little comedy which shows traces of "black humor" which is supposed to have started with the writings of Jonathan Swift and Rabelais, through James Thurber to the modern novels of James Heller and others.

"Mr. Biggs" is an original play by Anna Barlow, an actress turned playwright; several of her plays have won prizes.

"Dock Brief" was originally a television play for the BBC; it has been made into a comic film starring Peter Sellers.

As soon as this happens however, their names invariably disappear from the popular music charts and the record-buying public seems to lose interest and enthusiasm.

Perhaps the problem lies with radio stations for programming less-than-qualified performers. Yet, radio remains overly-sensitized to popular dictates. How can creativity and quality be emphasized when the following can happen in a radio market:

Station X comes along playing only the "hits" which amounts to 25 or 30 records all week long. In order to attempt to play "more music" the station hires disc-jockeys who sound like adolescents waiting for their voice to change and whose most intelligent comments consist of getting the time, temperature, and station call-letters in between the records.

Then, to top the whole thing off, it gives away a few prizes in contests which can be entered by anyone over 6. You know the result—the station becomes popular overnight and many of the other outlets figure that this must be the key to success. The other stations immediately cut their list of records to as few as possible, talk less and faster, and give away prizes in simple contests.

What is the cure? Well, obviously, the present trend has to end. After all, the utopian point is this direction will be reached by the first station to play only the number one record all day, say nothing at all, and give away money to everyone who bothers to listen.

I feel that the public is ready — no, hungry — for intelligent, creative, and imaginative programming. The first popular-music station with the courage once again to speak out, to hire qualified, capable, intelligent announcers and then let them talk, and to offer variety rather than monotony in music will suddenly find a large, appreciative audience. There are still some very talented radio personalities in this town — let's hope that they may be allowed to emerge again as individuals rather than inhibited robots.

- Have a happy Thanksgiving.

Pianist To Solo

Gizi Szanto, Hungarian born pianist, will be guest soloist when the Detroit Women's Symphony Orchestra begins its 19th season Dec. 3 at the Community Arts Auditorium in Detroit at 8:30 p.m. Nathan Gordon will conduct.

'Aladdin' Is WSU Children's Production

The Wayne State University Children's Theatre, which annually tours a children's classic in southeastern Michigan, will open its 25th season with six Saturday performances of "Aladdin and the Wonderful Lamp" at the Bonstelle Theatre starting Dec. 4.

Two performances of the James Norris dramatization will be given on each of three Saturdays, the first at 11 a.m. and the second at 2 p.m. The dates are Dec. 4, 11, and 18.

After the Bonstelle performances, the Children's Theatre will perform on weekends at 20 locations to nearly 500,000 children, one of the largest children's theatre audiences in the country. The touring season will extend from January 15 to May 28.

Later Saturday performances at the Bonstelle are scheduled March 19 and 26.

"Aladdin" is from one of the stories in "A Thousand Nights and One Night" which is popularly known as "The Arabian Nights." It is the tale of an Arabian boy who gets possession of a magic ring and a magic lamp, which bring forth two tremendous genies who do his bidding. As a result, he is opposed by a wicked magician who seeks these magic powers to achieve wealth and power and to carry off Aladdin's little friend, the Princess.

Directed by T. O. Andrus, who heads the Children's Theatre program at WSU, the production runs about an hour in length. It includes colorful costumes and scenes, music and dance, and a number of magic effects. Costumes are designed by Janice Snodgrass, theatre costumer, and the sets are by Russell Smith, technical director.

The company, which is responsible for both the acting and the back-stage work, includes George Dusincki, Robert Farmer, Phyllis Geake, Doreen MacFarlan, Barbara Hart, Kathleen Sysak, Susan Urban, Peter Linski, David Berg, Tom Bryant, William Zeschin, Warren Wyss and Mel Bogen.

CHARLTON HESTON and Richard Boone are two of the stars appearing in "The War Lord" which is currently premiering at the Mai Kai Theatre in Livonia. Also starring in the film are Rosemary Forsyth, Maurice Evans, Henry Wilcoxon and Guy Stockwell. A Universal release the film is a saga of adventure and love set in 11th century Normandy.

