VOL. 27 — NO. 24 52 WEDNESDAY, JULY 20, 1966 505 South Main, Plymouth Philip H. Power, Publisher

ON THE JOB is Rev. Herbert Brubaker as he takes over his new assignment as head of the First Methodist Church where he succeeds Rev. Hugh White.

Methodist Church Gets Minister from Saginaw

Rev. Herbert Brubaker, with more than 37 years service to the ministry, is the new pastor of the First Methodist Church in Plymouth, arriving two weeks ago to replace Rev. Hugh White, who was promoted to District Superintendent in Flint.

Rev. Brubaker, a native of Monroe County in Ohio, near Toledo, was graduated from Ida High School and then received a bachelor's degree from Albion College, attended Garrett Seminary in Evanston, Ill., where he received a Bachelor of Divinity degree and finally a Doctorate in Divinity from Albion.

He began his ministerial career in 1929 in Hudson, a small parish in Lenawee County, and then moved to Burr Oak, Dexter, Blissfield for nine years and Trenton for 11 before becoming district superintendent in Saginaw.

During his time in Saginaw, he had charge of 96 churches and 75 ministers. His wife Helen holds a

Bachelor's degree from Eastern Michigan University. A son, Robert, is a minister in Brighton after attending Albion College and Garrett Seminary.

Dale, his second son, is a graduate of Albion College and received a doctorate from Michigan State University. He is now on the faculty at the Santa Barbara branch of the University of California.

Daughter Betty Jo, now Mrs. John Ellinger, received her degree from Albion and is now married to a pre-ministerial student attending Perkins Theological Seminary in Dallas, Texas.

Rev. Brubaker came from a farm family in the rural section near Toledo. His parents were farmers. He has six brothers and sisters, all located in that area.

He will be assisted in Plymouth by Rev. Peter Schweitzer who remained at the church after serving in a similar capacity under Rev. White.

Township Makes 707 Plan Book Available

Copies of the Township of Plymouth's Comprehensive Development Plan and Report, recently adopted by the Township Planning Commission, are now available at the office of Treasurer Mrs. Elizabeth Holmes, at \$5 per copy.

After two years of intensive study and evaluation, the Township Planning Commission and Planning Consultants, Waring and Johnson, prepared the report in order to meet the problem of rapid suburban development and population growth.

The plan and report includes the pattern and intensity of land use and the provision of public facilities, including transportation, together with long range plans for such development.

It also includes the programming of capital improvements and their financing, and the coordination of all related plans of departments and agencies; the preparation of regulatory and administrative measures to insure coordination, administration and updating of the plans and programs of the future.

Supervisor John McEwen states this report should be of great importance to any interested resident and landowner in Plymouth Township and that it provides guidelines and specific examples for Township officials that should help them do a better job in their continuing responsibility for provision of essential services.

Council Still Undecided On Boost in Taxi Rates

Taxi riders in the Plymouth Community may feel the impact of a rate increase in the next month or six weeks if the Suburban Checker Cab Co. is able to substantiate its claims that most of the increase will go to the drivers.

That was the indication from Monday's meeting of the City Commission at which Commissioner Arch Vallier bitterly opposed a rate increase if the greater percentage was going into the coffers of the company instead of the pockets of the drivers.

E. R. Larges, vice president of Checker, asked the Council to reconsider its recent action in rejecting a request for a rate increase.

Larges proposes that Suburban Checker Cab be permitted to increase its meter rates from the present 40 cents for the first third of a mile and 10 cents for each additional third of a mile to 50 cents for the first quarter-mile and 10 cents for each additional quarter.

In addition, the company asks that the clock waiting time be changed from the \$3 per hour to \$4 per hour.

Larges pointed out that the request was two-fold: due to increased operating expenses and the competitive labor market. He stated that Checker has been unable to hire drivers in Plymouth on the present scale and has been unable to maintain service for that reason.

He told the Commission, after questioning by Vallier, that Checker would be able to maintain four-cab service if granted the rate increase.

"We are certain that we can hire drivers if given the increase," he said. "It will boost their potential wages to \$130 instead of the guarantee of \$84 as now. We have been subsidizing the operation, which is now one driver, for some time."

He proposes to give the drivers 40 per cent of the first \$100 if the increase is granted and then 60 per cent over that. The present scale is 40 per cent of all monies taken in.

During the course of the discussion, it was brought out that Larges had attended a meeting with Chamber of Commerce officials and City Manager Richard Blodgett recently, called for the purpose of discussing better cab service in Plymouth.

It also was brought out that representatives of the Mayflower Cab Company had not attended the meeting. It wasn't entirely clear whether they had been invited or not. This kind of meeting

brought protests from Commissioner George Lawton who stated he felt both cab companies should have been invited to the meeting.

After a lengthy discussion,

Commissioner James Jabara told the Commission that it was his opinion that a rate increase was not mandatory but permissive. He said he could see no reason why rates

shouldn't be increased on the basis of that thinking.

"After all if Mayflower Cab feels it doesn't need an increase and Checker says it does, then I believe we

should grant the request. After all it's still a matter of competition and if one group wants to operate with higher rates, then I feel it is the right of the

operators." Jabara emphasized.

The matter was tabled by a 4-3 vote with an order to the City Manager to check (Continued on Page 12-C)

Supervisor Critical of Fischer

Twp. Okays Plan Board Funds

Plymouth Township has renewed its share of the expenses for the Plymouth Area Planning Commission and its Director Harold Fischer despite some comments about Fischer.

The comments came from Supervisor John McEwen and Treasurer Mrs. Elizabeth Holmes. Both expressed some concern over Fischer

but voted to renew the contract.

The Township's share is \$5,000 in the Planning Commission, considered a co-operative venture on the part

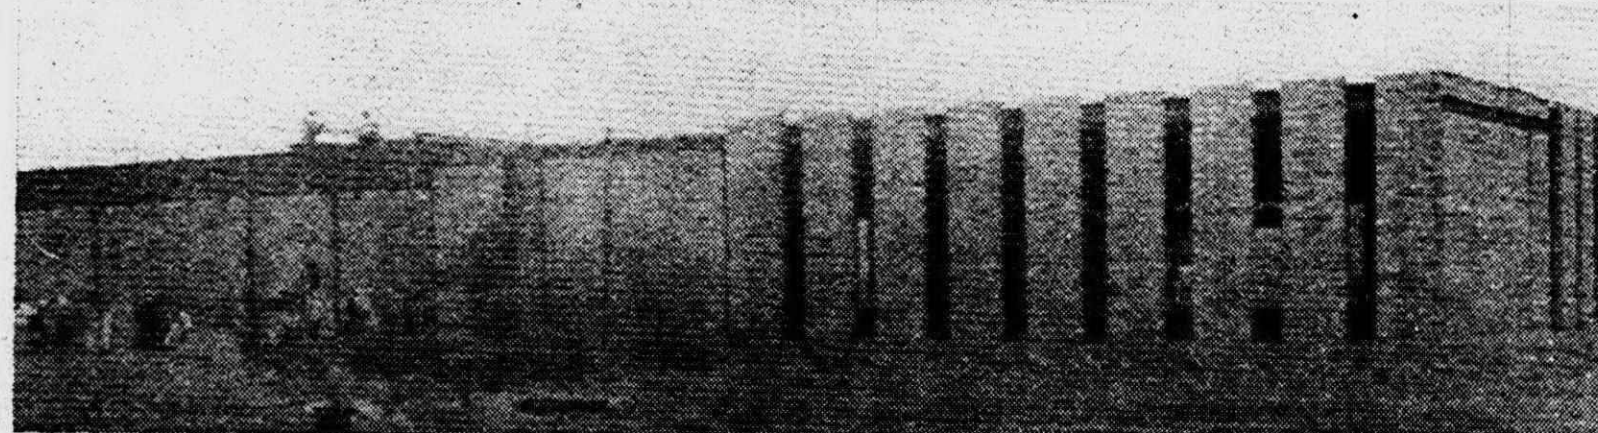

of the City of Plymouth and the Townships of Plymouth and Canton towards building up the non-residential tax base for the school system. The City adds \$5,000 and

Canton \$2,500. Before voting "Yes," McEwen said:

"Mr. Fischer recommended the elimination of the Township, City and Canton Township planning commissions. The first step he takes after his appointment is to try and take these rights away from us. He shouldn't attempt to eliminate any of our rights."

Ralph Garber, Township Trustee, who is a member of the Area Planning Commission and the one who put the matter before the Board, said there had been a problem of personalities.

"But Harold has been straightened out on a lot of things," Garber said. Fischer had submitted a list of accomplishments with the request for continuation of the Township. (Continued on Page 12-C)

TWO BIG REASONS for Plymouth Township's record month in issuing building permits are the new office building at Evans Products (above) and the multi-million

dollar plant of the Ford Motor Company on N. Sheldon Road. Permits for the two facilities boosted the monthly total to the highest peak in Township History.

Fire Board Feels Work Is Finished

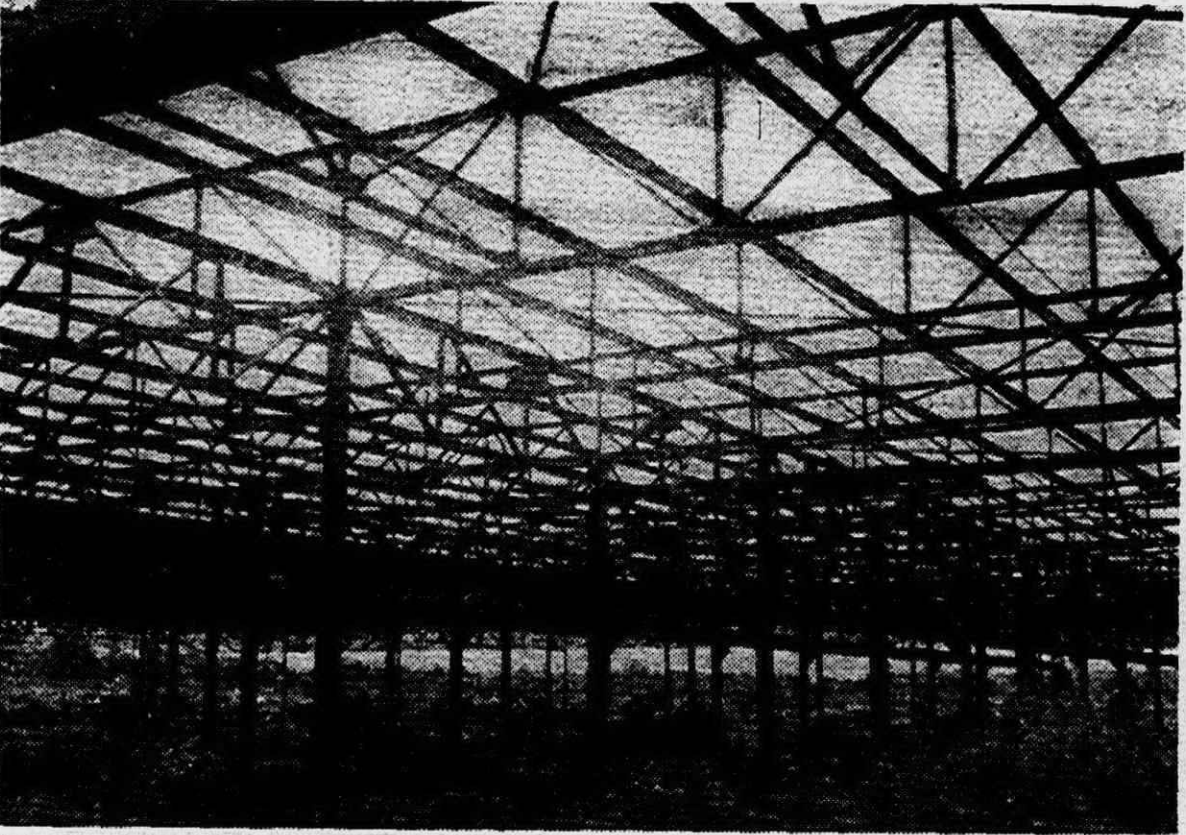

The Plymouth Township Fire Administration Board feels that it has done its duty and should be dissolved, now that the Township has the services of a Director of Public Service in William Burr.

At least that's the opinion of members of the Board who passed a motion last week to discontinue the Board as of that night.

The meeting was held specifically to introduce Director Burr to the Board and to give members a chance to explain their duties since being appointed almost a year and a half ago.

Future plans for the Fire Department were discussed. Burr was brought up to date on the activities and responsibilities of the Board, and then Chairman Mel Troyer made a motion that it should be dissolved. He received support and then a motion passed unanimously.

However, it isn't quite that simple. The Board was set up by the Township Board of Trustees, which approved the appointments. So it is the official duty of the Trustees to make the final decision.

Mango's May Get Relief In Plans for New Lounge

The battle between the Plymouth Township Board and Frank and Julia Mangogna took a different turn last week when trustee Dick Lauterbach suggested allowing them to build their new restaurant without the proper zoning for the site.

Lauterbach suggested at Tuesday's regular July meeting that a permit be issued for the proposed new structure, and the rezoning withheld.

"I'd like to have an attorney rule on this matter," Lauterbach said. "I have mixed emotions on his matter. I can understand why the residents wouldn't want rezoning. But I also must appreciate that the business was

there before the homes."

The Board agreed to turn the matter over to attorney Ralph Cole.

The problem stems from a 1957 master plan rezoning (Continued on Page 12-C)

Gargaro Wins Contract For Sewer Project

Don Gargaro Excavating Co. was awarded the contract for installation of sewer lines on Haggerty Road from Joy to Ann Arbor Roads, for 1400 feet between Robinwood and Huntington Drive and for extension of the township sewer from 40651 Five Mile Road to 40805 Five Mile Road in Plymouth Township on his low bid of \$113,399.

The Township Board of Trustees approved the contract on recommendation of Engineer Herald Hamill after he had made a careful study of all bids submitted.

Gargaro submitted the low bid and guaranteed completion within 90 days. E&L Construction Co. was second among the seven bidders with an offering of \$120,051 and 120 days and Lou Dettore was third with a bid of \$127,985 and 90 days.

BLANKETS IN JULY? That was the story for Mr. and Mrs. James O'Day (left) and Mr. and Mrs. Mark Wehmeyer when they attended the Van Cliburn concert at the Meadowbrook Festival last week. More than 50 Plymouth lovers of fine music made the trip via bus. The arrangements were made and the trip organized by Mr. and Mrs. Ray Hulce.

Registered Nurses Seek Aid for Long-time Friend

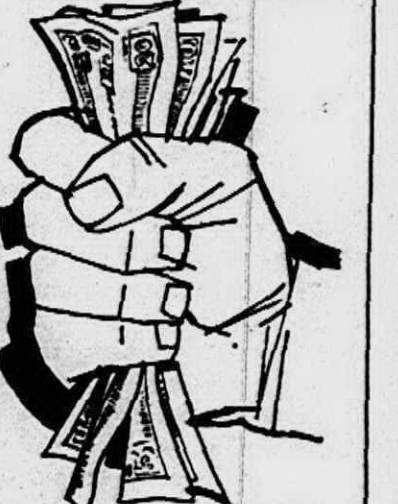

Carl Lampton, who has quietly operated the West Trail Nursing Home on Ann Arbor Trail in Plymouth for several years, isn't one who asks favors of anyone.

the Association has started the Carl Lampton Fund with the goal of aiding a person who has aided so many elderly folks at his nursing home.

Carl is confined in St. Mary Hospital in Livonia with a back ailment that may hospitalize him for some time. Just a few weeks back he lost his seven-year-old daughter following a long, losing fight with leukemia. That was a costly thing; his current ailment is costly and then there's the matter of

UF Goes Over The Top In Capital Fund Drive

The United Foundation Capital Fund Campaign has exceeded its \$18.25 million goal by more than \$1 million.

The final result of the three-month campaign was announced by Lynn A. Townsend, general chairman of the drive.

Townsend, president of the Chrysler Corp., said the drive had raised \$19.4 million, 106 per cent of its goal from 1,200 corporations, foundations, charitable trusts and a "limited number of individual gifts."

Townsend praised the efforts of his team of 300 volunteer business men which was organized by the campaign vice chairman, Thomas F. Morrow, Chrysler group vice president, defense, space and diversified products.

"The task confronting these men early this year seemed almost impossible," said Townsend. "Yet, through dedication and hard work, they have brought this community one of its greatest victories."

"The benefits of their labors will be apparent for many years in the additional hospital beds and the many health and community services that will be able to pro-

vide more and better service."

Townsend also had praise for the corporations and foundations for their generosity in putting the drive over the top.

"This is another demonstration of the ready acceptance of the responsibilities of corporate citizenship by the companies in our community," he said.

"Because of their generosity, our Wayne, Oakland and Macomb county community will enjoy the benefits of \$95 million in new construction in 15 hospitals and 31 health and social service centers."

The balance of the funds over and above those raised by the Drive, will come from government grants, loans, reserves of the individual agencies and hospitals and gifts, Townsend said.

In addition to the \$19.4 million raised, the UF put \$2.5 million of surplus funds into the campaign. After costs, this will permit allocations of nearly \$21.5 million.

Four new hospitals will be constructed in the medical center with UF funds. They are Children's, Webber Med-

ical Center, a teaching unit of Harper; Hutzel, formerly Woman's, and the Rehabilitation Institute (100 new beds).

Other hospitals benefiting are: Bons Secours, Cottage, Detroit Memorial, Jennings Memorial, Metropolitan, Mt. Carmel Mercy, Mt. Clemens General, Riverside Osteopathic (Trenton), St. Mary (Livonia) and Sinai.

In addition, a proposed new Southwest Detroit area hospital will receive \$1 million if the boards of five existing hospitals in the area can conclude a merger.

Kuhn Urges U.S. Return Part of Tax

George W. Kuhn, former Mayor of Berkeley for the past 10 years, and candidate for State Senate 14th District, sent letters recently to Governor George Romney and U.S. Senators Philip Hart and Robert Griffin urging Federal legislation to return a small portion of Federal Income Tax to the local units of governments and to the School districts.

Kuhn indicated it has been long recognized the financial plight of local governments and dire need of additional tax dollars required to meet the ever growing responsibilities and rising costs of schools. Kuhn proposes that a per capita of 1 per cent of the federal income tax collected be returned and divided between the cities and schools with no strings attached. This would alleviate many serious problems and provide a greater measure of local control over the use of such funds.

Such a distribution of tax dollars on an annual basis would not only be fair but equitable in that all cities, townships and schools would get aid now, Kuhn said. There is no question in the minds of tax experts and public officials that the property tax base is already overburdened and oppressive, stated Kuhn.

In a recent analysis in U.S. News and World Report it was indicated local units of government derived 43 cents out of every tax dollar from property taxes and only 2 cents from the federal government. With Federal tax structure revenues reaching in excess of 7 billion dollars more than expected and the Michigan treasury surplus reaching 154 million as of June 30, 1966, there is now available adequate funds to pay the cost of this program. Therefore, Kuhn urges that Governor Romney establish a State Sinking Fund revolving in nature to administer the allotment of such rebates. Kuhn said it is essential that we realize a better distribution of all tax dollars—particularly federal tax dollars which is now a major source of revenue collected in the United States today.

The total tax bit collected (federal income tax, city income tax, sales tax, gas tax, property tax, school tax, county tax) is already more than adequate. All we need is a fair return of federal tax dollars to finance local schools and local governments. This, Kuhn believes, is the most serious problem facing the state today.

E. GORDON YUDASHKIN, M.D., newly appointed Medical Superintendent at Northville State Hospital (left), congratulates Gerald Spry, R.M.T., (right) on his appointment, as Mrs. Roberta Munn, R.M.T., center, looks on.

Appoint Gerald Spry As Music Therapist

Gerald Spry, has been appointed Music Therapist at Northville State Hospital, assuming the position vacated by Mrs. Roberta Munn, of 46150 Neeson, Northville.

Spry, a native of Wyandotte, earned his Bachelor of Music degree, with majors in Music Therapy and Percus-

ion, at Michigan State University in 1965. After his clinical training in Music Therapy at the Milwaukee County, Wisconsin, Mental Health Center, Spry continued for a year on the staff of that agency.

Music Therapy is an important part of the total treatment effort in a modern mental hospital. The music therapist follows specific treatment aims as prescribed by a physician. In the United States, music therapists work not only with the mentally ill, but with the crippled, blind, and those with multiple handicaps.

Spry's parents, Mr. and Mrs. Kenneth Spry, live at 204 Vinewood in Wyandotte.

The Penthouse Celebrates Its Second Anniversary

Hugh Gedrich, genial host and owner of the Penthouse, 31735 Plymouth Road, Livonia, will celebrate his second anniversary beginning Monday with another of the unusual events he keeps dreaming up for the benefit of his patrons.

This time, Hugh has a bargain buffet planned for every day of the week, during the anniversary celebration, with servings between the hours of 4 and 6 p.m. and 10 to 12 p.m.

"It's just another way of thanking our patrons for their excellent patronage in the two years I have operated the Penthouse," said Gedrich.

In the past he has put on such events as a 40 cent lunch, that was during the 25th anniversary celebration of the Livonian. Then last January, he served 66 cent luncheons.

He introduced the French fried mushrooms that have become so popular with diners. He has a bowlerburger served after 9 p.m. that is a big hit with bowlers and recently came out with a danceburger.

The Penthouse has nightly entertainment for dancing with tunes of Ramon Cerda and his combine and Evelyn, the famed pianist, plays afternoons from 3 to 5 p.m.

It was Gedrich, who

C'ville Names McDowell School Head

Principal Moves Up To Supt.

Board Filled 2 Other Vacancies

At the annual reorganizational meeting of the Clarenceville Board of Education Thomas C. Wilson was elected president. The Board also elected the recent election winning incumbents to officer positions. Richard J. Wood was elected secretary; Dr. Herbert P. Kagen was elected treasurer.

Wilson, 19317 St. Francis, in Livonia is Director of Personnel for Hydromation Engineering and has served on the Clarenceville Board for 10 years. He has two children, both having graduated from Clarenceville.

Secretary Wood is employed as a quality layout engineer for Ford Motor. Wood and his family live at 20279 Gillman in Livonia. He is starting his fifth year of Board service. Mr. Wood is a graduate of Clarenceville High School.

Dr. Kagen, of 20361 Weyher, Livonia, will begin his fifth year of Board membership. At present, Dr. Kagen is Professor of Chemistry at Detroit Institute of Technology. He is the father of three children.

The Clarenceville Board of Education has announced the appointment of David B. McDowell as Superintendent of Schools. McDowell is the former high school principal; a position he had held since the 1961-62 school year.

Prior to coming to Clarenceville, he served as Junior McDowell Senior High School Principal at Vermontville and Comstock. McDowell holds a BS degree from Northern Michigan College in 1951 and a Master's from MSU in 1957.

McDowell, his wife Lena, and their three children live at 19851 Louise, Livonia. The appointment of James L. Leary as Assistant Superintendent of the Clarenceville School District took place July 1. Leary is a former mathematics teacher at the Clarenceville High School. He also taught and served as administrator in the Air Force Dependents School in Madrid, Spain, from 1959 until 1963.

Leary's most recent work has dealt with secondary Curriculum Development and Adult Education within the Clarenceville Schools. He received his BA degree from Wisconsin State College in Eau Claire, Wisconsin, in 1956. He later received a MA degree at the University of Michigan where he is currently enrolled in a pre-doctorate program. Leary, his wife Joan and their four children live at 23181 Violet in Farmington.

The Clarenceville Senior High School Principals has been assumed by Anthony Marra, former assistant principal. Marra, a native of Ishpeming, Michigan, received his Bachelor of Science Degree from Northern Michigan College in 1950 and a Master of Education from Wayne State University (1958).

Additional graduate work has been done at Wayne State and the University of Michigan. Marra started at Clarenceville in 1951 and has taught industrial arts. In addition to his teaching, Marra has worked with adult education and student council.

Marra has served the Clarenceville Recreation Commission, Northwest Wayne County Counselor's Assn., Michigan Industrial Education Society, and Oakland County Counselors' Assn.

Marra and his wife May live at 32133 Loomis Road in Farmington with their five children.

Research Centers at Franklin High

60 Area Teachers Study Suburbia

Nearly 60 suburban teachers representing 12 metropolitan area districts are rounding out four solid weeks of workshop research which should enrich the education of youngsters this fall and winter.

The group, engaged in a Michigan State University program designed to help classroom teachers better understand the communities in which they live, assembled in Livonia's Franklin high school and from there fanned out into factories, warehouses, nature centers, and the other cultural and mercantile objectives of their field trips.

The teachers are gathering information, artifacts, and reference materials on everything from arts and crafts of pioneer times to savings and investment procedures to a close look at the many watercraft utilizing the Detroit River. Corlan D. Bovee, Livonia school principal and director of the summer course, expressed pleasure at the enthusiastic way in which the teacher students were expressing their projects.

