Township exploring alternatives for police

Plymouth Township Supervisor Maurice Breen will release a statement on police services Tuesday night listing options available but not making any recommendations.

Breen will present the statement to township trustees at the board's regular meeting at 7:30 p.m. in township hall, the corner of Ann Arbor Road and Mill Street.

Plymouth Township is in the process of negotiating a price for the police services which are contracted from the city of Plymouth.

Concerns have been raised about the service agreement because of rising costs and the city's price request for the next year of service.

Talk of starting a township police department has increased since the township administration commissioned a feasibility study in that area.

THE STUDY, being done by Michigan State University criminal justice

professor Erik Beckman, is expected to be completed sometime this summer.

Breen said the final decision about police services will be made by October.

Last month, City Manager Henry Graper told township officials that the city wants \$467,000 for the base contract along with a 5 percent increase

Related story on Page 3A

on July 1, when the policemen receive a wage increase.

Last year's base contract cost about \$400,000.

Since making its price request, the city administration has met with the police union to discuss possible cost-saving moves.

"We have discussed a great number of concessions and a great number of cost-saving changes," Graper said.

"The attitude of the policemen is extremely good. They have made the suggestions to us," he said. "We are in the process of going back and costing out the savings from some of the things."

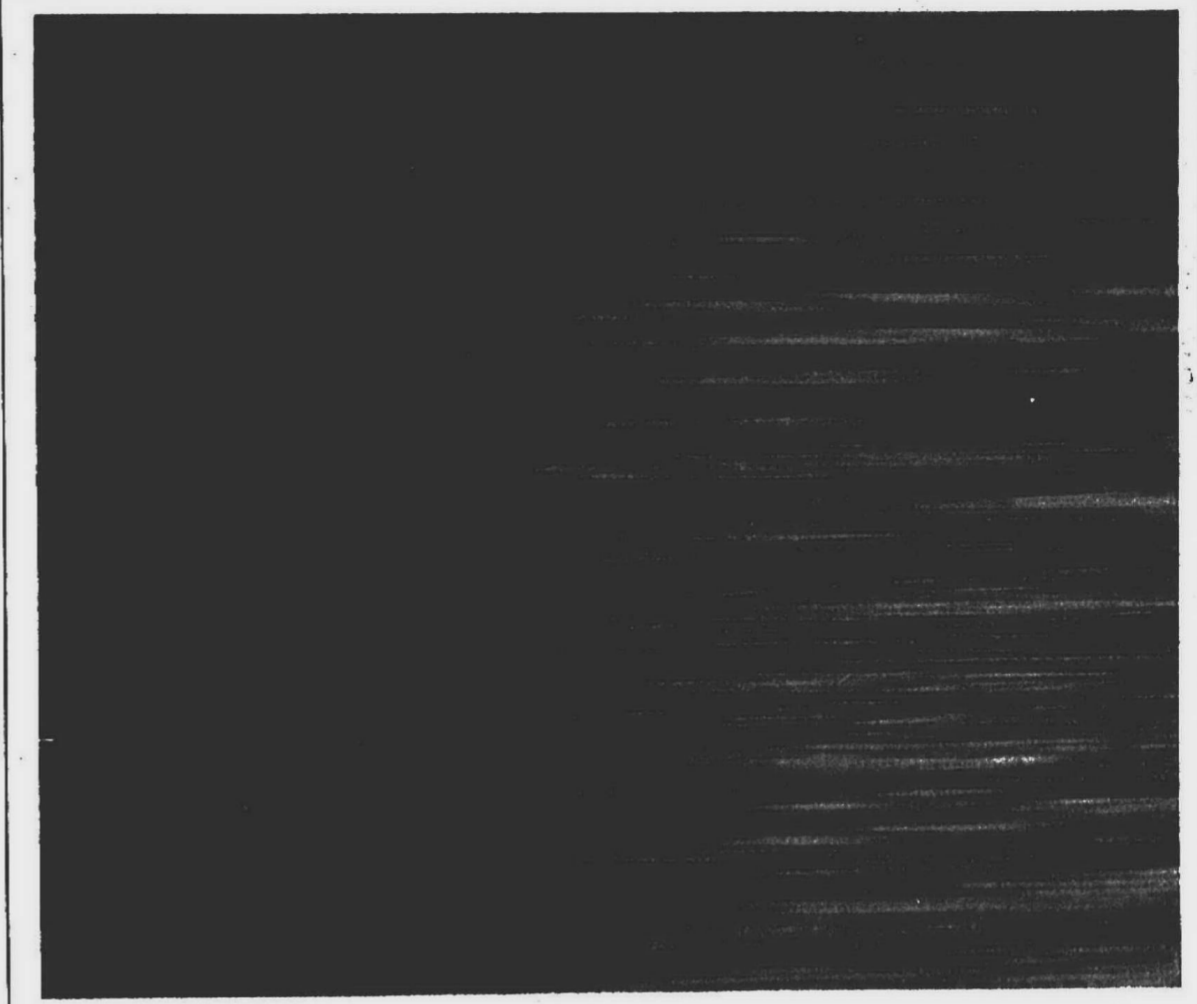

UNION REPRESENTATIVES couldn't be reached for comment last week.

"We would like to go back to Mr. Breen with a lower costing package. We are very interested in keeping the township contract," Graper said.

The city and police union expect to meet again this week for further discussion, he said.

However, even as the city and union try to save the township contract, Graper said a contingency plan is being drawn up.

A drop in the level of services bought by the township would result in a "restructuring" of the city's police department, Graper said.

A swan is always beautiful, but Atlee S. Hart had the vision to make it even more breathtaking by shooting this swan in silhouette against ripples reflecting an orange sunset.

Student reporters take on cops

By Ariene Funke staff writer

A tenacious bunch of student reporters have won their fight to be considered legitimate members of the press.

In a change of policy, the Canton police department has agreed to give student reporters from the C.E.P. Perspective access to official police reports. The Perspective is operated for students attending Plymouth-Canton and Plymouth-Salem high schools.

Both schools are at Centennial Educational Park (C.E.P.), located at Joy and Canton Center roads in Canton Township.

In the past, students were denied those reports. But the students cited federal and state laws allowing student journalists access to official documents, including police reports.

The students won over the police, who met with attorneys prior to the change in procedures.

"I think the police were surprised we took this so seriously," said Tami Budlong, a 16-year-old junior at Plymouth Canton High and a C.E.P. Perspective staff member.

"When we do have to make that contact (with police), we will be more comfortable, and we will know we'll be able to get what we need," Budlong added.

THE ISSUE was sparked in early March when C.E.P. Perspective reporters Scott Callahan and Dave Owens tried to see a police report on a traffic accident near the schools involving students. The incident allegedly involved youths who had skipped classes.

Police refused the request on the grounds it would be an "unnecessary invasion of privacy," and because the names of juveniles were in the reports.

Sgt. Alex Wilson said he was willing to outline the accident, but he thought the student reporters had "other plans" for the information in the report since they already knew the names of the drivers.

Student copy editors Ida Williams and Budlong went to the Student Press Law Center, a Washington, D.C. news service which provides legal research and information for high school and college journalists.

Their research indicated federal and state Freedom of Information laws give student journalists — as well as all residents — legal access to official records of governmental bodies, commissions, school boards and police records.

Under those laws, police files on juveniles may be open, but court records are closed.

"THAT NEWSPAPER, and the young people who work for it, have the (right to) access as any other newspaper or any private citizens," said Canton police Lt. Larry Stewart. "I don't anticipate there will be a problem."

But if the access issue is clear in some ways, it opens many other questions, Stewart said.

"There are cases that will be questionable, and we have to decide, as the keepers of those records, the rights of privacy versus the right to know," Stewart added.

'That newspaper, and the young people who work for it, have the right to access as any other newspaper or any private citizens. I don't anticipate there will be a problem.'

— Lt. Larry Stewart
Canton Police Department

"Through the years, police departments and, probably, attorneys, have said that anything that involved a juvenile isn't public," said Stewart. "Recent cases have changed that."

Rights of access can be denied in certain cases. These exceptions include cases where releasing information would interfere with an on-going investigation;

if it would be an unwarranted invasion of privacy; if the information might endanger a defendant's right to a fair or impartial trial; and others.

According to Stewart, freedom of information laws are designed to prevent the government from amassing "George Orwell-type super files" on people.

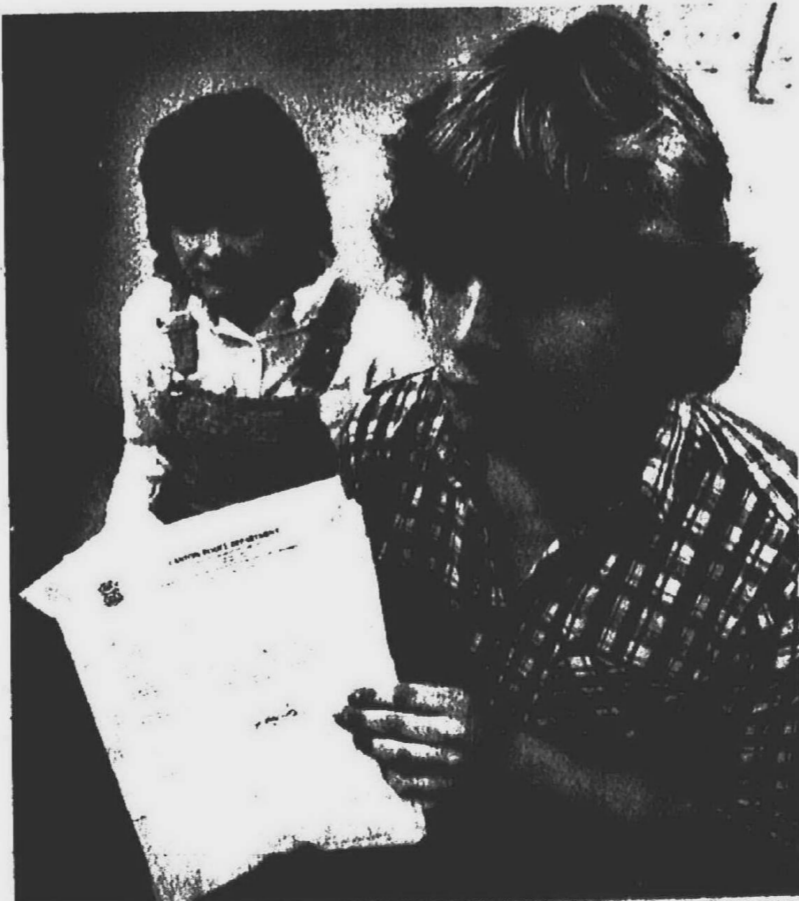

Now the burden of responsibility for use of information released under freedom of information laws will shift from the police to the person receiving the data, Stewart said.

"It's a tough spot to be in," Stewart added. "The balance is a tenuous one on what is public and what is private (information)."

"The juvenile issue that was such a great issue (in the past) seems to be an area of concern no longer," Stewart said. "The public might be upset."

