

SEASONS GREETINGS

Once a year the world is filled with feelings of peace and joy and "goodwill toward every man."

The Observer pauses today to reflect on this annual phenomenon.

And it is a phenomenon. For this is the time of year when people seem to be the busiest. Shopping, wrapping packages and

addressing that mountain of Christmas cards, all in addition to the regular chores should conspire to make people irritable and short tempered.

Such does not seem to be the case, however.

Why? We don't have the answer. All we know is that it happens once a year.

It seems to be as inevitable as the annual tax bill.

Religious people will say that the phenomenon is due to that event in Bethlehem 1,965 years ago. This might very well be the cause.

However, what about the people who deny the existence of any such event or

the significance attached to it? Maybe it's infectious or maybe that event was and is so important that it affects all humanity.

Whatever the reason The Observer takes this opportunity to wish each and every person the best of the holiday season and a peaceful New Year.

JEFF, BRAD VAN NEWKIRK KILLED

Two Young Brothers Die; Hit By Truck

Hurrying to a Christmas concert at Junior High West Monday night in the carefree manner that youngsters have at this time of the year, three young Plymouth brothers never reached the school building—two are

dead after a tragic truck-pedestrian accident at the intersection of Sheldon Road and Maple Street.

Dead after the community's most tragic holiday season accident in years are: Jeffrey, 11,

and Bradley, 7, sons of Dr. and Mrs. Karl Van Newkirk, 515 Jener.

Slightly injured when the three boys apparently ran in front of a southbound truck while darting across the dimly

lighted intersection is Gregory, 9, who suffered injuries to both hands and bruises and abrasions.

The story as related to deputies from the Sheriff's Road Patrol by witnesses is that the

three youngsters sped across the street, apparently without noticing the fast approaching truck in the southbound lane.

"There was a thump, as if the vehicle had struck a dog," said one of the witnesses,

who had just parked her car and turned around in time to see the accident. "Then all at once it dawned on me that those two lumps in the middle of the road were two boys."

A crowd quickly gathered as the shock of the accident hit those enroute to the concert. Blankets appeared from nowhere and the two bodies were immediately covered while two Plymouth doctors, also on their way to the program, rushed to the scene to offer what assistance they could.

Meanwhile, persons in attendance at a first aid clinic at the nearby school, told of the accident, poured to the intersection to aid.

Some one of the group took the dazed and shocked Gregory to a first aid room in the school building where he was treated and then kept unaware of the tragedy until the arrival of his parents.

Jeff was killed instantly and was pronounced dead on arrival at Wayne County General Hospital.

A crew of doctors worked frantically to save the life of the critically injured Bradley and even performed an emergency operation but he died shortly before 11 p.m., just three and a half hours after the accident at 7:25 p.m.

Deputies were still questioning Herman Collins, 21, of 18493 Agnes, Southgate, driver of the truck but indicated that stories of all witnesses showed that Collins apparently was blameless and never saw the youngsters until they were in front of the truck.

The two dead boys are survived by their parents, the third brother, Gregory, and a sister, Judy.

INDUSTRIAL SITES GO FAST

Land Buying Boom Hits Plymouth Twp.

The boom for industrial development in Plymouth Township reached its highest level during the past 10 days and the Township Board gave it added impetus by approving construction of a half-mile sewer line from Joy Road to Ann Arbor Road along Haggerty Road.

The action opens the door for

the construction of a proposed large warehouse on Haggerty near Joy and also brought announcements of purchases and option on large tracks of industrial land in the area.

Almost at the same time the Township Trustees approved the sewer line, Builder and Developer Loren "Bud" Gould announced purchase of the 48-acre Postiff estate site on Ann Arbor Road from Mrs. Alice Luibrand, of 42480 Postiff Drive. The land is zoned for manufacturing.

Coincident with Gould's announcement came a report that Superior Warehouse Corp., a Plymouth-owned firm, had taken an option on 51.84 acres owned by Walter Koss, of 41494 Joy Road.

The acreage, zoned for manufacturing, has 230 feet frontage on Ann Arbor Road and extends 1,150 feet back to Joy Road with 2,250 feet of railroad frontage adjacent to the C & C.

Then to make things more interesting a report circulated through the community Monday of purchase of the 152.17 acre industrial land owned by Dr. Robert Elvridge, north of Western Electric along Sheldon Road, by an as yet unnamed buyer.

The land has 3,220 feet frontage on Sheldon Road with 1,600 feet of railroad frontage. The purchase also included, according to reports, seven acres owned by a son of Dr. Elvridge.

And with that rumor came another that a syndicate is interested in and already negotiating with the C & O Railroad for 54 acres on the east side of Sheldon Road north of the Packaging Corporation plant.

Just to make the week complete, officials of the Plymouth branch of the National Bank of Detroit informed Township officers of their plan to construct a branch on Sheldon Road near North Territorial. Purchase of the property was completed earlier in the week and work is slated to start in the not too distant future.

All of which means that the community may have as many as three new branch banks under construction in the spring.

Detroit Bank and Trust plans a branch on Ann Arbor Road near Lilley, directly across from the Township Hall.

National Bank of Detroit will erect a branch on Sheldon Road.

Commonwealth Bank had indicated it is interested in locating in a new shopping center proposed for the intersection of Haggerty and Ann Arbor Roads.

CHRISTMAS DOLLS, dressed by wives of members, are presented to (from left) Brigadier Ernest Hammer, of the Salvation Army, and Robert Usher, of the Wayne County Training School, by Kiwanis President Marvin Terry and Kenneth Kirchoff, chairman of the boys and girls committee. The dolls were displayed at the annual family party of the Kiwanis Club and then turned over to Hammer and Usher for distribution at Christmas time.

SANTA CLAUS' arrival at the annual Christmas party, tendered by the Plymouth Jaycees and Margaret Wilson of the Penn Theater, attracted attention of all the young guests from the Northville State Hospital, Plymouth State Hospital and the Plymouth State Home. More than 150 attended the program in the Penn Theater at which Santa had gifts and candy for all.

Taxi Firms Receive Yule Gift

Plymouth's City Commission handed out Christmas presents to Checker Cab and Mayflower Cab companies Monday when it approved renewal of eight taxi licenses for the two firms for 1968.

But the Commissioners weren't in such a benevolent mood when they listened to a public hearing on a proposal to vacate the west end of Byron Street to assist Builder Tom Cape in meeting the zoning ordinance for his apartments on Byron between McKinley and Harvey Streets.

Matter of fact, after hearing complaints from Al Hubbs, Harold Stevens and Robert Gilles, who own property on Ann Arbor Road abutting the Cape land, the Commission voted to deny the request.

All of which means that Cape is in the position of having two apartments ready for occupancy but unable to rent them because of failure to meet the zoning requirements.

Commissioners were quick to point out that Cape erred in his construction in direct violation of the ordinance and actually placed himself in his present bind.

Commissioner Arch Vallier made the motion for denial, pointing out that the Commission had the duty of protecting the rights of taxpayers on the other side of the drainage sewer, which crosses between the properties.

The denial passed by a four to two vote with Commissioner George Lawton and Mayor James Houk casting the "No" votes. Commissioner Robert Smith had been excused earlier after learning of the tragic accident at the intersection of Sheldon Road and Maple Street near Junior High West School where he is principal.

The action approving renewal of the taxi licenses, for each company, was taken after a report from Police Chief Kenneth

Township Planners Okay New Convalescent Home

It took more than four and a half hours of deliberation and discussion, but the Plymouth Township Planning Commission finally resolved several problems that have been coming before it regularly during the past few months.

It approved the preliminary plat and building restrictions of the Plymouth Estates subdivision, located on Lilley Road; approved an application from Theodore Brown for rezoning of 28 acres on the east side of Ridge Road, north of North Territorial, for a senior citizens development and con-

vallescent home; and voted to table approval of the hardbacks and building restrictions of Woodbrook Subdivision, located north of Clare Boulevard and west of Sheldon Road, pending a special meeting on Dec. 22.

The Woodbrook Subdivision request from Stewart Oldford, Jr., brought some amazing developments when the Commission learned that all of the roads in the subdivision had been paved and installed.

Oldford insisted that he had permission of the Commis-

Twp. Aims To End Squabble

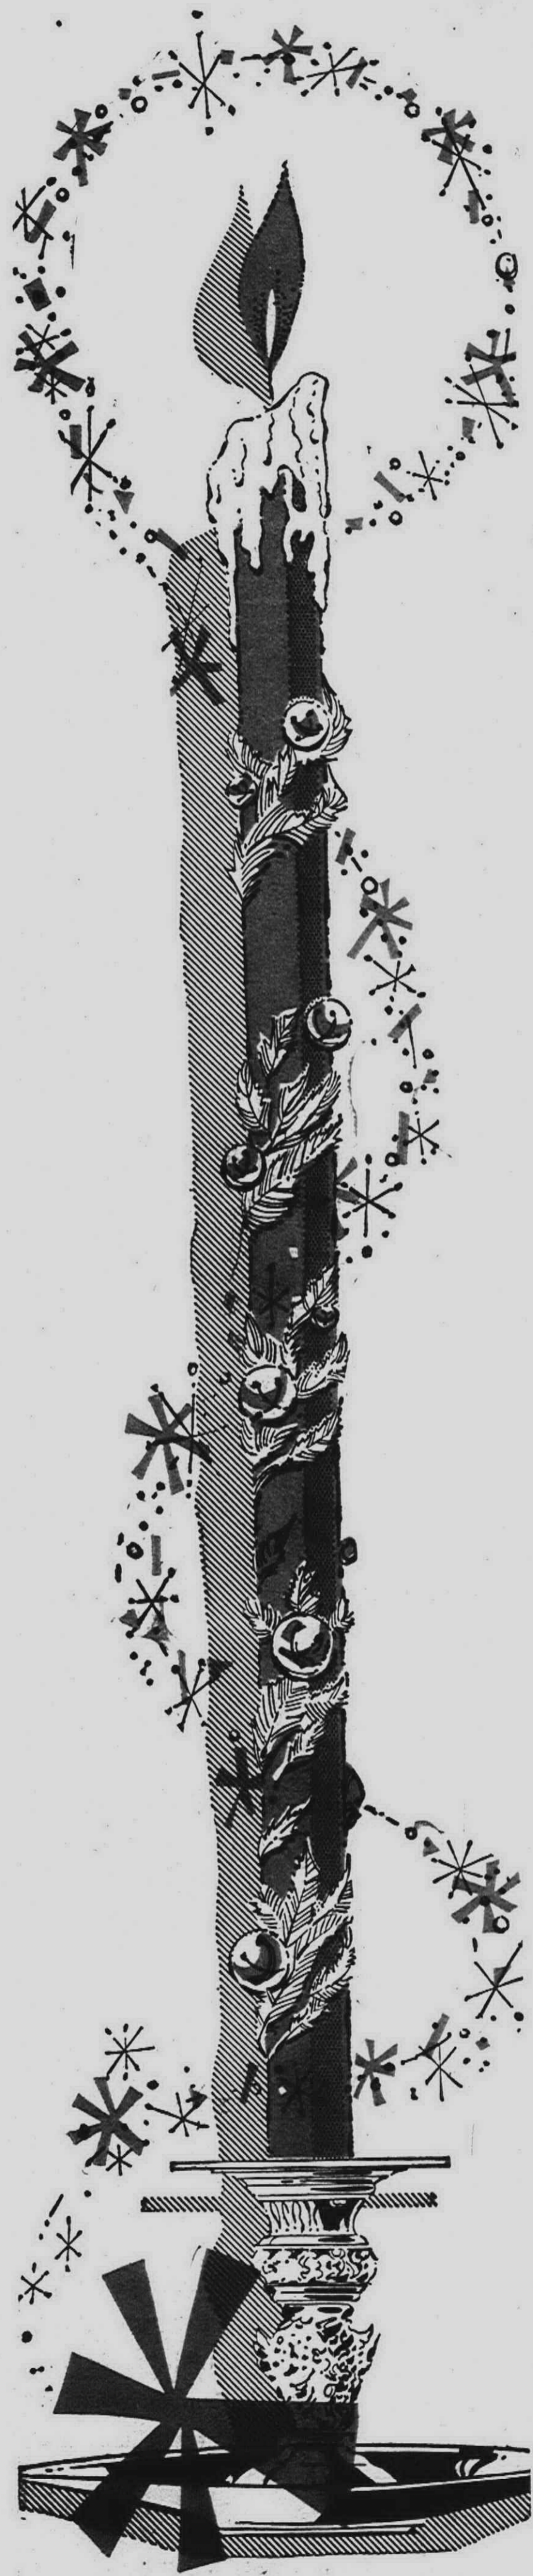

The long awaited showdown in the struggle between the Plymouth Township Civil Service Commission and the Fire Administration Board as to which has the power and control of the fire department is expected to come to a head when the two groups meet in the near future to try and draft a set of rules and regulations governing the department.

The Trustees received a copy of recommended changes in the Rules and Regulations as suggested by the Administration Board and after considerable discussion voted to order a meeting of the two groups to resolve their differences and draft a final set of rules and regulations.

There has been differences between the two groups ever since the Administrative Board was formed by action of the Trustees.

The Civil Service Commission, set up by state statutes under the provisions of Act 78, actually has given powers for the operation and regulation of the fire department.

The Administrative Board, set up by the Trustees, is a recommending body that also has delegated authority over the firefighters and the question

Worker Finds He Can Avoid Rent: In Jail

Jack Kelly, of Compton, Calif., apparently thought he had a foolproof method of defrauding owners of the Compton Village Inn, 28500 Schoolcraft, and the City Motel, 9939 Telegraph, Redford Township . . . but he discovered officers of the Detective Bureau of the Livonia Police Department aren't taken in by ruses.

Kelly, reportedly an employee of the Brodie Construction Co., in Dearborn Heights, had been staying at the Inn since early November and owned a bill of \$201.37.

He reportedly left with his luggage but without paying the bill and Inn officials immediately filed charges against him of defrauding an innkeeper.

Careful checking on the part of detectives revealed that Kelly had taken a cab and registered at the City Motel. There he had left one bag containing a jacket and other small items and taken another taxi to Plymouth where he reportedly wired to California.

Then he went to Lofy's, a well-known eating place at the corner of Lilley and Ann Arbor Road in Plymouth, to await an answer from his wire.

He was the most surprised man in the place when detectives stepped up and arrested him while he was enjoying a cold one.

Now he's in Livonia Jail where he faces a charge of defrauding an innkeeper.

DEATH STILLS YULE JOY IN 3 HOMES

Tiny Girl, Teenager, Father Of Seven Crash Victims

Christmas Day will be a jolly, happy occasion in most homes in the area and in the United States, but it will be a somber, sad affair in three residences as a result of tragic deaths during the past week.

Dear in highway and industrial accidents are:
Randi Redilla, 4, of 15779 Leona, Redford Township.
Ronnie Robinson, 16, of 9211 Elmhurst, Plymouth.
Jack Luallen, 34, of Cincinnati, an employee of Evans Products Co.

Randi, riding with her mother, brother and sister, was killed when the car collided with one operated by Richard Walters, 18, of 14009 Monica, Detroit.

Ronnie was dead on arrival at Botsford Osteopathic Hospital, in Farmington when a car in which he was a passenger flipped during an 80-mile-an-hour chase with Northville Police, on Eight Mile Road near Novi.

Luallen, father of seven children in Cincinnati, died from injuries suffered when a hydraulic jack slipped while he was working on his job as a car straightener at the Evans Plant in Plymouth Saturday morning. He was pronounced dead on arrival at Mt. Carmel Mercy Hospital.

Livonia Police are still investigating the death of four-year-old Randi. Witnesses told investigating officers that Mrs. Redilla pulled out of the parking lot exit at the Cloverlanes Bowling Lanes, on Schoolcraft Road near Middlebelt, in front of the oncoming traffic.

Young Walters was the front car in a string of traffic and witnesses told police, according to the reports, that he was unable to avoid a broadside collision. The impact threw all three youngsters and the mother to the pavement, but Randi was pinned under the front end of the Walters car. The mother and children were rushed to St. Marys Hospital where Randi was pronounced dead on arrival.

Mrs. Redilla suffered a broken leg and other internal injuries and is still confined to the hospital, but the others, Tommy, 2, and Linda, 3, were released later.

The police reports show that the two cars collided in the north lane of the westbound strip of the divided highway, skidded over the south lane and came to a halt in the island. The Redilla car suffered considerable damage on the side and front and the Walters car was battered in the front.

Ronnie was one of three Plymouth youths involved in the fatal chase.

In critical condition in Botsford Hospital is: **Donald Oden, 18, of 998 Arthur, identified by Northville police as the driver, and in serious condition is LeRoy Stultz, 17, of 9275 Marlowe.**

5 From Area Get Degrees From WMU

Five area students received degrees in the fall commencement services at Western Michigan University in Kalamazoo Saturday. The class of 850 included 695 bachelor degrees, 125 Master of Arts, 18 Master of Business Administration, 10 Master of Science in Librarianship and one Master of Music. The area graduates included: **Garden City — Robert Mathis, 6697 Cardwell, Bachelor of Arts.**
Livonia — John Cripps, 9906 Shadyside, MA; Mary Foster, 35427 Minton, BS — Secondary certificate; and Richard Priehs, 27842 W. Chicago, BS.
Plymouth — Ronald Peck, 357 Irvin, BS — Secondary certificate.

troldman Earl Van Cise, of the Northville Police, said they stopped to question a youth standing in front of an abandoned garage in downtown Northville about 3 a.m. Saturday morning.

They said the youth jumped into a car which shot out of an alley and raced onto Eight Mile Road.

Westfall reported the car ran two stop signs and was pulling away at more than

85-miles-per-hour when it went out of control on a curve, jumped the guard rail and bounced and rolled for 330 feet.

All three youths were thrown from the car. Police said they

found no evidence of a break-in in the area where the chase began.

Ronnie was the son of Mr. and Mrs. Thomas Robinson, who survived along with two sisters, Luvita and Charlotte,

and grandmothers, Mrs. Mollie Robinson of Hornbeck, Tenn., and Mrs. Ruby Kirby of Northville.

He was an 11th grade student at Plymouth High. Services were conducted Tues-

day in Obion, Tennessee. The body lay in state in the Schrader Funeral Home in Plymouth Sunday.

Luallen, who resided on Trumbull Ave. in Detroit, had been employed at Evans Products as

a car straightener for several months. He was working with a crew on a car when the hydraulic jack apparently slipped and he suffered internal injuries. He is survived by his wife and seven children in Cincinnati, O.

ADJUSTING THE SIMPLE wooden cross which marked the spot where she was told her mother was buried is Mrs. Beatrice Exarhos. At Livonia's controversy-ridden Brookdale Cemetery, gravediggers found nothing when they attempted to exhume the body of Mrs. Exarhos' mother, Angelina Perdikis, last week. Since then, three other exhumations have been attempted. Judge Joseph Rashid halted them Tuesday, after the body of an unidentified man was found in a grave belonging to James Davis.

