Jerry Vorva, R-Plymouth, has been named vice chairman of the House committee on senior citizens and to committees on education, insurance, housing and urban development, and state affairs,

Traditionally, committees study issues and propose legislation, to be acted on by the full House. Observers say that this is a good year to be a freshman legislator, partly because

their numbers are greater this year. Not only are 18 of 55 Republican legislators freshmen, but with Republicans and Democrats divided evenly at 55 members each, "All sides are going to have to give a little," Vorva

Tonquish legend re-found

BY KEVIN BROWN STAFF WRITER

Lost for several years, a document detailing activities of Indian chief Tonquish and pioneer days in the Plymouth area has been rediscovered.

'Uncle" Chuck Guideau, a longtime Boy Scout leader and Indian enthusiast, was recently going through boxes of material he's collected on Indians, when he found the four-page document.

"A lot of people ask about how they got the name 'Tonquish' (for the creek)," he said, adding the document offers an explanation.

Titled "The Story of Tonguish," by Melvin Osband — he spells the chief's name with a "g" instead of a "q" - the document was part of the Michigan Pioneer Collections in 1885. But the writer said the account is based on his memories of times in Wayne County from 1815 to 1820.

After the peace of 1814, Osband begins, "The Pottawattomie Indians were disaffected and troublesome.

'Whether from any specific grievance or from their natural habits of lawlessness, they frequently committed little deprecations on the sparse settlers along the river Rouge.'

"They manifested no desire to engage in open hostilities, but were indifferent to the rights of the whites, where they conflicted with their own wants or caprices," Osband contin-"Tonguish was their chief and also

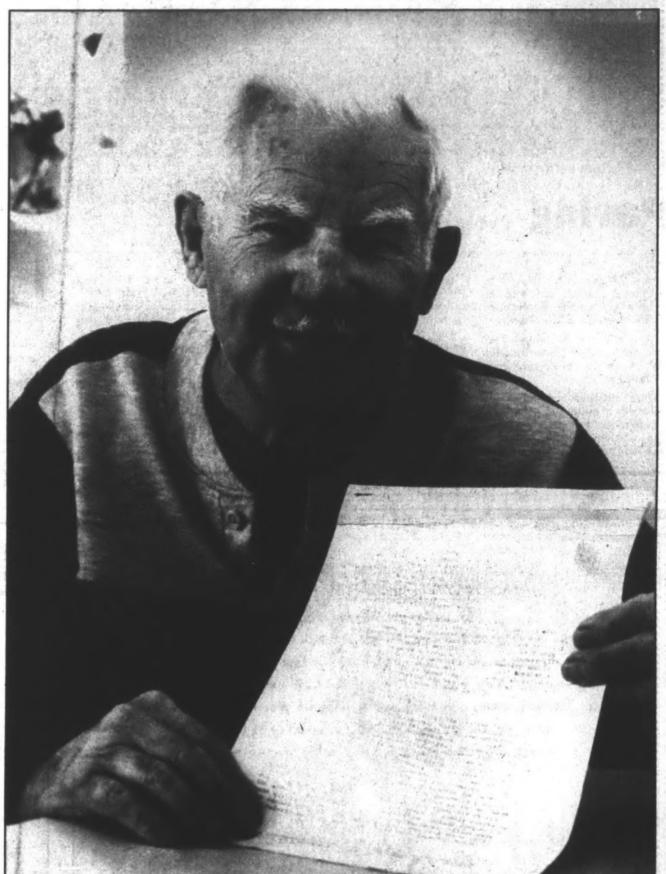

their leader in these acts of lawlessness. In his relations with the whites he was arrogant and imperious.'

Tribe of thieves

The group of Indians liked to go to cabins to take items during the day when the women were home but the men were absent. Sometimes, they were surprised when the man turned out to be home after all.

Osband recalled the time Tonquish and his band visited the house of Alanson Thomas, who lived in a log house on the north side of the Rouge River, "about two miles below where

Subdivision paving plans draw opposition

BY KEVIN BROWN STAFF WRITER

Folks in two subdivisions have circulated petitions seeking street paving, but several who oppose the work spoke their piece Tuesday before Plymouth Township trustees.

It started when Tonquish and his band stole bread from a house on the Rouge near Detroit when the family was absent. The man of the house, just coming home, tried to wrestle some of the bread from an Indian when Tonquish's son shot and killed the man. The Indiáns fled west.

"The pursuing party first sighted the Indians near where the In-

dian trail crossed the town line between Nankin and Livonia, a little west of the mill pond of the present Nankin mills," Osband wrote.

The Indians then "turned to the left and crossed the stream since known as Tonguish creek, and passed out of sight over the opposite bank," Osband contin-

The major shot, and Tonquish's son fell.

Tonquish drew his knife and lunged at Macomb, and James Bucklin used his empty gun as a club "to keep the chief off until Macomb could load;" the chief ran, and was shot and killed.

"Our role here is simply to act as a facilitator," Anulewicz said. 'We're not there pushing one way or the other.

Once petition signatures are collected, a minimum of 60 percent of affected homeowners must sign petitions for the process to seek bids before paving can begin.

In both the Arbor Village and Plymouth Colony subdivisions, this phase of a paving effort has been reached.

But on Tuesday, opponents had a chance to speak their views. And both supporters and opponents posed questions on cost.

First up were residents of Arbor Village, where 73 percent signed petitions favoring paving. One resident said that once streets were paved, teenagers would race cars through the subdivision and

said that with no sidewalks, this would pose a danger to children.

Shirley Kinsler of Southworth asked if property assessments would rise. Anulewicz said that while there is no automatic rise in assessments, "I have to be realistic. The tendency is the pavement of that road will normally add market value to your property.'

Residents also questioned the county government's commitment to road upkeep.

Canton landfill accepts some garbage from Canada

BY JOANNE MALISZEWSKI STAFF WRITER

Waste Management Inc. disposes garbage from Canada at the nearly full Woodland Meadows landfill in Canton

"A lot of Canadian waste is coming in over the border," said Jim Logsdon, vice president of regional development at Waste Management.

That doesn't mean all of Canada's waste is coming over the border and being driven down I-275 to Canton. "It's a small thing as compared to the whole volume." Logsdon said.

Waste Management has divisions in Windsor and Toronto. Waste Management trucks bring some of the garbage from those sites to their landfills in Michigan, such as Woodland Meadows.

"It's a business decision," Logsdon said. "Their garbage is no different than ours. It's municipal solid waste." Some of that garbage has been diverted to a landfill in Orion Township as well, he added.

Township Clerk Loren Bennett said he's surprised that Waste Management brings Canadian garbage to Canton, especially

when Woodland Meadows is running out of space.

A second Waste Management landfill — to be called Woodland Meadows South, at Van Born and Lilley roads in Van Buren Township - is not yet ready to open. It's expected to open, however,

when Woodland Meadows closes.

Logsdon acknowledged that space is getting tight at the landfill and that residents may wonder why garbage is accepted from Canada with space at a premium. "We're very aware of the possible sensitivity to that. The garbage is coming in and we are documenting it.'

Nonetheless, Logsdon said Waste Management has contracts it must honor. "We play the old game. We can divert to other sites, including Oakland County. It's business, but we are sensitive

to contracts with our host communities.

Waste Management has been taking Canadian garbage to Woodland Meadows for about a year. "It's an economic thing. It's a lot more expensive (to dispose of) over there (in Canada)," he

There's nothing to stop the flow of garbage over the border. The United State Supreme Court ruled in 1992 that communities can't ban garbage from outside

"We regulate it and put the same standards (as on the community's own garbage) on," Bennett said. "It's yet to be decided whether we ban it coming in from within the state. It may be that we can ban it from Calhoun County, for example, but not from

Vorva praises content of State of the State speech

Property tax reduction, economic development, and educational reforms are among Gov. Engler's major goals for 1993, said state Rep. Jerry Vorva, R-Plymouth, who applauded the spirit of the governor's Tuesday night State of the State message.

Vorva said Engler's property tax relief proposal seeks a 20-per-

cent school property tax cut to be phased in over three years. It includes additional reductions in subsequent years to prevent as-

sessment increases from increasing taxes faster than the rate of inflation.

"As a frustrated property taxpayer myself, reducing property taxes was a major theme in my recent campaign," Vorva said. 'Now that Republicans hold a philosophical majority and share control in the House, some of the governor's proposals are highly possible. Its passage would be a significant step in the struggle to reverse Michigan's spiraling property taxes."

Vorva said he also is pleased that Engler plans to promote Michigan's business advantages by creating a partnership between the public and private sector.

"The governor wants to champion Michigan as an excellent state to do business," Vorva said.

"His new Michigan Jobs Team partnership will involve people from business and industry, labor, colleges and universities, government, and the community. It will build stronger alliances to recruit new investment, jobs, and opportunities to the state.

"It also will help better prepare today's workers for tomorrow's jobs by consolidating and transferring job training programs from the departments of Labor and Social Services into one new customer-friendy agency."

"For the first time in 24 years, the state House is not controlled by a highly partisan and obstruc-tionist leadership, which was largely responsible for legislative gridlock. "We're going to be starting next week; things are going to happen quickly in this session," he said.

Vorva said he hopes to encourage quick action related to insurance reform. "When you look at the area I represent, northwest Wayne County, all of us pay higher insurance rates because we live in Wayne County.

When you look at the actual crime rate in Plymouth and Northville, is it justified by the real numbers?" Vorva asked, saying rates "should be more reflective of the crime rate."

"We're legitimate. And we're here to stay," Bruce Patterson told Canton Township trustees Tuesday, when they considered a resolution recognizing the foundation as a non-profit organization for a gaming license for a golf outing and raffle.

Patterson took that opportunity to address rumors that have floated around the community for the past year about the foundation's funding, particularly its tax

"I have been led to believe there was a suggestion by one trustee, if not more than one, that the Canton Community Foundation was not a legitimate organization, not a legitimate charity, not a charitable organization, not a tax-exempt entity," Patterson said.

That one trustee, Bob Shefferly, told Patterson there weren't any rumors. "I didn't spread it around. I talked only to two peo-

Shefferly told Patterson he wants to see the foundation's balance sheet.

"As long as it's a legitimate request, we will be more than happy to sit down with you. We will not

share donor information," Patterson responded. "We have nothing to hide.

But he told Shefferly that foundation officials would show aggregate spending amounts, not line items. "We don't have a profit and loss statement because we are not a profit organization."

Shefferly admitted his concern is the foundation's administrative costs. Administrative costs for the township's federal Community Development Block Grant program is about 20 percent. Shefferly said he believes the foundation's costs are higher than that.

The directorship-run organiza-

tion has no employees but has two independent contractors, executive director Bill Joyner, and a part-time worker.

'You get an overlap in their duties and responsibilities. At no time since I've been involved have administrative costs exceeded 23 percent," Patterson said. If administrative costs are broadly defined, the foundation's wouldn't be more than 20 percent, he add-

"We're talking about my reputation here as well as that of the Canton Community Foundation," Patterson said. "I want the whole world to know these are the facts and the other things are rumors."

National Dietary Research, an or-

With the Metabolase Plus System, you consume at least 6 meals a day from a wide variety of foods followed by the enzymes to overcome the body's natural resistance to weight loss.

To demonstrate the effectiveness, NDR sponsored a promotion where free samples were given to 50 people. The results found that women following the regimen lost over a pound a day and men lost over two pounds a day. The director of research and development at NDR cautions that these results may not necessarily be indicative of what the average consumer could expect because the rate of weight loss for individuals varies.

Three win music competition

The Plymouth Symphony Society has announced three winners of the Youth Artist Competition for high school-aged instrumental music students from the Plymouth/Canton, Northville and Novi communities.

Winners will receive opportunities to perform with the symphony as well as cash awards.

Susan Bozell, a flutist and Plymouth Centennial Educational Park senior, won first place and will receive a \$200 award. She performed "Fantaisie" by Hue at the PSO Chamber concert Friday, Jan. 29, at the Canton Little Theatre and will also perform at the opening of the March 19 concert.