Although the accident story is stale news now, the students are pleased with the outcome of their campaign. They feel they have gained respect as journalists and have opened the lines of communication.

"We pursued it for the principle and for the purpose of establishing a relationship with the Canton police department," said Sue Welker, the students' adviser.

Student journalists Tami Budlong and Scott Callahan took their fight over access to police records to the Student Press Law Center, Washington, D.C., and won.

Start shooting prize photos

By Monte Nagler special writer

You're outdoors, the weather's great, and the next three months are the best time of year to take color slides of nature close to home. Even an amateur who takes his time and plans his work carefully can do wonders.

Save your best shots for the Observer & Eccentric Newspapers' 1983 color slide contest on "Nature in the Suburbs."

We all can learn a lesson from this photo by Atlee S. Hart, a four-year resident of Farmington Hills. When not managing Signals and Systems, his electronics manufacturing firm in Troy, he demonstrates his flair at photography. Hart, who has been taking pictures for four years, even does his own color printing.

EARLIER THIS year, his photograph of a silhouetted swan was featured in the readers' photo issue of Michigan Natural Resources magazine.

On Little Traverse Bay last summer, Hart waited for the descending sun to reach just the right position to

backlight the swan and to paint the water a splendid orange.

On his Nikon camera, Hart used a 300 mm lens coupled with a telextender to produce 600 mm of focal length. That brought in the swan close and compressed the water's ripples into a dramatic backdrop.

A steady tripod helped Hart capture the serene scene on his favorite film, Kodachrome 25.

"Photographically," he said, "I'm technically well versed. Now it's time to develop my artistic vision. Out of the science — into the art."

From this combination of technique and vision, it seems he's well on his way.

AMATEUR photographers who live in the Observer & Eccentric delivery area are eligible to enter color slides in the "Nature in the Suburbs" contest. Winning photo will be published Labor Day weekend in full color in your hometown newspaper.

Watch for details on how to enter in two weeks.

Meanwhile, load up your camera with film, plan your shots carefully, and be on the lookout at all times for that picture with impact.

Political novices join bid to recall Gov. Blanchard

By Ariene Funke staff writer

Dave West of Canton says he's "never done anything like this before," but he's jumped solidly on the bandwagon which hopes to turn Gov. James Blanchard out of office.

Oral Quarrel asks about recall on Page 6A

Mike Crocket of Livonia, another newcomer to politics, is working with West to organize support for the recall effort in western Wayne County.

Supporters of the movement are furious with Blanchard for spearheading the recent 38 percent jump in the state income tax.

"This is a bipartisan action," said Crocket, a 26-year-old hydraulic pipe fitter. "It's a grass roots movement."

West, a 35-year-old warranty administrator for Cadillac Motors in Detroit, is overseeing recall activities in Canton, Livonia, Plymouth, Westland, Garden City and several other western Wayne communities.

THE COORDINATORS want to have an organizational meeting around June 4, but they said they're having a tough time finding a location for the meeting. They've tried, without success, to reserve space at a civic center, civic lodge or similar hall.

"We've had no luck in getting a building," West said. "No one wants to have anything to do with it — good or bad, right or wrong."

The organizers want to sign up volunteers and garner signatures for recall petitions. But if tradition holds

true, they're fighting an uphill battle.

Putting the issue on the ballot will require 706,000 valid signatures. And a state officer has never been recalled in Michigan.

BLANCHARD "rescued the state from bankruptcy" and now is concentrating his efforts on jobs and economic development, said Sue Carter, Blanchard's press secretary.

The state income tax increase is not a permanent tax, Carter said. She faulted the news media for failing to make that point more clearly.

The tax is structured to decrease in three increments and revert to 4.6 percent when unemployment drops below 9 percent, Carter said.

"A radical solution was required,"

Walk for Mankind slated for June 4

The Plymouth area Walk for Mankind is being sponsored this year by the Plymouth Jaycees and Jaycettes on Saturday, June 4.

Starting and ending at the Cultural Center on Farmer in Plymouth, walkers can register anytime between 7:30 and 8:30 a.m. on June 4.

"We have had walks in Northville and Canton in the past," said Eagle, "but this is a first for Plymouth. We invited everyone from those communities to join our walk and see for themselves that Plymouth is the place to be."

The majority of the funds will go to support the clinic and educational programs of Project Concern International. About 20 percent of the funds remain in the area as part of a "sharing" program with local schools, churches, and other non-profit organizations.

BRENDA NASH, Jaycette president and co-walk director, said: "I'm very proud of the young people of our area who show their concern for others by walking. They want to reach out to help

others around the world to have the health care they lack.

"Project Concern is a very cost effective way to provide that, as 45 cents will immunize a child against diptheria and tetanus, \$1 can save the lives of four children suffering from cholera, \$15 will train a local health worker to look after the needs of the community."

Sponsor sheets can be obtained at local schools or by calling 553-8110 or 459-8659.

Domino's Pizza, which also supports the work of Project Concern, will be waiting at the finish line on June 4 with free pizza for all walkers. The pizza will be furnished by the stores at Sheldon and Joy Roads according to managers Eric Everson and Ray Allen.

Also involved in the Walk in Plymouth is the Plymouth-Canton REACT group which will assist the Jaycees and Jaycettes. The walk will take about five hours to complete, organizers estimate.

Headstart recruiting

The Head Start program of Plymouth-Canton Community Schools is recruiting children for the 1983-84 school year.

Head Start is a federally funded program for three and four-year-olds who meet income criteria set up by Head Start. Children with special needs are eligible.

Four-year-old children will attend one-half day classes four days a week with parents attending Parent Education classes. Special features will include free breakfast, lunch, and field trips. Learning activities will be featured for parents as well as children.

HEAD START classes are held at Central Middle School, Church at Main in Plymouth.

Three-year-olds and their families will be a part of a home visit program designed for starting three-year-old learning skills. Parenting skills will be emphasized.

To be eligible for Head Start, a child must live in the Plymouth-Canton Community Schools district, be three or four years old by Dec. 1, 1983, or qualify for a handicapped category.

Those parents interested in enrolling children in the program should call 453-8889.

clarification

A story on school safety busing in the Observer May 19 should have said temporary busing for selected middle and elementary students residing within one-and-a-half miles of school may be phased out. Due to a production error, the distance was reported as one quarter mile.

The action, proposed by the Plymouth-Canton school district's safety committee, will be considered at a special June 14 meeting.

Sidewalk construction also will be addressed. Citizen comment will be welcomed.

Recommendations of the committee, which surveyed the entire district, include busing discontinuation; continuation, and continuation for kindergarten through second grade students only, varying with the safety of the involved routes.

Officer James Sclater gets into one of 11 police cars Brownstown bought for its new department. All of the cars were bought from existing police agencies.

Hats go off to the Brownstown Township Police Department. In a little more than a year, the department has grown from nothing into a 33-member police force. The director/inspector is Chris Gutowski.

Checking out a 'newborn cop shop'

Shotguns are among the various pieces of equipment which had to be purchased when the department started up.

Staff photos by Bill Bresler

The man responsible for putting together the department is Chief William Lillenthal. His hard work and planning has paid off in a growing police force.

By Gary M. Cates
staff writer

Currently Plymouth Township officials are discussing the possibilities of starting a police department. Prompted by this, the Observer visited Brownstown Township which recently started its own police department.

Starting a police department from scratch isn't an easy task — just ask William Lillenthal.

That task had Lillenthal working long hours that landed him in the hospital for several days due to exhaustion. "It was a big job, but I loved every minute of it," he said.

Lillenthal, who now sits inside an office with a "chief of police" plate on his desk, built the Brownstown Police Department from the ground up.

Brownstown is located in southern Wayne County. The township has a population of 20,000 and covers about 15 square miles comprised of three isolated sections which are bordered by the cities of Trenton, Gibraltar, Flat Rock, Southgate, Taylor, Riverview and Woodhaven.

It lost its police services when the Wayne County Sheriff's Department ended its road patrol in 1981.

The voters of Brownstown approved one mill for the creation of a police department after the sheriff's patrol ended.

Inside the new police station, part-time civilian dispatchers handle the desk operations of the department. Dispatchers like Mike Smothers type complaints and monitor the police radio.

Getting the job done right

Back home in the foothills of the Pennsylvania Dutch country there is an old saying that if you want anything done, and done right, do it yourself.

The best example was The Stroller's grandmother. She made her own yeast, baked her own bread and cake and even went so far as to build what she called a hanging shelf in the basement to hold her baked goods during the week.

Aside from this, she raised chickens in her own way of having special roosts for them and had her own methods of raising flowers. She had one of the flower gardens that were the envy of all visitors.

She even went so far as to concoct her own remedy for what she called "rheumatis." To get relief, at least in her own mind, she soaked a wash cloth and placed it on top of her bed. Then she had an old-fashioned corncob pipe (you don't see those anymore). With the wet cloth on her bed and the pipe in her mouth she sat most of the day at the window watching the world go by.

When the family doctor saw how content she was, he recommended that she always have a wet cloth and a corncob pipe. "If it makes her feel any better, why not let her carry on," he said. "It does her more good than any medicine I could give her."

THE STROLLER couldn't help thinking of her recently when the officials in Plymouth Township, tired of waiting for the county or state to clean up and rescue the Rouge River as it passes through, decided to take matters in their own hands. As a result, the probationers from the district court were hired to do the job.

Just how far they will get — for the stream is in bad condition — no one knows. But the cleanup has been started and it is hoped that it will be carried to a conclusion.

Several times in the past decade plans were made to do a great cleanup. But like many great plans it was cast aside and forgotten.

So enthused were the folks some years ago that a trip was made to Camp Dearborn to study the type of boat available for the business. And there, also, were boats for the

the stroller
W.W. Edgar

grownups. It was a great sight to see the fine use that was being made of the lake.

In the minds of those who paid the visit, there were visions of Wilcox Lake being a mecca for the young folks with paddle boats, and even canoes and row boats, while Newburgh Lake would become a haven for fishermen.

There were those among us who firmly believed that when the Great Architect of the Universe placed the lakes in the Plymouth section of the stream, they were meant to be used.

But like most plans of mice and men they were allowed to go astray. Nothing much was done, except to make promises. Both

the state and county were on record of doing the job of "rescuing" the Rouge. But it was only talk.

Now, thanks to the work of the Plymouth Township officials and the district court judges, a way has been found that the job can be done by using the manpower available right here.

And The Stroller has fond hopes that the program now begun by the probationers, will be like his grandmother's hanging shelf. She didn't wait anyone to build it for her. She built it herself — and we all enjoyed it, just like we all would enjoy a cleaned up Rouge and the lakes in our midst.

Memorial Day plans finalized

Plans have been finalized for the Memorial Day program in Kellogg Park which will immediately follow the parade Monday.

The route of the parade, which will begin at about 11 a.m. Monday, May 31, will be from Central Middle School at Church and Main down Main Street to Kellogg Park.

