All Major Events Better Past Records

Everything 'GO' With Fall Festival

The 10th annual Plymouth Fall Festival goes down in the record books as the greatest of all. There were more people at the four major events—BPW German dinner, Lions' ice cream social, Kiwanians' pancake festival and the Rotary Club's climactic chicken barbeque than at any of the past nine events.
One guess is just as good as another but the Observer would set the total figure at more than 70,000 for the four days and nights. That's quite a few persons to bring into a community the size of

Plymouth and still not have any unfortunate incidents, but Plymouth did—everything went off on schedule in machine-like fashion and Kellogg Park was slick and clean late Monday afternoon.
For the Rotarians, the founders of the Festival, it was their biggest moment. They served more than 12,000 chicken dinners between noon and 6 p.m. In fact, the final chicken vanished some 20 minutes ahead of the 6 p.m. closing time.
But the crowd lingered on for another two

hours to view the program in the portable bandstand.
If you had an idle moment during the four days, then it had to be your fault. There were events every afternoon and evening to hold the attention of all and there were capacity attendances at all times.
Just to toss round a few figures—the Rotarians passed out 12,000 chicken dinners; the Kiwanians fed more than 2,400 during the pancake festival from 7 a.m. to 7 p.m. Saturday; the Lions thought

they had melons and ice cream coming out their ears but they just did last to the 9 p.m. closing time and handled something like 1,600 at last report; the BPW wasn't about to get caught short this year and had a run on kraut and knackwurst that found 1,800 enjoying the German dinner.
Recreation Director Herb Woolweaver had more than 175 entries for the pet show Saturday morning, for a record.

Isbister Calls It 'Quits' After 40 Years

After 40 years as a teacher, coach, principal, superintendent and school administrator, Russell Isbister, who has guided the Plymouth Community School system through some hectic situations during the past 16 years, will call it a day at the end of the 1966-67 school year.
Isbister tendered his resig-

nation Monday to the School Board. Earlier he had sent a letter to Board President Gerald Fischer and trustees were aware of his decision well in advance of the meeting.
It has been rumored for some time that Isbister might seek retirement at the end of the school year—the effec-

tive date of the resignation is June 30, 1967.
However, although his future plans are still unknown, Isbister is known to have expressed a desire to get out of school administration and enter into the college field. He is still available for several years of service and has long felt

he would like to give the college profession a try.
At the moment he is busy working with the School Board on plans for a campaign to make the community realize the need for the passage of the \$5.5 million bond issue next month.
The bonding is to secure funds for much needed building expansion and Isbister and his aides, with the Board, plan to get the message to every parent and property owner in the district.

A native of Memphis, Mich., he was graduated from high school there and then attended Eastern Michigan University where he received a bachelor's degree. He took his Master's work at the University of Michigan and since

has taken graduate work at New York University, Wayne State, University of Michigan and Harvard.
Isbister started his teaching career in Center Line in 1927 and served there for 23 years as a teacher, coach,

high school principal and school superintendent.
There was a break of one year in 1947 when he accepted the post of principal at River Rouge High.
But during that year the School Superintendent of Center Line died and the job was offered to Isbister. Thus he returned to Center Line after one year and

Senior Citizens Shift Dates of Fall Tour
The Plymouth Senior Citizens Club has changed the date of its two-day color tour to Sarnia, Ontario, to Sept. 27 and 28. The chartered bus leaves the City Hall at 8:30 a.m. with an overnight stop at the Drawbridge Inn in Sarnia.
Contact Dorothy Wilhelmi at 49508 Pine St., Plymouth or call 453-2164. The deadline for reservations is Tuesday, Sept. 20.

INSPECTING exhibits of Swedish art made by his mother are Mr. and Mrs. Robert Isbister who are shown at the Garden Club Show in the Leo Calhoun Ford Agency. It was the first time the new Mrs. Isbister, she's a recent bride, had ever seen any of her mother-in-law's handiwork at a show.

In his letter, Isbister wrote "In making the announcement at this time it is my desire to provide the Board of Education with ample time to select my successor and thus make an orderly transition to the new administration."
The Plymouth school chief is rated as one of the most capable in the state of Michigan and he is constantly being asked for advice by school superintendents, not only from the area, but from all sections of the state.
He is also much in demand in Lansing at the state level where officials are constantly asking him to attend meetings there to have the advantages of his advice on high level matters.
During his regime in Plymouth, he has seen the school system grow from one with a six-year combined junior and senior high to one with two junior highs, a three-year senior high and eight elementary schools.
He has constantly strived successfully for one of the finest school systems in the state—the impact of his work is felt by the fact that the Plymouth system is considered equal to or better than any, including those in the populous metropolitan centers.
During the past five years, it is known that he has had offers from several other school districts, offering a higher pay, and also positions at the state level but has rejected all to stay in his beloved Plymouth.
And strange as it may sound, Isbister, who had a taste of coaching early in his career, has a tremendous love for all athletics and seldom misses a Plymouth High football or basketball game. He also is prominent as a spectator during the baseball and track season.

NEW FIRST GRADERS are guided to the proper bus after the opening day of classes at the Tanager School on Five Mile Road. More than 340 were enrolled for the first day in the building which won't be completed for another two weeks. The pupils didn't appear to mind the inconveniences but a group of parents appeared at Monday's School Board meeting to register numerous complaints.

Township, City Agree on School Fire Protection

Both the City and Township fire departments will automatically respond to any fire at any school as a result of a special agreement reached last week.
Drafted by Township Public Service Director William Burr, the agreement calls for both departments to send equipment and men the moment a call is received from a school.
This, in general, gives more prompt coverage.
"For instance," Burr explained, "although Junior High East is in the City we are only a stone's throw away and can get there much faster. On the other hand, the City can respond to a fire at Junior High West faster than

we can, and it is in our domain."
The agreement was approved by the City Commission, after Fire Chief George Schooneman reviewed the proposal and agreed to it.
The agreements supplements an already existing mutual aid agreement which calls for response to a fire in another municipality, if asked. It does not, however, provide for automatic coverage like the new one does.
The agreement further specifies no charge will be made for the automatic assistance, and that the local fire chief will be in charge of both his unit and the aiding unit.
The first firemen on the scene do not need to await an officer in charge, and will begin fire fighting and rescue work immediately.
In other action at the routine but lengthy meeting the Commission heard status reports on various projects from City Manager Richard Blodgett.
The DPW storage garage is still in the hands of the

Only First Day of School But Complaints Pour In

It took the Plymouth Community School Board and Supt. Russell Isbister exactly one day to learn that classes are in session at the partially finished Tanager School on Five Mile Road and the parents don't like it.
At least that was the impression given by a delegation of parents at Monday's regular Board meeting.
There were bitter complaints about the dust, the length of time needed for the transportation of youngsters, the lack of bus transportation for students in that area directly south of the school building on Five Mile Road in the Lake Pointe subdivision and the shifting of pupils from an area close to the school system's Administration building on Lilley Road to Tanager.
At least it started the new fiscal year in a manner to which the Board has become accustomed during the past few years.
The parents inferred that they would prefer to have their children not go to school than to attend a building they termed "unsafe," as "unsanitary," and as one where the language of the workers was anything but genteel.
They complained about the dust, about the school guard, about the cars speeding down Five Mile Road, well over the speed limit. (None indicated that he or she had brought the matter to the attention of the Wayne County Road Patrol which has jurisdiction over the traffic.)
Matter of fact at no time

was there any praise for the school board and the administration.

Legionnaires To Host Jaycees at Program

Members of the Plymouth Junior Chamber of Commerce will be guests of the Plymouth Passage-Gayde Post 391, American Legion, in the resumption of the "Why Are We . . ." series in the Legion Home.
The program opens with a buffet dinner for Legionnaires and the guests at 6:30 followed by the formal speaking at 7:30 p.m.
It will be the 29th of the series which started two years ago and has included Plymouth community service, civic and fraternal groups.
Jerry Yohey, Jaycee president, will be the speaker for his organization. A native of Indiana, Yohey has a bachelor's degree from Purdue and a Master's degree in Business Administration from University of Michigan.
He joined the Plymouth Jaycees in 1965, served as a

director in 1965-66, fall festival chairman in 1965, and general chairman of the July 4 celebration in 1966. His wife, Pat, is a home service advisor for Consumers Power.
Past State Commander John Carey of Grand Blanc, will speak for American Legion. He is the Grand Blanc Post Commander, a past district committee member, past state vice commander, past state commander and currently is a state executive committee member for the National organization.
Carey is a graduate of Central Michigan University and served as coach and teacher at Grand Blanc High for several years.
Post Commander Vernon Overmyer and Community Service Chairman Ernie Koi invite the public to attend this week's program and all those during the fall, winter and spring.

GM Chiefs Look Forward to Another Big Year in '67

In anticipation of the introduction of the new 1967 model passenger cars and trucks to be offered by General Motors car and truck divisions, Chairman Frederic G. Donner and President James M. Roche made the following statement about the automobile market:

Most available economic indicators point to the continued expansion of business in 1967 and, with a continuance of the recovery of consumer confidence evident in passenger car sales during the past three months, we look forward to another good year for the motor vehicle industry and an outstanding year for General Motors in 1967.

There are currently some imbalances apparent in the economy. Nevertheless, business generally, as measured by production, employment and income, continues to establish new record levels. The expectation is that these important measures of economic growth will continue to rise in 1967.

Total industry retail sales of about 9.1 million passenger cars and about 1.7 million trucks in the 1966 model year, now closing, will both establish new records for model year sales. This is the fifth in a succession of years, beginning in 1962, of rising car and truck sales. It is the second model year in which total vehicle sales, which include the sale of imported vehicles, surpassed 10 million units.

The steady expansion of motor vehicles sales since 1961 has reflected broad-based prosperity, rising employment and incomes and, in addition, several factors of special importance to the markets for passenger cars and trucks.

First new cars have represented increasingly better values since prices were last increased eight years ago. This is reflected in the steadily improving quality of automobiles and in the price indexes published by the Bureau of Labor Statistics. In the case of General Motors,

this record has been achieved in spite of a substantial increase in hourly labor costs. Moreover, there has been a rise in some material costs in the past year.

Second, General Motors has responded effectively to customer requirements for a broader diversity of automobiles to meet specific needs by steadily expanding the range of passenger car models and body styles offered.

Looking to 1967, General Motors car divisions will offer 177 models compared with 81 ten years ago. The ability to meet highly individual demands at a low cost while retaining the economies of mass production is both a technological achievement of the highest order and an important reason for a high level of sales.

Third, used car demand has been strong and since 1961 used car prices have been generally firm. With used car sales at a high level, the supply of used cars at franchised dealers compares favorably with last year, currently represents a thirty-day supply based upon August sales.

Following a record-break-

SENIORS GET BREAK
Due to the limited parking facilities available, driving permits at Bentley high this year will be limited to seniors only.

Principal Jack R. Comstock anticipates a senior enrollment of nearly 1,000 and he recommends that those who have proven needs for having their own transportation apply at once. A driving form signed by a parent before a notary public or at the school office must be presented.

ing sales pace in January through March, new car demand declined in April and May. During the past three months, the sales pace has quickened and the current annual rate of passenger car sales has increased to about 8.9 million units, including imported cars.

This has assured the orderly disposition of remaining 1966 model cars in dealers' hands and has provided the basis for a strong sales momentum when the 1967 models are introduced later this

month and early in October. Sales of commercial vehicles in the 1966 model year have maintained a record pace. Technological developments in truck design and mechanical improvements, resulting in more efficient truck operation, are contributing to this strong pace.

General Motors cars and trucks for 1967 represent the finest in quality, reliability, durability and safety—in all-around value—we have ever been able to offer. With the introduction of the Camaro

by Chevrolet and the new front-wheel drive Eldorado by Cadillac, new distinction has been added to General Motors complete line of personal, family and business passenger cars.

We are confident that the outstanding safety-related features on our new vehicles, which have been made standard equipment, will contribute importantly to a successful year.

For example, all General Motors passenger cars will be equipped with the energy-

absorbing steering column developed by General Motors, and announced Feb. 9, 1966, and dual master cylinder brakes systems which afford protection in the event of failure of part of the brake system.

A four-way hazard warning flasher system, previously available as optional equipment, will also be standard on all 1967 General Motors cars as will folding seat-back latches and passenger-guard door locks on all doors to minimize accidental

opening of doors.

Including these major improvements to General Motors 1967 model cars, there are 29 new or improved safety-related features incorporated as standard equipment. These are evidence of our never-ending effort to build cars and trucks of constantly improved design and greater quality, assuring that our 1967 vehicles will set a new high standard for motor vehicle safety, comfort, convenience, dependability and performance.

Westland to Present New Festival of Art

Westland Center will again be filled with the works of many artists and craftsmen, in a riot of fall colors. The artist's "showplace" under the direction of Betty Baldwin, will bring the works of over two hundred artists to the Center starting the week of September 12th thru 17th. Some of the portraitists who will be doing "on the spot portraits" of people in charcoal, pastel and oils are: Bruce Corr, David Ford, Liz Collins, Florence Stinson and Mary Engstrom.

Ted Gilmore will be on hand with his well known "Pic-a-Pearl" and his hand crafted jewelry. Fran Tomeycyk, of Garden City, will give several demonstrations daily, of her shell craft. Her work has attracted considerable attention in previous shows.

Ruth Nobel, formerly from Livonia but now a resident of Rapid River, will have an all new assortment of rock jewelry. This summer she has been busy gathering unusual stones from all around Michigan, polishing them, and setting them in original designs. Her jewelry designs are unique and very much in demand.

J. T. Winston, of Dearborn, extraordinary metal and glass designer, will have many new pieces of sculpture to exhibit and sell. His works may be used indoors

Has Hope Judge Will Reverse Jury Verdict

Convicted Swarthout Eyes Acquittal

Garden City Municipal Judge Russell L. Swarthout, convicted last week by a Federal Court jury on an income tax violation charge, is hoping that the judge hear-

ing the case will set aside the verdict. This is based on Federal Judge Ralph Freeman taking under advisement of one of three charges in the indict-

ment but not yet acted on when the jury returned its verdict Friday after nearly six hours of deliberation. Judge Swarthout, on leave of absence from the Garden

City bench since his federal indictment in August, 1965, pointed out that when the U.S. government attorneys rested their case after the three-week trial, his defense

attorneys moved for a judgment of acquittal on all three counts. Judge Freeman immediately dismissed two of the charges, concerning the

financial ownership of Edward Vitale in an Oak Park restaurant with part of the \$140,000 in winnings from the Irish Sweepstakes. But he reserved his de-

cision on the third and remaining count. Although the jury returned a guilty verdict, Judge Freeman can still set aside the action on the basis that

the government did not prove beyond a reasonable doubt that Vitale had ownership in the restaurant. Judge Freeman said before the jury went into its delib-

erations that there was no direct proof given by the federal attorneys in any of the three charges but he did send one of the three to the jury while he withheld his decision on it.

It was indicated that he will rule on that in the next few days or week.

Swarthout, who did not seek a third term in this fall's election, has arranged for judges from neighboring cities to sit on the bench in the Garden City court during his leave of absence. His present term expires next July.

The government is claiming that Swarthout and Vitale, who will have a separate trial on the same indictment, used \$20,000 of the \$140,000 sweepstakes winnings to buy a restaurant for Vitale in another man's name. At the time of the sweepstakes in 1960, Vitale was in a federal prison on another conviction.

The charges that Swarthout failed to report the investment in Vitale's income tax statements and concealing the assets were the parts of the indictment dropped by Judge Freeman.

Like Old Home Week to Judge Bowles

Grand Juror Attends Festival

Although there is scant possibility that Plymouth or any of its residents will be

involved, the City of Plymouth has more than a bit of interest in the activities of the new Wayne County one-man grand juror.

Circuit Judge George E. Bowles, who was named to take up where Judge Edward Piggins left off after a full year of investigation, is a former resident of Plymouth and still maintains strong ties to the city and community.

For instance Judge Bowles and his wife Catherine, who moved from Plymouth to Grosse Pointe Shores in 1960, have yet to miss the Plymouth Fall Festival.

Matter of fact this year the Bowles' registered in the Mayflower Hotel for the entire four-day celebration and joined in all of the major functions.

Perhaps the event closest to his heart is the Kiwanis Club festival. Judge Bowles was a member of the club during his 13 years in Plymouth and was one of the first to work with his fellow Kiwanians in the traditional spring pancake festival. The fall pancake program became part of the Fall Festival four years ago.

Judge and Mrs. Bowles enjoyed pancakes and sausage Saturday and spent more than three hours in the Masonic Temple renewing friendships with longtime associates during their long residency in the city.

Plymouth has strong ties since their daughter Gloria Lee, now working on her doctorate at the University of Michigan, is a graduate of Plymouth High. Son, Franklin, now at Harvard, attended classes through junior high and Stephen went through the elementary school and is now a freshman at the University of Michigan.

When the Bowles moved to Plymouth from Grove City, Pa., they resided at 884 Pal-

mer and later established a home on Turkey Run in the Plymouth Colony subdivision off Sheldon Road.

And who were their neighbors in Plymouth Colony? Thomas Foley, now an associate with Judge Bowles on the Circuit Court bench, resided close by as did former Gov. John Swainson and Plymouth Township Supervisor John McEwen.

And who served pancakes and sausages to the Bowles? First in line was McEwen followed by Harold Fischer, director of the Area Planning

Commission and chairman of the Schoolcraft College Board; Mayor James Houk, and Dr. Eric Bradner, president of Schoolcraft College.

But before they left Masonic Temple, practically every one of the older members of the Kiwanis Club had stopped by and all of the newcomers were introduced to the Judge.

His plans for the Grand Jury?

"I feel honored that my associates on the Circuit Court bench selected me," said the Judge. "It is a distinct challenge, one that I

know is going to involve long hours and hard work.

"I plan to take everything in stride as it develops and I hope to be able to ferret out the rights and the wrongs of the many allegations and accusations. I'm entering this work with an open mind but I feel the tax payers and residents of Wayne County have a right to know if these things do exist and that steps be taken to eliminate wrongs."

Judge Bowles indicated he hoped to have every member of his staff named within a few days and that he felt fortunate to be able to secure the services of one of the top investigators of the State Police as his chief investigator and right hand man.

He expects to be in the thick of the work within another week or so and as he expresses it, "Let the chips fall as they may."

POLITICIANS HAD a field day at the Plymouth Fall Festival, making thousands of visitors to the four-day event. (Above) Plymouth City Commissioner George Lawton (in apron) is surrounded by Congressman and Mrs. Wes Vivian (left) and Dem gubernatorial candidate

In Elaborate Ceremonies Sunday Madonna Will Cap 22 Nurses

Capping ceremonies will be held for 22 sophomore student nurses at Madonna College Sunday, Sept. 18 at 3 p.m. If weather permits ceremonies will take place on the portico of the Residence Hall.

Sister M. Calasanta, CSSF, Director of the Nursing Department, will cap the students. Speakers for the occasion will include Sister M. Danatha, CSSF, president of the college, and Sandra Peters, president of the Madonna College Student Nurses club.

The following will be officially accepted into the School of Nursing: Janet Bazner, Carol Budzyn, Diann Caccia, Rosemary Chrapek, Catherine Dornes, Catherine Forbes, Joan Francoline, Carol Haddad, Beverly Hydo, Margaret Jaskolski Patricia Kollar, Susan Kuhnert, Katherine Kunka, Carolyn Morys, Theodora Mysliwiec, Sally Robins, Geraldine Rutledge, Rosalie Sieber, Bonnie Smith.

Paulette Stefaniak, Sister M. Kenneth, CSSF and Sister M. Colette, CSSF.

Area residents include Dianne Caccia, daughter of Mr. and Mrs. Wesley Caccia of 27719 Joy Rd., Garden City; Catherine Dornes, daughter of Mr. and Mrs. Alvin Dornes of 15544 Fitzgerald, Livonia, and Rosalie Sieber, daughter of Mr. and Mrs. Raynold Sieber of 250 No. Holbrook Plymouth.

Also at the ceremonies, 19 junior students will receive their first stripe, indicating the completion of their basic training and the beginning of

their clinical experiences.

Among them will be Christine Heilig, daughter of Mr. and Mrs. Raymond Heilig of 18255 Westmore, Livonia, and Marilyn Sarna, daughter of Mr. and Mrs. Frank Sarna of 31441 Alabama Court, Livonia.

Among the 21 senior student nurses receiving their second stripe will be Laura Marson, daughter of Mr. and Mrs. John Marson of 14950 Cavell, Livonia.

The ceremonies are open to the public. An open House and campus tours will also be conducted the same day.

Key People Sign Up for Observer Workshop Thurs.

A post-card reminder to those who registered for The Observer Newspapers' Second Annual Publicity Workshop are in the mail this week.

To be held on Thursday, Sept. 15, there will be two sessions; one from 1 to 3 and one from 8 to 10 p.m. The Workshop will include resource people in news writing, club reporting and photography. There will be two key-note speakers and coffee and donuts served.

Publicity Chairmen and public relations chairmen may attend either session

even if not previously registered.

The purpose of the Workshop is to familiarize organizations with the most effective way to publicize the events and activities of the group they represent.

The Workshop will be held in the Academic Building at Madonna College, which is the building facing Schoolcraft. The best way to come to the building is via Levan Road. There will be signs showing the way. There will be a dollar registration fee which will include a publicity kit.

Ford V. P. Named to LIT Board

William D. Innes, a vice president of the Ford Motor Company, has been named to the Board of Trustees of Lawrence Institute of Technology. Innes is vice president—engine, transmission and parts group for Ford.

Innes, 45, is a native of Aberdeen, Scotland. He received his Bachelor of Science degree in Mechanical Engineering from Lawrence Tech in 1953.

He joined Ford in 1940 and held positions in layout, designing and supervisory work for company engineering activities. In 1956 he was named engine development manager for the engineering staff. A year later he was named an executive engineer in the engine and foundry division.

In 1959, Innes was appointed chief engineer and head of the product engineering office for the engine and foundry division, and in 1963 he was made general manager of the division. He was named a group executive in February, 1965, and was elected a company vice president in April of that year.

Innes is a member of the board of directors of the Coordinating Research Council, Inc.; and a member of the Society of Automotive Engineers, the Detroit Rubber and Plastics Society, the Engineering Society of Detroit, and the American Ordnance Association. He also belongs to Masonic Lodge Kismet No. 489, F&AM, the Detroit Athletic Club, and the Plum Hollow Country Club.

Chamber Sponsors Game

The third annual Yule Log Football game to be held between Farmington and North Farmington high schools will be sponsored again this year by the Farmington Chamber of Commerce. Approval for the game was granted Monday evening by the Farmington Board of Education.

This year, due to a change by the school district, admission rates for adults' tickets will be \$2 instead of the \$1.50 charged in previous years. Proceeds from the amount will be split evenly between the Chamber of Commerce and the School District.

As in past years, the Chamber of Commerce will use their share to decorate the city and township for Christmas.

Festival Big Success Complaints Pour In

Penn Theater, had lines of patrons awaiting an opportunity to view the silent movies Sunday afternoon. Margaret indicated the crowds were the greatest ever with more than 2,500 witnessing the oldtime shows during the afternoon.

The Antique Mart, sponsored by the Plymouth Society League, had the largest crowds since it was started three years back. And members were quick to report that there were a record number of buyers in the audience along with those who just wanted to see the aged items.

The first annual Fireman's Ball, Friday night in the Mayflower Meeting House, exceeded the expectations of the sponsors with some 250 couples listening to the music of Don Pablo.

