City OKs airport JOA; plan faces opposition

By Kevin Brown staff writer

The effort to keep Mettetal Airport open passed a big test Monday, as Plymouth commissioners voted to join an airport governing board.

Before 200 citizens interested in the issue, the Plymouth City Commission voted 6-1 to join the airport board touted by Plymouth Township trustees. Commissioner Jerry Vorva cast the only dissenting vote.

We would be making a tragic mistake if we let this opportunity pass by," commissioner John Vos said

"We're happy that they've decided to join us on it," said Plymouth Township Supervisor Maurice Breen. 'This issue is very, very simple. The will of the vast majority of people in this community is that we do not enter into this contract," Vorva said. "The vast numbers of people who are proponents could put together a corporation and run it very well

It will be at least nine months before the operating board begins running the airport, Breen said.

WHILE THE decision sparked applause from supporters, several in the audience spoke against the effort. The airport board could come

looking for taxpayer money to settle lawsuits or improve Mettetal, they said. "ls it desirable for the city to take

on the financial risks of a small recreational airport?" asked Bill Mcaninch of Plymouth. "The city is in serious financial difficulty." He also presented 900 petitie natures from city residents against the city and township seeking federal and state money to buy Mettetal. We found almost no one in favor of buying the airport." he said. After several non-city residents must be appointed by the city and spoke in favor of the airport, some township - two from each municiopponents from Plymouth urged pality commissioners to heed their wishes and vote against the joint operating pare and adopt by-laws agreement with the township

City manager mulls leaving after 1 year

Gordon Jaeger

By Kevin Brown staff writer

Plymouth City Manager Gordon Jaeger said he could leave his job as early as May 1

Jaeger said a combination of factors is causing him to consider how long he will continue as city manager, the job he assumed May 1, 1990

"I enjoy this - If I didn't I wouldn't have come here. he said

Still, "I've shared some concerns that I've had with them (the commission)," Jaeger said Wednesday

They have to get the past behind them and get on with the future," he said, adding that the commission continues to consider matters pertaining to former city manager Henry Graper

He also criticized the commission for putting off deci sions

"They delay, table, that's part of what happens But eventually you have to face things

One commissioner, he said, has gone straight to de

partment heads with requests, rather than through him I informed department heads we will not operate that way, he said

Also, Jaeger said that if he were now retired, he'd only be making \$15,000 \$20,000 less Jaeger served as Battle Creek city manager for 12 years.

He's suggested that the commission pay him an extra \$5,000 yearly the cash equivalent of his city-paid in surance as he already has medical coverage Jaeger's current salary is \$59,500

Till be going back to Battle Creek some day," Jaeger said, adding he and his wife Kay maintain one home in Battle Creek while he also pays rent on the first floor of a Plymouth house. He's seeking a \$750 per month housing allowance

But Jaeger said he also needs challenges in his job, adding there are such challenges in Plymouth the possible joining of police and fire operations with the township and dealing with budget constraints

'Belonging' key concept of new teaching method

Continued from Page 1

Initially, the team is given a single board and instructed to figure out a way to get everyone over a fence. The teâm ultimately is faced with the voluntary challenge of rappelling down the side of the school building.

Suzy spends part of her day working the cash register in the school store. After school, she practices with one of the school's three intramural volleyball teams. There are three teams because the demand is high and a limited number can play on the varsity squad. Sounds far-fetched?

MIDDLE SCHOOL TEACHERS attending staff development sessions like the ones held throughout the district Monday learned through presentations and a handout reprinted from Phi Delta Kappan magazine that that's what's happening at a growing number of schools across the country.

Shoreham-Wading River Middle School on Long Island is among the schools taking "Turning Points," a report recently released by the Carnegie Corporation, to heart.

The Carnegie report concludes that middle school students benefit most from being part of small learning communities staffed by teachers who excel with the "nightmare group" of young adolescents. To succeed, middle school students must have a sense of belonging. They also need to trust and bond with teachers, the report says.

Plymouth-Canton Community Schools has received \$91,000 in state grant money over the past two years to study and begin implementing some of the described changes.

At their workshop Monday night Plymouth-Canton school board members heard from administrators working to restructure middle school education.

Team teaching is being tried on an exploratory basis in many of the district's middle schools.

Educators are examining at-risk students; the relationship between schooling and jobs; new choices facing today's students; the empowerment of teachers; and matching educational opportunities with students' social, emotional, and academic needs, said Tom Tattan, executive director for secondary education.

"WE ARE NOT proposing a paint and fix-up but a total restructuring of middle school education,' said Pat Patton, Lowell Middle School principal. "We are truly looking at all elements of our school day. We feel it's important that we have a vision. We can no longer deliver just the basics. We need to go beyond that."

Plymouth-Canton is looking at ways to create "a school within a school" to do a better job of meeting students' needs.

Specific recommendations will be presented to the board in early March after teachers and administrators refine the proposal.

Trustee Les Walker said he sees "a big community relations job ahead of us." He asked whether that's something staffers have considered.

Parents have participated in study sessions, and further efforts will be made to inform parents who don't get involved. Tattan said. Superintendent John Hoben said budgeting may prove troublesome.

War and a Saturday warm-up reduced the turnout for the Ninth Annual Plymouth Ice Sculpture Spec tacular

Still, observers say the nightly laser-light shows - introduced this year - drew plenty of attention

FESTIVAL ORGANIZER Pam Kosteva said that despite some circumstances beyond one's control, "I think it went great. The laser show was a huge success, the people came from all over for that and we were so pleased

'We had two major problems that were real tough to deal with," she said. "First the war made it difficult to get the exposure we normally get. And we had excellent weather the whole time except for Saturday and that melted everything," Kosteva said

Plymouth police Chief Richard Myers said the turnout "was less than last year," but added the laser show "did seem to rejuvenate interest in the evening hours."

Of area businesses, Kosteva said 'all were very busy that's the most noteworthy gauge for that."

She said the ice festival board was scheduled to review how the festival went on Wednesday and begin to plan next year's. "We did fine, we'll pay all our bills, we've got a lot of wrap-up stuff to do."

On the festival's last day, Monday, Jim Jabara - city commissioner and festival board member - won the Old Man Winter Look Alike Contest.

Jabara and about 10 other local men agreed to begin growing beards before Thanksgiving "You better take a good look, cause it's going off in the morning," he said

IN ICE CARVING events, first place winners in the two man team competition were Ross Navarro and Jun Paygane, both of Ontario, Canada Second place winners were Hiroshi Noguchi and Vitaliano Medina, both of Orlando, Fla. Third place winners were Larry O'Sullivan of Lansing and Armand Ramierez of Michigan City, Ind.

In the individual professional competition, first place went to Mark Daukas of Newport Beach, Calif, second to Naomi Hamamura of Chesterfield, Mo., and third place to Peter Slavin of New York, NY

In the student competition, college division, first place went to Barry Eckler of Berkley, Mass.; second place to Derek Maxfield of Grandville, and third to Dana Leja of Livonia. In the high school division, first place went to Aaron Bruck of Livonia, second to Monica Darin of Livonia, and third to Mark Brown of De troit.

Winning trips to Moscow were Slavin, Kevin Roscoe of Queens, N.Y. and Michael Green of St. Clair Shores, Raymond Holdwick of Sterling Heights won a trip to Cancon, Mexico.

In the window contest, first place went to Fred Hill Haberdashers and second place to Me & Mr. Jones Petite, both for creativity. Winners for best use of product were: first place, Little Professor on the Park, and second place, Delta Diamond.

The western Wayne County chapter of Friends for Freedom continues to work for troops stationed in the Persian Gulf

Thursday, January 24, 1991 OdE

And that work has been made easier by the donation of a packaging center by a area businessperson and by the creation of a logo.

The government has asked that Americans temporarily stop sending packages to the Middle East, said Yvonne Zapinski, Friends of Freedom chapter chair, but that order is expected to be lifted shortly and the chapter will resume sending packages.

"Donations of cash and food/nonfood items are being collected," Zapinski said. "Our troops need our support now more than ever. Mail is an important part of their morale needs.

'Each service person I write to tells me you can't imagine how they hate not getting mail from home."

IN LATE December, the Friends of Freedom was displaced when the warehouse it was using in Wixom was sold.

Although the sale did not stop the operation, being displaced did hinder packing efforts.

But the organization now has a new home, thanks to Walter Samuels, owner of the Shelden Center at Farmington and Plymouth roads in Livonia, who donated use of a 2,800square-foot building.

The chapter does need 10 to 15 banquet tables and could use donations of printing material. Anyone who can help with these needs is asked to call Friends of Freedom at 422-2036

The chapter needed a special logo so the public could recognize its work. The design selected as the official logo of Friends of Freedom was drawn by Thomas Gess, an 11th grade Creative and Performing Arts student from Livonia Churchill High.

INDIVIDUALS INTERESTED in writing troops in the Persian Gulf may send a self-addressed, stamped envelope with a note requesting a pen pal to Friends of Freedom, P.O. Box 9503, Livonia 48151, and a name will be furnished.

With war under way, there are no longer PXs around for them to pick up the necessary items the service does not furnish," Zapinski said.

'Because they were given a small raise in the past, the services stopped furnishing their necessary items and they now have to buy them. There are no drug stores,

supermarkets or such in the Saudi desert, so how do they get them?

That's where we come in. We pack our boxes unisex with food. personals, etc. If they don't need it they pass it on to a friend and share.

'Cash donations are used to pay the postage for mailing packages directly to service personnel. The U.S. Post Office does not give us a break on postage.

'I also urge you to write your senators and congressmen, asking that they do something to change that policy. Why should any of us pay to send our service people packages when they are serving their country during war time?'

ANYONE WANTING to share the name of a service person to be put on the pen pal list, or to receive a package, may mail the requests to Friends of Freedom, P.O. Box 9503, Livonia 48151.

The chapter also asks for donations of boxes 14-by-11-by-8-inches, packaging tape, large mailing labels, small and large zip-lock bags for packaging.

To donate such items, call the chapter at 422-2036. Receipts will be furnished on request by sending a self-addressed, stamped envelope.

If everyone gave just one item, or sent a couple of dollars, just imagine the boxes we could send," Zapinski said.

We have received a letter from a major with the 101st Airborne who has rotated to the back lines in December with his troops for a break and to resupply.

'He was amazed that people were writing and sending so many things. He has 750 men in his command and asked that we send mail to his men, then gave us special instructions.

'If you would like to write to this unit, send a self-addressed, stamped envelope asking for their address."

ZAPINSKI EXPRESSES her thanks for the contributions of donors and efforts of volunteers to date, locally and from the surround-

ingareas.

Teachers pick up recycling lessons

For Plymouth-Canton students, Martin Luther King Day was a holiday. For teachers throughout the district, it was a day devoted to staff development

At Field Elementary, Rick Plecha and Pattee Rupert of Field Elementary presented "Who's Caring for the Earth? We Are!" for third, fourth and fifth grade teachers.

Teachers visited Canton's Woodland Meadows Landfill and heard from government officials about recycling efforts under way in Wayne County

AFTER A catered lunch, teachers attended workshops on "reducing, reusing and recycling." Afternoon presentations dealt with the cleansing of the Great Lakes and how our litter affects the international border

Teachers were given books, handouts, plays and music for use in their classrooms

Area businesses participating in the day's events included Cinemark Theaters, Meijer, Pepsi, Kmart, Woodland Meadows and the Confer ence of Western Wayne.

Teacher Barb Marshall said she's noticed a "tremendous increase" in students' self-confidence. There's a belief among students that "I can succeed, not just in geometry, but in all things," said Marshall, adding that her class averages between 82 and 85 percent.

"There's also increased retention," she said. "Instead of reviewing at the beginning of the semester for the usual four weeks, we've only needed three days.

Salem senior Christine Verville said OBE has taught her to organize something that has carried over into other classes.

'This gives me a good feeling bout my future," she said. "It gives me a goal to look forward to. It makes me think maybe I'll be a teacher myself someday."

To adopt OBE district-wide will take a lot, said Tattan. The district will need teachers willing to take a risk and to assume extra work; administrative support; training for teachers; common planning time for teachers working in teams; parental involvement and additional class time

Media attention is focused on the Persian Gulf but a small, committed group of young suburbanites from Wayne and Oakland counties are working hard to make sure people don't forget what's happening in the struggle for independence in Lithuania.

'We wish and pray the world would take notice. We want people to be aware of what's going on (in Lithuania)," said Taura Underys, 31, of Redford Township.

Taura and her husband Vitas, 32, a special education teacher in Farmington Public Schools, along with Dana Petrulis, 25, of Franklin and Linas Orentas, 28, of Redford Township, were among a group of some 250 Americans of Lithuanian descent protesting outside the McNamara Federal Building in downtown Detroit on Jan. 15.

The group was protesting the Soviet army's attack Jan. 13 on unarmed Lithuanians seeking to keep their democratically elected government from toppling.

More than a dozen Lithuanian citizens were killed and more than 100 wounded when Soviet paratroops and tanks moved to take control of the radio and television stations and a television signal tower in Vilnius, the capital, according to U.S. press

Moscow has been pressuring the Baltic republics of Lithuania, Lativia and Estonia to nullify the separatist declarations passed last March by their democratically elected parliaments. The three republics, which were independent states between the world wars, were annexed by the Soviet Union in 1940

The protesters had hoped the demonstration on Jan. 15 - the deadline which the United Nations had set for Iraq to withdraw from Kuwait -

day, Feb. 9, in the Livonia Civic Cen-

ter Library, 32777 Five Mile.

that aggression is going on in other parts of the world. However, events in the Persian Gulf preempted any media exposure the group had hoped to get.

We had hoped the eyes of the world would be on those who had something to say about peace," said Orentas, who helped organize the demonstration.

'Afterall, what's going on in Lithuania and the other Baltic counties is no different than what happened in Kuwait or Tiananmen Square. It's naked aggression on the part of the Soviet Union," said Orentas, who is an engineer at Ford Motor Co

The protest started out as a letterwriting campaign but the group quickly decided that wasn't enough and a rally was organized.

THE DEMONSTRATION was organized by the Detroit Lithuanian Organizations Center, an umbrella agency which includes groups that represent other Baltic and Eastern European nations and of which Orentas is a director

Shoved off the front page when the U.S. went to war with Iraq, the struggle in the Baltic region of the Soviet Union remains of prime importance to local residents of Lithuanian descent.

Although the group hopes and prays for peace in the region it's ultimate goal is independence for Lithuania and freedom for Lithuanians.

Group members continue to lobby Congress and the White House to cut off food aid to the Soviet Union, impose economic sanctions, postpone President George Bush's Feb. 11 summit with Soviet leader Mikhail Gorbachev and recognize the separatist movement in the Baltic states.

The United States never has recognized officially the inclusion of the Baltic states in the Soviet Union. Although none of the members in-

terviewed for this story advocated would serve as a symbolic reminder military action by the United States.

Discussing ways to keep U.S. citizens informed of what's going on in Lithuania are (from left) Linas Orentas of Redford Township, Nata

they don't see any difference between what Iraq did in Kuwait to what is happening the Baltic region.

'It seems ironic but anything said or written about Iraq can be easily applied to what's going on in Lithuania. In any newspaper story, you can plug in Gorbachev for Hussein and Lithuania for Kuwait," said Petrulis, who works at IBM in Plymouth and spent the 1989-90 school year as a guest student at the University of Vilnius

Petrulis returned to the U.S. last July and described the atmosphere in Lithuania as "very tense and electric in a positive sort of way." At that time, Lithuanians were politically optimist said Petrulis

The group is patient and believes economic sanctions can have a major impact.

"THE SOVIET Union is in dire economic straits. Imposing sanctions could really hurt," said Orentas. Group members, however, are disappointed that President Bush hasn't been more forceful in dealing with

has denounced the attacks it has taken a mild line on the troop deployment, according to the protesters. And the administration said it still is planning to hold the summit in the

Soviet Union in February. The protesters say they'll continue their efforts to increase public awareness of the Baltic region's struggle with the central Soviet government

S'craft braces for cuts

Business and women's programs could be curtailed at Schoolcraft College in the wake of Gov. John Engler's proposed budget cuts.

Schoolcraft could lose as much as \$310,000 in state money, with business procurement and displaced homemaker programs in specific danger of closing.

As with all community colleges, Schoolcraft would face a 1 percent cut in general state appropriations, losing an estimated \$80,000.

Cuts still loom as a possiblity even though House Appropriations committee members rejected Engler's budget package Tuesday.

The college's business center stands to lose a \$190,000 state grant - and a matching \$110,000 in federal money - for programs used to promote business in southeast Michigan.

The procurement programs help businesses gain government and overseas contracts. They have helped area businesses secure 2,601 contracts, for a combined \$235 million, since 1985, college officials said.

More than 400 businesses currently use the procurement services, college officials said.

"IF WE could come up with a way to match the federal grant we might still be able to keep going, but it's awfully short notice," college spokeswoman Saundra Florek said

In addition, the Livonia-basedd community college stands to lose a \$40,000 grant for its Women's Resource Center

Roughly one-third of the population experiences some type of sleep problem. Statistics indicate that about half of all of those who have insomnia, the medical term for sleep disturbances, take some type of medicine for the problem at some point in their lives. According to a recent article in Pharmacy Times, physicians write more than 20 million prescriptions each year for hypnotics - sleep medicines.

Nonprescription sleep-aids may be helpful in relieving certain types of insomnia. The Food and Drug Administration (FDA) recently determined that three sleep-aid product ingredients are safe and effective for general use. These ingredients' are doxylamine succinate, diphenhydramine hydrochloride, and diphenhydramine citrate. Alcoholic beverages should be avoided when taking prescription or nonprescription sleep-aids. Before using a sleep-aid consider these suggestions:

· Avoid stimulants such as caffeine and nicotine.

· Avoid daytime naps and heavy meals just prior to bedtime.

Relax prior to bedtime by reading or listening to easy music.

On paper, it looked as if House Democrats rejected Gov. John En-gler's budget revisions Tuesday on a party-line vote.

In fact, some Republicans, too, had problems with Engler's cuts. At week's end, leaders of the three

factions - the executive office, Republican-led Senate and Democratled House - started negotiations on how to close a \$1.1 billion gap in the \$7.4 billion budget.

Less than an hour later, in the

House Appropriations Committee,

Rep. Maxine Berman, D-Southfield,

made almost the identical remark.

"The mental health cuts weren't that

said Berman, a new member of the

DEMOCRATS HAD many objec-

tions - Faxon and Lana Pollack of Ann Arbor criticized arts cuts - but the most often used partisan word

was "mean-spirited." House Speaker Lewis Dodak, D-Montrose, unveiled his broad apmontrose, unveiled his broad ap-proach to finding \$1.1 billion: taking one-third from the budget stabiliza-tion (rainy day) fund; getting one-third from budget cuts; and finding one-third in "short-term strategies" — selling state assets, furloughing employees diving incentions for ear employees, giving incentives for early retirement

Engler's changes, in contrast, showed 10 percent coming from the rainy day fund, 80 percent from budget cuts and 10 percent from short-term strategies.

The Michigan Constitution requires the governor, when revenues appear to be falling short, to make budget cuts and submit them to the appropriations committees in both chambers. The House panel's rejec-tion killed Engler's executive order. The new governor has 30 days to propose a new plan.

SEN. JOE Conroy, D-Flint, an Ap-propriations member, was orally beaten up when he said, "If we were to raise our income tax by 1 percent for one year, we would not have a problem.

Countered Dan DeGrow, R-Port Huron: "A 1 percent increase in the income tax would be overwhelmingly defeated."

Said David Holmes, D-Detroit: "I wouldn't be allowed back in Detroit if I voted for these cuts. As we say in

the labor movement, the governor has gone to an extreme in the hope that he'll wind up in the middle."

Replied Vern Ehlers, R-Grand Rapids: "I have trouble every week-end going home to Grand Rapids. They think all the money goes to De-

Democrats concentrated their fire on Engler's plan to cut General Assistance, a welfare program for adults without children; job training for young adults on GA and AFDC; and mental health layoffs.

Members of UAW Local 6000, representing state employees, rallied on the Capitol steps and packed the House panel meeting rooms to charge that Engler's cuts targeted "the most vulnerable citizens of this state."

THE BUDGET cut process

THE BUDGET cut process is a complicated one. In December, outgoing Gov. James Blanchard and lawmakers agreed on across-the-board cuts of 9.2 percent for most departments. But Engler's Social Services chief, Gerald Miller, argues that blanket cuts would cost the state matching federal grants. "We calculate that gross (state and federal) spending must be reduced by \$450 million in order to achieve (state) general fund savings of \$243 million," he said of one program.

one program. Engler attempted to save federal-ly supported programs such as Aid to Families with Dependent Children and cut state-only programs such as General Assistance and the youth coaservation corps.

Wayne reps get committee posts

Western Wayne County still has no state representative on the House Appropriations Committee, the panel that handles Michigan's \$7.4 billion budget.

And it will have only one member, James Kosteva, on the House Taxation Committee, which will deal with Gov. John Engler's proposed 20 percent property tax reduction.

A fourth-term lawmaker, Kosteva, D-Canton, retained the chair of the Colleges and Universities Committee in the new lineup.

HOUSE SPEAKER Lewis Dodak, D-Montrose, made his committee assignments Tuesday, fully two Compensation Committee. months after Senate majority leader Richard Posthumus, R-Alto, made

Also keeping committee chairs were John Bennett, D-Redford -Corporations and Finance (one panel) and Legislative Retirement; William Keith, D-Garden City - Education; and Justine Barns, D-Westland Senior Citizens and Retirement.

Dodak's action cooled speculation he would wait for the Jan. 31 House vote on a 16 percent pay raise and reward or punish members accordingly. Dodak favors the increase as recommended by the State Officers Development and Energy.

HERE IS the lineup for western Wayne representatives:

• Lyn Bankes, R-Livonia - Colleges and Universities, Education, Urban Affairs. • Barns - Senior Citizens and

Retirement (chair), Economic Development and Energy, Public Health, **Corrections**, Legislative Retirement.

