City says widow can stay

More time given for house repairs

By Kevin Brown staff writer

The widow of a former Plymouth police chief can stay in her house, if needed repairs are started.

That's the message from city offi-cials to former chief Karl Greenlee's widow Hattie.

"As long as I'm doing something they won't press charges," said Greenlee's daughter Kathy Johnson, who is dealing with city officials on her mother's behalf.

Hattie's husband and Johnson's father Karl Greenlee was Plymouth chief of police from 1948 to 1957.

This story began in December, when the city served notice that repairs were required in 30 days to the house on Karmada.

Upon hearing that federal community block grant program money is available for fixing up houses owned by low-income residents, Johnson called the city for information.

City officials went to look at the house and speak with Greenlee in January.

But with a maximum of \$8,000 available to an individual home owner for repairs, officials said the house would likely require twice that amount to repair it sufficiently.

Then on June 29, the city served Johnson with a 10-day notice demanding permits for roof, chimney and porch repairs, among others.

But after meeting with city offi-cials about two weeks ago, Johnson said "It really looks like it's not going to be a problem."

Johnson said city officials are trying to come up with potential sources for money to pay for some repairs.

Chuck Skene, city parks and recreation director, said he plans to contact the state Senior Alliance

"They bring in somebody to assess the situation," Skene said, then determine where money for repairs

"The members of mother's church (Jehovah's Witnesses) have said they will do the labor," Johnson said.

Johnson said she's waiting for the city engineering department to com-pile a list of needed repairs.

Plymouth police officer Mel Meck, left, and Chief Richard Myers show off the new design for city police cars. The combination of "Plymouth" in old English script and "police" in contemporary block script, combined with blue striping, "yields a profes-

sional and modern appearance, in keeping with the service goals and mission of the department," Myers said. The decals on the older police cars were starting to wear off, he added. Cost to apply the new design was about \$300 per car, Myers said.

Committee to help preserve city's history

staff writer

In an effort to preserve Plymouth's historic buildings, some community leaders are being asked to join a Historic Study Committee.

"I think the benefits are the fact that you definitely start to preserve the sense of place that Plymouth has," said planning consultant Bob Donohue, of Vilican-Leman and As-

Donohue, who will work with the committee, has worked with cities including Monroe, Wixom and Commerce Township, to establish such committees and ordinances to help preserve historic buildings.

Of Plymouth, Donohue said, "The things that distinguish it from anywhere, U.S.A., are the tree-lined streets, the commercial buildings Plymouth has some unusual industrial buildings and some historic sites."

Plymouth-Canton school board members aren't enthusiastic about a proposal by newly elected Trustee es Walker to meet with representatives from Citizens for Better Education. CBE is a conservative Christian group that supported two candidates in the June election.

their concerns," said Walker. "When I was on the board before, each meeting with CBE involved some sort of challenge. There is some seg-ment of the community that holds viewpoints I don't agree with, but I look for an opportunity to cure some of those rifts."

TRUSTEES E.J. McClendon and

Roland Thomas said they didn't see the point in setting up a meeting with CBE.

"I wouldn't know how to put together a suitable agenda. They can avail themselves of the citizens' comments portion of the agenda," said McClendon.

"I think there are times when trying to develop a dialogue becomes more harmful than helpful."

"I have no problem with it, as long as there aren't accusatory remarks, fingerpointing and blame being placed," said Thomas. "I need to better understand them.

"I'm willing to sit and listen to them at a workshop or during citizens' comments. But I will not get into name-calling. I'll get up and walk out," Thomas said

Cat's Meow creator comes to Plymouth

Faline Fry Jones, creator of The Cat's Meow Village wooden reproductions of American architecture, will autograph her work 10 a.m. to noon Saturday at the Country Charm craft shop on Penniman Avenue in Plymouth.

Among the subjects for her reproductions is Plymouth's Baker House, built in 1875. Jones began the line of collectibles in 1982, on three-quarter inch pine blocks from 4 to 6 inches square. Buildings were screen-printed on the blocks.

Several pieces will be available, and an open house will follow with refreshments and prizes.

To help raise money for supplies for the Drug Abuse Resistance Education program, an estimated 6,000plus pancakes were served Saturday in downtown Plymouth

The event also helped publicize the DARE program. This fall, all Plymouth and Canton fifth graders will be instructed in the program.

Taught by uniformed officers, the program seeks to teach kids how to resist peer pressure to use drugs. Officers also seek to win kids' trust and show the law is on their side, by eating lunch and taking recess with kids on days they're scheduled to teach

"I think it was a success," said Canton Off. Leonard Schemanske, one of four Plymouth-Canton DARE

He said that while raising money for supplies was nice, "It's just as important to get the word out about DARE."

The money raised through the pancake breakfast will be used to buy DARE T-shirts, mugs and baseball hats to go to kids to publicize the program.

Schemanske said \$1,500 in supplies were sold to the general public at the 8 a.m. to 1 p.m. pancake breakfast, at the Plymouth Community Federal Credit Union, 500 S. Harvey

He said that while exact proceeds haven't been determined, about 2,000 tickets were sold at \$3 for adults and \$2 for kids.

Then we had a lecture class, where we had to take notes and tests. We learned about Broadway and off-Broadway, composers and lyricists, and the proper ways to act at an audition," said Burtka, who performs with and does choreography for Detroit's Peanut Butter Players

DONOHUE SAID such ordinances have allowed adding on to historic buildings, but not altering them "in a way that changed their view from the street."

Plymouth is special for its variety of historic architecture, Donohue said. "The earliest period is the Greek revival style, from the 1830s to the 1850s." This style emulates the forms of Greek temples.

In addition to performing with the Peanut Butter Players, a theater group geared for young audiences based at the downtown Players Club, Burtka has appeared at the Baldwin Theatre in Royal Oak and the Marquis Theater in Northville, where at age 12 he played "John" in "Peter Pan." Engler feels GOP heat over school aid vote

By Tim Richard staff writer

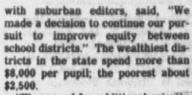

Gubernatorial hopeful John Engler says he was right to support a state Senate bill cutting categorical school aid to many suburban districts, even though fellow Republicans have criticzed his vote.

"The Oakland County legislators voted correctly in terms of the districts they represent. In terms of the state interest, I voted correctly," said Engler, R-Mount Pleasant, the

Senate majority leader.
Senate Bill 830 cut aid to many well-off suburban districts in Oakland County and western Wayne County by \$50 million through a process called "recapturing." Rep. Mat Dunaskiss, R-Lake Orion, a Senate candidate in the Aug. 7 primary, de-nounced the bill and called Engler's vote "misguided."

Gov. James Blanchard, a Democrat seeking a third term, supported cutting suburban categorical aid and

ENGLER, IN a recent interview lar. That just isn't fair.

"We argued for additional priority to education by adding money to the budget. We added some, but we reached a point where the Blanchard administration was refusing to go

"To fulfill the policy objective of not letting the gap between the richest and poorest districts get wider, we expanded the recapture,' he said. This involved changing the weight given to family income and local tax base in the formula.

"School financing is ever more dependent on property (local taxes)," said Engler. In his mid-Michigan district, he cited Midland, where schools gained \$1 billion in tax base with the opening of a Consumers Power Co. plant on top of the Dow Chemical Co. investment, while neighboring districts "got not a dol-

the Legislature; it wasn't just John Creek Engler's decision."

BUT HE OPPOSES consolidating smaller, poorer districts, a bill sponsored by Sens. Jack Faxon, D-South-

"This was a majority decision of field, and John Schwarz, R-Battle

The governor has proposed 100 school districts. I've rejected that. I oppose mandatory consoldiation," said Engler, a 41-year-old career legislator with 20 years seniority.

Nor does he favor the goal of House Education Committee chair William Keith, D-Garden City, of eliminating all categorical aid and putting everything in the general state aid formula.

State categorical aid helps cover Social Security, pension benefits, special education, pregnant teen programs, transportation - 26 categories in all

"CONCEPTUALLY, where Keith stops short, I advocate taking the next step - free the student and parent to decide which school district they wish to choose from and where, within the district, they want to attend."

Engler calls the present system where pupils must attend the assigned school within their districts monopolistic and socialistic. He advocates a free market system for public education. "We have excess capacity in some districts, and we're

door," he said. 'Money alone doesn't determine quality of education. There are many

other intangible factors. I'm not cer-tain big is better. The biggest in the state is the Detroit school system,

and that's failing the greatest."
"Schools of choice" bills have been
advocated in both the House and Senate but have failed to pass.

Engler called improved education a key ingredient in making Michigan competitive in a world economy.

TO OTHER questions, Engler re-

• "An Engler Commerce Department will focus on expanding exporting of what we already do" rather than luring foreign investors. We need to be teaching and assisting Michigan manufacturers and processors in opening up our markets in those countries."

Foreign investors have come to the U.S. "like gangbusters, and built their plants everywhere but Michigan with the single exception of a Mazda plant. (Foreign investors) have the newest plants, the best processes. But many plants are non-

Commission race heats up primary

By Wayne Peal staff writer

Western Wayne voters will decide a number of races in the Tuesday, Aug. 7 primary, but they'll have to scan down to the county commission section to find the area's most spirited race.

With no challenger emerging to take on county Executive Edward McNamara, the county's hottest race could be in the commission's 12th district.

There, Kay Beard, D-Inkster, faces a stern test in the Democratic primary. While Westland councilwoman Terri Reighard Johnson is considered the strongest challenger, the ballot also includes Hilliard Hampton Jr., an Inkster school board member and local party activist. Deborah Miller of Garden City is also on the ballot, but has not campaigned for the seat.

The district includes Westland, Garden City and Inkster.

Beard said the race is an effort by county Executive Edward McNamara to unseat her and pack the commission with McNamara supporters. Challengers, however, have characterized Beard as oldfashioned and out-of-touch with constituent needs

Beard's traditionally strong support from union households, veterans groups and party regulars would appear to make her the favorite, but the outcome could turn on who gets their voters to the polls.

A STRONG performance by Reighard Johnson in Westland and Hampton in Inkster could spell an upset. Though the winner will face Republican Gerald Cox of Garden City, a Democratic primary win almost guarantees election in the heavily Democratic district.

It would be considered a bigger upset if former state Rep. Jack Legel of Detroit unseats incumbent Commissioner Kevin Kelley, D-Redford, in the 9th District race. Kelley,

winner in a special election last year to fill the unexpired balance of Richard Manning's term is backed by AFL-CIO and UAW groups, as well as county sheriff's deputies and Detroit police and fire fighters.

The winner will gain the seat in the fall. The mostly Democratic district that includes Redford and a section of western Detroit. No Repubicans or third party candidates are on the ballot.

In another commission race of note, GOP candidates Linda Chuhran and Victor Gustafson both of Canton, face each other in their party's 11th district primary. Chuhran is a former township clerk. Gustafson is vice chairman of the township planning commission. The winner will meet incumbent Milton Mack, D-Wayne, in the fall. The district includes Canton and several other communities.

In the 10th district, Commissioner Susan Heintz, R-Northville Township, faces no challengers of any party in her bid for a third term. The district includes Livonia, Plymouth, Plymouth Township, Northville and Northville Township.

With no race of his own, McNamara has turned his attention to another ballot issue - a 1-mill county operating tax renewal.

Levied since the mid-1960s, the 1mill tax would be renewed through 2000, should voters say yes.

Though subject to Headlee rollback, the 1-mill tax raises an estimated \$24 million. Without it, McNamara said, the county might have to close a floor of the county jail and curtail senior citizen, park and health care programs.

The 1-mill levy translated to \$37.50 a year on a home assessed at \$75,000.

The 1-mill voted levy is part of 8.07-mills in county taxes. The figure includes 6.07 mills in non-voted operating taxes and an additional 1 mill, approved by voters in 1988 to build a new county jail.

Challenges abound in state House races

staff writer

Whether a sign of dissatisfaction with the Lansing establishment, or re-emergence of an extremist political movement long thought dead, most of the area's incumbent state legislators face challengers in the Tuesday, Aug. 7 primary.

While two challengers link themselves to Lyndon LaRouche, a political extremist recently found guilty of tax evasion, others cite environment and abortion issues as reasons for their candidacies.

LaRouche candidates ran in several statewide races four years ago, but were largely absent from the ballot in 1988

Whatever reason, there will be more contested primaries this year than in 1988

TWO YEARS ago, only one of the area's six state representatives John Bennett of Redford - faced a primary challenger.

This time, there are two Democratic Party challengers in the 34th district primary. Bennett faces James Bailey, his challenger from two years ago, plus newcomer Frank Bradley Jr.

Bennett, chairman of the state House Corporations and Finance Committee, is stressing his quarter century of legislative experience. Bailey is stressing environmental issues. Though all three candidates oppose abortion, only Bradley favors a

constitutional amendment banning abortion outright - even in cases where the mother's life is in danger.

The winner will face GOP candidate Mark Steinhauer in the fall. Though all four candidates are from Redford, the district also includes a section of eastern Livonia.