"A great many people believe that teachers do little but relax and travel all summer," Bovee observed. "This is not true. These groups are digging deeply into their cultural and community environments so that they can become more knowledgeable teachers and to bring new ideas and insights to their enriched classrooms this fall and winter."

Largest group of workshopers, nineteen in all, represent Livonia. Teaching at Adams elementary school are Judy Brielmair and Jeanne Kleshauser; at Holmes Marcella Brown; at Lincoln Patricia Redmon, Connie Seal, Betty Stone, and Elizabeth Thorpe; at Kennedy, Janet Brewer; at Jackson, Barbara Morgan and Barbara Isham; at Marshall, Jeannine Ewing and Suzanne Sloat; at Roosevelt, Margaret Casey; at Jefferson, Kay Clark; at Hull, Polly Clemons; at Webster, Arleen Daniels; at Cooper, Jaclyn Portnoy; at Frost junior high school, Linda Fogg; and at Whittier junior high, Elizabeth Garvey.

From South Redford one, Josephine Pogue, represents Mann school, while three, Cynthia Brown, Marilyn Fredrickson, and Rachel Simpson teach at the Shear school.

Workshoppers from Redford Union include Dorothy Maddock and Lorraine Poncini from Keeler school;

Sybil Kohl and Gloria Schraut from MacGowan; and Carol Gibbons a home economics teacher at Redford Union high school.

Detroit is represented by June Hudgins of Harding elementary, Wayne by second grade teacher Phyllis Hallman of Kettering school, Nankin Mills by Dorothy Hall, and Clarenceville by Charlene Dawes, who teaches third grade at Westbrook school.

All of the Cherry Hill contingent come from the Fischer school: principal Joyce Boyd is joined by Cory Anderson, Carolyn Notestine, and Sue Thompson.

school district workshopers teach at Highview school: Nan Crossland, Lorraine Kuhn, Jeanne Fox, and Suellyn Sekulich; while two, Kathleen Kauffman and Evelyn Mastey teach at Berwyn school.

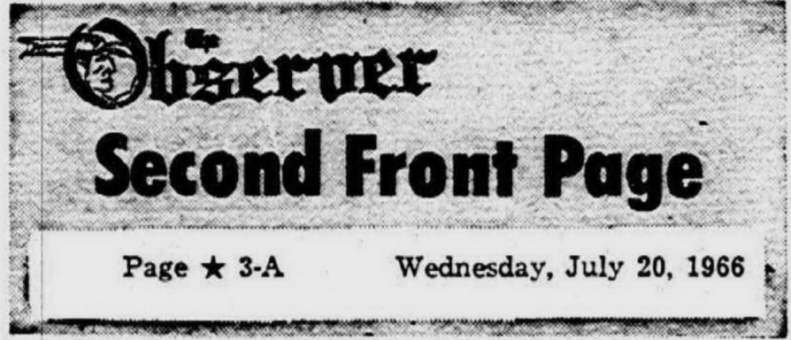

Dearborn Heights teachers participating in the summer action are Dorothy Silvers of Eton school and Harriet Stafford at Pardee school.

Farmington teachers enrolled in the workshop are kindergarten teacher Mary Bantle and fifth grade teacher Paula Brown.

Garden City school art consultant, Linda Limonoff is a participant, along with high school teacher Robert Fogg and fourth grade teacher, Mary Ann Newton.

At the close of the workshop the group will publish handbooks to make available to other teachers the results of their summer research.

The teachers also plan to have an "open house" so that friends and fellow-educators can see the artifacts and teaching materials workshopers collected during their busy days in Livonia this summer.

Stenger Named Dean at College

Robert Stenger, a teacher at Schoolcraft College since classes first started two years ago, has been appointed Acting Dean of Academic Instruction for the 1966-67 college year.

His appointment was approved by the College Board of Trustees upon recommendation of President Dr. Eric Bradner and Vice President John Brinn.

Brinn made the recommendation to Dr. Bradner who in turn affirmed it to the Trustees.

In accordance with the college's wage scale for professional and administrative personnel, Stenger will be boosted from his present \$9,755 to the Dean level at \$12,600.

Stenger joined the Schoolcraft faculty after serving

five years at Plymouth High School where he was chairman of the English Department for two years.

He is a native of Beaver, Pa., where he was a star miler on the track team. At one point in his athletic career, Stenger was rated among the five top milers in the world, recording his best clocking in a meet in Cologne, Germany, when he ran against the famed Roger Bannister and was third in 4:07.

Bannister will be remembered as the first miler to crack the four minute mile barrier.

Stenger holds a bachelor's degree from Eastern Michigan University and has taken additional work towards his master's degree.

He started his teaching career at Rogers City where he taught two years. Then he moved to Plymouth where he was a member of the staff for five years before accepting the Schoolcraft assignment.

Police Nab Six in Car Theft

Farmington Township Chief of Police Irving Yakes has announced the arrest of a group in the Township in connection with an auto theft in Keego Harbor July 17.

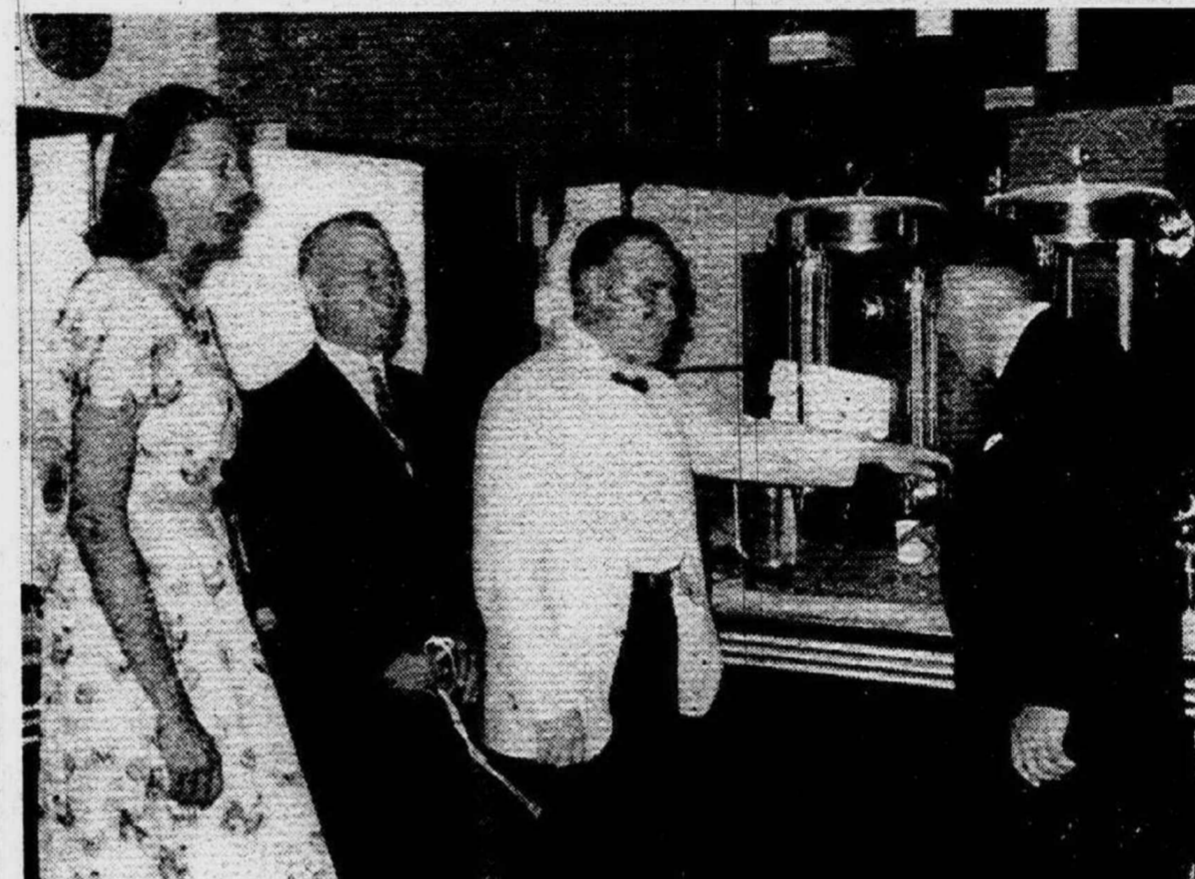

Three men—William Race, 24, of Harold St., Taylor Township; Joseph Pierce, 27, of Lathers St., Garden City, and Raymond Kirin, 18, of Gilman St., Garden City, were apprehended in the Township while transferring tires from the stolen car to their own at the end of Trestain St. in the township.

Three women, including a juvenile were also present at the time of the arrest. The women included Ava Race, 27, of the Harold address, and Joan Pierce, 27, of Lathers, Garden City.

The car, a 1964 Buick, was taken from Whitey's Bar in Keego Harbor between 12 midnight and 2:30 a.m. on Sunday morning. Its owner is Clarence Wagner of 2109 Willow Beach, Keego Harbor. The owner of the bar identified the men as having been present in the bar Saturday.

Also found in the group's auto at the time of the arrest were: a Commander Golf Cart and Clubs, a bottle of liquor and a can of beer, all of which were identified as having been in Wagner's car when it was stolen.

Officer George Maier of the Farmington Township Police answered the first call and police of the Township's Detective Bureau assisted the Keego Harbor police on the case.

KITCHEN FACILITIES in the new Waterman Student Center building on the Schoolcraft College campus have the attention of members of the Board of Trustees in a recent inspection tour. The Center will be

open for operations at the start of the fall term in August. The group includes: (from left) Mrs. Jane Moehle, Board President Harold Fischer, Sam Hudson and College President Dr. Eric Bradner.

Draft Boards Hike Calls By 750 Men

Michigan local boards will be requested to deliver an additional 750 registrants for induction into the Army during July and August due to increased manpower requirements announced this week by the Department of Defense, it was announced by Colonel Arthur A. Holmes, state director of Selective Service.

The previous July call for 2,225 men has been increased by 300 for a total call of 2,525.

The August call for 2,980 men will be increased by 450 for a total of 3,430. It is expected that the September call will require an additional 2,600 to 3,000 registrants to be delivered by Michigan local boards.

With approximately 9,000 men to be ordered for induction over the next three months, Michigan local boards will virtually exhaust the currently available pool of Class A-1 manpower. Local boards have been authorized to select married registrants in Class 1-A who do not have children to fill all outstanding calls.

With insufficient registrants available for induction at age 19, all local boards have been requested to tighten deferment requirements and screen additional manpower from among registrants previously deferred as students or for occupational and dependency reasons.

Michigan local boards have reported approximately 40,000 inductions and enlistments during the past 12 months.

AFS Philosophy Told in Song to Host Families

Livonia host families gathered together last Monday night at Bryant Junior High School for a picnic with their American Field Service guests. Following the picnic part of the evening the AFS students held a hootenanny to entertain their Livonia host families.

A standing ovation was given two girls, Kathryn Bambust of Belgium and Annetregt Ableiter of Germany who made up the following song. They sang the song with Walter Frank of Switzerland.

The words of the song the two girls composed are as follows:

One hand can't build a world of peace
Two hands can't build a world of peace
But if two and two and fifty make a million
We see that we'll come 'round.

One hand can't make us understand
Two hands can't make us understand
But if two and two and fifty talk together
We sure will understand

One hand can't make the world to grow
Two hands can't make the world to grow
But if two and two and

fifty walk together
We'll have a world of peace.

And if we all stretch out our hands
Then we shall have a world of friends
For if two and two and fifty live together
We sure shall all be friends.

Walking and talking side by side
Walking and talking side by side
For if two and two and fifty love together
We'll have the world we want.

Host families for the four-day visit of the exchange students were: Mrs. John Morgan A. Smiths to M. Susana Bonatti of Argentina; Norbert Dittmars to Guillermina Cosulich-T of Argentina; Robert Jones to Francisco H. Llosa of Argentina.

Robert Densmores to Graciela C. Moyano of Argentina; Donald Tracys to Heather M. Couland of Australia; Robert Leachs to Susan Disher of Australia; Lynn Dalley to D. Elizabeth Mills of Australia; B. J. Petasos to Ursula M. R. Peinter of Austria; Douglas Thomases to Beatrix Sperk of Austria; Chester Moores to Kathelyn C. Bambust of Belgium; Warren Wests to Martine Egrise of Belgium; Michael Nemchiks to Marluca Frossard Portillo of Brazil; Clark Coltons to Stella M. Rodrigues Coelho of Brazil.

Friends To Host 17-Year-Old Irwin J. Kasoff Found Guilty

Irwin J. Kasoff, veteran attorney and civic leader who is now a candidate for Wayne County Circuit Judge, will be a guest of honor at a testimonial July 20 at the Sheraton Cadillac Hotel. Response has been spontaneous and overwhelming, reflecting his many years of service to others.

The informal affair will be sponsored by a group of friends headed by John "Joe" Collins, President of Wayne

Irwin J. Kasoff
National Life Insurance Co., former Governor, John B. Swainson now serving as Circuit Court Judge, and for-

mer Lieutenant Governor, T. John Lesinski, now serving as Chief Judge of the Appellate Court.

Mr. Kasoff, an active Democrat since 1932 when he was first elected Precinct Delegate, has served as treasurer of Wayne County Democratic Committee, on the Advisory and Finance Committees of the Michigan State Democratic State Central Committee and has held several other volunteer posts.

His past public service has been as a member of the Wayne County Board of Supervisors and he was appointed as deputy Wayne County Drain Commissioner.

Kasoff has been in the continuous practice of law since 1948, representing various suburban communities, several labor unions, and, presently, general counsel for the United Steelworkers of America.

Born in New York City 56 years ago, Kasoff moved with his family in 1919 to Detroit. He attended public schools and graduated from the Detroit College of Law. He is married and the father of one child and has three grandchildren.

Found guilty of drunk driving, a 17-year-old Livonia youth forked over \$100 last week in Redford Township and lost his right to drive for 90 days.

Dewey W. Marlow of 18235 Lathers St. had stood mute when arraigned on the charge at an earlier date.

At his trial last week, Redford Township Justice John M. Dillon presiding, Marlow said he did not remember if he was the driver of the car at the time of his arrest.

Court clerk Janet Morgan said the defendant, who gives the appearance in age of being in his twenties, admitted he had been drinking sloe gin in the company of his 22-year-old cousin. He did not recall which one was the driver.

Jailed for Violation

Driving while his operator's license was revoked put Leland H. Janes, 37, of Redford Township in jail for two days. Residing at 9828 Tecumseh, Janes was found guilty of the offense when he appeared last week before Redford Township Justice John M. Dillon.

A Little Girl Hopes To Be Remembered

Little Celeste Beagan, five-year old daughter of Mr. and Mrs. Thomas Beagan, 17575 Hillcrest, Livonia, needs your help—and a picture post card will do the job.

She is a patient at Jackson Memorial Hospital in Miami, Fla., where she is awaiting an operation on

Celeste Beagan
her kidneys and the hours are long and lonesome for her—just waiting.

Her confinement is the latest in a long list of misfortunes that caused her to make 15 trips to Harper Hospital and now a hurried flight for treatment miles away from home and her friends.

After spending two weeks in Harper she was flown to Miami last Wednesday and is expected to be confined at least three weeks.

Born with a left kidney that failed to function, her right kidney now has shown a weakness. This is the reason for the trip to Miami.

"We are afraid she is going to be so lonesome" her sister, Cherie sighed over the phone, "and we know that the post cards she has asked for will help a lot."

"Just tell all her friends that she is in Room 589, Jackson Memorial Hospital in Miami, and that she'll be waiting to hear from them."

Little Celeste's mother is with her and the other members of the family are planning to drive to Miami to be with her if an operation is needed.

In the meantime, your picture post card could help a little five year old—who needs all the moral support she can get.

Not The Russians-- The Kids Are Coming

Stand back, everyone! Here come the kids!

Figures, just released by Livonia School District officials, show 1,554 new homes have been built in the district since last July.

This number added to the 24,261 homes counted one year ago, zooms the total to 25,815.

Now, the experts are trying to estimate how many children from these new homes will be entering school this fall.

Monthly tabulations gathered by Cecil H. Alford, Livonia's assistant superintendent in charge of recruitment and planning, show that the greatest growth during the year was in Section 19, bounded by Schoolcraft, Newburgh, Five Mile and Haggerty Roads, with an increase of 266 dwellings.

Second most rapidly growing mile-square section of the district is that bounded by Five Mile, Newburgh, Six Mile and Wayne Roads, which showed a gain of 193 homes, for a 40 per cent increase in one year.

"This accelerated home growth in the past year came to Livonia despite

labor shortages, tight money, and increased costs of materials," Alford said.

Board vice-president William Craft, chairman of the population and sites committee, expressed some concern that further escalation of the number of homes built and subdivision developments planned could throw off the orderly construction of elementary, junior, and senior high schools.

"At the present time, based on school census and other projections, the Board is building one new elementary and one new secondary school classroom each week," Craft pointed out.

"If this growth in number of homes occupied continues to spurt upwards and new families moving in bring with them hundreds of additional school-age children not shown in our census, the Board may have to plan at once for the construction of still additional schools to take care of this exploding population."

Women Slid Into Mail Box, Auto

Gilbert L. Patch, 55, of 27815 Peppermill, Farmington, was injured Saturday afternoon when a car driven by Helen I. Papa, 37, of 35221 Edythe, Farmington, slid into a mailbox and into the lane of oncoming traffic on 12 Mile Rd. just east of Drake.

According to police reports Patch said that the other car came into his lane. Mrs. Papa told police that as she came over the hill there was a line of cars stopped to make a left turn. As she began to stop the car slid into the path of Patch's vehicle.

Mrs. Papa was not injured.

Tree Stumps Don't Move

John F. Quirk, 23, of 25644 Orchard Lake Rd., Farmington, had an argument with a tree over the weekend and lost. Or more exactly he had an argument with a tree stump standing about three feet high.

According to Farmington Township Police reports, Quirk was traveling west on Nine Mile Rd. at about 6 p.m. July 14 when he slid in the loose gravel just east of Drake Rd. and struck the tree stump.

Two witnesses to the accident — which completely wrecked the car — told police that the car was traveling "very fast" before the accident. Quirk refused medical treatment at the hospital.

But, Officer, How Was I To Know?

Stealing from a policeman may not be the wisest thing in the world to do.

Charged with doing just that — in this case taking a motorcycle illegally — has brought the arrest of Casimer W. Belcarz, 19, of 17724 Fenton Street, Redford Township.

Owner of the vehicle, said to have been taken without consent, is Livonia Police Sgt. Russell McQuaid.

Belcarz appeared last week before Livonia Municipal Judge James McCann who set his bond at \$5,000 and ordered him to stand trial in Wayne County Circuit Court.

Teens Charged In Car Thefts

Three Livonia youths, charged with stealing cars, have been ordered by Livonia Municipal Judge James McCann to stand trial in Wayne County Circuit Court.

Michael C. Adams, 17, of 29031 Hathaway pleaded guilty last week to unlawfully taking an auto on July 7. Police said he had escaped from the Boys Training School at Whitmore Lake.

William Knipple, 19, of 20010 Farmington Road, and William J. Dixon, 18, of 20307 Shadyside St., stood mute and waived examination on charges of stealing a 1966 model car June 13.

Fails in Attempt To Be Detective

Impersonation of an officer has been denied by Nathaniel Helton, Jr., 22, of 7909 Kentucky St., Dearborn, who has, however, admitted to falsely representing being an employee of a detective agency.

Helton is awaiting sentencing in Livonia Municipal Court, following his arrest May 12 at a Livonia shopping center where he flashed a badge and identification card at a sales person.

RECOGNITION for a job well done — Dr. Paul T. Chapman, Detroit TB controller and member of the board of the TB and Health Society, Wayne County's Christmas Seal agency, presents award to staff of The Emerson Eagle, publication of Emerson Junior High School in Livonia. In the junior high division of the Wayne County Press Project for 1965, the school paper was scored 100 per cent by three judges. The newspaper also won honors for outstanding reporting in the national student press project contest. The students writers are Marsha Rappley and Beverly Gaabo. Kenneth Watson, the newspaper advisor, beams approval.

Livonian Promoted To Top Chevy Post

Appointment of Kenneth Q. Burchill as personnel director of Chevrolet Motor Division's Gear & Axle and Forge plants was announced today by Richard C. Walter, manager.

Burchill, of Livonia, who has been administrator of divisional labor relations at Chevrolet Central Office, succeeds Douglas C. Mullen, who was appointed personnel director of Chevrolet-Flint Manufacturing.

The new Gear & Axle and Forge personnel director joined Chevrolet in 1956 as manager at the division's Spring & Bumper plant at Livonia. He became a conference leader there in 1957, supervisor of salaried personnel administration in 1958 and supervisor of labor relations in 1960.

The following year Burchill became a divisional labor relations representative at Chevrolet Central Office. He was named administrator of salaried personnel in 1963 and administrator of divisional labor relations in 1964.

He served with the Army for three years during the Korean War, earning the Korean theater medal with three battle stars, a Bronze Star, commendation ribbon with metal pendant and the Korean and American presidential unit citations. He currently is a captain in the Army Reserve taking the command and general staff course at the 5032 U.S. Army Reserve School at Livonia. He also is a member of the Varsity Club of Michigan State.

Burchill and his wife, the former Irene A. Hatchegian of Melvindale, and their two sons reside at 15075 Ellen Drive, Livonia.

Mullen joined Chevrolet in 1954 as a college graduate in training at Chevrolet-Flint Manufacturing. He became a labor relations representative a year later at the Chev-

rolet Metal Fabricating plant at Flint and was named a production foreman there in 1957.

Mullen was appointed supervisor of employment at Chevrolet's Spring & Bumper plant at Livonia in 1958

MULLEN BURCHILL

and assistant personnel director there in 1959. The following year he was named a divisional labor relations representative at Chevrolet Central Office at Detroit.

He was named personnel director at Chevrolet-Livonia in 1962 and assumed his most recent position at Chevrolet-Detroit Gear & Axle and Forge plants on April 1, 1965.

He and his wife, the former Agnes Czaplak of Grass Lake and Flint, have three daughters and a son. The family resides at 19956 Caldwell, Northville.

Elsea Reports Record Sales For 6 Months

Staunton M. Elsea reports record first half real estate sales, for the Elsea Realty Co.

Total sales for the first half of 1966 were, \$14,051,470.00. Up 17 per cent over the same period last year, when \$11,985,918.00 in sales were made.

Sales for the month of June were below June of last year, as the real estate market began to show the effects of the government's tight money policy. June 1966 sales for the Elsea firm totaled \$2,017,600.00 as compared with June 1965 when \$2,578,636.00 worth of residential, commercial and industrial real estate was sold.

Home sales are being slowed up by the tightened mortgage money situation, particularly to buyers with small down payments or marginal credit.

Strike Halts Sewer Work In Township

The strike of underground workers in the Metropolitan Detroit area has had a definite affect on five projects in Plymouth Township, according to Supervisor John McEwen.

McEwen said the strike has halted three Township jobs and two private projects.

Work has stopped on the storm drain on Sheldon Road, the sewer on Northville Road near the Thunderbird Inn and on the extension of the water mains to St. John's Seminary.

The strike also has temporarily ended work on the underground for the Heritage apartments, Sheldon at North Territorial, and on the Dettore Trailer Park in the Ridge Road area.

Detroit Bank to Show Graphic Arts Exhibit

Fifty Years of Graphic Arts in America... an exhibition collected by the American Institute of Graphic Arts to celebrate its 50th anniversary — will be shown in the banking lobby of the main office of Detroit Bank & Trust Aug. 2 through Aug. 25.

The showing is jointly sponsored by Detroit Bank & Trust and the Paper Division of Champion Papers which is coordinating a nationwide tour of the exhibit. The exhibit will be open to the public without charge from 10 a.m. to 3 p.m., Monday through Thursday, and 10 a.m. to 6 p.m., Friday.

The exhibit consists of works by 54 graphic designers, illustrators and photographers who were specifically invited by AIGA to present their visual interpretations of historical design from 1915 to 1965 in a 30" square format. The results reflect not only individual creative philosophies but suggest current directions in design.

The exhibition includes elements of Op and Pop art as well as current typography.

swim on June 10 as he taxied his F-8 "Crusader" on to the flight deck of his ship. The entire flight line and half of the ship's maintenance personnel combined to toss the officer into the waters of Kaneohe Bay in Hawaii.

On hand to congratulate the pilot in a more sedate fashion, were Lt. Col. C. M. Wallace, Squadron Commander, and other fellow pilots.

Flying 1,000 hours in any aircraft is an accomplishment but flying in a high performance jet fighter and in combat is especially noteworthy. Braun logged over 100 combat missions in the South China Sea while operating aboard the USS Oriskany last year. Although his aircraft received damage from enemy fire on a number of occasions, he always managed to fly it back to the ship.