At 11 a.m. on Sunday, May 30, a memorial service for veterans will be held in the Plymouth Church of the Nazarene on Ann Arbor Trail west of Riverside Drive.

Grand Marshal for the parade will be Gerald Olson of American Legion Passage-Gayde Post 391 of Plymouth with Aide to the Marshal being John Herman of Plymouth Mayflower Post 6095 of the VFW.

THE PROGRAM in Kellogg Park will open with an invocation given by Dr. William Stahl of Plymouth First Baptist Church who also will give the benediction.

The Plymouth Centennial Educational Park (CEP) Band, directed by James Griffith, will play the National Anthem and then Mayor pro-tem David Pugh will lead those present in the Pledge of Allegiance.

After Pam Barton recites "In Flanders Field," U.S. Rep. Carl Pursell, R-Plymouth, will give the address as Memorial Day Speaker.

Laying of the wreath in remembrance of those who died in battle will be done by Ernest Rumby, commander of the American Legion, and by Kenneth Fisher, commander of the VFW.

Competing for a safer machine

By W.W. Edgar
staff writer

The lawn mower manufacturers have used the Japanese as a model and went out on their own to create a new market.

Taking a cue from Honda, which brought the first

real safety model on the American scene, they have improved on it and now the family lawn mower is one of the safest of all vehicles in its class.

Honda started it by arranging to have the starting rope one pulls to start the motor brought up to the handle. This eliminated the need to bend over to take hold of the rope and pull. In the old method, the user of the mower sometimes gets a foot caught under the frame, as a result many have lost toes and other serious damages to their feet.

Once that benefit was seen by the American manufacturers it was taken as an opening wedge for the American market and the vow that something had to be done.

And they did it. On the latest Toro model the starting rope is up at the handle (just as on the Honda), but with these additions:

They added a second handle at the top of the original. This is a multi-purpose addition in that it introduced the power in the electrical machine and it released the brake from the main shaft.

To meet the demands of the Consumers Products Safety Commission, a release of the pressure on the second handle stops the engine. And to meet the demands the entire function must cease within three seconds.

This means that there is little chance now of any one being injured.

It was in the act of taking the bag from his mower that Milt Wilcox, the Tiger hurler, injured his foot and for a time it was thought his baseball career was in danger.

The Toro people still have the starting rope at the same level as the top of the engine in some models, but with other safeguards on the second handle.

Organizing police force

Continued from Page 3

"I was hired Jan. 4, 1982 as the Brownstown Chief of Police," Lillenthal said. "I was retired out of the Wyandotte Police Department after 37 years of service."

LILIENTHAL STARTED with a stack of 135 applications and about \$215,000 — \$185,000 from the one-mill levy and \$30,000 from an existing law enforcement fund.

"The chief came in here with just a briefcase in his hand," said Brownstown Treasurer Steve Berecz.

"I was lucky. The township officials let me come in and do my job," Lillenthal said.

"You have to let a new chief use his experience and knowledge and common sense in setting up a department — it has to go that way," he said.

"I could have come in here with 10 doctor's degrees, 10 master's degrees, been able to talk seven foreign languages and still got nothing done if I didn't know who to contact, what to do and where to start."

His work included buying police cars and equipment, drawing a floor plan for the renovation of a storage room into a police station, obtaining an FCC license for police radios, setting up the department's command structure, hiring officers, establishing goals and procedures and writing projections.

"I had to survey the township itself to establish goals. I had to find out what people expected out here, I had to adapt to the community," he said.

"I had a handicap right from the start because of the limited amount of money I had to work with."

In three months Lillenthal hired a sergeant and our patrolmen, along with buying several squad cars and equipment. The small force went on the road for two shifts each day.

BY JUNE 1, 1982, the Brownstown Police Department started 24-hour operations.

Today, the department has one chief, one inspector/director, one detective lieutenant, three shift sergeants, one acting sergeant, nine part-time police officers, 10 auxiliary police officers, and seven civilian employees doing clerical and dispatch work.

The department owns 11 squad cars and all the basic equipment needed by a full-service police department.

The police levy is still at one mill, however the department's budget has expanded to \$400,000. The additional \$185,000 comes from court revenues.

"The township passed a resolution which lets the court revenued (from tickets and fines) come back to the department rather than going into the general fund," he said.

The part-time officers actually work more than 10 hour weeks, but they don't receive fringe benefits.

"They work real hard," Lillenthal said. "I'm an old hardnose street cop. I can't tolerate any goofing off here."

"I think there's nothing worse than a badge happy cop who abuses his authority," he said.

All of Lillenthal's officers are on the road, since he believes visibility is a major part of law enforcement.

"If somebody wants to file a complaint, we call a car in from the road to take it. I don't have officers sitting around the station waiting to take complaints," he said.

DURING THE first four months of 1983, the department has issued 1,689 traffic tickets, issued another 789 verbal traffic warnings, investigated 96 traffic accidents, arrested 89 drunk drivers, answered 1,852 resident complaints, made 222 misdemeanor arrests, and investigated 59 home burglaries.

"Someday this is going to be a big department, we've already come a long way. We're already outgrowing these quarters, and for the area we got, we're going to have to have more quarters."

Township residents and officials appear to be satisfied with the service.

"I get phone calls from residents saying, 'Gee hanks Chief, I just saw a police car go by.' You see, some of these people live out on dirt roads and never saw a police car in their neighborhood," he said.

Lillenthal says the advantage to a municipality operating its own police department is maintaining the control over it.

"There is no comparison to when we had the sheriff's department," Berecz said.

"We're proud of our department and we get comments from our people everyday about what a great job they're doing," he said.

Residents join campaign to recall Gov. Blanchard

she said. "The governor has said a fair-minded person won't blame him for doing the right thing. He inherited several budget problems.

"At this point, he is moving forward and not back, with programs for jobs and economic development," Carter added.

This is West's first venture into a political movement.

"The only reason I'm doing this is that we're opening the avenues for people to express how they feel," he said.

The recent tax increase places a bur-

den on young and old and is driving people out of Michigan, Crocket said.

"I have talked to a lot of elderly people. They say if a lot of young people move out of the state, they feel they can't support them. That's why a lot of elderly people support this recall."

Crocket and West said they had no alternative plans for solving the state's financial woes. But officials and legislators should be looking for ways to cut costs, Crocket said.

Some efforts also are being made to recall legislators who voted in favor of the tax increase, he said.

Crocket said he took a one-year wage freeze and his newest car is a 1974 Ford Torino.

"It (the tax increase) is a burden to the working person," he added. "My wife doesn't work and we're just getting by. I realize the state of Michigan is in trouble. But the answer isn't to raise the taxes."

Headquarters for the Recall Blanchard campaign are in Roseville. Residents can get additional information by calling 445-1776 or 445-1774. Office hours are 9 a.m. to 5 p.m. Monday through Saturday.

CHEVRES...FULL OF SURPRISES

Some little French superstars have just shot across the American culinary firmament. Joining other recent Franco-American favorites—quiches, croissants, and satiny Brie—chèvres have become the newest rage on the U.S. food scene. "Chèvre" simply means "goat" in French, and by extension, goat's milk cheese.

The new interest derives from their distinctively tangy taste, but the creamy texture, snowy color, and farm freshness of chèvres are no disadvantage.

The flavor depends largely on age. Younger cheeses have a tangy innocence; riper cheeses, a surprising zinginess. All offer a characteristic slightly peppery aroma and taste—a bit pungent, a bit piquant. For your first adventure with chèvre, try a subtly tangy young cheese and we predict love at first bite. The nipper, more mature chèvres are a cultivated taste for cheese lovers. A nibble of chèvre, a sip of fine French wine, and the tastebuds are startled and wonderfully awake.

Chèvres has another distinction. Like the mischievous Greek gods, they turn up in a variety of forms. The French make goat's milk cheeses in pyramids, cylinders, ovals, discs, spheres and "buttons." Many are small—less than four inches across—and resemble snowy little puddings. Some chèvres are beautifully wrapped in chestnut leaves to keep them moist; some are rolled in rosemary, anise or fennel; some are dusted with edible vegetable ash (cendré). These "coatings" add their own flavor nuance to the cheese.

The sturdy, rustic character of chèvres is part of their charm. In France, the world's leading producer of goat's milk cheeses, small farms are the principal source of supply—the goatish nature doesn't lend itself to mass-production techniques. The cow population far exceeds the goat population, and the average goat offers only two to three quarts of milk daily; a cow yields between 10 and 20. Furthermore, goats are quirky. While they derive nourishment from terrain that dismay their bovine cousins, changes in weather, handling, environment or feeding make them nervous and effect milk output.

Versatile little chèvres may be consumed in a wide variety of pleasing ways. Spread on crusty French baguettes after dinner, or on breakfast toast. Serve goat's milk cheese with cocktails, crumble it into salad, or offer it for le snack anytime. Great cookery ingredients, too. Chèvre and Leek Tart, made in a flaky puff-pastry shell, is the perfect accompaniment to drinks; it also serves as an appetizer course or main dish for lunch. Salade aux Crottins de Chavignol teams chèvre with greens, crumbled bacon, biscotte crumbs and Herbes de Provence for added flavor. Also chèvre turns out one of the tastiest soufflés you have ever set tooth to, as well as an unusual hot-bread made with crumbled bacon. Cold lamb or roast beef combine with chèvre in a splendid salad made with endive, French cornichons (midget gherkin pickles), chopped fresh dill and a spirited dressing enlivened with Dijon mustard.

In France, in the regions where chèvres are produced, local wines are invariably the accompaniment—and, in general, these wines are white. For your own chèvre and wine tasting, you might want to follow the French classic combinations: in the Loire Valley style, local chèvres team with Sancerre, Vouvray, Muscadet. Further east in Burgundy, Montrachet cheese turns up with Mâcon Blanc or the famous whites of the Côte de Beaune, Meursault and Montrachet. For tangier, more mature chèvres, try medium-bodied red wines such as those from the sunny vineyards of the Côtes du Rhône.

Should you choose other wines, simply keep in mind the usual rule of thumb about wines and cheeses—lighter wines with more delicate cheeses, more robust wines with stronger cheeses. And as for all cheeses, serve chèvres at room temperature. They store beautifully and will keep well when properly wrapped in the refrigerator; chèvres are the perfect cheeses for summer picnics and other tote-to-the-spot occasions.

More and more chèvres are being imported from France into the U.S., and the French keep coming up with innovations, for example, Camembert. Long a favorite on our own shores, it is now being produced with goat's milk and marketed as Camembert Chèvre. Try any of the cheeses illustrated in the photograph or opt for what your cheese-seller offers—and treat your tastebuds to the distinctive pleasure of these beloved French favorites.