Other incumbents facing challengers include:

• Gerald Law, R-Plymouth, who will meet Kathleen Keen-McCarthy of Plymouth Township in the 36th District GOP primary. Health care issues, including abortion, are key to the race. Law is pro-life. Keen-McCarthy, an Oakwood Hospital administrator, is pro-choice

The winner will meet Democratic candidate Dennis Shrewsbury of Plymouth in the fall. The district includes the Plymouth and Northville communities, as well as eastern Can-

• James Kosteva, D-Canton, who will meet Robert Bell of Romulus in the party primary. Kosteva, considered an expert on environmental issues, is author of a bill that would prompt recycling and composting by banning yard waste from landfills or incinerators by 1994. Bell is a self-

described follower of LaRouche. The winner will face GOP candidate Dolores Carmichael of Romulus in the fall, the district also includes Wayne, Van Burn township and

SC to host authors workshop

Schoolcraft College is offering a series of workshops taught by suc-cessfully published authors. Stu-dents will have an opportunity to learn how each author works in his or her area of expertise. The au-thors will also discuss writing tech-niques, publishing tips and movie rights.

Writers of all levels are invited to attend.

Authors scheduled to appear on Tuesdays, beginning Oct. 23 are: William Kienzle, Julia Grice (Oct. 30), Bettie Cannon (Nov. 6), Thomas Lynch (Nov. 13) and Marianne

Kienzle, a former priest turned

writer, will soon have his 13th mys-tery novel on the market. Two of his biggest sellers include "The Rosary Murders" and "Sudden Death"

Grice, a fiction writer and the author of 15 books, recently had a Doubleday Book Club and Literary Guild selection for her top seller Black Tie Only."

Cannon will discuss writing for the young author. She is the well know author of young adult sub-jects and among her works are "A Bell Song for Sarah Raines" and "All About Franklin."

For those interested in poetry,

Lynch will be featured. His poetry has been published in the United States and abroad. He was award-

states and abroad. He was awarded the Notable Book Award by the National Library Association.

William's historial romance books are published in more than 20 languages and countries around the world. She is past-president of the Romance Writers of America and a winner of the Critic's Choice

The workshops are \$18 each or \$75 for five. For more information, call the Schoolcraft College Continuing Education Services at 462-

Stores proposed for S'craft land

staff writer A large shopping area — complete with a warehouse club outlet, home repair center and chain department store - for Schoolcraft College property once tabbed for an office

That's what college trustee Wendell Smith is proposing. But other trustees remain skeptical.

Smith unveiled his proposal during a Schoolcraft board study session last week. But several other trustees would apparently have to change their minds for the project to become a reality.

The 38-acre shopping center would serve northwestern Livonia and the Plymouth/Northville area, Smith said.

He reminded trustees a 1,200housing unit development is being planned near the site on land recently sold by the county along Five Mile in Northville Township.

THE PROPERTY could bring the college \$850,000 in revenue in as little as two years, according to Smith's estimate, if the college maintained a 15 percent interest in

Though he didn't say how his fig-ures were derived, Smith told his fellow trustees he drew up the proposal after talking with friends in development-related fields.

The property was to have housed the Six Mile Crossing office complex — a companion for the Duke Associates-built complex already complet-ed on Schoolcraft land along Seven

The additional office project was rejected by the Livonia City Council, after concerns were expressed about its impact on traffic in the Haggerty, I-275 corridor.

Such concerns would likely resurface for the commercial proposal,

New job seekers cause unemployment boost

An influx of summer jobseekers caused unemployment rates to rise in all but one of Michigan's major labor market areas in June.

"The exception was the Upper Peninsula, where employment advances in tourism-related industries kept pace with labor force gains," said Jack Barthwell III, director of the Michigan Employment Security Commission

The UP jobless rate slipped

downward to 8.5 percent in June from 8.6 percent in May.

Statewide, job gains in manufacturing, retail trade, services and construction offset the seasonal declines in education employment Among the state's 12 major labor markets, Benton Harbor reported the largest jobless rate increase one percent to 8.0 percent. Ann Arbor reported the lowest jobless rate - 4.5 percent.

Mettetal Safety an issue in purchase

THE RECENT CRASH of two planes in Plymouth Township that left three dead gives extra weight to delaying a possible purchase of Mettetal Airport by

Also, two days after the fatal crash a Cessna 172 single-engine flipped as the pilot tried to abort a take-off from Mettetal on Joy and Lilley roads. The plane skidded across Joy Road into Plymouth Township before flipping and landing

Because of those incidents, we think Canton should find out what Plymouth area residents think about the purchase before they forge

So far the arguments in Canton have been about the financial burden that would possibly fall on the township, if Mettetal was purchased. However, in the Plymouth area we think it's

Sure, airport and federal aviation officials are correct when they say the airport wasn't involved in the crash. The plane wasn't taking off and accidents do happen.

BUT THEY weren't acknowledging that the accidents probably wouldn't have happened over the skies of Plymouth Township if the airport wasn't in Canton.

We suspect that such accidents could also happen over the skies of Canton Township. And that's why we think Plymouth and Canton residents should be heard on safety issues.

And that's especially important in light of a new fact that came out recently in the Canton Township tussle over a possible airport purchase.

That fact is that if the township uses federal and state money to buy Mettetal, it will be an airport forever. It had at first been rumored that it would remain an airport for 20 years.

Just that alone tells us that something is funny about the whole airport deal. It should have come

The airport purchase process is moving along. An airport study committee was expected to make a recommendation to the board of trustees this week. The final decision, however, lies with

the board of trustees. The Mettetal Airport purchase is expected to be discussed during the Canton Board of Trustees

Because of those incidents, we think Canton should find out what Plymouth area residents think about the purchase before they forge ahead.

So far the arguments in Canton have been about the financial burden that would possibly fall on the township, if Mettetal was purchased.

meeting Wednesday, Aug. 8, in the administration building. This will be the first time the board will publically review the purchase.

Airport committee members say they concentrated on how much the airport will cost the

We think the board should broaden the focus of the committee by directing members to look at other issues, like safety. It should also consider the concerns of Plymouth area residents. Plane crashes don't respect municipal boundaries. It's not too late.

THERE ARE just too many questions about the proposed purchase to be answered before it starts going down the pike.

If Canton gets locked into having Mettetal as an airport forever there will be future safety concerns. We believe FAA officials when they say that few people on the ground are hurt when there is a plane crash.

We suspect that's true because most small airports are in sparsely populated areas. That's true now in the western portions of Plymouth Township and Canton Township.

But it won't be that way forever, even though Mettetal would be forever.

The western portions of both townships are growing and in the future will probably be densely populated.

We're not saying we're opposed to an airport purchase. We are, however, saying that somebody should put the brakes on the deal until the safety angle can be looked at and until Plymouth area residents have their say.

Readers' recycling tips are interesting, fun, too

IN A PREVIOUS column, I described this newspaper's commitment to using recycled newsprint to reduce the need to cut living trees

I also asked readers to send me suggestions about how people could recycle newspaper themselves. I got a fair number of interesting re-

One came from a nice person in Northville who wrote:

"Like a lot of organic garden enthusiasts, I use newspapers . . . between the planted rows of seeds. This holds back the weeds, at the same time giving much needed mulch in times of drought.

"It is an easy matter to hold down the papers with small rocks, and with ensuing fall of rain, to add more papers to the papier mache which results. The paper degrades by itself and is dug into the ground in the fall along with compost."

Several readers suggested that old pers, when torn up or ed, could be used in place of plastic foam to stuff cushions of porch and garden furniture. To avoid the wet papier mache effect, I suggest you take your cushions in before rain or even a heavy dew.

The same E&P piece quoted a story from the UK (United Kingdom) Press Gazette which quoted a farmer in Somerset who "discovered that the nutritional value of newspaper is similar to that of straw bran. Forfeiture laws result in "legalized breaking and entering by the police," complained Steven Fishman, an Oakland County defense attorney who was interviewed for a recent Observer & Eccentric article on the subject.

No way, countered Donald Reisig, director of the Michigan Drug Agencies, in another story. Forfeiture is a very effective way of "hitting them (dopers) in the pocketbook," he said.

ACTUALLY, THIS is one debate where both sides truly have merit. Reisig is correct when he says that many dopers "are not going to be bothered by a small

At that end of last year, that's exactly what developed between the Oakland County Prosecutor's Office and three police departments over a whopping \$577,000 confiscated from an alleged Troy drug dealer.

The hot issue was who got to keep the cash. The problem of equitable split of dope booty is sure to come up again. We're surprised it doesn't happen more often.

Dope dealers are a mobile lot. They're not always going to be doing their deeds in the same place they're caught. Some method has to be devised to see that the one who milks the cow gets most of the cream.

It seems that the forfeiture laws and the resulting windfall are complicating things. Police and prosecutors should remember that their job is to get the bad guys, not quibble over their cash.

It was with interest I read your recent article entitled "New Rotary award honors officer, firefighter for daily work." The Canton Rotary deserves praise for their recognition of the important contribution made to our society by members of the police and fire services.

Dear Mr. Parent:

I am writing this letter on behalf of my son and all select team play-

My son made the select soccer team in our city. Of course, we were glad. However, when we saw the ad in the paper for Canton Express select tryouts we were encouraged by coaches and others to try out. We were told what a wonderful program Canton had, so we did. On the fourth day of the selection process, we were told that there was a residency rule: Only four boys could make the team who were non-residents.

I have no problem with residency rules, but rules need to be established before the selection process begins. Why was the rule made up on the fourth day? This suggests some implications I find quite disturbing. The ad in the paper did not say anything regarding residency nor was anything said the first day of tryouts. Why? Was it in effect then?

I really don't believe this is any way to run a select program. Select by definition means picking and choosing the best from anywhere. It R. W. Schultz is conceivable a team could have no Plymouth members from their city. That's the

chance you take when you have a select team.

I really feel this process of making up rules as you go along is unfair, and certainly not an example to young boys of good sportsmanship.

POLITICS. THAT'S WHAT Beverly Luther called the sentence her daughter got for for supplying liquor to teenagers involved in a fatal car

Debbie Luther, 19, recently pleaded no contest to the charge of furnshing alcohol to minors. She was sentenced to seven days in jail, two years' probation and 50 hours of ity service. She was also fined \$150 in court costs and ordered to attend drug and alcohol treatment

"This is politics, quite frankly,"
the Rochester Hills mom said.
"We're not talking about a kid who's
a drunk or a junkie. We're talking
about a sophisticated, level-headed young lady. And the court treated her like trash."

In my mind, the court gave Debbie a gift. A chance to pay the penalty for a tragedy for which she had some responsibility, to become educated about drug and alcohol abuse and perhaps a way to ameliorate some of the guilt she is certainly feeling.

I understand Beverly Luther's motives. I spent a number of years overprotecting my first child — the

UM-D child center earns national accreditation

The Child Development Center of the University of Michigan-Dearborn has received accreditation from the National Academy of Early Child-hood Programs. Of the 3,502 licensed child care centers in Michigan, the UM-D program is one of only 34 in the state to have received this ac-

creditation as of June 1990. The National Academy of Early Childhood Programs recognizes child care centers which meet stringent national standards of quality in early childhood programs. The academy is sponsored by the National Association for the Education of Young Children, the nation's oldest and largest association of early childhood professionals.

The accreditation process included an on-site study of the center and review by a three-member national commission. The final report noted that the center met and exceeded a variety of criteria including providing activities appropriate for toddler and preschool age children, having well-qualified and trained staff, meeting health and safety standards and offering opportunities for paren-

Being a Girl Scout has enriched her life

ART EMANUELE/staff photographer

JoAnn Beurmann started her job as field director for the Huron Valley Girl Scout Council last November. She's responsible for the Plymouth, Canton and Northville area.

staff writer

JoAnn Beurmann learned a lot about leadership as a Girl Scout.

"My leadership skills come from my Scouting experience," said Beurmann, who is now on the staff of the Huron Valley Girl Scout Council. "I really did get a lot of leadership."

Last November, Beurmann took over as the council's field director for Plymouth, Canton and Northville. Her duties include recruiting scouts and volunteers, retaining members and supporting programs. She maintains contact between Girl Scouts and volunteers and those in the council office in Ypsilanti.

Girl Scouting's been a way of life for Beurmann. She became a Brownie in elementary school and continued on to become a Senior Girl Scout in high school.

"I went to camp as much as I could," said Beurmann who spent a number of summers at Camp Narrin in northern Oakland County, and was a counselor in training there as a teenager.

AS AN ADULT, Beurmann's continued to be involved. Prior to taking the paid job of field director, she worked as a volunteer.

Beurmann and her husband live in Brighton Township. They have four children, sons ages 13 and 7 and daughters ages 11 and 9. Beurmann's older son used to be a Boy Scout and both daughters are Junior Girl

Beurmann's husband grew up in Brighton, and is an attorney who practices in that Livingston County community. JoAnn Beurmann moved to Brighton with her parents "I feel like a native of Brighton,

Her family lived in Berkley and moved to what was then Farmington Township in the early 1960s. Beurmann graduated from North Farmington High School in 1965, and attended Ferris State College for one

Beurmann went on to work as a troop leader with her own daughters. She's still involved with their troop activities, although no longer as a leader.