A MURDER was recreated last Saturday in Farmington Township. Farmington Township Detectives Russell Conway and Earl Teeples check with two witnesses Lynn Busfield, 17, of 25530 Inkster, Southfield, and Diane Kamerez, 17, of 25704 Inkster, Southfield, just where they were standing when the shots were fired at 21756 Whittington, Farmington Township. John Ott, 22, of 22570 Tulane,

Farmington Township, is currently being held by police for the murder of Donald Garren, 23, of the Whittington address July 10. Ott's attorney, Fred Wilson, requested last Friday that the examination in the case be adjourned. The examination of Ott on the charge of murder has been rescheduled for Sept. 23 at 1 p.m. in the Farmington Township Justice Court.

Plymouth Enrollment 6,770 At Year's End

The Plymouth School system started the 1965-66 school year with a total enrollment of 6,742.50 and wound up in June 1966 with a total of 6,770.50 for a gain of 28.

er, 448; and Truesdell, 60; Junior Highs—West, 499 in the sixth grade and 519 in the seventh; East, 490 in the eighth and 509 in the ninth for a total of 999; senior high, 1,295.50.

That was the report of Assistant Supt. in charge of Business Melvin Blunk in the first board meeting of the new fiscal year.

The breakdown by grades: kindergarten, 586; first, 537; second, 546; third, 615; fourth, 552; fifth, 569; sixth, 512; seventh, 519; eighth, 490; ninth, 509; tenth, 441; 11th, 420; and 12th, 394.

On the basis of past years, the enrollment is expected to creep over the 7,000 mark for the first time in history when the first official count for the 1966-67 year is taken on the first Friday in October.

There were 24 enrolled in the special education classes in the grades, 26 in the junior and senior high schools and 27.5 in the night school for credit.

The closing enrollment by schools: elementary—Allen, 525; Bird, 593; Far-rand, 762; Gallimore, 441; Geer, 53; Smith, 533; Salem Stone, 28; Starkweath-

Players Slate Children's Play for September

Members of the Farmington Players are devoting part of the summer to the preparation of a children's play "Many Moons," opening Sept. 17.

The group of Players, all women, will produce the play in cooperation with Hope Nahstoll's drama classes. James Thurber wrote the modern fairy tale and the cast will include both children and adults.

This activity the Players believe will help to fulfill a long time need for life theatre for children in the area. They hope that this will be the first of many such projects for the coming year.

Included in the cast of the production are: Mrs. Caroline Stutson as the Princess; Mrs. Betty Craig as the Royal Nurse; Mrs. Mary Anne Perry as the Lord High Chamberlain; Mrs. Perle Briggs as the Royal Wizard; Mrs. Lois Hill as Cincia, wife of the Lord High Chamberlain;

Mrs. Isabel Howard, Pareta, wife of the Wizard; Mrs. Louise Kirk, the Royal Mathematician; Mrs. Kathryn Kornmesser, the King; Mrs. Merle Pedicini, the Court Jester; Mrs. Marilyn Betts, the Goldsmith's Daughter.

Mrs. Ceci Orman, a former teacher in the Farmington Schools and an active member of the Players, is the director.

Family Out \$660

A total of \$60 in cash and \$600 in goods was taken from the Edwin W. Helmsmeier home at 24105 Twin Valley Court, Farmington, over the weekend. According to City Police entry to the home was made through a window at the rear of the house. The entire home was ransacked in the process.

Library Affiliates With County System

Reciprocal use and borrowing privileges to member agencies of the Wayne County Library System are now open to residents of the Farmington community.

Under an agreement of affiliation with the System recently signed by the Farmington District Library Board, residents of the District may use the facilities of libraries in: Southfield, Redford Township, Plymouth, Northville, Livonia, West Bloomfield, Madison Heights, Huntington Woods, Oak Park and Bloomfield Township.

For a complete listing of member agencies consult the list posted on the bulletin board of the library. In addition to the individual use of the various member libraries, the agreement includes an inter-library loan service of books, films and tape recordings.

Requests for this material are to be made at the Farmington library and borrow-

ers will be notified as soon as the desired material is available. Material borrowed from inter-library loans must be returned to the library requesting the loan.

There is some variation among the member agencies regarding the hours open, registration identification and the period of loan. Patrons will be expected to abide by the regulations of the individual library from which the material is borrowed.

The "Centaur Post"

A column that appears every now and then in this space to let you know where going on at Centaur Farm Stables.

REALLY COOL!

During the recent heat wave, we at Centaur Farm Stables, located on Drake Road near Walnut Lake Road in West Bloomfield Township, met the 1966 version of "The Man Who Came to Dinner."

He was on his vacation and headed for a lake to cool off when he saw the Centaur sign and dropped in for lunch. Our cool, quiet atmosphere really got to him! He ate a leisurely luncheon, then sat comfortably in the air-conditioned observation lounge, with a cool glass of iced tea in his hand, and watched the riding classes in the indoor ring, talked with the mothers and friends of students, discussed the various horses with Tony Pratt, Centaur's General Manager, and the instructors when they came up to the lounge to cool off between classes, and all-in-all he had a very enjoyable afternoon. Pretty soon it was dinner time and with his steak he relaxed in the easy "horsy" informality that exists at Centaur. "You know," he said when he was leaving, "I haven't been this close to a horse in years. One more trip to Centaur and I'll be ready for riding lessons myself!"

COMPETITION!

One of our favorite articles written about Centaur Farm Stables when we opened was one headlined by an envious reporter, "THIS is for HORSES?" He thought, and we have, too, that Centaur was the ultimate in "horse housing" until we came upon a description of the stables in south St. Louis which the famous Anheuser-Busch Clydesdale horses call home "Elegant" the author said, with stained glass windows and an enormous ornate bronze chandelier that came from the Paris Exposition of 1901! And the high sides of the box stalls are topped with fancy wrought iron grill.

Time was when there were plenty of Clydesdales around—they were favorites for hauling beer wagons and circus wagons—but they faded when automobiles took over and have since been revived by August A. Busch Jr. for his company's advertising. A team of eight of them, plus two spares, ticks off more than 20,000 miles yearly, traveling from coast to coast for public appearances. Millions have seen them on television, for they've marched in the Tournament of Roses every year since 1953, and their promotional operation costs total approximately \$250,000 a year, so small wonder they rate a home stable with a French chandelier! A big problem, of course, is when the horses are on tour it's difficult to arrange satisfactory overnight stabling for them. Naturally, how many stables can you name off hand that have stained glass windows? Mohoie

Army Puts Principal In School

CAMP McCoy, Wis.—Colonel Arthur B. Johnston, of 28887 Bannockburn Street, Farmington, who in civilian life is the Acting Principal of the Sill Elementary School in Detroit, is now undergoing three weeks of active duty training with the 5032nd USAR school whose headquarters are in Livonia.

Colonel Johnston is serving in the capacity of Director of Training for some 100 Army Reserve officers representing 29 states and the District of Columbia. He is assisted by a faculty of 25 Army Reserve officers who are conducting a total of 88 hours of instruction.

The 5032nd, commanded by Colonel Melvin A. Oil of Detroit, is the host school for the Adjutant General Career Course of instructions prepared and administered by the U.S. Army Adjutant General School.

The annual active duty phase, formerly conducted at Ft. Benjamin Harrison, Indianapolis, is designed to implement the regular academic reserve duty training phase held during the year at the Parent School. The two-week course began Monday, July 11.

Included in the curriculum are: Fundamentals of Management (12 hours); Office Management (15 hours); Manpower Management (nine hours); DA Publications Management (six hours); Command Publications and Routine Orders (seven hours); Records Management (12 hours); Safeguarding Classified Information (eight hours) and Functions of AG's at Division, Corps and Field Army Levels (eight hours).

Awarded Contract

The J. A. Ferguson Co. of 32715 Folsom Road, Farmington, has been awarded the general construction contract for a \$3,000,000 industrial technology complex at Macomb County Community College in Warren.

Here's A Home Project Handyman Will Enjoy

Are you a would-be-handyman who would like just once to be able to construct something from start to finish without calling for professional assistance?

The answer for you may be lining your closets with aromatic red cedar. It may sound difficult but even the unhandiest of handymen agree the project can be com-

pleted with ease over a week-end—and usually for \$50 or less.

And housewives who usually frown on their spouses' home improvement ideas change their tune when they learn that the plan is to build a moth-repellent storage area.

The job is easy because it requires only a hammer and saw. Each piece of red cedar closet lining is tongue-and-grooved to simplify fitting. Cedar closet lining is sold at lumber yards in packages, each containing pieces of random or uniform lengths.

Figuring the amount of material needed is relatively simple. First multiply the height and width. A section 3' by 8' would require 24 square feet of material. When making calculations, don't forget to include the floor and ceiling as well as the inside of the closet door.

The reason for lining the closet completely is to achieve maximum protection from moths.

The appealing feature of lining a closet with red cedar, from the novice handyman's view, is that it can be applied directly over the old wall surface. First, of course, clear the wall of any fixtures or hooks.

The cedar should be applied from the bottom up. Place the first piece of cedar, grooves down, in a horizontal position at the bottom of a wall. If it is too long, cut it to fit.

In cutting cedar, remember to cut the tongue end so that the remaining piece can be fitted above the first piece to start another row. The idea is to build up much like a bricklayer does.

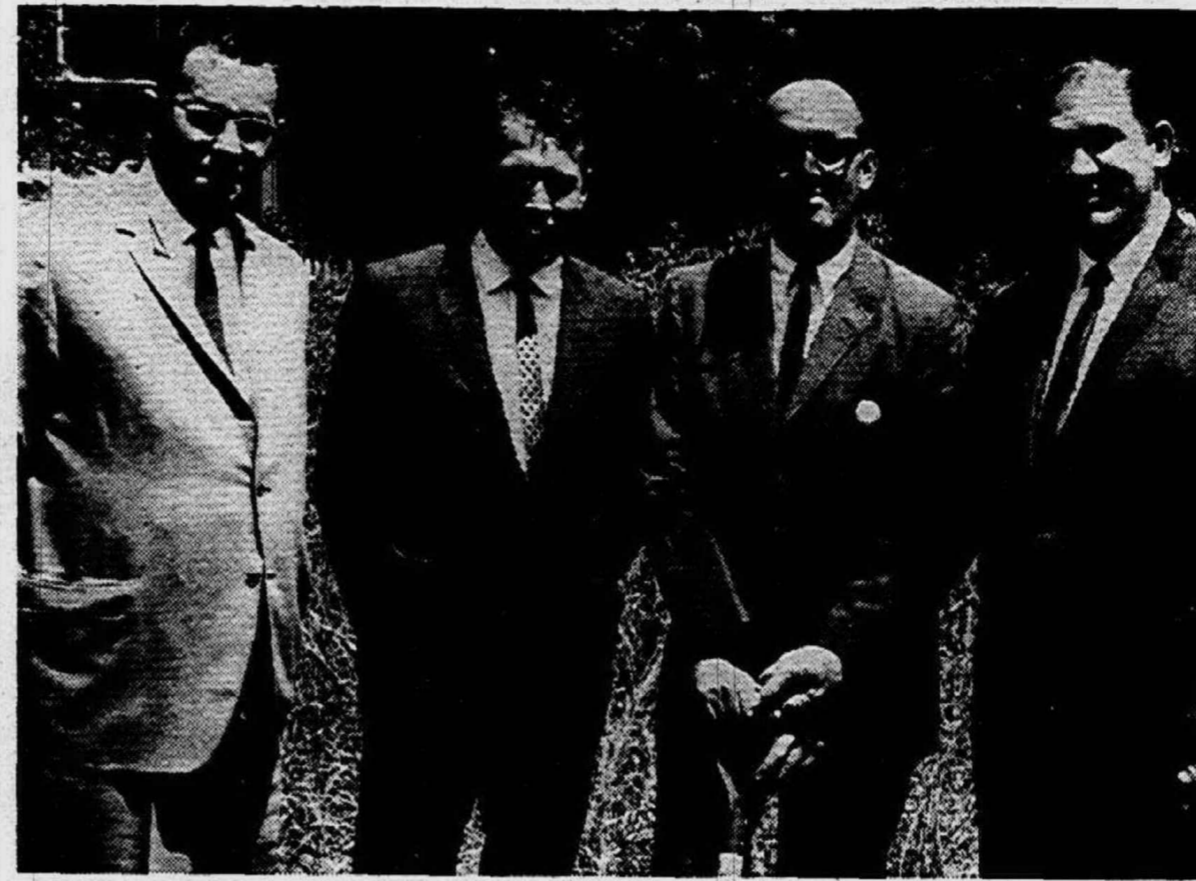

The best way to fasten cedar strips to the wall is with small finishing nails. Nail into the stud, which can be located by tapping the wall with a hammer. When the tapping has a flat sound, the stud has been located. To be certain, drive in a nail.

Mark the position of the stud with a vertical pencil line before starting on another. Use the same technique for the ceiling.

After the closet lining has been applied, trim the closet with quarter-round cedar molding. Check the door to be certain it closes tightly. If it doesn't, use weather stripping to insure an airtight area.

In-and-Out Living

Want to make the family room indoor-outdoor? Extend the room outside with a floor-level wood deck. Add privacy screens where needed and panel the family room's interior with resawn lumber siding.

PARTICIPATING in the groundbreaking ceremonies for the new office building of the Harrison-Moore Realty are (from left): Everett Wilson, president of the United Northwestern Realty Association

—Western Wayne-Oakland County Board of Realtors; Dan Harrison; Robert Knox, Director-Secretary of the Detroit Housing Commission and Chester Moore.

Play-Work At Cabin This Year

Consider this during the current National Home Improvement Month:

Fix up your vacation cabin this summer for more comfortable living and have fun in the doing!

Don't try to do everything in one season, though, suggests John Concord, home improvement consultant to Masonite Corporation. Starting on the easiest part is good psychology, he says.

"Cover open studs of the cabin with factory-finished woodgrained hardboard panels. They have an exceptionally durable finish that resists bumps and abrasion: a once-a-season wipe-down with a damp cloth keeps them in prime condition."

Putting up panels is like ABC with a new cartridge-type adhesive made especially for this purpose. Just squeeze out a small amount on the exposed studs and add the panels. No on-the-job finishing is needed.

Chances are the cabin's exterior also needs a face-lifting. Adding new siding such as Ruf-X-ninety, which has a textured surface, is relatively easy for the amateur carpenter.

The vacationing do-it-yourself family can "mint money" by doing the work themselves—not every day, but just enough to make their vacation pay off in a better investment and improved living.

"Make a plan for the future," Concord says, "and work it out in one or more vacation periods. In keeping with the spirit of these vacation improvements, don't overdo; work a few hours and then swim, fish, golf or relax the rest of the day."

Break Ground for New Harrison-Moore Office

Ground has been broken for the construction of a new office building to be occupied by Harrison-Moore Realty.

Located at 19640 Grand River, between Outer Drive and Evergreen, it is believed to be the first office structure in half a century designed and built expressly for real-estate brokerage purposes in northwest Detroit.

Completion is expected by autumn.

The building will feature large expanses of glass with redwood trim, and space is

designated for sales offices, closing and conference rooms, and for a new electronic computer system. Lester Fader, professor of architecture at the University of Michigan, is the architect.

Headed by Realtors Dan Harrison and Chester Moore, the firm is a member of the United Northwestern Realty Association—Western Wayne-Oakland County Board of Realtors. Harrison-Moore Realty presently maintains offices in Detroit, Livonia and Dearborn Heights.

Heavy Roofing Insures Long-Term Coverage

A growing interest among homeowners in the durability of their roofs has led to an increased use of heavyweight and self-sealing asphalt shingles, according to Building Supply News.

The trade journal reported that a survey of building supply dealers showed a hike of up to 12 per cent in heavyweight shingle sales during the past year. Self-sealing sales averaged about 34 per cent of the market.

Children's Toys Need Lead-Free Paint Protection

When painting toys or children's furniture be sure to use a paint designed for use on indoor surfaces.

Paint made for outdoor use usually contains more lead than that made for indoor use. Outdoor paint should never be used on toys, walls, woodwork, furniture . . . or anywhere inside the home.

Young children are prone to chew on everything within reach when they are teething and some children continue the chewing habit even longer.

It is of tremendous importance to apply only coatings that cannot be injurious, if they are chewed and swallowed.

It's a good idea to check with your paint dealer if you're at all in doubt about the type of paint to use for children's toys and furniture.

Start Tile in Center

Before installing ceiling tiles, locate the exact center of the ceiling, stay installation experts. Border tiles should be installed last.

The dealers noted that in many cases heavyweight shingle roofs were specified by homeowners, and that the primary reason given was durability. Heavyweights carry a service guarantee of up to 25 years, and are considered a low-maintenance material.

Their selection, said dealers, was also due to the attractiveness of thicker shingles and the wider range of colors. New home buyers "often switched to heavyweights even though they had to pay above their allowance for 235-pound standard shingles."

As defined by the Asphalt Roofing Industry Bureau, heavyweight shingles are those which weigh 290 or more pounds per 100 square feet of roof. This added weight gives more weather protection and longer life to the roof. Self-sealers have a factory-applied adhesive backing which is activated by the heat of the sun and bonds each shingle to the one below. They carry an Underwriters' Laboratory label for wind resistance.

No Great Skill Needed Floor Finish Can Brighten Your Home

Making old wooden floors look like new can make an old, rundown house look bright and inviting once more.

No great skill is needed, only care. The equipment can be rented, so that the only investment is in a new floor finish and your time.

Floors will need sanding before applying a new finish. But before sanding, prepare the surface.

If nail heads show, set them with a hammer and nail set and fill the holes with wood putty.

Cracks should be filled with putty also.

To make sanding around the edges of a room easier, remove the molding along the baseboards.

Pry up carefully to avoid splintering and cracking. You can then bring your sander right to the edge of the floor without damaging the molding or the baseboard.

Occasionally, a floor will have a bulge or high spot. Plane these smooth, since the sander would just ride over such an area.

Clear the room of all furniture, shades, pictures, mirrors. Open windows but close doors to adjoining rooms.

Floor sanders can be rented from tool rental agencies, most hardware or paint stores.

Have the dealer show you exactly how this model works. Buy enough sandpaper for the machine and get three grades—coarse, medium and fine—which you will use in that order.

Start with coarse grit paper and sand the floor lengthwise with the floor boards. Start at one wall and move straight to the opposite wall.

Come back along the same path. The next pass with the sander should overlap the previous by two or three inches.

The coarse grit paper cuts through the old finish. The second sanding with medium-grade paper is to get rid of the roughness left by the first sanding.

The final sanding with fine paper is to make the floor properly smooth for finishing.

Although the second sanding leaves the floor smooth, it is the final sanding that will give the finished floor a mirrorlike surface.

Dusting is the next step. Use a vacuum to pick up every speck of dust.

Be sure to dust window sills, shelves, baseboards—any place that dust may have settled. Nothing will ruin your new finish more quickly than dust.

Clear finishes are used on floors to protect the surface while permitting the attractive grain patterns to show through.

The usual finishes are shellac, plastic finishes and wax. Shellac goes on easily, dries quickly, does not chip or crack but is not as durable as varnish for long-wearing use.

Shellac is too thick to use as it comes out of the container and should be thinned with an equal amount of alcohol or commercial solvent. Apply several thin coats.

Varnish is hard and brittle but wears well. It goes on

easily but dries slowly, about 24 hours between coats as compared with four or five hours for shellac.

Two or three coats are needed. Sand in between. Finish both shellac and varnish by waxing.

Penetrating sealers are oil-based, penetrate the wood, leave nothing on the surface. The sealer, because it has soaked in, lasts under heavy use. Use wax as a finish coat.

A variety of plastic finishes go on easily, dry rapidly, wear well, need no waxing unless desired.

These are more expensive than shellac or varnish but could be worth it.

Special penetrating waxes seal and finish the floor at the same time. Use several coats; polish with floor wax.

Furniture Fashions Are Fickle

Dame Fashion is as fickle in the furniture field as she is in the dress industry.

This is apparent in analyzing survey figures of furniture styles compiled for the last 32 years by the American Walnut Manufacturers' Association.

In 1934, for example, 24 per cent of the bedroom and dining room suites displayed at the major furniture markets were Modern. Another 24 per cent were classified as miscellaneous. English Styling was next with 23 per cent, followed by Early American-Colonial with 14 per cent, French with 11 per cent and Italian-Spanish with 4 per cent.

Today Modern is second to Early American-Colonial and just a shade ahead of Italian-Spanish styling which has shown great gains in the last 8 years. From only 8 per cent in 1958 Italian-Spanish groupings have zoomed to 27.2 per cent of the market.

Early American-Colonial is today's style leader with 32.4 per cent, more than double the 14-15 per cent figure it stayed at from 1934 to 1958. Modern furniture is nearly back where it started, 28.4 per cent today as compared to 24 per cent in 1934. It reached highs of 59-60 per cent of the market through the 1954-58 period.

These figures are based on Chicago and Grand Rapids market displays checked by a team of furniture experts for the walnut association. Semi-annually more than 2,500 suites at each market have been analyzed. These surveys have been acclaimed in the trade for their objectiveness and thoroughness.

That American families have become furniture style conscious through the years also is evidenced in the survey by the drop of the miscellaneous from a high of 24 per cent in 1934 to less than one per cent today.

English styling also lost ground during the same period, but it is now showing a rebirth of interest. The only constant style has been French which has alternated between a high of 13.5 to a low of 6 per cent.

Just Chattin'

Yes, I Said Lottery

Several weeks ago one of our state legislators let it be known that he favored a state conducted lottery as a means of helping to pay for the building of schools, the education of our children and thus bring relief to the over-burdened taxpayer.

It wasn't a new idea by any means. But the mere mention of a state conducted lottery caused considerable eye-brow lifting and many folks scoffed at the thought of it.

Why? What's wrong with the idea of a state conducted lottery?

Properly supervised, it could be the means of raising thousands of dollars. What's more, it would be a painless method of raising such funds as only those who wished to gamble would be footing the bill.

For years the Irish Sweepstakes have been popular in this country. Folks have been known to pull all sorts of strings just to purchase a ticket. And the state of New Hampshire, two years ago, sponsored a lottery that surpassed all expectations.

So, why not a lottery in Michigan?

Of course, the professional do-gooders will holler loud and long that it is wrong to finance education of our children with money derived from gambling. You'll hear them make all sorts of charges, such as the lowering of our moral standards, etc. But, strangely, these professional do-gooders never have a substitute activity.

I still remember the wails of protest

The Threat

Last week in Plymouth a citizen, trying to get some action from the city, said he had only one alternative if his complaint were ignored — to sell to colored.

Do you suppose it is possible that some day the utmost in threats will be: If you fail me, I'll sell to whites.

BILL GAIL

when it was learned that the Detroit Race Course was to be built in Livonia. There were all sorts of charges made — that we couldn't stand the traffic — that our youngsters would be killed on the streets — that the track would attract the wrong element to the city, etc.

Yet, after the track was built and put into operation there was nary a word of protest about the City of Livonia accepting the \$500,000 check as its share of the parimutuel betting each year.

What would the Livonia tax rate be if it didn't get the "race track" money?

Just a few weeks ago, when a strike delayed the opening of the track at Northville, it was pointed out that the "racing money" provided one third of the budget required to operate the community. Instead of protesting the racing, folks were indignant that a portion of the money may be lost — and thus boost their taxes.

This control could be placed in the office of the Secretary of State. And the control would be centered on the sale of tickets. It could be established that official state lottery tickets could be purchased only at branch offices of the Secretary of State and that no sales would be made by other individuals or individual solicitation.

In this manner a tight control could be kept on the sale of tickets and a firm grip kept on the purse strings. And there would be an official accounting of every cent.

Americans are gamblers at heart. It is naive to think the only betting done on horses is at the race tracks. And how about the baseball and football pools that represent a million dollar industry in the state — and from which the state collects nary a dime?

A state controlled lottery would satisfy the urge to gamble — and help to provide the education of our children — and preventing us from becoming hump back from carrying the tax load.

What's wrong with that?

Observing The Scene

By MYRA CHANDLER

Politicians sometimes find out the more they are known the less they are loved.

Don't feel bad fellows, the same holds true with newspaper political writers. I can remember sitting at the Woman's desk turning out hearts and flowers and pollyanna platitudes each week brought me endearing notes and no enemies.

Switching to the political scene the mash notes have trickled down to my kids and cousins and the line forms to the left with the bows and arrows.

Expressing one's self in politics may have its frustrations, but not being able to tell your story is catastrophic. Particularly if you are one of a long list of lawyers running for a comparatively short list of judgeships.

There is not much opportunity to speak—and "name" candidates are running with just stickers and placards. To the really well-qualified this is just short of criminal.