CHEVRE AND LEEK TART

(Makes 2 tarts, 5 x 10 inches)

- 1 package (17-1/4 oz.) frozen puff pastry sheets
- 4 cups sliced leeks
- 1/2 cup butter
- 1/2 cup sour cream
- Salt and pepper
- Pinch curry powder
- 1 lb. crumbled chèvre (French goat's milk cheese)
- Thinly sliced leeks

Thaw pastry for 20 minutes, then unfold sheets. Cut one sheet into two 5 x 10 inch oblongs. Place on cookie sheet. Cut remaining sheet into 6 strips. Put 4 strips on long sides of pastry oblongs brushing edges with water to hold them in place. Cut remaining strips into halves crosswise and place them on short sides of both oblongs. Bake in preheated moderate oven (375°F.) for 30 to 35 minutes or until puffed and richly brown. While tart shells are in oven, sauté leeks in butter for 10 minutes. Stir in sour cream, salt and pepper to taste. Add curry powder. Remove baked tart shells from oven and spread leeks evenly in bottoms of shells. Top with chèvre. Replace in oven for 8 to 10 minutes. Serve hot, sprinkled with leeks.

SALADE AUX CROTTINS DE CHAVIGNOL

(Makes about 4 servings)

- 4 Crottins de Chavignol chèvre (French goat's milk cheese)
- 1 tsp. Herbes de Provence
- 4 cups bite-size radicchio or arugula greens
- 8 slices bacon
- 1 egg, well-beaten
- 1/2 cup French biscotte crumbs
- 1/3 cup French red wine vinegar

Place 4 Crottins in small bowl and top with herbs and oil. Refrigerate for few days. Wash, drain and chill greens. Fry bacon until crisp, drain on absorbent paper and crumble. Drain Crottins and reserve oil. Wipe dry with paper towels. Dip Crottins in egg and then into crumbs. Place them under broiler and broil 3 to 4 minutes or until slightly melted and hot. Surround Crottins with greens on serving plate. Sprinkle with bacon. Beat reserved oil with vinegar until thick and pour evenly over salad. Serve at once.

CHEVRE AND LAMB SALAD

(Makes about 4 servings)

- Salad:**
 - 3 cups thinly sliced rare cold lamb (or roast beef)
 - 6 oz. coarsely crumbled chèvre (French goat's milk cheese)
 - 2 endives, trimmed and separated into leaves
 - 1 cup sliced celery
 - 2 T. chopped fresh dill
 - 1/2 cup sliced cornichons (French midget gherkins)
- Dressing:**
 - 3/4 cup French peanut oil
 - 1/4 cup French red wine vinegar
 - 1 T. each horseradish, Dijon mustard
 - 1 tsp. Herbes de Provence
 - 1 tsp. salt

Combine all salad ingredients and toss lightly. Cover and chill. Combine dressing ingredients and beat until thick. Let stand at room temperature for 2 hours. When ready to serve, beat dressing again until thick and pour evenly over salad. Serve at once.

SOUFFLE AU FROMAGE DE CHEVRE

(Makes 4 to 6 servings)

- 6 T. unsalted butter
- 1/3 cup flour
- 1-1/2 cups half and half
- 1 cup (1/2 pint) heavy cream
- 1/4 tsp. freshly ground pepper
- Dash nutmeg and cayenne
- 1/2 tsp. Herbes de Provence
- 5 egg yolks
- 6 oz. crumbled chèvre (French goat's milk cheese)
- 6 egg whites, stiffly beaten

In saucepan, melt butter and stir in flour. Gradually stir in half and half, cream, pepper, nutmeg, cayenne and Herbes de Provence. Stir over medium heat until sauce bubbles and thickens. Stir over low heat for 15 minutes. Remove from heat and beat hot sauce slowly into egg yolks. Stir in cheese. Cool. Fold in egg whites. Pour mixture into 1-1/2 quart soufflé dish. Bake in preheated moderate oven (350°F.) for 40 to 45 minutes or until puffed and brown. Serve at once.

GATEAU AU FROMAGE DE CHEVRE

(Makes 8 to 10 servings)

- 2 cups unsifted all-purpose flour
- 1/2 cup whole wheat flour
- 1/2 tsp. salt
- 3/4 cup confectioners' sugar
- 1/4 cup vegetable shortening
- 1/4 cup soft butter
- 3 egg yolks
- 1 cup plain yogurt
- 8 oz. crumbled chèvre (French goat's milk cheese)
- 1/2 cup grated hard cheese, such as French Gruyère
- 1/2 cup crumbled crisp bacon
- 2 tsp. baking soda

Combine flours, salt, sugar in saucepan. Add shortening, butter, egg yolks and yogurt. Blend well. Cook over low heat, stirring constantly for 10 minutes or until shortening and butter are melted and dough is thick. Cool. Stir in cheese, bacon, baking soda. Spoon mixture into well-greased 1-1/2 quart decorative mold. Bake in preheated moderate oven (375°F.) for 40 to 45 minutes or until richly brown. Unmold and cool. Cut into thin wedges and serve with whipped butter.

Mexican cooking is easy to do at home

Mexican food cooked at home is amazingly foolproof, thanks to a wide variety of Mexican products in supermarkets. You can make Enchiladas simply by rolling a taco-seasoned ground beef mixture inside tortillas. Top the Enchiladas with a jar of cheese sauce and a can of chilies and bake. Quesadillas takes only minutes — place cheese strips inside canned whole chilies, then roll a tortilla around it. Fry until the cheese melts and blends with the chilies and the tortilla is crisp.

- 1 cup water
- 1/4 cup chopped onion
- 1 tsp. salt
- 1 jar (8 oz.) process cheese spread
- 1 can (4 oz.) chopped green chilies
- 12 flour tortillas

Brown ground beef; drain well. Stir in seasoning mix, tomato paste, water, onion and salt. Simmer for 15 to 20 minutes, stirring occasionally until liquid is reduced. Spoon 2 to 3 tablespoons meat mixture on each tortilla. Roll-up tightly. Place in a 9x13-inch baking dish. Spread cheese over top of Enchiladas. Sprinkle with green chilies. Top with remaining meat mixture. Bake at 350° for 25 to 30 minutes. Remove with spatula. Serve immediately.

You can prepare Mexican food at home that is every bit as tasty as Mexican food cooked in a restaurant. These enchiladas are as easy to fix as they are tasty.

Fire up diet with flambe

Thirty days have September, April, June and November. All the rest have 31 except February and the Diet Season.

During our nearly 20 years of marriage, Anita has gone on a diet more times than we have gone on vacation. The Diet Season can occur any time and usually lasts longer than vacation, but is never as much fun.

I've tried to help my wife weather Diet Season, but it always rains on her parade.

Anita stayed with Weight Watchers five or six weeks some time ago. She gained three pounds.

She stayed with The Last Chance Protein Diet two months. She lost 20 pounds. But when she learned the diet could prove dangerous to her health, she started gaining it all back.

She stayed with The Low Carbohydrate Diet for a month and broke even.

Anita is determined that The Protein Sparing Diet will answer her prayers. I have my doubts, but I've promised to do my best to see that she "achieves weight loss of fat without significantly reducing tissue protein."

She can eat one meal a day sandwiched between two "trim shakes," which can be comprised of fruit and non-fat milk or juices, plus a special powder.

It's up to me to make that one meal enjoyable and I'll let you know how Anita does this time around.

DIET EGGPLANT ITALIANO

- 1 medium eggplant, pared and cut in 10 1/4-inch slices
- 1 tsp. salt
- 1 pkg. (8 oz.) part-skim mozzarella, cut in 10 slices
- 1/4 tsp. black pepper
- 1/4 tsp. dried oregano leaves
- 4 cups tomato juice, cooked until reduced to 2 cups
- 2 tbsp. grated Parmesan cheese

Place eggplant on large plate, sprinkle on 1/4 teaspoon salt, let sit 10 minutes, boil in enough water to cover 10 minutes, rinse and place in 2-quart casserole. Sprinkle on remaining salt, pepper and oregano. Place 1 slice mozzarella on each eggplant slice, pour on cooked tomato juice and sprinkle on Parmesan. Cook 15 minutes in 400° oven. Serves 3.

DIET BANANA FLAMBE

- 1 banana, halved lengthwise
- 1/4 cup unsweetened apple juice
- 1/4 tsp. grated lemon peel
- 1/4 tsp. ground ginger
- 1 tbsp. brandy

Place banana in non-stick skillet, pour on apple juice, sprinkle on lemon peel and ginger and cook over low heat about 5 minutes, constantly basting banana with juice. Heat brandy, pour over banana, ignite and shake skillet until flames extinguished. Serves 1.

Mushroom feast tonight

Two of Michigan's most notable mushroom experts and one of its finest chefs will combine their knowledge of mushrooms to produce the Mushroom Mania Feast and Lecture at 7:30 p.m. today at Historic Holly Hotel in Holly.

Executive Chef Rick Halberg will turn his regular Monday night Chef's Selection six-course dinner into an all-morel showcase, featuring fresh wild Michigan morel mushrooms.

Commentary on morels and other species of mushrooms will be given by mushroom experts Dr. Nancy Smith Weber, mycologist, author and daughter of a leading authority on North American mushrooms, Dr. Alexander Weber, and Betty Ivanovich, graduate mycologist, mushroom importer and proprietor of Betty's Mushroom Specialties of Utica, Mich.

THEY WILL discuss how to find, identify, store and cook various species of mushrooms, highlighting the morel, which is at its peak for harvesting and inspires mushroom mania in Michigan now through the end of May. Some devotees have come from as far away as California to pick Michigan morels.

Chef Halberg, a graduate of Culinary Institute and former chef at a four-star restaurant in New York and at Tweeny's in Birmingham, has created the following menu for the event: morel soup, shredded morels in phyllo pastry, quenelle of chicken and morel, filet of beef roasted with morel mushroom sauce, green salad with raw morel mushrooms and dessert — surprise.

Reservation for the feast, priced at \$19.95 per person, may be made by phoning the Historic Holly Hotel, 634-5208.

THE YOUNG members of the Plymouth Fife and Drum Corps were out in full uniform last Friday and Saturday. They were giving the Kiwanis clubs a hand with their annual peanut sale fund-raiser.

GARDEN PLOTS are available to residents of Plymouth Township. Members of the Tonquish Creek branch of the Woman's National Farm & Garden Association marked the plots out at Beck and North Territorial roads.

Residents can rent a plot for \$5 and live off the land for the summer and fall months. Call Plymouth Township Hall, 453-3840, to reserve a space.

CYNTHIA Keyes, Rose Hamilton and Betty McCully were recognized Sunday for their volunteer service at the Ann Arbor Veterans Administration Medical Center.

Cynthia received an award for 1,750 hours of service. Rose and Betty received certificates of service. The presentations were made following dinner at the Ann Arbor Sheraton Inn. It was the Medical Center's 29th annual volunteer recognition ceremony.

CHARLIE BURR has a role in the production of the "Odd Couple" at True Grist restaurant and dinner theatre in Homer. Charlie is one of the odd couple's poker playing cronies. The play will run through June 18.

He is a veteran performer at True Grist having just completed the Elwood P. Dowd role in "Harvey." Charlie is just one of the many professional actors who got his start in the drama department at the Centennial Educational Park. His parent Sanford and Ruth Burr of Plymouth.