Bozell is an accomplished musician on both piano and flute and has attended six summer Allstate music programs at Interlochen Arts Camp. She has been an active participant in concert and symphonic bands, orchestra, All-Michigan Honors Band, and Michigan Youth Symphony. Additional honors include first division awards for MSBOA solo and ensemble competitions, the Demeris Fine Arts Award, as well as the Jeanette M. Allison scholarship and PCEP Band Boosters Scholarship. She enjoys tennis and plans to pursue dual degrees in both music and an academic field at the University of Michi-

Shizuo Kuwahara, alto saxophone, Novi High School senior, placed second and will receive a \$100 award. He performed "Concerto In E Flat" by Glazounov/ Petiot at the Friday, Jan. 29,

Born in Japan, Kuwahara came to the Novi community this past summer from Houston, Tex. He has trained on a variety of instruments - piano, flute, and alto, tenor and baritone saxophone. He has earned awards in music from Clear Lake Symphony Concerto Competition, Kappa Kappa Psi solo and ensemble competition, Michigan Youth Band, first place honors in the Houston region solo competition, held principal chair in the West Texas State University Band Camp, and received a '93 band camp scholarship. His music instructor is Tim Hoey, Novi High School instrumental music director. His plans include pursuing music performance at a uni-

Susan Ratcliffe, a senior at Centennial Educational Park, received honorable mention with her performance of Haydn's "Trumpet Concerto," which she will also perform at the Feb. 7 Plymouth Library Focus Program. She has studied piano and clarinet and studies trumpet with DSO performer Bill Lucas. She has participated in symphonic band, orchestra, marching and pep band, jazz band, pit orchestra for school musicals, the Plymouth Community Band, Michigan Youth Band, and Interlochen. She is also the winner of MSBOA solo and ensemble awards, the '92 Larry Livingston Scholarship, a Band Booster Scholarship and one from the Plymouthh Commu-

Organizer and chairman of the competition judging, PSO Conductor Russel Reed, said that "the recognition and encouragment of young musical talent isa central aspect of the Plymout Symphony and the Society Board of Directors' mission statemen. Competition of this level sharp ens the performance excellence & the serious student of music. W designed these forums - cham ber concerts and performance op portunities with the orchestra to showcase the highly developed young talent in the communities of Canton, Plymouth, Northville and Novi.

Reed has been music director and conductor for five years of the 47-year-old Plymouth Symphony. He previously conducted the Eastern Michigan University Symphony Orchestra for 12 years. A professor of music, he taught conducting and musical education classes. He directs the orchestra at Interlochen Arts Camp during summers as well as having directed at the Michigan State University Youth Music Program, Indiana University Youth Music Camp, Blue Lake Fine Arts Camp and New England Music Camp. He has conducted groups on tour in Japan, Europe and South

America. Reed has served as president of the American String Teachers As-

sociation. Reed holds two degrees in music from the University of Michigan and is a member of several honorary fraternities in music and academic achievement.

Kiyo Morse, who also served as Youth Artist adjudicator, has had an extensive association with the Plymouth Symphony as violinist for 15 years. She has served as president of the Society Board of Directors for four years and is administrative coordinator. She also directs a summer performing arts camp for youngsters ages six through twelve at Steppingstone Center for the Potentially Gifted.

William Hulsker, audition judge, is a bassoonist who has performed with a number of musical organizations in the Detroit metro area. He has performed with the PSO for 30 years and also plays regularly with the Allen Park Symphony Orchestra. He is a PSO personnel manager and has been Plymouth Symphony Society President.

The PSO provides a variety of educational opportunities for young musicians. A brass workshop was recently held at CEP for 150 Plymouth-Canton and Novi High School students. Dennis Miller, noted trombonist, was sponsored by the PSO and the Selmer Music Corp. to demonstrate the fine points of brass instrumental performance.

The PSO has also sponsored Meet-The-Composer workshops led by Anthony Iannoccone at Madonna University and Novi High School.

LUNCH MENU FOR SENIORS

The senior citizen nutrition program will serve these hot meals the week of Feb. 1. Meals will be served at noon at Tonquish Creek Manor, 1160 Sheridan, in Plymouth (453-9703) and at 11:30 a.m. at the Canton Recreation Center, 44237 Michigan Ave. (397-5444).

As each arthritis has its own course and treatment, your doctor often feets obligated to make an exact diag-mosis. His problem is multiplied because your therapy for other conditions may include medicines which themselves cause joint pain.

For example: INH is an excellent drug for tuberculosis. However, a side effect of the drug is an arthritis that acts like rheumatoid arthritis. If you are taking a "water pill," you may be at risk for gout. The pill may prevent the excretion of uric acid, the chemical that initiates gout, and cause the substance to build up to an attack level. A medicine to lower cholesterol may cause aching throughout your body.

Experience shows that treatment with arthritis medicine to counter the offending drug will not work. The only way to stop drug induced arthritis is to discontinue the errant medication.

When your physician asks about other medical conditions and medications he is not being curious or polite He is undertaking a vital part of your arthritis evaluation.

House Dems share power only on paper

BY TIM RICHARD STAFF WRITER

Despite a 55 to 55 House deadlock, Republicans may be right when they say they're the winners in the "shared power" deal.

On paper, it looks like an even split. Republican Speaker Paul Hillegonds of Holland and Democratic committee chairs rule in January, March and May. Democratic leader Curtis Hertel is speaker in February, April and June while Republicans hold committee chairs.

But look beyond numbers and your high school civics lessons.

In the past, Democrats had not only a 60 to 50 majority; they used the power of committee chairs to bottle up legislation that the full House was likely to pass. Exam■ House Judiciary Chair Perry Bullard, D-Ann Arbor, would sit on abortion restriction bills.

■ House Judiciary subcommittee Chair Lyn Jondahl sat on bills to outlaw assisted suicide

Speaker Lew Dodak, D-Birch Run, used a fast gavel adjournment in the middle of a roll call to prevent an auto insurance reform bill from becoming law.

Appropriations chair Dominic ("Godfather") Jacobetti, D-Negaunee, used both political and personal prejudices in parceling out pork, programs and patronage. Now that Jacobetti's 18-year tenure is under fire over staff spending, even Democrats are admitting he was a problem.

Rules changed

Veteran Rep. Lyn Bankes, R-

when she said, "My Republican colleagues and I still believe we have a philosophical majority, and that will help produce an atmosphere geared toward accom-plishing our policy goals."

It's not a mere philosophical majority on policy matters that Republicans and conservative Democrats enjoy. It's the opportunity this year to bring pet measures to the floor without a procedural donnybrook.

The fine type in the "shared power" agreement spells out still another advantage for Republicans. Republican leader Hillegonds gets to refer "all Republican sponsored bills and joint re-solutions to committee." Hillegonds also gets to make the committee assignment for Senate-

passed bills sponsored by Repub-lican senators. Democratic leader Curtis Hertel has the same power over Democratic bills and resolu-

In the past, Democratic Speaker Dodak, who was defeated for re-election, assigned all bills to committees. Certain committees became known as burial grounds for bills that Dodak or his predecessors - Gary Owen, Bobby Crim and Bill Ryan - didn't like.

Suppose a bill is locked up in committee because five Republicans support it and five Democrats are opposed, leaving no majority to report it out. Well, 12 times a year, a co-speaker may cast an "extraordinary vote" to bring the bill to the full House

In short, Republicans figure

Finally, both parties will have equal numbers of committee staff, icus staff and personal staff. Dodak had used his power to strip Republicans he particularly dis-liked — such as Margaret O'Connor of Saline - of even office

Those 55 Republicans aren't a monolithic bloc, however. Hertel insists Democrats have a philosophical majority on auto insurance, for example.

Senate shifts

Meanwhile, on the Senate side, Republicans increased their majority by two when Gil DiNello of Macomb County switched his affiliation after the election.

SECTION 5.15a ARREST; PRELIMINARY CHEMICAL BREATH ANALYSIS: CHEMICAL TESTS AND ANALYSIS OF BLOOD, URINE OR BREATH - RIGHTS AND CONSEQUENCES OF REFUSAL; USE OF CHEMICAL TEST RESULTS IN CIVIL OR CRIMI-NAL PROCEEDING; UNIFORM RULES FOR ADMINISTRA-TION OF CHEMICAL TESTS.

(1) A peace officer, without a warrant, may arrest a person when the peace officer has reasonable cause to believe that the person was, at the time of an accident, the operator of a vehicle involved in the accident in this state while in violation of MCLA 257.625(1), (3), (4), or (5) or a local ordinance

while in violation of MCLA 257.625(1), (3), (4), or (5) or a local ordinance substantially corresponding to MCLA 257.625(1) or (3).

(2) A peace officer who has reasonable cause to believe that a person was operating a vehicle upon a public highway or other place open to the public or generally accessible to motor vehicles, including an area designated for the parking of vehicles, in this state, and that the person by the consumption of intoxicating liquor may have affected his or her ability to operate a vehicle, or reasonable cause to believe that a person was operating a commercial motor vehicle within the state while the person's blood contained any measurable amount of alcohol by weight or while the person had any detectable presence of intoxicating liquor, may require the person to sub-

any measurable amount of alcohol by weight or while the person had any detectable presence of intoxicating liquor, may require the person to submit to a preliminary chemical breath analysis. The following provisions shall apply with respect to a preliminary chemical breath analysis:

(a) A peace officer may arrest a person based in whole or in part upon the results of a preliminary chemical breath analysis.

(b) The results of a preliminary chemical breath analysis are admissable in a criminal prosecution for a crime enumerated in MCLA 257.625c(1) or in an administrative hearing solely to assist the court or hearing officer in determining a challenge to the validity of an arrest. This subdivision does not limit the introduction of other competent evidence offered to establish the validity of an arrest.

(c) A person who submits to a preliminary chemical breath analysis shall remain subject to the requirements of MCLA 257.625c, 625d, 625e, and 625f for the purposes of chemical tests described in those sections.

remain subject to the requirements of MCLA 257.625c, 625d, 625e, and 625f for the purposes of chemical tests described in those sections.

(d) Except as provided in subsection (5), a person who refuses to submit to a preliminary chemical breath analysis upon a lawful request by a peace officer is responsible for a civil infraction.

The results of a preliminary chemical breath analysis conducted pursuant to this section shall be used by a police officer to determine whether a person shall be ordered out-of-service under section 5.15i. A police officer shall order out-of-service as required under section 5.15i. A police officer shall order out-of-service as required under section 5.15i. A police officer shall order out-of-service as required under section 5.15i. A police officer to does not limit use of other competent evidence by the police officer to determine whether a person shall be ordered out-of-service under section 5.15i.

on who was operating a commercial motor vehicle and who is re-

quired to submit to a preliminary chemical breath analysis under this section shall be advised that the refusal of the request of a police officer to take a test described in this section is a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or oth, and shall result in the issuance of a 24-hour out-of-service order.

(5) A person who was operating a commercial motor vehicle and who refuses to submit to a preliminary chemical breath analysis upon a lawful request by a police officer is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or both. (6) The following provisions apply with respect to chemical tests and analysis of a person's blood, urine, or breath, other than preliminary chemical

(a) The amount of alcohol or presence of a controlled substance or both in a driver's blood at the time alleged as shown by chemical analysis of the person's blood, urine, or breath is admissible into evidence in any civil

or criminal proceeding. (b) A person arrested for a crime described in section MCLA 257.625c(1), or a local corresponding to MCLA 257.625(c)(i) shall be advised of all of the

(i) That if he or she takes a chemical test of his or her blood, urine, or breath administered at the request of a peace officer, he or she has the right to demand that a person of his or her own choosing administer 1 of the chemical tests; that the results of the test are admissible in a judicial proceeding as provided under this act and shall be considered with other competent evidence in determining the innocence or guilt of the defendant; and that he or she is responsible for obtaining a chemical analysis of a test sample ob-

tained pursuant to his or her own request.