It is for this reason The Observer believes in the importance of recommendations. Our list of preferred candidates in cases where lawyers' performances are unknown to us has been taken from the Detroit Bar Association recommendations. A good yard stick we think.

Next week The Observer will make local recommendations in all communities where there is a race. This recommendation is based on performance, not personalities. It comes as a result of following the performance of the candidates in the civic and political life where The Observer is a watchdog every week of the year, not just at election time.

An election is not a popularity contest and although the rascal may be the most charming and from a party standpoint has the better chance to win, this should not be the criteria, and is not with The Observer.

The Detroit Bar Association Advisory Committee has 79 members in its group which is chaired by George E. Bushnell, a Democrat and Richard C. Van Dusen, a Republican.

Suburban residents in Plymouth, Redford Township, Garden City, Livonia and Westland vote on Wayne County Circuit Judges and Probate Judges; in Farmington, Oakland County Circuit Court and Probate.

For Wayne County Circuit Court six will be nominated to fill three newly created vacancies bringing the total number of Circuit Court Judges to 27.

Given "outstanding" (their highest) for Circuit Court were Cornelia G. Kennedy (see story on page 3C) and James L. Ryan, who is presently the Justice of the Peace in Redford Township. We concur with this rating.

Only one challenger has filed for Probate Judge against three incumbents, all of whom are seeking re-election. Three are open. There is no primary race.

In Oakland County there are also 22 running for six seats in the Circuit Court primary with a final three Judgeships open in November.

We can strongly recommend Farrell E. Roberts who has been the State Senator, elected following the death of Paul Chandler in December 1964. Senator Roberts filled the Senate seat efficiently and used his knowledge of law toward strengthening the Appellate Court Legislation.

We can also recommend William Beasley as a stable candidate and knowledgeable attorney who would wear the robes well.

Alice Gilbert, although in her early thirties is also a good candidate. She is presently Justice of the Peace in Bloomfield Township.

The Probate Judge in Oakland County is a new position for Farmington residents to vote on and there is one to be elected for an eight year term.

Barry M. Grant filed petitions from every township and city in Oakland County and is the former assistant prosecuting attorney in Oakland County with an extremely good reputation.

Readers Speak Up

Inter-School Change Defended

Editor:

This is in support of the Livonia School Board and Stark School personnel who have been criticized by some for giving third and fifth grade students the opportunity to correspond with, and meet, students their own age in Plymouth and Detroit schools. I understand that this activity was associated with regular classwork in which the children study different types of communities (cities, suburbs, etc.). This is no different than going to a museum, the zoo, or the Capitol in Lansing in connection with subjects being studied.

It appears that the major reason for opposition to the Stark School activity is that the children at the Detroit school were mostly Negro. If you think otherwise, ask yourself: would there have been the same opposition if the Detroit school had been replaced by a private one with children of well-to-do families? would there have been the same opposition if the Stark School children had corresponded with and visited the children of circus performers when they were in Detroit?

It has been stated that there is objection to the activity because Federal Funds may have been involved. Does this mean that any gymnastics which have been developed by the Armed Forces must not be used in schools? Or that scientific advances which have been developed with Federal funds should not be used in schools?

In the July 13 issue of this paper, a letter writer objected to teaching about social questions in school. Should we stop teaching about the Constitution or the Gettysburg Address?

As the parent of a child attending Stark School, I find

it significant that no objection has been voiced by parents of children at the school. Perhaps what those in opposition are concerned about is that children might learn that others are like them regardless of community, color or creed.

HOWARD YOUNG

Wants G.C. Charter

Editor:

I have lived in Garden City over 25 years and have watched politicians come and go and issues come and go. The most important issue that has come up in Garden City since I've lived here is this new charter very badly, and I hope the people in Garden City will not listen to a small group that is passing literature out against the new charter. They are new people in town and supported by a small group of people.

Every corporation has a President and a Board of Directors so this is the same with the new charter. Dearborn Heights has it and also the new City of Westland, and the cities of Dearborn and Livonia, why should Garden City go backwards. I sincerely urge everyone in Garden City to vote yes on the new charter.

SPEED COTTAGE,
Garden City.

Too Little, Too Late

Editor:

I have just finished reading your article about Councilman Milligan attempting to stop horseback riders from using public thoroughfares. It seems that Milligan is a little late and a little early with his earth-shaking proposal.

A little late in that this has been a problem for some time. Now that a horse has been struck practically in his

front yard he is on the bandwagon; or rather started the bandwagon.

He is a little early in that he seems to have no idea as to how this ordinance can be made operative as shown by his answer that he will worry about the problems after the ordinance is passed.

This proposal reminds me of his idea to make a downtown area at Five Mile and Farmington Roads. He seems to have the attitude of do it now and solve the problems later.

I wonder if an ordinance would help concerning Farmington Road? If Councilman Milligan has ever noticed the condition of that road, even he may have to admit that it could easily be mistaken for a bride path.

GEORGE K. McGRATH,
Livonia.

Taxes Too High in G.C.

Editor:

A Real Estate advertisement in a local paper is interesting and makes an important point.

The elimination of a "blot" on the landscape of a city by replacing one house with two similar houses is called progress.

If Garden City is on the move — in the direction of future crowded conditions with no provision for block playgrounds — just for the sake of increasing tax revenue or making a quick profit on the sale of a house then it can not be called progress except for the promoters of the new developments who were here when the blots on the landscape were created.

The least they could do is build more spacious houses on larger tracts of land. We need a little more variety and elbow room.

STANLEY L. GLAME,
Garden City

OMBUDSMAN

(A new feature in The Observer Newspapers — we will do our best to be a go-between, a red-tape cutter as the name indicates. When you have exhausted all other measures on a problem write to us (keep it short, please) and we'll see if we can help. Yes, John Q, you can fight city hall — with your own Ombudsman!)

Dear Ombudsman:

Please help us! How can we get the County to post signs keeping these semis off Merriman Road?

They have Farmington and Middlebelt Roads to use — both of which are zoned commercial. We on Merriman Road are very much still a residential area, with small children to worry about.

If they won't keep these semis off, they should re-zone us commercial and/or industrial, then, (and only then) could we afford to move to a safer place to raise our families.

Also, now that our City Council has approved equipping two Livonia scout cars with radar to catch our speeders; how long will it be before the cars are equipped and officers trained to operate them? We are desperate. (If you don't believe how bad it is, just park near our corner, near Six Mile, and hear the noise when the semis pass, and the speed they travel. Our houses rattle and shake.) Also, the speed violators are running rampant from Eight Mile down. It's

not safe for any of us to even turn into our driveways. Mr. and Mrs. R. A. Carpenter Livonia

Dear Carpenters:

Sorry, Merriman Road is a class A road and everything on wheels can travel the route.

Bids are in on the radar equipment for the two Livonia Scout cars. As soon as they are awarded by City Council they will be purchased and installed. Should be about one month from now. Policemen can be trained in the use of radar equipment in about an hour. Ombudsman observed three semis breaking the speed laws for the area mentioned in 45 minutes time and alerted Livonia's finest (police) to the speedtrack.

Dear Ombudsman:

As one of the Livonia non-teaching staff, I would like to know how the figures of 225 for and eight against votes were arrived at in the ratification vote for the three year contract that was ratified the 15th of June.

According to the members attending the ratification meeting, the union representative who took the count only counted to 40 of the

standees on the yes vote and only counted to eight on the standees for the 'no' votes.

Everyone who attended this meeting knows there was a roll call passed around and signed by everyone, some of these members did not vote either way and some of them left before the vote was taken. We also understand there were only 233 members present at that meeting. Please, how do you arrive at these figures?

Why is there never a secret ballot at these meetings? Quite a number of us know the reasons for these actions but, would like to be informed officially.

Sincerely,
An Interested Party

Dear Interested Party:

According to Al Ruckstahl, president of the non-teaching staff Local 118 in Livonia School District, no secret ballot is necessary for ratification voting, only for election of officers. He quoted the Taft-Hartley act that says he is only required to count the 'no' votes; and there can be no such action as 'abstaining'. All such votes are automatically counted 'yes'. His source of information is Council No. 23.

"Were Voters In Livonia Disenfranchised?" Asks Reader

Editor:
It would be in order to preface any observation on our legislative body's unanimous appointment of Jerry Raymond to the vacant Council seat, by commending and concurring with the comments in the Observer's "Looking Around Livonia" column.

It read, in part, "— several of the newly elected Councilmen who had received COPE endorsement felt a political obligation (and some pressure was applied)."

Credence can be given to an already tenable theory when one considers the fact that Raymond is a former union official; and further, that the Council President departed from the regular agenda so that his cohorts could expedite the appointment; and still further, that in their haste to seat Raymond, the Council nearly circumvented City Charter Provisions such as, approval of the minutes and the oath of office!

The most reprehensible iniquity in the council's arbitrary action was the disenfranchisement of the voters who made their choices only three months ago; and the bypassing of Donald Pollock, heir apparent to the vacant council seat by virtue of the votes he received.

Pollock, an able, honest and conscientious public servant earned the right to a position on the city council. He serves honorably on Livonia's City Planning Commission and gave 'his all' in time, money and effort during a hard-fought campaign!

Talk about "Political Power Structures" and "Influence Establishments" . . . only the most politically naive could allow this "stacking-of-the-deck to continue. The citizens of Livonia should insist that our Charter Commission take steps to make certain that this deplorable governmental manipulation never again defames the integrity of our city and its people.

GEORGE KINDRED, Livonia.

Likes Mayor and Charter Editor:

This is the first election I've seen in Garden City where the candidates are not stating what they stand for, or what they will do, if elected. The present Mayor and Council have done everything they promised us when they ran two years ago and they are asking us to keep Garden City on the move. It seems the candidates are running down the present office holders and the City of Garden City. Why don't they tell the people their qualifications and what they can do for our City. How can we vote for people that are only running because they got fired or they are mad at someone at City Hall. I just hope the people of our city do not get fooled by some of these candidates.

In fact I hear that one candidate running for Mayor has his house up for sale and is moving out of town if he doesn't make the primary. Another candidate is running because he was fired and another running because a former councilman talked him into running. I urge the people of Garden City to keep the present Mayor and Council and vote yes for the new charter. If the charter isn't passed, we will be the only Community around that will be 30 years behind time.

KEITH D. LINTON, Garden City.

Five Minute Limit Editor:

When I received a letter from V. E. Matthews (also run in The Observer) concerning the trains blocking the Chesapeake & Ohio Railway Co., and inquired as to the circumstances. The train in question is a westbound "Through" freight that had to stop for a signal located at Eckles Road. The train would stop short of Eckles and not block it. The gates should be down no longer than a minute and a half. As you are aware, a long

train could very easily block Newburgh Road. The same train would not block Levan Road. It is probable that a local switcher was responsible for the blocking of Levan Road, that you reported, at this particular time.

By law, trains are permitted to block a crossing for a period not exceeding 5 minutes. When one is waiting for a crossing to clear, this 5 minutes seems more like an hour.

We receive complaints such as his from time to time, and we immediately contact the railroad. They take steps to rectify the situation. We have very few problems with "local" trains. The majority of our problems and complaints are the result of actions taken by "Through" trains. The railroad does take action against these crews, but since the train may have a different crew each time, it is difficult to maintain the desired standards.

Our department has taken action against train crews for blocking crossings. A citizen may sign a formal complaint against the crew. In order to do this, they should obtain either the engine number or the caboose number and the time of the incident as well as the location.

If there are any further difficulties with these crossings, please contact the undersigned or the Chesapeake & Ohio yard office in Plymouth, Michigan.

ROBERT E. THORNE, Livonia Traffic Division

Loyal to Kuhn Editor:

These next few weeks the voters of Michigan will be bombarded with political literature soliciting votes from candidates seeking various elective offices. Voters should carefully judge which of these candidates are best qualified to serve them as their trusted public servants.

However, it becomes difficult to choose wisely the most qualified person if you do not personally know the candidate. These last two years I have had the privilege of a personal friendship with Richard D. Kuhn, Republican Candidate for the U.S. Congress in the 19th District.

I have found that Dick Kuhn is an honest, sincere, and dedicated person. He has the utmost integrity, high morals, and principles traditional to our American heritage.

Dick Kuhn has the desperately needed educational and legislative background to restore dignity and common sense to the U.S. Congress. He comes from one of Michigan's finest families, all of whom have served the needs of their fellow man for many years.

Therefore, I personally endorse and recommend to every voter in the 19th District, when you vote Republican in the August 2nd Primary to cast your vote and make it Congressman Richard D. Kuhn.

JOHN TIMINSON, Livonia

For G. C. Mayor Editor:

I've been wondering why Robert Noe "Politically Speaking" articles in The Observer have had me so confused. I am a country boy at heart, raised where the schools were few and far between when I grew up. Maybe that's the reason that I didn't get anything from his articles, or it could be that as Mr. Ripa of the Garden City Guardian pointed out that Mr. Noe isn't too good at spelling.

I am of the opinion that Mr. Noe, who according to his own statement, quit as city clerk because of so-called petty politics, was to ever be elected mayor and was put under the pressure that this office calls for, he might again holler—petty politics and quit.

I along with practically all of the good people of Garden City work for a living and have our problems at our

CHROME SHOVEL, being used by Mayor Harvey W. Moelke of Livonia, and W. B. Drake, general sales manager of Northwest Chemical Company, typifies the metal treating specialty chemicals to be manufactured at a new plant being built by Northwest at 38521 Schoolcraft Rd. in Livonia. Mayor Moelke took the first spade

Chemetron Breaks Ground

Chemetron Corporation broke ground Wednesday, July 13, for a chemical specialties plant to be built at 38521 Schoolcraft Road in Livonia. The plant will be part of Northwest Chemical Company, a unit of the corporation's Chemetron Chemicals division.

City and company officials participated in the ceremony at the plant site with Mayor Harvey W. Moelke of Livonia turning the first spade of earth and extending the city's welcome to Northwest's management.

Representing Northwest were W. B. Drake, general sales manager; Howard Lee, plant manager; J. C. Browne, controller; and F. W. Cook, technical service manager.

Dr. Eugene McCauliff, division president, said that the facility will double the present production capacity of

Northwest and that it is designed for further expansion when the need occurs.

"We selected Livonia for our plant because of the excellent industrial neighborhood it offers," McCauliff said. "Transportation facilities are excellent, facilities of other industries in the area are modern and attractive and the location is near our recently completed laboratory and development facilities at 10700 Puritan Drive in Detroit."

J. F. Crowther, general manager of Northwest, said the firm will produce specialty chemicals at the plant for metal treating and other industrial uses. Northwest has been supplying chemicals to the automotive industry for 33 years.

"This production is clean and involves no hazards or unpleasantness," Crowther said. "The building itself will be of a modern, single-story design to offer maximum efficiency. It will be highly automated."

place of work but we all can't holler politics or give some other excuse and fly the coop.

I am of the opinion that if The Observer paid Mr. Noe for the "Politically Speaking" articles he wrote that they didn't get their money's worth.

Some of these words may be misspelled but as I pointed out before being raised as a country boy, I didn't get any college degrees and can only say please forgive any misspelled words.

I am also perturbed that Mr. Noe keeps using the words, machine politics, when referring to present or future city officials. I've heard different candidates, since living in Garden City, running around like a wet hen hollering machine politics. Let me say this. I know personally many people living in Garden City and I am of the opinion that they along with all the other good voters resent any implications that there ever was or ever will be machine politics in Garden City.

I give the people credit in this city of some 40,000 people, in that they use good common sense in selecting and electing their candidates and I am sure they don't need any lecturing on how not to be a part of a political machine by any aspiring local candidate.

There have been articles in The Observer rapping our mayor and council and the new proposed city charter. I must say that our present mayor and council are doing a fine job of running our city without much compensation and further our elected charter commission worked long and hard and did a fine job of re-writing our out-moded city charter that I hope and believe the majority of Garden City voters will adopt come next election. As both the Garden City Guardian and The Observer have expressed opinions in the coming elections I am sending each a copy of this letter and hope to see it in print in their paper.

LEWIS A. WYNN, Garden City

Editor's Note: Just so there is no confusion The Observer is the newspaper that opposes the new charter.

Area Drivers May Go To Livonia for Permits

Motorists in the Plymouth area may have to go all the way to a central office of the Secretary of State in Livonia to get driver's licenses if Secretary of State James Hare gets approval for plans divulged to Western Wayne County Mayors and Supervisors at a noon luncheon Monday.

The meeting was called to get views of the mayors and supervisors on how the Michigan Department of State can best provide drivers licenses services to citizens of the areas affected when the Sheriff's office goes out of business.

Inasmuch as there is a distinct possibility that the Livonia Police Department also will get out of the business, Hare suggested a central office in Livonia

that could take care of residents in Livonia, Plymouth, Northville and part of Redford Township.

The proposal calls for the Michigan Department of State to staff and maintain the office.

Hare emphasized that the plans were still in the talking stage but that a decision will be made soon since the Sheriff's Department will be out of business within a short time.

State operated examining stations have been issuing all licenses in the City of Detroit since the first of the year. Within the past few weeks the first State station was opened in Oakland County. There are two stations operating in Macomb County.

Although the plans are still rather sketchy, Hare indicated that the State will probably locate two stations in the area.

RAYMOND J. SERAFIN (right), 1618 Henry Ruff, Garden City, accepts a scholarship certificate from William C. Pine, Ford Motor Company Fund Scholarship Program director, at an awards convocation Sunday at Dearborn. He is among 72 winners of 1966 Ford Fund scholarships attending a three-day conference in Dearborn which ends June 28. The four-year scholarships, awarded to sons and daughters of Ford Motor Company employees, pay tuition and a major portion of living expenses to any accredited institution selected by winners.

Attends Institute

Raymond Myers, a general science teacher at Frost Junior High School, Livonia, is one of 30 junior and senior high school teachers across the county attending the ten-week Summer Institute in Earth Sciences at the New Mexico Institute of Mining and Technology in Socorro. Lawyer Seeks Nomination As City Judge

Evan Callanan, Garden City lawyer campaigning for a municipal judge nomination in the Aug. 2 primary election, has proposed a night court and an improved probation department.

The candidate also stressed that qualifications of a judge and said that a judge "must be learned in the law, not merely the law from books but the law as it is applied in action in the courtroom. A trial judge must, of necessity, have trial experience. My extensive experience as prosecutor and defense attorney makes me the best qualified and most experienced candidate," he claimed.

Callanan also said that he was appointed City Attorney in 1960 and resigned two years later over the Moeller Drain controversy.

On night court, the candidate said that it would "give a citizen an opportunity to defend his position without the loss of wages or employment."

Concerning the probation department, the candidate said that the department can be improved by a personal review of all probationers on a monthly basis.

School Board Informed of Programs

The Garden City Board of Education was brought up to date last week in two training programs for adults paid for entirely by the U. S. Dept. of Labor.

Both programs, which had all of its 22 enrollees placed in private employment, have small amounts yet to be reimbursed to the school district.

One program had 10 adults complete the 52-week course in auto mechanics, after a need for such a class was determined by the Michigan Employment Security Commission.

Of the \$29,923 budgeted for the program, held at the auto shop department at East High School, only \$2,195.06 hasn't yet been reimbursed to the school district.

The other class, a full-year course in metal machines, had 12 enrollees with all but \$2,573.17 of the cost of \$23,064 reimbursed.

Sees Many Interesting Things

Lindy Berry Looks Into Fabulous Future

Time saver, step saver. The refrain you read daily in newspaper ads. But Lindy Berry of Berry's Home Supply says we haven't even scratched the porcelain. In fact if we can all manage to make it the next 25

years we will be dazzled with new appliances in store for us. Some of us may be too old to move about very fast—but with the homemaking of the future all you have to do is think of it—and the work is done. Don't laugh—the age

of the robot is coming.

Look to your laurels men—you may be replaced around the house with a mechanical man. Just think this would mean more time to work two jobs if you (or she) so desired—or perhaps you are the type that prefers the golf course, fishing and a bit of ham-mocking.

If you buy the little lady the deluxe model robot no doubt you can accomplish your goal in either direction. Lindy just returned from the G.E. display of appliances of the future, some of which are available right now. The show was in Chicago and he really waxed enthusiastically about the video tape recorder. True this isn't a home time-saver, but it is definitely for home entertainment.

Lindy said while he was talking to the salesman they were picking him up on TV

and also recording his voice. They played it back immediately. Can you imagine the fun at your next party. Certain complications come to mind, of course, but on the whole it should create marvelous home entertainment. There is also the small viewfinder complete with sound.

The idea about the video tape recorder that really intrigued Lindy with an eye to preserving the tax dollars, was the use of this item in the classroom. Lindy said he could imagine all sorts of innovations with the use of this idea in

teaching. In the area of freezers—they are thinking about refrigerators in cupboards and freezers coming out of the floor. Shades of grandmother. Space savers for sure.

One of the areas of great improvement is in the area of dishwashers in the home. When Lindy Berry first opened his doors to business eight years ago he saw the importance of a dishwasher to the homemaker. Sensing the threshold of this opportunity he promoted the G.E. dishwasher and has since become the largest independent G.E. dishwasher dealer in

Michigan. He has a greater variety of dishwashers on display than you can find in any other store.

The new G.E. electric dishwasher is so good it is sold with a money-back guarantee on performance. What is more important it saves another step for the homemaker. It has a simulated garbage disposal unit. No scraping or pre-rinsing plates. It is designed to be sturdy too with a 15 to 18 years of worry-free service.

Now if they just finish that robot and it learns to cook we'll be settin' on that satin pillow before we know it.

CARNATION CUTTING CEREMONIES marked the opening of the new office of the Detroit Bank and Trust Co. for its Seven Mile and Telegraph Road branch. A rope of red carnations replaced the traditional ribbon and Linda Wittenberg, Miss Detroit Bank and Trust, cut the "ribbon" while President C. Boyd Stockmeyer (right) and Branch Manager Kenneth Stahlbusch looked on. Plans are underway to add drive-in windows and expanded parking facilities to the new branch.

Appliances Fit Remodeling

If you're remodeling your kitchen, investigate the many new work-saving appliances available. You'll find a wide choice of built-in or free-standing models to fit your budget and kitchen plan, and complement or accent the color and finish of your cabinetry.

Although the current trend is toward built-in appliances, you may prefer to have a built-in "look" with appliances that can be taken along if the family moves.

Excise Tax Studied for TV Education System

The possibility of an excise tax on TV sets to help finance a non-commercial educational television network is once again under consideration. The Carnegie Commission on Educational TV has such a proposal under serious study for the report it plans to submit to industry and President Johnson by Jan. 1.

The Commission is considering the imposition of a 4 per cent excise on all TV set sales to raise an estimated \$100 million a year.

This would be about half the money needed, by many estimates, to permit educational TV to compete with the commercial networks. The rest would come from foundation grants and contributions.

Alternative financing plans under consideration by the Commission include a tax on the \$2 billion annual take of commercial TV. This is a remote possibility, however. Nothing could be done before next year, of course; and unless the climate chang-

es considerably, Congress would be quite reluctant to impose excises on TV receivers.

NO QUESTION about the ability of Sears to handle any calls for service to any of the appliances sold by the stores. This fleet of trucks is available at all times to take care of requests. Sears prides itself on answering calls within 24 hours and often-times on the same day if the request is received early enough.

Housewives Can Plan Range Around Their Kitchen Now

A kitchen is for cooking, but that doesn't mean you have to plan the kitchen around the range.

Today, with the many types of electric cooking units available, you can plan your range around your kitchen. If your kitchen is small, you can have one compact range — but even that may have two ovens, one high and one low, for added cooking capacity. And if your kitchen is medium or large, you can cook all over the place, if you like.

Have the regular three-meals-a-day cooking center well within reach of the sink, dishwasher, and refrigerator-freezer.

This can be a free-standing electric range with one or two ovens, separate built-in single or double wall oven and surface elements, or a one-piece built-in.

In another area you can add a baking center with one or two electric ovens, and perhaps a party-time snack section with counter-top surface elements.

If you already have a satisfactory range but need more cooking capacity, you might have an extra electric oven installed, either a wall oven or one that can be placed on a counter. Another solution is to add a one-piece built-in electric range which will fit a 30-inch cabinet space. This will double your cooking capacity.

The variety of new electric units boils down to five basic types:

1. Free-standing — com-

pletely updated version of the familiar counter-height range that stands on the floor and is merely plugged into the outlet. Widths run from 20" to 42", all with straight-edge styling to fit flush against cabinets for a built-in look.

2. Eye-level oven range — a high-style range with one or two ovens above the surface units. It sits on a cabinet base or hangs on the wall at a height convenient to the woman who will use it.

3. High-and-low oven — a dramatic new free-standing range with a wide electric oven above and another below the surface elements. The beauty of it

is that it provides two spacious ovens in a floor space as narrow as 30".