• Bennett - Corporations and Finance (chair), Legislative Retirement (chair), Insurance.

• Keith - Education (chair), Corporations and Finance, Economic

• Kosteva -- Colleges and Universities (chair), Taxation (vice chair), Conservation, Transportation, **Urban Affairs.**

· Gerald Law, R-Plymouth - Insurance, Judiciary, Public Health, State Affairs.

Law is one of the few non-attorneys on the Judiciary Committe which handles civil procedure and some crime bills as well as determining the numbers of judges. The Education and the Colleges

and Universities committees handle policy bills, not money bills. Money matters are handled by the colleges and K-12 subcommittees of the Appropriations committee.

"It's a real Catch-22," Florek said.

Schoolcraft trustees haven't yet discussed the effect of the proposed cuts, or proposed alternatives.

College finances are expected to be discussed during a board workshop Saturday at the Livonia Marriott, but board president Mary Breen said that session was initially scheduled to discuss long range plans

"We're specifically interested in our new building," Breen said, refer-ring to the planned Student Services Center. "The feeling is, we've gone as far as we can for now, so we're looking at what's next."

Expected state grant money for the new building was also at risk, Breen said.

The board workshop is open to the public. It will be held 9 a.m. to noon in Superior Suite 265 at the Mariott, 17100 Laurel Park Drive North.

Hawthorn Center faces cutbacks

Parents fight for funding

Hawthorn Center faces \$1.5 mil-lion in budget cuts as the state seeks to privatize mental health care, but a leading advocate of privatization said he's lobbying the governor to restore the mon

Mettetal It's time to move forward

THILE MOST OF US have been watching the war in Iraq, a border war between Canton and Plymouth has hit an important juncture and we sus-

pect we'll need a peace conference to sort it out. This week the city of Plymouth voted 6-1 to approve a plan to buy Mettetal Airport and operate it jointly with Plymouth Township. This comes much to the chagrin of Canton Township, which sees the action as an invasion by Plymouth.

The move by the Plymouth commission approves the formation of an airport authority that will apply for state grants to buy the airport from a private firm.

Basically, the decision means Mettetal will just don't hold water. stay as it is, a small airport, mostly for recreational flying.

We really can't object to that.

However, we understand that a group of Plymouth area residents will go to court in an effort to stop the purchase. Enough is enough. The airport just isn't worth all the fuss it's creating. Commerce and development in the Plymouth-Canton area isn't going to come to a halt if there isn't an airport, and there won't be a big economic boom if it's purchased.

Faced with government buying Mettetal versus its development as an industrial park, we'd rather have a freeway. Mettetal just isn't that important either way.

BUT BACK TO THE folks who may be filing the suit. They are people who don't want Mettetal to become a tax burden on the community. Well, we suspect that by the time they finish paying the legal fees they'll have paid more than if the airport did become a tax burden.

Another complaint often heard about Mettetal is safety. People would have us believe that planes will be falling from the sky on children on a regular basis. We suspect that driving down Michigan Avenue once a week is more dangerous that standing by the airport for an entire lifetime.

This week the city of Plymouth voted 6-1 to approve a plan to buy Mettetal Airport and operate it jointly with Plymouth Township. This comes much to the chagrin of Canton Township, which sees the action as an invasion by Plymouth.

The arguments against not buying the airport

But it isn't just the folks in Plymouth who are opposed to buying Mettetal. There's Canton Township, where the board and Supervisor Tom Yack have opposed such a purchase on a regular basis.

We just hope the board and Yack can accept the decision and move on. Yack's argument against the proposed purchase is that a government in one community shouldn't be buying property in another. That's pretty thin.

The city of Detroit has owned land in Plymouth Township. But that's not the only example. The city of Dearborn has long owned Camp Dearborn near Milford.

WE COULD UNDERSTAND Yack if Mettetal was one of the last undeveloped tracts of land in the township. But let's face it, there's plenty of land available in Canton.

We think it's time for a peace conference between the city of Plymouth, Plymouth Township and Canton Township. It's a border war that just isn't worth it, especially if it ends up in court. If that happens, the taxpayer will be the big loser.

It's time to accept the decision by the city of Plymouth and Plymouth Township and move forward.

The hard, cold numbers are clear. For most Michigan families over the last 15 years, incomes after inflation are going down while costs of middle-class essentials like college tuition and housing have increased sharply.

Most families are pinched, trying to maintain the kind of life predicted by the American Dream (usually at the cost of two wage earners) while struggling to stave off disaster.

POOR PEOPLE, especially, have had a rough time over the past 15 years

Inflation-adjusted income of the lowest fifth of American families fell by 9 percent from 1973-88, while (perversely) their federal tax bite rose 16 percent over the past 10 years, largely because of increases in Social Security. Lansing must restore arts cuts

Cultural desert

'N TRAUMATIC TIMES, it is critical to keep a grip on our quality of life.

But it appears as if our ability to turn to the arts in Michigan for solace is about to be severely daunted.

Gov. John Engler's proposed budget cuts, if allowed to stand, will devastate the local and statewide arts community. The freeze on the current year's arts grants has panicked those groups, some of which have already committed that money.

Unfortunately, the Michigan Council for the

Arts has only distributed a little over a third of the \$9 million it had awarded to 465 arts groups.

In the Observer & Eccentric area alone, that has an impact on the following organizations: **Birmingham Bloomfield** Art Association; Birmingham Public Schools 'Artists in Schools" program; Chanbrook Academy of Ant; Livo-nia Symphony Orches-

It appears as if our ability to turn to the arts in Michigan for solace is about to be severely daunted.

Also, the Oakland County Cultural Commission; Oakland University's Meadow Brook Music Festival and Theatre; Plymouth Community Arts Council, Southfield Parks and Recreation; Southfield Symphony Orchestra; Troy Schools' "Artist in Residency" program and the Rochester Symphony Orchestra.

And in the metro area, the DIA, DSO, Center for Creative Studies and the Michigan Opera Theatre all will be maimed - not just for the duration of the recession but permanently, according to Engler's office.

Without immediate intervention, the wall that already separates entrenched Detroiters from many of our newest ethnic immigrants could become an unbreachable schism long before "Operation Desert Storm" subsides.

Anyone who doubts this scenario need only remember Detroit's 1967 riot. The damage that event inflicted on both the black and white communities still ripples more than two decades after its bloody completion.

That's why we are encouraged by the effort many public schools in western Wayne and Oakland counties have made in bringing the war, gent one.

Students and teachers have spent countless hours debating the war's merits, voicing their fears about relatives or friends in the military and discussing cultural differences between Arabs, Jews and Americans of other ethnic origin.

The decision by school administrators in Southfield and West Bloomfield to actively promote interaction between ethnically diverse student bodies should be applauded.

But it's also important for other schools even those with few or no Arab-American students - to incorporate such programs into their classroom sessions on the conflict.

Mettetal not a molehill

To the editor:

Since moving to Canton I have al-ways marveled at how often we in Canton receive advice from people, organizations and media in neighboring communities where the issue at hand will have a heavy drain on Canton's tax load but will have little or no adverse effect on neighboring pocketbooks.

Your editorial of Jan. 17, "Mettetal - a mountain out of a molehill." illustrates this viewpoint very nice-

The editorial states that Supervisor Yack is "fiddling around with Mettetal" and that "Mettetal just isn't that important to the future of Canton." You note that for this fiddling around Supervisor Yack could very well lose the election in '92 since a political opponent would use Yack's position on the airport issue as a club against him.

There are some issues over which Supervisor Yack and I disagree. However, this Mettetal Airport issue is not one of them. Let me just briefly cover two reasons why I cannot support a municipally owned Mettetal Airport.

First, a report by the Michigan Department of Transportation covering the Michigan Aviation System Plan, which projects the future for Michigan airports from 1990 to 2010.

The report indicates that Mettetal will be a growth airport - a big growth airport. Among other expansions, Mettetal's runway is projected as being as much as 7,500 feet.

This length would take it - for all practical purposes - up to or just beyond Warren Road. Of course a runway of that length would be able to accommodate larger and more powerful planes. A privately owned airport could not condemn land but a municipally owned airport . . .

Second, Canton has a very topheavy residential tax base. We need more industry to help with our tax load.

The Wayne/Westland and the Van Buren school districts will be financed by current and future industry growth along the Michigan corridor. However, a majority of Canton citizens live within the Plymouth-Canton School District.

A municipally owned airport is not taxed. If Mettetal should remain the

size it is now, then 60 acres will not contribute to the Plymouth-Canton School District. If the airport is expanded to somewhere around 400 acres of prime Canton industrial property, then all those additional acres will come off our tax rolls.

The truth is that if the airport is expanded it will become very prosperous and taxable industry would settle quickly in our neighboring communities. However, our share of this prosperity would be non-tax-

able, industrial-zoned property. Canton trustees, I believe, were elected by Canton residents to represent those residents. Only after Canton's needs are assessed and met should the trustees expand their charitable ways to include neighboring communities. County commissioners and Michigan legislators are charged with the larger picture.

Contrary to your editorial, I believe this ownership of the airport is one of the most important issues for Canton residents since 1972. Many, many times local governments tend to make "mountains out of molehills," but as far as the community of Canton is concerned, this is certainly not one of them.

Living with war sounds again gulf war coverage

WEDNESDAY, JAN. 16. The second-grader and her mother were not feeling well.

They were lying on the couch in the family room, the second-grader watching a "Care Bears" tape, her mother reading a book. I was in the kitchen cooking linguine for dinner.

The Senior was in his room, watching television. He told me about it. The kitchen radio confirmed it.

Soon, the "Care Bears" had been replaced by the voices of reporters and the live sounds of anti-aircraft fire in Baghdad.

The war was on, and we ate our linguine in the family room while we watched it, live and in color.

THURSDAY, JAN. 17. The secondgrader had a slight fever and a sore throat. We decided she should not go to school

I told her she could come to work with me for a couple of hours while I attended to some necessary chores (which included picking up a paycheck), then we'd go home for the rest of the day.

She liked the idea. As we were getting ready to leave, she remembered something.

QUESTION: My son's fourth

she said. "I forgot. Did we veah.' win?

On the way home from work, we stopped at a store to buy valentines. She spent the rest of the afternoon addressing them - never mind that she was a month early.

That night, eating dinner in front of the TV again, we watched reporters in gas masks scurry around a newsroom while Iraqi Scud missiles slammed into Israel.

FRIDAY, JAN. 18. The secondgrader was feeling better and went to school. At work I spent much of the day huddled, with my colleagues, around the one TV set in an adjoin-

ing room, listening to war news. Reports of anti-war demonstrations began sounding like the 1960s revisited.

That night the second-grader went to, a sleep-over at a friend's house across the street. The rest of us had dinner with CNN

SATURDAY, JAN. 19. The secondgrader called about 11 in the morning. The party was over, she said, but she wanted to stay and play for awhile.

The TV reported that Patriot mis-siles were being moved from locations in Europe to new sites in Israel. The war was growing.

About noon the second-grader returned home from her sleep-over.

That night we had pizza for dinner while we watched the war.

SUNDAY, JAN. 20. I went to the local do-it-yourself center to buy wall brackets so I could put up the long-overdue shelves in the secondgrader's room. It took three trips before I got everything I needed.

The second-grader and her mother cleaned her room while The Senior and I tried to create some kind of order in the basement. In the back-

'Not yet.'

'Can I have some more macaroni?

And something to drink?" After she and her mother went to bed, I watched CNN a bit longer. Larry King was interviewing Bernard Shaw and John Holliman, who were back at home after reporting the beginning of the war live from Baghdad.

Then I decided to grind the beans, set the automatic coffee-maker for 6 a.m. and go to bed myself. Tomor-row was Monday and it was back to the old routine.

Only now, the routine once again included the sounds of war.

Thursday, January 24, 1991 O&E

After the first days of news coverage of the Persian Gulf war, we should add a fourth line:

The smallest minds discuss emotions

After the first blush of excitement over Operation Desert Storm, it is apparent that broadcast and press coverage was not the best in history, but some of the worst.

It wasn't because journalists weren't trying to cover the war thoroughly. They worked mightily.

BUT FOR THE first two days, there was little hard news.

TV networks canceled regular programming to give us - what? Three minutes of information per hour and 57 minutes of chatter. Give CNN credit for a temporary scoop when three staffers broadcast the sounds of bombs and anti-aircraft fire from a Baghdad hotel room. But their report was an oral description of a fireworks display. They didn't really know what was going on.

And so the early news stories - in suburban papers, dailies, radio and TV - degenerated into the reporting of emotions.

"Teachers fought back tears." "It's sad this had to happen," said local reports. "Post traumatic stress syndrome," said pop psychologist on

In San Diego, CNN led five service wives to a camera, asked their feelings, and got them to break into tears. Some war news.

"How do you feel? What are your feelings? How do you feel about

One newscaster Saturday brought PBS to an all-time low by babbling how "I, as a mother," viewed gas masks in Israel.

port mere emotions as news: that.

People will burn out - simply tire of war "news." Americans are notorious for short attention spans. We've had that reputation since Civil War days when many enlistees expected to be out in three months.

If you imagine TV did a great job covering the first hours of Desert Shield, think again. A company that peddles tapes of old radio programs has one about the bombing of Pearl Harbor. Nearly 50 years ago, they were reporting hard news as well as today - without the uninformed "feelings" and ignorant junk polls.

some time for inservice experiences after school or during the summer. With the small turnover of teachers occuring today it is most important TEACHERS SEE staff develop-

ment from different perspectives. Many teachers, often high quality professionals, really do not want to be out of the classroom away from their children unless absolutely necessary. However, they accept and cooperate in the hope that the experience will be one they can use back in their classroom.

On the other hand, there are a few teachers who are God's gift to the profession and to think anyone could teach them anything is beyond reason. Conversely, there are a few

teachers who will seek out every inservice experience their principal can be talked into just to get out of class

In talking with you, your situation is one in which the school district took your son's teacher out of class for one day that month. School was closed and, a quality experience was offered.

The other four days were granted to your son's teacher by the principal. Most central offices monitor these out of class experiences very closely. This doesn't seem to be happening in your situation.

You did the right thing by talking to the building principal. Five days out of the classroom, other than for sickness, in one month is ridiculous.

Strangely silent was Covenant for Peace, which for years picketed a Commerce Township defense sub-contractor. No wonder. The Cruise missile, for which Williams International makes engines, has been the technological hero of Desert Storm.

THE LACK of solid news, plus too many hours of broadcast time and news columns, resulted in major fiascos.

One was the false report Jan. 17 that Israel had been hit by nerve gas. Another fiasco was a poll of 520 Michiganians by a Detroit paper revealing that 67 percent thought terrorist attacks were likely here.

Those 348 people had no facts whatsoever to support their opinion. The story reported ignorant emotion as news. It gave cops an excuse to shove us around in the name of "security.

Wars always have generated emotions, but I suspect Desert Storm is the first in history where uninformed emotions have been reported as 'news.'

Fun for kids Actors agree: the play's the thing

IDS IN THE Plymouth-Canton community don't have to travel far to see live drama. Members of the Plymouth branch of the American Association of University Women have been presenting children's plays for a number of years.

Interest in history makes new role a natural

By Julie Brown staff writer

Donna Keough's role as exhibits chairwoman at the Plymouth Historical Museum is a new one, but her interest in history isn't of 1990s vintage

'I've always been interested in history," said Keough, a Canton resident.

She has enjoyed collecting crystal and other items from the Victorian era for a long time, and is pleased to be working at the museum.

"This is just a natural for me. I feel really comfortable about being here

In her new role, Keough will work on exhibits at the museum, which is operated by the Plymouth Historical Society

Keough, museum director Beth Stewart and others are preparing the upcoming Victorian "Tea Time" exhibit featuring teapots, tea caddies, linens, silver and other items used for serving tea.

COMMUNITY INVOLVEMENT

has been a way of life for Keough for years. She and her family have lived in the Plymouth-Canton area since 1968 and used to live in Plymouth Township's Lake Pointe.

Her sons went to Geer when that one-room schoolhouse was used as a regular elementary school for Plymouth-Canton students. In recent years, Keough has been involved in activities of the Geer School Preservation Society.

She's a charter member of that group, which has sponsored fundraising projects to support restoration of the school

We're restoring it back to 1880." Plans are to have fourth graders from the Plymouth-Canton schools spend a week at Geer, learning about school days and life in general in that era. Those involved in the efforts hope to have a small pilot program this spring and officially open the school in fall 1991, Keough said. 'That really took a lot of involve-

ment. It was such an intensive effort that I could only do so much.'

THAT PROJECT is nearing completion so Keough has more time and energy to devote to other efforts.

She has been involved in activities of the Plymouth Symphony League, including the two antique shows that take place each year to raise money for the Plymouth Symphony Orches-

Keough has participated in activities of the Plymouth Community Arts Council. She's a member of the Plymouth Antiquarians, a Questors group involved in the preservation and study of historical landmarks and antiques.

KEOUGH GREW up in Dearborn, graduating from Fordson High School. She studied history at the University of Michigan in Ann Arbor, earning a bachelor's degree in that field. She also received a teaching certificate and has done some graduate work in education, primarily at the U-M in Dearborn.

She taught history and English at Plymouth's Pioneer Middle School before her children were born. Keough's background includes several years teaching in the Southgate schools

After her children were born,

Keough decided to stay at home.

"I felt that was where I wanted to be at that time. I've never regretted it. They're really great kids. Once I had a little more free time, I branched out.

SHE AND her husband, William, have two sons. Shawn, 20, is a junior in the engineering program at the U-M. Shane, 18, is a freshman in preengineering at Michigan State University

William Keough is the technical director for A. Schulman Inc., an international plastics compounder. His work involves serving as liaison between the company and the auto industry. He previously worked for many years at the Ford Motor Co.

Donna Keough has seen many changes in the Plymouth-Canton community since the late 1960s.

Just the amazing growth, particularly in the Canton area, I think."

She has been disappointed to see much of the farmland disappear.

"On the other hand, I love the community.

A lot of creative, innovative people live here, she said.

KEOUGH'S PREDECESSOR as exhibits chairwoman at the museum, Jeanne MacDonald, left when she had an opportunity to teach antique needlework. Keough heard about the opening.

She views the museum's role as being "mainly I think to preserve the history of the community." Visitors, particularly younger students, can

learn to appreciate the past and see evidence of the sacrifices earlier generations made

'It really gives them an appreciation of how difficult it was." That's also true of the program

planned at Geer School, she said. She has enjoyed working with

Beth Stewart and with the many

dedicated Plymouth Historical Society volunteers

'Everybody's been great, patient. I just think we're really lucky to have a museum like this.

KEOUGH, WHOSE favorite leisure-time activities are gardening and collecting antiques, has many

ideas for future exhibits.

Doing something on older country schools is a possibility for this summer and would tie in nicely with the Geer School opening, she said. An exhibit to commemorate the 50th anniversary of U.S. involvement in World War II is planned for late 1991.

Variety show's on tap this weekend at Salem

The annual "Variety Is" student talent show will be presented this weekend. Performances are scheduled for 8 p.m. Friday and Saturday, Jan. 25-26, in the auditorium of Plymouth Salem High School, 46181 Joy, west of Canton Center in Can-

Centennial Educational Park bands will perform under the direction of James Griffith and Glen Ad-sit. The annual event has been held for more than 25 years, said Griffith, CEP's director of bands.

This year, a senior citizen per-formance is planned for the evening of Thursday, Jan. 24, in the Salem auditorium.

Student performing groups, so-

loists, choral groups, instrumental groups and others will perform dur-ing "Variety Is." Tryouts for the va-riety show are held each year for students at Plymouth Canton and

Plymouth Salem high schools. The national championship Marching Band from CEP will be among the featured bands. This will be the last time Marching Band members will play the music from the fall competitive season, and it is also the final performance for many of the high school seniors.

Ticket prices for "Variety Is" are \$3 general admission, \$5 for reserved seating. For reserved seats, call Melanie Notestine, 455-6953, and leave a recorded message.

Couple marks 50th anniversary

James and Eleanor Hornbrook of Plymouth are celebrating their 50th wedding anniversary. The celebration will include a family gathering in mid-February at the Hut Restaurant. In the spring, the couple's chil-dren plan to hold an open house in Plymouth for friends.

James Hornbrook and Eleanor Clark were married Feb. 16, 1941, in Georgia. They have lived in the Plymouth community since 1982.

Their children are: Sherry of Fort Myers, Fla.; Cynthia (Hill) Ferguson of Fort Myers; Barbara (Richard) Williams of Plymouth; Peggy Garbacz of Redford Township; and Jim (Becky) Hornbrook Jr. of South Lyon.

The Hornbrooks also have eight grandchildren and four great-grandchildren.

James Hornbrook has been the owner and chief executive officer of Hanlo Gage & Engineering Co. since 1950.

Their activities and affiliations in-

clude: Holy Cross Church; St. James Episcopal Church; Plum Hollow Country Club; Huron River Hunting & Fishing Club; U.S. Trotting Association; Lost Lake Woods. Jim Hornbrook is a Mason and Shriner.

Both he and his wife attended Redford High School. They lived in Detroit until 1965, moved to Bloomfield Hills and lived there until 1974. They moved to South Lyon and remained in that community until 1982.

People who go on luxury cruises don't usually have to worry about much of anything. Their days are filled with leisurely activities — and plenty of time to enjoy the

ample supply of carefully prepared food. William Kaericher, a junior at Kenyon College in Gambier, Ohio, sailed across the Atlantic under considerably different circumstances. He spent six weeks at sea as part of a Sea Education Association Inc. program. "It's tremendous," said Kaericher, the son of Michael

and Meroe Kaericher of Plymouth. "It's a very difficult thing to describe. It was probably one of the most incredible things I've done in my life."

Kaericher, 20, had sailed some small sailboats but hadn't participated in anything comparable to the program sponsored by the SEA, a non-profit educational organization based in Woods Hole, Mass. Friends of his had gone on the expeditions

'I became interested in it through that," he said.