(ii) That if he or she refuses the request of a peace officer to take a test described in subparagraph (i), a test shall not be given without a court order, but the peace officer may seek to obtain such a

(iii) That his or her refusal of the request of a peace officer to take a test described in subparagraph (i) shall result in the suspension of his or her operator's or chauffeur's license and vehicle group desation or operating privilege, and in the addition of 6 points to his or her driver record.

a reasonable manner. Only a licensed physician, or licensed nurse or medical technician under the direction of a physician and qualified to withdraw blood acting in medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the amount of alcohol or presence of a controlled substance or both in the person's blood, as provided in this subsection. Liability for a crime or civil damages predicted on the act of withdrawing or analyzing blood and related procedures shall not attach to a qualified person who withdraws or analyzes blood or assists in the withdrawal or analysis in accordance with this act unless the withdrawal or analysis is performed in a negligent manner.

(d) A chemical test described in this subsection shall be administered at the request of a peace officer having reasonable grounds to believe the person has committed a crime described in MCLA 257.625c(1). A person who takes a chemical test administered at the request of a peace officer, as provided in this section, shall be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this subsection within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant. If the person charged is administered a chemical test by a person of his or her own choosing, the person charged shall be responsible for obtaining a chemical analysis of the test sample.

(e) If, after an accident, the driver of a vehicle involved in the accident is transported to a medical facility and a sample of the driver's blood is withdrawn at that time for the purpose of medical treatment, the re-sults of a chemical analysis of that sample shall be admissible in any civil or a circular proceeding to show the amount of alcohol or presence of a controlled substance or both in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecutive ing attorney who requests the results for use in a criminal prosecution as provided in this subdivision. A medical facility or person disclosing information in compliance with this subsection shall not be civilly liable for making the disclosure. (f) If, after an accident, the drive of a vehicle involved in the accidentation

(f) If, after an accident, the drive of a vehicle involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining the amount of alcohol or the presence of a controlled substance, or both, in the decedent's blood. The medical examiner shall give the results of the chemical analysis of the sample to the law enforcement agency investigating the accident, and the agency shall forward the results to the department of the state police.
(g) The department of state police shall promulgate uniform rules for the administration of chemical tests for the purposes of this section.
(7) The provisions of subsection (6) relating to chemical testing do not limit the introduction of any other competent evidence bearing upon the question of whether or not a person was impaired by, or under the influence of, intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, or whether the person had a blood alcohol content of 0.10% or more by weight of alcohol.

hol content of 0.10% or more by weight of alcohol.

(8) If a chemical test described in subsection (6) is administered, the results of the test shall be made available to the person charged or the person's attorney upon written request to the person charges or the person attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the results at least 2 days before the day of the trial. The results of the test shall be offered as evidence by the prosecution in that trial. Failure to fully comply with the request shall bar the admission of the results into evidence by the prosecu-

(9) Except in a prosecution relating solely to a violation of MCLA 257.625(1)(b), the amount of alcohol in the driver's blood at the time alleged as shown by chemical analysis of the person's blood, urine, or breath shall give rise to

(a) If there was at the time 0.07% or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant's ability to operate a motor vehicle was not impaired due to the consumption of intoxicating liquor, and that the defendant was not under the influence of the consumption of the consumpti

of intoxicating liquor.

(b) If there was at the time in excess of 0.07% but less than 0.10% of weight of alcohol in the defendant's blood, it shall be presumed that the defendant's ability to operate a vehicle was impaired within the provisions of MCLA 257.625(3) due to the consumption of intoxicating liquor.

(c) If there was at the time 0.10% or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor.

(10) A person's refusal to submit to a chemical test as provided in subsection (6) shall be admissible in a criminal prosecution for a trime described in MCLA 257.625c(1) only for the purpose of showing that a test was offered to

the defendant, but not as evidence in determining innocence or guilt of the defendant. The jury shall be instructed accordingly.

SECTION 5.15j IS ADDED TO READ AS FOLLOWS:

SECTION 5.15j. PROHIBITION OF OPERATION OF COMMERCIAL MO-TOR VEHICLE WITH BLOOD/ALCOHOL CONTENT OVER 0.015%, OUT-OF-SERVICE ORDER, PRELIMINARY CHEMICAL BREATH ANALYSIS

(1) A person, whether licensed or not, whose blood contains 0.015% or more by weight of alcohol shall not operate a commercial motor vehicle within this

(2) A police officer who has reasonable cause to believe that a person was operating a commercial motor vehicle within the state while the person's blood contained 0.015% or more by weight of alcohol, as measured by a preliminary chemical breath analysis or chemical test provided under section 5.15a, shall order the person out-of-service immediately for a period of 24 hours, which shall begin upon issuance of the order.

(3) A police officer shall order out-of-service immediately for a period of 24 hours, which shall begin upon issuance of the order, a person who refuses to submit to a preliminary chemical breath analysis requested under MCLA 257.625a(2).

(4) A person ordered out-of-service under this section, MCLA 257.319d, or a law or local ordinance of another state substantially corresponding to this section, shall not operate a commercial motor vehicle within this state during the twenty-four (24) hour out-of-service period.

(5) A police officer who issues an out-of-service order under this section shall provide for the safe and expeditious disposition of a product carried by a commercial motor vehicle that is hazardous or would result in damage to the vehicle, human health, or the environ

(6) Failure to comply with subsection (1) is not a civil infraction or criminal violation of this act.

(7) A person who violates subsection (4) is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or both.

SECTION 5.15k IS ADDED TO READ AS FOLLOWS:

SECTION 5.15k. COMMERCIAL MOTOR VEHICLE OPERATORS, BLOOD ALCOHOL CONTENT 0.04% TO 0.07%, ARREST, PENAL-

(1) A person whether licensed or not, whose blood alcohol contains 0.04% or more but not more than 0.07% by weight of alcohol shall not operate a commercial motor vehicle within the township.

(2) A police officer may, without a warrant, arrest a person if the police officer has a reasonable cause to believe that the person was, at the time of an accident, the driver of a commercial motor vehicle involved in the accident and was operating the vehicle in violation of this section.

(3) A person who is convicted of a violation of this section is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than \$300.00, or both, together with costs of the prosecution. As part of the sentence, the court shall order the secretary of state to suspend part of the sentence, the court shall order the secretary of state to suspend the vehicle group designations on the person's operator's or chauffeur's license pursuant to MCLA 257.319b(1)(c) or, if the vehicle was carrying hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199, in accordance with MCLA 257.319b(1)(d). The court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle.

SECTION 2. SEVERABILITY.

If any clause, sentence, section, paragraph, or part of this Ordinance, or the application thereof to any person, firm, corporation, legal entity or circumstances, shall be for any reason adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair, or invalidate the remainder of this Ordinance and the application of such provision to date the remainder of this Ordinance and the application of such provision to other persons, firms, corporations, legal entities or circumstances by said judgment shall be confined in its operation to the clause, sentence, section, paragraph, or part of this Ordinance threof directly involved in the case or controversy in which said judgment shall have been rendered and to the person, firm, corporation, legal entity or circumstances then and there involved. It is hereby declared to be legislative intent of this body that the Ordinance would have been adopted had such invalid or unconstitutional provisions not have been included

All other Ordinances inconsistent with the provisions of this Ordinance are, to the extent of such inconsistencies, hereby repealed.

SECTION 4. SAVINGS CLAUSE.

The balance of Ordinance No. 60, except as herein amended, shall remain in full force and effect. The repeal provided herein shall not abrogate or affect any offense or act committed or done, or any penalty or forfeiture incurred, or any pending fee, assessments, litigations or prosecution of any right established, occurring prior to the effective date hereof.

Except as provided in sections 5.15j(7) and 5.15k(3), any person, corporation, or partnership or any other legal entity who fails to comply with any of the provisions of this Ordinance or any of the regulations adopted in pursuance thereof, shall be guilty of a misdemeanor, and upon conviction there, may be fined not more than Five Hundred (\$500.00) Dollars or imprisoned not more than ninety (90) days, or both, upon the discretion of the court. Every act or violation and every day upon which a violation occurs shall be considered a separate

POINTS OF VIEW

Remembering isn't fun for this anniversary

here's some guy in New York whose job it is to look up anniversaries and then newspapers go out and do local stories about them.

The latest to be dredged up is the 25th anniversary of the year 1968. I won't be celebrating. Any sentimentality is wasted on that year.

No, I won't drag myself through all the details, but here's a box score for the year: Robert Kennedy assassinated, Martin Luther King assassinated, the Tet offensive in Vietnam and Richard Nixon elected.

Anyone of those events would have made it a memorable year, if you look at things that way. A much younger coworker recently expressed nostalgia for that era because of the social change that took place.

It didn't seem so much fun at the time. I was 20 that year and spent it at Wayne State University, wondering if I'd be plucked up at any moment and dropped into Vietnam.

Like others, I went back and forth between wanting to either go over there to kill the little guys in black pajamas or head north to Canada. Either option seemed better than waiting around.

Then there were the assassinations. I shook hands with Robert Kennedy in Detroit's Kennedy Square and within a month he was dead. King was dead just about the time I started listening to

And by the fall friends were asking where I was going to be when the revolution came.

My answer was always Cleveland, probably for the same reason that W.C. Fields always said "I'd rather be in Philidelphia." Being anywhere than where you were would have been better.

At 20 you're supposed to be chasing

JEFF COUNTS

girls, getting an education and learning how to drink whiskey. You aren't supposed to be worrying about politics and war. There's always plenty of that stuff to deal with.

This really struck me this past Christmas when my living room was full of 20-year-olds from Livonia, Farmington Hills and Westland - all friends of my 20-year-old son.

My son's girlfriend, a Farmington High School graduate, doesn't have to worry about my son being sent on a tour of Southeast Asia.

Sure, there are worries. AIDS has certainly put a dent in dating and the employment future for these college students is grim, but at least these kids can talk about a future.

It wasn't like that in 1968. Things are better now. Sure it sounds romantic to think back about student protest, social change and rock and roll. But

the flip side to that tune was violence, drugs and hopelessness.

Tax plan is O/K

he Wayne County Regional Educational Service Agency Board of Education supports the Olmstead/Kearney Proposal for School Finance Reform and Property Tax Relief. We are convinced that the education of our children is an absolute neccessity in providing for a society that will be productive, competitive and stable. We urge other boards to join us in supporting the proposal.

Education, however, cannot be completely isolated from other human services. Children and adults should be provided adequate local and state services to enable them to have physical and mental health resources, environmental protection, social services and those other programs that enable individuals to be productive and reasonably secure citizens.

We, therefore, urge human service providers to align with us in the O/K reform movement and join us in an effort to seek adequate state funding to provide these programs.

We urge the governor and the legislature to close state loopholes, and review abatement procedures, and if state revenues are determined to be inadequate for the funding of the O/K Proposal, to increase state taxes or fees sufficient to meet the needs of the state. Personal services taxes, income taxes and increased sales taxes are but a few that should be reviewed.

Let us unite to provide all youngsters with adequate food, housing,

clothing, health services, family assistance, personal protection and education, to make our state the greatest.

Think about move

was visiting the area over the holidays. I saw reports on the TV about General Motors Corp. families moving to Arlington. The G.M. families here don't know if they'll survive in the next few years.

It wasn't that many years ago when lots of Michigan families came to Texas believing there were jobs. A lot of them ended up moving back, and losing. I don't want to see history repeat

My point is, please come for the right reasons. Have an education that will back you up. Jobs are harder to come by, unless you're educated, or can start your own business. Most of the businesses down here are small and the wages are lower, on average. The state taxes are high, 7.75 percent. Insurance is double, and there are surcharges galore for just about everything. The laws here are not as protective as in Michigan.

I lived in Michigan for most of my life, and in Westland for 25 years. It's a very different way of life. I hope my letter helps some people to think differently about Texas, and move for the right reasons.

Cheryl Hoak, Arlington, Texas

Media errs in coverage

ome media people around town are taking an awful chance when they print or broadcast the name of someone who has yet to be arrested or arraigned.

