

Ink on my apron... Let's wave the flag

with Yvonne Schmitz

The woman who came into the office of the Plymouth Mail was not just angry. She was irate. Her hair was red and she apparently had a temperament to match. I wish more people would get that angry.

Strictly social THE COLLEGE SET

They have summer jobs

PARKAS AND WINTER JACKETS were the order of the day and still it was c-o-l-d. Despite the chill in the air, 188 persons attended the Arborecroft block party on Memorial Day.

Plymouth college students are wending their way toward home and many of them are already established in summer jobs. Others will spend the summer soaking up sun and surf at nearby lakes and pools. Nursing students go to school almost year round.

Specialty of the house Norwegian Apple Cake is delicious

Norwegian born and raised, Mrs. John Tveitaraas was given the recipe for Norwegian Apple Cake from her mother. The cake is moist, delicious and different and she says that her two daughters love it.

Mrs. John Tveitaraas of S. Main St. pours coffee while she serves Norwegian Apple cake, a recipe given to her by her mother who lives in Norway.

MEMORIAL SERVICE: The laying of the wreath at Plymouth Rock in Kellogg Park ended the annual Memorial Day parade and service as a record crowd turned out. Veterans of Foreign Wars' commander William Cadaret and American Legion commander Robert Hewer place the wreath. Clarence Brosteau of the Veterans Administration Judication office was the guest speaker; George Lawton, a City Commissioner was the master of ceremonies at the program which honored Thomas Gray, Plymouth's sole surviving Spanish American War veteran. Gerald Olson of the Mayflower Post No. 6695 of the VFW was grand marshal, and Fred Johnson of the American Legion Passage-Gayde Post 391 was the aide to the marshal. Rev. Donald Williams of the First Baptist Church conducted the invocation and benediction, and Nat Sibbold led the assembly in the National Anthem. A special feature was the reading of "In Flanders Field" by Steve Ott.

Community demands met as College ends second year

At the end of two years of operation Schoolcraft College points with considerable pride to the fact that the College has kept faith with the residents by developing as rapidly as possible the programs for which the community asked.

Upon completion of current construction projects July 1 of this year the total expenditures for the College Campus will be \$5,835,082. Of this sum, \$1,461,720 has been secured from State and Federal sources.

during the first year, and it is the plan of the College that final North Central Accreditation will be secured in the shortest possible time.

AUTOMOTIVE CURRICULA
In addition to a strong transfer program, career courses have been developed as rapidly as possible. Existing programs such as those in electronics, drafting, and manufacturing technology are being enlarged. The fall semester will see a new two-year automotive program.

TRANSFER PROGRAMS
When the College was established, the Board of Trustees assured the residents that Schoolcraft would have a strong academic transfer program. This promise has been kept, and as a result Schoolcraft graduates are transferring to Eastern Michigan University, University of Michigan, Michigan State, Wayne State, Western Michigan University, Central Michigan University, and other colleges without loss of credit.

Some students with outstanding mechanical abilities and interests in the automotive area will wish to specialize in the mechanical field. Others with interests in management will be enrolled in the automotive-service management curriculum.

The automotive programs have been worked out carefully with the service managers of the automotive industry.

Many have secured scholarships to these senior colleges. Michigan Accreditation was secured

service or automotive service management fields. These Schoolcraft programs are made possible by the completion and equipping of the new technical-vocational building, which will contain the finest type of equipment, including engine dynamometer, chassis dynamometer, and new kinds of testing equipment such as engine oscilloscopes.

CULINARY ARTS PROGRAM
The new culinary arts program will attract young men and women who wish to prepare for the Food Services Industry, leading eventually to supervisory positions. It is sponsored by Hotel-Motel and Restaurant Associations of the area.

Completion of the curriculum requires four semesters, during which time students will supplement their theoretical work with practical experience. Theoretical study in the foods program will include work in communications, business mathematics, introduction to data processing, basic chemistry, and human relations.

Practical aspects include such

areas as food preparation, store-room operation, food and beverage control, meat curing, baking and pastry, pantry and dining room operation, nutrition, and menu planning.