HE AND ABOUT 20 other students spent six weeks at sea learning about marine science. They sailed the 137foot research sailing vessel across the Atlantic.

The group set sail from Lisbon, Portugal, in late November. Their weeks aboard the SSV Corwith Cramer included one brief port stop and ended in St. Thomas, the U.S. Virgin Islands in early January.

College classmate of Kaericher's also sailed on the Corwith Cramer. Students from many colleges and universities sign up for the program, and not all are majoring in scientific fields. Kaericher is a history major. "T'm interested in biology." Oceanography's such a young science, and it's rewarding to explore a part of the world about which relatively little is known.

"It's just a very unusual experience. I think there was just some sort of calling to the ocean."

THE WORLD as a whole has been populated by people traveling on the seas, he said.

He and other students did scientific research while at sea. They had microscopes, computers, chemical analysis equipment and other essentials available on the sailing vessel. Students were able to use nets to conduct tows during the day and night, allowing them to study different organisms in the ocean.

The students and approximately 10 crew members also had to find room for food and other necessities on the vessel. They bought a lot of fresh fruit and vegetables in Lisbon, but ran out about halfway across, he said.

"There's just no way you could carry enough." Students and crew members didn't go hungry; they ate more canned foods after they ran out of fresh foods.

Living quarters on the vessel weren't really all that crowded

'Actually, it wasn't," said Kaericher, who's a runner The program also included six weeks of academic on the track team at his college. "Our sailboat was

> Students had responsibilities on deck and in the engine room, standing watches to take care of the vessel's around-the-clock workings. Kaericher would like to work as a deckhand for the SEA program after graduating from college.

"School's got to get finished first."

William Kaericher of Plymouth was among college students who recently sailed across the

the voyage. "They were nervous, because it's a long trip," said

Kaericher, who spent his high school years in Brazil when his father's work with the Ford Motor Co. took the family to that country. His parents thought the program would be beneficial and supported his decision to sign up. Kaericher and the other students first flew to Lisbon.

At the end of the journey, he flew up to Florida and then drove back to Ohio.

tries, but the Sea Education Association program is more unusual, he said.

'It gives you a lot of time for introspection."

Students who participate become more self-confident, he said. By the end of the program, they're pretty much sailing the vessel all by themselves.

For more information on Sea Education Association programs, write to the organization at P.O. Box 6, Woods Hole, Mass. 02543, or call (508) 540-3954. 'Oh, definitely. It's the most amazing thing that I think College credit is available for program participants.

On his arrival at Village Presbyte-rian Church in Redford, the Rev. Paul Bousquette looks like he could use some waders and a strong net. Like, for one, the aquarium in Bousquette's office. Water fills the glass tank, but there's no fish.

Serence 1

"Hopefully, I'll get to that this week," Bousquette said.

The other, and perhaps more im-portant, is lack of people in the con-gregation, especially younger families. Bousquette has arrived as new pastor to lure them.

Village Presbyterian recently celebrated its 100th anniversary. Yet the venerable institution on Six Mile Road has not been immune to the ills affecting other mainline denominations.

'I don't think I would have taken the pastorship if there wasn't a challenge involved.' -Rev. Paul Bousquette

Village Presbyterian Church Today, the congregation today numbers 300. That compares with a membership of 800 some 20 years

The receding number at services is attributable to a national trend. Part of it, though, might be the im-age of Village Presbyterian Church. "A lot of people think this is a church of older people because the

Village (retirement area) is right behind us," Bousquette said. ". . . but that's not what we're about. We have a lot of young people who attend our services.

At least 40 percent of the congregation is 50 or younger. Which is not a lot considering the high number of young families living in Redford Township.

BOUSQUETTE, 34, arrived in November from Second Presbyterian Church in Richmond, Ind., to facilitate the transition.

For one, the pastor wants to add new programs designed for young couples.

On Feb. 14, a parenting seminar will be offered at Village Presbyteri-an. The program is headed by Judy Cox of WISE Mothers Inc.

Already, the church has a strong youth program established. The group meets on Thursday nights.

In the future, Bousquette would like to see the church membership become more involved in evangelis tic programs. Perhaps even open a mission to help the poor, something similar to what he was involved in at Second Presbyterian Church.

At this point, those are pipe dreams. Bousquette is busy ministering to a congregation that has been without a full-time pastor for nearly a year. The Revs. Carol Gregg and Charles McCloskey filled in on an interim basis

What I found first and foremost at the congregation is they need pas-toral care," he said. His style is different.

At Sunday services, Bousquette will come off the pulpit and talk with the congregation. He doesn't speak in grand "fire and brimstone" oratorical tones. Instead, Bousquette tries to be more reflective.

He just wants to be "one of the guys," which might fly in the face of a congregation known more for tradition.

"THEY'RE NOT used to it yet," he said, "but they're coming around.'

The church's Pastoral Nominating Committee liked Bousquette's ministering. The contingent attended a

service where he was a guest speak-er at Littlefield Presbyterian Church before deciding on asking Bousquette to join.

"He's very, good on the pulpit," said Harry Simon of Redford, who was on the committee. "He's relaxed. He preaches on the Bible. His sermons are well-planned.

"He seems to have a lot of good ideas. We're trying to build up our membership and I think he's the one who can do the job."

Bousquette's arrival is a home-coming of sorts. Bousquette is a na-tive of Sterling Heights. He was majoring in Forestry at Michigan State University before getting "the call" and transferring to Sterling College in Sterling, Kan.

Bousquette completed his gradu-ate studies at Louisville Presbyterian Theological Seminary. He was ordained in 1985.

Second Presbyterian was his first assignment where he was quite involved in mission work. His task at Village Presbyterian is to make a longstanding church vital once again.

"I like a challenge," he said. "I don't think I would have taken the pastorship if there wasn't a challenge involved."

Thursday, January 24, 1991 O&E

The Rev. Paul Bousquette, wife Sandy and the couple's two sons arrived at Village Presbyterian Church in Redford last November. He previously served at a church in Richmond, Ind.

God's love can help to drive away our fears

world. There are many things that are happening in people's lives that cause them to feel afraid. Fear is a feeling. Fear is also a reality. Fear can be felt as a trembling of the body. Fear can be felt as tears of sorrow. Fear can be a dread and even terror.

A young man told me of his fear of going into battle in Vietnam. He was terrified. His body was not functioning normally. Finally he was afraid to be afraid. He was ashamed of his fear. The scars of this awful experience still linger.

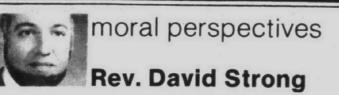

Even in this relatively secure society, fears seem to grow. There are fears of job loss, fears of recession or higher inflation. Disease strikes someone we love. Those who live on the margins of life, the poor, the old, the incapacitated, may well

There is much to fear in the fear social welfare cuts. Mothers and fathers fear the impact of drug use in their family. Fears grow upon other fears.

> A VOICE from an ancient time tells us "There is no fear in love. Complete love casts out fear." This Scripture passage from I John rings in my mind.

> Only love can help us with our fear. A person who cares enough to listen to us can help us. A person who assures us that there is care, support, love for us when we fear, this helps. Sometimes it takes physical touch to help us face our fears.

The voice from ancient times speaks of something more than human help. This voice says to us that it is God's love which makes the difference. It casts out fear. If we know that God's love is certain,

never ending, we are strengthened. If God's love is very real inside a person, their fear will diminish.

The voice from the past tells us that God's love is far greater, more powerful than we imagine it to be. If God's impact upon life is this great, our fear has in fact become smaller.

This voice from the past is not suggesting that we ignore this

IN THIS TIME, our capacity to love needs to be enlarged. We need to be able to love in trans-personal and world scale terms. We need to reach out and claim those sources of strength and God-given love which are available.

Shakespeare's words come to mind: "He scoffs at fear who never felt a wound." Our wounds, our pain, our cause for fear can be a source of strength if we have found a way to overcome.

Many have recently celebrated the birthday of Martin Luther King. We have been taught by the wounds, the pain and the sacrifice of this man. It is easy to criticize a life as not absolutely perfect. But this man, through his own pain, through the pain of his people and his country has taught us something.

It is possible to overcome our

fear and carry on with the important task. It is possible to gain strength, and overcome if we seek, over and over again the depth of that love that casts out fear.

*58

These are great days in which to live. In the smoke and folly of humankind, love and the deeds of love can make a difference. However we draw upon this resource, our world needs it more than ever before.

Do you agree with Arnold Toynbee who says: "Love is the ultimate force that makes for the saving choice of life and good against the damning choice of death and evil"?

The Rev. David T. Strong is pastor of Central United Methodist Church in Detroit.

Carol Hay, who counsels small businesses on public relations and advertising, finds that approaches like fliers, direct mail and

church bulletins often are effective communications strategies.

Advisers busy during recession

By Doug Funke staff writer

You hear that economic times are worsening on the business front by talking with people like Carol Hay, Kenneth Posner, James Maiani and Don Wertman.

Hay, a consultant with Universal Software Solutions of Canton, specializes in advertising and promotions for smaller businesses

Posner, a lawyer in Troy, represents both landlords and tenants in various matters including bankrupt-

gone over elementary-type things," she said. "We go over who the client is, identify customer profile, who they are, where they live, why they buy from your competitor.'

Promotions don't have to be costly, she said. Fliers, direct mail and church bulletins are relatively cost effective

"Small businesses don't have as much play as to how much they can take home or ride through on," Hay said. "A 10-percent decrease to them is phenomenal. It could kill them."

COMMUNICATION IS the key to a good business relationship, attorney Posner said, especially when the

And Posner's current view of the economy? "If this isn't a recession, I don't know what is.'

The behavior of business users now is typical of a recession, said computer consultant Maiani.

"WE ARE VERY busy on custom programs now. There's three months of work out there. Companies will lay off people and come to us to get services done. We are not busy at all selling hardware."

Wertman, who provides software specialists to mid-sized businesses on a temporary, as-needed basis, elaborated.

Investing in war risky

By Doug Funke staff writer

Interested in making a quick killing in the stock markets with war raging in the Middle East? Forget it, said several profes-

sionals in the brokerage business. Speculation isn't highly regarded as a suitable strategy for most investors even under much more stable international circum-

stances, they said. Besides, the entire investment community had five months to gauge potential profits of defense contractors during the U.S. military build-up in the Middle East.

Speculating now almost would be like closing the barn door after the horse has run away.

'We're not really interested in trading accounts," said Craig Fleming, Plymouth branch manager at Prescott, Ball & Turben. "It's too difficult a game to play and constantly be a winner.

'The winners I've seen are people who bought quality, held on for the most part and ignored short-term trends," Fleming add-

DEAN GULIS, research director for Roney and Co. was more blunt in his assessment of people who want to play investment roulette with military industrial companies now

'Good luck," he said.

Since the United States attacked Iraq Jan. 16, stocks have soared and the price of gold and oil has dropped - all contrary to what might have been expected to happen in that war situation, Gulis said.

So what's an investor to buy? Companies that cater to ongoing needs of consumers, analysts agree.

We would focus on defensive

issues in an economic sense, not where demand patmilitary terns are not likely to be disrupted by war or (economic) uncertainty," Gulis said.

Specific companies that would get a look from Gulis include Philip Morris, Anheuser Busch, Johnson & Johnson and Kmart.

"THOSE WOULD be core positions we would build around," he said. "In general, we would stay with the highest quality companies.

Stocks of defense contractors haven't really been in vogue since the fall of communism in Eastern Europe more than a year ago, analysts said.

'Stocks we're recommending now that war is in progress aren't much different than a few months ago if there weren't a war situation," Fleming said. "We're not involved in short-term strategy. We're looking at two to five years or longer.'

Consumer-type companies on Prescott's buy list include Ameritech, Disney, Bristol-Myers and Waste Management.

"A lot of stocks we'd like to own and our clients to own are much more favorably priced thanks to Saddam Hussein than they may have been a few months ago," Fleming said.

Mark A. Calice, Troy branch manager at First of Michigan. exceed that most investors would better with a long-term strategy than speculating on war.

"THE MOOD of the investor today is defensive - things they need regardless of war or move ment of the economy," he said. 'Health care is an ever-expanding area. Utility stocks, food supply companies. Something that's an on-going requirement . . . a renewable demand."

*10

Sysco, a food supplier, Handleman, a video distributor, Entertainment Publications and Blockbuster Video would get a look from Calice.

'Uncertainties of war and financial problems of banks have created a tremendous opportunity for longer-sighted investors," Calice said. "(Stock) prices are at a tremendous discount from what they were a year ago, six months ago.

But what of defense issues, specifically?

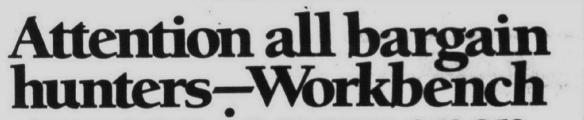

"I don't think they're overpriced," Calice said. "Additional gain depends on the outcome of the war and the rebuilding that needs to be done.

McDonnell Douglas, a major defense contractor, was mentioned by Calice as a possible speculative buy.

'Sixty-six percent of sales are to the U.S. government, 20 percent to foreign countries," he said. "I'm willing to bet the government's not going to let them go broke.

Raytheon, listed on the N.Y. Stock Exchange, manufactures the Patriot anti-missile missiles which have proven to be effective against Iraq's SCUD missiles, Gulis said.

"If you knew a week ago they would be effective and bought then, you got a very good buy," he said. "Now, everybody knows about it. It's kind of late in the game.

Their observations give some insight into where businesses go wrong - as well as right - when the good times stop rolling.

For example, the start of a downturn is the absolute worst time for a small business to cut back on promotional activities, Hay maintained. Unfortunately, many do just that.

"PEOPLE'S ATTENTION span is pretty short." she said. "Consumers aren't loyal to the places where they buy. They go for the best price or the latest name on the brain.

"In recessionary times, people hold back. They're scared. You have to keep your name out there, keep promoting in good or bad times.

Hay has worked with smaller business - dry cleaners, carpet cleaners, electricians, specialty stores and other consultants. Most have been in business two to eight years when they seek her services.

'They have never sat down and

my be s to "The most important thing in the

people. After they lay people off, they need something done. We go in tenant/landlord area in a recession for a month or so and they say goodis to keep in contact with each other bye. They can get rid of us quick. and share information," he said. "If 'It's the old story - when you you get to a problem early, you can

hire someone, you make a commitment, his medical (benefits)," Wertman said. "When you hire us, you pay one fee and don't get involved in all that stuff." Also, budgets can more easily accommodate temporaries than full-time personnel, he said.

"In my experience, they're doing what they have to do," Maiani said. "They have to cut costs somewhere. They stay in business.

But the long-term picture often is ignored in both good times and bad, he added.

'Small businesses, when things are busy, don't seem to take the time to upgrade or automate functions they should be automating," Maiani said. "During a recession, when things are slow, they should take the time to go ahead and spend a few dollars. But they don't.

"Small business owners can't see past their noses in some instances. They can't see the long term.

Athens graduate hosts **PBS** business program

By Gerald Frawley staff writer

Cassie Seifert likes to give people the business

But then, that's her new job. Since Jan. 6, Seifert, a Troy Athens High School graduate with family members still in the area, is the new co-anchor of the Nightly **Business Report** - the business and economic news broadcast that's been called television's answer to the Wall Street Journal.

"I would have to say this is the big leagues," Seifert said. "We have more viewers than any other business news program, and the Nightly Business Report (which appears on 260 public broadcasting stations across the country) is one of the most respected business shows on television.

"As far as business on television is concerned - this is it," Seifert said. Seifert's becoming co-anchor is part of the program's overall re-

vamping that includes a more visible presence in New York, new bureaus

in Chicago and Los Angeles to provide more regionalized business coverage, and new technology to meet viewer's information needs in an increasingly global economy

Seifert, 28, is quite naturally elated at the opportunity to be a co-anchor on a national business news team. "Sometimes - even when I'm caught up in something important and my mind's on other things, I get a warm feeling and just have to smile.

STEPPING INTO a national anchor's seat could be a daunting experience, but she hasn't allowed herself the time to stop and think about it, Seifert said. "I appreciate the fact this doesn't happen every day.

"I am proud of myself - I worked very hard to get where I am, but there was also some luck involved," Seifert admits. "It's an absolute thrill for me, but I can't allow myself to get giddy aboutit."

Seifert said she concentrates on achieving a balance between sophistication and information in her

Cassie Seifert business news anchor

broadcasts. Although achieving balance is never easy, it helps her to remember what she learned in Journalism 101 in college: "You should never underestimate the intelligence of your audience, but never overestimate the amount of information they have.

In addition to being fun and challenging, being an anchor is an enormous amount of work. "Typical day" doesn't exist in broadcast anchors' vocabulary, Seifert said, but there is a basic framework.

The average work day usually starts with a 9 a.m. telephone con-ference with the anchors and executive producers. After the morning meetings, Seifert has time to work on the other aspect of her job - reporting.

Being co-anchor may not have appealed to her if it weren't for the fact she would be able to continue reporting, Seifert said. "I don't know if I would have accepted it otherwise.

At 4 p.m., Seifert switches back to the anchor mode and begins writing the script and going over the stories for that evening's newscast with her producers.

The Nightly Business Report is sent live over the public broadcasting system satellite at 6:30 p.m. (some stations like Channel 56 tape it and show it later in the evening).

After the broadcast, anchors, reporters and production staffers begin planning for the next day's program or continue to work on breaking stories. If a story develops further, it is possible to send updated reports to be inserted in areas where the Nightly Business Report is shown later.

BUT THEN, Seifert knew about the workload before accepting the job.

"I like to challenge myself," she said, adding she couldn't have hoped for a bigger challenge than anchoring the Nightly Business Report. "For the next six months to a year, I intend to really focus on being an anchor - I want to be really good at it

That includes, she added, sinking her teeth into financial news reporting in a big way. "I'm probably best at reporting small business news and retail news.

"Being in New York, the financial capital of the country, will mean learning a whole new world," Seifert said.

Learning a new world is nothing new for Seifert.

After graduating from Troy Athens, Seifert attended the American University in Washington, D.C., where she received a bachelor's degree in communications. She is completing a master's degree in ethics at Georgetown University. After graduation, Seifert worked

on the production staff at CBS morning News and CBS News Nightwatch in New York, and - as a writer and

producer - completed freelance assignments with National Public Radio, Cable News Network, and the **Public Broadcasting Service.**

Immediately prior to coming on as anchor for Nightly Business Report, Seifert was a correspondent for BizNet, a Washington D.C.-based organization that provides business news services to various television programs throughout the country.

At BizNet, Seifert worked as a correspondent for First Business, a syndicated half-hour business news program; served as a news break editor, reporter and field producer for Nation's Business Today, ESPN's live, two-hour morning newscast; and served as substitute host for Ask Washington, a daily hour-long talk show on cable's the Learning Channel.

Seifert never applied for an anchor position on Nightly Business Report. While working at BizNet, Seifert sent out a letter to Nightly Business Report executive producer Linda O'Bryon expressing an interest in a position with the program.

"The next thing I knew, they called me and told me to come in for an interview," she said. It wasn't until the meeting she found out she was interviewing for a co-anchor spot.

Seifert said she was attracted to the Nightly Business Report because even though it's been on the air since 1979 it is a progressive, growing show.

"It's a solid, consistent place to work, but that doesn't mean it's not going anywhere. It's not a static broadcast - it's expanding, it's vibrant," Seifert said.

"I was excited and flattered a broadcast like National Business Report would invite me to be part of it." she said. "I have a lot to live up to and intend to give it my all."

The Nightly Business Report (seen locally on Channel 56 WTVS at 7 p.m.) provides breaking business news, analysis, market updates, corporate profiles, features and regular commentary.

Sex doesn't sell cars, marketing folks have decided

Events in the Mideast have dimin-ished, if not eliminated altogether, attention to events of leaser signifi-cance that otherwise might have deserved our attention.

OK, so maybe even if there hadn't been a war, not too many people would have noticed Ford and Chevy's apparent threat to a fine old tradition at the North American International Auto Show - namely, the substitution of actors in so-called "real life" situations posing along-side cars on display, rather than the blatantly sexist habit of past years of having nice-looking young women ride the turntables.

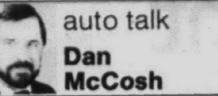

The theory behind this is that peo-ple are tired of looking at nice-look-

ing young women wearing about sev-en hundred bucks of clothes and would rather see articulate couples wearing, for example, a tweedy suit that goes well with a station wagon.

Frankly, if the people responsible for marketing cars really believe this, the auto business is in worse trouble than I thought.

ONE OF THE ironies to all this is that the "new" North American International Auto Show is supposed to be a "European"-style event. Does anybody at Ford or Chevy really think they do this kind of thing in Paris?

Actually, they have been carried away a bit at some of the European

shows in the past, particularly in England, where it was necessary a few years ago to insist that all models be clothed. I won't explain why.

Of course, some people who read this (my wife, for one) will accuse me of a prurient interest that exceeds my considerable fascination with cars. The flaw in this reasoning

is that every time I bring my wife to the auto show, she spends considerably more time appraising the young women and their clothes than the cars, while I am mainly interested in horsepower ratings and so forth.

OK, so she never bought that one either

Regardless, I always figured the

"irrelevant" models were at the show to add touch of glamour. This is hardly irrelevant to a business that survives on the eternal myth. represented by an expensive car -which, after all, doesn't get you to work any faster than a blackwall special.

Thursday, January 24, 1991 O&E

Obviously, the models on the turntable don't go with the car - but the fantasy does, and along with it the suppressed hope that someone similar might be impressed by this fine set of wheels.

Instead, we get this notion that a tweedy suit is somehow a more 'honest" representation of a new car something the potential customer

can identify with.

Recently John Jones, one of the long-time readers of my column, came into, some money (approximately \$1 million). When we got together to discuss the currently available investment opportunities, he had all but decided to invest the entire sum in T-Bills.