PLYMOUTH LIONS Club has eye glass collection stations at the Mayflower Hotel and the Plymouth Library. Don't let old eyeglasses just sit. They could mean a whole new world to some underprivileged person.

The Plymouth Lions recently donated 1,000 pairs of used eye glasses to World Medical relief.

The Lions also are back in the picnic table building business. Ten will go to Plymouth Township Park and five will be sold privately.

PARTY BRIDGE winners for the first two Thursdays in May were Arlene Schroeder and Frances Peters, May 5, and Norma Carroll and Ruth Kepler, May 12. The Thursday afternoon games in the Plymouth Cultural Center, 525 Farmer Street, are open to the public.

BEA THOMANN and Mario Gamanche were recent winners of Big 50-60 fund-raiser sponsored by the Blue Chapter of the CEP Athletic Boosters Club.

Seems the coaches are keeping the winners in the family. Probably because the coaches and their families are contributing to the cause. Bea Thomann is Fred Thomann's mother and Mario Gamanche is Bob Brodie's father-in-law. Fred is basketball coach for the Rocks and Bob coaches JV basketball and is assistant football coach.

KAREN McKeon, a senior at Michigan technological University, received the Copper Kettle Country Kiwanis Scholarship award for significant contributions to the arts. Karen graduated from Plymouth Salem High School in 1978 and is majoring in scientific and technical communications at Michigan Tech. She has been involved in several musical activities. She has performed for four years in the Keweenaw Symphony Orchestra and the Symphonic Band. She has played for three years in the pit orchestra at MTV musicals.

Last month, she performed a solo at a campus Symphonic Band concert. It was the same percussion solo she played several times during the band's 11-concert tour of the upper Midwest.

Karen is the daughter of James and Shirley McKeon of Plymouth. She played in the CEP marching and symphony bands during her high school years.

The Copper Country award was presented during the Keweenaw Symphony Orchestras spring concert at the Calumet Theater.

Spring is here!

The Plymouth Community Chorus made the coming of spring official with its annual May concert "We're Gonna Make Music." The chorus sang to full houses for both concerts in Plymouth Salem High School Auditorium. The singers, directed by Michael Gross, received three

standing ovations from appreciative audiences. Among the show stoppers was baritone Dick Schaw's solo, "Ol' Man River." The chorus was accompanied by Carol Chen on piano and (right) Jeff Stopa on drums and Kelvin Chen on horn.

Seminar geared to active working women

Discovering "you can look good with what you have" will be one of the benefits of the appearance management seminar sponsored by the Canton Business and Professional Women's Club.

The seminar at 6 p.m. Wednesday in the cafeteria of Plymouth Canton High School is open to the public. There will be a buffet dinner at 6. Admission to the dinner and seminar is \$8; the program only is \$4.

BPW members who are graduates of Individual Development Plan II will conduct the seminar. Pat Gresock, Tricia Ahern, Sophie Zoller, Carol Baker and Emily Mosher Wallace are graduates of the six-week communications and leadership program for working women. The course included public speaking, thinking on your feet, listening skills, interpersonal skills, instruction, group interaction, problem solving and creative thinking.

The appearance management seminar for women is the culmination of the learned skills — a practical and immediate application of these skills.

PAT GRESOCK said, "The seminar will show the active working woman

how to save time and money. It will show her how to go from the office to an evening event with an easy change in dress and hairdo.

"How to shop wisely, how to buy a hair brush, a hair tint, or get a make-up change. It is a working seminar with an opportunity to visit and question. There will be display booths, but we are not selling anything."

Sharon Spry, wardrobe consultant, will talk about coordination and how to build a wardrobe for the head-to-toe look. She will talk about packing for traveling. She will suggest wardrobes to fit personality, purse and career.

Mary Lynn Burns will do color consultations and cosmetics for the natural look.

Nine representatives from Shear Dimensions will show, demonstrate and answer questions about hair styles. They will talk about hair care, shampoos, brushes, combs and quick changes of hair styles from work place to evening styles.

For ticket reservations call Ahern, 453-4315; Baker, 459-5555; Gresock, 455-8148; Wallace, 455-2034; or Zoller, 697-7379.

Museum hours are 1-4 p.m. Thursday, Saturday and Sunday.

2 vice presidents named at SC early in 1982

(Part LIV)

On Jan. 14, 1982, the board of trustees at Schoolcraft College announced it had given unanimous approval to president Richard McDowell's choices: Dr. Conway Jeffress as vice president for instruction and Barbara Geil as vice president for student affairs.

Jeffress, 38, of Pittsburgh had succeeded McDowell as vice president for strategic planning at Allegheny County Community College. He holds a degree in psychology from Washington and Jefferson College and master's and doctorate degrees in higher education from the University of Pittsburgh.

Prior to Jeffress' arrival, Ronald L. Griffith, dean of continuing education and community services who joined Schoolcraft in 1971, had acted as vice president for instruction.

Geil had been with the college since it opened in 1964. She had arrived from Bay City to be a counselor and then director of admissions. She holds a degree in biology from Albion College

and a master's in science education from the University of Michigan. At the time of her promotion to vice president for student affairs, she was the only woman vice president at the college.

DURING THE FALL and spring of 1981-82, the college observed its 20th anniversary, culminating with a Founders' Day reception on April 24 to which citizen founders, former trustees, public officials, honorary degree holders, retired staff members and special friends of the college were invited.

Tours of the campus were held, and an anniversary ball was held in the evening in Waterman Campus Center.

In April, faced with a state aid loss of \$1.3 million from its projected \$15.2-million budget, the board of trustees increased tuition by 15 percent for the fall semester. Tuition for residents was set at \$25.20 per credit hour. Non-residents would pay \$34.50 and non-Michiganians \$51.50.

Cuts in state aid, ordered by Gov. William G. Milliken because of the

past and present

Sam Hudson

state's poor economic situation, might have been restored if the state Senate had joined the House in approving a state income tax increase during the year, but it did not.

McDowell said the state provided 37.6 percent of the college's revenue in 1976-77, but that it would be only 24 percent in 1982-83. He said tuition, which provided 23 percent of revenue in 1976-77, would now account for 28 percent.

SOMETHING NEW was introduced at the college's 17th annual commencement exercises in May 1982.

Three graduating students, David

Shaw of Livonia, Mari-Ann McQuater of Clawson, and Robert Lowry of Novi, were commencement speakers.

Shaw received an award for outstanding service to student activities and two state awards for his work as editor of The Campus Globe.

Of the 755 who graduated, the average age was 26.3. Only 33 percent were between the ages of 20 and 22. Fourteen percent were 40 years of age or older, and 4 percent were 51 or above. Since founding day, the college's alumni list had been brought up to 8,915.

Fourth-quarter state aid payments to colleges were held up in June due to

Michigan's fiscal problems. Ken Lindner, vice president for business affairs at Schoolcraft, said the college would have to borrow to obtain working capital. He said the extra \$110,000 for interest expense was the equivalent of three to four faculty jobs.

During its June meeting, the board held a public hearing on the administration's recommendation to levy the full, voted 1.77 mills of property tax instead of reducing the tax rate to 1.697 mills because of property assessment increases. The hearing was required under the new Truth in Taxation Act.

After the hearing, the board voted to accept the administration's recommendation. The tax rate was raised to the full 1.77 mills approved by voters. The increase was estimated to cost the average homeowner about \$5 more for the year.

In June, McDowell announced that Schoolcraft had received a state grant of \$1,000 for planning robotics technology. The state giveth as well as taketh

away — but not always in the same amount.

PRESIDENT McDOWELL was the first Schoolcraft College president to receive a public evaluation under Michigan's new Open Meeting Act.

Prior to a Michigan Court of Appeals case in 1981, in which the court ruled that evaluations must be conducted in open session, they had been done behind closed doors.

The board's evaluation of McDowell, compiled by the seven trustees, was made public at its meeting toward the end of June. McDowell was rated superior in quantity and quality of work and his ability to communicate.

The board declared him remarkable in analytical ability, decision-making, planning, delegation, management of assigned resources and implementation of policies and procedures. He also rated high in staff development, in creativity, leadership and self-confidence.

oral quarrel

Today's Oral Quarrel question asked: "How do you feel about the proposed recall of Governor Blanchard?" The responses follow.

- Governor Blanchard is a bum.
Yeah, I really think that Blanchard goofed. I'm really disappointed in him getting elected and turning around and shoving a tax increase down our throats. I'd be really happy to see him ousted out of that office and maybe we could get somebody like Dick Headlee in there who knows business and knows how to turn a dying situation into something that could be prosperous. I definitely favor the Blanchard recall.
I'm in favor of the recall because the taxes levied upon Michigan citizens are just to high and now with the 38 percent income tax increase they're even higher and apparently Mr. Blanchard doesn't understand this.

- I'd like to see him recalled. And the other Democrats that voted for the income tax raise.
I think it's the best move they've made since the election, to recall him. Our taxes are high enough.
Yes, I think the governor should be recalled.
I know how to deal with the recall. It's what will take his place that worries me.
I am going to sign the petition to recall the governor. In fact, I'm even going to circulate one. The recall is the only opportunity that we're going to have to lodge our protest. So I will be voting for the recall of Governor Blanchard.
I am totally in favor of the recall. I think instead of raising taxes and supporting a bigger spending budget he should have cut spending and left the taxes where they were.
I think the scope of the recall is too narrow. I think that it should be extended to include some of the legislators who have not been able to live or at least to be fiscally responsible in the past and in the present and who voted for the tax increase. I think the recall should be expanded to cover them also.
I'm a Canton resident and would be in favor of the recall.

- I'm 100 percent for the recall of Governor Blanchard. So is my husband and at least a couple of hundred people that I work with. I think that it should be done, and I hope that everyone succeeds, and I will help in any way that I can.
My wife and I are in favor of the proposed recall of Governor Blanchard.
I'm thrilled to death about the recall of Governor Blanchard. The people of this area are responding overwhelmingly and they can't get the petitions out fast enough.
I would be in favor of a Blanchard recall as I'm sure everyone else was not aware they were voting in a 38 percent tax increase when they voted in Governor Blanchard.
My husband and I both feel that we would like to support the recall of Governor Blanchard.
I would like to see him recalled.
I assume the question called equates to the governor's position on raising taxes and increased spending. If individuals feel that the governor is wrong then they also should be prepared to sign a petition to recall the representatives and the senators who also voted for the same issue.
I hope very much that he gets re-

- called. Considering the state's business climate is the worst among the 48 contiguous states obviously his tax increase is just going to make it that much worse.
I feel like Sparky Anderson, give him the hook.
Mr. Blanchard is acting very irresponsibly by not making some hard decisions on using available tax money. He is taking the easy way out to raise our taxes as all politicians seem to need to do.
I support it 100 percent. I feel that politicians must begin to understand how angry the taxpayers are at the irresponsible way they spend our money.
I'm for the recall of Governor Blanchard, and I resent the article that the Observer has in the paper written by Tim Richard, and I would like to know who is the "we" he is referring to when he says that you're not taking a position either way on this recall and I think that the leaders of the recall should have equal opportunity to write an article in the same spot with the same amount of words without having to write a letter to the paper which is limited to 300 words or less. Also I would like to refer to the fact that they are giving themselves raises and I think they should be concerned about managing our money properly instead of giving themselves raises.