NURSING PROGRAMS
The nursing area offers both a one-year practical nursing curriculum and a two-year associate degree program.

The first class of 23 practical nurses graduated in July, 1965. Mrs. Harriett Sattig, director of nursing education of the College, announces that Schoolcraft College placed fourth from the top out of 25 nursing schools throughout the State whose students took the licensed Practical Nursing examination.

The present practical nursing class has their clinical experience last fall at Garden City Osteopathic Hospital.

The first five weeks of the second semester were spent in psychiatric nursing and clinical experience at Wayne County General Hospital, Psychiatric Division. Students are currently enrolled in maternity nursing and

nursing care of children. The demand for the services of practical nurses is great; at the present many graduates are employed in local or neighboring medical facilities.

The first class of the two-year associate degree nursing program were admitted on August 31, 1965. Students began their clinical experience at Sinai Hospital. This first year they have studied medical-surgical nursing and at the present are in psychiatric nursing, with classes on campus and clinical experience at Wayne County General Hospital, Psychiatric Division.

Students in the second year of the program will have experience in maternity and pediatric nursing at St. Mary's Hospital, Livonia. The curriculum consists of a combination of liberal arts and courses in nursing. Those who complete the program are granted Associate Degrees and are eligible to take the Michigan State Board examinations for registered nursing.

SURVEYING: Part of the Schoolcraft College curriculum is surveying, with actual in-the-field practice. Instructor William Coulter, right, and David Curtis, student from Plymouth (back to camera) and Al Walgenbach from Redford overlook the new Lois L. Waterman student center, now nearing completion.

TECHNICAL TRAINING: Drafting classes at Schoolcraft are in big demand despite cramped facilities. Joseph Borgen, instructor, center, looks over the work of Alan Haxton of Detroit and Craig Herbst of Livonia. Borgen is assistant to the dean for technical and vocational instruction.

NEW COURSE: Among the ambitious plans at Schoolcraft is a course to help fill the need for people familiar with data handling computers and machines. James Taylor, business division chairman at the College, demonstrates an accounting machine to Sharon Peck of Livonia and Jim Kerwin of Garden City.

Offer trade apprenticeships

A related instruction program for industrial apprentices was established at Schoolcraft College in April by unanimous vote of the Board of Trustees. Mr. Ronald J. Monfette, himself a journeyman and an instructor in drafting and design at the College was appointed apprenticeship coordinator. Monfette initiated the study of industrial needs in this area in August 1965.

Beginning with the fall term of 1966, related instruction will be provided for industrial apprentices in the following areas: (1) design, (2) electricity, (3) machine trades, and (4) manufacturing trades. In the future as the need for training in other

areas is identified, the College will meet such demands. The goals of the program are:

- (1) to provide meaningful instruction to apprentices designated to receive such training,
- (2) to encourage local and nearby firms to utilize Schoolcraft College facilities to train their apprentices,
- (3) to provide industry with well trained and highly skilled manpower,
- (4) to encourage apprentices to continue their education after completion of the apprentice program, thereby keeping abreast of today's rapidly changing technology,

(5) to encourage other workers who can benefit from instruction to attend up-grading classes.

Industrial firms are offered the opportunity of placement in the first class, which begins this August. Since highly skilled labor is scarce in this area, the employment of tradesmen has reached an all-time high.

For further information about apprenticeship programs, industry and students are invited to contact Ronald Monfette, apprenticeship coordinator, technical-vocational division, Schoolcraft College, 18600 Haggerty Road, Livonia, Mich., 48151, or telephone 591-6400.

CORNERSTONE LAYING: The cornerstone for the new Calvary Baptist Church on Joy Rd. was set Sunday at noon ceremonies. Pastor of the church, Rev. Patrick Clifford, right, sets a sealed box, with historical papers in it in the cornerstone, as Ralph Alloway, chairman of the church's building committee, helps. About 200 members of the congregation gathered for the ceremonies as Rev. Clifford explained why the words "For the Glory of God" were written on the cornerstone.

Rev. Berg named vice-president of synod

The Rev. Norman W. Berg, pastor of St. Peter's Lutheran Church, Plymouth and president of the Michigan District of the Wisconsin Ev. Lutheran Synod, has been named first vice-president of the Synod.