That happened in the case of Jeffrey Richter, a West Bloomfield resident arrested Jan. 22 and charged under Michigan's new anti-stalking laws. A West Bloomfield woman made the complaint against Richter; he was arraigned Saturday.

We waited until he was arraigned to print his name. In the meantime, we ran detailed stories including everything but Richter's, and the victim's, names.

Here's how the arraignment of Richter came about: The victim filed a complaint with the West Bloomfield Police Department, which pursued a warrant through the Oakland County Prosecutor's Office.

The police got the paperwork - a felony warrant under the new laws and then spent what turned out to be a very short period of time tracking Richter down. The time from the granting of the warrant to Richter's arrest was three or four days.

That's very good police work, but not so good media work. As soon as the warrant was issued, most media

WONDERS

outlets used Richter's name - prior to his arrest. That's dangerous for two reasons

■ What if the warrant hadn't been served? A lot can happen between the time a warrant is issued and executed. For instance, the complainant can drop the charges, which is not an uncommon occurrence.

If the charges had been dropped, police wouldn't have been able to make the arrest. But in the meantime, most of southeast Michigan knew some guy named Richter had been hunted for stalking a woman.

That's hard to recover from. Had Richter not been arrested, a lot of journalists would have been scrambling to unravel the damage they did to him by naming him in connection with the

One is presumed innocent until proven guilty. The act of arraignment is the first public step in the legal process to charge an individual with a crime. At that time, the public has a right and obligation to know the name of the suspect.

Ask yourself this question: Would you want your name spread all over town in connection with a crime - if you hadn't yet been formally charged with the crime?

PHILIP SHERMAN

The point is that a person's name, unless that person is a prominent individual in the community, probably won't mean anything to the vast majority of the people who read, see or hear it. It's the details of the crime that need to be aired.

The only exception I can think of is when police believe an individual can be an extreme danger to a community. such as a serial killer. In that case, the community has to be able to protect itself, and part of that would mean running the risk of printing the suspect's

But under normal circumstances, when an arrest is made and there's finally an arraignment, that's the time to make public the name of the alleged offender.

It's your wedding day: put on perfection

The ceremonies of life require special attention to detail and intricate planning. Few occasions allow us the luxury of expressing our dreams and fantasies. Our wedding day is one of those rare times when we can "put on perfection," as poet John Donne bids brides-to-be.

If you are joyously planning an upcoming wedding, you know this to be true. You've undoubtedly spent countless hours debating china and crystal patterns, selecting flatware and silver serving pieces, in hopes that your choices will endure.

And on the day itself, nothing less than perfect will suffice. The dresses, the flowers, the music and the cake, are all seemingly endless details that will transform the sacred ceremony into an expression of your tastes and of your heart.

Luckily, there are some local merchants and experts who can guide you through this arduous process and can even provide you with some cherished keepsakes.

One such woman is Sandi Burchart who opened her shop, Victorian Lace Elegance, in Farmington to showcase her selection of Victorian-era memorabilia and handcrafted bridal acces-

"I want brides to be able to get something unique that they won't see again," said Burchart of her heirloom beaded garter belts and lace umbrellas. The hand-beaded garter belts are embellished with your choice of ribbons and flowers and require 7-10 days to complete (\$45).

Godiva Chocolatier at Fairlane Town Center presents elegant chocolate remembrances for a wedding, bridal shower or rehearsal dinner favor. Choose from the Demitasse Collection of chocolate wafers wrapped in foil (\$2), the Mini Ballotin which holds two sculpted pieces of candy (\$3.25), or the Gold Ballotin in a signature Godiva box

Gifts for attendants

Brides often ponder an appropriate token of appreciation and love to give to the members of the wedding party. Rene Haefner of Farmington Hills discovered the exquisite perfume bottle (\$42.75) pictured, and shared her discovery with me.

The Genie Bottle, as it is called, is displayed prominently at the Bon Ton Shoppe, 23320 Farm-

ington Road in Farmington. This hand blown iridescent glass decanter is reminiscent of the ancient Egyptian bottles created for their magical scented oils. Today, the delicate collectibles are swirled with color, engraved and embossed with

The legendary genie is said to make all your wishes come true as he transports you to a land of bliss and romance. Thus, a fitting gift for those you cherish.

Gift-giving is, of course, an integral part of the wedding ceremony, but it begins long before the wedding day. Showers are held to provide the bride and groom with those necessities of house and home that all of us eventually accumulate over years of marriage.

Fondue, anyone?

How many fondue pots have you sold in long-forgotten garage sales? Someone was a lucky recipient of your faddish '60s discard. Fondue is "in" again, according to the folks at Crate & Barrel in the Somerset Collection. The fondue set pictured (\$39.95) is requested by a majority of the 50,000 brides-to-be in the Crate & Barrel registry. This set

features a white enamel pot with six forks and ceramic dipping bowls. The addition of a beechwood lazy Susan ups the price to \$84.95. Perfect for a casual newlywed get-together.

I encountered Kathy Sheridan of Troy while browsing the multi-level Crate & Barrel store. Kathy especially liked the white-on-white ivy embossed ceramic bowls and platters newly featured

White serving pieces always make great gifts," she said. "They can be formal or casual." Her mother, Anne Daly from Rochester Hills, agreed. You never tire of white and it will go with any color china the bride may have chosen."

I hope that some of these ideas will add to the perfection of your wedding day.

Reining in on getting hitched

More than 800 listeners nibbled at their chicken salad, heard a guest speaker playfully discuss communication differences between the sexes, oohed and ahhed through an hourlong bridal fashion show, and then met with 75 different manufacturers representatives to discuss crystal patterns, bedsheets, bouquets and honeymoon lingerie.

Elegant Bride editor Jaclyn Barret-Hirschhaut, also a recent bride, urged them come up with "special touches."

'Think about all the special touches you can incorporate into your wedding day to keep the memory alive," she said. "Include the reading of a poem. Print a program for guests that includes personal information about the couple and wedding party members. Select unique favors for guests to take home. Weddings are the ultimate celebrations of tradition and rightly so, she said. However, modern brides look for bridal party dresses that can be used again, like two-piece dresses, suits and tea-length florals.

Area boy, 13, has TV show, teaches Japanese at S'craft

BY RALPH R. ECHTINAW

Ken Myers, 13, knew the multiplication tables before he was 5, speaks four languages, has his own cable TV show and teaches at Schoolcraft College. He's also enrolled this semester in "College Success," a three-credit course that teaches people how to succeed in college.

Ken is the son of Steve Myers and Izumi Suzuki, owners of Suzuki, Myers & Associates, a translating and interpreting com-

Steve Myers is a former schoolteacher who grew up in Grand Haven, then went to teach in Japan in 1970 at the age of 28, learned the language, married Suzuki and returned to Michigan in 1978.

Ken was born in Grand Rapids in 1979, lived in Japan from 1980 to 1982, then returned to Michigan. He says that Japanese was his first language, but father Steve says both Ken and his sister Jun (pronounced joon) grew up with two tongues, English and Japanese.

"They didn't realize that a car didn't have four words," Steve said.

Ken and Jun, 11, were offered a

deal by their parents when they were small, Ken said. If they knew the multiplication tables before they were 5 years old and knew four languages before they were 14, mom and dad would never hassle them about grades in school.

"That's of course what happened," Steve said. "They get straight A's."

For Ken and Jun, the English and Japanese languages were simple, spoken around the house and around the neighborhood as they were.

Other languages have not been as easy to come by. Steve believes that the best way to learn a language is to live in a place where it's spoken.

So Ken was boarded with a family in Vera Cruz, Mexico for a whole summer two years ago when he was 11 years old. Then last summer he stayed with a family in Seoul, South Korea, where he learned not only the Korean language, but how conservative Korean families can be. He wasn't allowed in the yard without permission, for example. And he wasn't permitted to close his bedroom door at night.

But it couldn't have been all bad, because Ken, a seventh-

grader at Novi Middle School, is going back next summer to brush up his Korean. "Then I think I'll go back to Mexico and get my Spanish back up." he said.

Spanish back up," he said.

Ken began teaching for the first time at Cranbrook school in Oakland County in 1989 at the age of 10. Steve and his wife were already teaching at Cranbrook, and Steve thought it would be cool if Ken taught Japanese to elementary-age students. So he did.

That worked out well and led to a cable TV show (teaching the Japanese language) with Metro-Vision cable. The show, which now features Ken and sister Jun, airs 6:30 p.m. on Wednesdays in Livonia and at 7 p.m. Monday and 4 p.m. Wednesday in Farmington and Farmington Hills.

A member of Schoolcraft College's Talented And Gifted program advisory committee took note of Ken's TV show and told admissions counselor Robert Burnside about it, suggesting that perhaps Schoolcraft would like Ken to teach Japanese to the 8-to-14-year-old kids in the TAG program.

Technically, Schoolcraft couldn't hire someone as young as Ken, so his dad was hired instead.

JIM JAGDFELD/STAFF PHOTOGRAPHI

Real smart: Ken Myers, 13, and his sister Jun, 11, teach a Japanese language class on public access cable TV in Livonia. Ken also teaches Japanese to young children at Schoolcraft College in the Talented And Gifted program. Standing behind Ken and Jun is their mother, Izumi Suzuki.

CHEF LARRY JANES

Pancakes: they're not just for breakfast

or every meal, every course, from appetizer to dessert, there's a pancake. A traveler could circle the globe and find some form of this international favorite -- in sizes as small as quarters and almost as big as manhole covers stacked for breakfast, glorified for dessert, stuffed for entrees, rolled and sliced for hors d'oeuvres.

Call them hotcakes.

Call them crepes. Call them blini.

Call them palacsintak.

Call them pfannkuche - they're all pancakes. Pancakes are much closer to man's original bread than our baked loaves.

It was on hot stones set before the hearth fire that simple "ashcakes" of ground cereal and liquid were baked in the days of the caveman.

Can you imagine what the poor souls had to go through to get syrup or honey? Today's pancakes are a fluffy, tender, civilized version of an ancient bread.

Pancake traditions

Pancakes have been known to be intertwined with religion, tradition and legend. Jewish people eat them on their holidays - during Hanukkah, latkes, potato pancakes.

During Passover pancakes are made with matzo meal and no leavening. During Shavuoth, when dairy dishes are eaten, cheese blintzes, which are similar to pancakes, are served.

In early Christian days, when Lent was a time of abstinence from meat as well from animal foods like milk, cheese and eggs, pancakes became a treat for the day before the beginning of Lent.

Shrove Tuesday pancakes are still eaten in many countries. In England, Shrove Tuesday is often called "pancake day".

Pancake legends

Let's not forget the old North American legend about Paul Bunyan. He had a pancake appetite so big that, according to legend, he needed a grill with a corral around it, and grain elevators to hold

Concrete mixers were said to have churned the batter which emerged in 4-foot waves onto a griddle greased by cooks who skated over it with slabs of bacon tied to their feet. (Sounds like some of the Janes clan at the last family reunion!)

Cooking pancakes

There are many different ways to cook pancakes. Basically, all start with a batter consisting of flour, butter, eggs and milk. Taste and texture differences begin with the addition or omission of a leavening agent such as yeast baking soda or baking powder.

Should you prefer to use yeast, it would be best to allow the batter to "ripen" for at least 6 to 8 hours before beginning to cook.

Personally speaking, I think the lightest pancakes are achieved by the separation of the egg yolk from the egg white with the yolk being beaten into the batter and the white being beaten separately until stiff but not dry, and then gently folding the egg white into the batter and pouring the batter immediately onto a hot, greased griddle.

Prepackaged mixes with names like Bisquick and the locally favored Jiffy mixes mean that pancakes can be made with the simple additions of egg and milk.

Whereas I would be the first to admit that a box sits on my pantry shelf for a quick breakfast fix, the homemade version that requires the cook to sift the flour, and includes an arsenal of leavening stirred into melted butter and buttermilk, is still a personal favorite.