- I think political leaders that make promises they can't keep should be recalled.
I feel that there should be a recall of the governor. I'm for it. Yes.
I'm very much in favor of the recall of Governor Blanchard and any other legislator who would support tax increases in Michigan. One must either be rich or on welfare to succeed in this state. Where is all our tax revenue going? To our legislators salaries. What are we getting in return? A lot of inefficiency for sure. An example are the overpayments on workers compensation and the Zilwaukee Bridge. And where are our tax refunds? Blanchard said this was a temporary increase. HA! How will our unemployment drop — surely not through the auto industry and what out-of-state firm would consider relocation to Michigan with taxes we have to pay. My company's corporate office moved out of this state. They moved to Arizona where they even have nice weather. 'Say yes to Michigan' — the taxpayers apparently have no choice in the matter but maybe we can say "no to Blanchard."
I signed a petition to recall Governor Blanchard because all he can do is spend, spend, spend like our legislators.
Just what does he propose when my budget goes in the red? How can I raise taxes? I can't even get a raise at

- work? I haven't had a raise in two years and I'm going under fast in Canton Township and I'm thinking of moving.
I'm strongly in favor of recalling Governor Blanchard I think he has been totally dishonest with us. First he raises taxes then he turns around and raises spending. I think that's completely unwarranted. Somehow a message has to be sent to Lansing that we can't tolerate this kind of behavior the budget should be cut, not taxes raised.
It's the best thing that has ever happened to the State of Michigan. This program now is pure socialism, dividing the state into those who have and those who have not, destroying the middle class. The Democratic party has now become a socialist labor party.
Recalling his campaign stated jobs, jobs, jobs, after elected it was taxes, taxes, taxes. This state can't afford to lose any more jobs due to high taxes.
I'm in favor of the recall.
Tell Tim Richard to go jump in the lake. If he wants to pay my taxes why don't he come over to my house and pay 'em. I'm quitting your paper, that's all I can say.
The man is incredibly naive and has not done a very good job at being our governor; however he has done nothing illegal or immoral and, therefore, I see no reason for a recall at this time.

BABY IT'S YOU (R). A teen-age-mismatch story set in the '60s about the attraction between a smart, middle-class girl and a no-future, high school dropout.

BLUE THUNDER (R). Action-adventure with Roy Scheider as a police helicopter pilot engaging in a battle with the developers of an ultra-sophisticated helicopter.

BREATHLESS (R). Richard Gere and Valerie Kaprisky are passionate lovers running from the police after Gere kills a policeman in this remake of the Jean-Luc Goddard classic 1959 film, "A Bout de Souffle."

DOCTOR DETROIT (R). Dan Akyroyd is a mild-mannered college professor by day and a flashy swinger by night after he inherits a group of prostitutes.

FLASHDANCE (R). A determined, young woman works as a welder by day and a dancer by night. Movie doesn't make too much sense but the dancing makes a terrific impact.

GANDHI (PG). Epic film about Mahatma Gandhi, political and spiritual leader who led movement for Indian independence from Britain. Magnificent performance by Ben Kingsley as Gandhi.

the movies
Louise Snider

'Blue Thunder' raises noise level but that's about all

Fasten your seat belts and put on your earplugs for "Blue Thunder" (R). This movie puts you on a fast-track through an aerial obstacle course and does it with a roar.

The gimmick is a helicopter that does everything but prepare a chocolate mousse. It looks like an armored cockroach that flies. Visualize a sci-fi monster, like Mothra, only with electric cannon, turbine booster and super surveillance equipment. That's Blue Thunder.

What is the purpose of this lethal, high-tech weapon? What else but crowd control in Los Angeles. (You know how testy Angelinos can get, what with the smog and the traffic jams.) The sophistication of the helicopter, however, bears an inverse relationship to the sophistication of the film, which is sophomoric by any standards.

Since the whole premise of this movie is action at any price, plot, characters and rational behavior are left to fend for themselves. Action is king. There are helicopter duels, car chases, shoot-outs, beatings and a bit of voyeurism thrown in for good measure. The close-mouthed, square-jawed and, of course, misunderstood hero is Vietnam veteran and police helicopter pilot Frank Murphy (Roy Scheider). He's been assigned to test Blue Thunder.

THE VILLAINS ARE not dope dealers, terrorists or spies but a bunch of sinister Federal agents. They brought the chopper to Los Angeles for the local police to test because it was designed, initially, to thwart any terrorist violence at the '84 Olympics in L.A.

Now for the sinister part. The Federal agents conspire with top officials to deliberately stir up trouble in the barrio so that Blue Thunder can be tested in a real-life situation.

A key figure among these investigators is another helicopter pilot, Colonel Cochrane (Malcolm McDowell). Cochrane and Murphy knew each other in Vietnam and hate each other's guts.

Murphy discovers what Cochrane and the others are up to. They discover that Murphy has discovered their plans. It's war, after that. Murphy races to get a tape he's made of their conversation to a television station. Cochrane and cohorts throw everything they can at Murphy, including Sidewinder missiles.

This aerial dogfight, with helicopters and planes crashing and missiles exploding, takes place over the second most populous city in the United States, a city which, incidentally, looks deceptively beautiful in the many nighttime shots.

Supposedly, there is some kind of message in this film. Implicit in the helicopter's video and audio surveillance equipment and computer hookup with various data banks is the warning that Big Brother has the capability of intruding, manipulating and terminating our lives.

THIS NOTION, HOWEVER, is quite secondary to the main thrust of the film, which is a showcase for the talents of stuntmen and special effects personnel. After all, it's not every movie that has a missile striking a barbecue shack and sending scores of chickens dropping from the skies.

This is the only bit of humor in "Blue Thunder," which is schizophrenic in its worship of machinery and its seeming concern for people — touchingly referred to as "civilians."

Candy Clark is the pilot's sometime girlfriend in the action drama "Blue Thunder."

Matisse exhibition shows depth of artist's skills

"Henri Matisse: Prints and Illustrated Books" is featured in the Schwartz Graphic Arts Galleries of the Detroit Institute of Arts through Sunday, Aug. 14.

An outstanding selection of illustrated books including both versions of "Jazz" (with and without handwritten text) and "The Legend of Pasiphae" with poetic text by Henri de Montherlant will show Matisse's achievement in this medium.

Along with the artist's book, 36 prints from the permanent collection of the Art Institute will be exhibited. These fine examples of Matisse's graphic work are in various techniques such as etching, aquatint, lithography and linocut.

"I do not distinguish between the construction of a book and that of a painting," Matisse wrote late in his career.

Between 1930 and 1952, the artist designed 11 books. Whether painting or using etching as in his first book, Mal-

larne's "Poesies," (1932), he strove to integrate words and illustrations so as to bring out each expressive nuance.

A highlight of the exhibition are 90 linocut illustrations for "Pasiphae," exhibited in Detroit for the first time. These are variants of the illustrations Matisse selected for "Pasiphae" and were only recently discovered, according to Ellen Sharp, curator of Graphic Arts.

THESE WHITE linocuts on black pages were printed in 1981 by Fequet-Baudier, printers of the original edition in 1944.

Lines of varied widths and sweeping curves remarkably demonstrate the artist's purpose — to make his line drawings a pure, direct translation of his emotion. The linocuts are being circulated under the auspices of the International Exhibitions Foundation, Washington, D.C.

The exhibition, "Henri Matisse: Prints and Illustrated Books," will be

open to the public without charge. Museum hours are 9:30 a.m. to 5:30 p.m. Tuesday-Sunday. Closed Mondays and holidays.

There will be two programs regarding the exhibit. Victor Carlson, an authority on the artist's draughtsmanship, will give an illustrated lecture at 8 p.m. Wednesday, June 8, on "Henri Matisse: A Painter's Prints" in the Lecture/Recital Hall. Admission is \$3, senior citizens and students with ID \$2 and Founders members \$1.

Carlson will also give free Masterwork of the Week talks at 1:30 p.m. Wednesday, June 8, and Friday, June 10. His subject will be "The Plumed Hat," a celebrated Matisse drawing from the Art Institute's permanent collection.

"Matisse's Achievement in the Art of the Illustrated Book" will be discussed by Ruth Rattner of the Graphic Arts department in free gallery talks at 1:30 p.m. Wednesday, June 15 and Friday, June 17.

"Pasiphae," linoleum cut, is among work by French artist Henri Matisse in the current show at the Detroit Institute of Arts.

2 new mini series added to Meadow Brook concerts

Two new mini series, a special variety non-series and children's concerts are scheduled this summer at the Meadow Brook Music Festival on the Oakland University campus near Rochester.

The "Star Series," one of the new mini series, includes appearances by Glen Campbell and Tammy Wynette, Sammy Davis Jr., and Johnny Mathis. An "Easy-Listening Series" features the Detroit Concert Band, Fred War-

ing, and "Hooked on Swing" with Larry Elgart and His Orchestra.

The festival's variety non-series of entertainment specials includes Jean-Pierre Rampal in recital, a patriotic salute on July 4 by the Meadow Brook Estate, Victor Borge having fun with the Metropolitan Concert Band, and a laser light show with the Detroit Concert Band.

In addition, the non-series concerts will feature appearances by Frankie

Valli and the Four Seasons, Pat Metheny, Little River Band, Air Supply, Sheena Easton and Manhattan Transfer.

A TWO-DAY marathon for orchestras from the tri-county area is planned as well.

Children will receive attention from Meadow Brook with three concerts "Rumpelstiltskin," an opera for children; "Peter and the Wolf," and "Poem-sicles" that blends music and dance will be presented for young audience at 11 a.m. selected Saturdays.

The classical music series by the Detroit Symphony Orchestra on Thursdays and Sundays, plus the Friday and Saturday variety attraction series, also are part of the summer music festival.

Concerts at Meadow Brook start at 8 p.m. and are held in the Howard C. Baldwin Pavilion. Exceptions are the Rampal recital scheduled at noon and the Tri-County Orchestra Marathon at 4 p.m.

Entrances to lighted parking are off Walton Boulevard and Adams Road. The pavilion, with its contoured lawn, seats more than 7,000 persons.

Festival grounds open two hours before concert time for waitered and cafeteria-style dining on Trumbull Terrace and for picnics on the grounds.

Information on season subscriptions and lawn coupon books for all series and special-event concerts are announced in a brochure. For more information, call the box office at 377-2010.

Daylong festival features bluegrass

The Stroh's Motor City Bluegrass and Traditional Music Festival will be held at noon Sunday, May 29, at the Meadow Brook Music Festival site at Oakland University near Rochester.

Now in its fourth year, the event is a fund-raiser for public radio station WDET in Detroit.