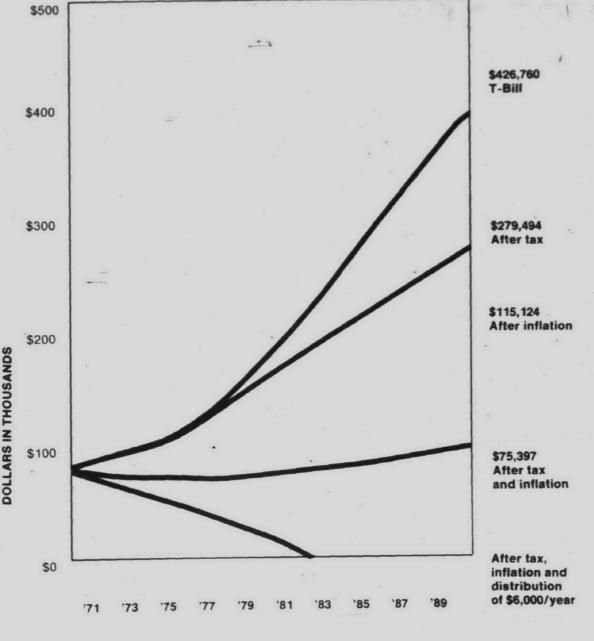

"Why shouldn't I take that route," he argued, "since this investment is safe, solid, guaranteed, and hasslefree?'

Jones was right, but only partially. Risk has many faces, and it is unwise to make firm decisions about investing large sums of money without a proper understanding of the complicated risk-reward model.

During the course of our discussion, I presented to Mr. Jones the accompanying chart, which I use in my graduate-level investments course at Oakland University. The chart reveals the following facts:

• If you invested \$100,000 in T-Bills in 1971, by the end of 1989 you will have accumulated \$426,760, ignoring taxes and inflation.

· When adjusted for taxes and inflation, your \$100,000 would be worth \$75,397 in 1989.

Home business

demands talent

No longer thought of as merely seeking some "temporary diversion" to offset the responsibilities of raising children, these working mothers are proving that it is possible to have the best of both worlds while earning extra income in the process.

IN A recent article appearing in Focus on the Family magazine, author Cheri Fuller says that starting your own home-based business begins with assessing your strengths and skills

Barbara Brabek, author of "Homemade Money" and the newsletter National Home Business Report, agrees with Fuller, saying, "one passionate interest could be turned into a business."

Among those talents that have been pursued by women at home include teaching cooking, music or art, designing and manufacturing accessory-items such as jewelry, headbands and T-shirts, gardening fresh and dried herb products, custom sewing, baking birthday cakes

TO HELP identify good ideas for a home-based business, consider the talents or skills that others have consistently complimented

you on in the past. For example, your having been recognized as an outstanding organizer, letter-writer or furniture refinisher may be just the confirmation, needed to transform a specific talent into a money-making venture.

Beyond processing the necessary skills to make a go of your business idea, take time to analyze your own personal characteristics.

Can you set up and follow your own schedules and deadlines? How much money can you invest in a business? Is your spouse and family supportive?

Getting the answers to these and other related questions will help determine if you can do it alone or should consider one or more partners with whom you can share your business vision.

ONCE YOUR have decided on the type of business you are best suited to pursue, Fuller says it is important to learn all you can about the field.

'Successful home workers say that after defining their business interest, they went to the library and read as much as possible about the field," Fuller said.

How to win at the numbers game.

he game is newspaper advertising - and the rules are changing. Rates are up in the Detroit News and Free Press. Suburban circulation is down. And all around town, advertisers are wondering what numbers to trust and where to place their media dollars. What should you do?

Beware of smoke and mirrors.

Right now, the News and Free Press circulation is unstable at best. On the other hand, SPRING's network of 39 Detroit suburban newspapers delivers to more than 500,000 households -and that's a real number. How do we know? All SPRING

newspapers are audited. Every year, the circulation figures for each SPRING newspaper are verified by either CAC or ABC-two of the industry's

most highly-respected independent auditors. No slippery stuff here. SPRING's numbers are tested. tried, and true.

Place your bet on SPRING.

Once you've studied the numbers. we're sure you'll agree: SPRING is a sure winner.

SPRING's circulation is solid and stable. It's audited. And it represents more than one million readers who have the means to buy what vou sell.

No matter how you figure it - those are ... very good odds, indeed.

See what's behind the numbers.

OK - so dazzling numbers can be misleading. And, when it comes to newspaper circulation figures, you want more than quantity. You want quality. We've got it. SPRING's one million readers are some of the most affluent consumers around. SPRING newspapers go to suburbs with the spending power to buy more cars, condos, boats, bikes, appliances, apparel, gizmos, and gadgets than most other Michigan communities combined.

Best of all, SPRING delivers this upscale suburban market at a lower cost per thousand than either the News or the Free Press.

Boogie woogie Bob Seeley 'an American master'

By Stewart Francke special writer

T IS PROSAIC ENVIRONS for an American master - the piano tucked in the bowed, darkish cranny of the long bar; a promotional glossy and sign hanging just above the piano, reading "Appearing Tonight, Bob See-

ley." The pianist recently celebrated 18 Charley's years of performing at Charley's Crab - 15 years in Troy and three years before that at the old Charley's Crab in Pine Lake.

Seeley, small, meticulous and youthful-appearing in his late 50s, begins pounding out Meade Lux Lewis' "Honky Tonk Train Blues," an effulgent piece of boogie woogie piano. The tempo builds and trans-fers, the thundering left hand playing a rolling four to the bar, alone a mountainous rhythm section. The extended musical images of Seeley's forms - boogie woogie, stride and ragtime - capture perfectly the sounds, motion and emotional transitions of a developing America - in this case, an early steam train.

Seeley, a white master of these black American jazz forms, is no ordinary lounge act. If you do hear "Misty," it's gonna jump.

The Birmingham resident plays five nights a week, 7-11 p.m., at Charley's Crab, with little disillusionment or untended ambitions. He is happy to play. "This is good here," he says, "real good clientele. You don't get the bowling shirt crowd that keeps telling you over and over to play a song you don't know."

IN ADDITION to his house gig at Charley's Crab, Seeley plays ragtime, jazz and blues festivals throughout the country. Classically trained, Seeley can also plays the works of Beethoven, Rachmaninoff and Debussy, through his passion lies in the jazz and blues forms.

He has recorded only once, the result being "Boogie Woogie and

JIM RIDER/staff photographer

Bob Seeley of Birmingham has been playing for 18 years at Charley's Crab.

"As far as recording for a label," Seeley says, "maybe I'll look into that. I feel that if you concern yourself too much with the music business, then the business of music goes out the window. I just play."

anofest. He recently was sought out by Rolling Stones keyboardist Chuck Leavell who, after hearing Seeley, wrote a laudatory article in' Musician magazine around him. His recently was cited in a bookval Thursday-Saturday, March 7-9, in Paris.

It was at a post-concert house party in Detroit that Seeley, then a skinny kid learning piano licks off records, gained a friendship with the legendary boogie pianist Meade Lux Lewis. Lewis had invited the autograph-seeking Seeley and some friends back to the party. Seeley arrived before Lewis and was persuaded to play some piano. He was charging through Lewis' "Chicago Flyer" when Lewis finally appeared.

Initially impressed with Seeley's playing of the technically difficult piece, Lewis and Seeley enjoyed a close friendship until Lewis' death in 1964. The vagaries of being a boogie woogie musician were evident in Lewis' life. "Lux Lewis used to blow my mind," Seeley recalls. "He'd sell out the Embers in New York and go back to L.A. and play in the corner

THE HISTORY of boogie woogie is confused, romantic and brief. As jazz splintered into the progressive and traditional camps, boogie woogie, with its walking left-hand bass and stomping, climactic structure, deeply influenced the seminal rock 'n' roll of Little Richard, Jerry Lee Lewis and others

Boogie woogie was intensely popular for a short time in the '30s, but only a handful of pianists - Albert Ammons, Pete Johnson, Lewis and Jimmy Yancey - continued with it. "Commercial interests got ahold of it and watered it down," Seeley says. "Pretty soon it was very elementary and people lost touch with the real item. It didn't have the impact and the power. Guys like Meade kept playing it, I kept playing it, and now there are quite a lot of people around who like it."

Today, however, boogie woogie is almost unanimously performed by whites. "Fact of the matter," Seeley says, "is that white people now listen

Pizza winners

Danny Raskin, columnist for the Jewish News, won first place in the America's Pizza Cafe recent second annual "Celebrity Gourmet Pizza-Making Contest." Second place went to Dan Mountney, news anchor for WDIV-TV, Channel 4.

Raskin made "La Pizza Latina," which he translates as "The Real Italian," with bocconcini (buffalo) mozzarella, garlic, olive oil, plum tomatoes, oregano, fresh basil, capers, black olives, salt and pepper. His pizza will be sold Friday, Jan. 25, through Sunday, Feb. 3, at Little Caesars owner Mike Ilitch's two America Pizza Cafe locations - in the Fox Theatre Building on Woodward Avenue in downtown Detroit and at 10 Mile and Telegraph roads in Southfield.

His pizza was Philadelphia Cheesesteak Pizza, with strips of round steak, swiss cheese, sauteed green peppers, onions and mush-rooms. This will be on the menu at both restaurants Sunday, Feb. 3,

Thursday, January 24, 1991 O&E

Raskin selected Variety - the Children's Charity and Mountney chose the Salvation Army.

Among contest participants was Ethel Simmons, food editor for the Observer & Eccentric Newspapers, who made an Exotic Mushroom Pizza with five kinds of mushrooms (shiitake, oyster, straw, porcini and

morel) and red and green peppers. Last year's co-winners, Bob Talbert of the Detroit Free Press and Bernie Smilovitz of WDIV-TV, served as special judges, along with Jack McCarthy of WJBK-TV, Channel 2. Talbert and Smilovitz helped raise \$8,000 for favorite charities, from their pizza sales.

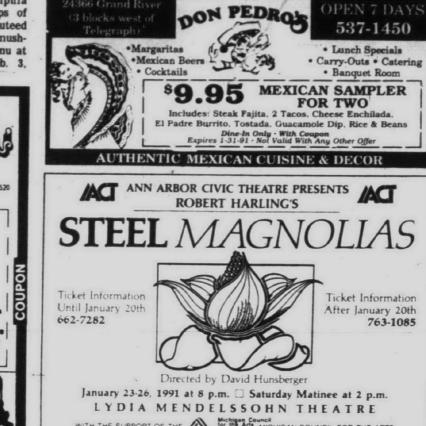

Tea ritual

OCONUT Grove guidebook author Jean-Pierre Haynes calls them "come-overs, stay-overs and wheneyes." The come-overs are ivy league transplants in Gucci sweatclothes, biking the brick streets, eating yogurt ice "cream or sipping beer at the sidewalk cafes.

The stay-overs have been in Coconut Grove long enough to be season ticket holders of the Coconut Grove Playhouse, to remember when there were no sidewalk cafes and when all the phone numbers began with the word Highland. But it is the when-eyes that connect us to the mansions of the "old grove," the opulence of Vizcaya and the history of a town that was the biggest in south Florida when Miami was only an army post.

According to Haynes: They start every sentence with, When I . . . "For example, "When I was young . . . ' or 'When I first met . . .'

"The when-eyes also know that the most infamous day in history was Sept. 2, 1925, the day the city of Miami annexed the grove despite the near unanimous opposition of the residents."

You may not have heard much of Coconut Grove recently, but it is one of three Miami suburbs of special interest to travelers daytripping or overnighting in the city.

The other two are the restored Art Deco district of Miami Beach, where people once more sit in the sun outside of small pink and yellow hotels, and Key Biscayne, where you can frolic on park beaches within sight of the city skyline.

I overnighted in Coconut Grove recently, unexpectedly wrapped in the luxury of the Grand Bay Hotel, the only five-star hotel in Miami and one of only 11 in the U.S.

The concierge gave me a map marked in the appropriate places: The art deco Miami

city hall nestled in palm trees against the sea; the Chamber of Commerce in Peacock Park, where McFarland Road turns north towards Main Street and "the village;" several sidewalk cafes; the Barnacle state historic site; the big Mayfair shopping complex; and a store called the Book Worm.

I thumbed several guidebooks and settled on one called Cocoanut Grove by Jean-Pierre Haynes, \$12.95. No, the spelling of the title is not a misprint. That's what Dr. Horace Porter called it when he named the post office after the cocoanut trees he planted here in 1873.

The Indians called it Little Hunting

Ground. Pirates moored their ships in Sailboat Bay. Bahamian seamen lured ships to their death on the reef nearby, and the Peacock family built a hotel that lured wealthy families from the north.

I was there on a Saturday, when the Chamber of Commerce was closed, but the sidewalk cafes were already serving coffee and Perrier on the few blocks of Main Highway that anchor "the village." I joined a lot of people eating breakfast outside the tiny Cafe Terrace and got some local lore from tablemates who drive 25 miles from Hollywood, Fla., every weekend with their bikes on the roof. MICKY JONES

They have often visited the opulent villa and gardens at Vizcaya, built in 16th-century style by farm equipment industrialist James Deering, and now the biggest tourist attraction in Coconut Grove. They also like to tour the streets around the "old grove" mansions and sit in sidewalk cafes and watch the town's busy young tourist life. The come-overs are here in their designer

The come-overs are here in their designer sweats. The stay-overs are biking and walking the brick streets. Most all the weekend tourists are buying from the expensive shops and sitting together in the sun at the sidewalk cafes.

I followed the low stone wall, made long

You may not have heard much of Coconut Grove recently, but it is one of three Miami suburbs of special interest to travelers.

ago with chunks of coral, that surrounds old mansions hidden in trees along Main Street. I peered through what looked like rifle ports in the wall and saw jungle, sometimes a forest made only of a single tree that had divided into a dozen trunks and was trying to climb over the wall into the street.

I turned away from the street life at a sign that read "Barnacle historic site" and found myself on a buggy trail that curved through jungle arches, made as the trees dropped their branches across the path.

The old trees led me out of the world of Ralph Lauren into the world of Ralph Middleton Munroe, the most important early settler, whose 19th century wooden house looks across a natural hammock of mown grass to the sea.

A girl was on her stomach reading a book in the sunshine and three young sailors walked single-file past a restored historic ship exhibited on the lawn. Herons sat in shallow waters by the boat dock.

You can't see much of any place in a day, but a picnic table in this small preserved area was a good place to imagine what Coconut Grove was like a hundred years ago, when most of Florida was swamp.

It was easy to imagine the distinguished names that wintered here: Alexander Graham Bell, Thomas Edison, William Jennings Bryan, Harriet Beecher Stowe, Charles Lindberg and Mrs. Andrew Carnegie. bit te P te ar

Many snowbelt residents can't resist the urge to get away from winter's icy fingers, at least for a week, and buy a Caribbean cruise. This group of tourists plays volleyball in the Bahamas MICKY JONES

while their boats, Oceanic and Royale of Premier Cruise Lines, rest at anchor on the horizon.

Local travel agents say cruises are the best getaway bargain

This is the time of year when winter-weary travelers look for bargains, especially in the southern sun. We canvassed some of our friends in the travel agency business and their recommendations are listed here. Send us your recommendations for warm-weather bargains, but do it soon or winter will be over. Believe it or not!

We talked to Bee Kalt Travel Service and Cruises Only because largevolume cruise agencies can offer group rates for most cruises, whether or not you travel in a group. You can save 10-20 percent across the board.

Travel networks also offer discounts. They're made up of travel apprecies that band together. Their

combined sales give them access to the group services.

Steven Kalt, vice-president of operations at the Royal Oak-based Bee Kalt Travel Service, lives in West Bloomfield.

He recommends Princess Cruise Lines, specifically the Star Princess, which offers two special seven-day cruises March 2 and 9 from San Juan into the eastern Caribbean. Aircruise prices are \$1,480 across the board for an outside cabin and \$1,295 for an inside cabin.

Across the board means that you can get any outside cabin available for the price quoted, on any deck. That means in turn that you may get a better cabin than you would normally buy. The regular price for the least-expensive outside cabin is \$1,830.

Carolyn Simmer of Elkin Travel/ West Bloomfield Inc. is part of Cruise Network Inc. and has these discount cruises to suggest: Sevenday sailings through Feb. 10 on the Norway, Seaward, Skyward and Starward, all Norwegian Caribbean Line ships, for \$1,049 per person including airfare for an outside cabin,

e \$959 for an inside cabin. d She can offer 50 percent off Celeb-

rity Cruises through April. For example, through March 30 the Meridian charges \$1,095 for the first person, \$547 for the second person in an inside cabin, or a total of \$825 per person including airfare. On April 7 that's \$995 for the first and \$497 for the second person, or \$746 per person including airfare.

Carolyn has a lot more of them on her list than we can include in one column: Special dates on Royal Caribbean for less than \$1,000, cruise only; three- and four-night cruises as low as \$300 per person and some unadvertised specials.

Lines offer extras to those who sail often

By Nicki and Harold Chodnoff special writers

Following the theory that satisfied customers become repeat customers, some cruise lines offer inducements to bring guests back.

Company-sponsored clubs or programs provide enticements such as future cruise discounts, preferred seating, cabin upgrades and other amenities to lure past passengers.

"Cunard values all of its passengers, but we are particularly pleased when people sail with us again, and the Cunard World Club is our way of showing our appreciation for their loyalty," said Joseph Smyth, a vicepresident for Cunard Lines.

He could easily have been speaking for most cruise lines. The lines offering benefits for repeat passengers include:

Chandris Cruise Line's Captain's Club; \$25 fee, with discounts on future cruises, luggage tags and a captain's cocktail party. Call (800) 635-3363.

Commodore Cruise Lines' Club Commodore; Occasional discount offers, a newsletter, on-board captain's cocktail party and cabin upgrades on a space-available basis. Call (800) 237-5361.

Costa Cruise Lines' Costa Club; Captain's parties. Call (800) 462-6782.

Cunard Lines' World Club offers an exclusive "Help Line" to assist passengers with queries relating to upcoming cruises. A \$25 on-board credit, separate check-in counter at embarkation ports, club pin, magazine, exclusive events aboard and ashore and gifts/amenities are provided based on number of cruises taken. Call (212) 880-7500.

Delta Queen Steamboat Co.; The Paddlewheel Steamboatin' Society of America members can choose from a variety of discounts that change yearly. Call (800) 543-1949.

Epirotiki Lines' Cruise World Society, Eligibility starts after 10 nights aboard. Dispenses discounts at ships' boutiques, advance notice of special programs, magazine, preferential cabin and dining room assignments when available, captain's reception and welcome gift. Call (800) 221-2470.

Holland America's Alumni Program; Repeater's party, alumni pub'Cunard values all of its passengers, but we are particularly pleased when people sail with us again.'

lication and discounts on selected sailings. Call (800) 626-9900.

Norwegian Cruise Lines' Embark Club allows advance notice for theme cruises that book up early, discounts on selected sailings, newsletter and varying promotions. Call (800) 323-1308.

Premier Cruise Lines' Star/Ship Family membership gives special gifts and recognition aboard. After four cruises Captain's Club upgrade, which supplies an I.D. and member wall plaque. Future plans include a Captain's Club newsletter and special values on cruise/Disney packages. Call (800) 327-7113.

Royal Caribbean extends a special captain's party and newsletter. Call (800) 327-6700.

Royal Viking Line, at 45 percent, has the highest repeat passenger percentage. Skald Club offers free land packages or shore excursions, cocktail party, gift program and luggage tags. Call (800) 422-8000. Tall Ship Adventures offers a two

Tall Ship Adventures offers a two for the price of one first anniversary cruise special to couples who honeymoon on the Sir Francis Drake. Repeat passengers receive a 25 percent discount off posted rates. Call (800) 662-0090.

Windjammer Cruises' Old Salt Savings; With two consecutive cruises, one gets a \$50 discount and two free days aboard ship between cruises. Call (800) 327-2601.

For cruisers to become repeat passengers, they first must become passengers. Here too, cruise lines offer incentives:

Early booking discounts, guaranteed room upgrades, promotional fares, free air from gateway cities and bargain-priced pre- or postcruise extenders are some of the offerings. For specific information on a particular cruise line, contact the line directly or consult a travel agent.

Couples tie nuptial knot in Caribbean

By Vers Hogan special writer

What will we do about our fami-

Seren I

This is the big question couples face when they decide to marry on a tropical island in the Caribbean. Many of us share fond memories

of our more traditional weddings, where moms and dads and a collection of relatives and friends gathered for the happy event.

Other, perhaps more adventurous couples, decide to leave family, friends and often unpredictable and often unpredictable weather behind to exchange their vows among swaying palm trees overlooking the clear blue waters of the Caribbean Sea.

Does that sound romantic, but you're still wondering what to do about mom and dad? According to Norma Kennedy, bridal consultant for the Frenchman's Reef Beach Resort and Morning Star Beach Club in St. Thomas, U.S. Virgia Islands, couples who marry at these resorts

Coconut Grove a hot spot in Florida

Continued from Page 6

It is only a two-minute walk from there to the bars and restaurants and busy street life of the village, where the best-known names are characters: John Baltz giving neck therapy, Peter Rabbit weaving leaf hats, bartender Beamer Warren costumed and theatrical behind the bar at the **Taurus Steak House**

It is only a short drive from Coconut Grove to the heart of Miami. There were lots of cars and taxis, but the mood of the day was more in tune with the Old Town Trolley, which lets you sit in an open-sided car and tour the whole city. You can get off for as long as you like at Vizcaya, at the Miami Seaquarium near the entrance, to Key Biscayne. You can even visit another old world settlement at Coral Gables.

I highly recommend a day at the city and state parks on Key Biscayne and a day trip to the Art Deco dis-trict of Miami Beach, but for the moment I am happy to walk out un-der the century-old trees of the Barnacle, back to a sidewalk cafe on Main Street and watch the world go by in Coconut Grove. The come-overs are here. A few stay-overs may be found. But most of the when-eyes probably stay home on weekends For more information, contact the Greater Miami Convention and Visitors Bureau, 701 Brickell Ave., Suite 2700, Miami, FL 33131 or call (800) 283-2707 The guidebook "Cocoanut Grove," by Jean-Pierre Haynes is available in local bookstores or from Cocoanut Grove Publications, Inc., P.O. Keith and Kim Cotcher of West Bloomfield were married at the Morning Star Beach Club on Nov. 20, 1990. Although they admit that families were a little upset about their plans, all was forgiven when they re-turned with a videotape to share at the Dec. 28 reception.