Resident Thanks Police for Service

Police officers frequently make the news these days with reports of arrests and, oftentimes, alleged infractions of an individual's rights. The spectacular things are what makes the headlines and what people remember. What often goes unnoticed are the little things. The service provided by police officers. Last week the Farmington Township Board heard a letter thanking the Township Police Department for this kind of service. The letter from James Penhale, who lives at 28653 Drake Rd., in the Township, expressed gratitude for Police concern and assistance on the night of Dec. 4. "The occasion took place when our telephone went out of commission," Penhale recounts, "and my friends Mr. and Mrs. Joseph who live in Detroit attempted to let me know that they arrived home safely from a trip." Penhale said that when the Josephs could not contact him they contacted the Township Police fearing that something might be wrong. It was after midnight and in less than 10 minutes the Township Police contacted the Josephs to let them know everything was alright. Patrolman Allen Nalapi answered the call and visited the Penhale home to check it out.

Bribery Charges Levied During Ellerhorst Trial

Recorder's Court Judge Vincent J. Brennan has requested Attorney General Frank J. Kelley to instigate an investigation into bribery charges made during the Ellerhorst trial.

Brennan states an attempt has been made to intimidate a witness and to obstruct justice and that he wants Kelley to find out who is responsible.

The witness referred to by Brennan is **Donald Sundberg, 38, of Sylvan Lake.** After being cited for contempt for refusing to answer questions during cross-examination, Sundberg accused Garden City Municipal Judge Russell L. Swarthout of offering him \$1,000 if he would accuse his attorney Evan H. Callanan, of Garden City, of offering \$10,000 if he would refuse to testify.

Sundberg claimed Swarthout gave him a down-payment of

\$200 to make a false report to police and the Wayne County Prosecutor. Sundberg, a former employee of Lester C. Ellerhorst, is named as a co-conspirator in the Ellerhorst case.

Ellerhorst, a Garden City contractor, is on trial with two other men on charges of attempting to extort money from and murder Swarthout, Rep. James Tierney and attorney Arthur Birchman. Named as co-defendants are Edward Szeles, 34, and James Clark, 46, both of Florida. Ellerhorst is presently represented by Joseph Louisell of Detroit.

The bribery charges added momentum to a continuing verbal exchange between Swarthout and Callanan.

Callanan had filed a \$500,000 libel suit against Swarthout following remarks made by the Garden City Judge about Callanan when Swarthout was indicted on charges of income tax fraud.

Originally, Sundberg said he refused to answer because he did not want to influence his pending trial in Federal Court for a bank robbery in Otisville. After being cited for contempt, however, Sundberg changed his story and told Brennan of the bribery inci-

Bank Staff Remembers 'Forgotten Patients'

For the past ten years, employees of the Livonia National Bank, instead of opening presents from each other under their bank's Christmas tree, suddenly find, a week before the holiday, that their gaily-wrapped boxes disappear. Each has bought a gift for a name received, or several have banded together, but the destination is Northville State Hospital and the beneficiaries are its "forgotten patients" and those, under the hospital's supervision, who are on Family Care in homes in the nearby communities.

As the number of bank employees, with the establishment of each new branch, has increased, more patients each year could be remembered.

This year, 77 employees received slips, each of which outlined gifts which would be useful for a patient. Since 1958, Mrs. Helen Huebner, secretary to the bank's president, Elvin Daughterty, has served as coordinator of the effort for the bank's employees.

"When we note such practical and genuine requests, such as for tobacco, clothing items, goodies, deodorants, and stationery, we are pleased that we switched from exchanging gifts among ourselves. I have been noting that my fellow employees gain more of the true spirit of Christmas through a plan such as this one," said Mrs. Huebner.

"We feel confident that these remembrances of the hospital's forgotten patients are worthwhile."

An important witness in the Ellerhorst case so far has been Floyd Kupkowski, 15961 Foch,

Livonia. He is a restaurant operator and former business associate of Ellerhorst.

Kupkowski testified that Ellerhorst said he was going to

Trio Admits Thefts From Sears Store

Livonia police are holding two carpenters and a painter, all from Detroit, on charges of investigation of larceny from a building when they were nabbed taking articles from the Sears store in the Livonia Mall.

The trio includes: **George Juengling, 20547 Dewey; Donald Mac Innes, 17438 Woodbine; and Gene Manis, 18187 Stout.** They were employed at Sears under a special contract with a painting and carpenter contractor.

Louis Haitz, director of security for Sears, charged the trio with stealing articles valued at more than \$274 over a period of several months, according to Livonia Police reports.

The trio were nabbed by security police and then turned over to Livonia Police where they admitted the thefts after questioning, the reports show.

They were to appear before Municipal Judge Robert Lorton on the charge of investigation of larceny from a building.

GIFT COORDINATOR Helen Huebner, left, shows a gaily-wrapped gift to two of her helpers, **Joye McCort, center, and Eleanor Bobilin.** Some 80 employees of Livonia National Bank's four offices are sending presents to over 200 patients at Northville State Hospital who are without any known relatives.

Gifts for Veterans

The Livonia Auxiliary to Post 3941, Veterans of Foreign Wars, at their last meeting, Dec. 8, held inspection, and the inspecting officer was the Fourth District President Bernice Wilson. Two new members received their obligations. They were Doris Prime and Waumita Frost. After the meeting, refreshments were served.

On Nov. 10, in honor of Veterans Day, the Auxiliary presented 14 American flags to youth groups, Boy Scouts, Cub Scouts, Cadet Girl Scouts and senior citizens. Three past mem-

bers were present at presentation. On Dec. 15, two Auxiliary members attended the C.C.A. meeting given at Roma Hall by a radio station coffee hour.

On Thursday, Dec. 16, the Auxiliary celebrated their annual Christmas party by packing cookies, apples, stationery and canteen for 100 veterans at Ann Arbor Veterans Hospital which were delivered on Dec. 19 by Post and Auxiliary members. After the work was done, refreshments were served and gifts exchanged.

CHECKING OVER THE GIFTS for the Lapeer Children are l. to r.: Members of Redford Suburban League Chairmen Jessie Sandison, 14203 Fenton; Suburban League President, Betty Bubb, 12836 Lenore; League vice-president, Evelyn Kramer, 26545 Ross Dr.; and Doris Kirton, 26225 Cathedral; a member of the publicity committee.

RSL—Women With A Purpose

The "first" gift on the Christmas list for Redford Suburban League members was a gift for the forgotten children at Lapeer State Hospital.

This philanthropic organization with a membership of nearly 300 energetic and devoted women donate their time and project funds to help the mentally retarded.

One of these is a scholarship for students and teachers in the field of special education.

The R.S.L. has been cited by the Michigan Association for Retarded Children for outstanding work in the field of retardation and were also awarded the second prize for the outstanding project of the year by the Federal Department Stores in 1964.

Good Hope Lutheran To Display Chrismon

For the fifth straight year, the Chancel of the Good Hope Lutheran Church, 28680 Cherry Hill, Garden City, is all aglow with the Chrismon tree.

And that is Chrismon, not Christmas tree. Chrismons are Christ's monograms and consists of pearl and gold beads, gold mesh and fringe, woven on frames of wire or styrofoam, into a symbol which represents Christ's life in one manner or another.

MARY CATHERINE HEALY

Mr. and Mrs. Peter J. Healy of 17321 Olympia Ave., Redford Township, announce the engagement of their daughter, Mary Catherine, to George A. Ross, son of Mr. and Mrs. George A. Ross, 17355 Glenmore Avenue. The bride-elect attended St. Marys of Redford High School. The prospective bridegroom attended Redford Union High School. George Ross is currently serving in the U. S. Navy as a machine accountant, third class. The wedding is scheduled to take place in the fall of 1966.

The tree top is adorned with an ascending dove in a tre-foil, depicting the Holy Ghost in the Tribune God. The dove is the creation of chairman Mrs. E. Lebourdais of Garden City.

The Chrismon tree is a project of the Good Hope Churchwomen who repair and replace the symbols and decorate the tree the first week of Dec. each year.

An open house will be held at the Good Hope Lutheran Church on Dec. 26 from 2 to 5 p.m. for anyone who might wish to view the tree at close range.

An explanation of the Chrismons will be available at the church until Jan. 6 when the ANEMIC A man is blue because the high cost of living bleeds him white and keeps him in the red.

'Queen' Makes Christmas Goodies

By FAITH GILLESPIE

Here it comes, ready or not; they won't postpone Christmas. Early in November, I was sure that this year I would have everything in hand, so that this Christmas would be calm, serene, tranquil. For a change. The cookie jar would be full to brimming. (Where have all the cookies gone?) The house would be full of holly and holy music. (Fresh holly, the real kind that smells so good, seems to have gone the way of the earthen butter crock, displaced by plastic, odorless.) And of course we would have done our Christmas shopping early. (But someone mixed up Santa's orders, and sent the wrong dollies.)

So here we are, in the stretch, or down to the wire, or whatever they say in horse racing, and you know what horse is racing.

My sensible King of Hearts, bless him, points out that since crises seem inevitable, one should leave ample time to handle them. Well, what kind of crisis is it that you can plan for? Not the kind that I have.

Who would plan on getting a big ink spot on the front of Robin's white Cherub. Choir robe an hour before the concert... Robin, eyes big as ink blots, watching? Lucky it happened before I got it hemmed, and not after.

It wouldn't have happened at all, except I couldn't find a needle (I only have three), and when I did find one, it was all gum-droppy from stringing gum drop garlands for the tree. (I had forgotten about that, because where have all the gum drops gone?) So I set the robe down on my uncapped pen by the Christmas letters, yet unmailed...

Anyhow, I dug up an old sheet and made a new notice. I bet almost no one even noticed that cherub in the front row whose gown wasn't hemmed.

By that time, I find myself getting more and more excited about Christmas Eve Afternoon. It is then that Daddy takes the six verging hysterics out all afternoon, and I can sit in the bath tub for maybe two hours... it's my Christmas present, and I cherish it more than I would a mink, that long, leisurely, uninterrupted bath.

Because suddenly it is Christmas, and the house is warm and homey without holly. The carols will play on the hi fi, and we can buy some cookies, and the children will come home bursting with pleasure with the gifts they bought for each other. Peace will descend.

After supper, we will have our own punch-and-cookie party. We will light all the candles and turn on the tree lights, and

Compton Turns Into Christmas Village For Holiday Season

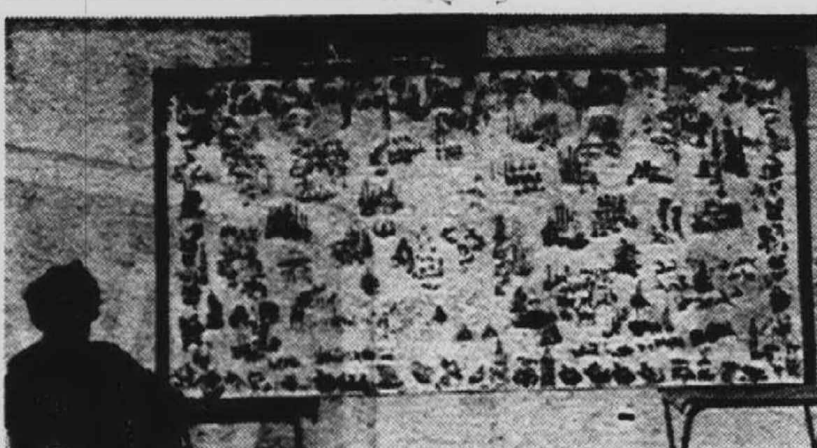

Compton Village Civic Association residents should have their Christmas decorations turned on bright and beautiful on Wednesday, Dec. 22 (tonight) between 6 and 10 p.m.

A panel of three judges will be touring the area with the Detroit Edison's musical calliope to judge the best of the Christmas Village of Compton.

Four hundred dollars of prizes have been offered by the area merchants for the most beautiful, original, and/or unusual outdoor decorations.

Judges will be Benton Yates, Superintendent of Livonia schools; Phillip Tanguay, Manager of Livonia Chamber of Commerce; and Myra Chandler, Publisher of Observer News-papers.

Pictures will be taken by The Observer of the winning homes.

LENA STABLER sits next to her 8-foot x 4-foot Christmas card which took her 20 years to complete. This card she calls "Holiday Scene." It is composed of cards she has received. She has cut them out and made a gay, festive scene which sparkles with bells, wreaths, reindeer, mistletoe, Santas, everything that goes into making a Merry Christmas.

You Can't Mail These Christmas Cards

Two gigantic white cardboard Christmas cards are on opposite walls. They are surely the largest there are—8 ft. by 4 ft. to be exact. One is named "Christmas Villages" and contains replicas of every type and size of village surrounded by woods and by clusters of trees. Some sequined, some painted, some jeweled, some carved.

The other card is named "Christmas Holiday" and bells, garlands, Santas, sleighs, and reindeer leap across the surface in gay profusion.

These cards represent 20 years of careful painstaking work by Lena Stabler. When Archie Stabler retired twelve years ago, it was not the end of a busy, active life for the Stablers, but rather the beginning of a new one with plenty of opportunity to indulge their absorbing hobbies.

From the moment you enter the door of their spotless home at 14122 Fenton, Redford Township, you see evidence of Lena Stabler's artistic ability. There are shell pictures on the walls, and attractive shell arrangements on the tables. These are souvenirs of their Florida trip. She even made a special one for her husband's den. "I put a mermaid in his picture," she laughed.

Her engrossing work with the Christmas cards began when she hated to throw away the beautiful cards when the season was over. She wanted to find some way to display them, and hit upon this novel scheme. She follows no set design, just arranges according to her own inspiration. Articles are cut out, some minute in size, arranged with tiny pins until a design is formed and then glued to the surface.

While his wife is busy with her art work, Mr. Stabler keeps well informed on the current events of the day.

It is hard to imagine what project could possibly top this Christmas card one, but we're sure the Stablers will manage to find one.

Diane Valenti, sister of the bride was maid of honor. Bridesmaids were Sandy Jimco, Dawn Williams, and Linda Valenti.

The bridal attendants wore floor-length gowns of gold and moss green tulle and lace. They were fashioned with a bateau neckline and three quarter length sleeves. The Empire styling had olive ribbon around the bodice with a bow and streamers in the back.

The gowns were designed with a sheath skirt and bustle effect. The headpieces were of olive velvet roses and circle veils. The maid of honor carried miniature gold roses. The bridesmaids' were gold sweetheart roses and carnations.

Theodore Felegy served as best man. Ushers were Ronald Hittle, Lyle Monette, and Les Matthews.

Mrs. Valenti wore a dress of turquoise and green tulle with matching jacket. Mrs. Daenzer chose a silver brocade ensemble.

See You There!

Plan to hear Capt. C. A. Hall speak on the Viet Nam situation at the VFW Hall on Mill St. in Plymouth on Wednesday, Dec. 22. This talk is co-sponsored by the Mayflower Post of the VFW and the American Legion. Refreshments will be served after a question and answer period. The public is invited.

There will be a Christmas Sale of hand-made gifts made by the residents of Marycrest Manor. The display of beautiful articles is available everyday from 10:00 a.m. to 8:00 p.m.

Valenti-Daenzer Wed In Double Ring Ceremony

Connie Gayle Valenti wed John Allen Daenzer in a double ring ceremony at Grace Lutheran Church in Detroit on Nov. 27. Pastor Victor F. Halboth, Sr. officiated at the 6:30 wedding.

The bride is the daughter of Mr. and Mrs. Jack Valenti of Farmington.

The groom is the son of Mr. and Mrs. Clarence Daenzer of Bay City.

The bride selected a floor-length empire gown of silk peau de-soie and Alencon lace with seed pearls. The fitted bodice was designed with a portrait

neckline and long, tapered sleeves. The chapel train attached in front was accented with lace applique and pearls.

The bride's illusion veil fell from a crown of the same lace trimmed with pearls. She carried a bouquet of cymbidium orchids and stephanotis.

The January meeting will also be held in North Farmington High School. At this time, Mrs. Maureen Scramlin, state women's delegate, will be our guest speaker and will present to us at that time a resume of her trip to Ireland. Slides on farming methods overseas will be shown. This should be an interesting meeting and warrants good attendance. Members are urged to bring their friends who may be interested in this type of program.

A reception at Glen Oaks Country Club followed the ceremony.

Mr. and Mrs. John Daenzer have now returned from their honeymoon in New York City and are at their residence in Muskegon Heights, where Mr. Daenzer is Distributive Education Coordinator for Muskegon area high schools.

West Farmington Farm Bureau Holds December Meeting

The regular monthly meeting of the West Farmington Farm Bureau was held in North Farmington High School on Tuesday, Dec. 14. The evening started out by participation in a very delicious catered Christmas dinner. Mrs. Blanche Gilson, assisted by Mrs. Mary Heintz, Mrs. Shirley Hults, and Mrs. Pearl Tamm were responsible for the lovely table arrangements carrying the holiday motif, which put those in attendance in a very gay spirit.

The meeting was called to order by Chairman Louis Gilson at 7:45 p.m. followed by the Salute to the Flag led by Russell Gaston. Twenty-five families were represented with a total of 49 persons present, including five guests.

Committee reports were made in brief. Mary Green, recreation leader, focussed attention on charter members and those having the longest number of years in membership with the organization.

The January meeting will also be held in North Farmington High School. At this time, Mrs. Maureen Scramlin, state women's delegate, will be our guest speaker and will present to us at that time a resume of her trip to Ireland. Slides on farming methods overseas will be shown. This should be an interesting meeting and warrants good attendance. Members are urged to bring their friends who may be interested in this type of program.

The following young people of the Luther League of the church will be in the presentation: Readers, Joyce Stiner, Christine Piehe; Minister, Gary Hawkins; Pedro (Boy of 12), Fred Reicks; Little Brother (Boy of 7), Mark Coir; Mother of boys, Linda George; Old Woman, Lee Ploussard; Maria (A young woman), Pam Lehman; Felecia (A young woman), Lynda Piehe; The King (Man with gray beard), Ron Coir; The King's Attendants, James Reicks, Ron Klein, Dave Hogg, Charles Helwig; Congregation, Virginia Cramer, Pat Dunlop, Sharon Buffington, Michael Cartwright, Richard Johnson, Donna Tucker, Harriet Loomis, Cheryl Nasser.

JEANNE WYLLIE, former homecoming queen of Bentley High School, Livonia, was crowned Miss Model of the Future. She was sponsored by Little Mary's Dress Shoppe in Detroit. She is the daughter of Mrs. Dorothy Wyllie.