The Garden Club, which had its display in the showrooms of the Leo Calhoun Ford Agency on S. Main, found the change in location didn't have any affect on the attendance. There was a steady stream of onlookers from early morning until closing with good gatherings at all of the demonstrations.

And as a closing note, Rotarian Edward Sawusch, former general chairman of the Festival, called to report that Mrs. Marilyn Bourgain, of the Sweet Adelines, found a Kodak Insta-Matic camera. The owner may call GA 2-8428 for additional information.

istration taking every step possible to ease the crowded situation at Farrand School by having half-day sessions at the new Tanger School for a period of two to three weeks rather than having all attend Farrand until the building was completed and have all on half-day sessions.

The Board and Supt. Isbister resolved or least partially satisfied the delegation by promising bus service for all affected until the building is completed and sidewalks installed at the new subdivision under construction in Lakepointe.

During the course of the heated discourse, Board President Gerald Fischer told the group he felt the criticism was unfair and uncalled-for after only one day of school.

"Naturally we have problems with a new school on opening day," he said. "We hoped to have this building completed well in advance of opening but the numerous labor strikes last spring set us back at least three weeks to a month.

"We encounter problems every time we open a school and we have always resolved them within a short period. We will do the same thing here once we have a complete report on the situation. You just can't correct things until you are aware of them."

Asst. Supt. Melvin Blunk told the Board of the many things the Administration had done to correct many of the complaints before the opening of the school. He indicated the Administration would contact the Road Patrol to see if steps could be taken to police the area during the morning and afternoon when students are going to and from the building.

The delegation was asked to contact the Township Board and the Road Patrol for action on lowering the speed limit.

Then came one of the most bitter displays seen at a Board meeting in several years when George Oury, 918 Hartsough Court, as spokesman for a group of parents with seven sixth-graders attending Tanger, ripped the Board and Isbister particularly for not shifting the seven youngsters to another school.

Oury refused to listen to any of the explanations, accused Isbister of inequities in setting up the boundaries for the schools, attacked the Board for not taking immediate action on his complaint and then left the meeting with his group, still muttering to himself.

Despite the efforts of Fischer to placate him, Oury maintained his belligerent attitude and demanded the Board give him an answer immediately.

After discussion from members of the Board, all of whom backed Isbister's decision, Trustee Robert Tripp asked if it wouldn't be possible to conduct a study during the remainder of the week and then give Oury an answer early next week.

Supt. Isbister and Fischer promised one or the other

would contact Oury within a week.

Oury's complaint is that seven sixth graders from the Burroughs and Hartsough Court section, two blocks east of the Administration building, are being bussed to Tanger some five miles away when they could ride bicycles to Junior High West or to Gallimore school.

He charged that his youngster had to ride the bus 45 minutes to get to school and 45 minutes coming home and that he thought it was unreasonable.

Members of the Board were inclined to agree with Oury and the parents and promised a full study. However, there are ways of presenting complaints properly and in good taste — perhaps this was one of the reasons why the matter didn't go down so well with the Board.

In other actions, the Board:

Passed a resolution setting up the special \$4.5 million bond issue election on Oct. 3.

Passed a resolution appointing the National Bank of Detroit as paying agent for \$830,000 of school building and site bonds.

Received a communication from Supt. Russell Isbister telling of his intention to resign at the end of the school year.

Madison Heights Man Succeeds Tom Kelly

Frank Krimbacker, of Madison Heights, has been named the successor to Tom Kelly as supervisor of buildings and grounds for the Plymouth Community School district.

Krimbacker was appointed by the Board of Education Monday on recommendation of Supt. Russell Isbister and Asst. Supt. Melvin Blunk, in charge of business affairs.

Kelly resigned almost a year ago to accept a position in private industry and the Board has been seeking a

Routine work of reading and repairing water meters and water plant operations were checked daily. Two 3/4" water taps were replaced.

Sweeping was done in the business and the residential section. Mowing and trimming was done at Riverside Cemetery and there was one funeral. Parks and playgrounds were cleaned and mowed and preparations for the Fall Festival were taken care of. Picnic tables were taken to Kellogg Park, the band shell was placed on Penniman Avenue and lights were put up. Painting of traffic signs was continued.

Sixteen catch basins were cleaned, and the sanitary sewer repair at Gallimore School, on Sheldon Road, was completed.

Fire hydrants are being painted and the hydrants were flushed in the south section of the city. Fire hydrants will be flushed on Thursday and Friday nights from 10 p.m. to 1 a.m. until they are all running clear water.

The effect was authentic when the Business and Professional Women donned their black boleros, full skirts and perky white hats on German night. Hats off to Senior Girl Scout Troop 501 with Ann Fowler and Abbie Brady, their co-leaders pitched right in to help. The weather perfect, one could see most all the town's people at one time or another.

Charles Engstrom and Mary were seen enjoying sausage and kraut and Clara and Russell Isbister claimed the menu was one of their favorites. Visiting at the Lou Borregards on Arthur street was Al and Lola Glassford, our former City Manager attending all of the functions.

Friday evening found the Mayflower Meeting House staging a first during the Festival. Don Pablo's melodic tunes drew out the dance lovers. The Fireman's Ball chaired by Bob Fitzner found guests delighted with the atmosphere. The Quentin Bolders and the Robert Spayths left the park in time to dance a few numbers. Seen were Rita and Earl Neiman. The Thomas Workman and the Victor Plumley four-some were having fun.

The James Bullingtons, Dorothy and Tom Rytlewski, the George Schoenmanns, city officials, the Richard Blodgets and Mayor Hawk and even Senator Robert Griffin made an appearance. A special dedication number for Jack Price, who suffered leg injuries in the old Daisy Fire. Jack was able to again "trip the light fantastic."

It was Thanksgiving time at Leo Calhoun's when the Women's National Farm and Garden staged their flower show for Festival visitors. Blanch Johanson's table was outstanding. Again making a good show was the DeHoCo display. This is a project of the Plymouth Branch, working with the inmates and helping with rehabilitation.

Quaint in her gingham gown with on-the-spot demonstrations was Peg Spayth. Iva Crane created elegant tree baubles before your eyes. The Feather Flowers were elegant, some by Bernice Wiedman, co-chairman of the show and some by Helen Gilbert. The miniatures, I noticed, had Scott Lorenz's name proudly beside it.

Mrs. Ada Hermans' close friend of Mrs. Evelyn Lindsay found the clubs Historic books interesting.

Kids had a ball at the Face Paint tent.

"Plymouth is where we come to shop and have our teeth fixed. We wouldn't miss it for the world," said Mrs. Norbert Ferguson from Ypsilanti.

Where else can you go to observe this Duck Decoy bit said interested onlooker Charles Hoppe from Farmington.

Every year Roy Pedersen and his ceramic work is a highlight of the Festival.

Judge George Bowles, formerly of Plymouth, now Grosse Pointe, guest of Miss Helen Beavers was interested.

Westland Fire Calls Continue to Increase

Westland Fire Department's torrid pace continued to break all records during the month of August, announced fire marshal Milton Quiring last week.

With 119 calls last month, the department this year through August has responded to 919 calls, a whopping increase of 56.5 per cent over the same period in 1965.

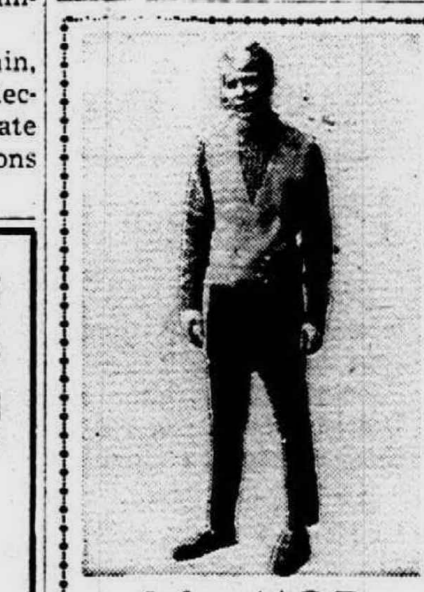

In the August report, Quiring said that the fire losses came to \$28,750, bringing the eight-month total to \$183,142. If the same pace continued for the next two months, the department will surpass the entire 1965 total of \$221,336.

Another clue to the department's business is the ever-increasing number of rescue calls. With 64 in that category in August, Westland firemen have now answered 483 such calls through August, close to double the 276 figure of the corresponding period in 1965.

In the August fire report, Westland had 16 auto fires, 13 house blazes, and 11 grass

It Tolls For Thee

"If we are fortunate enough to have a male child, perhaps he will be spared from all of the rotten things which a war brings with and directly causes," wrote Marine Private Patrick J. Connors in a letter to his wife—from the battlefields of Vietnam to Livonia.

Private Connors is now dead, killed by a sniper's bullet in a war which he viewed with misgiving.

"I somehow can't seem to make this situation right," he said, "I'm not a pacifist, so I can't honestly say that war in itself is wrong and yet, I often find myself asking the question: does any man have the right to take another's life regardless of the other's beliefs?"

How many other servicemen keep asking themselves this question as they plod through the jungles, fraught with ambushes and booby traps?

How many of us keep asking ourselves this question as we sit in front of our color TV's watching our favorite sport, fraught with the danger of spilling a coke on the new rug?

It seems to be okay when those who die live in California, New Mexico or New York.

But when it comes next door to a neighbor, we find a bullet in Vietnam kills just as much as a bullet in Livonia.

Ask not for whom the bell tolls . . . it tolls for thee.

Politics Can Be Funny (Peculiar)

Down through the years as majority leader in the U.S. Senate, Lyndon Baines Johnson, the tall Texan who resides at 1600 Pennsylvania Avenue as President of the United States, earned the reputation of being a shrewd politician.

All of which makes one wonder whether LBJ's trip to Detroit and Michigan on Labor Day, which many staunch Democrats insist was a comedy of errors and oversights, wasn't another shrewd twist to the great game of politics.

For instance, when he dis-embarked from his chartered plane at Metropolitan Airport and walked right by Emil Mazey, Treasurer of the UAW-CIO who had been designated by the Union as the official greeter, to recognize Governor George Romney, a Republican, and invite him as a guest for the automobile ride to Cobo Hall, was he returning a political favor to the Michigan Governor?

There is no doubt in the minds of the professional politicians that Gov. Romney's refusal to endorse Barry Goldwater in the last presidential election, enabled LBJ to carry Michigan by a wide margin.

Was the President now repaying him by embracing him as a guest and seeing to it that he was seated on the speaker's platform—even though it was a back row seat?

One has cause to wonder.

When the President also fumbled the name of Zolton Ferency, Democratic candidate for Governor, was he giving Romney another boost by letting the world know that Ferency was a little known plant in the big political garden?

Later on in Battle Creek, did LBJ give Romney another implied boost by not even mentioning Ferency's name, even though the Democratic candidate had ridden with him from Detroit?

A great to-do has been made, also of LBJ's failure to mention the name of G. Mennen (Soapy) Williams, Democratic candidate for U.S. Senate, or to call on the convalescing former governor.

Was this an oversight?

Hardly, not with Mrs. Nancy Williams, the candidate's wife on the platform.

Perhaps, as the President stood at the rostrum recognizing many folks, his mind went back to the 1960 Democratic convention when Williams, then the leader of the Michigan delegation, jumped up and shouted his disapproval—for all the world to see on television—of the nomination of Johnson for the office of vice-president.

There were many stories at the time concerning the vice-presidential nomination and it was said that the Kennedy forces which controlled the convention after the late JFK was nominated for president, had failed to notify the Michigan delegation of the final choice of LBJ.

It was then, on the convention floor, when the Michigan delegation heard it officially for the first time. It was then, too, that Williams leaped to his feet in loud protest.

If you had been in President Johnson's place would you have called him?

Much, too, has been made of the fact that Governor Romney and Senator Griffin made their presence felt at what had been designated as a tribute to the late Senator Pat McNamara. They had been called interlopers.

Why shouldn't they have been there?

Imagine, the criticism that would have been heaped on Romney if, as Governor of the State of Michigan, he had ignored the President on his visit?

And what would have been said about Senator Griffin if he had failed to help pay tribute to the man whom he succeeded in the U.S. Senate?

Will Rogers, the belated and beloved cowboy humorist, used to delight his audiences with a shrug of his shoulders and a remark, "Politics is a funny business."

What a time he would have had in Detroit on Labor Day.

Ten Fine Toes

As summer fades, mental pictures of barefoot boys and girls with cheeks of tan remain. Even hot city sidewalks and pavements fail to conquer the irrepressible spirit of youth with its urge to free itself from the fetters of nature—including shoes.

There is a message here to city planners and builders of concrete. Can we not somewhere build a few footpaths and bicycle trails? The automobile should not have us completely shackled.

Strange as it may seem, there are pedestrians yet left in this mobile world; and there would probably be more if they weren't forced to walk on busy thoroughfares.

Schools, and the employees of the District on the professional quality of the contracts which have been signed for the coming year.

Healthy salary increases have been gained by the employees and fringe benefits have been outlined and defined.

The contracts also contain a clear definition of the rights and responsibilities of the School District and the Board of Education. The phrase, "The parties recognize that the interest of the community and the job security of the employees depend upon the Board's success in establishing a proper service to the community," probably sums up the attitude best.

It also shows a healthy professional attitude on the part of both employer and employee. With the militancy of public employees for a just wage (and rightly so) it's refreshing to find that in the Farmington Schools this new awareness of power goes hand in hand with a realization of the demands of the community.

Teacher! Don't Let The Dream Last Too Long

LETTERS TO THE EDITOR:

Calls For GOP To Unite

Editor: For several years, I have actively worked as a volunteer worker for the Republican Party. The past month has caused me some concern and the article about the vote recount in Redford Township on the front page of last week's Redford Observer has moved me to write this letter.

During the campaign, prior to the Primary Election, I did not support any candidate for office. As a member of the Republican Nineteenth Congressional District Committee, I felt that I could serve the party better if I did not choose sides before the primary. However the actions of many so-called Republicans since the election lead me to the conclusion that they are not interested in having a Republican Congressman for our district at this time.

Two strong political parties are essential for the government of the United States to be successful and good government is urgently needed now. Much of the poor legislation which was passed so hastily by this Congress would have been improved immeasurably with 20-30 more Republican votes.

May I urge all Republicans to join with me and to unite behind the Republican candidate nominated in the Primary and elect him to Congress on Nov. 8. In the next two years, the voters will be able to measure his effectiveness and with this in mind, I am certain that he will do a good job for our district.

Parochial Schools Deserve Federal Aid

Editor: Re: Editorial "New York Guards Constitution." I would like to make a few comments concerning

Mr. Poger's article against public aid to private schools. My child attends a parochial school and I am quite willing to pay the additional costs to see that he gets the kind of education I believe he should have. I would never expect the public to pay for his religion lessons, religion books, or any other religious or morally oriented classes. However, I see nothing unconstitutional in his benefiting from public tax funds—to which I too, am a contributor—for such things as buses, milk, lunches, paper and supplies, etc.

As for money going to the student and not the school, this has been done in effect by the Federal government under the G.I. Bill, which provided for the education of the G.I. regardless of his choice of school—be it public, private, Catholic, Protestant, Jewish, etc. It seems to me what was good for our young men should be good for our young boys and girls.

Mr. Poger maintains that "if public funds . . . are funneled into church schools . . . public school systems will be the loser." But he neglects to mention the great contributions of private schools in educating our youth and also—no small matter these days—in relieving the overcrowded conditions in our public schools. If the private schools must some day close down for lack of funds, then, indeed, the public school system will be the loser.

Our Right to Complain

Editor: I was interested in the word grumbling as used by you in describing our genuine complaints. We, as citizens have a right to disagree. The word grumbling as used by you implies another thing, that we have nothing better to do, but bother you. Had the Board of Education told us before the millage vote that we would have no buses, the vote may have failed, as it only passed by a scant margin. Remember this was the big threat.

Well they cut out the bus service to the bone anyway. The biggest double-cross since "Jesse James." For the last five years we had good bus service and you cried "no money, no money" now you got your money with some of the biggest pay raises for the Board of Education.

If you had economy in mind the Board should have cut your salaries and not our buses. Remember the tree is always trimmed from the top down. Don't question our rights as citizens to express your grievances, this is still America.

The word grumbling is often used by dictators to describe the peasants.

OMBUDSMAN

(A new feature in The Observer Newspapers — we will do our best to be a go-between, a red-tape cutter as the name indicates. When you have exhausted all other measures on a problem write to us (keep it short, please) and we'll see if we can help. Yes, John Q, you can fight city hall — with your own Ombudsman!)

Dear Ombudsman: Can you tell what kind of carpeting has been put in some sections of the Randolph School on Norman in Livonia.

Mrs. James Belanger, Livonia

Dear Mrs. Belanger: The nylon pile floor covering used by Livonia architect William Lindhout in certain portions of the new Randolph elementary school is called DENSYLON and is made of special high density yarn which resists just about every possible kind of stain or mud or gook one can rub into it. The material, which is manufactured by the Commercial Carpet Corporation, was locally purchased from

Haig A. Jevahirian of 905 West Ann Arbor Trail in Plymouth at \$10 a yard. If you would like to reach him by phone call 453-1700.

Jevahirian and Lindhout have plenty of evidence to show that this high density nylon pile, which is permanently bonded to a sponge rubber cushion, is less expensive to install and maintain than are conventional "hard" floor coverings. Custodians who have lived with the material claim it costs one-half as much to clean as ordinary floors. All it needs is a quick vacuum once a day. Spills, such as ink, water color paints, or carbon paper soiling, sponge off with ease and a complete wash

job is needed about once each year.

The stuff is fine for kids to sit on. The softness induces youngsters to be less noisy and the lowered decibels help keep teachers nerves relaxed and morale high.

Designers and architects like Lindhout love it because it won't show crush marks from chairs or high heels. It keeps fresh looking and is aesthetic and utilitarian. In the Randolph school, Lindhout has blended "Molten Gold" with a vari-colored "Autumn." School board members suggest that you drop in on Livonia's newest school (in Section 19 in the Hix-Lyndon road neighborhood) and see for yourself.

OBSERVING the Scene . . .

By MYRA CHANDLER

Despite how beautiful we make our schools, how interesting the curriculum, the outside influence for school drop-outs is ever present.

Now, however, is the height of a drop-out season. The little boy or girl — and don't laugh, if it weren't for teachers' patience or the parents' paddle the little folk would prefer to be swimming, fishing or playing.

Half of all school dropouts are male and between 16-24 years old. Economics plays a large part for the boys — the factory job that pays all that money. For girls, largely it's pregnancy.

In Livonia this Spring there was an 18 per cent drop-out in high school.

In Farmington a study was made breaking down the 71 dropouts of the 4,498 enrolled students. By grade levels showing 47 males and 24 females there were two at the 7th grade; two at the eighth grade; 10 at ninth grade; 28 at 10th grade; 19 at 11th grade and 10 at 12th grade.

Forty-nine were in the lower half of their group scholastically; 40 registered a retarded reading level, with 12 average and 10 accelerated. Fifty were below average in grade placement. Fifty-eight were poor in school attendance. Nineteen came from homes in which the family was unskilled or unemployed or disinterested.

This checks out over the nation.

The Farmington study made by Virginia Carley, Farmington High School counselor resulted in some basic steps to keep these kids in school. Other schools have asked for the results to study the recommendations and have already instituted the same changes. One of the most important steps in Livonia is to encourage High School dropouts to return to school at night, at no charge. To take just one or two courses to start.

Administrators feel if they once get them started the rest is easier. It's the cold plunge of that first step that is difficult.

It's hard to reach past the apathy of some parents who would prefer their Johnny to get that \$2.40 an hour than go back to school where he is nothing but a drain on the beer-budget.

School people involved must be given a lot of credit for keeping after the problem because often they suffer abuse for their efforts, at first. Collectively, teachers and administrators all agree it is their obligation.

In Farmington they instituted a beefed-up reading program with emphasis on early identification of children with reading problems. When a student is a senior it is darn humiliating to go back to fourth grade reading level. (Catch 'em early is the emphasis).

Greater attention by counselors in working with potential drop-outs. (A counselor can often accomplish more than a concerned parent — and to a student that has a parent who is not, a counselor is better than grandmaw—someone to tell it to).

Establishment of a co-operative work training program (helps the student who feels economic pressure) which is nothing to be ashamed of. If a kid has eyes and see his parents are struggling, naturally he wants to help).

Participation in one Federal program (that even Republicans give credit to) "Head Start"—This strengthens the student's sense of identity and self-respect early. Kids form habits so early. Before we even think we should be setting a good example with follow-through, togetherness, and cultural home activities, they are observing. "Head Start" sets the pace for this. It was educational for parents and inspired many to continue the enrichment program.

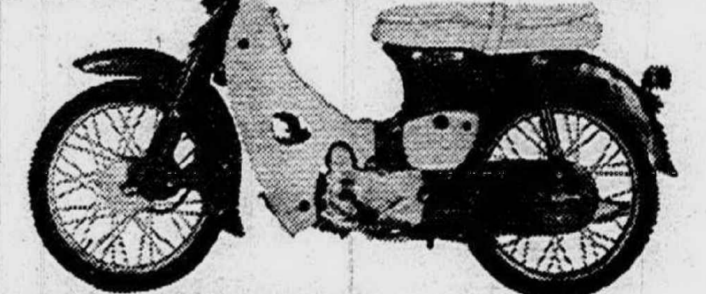

One of the most important things Farmington did was to continue to jack-up their teachers to accept the potential drop-out as a person worth salvaging and as a challenge to make individual classes as interesting as possible.

Teachers are people and I've attended a few "bull sessions" when they confessed they would assign a certain student paper-chain making and tooth-pick building just to pass them on something.

Farmington gives in-service training sessions to assist the teacher in lifting the potential drop-out — sometimes even one notch, which could make a difference in their entire life.

A teacher thus dedicated is to be respected by the community and should be willingly recompensed — which brings us to merit pay and another subject, dear to my heart.

Vote Circumstances "Unfortunate" In Redford Township

Editor:
Recently an election recount was made in Redford Township. Mr. Kuhn's challenges were disallowed, according to Mrs. M. Montgomery, Chairman of the Board of Canvassers, the errors turned up by Kuhn's forces had been minor and were typical of every election. I took part in the recount and the readers might be interested in what Wayne County Board of Canvassers consider a clean election!

Four or more sworn signatures attested to the fact that all machines were properly sealed and all keys to absentee ballots were properly protected.

The following are a few circumstances we discovered a few weeks after elections!

1—Many machine fronts unlocked exposing voting levers.
2—Several seals on key envelopes missing, destroyed or improperly validated.

3—The absentee ballots stored in back of machine are supposed to be protected by key and metal seal. One Kuhn worker brought this to the attention of the Wayne County Canvassers that the door was unlocked and the sealing mechanism was such that the absentee ballots could be removed without disturbing the metal seal.
4—The hinge pins on protective doors were readily removable and some showed signs of being improperly seated.

5—The number on the metal seal did not agree with sworn statements.
6—Absentee ballot seals opened and replaced without explanation required by statute.
7—Absentee ballots with distinguishing characteristic which actually allowed one to know who cast the ballot and how they voted.

These are the challenges that were raised by Kuhn volunteers which were disallowed. The board ruled against allowing Frank O'Brien, Chief Mechanic, City of New York board of election, to examine the machines. If these are typical and reflect lower than average percentage of errors, "Quote" Mrs. M. Montgomery, we citizens have expected more of our elective procedures than may actually be the case. We all owe a debt to Mr. Kuhn for bringing these unfortunate circumstances to our attention!