Taking over as field director has required that Beurmann make a few adjustments. As a leader, she concentrated on her troop's activities. She now needs to think about the needs of Girl Scouts in several communities who range in age from kindergarten Daisy Scouts through teenage Senior Scouts.

Concert offers fun time for all

By Julie Brown staff writer

Julie Austin wants her musical performances to be fun.

"Fun is at the top of the list," said Austin, who performed Wednesday during a "Music in the Park" concert in Plymouth's Kellogg Park.

Her specialty is performing for children, and that's what Austin did during the Wednesday, July 25, concert, sponsored by the Plymouth Community Arts Council. Many youngsters came to the concert with their parents, grandparents, siblings

"I look out and I see what ages the kids are," said Austin, an Ann Arbor resident. She encourages children to participate by clapping their hands, stamping their feet or singing along.
"I think kids have to be actively

involved," she said. Children get turned off to live musical performances if they have to sit still for

THIS WAS Austin's first time performing in the "Music in the Park" series, and she'd like to come back next summer. She's one-half of The SongSisters, amusical group that also includes partner Chris Barton.

"We do family concerts," said Austin, 38. "We play in schools, any place where there are kids, really."
They're scheduled to perform at a

Halloween concert, 1 and 3 p.m. Sunday, Oct. 28, at the Ark, 637 S. Main, Ann Arbor. (For ticket information, call 761-1451.) The SongSisters will release "Room in This World," their fourth recording for kids, this fall.

"This is great," she said of the noontime performance. "It's very pleasant. I can tell it's a tradition."

Austin earned a bachelor's degree in music from Oakland University. She grew up in Dearborn and began to play the organ while in elementary school. When she was about 13. Austin started to learn to play the

Musician Julie Austin performs for the "Music in the Park" audience.

SHE AND Barton, a certified music therapist, have been performing together for five years. Austin doesn't have any children. Barton has a 6-month-old son.

Austin and Barton travel throughout the state, performing at school assemblies, festivals and other gatherings. Traveling's a bit easier now that Barton's son is getting old-

COVENANT CHURCH **OFAMERICA**

The Rev. Mark Barnes was 16 when he preached his

"I'm 47 now, so that's been a little while," said Barnes, senior pastor of the Plymouth Church of the Nazarene. "I really felt like God wanted me to be a preacher, and have felt that ever since that time."

Barnes, a Canton resident, has been at the Plymouth church for six years. Before that, he served for about five years at a church in Rock Island, Ill. He and his wife, Lucy, are glad they came to Michigan.

"It's the best place we've ever lived. Plymouth is a tremendous place."

They have been impressed with the friendliness of the people they've met.

BARNES GREW up in Tennessee and began studying at a Christian boarding school in Kentucky at age 15. After high school, he studied for several years at Kentucky Mountain Bible Institute.

He completed his bachelor's degree at Trevecca Nazarene College in Nashville, Tenn., where he studied education and psychology with a minor in history. More recently, Barnes earned a master's degree in church management from Olivet Nazarene University in Kankakee, Ill., in 1987.

His ties to the Nazarene church go back to early childhood. "My folks became Nazarenes when I was 5 years

old." They had been Methodists before that time.

Beliefs of those two churches are similar, and are based in part on the teachings of John Wesley.

The Nazarene church tends to be more evangelistic,

BARNES IS responsible for preaching at Sunday morning and evening services, and leads Wednesday evening Bible study sessions. He and his staff call on those who can't come to church services, and visit church members who are hospitalized.

Barnes particularly enjoys preaching, and spends time each week researching and writing sermons. He's also involved in district-level activities for the Nazarene church.

Both Lucy and Mark Barnes spend time counseling church members. Lucy Barnes, a homemaker, is involved in many church activities. She's a pianist who plays at the church, teaches Sunday school for young married couples, and conducts a Bible study group for

25th year in the pastorate. They have a son, John Mark, 21, a senior biochemistry student at the University of Michigan-Dearborn. He plans to marry Julie Whitehill, who worships at the Plymouth Church of the Nazarene, next February.

There wasn't any question about who will conduct that wedding ceremony. Barnes will do the honors, and is a bit nervous about that.

"It's a little bit different," he said with a smile Most of his time as a pastor has been in the Midwest. Barnes began at a church in West Virginia. After that, he served at churches in Indiana, Missouri, Alabama

WORSHIPERS AT the Plymouth Church of the Nazarene are involved in overseas missionary work, and Barnes has accompanied work teams to a number of countries. He tries to go on at least one foreign trip per year, and will leave later this month for Bolivia.

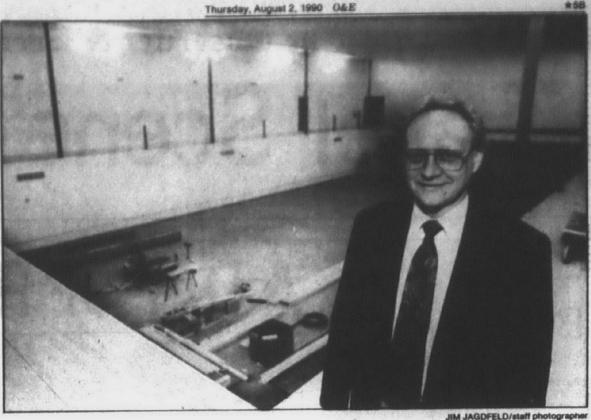

Those mission projects combine construction and ministry work. While in Bolivia, team members will work on construction of a library, office building and parsonage. A group that traveled to Honduras a while back helped finish a parsonage.

"In other places, we've built churches." Barnes and others have also traveled to Peru, to Malawi in Africa and to Papua, New Guinea, to do mis-

Closer to home, they enjoy spending time in the Amish areas of Ohio, Indiana and Pennsylvania.

"It sort of settles life down a little bit to be among those people. Just seeing the slow pace with the people who don't have to have everything we have."

BARNES ALSO enjoys playing racquetball and doing woodworking in his free time. These days, he's keeping busy with a building project at the Plymouth Church of

THE SANCTUARY will seat about 500 on the main floor, and a couple of hundred more in the foyer or along the balcony.

Eventually, the sanctuary area will be surrounded by six classrooms, three on each side. The sanctuary's design will allow it to be used as a gymnasium and large meeting room.

One church member, Chuck Krappitz, did stained glass windows for the sanctuary that include such phrases as "Enter to Worship." Krappitz does that kind of work as a hobby.

Worshipers are working on the new building on a "pay as you go" basis, and won't have any debts to worry about when the work is done. Many church members are volunteering their time and talents to assist with the construction.

"That helps a lot," Barnes said.

WES T BERLIN

By Pat Hanna Kuehl special writer

Berlin, West Germany:
The Berlin Wall is down and this is the place for pacesetters to be. If Gorbachev is right, and Europe becomes "one house," this will be the split-level living room-gathering place for statesmen, artists, intellectuals, business tycoons and free spirits out for a good

Both Berlins are exciting places to visit powadays. While life on what was the west side of the wall has long been turned on full volume 24 hours a day, the come-to-the-cabaret spirit is just starting to ferment in East Berlin.

Take the five-star deluxe Grand Hotel at the famous intersection of Unter den Linden and Friedrichstrasse, for instance. Open three years, the star of the German Democratic Republic-owned Interhotel chain has been ranked with the 200 best hotels in the world by the New York-based Leading Hotels Association.

At the Silhouette Restaurant, on the Grand's sixth floor, an epicurean dinner for two, elegantly served to the accompaniment of a six-piece dance band, runs more than \$200 with wine. Yes, they take Visa.

Such glimpses of new developments on the other side of the border add to the sense of adventure of visiting both Berlins.

You see contrasts everywhere you turn.

CHECK THE glitter of the glass, chrome, and steel contemperary architecture of West Berlin-buildings the sassy citizenry has dubbed the Battleship Gallactica (the convention center), the Pregnant Oyster (the congress hall), and the Lipstick and the Powder Box (the Kaiser Memorial Church).

Then cross through Brandenburg Gate and rest your eyes on the grandeur that was Old Berlin in the rundown mansions that line the Boulevard Unter den Linden; the majestic Cathedral; the classical lines of the art treasures on Museum Island, the restored St. Nicholas Church where Berlin was founded 753 years ago.

Church where Berlin was founded 753 years ago.

For insight into the 1000 points of annoyance that made so many of East Berlin's baby boomers head west, take a taxi to the outskirts of the city to see the dreary looking pre-fab high buildings the East German government threw up to meet its quota of 2.5 million apartments by 1990.

The Kurfurstendamm in West Berlin enjoys a unique touch; it is the No. 1 shopping avenue in Germany. The streets are always bustling, day and night.

A DAY OF RECKONING

The Brandenberg Gate stands behind the Berlin Wall. The new freedom of East Berliners has attracted curious visitors from around the

world since the wall was opened in November 1989.

initial scare, little has been done in the way of educa-

tional effort for prevention of spread of the disease. Ex-

perts say the danger is compounded by prostitution.

While most West Berlin prostitutes are registered and

undergo periodic examinations, beautiful Polish girls

"black market" their charms near the Tiergarten. A

mark goes a long way in poverty-stricken Poland, no

For a much brighter impression of the West side of

the border, head for the two-mile stretch of the Kurfur-

stendamm, Ku'Damm for short. It's the essence of any-

matter the risk.

THEN, CHECK out the old workers' row houses much closer to the city center in the Susemannstrasse area, and imagine what an American restoration expert would do with those old jewels! The East Berliners, just beginning to realize their charm and convenience, are adding modern plumbing and central heating.

There's at least a two-year wait to move in. The current aging occupants knew they had a good thing and wouldn't leave for "better" quarters in the distant high rises.

With shortages causing long waits for everything from housing to automobiles (it has been at least 10 years for a car), even East German marks piled up, allowing a few luxuries. East German marks were converted to West German marks recently, so now there is only "the mark."

FOOD SPECIALTY shops near the Alexanderplatz stock Belgian chocolate, Viennese coffee, American herb teas and the most prized delicacy of all, bananas.

Drop by the Moskau Restaurant, which used to be the best restaurant that accepted East German marks. Dinner at the Moskau has been a steal for U.S. military occupying troops who could dine well for \$10 in black market marks. It's still a good buy.

Spend an evening at the German State Opera, the

Spend an evening at the German State Opera, the Comic Opera, or the Metropol Theater (musicals) or the Puppet Theater. Calibre is high, ticket prices relatively low. Tickets are available at the central tourist office—the Reisebuero der DDR—on the Alexanderplatz, at the theaters or at hotel service desks. It's wise to reserve seats well in advance.

Window shop the designer shoe boutiques. Those beautiful shoes are so prized, an East Berliner will pay several months' salary to own a pair. Vanity knows no nationality.

The statue of Vladimir Lenin still stands at the head of Lenin Allee. Follow the route from the city center to the outskirts to view life, socialist style. On one side you'll see office buildings and apartments, on the other factories spewing thick, black smoke. Pollution is a new concern here. In the midst of it all is the highly respected Charite Medical Center, where GDR research on AIDS is underway.

SURPRISINGLY, WEST Berlin, with its big gay population, has largely ignored the AIDS problem. After the

Tourist Office, on the street level; the other at the Multivision Berlin theater on the third floor.

The tourist office will tell you about the present and future attractions — international film, music and art festivals, sports events and special exhibitions. The multimedia show is a highly entertaining capsule history of the city's 753-year past. "Berlin," says the narrator, "is a catastrophe, but a lovely catastrophe. If anything bangs, it bangs here!"

Three blocks away, you'll find KaDaWe, the largest department store in Europe, filled with treasures of every kind. KaDaWe offers a far better selection of Czech crystal than you'll find in Prague, and here they'll ship it home. Don't miss the sixth floor food hall, a gourmet fantasy with delicacies to devour on the spot or to take out.

Who's been to Berlin lately?

Has anybody out there been to Berlin since the wall came down? We've been talking about that ever since our advertising department joined Lufthansa in sponsoring a trip to Europe Oct. 2-13; the first stop is East and West Berlin.

Our advertising department will be pleased to know I gave them that plug, but you'll be pleased to know that I didn't have to. This trip has nothing to do with the editorial department, and our ad manager is nice enough not to nag me for what advertisers call "editorial support."

The trip inspired some conversation, however. Such as

"Do we still say West Berlin and East Berlin?" and, "Has anybody been to Berlin since the wall came down?"

I travel more than anyone else around here, and I ha-

I travel more than anyone else around here, and I haven't been to Berlin. I started calling my traveling friends, and none of them have been to Berlin since the wall came down.

We've all seen it on television, and Bernie Weiss of Lufthansa's Southfield office tells me that his airline is reserving all their equipment for upcoming flights from Frankfurt to Moscow, Leningrad, Prague, Warsaw, and other parts of Eastern Europe. He's been to Eastern Germany but not to Berlin since the wall.