"Christmas With Christ" Theme Of Southfield Church

Continuing its December theme of "Christmas with Christ" the Southfield Community Church, 21122 Indian (between Beech and Inkster, North of Eight Mile) will have its Christmas worship on Christmas Eve from 11 p.m. until midnight in the form of its traditional Candlelight Carol Service, according to Pastor Raymond Bayne.

In a beautiful candlelight and Christmas decoration setting, the service will feature singing of the traditional carols with emphasis on the spiritual meaning and value of each. The program will be designed so that each worshiper may realize the full impact of the meaning of Christmas in their Christmas day observance. Special music will include numbers by Mr. and Mrs. Warren Ottey, of Coatsville, Pa., the Ladies Choir, and the Girls Quartet.

On the Sunday evening following Christmas, at 7, the church will have its annual Student Night and Homecoming Service. The meeting will be in charge of the college age young people, featuring especially those who are attending school out of town, but with musical numbers and testimonies and participation by most of the students. Following the service, the at-home college young people will have a tea and reception for the away-from-home young people.

The holiday observance will close on New Years Eve with a showing of the beautiful color film, "The Tony Fontaine

Story" at 8:45, and a Watch-night Service at 11 at which Rev. Orland Thompson, pastor and missionary from the church will speak.

Be A Movie Star

There'll be a lot of folks strolling in their own movies after Christmas day. If you want to be one of them, you'd better hurry! Our stock of new KODAK INSTAMATIC Movie Equipment is going, going, going.

Just in case you don't know, these are the new cameras that load instantly with a cartridge, that never need winding, that let you shoot a whole roll of movies without stopping if you like. They use the new Super 8 film that has 50% bigger pictures on the film, for brighter, sharper movies on the screen. We had three different camera models, and nine different models of the KODAK INSTAMATIC Movie Projectors. But that was the last time I looked. So if you've even been thinking about these new natural movies, you'd better stop by soon.

There's a good chance your neighborhood will look like it's having an electrical storm come Christmas night. Judging from the way people are buying the new KODAK INSTAMATIC Camera with flashcube. These are the new instant-loading cameras that use flashcubes, instead of flashbulbs. Like earlier KODAK INSTAMATIC Cameras, they load with a cartridge and are child-simple to use. Now with the flashcube convenience, flash pictures are easy and fast to take. Even a four-flash picture sequence of your youngest opening his special gift is easy. But if one of these new flashcube cameras is going to brighten your holiday, don't wait a moment longer. Stop in tomorrow for a few minutes. Early. Let us help you make this a Christmas you'll always remember, in pictures.

MR. AND MRS. ALLEN W. KREINBRING

Shuring-Kreinbring United in Marriage

Sue Shuring, daughter of Mr. and Mrs. Adrian Shuring of Livonia and Allen W. Kreinbring, son of Mr. and Mrs. Melvin Kreinbring of Detroit were united in marriage on Nov. 20. The marriage took place at St. John's Episcopal Church in Ypsilanti with Rev. Brown, chaplain of Eastern Michigan University officiating.

The bride was given in marriage by her father. Her gown was a sheath style peau de soie dress with elbow length sleeves and boat style neck. It had a fitted midriff and was decorated with an alencon lace medallion. The dress had a floating panel in the back.

The matron of honor was the bride's sister, Carol Pickles of Meadowbrook Lane, Livonia and the maid of honor was Carol Hessler (her former room-mate at college).

The girls wore two shades of blue velveteen, floor length, sheath style dresses.

Patty Pickles (three years) and Michael Pickles (five years) niece and nephew of the bride were flower girl and ring bearer.

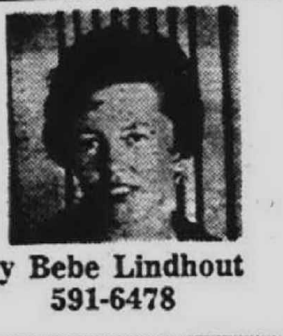

The best man was brother of the groom, David Kreinbring and the ushers were fraternity brothers, Terry Raven, Dave Bianco, and Ed Moss.

Honored guests were the grandfather of the groom, Mr. George Kreinbring and godparents of the groom, Dr. G. E. Kreinbring and Mrs. Andrea Keekfeldt.

At the reception in the evening the Sigma Sigma Sorority sisters and the Theta Chi Fraternity brothers serenaded the bride and groom.

Friends from Detroit, Livonia, Warren and Plymouth as well as Ypsilanti were present.

A CHRISTMAS WISH
I am thinking of you today because it is Christmas and I wish you joy.
And tomorrow, because it is the day after Christmas, I shall wish you joy.
Mayhap I cannot tell you about it from day to day, for you may be far away, or we may be entangled with the things of life.
But it makes no difference—my thoughts and my wish will be with you.
Clear through the year, without pretense, I wish you the Spirit of Christmas.
—Van Dyke

MR. AND MRS. J. J. SCHREIBER announced the engagement of their daughter Paula to Mr. Terry Stein this week with a delightful Open House, Paula, just through with final exams for U-M's fall term, was wearing a stunning cranberry silk dress as she greeted her guests . . . while Mrs. Schreiber complimented her daughter by choosing to wear a deep turquoise wool.

BOTH PAULA AND TERRY are in their junior year in Ann Arbor. Terry, the son of Mr. and Mrs. Roger Stein, graduated from Dearborn High School, while Paula studied at Bentley.

IN ADDITION to their many friends in Livonia, well-wishers included Terry's brother and his wife, Mr. and Mrs. Michael Stein, who drove up from Toledo and Paula's aunt and uncle, Mr. and Mrs. Nicholas Schreiber with their son, Roger, who lives in Ann Arbor. Fellow students that were able to come over were Peter Beebe and Patricia Riddell, both of Dearborn, Judy Watts from Elyria, O., and Richard Katzman of Huntington Woods.

PAULA AND TERRY plan to be married at St. Paul's Presbyterian Church on Aug. 20. They will complete their senior year in Ann Arbor together and look forward to going east for graduate work—he in medicine, she in education.

HELEN AND GEORGE ZAMPAS entertained friends this week with movies taken on a trip in Greece last summer — Mr. Zampas allows as how he'd like to make the trip again, and leave his camera home, so that he might more enjoy all those things he took pictures of! However, their guests were glad he is such a marvelous photographer . . . Lila and Cleve Masson, Elvira and Duane Egeland, the Ed Bozeks, the Art Youngs and Mary and Jim Bonadeo were captivated . . . the Youngs and Bonadeos busy taking notes as they plan a European trip next spring.

. . . P.S. That's right, that group includes a Mrs. America and a Mrs. Michigan . . . there should be a way to indicate these things without spelling it out!

MEMBERS OF LIVONIA BPW were so pleased that their president, Donelda Woodward, was able to join them at their Christmas party last week. Mrs. Woodward, who had recently been in the hospital for surgery, joined the women and their husbands at Livonia Penthouse for dinner . . . but left the dancing to the others!

The party was planned by Madeline Leedon and her committee . . . Julia Jewell, District President of BPW was among the guests . . . the clever Christmas table arrangements were given away as door prizes.

Lillian Kerr, also at the party, tells us she has been named chairman for the BPW entry in the Community Awards Contest being sponsored by WERB.

Plymouthites Hold Gala Christmas Walk

THE STAGING OF THE SEVEN HOMES and the Mayflower Hotel Lobby were in readiness Thursday and brought over 400 people out to see the unique Christmas decorations.

The Christmas Walk was sponsored by the Michigan Division of National Farm and Garden Associations Plymouth Branch. The E. G. Ott Home featured "Christmas with the family." She chose bronze and green decorations for her formal living room. The family room had naturally appealing wheat and cornstalk arrangements and a nativity scene, the figures of which were all handmade.

The A. D. Johanson home on Turkey Run was aglow with atmosphere from the moment of entrance. A crackling fire in a Ben Franklin stove had an old fashioned evergreen decorated in the traditional manner beside it.

THE BRUCE RICHARD HOME

on Ivanhoe Drive brought the fragrance of a freshly cut Douglas fir tree, throughout the home. Only fresh greens were used.

The George Rowland home on Warren featured restful blues and greens. An avocado linen cloth with royal blue net and deep blue candles caught many glances.

A welcome pause was at the James Gilbert residence where hot coffee was served. A shimmering gold tree with jeweled hand-decorated eggs trimmed in jade, rhinestones, pearls and rubies was featured.

Shadbrook in Stuyvenberg home, and Christmas motifs dotting the draperies and noticeable fresh flower arrangements.

The Howard Hill house on Evergreen was most attractive with a topiary tree in the foyer. Carolers, made from magazines were featured atop the piano. The figures of Mary and Joseph

Pinatas Add Spice to Party Decorations

If you are planning any kind of a children's party (or grown-up too for that matter), for the holidays and would like something different, why not try Mexican Pinatas? These are wonderful ornaments filled with toys, which are suspended from a vantage point in the room.

The players form a circle around the Pinata, which is hung from its string. The first contestant is blindfolded, and given a spin to lose direction. Then, with a short stick, he's allowed five swats to find and break the Pinata. It is more difficult than it sounds, and many turns are required, adding to the merriment of the game. When the pinatas are finally broken a cascade of small toys

and wrapped candies come rushing down to be shared by all. The one drawback to the pinatas has been that sometimes they are difficult to send away for, and also they are somewhat expensive. Mary Checketts of the Longacre PTA in Farmington combined ingenuity and some hard work and devised the following Pinatas which can be made at home.

Mary Checketts Mexican Pinatas:

1. Blow up balloons several days ahead of the day the pinatas are needed.
2. Cut up strips of newspapers, too long a strip is not only hard to handle but also produces more wrinkles.
3. Apply three layers of paper strips which have been dipped in a thin paste . . . made of either flour and water or wall-paper paste and water. Apply each layer separately and let completely dry over night before applying next layer. Hint: The second layer is much easier to apply if you used colored funnies for then you can see where you've applied the strips on both the second and third layers. (The third newspaper layer is plain again.) Make sure each layer is thoroughly dry.
4. When the papier mache is completely dry after all layers have been applied, prick the side to break the balloon; then cut a small opening which will be used when needed for filling the pinatas with candy and toys.
5. Decorate as you wish, as plainly or as fancy as you want. Use any material or paint in the house, even nail polish, crepe paper in narrow strips, construction paper, etc.
6. You may attach the heavy string in two different manners: #1 Wrap it around the pinatas after finishing all the papier mache like you would a package and then at the top, attach a long heavy string which could be tied to the ceiling, the crepe paper goes over this. #2. Put the string on like #1, only after completing the second layer of papier mache, then complete the third layer of mache over this.
7. After filling the pinatas you can either cover the hole with several layers of crepe paper to match the rest of the figure or use scotch tape and attach the lid on hinges.

PLANS FOR THE MOST extensive opera education program undertaken by the Detroit Grand Opera Association, Overture to Opera V, were inaugurated at a luncheon hosted by Mrs. Lynn A. Townsend, General Chairman (right). Seen with Mrs. Townsend is Mrs. Charles Levy, 20246 Maplewood, Livonia.

Livonia Opera Buffs Prepare for Season

An expansion of the extensive opera education program undertaken annually by the Detroit Grand Opera Association has been announced as a forerunner to the 1966 visit of the Metropolitan Opera Company to Detroit by Mrs. Charles Levy of 20246 Maplewood, Livonia, a local member of the Association.

Announcement of the program, "Overture to Opera V," was made jointly by Mrs. Levy, Mrs. Lynn A. Townsend, of Bloomfield Hills, general chairman of the 1966 Metropolitan Opera Season, Mrs. Max M. Fisher, of Franklin, general chairman, and Dr. David Di Chiera, Assistant Dean for Continuing Education in the Arts at Oakland University, who serves as Chairman of the Education Committee of the Detroit Grand Opera Association, as well as Producer and Musical Director of "Overture."

Included in "Overture" will be the first scene from "Faust" and the famous "Mad Scene" from "Lucia di Lammermoor," both operas which will be included in the repertoire presented by the Metropolitan Opera Company during its week-long engagement at Detroit's Masonic Temple in May, 1966. In addition, the first act of "The Marriage of Figaro" and the first scene of "Der Rosenkavalier," two operas not included in the Metropolitan Opera Season, will be presented by "Overture."

Once again, the cast of "Overture" will be recruited from the leading operatic voices in this section of the country. Included in the interchangeable casts are Maria Bahas, Imogene Bird, Lee Davis, Alice Dutcher, Carolyn Grimes, Edward Kingins, Ernestine Nimmons, Russell Smith, and Faye Turner.

In all, 16 performances will be offered in the metropolitan Detroit area, including three in

Detroit, two at Rackham Auditorium and one at Marygrove College, two each in Royal Oak, Pontiac, and Hamtramck, and single performances in Oak Park, Lincoln Park, Mt. Clemens, Dearborn, Trenton, Grosse Pointe, and Windsor.

The presentation will be offered in schools and community buildings. A complete schedule of dates and times will be announced in the near future.

Following the Saturday concert, choir alumni have been invited to a reunion in which they will be honored at a dinner and reception.

REV. J. EDWARD SEIFEN, Pastor of St. Aidan Parish, Livonia, accepts a "\$1,500 cake check." Members of the Men's Club presented Father Seifen the cake and a bonafide check as proceeds from the annual Men's Club Dinner-Dance.

Ice-Cream Santas

Christmas time is traditionally for the enjoyment of children, and many desserts and candies are created especially for them. However, there is a limit to the amount of rich food they can safely consume.

Mary Checketts found that the following recipe for Ice Cream Santas was very popular not only with her own children but with their guests. Festive in appearance, they are relatively wholesome to digest.

MARY CHECKETTS ICE-CREAM SANTAS
One large scoop of strawberry ice cream or raspberry sherbet for Santa's body. Use three silver draggles for buttons. Strip of licorice for belt. A head which is on a pipe cleaner (sold in stores). These may be made ahead of time and stored in the freezer until ready to serve.

TO STAY WITH TIMES:

Urge New Teaching Methods for Proposed Livonia School

Many hours of hard work are reflected in two recent reports dealing with Livonia School District's proposed fourth high school, hopefully to be completed during the summer of 1968.

One, "Educational Specifications For A Fourth High School," was prepared by a school staff steering committee and staff working teams, advised and assisted by a citizen's review and advisory committee. It contains almost 200 pages of recommendations.

The other is the "Interim Report" of the advisory group.

Changing conditions are noted in a section of the first report dealing with "Trends in Senior High School Education."

"The almost incredible explosion of knowledge threatens to overwhelm us," it states, "unless we can find, and quickly, some intelligent solutions to

problems created by the new and growing wealth of information.

"At a time when there is so much to be learned, and so urgent a need to learn it, we must create new teaching methods and adapt old ones to accelerate and enrich the teaching-learning process."

Emphasis on increased use of carrels brought some reaction at the board of education meeting where the two reports were presented Dec. 16.

(A carrel is a small enclosure designed for individual study or reading.)

A suggestion to provide a "transitional" area of 7,200 square feet in the industrial materials section with facilities for seating 300 students at carrels was countered in the interim report: "the basis for this area is highly questionable."

One of the reasons listed

indicates that "it is highly unlikely that 300 individual carrels could be utilized effectively."

Comparative expenses of building in Livonia show that Franklin High School, for which bids were taken in 1960, cost \$3,107,000, broken down to \$12.80 per square foot for an area of 243,050 square feet.

Stevenson High School, bid in 1964, with an area of 247,800 square feet cost, \$3,946,000 for a cost of \$15.93 a square foot.

Construction costs for the proposed school, based on 364,620 square feet are estimated at \$7,694,000 based on a square foot cost of \$18.

This expense figure does not include architectural and engineering fees or equipment.

Cecil H. Alford, assistant superintendent for plant planning, stressed the "preliminary" nature of the report and said, "We will probably cut down total square footage after further review."

Dr. Donald E. Friedrichs, director of secondary education, called for a "significantly different high school" and noted that the school staff is "excited" by recent trends in American Education and how they might be reflected in the new building.

Ray L. Francis, chairman of the citizens committee, said his group had been meeting weekly for the past three months.

"Our committee recommends that the building should not differ grossly in size and cost from the other high schools," he said.

"It should be derived in concept from Franklin and Stevenson High Schools."

Trustee Dominick A. Taddonio expressed concern about the size of the building but was assured by School Supt. Benton Yates that cuts could possibly be made in such areas as the instructional materials, industrial education, physical education sections and size of auditorium.

Business Administrator Roland H. Upton declared, "This bond issue must pass in January if all school children are to be kept on full days in 1968."

In addition to the chairman, Ray Francis, other members are John M. LaRue, David Merrion, Mrs. Millie Yeats, Harold E. Schoen, Ray C. Rogissart, Vernie F. Richards, James F. Callow, and George Teahan.

Others are Mrs. Donald Wilcox, Mrs. Margaret Waterhouse, Lee E. Landes, V. C. Reddy, Donald Templin, Donald Murch, Robert Phillips, Richard E. Chaplin and Pastor D. B. Krueger.

Serving on the staff steering committee headed by Cecil Alford are:

High School Principals David Amerman, Jack Comstock and Jay Formosa; and secondary subject coordinators Kenneth Cogswell, Arlie Fairman and Charles Zoet.

Others are Viola Fitch, instructional materials coordinator; Robert Wakely, architect; Lynn Gilmore, executive secretary of Livonia Education Association; Dr. Donald Friedrichs, Rolland Upton, Benton Yates, and Dr. Paul Johnson, assistant superintendent for instruction.

PLYMOUTH DPW DIRECTOR Joseph Bida (right) was elected president of the Southern Michigan Sewer and Water Utility Ass'n. at a meeting last week attended by 200 persons from cities and townships in southern Michigan. Congratulating him is last year's president, Ken Squires of Waterford Township (left).

School Question Box

For the benefit of thousands of new citizens who moved into Livonia this year and to older residents seeking information, the Observer will again run this weekly Question Box to answer reader queries about the upcoming school bond and millage election and to answer any other questions relating to the education of children and adults in the 39 square mile Livonia school district.

Please send your questions to School Question Box, The Livonian Observer, 33050 Five Mile Road, Livonia, Michigan.

The initial group of questions answered below were raised by staff members. The Observer will, where necessary, get the answers to your questions from the best informed educational, legal, civic, or legislative authority. If you don't ask, you may never know!

- Q.** How many children are now attending district schools and what is the word on future growth?
- A.** This year 30,600 children from Kindergarten through high school are enrolled. In 1958-9 the enrollment was 12,594. In 1968-9 school officials are planning buildings to take care of an anticipated 38,650 pupils.
- Q.** Why are junior high school children housed in the new Adlai Stevenson High School?
- A.** There are several good reasons. The Oliver Wendell Holmes Junior High will not be finished until late next year. By the time they vacate their Stevenson space to move into their own school, which is being built less than two miles west of Stevenson, tenth graders graduating from junior highs along with new students who have become residents of Livonia, will move into the rooms vacated by the Holmes students.
- Q.** What part of the \$15,000,000 approved for schools in the last election was spent for library books in new schools and for existing school libraries which were below par?
- A.** School officials tell us that \$700,000, of the \$15,000,000, as pledged was allocated to purchase library books and equipment. Livonia school libraries, despite the growing need for more printed and other instructional materials, are gradually being upgraded toward standards set by national library groups.