Keith and Kim highly recommend getting married in the Caribbean. "With Norma's help, everything went off without a hitch," Keith said. "She handled all the arrangements and made sure everything was per-

The happy new couple took advan-tage of the resort's "Royal Wedding" package, which included a half-day beach excursion via helicopter to an uninhabited private island.

Bill and Carrie Pendergrass of Rochester Hills were also married on Nov. 20 at the Frenchman's Reef Beach Resort. Their wedding package included a romantic champagne sunset cruise.

Bill and Carrie had originally planned a local traditional wedding, but midway through the arrange-ments, they decided to slip off to the Caribbean instead. There are plenty of islanders on-hand to serve as witnesses. Carrie's maid-of-honor was a waitress she met only 24 hours earli-

tape of their marriage ceremony with family and friends at a Dec. 8 reception.

Both couples were joined in wedlock by Rev. John Shaffer in a Victorian gazebo surrounded by pur-ple bougainvillaea, facing west into the sun

If you are interested in a Caribbean wedding, there are numerous resorts and hotels on most of the islands that offer a variety of wedding packages. Videotaping of your cere-mony can be arranged with many of the packages.

A word of advice to couples who are planning a wedding and/or hon-eymoon in the Caribbean . . . plan ahead! Pre-planning is important for couples who have their hearts set on popular destinations.

Also make sure you have all required legal documents. You may be required to produce the following original documents in person before the local registrar of the island on which you plan to marry:

Passport; birth certificate; if one of the parties is divorced, proof of decree absolute may be required; in the case of a widow/widower, a death certificate of their first spouse may be required; if a name has been changed by deed poll, proof may be required; and if one of the parties is under the age of 18, evidence of consent of parents may be required in This couple too shared the video- the form of an affidavit stamped by

Prices per couple that include five-night accommodations at Frenchman's Reef range from \$1,820 to \$3,130. Prices per couple that include five-night accommoda-tions at Morning Star Beach Club range from \$2,080 to \$3,625. For ceremony packages only, prices range from \$1,100 to \$1,850. Prices vary based on wedding package selected and time of year. For more informa-tion on wedding packages at these resorts, call (800) FOR-LOVE.

Samples of other wedding pro-grams in the Caribbean include San-dals in Jamaica, where your wedding can be performed for less than \$100 with an all-inclusive honeymoon package. At the Anse Chas-tanet Hotel near Soufrere in St. Lucia, your wedding arrangements can be made for no extra charge as part of your honeymoon booking. Lawyers and registrar's fees will total about \$160. The Hyatt Regency in St. John offers several wedding packages starting at \$695 per couple.

Agents say that cruises are best travel bargain

Continued from Page 6

Thursday, January 24, 1991 O&E

Ellie Tomkow of Cruises Only in West Bloomfield suggests the spe-cial seven-day Caribbean cruise offered by Commodore Caribe. Good through June 30, prices start at \$795 per person and include airfare, transfers, port charges, inside stateroom, meals and entertainment.

Bahama Cruises, according to Ellie, offers a two-for-one special on four-night cruises good through March 30. Prices start at \$299 per person for the cruise only

Rose Laudicina of Travel Max in Farmington Hills said "the best bargain for a deluxe all-inclusive trip would be a cruise to the Caribbean. If the weather happens to be bad in one spot, you're sure to find good weather in another port."

We also asked Maureen Litten of **Book Couzens Travel in Rochester** what the best travel value is now and she said "anywhere in the Caribbean" and "definitely cruises."

Julie Gigliotti of Sunshine Travel in Rochester Hills said Jamaica is the best warm-weather bargain this winter. She can offer a package rate for seven days that includes airfare and hotel for as low as \$599 per person.

Paula Sucaet of Only By Sea, Inc., a new division of Royal International Travel in Birmingham, recommends the Celebrity Cruise on the Meridian mentioned above, and Costa Cruises, offering 50 percent discounts.

Debi Steele of Travel Agents International in Livonia said "since February is National Cruise Month, a cruise is definitely the best bargain around." She also recommends the many discount packages to Cancun. Mexico available at this

We talked with Barbara Blaharski of Better World Travel in Howell and asked her to recommend a warm-weather bargain. She simply and enthusiastically stated "cruises and Mexico!"

Charley Farritor of Milford Travel and Leslie Koehler of Brighton Travel also said the best bet for bargain hunters in search of the sun is a last minute cruise. Charley and Leslie told us that since tour operators and cruise lines are offering terrific deals, now is the time to contact your travel agent.

**70

If all this talk of cruising makes you seasick, Chaplene Sinelli of Howell Travel recommends the following destinations for landlubbers looking for a bargain.

If your shopping list includes beach parties, underwater sports, fine dining, nightclub dancing and entertainment such as the colorful folkloric ballet, Cancun offers all this and more. According to Charlene, prices for a seven-day stay in Cancun start as low as \$499 per person including airfare, hotel accommodations and airport transfers

The Cayman Islands offer not only miles of beautiful white beaches and warm sunny weather, but diving and snorkeling as well. Experienced and novice divers can experience the beauty of marine life and coral formations beneath the clear blue waters of the Caribbean Sea.

Prices to the Caymans start as low as \$679 for seven days including airfare, hotel accommodations and airport transfers.

Whether you enjoy sight-seeing, playing golf, river-rafting, shopping, or simply basking in the sun, there is no lack of things to do in Jamaica. Known for its cultural and natural attractions, Jamaica is also home to reggae music and restored historic sites.

Charlene recently booked a trip to Jamaica for a client at a savings of \$400. A seven-day trip that would normally have cost \$1,050 was discounted to \$650. Price included airfare, hotel accommodations and airport transfers.

BARBUDA, 26 miles northwest of Antigua, is home to one of the largest frigate bird colonies in the world. In addition to the frigate birds, Barbuda is inhabited by more than 170 species of birds including pelicans, ibis, herons, tropical mockingbirds, oyster catchers, and ducks.

travel notes

Tourists can visit the sanctuary on their own or with a guided expedition. Several Antigua-based companies offer tours of Barbuda, which include round-trip airfare, lunch, and guided sightseeing tour. Prices range from \$100 to \$120 per person, and arrangements may be made through most hotels in Antigua & Barbuda, or through your travel agent.

DUTCH WINDMILL COMPLEX

Visitors to Curacao who drive near the Las Palmas Beach Hotel at Piscadera will find a new structure which is reminiscent of the island's homeland. The new "Dutch Caribbean Windmill," which is approximately 22-square meters and two stories high, was recently completed and opened for business.

The multi-purpose Dutch Caribbean Windmill complex features the Bokaal coffee shop, banquet/reception facilities, a souvenir shop, beauty salon, drug store, playground and swimming pool with sunbathing deck and pool bar all on the first floor. The second floor houses the Rode Brokaat Restaurant which offers international cuisine with emphasis on Dutch food, and is open for breakfast, lunch and dinner.

For more information on this and other Curacao attractions, contact the Curacao Tourist Board, (800) 332-8266.

BON BINI FREE SPREE

Eleven resorts and hotels on the island of Curacao are participating in the special "Bon Bini Free Spree." Eight day/seven night packages are

available through April 15.

Guests will receive value-priced accommodations plus a complimentary winter discount booklet with vouchers for a free drink or snack at leading restaurant or hotel or beach bar, discounts on car rentals and sightseeing tours; discounts at several shops and restaurants; \$5 worth of gambling chips at one of the island's casinos; invitation to the manager's cocktail party at the resort; and passes to island attractions including the Seaguarium.

The Bon Bini Free Spree packages are available with or without meals. Prices range from \$294 to \$767 with meals and \$154 to \$543 without meals for an eight day/seven night stay depending upon hotel selected. Prices are per person, double occu-pancy. Services charges, taxes and gratuities are extra.

For more information, contact a travel agent or the Curacao Tourist Board, (800) 332-8266.

Citizen participation is critical to police effectiveness. Do you care about your neighborhood enough to help pro-· tect it?

The Case of The Tucson Tip-off.

In a particular neighborhood in Tucson, Arizona, folks were having a real problem with burglaries and break-ins. They started talking to each other about what they could do. They got fed up. About 400 people went to the police for advice. They

learned about

surveillance. They got to know their beat officers. Citizens and police became partners in crime prevention. In just three weeks, 17 arrests were made and burglaries went down 30%. And Tucson is only one case where people successfully worked to beat crime. To find out more, write: The McGruff Files, 1 Prevention Way, Washington, D.C. 20539-0001. You can make a difference. Canton wins 1st gymnastic invitational

By Dan O'Meara staff writer

Plymouth Canton achieved a first in gymnastics competition Saturday. The Chiefs won their first invitational championship in school history by taking top honors in the annual Rockford meet.

"We won the regional last year," Canton coach John Cunningham said. "Otherwise, we've been the Avis of high school gymnastics.

"It should definitely build confidence. It's our first first-place trophy. Everyone felt real good about it."

Canton had a 131.65 team score, which might normally be considered low but that was the same for every team. The host team had a runner-up score of 128.85, and the top five included East Kentwood, Holland and East Lansing.

"THE WEST Side judges tend to score low, and they tend to be nasty," Cunningham said. "They take a tenth off for every little thing. It was the same thing we ran into last year."

While he thought many of his team's individual scores were low for the difficulty of the routines being performed, Cunningham said he could accept that since the scoring was balanced.

"The only fair thing is they scored it the same way for all the teams," he said. "Last year they didn't and we lost the meet. But if they're fair, I can handle those scores.

"Last year we had a good meet, too. This year it went better in that I thought we were judged fairly."

The Chiefs, rated No. 2 in the state, were led by sophomore Kim Rennolds, who was eighth in all-around competition with a 33.4 total. She placed fourth on vault (8.8), ninth on bars (9.0) and beam (9.0) and 11th in floor exercise (8.4).

The top 10 individuals in each event received medals. Canton also received key contributions from Jenny Tedesco, who was fourth on beam (8.9) and fifth on bars (8.35), Johanna Anderson, eighth on floor (8.55); Dawn Clifford, seventh on beam (8.6); Danielle Mirto, ninth on vault (8.55); Laura Anderson, 11th on bars (7.95); and Heather Murphy, 11th on floor (8.2).

"I THOUGHT we had some exceptional routines," Cunningham said, citing the combined floor performances.

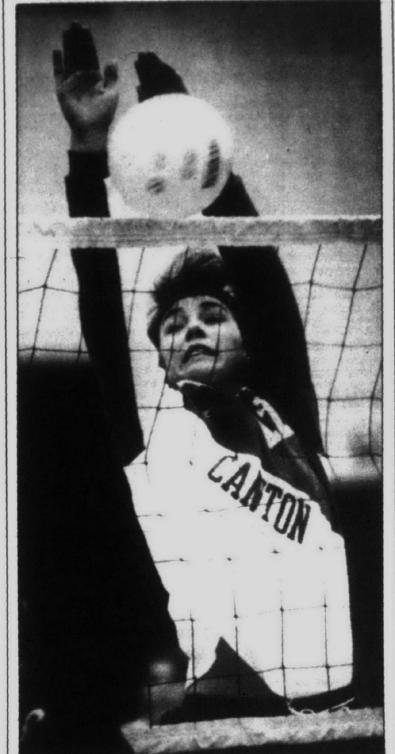

"Kim Rennolds, Danielle Mirto, Johanna Anderson and Heather Murphy — each of them did an exceptional floor routine. That was probably the best team event. Dani did her absolute best routine of the year. She deserved a 9.1 but got an 8.4.

"We scored 8.2, 8.35, 8.4 and 8.55 (on floor) and if we had been in our gym or even (the Troy) Athens (gym), the scores would have been close to nine."

No team had any margin for error since only four gymnasts could compete in each event, and all four scores counted. In dual meets, six compete and four scores are counted.

"To make a meet run, they can't put more than five in," Cunningham said, "but that allows one girl to make a mistake and not feel like she's letting everyone else down.

"It puts too much pressure on one individual. If you make a mistake, you hurt the team. We were fortunate that we were far enough ahead and it was

Victory goes to Stevenson in showdown

By Steve Kowalski staff writer

Livonia Stevenson had a tougher time starting its volleyball match Monday night against Plymouth Salem than finishing it.

The match was delayed at least a half hour because the net had to be replaced, but once it started, Stevenson took care of Salem with ease, 15-3, 15-9 and 15-4.

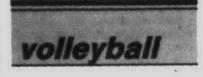

The quick win left the Spartans atop the Lakes Division (Western Lakes Activities Association) at 3-0 and allowed them to go home early and get some rest.

With this being finals week at Stevenson and several of the Spartans slowed by the flu, rest is what they needed. Stevenson coach Lee Cagle made only one substitution during the match, but running up the score, he said, was not his intention.

"Tonight we started late and with this being finals week I wanted to get out of here as soon as possible," said Cagle, whose team is 4-0 in the WLAA and 10-3-4 overall. "We've been cranking up for this week. We have to be outstanding in both practices and games because we have our most important tourney Saturday (hosting the Stevenson Invitational)."

SALEM, MEANWHILE, fell to 1-1 in the Lakes, 3-1 in the WLAA and 3-2-3 overall. The Rocks' setters, Caryn Tatterton and Sarah Krieger, played well according to coach Allie Suffety, but the rest of their attack was dominated.

"We got blown away." Suffety said. "We were pretty intimidated by their speed and quickness and weren't making blocks (only six as a team for the match). We didn't run our offense. Our setters did their best job all year, but we just had a difficult time getting passes to them. Our biggest problem was serve receiving." Salem returned only 70 percent of the Spartans serves, opposed to their typical percentage of 85. The Rocks, who averaged in the mid-20s for kills this year, collected only 17 in 68 attempts against Stevenson.

kills, while Andi Welling and Jenny Emmett had three kills each.

Salem's top threat at the net, senior Amy Krajewski, had only one kill along with two service aces.

Senior Laura Zatorski gave the Spartans momentum in Game one with five straight service points. Then, after battling to a 9-9 tie in Game two, the Spartans scored six straight to put the Rocks away.

SALEM NEVER threatened Stevenson in the final game as serving and net play seemed to be the difference. For the match, Zatorski was good on 14-of-15 serves with four aces, with teammates Alicia Smith and Sue Bell (overcoming the flu) collecting three aces each. Bell contributed 13 digs.

Teresa Sarno led Stevenson with eight kills on 13-14 attacks, with nine blocks. Andrea Wittrock completed 21-24 attacks and had seven kills, while Patty Diamond finished with only one error in 70 sets, 21 assists and five kills.

not that big a deal."

BEFORE THE season began, Cunningham said his team would start slowly and make strides as it progressed. Winning the Rockford title was a step in that direction.

"We're getting stronger is what it is," Cunningham said. "We're getting stronger physically, and our routines are getting stronger.

"Jenny Tedesco and Kim Rennolds are coming back from injuries. As they get better, the team is getting better."

Canton's next competition will be Monday when the Chiefs visit Northville for a Western Lakes Activities Association dual meet at 7 p.m.

Net result

Canton sophomore Stephanie Gray blocks a spike by a Livonia Churchill player in Monday's volleyball match. The Chiefs lost to the defending league champion in four games. The Chargers are undefeated at 6-0. See Page 3D for details.

Leading the Rocks was junior middle blocker Martha Bol with five

Cagle was most impressed by Wittrock, who has regained a starting position after losing it earlier in the year.

"She called our plays, passed well and her defense was really an asset tonight," Cagle said. "Her hitting was terrific. It was her best match of the season."

Big 2nd half leads to easy Salem win

By Neal Zipser staff writer

Walled Lake Western's strategy was to shorten Tuesday's Western Lakes Activities Association basketball game by controlling the tempo against powerful Plymouth Salem.

But for the overmatched Warriors, the game couldn't be short enough, as the host Rocks pulled away in a dominating second half to win 72-38.

Western (1-3 in the WLAA and 4-6 overall) stayed relatively close in the game with a strong second-quarter performance and trailed 32-21 at halftime. However, Salem held the Warriors scoreless for the first five minutes of the third quarter and outscored the visitors 40-17 in the second half.

The Rocks stayed on top the WLAA, improving to 4-0 in the league and 9-1 overall.

"We knew their strategy was to hold the ball and control the tempo of the game, so we did some things like trapping to force them into doing things they didn't want to do," Salem coach Bob Brodie said.

"THEY COME after you so hard offensively and defensively," Western coach Chuck Henry said. "They have the ability to control the game just with their defense. We came in trying to show them something and thought if we could do something like hit a quick layup, we could get rid of our jitters."

The Rocks didn't let Western hit the game's first basket or let the Warriors get a lead to go into their stall offense. Instead, senior forward Jake Baker nailed a three-pointer just 10 seconds into the opening quarter to put Salem ahead for good.

Baker finished with 14 points, and made all six of his shot attempts. The Rocks held a 28-19 rebounding advantage behind Baker's 10 boards.

The score was 9-0 after two bankers by senior center Cliff Lee and a layup from Baker. With 3:04 left in the first quarter, Western got on the scoreboard after a short jumper by Jeff Kubik. The senior forward accounted for all seven of Western's first-quarter points.

SALEM LED 16-7 after the first quarter by converting on seven of its eight field goal attempts. The Rocks threatened to make it a rout early in the second quarter by jumping ahead 23-9, after senior K.C. Kirkpatrick made a steal, drove the length of the floor for a layup and was fouled.

The Warriors kept the game close by outscoring Salem 12-9 in the final five minutes of the first half and trailed by 11 at halftime.

"I was happy with our first-half performance," Henry said. "(Salem) came out in the third quarter and played extremely hard on defense and we again had trouble with that."

"I think we got tired in the second quarter," said Salem senior guard Chris Tebben, who finished with 13 points, eight assists, six steals and five rebounds.

The Rocks crushed all doubts of an upset by scoring the first 15 points of the third quarter to build a 26-point lead. Kubik ended the run with a three-pointer with 3:00 left in the quarter. Three-pointers later in the quarter by junior Jason Benshaw and sophomore Brent Mackowiak cut the Rock lead to 22, but Kirkpatrick stole the ball and brought the crowd to its feet with a thundering jam to end the third quarter.

SALEM WENT on a 13-4 run to begin the final quarter and was able to play its substitutes for most of the quarter.

Brodie was pleased with the performances of Baker and Tebben.

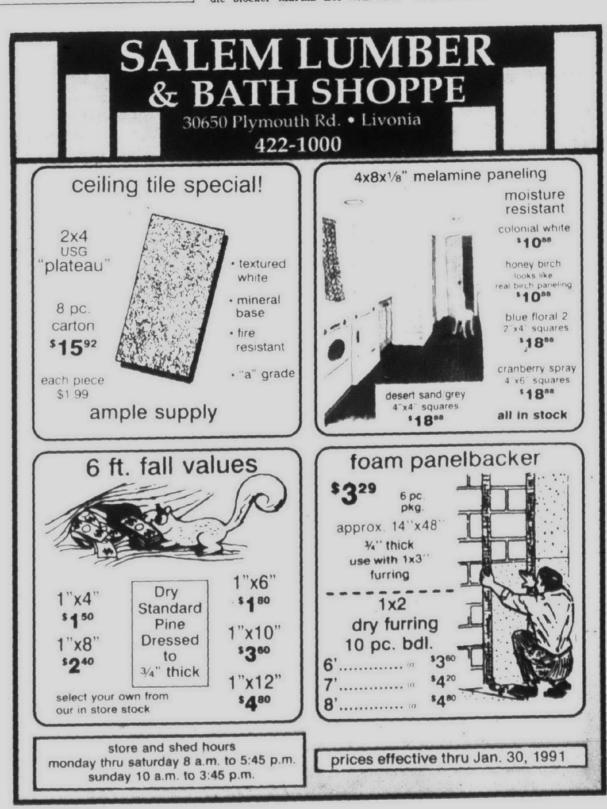

"They played on both ends of the court tonight," Brodie said. "Some players play that way on some nights, but they gave their full effort and they do that regularly."

Henry was impressed with Salem's performance and had nothing but praise for the league leaders.

"They are easily the best team we've played this year," Henry said. "Tonight they showed their dominance like good teams do."

"We started out the season playing well and then got complacent and went into a lull," Tebben said. "We now realize that we have to come out and play hard all the time."

Kirkpatrick scored 11 points and pulled down six rebounds for Salem. Senior forward John Hoffmeyer poured in 10 points and Lee added nine points and six rebounds for the winners. Kubik and Mackowiak added 14 and 12 points, respectively, for the Warriors.

Nissen has made her mark with more than just records

By Steve Kowalski staff writer

When Sue Nissen began her basketball career at Central Michigan University 31/2 years ago, she had a reasonable goal.

"I wanted to make an impact," said Nissen, a Redford resident who graduated in 1987 from Dearborn Divine Child. "I didn't want to be just a name and number going through the system. I didn't have any specific guidelines as to how I was going to make an impact, but if it included setting records then that means it's been a success."

A huge success.

With 11 regular-season games remaining in her senior year, Nissen already owns the CMU record for points in a career (1,703) and twice has been named to the Mid-American Conference's first-team. A leading candidate for this year's MAC's "Player of the Year" honor, Nissen is one of three players scoring in double figures for the Chippewas.

CMU, 12-3 overall and 4-1 in the Mid-American Conference, is off to its best start since 1983-84. And that's the best news of all for Nissen, a 6-foot center who first earned a reputation in 1986-87 as the state's runnerup for Miss Basketball.

"WE HAVE A very good team that plays very well together," said Nissen. "We all get along and have great chemistry. It's the most fun I've had in my four years.