The shake-and-pour mixes available on grocery store shelves are a virtual recycler's nightmare and after trying a batch, yours truly would rather make a batch from scratch than deal with the lumps.

Here's a secret tip used by the great chefs before they begin to cook their favorite pancakes. Heat up the griddle or fry pan from the start with a small amount of grease or butter to coat the pan bottom. After the pan is heated significantly, pour out the grease, wipe with a clean cloth and add . more fresh grease or butter and heat accordingly.

Then, just before the pan begins to smoke, add your batter. Always throw out your first pancake, as it only begins the seasoning of the pan and collects too much of the pan taste.

Then, repeat with the grease and you're in business. Stuffing them, rolling them or whatever. . I love em'!

Check out the Janes family-tested recipes inside, and you'll find out that pancakes aren't just for breakfast anymore! Bon Appetit!

Baker's a sweetheart to sweet lovers

BY KEELY WYGONIK STAFF WRITER

Nothing makes Mary Denning happier than seeing people smile as they walk into her cake shop in Westland. She's won numerous prizes for her cakes, but the challenge to do something she's never done before that makes her grow as a pastry chef, not prizes, motivates her to keep entering contests.

In December, for the sixth year in a row, Denning took home the first-place, best-of-category trophy in a contest sponsored by the Detroit Metro Bakers & Allied Club.

Denning grew up in Westland, and lives in Garden City. She began taking cake decorating classes from the Wilton Company when her kids were small, and discovered she had a knack for it. As her children grew, so did her talents, and pretty soon Denning was teaching classes.

She got a job at Iversen's Bakery in Detroit, worked there two years, left to work at Baker's Loaf in Southfield, and after two years, was hired by Farmer Jack's to manage the cake-decorating department. She traveled to different stores, teaching cake decorating, and left to open her own shop.

"It's neat to have a job where someone pays you to do what you want to do," she said. For Valentine's Day the shop is decked out with tiny heartshaped single serving cakes, truffles, chocolate Valentine cards, Valentine baskets, decorated cupcakes, cookies and other treats.

Valentine treats: Mary Denning knows a lot of sweet ways to say "I love you."

Denning enjoys sharing her talents with others and for the past four years, she's taught two classes at Henry Ford Community College in Dearborn advanced pastries and hotel and restaurant desserts. Her students have won prizes in various culinary arts contests which brings her a lot of joy. For the past four years, she has also served as president of the Michigan chapter of the International Cake Exploration Society, and has written articles about cake decorating for various trade publications.

Mary and her husband Charlie, a lathe operator, have been married 23 years. They have two children, Jennifer Still who is married to Scott, and Jerry. Jennifer works at the shop and is studying elementary education at Eastern Michigan University. Her brother helps out on vacations, and in the summer, and is studying engineering at Central Michigan University. Mary's father-in-law, also named Charlie, is retired, and comes to the shop every day to sweep, wash dishes, and lend a hand

Choose small- to medium-sized root vegetables. Large ones tend to be woody. Scrub with a vegetable brush, and peel. Usually, it's

ery root and serve with slices of beets, carrots and tomatoes with a vinaigrette sauce.

■ Kohlrabi — Strictly speaking,

Kohlrabi isn't a root vegetable, but a swollen stem formed above the ground. If you're ambitious, you can stuff cooked kohlrabi shells. Otherwise, serve raw, in soups or stews, or stir-fry.

■ Parsnips — Delicate with a sweet, nutty taste, serve parsnips raw or diced, and add to stews and soups during the last 15 minutes of cooking. Bake with apple wedges, a sprinkling of brown sugar and orange juice for 50 minutes in a 325 degree oven.

■ Rutabagas — Larger, rounder, denser and sweeter than turnips, serve rutabagas raw, or in soups and stews. Mash cooked rutabagas and season with butter, brown sugar and cinnamon.

■ Turnips — Cultivated as a staple food for about 4,000 years, serve turnips as a crudite with vegetable dips or mix shredded raw turnip with salad oil and lemon juice accented with mint for a refreshing salad.

■ Ginger — They don't come much homelier than ginger, but

you can't beat it for enlivening foods with its distinctive flavor. Knobby ginger root (actually a rhizome) has dull brown skin, fibrous flesh, and a spicy hot flavor when mature. To use ginger, rinse and scrub, peel with a paring knife. Thinly slice, sliver, grate, or chop to use in stir-fries, marinades, salad dressings or wherever your taste dictates.

What's your favorite food?

'I really like cake with buttercream frosting. You'd think I'd get tired of it after 21 years of decorating cakes, but I still love it.' How have people's tastes in

desserts changed? "Customers want more pure products made with real butter, eggs, vanilla, not artificial sweeteners and other chemicals. I see a return to basics. When they come in they'll buy one really good thing for a treat like a cream

CANADIAN MAPLE PANCAKES

- 1 cup flour, sifted
- 2 teaspoons baking powder
- ¼ teaspoon salt 1 egg, lightly beaten
- ¾ cup milk
- 1 1/2 tablespoons melted butter
- 1/2 teaspoon maple extract 2 cups applesauce, warmed
- 1/2 cup heavy cream, whipped
- 6 teaspoons maple sugar

Sift together the dry ingredients. In another bowl, combine the egg, milk, butter and maple extract. Make a hollow in the flour and pour

remove all the lumps. Heat a heavy

griddle or large cast iron skillet and coat its surface with a thin film of melted butter.

When hot, pour on 2 tablespoons of batter for each pancake and when the surface bubbles, flip and brown. Top with warmed applesauce, whipped cream and sprinkle with maple sugar. Serves 4.

BUTTERMILK PANCAKES

- 1 egg
- 11/3 cup buttermilk 1 1/2 cups all purpose flour
- ¼ cup melted butter or margarine
- 2 tablespoons sugar
- 1 teaspoon baking powder dash salt

Combine all ingredients and beat well to get rid of any lumps. Heat in the liquids, beating thoroughly to griddle, grease lightly, use about 1/4 cup batter for each pancake. Makes about 12 pancakes.

NALESNIKI (POLISH PANCAKES)

In a heavy skillet, crisp bacon slices. Drain on paper towels, and keep bacon warm. Meanwhile, drain all but 2 tablespoons of the bacon grease from the skillet. Beat eggs until light and fluffy. Add milk and salt; continue beating and sprinkle in the flour. Reheat the skillet with reserved bacon grease and pour in the batter, tilting the skillet so that the batter covers the entire surface.

Turn heat to low, cook until batter is firm, like a custard, about 15 minutes. Sprinkle with chives and garnish with bacon slices. Cut in wedges and serve hot. Serves 4.

Discover new and different Weygandt-Metzler wines

Did you ever yearn to be the first to stumble upon something new, different and exciting? If so, then you'll appreciate the story of Peter and Maria Weygandt and their discovery of virtually undiscovered wine - undiscovered, that is, until they began the business of importing it to the United States four years ago.

Peter Weygandt caught the wine bug while in law school in New York City. He read about wine extensively and became a frequent visitor to Manhattan's

fine wine shops. He and his wife, the former Maria Metzler, who is fluent in French, began taking trips to France's wine regions. They delighted in discovering wines that were not available in the U.S. and decided to obtain an import license. They formed Weygandt-Metzler Importing Ltd., a veritable cottage-industry importing firm operating out of their Union-

ville, Penn. home. The soul of Weygandt-Metzler is France's small domaines. These wines are new entries into the Michigan wine scene. So new, in fact, that the first shipments arrive today. If you've been stuck in a rut with your wine-drinking habits, make a resolution to discover new tastes from some estate producers you've probably not heard of before.

FOCUS ON WINE

ELEANOR & RAY HEALD

Master Sommelier Fran Kysela, who for his tender age of 35 years has a vast knowledge of French wines, is national sales director for Weygandt-Metzler. This spring, he will become a partner with the Weygandts and the company name will be changed to include Kysela.

Kysela, who makes his home in Virginia, is no stranger to Michigan. He did his Master Sommelier internship at Detroit's Whitney and the now-closed London Chop House.

"Basically this is what we do differently from other importers." he said. "We work with producers who practice green harvesting. We label all unfiltered cuvees with the phrase 'Non-Filtre' and we deal in smaller, more select quan-

"We believe the world's finest wines are being produced by small domaines whose commit-

ment to quality exceeds the economic pressures to produce the most wine possible. Over the years, these domaines have had a loyal following of private customers. Until now, their small size is the only reason the American market was not introduced to these estates. Some of these estates have been shaken by generational changes in winemaking leadership and are awakening from a Sleepy Hollow period to become zealous winegrowers.'

Both the Weygandts and Kysela are interested in showcasing wines with fruit. "We're going to develop a company motto," Kyse-

la said. "It will probably be something like, 'Down with oak, up with fruit.' So many of today's wines have their beauty ruined by the excessive use of oak. Oaky wines don't pleasantly harmonize with food and they don't age

One of the elements that appealed most to us as we tasted through many of the Weygandt-Metzler wines available in our market was the crisp edge of the white wines that will pair them especially well with seafood.

For chardonnay lovers we recommend the fresh, clean, crisp 1990 Macon La Roche-Vineuse,

Chateau de la Greffiere (\$10) produced from 45-year-old vines. We find many chardonnays too oaky to harmonize with delicate seafood, but that's not the case

The wines of Provence are delightfully fruity and fresh, but those making their way to the U.S. are frequently disappointing. The 1990 Domaine des Aspres Rouge (\$8) produced from syrah, grenache and cabernet sauvignon is highlighted by lush, rich berry fruit and a peppery finish representing a big mouthful for the

money.

white wines find a Vouvray from France's Loire Valley too sweet for their taste. If this is your position, for a new experience, try the 1990 Benoit-Gautier Vouvray Sec (\$12). Sec means dry in French.

Chateauneuf-du-Pape aficionados might want to sample an unfiltered wine from this renowned southern Rhone region. 1990 Robert Sinard Domaine Saint Laurent Chateauneuf-du-Pape Non-Filtre (\$17) produced from 35- to 40-year-old vines is complex and very well balanced with long-lasting peppery flavors. "This is a Most people who prefer dry new wave style," said Kysela.

Straight from the heart

Wear your heart on your sleeve, or any place else for that matter. These handmade pins from bits 'n' pieces feature romantic and comic Valentines from the early 1900s. Each one (covered with Lucite) is embellished with odds and ends like charms, rhinestones, chain links and bits of old jewelry. Some sayings are direct: "I want some. Others are coy: "Be mine?" Sisters Cathy and Mary Adams shop flea markets and antique shops to make their one-of-a-kind baubles which, they say, make great conversation pieces (\$20-\$30). For information, call 540-4206.

Let 'em eat cake

The folks at Home Bakery in downtown Rochester worked up the design for this tasty alternative to a traditional candy heart box. This 10inch Victorian sweetheart cake may look like a box of chocolate-covered petit fours, but it's all cake, promises Lois Hennessey, who runs the familyowned shop with sisters Laura and Lynn Kuczaj da. The pink and white, two-layer cake (all edible) features a hand-shaped gum paste bow, cornelli lace and poured chocolate frosting over the "candies." This special order heart cake takes seven hours to make, but it's worth it, they say (\$68). For information, call 651-4830.

Curry lets music do the talkin'

■ When Mark Curry shows up at the Blind Pig in Ann Arbor this week, he plans on bringing his band. It will be far different than his acoustic performance at The Shelter that brought a lot of attention to the shy 25-year-old.

BY CHRISTINA FUOCO STAFF WRITER

Mark Curry leans against the main bar in the Shelter below St. Andrew's Hall in Detroit. Wearing

baggy brown pants, a T-shirt, denim vest and ski cap, it's easy to overlook him. Few fans stop to chat; others brush past him, ignoring him. Until he gets on stage.

'How y'all doin'?" he says with his raspy voice while taking off his ski cap and scratching his head.

With Curry and his guitar alone on stage, his blues-inspired rock blended with his streetwise humor and child-like innocence immediately capture the audience. Many of them had never even heard of Curry, whose songs "Sorry About the Weather" and "Blow Me Down" receive airplay.