Livonia Lions are entertaining the blind children at Garretts on Dec. 22 at 11:45 a.m. This party is an annual Christmas-time event for the Livonia Lions Club.

Recent acquisitions and the expansion of Evans Products Company, increasing the scope and size of its operations, have resulted in a change in the management structure of the Company.

The change, announced by Monford A. Orloff, Chairman, and C. Calvert Knudsen, President, establishes product groups and emphasizes the planning and financial functions of the Company.

Lawrence M. Flahive, formerly Vice President and General Manager of the Plywall Division, has been appointed Executive Vice President in

charge of the new Building Products Group with direct supervision over three of the five Evans divisions.

These are: Building Materials Division headquartered in Portland, Ore., the Plywall Division headquartered in Corona, Calif., and the Fiber Products Division headquartered in Corvallis, Ore.

James J. Conway, formerly vice President and General Manager of the Transportation Equipment Division, has been appointed Executive Vice President in charge of the Transportation Equipment Group.

This group will include Evans' railcar building and damage-prevention device activities and automotive products, as well as the newly-acquired United States Railway Equipment Company, a Chicago-based railcar lessor, and Chicago Railway Equipment Company, a Chicago freight car door and brake beam manufacturer.

Conway joined Evans Products Company in December 1961 as Corporate Controller. He was formerly Administrative Manager and Financial Assistant to the President of the Automotive Division of the Budd Company.

Prior to that, he has served as Plant Controller and Budget Manager at Budd, and as an accountant with the Securities and Exchange Commission. Conway is a CPA in the state of Pennsylvania and Michigan.

Conway was elected Vice President and General Manager of Evans' Transportation Equipment Division in August 1962. He was appointed Executive Vice President in charge of the Transportation Equipment Group on December 16, 1965. Conway is also a director of Evans Products Company.

A graduate of the University of Pennsylvania Wharton School, Conway resides with his wife and six children at 33355 Myrna Court, Livonia.

corporate planning and acquisition planning functions of the Company.

Lauren L. Wygal, formerly Vice President, has been appointed Executive Vice President in charge of the financial, control and accounting functions of the Company.

The fifth Evans Division is the Capp-Homes Division, created recently following the

acquisition of the Capp-Homes group of companies, leading manufacturer of pre-cut and custom built homes in

the Middle West. Max Zamanaky has been appointed Vice President and General Manager of this Division, report-

ing directly to C. Calvert Knudsen, President.

Senior Citizens Are Busy With Yule Projects

The Livonia Senior Citizens Club, sponsored by the Parks and Recreation Department, again is working behind the scenes in order that every child in Livonia will have a good Christmas. As they have done in the past years, a regular workshop has been established at the Drop-In-Center on Plymouth Road where all kinds of toys are repaired and turned over to the Goodfellows for distribution.

Last Saturday, in spite of the cold and the rain, nine members of the senior citizens; Tim Horgan, Harry Brooks, Harold Thomas, Ray Voyce, Joe Wager, Bob Patching, Homer Benoit, Leo Chapman and Robert Smith sold newspapers throughout the city and turned over \$148.62 to the Goodfellows.

The "Santa Claus is Calling" program was conducted on Dec. 13 through Dec. 17 with all telephones manned by Senior Citizens. More than 4 youngsters had an opportunity to talk to Santa, through the cooperation of these Seniors.

Women Replace Men In Auto Driver's Seat

EAST LANSING — Women drivers will outnumber men drivers within a few years, according to a report published by Michigan State University.

Dr. Daniel D. Gage of Sacramento State College and Dr. Anne C. Garrison of MSU note that the "coming predominance of women at the wheel will influence car makers to stress safety, dependability and ease of handling. Women are more practical-minded about cars, drive less aggressively than men and have an overall better accident record."

The MAYOR'S CORNER

By HARVEY W. MOELKE

A HUMAN RELATIONS COMMISSION FOR LIVONIA... was established by Council action last week by a 7-0 vote. The ordinance, as adopted, was changed greatly from the one originally considered by the Council.

I had written the Council on Dec. 13 outlining some objections to the proposed ordinance. Most of my objections have been eliminated by amendments made to the original ordinance.

I was particularly concerned in protecting the inherent right of any persons to face his accuser. I was also concerned with the possibility of a malicious and untrue statement being made by a claimant against an innocent party. Unless the statement is made under oath, as is now required, there would be no liability for slander or libel.

Another very important change that the Council made was to require a simple majority at all commission meetings for the transaction of business. It also prevented the establishment of subcommittees.

I hope that the establishment of this commission will not be detrimental to the educational work of the Livonia Citizens for Better Human Relations.

As required by our city charter, the mayor makes all appointments. This commission

will be comprised of 15 members with the chairman appointed by the mayor.

I am interested in appointing people to this commission who are not prejudiced against or FOR special treatment under the law for any person. The majority of the members of this commission will be appointed by me on the basis of their ability to take an unbiased approach to this very difficult social problem.

I am interested in having people contact my office for consideration of appointment to this commission. Our charter now reads, "No person shall be eligible for any administrative office of the City, elective or appointive, unless he is a duly qualified and registered elector in the City and has continuously resided in the City for at least two (2) years immediately prior to his appointment or the election at which he is a candidate."

I hope that the creation of this commission will not result in attempts by those who wish to live in an integrated community endeavoring to force their position on every homeowner within the city. Under the law, which every elected official has sworn to uphold, anyone, regardless of the color of his skin, who decides to live in a community and can afford to do so, has every right to residency and is guaranteed protection.

FLANKED BY YOUNGSTERS, including members of Girl Scout troop 1088, city officials were on hand Friday at groundbreaking ceremonies for Livonia's new South Branch Library, which the kids will use some day. In the background, wielding the shovel, are Mayor Harvey

Moelke, Library Commission Chairman Joseph Jenkin, Councilman Peter Ventura, Contractor Frank Kruse, and kneeling, Librarian Skip Rosenthal. The new building will be located on the south side of Plymouth Rd. east of Farmington Rd.

Three Ski Clubs Form For Livonia Teenagers

Boys and girls ages 10 to 18 who are looking for a Ski Club for the winter months should check at the Livonia Y.M.C.A. for the details of a new club that is just forming.

There will be three ski clubs meeting on three different days—Wednesday and Friday after school and Saturday morning. The clubs will begin operating as soon as snow conditions are suitable—probably after the first of the year.

A registration fee of \$2.50 for Y members and \$7.50 for

non-Y Members will enroll the youngsters in this specialized program. The program for five

advance trip tickets (which includes transportation and area tow) amounts to \$16 per person.

The program will supply instruction and adult supervision. For further information call the Livonia Y.M.C.A. (261-0370) or stop in at the office at 12330 Middlebelt Road (Elm School annex).

'Y' Offers Livonia Youths 4 Days of Winter Sports

An outstanding camping experience is being offered to boys and girls of Livonia on Dec. 26, 27, 28 and 29.

Young people ages 8 to 15 will climb aboard a bus and head for Y.M.C.A. Camp Ohiyesa for four fun-filled days of ice skating, tobogganing, ice fishing and other various winter sports.

Y.M.C.A. Camp Ohiyesa is located in Holly, 45 minutes from Livonia. There will be eight youngsters to a cabin

with a senior leader, and sleeping takes place in oil-heated, winterized cabins on the shores of Fish Lake with over 300 acres of land for hiking, exploring and winter activities. Excellent leadership will be provided by Gerald Beers of the Northwestern Branch Y.M.C.A. staff and a selected group of counselors.

The cost of the four days at camp is \$23 for Y members and \$28 for non-members (which includes a Y Youth Membership). This cost includes leadership, transportation, lodging, meals, and insurance. More details will be sent upon registration.

A registration fee of \$5 will hold a spot for your youngster, as there is a limit to the number that will be taken to Camp Ohiyesa.

For further information please call the Livonia Y.M.C.A. at 261-0370 or stop in at

Two Happy Splashdowns

Everyone breathed a sigh of relief when the second pair of astronauts—Frank Borman and James A. Lovell—splashed down safely Saturday morning.

In all likelihood, a goodly number shed a few tears of happiness and relief when all aspects of the record two-week flight were wrapped up and the two heroes were safely ensconced on the aircraft carrier Wasp.

There are so many areas where something can go wrong that everyone waits with trembling to learn that the various parachutes have opened, the space ship is in the water, the inflated collar has been attached, the men are safe.

What a triumph the world has witnessed with the two twins in orbit at one time fol-

lowed by their return to solid ground without mishap!

Let us salute Borman and Lovell, Walter Schirra and Thomas Stafford and all the others who were involved in this monumental achievement.

The years ahead will see the present spacecraft looked upon with awe as we look upon the first airplane flown by the Wright brothers and wonder how they did it.

It is amazing at all the intricate parts that have to function from blastoff to return: the computers, radios, the human beings, radar, the rockets, . . . ad infinitum.

Teamwork! That's what does it and with great optimism, engendered by what has just been accomplished, we eagerly await bigger and better things in 1966. BILL GAIL

It's Up To the Community

The coming year will be a momentous one for the entire suburban area — but especially for Farmington Township.

A question of great importance for the entire community of Farmington will be decided upon in the coming year. That is whether or not Farmington Township will incorporate into a city.

Last week the Township Board appointed 10 of the proposed 12-man committee to study the incorporation question. This committee would serve to determine the citizen's views on whether or not they wish to incorporate and what kind of a community and form of government they wish.

Under the proposal the committee would meet twice a month in open study sessions plus discussing the issue with all segments of the community.

It faces a big task between now and the election on incorporation which will probably be held in the spring.

The citizens also face a hard task. That of determining their own personal thoughts on the issue and translating it into action by informing the committee of what you think.

Out of this — and only out of this — will come the consensus necessary to lay the groundwork for a cohesive community and an efficient and workable form of government.

This is a task facing not only the study committee and the Township officials, but the community as a whole. The Observer is confident that the community will meet it and the end result will be something to point to with pride. SUE SHAUGHNESSY

Fantastic Fireball

That explosion in the sky we heard a couple of weeks ago was not meteoric or meteorological.

No, sir. It was concentrated cataclysmic vest-popping, an auditory phenomena that builds to a deafening roar every now and then.

Whose vests are popping? Millions of parental "vests" across the land are losing their buttons and the accompanying explosion as our figurative seams burst asunder as we observe the many fine performances of our young folks.

The youth of today are performing nationally and locally in a most high and mighty fashion. Their contribution is awe-inspiring in the bloody Viet Nam conflict. A local Nankin youth recently gave his life to make the world a better place for all of us.

Forgotten are the goldfish follies of yesterday as we read about the college kids that recently gave up their weekend to pack boxes of goodies for the guys slugging it out in Viet Nam this Christmas.

Locally, our 16 and 17 year olds have been performing in top-drawer musical productions with all the finesse of professionals. Larry Parks had Livonia players spouting long-forgotten superlatives after his two hour command of the Bentley High Stage.

Yes, sir that loud sound had nothing to do with a fireball. Our young folks are still fired up and ready to prove to the older generation that those chunks of creative energy lying around in the community presage the coming of great things in the swirling Seventies. WALLY ROBERTS

Thanks to City Hall for Sewers and Merriman Paving

This isn't the thing to do and it may even shock some people. But we would like to say thanks to our City Hall. I believe someone said 34

miles of sewers went in — our area of Livonia. We need it badly. I imagine years of work and planning had to be done before the sewers were even started. Thanks

again, City Fathers. Also may I add the newly paved Merriman Road is a pleasure to drive. WESTPONTER LIVONIA

Two Stars Over Bethlehem?

(One of Paul Chandler's finest Facts and Opinions columns first appeared in The Observer at Christmas time in 1957. Entitled "Two Stars Over Bethlehem?" the column won a National Editorial Association award and many plaudits. In this hour of strife and confusion The Observer staff thought it might be worthwhile to rerun.)

By PAUL CHANDLER

Christmas in 1957 is coming to the world with a Soviet-made sputnik flashing in the sky over Bethlehem.

It is a dangerous time for America. The glittering globe of magnesium was thrust into the sky by men — and, as it so happens, by a particular nation of men who discount the existence of God and who scoff at the first Star in the East.

They may have read, but they do not believe:

"Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold wise men from the East came to Jerusalem, saying, 'Where is he who has been born King of the Jews? For we have seen his star in the East, and have come to worship him . . ."

"Then Herod summoned the wise men secretly and ascertained from them what time the star appeared, and he sent them to Bethlehem, saying, 'Go and search diligently for the child, and when you have found him bring me word, that I too may come and worship him.' When they had heard the king they went their way; and lo, the star which they had seen in the East went before them, 'til it came to rest over the place where the child was. When they saw the star they rejoiced exceedingly with great joy; and going into the house they saw the child with Mary his mother, and they fell down and worshipped him!"

Russia, on this anniversary of the birth of Jesus, worships another light in the sky.

The threat to the rest of the world, and specifically to America, is that many peoples are becoming so entranced by a metallic ball that they too no longer see the Star in the East.

There is a conflict in the skies and in the hearts of men.

The Christmas hope of this newspaper, then, is that our readers spend quiet time during the holy season thinking inwardly about the meaning of the birth of Christ; and from that introspection, to come to a personal evaluation of the relative value of the competing gleams in the heavens.

Frankly, the writer of this column has a rather cheerless view of the future of the country and the people. We have no real plan; little basic purpose to our personal or national lives.

A word often used to describe purpose is "ideals." America thinks it has some, but an honest critic knows that what few ideals there are today are fragile and always subject to change without notice.

We admire two-cars-per-family, buccaneer quarterbacks, violence in the arenas, electrical appliances, discordant music, and disorderly paintings.

We boast constantly about "freedom" and "leisure" and "dignity of

the individual" and "abundance" and discover that every year more millions of dollars and more oceans of tears must be spent to reconstruct individuals who couldn't cope with the "freedom" and the new leisure time.

We acquire goods — better living standards — with a sensation of a rising ache in the breast. At the same time we proclaim to the rest of the world that this "higher standard of living" makes us superior, we wonder in secret why it brings so little satisfaction to our personal selves; why it does not satisfy our hungers but instead stirs new and greater anxieties.

And, to gain these self-styled material "comforts" we, as a people, stand ready to make virtually any compromise with our much-publicized ideals. This is an age of expediency. It is enough to get the promotion; capture the election; surpass the neighbor; win the game — the method by which the goal is achieved is whatever it happens to take to handle the particular situation. The end justifies the means.

Discipline is fast disappearing from morals, art, homes, science, schools, politics and health.

We are "free" but there is little self-restraint in use of the freedom.

We are a scared, easily-shifted society of materialists and sensualists.

So what about sputnik, the second star?

We don't mean to dwell on it excessively, because it is part of our thinking at this Christmas time that sputnik has been given too much wrong emphasis already. But it provides a case in point to illustrate our pessimism.

Sputnik is the latest triumph of mundane science. It is a notable accomplishment by the brains and hands of men. It is a threat to our national defense.

In terms of the billions of unexplored miles of the eternity of the universe it is nothing. The light it sends from the sky is no light at all, beside that of a star. Sputnik simply is close at hand, and looks bright—as do most earthly inventions. It is an illusion of perspective.

When sputnik was in the air, America was shocked. Why weren't we there first? Who's to blame? What do we do now?

Our schools were picked out quickly. So were the government and "scientists" in general. These were scapegoats immediately available.

But instead, we the people, are individually to blame.

Schools, politicians, or any other institution does no more in a free society than to act in the image of the people. They are created by the citizens and can be changed by the citizens.

The public never told the schools that there should be intensive, "crash" emphasis on scientific research. The public was neither willing to worship scientists, nor to give them medals, nor pay them big incentive salaries. If anything, scientists have been regarded as somewhat of an "odd" segment of society.

Instead of scientists, we have chosen lately to worship and pay left halfbacks, chesty stage ladies, certain politicians, disc jockeys, gui-

tar-players and the odd hypnotic evangelist. We also enjoy an occasional infatuation with military leaders.

Nor was it made known to the government officials that we were willing to pay, even sacrifice, for "crash" scientific research. We have been pretty darn well satisfied that our country was the smartest in all history and would prevail somehow over all, no matter what, in science or anything else.

The lesson in sputnik is one of humility. There are people today in this world more dedicated than we are — dedicated to something. In Russia's case it is scientific research.

To what are we Americans dedicated — really dedicated — today?

Sputnik by itself is a passing thing, soon to be overshadowed by other inventions.

Far more significant in terms of American survival is the complacency and expedient philosophy of our people.

Most great civilizations have gone under at just the wrong time when the people—and the leaders—were wallowing, without discipline, without purpose, without belief; pursuing material goods and sensual experiences; laughing off mistakes; covering weakness with a skin of sophistication.

I recommend a thorough study of the history of Athens. The Greeks at their zenith placed great value on almost the same things as Americans—the rights of individuals, personal freedom, national pride.

But the Athenians lost their personal self-discipline, which is the only possible hope of unpoliced people to succeed, and near the end of Athens, Isocrates noted:

Once, he said, Athenian citizens were "men schooled when young to be industrious and frugal . . . accustomed in their early days never to regard public office as a chance for private gain," who "considered poverty among their fellow citizens as their own disgrace" and "measured their well-being not by being able to outdo each other, but by the soberness of their daily life and the absence of want among the whole people, the only standards which are not vulgar."

But now, Isocrates noted dismally, "young men no longer trained to hardihood are wasting their youth in soft living"; "lawlessness is looked upon as liberty, license as happiness. The state has become a means to satisfy selfish desire."

Where do we Americans go, if the shoe fits?

On this anniversary of the birth of Jesus, we quietly recommend a turn with disciplined, uncompromising belief to morality and an absolute faith in a set of values.

We urge that none allow sputnik to outshine the Star of Bethlehem in their appreciation of what is important in this universe.

We plead for a retreat from complacency, expediency and unquestioning conformity.

"Joseph, son of David, do not fear to take Mary your wife . . .

. . . she will bear a son and you shall call his name Jesus, for he will save his people from their sins."

Happy With Bentley Musical

EDITOR: On Saturday, Dec. 18, I was in attendance at the Bentley High School Christmas Program and I would like to take this opportunity to publicly thank each and every student, faculty, and anyone responsible for putting on such a fine performance of music.

It is most gratifying to me to know that so many participated in this program and that the Board of Education has as part of its curriculum so many singing groups in its High Schools and I have high hopes that this will continue forever in our school system.

This type of program in itself is worth the tax monies I have to pay, knowing that so many of our youth are much richer in their knowledge of music.