The announcement was made today by the Rev. Oscar J. Naumann, president of the Wisconsin Ev. Lutheran Synod.

Pastor Berg had been the Synod's second vice-president, but was advanced to first vice-president, as provided in the Synod's constitution, when that position became vacant.

Farrand Scouts work on Scout-O-Rama exhibit

The Cub Scouts of Pack 863, Farrand School, are busy putting the finishing touches on their exhibit for the huge "Scout-O-Rama '66" to be held at Michigan State Fairgrounds on June 3, 4 and 5. Cubmaster El Silaghi, who lives at 15015 Farmbrook, said the boys have been busy for the past several weeks planning and organizing the big show. They will demonstrate "Home and Outdoor Safety."

ents and friends are invited to the show, and that tickets may be secured from Scouts from Pack 863 by calling Mr. Joe Bruzda, Ticket Sales Chairman for the unit, at 453-8020. Show hours are from 7 to 10 p.m. on Friday night, 1 to 10 p.m. on Saturday, and 1 to 5 p.m. on Sunday. There will be free horseback rides for children, monkey bridges to cross, pies, cakes and pancakes to sample.

WHAT YOU CAN DO

Bell launches campaign against obscene phone calls

The Michigan Bell Telephone Company has launched a campaign against obscene and harassing phone calls. John Kamego, manager, said Michigan Bell is deeply concerned with the increase in the number of obscene, harassing or crank calls and that the company is stepping up its efforts to protect customers against them.

HAHN-ECLIPSE Belt-Drive POW-R-PRO™

Carrier of the week

A future Air Force pilot is this week's Carrier of the Week.

Lloyd Grissom, 15766 Maxwell, son of Mr. and Mrs. Lloyd Grissom attends the eighth grade at Junior High East.

He comes from a big family five sisters, Glada, Sharon, Karen, Judith and Le-Anna - and one brother, Robert.

Hobbies for Lloyd include model airplanes and cars. If he joins the Air Force he wants to fly small, single engine airplanes.

Fishing and going on trips are his favorite pastime.

His 105-paper route covers Maxwell, Park, Fry and Marilyn Streets.

His father works at the Ford Motor Co, in Livonia.

In honoring young Grissom, circulation manager Fred Wright said the "route had been handled well by Lloyd and that it had offered him an opportunity to meet people, to learn how a small business must operate, and what responsibilities a young man can assume."

"I'm proud of Lloyd and all the Mail carriers", Wright said. "They are individual businessmen turning over a product for a small profit. And they are doing a good job."

ing or crank calls. AMONG THE new devices is one which has the capability of "locking in" on a call. In some cases, it can lead to identification of the calling telephone line even after the person who made the call has hung up.

In addition, Kamego said, the phone company has set up new procedures for the handling of complaints of such calls at each of its business offices throughout the state. In each office specially trained service representatives have been assigned to handle the complaints.

In the Detroit metropolitan area, a centralized Annoyance Call Bureau has been established. There specialists will coordinate action by the company's security people with the customer and police agencies.

Steps which customers can take to cope with abusive calls also were outlined by Kamego.

"Should you or your family receive obscene, harassing phone calls, don't talk. What the caller really wants is an audience. Don't be that audience and don't listen to his abuse," Kamego cautioned. "Hang up whenever a caller uses obscenity, doesn't properly identify himself, or says nothing. Use the telephone on your terms to guard against these invasions of your privacy."

In most instances, the customer can solve the problem by not talking, or by hanging up, Kamego said.

IF THE OBSCENE, harassing calls persist, customers are urged to call their telephone company business office.

If the nature of the calls is in violation of the state law, the customer may want to sign a complaint so that action can be taken by the appropriate law enforcement agencies.

Michigan law provides up to 90 days in jail and \$100 in fines for making obscene, harassing calls. In addition, the telephone company is permitted to disconnect or remove the phone service of anyone proved to be making obscene or harassing calls.

Salem Federated Church sets fund drive for bus

The Salem Federated Church is planning to purchase a 1959 60-passenger bus in June.