"This team has very few weaknesses. Everyone scores and rebounds. If you double-team one per-

son, someone else is going to score." Although she leads the Chippewas in scoring (16.7 points) and is second in rebounding (7.2), Nissen has not yet led Central in scoring during MAC play. Sophomores Carla Sterk and Carrie Isanhart have taken much of the scoring burden off Nissen, averaging 15.9 points and 11.3 points, respectively.

CMU coach Donita Davenport, in her seventh year, remembers days earlier in Nissen's career when that wasn't the case. The balance has paid off, as CMU has been able to post impressive wins over Michigan State (a Top-25 ranked team) and Bowling Green State University (the MAC champion three of the last four years).

"I have game films of Sue's sophomore year when she was being guarded by three players at once," Davenport said. "It's been to our team's advantage for our offense not to revolve around Sue. We're much harder to defend that way and it's made Sue's life much nicer.

"Sue's always been a leader, and gives 100 percent, whether it's a two-minute shooting drill or the last two minutes of a game. Her work ethic is very infectious and that's one of the reasons we're having the kind of season we're having."

NISSEN'S NUMBERS ON the court are impressive, but so are the ones she carries off the court. A twotime MAC All-Academic selection, Nissen owns a 3.4 grade point aver-age and will graduate in May with a degree in health fitness.

A member of the NCAA Student-Athlete Advisory Committee, Nissen last summer was selected by the group to speak for the Knight Foundation in Washington. Every two years, The Knight Foundation dedicates itself to a certain cause, Nissen said

This year, the foundation dedicated itself to finding ways to reform the NCAA.

'They just asked, 'If you had a magic wand, what would you want changed about college sports?' " said Nissen, referring to her presentation. "College sports are getting out of hand and all the cheating and pressure is because of money. I wish it could just be for fun.

"I remember reading a story about a basketball player out west who couldn't read or write but kept being pushed through two or three schools because he could play basketball. I think that's terrible.

NISSEN PLANS on starting her master's degree at a physical therapy school (either Wayne State University or Oakland University) this fall. She hasn't given much thought to the Liberty Basketball Association, a women's professional league scheduled to begin next season. The league is different in that it

First, understand that, yes, Schoolcraft College's men's basketball team is better - much better than it's been in years.

Then, understand that the Ocelots still aren't that good.

How good? Good enough to challenge the top teams in the Eastern Conference. Those are Mott CC, Oakland CC and last Saturday's opponent - Macomb CC.

The Ocelots were hurting, sure. Their depleted backcourt - they had already lost starting point guard Lynell Collins to academics at the semester break - was dealt another blow when Kwesi McGill suffered an ankle sprain last week. He should be back by Saturday, but played only a couple of minutes against Macomb.

With reserve William Dawson also out with an ankle injury, only seven

Ocelots were able to play against the Monarchs, who entered the game as the only unbeaten team in the conference. They ended it the same way, with a 94-85 homecourt victory bolstering their record.

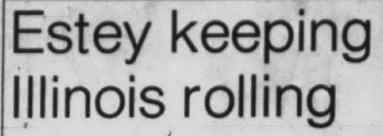

ALL FACTORS considered, it wasn't too surprising to hear SC coach Dave Bogataj proclaim, "I thought we played very well. (Ma-comb is) a very good basketball team.

Mitch Fyke scored 24 points and Barry Quayle totalled 14 points and nine boards.

Troy Wilcox led Macomb (7-0 in the conference) with 22 points, 14 coming in the first half. Marty Kohler had 19, Ken Stanley netted 16, Mike Gorney got 14 and Karl Williams had 10.

ON MONDAY, SC faced Spring Arbor's junior varsity and rolled to a 114-70 victory. The outcome was never really in doubt; the Ocelots led 61-31 at the half.

Perhaps Jill Estey's reply when asked how well her University of Illinois women's basketball team is doing can best describe her attitude toward her own game. Said Estey:

"We still have a lot of room for improvement. We've just got to keep working."

Estey has been working on her game. It shows, too, although statistic-minded followers may not think so. After all, the former Plymouth

Salem standout is averaging just 4.1 points a game. And even though she's just a sophomore, Estey did start 19 games at point guard last season - and she averaged 4.1 points a game then. So where's the improvement?

FIRST, CHECK the team's record. There's a new coach, Kathy Lindsey, who takes over for Laura Golden. A year ago, the Illini finished 11-17 overall, 5-13 in the Big Ten; so far this year, they're 7-9 overall and 4-2 in the Big Ten.

We play a lot more together this year than last year," said Es-"It's so much better than it tey. was. There's no such thing as an easy practice. It's the way it should

Second, check some of Estey's other statistics. Like assists - she led Illinois last year with 97, an average of 3.4 a game. She's dishing out 5.9 a game this season, which is near the pace to set a new Illinois single-season record.

Then there's defense. "I think my defense has (improved most)," she said. "I'm really happy with my defense. Last year, I never even thought about blocking out and getting rebounds."

AT 5-FOOT-4, Estey isn't going to get a lot of rebounds. But her defense has improved to the point where she leads the team in steals, averaging 2.5 a game.

And finally, check Estey's goal sheet. She admits "I never really considered myself a pure scorer,

HIVERIN

not even at Salem. I'd really rather pass the ball."

Which is what her coach wants her to do. "That's the way she wants her point guard to be," said Estey. "Run the offense. If the shot's there, then take it.

"This year, I think we have enough scorers.'

Estey was at her best in Sunday's 81-66 win over University of Michigan at Illinois' Assembly Hall. Yes, she scored just four points, but also passed out 11 assists, made three steals - and did not have a turnover.

What has helped Estey acclimate herself to the college game most is her physical conditioning. "Last year, after a weekend of games, I could hardly walk up the steps," she said. "I don't care what anyone says, there's no way to prepare for, college basketball after high school basketball."

INDEED, HER defensive play can be traced to her improved conditioning - which is a good thing, since Lindsey likes her guards to apply full-court pressure throughout the game. Estey said many of her steals come when "people get" tired at the end of games

None of this should be mistaken as meaning Estey has made the jump from high school star to colege standout. As she said when asked about the team, there's still much work to be done.

"Definitely my shot," she answered when asked what she had to work on. "That's probably the most inconsistent part of my game. It's one more aspect I have to work OD.

But that will come later. So, too, will the other goals Estey has mapped out - namely, a Big Ten title. Illinois graduates just one senior starter after this season.

"I don't think a Big Ten championship is a realistic goal this year," she admitted. "But I'd like us to get into the upper echelon - the top four.'

That undoubtedly will happen, if Estey can keep the Illini on schedule with the same precision she exhibits passing the ball.

Jason Krueger looks for instructions from his CC coach, Mike Rodriguez, during his semifinal bout against Jamey Ervin of Mount Pleas-

ant. Krueger advanced to the CC Invitational final in the 160-pound division after pinning Er-

Mules reign at CC invite

By Ray Setlock staff writer

Wrestlers began arriving at Redford Catholic Central just after dawn on Saturday. For many, it was their first time

participating in the CC Invitational. For others, it was a return to one of the most prestigious wrestling tournaments in Michigan.

In its 27-year history, the CC Invitational has had Temperance Bedford as the champion 11 times. This season was no different, as the Mules accumulated 184.5 points en route to the title.

Howell finished a distant second with 140 points. Holt was third (133) and Warren Lincoln fourth (123.5). The host Shamrocks finished fifth (115.5). (See statistical summary, 5D).

Bedford placed seven wrestlers in the finals and had three individual champions.

Jeff Dec (125 pounds), Ryan McBroom (145) and Brent Douge (171) each won individual championships for the Mules.

Dec defeated Robert Dych of Mount Clemens 5-3, McBroom beat Sean Pearce of Lincoln 11-5 and Douge pinned Jason Steinacher of Howell with one minute left in the

wrestling nals - senior Rusty Fowler (119) and sophomore Jason Krueger (160). Fowler scored two quick points

against top seed Fred Schumacher of Bedford and never looked back, pinning the Holt grappler with 42 seconds left in the second period.

'I beat him with an ankle pick and followed it with a cradle," Fowler said. "I worked hard this week in practice and it paid off today."

Fowler finished third at 112 in last vear's tournament. Krueger, a sophomore, was not as

fortunate. He was pinned by top seed Robert Dunham of Holt with 1:06 remaining in the third period, after leading 5-3 after two periods.

"Krueger is a fine young wrestler," CC coach Mike Rodriguez said. "I think he got uncomfortable with the lead. You can't protect a lead.

"Jason is finally making a name for himself and not living off the success of his brother "

Krueger's brother Lee was a twotime state champion for CC during the 1988-89 seasons.

DEREK MOSCOVIC of Birming-And Brother Rice proved why he Rodriguez said. "We saw s was seeded first at 112, defeating wrestling out there today."

After witnessing a stunning performance by Freeland (129.3), Hartland (128.9), Howell (123.35)

Louie Tibai of Bedford 6-3. Moscovic was named the tournament's outstanding wrestler.

"I had a good day," Moscovic said. "This is one of the best tournaments in the state, but what I'm really looking forward to is the state tournament.

Jess Reeves of Westland John Glenn lost a 1-0 decision in the 152 finals to Lincoln's Ken Rumps. Reeves was on top to begin the third period, but allowed Rumps to escape in the final minute of the match.

The quickest pin in the finals came in the heavyweight match, as Howell's Kyle Steinacker pinned Ray Stevens of Mount Clemens with 14 seconds left in the first period.

Lincoln had three individual champions. Greg Mayer (103), Tom Costello (135) and Jeff Mayer (140) all won their final matches. Greg Mayer defeated Mark Williamson of Bedford 9-7 in overtime, Costello pinned Ben Hatt of Mount Pleasant in 5:31 and Jeff Mayer beat Kevin Klebba of Howell 4-3.

Jason Armstrong of Mount Pleasant captured first at 130 with a 7-5 decision over Todd Hick of Bedford. Mike Atkinson of Davison pinned Jerred Thill of Holt in 3:39 to win the 189 title

"The tournament was a success," Rodriguez said. "We saw some good

Chargers defeat Canton

Livonia Churchill continued perfect pace during the early stages of the 1990-91 volleyball season downing host Plymouth Canton, 15-10, 15-8, 9-15, 15-2 in a Western Lakes Activities Association match.

Churchill is now 6-0 overall and 4-0 in the WLAA.

"Canton played excellent defense and served well," Churchill coach Mike Hughes. "They played very hard. I was quite impressed. It was not one of our better games. There was some poor blocking on our part. We were not as motivated as we have been in the past. We were fortunate to win."

In the first game, Kristi Szymanski served eight points to lead the Chargers.

Alyssa Belaire had six kills in 12 attempts in the second game, while Janine Sproul contributed eight points serving in the third game. Christina Garry added five kills.

On Wednesday (Jan. 16), Churchill defeated North Farmington, 15-6, 15-4, 15-5, as Garry turned in her best effort of the season for the visiting Chargers, recording 16 kills in three games.

Belaire recorded 19 defensive digs in the final two games. Also, six of her serves went for points.

Starting setter Amy Baron was

flawless through two games. She did not commit an error. "They (Churchill) are an awesome team, one of the finest teams they've had," North Farmington coach Sandy Lubieniecki said. "Our players were impressed. They're hitting was dominating and anything we hit, they got."

Junior Sarah Lungren had six blocks in a losing cause, while senior Eve Claar contributed four kills and senior Dana Botwick served four aces.

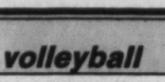

LIVONIA LADYWOOD ran its overall record to 19-5-1 and 3-1 in the Central Division of the Catholic League Monday with a 15-12, 15-4 triumph over visiting Birmingham Marian.

Rebecca Willey, a 6-foot senior, recorded seven kills in 11 attempts and only one error. Teammate Keli Haeger added six kills in 15 attempts with three errors.

Mary Jo Kelly recorded 20 assists, while Janell Hemme added two kills and three aces. Julie Wilson chipped in with four digs, while Liz Gunn had two kills and two aces.

In a match Thursday (Jan. 17), Ladywood downed Harper Woods Regina on the road, posting identical 15-13 victories. "The win was good in two ways," Lady-

wood coach Tom Teeters said. "One, we were able to hang in there (on the road against a good team), and two, we were

able to win it from our outside attack. We still have to improve on our intensity. We have to learn to develop concentration and have intensity, but at the same time not be tight."

Ladywood trailed 14-11 in the first game, but rallied behind Haeger, who had two kills down the stretch and Hemme, who made a couple nice passes. Valerie Adzima had three service aces and for the match finished with no errors in 10

In Game No. 2, Willey came alive, recording eight kills. In 22 attempts for the match Willey had only three errors and finished with 12 kills. Teeters also credited Michelle Wilson for her serving, Gunn (four digs and five passes in the second game), and Kelly (10 assist kills).

LIVONIA FRANKLIN went down to the wire, but came away Monday with an 11-15, 15-7, 17-15, 13-15, 15-9 Western Lakes victory over visiting Walled Lake Western.

The Patriots, now 3-4-3 overall, were led by senior Kari Zabell, who registered 10 kills on the night. Colleen Lai and Emily Skura, both seniors, contributed seven and six, respectively.

Junior setter Sue Bona had 23 assists while senior Nicole Chiesa added five. Both also served well, according to firstyear coach Teri Morehouse.

Joy Wilk also was singled out by Morehouse for her blocking.

FARMINGTON HILLS Mercy didn't give Harper Woods Regina much opportunity to contemplate an upset of the de fending Catholic League volleyball champs. Mercy routed the Saddlelites with pinpoint serving, winning 15-2, 15-2 Tuesday at Mercy.

Nora Hand got the Marlins going in the first game, serving eight of her team's 15 points. She then served five more in the second. Shannon Goff, though, was the serving spark in game No. 2 - she served six points, three of them aces.

Mercy missed just one of 44 serves, which kept Regina from getting its offense going. Karen Pinkerton had nine kills to lead the attack, with Maureen Pankin adding seven. Setter Suzie Atchison had 17 assists-to-kills.

The win improved the Marlins' record to 20-1-2 overall; they are 4-0 in the Catholic League. They play at Birmingham Marian Thursday.

NORTH FARMINGTON rallied from a first-game disaster Monday to defeat crosstown rival Farmington in a Western Lakes Activities Association volleyball match.

The Raiders dropped the first game 4-15 but won the next three, 15-10, 15-11 and 15-13.

North is 2-0 in the Lakes Division, 3-1 in the league and 5-2 overall. The Falcons

stand at 0-2, 1-3 and 4-5, respectively. The Raiders played the first game without senior hitter Eve Claar, who made a difference in the other three, and suffered from horrendous serving.

"We couldn't get a serve over and we combined that with calling the ball out," North coach Sandy Lubieniecki said. "We did almost every conceivable thing

"Even as the game ended, I wasn't worried because I knew we couldn't make that many mistakes in a game again, and we did start to pick it up.

"We know how to play better volley-ball than that and we did. It was not one of our better matches, but we came back and played well enough to win.'

Claar ended up with 16 kills out of 41 attacks and had only three spiking errors. She also served 11 points, made 11 digs and was 11-of-12 on serve reception.

The Raiders also received solid play from Andrea Borieo, who replaced Dana Botwick, who was out of state for three days, at setter. She had 14 assists and served eight points, including three aces.

Sarah Lungren was another key attacker with 11 kills. She was 30-of-34 spiking and was 22-of-23 receiving serves. Karen Seremet led the Raiders with 16 sets leading to successful spikes, and Christy Krall served 12 points (three aces) and had eight blocks.

By the end, Warren De La Salle enior guard Bernie Burnett warmed up the gym, connecting on eight three-point shots in leading the Pilots to an 85-78 win over the Shamrocks

Burnett led all scorers with 33

"He (Burnett) can light it up," De La Salle coach Tim Turner said. 'He's our second leading scorer and he's been in the low 20s before, but he's never shot the ball this well. If he couldn't shoot well, . I wouldn't give him the freedom I do to let him

Said Burnett: "We had the day off yesterday, and I came out in warmups today and said to (teammate) Craig Abraham that my shot was not feeling that good. I guess I was wrong. Every once in a while you get that feeling like you can hit anything. I got some good picks and some good passes from my point guard.

De La Salle raised its record to 8-2 overall and 5-0 in the Catholic League Central Division. CC is 3-7 overall and 1-4.

De La Salle took an 18-15 first quarter lead, before breaking the game open with a 30-18 second quarter run.

BURNETT OPENED THE second quarter with two consecutive three-

pointers to give the Pilots a 26-17 advantage. The Pilots, sparked by two baskets by junior forward Kevin Monceri, then went on a 10-4 run that put them ahead 34-19 with 5:14 left in the half.

De La Salle led 48-33 at halftime.

"We broke the game open (in the second quarter)," Turner said. "We have a crazy style of play. We like to press and run and try to make people turn the ball over. It forces the other team to always play fast. When they break the press, most of the time, they shoot the ball quick." The Pilots' full-court press forced

CC into 20 turnovers in the game. CC coach Bernie Holowicki agreed

the press frustrated the Shamrocks in the second quarter.

They got something like eight points in a row and they kind of rat-tled us," he said. "I think the press took its toll. We had people trying to dribble through the press. We had a game plan to be just a step closer. We felt we had a good chance if we did that."

De La Salle continued to roll most of the third quarter, taking a 64-38 lead with 5:33 left.

CC ended the quarter with a 12-6 run that cut the lead to 71-56. Junior forward Bob Kummer, who finished with 16 points, had four points during the run.

A CC 10-2 rally midway through

the fourth quarter gave the Pilots a brief scare, as the Shamrocks cut the lead to seven on a Bob Schneider hasket with 3:19 remaining.

IT WAS AS close as the CC would get, as De La Salle guard Larry Benson hit six of seven free throws to put the Pilots ahead 11 points with 1:07 left.

"I was upset with myself," Turner said. "I did some thing I should not have done.

"I put in some funky defenses just to take a look at them. I should have stayed in the press or man-to-man. I think I put a freeze on the ball a little early, too."

Holowicki adds, "We went to our press in the fourth quarter and they threw the ball all around. Teams that press don't like to be pressed. I was pleased with the second half (performance) because the kids scrapped and hustled. At the end of the first quarter and in the early second quarter, we were standing around

Schneider, a sophomore guard, led CC with 20 points. Junior forward Chad Varga also had 20 points and five rebounds. Kummer led with nine rebounds and five assists and senior forward Steve Whitlow chipped in 12 points and three rebounds.

Benson contributed 25 points for De La Salle.

"A good coach won't let his kids quit and their kids hung in there and they fought to come back when we said. "They played a great second half." thought the game was over," Turner

Freebies key to Canton win

Plymouth Canton made 24 of 29 free throws Tuesday to secure a 60-55 basketball victory over host Livonia Stevenson.

Brett Howell led the Chiefs with 14 points, and teammates Karl Wukie and Mike Stafford added 12 and 10 points, respectively. Wukie scored six of his points in the fourth quarter and all of Stafford's 10 points came from the free throw line.

Phil Woods led Stevenson with 18 points, 11 in the fourth guarter. Matt Grodzicki added 15 for the Spartans, who fell behind 33-23 at halftime.

Canton is 7-4 overall and 5-0 in the Western Lakes Activities Association, while Stevenson fell to 4-5 and 2-

"We're capable of being a real good shooting team," Canton coach Dave Van Wagoner said. "It was a hardfought game, and our players played with a lot of poise.

STEVE MANUEL scored 44 points Tuesday to carry visiting Deaborn Fairlane Christian past Plymouth Christian Academy in boys basketball, 94-69.

The non-league defeat dropped the Eagles to 5-5 overall. Fairlane is 8-2. Manish Nandani once again was the leading scorer for Plym-outh Christian with 23 points. Keith McCants tossed in 20. The Lions raced to a 25-13 lead in the first quarter, but the

Eagles narrowed the difference to 43-36 at halftime. Fairlane opened up a 22-point lead (72-50) after outscoring Plymouth Christian 29-14 in the third quarter.

The Vikings were led by Steve Rabut's 11 points and Chris Emert's 10 points

FRANKLIN 71, FARMINGTON 65: Farmington outscored Livonia Franklin in the second half, but it was too late as the Patriots rolled to the WLAA win on the road.

The win improved Franklin to 7-3 overall and 3-1 in the league. Farmington is 1-8 overall and winless in three WLAA

The Patriots got 24 points and four steals from junior guard Keith Roberts and 16 points out of senior co-captain Steve Stasevich. Franklin coach Rod Hanna wasn't pleased to see the Patriots outscored, 23-16, in the fourth quarter, but he was excited by the play of Stasevich.

"He's coming on," said Hanna. "He's helping us inside and we expect that from our seniors. Keith had a decent game and so did Dave Roman (12 points, eight assists and five steals), and Russ Keberly (12 rebounds). We concentrated with getting the ball inside and I was happy with Russ' intensity."

For Farmington, Steve Gallagher scored a game-high 26 oints. Rob Cook added 13 points for the Falcons, who fell behind 22-17 after one quarter and 43-28 at halftime. Farmington cut the lead to four with about a minute remaining in the game, but the Patriots fended off the Falcons' charge.

HARRISON 76, JOHN GLENN 66: Westland John Glenn rallied Tuesday, but the deficit proved too great as Farmington Hills Harrison cruised to an easy WLAA win.

The win brings Harrison's record to 7-2 overall and 2-1 in the WLAA. Glenn fell to 2-7 overall and 1-3 in the league.

Harrison jumped out to a 26-9 lead after one quarter and

lafrate finds trade is liberating experience

THE WIDE SMILE on Al lafrate's face said it all.

No, Kuwait hasn't been liberated yet, but for the new defenseman of the Washington Capitals, it was a personal liberation of sorts.

Ironically, it came just days be-fore our nation honored another great libertarian, Dr. Martin Luther King Jr.

"It feels good, all the equipment even feels lighter," said the 24-yearold Livonia native. "It feels stable here. The tension is not there. It's an atmosphere of contentment. It was a bitter cold night Tuesday

outside Joe Louis Arena, but inside the Caps' dressing room, following their come-from-behind 2-1 overtime win over the Red Wings, Iafrate projected a warm glow. He had a right to feel euphoric.