4. Built-in-range—the now-familiar separate electric units that revolutionized kitchen design in millions of new homes, now also widely used in remodeled older homes. The surface elements are dropped into a counter top and ovens go into a wall or cabinet. Double wall ovens are the most notable new trend in electric built-ins.

5. Drop-in—a built-in that slides in on a cabinet base, with automatic electric oven and surface elements all in one compact unit. It's favored when kitchen space is limited.

New Range Adds Space To Kitchen

Does your kitchen have an old-model range and too-few kitchen cabinets?

You can solve both problems at once by replacing the old stove with either of two new electric ranges.

In the built-in surface-element range, cooking units are dropped into a counter-top and a wall oven is placed above it on an adjoining wall or elsewhere in the kitchen. For greater cooking capacity, a built-in rotisserie-grill can be added to the countertop, and double wall ovens can be used.

The needed storage space is gained by turning the area beneath the surface elements into handy cabinets. An eye-level oven range offers similar conveniences. In this model, the range sits on a cabinet base or hangs from a wall. Single or double ovens are attached at eye-level.

Like other model electric ranges, these units are available with a number of automatic features. These include: push-button or dial temperature controls, thermostatically controlled surface elements that maintain the right cooking temperature without readjustment, and low-temperature oven controls that turn heat down when food is cooked—to hold at serving temperature for several hours.

Shortage of Copper Forces Parts Change

The copper shortage is getting worse; and tv-radio appliance makers will be forced into more sophisticated circuitry to avoid using the scarce red metal.

They had been planning such a switch for future models, but now will have to accelerate plans.

The world situation in copper is so bad that the government has extended strict quotas on copper exports through the rest of this year. No easing of shortage is in sight.

WARD'S NEW SIGNATURE "French Door" design refrigerator has a giant 18 cubic foot capacity in a space-saving 33 inch wide cabinet. This all frostless model has as standard equipment an automatic ice maker that can make and store up to 250 cubes and a medicine "safe" for storing drugs with a "lock" which prevents small children from reaching them. Other features are a seven-day meat keeper, a vegetable crisper, magnetic door gaskets and roll-out freezer drawer.

Roving Range Gives Rooms New Roles

Sometimes a small, modestly priced accessory can give a room a completely new role, make living easier, and even change the habits of a family.

Take a small, table-top one or two burner electric range, for example. Place it in the family room in the basement—and the room takes on a new dimension of convenience.

Mother doesn't have to desert her sewing machine to prepare the children's mid-afternoon hot chocolate—and she eliminates the trek of small feet scurrying up the stairs to the kitchen.

Sister serves her teenage friends hot dogs and hamburgers without missing her favorite rock 'n roll record while preparing them. Dad makes his hot soup lunch the Saturday Mother is marketing without missing a single play in the televised ball game.

Move the table-top range to the nearest electric outlet on the patio, and you no longer confine your outdoor eating to barbecued foods. Put it in the hobby workshop in the garage, and it's handy for hot refreshments while Dad and Junior work on the model plane.

Take it along to the vacation cabin in the woods and you have instant cooking facilities.

Portable electric ranges today are safe, efficient and versatile. The Lady Vanity buffet electric range, for example, is beautifully designed for table-top display in any setting.

Constructed from long-wearing, easy to clean stainless steel, this compact portable range has a fast heating element, thermostatic heat control, high-speed burners, adjustable leg levels.

It's available in both one-burner and two-burner models, and has a one-year over-the-counter replacement guarantee.

Teens Eager To Read of Safe Driving

Teen-agers are very interested in learning safer driving habits, according to a General Motors survey.

In a readership survey conducted on General Motors Corporation's American Youth magazine, articles on safe driving have been consistently rated "Liked Best" by a sampling of the magazine's 1,500,000 teen-age readers.

When the September-October 1966 issue of American Youth is mailed out next month, 60,000,000 copies will have been received by 11,000,000 different newly licensed teen-age drivers since the magazine was first published by GM in 1960.

General Motors sends American Youth bimonthly to newly licensed teen-age drivers throughout the country.

The survey on the January-February issue showed a safety article, "Drivers I'd Like to Meet" rated as "Liked Best" over 12 other features in the magazine. Coming in a close second was "Some Cold Facts About Winter Driving" which was an article about driving on ice.

"How Smart a Traffic Detective Are You," a story on driving tips shared top honors with "Hit or Be Hit," a picture story on the Army's new technique in bayonet training in the March-April American Youth.

The safety story in the May-June issue was rated third out of 12. The story was "A Frank Look at Speed."

Sears Guarantees Offer Protection For Appliance Buyers

There aren't any questions left unanswered when one makes a purchase from Sears. Sears believes in stating clearly, exactly what you get in a product, a service or a guarantee.

At Sears, everybody pays the same low price. Sears does not establish artificial "list" prices to allow so-called discounts or trade-in prices. The original prices are low and at Sears everybody pays that same low price.

Sears written guarantee is your nationwide assurance of satisfaction. It makes no difference whether you purchase a home laundry or a smaller home appliance, the guarantee is there.

It covers all mechanical parts, not just a few of them. Sears Kenmore Home Laundry guarantee covers the whole exterior (including porcelain-enamel finish) not just part of it. The guarantee covers all metal parts, glass parts and plastic parts.

More than that the guarantee follows you if you move across the street, across the nation or anywhere in the United States.

Service is one of the keynotes of Sears. You get fast service when you want it. Sears has crews of well-trained service experts in the Metropolitan Detroit area and the largest home appliance service organization in Michigan.

There's a fleet of service trucks completely equipped with necessary tools and complete stock of repair and replacement parts. Sears answers service calls with 24 hours. Many are handled on the very same day.

Sears servicemen are not jack-of-all-brands mechanics, they are exclusive Sears Service Specialists trained to service whatever the store sells.

Service contracts offer so much for so little. Kenmore

Appliance Market May Shrink Soon

The large appliance market afforded by new home building may dwindle even more in coming months.

The problem: Mortgage money is tight, and funds to finance home building are getting tighter all the time. Money that usually goes into savings & loan associations—prime source of home construction funds—is going elsewhere.

Deposits in the associations during the first quarter of this year totaled \$1.4 billion, down considerably from last year's first-quarter savings of \$2.1 billion.

Zenith Offers Many Unusual Sets

Zenith dealers in the area have introduced the Zenith line of color and black-and-white television sets for 1967.

Zenith's line, numbering 40 models in three screen sizes, features a broadened selection of 25-inch rectangular screen receivers and introduces an advanced new 25-inch color chassis with circuit innovations engineered to provide even greater operating reliability and increased picture detail and brightness.

Zenith's 26-model line highlights 17 portables in four screen sizes, thirteen of which combine a 20,000 volt chassis with the Zenith Super Sunshine picture tube "to produce picture brightness, detail, and contrast unsurpassed in portable TV."

Zenith's 1967 color line offers a product mix of 31 different 25-inch rectangular screen receivers; six 21-inch sets; and three 19-inch rectangular screen Decorator-Compact table sets.

The two series of rectangular screen 25-inch receivers include 18 Royal Premier fine-furniture consoles and combinations, and eight Royal Compact full-feature consoles especially scaled for small home or second set use.

The Royal Premier series of 25-inch sets, designed for the finest homes, offers a selection of authentic decorator cabinet styles. These include Mediterranean, Danish Modern, Early American, French Provincial, and Contemporary veneers of genuine walnut, mahogany, maple, cherry fruitwood and dark oak, with select hardwood solids.

Six of the Royal Premier sets have Zenith's Space Command system that gives the viewer complete remote

control of color hue, in addition to changing VHF channels, adjusting volume, and turning the set on and off.

The smaller scaled Royal Compact color sets, the executive stated, "offer the viewer full features and big, rectangular 25-inch color pictures in a space-saving cabinet."

The three 19-inch Decorator-Compact sets, one of which introduces Space Command remote control for the first time in this size unit, are designed for tabletop use or roof-to-room portability on a cart. These receivers, beginning with the Gunnison set, include the new Aberdeen which offers the added value of Super Gold Video Guard 82-channel tuning and a grained vinyl cabinet. Its companion, the Space Command remote controlled Balmoral, has the same features.

Zenith's 21-inch receivers include a table set, and five consoles in Danish Modern, Early American, or Contemporary cabinet styling, four of which were announced earlier as advance 1967 models.

Zenith's 1967 color TV line features the company's

handcrafted, horizontal, 25-volt chassis; in most sets, the Super Gold Video Guard 82-channel tuning system for "ultra-sensitive signal reception," the Sunshine color picture tube — in 19-, 21- and 25-inch sizes — with europium rare earth phosphor for "the best in picture brightness."

Predicting industry sales of black-and-white TV "in the neighborhood of 8 million sets" this year or about even with 1965's total, a distributor executive said that "the company's new line, with its broad selection of portable models, three 23-inch table sets, and six console receivers, is designed to offer a choice of black-and-white TV for every viewing purpose and location throughout the home."

"The heart of our portables," he said, "is the Slim Line and Skyline series with the popular 19-inch screen size. This size set accounts for nearly 50 per cent of the industry's black-and-white TV business."

The nine 19-inch portables are available in single, two-tone, or deluxe grained colors. Some are equipped with Zenith's handcrafted Super Gold Video Guard 82-channel tuning system, and the Zenith transistorized Space Command "300" system of remote VHF-TV tuning.

There are four compact 21-

inch portable sets, in the Award series, that have a "flat-face" 114-degree tube with a picture that is more than 20 per cent bigger than any 19-inch portable. Other models in the 1967 Zenith monochrome TV line are two 12-inch sets and two 16-inch portables in the Companion series; three compact 23-inch table models; and six 23-inch consoles in furniture styles.

washers and dryers and engineered, manufactured and tested for years of dependable operation. Yet any precision machine may require service from time to time.

A Sears service contract relieves a customer of undue inconvenience and unexpected repair bills. For example, it covers all service calls and necessary repairs, including parts and labor any time for the entire contract period; and complete preventive maintenance check-up during the last month of the service contract at the request and convenience of the customer.

Only Sears sells nationally advertised Kenmore washers and dryers. Kenmore has been a leader for more than a decade. After 46 years experience, the Michigan based source, now the world's largest producer of laundry equipment, still makes the famous Kenmore.

Then there are all the other appliances that bear the Sears trademark that are available — there's always something new and interesting at Sears for Sears keeps up with everyone in its line of merchandising.

Try Trellis Screen

Need patio privacy? Try sections of garden trellis set on a diagonal between 4x4 cedar posts and top and bottom 2x4 rails.

WHAT GIVES? These salesmen are looking over the new Kenmore dryer that is now available in the showroom at Sears Livonia Mall.

OLD FASHIONED STOVE? It appears that way by the looks of these sales clerks at Sears Livonia Mall. Actually it is one of the most modern electric stoves in the old fashioned cast iron design. It is on the showroom floor at the Mall.

Farmington Nears Legion Title

Just win... four in a row! That's all the Farmington American Legion team must do in the next five days to haul in the 18th District baseball title.

Going into this—the final week of the regular schedule—the Farmington aggregation boasted a record of 18 wins and four losses to lead Waterford by one game.

Ahead for Farmington is a home game with Berkley Wednesday and then three straight with Milford—at Milford Friday and a double header at Our Lady of Sorrows Field Sunday.

For the District kippin, there'll be a trip to Utica

during the first week of August for the zone tournament. The zone winner goes on to the state, the state victor to the nationals.

"We've got a lot to look forward to," said manager Wally Christensen of Farmington. "But we have the

kind of a team that can do the job."

Farmington won three out of its last four, falling only to Southfield in the last week. The Farmington team won over Troy, 8-2; fell to Southfield, 4-1; and then rebounded to take Walled Lake, 12-3

and 6-4, in a doubleheader on Sunday.

In the Troy game it was Jerry Turner who allowed only three hits and struck out ten to notch his fourth victory of the season.

Miles Kearney counted the first Farmington run in the first inning. Then came a four-run uprising in the third when Carl Misch and Tom Webster singled, Chuck Viane walked, Wayne Johnston tripled and came home on a bad throw.

Two innings later Viane slugged a homer after Webster walked.

Errors led to the downfall of Viane and Farmington in the game with Southfield.

Not one of the Southfield runs was earned. But, of course, they counted.

Farmington's only rally came when Tommy Webster walked, moved around to third on a couple of infield outs and crossed on the second half of a double steal negotiated with Joe Himmelspach, who walked.

In the Sunday doings, Viane had little trouble boosting his season's record to seven wins against two losses. With Viane working under a big lead, Rich Krumm came in to finish the final two innings.

A triple by Viane and homer by Johnston gave Farmington two quick runs in the second inning.

Five tallies came across in the fourth. Hits by Jerry Tinkle, Johnston, Snearly, Kearney and Viane figured in the uprising along with a sacrifice fly by Mike Perry.

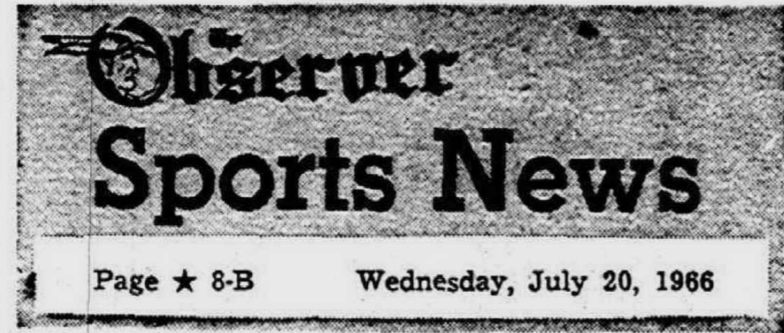

Snearly drove in two more runs with a double in the sixth to add to the winner's margin.

The second half of the twinbill was much more exciting.

The Lakers sprung ahead, 2-0, in the first inning on a two-run homer by Steve Fogle. In the third, Fogle hit another homer to make it 3-0.

Farmington bounced back to get even in the third, Singles by Chris Norton and Misch, a triple by Viane and a hit by Himmelspach did the job.

In the fourth, Tinkle singled and scored on Turner's double with the go-ahead run. Two more runs counted in the fifth when Misch walked, Himmelspach doubled and Walled Lake committed a passed ball.

3-2 Pitch Rubs Out Bid for Perfect Tilt

The summer season has produced some spectacular pitching performances in the Greater Livonia-Class D Connie Mack baseball league.

But the "prize" effort belongs to Kevin Fox, a 16-year-old from Redford Union high who hurls on the Earl Morrall team, which now has won seven of its eight starts in the Mack league's American Division.

Fox was matched last Thursday against the Livonia Phillippi Giants.

It was pretty much like Redford Union battling Bentley, since the two teams are comprised for the most part of young men from the rival Suburban Six League schools.

All Fox did was to come within one pitch of recording a PERFECT GAME.

He set down 20 straight batters in the seven-inning contest won by Earl Morrall, 4-0.

Now it was Fox vs. Paul Deedler of the Giants. The count ran to three and two.

Tension mounted. Fox took his windup and fired. Would it be a perfect effort.

The pitch sailed in. Deedler watched it all the way. He didn't swing.

The umpire behind the plate never hesitated with his verdict.

"Ball Four," he yelled. Deedler strolled to first and Fox's super gem was gone. But he got the next man to preserve his shutout and his no-hitter.

In true sports spirit, Fox admitted afterwards: "Sure I knew I had a perfect game going... and it would have been wonderful to have pitched one. But the

main thing is that our team won. That counts the most."

Fox had his rivals hitting grounders all afternoon. The Morrall infielders picked up 12 assists. There were two pop-ups to the infield and just one fly to the outfield. The other six Giants went down on strikes.

Fox received his big hitting support from a Redford classmate, Leland Bjerke, who drove in all the Morrall runs.

In the first inning with three on Bjerke cleared the sacks with a double. In the third after Bill Fahey singled, Bjerke slammed a triple.

The shutout was the second in as many days for the

Wins Letter at RPI
TROY, N.Y.—R. Theodore Hart, son of Mr. and Mrs. Robert M. Hart, 27860 Terrence Drive, Livonia, Mich., has been awarded a white sweater and letter for participation on the varsity golf team at Rensselaer Polytechnic Institute.

Township team. The afternoon prior it was David Bourassa who recorded another masterpiece as he blanked Northville, 5-0, on a four-hitter.

The Morrall fielders could just as easily have stayed home. Bourassa struck out 18 men.

Bjerke again had two hits and he picked up two more RBIs. He doubled in Harry Kendrick in the first inning and scored on the second half of a double steal following a hit by Mark Roth.

In the third inning, hits by Rod Ferguson, Fahey, Mike Rilet, Bjerke and Roth netted Morrall three more runs.

Rick Mack of the Livonia Elks saw a nifty, 16-strikeout effort go for naught as his team played Northville to a 2-2 standoff. Darkness forced the halting of the game after eight innings.

Mack scattered three hits and delivered a single in the second which knocked in Jim Gurney. The Elks' other run came in the sixth when Frank Smalley and Pat Built.

Observing SPORTS

By George Maskin

The scene was the pool area of the very aristocratic Detroit Boat Club, located alongside the Belle Isle Bridge.

The occasion: the monthly sports luncheon at which we were guests along with Ray Scott, representing the Detroit Pistons, and Louis D'Annunzio, veteran scout of the Detroit Tigers.

D'Annunzio is responsible for bringing into the majors Bill Freehan, Willie Horton and Milt Pappas... plus a flock of others.

Lou D'Annunzio, starring as Louie puts it "downtown in Detroit."

"It's a shame, those boys don't play where they live," continued Louie. "But, then how can you blame them?"

D'Annunzio didn't come up for much air. "The fault with Livonia and Garden City and Redford Township stems from the fact you don't have a real good junior Connie Mack League program. (Connie Mack is restricted to boys in the 16-17-18 age bracket.)

"The net result is that your kids are going to Detroit to play with teams like Kowalski (the perennial national Class E champions). When these kids get the taste of Detroit baseball on the sandlots, they say 'nuts' to staying home—where they belong."

It's D'Annunzio's contention that the Greater Livonia Class D and Detroit Free Press Leagues could rate with the best in the state—"if somebody out there would do something."

It would appear the finger must be directed at the various athletic recreation directors who have anything to do with summer baseball.

One possible exception might be Livonia's Bob Green. Bob is a tiger on sandlot baseball.

He has followed the footsteps of Al Roscoe to try and give the area topflight Class D and Free Press play. Green saw to it that the Fourth of July baseball meet was staged this year... and before that the Decoration Day Invitational baseball tournament.

But Green can't do it alone. He already is doing something to help Livonia... Plymouth, Redford Township and Garden City. And, oh, yes, let's not forget Dearborn Heights, which isn't serviced by our papers.

The Connie Mack and Free Press League happens to encompass all these communities.

It's obvious, therefore, that Green needs assistance. A stronger program is necessary for kids in the 15-16-year-old age bracket.

Take a peep around... wherever you live. You won't find too many boys in these categories playing baseball.

Perhaps, this unhappy situation reflects again on the stress placed by so many on the Little Leaguers. That's where 95 percent of our sandlot teams are.

As the kids get older... they fall out of baseball... they fall out of other sports.

And does that make a man like D'Annunzio burn!

"Every boy in his teens should be engaging in some kind of sports activities. If it's not baseball, then it's basketball or football or tennis, or crew-racing. But, he should be doing something."

The fact that our kids are lax in recreation no doubt has a great deal to do with the statement made the other day that upward of 55 percent of all our youngsters are "flabby and out of shape."

It also explains why so many boys of draft age are flunking their physicals.

Instead of walking and playing... we drive. We've become a lazy race. And this writer is no exception. Our neighborhood swimming pool is two blocks from our home. Do we walk? Of course, not. The use of the car is much simpler.

The President's Fitness Program is endeavoring to correct the poor physical condition of our citizens. Recreation and school officials are doing what they can.

It's high time that all of us tried to do something—to help ourselves.

They're still talking around Garden City, Livonia and elsewhere about the 16-inning pitching job that Joe

(Continued on Page 9-B)

ON THE OUTSIDE comes Sulky Boy (8), a seven-year-old from the Howard Siemen farm of Port Huron, to win a conditioned trot at Northville Downs at better than 113-1 odds for the biggest win mutual at a harness track in Michigan. Sulky Boy beat Diller H to the wire in 2:06.4 and the boxcar payoff was \$229.60. That bettered the previous high at Northville of \$177.80 by Best Effort on June 12, 1962.

Northville Trotter Pays Record \$229.60

Harness racing fans in the metropolitan Detroit area won't soon forget the night of July 13 at Northville Downs. They'll remember it as the night they saw the biggest mutual payoff for a winner in Michigan harness racing history and as the night they saw Transient, one of the nation's most improved four-year-olds, win the \$12,000 Michigan Pacing Derby.

The amazing story behind Transient, a son of Walter McKillo, owned by the Rob-Way Stables of Charlevoix, Mich., is that he was purchased for \$800 as a weanling at the Tattersalls sale in Lexington, Ky. and already shows earnings of more than \$22,000 this year.

The big story of the evening was the victory of Sulky Boy, a seven-year-old, in a conditioned trot at better than 113-1 odds for a whopping payoff of \$229.60, the largest ever at a Michigan harness track.

As it was, Sulky Boy was fifth at the head of the stretch and took to the outside to nip the leading Diller H at the wire by a neck in 2:06.4. There was dead silence as the judges studied the picture and then a loud roar spread over the grandstand when the No. 8 was flashed as the winner—that was Sulky Boy.

There was an even greater roar when the board showed the prices of \$229.60, \$39 and \$10.60 across the board. That bettered the previous high of \$177.70 by Best Effort on June 12, 1952 at Northville Downs and the \$175.40 by Song Cycle in the opening heat of the Motor City Pace at Wolverine Raceway earlier in the year.

It was the third victory in 18 starts for Sulky Boy and the fastest clocking in the past two years.

With Driver-Trainee Dwayne Pletcher in the sulky, Transient made shambles of his eight rivals, taking the lead and staying a length in front all the way. He was at the quarter in :30, the half in 1:01, the three-quarters in 1:32.4 and then zipped home in :28.4 seconds for the two length victory in 2:01.3. That was the second fastest mile of the Michigan season.

Dick Dorwood, a six-year-old owned and driven by Bob Knudsen of New Era, Mich., pressed the victor in the final quarter but fell far back when Pletcher let his horse go.

Transient is owned in partnership by Robert Dykesterhouse, of Charlevoix, and Pletcher. The weanling caught the eyes of the two at the Tattersalls sale three years ago and they bought him for \$800 and his mother, Tranquill K, for another \$700.

The four-year-old has won up only three hits, two by manager Jerry Stockwell and the other by Allen.

Redford and Ingoff Bach play Wednesday at Henry Ford College while on Sunday evening it will be Redford vs. Livonia at Livonia's Henry Ford Field on Farmington Road at 8:30 p.m.

The two-minute barrier for one mile in harness racing was breached for the first time in 1897 when Star Pointer trotted a mile in 1:59.4. Next year will mark the 70th anniversary.

Boost Fetz As Stevenson Sports Chief

Carl Fetz, acting Director of Athletics at Stevenson High School since the death of Les Anders, has been nominated for the post by a reviewing committee made up of Asst. Supt. Paul Johnson, Dr. Don Friedrichs and Dr. Whisler.

The recommendation has been turned over to Supt. Benton Yates for a final determination after which Yates will make his recommendation to the Board of Education.

Fetz, who received his bachelor's degree from Springfield College in Springfield, Mass., with majors in health and physical education and a minor in physical science, also has a master's from Eastern Michigan University.

He has been in the Livonia school system for the past nine years, serving as coach of basketball, baseball, swimming and tennis in addition to teaching physical education.

During the past year he served as head of the physical education department at Stevenson and then assumed the duties of athletic director after the passing of Anders.

Racers Vie Saturday At Dragway

Two weird racers, both capable of 200 miles per hour speeds from a standing start through a quarter-mile distance, will meet in a best two in three match race at Motor City Dragway Saturday night.

One will be Tom McCourry's four-engine Buick Riviera Wagon-Master. The other will be Walt Arfon's Avenger Jet, driven by Fred Sibley.

It will be "ladies night"—all the ladies being admitted for half price.

Motor City Dragway is on 26 Mile Rd., three miles east of the Edsel Ford Freeway.

Mrs. Schwalm, Tops Women Golfers with 86

Mrs. Donald Schwalm, of Northville, had the low net of 86 in the championship flight of the weekly matches of the Women's Suburban Golf Association at the West Shore Golf and Country Club in Grosse Ile.

Mrs. Frank Langford, of Dearborn Heights, had the low gross of 103 in the matches which were interrupted several times by high winds and heavy rains.

This week's matches will be played at the Arrowhead Country Club in Pontiac.

The flight results: FIRST—Low gross, Mrs. Ray Hartner of Northville, 107; low net, Mrs. John Hoffman, Livonia, 92.