A bus fund has been set up to reach a goal of \$500 by the 5th of June, which has been designated as "Over the top Sunday". At the present the church is using a 1948 bus.

Medicare cards being mailed to early registrants

Health-insurance cards have now been mailed to over 15 million people 65 and older who have established their entitlement to hospital and medical insurance under the Social Security Act, according to Sam F. Test, Social Security District Manager of the Detroit Northwest office. The next large mailing of the red, white, and blue cards will be early in June.

Cards for people who did not sign up for the voluntary medical insurance part of the program - which requires a monthly premium payment of \$3 - will first be mailed in June.

This mailing is being delayed since many among the 1,000,000 people who did not enroll for medical benefits initially have since changed their decisions, and Congress has extended the enrollment period to May 31.

Schoolcraft placement booming

The economic boom has resulted in an ever-increasing demand for employment of Schoolcraft College students. The College Placement Service has found that during the last ten months, over four hundred area employers including Detroit and the surrounding communities, have made inquiries seeking Schoolcraft students for part-time employment.

During this period, over five hundred students have been referred to employers. Evidence has shown that over three hundred of these students have found employment, which acts as a means whereby they can help defray the expenses of an education. These students have been employed in many types of positions from manual labor to highly skilled technical and responsible business positions.

College has employed one hundred since July, 1965, with a total payroll of over \$30,000.

The students have been employed under three different programs: college work-study and vocational work-study, both supported by government funds, and regular student employment. Under college work-study, students who must work in order to attend college are employed by the College and selected non-profit off-campus agencies in jobs related to their vocational goals.

On campus, students work as laboratory assistants, library assistants, clerks, secretaries,

maintenance and security men, and as athletic and recreation aids.

The placement service expects no decrease in the demands placed upon it for student employment. With an ever-increasing number of graduates and a larger student enrollment, the placement service anticipates a large role in providing a source for employers of trained personnel and in aiding students wishing employment. Those wishing further information should contact Russell Borarin or John Cansfield in the Office of Student Affairs.

INDICATIONS ARE that many career positions are available for the two-year graduate. Over forty inquiries have been received from business, industry, and government looking to the community college for trained personnel. A permanent placement file is available to graduates of the College seeking career opportunities, and in the future employers will be recruiting graduates on campus.

Schoolcraft has become a source for the employment of a substantial number of its students. Viewing student employment on campus as an important part of its overall student financial aids program, the College has employed one hundred and four student financial aids program, the

Starkweather PTA elects officers, plans picnic

Plans are now being made by Mrs. Grace Light for the annual Starkweather School P.T.A. picnic to be held June 7, at Gungolly Mill at 6 p.m.

Officers were elected for next years P.T.A. board: president, Martin Stiglich; vice-president - Bill Light; secretary - Daisy Proctor; treasurer - Patricia Battle; teacher representative - Joy Engroff.

Most of your tribe in the Detroit area?

LEAGUE CHAMPIONS: The Rocks won the Suburban Six League golf championship. Team members are Dick Wolfram, Bob McCall, Terry Vanderveen, Dave Meridith and Mike Ellison,

back row, and Gary Robinson, Neil Goodman, Tom Janicki, Jeff Scott, Dave Dunlap and coach John Sandmann.

Golfers sweep league, win championship by 3

Plymouth golfers put it all together last week as they won the Suburban Six golf championship by three strokes. John Sandmann's squad shot a 325 total, good enough to beat Redford Union, their closest competitor at 328. It was a come from behind type of season as the Rocks lost several opening matches, then won five straight. Bentley finished third at 334, and Belleville and Trenton tied at 335 for fourth. Tom Janicki, who shot a 77,

tied with Larry Waara of Bentley for low medalist honors. Waara won a sudden death playoff on the second hole to take top individual honors. Jeff Scott shot 79, Gary Robinson 84 and Neil Goodman 85 in the match, held at Brae-Burn. Dave Dunlap shot an 86. An all-league golf team was picked with Janicki, Scott, Waara and Steve Kazmer of Bentley and Reece Lupucki of Belleville forming the top squad. In another match last week, the golfers burned Dearborn 198-204

as Janick shot a 39, Scott a 41, Dunlap a 41, Robinson a 38, Goodman a 43 and Dave Meridith a 46.