Trapp Family Leader Sets Lecture

A woman whose life story has thrilled millions of people around the world in "The Sound of Music" will speak at Marygrove College on Thursday, Dec. 2, at 9:25 a.m.

Baroness Maria von Trapp, mother and leader of the famed Trapp Family Singers, will talk about the adventures and experiences of her family from their early days in Austria to the present.

The Baroness' story began when she was loaned by the Austrian Abbey where she was a religious novice to the household of the Baron Georg von Trapp, to be a governess for his seven motherless children.

The Baron fell in love with her and married her. Later, in 1938,

the Trapps defied the Nazis and fled Austria, leaving behind their ancestral wealth and arriving penniless in New York.

Always skillful musicians, the Trapps developed themselves into a professional singing group, composed of the Baron and Baroness, ten children, and their director, Father Franz Wasner, who had fled with them from Austria.

Admission to her lecture, to be held in the Marygrove College Auditorium, is free. Reservations may be made by calling UN 2-8000.

As you live and breathe: cleaner air, against the dangers of cleaner air, against the dangers of cigarette smoking.

U of D Slates 4th Alumni Concert

The University of Detroit Alumni Association presents its fourth annual Alumni Concert at 7:30 p.m. Sunday, Dec. 5 in Ford Auditorium, this year featuring a program of "All Detroit" artists.

An anticipated audience of almost three thousand alumni, students, and friends of the University will gather for an evening of the Detroit Symphony Orchestra, conducted by Valter Poole; lyric soprano, Rosemary McGann; and the 86-member U. of D. Chorus,

under the direction of Don Large.

Included in the program of the Detroit Symphony Orchestra is the Suite from Stravinsky's "The Firebird;" the Overture from the "Barber of Seville" by Rossini; and a medley of selections from Jerome Kern's "Showboat."

Miss McGann will sing the selections from "Showboat," which include "Stars in my Eyes" and "You are Love."

The University Chorus will feature both popular and seasonal works in its portion of the Alumni Concert.

Tickets for the U. of D. Alumni Concert may be obtained from most alumni and students of the University. For further information contact the U. of D. Alumni Office at 342-1000, ext. 229, Detroit 21.

Si Zentner To Provide Dance Music

Si Zentner and his orchestra will make a one-night stand Nov. 26 at Roma Hall in Livonia.

Sponsored by the 600 member Skiwi Ski Club of Michigan, the dance will begin at 9 p.m. Ticket information may be obtained by calling UN 1-4200.

Zentner is the holder of the National Academy of Recording Arts and Science's "Grammy" award for "Best Performance by an orchestra for dancing" and for his rendition of "Up A Lazy River."

'Stop the World' Opens This Friday

Franklin's 'Rogers and Hammerstein' Talk

(Editor's Note: On Dec. 2 the curtain will rise on the third musical produced at Franklin High School since last spring. The following is an interview with the two teachers, Roy Ernst and Dave Hirvela, who are most responsible for this production as they were for "Bye Bye Birdie" and "The Music Man." Tickets for the Franklin High production can be obtained at the high school's main office. Performances are scheduled for Dec. 2, 3, and 4 in the Franklin Lecture Theatre.)

"Oklahoma" is a landmark in the American musical. It has love songs, serious, dramatic moments and very funny moments," said Roy Ernst, musical director of the Franklin High School production of Rogers and Hammerstein's classic.

Dave Hirvela, the other half of the duo, sees the acting and staging of "Oklahoma" as another step in the progress of theatre at Franklin.

Hirvela and Ernst produced their first musical "Bye Bye Birdie," last spring, a play which offered no dramatic roles, only gag lines and jazzy rock and roll melodies.

Next came "The Music Man," a production, according to Hirvela, which had more difficult roles than "Birdie." The play not only had comic moments, but serious ones, too. Marion, the librarian, and Harold, the music man, fell in love while the ladies of the town produced a hilarious modern dance. While Hirvela found the roles more demanding, Ernst said the music got easier to play. Why? The better the orchestration, the easier the music is to play.