I would also like to point out that what I witnessed last Saturday night beyond a shadow of a doubt would have made an excellent One Hour television show which could have been shown in the Metropolitan Area of Detroit in place of some very old movies.

Once again "Thank You" Bentley High for the pleasure

that you have brought me and my wife and am looking forward to your Spring Concert on April 22 and 23. JOHN MOLNAR, Livonia, Mich.

Water Rates

EDITOR: On Dec. 15, we attended the meeting at Bond School for the discussion of having Detroit Water. I'm wondering if the residents of Kenelwood have bothered to figure out just what this will mean on their water bill.

First there is a capital charge of \$75.00 per house—this is payable at \$3.75 per quarter for the period of five years. Then a \$5.00 per quarter charge for the period of twenty-five years on the bonds. The rate per thousand cu. ft. goes up .74 cents per thousand cu. ft., sewer and meter charges stay the same.

Using my bill for Oct. 1, 1965, I figured out what the bill would be with Detroit water. Bill for sewer \$5.70, water \$10.05 for a total of \$15.75, to this I added the \$3.75 charge, \$5.00 charge, \$4.44 (extra .74

per 1000 cu. ft. for 6000 cu. ft. water used) for a total of \$28.74. Can Detroit water be twice as good as our present water? Will it do more for me — I doubt it. There is just my husband and I in our family — wonder what the bill would be if we had children.

Kenelwood residents paid for the present water and sewage system when home and lots were purchased. Then we had the big assessment when they connected our system to the Interceptor Sewer. Now — so that the builders, land developers, real estate people etc. can advertise Detroit water to their potential customers — Kenelwood residents are being asked to pay for another water system by practically doubling our water bills.

KENELWOOD RESIDENTS — they took a vote at this meeting by having the people raise their hands whether they were for or against having Detroit Water. NOT ONE was asked to give their name or address to be sure that it was residents voting. It was just assumed they were residents.

If you don't want this new water system—it will take 51% of the residents to sign a petition.

WAKE UP KENELWOOD—at least before this is assessed on to you—figure your water bill out and see if Detroit Water is going to be that much better—at these new rates—we can give up watering flowers, grass, trees and the big benefiter will be the new subdivisions that won't have to pay twice for a water system and can brag about having Detroit Water. Builder Commends

EDITOR: I would like to express my feelings regarding the Board of Appeals in Farmington Township. This Board is to be commended on the way my appeal was handled by them, namely, Mr. Bassett, Mr. Guardhouse, and Mr. Dunne. These gentlemen came into Detroit and met me at my client's building, Johnson Tool & Die, on Hubbell Avenue, north of Puritan, after working hours. This they did on my suggestion on their own time.

I want it known that Mr. Johnson, the purchaser of the industrial land on Haggerty Road, and everyone concerned in the appeal appreciated the manner our case was handled by the Board. I can further assure you that the building being planned for this site will be an asset to the community. EARL STECHER Farmington

EDITOR: This letter is in regard to the one I sent you last week about paper boys not getting paid on time. Since then I read in your paper that a letter is not going to be printed if it is not signed. My letter was not slanderous and it was directed to all and not any one person. However, my son does not wish his name mentioned. I hope you will still print the letter and help these fine boys out.

People object when the paper isn't delivered on time, why then, don't they care as much when it comes time for collections. CONCERNED

Bentley Food Drive Proves Successful

By SUSAN DOWELL

As usual, the 1965 Bentley vocal music department displayed a fabulous performance at its annual Christmas Concert. The combined choruses and Choir singing together gave the audience a deep and serious meaning of Christmas. The gay and festive side of Christmas was brought out by the happy and jolly songs that the students sang. The Christmas Concert was performed twice. Sold out audiences were given the musical show last Saturday and Monday evenings. The two directors of the program are Mr. Jerry Smith and Mr. Robert Ballard. The following partici-

pated in Christmas Concert: Glee Club, Girls Chorus, Male Chorus, Selective Males Chorus, and the Concert Choir.

When students start back to school after vacation they will not have long before final exams catch up and the second semester begins. Any student who wishes to change a class or have decided to make a switch in their second semester schedule should plan immediately to talk to his or her counselor.

Even though school will be closed for the Christmas Holidays it will still carry on activities. For instance, the annual basketball Christmas Tournament will be held during the week. For a game of fun and excitement be sure to include viewing at least one of the basketball games, as part of your vacation plans.

A very Merry Christmas is extended to all the good citizens of Livonia with an added Happy New Year to make things just right.

Year Ends With Joy for North Farmington

The old year (1965) rang out a happy note for North Farmington High's basketball team. After losing three straight, North Farmington conquered John Glenn, 79-66, last Friday night to gain a 1-1 record in Northwest League play.

A roaring finish decided the game for North Farmington. Although the Raiders led, 19-17, after one quarter and 45-35, at halftime, Glenn sliced the differential to 63-61 midway in the final quarter.

Then North Farmington poured it on with Gary Ettig, Roger Schultz, Rick Lorenz and Bill Oldershaw connecting . . . and the game was turned into a rout.

The Raiders actually outscored Glenn, 16-5, in the closing minutes. The Schultz brothers, Rich and Roger, combined for 14 and 11 points, respectively, to help lead the victors. However, top scoring honors went to Bill Bowles and Rick Lorenz, each of whom knocked in 18 points.

The game's individual scoring leader was Mike Mahakian of Glenn, who notched six baskets and nine free throws for 21 points. Nelson Ellison also hit in double figures for the losers, collecting 12 points.

Bowles' rebounding also played a vital part in the victory. It'll be a holiday layoff for both teams as they sharpen their prongs to resume action on Jan. 7.

North Farmington will usher in the new year at Birmingham Groves in a contest which could go a long way in deciding the league crown.

Glenn's first foe of '66 will be Franklin. The Glenn-North Farmington box score:

Sorrows Fouls Out In Thriller

Our Lady of Sorrows' basketball team would have enjoyed playing with the professional 24-second, shooting rule against St. Benedict in a Catholic League game last Tuesday.

After trailing, 15-12, at the end of the first quarter; 31-28, at halftime and 50-44 at three-quarters, Sorrows went to work to tie the game at 52-52 on a basket by Brent Stoops.

There were three minutes left to play and Sorrows appeared to have the opposition on the run.

But St. Benedict picked up two quick points and when Sorrows missed the next shot, St. Benedict rebounded and went into a stall.

This put the pressure on Sorrows. "We had to foul and they started making free throws," said Sorrows' coach Bob Morris.

"Suddenly, we couldn't find the range any more with our shots and St. Benedict pulled away to win very easily. Tim Doyle led Sorrows with 13 baskets and three free throws for 29 points. Mark Benner added 12 points while Jerry Turner scored five, Mike Christopher three, Jim McGrath four, Stoops four and Paul Bunker one.

The Sorrows reserves also lost, falling by a 45-42 score. Tom Webster knocked in 14 for the Sorrows' second stringers.

Jeff Kingsbury paced the Franklin assault as he won the 100-yard free style in the new school record time of 54.6 seconds. The old mark of 56.2 seconds was set two years ago by Jeff Symonds.

The results: Medley relay: 1—Franklin (Kingsbury, Bates, Barkley, Arnold). Time: 1:50.9.

200-yard free style: 1—Zygnowicz (E). 2—Anderson (F). 3—Lewdrum (E). Time: 2:16.8.

W. W. Edgar discusses the issue of police-fire consolidation . . . or how you can't chase bandits in rubber boots.

By W. W. EDGAR

Which plays the more important role in the welfare of a community — the fire department or the police department? Should one group be in a higher salary bracket than the other?

Would it be feasible to consolidate the departments and have the members play dual roles of firemen and guardians of the law?

These questions have been bandied about in the suburban communities for sometime and only recently have they become a debatable question in Livonia.

Never one to allow a question to be asked without attempting to obtain a suitable answer I called on a friend in the bowling business who had spent several years as a member of the police department in Oak Park, one of our neighboring communities.

"Cass," I asked, "in your honest opinion, should a police officer outrank a fireman and do you think a man should be asked to serve both as a fireman and policeman?"

"Why do you think I am in the bowling business?" he countered.

"We had the dual role system when I was on the police force," he explained, "and after some of the experiences I had, I think, honestly, that such a system can be dangerous—and I'll tell you why.

"One afternoon we were performing our duties as police officers at the scene of an auto wreck. There was the matter of getting the facts—all the facts as Jack Webb used to say. We were talking with the victims and attempting to get witnesses, for there is no telling what the aftermath of any accident may be. Fortunately, we didn't have to call for an ambulance."

Here his face seemed to pale at the mere memory of the afternoon.

"You can imagine our surprise," he continued, "when we got back to our scout car only to learn that we were being called to a fire.

"By the time I changed my clothes—yes, we carried the rubber boots, fireman's hat and the big rubber coat in the trunk of the car—and got to the scene of the fire it was too late. The place had virtually burned down.

"That proved to me that one man can't play two roles so important as a policeman and a fireman.

"Oh, perhaps in a small, compact community it might work, but not in any of our sprawling suburban communities."

Taking time out to let his opinion take hold, he continued, "Most everyday I went to work I lived in fear—fear that I would have to choose between a fire and a bank robbery. Frankly, I don't know what I would have done."

Here he smiled a bit and asked: "What would you do in a case like that?"

"No," he said, "you can't do both jobs. Both policemen and firemen are specially trained in their work. They are supposed to be experts. Each is vital to the welfare of a community in his own way.

"Because of this no distinction should be made. One group shouldn't be in a higher salary bracket than the other. And each group should be respected for what they are.

"When you try to mix them and have them attempt both roles you'll wind up with low morale — and nothing can be worse in any department. I know, I've gone through it."

That seemed to answer the questions, but my friend, the former policeman who ex-

changed his badge for the roar of the tumbling tempins, had a warning for those who would ever think of combining the two departments.

"When you have only one department," he pointed out in all seriousness, "and you ask the men to be both firemen and policemen, you are not only asking for trouble, you are advertising for it.

"It would be the easiest thing in the world for a group of bank robbers to start a series of fires in a remote part of the city, attract most of the men and the fire equipment, and then have clear sailing at the bank.

"Why, I remember one afternoon when we had a series of fires in Oak Park and there was only one police officer left on duty to guard the entire city."

Then, with a trickle of a smile on his face he asked:

"How much chance would a fellow have of catching a thug if he had to chase him while wearing big rubber boots, a heavy rubber coat and a fireman's hat?"

Need any more be said?

Three Madonna Graduates Teach as Volunteers

Three Madonna graduates, Valerie Gniewek, Janet Henry and Ruth Przeslawski, Lay Extension Volunteers, have become accustomed to their new work. Their letters to faculty and students keep the campus informed of their work and the challenges it provides.

Valerie, now in her second year with the Lay Extension, is teaching in Cheyenne, Wyoming. Her teaching schedule includes three algebra classes and one geometry class. She lives in a home with three other volunteers. Their major project at the moment is painting over their "dizzy" wallpaper, seeding a new lawn, and repairing the eight broken hammers on their recently purchased piano.

Janet and Ruth are beginner Lay Extension volunteers. Janet lives in Amarillo, Texas where she teaches a 7-8 grade combination at St. Hyacinth School, conducted exclusively by lay personnel. Commenting on her new experience, Janet says, "I'm getting along fine. The work is challenging and all the parishioners are very friendly and willing to help."

Ruth teaches at St. Joseph school in Rowena, Texas. "The school has 71 students and maintains a faculty of one sister, Marie, my co-worker, and me," writes Ruth. "The school is small, but my students tell me, 'Lady, Texas is the world!'"

All three young ladies agree on one point: "People all over the country need people to care."

Compensation Costs Rising

The effect of the amended Workman's Compensation Act has just been felt by the financial department of the Garden City Schools.

The Workman's Compensation Act was revised last June to expand benefits to individuals not previously covered.

As a result, the School District received a bill this month of \$3,889 from the McFarlane-King Agency for compensation insurance. The bill represented an increase of 43.4 per cent.

Ray T. Harris advised the Board to wait until the audit before paying the bill, adding that the increased premium must be met. The Board accepted Harris' recommendation and deferred payment until the audit rather than making a transfer from the contingency fund.

Beatty Confident Of Accreditation

Garden City Board members were told last week that the outlook remains very bright of West Senior High being granted accreditation in March.

Donald Beatty, West Principal, and Mrs. Dionne Turshnik gave a report to the Board on the visitation to West High by the North Central Accreditation Association on Dec. 7.

North Central officials tour-

ed West High. They were served a luncheon by the boys home economics class and were impressed by the meal and the building, reported Mrs. Turshnik.

"I can see no problem with accreditation at this time," said Mrs. Turshnik. "The committee seemed to be very impressed."

Beatty added that the feedback he has received so far has been favorable on accreditation.

Beatty will not know if accreditation will be granted until the North Central Association holds its annual convention in Chicago on March 28, 29 and 30.

Mrs. Turshnik, chairman of the steering committee in charge of the visitation, will attend the Chicago convention as representative from West High to hear the formal announcement.

Thieves Take \$1,100 from St. Andrew's

Livonia Police are seeking robbers who forced the door in the educational building of St. Andrew's Episcopal Church, 16380 Hubbard, Livonia, moved into the office and then looted a small safe of the \$1,100 taken in at the collections on Sunday.

Investigating officers learned that the money had been placed in the safe overnight for deposit in the Bank of Livonia Monday morning—but when church officials opened the building Monday morning they discovered the safe open and the cash gone.

Livonians Scoot Past Plymouth

Bentley, Rouge Cagers Battle in 'Game of the Year'

Over the years there have been many an important basketball game played in the Bentley high school gym. League . . . district . . . regional championships have been decided.

Now to the list of outstanding games comes the one to be played this

Wednesday night as Bentley hosts River Rouge. This truly shapes up as "the game of the season" to date on the Detroit area prep scene.

Bentley and Rouge both will take the court boasting spotless records.

The Livonians have won

four in a row — all on the road. River Rouge, the state Class B champs for the last five years, have copped their first three outings this winter to run their two-year winning string to 18 straight.

There are many who say Rouge isn't the team it was last year or the year before when it swept on to the state crown.

Coach George Fefles of Bentley doesn't believe the talk.

"Seeing is believing," he says.

Fefles is convinced that Bentley will be ready for the Rouge invasion.

"We've been playing well," declared Fefles after Bentley clipped Plymouth, 66-49, in the Rocks' gym last Friday night.

"Besides, our kids are anxious to avenge that bad beating Rouge handed to us last season."

Rouge, known for its pressing defense, could be in for some of its own medicine Wednesday night.

It was just such pressure tactics by Bentley which led to the victory over Plymouth after the Rocks had jumped into an early 9-2 lead.

But the Bentley pressure finally enabled the Livonians to get even at 9-9 by the first period's end as Nick Bonder led the return with three quick baskets.

Halftime saw Bentley in command, 29-21, and then Plymouth staged a spurt to pull within a point (35-34) of Bentley as Bob McCall hit two baskets and Mike Stakias a basket and two charities.

Bentley appeared just to be teasing the Rocks. The Livonians quickly changed their tactics and went back to pressing and pressuring.

In the next few minutes, Bentley outscored Plymouth, 11-1, to turn the game into a romp. Fred Matevia notched

three baskets and Bob Elsner and Gary Faulks two each during the breakout.

Matevia wound up as the game's leading scorer with 18 points. Bonder was next to run their two-year winning string to 14.

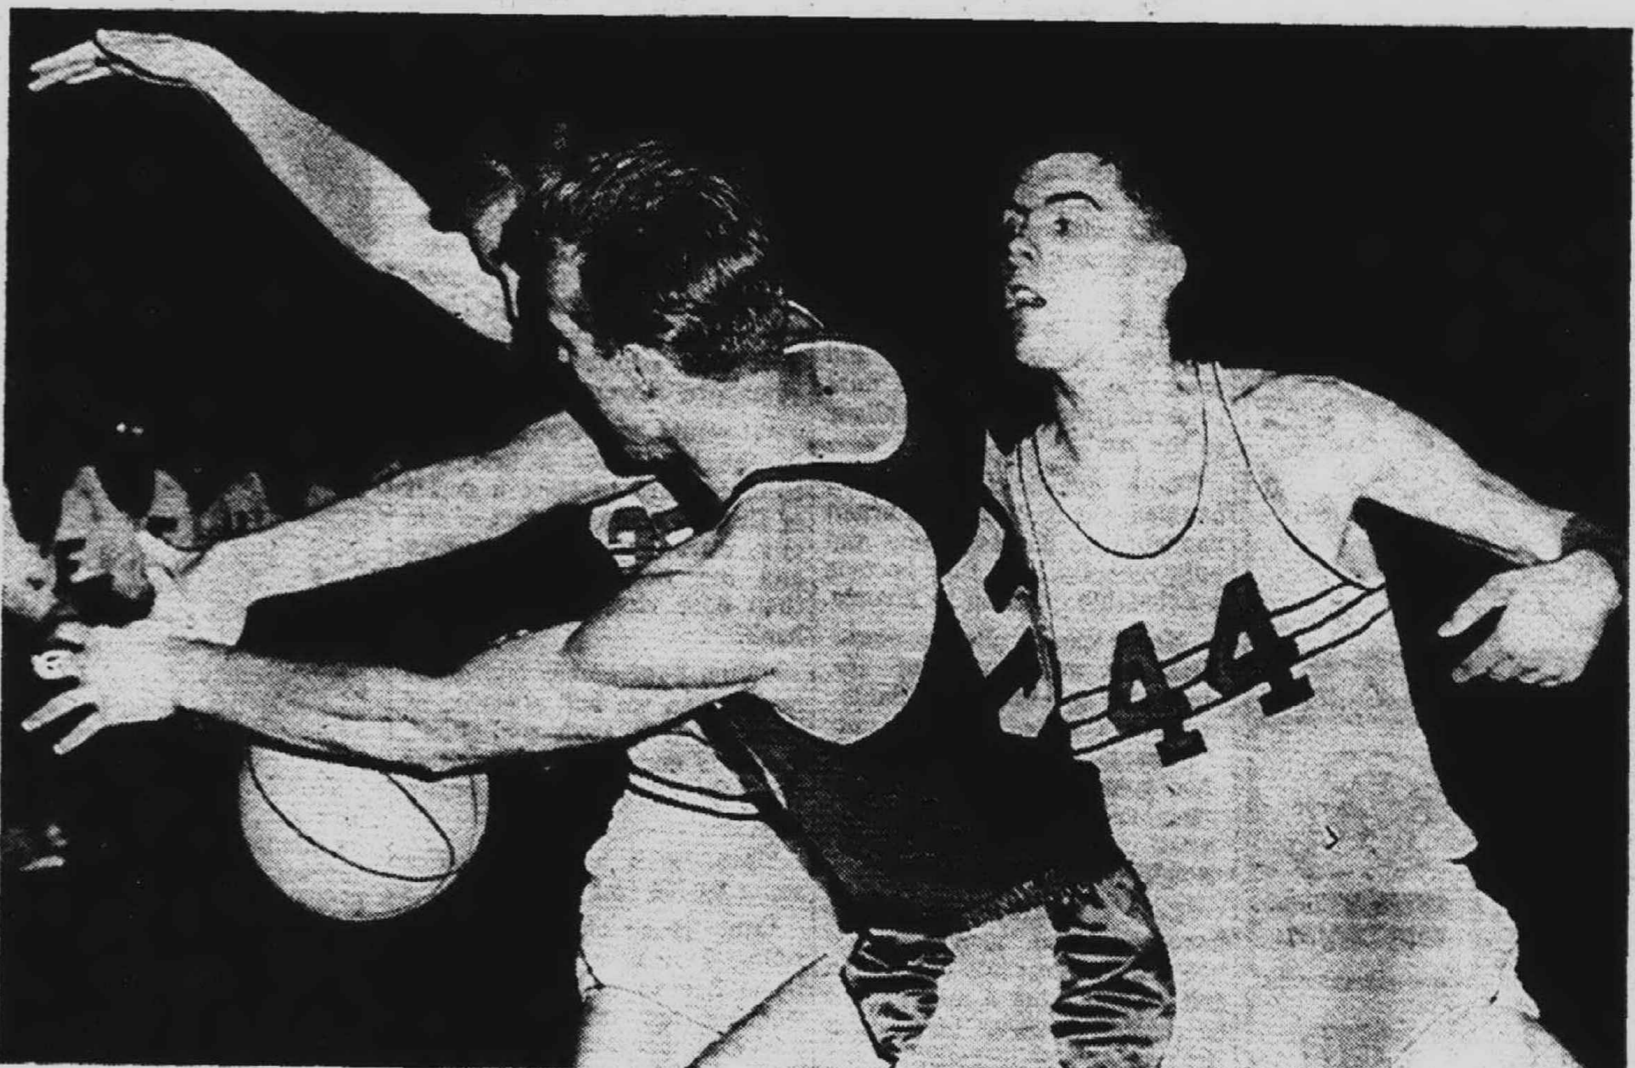

Stakias headed Plymouth with 14 points.