Dauids to speak to senior athletes

Colonel Fred Davids, a Plymouthite, and head of the Michigan State Police, will be the featured speaker at the annual Kiwanis senior athlete banquet. Set for June 7 at 8:15 p.m. at Lofy's, the banquet will feature 50 senior Plymouth High School athletes. They will be presented by long time PHS coach and now athletic director, John Sandmann.

Thinclads fifth in league; JV's end up fourth

Plymouth ran fifth in the league track meet as the Rocks scored in only five events. Tom Elias did the only scoring in the field events, placing fourth in the shot put. Bob Kreitsch took a second in the half-mile event; Don Burleson ran third in the 100 yd. event and fifth in the 220; the mile relay team ran third. Bentley won the meet and the league championship, with Redford Union, Trenton, Belleville, Plymouth and Allen Park placing in that order. The JV track squad finished fourth in their meet, which was won by Redford Union. Dave Martin ran second in the high and low hurdle events, and tied for fourth in the high jump. Ron Witthoff took a fourth in the 880.

JV's fielding gives RU win

Redford Union broke a 5-5 deadlock over the Plymouth JV baseball squad in the seventh inning, and went on to win 9-5 last week. Redford Union, capitalizing on errors, overcame two Rock homeruns. Russ Carlson, batting two for four, slammed a home run with one on; later Nick Darmogray hit a homer, also with one on. Jeff Gillespie pitched the game.

in The Plymouth Community

Jr. baseballers to hold parade

At 1 p.m. this Saturday the Plymouth Community Junior Baseball League launches another season in which about 400 boys, 8 through 13, will participate in a summer of fun and frustration - and the satisfaction of fellowship, sportsmanship and citizenship. John Schmidt announced details of Saturday's activities which were arranged by Chairman Al Stringham of the League's parade committee. Preceding the ball games a parade will start at Kellogg Park at 11 a.m. It will be led by the Plymouth Junior High Band. All little leaguers and many local dignitaries will participate in the parade, which will dis-

band at City Hall. Activities will resume at noon at the leagues' diamonds on Plymouth Road, across from Burroughs, with Carl Cederburg as master of ceremonies. Plymouth Mayor, James Houk, will toss out the first ball to officially open the season. National League teams will play the first games, commencing at 1 p.m. with American League teams following at approximately 2:30 p.m. There is no admission charge and the community is invited to attend. New bleachers were added last week and there will be plenty of hot dogs, coffee and soft drinks available.

Rocks take 5-4 win in tourney

The Rocks earned a consolation position in the Les Anders Memorial Baseball tournament in Livonia on the strength of a 5-4 trimming of Our Lady of Good Sorrows Saturday.

The Rocks failed to advance further rounds when Thurston slipped by them in a 2-1 heart breaker Monday.

The season wraps up this week with one league game, and the consolation contest, set for Saturday against Redford Union at 6:30. Thurston will play Garden City West for the championship.

In the Sorrows contest, Plymouth had a big day at the plate, led by John Bida's home run. John Underwood also netted two hits for the winners as Randy Williams went five innings on the mound, with Dan Camp taking the last two innings and the win. The Rocks came from behind to score two runs in the sixth inning on four walks and a sacrifice single.

IN THE MEMORIAL Day game, Pat Williams put together a fine performance on the mound. The Rocks lost a chance to go ahead when, in both the sixth and seventh innings, men died on base. Williams struck out 11 and allowed four stingy hits - three

singles and a bad-hop double. In that game Williams, Camp and Dave Prochazka had hits. Earlier in the week, the Plymouth squad took two drubings, one a 12-4 romp by Redford Union, the second a 8-0 shutout by Bentley.

Plymouth opened the RU game with a bang, scoring four runs on five hits.

But the lead fell apart in the second as Prochazka, racing to field a hit, stepped in a hole in the rocky RU field and two runs scored.

Coach Frank Fisher used everything he had on the mound as Pat and Randy Williams pitched, and also Danny Camp.