Each has a deep appreciation for the other's work.

"One of the reasons that I can do a musical," said Hirvela, "is that I have found someone I can work with very well." Surprisingly, both found that they wanted to do their first production, not from each other, but from some fellow teachers.

"Oklahoma" is a great show. A graduate of the University of Michigan, Dave Hirvela pointed out that it has depth. There is the comic triangle of Ado Anne, Will Parker and Allie Hackman and the dramatic triangle of Jud, Curley and Laurie.

Ernst said that "the outstanding thing about 'Oklahoma' is the Rogers and Hammerstein combination of lyrics and music." Hirvela added that "they have added songs which are integrated into the character and action."

A former assistant director of the Michigan Opera Company and a graduate of Wayne State, Ernst explained that the major problem with this play is "relating the dancing and singing on stage with the orchestra." What is required is a "well-controlled orchestra. They must react instantly to what is going on on stage."

Obviously a complex one, the production involves many people. Roy and Dave have been rehearsing their groups separately. Over two months ago try-outs were held and a cast selected. Original Broadway scores were distributed to the orchestra. Among the members of the cast and orchestra are seasoned performers of the past two productions.

Not only does the production involve students, but instructors from various departments help on direction, lighting, sets and costumes; John Ort, counseling department; Oliver Genn, business; Shirley Perryman, English; Ron Sipes, art; and George Lovich, industrial art department. Plus, there are almost 100 students involved in committee work.

For two weeks prior to the opening, the orchestra and cast rehearse together. All units, which had been rehearsing separately for over two months, must work as one unit.

Wayne Players Interchange With Fenton

Five years ago Jack Winegarden left his Nankin residence at 33658 Chief Lane, transferred his Jay Cee membership and took leave of the many other civic activities to which he had contributed and moved his family to Fenton, Mich.

The Fenton Living Theater Series is a Fenton Jaycees project in which Winegarden played a major role. Now in its fourth season, the project was expanded this year by the invitation of all community service organizations and the city's auspices to help the theater series in its goal of a community auditorium and swimming pool to be constructed from the proceeds.

"STOP THE WORLD I want To Get Off" opens Friday at Bentley High School. The Livonia-Redford Theatre Guild production stars Larry Parks and Moya Taormina. Curtain time for all five performances this weekend and next is 8:30 p.m. For ticket information call GA 2-8038.

Wally Roberts UP 'CURTAIN GOING UP'

Fifty years of curricular theater was celebrated most properly last week in the Trueblood Auditorium on the campus of the University of Michigan. Shakespeare's "Henry VI, Part I" had premiere honors for this golden anniversary season. "Henry VI" was U of M's 757th curricular production.

For 50 years the University of Michigan has been one of the leaders in presenting classical works seldom-trying by professional or community groups. This production of "Henry VI" was only the sixth time it has ever been attempted in the United States.

The new and the old was neatly blended with the direction of this complex Shakespearean work by having one of the newer staff members Dr. Richard Burgwin work cooperatively with the more elder theatrical statesman, Dr. William Halstead.

Both gentlemen provided creative directional sparks. Halstead's flair for movement gave each of the production's three parts a certain basic rhythmic tumbling ferment while Burgwin, more internal, interpretative magic touches for the actors made this usually ponderous bit of historical Shakespeare electric and quite zestful.

Old Wally doffs his theatrical cap to these two gentlemen tied as they are to curricular theater and bids them Godspeed to their joint efforts.

The adaptation, cutting, and other structural matters necessary to give "Henry VI" an understandable presentation again can be attributed to the delightful hours of planning by Directors Halstead and Burgwin.

Robert McGill was outstanding and quite impressive, as Richard, Duke of York. Bob provides many show-stopping

After more than two months of planning, rehearsing, constructing scenery and general behind-the-scenes frenzy, members of the Theatre Guild of Livonia-Redford will know Friday night if their efforts will be rewarded.