ACCORDING TO Bernie all the border paraphernalia is still in place: five-mile-per-hour signs, mirrors that look under cars, 10-foot-long man-high barriers that can stop a car dead; but nobody is using it.

The law says that Americans still need visas for East Berlin, and it seems a smart idea to get one. But at the moment, nobody seems to be asking for them. You can get a 24-hour visa at the border after filling out a lot of papers. Ask for a multiple visa if you plan to go back and forth more than once.

Some hotels, especially Interhotel, will arrange your visa, which is supposed to be enough if you have a written confirmation in your hand when you cross the border. The Grand Hotel will pick you up at the airport in West

Berlin, visa in hand.

Bernie and our advertising director Dick Brady were presenting the trip to local travel agents last week, so I invited myself. I thought, surely one of those travel agents had been to Berlin since the wall came down. But they hadn't.

I started phoning my out-of-town travel writing

friends and found Pat Kuehl; she was working on a story for the Boston Globe when I called. "Yes, I've been to Berlin since the wall came down," she said, and I nearly dropped the phone.

Her story is featured in this section. But I don't give up

that easily. I want to hear from YOU, my neighbors. Surely somebody out there has been to Berlin since the wall came down.

I want to hear from you, because our mandate on this page is to meet national standards of travel journalism while telling the world's story from your point of view. I would also like to hear from you about other conversations we might have about travel. Questions, answers, requests, reader reports. Your favorite cruise. Your favorite fall trip.

East Berliners tend to be patient, placid types, conditioned by a lifetime of waiting in long lines to buy anything from tea to taxi service.

But things are changing rapidly. Give an East Berliner a chance, and he'll tell you exactly where he was and what he was doing when the word came that the wall

was coming down. Then you might get another surprise.
"We went over to West Berlin to have a look," recalls

we saw how expensive things are over there, we came back home. There have been government subsidies here for everything from housing to education to medical services. We didn't know how much things really cost until we saw the prices over there."

Bethke and his friends, all in their 40s, decided to stay put. They appreciate their new freedom, but for the most part, they'll use it for round trips to the United States and other places they've only seen on TV.

"When you are no longer young, you don't want to take chances. I am accustomed to the ideas of socialism. I like the idea of equality and social security, not such big differences between the rich and the poor," he

"But I am a realist. I know changes are necessary. I'd rather stay and help improve conditions here than try to start a new life somewhere else."

Saturn's dealership rings begin to grow

By Gerald Frawley staff writer

As now ex-General Motors chairman Roger Smith prepared to take "that last ride," as the media is abuzz over the secrecy surrounding the as yet unavailable Saturn car, as industry watchers wonder can GM's \$3 billion gamble compete on a world market — things are happening on the local scene.

Southeastern Michigan auto dealers - excited about the impending launch of the Saturn car line - are beginning groundbreaking ceremonies for what they hope will be successful business ventures.

With new design characteristics, a manufacturing processes that includes state-of-the-art assembly, a Japanese-like management/labor team approach and a new marketing strategy aimed straight at the heart of the import car market, GM execs hope Saturn will make a big impact.

Don Massey, who held groundbreaking ceremonies Tuesday for a Saturn dealership behind his Massey Cadillac in Plymouth Township in western Wayne County, said he became interested in acquiring a Saturn dealership when the new car line was first announced.

"The spirit, the cooperation, the high quality — Saturn is going to be a very good car," Massey said. Saturn, he added, will help to re-establish American quality and superiority in automobile manufacturing.

Massey allowed he probably could have acquired any number of dealerships — including a foreign car franchise — but he wanted a Saturn dealership because the philosophy of customer service mirrors his own phi-

losophy.

"And perhaps there's a little (patriotism in selling an American car) too," Massey said.

MASSEY SAID his first Saturn dealership — a \$2 million investment - will be open in early to mid-November. The first shipment of cars should arrive shortly after construction is completed.

Massey also plans to open dealerships in Lansing and Farmington Hills, he said.

Other Saturn dealerships in Michigan will be in Clarkston, Troy (owned by David Fischer), Ann Arbor, Warren and Grand Rapids. Albert Serra, who owns a Chevrolet franchise in Grand Blanc in Genesse County, was awarded a Saturn franchise which is now under construction near Clarkston at I-75 and Dixie Highway in north Oakland County.

Serra said he became interested in acquiring a Saturn franchise as soon as GM announced plans for the new car company seven years ago. "I've always thought GM franchises were goods ones so I (inquired) early on.

"At the time it was a very exploratory thing, but we anted to put our hat in the ring," Serra said.

Serra said that while the relatively few number of Saturn dealerships adds a certain exclusivity to the car, he doesn't believe that the car is intended to be exclu'The spirit, the cooperation, the high quality - Saturn is going to be a very good car.'

"It's obviously not going to be a high volume car at first - we don't know how many sales we're likely to see," Serra said. Serra said he likes the cautious approach Saturn is taking.

"If we have too many dealers too soon no, one's going to make it," he said.

DONALD HABEREK, public relations spokesman for Saturn, said there are several reasons why only four local dealers were chosen for Saturn franchises in southeastern Michigan, but key among them are the dealers' record of customer service.

"Essentially, these are people who are really interested in providing the ultimate in customer satisfaction,"

The emphasis on customer service is part of the Saturn market area approach, he said. Instead of having

Build a better mousetrap, it is said, and the world will beat a path

Joel T. Kaji, a 27-year-old Farmington Hills resident and graduate student at the University of Michigan, is out to "trap" piles of newspapers that seem to multiply around the house.

His simple invention - Newspaper Quikwrap — is a cardboard and a wrap-around string that provide an easy way to store, then bundle and tie newspapers.

He's convinced about a half dozen stores to buy the product wholesale to re-sell at retail or to allow him to sell on consignment. He's also targeting groups that might want to use Newspaper Quikwrap as a fund-raiser.

But he's pounding the pavement a house where we had at one time three daily newspaper subscriptions. You can imagine the amount of newspaper that built up in time.

"I thought what could we do to make it easy? Tying was time consuming, messy. No one wanted to do it. You stuff papers into bags, but they would get overstuffed and the bags would break apart.

"I thought about some bundling concepts. After trial and error and revision, I came up with what we have here."

Retailers, economist huddle on prospects

By Gerald Frawley staff writer

Reading palms, throwing stones, divining the future, gazing at crystal balls, studying tea leaves - foretelling the future isn't easy.

But that is what several financial and development experts were asked to do using equally mysterious economic indicators, retail data, statistical models and perhaps even a little intuition at a conference sponsored by the International Council of Shopping Centers in Dearborn re-

The topic? Retail in the 1990s. The answer? It is probably not as dark as some fear, but there are some chal-

lenges in the coming years.

Herbert S. Miller, chairman and chief executive officer of Western Development Corp., the developer building Auburn Mills, said only retailers who accept and react to the changing customer will succeed.

"To understand the changing face of retail in the U.S., you must first go back to basics," he said.

Miller said although it sounds like a cliche, today's shopper is a smarter customer than 10 years ago, and the overall determining factor is "In a 1980 poll, customers ranked

price as the fifth most-important factor in deciding what to buy — in 1987, price was ranked number one."

More than 65 percent of all con-sumers will wait for an item to go on sale, Miller said, "so price is very important to consumers.'

WHEN COUPLED with a shrinking middle class, less disposable income, the rising cost of housing, and the trade and budget deficit, retailers are going to have to be twice as smart to survive.

"Consumers are more fashion-conscious, less store loyal and more product loyal," he said. "The suc-

People are still interested in what department stores have to offer, but they also want more for their mon-"Department stores offer selection and service, but not price."

Frank A. Newman, chairman and chief executive officer of F&M Distributors, said the ready availability of new shopping space has prompted a lot of new retail ventures.

Warehouse clubs, off-price appliance and clothing stores, office supplies, super sports shops - the proliferation of these and others is leading to a shakeout in the 1990s, Newman said.

"Retail," Newman said, "is a very easy business to get into; it's also a very easy business to get killed in."

Retailers learned several lessons in the 1980s, he said. "One, bigger is better; two, specialty is good; three, provide a nice atmosphere."

But those lessons are no longer appropriate in the 1990s. "In the 1990s, we'll find too big is bad, being a specialist is not enough and people don't buy out of a need for recreations (and therefore don't need for atmos-

David L. Littman, senior economist and first vice president for Manufacturers National Bank, said unless significant changes are made in Michigan's laws and business climate, he would be hard pressed to predict another boom decade like

Before retail can boom, the local economy must improve, Littman

"For us to succeed, taxes and inflation rates must fall.

Automobile sales must grow by 2.7 percent, just to maintain the status quo, Littman said. Auto sales must grow by 3 percent for the local economy to grow

To attract and retain business, Littman said Michigan must be able to compete with other states for

MICHIGAN'S INCOME tax, which is 28 percent higher than the national average, and property tax, which is 30 percent higher than the national average, need to be reduced, he

Workmen's compensation costs which are also higher in Michigan than in neighboring states - must also be cut.

Littman added Michigan legislators must refrain from increasing the minimum wage beyond federal limits, decrease the inheritance tax and ease intrastate trucking and franchising laws - all of which put a heavy burden on Michigan busi-

"But there is good news," Littman said. Inflation and interest rates are down, and retail sales have grown at a higher than average rate.

Barbara Bryant, director of the U.S. Census, told retailers the population in southeastern Michigan has shifted substantially during the 1980s. Final numbers are not yet in, but in the last 10 years, Detroit has lost 14 percent of its populations, Wayne County, including Detroit, has lost 9 percent, and Oakland has gained 4 percent.

traditional full-service dealers, Saturn dealers will have more autono my in tailoring their sales and ser-vice facilities to handle the various ways car buyers select, purchase and service their cars.

Saturn's marketing strategy emphasizing customer service and high quality — is being tailored to compete with the foreign imports that also emphasize those qualities,

Haberek said. "What we're trying to do is bring import buyers back into the GM fold," Haberek said.

Saturn dealerships are being tar-geted for areas in which the Japanese imports have made their great-est inroads, Haberek said. "The West Coast has the highest penetration (of Japanese imports) so that's where

Haberek said dealerships will be located through a rollout strategy. Most early Saturn dealerships will be located along the West Coast, with others being added in southwest United States, the Midwest and finally the East Coast.

DONALD HUDLER, Saturn vice president for sales, service and mar-keting, said at Massey's ground-breaking that Saturn has a difficult task ahead. "We have a tough job, but we have a quiet confidence that we'll succeed."

Hudler called "a true partnership." The partnership between General Motors, Saturn management, suppliers, workers and particularly dealers will be the success or failure of Saturn

Dealers, he continued, played a larger role than is normally found in the manufacturing and marketing of automobiles. Dealers were involved in the development of dealership systems, the advertising and marketing strategy, and even in select-ing other dealers, Hudler said.

John Michaud, with Saturn United Auto Workers (UAW) local 1853 and an adviser to the Saturn sales, service and marketing team, said there is a real sense of excitement about the Saturn start up.

"At one time, the launch was just a vision — just a dream, but with every groundbreaking we're getting closer and closer to making that

dream a reality," Michaud said.

"The really unique thing about this is that it was done with the UAW as a partner rather than an adversary," he continued. "(Normally), when you put these two together, you'd better get a full time ambulance because they'll kill each other."

But beyond the mere numbers are other significant factors affecting retail sales, Bryant said. For example, baby boomers are 10 years older. Their needs and wants will change considerably in the 1990s.

"They (baby boomers) will change more in this decade then they have in their entire life," she said.

Baby boomer lifestyles will also change significantly. At the decade's start, most baby boomers were single with no children. In the 1990s. baby boomer needs and wants will shift as they increasingly shop for

There are also more single-parent households and double-income families than ever before, Bryant said.

most shocking phone call a parent gets, since at least it's the kid's voice on the phone, but it's close enough.

For one reason or another, what seems like a lot of my friends have been getting similar phone calls lately. One was a niece hospitalized with severe injuries after a rollover in

Another not an immediate relative, but a friend's neighbor's kid, drowned along with another teenager on their first date after skidding off the road near Brighton. He says 10 teens have died in high-speed accidents in the past year in the area.

MY DAUGHTER was very lucky, after a flat-out impact in the neighborhood of 20 mph with the side of a full-frame GM station wagon.

The front of the Dodge Omni she was driving crushed as neatly as a wad of paper, as it is designed to do,

see id. id I ie I

by

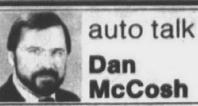

"Dad, I totaled my car" isn't the while the seat belt worked perfectly, leaving her with various strains and bruises, but otherwise unharmed. As were the occupants of the other car, which is better than most in absorbing a side impact.

It was a typical car "accident" In that the first realization she had that something was going badly wrong came a scant few feet before the im-

THIS IS THE situation in most car accidents - an encounter with a huge, inescapable force at a speed faster than anyone's reflexes.

Long after the immediate shock wore off, it left a chilling reminder that we still face some dark, savage dangers in the midst of the modern, isolated convenience of driving a

Few members of my immediate family have been involved in a serious car accident at any time. This,

too, might be chance, since while none is deliberately reckless, several are absent-minded. The two crashes I have been involved in were caused by my falling asleep at the wheel.