Tickets are \$7 in advance and \$9 at the gate. Advance tickets are available at CTC outlets and at several locations including the Musical Oasis in Birmingham, Music Mill in Lake Orion, Dearborn Music in Dearborn, Giffitts' in Northville, Schoolkids Records in Ann Arbor and Elderly Instruments in Lansing.

Headlining the daylong show will be "Big" Joe Turner, who helped launch the rhythm and blues revolution some 30 years ago. The show also will feature bluegrass favorite Doug Dillard, whose banjo is heard on the soundtracks of several movies including

"Vanishing Point" and "Popeye."

JAZZ PERCUSSIONIST J.C. Heard and his quintet will provide the backup rhythm for Joe Turner. During a career that spans 55 years, Heard has appeared throughout the United States and in many foreign countries.

Also on the entertainment bill are Roy McGinnis and the Sunnysiders, a bluegrass band, and the Reel World String Band, a bluegrass group specializing in a revivalist motif.

The bluegrass bands will provide the musical catalyst for the Costabella Cloggers, a clog dancing troupe.

The quintet Five O'Clock will belt out Top 40 numbers and inspirational melodies.

Rounding out the program will be Pat's People, a trio providing traditional Irish music. Harmonica artist Corky Siegel will make a special guest appearance.

The competition represented five districts from Michigan. Dan earned his distinction in the areas of auto body, bumping and estimating. He will attend the nationals in Louisville, Ky.,

Monday, June 27, through Saturday, July 2. His auto body instructor at Plymouth Centennial Educational Park is Larry Deck. Others who attended the competition at Ferris were instructor Mark Bondy and vocational technician Dave Bobbe. Students Brian Price and Dave Rivera also came in the top 10 finals. Dave is shown above with the medallion he earned for his first-place finish.

New 3-year contract

Schoolcraft prexy gets bonus

Buzie Rollins Singer
Staff writer

Schoolcraft College President Richard McDowell is at work under a new three-year contract with a \$3,000 pay raise.

After giving McDowell a favorable performance review, the board of trustees voted:

- To raise his salary 5.4 percent to \$9,000.

- To award him a 7 percent, \$4,000 "performance appraisal system" bonus.

The vote on the \$3,000 pay increase was 1 with trustee Sharon Sarris dissenting and Laura Toy abstaining.

Sarris said she would "rather limit the salary hike and go for a higher PAS yard." A performance appraisal system

is a one-time, discretionary, lump sum payment that is reconsidered annually. It is similar to an executive bonus in industry, except that it isn't based on profit.

THE VOTE on the PAS bonus was 5-0 with Toy and Rosina Raymond abstaining.

"I had to abstain from the vote on the pay raise because I had no idea what the PAS would be, and I wanted that information before we voted on the salary," Toy said.

Raymond said she abstained from the PAS vote because granting monetary rewards violates her "philosophy because it can be discriminating."

This is McDowell's first pay raise since he was hired by the college nearly two years ago.

Before the vote to raise McDowell's salary, Raymond fought hard to win her colleagues' support to grant only a \$2,000 pay increase.

"It has nothing to do with his job, but in these times I'd be happier to see him get \$2,000," she said.

Trustee Paul Kadish pointed out that the \$56,000 salary was established in 1981. Since then, he said, the faculty has received a 5 percent pay increase, and other contractual workers got 8 percent raises.

IN EVALUATING McDowell, trustees each gave their opinions of his performance, and board Chairman Harry Greenleaf summed it up:

"We all agree that one of your great accomplishments was getting us on-line registration and getting the mid-year tax collection pushed through. We can't say enough about the foundation."

McDowell stimulated the Schoolcraft Col-

lege Foundation last year to raise money.

Trustees also complimented McDowell on his "outreach" to business program and his ability to negotiate a contract with the faculty last fall without having a work stoppage.

"It was a difficult financial year. We didn't know from day to day if we would have a new, executive (budget cut) order, and you did a fine job throughout those tough times," Greenleaf said.

On behalf of the board, Greenleaf asked that McDowell spend more time promoting Schoolcraft's other "excellent programs besides culinary arts," and to work harder on public relations and staff coordinations.

"You might like to look at setting up some kinds of seminars aimed at management strategy," he added.

All trustees asked that McDowell give them a written plan to accomplish his quantitative objectives.

McDowell responded to the evaluation positively.

"I like your candidness this evening. I feel very comfortable here, meeting the needs of the college. But in the future, I'm going to have to set time to interact with my colleagues more and develop myself professionally," he said.

FIXED BRIDGE TO THE RESCUE

If you have one or more missing teeth creating gaps that should be filled, you may want to consider the fixed bridge.

Misaligning teeth can do more than affect the shape of your face. They can also throw your other teeth out of alignment and cause other serious dental problems. If you choose a fixed bridge to solve the problem, you'll have "new" teeth that will be permanently fixed in your mouth. You won't have to take them out to clean them. They can be brushed the same way your natural teeth are and flossed (with a little dexterity from the flosser) to remove bacteria and food particles.

Before your dentist makes a fixed bridge, he'll check the health of the adjacent or supporting teeth. They have to be strong and healthy with enough underlying bone structure to support the denture. Then he'll make crowns for the supporting teeth to make them even longer. As a final step, the dentist will solder the piers to the replacement teeth (called pontics) and cement the entire bridge into place.

Canton prepares for massive soccer attack

By C.J. Risak
staff writer

Canton is about to be invaded. Numbers are difficult to determine, but estimates have escalated beyond 1,500. They will come en masse from every direction, descending upon the township early Friday with one objective clearly in mind:

To be at Township Hall by 5:30 p.m. that evening.

The invaders will be easy to recognize. They will be both male and female, but none will be more than 19 years of age.

And all will be armed with spotted, round balls.

That's right — an army of soccer fanatics is on its way.

THE REASON is simple: they were invited. The Canton Soccer Club, together with the Parks and Recreation department, is planning the first-ever Canton Open Soccer Invitational this weekend.

Approximately 98 teams are expected to compete for honors in eight divisions: 10 and under, 12 and under, 14 and under, 16 and under and 19 and under for boys; 10 and under, 12 and under and 14 and under for girls.

An abundance of the teams will represent their home town: about 35 squads are from Canton. But others will come from Livonia, Redford, Birmingham, Troy, Southfield, Dearborn and other metro-Detroit areas.

Play starts Friday evening after Flo-

din Park and Canton's new recreation complex are dedicated.

That is "part of the reason, obviously" for scheduling the soccer spectacular for Memorial Day weekend, according to Canton Soccer Club president Phil LaJoy.

"It's certainly an appropriate time to have it," LaJoy added. But the dedication ceremonies, which will mark the

official opening of the Louis Stein softball fields and Phillip S. Dingley soccer fields, are not the only reason for the tournament.

LAJOY HOPES to make the tournament an annual affair. "That's the way we'd like to keep it," he remarked, ex-

State schools sign top Salem matmen

Success breeds success.

At least that's what a pair of Plymouth Salem wrestlers are figuring. John Beaudoin and Tom Walkley have made their collegiate decisions, with plans to turn what were highly successful prep careers into equally impressive showings at a higher level of competition.

Beaudoin narrowed his choice to two schools: the University of Michigan and Michigan State University. He picked MSU. Walkley will be attending Saginaw Valley State in the fall.

FOR BEAUDOIN, improving his wrestling marks may prove difficult, considering his accomplishments during the past two seasons. He won the state 132-pound championship as a junior, rolling up a 46-3 record.

As a senior, his totals were even greater: 49 straight wins in state competition without a loss and another state crown, this time at 138-pounds.

"There are many school records he set that may never be broken," said Salem wrestling coach Ron Krueger. "John wants to be as good as he possibly can."

With eight school records, including a 50-0 mark this season (including a match victory over the Ohio state champion in an all-star meet), Beaudoin rates among the best athletes in Salem history.

Krueger did not push one school

over the other to Beaudoin, instead playing the "devil's advocate. When he made his choice, I wanted him to make sure."

"I think he chose the right school for him."

Beaudoin will probably wrestle at 142 at MSU. "I see his upper body getting bigger," Krueger said.

WALKLEY CHOSE Saginaw Valley because "he wanted to play football and wrestle," according to Krueger. Walkley will be following in the footsteps of 1982 Salem grad Marty Piper, who currently attends Saginaw Valley and competes in the same sports.

Krueger called Walkley "a diamond in the rough. He came out (for wrestling) late in his sophomore year."

"He's still learning and getting better."