Mrs. Iris Allen P.S. If interested you may find information regarding this Kuhn-McDonald recount by contacting their offices direct!

Where Are 8,000 Voters in Redford?

Editor:
Whom does the Township Clerk serve? Our township clerk has done a remarkable job of eliminating registered voters. In three short years she has eliminated over 8,000 voters from the registration rolls, and the amazing part of it all is that she has not made any effort to re-register the disenfranchised voters. While our governor has been preaching more citizen participation in government, our clerk has been practicing citizen elimination by removing more and more citizens from the voter registration rolls.

Prior to the last presidential election the cities of Dearborn Heights, Livonia and Detroit all had extensive programs for voter registration. Residents of those communities could register to vote in all the public buildings, schools, and some stores, but in Redford Township our clerk's voter registration program consisted of opening one south-end and one north-end fire station which forced our citizens to stand in long lines for hours to register.

Before the present clerk took office Redford Township was noted for having the highest number (percentage-wise) of registered voters. Now we are among the lowest in all of the 37 representative districts of Wayne County. If there is any doubt in anyone's mind, please check the number of registered voters in each representative district, and you will find that Redford ranks among the lowest.

In view of the incompetence in the Clerk's office, each of us has a responsibility to help the disenfranchised voters. In the near future you will be advised of our registration drive. In the meantime, please call Town Hall and check your voter registration and ask your neighbors to check theirs. Let's start talking voter registration to our neighbors and our friends, and keep right on talking voter registration until election time.

HELEN M. BELL
Democratic Candidate for Clerk

Thinks Clerk Efficient

Editor:
The article in your Sept. 7th issue concerning Township Clerk Dawn Rice and voter registration deserves comment. Although my wife and I just moved into the township the 2nd of July this year, we have lived in this general area for two years. We were attracted to the Township because of good schools, recreation, lower taxes, and a good clean, pleasant place for families to live.

We checked on registering to vote and were told that we could register after the August primary. When we went to the Town Hall on August 22nd we were treated courteously and efficiently and are now registered voters. There is no excuse for voters not registering unless they are physically unable, and there are provisions for such people to be registered in their homes. I was personally impressed with Mrs. Rice's effective office system.

I should think that the politicians could come up with some REAL issues instead of these from fanciful pipe dreams.

Are Parents Aware?

Editor:
About five months ago, our local newspapers told of the vandalism destruction of maple, beech, oak and cherry trees on my property. The vandals have never been "caught". There is no insurance coverage on this type of destruction the loss therefore is personal, amounting to hundreds of dollars.

Labor Day when walking in the woods, I heard chopping and on investigating, found four boys probably from ages 8 to 13, chopping trees down with an array of tools: saws, hatchets, nails, hammers, etc.

I asked what they were doing. "We're building a fort". I asked if they knew they were on private property and the response was "No one owns this land..." In the course of our conversation, one boy told me his parents knew he was going out with the boys to build a fort in the woods.

They knew that taxes had to be paid by the people who owned houses or lots, and one said his parents complained about them when the tax bills came.

I explained that the man who owned the property on which they were chopping the trees also paid taxes and believed his property was as well protected from vandals as were the homes where their parents lived; that there was no property that was not owned by someone; that they had no business on any property without permission of the owner.

They seemed to understand, in a more or less belligerent attitude. Are these boys entirely to blame for this type of self-entertainment? Where do the parents think they would go armed with tools to build a fort? Is this one means of developing "delinquency"?

Where should youth obtain guidance if parents are not interested in supervising their own children's activities.

Have parents a right to object or criticize when public officials or other taxpay-

ing citizens assume through necessity a parent's responsibility?

Our local newspapers have discussed the City Council's consideration to make it mandatory that parents be obliged to pay for the vandalism of their children.

Perhaps this is one way to charge parents with the privilege of having and rearing children. Since these four boys said they lived in Kimberley, I did not ask their names. I do not want to know who their parents are—or perhaps I was afraid to learn their names.

Many groups of students and conservationists have enjoyed by field trips the natural resources of these woods and have been welcomed. Some children ask permission to play here and they have never been denied.

However, the abuses by tree chopping on these two occasions and the experience of seeing two adult males on red Hondas practicing how to dodge trees preparatory to deer hunting up north, are very disturbing.

Not Complaining—Just Concerned
AN OPEN LETTER TO THE MAYOR
DEAR MAYOR MOELKE.

Have you taken notice of our Fireman's uniforms lately? There have been some real duzies in the past, but the latest are unbelievable. I realize there is a twelve dollar per man budget and this has to be met, but why can't the city buy them one good uniform. I know the men would be more than happy to match it with another.

Instead they buy two of the cheapest material, the poorest workmanship, and they certainly are not made in accordance with any size scale. The latest ones are all made over from either larger or smaller sizes. If a thread is pulled they literally fall apart.

I am not exaggerating either, you would have to see the poor quality to appreciate this JOKE of a uniform. I am not an irate Fireman's wife as so many call ALL of us, I am just concerned over my husband's appearance in the public eye. There are far too

UNITY HERE, and to prove it, incumbent candidate Marvin Stempien, State Representative, Congressman Billie S. Farnum, 19th District do the "blood brother bit" with 19th District Chairman Ronald Mardiros. They are all working for the Dollars For Democrats Drive during this month. Thursday night is designated as "Show a Lite Nite." Residents of Livonia, Redford who wish to contribute a dollar are asked to turn on their porch light or lamp post. many now thinking all firemen are bums, I don't think they should have to look like it, do you?

I know this is a very minor detail to the many things that you are concerned with, but if you can find the time I for

one would really appreciate your opinion.
Thank you.

Similar Names Cause Confusion

Similarity of names has caused some embarrassment to the Edward Delany family of 11325 Arden, Livonia.

They have asked The Observer to point out that their son, Robert, was not the Robert Delaney, reported by police to be the driver of a car which struck a 49-year-old bicyclist two weeks ago.

The father said some of his friends have asked if his son were the driver and pointed out the difference in the spelling of the two names.

Cop Missing, J.P. Frees Two Drivers

Failure of an officer to appear in court Sept. 6 led Justice of the Peace James Ryan to dismiss two cases scheduled to be heard that day.

Captain Edwin Gleza of the Redford Township Police Dept. said Patrolman Richard Blazo, the complaining officer, worked the midnight shift, finishing at 8 a.m.

He said Blazo told him he intended to take a half-hour nap, intending to be in court at 9 a.m.

However, he did not heed his alarm and did not awaken until 3 p.m.

At 1:30 p.m., Ryan dismissed two drivers, one accused of running a red light, the other charged with drag racing.

SHOWING OFF his prize winning style as the drummer in the best entry of the "Battle of the Bands" at the last State Fair is Kenneth Mills, 16, son of Mr. and Mrs. Donald Mills, of 7810 Hillcrest Street, Westland. The attractive plaque awarded to the five-piece combo is shown above the bass drum and in front of Ken. Other members of the group, picked from a field of 95 bands, are Ron Tomaszewski, saxophone; Ronald Reinholz, organ; Michael Opalski, bass guitar, and Garry Reese, lead guitar. Ken is an 11th grader at Franklin High School in the Livonia School District.

Civil Service, Contract Negotiations to Resume

Westland's city employees' union and City Council representatives will resume negotiations this week on a contract and a proposed Civil Service Ordinance, one of the items splitting the union and the municipality.

The ordinance, in past negotiating sessions, has several sections which are in conflict with the recently adopted working agreement between the city and union.

Under the provision of the City Charter adopted April 25 in the incorporation vote, a civil service ordinance must be adopted within 150 days, or no later than Oct. 8.

Representing the city as negotiators are Council members Henry Lundquist, chairman, Mrs. Justine Barns, and John Markes. The session between the two sides was scheduled to be held either today, Wednesday or Thursday night.

The union, besides hoping to modify the civil service ordinance to a device solely for recruiting purposes, is also asking for a 25-cent per hour wage increase for its members and several fringe benefits.

However, the proposed draft or the ordinance also calls for a civil service commission of three members to not only administer competitive exams for new employees but to also do the same for promotions and hear appeals from employees who may be fired, demoted or suspended.

Purposes of the commission, according to the ordinance, is to classify all municipal positions, hold tests, maintain an eligibility list, and certify the names of applicants for employment. In addition, the commission has the power to implement the ordinance, form a classification schedule, grades, and pay scales, all which is subject to City Council approval.

Eligible for classification are all full-time employees other than elected or appointed officials, department heads, and part-time workers.

The fire department and the soon-to-be-formed police department will be covered by the state civil service act which has its separate civil service commission.

Any firings, suspensions, or demotions must be for cause only and the reasons must be given in writing and sent to the employee.

involved. The cause for the action against the worker must also have been within the previous 180 days, according to the proposed ordinance.

Layoffs are allowed and persons recalled for work are to be given a seven-day notice. Those with the city for at least one year when the ordinance is adopted will be considered to have passed a probation period. Those with six to 12 months service will have a six-month probation period to serve and those with less than six months will be required to take a competitive exam for his job.

Applications for city positions will be accepted for local and non-local residents although preference will be given to Westland persons. If a non-Westland person is hired, he will be required to move into the city within one year, under the provisions of the proposed ordinance.

Promotion tests will be open to all full-time employees in the next lowest grade. Employees fired, suspended, or demoted may appeal the action to the civil service commission within ten days. If that is

done, the commission has two weeks in which to affirm, modify, or revoke the action of the department head or administrator. If the employee is cleared of the charge, he is entitled to full back pay.

The proposed ordinance also prohibits discrimination on the basis of race, religion,

politics, with the exception of persons who belong to groups which advocate the overthrow of the United States government or disloyalty to the government on any level.

In addition, the 17-page document, if approved, would prohibit employees covered by the ordinance from directly or indirectly soliciting, making, or receiving any assessment, subscription, or contribution for any political candidate under the City Charter. Persons found violating this section may be fired.

New Pupils Must Have Health Tests

Westland students entering the Wayne Community School System for the first time this month are advised of required public health papers needed before they can enter classes.

Dr. Wallace LaBenne, director of pupil personnel services, sent letters to parents of all incoming kindergartners and students coming in from out-of-state.

Dr. LaBenne pointed out that the new state immunization law requires children enrolling in school for the first time to have a statement signed by a doctor saying that they have had a measles vaccination.

TED KUCKELMAN, executive secretary of the Nankin Chamber of Commerce, has said the Chamber's aim is to contact every businessman in Westland this month to give them support to the growing chamber. The Contact Committee has 30 members and is chaired by Ralph Turco. Any eligible businessman is invited to join and may contact the headquarters located on Dorsey Rd. at Venoy or any merchant who is a member.

THE EDISON SCHOOL P.T.A. in Westland will hold an Open House affair next Tuesday at 8 p.m. to introduce the teachers and principal. There will be a film shown "Where Children Come First," theme for the coming year. Refreshments and a get-acquainted hour will follow.

RECENT GUESTS of Mr. and Mrs. Russell Tuttle of Wildwood Street were Mrs. Tuttle's parents, Mr. and Mrs. Joe Leven of Manakato, Minn. Grandson Danny acted as official guide for a tour of our City.

ONE HUNDRED FIFTY youngsters from the Wayne-Ford Civic Association Baseball Program chartered to the Tiger Stadium for the Detroit Tigers-Baltimore Orioles game. Returning to the Civic Hall the youngsters were treated to hot dogs, chips and ice-cream. The association has also donated the Wayne-Ford Hall to the ALSA (Aid to Leukemia Stricken Children). There was a "kick-off" pancake and sausage breakfast Sunday. Heading the Westland area drive were Judy Donzila and Gene Borioe. They will be assisted by other teenagers in the area.

MR. AND MRS. JACK Courtney were given a surprise dinner party at the Copper Door last Saturday evening, this was a combination 27th wedding anniversary and farewell party. Those enjoying the evening were Mr. and Mrs. Al Bright

of Yuma Drive, Mr. and Mrs. Lester Boruff of Lonnie Street and the Virgil Gagnons of Fountain Blvd.

IN THE SPRING a man's fancy may turn to love, but in the Fall it is travel. Mr. and Mrs. Kenneth Paris of Three Fountains left via Pan Am jet, Sept. 8 for a month vacation in Europe. Ken and Violet will observe their 36th wedding anniversary in Lucerne, Switzerland. The Paris' will leave France via the S.S. United States, Oct. 6.

ALSO BACK from a tour of Europe are Mrs. Irene Campbell of Westland and Mrs. Ann Pringle of Livonia. Because of the air strike the girls had to take the long way to get to London via Windsor, Toronto and Montreal, on to Paris and then to London where adventuresome Ann left her companions and traveled 300 miles alone, by bus to Wales to find some long lost relatives, returning back to London in time to join her companions for an evening of fun at the famed Paladium.

The girls flew to Rotterdam and from there took a bus and covered 3,300 miles including parts of Sweden, Switzerland, Germany, Rome, and Paris. In Brussels they joined a group of Heidelberg students who took them on a Steamer down the Rhine river.

In Paris they visited the tomb of Napoleon and the Arch of Triumph. In Rome they visited the Vatican, St. Peter's Basilica and the Fountain of Trivoli, which was the location for the movie "Three Coins in a Fountain."

While dining at the Cafe Bernado, one of the ladies in their group had the honor of being selected guest soloist with the cafe orchestra which was televised on a local station.

Charges Inaccuracies in AAA Report

Hare Upholds Validity of Point System

LANSING—The Michigan traffic point system "works well with nearly 99 per cent of all drivers and is serving its intended function well," was the appraisal of Secretary of State James M. Hare, whose department administers the program.

Hare made the statement as his Department prepared to launch an "in-depth" study of fatal accidents which occurred over the Labor Day weekend.

"I feel it is necessary to do our own study of fatal accidents because of the

many inaccuracies contained in a report of Fourth of July fatalities conducted and published by the Auto Club of Michigan," Hare asserted.

"The AAA report cited comparisons of point totals of the so-called 10 worst drivers involved in fatalities. What it actually did was to go back over the person's complete driving record, one record going back to 1943, long before the point system was even in effect.

"Of the drivers in the AAA report, only one of the 10 could have had his license suspended based on the two-year point accumulations, and he had been suspended and was driving on a revoked license when the accident occurred. The others ranged from no points to 11, under the 12-point minimum for suspending action.

Hare scored as "grossly unfair" an indictment of any driver for a record he might have accumulated in past

years. "It's like condemning a man for an offense he committed years past and which he had already atoned for," Hare said. "Our Department does not call a person in for a re-examination until he reaches the 12-point level within a 24-month period.

"If the Department of State were to suspend drivers for cumulative points we would be sus-

pending 700,000 a year, rather than the 50,000

against whom we take action under the present

operation of the point system."

Hare described driver improvement... one aspect of the point system... as "doing an effective job."

"We have found that all but a handful of 'incorrigibles'... a hard-core of chronically bad drivers... are helped through driver improvement.

"About five per cent of all drivers are ever in

trouble with their driving and the first re-examination is effective with the vast majority of these persons.

"The chronic offenders... drivers who have to be called back for two or more re-examinations... are but a fraction of this five per cent.

"On the basis of these facts, I must conclude that the present Michigan point system is effective with the vast majority of drivers," Hare said.

THERE'S A REASON for the big smile on the face of Mrs. Ida O'Donohue, 20220 Coventry Ave., Detroit—she had just received her first Mink Stole as the winner of a contest conducted by Sears Livonia Mall. Mrs. O'Donohue has attended every one of the Ladies' Day programs at the Mall. That's Sid Cricow, manager of Sears' women's department, placing the Stole on her shoulders while Store Supt. Kurt Snyder looks on. The 60-year-old widow is a lifelong resident of Detroit.

Two From Area Are Promoted By Detroit Bank

A resident of Livonia and a resident of Farmington are among 21 staff members of Detroit Bank & Trust whose officer appointments have

been announced by Chairman Raymond T. Perring and President C. Boyd Stockmeyer.

James E. Doran, 30331 Westfield, Livonia, has been named an assistant cashier. He is a member of the bank's time credit department. Doran is president of the Livonia Junior Football League and a commissioner of parks and recreation for the city of Livonia.

Charles M. Shields, 28058 Grand Duke Drive, Farmington, was appointed an assistant trust officer. A member of the personal trust staff of Detroit Bank & Trust, he is a graduate of the University of Michigan. Prior to joining the bank, he was associated with the law firm of Beaumont, Smith & Harris.

Sent To Fight Zone

Private First Class Robert E. Demarest, 20 son of Mr. and Mrs. Warren E. Demarest, 19387 Rensselaer, Livonia, has been sent to Vietnam for combat service with the 11th Armored Cavalry Regiment. A cook in Troop H of the regiment's 2nd Reconnaissance Squadron, he entered the Army in November 1965. He graduated from Clarenceville High School in 1964.

Artists' Show Draws Livonia Mall Crowds

Large crowds turned out this past weekend for the Livonia Mall's fourth semi-annual Artists' Market which got underway Thursday and will continue through Saturday, Sept. 17.

Hundreds of objects d'art including original oil paintings, water colors, sculpture and many other facets of the art world are on display.

Visitors to the show are also entertained by artists actually at work on paintings, caricature artists doing portraits of people attending the exhibition, jewelry makers performing their artcraft and a lapidary cutting and polishing stones which are made into rings, pendants and brooches.

The ever popular pearl concession has again returned to the show this season and continuously provides live entertainment for the large crowds that gather around the booth.

The customer is allowed to select his own oyster from the Mall fountain, it

is then opened by an attendant and the pearl or pearls (many times there are more than one) become the property of the purchaser of the oyster. A jeweler is on hand to make the pearls into a piece of jewelry for the owner if they wish.

"The entire show has been co-ordinated by Sam Fields Art Studio. Fields contacts the artists of the Detroit area as well as out-state artists and invites them to participate in the show. We feel he has done an outstanding job," said Jerry Silberman, president of the Livonia Mall Merchants Association.

The Artists' Market is actually just what the name implies, all art displayed is for sale and the prospective buyers need only search until they find what suits their fancy.

The show hours are from 9:30 a.m. until 9 p.m. every day except Tuesday and Wednesday when the center closes at 5:30 p.m.

ALL-VETERAN SQUAD Loaded at Thurston

If veterans mean anything, Thurston high school figures to go places in football this fall.

Coach Bill McDonald has lost only five players from his 1965 team which won four, lost four and tied one.

"Everything points to a better year for us," says McDonald.

"But, then you never know. Sometimes veteran teams go flat on coaches."

McDonald has experience

at every position. There are such three-year veterans as Barry Simescu at quarterback and Paul Santangelo, an All Northwest League choice in '65, at halfback.

Simescu is an able field general. He also is an excellent passer.

With Steve Casey and Tim Carr "pushing Simescu," the veteran QB has his work cut out to remain No. 1 on McDonald's list.

Santangelo is a power runner and he'll team with Reg Barringer and Randy Ault to move the pigskin around.

Jerry Butlin is right behind Barringer. Larry Paris behind Santangelo and Bob Bryant stands behind Ault.

Then, too, there's John Mutch, the unlucky fullback who appeared headed for a fine season until stricken with an emergency appendicitis. Mutch probably will miss half the season. Maybe more.

Up front, McDonald has Jerry Shaffer, Gary Smith, Neal Currie, Jim McEwan and Dave Roberts to handle the end slots.

Roberts is a transfer student from Detroit Cooley where his brother Doug was a star in several sports, including hockey. Doug is now with the Detroit Red Wings.

For tackles, Thurston is stocked with Jim Lytle, Westley Dolen, Roland Smith, Chet Proctor and Steve Brit.

At the guard slots, there's the veteran Dan Harris, who operates with Al Mead, Andy Janor and Chuck Pitt.

For center, Thurston has two top candidates in Rich Eden and Ron Hornyak.

Interest Down At Franklin?

Is football interest down at Franklin high school in Livonia?

Coach Bob Bentley, who led Bentley to an unbeaten season and Northwest League title honors two years ago, would like to say "no."

But Bentley is wondering.

When the call went out for practice to begin two weeks ago, only 35 or so showed up — the smallest turnout in Franklin's short but glowing football history.

"It's hard to understand," says Bentley. "Maybe it was because we had so many seniors a year ago and lost so many."

In any event, Franklin will have only six lettermen—another low — when the new season begins against Romulus on Saturday.

Leading the contingent will be Fred Davies, a 185-pound tackle and Gary Rogalski, at fullback. Rogalski

is the only veteran off of Franklin's unbeaten team of 1964.

Senior Steve Atkinson is back to handle an end slot and Keith Iler also is back for the other end.

Others who figure in Bentley's plans this fall:

Dave Stott—a quarterback who may run some from left half.

Jeff Trick—a junior center and the heaviest man slated for regular duty. Jeff weighs in at 210 pounds.

Joel Furlilio—a sub center who scales 240 pounds. With this kind of poundage, Joel may be used elsewhere up front.

Bill Hellstein and Denny Hopkins — a pair of fine quarterbacks.

Dave Crom — a transfer student from Edsel Ford in Dearborn who can be used either at fullback or left half-back.

Jim LaBota, a fullback up from the reserves.

"Maybe we'll have too many fullbacks and not enough boys for other positions," quips Bentley.

Bentley isn't talking any championship. He doesn't think that Franklin has the depth to regain the Northwest title the school lost to North Farmington a year ago.

BRAWN IS ONLY the beginning when a high school football coach picks captains. Thinking ability, integrity, and drive are attributes Coach Bill McDonald sees readily in Thurston's varsity leadership for 1966—Barry Simescu and Dan Harris. Simescu is a halfback and Harris "holds the line." The opening kickoff for the season will be with Southfield Saturday at Thurston.

Here We Go! Schools Start Football Action

Can Bentley and North Farmington do it again? Who'll surprise this year? What's in store for Stevenson high in its first year of competing on an all varsity level?

These are just some of the questions to be answered in the weeks ahead during the 1966 high school football season which begins in Michigan's lower peninsula on Friday.

North Farmington and Bentley, of course, are remembered for their unbeaten-untied seasons of a year ago.

North Farmington won nine straight; Bentley eight. The Farmington clan wound up being ranked sixth in the final state Class A ratings.

Bentley made tenth in most polls.

Going into 1966, coaches Ron Holland at North Farmington and Larry Joiner at Bentley face their problems. Both were hit hard by graduation losses.

North Farmington suffered the heaviest casualties.

For Friday's action, North Farmington hits the road to play at Grand Rapids Central. Southfield will serve up the opposition at Bentley.

Stevenson, which opened its doors for the first time last fall, has no twelfth graders to combat foes like Farmington, North Farmington, among others.

Who'll surprise the most? The majority of coaches are staying quiet.

There are rumors that this could be Thurston's "big year . . . or that John Glenn may emerge with a powerful team."

Over at Plymouth, there's only one way the Rocks can go.

That's UP.

A year ago, Plymouth didn't win a game . . . seven losses and a tie. It was the worst any Rock team ever had done.

The area's various teams will contest in several different leagues.

Bentley, Redford Union and Plymouth all are in the Suburban Six.

Franklin, North Farmington, John Glenn and Thurston play in the Northwest League.

Farmington and Stevenson are together in the Interlakes Conferences.

Clarenceville battles in the tough Wayne Oakland, Garden City East in the Mid-Wayne and Garden City West in the Tri Rivers.

Our Lady of Sorrows and St. Agatha are in the Catholic League, but in different divisions.

Only Sorrows starts out this week with a league encounter. The rest of the teams will get one or two weeks to "tuneup."

The trend against most high school football at night appears to have vanished.

Either through the wishes of administrators or lack of funds for lights, many of the area teams have booked afternoon contests.

The latter group includes Franklin, Thurston, North Farmington and Farmington.