I AM also acutely aware of the progress that has been made in car safety. The car I drove at my daughter's age would certainly have let me be killed in the same crash. A college friend who drove the same model as I did died in a much-less serious impact.

I COULD ALSO add another note to the constant refrain about seat belts. When we went to clean out her belongings at the wrecking yard, another small car with a less-serious dent had the too-familiar softballsize crazing of the windshield in line with the driver's forehead - and a bent steering wheel. In back was an empty child seat.

WE ARE, it seems, in the midst of rising awareness of vehicle safety.

For a long time, the efforts to make cars capable of withstanding truly frightening crashes and still protect the occupants has been a facet of engineering pursued with little

glamour. It was the overpowered and underbuilt cars that received the accolades of the automotive press.

Now, perhaps for the first time in history, a safe car seems easier to sell. For every step forward, however, there are a few inches in reverse.

A good deal of government legis-lation ignores what is known about engineering to best survive a crash, and concentrates instead on efforts to protect those who decline to take the most elementary steps to protect themselves.

MOST OF the motorized belts being installed are not as effective, and less likely to be correctly buckled, as a fully tensioned, conventional seat belt with the anchor points designed for best fit. Likewise, the door-mounted belt systems ludicrously called "passive restraints" are legal but clearly not as good as

Air bags, on the other hand, provide an additional measure of protection that is remarkable. But their real benefit is mainly ignored in favor of the ill-conceived notion that they are merely a convenience feature, designed to replace, rather than enhance a proper belt system.

AND THERE still are the idiots in the enthusiast press who arrogantly insist that a skilled driver or superior-handling car somehow can add to safety, as if that tenth of a second before a blind impact in the side is somehow under control.

The reality is that a car crash takes place at a speed faster than the reflexes of the driver and sharpening the reflex does little to change what ultimately is a game of chance.

Which is won only when the voice on the phone answers, "Yeah, I'm OK. Nobody was hurt."

Headlee tries again have contracts from the state."

Dick Headlee, chairman of Tax-payers United, has received com-mitments for \$44,000 of the \$62,500 needed to print and mail tax cut initiative petitions to 900,000 ad-

The Farmington Hills insurance executive said Tuesday he's confident enough petitions will be signed and turned in as a result of the direct mailing in August to put his property tax cut initiative over its goal of 220,000 petition signa-

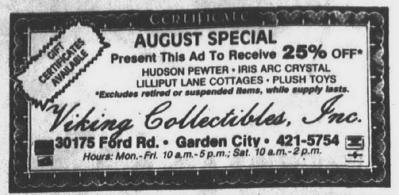

"I've got friends," he said of the \$44,000 pledged. "I put in some. . a doctor in Oakland County...auto dealers...Realtors...up north." He declined to identify them because "some of these guys might

About half of the money is in hand, Headlee said Tuesday from the Livonia office of a direct mail

He is also counting on corpora-tions contributing the remaining \$18,500 in time for the mailing to go out next week.

TU launched the Headlee Tax Cut Initiative March 15 and has 180 days - until Sept. 15 - to collect the required 191,726 petition signatures. More than 170,000 perfect petition signatures are currently in hand, he said.

The petitions are going outside the five-county metropolitan De-troit area. If he has the same rate of success as in the metro area, Headlee said, some 54,000 signatures are likely to come in.

Oakwood is Advanced Medicine

Magnetic Resonance Imaging

Magnetic Resonance Imaging (MRI) is a breakthrough diagnostic tool being used routinely at Oakwood Hospital today. MRI allows physicians to "see" into the body without x-rays, sound waves or surgery. As the name implies, Magnetic Resonance Imaging uses a strong magnetic field to produce multi-dimensional images of the inner structure of the body The patient experiences no pain

Oakwood provides patients access to MRI as well as the more traditional diagnostic procedures available at your physicians office or local Oakwood facility MRI can reveal disorders much earlier in the course of a disease In many cases, this early detection results in simpler and more effective treatment.

Oakwood Health Services is one of the largest health care systems in Michigan, with five hospitals, more than 30 local health care and specialty centers and more than 1,000 physicians in every major health care specialty and subspecialty. Oakwood will serve more than half a million patients this year

Wolves capture national honors

By Dan O'Meara staff writer

After surviving close games to win a regional soccer title, the Michigan Metro Magic Wolves assumed the under-16 national tournament

would be just as difficult.

That thinking stood to reason but was just the opposite of what actually happened in Woodbridge, Va., last weekend.

The Wolves, with a roster dominated by Plymouth and Canton players but including others from around the metro area, whipped both opponents to claim the Niotis Cup as champion of the United States Na-

tional Youth Challenge Cup.
In becoming the first Michigan team to win an under-16 boys national title, the Wolves crushed the Bethesda (Md.) Mustangs 4-1 in the semifinal round Thursday and trounced the Clearwater (Fla.) Chargers 5-1 for the championship Saturday.

"We thought the national tournament was a little easier than the regional." Wolves assistant coach Roy Larner said. "The competition in Region 2 was stronger, and that's a real feather in the hat of those teams."

THE REGIONAL tournament in Kalamazoo was a struggle by comparison. Metro Magic needed overtime to get past Kansas 2-1 in the semifinal and a shootout to defeat Ohio South in the final.

"Once we got there, our kids were fired up," said Larner of the national event. "They just weren't going to be

beaten. We played much better in

the nationals, with much more intensity, taking the game to the other Players on the 17-man roster from the Observer and Eccentric area in-

clude Matt Lee, John Truskowski, Kerry Zavagnin, Matt Cook and Chris Hayes of Plymouth; Mike Makowiec, Brendan Sullivan and Scott Larner of Canton; Jeremy Banks and Travis Roy of Livonia; Tim Webb, Marc Cudnik and Steve Schwartz of Troy; and Matt Werner of West Bloomfield.

Rounding out the team are William Boothe of Lake Orion, Steve Weiger of Dearborn and Craig Abraham of St. Clair Shores. The head coach is John Boots, who also coaches the Redford Catholic Central varsity.

Despite their own confidence, the Wolves were considered underdogs by some estimates, according to Larner. The Bethesda coach, Guy Fraiture, was quoted in print saying he wasn't impressed after watching film of the Wolves in their regional games, Larner said.

"But they probably were two of the worst games we played," he said. "Obviously, each region feels it's the favorite, but I think we were the unknown going out there.'

IF THERE was any doubt about

by beating the Mustangs 4-1 behind a three-goal performance by Boothe, who gave Metro Magic a 3-0 lead. Weiger scored the fourth goal.

"We were surprised we were able to handle Bethesda as well as we did," Larner said. "It gave us confidence. We figured if we could handle them, we could handle any of the other teams."

Fraiture later complimented the Wolves, saying they were one of the biggest teams the Mustangs had played and used their size and speed to good advantage, according to Larner.

"I think they were taken by surprise by our speed and how good we really were," he said.

In the final, the Wolves trailed 1-0 after Clearwater converted a penal-ty kick, but it was all Metro Magic after that. Zavagnin scored the tying goal, and Cudnik, Roy, Weiger and Banks enabled the Wolves to win going away.

That was the turning point when we were able to come back after that penalty kick," Larner said. The Wolves led 2-1 at halftime.

"WE GOT stronger and stronger, and they got weaker and weaker. From then on (following the Zavagnin goal), it was a relatively easy

The Wolves dominated the final, outshooting the Chargers by a 4-to-1 ratio. Metro Magic took 16 shots to Bethesda's 12 in the semfinal, and

HPLM topples Duffy's

By Dan O'Meara staff writer

Derek Darkowski's solid pitching Wednesday indicates he could be the missing link in Hines Park Lincoln Mercury's baseball season.

After playing most of the summer in the Virginia Valley League, he returned home to pitch No. 4-seeded Hines Park past regular-season champion Duffy's Plumbing in the opening round of the Livonia Collegiate Baseball League playoffs.

The left-handed Darkowski turned in a nine-inning effort, scattering eight hits and striking out nine in Hines Park's 10-3 victory at Ford

Hines Park plays Walter's Home Appliance today at 8 p.m., with Duf-fy's meeting Wendy's, which lost to Walters 11-4 Wednesday, at 5:30 p.m. The tournament continues Friday, with all games at Ford Field.

"It's nice, when I was done in Virginia, that I could still throw some innings before the summer is over," said Darkowski, who appeared in four early-season games with HPLM to be eligible for the playoffs.

"I FELT pretty strong the whole way through. They got their runs early when I walked somebody and then threw a bad pitch."

Darkowski also walked nine batters and hit two but managed to avoid serious damage, pitching out of bases-loaded situations twice.

"I just threw on Monday in Virgin-

ia, so I didn't have a real layoff," he said. "That worked out perfectly. I was able to get my offspeed pitch over. In a couple games in Virginia, I had trouble with it, but it was working well tonight. And I had good defense behind me."

Duffy's was not as fortunate with its pitching as three of the four who saw action combined to issue 10 walks and nine hits.

Doug McGregor started, went 11/2 innings and got the loss, giving up four runs on two hits and three walks. John Schefka pitched one inning and didn't fare any better, and Bill Wicker lasted 4% innings before Davey Jones worked the last inning.

"We couldn't throw strikes," said Duffy's coach Rey Fracassi, who was ejected in the fifth inning for arguing with the umpires. "We had a couple of soft balls that went through on the hard ground. In a tournament, you have to be lucky with everything, and we didn't have it tonight.

DUFFY'S TOOK a 2-1 lead in the second inning, scoring on a wild pitch and Mike Kaczmarek's single, but it was never contest after Hines Park scored five times in the bottom of the inning.

After McGregor walked the bases

walk from Schefka, and Dennis Szczechowski followed with a tworun single. Mike Culver's RBI single capped the inning.

Derek Humphries drove in the first run with a sacrifice fly, and Bill Terski's RBI single in the third made it 7-2. Hines Park scored three runs in the fourth on two errors and a wild pitch and had only three hits the rest of the night.

Bonham was 3-for-3 and Szczechowski had two hits. Kevin Adams, who drove in the last run for Duffy's, and Kaczmarek also had two hits apiece.

"(Darkowski) was just a little bit wild and he hit two, and that's not Derek," Hines Park coach Dave Racer said. "But he mixed well. He was always getting ahead of the batters. He had them hitting his pitches."

Hines Park hopes a different approach will work this year in the playoffs.

After going all out to win the regular-season title last year, the team faltered in the tournament, losing the trip to Johnstown, Pa., for the World Series to Walter's.

"This year we knew the league was fairly balanced, and we played the season just to make the playoffs," Racer said. "Winning like we did last year didn't do anything for us. We got a trophy, but it didn't put us in a tournament. This year we just kind of paced ourselves."

Walter's opens impressively, 11-4

By Brad Emons staff writer

The feeling was back for Walter's Appliance, at least on the first night of the Livonia Collegiate Baseball League playoffs.

The defending playoff champs, who lost four of their final five regular season games, righted themselves Wednesday at Ford Field with an 11-4 triumph over Wendy's of Ann

Walter's advances to today's second round of the LCBL playoffs, where they will meet Hines Park Lincoln/Mercury at 8 p.m. (See story above.)

"Our kids played good defensive ball and they came to the field ready to play," said Walter's manager Mike Keller. "Our defense has been hot and cold this season, but today we played good defense and that re-

sults in a good ballgame."

The combination of timely defense (no errors), timely hitting (two homers) and good pitching proved to be too much for Wendy's

quickly, scoring three runs in the first inning off Walter's starter David Houghtby.

Ken Kleinschmidt doubled in one run and designated hitter Steve Hirschman, who went 3-for-5 (including a solo homer), added a tworun double.

But Walter's got a run back in the first on an RBI single by Joe Sturtz and tied it in the fourth on an RBI single by catcher Tim Crabtree.

In the sixth, recent Livonia Churchill High grad Jason Gabel drilled a line shot homer over the 341-foot sign in left field (off Wendy's starter Tom Kutcher) and Walter's never looked back.

They added another run in the inning when Sturtz stole home and put the game out of reach in the eighth when Crabtree, the Michigan State University sophomore, belted a three-run homer off Chai Chang. (Walter's also scored twice in the seventh with pinch-hitter James

Maruszewski singling in a run.) "Gabel's homer kind of gave us a

WENDY'S, however, jumped out lift in the middle of the game when we needed it," said Keller

HOUGHTBY, the lefty from Livonia Stevenson High who played at Henry Ford Community College, got credit for the victory. He allowed five hits before giving way to fireballer Bob Bullach, who fanned two in the seventh.

But in the eighth, Hirschman homered for Wendy's and put two runners aboard with no outs On came Chad Wrona out of the bullpen. The right-hander was effec-

tive, retiring six of the final eight "Houghtby threw six good innings, but he got tired and it was time to make a change and bring Bob (Bullach) in," Keller said. "Chad then

came in and did a nice job. "In nine inning tournament games like this, you're going to have to use all 17 players."