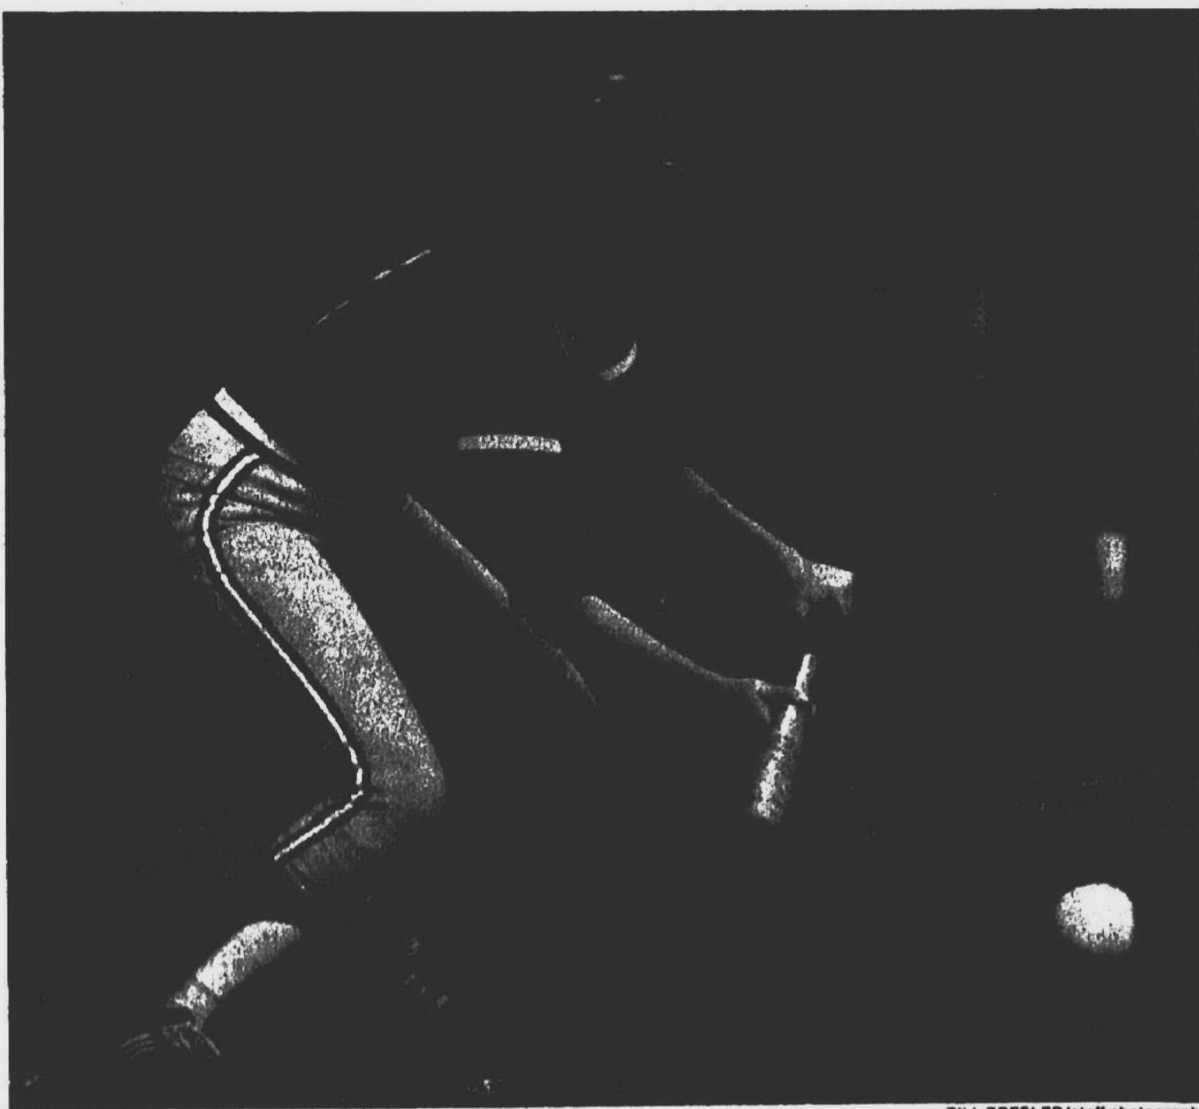

Earlier this month, Walkley finished first in the 176-pound class at the Michigan AAU Freestyle Tournament at Eastern Michigan University. He also placed second in a Greco-Roman Wrestling Tournament in Ypsilanti.

Walkley was sixth among 198-pounders at the state prep tournament in March. He compiled a 42-7 record his senior season, including a pair of school records: most consecutive pins (12) and most pins in a season (32).

"He's happy," Krueger said of Walkley. "I'm glad they're both going on and continuing."

Lynne Gamache's bat helped keep Salem on a victory roll last week. The Rocks recorded five wins, including four within the league.

Salem win keeps title hopes alive

Plymouth Salem remained in the Western Lakes Activities Association (WLAA) title chase with a pair of easy victories over league foes last week.

The Rocks romped past Livonia Churchill, 13-4, Wednesday at Salem. They increased their overall record to 10-3 and their WLAA mark to 9-2, a game behind leader Plymouth Canton. In Lakes Division play Salem is 6-2.

Debbie Glomski and Sarah McKenna each collected two hits and drove in a pair of runs to spark the triumph. Pam McBride, Cheryl Viele, Cindy Runge and Lynne Gamache drove in two runs apiece.

Diane Murphy pitched the first six innings and earned the win, allowing three runs on five hits and six walks. She struck out one. Sue Carlson pitched the final inning and was nicked for two hits and a run. Kelly Janes was the loser.

LAST MONDAY, Salem got a two-run single from Viele in the opening inning and won going away from Farmington, 9-3.

McKenna contributed three hits and two RBI to pace the Rock offense. Murphy was the winner, going the distance and giving up five hits and five walks, striking out two.

On Saturday, May 14, the Rocks swept a pair from Romulus, winning

Loss drops Canton into tie for 1st

This shot at glory for Plymouth Canton's softball team simply vanished.

Where did it go? It disappeared somewhere beyond the Chiefs' outfielders, a direct result of bat contact by Laurie Day, Lonnie Payne and Kim Archer.

That trio plays for Livonia Bentley, and Wednesday they turned the pitches of Canton's Janine Carpenter into rockets that powered the Bulldogs to a 9-2 triumph at Livonia's Bicentennial Park.

The victory was costly for the Chiefs, knocking them from sole possession of

softball

homers by Day (in the fourth inning) and Payne (in the sixth). Archer, hampered by a cold, could only leg out a triple on a blast that knocked in a run.

Archer added a single to her hit total and Amy Carl had three hits in three trips, scoring twice and knocking in a pair.

Canton got one run in the fourth and another in the seventh. Missy Alken's single drove in Lou Ann Hamblin with the Chiefs' first run in the fourth, nar-

rowing Bentley's lead to 4-1.

In the seventh, Canton trailed by eight but loaded the bases with two out on singles by Karen Schulte and Sue Gerke and a walk to Ranae Edwards. Hamblin then walked to force in a run, but the next batter popped out to end the threat and the game.

Mary Ellen Mauder went the distance for Bentley, walking five and striking out five while limiting Canton to six hits. Carpenter absorbed the loss.

Bentley foils Chief comeback bid Early runs ignite Rocks

Plymouth Salem built an early lead and fought off Livonia Bentley's comeback attempts to post a 7-4 baseball victory Friday at Bentley.

The Rocks took the lead with two runs in the first and two more in the second. Dave Slavin, the Salem catcher who is batting over .600 for the season, chased Bulldog starter Mark Ziomek with his two-run double in the second.

Bentley closed to within a run with a three-run rally in the third, two scoring on Jim Prokes' home run. But Salem pitcher Dave Haut stymied the Bulldogs the rest of the way, allowing just one other run in the sixth.

The Rocks' leading hitters were Slavin, with two hits and three runs batted in, and Dan Carlson and Mike Cindrich, who had two hits apiece.

Haut went the distance, striking out four and walking seven, to earn the victory.

BENTLEY 3
CANTON 7

A strong comeback wasn't quite enough Wednesday.

Plymouth Canton rallied for two runs in the sixth inning to tie the Livonia Bentley, but the Bulldogs pushed across the winning run in the seventh to edge the Chiefs in a Western Lakes baseball contest at Canton.

John Williams stopped the Chiefs on five hits, striking out seven and walking four in gaining the victory. Jack Ford started and was saddled with the loss for Canton, allowing six hits and four walks while fanning three.

baseball

Bentley led from the first inning, when Jim Lasota hit a home run, until the sixth when the Chiefs got two runs with two out.

Mike Scarpello started the rally with a walk. He stole second and, with two out, scored on Marty McCarthy's single. McCarthy eventually scored the game-tying run on a wild pitch.

But Bentley struck back in the seventh. With two down, John Walsh walked and went to third on Gary Hilton's double. After John Stealicki walked, Lasota again came

through with a game-winning single.

Lasota had two hits and two RBIs for Bentley. McCarthy was the only Chief with two hits.

LIV. CHURCHILL 9
SALEM 8

The one that got away.

This is no fish story, but it is hard to believe. Plymouth Salem blew a four-run lead in the seventh inning as Livonia Churchill charged back for the victory Wednesday at Churchill.

Salem scored six times in the first inning, with Tom Shaw singling in two runs and

Julie Tortora and Shelly Stassel teamed up to lead Plymouth Salem's girls' soccer team to an easy 3-0 victory over Farmington Wednesday at Salem.

Tortora and Stassel each found the net in the first half to stake the Rocks to a 2-0 lead at the intermission. Tortora added another goal, on an assist from Stassel, in the final 40 minutes.

Tracy Greenhalge earned the shutout for Salem. The Rocks outshot Farmington, 28-5.

LIV. CHURCHILL 3
PLY. CANTON 0

Livonia Churchill got on the board early and kept the Chiefs off of it throughout the contest in a game played Wednesday at Churchill.

The Chiefs got all three of their goals in the opening half. Jenny Sawicky scored twice and Jennifer Huesli added another. Churchill outshot Canton, 9-0.

Canton falls to 1-5

Plymouth Canton's girls' track fortunes continued to stumble Wednesday at Walled Lake Western.

The Chiefs managed just one first as their dual meet record fell to 1-5 with a 93-29 loss to the Warriors.

Canton's only victory came from the mile relay team of Lisa Wood, Kim Bennett, Ruthann Trout and Carolyn Nagy (4:30.0).

DESPITE THE lopsided defeat, three Chiefs recorded personal bests in non-winning efforts, one breaking a school record. Michele Adams broke her own school mark in the 330-yard hurdles with a 53.4, which earned her

girls track

a second. Adams also set a personal record in taking third in the long jump (14-6½).

Pam Barstow had a personal best in placing second in the mile run (6:05.9). Other Canton seconds went to Hollie Ivey in the shot put (27-5), Bennett in the 220 hurdles (27.6), Trout in the 440 (1:04.4) and Jan Alvarado in the 880 (2:42.0).

the opener, 7-4 and the nightcap, 11-6.

Mary Pryslak's bases-loaded triple in the sixth inning of the first game broke a 2-2 tie and sparked a five-run Salem rally. McBride and Runge had two hits each, with McBride driving in

two runs. Murphy was the winning pitcher.

In the second game, Runge collected four hits and three RBI and Leslie Culver added two hits and three runs batted in to lift the Rocks. Carlson went the distance and got the win, surrendering nine walks and six hits.

Dave Slavin driving in a pair with a triple.

But the Rocks couldn't protect the lead.

Todd Riedel started and gave up four runs in five innings. Tom Moore relieved Riedel in the sixth and was charged with the loss, as the Chargers blasted him for five runs.

The Churchill seventh-inning rally started with a walk to Drew Baird. After a strikeout, Mike Hachigian singled and Scott Papich walked to load the bases.

Rich Jolly's pinch-hit single brought in one run and a walk to Matt Cross forced in another, cutting Salem's lead to 8-6. Dave Riley then tied it with a bases-loaded single, and Miguel Contreras won it with another base hit, driving in Cross with the winning run.

Mick Madsen and Dan Carlson led the Salem hitters with two apiece. Dave Munson drove in three runs with three hits for the Chargers, and Riley had three hits and two RBIs. John Fraser went the distance to earn the victory for Churchill.

plaining that, "Really, there are no other tournaments that weekend.

"I can tell you, I've been contacted by people all over the country (about entering this weekend's tourney). This thing can do nothing but grow."

Still, LaJoy and the others, who have been hashing out details for the weekend since last Christmas, didn't get carried away with the many requests. They decided to keep the initial tournament "to a manageable number."

"Next year, we'll learn from our experiences and be able to improve it."

The tournament will not be limited in scope. Joining the teams from the Detroit area will be squads from Ohio, Canada and northern Michigan.

THE WEEKEND'S activities begin with the Flodin Park dedication at 5 p.m. Friday. The Canton Recreation Complex ceremonies will be at 5:30 p.m., with the first game of the tournament following at approximately 6 p.m.

Saturday will present a full slate of soccer action, starting at 8 a.m. and finishing at about 8 p.m. Each team will play at least two games. A points system will determine which squads advance to the final rounds.

Action will begin at 8 a.m. again Sunday. Championships in each division will be played Sunday afternoon.

Admission is free to all games.

Seven fields will be used for the tournament, which is sanctioned by both the U.S. and Michigan State Youth soccer federations. Refreshments will be available and other activities are also planned.

All proceeds will benefit the Canton soccer program.