Looking back at the Shelter show, the shy 25-year-old shrugs off the

Curry will express himself differently, however, during his show Tuesday, Feb. 2, at the Blind Pig in Ann Arbor.

Both times I've been to Detroit it's been acoustic," he said. "This time I'll bring my band." What you can expect is Curry to

"I'm just hangin' out like everybody else," he explained. Usually a man of few words, Curry

prefers to let his music do the talking. On "It's Only Time," his debut album, his songwriting allows his innocence and fleeting humor to come through. Sometimes it's difficult for him to explain, however,

Struggling for words, Curry said his songs just come from things that

Curry has continued writing about it for his next album, which he will begin recording when this tour is over.

RingLeader has only played two gigs together but the group's so confident of its abilities that it's tentatively decided to bypass playing clubs "in the slums.

"I played there 10 years ago," said drummer Russ Nowak of Westland. "I don't want to play there again."

This may sound cocky but with Detroit punk rock veteran Gary Adams on guitar, they may be able to cut it. A former member of The Cubes (with Carolyn Striho), What Jane Shared? and Dark Carnival (with Ron and Scott Asheton of the MC5), Adams is ready to share his knowledge with the fledgling band.

"I personally have learned a lot about the local music business what you have to do, what you shouldn't do. (Bands should) try to promote yourself and get good gigs

and get attention," the Livonia resident said. He learned one other important

piece of advice.

"I don't expect everyone to like us,

sometimes people will tell you otherwise," Adams said. Feedback so far has been positive.

Its demo tape finished in the top 10 in the 89X Demo Derby contest last summer. On Thursday, Feb. 4, the group is playing as part of the third annual "Detroit/Midwest A&R Showcase" at Club Hollywood in Mount Clemens. The showcase offers 16 local bands the chance to play in front of representatives from record

"This is the biggest break I've ever had," said Adams whose band formed in September 1990 as The Undecided. It later solidified as RingLeader.

Genik is impressed that the band made it this far without trying to get a following — something only younger bands have an easy time get-"A following is just every one of

Malle and Irons do 'Damage' in their latest film

Louis Malle's best movies focus on the incongruity of relationships. Remember the May-December romance between Susan Sarandon and Burt Lancaster in 'Atlantic City," Wally Shawn's awkward and hilarious "Dinner with Andre" and the mother-son coupling that climaxes "Murmur of the Heart"?

So it comes as little surprise that "Damage," Malle's latest, pairs a distinguished member of Parliament (Jeremy Irons) with his son's attractive young girl-

friend (Juliette Binoche). It's almost predictable in its provacativeness.

Despite it's shop-worn view of obsessive love, "Damage" has a surprising, almost inexplicable resonance. Malle, who has been making movies here and in his native France since the 1950s, works the story for all it's worth.

Irons' brilliantly played politico is introduced as a stuffy, passionless man as stiff and methodical at home as he is at work. His wife, the daughter of a veteran cabinet minister, pushes him into higher positions of power. When Michael

MOVIES

finds out about his son's new flame, Anna, he's openly cynical about how long it will last.

Michael meets Anna and is stricken by her subtle mysteriousness. She calls him for a rendezvous, he calls her for another, and soon he's tailing Anna and son Martin on a trip tenParis, spying on them through a hotel window across a courtyard.

"Damage" can be viewed as either a sophisticated study of reck-

less love or an excuse for myriad sex scenes. Anna and Michael engage in ecstacy on the kitchen counter, on the floor, in a Paris alleyway, and once even in bed.

"I can't see past you," Michael confesses during one of their trysts, obviously thrown for a loop. She is cool, however, and uncomfortable with her lover's plan to leave his wife. "Why do you want something that you already have?"

Juliette Binoche, best known as the heroine in the pretentious The Incredible Lightness of Being," makes an intense and quietly powerful femme fatale. On

the rare occasions when she does talk, she dredges up a troubled past. Damaged people, she says, survive even when the rest of the world crumbles around them.

Miranda Richardson, a busy actress in recent months with "The Crying Game" and "Enchanted April," has the thankless job of playing the cuckolded wife. Try as she might with emotional fireworks at the end, she brings little new to this familiar role.

Irons has also traveled this road before in "Swann in Love" and especially "Betrayal," Harold Pinter's experimental tale of marital infidelity. The script for "Damage," based on a popular novel and adapted by David Hare, is so bleak that it makes Pinter look like Monty Python.

"Damage" retains its literary qualities and keeps the action appropriately claustrophobic. It heaps on the irony and foreshadowing while rarely allowing any joy into the characters' doomed

Darkness defines "Damage" but it doesn't make it especially enjoyable to watch. Dramatic, screechy violins back a movie that expects its audience to be patient enough to recognize the welldrawn characters swimming beneath a murky surface of routine British sex and scandal.

Statistics arent' always right

been following it, I want to describe it for you

and your readers. The district teaches a health curriculum 80 hours in length; three forty-five minute classes are on homosexuality. In these classes, it was to be taught that 10 percent of the population is homosexual and that homosexuality is an inborn trait that cannot be "caught" or learned.

Further, it was also to be taught that pedophilia, or sex with young children, is primarily a problem of heterosexual men, not of homosexual men.

Conservative groups argued with these claims. They contend that the 10-percent figure is much too high and that only 1 to 5 percent of the population is homosexual. The district has agreed to change its instruction to be more in alignment with this contention.

Also, as I understand the changes, they will contain a more balanced view of homosexuality. The conservative groups are concerned that the instruction advocated, not just described, a homosexual lifestyle, and because the groups applied pressure, it will be now be taught that pedophilia is as prevalent in homosexuals as in heterosexuals.

Most of the parents in the district support tolerant education about homosexuality, but those who don't are vociferous in their arguments.

Since this controversy began I have heard many things about it. Recently, a friend told me that she has known many men who were accosted by other men during childhood and adolescence. To her, this means that pedophilia is more common among homo-

sexuals. She said that she thinks that young boys are ushered into a gay lifestyle through these expe-

riences. Is this true? Another friend said that her child said that after learning about being homosexual she would never want to be because the lifestyle is too hard. I had always thought that if you were born gay you had little choice. Do you know the answers to these questions? Do we need to worry that our children will be taught to be homosexual, or can we relax with the understanding that they are getting a well-rounded education that includes a humanitarian acceptance of many different kinds of people?

I thank you for your attention to this subject.

Dear Chris:

These are excellent questions; but let the reader beware, there is no final word. No one knows all of the answers. These issues are new and the changes in our culture are young; we do not yet have good, unbiased statistical studies that could help us to a clear view.

Homosexuality, since it came out of the closet, has been a hotly politicized issue. Whenever an issue is politicized, statistics are used for persuasion and not for discovery of the truth. When an issue is politicized, the numbers that are quoted will depend on one's bias, not on any consideration of balance and fairness. Authoritatively voiced statistics were thought to be a sophisticated argument until people caught on to the farce. We have learned that they often lie.

Throughout the nation, this issue is being debated. Even the most thoughtful educators and parents can't agree about what is

best for the young people they sincerely want to educate.

Whenever we educate, we find that there is a percentage of our audience that will ignore our instruction no matter what we do. For example, if the instruction is on safe sex, some, let's say 25 percent, will not use condoms regardless of what they are taught. Another, let's say 25 percent, wouldn't have sex with or without any instruction on the issue. So that is a ballpark figure of 50 percent for whom instruction made no difference. We are left with 50 percent who could change the way they think or act as a result of what they are taught.

We hope that with this group the education we provide will lead in a positive direction. In my example of safe sex, that would mean less promiscuity and greater vigilance about using condoms. In the case of homosexuality that would mean greater tolerance without idealization of a homosexual lifestyle and no experimentation with it. But even with the very best of intentions, there will probably be a small number of students who are highly impressionable and already in a state of chaos, and who will not use the education in the positive way we had hoped for.

Homosexuals will say there is zero percent chance of this happening. Homophobics will exaggerate the percentage upward. Unfortunately, we do not know the accurate statistics either way.

With this choice and with any other choice there is a price to pay. Each person has a right to be respected for his or her choice. As well, we are all responsible to be aware of the danger of our choices, however small.

County autistic kids bound for Washington D.C.

BY RALPH R. ECHTINAW

A little late for the inauguration, but still pumped up like bicycle tires in spring, 11 autistic students from Garden City's Burger Center school will trek east in March for a visit to Wash-

ington, D.C. "Most of these students in the future will never have the opportunity to travel on their own," said Burger teacher Debby Furlow, and so the importance of a simple extended field trip grows in accordance with the condition of the children involved.

The Burger Center, operated with Wayne County property tax money, is a depot of sorts for 240 autistic county residents who do not or cannot function and/or fit in in typical public schools.

Autism is a developmental disorder that affects social and language skills dramatically. There is, as yet, no known cure.

Autistic people have difficulty with the social interaction that most of us are pretty comfortable with, but many are quite gifted in certain intellectual processes, although only a small percentage of them are "autistic savants" like Dustin Hoffman's character in the film "Rainman."

The students going on the Washington trip were selected by Burger staff based on their ability to handle, appreciate and pay for the excursion.

Tremendously excited about the impending adventure, the students are busy learning all they can about the capital.

"We have quite a few boys who know more about what they're going to see than the average student," said teacher Barb Bayson.

The idea for a field trip to Washington has been kicked around for a couple years by the Burger staff, but they thought it was kaput when a grant request to pay for everything was rejected. This is a new adventure on our part," Furlow said. "We played with the idea for a good two

So the kids, their teachers and their parents got down to the business of fund-raising. Pumpkins, grapefruits and oranges were gathered and sold. One parent, Connie House of Livonia, sold Watkins products and donated her commission. And carnations will be sold on Valentine's Day in February. (Call Furlow at 425-7630 to buy one.)

The income of many of the parents is not large, but they've been sacrificing in other areas so that they might help pay their kid's expenses, set at \$369 each.

'It's really a big big problem for them to come up with that much money," Furlow said.

Student Scott House, 9, of Livonia, was so excited about going, Furlow said, that he wanted to start packing a suitcase in January.

The rest of the lucky travelers will be: Adam Collins, 11, of Plymouth, Justin Lawson of Garden City, John O'Brien, 15, of Southgate, Dustin Fike, 9, Belleville, Dana Bonner, 15, Maurice and Marvin Schley, 14, Mi-chael Bryant, 10, Jarrell Jimerson, 15, Walter Kinsel, 15.

Accompanying them will be

parents Pricilla Collins, Pat Sumara, Mary Fike and teachers Furlow, Bayson and Sue Sendel-

Two other students - Matthew Maple, 9, of Van Buren Township, and Floyd Blakely, 15, of Detroit - will go, too, if enough money can be raised, Furlow said.

The teachers are also lookingfor donations and corporate sponsors for the trip. To make a donation or be a sponsor, call 425-

Conference examines family strife

The cycle between substance abuse and family problems is a never ending one. Are dysfunctional families the cause of individuals turning to drugs and alcohol abuse? Or are addicted family members causing stress and crises in otherwise "normal" fami-

fessionals to be held 9 a.m. to 3 p.m. Friday, Feb. 12, at the University of Detroit Mercy Conference Center on Outer Drive at the Southfield Freeway.

These questions will be ex-

Publinx golf tourneys

t's never too early to think about golf, and officials of the Michigan Publinx Golf Association are doing that in an effort to involve more golfers in 1993 tournament play.

The MPGA conducts a series of tournaments for amateurs of all ability levels. Golfers who join the MPGA qualify for five one-day handicap tournaments.

Five courses are used simultaneously, each one the site of a separate tournament. One site uses no handicap (scratch division), and the other four use a full handicap system.

Golfers rotate courses until they have played all five sites. Gift certificates are awarded in all divisions.

The courses chosen for this year's events are Heather Highlands, Plumbrook, Raisin River, Rouge and Salem Hills. The dates are May 16, June 6, June 27, July 18 and Aug. 8.