After 6½ painful years with the Toronto Maple Leafs where he was dogged by innuendo and whispers of off-ice personal problems, lafrate was set free last week, traded to the Caps for a guy named Zezel and an-other called Rouse.

It was only the second game with his new teammates, but the lafrate deal appears to be already paying dividends. Displaying the moves that made him an All-Star in 1990, lafrate was selected as the game's No. 3 star.

THE NEW, more physical-minded No. 34 also delivered a strong message in the third period, swatting Detroit star Steve Yzerman against the boards like a mosquito.

There was no mistaking that the new lafrate is going to throw his 6foot-3, 215-pound frame around NHL rinks with more authority this sea-

"I like to see that from the big, strong guys," Washington coach Terry Murray said. "It's a physical game, and if he can do that, it creates more room and more opportunities for the other players.'

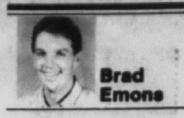

Iafrate, who struggled in Toronto this season after undergoing his fourth knee surgery last year, is probably one of the league's most gifted players.

Murray is very familiar with Iafrate's immense capabilities, the ones that made him the second youngest member of the 1984 U.S. Olympic Team, the fourth pick overall in the 1984 NHL draft and one of the game's premier talents.

"Iafrate is just a great player," Murray said. "And he played well tonight. The things he can do are so enormous.

'His skating ability alone can put a team on the defensive. He's just a great addition."

MURRAY was well aware of Iafrate's abilities long before the

All-Star defenseman). It's easy to see right away.

Iafrate, who said his knee is get-ting stronger, joined the Caps last Thursday in Minnesota. Murray's instructions to his new player were simple and to the point.

"Here (Washington) they just want your hardest effort," Iafrate said. "And if you do that, you'll raise your level of play. Everybody knows what their job is and you just go out and do it. He (Murray) just said, 'Do your' job and do what you do best.' They said just set high standards for yourself. There's no pressure, just go out and play."

Iafrate, who had 21 goals and 42 assists last season in Toronto before injuring his knee, was confused about his role when Tom Watt took over the coaching duties for Doug Carpenter at the start of training camp.

The defenseman was asked to become "more defensive," but at the same time the Leafs were not happy with his dive in offensive productivity (three goals and 15 assists).

"I WASN'T contributing offensively (in Toronto), I was just existing," Iafrate said. "Last year I showed the world what I could do, then my knee blew out and the team plummeted. My whole game is speed and it was tough coming back. People expected a lot after I came back. There was a lot of frustration."

With Iafate aboard, the Caps could become one of the league's best defensive units. Hatcher, like lafrate, a product of the Compuware junior program, has emerged as one of the league's best.

And when defenseman Rod Langway returns from his injury, the Caps may move up the ladder in the NHL's tough Patrick Division. After Tuesday's win, the Capitals are in fifth place, two points behind fourth place New Jersey with 46 points.

"It certainly gives me more flexibility," Murray said.

Flexibility and discipline are the keys to lafrate's progress with the Caps. And although the marriage between the two is in its infant stages, the early signs are positive. If he produces, Murray will give him additional responsibilities, most notably a larger role.

"There's no bias here," laftate said. "There's only one reporter (actually two writers) waiting for you here instead of six or seven (as was the case living in a fishbowl. It's great to get back into the thick of it." When asked what he'd miss most about Toronto, Iafrate paused for over a minute, practically at a loss for words.

CHURCHILL 48, W.L. CENTRAL 46: Senior center Randy Calcaterra, who led all scorers with 16 points, tipped in the winning basket with 1:12 remaining in the Western Lakes Activities Association crossover game.

Churchill trailed, 41-35, after three guarters but rallied in the fourth to raise its record to 5-4 overall and 1-2 in the WLAA. Mike Thomas, a senior forward, added 11 points for the Chargers who kept Central winless in four WLAA games.

Churchill limited Central to 11 second-half points.

Gler ever recovered. S or forward Andy Smith led Harrison with 27 points, 11 in the first quarter. Paul Gilvydis added 22 points, including 10-of-13 free throws

Gilvydis made 8-11 free throws in the fourth quarter. Glenn rallied and outscored Harrison, 33-23, in the final guarter to make the score respectable.

Senior forward Gamal Ahmed scored 21 points before fouling out for Glenn. Teammate Jackie Howard contributed 17 points, including 10 in the fourth quarter for the Rockets. Junior forward Kevin Champion scored all of his nine points in the fourth quarter.

Woodpile provides home for interesting creatures

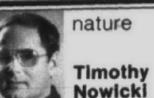

Cold temperatures do not recog-nize the official beginning of winter. The season seems to slowly shift, and as early as October we experienced winter conditions. Man's artificial time table is just a general guide to follow. Regardless of the official season,

when the temperatures drop it is time to stoke up the wood burning stove. Splitting logs that were cut a couple years ago is always easier in cold weather. What water is left in the dried logs freezes, and when hit with an ax splits, like ice cubes shatter when they fall.

Splitting wood has many advantages and reminds me of Thoreau's statement that went something like

body twice. Even on cold days wielding an ax can work up a sweat, while burning the wood also keeps the body warm.

But I found that my wood pile warms me in other ways. Last

summer while replacing a fence near my stacked wood, I noticed the transparent capsule of an empty butterfly chrysalis. It could have been from a painted lady, a mourning cloak or maybe even a fritillary. All these species of butterfly have a chrysalis with a saw tooth

edge to it. I would like to have seen both the caterpillar and the adult, but I was satisfied that my wood pile provided a safe retreat.

AS I SHIFT and shift through the logs at different seasons, evidence of other inhabitants unfold. Not far

from the butterfly chrysalis was a paper wasp nest that had been abandoned the previous year. It too was attached by a single pedicle, which supported an open umbrella of neatly arranged hexagonal columnar cells.

Attaching their nest in the wood pile was like building a log house in the middle of a forest. Dried wood is the source of the paper which makes their nest. These wasps did not have to expend much energy traveling from the source to their nest.

Providing or maintaining habitats for animals is necessary for their survival. Habitats do not always have to be large, but the fact that they allow creatures to exist warms me in addition to the wood.

Tim Nowicki is a naturalist at Independence-Oaks County Park in Oakland County. He lives in Livonia.

Wood provides a safe retreat and a necessary habitat for nature.

Tinsmith artists make early American wares

By Linda Ann Chomin special writer

ON BARREN, snowcovered landscape near the city of Plymouth sits the mid-1800s tinshop of Bob and Anita Horwood, otherwise known as The Horwoods' Country House

As you enter the warmth of the shop from days past with teeth chattering from the cold, a woodsy, welcoming aroma of kindling wafts through the air from the antique cast-iron woodstove to greet you.

Here in the tinshop with their antique tools, the husband and wife smith team create reproductions of lamps, lanterns, sconces and chandeliers typical of those used by early American settlers during the 1700s and 1800s.

"Our products are authentically handcrafted of tin, copper, brass and terne, a pewter-look type of tin," said Bob Horwood during an interview at the tinshop. "Terne was used over a hundred years ago on barn roofs."

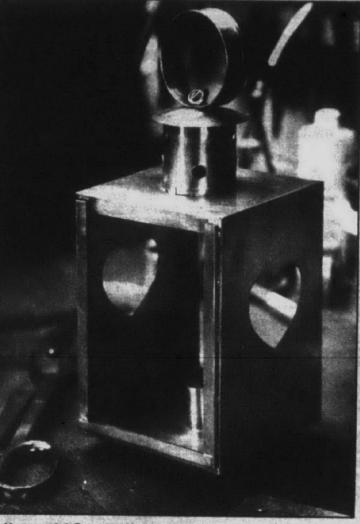

'We do everything by hand, from lanterns to outfitting whole houses with light fixtures," Anita said. "All of the (reproduction) items are from original patterns, from Williamsburg to Europe."

THE EARLY American tinware on the walls, ceiling and shelves of the tinshop hold stories of our nation's history. The art of tinsmithing has been around for hundreds of years.

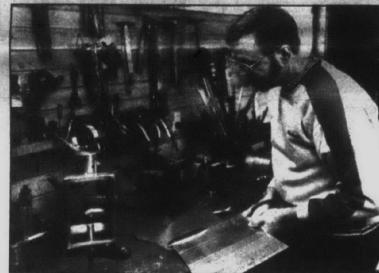

"The oldest item we make goes back to the 1560s," Horwood said. "There's a lot of crafts that come and go, but this (tinsmithing) is

part of our heritage." Horwood took the art of smithing d lies in industrial arts

wood said. "So when my wife asked me to make her an item from tin for her rosemaling class, I did. That's how it all started.

"Before long, the Horwoods were heading north to Cass City in a truck to buy smithing tools from the heir of a tinsmith. They even dragged home the old, wornsmooth-from-years-of-use log with the hollowed, bowl-shaped forms, which the tinsmith used to hammer, shape and round the tin

"Bob does all the punching," Anita said.

FOLLOWING A pattern made of the Presidential Seal, Horwood punched hundreds of ice pick-sized holes in a sheet of tin to create the eagle on the front of the lantern that he sent to President George Bush, a year ago in September.

"The 13 stars which round the lantern stand for the 13 colonies," Anita said. "Congressman Carl Pursell (R-Plymouth) walked it over to the White House for us. We received a nice letter back."

The Horwoods crisscross the United States, showing their tinware at shows in Connecticut, Maine, Virginia and Texas. "We do a lot of folk art shows," Bob said.

Entered in the tinware and Scandinavian decorating category, the Horwoods don colonial costumes to exhibit their tinsmithig skills about 15 times a year.

Tinsmith Bob Horwood uses a pair of tincutters to cut a sheet of tin to make a lamp.

During the long hours on the road while Bob drives, Antia twists and turns the shiny tinstrips into icicles. "They're reproductions of icicles made in Germany around the 1890s," Anita said. "There are about 300 different items that we make.

Items authentically handcrafted by the Horwoods include replicas of a wrought-iron, trotting-horse weather vane; a tin kitchen oven from around 1850 that used heat at the front of a blazing hearth to roast everything from apples to tarts; a Liberty tree Lantern said "to have hung in the trees at town meetings during the Stamp Tax Rebellion;" tin 10th anniversary items given "to couples in the old days on their 10th anniversary;" a 6-foot-long coach horn used to warn pedestrians that "two or

three hitches of horses and coach were coming around the corner;' and "a match holder used in the old days to hold colonial clay pies."

PRICES IN the Horwood's catalog range from \$3 for a baker's dozen of icicles to \$250 for a chandelier.

The Horwoods are partners in a love affair with the art of tinsmithing.

'When we're getting ready for a show, we put in 14-hour days," Horwood said.

"This is our hobby, our livelihood, our joy," Anita said. The visitors head out into the

cold Michigan winter, warmed inside by visions from our nation's past

Non-profit gallery perseveres; cheers for LSO's efforts

SCANNING THE artscape:

City Fine Arts Association (GCFAA) has made The Art Gallery at Sheridan Square on Ford Road a storybook success

Opened in 1989 as a fragile cultural experiment, the non-profit gallery, nurtured by plenty of TLC, has grown to showcase a range of art forms, from watercolor to pencil to sculpture.

Realism is the typical theme of the 14 exhibits.

Artists from Garden City and nearby communities are invited to sell their wares at reasonable prices in exchange for a commission fee of 20 percent, well below the average.

The lower prices put quality original art within reach of more Garden City residents. The average price ture to the community."

tag: \$80 to \$125.

I salute Norma McQueen, the gal-• Without fanfare, the Garden lery's tireless curator, and Bob Sheridan, Sheridan Square's arts-minded owner, for the invaluable roles they've played in making the gallery work McQueen, in her first year as

GCFAA president and herself an accomplished artist, sports the hat of goodwill ambassador for the gallery, a job she does with aplomb.

A charter member of the 40-member association, founded in 1982, McQueen took an early retirement from Henry Ford Hospital's administrative staff to "be more active in the art world."

"I don't think the community recognizes the artistic talent we have in Garden City," says the 27-year resident. "We're adding a touch of cul-

Sh idat budding sculptor and painter, sought out the GCFAA when a vacancy popped up at his shopping center. The artists had exhibited at the sidewalk sales and the spring festival there.

The all-volunteer staff at The Art Gallery is a fitting tribute to the GCFAA's tenacity in finally bringing a fine arts gallery to Garden City.

 Plaudits are in order for the Livonia Symphony Orchestra. Its Young Artists competition drew a record 46 contestants to Madonna College Ja .-13.

Competitors came from such renowned music hotbeds as Julliard, Curtis, Oberlin, even Leningrad.

"I'm real pleased with the four winners," said Francesco DiBlasi, LSO conductor and a professional musician for 44 years. "They're first class.

He attributed the record turnout partly to \$3,000 in prize money.

A special thanks to Nancy Richard, an LSO board member who has chaired eight of the 13 Young Artists competitions. Her behind-the-scenes efforts are invaluable.

• The long-awaited balustrade now adorns the front porch overhang at the Farmington Historical Museum in downtown Farmington. And it

looks terrific.

A Farmington Historical Society member, I truly appreciate the pursuit of the Quakertown Questers, who secured a major grant for the historical restoration project.

Adding the new wood railing makes the 124-year-old, two-story mansion appear the way it did in 1910. That's when Gov. Fred Warner, Michigan's first three-term governor, called it home.

The history-minded Questers not only provide docents for the museum but also are regular contributors.

They landed a \$6,000 grant from the International Organization of Questers to add the railing, a Victorian architectural feature. The local chapter chipped in \$50 to meet the \$6 050 cost

Farmington City Council ticketed \$4,400 to improve the roof and cornices to accommodate the balustrade. Local architect Carl Gaiser donated his professional services.

What's next up for the museum? Changing the tile covering of the everyday parlor's fireplace to wood to better reflect the 1870s. Also in the works is a room of late-1800s fashion upstairs, says Dick Carvell, museum curator

Fund raising is the hitch.

"Improvements inside have to be done through money the historical committee raises," Carvell said. 'City support more or less is for building improvements, mainte-nance and repairs."

Bob Sklar is assistant manag-Following the Questers' lead, the ing editor for special projects.

World music salute on tap

Kazimierz Brzozowski of West Blocomfield is an international pianist.

Livonia Symphony Orchestra will open its 1991 mini-series con-certs Friday, Jan. 25 with a salute to music from other nations, "Music Internationale."

The concert, under the baton of LSO conductor and music director Francesco DiBlasi, will begin 8 p.m. in the Civic Center Library, Five Mile and Farmington Road, Livonia

Guest artists will be planist Kazimierz Brzozowski and bagpiper Charles Scheer.

Scheer will perform "Wings," a march; "Mull of Kintyre"; "Dark Island" and "Goin' Home."

An industrial technology teacher at North Farmington High School, Scheer studied the bagpipes for 10 years with Dr. Robert Lovell of Ann Arbor. He is a member of the White Heather Pipes and Drums of Royal Oak, and has performed with the Canadian Blenheim Pipes and Drums in Nova Scotia. He and his family live in Farmington.

A NATIVE of Lublin, Poland, Brzozowski, who now lives in West Bloomfield, will perform Richard Adinsell's "Warsaw Concerto."

Brzozowski won the Frederick Chopin Society National Competition in Warsaw in 1981, 1982 and 1983, and the Festival for Polish

Pianists in Slupsk, Poland. He participated in the Interna-tional Piano Competition in Belgrade in 1983, and in Tokyo in 1986. He is a doctoral student of Dr. Louis Nagel at the University of Michigan

LSO members will perform Overture to "The Marriage of Figaro" by Mozart as well as his 'Prague Symphony," "Prelude No. 2 for Brass" by George Gershwin, selections from "Die Fledermaus" by Johann Strauss Jr. and "Three Pieces for Brass' by Johann Pezel. Concert tickets are \$9, \$5 for

seniors and students. They are available at the door or by calling 422-8090.

Charles Scheer of Farmington has studied bagpipes for 10 years.

She turns romance writing into career

Judith Blackwell Myers has found romance

It all started a few years ago when a friend presented the then-aspiring writer with a gift: "Writing Romance for Love and Profit." Today, she does just that.

The 38-year-old former Livonian ' lives in Sacramento, Calif., with her husband and 3-year-old daughter and, writing as Julie Meyers, is becoming a highly popular romance novelist.

Myers had never seen any of her work published, although she had been writing since grade school. After reading the gift book thoroughly, she adapted a kind of "I Can Do That" attitude

FIRST, SHE read all the best-selling romances of the time, going over each one ever so carefully, paying special attention to things like content, style, plot, length.

She sent away to various romance publishing houses for writers guidelines. She joined the Romance Writers of America (RWA) and met other writers, honed her writing skills, and

learned more about marketing romance fiction.

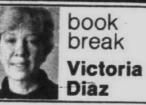

An editor from Harlequin, one of the world's largest publishers of romance fiction, spoke to Myers' local chapter of RWA. Myers took copious notes and hung on every word.

THEN, SHE sat down and wrote the first three chapters of a teen romance she titled "Just Like Jessica." Shortly thereafter, she sent the chapters to Crosswinds, a division of Harlequin that specializes in Young Adult books.

All her homework apparently paid off. Crosswinds bought the book, on the strength of those first three chapters.

Since then, Myers has proposed four more books to Harlequin, and Harlequin has bought them all. "Face to Face" was published in 1989 and "In the Cards" in 1990. "Comfort and Joy" and its sequel, "Body and Soul," will be out early next year.

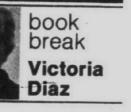

Also since then, "Face to Face" won the Golden Heart Award from RWA for the Best Unpublished Book

of 1987. After publication, the book was a finalist for the RWA's Golden Medallion Award for Best Short Contemporary Romance in 1989.

THOUGH MYERS declines to reveal her income as a romance writer ("that would be crass"), she does say it's "comfortable."

er, you need to know exactly what line you're writing toward, and what market you're writing for," she said.

need to know exactly what line you're writing market you're writing for.'

- Judith Blackwell Myers

"You have to work with certain page limitations, certain levels of sensuality

Otherwise, you'll just shed a lot of blood, sweat and tears, and there'll be no (market) available for your work. Of course, if you're working purely as a hobbyist, and want to write a book that will just suit you

CLEARLY, MYERS is not into this writing business as "a hobbyist." It's obvious after talking with her for only a few minutes that she is not someone interested in writing for herself only, then relegating her words to the bottom of a desk drawer somewhere.

She can quote facts and figures related to the romance writing field as handily as a seasoned economist can rattle off numbers and statistics.

And though she may deal in romantic fantasies when she's writing, she's certainly no dreamy-eyed type sitting around and hoping the muse will drop in and pay her a long, inspiring visit.

She writes five days a week without fail, turning out three to four pages a day, whether she feels "inspired" or not, and usually completing one chapter every week.

After a recent visit with friends and family in Livonia, she was back at work once again in her at-home office in Sacramento.

BOTH OF her forthcoming novels will feature the usual girl-meetsboy, girl-loses-boy, etc. plot line of romance fiction. But the stories will be played out against an unusual background.

Soup tureen was made in Stoke, England

Q: What can you tell me about my e soup tureen with cover and plate? It is marked with and crown with "Copelend" de the wreath.

A: The mark you describe was ed by W.T. Copelend and Co. Ltd. Stoke, England, in the late 19th century. It would probably sell for \$245-\$265 in an antique shop.

Q: The attached mark is on the ttom of a teapot that holds about two pints. It is decorated with a orse and buggy. There are red bands around the upper and lower part. Can you tell me anything about the vintage, value and origin?

A: This mark was used by the Edwin Bennett Pottery Co. in Baltimore, around the turn of the century. It would probably sell for about \$35-\$45.

Q: The initials "C.T." under an eagle is the mark on a vase decorated with a garden scene that includes a beautiful girl with two cherubs. It is nine inches tall and has two handles. Can you tell me anything about its vintage and value? Do you know who made it? '

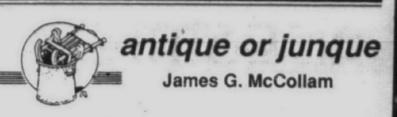

A: The mark indicates that it was made by the Carl Teilsch company in Altwasser, Germany, during the late 19th century. It would probably sell for about \$165-\$185.

Q: I have an eight-piece washstand set consisting of pitcher and bowl, soap dish, toothbrush holder, small pitcher, shaving mug, etc. It is marked "K.T. & K. Co." with an eagle. Can you identify the maker? What is the value?

A: Your set was made by Knowles, Taylor & Knowles in East Liverpool, Ohio about 1900. It would probably sell for \$265-\$285 in good condition.

Q: I have an armchair made of genuine steer horns; the seat is covered with cowhide. Can you tell me when it was made and what I can sell it for?

A: Chairs like this as well as tables, stools and hat racks were made in Denver, between 1880 and 1900. Dealers are currently selling these chairs for \$500-\$600. Unless you sell

to a collector, you may have to settle for \$300-\$400. Dealers are in business to make a profit.

Book Review: "The Beer Stein Book" by Gary Kirsner and Jim Gruhl, Glentiques, Ltd., P.O. Box 8807, Coral Springs, Fl 33075, \$39.95, plus \$2 postage, or at your local bookstore. Here you will find 2,400 choice steins; each one is priced and illustrated. It updates "The Stein Book" published in 1985.

Send your questions about antiques with picture(s), a detailed description, a stamped, selfadressed envelope and \$1 per item to James G. McCollam, P.O. Box 1087, Notre Dame, IN 46556. All questions will be answered but published pictures cannot be returned.

McCollam is a member of the Antique Appraisers Association of America.

This English soup tureen would probably sell for \$245 to \$265 in an antique shop. It dates back to the late 19th century.

GARDEN WALKS

The Matthaei Botanical Gardens Conservatory is open for docent-led tours at 1 and 2 p.m. each Saturday.

January tours will offer a look at plant adaptations. Cost is \$1 per person; children younger than & are admitted free. Arrive early. Up to 30 people per hour can be accommodated. No strollers are allowed.

In February, the conservatory theme will be items of affection.