Plymouth Driver Battles Livonian

The Figure Eight mid-season championship will be the prize at Flat Rock Speedway Saturday night with the drivers lining up according to points for the start of the trophy bid.

Mel Murphy of Livonia will have the pole position at the start in view of the commanding lead he has in the point standings. Starting in the same row, in the No. 2 spot, will be Dick Simmons of Plymouth, the defending champion.

Late model racers, fresh from their mid-season championship race last weekend, will go after the "Beau Geste" World Premiere Trophy in their division Saturday night. The trophy, one of four awarded in the Detroit

Pistons' Reed Making Good In Baseball

Forward Ron Reed of the Detroit Pistons basketball team has won another promotion—from the Atlanta Braves baseball club.

Reed, who spends his summers pitching for the Braves in their minor-league chain, this past week was "upped" to Atlanta's Class AAA club at Richmond in the American Association.

It marked the second move of the season for the right-hander from Notre Dame University, via LaPorte, Ind. Reed had a 3-1 record at Austin in the Texas League after winning five and losing one at Kinston, N. C.

As a rookie with the Pistons last season, Reed averaged 7.5 points and became the team's No. 3 forward behind Player-Coach Dave Debusschere and veteran Ray Scott.

Historic Hole In One

Bruce Habermehl of 23005 Manning, Farmington, scored his first and the course's first on Monday when he shot a hole in one at the Independence Green Golf Course.

Habermehl, who has been hitting that little white ball around a course for 18 years, scored his hit on the 145 yard long Eighth Hole with a nine iron.

His golfing partners were Jack LaCourt and Bob Posner.

JCs To Aid In Getting Vote Results

The Plymouth Jaycees will have a key role in the Aug. 2 primary.

In an effort to speed up reporting of vote results of the gubernatorial and senatorial races, the Jaycees will serve as special precinct reporters in this area for the AP-UPI Michigan Election Pool.

Jerry Yohey, president of the Plymouth Jaycees, said members of his chapter will call from their assigned precincts with the results of the two key races to the AP-UPI news gathering center at the Fort Shelby Hotel in Detroit.

Each local Jaycee precinct reporter will be properly identified with a letter from State Elections Director Robert M. Montgomery.

The AP-UPI Election Pool said the Jaycees in turn will receive a cash grant from the wire services for taking on the statewide project to assist the news media in getting the vote results to the public as soon as humanly possible.

S. KING CAMPBELL, 83, collector of old timepieces, stands beside one of his favorite ancient clocks while he relates many memories of his hobby.

83-Year-Old Relives Memories With Clocks

S. King Campbell, 83, who was born in Bristol, Tenn., is proud of his long time hobby of clock collecting. Campbell, who came to Plymouth in January 1940, was employed by the Daisy Air Rifle for 13 years prior to its move to Arkansas.

Asked by Daisy if he wished to join the company, he

decided to remain in Plymouth and continue his long time hobby of fixing, collecting and selling.

The little shop in the rear of the lot at his home, 772 Forest tells his story. Many hours were spent there, happy hours where time meant little and one day matched the next as the clocks on the shelf ticked away.

Probably a hundred or so old clocks can be found in his home.

There are antique mantel types, some hand carved ones, a few imported cuckoos from Germany for his enjoyment, an old Marine clock that was a gift from a friend in Bristol and a quaint half barrel with clock, ideal for rumpus room.

Standing on a little shelf is a school type clock that hung on the second floor of the old Daisy plant. It was presented to him when the company moved from Plymouth.

Campbell, who talks of the ups and downs in his life, has among his treasures a license to practice law in Tennessee signed in 1911. Asked why he didn't continue to pursue this field, he said just the changing times.

A shiny gold railroad watch stands out prominently on the old rack. It still keeps time perfectly and it told the story where 14 of the 83 years were spent as a flagman and brakeman.

The ticking of the clocks hold many memories and family history for Campbell whose eyes have failed and prevent him from continuing in his hobby.

Plymouth Hikes Violation Fines

Traffic violators in Plymouth will pay more in fines in Municipal Court as a result of a revision of the schedule of fines by Municipal Judge Edward Draugelis which was adopted by the City Commission by resolution a week ago.

The new fines went into effect on July 15, the first revision in court fines since 1954.

Judge Draugelis told the Commission that he felt the fines were too low in most areas when compared to those charged by other courts in the district.

"I have made a complete revision of the fines after a lengthy study," he said. "I hope the Commission will adopt the revised schedule by resolution so that it will become effective on July 15."

There was some minor dis-

agreement to making the decision so quickly but after some discussion, the Commission passed the resolution and made the schedule effective as of last Friday.

Judge Draugelis hiked some of the fines as much as \$10 although most of the increases were \$5.

"I plan to make a review of the schedule of fines annually, as long as I am the Municipal Judge," said Draugelis. "The results of the annual review will be brought to the attention of the City Commission for action."

The complete revised schedule of fines:

DPW News And Notes

By SUPT. KEN VOGRAS
PLYMOUTH DEPT. PUBLIC WORKS

The Department of Public Works dug up and repaired three water services during the past week. Crews handled two funerals at Riverside Cemetery where mowing and cleaning up was continued.

The business section was cleared and crew swept and cleaned 93 miles of residential streets. Work was continued on the landscaping at the City Hall, library, city parks and at the community buildings.

The lights at Kellogg Park were repaired and the portable bandshell set up for the series of community band concerts on Thursday evenings.

Work was completed on the installation of a catch basin at the northeast corner at Cherry and Pearl streets. All catch basins in the city were cleaned.

Mowing of weeds was started on all city-owned vacant lots. Bids will be taken on July 27 for a private contractor to mow and clear all private property that has not been handled by the owners. The work will be done and the owners billed for the services.

Plymouth GI Is Promoted

Melvin E. Sawyer, son of Mr. and Mrs. George V. Sawyer, 11406 Eastside Drive, Plymouth, has been promoted to staff sergeant in the U.S. Air Force.

Sergeant Sawyer is a precision measuring equipment technician at Wurtsmith AFB, Mich. He is a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

He is a graduate of Plymouth High School, attended Eastern Michigan University and Olivet Nazarene College in Kankakee, Ill. He also has done college work in off-duty classes conducted by Central Michigan University at Wurtsmith.

Burroughs Sets Records

Burroughs Corporation reported that all-time records were established for orders, revenues, and earnings during the first six months of 1965. Revenue for the period was \$236,608,000, up 13 percent from the previous record of \$209,145,000 last year.

Net earnings for the six months were \$11,743,000 contrasted with \$5,889,000 in 1965. Estimated United States and foreign income taxes for the six months were \$9,807,000 compared with \$5,440,000 in 1965.

Per share earnings including a non-recurring capital

gain of 13 cents, were \$1.48 based on an average of 7,939,124 shares versus 80 cents in the first six months of 1965 based on average shares of 7,388,755.

Second quarter revenues were \$122,216,000, exceeding last year's revenue of \$108,300,000 by 13 percent. Net earnings for the quarter were \$6,434,000 or 80 cents per share versus \$3,111,000 or 42 cents per share in 1965.

Commercial backlogs are presently 29 percent greater than the same period last year.

Ray R. Eppert, Chairman, said that more new and very significant products have been released in the first six months of 1966 than in any full year of the company's history.

Eppert also stated that it now appears that 1966 net earnings from operations should approximate \$3.35 per share.

Seduction Case Hearing On Monday

Charged with seducing an 18-year-old Livonia girl, a 22-year-old Detroit man has been ordered to appear for preliminary examination this Monday (July 25) in Livonia Municipal Court.

Michael W. Hyder, 22, of 19176 Burt Road, Detroit, stood mute July 11 when arraigned and a plea of not guilty was entered for him. Bond was set at \$500.

The girl told police she was sitting in a car with Hyder who hit her when she resisted his advances.

She said she was afraid he would harm her more if she did not submit.

Two Livonians Attend U-D Math Institute

Two Livonia residents one from the Livonia Schools and one from Redford Union — are attending the Fifth Annual University of Detroit Summer Institute for High School Teachers of Mathematics.

Enrolled in the Institute are: Theodore T. Bison of 14539 Auburndale, Livonia, a teacher at Whittier Junior High in Livonia; and Lewis B. Caves of 16576 Savoie St., Livonia, a teacher at Redford Union High School.

The Institute, financed by grants from the National Science Foundation, provides the high school teachers with advanced education in their chosen field.

Academic admission requirements include a bachelor's degree from an accredited university, one year of college mathematics and a teaching certificate.

D.O. Attends Parley
Dr. Frank J. McDevitt of Livonia, served in the House of Delegates of the American Osteopathic Association at its annual business meeting, July 17 to 20, at the Drake Hotel in Chicago.

Plymouthites Lease Building To Post Office

U.S. Representative Wes Vivian announced that following discussions with Postmaster General O'Brien, he is able to announce that the Post Office Department has decided to have its Whitmore Lake Post Office remodeled.

The Department has negotiated a five-year lease, with two five-year renewal options, with Clarence and Ilo Kempf, of Plymouth, at an annual cost of \$3,000.

Under the Departmental policy of leasing its local facilities, the property remains on local tax rolls. The remodeling is scheduled to be completed before the end of the present year.

Y Job Service Places 1,872 In Three Years

The Plymouth Y.M.C.A. young adult employment program, which started in June 1963 and has expanded its activities to include all between the ages of 13 and 72, has listed a total of 1,900 in three years.

Of the 1,900, who filed job applications, 1775 were listed for work and a total of 1,812 were placed on jobs in the three years. It is estimated that more than \$2 million have been brought back to the community by this work force.

Jobs have been found for more than 700 since the first of this year. Because of the economic conditions, it was much easier to place high school and college students this summer.

Full and part-time jobs are listed at the moment and those interested are requested to call the Plymouth "Y" Job Service at 453-2904.

Rotary Club Honors Trio for Attendance

The Plymouth Rotary Club paid tribute to three members for longtime perfect attendance records at last week's meeting. Each hasn't missed a meeting for periods ranging from 19 to 23 years.

The record is still held by Robert Willoughby, who is well up into 30 years without a miss.

Honored last week were: Loren Goodale, 23 years; Dr. Walter Hammond, 22; and Harold Curtis, 19.

Promoted By Bank

The board of directors of Bank of the Commonwealth has elected Andre Bial assistant vice president of the bank's metropolitan lending division. He has been assistant cashier in the Commonwealth's metropolitan lending division.

The air-conditioned Franklin High Auditorium has reserved seat tickets on sale from 9 a.m. to 1 p.m. for this world-famous musical.

Farmingtonites Vacation In Hawaiian Islands

Two Farmington families recently enjoyed a fabulous vacation. Lucille and Janet Vranesh and Ada and Sharon Woodward spent two weeks in Hawaii.

They were met at the Honolulu airport by the official greeter of the Reef Hotel of Waikiki Beach with orchid leis.

The following day they attended the King Kamehameha parade which is a state holiday. Among the viewers were Mrs. John F. Kennedy and children. Several days later, Janet and Sharon shopped at the Ala Moana Shopping Center, the largest in the world.

The first tour was of the island which took in the pineapple fields and the burning

of the sugar cane. Then all went on a boat tour of Pearl Harbor and saw the N.S.S. Arizona Memorial.

On their sight-seeing trip of Diamond Head they took pictures of many beautiful bays.

They dined at the LaRonde which is the first revolving restaurant in America and the tallest building in Hawaii, and the Top of the Ihi Kai, which is also famous due to its glass elevator which looks out at the Waikiki Yacht Club.

Among the latest 4-H programs giving awards based on accomplishment are horse, home management, photography, dog care and community beautification.

PAULETTE WOLFE

Mr. and Mrs. Walter Wolfe of Beatrice Avenue, Garden City, announce the engagement of their daughter, Paulette, to Marine P.F.C. Gary K. Beasley, son of Mr. and Mrs. Robert Beasley of JoAnne Avenue, Livonia. The engaged couple are 1965 graduates of Franklin High School. No wedding date has been set.

MRS. ALEX WILLIAM BONNER

Schafer-Bonner Vows In Martha Mary Chapel

Susan Nancy Schafer became the bride of Alex William Bonner, at a candlelight ceremony in Martha Mary Chapel, Greenfield Village, Dearborn, recently.

The bride is the daughter of Mr. and Mrs. Vernon E. Schafer, Jr., 32218 Hearstone Rd., Farmington. The groom is the son of Mr. and Mrs. Benjamin Bonner, 22627 Brookdale Avenue, Farmington. Rev. Kenneth D. Larkin of Livonia, performed the ceremony.

The bride was given in marriage by her father. She wore a white silk organza over tafeto, with Alencon lace appliques from the bodice down the front of a slightly flared skirt. She had a colonial bouquet of Caspia, stephanotis and marguerite daisies.

Shirley Brown was maid of honor. Bridesmaids were Carol Willoughby of Farmington and Joelynn Houston of Kalamazoo.

All the attendants wore similar gowns of yellow crepe, floor length with an empire waist line. Their head-

MARYANN CAMILLERI

Mr. and Mrs. Albert Camilleri, of Evergreen Rd., Detroit, announce the engagement of their daughter, Maryann, to Phillip Meilak, son of Mr. and Mrs. John Meilak of Bristol Dr., Livonia. The bride-elect is a graduate of Cody High School. The future groom graduated from Cathedral Central High School and now attends Schoolcraft Community College. The date of the wedding has been set for Sept. 24.

The most expansive recognition event for 4-H youth is the National 4-H Club Congress held in Chicago the week following Thanksgiving.

CONNIE JEAN CONSTANT

Rev. and Mrs. John W. Constant, of Muncie, Indiana, have announced the engagement of their daughter, Connie Jean, to Donald J. Tobias. He is the son of Mr. and Mrs. Donald Tobias of Livonia. Miss Constant attends Alma College where she is affiliated with the Alpha Sigma Tau sorority and Gamma Delta Alpha Honor Sorority. Her fiancé also attends Alma College and he is a member of Tau Kappa Epsilon fraternity. No definite wedding date has been set.

MR. AND MRS. RICHARD PATRICK McKENNA

Kut-McKenna Rites Held in Redford

Marie Joan Kut became the bride of Richard Patrick McKenna July 9 in St. Valentine's Church in Redford. Rev. Alfred H. Sadler performed the ceremony.

The bride is the daughter of Mr. and Mrs. Joseph A. Kut, 14395 Brady, Redford Township and the bridegroom is the son of Mr. and Mrs. James McKenna, 233 W. Ann Arbor Trail, Plymouth.

The bride wore a silk organza gown with a bodice of Venetian lace. Her head-dress was a silk organza rose-petal headpiece and a silk illusion elbow length veil. She carried white roses and an orchid. She was given in marriage by her father.

Jeanette Melnik (sister of the bride) was matron of honor. Bridesmaids were Edith McKenna and Diane Kut.

All the attendants were gowned alike in floor length yellow silk shantung. They carried bouquets of yellow carnations accented with an olive green velvet ribbon.

Charles McKenna (brother of the groom) of Huntington, W. Va. was best man.

Ushers were Gary Roche and Tom Lockwood.

The bride's mother wore an aqua crepe and the groom's mother wore a three piece dusty pink suit.

Following the ceremony, a reception was held at Roma Hall in Livonia for 175 guests.

The newlyweds will take a trip to West Virginia en route to Norfolk where the groom is a seaman in the U.S. Navy.

The Distaff Side...

By Jerry Wendt, Women's Editor

This is the age when women have come into their own and I mean really and truly their own sphere. The old-time picture of a career woman, who is brusque, hard boiled, and masculine is as obsolete as a bicycle pump.

Nowadays women are managing to combine career and home without losing their qualities of femininity and compassion which have always been their outstanding assets. However, it is an established fact that in the fields that required a great deal of specialization, women still have to be "twice as good as men."

CORNELIA KENNEDY

the nation's most distinguished trial lawyers. He was equally accomplished as a parent.

Mrs. Groefsema died when Cornelia was nine, leaving her husband with three daughters to bring up. He devoted himself to their welfare, spending every spare minute with them. Politics, religion, music, the law, were the topics of discussion in their home as he sought to give his daughters the best possible advice and guidance.

He did a wonderful job and besides earning the complete love and respect of his daughters, he turned out three outstanding citizens. There is Cornelia, the lawyer; Margaret Schaefer, another lawyer; and a professor of economics now attached to Oakland College. A job well done.

As some girls know they are meant to be actresses, writers, etc., so Cornelia always wanted to be a lawyer. She graduated from law school at the University of Michigan with top honors, receiving a degree of Juris Doctor, and ever since has been in active practice.

In private life, Mrs. Kennedy is a charming person. She is very much a family person and her chief interests are her husband Charles, and her three-year-old son.

Although both she and her husband were University of Michigan graduates, they did not meet until a cornerstone was laid at the new County Building. During the ceremony

they discovered each other and a happy marriage was the result.

Her husband is her most enthusiastic backer. He admires her accomplishments and feels she has done a tremendous job. However, she has made a mark as a wife, too, for he told us, that the years he has been married to her were the happiest of his life.

Cornelia is soft-voiced and modest. Her big blue eyes light up when her family is under discussion and yet her outstanding record cannot be ignored.

She is being supported by a distinguished group of lawyers, including 12 Past Presidents of the Detroit Bar Association and seven Past Presidents of the State Bar of Michigan.

She was endorsed as "Preferred and Well Qualified" by the Civic Searchlight last September.

She is Past Chairman of the Negligence Law Section of the State Bar of Michigan (the only woman ever to hold this position.); Director of the Detroit Bar Association (The only woman ever to hold this position.); Served as law clerk to Justice Harold M. Stephens of the United States Court of Appeals, Washington, D.C.,

I am in favor of having a woman judge because so often women are helpless and unknowing of the law. Many times when a case involving children has been in court, I have often thought to myself, "if only a woman could judge this, she would know how a woman felt, being helpless and alone with the responsibility of children."

It is ironical that although the figure of justice has always been a woman, they have not often been judges. Ideally, a woman was supposed to represent justice. I was reminded of this at the opening of the Greek Theatre when they presented the memorable scene of the beginning of all law, the forming of the Aeropagus, the court of justice.

The King of the Gods, Zeus, gave his daughter Athena, goddess of wisdom, to be the judge and presented her with the scales. This has been the symbol of all the courts ever since.

Then they questioned Zeus as to why he had given her the scales and why he had chosen a daughter, he replied, "Because in law, justice must always be weighed with mercy. Men may know the meaning of justice, but only a woman can know the full measure of mercy."

G.C. Girl Takes Part In Ballet Conference

Christine D. Hornbeck, daughter of Dr. and Mrs. Robert Hornbeck, 88452 Rickie Drive, Garden City participated in the annual Cecchetti Ballet Conference, July 6-13, at Michigan State University.

A total of 114 students from seven states received instruction from a host of outstanding ballet teachers.

While on the MSU campus, the students received instruction in seven classes or grades, from grade one to advanced. They also were given training in modern dance, anatomy, character and other aspects of ballet.

Judith Jalbert Is June Bride

Christ Church at Cranbrook in Bloomfield Hills was the scene of the June wedding of Judith K. Jalbert, 29200 Dardanella, Livonia, to Dr. David Robert Towar of East Lansing.

The bride is the daughter of Mrs. Raymond F. Jalbert, 1073 N. Woodward, Birmingham. The groom is the son of Mr. and Mrs. Claude Towar, 8910 Heyden, Detroit.

Rev. Walter E. Nees performed the ceremony. Judith Lynn Gothelf, Livonia, was the maid of honor. Robert Johnston of Southfield was best man. Jerome Nilson of East Lansing was usher.

After a wedding trip to Europe, the couple will make their home in Harrisburg, Pa.

Throughout the sessions, the Cecchetti method, which stresses quality of movement and style, was taught.

Sponsoring the event at MSU for the second successive year were the Cecchetti Council of America and the MSU College of Education.

Heads Safety Group

William D. Munro Jr., vice president of Bank of the Commonwealth, has been elected president of the Michigan Safety Conference, Inc.

The 1967 Michigan Safety Conference will be held at the Lansing Civic Center on April 18, 19 and 20 in 1967. The purpose of the annual event is to increase the interest in safety on the part of institutions, business firms, government, and the public.

MR. AND MRS. GARY HOWARD PAULIN

Hodges-Paulin Wed In Maine

Jane Ann Hodges became the bride of Gary Howard Paulin recently in the United Church, Monmouth, Maine.

The bride is the daughter of Mr. and Mrs. Lawrence Hodges of Monmouth, Maine. The groom is the son of Gary Howard Paulin of Livonia.

Judy Hodges (sister of the bride) of Boston, Mass., was maid of honor.

Mrs. Paul Wither (sister of the bride), of Hartford, Conn., and Joyce Hills, Boston, Mass., were bridesmaids.

The bride wore a floor-length gown of white embossed organza with a scoop neckline and long sleeves. There was a long white organza train attached to the back neckline with a bow.

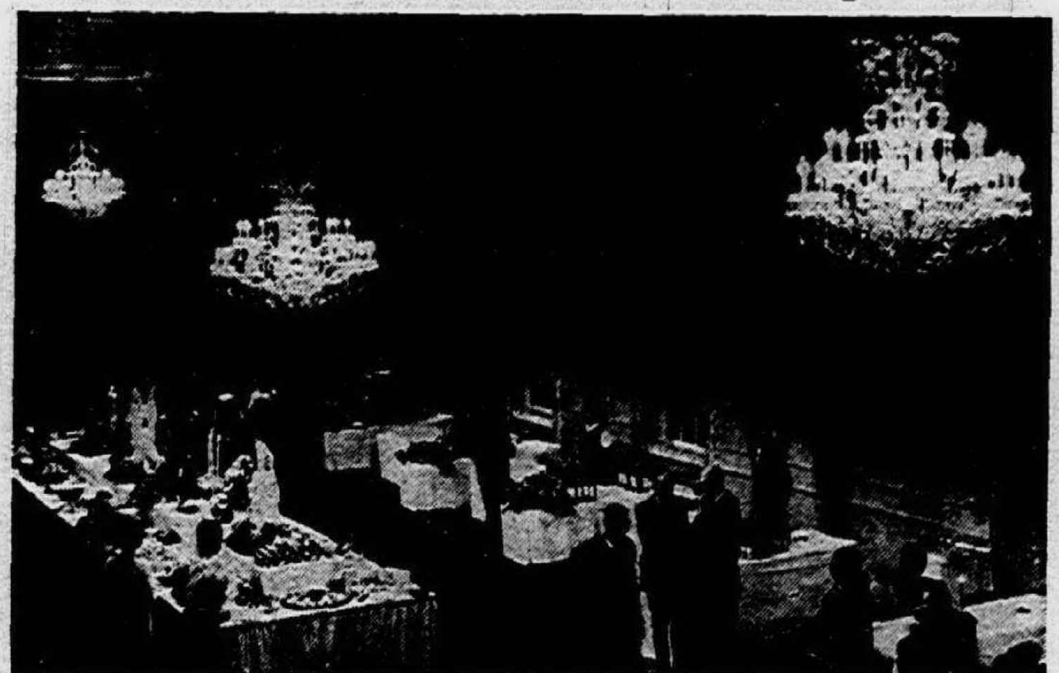

The bride's veil was organza petals with pearls with a four-tier illusion veil. Her flowers were a cascade of stephanotis centered with a white orchid.

Her attendants' costumes were identical gowns, formal length sheath skirt, empire waistline, mint green in color with elbow-length sleeves. They had a linen bodice and crepe skirt and detachable trains. They wore veils attached with a rose cluster and pearls.

The bride's mother wore a two-piece ensemble of yellow brocade with matching accessories. The groom's mother wore a sheath dress and jacket with a jewel neckline in pale blue lace. Both mothers wore white orchid corsages.

Deborah Wither was flower girl. She wore a pale pink dress with an empire waist-

MEMBERS OF THE LIVONIA B & P ended the year with a picnic. Left to right are Sarah Smith (president), Mary Owens (chairman), Phyllis Robinson, and Barry Reddy. This group was the committee for the occasion.

Livonia B & P Winds Up Year

This was a social wind-up to a very busy year for the Livonia B & P, as they have undertaken many projects and seen them to completion this year.

A scholarship at St. Mary's Hospital, another scholarship at Schoolcraft College, donations to Project Hope and the Workshop for Retarded Adults are a few of the things they have accomplished. On the social side they sponsored a large Fashion Show and hat party and many other affairs.

This wound up the 15th year for the Livonia B & P and in the words of Sarah Smith, newly elected president, "Next year is going to be even bigger and better."

No one would have ever

guessed as they approached the home of Shirley Barnes on Haggerty Rd. on July 12, that the weather had caused a last minute change of plans.

The Livonia B & P had planned a picnic on the spacious grounds of her home to wind up the season. However unexpected cold weather caused the picnic to be held indoors.