A limited number of openings are available for new members. The MPGA will accept applications at the golf show Feb. 5-7 at the Southfield Pavillion, or golfers can call Pat Rooney (624-3287) to request an application.

Kicks win soccer title

he 1982 Plymouth Kicks won the fall outdoor championship in the Michigan Youth Soccer Association under-11 boys premier division. The Kicks were undefeated at 10-0-2.

The Kicks switched to indoor play and continued to be successful against older competition in the under-12 division at the Canton Soccerdome. The Kicks were 6-1-2.

Team members are Kyle Winkler, Steven Stiles, Andrew Rea, Chris Podolak, David Pinta, Mike Liss, David Kolowski, Adam Kolb, Jonathan Johnson, Stephen Gordon, Scott Duhl, Adam Demchick, Jonathan Dale, Jeff Chrzanowski and Jeremy Borsos. The Kicks are coached by Danny Rea

Youth soccer competition

rea youths can demonstrate their soccer skills and help the fight against leukemia this March in the first Kicks For Kids competition.

The event will take place at five locations

the Children's Leukhmia Foundation of Michigan

Regional competitions are scheduled for Sunday, March 7 and 14, from noon to 4 p.m. at Plymouth Central Middle School, Grosse Pointe North High School, Troy Larson Middle School and Cobo Arena.

Cranbrook Schools will host a regional on March 14. The finals will be Friday, March 19, at the Detroit Rockers game.

The competition is modeled after the Punt, Pass and Kick football contest. Participants will be judged on their juggling, dribbling and kicking accuracy. Youths will be divided into age groups for boys and girls: 6-8, 9-10, 11-12, 13-14 and 15-18.

The first 300 who register will receive two free tickets to the March 19 Rockers game. Winners will receive prizes, including Rockers autographed balls and jerseys, tickets to the England-Germany match June 19 at the Silverdome, soccer camp scholarships and trophies.

For information on registering, call the Children's Leukemia Foundation at (313) 353-8222 or 1-800-825-2536.

Gymnasts stay unbeaten

enior Courtney Gonyea achieved her highest all-around score of the season Wednesday when top-ranked Plymouth Salem (4-0) defeated visiting Northville in gymnastics.

The Rocks scored 141.8, of which Gonyea accounted for 36.35. Alysia Sofios was second (36.15) and Kim Miller third (35.65) in all-around competition. Northville's team score was 125.65.

"I'm very happy with our team," Salem coach Johanna Anderson said. "Our scores are getting progressively higher. We're working now to get as many people to qualify for regional, so we can stack our lineup."

Gonyea had the top scores on vault (8.75), balance beam (9.45) and floor exercise (9.35), and she was third on the uneven bars (8.8).

Miller was first on bars (9.4) and tied with Sofios for second on vault (8.7). Miller also finished third on beam (8.35) and floor (9.2).

Sofios was consistently second with scores of 9.0 on bars, 9.15 on beam and 9.3 on floor. Kristen Atkinson was fourth on vault (8.5).

Salem volleyball victory

lymouth Salem won its fourth Western Lakes Activities Association volleyball match without a loss Wednesday when it whipped Livonia Franklin in consecutive games (3-6-5).

The Rocks, who are 20-8-3 overall, will play Plymouth Canton tonight in another league match. Salem has beaten the Chiefs in two tour-

nament finals recently.

Cyndi Platter had nine kills and three blocks
against Franklin. Caryn Tatterton had 16 assists

against Franklin. Caryn Tatterton had 16 assists from 40 sets, five kills, three aces and 13 digs.

Karen Gundry served four aces, and Jamie Viau and Jenny Garvey chipped in three kills apiece.

Viau also was 12-of-14 on digs.

Chiefs extend win streak to 3

After a rough start to the basketball season, Plymouth Canton is having some success and owns a three-game winning streak after crushing Livonia Churchill 65-42 Friday.

BY DAN O'MEARA STAFF WRITER

Plymouth Canton was missing more key basketball players than Livonia Churchill, but that didn't stop the Chiefs from having more points-Friday.

Though it had two starters and a key reserve on the bench, Canton won its third consecutive game with a 65-42 victory over the visiting Chargers.

The Chiefs are 3-2 in the Western Lakes Activities Association and 4-7 overall, Churchill 0-5 and 1-9.

Canton was minus Matt Paupore and Bryan Whittle from its starting lineup and Ted Docks, who could have played but didn't because of a sore foot. Paupore was disqualified after getting two technical fouls in the last game, and Whittle has missed the last three with a leg injury.

Assistant coach Charlie Paye, who continues to substitute for coach Dave Van Wagoner, used all eight remaining players in a successful rota-

tion.

"(The wins are) coming at a good time," Paye said. "The kids have confidence in themselves that they can play with people. It showed the kids, with team work, they can beat people.

"Our team chemistry is coming together now and, hopefully, when we get Ted, Whitt and Matt back, it will only add to it."

Paye cited the play of seniors Brad Paskievitch, who started in place of Paupore and scored a game-high 22 points, Owen Crosby, Al Hollingsworth and Ryan Cox.

Crosby had 13 rebounds to lead the Chiefs, who still enjoyed a height advantage without the 6-foot-7 Whittle, and Rob Radney seven. Cox added 12 points and Hollingsworth seven.

Churchill had to go without its top player, Mark Rutherford, who injured a foot Tuesday. He averages 10 points and 10 rebounds.

Rutherford's presence would have made a difference but probably not enough to change the outcome, according to Churchill coach Tom Lang.

"He's our rugged player inside, and he holds us together," he said. "It's hard when you lose a boy like him. He plays so aggressively inside, and he makes those other guys play harder.

"Our inefficiencies are we don't have size, and my little kids have a hard time against some of those bigger kids. But they battle right to the end"

Canton used a pressing defense to take control of the game early, forcing eight Churchill turnovers in the first quarter.

The Chargers managed a 7-7 tie, but Canton pulled away to a 22-9 lead early in the second period.

"If you're going to play zone, they like to slow the ball down and play for a good shot," Paye said. "My plan was to full-court pressure them and get them into a quicker game so they couldn't do that."

Drew Jurcisin sank three threepoint baskets and scored nine of his team-high 11 points in the second quarter to get Churchill within five (29-24). Paskievitch made it 32-24 at halftime with a triple, and the Chiefs scored the first eight of the second half. Paskievitch had nine points in the third quarter as Canton played a running, free-wheeling period and extended its lead to 51-31.

"The intensity Canton came out with was the difference," Lang said. "They played a terrific man-to-mandefense and took us out of our offense in the first quarter. I think Canton was the reason we didn't do well.

"I think not having their two guys in the lineup caused some of those boys to play harder. I wondered how they could lose (seven) games. Their best scorers were not in the game, and those kids were dynamite."

The Chiefs put their win streak on the line Tuesday against state-ranked Walled Lake Central at Canton, Paupore will play and Docks probably will, too, but Whittle's situation is day-to-day, according to Paye.

"It will be a good test Tuesday to actually see how tar we've come," he said. "There's really no pressure on us, because we're not expected to win."

Salem winner: John Svec was one of many Plymouth Salem winners Thursday in a wrestling dual meet with Walled Lake Central. The 160-pound Svec won a 13-5 decision over Dale McLaren, and the Rocks won the match 47-18.

Rocks whip Vikes, share lead

Plymouth Salem took care of business Thursday and got some dualmeet wrestling help from Westland John Glenn to gain a share of first place in the Lakes Division.

The Rocks whipped Walled Lake Central 47-18, and Glenn gave Livonia Stevenson its first loss 41-22.

All three are tied for the division lead in the Western Lakes Activities Association. Salem had beaten Glenn, and Stevenson had beaten Salem.

"We matched up well and we didn't have any bad matches," Salem coach Ron Krueger said.

The Rocks had pins from Phil Mitchell (103), Wade Langdon (171) and John Rakozy (189). Langdon pinned Martin Grabowski

in 47 seconds, and Rokozy stopped Gary Whelan in 59. Mitchell's pin time was 1:35 over Adam Zell. Winning decisions for Salem were

Brian Harreld (119) over Thad Chmielewski, 10-2; Dan Barnett (125) over Jim Donahue, 14-7; David Craig (135) over John Eichholz, 8-4; Aaron Lapinski (145) over Jamie Kinchswar, 7-3; and John Svec (160) over Dale McLaren, 13-5.

Salem's Scott Hughes (103) and

heavyweight Ryan Giuliani won on voids. The Rocks are 3-1 in the division and 4-3 overall.

PLYMOUTH CANTON

It's often said wrestling is a senior sport. Not surprisingly then, seniors had three of Canton's four pins Thursday during a 45-30 loss to host Walled Lake Western.

Nick Spano (135) pinned Eric Heinz in 49 seconds, Dave Smith (140) pinned Ron Hassel in 1:39 and Bill Buslepp (152) pinned Chad Apap in 2:21.

The lone exception was freshman

Rob Gumber (125), who pinned Paul Schneider in 1:43. Canton's other points resulted from a void at heavyweight where sophomore Matt Remmy got the win

my got the win.

"We didn't win but I was happy with the way we wrestled," Canton assistant coach Jim Eddy said. "We probably wrestled the best we have all year."

Western scored all but three of its points on seven pins, including ones by the Fritz brothers, Rob (112) and Andy (119), and Travis Ilacqua (145).

Andy (119), and Travis Ilacqua (145). Canton is 0-4 in the WLAA Western Division and 1-9 overall.

Salem swimmers keep winning

Plymouth Salem won its fifth consecutive swimming dual meet Thursday, 106-78 over visiting North Farmington.

The Rocks are 2-0 in the Western Lakes Activities Association, 1-0 in the Lakes Division and 5-1 overall. The Raiders are 1-1 in the Lakes and 2-3 overall.

As was the case in Salem's 110-76 victory over Plymouth Canton a week earlier, North won more events (seven), but the Rocks prevailed with depth. "A few of our relays were slower than they have been, but by and large we swam good times," Salem

coach Chuck Olson said.

The No. 8-ranked Rocks started with a victory in the 200-yard medley relay in which Scott Helmstadter, Matt Erickson, Fred Locke and Phil Hoffmeyer posted a 1:44.74 time.

Locke also won the 50 freestyle (22.98) and Helmstadter the backstroke (58.84). Salem diver Woody Thomas had the most points in that event (233.1), and Chris Lynn won the butterfly (58.29).

Jon Kershaw and Karl Kozicki had two individual victories apiece and helped North win two relays. Kozicki won the individual medley (2:01.95) and 500 freestyle (4:58.86), Kershaw the 200 freestyle (1:48.14) and 100 freestyle (49.74).

Kershaw, Adam Kammer, Steve Bockneck and Kozicki won the 200 freestyle relay (1:32.76), and the winning 400 freestyle team consisted of Kershaw, Bockneck, Ahrlie Jacobs and Kozicki (3:27.5).

(3:27.5).

Kammer had North's only other first with a 1:05.38 time in the breaststroke.

PLYMOUTH CANTON

One event was all the Chiefs could capture Thursday in their 118-68 loss to visiting and undefeated Northville.

The 200 freestyle relay team of Craig Steshetz, Ryan Henkel, Jeff Clark and Mike Orris swam 1:33.77 to take the only win for Canton.

The Chiefs, 1-1 in the WLAA Western Division and 2-3 overall, did muster several second places.

Orris was second in the 500 freestyle (5:00.63) and 200 freestyle (1:51.05). Other second-place finishers were Steshetz in the breaststroke (1:06.39), Daryl Ballios, diving (229.3); Joe Foster, 100 freestyle (51.33); and the medley relay team of Orris, Steshetz, Foster and Clark (1:43.50).

Rocks back on winning track

It didn't take long for the Plymouth Salem basketball team to get well again, just one game.

After a devastating loss Tuesday to Farmington Hills Harrison, the Rocks rebounded Friday to win a key league contest at North Farmington, 64-51.

Salem, which suffered its first loss when Harrison rallied in the fourth quarter and registered a 95-94 upset, improved to 4-1 in the Western Lakes Activities Association and 10-1 overall. The Raiders are 3-2 and 6-5.