Stevenson will get to use the lights at Bentley when there are no conflicts.

The complete schedules for the 14 varsity teams served by the Observer Newspapers appears above.

L.A. Dart Returns Here

Wild Bill Shewsberry returns to Detroit Dragway next Saturday night as the handler of the L.A. Dart — a 426 fuel injected hemi from Los Angeles, California that has been campaigning the country as a wheelstanding exhibition car. He will make a series of wheelstanding runs as the feature of Saturday's meet.

Shewsberry, a Los Angeles by way of Mansfield, is a veteran handler of racing machines, including the Mickey Thompson stable. He is a seven times National Hot Rod Association class champion. He was one of the first drivers to switch to wheel-standing exhibition machines.

Time trials begin at 6 p.m., with elimination racing at 8 p.m. Detroit Dragway is located on Sibley Road near Dix.

AT STEVENSON They're All Back, But Coach Beefs

Where is there a football coach who wouldn't smile at the thought of having all his players returning from the previous season?

Coach Jack Riordan at Livonia Stevenson High is in that position.

But, wait!

Stevenson fielded a team of only tenth graders last season in the school's first year. This season the school will have both tenth and eleventh graders.

But there'll be no seniors around . . . and that's where the No. 1 hitch develops.

Everybody against whom Stevenson must play will present seniors on the roster.

This will mark Stevenson's first crack at an all varsity schedule after playing mostly reserve teams last fall.

"We know it will be different. Very different," says Riordan.

"We'll take some lumps. That's for sure."

Another major concern of Riordan is the lack of size on the Stevenson team.

"Just look," adds the coach, "our line will average 163 pounds per man, our backs 157."

"Most the teams we go against will average from 195 to 210 up front. I hate to think of what might happen."

But, then, Riordan notes that the Stevenson players have speed. Lots of it.

"This could help to offset our lack of weight. We hope so, anyway."

A typical example of the "small, but fast men" is Chuck Sobczak, an offensive guard who doubles as a linebacker on defense.

He checks in at 152 pounds. Others are Stan Edwards, 155; Larry Meyers at tackle at 178 and Paul Pender, a hard-charging back who goes around 170.

Dan Keith is the hardest runner on the team. He weighs around 160.

Tom Parker shapes up as the Stevenson field general at quarterback this season. He played there a year ago for Stevenson.

Bob Hood, a sophomore, is coming along as understudy to Parker and should see a fair amount of action.

Another concern around Stevenson is the fact only 35 showed up for this year's varsity.

"We could use more boys," says Riordan. "We have been recruiting 'em now that school has started."

Observing SPORTS

By George Maskin

If somebody wanted to give an award for the "Unluckiest High School Athlete" in our area, who would run away with the "dubious distinction?"

The gent's name: John Mutch, a back at Thurston High.

Or, at least, John would like to play on the Thurston football team.

Coach Bill McDonald also would welcome Mutch's presence. John scales around 210 pounds. He's a powerful runner, a great blocker . . . boasts a tremendous attitude . . . and is the kind of young man every school is tickled to have around.

But John hasn't played a single game of football for Thurston.

Not as a sophomore . . . nor a junior . . . or thus far as a senior.

When he was a sophomore, John hurt his knee in early workouts. Before the year was over, he had undergone two operations.

By 1965, it was felt John was ready to play. You guessed it. John scrimmaged . . . the knee was banged up again . . . and this time the doctor ruled John was through with football for the year—maybe, all time.

John could have taken "no" for the answer. He could have done what other kids do these days . . . buzzed about in an auto and said "farewell to sports."

He didn't.

John went to McDonald, his doctor and to anybody else who would listen.

There were helpful hands, too. One was Jim Hunt, the very able trainer at the University of Michigan.

John was given a set of exercises to follow. He had to lift weights.

It was hard work. All summer he went at it.

In late August, Mutch and his family visited an orthopedic surgeon.

The knee was checked from every corner. The doctor called in some other experts. They looked.

There were more X-rays. More checks.

It finally was adjudged that John Mutch could play football for Thurston.

The young man's face lit up like the lights do on Times Square. The members of the Thurston football varsity were delighted.

Coach McDonald smiled. Other faculty members could be heard to say:

Tom Rolfe Heads 'Mile' Field

BEAUTY AND THE MILE: Edna Clark, pretty Club Party Hostess at the Detroit Race Course, boosts the \$100,000 added Michigan Mile which will be raced Saturday. The brilliant field in the richest race ever contested in Michigan is headed by Tom Rolfe and Amberoid.

Tom Rolfe, the three-year-old champion of 1965 and a top contender for Handicap-Horse-of-the-Year honors this season, tops a brilliant field which will compete in the \$100,000 added Michigan Mile Saturday (Sept. 17) at the Detroit Race Course.

The Mile is Michigan's first \$100,000 event and is more than double in value that of any other stake raced in the state.

In addition to Tom Rolfe, the field in The Mile is expected to be composed of John R. Gaines' Bold Bidder, the winner of three \$100,000 stakes this season; Amberoid, winner of the classic Belmont Stakes and the Wood Memorial; the Cain Hoy Stable's Pluck, second in the \$100,000 Aqueduct Handicap on Labor Day; the imported Tio Viejo, Big Rock Candy, Poker, Selari, Handsome Boy and Stauchness.

Tom Rolfe is owned by the Powhatan Stable of Raymond Guest, who is the United States Ambassador to Ireland. Frank Whiteley, Jr., is the trainer.

Mrs. Langford Has Low Score In Golf Play

Mrs. Frank Langford, of Dearborn Heights, had the low gross of 92 in the weekly matches of the Women's Suburban Golf Association at Dun Rovin Golf Course.

Mrs. George Todd, of Plymouth had low net in the championship flight with 93-17-76.

Other results: First Flight — low gross, Mrs. Dorothy Wingerson, Dearborn, 105; low net, Mrs. Stan Karwaski, 108-20-88; second flight — low gross, Mrs. Chester Chormann, Southgate, 111; low net, Mrs. Elmer Claus, Southgate, 114-28-86.

Next week's matches will be played at the West Shore Club in Grosse Ile.

Tom Rolfe is high weight in The Mile field with 127 pounds.

Bold Bidder is next in the scale of weights with 121 pounds. Bold Bidder this season has won the Charles Strub Handicap at Santa Anita, the Monmouth Park Handicap and the Arlington Park Handicap. He earned \$117,229 in 1965 while winning seven of 17 starts, and then this season his earnings total \$266,292.

Bold Bidder is trained by W. C. (Woody) Stephens and will be ridden by Pete Anderson. The "big three" of The Mile field is rounded out by Amberoid, owned by New York industrialist Reginald K. Webster and trained by Lucien Laurin.

Amberoid foiled the bid of Kauai King to win the Triple Crown this season. After direct an experienced Wolfpack running crew headed by fullback Bill Wyland. Wingback Gary Rowe, who nabbed 20 passes last year, is expected to be the prime air target.

Defense is expected to be the Wolfpack's strong suit. Coach Edwards has two of the finest linemen in the country in tackle Dennis Byrd and end Pete Sokalsky. Both were all-conference as sophomores last year. Co-captain Bill James directs a tough defensive secondary.

Michigan State holds a 2-1 edge in the series which was discontinued in 1929. North Carolina State won the first clash 19-0 in 1927 but the Spartans countered with 7-0 and 40-6 triumphs the next two years.

Colorful pre-game and half-time entertainment will be presented as the 12th annual Band Day is observed. Approximately 3,000 young performers from some 30 Michigan high schools will join MSU's Marching Band of 175 members for the ceremonies.

The Spartans, reigning National and Big Ten monarchs, will present a lineup headed by five returning All-Americans. This quintet includes co-captains Clinton Jones and George Webster, defensive end Bubba Smith, fullback Bob Apisa and offensive end Gene Washington. Spartan problems center around a lack of squad depth, a circumstance resulting from the fact that State's 66-man squad is the Big Ten's smallest.

The Wolfpack, coached by former Spartan Assistant Earle Edwards, has 31 lettermen returning from the team which finished its season last year with five straight victories. North Carolina State will have letterwinners at all but two starting positions.

Two-year veteran quarterback Charlie Noggle will

Should Sorrows, St. Agatha Unite Football Forces?

Sorrows

"Good backs . . . no line . . ." In four words, Coach Bud Webster sized up the 1966 football story at Our Lady of Sorrows High School.

"We've never had so many fine backs at one time in our school," declares Webster. "But, if somebody could find me five or six linemen . . . I'd really sing out."

In the backfield, Sorrows will go with three of its four 1965 starters.

Leading the way will be Jim McGrath at quarterback and Cliff LaBond, an All-Catholic League star who was one of the top yard gainers in the state in '65 when he personally accounted for more than 1,500.

Jim Hickey also is back to play the other set back position for the wing back post. Webster has Bill Verge and Jim Barnes.

But, what about the Sorrows front wall? Tackle Frank Walsh has had previous experience. Then there's Tom Horner, who really isn't the Horner who sat in the corner. Tom is a three-year veteran who plays at guard.

To find help for Walsh and Horner is the job confronting Webster and his staff. As it now looks, it will be Tim Audette and John Allen at the ends in next Sunday's opener.

Walsh is set at one tackle with Stan Pylan and John Van Deussen battling for the other spot.

In the guard positions, there'll be Horner on one side and probably Emil Grohman or Mike Barnes on the other.

Greg Main has the inside edge to handle the center post for Sorrows. Webster is hopeful that his front wall "can mature quickly."

Otherwise, he fears that Sorrows will be in for a long, long fall.

Wayne State University's basic offense is the winged-T attack, supplemented by several variations.

St. Agatha

Maybe St. Agatha high's football team should make a deal with Our Lady of Sorrows this fall.

Sorrows has the backs and an inexperienced line.

St. Agatha, under coach John Trelley, has the veterans up front, but the backfield provides the mentor with some question marks.

The St. Agatha team also is short on overall team experience. There are only eight seniors on the squad this fall.

To lead what Trelley figures will be "a sound line" are John Walsh at tackle; John Sliwa at tackle; John Minahan, John Rigley and Don Sweeney at the ends, Don Gillies at guard and Tom Flambol at center.

The backfield will be led by Mike Walesniak at quarterback, Francis Castiglione at halfback, Mike Turpin at halfback and Dennis McKenna at fullback.

Walseniak showed in his first year in 1965 that he could throw the ball around which encourages Trelley.

"I think you will see us do a lot of passing this season," the coach declared. "We have some pretty good receivers in Minahan, Rigley and Sweeney."

Castiglione is the brother of the ex-St. Agatha whiz who set all kinds of scoring and running records a few years ago.

"Francis runs pretty well," says Trelley. "He has speed and shows us that he might be able to give us the moves we need at halfback."

"McKenna, however, is our hardest runner. He hits 'em with authority."

LOOKING AHEAD

Diligent Livonia high school students who believe in planning ahead have been advised by Dr. Donald Friedrichs, coordinator of secondary education, that first semester final examinations will be held on January 23, 24, and 25, 1967, and that spring semester finals will be given on June 12, 13, 14, 1967.

Ace Tourney To Start at Oasis Range

So you think you can shoot a hole-in-one! Okay, here's your big chance.

The Livonia Junior Chamber of Commerce will hold a three day tournament starting Friday at the Oasis Driving Range at Five Mile and Eckles Roads in Plymouth.

All you have to do is to pop down with \$1 and you get three chances to drop one in on your tee shot.

Besides having some fun, you'll also be contributing to a worth-while cause.

Shooting starts at 10 a.m. daily at the Oasis and continues until dark.

Pistons to Air 23 Contests Via Television

Arrangements have been completed for the Detroit Pistons to present 23 road games during the 1966-67 National Basketball Association on WKBD-TV (Channel 50).

All at the Pistons' nine rivals will be seen at least once during the series which begins on Saturday, Oct. 15, when the Detroit cagers open their championship drive at Cincinnati against the Royals.

Other telecasts will originate from Fort Wayne, New York, Baltimore, Philadelphia, Syracuse, Minneapolis, Chicago, Washington, Cleveland, Boston and St. Louis.

The Carling Brewing Co. again will be the principal sponsor of the Pistons' telecasts with Jim Hendrick returning to handle the play-by-play for the second year.

The Pistons' TV schedule: OCTOBER: 15—At Cincinnati; 28—Chicago at Fort Wayne. NOVEMBER: 8—Philadelphia at New York; 17—New York at Baltimore; 29—Boston at Philadelphia. DECEMBER: 3—At Boston; 6—Boston at New York; 17—Philadelphia at Syracuse; 20—Boston at Minneapolis; 23—At Chicago; 30—Philadelphia at Fort Wayne.

JANUARY: 3—Baltimore at Washington; 20—At Chicago; 26—Cincinnati at Cleveland; 27—At Boston; 31—San Francisco at New York. FEBRUARY: 3—New York at Boston; 7—At Chicago; 10—At Cincinnati; 21—At St. Louis; 28—Los Angeles at New York. MARCH: 3—Philadelphia at Boston.

Michigan State senior Joyce Kazmierski has won the national collegiate women's title, the Michigan Women's Amateur crown and the Detroit Area Women's Amateur championship during the summer of 1966.

FORMER PLYMOUTH grid star Garry Grady was among the returning veterans to the Eastern Michigan Hurons as they began football practice September 1. Grady, one of 93 out for the varsity, chats with Head Huron Coach Jerry Raymond. Grady served double duty last season as a flanker back and punt return specialist.

Observing Sports

(Continued from Page 2B)

"Who says our kids don't have what it takes any more?"

The first week of practice began at Thurston. For four days Mutch went through his paces.

He was okay on Thursday evening after a long workout.

The next morning coach McDonald's phone rang: It was from a hospital. John had been operated on for an emergency appendicitis.

So, now the new season begins Friday. John probably will be there—on the sidelines.

He's not expected to be able to play for at least a month. But, John insists he will get in some game time for Thurston before the season is over.

Who's there who wishes otherwise for this young man of young men—our nomination for an athlete who deserves something extra from those who know him.

Now to change subjects.

This is the week the horse racing bugs of our community eagerly await each year.

It's Michigan "Mile" week at the Detroit Race Course on Schoolcraft Road.

They quote "Mile," because the race runs over a mile—a mile and an eighth to give the horses a better shot and the same for the fans.

The men who run the DRC have worked the clock around to arrange for this to be the "Mile" of Miles. Some of the best horses in the country are coming.

It's another tribute to men like Dale Schaffer who said from the first day they opened the DRC that they'd make the track a place the Greater Detroit area would be proud of.

They've enjoyed some great milestones and records this year at the DRC.

The biggest, of course, came on Labor Day when over \$2,000,000 was wagered.

With the field the DRC has attracted for Saturday's "Mile," you have to think that they'll hit pretty close to two million again on Saturday.

It would be nice.

This, too, is the weekend when high school and college football checks in here in Michigan.

There's a full slate of prep action around these parts beginning on Friday. Michigan and Michigan State start on Saturday. Both will be playing at home.

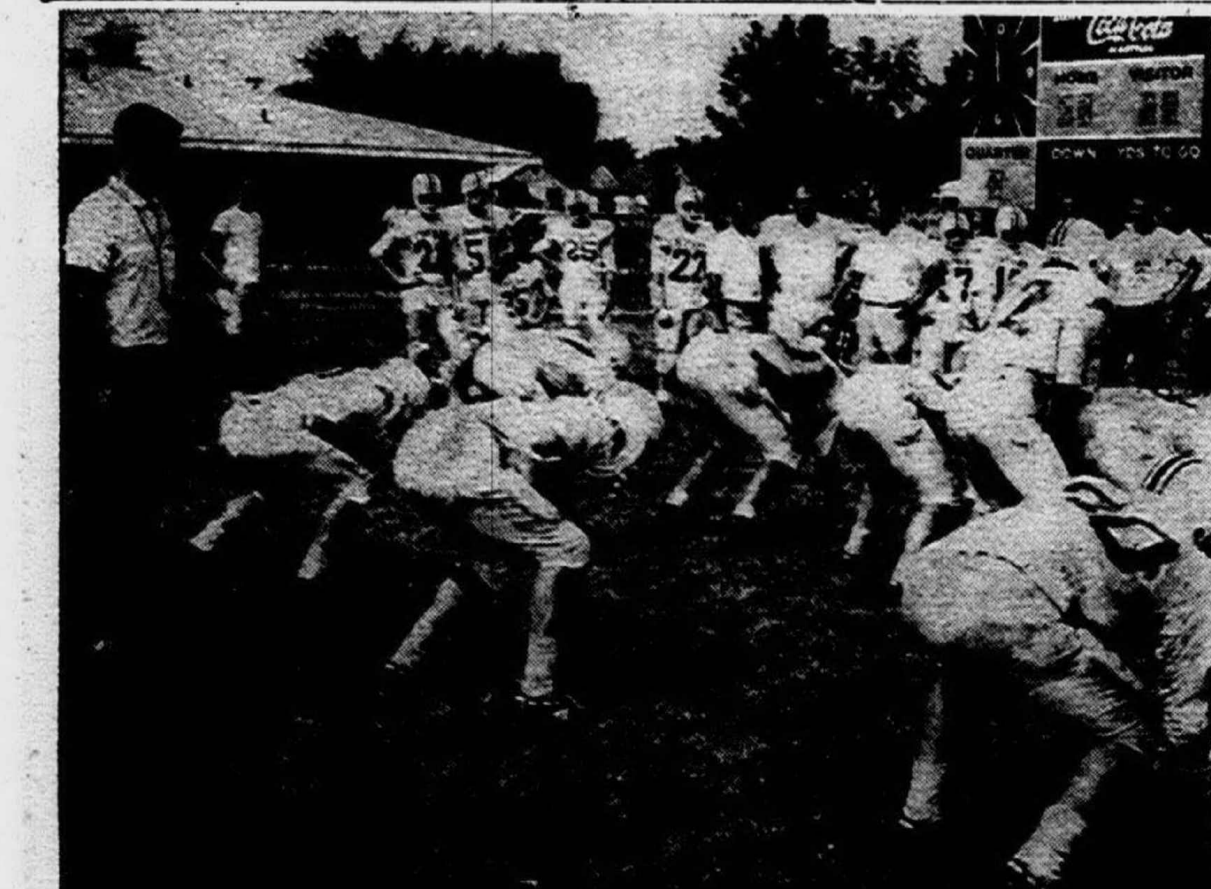

Speaking of "starting," as we write this our Pistons are in training at St. Clair. The Red Wings begin work at Olympia Monday.

And some of the Lions' fans still are talking about Nick Pietrosante who lives in the area served by these Observer Newspapers.

And what about Livonia's Denny McLain, who now is a cinch to hit the 20-game victory mark within the next few weeks?

Notwithstanding, Denny's great efforts, we have an idea he won't be voted the Tigers' most exciting player of the year by the Baseball Writers.

If we had a vote as an active member, the nod would have to go to Earl Wilson. Agree, Denny?

READY FOR OPENER is Coach Gary Humphrey (left), of Garden City East go through an offensive maneuver in preparation for this week's initial test. High, who is shown watching his varsity

Bob Beauchamp Is Promoted By Williamson

Promotion of Robert E. Beauchamp to the management of the Farmington and Livonia offices of the Gordon Williamson Co. was announced by Daniel R. Williamson, vice president and director of sales. Beauchamp was also given the title of assistant vice president of the company.

Beauchamp has been in charge of the Livonia office at 33620 Five Mile Road since its opening early this year. Prior to that he was on the staff of Williamson's Farmington office at 28777 Orchard Lake Road.

Beauchamp joined Williamson as a salesman more than two years ago and has helped push the company's real estate brokerage business to record highs this year.

In addition to his work as manager of the two branches, and supervision of Williamson's computerized house-finding services which are available at the firm's main office and all its branches, Beauchamp will continue as head of the company's sales training school which prepares men and women for work in all phases of listing and selling of real estate under licensing regulations of the Michigan Corporation and Securities Commission.

Mr. and Mrs. Beauchamp have two children and their home is at 31701 Thirteen Mile Road, Farmington.

Only Pennies A Day

What bargain-conscious homemaker wouldn't spend 2.9 cents a day to save washing dishes?

That's what studies say it costs for electricity to operate an automatic dishwasher. It has also been shown that the use of a dishwasher saves the housewife about an hour in kitchen clean-ups daily.

Macauley's Open New Building

Macauley's, a 97-year-old Detroit area stationery and office supply firm, will formally open its new executive and display building at 15188 West Eight Mile Road on Friday, Sept. 23.

The new 30,000 square foot building, set on an acre and a half of ground adjacent to the Greenfield-Eight Mile Shopping Center, becomes the firm's seventh store in metropolitan Detroit.

John L. Macauley, president of the company which was founded by his great grandfather, said a highlight of the opening will be a display of an authentic office of 1869, the year in which the firm was founded.

Historic and antique items for the display have been loaned by the Detroit Historical Museum. They include a high backed secretary desk and padded leather swivel chair, a stand-up accountant's desk and the ledgers, cash boxes, steel tipped pens and ink wells that were common in offices of that era.

The new Macauley building houses executive offices of the firm, a 19,000 square foot warehouse and shipping department for all stores, a large display area to serve the newly-created office interior design division, and a complete retail department.

Each executive office has also been arranged as a model office using furnishings, equipment and supplies sold by the Macauley firm.

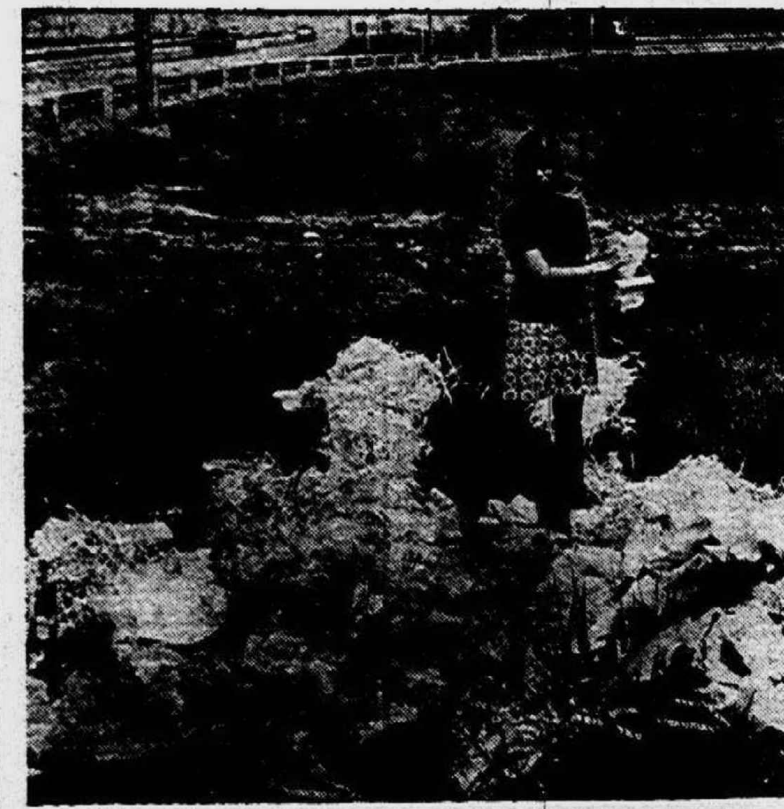

Alexander Hamilton To Accept Military Allotment Mode

Alexander Hamilton Life Insurance Company of America of Plymouth, will now honor military allotment mode of premium payment on all life contracts, Robert C. Johnson, Regional Director of the company's Plymouth Office, announced.