The first game of the doubleheader (at 5:30 p.m.) pits regular season champ Duffy's Plumbing against Wendy's. The loser will be eliminat-

East all-stars win lackluster contest

By Bred Emone staff writer

There were few thrills from Mill. ng hot on the Stover and no Bells tolling.

In a nutshell, the 10th annu an High School All Star Foothall Game Saturday at Spartan Sta-dium in East Lansing, sponsored by Mr. Goodwrench and Oldsmobile, could have used a few spare parts

and a re-generation.

The East, represented by such Observerland standouts as Mill Coleman (Farmington Harrison), Eric Stover (Westland John Glenn) and Ryan Bell (Redford Catholic Central), edged the West, 7-6, in a forget-table afternoon on the gridiron that dragged on for over 21/2 hours thanks to several PASS-TV timeouts.

And speaking of pass, the word was a misnomer for both teams. The East squad, with Coleman (5-of-8) and Stover (3-of-8) at quarterback, combined for just 16 attempts through the air, while the West ed only 11.

"We were looking to establish the running game because we had great backs, too," said offensive guard Dennis Parker of Redford Bishop Borgess. "I pride myself on passblocking, but I like to lower the boom, too."

ONE PLAYER who proved he could dip the shoulder and knock a few heads was Detroit Mackenzie's Jerome Bettis, the 235-pound full-back headed to Notre Dame. He led all rushers with 57 yards in 13 car-

Bettis scored the East's lone touchdown on a 1-yard plunge with 37 seconds left to play in the first half. Coleman's 18-yard pass to Larry Johnson (Wayne Memorial) helped set up the score.

"He (Bettis) is as big as me and he's a hard runner," said CC defen-sive tackle Ryan Bell, who is headed to Vanderbilt.

"When you need two yards, you go to him (Bettis)," added Coleman. "He's probably the guy that will stick out in my mind. What makes him good is that he's determined and he plays with intensity. He wants to

Ironically, Mike Cowen (North Farmington) provided the final mar-gin of victory when he booted the extra point through the uprights for the

"It was a good feeling to finally make a difference," said Cowen.

Like all kickers, Cowen's teammates soon discovered that he had a few idiosyncrasies.

"I HAD TO hold it (the ball) in a particular spot, get the ball just in front of this penny," said Coleman. "I think I got it right."

During one practice, Cowen re-portedly insisted on using the coin despite an offer from a member of the coaching staff to use a five-dol-lar bill instead as the spot.

Cowen refused. With a 7-0 lead, the East, coached by Taylor Truman's Jim Clawson, high school football's version of Abe Gibron, went into a shell during the That prevented such things a

crosstown hookup between Stover of Glenn and his arch-rival Johnson from Wayne "I thought I had one pass to him, but they wouldn't call interference

on the play and we were both upset," said Stover, who is unsure about his college plans (either football or baseball). "I know Larry, He doesn't live too far from me. We talked about it (hooking up) all week."

"That's the way it goes," said the Western Michigan-bound Johnson, who is fully-recovered from a knee njury. "It was bang and run. It was a run-oriented attack, but I didn't mind. It was a fun game. At least we

"WE CAME IN and accepted each other and the unity helped us win the game," said Ryan Johnson, a linebacker from Plymouth Salem. "There was a lot of camaraderie."

Although the Ryans will go their separate ways, Johnson to Eastern Michigan and Bell to Vandy, they struck up a friendship.

We were a lot alike in a lot of ways," said Johnson. "And I even got to know Stover a little bit and he was an all right guy. I didn't think we'd get along because he was from Glenn (a league rival) and everything, but he was cool.'

The temperature on the field (110 degrees), however, was anything but conducive for football. Because of the heat, both coaching

staffs got the maximums out of their 44-man rosters.

senting the East, was Pat Wagner, a 6-3, 230-pound guard from Redford St. Agatha, and Nick Kiffner, a 6-1, 205-pound defensive end from Walled Lake Central. The East's defensive coordinator was Chuck Apap (Walled Lake Western), while Bob Sutter (Farmington Harrison) coached the defensive line.

"I'm very happy because I got to work with some great coaches and great kids," said Apap. "We were very determined today, that was the difference. We wanted to shut them out and we were upset when they (the West) scored."

SHONTE PEOPLES, a multipurpose back from Saginaw Arthur Hill, got the West on the board when he scored on a 4-yard run with 9:35 remaining in the game.

But the West failed in its attempt

to take the lead when Detroit Country Day safety Mike Montico broke up Matt Snyder's (Okemos) soft twopoint conversion pass in the end

But with six seconds to go, things got interesting when Andrew Schorfhaar (Adrian) had a chance to give the West the victory. His 37yard field attempt, however, never

West linebacker Zeb Jones of Zee-land, bound for MSU, paced every-body with eight tackles.

Meanwhile, the MSU-bound Cole-man, one of the state's all-time prol-ific passers, suffered through an uneventful outing in his first Spartan Stadium appearance.

COLEMAN NEARLY had a TD pass in the second quarter, but tight end Charlie Stumb (Grosse Pointe North) fumbled the ball away just before crossing the plane of the goal line on a 15-yard reception.

That submed to be typical of the way things went all day long.

"The first half went well, we ran a lot of dives," said Wagner. "But in the second half the dives were not working, so we went with something else."

"Once we scored we wanted to eat up a lot of the clock," added the man nicknamed "Thrill."

The game, however, must have sent a chill through the organizers of the game, the Michigan High School Football Coaches Association.

Webb, the goalkeeper in both games, recorded six saves.

"Everybody played up to his po-tential, and the scores are evidence of that," Larner said. "Everybody really put out. Everybody played

with the intensity necessary to win."

Larner added the Wolves had spent the last two years preparing for such a moment. The team began four years ago as strictly an under-12 Plymouth/Canton outfit, and Makowiec, Lee, Truskowski, Cook, Hayes, Larner, Sullivan and Zavagnin are the holdovers from the origi-

With the current roster in place, the Wolves competed in Europe last summer, the Dallas Cup in April and the Robbie International, the fore-

most Canadian tournament, on the Fourth of July weekend.

The Wolves were 2-0-1 in Dallas but lost out to Las Vegas United on a goal differential. The United won the Region 4 championship but finished fourth in the national tourney, losing to Bethesda in the consolation game.

"That was evidence of how far we progressed," Larner said.

The Wolves became the first Michigan team to win the Robbie and, playing up a year, captured the Lit-tle Caesars Ilitch Division title.

"(The Dallas Cup) was like a warmup for us," Larner said. "That was our first outdoor competition. We just wanted to get a jump on the league and prepare for winning the region and eventually the national championship."

CAN

win tourney titles

The sister Westland Federation I and II teams have a lot in common when it comes to Mickey Mantle-age (15-16 year-olds) baseball.

Each team emerged last weekend with district titles in the first step of the American Amateur Baseball Congress national tournament.

And as fate had it, the two teams met yesterday (Wednesday) in the first round of the AABC regional in Coldwater. (Results of that game will appear in Monday's Observer.)

The nine-team regional at Coldwater wraps up Sunday with the winner advancing to the AABC finals, Aug. 10-14 in Waterbury, Conn. Coach Jerry Pitcher's Westland I

squad is no stranger to Coldwater or the AABC World Series at this stage

The 1985 and '87 national champions gained their sixth straight district title with a 13-4 rout Sunday of Sterling Heights in the finals at

Plymouth Salem High. The Little Caesars Amateur Baseball League champs ran their record to 31-8, overcoming an early 1-0 deficit on an RBI double by Andy Gagne, followed by a towering tworun homer by Joe Coughlin to make

it 3-1 after one inning.
Westland I never looked back, despite some problems on the mound. Coughlin, the starting pitcher, left

after one inning because of a back Dave Roman came on in relief, holding Sterling Heights the rest of

the way on three runs, four hits to go along with four strikeouts to grab the victory.

IN THE DISTRICT opener, Coughlin homered in a 3-for-4 showing at the bat in a 10-2 triumph over the Troy Royals.

He finished with three RBI as did teammates John Ward and Dwight Reese, the latter whom socked a three-Winning pitcher Bob Arellano went the

distance, allowing just three hits while

Westland I outslugged Sterling Heights in the second round, 10-7, as Joe Vondracek went 4-for-6 and knocked in four runs. Coughlin added two hits and three

Pitcher Dan Scutchfield tossed a sixhitter, while fanning 12.

WESTLAND II, meanwhile, captured the six-team district at Delia Field in Sterling Heights, defeating Mount Clemens for the title, 12-8.

Winning pitcher Mark Rutherford and Scott Kapla each collected three hits, while pickup player Rob Valentine and Jeff Tapp added two hits apiece. Rutherford, who worked the first 4%

innings, got credit for the win. He got relief help from Sam DiPrima and Kapla

The victory increased Westland II's overall record to 23-10.

In the district opener, Westland II dust-ed off the Macomb Mavericks, 14-6, as Gerard Romej, Rutherford, Kapla, Tapp and Valention contributed two hits

Kapla, who went the first five innings, was the winning pitcher. DiPrima fin-ished up to earn the save.

Manager Chet Kapla's team then won by forfeit against Detroit Renaissance in the second round and invoked the eightrun mercy rule to beat South Lyon in the

next outing, 12-8.

Guest player Frank Learned pitched six strong innings, striking out nine.

GREG TAMAS had two hits to pace the Westland II attack.

Brian McAllister, the victim of three unearned runs, was handed a setback in a 3-2 loss to Mount Clemens, but Westland II rebounded in the double-elimination tourney to beat Mount Clemens in the final, 12-8.

Also making the trip to Coldwater will be players Chris Moore, Josh Weigand, John Rasch, Bobby Hayes, Brett Walters, Matt Roney and Jason Wetmore; joining coaches Ken "Boots" Wandzel and Jim

Westland teams Veterans pace Boyle victory

Boyle Chevrolet's 9-4 win over AJs in the Livo-nia Men's Modified Fast-Pitch Softball League playoffs Monday was also a victory for the team's older players.

Boyle, trying to mix younger players with remaining veterans this year, finished second to AJs in the regular season, but Chevy gained a measure of revenge in the latest encounter.

Keith McManaway and Jim Foster crushed in the latest encounter.

sixth-inning home runs, driving in a combined five runs during the seven-run outburst in which Boyle rallied from a 4-2 deficit.

McManaway, a 29-year-old, power-hitting first baseman, tied the score with a two-run homer to left-center field after Rick Dreffer opened the inning with a walk. Foster celebrated his 35th birthday in style by

smacking the game-winning, three-run homer

later in the inning. "HE MADE a nice showing on his birthday," said catcher/coach Dave Brubaker, who also turned 35 earlier this summer. "I think we got

rained out on my birthday." Kesson was on board following a fielder's choice and Brubaker by way of a walk when Foster crushed his two-out, tie-breaking homer to give Boyle a 7-4 lead.

"McManaway and Foster — you're talking about some big guys, strong dudes," Brubaker said. "They outhit the coverage.

"The old men still have it. We can hang with these (younger) guys. We're just diehard

The oldest member of the team, 42-year-old,

world-class pitcher Al White, contributed sub-stantially to the victory. As the winning pitcher, he brought Boyle back from a three-hit, three-run fourth integral to the contribute of the left three in large the last three innings.

"Al White took over and shut 'em down," Brubaker said. "These (younger) guys are still green. They've only played 25 modified games. They were exceptional baseball players, and it takes a little bit of seasoning.

"WE PUT seven guys who are 23 or younger out there. We mix in a couple veterans, and it works out well."

Boyle almost waited too long to pull out the

AJs scored first on Tom See's solo homer and led 4-0 after 31/2 innings. Ron Sitkauskas had an

RBI single in the fourth, and he and Tim McCracken raced home when the latter's flyball fell in short center field for a hit.

Boyle got a run back in the bottom of the fourth on Kesson's RBI fielder's choice and made it 4-2 on Curt White's RBI triple in the fifth.

Following Foster's homer in the sixth, Brian Tiller stole home plate and Rick Dreher ripped a run-scoring double. Dreher, Doug Kirkpatrick

and Foster had two hits apiece for Boyle. "That's the kind of thing we expect from these guys," Brubaker said. "The talent is there. From No. 1 to No. 10, there's not a weak link.

"I know this team can score runs. I know we can hit. It's just a matter of it happening."

BOYLE REMAINED unbeaten in the playoffs, eliminating Class B champion Mid Joy Party Store 11-5 in a second game Monday night.

Chevy trailed 5-1 but erupted for eight runs in the fourth inning. The outburst included a threerun homer by Kirkpatrick, back-to-back, two-run doubles by Curt White and Tim Bowden and a run-scoring single by Dreher.

Al White ripped a triple to drive in another run, and Tiller chipped in an RBI single. Curt White, Bowden and Kirkpatrick had two hits

Paragon wins playoff opener

Livonia Paragon rallied from a two-goal deficit in the second half to beat Beograd, the Michigan-Ontario Soccer League champs, in first-round action of the Michigan Cup, 3-2, held Sunday at Burdie Park in Warren.