RU won the game with 13 hits and two errors.

In the Bentley game, with Pat Williams pitching four runs scored on six walks, one error and no hits in the opening frame. Camp finished the game.

Over 38,000 in district reap Social Security benefits

More than 38,000 residents of Lenawee, Livingston, Monroe, Washtenaw Counties, and the Second District part of northwestern Wayne County, were receiving Social Security benefits at the end of 1965, according to figures provided by U.S. Representative Wes Vivian today.
During 1965, legislation was enacted by Congress to permit widows at ages 61 and 62 to receive benefits.
Nationally, almost 21 million persons were receiving social security benefits totaling over \$1.5 billion per month, an increase of about 13% over the corresponding figure for 1964, reflecting both increased monthly benefits enacted by the Congress in 1965 and an increase in the number of persons eligible for social security payments.
Payments to these beneficiaries averaged slightly over \$70 per month, Vivian said.
Under the long established Old-Age, Survivors, and Disability program, Social Security benefits are paid to individuals of advanced years who, during their lifetimes, have accumulated coverage by paying Social Security taxes. Their payments, combined with matching amounts from their employers, are accumulated in Federal trust funds, out of which these retirement in-

County	Total Beneficiaries	Old-Age Survivors Beneficiaries	Disabled Insurance Beneficiaries	Total Monthly Benefits
Lenawee	\$ 8576	\$ 8005	\$ 571	\$ 648,665
Livingston	\$ 4053	\$ 3770	\$ 283	\$ 317,428
Monroe	\$ 9038	\$ 8369	\$ 669	\$ 714,927
Washtenaw	\$13866	\$12798	\$1068	\$1,130,307
Wayne--Second District	\$ 2730 (est.)	(no est.)	(no est.)	\$ 234,000 (est.)
Total Second District (est.)	\$38,263			\$2,745,327

Vivian introduces bill to aid retarded

U. S. Representative Wes Vivian has introduced legislation in the House of Representatives which would permit funds appropriated under the Mental Retardation Facilities Act of 1963 to be used for the construction of classrooms for the mentally retarded.
In introducing the legislation, Congressman Vivian said, "under present regulations, grants are not made to State or local public school systems to assist in the construction of classrooms for the retarded in a regular or special school.
The only way in which Federal money can now assist the education of mentally retarded children is through classrooms to be built in an institution for the retarded.
"I FEEL that this restriction is a serious one, and one which can and should be corrected. It is estimated that there are today about five and one-half million mentally retarded persons in our country. But recent studies of the problem of retardation show that only about one in ten of this total are seriously retarded. The rest are generally termed the educable retarded. For the most part, these persons do not require institutionalization, and will probably live in their own homes and communities all of their lives.
Their primary need is for an opportunity for education and training, to enable them to develop their full potential. When properly trained, this group can learn skills leading to gainful employment; they can then become productive members of society. Without such training and the opportunity for employment, they may very well become welfare recipients and a burden on their families and communities.
"Public awareness of the complex and long-ignored problem of mental retardation is growing. Many local school districts may wish to provide classes for the retarded; but they face a classroom shortage, and a growing school population. I have been contacted by school officials in my District who are building new schools and would like to include classrooms for the retarded. However, when funds are limited, our local school officials understandably tend to fill the needs of the regular school population first.
"My amendment would allow funds appropriated under title I, part C, of Public Law 88-164, to be used to construct new schools and classrooms, or to expand and remodel classrooms in existing buildings, for use by the mentally retarded."
Most educators feel that the best place for the retarded child to receive his education is in the local neighborhood school, not in a special facility serving only retardates. The similarity shared by those of normal mentality and those with a mental deficiency are far greater than the differences. The aim should be to integrate those with disabilities into the mainstream of American life, insofar, as is possible.

Questions & Answers

What causes rice to turn an unappetizing gray in the cooking?

Cooking rice in an aluminum utensil will sometimes cause a change in color. Duralum utensils, made of aluminum laminated with stainless steel, will overcome this difficulty. Also, the addition of a few teaspoons of lemon juice will keep the rice nicely white.