Mike Slone scored 22 points for Salem, Brandon Slone 14 and James Head 10.

North's John Pennala netted 16 points, and teammates Doug Do-

lak and Todd Anderson had 10 apiece.

The Rocks led 22-20 at halftime and 36-30 after three periods. Salem secured the victory by sinking 13 of 16 free throws in the last quarter. Salem was 18-of-25 at the line overall, the Raiders 9-

North plays host to Farmington Hills Harrison (4-1 and 4-7) on Tuesday, and the Rocks visit Northville before their WLAA showdown Friday at Walled Lake

■GC UNITED 63, AGAPE 62: Garden City United Christian had to weather a last-minute comeback by Plymouth Agape Christian before claiming its fourth win in seven Metro Christian Conference games. Agape fell to 5-6.

With two minutes left, GC United led by seven. Agape came storming back - but never caught the Eagles, who got 23 points from Chris Shaw (20 in the first half), 17 from Nathan Cavin and 11 from Tim Loudon.

Agape was led by Brandon McKelvey's 29 points. Peter Muench had 12 and Josh Smith 10. McKelvey and Muench had 16 boards each.

The Eagles led 34-28 at the half and 48-40 after three quarters.

MOAKLAND 79, PLY. CHRISTIAN

55: Plymouth Christian Academy let a close halftime score get away in the third quarter Friday.

The Eagles were within eight points at halftime, 35-27, but were outscored 27-13 in the third period and then trailed by 22.

Aaron Jones scored a career-high 17 points for Plymouth Christian and also grabbed seven rebounds.

Jason Neil contributed 12 points and 10 rebounds for the Eagles (3-10), and Ryan Thomason recorded

Mike Carter was high scorer with 22 points for Auburn Hills Oakland Christian (9-1). Tom Gendrich had 13 and Damon Henry 12.

Borgess boardmen top CC cagers

BY BRAD EMONS STAFF WRITER

When it comes to rebounding, Redford Bishop Borgess cleans the glass with Windex.

The Spartans, bolstered by the play of frontliners 6-foot-5 Perry Robinson 6-3 Charles Smith and 6-8 Randy Whitfield, went to the backboards with a vengeance, squeaking out a 70-68 Catholic League Central Division victory Friday over visiting Redford Catholic Central.

Robinson collected a team-high 27 points to go along with 13 rebounds. Smith, also active around the hoop, added 19, while Whitfield contributed 14 points and 15 rebounds. Junior guard Rahzar Riley also got into the act, scoring

The win gives Borgess an 8-3 overall record and 4-2 slate in the division.

"We were relentless on the boards, but we also took a pounding to do it," said Borgess firstyear coach Glen Donahue, who notched his 600th career coaching win. "Rebounding saved us. Sometime we've got to play some

defense."

The Spartans couldn't check 6senior forward Brian Paluk of CC, who peppered the nets for a game-high 32 points on 12 of 20 shooting from the floor.

Despite Paluk's heroic efforts, CC fell to 5-7 overall and 3-3 in the Central.

"We played hard and that's all we can ask, win or lose," CC coach Bernie Holowicki said. "We played hard and smart, but they killed us on the boards, almost two to one. In the second half it seemed they had four or five tips every time.

The Shamrocks, however, stayed right with the taller Spar-

Paluk notched his fourth 3pointer of the night to pull CC within one, 69-68, with 24 seconds to play. That came after Robinson had given Borgess a four-point cushion with a pair of free throws at the 1:22 mark.

With 20 seconds to go, Borgess turned the ball over, but CC couldn't capitalize as Whitfield got a piece of Paluk's shot in the

Spartan reserve guard Wendell Green was then fouled.

He made the first of two free throws with nine seconds left to put Borgess ahead 70-68, but missed the second.

With the two teams battling for the rebound, an inadvertent horn sounded as Robinson grabbed the shot and scored.

Officials stopped the action. After a conference, it was deter-

mined that the play was ruled dead by the whistle resulting in a jump-ball situation. The possession arrow pointed CC's way, giving the Shamrocks new life with seven seconds left. "The rule reads that the horn

cannot stop play," said Donahue, who questioned the call. "When the refs stopped it the ball (by Robinson) was already in the bas-The Shamrocks, however, never

got a shot off as sophomore guard Damian Baskerville (12 points) was stripped as time expired.

"We had two fouls to give," Donahue said. "I told them (during the timeout) don't let them get off a shot."

Catholic Central's attempt to get the ball into Paluk's hands never materialized.

"We didn't want to tie, we were going for the win," Holowicki said. "We had hoped to get the ball to Brian for three because he was red-hot today.'

Junior guard Andy Slankster chipped in with 15 points for the Shamrocks, including a threepoint shot that beat the buzzer to end the third quarter, pulling CC

to within a pair, 54-52. He also gave CC a brief 59-58 advantage with 5:11 left, converting a three-point play after an acrobatic tip-in.

Jeff Gutt, a 6-3 senior, also came off the bench to score 11 for the Shamrocks.

"Bernie's team is well-coached, and they ran a lot of good plays,' Donahue said. "They're fierce competitors.

"And we knew Paluk would have to play a great game for them to beat us and he did. He's a fine player, and you have to take your hat off to him.'

They had their shots falling, but the short-handed Ocelots from Schoolcraft College just couldn't outscore visiting Highland Park CC Wednesday in an Eastern Conference men's basket

The result was a 114-93 defeat, which left SC with a 1-8 conference record, 5-15 overall. Highland Park is 4-5 in the conference.

Depth and a lack of size again crippled the Ocelots, who have been without all-conference center Jarvis Murray for the last five games due to academic deficiencies. They played with just seven players, and 6-3 LaMonte Fondren - who has been filling in at center for Murray - was hampered by a sprained ankle suffered in Monday's loss to Del-

"The biggest thing is we just got pounded on the boards again," said coach Dave Bogataj.

At the half, the Panthers led 53-39. The lead grew throughout the second half, but SC managed to get back to within 14 with six minutes to play. On their next three possessions, however, the Ocelots missed a shot and had two turnovers. Highland Park

turned those opportunities into nine points: a three-point play by Kenny Patterson, and two threepointers by Tykvine Tye. Patterson led the Panthers with

37 points. Tye added 22, with six threes, and Andre Gregory scored

SC got 31 points, nine rebounds and five assists from Mohammed Abdrabboh; 27 points, 11 boards and seven assists from Steve Whitlow; 19 points from Shawn Branum; and 12 points from Fon-

Their outside shooting could have saved the Ocelots: 12-of-17 on threes, with one streak of seven in a row in the second half. Branum made 5-of-7 threes, Whitlow was 4-of-5 and Abdrabboh converted 3-of-5.

"They're not dragging their heads," said a frustrated Bogataj. 'They know they're just getting beat by numbers.

Lately, some of those numbers have been pretty high.

SC WOMEN The Lady Ocelots could have made Wednesday's game at Highland Park CC more competitive, but even coach Jack Grenan had

"They're the best team in the state, by far. This is the first case where the other team was clearly better than us." SC (8-11 overall, 1-8 in the

Eastern Conference) fell behind quickly, trailing 40-24 at the half, due mainly to the Lady Panthers' inside tandem of Latrice Scott and Crystal Marshall, both 6-1. Scott finished with 31 points, Marshall had 27. "Our main problem was re-

bounding," admitted Grenan. They had 30 offensive rebounds. We had to press to keep them from getting the ball downcourt, but in order to press you have to score. The Lady Ocelots didn't do

that consistently enough. Dana Hudson scored 20 points, but Grenan estimated she missed seven shots within four feet of the basket. Hudson was also 4-of-11 from the free-throw line. Alisa Wechter, SC's 5-10 cen-

ter, did her best to cope - she finished with 14 points, 14 rebounds and four steals. Becky Piotruchowski added 12 points. Highland Park (9-1 in the conference and tied for first) also got 11 points from Tracy Joyner.

Registration for league play and tournaments begins Monday, March 1. ■ Canton Softball Center will

have its annual Early Bird Tournament April 16-18. The tournament is open to all teams. The entry fee is \$100 plus a \$7-per-game umpire fee. Four games are guaranteed. Call 483-5600, Ext. 102. **M SOCCER SIGN-UP**

Registrations for the Canton Soccer Club spring season will be accepted through Friday, Feb. 4, at the Canton Parks and Recreation Office. Boys and girls between the ages

of 5 and 18 are eligible. All new participants must bring a birth certificate and Social Security number when they register. For information, call Watson

Zdrodowski at 459-0927. **M** KOUFAX TRYOUTS The Plymouth-Canton Sandy

Koufax League (ages 13-14) base-ball team is looking for above-average players to play in summer travel team competition. Players can sign up for tryouts

at Canton Sports in Canton. For information, call Dave at 453-0033. Madonna University will offer a

winter term course, "Working

March 31; or 11 a.m. to 1 p.m. Saturdays Feb. 6 through April 3. (No classes March 3 and 6.) The interior bodybuilding course is \$40 per person. The course will be taught by a marathoner, triathlete and per-

with Weights," from 7 to 9 p.m.

Wednesdays, Feb. 3 through

sonal trainer to flex away pain and stress, increase strength and flexibility at a pace designed for you. Students will also learn stretching techniques to control weight and firm muscles. For more information, or to reg-

ister by phone with credit card, call 591-5188.

EMU CLINIC

Eastern Michigan University will host a baseball coaches clinic and players camp, 8:30 a.m. (registration) to 4 p.m. Sunday, Feb. 14, at Bowen Fieldhouse.

The cost is \$15 for coaches and high school seniors (includes McDonald's lunch). The registration fee is \$35 for players 16 and under allowed to participate in workouts. The deadline for pre-registration is Wednesday, Feb. 10. (There will be a \$10 late registration fee.)

West Side bowlers win crosstown duel

league bowlers from the east and west sides of the metro-Detroit area. The first annual East-West Challenge began

Monday at Red-

ford's Mayflower Lanes. The home-and-home HARRISON

series concluded Wednesday with action at Ark Sterling in Sterling Heights. There were plenty of high games at both sites, with the west-side seniors a bit higher than the east-siders. The west claimed the championship 78,627 pins to 76,709.

The west-side seniors had several more "all-star" bowlers in their ranks such as Jarv Woehlke, Alvar Freden, Art Kuzniar, Al Thompson and many other great bowlers. The oldest competitor was Karl

Schmuck at 82. He carried a 184 average, followed by 81-year old Bert Morisette, averaging 174. The event was a success and will

likely be repeated next year. One more note on the seniors they are forming a classic league for bowlers 55 and older to compete on Wednesdays at Mayflower Lanes to begin next fall. Interested parties should contact Mayflower Lanes for details.

They say records are made to be broken. Mitch Jabczenski recently shot a 300 game at Drakeshire Lanes in Farmington Hills.

This was his 24th perfect game eclipsing the old state record of 23 held by who else - himself.

Mike Barber, a 9-year-old bowler from Westland, was practicing for his Saturday youth league when he faced a snake-eves 7-10 split. He made the unusual shot. His mother, Tina, an all-star

bowler, just happened to be watching or else she wouldn't have believed it herself. Mike bowls in the prep division of the Saturday Youth League at Coun-

try Lanes.

Buying a Used Car Can Be Risky.

Blackwell Ford can help minimize the risk you take when purchasing a used vehicle. Every used vehicle sold by Blackwell Ford undergoes extensive reconditioning and safety inspection before it is offered for sale, if the vehicle does not before it is offered for sale. If the vehicle does not meet our high standards, it will never be displayed on our lot. In the unlikely event that something does go wrong with your vehicle during the first 30 days or 2,000 miles, whichever occurs first, we will stand behind it 100% and repair it free of charge. It's that simple. We offer new car peace of mind with your used vehicle purchase. Stop in today to see our large selection of quality used vehicles, all priced to sell. And please remember...

"If You Don't Know Used Cars, Know Your Dealer."