Everyone agreed that it couldn't have been better if it had been originally planned that way! Buffet tables were set up on the porches, hurricane lamps and bouquets of fresh flowers decorated the interior. The women threw calorie counting to the winds as they dined on potato salad, rolls, home-made pies and other forbidden goodies.

READY TO ENJOY A SPIN in their new car are left to right: Drucker, Judy McDonald (who presented the car for Fashion Two Twenty) and Mrs. Drucker. In front are the Drucker children.

Livonia Woman Wins New Car

Speaking of prizes, how would you like to win this for a prize? A brand-new Impala, in ermine white, and air conditioned to boot!

Sounds like a dream doesn't it, and for awhile Mrs. Drucker, of Livonia, thought she was dreaming. She was awarded the prize by Fashion Two Twenty Cosmetic Company, for whom she is a sales representative.

Mrs. Drucker built a sales organization from a minimum of six people and had sales of \$4,000 within a 60-day period. She credits the Observer Ads for a bumper share of her success.

"I used the Observer newspapers to advertise for my women salespeople," says Mrs. Drucker. "In spite of the rumored shortage of help I received a more than adequate supply of high-caliber people." All of her recruits came in answer to the Observer Ads.

Mrs. Drucker and her family were taken to Aurora, O.,

by the Fashion Two Twenty Company for a vacation, the wind-up of which was the presentation of her new car.

Mrs. Drucker's example has stirred the enthusiasm of her staff and all of them vow to be the next winner of a new car.

Teaching new farming and canning methods to small groups of farm boys and girls back around 1906 was the forerunner of the 4-H Club program supervised by the Cooperative Extension Service.

Let's Talk Fashion

with June Simpson

Pantsuits—for the Brave and Bold—and Timorous Souls

Time was when the question was ever brought up "Who wears the pants in your family?" — there was only one answer. Not a daughter of Eve would dream of admitting that she even aspired above her role of sweet shrinking violet.

But, my, how the times DO change. From the strident Virginia (Who's afraid of?) to the smartest young thing on the block—they are all doing it. Wearing the pants is the biggest fun fashion we've seen in many a fashion mood.

It's true, all right. You and I are going to look a little askance—watch those who are blessed with more fashion fortitude take the first step in those interesting new Pantsuits. But, don't you just hope they "take," and we more timorous souls can follow the fashion leader?

Every top New York designer is featuring the Pantsuit in some special version for the Fall and Winter Fashion Scene. The interpretations run from a wildly delightful Ocelot design Pantsuit

with an above the knee skirtlength? pantlength?—to the suit designed for the woman - with - doubts. It comes with its own matching skirt and Pantiskirt. A nice way to let you off the hook.

Pantsuits have a lot to say for their fashion sense. Without doubt they show a great deal of imagination, and the fabric choice and styling would dictate the time and place to arrive on the fashion scene.

The Pantsuit with both a pant and skirt "bottom" would be a boon for the weekend traveler. With a carefully chosen choice of tops, you could find yourself traveling lighter than ever before.

For some time now, we have heard many reports of the death of the "suit" as an important fashion factor. Of course, the Pantsuit is the suit manufacturers' rebuttal. We have watched as the more interesting "costume" look of a dress, matched to a jacket or coat of varying length, has been edging the suit

MR. AND MRS. WILLIAM NOE of Garden City celebrated their 52nd wedding anniversary July 11 at a family picnic and swimming party. Helping to honor his parents at the family picnic held in the Noe's yard, were Robert L. Noe, mayor candidate, and his wife Janice. Attending the party were over 30 members of the Noe family. Noe is a retired real estate broker. Pictured above from left to right: Mrs. Robert Noe, Mrs. William Noe, William Noe and Robert Noe.

out of the spotlight. It would now appear that the "death" of the suit has been greatly exaggerated! Without a doubt the Pantsuit is "in" with the "in crowd," and we will watch with interest to see if it is "out shopping" on the more conservative forms of our contemporaries in the suburbs.

Not many of us wish to be a "fashion first," and most certainly, caution seems to direct a wait-and-see approach to the Pantsuit. For those who dare the choice is across the board.

Choose your Pantsuit in gabardine with a military-flavor jacket — a Highland Fling Pantsuit of authentic tartan and full length wide-length trouser—or the walking Pantsuit that stops at the proper skirt length.

Care to try a shocker? Be our guest! For an evening costume positively guaranteed to turn heads and stop traffic, make your appearance in your white wool matelasse Pantsuit, topped by the new tent coat, and tell us about the reaction, do! And, your husband's.

Beware of High Blood Pressure

High blood pressure, more properly called arterial hypertension, is an abnormal state of the circulation that may be a cause as well as a result of arterial disease, says a pamphlet from the American Medical Association called "Your Blood Pressure."

Four of every five cases of persistently increased blood pressure are known as primary or essential hypertension, for which no underlying cause can be identified, says the AMA publication. It often occurs in those with a family history of increased blood pressure.

The other one-fifth of the cases are called secondary hypertension, which means that the cause is known to be some defect or disease.

Hypertension requires a lifetime of management. The patient and his doctor, working together, plan a living pattern, supplemented by various medical procedures, that will result in the longest and most useful life that the patient can live, even though the doctor may never know the cause of his patient's hypertension.

In untreated hypertension, the course from onset to death is approximately 20 years. The first two-thirds is without symptoms, and can go undiscovered unless the patient undergoes periodic health examinations, particularly in the middle years.

The last one-third of the 20 years is complicated by failure of the heart, the brain or the kidneys, alone or in combination. Once organ failure begins, the average survival of the untreated patient is about six years. Under treatment, a longer and more comfortable life is to be expected.

Men usually present themselves for diagnosis at a more advanced stage of the disease than do women and have a higher incidence of the more severe forms. Hypertension produces a higher incidence of coronary disease in men and of brain complications in women. Women tolerate elevated blood pressure better than men.

Among two comparable groups, three times as many of those treated than of those not treated were living after five years.

It is highly important that there be close rapport between the patient and his physician. It is essential that the patient understand his disease, know the need for continued treatment, and be willing to tolerate the occasional undesirable and unpleasant side effects of some of the drugs used. He must look to the long-term good to be obtained.

Moms Stop Making Succotash

How come Mom has stopped making succotash — that succulent combination of corn and lima beans?

Officials of the Michigan State Fair think she has — at least entries in the succotash class in the home arts department have dwindled to nothing — that's why the class will be eliminated from competition at the 117th annual event, August 26 through September 5.

The premium monies for these will go into new home arts classes including: hand-woven ladies sweaters, cut-work luncheon cloths, an afghan section for Weave-It Looms, china painting for teachers and semi-professionals. In what may be a compromise, a class in decorated sugar cookies also has been added.

Now is the time to enter the home arts competition which has an August 3 deadline, according to Pauline Harris, director of State Fair community arts. New exhibitors should request the home arts premium book and entry form from the Community Arts Department, Michigan State Fair, Detroit 48203. Previous exhibitors will get one automatically.

Burton-Uhouse Wed In Livonia Church

Ronnie Lee Burton was wed to Richard A. Uhouse, July 9, in an evening ceremony at Rosedale Gardens Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Daniel Burton, 31793 Penn, Livonia; and the groom is the son of Mr. and Mrs. Anthony Uhouse, 26951 Havelock, Dearborn Heights.

were bridesmaids. The attendants wore floor length yellow silk taffeta gowns with floor length coats. The bodice and coat sleeves were white lace. They wore yellow daisies in their hair, and carried white daisies

in white baskets. Julie Frisch was flower girl. She wore a yellow short dress trimmed in white. She also wore yellow daisies in her hair and carried a white, daisy-filled basket.

Roy Shute was best man. Robert Benoit, Jack Bortz, Frederick Herrold, Jr. (cousin of the bride) and Randy Lockey were ushers.

The bride was given in marriage by her father.

The mother of the bride wore a floor length sleeveless turquoise chiffon dress. The groom's mother wore a floor length gown of light blue lace.

Following the ceremony, a reception for 185 guests was held at the V.F.W. Hall in Plymouth. Among the guests were Mr. and Mrs. Frederick H. Herrold, Sr., from Elizabeth, New Jersey; and Mr. and Mrs. John S. Williams, from Bound Brook, New Jersey. Also present were Frederick H. Herrold, Jr., Elizabeth, New Jersey, and Mr. and Mrs. Frank Jury from Beaver Falls, Pa.

The bride wore a powder blue linen suit with white accessories and a white orchid corsage for her going away outfit.

The bride graduated from Bentley High School in 1962 and the groom attended Dearborn Community College.

Following a wedding trip to the Pocono Mountains, Pa., the newlyweds will make their home in East Detroit.

Karen Klein Weds Leonard K. Kane II

Ward Memorial Presbyterian Church was the scene of the June wedding of Karen Jean Klein to Ensign Leonard K. Kane II.

The bride is the daughter of Mr. and Mrs. Marlin W. Klein, 17231 Fairfield, Livonia, and the groom is the son of Mr. and Mrs. Leonard Kane, 30410 Puritan, Livonia.

The bride wore a gown of ivory silk peau de soie with a chapel train. Her elbow length veil of silk illusion was held in place by a cloche of silk faced peau de soie studded with crystals and pearls. Her bouquet was a cascade of stephanotis. She was given in marriage by her father.

Billie Shaddeau, of Saginaw was maid of honor. Mrs. John Hogue, (sister of the groom) was matron of honor. They wore mint green dresses with chiffon over skirts and embroidered daisy bodices. They carried white wicker parasols filled with yellow daisies and tied with yellow ribbon.

Barbara Ellen Kane (sister of the groom) was a junior bridesmaid. She was dressed similarly to the other attendants except that her gown was yellow and her flowers were white daisies with green ribbon.

Michael Dennis Kane (brother of the groom) was

MRS. LEONARD KANE II

best man and Ensign Dennis A. Crosby, and Terry M. Klein (brother of the bride) were ushers. David Klein (nephew of the bride) was ring bearer.

The bride's mother wore a green georgette over taffeta sheath. The groom's mother wore a powder blue floral georgette sheath.

Soloist at the wedding was Ida Bueker, cousin of the groom, from Kansas City, Mo.

Following the ceremony a buffet dinner was held in the church parlor. A reception was held at the home of the bride's parents for 125 guests.

Honored at the reception were Mr. and Mrs. Austin Grant of Detroit on their 34th wedding anniversary that day; and Mr. and Mrs. Alfred Banas of Chicago. Also honored were Dr. and Mrs. Paul Rosbolt Jr. of Livonia whose anniversary was the following Sunday.

For her going-away outfit the bride wore a blue silk print sheath and a corsage of sweetheart roses.

The couple are graduated from Bentley High School and the bride has completed three years at Eastern Uni-

versity. The groom is a 1966 honor graduate of The U.S. Naval Academy.

Following a honeymoon trip to Chicago and Oregon, the newly married couple will make their home in San Diego, California.

BIRTHS

Addison Bacon, City Clerk, reported the following Livonia births this week:

A son, Robert, to Richard and Lois Rebb, 37528 Jamison.

A daughter, Kimberly, to William and Sharon Matthews, 20300 Hubbard.

A daughter, Dawn, to Richard and Karen Leja, 27546 Five Mile.

A daughter, Linda, to Raymond and Patricia Hallstrom, 18561 Pershing.

A son, Joseph, to Joseph and Loretta Dipko, 15032 Arcola.

A daughter, Kathleen, to Jose and Patricia Acebo, 14488 Blue Skies.

A daughter, Barbara, to Richard and Marion Wisniewski, 35707 Hees.

A daughter, Anne, to Jack and Patti Webster, 29561 Hathaway.

A daughter, Evelyn, to Joseph and Mary Tschirhart, 35221 Elmira.

A son, William, to Joseph and Therese Sullivan, 9050 Hanlon.

A daughter, Karen, to Robert and Josephine Starbowski, 14320 Hix.

A son, Kyle, to Phillip and Phyllis Rathbun, 16750 Farmington.

A son, Shawn, to Richard and Lucille Lytle, 19030 Bainbridge.

A son, Daniel, to Leigh and Mary Foster, 14435 Knolson.

A son, Thomas, to Thomas and Mary Caughlin, Sr., 32460 Allen Ct.

A daughter, Michelle, to Peter and Wissam Khoury, 29538 Oakview.

A daughter, Cheri, to Thomas and Linda Richmond, 14806 Merriman.

A son, Daniel, to William and Evelyn Phelps, 29848 Robert Dr.

A daughter, Cristen, to Dan and Barbara Cornila, 15028 Houghton.

A daughter, Peggy, to Robert and Marlene Casey, 32672 Oakley.

A son, John, to Richard and Judith Grant, 19705 Parker.

A daughter, Kathy, to Gerald and Florence Wright, Jr., 15651 Edington.

A son, Andrew, to Herbert and Marlene Renter, 30571 Bobrich.

MRS. RICHARD UHOUSE

Local Women at Convention of La Leche League International

When 700 women agree on any one subject it's big news. The 700 mothers who recently attended the Second La Leche League International in Indianapolis, Indiana, at the Sheraton-Lincoln Hotel, June 22-24, 1966, all agree on the importance of good mothering . . . and especially "good mothering through breastfeeding."

Mrs. Judy Kevelin, 9648 Columbia; Mrs. Winnie Heilmiller, 11792 Amherst Court, Plymouth; Mrs. Sue Miller, 2209 N. Mildred, Dearborn were among those represented from throughout the United States, Canada and Puerto Rico. Some 360 babies plus a number of husbands, accompanied the League mothers to the convention.

The name La Leche is Spanish and means "the milk." The League, a non-sectarian, non-profit organization, began in a Chicago suburb ten years ago, when one mother, who had successfully nursed her baby, helped another who wanted to breastfeed. This is still the basic approach, although the League now has more than 400 groups in 41 states and six foreign countries.

The convention featured films, addresses and panels, with medical experts discussing various aspects of breastfeeding, family centered maternity care and childbirth.

Highlights included the keynote address by Dr. Herbert Ratner, Health Commissioner of Oak Park, Ill., "Generous Motherhood," a panel titled "Family Centered Maternity Care" featuring Dr. Robert A. Bradley, a Denver Colo., obstetrician, author of "Husband-Coached Childbirth," the Banquet address "Love That Man" by Dr. John I. Nurnberger, Indianapolis psychiatrist, director of Psychiatric Research Institute, Indiana University Medical Center. The closing session was a panel headed by Niles Newton, Ph.D., author of "Family Book of Child Care" and "Maternal Emotions."

Unusual features of such a unique convention included the donating of cloth diapers and diaper service for the use of the infant delegates during the convention by Tiny Tot Diaper Service, a member of the Diaper Service Industry Association and the National Institute of Diaper Service, and seeing babies carried papoose-style.

Names Milton J. Miller Jewish Center Head

Following the June 9 annual meeting of the Jewish Community Center, the board of directors met on June 22 to elect the Center's new officers for 1966-1967.

Re-elected were: Milton J. Miller, president; George D. Keil, 1st vice-president; Martin E. Citrin and Mrs. Sidney J. Karbel, vice-presidents; Hugh W. Greenberg, secretary, and N. Brewster Broder, treasurer. Samuel Linden was newly-elected as vice-president.

in various styles of carriers leaving mother's hand free for note-taking as well as having a more contented baby.

Indianapolis League mothers loaned nearly 175 cribs and car beds for the use of our special infant delegates. A hotel assembly room was converted for the use of our infant delegates to a "Rock and Rest" Room for the purpose of diaper changing, naps for babies and their mothers.

One of the delegates whose home is the greatest distance was Public Health Nurse Mr. Haile Nebede of Ethiopia who is in the United States for a year studying under the auspices of the United States Public Health Service.

Our Queen of Hearts Suggests Cool Items For Steaming Days

By Faith Gillespie

It is entirely possible that the day on which you read this will be unseasonably cold, Michigan climate being what it is. The day I am writing this, however, is quite another matter. It is unseasonably warm, and the air is burdened with 99.44 per cent humidity.

I have been loath to boil water for iced tea, for fear that the added steam will cause it to rain in my kitchen, and then I should have to iron the curtains.

What I do at times like this is, I make a desperate effort, before my brain turns to warm tapioca, to Think Cool Thoughts. I conjure up images of all the cool things in the world, starting with icicles, and snow drifts in howling blizzards, and watermelons.

Let's think on the Great Polar Ice Cap, which leads directly to polar bears and penguins and Alaskan huskies and Eskimos. And igloos.

Ski slopes are cool, and avalanches, and so, I have been told, is Saskatoon, Saskatchewan.

Cucumbers, cool as. Jellied consommé. Ice cubes, pop-sicles, lime sherbet, strawberry sodas, ice cream.

There it is: ice cream. Lovely stuff. A brilliant invention, a boon, a blessing to mankind, the greatest hot-weather hostess-saver of all time. (Good in cool weather, too.) The thing I have been working up to all this time is easy ways to make ice cream elegant, when the occasion calls for easy elegance.

Ice Cream Towers, I call these, and I can't remember whether I made them up or read about them years ago. They make a terrific impression, and it's almost a pity how simple they are. Almost.

Use a half-gallon brick of good vanilla ice cream. Soften it just a little by letting it stand at room temperature for a few minutes, and then, working quickly, press spoonfuls into cone-shaped paper cups. Pop each one back into the freezer, fast. The warmth of your hand will loosen the ice cream so the paper cone can be removed when the time comes.

Another method, in lieu of cone-shaped paper cups, is the use of a pilser glass or any conical glass or cup. In that case, you run a table knife around inside each glass so that the ice cream slides out immediately. Then wrap each tower loosely in wax paper and put it into the freezer.

You can do all this in advance, of course; indeed, you should, so that the towers get good and hard again. Then at serving time, you need to have on hand about a dozen pecan halves for each one. Unwrap them, and press the pecans around sort of artistically, or at least firmly, so they don't fall off.

Then stand each one on a dessert plate (on a paper doily, for the last word in elegance). Pass one of these sauces, or both, and graciously accept the delighted compliments of your guests.

HOT FUDGE SAUCE

Melt over hot water: 2 squares unsweetened chocolate, 1 tablespoon butter.

Blend well and add: 1/2 cup boiling water.

Stir well and add: 1 cup sugar, 2 tablespoons corn syrup, dash of salt.

Place your saucepan directly on the burner and boil fairly rapidly for 5 minutes. If you like the good old kind that hardens when it hits the ice cream, boil it for about 8 minutes instead of 5. Reheat over boiling water at serving time. You may add a teaspoon of vanilla while it heats. This is delicious with coffee ice cream, too.

BUTTERSCOTCH SAUCE

Boil to the consistency of heavy syrup: 1/2 cup white corn syrup, 1/2 cup plus 2 tablespoons brown sugar, 2 tablespoons butter, dash of salt.

Cool these ingredients and add: 1/2 cup evaporated milk or light cream. Reheat in double boiler for hot sauce.

Think what you could do with these pretties at

Christmas, with red cinnamon drops wreathed round, with the chocolate

sauce, and maybe silver shot with the butterscotch. (Ah, there's a cool thought.

There's that word again, cool. It really isn't working too well for me today. Maybe

it would be more effective to think of very hot things and feel comfortable in compar-

son: steam baths, blue blazes, blast furnaces, Sophie Tucker, tin roofs, two-dollar pis-

tols, boiling oil, desert sands, heat stroke . . . This will never do. Let's go

back to icicles and snow drifts and howling blizzards. And ice cream . . .

Mrs. Lois Carlson

"GOD ... not chance"

The more deeply you understand the power and love of God, the less you believe in chance. There's a law of Spirit much greater than the law of averages...

Christian Science lecture

Tuesday July 26 8:00 p.m.

EIGHTH CHURCH OF CHRIST SCIENTIST

20011 Grand River Avenue at Evergreen Road

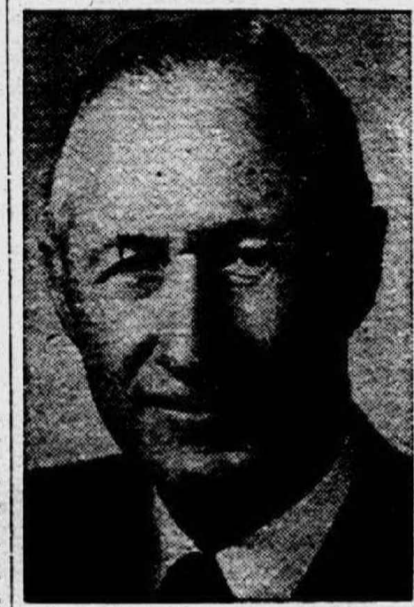

Admission free - Everyone is welcome

Farmington Church Starts Building Campaign

A campaign to raise the needed funds to construct a religious education building and move the present church to a new site has been started by the Farmington Unitarian-Universalist Church.

Norman B. Holmes, C.S.B. To Speak at Science Church

"God - Not Chance" will be the title of a public lecture to be given in Detroit on Tuesday evening, under Christian Science auspices.

Norman B. Holmes

teacher and practitioner in Chicago.

Sponsor of the event is Eighth Church of Christ, Scientist, which will present Holmes at 8 p.m. in the Church Auditorium, 20011 Grand River Avenue.

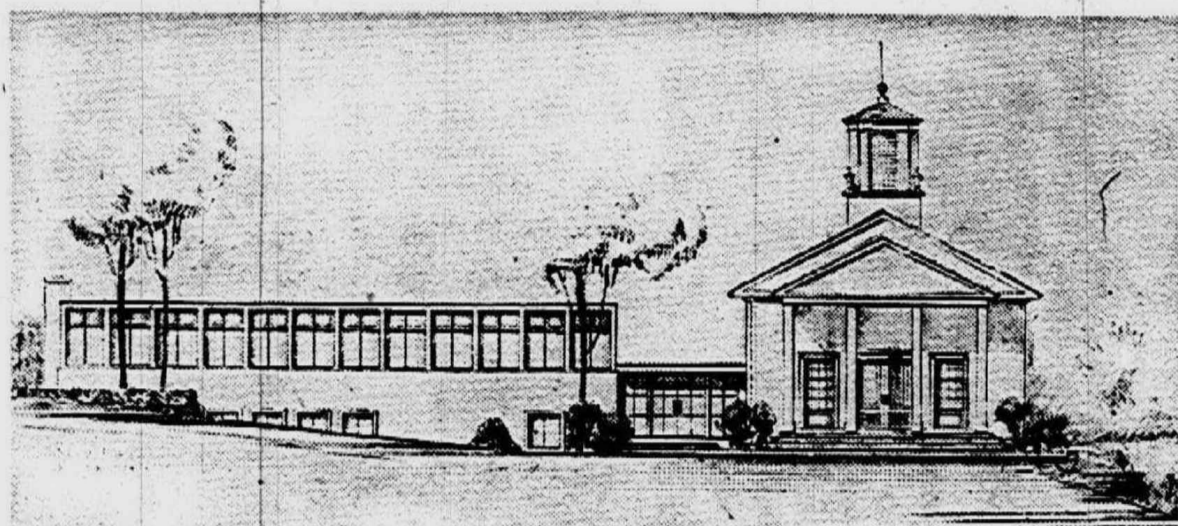

Holmes is a graduate of Northwestern University, and served on active duty as a Chaplain in the United States Navy during World War II and the Korean War.

He was officially accredited in the Christian Science healing ministry during this period, and was later called to Boston to serve as Manager of the Department of Branches and Practitioners of The Mother Church.

hall that will open out on a patio.

Rooms for community activities are included in the plans for the new building. The church already holds an annual art show and has been the meeting place for the Community Forum and a

Great Books group, and there are many within the congregation that hope the new facilities will enable them to foster such activities as a chamber orchestra, a madrigal group, a modern dance ensemble and a cinema guild.

ARCHITECT'S SKETCH OF the new building of Farmington Unitarian-Universalist Church to be constructed on Halsted Rd. off Grand River.

Bible School To Begin July 25

Vacation Bible School will be held at the Livonia Baptist Church beginning Monday, July 25, and running until Wednesday, August 3.

Classes will be in session from nine until noon each weekday except Saturday.

Children from age three through high school will be pupils. Those from the ninth through twelfth grades will meet each evening at 7.

All children of these ages are invited to attend, Pastor Elvin L. Clark stated.

The Livonia Baptist Church is located at 32940 Schoolcraft and the church property opens in the rear into the Kimberly Oaks subdivision.

The motto of the nation's more than 2.2 million 4-H'ers is "to make the best better."

GOLDEN RULE FUNERAL SERVICE

you can't make a mistake at A&P

Ever pick up a "bargain" somewhere... only to discover later it wasn't a bargain at all?

Well, you'll never make a mistake like that at A&P. Because...

1. We don't sell "bargain" goods... only quality merchandise at thrifty prices.
2. We never misrepresent. Never.
3. Everything you buy at A&P is guaranteed to please. Everything.