This mode of payment, Johnson explained, permits a serviceman to have his insurance premiums deducted from his monthly pay and remitted directly to the insurance company.

Add Mildewcide

When staining garden structures or wood siding, choose a stain containing a mildewcide to keep the finish looking tip-top.

THIS TEEN-AGER is picking up roadside litter that just one car strews along the nation's highways in a year. Spread out an inch deep, it covers a 108 sq. ft. area. Multiplied by 74,693,000 private passenger cars, that's a lot of litter. To help keep America litter-free and beautiful, Kleenex tissues is sponsoring an anti-litter campaign to encourage the use of car litter baskets, emptied frequently into roadside or home trash disposers. Peak litter season lasts through Labor Day.

Foresters, Gardeners Discuss Landscaping

Landscaping and gardening for the world famous Henry Ford Museum and Greenfield Village will be a part of the summer meeting of the Michigan Forestry and Park Association when they meet in Dearborn on Sept. 22-23.

Sheldon Sproull, superintendent of parks and recreation for the city of Ann Arbor, chairman of the two-day meeting, expects more than 120 city and county foresters and park officials to attend the conference. A demonstration of equipment used in park and forest maintenance is also scheduled during the meeting. This will be held at the Ford Central Staff Building at Michigan and Southfield in Dearborn. Demonstration plantings of garden and border arrangements at Greenfield Village will be on Friday, Sept. 23. John Brickner, assistant superintendent of maintenance for the Museum and Village, and Robert Miller, grounds foreman, will discuss preservation and maintenance of historical features and gardens.

One of the important highlights of the tour will be the work in tree care the Village has undertaken in past years to maintain shade trees adjacent to many of the historic homes and shops.

Visits are also planned to such places as the birthplace of American horticulturist Luther Burbank and the workshop where inventor Thomas Alva Edison created such items as the incandescent lamp, phonograph and many other important things we use today. More than a million visitors from every part of the world tour the Henry Ford Museum and Greenfield Village each year.

Hamilton Cuts Rates On Life Policies

Robert C. Johnson, Regional Director of the Plymouth Office of Alexander Hamilton Life Insurance Company of America, based in Plymouth, has announced a rate reduction on all non-participating ordinary life policies of \$25,000 and above.

The reduction became effective Aug. 15, Johnson said, and will offer policyholders an adjusted premium savings of 40 to 55 cents per year per thousand dollars coverage.

Base Cabinets Give Answer to Storage

No space in the living room for a storage wall? Look again — often pulling furniture away from the walls will produce the needed space and result in a better conversation grouping at the same time. Even if it's shallow, a bank of base cabinets with shelving above is a boon to the storage-tight home. They can be tailored beautifully in softwood lumber — creamy western hemlock, for example — to suit the room's proportions. To give the illusion of added depth, continue the hemlock as paneling above the base cabinet unit, finishing it clear, but staining the cabinetwork a contrasting deep black-brown shade.

Beware of Paint Flakes; They Can Cause Poisoning

Parents of small children living in older dwellings that have crumbling and flaking painted surfaces are urged to scrape and sandpaper these surfaces before their children can nibble on them, advises the National Paint, Varnish and Lacquer Association. Sometimes such misdirected appetites (called "pica" by physicians) can cause lead poisoning, if the nibbling occurs over a considerable period of time, producing a chronic condition.

Lead poisoning from paint does not occur in buildings where landlord repaints every few years, nor does it happen when modern paints are used. For the past 100 years paint manufacturers have constantly been reducing the lead content of paints to completely safe levels. The lead was most commonly found in the pigments that were used to color the paints.

Old buildings in depressed areas are chief offenders. A strong campaign has been set on foot in many cities to require landlords to repaint them. Short of that, scraping and sandpapering are a "must." At the very least, parents should keep children away from the flaking, peeling, crumbling and blistered spots. Children, usually under five with indiscriminating appetites, eat this paint as they chew on windowsills, railings, stairways and walls.

Best advice to parents: a child that has been found nibbling at old painted surfaces or is disposed to eating trash or clay should be taken to a doctor at once. The paint industry has been working with the problem for many years by reducing the content of lead in paints, educating parents, and subsidizing medical investigation into the illness. NPVLA has also published the pamphlet "How to Prevent Lead Poisoning in the Home" in cooperation with the U.S. Department of Health, Education and Welfare.

Small Herb Excellent As Fly Trap

The Venus fly trap plant has increased in popularity in recent years.

Did you ever wonder how this small perennial herb with a rosette of leaves and often small white flowers does its insect-trapping?

The leaf blade works like the teeth of a trap. The two halves, at an angle of about 50 degrees when open, snap together and about 13 bristles interlock.

Sensitive hairs, like feelers, line the inner surface of the leaf blade.

The trap is activated in a fraction of a second when one hair is touched twice, or more than one is touched once by the insect.

Generally, if the insect is small or of little food value to the plant, it is permitted to escape.

Once the insect has been trapped, the secretion of digestive enzymes begins and the insect is digested and absorbed into the plant's circulatory system.

The process takes about 10 days then the leaf blades reopen and are ready for the next victim.

On the Lawn

With Larry Lawrence

It isn't difficult to explain to a homeowner why seeding a lawn in the late summer or early fall is preferable to any other time of year. It is nature's own seeding time and growing conditions usually are more favorable.

It isn't so easy to show him why a late summer seeding is equally profitable. He sees his grass slowing down (less mowing). He very likely sees the evidence of a baking hot summer. And his natural instinct is to say "That's it for this season. Next year I'll get a good, early start."

Actually, if he could fertilize only once a year, this would be the best time to do it. The reason is that the right food triggers "tiltering." Tillers are the new side shoots that make the turf thicker and thus help fill in the bare spots.

By feeding now with a protein building fertilizer such as Turf Builder it is possible to make two or even four blades of grass grow where only one grew before.

Some lawns, as you've probably noticed, are quite exhausted and out of business by Labor Day. Others, on the same street stay green and attractive right up to December or beyond. That's another reward for those who fertilize from now on.

Aromatic red cedar closet lining can be applied over any existing wall surface.

'Boasting and Talking' When Oldtimers Meet

There will be "boastin'" and plain talkin'" on Saturday when the Ford Old Timers Club holds its 13th annual dinner.

"Boastin'" will be done by club members, and "plain talkin'" by the main speaker, Charles H. Patterson, Ford Motor Company executive vice president. The dinner will be in Ford's Central Office Building in Dearborn, Mich.

Mr. Patterson will be offered life membership in the club. The club is composed of hourly and salaried Ford employees and former employees who joined the company before 1940. Patterson began work as a die maker with Ford in 1927.

The club was formed in 1953 with 138 members. It now has more than 600.

Met Opera Ticket Sale Drive Opens

Mail orders for the second annual Detroit visit of the Metropolitan Opera National Company are being received at the Fisher Theatre. The National Company, the new unit formed a year ago to present grand opera at popular prices under the auspices of the Metropolitan, will present six evening performances and one matinee, Monday, Oct. 10, through Saturday, Oct. 15.

The Detroit Grand Opera Association is the sponsor of the fall season of the National Company.

Included in the repertory are two performances each of "La Traviata," in Italian Oct. 10 and in English Oct. 13; "La Boheme" in Italian Oct. 11 and in English Oct. 12; and "The Marriage of Figaro," Friday evening, Oct. 14, and Saturday matinee the following day.

Both performances of "The Marriage of Figaro" will be in English. The week will conclude with a single evening performance Saturday, Oct. 15, of "The Rape of Lucretia," in English.

Two of the operas, Mozart's "The Marriage of Figaro" and Britten's "The Rape of Lucretia," have never been previously presented under Metropolitan sponsorship in Detroit.

Mail orders are being accepted now. Box office sale of tickets will begin Monday, Sept. 19, at the Fisher Theatre.

The Michigan Library for the Blind is a section of the Library Division of the Michigan Department of Education.

OCTOPUS-LIKE COAT has Howard Halstead, Livonia-Redford Player member trapped as he rehearses in the long-running Broadway comedy, "Mary, Mary." Howard was last seen in the Livonia musical "Destry Rides Again." His present role as Bob in "Mary, Mary" is a leading one for the Dearborn Theater Guild. Howard has been seen in Grosse Pointe, Wyandotte, and the Dearborn area . . . community theatrical groups. "Mary, Mary" opens on Sept. 30 for a five night run at the Dearborn Playhouse, Outer Drive and Monroe. Call 274-3165 for reservations.

Farmington Players To Present Othello

Shakespeare anyone? For a quick, entertaining refresher course or simply an introduction to the master of all playwrights, join us at the Barn on Oct. 7, 8, 14, or 15.

For the first time publicly the Farmington Players will present Shakespeare's "Othello."

Joseph Papp has adapted this play expressly for the Players and also plays the title role of Othello, the Moor. It is directed by Nancy Harrower. Others in the cast include: Richard-George Pedicini as Iago, Janice Salisbury, Robert Thomas, Dorothy Papp, Paul Nash, Alan Pake, Norman Hosking and Dennis Broadhead.

EMU Theater Sets Program for Season

The Eastern Michigan University Theatre has announced the play bill for its 1966-67 season. The EMU Player's Series will include A Streetcar Named Desire, The Adding Machine, The Three Sisters, and The Rivals.

In addition to the four play series, an adaptation of Snow White and The Seven Dwarfs by Jessie Braham White will be presented. This adaptation is based upon the version of the famous fairy tale by Winthrop Ames which was originally produced in New York.

The schedule for the Laboratory Theatre will be announced later.

N.Y. Ballet Sets Date at Masonic

The New York City Ballet, America's foremost ballet company, recognized as one of the three best in the world, will give three performances at the Masonic Auditorium, Friday and Saturday, Oct. 21 and 22. This will mark only the second time this famous group has appeared in Detroit, the first time was in 1961.

Under the direction of world-renowned choreographer George Balanchine and Lincoln Kirstein, general director, who have brought the company to the peak of its reputation, Detroiters will see some of the outstanding works that gained the New York City Ballet such acclaim these past few years, performed by the group's brilliant solo and principal dancers and company.

The 58-piece New York City Ballet orchestra will be heard with the ballet company under the direction of Robert Irving, former musical director of the famed London Royal Ballet for 10 years.

Tickets are now on sale at Masonic Auditorium and all J. L. Hudson ticket offices. Mail orders are being accepted, with self-addressed stamped envelope enclosed, sent to Masonic Auditorium, Detroit.

Benefit tickets may be obtained from the Detroit Association for Retarded Children, 95 W. Hancock, phone 831-0202 and at the Masonic Auditorium, either in person or by mail.

Farm Products Show Is Hit at Festival

James Sayre, of Belleville, and Clyde Smith and sons, of Livonia, shared top honors in the first farm produce show sponsored by the Plymouth Rotary Club as an added feature of the annual Fall Festival.

Sayre won first in the muskmelon, third in sweet corn and Wheelbarrow Load of Vegetables and a second in the Gourd Collection.

Smith took a blue ribbon in the Gourd Collection, and for the largest squash and second places in Indian Corn, Wheelbarrow Load of Vegetables along with a third in the muskmelon competition.

The contest, under the direction of Wilford Bunyea and Don Lightfoot, attracted an amazingly large entry list. The co-chairmen were pleased with the entry for the first attempt and indicated it would become a part of all future Fall Festivals.

The contest results: INDIAN CORN—first, Mrs. Marvel Kahri, 981 Ross; second, Clyde Smith and sons, 818 Newburgh Road; third, Roy Schultz, 784 Lilley Road. TALLEST CORN STALK—first, Dwight Wilkins, 7955 Beck Road; second, James McGraw, 4867 Warren Road; third, Russell McGraw, 4867 Warren Road.

WHEELBARROW OF VEGETABLES—first, Faegge Sisters, 43655 Joy Road; second, Clyde Smith, 8010 Newburgh Road; third, James Sayre, Ecorse Road, Belleville. SOY BEAN PLANT—first, Ronald McLennen, 4154 Warren Road; second, Don Korte, 6934 Beck Road; third, Glen Rowe, 6605 McKean Road, Ypsilanti.

GOURD COLLECTION—first, Clyde Smith, 8010 Newburgh Road; second, Ken Kahri and Don Lightfoot, 918 Ross St.; third, James Sayre, Ecorse Road, Belleville. MUSKMELONS—first, James Say-

re, Ecorse Road, Belleville; second, Henry Hawk, 801 Ridge Road, Ypsilanti; third, Clyde Smith, 8010 Newburgh Road.

LARGEST PUMPKIN AND SQUASH—first, Clyde Smith, 8010 Newburgh Road; second, Kenneth Underwood, 7925 Sheldon Road; third, Kitty Underwood, 7925 Sheldon Road, honorable mention, Mike Pulford, 11861 Bitternut, Plymouth.

Vivian Accepts Applications for Service Schools

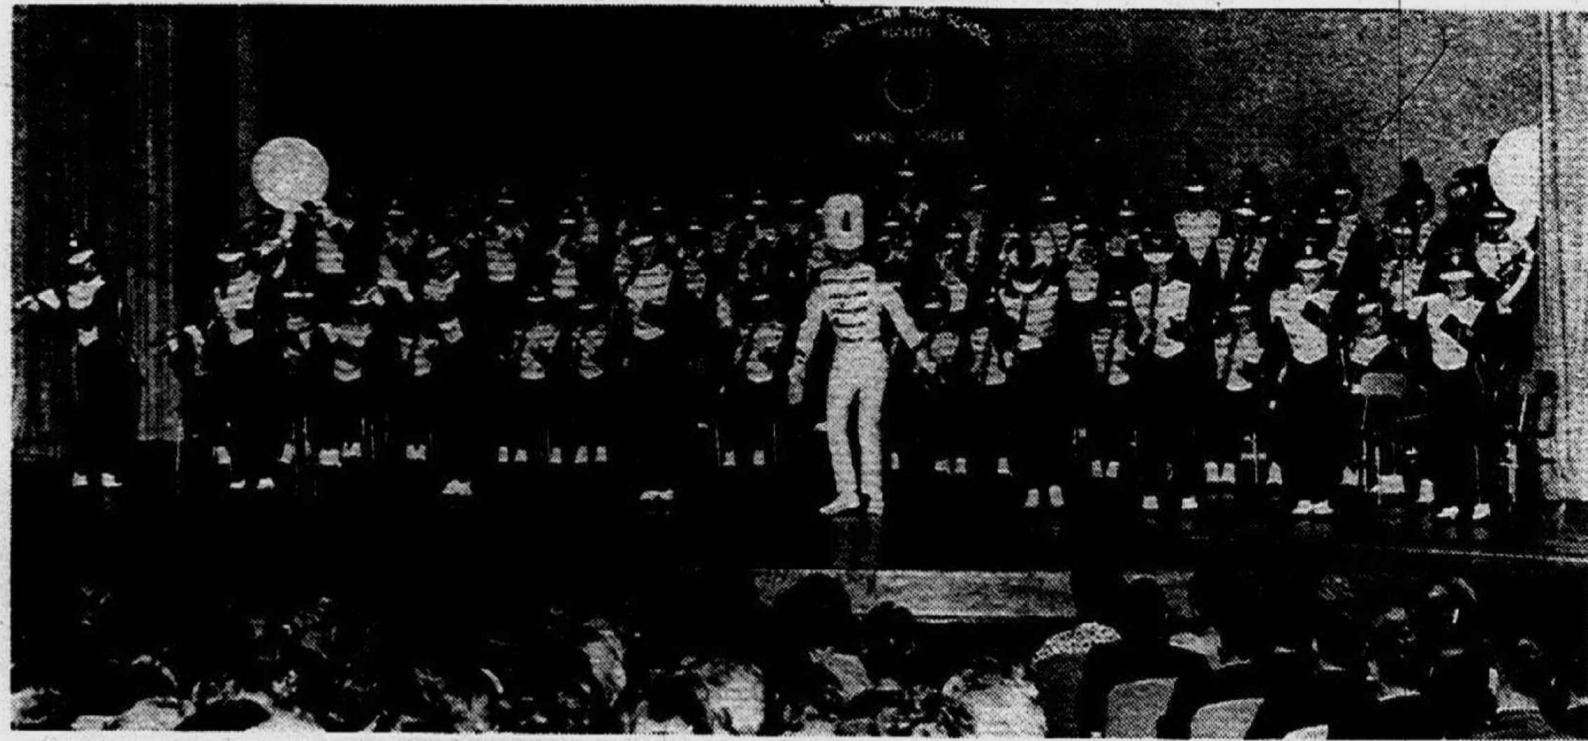

U.S. Representative Wes Vivian announced Monday that he will accept applications for appointment to the United States military service academies up until Oct. 31.

Men who wish to apply for admission to the academies in the summer of 1967 should write for application forms immediately to:

U.S. Representative Wes Vivian, U.S. House of Representatives, Washington, D.C. 20515.

Upon receipt of completed applications and other required information, Congressman Vivian will schedule the applicants for Civil Service examinations, to determine whether they can qualify for nomination.

Announcement of nomination will come next January. Vivian has said that, as last year, he will again make competitive nominations this year, with the final decisions on appointments actually being made by the respective academy admissions officers.

THE ROCKETS from John Glenn High School in Westland donned their dress uniforms for the first time last week and performed for the faculty ceremony held the last day before the opening of the new school year. The band, under the direction of David Wickham, acting co-

ordinator of instrumental music, played musical selections for the teachers. Talks were given by school superintendent Harry Howard and Dr. Carl H. Gross, chairman of the secondary education and curriculum department at Michigan State University.

Evans Signs Agreement In Rail Fastener Field

Evans Products Company has signed an agreement with Lockspike Ltd. of London, England, licensing Evans to manufacture and sell "Pandrol" rail fastening clips in the United States and Canada. The "Pandrol" clip is standard on British railroads and is widely used in eighteen other countries.

The "Pandrol" clip is a resilient rail fastener manufactured from high quality silicon-manganese heat-treated spring steel. It is used with wood, steel, or concrete ties. The clip is applied parallel to the rail and is driven and removed with an ordinary spike maul.

No special tools are required. There are no nuts or bolts and consequently no periodic inspection for bolt-tightening is needed. The clip is designed for ample resilience and to resist rail creep in both directions. It is said to be ideal for use with long welded rails.

The Company says the addition of rail fasteners to Evans' line of products is a programmed step in broadening the Company's railway equipment business, which includes the manufacturing of rail cars and of a variety of rail damage-prevention devices. A spokesman said one rea-

son for Evans' interest in the "Pandrol" clip is the increasing use on the part of U.S. railroads of concrete ties and resilient rail fasteners. He said this was brought about by a shortage of wooden ties, the limited service life and need for maintenance of wooden ties, and the need for improved road bed and track structure to accommodate the increased speeds and greater capacity of modern rail equipment.

He said the "Pandrol" clip has been proven and is the worldwide leader for use with concrete ties.

Distribution of the clips in the United States will be by Evans' Railway Equipment Division in Plymouth. Appointment of a sub-licensee to handle distribution in Canada will be announced soon. Evans is interested in receiving inquiries from railroads for test installation of the "Pandrol" clip in this country.

Rep. Vivian Asks Report On Expenses

U.S. Representative Wes Vivian has introduced H.R. 17574 in the House of Representatives to require full disclosure each year by each Member of Congress, as well as by each top official of the Executive Branch of the Federal government, of his income for the year and his financial assets.

Vivian placed in the Congressional Record a financial statement, listing his income and assets for calendar year 1965. Vivian stated, "It will be my practice, as long as I am privileged to serve the people of the Second Congressional District of Michigan, to file such a statement annually, whether or not the law requires it."

Board of Education Changes Meetings

Livonia school board meeting will be held on Monday evenings this year instead of alternating Thursdays and Tuesdays as in past years.

According to secretary A. Edward Katz, the regular board meetings, where official business is voted upon, will be held on the first and second Mondays of the month while study sessions or occasional special meetings will be scheduled on the second and fourth Mondays.

"The public is invited to both official meetings and to study sessions," Trustee Katz said.

Fr. Van Antwerp Takes Charge of St. John's

Rev. Fr. Eugene I. Van Antwerp, son of a onetime Detroit mayor, is the new rector of St. John's Catholic Seminary.

St. John's is the only seminary in Michigan offering the final four years of training before ordination.

Rev. Fr. Edward J. Hogan, rector for the seven past years, will take Father Van Antwerp's place as spiritual director of St. Patrick's Seminary in San Francisco.

Father Van Antwerp was born and raised in the Detroit area. His brother, Daniel is presently a candidate for Records Court, and another brother, Joseph, is the Mayor of Cheboygan.

Ordained a priest in 1942, Father Van Antwerp was the spiritual director of St. Patrick's for the past three years. Before that he was assigned to St. Mary's Semi-

nary in Baltimore for 12 years.

Seminary training resumed Saturday, with an enrollment of 164 students.

Father Van Antwerp is the third rector of St. John's since its opening in 1949. The first was Father Lyman Fenn, followed by Father Hogan.

Festival Pet Show Has Record Entry

Following in the path of every event of the 10th annual Fall Festival, the pet show Saturday morning attracted a total of more than 170 entries, largest ever according to Director Herb Woolweaver.

And there was more interest this year than ever before, especially on the part of parents. Matter of fact, the pet show was labeled for the kiddies but it was hard to determine whether it was a parent or child exhibiting the pet. Both were hard at it grooming the pets and doing everything possible to win one of the three ribbons.

There was one consolation for all young exhibitors, each received a free pass for the Penn Theater. The parents had to content with what ever prizes their pet won.

"We are extremely pleased with the interest this year," said Woolweaver. "It certainly is gratifying to see the tremendous interest shown by parents who got right down with their children to make the pets as attractive as possible."

The judging was conducted by a panel of three including Dr. Marion Weberlein, Dr. Richard Kerchgatter and Bill Baumgarten.

John Close served as announcer and master of ceremonies and Mrs. Sharon Andrews was clerk of course, recording all entries and prize winners.

The complete list of winners:

Do electric dryers really cost less to buy?

Do you really get no-charge service?

Do kids like ice cream?

The answer, of course, is a rousing YES! Model for model, electric dryers cost from \$20 to \$40 less than gas dryers. And every electric dryer is backed by Edison's No-Charge repair service. No charge for any electrical parts. No charge for labor. Edison is the only utility company in this area that offers no-charge repair service.

Can you get this kind of worry-free assurance with a gas dryer? Sure—with a manufacturer's repair service policy. But it will cost you up to \$120 over the first five years of operation alone!

One thing more, Edison's No-Charge repair service applies even if you don't buy your dryer from Edison—so long as the dryer is electric and you get your electricity from Edison. And if you buy now from a participating dealer, the low price you pay includes the cost of wiring, if any's needed. So when you add it up, an electric dryer can save you up to \$160 in just a few years. That can keep the kids in ice cream a good long time. EDISON

Isbister Calls 'Quits' After 40 Years 10 New Teachers Are Approved by Plymouth Board

(Continued from Page 1) served in that capacity for three years before moving to Plymouth.

He became head of the Plymouth school system in July 1951 and has been here since.

Mr. and Mrs. Isbister are the parents of two sons, Robert, who was married recently and resides in Livonia; and James who lives in Bethesda, Md.

His letter of resignation follows:

"Reluctantly, yet after long and considered judgment, I hereby tender my resignation as Superintendent of Schools, effective June 30, 1967. In making the announcement at this time it is my desire to provide the Board of Education with ample time to select my successor and thus make an orderly transition to the new administration.

"At the close of this present school year I will have com-

pleted 40 years of teaching and administration in the public schools of Michigan, the last 16 years of which have been in Plymouth. These years have been pleasant, satisfying and, from my point of view, productive ones in the education of children, youth and adults in the communities which I have served.