Paragon, the regular season champs of the Great Lakes Men's Soccer League's First Division, won on a shootout, making good on all five penalty kicks.

Kevin Tuite, a co-captain for Central Michigan University's squad and former Redford Catholic Central High product, cut the deficit to 2-1 with

a goal for Paragon.

Michigan State's John Gelmisi, former All-Stater from Livonia Steven-

son High, then tied it on a goal with 15 minutes to play in regulation.

After two periods of overtime, the match was decided by a shootout.

Paragon Goalie John Connolly stopped the first Beograd shot and his teammates did the rest, going 5-for-5 as Peter Crowley, Henry Klimes, Russ Gans, Jim Soraghan and Tuite were all successful.

THE REDFORD MARAUDERS were also victorious on Sunday, drilling the Livonia Bullets, an over-30 team, 10-1.

Gary Mexicotte, former Stevenson High All-Stater and Bowling Green University product, had six goals in the rout.

In other Michigan Cup first-round games: Livonia Venom 3, U.K. Royals 2 (shootout); Iraqi Soccer Club 3, Livonia Rangers 0; Brothers United

2, Tigris 1. Quarterfinal action resumes Sunday, Aug. 26. Pairings, times and sites

to be announced. Meanwhile, the finals of the GLMSL are set for a twin bill Sunday

(Aug. 5) at Bicentennial Park in Livonia. The Birmingham Cobras advanced to the First Division finals with a 2-0 triumph last Sunday over the Livonia Wolves. The Cobras will meet the

Marauders at 5 p.m. for the championship.

In the opener of the double-header, the Birmingham Cobras II face the Corinthians in a rematch of first and second place teams for the Second

Division title at 3 p.m. Cobras II ousted Ann Arbor City Grill in one semifinal, 1-0, while the

Corinthians eliminated Phase I, 4-1.

The Way Moves Band looks at love and/or sex

By Larry O'Connor staff writer

HE WAY MOVES is a rock and roll band that sings about love and sex. OK, great, put them in line with 10,000 other groups gracing the face of this earth.

"In a way, we've tried to separate the two," said Jordan, whose band, The Way Moves, open for Concrete Blond tonight at Saint Andrew's Hall in Detroit. "We've tried to explore the difference between love and sex on this al-

Songs on "Favor and Disgrace" (Chameleon) tackle love — "Fall Alone" and "Cry to Me" — and sex — "Sweet Thing" and "Kiss." The numbers, though, are

wrapped in a guitar-heavy sound, very reminiscent of a 1970s poprock outfit reincarnated into a

'90s package. While The Way Moves' music is straight-forward bravado, the band signals a growing trend of up-and-coming bands turning to tried and true formulas geared toward album-oriented radio.

In The Way Moves' case, the plan appears to be working. The band's LP is receiving air play on WCBN-FM in Boston, no small feat, along with a few other radio stations across the country.

Of course, one might be hasty to write off this phenomenon as one mass kiss-up to radio programmers. Then again, who can blame them.

Without the AOR seal of approval, bands languish on the lower rungs of the music industry.

"We dabbled with keyboards in

previous incarnations," Jordan said. "That stuff was a little more foam than beer. Things crafted with technology instead of heart and soul have a shorter lifespan."

The lifespan of The Way Moves increased with the band signing with Chameleon Records. The president of the California-based independent label, Stephen Powers, caught the band when he was with Capitol Records. When he

Paintings reflect bigger-than-life cars

By Linda Ann Chomin special writer

LAMES OF red, yellow and blue leap across the intense paintings of award-winning artist Tom Hale.

Drenched in color so vibrant they explode with tremendous force, Hale's paintings command your complete and undying attention.

Hale is the man and mind behind the sensitive, wildly colored, highly detailed paintings of classic collector's cars.

"I try to make my cars bigger than life," he said in an interview at his Farmington Hills home.

Using a car's body paint and chrome as a mirror, Hale's paint brush splashes abstract reflections into his compositions, fully revealing himself: the high-energy level, the sensitivity to nature and its surroundings, and, of course, his love for the automobile.

'I go to auto shows all the time," he said. "I shoot a lot of black and white photography. I record the movement of the reflections in the

car's body paint and chrome.
"The reflection is all pure abstraction," he said.

HALE ABSTRACTLY paints trees, silhouettes, anything located in the immediate area - portraying them as if seen through the dis-tortion of a wide-angle lens. This theme is reflected in his hotly painted cars and chrome, which

mirror their surroundings.

Midnight blues and washed lavender softly illuminate the backdrops in his paintings. "The back-grounds are meant to complement all the hardness of the automobile

by adding fantasy," he said. Hale's paintings are a combination of abstract art and precise re-alism, the realism noted in the carefully researched depiction of a specific make, model and year of automobile. "The cars are all authentic," he said.

Lining the shelves on one wall of his studio sits a complete library dealing specifically with the auto-

American Motors. But frustration eventually overtook him, resulting in a search to express himself. His art is the culmination of his longing for creativity.

"My art is slow and time-con-suming," he said. "It took three months to complete the big Cadillac. On average for a painting, it takes close to six weeks.

Hale credits his wife of 27 years, Micki, for the "intensity of her involvement, for sacrificing her interests, her career, for the benefit

of what we're doing together." Hale believes that Micki's dedication to "what we're doing together" is directly responsible for the artist he has become.

"I listen to her a lot more than she realizes," Hale said. "Micki has an innocence about her. She gives me the most-innocent, most-honest opinion I'm going to get, whether it's about a current painting or a business opportunity."

IN 1985, Lee Iacocca, Chrysler Corp. chairman, traveled to the People's Republic of China and Japan with three of Hale's paintings, giving them as gifts to high-ranking government and business leaders. In 1987, Hale was selected to signature membership in the conservative American Watercolor Society. These are only two of his

This year a poster package will be up for bids — the original paint-ing featuring a Rolls Royce London-Edinburgh Silver Ghost plus a silver-plated bronze sculpture of the same automobile, both by Stanley Wanless of Astoria, Ore.

SCANNING THE arts:

 Onward and upward — Work continues on restoring the 129-yearold Newburgh School in Livonia's Greenmead Historical Village to early-20th-century vintage. The oneroom schoolhouse, used until 1922, will open Sept. 9. It once stood at Newburgh and Ann Arbor Trail.

A \$50,000 state equity grant will cover \$50,000 of the \$160,000 cost.

Meanwhile, the Livonia Historical Commission plans soon to ask the city council for the go-ahead to seek bids for an architectural survey to restore the 11 original Hill Farm buildings at Greenmead's west end.

"We'll evaluate what needs to be done and recommend priorities for doing it," said Sue Daniel, commission chairwoman.

The 1989 sale of three acres at the southeast corner of Greenmead to the U.S. Postal Service will help pay for upgrading the farm buildings. Never weary of talking about her

beloved Greenmead, Daniel says: "I think it's a wonderful place. When restoration of the historic buildings is complete and we begin to put more effort into programming, there's an endless variety of things we can do to have citizens en-

 A classroom bonus — To help teachers make science fun, the innovative Ann Arbor Hands-On Museum is offering a pilot program to schools and community centers in Wash-tenaw, Wayne and Oakland counties.

The outreach program consists of workshops designed to enrich the science curriculum in grades K-6 through hands-on experiments and demonstrations

Museum staffers present 45-minute sessions on such topics as the human body, sound, magnetism and light optics. Last year, they visited 11 schools and 700 students; school district stops included Farmington,

Livonia and Wayne-Westland.
"Most teachers use the workshops to introduce a curriculum area or to wrap one up," said Cindy Steele, outreach educator. "We offer alternative science programming for teachers who may not have the time or resources that we do."

The workshops are a good way to introduce teachers to the wonders of

in science, art and culture.

I've been there and can vouch that the renovated historic firehouse is a great place to take kids in search of fun in an educational setting. Call 1-995-5439 for fees and reservations.

• Budget shakedown - In the wake of a \$1.8-million operating deficit for 1990-91, the Detroit Institute of Arts begins a five-day-a-week schedule of Wednesday through Sunday effective next week

The move will trim \$350,000 in expenses from the \$30-million operating budget. State funding has been stuck at \$16 million for eight years; city funding has been stalled at \$500,000 for five years.

Contributions and program revenues are up but not enough to offset inflationary budget increases, said Samuel Sachs II, DIA director.

The cutback in hours didn't come lightly. As Sachs put it: "We refuse to lower the quality of the DIA col-lection, exhibitions and programs, so the only resort is to trim an already lean annual operating budget and still maintain our strength as Michigan's foremost art resource, ranking among the country's most comprehensive fine arts collections, and featuring a nationally recognized performing arts program."

Westland crafter shapes dolls from days gone by

By Linda Chomin special writer

HEN PAM Kovarik talks about her handcrafted, porcelain dolls, her exuberance and energy is contagious enough to make you wonder if the replicas of 18th century dolls have come alive. You will swear that one of them winked. The deluge of dolls - both German and French, cos-

turned in ivory satin, pearls and lace - fill Pam's Westland home with romanticism and a longing for days gone Two years ago, Pam began making porcelain dolls. Days

She spends eight to 10 hours a day working on her creations. "It takes me two months to complete a doll," she said. "The doll's clothing is all handmade. Their bodies can be made of two or three different materials, ranging from muslin cloth, to all porcelain."

"The first step is pouring the liquid into the mold," she

DOWNSTAIRS IN her workshop, she demonstrated the next step. The cleaning method begins when the dried greenware is taken from the mold. With her delicate hands, she gently held the doll's head, brushing away with her fingertips any seams or imperfections formed in the mold.

"Greenware will shatter in your hands if you're not careful," she said. "After cleaning the greenware, then it will be fired. Then it will be china-painted."

cours art committee, said he expects this painting/sculpture package by Wanless will command considerably more than the (very respectable) \$31,000 that Pete Maier's painting by itself brought last year.

WANLESS, WIDELY recognized as both a painter and a sculptor, has two Rolls Royces in his personal collection.

He was particularly fascinated by the commission to do the Lon-don-Edinburgh Silver Ghost, known among collectors as "The Mystery." It is only three feet wide with a 144%-inch wheel base and Wanless said he liked the idea of painting that elegant English auto-mobile against the English architectural setting of Meadow Brook

In preparation, Wanless made extensive scale drawings and sketches for his two and three dimensional projects using material from his 5,000-plus volume, auto-book library and many photos supplies by the late Rick Carroll.

He is now working on the 22-foot Seafarers Memorial at the mouth of the Columbia River in the Pacific Ocean. A 141/2-foot tide symbolically rises and falls on the bronze, which is dedicated to those who have died at sea. He completed a commission for the National Park Service at Fort Clatsop National Memorial of Lewis and Clark's arrival at the Pacific Ocean and is working on two more large Lewis and Clark Monuments on the Lewis and Clark Trail

Traditionally the high point . . . has been the sale of the original painting done for the Concours d'Elegance poster.

HALE SAID 12 outstanding automotive artists have been invited to show their work.

In addition to Wanlass, they are: Dennis Brown, Diamond Bar, Cal.; Camilo Pardo, Grosse Pointe Park; Ken Dallison, Ontario; Ken Eberts, Temecula, Cal.; Dennis Fritz, Chelsea, N.Y.; Peter Hearsey, The Isle of Man; Dennis Hoyt, Lincoln City, Ore.; Jay Koka, Ontario; J. Paul Nesse, Stillwater, Minn.; and Ran-dy Owens, Vienna, Va. Hale's paint-ings will be included in the exhibit

Judges for the Art Invitational are Larry Crane, art director of Automotive Magazine; Gale Halderman, director at Ford North American Design Center, and Bar-bara Heller, head conservator, Detroit Institute of Arts.

Three awards of \$1,500 each will be given and other recognition awards will be made.

The Concours d'Elegance, a ben-efit for Meadow Brook Hall, annually draws about 11,000 people to the fabled Matilda Dodge Wilson estate for the one-day event. About 225 of the most treasured collector cars in the world will be on display

Let's begin with some of your own pictures. I know that all of you have some favorite slides or prints tucked away that you can't wait to get out and brag about whenever a friend or relative stops over. Well, why not display those favorites?

Perhaps it's that dramatic sunse you just took on your last vacation or the shot of your youngster that captures a special expression of childhood delight.

Whatever the case, it's easy to get pictures up on the wall. Just take those prized slides and negatives to your photo dealer for enlargements.

Any 35mm shot will blow up fine to 8 by 12 without losing quality. Many dealers, local frame shops, even your local K mart, stock pre-

You'll be proud of that special grouping of your favorite pictures and you'll will be glad you took the time to assemble them.

AS YOUR interest in photography

increases, you'll find yourself want-ing other photographs to "live with." There may be that memorable

shot you fell in love with at the art fair or the striking poster you couldn't resist at the bookstore. Well, why not buy it? Often, a modest investment of dollars will pay big diviends in satisfaction.

You'll discover that living with photographs will keep your level of photographic interest and excitement high. And having photographs to look at constantly will serve as a teaching device . . . the more you look, the more your knowledge and understanding of photography will

People I know who live with photographs tell me how beneficial it is and how their pictures help keep the creative juices flowing and their appreciation of photography growing.