At 2 p.m. Sunday, Feb. 3, docents will lead a tour of what's out there besides trees and shrubs. Dress for the weather, including warm, waterproof footwear. The tour will last 90 minutes.

The gardens are at 1800 N. Dixboro, Ann Arbor, a half mile south of Plymouth Road.

DSO EVENTS

The DSO's 1990-91 Detroit News Young People's Concert Series continues with Hudson Vagabond Puppets and the orchestra led by guest conductor Charles Greenwell.

The program will include Glinka's Overture to Sussian and Ludmilla, Respighi's The Birds, Ka-balevsky's Overture to Colas Breugnon and Schickele's A Zoo Called Earth. Performances will take place at 11:30 a.m. and 2 p.m. Saturday, Jan. 26, at Orchestra Hall.

Pops music advisor Erich Kunzel will lead the orchestra in a program of music featuring tributes to Cole Porter on the 100th anniversary of his birth and to Walt Disney at 8:30 p.m. Friday, Jan. 25, 8:30 p.m. Saturday, Jan. 26, and 3:30 p.m. Sunday, Jan. 27, at Orchestra Hall. Also performing will be The Singing Hoosiers from Indiana University

Pianist Peter Serkin is featured in the DSO's "In Recital Series" at 8 p.m. Sunday, Jan. 27, at Orchestra Hall. He'll perform Brahms' Three Chorale Preludes, Op. 122; Lieberson's Breeze of Delight; Knussen's Variations; Beethoven's Six Bagatelles, Op. 126; Mozart's Sonata in F major, K. 533; Goehr's . . . in real time, and Chopin's Bolero.

For tickets to any DSO performance, call 833-3700.

USED BOOKS

More than 15,000 books and magazines will be offered for sale at the Detroit Public Library, 5201 Woodward in the University Cultural Center, 9:30 a.m. to 4 p.m. Friday-Saturday, Jan. 25-26.

Sponsored and staffed by the Friends of the Library with assistance from the Altrusa Club of Detroit and the Women's Club of North Rosedale Park Association, the used book sale features hardcover adult books for \$1, paperbacks for 50 cents, hardcover juvenile books for 50 cents and paperback juvenile titles for 25 cents. Paperback romances are priced at five for a \$1 and special items are priced at \$2 or \$3.

The used books fall mainly into the categories of fiction and mysteries, although biographies and most other non-fiction subjects are represented on the shelves of the fourth floor storage area, where the sale will be.

much of the art scene from 1890 to 1930," she said

An opening reception will be 7:30-10 p.m. Fri-day, Feb. 1, in the Mardigian Library lobby. There is no charge.

MOSCOW THEATER

The famed Moscow Studio Theatre begins its first American tour in Ann Arbor's Michigan Theater, Friday-Saturday, Feb. 1-2.

This Soviet ensemble has played arts festivals across Europe, under the direction of Oleg B. Tabakov.

Feb. 1, the troupe will present "My Big Land," a touching play by Jewish dissident writer Alexander Galich. The play is a 20th century look at the Russian themes of fatherhood and motherland, paternity and place.

Banned in 1958 by Soviet authorities because of its Jewish characters and political content, the play today is popular in Moscow, where a younger generation sees it as a commentary on their own lives

Feb. 2, Soviet actress Maria Mironova stars in Alexander Buravsky's "The Teacher of Russian."

The modern allegorical tale is set in a contemporary Soviet hospital in a popular seaside resort. The hospital is run by a corrupt and scheming doctor who rents the patents' rooms to vacationing tourists, pocketing the profits.

Two tourists, a young man and an elderly woman, are roomed together in one of the wards. The doctor, hearing rumors of an official investigation of the hospital, falsifies the medical records of his guests.

When an onsite probe is ordered, he tries to legitimize his practices by making his records accurate. For the young man, it means the doctor must break his legs.

The script uses adult themes, partial nudity and satire to comment on modern Soviet life.

Tickets to any Moscow Studio Theatre performance are \$24.50 for Michigan Theater members, \$26.50 for non-members.

Showtime is 8 p.m.

Call the box office, 603 E. Liberty, 1-313-668-8397, 11 a.m. to 6 p.m. weekdays or noon to 4 p.m. Saturdays.

COLOR COURSE

Leslie Masters, former associate director of the Birmingham Bloomfield Art Association, artist and teacher, will give a 12-week class on color theory and design at Schoolcraft College in Livonia beginning 7-10 p.m. Monday, Feb. 4.

The class, which offers college credit, is open to the public. Fee is \$95. For registration, call 462-4448.

In the class, Masters will present a logical study of color theory and the basics of mixing pigment color

There will be a series of exercises to aid in understanding the properties of color pigment, how pigment colors interact, how to test various kinds of paint and how to control color in art.

Masters, a member of Birmingham Women Painters and Ann Arbor Women Painters, has had work in shows at the Rubiner Gallery of West Bloomfield, Detroit Artists Market, Detroit Institute of Arts and Birmingham Bloomfield Art Association and in many regional and national exhibits.

STORYTELLING FORUM

Local performer-storyteller Pat Roan Judd will conduct a storytelling seminar 6:30-8 p.m. Sunday, Jan. 27, at Borders Book Shop, Novi.

"Telling Tales: How to Enchant an Audience" will offer storytelling, lecture and hands-on experience for adults who want to tell stories to audiences of all ages. The registration fee is \$5. Refreshments will be served.

Judd, who recently completed a month's residency at the Smithsonian's Discovery Theatre, will tell a story, describe story patterns and get everyone at the seminar involved in telling a tale to each other.

"You can read a story from any primary source and make it your own," she said. "And once you know the pattern, you can make up stories too.

Judd will demonstrate techniques for telling stories to children, which she says calls for more participation and sensory involvement.

The Birmingham resident teaches and performs through her own company, Plain & Fantasy. She also works with Wolftrap Institute for Early Learning Through the Arts. She studied storytelling with Gamble Rogers and mime with Marcel Marceau.

Borders is in the Novi Town Center, off Novi Road, just south of I-96.

• U-M MUSIC

The music of Leonard Bernstein will be featured in a joint concert by the University Symphony Orchestra and the University Philharmonic Tuesday, Jan. 29, at the University of Michigan School of Music, Ann Arbor.

Gustav Meier, director of University Orchestras, and Donald Schleicher, associate director, altrnating at the podium, conducting both ensembles

The 8 p.m. concert is free.

Two free faculty piano recitals also are on tap. Nina Lelchuk, Russian-born and educated at the Moscow State Conservatory, will perform at 4 p.m. Sunday, Jan. 27, in the School of Music Recital Hall. She will feature compositions by Medtner, Liadov, Ravel and Chopin.

Louis Nagel, a Julliard School of Music graduate and an international performer, will play at 8 p.m. Thursday, Jan. 31, in Rackham Lecture Hall. He will feature a Mozart/Schubert program.

For program information on School of Music events, call the music hot line: 763-4726.

WINTER ARTFEST

The University of Michigan-Dearborn Fine Art Associates will present the winter art exhibition, "American Prints: 1920-1940," Feb. 1 through March 1 in the Mardigian Library on campus.

"The exhibition pieces were selected to stress homegrown American graphics," said Electra Stamelos, art exhibitions and acquisitions director.

"Prior to the 1920s, American artists' work tended to reflect European and other outside influences. The prints in our exhibition were inspired by purely American sources - people, places, landscapes - and from influences other than Whistler, who with his followers dominated

The Antique Automobile Car Club of America swap meet will be Sunday, Feb. 10, at the University of Michigan-Dearborn campus fieldhouse, 4901 Evergreen. Four hundred tables or spaces will be available.

Rental is \$16. Admission is \$23.50.

The swap will include car parts, tools and literature restoration aids.

The club is non-profit and does the car judging at Greenfield Village's old car festival. Call Ralph Boyer: 274-0272.

PAINT WORKSHOP

Decorative painting, the art of transforming ordinary flat surfaces to take on the appearance of marble, granite and even fine English leather, has experienced a surge in popularity.

To make these "faux finishing " techniques available to commercial painters and contractors of Michigan, Detroit-based Mercury Paint Co. will conduct a five-day workshop on decorative painting Monday-Friday, Feb. 11-15, at Mercury Paint Co. headquarters, 14300 Schaefer, Detroit.

But commercial painters and contractors aren't the only folks who can benefit from the workshop.

Designers are interested in these finishes so they can better serve their clientele and be more familiar with the finishes they specify," said Charles Soberman, company president.

'And artists take this course to learn more about the decorative painting skills that have been taught through the centuries.

Utah-based Rocky Mountain Painting, co-sponsoring the workshop, is an establshed leader in decoration and restoration. Since 1971, it has specialized in decorative graining, marbling and gilding as well as artistic stencil work.

The workshop fee is \$795 per person. It includes instruction, materials and supplies, videos, samples and a catered lunch each day. Call Rocky Mountain Painting toll-free: 1-800-527-9284.

PIANO SOLO

Eugene Haynes Jr., pianist and composer, will be solo performer at the 47th annual E. Azalia Hackley Memorial Concert at 7 p.m. Wednesday, Feb. 13, in Friends Auditorium at the Main Detroit Public Library, 5201 Woodward in the University Cultural Center. Admission is fee.

The concert, which the library sponsors with the Detroit Musicians Association, consists chiefly of works by African-American composers and honors the memory of a pioneer musical educator, Madame E. Azalia Hackley, for whom the library's Hackley Collection of Music, Dance and Drama is named.

WATERCOLOR SHOW

The Michigan Water Color Society is now accepting slide entries for the 45th annual exhibition, to be April 26 to May 24 at Detroit Artists Market, 1452 Randolph, Detroit.

Slide entries must be postmarked by Feb. 1.

To be eligible, you must be a resident or former resident of Michigan. Paintings are limited to watermedia on paper, executed independently and completed within the past two years.

A traveling show of selected paintings from this exhibit will be shown at museums, universities and art centers throughout Michigan.

Juror will be Ellen Lanyon, a painter, printmaker and educator from New York.

New builders say there's room for them even in times of economic un

Poor economy fails to deter new builders

By Gerald Frawley

The area's big builders, despite the economy, remain optimistic that the coming year holds a lot of promise for the industry.

Most of them have been through the economic recession of the early 1980s. They've been around for years, survived the economic cycles, and their corporate leaders have the savvy to plan through the hard

They may not make a lot of money, but builders are confident they will somehow make it through.

But what about the small builders or the young builders who got into the business at the tail end of the 1980s' building boom? What do they about the future?

Terry Nosan, the Builders Association of Southeastern Michigan's young builder of the year, said that despite what people see in the media, new house construction is still a very viable industry.

'It's really not that bad out there." Nosan, a vice president with Nosan/Cohen Associates in West Bloomfield, said even though it may not be growing, the housing market in southeastern Michigan remains

'Most people are optimistic despite what you may have heard."

Housing starts this year, according to the Builder's Association of Southeastern Michigan, were expected to rise by 9.5 percent from 10,500 to 11,500 depending on what happens in the Middle East, according to projections of the Builders Association of Southeastern Michigan.

That increase would follow a decline of 15 percent from last year. A record 12,400 single family units

There may be some good opportunities for the new builder. Purchasing land at a reasonable price is one of the toughest jobs facing builders. During slower economic times, the small builder may be able to buy land from the larger builders who have overextended themselves by keeping a large land inventory.

has been building new houses throughout Oakland Country for about two years, but has been in the building business in one form or another since he was 17 - said with the exception of a couple of weeks in, December, he's been extremely busy

Todorovich is both a home builder and a general contractor working for other builders.

Todorovich's company completed seven or eight custom homes and 15 speculative homes (homes built without a specific buyer). Homes built by Todorovich ranged from \$80,000 to \$300,000 last year.

"I've already (this year) been contacted about doing four or five new custom homes," Todorovich said.

FOR A SMALL company with only five full-time employees, 20 homes a year is a good year. Even when he wasn't building new homes, Todorovich found plenty of work building home additions and garages, he said. Todorovich said he doesn't mean to infer that being a new home builder is easy in slowing times - or in good times for that matter - but it is not impossible. "I think it's tough to get started right now - you need a lot of good contacts. Todorovich said in order for a small builder to succeed, he must be flexible. "We'll go everywhere and anywhere, and build anything," he said. A small builder has that option because it's easier for him to move from place to place for individual projects. A good reputation - with customers, tradespeople and building inspectors - is also an absolute must for the small builder, he said.

2 leave Farbman/ Stein

Marsha Fischer, a vice president for the commercial real estate firm of Farbman/Stein in Troy, figured last month that the time was right to start her own firm.

So she did, - Fisher Real Estate - in Farmington Hills.

"Good brokers will always do well, and I pride myself on being a good broker," Fischer said. "The past nine years, I developed my own clientele. I've always had a great relationship with developers. I just had very, very good feedback from everybody

"Farbman/Stein is a wonderful place to work," she said. "I couldn't have stayed there nine years if it wasn't. It was like a family.

"The timing (to leave now) was good," Fischer said. "I wasn't really in the midst of any big deals whatever. It's a wonderful feeling to walk into your own office."

Several leasing and sales agents have left an employer/employee relationship to start their own businesses the past couple of years.

Joren Peterson, Bruce Simon and Michael Lippitt left Coldwell Banker to establish Landmark Commercial Real Estate Services in Birmingham. Steve Gordon left Byron W Trerice Co. to start Signature Associates in Southfield.

Fischer expects to service both landlords and tenants.

"We will lease and sell commercial property, general office space, medical space, office space, industrial," she said.

CURRENT CLIENTS include Morris Margulies, owner of the Franklin Savings Building in Southfield, and Harold Beznos, owner of Troy Venture Plaza, Fischer said.

"Everyone goes through passag-es," she said. "I have gone through

brokerage. "I'm very competitive," Fischer said. "I enjoy real estate - live, eat and sleep real estate. It's not a job. It's part of my life."

Eric Stein, a sales agent at Farbman/Stein for 41/2 years, has resigned the firm co-founded by his father, Lee, to join Fischer.

"It was a difficult decision to make, obviously," Eric Stein said. "There's some good people there, friends of mine. I found an opportunity to go to a new company where I could grow within."

Stein worked on both property management and brokerage while at Farbman/Stein.

"When I was in (property) management, the learning curve had pretty much flattened out," he said. Fischer Real Estate is really focused on real estate brokerage. It's a dynamic company. It's exciting to be in that environment.

We complement each other very well," Stein said of his working relationship with Fischer. "If we get into a meeting together . we're used to every situation.

were permitted in 1989.

NOSAN SAID THERE aren't many new builders, but then, there are relatively few people who go into building even during good times.

"But in a manner of speaking, yes, it could be a good time to become a builder - if you come in on a conservative basis.

There may be some good opportunities for the new builder. Buying land at a reasonable price is one of the toughest jobs facing builders, Nosan said. During slower economic times, the small builder may be able to buy land from the larger builders who have over-extended themselves by keeping a large land inventory.

Other problems encountered by builders working on large sites wetlands, woodlands and the no growth/slow growth movement may also not be as big a problem for the small builder working on one site.

Take emotion out of house hunt

You can avoid the "emotional pitfalls" of buying a new house by following a well thought-out plan, says the chairman of a national home inspection company.

Falling in love with a particular house is not a good enough reason for buying it, according to Ken Austin, chairman of HouseMaster of America

"Of course, you must like the house a lot, but buying a house is no longer an emotional event. Today, financial considerations play an expanded role in the purchase deliberations

"It helps to set some guidelines so that you can conduct your house hunt with realistic expectations.

To begin your personal analysis, it' is necessary to determine what is an affordable amount to spend each month on housing.

"Review your monthly bills for

the past year and estimate a typical month's budget. This should help you arrive at an amount that is available to you each month for housing costs," Austin said.

From this figure, subtract your estimated monthly cost of real estate taxes, home insurance, utility bills and repair and maintenance costs. The amount that remains is what is available each month for basic mortgage payments that include principal and interest.

The next thing to decide is how much money is available for a down payment, which is paid upon the signing of a contract, usually several weeks or even months prior to closing. Closing costs should also be calculated because these must be available at the time of closing. A rule of thumb for calculating closing costs is to estimate 3 to 5 percent of the purchase price.

TO DETERMINE what price house is affordable, Austin suggests multiplying your annual gross income by 21/2. Next, determine the amount of annual income that is required to handle mortgage payments. Most banks and mortgage companies generally follow the rule of thumb that "monthly mortgage payments, including real estate taxes, should not exceed 25 to 30 percent of annual income."

Most banks and real estate brokers can provide a mortgage payment table with different interest rates to help determine monthly costs. In all calculations, Austin advises to factor in estimates of present and future personal considerations and expenses that may have an impact on monthly budgets. These might include tuitions, medical expenses, child care costs, pay raises, bonuses and job security.

"Though the banks might use the 25-30 percent calculation, you need to add in these other items to be sure you will be able to make the monthly outlay of cash.

ONCE A buyer has analyzed his or her financial status, the next step is to seek out qualified professionals to assist in the house hunt.

'It is a tremendous help to know who the individuals are that you are able to call on throughout the various stages of house hunting. This way, you have the emotional security of knowing that there are people out there who can assist you and are just a phone call away," Austin said.

Some of the professionals who take part in the home-buying process are real estate brokers, lawyers,

Check carpet's fiber content

AP - Every carpet has unique characteristics that make up its distinct personality.

21**

Texture is a decorative characteristic with many options. Looped pile (the pile is the surface of the carpet that is seen) may be level or mul-tilevel (high and low loops). Levellooped carpet has become a popular contemporary choice, providing a durable, hard-wearing surface. Short loops, especially, keep soil and spills on the surface, according to Decorating magazine.

Plush is a cut pile which may be smooth or with a twist in the yarn. "Denier" and "ply" are common

terms to carpet shoppers. Denier re-fers to the fiber size and weight. Ply is the number of strands twisted together to form a single yarn. A good rule of thumb is that the higher the figures for denier and ply, the better the quality of carpet.

The fiber content also will determine how well the carpet will perform. Basically, four major man-made fibers are being used: nylon, acrylic, polyester and olefin. These synthetic fibers are practical, among other reasons, because they are nat-urally resistant to insects and mildew and are non-allergenic. They are also easy to clean and are soil resistant.

New builders test economic waters

stock and trade, he said. Larry Watkins, of Watkins Custom Homes Inc., in Berkley, said despite repeated reports in the media that times are tough, he hasn't had a problem yet.

Nor is he concerned about the future may hold, he said. "I'm just going to continue what I've been doing.

WATKINS HAS been in the building trades for years, but began building new homes own only last year. To date, he has built and sold two homes - both within days of completion — and is nearing completion on a third home started in September

His homes range from \$150,000 to \$250,000. Watkins builds only in Oakland County.

Watkins said he believes there may not even be a slowing housing market if it weren't for a media-perpetuated myth of a housing slump.

It depends on what market you're trying to reach," Watkins said. "If you're building for the below-\$200,000 market, you should be all right.

"It's been encouraging for me because I haven't run into any problems," Watkins said.

A definite advantage for the small builder is the public perception of small builders as quality builders. "I think quality will always sell."

IT STANDS TO reason that a home built over several months is going to be better built than one built in several days. "When you start mass production, I think you're going to lose quality.'

Small builders aren't directly affected by some of the problems that worry the larger builders. Although financing construction is a problem for everyone - especially since the collapse of the savings and loan industry - it doesn't impact the small builder as much.

While there may not be enough money available for an entire subdivision, a small builder in good standing with a bank can get a loan, he

Also, when building a custom home, it is the homeowner who has to come up with financing, Watkins said. A third option - which he uses is to find a private investor rather than a commercial bank.

Land availability, another problem for larger builder, impacts the smaller spot builder less. While it may be difficult to assemble and acquire large parcels, it is less difficult to buy single lots, he said.

Humble roots for black cherry wood

AP - Although today most people think of black cherry as one of the classic furniture woods, it wasn't always that way.

Settlers in the Appalachian Mountains, for example, valued the tree's fruit more than its wood. They dubbed the tree "rum cherry" be-cause from its dark purple cherries they brewed a potent liquor, according to WOOD magazine. Also, black cherry's inner bark contributed to tonics and cough medicines. Else-

where, though, the wood was more appreciated.

Early New England furniture makers often found the price of fashionable Honduras mahogany beyond reach and turned instead to native black cherry. Because black cherry wood eventually darkens to a deep reddish brown, these frugal crafts-

England mahogany" in with the real thing

Today, cherry still appears in classic reproductions of colonialstyle furniture. It has also climbed in popularity as a new look in kitchen cabinets.

Black cherry (Prunus serotina) ranges from the Missouri River east to the Atlantic Ocean, but the species develops best in the Allegheny and Appalachian Mountains of the East. There, in forest conditions, trees grow to 100-foot heights and 4-foot diameters.

YOUNG BLACK cherry has satiny, dark, red-brown bark that develops into gray flaky scales as the tree matures.

FIGHT SOME OF THE WORST DISEASES OF OUR TIME.

Support the American Diabetes Association.

1 0

Obesity can start a chain reaction to poor health that can be devastating.

To begin with, most physicians and researchers consider obesity to be the major cause of diabetes in adults. Up to 90% of adults diagnosed as having diabetes, in fact, are overweight.

Of course, once you have diabetes your chances of developing heart disease, kidney disease, or going blind increase dramatically.

As a person with diabetes you'll be twice

as prone to heart disease. 17 times as prone to kidney disease. And 25 times as prone to blindness, if you are insulin-dependent.

Diabetes, in fact, can shorten your life expectancy by one-third.

Fortunately, diabetes in adults, in most cases, can be prevented with careful weight control, healthy eating habits, and regular exercise.

So if you're overweight, doesn't it make sense to take off the extra weight? Instead of years off your life?

Austin says to keep in mind that many style homes are not readily available in certain neighborhoods, which is an added reason for stating a preference early.

WITH FREE TIME limited, many house hunters will try to see as many houses as possible in the least amount of time.

It is often helpful to list the pros and cons of each house. Austin suggests the house hunter go one step further and develop a "best home rating."