"Therefore, it is a fitting time for me to step aside from the heavy responsibilities of this position and give

the Community the benefits of a change in leadership and to myself an opportunity for a new venture in service. In the Metropolitan area, I am among the fortunate few who have had the privilege of serving a community so many years as a superintendent of schools.

"During my tenure here the Plymouth Community has elected to membership on the Board of Education high caliber men and women who have given unselfishly of

their time and talents to the development of quality schools.

"Equally important, too, is the community's interest and willingness to attract and retain highly qualified teachers and other employees. What success we have had in building an image of good schools can be attributed to these factors.

"During this last year it is my intention to give to the Board of Education a full measure of dedication and

leadership in the solution of the many problems which confront the schools in these rapidly changing times.

"It is a great source of comfort to know that I can separate from this position with a positive attitude towards the Board, the Community and my many fellow employees whose loyalty and dedication helped to make my task easier.

"May the Plymouth Community continue to have a bright future."

The Plymouth Community School Board Monday accepted the resignation of one teacher and approved appointments of 10 others to assignments, including Principal Earl Gibson, of Bird School, to the recently created post of Director of Special Services.

Mrs. Ann Packard tendered her resignation as a teacher in Gallimore School to accept a position with the South Lyon system. It was accepted upon recommendation of Supt. Russell Isbister.

New appointments, also recommended by Supt. Isbister, are: William Beaman, substitute for the past three years, to Social Studies at senior high. He is a graduate of the University of Michigan and has a master's degree.

Mrs. Ina Crider, graduate of Capital University in Columbus, O., one year at Pikeville, Ky. and 10 in Columbus, to fourth grade in Gallimore School.

Mrs. Linda Leavitt, Eastern Michigan University, one year in Trenton, to third grade in Gallimore.

Mrs. Nancy Moran, University of Illinois with no previous experience, to elementary librarian at Farrand.

Mrs. Jane Raafaub, Chatham College in Pittsburgh, Pa., two years in Livonia to second grade at Tanger.

Mrs. Shirley Spaniel, Eastern Michigan and the University of Michigan, with one

year in Bay City, three in Ypsilanti, three at Lincoln Consolidated in Ypsilanti and a year in the University of Michigan Lab School, to reading consultant.

Mrs. Marilyn Snyder, Marygrove College, with four years in the Detroit schools, to half-day kindergarten at Allen.

Jerry Vance, Fort Hays State College and Wichita State University, with three years in Oberlin, Kans. and a University of Michigan teaching fellowship in 1965-66, to instrumental music at Farrand, Gallimore and Tanger schools.

Jon Jacobs, University of Toledo, with one year in Toledo, two and a half years at Oregon, O.; and four years in South Redford, to school diagnostician.

Around Plymouth

As per the custom of doffing his high silk hat was dapper Russ Cutler in cutaway suit and Betty in a plaid century old number.

Daughter, Mrs. Emily Kennitz was wearing her Grandmother's (the late Mrs. Sidney Strong) college dress from 1905, all gold and lace and net.

"All out of cookies," said the Grange ladies Mrs. Louise Hutton and Mrs. Mamie Murry, "but—we still will take your order if you like."

We tip our hats to Mrs. Wilson Augustine and her committee—as always a superb job, the Antique Mart brought visitors from far and near. Mrs. Lewis De Vecchis from Ardmore, Pa., "how delightful to go antiquing in such an atmosphere."

From Bloomfield Hills came the William J. Kuchners, and over from Dearborn, were the U. E. Hampsons, the Alma Lund family from Trenton.

Toledo brought the D. S. Priggs and from Manchester the Scholewskis, Zola Brown employee of Observer came over from Redford and was most impressed. The success of the show each year lies in careful planning and good organization and all out cooperation from members.

Mrs. Earl Hobbs from Livonia talked over the Adventure Series soon to be run, sponsored by the American Association of University Women. They have set the date for Sept. 21 when parents may stop at school to pick up season tickets but of course one may purchase an individual seat at the door on the day of the lecture if they like.

Blanche and By Becker were taking in the Tri-City Art display. Now living in Roseville they wouldn't think of missing the Festival. The Plymouth City Hall was designed by Becker.

Mr. and Mrs. Russell Jantz from E. Detroit admired the old cars. They had just attended the car show at Greenfield Village—"it's always fun and I go along just to see how enthusiastic he is," said Mrs. Jantz.

Peeking in the window at Minervas, the old doll collection caught Mrs. T. E. Heger's eye. She comes from Ann Arbor every year and the window's alone are worth the trip.

Little Billy Bolgos and his Mom and Dad, the Dean Bolgos of Plymouth, sat patiently at Sherwin Williams Paint Shop, to have a silhouette made. This is always a busy place where Kaye Housel cuts silhouettes in minutes, while you wait.

Keeping the boys busy, the Hi Y picked apples from the David Woods Farms and oversold their pickings four times.

Ending the weekend festivities—a boy dressed in leather Liederhausens, a balloon flying high, tear stained cheeks and "Mommy, my feet hurt," Paul Sincok.

DOES PLYMOUTH WANT A HARD-WORKING CONGRESSMAN?

WES VIVIAN, your U.S. Congressman, has been recorded present and voting for 90.1% of the roll-call votes since he took office as your representative in Washington. What is his opponent's record in Lansing?

THE HOUSE OF REPRESENTATIVES
STATE OF MICHIGAN
OFFICE OF THE SPEAKER
LANSING

August 30, 1966

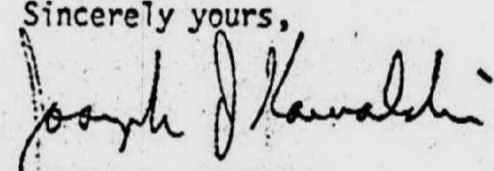

Mr. Robert W. Carr
Campaign Coordinator
1317 Granger Avenue
Ann Arbor, Michigan

Dear Mr. Carr:

In response to your letter of August 25 requesting verification of your research on the voting record of State Representative Marvin Esch, my staff has completed checking your work.

We found your statistics correct. Rep. Esch failed to vote on 345 out of 1,097 roll-call votes recorded in 1965. Rep. Esch failed to vote on 542 out of 1,046 roll call votes recorded in 1966 through June 29.

Best wishes.

Sincerely yours,

JOSEPH J. KOWALSKI
Speaker

ESCH—59.2% attendance (one of the worst records in the Michigan House of Representatives).
VIVIAN—90.1% attendance (one of the best records in the United States Congress).

Re-Elect WES VIVIAN—Your Hard-Working U.S. Congressman

AUTHORITY RE-ELECT WES VIVIAN COMMITTEE, ROBERT CARR, CHAIRMAN

Plymouth Beats Bushes For Lawmen

The City of Plymouth is beating the bushes for policemen. Like in most communities in the nation, there is a severe shortage of competent policemen.

The City, according to Police Chief Kenneth Fisher, needs four men. Recent resignations have trimmed the size of the force.

The salary ranges from \$6,058 to \$7,202, and is determined by experience, training and qualifications.

Fringe benefits include hospitalization, paid vacation, holiday pay and uniforms.

Robert Staff Off to Europe For Classes

KALAMAZOO—Robert J. Staff, of Plymouth, will sail from New York Sept. 17 to begin six months of study in Muenster, Germany.

Studying for a academic credit under the Kalamazoo College Foreign Study Program, he will be among 191 juniors scheduled to enroll in ten countries in Europe, Africa, Asia, the Near East and South America. Son of Mr. and Mrs. Eugene P. Stermer, 41339 Ivywood Lane, Staff expects to return to the United States next March.

During his stay in West Germany, he will live with a German family, enroll for classes in German, modern art, and recent European history, and spend approximately five weeks in independent travel. He also will serve as the group leader in the Kalamazoo College program in Muenster.

Set Registration For Plymouth Archery Classes

Registration for the archery program of the Plymouth Police Youth Club will take place at 7 p.m. on Wednesday, Sept. 21 in the Community Building at the corner of Union and Dodge Streets, behind the City Hall.

Applicants must be between the ages of 12 and 17 and should be accompanied by a parent. There is no charge for this activity. Instruction and shooting will begin the following Wednesday at 6, 7 and 8 p.m.

Clifford Smith supervises the archery activity. Adults interested in helping with this worthy program should call 453-4586. Instructors receive no pay, but there will be time for personal archery practice.

Livonia School Lists Teaching Staff

As vacationers return to their suburban homes, clubs, and recreation centers they see new faces of people who have moved into their ever moving changing, kaleidoscopic community.

The same changes are apparent as teachers and students return to schools, new and old, throughout the exploding 39 square mile district.

Dr. Norman Whisler, director of personnel for Livonia schools, points out that this year, as new schools are opened or older schools are enlarged, many teachers have been assigned to new responsibilities throughout the system.

Teachers new in the system are designated with an (N), those who have been transferred with a (T), and those who have returned after sabbaticals and other official leaves of absence with an (R).

Here, for the benefit of children and parents who will want to know who will be on hand as classes reopen this September, is a complete roster of the staffs of 31 elementary schools in Livonia:

- 2 Gamblers Sent to Jail For 90 Days**
Gambling is to take place at the betting windows and not on the parking lot, two Detroit men learned last week in Livonia Municipal Court where they were sentenced \$500 each or 90 days in jail. They chose the iron bars after Judge James McCann declared their fate. Livonia police arrested the pair May 23 at the Detroit Race Course when they noticed a crowd gathered on the parking lot. They found the two men with cards and dice, playing a game known as "three-card monte." Sitting in jail are Charles Brown, 47, of 94 Watson Street; and Louis V. Nebulone, 42, of 5090 Beaconsfield St. Police investigation showed both men have had many previous brushes with the law, including gambling arrests.

Computer Would Help Administrative Pay Raises Based on Merit in Livonia

By BILL GAIL
Observer Staff Writer
Pay raises for administrators and principals are not granted automatically in the Livonia school system as they are in some other area school districts. In explaining the method used to establish salaries, set recently by the Livonia Board of Education, Supt. Benton Yates said: "Factors for administrative responsibility, experience and success are not automatic in the salary schedules; and the superintendent . . . and other supervisors will make recommendations under established criteria similar to those we have used in the past."

- He listed five areas of evaluation:
 - Professional training and preparation
 - Curriculum and instructional leadership
 - In-service training and orientation of teachers, including probation and tenure recommendations, and etc.
 - Community and parent relationships
 - Business management, etc.

Yates said factors to be used for administrative responsibilities were an additional 15 per cent for principals (on the administrative base pay); 12.5 per cent for junior high school assistant principals and 10 per cent for junior high and elementary assistant principals. "Base pay" is determined from the "current classroom teachers' master's degree salary schedule, Level II, adjusted to 10 calendar months by adding an adjustment factor of five per cent." A load factor — new this year — was used and provided principals would get one-half per cent of

the administrative base pay for each 100 pupils above 500; assistant principals get one-quarter per cent. "Principals are also getting a load factor for number of adults supervised, including teachers, secretaries. This factor is to be one-quarter per cent for each 10 adults where there are 40 or more.

"This is an attempt to recognize the larger load of student activities, community use and longer use of school facilities," Yates explained. "Administrative experience is to be evaluated at

a maximum of two per cent of the teacher base salary per year with the maximum recommendation expected to be reached in nine years for principals and in six years for assistant principals."

He said principals, prior to this year, had reached their maximum experience increment of \$150 yearly in 10 years. Some 59 junior high and elementary school principals won pay hikes averaging \$1,400 last week while the district's three high school principals will get pay raises not to exceed \$2,000.

100 Persons Talk Housing

A spaghetti supper and appearances by several civic and political leaders drew nearly 100 residents out for a social evening Saturday sponsored by the Redford Township Assembly for Human Relations.

Justice of the Peace James Ryan acted as moderator during the evening's affair, which was keyed to building better understanding among all racial and religious groups.

Guest speakers included State Senators Edward Rooinson and Roger Craig, Democratic gubernatorial candidate Zolton Ferency, Judge Thomas Brennan, and Trustee Eugene Duston. All called for effective public action to provide equality of opportunity in housing.

The event, the second such annual affair, was held in St. John Bosco Church on Beech-Daly.

Bob Apisa, Michigan State's junior fullback, has been dubbed by sportswriters "The Samoan Bull," after his birthplace, the island of Pago Pago in American Samoa.

Cub Pack 547 Sets Sept. 27 For Round-Up

Pack 547, Cub Scouts of George H. Fisher School will hold its Annual Roll Call on Sept. 27, as the start of the 1966 Fall Round-Up, William Sivyer, Cubmaster announced this week.

The Round-Up will take place in the Detroit area council, Boy Scouts of America, with the theme "Follow the Rugged Road to Adventure."

"Pack 547 holds regular meetings the last Tuesday of each month at Fisher School and invites boys who are 8 to 10 years of age to join during the fall membership campaign," Sivyer said.

Special events planned by Pack 547 during the next four months include:

Sept. 17—U of M Historical Museum.

Oct. 7—Hike and wienie roast, Halloween party, October Pack meeting.

Oct. 15—Holiday On Ice, Cobo Hall.

Oct. 14, 15, 16 — Area Camp-o-ree.

Nov. 29 — Adventures in Space.

Redford Cadet Ends Training

Cadet Daryl B. Kordenbrock has completed the U.S. Air Force Reserve Officers Training Corps (AFROTC) summer encampment at Lockbourne AFB, O.

Cadet Kordenbrock, son of Mr. and Mrs. C. Clifford Kordenbrock of 14038 Inkster Road, Redford Township, observed and took an active part in flying and support phases of operations at Lockbourne during the month-long summer training period.

A member of the AFROTC unit at Michigan State University, he will be eligible for a commission as an Air Force second lieutenant upon graduation and completion of AFROTC training.

The cadet is a 1963 graduate of Thurston High School.

Plymouth Teens Slate Campaign To Help ALSAC

The fourth annual Teenagers March with Danny for 1966 is underway in Plymouth with a group of teens gearing up for another successful ALSAC (Aid to Leukemia Stricken American Children) Drive.

The Teenagers March is an annual march for the support of St. Jude Children's Research Hospital in Memphis, Tenn.

Founded by Danny Thomas, St. Jude's is working in childhood diseases, including cancer, leukemia, muscle disorders, and nutritional disorders. Expenses have consistently been held under 10 per cent of all funds raised, with more than 90 cents of every dollar going directly to the research hospital.

Last year, Plymouth contributed \$318 to the \$198,000 raised by Detroit and other suburban communities. A

rather embarrassing sum compared with neighboring Livonia's contribution of \$7,000.

This year a new goal has been set for \$1,500. In order to meet this goal the complete support of all teens and adults of Plymouth is needed.

Teen Chairman, Phyllis Lenaghan with Bob Schaefer and Doug Bruce as co-chairmen, and leaders Janet Silvis, Barbara Thomas, Debbie Broderick, Betty Jo Fisher, Cathy Brisbois, Sandy Singleton, Ann Wood, Sally Post, Kathy Skinner, Jane Doyle, Linda Young, Dona Tate, Sue Greenley, and Mary Jane Herb are in need of marchers.

Any interested teen or pre-teen from age 12 and up please call Phyllis at 453-2870 or Doug at 453-6576.

Township Democrats Adopt Active Campaign Platform

A vigorous safety program and 'stubborn opposition to increased township property taxes are the main planks in the election platform announced by the Democratic candidates for Farmington office.

The platform was announced following a meeting of the candidates — Aldo Vagnozzi for Supervisor; Elizabeth O'Connor for Clerk; Joyce Hungerford for Treasurer, and Harris Berger and Harold Shpiece for Trustees.

Dr. Robert Cox Named Dean

Dr. Robert Cox, who recently served as Chairman of the Communications Division, has been appointed Dean of the Faculty of the Oakland Community College Auburn Hills Campus.

Dr. Cox, 50, of 893 Henrietta, Birmingham, joined the OCC staff in June, 1965.

From 1962 to 1965 he was technical book editor of the American Society of Tool and Manufacturing Engineers and prior to that was technical writer-instructor with the Ford Motor Company Service Department.

A former assistant professor of English at Eastern Illinois State University, Dr. Cox earned both his Master's and Doctor's degrees at the University of Michigan.

Other major proposals contained in the platform include:

- Transforming township government from the private preserve of a few individuals as at present to a responsive public body which welcomes and encourages citizen participation.

- Attack present health standards, such as the septic tank problem in several areas.

- Improved county services.

- Preservation of the residential nature of the community.

- Retention of two-year terms for township offices.

- A realistic program to meet the township's road problems.

The candidates stated they would detail each item as the campaign progresses and "hoped the Republicans would do the same."

Schools Raise Luncheon Fee

Due to rising cost, the Farmington School Board has adjusted fees for custodial and lunch room services when used by members of the community for purposes other than educating children.

No change in rental fees for the space has been made. The new custodial charge will be \$3 per hour during the week and \$4.50 per hour on Saturday and Sunday when overtime rates prevail. Lunch room supervision will be \$3 per hour.

Groups sponsoring cultural or educational programs that are free of charge and open to the general public still may use school facilities without charge. This includes groups of students, PTA (unless the activity is a money-raising project), Boy Scouts, Girl Scouts, the YMCA and others.

DELLA PALLISTER, tournament secretary, Redford Suburban League Mixed Doubles Handicap Bowling Tournament, is shown presenting checks and trophies to Judy Wioncek, 4550 Helen, Dearborn and John Koski, 14040 Sunset, Livonia. They rolled a total of 1305 to place first in this charity event.

Steering Group Seeks College Aid

The 10-man steering committee that has been appointed to study the possibility of unifying the governments of Farmington Township and the City of Farmington, already has taken its case to college.

In an attempt to get the best advice possible, the Committee has called on Dr. Duane Gibson, Director of the Institute for Community Development and Services at Michigan State University.

During this visit it was agreed that the Steering Committee would meet with Dr. Gibson and his staff late in September in East Lansing and at that time it is expected that direction will be given on how the Permanent Study Committee should proceed.

Other agencies and institutions that are being approached for background material include: The Michigan Municipal League, Detroit Metropolitan Regional Planning Commission, Wayne State University and the University of Michigan.

Aside from this the Steering Committee is considering several leading citizens of the community to serve on the Permanent Study Committee, which is to be formed after the various professional planners have been consulted.

The Steering Committee has promised to keep the citizens of the community aware of the activities of both the Steering Committee and the Permanent Study Committee at all times.

The Steering Committee, in making its announcements, emphasized the fact that neither the committee nor the organizations which the members represent, wishes to take anything but a neutral stand, for the time being.

The purpose of the study is merely to ascertain the facts as they relate to the question of the unification of the governments and to make all these facts available to everyone who is interested.

Eight Classes Offered Adults

Eight new classes are being offered in the Adult Education Program of the Farmington Public Schools which open next Monday, September 19.

Registration for the new classes will be held at Farmington High School, 32000 Shiwawasse, on September 14-15 and enrollees need not be residents of the Farmington School District, according to Director Richard Tyler.

The new classes include Bookkeeping and Accounting; Real Estate Investment; Gregg Shorthand Refresher; Interior Design; Post High School Guidance for Parents (to help parents guide their children after high school graduation); Orientation for Substitute Teachers, and Effective Supervisory Techniques and Salesmanship.

Other classes are offered in business, fine arts, homemaking, liberal arts, recreation, health and safety and community service. A state-supported non-tuition course is offered for those who wish to complete their high school education and receive a fully accredited high school diploma.

Freedom Road Sidewalk Plan Given Approval

As a further protection for the youngsters attending Cloverdale School, the Board of Education and the City of Farmington have entered into a joint agreement to install sidewalks from the school to the eastern city limits.

Bids are to be taken for the work and the program is to be included in the sidewalk program for the Fall.

With the construction of this area, there will be a continuous sidewalk on Freedom Road.

Water, Sewer Bids Approved

The Township Board approved water facilities in two sites and sewer facilities in another at its meeting on Monday evening.

Water was approved for the La Muera Estates Sub-Division of 40 units at a public hearing and it also approved water for a portion of Hamilton Street, south of Shiwawasse. A special assessment was approved for the installation of sewers at the Farmington Freeway Industrial Park. The cost will be \$101,000 over a 15-year period.

Language Registration Closes Soon

Farmington area parents interested in French and Spanish instruction for their children have until Sept. 16 to register for Saturday morning classes beginning Oct. 1 at Ten Mile School.

The Ten Mile PTA, continuing the program begun last spring, has asked that registrations for children in the second through sixth grades be returned by this weekend, together with the course fee of \$8 per child.

Those wishing further information may call the language program chairman, Mrs. Ruth Allaben, at 476-6377.

Classes will be held at 9 and 10 a.m. for ten Saturdays, ending Dec. 10. There will be no class on the Saturday following Thanksgiving.

Plans call for beginner classes as well as somewhat more advanced instruction for children who began French or Spanish last spring. Age groups will be divided, with second and third graders in one class and fourth through sixth grade youngsters in another.

A minimum of 14 students will have to be enrolled in each class, or it will be cancelled and fees returned.

The aim of the program is to give the children a taste of language instruction—from a conversational point of view—during their early school years when their minds are more receptive to it. No attempt is made to teach grammar.

Clerk Issues Urgent Call To All Voters

In anticipation of a large vote in the November elections City Clerk, Trena M. Quinn is setting up special hours for registration and asks that folks register as quickly as possible.

Her office will be open to register voters each day, Monday through Friday, from 8:30 o'clock in the morning until 5 o'clock in the afternoon. She also is providing for registration on two Saturday mornings from 9 o'clock until Noon. These Saturdays are Sept. 24 and Oct. 1.

The last day to register is Oct. 10 and the office will be open from 8 o'clock in the morning until 8 o'clock in the evening.

Township Hall Site To Get Beauty Study

With the dual purpose in mind of ridding the area of trees affected with the Dutch Elm disease, and beautifying the eight-acre parcel of land that comprises the Township Civic area, Supervisor Curt Hall received permission from the Board of Trustees to contact a landscape architect to design a plan for the area.

"With advice from an expert," Supervisor Hall explained, "we will know just which trees to retain and what can be done to make the remainder of the area a place of beauty."

Two Industrial Park Sites Given Final OK

Industrial Park sites No. 1 and No. 2 in the Northwest corner of Section 30, were given final approval Monday night by the Farmington Township Board of Trustees.

Drawn up and approved by the Planning Commission, the Trustees approved without a dissenting vote.

Senior end Gene Washington owns seven different Michigan State pass receiving records.

FILLING HIS CAMPAIGN bus tires with air after they were defeated last week is Plymouth attorney John E. Tripp, Republican nominee for the 36th State House district which includes his community, Garden City, and half of Westland. Tripp, who took 30 minutes to fill the tires on the campaign vehicle parked in the lot of a Garden City shopping center, said that he isn't sure whether the act was vandalism, a youngster's prank, a thoughtless act — or a petty political move. The Democratic Party's Congressional District's office is located across the street from the parking lot. The candidate also stressed that he has received cooperation from local merchants who allowed the display of the bus.

Farmington Okays Pair of Apt. Sites

After many months of study City Council finally has approved the rezoning of two lots in the Farmington Little Farms subdivision that will pave the way for the erection of an apartment house project.

These two lots, each five acres in size, will eventually be the site of an apartment complex of 160 units and will be restricted to adults.

Prior to the vote on the project Council conducted a public hearing in which there was no rash objections. Then, when Council convened Mayor Brotherston accepted a motion to eliminate the two-week wait and approve the project immediately.

"I would like to have it understood," the Mayor stated, "that this action will not establish a precedent, but I saw no need to wait the customary two weeks for an official vote when there were no objections to the proposal."