STRUCTURES EXHIBITED A special traveling exhibition will

come to the Ann Arbor Hands-On Museum, 219 E. Huron, in August.

Entitled "Structures," this exhibit features workable models illustrating some of the important elements of manmade structures. Arches, bridges, trusses and beams are all examined using simple models, pictures and descriptions. The exhibition was created by the Franklin Institute, Philadelphia.

Meanwhile, the Ann Arbor Hands-On Museum will explore Newton's Laws of Motion this month.

Art from '60s revisits Ann Arbor museum

Whether you "get" it or not, the pop art and post-data art of the 1960s is here to stay. Think about it Warhol was creating his famous silkscreen Marilyn (Monroe) series almost 30 years ago.

These works become most under-standable when seen in context with other Indiana works. Most people are probably familiar with Indiana's "Love" series, featuring the letter of the work stacked into a square with the famous tilted letter "o."

THE LOGO turned up on everything from book bags to posters and eventually as the design for a postage stamp. On Indiana's 1968 "Love Cross," the image is repeated five times to form the shape of a cross. It is pop art at its most extreme.

Another interesting piece in the exhibit is Rauschenberg's 1969 work, "Continental Certificate MMA." This is visual arts' precursor of sampling in the recording industry. Included in the collage are work by Picasso, Rembrandt, Titian and photographs of Greek and Eqyptian sculpture. It is both an homage to and a break away from the artistic styles of the

ward Joseph Ruscha's 1970 litho-graph "Lisp" shows to fine effect. On a cheery light blue background, droplets of water (spit?) clearly spell out the word "lisp." It echoes the earlier Dada movement in its focus on not-so serious subject matter.

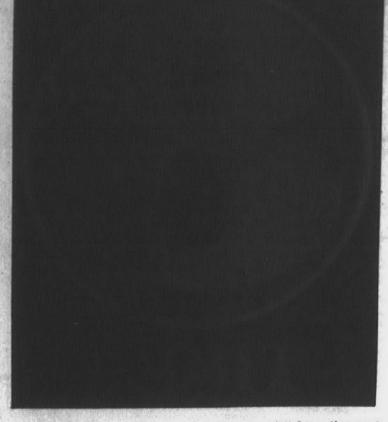

Also included in the exhibit is a

piece by Roy Lichtenstein, a 1973 screenprint "Untitled from The New York Collection for Stockholm' Portfolio." It shows a hand pointing directly at the viewer - a la Uncle Sam's "I Want You" posters — done up in bright colors with visible color dots in typical Lichtenstein comic book style. The colors and movement in the piece make for an immediate and riveting effect.

THE WARHOL piece is immediately recognizable to even the most casual art fan. It is black and gray screenprint of Marilyn Monroe from the famous "Marilyn Portfolio."

Warhol makes this particular "Marilyn" his own by adding swatches of color on her cheek and around her eyes. This is pop art at its finest.

The rest of the exhibit - works by Jim Dine, Nam June Paik, Claus Oldenberg and others - is equally fascinating. For those interested in learning about the art of the 1960s,

The members plan to have this as an annual event and they also hope in the future to make it a juried show. That will help. A jurying pro-cess generally makes for more even quality and stronger focus.

But for pleasant, middle-of-theroad art lots of paintings by a variety of area artists, this holds up quite well. And there's no doubt that many people who complain about the outrageous prices charged by big name artists could find attractive paintings here at relatively modest pric-

IN TODAY'S JOB MARKET IPLOYERS WANT MORE THAN THE SAME OLD B.S.

Every year, over a million new college graduates put on their new blue suits and go job hunting.

All of them have degrees. Most of them have hearty handshakes. But very few have what employers want most — practical work experience.

That's why there's a nationwide program called Cooperative Education. It allows students to alternate studies at the college of their choice with paid, practical work experience in the career of

their choice. So Co-op Education students graduate with more than a degree. They have practical knowledge. And a competitive advantage in today's crowded job market. And that sure beats trying to B.S. your way into a job.

New house affordability linked to several factors

special writer

The decision has already been made to buy a new house, but the question of affordability remains. To figure out how much house you can afford, you must first understand several key terms: down payment, qualifying for a loan and closing costs.

Lenders ask for down payments so that if you default on your loan, the house can be sold and the losses from your transaction can be recovered from the proceeds of the sale. Buyers entering the market for the first time usually must rely on savings or assistance from a relative to accumulate a down pay-

The size of your down payment pays an important role in determining how large a loan your qualify for. Lenders examine your credit record

and the extent to which you are already in debt to determine the maximum monthly payment you can afford.

Most conventional loans (not government-insured) require a 20 percent down payment. But first-time home buyers may not have those kinds of savings. Sources available to them are FHA (Federal Housing Administration) or VA (Veterans Administration) loans.

A loan insured by the FHA normally requires a down payment of 5 percent of the home's appraised value. Their in-terest rates are generally slightly below those for conventional loans. Qualified FHA borrowers are also required to pay a mortgage insurance premium of 3.8 percent of the total loan amount. A ceiling amount, based on the prevailing home costs in your area in which your are buying, determines the maximum

CPAs suggest that the total carrying charges of owning a home should not exceed 40 percent of your monthly net income.

loan amount.

The VA guarantees loans to people who have served in the armed forces and who qualify financially. No down payment is required if the loan is for \$144,000 or less. There is a 1 percent funding fee on VA loans.

Private mortgage insurance (PMI) loans are an option available to those who don't qualify for FHA or VA loans. These loans require a 5-10 percent down payment and are insured by private mortgage companies.

Not all the money you require will be applied to the down payment. A major expense many first-time buyers overlook is settlement or closing costs.

When you apply for a loan, the lender is required by law to provide you with a good-faith estimate of closing costs. Thousands of dollars can be spent in this final step in buying a home.

Closing costs fall in two general cate-

gories: points, costs from making the loans, and expenses linked to the actual transfer of property from the seller to

Discount points charged by the lender are generally the largest part of your closing costs. One point equals 1 percent of the total loan amount. Points should be a strong consideration in your loan selection. The borrower almost always

pays his own points. Other costs, some of which may be negotiated between the buyer and the seller, include: appraisal fee, attorney's fees, credit report, property survey fee, recording fee, state and local transfer taxes, title search and insurance, and

property taxes. The Michigan Association of CPAs, based in Farmington Hills, also urge prospective home buyers to think also in terms of affordability, investment and tax considerations. CPAs suggest that

home should not exceed 40 percent of your monthly net income. If your finances are tight, consider buying a smaller home in a desirable location. You may also want to explore less expensive homes that may involve a longer commute to your place of em-ployment, although these homes may not appreciate as quickly as you would

the total carrying charges of owning a

Owning a house can still be a good investment even if the mortgage interest rates exceed the annual appreciation of your house. The reason is simple: In the early years of a mortgage, a larger share of the monthly payment goes to tax-deductible interest rather than principal. In addition, you can generally deduct real estate taxes and points paid to secure a mortgage. What's more, you can defer tax on the gain realized by selling your house by purchasing a house of equal or greater value.

Some enterprising folks may have discovered a simple two-way jack hooks up a television, VCR and stereo system that enables the family room to double as an ersatz movie theater, Hoger said, but that hardly qualifies as a media room.

Most equipment found in media rooms, he said, cannot be bought at the local appliance superstores. "We work with a lot of specialty products that

The typical media room, Vitex Inc.'s Hoger said, will cost anywhere from \$3,000 to \$30,000, but costs can be much higher. Hoger said he is currently working on a project that has cost \$70,000 thus far,

and may cost \$100,000 before it is complete. The larger systems generally go far beyond the media room. In those projects, several rooms - or perhaps the entire home - is wired for sound with infrared remotes, computer automation or any

number of electronic gadgets. "We're only limited by the customers' imagination and pocketbook," Hoger said.

ARCHITECTURAL DESIGNER Gail Vandercook, owner of Intrinsic Design in Lapeer County, has designed many homes in Oakland County that include media rooms, she said.

Vandercook designed Kingsley Estate, the Homerama house built by Rochester builder James Joseph

"I think you have to be a bit of an electronics buff to want this — the whole room can become one electronic gadget," Vandercook said.

"I do a lot of country homes in north Oakland County and you don't see people asking for them

"I think the reason you're seeing a lot of them I that a lot of homes have great rooms instead of family rooms."

GREAT ROOMS are the central gathering place in many homes and are not necessarily convenient for watching television or listening to music, she "So we've got the media rooms so things happen-

ing in the great room won't interrupt what's going on in the media room.' The media room, with its emphasis on television, music and entertainment, is actually a throwback

to the 1950s and 1960s, Vandercook said. Several decades ago, homes were designed with studies or dens and television rooms, but they were

eventually combined into family rooms. In the 1970s and 1980s, the family and dining rooms joined and evolved into great rooms. Now, as the square footage in homes increases, builders and homeowners are interested in designating a room for home entertainment.

is Real estate investors interested in Midwest

(AP) - The Midwest, California and the Southwest will see the biggest increases in real estate investment in the next two years, leading real estate executives and economists predict.

A study was conducted by Ernst & Young Real Estate Advisory Ser-vices and the National Real Estate Index, a computer service that tracks real estate values and rents.

or

s you

The nationwide survey, mailed in January, compiles responses of 400 real estate specialists to forecast the real estate market for the next five

The specialists expect the real estate market to grow more slowly than the consumer price index in the first half of the decade. They expect a sluggish market through 1995, cit-ing recent overbuilding as the major detriment.

The experts also expect a decline in available capital, including for-eign investment. Some respondents expect a catastrophic impact on real estate from the savings and loan crisis, but others believe the largest effect has already been felt.

Despite the overall prediction of a slow market, 28.4 percent of the respondents said their firms would increase investment in the Midwest in the next two years compared with spending in 1989.

BUT IN ONE of the study's contradictions, the specialists appeared less enthusiastic about individual

markets in the Midwest. Only one, Chicago, was selected among the top 10 investment markets nationwide, and only two others made the top 30 - Columbus, Ohio, at 29 and Minne-apolis-St. Paul at 30.

"I think part of that's a lack of knowledge," about many Midwest-ern cities, said Michael L. Evans, national director for Real Estate Advisory Services, a branch of Ernst & Young. "I think a lot of people view the Midwest as being Chicago. I think they were looking at the principal cities in each region and perhaps didn't have the information about other cities."

Almost 26 percent of the respon-dents expect to spend more in California, and 24 percent will invest more heavily in the Southwest, the survey showed.

But 21.4 percent of the specialists

expect to spend less on real estate in the Northeast, compared with 17.3 percent who expect to spend more in

That decrease can be traced to the belief of a plurality of the analysts (28.6 percent) that New York City is the most overpriced market in the country for real estate investment.

In another contradiction, Los Angeles finished second in the balloting for most overpriced market but was also identified as the metropolitan market likely to offer the best real estate performance in the next five

"I think it reflects the fact that Los Angeles placed high in every category," Evans, who is based in San Francisco, said while in Chicago. "It's just a feeling that the Southern California economy doesn't want to stop. There are probably more than in any three cities in the coun-

OTHER MARKETS viewed as overpriced were Boston, chosen by 9.9 percent of the respondents; San Francisco, 7.5 percent; and Washington, 5.6 percent.

Other top overall performers are expected to be Atlanta, Seattle, Washington and Chicago.

The specialists believe Houston offers the best overall potential for real estate investment throughout the next five years. Dallas-Fort Worth was their second choice, fol-

The survey also examined prosectors: apartments, warehouses, re-tail space, and central and suburban.

office space.

Projected returns are higher for apartments than any other sector, the specialists believe. Projected re-turns were lowest for suburban off-

Prospects for building apartments are best in Los Angeles, the specialists said. Atlanta is next, followed by Seattle, San Diego and Washington.

MORE THAN ever, people are pending time at home and that's where they want to be entertained, Hoger said. "Going out can cost a lot of mon-

ey, but with video renting and cable television, the price of entertaining at home is getting lower."

Equipment, Hoger said, varies with the individual. Big screen televisions are now common in seholds and are often an integral component of a media room.

THE MAJOR problem presented by big screen televisions, Hoger said, is they are too boxy or large to be concealed.

"The best media room is one where you walk into it and don't know what it is.

"We'll get the customer who wants it to be flashy, to show off the system, but most people want everything hidden until they want it," he said.

Designers get around the "boxiof large screen televisions and bulky components by building them into the walls or building special cabinets to conceal them until they're needed, he said.

But projection televisions are be coming a bigger part of media rooms, Hoger said.

"They're more flexible in size you can make a screen as big or as small as you want."

Projection televisions can also be concealed more easily, he said.

MEDIA ROOMS might also include computerized automation systems that control lights, window blinds, movie screens, televisions and stereo equipment. Some, Hoger said, are even voice-activated.

"You walk into the room, say, movie time,' and the lights dim, the shades draw, the projection television and screen drop from the ceiling and the movie starts - it's really impressive," Hoger said. "People like to show them off."