The Bentley reserves also triumphed, taking Plymouth, 51-31. Ken Bollin, brother of ex-Bentley great Bill now on the varsity at the Air Force Academy, showed he'll be ready for the Bentley varsity in the near future by scoring 25 points.

Holiday Tourneys Draw Four Teams

For the most of the area's high school basketball team, the holiday layoff from school also means an interruption in play.

But for Farmington, Bentley, Redford Union and Thurston, there'll be no rest from competition.

The first three are entered in the annual Northwest Suburban Holiday tournament which begins next Monday night and ends on Thursday evening. Thurston goes to the River Rouge meet, which also runs over the same period.

The Northwest field is comprised of eight schools, in the Northwest. In addition to Farmington, Bentley and Redford Union, Southfield, Wayne, Wall Lake, Berkley and Ypsilanti will battle for the championship prize.

Monday night's opening action is scheduled at both Farmington and Southfield. Starting Tuesday, all games will be played at Farmington. As in the past, there will be consolation rounds for the losers, thus making it possible for each team to play three games:

Here are the opening night Northwest games:

AT SOUTHFIELD
7 p.m.—Bentley vs. Wayne.
8:30 p.m.—Southfield vs. Wall Lake.

AT FARMINGTON
7 p.m.—Redford Union vs. Berkley.
8:30 p.m.—Farmington vs. Ypsilanti.

Losers will play Tuesday night with first-round winners meeting in the semifinals Wednesday. The final will be played Thursday at approximately 9:15 p.m.

Thurston will square off against Taylor Center at 5 p.m. in the Rouge tourney. Host River Rouge, winner of the state Class B title the last five years, is the heavy favorite to dominate in the meet.

Other schools in the field at Rouge are Northville, Monroe, Lincoln Park, Lutheran West and Ecorse.

OBSERVING SPORTS

By George Maskin

Utilizing this weekly rendition to pass along our holiday wishes:

MERRY CHRISTMAS —

To the football teams at Bentley and North Farmington high schools which swept unbeaten and untied through their 1965 schedules . . . to the Plymouth High gridders who didn't win a game, but never complained, at least not the Rocks' coach John McFall.

To Al Turner of Redford Township, who was named as a scout for the Detroit Tigers . . . to Plymouth's Neal (Doc) Fenkell, who has been promoted to new duties in the Tigers' front office . . . to Livonia's Paul Preuss family who will receive the greatest of all Christmas gifts, a new offspring.

To all the coaches who take the time to call us with reports on what their teams did — win or lose; and to the coaches who forget to call . . . to the various athletic directors whose desks nowadays are jammed high with paper work, thus leaving them no time to coach as many would enjoy.

To the athletes at the new Stevenson High in Livonia who have jumped off to a flying start in interscholastic competition . . . to the officials at Schoolcraft who continue to broaden their sports program and make plans for erecting a gym within the next few years.

THE BEST OF EVERYTHING —

To all cheerleaders who freeze at football games . . . to fellows who play the big drums and the tubas in the bands . . . to gymnasts and wrestlers whose efforts often times are overlooked because some don't consider their sports "as major."

To mothers who drive their youngsters all over the community to play baseball or basketball or football . . . To the fathers who take time out from busy schedules

East Cagers Hit 'Ups'; Then It's Down in Hurry

Sports, as life, are filled with ups and downs. One moment you ride the top, the next you feel like climbing into a tunnel and hiding away.

So it went for Coach Billy Young and his Garden City East basketball team last week.

On Tuesday, East decided to settle for a single basket and a free throw.

Three nights later, East blew a 21-point lead—something almost unheard of in high school basketball—and suffered a 57-55 loss to Taylor Center in a Mid-Wayne League encounter.

Young had no way to describe what happened against Taylor.

"Here we were leading them, 47-26, in the third period," said the coach.

"Sure we ran into some foul trouble and Mike Conyer, one of our starters, was not playing because of an injury. The kids didn't quit trying. They gave everything."

"Yet, it just seemed that somebody put a lid on the basket which we were shooting."

"Take the last 90 seconds. Four times we went to the foul line on one-and-one situations. This could have netted us eight points. We got nothing."

Along with the ill luck at shooting, Garden City made some bad passes and lost the ball on violations as Taylor ran up 19 points in the last quarter to only four for East, which had to settle for a single basket and two free throws.

Joe Huber and Paul Kightlinger had combined with 12

and nine points, respectively, to shoot Garden City East in front, 21-12, at the end of the first quarter and 37-25 at halftime.

To begin the third period, East out tallied Taylor, 10-1, as Kightlinger picked up five more points, Huber four and Rich Padlowski, one.

That brought the score to 47-26. And the roof fell in.

Still it was 51-38 for East after three periods. With three minutes to go, the lead stood at six, despite all the East troubles.

Kightlinger wound up with 19 points on six baskets and seven free throws. Huber scored 16, Padlowski nine, Carl Glasser seven and Gary Popler two.

It was Kightlinger who delivered the winning shot for East against West. Thirty-eight seconds remained when he broke a 73-73 tie.

The remaining moments contained enough excitement to stop many a heart for a second or two.

Bob Gamasche of West made a free throw. Then East had two charity tries and missed both.

West had the ball with ten seconds and had a chance to win it all. But the ball was thrown away and when East got it back, there were just a couple of seconds remaining.

Kightlinger wound up with 32 points on 13 baskets and six free throws. Huber followed with 14. Padlowski made 12 and Glasser tossed in 11.

Bo Ardell, Gary Slade and Ford Simpson each meshed 14 for the losers.

West's reserves also beat East, 59-43, as Bill Gray scored 20 points. East's reserves clipped Taylor, 79-63, as Bob Kalinowski ripped the cords for 33 points.

The East-West varsity box score:

Franklin Victor on Final Shot

Learning how to hang on to the basketball paid handsome dividends for Franklin High last Friday night.

Because the Livonians were able to cling to the ball during the final 70 seconds of action, they managed to outlast Oak Park, 48-46, in a thriller and remained unbeaten with a 2-0 record and tied for first place with Groves in the Northwest Suburban League.

As usually is the case in such tight struggles, there was a hero.

It turned out to be a Franklin substitute, Tom Reich, who played only a few moments but yet delivered two big baskets and a free throw.

His second hoop came with six seconds to go and won the game.

"Our strategy was to play for the last shot," said coach John Hartsig. "It worked wonderfully. We moved the ball around well and finally it went to Reich, a junior, who didn't miss."

Oak Park had six seconds left after Reich's shot hit the floor and that wasn't enough to get off another chance.

The game was close all the way. Franklin led, 14-12, after the first quarter and 25-24 at half time. It was 37-36 following the three-quarter mark.

Then the score saw-sawed un-

Trojans Beaten at Foul Line

The story of how Brighton High whipped Clarenceville, 86-71, in their Wayne-Oakland League basketball battle last Friday night was told by what happened in the foul department and the free-throw shooting category.

Clarenceville was the victim of 30 personal fouls. Brighton was tagged with just 12, playing on its home court.

The net result: Brighton had 47 opportunities to parade to the charity line and made 32. Clarenceville, on the other hand, was limited to 14 free-throw attempts and tossed in half of them.

WEST REBOUNDS

A strong second half enabled Garden City East to whip Crestwood, 55-44, Friday night.

After leading, 25-21, at half time, West pulled away in the third period by outscoring Crestwood, 16-8.

The West defense received the praises of coach Al Krupa. In the second period, Crestwood was held to eight points on three baskets and two free throws. In the third period, Crestwood again could muster only eight points, clicking on two hoops and four charities.

Gamasche with 13 points topped the winners, who had 11 players break into the scoring column.

Slade and Simpson each counted eight, Ardell seven and Bill Johnston six.

The West reserves rolled to an easy 45-26 triumph with Mark McGrath leading the way. He clicked for 17 points.

FOOTBALL CATCH OF pass is made by Thurston's Reggie Barringer as two Groves' rivals try to catch him. Barringer went on to score, but his team lost in the final seconds, 70-64.

St. Agatha Beaten in 2 Battles

St. Agatha high's basketball team had its troubles on the varsity level last week losing to St. Thomas, 62-54, and then to Ypsilanti St. John, 46-43.

Poor second halves hurt St. Agatha each time. Against St. Thomas, St. Agatha held a 31-30 command at the intermission, only to be outscored, 32-23 the rest of the way.

In the game with St. John's, St. Agatha jumped off to a 13-6 lead in the first quarter and reached the half with a 25-19 edge.

But in the third and fourth periods, St. Agatha managed only nine points in each session, while St. John's dumped in a total of 27 points.

Pat Murphy scored 15 points, Dan Pavlat 12 and Mike Wlezniak 13 for St. Agatha against St. Thomas. It was Dennis McKenna with 14 points, Timmons with 12 and Murphy with 11 in the St. John's game.

The St. Agatha reserves, meantime, came through with a pair of wins. Larry Costello scored 19 points, Jerry Myron 15 and Don Sweeney 10 in a 60-36 romp of St. Thomas.

Against St. John, Myron was high man with 19 as St. Agatha scored a 49-27 conquest.

The St. Agatha varsity now stands 1-4 and plays at Wayne St. Mary's Thursday night before pausing for the holiday vacation.

AND GAME, TOO

RU Wins on Boards

How important is rebounding in basketball?

Ask coach Milo Karhu of Redford Union high school.

His team started the season with two straight losses.

In each game, RU made only 22 rebounds, which, said Karhu, "a good man can get all by himself."

Last Friday night, RU went against Belleville and his charges came alive on the boards.

Jim Arnold grabbed 21 rebounds, Doug Mach 17 and Leland Bjerke 12.

As a result, Redford Union came out a 75-53 winner and ended the 1965 phase of Sub-

urban Six League operations with a 1-1 record.

The game actually was closer than the score might indicate.

Despite the fact RU jumped ahead, 20-7, in the first quarter and held a 40-27 halftime bulge, Belleville got going in the third period to pull within seven points (50-43) of Redford Union.

"We went cold with our shooting and stopped rebounding," said Karhu.

But in the final period RU came alive with its shooting and rebounding and outscored Belleville, 25-10, with Mach leading the drive with eight points.

Mach was the game's overall

top scorer with 21 points.

Bill Arnold and Leland Bjerke, who tallied six points in the first period to get RU going, wound up with 17 points apiece. Randy Maltby tallied 10, Ron Bauer eight and Glenn Davis two.

Redford Union will keep busy during the next ten days. On Wednesday, Karhu takes his team to Thurston. Then next week, beginning Monday, Redford Union plays in the Northwest Suburban holiday meet.

RU's reserves took a 55-50 verdict over Belleville as Dick Reidel scored 17 points and Bill Fahey 13.

S. Livonia Swimmers Win Honors

Twelve-year-old Ann Billings placed fifth in the 100-yard breaststroke at 1:24.

Ten-year-old Candy Cunningham placed fifth in the 50-yard freestyle at 34.3.

Medals were awarded first three places and ribbons for fourth, fifth and sixth.

Groves Jolts Thurston

The mighty men of Birmingham Groves staved off a fighting Thurston team last Friday night to engineer a 70-64 victory.

TWO REASONS why University of Detroit is favored to win the 12th renewal of its Holiday basketball tournament starting Monday night in the Memorial Fieldhouse, are: Bruce Rodwan (above) and Larry Salci. The two sophomores have been sparks in the Titans' success to date. The two-night tournament (Monday and Tuesday) has four standout entries in U-D. William and Mary, Eastern Kentucky and Harvard. Two games will be played each night with the championship and consolation contests on Tuesday.

Franklin Wins

(Continued from Page 2-B) til it was knotted at 46-46 and Reich got his chance to become the night's hero. Franklin played minus starter Dale Lee who was home ill. Al Jose paced the winners with 21 points on nine baskets and three free throws. Ray Porter scored six, Carl Gulbransen eight, Paul Katosh four and Steve Atkinson four. It was Franklin over Oak Park, 66-58, in the reserve game as Ron Wilks notched 21 points. Wilks is the young man who has been injured and was sent down to the reserves to work himself back in shape. It could be he'll be back on the varsity after the first of the year when Franklin returns to action.

Michigan State basketball sophomore Art Baylor is the nephew of professional cage great Elgin Baylor.

As a result, Groves stayed on top with Franklin in the Northwest League standings, while Thurston fell back, a game off the pace.

It was a heartbreaking loss for Thurston. With 35 seconds remaining, Thurston trailed by 64-64 score.

But Groves had the ball, and Thurston had to rely to fouling in hopes that Groves would misfire at the charity line.

But with Mike Rafferty and Bob Florini shooting bullets, Groves pulled away with five points in those fading seconds and the Thurston hopes for springing an upset against the team picked to dominate in the league this season had ended.

Thurston had led early, but Rafferty canned a 30-footer-just before the buzzer ended the first period. That put Groves ahead, 14-13, and Thurston never held command the rest of the way.

It was 33-29 at halftime and 48-41 after three periods for Groves.

Then Randy Samelson and Reg Barringer went to work

for Thurston. Samelson made three baskets and Barringer two hoops and two charities, and Thurston had crawled to within a point of a tie.

At this juncture, Groves got those free trips to the foul line and sewed up the victory.

From the field, Thurston won the battle of the baskets, 26-23. But Groves outscored Thurston, 24-12, in the foul-shooting category.

Samelson scored eight baskets and a foul shot for 17 points to lead Thurston. Barringer had 12 points, Gary Knock and Don Block 10 each, Bob Wardrop nine and Bob Szymanski, Gary Schulte and Roger Steffen two apiece.

Rafferty, one of the area's cage great pumped in 12 baskets and eight charities for 32 points. Florini added 16, getting five hoops and six charities.

Thurston bounced back on Saturday night to beat Troy, 64-49, in a non-leaguer as Block scored 15 points and Wardrop hit for 12.

Observing Sports

(Continued from Page 2-B)

to manage and coach . . . To the same parents who scream at umpires who happen to be very human guys and usually know a little bit more about the rules and where the strike zone exists.

To third and fourth stringers on football and basketball teams who get to see very little competition in games, yet never lose interest . . . to every bowler who has shot a 200 game . . . and those who score around 50 or 70, like a certain fatty-guy we know.

To airline stewardesses who never fail to smile, even when they must be in the mood for crying . . . to the many interesting folks with whom we've sat on our thousands of miles of travel during the past year.

A HAPPY YULE —

To those who guide this paper, folks like Mrs. Myra Chandler, Tommy Thompson and Milt Smith and to those others whom we meet only on rare occasions . . . To the very lovely girls who double-check our copy and fight our atrocious handwriting week after week . . . to the printers who pull us from jam after jam.

To the various recreation officials in Livonia, in Redford Township, in Plymouth, in Garden City, in Farmington and in Nankin, who do their best to arrange activities for all, but yet often can't excite adults who need the exercise the most.

To President Johnson who thinks enough about physical fitness to have a man like Stan Musial running the program nationwide . . . to the officials of the Detroit Race Course and the Wolverine Raceway who operate over at Schoolcraft and Middlebelt and have combined to give the Detroit area one of the most beautiful racing plants in the country.

To those who made some money at the DRC, Hazel Park, Northville and Windsor . . . and to those who went home with empty pockets . . . to every golfer who didn't swear once during the season . . . to each linksman who achieved a hole-in-one.

CHEERS AND SMILES —

To Fred Zollner, Ed Coil and Dave DeBusschere, plus all the rest of the Pistons . . . to J. Walter Kennedy, the president of the National Basketball Association . . . to the great fellows at the News (like Livonia's Ben Dunn) and over at the Free Press . . . to the sportscasters who help tell the Pistons' story.

To tennis players and mothers who like to knit . . . to men who sing in the shower . . . to males and females who cover their heads with wigs . . . to youngsters who retrieve foul balls at baseball games instead of stealing them.

To Al Roscoe, who did so much for area sandlot baseball before retiring at the close of last season . . . to those who told us we'd be happier living in suburbia, which we now do . . . to WKBD for bringing into our homes so many sports attractions.

To nice guys like Sid Abel of the Red Wings and Hal Middlesworth of the Tigers . . . to neighbor Joe Falls of the FP . . . to our little puppy who'll present the family with some "schnoodles" any day soon.

MERRY CHRISTMAS —

To all who have read this far today and every other day that this paper has appeared during the past year. Having you all aboard is a thrill very difficult to describe — however we try to pour forth with the adjectives.

Season's Greetings

to our racing friends

During the 1965 racing season, your loyal support resulted in the greatest attendance in our seventeen year history. Thanks to you, our horsemen enjoyed the biggest distribution of purse monies ever, and our State government has received more in racing taxes than ever before. We like to believe that part of this has come about because of our sincere effort to bring you the best in thoroughbred racing in the finest surroundings. This year we opened a new \$3,000,000 Clubhouse, refurbished our entire Grandstand area, designed new access roads and increased our close-in parking facilities.