The reward sought by this community group is of course, the ultimate payoff: enthusiastic acceptance and enjoyment

by the theatre going audience. Guild members, Directors and cast of "Stop the World, I want to get Off" are confident that audiences are in for a treat when the curtain rises on this production on the nights of Nov. 26, 27, and Dec. 3, 4 and 5 at Bentley High.

Featured in leading roles are Larry Parks, Redford High Senior with his interpretation of the demanding part of "Littlechap", and Moya Taormina, Livonia mother of six.

Other performers are: Judy Schoenberg, Karen McAllister, Ronald Simmons, Barbara DeBoe, Betty Caza, Celia Boyea, Bev Gotch, Jamie Heston, Jim Goff, Ronald Seannell, Fred Nelson, Bob Hein-

zen, Terry Crable, Diane Williamson, Sude Keenan, Ann Marshall, Phil Nyhuis, Bob Krause, Dave Eden, Phil Eden and Bob Palmer.

"Stop the World", a somewhat sophisticated departure from the usual type of musical comedy is directed by Fenton Calhoun. Jack Pierson is musical director of the show and choreography is under the supervision of Terry Crable. For ticket information call GA 2-8038.

Curtain time for all performances is 8:30 p.m. (Sun. Dec. 5, 7:30).

Eradication of TB involves a major battle on many fronts. Christmas Seals help to provide ammunition for the fight.

Fellowship Drive Starts
Plans are being made to raise \$25,000 in fellowship funds for Wayne State University's Hilberry Classic Theatre at the Third Annual President's Preview Tuesday, Jan. 11.
Sponsored by the "Understudies," a committee of 35 prominent Detroit area women seeking to advance the arts, the Preview will feature Shakespeare's "The Tempest," directed by Leonard Leone, director of the University Theatre.
The "Understudies" hope to achieve their goal through the sale of 500 tickets at a minimum of \$100 a couple. "Each member will be contacting a group of individuals for the \$100 donations," said Mrs. Michael Ference, committee chairman. "Their donations will then entitle them to an invitation to the Preview and to become Sponsors of the Theatre."
Now in its third year, the Classic Theatre has won high acclaim as a training ground for actors throughout the country, most of whom are fellowship students working toward advanced degrees in the theatre arts.

New Finance Act Aimed To Check Fast-buck Artists

Wayne County Republican Chairman, Robert E. Waldron is alerting citizens that a Home Improvement Finance Act has been passed as a major step in the battle against home improvement swindlers.

Every homeowner periodically faces improvements he must make on his property and fast-buck artists often entice unsuspecting and gullible homeowners into fraudulent deals with gimmicks which promise cheaper costs.

"The new law," explained Waldron, "which was passed unanimously by both houses of the legislature and signed by Governor Romney, is designed to put an end to home improvement frauds."

Use Autumn To Begin Planting

Did you ever see a stray forsythia, quince, apple blossom, or mock orange in late fall? You may have since conditions sometimes are nearly the same as in the spring.

During the fall we generally have cool, moist weather after a period of inactivity which is typical of spring, explains Joseph Cox, extension specialist in landscape architecture at Michigan State University.

Cox says these spring-like conditions are ideal for carrying out plans made too late for April plantings.

You must allow adequate space for mature growth when you plant in the fall. This is particularly important to remember when planning foundation planting. Many people also place shrubs and flowers too close to the foundation to see from the inside or for easy maintenance.

The plants should be placed out from the wall one to one and a half times their mature spread. Cox suggests measuring from the center of the plant to the drip or eave line for the most pleasing placement. If your house has a large overhang or some other unusual feature, this idea may have to be modified.

Cox suggests sidewalk materials, such as cement, sandstone and slate for the space under the eaves. This creates an interesting effect and eases maintenance.

Try for a variety of trees and shrubs in your landscape plan is the MSU man's advice. This will give you interesting texture, foliage, barks and seeds. It will also help overcome the possibilities of paralyzing such devastating diseases as Dutch Elm.