Dog Obedience Class Set

A new class in dog obedience will begin at the Northwest YWCA, 25940 Grand River, on Thursday, Sept. 29 at 8 o'clock. All breeds, at least six months old, accompanied by a handler and health certificate must be pre-registered. The course, directed by James Cherrington, will be conducted for eight weeks.

Adult Program Has Many Varied Subjects

More than 50 courses ranging from skiing to mental health, bridge to oil painting, shorthand to English and social studies will be offered this year—through the adult education program of the Farmington Public Schools.

Registration for these courses is open Sept. 14 and 15 at the Farmington High School. The hours are 6:30 to 9 p.m.

A non-profit activity sponsored by the schools, the program has grown steadily each year. Richard Tyler, director of the program, anticipates some 2,000 people enrolling in one or more of the classes during the fall term.

Enrollment is open to all adults regardless of age or previous education. Day school youth, 16 or older, may also enroll with permission of the director.

Classes begin Sept. 18. Late registrations will be taken during the first week of class, provided there are openings in the course.

The areas of business, fine arts, homemaking, liberal arts, recreation, health and safety and community service are all covered in the courses offered. A state-supported, free tuition High School Diploma program is also offered for those wishing to complete high school and receive a fully accredited high school diploma.

Tyler said that the usual classes will be offered as well as a number of new subjects which have been requested.

New classes this term are: Bookkeeping and accounting; real estate investment; Gregg shorthand refresher; interior design; post high school guidance for parents; orientation for substitute teachers; effective supervisory techniques; and salesmanship. Classes are scheduled Monday through Thursday and most of them are 10 weeks in duration. Further information may be obtained from the Adult Education office in Farmington High School.

Kiwanis Sells Peanuts To Aid Kids Program

Members of the Farmington Kiwanis Club will become peanut vendors for two days.

This plan to become street salesmen on Friday and Saturday, September 23-24, is their annual contribution to the welfare of the less privileged children in the city.

The proceeds of the peanut sale will be used for whatever help is deemed necessary for those unfortunates.

Judge Ed Draugelis Speaks to Newcomers

The Plymouth Newcomers met in the Jacob room of the Mayflower Hotel for their first meeting of the Club year, with over 90 in attendance.

The program for the day was Judge Edward Draugelis who spoke on Parents and Juvenile Delinquents.

Draugelis gave a brief background and heritage of the courts, he told of the importance of working with counselors and rehabilitating these youngsters. Community responsibilities to isolate the activities that lead to the problems, but most of all a good Parent, Child and Citizen relationship is necessary.

Special Interest Group Chairman, Mrs. Richard Brooks announced the various categories that members may participate in, they include an Antique group, ballroom dancing, bowling, women and couples, Bridge, crafts, golf, gourmet cooking, knitting, reading, volunteer group and Weight Watchers.

NEW residents of Plymouth are eligible to become a member if they have lived in the community for one year or less. But only if they are paid up members of the club may they participate in the special interest activities. Membership Chairman Mrs. Henry Ferrari will be glad to fill in any information at 453-1451.

THE GAVEL IS RECEIVED by Mrs. Thomas Lewis, 964 Roosevelt, president of the Plymouth Newcomers, from Mrs. James Hothem, 4680 Betty Hill, past president. Mrs. Lewis will preside over the first meeting of the club year.

THE MICHIGAN MILE IS A ROAD LEADING TO RACING GLORY

THE MICHIGAN MILE AND MEMORIES!

We take a long and proud step Saturday with the 18th running of The Michigan Mile at the Detroit Race Course. The purse has been increased to \$100,000-added, which puts it among the Nation's top classics.

I long have looked upon The Mile as The Showcase of Michigan racing. Its place as the State's premier Thoroughbred event is unchallenged. Its value is more than double that of any other race offered by a Michigan track.

I regard The Mile as more than a great race. I regard it as a means of expressing my sincere thanks to Racing Fans for their loyal support. It is my way of demonstrating our constant effort to offer the finest possible racing at the Detroit Race Course.

The caliber of horses The Mile attracts attests to its high standing among the Nation's leading owners and trainers. A year ago, the horses which finished first and second in The Mile, Old Hat and Roman Brother, subsequently were voted "Mare-of-the-Year" and "The Horse-of-the-Year" in nationwide polls.

Old Hat and Roman Brother joined such other outstanding stars as Crimson Satan, Decidedly, Greek Money, Going Abroad, Tibaldo, Beau Prince, American Comet, Total Traffic, Neartic, Spur On, Second Avenue, Bully Boy and Oil Capitol as Michigan Mile competitors.

Again Saturday, we will have a field of the finest Handicap performers in The Mile.

The probable field will include Bold Bidder, the winner of three \$100,000 stakes already this season at Santa Anita, Monmouth and Arlington Park; Tom Rolfe, winner of the 1965 Preakness, second in the Belmont Stakes and third in the Kentucky Derby; Old Hat, bidding for an unprecedented second victory in The Mile; Victorian Era, the finest Handicap performer in Canada; Jolly Jet, Selari, Brave and Bold, Amberoid, Tronado, Swift Ruler and Royal Gunner.

I mentioned Memories in connection with The Mile.

I wonder how many Fans recall that the first running of The Mile in 1949 at the old State Fairgrounds track was raced on the turf? That's correct. In those days, there was a grass course at the Fairgrounds, and Sir Sprite, from the stable of Sportsman O. F. Woodward was the winner. The Mile purse then was \$7,500.

I have special memories, too, in connection with the 1952 Mile. It was won by Bully Boy, a great colt I bred at the Coldstream Stud and which raced in my colors. H. H. (Pete) Battle, who now is one of our Stewards, trained Bully Boy.

The Michigan Mile was just that... an event raced at a flat mile... through the 1958 renewal. Then, at the request of horsemen, the distance was changed to a mile and one-sixteenth and we raced it that way through 1964. Again, conditions warranted a revision, and The Mile became a mile and one-eighth race. That will be the distance Saturday.

We are proud of The Mile. We believe it is a symbol of Racing at its Best. To offer the finest in Racing in a setting which provides the Fans beauty, convenience and comfort is our constant aim.

The Mile, with its \$100,000-added purse, will make Michigan racing history Saturday. I hope you will plan to see it. I think it will be an experience in Racing pleasure you will cherish.

MRS. DANIEL PHILIP TORMOHLN II

Whipple-Tormohlen Wed In Plymouth Church

The First Methodist Church of Plymouth was the setting for an evening candlelight wedding Saturday, Aug. 13, when Joanne Mary Whipple, daughter of Mr. and Mrs. Howard A. Whipple, Hunt Club Lane, Chester Springs, Pa., became the bride of Daniel Philip Tormohlen II, son of Mr. and Mrs. Daniel Philip Tormohlen of 600 Simpson, Plymouth.

The double ring ceremony was performed by Rev. Peter Schweitzer against a background of flowers and candelabra. Clusters of flowers and ribbons marked the family pews. Mrs. Inez Lock played the organ music. "One Hand One Heart" was sung by soloist, Miss Janet Taylor, of Pontiac, a roommate of the bride.

Given in marriage by her father, the bride wore a peau de soie floor length gown, the bodice and kabaci sleeves of reembrodered Alencon lace. The gown was styled with an empire waist line and

An A-line skirt which had a detachable chapel train. A small pill box hat held in place her mantilla which had been brought from Belgium by her aunt and had been worn by the bride's two cousins. She carried a cascade of Eucharis Lilies with Caladium leaves.

Susan Whipple of Ann Arbor was maid of honor for her sister. The bridesmaids were Susan Rae Horning, of Bloomfield Hills and Beverly Gilbert of Plymouth.

The attendants wore pale yellow linen floor length dresses with empire waist lines and jackets with bell sleeves. They carried cascade arrangements of yellow and white daisies. The matching yellow illusion veils were held in place by flower petals fashioned from organdy.

Philip Bender, of Plymouth, was best man. Ushers were Richard Moser, of Lincoln Park, Robert Whipple, of Chester Springs, Pa., brother of the bride, and David Tormohlen, of Plymouth, brother of the groom.

The bride's mother chose a light blue suit of silk with matching accessories and a corsage of light pink Glamelias. The bridegroom's mother wore a pale green ensemble and a corsage of yellow Glamelias.

A reception followed the ceremony at the Holiday Inn West, Ann Arbor.

When the couple left for a wedding trip, the bride wore a white linen sheath and yellow sleeveless coat with white accessories.

After a wedding trip to Northern Michigan, Mr. and Mrs. Tormohlen will reside in Kalamazoo, where both are senior at Western Michigan University.

LYNN ERDMANN

Mr. and Mrs. Edwin H. K. Erdmann of Westland, announce the engagement of their daughter, Lynn, to Robert J. Bonner, son of Mr. and Mrs. Robert W. Bonner of Tecumseh. Miss Erdmann is a senior at Western Michigan University and will graduate in April. Bonner, a recent graduate of Western Michigan University is affiliated with Sigma Chi Fraternity. He will enter Western's School of Graduate Studies in Sept. An April wedding is planned.

Show Cancer Film Oct. 3 Trinity Church of the Brethren Detroit announces that on Monday evening, Oct. 3, at 7:30 p.m. two films will be shown at the church by the Michigan Cancer Foundation.

After the films, a medical doctor, sent by the Cancer Foundation will be on hand to answer all questions. For further information call Nancy Slabaugh.

Peterson-Ogurek Wed at Our Lady of Sorrows

Carole Ann Peterson became the bride of John Paul Ogurek in a candlelight Nuptial Mass at Our Lady of Sorrows Church recently. Father Luchi performed the ceremony.

The bride is the daughter of Mr. and Mrs. Gordon A. Peterson, 31660 Leelane, Farmington and the groom, the son of Mr. and Mrs. John S. Ogurek, 20765 Northome, Southfield.

The bride wore a traditional ivory gown of silk organza with appliques of Alencon lace and pearls at the waist, encircling the scalloped hem of the controlled sheath and tipping the long sleeves of the bodice. An empress train flowed from a double rose bustle.

The bride's elbow length veil of imported silk illusion attached to a "half-hat" of lace and pearls and Alencon lace was also ivory. She carried a bouquet of white roses.

Cathy Peterson, the bride's sister, was her maid of honor. Linda Toomey, Karen Nye, Cynthia Peterson and Charlene Wetzel were bridesmaids.

James Bursick was the best man. David Ogurek, brother of the groom, Richard Chikota and David Kull were ushers. Gordon A. Peterson, Jr., the bride's brother served as an altar boy at the ceremony.

The bride's attendants wore Bianchi gowns of aqua silk organza with empire waistlines. The gowns were adorned with three silk organza flowers on the back. Their headpieces were of imported silk illusion with matching silk organza flowers. The attendants carried cascade bouquets of yellow roses.

The mother of the bride selected a three piece turquoise silk suit with a jeweled collar. She wore matching accessories and a corsage of yellow roses. The mother of the groom selected a yellow chiffon gown. She wore matching accessories and a corsage of white roses.

The bride attended Our Lady of Sorrows High School and is a graduate of the University of Detroit where she was affiliated with Sigma Sigma Sorority. She will be teaching the first grade this fall at Shiawassee School in Farmington.

Her husband is a graduate of the University of Detroit and is now a law student there. He is affiliated with Delta Sigma Phi and Gamma Eta Gamma Fraternities.

A reception for 250 followed the ceremony at the Knights of Columbus Hall in Farmington. Following a trip to Cape Cod the couple plan to make their home in Farmington.

Fluff Bangs

If you want coifed bangs with a puff, style them with a contoured bangs-trainer that slips on your forehead. Elastic goes across the back of your head.

Fluff damp bangs (after washing) over the trainer. When hair is dry, remove trainer and comb body and curves into your bangs.

Window Garden

Does your picture window lack a picture outside? Make one by enclosing a space six to eight feet deep with a tall screen of vertical cedar 2x2s. Then plant a window garden inside the screen, using materials that need little sunlight. Include one tree for height.

Marlite Peg-Board is available in 4'x8' panels in many colors and patterns.

You Couldn't Guess Jon Mayer's Birthday Gift

Domby, the pet dog, is not at all sure he approves of the newest mode of transportation among the younger jet set, which is a surrey with fringe on top.

It requires no license to operate, though the vehicle operator must be alert at all times (especially when he is carrying as a passenger, his favorite pet) and the consumption of soda pop does not necessarily have to be gauged to a minimum, as it does not impair the driver's ability.

Clever is this newest of new kind of toy on the market, presented to Jonathan Mayer, by his parents, Corine and Lawrence Mayer on his fifth birthday.

Larry Mayer, owner of

Mayer's Flowers and Gifts on Grand River, saw the surrey at a recent shopping spree at Marshall Fields in Chicago, and thought it would be just the right thing for a son's fifth birthday.

The surrey holds a maximum of three passengers but runs best with two riders. It is driven on the order of a bicycle, propelled with foot pedals.

Helping Jonathan celebrate his birthday and taking turns operating the surrey were Amy and Meg Pawl, children of Mr. and Mrs. Joseph Pawl of Pleasant Valley, Spencer and Eve Beglarian from Glen Rock, New Jersey, Mary and Lisa LeBlanc, David Shellenberger and Janet Sprader.

The Distaff Side...

By Jerry Wendt, Women's Editor

According to an Old Jewish legend, one day of the year three books are placed before the Judge of Mankind, in heaven. One of the books is very thin, and in it are written the names of all the truly wicked people in the world. Another book, sadly enough, the thinnest of all, contains the names of those who are completely good.

The first group are condemned on this day to a year of trouble and unhappiness, the second group are given a year of peace and happiness.

The largest and thickest book is then placed before the Judge and in this are written the names of ordinary mortals who are neither all good or all bad. What happens to these people, goes the legend, is decided by the sincerity of their repentance and the way they act during the 10 days of repentance which begins on Rosh Hashanah and ends with Yom Kippur.

Most of us take for granted that New Year's Day comes the first of January amid snowstorms and sleet, after a season of merrymaking. However Jewish people observe Rosh Hashanah "On the first day of the seventh month you shall have a holy convocation; you shall do no laborous work." It is a day to awake.

On Rosh Hashanah, the Jewish New Year, a sound is heard in all synagogues of the Shofar, the Ram's Horn.

"Awake ye sleepers, be aroused, ye slumberers, and ponder your deeds."

The sounding of the Shofar is so significant in Jewish tradition that it has become a holy symbol. It has been used to herald the great moments in history. It proclaimed the ascent of a king upon the throne, it announced the Jubilee every 50th year, the Sabbath, and festivals.

In wartime, it signalled the army. It recalls the offering of Isaac by Abraham, for that was when God, recognizing the people's devotion to Him, ordered Abraham to substitute a ram for his son as a sacrifice on the altar. Every man, woman, and child listens intently to the call of the Shofar; it is a symbol of the people's unity for thousands of years.

The Shofar is made of a ram's horn. The horn is boiled in water until it gets soft. The inside is then hollowed out and the horn flattened somewhat, but not too much, for then air could not be blown through it. The mouthpiece is carefully shaped, and the horn is put aside to harden. When the hardening process is complete, the Shofar is ready.

At evening on Rosh Hashanah eve, the family celebrates the New Year with a festive dinner. One of the customs of this days is the eating of an apple dipped in honey to express the hope that the coming year will be full of sweetness.

Respect for elders, deep regard for wisdom of the ages, and a strong devotion to family ties have been the cornerstone of the Jewish religion. This gave them strength through the ages to endure a disapproval which came from the fact that the death of Christ coincided with His being cast from the synagogue of his elders.

As a matter of record, Christ was put to death for a sordid and mercenary reason by the Caesars, the ruling power in the world at that time.

The armies of Rome were expensive, and captive states had to pay heavy taxes, leaving the people destitute and near starvation.

These countries were ruled by "dummy" kings and officials, such as Pontius Pilate and Herod who were only footmen for the Caesars and appointed by them. They feared having an independent man with a voice in anything, because he might induce the people to rebel, and not pay taxes, and thus end their power.

Jesus was put to death under Roman law, and by Romans. They cared about his religion not at all, for they were arrogant pagans. The Hebrew people only had the power of the Church, never any voice in the government nor any authority to try people or put them to death.

In this century, with customs, religion, and nations becoming closer, we are all adopting each other's customs. This custom of repenting our sins of the flesh and vowing to do better in another year may well be adopted by everyone.

There is another legend which explains the importance of confession and atonement. It tells of an angel punished by God, who was sent to earth to bring back the most precious thing he could find.

He came back with a drop of blood from a hero, a drop of blood from a noble woman, but all were in vain until he came back with the tear of a man who had truly repented his evil deeds. The tear of repentance was regarded as the most precious thing on earth, and the angel was forgiven and accepted once more in heaven.

The message of the Shofar to the world on Rosh Hashanah is: "Awake, ye sleepers, and consider your deeds; remember your Creator and repent. Be not of those who hunt after shadows and who waste their years seeking empty things. Look well into your souls; leave your evil ways and thoughts, and return to God, so that He may have mercy on you."

"Mai-Kai" Presents Top Art Show

Bud Leman, manager of the "Mai-Kai" Theatre is going to make it possible for the theatre-going public to see another outstanding art show, starting Sunday Sept. 18 and continuing for two weeks.

Prominent artists, all members of Betty Baldwin's artist's "Showplace," will be on hand. Caroline Dunphy, also of Livonia, Cecil Reading from Dearborn, and Margaret Glinke from Utica are the artists.

Caroline Dunphy paints in a realistic manner. Her use of earth colors has developed into a recognizable style of softness and subtle color. Some of her favorite subjects are children, boats and flowers. She is also a portraitist of note, and does many commissioned works.

Margaret Glinke is the wife of a school teacher in Utica. Most of her painting is contemporary. Delicate colors, unusual lines, all put to-

gether with an ethereal, misty quality leave the viewer with a warm, happy feeling.

Cecil E. Reading is a man of many interests. His main interest and love is oil painting. He has exceptional ability in producing color with a softness and freshness. Each new painting is different with objects in all of his still lifes. Cecil excels in

floral and landscape painting. He is an "Idea" man.

These four exceptional artists have gathered their new works for this showing at the "Mai-Kai" theatre located in Livonia, at Plymouth road at Farmington Road starting Sept. 18 and continuing for two weeks.

"Focus on Farmington" Flower Show To Be Oct. 8

The summer months usually mean a decrease in activities for most garden clubs not so with Hill and Dale Garden Club of Farmington. These gals have used the hot weather as an inspiration to plan a spectacular flower show for Oct. 8.

The show called "Focus on Farmington" will honor

many local groups and will take inspiration from our community's historical past as well as its exciting future. Mrs. John King as chairman of the show has chosen Our Lady of Sorrows Church as the place and the date on Oct. 8.

Flower shows seem to be a major interest of many of the members. The following women were chosen to exhibit at the State Fair: Mrs. Rober Giles, Mrs. Walter Frisch, Mrs. Warren Kruger, Mrs. Fred Bulman, Mrs. John King and Mrs. William Wickman. Mrs. Wickman's daughter, Debbie also took an exciting second place in the junior division.

Hill and Dale's regular meeting will have a panel discussion titled "Focus on Flower Shows." Panel members include, Mrs. Calvin Oppenheimer, Mrs. Edward Ronski, Mrs. Thomas Simmons, Mrs. John King, Mrs. Warren Kruger, Mrs. Richard Steiger and Mrs. Kenneth Trombley. Mrs. Clayton O'Dell is hostess chairman.

A daughter, Barbara, to Ronald and Barbara Erdody, 11000 Middlebelt.

The New Year Is Time For A Fresh Start Paul Erickson To Lecture Sept. 24

By RABBI DAVID JESSEL Temple Beth Am

Tonight, the Jewish New Year will commence. It is a time of solemnity, when the adherents of the Jewish faith assemble in their synagogues and temples to offer supplication to the Lord of the Universe for a "good and sweet year."

Judaism teaches that at this season of repentance, we can destroy sin, we can create a new being, we can break the barrier between erring man and his beneficent Maker. What a sign of God's benevolence, that He grants to us through this period of repentance the opportunity to make a fresh start in life.

We can therefore utilize this occasion in healing the breach between ourselves

and our former friends or estranged relatives. Nothing is worse in life than enmity between brother and brother, between companion and companion. This is a time to forgive the wrongs that have been perpetrated against us.

Life is too short to perpetuate grievances, and we shall pass this way in the universe only once. To those who are estranged, one from the other, let the New Year therefore bring the healing touch of reconciliation. "If,"

said the Rabbis of old, "you have sinned against your fellow man, first go and reconcile yourself with him; otherwise, the High Holy-days cannot absolve you."

Those who consider themselves failures, must realize that the privilege of a new beginning is always at hand. We all know people who have allowed sickness or financial setbacks to overwhelm them.

If they were wise, they would realize that happi-

ness does not depend entirely upon those aspects of life alone. Man, with the help of God, can always develop new avenues of self-support and achievement.

Rosh Hashana thus brings its message of new beginnings, new dedication, and new reconciliation. Let the New Year prompt you to begin the undertaking which has long been delayed—whether it be a book you have sought to read; a trip you hoped to make; an acquaintance you have aspired to cultivate; a social service you have wanted to assist; a religious cause you have desired to further.

An explanation of how to develop "spiritual perception" will be presented by Christian Scientist Paul A. Erickson, C.S.B., at a public lecture in Plymouth on Saturday, Sept. 24.

The lecture is titled "The Value of a Spiritual Outlook." It is sponsored by First Church of Christ, Scientist, and will be presented

at 8 p.m. in the church auditorium, 1100 W. Ann Arbor Trail. There is no charge of collection, and everyone is welcome.

Mr. Erickson, who once served as Chaplain's Assistant at the United States Nav-

al Academy, gave up a position as manufacturer's agent in Chicago several years ago to become a recognized practitioner in the Christian Science healing ministry. He is also an authorized teacher of the religion, and is currently on tour as a member of the Board of Lecturers of the First Church of Christ, Scientist, in Boston, Massachusetts.

RILEY PTA OPENS
The Riley Jr. High School PTA will hold its first meeting of the year on Sept. 13 at 8 p.m. The program is a must for all newcomers to Riley as the purpose of the program is to interpret the aims, policies and procedures at Riley. All Riley parents are invited to attend and are assured of an opportunity to ask questions about areas of concern to them.

Mt. Hope to Dedicate New Chapel Sept. 18

THE NEW CHAPEL of Mt. Hope Congregational Church 30330 Schoolcraft Rd., Livonia (pictured above) will be dedicated Sunday.

A formal service of Dedication for Mount Hope Congregational Church, 30330 Schoolcraft Road, Livonia, will be held in the new Chapel Sunday, Sept. 18, at 4 p.m. Members of the Board of Deacons will conduct the service.

The Rev. Vaughn Abercrombie, executive secretary of the National Association of Congregational Christian Churches, will bring greetings; state and local area congregational associations, and members of the clergy, will likewise be represented. Following the formal service, the Women's Fellowship will serve light refreshments and there will be an informal reception.

The morning service for Sept. 18, will be held the regular time of 10:30 a.m. Speaking at the morning service will be Dr. Benjamin P. Browne, President of Browne University in Elgin, Ill.

He is the Father of Mrs. Robert F. Simpson.

The choir will be under the direction of Jack Trudgeon and organist, Mrs. Jack Trudgeon.

Church School for Junior High, Senior High and an Adult Bible Class is at 9:30 a.m. Crib through sixth grade is at 10:30 a.m.

Information about Mt. Hope activities may be secured from the Church Office, 425-7280 or from Rev. Robert F. Simpson, at the Parsonage, 425-9366.

Where Did Summer Go So Fast?