Plan to visit the Detroit Race Course often in 1966. We know you will enjoy the best in thoroughbred racing. Now, as the holidays are here, all of us at DRC wish you the Happiest Holiday Season and prosperity in the New Year.

Sincerely
Dale Sheffer
President

Three Residents Cast at EMU

The second production of the 1965-66 Eastern Michigan University Players' season, "The Physicists," is now in rehearsal for its Jan. 12 premiere.

Three Eastern students from the area have been cast in the production. They are:

- George McCloud, son of Mr. and Mrs. George Mc-
- Cloud of 28760 Cambridge, Garden City, as Newton;
- Terry Dean, son of Mr. and Mrs. John Dean, 27945 Alyceak, Farmington, as Wilfried-Kaspar; and
- Hugh Schulkins, son of Mr. and Mrs. Robert Schulkins, 36875 Howard, Farmington, as Marillo.

Wally Roberts UP' GOING CURTAIN

Time to check the packages under Wally's Christmas tree. Annually, old Wally dons the red velvet, slips on the white beard, puts padding on (let's not gild the lily!) and gives out with hearty "Ho-ho-ho's" as he sends pixilated presents to theatrical folk in the area.

Our first purple-pink box contains five pounds of left-over applause for the Livonia-Redford Players Guild to be redistributed to their members for the recent excellent five performances, of "Stop The World—I Want to Get Off." None of us that saw the show wanted to get out of the Bentley auditorium at the final curtain especially after seeing the bravura performance of youthful Larry Parks.

A gaily-colored stocking has Bud Lehman's name on it. Bud manages the Mai Kai Theater. His stocking is filled with miniature characters straight from Dickens' Christmas carol symbolizing the current stage production at the Mai Kai. Let's hope that Mr. Lehman continues this holiday trend toward presenting live stage presentations. We can always use a new playhouse presenting round actors.

A carefully-wrapped Rand-McNally Atlas has Dave Hirvela and Roy Ernst's names emblazoned on it. This book of maps has only one drawback; every map in the book glorifies one state: Oklahoma. Here's hoping David and Roy continue to produce musical shows with such fine talent as John Bagardarian, Robert Zink, and Linda Eagle.

A small box covered with green moss carries a greeting card for the Nankin Mills and Plymouth Player's Guild. We suspect it contains a key. Let's hope that these two groups can find a new home and avoid all the problems of trying to sandwich their thespic efforts in with the school program.

A huge packet of money is thinly disguised by a layer of white tissue paper. You can see the green peeping through. The card indicates that it is for Broadway. Last week the gay White Way became morose again with the sudden demise of three shows, a million dollar lost. This bundle of greenbacks is our gift to all the backers

Pupils Start Holiday Vacation Wednesday

Santa Claus is coming to town and pupils of the Plymouth community public and parochial schools will have three days to await the arrival of the jovial old gentleman without thoughts of studies.

School doors will close Wednesday afternoon for the public schools and at Our Lady of Good Counsel. Classes will be dismissed Thursday afternoon for pupils at St. Peter's Evangelical Lutheran School.

As usual, all good things must come to an end and the holiday vacation for all pupils ends on Monday, Jan. 3, when classes will be resumed on a normal schedule.

Plymouth Couple Retires After 67 Years Teaching

After 67 years of combined teaching service, Mr. and Mrs. Ray Fritz, 5773 N. Canton Rd., Plymouth, have announced their retirement from the Wayne Community School District.

Fritz taught math and science at South Junior High and Franklin Junior High for 18 years in Wayne and in public schools for a total of 40 years.

Mrs. Louise Fritz taught fourth grade at the old Roosevelt Elementary and the new Roosevelt Elementary Schools in Wayne for 18 years and in public schools for 26 years.

The Wayne Board of Education passed a resolution honoring the retiring couple and accepting their resignations "with

sincere regret and commend and honor them for their combined sixty-seven years of outstanding service to young men and women of the nation."

Salvation Army Ready to Care For Needy

The Plymouth branch of the Salvation Army is ready to take care of the needs of any needy in the community. That was the announcement Monday by Brigadier Ernest Hammer who stressed that anyone in need should contact him at the headquarters at 290 Fairground.

"There isn't any need for anyone to be without a Christmas this year," he said. "We are ready to serve those who are in need of help and urge them to call at our headquarters."

Checks and canned goods were distributed to the needy in the suburban area Monday and then on Tuesday, parents were allowed to pick out toys for their children to be delivered in the customary fashion on Christmas morning.

60-Plus Club Has Yule Party

The annual Christmas dinner of the 60-Plus Club was held Monday, Dec. 13 at the First Methodist Church in Plymouth with 89 members present. The group was delightfully entertained by the Madrigal singer from the Plymouth High School, followed by group singing and a humorous recitation given by Mrs. Means.

It was voted to send the Plymouth Goodfellows a donation for their work in the amount of 1/10 of the club's balance.

Attorney Thomas Foley, appointed to serve as Township Counsel for December during the absence of ailing Earl Demel, handed down an opinion giving the Board the right to approve zoning for a professional office building project to Builder and Developer Loren Gould at the intersection of Haggerty and Ann Arbor Roads.

Mrs. Julia Mangogna, who is seeking rezoning to C-2 for the cocktail lounge operated by she and her husband at the intersection of Ann Arbor Road and Ann Arbor Trail, learned that the Board was legally right in its denial.

Foley also reported he will have a report on the legality of the proposed swimming pool ordinance before the end of the year.

His temporary term as Township Attorney ends since he will be sworn in as a Circuit Court Judge on Monday, Jan. 3.

In other actions, the Board:

Approved an adjustment in the salary of Fire Capt. Barney Maas to meet the pay schedule set up by the Board more than a year ago. It was discovered that Maas was \$50 below the schedule and he will be reimbursed in full before the end of the year.

Voted to call an executive session on Dec. 28 to read an accord before adopting a liquor control ordinance.

Approved a resolution updating the Electrical Ordinance by adopting the 1965 version of the National Electrical Code.

Denied a request from Henry Gottwald, who owns a home in the Glenview Subdivision on N. Territorial, for permission to sign an agreement under protect for charges to tap into the sewer and water system.

Authorized Treasurer Mrs. Elizabeth Holmes to attend a seminar on Water Works Management at the University of Michigan on March 9, 10 and 11 with expenses not to exceed \$100.

Gave authorization for members of the Board to attend the annual meeting of the Michigan Township Association in Lansing on Jan. 12, 13 and 14.

Received a communication from the State Highway Department that contracts had been awarded for construction of a prons at Ann Arbor and Sheldon Roads to make left hand turns possible.

THESE DOLLS were dressed for distribution to the needy, but offspring of members of the Plymouth Kiwanis Club found them just as attractive as their new mistresses will when they receive them on Christmas Day. The dolls were dressed by wives of Kiwanians.

DPW News And Notes

Plymouth Dept. Public Works

The Public Works Department quickly learned the value of the new catch basin cleaner when it cleaned 20 last week. With this new cleaner workers in the Department expect to reach a capacity of 20 to 30 catch basins in a normal eight-hour work day.

In addition the new machine cleans out the water and dirt and can be used any time the temperature is above 25 degrees. With the scoop method previously in use, we could not accomplish this amount of work with six men on the job.

The department repaired an old 34 inch galvanized water line on Penniman Ave. and replaced it with a copper line. A break in a six-inch main on Herald Street between Wing and Linden was repaired.

A new six-inch sewer tap was installed at 985 W. Ann Arbor Trail and a break in a 3.4 inch water service line was repaired.

Plymouthites Named to "Who's Who"

Kenneth Fischer and Douglas Eder, of Plymouth, were among the 25 Wooster College seniors nominated for listing in "Who's Who Among Students in American Universities and Colleges."

Fischer, son of Mr. and Mrs. Gerald Fischer, 505 McKinley, is one of Ohio's two candidates for a Rhodes Scholarship.

Douglas is the son of Mr. and Mrs. Julius Eder, 254 Blunk.

Students selected for listing in the "Who's Who" are selected for this honor on the basis of their scholarship, leadership and cooperation in educational and extra-curricular activities, general citizenship and promise of future usefulness.

A study by insurance companies shows that excessive speed continues to be the No. 1 killer on American highways. Speed was involved in about 35% of the accidents which killed 48,000 persons in 1964.

Fisher which stated that the service was better now than in several months with the competing companies.

Acting on a recommendation of City Manager Richard Blodgett, the Commission approved purchase of 150 new parking meters and ordered meters installed on the Penniman Ave. side of Kellogg Park. There has been free parking on the one side of the park for several months since the installation of new sidewalks.

However, several Commissioners expressed thoughts that the area was prime parking and should be metered. They said a study showed that most of the spots were being used by downtown merchants and employees who parked for the entire day.

In other actions, the Commission:

Accepted the resignation of Rev. Edward Castner from the Human Relations Commission. He is leaving the community shortly after the first of the year to accept a call to Peekskill, N. Y.

Approved a 90-day agreement with J & H Trucking Co. to operate the Salem refuse dump with the understanding that fees will be charged to Plymouth residents dumping at the site in addition to the regular pickups.

Passed to first reading a proposed Refuse Disposal ordinance.

Heard a report from Blodgett in regard to water mains in the Plymouth Colony, where residents have requested they be connected to the Detroit water lines operated by the Township. The City Manager was instructed to pass the information along to the Township Board with instructions that the Commission is willing to review any reasonable offers for the lines but must take care of its bonded indebtedness.

Learned that the annual Christmas Party of City employees will be held Friday at noon in the fire station in the City Hall.

During the month of November the Elsea Realty and Investment Co. sold a total of 148 properties valuing \$1,916,360, according to an announcement by Staunton M. Elsea, president of the firm.

This is a 29 percent increase in sales over a year ago when \$1,481,390 worth of residential and commercial real estate was sold by Elsea.

Jaycees Sponsor Benefit Teen Dance Dec. 29

Teenagers in the area will have a chance to enjoy a dance during the holiday vacation and assist the Community Opportunity Center, a sheltered workshop for mentally retarded adults, at the same time.

The Plymouth Jaycees, who have selected the Center as one of their projects for the year, Monday announced a Christmas Teen Dance, with Madcap Murphy of Station WXYZ as the master of ceremonies to be held at Roma Hall in Livonia on Wednesday, Dec. 29.

The affair will get underway at 7:30 and continue through 11 p.m. with members of the Plymouth chapter, aided by those from all clubs in the area, serving as chaperones.

A Hondo will be given to some teenager in attendance in a contest slated as the highspot of the evening.

Roy Jacobson is general chairman of the dance and Bill Green is handling publicity.

City Council Approves \$400 Raise

The City Council approved the recommendation to add \$400 per month to the Garbage removal contract. Gus McCreedy who has been Farmington's garbage collector since 1958 has been caught by rising costs due partly to the population growth.

In addition, McCreedy used to have his own land fill area whereas he now must pay a fee for incineration. Under the terms of the present contract he is now losing money. The council's amendment will make up the loss until June 30, 1966 when the contract expires.

Receives Honors

Cadet Ronald Miller, who is a student in the Roosevelt Military Academy in Aledo, Ill., was cited for excellence at special ceremonies honoring award winners for the first quarter of the school year. Cadet Miller is the son of Mr. and Mrs. Victor R. Miller, 32754 Sandra Lane, Garden City.

READY TO SERVE is Mrs. Bernice Wiedman, 47650 N. Territorial Road, Plymouth, as she displays her cleverly and colorfully decorated table that is ready for the holidays.

Offers Tips to Make Table More Colorful

Mrs. Bernice Wiedman, 47650 N. Territorial Road, Plymouth, is well known throughout the suburban area for her skill in decorating dining tables for the holidays and especially for the Christmas period.

At the request of the Observer, Mrs. Wiedman graciously opened her home to show how

she had decorated the table at her large, ranch-type home in Plymouth.

She is a member of the Michigan division of the National Farm and Garden Association and the organizer of the Plymouth branch.

Mrs. Wiedman feels the table is the inspiration for a happy Christmas in all homes and that pre-planning is essential for the success of a holiday dinner.

Her distinctive, unusual table is covered with a cloth of green satin and centered with hand-rolled velvet flowers. The Venetian birds, that make up part of the centerpiece, signify peace and love.

Mrs. Wiedman is an expert in making hand-rolled flowers and her living room had several beautiful bouquets of bright red roses to go along with a gaily decorated white Christmas tree.

Mrs. Wiedman believes the dining tables of today are a direct descendant of the altars or communion table, a place where the family gathers to partake of food and is one of the mainstays of the home.

It was in God's plan that here is a unique school; that at the table precious values could be instilled with wisdom, patience, understanding and joy that can't be learned elsewhere.

The table should be the center of the home where communication is encouraged, attention is paid to physical needs, respect for authority and self-reliance is taught.

Letters Exchanged on Rights Issue

A sidelight of the discussion at Wednesday's City Council meeting regarding the proposed Human Relations Commission was an exchange of letters—one from Don Murch, the chairman of Livonia Citizens for Better Human Relations and one from George Kindred, 14357 Arden.

Murch sent letters last week to members of his organization asking them to voice their opinion on the proposal to members of the Council. In the letter he referred to Kindred and Jim Freed as spokesmen for "a group of people . . . that represented either one or a number of civic associations who were called to the meeting to voice their opposition to this ordinance."

Murch added, "To me it was an unpleasant experience; but, the words spoken, the manner in which they were spoken, and the open response of the people in opposition made it patently obvious that a rather vocal, vehement segment of our community is prepared to resist the efforts of the L.C.B.H.R. and to prevent the establishment of the Human Relations Commission in the City of Livonia."

The full text of Kindred's letter to the Council, read last Wednesday by his wife, follows:

"While I have honestly stated my personal opposition, and the reasons thereof, to the proposed Human Relations Commission Ordinance at the Public Hearing December 8, a new development has arisen which should be called to your attention.

"Subsequent to the Public Hearing a letter (copy attached) was written and mailed to members of the Livonia Citizens for Better Human Relations by Mr. Donald H. Murch, President. If one totally false and libelous sentence in that letter is an example of 'Human Relations' in action, then, I, even more strongly, oppose the Ordinance. It reads as follows:

Also present was a group of people whose spokesmen were Jim Freed and George Kindred, a group that represented either one or a number of civic associations who were called to

the meeting to voice their opposition to this ordinance.

"The facts are: 1. There was no connection between Mr. Freed and myself; that we both attended the hearing and voiced opposition to the ordinance is coincidental; 2. To my knowledge, as former President of the Federation of Livonia Civic Associations, Mr. Freed is not, or never has been, a member of a civic association or any other organization in which I am now, or ever has been active; 3. To reiterate, I oppose the Human Relations Commission Ordinance as an individual, and do not represent any organization in this stand. It is a matter of public record, and was published verbatim in the December 9th edition of the Detroit News; 4. It is common practice for civic association representatives to be present at city council meetings. If they voiced support or opposition to the proposed ordinance they did so on their own accord. Frankly, sufficient notice of the hearing was sadly lacking;

"Finally, I sincerely believe the Livonia Citizens for Better Human Relations can work more effectively, and with less misunderstanding, for community harmony and ethnic goodwill by remaining in their present status. With all due respect and deference to you gentlemen of our city council, why may not this issue be placed on the ballot so that the people who will be effected by its results will also have a choice as to its approval or rejection."

Farmington Merchant Wins Trip

Christmas will be a four day celebration this year for Bill Parker and his wife, Katherine.

Parker, owner of the Farmington Hobby Shop, has won a three day, all expense paid trip for two in Las Vegas, Dec. 26 through 28.

He won the prize during a national contest conducted last June and July among model car dealers throughout the nation.

The Parkers will stay at the Flamingo Hotel during their trip. The two Parker daughters, Susan, 2½, and Darlene, 14 months, will remain in Michigan.

Schoolcraft Choir Lists Yule Concert

The Schoolcraft College Evening Choir will give its first Christmas Concert in the College Library on Wednesday evening, Dec. 22 at 8 p.m.

The program will consist of parts two and three of The Childhood of Christ of Berlioz and The Infant Jesus of Buxtehude.

Soloists in the Berlioz will be Margaret Koskuba, soprano, from Detroit and instructor in Nursing at Schoolcraft College; Kathryn Lundsten, soprano, Livonia; Lloyd Miller, tenor, Detroit; and Glenn E. Diebert, bass of Northville.

Strings from the Plymouth Symphony will assist in the Buxtehude work. Wayne Dunlap will conduct and Allen Shaffer will be the accompanist. The public is invited and there will be no admission charge.

This is the second year of operation for the Schoolcraft Evening Choir. The Choir now numbers 65 members who come from Farmington, Livonia, Garden City, Northville, Plymouth, Wayne and Detroit. Membership is available to qualified singers who can attend Wednesday evening rehearsals.

Madonna Hosts Polish-American Convention

Madonna College will host the annual Polish American Historical Association Convention on Tuesday, Dec. 28 and on Wednesday, Dec. 29.

Featured at the convention will be a program dedicated to Poland's MILLENIUM, a testimonial dinner for all the past presidents of the Association, and a discussion on the means of raising the level of religious and parish histories being published in America. The business meeting will emphasize the various methods that can be used to vitalize the association.

The Polish American Historical Association has as its purpose the investigation and publication of Polish American history. Its members receive the "Polish American Studies," a magazine on Polish American history that is published twice a year, and the "Bulletin" of the association, published every month.

'We Don't Want Nankin Mills,' Says Board

Objections to the proposed split of Nankin Mills School District between the Livonia Public Schools and Wayne Community Schools Districts are being registered by the Livonia Board of Education.

Board members last week reaffirmed their opposition to such a move, which has to be approved by the electorate of 17 districts. The voters will decide the fate of eight schools that do not have high schools in Wayne County, some time next year.

Livonia's board formally expressed their views in a resolution adopted Sept. 21, calling attention to the "declining quality" of the district's programs because of "financial hardships, the additional financial burden such an annexation would create . . . insufficient compensation from the State to alleviate these expected hardships."

Supt. Benton Yates said valuations behind each pupil had declined from \$16,179 in 1960 to \$12,081 this year and be expected it would fall several thousand dollars to \$9,500 in 1970.

The board also objected to Method One for the voting procedure. If the voters do not approve the proposed plans by a majority vote, then the matter is placed before the electorate involved in the decision of splitting of each individual district.

If voters again defeat the measures, no further action will be taken for five years and the districts will remain as they are.

A public hearing will be held Dec. 29 at 8 p.m. in the Veterans Memorial Building in Detroit.

All the plans are to be submitted to the state committee by the end of this month.

Polish Night Scheduled in Dearborn

The famed polka master, Lil Wally, will appear with his Harmony Boys at the Dearborn Youth Center on Jan. 15 at the Dearborn Recreation Department presents its third "Nationality Night" program of the 1965-66 season.