Decorators Prefer Green Foliage

Many decorators prefer green tropical plants in rooms furnished in contemporary style, since their lush green or multi-colored foliage and large leaves tend to soften the boxy lines of modern furniture.

Professional growers now can supply florists and homemakers with more than 1,200 varieties of clay-potted tropical plants from all parts of the world.

"The act provides for basic changes in home improvement contracts—a frequent vehicle for swindlers. After January 1, 1966, contracts must include all essential details of the transaction with certain important information in large type so that it would be hard for anyone to overlook.

"Another provision," continued Waldron, "allows the purchaser of a home improvement contract to cancel a contract at any time before 5 p.m. on the business day following the date of the transaction. This was included because many persons have been high pressured during a sales pitch to sign a contract not in their best interests, then were not allowed to cancel it—even within hours."

Waldron said that the act also sets a limit of \$8 per \$100 per annum on the finance charge which may be included in a home improvement installment contract.

Several selling techniques are also prohibited, such as the promise or offer to pay compensation for the procuring of sales to other persons and making a gift worth more than \$2.50.

subject to 90 days in jail and/or a fine of not more than \$500 for the first offense, and another \$500 and/or a year in jail for repeated offenses.

Waldron warned that after January 1, 1966, homeowners should report any suspicious about fraudulent transactions on home improvement services to their attorney.

Oak Floors Good Choice On Concrete

Although most home seekers today are fairly well educated on the subject of housing features and quality, recent construction innovations often come as a pleasant surprise to first-time buyers.

A good example, according to John F. Stewart, president of the National Oak Flooring Manufacturers' Association, is the economical new method for installing the popular strip style of hardwood flooring in basement houses built on concrete slabs.

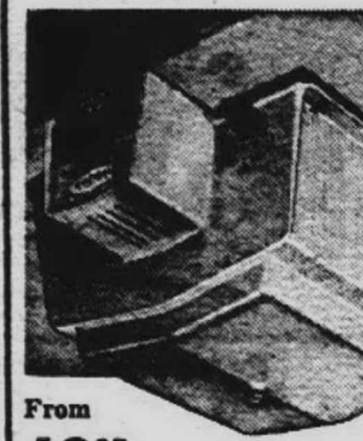

"Many persons planning to buy such homes, or to build room additions on slab bases, are unaware that they can enjoy the benefits of genuine hardwood strip floors at relatively little expense. The cost can be less than that for a good quality composition floor covering or carpeting.

"The system, accepted by the Federal Housing Administration, provides warm, dry comfortable floors, which overcome the extreme hardness of the concrete and the coldness often associated with slabs."

The method utilizes a double layer of 1x2-inch wood sleepers as a nailing base for the hardwood. They are nailed together, with a polyethylene moisture barrier between them, and are anchored securely to the concrete.

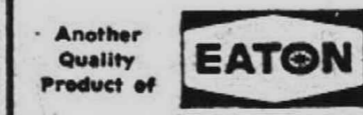

Even where carpeting is to be used initially, hardwood floors are highly desirable, Stewart points out. One reason is that they give a slab house much added buyer appeal on resale because so many buyers want the decorative freedom which the attractive hardwood floors offer.

CROCUSES WILL BLOOM next spring at the Cloverdale School in Farmington thanks to the efforts of Mrs. Sharon Maher's fourth and fifth grade students. As part of a conservation project, four of the students plant the bulbs in a flower box in front of the school. From the front they are: Cindy Dix, 9, 22900 Mayfield; Bob Williams, 9, 23025 Warner; Lora Winder, 9, 22905 Heyden, all fourth graders; and Debbie Satterfield, 10, 23000 Maple, a fifth grader.

Use Windows to Subtract Years From Age of House

When house remodeling plans include painting or re-siding, it pays to take a critical look at the windows. Sometimes a single inspired touch can strip years off the age of a house, and bring you new pleasure and comfort.