WHERE DO YOU suppose the summer went? Not that there are not many of summer-type days ahead—but come September, no matter how warm the day, one takes on an "Autumn" frame of mind.

Of course, we all share the problem of how to look reasonably fashionable, and comfortable too. Blessings on little span-the-season fashions. Those little unobtrusive cap sleeve affairs that bare you to the breeze but refrain from Summer's sun-mad colors. It's enough to make any fashion-conscious lady sigh for a stiff Autumn breeze.

ON THE FASHION SCENE, we are much behind schedule when we concern ourselves by the immediate. The well organized and disciplined Lady has already selected her fall wardrobe.

If you are in that particular category I will never admit for a moment that my selection is restricted to the "that's what I must have" department. And, by passing comment, at the top of that list, the intriguing Pant-Suit with match-skirt for the faint-hearted. If which I am.

AND, WHAT DO you just suppose is the most talked about subject in Fashion at the moment? As if you didn't know! It's hemlines, and it's getting to be a little old hat. If just someone — anyone, would make up their minds! But, side by side with a British Greatcoat that swoops down to there—fashion continues to show, without a blush, the prevailing just at the knee, or slightly above.

WHEN YOU CONSIDER the entire conflicting story, one picture does emerge in clear focus. There never was a fashion season with so much attention floodlighted on Milady's legs and feet. There seems to be more exciting news in the hemline-toes area than ever before.

AND WHAT GLAMOROUS webs are glimmering on legs. The net look has become bolder and bolder. Now it has reached fish-net proportions and glitter in silver and gold on the prettiest legs in town. Looks newest with metallic lame pumps with the flat little oval toe.

CONDENSED TO THE most unconfusing terms one can use in Fashion, there is a real variety in hemlines. And, you are going to wear it on your own terms. For the undecided there is the asymmetric hemline, dipping here, soaring there, but most provocative always.

ONE CAN READILY accept this provocative now-you-see-it, and now-you-don't hemline—for after five wear. But it also invades the daytime scene, with much serenity. One of the most delightful coat fashions of the season is shown in a double-faced wool version.

Bright purple on the outside, and raspberry red on the inside. The hemline? In front it makes a dramatic rise, and, in back, it dips to a low V. One would almost hazard the guess that the designer himself is leaving the final decision to the most important expert of all—you.

THE BIG IMPACT that the fluctuating hemline has made, has been on the shoe. It looks best with the new darling of pumps, the low but slightly heightened heel, the flattened toe, and the asymmetric vamp line.

SO, JUST THINK. There are just a few and cherished summer days left to us. Days that are delightful but difficult a fashion-wise. And ahead, more delightful fall days—and the new delightful ways of fashion. Have the fun you deserve.

Substitute Pay Raised

Pay for substitute teachers employed in the Livonia district was raised from \$22.25 per day to \$26 by action of the school trustees.

Qualified teachers interested in such part-time employment in Livonia's elementary, junior, or senior high schools are invited to bring their credentials to the personnel office in the school board services center, 15125 Farmington road south of Five mile road. For additional information phone GA 2-1200 or KE 7-4493.

Substitute teachers in suburban communities need not be residents of the districts in which they teach.

St. Bellarmine Parish To Hold Fall Festival

The thirteenth annual fall festival conducted by St. Robert Bellarmine Parish will take place next weekend. Beginning with a fish fry at 4 p.m. on Friday, Sept. 16, the festival will continue each day until 11 p.m. on Sunday the 18. The Bellarmine Festival is the largest church-related fair in Michigan.

St. Robert's is located on the boundary dividing Redford Township and Livonia, at the corner of Inkster and West Chicago roads. The parish consists of 2,100 families in South Redford and Livonia, and a small number from Dearborn Heights and Westland.

In past years the festival has provided funds to help construct a complete parish plant costing over one million dollars. A thirty-four classroom school accommo-

dating 1,305 children has recently been completed by the addition of a gymnasium.

Special events this year will include a Family Nite on Friday from six o'clock until closing, when all kiddies' rides will be 10 cents, and a Kids Matinee from 10 a.m. until 6 p.m. on Saturday, during which time, all rides will be reduced to 10 cents. During the Saturday Kid's Matinee, prices will be reduced at booths and concession stands.

Returning features are the Fish Fry from 4 to 7 p.m. on Friday, and the Chicken Dinner on Sunday beginning at noon. The prices for both of these meals will be \$1.25 for adults and 75 cents for children. A snack bar will be open continually to provide sandwiches, pizza, desserts and light lunches. All of the food will be prepared in St. Robert's new kitchen in the newly completed Activities Building.

On the festival grounds there will be typical adult and children's carnival thrill rides, eighteen in all. Also there will be live pony rides, games, concessions and booths; all of the paraphernalia usually associated with a fair.

The pastor, Father George T. Stromske, attributes the repeated successes of St. Robert's Festival to the enthusiasm of parishioners and the cheerful support of the neighboring people. Father Stromske's new assistant, Father George F. Duffy, says he is so overwhelmed by the preparations that he cannot imagine what the actual festival will be like! Michael Foley is Festival Chairman.

NEWLY APPOINTED OFFICERS of the St. Genevieve Altar Society are (standing, left to right): Joan Delozier, recording secretary; Joyce Smith, corresponding secretary; Rose Volpe, treasurer; Joan Savage, president; Lil Thomas, first vice-president; and Joan Pachlota, second vice-president. Bottom row left to right: Rev. Ferdinand T. Kerr, assistant pastor; and Rev. Ferdinand Wolber.

Mortoff Family Holds Reunion

The Mortoff family reunion was held Sunday Aug. 7 at the home of Mr. and Mrs. Sam Davis, 11390 Southworth, Plymouth. Present was a sister, Mrs. Rita Gualtieri and husband from Atlantic City, N.J.

Guests included a brother, Dale Mortoff and his wife from South Haven. Daughters Florence Paquin and family, Rosemary and her family also attended.

Oneida Reddi (a niece), came from Delaware, O., and a nephew Denzel Adams and family came from Chesapeake, Va.

A son Sam, who is in Las Vegas, was unable to attend.

St. Paul's in Livonia To Hold Dedication Sept. 18

A dedication service of the Sanctuary of St. Paul's Presbyterian Church, 27475 Five Mile Road, Livonia, will be held at 4 o'clock Sunday afternoon, Sept. 18. Reverend John Davies, former minister of St. Paul's, now minister of Collegiate Presbyterian Church, Ames, Iowa and Reverend Richard Milford, also a former minister of St. Paul's now minister of Grosse Ile Presbyterian Church will participate in the dedication service.

The first service was held in the new Sanctuary on July 11 but many things were not completed at that time. Now the finishing has

been done and the dedication will be held.

Dr. Robert Yolton, Executive of the Presbytery of Detroit and Synod of Michigan will be present. The ministers of St. Paul's Presbyterian Church are Rev. W. F. Whitledge, senior minister and Rev. Arnold S. Dalzell and Rev. Thomas W. Estes Associate ministers.

The church was organized in 1951 with a membership of 100 and now has a membership of 1,900 and a Sunday School enrollment of approximately 1,800. Two services are held on Sunday at 9:30 and 11:00 with worship services and Church School classes held at both hours.

Benson Fords Join Meadowbrook Committee

Mr. and Mrs. Benson Ford have joined four other prominent Detroit area couples as co-chairmen of the newly organized Meadow Brook Theater of Oakland University.

The announcement was made by chairman Charles F. Adams, who with his wife Ruth will direct a blue-ribbon committee of area civic and community leaders to augment Oakland University's mounting reputation as a leader in the world of the performing arts — a position already enhanced by the sensational success of Oakland's Meadow Brook Music Festival.

The new theater leaped into public focus last month when it was announced that John Fernald, an outstanding British theatrical director and former head of England's famed Royal Academy of Dramatic Art, plans to open a professional resident theater company there this year.

To be known formally as the John Fernald Company of the Meadow Brook Theater, the company has set a target date of early January for its first production, and

will begin rehearsals in mid-November.

Fernald will also head the Oakland Academy of Dramatic Art which will begin operations in the fall of 1967 as a highly-selective program for training professional actors and actresses.

Previously announced as co-chairmen were Mr. and Mrs. John Z. DeLorean and Mr. and Mrs. Robert Anderson of Birmingham; Mr. and Mrs. Joseph Z. Nederlander of Southfield, and Mr. and Mrs. Alan E. Schwartz of Detroit.

Lutherans Restate Position on Federal Aid

In a move to keep their Lutheran Schools in the mainstream of educational opportunities, the congregations of the Michigan District of the Lutheran Church-Missouri Synod have been encouraged to accept Federal and State aid to education.

Opposition did not develop among the 950 pastoral, teacher, and lay delegates as the resolution that "... congregations be encouraged to study and investigate State and Federal Aid Programs for children attending non-public schools as authorized by Congress and defined by the courts and to accept such aid so long as it does not interfere with the distinctive purposes for which Christian day schools are maintained" was adopted yesterday in a session of the 62nd Convention of the District on the campus of Concordia Lutheran Junior College.

ROY KRAUSE, Assistant

Superintendent of the District's Board of Christian Education commented, "As with any new program or assistance for the District's congregations that provide Christian education, there is divided opinion about why and how our congregations should become involved."

"But," he said, "we feel we must continue to look forward and give the parent a choice in determining where his child should be educated. Since the public schools are provided with substantial assistance from State and Federal governmental monies, we feel that to maintain equal standards, we must participate in their programs."

MICHIGAN District Lutheran Schools and authorities took an indifferent role in legislative proceedings involving elementary schools until the laws were passed. After passage, however, the

Schools did accept invitations of governmental agencies to participate in discussions and workshops where the programs were outlined in detail, and where information was made available to the schools.

With regard to Federal control of education, present laws indicate that the government is interested in aiding rather than controlling education.

Livonia Boy Has Bar Mitzvah

Mr. and Mrs. Howard Bock of Mark Lane, Livonia, announce the Bar Mitzvah of their son, Paul Stephen. The

PAUL STEPHEN BOCK

services were held Aug. 13 at the Livonia Jewish Congregation. Cantor Henry J. Blank and guest Rabbi David Jessel participated.

Following the service, there was a table with hostesses from the Sisterhood. Honoring Paul's big day was a dinner at Northwood Inn for family and friends, coming here from most states in the U.S., as well as from Canada.

'Growing in Christ' Theme of Livonia Church

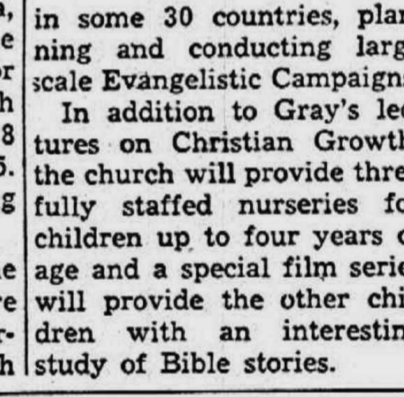

In an effort to accomplish a deeper commitment within the Christian life, the Church of Christ, 15341 Merriman Road, Livonia is sponsoring a week long program which will emphasize the theme: "Growing in Christ."

"The shallow and superficial faith seen in so many present day Christians is one of the greatest dangers facing the advancement of Christianity," says J. Herbert Dean, local minister of the Livonia congregation. "No church," he continues, "should be exempt from the responsibility of doing everything possible to aid the Christian in his development. We feel the Livonia Church of Christ is making a good start in this long overdue field of emphasis."

Joe D. Gray, of Valdosta, Ga., has been selected by the church to be the speaker for this series of lectures which will begin Sunday, Sept. 18 and continue through the 25. Services will be each evening at 7:30.

Dean states, "We feel the people of our community are fortunate to have the opportunity to hear a man of such

wide experience and dedication." Gray has served as a minister of the Gospel for more than 15 years; and for the last four years has traveled into more than 100 cities

JOE D. GRAY

in some 30 countries, planning and conducting large scale Evangelistic Campaigns.

In addition to Gray's lectures on Christian Growth, the church will provide three fully staffed nurseries for children up to four years of age and a special film series will provide the other children with an interesting study of Bible stories.

Patrick White Is Novitiate

Brother Patrick J. White, 18, son of Mr. and Mrs. W.J. White Jr. of 15641 Loveland Ave., Livonia, was invested

BROTHER PATRICK WHITE

with the religious habit of The Brothers of Christian Instruction on Aug. 22 at the Provincialate in Alfred, Maine.

A graduate of St. Louis High School, Biddeford, Maine, Brother Patrick is presently undergoing a year of religious formation called The Novitiate. Upon completion of his Novitiate he will further his education at Walsh College, Canton, Ohio.

BEARING THE SACRED TORAH into ceremony on Yom Kippur Eve are Rabbi the Livonia Jewish Congregation for the Panitz, Cantor Blank and Les Waldman.

Missionary Convention Sept. 27-30

Memorial Church of Christ announces that the 19th National Missionary Convention of the Christian churches and churches of Christ will be held at Fort Wayne, Ind. on Sept. 27-30. It will feature workshops and missionary messages during the morning and afternoon sessions, in addition to the evening sermons.

The Women's Council will be sponsoring sewing on missionary projects throughout the coming year. The first sewing day will be on Tuesday, Sept. 20 from 9:30 a.m. to 2 p.m. All the ladies of the church are cordially invited

to participate in this benevolent work.

"Parable" Gets Award

The National Catholic Theatre Conference will present its 1966 Religious Film Award to "Parable". This outstanding film made a memorable impression on theatergoers the world over.

Mt. Hope Women Plan Church Fair

Women interested in congregationalism and fellowship are invited to attend meetings of the Women's Fellowship of Mount Hope Congregational Church, 30330 Schoolcraft Road in Livonia.

The first Fall meeting will be held Thursday, Sept. 8, at Noon. Presiding will be Mrs. Carl Ufferman, President, with devotions by Mrs. George Hebb.

The Circles have been working, during the summer, on projects for the Church Fair on Friday, Nov. 4, to

which the public is invited. Chairman of the Fair is Mrs. Forrest MacQueen; co-chairman, Mrs. Arthur Searle.

Officers and Committee Chairmen include: President Mrs. Carl Ufferman; First Vice President, also Secretary, Mrs. Harold Butler; Second Vice President and Program Chairman, Mrs. Charles Hall; Treasurer, Mrs. George Geddes; Spiritual Life Chairman, Mrs. W. G. Saunders; Human Relations, Mrs. Charles Kerruish; Missionary, Mrs. Donald Widger; and Friendly Service, Mrs. William Tipton.

Queen of Hearts Offers Favorite Recipes for Rosh Hashanah

By FAITH GILLESPIE

Everybody feels the need, every so often, to have a new beginning, to put his life in order, to make amends, pay his debts, renew his hopes, and start fresh.

Some people do it on their birthday, or at the start of a new semester, or when the world is new in the spring. Lots of us resolve to do it on January 1, with more or less success.

Whenever we do, it is a need we share with mankind in a profound way. Often the endeavor is celebrated with traditional and ritual observance, in religious services, and with festive foods.

The Jewish community around the world begins the New Year tomorrow, with Rosh Hashanah. It will not be a time of hilarity, but rather a season of prayer and quiet joy.

The meals for the High Holy Days are made up from traditional and symbolic dishes. There will be sweet foods, many prepared with honey, because it is a joyous time, and sour and bitter foods have no place on the holiday table.

The Jewish Festival Cookbook, by Fannie Engle and Gertrude Blair, tells us:

"Rosh Hashanah begins at home when the mother lights the candles just before sundown and recites the prayers that God may come to all. She has prepared the table for the dinner to be served on returning from the synagogue.

The cup for Kiddush (the prayer of the sanctification of the holiday) is in its place with the wine decanter beside it, and there are two loaves or challah, Sabbath bread, made very special for Rosh Hashanah with ladders or birds baked on top. These decorations are symbolic of the hope that prayers may ascend on high.

There is also a bowl of honey on the table, symbolic of the wish for "sweetness in the New Year." After Kiddush is recited, the family dips into the bowl of honey with bread and slices of apple.

The traditional Rosh Hashanah dinner will probably include roasted chicken and Mehren Tsimmes, a carrot pudding flavored with honey. (Carrots are a symbol of prosperity.) There may be Teiglach, a little cookie baked in honey; there will certainly be Honey Leckach, the traditional honey cake.

This recipe came to me from Sally Katz, one of the world's better cooks, who found it in the cook book published by the Ann Arbor chapter of Hadassah. "Like Momma Used to Make."

SALLY'S HONEY CAKE: Use your biggest mixing bowl. Preheat oven to 325 degrees. Set a one-pound jar of honey in a pan of warm water.

To four well-beaten eggs, add 1 cup granulated sugar, one cup firmly packed brown sugar, six tablespoons vegetable oil, one cup warm, strong coffee, the one-pound jar of slightly warm honey, and the juice and rind of one grated orange.

Pineapple Gelatin Is Full of Fruit

This fruit mold is refreshing because it's not too sweet.

Fruit Mold Francess

- 1 envelope unflavored gelatin
 - 1/4 cup cold water
 - 1 1/4 cups canned unsweetened pineapple juice
 - 3 tablespoons fresh lemon juice
 - 1/2 cup sugar
 - 1/4 teaspoon salt
 - 1 1/2 cups fresh cantaloupe balls (use large end of melon cutter)
 - 4 small peaches, peeled and sliced
- Sprinkle gelatin over cold water to soften. Heat 1 cup of the pineapple juice to boiling; pour over softened gelatin; stir until dissolved. Add remaining 1/4 cup pineapple juice, lemon juice, sugar and salt; stir to dissolve sugar.

Chill until slightly set. Fold in cantaloupe and peaches. Turn into a 1-quart mold. Chill until set. Unmold. Serve with cottage cheese. Makes 8 servings.

Sift together 5 1/2 cups flour, two teaspoons baking soda, two teaspoons baking powder, two tea-

spoons cinnamon, two teaspoons allspice. Using electric mixer, gradually add dry ingredients to liquid

mixture. Beat till smooth and stir in one cup chopped walnuts or almonds. (Top with nut halves, if

you like.) Pour into three loaf pans which have been greased and lined with paper and greased

again. Bake at 325 degrees for about one hour, till a toothpick comes out clean. The cakes will crack on top.

"It's a big recipe," Sally says, "but it disappears like magic." No matter when you cele-

brate your new beginning, bake a honey cake . . . why not now? Happy New Year!

'Redford Figurines' Will Learn Yoga

This picture illustrates one of the many postures used in Yoga, as demonstrated by Mrs. Kathleen Bachman Yvoen.

Mrs. Yvoen will give a demonstration of Yoga at the first meeting of the Redford Figurines, a chapter of the Buxom Belles, International, Thursday, Sept. 15 at 7:30 p.m. at Lola Valley Jr. High School Room 109.

Yoga postures are non-strenuous. Emphasis is put on deep-breathing, concentration and relaxative slow movements.

Yoga postures are designed to work on the chemistry of the body. They especially benefit the glands, circulation, vital organs and the nervous system. Many people lose weight through special postures that work directly on the metabolism, also through specific breathing exercises, which are very important.

Ladies in this area who are interested in losing weight are invited to attend, sit through a session, glance through our scrapbook of "before" and "after" pictures of members who have succeeded in reaching their goals, and consider joining the organization.

Lighter Shades

Color is your most effective weapon in your fight with light. For dark colors absorb light when it is too plentiful — while lighter, brighter shades reflect and "multiply" its intensity.

Keep these facts in mind when planning your color decor, and you can avoid creating undesirable moods by using available sunlight to its greatest advantage.

Seam Won't Pull

To keep the seams of a nylon garment from pulling, sew flat hem binding along both edges of the seam just back of the original stitching. Then restitch the seam through the binding which doesn't ravel.

MRS. THOMAS ARTHUR BAEHR

Double Ring Ceremony Unites Roberts-Baehr

A double ring ceremony united Michele Annette Roberts and Thomas Arthur Baehr in marriage Aug. 20 at St. Thomas More Catholic Church in Troy.

The bride is the daughter of Mr. and Mrs. Medie J. Roberts, 791 Robinwood Circle, Bloomfield Hills. The groom is the son of Mr. and Mrs. Arthur Baehr, 10445 JoAnn Lane, Plymouth.

The bride wore a floor length dress in silk-linen, with a lace coat. The entire outfit was made by the bride. Her headdress was a silk il-

lusion veil, waist length, with the headpiece covered in the same lace as the coat of the gown. Her flowers were white carnations.

Following the ceremony a "sit-down" luncheon was held at Machus Red Fox, Birmingham.

Upon their return from a wedding trip to Ontario, Canada, the couple will make their home in Ann Arbor. The bride will be a senior at the University of Michigan and the groom will begin his Masters work in music education at the U. of M.

Valpo Guild To Meet Sept. 20

The Detroit West Chapter of the Valparaiso University Guild will hold its first meeting of the year on Tuesday, Sept. 20, at the Nau's Snow-White Dining Room, 18944 Grand River Avenue, Detroit. Luncheon will be served at 12 noon followed by the bus-

iness meeting with Mrs. Frederick Cordes, of Farmington, presiding. The calendar for the ensuing year will be presented at this meeting. A season of interesting activities has been planned by the newly elected officers and committees.

Let's Talk Fashion

with **June Simpson**

I'VE READ A LOT—and heard a lot—about the Power Behind The Scenes when it comes to the matter of Fashion. And, doesn't it seem familiar to you when it is stated that a few brilliant heads get together and determine just what we will be wearing? I've always, privately, thought it just wasn't so! We women only allow what we WANT to be done—protest as we may.

ON ONE MATTER, however, we are definitely being led around by our feminine noses. It's the matter of skirt lengths. And, just when is all this smoke screen, red herring, coyness—call it what you may—going to clear away? A certain amount of uncertainty is titillating, and, TOO much is a crashing bore.

MOST FRENCH DESIGNERS unveiled their collections with skirt lengths more or less at status quo. That's to say, mid knee or merely above. Then there was the Greatcoat that enveloped My Lady in volume of fabric and swooped 'way down to there!

THERE IS THE amusing report that some grimly determined ladies are picketing the House of Dior. They WANT the shorter skirt to remain. It would appear that the Dior thinking is—they did it before, and it can be done again. And, of course! It can.

IN THE MEANTIME, it's fun to see how many cautious souls are sitting on the fence. I admire them. These are the Fashion Experts who are leaving a neat little loophole of escape. That, Students, is how you remain an Expert!

It's extremely difficult for my kind of people—who carelessly say, "I believe thus and so," and are constantly left with very chagrined grin, a chronic red face, and a dedicated vow never, never to be without that loophole.

Like the song says—you just have to have that ace in the hole! One thing is cer-

tain! I have taken the vow. I will never again mislead a reader by saying what the skirt length will be. Or, **HARDLY** ever.

WHO WAS IT in Dickens who said "Facts-Facts"? Well, here they are. True, most of our leading designers show the skirt lengths without change.

Then—just look for yourself. There isn't a page in our leading Fashion Magazines that can't be found—the one that tells you to consider the beauty of the 16 inch hemline.

And, it looks awful—to the untrained eye.

Combine the long skirt and the textured hose and the flattened low heel—and, it really couldn't happen. Could it? Well, maybe we are entering the "quaint era."

THE LOOPHOLER who wins my greatest, deepest, and most admiring respect, is the one who can't be wrong. A snip of the scissors will put them on the right side of the controversy.

It's the Asymmetric Hemline. For you and me it means it's long and short at one and the same time.

In some versions it goes from ankle to thigh. That's a hemline? Can't help wondering what my dressmaker would say about shortening or lengthening a hemline like that.

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U.S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading—not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!