Robert Keith Archer, director of recreation, said that the entertainment portion of the 8:30 p.m. program also will feature special dance demonstrations by the Alliance Dancers of Dearborn and the Polish Roman Catholic Union.

As has become tradition at this time of affair, such traditional native Polish food as kielbasa and angel wings will be served to help create a definite national air.

He stressed that the affair is open to area residents of all national origins. "Enjoying the polka, Polish songs and a plate of kielbasa are universal likes," he explained.

Tickets for the affair may be obtained in advance from the Recreation Department office, at City Hall Annex East, or the Youth Center, located at Michigan and Greenfield Avenues.

Previously, the department presented one other "Polish Night" and an "Italian Night." A "German Night" is planned for May 7 and a "Middle East Night" for later in the year.

By JOHN DEW

(This is the conclusion of the letter written in 1950, from a Marine in Korea to his mother... "The Story of Michael")

Trouble ahead, I thought to myself, well with the commies all around us, that's no revelation.

Snow began to fall in great, thick globs. In a brief moment, the whole countryside was blotted out and I was marching in a white fog of wet, thick, particles. My companion disappeared.

"Michael," I shouted in sudden alarm. I felt his hand on my arm. His voice was rich and strong. "This will stop shortly."

His prophecy proved to be correct. In a few minutes the snow stopped as abruptly as it had begun. The sun was a hard, shining disc. I looked back for the rest of the patrol; there was no one in sight. We had lost them in that heavy fall of snow. I looked ahead as we came over a little rise.

Mom, my heart stopped. There were seven of them — seven commies in their padded pants and jackets and their funny hats — only, there wasn't anything funny about them now. Seven rifles were aimed at us.

"Down Michael," I screamed, and hit the frozen earth.

I heard those rifles fire almost as one. I heard the bullets. There was Michael, still standing. Mom, those guys couldn't have missed — not at that range. I expected to see him literally blown to bits but there he stood, making no effort to fire himself. He was paralyzed with fear. It happens sometimes, Mom, even to the bravest. He was just like a bird fascinated by a snake — at least, that's what I thought then.

I jumped up to pull him down. That's when I got mine. I felt a sudden flame in my chest. I'd often wondered what it felt like to be hit. Now I know. I remember feeling strong arms about me... arms that layed me ever so gently on a pillow of snow.

I opened my eyes for one last look. I was dying... maybe I was even dead. I remember thinking, this isn't so bad. Maybe I was looking into the sun, maybe I was in shock, but it seemed I saw Michael standing erect again, only this time his face was shining with a terrible splendor.

As I say, maybe it was the sun in my eyes but he seemed to change as I watched him. He grew bigger. His arms stretched out wide. Maybe it was the snow falling again but there was a brightness around him like the wings of an angel. In his hand was a sword that flashed with a million lights.

Well, that's the last thing I remember till the fellows came up and found me. I don't know how much time had passed but now and then I had a moment's respite from the pain and fever. I remember telling them of the enemy just ahead.

"Where's Michael," I asked. I saw them look at one another. "Where's who?" asked one.

"Michael, Michael, that big Marine I was walking with before the snow squall hit us."

"Kid," said the sergeant, "You weren't walking with anyone. I had my eyes on you the whole time. You were getting too far out. I was just going to call you in when you disappeared in the snow." He looked at me curiously. "How'd you do it kid?"

"How'd I do what," I asked, half angry despite my wound. "This Marine named Michael and I were just..."

"Son," said the sergeant, kindly, "I picked this outfit myself and there just ain't another Michael in it. You're the only 'Mike' in it." He paused for a minute. "Just how'd you do it kid?" We heard shots. There hasn't been a shot fired from your rifle and there isn't a bit of lead in them seven bodies over the hill there."

I didn't say anything. What could I say? I could only look open-mouthed with amazement. It was then the sergeant spoke again.

"Kid," he said, gently, "Every one of those seven commies over there was killed by a sword stroke."

That's all I can tell you Mom. As I say, it may have been the sun in my eyes, it may have been the cold or the pain, but that's what happened.

Love,

Michael

And that's the letter and the story of Michael which you can hear told by Father Walter Muller, USN, Christmas Eve, on the Lee Alan show on WXYZ.

Merry Christmas.

Greenfield Village Sets Production

The theatre footlights will be aglow again at Greenfield Village during the week of Dec. 27 through Jan. 1, when the Village Repertory Company presents nightly performances of Rip Van Winkle.

Washington Irving's famous tale of the man who slept for twenty years was adapted for the stage by Joseph Jefferson. One of the outstanding figures of the American stage, Jefferson starred in his own version of Rip Van Winkle from 1885 until 1895.

The special holiday exhibition will be open at both the Henry Ford Museum and Greenfield Village through Jan. 2. The Museum exhibit, "Deck the Halls," surveys the use of Christmas decorations in America from the early 18th century to the late 19th century, and is designed to document and complement the holiday decorations of the homes and shops in Greenfield Village.

Dr. Joseph French, manager of dramatic arts for the Museum and Village, will produce and direct the Greenfield Village production. Rip Van Winkle will be presented in the Henry Ford Museum theatre nightly at 7:30 p.m.

Personal Tours Set at Institute

For museum-goers who wish to enjoy a personal guided tour of the outstanding current exhibition "Art Treasures from Japan," The Detroit Institute of Arts now offers a fleet of guides weighing less than two pounds each!

The guide device is a portable, battery-powered playback tape machine called Acoustiguide. About the size of a transistor radio, it is equipped with a personal earphone, and shoulder strap for convenient movement through the galleries.

Acoustiguide may be rented from the Information Desk in the front entrance of the museum. Volunteer members of the Founders Society Detroit Institute of Arts staff the information desk.

All members of the Information Desk committees are familiar with Acoustiguide and will demonstrate the unit and give the visitor a diagram of the exhibition when Acoustiguide is rented, according to Mrs. John Hayes, chairman of the committee.

The Acoustiguide tape for "Art Treasures from Japan," was recorded by Dr. Calvin French of the History of Art Department, University of Michigan, who is a specialist in Japanese Art.

Exhibition hours are 9 a.m. to 8:30 p.m., Tuesday through Friday, 9 a.m. to 5:30 p.m. Saturday and Sunday. The Detroit Institute of Arts is closed Mondays and holidays.

"THOSE MAGNIFICENT MEN in their Flying Machine" opens today at the Livonia Cinema I Theatre in the Livonia Mall. Daily matinees are scheduled of the family film which tells the story of a race from Paris to London in 1910. At Cinema II George Stevens' "The Greatest Story Ever Told" opens today for a three week engagement.

'Peter Pan' at Art Institute

A traditional Christmas treat for children and their parents will be the third annual live theater production of "Peter Pan" presented by The Detroit Institute of Arts Theater Arts Department in the museum's auditorium Dec. 26 through 30.

Peter's flights will be scheduled for eight performances during the vacation week itself. The "Peter Pan" cast is made up of young actors from the Detroit area. A number of them have studied in workshops sponsored by the Theater Arts Department. All the familiar characters will be vividly recreated — Captain Hook, and his pirate crew, Peter Pan and the Lost Boys who "never grow old in Never-Never Land," and huge, woolly Nana, the dog who looks after her charges so fussily.

An added thrill for the youngsters will occur when they are ushered to their reserved seats in the museum's auditorium by colorful pirates and Indians.

The performance schedule is Sun. Dec. 26—2 p.m.; Mon., Dec. 27—2 p.m.; Tues., Wed., Thurs., Dec. 28, 29, 30—10 a.m. and 2 p.m.

All performances will be in The Detroit Institute of Arts Auditorium (John R Street entrance). All seats must be reserved. Tickets are at The

Detroit Institute of Arts, and all J. L. Hudson Co. ticket services.

Because members, clubs or organizations may wish to attend the event as a group, special reservation arrangements and prices for 10 or more tickets are available. Telephone the Art Institute Ticket Office at 832-2730 for complete details.

Legend Of The Cloak Of Fiery Coals

FAITH GILLESPIE
(A Christmas story to be read aloud)

The sky was a mantle of midnight blue velvet stretching from hillside to hillside above the dark earth. It was speckled with holes where the stars glittered through; little, hard chips of stars, cold, shining like new-polished silver.

One star had come down, through the dome of blue velvet, and hung there, suspended in space, one star that shone with a glow and a brightness, a warmth: the Star of Bethlehem.

This star looked down from its far-away place in the heavens upon a small stable, a building of brown wooden beams, a rude shelter, open to the cold.

There were animals there, beasts of the field, beasts of burden, restlessly moving about in the stable. Their breath made a mist that hung in the air.

There was a man there, and a young woman, and a newborn baby. The woman was awake. She looked at the baby lying on yellow straw in a weathered wood manger. She took off her shawl of blue and silver and gold, the shawl that was new for the journey from Nazareth to Bethlehem. She laid the shawl over the sleeping child.

"Don't wake, wee one," she said.

She shivered in the cold and clasped her arms about her body and looked at the man, who was stirring in his sleep. Suddenly, he sat up and saw her standing there, standing alone and cold by the manger.

"It is cold," she said. "It got cold so quickly."

"Where is your shawl?" he asked.

She nodded toward the baby. "Then take my cloak. It will keep you warm. We should have

a fire, but the inn is dark. Surely no one is awake there. I do not know where else we can find a fire."

She took the fine brown cloak, the cloak that was new, as her shawl was new, for the journey from Nazareth to Bethlehem, and as she held it, she saw the small red flicker of firelight on the far hillside.

"There are shepherds on the hills this night," she said, "who will tell you have coals for a fire. See—see that small light?" she said. "The baby's hands are cold, so cold. I am afraid for him. And if I wear your mantle, you shall be cold."

"I will go to where that fire burns," she said, "and I will bring back coals. God keep you while I am gone. God be with you here in this strange place."

As he turned to go, the woman said, "Here, take your cloak. I am sheltered here in the stable. You will need it out on the open hills."

"Oh no . . ." he began, but she put the cloak around his shoulders and said, "Go now, and bring back a fire to warm us all here in this stable."

So the man went out, quickly, toward the distant red flicker, and the woman went back to the sleeping infant. She looked at her first-born as new mothers do, with love and wonder and awe, with a deep sense of reverence, and with a rare joy at the miracle of the newborn child, perfect and beautiful, helpless and small, so small.

But in her heart was something more, for she knew that her child was the Son of God.

The man walked swiftly across the fields and hillsides toward the far-gleaming firelight. As he drew nearer, he saw the few dark huddled forms of the shepherds drawn close to the fire.

The shepherds were a wake,

watching the clusters of sheep. When he came to them, he said, "Do you have a few coals you can spare so that I may make a fire? My wife has had a baby, and we are sheltered only by the stable at the inn, for the inn is full. She is tired and cold, and the baby is cold."

"You may have a few coals, and welcome," said a shepherd, "but we have nothing here for you to use to carry the fiery coals."

The man took off his new cloak and put it on the ground. "I will carry the coals in this," he said.

Speechless, the shepherds watched as the man took the glowing coals in his strong bare hands and placed them upon the mantle. They looked, amazed, as he picked up the cloak.

"Thank you. God bless you," he said. He turned and was suddenly gone into the deep darkness.

"What miracle is this?" said one of the shepherds at last, and before they could answer, a great and shining light appeared, and standing in the light was a radiant angel of God.

The angel said, "Fear not, for behold, I bring you good tidings of great joy, for unto you is born this day in the City of David a Savior who is Christ the Lord."

The man came quickly into the stable. He put his bundle onto the ground and opened it. There were the fiery coals, glowing gold and green and blue and red upon his cloak.

He gathered yellow straw and placed the coals upon it, and little bits of wood from the fender, the small fire gleamed, flickered, leaped, and burned brightly, and the shadows danced across the ground and up the wall.

The animals rustled. The child awoke. The mother tucked the shawl in around his little body. "Hush," she said, "hush, baby. We shall be warm. Sleep, baby; sleep, baby."

She looked at the man, and then she picked up the mantle that was lying on the ground, and she held it up to the light of the fire. There was wonder in her eyes as she took the cloak to the man.

He took her by the hand and led her to the fire, and together they sat down. In the silence they thought they heard music, far off, like angels singing, singing "Glory, Glory to God."

Finally, softly, the young woman spoke. "And your cloak was not burned, your new cloak? Not burned at all?"

The man drew his mantle about his strong shoulders.

"It feels warm, strangely warm. It gives me warmth and joy. And it was not harmed."

He looked at the small dancing fire. He held his hands out over the coals and rubbed them together.

The woman looked toward the sleeping child, so small, so soft, infinitely precious. She smiled at the man as she spoke. "It is a miracle. And the baby is a miracle. Perhaps one miracle brings others."

Christmas Adventure of Blinky At Lola Valley

The Lola Valley Methodist Church presented its Christmas program on the evening of Dec. 19. All of the church school children participated in the program, which was entitled "Blinky's Christmas Adventure." The story, which has been made into a children's record, was written by Mrs. Millie Collins of Livonia. Mrs. Collins has written a number of stories for children's records.

Christmas Eve At Ward Memorial

The Christmas eve service at the Ward Memorial Presbyterian Chapel in Livonia will be held at 7 p.m. A Christmas concert will be presented by the adult choir with an orchestral accompaniment. Dr. Bartlett L. Hess will bring the Christmas message, "Christmas Giving."

For those preferring a later hour, a Christmas eve candle-light service will be held at the Detroit Church, Plymouth at Steel Avenues at 11 p.m. with special music by the chancel choir. Dr. Bartlett L. Hess will also preach at this service.

The man spoke quietly, gently. "We have not seen the end of miracles," he said.

They slept, full of wonder, in a night full of wonder, and the stars glittered down from the blue velvet sky. The shining star above the stable no longer seemed far away. It was of silver and gold, and it had a radiance, a brilliance not seen before, and from it came warmth to add to the small fire glowing gold and green and red and blue.

The Star of Bethlehem shone down upon the stable where slept Joseph, and the mother Mary, and the infant Jesus, the Miracle of the World.

Temple Beth Am to Hold Observance

Chanukah, the Jewish "Festival of Lights" holiday, began at Sundown, Saturday, Dec. 18. Like many Jewish holidays, Chanukah has a clear-cut historical and political origin. The actual event which it commemorates, the Hebrew struggle for religious freedom from the tyrannical regime of the Greco-Syrian emperor Antiochus Epiphanes, is known to have actually occurred in 165 B.C.

The holiday is observed with special services, prayers and hymns in synagogues, homes and religious schools. It is a holiday of particular gaiety for children; games are played, a special Chanukah top called a

"dreidel" is spun, and traditionally, children receive presents and Chanukah "gelt" (coins or money). Temple Beth Am will be holding special Family Services on Friday evening, Dec. 24, at 7:30 p.m. at the Cohn Bldg., West Seven Mile Road at Osmus, in Livonia.

State Warns To Beware of "Ice Balls"

LANSING — State health authorities moved Monday to cut off the sale of imported "Ice Balls" after tests showed some contained water bearing disease-producing bacteria.

Dr. Albert E. Heustis, State health-director, disclosed the results of laboratory examination of the novelty drink-coolers, and notified local health officers to take steps to stop their sale.

The colored, water-filled plastic balls are imported from Hong Kong. They are frozen, then dropped into drinks in place of ice cubes. Ice cubes dilute the beverage as they melt; "Ice Balls" do not.

Health authorities in Michigan and other states began testing after a report from Arkansas that some balls distributed in Little Rock contained coliform bacteria that might cause dysentery and possibly other ailments.

Heustis said the tests at the State laboratory showed "high bacterial counts, a high coliform index, and other bacteria that have been associated with various diseases."

THE WILLIAM JOHNSONS of Ann Street are delighted to have their son James E. Johnson home for the holidays. He is a private first class and has just finished seven months in the Dominicans. He will return to Fort Bragg, N.C. with the 82 Abn. Div.

LT. AND MRS. JOHN C. HARRISON, (she is the former Susan Neal), are spending the holidays with Mrs. Harrison's mother, Mrs. Charles J. Neal of Burroughs St. and Lt. Harrison's parents, the Ellis Kanas of Detroit. Lt. Harrison is in Air Force flight training at Reese Field, Lubbock, Texas.

ORIGINAL, I WOULD SAY SO—Roberta Orr used material from their market that would ordinarily be tossed out to create unique holiday decorations; such items as egg dividers, onion bags, mesh baloney bags, etc. It made an interesting window. Pass the Starkweather Store and observe.

MEMBERS OF THE LUTHERAN CHURCH of the Risen Christ Ladies Guild held their annual Christmas party Wednesday, Dec. 8, at the home of Prof. and Mrs. Eugene Nissen, in Hamburg, Michigan. Prof. Nissen, formerly pastor of Lutheran Church of the Risen Christ is now a professor at Concordia College, Ann Arbor.

Enjoying the party were the following members and their husbands: Mr. and Mrs. Donald Gray of Provincetown Lane, Plymouth; Mr. and Mrs. Wallace Loucks, of Penniman Avenue, Plymouth; Mr. and Mrs. Melvin Pickens of Maple Street, Plymouth; Dr. and Mrs. Roy Retting of Vermont Street, Livonia; Pastor and Mrs. David Romberg of Orangelawn St., Plymouth; Mr. and Mrs. Clinton Stroebel of Gold Arbor St., Plymouth; and Mr. Henry York of Amelia Street, Plymouth.

YULE CHEER, in the form of a play "The Littlest Christmas Tree," highlighted the Christmas season at Farrand School. The play, staged by youngsters from grades 1 through 3, was under the direction of Beverly Graham, Eleanor Burton and Principal Gerald Elston. Three of the leading characters are shown above; (from left) Charles Valenti, John Shinn and John Lewko.

Noted Speaker to Be at C of C Annual Dinner

Dr. Kenneth McFarland, the country's foremost platform speaker on the ideals of basic Americanism, will be the guest lecturer at the Plymouth Chamber of Commerce 44th annual Recognition Dinner, on Jan. 27, in the Mayflower Meeting House.

Officially honored as "Outstanding Salesman of America" by the National Sales and Marketing Executives in 1957, Dr. McFarland was recently named "America's Number One Air Passenger" by Captain Eddie Rickenbacker in note of his extensive travels.

When he spoke at Roma Hall in Livonia last November, under the sponsorship of a local life insurance company, Dr. McFarland drew a capacity crowd of over 2500 area residents.

Dr. McFarland's address, "Wake the Town and Tell the People," will highlight the program. General Chairman Donald P. McClurg announced this week. He anticipates an attendance of over 400. The program opens with dinner at 6:45 p.m., with music by organist Dan Greer.

The committee consists of: Dr. Alden VanOrnum, tickets and reservations; Margaret Wilson, dinner arrangements; and Edward Draugelis who will act as Master of Ceremonies.