Windows in the living room or dining room, for example, may be too small or otherwise ill-proportioned. The appearance of an old house often can be dramatically updated and upgraded by replacing the old windows with a new picture window or bow window.

Or perhaps windows throughout the house are worn and difficult to operate. As one of the few operating parts of a house, windows that are hard to open and close make a house feel its years. In that case, they should be replaced.

Quality wood windows in a wide variety of styles can be obtained in stock sizes through lumber dealers to fit standard openings. Made of ponderosa pine, these windows are easy to operate and factory-weather-stripped to cut heat loss and increase comfort.

New windows can make a dark house brighter, and can make window-washing chores easier. Among the features of modern wood windows are lift-out sash and removable grills that not only make home ownership more of a pleasure

Clutter Cupboard

To keep small rooms neat and spacious looking, build in clutter cupboards to house the paraphernalia that creates a cluttered look. Use ponderosa pine lumber for enclosure and shelving, inexpensive stock louvered doors.

Corner Guards

Is plaster or sheetrock getting chipped and scratched around the edges of doorways? Install a corner guard molding for a cover-up beauty treatment and protection against further damage.

but also add value to the house.

Another good reason for taking a close look at your windows at remodeling time is that preservative-treated wood window units last indefinitely and take paint more easily. The finished result will be a house that no longer looks its years.

Alter Chest With Use of Mouldings

You can transform a starkly plain pine chest of drawers into a much more elegant piece of furniture with a handyman's ingenuity and materials costing \$5 or less.

Stock western wood mouldings—the kind carried by most lumber yards—make this an uncomplicated project. The key point is selecting a suitable set of mouldings, but the building supply dealer can help you choose from the 30 or more patterns he keeps on hand.

To apply a traditional styling, for example, fasten the moulding to the front of each drawer in a picture frame pattern. Cap moulding WP-163 is usually a good choice.

Corners should be carefully sawn in a miterbox, and the outside edge of each frame should be about 1/2 inches inside the edge of the drawer face all around. White woodworking glue and brads will hold securely.

The base of the chest should be embellished, too, and a combination of base and base shoe mouldings will turn this trick nicely. Note that mitering for the base corners must be at a different angle than that for the drawer face frames.

Finishing the surface with stain or paint, and installing the right style of metal drawer pulls completes this do-it-yourself project. The result is a chest closely resembling period pieces costing several times more.

Wide Choice Available In Wood Floors

One reason for the continuing public preference for hardwood floors in homes is the wide variety of species, styles, and sizes in which it is available, flooring contractors point out.

This variety enables any home buyer—truck driver or tycoon, mechanic or maharaja—to choose floors in keeping with his budget and the decorative taste of the homemaker in his life.

Hardwood long ago won its favored position because of its unique combination of qualities—matchless natural beauty, lifetime durability, ease of upkeep, renewability, warmth, foot comfort and other properties.

Oak is the predominant species, being used far more than all others combined. Among the more popular of the other woods are hard maple, beech, birch, pecan, walnut, cherry, ash, hickory and teak are often selected, too, for the more expensive installations.

In styles or types there is a choice of four basic varieties—strip, plank, block and parquet. Many variations are possible within each style.

As a rule the strip style is the most economical. The cost of equipping a room with a top grade of strip oak, for example, is substantially less than the price of a good floor covering for a similar area.

As the name implies, strip flooring comes in long, narrow pieces. Customarily it is laid in uniform widths and always in random lengths. Of the numerous widths in which it is produced the most popular are 2 1/4 inches and 1 1/2 inches. The most common thickness, for strip is 25/32-inch.

Plank floors, like those of

unit-blocks, are on a higher cost plateau. Usually two or three different widths of planks are used in a single floor. Widths range from 3 to 9 inches.

Block floors are an economical modern form of parquet. Each unit is composed of several pieces held together by special fasteners. Blocks can be installed in countless designs. They are produced in numerous square and rectangular sizes. A popular choice, for example, is the 9x9-inch unit.

Conventional parquet, in which each small piece is laid individually, offers unlimited design possibilities. And it can cost a pretty penny, depending on how fancy you want to get.