So, you can even shop carelessly at A&P if you like. Of course you won't. But isn't it nice to know we take care for you. Because we care about you.

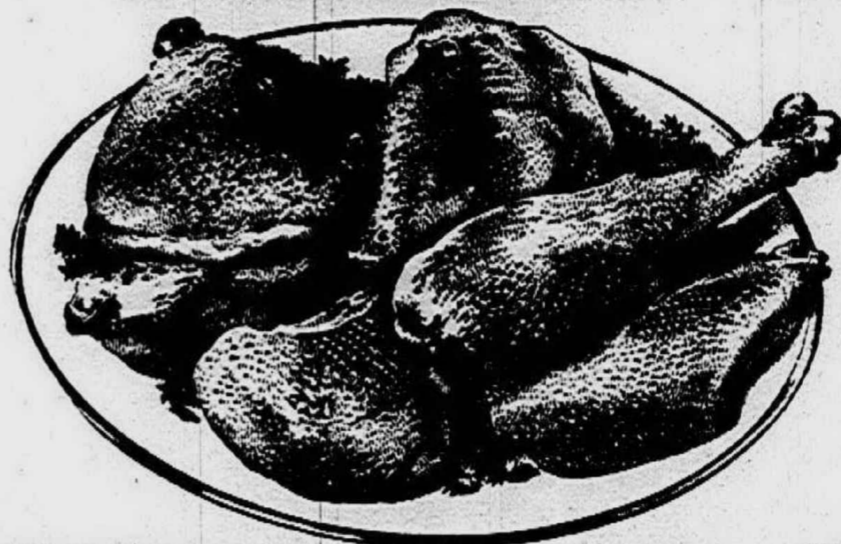

Is protection like this a good reason for shopping A&P? It's one of many.

For a carefree summer evening's fun Eastern Michigan University Theatre presents a delightful review titled "a thurber carnival"

THURSDAY-SUNDAY, JULY 28-31 - 8 p.m.
QUIRK AMPHITHEATRE - ALL SEATS \$1.50
FOR RESERVATIONS, TELEPHONE 482-3453

Participate in Art Fair

Three local artists will exhibit their work at the seventh annual Ann Arbor Street Fair July 27, 28, 29 and 30.

Among the 350 artists who will show their work are: Margaret Cramer of 35139 Florence, Westland; Caroline L. Dunphy of 29621 Lori, Livonia; and Joel J. Durand, 9123 Idaho, Livonia.

Sponsored by the South University Businessmen's Association, The Ann Arbor Art Association, The Chamber of Commerce, and The University of Michigan, the fair draws the finest artists and craftsmen in the State. Artists from 10 other states will also contribute their talents to the four day affair.

Colorful Japanese paper fish fly over the booths stretched along a three block section of South University and East University Avenues which are closed to traffic during its duration. Browsing hours are 9 a.m. to 10 p.m. weekdays and 9 a.m. to 6 p.m. on the closing Saturday.

Demonstrations will be given throughout the fair in glassblowing, wheel-thrown pots, stitchery, serigraphs, painting, jewelry, welding, lettering, theater, and many other art forms.

Sharpshooting, leather-lunged Ethel Merman has planted her two feet firmly on the Fisher Theater stage and taken aim at a four-week attendance record in Irving Berlin's "Annie Get Your Gun."

Ethel is doing what comes naturally to her: singing as only Ethel can belt out those wonderful, melodic songs that Berlin wrote 25 years ago. Berlin at 78 is still writing hit songs as was evident with a new number "Old Fashioned Wedding" heard in the second act. Merman and Yarnell did five encores of the number on opening night stopping the show cold. "Wedding" replaces two less significant tunes in the original "Annie."

"Annie Get Your Gun" is the same sumptuous production that graced the stage at the Lincoln Center in New York. Detroit is indeed fortunate it is on the touring schedule for these superb musical classics as produced by Richard Rodgers. Only Philadelphia and Washington will be accorded the same pleasure granted Detroit.

Merman's magnetic personality tends to dominate the show. However, the dancers, singers and other supporting players keep trying to top Ethel which results in a truly great show. "Doing What Comes Naturally," "Moonshine Lullaby," "You Can't Get A Man With A Gun," "The Girl That I Marry," and "I've Got The Sun In The Morning" are loaded with melody and you whistle them once again as you drive home with a big smile on your serene face.

Certainly Ethel is not too sedate, mature for the role. You'll note that old Wally was polite and did not mention the ugly word "old." Ethel never really gets old. She may put a few pounds on, have a little less spring in her step, but she will never grow old gracefully. Not Ethel, she is the perennial juvenile especially when that baby pink spot hits her and the conductor gives her a downbeat.

Hope you get down to see Merman. Her tour with "Annie" is only the second time she has ever gone on the road. She has always been strictly a Broadway attraction. You'll be lucky if you can get a ticket for her Fisher Theater stay since the engagement is practically sold-out.

The Livonia Summer Musical Theater's lively production of "South Pacific" is facing a similar sold-out dilemma. First-week, reserved seat ticket sales already indicate that Friday and Saturday tickets have all but vanished.

Contact Franklin High (GA 5-1900) for ticket information. Better yet stop in and pick out your reserved seat ticket. The box office is open from 9 a.m. to 1 p.m. at the Joy Road and Merriman location.

"South Pacific" holds the record of being the third longest running hit ever produced on Broadway. It ran close to five years. Can you name the other two? One had something to do with a lady most fair and the other sang psalms of praise for a state in our southwest.

Take the whole family over to spend an enchanted evening in the air-conditioned Franklin High to see this world-famous musical comedy. "South Pacific" opens on Tuesday, July 26 for a five-night run with a special Saturday matinee on July 30.

I guess it was inevitable. After all of our talk about the British "pirate" radio stations, operating off the coast of England, now comes the word that some enterprising Americans are about to attempt the same type of operation. Would you believe off the coast of New York?

Off course there are some inherent difficulties in undertaking such a venture here in the States. For one thing, commercial radio did not exist in England before the pirates paraded their commercial contents before the English ears. Here we take for granted that we can have our choice of programming—all commercially oriented.

Another attraction which made the British Buccaneers an attraction was the heavy emphasis on popular or "top forty" music, a thing that's so common here that it often sends dial twisters searching for outlets of relief.

Yet, despite these differences, two ex-New Yorkers go merrily on their way with pirate program plans. They happen to be Charlie Greene and Brian Stone and until this venture they had amused themselves by earning their daily bread through the production of rock records. They have even purchased an old ocean liner which they found floating in the Hawaiian surf.

The operation is far from a sure thing yet, though. There are several technicalities to be overcome before the sound of the ship travels the waves into New York. There is a little matter of an international rule which says that all vessels must carry the flag of some nation.

The Greene-Stone ship would thus come under the American banner and Greene and Stone's operation would thus be subject to such American institutions as the FCC. That means that license applications and volumes of proposals must first be submitted and approved by the commission and the FCC is known for its speed which often rivals that of the proverbial snail.

In any case, if plans go through, it should be interesting to see if the gimmick of an off-shore big beat blast can indent the fickle following of the two big radio rackets in New York—WABC and WMCA. Anyone for launching a pirate ship somewhere in the Detroit River?

Speaking of WMCA. Gary Stevens who exited WKNR for the New York station is working on his own part in the pirate radio race. He is negotiating with Radio England, a new American-owned ship station beamed for Britain. If an agreement is made, he will be doing a daily one-hour show for the off-shore station which he will tape in New York, playing the hits and happenings of the New York music scene for the London listeners.

Look for Les Crane to be back on the TV screen scene soon. He has been picked as the host-interrogator of a proposed daytime NBC show called "Inside Hollywood." The show, if it is chosen to be aired in the fall, would be an hour of behind-the-scenes, in-depth interviews with top Hollywood headliners. Emphasis would be on the controversial rather than the candid cliches usually present in such discussions.

Also on the "possible" slate at NBC is a Pat Boone half-hour variety show and a world-travel series called "Let's Get Away"—which is exactly what we'll do until next week.

YWCA Has Meadowbrook Concert Trips

Meadowbrook music, a box supper picnic and chartered bus transportation are all included in a package trip being offered by the YWCA of Metropolitan Detroit for two concerts this season.

On Thursday, July 14, Van Cliburn, pianist, was the featured artist with Robert Shaw conducting.

Isaac Stern, violinist, will be the soloist with Sixten Ehrling conducting on Friday, August 5.

Reservations must be made in advance either by phone at WO 1-9220 or at the YWCA building, 2230 Withereil.

The chartered bus will leave the Downtown Branch at 6 p.m.; make a stop at Northern Branch, 13130 Woodward in Highland Park, at 6:30 p.m.; and another stop at the Oakland Branch, 839 S. Crooks Rd. in Clawson, at 7 p.m. Concerts begin at 8:30 p.m.

U of D Offers Good Summer Repertory

By SUE SHAUGHNESSY

Shaw and Shakespeare have traditionally been the mainstays of college summer theatre in the metropolitan area and this is especially true of the University of Detroit Repertory Summer Season.

This year, however, finds three plays in repertory at the U. of D. and only one of them Shaw. Unfortunately that's the weakest one of the three.

Included in the repertory, which runs until July 31 are: Shaw's "Don Juan in Hell," "Oh Dad, Poor Dad" by Arthur Kopit and "Dark of the Moon" by Howard Richardson and William Berner.

"Don Juan" in a portion of Shaw's comedy "Man and Superman" which is almost never performed in the body of the play. The U. of D. production features Jimmy Launce, Jack Kessler and Hal Youngblood, from Radio Station WJR, and Betty Wright.

"Dark of the Moon" is a new production for U. of D. and its cast is drawn from the University Players, the student dramatic group, and Players Association, the alumni and community group.

First performed more than 20 years ago the play is set in the Smokey Mountains. Director Alan Jorgenson has termed the play as a "North Carolina version of the Ballad of Barbara Allen."

This kind of thing is somewhat of a departure for U. of D. Theatre and generally speaking it is well done. Kathy Marshall as Barbara Allen is competent, while Michael Edmonds as John, a witch boy, is excellent.

Roger Middleton almost steals the show in his role as fire-eating Baptist Reverend Preacher Haggler, however.

Probably the funniest and best scene in the entire production is the Revival Meeting which is played strictly for laughs.

Kelly Burke should be commended for his portrayal as Marvin Huggens as Dominic Missimi is deserving of praise for the Uncle Smelious role.

Emily Haggerty and Alta Harrison as the witches were especially pleasing as was Nancy Linahan in her role as Mrs. Summey, the midwife.

The Kopit play is a revival of last season's opening production. The Observer liked neither the play nor the production last time around, but must admit that the summer offering is stronger and much more palatable.

Alice Broder in the role of Madam Rosepettle is much

and reasonable offering of theatre for the summer at the new theatre in the U. of D. Memorial Building and one that should be placed on the theatre advocate's list.

Study Taxi Rates

(Continued from Page 1)
communities in the area where increases have been granted and see if service has been maintained in a satisfactory manner.

Larges agreed to assist the City Manager in the study by allowing him to have the figures of Checker's operations in the various communities.

In other actions, the Commission:
Received a report from the City Manager on the refuse collection problem.

Received a report from the City Manager on the parking problem at 344 Amelia Street which Administrative Aide and Chief of Police Kenneth Fisher feels has been resolved.

Approved a request from the Community Fund to have the City erect a sign in Kellogg Park during the campaign.

Received and filed a claim from N. Timothy Baxter for injuries suffered when a firecracker was tossed through the window of the Library. It was referred to the actuary.

Issued a certificate of appreciation to Fr. Alfred Renaud for his long service on the Human Relations Commission. He resigned recently when assigned to a church in East Detroit.

Approved appointment of Kenneth Fisher, William Ray, Julius Eder, Cameron Lodge

Sr. and Joseph West to the Refrigeration Board of Examiners.

Township

(Continued from Page 1)

ship's share of the costs. It was Mrs. Holmes who commented on that:

"I'm not hedging on personalities, but this list of accomplishments I have to take with a grain of salt. Spartan Stores went to a real estate agent who took them to the Bunyeas. Ford... we all know how that worked out. Vico Products, they had been looking for a place."

Mrs. Holmes was referring to the announcement of a Spartan Stores food handling warehouse, of the Ford heater and air conditioner plant, and of Vico Products expansion plans, all of which have occurred in the last few months.

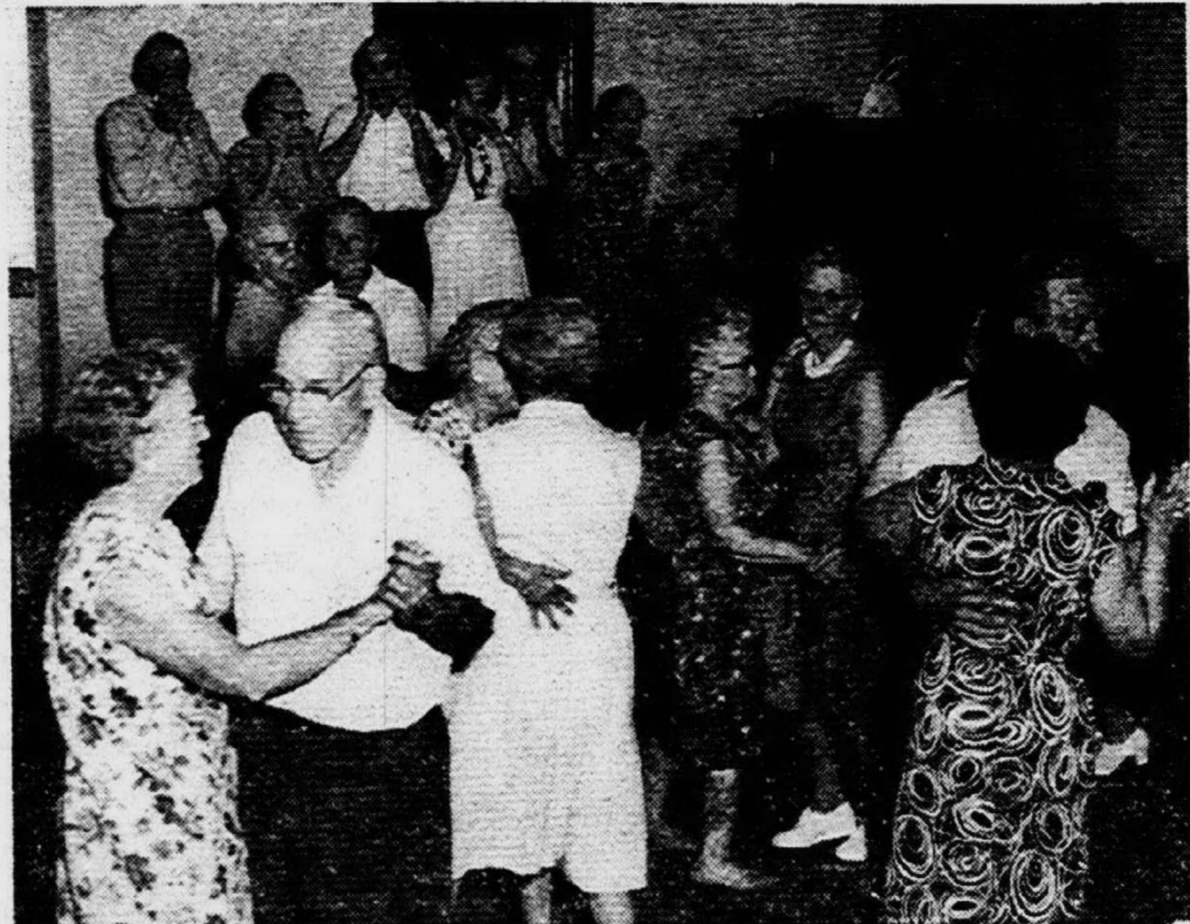

Township trustee Louis Norman countered Mrs. Holmes remarks:
"Fischer spent a lot of time keeping Vico Products in the community. The owner wanted to move out of the area," he said.

Garber earlier had said Fischer had claimed no special credit for the Ford move.

Garber had asked to put the matter on the agenda, and noted at the meeting that Fischer's contract was due for renewal, and the matter of the Township's share had to be decided.

Dick Lauterbach moved approval of the third year of participation at \$5,000.

In other action, the Board: Approved several amendments to the building code. Accepted for legal opinion and study a fire prevention code.

NO BOTHER that there aren't enough men to go around, Plymouth Senior Citizens dance to their own harmonica and piano music. Playing the waltz and fox-trot tunes are Forrest McDonald, Fredricka Norman, Frank and Sadie Ciolkoski, William Nicol, Mollie Tracy and Caroline Rowland. Every Thursday there's something a cookin' on their activities menu at the Masonic Temple. Helping some 200 oldsters to enjoy year-round fun is the Plymouth Community Fund.

Plymouth Senior Citizens On The Go Year Around

Senior citizens of Plymouth do not fade away; they have organized for year-around fun and companionship.

Helping the oldsters to be alert, active and useful is the Plymouth Community Fund, which will provide Senior Citizens with a \$1,000 kitty for their 1967 programs.

Senior Citizens is one of 13 community agencies that will be financed by a budget of \$88,543 to be raised during the fund campaign Oct. 10-Nov. 4.

Edward W. Schening, plant manager of the Burroughs Corporation in Plymouth, is general chairman of the 1966 fund campaign.

Some 200 members form the Senior Citizens group in Plymouth. They range in age from 60 to 80, and gather each Thursday afternoon in the Masonic Temple for cards, social and square dancing, some singing and chat. The coffee urn is always hot at these sessions.

Oftimes the "seniors" will lend a hand to another community agency, such as preparing cancer pads.

If youth is restive, so are Senior Citizens at times. That's when you'll see them — some with canes, most erect — crossing the gangplank to board a boat for a Bob-Lo excursion.

When the Tigers are in town it doesn't take prodigious coaxing Plymouth "seniors" to the ball park. In the winter, neither snow nor sleet will deter them from a group trip to the Ice Capades.

Samuel Wilhelmli is president, while Mrs. Wilhelmli arranges their trips.

Mrs. Mary Winning proudly admits (as treasurer) that she "handles the kitty."

Plymouth Community Fund helps the group by paying their meeting room rent, and chipping in for the cost of their educational and entertainment programs, together with some bus trip expenses and flowers for the aged sick.

There's a community pride in Plymouth's Senior Citizens organization.

Mango May Get Break

(Continued from Page 1)

which placed Mangogna's tavern in a residential zoning. Under law, to improve the present building, or to build a new one, rezoning is required.

The Magnogna's bid for rezoning failed last fall. They have owned the business since 1955. Residents in the area bitterly opposed their proposal for a new restaurant and lounge.

"When we pass these sweeping zoning laws we create these non-conforming uses. Each should be considered on its own merits," Lauterbach said.

Mrs. Elizabeth Holmes commented on the move to get an attorney's opinion:

"I don't oppose getting an opinion. But I don't think it is right to arbitrarily have our own Board violate the ordinances. I would not like to see the Board make an exception in this case," the treasurer said.

Municipal Judge Edward Draugelis, who represents the Mangogna's in the case, presented a detailed outline of their position.

"They feel that in order to do justice to the operation, they need a new structure. It is difficult for

my clients to do anything else," Draugelis said. "In our opinion, what they plan would be an improvement. It is a question of an 11-year-old business hoping to improve itself. I regret the personalities in the matter."

The Board has wrestled with this for several years. About two years ago, the Mangogna's were granted a liquor license. At that time there was a discussion of a move to another site, but, according to Draugelis, that is economically not feasible.

Draugelis reviewed the history of the building at 47660 Ann Arbor Rd., noting it was once owned by the father of prominent attorney Perry Richwine.

A harness shop was operated there at one point.

A search of the Township's records has failed to help the case. There is no record of rezoning for commercial from the time of the 1949 master plan book when it was agriculture to the 1957 rezoning for residential.

Building permit records in the Township go back only to 1956. The structure has been non-conforming for some time; just how long, no one seems to know.

Start Fund

(Continued from Page 1)

continuing the operation of the Nursing Home during his lengthy confinement in the hospital.

As stated earlier, Carl would be the first to protest but the Registered Nurses believe this will be one way to say thanks to Carl Lampton.

They have set up a Carl Lampton fund in the Main Street branch of the National Bank of Detroit in Plymouth. Those wishing to make donations to the fund may do so at the bank through Mrs. Betty Korte.

The Nurses Association, which has never sponsored such a drive before, feels this is a worthy cause—they ask all to help someone who has helped so many in past years.

Senior Citizens Plan Picnic on July 28

The Plymouth Senior Citizens Club will not meet on July 21 or July 28 due to the remodeling of the Masonic Temple. However, the club will hold a potluck picnic July 28 at Hines Park in the vicinity of Haggerty Field at noon. In case of rain, the picnic will be cancelled.

Socially Speaking Around Plymouth

By Dorothy Sincock
(Call to report social events in your family, neighborhood)

Glen Schroeder was recently named Controller of the Kansas City plant by Ford Motor Company. Glenn, well known in the area before leaving for Louisville in 1964, is married to the former Margaret Jackson, daughter of the Godber Jacksons of Amelia Street.

The grandparents spent two weeks entertaining their youngsters, Mark, David and Cathryn while the Schroeders went hunting in Kansas and attended a round of parties in their honor.

The James Thomas family has returned from a four-week vacation by car to Los Angeles, suburbs and San Francisco. A visit with Fred and Wilma Heidenreich at Glendora, the sights of the canyons, Marine-Land, Fisherman's Wharf, a visit to the Universal City Studios, Chinatown and with Mike and Todd having oh so much fun at Disneyland.

Stopping at Avila Beach on the Ocean, Paige and Susie Vartan, teenage sisters of Mrs. Thomas, made the return trip with the family and are now visiting at the residence on Main Street.

And another traveler to the West—Mrs. Thelma Cushman—and her travel companion, Mrs. Mae Brooks. The twosome enjoyed the train trip out with the viewing of the mountains coming up No. 1 on their highspot list.

Up to Portland, Ore., and taking a trip to Mt. Hood was another highlight.

Of course the stop at Las Vegas proved colorful and a visit to the Gordon Robinson home, who saw to it that no landmarks were missed.

If you please—Mrs. Millie Hancock playing in the Women's Golf League at Fox Hills shot an 88 for 18 holes and is now heading for the President's Cup in the two-day tournament.

Enthusiasm was high—rain or shine, it didn't matter, the girls playing in the Women's Symphony Golf League at Hilltop on Tuesday didn't seem to mind and 14 kept right on until the real down-pour came.

Little people interested in art completed the first series in design and had a wonderful trip to the Detroit Art Institute along with their instructor, Mr. Zang. The second session is now started and pupils are looking forward to a trip to Cranbrook.

The Goodspeed Opera House, at East Haddan, Conn., was the highlight of Harriet Gavigan and Florence Panattoni's trip East. They were guests of Kenneth Krezel, a former student of Miss Panattoni, and his family. Krezel is manager of the

opera house located on the Connecticut River, which is a gem of architectural structure—built in 1877 and restored to its original historical landmark in 1962.

Celebrities such as Mimmie Madden Fiske and Josh Billings have performed there. The tourists enjoyed "Beyond The Fringe" during their stay.

The Plymouthites moved on to Cape Cod and covered it from Provincetown to Buzzard's Bay on over to Martha's Vineyard with its gingerbread houses, Indian reservations and colorful seaports and then located at Dennis Port to enjoy the ocean breezes.

A graduation gift from Linda Luelling to her sister Nancy—the two girls along with their mother, Mrs. Earl Luelling, of Territorial Rd., flew to Miami and then on to the Caribbean Islands, stopping at San Juan and St. Thomas.

During their stay at the

Bob Failing Completes Advance Army Course

Army Pvt. Robert K. Failing, 23, whose wife, Paula, lives at 644 Sheldon, Plymouth, has completed eight weeks of advanced infantry training at Fort Jackson, S.C.

He is a 1961 graduate of Plymouth High School, and also a 1965 graduate of Eastern Michigan University, Ypsilanti.

His parents, Mr. and Mrs. Kenneth E. Failing, also live at 644 Sheldon, in Plymouth.

Board Meets Wednesday

The "Y" executive board will meet Wednesday, July 20, at 7:30 p.m., in the Plymouth Credit Union.

For State Senate Elect CARL D. PURSELL

• Civic Leader • Educator • Businessman • Familyman • "Republican Party Favorite" Paid Pol. Ad.

Caribbean Hotel the girls had fun watching the Limbo dancers in Puerto Rico. The tour of the island was a real highlight.

MORTAL ENEMIES

Moisture of any kind... and your watch.

The results of moisture entering your watch can be devastating.

In just a few short hours the finest of watches can become a rusted piece of junk, beyond practical repair.

Your watch performs so faithfully and uncomplainingly that its very presence is a part of your unconscious self. You may not realize that it has such a determined arch-enemy.

Protect your watch from moisture and you will be rewarded by additional years of precise timekeeping.