Area Residents Are Named To Realtors' Council

Mrs. Alice Elizabeth Kelly has been elected president of the Women's Council of the Western Wayne County Board of Realtors for 1966. Her election was announced by Mrs. Lois Foltz, current Council president.

Other newly elected officers of the Women's Council include: Mrs. Florence Bric, vice-president; Mrs. Virginia Barrie, corresponding secretary; Mrs. L. Lorraine Witt, recording secretary; and Mrs. Louise Steinhauer, treasurer.

A salesman with the Lathrup office of Mathers, Stevens and Martin, Inc., Mrs. Kelly is a member of the Detroit League of Women Voters and the Parent-Teachers Association of Northwestern Detroit.

She is also an associate member of the North Woodward Board of Realtors. In private life Mrs. James H. Kelly, she, her husband and their four children reside at 15858 Sussex in Detroit.

Mrs. Bric, newly chosen vice-president, is a saleswoman with the Grand River office of the Gordon Williamson Company. A graduate of the University of Detroit with an education degree, she is a member of the Women's Athletic Association, the League of Catholic Women and the Detroit Real Estate Board. She resides at 15232 Forrer, Detroit, and has three married children.

In real estate since 1958, Mrs. Barrie is a salesman with Charles W. Allen Real Estate

of Livonia. Active in community affairs, she is sergeant-at-arms of the Livonia Business and Professional Women, belongs to the Livonia PTA, and

Mrs. Alice Kelly

has held various offices in her Subdivision Civic Association. She, husband William and their two daughters reside at 29525 Robert Drive, Livonia.

A saleswoman with the Plymouth office of the Earl Keim Realty, Mrs. Witt resides at 30643 Grandon, Livonia. An alumna of Plymouth High

Evans Declares A Stock Split; Hikes Dividend

Evans Products Company declared a 3-for-2 stock split and announced its intention to increase cash dividends by maintaining the present annual rate of 60 cents per share on the split shares, which would be equal to 90 cents per annum on the current shares.

In 1965, Evans paid quarterly cash dividends on the current shares of 15 cents per share, or 60 cents for the year, plus a four percent stock dividend.

The stock split was effected by the declaration of a 50 percent stock dividend payable January 19, 1966, to shareholders of record December 9, 1965.

As a result of the stock split, Evans' outstanding common stock will be increased to 2,405,526 shares from 1,603,684. The distribution will be made from presently authorized and unissued common stock.

Livonia Insurance Agent Breaks Record

A Livonia insurance agent has bested his company's record for life insurance sales in a 30-day period by selling more than \$1 million in new sales during October.

Jack G. Mastan, 15607 Liverpool, Livonia, showed an all-time company high for an individual by a margin of more than \$30,000. He also won recognition recently by ranking second in sales among more than 890 representatives of his firm during a fall sales campaign.

Smooth a Bad Angle

If walls and ceilings inside your home join at an awkward, unrelieved right angle, improve the situation with a cove or crown moulding. Cost is just pennies and the moulding can be painted or stained according to taste.

School and Detroit Commercial College, she was formerly associated with Taylor Real Estate, Plymouth.

Born in Washington, D.C., Mrs. Steinhauer attended Averett College and is presently a saleswoman with the Steinhauer Agency, Wayne, headed by her husband Merrill. She is a member of the UNRA Credit Union, the Garden City Business and Professional Women and the Kiwani Kweens.

The Steinhauers and their daughter reside at 38172 Van Born, Wayne.

Air Cushion New Idea For Mowers

An intriguing new idea in lawn mowers is here, — a mower that rides on a cushion of air rather than wheels.

It's much like the hover craft now being experimented with for use in roadless areas.

A rotor fan blows a curtain of air deflected downward by the turtle-like housing. This is sufficient to hold the mower slightly above ground level. In the "eye" of this "miniature hurricane" is the rotary cutting blade.

On level surfaces the air cushion mower glides easily; it can be pushed, pulled or slid sideways.

Present models do not adjust cutting height upward to more than about 1 1/2 inches. For the best liked lawngresses, Kentucky bluegrass-fine fescue, this is optimum only in cooler weather.

Where summers are difficultly dry and hot higher mowing may be preferred. Lawn bentgrass such as Highland, customarily mowed no more than an inch tall, are not disadvantaged.

Although air cushion mowing is not likely to supplant the conventional sort with wheeled units, it is a fresh approach that has already stimulated new design.

It is best suited to well-kept lawns that are level and regularly tended.

Moulding Improves Cabinet Work

Building attached storage cabinets? Try wood moulding to dress up the finished job.

Mouldings are available in a great variety of sizes and shapes, cut from western species of lumber, and can be effective in hiding joints, covering defects and breaking up the monotony of drab areas. Your lumber dealer stocks a varied supply.

Gripping Story

How well does lumber hold nails? Tests on western softwoods used as sheathing show "withdrawal resistance" for nails to range from more than 40 to 160 pounds. The least is more than enough.

Accessible Cabinet

Adding a bath? Instead of cupboards, design the lavatory base cabinets with deep drawers to make contents accessible. Use wide boards, Douglas fir or ponderosa pine, for drawer fronts; finish with clear plastic lacquer.

TESTING HI-FI equipment at the newly opened Lafayette Electronics Inc., 33760 Plymouth Road, is Mayor Harvey Moelke, who is quite a "bug" on stereophonic music. Looking on as the Mayor enjoys tunes are (from left): Joseph Blumenthal, president of Lafayette Electronics, and Robert Robinson, manager of the new Livonia branch.

Prepare Your House Now For Onslaughts of Winter

When Old Man Winter comes knocking, will he find easy access to your house?

Now's the time to winterize your home. A weathertight well-insulated house is the best safeguard against winter's onslaughts. Here are some of the things you should check and attend to before the blustery days blow in.

Caulking—Caulk all cracks or open seams between foundations and sidewalls, between board paneling, around door and window frames, and along trim. Replace putty on windows where needed.

Weatherstripping—Apply snugly around inside window and door frames to keep heat in. Replace weatherstripping that is worn or packed down or

has lost its resiliency. Loose-fitting windows can be replaced with modern stock units of ponderosa pine that are factory-weatherstripped and preservative-treated.

Gutters and drains—Clear out all leaves and debris. Jammed gutters cause water to overflow and seep under the eaves where it can cause damage. Leaders and drains should be cleared so water flows freely.

Roof—Check for damp spots on attic rafters, for daylight showing through the undersurface of the roof and for water spots on walls and ceilings and above fireplace mantels. You might have leaks in the roofing and flashing. If the roof is worn and needs replace-

ment, a new roof of heavy-weight asphalt shingles, guaranteed, bonded or warranted up to 25 years, can be applied directly over the old roofing and will provide additional insulation.

Insulation—A home that's poorly insulated will run up high heating bills. If your home falls into this category, plan to have it insulated before winter sets in. It'll pay in the long run. For this reason, most homeowners prefer wood windows—to protect against excessive heat loss and condensation.

Chimneys and furnaces—Make sure these are in good working order before it's time to use them. Otherwise, the first cold day may be very cold, indeed.

Ceiling Magic

Brighten up a bedroom with ceiling magic. Install fir or pine 2x2s at even two-inch spacings across the ceiling and watch the room take on a new dimension.

See Humid-Aire's patented new operational design that gives you more moisture capacity, and more efficient, dependable, maintenance-free humidification than ever before!

- Guards Against Colds—helps eliminate dry nasal linings that encourage nose and throat bacteria. Aids breathing.
- Self-Cleaning Action—no mineral deposit problem.
- Self-Regulating—operates only when furnace fan blows. Automatically maintains natural moisture balance.
- No rust or corrosion—all parts made of rust-proof materials. Lifetime warranty on stainless steel reservoir.
- Economical—costs less than 3c a day to operate, while cutting heating bills as much as 15%.
